5 SYNOPSIS

6 **LGF distributions to municipal corporations**

7 **R.C. 5747.50**

8 Modifies a provision added by the Senate that changes the
9 distribution of Local Government Fund (LGF) payments to
10 municipal corporations. Under the Senate provision, this
11 municipal LGF share is distributed in proportion to each
12 municipality's population, except that municipalities with a
13 population of less than 1,000 do not receive any such
14 distribution (these already receive a separate LGF supplement
15 under continuing law) and municipalities with a population of
16 more than 50,000 are considered to only have a population of
17 50,000 for purposes of determining their distribution. The
18 amendment removes this 50,000 population cap, distributing the
19 money on the basis of actual population.

20 Under current law, the distribution is proportionate to
21 historical income tax collections, not population.
