Sec. 133.18. (A) The taxing authority of a subdivision may by legislation submit to the electors of the subdivision the question of issuing any general obligation bonds, for one purpose, that the subdivision has power or authority to issue.

(B) When the taxing authority of a subdivision desires or is required by law to submit the question of a bond issue to the electors, it shall pass legislation that does all of the following:

(1) Declares the necessity and purpose of the bond issue;

(2) States the date of the authorized election at which the question shall be submitted to the electors;

(3) States the amount, approximate date, estimated net average rate of interest, and maximum number of years over which the principal of the bonds may be paid;

(4) Declares the necessity of levying a tax outside the tax limitation to pay the debt charges on the bonds and any anticipatory securities.

The estimated net average interest rate shall be determined by the taxing authority based on, among other factors, then existing market conditions, and may reflect adjustments for any anticipated direct payments expected to be received by the taxing authority from the government of the United States relating to the bonds and the effect of any federal tax credits anticipated to be available to owners of all or a portion of the bonds. The estimated net average rate of interest, and any statutory or charter limit on interest rates that may then be in effect and that is subsequently amended, shall not be a limitation on the actual interest rate or rates on the securities when issued.
(C)(1) The taxing authority shall certify a copy of the legislation passed under division (B) of this section to the county auditor. The county auditor shall promptly calculate and advise and, not later than ninety days before the election, confirm that advice by certification to, the taxing authority the estimated average annual property tax levy, expressed in cents or dollars and cents for each one hundred thousand dollars of tax valuation fair market value and in mills for each one dollar of tax valuation taxable value, that the county auditor estimates to be required throughout the stated maturity of the bonds to pay the debt charges on the bonds. The auditor shall additionally calculate and certify the amount the levy is estimated to collect for each tax year it is levied, rounded to the nearest dollar. In calculating the estimated average annual property tax levy and the levy's estimated annual collections for this purpose, the county auditor shall assume that the bonds are issued in one series bearing interest and maturing in substantially equal principal amounts in each year over the maximum number of years over which the principal of the bonds may be paid as stated in that legislation, and that the amount of the tax valuation of the subdivision for the current year remains the same throughout the maturity of the bonds, except as otherwise provided in division (C)(2) of this section. If the tax valuation for the current year is not determined, the county auditor shall base the calculation on the estimated amount of the tax valuation submitted by the county auditor to the county budget commission. If the subdivision is located in more than one county, the county auditor shall obtain the assistance of the county auditors of the other counties, and those county auditors shall provide assistance, in establishing the tax valuation of the subdivision for purposes of certifying the estimated average annual property tax levy and the...
levy's estimated annual collections.

(2) When considering the tangible personal property component of the tax valuation of the subdivision, the county auditor shall take into account the assessment percentages prescribed in section 5711.22 of the Revised Code. The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

(D) After receiving the county auditor's advice under division (C) of this section, the taxing authority by legislation may determine to proceed with submitting the question of the issue of securities, and shall, not later than the ninetieth day before the day of the election, file the following with the board of elections:

(1) Copies of the legislation provided for in divisions (B) and (D) of this section;

(2) The amount of the estimated average annual property tax levy, expressed in cents or dollars and cents for each one hundred thousand dollars of tax valuation fair market value and in mills for each one dollar of tax valuation taxable value, as estimated and certified to the taxing authority by the county auditor;

(3) The amount the levy is estimated to collect for each tax year it is levied, as certified to the taxing authority by the county auditor.

(E)(1) The board of elections shall prepare the ballots and make other necessary arrangements for the submission of the question to the electors of the subdivision. If the subdivision is located in more than one county, the board shall inform the boards of elections of the other counties of the filings with it, and those other boards shall if appropriate make the other necessary arrangements for the election in their counties. The election
shall be conducted, canvassed, and certified in the manner provided in Title XXXV of the Revised Code.

(2) The election shall be held at the regular places for voting in the subdivision. If the electors of only a part of a precinct are qualified to vote at the election the board of elections may assign the electors in that part to an adjoining precinct, including an adjoining precinct in another county if the board of elections of the other county consents to and approves the assignment. Each elector so assigned shall be notified of that fact prior to the election by notice mailed by the board of elections, in such manner as it determines, prior to the election.

(3) The board of elections shall publish a notice of the election once in a newspaper of general circulation in the subdivision, no later than ten days prior to the election. The notice shall state all of the following:

(a) The principal amount of the proposed bond issue;
(b) The stated purpose for which the bonds are to be issued;
(c) The maximum number of years over which the principal of the bonds may be paid;
(d) The estimated annual collections of the property tax;
(e) The estimated additional average annual property tax levy, expressed in dollars for each one hundred thousand dollars of tax valuation and in mills for each one dollar of tax valuation, to be levied outside the tax limitation, as estimated and certified to the taxing authority by the county auditor;
(f) The first calendar year in which the tax is expected to be due.
(F) The form of the ballot to be used at the election shall be substantially either of the following, as applicable:

(1) "Shall bonds be issued by the .......... (name of subdivision) for the purpose of .......... (purpose of the bond issue) in the principal amount of $.......... (principal amount of the bond issue), to be repaid annually over a maximum period of .......... (2) The purpose for which the bonds are to be issued shall be printed in the space indicated, in boldface type.

(G) The board of elections shall promptly certify the results of the election to the tax commissioner, the county auditor of each county in which any part of the subdivision is located, and the fiscal officer of the subdivision. The election, including the proceedings for and result of the election, is incontestable other than in a contest filed under section 3515.09 of the Revised Code in which the plaintiff prevails.

(H) If a majority of the electors voting upon the question
vote for it, the taxing authority of the subdivision may proceed under sections 133.21 to 133.33 of the Revised Code with the issuance of the securities and with the levy and collection of a property tax outside the tax limitation during the period the securities are outstanding sufficient in amount to pay the debt charges on the securities, including debt charges on any anticipatory securities required to be paid from that tax. If legislation passed under section 133.22 or 133.23 of the Revised Code authorizing those securities is filed with the county auditor on or before the last day of November, the amount of the voted property tax levy required to pay debt charges or estimated debt charges on the securities payable in the following year shall if requested by the taxing authority be included in the taxes levied for collection in the following year under section 319.30 of the Revised Code.

(I)(1) If, before any securities authorized at an election under this section are issued, the net indebtedness of the subdivision exceeds that applicable to that subdivision or those securities, then and so long as that is the case none of the securities may be issued.

(2) No securities authorized at an election under this section may be initially issued after the first day of the sixth January following the election, but this period of limitation shall not run for any time during which any part of the permanent improvement for which the securities have been authorized, or the issuing or validity of any part of the securities issued or to be issued, or the related proceedings, is involved or questioned before a court or a commission or other tribunal, administrative agency, or board.

(3) Securities representing a portion of the amount
authorized at an election that are issued within the applicable limitation on net indebtedness are valid and in no manner affected by the fact that the balance of the securities authorized cannot be issued by reason of the net indebtedness limitation or lapse of time.

(4) Nothing in this division (I) shall be interpreted or applied to prevent the issuance of securities in an amount to fund or refund anticipatory securities lawfully issued.

(5) The limitations of divisions (I)(1) and (2) of this section do not apply to any securities authorized at an election under this section if at least ten per cent of the principal amount of the securities, including anticipatory securities, authorized has theretofore been issued, or if the securities are to be issued for the purpose of participating in any federally or state-assisted program.

(6) The certificate of the fiscal officer of the subdivision is conclusive proof of the facts referred to in this division.

(j) As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 306.32. Any county, or any two or more counties, municipal corporations, or townships, or any combination of these, may create a regional transit authority by the adoption of a resolution or ordinance by the board of county commissioners of each county, the legislative authority of each municipal corporation, and the board of township trustees of each township which is to create or to join in the creation of the regional transit authority. The resolution or ordinance shall state:

(A) The necessity for the creation of a regional transit authority;
(B) The counties, municipal corporations, or townships which are to create or to join in the creation of the regional transit authority;

(C) The official name by which the regional transit authority shall be known;

(D) The place in which the principal office of the regional transit authority will be located or the manner in which it may be selected;

(E) The number, term, and compensation, or method for establishing compensation, of the members of the board of trustees of the regional transit authority. Compensation shall not exceed fifty dollars for each board and committee meeting attended by a member, except that if compensation is provided annually it shall not exceed six thousand dollars for the president of the board or four thousand eight hundred dollars for each other board member.

(F) The manner in which vacancies on the board of trustees of the regional transit authority shall be filled;

(G) The manner and to what extent the expenses of the regional transit authority shall be apportioned among the counties, municipal corporations, and townships creating it;

(H) The purposes, including the kinds of transit facilities, for which the regional transit authority is organized.

The regional transit authority provided for in the resolution or ordinance shall be deemed to be created upon the adoption of the resolution or ordinance by the board of county commissioners of each county, the legislative authority of each municipal corporation, and the board of township trustees of each township enumerated in the resolution or ordinance.

The resolution or ordinance creating a regional transit
authority may be amended to include additional counties, municipal corporations, or townships or for any other purpose, by the adoption of the amendment by the board of county commissioners of each county, the legislative authority of each municipal corporation, and the board of township trustees of each township which has created or joined or proposes to join the regional transit authority.

After each county, municipal corporation, and township which has created or joined or proposes to join the regional transit authority has adopted its resolution or ordinance approving inclusion of additional counties, municipal corporations, or townships in the regional transit authority, a copy of each resolution or ordinance shall be filed with the clerk of the board of the county commissioners of each county, the clerk of the legislative authority of each municipal corporation, and the fiscal officer of the board of trustees of each township proposed to be included in the regional transit authority. The inclusion is effective when all such filing has been completed, unless the regional transit authority to which territory is to be added has authority to levy an ad valorem tax on property, or a sales tax, within its territorial boundaries, in which event the inclusion shall become effective on the sixtieth day after the last such filing is accomplished, unless, prior to the expiration of the sixty-day period, qualified electors residing in the area proposed to be added to the regional transit authority, equal in number to at least ten per cent of the qualified electors from the area who voted for governor at the last gubernatorial election, file a petition of referendum against the inclusion. Any petition of referendum filed under this section shall be filed at the office of the secretary of the board of trustees of the regional transit authority. The person presenting the petition shall be given a

133HB166-CC6133/RH
receipt containing on it the time of the day, the date, and the purpose of the petition. The secretary of the board of trustees of the regional transit authority shall cause the appropriate board or boards of elections to check the sufficiency of signatures on any petition of referendum filed under this section and, if found to be sufficient, shall present the petition to the board of trustees at a meeting of said board which occurs not later than thirty days following the filing of said petition. Upon presentation to the board of trustees of a petition of referendum against the proposed inclusion, the board of trustees shall promptly certify the proposal to the board or boards of elections for the purpose of having the proposal placed on the ballot at the next general or primary election which occurs not less than ninety days after the date of the meeting of said board, or at a special election, the date of which shall be specified in the certification, which date shall be not less than ninety days after the date of such meeting of the board. Signatures on a petition of referendum may be withdrawn up to and including the meeting of the board of trustees certifying the proposal to the appropriate board or boards of elections. If territory of more than one county, municipal corporation, or township is to be added to the regional transit authority, the electors of the territories of the counties, municipal corporations, or townships which are to be added shall vote as a district, and the majority affirmative vote shall be determined by the vote cast in the district as a whole.

Upon

If the proposal would extend the levy of an existing property tax to the territory to be added to the regional transit authority, the board of trustees of the regional transit board shall request from the county auditor an estimate of the levy's annual collections, assuming that the additional territory has
been added to the regional transit authority, in the same manner as required for a tax levy under section 5705.03 of the Revised Code. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

Upon certification of a proposal to the appropriate board or boards of elections pursuant to this section, the board or boards of election shall make the necessary arrangements for the submission of the question to the electors of the territory to be added to the regional transit authority qualified to vote on the question, and the election shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.191 of the Revised Code, except that the question appearing on the ballot shall read:

"Shall the territory within the ......................... (Name or names of political subdivisions to be joined) be added to ......................... (Name) regional transit authority?" and shall a(n) ............ (here insert type of tax or taxes) at a rate of taxation not to exceed ...... (here insert maximum tax rate or rates) be levied for all transit purposes?"

If the tax is a tax on property, the ballot shall express the levy's estimated annual collections and the rate shall be expressed numerically in mills for each one dollar of taxable value and numerically in dollars for each one hundred thousand dollars of fair market value, as that term is defined in section 5705.01 of the Revised Code.

If the question is approved by at least a majority of the electors voting on the question, the joinder is immediately effective, and the regional transit authority may extend the levy of the tax against all the taxable property within the territory which has been added. If the question is approved at a general

133HB166-CC6133/RH
election or at a special election occurring prior to the general election but after the fifteenth day of July, the regional transit authority may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code, and the levy shall be placed on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the territorial boundaries of the regional transit authority, including the territory within each political subdivision added as a result of the election.

The territorial boundaries of a regional transit authority shall be coextensive with the territorial boundaries of the counties, municipal corporations, and townships included within the regional transit authority, provided that the same area may be included in more than one regional transit authority so long as the regional transit authorities are not organized for purposes as provided for in the resolutions or ordinances creating the same, and any amendments to them, relating to the same kinds of transit facilities; and provided further, that if a regional transit authority includes only a portion of an entire county, a regional transit authority for the same purposes may be created in the remaining portion of the same county by resolution of the board of county commissioners acting alone or in conjunction with municipal corporations and townships as provided in this section.

No regional transit authority shall be organized after January 1, 1975, to include any area already included in a regional transit authority, except that any regional transit authority organized after June 29, 1974, and having territorial boundaries entirely within a single county shall, upon adoption by the board of county commissioners of the county of a resolution creating a regional transit authority including within its territorial jurisdiction the existing regional transit authority
and for purposes including the purposes for which the existing regional transit authority was created, be dissolved and its territory included in such new regional transit authority. Any resolution creating such a new regional transit authority shall make adequate provision for satisfaction of the obligations of the dissolved regional transit authority.

**Sec. 306.322.** (A) For any regional transit authority that levies a property tax and that includes in its membership political subdivisions that are located in a county having a population of at least four hundred thousand according to the most recent federal census, the procedures of this section apply until November 5, 2013, and are in addition to and an alternative to those established in sections 306.32 and 306.321 of the Revised Code for joining to the regional transit authority additional counties, municipal corporations, or townships.

(B) Any municipal corporation or township may adopt a resolution or ordinance proposing to join a regional transit authority described in division (A) of this section. In its resolution or ordinance, the political subdivision may propose joining the regional transit authority for a limited period of three years or without a time limit.

(C) The political subdivision proposing to join the regional transit authority shall submit a copy of its resolution or ordinance to the legislative authority of each municipal corporation and the board of trustees of each township comprising the regional transit authority. Within thirty days of receiving the resolution or ordinance for inclusion in the regional transit authority, the legislative authority of each municipal corporation and the board of trustees of each township shall consider the question of whether to include the additional subdivision in the
regional transit authority, shall adopt a resolution or ordinance approving or rejecting the inclusion of the additional subdivision, and shall present its resolution or ordinance to the board of trustees of the regional transit authority.

  (D) If a majority of the political subdivisions comprising the regional transit authority approve the inclusion of the additional political subdivision, the board of trustees of the regional transit authority, not later than the tenth day following the day on which the last ordinance or resolution is presented, shall notify the subdivision proposing to join the regional transit authority that it may certify the proposal to the board of elections for the purpose of having the proposal placed on the ballot at the next general election or at a special election conducted on the day of the next primary election that occurs not less than ninety days after the resolution or ordinance is certified to the board of elections.

If the board proposes to extend the levy of an existing property tax to the territory to be added to the regional transit authority, the board shall request from the county auditor an estimate of the levy's annual collections, assuming that the additional territory has been added to the regional transit authority, in the same manner as required for a tax levy under section 5705.03 of the Revised Code. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

  (E) Upon certification of a proposal to the board of elections pursuant to this section, the board of elections shall make the necessary arrangements for the submission of the question to the electors of the territory to be included in the regional transit authority qualified to vote on the question, and the
election shall be held, canvassed, and certified in the same manner as regular elections for the election of officers of the subdivision proposing to join the regional transit authority, except that, if the resolution proposed the inclusion without a time limitation the question appearing on the ballot shall read:

"Shall the territory within the ......................... (Name or names of political subdivisions to be joined) be added to ......................... ......... (Name) regional transit authority?" and shall a(n) ........... (here insert type of tax or taxes) at a rate of taxation not to exceed ..... (here insert maximum tax rate or rates) be levied for all transit purposes?"

If the resolution proposed the inclusion with a three-year time limitation, the question appearing on the ballot shall read:

"Shall the territory within the ......................... (Name or names of political subdivisions to be joined) be added to ......................... ......... (Name) regional transit authority?" for three years and shall a(n) ........... (here insert type of tax or taxes) at a rate of taxation not to exceed ..... (here insert maximum tax rate or rates) be levied for all transit purposes for three years?"

In either case, if the tax is a tax on property, the ballot shall express the levy's estimated annual collections and the rate shall be expressed numerically in mills for each one dollar of taxable value and numerically in dollars for each one hundred thousand dollars of fair market value, as that term is defined in section 5705.01 of the Revised Code.

(F) If the question is approved by at least a majority of the electors voting on the question, the addition of the new territory is effective six months from the date of the certification of its passage, and the regional transit authority may extend the levy of
the tax against all the taxable property within the territory that was added. If the question is approved at a general election or at a special election occurring prior to the general election but after the fifteenth day of July, the regional transit authority may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code, and the levy shall be placed on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the territorial boundaries of the regional transit authority, including the territory within the political subdivision added as a result of the election. If the budget of the regional transit authority is amended pursuant to this paragraph, the county auditor shall prepare and deliver an amended certificate of estimated resources to reflect the change in anticipated revenues of the regional transit authority.

(G) If the question is approved by at least a majority of the electors voting on the question, the board of trustees of the regional transit authority immediately shall amend the resolution or ordinance creating the regional transit authority to include the additional political subdivision.

(H) If the question approved by a majority of the electors voting on the question added the subdivision for three years, the territory of the additional municipal corporation or township in the regional transit authority shall be removed from the territory of the regional transit authority three years after the date the territory was added, as determined in the effective date of the election, and shall no longer be a part of that authority without any further action by either the political subdivisions that were included in the authority prior to submitting the question to the electors or of the political subdivision added to the authority as a result of the election. The regional transit authority reduced
to its territory as it existed prior to the inclusion of the
additional municipal corporation or township shall be entitled to
levy and collect any property taxes that it was authorized to levy
and collect prior to the enlargement of its territory and for
which authorization has not expired, as if the enlargement had not
occurred.

Sec. 345.01. The (A) As used in this chapter, "fair market
value" has the same meaning as in section 5705.01 of the Revised
Code.

(B) The taxing authority of any municipal corporation,
township, or county, at any time not less than one hundred days
prior to a general election in any year, by a vote of two-thirds
of all members of the taxing authority, may, and upon presentation
to the clerk or fiscal officer, as the case may be, of the taxing
authority of a petition signed by not less than two per cent of
the electors of the political subdivision, as shown at the
preceding general election held in the subdivision, shall, declare
by resolution that the amount of taxes which may be raised within
the ten-mill limitation will be insufficient to provide an
adequate amount for the necessary requirements of the subdivision,
and that it is necessary to levy taxes in excess of the limitation
for either or both of the following purposes:

(A) (1) For purchasing a site, and for erecting, equipping,
and furnishing, or for establishing a memorial to commemorate the
services of all members and veterans of the armed forces of the
United States;

(B) (2) For the operation and maintenance of a memorial, and
for the functions related to it.

The resolution shall be confined to the purposes set forth in
this section, and shall specify the amount of increase in rate
which it is necessary to levy, expressed both in mills for each
one dollar of taxable value and in dollars for each one hundred
thousand dollars of fair market value, the purpose of the rate
increase, and the number of years during which the increase shall
be in effect. The increase may include a levy upon the tax
duplicate of the current year. The number of years shall be any
number not exceeding ten. The question of an increase in tax rate
under divisions (A), (B)(1) and (B)(2) of this section may be
submitted to the electors on one ballot.

The total tax for the purposes included in this section shall
not, in any year, exceed one mill of each dollar of valuation
taxable value.

The resolution shall go into immediate effect upon its
passage, and no publication of the resolution, other than that
provided for in the notice of election, shall be necessary.

Sec. 345.03. A copy of any resolution adopted under section
345.01 of the Revised Code shall be certified within five days by
the taxing authority and not later than four p.m. of the
ninetieth day before the day of the election, to the county board
of elections, and such board shall submit the proposal to the
electors of the subdivision at the succeeding general election.
The board shall make the necessary arrangements for the submission
of such question to the electors of the subdivision, and the
election shall be conducted, canvassed, and certified in like
manner as regular elections in such subdivision.

Notice of the election shall be published once in a newspaper
of general circulation in the subdivision, not less than two weeks
prior to such election. The notice shall set out the purpose of
the proposed increase in rate, the levy's estimated annual collections, the amount of the increase expressed in dollars and cents for each one hundred thousand dollars of valuation fair market value as well as in mills for each one dollar of property valuation taxable value, the number of years during which such increase will be in effect, and the time and place of holding such election.

Sec. 345.04. The form of the ballot cast at a general election, as provided by sections 345.01 to 345.03 of the Revised Code, shall be: "An additional tax for the benefit of (name of subdivision) for the purpose of (state purpose stated in the resolution), that the county auditor estimates will collect $..... annually, at a rate not exceeding ...... mills for each one dollar $1 of valuation taxable value, which amounts to (rate expressed in dollars and cents) $..... for each one hundred dollars $100,000 of valuation fair market value, for (the number of years the levy is to run).

If the tax is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to run, the phrase ", commencing in ........... (first year the tax is to be levied), first due in calendar year ........... (first calendar year in which the tax shall be due)."

The question covered by the resolution shall be submitted to the electors as a separate proposition, but it may be printed on
the same ballot with any other proposition submitted at the same 618
election other than the election of officers. More than one such 619
question may be submitted at the same election.

Sec. 505.37. (A) The board of township trustees may establish 621
all necessary rules to guard against the occurrence of fires and 622
to protect the property and lives of the citizens against damage 623
and accidents, and may, with the approval of the specifications by 624
the prosecuting attorney or, if the township has adopted limited 625
home rule government under Chapter 504. of the Revised Code, with 626
the approval of the specifications by the township's law director, 627
purchase, lease, lease with an option to purchase, or otherwise 628
provide any fire apparatus, mechanical resuscitators, underwater 629
rescue and recovery equipment, or other fire equipment, 630
appliances, materials, fire hydrants, and water supply for 631
fire-fighting and fire and rescue purposes that seems advisable to 632
the board. The board shall provide for the care and maintenance of 633
such fire equipment, and, for these purposes, may purchase, lease, 634
lease with an option to purchase, or construct and maintain 635
necessary buildings, and it may establish and maintain lines of 636
fire-alarm communications within the limits of the township. The 637
board may employ one or more persons to maintain and operate such 638
fire equipment, or it may enter into an agreement with a volunteer 639
fire company for the use and operation of the equipment. The board 640
may compensate the members of a volunteer fire company on any 641
basis and in any amount that it considers equitable.

When the estimated cost to purchase fire apparatus, 644
mechanical resuscitators, underwater rescue and recovery 645
equipment, or other fire equipment, appliances, materials, fire 646
hydrants, buildings, or fire-alarm communications equipment or 647
services exceeds fifty thousand dollars, the contract shall be let by competitive bidding. When competitive bidding is required, the board shall advertise once a week for not less than two consecutive weeks in a newspaper of general circulation within the township. The board may also cause notice to be inserted in trade papers or other publications designated by it or to be distributed by electronic means, including posting the notice on the board's internet web site. If the board posts the notice on its web site, it may eliminate the second notice otherwise required to be published in a newspaper of general circulation within the township, provided that the first notice published in such newspaper meets all of the following requirements:

(1) It is published at least two weeks before the opening of bids.

(2) It includes a statement that the notice is posted on the board's internet web site.

(3) It includes the internet address of the board's internet web site.

(4) It includes instructions describing how the notice may be accessed on the board's internet web site.

The advertisement shall include the time, date, and place where the clerk of the township, or the clerk's designee, will read bids publicly. The time, date, and place of bid openings may be extended to a later date by the board of township trustees, provided that written or oral notice of the change shall be given to all persons who have received or requested specifications not later than ninety-six hours prior to the original time and date fixed for the opening. The board may reject all the bids or accept the lowest and best bid, provided that the successful bidder meets the requirements of section 153.54 of the Revised Code when the
contract is for the construction, demolition, alteration, repair, or reconstruction of an improvement.

(B) The boards of township trustees of any two or more townships, or the legislative authorities of any two or more political subdivisions, or any combination of these, may, through joint action, unite in the joint purchase, lease, lease with an option to purchase, maintenance, use, and operation of fire equipment described in division (A) of this section, or for any other purpose designated in sections 505.37 to 505.42 of the Revised Code, and may prorate the expense of the joint action on any terms that are mutually agreed upon.

(C) The board of township trustees of any township may, by resolution, whenever it is expedient and necessary to guard against the occurrence of fires or to protect the property and lives of the citizens against damages resulting from their occurrence, create a fire district of any portions of the township that it considers necessary. The board may purchase, lease, lease with an option to purchase, or otherwise provide any fire apparatus, mechanical resuscitators, underwater rescue and recovery equipment, or other fire equipment, appliances, materials, fire hydrants, and water supply for fire-fighting and fire and rescue purposes, or may contract for the fire protection for the fire district as provided in section 9.60 of the Revised Code. The fire district so created shall be given a separate name by which it shall be known.

Additional unincorporated territory of the township may be added to a fire district upon the board's adoption of a resolution authorizing the addition. A municipal corporation that is within or adjoining the township may be added to a fire district upon the board's adoption of a resolution authorizing the addition and the
municipal legislative authority's adoption of a resolution or ordinance requesting the addition of the municipal corporation to the fire district.

If the township fire district imposes a tax, additional unincorporated territory of the township or a municipal corporation that is within or adjoining the township shall become part of the fire district only after all of the following have occurred:

(1) Adoption by the board of township trustees of a resolution approving the expansion of the territorial limits of the district and, if the resolution proposes to add a municipal corporation, adoption by the municipal legislative authority of a resolution or ordinance requesting the addition of the municipal corporation to the district;

(2) Adoption by the board of township trustees of a resolution recommending the extension of the tax to the additional territory;

(3) The board requests and obtains from the county auditor an estimate of the levy's annual collections in the same manner as required for a tax levy under section 5705.03 of the Revised Code, assuming that the additional territory has been added to the fire district. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

(4) Approval of the tax by the electors of the territory proposed for addition to the district.

Each resolution of the board adopted under division (C)(2) of this section shall state the name of the fire district, a description of the territory to be added, and the rate, expressed in mills for each one dollar of taxable value and in dollars for
each one hundred thousand dollars of fair market value, and termination date of the tax, which shall be the rate and termination date of the tax currently in effect in the fire district.

The board of trustees shall certify each resolution adopted under division (C)(2) of this section and the county auditor's certification to the board of elections in accordance with section 5705.19 of the Revised Code. The election required under division (C)(3) of this section shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.25 of the Revised Code, except that the question appearing on the ballot shall read:

"Shall the territory within ......................... (description of the proposed territory to be added) be added to ......................... (name) fire district, and a property tax that the county auditor estimates will collect $..... annually, at a rate of taxation not exceeding ...... (here insert tax rate) mills for each $1 of taxable value, which amounts to $........ for each $100,000 of fair market value, be in effect for ............ (here insert the number of years the tax is to be in effect or "a continuing period of time," as applicable)"

If the question is approved by at least a majority of the electors voting on it, the joinder shall be effective as of the first day of July of the year following approval, and on that date, the township fire district tax shall be extended to the taxable property within the territory that has been added. If the territory that has been added is a municipal corporation and if it had adopted a tax levy for fire purposes, the levy is terminated on the effective date of the joinder.

Any municipal corporation may withdraw from a township fire
district created under division (C) of this section by the adoption by the municipal legislative authority of a resolution or ordinance ordering withdrawal. On the first day of July of the year following the adoption of the resolution or ordinance of withdrawal, the municipal corporation withdrawing ceases to be a part of the district, and the power of the fire district to levy a tax upon taxable property in the withdrawing municipal corporation terminates, except that the fire district shall continue to levy and collect taxes for the payment of indebtedness within the territory of the fire district as it was composed at the time the indebtedness was incurred.

Upon the withdrawal of any municipal corporation from a township fire district created under division (C) of this section, the county auditor shall ascertain, apportion, and order a division of the funds on hand, moneys and taxes in the process of collection except for taxes levied for the payment of indebtedness, credits, and real and personal property, either in money or in kind, on the basis of the valuation of the respective tax duplicates of the withdrawing municipal corporation and the remaining territory of the fire district.

A board of township trustees may remove unincorporated territory of the township from the fire district upon the adoption of a resolution authorizing the removal. On the first day of July of the year following the adoption of the resolution, the unincorporated township territory described in the resolution ceases to be a part of the district, and the power of the fire district to levy a tax upon taxable property in that territory terminates, except that the fire district shall continue to levy and collect taxes for the payment of indebtedness within the territory of the fire district as it was composed at the time the indebtedness was incurred.
As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

(D) The board of township trustees of any township, the board of fire district trustees of a fire district created under section 505.371 of the Revised Code, or the legislative authority of any municipal corporation may purchase, lease, or lease with an option to purchase the necessary fire equipment described in division (A) of this section, buildings, and sites for the township, fire district, or municipal corporation and issue securities for that purpose with maximum maturities as provided in section 133.20 of the Revised Code. The board of township trustees, board of fire district trustees, or legislative authority may also construct any buildings necessary to house fire equipment and issue securities for that purpose with maximum maturities as provided in section 133.20 of the Revised Code.

The board of township trustees, board of fire district trustees, or legislative authority may issue the securities of the township, fire district, or municipal corporation, signed by the board or designated officer of the municipal corporation and attested by the signature of the township fiscal officer, fire district clerk, or municipal clerk, covering any deferred payments and payable at the times provided, which securities shall bear interest not to exceed the rate determined as provided in section 9.95 of the Revised Code, and shall not be subject to Chapter 133 of the Revised Code. The legislation authorizing the issuance of the securities shall provide for levying and collecting annually by taxation, amounts sufficient to pay the interest on and principal of the securities. The securities shall be offered for sale on the open market or given to the vendor or contractor if no sale is made.
Section 505.40 of the Revised Code does not apply to any securities issued, or any lease with an option to purchase entered into, in accordance with this division.

(E) A board of township trustees of any township or a board of fire district trustees of a fire district created under section 505.371 of the Revised Code may purchase a policy or policies of liability insurance for the officers, employees, and appointees of the fire department, fire district, or joint fire district governed by the board that includes personal injury liability coverage as to the civil liability of those officers, employees, and appointees for false arrest, detention, or imprisonment, malicious prosecution, libel, slander, defamation or other violation of the right of privacy, wrongful entry or eviction, or other invasion of the right of private occupancy, arising out of the performance of their duties.

When a board of township trustees cannot, by deed of gift or by purchase and upon terms it considers reasonable, procure land for a township fire station that is needed in order to respond in reasonable time to a fire or medical emergency, the board may appropriate land for that purpose under sections 163.01 to 163.22 of the Revised Code. If it is necessary to acquire additional adjacent land for enlarging or improving the fire station, the board may purchase, appropriate, or accept a deed of gift for the land for these purposes.

(F) As used in this division, "emergency medical service organization" has the same meaning as in section 4766.01 of the Revised Code.

A board of township trustees, by adoption of an appropriate resolution, may choose to have the state board of emergency medical, fire, and transportation services license any emergency
medical service organization it operates. If the board adopts such a resolution, Chapter 4766. of the Revised Code, except for sections 4766.06 and 4766.99 of the Revised Code, applies to the organization. All rules adopted under the applicable sections of that chapter also apply to the organization. A board of township trustees, by adoption of an appropriate resolution, may remove its emergency medical service organization from the jurisdiction of the state board of emergency medical, fire, and transportation services.

Sec. 505.48. (A) The board of township trustees of any township may, by resolution adopted by two-thirds of the members of the board, create a township police district comprised of all or a portion of the unincorporated territory of the township as the resolution may specify. If the township police district does not include all of the unincorporated territory of the township, the resolution creating the district shall contain a complete and accurate description of the territory of the district and a separate and distinct name for the district.

At any time not less than one hundred twenty days after a township police district is created and operative, the territorial limits of the district may be altered in the manner provided in division (B) of this section or, if applicable, as provided in section 505.482 of the Revised Code.

(B) Except as otherwise provided in section 505.481 of the Revised Code, the territorial limits of a township police district may be altered by a resolution adopted by a two-thirds vote of the board of township trustees. If the township police district imposes a tax, any territory proposed for addition to the district shall become part of the district only after all of the following have occurred:
(1) Adoption by two-thirds vote of the board of township trustees of a resolution approving the expansion of the territorial limits of the district;

(2) Adoption by a two-thirds vote of the board of township trustees of a resolution recommending the extension of the tax to the additional territory;

(3) The board requests and obtains from the county auditor an estimate of the levy's annual collections, assuming that the additional territory has been added to the township police district, in the same manner as required for a tax levy under section 5705.03 of the Revised Code. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

(4) Approval of the tax by the electors of the territory proposed for addition to the district.

Each resolution of the board adopted under division (B)(2) of this section shall state the name of the township police district, a description of the territory to be added, and the rate, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of fair market value, and termination date of the tax, which shall be the rate and termination date of the tax currently in effect in the district.

The board of trustees shall certify each resolution adopted under division (B)(2) of this section and the county auditor's certification to the board of elections in accordance with section 5705.19 of the Revised Code. The election required under division (B)(3) (4) of this section shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.25 of the Revised Code, except that the question
appearing on the ballot shall read:

"Shall the territory within .........................
(description of the proposed territory to be added) be added to
................. (name) township police district, and a property
tax, that the county auditor estimates will collect $.....
annually, at a rate of tax .... not exceeding ........ (here
insert tax rate) mills for each $1 of taxable value, which amounts
to $.......... for each $100,000 of fair market value, be in
effect for ......... (here insert the number of years the tax is
to be in effect or "a continuing period of time," as applicable)?"

If the question is approved by at least a majority of the
electors voting on it, the joinder shall be effective as of the
first day of January of the year following approval, and, on that
date, the township police district tax shall be extended to the
taxable property within the territory that has been added.

As used in this section, "fair market value" has the same
meaning as in section 5705.01 of the Revised Code.

Sec. 505.481. (A) If a township police district does not
include all the unincorporated territory of the township, the
remaining unincorporated territory of the township may be added to
the district by a resolution adopted by a unanimous vote of the
board of township trustees to place the issue of expansion of the
district on the ballot for the electors of the entire
unincorporated territory of the township. The resolution shall
state whether the proposed township police district initially will
hire personnel as provided in section 505.49 of the Revised Code
or contract for the provision of police protection services or
additional police protection services as provided in section
505.43 or 505.50 of the Revised Code. If the board proposes to
levy a tax throughout all of the unincorporated territory of the
township, the board shall request and obtain from the county auditor an estimate of the levy's annual collections, assuming that the unincorporated territory has been added to the township police district, in the same manner as required for a tax levy under section 5705.03 of the Revised Code. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

The ballot measure shall provide for the addition into a new district of all the unincorporated territory of the township not already included in the township police district and for the levy of any tax then imposed by the district throughout the unincorporated territory of the township. The measure shall state the rate of the tax, if any, to be imposed in the district resulting from approval of the measure, expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of fair market value, which need not be the same rate of any tax imposed by the existing district, and the last year in which the tax will be levied or that it will be levied for a continuous period of time, and the county auditor's estimate of the levy's annual collections.

(B) The election on the measure shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.25 of the Revised Code, except that the question appearing on the ballot shall read substantially as follows:

"Shall the unincorporated territory within ............ (name of the township) not already included within the ............ (name of township police district) be added to the township police district to create the ............ (name of new township police district) township police district?"
The name of the proposed township police district shall be separate and distinct from the name of the existing township police district.

If a tax is imposed in the existing township police district, the question shall be modified by adding, at the end of the question, the following: ", and shall a property tax be levied in the new township police district, replacing the tax in the existing township police district, that the county auditor estimates will collect $...... annually, at a rate not exceeding .......... mills per dollar for each $1 of taxable valuation value, which amounts to $........... (rate expressed in dollars and cents per one thousand dollars in taxable valuation) for each $100,000 of fair market value, for ....... (number of years the tax will be levied, or "a continuing period of time")."

If the measure is not approved by a majority of the electors voting on it, the township police district shall continue to occupy its existing territory until altered as provided in this section or section 505.48 of the Revised Code, and any existing tax imposed under section 505.51 of the Revised Code shall remain in effect in the existing district at the existing rate and for as long as provided in the resolution under the authority of which the tax is levied.

As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 511.27. (A) To defray the expenses of the township park district and for purchasing, appropriating, operating, maintaining, and improving lands for parks or recreational purposes, the board of park commissioners may levy a sufficient tax within the ten-mill limitation, not to exceed one mill on each
dollar of valuation taxable value on all real and personal property within the township, and on all real and personal property within any municipal corporation that is within the township, that was within the township at the time that the park district was established, or the boundaries of which are coterminous with or include the township. The levy shall be over and above all other taxes and limitations on such property authorized by law.

(B) Except as otherwise provided in division (C) of this section, the board of park commissioners, not less than ninety days before the day of the election, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the necessary requirements of the district and that it is necessary to levy a tax in excess of that limitation for the use of the district. The resolution shall specify the purpose for which the taxes shall be used, the annual rate proposed, and the number of consecutive years the levy will be in effect. Upon the adoption of the resolution, the question of levying the taxes shall be submitted to the electors of the township and the electors of any municipal corporation that is within the township, that was within the township at the time that the park district was established, or the boundaries of which are coterminous with or include the township, at a special election to be held on whichever of the following occurs first:

(1) The day of the next ensuing general election;

(2) The first Tuesday after the first Monday in May of any calendar year, except that, if a presidential primary election is held in that calendar year, then the day of that election.

The rate submitted to the electors at any one election shall...
not exceed two mills annually upon each dollar of taxable value. If a majority of the electors voting upon the question of the levy vote in favor of the levy, the tax shall be levied on all real and personal property within the township and on all real and personal property within any municipal corporation that is within the township, that was within the township at the time that the park district was established, or the boundaries of which are coterminous with or include the township, and the levy shall be over and above all other taxes and limitations on such property authorized by law.

(C) In any township park district that contains only unincorporated territory, if the township board of park commissioners is appointed by the board of township trustees, before a tax can be levied and certified to the county auditor pursuant to section 5705.34 of the Revised Code or before a resolution for a tax levy can be certified to the board of elections pursuant to section 511.28 of the Revised Code, the board of park commissioners shall receive approval for its levy request from the board of township trustees. The board of park commissioners shall adopt a resolution requesting the board of township trustees to approve the levy request, stating the annual rate of the proposed levy and the reason for the levy request. On receiving this request, the board of township trustees shall vote on whether to approve the request and, if a majority votes to approve it, shall issue a resolution approving the levy at the requested rate.

Sec. 511.28. A copy of any resolution for a tax levy adopted by the township board of park commissioners as provided in section 511.27 of the Revised Code shall be certified by the clerk of the board of park commissioners to the board of elections of the
proper county, together with a certified copy of the resolution
approving the levy, passed by the board of township trustees if
such a resolution is required by division (C) of section 511.27 of
the Revised Code, not less than ninety days before a general or
primary election in any year. The board of elections shall submit
the proposal to the electors as provided in section 511.27 of the
Revised Code at the succeeding general or primary election. A
resolution to renew an existing levy may not be placed on the
ballot unless the question is submitted at the general election
held during the last year the tax to be renewed may be extended on
the real and public utility property tax list and duplicate, or at
any election held in the ensuing year. The board of park
commissioners shall cause notice that the vote will be taken to be
published once a week for two consecutive weeks prior to the
election in a newspaper of general circulation, or as provided in
section 7.16 of the Revised Code, in the county within which the
park district is located. Additionally, if the board of elections
operates and maintains a web site, the board of elections shall
post that notice on its web site for thirty days prior to the
election. The notice shall state the purpose of the proposed levy, the levy's estimated annual collections, the annual rate proposed
expressed in dollars and cents for each one hundred thousand
dollars of valuation fair market value as well as in mills for
each one dollar of valuation taxable value, the number of
consecutive years during which the levy shall be in effect, and
the time and place of the election.

The form of the ballots cast at the election shall be: "An
additional tax for the benefit of (name of township park district)
......... for the purpose of (purpose stated in the order of the
board) ........., that the county auditor estimates will collect
$..... annually, at a rate not exceeding ............ mills for each
one dollar $1 of valuation taxable value, which amounts to (rate expressed in dollars and cents) $........ for each one hundred dollars $100,000 of valuation fair market value, for (number of years the levy is to run) ...........

If the levy submitted is a proposal to renew, increase, or decrease an existing levy, the form of the ballot specified in this section may shall be changed by substituting for the words "An additional" at the beginning of the form, the words "A renewal of a" in the case of a proposal to renew an existing levy in the same amount; the words "A renewal of ........... mills and an increase of ........... mills for each $1 of taxable value to constitute a" in the case of an increase; or the words "A renewal of part of an existing levy, being a reduction of ........... mills for each $1 of taxable value, to constitute a" in the case of a decrease in the rate of the existing levy.

If the tax is to be placed on the current tax list, the form of the ballot shall be modified by adding, after the statement of the number of years the levy is to run, the phrase ", commencing in ........... (first year the tax is to be levied), first due in calendar year ........... (first calendar year in which the tax shall be due)."

The question covered by the order shall be submitted as a separate proposition, but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers. More than one such question may be submitted at the same election.
As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 511.34. In townships composed of islands, and on one of which islands lands have been conveyed in trust for the benefit of the inhabitants of the island for use as a park, and a board of park trustees has been provided for the control of the park, the board of township trustees may create a tax district of the island to raise funds by taxation as provided under divisions (A) and (B) of this section.

(A) For the care and maintenance of parks on the island, the board of township trustees annually may levy a tax, not to exceed one mill for each one dollar of taxable value, upon all the taxable property in the district. The tax shall be in addition to all other levies authorized by law, and subject to no limitation on tax rates except as provided in this division.

The proceeds of the tax levy shall be expended by the board of township trustees for the purpose of the care and maintenance of the parks, and shall be paid out of the township treasury upon the orders of the board of park trustees.

(B) For the purpose of acquiring additional land for use as a park, the board of township trustees may levy a tax in excess of the ten-mill limitation on all taxable property in the district. The tax shall be proposed by resolution adopted by two-thirds of the members of the board of township trustees. The resolution shall specify the purpose and rate of the tax and the number of years the tax will be levied, which shall not exceed five years, and which may include a levy on the current tax list and duplicate. The resolution shall go into immediate effect upon its passage, and no publication of the resolution is necessary other
than that provided for in the notice of election. The board of
township trustees shall certify a copy of the resolution to the
proper board of elections not later than ninety days before the
primary or general election in the township, and the board of
elections shall submit the question of the tax to the voters of
the district at the succeeding primary or general election. The
board of elections shall make the necessary arrangements for the
submission of the question to the electors of the district, and
the election shall be conducted, canvassed, and certified in the
same manner as regular elections in the township for the election
of officers. Notice of the election shall be published in a
newspaper of general circulation in the township once a week for
two consecutive weeks, or as provided in section 7.16 of the
Revised Code prior to the election. If the board of elections
operates and maintains a web site, notice of the election also
shall be posted on that web site for thirty days prior to the
election. The notice shall state the purpose of the tax, the
levy's estimated annual collections, the proposed rate of the tax
expressed in dollars and cents for each one hundred thousand
dollars of valuation fair market value and mills for each one
dollar of valuation taxable value, the number of years the tax
will be in effect, the first year the tax will be levied, and the
time and place of the election.

The form of the ballots cast at an election held under this
division shall be as follows:

"An additional tax for the benefit of ........ (name of the
township) for the purpose of acquiring additional park land, that
the county auditor estimates will collect $.... annually, at a
rate of ........ mills for each one dollar $1 of valuation
taxable value, which amounts to $........ (rate expressed in
dollars and cents) for each one hundred dollars $100,000 of
valuation *fair market value*, for ........ (number of years the levy is to run) beginning in .......... (first year the tax will be levied).

The question shall be submitted as a separate proposition but may be printed on the same ballot with any other proposition submitted at the same election other than the election of officers. More than one such question may be submitted at the same election.

If the levy is approved by a majority of electors voting on the question, the board of elections shall certify the result of the election to the tax commissioner. In the first year of the levy, the tax shall be extended on the tax lists after the February settlement following the election. If the tax is to be placed on the tax lists of the current year as specified in the resolution, the board of elections shall certify the result of the election immediately after the canvass to the board of township trustees, which shall forthwith make the necessary levy and certify the levy to the county auditor, who shall extend the levy on the tax lists for collection. After the first year of the levy, the levy shall be included in the annual tax budget that is certified to the county budget commission.

*As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.*

**Sec. 513.18.** In the event any township, contiguous to a joint township hospital district, desires to become a part of such
district in existence under sections 513.07 to 513.18 of the Revised Code, its board of township trustees, by a two-thirds favorable vote of the members of such board, after the existing joint township hospital board has, by a majority favorable vote of the members thereof, approved the terms under which such township proposes to join the district, shall become a part of the joint township district hospital board under such terms and with all the rights, privileges, and responsibilities enjoyed by and extended to the existing members of the hospital board under such sections, including representation on the board of hospital governors by the appointment of an elector of such township as a member thereof. 

If the terms under which such township proposes to join the hospital district involve a tax levy for the purpose of sharing the existing obligations, including bonded indebtedness, of the district or the necessary operating expenses of such hospital, such township shall not become a part of the district until its electors have approved such levy as provided in this section. In such a case, the board of township trustees shall request from the county auditor an estimate of the levy's annual collections in the same manner as required for a tax levy under section 5705.03 of the Revised Code, assuming that the township has been added to the hospital district. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

Upon request of the board of township trustees of the township proposing to join such district, by resolution approved by a two-thirds vote of its members, the board of elections of the county in which the township lies shall place upon the ballot for submission to the electorate of such township at the next primary or general election occurring not less than ninety nor more than one hundred thirty-five days after such request is received from the board of township trustees the question of levying a tax, not
to exceed one mill outside the ten-mill limitation, for a period
of not to exceed five years, to provide funds for the payment of
the township's share of the necessary expenses incurred in the
operation of such hospital, or the question of levying a tax to
pay the township's share of the existing obligations, including
bonded indebtedness, of the district, or both questions may be
submitted at the same primary or general election. If the question
appearing on the ballot shall read:

"Shall ..... (name of township) be added to the ..... (name
of joint township hospital district), and property tax be levied
for the purpose of ..... (purpose of tax), that the county auditor
estimates will collect $...... annually, at a rate not exceeding
...... mills for each $1 of taxable value, which amounts to $......
for each $100,000 of fair market value, to be in effect for ..... (number of years the tax is to be in effect)?"

If a majority of the electors voting on the propositions vote
in favor thereof, the county auditor shall place such levies on
the tax duplicate against the property in the township, which
township shall thereby become a part of said joint township
hospital district.

Sec. 755.181. The legislative authority of any municipal
corporation, township, township park district, county, or school
district desiring to join a joint recreation district created
under section 755.14 of the Revised Code may, by resolution,
petition the joint recreation district board of trustees for
membership. If the joint recreation district does not impose a
tax, the petitioning subdivision becomes a member upon approval by
the joint recreation district's board of trustees. If the joint
recreation district imposes a tax, the petitioning subdivision
becomes a member after approval by the joint recreation district's
board of trustees and after approval of the tax by the electors of
the petitioning subdivision. In such a case, the joint recreation
district's board of trustees shall request from the county auditor
an estimate of the levy's annual collections in the same manner as
required for a tax levy under section 5705.03 of the Revised Code,
assuming that the subdivision's territory has been added to the
joint recreation district. The auditor shall certify this estimate
to the board within ten days after receiving the board's request.

Upon certification by the board of trustees of the joint
recreation district to the appropriate boards of election, the
boards of election shall make the necessary arrangements for the
submission of the question to the electors of the petitioning
subdivision qualified to vote thereon. The election shall be held,
canvassed, and certified in the manner provided for the submission
of tax levies under section 5705.19 of the Revised Code, except
that the question appearing on the ballot shall read:

"Shall the territory within ................ (Name of the
subdivision to be added) be added to ..................... (Name)
joint recreation district, and a property tax, that the county
auditor estimates will collect $..... annually, at a rate of
taxation not exceeding ................. (here insert tax rate)
mills for each $1 of taxable value, which amounts to
$............. for each $100,000 of fair market value, be in
effect for ................. (here insert the number of years the
tax is to be in effect)?" If

If the question is approved by at least a majority of the
electors voting on it, the joinder shall be effective as of the
first day of January of the year following approval, and on that
date, the joint recreation district tax shall be extended to the
taxable property within the territory that has been added.
The legislative authority of any subdivision that is a member of a joint recreation district may withdraw from it upon certification of a resolution proclaiming a withdrawal to the joint recreation district's board of trustees. Any subdivision withdrawing from a joint recreation district shall continue to have levied against its tax duplicate any tax levied by the district on the effective date of the withdrawal until it expires or is renewed. Members of a joint recreation district's board of trustees who represent the withdrawing subdivision are deemed to have resigned their position upon certification of a withdrawal resolution. Upon the withdrawal of any subdivision from a joint recreation district, the county auditor shall ascertain, apportion, and order a division of the funds on hand, moneys and taxes in the process of collection, except for taxes levied for the payment of indebtedness, credits, and real and personal property, either in money or in kind, on the basis of the valuation of the respective tax duplicates of the withdrawing subdivision and the remaining territory of the joint recreation district.

When the number of subdivisions comprising a joint recreation district is reduced to one, the joint recreation district ceases to exist, and the funds, credits, and property remaining after apportionments to withdrawing subdivisions shall be assumed by the one remaining subdivision. When a joint recreation district ceases to exist and indebtedness remains unpaid, the board of county commissioners shall continue to levy and collect taxes for the payment of that indebtedness within the territory of the joint recreation district as it was comprised at the time the indebtedness was incurred.

As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.
Sec. 1545.041. (A) Any township park district created pursuant to section 511.18 of the Revised Code that includes park land located outside the township in which the park district was established may be converted under the procedures provided in this section into a park district to be operated and maintained as provided for in this chapter, provided that there is no existing park district created under section 1545.04 of the Revised Code in the county in which the township park district is located. The proposed park district shall include within its boundary all townships and municipal corporations in which lands owned by the township park district seeking conversion are located, and may include any other townships and municipal corporations in the county in which the township park district is located.

(B) Conversion of a township park district into a park district operated and maintained under this chapter shall be initiated by a resolution adopted by the board of park commissioners of the park district. Any resolution initiating a conversion shall include the following:

(1) The name of the township park district seeking conversion;

(2) The name of the proposed park district;

(3) An accurate description of the territory to be included in the proposed district;

(4) An accurate map or plat of the proposed park district. The resolution may also include a proposed tax levy for the operation and maintenance of the proposed park district. If such a tax levy is proposed, the resolution shall specify the annual rate of the tax, expressed in dollars and cents for each one hundred thousand dollars of valuation fair market value and in mills for
each dollar of valuation taxable value, and shall specify the number of consecutive years the levy will be in effect. The annual rate of such a tax may not be higher than the total combined millage of all levies then in effect for the benefit of the township park district named in the resolution.

(C) Upon adoption of the resolution provided for in division (B) of this section, the board of park commissioners of the township park district seeking conversion under this section shall certify the resolution to the county auditor, who shall certify to the board within ten days after receiving that resolution an estimate of the proposed levy's annual collections within the territory of the proposed park district in the same manner as required for a tax levy under section 5705.03 of the Revised Code.

The board shall certify the resolution and the county auditor's certification to the board of elections of the county in which the park district is located no later than four p.m. of the seventy-fifth day before the day of the election at which the question will be voted upon. Upon certification of the resolution to the board, the board of elections shall make the necessary arrangements to submit the question of conversion of the township park into a park district operated and maintained under Chapter 1545. of the Revised Code, to the electors qualified to vote at the next primary or general election who reside in the territory of the proposed park district. The question shall provide for a tax levy if such a levy is specified in the resolution.

(D) The ballot submitted to the electors as provided in division (C) of this section shall contain the following language:

"Shall the ............... (name of the township park district seeking conversion) be converted into a park district to be operated and maintained under Chapter 1545. of the Revised Code..."
under the name of ............... (name of proposed park
district), which park district shall include the following
townships and municipal corporations:

(Name townships and municipal corporations)

Approval of the proposed conversion will result in the
termination of all existing tax levies voted for the benefit of
............. (name of the township park district sought to be
converted) and in the levy of a new tax for the operation and
maintenance of ............. (name of proposed park district)

that the county auditor estimates will collect $..... annually, at
a rate not exceeding ............ (number of mills) mills for each
one dollar $1 of valuation taxable value, which is amounts to
$........... (rate expressed in dollars and cents) for each one
hundred dollars $100,000 of valuation fair market value, for ..... (number of years the millage is to be imposed) years, commencing
on the ...... (year) tax duplicate.

(E) If the proposed conversion is approved by at least a
majority of the electors voting on the proposal, the township park
district that seeks conversion shall become a park district
subject to Chapter 1545. of the Revised Code effective the first
day of January following approval by the voters. The park district
shall have the name specified in the resolution, and effective the
first day of January following approval by the voters, the
following shall occur:

(1) The indebtedness of the former township park district

shall be assumed by the new park district;

(2) All rights, assets, properties, and other interests of the former township park district shall become vested in the new park district, including the rights to any tax revenues previously vested in the former township park district; provided, that all tax levies in excess of the ten mill limitation approved for the benefit of the former township park district shall be removed from the tax lists after the February settlement next succeeding the conversion. Any tax levy approved in connection with the conversion shall be certified as provided in section 5705.25 of the Revised Code.

(3) The members of the board of park commissioners of the former township park district shall be the members of the board of park commissioners of the new park district, with all the same powers and duties as if appointed under section 1545.05 of the Revised Code. The term of each such commissioner shall expire on the first day of January of the year following the year in which his term would have expired under section 511.19 of the Revised Code. Thereafter, commissioners shall be appointed pursuant to section 1545.05 of the Revised Code.

As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 1545.21. The board of park commissioners, by resolution, may submit to the electors of the park district the question of levying taxes for the use of the district. The resolution shall declare the necessity of levying such taxes, shall specify the purpose for which such taxes shall be used, the annual rate proposed, and the number of consecutive years the rate shall be levied. Such resolution shall be forthwith certified to the board
of elections in each county in which any part of such district is located, not later than the ninetieth day before the day of the election, and the question of the levy of taxes as provided in such resolution shall be submitted to the electors of the district at a special election to be held on whichever of the following occurs first:

(A) The day of the next general election;

(B) The first Tuesday after the first Monday in May in any calendar year, except that if a presidential primary election is held in that calendar year, then the day of that election. The ballot shall set forth the purpose for which the taxes shall be levied, the levy's estimated annual collections, the annual rate of levy, and the number of years of such levy. If the tax is to be placed on the current tax list, the form of the ballot shall state that the tax will be levied in the current tax year and shall indicate the first calendar year the tax will be due. If the resolution of the board of park commissioners provides that an existing levy will be canceled upon the passage of the new levy, the ballot must include a statement that: "an existing levy of ... mills (stating the original levy millage) for each $1 of taxable value, which amounts to ... for each $100,000 of fair market value, having ... years remaining, will be canceled and replaced upon the passage of this levy." In such case, the ballot may refer to the new levy as a "replacement levy" if the new millage does not exceed the original millage of the levy being canceled or as a "replacement and additional levy" if the new millage exceeds the original millage of the levy being canceled. If a majority of the electors voting upon the question of such levy vote in favor thereof, such taxes shall be levied and shall
be in addition to the taxes authorized by section 1545.20 of the Revised Code, and all other taxes authorized by law. The rate submitted to the electors at any one time shall not exceed two mills annually upon each dollar of valuation taxable value unless the purpose of the levy includes providing operating revenues for one of Ohio's major metropolitan zoos, as defined in section 4503.74 of the Revised Code, in which case the rate shall not exceed three mills annually upon each dollar of valuation taxable value. When a tax levy has been authorized as provided in this section or in section 1545.041 of the Revised Code, the board of park commissioners may issue bonds pursuant to section 133.24 of the Revised Code in anticipation of the collection of such levy, provided that such bonds shall be issued only for the purpose of acquiring and improving lands. Such levy, when collected, shall be applied in payment of the bonds so issued and the interest thereon. The amount of bonds so issued and outstanding at any time shall not exceed one per cent of the total tax valuation taxable value in such district. Such bonds shall bear interest at a rate not to exceed the rate determined as provided in section 9.95 of the Revised Code.

**Sec. 1711.30.** Before issuing bonds under section 1711.28 of the Revised Code, the board of county commissioners, by resolution, shall submit to the qualified electors of the county at the next general election for county officers, held not less than ninety days after receiving from the county agricultural society the notice provided for in section 1711.25 of the Revised Code, the question of issuing and selling such bonds in such amount and denomination as are necessary for the purpose in view, and shall certify a copy of such resolution to the county board of elections.
The county board of elections shall place the question of issuing and selling such bonds upon the ballot and make all other necessary arrangements for the submission, at the time fixed by such resolution, of such question to such electors. The votes cast at such election upon such question must be counted, canvassed, and certified in the same manner, except as provided by law, as votes cast for county officers. Fifteen days’ notice of such submission shall be given by the county board of elections, by publication once a week for two consecutive weeks in a newspaper of general circulation in the county or as provided in section 7.16 of the Revised Code, stating the amount of bonds to be issued, the purpose for which they are to be issued, and the time and places of holding such election. **Such If the resolution proposes the levy of a tax under section 1711.29 of the Revised Code, the notice shall include the tax's estimated annual collections and the rate of the tax in both mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars in fair market value.**

The question must be stated on the ballot as follows: "For the issue of county fair bonds, yes"; "For the issue of county fair bonds, no." **If**

If the resolution proposes the levy of a tax under section 1711.29 of the Revised Code, the question appearing on the ballot shall include the tax's estimated annual collections and the rate of the tax in both mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars in fair market value.

If the majority of those voting upon the question of issuing the bonds vote in favor thereof, then and only then shall they be issued and the tax provided for in section 1711.29 of the Revised
Code be levied.  

As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 3311.50. (A) As used in this section, "county school financing district" means a taxing district consisting of the following territory:

(1) The territory that constitutes the educational service center on the date that the governing board of that educational service center adopts a resolution under division (B) of this section declaring that the territory of the educational service center is a county school financing district, exclusive of any territory subsequently withdrawn from the district under division (D) of this section;

(2) Any territory that has been added to the county school financing district under this section.

A county school financing district may include the territory of a city, local, or exempted village school district whose territory also is included in the territory of one or more other county school financing districts.

(B) The governing board of any educational service center may, by resolution, declare that the territory of the educational service center is a county school financing district. The resolution shall state the purpose for which the county school financing district is created, which may be for any one or more of the following purposes:

(1) To levy taxes for the provision of special education by the school districts that are a part of the district, including taxes for permanent improvements for special education;
(2) To levy taxes for the provision of specified educational programs and services by the school districts that are a part of the district, as identified in the resolution creating the district, including the levying of taxes for permanent improvements for those programs and services. Services financed by the levy may include school safety and security and mental health services, including training and employment of or contracting for the services of safety personnel, mental health personnel, social workers, and counselors.

(3) To levy taxes for permanent improvements of school districts that are a part of the district.

The governing board of the educational service center that creates a county school financing district shall serve as the taxing authority of the district and may use educational service center governing board employees to perform any of the functions necessary in the performance of its duties as a taxing authority. A county school financing district shall not employ any personnel.

With the approval of a majority of the members of the board of education of each school district within the territory of the county school financing district, the taxing authority of the financing district may amend the resolution creating the district to broaden or narrow the purposes for which it was created.

A governing board of an educational service center may create more than one county school financing district. If a governing board of an educational service center creates more than one such district, it shall clearly distinguish among the districts it creates by including a designation of each district's purpose in the district's name.

(C) A majority of the members of a board of education of a city, local, or exempted village school district may adopt a
resolution requesting that its territory be joined with the
territory of any county school financing district. Copies of the
resolution shall be filed with the state board of education and
the taxing authority of the county school financing district.
Within sixty days of its receipt of such a resolution, the county
school financing district's taxing authority shall vote on the
question of whether to accept the school district's territory as
part of the county school financing district. If a majority of the
members of the taxing authority vote to accept the territory, the
school district's territory shall thereupon become a part of the
county school financing district unless the county school
financing district has in effect a tax imposed under section
5705.215 of the Revised Code. If the county school financing
district has such a tax in effect, the taxing authority shall
certify a copy of its resolution accepting the school district's
territory to the school district's board of education, which . The
board of education shall request from the county auditor an
estimate of the levy's annual collections in the same manner as
required for a tax levy under section 5705.03 of the Revised Code,
assuming that the school district's territory has been added to
the county school financing district. The auditor shall certify
this estimate to the board within ten days after receiving the
board's request. The board may then adopt a resolution, with the
affirmative vote of a majority of its members, proposing the
submission to the electors the question of whether the
district's territory shall become a part of the county school
financing district and subject to the taxes imposed by the
financing district. The resolution shall set forth the date on
which the question shall be submitted to the electors, which shall
be at a special election held on a date specified in the
resolution, which shall not be earlier than ninety days after the
adoption and certification of the resolution. A copy of the resolution shall immediately be certified to the board of elections of the proper county, which shall make arrangements for the submission of the proposal to the electors of the school district. The board of the joining district shall publish notice of the election in a newspaper of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. Additionally, if the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The question appearing on the ballot shall read:

"Shall the territory within ........... (name of the school district proposing to join the county school financing district) ........... be added to ........... (name) ........... county school financing district, and a property tax for the purposes of ........... (here insert purposes), that the county auditor estimates will collect $...... annually, ........... at a rate of taxation not exceeding ........... (here insert the outstanding tax rate) mills for each $1 of taxable value, which amounts to $........... for each $100,000 in fair market value, ........... be in effect for ........... (here insert the number of years the tax is to be in effect or "a continuing period of time," as applicable) ...........?"

If the proposal is approved by a majority of the electors voting on it, the joinder shall take effect on the first day of July following the date of the election, and the county board of elections shall notify the county auditor of each county in which the school district joining its territory to the county school financing district is located.

(D) The board of any city, local, or exempted village school
district whose territory is part of a county school financing district may withdraw its territory from the county school financing district thirty days after submitting to the governing board that is the taxing authority of the district and the state board a resolution proclaiming such withdrawal, adopted by a majority vote of its members, but any county school financing district tax levied in such territory on the effective date of the withdrawal shall remain in effect in such territory until such tax expires or is renewed. No board may adopt a resolution withdrawing from a county school financing district that would take effect during the forty-five days preceding the date of an election at which a levy proposed under section 5705.215 of the Revised Code is to be voted upon.

(E) A city, local, or exempted village school district does not lose its separate identity or legal existence by reason of joining its territory to a county school financing district under this section and an educational service center does not lose its separate identity or legal existence by reason of creating a county school financing district that accepts or loses territory under this section.

(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of taxable value, and that such tax shall be levied for a
period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation taxable value for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project. The notice shall also express the rate in dollars for each one hundred thousand dollars of fair market value and the county auditor's estimate of the amount the tax levy is estimated to collect for each tax year it is levied, as certified pursuant to section 5705.03 of the Revised Code.

If the bonds are to be issued in more than one series, the board of education shall request from the county auditor an estimate of the levy's annual collections for each series in the same manner as required for a tax levy under section 5705.03 of the Revised Code. The auditor shall certify these estimates to the board within ten days after receiving the board's request.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, the estimated annual collections of the tax for each series, and the first calendar year in which the tax is expected to be due for each series, in addition to the information required to be stated in the notice.
(E)(3)(a) to (e), (b), (c), (e), and (f) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question
specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a
resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of taxable value for a period of twenty-three years from the year in which the school district board and the Ohio facilities construction commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall request from the county auditor an estimate of the extended levy's annual collections in the same manner as required for a tax levy under section 5705.03.
of the Revised Code. The auditor shall certify this estimate to
the board within ten days after receiving the board's request. The
board shall certify a copy of the resolution adopted under this
section and the auditor's certification to the proper county board

resolution as the date of the election at which the question will
be submitted to electors. The notice of the election shall conform
with the requirements of division (A)(3) of section 3318.06 of the
Revised Code, except that the notice also shall state that the
maintenance tax levy is an extension of an existing tax levy and the levy's estimated annual collections.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining
classroom facilities constructed with the proceeds of the
previously issued bonds, that the county auditor estimates will

receiving the board's request. The board of trustees shall
promptly certify the proposal and the auditor's certification to
the board or boards of elections for the purpose of having the
proposal placed on the ballot at the next general or primary
election that occurs not less than sixty days after the date of
the meeting of the board of trustees, or at a special election
held on a date specified in the certification that is not less
than sixty days after the date of the meeting of the board. If
territory of more than one county, municipal corporation, or
township is to be added to the regional arts and cultural
district, the electors of the territories of the counties,
municipal corporations, or townships which are to be added shall
vote as a district, and the outcome of the election shall be
determined by the vote cast in the entire district. Upon
certification of a proposal to the board or boards of elections pursuant to this section, the board or boards of elections shall make the necessary arrangements for the submission of the questions to the electors of the territory to be added to the district, and the election shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.19 of the Revised Code, except that the question appearing on the ballot shall read:

"Shall the territory within the ................. (name or names of political subdivisions to be joined) be added to ................. (name) regional arts and cultural district? And shall a(n) ......................... (here insert type of tax or taxes) a property tax that the county auditor estimates will collect $..... annually at a rate of taxation not to exceed exceeding ........... (here insert maximum tax rate or rates) mills for each $1 of taxable value, which amounts to $..... for each $100,000 of fair market value, be levied for purposes of such district?"

If the question is approved by a majority of the electors voting on the question, the joinder is effective immediately, and the district may extend the levy of the tax against all the taxable property within the territory that has been added. If the question is approved at a general election or at a special election occurring prior to a general election but after the fifteenth day of July in any calendar year, the district may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code, and the levy shall be placed on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the territory of the district, including the territory added as a result of the election.

The territory of a district shall be coextensive with the
territory of the counties, municipal corporations, and townships included within the district, provided that the same territory may not be included in more than one regional arts and cultural district, and provided, that if a district includes only a portion of an entire county, a district may be created in the remaining portion of the same county by resolution of the board of county commissioners acting alone or in conjunction with municipal corporations and townships as provided in this section.

Sec. 3505.06. (A) On the questions and issues ballot shall be printed all questions and issues to be submitted at any one election together with the percentage of affirmative votes necessary for passage as required by law. Such ballot shall have printed across the top thereof, and below the stubs, "Official Questions and Issues Ballot."

(B)(1) Questions and issues shall be grouped together on the ballot from top to bottom as provided in division (B)(1) of this section, except as otherwise provided in division (B)(2) of this section. State questions and issues shall always appear as the top group of questions and issues. In calendar year 1997, the following questions and issues shall be grouped together on the ballot, in the following order from top to bottom, after the state questions and issues:

(a) County questions and issues;
(b) Municipal questions and issues;
(c) Township questions and issues;
(d) School or other district questions and issues.

In each succeeding calendar year after 1997, each group of questions and issues described in division (B)(1)(a) to (d) of
this section shall be moved down one place on the ballot except that the group that was last on the ballot during the immediately preceding calendar year shall appear at the top of the ballot after the state questions and issues. The rotation shall be performed only once each calendar year, beginning with the first election held during the calendar year. The rotation of groups of questions and issues shall be performed during each calendar year as required by division (B)(1) of this section, even if no questions and issues from any one or more such groups appear on the ballot at any particular election held during that calendar year.

(2) Questions and issues shall be grouped together on the ballot, from top to bottom, in the following order when it is not practicable to group them together as required by division (B)(1) of this section because of the type of voting machines used by the board of elections: state questions and issues, county questions and issues, municipal questions and issues, township questions and issues, and school or other district questions and issues. The particular order in which each of a group of state questions or issues is placed on the ballot shall be determined by, and certified to each board of elections by, the secretary of state.

(3) Failure of the board of elections to rotate questions and issues as required by division (B)(1) of this section does not affect the validity of the election at which the failure occurred, and is not grounds for contesting an election under section 3515.08 of the Revised Code.

(C) The particular order in which each of a group of county, municipal, township, or school district questions or issues is placed on the ballot shall be determined by the board providing the ballots.
(D) The printed matter pertaining to each question or issue on the ballot shall be enclosed at the top and bottom thereof by a heavy horizontal line across the width of the ballot. Immediately below such top line shall be printed a brief title descriptive of the question or issue below it, such as "Proposed Constitutional Amendment," "Proposed Bond Issue," "Proposed Annexation of Territory," "Proposed Increase in Tax Rate," or such other brief title as will be descriptive of the question or issue to which it pertains, together with a brief statement of the percentage of affirmative votes necessary for passage, such as "A sixty-five per cent affirmative vote is necessary for passage," "A majority vote is necessary for passage," or such other brief statement as will be descriptive of the percentage of affirmative votes required.

(E) The questions and issues ballot need not contain the full text of the proposal to be voted upon. A condensed text that will properly describe the question, issue, or an amendment proposed by other than the general assembly shall be used as prepared and certified by the secretary of state for state-wide questions or issues or by the board for local questions or issues. If other than a full text is used, the full text of the proposed question, issue, or amendment together with the percentage of affirmative votes necessary for passage as required by law shall be posted in each polling place in some spot that is easily accessible to the voters.

(F) Each question and issue appearing on the questions and issues ballot may be consecutively numbered. The question or issue determined to appear at the top of the ballot may be designated on the face thereof by the Arabic numeral "1" and all questions and issues placed below on the ballot shall be consecutively numbered. Such numeral shall be placed below the heavy top horizontal line enclosing such question or issue and to the left of the brief
(G) No portion of a ballot question proposing to levy a property tax in excess of the ten-mill limitation under any section of the Revised Code, including the renewal or replacement of such a levy, may be printed in boldface type or in a font size that is different from the font size of other text in the ballot question. The prohibitions in division (g) of this section do not apply to printed matter either described in division (D) of this section related to such a ballot question or located in the area of the ballot in which votes are indicated for or against that question.

Sec. 4582.024. After a port authority has been created, any municipal corporation, township, or county, acting by ordinance, resolution of the township trustees, or resolution of the county commissioners, respectively, which is contiguous to such port authority, or to any municipal corporation, township, or county which proposes to join such port authority at the same time and is contiguous to such port authority, or any county within which such port authority is situated, may join such port authority and thereupon the jurisdiction and territory of such port authority shall include such municipal corporation, county, or township. If more than one such political subdivision is to be joined to the port authority at the same time, then each such ordinance or resolution shall designate the political subdivisions which are to be so joined. Any territory or municipal corporation not included in a port authority and which is annexed to a municipal corporation included within the jurisdiction and territory of a port authority shall, on such annexation and without further proceedings, be annexed to and be included in the jurisdiction and territory of such port authority. Before such political
subdivision or subdivisions are joined to a port authority, other than by annexation to a municipality, the political subdivision or subdivisions theretofore comprising such port authority shall agree upon the terms and conditions pursuant to which such political subdivision or subdivisions are to be joined. For all purposes of sections 4582.01 to 4582.20, inclusive, of the Revised Code, such political subdivision or subdivisions shall be considered to have participated in the creation of such port authority, except that the initial term of any director of the port authority appointed by such a political subdivision shall be four years. After each ordinance or resolution proposing joinder to the port authority has become effective and the terms and conditions of joinder have been agreed to, the board of directors of the port authority shall by resolution either accept or reject such joinder. Such joinder shall be effective on adoption of the resolution accepting such joinder, unless the port authority to which a political subdivision or subdivisions including a county within which such port authority is located, are to be joined has authority under section 4582.14 of the Revised Code to levy a tax on property within its jurisdiction, then such joinder shall not be effective until approved by the affirmative vote of a majority of the electors voting on the question of such joinder. If more than one political subdivision is to be joined to the port authority, then the electors of such subdivision shall vote as a district and the majority affirmative vote shall be determined by the vote cast in such district as a whole. Such

If a tax on property is to be levied, the board of directors of the port authority shall request and obtain from the county auditor an estimate of the levy's annual collections in the same manner as required for a tax levy under section 5705.03 of the Revised Code, assuming that the additional subdivision or
subdivisions have joined the port authority. The auditor shall certify this estimate to the board within ten days after receiving the board's request.

The election shall be called by the board of directors of the port authority and shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.191 of the Revised Code except that the question appearing on the ballot shall read:

"Shall ........................................................

(name or names of political subdivisions to be joined)

be joined to .................... (name) port authority and the (name)

existing tax levy (levies) of such port authority (aggregating),

that the county auditor estimates will collect $..... annually, at a rate not exceeding

......... mill per dollar mill(s) for each $1 of valuation taxable value, which amounts to $....... for each $100,000 of fair market value, be authorized to be levied against properties within "

(name or names of political subdivisions to be joined)

If the question is approved such joinder shall be immediately effective and the port authority shall be authorized to extend the levy of such tax against all the taxable property within the political subdivision or political subdivisions which have been joined. If such question is approved at a general election then the port authority may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code and such levy
shall be placed on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the port authority including the political subdivision or political subdivisions joined as a result of such election.

As used in this section, "fair market value" has the same meaning as in section 5705.01 of the Revised Code.

Sec. 4582.26. After a port authority has been created, any municipal corporation, township, county, or other political subdivision, acting by ordinance or resolution, which is contiguous to any municipal corporation, township, county, or other political subdivision which participated in the creation of such port authority or to any municipal corporation, township, county, or other political subdivision which proposes to join the port authority at the same time and is contiguous to any municipal corporation, township, county, or other political subdivision which participated in the creation of such port authority, may join such port authority, and thereupon the jurisdiction and territory of the port authority includes the municipal corporation, county, township, or other political subdivision so joining. If more than one such political subdivision is to be joined to the port authority at the same time, then each such ordinance or resolution shall designate the political subdivisions which are to be so joined. Any territory or municipal corporation not included in a port authority and which is annexed to a municipal corporation included within the jurisdiction and territory of a port authority shall, on such annexation and without further proceedings, be annexed to and be included in the jurisdiction and territory of the port authority. Before such political subdivision or subdivisions are joined to a port authority, other than by annexation to a municipal corporation,
the political subdivision or subdivisions theretofore comprising such port authority shall agree upon the terms and conditions pursuant to which such political subdivision or subdivisions are to be joined. For all purposes of sections 4582.21 to 4582.59 of the Revised Code, such political subdivision or subdivisions shall be considered to have participated in the creation of such port authority, except that the initial term of any director of the port authority appointed by such a political subdivision shall be four years. After each ordinance or resolution proposing joinder to the port authority has become effective and the terms and conditions of joinder have been agreed to, the board of directors of the port authority shall by resolution either accept or reject such joinder. Such joinder shall be effective upon adoption of the resolution accepting such joinder, unless the port authority to which a political subdivision or subdivisions, including a county within which such port authority is located, are to be joined, has authority under section 4582.40 of the Revised Code to levy a tax on property within its jurisdiction, then such joinder shall not be effective until approved by the affirmative vote of a majority of the electors voting on the question of the joinder. If more than one political subdivision is to be joined to the port authority, then the electors of such subdivisions shall vote as a district and the majority affirmative vote shall be determined by the vote cast in such district as a whole. The

If a tax on property is to be levied, the board of directors of the port authority shall request and obtain from the county auditor an estimate of the levy's annual collections in the same manner as required for a tax levy under section 5705.03 of the Revised Code, assuming that the additional subdivision or subdivisions have joined the port authority. The auditor shall certify this estimate to the board within ten days after receiving
the board's request.

The election shall be called by the board of directors of the port authority and shall be held, canvassed, and certified in the manner provided for the submission of tax levies under section 5705.191 of the Revised Code except that the question appearing on the ballot shall read:

"Shall ................................................. (Name or names of political subdivisions to be joined) be joined to ................. (Name) port authority and the existing tax levy (levies) of such port authority (aggregating), that the county auditor estimates will collect $..... annually, at a rate not exceeding ............. mill per dollar mill(s) for each $1 of valuation taxable value, which amounts to $........ for each $100,000 of fair market value be authorized to be levied against properties within 

............................................................?"

(Name or names of political subdivisions to be joined)

If the question is approved the joinder becomes immediately effective and the port authority is authorized to extend the levy of such tax against all the taxable property within the political subdivision or political subdivisions which have been joined. If such question is approved at a general election, then the port authority may amend its budget and resolution adopted pursuant to section 5705.34 of the Revised Code and such levy shall be placed
on the current tax list and duplicate and collected as other taxes are collected from all taxable property within the port authority including the political subdivision or political subdivisions joined as a result of the election.

current operating expenses of the subdivision and acquiring or

the interest and sinking fund on and retire at maturity the bonds,  
notes, and certificates of indebtedness of such subdivision and  
taxing unit, including levies in anticipation of which the  
subdivision or taxing unit has incurred indebtedness.

(B)(1) When a taxing authority determines that it is  
necessary to levy a tax outside the ten-mill limitation for any  
purpose authorized by the Revised Code, the taxing authority shall  
certify to the county auditor a resolution or ordinance requesting  
that the county auditor certify to the taxing authority the total  
current tax valuation of the subdivision, and the number of mills  
for each one dollar of taxable value and that rate stated in  
dollars, rounded to the nearest dollar, for each one hundred  
thousand dollars of fair market value required to generate a  
specified amount of revenue, or the dollar amount of revenue,  
rounded to the nearest dollar, that would be generated by a  
specified number of mills for each one dollar of taxable value.  
The auditor shall additionally certify an estimate of the levy's  
annual collections, rounded to the nearest dollar, which shall be  
calculated assuming that the amount of the tax list of the taxing  
authority remains throughout the life of the levy the same as the  
amount of the tax list for the current year, and if this is not

county budget commission. The resolution or ordinance the taxing  
authority certifies to the county auditor shall state all of the

(d) The term of years of the tax or if the tax is for a continuing period of time;

(e) That the tax is to be levied upon the entire territory of the subdivision or, if authorized by the Revised Code, a description of the portion of the territory of the subdivision in which the tax is to be levied;

(f) The date of the election at which the question of the tax shall appear on the ballot;

(g) That the ballot measure shall be submitted to the entire territory of the subdivision or, if authorized by the Revised Code, a description of the portion of the territory of the subdivision to which the ballot measure shall be submitted;

(h) The tax year in which the tax will first be levied and the calendar year in which the tax will first be collected;

(i) Each such county in which the subdivision has territory.

If a subdivision is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the subdivision is located the current tax valuation for the portion of the subdivision in that county. The county auditor shall issue the certification to the taxing authority within ten days after receiving the taxing authority's resolution or ordinance requesting it.

(2) When considering the tangible personal property component
of the tax valuation of the subdivision, the county auditor shall take into account the assessment percentages prescribed in section 5711.22 of the Revised Code. The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

(3) Upon receiving the certification from the county auditor, the taxing authority may adopt a resolution or ordinance stating the rate of the tax levy, expressed in mills for each one dollar in tax valuation of taxable value and in dollars for each one hundred thousand dollars of fair market value, as estimated by the county auditor, and that the taxing authority will proceed with the submission of the question of the tax to electors. The taxing authority shall certify this resolution or ordinance, a copy of the county auditor's certification, and the resolution or ordinance the taxing authority adopted under division (B)(1) of this section to the proper county board of elections in the manner and within the time prescribed by the section of the Revised Code governing submission of the question. The county board of elections shall not submit the question of the tax to electors unless a copy of the county auditor's certification accompanies the resolutions or ordinances the taxing authority certifies to the board. Before requesting a taxing authority to submit a tax levy, any agency or authority authorized to make that request shall first request the certification from the county auditor provided under this section.

(4) This division is supplemental to, and not in derogation of, any similar requirement governing the certification by the county auditor of the tax valuation of a subdivision or necessary tax rates for the purposes of the submission of the question of a tax in excess of the ten-mill limitation, including sections 133.18 and 5705.195 of the Revised Code.
(C) All taxes levied on property shall be extended on the tax list and duplicate by the county auditor of the county in which the property is located, and shall be collected by the county treasurer of such county in the same manner and under the same laws and rules as are prescribed for the assessment and collection of county taxes. The proceeds of any tax levied by or for any subdivision when received by its fiscal officer shall be deposited in its treasury to the credit of the appropriate fund.

Sec. 5705.192. (A) For the purposes of this section only, "taxing authority" includes a township board of park commissioners appointed under section 511.18 of the Revised Code.

(B) A taxing authority may propose to replace an existing levy that the taxing authority is authorized to levy, regardless of the section of the Revised Code under which the authority is granted, except a school district emergency levy proposed pursuant to sections 5705.194 to 5705.197 of the Revised Code. The taxing authority may propose to replace the existing levy in its entirety at the rate at which it is authorized to be levied; may propose to replace a portion of the existing levy at a lesser rate; or may propose to replace the existing levy in its entirety and increase the rate at which it is levied. If the taxing authority proposes to replace an existing levy, the proposed levy shall be called a replacement levy and shall be so designated on the ballot. Except as otherwise provided in this division, a replacement levy shall be limited to the purpose of the existing levy, and shall appear separately on the ballot from, and shall not be conjoined with, the renewal of any other existing levy. In the case of an existing school district levy imposed under section 5705.21 of the Revised Code for the purpose specified in division (F) of section 5705.19 of the Revised Code, or in the case of an existing school district
levy imposed under section 5705.217 of the Revised Code for the
acquisition, construction, enlargement, renovation, and financing
of permanent improvements, the replacement for that existing levy
may be for the same purpose or for the purpose of general
permanent improvements as defined in section 5705.21 of the
Revised Code. The replacement for an existing levy imposed under
division (L) of section 5705.19 or section 5705.222 of the Revised
Code may be for any purpose authorized for a levy imposed under
section 5705.222 of the Revised Code.

The resolution proposing a replacement levy shall specify the
purpose of the levy; its proposed rate expressed in mills for each
dollar of taxable value and in dollars for each one hundred
thousand dollars of fair market value; whether the proposed rate
is the same as the rate of the existing levy, a reduction, or an
increase; the extent of any reduction or increase expressed in
mills for each one dollar of taxable value and in dollars for each
one hundred thousand dollars of fair market value; the first
calendar year in which the levy will be due; and the term of the
levy, expressed in years or, if applicable, that it will be levied
for a continuing period of time.

The sections of the Revised Code governing the maximum rate
and term of the existing levy, the contents of the resolution that
proposed the levy, the adoption of the resolution, the
arrangements for the submission of the question of the levy, and
notice of the election also govern the respective provisions of
the proposal to replace the existing levy, except as provided in
divisions (B)(1) to (4) (5) of this section:

(1) In the case of an existing school district levy that is
imposed under section 5705.21 of the Revised Code for the purpose
specified in division (F) of section 5705.19 of the Revised Code
or under section 5705.217 of the Revised Code for the acquisition, 3093
construction, enlargement, renovation, and financing of permanent 3094
improvements, and that is to be replaced by a levy for general 3095
permanent improvements, the term of the replacement levy may be 3096
for a continuing period of time.
3097

(2) The date on which the election is held shall be as 3098
follows:
3099

(a) For the replacement of a levy with a fixed term of years, 3100
the date of the general election held during the last year the 3101
existing levy may be extended on the real and public utility 3102
property tax list and duplicate, or the date of any election held 3103
in the ensuing year;
3104

(b) For the replacement of a levy imposed for a continuing 3105
period of time, the date of any election held in any year after 3106
the year the levy to be replaced is first approved by the 3107
electors, except that only one election on the question of 3108
replacing the levy may be held during any calendar year.
3109

The failure by the electors to approve a proposal to replace 3110
a levy imposed for a continuing period of time does not terminate 3111
the existing continuing levy.
3112

(3) In the case of an existing school district levy imposed 3113
under division (B) of section 5705.21, division (C) of section 3114
5705.212, or division (J) of section 5705.218 of the Revised Code, 3115
the rates allocated to the qualifying school district and to 3116
partnering community schools each may be increased or decreased or 3117
remain the same, and the total rate may be increased, decreased, 3118
or remain the same.
3119

(4) In the case of an existing levy imposed under division 3120
(L) of section 5705.19 of the Revised Code, the term may be for 3121

(C) The form of the ballot at the election on the question of a replacement levy shall be as follows:

"A replacement of a tax for the benefit of .......... (name of subdivision or public library) for the purpose of .......... (rate expressed in dollars and cents) for each one hundred dollars in valuation $100,000 of fair market value, for .......... (number of years levy is to run, or that it will be levied for a continuous period of time)

FOR THE TAX LEVY
AGAINST THE TAX LEVY"

If the replacement levy is proposed by a qualifying school district to replace an existing tax levied under division (B) of section 5705.21, division (C)(1) of section 5705.212, or division (J) of section 5705.218 of the Revised Code, the form of the ballot shall be modified by adding, after the phrase "each one dollar $1 of valuation taxable value," the following: "(of which ........ mills is to be allocated to partnering community schools)."

If the proposal is to replace an existing levy and increase
the rate of the existing levy, the form of the ballot shall be changed by adding the words ".......... mills of an existing levy and an increase of ........... mills, to constitute" after the words "a replacement of." If the proposal is to replace only a portion of an existing levy, the form of the ballot shall be changed by adding the words "a portion of an existing levy, being a reduction of ........... mills, to constitute" after the words "a replacement of." If the existing levy is imposed under division (B) of section 5705.21, division (C)(1) of section 5705.212, or division (J) of section 5705.218 of the Revised Code, the form of the ballot also shall state the portion of the total increased rate or of the total rate as reduced that is to be allocated to partnering community schools.

If the tax is to be placed on the tax list of the current tax year, the form of the ballot shall be modified by adding at the end of the form the phrase ", commencing in ........... (first year the replacement tax is to be levied), first due in calendar year ........... (first calendar year in which the tax shall be due)."

The question covered by the resolution shall be submitted as a separate proposition, but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers. More than one such question may be submitted at the same election.

(D) Two or more existing levies, or any portion of those levies, may be combined into one replacement levy, so long as all of the existing levies are for the same purpose and either all are due to expire the same year or all are for a continuing period of time. The question of combining all or portions of those existing levies into the replacement levy shall appear as one ballot proposition before the electors. If the electors approve the
ballot proposition, all or the stated portions of the existing levies are replaced by one replacement levy.

(E) A levy approved in excess of the ten-mill limitation under this section shall be certified to the tax commissioner. In the first year of a levy approved under this section, the levy shall be extended on the tax lists after the February settlement succeeding the election at which the levy was approved. If the levy is to be placed on the tax lists of the current year, as specified in the resolution providing for its submission, the result of the election shall be certified immediately after the canvass by the board of elections to the taxing authority, which shall forthwith make the necessary levy and certify it to the county auditor, who shall extend it on the tax lists for collection. After the first year, the levy shall be included in the annual tax budget that is certified to the county budget commission.

If notes are authorized to be issued in anticipation of the proceeds of the existing levy, notes may be issued in anticipation of the proceeds of the replacement levy, and such issuance is subject to the terms and limitations governing the issuance of notes in anticipation of the proceeds of the existing levy.

(F) This section does not authorize a tax to be levied in any year after the year in which revenue is not needed for the purpose for which the tax is levied.

Sec. 5705.195. Within five days after the resolution is certified to the county auditor as provided by section 5705.194 of the Revised Code, the auditor shall calculate and certify to the taxing authority the annual levy, expressed in dollars and cents for each one hundred thousand dollars of valuation fair market...
value as well as in mills for each one dollar of valuation taxable value, throughout the life of the levy which will be required to produce the annual amount set forth in the resolution assuming that the amount of the tax list of such subdivision remains throughout the life of the levy the same as the amount of the tax list for the current year, and if this is not determined, the estimated amount submitted by the auditor to the county budget commission. When considering the tangible personal property component of the tax valuation of the subdivision, the county auditor shall take into account the assessment percentages prescribed in section 5711.22 of the Revised Code. The tax commissioner may issue rules, orders, or instructions directing how the assessment percentages must be utilized.

Upon receiving the certification from the county auditor, if the taxing authority desires to proceed with the submission of the question it shall, not less than ninety days before the day of such election, certify its resolution, together with the amount of the average tax levy, expressed in dollars and cents for each one hundred thousand dollars of valuation fair market value as well as in mills for each one dollar of valuation taxable value, estimated by the auditor, and the number of years the levy is to run to the board of elections of the county which shall prepare the ballots and make other necessary arrangements for the submission of the question to the voters of the subdivision.

Sec. 5705.196. The election provided for in section 5705.194 of the Revised Code shall be held at the regular places for voting in the district, and shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers, provided that in any such election in which only part of the electors of a precinct are qualified to
vote, the board of elections may assign voters in such part to an adjoining precinct. Such an assignment may be made to an adjoining precinct in another county with the consent and approval of the board of elections of such other county. Notice of the election shall be published in one newspaper of general circulation in the district once a week for two consecutive weeks or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. Such notice shall state the annual proceeds of the proposed levy, the purpose for which such proceeds are to be used, the number of years during which the levy shall run, and the estimated average additional tax rate expressed in dollars and cents for each one hundred thousand dollars of valuation as well as in mills for each one dollar of valuation, outside the limitation imposed by Section 2 of Article XII, Ohio Constitution, as certified by the county auditor.

Sec. 5705.197. The form of the ballot to be used at the election provided for in section 5705.195 of the Revised Code shall be as follows:

"Shall a levy be imposed by the ............... (here insert name of school district) for the purpose of ............... (here insert purpose of levy) in the sum of $........... (here insert annual amount the levy is to produce) and a levy of taxes to be made outside of the ten-mill limitation estimated by the county auditor to average ............ The purpose for which the tax is to be levied shall be printed in the space indicated, in boldface type of at least twice the size of the type immediately surrounding it.

If the tax is to be placed on the current tax list, the form of the ballot shall be modified by adding, after "years," the phrase ", commencing in .......... (first year the tax is to be levied), first due in calendar year .......... (first calendar year in which the tax shall be due)."

If the levy submitted is a proposal to renew all or a portion of an existing levy, the form of the ballot specified in this section must be changed by adding the following at the beginning of the form, after the words "shall a levy":

(A) "Renewing an existing levy" in the case of a proposal to renew an existing levy in the same amount;

(B) "Renewing $...... dollars and providing an increase of $...... dollars" in the case of an increase;

(C) "Renewing part of an existing levy, being a reduction of $...... dollars" in the case of a renewal of only part of an existing levy.

If the levy submitted is a proposal to renew all or a portion of more than one existing levy, the form of the ballot may be changed in any of the manners provided in division (A), (B), or (C) of this section, or any combination of those manners, as
appropriate, so long as the form of the ballot reflects the number of levies to be renewed, whether the amount of any of the levies will be increased or decreased, the amount of any such increase or decrease for each levy, and that none of the existing levies to be renewed will be levied after the year preceding the year in which the renewal levy is first imposed. The form of the ballot shall be changed by adding the following statement after "for a period of ...... years?" and before "For the Tax Levy" and "Against the Tax Levy":

"If approved, any remaining tax years on any of the above ..... (here insert the number of existing levies) existing levies will not be collected after ..... (here insert the current tax year or, if not the current tax year, the applicable tax year)."

Sec. 5705.199. (A) At any time the board of education of a city, local, exempted village, cooperative education, or joint vocational school district, by a vote of two-thirds of all its members, may declare by resolution that the revenue that will be raised by all tax levies that the district is authorized to impose, when combined with state and federal revenues, will be insufficient to provide for the necessary requirements of the school district, and that it is therefore necessary to levy a tax in excess of the ten-mill limitation for the purpose of providing for the necessary requirements of the school district. Such a levy shall be proposed as a substitute for all or a portion of one or more existing levies imposed under sections 5705.194 to 5705.197 of the Revised Code or under this section, by levying a tax as follows:

(1) In the initial year the levy is in effect, the levy shall be in a specified amount of money equal to the aggregate annual dollar amount of proceeds derived from the levy or levies, or
portion thereof, being substituted.

(2) In each subsequent year the levy is in effect, the levy shall be in a specified amount of money equal to the sum of the following:

(a) The dollar amount of the proceeds derived from the levy in the prior year; and

(b) The dollar amount equal to the product of the total taxable value of all taxable real property in the school district in the then-current year, excluding carryover property as defined in section 319.301 of the Revised Code, multiplied by the annual levy, expressed in mills for each one dollar of valuation taxable value, that was required to produce the annual dollar amount of the levy under this section in the prior year; provided, that the amount under division (A)(2)(b) of this section shall not be less than zero.

(B) The resolution proposing the substitute levy shall specify the annual dollar amount the levy is to produce in its initial year; the first calendar year in which the levy will be due; and the term of the levy expressed in years, which may be any number not exceeding ten, or for a continuing period of time. The resolution shall specify the date of holding the election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and which shall be consistent with the requirements of section 3501.01 of the Revised Code. If two or more existing levies are to be included in a single substitute levy, but are not scheduled to expire in the same year, the resolution shall specify that the existing levies to be substituted shall not be levied after the year preceding the year in which the substitute levy is first imposed.

The resolution shall go into immediate effect upon its
passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passage be certified to the county auditor in the manner provided by section 5705.195 of the Revised Code, and sections 5705.194 and 5705.196 of the Revised Code shall govern the arrangements for the submission of the question and other matters concerning the notice of election and the election, except as may be provided otherwise in this section.

(C) The form of the ballot to be used at the election on the question of a levy under this section shall be as follows:

"Shall a tax levy substituting for an existing levy be imposed by the .......... (here insert name of school district) for the purpose of providing for the necessary requirements of the school district in the initial sum of $........... (here insert the annual dollar amount the levy is to produce in its initial year), and a levy of taxes be made outside of the ten-mill limitation estimated by the county auditor to require .......... (here insert number of mills) mills for each one dollar $1 of valuation taxable value, which amounts to $........... (here insert rate expressed in dollars and cents) for each one hundred dollars $100,000 of valuation fair market value for the initial year of the tax, for a period of .......... (here insert the number of years the levy is to be imposed, or that it will be levied for a continuing period of time), commencing in .......... (first year the tax is to be levied), first due in calendar year .......... (first calendar year in which the tax shall be due), with the sum of such tax to increase only if and as new land or real property improvements not previously taxed by the school district are added to its tax list?
If the levy submitted is a proposal to substitute all or a portion of more than one existing levy, the form of the ballot may be changed so long as the ballot reflects the number of levies to be substituted and that none of the existing levies to be substituted will be levied after the year preceding the year in which the substitute levy is first imposed. The form of the ballot shall be modified by substituting the statement "Shall a tax levy substituting for an existing levy" with "Shall a tax levy substituting for existing levies" and adding the following statement after "added to its tax list?" and before "For the Tax Levy":

"If approved, any remaining tax years on any of the .......... (here insert the number of existing levies) existing levies will not be collected after .......... (here insert the current tax year or, if not the current tax year, the applicable tax year)."

(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(E) If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of education may make the necessary levy within the school district at the rate and for the purpose stated in the resolution. The tax levy shall be included in the next tax budget that is certified to the county budget commission.

(F) A levy for a continuing period of time may be decreased pursuant to section 5705.261 of the Revised Code.
(G) A levy under this section substituting for all or a portion of one or more existing levies imposed under sections 5705.194 to 5705.197 of the Revised Code or under this section shall be treated as having renewed the levy or levies being substituted for purposes of the payments made under sections 5751.20 to 5751.22 of the Revised Code.

(H) After the approval of a levy on the current tax list and duplicate, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

Sec. 5705.21. (A) At any time, the board of education of any city, local, exempted village, cooperative education, or joint vocational school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation by levies on the current tax list will be insufficient to provide an adequate amount for the necessary requirements of the school district, that it is necessary to levy a tax in excess of such limitation for one of the purposes specified in division (A), (D), (F), (H), or (DD) of section 5705.19 of the Revised Code, for general permanent improvements, for the purpose of operating a cultural center, for the purpose of providing for school safety and security, or for the purpose of providing education
technology, and that the question of such additional tax levy shall be submitted to the electors of the school district at a special election on a day to be specified in the resolution. In the case of a qualifying library levy for the support of a library association or private corporation, the question shall be submitted to the electors of the association library district. If the resolution states that the levy is for the purpose of operating a cultural center, the ballot shall state that the levy is "for the purpose of operating the........... (name of cultural center)."

As used in this division, "cultural center" means a freestanding building, separate from a public school building, that is open to the public for educational, musical, artistic, and cultural purposes; "education technology" means, but is not limited to, computer hardware, equipment, materials, and accessories, equipment used for two-way audio or video, and software; "general permanent improvements" means permanent improvements without regard to the limitation of division (F) of section 5705.19 of the Revised Code that the improvements be a specific improvement or a class of improvements that may be included in a single bond issue; and "providing for school safety and security" includes but is not limited to providing for permanent improvements to provide or enhance security, employment of or contracting for the services of safety personnel, providing mental health services and counseling, or providing training in safety and security practices and responses.

A resolution adopted under this division shall be confined to a single purpose and shall specify the amount of the increase in rate that it is necessary to levy, the purpose of the levy, and the number of years during which the increase in rate shall be in effect. The number of years may be any number not exceeding five.
or, if the levy is for current expenses of the district or for general permanent improvements, for a continuing period of time.

(B)(1) The board of education of a qualifying school district, by resolution, may declare that it is necessary to levy a tax in excess of the ten-mill limitation for the purpose of paying the current expenses of partnering community schools and, if any of the levy proceeds are so allocated, of the district. A qualifying school district that is not a municipal school district may allocate all of the levy proceeds to partnering community schools. A municipal school district shall allocate a portion of the levy proceeds to the current expenses of the district. The resolution shall declare that the question of the additional tax levy shall be submitted to the electors of the school district at a special election on a day to be specified in the resolution. The resolution shall state the purpose of the levy, the rate of the tax expressed in mills per for each one dollar of taxable value, the number of such mills to be levied for the current expenses of the partnering community schools and the number of such mills, if any, to be levied for the current expenses of the school district, the number of years the tax will be levied, and the first year the tax will be levied. The number of years the tax may be levied may be any number not exceeding ten years, or for a continuing period of time.

The levy of a tax for the current expenses of a partnering community school under this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2)(a) If any portion of the levy proceeds are to be allocated to the current expenses of the qualifying school
district, the form of the ballot at an election held pursuant to division (B) of this section shall be as follows:

"Shall a levy be imposed by the........... (insert the name of the qualifying school district) for the purpose of current expenses of the school district and of partnering community schools, that the county auditor estimates will collect $..... annually, at a rate not exceeding...... (insert the number of mills) mills for each one dollar $1 of valuation taxable value, of which...... (b) If all of the levy proceeds are to be allocated to the current expenses of partnering community schools, the form of the ballot shall be as follows:

"Shall a levy be imposed by the........... (insert the name of the qualifying school district) for the purpose of current expenses of partnering community schools, that the county auditor estimates will collect $..... annually, at a rate not exceeding...... (insert the number of mills) mills for each one dollar $1 of valuation taxable value which amounts to......... (insert the rate expressed in dollars and cents) $........ for each

(insert first year the tax is to be levied), which will first be payable in calendar year...... (insert the first calendar year in which the tax would be payable)?

(3) Upon each receipt of a tax distribution by the qualifying school district, the board of education shall credit the portion allocated to partnering community schools to the partnering community schools fund. All income from the investment of money in the partnering community schools fund shall be credited to that fund.

(a) If the qualifying school district is a municipal school district, the board of education shall distribute the partnering community schools amount among the then qualifying community schools not more than forty-five days after the school district receives and deposits each tax distribution. From each tax distribution, each such partnering community school shall receive a portion of the partnering community schools amount in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date of receipt and deposit of the tax distribution.

(b) If the qualifying school district is not a municipal school district, the board of education may distribute all or a portion of the amount in the partnering community schools fund during a fiscal year to partnering community schools on or before the first day of June of the preceding fiscal year. Each such
partnering community school shall receive a portion of the amount distributed by the board from the partnering community schools fund during the fiscal year in the proportion that the number of its resident students bears to the aggregate number of resident students of all such partnering community schools as of the date the school district received and deposited the most recent tax distribution. On or before the fifteenth day of June of each fiscal year, the board of education shall announce an estimated allocation to partnering community schools for the ensuing fiscal year. The board is not required to allocate to partnering community schools the entire partnering community schools amount in the fiscal year in which a tax distribution is received and deposited in the partnering community schools fund. The estimated allocation shall be published on the web site of the school district and expressed as a dollar amount per resident student. The actual allocation to community schools in a fiscal year need not conform to the estimate published by the school district so long if the estimate was made in good faith.

Distributions by a school district under division (B)(3)(b) of this section shall be made in accordance with distribution agreements entered into by the board of education and each partnering community school eligible for distributions under this division. The distribution agreements shall be certified to the department of education each fiscal year before the thirtieth day of July. Each agreement shall provide for at least three distributions by the school district to the partnering community school during the fiscal year and shall require the initial distribution be made on or before the thirtieth day of July.

(c) For the purposes of division (B) of this section, the number of resident students shall be the number of such students reported under section 3317.03 of the Revised Code and established
by the department of education as of the date of receipt and deposit of the tax distribution.

(4) To the extent an agreement whereby the qualifying school district and a community school endorse each other's programs is necessary for the community school to qualify as a partnering community school under division (B)(6)(b) of this section, the board of education of the school district shall certify to the department of education the agreement along with the determination that such agreement satisfies the requirements of that division. The board's determination is conclusive.

(5) For the purposes of Chapter 3317. of the Revised Code or other laws referring to the "taxes charged and payable" for a school district, the taxes charged and payable for a qualifying school district that levies a tax under division (B) of this section includes only the taxes charged and payable under that levy for the current expenses of the school district, and does not include the taxes charged and payable for the current expenses of partnering community schools. The taxes charged and payable for the current expenses of partnering community schools shall not affect the calculation of "state education aid" as defined in section 5751.20 of the Revised Code.

(6) As used in division (B) of this section:

(a) "Qualifying school district" means a municipal school district, as defined in section 3311.71 of the Revised Code or a school district that contains within its territory a partnering community school.

(b) "Partnering community school" means a community school established under Chapter 3314. of the Revised Code that is located within the territory of the qualifying school district and meets one of the following criteria:
(i) If the qualifying school district is a municipal school district, the community school is sponsored by the district or is a party to an agreement with the district whereby the district and the community school endorse each other's programs;

(ii) If the qualifying school district is not a municipal school district, the community school is sponsored by a sponsor that was rated as "exemplary" in the ratings most recently published under section 3314.016 of the Revised Code before the resolution proposing the levy is certified to the board of elections.

(c) "Partnering community schools amount" means the product obtained, as of the receipt and deposit of the tax distribution, by multiplying the amount of a tax distribution by a fraction, the numerator of which is the number of mills per dollar of taxable value of the property tax to be allocated to partnering community schools, and the denominator of which is the total number of mills per dollar of taxable value authorized by the electors in the election held under division (B) of this section, each as set forth in the resolution levying the tax. If the resolution allocates all of the levy proceeds to partnering community schools, the "partnering schools amount" equals the amount of the tax distribution.

(d) "Partnering community schools fund" means a separate fund established by the board of education of a qualifying school district for the deposit of partnering community school amounts under this section.

(e) "Resident student" means a student enrolled in a partnering community school who is entitled to attend school in the qualifying school district under section 3313.64 or 3313.65 of the Revised Code.
(f) "Tax distribution" means a distribution of proceeds of the tax authorized by division (B) of this section under section 321.24 of the Revised Code and distributions that are attributable to that tax under sections 323.156 and 4503.068 of the Revised Code or other applicable law.

(C) A resolution adopted under this section shall specify the date of holding the election, which shall not be earlier than ninety days after the adoption and certification of the resolution and which shall be consistent with the requirements of section 3501.01 of the Revised Code.

A resolution adopted under this section may propose to renew one or more existing levies imposed under division (A) or (B) of this section or to increase or decrease a single levy imposed under either such division.

If the board of education imposes one or more existing levies for the purpose specified in division (F) of section 5705.19 of the Revised Code, the resolution may propose to renew one or more of those existing levies, or to increase or decrease a single such existing levy, for the purpose of general permanent improvements.

If the resolution proposes to renew two or more existing levies, the levies shall be levied for the same purpose. The resolution shall identify those levies and the rates at which they are levied. The resolution also shall specify that the existing levies shall not be extended on the tax lists after the year preceding the year in which the renewal levy is first imposed, regardless of the years for which those levies originally were authorized to be levied.

If the resolution proposes to renew an existing levy imposed under division (B) of this section, the rates allocated to the qualifying school district and to partnering community schools...
each may be increased or decreased or remain the same, and the
3691
total rate may be increased, decreased, or remain the same. The
3692
resolution and notice of election shall specify the number of the
3693
mills to be levied for the current expenses of the partnering
3694
community schools and the number of the mills, if any, to be
3695
levied for the current expenses of the qualifying school district.
3696

A resolution adopted under this section shall go into
3697
immediate effect upon its passage, and no publication of the
3698
resolution shall be necessary other than that provided for in the
3699
notice of election. A copy of the resolution shall immediately
3700
after its passing be certified to the board of elections of the
3701
proper county in the manner provided by section 5705.25 of the
3702
Revised Code. That section shall govern the arrangements for the
3703
submission of such question and other matters concerning the
3704
election to which that section refers, including publication of
3705
notice of the election, except that the election shall be held on
3706
the date specified in the resolution. In the case of a resolution
3707
adopted under division (B) of this section, the publication of
3708
notice of that election shall state the number of the mills, if
3709
any, to be levied for the current expenses of partnering community
3710
schools and the number of the mills to be levied for the current
3711
expenses of the qualifying school district. If a majority of the
3712
electors voting on the question so submitted in an election vote
3713
in favor of the levy, the board of education may make the
3714
necessary levy within the school district or, in the case of a
3715
qualifying library levy for the support of a library association
3716
or private corporation, within the association library district,
3717
at the additional rate, or at any lesser rate in excess of the
3718
ten-mill limitation on the tax list, for the purpose stated in the
3719
resolution. A levy for a continuing period of time may be reduced
3720
pursuant to section 5705.261 of the Revised Code. The tax levy
3721
shall be included in the next tax budget that is certified to the county budget commission.

(D)(1) After the approval of a levy on the current tax list and duplicate for current expenses, for recreational purposes, for community centers provided for in section 755.16 of the Revised Code, or for a public library of the district under division (A) of this section, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty percent of the total estimated proceeds of the levy to be collected during the first year of the levy.

(2) After the approval of a levy for general permanent improvements for a specified number of years or for permanent improvements having the purpose specified in division (F) of section 5705.19 of the Revised Code, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding fifty percent of the total estimated proceeds of the levy remaining to be collected in each year over a period of five years after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(3) After approval of a levy for general permanent improvements for a continuing period of time, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in a principal amount not exceeding
fifty per cent of the total estimated proceeds of the levy to be collected in each year over a specified period of years, not exceeding ten, after the issuance of the notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed ten years, and may have a principal payment in the year of their issuance.

(4) After the approval of a levy on the current tax list and duplicate under division (B) of this section, and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of the levy proceeds to be allocated to partnering community schools under that division shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(E) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(F) The board of education of any school district that levies a tax under this section for the purpose of providing for school
safety and security may report to the department of education how
the district is using revenue from that tax.

Sec. 5705.212. (A)(1) The board of education of any school
district, at any time and by a vote of two-thirds of all of its
members, may declare by resolution that the amount of taxes that
may be raised within the ten-mill limitation will be insufficient
to provide an adequate amount for the present and future
requirements of the school district, that it is necessary to levy
not more than five taxes in excess of that limitation for current
expenses, and that each of the proposed taxes first will be levied
in a different year, over a specified period of time. The board
shall identify the taxes proposed under this section as follows:
the first tax to be levied shall be called the "original tax."
Each tax subsequently levied shall be called an "incremental tax."
The rate of each incremental tax shall be identical, but the rates
of such incremental taxes need not be the same as the rate of the
original tax. The resolution also shall state that the question of
these additional taxes shall be submitted to the electors of the
school district at a special election. The resolution shall
specify separately for each tax proposed: the amount of the
increase in rate that it is necessary to levy, expressed
separately for the original tax and each incremental tax; that the
purpose of the levy is for current expenses; the number of years
during which the original tax shall be in effect; a specification
that the last year in which the original tax is in effect shall
also be the last year in which each incremental tax shall be in
effect; and the year in which each tax first is proposed to be
levied. The original tax may be levied for any number of years not
exceeding ten, or for a continuing period of time. The resolution
shall specify the date of holding the special election, which
shall not be earlier than ninety days after the adoption and
certification of the resolution and shall be consistent with the
requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of
its members, may adopt a resolution proposing to renew taxes
levied other than for a continuing period of time under division
(A)(1) of this section. Such a resolution shall provide for
levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot
as a renewal levy;

(b) The rate of the renewal tax, which shall be a single rate
that combines the rate of the original tax and each incremental
tax into a single rate. The rate of the renewal tax shall not
exceed the aggregate rate of the original and incremental taxes.

(c) The number of years, not to exceed ten, that the renewal
tax will be levied, or that it will be levied for a continuing
period of time;

(d) That the purpose of the renewal levy is for current
expenses;

(e) Subject to the certification and notification
requirements of section 5705.251 of the Revised Code, that the
question of the renewal levy shall be submitted to the electors of
the school district at the general election held during the last
year the original tax may be extended on the real and public
utility property tax list and duplicate or at a special election
held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this
section shall go into immediate effect upon its adoption and no
publication of the resolution is necessary other than that
provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the board of elections of the proper county in the manner provided by division (A) of section 5705.251 of the Revised Code, and that division shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the taxes or a renewal tax, the board of education, if the original or a renewal tax is authorized to be levied for the current year, immediately may make the necessary levy within the school district at the authorized rate, or at any lesser rate in excess of the ten-mill limitation, for the purpose stated in the resolution. No tax shall be imposed prior to the year specified in the resolution as the year in which it is first proposed to be levied. The rate of the original tax and the rate of each incremental tax shall be cumulative, so that the aggregate rate levied in any year is the sum of the rates of both the original tax and all incremental taxes levied in or prior to that year under the same proposal. A tax levied for a continuing period of time under this section may be reduced pursuant to section 5705.261 of the Revised Code.

(B) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty per cent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are
issued, they shall mature serially and in substantially equal
amounts during each year over a period not to exceed five years;
and the amount necessary to pay the interest and principal as the
anticipation notes mature shall be deemed appropriated for those
purposes from the levy, and appropriations from the levy by the
board of education shall be limited each fiscal year to the
balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to
section 3313.483 of the Revised Code, the notes authorized under
this section may be sold in accordance with Chapter 133. of the
Revised Code, except that the board may sell the notes after
providing a reasonable opportunity for competitive bidding.

(C)(1) The board of education of a qualifying school
district, at any time and by a vote of two-thirds of all its
members, may declare by resolution that it is necessary to levy
not more than five taxes in excess of the ten-mill limitation for
the current expenses of partnering community schools and, if any
of the levy proceeds are so allocated, of the school district, and
that each of the proposed taxes first will be levied in a
different year, over a specified period of time. A qualifying
school district that is not a municipal school district may
allocate all of the levy proceeds to partnering community schools.
A municipal school district shall allocate a portion of the levy
proceeds to the current expenses of the district. The board shall
identify the taxes proposed under this division in the same manner
as in division (A)(1) of this section. The rate of each
incremental tax shall be identical, but the rates of such
incremental taxes need not be the same as the rate of the original
tax. In addition to the specifications required of the resolution
in division (A) of this section, the resolution shall state the
number of the mills to be levied each year for the current
expenses of the partnering community schools and the number of the mills, if any, to be levied each year for the current expenses of the school district. The number of mills for the current expenses of partnering community schools shall be the same for each of the incremental taxes, and the number of mills for the current expenses of the qualifying school district shall be the same for each of the incremental taxes.

The levy of taxes for the current expenses of a partnering community school under division (C) of this section and the distribution of proceeds from the tax by a qualifying school district to partnering community schools is hereby determined to be a proper public purpose.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew taxes levied other than for a continuing period of time under division (C)(1) of this section. In such a renewal levy, the rates allocated to the qualifying school district and to partnering community schools each may be increased or decreased or remain the same, and the total rate may be increased, decreased, or remain the same. In addition to the requirements of division (A)(2) of this section, the resolution shall state the number of the mills to be levied for the current expenses of the partnering community schools and the number of the mills to be levied for the current expenses of the school district.

(3) A resolution adopted under division (C)(1) or (2) of this section is subject to the rules and procedures prescribed by division (A)(3) of this section.

(4) The proceeds of each tax levied under division (C)(1) or (2) of this section shall be credited and distributed in the manner prescribed by division (B)(3) of section 5705.21 of the
Revised Code, and divisions (B)(4), (5), and (6) of that section apply to taxes levied under division (C) of this section.

(5) Notwithstanding section 133.30 of the Revised Code, after the approval of a tax to be levied under division (C)(1) or (2) of this section, in the current or succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy for the current expenses of the qualifying school district and issue anticipation notes in a principal amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected during the first year of the levy and allocated to the school district. The portion of levy proceeds to be allocated to partnering community schools shall not be included in the estimated proceeds anticipated under this division and shall not be used to pay debt charges on any anticipation notes.

The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years. The amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to section 3313.483 of the Revised Code, the notes authorized under this section may be sold in accordance with Chapter 133. of the Revised Code, except that the board may sell the notes after providing a reasonable opportunity for competitive bidding.

As used in division (C) of this section, "qualifying school
"district" and "partnering community schools" have the same meanings as in section 5705.21 of the Revised Code.

(D) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(E) When a school board certifies a resolution to the county auditor under division (B)(1) of section 5705.03 of the Revised Code proposing to levy a tax under division (A)(1) or (C)(1) of this section, the county auditor shall certify, within ten days after receiving the board's request, an estimate of both the levy's annual collections for the tax year for which the original tax applies and the levies' aggregate annual collections for the tax year for which the final incremental tax applies, in both cases rounded to the nearest dollar, which shall be calculated assuming that the amount of the tax list of the taxing authority remains throughout the life of the levy the same as the amount of the tax list for the current year, and if this is not determined, the estimated amount submitted by the auditor to the county budget commission. If a school district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the district is located the current tax valuation for the portion of the district in that county.

Sec. 5705.213. (A)(1) The board of education of any school district, at any time and by a vote of two-thirds of all of its members, may declare by resolution that the amount of taxes that may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district and that it is necessary to levy a tax in excess of that limitation for current expenses. The resolution also shall state that the question of the additional
tax shall be submitted to the electors of the school district at a special election. The resolution shall specify, for each year the levy is in effect, the amount of money that the levy is proposed to raise, which may, for years after the first year the levy is made, be expressed in terms of a dollar or percentage increase over the prior year's amount. The resolution also shall specify that the purpose of the levy is for current expenses, the number of years during which the tax shall be in effect which may be for any number of years not exceeding ten, and the year in which the tax first is proposed to be levied. The resolution shall specify the date of holding the special election, which shall not be earlier than ninety-five days after the adoption and certification of the resolution to the county auditor and not earlier than ninety days after certification to the board of elections. The date of the election shall be consistent with the requirements of section 3501.01 of the Revised Code.

(2) The board of education, by a vote of two-thirds of all of its members, may adopt a resolution proposing to renew a tax levied under division (A)(1) of this section. Such a resolution shall provide for levying a tax and specify all of the following:

(a) That the tax shall be called and designated on the ballot as a renewal levy;

(b) The amount of the renewal tax, which shall be no more than the amount of tax levied during the last year the tax being renewed is authorized to be in effect;

(c) The number of years, not to exceed ten, that the renewal tax will be levied, or that it will be levied for a continuing period of time;

(d) That the purpose of the renewal levy is for current expenses;
(e) Subject to the certification and notification requirements of section 5705.251 of the Revised Code, that the question of the renewal levy shall be submitted to the electors of the school district at the general election held during the last year the tax being renewed may be extended on the real and public utility property tax list and duplicate or at a special election held during the ensuing year.

(3) A resolution adopted under division (A)(1) or (2) of this section shall go into immediate effect upon its adoption and no publication of the resolution is necessary other than that provided for in the notice of election. Immediately after its adoption, a copy of the resolution shall be certified to the county auditor of the proper county, who shall, within five days, calculate and certify to the board of education the estimated levy, for the first year, and for each subsequent year for which the tax is proposed to be in effect. The estimates shall be made both in mills for each one dollar of valuation, taxable value and in dollars and cents for each one hundred thousand dollars of valuation fair market value. In making the estimates, the auditor shall assume that the amount of the tax list remains throughout the life of the levy, the same as the tax list for the current year. If the tax list for the current year is not determined, the auditor shall base the auditor's estimates on the estimated amount of the tax list for the current year as submitted to the county budget commission.

If the board desires to proceed with the submission of the question, it shall certify its resolution, with the estimated tax levy expressed in mills for each one dollar of taxable value and dollars and cents per for each one hundred thousand dollars of valuation fair market value for each year that the tax is proposed to be in effect, to the board of elections of the proper county in
the manner provided by division (A) of section 5705.251 of the Revised Code. Section 5705.251 of the Revised Code shall govern the arrangements for the submission of the question and other matters concerning the election to which that section refers. The election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the tax, and if the tax is authorized to be levied for the current year, the board of education immediately may make the additional levy necessary to raise the amount specified in the resolution or a lesser amount for the purpose stated in the resolution.

(4) The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

(B) Notwithstanding sections 133.30 and 133.301 of the Revised Code, after the approval of a tax to be levied in the current or the succeeding year and prior to the time when the first tax collection from that levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not to exceed fifty percent of the total estimated proceeds of the levy to be collected during the first year of the levy. The notes shall be sold as provided in Chapter 133. of the Revised Code. If anticipation notes are issued, they shall mature serially and in substantially equal amounts during each year over a period not to exceed five years; and the amount necessary to pay the interest and principal as the anticipation notes mature shall be deemed appropriated for those purposes from the levy, and appropriations from the levy by the board of education shall be limited each fiscal year to the balance available in excess of that amount.

If the auditor of state has certified a deficit pursuant to
section 3313.483 of the Revised Code, the notes authorized under
this section may be sold in accordance with Chapter 133. of the
Revised Code, except that the board may sell the notes after
providing a reasonable opportunity for competitive bidding.

Sec. 5705.215. (A) The governing board of an educational
service center that is the taxing authority of a county school
financing district, upon receipt of identical resolutions adopted
within a sixty-day period by a majority of the members of the
board of education of each school district that is within the
territory of the county school financing district, may submit a
tax levy to the electors of the territory in the same manner as a
school board may submit a levy under division (C) of section
5705.21 of the Revised Code, except that:

(1) The levy may be for a period not to exceed ten years, or,
if the levy is solely for the purpose or purposes described in
division (A)(2)(a), (c), or (f) of this section, for a continuing
period of time.

(2) The purpose of the levy shall be one or more of the
following:

(a) For current expenses for the provision of special
education and related services within the territory of the
district;

(b) For permanent improvements within the territory of the
district for special education and related services;

(c) For current expenses for specified educational programs
within the territory of the district;

(d) For permanent improvements within the territory of the
district for specified educational programs;
(e) For permanent improvements within the territory of the district;

(f) For current expenses for school safety and security and mental health services, including training and employment of or contracting for the services of safety personnel, mental health personnel, social workers, and counselors.

(B) If the levy provides for but is not limited to current expenses, the resolutions shall apportion the annual rate of the levy between current expenses and the other purposes. The apportionment need not be the same for each year of the levy, but the respective portions of the rate actually levied each year for current expenses and the other purposes shall be limited by that apportionment.

(C) Prior to the application of section 319.301 of the Revised Code, the rate of a levy that is limited to, or to the extent that it is apportioned to, purposes other than current expenses shall be reduced in the same proportion in which the district's total valuation increases during the life of the levy because of additions to such valuation that have resulted from improvements added to the tax list and duplicate.

(D) After the approval of a county school financing district levy under this section, the taxing authority may anticipate a fraction of the proceeds of such levy and may from time to time during the life of such levy, but in any given year prior to the time when the tax collection from such levy can be made for that year, issue anticipation notes in an amount not exceeding fifty per cent of the estimated proceeds of the levy to be collected in each year up to a period of five years after the date of the issuance of such notes, less an amount equal to the proceeds of such levy obligated for each year by the issuance of anticipation notes.
notes, provided that the total amount maturing in any one year
shall not exceed fifty per cent of the anticipated proceeds of the
levy for that year. Each issue of notes shall be sold as provided
in Chapter 133. of the Revised Code, and shall, except for the
limitation that the total amount of such notes maturing in any
one year shall not exceed fifty per cent of the anticipated
proceeds of such levy for that year, mature serially in
substantially equal installments during each year over a period
not to exceed five years after their issuance.

(E)(1) In a resolution to be submitted to the taxing
authority of a county school financing district under division (A)
of this section calling for a ballot issue on the question of the
levying of a tax for a continuing period of time by the taxing
authority, the board of education of a school district that is
part of the territory of the county school financing district also
may propose to reduce the rate of one or more of that school
district's property taxes levied for a continuing period of time
in excess of the ten-mill limitation. The reduction in the rate of
a property tax may be any amount, expressed in mills per for each
one dollar of valuation taxable value and in dollars for each one
hundred thousand dollars of fair market value, not exceeding the
rate at which the tax is authorized to be levied. The reduction in
the rate of a tax shall first take effect in the same year that
the county school financing district tax takes effect, and shall
continue for each year that the county school financing district
tax is in effect. A board of education's resolution proposing to
reduce the rate of one or more of its school district property
taxes shall specifically identify each such tax and shall state
for each tax the maximum rate at which it currently may be levied
and the maximum rate at which it could be levied after the
proposed reduction, expressed in mills per for each one dollar of
valuation taxable value and in dollars for each one hundred thousand dollars of fair market value.

Before submitting the resolution to the taxing authority of the county school financing district, the board of education of the school district shall certify a copy of it to the tax commissioner and the county auditor. Within ten days of receiving the copy, (a) the tax commissioner shall certify to the board the reduction in the school district's total effective tax rate for each class of property that would have resulted if the proposed reduction in the rate or rates had been in effect the previous year and (b) the county auditor shall certify an estimate of the levy's annual collections beginning for the first tax year for which the reduction applies, rounded to the nearest dollar, which shall be calculated assuming that the amount of the tax list of the taxing authority remains throughout the life of the reduced levy the same as the amount of the tax list for the current year, and if this is not determined, the estimated amount submitted by the auditor to the county budget commission.

If a school district is located in more than one county, the county auditor shall obtain from the county auditor of each other county in which the district is located the current tax valuation for the portion of the district in that county. After receiving the certification these certifications from the commissioner and the auditor, the board may amend its resolution to change the proposed property tax rate reduction before submitting the resolution to the financing district taxing authority, provided the board certifies a copy of the amended resolution to the county auditor with a request to provide the information required under division (E)(1)(b) of this section and transmits that estimate to the taxing authority. As used in this paragraph, "effective tax rate" has the same meaning as in section...
If the board of education of a school district that is part of the territory of a county school financing district adopts a resolution proposing to reduce the rate of one or more of its property taxes in conjunction with the levying of a tax by the financing district, the resolution submitted by the board to the taxing authority of the financing district under division (A) of this section does not have to be identical in this respect to the resolutions submitted by the boards of education of the other school districts that are part of the territory of the county school financing district.

(2) Each school district that is part of the territory of a county school financing district may tailor to its own situation a proposed reduction in one or more property tax rates in conjunction with the proposed levying of a tax by the county school financing district; if one such school district proposes a reduction in one or more tax rates, another school district may propose a reduction of a different size or may propose no reduction. Within each school district that is part of the territory of the county school financing district, the electors shall vote on one ballot issue combining the question of the levying of the tax by the taxing authority of the county school financing district with, if any such reduction is proposed, the question of the reduction in the rate of one or more taxes of the school district. If a majority of the electors of the county school financing district voting on the question of the proposed levying of a tax by the taxing authority of the financing district vote to approve the question, any tax reductions proposed by school districts that are part of the territory of the financing district also are approved.

(3) The form of the ballot for an issue proposing to levy a

county school financing district tax in conjunction with the reduction of the rate of one or more school district taxes shall be as follows:

"Shall the ....... (name of the county school financing district) be authorized to levy an additional tax for ....... (purpose stated in the resolutions), that the county auditor estimates will collect $...... annually, at a rate not exceeding ....... mills for each one dollar $1 of valuation taxable value, which amounts to $...... (rate expressed in dollars and cents) for each one hundred dollars $100,000 of valuation fair market value, for a continuing period of time? If the county school financing district tax is approved, the rate of an existing tax currently levied by the ....... (name of the school district of which the elector is a resident) at the rate of ....... mills for each one dollar of valuation shall be reduced to ....... mills for each $1 of taxable value, which amounts to a reduction from $...... to $...... for each $100,000 of fair market value, that the county auditor estimates will collect $...... annually, until any such time as the county school financing district tax is decreased or repealed.

If the board of education of the school district proposes to reduce the rate of more than one of its existing taxes, the second sentence of the ballot language shall be modified for residents of that district to express the rates at which those taxes currently are levied and the rates to which they would be reduced, as well as each levy's estimated annual collections as provided by the
county auditor under division (E)(1)(b) of this section. If the
board of education of the school district does not propose to
reduce the rate of any of its taxes, the second sentence of the
ballot language shall not be used for residents of that district.
In any case, the first sentence of the ballot language shall be
the same for all the electors in the county school financing
district, but the second sentence shall be different in each
school district depending on whether and in what amount the board
of education of the school district proposes to reduce the rate of
one or more of its property taxes.

(4) If the rate of a school district property tax is reduced
pursuant to this division, the tax commissioner shall compute the
percentage required to be computed for that tax under division (D)
of section 319.301 of the Revised Code each year the rate is
reduced as if the tax had been levied in the preceding year at the
rate to which it has been reduced. If the reduced rate of a tax is
increased under division (E)(5) of this section, the commissioner
shall compute the percentage required to be computed for that tax
under division (D) of section 319.301 of the Revised Code each
year the rate is increased as if the tax had been levied in the
preceding year at the rate to which it has been increased.

(5) After the levying of a county school financing district
tax in conjunction with the reduction of the rate of one or more
school district taxes is approved by the electors under this
division, if the rate of the county school financing district tax
is decreased pursuant to an election under section 5705.261 of the
Revised Code, the rate of each school district tax that had been
reduced shall be increased by the number of mills obtained by
multiplying the number of mills of the original reduction by the
same percentage that the financing district tax rate is decreased.
If the county school financing district tax is repealed pursuant
to an election under section 5705.261 of the Revised Code, each
school district may resume levying the property taxes that had
been reduced at the full rate originally approved by the electors.
A reduction in the rate of a school district property tax under
this division is a reduction in the rate at which the board of
education may levy that tax only for the period during which the
county school financing district tax is levied prior to any
decrease or repeal under section 5705.261 of the Revised Code. The
resumption of the authority of the board of education to levy an
increased or the full rate of tax does not constitute the levying
of a new tax in excess of the ten-mill limitation.

(F) If a county school financing district has a tax in effect
under this section, the territory of a city, local, or exempted
village school district that is not a part of the county school
financing district shall not become a part of the county school
financing district unless approved by the electors of the city,
local, or exempted village school district in accordance with
division (C) of section 3311.50 of the Revised Code.

Sec. 5705.218. (A) The board of education of a city, local,
or exempted village school district, at any time by a vote of
two-thirds of all its members, may declare by resolution that it
may be necessary for the school district to issue general
obligation bonds for permanent improvements. The resolution shall
state all of the following:

(1) The necessity and purpose of the bond issue;

(2) The date of the special election at which the question
shall be submitted to the electors;

(3) The amount, approximate date, estimated rate of interest,
and maximum number of years over which the principal of the bonds
may be paid;

(4) The necessity of levying a tax outside the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities.

the residential/agricultural real property.

(2) "Residential/agricultural real property" and
"nonresidential/agricultural real property" means the property
classified as such under section 5713.041 of the Revised Code.

(3) "Effective tax rate" and "taxes charged and payable" have

Revised Code.

(B) On or after January 1, 2010, but before January 1, 2015,
the board of education of an eligible school district, by a vote
of two-thirds of all its members, may adopt a resolution proposing
to convert existing levies imposed for the purpose of current
expenses into a levy raising a specified amount of tax money by

and imposing a levy in excess of the ten-mill limitation that will
raise a specified amount of money for current expenses of the
district.

The board of education shall certify a copy of the resolution

to be repealed upon approval of the question. Levies shall be
repealed in reverse chronological order from most recently imposed
to least recently imposed until the sum of the effective tax rates
repealed for residential/agricultural real property is equal to
the difference calculated in division (B)(1)(a) of this section.

(4) The sum of the following:

(a) The total taxable value of nonresidential/agricultural
real property for the tax year preceding the year in which the
repeal and levy will be proposed to the electors multiplied by the

and (ii) the amount determined under division (B)(1)(a) of this
section, but not less than zero.

the repeal of the existing levies as identified in the
certification and the imposition of a levy in excess of the
ten-mill limitation that will raise annually the amount certified
by the commissioner. If the board determines that the tax should
be for an amount less than that certified by the commissioner, the
board may request that the commissioner redetermine the rate under

rate of levy approved for a continuing period of time by the
voters of a subdivision or, in the case of a qualifying library
levy, the voters of the library district or association library
district, may be initiated by the filing of a petition with the
board of elections of the proper county not less than ninety days

election be held on such question. Such petition shall state the
amount of the proposed decrease in the rate of levy and shall be
signed by qualified electors residing in the subdivision, library
district, or association library district equal in number to at
least ten per cent of the total number of votes cast in the
subdivision, library district, or association library district for
the office of governor at the most recent general election for
that office. Only one such petition may be filed during each
five-year period following the election at which the voters

After determination by it that such petition is valid, the
board of elections shall submit do both of the following:

(1) Request that the county auditor certify to the board an
estimate of the levy's annual collections in the same manner as
required for a tax levy under section 5705.03 of the Revised Code.
If the subdivision, library district, or association library
district is located in more than one county, the county auditor

the subdivision or district is located the tax valuation
applicable to the portion of the subdivision or district in that
county.
The county auditor shall certify such information to the board of elections within ten days after receiving the board's request.

(2) Submit the question to the electors of the subdivision, library district, or association library district at the succeeding general election pursuant to division (B) of this section. The

(B) The election shall be conducted, canvassed, and certified in the same manner as regular elections in such subdivision, library district, or association library district for county offices. The notice shall state the purpose, the levy's estimated annual collections, the amount of the proposed decrease in rate, expressed in mills for each one dollar of taxable value and dollars for each one hundred thousand dollars of fair market value, and the time and place of the election. The form of the ballot cast at such election shall be prescribed by the secretary of state but must include all information required to be included in the notice. The question covered by such petition shall be submitted as a separate proposition but it may be printed on the same ballot with any other propositions submitted at the same election other than the election of officers. If a majority of the qualified electors voting on the question of a decrease at such election approve the proposed decrease in rate, the result of the election shall be certified immediately after the canvass by the board of elections to the appropriate taxing authority, which
shall thereupon, after the current year, cease to levy such increased rate or levy such tax at such reduced rate upon the duplicate tax list of the subdivision, library district, or association library district. If notes have been issued in anticipation of the collection of such levy, the taxing authority shall continue to levy and collect under authority of the election authorizing the original levy such amounts as will be sufficient to pay the principal of and interest on such anticipation notes as the same fall due.

In the case of a levy for the current expenses of a qualifying school district and of partnering community schools imposed under section 5705.192, division (B) of section 5705.21, division (C) of section 5705.212, or division (J) of section 5705.218 of the Revised Code for a continuing period of time, the rate allocated to the school district and to partnering community schools shall each be decreased by a number of mills per dollar that is proportionate to the decrease in the rate of the levy in proportion to the rate at which the levy was imposed before the decrease.

Sec. 5705.55. (A) The board of directors of a lake facilities authority, by a vote of two-thirds of all its members, may at any time declare by resolution that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide an adequate amount for the necessary requirements of the authority, that it is necessary to levy a tax in excess of such limitation for any of the purposes specified in divisions (A), (B), (F), and (H) of section 5705.19 of the Revised Code, and that the question of such additional tax levy shall be submitted by the board to the electors residing within the boundaries of the impacted lake district on the day of
a primary or general election. The resolution shall conform to section 5705.19 of the Revised Code, except that the tax levy may be in effect for no more than five years, as set forth in the resolution, unless the levy is for the payment of debt charges, and the total number of mills levied for each dollar of taxable valuation that may be levied under this section for any tax year shall not exceed one mill. If the levy is for the payment of debt charges, the levy shall be for the life of the bond indebtedness.

The resolution shall specify the date of holding the election, which shall not be earlier than ninety days after the adoption and certification of the resolution to the board of elections. The resolution shall not include a levy on the current tax list and duplicate unless the election is to be held at or prior to the first Tuesday after the first Monday in November of the current tax year.

The resolution shall be certified to the board of elections of the proper county or counties not less than ninety days before the date of the election. The resolution shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided in the notice of election. Section 5705.25 of the Revised Code shall govern the arrangements for the submission of such question and other matters concerning the election, to which that section refers, except that the election shall be held on the date specified in the resolution. If a majority of the electors voting on the question so submitted in an election vote in favor of the levy, the board of directors may forthwith make the necessary levy within the boundaries of the impacted lake district at the additional rate in excess of the ten-mill limitation on the tax list, for the purpose stated in the resolution. The tax levy shall be included in the
next annual tax budget that is certified to the county budget commission.

(B) The form of the ballot in an election held on the question of levying a tax proposed pursuant to this section shall be as follows or in any other form acceptable to the secretary of state:

"A tax for the benefit of (name of lake facilities authority) .......... for the purpose of .........., that the county auditor estimates will collect $..... annually, at a rate not exceeding .......... mills for each one dollar $1 of valuation taxable value, which amounts to (rate expressed in dollars and cents) $......... for each one hundred dollars $100,000 of valuation fair market value, for .......... The lake facilities authority may borrow money in anticipation of the collection of current revenues as provided in section 133.10 of the Revised Code.

(D) If a tax is levied under this section in a tax year, no other taxing authority of a subdivision or taxing unit, including

A copy of the resolution shall be certified to the tax commissioner no later than one hundred days prior to the date of the election at which the board intends to propose a levy under this section. Upon receipt of the copy of the resolution, the tax commissioner shall estimate both of the following:

(1) The property tax rate that would have to be imposed in the current year by the district to produce an equivalent amount of money;
(2) The income tax rate that would have had to have been in effect for the current year to produce an equivalent amount of money from a school district income tax.

Within ten days of receiving the copy of the board's resolution, the commissioner shall prepare these estimates and certify them to the board. Upon receipt of the certification, the board may adopt a resolution proposing an income tax under division (B) of this section at the estimated rate contained in the certification rounded to the nearest one-fourth of one per cent. The commissioner's certification applies only to the board's proposal to levy an income tax at the election for which the board requested the certification. If the board intends to submit a proposal to levy an income tax at any other election, it shall request another certification for that election in the manner prescribed in this division.

(B)(1) Upon the receipt of a certification from the tax commissioner under division (A) of this section, a majority of the members of a board of education may adopt a resolution proposing the levy of an annual tax for school district purposes on school district income. The proposed levy may be for a continuing period of time or for a specified number of years. The resolution shall set forth the purpose for which the tax is to be imposed, the rate of the tax, which shall be the rate set forth in the commissioner's certification rounded to the nearest one-fourth of one per cent, the number of years the tax will be levied or that it will be levied for a continuing period of time, the date on which the tax shall take effect, which shall be the first day of January of any year following the year in which the question is submitted, and the date of the election at which the proposal shall be submitted to the electors of the district, which shall be on the date of a primary, general, or special election the date of
which is consistent with section 3501.01 of the Revised Code. The resolution shall specify whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section. The specification shall be the same as the specification in the resolution adopted and certified under division (A) of this section.

If the tax is to be levied for current expenses and permanent improvements, the resolution shall apportion the annual rate of the tax. The apportionment may be the same or different for each year the tax is levied, but the respective portions of the rate actually levied each year for current expenses and for permanent improvements shall be limited by the apportionment.

If the board of education currently imposes an income tax pursuant to this chapter that is due to expire and a question is submitted under this section for a proposed income tax to take effect upon the expiration of the existing tax, the board may specify in the resolution that the proposed tax renews the expiring tax. Two or more expiring income taxes may be renewed under this paragraph if the taxes are due to expire on the same date. If the tax rate being proposed is no higher than the total tax rate imposed by the expiring tax or taxes, the resolution may state that the proposed tax is not an additional income tax.

(2) A board of education adopting a resolution under division (B)(1) of this section proposing a school district income tax for a continuing period of time and limited to the purpose of current expenses may propose in that resolution to reduce the rate or rates of one or more of the school district's property taxes levied for a continuing period of time in excess of the ten-mill
limitation for the purpose of current expenses. The reduction in
the rate of a property tax may be any amount, expressed in mills
per for each one dollar in valuation taxable value and in dollars
for each one hundred thousand dollars in fair market value, not
exceeding the rate at which the tax is authorized to be levied.
The reduction in the rate of a tax shall first take effect for the
tax year that includes the day on which the school district income
tax first takes effect, and shall continue for each tax year that
both the school district income tax and the property tax levy are
in effect.

In addition to the matters required to be set forth in the
resolution under division (B)(1) of this section, a resolution
containing a proposal to reduce the rate of one or more property
taxes shall state for each such tax the maximum rate at which it
currently may be levied and the maximum rate at which the tax
could be levied after the proposed reduction, expressed in mills
per for each one dollar in valuation taxable value and in dollars
for each one hundred thousand dollars in fair market value, and
that the tax is levied for a continuing period of time.

A board proposing to reduce the rate of one or more property
taxes under division (B)(2) of this section shall comply with
division (B) of section 5705.03 of the Revised Code.

If a board of education proposes to reduce the rate of one or
more property taxes under division (B)(2) of this section, the
board, when it makes the certification required under division (A)
of this section, shall designate the specific levy or levies to be
reduced, the maximum rate at which each levy currently is
authorized to be levied, and the rate by which each levy is
proposed to be reduced. The tax commissioner, when making the
certification to the board under division (A) of this section,
also shall certify the reduction in the total effective tax rate for current expenses for each class of property that would have resulted if the proposed reduction in the rate or rates had been in effect the previous tax year. As used in this paragraph, "effective tax rate" has the same meaning as in section 323.08 of the Revised Code.

(C) A resolution adopted under division (B) of this section shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. Immediately after its adoption and at least ninety days prior to the election at which the question will appear on the ballot, a copy of the resolution and, if applicable, the county auditor's certifications under section 5705.03 of the Revised Code shall be certified to the board of elections of the proper county, which shall submit the proposal to the electors on the date specified in the resolution. The form of the ballot shall be as provided in section 5748.03 of the Revised Code. Publication of notice of the election shall be made in a newspaper of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall contain the time and place of the election and the question to be submitted to the electors. The question covered by the resolution shall be submitted as a separate proposition, but may be printed on the same ballot with any other proposition submitted at the same election, other than the election of officers.

(D) No board of education shall submit the question of a tax on school district income to the electors of the district more
than twice in any calendar year. If a board submits the question twice in any calendar year, one of the elections on the question shall be held on the date of the general election.

(E)(1) No board of education may submit to the electors of the district the question of a tax on school district income on the taxable income of individuals as defined in division (E)(1)(b) of section 5748.01 of the Revised Code if that tax would be in addition to an existing tax on the taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of that section.

(2) No board of education may submit to the electors of the district the question of a tax on school district income on the taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code if that tax would be in addition to an existing tax on the taxable income of individuals as defined in division (E)(1)(b) of that section.

Sec. 5748.03. (A) The form of the ballot on a question submitted to the electors under section 5748.02 of the Revised Code shall be as follows:

"Shall an annual income tax of ....... (state the proposed rate of tax) on the school district income of individuals and of estates be imposed by ....... (state the name of the school district), for ....... (state the number of years the tax would be levied, or that it would be levied for a continuing period of time), beginning ....... (state the date the tax would first take effect), for the purpose of ....... (state the purpose of the tax)?

FOR THE TAX

AGAINST THE TAX"
(B)(1) If the question submitted to electors proposes a school district income tax only on the taxable income of individuals as defined in division (E)(1)(b) of section 5748.01 of the Revised Code, the form of the ballot shall be modified by stating that the tax is to be levied on the "earned income of individuals residing in the school district" in lieu of the "school district income of individuals and of estates."

(2) If the question submitted to electors proposes to renew one or more expiring income tax levies, the ballot shall be modified by adding the following language immediately after the name of the school district that would impose the tax: "to renew an income tax (or income taxes) expiring at the end of ......... (state the last year the existing income tax or taxes may be levied)."

(3) If the question includes a proposal under division (B)(2) of section 5748.02 of the Revised Code to reduce the rate of one or more school district property taxes, the ballot shall state that the purpose of the school district income tax is for current expenses, and the form of the ballot shall be modified by adding the following language immediately after the statement of the purpose of the proposed income tax: ", and shall the rate of an existing tax on property, currently levied for the purpose of current expenses at the rate of ....... mills, be REDUCED to ....... mills for each $1 of taxable value, which amounts to a reduction from $....... to $....... for each $100,000 of fair market value, that the county auditor estimates will collect $...... annually, the reduction continuing until any such time as the income tax is repealed." In lieu of "for the tax" and "against the tax," the phrases "for the issue" and "against the issue,"
respectively, shall be used. If a board of education proposes a reduction in the rates of more than one tax, the ballot language shall be modified accordingly to express the rates at which those taxes currently are levied and the rates to which the taxes will be reduced.

(C) The board of elections shall certify the results of the election to the board of education and to the tax commissioner. If a majority of the electors voting on the question vote in favor of it, the income tax, the applicable provisions of Chapter 5747. of the Revised Code, and the reduction in the rate or rates of existing property taxes if the question included such a reduction shall take effect on the date specified in the resolution. If the question approved by the voters includes a reduction in the rate of a school district property tax, the board of education shall not levy the tax at a rate greater than the rate to which the tax is reduced, unless the school district income tax is repealed in an election under section 5748.04 of the Revised Code.

(D) If the rate at which a property tax is levied and collected is reduced pursuant to a question approved under this section, the tax commissioner shall compute the percentage required to be computed for that tax under division (D) of section 319.301 of the Revised Code each year the rate is reduced as if the tax had been levied in the preceding year at the rate at which it has been reduced. If the rate of a property tax increases due to the repeal of the school district income tax pursuant to section 5748.04 of the Revised Code, the tax commissioner, for the first year for which the rate increases, shall compute the percentage as if the tax in the preceding year had been levied at the rate at which the tax was authorized to be levied prior to any rate reduction.
Sec. 5748.04. (A) The question of the repeal of a school
district income tax levied for more than five years may be
initiated not more than once in any five-year period by filing
with the board of elections of the appropriate counties not later
than ninety days before the general election in any year after the
year in which it is approved by the electors a petition requesting
that an election be held on the question. The petition shall be
signed by qualified electors residing in the school district
levying the income tax equal in number to ten per cent of those
voting for governor at the most recent gubernatorial election.

The board of elections shall determine whether the petition
is valid, and if it so determines, it shall submit do both of the
following:

(1) Submit the question to the electors of the district at
the next general election;

(2) If the rate of one or more property tax levies was
reduced for the duration of the income tax levy pursuant to
division (B)(2) of section 5748.02 of the Revised Code, request
that the county auditor certify to the board an estimate of the
levies' annual collections for the first year in which the levies
are increased in the same manner as required for a tax levy under
section 5705.03 of the Revised Code.

The county auditor shall certify such information to the
board of elections within ten days after receiving the board's
request. If a school district is located in more than one county,
the county auditor shall obtain from the county auditor of each
other county in which the district is located the tax valuation
applicable to the portion of the district in that county. The

The election shall be conducted, canvassed, and certified in
the same manner as regular elections for county offices in the county. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the purpose, time and place of the election and the question to be submitted to the electors. The form of the ballot cast at the election shall be as follows:

"Shall the annual income tax of ..... per cent, currently levied on the school district income of individuals and estates by ........... (state the name of the school district) for the purpose of ........... (state purpose of the tax), be repealed?

(B)(1) If the tax is imposed on taxable income as defined in division (E)(1)(b) of section 5748.01 of the Revised Code, the form of the ballot shall be modified by stating that the tax currently is levied on the "earned income of individuals residing in the school district" in lieu of the "school district income of individuals and estates."

(2) If the rate of one or more property tax levies was reduced for the duration of the income tax levy pursuant to division (B)(2) of section 5748.02 of the Revised Code, the form of the ballot shall be modified by adding the following language immediately after "repealed": ", and shall the rate of an existing tax on property for the purpose of current expenses, which rate
was reduced for the duration of the income tax, be INCREASED from
..... mills to ..... mills per one dollar for each $1 of valuation
taxable value which amounts to an increase from $..... to $.....
for each $100,000 of fair market value, that the county auditor
estimates will collect $..... annually, beginning in ..... (state
the first year for which the rate of the property tax will
increase)." In lieu of "for repeal of the income tax" and "against
repeal of the income tax," the phrases "for the issue" and
"against the issue," respectively, shall be substituted.

(3) If the rate of more than one property tax was reduced for
the duration of the income tax, the ballot language shall be
modified accordingly to express the rates at which those taxes
currently are levied and the rates to which the taxes would be
increased.

(C) The question covered by the petition shall be submitted
as a separate proposition, but it may be printed on the same
ballot with any other proposition submitted at the same election
other than the election of officers. If a majority of the
qualified electors voting on the question vote in favor of it, the
result shall be certified immediately after the canvass by the
board of elections to the board of education of the school
district and the tax commissioner, who shall thereupon, after the
current year, cease to levy the tax, except that if notes have
been issued pursuant to section 5748.05 of the Revised Code the
tax commissioner shall continue to levy and collect under
authority of the election authorizing the levy an annual amount,
rounded upward to the nearest one-fourth of one per cent, as will
be sufficient to pay the debt charges on the notes as they fall
due.

(D) If a school district income tax repealed pursuant to this
section was approved in conjunction with a reduction in the rate
of one or more school district property taxes as provided in
division (B)(2) of section 5748.02 of the Revised Code, then each
such property tax may be levied after the current year at the rate
at which it could be levied prior to the reduction, subject to any
adjustments required by the county budget commission pursuant to
Chapter 5705. of the Revised Code. Upon the repeal of a school
district income tax under this section, the board of education may
resume levying a property tax, the rate of which has been reduced
pursuant to a question approved under section 5748.02 of the
Revised Code, at the rate the board originally was authorized to
levy the tax. A reduction in the rate of a property tax under
section 5748.02 of the Revised Code is a reduction in the rate at
which a board of education may levy that tax only for the period
during which a school district income tax is levied prior to any
repeal pursuant to this section. The resumption of the authority
to levy the tax upon such a repeal does not constitute a tax
levied in excess of the one per cent limitation prescribed by
Section 2 of Article XII, Ohio Constitution, or in excess of the
ten-mill limitation.

(E) This section does not apply to school district income tax
levies that are levied for five or fewer years.

Sec. 5748.08. (A) The board of education of a city, local, or
exempted village school district, at any time by a vote of
two-thirds of all its members, may declare by resolution that it
may be necessary for the school district to do all of the
following:

(1) Raise a specified amount of money for school district
purposes by levying an annual tax on school district income;
(2) Issue general obligation bonds for permanent
improvements, stating in the resolution the necessity and purpose
of the bond issue and the amount, approximate date, estimated rate
of interest, and maximum number of years over which the principal
of the bonds may be paid;

(3) Levy a tax outside the ten-mill limitation to pay debt
charges on the bonds and any anticipatory securities;

(4) Submit the question of the school district income tax and
bond issue to the electors of the district at a special election.

The resolution shall specify whether the income that is to be
subject to the tax is taxable income of individuals and estates as
defined in divisions (E)(1)(a) and (2) of section 5748.01 of the
Revised Code or taxable income of individuals as defined in
division (E)(1)(b) of that section.

On adoption of the resolution, the board shall certify a copy
of it to the tax commissioner and the county auditor no later than
one hundred five days prior to the date of the special election at
which the board intends to propose the income tax and bond issue.
Not later than ten days of receipt of the resolution, the tax
commissioner, in the same manner as required by division (A) of
section 5748.02 of the Revised Code, shall estimate the rates
designated in divisions (A)(1) and (2) of that section and certify
them to the board. Not later than ten days of receipt of the
resolution, the county auditor shall estimate and certify to the
board the average annual property tax rate required throughout the
stated maturity of the bonds to pay debt charges on the bonds and
the amount the levy is estimated to collect for each tax year it
is levied, in the same manner as under division (C) of section
133.18 of the Revised Code.

(B) On receipt of the tax commissioner's and county auditor's
certifications prepared under division (A) of this section, the board of education of the city, local, or exempted village school district, by a vote of two-thirds of all its members, may adopt a resolution proposing for a specified number of years or for a continuing period of time the levy of an annual tax for school district purposes on school district income and declaring that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district; that it is necessary to issue general obligation bonds of the school district for specified permanent improvements and to levy an additional tax in excess of the ten-mill limitation to pay the debt charges on the bonds and any anticipatory securities; and that the question of the bonds and taxes shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The purpose for which the school district income tax is to be imposed and the rate of the tax, which shall be the rate set forth in the tax commissioner's certification rounded to the nearest one-fourth of one per cent;

(2) Whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section. The specification shall be the same as the specification in the resolution adopted and certified under division (A) of this section.
(3) The number of years the tax will be levied, or that it will be levied for a continuing period of time;

(4) The date on which the tax shall take effect, which shall be the first day of January of any year following the year in which the question is submitted;

(5) The amount of the estimated average annual property tax levy, expressed in mills for each one dollar of taxable value and dollars for each one hundred thousand dollars of fair market value, as certified by the county auditor under division (A) of this section;

(6) The amount the property tax is estimated to collect for each tax year it is levied, as certified by the county auditor's estimate of the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds auditor under division (A) of this section.

(C) A resolution adopted under division (B) of this section shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. Immediately after its adoption and at least ninety days prior to the election at which the question will appear on the ballot, the board of education shall certify a copy of the resolution, along with copies of the auditor's estimate and its resolution under division (A) of this section, to the board of elections of the proper county. The board of education shall make the arrangements for the submission of the question to the electors of the school district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers.

The resolution shall be put before the electors as one ballot
question, with a majority vote indicating approval of the school district income tax, the bond issue, and the levy to pay debt charges on the bonds and any anticipatory securities. The board of elections shall publish the notice of the election in a newspaper of general circulation in the school district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, it also shall post notice of the election on its web site for thirty days prior to the election. The notice of election shall state all of the following:

(1) The questions to be submitted to the electors;

(2) The rate of the school district income tax;

(3) The principal amount of the proposed bond issue;

(4) The permanent improvements for which the bonds are to be issued;

(5) The maximum number of years over which the principal of the bonds may be paid;

(6) The estimated annual collections of the property tax, as certified by the county auditor;

(7) The estimated additional average annual property tax rate to pay the debt charges on the bonds, as certified by the county auditor, and expressed in mills for each one dollar of taxable value and in dollars for each one hundred thousand dollars of fair market value;

(7) (8) The time and place of the special election.

(D) The form of the ballot on a question submitted to the electors under this section shall be as follows:

"Shall the ........ school district be authorized to do both
of the following:

(1) Impose an annual income tax of ...... (state the proposed rate of tax) on the school district income of individuals and of estates, for ........ (state the number of years the tax would be levied, or that it would be levied for a continuing period of time), beginning ........ (state the date the tax would first take effect), for the purpose of ........ (state the purpose of the tax)?

(2) Issue bonds for the purpose of ........ in the principal amount of $......, to be repaid annually over a maximum period of ......... years, and levy a property tax outside the ten-mill limitation estimated by the county auditor to collect $...... annually and to average over the bond repayment period ......... mills for each one dollar $1 of tax valuation taxable value, which amounts to $....... (rate expressed in cents or dollars and cents, such as "36 cents" or "$1.41") for each $100 $100,000 of tax valuation fair market value, to pay the annual debt charges on the bonds, and to pay debt charges on any notes issued in anticipation of those bonds?

(E) If the question submitted to electors proposes a school district income tax only on the taxable income of individuals as defined in division (E)(1)(b) of section 5748.01 of the Revised Code, the form of the ballot shall be modified by stating that the tax is to be levied on the "earned income of individuals residing in the school district" in lieu of the "school district income of individuals and of estates."
(F) The board of elections promptly shall certify the results of the election to the tax commissioner and the county auditor of the county in which the school district is located. If a majority of the electors voting on the question vote in favor of it, the income tax and the applicable provisions of Chapter 5747. of the Revised Code shall take effect on the date specified in the resolution, and the board of education may proceed with issuance of the bonds and with the levy and collection of the property taxes to pay debt charges on the bonds, at the additional rate or any lesser rate in excess of the ten-mill limitation. Any securities issued by the board of education under this section are Chapter 133. securities, as that term is defined in section 133.01 of the Revised Code.

(G) After approval of a question under this section, the board of education may anticipate a fraction of the proceeds of the school district income tax in accordance with section 5748.05 of the Revised Code. Any anticipation notes under this division shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have a principal payment in the year of their issuance.

(H) The question of repeal of a school district income tax levied for more than five years may be initiated and submitted in accordance with section 5748.04 of the Revised Code.

(I) No board of education shall submit a question under this section to the electors of the school district more than twice in any calendar year. If a board submits the question twice in any calendar year, one of the elections on the question shall be held on the date of the general election.
Sec. 5748.09. (A) The board of education of a city, local, or exempted village school district, at any time by a vote of two-thirds of all its members, may declare by resolution that it may be necessary for the school district to do all of the following:

(1) Raise a specified amount of money for school district purposes by levying an annual tax on school district income;

(2) Levy an additional property tax in excess of the ten-mill limitation for the purpose of providing for the necessary requirements of the district, stating in the resolution the amount of money to be raised each year for such purpose;

(3) Submit the question of the school district income tax and property tax to the electors of the district at a special election.

The resolution shall specify whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions (E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section.

On adoption of the resolution, the board shall certify a copy of it to the tax commissioner and the county auditor not later than one hundred days prior to the date of the special election at which the board intends to propose the income tax and property tax. Not later than ten days after receipt of the resolution, the tax commissioner, in the same manner as required by division (A) of section 5748.02 of the Revised Code, shall estimate the rates designated in divisions (A)(1) and (2) of that section and certify them to the board. Not later than ten days after receipt of the resolution, the county auditor, in the same manner as required by
section 5705.195 of the Revised Code, shall make the calculation specified in that section and certify it to the board.

(B) On receipt of the tax commissioner's and county auditor's certifications prepared under division (A) of this section, the board of education of the city, local, or exempted village school district, by a vote of two-thirds of all its members, may adopt a resolution declaring that the amount of taxes that can be raised by all tax levies the district is authorized to impose, when combined with state and federal revenues, will be insufficient to provide an adequate amount for the present and future requirements of the school district, and that it is therefore necessary to levy, for a specified number of years or for a continuing period of time, an annual tax for school district purposes on school district income, and to levy, for a specified number of years not exceeding ten or for a continuing period of time, an additional property tax in excess of the ten-mill limitation for the purpose of providing for the necessary requirements of the district, and declaring that the question of the school district income tax and property tax shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The purpose for which the school district income tax is to be imposed and the rate of the tax, which shall be the rate set forth in the tax commissioner's certification rounded to the nearest one-fourth of one per cent;

(2) Whether the income that is to be subject to the tax is taxable income of individuals and estates as defined in divisions
(E)(1)(a) and (2) of section 5748.01 of the Revised Code or taxable income of individuals as defined in division (E)(1)(b) of that section. The specification shall be the same as the specification in the resolution adopted and certified under division (A) of this section.

(3) The number of years the school district income tax will be levied, or that it will be levied for a continuing period of time;

(4) The date on which the school district income tax shall take effect, which shall be the first day of January of any year following the year in which the question is submitted;

(5) The amount of money it is necessary to raise for the purpose of providing for the necessary requirements of the district for each year the property tax is to be imposed;

(6) The number of years the property tax will be levied, or that it will be levied for a continuing period of time;

(7) The tax list upon which the property tax shall be first levied, which may be the current year's tax list;

(8) The amount of the average tax levy, expressed in dollars and cents for each one hundred thousand dollars of valuation fair market value as well as in mills for each one dollar of valuation taxable value, estimated by the county auditor under division (A) of this section.

(C) A resolution adopted under division (B) of this section shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. Immediately after its adoption and at least ninety days prior to the election at which the question will appear on the ballot, the board of education...
shall certify a copy of the resolution, along with copies of the county auditor's certification and the resolution under division (A) of this section, to the board of elections of the proper county. The board of education shall make the arrangements for the submission of the question to the electors of the school district, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers.

The resolution shall be put before the electors as one ballot question, with a majority vote indicating approval of the school district income tax and the property tax. Modifies information conveyed in and the form of property tax election notices and ballot language as follows:

- Requires notices and ballot language to convey a property tax levy's rate in dollars for each $100,000 of fair market value instead of in dollars for each $100 of taxable value.

- Requires notices and ballot language to display the estimated amount the levy would collect annually.

- Prohibits any portion of a property tax question from being printed on the ballot in boldface type or with differing font size, with some exceptions.

Applies these changes to elections held after the 100th day after the bill's 90-day effective date.
