SYNOPSIS

Medicaid supplemental dispensing fee 31

Section 333.280 32

Modifies Senate-passed provisions of the bill that require 33
 the Department of Medicaid to provide a supplemental dispensing 34
 fee to retail pharmacies under the care management system as 35
 follows: 36

-Requires the dispensing fee payment levels to be based on 37
 (1) the ratio of Medicaid prescriptions compared to total 38
 prescriptions a pharmacy location fills and (2) the rate of 39
 pharmacy locations participating in the care management system in 40
 that geographic area, as determined by the Department, instead of 41
 on the number of Medicaid prescriptions the pharmacy location 42
 fills each month. 43

-Requires the Medicaid Director to adjust the supplemental 44
dispensing fees if federal Medicaid statutes or regulations reduce 45
the amount of federal funds the Department receives for the 46
supplemental dispensing fee. 47

-Specifies that the Department of Medicaid must expend \$10.0 48
million in FY 2020 and \$20.3 million in FY 2021 state share, along 49
with any corresponding federal shares, for the supplemental 50
dispensing fees to be paid to retail pharmacies. 51
