standards for the conduct of the office established by the rules
of the Ohio public defender commission pursuant to divisions (B)
and (C) of section 120.03 or the standards established by the

120.04 of the Revised Code, the Ohio public defender commission
shall notify the joint county public defender commission and the
board of county commissioners of each county in the district that
the joint county public defender has failed to comply with its
rules or the standards of the state public defender. Unless the
joint public defender commission or the joint county public
defender corrects the conduct of the joint county public
defender's office to comply with the rules and standards within
ninety days after the date of the notice, the state public
defender may deny all or part of the counties' reimbursement from
the state provided for in division (A) of this section.

Sec. 120.33. (A) In lieu of using a county public defender or
joint county public defender to represent indigent persons in the
proceedings set forth in division (A) of section 120.16 of the
Revised Code, the board of county commissioners of any county may
adopt a resolution to pay counsel who are either personally
selected by the indigent person or appointed by the court. The resolution shall include those provisions the board of county commissioners considers necessary to provide effective representation of indigent persons in any proceeding for which counsel is provided under this section. The resolution shall include provisions for contracts with any municipal corporation under which the municipal corporation shall reimburse the county for counsel appointed to represent indigent persons charged with violations of the ordinances of the municipal corporation.

(1) In a county that adopts a resolution to pay counsel, an indigent person shall have the right to do either of the following:

(a) To select the person's own personal counsel to represent the person in any proceeding included within the provisions of the resolution;

(b) To request the court to appoint counsel to represent the person in such a proceeding.

(2) The court having jurisdiction over the proceeding in a county that adopts a resolution to pay counsel shall, after determining that the person is indigent and entitled to legal representation under this section, do either of the following:

(a) By signed journal entry recorded on its docket, enter the name of the lawyer selected by the indigent person as counsel of record;

(b) Appoint counsel for the indigent person if the person has requested the court to appoint counsel and, by signed journal entry recorded on its dockets, enter the name of the lawyer appointed for the indigent person as counsel of record.

(3) The board of county commissioners shall establish a schedule of fees by case or on an hourly basis to be paid to counsel for legal services provided pursuant to a resolution.
adopted under this section. Prior to establishing the schedule, the board of county commissioners shall request the bar association or associations of the county to submit a proposed schedule for cases other than capital cases. The schedule submitted shall be subject to the review, amendment, and approval of the board of county commissioners, except with respect to capital cases. With respect to capital cases, the schedule shall provide for fees by case or on an hourly basis to be paid to counsel in the amount or at the rate set by the capital case attorney fee council pursuant to division (D) of this section, and the board of county commissioners shall approve that amount or rate.

(4) Counsel selected by the indigent person or appointed by the court at the request of an indigent person in a county that adopts a resolution to pay counsel, except for counsel appointed to represent a person charged with any violation of an ordinance of a municipal corporation that has not contracted with the county commissioners for the payment of appointed counsel, shall be paid by the county and shall receive the compensation and expenses the court approves. With respect to capital cases, the court shall approve compensation and expenses in accordance with the amount or at the rate set by the capital case attorney fee council pursuant to division (D) of this section. Each request for payment shall include a financial disclosure form completed by the indigent person on a form prescribed by the state public defender. Compensation and expenses shall not exceed the amounts fixed by the board of county commissioners in the schedule adopted pursuant to division (A)(3) of this section. No court shall approve compensation and expenses that exceed the amount fixed pursuant to division (A)(3) of this section.

The fees and expenses approved by the court shall not be taxed as part of the costs and shall be paid by the county.
However, if the person represented has, or may reasonably be expected to have, the means to meet some part of the cost of the services rendered to the person, the person shall pay the county an amount that the person reasonably can be expected to pay. Pursuant to section 120.04 of the Revised Code, the county shall pay to the state public defender a percentage of the payment received from the person in an amount proportionate to the percentage of the costs of the person's case that were paid to the county by the state public defender pursuant to this section. The money paid to the state public defender shall be credited to the client payment fund created pursuant to division (B)(5) of section 120.04 of the Revised Code.

The county auditor shall draw a warrant on the county treasurer for the payment of counsel in the amount fixed by the court, plus the expenses the court fixes and certifies to the auditor. The county auditor shall report periodically, but not less than annually, to the board of county commissioners and to the state public defender the amounts paid out pursuant to the approval of the court. The board of county commissioners, after review and approval of the auditor's report, or the county auditor, with permission from and notice to the board of county commissioners, may then certify it to the state public defender for reimbursement. The state public defender may pay a requested reimbursement only if the request for reimbursement includes a financial disclosure form completed by the indigent person on a form prescribed by the state public defender or if the court certifies by electronic signature as prescribed by the state public defender that a financial disclosure form has been completed by the indigent person and is available for inspection. If a request for the reimbursement of the cost of counsel in any case is not received by the state public defender within ninety days after the end of the calendar month in which the case is finally disposed of by the court, unless the county has requested
and the state public defender has granted an extension of the ninety-day limit, the state public defender shall not pay the requested reimbursement. The state public defender shall also review the report and, in accordance with the standards, guidelines, and maximums established pursuant to divisions (B)(7) and (8) of section 120.04 of the Revised Code, prepare a voucher for fifty per cent of up to the total cost of each county appointed counsel system in the period of time covered by the certified report and a voucher for fifty per cent of the costs and expenses that are reimbursable under section 120.35 of the Revised Code, if any, or, if the amount of money appropriated by the general assembly to reimburse counties for the operation of county public defender offices, joint county public defender offices, and county appointed counsel systems is not sufficient to pay fifty per cent of the total costs of all of the offices and systems other than costs and expenses that are reimbursable under section 120.35 of the Revised Code, for the lesser amount required by section 120.34 of the Revised Code.

(5) If any county appointed counsel system fails to maintain the standards for the conduct of the system established by the rules of the Ohio public defender commission pursuant to divisions (B) and (C) of section 120.03 or the standards established by the state public defender pursuant to division (B)(7) of section 120.04 of the Revised Code, the Ohio public defender commission shall notify the board of county commissioners of the county that the county appointed counsel system has failed to comply with its rules or the standards of the state public defender. Unless the board of county commissioners corrects the conduct of its appointed counsel system to comply with the rules and standards within ninety days after the date of the notice, the state public defender may deny all or part of the county's reimbursement from the state provided for in division (A)(4) of this section.
(B) In lieu of using a county public defender or joint county public defender to represent indigent persons in the proceedings set forth in division (A) of section 120.16 of the Revised Code, and in lieu of adopting the resolution and following the procedure described in division (A) of this section, the board of county commissioners of any county may contract with the state public defender for the state public defender's legal representation of indigent persons. A contract entered into pursuant to this division may provide for payment for the services provided on a per case, hourly, or fixed contract basis.

(C) If a court appoints an attorney pursuant to this section to represent a petitioner in a postconviction relief proceeding under section 2953.21 of the Revised Code, the petitioner has received a sentence of death, and the proceeding relates to that sentence, the attorney who represents the petitioner in the proceeding pursuant to the appointment shall be certified under Rule 20 of the Rules of Superintendence for the Courts of Ohio to represent indigent defendants charged with or convicted of an offense for which the death penalty can be or has been imposed.

(D)(1) There is hereby created the capital case attorney fee council, appointed as described in division (D)(2) of this section. The council shall set an amount by case, or a rate on an hourly basis, to be paid under this section to counsel in a capital case.

(2) The capital case attorney fee council shall consist of five members, all of whom shall be active judges serving on one of the district courts of appeals in this state. Terms for council members shall be the lesser of three years or until the member ceases to be an active judge of a district court of appeals. The initial terms shall commence ninety days after September 28, 2016. The chief justice of the supreme court shall appoint the members of the council, and shall make all of the appointments not later
than sixty days after September 28, 2016. When any vacancy occurs, the chief justice shall appoint an active judge of a district court of appeals in this state to fill the vacancy for the unexpired term, in the same manner as prescribed in this division. The chief justice shall designate a chairperson from the appointed members of the council. Members of the council shall receive no additional compensation for their service as a member, but may be reimbursed for expenses reasonably incurred in service to the council, to be paid by the supreme court. The supreme court may provide administrative support to the council.

(3) The capital case attorney fee council initially shall meet not later than one hundred twenty days after September 28, 2016. Thereafter, the council shall meet not less than annually.

(4) Upon setting the amount or rate described in division (D)(1) of this section, the chairperson of the capital case attorney fee council promptly shall provide written notice to the state public defender of the amount or rate so set. The amount or rate so set shall become effective ninety days after the date on which the chairperson provides that written notice to the state public defender. The council shall specify that effective date in the written notice provided to the state public defender. All amounts or rates set by the council shall be final, subject to modification as described in division (D)(5) of this section, and not subject to appeal.

(5) The capital case attorney fee council may modify an amount or rate set as described in division (D)(4) of this section. The provisions of that division apply with respect to any such modification of an amount or rate.

Sec. 120.34. The total amount of money paid to all counties in any fiscal year pursuant to sections 120.18, 120.28, and 120.33, and 120.35 of the Revised Code for the reimbursement of a
percentage of the counties' cost of operating county public

defender offices, joint county public defender offices, and county

appointed counsel systems, and the counties' costs and expenses of

conducting the defense in capital cases, shall not exceed the
total amount appropriated for that fiscal year by the general
assembly for the reimbursement of the counties for the operation
of the offices and systems. If the amount appropriated by the
general assembly in any fiscal year is insufficient to pay fifty
per cent of the total cost in the fiscal year of all county public
defender offices, all joint county public defender offices, and
all county appointed counsel systems, the amount of money paid in
that fiscal year pursuant to sections 120.18, 120.28, and 120.33
of the Revised Code to each county for the fiscal year shall be
reduced proportionately so that each county is paid an equal
percentage of its total cost in the fiscal year for operating its
county public defender system, its joint county public defender
system, and its county appointed counsel system.

The total amount of money paid to all counties in any fiscal
year pursuant to section 120.35 of the Revised Code for the
reimbursement of a percentage of the counties' costs and expenses
of conducting the defense in capital cases shall not exceed the
total amount appropriated for that fiscal year by the general
assembly for the reimbursement of the counties for conducting the
defense in capital cases. If the amount appropriated by the
general assembly in any fiscal year is insufficient to pay fifty
per cent of the counties' total costs and expenses of conducting
the defense in capital cases in the fiscal year, the amount of
money paid in that fiscal year pursuant to section 120.35 of the
Revised Code to each county for the fiscal year shall be reduced
proportionately so that each county is paid an equal percentage of
its costs and expenses of conducting the defense in capital cases
in the fiscal year.
If any county receives an amount of money pursuant to section 120.18, 120.28, 120.33, or 120.35 of the Revised Code that is in excess of the amount of reimbursement it is entitled to receive pursuant to this section, the state public defender shall request the board of county commissioners to return the excess payment and the board of county commissioners, upon receipt of the request, shall direct the appropriate county officer to return the excess payment to the state.

Within thirty days of the end of each fiscal quarter, the state public defender shall provide to the office of budget and management and the legislative budget office of the legislative service commission an estimate of the amount of money that will be required for the balance of the fiscal year to make the payments required by sections 120.18, 120.28, 120.33, and 120.35 of the Revised Code.

Sec. 120.35. The state public defender shall, pursuant to section 120.18, 120.28, 120.33, or 2941.51 of the Revised Code, reimburse fifty per cent of up to the total of all costs and expenses of conducting the defense in capital cases. If appropriations are insufficient to pay fifty per cent of such costs and expenses, the state public defender shall reimburse such costs and expenses as provided in section 120.34 of the Revised Code.

Sec. 121.083. (A) The superintendent of industrial compliance in the department of commerce shall do all of the following:

(A)(1) Administer and enforce the general laws of this state pertaining to buildings, pressure piping, boilers, bedding, upholstered furniture, and stuffed toys, steam engineering, elevators, plumbing, licensed occupations regulated by the

(8) Accept submissions, establish a fee for submissions, and review submissions of certified welding and brazing procedure specifications, procedure qualification records, and performance qualification records for building services piping as required by
section 4104.44 of the Revised Code.

(B) The superintendent may enter into a contract with a municipal corporation, township, or county building department certified by the board of building standards pursuant to division (E) of section 3781.10 of the Revised Code, or a municipal or county health district, to do any of the following on behalf of the building department or health district:

(G) Except as provided in divisions (G)(8) and (J) of this section, the members of a public body may hold an executive session only after a majority of a quorum of the public body determines, by a roll call vote, to hold an executive session and only at a regular or special meeting for the sole purpose of the consideration of any of the following matters:

(1) To consider the appointment, employment, dismissal, discipline, promotion, demotion, or compensation of a public employee or official, or the investigation of charges or complaints against a public employee, official, licensee, or regulated individual, unless the public employee, official, licensee, or regulated individual requests a public hearing. Except as otherwise provided by law, no public body shall hold an executive session for the discipline of an elected official for conduct related to the performance of the elected official's official duties or for the elected official's removal from office. (2) To consider the purchase of property for public purposes,
the sale of property at competitive bidding, or the sale or other
disposition of unneeded, obsolete, or unfit-for-use property in
accordance with section 505.10 of the Revised Code, if premature
disclosure of information would give an unfair competitive or
bargaining advantage to a person whose personal, private interest
is adverse to the general public interest. No member of a public
body shall use division (G)(2) of this section as a subterfuge for
providing covert information to prospective buyers or sellers. A
purchase or sale of public property is void if the seller or buyer
of the public property has received covert information from a
member of a public body that has not been disclosed to the general
public in sufficient time for other prospective buyers and sellers
to prepare and submit offers.

If the minutes of the public body show that all meetings and
deliberations of the public body have been conducted in compliance
with this section, any instrument executed by the public body
purporting to convey, lease, or otherwise dispose of any right,
title, or interest in any public property shall be conclusively
presumed to have been executed in compliance with this section
insofar as title or other interest of any bona fide purchasers,
lessees, or transferees of the property is concerned.

(3) Conferences with an attorney for the public body
concerning disputes involving the public body that are the subject
of pending or imminent court action;

(4) Preparing for, conducting, or reviewing negotiations or

compensation or other terms and conditions of their employment;

(7) In the case of a county hospital operated pursuant to Chapter 339. of the Revised Code, a joint township hospital operated pursuant to Chapter 513. of the Revised Code, or a municipal hospital operated pursuant to Chapter 749. of the Revised Code, to consider trade secrets, as defined in section 1333.61 of the Revised Code;

(8) To consider confidential information related to the marketing plans, specific business strategy, production techniques, trade secrets, or personal financial statements of an applicant for economic development assistance, or to negotiations with other political subdivisions respecting requests for economic development assistance, provided that both of the following conditions apply:

(a) The information is directly related to a request for economic development assistance that is to be provided or administered under any provision of Chapter 715., 725., 1724., or 1728. or sections 701.07, 3735.67 to 3735.70, 5709.40 to 5709.43, 5709.61 to 5709.69, 5709.73 to 5709.75, or 5709.77 to 5709.81 of the Revised Code, or that involves public infrastructure improvements or the extension of utility services that are directly related to an economic development project.

(b) A unanimous quorum of the public body determines, by a roll call vote, that the executive session is necessary to protect the interests of the applicant or the possible investment or
expenditure of public funds to be made in connection with the economic development project.

If a public body holds an executive session to consider any of the matters listed in divisions (G)(2) to (8) of this section, the motion and vote to hold that executive session shall state which one or more of the approved matters listed in those divisions are to be considered at the executive session.

A public body specified in division (B)(1)(c) of this section shall not hold an executive session when meeting for the purposes specified in that division.

(H) A resolution, rule, or formal action of any kind is invalid unless adopted in an open meeting of the public body. A resolution, rule, or formal action adopted in an open meeting that results from deliberations in a meeting not open to the public is invalid unless the deliberations were for a purpose specifically authorized in division (G) or (J) of this section and conducted at an executive session held in compliance with this section. A resolution, rule, or formal action adopted in an open meeting is invalid if the public body that adopted the resolution, rule, or formal action violated division (F) of this section.

(I)(1) Any person may bring an action to enforce this section. An action under division (I)(1) of this section shall be brought within two years after the date of the alleged violation or threatened violation. Upon proof of a violation or threatened violation of this section in an action brought by any person, the court of common pleas shall issue an injunction to compel the members of the public body to comply with its provisions.

(2)(a) If the court of common pleas issues an injunction pursuant to division (I)(1) of this section, the court shall order the public body that it enjoins to pay a civil forfeiture of five hundred dollars to the party that sought the injunction and shall
award to that party all court costs and, subject to reduction as described in division (I)(2) of this section, reasonable attorney's fees. The court, in its discretion, may reduce an award of attorney's fees to the party that sought the injunction or not award attorney's fees to that party if the court determines both of the following:

(i) That, based on the ordinary application of statutory law and case law as it existed at the time of violation or threatened violation that was the basis of the injunction, a well-informed public body reasonably would believe that the public body was not violating or threatening to violate this section;

(ii) That a well-informed public body reasonably would believe that the conduct or threatened conduct that was the basis of the injunction would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(b) If the court of common pleas does not issue an injunction pursuant to division (I)(1) of this section and the court determines at that time that the bringing of the action was frivolous conduct, as defined in division (A) of section 2323.51 of the Revised Code, the court shall award to the public body all court costs and reasonable attorney's fees, as determined by the court.

(3) Irreparable harm and prejudice to the party that sought the injunction shall be conclusively and irrebuttably presumed upon proof of a violation or threatened violation of this section.

(4) A member of a public body who knowingly violates an injunction issued pursuant to division (I)(1) of this section may be removed from office by an action brought in the court of common pleas for that purpose by the prosecuting attorney or the attorney general.
(J)(1) Pursuant to division (C) of section 5901.09 of the Revised Code, a veterans service commission shall hold an executive session for one or more of the following purposes unless an applicant requests a public hearing:

(a) Interviewing an applicant for financial assistance under sections 5901.01 to 5901.15 of the Revised Code;

(b) Discussing applications, statements, and other documents described in division (B) of section 5901.09 of the Revised Code;

(c) Reviewing matters relating to an applicant's request for financial assistance under sections 5901.01 to 5901.15 of the Revised Code.

(2) A veterans service commission shall not exclude an applicant for, recipient of, or former recipient of financial assistance under sections 5901.01 to 5901.15 of the Revised Code, and shall not exclude representatives selected by the applicant, recipient, or former recipient, from a meeting that the commission conducts as an executive session that pertains to the applicant's, recipient's, or former recipient's application for financial assistance.

(3) A veterans service commission shall vote on the grant or denial of financial assistance under sections 5901.01 to 5901.15 of the Revised Code only in an open meeting of the commission. The minutes of the meeting shall indicate the name, address, and occupation of the applicant, whether the assistance was granted or denied, the amount of the assistance if assistance is granted, and the votes for and against the granting of assistance.

Sec. 121.37. (A)(1) There is hereby created the Ohio family and children first cabinet council. The council shall be composed of the superintendent of public instruction, the executive director of the opportunities for Ohioans with disabilities

outlined in the county's service coordination mechanism
implemented pursuant to division (C) of this section.

The cabinet council shall establish a state appeals process
to resolve disputes among the members of a county council
concerning whether reasonable responsibilities as members are
being shared. The appeals process may be accessed only by a
majority vote of the council members who are required to serve on
the council. Upon appeal, the cabinet council may order that state

Service of a judge as a judicial advisor pursuant to this section is a judicial function.

The application shall describe the proposed program or approach and specify the rules or interagency agreements from which an exemption is necessary. The cabinet council shall approve or disapprove the application in accordance with standards and procedures it shall adopt. Any of the foregoing public entities, other than the board of county commissioners, may decline to serve as the council's administrative agent.

A county council's administrative agent shall serve as the council's appointing authority for any employees of the council. The council shall file an annual budget with its administrative agent, with copies filed with the county auditor and with the
board of county commissioners, unless the board is serving as the council's administrative agent. The council's administrative agent shall ensure that all expenditures are handled in accordance with policies, procedures, and activities prescribed by state departments in rules or interagency agreements that are applicable to the council's functions.

The administrative agent of a county council shall send notice of a member's absence if a member listed in division (B)(1) of this section has been absent from either three consecutive meetings of the county council or a county council subcommittee, or from one-quarter of such meetings in a calendar year, whichever is less. The notice shall be sent to the board of county commissioners that establishes the county council and, for the members listed in divisions (B)(1)(b), (c), (e), and (l) of this section, to the governing board overseeing the respective entity; for the member listed in division (B)(1)(f) of this section, to the county board of developmental disabilities that employs the superintendent; for a member listed in division (B)(1)(g) or (h) of this section, to the school board that employs the superintendent; for the member listed in division (B)(1)(i) of this section, to the mayor of the municipal corporation; for the member listed in division (B)(1)(k) of this section, to the director of youth services; and for the member listed in division (B)(1)(n) of this section, to that member's board of trustees.

The administrative agent for a county council may do any of the following on behalf of the council:

(i) Enter into agreements or administer contracts with public or private entities to fulfill specific council business. Such agreements and contracts are exempt from the competitive bidding requirements of section 307.86 of the Revised Code if they have been approved by the county council and they are for the purchase of family and child welfare or child protection services or other
social or job and family services for families and children. The approval of the county council is not required to exempt agreements or contracts entered into under section 5139.34, 5139.41, or 5139.43 of the Revised Code from the competitive bidding requirements of section 307.86 of the Revised Code.

(ii) As determined by the council, provide financial stipends, reimbursements, or both, to family representatives for expenses related to council activity;

(iii) Receive by gift, grant, devise, or bequest any moneys, lands, or other property for the purposes for which the council is established. The agent shall hold, apply, and dispose of the moneys, lands, or other property according to the terms of the gift, grant, devise, or bequest. Any interest or earnings shall be treated in the same manner and are subject to the same terms as the gift, grant, devise, or bequest from which it accrues.

(b)(i) If the county council designates the board of county commissioners as its administrative agent, the board may, by resolution, delegate any of its powers and duties as administrative agent to an executive committee the board establishes from the membership of the county council. The board shall name to the executive committee at least the individuals described in divisions (B)(1)(b) to (h) of this section and may appoint the president of the board or another individual as the chair of the executive committee. The executive committee must include at least one family county council representative who does not have a family member employed by an agency represented on the council.

(ii) The executive committee may, with the approval of the board, hire an executive director to assist the county council in administering its powers and duties. The executive director shall serve in the unclassified civil service at the pleasure of the executive committee. The executive director may, with the approval
of the executive committee, hire other employees as necessary to properly conduct the county council's business.

(iii) The board may require the executive committee to submit an annual budget to the board for approval and may amend or repeal the resolution that delegated to the executive committee its authority as the county council's administrative agent.

(6) Two or more county councils may enter into an agreement to administer their county councils jointly by creating a regional family and children first council. A regional council possesses the same duties and authority possessed by a county council, except that the duties and authority apply regionally rather than to individual counties. Prior to entering into an agreement to create a regional council, the members of each county council to be part of the regional council shall meet to determine whether all or part of the members of each county council will serve as members of the regional council.

(7) A board of county commissioners may approve a resolution by a majority vote of the board's members that requires the county council to submit a statement to the board each time the council proposes to enter into an agreement, adopt a plan, or make a decision, other than a decision pursuant to section 121.38 of the Revised Code, that requires the expenditure of funds for two or more families. The statement shall describe the proposed agreement, plan, or decision.

Not later than fifteen days after the board receives the statement, it shall, by resolution approved by a majority of its members, approve or disapprove the agreement, plan, or decision. Failure of the board to pass a resolution during that time period shall be considered approval of the agreement, plan, or decision.

An agreement, plan, or decision for which a statement is required to be submitted to the board shall be implemented only if
it is approved by the board.

(C) Each county shall develop a county service coordination mechanism. The county service coordination mechanism shall serve as the guiding document for coordination of services in the county. For children who also receive services under the help me grow program, the service coordination mechanism shall be consistent with rules adopted by the department of health under section 3701.61 of the Revised Code. All family service coordination plans shall be developed in accordance with the county service coordination mechanism. The mechanism shall be developed and approved with the participation of the county entities representing child welfare; developmental disabilities; alcohol, drug addiction, and mental health services; health; juvenile judges; education; the county family and children first council; and the county early intervention collaborative established pursuant to the federal early intervention program operated under the "Individuals with Disabilities Education Act of 2004." The county shall establish an implementation schedule for the mechanism. The cabinet council may monitor the implementation and administration of each county's service coordination mechanism.

Each mechanism shall include all of the following:

(1) A procedure for an agency, including a juvenile court, or a family voluntarily seeking service coordination, to refer the child and family to the county council for service coordination in accordance with the mechanism;

(4) A procedure for ensuring that a family service coordination plan meeting is conducted for each child who receives service coordination under the mechanism and for whom an emergency out-of-home placement has been made or for whom a nonemergency out-of-home placement is being considered. The meeting shall be conducted within ten days of an emergency out-of-home placement. The meeting shall be conducted before a nonemergency out-of-home placement. The family service coordination plan shall outline how the county council members will jointly pay for services, where applicable, and provide services in the least restrictive environment.

(9) A local dispute resolution process to serve as the process that must be used first to resolve disputes among the agencies represented on the county council concerning the provision of services to children, including children who are abused, neglected, dependent, unruly, alleged unruly, or delinquent children and under the jurisdiction of the juvenile court and children whose parents or custodians are voluntarily seeking services. The local dispute resolution process shall comply with sections 121.38, 121.381, and 121.382 of the Revised Code. The local dispute resolution process shall be used to resolve disputes between a child's parents or custodians and the county council regarding service coordination. The county council shall inform the parents or custodians of their right to use the dispute resolution process. Parents or custodians shall use existing local agency grievance procedures to address disputes not involving service coordination. The dispute resolution process is in addition to and does not replace other rights or procedures that parents or custodians may have under other sections of the Revised Code.

The cabinet council shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an administrative review process to address problems that arise concerning the operation of a local dispute resolution process.

(B) The tax credit authority may completely or partially exempt from the taxes levied under Chapters 5739. and 5741. of the Revised Code the sale, storage, use, or other consumption of computer data center equipment used or to be used at an eligible computer data center. Any such exemption shall extend to charges for the delivery, installation, or repair of the computer data center equipment subject to the exemption under this section.

(C) A taxpayer that proposes a capital improvement project for an eligible computer data center in this state may apply to the tax credit authority to enter into an agreement under this section authorizing a complete or partial exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code on computer data center equipment purchased by the applicant or any other taxpayer that operates a computer data center business at the project site and used or to be used at the eligible computer data center. The director of development services shall prescribe the form of the application. After receipt of an application, the authority shall forward copies of the application to the director of budget and management and the tax commissioner, each of whom shall review the application to determine the economic impact that the proposed eligible computer data center would have on the state.
and any affected political subdivisions and submit to the authority a summary of their determinations. The authority shall also forward a copy of the application to the director of development services who shall review the application to determine the economic impact that the proposed eligible computer data center would have on the state and the affected political subdivisions and shall submit a summary of their determinations and recommendations to the authority.

(D) Upon review and consideration of such determinations and recommendations, the tax credit authority may enter into an agreement with the applicant and any other taxpayer that operates a computer data center business at the project site for a complete or partial exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code on computer data center equipment used or to be used at an eligible computer data center if the authority determines all of the following:

(1) The capital investment project for the eligible computer data center will increase payroll and the amount of income taxes to be withheld from employee compensation pursuant to section 5747.06 of the Revised Code.

(2) The applicant is economically sound and has the ability to complete or effect the completion of the proposed capital investment project.

(3) The applicant intends to and has the ability to maintain operations at the project site for the term of the agreement.

(4) Receiving the exemption is a major factor in the applicant's decision to begin, continue with, or complete the capital investment project.

(E) An agreement entered into under this section shall include all of the following:

(1) A detailed description of the capital investment project
that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the annual compensation to be paid by each taxpayer subject to the agreement to its employees at the project site, and the anticipated amount of income taxes to be withheld from employee compensation pursuant to section 5747.06 of the Revised Code.

(2) The percentage of the exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code for the computer data center equipment used or to be used at the eligible computer data center, the length of time the computer data center equipment will be exempted, and the first date on which the exemption applies.

(3) A requirement that the computer data center remain an eligible computer data center during the term of the agreement and that the applicant maintain operations at the eligible computer data center during that term. An applicant does not violate the requirement described in division (E)(3) of this section if the applicant ceases operations at the eligible computer data center during the term of the agreement but resumes those operations within eighteen months after the date of cessation. The agreement shall provide that, in such a case, the applicant and any other taxpayer that operates a computer data center business at the project site shall not claim the tax exemption authorized in the agreement for any purchase of computer data center equipment made during the period in which the applicant did not maintain operations at the eligible computer data center.

(4) A requirement that, for each year of the term of the agreement beginning on or after the first day of the twenty-fifth month after the date the agreement was entered into, one or more taxpayers operating a computer data center business at the project site will, in the aggregate, pay annual compensation that is...
subject to the withholding obligation imposed under section 5747.06 of the Revised Code of at least one million five hundred thousand dollars to employees at the eligible computer data center.

(5) A requirement that each taxpayer subject to the agreement annually report to the director of development services employment, tax withholding, capital investment, and other information required by the director to perform the director's duties under this section.

(6) A requirement that the director of development services annually review the annual reports of each taxpayer subject to the agreement to verify the information reported under division (E)(5) of this section and compliance with the agreement. Upon verification, the director shall issue a certificate to each such taxpayer stating that the information has been verified and that the taxpayer remains eligible for the exemption specified in the agreement.

(7) A provision providing that the taxpayers subject to the agreement may not relocate a substantial number of employment positions from elsewhere in this state to the project site unless the director of development services determines that the appropriate taxpayer notified the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated. For purposes of this paragraph, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the movement is confined to the project site. The transfer of an employment position from one political subdivision to another political subdivision shall not be considered a relocation of an employment position if the employment position in the first political subdivision is replaced by another employment position.
(8) A waiver by each taxpayer subject to the agreement of any limitations periods relating to assessments or adjustments resulting from the taxpayer's failure to comply with the agreement.

(F) The term of an agreement under this section shall be determined by the tax credit authority, and the amount of the exemption shall not exceed one hundred per cent of such taxes that would otherwise be owed in respect to the exempted computer data center equipment.

(G) If any taxpayer subject to an agreement under this section fails to meet or comply with any condition or requirement set forth in the agreement, the tax credit authority may amend the agreement to reduce the percentage of the exemption or term during which the exemption applies to the computer data center equipment used or to be used by the noncompliant taxpayer at an eligible computer data center. The reduction of the percentage or term may take effect in the current calendar year.

(H) Financial statements and other information submitted to the department of development services or the tax credit authority by an applicant for or recipient of an exemption under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax exemption agreements under this section. Upon the request of the tax commissioner, the chairperson of the authority shall provide to the tax commissioner any statement or other information submitted by an applicant for or recipient of an exemption under this section. The tax commissioner shall preserve the confidentiality of the statement or other information.
(I) The tax commissioner shall issue a direct payment permit under section 5739.031 of the Revised Code to each taxpayer subject to an agreement under this section. Such direct payment permit shall authorize the taxpayer to pay any sales and use taxes due on purchases of computer data center equipment used or to be used in an eligible computer data center and to pay any sales and use taxes due on purchases of tangible personal property or taxable services other than computer data center equipment used or to be used in an eligible computer data center directly to the tax commissioner. Each such taxpayer shall pay pursuant to such direct payment permit all sales tax levied on such purchases under sections 5739.02, 5739.021, 5739.023, and 5739.026 of the Revised Code and all use tax levied on such purchases under sections 5741.02, 5741.021, 5741.022, and 5741.023 of the Revised Code, consistent with the terms of the agreement entered into under this section.

During the term of an agreement under this section each taxpayer subject to the agreement shall submit to the tax commissioner a return that shows the amount of computer data center equipment purchased for use at the eligible computer data center, the amount of tangible personal property and taxable services other than computer data center equipment purchased for use at the eligible computer data center, the amount of tax under Chapter 5739. or 5741. of the Revised Code that would be due in the absence of the agreement under this section, the exemption percentage for computer data center equipment specified in the agreement, and the amount of tax due under Chapter 5739. or 5741. of the Revised Code as a result of the agreement under this section. Each such taxpayer shall pay the tax shown on the return to be due in the manner and at the times as may be further prescribed by the tax commissioner. Each such taxpayer shall include a copy of the director of development services' certificate of verification issued under division (E)(6) of this
section. Failure to submit a copy of the certificate with the return does not invalidate the claim for exemption if the taxpayer submits a copy of the certificate to the tax commissioner within the time prescribed by section 5703.0510 of the Revised Code.

(J) If the director of development services determines that one or more taxpayers received an exemption from taxes due on the purchase of computer data center equipment purchased for use at a computer data center that no longer complies with the requirement under division (E)(3) of this section, the director shall notify the tax credit authority and, if applicable, the taxpayer that applied to enter the agreement for the exemption under division (C) of this section of the noncompliance. After receiving such a notice, and after giving each taxpayer subject to the agreement an opportunity to explain the noncompliance, the authority may terminate the agreement and require each such taxpayer to pay to the state all or a portion of the taxes that would have been owed in regards to the exempt equipment in previous years, all as determined under rules adopted pursuant to division (K) of this section. In determining the portion of the taxes that would have been owed on the previously exempted equipment to be paid to this state by a taxpayer, the authority shall consider the effect of market conditions on the eligible computer data center, whether the taxpayer continues to maintain other operations in this state, and, with respect to agreements involving multiple taxpayers, the taxpayer's level of responsibility for the noncompliance. After making the determination, the authority shall certify to the tax commissioner the amount to be paid by each taxpayer subject to the agreement. The tax commissioner shall make an assessment for that amount against each such taxpayer under Chapter 5739. or 5741. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the tax commissioner shall make the assessment within one year after the date the authority certifies to the tax commissioner the
amount to be paid by the taxpayer.

(K) The director of development services, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax exemptions under this section to be charged fees to cover administrative costs incurred in the administration of this section. The fees collected shall be credited to the tax incentives operating fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the first day of August of each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax exemption authorized under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the eligible computer data center that is the subject of each such agreement, and an update on the status of eligible computer data centers under agreements entered into before the preceding calendar year.

(M) A taxpayer may be made a party to an existing agreement entered into under this section by the tax credit authority and another taxpayer or group of taxpayers. In such a case, the taxpayer shall be entitled to all benefits and bound by all obligations contained in the agreement and all requirements described in this section. When an agreement includes multiple taxpayers, each taxpayer shall be entitled to a direct payment permit as authorized in division (I) of this section.

The director shall review applications in the order in which applications are received.

(C)(1) Subject to division (C)(2) of this section, if the director determines that the applicant qualifies for a credit under this section, the director shall issue, within twenty days after the receipt of a complete application under division (B) of this section, a tax credit certificate to the taxpayer identified with a unique number and listing the amount of credit the director determines the taxpayer is eligible to claim for the taxable year.

Sec. 122.85.  (A) As used in this section and in sections 5726.55, 5733.59, 5747.66, and 5751.54 of the Revised Code:

(1) "Tax credit-eligible production" means a motion picture production certified by the director of development services under division (B) of this section as qualifying the motion picture company for a tax credit under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code before July 1, 2019.

(2) "Certificate owner" means a motion picture company to which a tax credit certificate is issued or a person to which the company has transferred under division (H)(G) of this section the authority to claim all or a part of the tax credit authorized by that certificate.

(B) For the purpose of encouraging and developing a strong film industry in this state, the director of development services may certify a motion picture produced by a motion picture company as a tax credit-eligible production. In the case of a television series, the director may certify the production of each episode of the series as a separate tax credit-eligible production. A motion picture company shall apply for certification of a motion picture as a tax credit-eligible production on a form and in the manner prescribed by the director. Each application shall include the following information:

(14) Any other information considered necessary by the director.

Within ninety days after certification of a motion picture as a tax credit-eligible production, and any time thereafter upon the request of the director of development services, the motion picture company shall present to the director sufficient evidence of reviewable progress. If the motion picture company fails to
present sufficient evidence, the director may rescind the certification. Upon rescission, the director shall notify the applicant that the certification has been rescinded. Nothing in this section prohibits an applicant whose tax credit-eligible production certification has been rescinded from submitting a subsequent application for certification.

(C)(1) A motion picture company whose motion picture has been certified as a tax credit-eligible production before July 1, 2019, may apply to the director of development services on or after July 1, 2009, for a refundable credit against the tax imposed by section 5726.02, 5733.06, 5747.02, or 5751.02 of the Revised Code. The director in consultation with the tax commissioner shall prescribe the form and manner of the application and the information or documentation required to be submitted with the application.

The credit is determined as follows:

(a) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is less than or equal to three hundred thousand dollars, no credit is allowed;

(b) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is greater than three hundred thousand dollars, the credit equals thirty per cent of the least of such budgeted or actual eligible expenditure amounts.

(2) Except as provided in division (C)(B)(4) of this section, if the director of development services approves a motion picture
company's application for a credit, the director shall issue a tax 3790
credit certificate to the company. The director in consultation 3791
with the tax commissioner shall prescribe the form and manner of 3792
issuing certificates. The director shall assign a unique 3793
identifying number to each tax credit certificate and shall record 3794
the certificate in a register devised and maintained by the 3795
director for that purpose. The certificate shall state the amount 3796
of the eligible production expenditures on which the credit is 3797
based and the amount of the credit. Upon the issuance of a 3798
certificate, the director shall certify to the tax commissioner 3799
the name of the applicant, the amount of eligible production 3800
expenditures shown on the certificate, and any other information 3801
required by the rules adopted to administer this section.

(3) The amount of eligible production expenditures for which 3803
a tax credit may be claimed is subject to inspection and 3804
examination by the tax commissioner or employees of the 3805
commissioner under section 5703.19 of the Revised Code and any 3806
other applicable law. Once the eligible production expenditures 3807
are finally determined under section 5703.19 of the Revised Code 3808
and division (D) of this section, the credit amount is not subject 3809
to adjustment unless the director determines an error was 3810
committed in the computation of the credit amount.

(4) No tax credit certificate may be issued before the 3812
completion of the tax credit-eligible production. Not more than 3813
forty million dollars of tax credit may be allowed per fiscal year 3814
beginning July 1, 2016, and before July 1, 2019, provided that, 3815
for any fiscal year in which the amount of tax credits allowed 3816
under this section is less than that maximum annual amount, the 3817
amount not allowed for that fiscal year shall be added to the 3818
maximum annual amount that may be allowed for the following fiscal 3819
year.

(5) In approving applications for tax credits under this 3821
section, the director shall give priority to tax-credit eligible productions that are television series or miniseries.

(C) A motion picture company whose motion picture has been certified as a tax credit-eligible production shall engage, at the company's expense, an independent certified public accountant to examine the company's production expenditures to identify the expenditures that qualify as eligible production expenditures. The certified public accountant shall issue a report to the company and to the director of development services certifying the company's eligible production expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible production expenditure. If the director disallows an expenditure, the director shall issue a written notice to the motion picture production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine finally the lesser of the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures for the purpose of computing the amount of the credit.

(D) No credit shall be allowed under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless the director has reviewed the report and made the determination prescribed by division (C) of this section.

(E) This state reserves the right to refuse the use of this state's name in the credits of any tax credit-eligible motion picture production.

(F)(1) The director of development services in consultation with the tax commissioner shall adopt rules for the administration of this section, including rules setting forth and
governing the criteria for determining whether a motion picture production is a tax credit-eligible production; activities that constitute the production of a motion picture; reporting sufficient evidence of reviewable progress; expenditures that qualify as eligible production expenditures; a competitive process for approving credits; consideration of geographic distribution of credits; and implementation of the program described in division (H) of this section. The rules shall be adopted under Chapter 119. of the Revised Code.

(2) To cover the administrative costs of the program, the director shall require each applicant to pay an application fee equal to the lesser of ten thousand dollars or one per cent of the estimated value of the tax credit as stated in the application. The fees collected shall be credited to the tax incentives operating fund created in section 122.174 of the Revised Code. All grants, gifts, fees, and contributions made to the director for marketing and promotion of the motion picture industry within this state shall also be credited to the fund.

(H)(G)(1) After the director of development services makes the determination required under division (D)(C) of this section, a motion picture company to which a tax credit certificate is issued may transfer the authority to claim all or a portion of the amount of the tax credit the motion picture company is authorized to claim pursuant to that certificate under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code to one or more other persons. Within thirty days after a transfer under this division, the motion picture company shall submit the following information to the director, on a form prescribed by the director:

(a) Information necessary for the director to identify the certificate that is the basis for the transfer;

(b) The portion or amount of the tax credit transferred to each transferee;
(c) The portion or amount of the tax credit that the motion picture company retains the authority to claim;

(d) The tax identification number of each transferee;

(e) The date of the transfer;

(f) Any other information required by the director;

(g) Any information required by the tax commissioner.

The director shall deliver a copy of any submission received under division (G)(1) of this section to the tax commissioner.

(2) A transferee may not claim a credit under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless and until the transferring motion picture company complies with division (G)(1) of this section. A transferee may claim the transferred amount of any credit or portion of a credit for the same taxable year or tax period for which the transferring motion picture company was authorized to claim the credit or portion of a credit pursuant to the certificate. A motion picture company shall make no transfer under division (G)(1) of this section after the last day of the tax period or taxable year for which the motion picture company is required to claim the credit pursuant to the certificate.

A motion picture company may make not more than one transfer under division (G)(1) of this section for each tax credit certificate, but pursuant to that transaction, may allocate the authority to claim a portion of the credit to more than one transferee. A motion picture company may not authorize more than one transferee to claim the same portion of a credit.

(H) The director of development services shall establish a program for the training of Ohio residents who are or wish to be employed in the film or multimedia industry. Under the program, the director shall:
(1) Certify individuals as film and multimedia trainees. In order to receive such a certification, an individual must be an Ohio resident, have participated in relevant on-the-job training or have completed a relevant training course approved by the director, and have met any other requirements established by the director.

(2) Accept applications from motion picture companies that intend to hire and provide on-the-job training to one or more certified film and multimedia trainees who will be employed in the company's tax credit-eligible production.

(3) Upon completion of a tax-credit eligible production, and upon the receipt of any salary information and other documentation required by the director, authorize a reimbursement payment to each motion picture company whose application was approved under division (H)(2) of this section. The payment shall equal fifty per cent of the salaries paid to film and multimedia trainees employed in the production.

If a public record contains information that is exempt from the duty to permit public inspection or to copy the public record, the public office or the person responsible for the public record shall make available all of the information within the public record that is not exempt. When making that public record available for public inspection or copying that public record, the public office or the person responsible for the public record shall notify the requester of any redaction or make the redaction plainly visible. A redaction shall be deemed a denial of a request to inspect or copy the redacted information, except if federal or state law authorizes or requires a public office to make the redaction.
(2) To facilitate broader access to public records, a public office or the person responsible for public records shall organize and maintain public records in a manner that they can be made available for inspection or copying in accordance with division (B) of this section. (4) Unless specifically required or authorized by state or federal law or in accordance with division (B) of this section, no public office or person responsible for public records may limit or condition the availability of public records by requiring disclosure of the requester's identity or the intended use of the

(5) A public office or person responsible for public records may ask a requester to make the request in writing, may ask for the requester's identity, and may inquire about the intended use of the information requested, but may do so only after disclosing to the requester that a written request is not mandatory, that the requester may decline to reveal the requester's identity or the intended use, and when a written request or disclosure of the identity or intended use would benefit the requester by enhancing the ability of the public office or person responsible for public records to identify, locate, or deliver the public records sought by the requester.

The public office or person responsible for the public record may require the person making the request to pay in advance the cost of postage if the copy is transmitted by United States mail or the cost of delivery if the copy is transmitted other than by United States mail, and to pay in advance the costs incurred for other supplies used in the mailing, delivery, or transmission.

its public records on a web site that is fully accessible to and
searchable by members of the public at all times, other than

maintenance, and that charges no fee to search, access, download,
or otherwise receive records provided on the web site, may limit
to ten per month the number of records requested by a person that
the office will deliver in a digital format, unless the requested
records are not provided on the web site and unless the person
certifies to the office in writing that the person does not intend
to use or forward the requested records, or the information
contained in them, for commercial purposes.

(iii) For purposes of division (B)(7) of this section,
"commercial" shall be narrowly construed and does not include
reporting or gathering news, reporting or gathering information to
assist citizen oversight or understanding of the operation or
activities of government, or nonprofit educational research.

(8) A public office or person responsible for public records
is not required to permit a person who is incarcerated pursuant to
a criminal conviction or a juvenile adjudication to inspect or to
obtain a copy of any public record concerning a criminal
investigation or prosecution or concerning what would be a
criminal investigation or prosecution if the subject of the
investigation or prosecution were an adult, unless the request to
inspect or to obtain a copy of the record is for the purpose of
acquiring information that is subject to release as a public
record under this section and the judge who imposed the sentence
or made the adjudication with respect to the person, or the
judge's successor in office, finds that the information sought in
the public record is necessary to support what appears to be a
justiciable claim of the person.

(9)(a) Upon written request made and signed by a journalist,
a public office, or person responsible for public records, having

The request shall include the journalist's name and title and the name and address of the journalist's employer and shall state that disclosure of the information sought would be in the public interest.

(b) Division (B)(9)(a) of this section also applies to journalist requests for:

(i) Customer information maintained by a municipally owned or operated public utility, other than social security numbers and any private financial information such as credit reports, payment methods, credit card numbers, and bank account information;

(ii) Information about minors involved in a school vehicle accident as provided in division (A)(1)(gg) of this section, other than personal information as defined in section 149.45 of the Revised Code.

(c) As used in division (B)(9) of this section, "journalist" means a person engaged in, connected with, or employed by any news medium, including a newspaper, magazine, press association, news agency, or wire service, a radio or television station, or a similar medium, for the purpose of gathering, processing, transmitting, compiling, editing, or disseminating information for the general public.

(10) Upon a request made by a victim, victim's attorney, or victim's representative, as that term is used in section 2930.02 of the Revised Code, a public office or person responsible for
public records shall transmit a copy of a depiction of the victim
as described in division (A)(1)(gg) of this section to the victim,
victim's attorney, or victim's representative.

(C)(1) If a person allegedly is aggrieved by the failure of a
public office or the person responsible for public records to
promptly prepare a public record and to make it available to the
person for inspection in accordance with division (B) of this
section or by any other failure of a public office or the person
responsible for public records to comply with an obligation in
accordance with division (B) of this section, the person allegedly
aggrieved may do only one of the following, and not both:

(a) File a complaint with the clerk of the court of claims or
the clerk of the court of common pleas under section 2743.75 of
the Revised Code;

(b) Commence a mandamus action to obtain a judgment that
orders the public office or the person responsible for the public
record to comply with division (B) of this section, that awards
court costs and reasonable attorney's fees to the person that
instituted the mandamus action, and, if applicable, that includes
an order fixing statutory damages under division (C)(2) of this
section. The mandamus action may be commenced in the court of
common pleas of the county in which division (B) of this section
allegedly was not complied with, in the supreme court pursuant to
its original jurisdiction under Section 2 of Article IV, Ohio
Constitution, or in the court of appeals for the appellate
district in which division (B) of this section allegedly was not
complied with pursuant to its original jurisdiction under Section
3 of Article IV, Ohio Constitution.

(2) If a requester transmits a written request by hand
delivery, electronic submission, or certified mail to inspect or
receive copies of any public record in a manner that fairly
describes the public record or class of public records to the
public office or person responsible for the requested public records, except as otherwise provided in this section, the requester shall be entitled to recover the amount of statutory damages set forth in this division if a court determines that the public office or the person responsible for public records failed to comply with an obligation in accordance with division (B) of this section.

The amount of statutory damages shall be fixed at one hundred dollars for each business day during which the public office or person responsible for the requested public records failed to comply with an obligation in accordance with division (B) of this section, beginning with the day on which the requester files a mandamus action to recover statutory damages, up to a maximum of one thousand dollars. The award of statutory damages shall not be construed as a penalty, but as compensation for injury arising from lost use of the requested information. The existence of this injury shall be conclusively presumed. The award of statutory damages shall be in addition to all other remedies authorized by this section.

The court may reduce an award of statutory damages or not award statutory damages if the court determines both of the following:

(a) That, based on the ordinary application of statutory law and case law as it existed at the time of the conduct or threatened conduct of the public office or person responsible for the requested public records that allegedly constitutes a failure to comply with an obligation in accordance with division (B) of this section and that was the basis of the mandamus action, a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records did not constitute a failure to
comply with an obligation in accordance with division (B) of this section;

(b) That a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(3) In a mandamus action filed under division (C)(1) of this section, the following apply:

(a)(i) If the court orders the public office or the person responsible for the public record to comply with division (B) of this section, the court shall determine and award to the relator all court costs, which shall be construed as remedial and not punitive.

(ii) If the court makes a determination described in division (C)(3)(b)(iii) of this section, the court shall determine and award to the relator all court costs, which shall be construed as remedial and not punitive.

(b) If the court renders a judgment that orders the public office or the person responsible for the public record to comply with division (B) of this section or if the court determines any of the following, the court may award reasonable attorney's fees to the relator, subject to division (C)(4) of this section:

(i) The public office or the person responsible for the public records failed to respond affirmatively or negatively to the public records request in accordance with the time allowed under division (B) of this section.

(ii) The public office or the person responsible for the public records promised to permit the relator to inspect or receive copies of the public records requested within a specified
period of time but failed to fulfill that promise within that specified period of time.

(iii) The public office or the person responsible for the public records acted in bad faith when the office or person voluntarily made the public records available to the relator for the first time after the relator commenced the mandamus action, but before the court issued any order concluding whether or not the public office or person was required to comply with division (B) of this section. No discovery may be conducted on the issue of the alleged bad faith of the public office or person responsible for the public records. This division shall not be construed as creating a presumption that the public office or the person responsible for the public records acted in bad faith when the office or person voluntarily made the public records available to the relator for the first time after the relator commenced the mandamus action, but before the court issued any order described in this division.

(c) The court shall not award attorney's fees to the relator if the court determines both of the following:

(i) That, based on the ordinary application of statutory law and case law as it existed at the time of the conduct or threatened conduct of the public office or person responsible for the requested public records that allegedly constitutes a failure to comply with an obligation in accordance with division (B) of this section and that was the basis of the mandamus action, a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records did not constitute a failure to comply with an obligation in accordance with division (B) of this section;

(ii) That a well-informed public office or person responsible
for the requested public records reasonably would believe that the
conduct or threatened conduct of the public office or person
responsible for the requested public records would serve the
public policy that underlies the authority that is asserted as
permitting that conduct or threatened conduct.

(4) All of the following apply to any award of reasonable
attorney's fees awarded under division (C)(3)(b) of this section:

(a) The fees shall be construed as remedial and not punitive.

(b) The fees awarded shall not exceed the total of the
reasonable attorney's fees incurred before the public record was
made available to the relator and the fees described in division
(C)(4)(c) of this section.

(c) Reasonable attorney's fees shall include reasonable fees
incurred to produce proof of the reasonableness and amount of the
fees and to otherwise litigate entitlement to the fees.

(d) The court may reduce the amount of fees awarded if the
court determines that, given the factual circumstances involved
with the specific public records request, an alternative means
should have been pursued to more effectively and efficiently
resolve the dispute that was subject to the mandamus action filed
under division (C)(1) of this section.

(5) If the court does not issue a writ of mandamus under
division (C) of this section and the court determines at that time
that the bringing of the mandamus action was frivolous conduct as
defined in division (A) of section 2323.51 of the Revised Code,
the court may award to the public office all court costs,
expenses, and reasonable attorney's fees, as determined by the
court.

(D) Chapter 1347. of the Revised Code does not limit the
provisions of this section.
(E)(1) To ensure that all employees of public offices are appropriately educated about a public office's obligations under division (B) of this section, all elected officials or their appropriate designees shall attend training approved by the attorney general as provided in section 109.43 of the Revised Code. A future official may satisfy the requirements of this division by attending the training before taking office, provided that the future official may not send a designee in the future official's place.

(2) All public offices shall adopt a public records policy in compliance with this section for responding to public records requests. In adopting a public records policy under this division, a public office may obtain guidance from the model public records policy developed and provided to the public office by the attorney general under section 109.43 of the Revised Code. Except as otherwise provided in this section, the policy may not limit the number of public records that the public office will make available to a single person, may not limit the number of public records that it will make available during a fixed period of time, and may not establish a fixed period of time before it will respond to a request for inspection or copying of public records, unless that period is less than eight hours.

The public office shall distribute the public records policy adopted by the public office under this division to the employee of the public office who is the records custodian or records manager or otherwise has custody of the records of that office. The public office shall require that employee to acknowledge receipt of the copy of the public records policy. The public office shall create a poster that describes its public records policy and shall post the poster in a conspicuous place in the public office and in all locations where the public office has branch offices. The public office may post its public records
policy on the internet web site of the public office if the public
office maintains an internet web site. A public office that has
established a manual or handbook of its general policies and
procedures for all employees of the public office shall include
the public records policy of the public office in the manual or
handbook.

year. The rules may include provisions for charges to be made for
bulk commercial special extraction requests for the actual cost of
the bureau, plus special extraction costs, plus ten per cent. The

release of which is prohibited by law.

than the format already available, or information that cannot be
extracted without examination of all items in a records series,
class of records, or database by a person who intends to use or
forward the copies for surveys, marketing, solicitation, or resale
for commercial purposes. "Bulk commercial special extraction
request" does not include a request by a person who gives
assurance to the bureau that the person making the request does
not intend to use or forward the requested copies for surveys,
marketing, solicitation, or resale for commercial purposes.
(c) "Commercial" means profit-seeking production, buying, or selling of any good, service, or other product.

"Special extraction costs" include any charges paid to a public agency for computer or records services.

(3) For purposes of divisions (F)(1) and (2) of this section, "surveys, marketing, solicitation, or resale for commercial purposes" shall be narrowly construed and does not include reporting or gathering news, reporting or gathering information to assist citizen oversight or understanding of the operation or activities of government, or nonprofit educational research.

The defendant, counsel of the defendant, or agent of the defendant making a request under this division shall serve a copy of the request on the prosecuting attorney, director of law, or other chief legal officer responsible for prosecuting the action.

(H)(1) Any portion of a body-worn camera or dashboard camera recording described in divisions (A)(17)(b) to (h) of this section may be released by consent of the subject of the recording or a representative of that person, as specified in those divisions, only if either of the following applies:

(a) The recording will not be used in connection with any
probable or pending criminal proceedings;

(b) The recording has been used in connection with a criminal proceeding that was dismissed or for which a judgment has been entered pursuant to Rule 32 of the Rules of Criminal Procedure, and will not be used again in connection with any probable or pending criminal proceedings.

(2) If a public office denies a request to release a restricted portion of a body-worn camera or dashboard camera recording, as defined in division (A)(17) of this section, any person may file a mandamus action pursuant to this section or a complaint with the clerk of the court of claims pursuant to section 2743.75 of the Revised Code, requesting the court to order the release of all or portions of the recording. If the court considering the request determines that the filing articulates by clear and convincing evidence that the public interest in the recording substantially outweighs privacy interests and other interests asserted to deny release, the court shall order the public office to release the recording.

The hearing shall be conducted in accordance with Chapter 119. of the Revised Code. If the contractor does not respond with a request for a hearing in the manner specified in Chapter 119. of the Revised Code, the executive director shall issue the debarment decision without a hearing and shall notify the contractor of the decision by certified mail, return receipt requested.

After the debarment period expires, the contractor may be eligible to bid for and participate in such contracts if the vendor is not otherwise debarred.

(E) The executive director shall maintain a list of all contractors currently debarred under this section. Any governmental entity awarding a contract for construction of a public improvement or project may use a contractor's presence on the debarment list to determine whether a contractor is responsible or best under section 9.312 or any other section of the Revised Code in the award of a contract.

(c) That the applicant or employee is included in one or more of the databases, if any, specified in rules adopted under this section and the rules prohibit the responsible party from employing an applicant or continuing to employ an employee included in such a database in a position that involves providing ombudsman services to residents and recipients.

(2) After the applicant or employee is provided, pursuant to division (E)(2)(a) of this section, a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and the standard impression sheet prescribed pursuant to division (C)(2) of that section, the applicant or employee fails to complete the form or provide the applicant's or employee's fingerprint impressions on the standard impression sheet.

(3) Unless the applicant or employee meets standards specified in rules adopted under this section, the applicant or employee is found by a criminal records check required by this
section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(C) A responsible party or a responsible party's designee shall inform each applicant of both of the following at the time of the applicant's initial application for employment in a position that involves providing ombudsman services to residents and recipients:

(1) That a review of the databases listed in division (D) of this section will be conducted to determine whether the responsible party is prohibited by division (B)(1) of this section from employing the applicant in the position;

If rules adopted under this section so require, the responsible party or designee shall request that the superintendent conduct a criminal records check of an employee at times specified in the rules as a condition of the responsible party continuing to employ the employee in a position that involves providing ombudsman services to residents and recipients. However, the responsible party or designee is not
required to request the criminal records check of the applicant or employee if the responsible party is prohibited by division (B)(1) of this section from employing the applicant or continuing to employ the employee in a position that involves providing ombudsman services to residents and recipients. If an applicant or employee for whom a criminal records check request is required by this section does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant or employee from the federal bureau of investigation in a criminal records check, the responsible party or designee shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof of having been a resident of this state for the five-year period, the responsible party or designee may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(2) A responsible party or designee shall do all of the following:

(F)(1) A responsible party may employ conditionally an applicant for whom a criminal records check is required by this section prior to obtaining the results of the criminal records check if both of the following apply:

(a) The responsible party is not prohibited by division (B)(1) of this section from employing the applicant in a position that involves providing ombudsman services to residents and recipients;

(b) The responsible party or designee requests the criminal records check in accordance with division (E) of this section not later than five business days after the applicant begins conditionally employing the applicant.

(2) A responsible party shall terminate the employment of an applicant employed conditionally under division (F)(1) of this section if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the responsible party shall terminate the applicant's employment.
unless the applicant meets standards specified in rules adopted
under this section that permit the responsible party to employ the
applicant and the responsible party chooses to employ the
applicant. Termination of employment under this division shall be
considered just cause for discharge for purposes of division
(D)(2) of section 4141.29 of the Revised Code if the applicant
makes any attempt to deceive the responsible party or designee
about the applicant's criminal record.

(G) The report of any criminal records check conducted

this section;

(1) If the responsible party employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the responsible party shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.

(2) If the responsible party employed the applicant in good faith on a conditional basis pursuant to division (F) of this section, the responsible party shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.

(3) If the responsible party in good faith employed the applicant or employee because the applicant or employee meets standards specified in rules adopted under this section, the responsible party shall not be found negligent solely because the applicant or employee has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(I) The state long-term care ombudsman may not act as the director of aging's designee for the purpose of this section. The head of a regional long-term care ombudsman program may not act as the regional program's designee for the purpose of this section if the head is the employee for whom a database review or criminal
records check is being conducted.

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of,
pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the responsible party when the employment service receives the results.

(2) If a responsible party employs an applicant conditionally pursuant to division (H)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the responsible party.

(3) A responsible party that employs an applicant conditionally pursuant to division (H)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the responsible party shall terminate the applicant's employment unless the applicant meets standards specified in rules adopted under this section that permit the responsible party to employ the applicant and the responsible party chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant

makes any attempt to deceive the responsible party about the applicant's criminal record.

    (I) The report of any criminal records check conducted pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

    (1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

    (2) The chief administrator of the responsible party requesting the criminal records check or the administrator's representative;

an applicant or employee the employment service refers to a provider or subcontractor that also is a waiver agency;

(c) The criminal records check is requested by a consumer who is acting as a responsible party.

(7) A court, hearing officer, or other necessary individual involved in a case dealing with any of the following:

A person who files a complaint under this division also may file with the commission information relative to the complaint.

(B) Upon the filing of a complaint under division (A) of this section or upon its own initiative, the commission may establish an organized crime task force to investigate organized criminal activity in a single county or in two or more counties if it determines, based upon the complaint filed and the information
relative to it or based upon any information that it may have received, that there is reason to believe that organized criminal activity has occurred and continues to occur in that county or in each of those counties. The commission shall not establish an organized crime task force to investigate organized criminal activity in any single county unless it makes the determination required under this division relative to that county and shall not establish an organized crime task force to investigate organized criminal activity in two or more counties unless it makes the determination required under this division relative to each of those counties. The commission, at any time, may terminate an organized crime task force it has established under this section.

No person shall be appointed as task force director without the person's consent and, if applicable, the consent of the person's employing sheriff or law enforcement agency or of the superintendent of the bureau of criminal identification and investigation if the person is an employee of the bureau. Upon appointment of a task force director, the commission shall meet with the director and establish the scope and limits of the investigation to be conducted by the task force and the size of the task force investigatory staff to be appointed by the task force director. The commission, at any time, may remove a task force director appointed under this division and may replace any director so removed according to the guidelines.
for the initial appointment of a director.

(2) A task force director appointed under this section shall assemble a task force investigatory staff, of a size determined by the commission and the director, to conduct the investigation. Unless it appears to the commission and the director, based upon the complaint filed and any information relative to it or based upon any information that the commission may have received, that there is reason to believe that the office of the prosecuting attorney of the county or one of the counties served by the task force is implicated in the organized criminal activity to be investigated, one member of the investigatory staff shall be the prosecuting attorney or an assistant prosecuting attorney of the county or one of the counties served by the task force. (D)(1) A task force investigatory staff, during the period of the investigation for which it is assembled, is responsible only to the task force director and shall operate under the direction and control of the task force director. Any necessary and actual expenses incurred by a task force director or investigatory staff, including any such expenses incurred for food, lodging, or travel, and any other necessary and actual expenses of an investigation into organized criminal activity conducted by a task force, shall be paid by the commission. For

(2) For purposes of workers' compensation and the allocation of liability for any death, injury, or damage they may cause in the performance of their duties, a task force director and investigatory staff, during the period of the investigation for which the task force is assembled, shall be considered to be employees of the commission and of the state. (3) For purposes of compensation, pension or indemnity fund rights, and other rights and benefits to which they may be entitled, a task force director and investigatory staff, during the period of the performance of their duties as director and investigatory staff, shall be considered to be performing their duties in their normal capacity as prosecuting attorney, assistant prosecuting attorney, sheriff, deputy sheriff, chief law enforcement officer or member of a law enforcement agency of a municipal corporation or township, or agent of the bureau of criminal identification and investigation.

The commission may reimburse a political subdivision for any costs incurred under division (D)(3) of this section resulting from the payment of any compensation, rights, or benefits as described in that division from the organized crime commission fund created in section 177.011 of the Revised Code.

(E) Except as provided in this division, upon the establishment of a task force, the commission shall provide the prosecuting attorney of each of the counties served by the task force with written notice that the task force has been established to investigate organized criminal activity in that county. Such notice shall not be provided to a prosecuting attorney if it appears to the commission, based upon the complaint filed and any information relative to it or based upon any information that the commission may have received, that there is reason to believe that the office of that prosecuting attorney is implicated in the organized criminal activity to be investigated.

(F) The filing of a complaint alleging organized criminal activity, the establishment of an organized crime task force, the appointment of a task force director and the identity of the task force director, the assembly of an investigatory staff and the identity of its members, the conduct of an investigation into organized criminal activity, and the identity of any person who is...
being or is expected to be investigated by the task force shall be kept confidential by the commission and its director and employees, and by the task force and its director, investigatory staff, and employees until an indictment is returned or a criminal action or proceeding is initiated in a court of proper jurisdiction.

(G) For purposes of divisions (C) and (E) of this section, the office of a prosecuting attorney shall be considered as being implicated in organized criminal activity only if the prosecuting attorney, one or more of the prosecuting attorney's assistants, or one or more of the prosecuting attorney's employees has committed or attempted or conspired to commit, is committing or attempting or conspiring to commit, or has engaged in or is engaging in complicity in the commission of, organized criminal activity.

However, if federal funding becomes available for this purpose, the department shall utilize the federal funding and the appropriations from the trust fund shall be used for the other purposes authorized by this section. If the federal program requires seniors described by this division to pay a premium or copayment to obtain medication or oxygen, the director of health shall recommend to the general assembly whether this division's set-aside of five per cent of the appropriations from the trust fund should be used to pay such premiums or copayments. As used in this division, "federal poverty guidelines" has the same meaning as in section 5101.46 of the Revised Code.

Sec. 319.302. (A)(1) Real property that is not intended primarily for use in a business activity shall qualify for a partial exemption from real property taxation. For purposes of this partial exemption, "business activity" includes all uses of real property, except farming; leasing property for farming; occupying or holding property improved with single-family, two-family, or three-family dwellings; leasing property improved with single-family, two-family, or three-family dwellings; or holding vacant land that the county auditor determines will be used for farming or to develop single-family, two-family, or three-family dwellings. For purposes of this partial exemption, "farming" does not include land used for the commercial production of timber that is receiving the tax benefit under section 5713.23 or 5713.31 of the Revised Code and all improvements connected with
such commercial production of timber.

(2) Each year, the county auditor shall review each parcel of real property to determine whether it qualifies for the partial exemption provided for by this section as of the first day of January of the current tax year.

(B) After complying with section 319.301 of the Revised Code, the county auditor shall reduce the remaining sums to be levied by qualifying levies against each parcel of real property that is listed on the general tax list and duplicate of real and public utility property for the current tax year and that qualifies for partial exemption under division (A) of this section, and against each manufactured and mobile home that is taxed pursuant to division (D)(2) of section 4503.06 of the Revised Code and that is on the manufactured home tax list for the current tax year, by ten per cent, to provide a partial exemption for that parcel or home. For the purposes of this division:

(1) "Qualifying levy" means a levy approved at an election held before September 29, 2013; a levy within the ten-mill limitation; a levy provided for by the charter of a municipal corporation that was levied on the tax list for tax year 2013; a subsequent renewal of any such levy; or a subsequent substitute for such a levy under section 5705.199 of the Revised Code.

(C) Except as otherwise provided in sections 323.152, 323.158, 323.16, 505.06, and 715.263 of the Revised Code, the amount of the taxes remaining after any such reduction shall be the real and public utility property taxes charged and payable on each parcel of real property, including property that does not qualify for partial exemption under division (A) of this section,
and the manufactured home tax charged and payable on each manufactured or mobile home, and shall be the amounts certified to the county treasurer for collection. Upon receipt of the real and public utility property tax duplicate, the treasurer shall certify to the tax commissioner the total amount by which the real property taxes were reduced under this section, as shown on the duplicate. Such reduction shall not directly or indirectly affect the determination of the principal amount of notes that may be issued in anticipation of any tax levies or the amount of bonds or notes for any planned improvements. If after application of sections 5705.31 and 5705.32 of the Revised Code and other applicable provisions of law, including divisions (F) and (I) of section 321.24 of the Revised Code, there would be insufficient funds for payment of debt charges on bonds or notes payable from taxes reduced by this section, the reduction of taxes provided for in this section shall be adjusted to the extent necessary to provide funds from such taxes.

(D) The tax commissioner may adopt rules governing the administration of the partial exemption provided for by this section.

(E) The determination of whether property qualifies for partial exemption under division (A) of this section is solely for the purpose of allowing the partial exemption under division (B) of this section.

Sec. 321.24. (A) On or before the fifteenth day of February, in each year, the county treasurer shall settle with the county auditor for all taxes and assessments that the treasurer has collected on the general duplicate of real and public utility property at the time of making the settlement. If the county treasurer has made or will make advance payments to the several taxing districts of current year unpaid taxes under section 7881
321.341 of the Revised Code before collecting them, the county treasurer shall take the advance payments into account for purposes of the settlement with the county auditor under this division.

(B) On or before the thirtieth day of June, in each year, the treasurer shall settle with the auditor for all advance payments of general personal and classified property taxes that the treasurer has received at the time of making the settlement.

(C) On or before the tenth day of August, in each year, the treasurer shall settle with the auditor for all taxes and assessments that the treasurer has collected on the general duplicates of real and public utility property at the time of making such settlement, not included in the preceding February settlement. If the county treasurer has made or will make advance payments to the several taxing districts of the current year delinquent taxes under section 321.341 of the Revised Code before collecting them, the county treasurer shall take the advance payments into account for purposes of the settlement with the county auditor under this division.

(D) On or before the thirty-first day of October, in each year, the treasurer shall settle with the auditor for all taxes that the treasurer has collected on the general personal and classified property duplicates, and for all advance payments of general personal and classified property taxes, not included in the preceding June settlement, that the treasurer has received at the time of making such settlement.

(E) In the event the time for the payment of taxes is extended, pursuant to section 323.17 of the Revised Code, the date on or before which settlement for the taxes so extended must be made, as herein prescribed, shall be deemed to be extended for a like period of time. At each such settlement, the auditor shall...
allow to the treasurer, on the moneys received or collected and 7919
accounted for by the treasurer, the treasurer's fees, at the rate 7920
or percentage allowed by law, at a full settlement of the 7921
treasurer.

    (F) Within thirty days after the day of each settlement of 7922
taxes required under divisions (A) and (C) of this section, the 7923
treasurer shall certify to the tax commissioner any adjustments 7924
that have been made to the amount certified previously pursuant to 7925
section 319.302 of the Revised Code and that the settlement has 7926
been completed. Upon receipt of such certification, the 7927
commissioner shall provide for payment to the county treasurer 7928
from the general revenue fund of an amount equal to one-half of 7929
the amount certified by the treasurer in the preceding tax year 7930
under section 319.302 of the Revised Code, less the sum of (1) 7931
one-half of the amount computed for all taxing districts in that 7932
county for the current fiscal year under section 5703.80 of the 7933
Revised Code for crediting to the property tax administration fund 7934
and (2) any reduction required by the commissioner under division 7935
(D) of section 718.83 of the Revised Code. Such payment shall be 7936
credited upon receipt to the county's undivided income tax fund, 7937
and the county auditor shall transfer to the county general fund 7938
from the amount thereof the total amount of all fees and charges 7939
which the auditor and treasurer would have been authorized to 7940
receive had such section not been in effect and that amount had 7941
been levied and collected as taxes. The county auditor shall 7942
distribute the amount remaining among the various taxing districts 7943
in the county as if it had been levied, collected, and settled as 7944
real property taxes. The amount distributed to each taxing 7945
district shall be reduced by the total of the amounts computed for 7946
the district under section 5703.80 of the Revised Code, but the 7947
reduction shall not exceed the amount that otherwise would be 7948
distributed to the taxing district under this division. The amount 7949
distributed to a taxing district shall account for any reduction 7950
distributed to a taxing district shall account for any reduction 7951
required by the commissioner under division (D) of section 718.83 of the Revised Code. The tax commissioner shall make available to taxing districts such information as is sufficient for a taxing district to be able to determine the amount of the reduction in its distribution under this section.

(G)(1) Within thirty days after the day of the settlement required in division (D) of this section, the county treasurer shall notify the tax commissioner that the settlement has been completed. Upon receipt of that notification, the commissioner shall provide for payment to the county treasurer from the general revenue fund of an amount equal to the amount certified under former section 319.311 of the Revised Code and paid in the state's fiscal year 2003 multiplied by the percentage specified in division (G)(2) of this section. The payment shall be credited upon receipt to the county's undivided income tax fund, and the county auditor shall distribute the amount thereof among the various taxing districts of the county as if it had been levied, collected, and settled as personal property taxes. The amount received by a taxing district under this division shall be apportioned among its funds in the same proportion as the current year's personal property taxes are apportioned.

(2) Payments required under division (G)(1) of this section shall be made at the following percentages of the amount certified under former section 319.311 of the Revised Code and paid under division (G)(1) of this section in the state's fiscal year 2003:

(a) In fiscal year 2004, ninety per cent;
(b) In fiscal year 2005, eighty per cent;
(c) In fiscal year 2006, sixty-four per cent;
(d) In fiscal year 2007, forty per cent;
(e) In fiscal year 2008, thirty-two per cent;
(f) In fiscal year 2009, sixteen per cent.

After fiscal year 2009, no payments shall be made under division (G)(1) of this section.

(H)(1) On or before the fifteenth day of April each year, the county treasurer shall settle with the county auditor for all manufactured home taxes that the county treasurer has collected on the manufactured home tax duplicate at the time of making the settlement.

(2) On or before the fifteenth day of September each year, the county treasurer shall settle with the county auditor for all remaining manufactured home taxes that the county treasurer has collected on the manufactured home tax duplicate at the time of making the settlement.

(3) If the time for payment of such taxes is extended under section 4503.06 of the Revised Code, the time for making the settlement as prescribed by divisions (H)(1) and (2) of this section is extended for a like period of time.

(I) On or before the second Monday in September of each year, the county treasurer shall certify to the tax commissioner the total amount by which the manufactured home taxes levied in that year were reduced pursuant to section 319.302 of the Revised Code. Within ninety days after the receipt of such certification, the commissioner shall provide for payment to the county treasurer from the general revenue fund of an amount equal to the amount certified by the treasurer. Such payment shall be credited upon receipt to the county's undivided income tax fund, and the county auditor shall transfer to the county general fund from the amount thereof the total amount of all fees and charges that the auditor and treasurer would have been authorized to receive had such section not been in effect and that amount had been levied and collected as manufactured home taxes. The county auditor shall
distribute the amount remaining among the various taxing districts in the county as if it had been levied, collected, and settled as manufactured home taxes.

Sec. 323.151. As used in sections 323.151 to 323.159 of the Revised Code:

(A)(1) "Homestead" means either of the following:

(a) A dwelling, including a unit in a multiple-unit dwelling and a manufactured home or mobile home taxed as real property pursuant to division (B) of section 4503.06 of the Revised Code, owned and occupied as a home by an individual whose domicile is in this state and who has not acquired ownership from a person, other than the individual's spouse, related by consanguinity or affinity for the purpose of qualifying for the real property tax reduction provided in section 323.152 of the Revised Code.

(b) A unit in a housing cooperative that is occupied as a home, but not owned, by an individual whose domicile is in this state.

(2) The homestead shall include so much of the land surrounding it, not exceeding one acre, as is reasonably necessary for the use of the dwelling or unit as a home. An owner includes a holder of one of the several estates in fee, a vendee in possession under a purchase agreement or a land contract, a mortgagor, a life tenant, one or more tenants with a right of survivorship, tenants in common, and a settlor of a revocable or irrevocable inter vivos trust holding the title to a homestead occupied by the settlor as of right under the trust. The tax commissioner shall adopt rules for the uniform classification and valuation of real property or portions of real property as homesteads.

(B) "Sixty-five years of age or older" means a person who has
attained age sixty-four prior to the first day of January of the year of application for reduction in real estate taxes.

(C) "Total income" means Ohio modified adjusted gross income, as that term is defined in section 5747.01 of the Revised Code, of the owner and the owner's spouse for the year preceding the year in which application for a reduction in taxes is made, as determined under division (A) of section 5747.01 of the Revised Code.

(D) "Permanently and totally disabled" means that a person other than a disabled veteran has, on the first day of January of the year of application for reduction in real estate taxes, some impairment in body or mind that makes the person unable to work at any substantially remunerative employment that the person is reasonably able to perform and that will, with reasonable probability, continue for an indefinite period of at least twelve months without any present indication of recovery therefrom or has been certified as permanently and totally disabled by a state or federal agency having the function of so classifying persons.

(E) "Housing cooperative" means a housing complex of at least two units that is owned and operated by a nonprofit corporation that issues a share of the corporation's stock to an individual, entitling the individual to live in a unit of the complex, and collects a monthly maintenance fee from the individual to maintain, operate, and pay the taxes of the complex.

(F) "Disabled veteran" means a person who is a veteran of the armed forces of the United States, including reserve components thereof, or of the national guard, who has been discharged or released from active duty in the armed forces under honorable conditions, and who has received a total disability rating or a total disability rating for compensation based on individual unemployability for a service-connected disability or combination of service-connected disabilities as prescribed in Title 38, Part.

**Sec. 323.155.** The tax bill prescribed under section 323.131 of the Revised Code shall indicate the net amount of taxes due following the reductions in taxes under sections 319.301, 319.302, and 323.152, and 323.16 of the Revised Code.

Any reduction in taxes under section 323.152 of the Revised Code shall be disregarded as income or resources in determining eligibility for any program or calculating any payment under Title LI of the Revised Code.

**Sec. 323.16.** (A) As used in this section:

(1) "Qualifying child care center" means real property on which a licensed child care program operates. For purposes of this division, "licensed child care program" means a licensed child care program, as defined in section 5104.01 of the Revised Code, that meets all of the following requirements:

(a) The program only serves children under six years of age;

(b) At least twenty-five per cent of the children in the program reside in a household that receives public assistance;

(c) The program is not operated from the permanent residence of the licensee or administrator or from a location that is also used for a separate commercial purpose.

(2) "Public assistance" means benefits or assistance provided under any of the following government programs:

(a) The publicly funded child care program authorized by Chapter 5104. of the Revised Code;

(b) Medicaid.

(3) The Ohio works first program established by Chapter 5107. of the Revised Code;
(4) The supplemental nutrition assistance program administered by the department of job and family services under section 5101.54 of the Revised Code;

(5) The special supplemental nutrition program for women, infants, and children administered by the department of health under section 3701.132 of the Revised Code.

(B) A partial real property tax exemption is allowed to a qualifying child care center for each tax year for which an application for the partial exemption has been approved. The partial exemption shall take the form of a percentage reduction in the real property taxes levied on the qualifying child care center. That percentage shall equal one of the following:

(1) Twenty-five per cent, if at least twenty-five per cent, but less than fifty per cent, of the children that attend the qualifying child care center reside in a household that receives public assistance;

(2) Seventy-five per cent, if at least fifty per cent of the children that attend the qualifying child care center reside in a household that receives public assistance.

After complying with section 319.301 of the Revised Code, the county auditor shall reduce the remaining sum to be levied against a qualifying child care center by the applicable percentage. The auditor shall certify the amount of taxes remaining after the reduction to the county treasurer for collection as the real property taxes charged and payable on the qualifying child care center.

(C)(1) To obtain the partial exemption, the owner of a qualifying child care center shall file an application each year with the county auditor of the county in which the center is located. The application shall be filed on or before the thirty-first day of December of the year for which the partial
exemption is sought. The tax commissioner shall prescribe the form of the application, which shall contain a statement that conviction of willfully falsifying information to obtain the partial exemption results in the revocation of the right to the partial exemption for a period of three years.

(2) The county auditor shall approve or deny an application for the partial exemption within thirty days after receiving the application. Notification shall be provided on a form prescribed by the tax commissioner. If the application is approved, upon issuance of the notification the county auditor shall record the partial exemption in the appropriate column on the general tax list and duplicate of real and public utility property. If the application is denied, the notification shall inform the applicant of the reasons for the denial.

If an applicant believes that the application for the partial exemption has been improperly denied for a tax year, the applicant may file an appeal with the county board of revision on or before the last day of March of the ensuing tax year. The appeal shall be treated in the same manner as a complaint relating to the valuation or assessment of real property under Chapter 5715. of the Revised Code.

Sec. 341.34. (A) As used in this section, "building or structure" includes, but is not limited to, a modular unit, building, or structure and a movable unit, building, or structure.

(B)(1) The board of county commissioners of any county, by resolution, may dedicate and permit the use, as a minimum security jail, of any vacant or abandoned public building or structure owned by the county that has not been dedicated to or is not then in use for any county or other public purpose, or any building or structure rented or leased by the county. The board of county commissioners of any county, by resolution, also may dedicate and
permit the use, as a minimum security jail, of any building or
structure purchased by or constructed by or for the county.

Subject to divisions (B)(3) and (C) of this section, upon the
effective date of such a resolution, the specified building or
structure shall be used, in accordance with this section, for the
confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a
traffic violation or a misdemeanor or is sentenced to a
residential sanction in the jail for a felony of the fourth or
fifth degree pursuant to sections 2929.11 to 2929.19 of the
Revised Code, and the jail administrator or the jail
administrator's designee has classified the person as a minimal
security risk. In determining the person's classification under
this division, the administrator or designee shall consider all
relevant factors, including, but not limited to, the person's
escape risk and propensity for assaultive or violent behavior,
based upon the person's prior and current behavior.

(b) The person is charged with a traffic violation, a
misdemeanor, or a felony of the fourth or fifth degree and has had
bail set and has not been released on bail and is confined in a
county or municipal jail pending trial, and the jail administrator
or the jail administrator's designee has classified the person as
a minimal security risk. In determining the person's
classification under this division, the administrator or designee
shall consider all relevant factors, including, but not limited
to, the person's escape risk and propensity for assaultive or
violent behavior, based upon the person's prior and current
behavior. Nothing in this division authorizes the operation or
management of a minimum security jail by a private entity.

(c) The person is an inmate transferred by order of a judge
of the sentencing court upon the request of the sheriff,
administrator, jailer, or other person responsible for operating
the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(2) The board of county commissioners of any county, by resolution, may affiliate with one or more adjacent counties, or with one or more municipal corporations located within the county or within an adjacent county, and dedicate and permit the use, as a minimum security jail, of any vacant or abandoned public building or structure owned by any of the affiliating counties or municipal corporations that has not been dedicated to or is not then in use for any public purpose, or any building or structure rented or leased by any of the affiliating counties or municipal corporations. The board of county commissioners of any county, by resolution, also may affiliate with one or more adjacent counties or with one or more municipal corporations located within the county or within an adjacent county and dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for any of the affiliating counties or municipal corporations. Any counties and municipal corporations that affiliate for purposes of this division shall enter into an agreement that establishes the responsibilities for the operation and for the cost of operation of the minimum security jail. Subject to divisions (B)(3) and (C) of this section, upon the effective date of a resolution adopted under this division, the specified building or structure shall be used, in accordance with this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of an ordinance of any municipal corporation, or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and
the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.

(b) The person is charged with a traffic violation, a misdemeanor, or a felony of the fourth or fifth degree and has had bail set and has not been released on bail and is confined in a county jail pending trial, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior. Nothing in this division authorizes the operation or management of a minimum security jail by a private entity.

(c) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(3) No person shall be confined in a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section unless the judge who sentenced the person to the term of imprisonment for the traffic violation or the misdemeanor specifies that the term of imprisonment is to be served in that jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail or unless the judge who
sentenced the person to the residential sanction for the felony
specifies that the residential sanction is to be served in a jail,
and division (B)(1) or (2) of this section permits the confinement
of the person in that jail. If a rented or leased building or
structure is so dedicated, the building or structure may be used
as a minimum security jail only during the period that it is
rented or leased by the county or by an affiliated county or
municipal corporation. If a person convicted of a misdemeanor is
confined to a building or structure dedicated as a minimum
security jail under division (B)(1) or (2) of this section and the
sheriff, administrator, jailer, or other person responsible for
operating the jail other than a contractor as defined in section
9.06 of the Revised Code determines that it would be more
appropriate for the person so confined to be confined in another
jail or workhouse facility, the sheriff, administrator, jailer, or
other person may transfer the person so confined to a more
appropriate jail or workhouse facility.

(C) All of the following apply to a building or structure
that is dedicated pursuant to division (B)(1) or (2) of this
section for use as a minimum security jail:

(1) To the extent that the use of the building or structure
as a minimum security jail requires a variance from any county,
municipal corporation, or township zoning regulations or
ordinances, the variance shall be granted.

(2) Except as provided in this section, the building or
structure shall not be used to confine any person unless it is in
substantial compliance with any applicable housing, fire
prevention, sanitation, health, and safety codes, regulations, or
standards.

(3) Unless such satisfaction or compliance is required under
the standards described in division (C)(4) of this section, and
notwithstanding any other provision of state or local law to the
contrary, the building or structure need not satisfy or comply with any state or local building standard or code in order to be used to confine a person for the purposes specified in division (B) of this section.

(4) The building or structure shall not be used to confine any person unless it is in compliance with all minimum standards and minimum renovation, modification, and construction criteria for minimum security jails that have been proposed by the department of rehabilitation and correction, through its bureau of adult detention, under section 5120.10 of the Revised Code.

(5) The building or structure need not be renovated or modified into a secure detention facility in order to be used solely to confine a person for the purposes specified in divisions (B)(1)(a) or (b) and (B)(2)(a) or (b) of this section.

(6) The building or structure shall be used, equipped, furnished, and staffed in the manner necessary to provide adequate and suitable living, sleeping, food service or preparation, drinking, bathing and toilet, sanitation, and other necessary facilities, furnishings, and equipment.

(D) Except as provided in this section, a minimum security jail dedicated and used under this section shall be considered to be part of the jail, workhouse, or other correctional facilities of the county or the affiliated counties and municipal corporations for all purposes under the law. All persons confined in such a minimum security jail shall be and shall remain, in all respects, under the control of the county authority that has responsibility for the management and operation of the jail, workhouse, or other correctional facilities of the county or, if it is operated by any affiliation of counties or municipal corporations, under the control of the specified county or municipal corporation with that authority, provided that, if the person was convicted of a felony and is serving a residential
sanction in the facility, all provisions of law that pertain to persons convicted of a felony that would not by their nature clearly be inapplicable apply regarding the person. A minimum security jail dedicated and used under this section shall be managed and maintained in accordance with policies and procedures adopted by the board of county commissioners or the affiliated counties and municipal corporations governing the safe and healthful operation of the jail, the confinement and supervision of the persons sentenced to it, and their participation in work release or similar rehabilitation programs. In addition to other rules of conduct and discipline, the rights of ingress and egress of persons confined in a minimum security jail dedicated and used under this section shall be subject to reasonable restrictions. Every person confined in a minimum security jail dedicated and used under this section shall be given verbal and written notification, at the time of the person's admission to the jail, that purposely leaving, or purposely failing to return to, the jail without proper authority or permission constitutes the felony offense of escape.

(E) If a person who has been convicted of or pleaded guilty to an offense is sentenced to a term of imprisonment or a residential sanction in a minimum security jail as described in division (B)(1)(a) or (B)(2)(a) of this section, or if a person is an inmate transferred to a minimum security jail by order of a judge of the sentencing court as described in division (B)(1)(c) or (B)(2)(c) of this section, at the time of reception and at other times the person in charge of the operation of the jail determines to be appropriate, the sheriff or other person in charge of the operation of the jail may cause the convicted offender to be examined and tested for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, and other contagious diseases. The person in charge of the operation of the jail may cause a convicted offender in the jail
who refuses to be tested or treated for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, or another contagious disease to be tested and treated involuntarily.

**Sec. 701.10.** The legislative authority of a municipal corporation that is located in a charter county and that has established a rate or charge for the provision of collection or disposal services for garbage, ashes, animal and vegetable refuse, dead animals, or animal offal may certify to the county fiscal officer, by ordinance, the amount of the rate or charge that has not been paid in accordance with applicable requirements by a person using the collection or disposal services. The amount certified shall be a lien on the person's property to which services are provided, placed on the tax list in a separate column, collected as other taxes, and paid into the general fund of the municipal corporation.

**Sec. 711.131.** (A) Notwithstanding sections 711.001 to 711.13 of the Revised Code and except as provided in division (C) of this section, unless the rules adopted under section 711.05, 711.09, or 711.10 of the Revised Code are amended pursuant to division (B) of this section, a proposed division of a parcel of land along an existing public street, not involving the opening, widening, or extension of any street or road, and involving no more than five lots after the original tract has been completely subdivided, may be submitted to the planning authority having approving jurisdiction of plats under section 711.05, 711.09, or 711.10 of the Revised Code for approval without plat. If the authority acting through a properly designated representative finds that a proposed division is not contrary to applicable platting, subdividing, zoning, health, sanitary, or access management regulations, regulations adopted under division (B)(3) of section
307.37 of the Revised Code regarding existing surface or subsurface drainage, or household sewage treatment rules adopted under section 3718.02 of the Revised Code, it shall approve the proposed division within seven business days after its submission and, on presentation of a conveyance of the parcel, shall stamp the conveyance "approved by (planning authority); no plat required" and have it signed by its clerk, secretary, or other official as may be designated by it. The planning authority may require the submission of a sketch and other information that is pertinent to its determination under this division.

(B) For a period of up to two years after the effective date of this amendment, the rules adopted under section 711.05, 711.09, or 711.10 of the Revised Code may be amended within that period to authorize the planning authority involved to approve proposed divisions of parcels of land without plat under this division. If an authority so amends its rules, it may approve no more than five lots without a plat from an original tract as that original tract exists on the effective date of the amendment to the rules. The authority shall make the findings and approve a proposed division in the time and manner specified in division (A) of this section.

(C) This section does not apply to parcels subject to section 711.133 of the Revised Code.

(D) As used in this section, "business day" means a day of the week excluding Saturday, Sunday, or a legal holiday as defined in section 1.14 of the Revised Code.

Sec. 718.83. (A) On or before the last day of each month, the tax commissioner shall certify to the director of budget and management the amount to be paid to each municipal corporation, based on amounts reported on annual returns and declarations of estimated tax under sections 718.85 and 718.88 of the Revised Code.
Code, less any amounts previously distributed and net of any audit adjustments made or refunds granted by the commissioner, for the calendar month preceding the month in which the certification is made. Not later than the fifth day of each month, the director shall provide for payment of the amount certified to each municipal corporation from the municipal income net profit tax fund, plus a pro rata share of any investment earnings accruing to the fund since the previous payment under this section, and minus any reduction required by the commissioner under division (D) of this section. Each municipal corporation's share of such earnings shall equal the proportion that the municipal corporation's certified tax payment is of the total taxes certified to all municipal corporations in that quarter. All investment earnings on money in the municipal income net profit tax fund shall be credited to that fund.

(B) If the tax commissioner determines that the amount of tax paid by a taxpayer and distributed to a municipal corporation under this section for a taxable year exceeds the amount payable to that municipal corporation under sections 718.80 to 718.95 of the Revised Code after accounting for amounts remitted with the annual return and as estimated taxes, the commissioner shall proceed according to divisions (A) and (B) of section 5703.77 of the Revised Code.

(C) If the amount of a municipal corporation's net distribution computed by the commissioner under division (A) of this section is less than zero, the commissioner may notify the municipal corporation of the deficiency. Within thirty days after receiving such a notice, the municipal corporation shall pay an amount equal to the deficiency to the treasurer of state. The treasurer of state shall credit any payment received under this division to the municipal net profit tax fund.
If a municipal corporation fails to make a timely payment required under division (C) of this section, the commissioner may recover the deficiency using any or all of the following options:

(1) Deduct the amount of the deficiency from the next distribution to that municipal corporation under division (A) of this section or, if the amount of the deficiency exceeds the amount of such distribution, withhold such distributions entirely until the withheld amount equals the amount of the municipal corporation's deficiency;

(2) Deduct the amount of the deficiency from the next payment to that municipal corporation under division (A) of section 5745.05 of the Revised Code or, if the amount of the deficiency exceeds the amount of such distribution, withhold such distributions entirely until the withheld amount equals the amount of the municipal corporation's deficiency;

(3) Deduct the amount of the deficiency from the municipal corporation's share of the next payment made by the commissioner under division (F) of section 321.24 of the Revised Code or, if the amount of the deficiency exceeds the amount of the municipal corporation's share of such payment, withhold the municipal corporation's share of the payments entirely until the withheld amount equals the amount of the municipal corporation's deficiency.

(E) The total amount of payments and distributions withheld from a municipal corporation under division (D) of this section shall not exceed the unpaid portion of the municipal corporation's net distribution deficiency. All amounts withheld under division (D) of this section shall be credited to the municipal net profit tax fund.

(F) The commissioner may adopt rules necessary to administer this section.
Sec. 718.85. (A)(1) For each taxable year, every taxpayer shall file an annual return. Such return, along with the amount of tax shown to be due on the return less the amount paid for the taxable year under section 718.88 of the Revised Code, shall be submitted to the tax commissioner, on a form and in the manner prescribed by the commissioner, on or before the fifteenth day of the fourth month following the end of the taxpayer's taxable year.

(2) If a taxpayer has multiple taxable years beginning within one calendar year, the taxpayer shall aggregate the facts and figures necessary to compute the tax due under this chapter, in accordance with sections 718.81, 718.82, and, if applicable, 718.86 of the Revised Code onto its annual return.

(3) The remittance shall be made payable to the treasurer of state and in the form prescribed by the tax commissioner. If the amount payable with the tax return is ten dollars or less, no remittance is required.

(B) The tax commissioner shall immediately forward to the treasurer of state all amounts the commissioner receives pursuant to sections 718.80 to 718.95 of the Revised Code. The treasurer shall credit ninety-nine and one-half per cent of such amounts to the municipal income net profit tax fund which is hereby created in the state treasury, and the remainder to the municipal income tax administrative fund established under section 5745.03 of the Revised Code.

(C)(1) Each return required to be filed under this section shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer, and shall include the taxpayer's identification number. Each return shall be verified by a declaration under penalty of perjury.

(2)(a) The tax commissioner may require a taxpayer to
include, with each annual tax return, amended return, or request for refund filed with the commissioner under sections 718.80 to 718.95 of the Revised Code, copies of any relevant documents or other information.

(b) A taxpayer that files an annual tax return electronically through the Ohio business gateway or in another manner as prescribed by the tax commissioner shall either submit the documents required under this division electronically as prescribed at the time of filing or, if electronic submission is not available, mail the documents to the tax commissioner. The department of taxation shall publish a method of electronically submitting the documents required under this division on or before January 1, 2019.

(3) After a taxpayer files a tax return, the tax commissioner may request, and the taxpayer shall provide, any information, statements, or documents required to determine and verify the taxpayer's municipal income tax.

(D)(1)(a) Any taxpayer that has duly requested an automatic extension for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of a tax return with the commissioner under this section. The extended date of the return shall be the fifteenth day of the tenth month after the last day of the taxable year to which the return relates.

(b) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may request that the commissioner grant the taxpayer a six-month extension of the date for filing the taxpayer's municipal income tax return. If the commissioner receives the request on or before the date the municipal income tax return is due, the commissioner shall grant the taxpayer's extension request.
(c) An extension of time to file under division (D)(1) of this section is not an extension of the time to pay any tax due unless the tax commissioner grants an extension of that date.

(2) If the commissioner considers it necessary in order to ensure payment of a tax imposed in accordance with section 718.04 of the Revised Code, the commissioner may require taxpayers to file returns and make payments otherwise than as provided in this section, including taxpayers not otherwise required to file annual returns.

(E) Each return required to be filed in accordance with this section shall include a box that the taxpayer may check to authorize another person, including a tax return preparer who prepared the return, to communicate with the tax commissioner about matters pertaining to the return. The return or instructions accompanying the return shall indicate that by checking the box the taxpayer authorizes the commissioner to contact the preparer or other person concerning questions that arise during the examination or other review of the return and authorizes the preparer or other person only to provide the commissioner with information that is missing from the return, to contact the commissioner for information about the examination or other review of the return or the status of the taxpayer's refund or payments, and to respond to notices about mathematical errors, offsets, or return preparation that the taxpayer has received from the commissioner and has shown to the preparer or other person.

(F) When income tax returns or other documents require the signature of a tax return preparer, the tax commissioner shall accept a facsimile or electronic version of such a signature in lieu of a manual signature.

Sec. 718.90. (A) If any taxpayer required to file a return under section 718.80 to 718.95 of the Revised Code fails to file
the return within the time prescribed, files an incorrect return, or fails to remit the full amount of the tax due for the period covered by the return, the tax commissioner may make an assessment against the taxpayer for any deficiency for the period for which the return or tax is due, based upon any information in the commissioner's possession.

The tax commissioner shall not make or issue an assessment against a taxpayer more than three years after the later of the date the return subject to assessment was required to be filed or the date the return was filed. Such time limit may be extended if both the taxpayer and the commissioner consent in writing to the extension. Any such extension shall extend the three-year time limit in section 718.91 of the Revised Code for the same period of time. There shall be no bar or limit to an assessment against a taxpayer that fails to file a return subject to assessment as required by sections 718.80 to 718.95 of the Revised Code, or that files a fraudulent return. The commissioner shall give the taxpayer assessed written notice of the assessment as provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the taxpayer assessed files with the tax commissioner within sixty days after service of the notice of assessment, either personally or by certified mail, a written petition for reassessment signed by the authorized agent of the taxpayer assessed having knowledge of the facts, the assessment becomes final, and the amount of the assessment is due and payable from the taxpayer to the treasurer of state. The petition shall indicate the taxpayer's objections, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section
5703.60 of the Revised Code.

(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the taxpayer has an office or place of business in this state, the county in which the taxpayer's statutory agent is located, or Franklin county.

Immediately upon the filing of the entry, the clerk shall enter a judgment against the taxpayer assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for municipal income taxes," and shall have the same effect as other judgments. Execution shall issue upon the judgment upon the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until the assessment is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by issuing an assessment under this section.

(D) All money collected under this section shall be credited to the municipal income net profit tax fund and distributed to the
municipal corporation to which the money is owed based on the assessment issued under this section.

(E) If the tax commissioner believes that collection of the tax will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the taxpayer liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (C) of this section. Notice of the jeopardy assessment shall be served on the taxpayer assessed or the taxpayer's legal representative in the manner provided in section 5703.37 of the Revised Code within five days of the filing of the entry with the clerk. The total amount assessed is immediately due and payable, unless the taxpayer assessed files a petition for reassessment in accordance with division (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(F) Notwithstanding the fact that a petition for reassessment is pending, the taxpayer may pay all or a portion of the assessment that is the subject of the petition. The acceptance of a payment by the treasurer of state does not prejudice any claim for refund upon final determination of the petition.

If upon final determination of the petition an error in the assessment is corrected by the tax commissioner, upon petition so filed or pursuant to a decision of the board of tax appeals or any court to which the determination or decision has been appealed, so that the amount due from the taxpayer under the corrected assessment is less than the portion paid, there shall be issued to the taxpayer, its assigns, or legal representative a refund in the
amount of the overpayment as provided by section 718.91 of the Revised Code, with interest on that amount as provided by that section.

**Sec. 753.21.** (A) As used in this section, "building or structure" includes, but is not limited to, a modular unit, building, or structure and a movable unit, building, or structure.

The legislative authority of a municipal corporation, by ordinance, also may dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for the municipal corporation. Subject to divisions (B)(3) and (C) of this section, upon the effective date of such an ordinance, the specified building or structure shall be used, in accordance with this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of a municipal ordinance and is under the jurisdiction of the municipal corporation or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or...
violent behavior, based upon the person's prior and current behavior.

(b) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(2) The legislative authority of a municipal corporation, by ordinance, may affiliate with the county in which it is located, with one or more counties adjacent to the county in which it is located, or with one or more municipal corporations located within the county in which it is located or within an adjacent county, and dedicate and permit the use, as a minimum security jail, of any vacant or abandoned public building or structure owned by any of the affiliating counties or municipal corporations that has not been dedicated to or is not then in use for any public purpose, or any building or structure rented or leased by any of the affiliating counties or municipal corporations. The legislative authority of a municipal corporation, by ordinance, also may affiliate with one or more counties adjacent to the county in which it is located or with one or more municipal corporations located within the county in which it is located or within an adjacent county and dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for any of the affiliating counties or municipal corporations. Any counties and municipal corporations that affiliate for purposes of this division shall enter into an agreement that establishes the responsibilities for the operation and for the cost of operation of the minimum security jail. Subject to divisions (B)(3) and (C) of this section, upon the effective date of an ordinance adopted under this division, the
specified building or structure shall be used, in accordance with this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of an ordinance of a municipal corporation and is under the jurisdiction of any of the affiliating counties or municipal corporations or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.

(b) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(3) No person shall be confined in a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section unless the judge who sentenced the person to the term of imprisonment for the traffic violation or the misdemeanor specifies that the term of imprisonment is to be served in that jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail or unless the judge who sentenced the person to the residential sanction for the felony specifies that the residential sanction is to be served in a jail, and division (B)(1) or (2) of this section permits the confinement

If a rented or leased building or structure is so dedicated, the building or structure may be used as a minimum security jail only during the period that it is rented or leased by the municipal corporation or by an affiliated county or municipal corporation. If a person convicted of a misdemeanor is confined to a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section and the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in division (H) of section 9.06 of the Revised Code determines that it would be more appropriate for the person so confined to be confined in another jail or workhouse facility, the sheriff, administrator, jailer, or other person may transfer the person so confined to a more appropriate jail or workhouse facility.

(C) All of the following apply in relation to a building or structure that is dedicated pursuant to division (B)(1) or (2) of this section for use as a minimum security jail:

(2) Except as provided in this section, the building or structure shall not be used to confine any person unless it is in substantial compliance with any applicable housing, fire prevention, sanitation, health, and safety codes, regulations, or standards.

used to confine a person for the purposes specified in division (B) of this section.

(4) The building or structure shall not be used to confine any person unless it is in compliance with all minimum standards and minimum renovation, modification, and construction criteria for minimum security jails that have been proposed by the department of rehabilitation and correction, through its bureau of adult detention, under section 5120.10 of the Revised Code.

(5) The building or structure need not be renovated or modified into a secure detention facility in order to be used solely to confine a person for the purposes specified in divisions (B)(1)(a) and (B)(2)(a) of this section.

(6) The building or structure shall be used, equipped, furnished, and staffed to provide adequate and suitable living, sleeping, food service or preparation, drinking, bathing and toilet, sanitation, and other necessary facilities, furnishings, and equipment.

(D) Except as provided in this section, a minimum security jail dedicated and used under this section shall be considered to be part of the jail, workhouse, or other correctional facilities of the municipal corporation or the affiliated counties and municipal corporations for all purposes under the law. All persons confined in such a minimum security jail shall be and shall remain, in all respects, under the control of the authority of the municipal corporation that has responsibility for the management and operation of the jail, workhouse, or other correctional facilities of the municipal corporation or, if it is operated by any affiliation of counties or municipal corporations, under the control of the specified county or municipal corporation with that authority, provided that, if the person was convicted of a felony and is serving a residential sanction in the facility, all provisions of law that pertain to persons convicted of a felony...
that would not by their nature clearly be inapplicable apply regarding the person. A minimum security jail dedicated and used under this section shall be managed and maintained in accordance with policies and procedures adopted by the legislative authority of the municipal corporation or the affiliated counties and municipal corporations governing the safe and healthful operation of the jail, the confinement and supervision of the persons sentenced to it, and their participation in work release or similar rehabilitation programs. In addition to other rules of conduct and discipline, the rights of ingress and egress of persons confined in a minimum security jail dedicated and used under this section shall be subject to reasonable restrictions. Every person confined in a minimum security jail dedicated and used under this section shall be given verbal and written notification, at the time of the person's admission to the jail, that purposely leaving, or purposely failing to return to, the jail without proper authority or permission constitutes the felony offense of escape.

(E) If a person who has been convicted of or pleaded guilty to an offense is sentenced to a term of imprisonment or a residential sanction in a minimum security jail as described in division (B)(1)(a) or (B)(2)(a) of this section, or if a person is an inmate transferred to a minimum security jail by order of a judge of the sentencing court as described in division (B)(1)(b) or (2)(b) of this section, at the time of reception and at other times the person in charge of the operation of the jail determines to be appropriate, the person in charge of the operation of the jail may cause the convicted offender to be examined and tested for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, and other contagious diseases. The person in charge of the operation of the jail may cause a convicted offender in the jail who refuses to be tested or treated for tuberculosis, HIV infection, hepatitis, including but not

(2) To provide materials such as rock and mineral kits to state elementary and secondary schools to assist students in the study of geology.

The director shall award grants at least annually, but at the director's discretion, may award grants more frequently.

Sec. 1509.28. (A) The chief of the division of oil and gas resources management, upon the chief's own motion or upon
application by the owners of sixty-five per cent of the land area
overlying the pool, shall hold a hearing to consider the need for
the operation as a unit of an entire pool or part thereof. In
calculating the sixty-five per cent, an owner's entire interest in
each tract in the proposed unit area, including any divided,
undivided, partial, fee, or other interest in the tract, shall be
included to the fullest extent of that interest. An application by
owners shall be accompanied by a nonrefundable fee of ten thousand
dollars and by such information as the chief may request.

The chief shall make an order providing for the unit
operation of a pool or part thereof if the chief finds that such
operation is reasonably necessary to increase substantially the
ultimate recovery of oil and gas, and the value of the estimated
additional recovery of oil or gas exceeds the estimated additional
cost incident to conducting the operation. The order shall be upon
terms and conditions that are just and reasonable and shall
prescribe a plan for unit operations that shall include:

(1) A description of the unitized area, termed the unit area;

(2) A statement of the nature of the operations contemplated;

(3) An allocation to the separately owned tracts in the unit
area of all the oil and gas that is produced from the unit area
and is saved, being the production that is not used in the conduct
of operations on the unit area or not unavoidably lost. The
allocation shall be in accord with the agreement, if any, of the
interested parties. If there is no such agreement, the chief shall
determine the value, from the evidence introduced at the hearing,
of each separately owned tract in the unit area, exclusive of
physical equipment, for development of oil and gas by unit
operations, and the production allocated to each tract shall be
the proportion that the value of each tract so determined bears to
the value of all tracts in the unit area.
(4) A provision for the credits and charges to be made in the
adjustment among the owners in the unit area for their respective
investments in wells, tanks, pumps, machinery, materials, and
equipment contributed to the unit operations;

(5) A provision providing how the expenses of unit
operations, including capital investment, shall be determined and
charged to the separately owned tracts and how the expenses shall
be paid;

(6) A provision, if necessary, for carrying or otherwise
financing any person who is unable to meet the person's financial
obligations in connection with the unit, allowing a reasonable
interest charge for such service;

(7) A provision for the supervision and conduct of the unit
operations, in respect to which each person shall have a vote with
a value corresponding to the percentage of the expenses of unit
operations chargeable against the interest of that person;

(8) The time when the unit operations shall commence, and the
manner in which, and the circumstances under which, the unit
operations shall terminate;

(9) Such additional provisions as are found to be appropriate
for carrying on the unit operations, and for the protection or
adjustment of correlative rights.

(B) No order of the chief providing for unit operations shall
become effective unless and until the plan for unit operations
prescribed by the chief has been approved in writing by those
owners who, under the chief's order, will be required to pay at
least sixty-five per cent of the costs of the unit operation, and
also by the royalty or, with respect to unleased acreage, fee
owners of sixty-five per cent of the acreage to be included in the
unit. If the plan for unit operations has not been so approved by
owners and royalty owners at the time the order providing for unit
operations is made, the chief shall upon application and notice hold such supplemental hearings as may be required to determine if and when the plan for unit operations has been so approved. If the owners and royalty owners, or either, owning the required percentage of interest in the unit area do not approve the plan for unit operations within a period of six months from the date on which the order providing for unit operations is made, the order shall cease to be of force and shall be revoked by the chief.

An order providing for unit operations may be amended by an order made by the chief, in the same manner and subject to the same conditions as an original order providing for unit operations, provided that:

(1) If such an amendment affects only the rights and interests of the owners, the approval of the amendment by the royalty owners shall not be required.

(2) No such order of amendment shall change the percentage for allocation of oil and gas as established for any separately owned tract by the original order, except with the consent of all persons owning interest in the tract.

The chief, by an order, may provide for the unit operation of a pool or a part thereof that embraces a unit area established by a previous order of the chief. Such an order, in providing for the allocation of unit production, shall first treat the unit area previously established as a single tract, and the portion of the unit production so allocated thereto shall then be allocated among the separately owned tracts included in the previously established unit area in the same proportions as those specified in the previous order.

Oil and gas allocated to a separately owned tract shall be deemed, for all purposes, to have been actually produced from the tract, and all operations, including, but not limited to, the
commencement, drilling, operation of, or production from a well upon any portion of the unit area shall be deemed for all purposes the conduct of such operations and production from any lease or contract for lands any portion of which is included in the unit area. The operations conducted pursuant to the order of the chief shall constitute a fulfillment of all the express or implied obligations of each lease or contract covering lands in the unit area to the extent that compliance with such obligations cannot be had because of the order of the chief.

Oil and gas allocated to any tract, and the proceeds from the sale thereof, shall be the property and income of the several persons to whom, or to whose credit, the same are allocated or payable under the order providing for unit operations.

No order of the chief or other contract relating to the sale or purchase of production from a separately owned tract shall be terminated by the order providing for unit operations, but shall remain in force and apply to oil and gas allocated to the tract until terminated in accordance with the provisions thereof.

Notwithstanding divisions (A) to (H) of section 1509.73 of the Revised Code and rules adopted under it, the chief shall issue an order for the unit operation of a pool or a part of a pool that encompasses a unit area for which all or a portion of the mineral rights are owned by the department of transportation.

Except to the extent that the parties affected so agree, no order providing for unit operations shall be construed to result in a transfer of all or any part of the title of any person to the oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired for the account of the owners within the unit area shall be the property of such owners in the proportion that the expenses of unit operations are charged.
Sec. 1509.31. (A)(1) No person shall operate a well in this state unless the person first registers with and obtains an identification number from the chief of the division of oil and gas resources management.

(2) Whenever the entire interest of an oil and gas lease is assigned or otherwise transferred, the assignor or transferor shall notify the holders of the royalty interests, and, if a well or wells exist on the lease, the division of oil and gas resources management, of the name and address of the assignee or transferee by certified mail, return receipt requested, not later than thirty days after the date of the assignment or transfer. When notice of any such assignment or transfer is required to be provided to the division, it shall be provided on a form prescribed and provided by the division and verified by both the assignor or transferor and by the assignee or transferee, and shall be accompanied by a nonrefundable fee of one hundred dollars for each well. The notice form applicable to assignments or transfers of a well to the owner of the surface estate of the tract on which the well is located shall contain a statement informing the landowner that the well may require periodic servicing to maintain its productivity; that, upon assignment or transfer of the well to the landowner, the landowner becomes responsible for compliance with the requirements of this chapter and rules adopted under it, including, without limitation, the proper disposal of brine obtained from the well, the plugging of the well when it becomes incapable of producing oil or gas, and the restoration of the well site; and that, upon assignment or transfer of the well to the landowner, the landowner becomes responsible for the costs of compliance with the requirements of this chapter and rules adopted under it and the costs for operating and servicing the well.

(3) Notwithstanding division (A)(2) of this section, the assignee or transferee shall notify the division of oil and gas...
resources management of the assignment or transfer if both of the
following apply:

(a) The assignor or transferor failed to notify the division
of the assignment or transfer as required by division (A)(2) of
this section;

(b) The assignor or transferor is deceased, dissolved, cannot
be located, or is otherwise incapable of complying with the
notification requirement.

The assignee or transferee shall notify the division of the
assignment or transfer on a form prescribed and provided by the
division. At a minimum, the form shall require the assignee or
transferee to attest that the assignee or transferee is the owner.
The division shall not charge a fee for such assignment or
transfer when notice is provided in accordance with division
(A)(3) of this section.

(B) When the entire interest of a well is proposed to be
assigned or otherwise transferred to the landowner for use as an
exempt domestic well, the owner who has been issued a permit under
this chapter for the well shall submit to the chief of the
division of oil and gas resources management an application for
the assignment or transfer that contains all documents that the
chief requires and a nonrefundable fee of one hundred dollars. The
application for such an assignment or transfer shall be prescribed
and provided by the chief. The chief may approve the application
if the application is accompanied by a release of all of the oil
and gas leases that are included in the applicable formation of
the drilling unit, the release is in a form such that the well
ownership merges with the fee simple interest of the surface
tract, and the release is in a form that may be recorded. However,
if the owner of the well does not release the oil and gas leases
associated with the well that is proposed to be assigned or
otherwise transferred or if the fee simple tract that results from
the merger of the well ownership with the fee simple interest of
the surface tract is less than five acres, the proposed exempt
domestic well owner shall post a five thousand dollar bond with
the division prior to the assignment or transfer of the well to
ensure that the well will be properly plugged. The chief, for good
cause, may modify the requirements of this section governing the
assignment or transfer of the interests of a well to the
landowner. Upon the assignment or transfer of the well, the owner
of an exempt domestic well is not subject to the severance tax
levied under section 5749.02 of the Revised Code, but is subject
to all applicable fees established in this chapter.

(C) The owner holding a permit under section 1509.05 of the
Revised Code is responsible for all obligations and liabilities
imposed by this chapter and any rules, orders, and terms and
conditions of a permit adopted or issued under it, and no
assignment or transfer by the owner relieves the owner of the
obligations and liabilities until and unless the assignee or
transferee files with the division the information described in
divisions (A)(1), (2), (3), (4), (5), (10), (11), and (12) of
section 1509.06 of the Revised Code; obtains liability insurance
coverage required by section 1509.07 of the Revised Code, except
when none is required by that section; and executes and files a
surety bond, negotiable certificates of deposit or irrevocable
letters of credit, or cash, as described in that section. Instead
of a bond, but only upon acceptance by the chief, the assignee or
transferee may file proof of financial responsibility, described
in section 1509.07 of the Revised Code. Section 1509.071 of the
Revised Code applies to the surety bond, cash, and negotiable
certificates of deposit and irrevocable letters of credit
described in this section. Unless the chief approves a
modification, each assignee or transferee shall operate in
accordance with the plans and information filed by the permit
holder pursuant to section 1509.06 of the Revised Code.
(D) If a mortgaged property that is being foreclosed is subject to an oil or gas lease, pipeline agreement, or other instrument related to the production or sale of oil or natural gas and the lease, agreement, or other instrument was recorded subsequent to the mortgage, and if the lease, agreement, or other instrument is not in default, the oil or gas lease, pipeline agreement, or other instrument, as applicable, has priority over all other liens, claims, or encumbrances on the property so that the oil or gas lease, pipeline agreement, or other instrument is not terminated or extinguished upon the foreclosure sale of the mortgaged property. If the owner of the mortgaged property was entitled to oil and gas royalties before the foreclosure sale, the oil or gas royalties shall be paid to the purchaser of the foreclosed property.

Sec. 1509.36. Any person adversely affected by an order by the chief of the division of oil and gas resources management may appeal to the oil and gas commission for an order vacating or modifying the order. The person so appealing to the commission shall be known as appellant and the chief shall be known as appellee. Appellant and appellee shall be deemed to be parties to the appeal. The appeal shall be in writing and shall set forth the order complained of and the grounds upon which the appeal is based. The appeal shall be filed with the commission within thirty days after the date upon which the appellant person to whom the order was issued received notice by certified mail the order and, for all other persons adversely affected by the order, within thirty days after the date of the order complained of. Notice of the filing of the appeal shall be filed with the chief within three days after the appeal is filed with the commission. Upon the filing of the appeal the commission promptly shall
fix the time and place at which the hearing on the appeal will be
held, and shall give the appellant and the chief at least ten
days' written notice thereof by mail. The commission may postpone
or continue any hearing upon its own motion or upon application of
the appellant or of the chief.

The filing of an appeal provided for in this section does not
automatically suspend or stay execution of the order appealed
from, but upon application by the appellant the commission may
suspend or stay the execution pending determination of the appeal
upon such terms as the commission considers proper.

Either party to the appeal or any interested person who,
pursuant to commission rules has been granted permission to
appear, may submit such evidence as the commission considers
admissible.

For the purpose of conducting a hearing on an appeal, the
commission may require the attendance of witnesses and the
production of books, records, and papers, and it may, and at the
request of any party it shall, issue subpoenas for witnesses or
subpoenas duces tecum to compel the production of any books,
records, or papers, directed to the sheriffs of the counties where
the witnesses are found. The subpoenas shall be served and
returned in the same manner as subpoenas in criminal cases are
served and returned. The fees of sheriffs shall be the same as
those allowed by the court of common pleas in criminal cases.
Witnesses shall be paid the fees and mileage provided for under
section 119.094 of the Revised Code. Such fees and mileage
expenses incurred at the request of appellant shall be paid in
advance by the appellant, and the remainder of those expenses
shall be paid out of funds appropriated for the expenses of the
division of oil and gas resources management.

In case of disobedience or neglect of any subpoena served on
any person, or the refusal of any witness to testify to any matter
regarding which the witness may be lawfully interrogated, the court of common pleas of the county in which the disobedience, neglect, or refusal occurs, or any judge thereof, on application of the commission or any member thereof, shall compel obedience by attachment proceedings for contempt as in the case of disobedience of the requirements of a subpoena issued from that court or a refusal to testify therein. Witnesses at such hearings shall testify under oath, and any member of the commission may administer oaths or affirmations to persons who so testify.

At the request of any party to the appeal, a record of the testimony and other evidence submitted shall be taken by an official court reporter at the expense of the party making the request for the record. The record shall include all of the testimony and other evidence and the rulings on the admissibility thereof presented at the hearing. The commission shall pass upon the admissibility of evidence, but any party may at the time object to the admission of any evidence and except to the rulings of the commission thereon, and if the commission refuses to admit evidence the party offering same may make a proffer thereof, and such proffer shall be made a part of the record of the hearing.

If upon completion of the hearing the commission finds that the order appealed from was lawful and reasonable, it shall make a written order affirming the order appealed from; if the commission finds that the order was unreasonable or unlawful, it shall make a written order vacating the order appealed from and making the order that it finds the chief should have made. Every order made by the commission shall contain a written finding by the commission of the facts upon which the order is based.

Notice of the making of the order shall be given forthwith to each party to the appeal by mailing a certified copy thereof to each such party by certified mail.

The order of the commission is final unless vacated by the
court of common pleas of Franklin county in an appeal as provided
for in section 1509.37 of the Revised Code. Sections 1509.01 to
1509.37 of the Revised Code, providing for appeals relating to
orders by the chief or by the commission, or relating to rules
adopted by the chief, do not constitute the exclusive procedure
that any person who believes the person's rights to be unlawfully
affected by those sections or any official action taken thereunder
must pursue in order to protect and preserve those rights, nor do
those sections constitute a procedure that that person must pursue
before that person may lawfully appeal to the courts to protect
and preserve those rights.

Sec. 1509.50. (A) An oil and gas regulatory cost recovery
assessment is hereby imposed by this section on an owner. An owner
shall pay the assessment in the same manner as a severer who is
required to file a return under section 5749.06 of the Revised
Code. However, an owner may designate a severer who shall pay the
owner's assessment on behalf of the owner on the return that the
severer is required to file under that section. If a severer so
pays an owner's assessment, the severer may recoup from the owner
the amount of the assessment. Except for an exempt domestic well,
the assessment imposed shall be in addition to the taxes levied on
the severance of oil and gas under section 5749.02 of the Revised
Code.

(B)(1) Except for an exempt domestic well, the oil and gas
regulatory cost recovery assessment shall be calculated on a
quarterly basis and shall be one of the following as follows:

(a) If the sum of ten cents per barrel of oil for all of the
wells of the owner, one half of one cent per one thousand cubic
feet of natural gas for all of the wells of the owner, and the
amount of the severance tax levied on each severer for all of the
wells of the owner under divisions (A)(5) and (6) of section
5749.02 of the Revised Code, as applicable, is greater than the
sum of fifteen dollars for each well owned by the owner, the
amount of the assessment is the sum of ten cents per barrel of oil
for all of the wells of the owner and one-half (1) One-half of one
cent per one thousand cubic feet of natural gas for all of the
wells of the owner—

(b) If the sum of ten

(2) Ten cents per barrel of oil for all of the wells of the
owner, one-half of one cent per one thousand cubic feet of natural
gas for all of the wells of the owner, and the amount of the
severance tax levied on each severer for all of the wells of the
owner under divisions (A)(5) and (6) of section 5749.02 of the
Revised Code, as applicable, is less than the sum of fifteen
dollars for each well owned by the owner, the amount of the
assessment is the sum of fifteen dollars for each well owned by
the owner less the amount of the tax levied on each severer for
all of the wells of the owner under divisions (A)(5) and (6) of
section 5749.02 of the Revised Code, as applicable.

(2) The oil and gas regulatory cost recovery assessment for a
well that becomes an exempt domestic well on and after June 30,
2010, shall be sixty dollars to be paid to the division of oil and
gas resources management on the first day of July of each year.

(C) All money collected pursuant to this section shall be
credited to the severance tax receipts fund. After the director of
budget and management transfers money from the severance tax
receipts fund as required in division (H) of section 5749.06 of
the Revised Code, money in the severance tax receipts fund from
amounts collected pursuant to this section shall be credited to
the oil and gas well fund created in section 1509.02 of the
Revised Code.

(D) Except for purposes of revenue distribution as specified
in division (B) of section 5749.02 of the Revised Code, the oil and gas regulatory cost recovery assessment imposed by this section shall be treated the same and equivalent for all purposes as the taxes levied on the severance of oil and gas under that section. However, the assessment imposed by this section is not a tax under Chapter 5749. of the Revised Code.

Sec. 1521.08. (A) The chief of the division of water resources and the director of environmental protection shall jointly establish a program to study the impact of oil and gas production operations on stream flow using continuous stream flow monitoring technology in the following creeks:

(1) Yellow creek, short creek, and cross creek in Jefferson county;

(2) Wheeling creek, Mcmahon creek, Wegee creek, and pipe creek in Belmont county;

(3) Sunfish creek and opossum creek in Monroe county.

(B) The chief shall jointly adopt rules with the director in accordance with Chapter 119. of the Revised Code for the administration and implementation of this section.

Sec. 1533.09 1533.06. Before the fifteenth day of March of each year, each wild animal permit holder shall file with the division of wildlife a written report of the permit holder's operations under the permit and the disposition of the specimens collected or possessed during the preceding calendar year on report blanks furnished by the chief of the division. Failure to file a report shall cause the permit to be forfeited as of the fifteenth day of March. Permits are not transferable. No permit holder or person collecting or possessing wild animals under authority of such a permit shall take, possess, or transport the wild animals for any purpose not specified in the permit.
Conviction of a violation of this section, failure to carry a permit and exhibit it to any person requesting to see it as provided in section 1533.08 of the Revised Code, or the violation of any other law concerning wild animals constitutes a revocation and forfeiture of the permit involved. The former permit holder shall not be entitled to another permit for a period of one year from the date of the conviction.

Sec. 1533.09. (A) The chief of the division of wildlife, with the approval of the director of natural resources and the wildlife council, may adopt rules in accordance with Chapter 119. of the Revised Code establishing fees, in lieu of the statutorily imposed fees, for all of the following:

(1) Hunting licenses in accordance with section 1533.10 of the Revised Code;

(2) Small game hunting licenses in accordance with section 1533.10 of the Revised Code;

(3) Deer and wild turkey permits in accordance with section 1533.11 of the Revised Code;

(4) Fur taker permits in accordance with section 1533.111 of the Revised Code;

(5) Wetland habitat stamps in accordance with section 1533.112 of the Revised Code;

(6) Fishing licenses in accordance with section 1533.32 of the Revised Code;

(7) Multi-year fishing and hunting licenses in accordance with section 1533.321 of the Revised Code.

(B) The chief shall make rules adopted under this section available to the public and shall include a copy of current rules in any authorized compilation of the division lawbook. The rules must be under the seal of the division and bear the signature, or
Sec. 1533.10. (A) Except as provided in this section or division (A)(2) of section 1533.12 or section 1533.73 or 1533.731 of the Revised Code, no person shall hunt any wild bird or wild quadruped without a hunting license. Each day that any person hunts within the state without procuring such a license constitutes a separate offense.

(B)(1) Except as otherwise provided in this section, division (A) of section 1533.12 of the Revised Code, or in rules adopted under section 1533.09 or division (B) of that section 1533.12 of the Revised Code, each applicant for a hunting license shall pay an annual fee for each annual license in accordance with the following schedule:

- Hunting license - resident $18.00
- Hunting license - nonresident, and that is not a resident of a reciprocal state, ages 18 and older $174.00
- Hunting license - nonresident, but that is a resident of a reciprocal state, ages 18 and older $18.00
- Apprentice hunting license - resident $18.00
- Apprentice hunting license - nonresident, and that is not a resident of a reciprocal state $174.00
- Apprentice hunting license - nonresident, but that is a resident of a reciprocal state $18.00
- Youth hunting license - resident and nonresident $9.00
- Apprentice youth hunting license - resident $9.00
- Senior hunting license - resident $9.00
- Apprentice senior hunting license - resident $9.00

(2) Apprentice resident hunting licenses, apprentice youth hunting licenses, apprentice senior hunting licenses, and apprentice nonresident hunting licenses are subject to the requirements established under section 1533.102 of the Revised Code.
Code and rules adopted under it.

(3) As used in division (B)(1) of this section:

(a) "Youth" means an applicant who is under the age of eighteen years at the time of application for a permit license.

(b) "Senior" means an applicant who is sixty-six years of age or older at the time of application for a permit license.

(c) "Reciprocal state" means a state that is a party to an agreement under section 1533.91 of the Revised Code.

(C) A resident of this state who owns lands in the state and the owner's children of any age and grandchildren under eighteen years of age may hunt on the lands without a hunting license. A resident of any other state who owns real property in this state, and the spouse and children living with the property owner, may hunt on that property without a license, provided that the state of residence of the real property owner allows residents of this state owning real property in that state, and the spouse and children living with the property owner, to hunt without a license. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age and grandchildren under eighteen years of age may hunt on the land owned by the limited liability company or limited liability partnership without a hunting license. In addition, if the owner of land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's children of any age and grandchildren under eighteen years of age may hunt on the land owned by the trust without a hunting license. The tenant and children of the tenant, residing on lands in the state, may
hunt on them without a hunting license.

(D) The chief of the division of wildlife may issue a small game hunting license expiring three days from the effective date of the license to a nonresident of the state, the fee for which shall be is thirty-nine dollars unless otherwise provided in rules adopted under section 1533.09 of the Revised Code. No person shall take or possess deer, wild turkeys, fur-bearing animals, ducks, geese, brant, or any nongame animal while possessing only a small game hunting license. A

A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of ducks, geese, or brant without having obtained, in addition to the small game hunting license or the apprentice nonresident hunting license, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code. A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of deer, wild turkeys, or fur-bearing animals. A nonresident of the state who wishes to take or possess deer, wild turkeys, or fur-bearing animals in this state shall procure, respectively, a deer or wild turkey permit as provided in section 1533.11 of the Revised Code or a fur taker permit as provided in section 1533.111 of the Revised Code in addition to a nonresident hunting license, an apprentice nonresident hunting license, a special youth hunting license, or an apprentice youth hunting license, as applicable, as provided in this section.

(E) No person shall procure or attempt to procure a hunting license by fraud, deceit, misrepresentation, or any false statement.

(F)(1) This section does not authorize the taking and possessing of deer or wild turkeys without first having obtained, in addition to the hunting license required by this section, a deer or wild turkey permit as provided in section 1533.11 of the
Revised Code or the taking and possessing of ducks, geese, or brant without first having obtained, in addition to the hunting license required by this section, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code.

(2) This section does not authorize the hunting or trapping of fur-bearing animals without first having obtained, in addition to a hunting license required by this section, a fur taker permit as provided in section 1533.111 of the Revised Code.

(G)(1) No hunting license shall be issued unless it is accompanied by a written explanation of the law in section 1533.17 of the Revised Code and the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed.

(2) No hunting license, other than an apprentice hunting license, shall be issued unless the applicant presents to the agent authorized to issue the license a previously held hunting license or evidence of having held such a license in content and manner approved by the chief, a certificate of completion issued upon completion of a hunter education and conservation course approved by the chief, or evidence of equivalent training in content and manner approved by the chief. A previously held apprentice hunting license does not satisfy the requirement concerning the presentation of a previously held hunting license or evidence of it.

(3) No person shall issue a hunting license, except an apprentice hunting license, to any person who fails to present the evidence required by this section. No person shall purchase or obtain a hunting license, other than an apprentice hunting license, without presenting to the issuing agent the evidence required by this section. Issuance of a hunting license in violation of the requirements of this section is an offense by both the purchaser of the illegally obtained hunting license and
the clerk or agent who issued the hunting license. Any hunting license issued in violation of this section is void.

(H) The chief, with approval of the wildlife council, shall adopt rules prescribing a hunter education and conservation course for first-time hunting license buyers, other than buyers of apprentice hunting licenses, and for volunteer instructors. The course shall consist of subjects including, but not limited to, hunter safety and health, use of hunting implements, hunting tradition and ethics, the hunter and conservation, the law in section 1533.17 of the Revised Code along with the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed, and other law relating to hunting. Authorized personnel of the division or volunteer instructors approved by the chief shall conduct such courses with such frequency and at such locations throughout the state as to reasonably meet the needs of license applicants. The chief shall issue a certificate of completion to each person who successfully completes the course and passes an examination prescribed by the chief.

Sec. 1533.11. (A)(1) Except as provided in this section or section 1533.731 of the Revised Code, no person shall hunt deer on lands of another without first obtaining an annual deer permit. Except as provided in this section, no person shall hunt wild turkeys on lands of another without first obtaining an annual wild turkey permit. A deer or wild turkey permit is valid during the hunting license year in which the permit is purchased. Except as provided in rules adopted under section 1533.09 or division (B) of that section 1533.731 of the Revised Code, each applicant for a deer or wild turkey permit shall pay an annual fee for each permit in accordance with the following schedule:

Deer permit - resident $23.00
Deer permit – nonresident, all ages $74.00 9873
Youth deer permit – resident and nonresident $11.50 9874

Senior deer permit – resident $11.50 9875
Wild turkey permit – resident $23.00 9876

Wild turkey permit – nonresident, all ages $28.00 9877
Youth wild turkey permit – resident and nonresident $11.50 9878

Senior wild turkey permit – resident $11.50 9879

(A) Except as provided in this section or division (A)(2) of section 1533.12 of the Revised Code, no person shall hunt or trap fur-bearing animals on land of another without first obtaining some type of an annual fur taker permit. Each applicant for a fur taker permit or an apprentice fur taker permit shall pay an annual fee of fourteen dollars for the permit, except as otherwise provided in this section or unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a fur taker permit to the applicant free of charge. (2) As used in division (B)(1) of this section:

(a) "Youth" means an applicant who is under the age of eighteen years at the time of application for a permit.

(b) "Senior" means an applicant who is sixty-six years of age or older at the time of application for a permit.

(C) Each type of fur taker permit is valid during the hunting license year in which the permit is purchased. The money received shall be paid into the state treasury to the credit of the fund established in section 1533.15 of the Revised Code. Apprentice fur taker permits and apprentice youth fur taker permits are subject to the requirements established under section 1533.102 of the Revised Code and rules adopted pursuant to it.

(D)(1) No person shall issue a fur taker permit unless it is accompanied by a written explanation of the law in section 1533.17 of the Revised Code and the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed.

(2) No person shall issue a fur taker permit, other than an apprentice fur taker permit or an apprentice youth fur taker permit, shall be issued to an applicant unless the applicant presents to the agent authorized to issue a fur taker permit a previously held hunting license or trapping or fur taker permit or evidence of having held such a license or permit in content and manner approved by the chief of the division of wildlife, a certificate of completion issued upon completion of a trapper education course approved by the chief, or evidence of equivalent
training in content and manner approved by the chief. A previously held apprentice hunting license, apprentice fur taker permit, or apprentice youth fur taker permit does not satisfy the requirement concerning the presentation of a previously held hunting license or fur taker permit or evidence of such a license or permit.

(3) No person shall issue a fur taker permit, other than an apprentice fur taker permit or an apprentice youth fur taker permit, to any person who fails to present the evidence required by this section. No person shall purchase or obtain a fur taker permit, other than an apprentice fur taker permit or an apprentice youth fur taker permit, without presenting to the issuing agent the evidence required by this section. Issuance of a fur taker permit in violation of the requirements of this section is an offense by both the purchaser of the illegally obtained permit and the clerk or agent who issued the permit. Any fur taker permit issued in violation of this section is void.

(E) The chief, with approval of the wildlife council, shall adopt rules prescribing a trapper education course for first-time fur taker permit buyers, other than buyers of apprentice fur taker permits or apprentice youth fur taker permits, and for volunteer instructors. The course shall consist of subjects that include, but are not limited to, trapping techniques, animal habits and identification, trapping tradition and ethics, the trapper and conservation, the law in section 1533.17 of the Revised Code along with the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed, and other law relating to trapping. Authorized personnel of the division of wildlife or volunteer instructors approved by the chief shall conduct the courses with such frequency and at such locations throughout the state as to reasonably meet the needs of permit applicants. The chief shall issue a certificate of completion to each person who successfully completes the course and passes an
examination prescribed by the chief.

(F) Every person, while hunting or trapping fur-bearing animals on lands of another, shall carry the person's fur taker permit with the person's signature written on the permit. Failure to carry such a signed permit constitutes an offense under this section. The chief shall adopt any additional rules the chief considers necessary to carry out this section.

(G) An owner who is a resident of this state or an owner who is exempt from obtaining a hunting license under section 1533.10 of the Revised Code and the children of the owner of lands in this state may hunt or trap fur-bearing animals thereon without a fur taker permit. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age may hunt or trap fur-bearing animals on the land owned by the limited liability company or limited liability partnership without a fur taker permit. In addition, if the owner of land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's children of any age may hunt or trap fur-bearing animals on the land owned by the trust without a fur taker permit. The tenant and children of the tenant may hunt or trap fur-bearing animals on lands where they reside without a fur taker permit.

(H) A fur taker permit is not transferable. No person shall carry a fur taker permit issued in the name of another person.

(I) A fur taker permit entitles a nonresident to take from this state fur-bearing animals taken and possessed by the nonresident as provided by law or division rule.
**Sec. 1533.112.** Except as provided in this section or unless otherwise provided by division rule, no person shall hunt ducks, geese, or brant on the lands of another without first obtaining an annual wetlands habitat stamp. The annual fee for the wetlands habitat stamp shall be fourteen dollars for each stamp unless the otherwise provided in rules adopted under section 1533.09 or division (B) of section 1533.12 provide for issuance of a wetlands habitat stamp to the applicant free of charge of the Revised Code.

Moneys received from the stamp fee shall be paid into the state treasury to the credit of the wetlands habitat fund, which is hereby established. Moneys shall be paid from the fund on the order of the director of natural resources for the following purposes:

(A) Sixty per cent for projects that the division approves for the acquisition, development, management, or preservation of waterfowl areas within the state;

(B) Forty per cent for contribution by the division to an appropriate nonprofit organization for the acquisition, development, management, or preservation of lands and waters within the United States or Canada that provide or will provide habitat for waterfowl with migration routes that cross this state.

No moneys derived from the issuance of wetlands habitat stamps shall be spent for purposes other than those specified by this section. All investment earnings of the fund shall be credited to the fund.

Wetlands habitat stamps shall be furnished by and in a form prescribed by the chief of the division of wildlife and issued by clerks and other agents authorized to issue licenses and permits under section 1533.13 of the Revised Code. The record of stamps kept by the clerks and other agents shall be uniform throughout the state, in such form or manner as the director prescribes, and
open at all reasonable hours to the inspection of any person. Unless otherwise provided by rule, each stamp shall remain in force until midnight of the thirty-first day of August next ensuing. Wetlands habitat stamps may be issued in any manner to any person on any date, whether or not that date is within the period in which they are effective.

Every person to whom this section applies, while hunting ducks, geese, or brant, shall carry an unexpired wetlands habitat stamp that is validated by the person's signature written on the stamp in ink and shall exhibit the stamp to any enforcement officer so requesting. No person shall fail to carry and exhibit the person's stamp.

A wetlands habitat stamp is not transferable.

The chief shall establish a procedure to obtain subject matter to be printed on the wetlands habitat stamp and shall use, dispose of, or distribute the subject matter as the chief considers necessary. The chief also shall adopt rules necessary to administer this section.

This section does not apply to persons under sixteen years of age nor to persons exempted from procuring a hunting license under section 1533.10 or division (A)(2) of section 1533.12 of the Revised Code.

Sec. 1533.32. (A) Except as provided in this section or division (A)(2) or (C) of section 1533.12 of the Revised Code or as exempted at the discretion of the chief of the division of wildlife, no person, including nonresidents, shall take or catch any fish by angling in any of the waters in the state or engage in fishing in those waters without a license. No person shall take or catch frogs or turtles without a valid fishing license, except as provided in this section. Persons fishing in privately owned ponds, lakes, or reservoirs to or from which fish are not
accustomed to migrate are exempt from the license requirements set forth in this section. Persons fishing in privately owned ponds, lakes, or reservoirs that are open to public fishing through an agreement or lease with the division of wildlife shall comply with the license requirements set forth in this section.

(B)(1) The fee for an annual license shall be forty-nine dollars for a resident of a state that is not a party to an agreement under section 1533.91 of the Revised Code. The fee for an annual license shall be eighteen dollars for a resident of a state that is a party to such an agreement. The fee for an annual license for residents of this state shall be eighteen dollars unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a resident fishing license to the applicant free of charge. Except as provided in rules adopted under division (B)(2) of that section, each applicant who is a resident of this state and who at the time of application is sixty-six years of age or older shall procure a special senior fishing license, the fee for which shall be one-half of the annual resident fishing license fee.

(2) Except as otherwise provided in rules adopted under section 1533.09 or division (B) of section 1533.12 of the Revised Code, each applicant for a fishing license shall pay a fee for each license in accordance with the following schedule:

- Annual fishing license - resident: $24.00
- Annual fishing license - nonresident that is not a resident of a reciprocal state: $49.00
- Annual fishing license - nonresident that is a resident of a reciprocal state: $24.00
- Annual senior fishing license - resident: $9.00

(2) As used in division (B)(1) of this section:

(a) "Reciprocal state" means a state that is a party to an agreement under section 1533.91 of the Revised Code.

(b) "Senior" means an applicant who is sixty-six years of age or older at the time of application for a license.

(3) Any person under the age of sixteen years may take or catch frogs and turtles and take or catch fish by angling without a license.

(C)(1) The chief of the division of wildlife may issue a tourist's license expiring three days from the effective date of the license to a resident of a state that is not a party to an agreement under section 1533.91 of the Revised Code. The fee for a tourist's license shall be eighteen dollars.

(2) The chief shall adopt rules under section 1531.10 of the Revised Code providing for the issuance of a one-day fishing license to a resident of this state or of any other state. The fee for such a license shall be fifty-five per cent of the amount established under this section for a tourist's license, rounded up to the nearest whole dollar. A one-day fishing license shall allow the holder to take or catch fish by angling in the waters in the state, engage in fishing in those waters, or take or catch frogs or turtles in those waters for one day without obtaining an annual license or a tourist's license under this section. At the request of a holder of a one-day fishing license who wishes to obtain an annual license, a clerk or agent authorized to issue licenses under section 1533.13 of the Revised Code, not later than the last day on which the one-day license would be valid if it were an annual license, shall credit the amount of the fee paid for the one-day license toward the fee charged for the annual license if so authorized by the chief. The clerk or agent shall issue the
annual license upon presentation of the one-day license and payment of a fee in an amount equal to the difference between the fee for the annual license and the fee for the one-day license.

(3) Unless otherwise provided by division rule, each annual license shall begin on the date of issuance and expire a year from the date of issuance.

(4) Unless otherwise provided by division rule, each multi-year license issued in accordance with section 1533.321 of the Revised Code shall begin on the date of issuance and expire three years, five years, or ten years from the date of issuance, as applicable.

(5) No person shall alter a fishing license or possess a fishing license that has been altered.

(6) No person shall procure or attempt to procure a fishing license by fraud, deceit, misrepresentation, or any false statement.

(7) A resident of this state who owns land over, through, upon, or along which any water flows or stands, except where the land is in or borders on state parks or state-owned lakes, together with the members of the immediate families of such owners, may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught therefrom without procuring a license provided for in this section. This exemption extends to tenants actually residing upon such lands and to the members of the immediate families of the tenants. A resident of any other state who owns land in this state over, through, upon, or along which any water flows or stands, except where the land is in or borders on state parks or state-owned lakes, and the spouse and children living with the owner, may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught from that water without obtaining a license under this section,
provided that the state of residence of the owner allows residents of this state owning real property in that state, and the spouse and children living with such a property owner, to take frogs and turtles and take or catch fish without a license. If the owner of such land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught therefrom without procuring a license provided for in this section. The chief shall ensure that the price for a combination package is not discounted by more than five per cent of the total fees for the licenses, permits, or stamps that a person would otherwise pay for those licenses, permits, or stamps if the person purchased them individually.

(C)(1) The multi-year and lifetime license fund is hereby created in the state treasury. The fund shall consist of money received from application fees for multi-year and lifetime hunting and fishing licenses.

(2) Each fiscal year, a prorated amount of the money from each multi-year and lifetime license fee shall be transferred from the multi-year and lifetime license fund to the fund into which the applicable single year license fee would otherwise be deposited. The chief shall adopt rules in accordance with section 1531.10 of the Revised Code for the administration of this division, including establishing a system that prorates lifetime license fees for deposit each year into the wildlife fund created in section 1531.17 of the Revised Code.

(3) Each fiscal year, all previous year's investment earnings from the multi-year and lifetime license fund shall be transferred
into the wildlife fund created in section 1531.17 of the Revised Code.

Sec. 1561.011. Except as provided in section 1561.24 of the Revised Code, nothing in this chapter applies to activities that are permitted and regulated under Chapter 1514. of the Revised Code.

Sec. 1711.52. (A) The advisory council on amusement ride safety shall do both of the following:

(A)(1) Study any subject pertaining to amusement ride safety, including administrative, engineering, and technical subjects, and make findings and recommendations to the director of agriculture in accordance with division (B) of this section;

(B)(2) Prior to the adoption of any rules or amendments to those rules under division (B) of section 1711.53 and division (B) of section 1711.551 of the Revised Code, study the proposed rules to be adopted by the director regarding amusement ride safety, advise the director, and make findings and recommendations to the

The advisory council shall submit only those findings and recommendations that receive a majority vote of the advisory council.

(C) The director shall make available to the advisory council any information, reports, and studies requested by the advisory council.

Sec. 1711.53. (A)(1) No person shall operate an amusement ride within the state without a permit issued by the director of agriculture under division (A)(2) of this section. The owner of an amusement ride, whether the ride is a temporary amusement ride or a permanent amusement ride, who desires to operate the amusement ride within the state shall, prior to the operation of the amusement ride and annually thereafter, submit to the department of agriculture an application for a permit, together with the appropriate permit and inspection fee, on a form to be furnished by the department. Prior to issuing any permit the department shall, within thirty days after the date on which it receives the application, inspect each amusement ride described in the application. The owner of an amusement ride shall have the amusement ride ready for inspection not later than two hours after the time that is requested by the person for the inspection.

(2) For each amusement ride found to comply with the rules
adopted by the director under division (B) of this section and division (B) of section 1711.551 of the Revised Code, the director shall issue an annual permit, provided that evidence of liability insurance coverage for the amusement ride as required by section 1711.54 of the Revised Code is on file with the department.

(3) The director shall issue with each permit a decal indicating that the amusement ride has been issued the permit. The owner of the amusement ride shall affix the decal on the ride at a location where the decal is easily visible to the patrons of the ride. A copy of the permit shall be kept on file at the same address as the location of the amusement ride identified on the permit, and shall be made available for inspection, upon reasonable demand, by any person. An owner may operate an amusement ride prior to obtaining a permit, provided that the operation is for the purpose of testing the amusement ride or training amusement ride operators and other employees of the owner and the amusement ride is not open to the public.

(B) The director, in accordance with Chapter 119. of the Revised Code, shall adopt rules providing for a schedule of fines, with no fine exceeding five thousand dollars, for violations of sections 1711.50 to 1711.57 of the Revised Code or any rules adopted under this division and for the classification of amusement rides and rules for the safe operation and inspection of all amusement rides as are necessary for amusement ride safety and for the protection of the general public. Rules adopted by the director for the safe operation and inspection of amusement rides shall be reasonable and based upon generally accepted engineering standards and practices. In adopting rules under this section, the director may adopt by reference, in whole or in part, the national fire code or the national electrical code (NEC) prepared by the national fire protection association, the standards of the American society for testing and materials (ASTM) or the American
national standards institute (ANSI), or any other principles, tests, or standards of nationally recognized technical or scientific authorities. Insofar as is practicable and consistent with sections 1711.50 to 1711.57 of the Revised Code, rules adopted under this division shall be consistent with the rules of other states. The department shall cause sections 1711.50 to 1711.57 of the Revised Code and the rules adopted in accordance with this division and division (B) of section 1711.551 of the Revised Code to be published in pamphlet form and a copy to be furnished without charge to each owner of an amusement ride who holds a current permit or is an applicant therefor.

(C) With respect to an application for a permit for an amusement ride, an owner may apply to the director for a waiver or modification of any rule adopted under division (B) of this section if there are practical difficulties or unnecessary hardships for the amusement ride to comply with the rules. Any application shall set forth the reasons for the request. The director, with the approval of the advisory council on amusement ride safety, may waive or modify the application of a rule to any amusement ride if the public safety is secure. Any authorization by the director under this division shall be in writing and shall set forth the conditions under which the waiver or modification is authorized, and the department shall retain separate records of all proceedings under this division.

(D)(1) The director shall employ and provide for training of a chief inspector and additional inspectors and employees as may be necessary to administer and enforce sections 1711.50 to 1711.57 of the Revised Code. The director may appoint or contract with other persons to perform inspections of amusement rides, provided that the persons meet the qualifications for inspectors established by rules adopted under division (B) of this section and are not owners, or employees of owners, of any amusement ride.
subject to inspection under sections 1711.50 to 1711.57 of the Revised Code. No person shall inspect an amusement ride who, within six months prior to the date of inspection, was an employee of the owner of the ride.

(2) Before the director contracts with other persons to inspect amusement rides, the director shall seek the advice of the advisory council on amusement ride safety on whether to contract with those persons. The advice shall not be binding upon the director. After having received the advice of the council, the director may proceed to contract with inspectors in accordance with the procedures specified in division (E)(2) of section 1711.11 of the Revised Code.

(3) With the advice and consent of the advisory council on amusement ride safety, the director may employ a special consultant to conduct an independent investigation of an amusement ride accident. This consultant need not be in the civil service of the state, but shall have qualifications to conduct the investigation acceptable to the council.

(E)(1) Except as otherwise provided in division (E)(1) of this section, the department shall charge the following amusement ride fees:

The director shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an annual fee that is less than one hundred five fifty-four dollars for an inspection and reinspection of an inflatable ride. In adopting the rules, the director shall ensure that the fee reasonably reflects the costs of inspection and reinspection of an inflatable ride. If the director issues a permit for an inflatable ride for a time period of less than one year, the director shall charge a prorated fee for the permit equal to one-twelfth of the annual permit fee multiplied by the number of full months for which the permit is issued.

The fees for an expedited inspection, failure to cancel a scheduled inspection, and failure to have an amusement ride ready for inspection do not apply to go karts.

As used in division (E)(1) of this section, "expedited inspection" means an inspection of an amusement ride by the department not later than ten days after the owner of the amusement ride files an application for a permit under this section.

(2) All fees and fines collected by the department under sections 1711.50 to 1711.57 of the Revised Code shall be deposited in the state treasury to the credit of the amusement ride inspection fund, which is hereby created, and shall be used only

If the court grants permanent custody under this division, the court, upon the request of any party, shall file a written opinion setting forth its findings of fact and conclusions of law in relation to the proceeding.

(5) Place the child in a planned permanent living arrangement
with a public children services agency or private child placing agency, if a public children services agency or private child placing agency requests the court to place the child in a planned permanent living arrangement and if the court finds, by clear and convincing evidence, that a planned permanent living arrangement is in the best interest of the child, that the child is sixteen years of age or older, and that one of the following exists:

(a) The child, because of physical, mental, or psychological problems or needs, is unable to function in a family-like setting and must remain in residential or institutional care now and for the foreseeable future beyond the date of the dispositional hearing held pursuant to section 2151.35 of the Revised Code.

(b) The parents of the child have significant physical, mental, or psychological problems and are unable to care for the child because of those problems, adoption is not in the best interest of the child, as determined in accordance with division (D)(1) of section 2151.414 of the Revised Code, and the child retains a significant and positive relationship with a parent or relative.

(B)(1) When making a determination on whether to place a
child in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section, the court shall consider all relevant information that has been presented to the court, including information gathered from the child, the child's guardian ad litem, and the public children services agency or private child placing agency.

(2) A child who is placed in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section shall be placed in an independent living setting or in a family setting in which the caregiver has been provided by the agency that has custody of the child with a notice that addresses the following:

(a) The caregiver understands that the planned permanent living arrangement is intended to be permanent in nature and that the caregiver will provide a stable placement for the child through the child's emancipation or until the court releases the child from the custody of the agency, whichever occurs first.

(b) The caregiver is expected to actively participate in the youth's independent living case plan, attend agency team meetings and court hearings as appropriate, complete training, as provided in division (B) of section 5103.035 of the Revised Code, related to providing the child independent living services, and assist in the child's transition into adulthood.

(3) The department of job and family services shall develop a model notice to be provided by an agency that has custody of a child to a caregiver under division (B)(2) of this section. The agency may modify the model notice to apply to the needs of the agency.

(C) No order for permanent custody or temporary custody of a child or the placement of a child in a planned permanent living arrangement shall be made pursuant to this section unless the
complaint alleging the abuse, neglect, or dependency contains a
prayer requesting permanent custody, temporary custody, or the
placement of the child in a planned permanent living arrangement
as desired, the summons served on the parents of the child
contains as is appropriate a full explanation that the granting of
an order for permanent custody permanently divests them of their
parental rights, a full explanation that an adjudication that the
child is an abused, neglected, or dependent child may result in an
order of temporary custody that will cause the removal of the
child from their legal custody until the court terminates the
order of temporary custody or permanently divests the parents of
their parental rights, or a full explanation that the granting of
an order for a planned permanent living arrangement will result in
the removal of the child from their legal custody if any of the
conditions listed in divisions (A)(5)(a) to (c) of this section
are found to exist, and the summons served on the parents contains
a full explanation of their right to be represented by counsel and
to have counsel appointed pursuant to Chapter 120. of the Revised
Code if they are indigent.

If after making disposition as authorized by division (A)(2)
of this section, a motion is filed that requests permanent custody
of the child, the court may grant permanent custody of the child
to the movant in accordance with section 2151.414 of the Revised
Code.

(D) If the court issues an order for protective supervision
pursuant to division (A)(1) of this section, the court may place
any reasonable restrictions upon the child, the child's parents,
guardian, or custodian, or any other person, including, but not
limited to, any of the following:

(1) Order a party, within forty-eight hours after the
issuance of the order, to vacate the child's home indefinitely or
for a specified period of time;
(2) Order a party, a parent of the child, or a physical
custodian of the child to prevent any particular person from
having contact with the child;

(3) Issue an order restraining or otherwise controlling the
conduct of any person which conduct would not be in the best
interest of the child.

(E) As part of its dispositional order, the court shall
journalize a case plan for the child. The journalized case plan
shall not be changed except as provided in section 2151.412 of the
Revised Code.

(F)(1) The court shall retain jurisdiction over any child for
whom the court issues an order of disposition pursuant to division
(A) of this section or pursuant to section 2151.414 or 2151.415 of
the Revised Code until the child attains the age of eighteen years
if the child is not mentally retarded, developmentally disabled,
or physically impaired, the child attains the age of twenty-one
years if the child is mentally retarded, developmentally disabled,
or physically impaired, or the child is adopted and a final decree
of adoption is issued, except that the court may retain
jurisdiction over the child and continue any order of disposition
under division (A) of this section or under section 2151.414 or
2151.415 of the Revised Code for a specified period of time to
enable the child to graduate from high school or vocational
school. The court shall retain jurisdiction over a person who
meets the requirements described in division (A)(1) of section
5101.1411 of the Revised Code and who is subject to a voluntary
participation agreement that is in effect. The court shall make an
entry continuing its jurisdiction under this division in the
journal.

(2) Any public children services agency, any private child
placing agency, the department of job and family services, or any
party, other than any parent whose parental rights with respect to
the child have been terminated pursuant to an order issued under division (A)(4) of this section, by filing a motion with the court, may at any time request the court to modify or terminate any order of disposition issued pursuant to division (A) of this section or section 2151.414 or 2151.415 of the Revised Code. The court shall hold a hearing upon the motion as if the hearing were the original dispositional hearing and shall give all parties to the action and the guardian ad litem notice of the hearing pursuant to the Juvenile Rules. If applicable, the court shall comply with section 2151.42 of the Revised Code.

(G) Any temporary custody order issued pursuant to division (A) of this section shall terminate one year after the earlier of the date on which the complaint in the case was filed or the child was first placed into shelter care, except that, upon the filing of a motion pursuant to section 2151.415 of the Revised Code, the temporary custody order shall continue and not terminate until the court issues a dispositional order under that section. In resolving the motion, the court shall not order an existing temporary custody order to continue beyond two years after the date on which the complaint was filed or the child was first placed into shelter care, whichever date is earlier, regardless of whether any extensions have been previously ordered pursuant to division (D) of section 2151.415 of the Revised Code.

(H)(1) No later than one year after the earlier of the date the complaint in the case was filed or the child was first placed in shelter care, a party may ask the court to extend an order for protective supervision for six months or to terminate the order. A party requesting extension or termination of the order shall file a written request for the extension or termination with the court and give notice of the proposed extension or termination in writing before the end of the day after the day of filing it to all parties and the child's guardian ad litem. If a public
children services agency or private child placing agency requests termination of the order, the agency shall file a written status report setting out the facts supporting termination of the order at the time it files the request with the court. If no party requests extension or termination of the order, the court shall notify the parties that the court will extend the order for six months or terminate it and that it may do so without a hearing unless one of the parties requests a hearing. All parties and the guardian ad litem shall have seven days from the date a notice is sent pursuant to this division to object to and request a hearing on the proposed extension or termination.

(a) If it receives a timely request for a hearing, the court shall schedule a hearing to be held no later than thirty days after the request is received by the court. The court shall give notice of the date, time, and location of the hearing to all parties and the guardian ad litem. At the hearing, the court shall determine whether extension or termination of the order is in the child's best interest. If termination is in the child's best interest, the court shall terminate the order. If extension is in the child's best interest, the court shall extend the order for six months.

(b) If it does not receive a timely request for a hearing, the court may extend the order for six months or terminate it without a hearing and shall journalize the order of extension or termination not later than fourteen days after receiving the request for extension or termination or after the date the court notifies the parties that it will extend or terminate the order. If the court does not extend or terminate the order, it shall schedule a hearing to be held no later than thirty days after the expiration of the applicable fourteen-day time period and give notice of the date, time, and location of the hearing to all parties and the child's guardian ad litem. At the hearing, the
court shall determine whether extension or termination of the order is in the child's best interest. If termination is in the child's best interest, the court shall terminate the order. If extension is in the child's best interest, the court shall issue an order extending the order for protective supervision six months.

(2) If the court grants an extension of the order for protective supervision pursuant to division (H)(1) of this section, a party may, prior to termination of the extension, file with the court a request for an additional extension of six months or for termination of the order. The court and the parties shall comply with division (H)(1) of this section with respect to extending or terminating the order.

(3) If a court grants an extension pursuant to division (H)(2) of this section, the court shall terminate the order for protective supervision at the end of the extension.

(I) The court shall not issue a dispositional order pursuant to division (A) of this section that removes a child from the child's home unless the court complies with section 2151.419 of the Revised Code and includes in the dispositional order the findings of fact required by that section.

(J) If a motion or application for an order described in division (A)(6) of this section is made, the court shall not issue the order unless, prior to the issuance of the order, it provides to the person all of the following:

(1) Notice and a copy of the motion or application;
(2) The grounds for the motion or application;
(3) An opportunity to present evidence and witnesses at a hearing regarding the motion or application;
(4) An opportunity to be represented by counsel at the
hearing.

(K) The jurisdiction of the court shall terminate one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, the date of the latest further action subsequent to the award, if the court awards legal custody of a child to either of the following:

(1) A legal custodian who, at the time of the award of legal custody, resides in a county of this state other than the county in which the court is located;

(2) A legal custodian who resides in the county in which the court is located at the time of the award of legal custody, but moves to a different county of this state prior to one year after the date of the award or, if the court takes any further action in the matter subsequent to the award, one year after the date of the latest further action subsequent to the award.

The court in the county in which the legal custodian resides then shall have jurisdiction in the matter.

Sec. 2151.421. (A)(1)(a) No person described in division (A)(1)(b) of this section who is acting in an official or professional capacity and knows, or has reasonable cause to suspect based on facts that would cause a reasonable person in a similar position to suspect, that a child under eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the child shall fail to immediately report that knowledge or reasonable cause to suspect to the entity or persons specified in this division. (c) If two or more health care professionals, after providing health care services to a child, determine or suspect that the child has been or is being abused or neglected, the health care professionals may designate one of the health care professionals to report the abuse or neglect. A single report made under this division shall meet the reporting requirements of division (A)(1) of this section.

(2) Except as provided in division (A)(3) of this section, an attorney or a physician is not required to make a report pursuant to division (A)(1) of this section concerning any communication the attorney or physician receives from a client or patient in an attorney-client or physician-patient relationship, if, in accordance with division (A) or (B) of section 2317.02 of the Revised Code, the attorney or physician could not testify with respect to that communication in a civil or criminal proceeding.

(c) The abuse or neglect does not arise out of the client's or patient's attempt to have an abortion without the notification of her parents, guardian, or custodian in accordance with section 2151.85 of the Revised Code.

(4)(a) No cleric and no person, other than a volunteer, designated by any church, religious society, or faith acting as a leader, official, or delegate on behalf of the church, religious society, or faith who is acting in an official or professional capacity, who knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, that a child under eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that reasonably indicates abuse or neglect of the child, and who knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, that another cleric or another person, other than a volunteer, designated by a church, religious society, or faith acting as a leader, official, or delegate on behalf of the church, religious society, or faith caused, or poses the threat of causing, the wound, injury, disability, or condition that reasonably indicates abuse or neglect shall fail to immediately report that knowledge or reasonable cause to believe to the entity or persons specified in this division. Except as provided in
section 5120.173 of the Revised Code, the person making the report shall make it to the public children services agency or a peace officer in the county in which the child resides or in which the abuse or neglect is occurring or has occurred. In the circumstances described in section 5120.173 of the Revised Code, the person making the report shall make it to the entity specified in that section.

(b) Except as provided in division (A)(4)(c) of this section, a cleric is not required to make a report pursuant to division (A)(4)(a) of this section concerning any communication the cleric receives from a penitent in a cleric-penitent relationship, if, in accordance with division (C) of section 2317.02 of the Revised Code, the cleric could not testify with respect to that communication in a civil or criminal proceeding.

(c) The penitent in a cleric-penitent relationship described in division (A)(4)(b) of this section is deemed to have waived any testimonial privilege under division (C) of section 2317.02 of the Revised Code with respect to any communication the cleric receives from the penitent in that cleric-penitent relationship, and the cleric shall make a report pursuant to division (A)(4)(a) of this section with respect to that communication, if all of the following apply:

(i) The penitent, at the time of the communication, is a child under eighteen years of age or is a person under twenty-one years of age with a developmental disability or physical impairment.

(ii) The cleric knows, or has reasonable cause to believe based on facts that would cause a reasonable person in a similar position to believe, as a result of the communication or any observations made during that communication, the penitent has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or condition of a nature that
reasonably indicates abuse or neglect of the penitent.

   (iii) The abuse or neglect does not arise out of the penitent's attempt to have an abortion performed upon a child under eighteen years of age or upon a person under twenty-one years of age with a developmental disability or physical impairment without the notification of her parents, guardian, or custodian in accordance with section 2151.85 of the Revised Code.

   (d) Divisions (A)(4)(a) and (c) of this section do not apply in a cleric-penitent relationship when the disclosure of any communication the cleric receives from the penitent is in violation of the sacred trust.

   (e) As used in divisions (A)(1) and (4) of this section, "cleric" and "sacred trust" have the same meanings as in section 2317.02 of the Revised Code.

   (B) Anyone who knows, or has reasonable cause to suspect based on facts that would cause a reasonable person in similar circumstances to suspect, that a child under eighteen years of age, or a person under twenty-one years of age with a developmental disability or physical impairment, has suffered or faces a threat of suffering any physical or mental wound, injury, disability, or other condition of a nature that reasonably indicates abuse or neglect of the child may report or cause reports to be made of that knowledge or reasonable cause to suspect to the entity or persons specified in this division. Except as provided in section 5120.173 of the Revised Code, a person making a report or causing a report to be made under this division shall make it or cause it to be made to the public children services agency or to a peace officer. In the circumstances described in section 5120.173 of the Revised Code, a person making a report or causing a report to be made under this division shall make it or cause it to be made to the entity specified in that section.
(C) Any report made pursuant to division (A) or (B) of this section shall be made forthwith either by telephone or in person and shall be followed by a written report, if requested by the receiving agency or officer. The written report shall contain:

(1) The names and addresses of the child and the child's parents or the person or persons having custody of the child, if known;

(2) The child's age and the nature and extent of the child's injuries, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to have occurred or of the threat of injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to exist, including any evidence of previous injuries, abuse, or neglect;

(3) Any other information, including, but not limited to, results and reports of any medical examinations, tests, or procedures performed under division (D) of this section, that might be helpful in establishing the cause of the injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to have occurred or of the threat of injury, abuse, or neglect that is known or reasonably suspected or believed, as applicable, to exist.

(D)(1) Any person, who is required by division (A) of this section to report child abuse or child neglect that is known or reasonably suspected or believed to have occurred, may take or cause to be taken color photographs of areas of trauma visible on a child and, if medically necessary for the purpose of diagnosing or treating injuries that are suspected to have occurred as a result of child abuse or child neglect, perform or cause to be performed radiological examinations and any other medical examinations of, and tests or procedures on, the child.

(2) The results and any available reports of examinations,
tests, or procedures made under division (D)(1) of this section shall be included in a report made pursuant to division (A) of this section. Any additional reports of examinations, tests, or procedures that become available shall be provided to the public children services agency, upon request.

(3) If a health care professional provides health care services in a hospital, children's advocacy center, or emergency medical facility to a child about whom a report has been made under division (A) of this section, the health care professional may take any steps that are reasonably necessary for the release or discharge of the child to an appropriate environment. Before the child's release or discharge, the health care professional may obtain information, or consider information obtained, from other entities or individuals that have knowledge about the child. Nothing in division (D)(3) of this section shall be construed to alter the responsibilities of any person under sections 2151.27 and 2151.31 of the Revised Code.

(4) A health care professional may conduct medical examinations, tests, or procedures on the siblings of a child about whom a report has been made under division (A) of this section and on other children who reside in the same home as the child, if the professional determines that the examinations, tests, or procedures are medically necessary to diagnose or treat the siblings or other children in order to determine whether reports under division (A) of this section are warranted with respect to such siblings or other children. The results of the examinations, tests, or procedures on the siblings and other children may be included in a report made pursuant to division (A) of this section.

(5) Medical examinations, tests, or procedures conducted under divisions (D)(1) and (4) of this section and decisions regarding the release or discharge of a child under division...
(D) (3) of this section do not constitute a law enforcement
investigation or activity.

(E) (1) When a peace officer receives a report made pursuant
to division (A) or (B) of this section, upon receipt of the
report, the peace officer who receives the report shall refer the
report to the appropriate public children services agency, unless
an arrest is made at the time of the report that results in the
appropriate public children services agency being contacted
concerning the possible abuse or neglect of a child or the
possible threat of abuse or neglect of a child.

(2) When a public children services agency receives a report
pursuant to this division or division (A) or (B) of this section,
upon receipt of the report, the public children services agency
shall do both of the following:

(a) Comply with section 2151.422 of the Revised Code;

(b) If the county served by the agency is also served by a
children's advocacy center and the report alleges sexual abuse of
a child or another type of abuse of a child that is specified in
the memorandum of understanding that creates the center as being
within the center's jurisdiction, comply regarding the report with
the protocol and procedures for referrals and investigations, with
the coordinating activities, and with the authority or
responsibility for performing or providing functions, activities,
and services stipulated in the interagency agreement entered into
under section 2151.428 of the Revised Code relative to that
center.

(F) No peace officer shall remove a child about whom a report
is made pursuant to this section from the child's parents,
stepparents, or guardian or any other persons having custody of
the child without consultation with the public children services
agency, unless, in the judgment of the officer, and, if the report
was made by physician, the physician, immediate removal is considered essential to protect the child from further abuse or neglect. The agency that must be consulted shall be the agency conducting the investigation of the report as determined pursuant to section 2151.422 of the Revised Code.

(G)(1) Except as provided in section 2151.422 of the Revised Code or in an interagency agreement entered into under section 2151.428 of the Revised Code that applies to the particular report, the public children services agency shall investigate, within twenty-four hours, each report of child abuse or child neglect that is known or reasonably suspected or believed to have occurred and of a threat of child abuse or child neglect that is known or reasonably suspected or believed to exist that is referred to it under this section to determine the circumstances surrounding the injuries, abuse, or neglect or the threat of injury, abuse, or neglect, the cause of the injuries, abuse, neglect, or threat, and the person or persons responsible. The investigation shall be made in cooperation with the law enforcement agency and in accordance with the memorandum of understanding prepared under division (K) of this section. A representative of the public children services agency shall, at the time of initial contact with the person subject to the investigation, inform the person of the specific complaints or allegations made against the person. The information shall be given in a manner that is consistent with division (I)(1) of this section and protects the rights of the person making the report under this section.

A failure to make the investigation in accordance with the memorandum is not grounds for, and shall not result in, the dismissal of any charges or complaint arising from the report or the suppression of any evidence obtained as a result of the report and does not give, and shall not be construed as giving, any
rights or any grounds for appeal or post-conviction relief to any person. The public children services agency shall report each case to the uniform statewide automated child welfare information system that the department of job and family services shall maintain in accordance with section 5101.13 of the Revised Code. The public children services agency shall submit a report of its investigation, in writing, to the law enforcement agency.

(2) The public children services agency shall make any recommendations to the county prosecuting attorney or city director of law that it considers necessary to protect any children that are brought to its attention.

(H)(1)(a) Except as provided in divisions (H)(1)(b) and (I)(3) of this section, any person, health care professional, hospital, institution, school, health department, or agency shall be immune from any civil or criminal liability for injury, death, or loss to person or property that otherwise might be incurred or imposed as a result of any of the following:

(i) Participating in the making of reports pursuant to division (A) of this section or in the making of reports in good faith, pursuant to division (B) of this section;

(ii) Participating in medical examinations, tests, or procedures under division (D) of this section;

(iii) Providing information used in a report made pursuant to division (A) of this section or providing information in good faith used in a report made pursuant to division (B) of this section;

(iv) Participating in a judicial proceeding resulting from a report made pursuant to division (A) of this section or participating in good faith in a proceeding resulting from a report made pursuant to division (B) of this section.

(b) Immunity under division (H)(1)(a)(ii) of this section
shall not apply when a health care provider has deviated from the standard of care applicable to the provider's profession.

(c) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege shall not be a ground for excluding evidence regarding a child's injuries, abuse, or neglect, or the cause of the injuries, abuse, or neglect in any judicial proceeding resulting from a report submitted pursuant to this section.

(2) In any civil or criminal action or proceeding in which it is alleged and proved that participation in the making of a report under this section was not in good faith or participation in a judicial proceeding resulting from a report made under this section was not in good faith, the court shall award the prevailing party reasonable attorney's fees and costs and, if a civil action or proceeding is voluntarily dismissed, may award reasonable attorney's fees and costs to the party against whom the civil action or proceeding is brought.

(I)(1) Except as provided in divisions (I)(4) and (O) of this section, a report made under this section is confidential. The information provided in a report made pursuant to this section and the name of the person who made the report shall not be released for use, and shall not be used, as evidence in any civil action or proceeding brought against the person who made the report. Nothing in this division shall preclude the use of reports of other incidents of known or suspected abuse or neglect in a civil action or proceeding brought pursuant to division (N) of this section against a person who is alleged to have violated division (A)(1) of this section, provided that any information in a report that would identify the child who is the subject of the report or the maker of the report, if the maker of the report is not the defendant or an agent or employee of the defendant, has been redacted. In a criminal proceeding, the report is admissible in
evidence in accordance with the Rules of Evidence and is subject to discovery in accordance with the Rules of Criminal Procedure.

(2) (a) Except as provided in division (I)(2)(b) of this section, no person shall permit or encourage the unauthorized dissemination of the contents of any report made under this section.

(b) A health care professional that obtains the same information contained in a report made under this section from a source other than the report may disseminate the information, if its dissemination is otherwise permitted by law.

(3) A person who knowingly makes or causes another person to make a false report under division (B) of this section that alleges that any person has committed an act or omission that resulted in a child being an abused child or a neglected child is guilty of a violation of section 2921.14 of the Revised Code.

(4) If a report is made pursuant to division (A) or (B) of this section and the child who is the subject of the report dies for any reason at any time after the report is made, but before the child attains eighteen years of age, the public children services agency or peace officer to which the report was made or referred, on the request of the child fatality review board or the director of health pursuant to guidelines established under section 3701.70 of the Revised Code, shall submit a summary sheet of information providing a summary of the report to the review board of the county in which the deceased child resided at the time of death or to the director. On the request of the review board or director, the agency or peace officer may, at its discretion, make the report available to the review board or director. If the county served by the public children services agency is also served by a children's advocacy center and the report of alleged sexual abuse of a child or another type of abuse of a child is specified in the memorandum of understanding that
creates the center as being within the center's jurisdiction, the agency or center shall perform the duties and functions specified in this division in accordance with the interagency agreement entered into under section 2151.428 of the Revised Code relative to that advocacy center.

(5) A public children services agency shall advise a person alleged to have inflicted abuse or neglect on a child who is the subject of a report made pursuant to this section, including a report alleging sexual abuse of a child or another type of abuse of a child referred to a children's advocacy center pursuant to an interagency agreement entered into under section 2151.428 of the Revised Code, in writing of the disposition of the investigation. The agency shall not provide to the person any information that identifies the person who made the report, statements of witnesses, or police or other investigative reports.

(J) Any report that is required by this section, other than a report that is made to the state highway patrol as described in section 5120.173 of the Revised Code, shall result in protective services and emergency supportive services being made available by the public children services agency on behalf of the children about whom the report is made, in an effort to prevent further neglect or abuse, to enhance their welfare, and, whenever possible, to preserve the family unit intact. The agency required to provide the services shall be the agency conducting the investigation of the report pursuant to section 2151.422 of the Revised Code.

(K)(1) Each public children services agency shall prepare a memorandum of understanding that is signed by all of the following:

(a) If there is only one juvenile judge in the county, the juvenile judge of the county or the juvenile judge's representative;

(1) A card holder attempting to purchase or receive cigarettes, other tobacco products, or alternative nicotine

(2) A transaction scan of the driver's or commercial driver's license or identification card that the card holder presented indicated that the license or card was valid.

For purposes of division (A)(3) of this section, the trier of fact shall consider that reasonable reliance upon the identification presented and the completed transaction scan may require a seller or an agent or employee of a seller to exercise reasonable diligence to determine, and that the use of a transaction scan device does not excuse a seller or an agent or employee of a seller from exercising reasonable diligence to determine, the following:

(A) Except as provided in division (E), (F), or (G) of this section and unless a specific sanction is required to be imposed or is precluded from being imposed pursuant to law, a court that imposes a sentence upon an offender for a felony may impose any sanction or combination of sanctions on the offender that are provided in sections 2929.14 to 2929.18 of the Revised Code.

If the offender is eligible to be sentenced to community control sanctions, the court shall consider the appropriateness of imposing a financial sanction pursuant to section 2929.18 of the Revised Code or a sanction of community service pursuant to section 2929.17 of the Revised Code as the sole sanction for the offense. Except as otherwise provided in this division, if the court is required to impose a mandatory prison term for the offense for which sentence is being imposed, the court also shall impose any financial sanction pursuant to section 2929.18 of the Revised Code that is required for the offense and may impose any other financial sanction pursuant to that section but may not impose any additional sanction or combination of sanctions under section 2929.16 or 2929.17 of the Revised Code.

If the offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, in addition to the mandatory term of local incarceration or the mandatory prison term required for the offense by division (G)(1) or (2) of this section, the court shall impose upon the offender a mandatory
fine in accordance with division (B)(3) of section 2929.18 of the Revised Code and may impose whichever of the following is applicable:

(1) For a fourth degree felony OVI offense for which sentence is imposed under division (G)(1) of this section, an additional community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code. If the court imposes upon the offender a community control sanction and the offender violates any condition of the community control sanction, the court may take any action prescribed in division (B) of section 2929.15 of the Revised Code relative to the offender, including imposing a prison term on the offender pursuant to that division.

(2) For a third or fourth degree felony OVI offense for which sentence is imposed under division (G)(2) of this section, an additional prison term as described in division (B)(4) of section 2929.14 of the Revised Code or a community control sanction as described in division (G)(2) of this section.

(B)(1)(a) Except as provided in division (B)(1)(b) of this section, if an offender is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense, the court shall sentence the offender to a community control sanction or combination of community control sanctions if all of the following apply:

(i) The offender previously has not been convicted of or pleaded guilty to a felony offense.

(ii) The most serious charge against the offender at the time of sentencing is a felony of the fourth or fifth degree.

(iii) if the court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of
this section, the department, within the forty-five day period
specified in that division, provided the court with the names of,
contact information for, and program details of one or more
community control sanctions that are available for persons
sentenced by the court.

   (iv) The offender previously has not been convicted of or
pleaded guilty to a misdemeanor offense of violence that the
offender committed within two years prior to the offense for which
sentence is being imposed.

   (b) The court has discretion to impose a prison term upon an
offender who is convicted of or pleads guilty to a felony of the
fourth or fifth degree that is not an offense of violence or that
is a qualifying assault offense if any of the following apply:

   (i) The offender committed the offense while having a firearm
on or about the offender's person or under the offender's control.

   (ii) If the offense is a qualifying assault offense, the
offender caused serious physical harm to another person while
committing the offense, and, if the offense is not a qualifying
assault offense, the offender caused physical harm to another
person while committing the offense.

   (iii) The offender violated a term of the conditions of bond
as set by the court.

   (iv) The court made a request of the department of
rehabilitation and correction pursuant to division (B)(1)(c) of
this section, and the department, within the forty-five day period
specified in that division, did not provide the court with the
name of, contact information for, and program details of any
community control sanction that is available for persons sentenced
by the court.

   (v) The offense is a sex offense that is a fourth or fifth
degree felony violation of any provision of Chapter 2907. of the
Revised Code.

(vi) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person with a deadly weapon.

(vii) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person, and the offender previously was convicted of an offense that caused physical harm to a person.

(viii) The offender held a public office or position of trust, and the offense related to that office or position; the offender's position obliged the offender to prevent the offense or to bring those committing it to justice; or the offender's professional reputation or position facilitated the offense or was likely to influence the future conduct of others.

(ix) The offender committed the offense for hire or as part of an organized criminal activity.

(x) The offender at the time of the offense was serving, or the offender previously had served, a prison term.

(xi) The offender committed the offense while under a community control sanction, while on probation, or while released from custody on a bond or personal recognizance.

(c) If a court that is sentencing an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense believes that no community control sanctions are available for its use that, if imposed on the offender, will adequately fulfill the overriding principles and purposes of sentencing, the court shall contact the department of rehabilitation and correction and ask the department to provide the court with the names of, contact information for, and program details of one or more community control sanctions that are
available for persons sentenced by the court. Not later than forty-five days after receipt of a request from a court under this division, the department shall provide the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court, if any. Upon making a request under this division that relates to a particular offender, a court shall defer sentencing of that offender until it receives from the department the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court or for forty-five days, whichever is the earlier.

If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five-day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department does not provide the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five-day period specified in this division, the court may impose upon the offender a prison term under division (B)(1)(b)(iv) of this section.

(d) A sentencing court may impose an additional penalty under division (B) of section 2929.15 of the Revised Code upon an offender sentenced to a community control sanction under division (B)(1)(a) of this section if the offender violates the conditions of the community control sanction, violates a law, or leaves the
state without the permission of the court or the offender's
probation officer.

(2) If division (B)(1) of this section does not apply, except as provided in division (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the fourth or fifth degree, the sentencing court shall comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code and with section 2929.12 of the Revised Code.

(C) Except as provided in division (D), (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the third degree or a felony drug offense that is a violation of a provision of Chapter 2925. of the Revised Code and that is specified as being subject to this division for purposes of sentencing, the sentencing court shall comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code and with section 2929.12 of the Revised Code.

(D)(1) Except as provided in division (E) or (F) of this section, for a felony of the first or second degree, for a felony drug offense that is a violation of any provision of Chapter 2925., 3719., or 4729. of the Revised Code for which a presumption in favor of a prison term is specified as being applicable, and for a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code for which a presumption in favor of a prison term is specified as being applicable, it is presumed that a prison term is necessary in order to comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code. Division (D)(2) of this section does not apply to a presumption established under this division for a violation of division (A)(4) of section 2907.05 of the Revised Code.

(2) Notwithstanding the presumption established under division (D)(1) of this section for the offenses listed in that
division other than a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code, the sentencing court may impose a community control sanction or a combination of community control sanctions instead of a prison term on an offender for a felony of the first or second degree or for a felony drug offense that is a violation of any provision of Chapter 2925., 3719., or 4729. of the Revised Code for which a presumption in favor of a prison term is specified as being applicable if it makes both of the following findings:

(a) A community control sanction or a combination of community control sanctions would adequately punish the offender and protect the public from future crime, because the applicable factors under section 2929.12 of the Revised Code indicating a lesser likelihood of recidivism outweigh the applicable factors under that section indicating a greater likelihood of recidivism.

(b) A community control sanction or a combination of community control sanctions would not demean the seriousness of the offense, because one or more factors under section 2929.12 of the Revised Code that indicate that the offender's conduct was less serious than conduct normally constituting the offense are applicable, and they outweigh the applicable factors under that section that indicate that the offender's conduct was more serious than conduct normally constituting the offense.

(E)(1) Except as provided in division (F) of this section, for any drug offense that is a violation of any provision of Chapter 2925. of the Revised Code and that is a felony of the third, fourth, or fifth degree, the applicability of a presumption under division (D) of this section in favor of a prison term or of division (B) or (C) of this section in determining whether to impose a prison term for the offense shall be determined as specified in section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code.
Revised Code, whichever is applicable regarding the violation.

(2) If an offender who was convicted of or pleaded guilty to a felony violates the conditions of a community control sanction imposed for the offense solely by reason of producing positive results on a drug test or by acting pursuant to division (B)(2)(b) of section 2925.11 of the Revised Code with respect to a minor drug possession offense, the court, as punishment for the violation of the sanction, shall not order that the offender be imprisoned unless the court determines on the record either of the following:

(a) The offender had been ordered as a sanction for the felony to participate in a drug treatment program, in a drug education program, or in narcotics anonymous or a similar program, and the offender continued to use illegal drugs after a reasonable period of participation in the program.

(b) The imprisonment of the offender for the violation is consistent with the purposes and principles of sentencing set forth in section 2929.11 of the Revised Code.

(3) A court that sentences an offender for a drug abuse offense that is a felony of the third, fourth, or fifth degree may require that the offender be assessed by a properly credentialed professional within a specified period of time. The court shall require the professional to file a written assessment of the offender with the court. If the offender is eligible for a community control sanction and after considering the written assessment, the court may impose a community control sanction that includes addiction services and recovery supports included in a community-based continuum of care established under section 340.032 of the Revised Code. If the court imposes addiction services and recovery supports as a community control sanction, the court shall direct the level and type of addiction services and recovery supports after considering the assessment and
recommendation of community addiction services providers.

(F) Notwithstanding divisions (A) to (E) of this section, the court shall impose a prison term or terms under sections 2929.02 to 2929.06, section 2929.14, section 2929.142, or section 2971.03 of the Revised Code and except as specifically provided in section 2929.20, divisions (C) to (I) of section 2967.19, or section 2967.191 of the Revised Code or when parole is authorized for the offense under section 2967.13 of the Revised Code shall not reduce the term or terms pursuant to section 2929.20, section 2967.19, section 2967.193, or any other provision of Chapter 2967. or Chapter 5120. of the Revised Code for any of the following offenses:

(1) Aggravated murder when death is not imposed or murder;

(2) Any rape, regardless of whether force was involved and regardless of the age of the victim, or an attempt to commit rape if, had the offender completed the rape that was attempted, the offender would have been guilty of a violation of division (A)(1)(b) of section 2907.02 of the Revised Code and would be sentenced under section 2971.03 of the Revised Code;

(3) Gross sexual imposition or sexual battery, if the victim is less than thirteen years of age and if any of the following applies:

   (a) Regarding gross sexual imposition, the offender previously was convicted of or pleaded guilty to rape, the former offense of felonious sexual penetration, gross sexual imposition, or sexual battery, and the victim of the previous offense was less than thirteen years of age;

   (b) Regarding gross sexual imposition, the offense was committed on or after August 3, 2006, and evidence other than the testimony of the victim was admitted in the case corroborating the violation.
(c) Regarding sexual battery, either of the following applies:

(i) The offense was committed prior to August 3, 2006, the offender previously was convicted of or pleaded guilty to rape, the former offense of felonious sexual penetration, or sexual battery, and the victim of the previous offense was less than thirteen years of age.

(ii) The offense was committed on or after August 3, 2006.

(4) A felony violation of section 2903.04, 2903.06, 2903.08, 2903.11, 2903.12, 2903.13, 2905.32, 2907.07, 2921.321, or 2923.132 of the Revised Code if the section requires the imposition of a prison term;

(5) A first, second, or third degree felony drug offense for which section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, 2925.37, 3719.99, or 4729.99 of the Revised Code, whichever is applicable regarding the violation, requires the imposition of a mandatory prison term;

(G) Notwithstanding divisions (A) to (E) of this section, if an offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, the court shall impose upon the offender a mandatory term of local incarceration or a mandatory prison term in accordance with the following:

(1) If the offender is being sentenced for a fourth degree felony OVI offense and if the offender has not been convicted of and has not pleaded guilty to a specification of the type described in section 2941.1413 of the Revised Code, the court may impose upon the offender a mandatory term of local incarceration of sixty days or one hundred twenty days as specified in division (G)(1)(d) of section 4511.19 of the Revised Code. The court shall...
not reduce the term pursuant to section 2929.20, 2967.193, or any other provision of the Revised Code. The court that imposes a mandatory term of local incarceration under this division shall specify whether the term is to be served in a jail, a community-based correctional facility, a halfway house, or an alternative residential facility, and the offender shall serve the term in the type of facility specified by the court. A mandatory term of local incarceration imposed under division (G)(1) of this section is not subject to any other Revised Code provision that pertains to a prison term except as provided in division (A)(1) of this section.

(2) If the offender is being sentenced for a third degree felony OVI offense, or if the offender is being sentenced for a fourth degree felony OVI offense and the court does not impose a mandatory term of local incarceration under division (G)(1) of this section, the court shall impose upon the offender a mandatory prison term of one, two, three, four, or five years if the offender also is convicted of or also pleads guilty to a specification of the type described in section 2941.1413 of the Revised Code or shall impose upon the offender a mandatory prison term of sixty days or one hundred twenty days as specified in division (G)(1)(d) or (e) of section 4511.19 of the Revised Code if the offender has not been convicted of and has not pleaded guilty to a specification of that type. Subject to divisions (C) to (I) of section 2967.19 of the Revised Code, the court shall not reduce the term pursuant to section 2929.20, 2967.19, 2967.193, or any other provision of the Revised Code. The offender shall serve the one-, two-, three-, four-, or five-year mandatory prison term consecutively to and prior to the prison term imposed for the underlying offense and consecutively to any other mandatory prison term imposed in relation to the offense. In no case shall an offender who once has been sentenced to a mandatory term of local incarceration pursuant to division (G)(1) of this section for a
fourth degree felony OVI offense be sentenced to another mandatory term of local incarceration under that division for any violation of division (A) of section 4511.19 of the Revised Code. In addition to the mandatory prison term described in division (G)(2) of this section, the court may sentence the offender to a community control sanction under section 2929.16 or 2929.17 of the Revised Code, but the offender shall serve the prison term prior to serving the community control sanction. The department of rehabilitation and correction may place an offender sentenced to a mandatory prison term under this division in an intensive program prison established pursuant to section 5120.033 of the Revised Code if the department gave the sentencing judge prior notice of its intent to place the offender in an intensive program prison established under that section and if the judge did not notify the department that the judge disapproved the placement. Upon the establishment of the initial intensive program prison pursuant to section 5120.033 of the Revised Code that is privately operated and managed by a contractor pursuant to a contract entered into under section 9.06 of the Revised Code, both of the following apply:

(a) The department of rehabilitation and correction shall make a reasonable effort to ensure that a sufficient number of offenders sentenced to a mandatory prison term under this division are placed in the privately operated and managed prison so that the privately operated and managed prison has full occupancy.

(b) Unless the privately operated and managed prison has full occupancy, the department of rehabilitation and correction shall not place any offender sentenced to a mandatory prison term under this division in any intensive program prison established pursuant to section 5120.033 of the Revised Code other than the privately operated and managed prison.

(H) If an offender is being sentenced for a sexually oriented
offense or child-victim oriented offense that is a felony committed on or after January 1, 1997, the judge shall require the offender to submit to a DNA specimen collection procedure pursuant to section 2901.07 of the Revised Code.

(I) If an offender is being sentenced for a sexually oriented offense or a child-victim oriented offense committed on or after January 1, 1997, the judge shall include in the sentence a summary of the offender's duties imposed under sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and the duration of the duties. The judge shall inform the offender, at the time of sentencing, of those duties and of their duration. If required under division (A)(2) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that section, or, if required under division (A)(6) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that division.

(J)(1) Except as provided in division (J)(2) of this section, when considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit an offense in violation of section 2923.02 of the Revised Code, the sentencing court shall consider the factors applicable to the felony category of the violation of section 2923.02 of the Revised Code instead of the factors applicable to the felony category of the offense attempted.

(2) When considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit a drug abuse offense for which the penalty is determined by the amount or number of unit doses of the controlled substance involved in the drug abuse offense, the sentencing court shall consider the factors applicable to the felony category that the drug abuse offense attempted would be if that drug abuse offense had been committed and had involved an amount or number of
unit doses of the controlled substance that is within the next
lower range of controlled substance amounts than was involved in
the attempt.

(K) As used in this section:

(1) "Community addiction services provider" has the same
meaning as in section 5119.01 of the Revised Code.

(2) "Drug abuse offense" has the same meaning as in section
2925.01 of the Revised Code.

(3) "Minor drug possession offense" has the same meaning as
in section 2925.11 of the Revised Code.

(4) "Qualifying assault offense" means a violation of section
2903.13 of the Revised Code for which the penalty provision in
division (C)(8)(b) or (C)(9)(b) of that section applies.

(L) At the time of sentencing an offender for any sexually
oriented offense, if the offender is a tier III sex
offender/child-victim offender relative to that offense and the
offender does not serve a prison term or jail term, the court may
require that the offender be monitored by means of a global
positioning device. If the court requires such monitoring, the
cost of monitoring shall be borne by the offender. If the offender
is indigent, the cost of compliance shall be paid by the crime
victims reparations fund.

Sec. 2929.15. (A)(1) If in sentencing an offender for a
felony the court is not required to impose a prison term, a
mandatory prison term, or a term of life imprisonment upon the
offender, the court may directly impose a sentence that consists
of one or more community control sanctions authorized pursuant to
section 2929.16, 2929.17, or 2929.18 of the Revised Code. If the
court is sentencing an offender for a fourth degree felony OVI
offense under division (G)(1) of section 2929.13 of the Revised
Code, in addition to the mandatory term of local incarceration imposed under that division and the mandatory fine required by division (B)(3) of section 2929.18 of the Revised Code, the court may impose upon the offender a community control sanction or combination of community control sanctions in accordance with sections 2929.16 and 2929.17 of the Revised Code. If the court is sentencing an offender for a third or fourth degree felony OVI offense under division (G)(2) of section 2929.13 of the Revised Code, in addition to the mandatory prison term or mandatory prison term and additional prison term imposed under that division, the court also may impose upon the offender a community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code, but the offender shall serve all of the prison terms so imposed prior to serving the community control sanction.

The duration of all community control sanctions imposed upon an offender under this division shall not exceed five years. If the offender absconds or otherwise leaves the jurisdiction of the court in which the offender resides without obtaining permission from the court or the offender's probation officer to leave the jurisdiction of the court, or if the offender is confined in any institution for the commission of any offense while under a community control sanction, the period of the community control sanction ceases to run until the offender is brought before the court for its further action. If the court sentences the offender to one or more nonresidential sanctions under section 2929.17 of the Revised Code, the court shall impose as a condition of the nonresidential sanctions that, during the period of the sanctions, the offender must abide by the law and must not leave the state without the permission of the court or the offender's probation officer. The court may impose any other conditions of release under a community control sanction that the court considers.
appropriate, including, but not limited to, requiring that the
offender not ingest or be injected with a drug of abuse and submit
to random drug testing as provided in division (D) of this section
to determine whether the offender ingested or was injected with a
drug of abuse and requiring that the results of the drug test
indicate that the offender did not ingest or was not injected with
a drug of abuse.

(2)(a) If a court sentences an offender to any community
control sanction or combination of community control sanctions
authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the
Revised Code, the court shall place the offender under the general
control and supervision of a department of probation in the county
that serves the court for purposes of reporting to the court a
violation of any condition of the sanctions, any condition of
release under a community control sanction imposed by the court, a
violation of law, or the departure of the offender from this state
without the permission of the court or the offender's probation
officer. Alternatively, if the offender resides in another county
and a county department of probation has been established in that
county or that county is served by a multicounty probation
department established under section 2301.27 of the Revised Code,
the court may request the court of common pleas of that county to
receive the offender into the general control and supervision of
that county or multicounty department of probation for purposes of
reporting to the court a violation of any condition of the
sanctions, any condition of release under a community control
sanction imposed by the court, a violation of law, or the
departure of the offender from this state without the permission
of the court or the offender's probation officer, subject to the
jurisdiction of the trial judge over and with respect to the
person of the offender, and to the rules governing that department
of probation.
If there is no department of probation in the county that serves the court, the court shall place the offender, regardless of the offender's county of residence, under the general control and supervision of the adult parole authority if the court has entered into an agreement with the authority as described in division (B) of section 2301.32 of the Revised Code or under an entity authorized under division (B) of section 2301.27 of the Revised Code to provide probation and supervisory services to counties for purposes of reporting to the court a violation of any of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer.

(b) If the court imposing sentence upon an offender sentences the offender to any community control sanction or combination of community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, and if the offender violates any condition of the sanctions, any condition of release under a community control sanction imposed by the court, violates any law, or departs the state without the permission of the court or the offender's probation officer, the public or private person or entity that operates or administers the sanction or the program or activity that comprises the sanction shall report the violation or departure directly to the sentencing court, or shall report the violation or departure to the county or multicounty department of probation with general control and supervision over the offender under division (A)(2)(a) of this section or the officer of that department who supervises the offender, or, if there is no such department with general control and supervision over the offender under that division, to the adult parole authority if the court has entered into an agreement with the authority as described in division (B) of section 2301.32 of the Revised Code, or an entity authorized under division (B) of the Revised Code.
section 2301.27 of the Revised Code to provide probation and
supervisory services to the county. If the public or private
person or entity that operates or administers the sanction or the
program or activity that comprises the sanction reports the
violation or departure to the county or multicounty department of
probation, the adult parole authority, or any other entity
providing probation and supervisory services to the county, the
department's, authority's, or other entity's officers may treat
the offender as if the offender were on probation and in violation
of the probation, and shall report the violation of the condition
of the sanction, any condition of release under a community
control sanction imposed by the court, the violation of law, or
the departure from the state without the required permission to
the sentencing court.

(3) If an offender who is eligible for community control
sanctions under this section admits to being drug addicted or the
court has reason to believe that the offender is drug addicted,
and if the offense for which the offender is being sentenced was
related to the addiction, the court may require that the offender
be assessed by a properly credentialed professional within a
specified period of time and shall require the professional to
file a written assessment of the offender with the court. If a
court imposes treatment and recovery support services as a
community control sanction, the court shall direct the level and
type of treatment and recovery support services after
consideration of the written assessment, if available at the time
of sentencing, and recommendations of the professional and other
treatment and recovery support services providers.

(4) If an assessment completed pursuant to division (A)(3) of
this section indicates that the offender is addicted to drugs or
alcohol, the court may include in any community control sanction
imposed for a violation of section 2925.02, 2925.03, 2925.04,
2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code a requirement that the offender participate in alcohol and drug addiction services and recovery supports certified under section 5119.36 of the Revised Code or offered by a properly credentialed community addiction services provider.

(B)(1) If the conditions of a community control sanction are violated or if the offender violates a law or leaves the state without the permission of the court or the offender's probation officer, the sentencing court may impose upon the violator one or more of the following penalties:

(a) A longer time under the same sanction if the total time under the sanctions does not exceed the five-year limit specified in division (A) of this section;

(b) A more restrictive sanction under section 2929.16, 2929.17, or 2929.18 of the Revised Code, including but not limited to, a new term in a community-based correctional facility, halfway house, or jail pursuant to division (A)(6) of section 2929.16 of the Revised Code;

(c) A prison term on the offender pursuant to section 2929.14 of the Revised Code and division (B)(3) of this section, provided that a prison term imposed under this division is subject to the following limitations, as applicable:

(i) If the prison term is imposed for any technical violation of the conditions of a community control sanction imposed for a felony of the fifth degree or for any violation of law committed while under a community control sanction imposed for such a felony that consists of a new criminal offense and that is not a felony, the prison term shall not exceed ninety days.

(ii) If the prison term is imposed for any technical violation of the conditions of a community control sanction...
imposed for a felony of the fourth degree that is not an offense of violence and is not a sexually oriented offense or for any violation of law committed while under a community control sanction imposed for such a felony that consists of a new criminal offense and that is not a felony, the prison term shall not exceed one hundred eighty days.

(2) If an offender was acting pursuant to division (B)(2)(b) of section 2925.11 of the Revised Code and in so doing violated the conditions of a community control sanction based on a minor drug possession offense, as defined in section 2925.11 of the Revised Code, the sentencing court may consider the offender's conduct in seeking or obtaining medical assistance for another in good faith or for self or may consider the offender being the subject of another person seeking or obtaining medical assistance in accordance with that division as a mitigating factor before imposing any of the penalties described in division (B)(1) of this section.

(3) The prison term, if any, imposed upon a violator pursuant to this division and division (B)(1) of this section shall be within the range of prison terms described in this division and shall not exceed the prison term specified in the notice provided to the offender at the sentencing hearing pursuant to division (B)(2) of section 2929.19 of the Revised Code. The court may reduce the longer period of time that the offender is required to spend under the longer sanction, the more restrictive sanction, or a prison term imposed pursuant to division (B)(1) of this section by the time the offender successfully spent under the sanction that was initially imposed. Except as otherwise specified in this division, the prison term imposed under this division and division (B)(1) of this section shall be within the range of prison terms available as a definite term for the offense for which the sanction that was violated was imposed. If the offense for which
the sanction that was violated was imposed is a felony of the first or second degree committed on or after the effective date of this amendment March 22, 2019, the prison term so imposed under this division shall be within the range of prison terms available as a minimum term for the offense under division (A)(1)(a) or (2)(a) of section 2929.14 of the Revised Code.

(C) If an offender, for a significant period of time, fulfills the conditions of a sanction imposed pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code in an exemplary manner, the court may reduce the period of time under the sanction or impose a less restrictive sanction, but the court shall not permit the offender to violate any law or permit the offender to leave the state without the permission of the court or the offender's probation officer.

(D)(1) If a court under division (A)(1) of this section imposes a condition of release under a community control sanction that requires the offender to submit to random drug testing, the department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender under division (A)(2)(a) of this section may cause the offender to submit to random drug testing performed by a laboratory or entity that has entered into a contract with any of the governmental entities or officers authorized to enter into a contract with that laboratory or entity under section 341.26, 753.33, or 5120.63 of the Revised Code.

(2) If no laboratory or entity described in division (D)(1) of this section has entered into a contract as specified in that division, the department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender under division (A)(2)(a) of this section shall cause the offender to submit to random drug testing performed by a reputable public laboratory to determine whether the individual
who is the subject of the drug test ingested or was injected with a drug of abuse.

(3) A laboratory or entity that has entered into a contract pursuant to section 341.26, 753.33, or 5120.63 of the Revised Code shall perform the random drug tests under division (D)(1) of this section in accordance with the applicable standards that are included in the terms of that contract. A public laboratory shall perform the random drug tests under division (D)(2) of this section in accordance with the standards set forth in the policies and procedures established by the department of rehabilitation and correction pursuant to section 5120.63 of the Revised Code. An offender who is required under division (A)(1) of this section to submit to random drug testing as a condition of release under a community control sanction and whose test results indicate that the offender ingested or was injected with a drug of abuse shall pay the fee for the drug test if the department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender requires payment of a fee. A laboratory or entity that performs the random drug testing on an offender under division (D)(1) or (2) of this section shall transmit the results of the drug test to the appropriate department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender under division (A)(2)(a) of this section.

Sec. 2929.34. (A) A person who is convicted of or pleads guilty to aggravated murder, murder, or an offense punishable by life imprisonment and who is sentenced to a term of life imprisonment or a prison term pursuant to that conviction shall serve that term in an institution under the control of the department of rehabilitation and correction.

(B)(1) A person who is convicted of or pleads guilty to a
felony other than aggravated murder, murder, or an offense punishable by life imprisonment and who is sentenced to a term of imprisonment or a prison term pursuant to that conviction shall serve that term as follows:

(a) Subject to divisions (B)(1)(b), (B)(2), and (B)(3) of this section, in an institution under the control of the department of rehabilitation and correction if the term is a prison term or as otherwise determined by the sentencing court pursuant to section 2929.16 of the Revised Code if the term is not a prison term;

(b) In a facility of a type described in division (G)(1) of section 2929.13 of the Revised Code, if the offender is sentenced pursuant to that division.

(2) If the term is a prison term, the person may be imprisoned in a jail that is not a minimum security jail pursuant to agreement under section 5120.161 of the Revised Code between the department of rehabilitation and correction and the local authority that operates the jail.

(3)(a) As used in divisions (B)(3)(a) to (d) of this section:

(i) "Target county" means Franklin county, Cuyahoga county, Hamilton county, Summit county, Montgomery county, Lucas county, Butler county, Stark county, Lorain county, and Mahoning county.

(ii) "Voluntary, voluntary county" means any county in which the board of county commissioners of the county and the administrative judge of the general division of the court of common pleas of the county enter into an agreement of the type described in division (B)(3)(b) of this section and in which the agreement has not been terminated as described in that division.

(b) In any voluntary county other than a target county, the board of county commissioners of the county and the administrative judge of the general division of the court of common pleas of the
county may agree to having the county participate in the procedures regarding local and state confinement established under division (B)(3)(c) of this section. A board of county commissioners and an administrative judge of a court of common pleas that enter into an agreement of the type described in this division may terminate the agreement, but a termination under this division shall take effect only at the end of the state fiscal biennium in which the termination decision is made.

(c) Except as provided in division (B)(3)(d) of this section, on and after July 1, 2018, no person sentenced by the court of common pleas of a target county or of a voluntary county to a prison term that is twelve months or less for a felony of the fifth degree shall serve the term in an institution under the control of the department of rehabilitation and correction. The person shall instead serve the sentence as a term of confinement in a facility of a type described in division (C) or (D) of this section. Nothing in this division relieves the state of its obligation to pay for the cost of confinement of the person in a community-based correctional facility under division (D) of this section.

(d) Division (B)(3)(c) of this section does not apply to any person to whom any of the following apply:

(i) The felony of the fifth degree was an offense of violence, as defined in section 2901.01 of the Revised Code, a sex offense under Chapter 2907. of the Revised Code, a violation of section 2925.03 of the Revised Code, or any offense for which a mandatory prison term is required.

(ii) The person previously has been convicted of or pleaded guilty to any felony offense of violence, as defined in section 2901.01 of the Revised Code, unless the felony of the fifth degree for which the person is being sentenced is a violation of division (I)(1) of section 2903.43 of the Revised Code.
(iii) The person previously has been convicted of or pleaded guilty to any felony sex offense under Chapter 2907. of the Revised Code.

(iv) The person's sentence is required to be served concurrently to any other sentence imposed upon the person for a felony that is required to be served in an institution under the control of the department of rehabilitation and correction.

(C) A person who is convicted of or pleads guilty to one or more misdemeanors and who is sentenced to a jail term or term of imprisonment pursuant to the conviction or convictions shall serve that term in a county, multicounty, municipal, municipal-county, or multicounty-municipal jail or workhouse; in a community alternative sentencing center or district community alternative sentencing center when authorized by section 307.932 of the Revised Code; or, if the misdemeanor or misdemeanors are not offenses of violence, in a minimum security jail.

(D) Nothing in this section prohibits the commitment, referral, or sentencing of a person who is convicted of or pleads guilty to a felony to a community-based correctional facility.

Sec. 2941.51. (A) Counsel appointed to a case or selected by an indigent person under division (E) of section 120.16 or division (E) of section 120.26 of the Revised Code, or otherwise appointed by the court, except for counsel appointed by the court to provide legal representation for a person charged with a violation of an ordinance of a municipal corporation, shall be paid for their services by the county the compensation and expenses that the trial court approves. Each request for payment shall include a financial disclosure form completed by the indigent person on a form prescribed by the state public defender. Compensation and expenses shall not exceed the amounts fixed by the board of county commissioners pursuant to division (B) of this
section.

(B) The board of county commissioners shall establish a schedule of fees by case or on an hourly basis to be paid by the county for legal services provided by appointed counsel. Prior to establishing such schedule, the board shall request the bar association or associations of the county to submit a proposed schedule for cases other than capital cases. The schedule submitted shall be subject to the review, amendment, and approval of the board of county commissioners, except with respect to capital cases. With respect to capital cases, the schedule shall provide for fees by case or on an hourly basis to be paid to counsel in the amount or at the rate set by the capital case attorney fee council pursuant to division (D) of section 120.33 of the Revised Code, and the board of county commissioners shall approve that amount or rate.

With respect to capital cases, counsel shall be paid compensation and expenses in accordance with the amount or at the rate set by the capital case attorney fee council pursuant to division (D) of section 120.33 of the Revised Code.

(C) In a case where counsel have been appointed to conduct an appeal under Chapter 120. of the Revised Code, such compensation shall be fixed by the court of appeals or the supreme court, as provided in divisions (A) and (B) of this section.

(D) The fees and expenses approved by the court under this section shall not be taxed as part of the costs and shall be paid by the county. However, if the person represented has, or reasonably may be expected to have, the means to meet some part of the cost of the services rendered to the person, the person shall pay the county an amount that the person reasonably can be expected to pay. Pursuant to section 120.04 of the Revised Code, the county shall pay to the state public defender a percentage of the payment received from the person in an amount proportionate to
the percentage of the costs of the person's case that were paid to the county by the state public defender pursuant to this section. The money paid to the state public defender shall be credited to the client payment fund created pursuant to division (B)(5) of section 120.04 of the Revised Code.

(E) The county auditor shall draw a warrant on the county treasurer for the payment of such counsel in the amount fixed by the court, plus the expenses that the court fixes and certifies to the auditor. The county auditor shall report periodically, but not less than annually, to the board of county commissioners and to the Ohio public defender commission the amounts paid out pursuant to the approval of the court under this section, separately stating costs and expenses that are reimbursable under section 120.35 of the Revised Code. The board, after review and approval of the auditor's report, may then certify it to the state public defender for reimbursement. The request for reimbursement shall be accompanied by a financial disclosure form completed by each indigent person for whom counsel was provided on a form prescribed by the state public defender. The state public defender shall review the report and, in accordance with the standards, guidelines, and maximums established pursuant to divisions (B)(7) and (8) of section 120.04 of the Revised Code, pay fifty per cent of up to the total cost, other than costs and expenses that are reimbursable under section 120.35 of the Revised Code, if any, of paying appointed counsel in each county and pay fifty per cent of costs and expenses that are reimbursable under section 120.35 of the Revised Code, if any, to the board.

(F) If any county system for paying appointed counsel fails to maintain the standards for the conduct of the system established by the rules of the Ohio public defender commission pursuant to divisions (B) and (C) of section 120.03 of the Revised Code or the standards established by the state public defender...
pursuant to division (B)(7) of section 120.04 of the Revised Code, the commission shall notify the board of county commissioners of the county that the county system for paying appointed counsel has failed to comply with its rules. Unless the board corrects the conduct of its appointed counsel system to comply with the rules within ninety days after the date of the notice, the state public defender may deny all or part of the county's reimbursement from the state provided for in this section.

Sec. 2950.08. (A) Subject to division (B) of this section, the statements, information, photographs, fingerprints, and material required by sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and provided by a person who registers, who provides notice of a change of residence, school, institution of higher education, or place of employment address and registers the new residence, school, institution of higher education, or place of employment address, or who provides verification of a current residence, school, institution of higher education, or place of employment address pursuant to those sections and that are in the possession of the bureau of criminal identification and investigation and the information in the possession of the bureau that was received by the bureau pursuant to section 2950.14 of the Revised Code shall not be open to inspection by the public or by any person other than the following persons:

(1) A regularly employed peace officer or other law enforcement officer;

(2) An authorized employee of the bureau of criminal identification and investigation for the purpose of providing information to a board, administrator, or person pursuant to division (F) or (G) of section 109.57 of the Revised Code;

(3) The registrar of motor vehicles, or an employee of the
registrar of motor vehicles, for the purpose of verifying and updating any of the information so provided, upon the request of the bureau of criminal identification and investigation;

(4) The director of job and family services, or an employee of the director, for the purpose of complying with division (D) of section 5104.013 of the Revised Code.

(B) Division (A) of this section does not apply to any information that is contained in the internet sex offender and child-victim offender database established by the attorney general under division (A)(11) of section 2950.13 of the Revised Code regarding offenders and that is disseminated as described in that division.

Sec. 3107.035. (A) At the time of the initial home study, and every two years thereafter, if the home study is updated, and until it becomes part of a final decree of adoption or an interlocutory order of adoption, the agency or attorney that arranges an adoption for the prospective adoptive parent shall conduct a search of the United States department of justice national sex offender public web site regarding the prospective adoptive parent and all persons eighteen years of age or older who reside with the prospective adoptive parent.

(B) A petition for adoption may be denied based solely on the results of the search of the national sex offender public web site.

(C) The director of job and family services shall adopt rules in accordance with Chapter 119. of the Revised Code necessary for the implementation and execution of this section.

Sec. 3107.14. (A) The petitioner and the person sought to be adopted shall appear at the hearing on the petition, unless the presence of either is excused by the court for good cause shown.
(B) The court may continue the hearing from time to time to permit further observation, investigation, or consideration of any facts or circumstances affecting the granting of the petition, and may examine the petitioners separate and apart from each other.

(C) If, at the conclusion of the hearing, the court finds that the required consents have been obtained or excused and that the adoption is in the best interest of the person sought to be adopted as supported by the evidence, it may issue, subject to division (C)(1) of section 2151.86, section 3107.064, and division (E) of section 3107.09 of the Revised Code, and any other limitations specified in this chapter, a final decree of adoption or an interlocutory order of adoption, which by its own terms automatically becomes a final decree of adoption on a date specified in the order, which, except as provided in division (B) of section 3107.13 of the Revised Code, shall not be less than six months or more than one year from the date the person to be adopted is placed in the petitioner's home, unless sooner vacated by the court for good cause shown. In determining whether the adoption is in the best interest of the person sought to be adopted, the court shall not consider the age of the petitioner if the petitioner is old enough to adopt as provided by section 3107.03 of the Revised Code.

In an interlocutory order of adoption, the court shall provide for observation, investigation, and a further report on the adoptive home during the interlocutory period.

(D) If the requirements for a decree under division (C) of this section have not been satisfied or the court vacates an interlocutory order of adoption, or if the court finds that a person sought to be adopted was placed in the home of the petitioner in violation of law, the court shall dismiss the petition and may determine the agency or person to have temporary or permanent custody of the person, which may include the agency...
or person that had custody prior to the filing of the petition or
the petitioner, if the court finds it is in the best interest of
the person as supported by the evidence, or if the person is a
minor, the court may certify the case to the juvenile court of the
county where the minor is then residing for appropriate action and
disposition.

(E) The issuance of a final decree or interlocutory order of
adoption for an adult adoption under division (A)(4) of section
3107.02 of the Revised Code shall not disqualify that adult for
services under section 2151.82 or 2151.83 of the Revised Code.

Sec. 3119.05. When a court computes the amount of child
support required to be paid under a court child support order or a
child support enforcement agency computes the amount of child
support to be paid pursuant to an administrative child support
order, all of the following apply:

(A) The parents' current and past income and personal
earnings shall be verified by electronic means or with suitable
documents, including, but not limited to, paystubs, employer
statements, receipts and expense vouchers related to
self-generated income, tax returns, and all supporting
documentation and schedules for the tax returns.

(B) The annual amount of any court-ordered spousal support
actually paid, excluding any ordered payment on arrears, shall be
deducted from the annual income of that parent to the extent that
payment of that court-ordered spousal support is verified by
supporting documentation.

(C) The court or agency shall adjust the amount of child
support paid by a parent to give credit for children not included
in the current calculation. When calculating the adjusted amount,
the court or agency shall use the schedule and do the following:
(1) Determine the amount of child support that each parent would be ordered to pay for all children for whom the parent has the legal duty to support, according to each parent's annual income. If the number of children subject to the order is greater than six, multiply the amount for three children in accordance with division (C)(4) of this section to determine the amount of child support.

(2) Compute a child support credit amount for each parent's children who are not subject to this order by dividing the amount determined in division (C)(1) of this section by the total number of children whom the parent is obligated to support and multiplying that number by the number of the parent's children who are not subject to this order.

(3) Determine the adjusted income of the parents by subtracting the credit for minor children not subject to this order computed under division (C)(2) of this section, from the annual income of each parent for the children each has a duty to support that are not subject to this order.

(4) If the number of children is greater than six, multiply the amount for three children by:

(a) 1.440 for seven children;
(b) 1.540 for eight children;
(c) 1.638 for nine children;
(d) 1.734 for ten children;
(e) 1.827 for eleven children;
(f) 1.919 for twelve children;
(g) 2.008 for thirteen children;
(h) 2.096 for fourteen children;
(i) 2.182 for more than fourteen children.
(D) When the court or agency calculates the annual income of a parent, it shall include the lesser of the following as income from overtime and bonuses:

1. The yearly average of all overtime, commissions, and bonuses received during the three years immediately prior to the time when the person's child support obligation is being computed;

2. The total overtime, commissions, and bonuses received during the year immediately prior to the time when the person's child support obligation is being computed.

(E) When the court or agency calculates the annual income of a parent, it shall not include any income earned by the spouse of that parent.

(F) The court shall issue a separate medical support order for extraordinary medical expenses, including orthodontia, dental, optical, and psychological services.

If the court makes an order for payment of private education, and other appropriate expenses, it shall do so by issuing a separate order.

The court may consider these expenses in adjusting a child support order.

(G) When a court or agency calculates the amount of child support to be paid pursuant to a court child support order or an administrative child support order, the following shall apply:

1. The court or agency shall apply the basic child support schedule to the parents' combined annual incomes and to each parent's individual income.

2. If the combined annual income of both parents or the individual annual income of a parent is an amount that is between two amounts set forth in the first column of the schedule, the court or agency may use the basic child support obligation that
corresponds to the higher of the two amounts in the first column of the schedule, use the basic child support obligation that corresponds to the lower of the two amounts in the first column of the schedule, or calculate a basic child support obligation that is between those two amounts and corresponds proportionally to the parents' actual combined annual income or the individual parent's annual income.

(3) If the annual individual income of either or both of the parents is within the self-sufficiency reserve in the basic child support schedule, the court or agency shall do both of the following:

(a) Calculate the basic child support obligation for the parents using the schedule amount applicable to the combined annual income and the schedule amount applicable to the income in the self-sufficiency reserve;

(b) Determine the lesser of the following amounts to be the applicable basic child support obligation:

(i) The amount that results from using the combined annual income of the parents not in the self-sufficiency reserve of the schedule; or

(ii) The amount that results from using the individual parent's income within the self-sufficiency reserve of the schedule.

(H) When the court or agency calculates annual income, the court or agency, when appropriate, may average income over a reasonable period of years.

(I) Unless it would be unjust or inappropriate and therefore not in the best interests of the child, a court or agency shall not determine a parent to be voluntarily unemployed or underemployed and shall not impute income to that parent if any of the following conditions exist:
(1) The parent is receiving recurring monetary income from means-tested public assistance benefits, including cash assistance payments under the Ohio works first program established under Chapter 5107. of the Revised Code, general assistance under former Chapter 5113. of the Revised Code, supplemental security income, or means-tested veterans' benefits;

(2) The parent is approved for social security disability insurance benefits because of a mental or physical disability, or the court or agency determines that the parent is unable to work based on medical documentation that includes a physician's diagnosis and a physician's opinion regarding the parent's mental or physical disability and inability to work.

(3) The parent has proven that the parent has made continuous and diligent efforts without success to find and accept employment, including temporary employment, part-time employment, or employment at less than the parent's previous salary or wage.

(4) The parent is complying with court-ordered family reunification efforts in a child abuse, neglect, or dependency proceeding, to the extent that compliance with those efforts limits the parent's ability to earn income.

(5) The parent is incarcerated or institutionalized for a period of twelve months or more with no other available assets, unless the parent is incarcerated for an offense relating to the abuse or neglect of a child who is the subject of the support order or an offense under Title XXIX of the Revised Code against the obligee or a child who is the subject of the support order.

(6) When a court or agency requires a parent to pay an amount for that parent's failure to support a child for a period of time prior to the date the court modifies or issues a court child support order or an agency modifies or issues an administrative child support order for the current support of the child, the
court or agency shall calculate that amount using the basic child support schedule, worksheets, and child support laws in effect, and the incomes of the parents as they existed, for that prior period of time.

(K) A court or agency may disregard a parent's additional income from overtime or additional employment when the court or agency finds that the additional income was generated primarily to support a new or additional family member or members, or under other appropriate circumstances.

(L) If both parents involved in the immediate child support determination have a prior order for support relative to a minor child or children born to both parents, the court or agency shall collect information about the existing order or orders and consider those together with the current calculation for support to ensure that the total of all orders for all children of the parties does not exceed the amount that would have been ordered if all children were addressed in a single judicial or administrative proceeding.

(M) A support obligation of a parent with annual income subject to the self-sufficiency reserve of the basic child support schedule shall not exceed the support obligation that would result from application of the schedule without the reserve.

(N) Any non-means tested benefit received by the child or children subject to the order resulting from the claims of either parent shall be deducted from that parent's annual child support obligation after all other adjustments have been made. If that non-means tested benefit exceeds the child support obligation of the parent from whose claim the benefit is realized, the child support obligation for that parent shall be zero.

(O) As part of the child support calculation, the parents shall be ordered to share the costs of child care. Subject to the
limitations in this division, a child support obligor shall pay an amount equal to the obligor's income share of the child care cost incurred for the child or children subject to the order.

(1) The child care cost used in the calculation:
   (a) Shall be for the child determined to be necessary to allow a parent to work, or for activities related to employment training;
   (b) Shall be verifiable by credible evidence as determined by a court or child support enforcement agency;
   (c) Shall exclude any reimbursed or subsidized child care cost, including any state or federal tax credit for child care available to the parent or caretaker, whether or not claimed;
   (d) Shall not exceed the maximum state-wide average cost estimate issued by the department of job and family services, using the data collected and reported as required in section 5104.04 of the Revised Code determined in accordance with 45 C.F.R. 98.45.

(2) When the annual income of the obligor is subject to the self-sufficiency reserve of the basic support schedule, the share of the child care cost paid by the obligor shall be equal to the lower of the obligor's income share of the child care cost, or fifty per cent of the child care cost.

Sec. 3119.23. The court may consider any of the following factors in determining whether to grant a deviation pursuant to section 3119.22 of the Revised Code:

(A) Special and unusual needs of the child or children, including needs arising from the physical or psychological condition of the child or children;

(B) Other court-ordered payments;
(C) Extended parenting time or extraordinary costs associated with parenting time, including extraordinary travel expenses when exchanging the child or children for parenting time;

(D) The financial resources and the earning ability of the child or children;

(E) The relative financial resources, including the disparity in income between parties or households, other assets, and the needs of each parent;

(F) The obligee's income, if the obligee's annual income is equal to or less than one hundred per cent of the federal poverty level;

(G) Benefits that either parent receives from remarriage or sharing living expenses with another person;

(H) The amount of federal, state, and local taxes actually paid or estimated to be paid by a parent or both of the parents;

(I) Significant in-kind contributions from a parent, including, but not limited to, direct payment for lessons, sports equipment, schooling, or clothing;

(J) Extraordinary work-related expenses incurred by either parent;

(K) The standard of living and circumstances of each parent and the standard of living the child would have enjoyed had the marriage continued or had the parents been married;

(L) The educational opportunities that would have been available to the child had the circumstances requiring a child support order not arisen;

(M) The responsibility of each parent for the support of others, including support of a child or children with disabilities who are not subject to the support order;

(N) Post-secondary educational expenses paid for by a parent.
for the parent's own child or children, regardless of whether the child or children are emancipated;

(O) Costs incurred or reasonably anticipated to be incurred by the parents in compliance with court-ordered reunification efforts in child abuse, neglect, or dependency cases;

(P) Extraordinary child care costs required for the child or children that exceed the maximum state-wide average cost estimate provided as described in division (O)(1)(d) of section 3119.05 of the Revised Code including extraordinary costs associated with caring for a child or children with specialized physical, psychological, or educational needs;

(Q) Any other relevant factor.

If the court grants a deviation based on division (Q) of this section, it shall specifically state in the order the facts that are the basis for the deviation.

Sec. 3301.07. The state board of education shall exercise under the acts of the general assembly general supervision of the system of public education in the state. and territory. Consultative and advisory services in such matters shall be provided by the board to school districts and educational service centers of this state.

(2) The state board also shall develop a standard of financial reporting which shall be used by each school district board of education and each governing board of an educational service center, each governing authority of a community school established under Chapter 3314., each governing body of a STEM school established under Chapter 3328., and each board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code to make its financial information and annual budgets for each school building under its control available to the public in a format understandable by the average citizen. The format shall show, both at the district and at the school building level, revenue by source; expenditures for salaries, wages, and benefits of employees, showing such amounts separately for classroom teachers, other employees required to hold licenses issued pursuant to sections 3319.22 to 3319.31 of the Revised Code, and all other employees; expenditures other than for personnel, by category, including utilities, textbooks and other educational materials, equipment, permanent improvements, pupil transportation, extracurricular athletics, and other extracurricular activities; and per pupil expenditures. The format shall also include information on total revenue and expenditures, per pupil revenue, and expenditures for both classroom and nonclassroom purposes, as defined by the standards adopted under section 3302.20 of the Revised Code in the aggregate and for each subgroup of students, as defined by section 3317.40 of the Revised Code, that receives services provided for by state or federal funding.

(3) Each school district board, governing authority, governing body, or board of trustees, or its respective designee,
shall annually report, to the department of education, all financial information required by the standards for financial reporting, as prescribed by division (B)(2) of this section and adopted by the state board. The department shall make all reports submitted pursuant to this division available in such a way that allows for comparison between financial information included in these reports and financial information included in reports produced prior to July 1, 2013. (C) The state board shall administer and supervise the allocation and distribution of all state and federal funds for public school education under the provisions of law, and may prescribe such systems of accounting as are necessary and proper to this function. (2) The state board shall formulate and prescribe minimum standards to be applied to all elementary and secondary schools in this state for the purpose of providing children access to a general education of high quality according to the learning needs of each individual, including students with disabilities, economically disadvantaged students, limited English proficient...
students, and students identified as gifted. Such standards shall provide adequately for: the licensing of teachers, administrators, and other professional personnel and their assignment according to training and qualifications; efficient and effective instructional materials and equipment, including library facilities; the proper organization, administration, and supervision of each school, including regulations for preparing all necessary records and reports and the preparation of a statement of policies and objectives for each school; the provision of safe buildings, grounds, health and sanitary facilities and services; admission of pupils, and such requirements for their promotion from grade to grade as will assure that they are capable and prepared for the level of study to which they are certified; requirements for graduation; and such other factors as the board finds necessary.

The state board shall base any standards governing the promotion of students or requirements for graduation on the ability of students, at any grade level, to earn credits or advance upon demonstration of mastery of knowledge and skills through competency-based learning models. Credits of grade level advancement shall not require a minimum number of days or hours in a classroom.

The state board shall base any standards governing the assignment of staff on ensuring each school has a sufficient number of teachers to ensure a student has an appropriate level of interaction to meet each student's personal learning goals.

In the formulation and administration of such standards for nonpublic schools the board shall also consider the particular needs, methods and objectives of those schools, provided they do not conflict with the provision of a general education of a high quality and provided that regular procedures shall be followed for promotion from grade to grade of pupils who have met the
educational requirements prescribed.

(F) The state board shall prepare and submit annually to the governor and the general assembly a report on the status, needs, and major problems of the public schools of the state, with recommendations for necessary legislative action and a ten-year projection of the state's public and nonpublic school enrollment, by year and by grade level.

(H) The state board shall cooperate with federal, state, and local agencies concerned with the health and welfare of children and youth of the state.

(I) The state board shall require such reports from school districts and educational service centers, school officers, and employees as are necessary and desirable. The superintendents and treasurers of school districts and educational service centers shall certify as to the accuracy of all reports required by law or state board or state department of education rules to be submitted by the district or educational service center and which contain information necessary for calculation of state funding. The board may provide financial assistance out of any funds appropriated for this purpose to boards of education and educational service center governing boards for developing and conducting programs of education for academically gifted children.

(N) The state board may adopt rules necessary for carrying out any function imposed on it by law, and may provide rules as are necessary for its government and the government of its employees, and may delegate to the superintendent of public instruction the management and administration of any function imposed on it by law. It may provide for the appointment of board
members to serve on temporary committees established by the board for such purposes as are necessary. Permanent or standing committees shall not be created.

(O) Upon application from the board of education of a school district, the superintendent of public instruction may issue a waiver exempting the district from compliance with the standards adopted under divisions (B)(2) and (D) of this section, as they relate to the operation of a school operated by the district. The state board shall adopt standards for the approval or disapproval of waivers under this division. The state superintendent shall consider every application for a waiver, and shall determine whether to grant or deny a waiver in accordance with the state board's standards. For each waiver granted, the state superintendent shall specify the period of time during which the waiver is in effect, which shall not exceed five years. A district board may apply to renew a waiver.

Sec. 3301.0710. The state board of education shall adopt rules establishing a statewide program to assess student achievement. The state board shall ensure that all assessments administered under the program are aligned with the academic standards and model curricula adopted by the state board and are created with input from Ohio parents, Ohio classroom teachers, Ohio school administrators, and other Ohio school personnel pursuant to section 3301.079 of the Revised Code.

The assessment program shall be designed to ensure that students who receive a high school diploma demonstrate at least high school levels of achievement in English language arts, mathematics, science, and social studies.

(A)(1) The state board shall prescribe all of the following:

(a) Two statewide achievement assessments, one each designed to measure the level of English language arts and mathematics

(b) Two statewide achievement assessments, one each designed to measure the level of English language arts and mathematics skill expected at the end of fourth grade;

(c) Three statewide achievement assessments, one each designed to measure the level of English language arts, mathematics, and science skill expected at the end of fifth grade;

(f) Three statewide achievement assessments, one each designed to measure the level of English language arts, mathematics, and science skill expected at the end of eighth grade.

(2) The state board shall determine and designate at least five ranges of scores on each of the achievement assessments described in divisions (A)(1) and (B)(1) of this section. Each range of scores shall be deemed to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

(a) An advanced level of skill;

(b) An accelerated level of skill;

(c) A proficient level of skill;

(d) A basic level of skill;

(e) A limited level of skill.

(3) For the purpose of implementing division (A) of section

The state board shall review and adjust upward the level of achievement designated under this division each year the test is administered until the level is set equal to the level designated in division (A)(2)(c) of this section.

(4) Each school district or school shall teach and assess social studies in at least the fourth and sixth grades. Any assessment in such area shall be determined by the district or school and may be formative or summative in nature. The results of such assessment shall not be reported to the department of education.

(B)(1) The assessments prescribed under division (B)(1) of this section shall collectively be known as the Ohio graduation tests. The state board shall prescribe five statewide high school achievement assessments, one each designed to measure the level of reading, writing, mathematics, science, and social studies skill expected at the end of tenth grade. The state board shall designate a score in at least the range designated under division (A)(2)(c) of this section on each such assessment that shall be deemed to be a passing score on the assessment as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code until the assessment system prescribed by section 3301.0712 of the Revised Code is implemented in accordance with division (B)(2) of this section.

(2) The state board shall prescribe an assessment system in accordance with section 3301.0712 of the Revised Code that shall replace the Ohio graduation tests beginning with students who
enter the ninth grade for the first time on or after July 1, 2014.

(3) The state board may enter into a reciprocal agreement with the appropriate body or agency of any other state that has similar statewide achievement assessment requirements for receiving high school diplomas, under which any student who has met an achievement assessment requirement of one state is recognized as having met the similar requirement of the other state for purposes of receiving a high school diploma. For purposes of this section and sections 3301.0711 and 3313.61 of the Revised Code, any student enrolled in any public high school in this state who has met an achievement assessment requirement specified in a reciprocal agreement entered into under this division shall be deemed to have attained at least the applicable score designated under this division on each assessment required by division (B)(1) or (2) of this section that is specified in the agreement.

(C) The superintendent of public instruction shall designate dates and times for the administration of the assessments prescribed by divisions (A) and (B) of this section.

In prescribing administration dates pursuant to this division, the superintendent shall designate the dates in such a way as to allow a reasonable length of time between the administration of assessments prescribed under this section and any administration of the national assessment of educational progress given to students in the same grade level pursuant to section 3301.27 of the Revised Code or federal law.

(D) The state board shall prescribe a practice version of each Ohio graduation test described in division (B)(1) of this section that is of comparable length to the actual test.

(E) Any committee established by the department of education for the purpose of making recommendations to the state board...
regarding the state board's designation of scores on the assessments described by this section shall inform the state board of the probable percentage of students who would score in each of the ranges established under division (A)(2) of this section on the assessments if the committee's recommendations are adopted by the state board. To the extent possible, these percentages shall be disaggregated by gender, major racial and ethnic groups, limited English proficient students, economically disadvantaged students, students with disabilities, and migrant students.

**Sec. 3301.0711.** (A) The department of education shall:

1. Annually furnish to, grade, and score all assessments required by divisions (A)(1) and (B)(1) of section 3301.0710 of the Revised Code to be administered by city, local, exempted village, and joint vocational school districts, except that each district shall score any assessment administered pursuant to division (B)(10) of this section. Each assessment so furnished shall include the data verification code of the student to whom the assessment will be administered, as assigned pursuant to division (D)(2) of section 3301.0714 of the Revised Code. In furnishing the practice versions of Ohio graduation tests prescribed by division (D) of section 3301.0710 of the Revised Code, the department shall make the tests available on its website for reproduction by districts. In awarding contracts for grading assessments, the department shall give preference to Ohio-based entities employing Ohio residents.

2. Adopt rules for the ethical use of assessments and prescribing the manner in which the assessments prescribed by section 3301.0710 of the Revised Code shall be administered to students.

3. Except as provided in divisions (C) and (J) of this...
section, the board of education of each city, local, and exempted village school district shall, in accordance with rules adopted under division (A) of this section:

(1) Administer the English language arts assessments prescribed under division (A)(1)(a) of section 3301.0710 of the Revised Code twice annually to all students in the third grade who have not attained the score designated for that assessment under division (A)(2)(c) of section 3301.0710 of the Revised Code.

(2) Administer the mathematics assessment prescribed under division (A)(1)(a) of section 3301.0710 of the Revised Code at least once annually to all students in the third grade.

(3) Administer the assessments prescribed under division (A)(1)(b) of section 3301.0710 of the Revised Code at least once annually to all students in the fourth grade.

(4) Administer the assessments prescribed under division (A)(1)(c) of section 3301.0710 of the Revised Code at least once annually to all students in the fifth grade.

(5) Administer the assessments prescribed under division (A)(1)(d) of section 3301.0710 of the Revised Code at least once annually to all students in the sixth grade.

(6) Administer the assessments prescribed under division (A)(1)(e) of section 3301.0710 of the Revised Code at least once annually to all students in the seventh grade.

(7) Administer the assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code at least once annually to all students in the eighth grade.

(8) Except as provided in division (B)(9) of this section, administer any assessment prescribed under division (B)(1) of section 3301.0710 of the Revised Code as follows:

(a) At least once annually to all tenth grade students and at
least twice annually to all students in eleventh or twelfth grade who have not yet attained the score on that assessment designated under that division;

(b) To any person who has successfully completed the curriculum in any high school or the individualized education program developed for the person by any high school pursuant to section 3323.08 of the Revised Code but has not received a high school diploma and who requests to take such assessment, at any time such assessment is administered in the district.

(9) In lieu of the board of education of any city, local, or exempted village school district in which the student is also enrolled, the board of a joint vocational school district shall administer any assessment prescribed under division (B)(1) of section 3301.0710 of the Revised Code at least twice annually to any student enrolled in the joint vocational school district who has not yet attained the score on that assessment designated under that division. A board of a joint vocational school district may also administer such an assessment to any student described in division (B)(8)(b) of this section.

(10) If the district has a three-year average graduation rate of not more than seventy-five per cent, administer each assessment prescribed by division (D) of section 3301.0710 of the Revised Code in September to all ninth grade students who entered ninth grade prior to July 1, 2014.

Except as provided in section 3313.614 of the Revised Code for administration of an assessment to a person who has fulfilled the curriculum requirement for a high school diploma but has not passed one or more of the required assessments, the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code shall not be administered after the date specified in the rules adopted by the state board of education under division (D)(1) of section 3301.0712 of the Revised Code.
(11)(a) Except as provided in division (B)(11)(b) of this section, administer the assessments prescribed by division (B)(2) of section 3301.0710 and section 3301.0712 of the Revised Code in accordance with the timeline and plan for implementation of those assessments prescribed by rule of the state board adopted under division (D)(1) of section 3301.0712 of the Revised Code;

(b) A student who has presented evidence to the district or school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. However, no board shall prohibit a student who is not required to take such assessment from taking the assessment.

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section, except that a student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment method approved by the department of education as conforming to requirements of federal law for receipt of federal funds for disadvantaged pupils. To the extent possible, the individualized education program shall not
excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment. No board shall prohibit a student who is not required to take an assessment under division (C)(1) of this section from taking the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

(c)(i) Any student enrolled in a chartered nonpublic school who has been identified, based on an evaluation conducted in accordance with section 3323.03 of the Revised Code or section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C.A. 794, as amended, as a child with a disability shall be excused from taking any particular assessment required to be administered under this section if either of the following apply:

(I) A plan developed for the student pursuant to rules adopted by the state board excuses the student from taking that assessment.

(II) The chartered nonpublic school develops a written plan in which the school, in consultation with the student's parents, determines that an assessment or alternative assessment with accommodations does not accurately assess the student's academic performance. The plan shall include an academic profile of the student's academic performance and shall be reviewed annually to determine if the student's needs continue to require excusal from taking the assessment.

(ii) A student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with
division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(iii) In the case of any student so excused from taking an assessment under division (C)(1)(c) of this section, the chartered nonpublic school shall not prohibit the student from taking the assessment.

(2) A district board may, for medical reasons or other good cause, excuse a student from taking an assessment administered under this section on the date scheduled, but that assessment shall be administered to the excused student not later than nine days following the scheduled date. The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board not later than the thirtieth day of June.

(3) As used in this division, "limited English proficient student learner" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any limited English proficient student learner from taking any particular assessment required to be administered under this section, except as follows:

(a) Any limited English proficient student learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(b) Any limited English proficient student learner who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or
English language arts assessment.

However, no board shall prohibit a limited English proficient student learner who is not required to take an assessment under division (C)(3) of this section from taking the assessment. A board may permit any limited English proficient student learner to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each limited English proficient student learner, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

(4)(a) The governing authority of a chartered nonpublic school may excuse a limited English proficient student learner from taking any assessment administered under this section.

(b) No governing authority shall require a limited English proficient student learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(c) No governing authority shall prohibit a limited English proficient student learner from taking an assessment from which the student was excused under division (C)(4) of this section.

(D)(1) In the school year next succeeding the school year in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A)(1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student...
intervention services commensurate with the student's performance, including any intensive intervention required under section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised
Code and division (N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. Each district board shall submit the assessments to the entity with which the department contracts for the scoring of the assessments as follows:

(a) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was less than two thousand five hundred, not later than the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of
the assessments have been administered.

However, any assessment that a student takes during the
make-up period described in division (C)(2) of this section shall
be submitted not later than the Friday following the day the
student takes the assessment.

(2) The department or an entity with which the department
contracts for the scoring of the assessment shall send to each
school district board a list of the individual scores of all
persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this
section, within forty-five days after the administration of the
assessments prescribed by sections 3301.0710 and 3301.0712 of the
Revised Code, but in no case shall the scores be returned later
than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts
assessment, within forty-five days after the administration of
that assessment, but in no case shall the scores be returned later
than the fifteenth day of June following the administration;

(c) In the case of the writing component of an assessment or
end-of-course examination in the area of English language arts,
except for the third-grade English language arts assessment, the
results may be sent after forty-five days of the administration of
the writing component, but in no case shall the scores be returned
later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a
joint vocational school district, the department or entity shall
also send to each city, local, or exempted village school district
a list of the individual scores of any students of such city,
local, or exempted village school district who are attending
school in the joint vocational school district.

(4) Beginning with the 2019-2020 school year, a school
district, other public school, or chartered nonpublic school may administer the third-grade English language arts or mathematics assessment, or both, in a paper format in any school year for which the district board of education or school governing body adopts a resolution indicating that the district or school chooses to administer the assessment in a paper format. The board or governing body shall submit a copy of the resolution to the department of education not later than the first day of May prior to the school year for which it will apply. If the resolution is submitted, the district or school shall administer the assessment in a paper format to all students in the third grade, except that any student whose individualized education program or plan developed under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, specifies that taking the assessment in an online format is an appropriate accommodation for the student may take the assessment in an online format.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.
(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(a) Students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1) Except as otherwise provided in division (K)(1) or (2)
of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students who are participating in state scholarship programs shall administer the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code or an alternative standardized assessment determined by the department. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the school that the parent or guardian does not wish to have the student take the elementary assessments prescribed for the student's grade level under division (A) of section 3301.0710 of the Revised Code. If a parent or guardian submits an opt-out notice, the school shall not administer the assessments to that student. This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

Each chartered nonpublic school subject to division (K)(1) of this section shall report the results of each assessment administered under that division to the department.

(2) A chartered nonpublic school may submit to the superintendent of public instruction a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The state superintendent shall approve or disapprove a request for a waiver submitted under division (K)(2) of this section. No waiver shall be approved for any school year prior to the 2015-2016 school year.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under...
section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department of education shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of this
section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) Except as provided in division (L)(4) of this section, for a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code. However, a student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3)(a) Except as provided in divisions (L)(3)(b) and (4) of this section, for a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a
state scholarship program, the student shall do one of the following:

(i) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(iii) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and 3313.619 of the Revised Code shall not be administered to any student attending the school, if the school meets all of the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a
neuropsychologist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (L)(4)(a) of this section for at least ten years.

(c) The school makes available to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including growth in student achievement in reading or mathematics, or both, as measured by nationally norm-referenced assessments that have developed appropriate standards for students.

Division (L)(4) of this section applies to any student attending such school regardless of whether the student receives special education or related services and regardless of whether the student is attending the school under a state scholarship program.

(M)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division (C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.
(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), (6), and (7) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division (O)(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a public record pursuant to division (O)(1) of this section.

(4) This division applies to the assessments prescribed by
division (A) of section 3301.0710 of the Revised Code.

(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.

(A) The state board of education, in consultation with the director of job and family services, shall formulate and prescribe by rule adopted under Chapter 119. of the Revised Code minimum standards to be applied to preschool programs operated by school district boards of education, county boards of developmental disabilities, community schools, or eligible nonpublic schools. The rules shall include the following:

(1) Standards ensuring that the preschool program is located in a safe and convenient facility that accommodates the enrollment of the program, is of the quality to support the growth and development of the children according to the program objectives, and meets the requirements of section 3301.55 of the Revised Code;

(2) Standards ensuring that supervision, discipline, and programs will be administered according to established objectives and procedures;

(3) Standards ensuring that preschool staff members and nonteaching employees are recruited, employed, assigned,
evaluated, and provided inservice education without discrimination on the basis of age, color, national origin, race, or sex; and that preschool staff members and nonteaching employees are assigned responsibilities in accordance with written position descriptions commensurate with their training and experience;

(4) A requirement that boards of education intending to establish a preschool program demonstrate a need for a preschool program prior to establishing the program;

(5) Requirements that children participating in preschool programs have been immunized to the extent considered appropriate by the state board to prevent the spread of communicable disease;

(6) Requirements that the parents of preschool children complete the emergency medical authorization form specified in section 3313.712 of the Revised Code.

(B) The state board of education in consultation with the director of job and family services shall ensure that the rules adopted by the state board under sections 3301.52 to 3301.58 of the Revised Code are consistent with and meet or exceed the requirements of Chapter 5104. of the Revised Code with regard to child day-care centers that serve preschool children. The state board and the director of job and family services shall review all such rules at least once every five years.

(C) The state board of education, in consultation with the director of job and family services, shall adopt rules for school child programs that are consistent with and meet or exceed the requirements of the rules adopted for school-age child care child day-care centers that serve school-age children under Chapter 5104. of the Revised Code.

Sec. 3302.01. As used in this chapter:

(A) "Performance index score" means the average of the totals
derived from calculations, for each subject area, of the weighted proportion of untested students and students scoring at each level of skill described in division (A)(2) of section 3301.0710 of the Revised Code on the state achievement assessments, as follows:

(1) For the assessments prescribed by division (A)(1) of section 3301.0710 of the Revised Code, the average for each of the subject areas of English language arts, mathematics, and science.

(2) For the assessments prescribed by division (B)(1) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code, the average for each of the subject areas of English language arts and mathematics.

The department of education shall assign weights such that students who do not take an assessment receive a weight of zero and students who take an assessment receive progressively larger weights dependent upon the level of skill attained on the assessment. The department shall assign additional weights to students who have been permitted to pass over a subject in accordance with a student acceleration policy adopted under section 3324.10 of the Revised Code. If such a student attains the proficient score prescribed under division (A)(2)(c) of section 3301.0710 of the Revised Code or higher on an assessment, the department shall assign the student the weight prescribed for the next higher scoring level. If such a student attains the advanced score, prescribed under division (A)(2)(a) of section 3301.0710 of the Revised Code, on an assessment, the department shall assign to the student an additional proportional weight, as approved by the state board. For each school year that such a student's score is included in the performance index score and the student attains the proficient score on an assessment, that additional weight shall be assigned to the student on a subject-by-subject basis.

Students shall be included in the "performance index score" in accordance with division (K)(2) of section 3302.03 of the Revised Code.

(B) "Subgroup" means a subset of the entire student population of the state, a school district, or a school building and includes each of the following:

1. Major racial and ethnic groups;
2. Students with disabilities;
3. Economically disadvantaged students;

5. Students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code. For students who are gifted in specific academic ability fields, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field.
6. Students in the lowest quintile for achievement statewide, as determined by a method prescribed by the state board of education.

(C) "No Child Left Behind Act of 2001" includes the statutes codified at 20 U.S.C. 6301 et seq. and any amendments, waivers, or both thereto, rules and regulations promulgated pursuant to those statutes, guidance documents, and any other policy directives regarding implementation of that act issued by the United States department of education.

(D) "Adequate yearly progress" means a measure of annual academic performance as calculated in accordance with the "No Child Left Behind Act of 2001."

(E) "Supplemental educational services" means additional academic assistance, such as tutoring, remediation, or other
educational enrichment activities, that is conducted outside of the regular school day by a provider approved by the department in accordance with the "No Child Left Behind Act of 2001."

(F) "Value-added progress dimension" means a measure of academic gain for a student or group of students over a specific period of time that is calculated by applying a statistical methodology to individual student achievement data derived from the achievement assessments prescribed by section 3301.0710 of the Revised Code. The "value-added progress dimension" shall be developed and implemented in accordance with section 3302.021 of the Revised Code.

(G)(1) "Four-year adjusted cohort graduation rate" means the number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class.

(2) "Five-year adjusted cohort graduation rate" means the number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(H) "State institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(I) "Annual measurable objectives" means a measure of student progress determined in accordance with an agreement between the department of education and the United States department of education.

(J) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(K) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code.
"Entitled to attend school in the district" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3302.021. (A) Not earlier than July 1, 2005, and not later than July 1, 2007, the department of education shall implement a value-added progress dimension for school districts and buildings and shall incorporate the value-added progress dimension into the report cards and performance ratings issued for districts and buildings under section 3302.03 of the Revised Code.

The state board of education shall adopt rules, pursuant to Chapter 119. of the Revised Code, for the implementation of the value-added progress dimension. The rules adopted under this division shall specify both all of the following:

(1) A scale for describing the levels of academic progress in reading and mathematics relative to a standard year of academic growth in those subjects for each of grades three through eight;

(2) That the department shall maintain the confidentiality of individual student test scores and individual student reports in accordance with sections 3301.0711, 3301.0714, and 3319.321 of the Revised Code and federal law. The department may require school districts to use a unique identifier for each student for this purpose. Individual student test scores and individual student reports shall be made available only to a student's classroom teacher and other appropriate educational personnel and to the student's parent or guardian.

(3) That the department may use not more than one academic year of value-added growth data to calculate the measure.

(B) The department shall use a system designed for collecting necessary data, calculating the value-added progress dimension, analyzing data, and generating reports, which system has been used...
previously by a nonprofit organization led by the Ohio business community for at least one year in the operation of a pilot program in cooperation with school districts to collect and report student achievement data via electronic means and to provide information to the districts regarding the academic performance of individual students, grade levels, school buildings, and the districts as a whole.

(C) The department shall not pay more than two dollars per student for data analysis and reporting to implement the value-added progress dimension in the same manner and with the same services as under the pilot program described by division (B) of this section. However, nothing in this section shall preclude the department or any school district from entering into a contract for the provision of more services at a higher fee per student. Any data analysis conducted under this section by an entity under contract with the department shall be completed in accordance with timelines established by the superintendent of public instruction.

(D) The department shall share any aggregate student data and any calculation, analysis, or report utilizing aggregate student data that is generated under this section with the chancellor of the Ohio board of regents. The department shall not share individual student test scores and individual student reports with the chancellor.

Sec. 3302.03. Annually, not later than the thirty-first day of July of each year, the department of education shall submit preliminary report card data for overall academic performance and for each separate performance measure for each school district, and each school building, in accordance with this section.

Annually, not later than the fifteenth day of September or the preceding Friday when that day falls on a Saturday or Sunday,
the department of education shall assign a letter grade for overall academic performance and for each separate performance measure for each school district, and each school building in a district, in accordance with this section. The state board shall adopt rules pursuant to Chapter 119. of the Revised Code to establish performance criteria for each letter grade and prescribe a method by which the department assigns each letter grade. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the state board shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall grade. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and letter grade system described in this section. The department shall include on the report card for each district and each building within each district the most recent two-year trend data in student achievement for each subject and each grade.

If the department fails to assign letter grades by the date specified, a school district or building shall be assigned the same grade for each measure that it was assigned for the previous school year or a "B" for each measure, whichever is the higher per measure.

(A)(1) For the 2012-2013 school year, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as adopted by the state board. In adopting benchmarks for assigning letter grades
under division (A)(1)(b) of this section, the state board of 
education shall designate ninety per cent or higher for an "A," at 
least seventy per cent but not more than eighty per cent for a 
"C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets 
each of the applicable performance indicators established by the 
state board under section 3302.02 of the Revised Code and the 
percentage of applicable performance indicators that have been 
achieved. In adopting benchmarks for assigning letter grades under 
division (A)(1)(c) of this section, the state board shall 
designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates. 

In adopting benchmarks for assigning letter grades under 
division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the 
department shall designate a four-year adjusted cohort graduation 
rate of ninety-three per cent or higher for an "A" and a five-year 
cohort graduation rate of ninety-five per cent or higher for an 
"A."

(e) The overall score under the value-added progress 
dimension of a school district or building, for which the 
department shall use up to three years of value-added data as 
available. The letter grade assigned for this growth measure shall 
be as follows:

(i) A score that is at least two standard errors of measure 
above the mean score shall be designated as an "A."

(ii) A score that is at least one standard error of measure 
but less than two standard errors of measure above the mean score 
shall be designated as a "B."

(iii) A score that is less than one standard error of measure 
above the mean score but greater than or equal to one standard 
error of measure below the mean score shall be designated as a
"C."

(iv) A score that is not greater than one standard error of measure below the mean score but is greater than or equal to two standard errors of measure below the mean score shall be designated as a "D."

(v) A score that is not greater than two standard errors of measure below the mean score shall be designated as an "F."

Whenever the value-added progress dimension is used as a graded performance measure, whether as an overall measure or as a measure of separate subgroups, the grades for the measure shall be calculated in the same manner as prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of education shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and, not later than June 30, 2013, shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, including performance benchmarks for each letter grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of
representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.

(B)(1) For the 2013-2014 and 2014-2015 school years, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (B)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following
subgroups: students identified as gifted in superior cognitive
ability and specific academic ability fields under Chapter 3324.
of the Revised Code, students with disabilities, and students
whose performance places them in the lowest quintile for
achievement on a statewide basis. Each subgroup shall be a
separate graded measure.

(g) Whether a school district or building is making progress
in improving literacy in grades kindergarten through three, as
determined using a method prescribed by the state board. The state
board shall adopt rules to prescribe benchmarks and standards for
assigning grades to districts and buildings for purposes of
division (B)(1)(g) of this section. In adopting benchmarks for
assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of
this section, the state board shall determine progress made based
on the reduction in the total percentage of students scoring below
grade level, or below proficient, compared from year to year on
the reading and writing diagnostic assessments administered under
section 3301.0715 of the Revised Code and the third grade English
language arts assessment under section 3301.0710 of the Revised
Code, as applicable. The state board shall designate for a "C"
grade a value that is not lower than the statewide average value
for this measure. No grade shall be issued under divisions
(B)(1)(g) and (C)(1)(g) of this section for a district or building
in which less than five per cent of students have scored below
grade level on the diagnostic assessment administered to students
in kindergarten under division (B)(1) of section 3313.608 of the
Revised Code.

(h) For a high mobility school district or building, an
additional value-added progress dimension score. For this measure,
the department shall use value-added data from the most recent
school year available and shall use assessment scores for only
those students to whom the district or building has administered
the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those
students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code.

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.

(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(C)(1) For the 2014-2015 school year and each school year thereafter, the department shall issue grades as described in
division (E) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:

(a) Annual measurable objectives. For the 2017-2018 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than fifteen students.

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for
which the department shall use up to three years not more than one academic year of value-added growth data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "B" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.
(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance...
with the standards adopted under division (F) of section 3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code;
(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.

(3) The state board shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;

(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section.
section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section use either the performance index score measure under division (C)(1)(b) or the value-added progress dimension measure under division (C)(1)(e) of this section, whichever is higher, but not both measures. The rules adopted by the state board shall prohibit the calculation of the overall grade to include both the performance index score and value-added progress dimension measures and shall ensure that a district or building receives the highest overall grade possible using the appropriate measure.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the
report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) On or after July 1, 2015, the state board may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(E) The letter grades assigned to a school district or building under this section shall be as follows:

1. "A" for a district or school making excellent progress;
2. "B" for a district or school making above average progress;
3. "C" for a district or school making average progress;
4. "D" for a district or school making below average progress;
5. "F" for a district or school failing to meet minimum progress.

(F) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

1. Performance of students by grade-level;
2. Performance of students by race and ethnic group;
3. Performance of students by gender;
4. Performance of students grouped by those who have been
enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance...
according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

(G) The department may include with the report cards any additional education and fiscal performance data it deems valuable.

(H) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.
(I)(1)(a) Except as provided in division (I)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if a majority of the students enrolled in the conversion community school are enrolled in a dropout prevention and recovery program that is operated by the school, as described in division (A)(4)(2)(a) of section 3314.35 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for any community school to which division (I)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section
3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (I)(3)(a) of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division (I)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(J) The department shall include on each report card the percentage of teachers in the district or building who are properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(K)(1) In calculating English language arts, mathematics, or science assessment passage rates used to determine school district or building performance under this section, the department shall include all students taking an assessment with accommodation or to
whom an alternate assessment is administered pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code.

(2) In calculating performance index scores, rates of achievement on the performance indicators established by the state board under section 3302.02 of the Revised Code, and annual measurable objectives for determining adequate yearly progress for school districts and buildings under this section, the department shall do all of the following:

(a) Include for each district or building only those students who are included in the ADM certified for the first full school week of October and are continuously enrolled in the district or building through the time of the spring administration of any assessment prescribed by division (A)(1) or (B)(1) of section 3301.0710 or division (B) of section 3301.0712 of the Revised Code that is administered to the student's grade level;

(b) Include cumulative totals from both the fall and spring administrations of the third grade English language arts achievement assessment;

(c) Except as required by the No Child Left Behind Act of 2001, exclude for each district or building any limited English proficient student learner who has been enrolled in United States schools for less than one full school year.

(L) Beginning with the 2015-2016 school year and at least once every three years thereafter, the state board of education shall review and may adjust the benchmarks for assigning letter grades to the performance measures and components prescribed under divisions (C)(3) and (D) of this section.

Sec. 3302.037. (A) If any change is made to the calculation or determination of grades, or to the graded measures, on the report card issued under section 3302.03 of the Revised Code, the

Sec. 3302.037. (A) If any change is made to the calculation or determination of grades, or to the graded measures, on the report card issued under section 3302.03 of the Revised Code, the
report card ratings issued for the school year in which the change takes effect shall not be considered in determining whether a school district or a school is subject to sanctions or penalties. Furthermore, the report card ratings of any previous years shall not be considered in determining whether a school district or building is subject to sanctions or penalties. Accordingly, the change in report card shall create a new starting point for determinations that are based on ratings over multiple years.

(B) The provisions for which a district or school's rating are reset under division (A) of this section include the following:

(1) Any restructuring provisions established under this chapter, except as required under federal law;

(2) Provisions for the Columbus city school pilot project under section 3302.042 of the Revised Code;

(6) Provisions prescribing community school closure requirements under section 3314.35 or 3314.351 of the Revised Code.

Sec. 3302.038. Notwithstanding anything in the Revised Code to the contrary, when a school district's or school's grade for the value-added progress dimension or the performance index score calculated under section 3302.03 of the Revised Code is considered
in determining whether a school district or a school is subject to sanctions or penalties on or after the effective date of this section, the department of education shall apply the higher grade of the two measures, regardless of which measure is specified. At no time shall both grades be used to determine any sanctions or penalties.

Sec. 3302.039. If the department of education fails to assign report card ratings by the date required under section 3302.03 of the Revised Code or sponsor ratings by the date required under section 3314.016 of the Revised Code, the report card ratings or sponsor ratings issued for the school year in which the department misses the deadline shall not be considered in determining whether a school district or building is subject to sanctions or penalties. Furthermore, the report card ratings or sponsor ratings of any previous years shall not be considered in determining whether a school district, building, or sponsor is subject to sanctions or penalties. Accordingly, the missed deadline shall create a new starting point for determinations that are based on ratings over multiple years.

Sec. 3302.042. (A) This section shall operate as a pilot project that applies to any school that has been ranked according to performance index score under section 3302.21 of the Revised Code in the lowest five per cent of all public school buildings statewide for three or more consecutive school years and is operated by the Columbus city school district. This section does not apply to a school building that is ranked according to the value-added progress dimension under section 3302.03 of the Revised Code above the lowest five per cent of all public school buildings statewide for three or more consecutive years. The pilot project shall commence once the department of education establishes implementation guidelines for the pilot project in
consultation with the Columbus city school district.

(B) Except as provided in division (D), (E), or (F) of this section, if the parents or guardians of at least fifty per cent of the students enrolled in a school to which this section applies, or if the parents or guardians of at least fifty per cent of the total number of students enrolled in that school and the schools of lower grade levels whose students typically matriculate into that school, by the thirty-first day of December of any school year in which the school is subject to this section, sign and file with the school district treasurer a petition requesting the district board of education to implement one of the following reforms in the school, and if the validity and sufficiency of the petition is certified in accordance with division (C) of this section, the board shall implement the requested reform in the next school year:

(1) Reopen the school as a community school under Chapter 3314. of the Revised Code;

(2) Replace at least seventy per cent of the school's personnel who are related to the school's poor academic performance or, at the request of the petitioners, retain not more than thirty per cent of the personnel;

(3) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;

(4) Turn operation of the school over to the department;

(5) Any other major restructuring of the school that makes fundamental reforms in the school's staffing or governance.

(C) Not later than thirty days after receipt of a petition under division (B) of this section, the district treasurer shall verify the validity and sufficiency of the signatures on the
petition and certify to the district board whether the petition contains the necessary number of valid signatures to require the board to implement the reform requested by the petitioners. If the treasurer certifies to the district board that the petition does not contain the necessary number of valid signatures, any person who signed the petition may file an appeal with the county auditor within ten days after the certification. Not later than thirty days after the filing of an appeal, the county auditor shall conduct an independent verification of the validity and sufficiency of the signatures on the petition and certify to the district board whether the petition contains the necessary number of valid signatures to require the board to implement the requested reform. If the treasurer or county auditor certifies that the petition contains the necessary number of valid signatures, the district board shall notify the superintendent of public instruction and the state board of education of the certification.

(D) The district board shall not implement the reform requested by the petitioners in any of the following circumstances:

(1) The district board has determined that the request is for reasons other than improving student academic achievement or student safety.

(2) The state superintendent has determined that implementation of the requested reform would not comply with the model of differentiated accountability described in section 3302.041 of the Revised Code.

(3) The petitioners have requested the district board to implement the reform described in division (B)(4) of this section and the department has not agreed to take over the school's operation.
(4) When all of the following have occurred:

(a) After a public hearing on the matter, the district board issued a written statement explaining the reasons that it is unable to implement the requested reform and agreeing to implement one of the other reforms described in division (B) of this section.

(b) The district board submitted its written statement to the state superintendent and the state board along with evidence showing how the alternative reform the district board has agreed to implement will enable the school to improve its academic performance.

(c) Both the state superintendent and the state board have approved implementation of the alternative reform.

(E) If the provisions of this section conflict in any way with the requirements of federal law, federal law shall prevail over the provisions of this section.

(F) If a school is restructured under this section, section 3302.10 or 3302.12 of the Revised Code, or federal law, the school shall not be required to restructure again under state law for three consecutive years after the implementation of that prior restructuring.

(G) Beginning not later than six months after the first petition under this section has been resolved, the department of education shall annually evaluate the pilot program and submit a report to the general assembly under section 101.68 of the Revised Code. Such reports shall contain its recommendations to the general assembly with respect to the continuation of the pilot program, its expansion to other school districts, or the enactment of further legislation establishing the program statewide under permanent law.
Sec. 3302.061. (A) A school district board of education shall review each application received under section 3302.06 of the Revised Code and, within sixty days after receipt of the application, shall approve or disapprove the application. In reviewing applications, the board shall give preference to applications that propose innovations in one or more of the following areas:

(1) Curriculum;

(2) Student assessments, other than the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code;

(3) Class scheduling;

(4) Accountability measures, including innovations that expand the number and variety of measures used in order to collect more complete data about student academic performance. For this purpose, schools may consider use of measures such as end-of-course examinations, portfolios of student work, nationally or internationally normed assessments, the percentage of students enrolling in post-secondary education, or the percentage of students simultaneously obtaining a high school diploma and an associate's degree or certification to work in an industry or career field.

(5) Provision of student services, including services for students who are disabled, identified as gifted under Chapter 3324. of the Revised Code, limited English proficient learners, at risk of academic failure or dropping out, or at risk of suspension or expulsion;

(6) Provision of health, counseling, or other social services to students;

(7) Preparation of students for transition to higher

(8) Teacher recruitment, employment, and evaluation;

(9) Compensation for school personnel;

(10) Professional development;

(11) School governance and the roles and responsibilities of principals;

(12) Use of financial or other resources.

(B)(1) If the board approves an application seeking designation as an innovation school, it shall so designate the school that submitted the application. If the board approves an application seeking designation as an innovation school zone, it shall so designate the participating schools that submitted the application.

(2) If the board disapproves an application, it shall provide a written explanation of the basis for its decision to the school or schools that submitted the application. The school or schools may reapply for designation as an innovation school or innovation school zone at any time.

(C) The board may approve an application that allows an innovation school or a school participating in an innovation school zone to determine the compensation of board employees working in the school, but the total compensation for all such employees shall not exceed the financial resources allocated to the school by the board. The school shall not be required to comply with the salary schedule adopted by the board under section 3311.78, 3317.14, or 3317.141 of the Revised Code. The board may approve an application that allows an innovation school or a school participating in an innovation school zone to remove board employees from the school, but no employee shall be terminated except as provided in section 3311.82, 3319.081, or 3319.16 of the
Revised Code.

(D) The board may do either of the following at any time:

1. Designate a school as an innovation school by creating an innovation plan for that school and offering the school an opportunity to participate in the plan's creation;

2. Designate as an innovation school zone two or more schools that share common interests based on factors such as geographical proximity or similar educational programs or that serve the same classes of students as they advance to higher grade levels, by creating an innovation plan for those schools and offering the schools an opportunity to participate in the plan's creation.

Sec. 3302.12. (A)(1) Except as provided in divisions (C) and (D) of this section, this section applies to a school building that is ranked according to performance index score under section 3302.21 of the Revised Code in the lowest five per cent of public school buildings statewide for three consecutive years and that meets any combination of the following for three consecutive years:

(a) The school building is declared to be under an academic watch or in a state of academic emergency under section 3302.03 of the Revised Code;

(b) The school building that has received a grade of "F" for the value-added progress dimension under division (A)(1)(e), (B)(1)(e), or (C)(1)(e) of section 3302.03 of the Revised Code;

(c) The school building that has received an overall grade of "F" under section 3302.03 of the Revised Code. This section does not apply to a school building that is ranked according to the value-added progress dimension under section 3302.03 of the Revised Code above the lowest five per cent of all public school
buildings statewide for three or more consecutive years.

(2) In the case of a building to which this section applies, the district board of education in control of that building shall do one of the following at the conclusion of the school year in which the building first becomes subject to this section:

(a) Close the school and direct the district superintendent to reassign the students enrolled in the school to other school buildings that demonstrate higher academic achievement;

(b) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;

(c) Replace the principal and all teaching staff of the school and, upon request from the new principal, exempt the school from all requested policies and regulations of the board regarding curriculum and instruction. The board also shall distribute funding to the school in an amount that is at least equal to the product of the per pupil amount of state and local revenues received by the district multiplied by the student population of the school.

(d) Reopen the school as a conversion community school under Chapter 3314. of the Revised Code.

(B) If an action taken by the board under division (A)(2) of this section causes the district to no longer maintain all grades kindergarten through twelve, as required by section 3311.29 of the Revised Code, the board shall enter into a contract with another school district pursuant to section 3327.04 of the Revised Code for enrollment of students in the schools of that other district to the extent necessary to comply with the requirement of section 3311.29 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, if the board enters into and maintains a contract under section 3327.04 of the Revised Code,
the district shall not be considered to have failed to comply with
the requirement of section 3311.29 of the Revised Code. If, however, the district board fails to or is unable to enter into or
maintain such a contract, the state board of education shall take
all necessary actions to dissolve the district as provided in
division (A) of section 3311.29 of the Revised Code.

(C) If a particular school is required to restructure under
this section and a petition with respect to that same school has
been filed and verified under divisions (B) and (C) of section
3302.042 of the Revised Code, the provisions of that section and
the petition filed and verified under it shall prevail over the
provisions of this section and the school shall be restructured
under that section. However, if division (D)(1), (2), or (3) of
section 3302.042 of the Revised Code also applies to the school,
the school shall be subject to restructuring under this section
and not section 3302.042 of the Revised Code.

If the provisions of this section conflict in any way with
the requirements of federal law, federal law shall prevail over
the provisions of this section.

(D) If a school is restructured under this section, section
3302.042 or 3302.10 of the Revised Code, or federal law, the
school shall not be required to restructure again under state law
for three consecutive years after the implementation of that prior
restructuring.

3314. of the Revised Code, the district board of education or
community school governing authority shall create a school action

members, as follows:

(a) Seven individuals, consisting of parents or guardians of students enrolled in the school and members of the community who are not teachers or nonteaching employees, as elected by their peers;

(b) Five teachers and nonteaching employees who are assigned to the school building and are not parents or guardians of students enrolled in the school, as elected by their peers.

(2) To assist a school action team initiated under section 3302.17 of the Revised Code, the district board, community school governing authority, or community partner shall select an individual who is employed by the district, school, or community partner to serve as the resource coordinator for the community learning center. The school action team shall make recommendations to the board, governing authority, or community partner on potential candidates. The resource coordinator shall not be considered a member of a school action team. The resource coordinator shall assist in the development and coordination of programs and services for the community learning center.

(B) All members of a school action team shall serve as voting members. Terms of office shall be for three years, and vacancies shall be filled in the same manner as the original appointment. Members shall serve without compensation.

(9) Meet regularly with parents and community members to discuss policy matters affecting the school.

Sec. 3313.411. (A) As used in this section:

(1) "College-preparatory boarding school" means a
college-preparatory boarding school established under Chapter
3328. of the Revised Code.

(2) "Community school" means a community school established
under Chapter 3314. of the Revised Code.

(3) "High-performing community school" has the same meaning
as in section 3313.413 of the Revised Code.

(4) "STEM school" means a science, technology, engineering,
and mathematics school established under Chapter 3326. of the
Revised Code.

(5) "Unused school facilities" means any real property that
has been used by a school district for school operations,
including, but not limited to, academic instruction or
administration, since July 1, 1998, but has not been used in that
capacity for two years one year.

(B)(1) Except as provided in section 3313.412 of the Revised
Code, on and after June 30, 2011, any school district board of
education shall offer any unused school facilities it owns in its
corporate capacity for lease or sale to the governing authorities
of community schools, the boards of trustees of any
college-preparatory boarding schools, and the governing bodies of
any STEM schools, that are located within the territory of the
district. Not later than sixty days after the district board makes the offer, interested governing authorities, boards of trustees, and governing bodies shall notify the district treasurer in writing of the intention to lease or purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(2) At the same time that a district board makes the offer required under division (B)(1) of this section, the board also may, but shall not be required to, offer that property for sale or lease to the governing authorities of community schools with plans, stipulated in their contracts entered into under section 3314.03 of the Revised Code, either to relocate their operations to the territory of the district or to add facilities, as authorized by division (B)(3) or (4) of section 3314.05 of the Revised Code, to be located within the territory of the district.

(C)(1) If, not later than sixty days after the district board makes the offer, only one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the district board shall sell the property to that party for the appraised fair market value of the property as determined in an appraisal of the property that is not more than one year old.

If, not later than sixty days after the district board makes the offer, more than one governing authority of a high-performing community school offered the property under division (B) of this section notifies the district treasurer in writing of the intention to purchase the property pursuant to that division, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of
high-performing community schools that notified the district treasurer of the intention to purchase the property pursuant to division (B) of this section are eligible to bid at the auction. The district board is not obligated to accept any bid for the property that is lower than the appraised fair market value of the property as determined in an appraisal that is not more than one year old.

(2) If, not later than sixty days after the district board makes the offer, no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools, college-preparatory boarding schools, and STEM schools made pursuant to that division.

If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If more than one governing authority of a high-performing community school notifies the district treasurer in writing of the intention to lease the property pursuant to division (B) of this section, the district board shall conduct a lottery to select from among those governing authorities the one qualified governing authority to which the district board shall lease the property.

If no such governing authority of a high-performing community school notifies the district treasurer of its intention to lease the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools, college-preparatory boarding schools, and STEM
schools made pursuant to that division. If more than one other
start-up community school, college-preparatory boarding school, or
STEM school notified the district treasurer of its intention to
lease the property pursuant to division (B) of this section, the
district board shall conduct a lottery to select from among those
parties the one qualified party to which the district board shall
lease the property.

(4) The lease price offered by a district board to a
community school, college-preparatory boarding school, or STEM
school under this section shall not be higher than the fair market
value for such a leasehold as determined in an appraisal that is
not more than one year old.

(5) If no qualified party offered the property under division
(B) of this section accepts the offer to lease or buy the property
within sixty days after the offer is made, the district board may
offer the property to any other entity in accordance with
divisions (A) to (F) of section 3313.41 of the Revised Code.

(D) Notwithstanding division (B) of this section, a school
district board may renew any agreement it originally entered into
prior to June 30, 2011, to lease real property to an entity other
than a community school, college-preparatory boarding school, or
STEM school. Nothing in this section shall affect the leasehold
arrangements between the district board and that other entity.

(E)(1) Except as provided in division (E)(2) of this section,
the governing authority of a community school, board of trustees
of a college-preparatory boarding school, or governing body of a
STEM school shall not sell any property purchased under division
(B) of this section within five years of purchasing that property.

(2) The governing authority, board of trustees, or governing
body may sell a property purchased under division (B) of this
section within five years of the purchase, only if the governing
authority, board of trustees, or governing body sells or transfers that property to another entity described in that division.

Sec. 3313.413. (A) As used in this section, "high-performing community school" means either of the following:

(1) A community school established under Chapter 3314. of the Revised Code that meets the following conditions:

(c) If the school primarily serves students enrolled in a dropout prevention and recovery program as described in division (A)(4)(12)(a) of section 3314.35 of the Revised Code, the school received a rating of "exceeds standards" on its most recent report card issued under section 3314.017 of the Revised Code.

(2) A newly established community school that is implementing a community school model that has a track record of high-quality academic performance, as determined by the department of
education.

(B) When a school district board of education decides to dispose of real property it owns in its corporate capacity under section 3313.41 of the Revised Code, the board shall first offer that property to the governing authorities of all start-up community schools, the boards of trustees of any college-preparatory boarding schools, and the governing bodies of any STEM schools that are located within the territory of the district. Not later than sixty days after the district board makes the offer, interested governing authorities, boards of trustees, and governing bodies shall notify the district treasurer in writing of the intention to purchase the property.

The district board shall give priority to the governing authorities of high-performing community schools that are located within the territory of the district.

(1) If more than one governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the governing authorities of high-performing community schools that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(2) If no governing authority of a high-performing community school notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the board shall then proceed with the offers from all other start-up community schools, college-preparatory boarding schools, and STEM schools made pursuant to that division. If more than one such entity notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section,
the board shall conduct a public auction in the manner required for auctions of district property under division (A) of section 3313.41 of the Revised Code. Only the entities that notified the district treasurer pursuant to division (B) of this section are eligible to bid at the auction.

(3) If no governing authority, board of trustees, or governing body notifies the district treasurer of its intention to purchase the property pursuant to division (B) of this section, the district may then offer the property for sale in the manner prescribed under divisions (A) to (F) of section 3313.41 of the Revised Code.

(C) Notwithstanding anything to the contrary in sections 3313.41 and 3313.411 of the Revised Code, the purchase price of any real property sold to any of the entities in accordance with division (B) of this section shall not be more than the appraised fair market value of that property as determined in an appraisal of the property that is not more than one year old.

(D) Not later than the first day of October of each year, the department of education shall post in a prominent location on its web site a list of schools that qualify as high-performing community schools for purposes of this section and section 3313.411 of the Revised Code.

Sec. 3313.5315. Such a student shall not be denied the opportunity to participate in interscholastic athletics solely because the student's parents...

(b) American government, one-half unit.

(7) Social studies, two units.

Each school shall integrate the study of economics and financial literacy, as expressed in the social studies academic content standards adopted by the state board of education under division (A)(1) of section 3301.079 of the Revised Code and the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of that section, into one or more existing social studies credits required under division (C)(7) of this section, or into the content of another class, so that every high school student receives instruction in those concepts. In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology which may include
computer science, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division
(C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill
any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer science;
(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high
school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.
(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an
emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this
section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to
earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to
incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in
interscholastic athletics, marching band, show choir, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;

(2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on the Bill of Rights;

(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly...
establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;
(b) Promote the student to fourth grade but provide the 
student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 
2013-2014 school year, unless the student is excused under 
division (C) of section 3301.0711 of the Revised Code from taking 
the assessment described in this section, no school district shall 
promote to fourth grade any student who does not attain at least 
the equivalent level of achievement designated under division 
(A)(3) of section 3301.0710 of the Revised Code on the assessment 
prescribed under that section to measure skill in English language 
arts expected at the end of third grade, unless one of the 
following applies:

(a) The student is a limited English proficient student 
learner who has been enrolled in United States schools for less 
than three full school years and has had less than three years of 
instruction in an English as a second language program.

(b) The student is a child with a disability entitled to 
special education and related services under Chapter 3323. of the 
Revised Code and the student's individualized education program 
exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of 
performance on an alternative standardized reading assessment as 
determined by the department of education.

(d) All of the following apply:

(i) The student is a child with a disability entitled to 
special education and related services under Chapter 3323. of the 
Revised Code.

(ii) The student has taken the third grade English language 
arts achievement assessment prescribed under section 3301.0710 of 
the Revised Code.
the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the first day of November for students in kindergarten. Each district shall use the diagnostic
assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist
parents and the district in knowing when a student is reading at
or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and
regular diagnostic assessments to the student immediately
following identification of a reading deficiency until the
development of the reading improvement and monitoring plan
required by division (C) of this section. These intervention
services shall include research-based reading strategies that have
been shown to be successful in improving reading among
low-performing readers and instruction targeted at the student's
identified reading deficiencies.

(3) For each student retained under division (A) of this
section, the district shall do all of the following:

(a) Provide intense remediation services until the student is
able to read at grade level. The remediation services shall
include intensive interventions in reading that address the areas
of deficiencies identified under this section including, but not
limited to, not less than ninety minutes of reading instruction
per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade
students;

(vi) Extended school day, week, or year;

(vii) Summer reading camps.

(b) Establish a policy for the mid-year promotion of a
student retained under division (A) of this section who
demonstrates that the student is reading at or above grade level;
(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

(3) Opportunities for the student's parent or guardian to be
involved in the instructional services and support described in division (C)(2) of this section;

(4) A process for monitoring the extent to which the student receives the instructional services and support described in division (C)(2) of this section;

(5) A reading curriculum during regular school hours that does all of the following:

(a) Assists students to read at grade level;

(b) Provides scientifically based and reliable assessment;

(c) Provides initial and ongoing analysis of each student's reading progress.

(6) A statement that if the student does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected by the end of third grade, the student may be retained in third grade.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and
percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

(a) The teacher holds a reading endorsement on the teacher's
license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the state board under division (B)(2) of section 3319.112 of the Revised Code.

(d) The teacher was rated "above expected value added," in reading instruction, as determined by criteria established by the department, for the most recent, consecutive two years.

(e) The teacher has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the state board.

(f) The teacher holds an educator license for teaching grades pre-kindergarten through three or four through nine issued on or after July 1, 2017.

(2) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may be assigned to a teacher with less than one year of teaching experience provided that the teacher meets one or more of the criteria described in divisions (H)(1)(a) to (f) of this section and that teacher is assigned a teacher mentor who meets the qualifications of division (H)(1) of this section.

(3) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, but prior to July 1, 2016, may be assigned to a teacher who holds
an alternative credential approved by the department or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in division (H)(3) of this section shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(4) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may receive reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the state speech and hearing professionals board under Chapter 4753. of the Revised Code and a professional pupil services license as a school speech-language pathologist issued by the state board of education.

(5) A teacher, other than a student's teacher of record, may provide any services required under this section, so long as that other teacher meets the requirements of division (H) of this section and the teacher of record and the school principal agree to the assignment. Any such assignment shall be documented in the student's reading improvement and monitoring plan.

As used in this division, "teacher of record" means the classroom teacher to whom a student is assigned.

(I) Notwithstanding division (H) of this section, a teacher may teach reading to any student who is an English language learner, and has been in the United States for three years or less, or to a student who has an individualized education program developed under Chapter 3323. of the Revised Code if that teacher holds an alternative credential approved by the department or has...
successfully completed training that is based on principles of 
scientifically research-based reading instruction that has been 
approved by the department. Beginning on July 1, 2014, the 
alternative credentials and training described in this division 
shall be aligned with the reading competencies adopted by the

The board shall administer the allocation and distribution of all state and federal funds for these programs.

(C) The state board of education shall require the board of education of each school district to establish and maintain a school breakfast, lunch, and summer food service program pursuant to the "National School Lunch Act" and the "Child Nutrition Act of 1966," as described in divisions (C)(1) to (4) of this section.

A school district shall require the summer food service program sponsor to indemnify and hold harmless the district from any potential liability resulting from the operation of the summer food service program under this division. For this purpose, the district shall
either add the summer food service program sponsor, as an additional insured party, to the district's existing liability insurance policy or require the summer food service program sponsor to submit evidence of a separate liability insurance policy, for an amount approved by the district board. The summer food service program sponsor shall be responsible for any costs incurred in obtaining coverage under either option.

However, any school that is subject to section 3313.818 of the Revised Code shall offer breakfast to pupils in accordance with that section.

(F) Notwithstanding anything in this section to the contrary, in each fiscal year in which the general assembly appropriates funds for purposes of this division, the board of education of each school district and each chartered nonpublic school that participates in a breakfast program pursuant to this section shall provide a breakfast free of charge to each pupil who is eligible under federal requirements for a reduced price breakfast.

**Sec. 3313.818.** (A)(1) The department of education shall establish a program under which public schools that meet the conditions prescribed in this section shall offer breakfast to all students during the school day. Each of the following shall apply:

(3) The district superintendent or building principal, in consultation with the building staff, shall determine the model for serving breakfast under the program. Each breakfast served under the program shall comply with federal meal patterns and nutritional standards and with section 3313.814 of the Revised Code. A school district board of education may make a charge in accordance with federal requirements for each meal to cover all or part of the costs incurred in operating the program.

(B) The department shall publish a list of public schools that meet the conditions of division (A) of this section. The department shall offer technical assistance to school districts and schools regarding the implementation of a school breakfast program that complies with this section and the submission of claims for reimbursement under the federal school breakfast program.

(C)(1) The department shall monitor each school participating in the program and ensure that each participating school complies with the requirements of this section. If the department determines that a school participating in the program either has not increased the participation by all students in the program by at least ten percentage points, or less than seventy per cent of the school's students eligible for free or reduced-price lunch are
not participating in the program, the department shall provide written notice of its findings to the school by the thirty-first day of May of that school year.

(2) A school that receives notice from the department under division (C)(1) of this section shall, within thirty days after the start of the next school year, submit to the department a plan for increasing participation in the program.

(D) Not later than the thirty-first day of December of each school year, the department shall provide statistical reports on its web site that specify the number and percentage of students participating in school breakfast programs disaggregated by school district and individual schools, including community schools, established under Chapter 3314. of the Revised Code, and STEM schools, established under Chapter 3326. of the Revised Code.

(E) Not later than the thirty-first day of December of each school year, the department shall prepare a report on the implementation and effectiveness of the program established under this section and submit the report to the general assembly, in accordance with section 101.68 of the Revised Code, and to the governor. The report shall include:

(1) The number of students and participation rates in the free and reduced-price breakfast programs under this section for each school building;

(2) The type of breakfast model used by each school building participating in the breakfast program;

(3) The number of students and participation rates in free or reduced-price lunch for each school building.

Sec. 3313.912. (A) As used in this section, "career-technical planning district" and "lead district" have the same meanings as in section 3317.023 of the Revised Code.
(B) The business advisory committee of each career-technical planning district shall determine an appropriate point value for each industry-recognized credential approved under section 3313.6113 of the Revised Code that is offered by the career-technical planning district. The point value shall be for the purposes of attaining the number of credential points necessary to qualify for a high school diploma under division (A)(3) of section 3313.618 of the Revised Code. The business advisory committee shall submit each credential point value determined by the committee to the board of education of the lead district for approval.

(C) The district board of the lead district shall vote on each credential point value submitted by the career-technical planning district's business advisory committee. The district board may approve each credential point value by a majority vote of its members. The district board shall submit to the department of education, through either regular mail or electronic mail, a notice of an approved credential point value and a copy of the minutes of the board meeting at which the board approved the credential point value. Except as provided in division (D) of this section, an approval under this division shall take effect thirty calendar days after either the postage stamp date of the regular mail notice or the date of the electronic mail notice.

(D) The state board of education may, by a two-thirds vote of its membership, override a credential point value approval under division (C) of this section. An override shall take immediate effect if the state board vote occurs prior to the effective date of the approval prescribed under division (C) of this section. However, if the state board vote occurs after that effective date, the override shall take effect at the beginning of the following school year.

(E) Both of the following shall apply to any credential point
value approved under division (C) of this section:

(1) The approved credential point value shall only be valid in the career-technical planning district of the lead district board of education that issued the approval.

(2) The district board may revoke any approved credential point value.

(F) Subject to divisions (D) and (E) of this section, each student in a career-technical planning district may use a credential point value approved under division (C) of this section for the purposes of attaining the necessary number of industry-recognized credential points to qualify for a high school diploma under division (A)(3) of section 3313.613 of the Revised Code.

Sec. 3313.978. (A) Annually by the first day of November, the superintendent of public instruction shall notify the pilot project school district of the number of initial scholarships that the state superintendent will be awarding in each of grades kindergarten through twelve.

The state superintendent shall provide information about the scholarship program to all students residing in the district, shall accept applications from any such students until such date as shall be established by the state superintendent as a deadline for applications during the application periods established under division (H) of this section, and shall establish criteria for the selection of students to receive scholarships from among all those applying prior to the deadline, which criteria shall give preference to students from low-income families. The state superintendent shall notify students of their selection prior to the fifteenth day of January a date established by the state superintendent.
(1) A student receiving a pilot project scholarship may utilize it at an alternative public school by notifying the district superintendent, at any time before the beginning of the school year, of the name of the public school in an adjacent school district to which the student has been accepted pursuant to section 3327.06 of the Revised Code.

(2) A student may decide to utilize a pilot project scholarship at a registered private school in the district if all of the following conditions are met:

   (a) By the fifteenth day of February of the preceding school year, or at any time prior to the start of the school year, the parent makes an application on behalf of the student to a registered private school.

   (b) The registered private school notifies the parent and the state superintendent as follows that the student has been admitted:

      (i) By the fifteenth day of March of the preceding school year if the student filed an application by the fifteenth day of February and was admitted by the school pursuant to division (A) of section 3313.977 of the Revised Code;

      (ii) Within one week of the decision to admit the student if the student is admitted pursuant to division (C) of section 3313.977 of the Revised Code.

   (c) The student actually enrolls in the registered private school to which the student was first admitted or in another registered private school in the district or in a public school in an adjacent school district.

   (B) The state superintendent shall also award in any school year tutorial assistance grants to a number of students equal to the number of students who receive scholarships under division (A) of this section. Tutorial assistance grants shall be awarded...
solely to students who are enrolled in the public schools of the
district in a grade level covered by the pilot project. Tutorial
assistance grants may be used solely to obtain tutorial assistance
from a provider approved pursuant to division (D) of section
3313.976 of the Revised Code.

All students wishing to obtain tutorial assistance grants
shall make application to the state superintendent by the first
day of the school year in which the assistance will be used. The
state superintendent shall award assistance grants in accordance
with criteria the superintendent shall establish.

(C)(1) In the case of basic scholarships for students in
grades kindergarten through eight, the scholarship amount shall
not exceed the lesser of the net tuition charges of the
alternative school the scholarship recipient attends or four
thousand six hundred fifty dollars.

In the case of basic scholarships for students in grades nine
through twelve, the scholarship amount shall not exceed the lesser
of the net tuition charges of the alternative school the
scholarship recipient attends or six thousand dollars.

The net tuition and fees charged to a student shall be the
tuition amount specified by the alternative school minus all other
financial aid, discounts, and adjustments received for the
student. In cases where discounts are offered for multiple
students from the same family, and not all students in the same
family are scholarship recipients, the net tuition amount
attributable to the scholarship recipient shall be the lowest net
tuition to which the family is entitled.

(2) The state superintendent shall provide for an increase in
the basic scholarship amount in the case of any student who is a
mainstreamed student with a disability and shall further increase
such amount in the case of any separately educated student with a
disability. Such increases shall take into account the instruction, related services, and transportation costs of educating such students.

(3) In the case of tutorial assistance grants, the grant amount shall not exceed the lesser of the provider's actual charges for such assistance or:

(a) Before fiscal year 2007, a percentage established by the state superintendent, not to exceed twenty per cent, of the amount of the pilot project school district's average basic scholarship amount;

(b) In fiscal year 2007 and thereafter, four hundred dollars.

(D)(1) Annually by the first day of November, the state superintendent shall estimate the maximum per-pupil scholarship amounts for the ensuing school year. The state superintendent shall make this estimate available to the general public at the offices of the district board of education together with the forms required by division (D)(2) of this section.

(2) Annually by the fifteenth day of January, the chief administrator of each registered private school located in the pilot project district and the principal of each public school in such district shall complete a parental information form and forward it to the president of the board of education. The parental information form shall be prescribed by the department of education and shall provide information about the grade levels offered, the numbers of students, tuition amounts, achievement test results, and any sectarian or other organizational affiliations.

(E)(1) Only for the purpose of administering the pilot project scholarship program, the department may request from any of the following entities the data verification code assigned under division (D)(2) of section 3301.0714 of the Revised Code to
any student who is seeking a scholarship under the program:

(a) The school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code;

(b) If applicable, the community school in which the student is enrolled;

(c) The independent contractor engaged to create and maintain data verification codes.

(2) Upon a request by the department under division (E)(1) of this section for the data verification code of a student seeking a scholarship or a request by the student's parent for that code, the school district or community school shall submit that code to the department or parent in the manner specified by the department. If the student has not been assigned a code, because the student will be entering kindergarten during the school year for which the scholarship is sought, the district shall assign a code to that student and submit the code to the department or parent by a date specified by the department. If the district does not assign a code to the student by the specified date, the department shall assign a code to the student.

The department annually shall submit to each school district the name and data verification code of each student residing in the district who is entering kindergarten, who has been awarded a scholarship under the program, and for whom the department has assigned a code under this division.

(3) The department shall not release any data verification code that it receives under division (E) of this section to any person except as provided by law.

(F) Any document relative to the pilot project scholarship program that the department holds in its files that contains both a student's name or other personally identifiable information and
the student's data verification code shall not be a public record under section 149.43 of the Revised Code.

(G)(1) The department annually shall compile the scores attained by scholarship students enrolled in registered private schools on the assessments administered to the students pursuant to division (A)(11) of section 3313.976 of the Revised Code. The scores shall be aggregated as follows:

(a) By school district, which shall include all scholarship students residing in the pilot project school district who are enrolled in a registered private school and were required to take an assessment pursuant to division (A)(11) of section 3313.976 of the Revised Code;

(b) By registered private school, which shall include all scholarship students enrolled in that school who were required to take an assessment pursuant to division (A)(11) of section 3313.976 of the Revised Code.

(2) The department shall disaggregate the student performance data described in division (G)(1) of this section according to the following categories:

(a) Grade level;

(b) Race and ethnicity;

(c) Gender;

(d) Students who have participated in the scholarship program for three or more years;

(e) Students who have participated in the scholarship program for more than one year and less than three years;

(f) Students who have participated in the scholarship program for one year or less;

(g) Economically disadvantaged students.
The department shall post the student performance data required under divisions (G)(1) and (2) of this section on its web site and shall include that data in the information about the scholarship program provided to students under division (A) of this section. In reporting student performance data under this division, the department shall not include any data that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report performance data for any group that contains less than ten students.

The department shall provide the parent of each scholarship student enrolled in a registered private school with information comparing the student's performance on the assessments administered pursuant to division (A)(11) of section 3313.976 of the Revised Code with the average performance of similar students enrolled in the building operated by the pilot project school district that the scholarship student would otherwise attend. In calculating the performance of similar students, the department shall consider age, grade, race and ethnicity, gender, and socioeconomic status.

Except as provided in division (H)(2) of this section, for scholarships awarded the 2020-2021 school year and for each school year thereafter, the department shall conduct two application periods each year for the pilot project scholarship program, as follows:

(a) The first application period shall open not sooner than the first day of February prior to the first day of July of the school year for which a scholarship is sought and run not less than seventy-five days.

(b) The second application period shall open not sooner than the first day of July of the school year for which the scholarship is sought and run not less than thirty days.
(2) If the pilot scholarships awarded in the first application period for any school year use the entirety of the amount appropriated by the general assembly for such scholarships for that school year, the department need not conduct a second application period for scholarships. If, after the first application period, there are funds remaining to award, the department shall conduct a second application period in accordance with division (H)(1)(b) of this section.

(3) Not later than the thirty-first day of May of each school year, the department shall determine whether funds remain available for pilot project scholarship program after the first application period.

(4) For scholarships awarded for any school year prior to the 2020-2021 school year, the state superintendent shall establish a deadline for a single application period.

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education.
(2) The entity is not rated as "ineffective" under division (B)(6) of this section.

(B) (3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the Revised Code.

(B)(1) The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance
measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in division (A)(4)(2)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(2)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.
(4) (a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November. If the department fails to assign ratings by the fifteenth day of November, a sponsor shall be assigned the same rating for each component that it was assigned for the previous school year or an "effective" rating for all components, whichever is the higher per component rating.
Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by divisions (B)(1)(b) and (c) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of either any of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(7)(a) Entities with an overall rating of "exemplary" for at least two consecutive years may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as
described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between
the sponsoring entity and the community school beyond the term
 described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and
contract adoption and execution deadline requirements prescribed
in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration
requirement, should a new community school fail to open by the
thirtieth day of September of the calendar year in which the
community school contract is executed;

(v) No limit on the number of community schools the entity
may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with
which it entered into agreements under division (B)(7)(a)(v) or
(vi) of this section while rated "exemplary," notwithstanding the
fact that the entity later receives a lower overall rating.

(b) Entities with an overall rating of "effective" for at
least three consecutive years shall be evaluated by the department
once every five years.

(c)(i) Entities that receive an overall rating of
"ineffective" shall be prohibited from sponsoring any new or
additional community schools during the time in which the sponsor
is rated as "ineffective" and shall be subject to a quality
improvement plan based on correcting the deficiencies that led to
the "ineffective" rating, with timelines and benchmarks that have
been established by the department.

(ii) Entities that receive an overall rating of "ineffective"
on their three most recent ratings shall have all sponsorship
authority revoked. Within thirty days after receiving its third 19632 rating of "ineffective," the entity may appeal the revocation of 19633 its sponsorship authority to the superintendent of public 19634 instruction, who shall appoint an independent hearing officer to 19635 conduct a hearing in accordance with Chapter 119. of the Revised 19636 Code. The hearing shall be conducted within thirty days after 19637 receipt of the notice of appeal. Within forty-five days after the 19638 hearing is completed, the state board of education shall determine 19639 whether the revocation is appropriate based on the hearing 19640 conducted by the independent hearing officer, and if determined 19641 appropriate, the revocation shall be confirmed.

(c) Entities that receive an overall rating of "poor" 19642 shall have all sponsorship authority revoked. Within thirty days 19643 after receiving a rating of "poor," the entity may appeal the 19644 revocation of its sponsorship authority to the superintendent of 19645 public instruction, who shall appoint an independent hearing 19646 officer to conduct a hearing in accordance with Chapter 119. of 19647 the Revised Code. The hearing shall be conducted within thirty 19648 days after receipt of the notice of appeal. Within forty-five days 19649 after the hearing is completed, the state board of education shall 19650 determine whether the revocation is appropriate based on the 19651 hearing conducted by the independent hearing officer, and if 19652 determined appropriate, the revocation shall be confirmed.

(8) For the 2014-2015 school year and each school year 19653 thereafter, student academic performance prescribed under division 19654 (B)(1)(a) of this section shall include student academic 19655 performance data from community schools that primarily serve 19656 students enrolled in a dropout prevention and recovery program.

(C) If the governing authority of a community school enters 19657 into a contract with a sponsor prior to the date on which the 19658 sponsor is prohibited from sponsoring additional schools under 19659 division (A) of this section and the school has not opened for 19660
operation as of that date, that contract shall be void and the
school shall not open until the governing authority secures a new
sponsor by entering into a contract with the new sponsor under
section 3314.03 of the Revised Code. However, the department's
office of Ohio school sponsorship, established under section
3314.029 of the Revised Code, may assume the sponsorship of the
school until the earlier of the expiration of two school years or
until a new sponsor is secured by the school's governing
authority. A community school sponsored by the department under
this division shall not be included when calculating the maximum
number of directly authorized community schools permitted under
division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked
pursuant to division (B)(7)(b) or (c) of this section, the office
of Ohio school sponsorship shall assume sponsorship of any schools
with which the original sponsor has contracted for the remainder
of that school year. The office may continue sponsoring those
schools until the earlier of:

1. The expiration of two school years from the time that
   sponsorship is revoked;

2. When a new sponsor is secured by the governing authority
   pursuant to division (C)(1) of section 3314.02 of the Revised
   Code.

Any community school sponsored under this division shall not
be counted for purposes of directly authorized community schools
under division (A)(3) of section 3314.029 of the Revised Code.

Sec. 3314.017. (A) The state board of education shall
prescribe by rules, adopted in accordance with Chapter 119. of the
Revised Code, an academic performance rating and report card
system that satisfies the requirements of this section for
community schools that primarily serve students enrolled in
dropout prevention and recovery programs as described in division (A) of section 3314.35 of the Revised Code, to be used in lieu of the system prescribed under sections 3302.03 and 3314.012 of the Revised Code beginning with the 2012-2013 school year. Each such school shall comply with the testing and reporting requirements of the system as prescribed by the state board.

(B) Nothing in this section shall at any time relieve a school from its obligations under the "No Child Left Behind Act of 2001" to make "adequate yearly progress," as both that act and that term are defined in section 3302.01 of the Revised Code, or a school's amenability to the provisions of section 3302.04 or 3302.041 of the Revised Code. The department shall continue to report each school's performance as required by the act and to enforce applicable sanctions under section 3302.04 or 3302.041 of the Revised Code.

(C) The rules adopted by the state board shall prescribe the following performance indicators for the rating and report card system required by this section:

1. Graduation rate for each of the following student cohorts:
   (a) The number of students who graduate in four years or less with a regular high school diploma divided by the number of students who form the adjusted cohort for the graduating class;
   (b) The number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;
   (c) The number of students who graduate in six years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;
   (d) The number of students who graduate in seven years with a
regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(e) The number of students who graduate in eight years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(2) The percentage of twelfth-grade students currently enrolled in the school who have attained the designated passing cumulative performance score on all of the applicable state high school achievement assessments end-of-course examinations required under division (B)(1) or (2) of section 3301.0710 3301.0712 of the Revised Code and other students enrolled in the school, regardless of grade level, who are within three months of their twenty-second birthday and have attained the designated passing cumulative performance score on all of the applicable state high school achievement assessments end-of-course examinations by their twenty-second birthday;

(3) Annual measurable objectives as defined in section 3302.01 of the Revised Code;

(4) Growth in student achievement in reading, or mathematics, or both as measured by separate nationally norm-referenced assessments that have developed appropriate standards for students enrolled in dropout prevention and recovery programs, adopted or approved by the state board.

(D)(1) The state board's rules shall prescribe the expected performance levels and benchmarks for each of the indicators prescribed by division (C) of this section based on the data gathered by the department under division (F)(G) of this section. Based on a school's level of attainment or nonattainment of the expected performance levels and benchmarks for each of the indicators, the department shall rate each school in one of the following categories:
(a) Exceeds standards;

(b) Meets standards;

(c) Does not meet standards.

(2) The state board's rules shall establish all of the following:

(a) Not later than June 30, 2013, performance levels and benchmarks for the indicators described in divisions (C)(1) to (3) of this section;

(b) Not later than December 31, 2014, both of the following:

(i) Performance levels and benchmarks for the indicator described in division (C)(4) of this section;

(ii) Standards for awarding a community school described in division (A)(4)-(2)(a) of section 3314.35 of the Revised Code an overall designation, which shall be calculated as follows:

(I) Thirty per cent of the score shall be based on the indicators described in division (C)(1) of this section that are applicable to the school year for which the overall designation is granted.

(II) Thirty per cent of the score shall be based on the indicators described in division (C)(4) of this section.

(III) Twenty per cent of the score shall be based on the indicators described in division (C)(2) of this section.

(IV) Twenty per cent of the score shall be based on the indicators described in division (C)(3) of this section.

(3) If both of the indicators described in divisions (C)(1) and (2) of this section improve by ten per cent for two consecutive years, a school shall be rated not less than "meets standards."

The rating and the relevant performance data for each school
shall be posted on the department's web site, and a copy of the rating and data shall be provided to the governing authority of the community school.

(E)(1) For the 2012-2013 school year, the department shall issue a report card including the following performance measures, but without a performance rating as described in divisions (D)(1)(a) to (c) of this section, for each community school described in division (A)(4)(2)(a) of section 3314.35 of the Revised Code:

(a) The graduation rates as described in divisions (C)(1)(a) to (c) of this section;

(b) The percentage of twelfth-grade students and other students who have attained a designated passing cumulative performance score on high school achievement assessments as described in division (C)(2) of this section;

(c) The statewide average for the graduation rates and assessment passage rates described in divisions (C)(1)(a) to (c) and (C)(2) of this section;

(d) Annual measurable objectives described in division (C)(3) of this section.

(b) The community school is provided documentation of a student's enrollment in another public or private school.
(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning...
opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;
(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted by the superintendent of public instruction, in consultation with the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.
If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

1. Any student who has graduated from the twelfth grade of a public or nonpublic high school;

2. Any student who is not a resident of the state;

3. Any student who was enrolled in the community school
during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

"Teacher of record" means a teacher who is responsible for the overall academic development and achievement of a student and not merely the student's instruction in any single subject.

It is the intent of the general assembly that teachers employed by internet- or computer-based community schools conduct visits with their students in person throughout the school year.

Each internet- or computer-based community school shall retain an affiliation with at least one full-time teacher of record licensed in accordance with division (A)(10) of section 3314.03 of the Revised Code.

Each student enrolled in an internet- or computer-based community school shall be assigned to at least one teacher of record. For any internet- or computer-based community school, the contract between the sponsor and the governing authority of the school described in section 3314.03 of the Revised Code shall specify each of the following:

1. A requirement that the school use a filtering device or install filtering software that protects against internet access to materials that are obscene or harmful to juveniles on each computer provided to students for instructional use. The school shall provide such device or software at no cost to any student who works primarily from the student's residence on a computer obtained from a source other than the school.

2. A plan for fulfilling the intent of the general assembly specified in division (B)(1) of this section. The plan shall indicate the number of times teachers will visit each student.

learning opportunities beyond the limit prescribed in this section
shall not count toward the annual minimum number of hours required
to be provided to that student as prescribed in division
(A)(1)(a) of section 3314.03 of the Revised Code. If any

to participate in learning opportunities on the basis of days

hours of such participation.
(B) Each internet- or computer-based community school shall keep an accurate record of each individual student's participation in learning opportunities each day. The record shall be kept in such a manner that the information contained within it easily can be submitted to the department of education, upon request by the department or the auditor of state.

(D)(1) Each internet- or computer-based community school's attendance policy adopted in accordance with division (A)(6)(b) of section 3314.03 of the Revised Code shall specify that a student is considered enrolled in the school for any grading period in which the student satisfies one or both of the following:

(a) Participates in learning opportunities on not less than ninety per cent of the days within the grading period;

(b) Is on pace for on-time completion of any course in which the student is enrolled.

(2) A student who has not yet satisfied one or both of the conditions set forth in division (D)(1) of this section shall be considered absent during any school day on which the student fails to participate in any learning opportunities.

(3) In the event that a student is absent for ten or more school days in any school year, the internet- or computer-based community school shall notify the student's parent, guardian, or custodian, in writing of the student's absences.

(E)(1) Each internet- or computer-based community school shall include in its policy adopted in accordance with division (B) of section 3321.191 of the Revised Code a provision specifying
that after a notice under division (D)(3) of this section and a reasonable period of time to comply has been given, and provided any other intervention strategies contained in the policy fail to cause a student's attendance to comply with the student's individual learning plan, the student shall become subject to certain consequences, up to and including disenrollment from the internet- or computer-based community school.

(2) If an internet- or computer-based community school disenrolls a student for continued failure to comply with the individual learning plan as described in division (E)(1) of this section, the school shall provide the student's parent, custodian, or legal guardian with a list of alternative educational options available to the student.

(F) Each internet- or computer-based community school remains subject to any applicable requirement contained in this chapter or Chapter 3321. of the Revised Code that does not directly conflict with one or more requirements contained in this section.

Sec. 3704.111. (A) Not later than October 1, 1993, the director of environmental protection shall enter into a delegation agreement with each local air pollution control authority listed in divisions (N)(1)(a) to (h) of section 3704.01 of the Revised Code under which the local air pollution control authority agrees to perform on behalf of the environmental protection agency air pollution control regulatory services within the political subdivision represented by the local air pollution control authority. The director may enter into such a delegation agreement with a local air pollution control authority established on or after the effective date of this section, subject to the condition...
established in division (B) of this section. Each delegation agreement shall be self-renewing on an annual basis on the first day of October of each year. The terms of each such delegation agreement shall remain unchanged from year to year unless they are amended by mutual agreement of the director and the local air pollution control authority.

(B) The director may conduct a periodic performance evaluation of the air pollution control program operated by each local air pollution control authority. Based upon the findings of such a performance evaluation, the director may terminate or refuse to renew the delegation agreement with a local air pollution control authority if the director determines that the local air pollution control authority is not adequately performing its obligations under the agreement.

(C) The director may enter into contracts for payments to local air pollution control authorities from moneys credited to the clean air fund created in section 3704.035 of the Revised Code, subject to the limitation specified in that section, and any other moneys appropriated by the general assembly for that purpose. The director biennially shall review the workload of each local air pollution control authority and shall determine the percentage of the moneys available for the purpose of making payments under the contracts. In determining the percentage of those moneys that is to be so distributed, the director shall consider the recommendations of the local air
pollution control authorities.

(D) The director may modify a contract between the director and a local air pollution control authority to authorize the local air pollution control authority to perform air pollution control activities outside the geographic boundaries of that local air pollution control authority.

Sec. 3704.14. (A)(1) If the director of environmental protection determines that implementation of a motor vehicle inspection and maintenance program is necessary for the state to effectively comply with the federal Clean Air Act after June 30, 2015, 2019, the director may provide for the implementation of the program in those counties in this state in which such a program is federally mandated. Upon making such a determination, the director of environmental protection may request the director of administrative services to extend the terms of the contract that was entered into under the authority of Am. Sub. H.B. 153 of the 129th general assembly. Upon receiving the request, the director of administrative services shall extend the contract, beginning on July 1, 2015, 2019, in accordance with this section. The contract shall be extended for a period of up to twenty-four months with the contractor who conducted the motor vehicle inspection and maintenance program under that contract.

(2) Prior to the expiration of the contract extension that is authorized by division (A)(1) of this section, the director of environmental protection shall request the director of administrative services to enter into a contract with a vendor to operate a decentralized motor vehicle inspection and maintenance program in each county in this state in which such a program is federally mandated through June 30, 2019, 2023, with an option for the state to renew the contract for a period of up to twenty-four months through June 30, 2021, 2025. The contract shall ensure that
the decentralized motor vehicle inspection and maintenance program achieves at least the same emission reductions as achieved by the program operated under the authority of the contract that was extended under division (A)(1) of this section. The director of administrative services shall select a vendor through a competitive selection process in compliance with Chapter 125. of the Revised Code.

(3) Notwithstanding any law to the contrary, the director of administrative services shall ensure that a competitive selection process regarding a contract to operate a decentralized motor vehicle inspection and maintenance program in this state incorporates the following, which shall be included in the contract:

(a) For purposes of expanding the number of testing locations for consumer convenience, a requirement that the vendor utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities;

(b) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor vehicle inspected. The director of environmental protection and the vendor shall jointly agree on the content of the notice. However, the notice shall include at a minimum the locations of all inspection facilities within a specified distance of the address that is listed on the owner's motor vehicle registration;

(1) Comply with the federal Clean Air Act;

(2) Provide for the issuance of inspection certificates;

(3) Provide for a new car exemption for motor vehicles four years old or newer and provide that a new motor vehicle is exempt for four years regardless of whether legal title to the motor vehicle is transferred during that period.

(C) The director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code that the director determines are necessary to implement this section. The director may continue to implement and enforce rules pertaining to the motor vehicle inspection and maintenance program previously implemented under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th general assembly, provided that the rules do not conflict with this section.

(D) There is hereby created in the state treasury the auto emissions test fund, which shall consist of money received by the director from any cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for...
the implementation, supervision, administration, operation, and enforcement of the motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

(1) To pay for the inspection costs incurred by a motor vehicle dealer so that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

(2) To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for a motor vehicle in any three-hundred-sixty-five-day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five-day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E) The motor vehicle inspection and maintenance program established under this section expires upon the termination of all contracts entered into under this section and shall not be implemented beyond the final date on which termination occurs.

Sec. 3705.07. The number assigned to each certificate shall be the one provided by EDRS. Such local registrar shall sign the local registrar's name in attest to the date of filing in the local office. The local registrar shall make a complete and
accurate copy of each fetal death and death certificate printed on paper that is filed. Each paper copy shall be filed and preserved as the local record until the electronic information regarding the event has been completed and made available in EDRS and EDRS is capable of issuing a complete and accurate electronic copy of the certificate. The local record may be a photographic, electronic, or other reproduction. The local registrar shall transmit to the state office of vital statistics all original fetal death and death certificates received using the state transmittal schedule specified by the department of health. The local registrar shall immediately notify the health commissioner with jurisdiction in the registration district of the receipt of a death certificate attesting that death resulted from a communicable disease.

The office of vital statistics shall carefully examine the records and certificates received from local registrars of vital statistics and shall secure any further information that may be necessary to make each record and certificate complete and satisfactory. It shall arrange and preserve the records and certificates, or reproductions of them produced pursuant to section 3705.03 of the Revised Code, in a systematic manner and shall maintain a permanent index of all births, fetal deaths, and deaths registered, which shall show the name of the child or deceased person, place and date of birth or death, and number of the certificate.

When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother, and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

(2) If the mother was not married at the time of conception or birth or between conception and birth, the child shall be registered by the surname designated by the mother. The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has
been sent to the local registrar. If the father is not named on
the birth certificate pursuant to division (F)(1) or (2) of this
section, no other information about the father shall be entered on
the record.

(G) When a man is presumed, found, or declared to be the
father of a child, according to section 2105.26, sections 3111.01
to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54

of such fact is submitted to the department of health in such form
as the director may require, a new birth record shall be issued by
the department which shall have the same overall appearance as the
record which would have been issued under this section if a
marriage had occurred before the birth of such child. Where
handwriting is required to effect such appearance, the department
shall supply it. Upon the issuance of such new birth record, the
original birth record shall cease to be a public record. Except as
provided in division (C) of section 3705.091 of the Revised Code,
the original record and any documentary evidence supporting the
new registration of birth shall be placed in an envelope which
shall be sealed by the department and shall not be open to
inspection or copy unless so ordered by a court of competent
jurisdiction.

(H) Every birth certificate filed under this section on or
after July 1, 1990, shall be accompanied by all social security
numbers that have been issued to the parents of the child, unless
the division of child support in the department of job and family
services, acting in accordance with regulations prescribed under
as amended, finds good cause for not requiring that the numbers be
furnished with the certificate. The parents' social security numbers shall not be recorded on the certificate. No social security number obtained under this division shall be used for any purpose other than child support enforcement specified in division (B)(1) of section 3705.07 of the Revised Code.

Sec. 3705.10. Any birth certificate submitted for filing eleven or more days after the birth occurred constitutes a delayed birth registration. A delayed birth certificate may be filed in accordance with rules which shall be adopted by the director of health. The rules shall include, but not be limited to, all of the following requirements for each delayed birth certificate filed on or after July 1, 1990:

(A) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate.

(B) The parents' social security numbers shall not be recorded on the certificate.

(C) No social security number obtained under this section shall be used for any purpose other than child support enforcement specified in division (B)(1) of section 3705.07 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the
director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of
calculating the late fee, the first month in which fees are late
begins on the first day after the deadline has passed for timely
submitting the return and fees, and one additional month shall be
counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.
If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:
(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of
county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee
delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.
Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees.
or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section
is amended or repealed, the fees in effect immediately prior to
the amendment or repeal shall continue to be collected until
collection of the amended fees commences or collection of the
repealed fees ceases, as applicable, as specified in this
division. In the case of a change in district composition, money
so received from the collection of the fees of the former
districts shall be divided among the resulting districts in
accordance with division (B) of section 343.012 of the Revised
Code and the agreements entered into under division (B) of section
343.01 of the Revised Code to establish the former and resulting
districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this
section establishing the times when newly established or amended
fees levied by a district are required to commence and the
collection of fees that have been amended or repealed is required
to cease, "fees" or "schedule of fees" includes, in addition to
fees levied under divisions (B)(1) to (3) of this section, those
levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a
municipal corporation or township of maintaining roads and other
public facilities and of providing emergency and other public
services, and compensating a municipal corporation or township for
reductions in real property tax revenues due to reductions in real
property valuations resulting from the location and operation of a
solid waste disposal facility within the municipal corporation or
township, a municipal corporation or township in which such a
solid waste disposal facility is located may levy a fee of not
more than twenty-five cents per ton on the disposal of solid
wastes at a solid waste disposal facility located within the
boundaries of the municipal corporation or township regardless of
where the wastes were generated.

The legislative authority of a municipal corporation or
township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this
section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has
reason to believe that there is a substantial threat to public
health or safety or the environment or that the conditions are
causing or contributing to air or water pollution or soil
contamination. An order issued by the director of environmental
protection under division (D)(D)(8) of this section shall include a
determination that the amount of the fees not received by a solid
waste management district as a result of the order will not
adversely impact the implementation and financing of the
district's approved solid waste management plan and any approved
amendments to the plan. Such an order is a final action of the
director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this
section shall be collected by the owner or operator of the solid
waste disposal facility where the wastes are disposed of as a
trustee for the county or joint district and municipal corporation
or township where the wastes are disposed of. Moneys from the fees
levied under division (B) of this section shall be forwarded to
the board of county commissioners or board of directors of the
district in accordance with rules adopted under division (H) of
this section. Moneys from the fees levied under division (C) of
this section shall be forwarded to the treasurer or such other
officer of the municipal corporation as, by virtue of the charter,
has the duties of the treasurer or to the fiscal officer of the
township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the
municipal corporation under division (E) of this section shall be
paid into the general fund of the municipal corporation. Moneys
received by the fiscal officer of the township under that division
shall be paid into the general fund of the township. The treasurer
or other officer of the municipal corporation or the township
fiscal officer, as appropriate, shall maintain separate records of
the moneys received from the fees levied under division (C) of
this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district.
district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this

chapter and rules adopted and orders and terms and conditions of
permits, licenses, and variances issued under those provisions in
the training and certification program as required by rules
adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal
corporations and townships within the district to defray their
added costs of maintaining roads and other public facilities and
of providing emergency and other public services resulting from
the location and operation within their boundaries of a
composting, energy or resource recovery, incineration, or
recycling facility that either is owned by the district or is
furnishing solid waste management facility or recycling services
to the district pursuant to a contract or agreement with the board
of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or
ordered to be paid under section 3734.35 of the Revised Code and
of any administrative costs incurred pursuant to that section. In
the case of a joint solid waste management district, if the board
of county commissioners of one of the counties in the district is
negotiating on behalf of affected communities, as defined in that
section, in that county, the board shall obtain the approval of
the board of directors of the district in order to expend moneys
for administrative costs incurred.

Prior to the approval of the district's solid waste
management plan under section 3734.55 of the Revised Code, moneys
in the special fund of the district arising from the fees shall be
expended for those purposes in the manner prescribed by the solid
waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed
prior to October 29, 1993, or any provision in a district's solid
waste management plan prepared in accordance with division
(B)(2)(e) of section 3734.53 of the Revised Code as it existed
prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this section.

Sec. 3734.901. (A)(1) For the purpose of providing revenue to defray the cost of administering and enforcing the scrap tire provisions of this chapter, rules adopted under those provisions, and terms and conditions of orders, variances, and licenses issued under those provisions; to abate accumulations of scrap tires; to make grants supporting market development activities for scrap tires and synthetic rubber from tire manufacturing processes and tire recycling processes and to support scrap tire amnesty and cleanup events; to make loans to promote the recycling or recovery of energy from scrap tires; and to defray the costs of administering and enforcing sections 3734.90 to 3734.9014 of the Revised Code, a fee of fifty cents per tire is hereby levied on the sale of tires. The proceeds of the fee shall be deposited in the state treasury to the credit of the scrap tire management fund created in section 3734.82 of the Revised Code. For clearance technicians, the training requirements to obtain an initial license shall not exceed six hours and the requirements for refresher training shall not exceed two hours.
every four years. In establishing the training and licensure
requirements, the director shall consider the core of information
that is needed by all licensed persons, and establish the training

one area would not have to take duplicative course work.

(2) Persons certified by the American board of industrial
hygiene as a certified industrial hygienist or as an industrial
hygienist-in-training, and persons registered as a sanitarian or
sanitarian-in-training under Chapter 4736. of the Revised Code,

(C) The advisory council is not subject to sections 101.82 to 101.87 of the Revised Code.

Sec. 3742.40. If the owner and manager of a residential unit, child care facility, or school fails or refuses for any reason to comply with a lead hazard control order issued under section 3742.37 of the Revised Code, the director of health or board of health that issued the order shall issue an order prohibiting the owner and manager from permitting the unit, facility, or school to be used as a residential unit, child care facility, or school for any purpose until the unit, facility, or school passes a clearance examination. (b) Relocation costs incurred in the relocation of occupants of an eligible dwelling to achieve occupant protection, as described in 24 C.F.R. 35.1345(a).

"Lead abatement costs" do not include such costs for which the taxpayer is reimbursed or such costs the taxpayer deducts or excludes in computing the taxpayer's federal adjusted gross income for federal income tax purposes or Ohio adjusted gross income as determined under section 5747.01 of the Revised Code.

(2) "Eligible dwelling" means a residential unit constructed in this state before 1978.

(3) "Lead abatement specialist" means an individual who holds a valid license issued under section 3742.05 of the Revised Code.

dwelling during a taxable year may apply to the director of health for a lead abatement tax credit certificate. The applicant shall list on the application the amount of lead abatement costs the applicant incurred for the eligible dwelling during the taxable year. The director, in consultation with the tax commissioner, shall prescribe the form of a lead abatement tax credit certificate, the manner by which an applicant shall apply for the certificate, and requirements for the submission of any record or other information an applicant must furnish with the application to verify the lead abatement costs.

(C)(1) Upon receipt of an application under division (B) of this section, the director of health shall verify all of the following:

(a) The residential unit that is the subject of the application is an eligible dwelling.

(b) The taxpayer incurred lead abatement costs during the taxable year related to the eligible dwelling.

(c) The eligible dwelling has passed a clearance examination in accordance with standards prescribed in rules adopted by the director under section 3742.03 or 3742.45 of the Revised Code.

(2) After verifying the conditions described in division (C)(1) of this section, the director shall issue a lead abatement tax credit certificate to the applicant equal to the lesser of (a) the lead abatement costs incurred by the taxpayer on the eligible dwelling during the taxable year, (b) the amount of lead abatement costs listed on the application, or (c) ten thousand dollars, subject to the limitation in division (C)(3) of this section.

(3) The director may not issue more than five million dollars in lead abatement tax credit certificates in any fiscal year.

(D) The director of health, in consultation with the tax commissioner, may adopt rules in accordance with Chapter 119. of
the Revised Code as necessary for the administration of this section.

Sec. 3745.11. (A) Applicants for and holders of permits, licenses, variances, plan approvals, and certifications issued by the director of environmental protection pursuant to Chapters 3704., 3734., 6109., and 6111. of the Revised Code shall pay a fee to the environmental protection agency for each such issuance and each application for an issuance as provided by this section. No fee shall be charged for any issuance for which no application has been submitted to the director.

(B) Except as otherwise provided in division (C)(2) of this section, beginning July 1, 1994, each person who owns or operates an air contaminant source and who is required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay the fees set forth in this division. For the purposes of this division, total emissions of air contaminants may be calculated using engineering calculations, emissions factors, material balance calculations, or performance testing procedures, as authorized by the director.

The following fees shall be assessed on the total actual emissions from a source in tons per year of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead:

(1) Fifteen dollars per ton on the total actual emissions of each such regulated pollutant during the period July through December 1993, to be collected no sooner than July 1, 1994;
(2) Twenty dollars per ton on the total actual emissions of each such regulated pollutant during calendar year 1994, to be collected no sooner than April 15, 1995;
(3) Twenty-five dollars per ton on the total actual emissions
of each such regulated pollutant in calendar year 1995, and each
subsequent calendar year, to be collected no sooner than the
fifteenth day of April of the year next succeeding the calendar
year in which the emissions occurred.

The fees levied under this division do not apply to that
portion of the emissions of a regulated pollutant at a facility
that exceed four thousand tons during a calendar year.

(C)(1) The fees assessed under division (B) of this section
are for the purpose of providing funding for the Title V permit
program.

(2) The fees assessed under division (B) of this section do
not apply to emissions from any electric generating unit
designated as a Phase I unit under Title IV of the federal Clean
Air Act prior to calendar year 2000. Those fees shall be assessed
on the emissions from such a generating unit commencing in
calendar year 2001 based upon the total actual emissions from the
generating unit during calendar year 2000 and shall continue to be
assessed each subsequent calendar year based on the total actual
emissions from the generating unit during the preceding calendar
year.

(3) The director shall issue invoices to owners or operators
of air contaminant sources who are required to pay a fee assessed
under division (B) or (D) of this section. Any such invoice shall
be issued no sooner than the applicable date when the fee first
may be collected in a year under the applicable division, shall
identify the nature and amount of the fee assessed, and shall

(b) Beginning January 1, 2000, through June 30, 2022, each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed
under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.
(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

1. Fuel-burning equipment (boilers, furnaces, or process heaters used in the process of burning fuel for the primary purpose of producing heat or power by indirect heat transfer)
   - Input capacity (maximum) (million British thermal units per hour) Permit to install

   Units burning exclusively natural gas, number two fuel oil, or both shall be assessed a fee that is one-half the applicable amount shown in division (F)(1) of this section.

2. Combustion turbines and stationary internal combustion engines designed to generate electricity
   - Generating capacity (mega watts) Permit to install
     - 0 or more, but less than 10 $ 25
     - 10 or more, but less than 25 150

     - 0 to 100 $ 100
In any process where process weight rate cannot be
ascertained, the minimum fee shall be assessed. A boiler, furnace,
combustion turbine, stationary internal combustion engine, or
process heater designed to provide direct heat or power to a
process not designed to generate electricity shall be assessed a
fee established in division (F)(4)(a) of this section. A
combustion turbine or stationary internal combustion engine
designed to generate electricity shall be assessed a fee
established in division (F)(2) of this section.

(b) Notwithstanding division (F)(4)(a) of this section, any
person issued a permit to install pursuant to rules adopted under
division (F) of section 3704.03 of the Revised Code shall pay the
fees set forth in division (F)(4)(c) of this section for a process
used in any of the following industries, as identified by the
applicable two-digit, three-digit, or four-digit standard
industrial classification code according to the Standard

(H) A person who is issued an extension of time for a permit to install an air contaminant source pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay a fee equal to one-half the fee originally assessed for the permit to install under this section, except that the fee for such an extension shall not exceed two hundred dollars.

(I) A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to
obtain a permit to install the source. The fee assessed by this
division only applies to modifications that are initiated by the
owner or operator of the source and shall not exceed two thousand
dollars.

(J) Notwithstanding division (F) of this section, a person
who applies for or obtains a permit to install pursuant to rules
adopted under division (F) of section 3704.03 of the Revised Code
after the date actual construction of the source began shall pay a
fee for the permit to install that is equal to twice the fee that
otherwise would be assessed under the applicable division unless
the applicant received authorization to begin construction under
division (W) of section 3704.03 of the Revised Code. This division
only applies to sources for which actual construction of the
source begins on or after July 1, 1993. The imposition or payment

connection with a violation of rules adopted under division (F) of
section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source"
means the initiation of physical on-site construction activities
in connection with improvements to the source that are permanent
in nature, including, without limitation, the installation of
building supports and foundations and the laying of underground
pipework.

(K)(1) Money received under division (B) of this section
shall be deposited in the state treasury to the credit of the
Title V clean air fund created in section 3704.035 of the Revised
Code. Annually, not more than fifty cents per ton of each fee
assessed under division (B) of this section on actual emissions
from a source and received by the environmental protection agency
pursuant to that division may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

(2) Money received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the non-Title V clean air fund created in section 3704.035 of the Revised Code.

(L)(1) A person applying for a plan approval for a wastewater treatment works pursuant to section 6111.44, 6111.45, or 6111.46 of the Revised Code shall pay a nonrefundable fee of one hundred dollars plus sixty-five one-hundredths of one per cent of the estimated project cost through June 30, 2022, and a nonrefundable application fee of one hundred dollars plus two-tenths of one per cent of the estimated project cost on and after July 1, 2022, except that the total fee shall not exceed fifteen thousand dollars through June 30, 2022, and five thousand dollars on and after July 1, 2022. The fee shall be paid at the time the application is submitted.

(2) A person who has entered into an agreement with the director under section 6111.14 of the Revised Code shall pay an administrative service fee for each plan submitted under that section for approval that shall not exceed the minimum amount necessary to pay administrative costs directly attributable to processing plan approvals. The director annually shall calculate the fee and shall notify all persons who have entered into agreements under that section, or who have applied for agreements, of the amount of the fee.
(3)(a)(i) Not later than January 30, 2018 and January 30, 2019, a person holding an NPDES discharge permit issued pursuant to Chapter 6111. of the Revised Code with an average daily discharge flow of five thousand gallons or more shall pay a nonrefundable annual discharge fee. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required annual discharge fee.

(ii) The billing year for the annual discharge fee established in division (L)(3)(a)(i) of this section shall consist of a twelve-month period beginning on the first day of January of the year preceding the date when the annual discharge fee is due. In the case of an existing source that permanently ceases to discharge during a billing year, the director shall reduce the annual discharge fee, including the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, by one-twelfth for each full month during the billing year that the source was not discharging, but only if the person holding the NPDES discharge permit for the source notifies the director in writing, not later than the first day of October of the billing year, of the circumstances causing the cessation of discharge.

(iii) The annual discharge fee established in division (L)(3)(a)(i) of this section, except for the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, shall be based upon the average daily discharge flow in gallons per day calculated using first day of May through thirty-first day of October flow data for the period two years prior to the date on which the fee is due. In the case of NPDES discharge permits for new sources, the fee shall be calculated using the average daily design flow of the facility until actual average daily discharge flow values are available for the time period specified in division (L)(3)(a)(iii) of this section. The
annual discharge fee may be prorated for a new source as described in division (L)(3)(a)(ii) of this section.

number assigned by the director.

(d) "Major discharger" means any holder of an NPDES permit
classified as major by the regional administrator of the United
States environmental protection agency in conjunction with the
director.

(M) Through June 30, 2022, a person applying for a
license or license renewal to operate a public water system under section 6109.21 of the Revised Code shall pay the appropriate fee established under this division at the time of application to the director. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required fee. The director shall transmit all moneys collected under this division to the treasurer of state for deposit into the drinking water protection fund created in section 6109.30 of the Revised Code.

sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;

(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;

(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal,

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding. If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.
Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be
increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. The seven p.m. and eight p.m. closing times described in this section shall upon application to the commission be extended to nine p.m. for any running horse-racing meeting conducted between the fifteenth day of May and the fifteenth day of September at a track that is located more than twenty-five miles from a track located in this state where a light harness horse-racing meeting, other than a light harness horse-racing meeting at a county fair or independent fair, is being conducted and that is located less than twenty-five miles from a track located outside this state. A permit issued for horse racing at a county fair shall authorize live horse racing to begin at nine a.m.
(B) No permit shall be granted for the holding or conducting of a horse-racing meeting after the tenth day of December in any calendar year, except for racing at winterized tracks. "Winterized track" means a track with enclosed club house or grandstand, all-weather racing track, heated facilities for jockeys or drivers, backstretch facilities that are properly prepared for winter racing, and adequate snow removal equipment available.

(C) No permit shall be issued for more than an aggregate of fifty-six racing days in any one calendar year, except that an additional five days of racing may be approved by the commission upon application by a permit holder and except that an additional thirty days of racing may be granted for racing at any time after the fifteenth day of October and prior to the fifteenth day of March to a permit holder who has a winterized facility, but no more than thirty such additional days may be issued at any one track or enclosure. No such second permit shall be issued:

(A) (1) For the operation of racing in any county with a population of less than seven hundred thousand or for the operation of racing in any county which has more than one race track at which a racing meet has been authorized, except as provided in this division and in sections 3769.071 and 3769.13 of
the Revised Code, in the same year by the commission. A second
permit issued pursuant to this division may be issued at either or
both race tracks in a county that has only two race tracks if a
racing meet has been authorized at both race tracks in the same
year by the commission and one race track has been authorized to
conduct thoroughbred racing meets and the other race track has
been authorized to conduct harness racing meets. When such second
permit is issued pursuant to this division for racing at the one
race track, racing shall not be conducted at that race track on
the same day that racing is conducted at the other race track in
the county except by mutual agreement of the two race tracks.

(B)(2) To any corporation having one or more shareholders
owning an interest in any other permit issued by the commission
for the operation of racing, in the same year, at any other race
track, place, or enclosure in this state;

programs on the same hour at more than one track in one county or
on tracks in operation in 1975 within fifty miles of each other,
nor shall any other form of pari-mutuel wagering other than horse
racing be permitted within seventy-five miles of a track where
horse racing is being conducted, except that this provision shall
not apply to a horse-racing meeting held at the state fair or at a
fair conducted by a county agricultural society or at a fair
conducted by an independent agricultural society. Distribution of
days shall not apply to fairs or horse shows not required to
secure a permit under such section. Notwithstanding

(E) Notwithstanding any other contrary provision of this

Sec. 3770.06. (A) There is hereby created the state lottery gross revenue fund, which shall be in the custody of the treasurer of state but shall not be part of the state treasury. All gross revenues received from sales of lottery tickets, fines, fees, and related proceeds in connection with the statewide lottery and all gross proceeds from statewide joint lottery games shall be deposited into the fund. The treasurer of state shall invest any portion of the fund not needed for immediate use in the same manner as, and subject to all provisions of law with respect to the investment of, state funds. The treasurer of state shall disburse money from the fund on order of the director of the state
lottery commission or the director's designee.

Except for gross proceeds from statewide joint lottery games, all revenues of the state lottery gross revenue fund that are not paid to holders of winning lottery tickets, that are not required to meet short-term prize liabilities, that are not credited to lottery sales agents in the form of bonuses, commissions, or reimbursements, that are not paid to financial institutions to reimburse those institutions for sales agent nonsufficient funds, and that are collected from sales agents for remittance to insurers under contract to provide sales agent bonding services shall be transferred to the state lottery fund, which is hereby created in the state treasury. In addition, all revenues of the state lottery gross revenue fund that represent the gross proceeds from the statewide joint lottery games and that are not paid to holders of winning lottery tickets, that are not required to meet short-term prize liabilities, that are not credited to lottery sales agents in the form of bonuses, commissions, or reimbursements, and that are not necessary to cover operating expenses associated with those games or to otherwise comply with the agreements signed by the governor that the director enters into under division (J) of section 3770.02 of the Revised Code or the rules the commission adopts under division (B)(5) of section 3770.03 of the Revised Code shall be transferred to the state lottery fund. All investment earnings of the fund shall be credited to the fund. Moneys shall be disbursed from the fund pursuant to vouchers approved by the director. Total disbursements for monetary prize awards to holders of winning lottery tickets in connection with the statewide lottery and purchases of goods and services awarded as prizes to holders of winning lottery tickets shall be of an amount equal to at least fifty per cent of the total revenue accruing from the sale of lottery tickets.

(B) Pursuant to Section 6 of Article XV, Ohio Constitution,
there is hereby established in the state treasury the lottery
profits education fund. Whenever, in the judgment of the director
of the state lottery commission, the amount to the credit of the
state lottery fund that does not represent proceeds from statewide
joint lottery games is in excess of that needed to meet the
maturing obligations of the commission and as working capital for
its further operations, the director of the state lottery
commission shall recommend the amount of the excess to be
transferred to the lottery profits education fund, and the
director of budget and management may transfer the excess to the
lottery profits education fund in connection with the statewide
lottery. In addition, whenever, in the judgment of the director of
the state lottery commission, the amount to the credit of the
state lottery fund that represents proceeds from statewide joint
lottery games equals the entire net proceeds of those games as
described in division (B)(5) of section 3770.03 of the Revised
Code and the rules adopted under that division, the director of
the state lottery commission shall recommend the amount of the
proceeds to be transferred to the lottery profits education fund,
and the director of budget and management may transfer those
proceeds to the lottery profits education fund. Investment
earnings of the lottery profits education fund shall be credited
to the fund.

The lottery profits education fund shall be used solely for
the support of elementary, secondary, vocational, and special
education programs as determined in appropriations made by the
general assembly, or as provided in applicable bond proceedings
for the payment of debt service on obligations issued to pay costs
of capital facilities, including those for a system of common
schools throughout the state pursuant to section 2n of Article
VIII, Ohio Constitution. When determining the availability of
money in the lottery profits education fund, the director of
budget and management may consider all balances and estimated
revenues of the fund.

(C) There is hereby established in the state treasury the deferred prizes trust fund. With the approval of the director of budget and management, an amount sufficient to fund annuity prizes shall be transferred from the state lottery fund and credited to the trust fund. The treasurer of state shall credit all earnings arising from investments purchased under this division to the trust fund. Within sixty days after the end of each fiscal year, the treasurer of state shall certify to the director of budget and management whether the actuarial amount of the trust fund is sufficient over the fund's life for continued funding of all remaining deferred prize liabilities as of the last day of the fiscal year just ended. Also, within that sixty days, the director of budget and management shall certify the amount of investment earnings necessary to have been credited to the trust fund during the fiscal year just ending to provide for such continued funding of deferred prizes. Any earnings credited in excess of the latter certified amount shall be transferred to the lottery profits education fund.

To provide all or a part of the amounts necessary to fund deferred prizes awarded by the commission in connection with the statewide lottery, the treasurer of state, in consultation with the commission, may invest moneys contained in the deferred prizes trust fund which represents proceeds from the statewide lottery in obligations of the type permitted for the investment of state funds but whose maturities are thirty years or less. Notwithstanding the requirements of any other section of the Revised Code, to provide all or part of the amounts necessary to fund deferred prizes awarded by the commission in connection with statewide joint lottery games, the treasurer of state, in consultation with the commission, may invest moneys in the trust fund which represent proceeds derived from the statewide joint
lottery games in accordance with the rules the commission adopts under division (B)(5) of section 3770.03 of the Revised Code. Investments of the trust fund are not subject to the provisions of division (A)(10) of section 135.143 of the Revised Code limiting to twenty-five per cent the amount of the state's total average portfolio that may be invested in debt interests other than commercial paper and limiting to five per cent the amount that may be invested in debt interests, including commercial paper, of a single issuer.

All purchases made under this division shall be effected on a delivery versus payment method and shall be in the custody of the treasurer of state.

The treasurer of state may retain an investment advisor, if necessary. The commission shall pay any costs incurred by the treasurer of state in retaining an investment advisor.

(D) The auditor of state shall conduct annual audits of all funds and any other audits as the auditor of state or the general assembly considers necessary. The auditor of state may examine all records, files, and other documents of the commission, and records of lottery sales agents that pertain to their activities as agents, for purposes of conducting authorized audits.

(E) The state lottery commission shall establish an internal audit plan before the beginning of each fiscal year, subject to the approval of the office of internal audit in the office of budget and management. At the end of each fiscal year, the commission shall prepare and submit an annual report to the office of internal audit for the office's review and approval, specifying the internal audit work completed by the end of that fiscal year and reporting on compliance with the annual internal audit plan.

(1) Except as provided in division (E)(2) of this section, any internal audit report and all work papers of the internal
audit produced by commission staff are confidential and are not public records under section 149.43 of the Revised Code until the final report is submitted to the director and the chairperson of the commission.

(2) Any internal audit report or work paper that meets the definition of a security record or infrastructure record under section 149.433 of the Revised Code is not a public record under section 149.43 of the Revised Code.

(F) Whenever, in the judgment of the director of budget and management, an amount of net state lottery proceeds is necessary to be applied to the payment of debt service on obligations, all as defined in sections 151.01 and 151.03 of the Revised Code, the director shall transfer that amount directly from the state lottery fund or from the lottery profits education fund to the bond service fund defined in those sections. The provisions of this division are subject to any prior pledges or obligation of those amounts to the payment of bond service charges as defined in division (C) of section 3318.21 of the Revised Code, as referred to in division (B) of this section.

**Sec. 3772.19.** A person shall not hold a majority ownership interest in, or be a management company for, more than two casino licenses or casino facilities at any one time. A person shall not hold a majority ownership interest in, or be a management company, for more than two tracks at which horse racing where the pari-mutuel system of wagering is conducted at any one time, of which not more than one shall be a track for thoroughbred horses. No person shall be a management company for casino operators licensed to operate more than two casino facilities in this state at any one time.

**Sec. 3781.10.** (A)(1) The board of building standards shall
formulate and adopt rules governing the erection, construction, repair, alteration, and maintenance of all buildings or classes of buildings specified in section 3781.06 of the Revised Code, including land area incidental to those buildings, the construction of industrialized units, the installation of equipment, and the standards or requirements for materials used in connection with those buildings. The board shall incorporate those rules into separate residential and nonresidential building codes. The standards shall relate to the conservation of energy and the safety and sanitation of those buildings.

(2) The rules governing nonresidential buildings are the lawful minimum requirements specified for those buildings and industrialized units, except that no rule other than as provided in division (C) of section 3781.108 of the Revised Code that specifies a higher requirement than is imposed by any section of the Revised Code is enforceable. The rules governing residential buildings are uniform requirements for residential buildings in any area with a building department certified to enforce the state residential building code. In no case shall any local code or regulation differ from the state residential building code unless that code or regulation addresses subject matter not addressed by the state residential building code or is adopted pursuant to section 3781.01 of the Revised Code.

(3) The rules adopted pursuant to this section are complete, lawful alternatives to any requirements specified for buildings or industrialized units in any section of the Revised Code. Except as otherwise provided in division (I) of this section, the board shall, on its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, formulate, propose, adopt, modify, amend, or repeal the rules to the extent necessary or desirable to effectuate the purposes of sections 3781.06 to 3781.18 of the Revised Code.
(B) The board shall report to the general assembly proposals for amendments to existing statutes relating to the purposes declared in section 3781.06 of the Revised Code that public health and safety and the development of the arts require and shall recommend any additional legislation to assist in carrying out fully, in statutory form, the purposes declared in that section. The board shall prepare and submit to the general assembly a summary report of the number, nature, and disposition of the petitions filed under sections 3781.13 and 3781.14 of the Revised Code.

(C) On its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, and after thorough testing and evaluation, the board shall determine by rule that any particular fixture, device, material, process of manufacture, manufactured unit or component, method of manufacture, system, or method of construction complies with performance standards adopted pursuant to section 3781.11 of the Revised Code. The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. No department, officer, board, or commission of the state other than the board of building standards or the board of building appeals shall permit the use of any fixture, device, material, method of manufacture, newly designed product, system, or method of construction at variance with what is described in any rule the board of building standards adopts or issues or that is authorized by any section of the Revised Code. Nothing in this section shall be construed as requiring approval, by rule, of plans for an industrialized unit that conforms with
the rules the board of building standards adopts pursuant to
section 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to
help carry out the purposes of section 3781.06 of the Revised Code
and to help secure uniformity of state administrative rulings and
local legislation and administrative action to the bureau of
workers' compensation, the director of commerce, any other
department, officer, board, or commission of the state, and to
legislative authorities and building departments of counties,
townships, and municipal corporations, and shall recommend that
they audit those recommended rules, codes, and standards by any
appropriate action that they are allowed pursuant to law or the
constitution.

(E)(1) The board shall certify municipal, township, and
county building departments and the personnel of those building
departments, and persons described in division (E)(7) of this section,
and employees of individuals, firms, the state, or corporations as described in division (E)(7) of this section to
exercise enforcement authority, to accept and approve plans and
specifications, and to make inspections, pursuant to sections
3781.03, 3791.04, and 4104.43 of the Revised Code.

(2) The board shall certify departments, personnel, and
persons to enforce the state residential building code, to enforce
the nonresidential building code, or to enforce both the
residential and the nonresidential building codes. Any department,
personnel, or person may enforce only the type of building code
for which certified.

(3) The board shall not require a building department, its
personnel, or any persons that it employs to be certified for
residential building code enforcement if that building department
does not enforce the state residential building code. The board
shall specify, in rules adopted pursuant to Chapter 119 of the
Revised Code, the requirements for certification for residential and nonresidential building code enforcement, which shall be consistent with this division. The requirements for residential and nonresidential certification may differ. Except as otherwise provided in this division, the requirements shall include, but are not limited to, the satisfactory completion of an initial examination and, to remain certified, the completion of a specified number of hours of continuing building code education within each three-year period following the date of certification which shall be not less than thirty hours. The rules shall provide that continuing education credits and certification issued by the council of American building officials, national model code organizations, and agencies or entities the board recognizes are acceptable for purposes of this division. The rules shall specify requirements that are consistent with the provisions of section 5903.12 of the Revised Code relating to active duty military service and are compatible, to the extent possible, with requirements the council of American building officials and national model code organizations establish.

(4) The board shall establish and collect a certification and renewal fee for building department personnel, and persons and employees of persons, firms, or corporations as described in this section, who are certified pursuant to this division.

(5) Any individual certified pursuant to this division shall complete the number of hours of continuing building code education that the board requires or, for failure to do so, forfeit certification.

(6) This division does not require or authorize the board to certify personnel of municipal, township, and county building departments, and persons and employees of persons, firms, or corporations as described in this section, whose responsibilities do not include the exercise of enforcement authority, the approval
of plans and specifications, or making inspections under the state residential and nonresidential building codes.

(7) Enforcement authority for approval of plans and specifications and enforcement authority for inspections may be exercised, and plans and specifications may be approved and inspections may be made on behalf of a municipal corporation, township, or county, by any of the following who the board of building standards certifies:

(d) Officers or employees of the division of industrial compliance in the department of commerce pursuant to a contract authorized by division (B) of section 121.083 of the Revised Code.

(8) Municipal, township, and county building departments have jurisdiction within the meaning of sections 3781.03, 3791.04, and 4104.43 of the Revised Code, only with respect to the types of buildings and subject matters for which they are certified under this section.

(9) A certified municipal, township, or county building department may exercise enforcement authority, accept and approve plans and specifications, and make inspections pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code for a park district created pursuant to Chapter 1545. of the Revised Code upon the approval, by resolution, of the board of park
commissioners of the park district requesting the department to exercise that authority and conduct those activities, as applicable.

(10) Certification shall be granted upon application by the municipal corporation, the board of township trustees, or the board of county commissioners and approval of that application by the board of building standards. The application shall set forth:

(a) Whether the certification is requested for residential or nonresidential buildings, or both;

(e) The proposed budget for the operation of the building department.

(11) The board of building standards shall adopt rules governing all of the following:

(a) The certification of building department personnel and persons and employees of persons, firms, or corporations exercising authority pursuant to division (E)(7) of this section. The rules shall disqualify any employee of the department or person who contracts for services with the department from performing services for the department when that employee or person would have to pass upon, inspect, or otherwise exercise authority over any labor, material, or equipment the employee or
person furnishes for the construction, alteration, or maintenance 30272

(12) The board of building standards may revoke or suspend 30280
certification to enforce the residential and nonresidential 30281
building codes, on petition to the board by any person affected by 30282
that enforcement or approval of plans, or by the board on its own 30283
motion. Hearings shall be held and appeals permitted on any 30284
proceedings for certification or revocation or suspension of 30285
certification in the same manner as provided in section 3781.101 30286
of the Revised Code for other proceedings of the board of building 30287
standards.

(13) Upon certification, and until that authority is revoked, 30289
any county or township building department shall enforce the 30290
residential and nonresidential building codes for which it is 30291
certified without regard to limitation upon the authority of 30292
boards of county commissioners under Chapter 307. of the Revised 30293
Code or boards of township trustees under Chapter 505. of the 30294
Revised Code.

(F) In addition to hearings sections 3781.06 to 3781.18 and 30296
3791.04 of the Revised Code require, the board of building 30297
standards shall make investigations and tests, and require from 30298
other state departments, officers, boards, and commissions 30299
information the board considers necessary or desirable to assist 30300
it in the discharge of any duty or the exercise of any power 30301
mentioned in this section or in sections 3781.06 to 3781.18, 30302
3791.04, and 4104.43 of the Revised Code.
(G) The board shall adopt rules and establish reasonable fees for the review of all applications submitted where the applicant applies for authority to use a new material, assembly, or product of a manufacturing process. The fee shall bear some reasonable relationship to the cost of the review or testing of the materials, assembly, or products and for the notification of approval or disapproval as provided in section 3781.12 of the Revised Code.

(H) The residential construction advisory committee shall provide the board with a proposal for a state residential building code that the committee recommends pursuant to division (D)(1) of section 4740.14 of the Revised Code. Upon receiving a recommendation from the committee that is acceptable to the board, the board shall adopt rules establishing that code as the state residential building code.

(I)(1) The committee may provide the board with proposed rules to update or amend the state residential building code that the committee recommends pursuant to division (E) of section 4740.14 of the Revised Code.

(2) If the board receives a proposed rule to update or amend the state residential building code as provided in division (I)(1) of this section, the board either may accept or reject the proposed rule for incorporation into the residential building code. If the board does not act to either accept or reject the proposed rule within ninety days after receiving the proposed rule from the committee as described in division (I)(1) of this section, the proposed rule shall become part of the residential building code.

(J) The board shall cooperate with the director of job and family services when the director promulgates rules pursuant to section 5104.05 of the Revised Code regarding safety and sanitation in type A family day-care homes.

Article VI. Rules

1. The commission shall adopt rules to do the following:

   a. Effectively and efficiently achieve the purposes of this compact:

   b. Govern the methods, processes, and any other aspect of the research, creation, and testing of a treatment or therapeutic protocol for each disease for which a prize may be awarded.

2. The commission shall also adopt rules establishing the criteria for defining and classifying the diseases for which prizes shall be awarded. The commission may define and classify subsets of diseases, for example, tubular carcinoma of the breast. For purposes of sections 3.a. and c. of this article, a subset of a disease shall be considered one disease. The commission may consult the most recent edition of the international classification of disease as published by the world health organization or other definitions agreed to by a two-thirds vote of the commission.

3. The commission shall also adopt rules regarding prizes for curing diseases that establish the following:

   a. At least ten major diseases for which to create prizes, which shall be determined based on the following factors:

      i. The severity of the disease to a human individual's overall health and well-being;

      ii. The survival rate or severity of impact of the disease;

      iii. The public health expenses and treatment expenses for the disease.

   b. The criteria a treatment or therapeutic protocol must meet in order to be considered a cure for any of the diseases for which a prize may be awarded, which shall include the following
requirements:

i. It must be approved by the federal Food and Drug Administration or have otherwise obtained legal status for the compact to immediately contract to manufacture and distribute in the United States:

ii. Except as provided in section 4. of this article, it must yield a significant increase in survival with respect to the diseases if early death is the usual outcome:

iii. It requires less than one year of the treatment or protocol to completely cure the disease.

c. The procedure for determining the diseases for which to award prizes, which includes the option to award prizes for more than ten diseases that meet the above criteria, if agreed to by two-thirds vote of the commission, and a requirement to update the list every three years.

d. The submission and evaluation procedures and guidelines, including filing and review procedures, a requirement that the person or entity submitting the cure bears the burden of proof in demonstrating that the treatment or therapeutic protocol meets the above criteria, and limitations preventing public access to treatment or protocol submissions.

e. The estimated five-year public health savings that would result from a cure, which shall be equal to the five-year public health expenses for each disease in each compacting state, and a procedure to update these expenses every three years in conjunction with the requirements in section 3.c. of this article. The estimated five-year public health savings amount shall be calculated, estimated, and publicized every three years by actuaries employed or contracted by the commission.

f. The prize amount with respect to cures for each disease, which shall be equal to the most recent estimated total five-year
savings in public health expenses for the disease as calculated in section 3.e. of this article in all of the compacting states; amounts donated by charities, individuals, and any other entities intended for the prize under Article I of the compact; and any other factors that the commission deems appropriate.

q. The prize distribution procedures and guidelines, which shall include the following requirements:

i. Upon acceptance of a cure, the prize winner shall transfer to the commission the patent and all related intellectual property for the manufacture and distribution of the treatment or therapeutic protocol in exchange for the prize, except in the case that the prize money is considered by the commission to be too low, and that a prize will be awarded only to the first person or entity that submits a successful cure for a disease for which a prize may be awarded.

ii. Donation amounts intended for the prize shall be kept in a separate, interest-bearing account maintained by the commission. This account shall be the only account in which prize money is kept.

iii. Each compacting state shall have the responsibility to pay annually the compacting state's actual one-year savings in public health expenses for the particular disease for which a cure has been accepted. The compacting state shall make such an annual payment until it has fulfilled its prize responsibility as established in section 3.f. of this article. Each compacting state's payment responsibility begins one year after the date the cure becomes widely available. The commission shall employ or contract with actuaries to calculate each state's actual one-year savings in public health expenses at the end of each year to determine each state's responsibility for the succeeding year.

iv. Compacting states may meet prize responsibilities by any
method including the issuance of bonds or other obligations, with the principal and interest of those bonds or obligations to be repaid only from revenue derived from estimated public health expense savings from a cure to a disease. If the compacting state does not make such revenue available to repay some or all of the revenue bonds or obligations issued, the owners or holders of those bonds or obligations have no right to have excises or taxes levied to pay the principal or interest on them. The revenue bonds and obligations are not a debt of the issuing compacting state.

v. A compacting state may issue bonds or other debt that are general obligations, under which the full faith and credit, revenue, and taxing power of the state is pledged to pay the principal and interest under those obligations, only if authorized by the compacting state's constitution or, if constitutional authorization is not required, by other law of the compacting state.

vi. Upon acceptance of a cure, the commission shall obtain a loan from a financial institution in an amount equal to the most recently calculated total estimated five-year public health expenses for the disease in all compacting states, in accordance with section 3.f. of this article. The commission reserves the right to continuously evaluate the cure in the interim and rescind a prize offer if the commission finds that the cure no longer meets the commission's criteria.

4. The commission may award a prize for a treatment or therapeutic protocol that yields a survival rate that is less than what is established in the cure criteria through at least five years after the treatment or protocol has ended. In that case, the prize amount awarded for that treatment or therapeutic protocol shall be reduced from the prize amount originally determined by the commission for a cure for that disease. The reduction shall be in proportion to the survival rate yielded by that treatment or
protocol as compared to the survival rate established in the cure

criteria.

5. The commission also shall adopt rules that do the

following:

a. Establish the following regarding commission records:

i. Conditions and procedures for public inspection and

copying of its information and official records, except such

information and records involving the privacy of individuals or

would otherwise violate privacy laws under federal law and the

laws of the compacting states;

ii. Procedures for sharing with federal and state agencies,

including law enforcement agencies, records and information

otherwise exempt from disclosure;

iii. Guidelines for entering into agreements with federal and

state agencies to receive or exchange information or records

subject to nondisclosure and confidentiality provisions.

b. Provide a process for commission review of submitted

treatments and therapeutic protocols for curing diseases that

includes the following:

i. An opportunity for an appeal, not later than thirty days

after a rejection of a treatment or protocol for prize

consideration, to a review panel established under the

commission's dispute resolution process;

ii. Commission monitoring and review of treatment and

protocol effectiveness consistent with the cure criteria

established by the commission for the particular disease;

iii. Commission reconsideration, modification, or withdrawal

of approval of a treatment or protocol for prize consideration for

failure to continue to meet the cure criteria established by the

commission for the particular disease.
c. Establish a dispute resolution process to resolve disputes or other issues under the compact that may arise between two or more compacting states or between the commission and individuals or entities who submit treatments and therapeutic protocols to cure diseases, which process shall provide for:

i. Administrative review by a review panel appointed by the commission;

ii. Judicial review of decisions issued after an administrative review; and

iii. Qualifications to be appointed to a panel, due process requirements, including notice and hearing procedures, and any other procedure, requirement, or standard necessary to provide adequate dispute resolution.

d. Establish and impose annual member dues on compacting states, which shall be calculated based on the percentage of each compacting state's population in relation to the population of all the compacting states.

6. Recognizing that the goal of the compact is to pool the potential savings of as many states and countries as possible to generate sufficient financial incentive to develop a cure for many of the world's most devastating diseases, the compact will respect the laws of each of these United States by adopting rules that establish ethical standards for research that shall be followed in order for a prize to be claimed. The compact, in the rules, shall establish a common set of ethical standards that embodies the laws and restrictions in each of the states so that to be eligible for claiming a prize the entity submitting a cure must not have violated any of the ethical standards in any one of the fifty states, whether the states have joined the compact or not. The compact will publish these common ethical standards along with the specific criteria for a cure for each of the diseases the compact
has targeted.

So long as a researcher follows the common ethical standards in effect at the time the research is done, an entity presenting a cure will be deemed to have followed the standards. On or before January 1 of each year, the compact shall review all state laws to determine if additional ethical standards have been enacted by any of the fifty states and the federal government. Any changes to the common ethical standards rules based on new state laws shall be adopted and published by the compact, but shall not take effect in cure criteria for a period of three years to allow for sufficient notice to researchers.

7. All rules may be amended as the commission sees necessary.

8. All rules shall be adopted pursuant to a rule-making process that conforms to the model state administrative procedure act of 1981 by the uniform law commissioners, as amended, as may be appropriate to the operations of the commission.

9. In the event the commission exercises its rule-making authority in a manner that is beyond the scope of the purpose of this compact, or the powers granted hereunder, then such rule shall be invalid and have no force and effect.

Article VII. Committees

1. Management Committee

a. The commission may establish a management committee comprised of not more than fourteen members when twenty-six states enact the compact.

b. The committee shall consist of those members representing compacting states whose total public health expenses of all of the established diseases are the highest.

c. The committee shall have such authority and duties as may be set forth in the commission's bylaws and rules, including:
i. Managing authority over the day-to-day affairs of the commission in a manner consistent with the commission's bylaws and rules and the purposes of the compact;

ii. Overseeing the offices of the commission; and

d. The commission annually shall elect officers for the committee, with each having such authority and duties as may be specified in the commission's bylaws and rules.

e. The management committee, subject to commission approval, may appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the committee determines. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the committee.

2. Advisory Committees

The commission may appoint advisory committees to monitor all operations related to the purposes of the compact and make recommendations to the commission; provided that the manner of selection and term of any committee member shall be as set forth in the commission's bylaws and rules. The commission shall consult with an advisory committee, to the extent required by the commission's bylaws or rules, before doing any of the following:

a. Approving cure criteria;

b. Amending, enacting, or repealing any bylaw or rule;

c. Adopting the commission's annual budget;

d. Addressing any other significant matter or taking any other significant action.
Article VIII. Finance

1. The commission annually shall establish a budget to pay or provide for the payment of its reasonable expenses. To fund the cost of initial operations, the commission may accept contributions and other forms of funding from the compacting states and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

2. The commission shall be exempt from all taxation in and by the compacting states.

3. The commission shall keep complete and accurate accounts of all of its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under the commission's bylaws or rules. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but not less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governors and legislatures of the compacting states, which shall include a report of the independent audit. The commission's internal accounts shall not be confidential and such materials may be shared with any compacting state upon request provided, however, that any work papers related to any internal or independent audit and any information subject to the compacting states' privacy laws, shall remain confidential.

4. No compacting state shall have any claim or ownership of any property held by or vested in the commission or to any
commission funds held pursuant to the provisions of the compact.

Article IX. Records

Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any member of the duty to disclose any relevant records, data, or information to the commission; provided, that disclosure to the commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in the compact, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any member. All cure submissions received by the commission are confidential.

Article X. Compliance

The commission shall notify a compacting state in writing of any noncompliance with commission bylaws and rules. If a compacting state fails to remedy its noncompliance within the time specified in the notice, the compacting state shall be deemed to be in default as set forth in Article XIV.

Article XI. Venue

Venue for any judicial proceedings by or against the commission shall be brought in the appropriate court of competent jurisdiction for the geographical area in which the principal office of the commission is located.

Article XII. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for
any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of the person's commission employment, duties, or responsibilities; provided, that nothing in section 1. of this article shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of the person's commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that nothing in the compact or commission bylaws or rules shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against the person arising out of any actual or alleged act, error, or omission that occurred within the scope of the person's commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission, did not result from the intentional or willful and
wanton misconduct of that person.

Article XIII. Compacting States, Effective Date, and Amendment

1. Any state is eligible to become a compacting state.

2. The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states; provided, the commission shall only be established after six states become compacting states. Thereafter, the compact shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.

3. Amendments to the compact may be proposed by the commission for enactment by the compacting states. No amendment shall become effective and binding until all compacting states enact the amendment into law.

Article XIV. Withdrawal, Default, and Expulsion

1. Withdrawal

a. Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided, that a compacting state may withdraw from the compact by doing both of the following:

i. Repealing the law enacting the compact in that state;

ii. Notifying the commission in writing of the intent to withdraw on a date that is both of the following:

I. At least three years after the date the notice is sent;

II. After the repeal takes effect.

b. The effective date of withdrawal is the date described in section 1.a.ii. of this article.

c. The member representing the withdrawing state shall immediately notify the management committee in writing upon the
introduction of legislation in that state repealing the compact. If a management committee has not been established, the member shall immediately notify the commission.

d. The commission or management committee, as applicable, shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice thereof.

e. The withdrawing state is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal. The commission's actions shall continue to be effective and be given full force and effect in the withdrawing state.

f. Reinstatement following a state's withdrawal shall become effective upon the effective date of the subsequent enactment of the compact by that state.

2. Default

a. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under the compact or the commission's bylaws or rules, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the suspension pending cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state shall cure its default. If the defaulting state fails to cure the default within
the time period specified by the commission, the defaulting state shall be expelled from the compact and all rights, privileges, and benefits conferred by the compact shall be terminated from the effective date of the expulsion. Any state that is expelled from the compact shall be liable for any cure prize or prizes for three years after its removal. The commission shall also take appropriate legal action to ensure that any compacting state that withdraws from the compact remains liable for paying its responsibility towards a prize for a cure that was accepted while the compacting state was a member of the commission.

b. The expelled state must reenact the compact in order to become a compacting state.

3. Dissolution of Compact

a. The compact dissolves effective upon the date of either of the following:

i. The withdrawal or expulsion of a compacting state, which withdrawal or expulsion reduces membership in the compact to one compacting state;

ii. The commission votes to dissolve the compact.

b. Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the commission's bylaws, provided, that the commission shall pay all outstanding prizes awarded before the dissolution of the compact, as well as any other outstanding debts and obligations incurred during the existence of the compact. Any unawarded funds donated to be a part of a prize shall be returned to the donor, along with any interest earned on the amount.

Article XV. Severability and Construction
1. The provisions of the compact shall be severable; and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

2. The provisions of the compact shall be liberally construed to effectuate its purposes.

Article XVI. Binding Effect of Compact and Other Laws

1. Other Laws: Nothing herein prevents the enforcement of any other law of a compacting state, except as provided in section 2.b. of this article.

2. Binding Effect of the Compact

a. All lawful actions of the commission, including all commission rules, are binding upon the compacting states.

b. All agreements between the commission and the compacting states are binding in accordance with their terms.

c. Except to the extent authorized by the compacting state's constitution or, if constitutional authorization is not required, by other law of the compacting state, such state, by entering into the compact does not:

   i. Commit the full faith and credit or taxing power of the compacting state for the payment of prizes or other obligations under the compact;

   ii. Make prize payment responsibilities or other obligations under the compact a debt of the compacting state.

d. Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

e. In the event any provision of the compact exceeds the constitutional limits imposed on any compacting state, the
obligations, duties, powers or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are delegated by law in effect at the time the compact becomes effective.

Sec. 3901.381. (A) Except as provided in sections 3901.382, 3901.383, 3901.384, and 3901.386 of the Revised Code, a third-party payer shall process a claim for payment for health care services rendered by a provider to a beneficiary in accordance with this section.

(B)(1) Unless division (B)(2) or (3) of this section applies, when a third-party payer receives from a provider or beneficiary a claim on the standard claim form prescribed in rules adopted by the superintendent of insurance under section 3902.22 of the Revised Code, the third-party payer shall pay or deny the claim not later than thirty days after receipt of the claim. When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(2)(a) Unless division (B)(3) of this section applies, when a provider or beneficiary has used the standard claim form, but the third-party payer determines that reasonable supporting documentation is needed to establish the third-party payer's responsibility to make payment, the third-party payer shall pay or deny the claim not later than forty-five days after receipt of the claim. Supporting documentation includes the verification of employer and beneficiary coverage under a benefits contract, confirmation of premium payment, medical information regarding the beneficiary and the services provided, information on the
responsibility of another third-party payer to make payment or
confirmation of the amount of payment by another third-party payer, and information that is needed to correct material deficiencies in the claim related to a diagnosis or treatment or the provider's identification.

Not later than thirty days after receipt of the claim, the third-party payer shall notify all relevant external sources that the supporting documentation is needed. All such notices shall state, with specificity, the supporting documentation needed. If the notice was not provided in writing, the provider, beneficiary, or third-party payer may request the third-party payer to provide the notice in writing, and the third-party payer shall then provide the notice in writing. If any of the supporting documentation is under the control of the beneficiary, the beneficiary shall provide the supporting documentation to the third-party payer.

The number of days that elapse between the third-party payer's last request for supporting documentation within the thirty-day period and the third-party payer's receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days for payment or denial of a claim. Except as provided in division (B)(2)(b) of this section, if the third-party payer requests additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(b) If a third-party payer determines, after receiving initially requested documentation, that it needs additional
supporting documentation pertaining to a beneficiary's preexisting condition, which condition was unknown to the third-party payer and about which it was reasonable for the third-party payer to have no knowledge at the time of its initial request for documentation, and the third-party payer subsequently requests this additional supporting documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(c) When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(d) If a third-party payer determines that supporting documentation related to medical information is routinely necessary to process a claim for payment of a particular health care service, the third-party payer shall establish a description of the supporting documentation that is routinely necessary and make the description available to providers in a readily accessible format.

Third-party payers and providers shall, in connection with a claim, use the most current CPT code in effect, as published by the American medical association, the most current ICD-10 code in effect, as published by the United States department of health and human services, the most current CDT code in effect, as published by the American dental association, or the most current HCPCS code in effect, as published by the United States health care financing administration centers for medicare and medicaid services.

(3) When a provider or beneficiary submits a claim by using the standard claim form prescribed in the superintendent's rules, but the information provided in the claim is materially deficient,
the third-party payer shall notify the provider or beneficiary not later than fifteen days after receipt of the claim. The notice shall state, with specificity, the information needed to correct all material deficiencies. Once the material deficiencies are corrected, the third-party payer shall proceed in accordance with division (B)(1) or (2) of this section.

It is not a violation of the notification time period of not more than fifteen days if a third-party payer fails to notify a provider or beneficiary of material deficiencies in the claim related to a diagnosis or treatment or the provider's identification. A third-party payer may request the information necessary to correct these deficiencies after the end of the notification time period. Requests for such information shall be made as requests for supporting documentation under division (B)(2) of this section, and payment or denial of the claim is subject to the time periods specified in that division.

(C) For purposes of this section, if a dispute exists between a provider and a third-party payer as to the day a claim form was received by the third-party payer, both of the following apply:

(1) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer by mail and retains a record of the day the claim was mailed, there exists a rebuttable presumption that the claim was received by the third-party payer on the fifth business day after the day the claim was mailed, unless it can be proven otherwise.

(2) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer electronically, there exists a rebuttable presumption that the claim was received by the third-party payer twenty-four hours after the claim was submitted, unless it can be proven otherwise.

(D) Nothing in this section requires a third-party payer to
provide more than one notice to an employer whose premium for 31307
coverage of employees under a benefits contract has not been 31308
received by the third-party payer. 31309

(E) Compliance with the provisions of division (B)(3) of this 31310
section shall be determined separately from compliance with the 31311
provisions of divisions (B)(1) and (2) of this section. 31312

(F) A third-party payer shall transmit electronically any 31313
payment with respect to claims that the third-party payer receives 31314
electronically and pays to a contracted provider under this 31315
section and under sections 3901.383, 3901.384, and 3901.386 of the 31316
Revised Code. A provider shall not refuse to accept a payment made 31317
under this section or sections 3901.383, 3901.384, and 3901.386 of 31318
the Revised Code on the basis that the payment was transmitted 31319
electronically. 31320

Sec. 3901.3814. Sections 3901.38 and 3901.381 to 3901.3813 of 31321

(B) An employer's self-insurance plan and any of its 31325
administrators, as defined in section 3959.01 of the Revised Code, 31326
to the extent that federal law supersedes, preempts, prohibits, or 31327
otherwise precludes the application of any provisions of those 31328
sections to the plan and its administrators; 31329

(C) A third-party payer for coverage provided under the 31330
medicare advantage program operated under Title XVIII of the 31331
amended; 31333

(D) A third-party payer for coverage provided under the 31334
medicaid program, except that if a federal waiver applied for 31335
under section 5167.25 of the Revised Code is granted or the 31336
medicaid director determines that this provision can be implemented without a waiver, sections 3901.38 and 3901.381 to 3901.3813 of the Revised Code apply to claims submitted electronically or non-electronically that are made with respect to coverage of medicaid recipients by health insuring corporations licensed under Chapter 1751. of the Revised Code, instead of the prompt payment requirements of 42 C.F.R. 447.46;

(E) A third-party payer for coverage provided under the tricare program offered by the United States department of defense.

Sec. 3901.95. A direct primary care agreement that meets all of the following shall not be considered insurance and nothing in Title XXXIX of the Revised Code shall apply to such an agreement:

(A) It is in writing.

(B) It is between a patient, or that patient's legal representative, and a health care provider and is related to services to be provided in exchange for the payment of a fee to be paid on a periodic basis.

(F) It does not impose a termination penalty or require payment of a termination fee.

(G) It describes the health care services to be provided under the agreement and the basis on which a periodic fee is to be paid in exchange for those services.
(H) It specifies the periodic fee required and any additional fees that may be charged.

(b) Prohibits a provider from advertising the provider's rates for a service.

(2) Division (B)(1)(b) of this section shall not be construed as prohibiting a provision in a contract between a provider and a third-party payer that prohibits a provider from disclosing or

procedure. The amount specified in the estimate shall be the amount the health plan issuer has agreed to reimburse the provider for the product, service, or procedure under a contract with the provider or the applicable government pay scale, if any.

(3) The difference, if any, that the patient or other party responsible for the patient's care would be required to pay to the provider for the product, service, or procedure;

(4) If the patient is not insured under a health benefit plan, the total amount the provider will charge the patient for each product, service, or procedure the patient is to receive, inclusive of facility, professional, and other fees, along with a short description and the applicable CPT code for the product, service, or procedure or, if no CPT code exists, another identifier that the health plan issuer would normally require.

(B)(1) If a patient is to receive a health care product, service, or procedure in a hospital, the hospital is responsible for providing one comprehensive cost estimate to the patient or the patient's representative within the applicable time frame specified in division (D) of this section. The comprehensive cost estimate shall contain both of the following:

(a) All information specified in division (A) of this section associated with products, services, or procedures to be provided by the hospital or its employees;

(b) All information specified in division (A) of this section associated with products, services, or procedures to be provided by health care providers who are independent contractors of the hospital.

(2) A health care provider who is an independent contractor of a hospital shall submit to the hospital all CPT codes or other identifiers the hospital needs to fulfill its responsibility under division (B)(1)(b) of this section.
(C) A cost estimate required by this section shall be based on information provided at the time the appointment is made, as specified in section 3962.011 of the Revised Code, for the health care product, service, or procedure. In addition, the estimate need not take into account any information that subsequently arises, such as unknown, unanticipated, or subsequently needed health care products, services, or procedures provided for any reason after the initial appointment. Only one estimate is required per visit.

If specific information, such as the health care provider who will be providing the health care product, service, or procedure, is not readily available at the time the appointment is made, the provider may base the cost estimate on an average estimated charge for the product, service, or procedure.

(D)(1) Except as provided in division (D)(2) or (3) of this section, the cost estimate required by this section shall be provided not later than twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than twenty-four hours after the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure.

(2) If the health care product, service, or procedure is to be provided by one or more independent contractors of the provider, the cost estimate shall be provided not later than thirty-six hours after the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code, or, if the product, service, or procedure is to be provided less than thirty-six hours after the appointment for the product, service, or procedure is made, as specified in
section 3962.011 of the Revised Code, at the time the patient presents to receive the product, service, or procedure.

(3) A provider may elect to send the cost estimate to the patient or the patient's representative by regular mail if the health care product, service, or procedure will be provided more than three days from the time the estimate is generated. If this election is made, the provider shall mail the cost estimate not later than the following, as applicable:

(a) If the provider would otherwise be required to comply with division (D)(1) of this section, twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code;

(b) If the provider would otherwise be required to comply with division (D)(2) of this section, thirty-six hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

(E)(1) If the patient is insured, a health care provider shall, not later than twenty-four hours after an appointment is made, as specified in section 3962.011 of the Revised Code, transmit to the patient's health plan issuer the patient's name; the patient's identification number, if one has been assigned; the CPT code or other identifier the issuer requires for each health care product, service, or procedure the patient is to receive; the provider's identification number; the provider's charge for each product, service, or procedure the patient has scheduled that will be delivered by a provider who is not in-network for the patient's health benefit plan; notification that the provider is providing the cost estimate to the patient or the patient's representative; and any other information the issuer requires from the provider.
(2) If the provider is to provide a product, service, or procedure pursuant to a prescription or order from another provider, the provider who received the prescription or order shall transmit the information specified in division (E)(1) of this section to the patient's health plan issuer not later than twenty-four hours after receiving the prescription or order or, if received when the provider's office or facility is closed, twenty-four hours after the office or facility reopens.

(3) Not later than five minutes after receiving information pursuant to division (E)(1) or (2) of this section, the health plan issuer shall give to the health care provider all information the provider needs to generate a cost estimate.

If a health plan issuer does not provide the information necessary to generate the estimate, the health care provider shall notify the patient. The provider may note in the portion of the estimate pertaining to the information required by divisions (A)(2) and (3) of this section that health plan issuer information was not provided as required by law. In this case, the provider may specify only the information required by division (A)(1) of this section and, at the provider's discretion, the information required by division (A)(2) of this section. If the information necessary to complete the estimate is subsequently received and an updated estimate can be provided within the time limit established by division (D) of this section, the health care provider shall provide the updated estimate.

(F) The cost estimate required by this section shall contain a disclaimer that the information is only an estimate based on facts available at the time it was prepared and that the amounts estimated could change as a result of unknown, unanticipated, or subsequently needed health care products, services, or procedures; changes to the patient's health benefit plan; or other changes. The provider has discretion in how the disclaimer is expressed.
(G) If the amount estimated under division (A)(3) or (4) of this section changes by more than ten per cent before the patient initially presents for the health care product, service, or procedure, the health care provider shall supply to the patient an updated estimate within the time limit established by division (B) or (D) of this section, as applicable.

(H) The cost estimate required by this section may be provided verbally or in electronic or written form and shall be easy to understand. If the estimate is provided in electronic or written form, all of the following apply:

(1) It shall be provided in large font.

(2) Unless the estimate contains more than nine CPT codes or other identifiers, it shall be limited to one page.

(3) The subject line of the communication containing the estimate shall state "Your Ohio Healthcare Price Transparency Estimate."

(I) A patient may decline to receive a cost estimate under this section.

(J) A patient is responsible for payment for an administered health care product, service, or procedure even if the patient does not receive a cost estimate under this section before the product, service, or procedure is received.

Sec. 3962.05. (A)(1) If a health care provider elects for a patient's health plan issuer to provide a cost estimate in lieu of the provider, the provider shall notify the issuer of this election through the issuer's portal described in section 1751.72, 3923.041, or 5160.34 of the Revised Code or, beginning January 1, 2020, the connector portal established under section 3962.09 of the Revised Code. In addition, the provider shall, except as provided in division (B) of this section, also transmit to the
health plan issuer through the appropriate portal all of the following:

(a) The patient's name;

(b) The patient's identification number, if one has been assigned;

(c) The CPT code or other identifier the health plan issuer requires for each health care product, service, or procedure the patient is to receive;

(d) The provider's identification number;

(e) The charge for each product, service, or procedure the patient has scheduled that will be delivered by a provider who is out-of-network for the patient's health benefit plan;

(f) Any other information the health plan issuer requires from the provider.

The portal also shall be able to transmit a copy of this information directly to the patient to whom the information pertains.

Except as provided in division (A)(2) of this section, the transmission shall occur not later than twenty-four hours after the time the appointment for the health care product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

(2) If the health care product, service, or procedure is to be provided by one or more independent contractors of the provider, the transmission shall occur not later than thirty-six hours after the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

A health plan issuer shall modify its portal as necessary to accommodate the information transmission.
(B) If a health care provider attests to the department of insurance that it is unable to transmit information through a health plan issuer's portal or through the connector portal, the provider may transmit the information by facsimile or telephone call to the department of insurance. The department shall enter the information on the provider's behalf in the relevant portal. Under these circumstances, the provider may compile patient information and transmit it to the department in a batch once every business day.

Sec. 3962.06. (A) Under the circumstances described in division (A)(1) of section 3962.05 of the Revised Code, a health plan issuer shall provide a cost estimate to the patient or the patient's representative containing the information specified in divisions (A)(1) to (3) of section 3962.04 of the Revised Code, as well as the average rate the health plan issuer reimburses in-network providers for the same health care product, service, or procedure.

(B) A health plan issuer shall ask the patient or the patient's representative whether the patient would prefer to receive cost estimates by electronic mail or other electronic means or by regular mail. The issuer shall send cost estimates by the means elected.

If the means elected is by electronic mail or other electronic means, the estimate shall be sent automatically, but not later than five minutes after the health plan issuer has received the necessary information from the health care provider. If the means elected is by regular mail, the estimate shall be mailed not later than forty-eight hours after the issuer has received the necessary information from the health care provider if the health care product, service, or procedure will be provided more than three days from the time the estimate is generated. For
purposes of calculating the forty-eight hours, hours on a Saturday, Sunday, or legal holiday shall be excluded.

If no election is made, the estimate shall be sent as follows:

(1) If the health care product, service, or procedure will be provided more than three days from the time the estimate is generated, by regular mail;

(2) If the health care product, service, or procedure will be provided less than three days from the time the estimate is generated and the electronic mail address of the patient or patient's representative is on file with the issuer, by electronic mail.

A health plan issuer shall be held harmless if the electronic mail address of the patient or the patient's representative on file with the issuer is incorrect, invalid, or no longer used.

(C)(1) The cost estimate required by this section shall be based on information provided at the time an appointment is made, as specified in section 3962.011 of the Revised Code. In addition, the estimate need not take into account any information that subsequently arises, such as unknown, unanticipated, or subsequently needed health care products, services, or procedures provided for any reason after the initial appointment. Only one estimate is required per visit.

(2) If specific information, such as the provider who will be providing the health care product, service, or procedure, is not readily available at the time the appointment is made, the health care provider may transmit that a provider is unknown and the health plan issuer may base the estimate on an average estimated charge for the product, service, or procedure at that facility or location.

(3) If a health care provider does not transmit to the health
plan issuer the information necessary to generate the cost estimate, the issuer shall send to the patient or the patient's representative, by the same means used to send estimates, a notice that the provider failed to transmit the necessary information as required by law and, consequently, a cost estimate could not be generated. This action shall be taken in the event a provider gives the issuer any indication that receipt of a health care product, service, or procedure is scheduled, such as through precertification.

(D) The estimate required by this section shall contain both of the following:

(1) A disclaimer that the information is only an estimate based on facts available at the time it was prepared and that the amounts estimated could change as a result of other factors; unknown, unanticipated, or subsequently needed health care products, services, or procedures; or changes to the patient's health benefit plan. The health plan issuer has discretion in how the disclaimer is expressed.

(2) If applicable, a notation that a specific health care provider is out-of-network for the enrollee.

(E) The cost estimate required by this section shall be provided in large font, be easy to understand, and, unless the estimate contains more than nine CPT codes or other identifiers, be limited to one page. The subject line of the communication containing the estimate shall state "Your Ohio Healthcare Price Transparency Estimate."

(F) If the amount in a cost estimate required by this section changes by more than ten per cent before the patient presents for the health care product, service, or procedure, the health plan issuer shall supply to the patient an updated estimate by the means the patient or the patient's representative has elected.
under division (B) of this section and within the time frames specified in that division.

(G) A patient may decline to receive a cost estimate under this section.

(H) A patient is responsible for payment for an administered health care product, service, or procedure even if the patient does not receive a cost estimate under this section before the product, service, or procedure is received.

Sec. 3962.07. (A) Regardless of whether a cost estimate is provided to a patient by a health care provider under section 3962.04 of the Revised Code or by a health plan issuer under section 3962.06 of the Revised Code, a provider shall give the patient or the patient's representative the CPT code or other identifier the patient's health plan issuer requires for each health care product, service, or procedure the patient is to receive along with the charge information specified in division (A)(1) of section 3962.04 of the Revised Code associated with each code or other identifier. The provider has the following options for fulfilling this requirement:

(1) The provider may send this information to the patient or the patient's representative through electronic means.

(2) The provider may send this information to the patient or patient's representative by regular mail if the health care product, service, or procedure will be provided more than three days from the time the appointment for the product, service, or procedure is made, as specified in section 3962.011 of the Revised Code.

(3) The provider may provide to the patient or the patient's representative a web site address where that individual may enter each code or identifier and retrieve the charge information. If
this option is elected and the provider transmits the codes or
identifiers to the patient's health plan issuer through a portal
as described in section 3962.05 of the Revised Code, the provider
may have the portal generate an automatic electronic mail message
to the individual with instructions on how to retrieve charge
information through the web site.

(4) If the product, service, or procedure is to be provided
less than three days from the time the appointment for the
product, service, or procedure was made, the provider may give the
information to the patient or the patient's representative at the
time the patient presents for the product, service, or procedure
to be received.

Regardless of the manner in which the provider has elected to
fulfill this requirement, the provider shall fulfill the
requirement in accordance with all applicable state and federal
laws pertaining to the privacy of patient-identifying information.

The CPT codes or other identifiers and charge information
shall, except as provided in division (B) of this section, be
given to the patient or the patient's representative not later
than twenty-four hours after the time the appointment for the
health care product, service, or procedure is made, as specified
in section 3962.011 of the Revised Code, or, if the product,
service, or procedure is to be provided less than twenty-four
hours after the appointment for the product, service, or procedure
is made, as specified in section 3962.011 of the Revised Code, at
the time the patient presents to receive the product, service, or
procedure.

(B) If the health care product, service, or procedure is to
be provided by one or more independent contractors of the
provider, the CPT codes or other identifiers and charge
information shall be given to the patient or the patient's
representative not later than thirty-six hours after the time the
appointment for the product, service, or procedure is made, as
specified in section 3962.011 of the Revised Code, or, if the
product, service, or procedure is to be provided less than
thirty-six hours after the appointment for the product, service,
or procedure is made, as specified in section 3962.011 of the
Revised Code, at the time the patient presents to receive the
product, service, or procedure.

Sec. 3962.08. (A) As used in this section, "office visit"
means the family of CPT codes for "Evaluation and Management,
Office Visits Established" (codes 99211, 99212, 99213, 99214, and
99215) used for office or other outpatient visits for an
established patient and the family of CPT codes for services
similar to the foregoing, including vision services.

(B) The requirement of section 3962.03 of the Revised Code
does not apply in any of the following circumstances:

(1) When the only service a health care provider will provide
is an office visit;

(2) When the patient was scheduled for only an office visit
but during the visit it is determined that the patient needs a
product, service, or procedure to be provided during that single
visit;

(3) When the patient seeks care without an appointment and
without a prescription or order from another provider.

(C) In the event a patient schedules or presents for health
care products, services, or procedures in addition to an office
visit but the health care provider is unable to estimate the level
of office visit to be provided, or in the circumstances described
in division (B)(3) of this section, the provider may enter a
general designation for an unknown level of office visit. The
estimate provided through the health care provider or health plan
issuer under section 3962.03 of the Revised Code shall list the
general designation and price range for all levels of office
visits.

Sec. 3962.081. In the event that a health care provider
believes that a delay in care associated with fulfilling the cost
estimate requirement of section 3962.03 of the Revised Code could
harm the patient, the provider shall inform the patient or the
patient's representative of this fact and provide the health care
product, service, or procedure to the patient. After the product,
service, or procedure is provided, the provider shall submit to
the department of insurance a report, in the form and manner
prescribed by the department, detailing why the provider believed
that a delay in care could harm the patient. Annually, the
department shall analyze the reports and prepare a summary of its
findings. Each summary shall be submitted to the governor and, in
accordance with section 101.68 of the Revised Code, the general
assembly.

Sec. 3962.09. Not later than January 1, 2020, the department
of insurance shall create or procure a connector portal that
health care providers may use to transmit the information
specified in section 3962.05 of the Revised Code to health plan
issuers. The department shall ensure that the computer systems and
software used in operating the connector portal are compatible
with the computer systems and software manufactured by various
vendors and used by health care providers and health plan issuers.
In doing so, the department shall engage in active efforts to
share with those vendors any information necessary to operate the
connector portal in a manner that accomplishes both of the
following, while also ensuring that the portal maintains the
privacy of patient-identifying information in accordance with all
applicable state and federal laws:
(A) Grants health care providers a means by which they may instantly transmit information and populate data fields that health plan issuers need to generate cost estimates under section 3962.06 of the Revised Code:

(B) Grants health plan issuers a means by which they may retrieve information directly from the connector portal in a seamless manner.

Sec. 3962.10. A health care provider or health plan issuer that provides a cost estimate under this chapter is not liable in damages in a civil action for injury, death, or loss to person or property that allegedly arises from an act or omission associated with providing the estimate if the health care provider or health plan issuer made a good faith effort to collect the information necessary to generate the estimate and a good faith effort to provide the estimate to the patient or the patient's representative.

Sec. 3962.11. (A) If, after completing an examination, the superintendent of insurance, department of health, department of medicaid, or appropriate regulatory board, as applicable, finds that a health plan issuer or health care provider has committed a series of violations that, taken together, constitute a consistent pattern or practice of violating the requirements of this chapter to provide cost estimates to patients or their representatives, the superintendent, department, or board may impose on the issuer or provider any of the administrative remedies specified in division (B) of this section.

Before imposing an administrative remedy, the superintendent, department, or board shall give written notice to the health plan issuer or health care provider informing that party of the reasons for the finding, the administrative remedy that is proposed, and
the opportunity to submit a written request for an administrative hearing regarding the finding and proposed remedy. If a hearing is requested, the superintendent, department, or board shall conduct the hearing in accordance with Chapter 119. of the Revised Code not later than fifteen days after receipt of the request.

(B) In imposing administrative remedies under this section, the superintendent, department, or appropriate regulatory board may do either or both of the following:

(1) Levy a monetary penalty in an amount determined in accordance with division (C) of this section;

(2) Order the health plan issuer or health care provider to cease and desist from engaging in the violations.

(C)(1) A finding by the superintendent, department, or appropriate regulatory board that a health plan issuer or health care provider has committed a series of violations that, taken together, constitutes a consistent pattern or practice of violating the requirements of this chapter to provide cost estimates to patients or their representatives, shall constitute a single offense for purposes of levying a fine as described in division (B)(1) of this section.

(2) For a first offense, the superintendent or department may levy a fine of not more than one hundred thousand dollars; the appropriate regulatory board may levy a fine of not more than ten thousand dollars.

For a second offense, the superintendent or department may levy a fine of not more than one hundred fifty thousand dollars; the appropriate regulatory board may levy a fine of not more than fifteen thousand dollars.

For a third or subsequent offense, the superintendent or department may levy a fine of not more than three hundred thousand dollars; the appropriate regulatory board may levy a fine of not
more than thirty thousand dollars.

(3) In determining the amount of a fine to be levied within the limits specified in division (C)(2) of this section, the superintendent, department, or appropriate regulatory board shall consider the following factors:

(a) The extent and frequency of the violations;

(b) Whether the violations were due to circumstances beyond the control of the health plan issuer or health care provider;

(c) Any remedial actions taken by the health plan issuer or health care provider;

(d) The actual or potential harm to others resulting from the violations;

(e) If the health plan issuer or health care provider knowingly and willingly committed the violations;

(f) The financial condition of the health plan issuer or health care provider;

(g) Any other factors the superintendent, department, or appropriate board considers appropriate.

(D) The amounts collected from levying fines under this section shall be paid into the state treasury to the credit of the general revenue fund.

Sec. 3962.12. A contract clause that does any of the following is invalid and unenforceable:

(A) Prohibits a health care provider or health plan issuer from providing a patient with information that facilitates the patient's ability to choose a health care provider based on quality or cost, including providing a patient with cost and quality information for alternative providers when the patient demonstrates an intention to see a particular provider;
(B) Prohibits a health plan issuer from excluding any particular health care provider from a list or other resource that ranks providers based on quality or cost and is intended to help patients make decisions regarding their care;

(C) Restricts patient access to quality or cost information provided by a health care provider or health plan issuer.

Sec. 3962.13. (A) All of the following may adopt any rules necessary to carry out this chapter:

(1) The superintendent of insurance;
(2) The director of health;
(3) The medicaid director;
(4) Any other relevant department, agency, board, or other entity that regulates, licenses, or certifies a health care provider or health plan issuer.

(B) Any rules adopted under this section shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 3962.14. Any member of the general assembly may intervene in litigation that challenges sections 3962.01 to 3962.13 or section 5164.65 of the Revised Code.

Sec. 3962.15. It is the general assembly's intent in enacting sections 3962.01 to 3962.14 of the Revised Code to provide patients with the information they need to make informed choices regarding their health care, to maximize health care cost savings for all residents of this state, and to reduce the burden of health care expenditures on government entities, including medicaid.

Sec. 4109.05. (A) The director of commerce, after
consultation with the director of health, shall adopt rules, in accordance with Chapter 119. of the Revised Code, prohibiting the employment of minors in occupations which are hazardous or detrimental to the health and well-being of minors.

In adopting the rules, the director of commerce shall consider the orders issued pursuant to the "Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C. 201, as amended.

The director of commerce shall not adopt any rule that prohibits a minor who is sixteen or seventeen years of age and who is employed by an employer under the manufacturing mentorship program created in section 4109.22 of the Revised Code from being employed in a manufacturing occupation if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., permit the employment of the minor in the manufacturing occupation. As used in this division, "manufacturing occupation" has the same meaning as in section 4109.22 of the Revised Code.

(B) No minor may be employed in any occupation found hazardous or detrimental to the health and well-being of minors under the rules adopted pursuant to division (A) of this section.

Sec. 4109.22. (A) As used in this section:

(1) "Manufacturing occupation" means employment that consists of the mechanical, physical, or chemical transformation of materials, substances, or components into new products for sale, including the assembling of component parts into a finished product.

(2) Notwithstanding the definition of "employer" in section 4109.01 of the Revised Code, "employer" means every person who employs any individual in a manufacturing occupation.

(B) There is hereby created the manufacturing mentorship program to expose minors who are sixteen or seventeen years of age
to manufacturing occupations in this state through temporary employment with an employer. An employer employing a minor under the mentorship program shall do all of the following:

1. Determine the duration of the minor's employment;

2. Assign the minor a mentor to provide direct and close supervision while the minor is engaged in any workplace activity;

3. Provide the minor with the training described in division (C) of this section;

4. Encourage the minor to participate in a career-technical education program approved by the department of education, if the minor is not participating in a career-technical education program when the minor begins employment;

5. Comply with all applicable state and federal laws and regulations relating to the employment of minors.

(C)(1) An employer employing a minor who is sixteen or seventeen years of age in a manufacturing occupation under the mentorship program shall provide the minor with training that includes all of the following:

(a) A ten-hour course in general industry safety and health hazard recognition and prevention approved by the occupational safety and health administration of the United States department of labor;

(b) Instructions on how to operate the specific tools the minor will use during the minor's employment;

(c) The general safety and health hazards to which the minor may be exposed at the minor's workplace;

(d) The value of safety and management commitment;

(e) Information on the employer's drug testing policy.

(2) For purposes of division (C)(1)(a) of this section, a
minor may participate in a thirty-hour course in general industry safety and health hazard recognition and prevention approved by the occupational safety and health administration if the minor has already successfully completed a ten-hour course.

(3) The employer shall pay any costs associated with providing the training required by division (C)(1) or permitted under division (C)(2) of this section.

(4) An employer is not required to provide the training described in division (C)(1) or (2) of this section if the minor presents proof of completing the training during the six-month period immediately before beginning employment with the employer.

(D) The director of commerce, in consultation with employers, shall adopt rules in accordance with Chapter 119. of the Revised Code specifying a list of the tools that a minor who is sixteen or seventeen years of age who is employed under the mentorship program may operate during the minor's employment in a manufacturing occupation. The director shall use the manual issued by the wage and hour division of the United States department of labor titled "field operations handbook" or its successor for guidance in developing the list. Nothing in this division requires the director to include a tool on the list if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., and section 4109.05 of the Revised Code or rules adopted under that section specifically permit minors of that age to operate the tool.

(E) A minor who is sixteen or seventeen years of age who is employed by an employer under the mentorship program may work in any manufacturing occupation not denied by law to minors of that age under section 4109.05 of the Revised Code or rules adopted under that section.

(F) No employer shall do either of the following:
(1) Permit a minor who is sixteen or seventeen years of age to operate a tool minors of that age are permitted to operate pursuant to the rules adopted under division (D) of this section unless the minor is employed by the employer under the mentorship program;

(2) Permit a minor who is sixteen or seventeen years of age who is employed by the employer under the mentorship program to operate a tool prohibited for use by minors of that age pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., and section 4109.05 of the Revised Code or rules adopted under that section.

Sec. 4109.99. (A) Whoever violates section 4109.04, division (C) of section 4109.07, division (A), (B), or (D) of section 4109.08, section 4109.11, or division (B) of section 4109.12 of the Revised Code is guilty of a minor misdemeanor.

(B) Whoever violates section 4109.05 of the Revised Code is guilty of a misdemeanor of the third degree.

(C) Whoever violates section 4109.03, division (A), (B), or (D) of section 4109.07, or section 4109.10 of the Revised Code is guilty of a minor misdemeanor on a first offense and a misdemeanor of the third degree on each subsequent offense.

(D) Whoever violates division (A) of section 4109.12 of the Revised Code is guilty of a minor misdemeanor for each day the violation continues.

(E) Whoever violates division (A) of section 4109.21 of the Revised Code is guilty of a misdemeanor of the fourth degree on a first offense and a first degree misdemeanor on each subsequent offense. If, however, the violation on a first offense contains aggravating circumstances, including, but not limited to, threats to a minor, reckless operation of a motor vehicle, or abandonment

Sec. 4141.35. (A) If the director of job and family services finds that any fraudulent misrepresentation has been made by an applicant for or a recipient of benefits with the object of obtaining benefits to which the applicant or recipient was not entitled, and in addition to any other penalty or forfeiture under this chapter, then the director:

(1) Shall within four years after the end of the benefit year in which the fraudulent misrepresentation was made reject or cancel such person's entire weekly claim for benefits that was fraudulently claimed, or the person's entire benefit rights if the misrepresentation was in connection with the filing of the claimant's application for determination of benefit rights;

(2) Shall by order declare that, for each application for benefit rights and for each weekly claim canceled, such person shall be ineligible for two otherwise valid weekly claims for benefits, claimed within six years subsequent to the discovery of such misrepresentation;

order becomes final, interest on the amount remaining unpaid shall 32429
be charged to the person at a rate and calculated in the same 32430
manner as provided under section 4141.23 of the Revised Code. When 32431
a person ordered to repay benefits has repaid all overpaid 32432
benefits according to a plan approved by the director, the 32433
director may cancel the amount of interest that accrued during the 32434
period of the repayment plan. The director may take action in any 32435
court of competent jurisdiction to collect benefits and interest 32436
as provided in sections 4141.23 and 4141.27 of the Revised Code, 32437
in regard to the collection of unpaid contributions, using the 32438
final repayment order as the basis for such action. Except as 32439
otherwise provided in this division, no administrative or legal 32440
proceedings for the collection of such benefits or interest due, 32441
or for the collection of a penalty under division (A)(4) of this 32442
section, shall be initiated after the expiration of six years from 32443
the date on which the director's order requiring repayment became 32444
final and the amount of any benefits, penalty, or interest not 32445
recovered at that time, and any liens thereon, shall be canceled 32446
as uncollectible. The time limit for instituting proceedings shall 32447
be extended by the period of any stay to the collection or by any 32448
other time period to which the parties mutually agree. 32449

(4) Shall, for findings made on or after October 21, 2013, by 32450
order assess a mandatory penalty on such a person in an amount 32451
equal to twenty-five per cent of the total amount of benefits 32452
rejected or canceled under division (A)(1) of this section. The 32453
first sixty per cent of each penalty collected under division 32454
(A)(4) of this section shall be deposited into the unemployment 32455
compensation fund created under section 4141.09 of the Revised 32456

(B) If the director finds that an applicant for benefits has been credited with a waiting period or paid benefits to which the applicant was not entitled for reasons other than fraudulent misrepresentation, the director shall:

(1)(a) Within six months after the determination under which the claimant was credited with that waiting period or paid benefits becomes final pursuant to section 4141.28 of the Revised Code, or within three years after the end of the benefit year in which such benefits were claimed, whichever is later, by order cancel such waiting period and require that such benefits be repaid to the director or be withheld from any benefits to which such applicant is or may become entitled before any additional benefits are paid, provided that the repayment or withholding shall not be required where the overpayment is the result of the director's correcting a prior decision due to a typographical or clerical error in the director's prior decision, or an error in an employer's report under division (G) of section 4141.28 of the Revised Code.
(b) The limitation specified in division (B)(1)(a) of this section shall not apply to cases involving the retroactive payment of remuneration covering periods for which benefits were previously paid to the claimant. However, in such cases, the director's order requiring repayment shall not be issued unless the director is notified of such retroactive payment within six months from the date the retroactive payment was made to the claimant.

(2) The director may, by reciprocal agreement with the United States secretary of labor or another state, recover overpayment amounts from unemployment benefits otherwise payable to an individual under Chapter 4141. of the Revised Code. Any overpayments made to the individual that have not previously been recovered under an unemployment benefit program of the United States may be recovered in accordance with section 303(g) of the "Social Security Act" and sections 3304(a)(4) and 3306(f) of the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301 to 3311.

(C) The appeal provisions of sections 4141.281 and 4141.282 of the Revised Code shall apply to all orders and determinations issued under this section, except that an individual's right of appeal under division (B)(2) of this section shall be limited to this state's authority to recover overpayment of benefits.

(D) The director shall deposit any repayment collected under
this section that the director determines to be payment of interest or court costs into the unemployment compensation special administrative fund established pursuant to section 4141.11 of the Revised Code.

(E) If an individual makes a full repayment or a repayment that is less than the full amount required by this section, the director shall apply the repayment to the mutualized account under division (B) of section 4141.25 of the Revised Code, except that the director shall credit the repayment to the accounts of the individual's base period employers that previously have not been credited for the amount of improperly paid benefits charged against their accounts based on the proportion of benefits charged against the accounts as determined pursuant to division (D) of section 4141.24 of the Revised Code.

If a person does not comply with a subpoena or subpoena duces tecum, the board may apply to the court of common pleas of any county in this state for an order compelling the person to comply with the subpoena or subpoena duces tecum, or for failure to do so, to be held in contempt of court.

(30) Prescribing any drug or device to perform or induce an abortion, or otherwise performing or inducing an abortion;

(31) Failure to establish and maintain professional boundaries with a patient, as specified in rules adopted under section 4723.07 of the Revised Code;

(32) Regardless of whether the contact or verbal behavior is consensual, engaging with a patient other than the spouse of the registered nurse, licensed practical nurse, or dialysis technician in any of the following:

   (a) Sexual contact, as defined in section 2907.01 of the Revised Code;

   (b) Verbal behavior that is sexually demeaning to the patient or may be reasonably interpreted by the patient as sexually demeaning.

(33) Assisting suicide, as defined in section 3795.01 of the Revised Code;
(34) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(35) Failure to comply with section 4723.487 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(36) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication conducted under Chapter 119. of the Revised Code, except that in lieu of a hearing, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by a vote of a quorum, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the agreement shall be of no effect.

(D) The hearings of the board shall be conducted in accordance with Chapter 119. of the Revised Code, the board may appoint a hearing examiner, as provided in section 119.09 of the Revised Code, to conduct any hearing the board is authorized to hold under Chapter 119. of the Revised Code.

In any instance in which the board is required under Chapter 119. of the Revised Code to give notice of an opportunity for a
hearing and the applicant, licensee, or certificate holder does not make a timely request for a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by a vote of a quorum, a final order that contains the board's findings. In the final order, the board may order any of the sanctions listed in division (A) or (B) of this section.

(E) If a criminal action is brought against a registered nurse, licensed practical nurse, or dialysis technician for an act or crime described in divisions (B)(3) to (7) of this section and the action is dismissed by the trial court other than on the merits, the board shall conduct an adjudication to determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the action was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed the act, or if the registered nurse, licensed practical nurse, or dialysis technician fails to participate in the adjudication, the board may take action as though the registered nurse, licensed practical nurse, or dialysis technician had been convicted of the act.

If the board takes action on the basis of a conviction, plea, or a judicial finding as described in divisions (B)(3) to (7) of this section that is overturned on appeal, the registered nurse, licensed practical nurse, or dialysis technician may, on exhaustion of the appeal process, petition the board for reconsideration of its action. On receipt of the petition and supporting court documents, the board shall temporarily rescind its action. If the board determines that the decision on appeal was a decision on the merits, it shall permanently rescind its action. If the board determines that the decision on appeal was not a decision on the merits, it shall conduct an adjudication to
determine whether the registered nurse, licensed practical nurse, or dialysis technician committed the act on which the original conviction, plea, or judicial finding was based. If the board determines on the basis of the adjudication that the registered nurse, licensed practical nurse, or dialysis technician committed such act, or if the registered nurse, licensed practical nurse, or dialysis technician does not request an adjudication, the board shall reinstate its action; otherwise, the board shall permanently rescind its action.

Notwithstanding the provision of division (C)(2) of section 2953.32 of the Revised Code specifying that if records pertaining to a criminal case are sealed under that section the proceedings in the case shall be deemed not to have occurred, sealing of the following records on which the board has based an action under this section shall have no effect on the board's action or any sanction imposed by the board under this section: records of any conviction, guilty plea, judicial finding of guilt resulting from a plea of no contest, or a judicial finding of eligibility for a pretrial diversion program or intervention in lieu of conviction.

The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F) The board may investigate an individual's criminal background in performing its duties under this section. As part of such investigation, the board may order the individual to submit, at the individual's expense, a request to the bureau of criminal identification and investigation for a criminal records check and check of federal bureau of investigation records in accordance with the procedure described in section 4723.091 of the Revised Code.

(G) During the course of an investigation conducted under this section, the board may compel any registered nurse, licensed
practical nurse, or dialysis technician or applicant under this chapter to submit to a mental or physical examination, or both, as required by the board and at the expense of the individual, if the board finds reason to believe that the individual under investigation may have a physical or mental impairment that may affect the individual's ability to provide safe nursing care. Failure of any individual to submit to a mental or physical examination when directed constitutes an admission of the allegations, unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence.

If the board finds that an individual is impaired, the board shall require the individual to submit to care, counseling, or treatment approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. The individual shall be afforded an opportunity to demonstrate to the board that the individual can begin or resume the individual's occupation in compliance with acceptable and prevailing standards of care under the provisions of the individual's authority to practice.

For purposes of this division, any registered nurse, licensed practical nurse, or dialysis technician or applicant under this chapter shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(H) The board shall investigate evidence that appears to show that any person has violated any provision of this chapter or any rule of the board. Any person may report to the board any information the person may have that appears to show a violation of any provision of this chapter or rule of the board. In the
absence of bad faith, any person who reports such information or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable for civil damages as a result of the report or testimony.

(I) All of the following apply under this chapter with respect to the confidentiality of information:

(1) Information received by the board pursuant to a complaint or an investigation is confidential and not subject to discovery in any civil action, except that the board may disclose information to law enforcement officers and government entities for purposes of an investigation of either a licensed health care professional, including a registered nurse, licensed practical nurse, or dialysis technician, or a person who may have engaged in the unauthorized practice of nursing or dialysis care. No law enforcement officer or government entity with knowledge of any information disclosed by the board pursuant to this division shall divulge the information to any other person or government entity except for the purpose of a government investigation, a prosecution, or an adjudication by a court or government entity.

(2) If an investigation requires a review of patient records, the investigation and proceeding shall be conducted in such a manner as to protect patient confidentiality.

(3) All adjudications and investigations of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(4) Any board activity that involves continued monitoring of an individual as part of or following any disciplinary action taken under this section shall be conducted in a manner that maintains the individual's confidentiality. Information received or maintained by the board with respect to the board's monitoring activities is not subject to discovery in any civil action and is...
confidential, except that the board may disclose information to
law enforcement officers and government entities for purposes of
an investigation of a licensee or certificate holder.

(J) Any action taken by the board under this section
resulting in a suspension from practice shall be accompanied by a
written statement of the conditions under which the person may be
reinstated to practice.

(K) When the board refuses to grant a license or certificate
to an applicant, revokes a license or certificate, or refuses to
reinstate a license or certificate, the board may specify that its
action is permanent. An individual subject to permanent action
taken by the board is forever ineligible to hold a license or
certificate of the type that was refused or revoked and the board
shall not accept from the individual an application for
reinstatement of the license or certificate or for a new license
or certificate.

(L) No unilateral surrender of a nursing license, certificate
of authority, or dialysis technician certificate issued under this
chapter shall be effective unless accepted by majority vote of the
board. No application for a nursing license, certificate of
authority, or dialysis technician certificate issued under this
chapter may be withdrawn without a majority vote of the board. The
board's jurisdiction to take disciplinary action under this
section is not removed or limited when an individual has a license
or certificate classified as inactive or fails to renew a license
or certificate.

(M) Sanctions shall not be imposed under division (B)(24) of
this section against any licensee who waives deductibles and
copayments as follows:

(1) In compliance with the health benefit plan that expressly
allows such a practice. Waiver of the deductibles or copayments
shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person licensed pursuant to this chapter to the extent allowed by this chapter and the rules of the board.

Sec. 4727.03. (A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a pawnbroker's license demonstrates sufficient financial responsibility, reputation, and experience in the pawnbroker business, or in a related business, to act as a pawnbroker in compliance with this chapter. "Experience and fitness in the capacity involved" shall be determined by:

(1) Prior or current ownership or management of, or employment in, a pawnshop; 

(2) Demonstration to the satisfaction of the superintendent of financial institutions of a thorough working knowledge of all pawnbroker laws and rules as they relate to the actual operation of a pawnshop.

A demonstration shall include a demonstration of an ability to properly complete forms, knowledge of how to properly calculate interest and storage charges, and knowledge of legal notice and forfeiture procedures. The final determination of whether an applicant's demonstration is adequate rests with the superintendent.

(3) A submission by the applicant and any stockholders, owners, managers, directors, or officers of the pawnshop, and employees of the applicant to a police record check; and

(4) Liquid assets in a minimum amount of one hundred twenty-five thousand dollars at the time of applying for initial
licensure and demonstration of the ability to maintain the liquid assets at a minimum amount of seventy-five thousand dollars for the duration of holding a valid pawnbroker's license. If an applicant holds a pawnbroker's license at the time of application or is applying for more than one license, this requirement shall be met separately for each license.

(B) The superintendent may grant a license to act as a pawnbroker to any person of good character and having experience and fitness in the capacity involved to engage in the business of pawnbroking upon the payment to the superintendent of a license fee determined by the superintendent pursuant to section 1321.20 of the Revised Code. A license is not transferable or assignable.

(C) The superintendent may consider an application withdrawn and may retain the investigation fee required under division (D) of this section if both of the following are true:

(1) An application for a license does not contain all of the information required under division (B) of this section.

(2) The information is not submitted to the superintendent within ninety days after the superintendent requests the information from the applicant in writing.

(D) The superintendent shall require an applicant for a pawnbroker's license to pay to the superintendent a nonrefundable initial investigation fee of two hundred dollars, which is for the exclusive use of the state.

(E)(1) Except as otherwise provided in division (E)(2) of this section, a pawnbroker's license issued by the superintendent expires on the thirtieth day of June next following the date of its issuance, or on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code, and may be renewed annually by the thirtieth day of June in accordance with the standard renewal procedure set forth in Chapter 4745. of the Revised Code.
Revised Code. Fifty per cent of the annual license fee shall be for the use of the state, and fifty per cent shall be paid by the state to the municipal corporation, or if outside the limits of any municipal corporation, to the county, in which the office of the licensee is located. All such fees payable to municipal corporations or counties shall be paid annually.

(2) A pawnbroker's license issued or renewed by the superintendent on or after January 1, 2006, expires on the thirtieth day of June in the even-numbered year next following the date of its issuance or renewal, as applicable, and may be renewed biennially by the thirtieth day of June in accordance with the standard renewal procedure set forth in Chapter 4745. of the Revised Code. Fifty per cent of the biennial license fee shall be for the use of the state, and fifty per cent shall be paid by the state to the municipal corporation, or if outside the limits of any municipal corporation, to the county, in which the office of the licensee is located. All such fees payable to municipal corporations or counties shall be paid biennially. If deemed necessary for participation, the superintendent may reset the renewal date and require annual registration pursuant to section 1181.23 of the Revised Code.

(F) The fee for renewal of a license shall be equivalent to the fee for an initial license established by the superintendent pursuant to section 1321.20 of the Revised Code. Any licensee who wishes to renew the pawnbroker's license but who fails to do so on or before the date the license expires shall reapply for licensure in the same manner and pursuant to the same requirements as for initial licensure, unless the licensee pays to the superintendent on or before the thirty-first day of August of the year the license expires, a late renewal penalty of one hundred dollars in addition to the regular renewal fee. Any licensee who fails to renew the license on or before the date the license expires is
prohibited from acting as a pawnbroker until the license is renewed or a new license is issued under this section. Any licensee who renews a license between the first day of July and the thirty-first day of August of the year the license expires is not relieved from complying with this division. The superintendent may refuse to issue to or renew the license of any licensee who violates this division.

(G) No license shall be granted to any person not a resident of or the principal office of which is not located in the municipal corporation or county designated in such license unless that applicant, in writing and in due form approved by and filed with the superintendent, first appoints an agent, a resident of the state, and city or county where the office is to be located, upon whom all judicial and other process, or legal notice, directed to the applicant may be served. In case of the death, removal from the state, or any legal disability or any disqualification of any such agent, service of such process or notice may be made upon the superintendent.

The superintendent may, upon notice to the licensee and reasonable opportunity to be heard, suspend or revoke any license or assess a penalty against the licensee if the licensee, or the licensee's officers, agents, or employees, has violated this chapter. Any penalty shall be appropriate to the violation but in no case shall the penalty be less than two hundred nor more than two thousand dollars. Whenever, for any cause, a license is suspended or revoked, the superintendent shall not issue another license to the licensee nor to the legal spouse of the licensee, nor to any business entity of which the licensee is an officer or member or partner, nor to any person employed by the licensee, until the expiration of at least two years from the date of revocation or suspension of the license. The superintendent shall deposit all penalties allocated pursuant to this section into the
state treasury to the credit of the consumer finance fund.

Any proceedings for the revocation or suspension of a license or to assess a penalty against a licensee are subject to Chapter 119. of the Revised Code.

(H) If a licensee surrenders or chooses not to renew the pawnbroker's license, the licensee shall notify the superintendent thirty days prior to the date on which the licensee intends to close the licensee's business as a pawnbroker. Prior to the date, the licensee shall do either of the following with respect to all active loans:

(1) Dispose of an active loan by selling the loan to another person holding a valid pawnbroker's license issued under this section;

(2) Reduce the rate of interest on pledged articles held as security for a loan to eight per cent per annum or less effective on the date that the pawnbroker's license is no longer valid.

Sec. 4728.03. (A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a precious metals dealer's license has had sufficient financial responsibility, reputation, and experience in the business of precious metals dealer, or a related business, to act as a precious metals dealer in compliance with this chapter.

(B)(1) The division of financial institutions in the department of commerce may grant a precious metals dealer's license to any person of good character, having experience and fitness in the capacity involved, who demonstrates a net worth of at least ten thousand dollars and the ability to maintain that net worth during the licensure period. The superintendent of financial institutions shall compute the applicant's net worth according to generally accepted accounting principles.
(2) In place of the demonstration of net worth required by division (B)(1) of this section, an applicant may obtain a surety bond issued by a surety company authorized to do business in this state if all of the following conditions are met:

(a) A copy of the surety bond is filed with the division;

(b) The bond is in favor of any person, and of the state for the benefit of any person, injured by any violation of this chapter;

(c) The bond is in the amount of not less than ten thousand dollars.

(3) Before granting a license under this division, the division shall determine that the applicant meets the requirements of division (B)(1) or (2) of this section.

(C) The division shall require an applicant for a precious metals dealer's license to pay to the division a nonrefundable, initial investigation fee of two hundred dollars which shall be for the exclusive use of the state. The license fee for a precious metals dealer's license and the renewal fee shall be determined by the superintendent, provided that the fee may not exceed three hundred dollars. A license issued by the division shall expire on the last day of June next following the date of its issuance or annually on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code. Fifty per cent of license fees shall be for the use of the state, and fifty per cent shall be paid to the municipal corporation, or if outside the limits of any municipal corporation, to the county in which the office of the licensee is located. All portions of license fees payable to municipal corporations or counties shall be paid as they accrue, by the treasurer of state, on vouchers issued by the director of budget and management.

(D) Every such license shall be renewed annually by the last
day of June, or annually on a different date set by the superintendent pursuant to section 1181.23 of the Revised Code, according to the standard renewal procedure of Chapter 4745. of the Revised Code. No license shall be granted to any person not a resident of or the principal office of which is not located in the municipal corporation or county designated in such license, unless, and until such applicant shall, in writing and in due form, to be first approved by and filed with the division, appoint an agent, a resident of the state, and city or county where the office is to be located, upon whom all judicial and other process, or legal notice, directed to the applicant may be served; and in case of the death, removal from the state, or any legal disability or any disqualification of any agent, service of process or notice may be made upon the superintendent.

(E) The division may, pursuant to Chapter 119. of the Revised Code, upon notice to the licensee and after giving the licensee reasonable opportunity to be heard, revoke or suspend any license, if the licensee or the licensee's officers, agents, or employees violate this chapter. Whenever, for any cause, the license is revoked or suspended, the division shall not issue another license to the licensee nor to the husband or wife of the licensee, nor to any copartnership or corporation of which the licensee is an officer, nor to any person employed by the licensee, until the expiration of at least one year from the date of revocation of the license.

(F) In conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section, the superintendent may request that the superintendent of the bureau of criminal identification and investigation investigate and determine whether the bureau has procured any information pursuant to section 109.57 of the Revised Code pertaining to the applicant.
If the superintendent of financial institutions determines that conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section will require procuring information outside the state, then, in addition to the fee established under division (C) of this section, the superintendent may require the applicant to pay any of the actual expenses incurred by the division to conduct such an investigation, provided that the superintendent shall assess the applicant a total no greater than one thousand dollars for such expenses. The superintendent may require the applicant to pay in advance of the investigation, sufficient funds to cover the estimated cost of the actual expenses. If the superintendent requires the applicant to pay investigation expenses, the superintendent shall provide to the applicant an itemized statement of the actual expenses incurred by the division to conduct the investigation.

(G)(1) Except as otherwise provided in division (G)(2) of this section a precious metals dealer licensed under this section shall maintain a net worth of at least ten thousand dollars, computed as required under division (B)(1) of this section, for as long as the licensee holds a valid precious metals dealer's license issued pursuant to this section.

(2) A licensee who obtains a surety bond under division (B)(2) of this section is exempt from the requirement of division (G)(1) of this section, but shall maintain the bond for at least two years after the date on which the licensee ceases to conduct business in this state.

Sec. 4729.20. As used in this section, "medication synchronization" means a pharmacy service that synchronizes the filling or refilling of prescriptions in a manner that allows the dispensed drugs to be obtained on the same date each month.
A pharmacist may dispense a drug in a manner that varies from the prescription for the drug by dispensing a quantity or amount of the drug that is less than a thirty-day supply, if the pharmacist's action is taken solely for the purpose of medication synchronization pursuant to section 1751.68, 3923.602, or 5164.7511, or 5167.12 of the Revised Code.

Sec. 4729.48. When filling a prescription, if a pharmacist, pharmacy intern, or terminal distributor of dangerous drugs has information indicating that the cost-sharing amount required by the patient's health benefit plan exceeds the amount that may otherwise be charged for the same drug, both of the following apply:

(A) The pharmacist, pharmacy intern, or terminal distributor shall provide this information to the patient.

(B) The patient shall not be charged the higher amount.

Sec. 4729.571. (A) The state board of pharmacy may suspend without a hearing the license of a terminal distributor of dangerous drugs if the board determines that there is clear and convincing evidence of a danger of immediate and serious harm to others due to either of the following:

(1) The method used by the terminal distributor to possess or distribute dangerous drugs;

(2) The method of prescribing dangerous drugs used by a licensed health professional authorized to prescribe drugs who holds a terminal distributor license or practices in the employ of or under contract with a terminal distributor.

(B) The board shall follow the procedure for suspension without a prior hearing in section 119.07 of the Revised Code. The suspension shall remain in effect, unless removed by the board, until the board's final adjudication order becomes effective,
except that if the board does not issue its final adjudication order within one hundred twenty days after the suspension, the suspension shall be void on the one hundred twenty-first day after the suspension.

If the terminal distributor holds a license with a pain management clinic classification issued under section 4729.552 of the Revised Code or a license with an office-based opioid treatment classification issued under section 4729.553 of the Revised Code and the person holding the license also holds a certificate license issued under Chapter 4731. of the Revised Code to practice medicine and surgery or osteopathic medicine and surgery, prior to suspending the license without a hearing, the board shall consult with the secretary of the state medical board or, if the secretary is unavailable, another physician member of the board.

(5) On receipt of a request from a prescriber or the prescriber's delegate approved by the board, the board shall provide to the prescriber a report of information from the database relating to a patient who is either a current patient of the prescriber or a potential patient of the prescriber based on a referral of the patient to the prescriber, if all of the following conditions are met:

(a) The prescriber certifies in a form specified by the board that it is for the purpose of providing medical treatment to the patient who is the subject of the request;

(b) The prescriber has not been denied access to the database by the board.

(6) On receipt of a request from a pharmacist or the pharmacist's delegate approved by the board, the board shall provide to the pharmacist information from the database relating to a current patient of the pharmacist, if the pharmacist certifies in a form specified by the board that it is for the purpose of the pharmacist's practice of pharmacy involving the...
