SYNOPSIS

Quality Community School Support Program – eligibility

Section 265.335

Qualifies for a grant under the bill's program a community
school that opened as a kindergarten school and has added one
grade per year and has been in operation for less than four
school years and is replicating the operational and
instructional model used by a community school that is qualified
under other criteria (performance index score higher than the
district it is located in, at least 50% of its students are
economically disadvantaged, and an overall value-added grade of
"A" or "B"). Like all other schools that qualify, the school's
sponsor must be rated "exemplary" or "effective" on its most
recent evaluation.
