The director shall issue a ruling not later than forty-five days after receiving a request for a ruling accompanied by the information needed to make the ruling, except that if an expedited review is requested, the ruling shall be issued not later than thirty days after receiving the request for a ruling accompanied by the information needed to make the ruling. If the director does not issue a ruling in the required time, the project shall be considered to have been ruled..."
not a reviewable activity.

(B)(1) Each application for a certificate of need shall be submitted to the director on forms and in the manner prescribed by the director. An application for which expedited review is requested must meet the same requirements as all other applications.

Each application shall include a plan for obligating the capital expenditures or implementing the proposed project on a timely basis in accordance with section 3702.524 of the Revised Code. Each application shall also include all other information required by rules adopted under division (B) of section 3702.57 of the Revised Code.

(2) Each application shall be accompanied by the application fee established in rules adopted under division (G) of section 3702.57 of the Revised Code. Application fees received by the director under this division shall be deposited into the state treasury to the credit of the certificate of need fund, which is hereby created. The director shall use the fund only to pay the costs of administering sections 3702.11 to 3702.20, 3702.30, and 3702.51 to 3702.62 of the Revised Code and rules adopted under those sections. An application fee is nonrefundable unless the director determines that the application cannot be accepted.

(3) The director shall review applications for certificates of need. As part of a review, the director shall determine whether an application is complete. The director shall not consider an application to be complete unless the application meets all criteria for a complete application specified in rules adopted under section 3702.57 of the Revised Code. For an application being considered under the standard review process, the director shall mail to the applicant a written notice that the application
is complete, or a written request for additional information, not later than thirty days after receiving an application or a response to an earlier request for information. For an application for which expedited review is requested, the director's notice or request shall be mailed not later than fourteen days after the director receives the application or a response to an earlier request for information. Except as provided in section 3702.522 of the Revised Code, the director shall not make more than two requests for additional information. The director shall make a final determination regarding an application's completeness and issue a notice of the determination not later than one hundred eighty days after the date the director received the initial application. The director's determination that an application is not complete is final and not subject to appeal.

(4) Except as necessary to comply with a subpoena issued under division (F) of this section, after a notice of completeness has been received, no person shall make revisions to information that was submitted to the director before the director mailed the notice of completeness or knowingly discuss in person or by telephone the merits of the application with the director. A person may supplement an application after a notice of completeness has been received by submitting clarifying information to the director.

(C) All of the following apply to the process of granting or denying a certificate of need:

(1) If the project proposed in a certificate of need application meets all of the applicable certificate of need criteria for approval under sections 3702.51 to 3702.62 of the Revised Code and the rules adopted under those sections, the
director shall grant a certificate of need for all or part of the project that is the subject of the application by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section.

(2) The director's grant of a certificate of need does not affect, and sets no precedent for, the director's decision to grant or deny other applications for similar reviewable activities.

(3) Any affected person may submit written comments regarding an application. The director shall consider all written comments received by the forty-fifth day after the application is submitted to the director, except that to be considered in an expedited review, written comments must be received by the twenty-first day after the application is submitted.

(4) Except as provided in division (C)(5) of this section, the director shall grant or deny certificate of need applications not later than sixty days after mailing the notice of completeness unless the application is receiving expedited review. If the application is receiving expedited review, the director shall grant or deny the application not later than forty-five days after mailing the notice of completeness.

(5) Except as otherwise provided in division (C)(6) of this section, the director or the applicant may extend the deadline prescribed in division (C)(4) of this section once, for no longer than thirty days, by written notice before the end of the deadline prescribed by division (C)(4) of this section. An extension by the director under division (C)(5) of this section shall apply to all applications that are in comparative review.

(6) No applicant in a comparative review may extend the deadline specified in division (C)(4) of this section.
(7) If the director does not grant or deny the certificate by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section, the certificate shall be considered to have been granted.

(8) In granting a certificate of need, the director shall specify as the maximum capital expenditure the certificate holder may obligate under the certificate a figure equal to one hundred ten per cent of the approved project cost.

(9) In granting a certificate of need, the director may grant the certificate with conditions that must be met by the holder of the certificate.

(D) When a certificate of need is granted for a project under which beds are to be relocated, upon completion of the project for which the certificate of need was granted a number of beds equal to the number of beds relocated shall cease to be operated in the long-term care facility from which they are relocated, except that the beds may continue to be operated for not more than fifteen days to allow relocation of residents to the facility to which the beds have been relocated. Notwithstanding section 3721.03 of the Revised Code, if the relocated beds are in a home licensed under Chapter 3721. of the Revised Code, the facility's license is automatically reduced by the number of beds relocated effective fifteen days after the beds are relocated. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the certification for the beds shall be surrendered. If the beds are registered under section 3701.07 of the Revised Code as skilled nursing beds or long-term care beds, the director shall remove the beds from registration not later than fifteen days after the beds are relocated.
(E) During the period beginning with the granting of a certificate of need and ending five years after implementation of the reviewable activity for which the certificate was granted, the director shall monitor the activities of the person granted the certificate to determine whether the reviewable activity is conducted in substantial accordance with the certificate. A reviewable activity shall not be determined to be not in substantial accordance with the certificate of need solely because of either of the following:

1. A decrease in bed capacity;

2. A change in the owner or operator of the facility unless any of the circumstances specified in division (B) of section 3702.59 of the Revised Code apply to the new owner or operator.

(F) When reviewing applications for certificates of need, considering appeals under section 3702.60 of the Revised Code, or monitoring activities of persons granted certificates of need, the director may issue and enforce, in the manner provided in section 119.09 of the Revised Code, subpoenas and subpoenas duces tecum to compel a person to testify and produce documents relevant to review of the application, consideration of the appeal, or monitoring of the activities. In addition, the director or the director's designee may visit the sites where the activities are or will be conducted.

(G) The director may withdraw certificates of need.

(H) All long-term care facilities shall submit to the director, upon request, any information prescribed by rules adopted under division (H) of section 3702.57 of the Revised Code that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews.
Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of long-term care facilities administered by religious organizations, and the special needs and circumstances of inner city and rural communities.

Sec. 3702.57. (A) The director of health shall adopt rules establishing procedures and criteria for reviews of applications for certificates of need and issuance, denial, or withdrawal of certificates.

(1) In adopting rules that establish criteria for reviews of applications of certificates of need, the director shall consider the availability of and need for long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries and shall prescribe criteria for reviewing applications that propose to add long-term care beds to provide care and treatment to persons diagnosed as having traumatic brain injuries.

(2) The criteria for reviews of applications for certificates of need shall relate to the need for the reviewable activity and shall pertain to all of the following matters:

(a) The impact of the reviewable activity on the cost and quality of long-term care services in the relevant service area, including, but not limited, to the historical and projected utilization of the services to which the application pertains and the effect of the reviewable activity on utilization of other providers of similar services;

(b) The quality of the services to be provided as the result of the activity, as evidenced by the historical performance of the persons that will be involved in providing the services and by the
provisions that are proposed in the application to ensure quality, including but not limited to adequate available personnel, available ancillary and support services, available equipment, size and configuration of physical plant, and relations with other providers;

(c) The impact of the reviewable activity on the availability and accessibility of the type of services proposed in the application to the population of the relevant service area, and the level of access to the services proposed in the application that will be provided to medically underserved individuals such as recipients of public assistance and individuals who have no health insurance or whose health insurance is insufficient;

(d) The activity's short- and long-term financial feasibility and cost-effectiveness, the impact of the activity on the applicant's costs and charges, and a comparison of the applicant's costs and charges with those of providers of similar services in the applicant's proposed service area;

(e) The advantages, disadvantages, and costs of alternatives to the reviewable activity;

(f) The impact of the activity on all other providers of similar services in the relevant service area, including the impact on their utilization, market share, and financial status;

(g) The historical performance of the applicant and related or affiliated parties in complying with previously granted certificates of need and any applicable certification, accreditation, or licensure requirements;

(h) The historical performance of the applicant and related or affiliated parties in providing cost-effective long-term care services;
(i) The special needs and circumstances of the applicant or population proposed to be served by the proposed project, including research activities, prevalence of particular diseases, unusual demographic characteristics, cost-effective contractual affiliations, and other special circumstances;

(j) The appropriateness of the zoning status of the proposed site of the activity;

(k) The participation by the applicant in research conducted by the United States food and drug administration or clinical trials sponsored by the national institutes of health.

(3) The criteria for reviews of applications shall include a formula for determining each county's long-term care bed need for purposes of section 3702.593 of the Revised Code and may include other formulas for determining need for beds.

Any rules prescribing criteria that establish ratios of beds to population shall specify the bases for establishing the ratios or mitigating factors or exceptions to the ratios.

(B) The director shall adopt rules specifying all of the following:

(1) Information that must be provided in applications for certificates of need;

(2) Procedures for reviewing applications for completeness of information;

(3) Criteria for determining that the application is complete;

(4) Procedures for making a final determination regarding an application's completeness and issuing a notice of the determination within the one-hundred-eighty-day time frame.
specified in division (B)(3) of section 3702.52 of the Revised Code.

(C) The director shall adopt rules specifying requirements that holders of certificates of need must meet in order for the certificates to remain valid and establishing definitions and requirements for obligation of capital expenditures and implementation of projects authorized by certificates of need.

(D) The director shall adopt rules establishing criteria and procedures under which the director of health may withdraw a certificate of need if the holder fails to meet requirements for continued validity of the certificate.

(E) The director shall adopt rules establishing procedures under which the department of health shall monitor project implementation activities of holders of certificates of need. The rules adopted under this division also may establish procedures for monitoring implementation activities of persons that have received nonreviewability rulings.

(F) The director shall adopt rules establishing procedures under which the director of health shall review certificates of need whose holders exceed or appear likely to exceed an expenditure maximum specified in a certificate.

(G) The director shall adopt rules establishing certificate of need application fees sufficient to pay the costs incurred by the department for administering sections 3702.51 to 3702.62 of the Revised Code. Unless rules are adopted under this division establishing different application fees, the application fee for a project not involving a capital expenditure shall be three thousand dollars and the application fee for a project involving a capital expenditure shall be nine-tenths of one per cent of the capital expenditure proposed subject to a minimum of three
thousand dollars and a maximum of twenty thousand dollars.

(H) The director shall adopt rules specifying information that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews that long-term care facilities are to submit to the director under division (H) of section 3702.52 of the Revised Code.

(I) The director shall adopt rules defining "affiliated person," "related person," and "ultimate controlling interest" for purposes of section 3702.523 of the Revised Code.

(J) The director shall adopt rules prescribing requirements for holders of certificates of need to demonstrate to the director under section 3702.525 of the Revised Code that reasonable progress is being made toward completion of the reviewable activity and establishing standards by which the director shall determine whether reasonable progress is being made.

(K) The director shall adopt all rules under divisions (A) to (J) of this section in accordance with Chapter 119. of the Revised Code. The director may adopt other rules as necessary to carry out the purposes of sections 3702.51 to 3702.62 of the Revised Code.

Sec. 3702.593. (A) At the times specified in this section, the director of health shall accept, for review under section 3702.52 of the Revised Code, certificate of need applications for any of the following purposes if the proposed increase in beds is attributable solely to relocation of existing beds from an existing long-term care facility in a county with excess beds to a long-term care facility in a county in which there are fewer long-term care beds than the county's bed need:

(1) Approval of beds in a new long-term care facility or an increase of beds in an existing long-term care facility if the
beds are proposed to be licensed as nursing home beds under Chapter 3721. of the Revised Code;

(2) Approval of beds in a new county home or new county nursing home, or an increase of beds in an existing county home or existing county nursing home if the beds are proposed to be certified as skilled nursing facility beds under the medicare program, Title XVIII of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1395, as amended, or nursing facility beds under the medicaid program, Title XIX of the "Social Security Act," 49 Stat. 286 (1965), 42 U.S.C. 1396, as amended;

(3) An increase of hospital beds registered pursuant to section 3701.07 of the Revised Code as long-term care beds.

(B) For the purpose of implementing this section, the director shall do all of the following:

(1) Not later than April 1, 2012 October 1, 2023, and every four years thereafter, determine the long-term care bed supply for each county, which shall consist of all of the following:

(a) Nursing home beds licensed under Chapter 3721. of the Revised Code;

(b) Beds certified as skilled nursing facility beds under the medicare program or nursing facility beds under the medicaid program;

(c) Beds in any portion of a hospital that are properly registered under section 3701.07 of the Revised Code as skilled nursing beds, long-term care beds, or special skilled nursing beds;

(d) Beds in a county home or county nursing home that are certified under section 5155.38 of the Revised Code as having been in operation on July 1, 1993, and are eligible for licensure as
nursing home beds;

(e) Beds described in division (O)(5) of section 3702.51 of the Revised Code.

(2) Determine the long-term care bed occupancy rate for the state at the time the determination is made;

(3) For each county, determine the county's bed need by identifying the number of long-term care beds that would be needed in the county in order for the statewide occupancy rate for a projected population aged sixty-five and older to be ninety per cent.

In determining each county's bed need, the director shall use the formula developed in rules adopted under section 3702.57 of the Revised Code. A determination shall be made not later than October 1, 2023, and every four years thereafter. After each determination is made, the director shall publish the county's bed need on the web site maintained by the department of health.

(C) The director's consideration of an application for a certificate of need that would increase the number of beds in a county shall be consistent with the county's bed need determined under division (B) of this section except as follows:

(1) If a county's occupancy rate is less than eighty-five per cent, the county shall be considered to have no need for additional beds.

(2) Even if a county is determined not to need any additional long-term care beds, the director may approve an increase in beds equal to up to ten per cent of the county's bed supply if the county's occupancy rate is greater than ninety per cent.

(D)(1) The For the review process used in considering certificate of need applications, the director shall establish a
review period for the first review process shall begin July 1, 2010 that begins January 1, 2020, and end June 30, 2012 ends December 31, 2023. The next review period shall begin July 1, 2012, and end June 30, 2016. Thereafter, the review period for each comparative review process shall begin on the first day of July January following the end of the previous review period and shall be four years.

(2) Certificate of need applications shall be accepted during the first month of the review period and reviewed through the thirtieth day of April September of the following year in which the review period begins.

(3) Except for the first review period after October 16, 2009, each review period may consist of two phases. The first phase of the review period shall be the period during which the director accepts and reviews certificate of need applications as provided in division (D)(2) of this section. If the director determines that there will be acceptance and review of additional certificate of need applications, the second phase of the review period shall begin on the first day of July of the third year of the review period. The second phase shall be limited to acceptance and review of applications for redistribution of beds made available pursuant to division (I) of this section. During the period between the first and second phases of the review period, the director shall act in accordance with division (I) of this section.

(E) The director shall consider certificate of need applications in accordance with all of the following:

(1) The number of beds approved for a county shall include only beds available for relocation from another county and shall not exceed the bed need of the receiving county;
(2) The director shall consider the existence of community resources serving persons who are age sixty-five or older or disabled that are demonstrably effective in providing alternatives to long-term care facility placement.

(3) The director shall approve relocation of beds from a county only if, after the relocation, the number of beds remaining in the county will exceed the county's bed need by at least one hundred beds;

(4) The director shall approve relocation of beds from a long-term care facility only if, after the relocation, the number of beds in the facility's service area is at least equal to the state bed need rate. For purposes of this division, a facility's service area shall be either of the following:

(a) The census tract in which the facility is located, if the facility is located in an area designated by the United States secretary of health and human services as a health professional shortage area under the "Public Health Service Act," 88 Stat. 682 (1944), 42 U.S.C. 254(e), as amended;

(b) The area that is within a fifteen-mile radius of the facility's location, if the facility is not located in a health professional shortage area.

(F) Applications made under this section are subject to comparative review if two or more applications are submitted during the same review period and any of the following applies:

(1) The applications propose to relocate beds from the same county and the number of beds for which certificates of need are being requested totals more than the number of beds available in the county from which the beds are to be relocated.

(2) The applications propose to relocate beds to the same
county and the number of beds for which certificates of need are being requested totals more than the number of beds needed in the county to which the beds are to be relocated.

(3) The applications propose to relocate beds from the same service area and the number of beds left in the service area from which the beds are being relocated would be less than the state bed need rate determined by the director.

(G) In determining which applicants should receive preference in the comparative review process, the director shall consider all of the following as weighted priorities:

(1) Whether the beds will be part of a continuing care retirement community;

(2) Whether the beds will serve an underserved population, such as low-income individuals, individuals with disabilities, or individuals who are members of racial or ethnic minority groups;

(3) Whether the project in which the beds will be included will provide alternatives to institutional care, such as adult day-care, home health care, respite or hospice care, mobile meals, residential care, independent living, or congregate living services;

(4) Whether the long-term care facility's owner or operator will participate in medicaid waiver programs for alternatives to institutional care;

(5) Whether the project in which the beds will be included will reduce alternatives to institutional care by converting residential care beds or other alternative care beds to long-term care beds;

(6) Whether the facility in which the beds will be placed has positive resident and family satisfaction surveys;
(7) Whether the facility in which the beds will be placed has fewer than fifty long-term care beds;

(8) Whether the long-term care facility in which the beds will be placed is located within the service area of a hospital and is designed to accept patients for rehabilitation after an in-patient hospital stay;

(9) Whether the long-term care facility in which the beds will be placed is or proposes to become a nurse aide training and testing site;

(10) The rating, under the centers for medicare and medicaid services' five star nursing home quality rating system, of the long-term care facility in which the beds will be placed.

(H) A person who has submitted an application under this section that is not subject to comparative review may revise the site of the proposed project pursuant to section 3702.522 of the Revised Code.

(I) When a certificate of need application is approved during the initial phase of a four-year review period, in addition to the actions required by division (D) of section 3702.52 of the Revised Code, the long-term care facility from which the beds were relocated shall reduce the number of beds operated in the facility by a number of beds equal to at least ten per cent of the number of beds relocated. If these beds are in a home licensed under Chapter 3721. of the Revised Code, the long-term care facility shall have the beds removed from the license. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the facility shall surrender the certification of these beds. If the beds are registered as skilled nursing beds or long-term care beds under section 3701.07 of the Revised Code, the
long-term care facility shall surrender the registration for these beds. This reduction shall be made not later than the completion date of the project for which the beds were relocated.

(7)(1) Once approval of certificate of need applications in the first phase of a four-year review period is complete, the director shall make a new determination of the bed need for each county by reducing the county's bed need by the number of beds approved for relocation to the county. The new bed-need determination shall be made not later than the first day of April of the third year of the review period.

(2) The director may publish on the department's web site the remaining bed need for counties that will be considered for redistribution of beds that, in accordance with division (I) of this section, have ceased or will cease to be operated. The director shall base the determination of whether to include a county on all of the following:

(a) The statewide number of beds that, in accordance with division (I) of this section, have ceased or will cease to be operated;

(b) The county's remaining bed need;

(c) The county's bed occupancy rate.

(K) If the director publishes the remaining bed need for a county under division (J)(2) of this section, the director may, beginning on the first day of the second phase of the review period, accept certificate of need applications for redistribution to long-term care facilities in that county of beds that have ceased or will cease operation in accordance with division (I) of this section. The total number of beds approved for redistribution in the second phase of a review period shall not exceed the number that have ceased or will cease operation in accordance with
division (I) of this section. Beds that are not approved for redistribution during the second phase of a review period shall not be available for redistribution at any future time.

Sec. 3702.60. (A) Any affected person may appeal a reviewability ruling to the director of health in accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. An affected person may appeal the director's ruling in the adjudication hearing to the tenth district court of appeals.

(B) The applicant for a certificate of need applicant or another affected person may appeal to the director in accordance with Chapter 119. of the Revised Code of health a decision issued by the director to grant or deny a certificate of need application. The person that requested a reviewability ruling may appeal to the director with respect to the resulting ruling issued by the director.

The appeal by the applicant or person shall be made in accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. The certificate of need applicant or other affected person that appeals the director's decision to grant or deny a certificate of need application In the appeal, the applicant or person must prove by a preponderance of the evidence that the director's decision or ruling is not in accordance with sections 3702.52 to 3702.62 of the Revised Code or rules adopted under those sections. The certificate of need

The applicant or an affected person that was a party to and participated in an adjudication hearing conducted under this division may appeal to the tenth district court of appeals the
decision issued by the director following the adjudication hearing.

(C) The holder of a certificate of need may appeal to the director in accordance with Chapter 119. of the Revised Code a decision issued by the director under section 3702.52 or 3702.525 of the Revised Code to withdraw a certificate of need, and the director shall provide an adjudication hearing in accordance with that chapter. The person may appeal the director's ruling in the adjudication hearing to the tenth district court of appeals.

(D) Any person determined by the director to have violated section 3702.53 of the Revised Code may appeal that determination, or the penalties imposed under section 3702.54 or 3702.541 of the Revised Code, to the director in accordance with Chapter 119. of the Revised Code, and the director shall provide an adjudication hearing in accordance with that chapter. The person may appeal the director's ruling in the adjudication hearing to the tenth district court of appeals.

(1) Not later than thirty days after receipt of the notice of
appeal, the director shall prepare and certify to the court the complete record of the proceedings out of which the appeal arises. The expense of preparing and transcribing the record shall be taxed as part of the costs of the appeal. In the event that the record or a part thereof is not certified within the time prescribed by this division, the appellant may apply to the court for an order that the record be certified.

(2) In hearing the appeal, the court shall consider only the evidence contained in the record certified to it by the director. The court may remand the matter to the director for the admission of additional evidence on a finding that the additional evidence is material, newly discovered, and could not with reasonable diligence have been ascertained before the hearing before the director. Except as otherwise provided by statute, the court shall give the hearing on the appeal preference over all other civil matters, irrespective of the position of the proceedings on the calendar of the court.

(3) The court shall affirm the director's order if it finds, upon consideration of the entire record and any additional evidence admitted under division (E)(2) of this section, that the order is supported by reliable, probative, and substantial evidence and is in accordance with law. In the absence of such a finding, it shall reverse, vacate, or modify the order.

(4) If the court determines that the director committed material procedural error, the court shall remand the matter to the director for further consideration or action.

(G) The court may award reasonable attorney's fees against the appellant if it determines that the appeal was frivolous. Sections 119.092, 119.093, and 2335.39 of the Revised Code do not apply to adjudication hearings under this section or section
3702.52 of the Revised Code and judicial appeals under this section.

Notwithstanding section 3702.593 of the Revised Code or any other conflicting provision of sections 3702.51 to 3702.62 of the Revised Code, all of the following apply to the Director of Health when reviewing certificate of need applications during January 2020:

(A) Except as provided in division (B) of this section, the
Director shall use the long-term care bed supply and bed need made in calendar year 2016.

(B) In the case of Delaware, Greene, Lake, Licking, and Medina counties, the Director shall do the following:

Certificate of Need Program procedures

R.C. 3702.52, 3702.57, 3702.593, and 3702.60; Sections 737.____, 737.____, and 737.____

Restores, with revisions, certain House-passed provisions pertaining to the procedures that are used in administering the Certificate of Need (CON) Program, as follows:

--Reinstates the House provision that (1) requires the Ohio Department of Health (ODH) to adopt rules specifying procedures for determining whether a certificate of need (CON) application is complete and (2) requires ODH to issue a notice of that
determination within 180 days of receiving the initial application, but adds a provision specifying that existing rules on completeness of CON applications remain in effect until the new rules are adopted.

--Reinstates the House provision that authorizes CON applications in January 2020 to be reviewed according to the bed supply and bed need determinations made in 2016, but specifies conditions applicable only to CON applications concerning proposed projects in Delaware, Greene, Lake, Licking, and Medina counties and specifies the number of beds that may be added in each of those counties;

--Adds provisions that limit the types of CON applications that the ODH Director may accept until July 1, 2021;

--Reinstates the House provision that eliminates the second phase of the four-year CON review process, but changes the dates that the county bed supply and need determinations are to be made;

--Reinstates the House provision that specifies who may appeal the ODH Director's CON reviewability rulings, while also retaining current law authorizing the use of the Administrative Procedure Act rather than requiring the use of a new administrative review process;

--Adds a provision eliminating the ability to award attorney fees against a CON appellant whose appeal is found to be frivolous.
