Ohio Legislature 132nd General Assembly HB 9 (Limit scope of protocol for malfunctioning traffic signals)

ABATE of Ohio, Inc. is in support of amending this bill to include motorcycles as defined in the ORC. Motorcycles are also vulnerable to malfunctioning traffic signals, particularly the sensitivity of the detectors used to activate them. ABATE of Ohio Inc. will maintain the primary position of contacting the appropriate agency and reporting the malfunction so it can be repaired and returned to a normal operating condition.
