## Sub. Bill Comparative Synopsis

Jeff Grim

### H.B. 506

132nd General Assembly  
(H. Government Accountability & Oversight)

This table summarizes how the latest substitute version of the bill differs from the immediately preceding version. It addresses only the topics on which the two versions differ substantively. It does not list topics on which the two bills are substantively the same.

Topic	Previous Version (As Introduced)	Sub. Version (L_132_2142-5)
<b>High-volume dog breeders – breeding dogs for hunting and field trial purposes</b>	No provision.	Specifies that an unspayed adult female dog that is used both for producing offspring and for hunting and field trial purposes is not a breeding dog. (Thus, such a dog does not count when determining if a person is a high-volume breeder.) <i>(R.C. 956.01.)</i>
<b>High-volume dog breeders – license application fee</b>	No provision.	Applies the minimum license application fee of \$150 to a high-volume breeder that annually sells at least five, but not more than fifteen puppy litters. (This change accounts for the reduction (nine to five) in the minimum number of puppy litters that a breeder must produce in order to be classified as a high-volume breeder under the bill.) <i>(R.C. 956.07(A)(1)(a).)</i>
