(3) The arrangement has and maintains a minimum enrollment of three hundred employees or self-employed individuals in any combination of divisions (A)(1) and (2) of this section.

(B) A multiple employer welfare arrangement that is created pursuant to sections 1739.01 to 1739.22 of the Revised Code and that operates a group self-insurance program shall comply with all laws applicable to self-funded programs in this state, including sections 3901.04, 3901.041, 3901.19 to 3901.26, 3901.38, 3901.381 to 3901.3814, 3901.40, 3901.45, 3901.46, 3901.491, 3902.01 to 3902.14, 3923.041, 3923.24, 3923.282, 3923.30, 3923.301, 3923.38, 3923.581, 3923.602, 3923.63, 3923.80, 3923.84, 3923.85, 3923.851, 3923.86, 3924.031, 3924.032, and 3924.27 of the Revised Code.

(C) A multiple employer welfare arrangement created pursuant to sections 1739.01 to 1739.22 of the Revised Code shall solicit enrollments only through agents or solicitors licensed pursuant to Chapter 3905. of the Revised Code to sell or solicit sickness and accident insurance.

(D) A multiple employer welfare arrangement created pursuant to sections 1739.01 to 1739.22 of the Revised Code shall provide benefits only to individuals who are members, employees of members, or the dependents of members or employees, or are eligible for continuation of coverage under section 1751.53 or 3923.38 of the Revised Code or under Title X of the "Consolidated Omnibus Budget Reconciliation Act of 1985," 100 Stat. 227, 29 U.S.C.A. 1161, as amended.

(E) A multiple employer welfare arrangement created pursuant to sections 1739.01 to 1739.22 of the Revised Code is subject to, and shall comply with, sections 3903.81 to 3903.93 of the Revised Code in the same manner as other life or health

insurers, as defined in section 3903.81 of the Revised Code.

Sec. 1751.85. (A) As used in this section, "covered vision services," "vision care materials," and "vision care provider" have the same meanings as in section 3963.01 of the Revised Code.

(B) A health insuring corporation shall provide the information required in this division to all enrollees receiving coverage under an individual or group health insuring corporation policy, contract, or agreement providing coverage for vision care services or vision care materials. The information shall be in a conspicuous format, shall be easily accessible to enrollees, and shall do all of the following:

(1) Include the following statement:

"IMPORTANT: If you opt to receive vision care services or vision care materials that are not covered benefits under this plan, a participating vision care provider may charge you his or her normal fee for such services or materials. Prior to providing you with vision care services or vision care materials that are not covered benefits, the vision care provider will provide you with an estimated cost for each service or material upon your request."

(2) Disclose any business interest the health insuring corporation has in a source or supplier of vision care materials;

(3) Include an explanation that the enrollee may incur out-of-pocket expenses as a result of the purchase of vision care services or vision care materials that are not covered vision services. The explanation shall be communicated in a manner and format similar to how the health insuring corporation

provides an enrollee with information on coverage levels and out-of-pocket expenses that may be incurred by the enrollee under the policy, contract, or agreement when purchasing out-of-network vision care services or vision care materials.

(4) Include the contact information of vision care providers in the enrollee's geographic area, so the enrollee is able to contact providers in advance of an appointment to determine if the provider accepts as payment an amount set by the health insuring corporation for vision care services or vision care materials that are not covered vision services.

(C) A pattern of continuous or repeated violations of this section is an unfair and deceptive act or practice in the business of insurance under sections 3901.19 to 3901.26 of the Revised Code.

Sec. 1753.09. (A) Except as provided in division (D) of this section, prior to terminating the participation of a provider on the basis of the participating provider's failure to meet the health insuring corporation's standards for quality or utilization in the delivery of health care services, a health insuring corporation shall give the participating provider notice of the reason or reasons for its decision to terminate the provider's participation and an opportunity to take corrective action. The health insuring corporation shall develop a performance improvement plan in conjunction with the participating provider. If after being afforded the opportunity to comply with the performance improvement plan, the participating provider fails to do so, the health insuring corporation may terminate the participation of the provider.

(B)(1) A participating provider whose participation has been terminated under division (A) of this section may appeal

the termination to the appropriate medical director of the health insuring corporation. The medical director shall give the participating provider an opportunity to discuss with the medical director the reason or reasons for the termination.

(2) If a satisfactory resolution of a participating provider's appeal cannot be reached under division (B)(1) of this section, the participating provider may appeal the termination to a panel composed of participating providers who have comparable or higher levels of education and training than the participating provider making the appeal. A representative of the participating provider's specialty shall be a member of the panel, if possible. This panel shall hold a hearing, and shall render its recommendation in the appeal within thirty days after holding the hearing. The recommendation shall be presented to the medical director and to the participating provider.

(3) The medical director shall review and consider the panel's recommendation before making a decision. The decision rendered by the medical director shall be final.

(C) A provider's status as a participating provider shall remain in effect during the appeal process set forth in division (B) of this section unless the termination was based on any of the reasons listed in division (D) of this section.

(D) Notwithstanding division (A) of this section, a provider's participation may be immediately terminated if the participating provider's conduct presents an imminent risk of harm to an enrollee or enrollees; or if there has occurred unacceptable quality of care, fraud, patient abuse, loss of clinical privileges, loss of professional liability coverage, incompetence, or loss of authority to practice in the participating provider's field; or if a governmental action has

impaired the participating provider's ability to practice.

(E) Divisions (A) to (D) of this section apply only to providers who are natural persons.

(F)(1) Nothing in this section prohibits a health insuring corporation from rejecting a provider's application for participation, or from terminating a participating provider's contract, if the health insuring corporation determines that the health care needs of its enrollees are being met and no need exists for the provider's or participating provider's services.

(2) Nothing in this section shall be construed as prohibiting a health insuring corporation from terminating a participating provider who does not meet the terms and conditions of the participating provider's contract.

(3) Nothing in this section shall be construed as prohibiting a health insuring corporation from terminating a participating provider's contract pursuant to any provision of the contract described in division ~~(E)~~ (F)(2) of section 3963.02 of the Revised Code, except that, notwithstanding any provision of a contract described in that division, this section applies to the termination of a participating provider's contract for any of the causes described in divisions (A), (D), and (F)(1) and (2) of this section.

(G) The superintendent of insurance may adopt rules as necessary to implement and enforce sections 1753.06, 1753.07, and 1753.09 of the Revised Code. Such rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 3901.21. The following are hereby defined as unfair and deceptive acts or practices in the business of insurance:

(A) Making, issuing, circulating, or causing or permitting

to be made, issued, or circulated, or preparing with intent to so use, any estimate, illustration, circular, or statement misrepresenting the terms of any policy issued or to be issued or the benefits or advantages promised thereby or the dividends or share of the surplus to be received thereon, or making any false or misleading statements as to the dividends or share of surplus previously paid on similar policies, or making any misleading representation or any misrepresentation as to the financial condition of any insurer as shown by the last preceding verified statement made by it to the insurance department of this state, or as to the legal reserve system upon which any life insurer operates, or using any name or title of any policy or class of policies misrepresenting the true nature thereof, or making any misrepresentation or incomplete comparison to any person for the purpose of inducing or tending to induce such person to purchase, amend, lapse, forfeit, change, or surrender insurance.

Any written statement concerning the premiums for a policy which refers to the net cost after credit for an assumed dividend, without an accurate written statement of the gross premiums, cash values, and dividends based on the insurer's current dividend scale, which are used to compute the net cost for such policy, and a prominent warning that the rate of dividend is not guaranteed, is a misrepresentation for the purposes of this division.

(B) Making, publishing, disseminating, circulating, or placing before the public or causing, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station, or in any other way, or preparing

with intent to so use, an advertisement, announcement, or statement containing any assertion, representation, or statement, with respect to the business of insurance or with respect to any person in the conduct of the person's insurance business, which is untrue, deceptive, or misleading.

(C) Making, publishing, disseminating, or circulating, directly or indirectly, or aiding, abetting, or encouraging the making, publishing, disseminating, or circulating, or preparing with intent to so use, any statement, pamphlet, circular, article, or literature, which is false as to the financial condition of an insurer and which is calculated to injure any person engaged in the business of insurance.

(D) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating, or delivering to any person, or placing before the public, or causing directly or indirectly to be made, published, disseminated, circulated, delivered to any person, or placed before the public, any false statement of financial condition of an insurer.

Making any false entry in any book, report, or statement of any insurer with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such insurer is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to the business of such insurer in any book, report, or statement of such insurer, or mutilating, destroying, suppressing, withholding, or concealing any of its records.

(E) Issuing or delivering or permitting agents, officers,

or employees to issue or deliver agency company stock or other capital stock or benefit certificates or shares in any common-law corporation or securities or any special or advisory board contracts or other contracts of any kind promising returns and profits as an inducement to insurance.

(F) Making or permitting any unfair discrimination among individuals of the same class and equal expectation of life in the rates charged for any contract of life insurance or of life annuity or in the dividends or other benefits payable thereon, or in any other of the terms and conditions of such contract.

(G)(1) Except as otherwise expressly provided by law, knowingly permitting or offering to make or making any contract of life insurance, life annuity or accident and health insurance, or agreement as to such contract other than as plainly expressed in the contract issued thereon, or paying or allowing, or giving or offering to pay, allow, or give, directly or indirectly, as inducement to such insurance, or annuity, any rebate of premiums payable on the contract, or any special favor or advantage in the dividends or other benefits thereon, or any valuable consideration or inducement whatever not specified in the contract; or giving, or selling, or purchasing, or offering to give, sell, or purchase, as inducement to such insurance or annuity or in connection therewith, any stocks, bonds, or other securities, or other obligations of any insurance company or other corporation, association, or partnership, or any dividends or profits accrued thereon, or anything of value whatsoever not specified in the contract.

(2) Nothing in division (F) or division (G)(1) of this section shall be construed as prohibiting any of the following practices: (a) in the case of any contract of life insurance or

life annuity, paying bonuses to policyholders or otherwise abating their premiums in whole or in part out of surplus accumulated from nonparticipating insurance, provided that any such bonuses or abatement of premiums shall be fair and equitable to policyholders and for the best interests of the company and its policyholders; (b) in the case of life insurance policies issued on the industrial debit plan, making allowance to policyholders who have continuously for a specified period made premium payments directly to an office of the insurer in an amount which fairly represents the saving in collection expenses; (c) readjustment of the rate of premium for a group insurance policy based on the loss or expense experience thereunder, at the end of the first or any subsequent policy year of insurance thereunder, which may be made retroactive only for such policy year.

(H) Making, issuing, circulating, or causing or permitting to be made, issued, or circulated, or preparing with intent to so use, any statement to the effect that a policy of life insurance is, is the equivalent of, or represents shares of capital stock or any rights or options to subscribe for or otherwise acquire any such shares in the life insurance company issuing that policy or any other company.

(I) Making, issuing, circulating, or causing or permitting to be made, issued or circulated, or preparing with intent to so issue, any statement to the effect that payments to a policyholder of the principal amounts of a pure endowment are other than payments of a specific benefit for which specific premiums have been paid.

(J) Making, issuing, circulating, or causing or permitting to be made, issued, or circulated, or preparing with intent to

so use, any statement to the effect that any insurance company was required to change a policy form or related material to comply with Title XXXIX of the Revised Code or any regulation of the superintendent of insurance, for the purpose of inducing or intending to induce any policyholder or prospective policyholder to purchase, amend, lapse, forfeit, change, or surrender insurance.

(K) Aiding or abetting another to violate this section.

(L) Refusing to issue any policy of insurance, or canceling or declining to renew such policy because of the sex or marital status of the applicant, prospective insured, insured, or policyholder.

(M) Making or permitting any unfair discrimination between individuals of the same class and of essentially the same hazard in the amount of premium, policy fees, or rates charged for any policy or contract of insurance, other than life insurance, or in the benefits payable thereunder, or in underwriting standards and practices or eligibility requirements, or in any of the terms or conditions of such contract, or in any other manner whatever.

(N) Refusing to make available disability income insurance solely because the applicant's principal occupation is that of managing a household.

(O) Refusing, when offering maternity benefits under any individual or group sickness and accident insurance policy, to make maternity benefits available to the policyholder for the individual or individuals to be covered under any comparable policy to be issued for delivery in this state, including family members if the policy otherwise provides coverage for family

members. Nothing in this division shall be construed to prohibit an insurer from imposing a reasonable waiting period for such benefits under an individual sickness and accident insurance policy issued to an individual who is not a federally eligible individual or a nonemployer-related group sickness and accident insurance policy, but in no event shall such waiting period exceed two hundred seventy days.

For purposes of division (O) of this section, "federally eligible individual" means an eligible individual as defined in 45 C.F.R. 148.103.

(P) Using, or permitting to be used, a pattern settlement as the basis of any offer of settlement. As used in this division, "pattern settlement" means a method by which liability is routinely imputed to a claimant without an investigation of the particular occurrence upon which the claim is based and by using a predetermined formula for the assignment of liability arising out of occurrences of a similar nature. Nothing in this division shall be construed to prohibit an insurer from determining a claimant's liability by applying formulas or guidelines to the facts and circumstances disclosed by the insurer's investigation of the particular occurrence upon which a claim is based.

(Q) Refusing to insure, or refusing to continue to insure, or limiting the amount, extent, or kind of life or sickness and accident insurance or annuity coverage available to an individual, or charging an individual a different rate for the same coverage solely because of blindness or partial blindness. With respect to all other conditions, including the underlying cause of blindness or partial blindness, persons who are blind or partially blind shall be subject to the same standards of

sound actuarial principles or actual or reasonably anticipated actuarial experience as are sighted persons. Refusal to insure includes, but is not limited to, denial by an insurer of disability insurance coverage on the grounds that the policy defines "disability" as being presumed in the event that the eyesight of the insured is lost. However, an insurer may exclude from coverage disabilities consisting solely of blindness or partial blindness when such conditions existed at the time the policy was issued. To the extent that the provisions of this division may appear to conflict with any provision of section 3999.16 of the Revised Code, this division applies.

(R)(1) Directly or indirectly offering to sell, selling, or delivering, issuing for delivery, renewing, or using or otherwise marketing any policy of insurance or insurance product in connection with or in any way related to the grant of a student loan guaranteed in whole or in part by an agency or commission of this state or the United States, except insurance that is required under federal or state law as a condition for obtaining such a loan and the premium for which is included in the fees and charges applicable to the loan; or, in the case of an insurer or insurance agent, knowingly permitting any lender making such loans to engage in such acts or practices in connection with the insurer's or agent's insurance business.

(2) Except in the case of a violation of division (G) of this section, division (R)(1) of this section does not apply to either of the following:

(a) Acts or practices of an insurer, its agents, representatives, or employees in connection with the grant of a guaranteed student loan to its insured or the insured's spouse or dependent children where such acts or practices take place

more than ninety days after the effective date of the insurance;

(b) Acts or practices of an insurer, its agents, representatives, or employees in connection with the solicitation, processing, or issuance of an insurance policy or product covering the student loan borrower or the borrower's spouse or dependent children, where such acts or practices take place more than one hundred eighty days after the date on which the borrower is notified that the student loan was approved.

(S) Denying coverage, under any health insurance or health care policy, contract, or plan providing family coverage, to any natural or adopted child of the named insured or subscriber solely on the basis that the child does not reside in the household of the named insured or subscriber.

(T)(1) Using any underwriting standard or engaging in any other act or practice that, directly or indirectly, due solely to any health status-related factor in relation to one or more individuals, does either of the following:

(a) Terminates or fails to renew an existing individual policy, contract, or plan of health benefits, or a health benefit plan issued to an employer, for which an individual would otherwise be eligible;

(b) With respect to a health benefit plan issued to an employer, excludes or causes the exclusion of an individual from coverage under an existing employer-provided policy, contract, or plan of health benefits.

(2) The superintendent of insurance may adopt rules in accordance with Chapter 119. of the Revised Code for purposes of implementing division (T)(1) of this section.

(3) For purposes of division (T)(1) of this section,

"health status-related factor" means any of the following:

(a) Health status;

(b) Medical condition, including both physical and mental illnesses;

(c) Claims experience;

(d) Receipt of health care;

(e) Medical history;

(f) Genetic information;

(g) Evidence of insurability, including conditions arising out of acts of domestic violence;

(h) Disability.

(U) With respect to a health benefit plan issued to a small employer, as those terms are defined in section 3924.01 of the Revised Code, negligently or willfully placing coverage for adverse risks with a certain carrier, as defined in section 3924.01 of the Revised Code.

(V) Using any program, scheme, device, or other unfair act or practice that, directly or indirectly, causes or results in the placing of coverage for adverse risks with another carrier, as defined in section 3924.01 of the Revised Code.

(W) Failing to comply with section 3923.23, 3923.231, 3923.232, 3923.233, or 3923.234 of the Revised Code by engaging in any unfair, discriminatory reimbursement practice.

(X) Intentionally establishing an unfair premium for, or misrepresenting the cost of, any insurance policy financed under a premium finance agreement of an insurance premium finance company.

(Y)(1)(a) Limiting coverage under, refusing to issue, canceling, or refusing to renew, any individual policy or contract of life insurance, or limiting coverage under or refusing to issue any individual policy or contract of health insurance, for the reason that the insured or applicant for insurance is or has been a victim of domestic violence;

(b) Adding a surcharge or rating factor to a premium of any individual policy or contract of life or health insurance for the reason that the insured or applicant for insurance is or has been a victim of domestic violence;

(c) Denying coverage under, or limiting coverage under, any policy or contract of life or health insurance, for the reason that a claim under the policy or contract arises from an incident of domestic violence;

(d) Inquiring, directly or indirectly, of an insured under, or of an applicant for, a policy or contract of life or health insurance, as to whether the insured or applicant is or has been a victim of domestic violence, or inquiring as to whether the insured or applicant has sought shelter or protection from domestic violence or has sought medical or psychological treatment as a victim of domestic violence.

(2) Nothing in division (Y)(1) of this section shall be construed to prohibit an insurer from inquiring as to, or from underwriting or rating a risk on the basis of, a person's physical or mental condition, even if the condition has been caused by domestic violence, provided that all of the following apply:

(a) The insurer routinely considers the condition in underwriting or in rating risks, and does so in the same manner

for a victim of domestic violence as for an insured or applicant who is not a victim of domestic violence;

(b) The insurer does not refuse to issue any policy or contract of life or health insurance or cancel or refuse to renew any policy or contract of life insurance, solely on the basis of the condition, except where such refusal to issue, cancellation, or refusal to renew is based on sound actuarial principles or is related to actual or reasonably anticipated experience;

(c) The insurer does not consider a person's status as being or as having been a victim of domestic violence, in itself, to be a physical or mental condition;

(d) The underwriting or rating of a risk on the basis of the condition is not used to evade the intent of division (Y)(1) of this section, or of any other provision of the Revised Code.

(3)(a) Nothing in division (Y)(1) of this section shall be construed to prohibit an insurer from refusing to issue a policy or contract of life insurance insuring the life of a person who is or has been a victim of domestic violence if the person who committed the act of domestic violence is the applicant for the insurance or would be the owner of the insurance policy or contract.

(b) Nothing in division (Y)(2) of this section shall be construed to permit an insurer to cancel or refuse to renew any policy or contract of health insurance in violation of the "Health Insurance Portability and Accountability Act of 1996," 110 Stat. 1955, 42 U.S.C.A. 300gg-41(b), as amended, or in a manner that violates or is inconsistent with any provision of the Revised Code that implements the "Health Insurance

Portability and Accountability Act of 1996."

(4) An insurer is immune from any civil or criminal liability that otherwise might be incurred or imposed as a result of any action taken by the insurer to comply with division (Y) of this section.

(5) As used in division (Y) of this section, "domestic violence" means any of the following acts:

(a) Knowingly causing or attempting to cause physical harm to a family or household member;

(b) Recklessly causing serious physical harm to a family or household member;

(c) Knowingly causing, by threat of force, a family or household member to believe that the person will cause imminent physical harm to the family or household member.

For the purpose of division (Y)(5) of this section, "family or household member" has the same meaning as in section 2919.25 of the Revised Code.

Nothing in division (Y)(5) of this section shall be construed to require, as a condition to the application of division (Y) of this section, that the act described in division (Y)(5) of this section be the basis of a criminal prosecution.

(Z) Disclosing a coroner's records by an insurer in violation of section 313.10 of the Revised Code.

(AA) Making, issuing, circulating, or causing or permitting to be made, issued, or circulated any statement or representation that a life insurance policy or annuity is a contract for the purchase of funeral goods or services.

(BB) With respect to a health care contract as defined in section 3963.01 of the Revised Code that covers vision services, as defined in that section, including any of the contract terms prohibited under or failing to make the disclosures required under division (E) of section 3963.02 of the Revised Code.

(CC) With respect to private passenger automobile insurance, charging premium rates that are excessive, inadequate, or unfairly discriminatory, pursuant to division (D) of section 3937.02 of the Revised Code, based solely on the location of the residence of the insured.

The enumeration in sections 3901.19 to 3901.26 of the Revised Code of specific unfair or deceptive acts or practices in the business of insurance is not exclusive or restrictive or intended to limit the powers of the superintendent of insurance to adopt rules to implement this section, or to take action under other sections of the Revised Code.

This section does not prohibit the sale of shares of any investment company registered under the "Investment Company Act of 1940," 54 Stat. 789, 15 U.S.C.A. 80a-1, as amended, or any policies, annuities, or other contracts described in section 3907.15 of the Revised Code.

As used in this section, "estimate," "statement," "representation," "misrepresentation," "advertisement," or "announcement" includes oral or written occurrences.

Sec. 3923.86. (A) As used in this section, "covered vision services," "vision care materials," and "vision care provider" have the same meanings as in section 3963.01 of the Revised Code.

(B) A sickness and accident insurer or public employee benefit plan shall provide the information required in this division to all insured individuals receiving coverage under an individual or group policy of sickness and accident insurance or public employee benefit plan providing coverage for vision care services or vision care materials. The information shall be in a conspicuous format, shall be easily accessible to insured individuals, and shall do all of the following:

(1) Include the following statement:

"IMPORTANT: If you opt to receive vision care services or vision care materials that are not covered benefits under this plan, a participating vision care provider may charge you his or her normal fee for such services or materials. Prior to providing you with vision care services or vision care materials that are not covered benefits, the vision care provider will provide you with an estimated cost for each service or material upon your request."

(2) Disclose any business interest the insurer or plan has in a source or supplier of vision care materials;

(3) Include an explanation that the insured individual may incur out-of-pocket expenses as a result of the purchase of vision care services or vision care materials that are not covered vision services. The explanation shall be communicated in a manner and format similar to how the insurer or plan provides an insured individual with information on coverage levels and out-of-pocket expenses that may be incurred by the insured individual under the policy or plan when purchasing out-of-network vision care services or vision care materials.

(4) Include the contact information of vision care

providers in the insured individual's geographic area, so the insured individual is able to contact providers in advance of an appointment to determine if the provider accepts as payment an amount set by the insurer or plan for vision care services or vision care materials that are not covered vision services.

(C) A pattern of continuous or repeated violations of this section is an unfair and deceptive act or practice in the business of insurance under sections 3901.19 to 3901.26 of the Revised Code.

Sec. 3963.01. As used in this chapter:

(C) "Covered vision services" means vision services or vision care materials for which a reimbursement is available under an enrollee's health care contract, or for which a reimbursement would be available but for the application of contractual limitations such as a deductible, copayment, coinsurance, waiting period, annual or lifetime maximum, frequency limitation, alternative benefit payment, or any other limitation.

(3) A reduced payment as a result of services provided to an enrollee that are claimed under more than one procedure code on the same service date.

Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients; in relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any license or certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;

(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised

Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so

doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency

responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (B)(2), (3), (6), (8), or (19) of this section;

(26) Impairment of ability to practice according to

acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the

individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement

or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's medical record;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the

requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an oriental medicine practitioner or acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the

board's rules for supervision of an anesthesiologist assistant;

(37) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(38) Failure to comply with the requirements of section 2317.561 of the Revised Code;

(39) Failure to supervise a radiologist assistant in accordance with Chapter 4774. of the Revised Code and the board's rules for supervision of radiologist assistants;

(40) Performing or inducing an abortion at an office or facility with knowledge that the office or facility fails to post the notice required under section 3701.791 of the Revised Code;

(41) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for the operation of or the provision of care at a pain management clinic;

(42) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for providing supervision, direction, and control of individuals at a pain management clinic;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171, 2919.202, or 2919.203 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 or

2919.202 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the facility has obtained and maintains the license with the classification;

(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with the requirement regarding maintaining notes described in division (B) of section 2919.191 of the Revised Code or failure to satisfy the requirements of section 2919.191 of the Revised Code prior to performing or inducing an abortion upon a pregnant woman;

(48) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(49) Failure to comply with the requirements of section 4731.30 of the Revised Code or rules adopted under section 4731.301 of the Revised Code when recommending treatment with medical marijuana;

(50) Practicing at a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless the person operating that place has obtained and maintains the license with the classification;

(51) Owning a facility, clinic, or other location that is

subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless that place is licensed with the classification;

(52) A pattern of continuous or repeated violations of division (E)(3) of section 3963.02 of the Revised Code.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of

at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not

be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is

representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations

of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

(a) The case number assigned to the complaint or alleged violation;

(b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;

(c) A description of the allegations contained in the complaint;

(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the

Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for

reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or certificate holder shall immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

(O) Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

by both Sub. H.B. 463 and Sub. S.B. 319 of the 131st General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.
