Chairman Blessing,

I am writing regarding H.B. 522 and to offer my personal support along with the organization I represent. As we have reviewed the DORA and have contemplated applying for this designation.

We see the benefits of this designation to be an economic tool for our historic downtown. The one issue we do have is that the same setting is the backdrop to our ever-growing wine and arts festival and bourbon festival, both that require an F permit. Both events capture two of the many unique qualities that make Ohio a great state, agriculture and small businesses.

We that said we would like to offer our support for the passage of these amendments to H.B. 522. Feel free to reach out to me with any questions or concerns.
