Sec. 3702.98. There is hereby created the chiropractic loan repayment program, which shall be administered by the department of health in cooperation with the chiropractic loan repayment advisory board. The program shall provide loan
repayment on behalf of individuals who agree to provide
chiropractic services in areas designated as chiropractic health
resource shortage areas by the director of health pursuant to
section 3702.982 of the Revised Code.

Under the program, the department of health, by means of a
contract entered into under section 3702.986 of the Revised
Code, may agree to repay all or part of the principal and
interest of a government or other educational loan taken by an
individual for the following expenses incurred while the
individual was enrolled in an accredited chiropractic school or
college:

(A) Tuition;

(B) Other educational expenses, such as fees, books, and
laboratory expenses that are for purposes and in amounts
determined reasonable by the director of health;

(C) Room and board, in an amount determined reasonable by
the director of health.

Sec. 3702.981. The director of health, in accordance with
Chapter 119. of the Revised Code, shall adopt rules as necessary
to implement and administer sections 3702.98 to 3702.9810 of the
Revised Code. In preparing rules, the director shall consult
with the chiropractic loan repayment advisory board.

Sec. 3702.982. (A) The director of health shall designate,
as chiropractic health resource shortage areas, areas in this
state that experience special chiropractic health problems and
chiropractor practice patterns that limit access to chiropractic
care. Except as provided in division (B) of this section, the
designations shall be made by rule. The designations may apply
to a geographic area, one or more facilities within a particular
area, or a population group within a particular area. The director shall consider for designation as a chiropractic health resource shortage area any area in this state that has been designated by the United States secretary of health and human services as a health professional shortage area under section 332 of the "Public Health Service Act," 42 U.S.C. 254e.

(B) As used in this division, "free clinic" has the same meaning as in section 3701.071 of the Revised Code.

The director shall designate each free clinic as a chiropractic health resource shortage area, regardless of whether the clinic is located in a geographic area that is designated as a chiropractic health resource shortage area.

Sec. 3702.983. The director of health, by rule, shall establish priorities among chiropractic health resource shortage areas for use in recruiting chiropractors to sites within particular areas under the chiropractic loan repayment program. In establishing priorities, the director shall consider the ratio of chiropractors to the population in the chiropractic health resource shortage area, the distance to chiropractors outside the area, health status indicators of the target population in the area, presence of health care provider sites in the area with vacancies for chiropractors, availability of an eligible candidate interested in being recruited to a particular site within an area, and the distribution of chiropractic health care provider sites in urban and rural regions. The director shall give greatest priority to chiropractic health resource shortage areas having a high ratio of population to chiropractors.

The director, by rule, shall establish priorities for use in determining eligibility among applicants for participation in
the chiropractic loan repayment program. The priorities may include consideration of an applicant's background and career goals, the length of time the applicant is willing to provide chiropractic services in a chiropractic health resource shortage area, and the amount of the educational expenses for which reimbursement is being sought through the program.

Sec. 3702.984. (A) An individual who has not received other student loan repayment assistance and meets either of the following requirements may apply for participation in the chiropractic loan repayment program:

(1) The individual is a chiropractic student enrolled in the final year of chiropractic school or college.

(2) The individual holds a current, valid license to practice chiropractic issued under Chapter 4734. of the Revised Code.

(4) If applicable, verification of the applicant's current, valid license to practice chiropractic issued by the state chiropractic board under Chapter 4734. of the Revised Code;

(5) Verification of the applicant's United States citizenship or status as a legal alien.

Sec. 3702.985. If funds are available in the chiropractic loan repayment fund created under section 3702.9810 of the Revised Code and the general assembly has appropriated the funds for the program, the director of health shall approve an applicant for participation in the program on finding in accordance with the priorities established under section 3702.983 of the Revised Code that the applicant is eligible for participation and is needed in a chiropractic health resource shortage area.

On approving an application, the director shall notify and enter into discussions with the applicant. The object of the discussions is to facilitate recruitment of the applicant to a site within a chiropractic health resource shortage area at which, according to the priorities established under section 3702.983 of the Revised Code, the applicant is needed.

The director may refer the applicant to the Ohio state chiropractic association, or its successor organization, for assistance with the applicant's recruitment and placement.

If the director and applicant agree on the applicant's placement at a particular site within a chiropractic health resource shortage area, the applicant shall sign and deliver to the director a letter of intent agreeing to that placement.

Sec. 3702.986. (A) An individual who has signed a letter
of intent under section 3702.985 of the Revised Code and the
director of health may enter into a contract for the applicant's
participation in the chiropractic loan repayment program. A_
lending institution may also be a party to the contract.

(B) The contract shall include all of the following
obligations:

in the chiropractic health resource shortage area identified in
the letter of intent for at least two years;

section 3702.98 of the Revised Code, to repay all or part of the
principal and interest of a government or other educational loan
taken by the individual for expenses described in section
3702.98 of the Revised Code so long as both of the following are
the case:

(a) The individual performs the service obligation agreed
to under division (B)(1) of this section.
(b) The repayment amount does not exceed those described in section 3702.988 of the Revised Code.

(4) The individual agrees to pay the department of health the following amount if the individual fails to complete the service obligation agreed to under division (B)(1) of this section:

(a) For a failure to complete service occurring during the first two years of the service obligation, one and one-half times the total repayment amount agreed to by the department under division (B)(3) of this section;

(b) For a failure to complete service occurring after the first two years of the service obligation, one and one-half times any amount that still remains to be repaid by the department under division (B)(3) of this section.

(C) The contract may include any other term as agreed upon by the parties, including a term in which the department assumes the individual's duty to pay the principal and interest of a government or other educational loan taken by the individual for expenses described in section 3702.98 of the Revised Code. If the department assumes that duty, the contract shall specify the total amount of the principal and interest to be paid, an amortization schedule, and the amount of each payment to be made under the schedule.

(D) Not later than the thirty-first day of January of each year, the department of health shall send by ordinary mail to each individual participating in the chiropractic loan repayment program a statement listing the amount of the principal and interest that has been repaid by the department in the previous year. Each participating individual shall notify the department
of any change of address and shall do so not later than thirty
days after the change of address.

more than two consecutive terms.
Vacancies shall be filled in the manner prescribed for the original appointment. A member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. A member shall continue in office subsequent to the expiration of the member's term until a successor takes office or until sixty days have elapsed, whichever occurs first.

Sec. 3702.988. The chiropractic loan repayment advisory board shall determine the amounts that will be paid as loan repayments on behalf of participants in the chiropractic loan repayment program. No repayment shall exceed ten thousand dollars in any year, except that if a repayment results in an increase in the participant's federal, state, or local income tax liability, the department of health, at the participant's
request and with the approval of the director of health, may
reimburse the participant for the increased tax liability,
regardless of the amount of the repayment in that year. Total

thousand dollars over the time of participation in the program.

A special meeting shall be held at the call of the board's president or at the request of two or more board members, in which case the meeting shall be called by the board's executive director.

A majority of the board constitutes a quorum for the transaction of business. Except when action is taken on behalf of the board by the board's president under division (A) of section 4734.05 of the Revised Code, the board may not take any action without the concurrence of three members. The president may make decisions on behalf of the board as follows:

(1) A decision regarding board activities may be made by the president if the president considers the decision to be minor and determines that making the decision will facilitate the responsiveness and effectiveness of the board;

(2) A decision involving a situation that requires immediate board attention may be made by the president if the circumstances surrounding the situation make holding a board meeting impractical. At the earliest time possible, the president shall report the decision to the members of the board.
and the board shall meet to ratify or nullify the decision.

(B) The board shall appoint an executive director who shall serve as the board's secretary and shall perform all other duties prescribed by the board or this chapter. The board may specify that any action it takes is a permanent action. The board's authority to take action against an individual is not removed or limited by the individual's failure to renew a license.

the board, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board at a deposition or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if the board or a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(9) Engaging in an ongoing professional relationship with a person or entity that violates any provision of this chapter or the rules adopted under it, unless the chiropractor makes a good faith effort to have the person or entity comply with the provisions;
