32   SYNOPSIS

33   **EdChoice scholarship program — scholarship computations**

34   **R.C. 3310.08**

35   Specifies that each EdChoice scholarship must be computed
36 as the lesser of (1) the base tuition amount of the chartered
37 nonpublic school in which the student is enrolled *minus*
38 applicable tuition discounts, or (2) the scholarship amount
39 prescribed under current law. (The Senate version specifies that
40 the scholarship be computed as the school's tuition before
41 applying any financial aid received by the student and is the
42 lesser of that amount or the maximum amount. Current law
43 specifies that the scholarship is the lesser of "the tuition
44 charged" by the school or the maximum amount.)

45   Defines "tuition discount" as a deduction from the base
46 tuition amount (gross amount) for one or more of the following
47 conditions:

48   (1) The student's family has multiple children enrolled in
49 the same school;

50   (2) The student's family is a member of or affiliated with
51 a religious or secular organization that provides oversight of
52 the school or from which the school has agreed to enroll
53 students;

54   (3) The student's parent is an employee of the school; or

55   (4) Some other qualification not based on family income or
56 the student's athletic or academic ability, for which all
57 students in the school may qualify.
