AGRCD12 Motor fuel pump tax notices

No provision.

No provision.

R.C. 5735.50, 757.90

Requires stickers to be placed on retail service station fuel pumps showing the rate of the motor fuel excise tax (MFT) applicable to gasoline and diesel fuel, the date of the most recent change in those rates, and the ranking of Ohio's tax rate compared to the rates of MFT levied by other states. Specifies that (1) the stickers may not display the name of any public official, state employee, or state agency; (2) the width and length of the sticker are to be no less than four inches and are not to exceed 4.5 inches; and (3) the only colors that may appear on the sticker are red, white or blue.

No provision.

No provision.

Specifies the following timelines that apply to the Director of Agriculture, county auditors, and municipal sealers for updating stickers with the latest rate change information: (1) 15 days for the Director of Agriculture to notify county auditors and municipal sealers that updated stickers are required; (2) 15 days for county auditors and municipal sealers to notify the Director of Agriculture how many stickers will be needed; and (3) 90 days for the Director to distribute the stickers with the updated tax rate information.

No provision.

No provision.

Requires that the fuel tax notice stickers be placed on retail pumps on or before the earlier of 14 months following the most recent adjustment date or the date the auditor or sealer arrives at the retail location to conduct a required inspection. Requires the stickers to be replaced if they are no longer readable or have been affixed to the pump for more than three consecutive years. Allows the county auditor or municipal sealer to request additional stickers from the Director of Agriculture as needed.

Executive

As Passed by the House

As Passed by the Senate

No provision.

No provision.

Allows for the owner or operator of a retail service station to provide the fuel tax information in three alternative ways other than stickers: (1) on video displays; (2) on customer receipts; or (3) at a conspicuous location at the entrance to the station.

Fiscal effect: Some additional cost for the Department of Agriculture (Division of Weights and Measures) to produce the required stickers showing Ohio's motor fuel tax rate and other required information. Uncertain impact on county auditors or municipal sealers for complying with the tax sticker requirements.

AUDCD1 Audits of ODOT and regional transit authorities

R.C. 5501.09

R.C. 755.90

No provision.

Requires the Auditor of State, at least once a year instead of every two years as under current law, and without prior notice, to conduct a financial audit of the Department of Transportation (ODOT). Requires ODOT to submit a copy of the completed annual financial audits to the Governor, the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Director of Budget and Management no later than 90 days after receiving the audit.

Replaces the House provision with one that requires the Auditor of State to provide for the completion of a performance audit of ODOT by January 1, 2020, pursuant to Chapter 117. of the Revised Code.

No provision.

Requires the Auditor of State, at least once a year instead of every two years as under current law, and without prior notice, to conduct a financial audit of any regional transit authority. Requires regional transit authorities to submit copies of the completed annual financial audits to the Governor, the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, and the Director of Budget and Management no later than 90 days after receiving the audit.

No provision.

Fiscal effect: ODOT and regional transit authorities would be responsible for paying the Auditor of State for these audits. Instead of paying for such an audit once every two years, these costs would occur annually, but at potentially lower costs since the audits would only review one year’s worth of accounts. Payments from ODOT would be deposited into the Public Audit Expense - Intrastate Fund (Fund 1090). Payments from regional transit authorities would be deposited into the Public Audit Expense - Local Government Fund (Fund 4220).

Fiscal effect: ODOT would incur additional costs for the required one-time performance audit.

As Passed by the Senate

Establishes appropriations for any expenditures authorized by OBM for this purpose, and allows OBM to transfer cash between funds if necessary to make these expenditures and to reimburse funds from which cash was so transferred.

Same as the Executive.

No provision.

Fiscal effect: Typically there are 26 pay periods per fiscal year for the vast majority of state employees (those receiving bi-weekly paychecks). In FY 2020, there will be 27 pay periods. The authority granted in this section allows OBM to pay for the extra pay period at the end of FY 2019, if cash is available, instead of, under the normal payment schedule, agencies paying for the 27th paycheck for state employees in FY 2020.

Authorizes the use of money in the Roadwork Development Fund (Fund 4W00) specifically for the construction and maintenance of public roads that provide or improve access to tourism attractions.

Fiscal effect: Potential increase in roadwork projects eligible for grants under the program.

R.C. 122.14

Same as the House.

Fiscal effect: Same as the House.

DEVCD1 Roadwork Development Grant Program

Section: 207.20

(1) Requires the Roadwork Development Fund (Fund 4W00) to be used for road improvements associated with economic development projects to retain or attract businesses in Ohio. Includes among eligible projects airport access roads or roads within public airport property. Defines "road improvements" as improvements to public roadway facilities located on, serving, or that are capable of serving a project site.

(2) Requires ODOT to provide funds in accordance with the guidelines and requirements of other Development Services Agency (DSA) programs, including Controlling Board review and approval, as well as constitutional requirements for the use of motor fuel tax revenues. Permits ODOT to assist DSA with project completion and to enter into contracts on behalf of DSA. Permits Fund 4W00 money to be used in conjunction with any other state funding for infrastructure improvements.

DNRCD2 Oil and Gas Infrastructure Fund

R.C. 1509.02, 321.50, 321.51, 505.96, 1509.11, and 5749.02

No provision.

Requires that \$5 million cash in each fiscal year be transferred from the existing Oil and Gas Well Fund (5180) to the Oil and Gas Infrastructure Fund created by the bill. Specifies that cash transfers from Fund 5180 to the Oil and Gas Infrastructure Fund may occur only if Fund 5180 maintains a minimum balance of \$50 million on the final day of each fiscal year.

No provision.

No provision.

Requires that the Director of Budget and Management distribute the \$5 million transferred each fiscal year to eligible political subdivisions in the Utica and Marcellus shale region as follows:

No provision.

No provision.

(1) 60% (\$3 million) to an eligible county's oil and gas infrastructure fund, which is required to be created by the county treasurer in each eligible county, in proportion to the number of producing wells in each eligible county divided by the number of producing wells in the state, as calculated by the Chief of Oil and Gas Resources Management and certified to the Director of Budget and Management no later than June 15 of each year. Requires county treasurers to distribute the money in the county oil and gas infrastructure fund to each political subdivision that receives Local Government Fund distributions in proportion to the amount the subdivision receives from the county's undivided local government fund. Requires political subdivisions that receive distributions from the county oil and gas infrastructure fund under this provision to use the money exclusively for capital improvements.

the state, as calculated by the Chief of Oil and Gas Resources Management and certified to the Director of Budget and Management no later than June 15 of each year. Requires an eligible county treasurer to create a township road maintenance fund for receiving and distributing the funds. Creates, in each eligible county, a township road maintenance committee consisting of one trustee of each township within the county. Requires the committee, on or before the 31st day of September each year, to issue an order to the county treasurer distributing money in the county's township road maintenance fund to the township road funds of townships in the county in proportions prescribed by the committee. Specifies the factors the committee must consider in issuing the order. Specifies that a township must use money received from the township road maintenance fund exclusively for the purposes of maintaining and constructing roads and purchasing road maintenance equipment.

No provision.

(3) 20% (\$1 million) to the general fund of an eligible municipal corporation or township in proportion to the number of producing wells in each eligible municipality and township divided by the number of producing wells in the state, as calculated by the Chief of Oil and Gas Resources Management and certified to the Director of Budget and Management no later than June 15 of each year. Specifies that the funds received under this provision may be used for any lawful purposes.

No provision.

Fiscal effect: As of September 30, 2018, the most recent date for which well production information is available, eligible political subdivisions in 17 counties in the Utica and Marcellus shale region would receive funds under the provision.

DPSCD15 Low-speed electric scooters

R.C. 4501.01, 4509.01, 4511.01, 4511.514, 4511.68

(1) No provision.	(1) Defines "low-speed electric scooter" as a device weighing less than 100 lbs. that has handlebars, is propelled by an electric motor or human power, and has an attainable speed on a paved level surface of not more than 20 mph when propelled by the electric motor.	(1) No provision.
(2) No provision.	(2) Permits the operation of low-speed electric scooters on public streets, highways, sidewalks, paths, and portions of roadways set aside for the exclusive use of bicycles.	(2) No provision.
(3) No provision.	(3) States that low-speed electric scooters are not vehicles, and as such exempts them from state registration, title, insurance, and certain traffic and equipment law requirements.	(3) No provision.
(4) No provision.	(4) Specifies that a low-speed electric scooter and its operator are subject to traffic law requirements that by their nature are applicable to them whenever the scooter is operated on public streets, highways, sidewalks, paths, and portions of roadways set aside for the exclusive use of bicycles.	(4) No provision.
(5) No provision.	(5) Requires a low-speed electric scooter operator to yield to pedestrians at all times, to give an audible signal when overtaking and passing a pedestrian, and to have specified lighting when using the scooter at night.	(5) No provision.
(6) No provision.	(6) Prohibits any person under 16 from using a low-speed electric scooter and any person from operating a scooter at more than 15 mph.	(6) No provision.

R.C. 4501.01, 4503.10, 4503.103

(1) No provision.

(1) Requires the Registrar of Motor Vehicles and each deputy registrar to collect: (a) an additional fee of \$200 for each application for registration or registration renewal received for any plug-in electric motor vehicle, and (b) an additional fee of \$100 for each application for registration or registration renewal received for any hybrid motor vehicle.

(1) Same as the House, but reduces the additional fee to \$175 for plug-in electric motor vehicles and \$75 for hybrid motor vehicles.

(2) No provision.

(2) Defines "plug-in electric motor vehicle" as a passenger car powered wholly by a battery cell energy system that can be recharged by plugging the vehicle into any external source of electricity (only applies to all-electric vehicles; nothing in the bill applies to "plug-in hybrids").

(2) Alters the definition of "plug-in electric motor vehicle" to include vehicles that are powered in part by a battery cell energy system that can be recharged via an external source of energy. (Thus the definition and the \$175 fee applies to both all-electric vehicles and hybrids that can be "plugged in" [plug-in hybrids].)

(3) No provision.

(3) Defines "hybrid motor vehicle" as a passenger car powered by an internal propulsion system consisting of both of the following: (a) a combustion engine, and (b) a battery cell energy system that cannot be recharged by plugging into an external source of electricity but can be recharged by other vehicle mechanisms that capture and store electric energy.

(3) Same as the House, but alters the definition of "hybrid motor vehicle" to specify that the vehicle has a battery cell energy system that cannot be recharged via an external source of electricity but can be recharged by other vehicle mechanisms that capture and store electric energy.

DPSCD13 Single license plate requirement

R.C. 4503.19, 4503.193, 4503.21, 4503.23, 4549.10

(1) No provision.

(1) Replaces the current requirement that most motor vehicles, including passenger vehicles, display two license plates with a requirement that a single license plate be displayed.

(1) No provision.

(2) No provision.

(2) Requires the Registrar of Motor Vehicles to continue to issue a validation sticker, as required by current law, to be displayed on the single license plate.

(2) No provision.

(3) No provision.

(3) Provides that the display of a single current license plate and validation sticker on the rear of a motor vehicle sufficiently indicates that a vehicle is registered within Ohio.

(3) No provision.

(4) No provision.

(4) Deems any reference in Ohio law to license plates, a set of license plates, registration plates, or validation stickers to be a reference to the single license plate and validation sticker.

(4) No provision.

Fiscal effect: Bureau of Motor Vehicle license plate production and distribution costs will decrease by up to \$1.4 million or more annually. As citations will no longer be issued for failure to display two plates, (1) the state will lose minimal annual fine and court cost revenue, and (2) counties, municipalities, and townships statewide will lose up to between \$120,000 and \$240,000 or more annually.

(1) No provision.	(1) No provision.		(1) Eliminates the requirement that a driver's license, commercial driver's license, motorcycle operator's license, motorized bicycle license, and state identification card be laminated, since in practice the licenses and cards are printed, not laminated now.
(2) No provision.	(2) No provision.		(2) Eliminates the \$1.50 lamination fee charged for laminating a driver's license, commercial driver's license, state identification card, or motorized bicycle license and instead levies a \$1.50 "document authentication fee" for each application for issuance, renewal, or replacement of those licenses and the identification card.
(3) No provision.	(3) No provision.		(3) Exempts a disabled veteran from the document authentication fee in the same manner that a disabled veteran is exempt from the lamination fee under current law.
(4) No provision.	(4) No provision.		(4) Specifies that a deputy registrar may retain the document authentication fee.
(5) No provision.	(5) No provision.		(5) Requires the document authentication fee collected by the Registrar of Motor Vehicles to be deposited in the Public Safety – Highway Purposes Fund (Fund 5TMO) just as the lamination fees collected by the Registrar are deposited under current law.

PWCCD3 Allocation of State Capital Improvement Program funding for emergency purposes

R.C. 164.08

Increases the authorization of the annual allocation of State Capital Improvement Program (SCIP) funding for emergency purposes, from 2% under current law to 6%.

Fiscal effect: H.B. 529 of the 132nd GA includes capital appropriations of \$350 million over the FY 2019-FY 2020 capital biennium for SCIP awards. PWC will use those appropriations to award \$175 million per fiscal year. This provision would increase the amount PWC sets aside for emergency purposes from \$3.5 million per fiscal year to \$10.5 million per fiscal year.

R.C. 164.08

Same as the House, but specifies that this additional set-aside funding for emergencies is to begin in FY 2022.

Fiscal effect: Any additional funding set aside for emergencies from the SCIP Program will be dependent on capital appropriations in FY 2022 and beyond. If the full \$200 million that would be eligible for the SCIP Program in FY 2022 is appropriated, SCIP funding for emergencies would rise from \$4.0 million to \$12.0 million in FY 2022.

Permits OBM to approve temporary cash transfers if they are needed for capital outlays for which notes or bonds will be issued.

Requires the Director of OBM, when there is a sufficient cash balance in the fund that received such a temporary cash transfer, to repay Fund 7052 for the amount originally transferred.

Requires all such cash transfers to be reported to the Controlling Board by June 30 of the fiscal year in which the transfer occurred.

Fiscal effect: Provides PWC with the flexibility to make temporary cash transfers to Fund 7038 and Fund 7056 in order to ensure timely payments to contractors and local governments when the funds' cash flows are insufficient due to the timing of bond issuances.

TAXCD10 Compressed natural gas (CNG) made taxable under the motor fuel tax

R.C. 5735.01, 5735.011, 5736.01

No provision.

Adds compressed natural gas (CNG) to the list of fuels taxable under Ohio's motor fuel tax and sets the gallon equivalent of CNG at 126.67 cubic feet or 5.66 pounds. (Currently, liquid natural gas and liquid petroleum gas are taxable. CNG would not become part of the petroleum activity tax, or PAT, base.)

R.C. 5735.01, 5735.011

Same as the House, but (1) changes the CNG gallon-equivalent standard to 139.30 cubic feet or 6.38 pounds. Removes provision exempting receipts from the sale of CNG from the commercial activity tax (CAT).

No provision.

No provision.

Applies a phased-in MFT on CNG sales as follows: \$0.07 per gallon starting July 1, 2019, \$0.14 per gallon starting July 1, 2020, \$0.21 per gallon starting July 1, 2021, \$0.28 per gallon starting July 1, 2022, and \$0.34 per gallon starting July 1, 2023.

Fiscal effect: The tax will generate just over \$1.0 million in additional motor fuel tax revenue. After refunds to transit authorities, this provision will increase motor fuel tax revenue by approximately \$30,000.

Fiscal effect: The tax will generate approximately \$190,000 in additional motor fuel tax revenue in FY 2020 and approximately \$390,000 in additional motor fuel tax revenue in FY 2021. After refunds to transit authorities, this provision will increase net motor fuel tax revenue by approximately \$30,000 in both FY 2020 and FY 2021.

TAXCD5 Increase in the motor fuel tax

R.C. 5735.05

Increases the per gallon rate of the motor fuel tax from \$0.28 to \$0.46 in FY 2020.

R.C. 5735.05, 5735.051

Replaces the Executive provision with a provision that modifies per gallon tax rates for gasoline and for other motor fuels (primarily diesel fuel). Increases the motor fuel tax rate for gasoline from \$0.28 to \$0.35 starting October 1, 2019, and \$0.387 starting October 1, 2020. Increases the tax rate for all other types of fuel from \$0.28 to \$0.38 starting October 1, 2019, \$0.44 starting October 1, 2020, and \$0.48 starting October 1, 2021.

R.C. 5735.05, 5735.051

Replaces the House version with an increase in the motor fuel tax rate from \$0.28 to \$0.34 effective July 1, 2019. Applies the new rate to both gasoline and other motor fuels.

Executive

As Passed by the House

As Passed by the Senate

Adjusts the motor fuel tax rate for inflation starting in FY 2021, by adding a tax adjustment factor calculated by the Tax Commissioner. Requires the Commissioner to determine the factor by April 30 each year starting in 2020, and provides that the factor should equal \$0.46 multiplied by the cumulative percent change in the consumer price index (CPI, all items, all urban consumers) from January 1, 2019 to December 31 of the calendar year preceding the determination.

Changes the disposition of revenue gained through increase of the motor fuel tax. Maintains current law distribution formulas for motor fuel tax revenue derived from the first \$0.28 per gallon of the tax rate. Allocates 55% of the revenue derived from the amendment's rate increases to the Highway Operating Fund and 45% to the Gasoline Excise Tax Fund to be distributed to local governments. Establishes that the 2% transfer of total revenue to the Highway Operating Fund applies only to the \$0.28 portion of revenues.

Same as the House.

No provision.

Specifies that revenue from the motor fuel excise tax is to be used for construction, maintenance, and repair of roads and bridges, operational costs of "applicable" state agencies, or used to match other revenue sources for such purposes.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: Increases motor fuel tax revenue by approximately \$1.21 billion in FY 2020 and \$1.28 billion in FY 2021. The increase in allocation for FY 2020, based on codified law, is approximately the following: \$873 million for the Highway Operating Fund (Fund 7002, used by ODOT), \$121 million for municipal governments, \$105 million for county governments, \$57 million for townships, \$42 million for the Local Transportation Improvement Program Fund (Fund 7052, used by PWC), and \$12 million for other state agencies. These estimated shares do not reflect the temporary law MFT provisions (see TAXCD1 and TAXCD3). In FY 2021 and beyond, total motor fuel tax revenue is projected to grow by approximately 2.2% per year.

Fiscal effect: Increases motor fuel tax revenue by approximately \$400 million in FY 2020, \$735 million in FY 2021, and \$845 million in FY 2022, as compared to maintaining the current \$0.28 tax rate. The increase in allocation for FY 2020 is approximately the following: \$220 million to Fund 7002 and \$180 million to political subdivisions. Of the \$180 million for political subdivisions, 42.86% is to be distributed to municipalities, 37.14% is to be distributed to counties, and 20% is to be distributed to townships.

Fiscal effect: Increases MFT revenue by about \$400 million in each of FY 2020 and FY 2021.

TAXCD12

Township distribution of new motor fuel tax revenue

R.C. 5735.051, 5735.27

No provision.

Modifies how new revenue arising from the motor fuel tax rate increase (see TAXCD5) is to be distributed to townships. Specifies that each township receive the greater of (1) what it would receive of the additional township share if it were distributed equally among all 1,308 townships, or (2) 70% of what the township would receive if one-half of the additional township share were allocated in proportion to township road mileage and one-half in proportion to township vehicle registrations. Specifies that the increase in total amounts paid to townships under the provision is paid for by equal shares contributed from funds otherwise allocated to 1) Fund 7002, 2) municipalities, and 3) counties.

No provision.

Fiscal effect: Increases revenue to townships, paid out of the \$400 million FY 2020 and \$735 million FY 2021 increases in MFT revenue (see TAXCD5) by approximately \$4.1 million in FY 2020 and \$7.5 million in FY 2021, and reduces revenue to each of Fund 7002, municipalities, and counties by 1/3 of these amounts.

TAXCD7 Motor Fuel Tax Administration Fund transfer

R.C. 5735.053, Section 757.40

Modifies the amount of MFT revenue that the Treasurer of State must credit to the Motor Fuel Tax Administration Fund (Fund 5V70), from 0.275% of that revenue to the amount of appropriation assigned to Fund 5V70 beginning in FY 2020.

Fiscal effect: The appropriation item associated with Fund 5V70 is 110622, Motor Fuel Tax Administration, in the Department of Taxation budget. The amount of that appropriation is determined in the main operating budget, so is not yet known. Actual spending from that line item was about \$4.5 million in FY 2018. This provision will effectively decouple the amount of the transfer from the increase in the MFT rate (see TAXCD5).

R.C. 5735.142, Section 757.50

Increases the motor fuel tax reimbursement rate for school districts from six cents per gallon to 24 cents per gallon beginning in FY 2020.

No provision.

R.C. 5735.142, Section 757.50

Replaces the Executive provision with a provision that increases the motor fuel tax reimbursement rate for school districts, for transit authorities, and for county developmental disabilities boards by amounts that will offset the increased tax rates on motor fuel (see TAXCD5; under current law the per gallon refunds equal 27 cents for transit authorities and six cents for school districts and for county developmental disabilities boards).

Authorizes a MFT refund for Ohio-based businesses that provide public transit or paratransit services on a scheduled route pursuant to a contract with the Department of Transportation or a county, municipal corporation, county transit board, regional transit authority, or regional transit commission. Specifies that the refund equals the full amount of tax paid on motor fuel used in

R.C. 5735.142, Section 757.50

Same as the House.

Replaces the House version with a provision that extends the MFT refund to private contractors of transit authorities, school districts, educational service centers, and county developmental disability boards, but gives them the same tax burden imposed under current law on the entity with which they contract. (Transit system contractors will be refunded for all but 1 cent per gallon of

Executive

As Passed by the House

As Passed by the Senate

the provision of such public transit and paratransit services.

the MFT, while contractors for school districts, educational service centers, and developmental disability boards will be refunded for all but 22 cents per gallon of the MFT).

Fiscal effect: Based on FY 2018 fuel usage by school districts, the increased reimbursement rate will decrease net motor fuel tax revenue by approximately \$4 million per year, and increase the MFT reimbursement to school districts by an equivalent amount. Increases the amount of the reimbursement to school districts by the increase in MFT they would otherwise pay due to the increase in the tax rate to 46 cents per gallon (see TAXCD5).

Fiscal effect: The fiscal effect depends on the motor fuel tax rate. Based on the increased tax rates described in TAXCD5, and assuming that nearly all of the fuel involved is diesel fuel, this provision would increase reimbursements to school districts and county developmental disabilities boards by a total of approximately \$1.2 million in FY 2020, and increase reimbursements to transit authorities by approximately \$1.4 million in FY 2020. The amount of reimbursements to Ohio-based businesses that contract with ODOT and others listed is uncertain. MFT revenue would decrease by equivalent amounts.

Fiscal effect: Same as the House. Reimbursements to Ohio-based businesses will differ from the House version, but the amount and direction of the difference is uncertain.

TAXCD9

Sales tax for motor fuels used for nonroad purposes

R.C. 5739.02, 757.80

No provision.

Exempts from the sales tax any motor fuel purchased for use by a heavy truck for a purpose other than propelling the truck on public roads. (Under current law, if the motor fuel tax has been paid on the fuel and the taxpayer is eligible for a motor fuel tax refund, that refund would be reduced by the sales tax due on that fuel unless a sales tax exemption applied already, e.g., for railroads).

No provision.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: Reduces sales tax revenue to the GRF by an undetermined amount. The Local Government Fund and the Public Library Fund receive 1.66% of GRF tax revenue under codified law. Thus, the decrease in GRF tax revenue would also reduce allocations to the two local government funds. In FY 2018, sales tax due on MFT refunds amounted to \$2.5 million. Some fuel purchased by trucking companies to be exempted might not have been taxed under the MFT, however, so the proposed sales tax exemption may apply to more fuel than is covered by MFT refunds. Thus the annual reduction in GRF revenue is likely to be more than \$2.5 million.

TAXCD14 Increase to the Earned Income Tax Credit

No provision.

No provision.

R.C. 5747.71, 757.100

Increases the amount of the state earned income tax credit (EITC) from 10% to 30% of the taxpayer's federal EITC for taxable years starting on or after January 1, 2019. Removes a mechanism that limits the credit to not more than 50% of the taxpayer's tax liability if the taxpayer's Ohio adjusted gross income exceeds \$20,000.

Fiscal effect: Decreases personal income tax revenue by \$38 million per year. Under codified law, income tax revenue is distributed to the GRF (96.68%) and the Local Government Fund and Public Library Fund (1.66% each).

Executive

TAXCD1 Motor fuel tax distributions to Highway Operating Fund

Section: 757.10

Requires the Treasurer of State, beginning on July 31, 2019 and on the last day of each month through the end of the FY 2020-FY 2021 biennium, to deposit the first 2% of the amount of motor fuel tax received for the preceding calendar month to the credit of the Highway Operating Fund (Fund 7002) before making any other distributions required by law.

Fiscal effect: This is an ongoing temporary law provision that results in a gain in revenue to Fund 7002 and an offsetting decline in revenue to state and local government funds that also receive state MFT distributions according to statutory formulas set in ORC 5735.051. In FY 2018, this resulted in about \$38 million in funding to Fund 7002 before the distributions required by permanent law. Overall, since Fund 7002 retains about 60% of all MFT revenue under the distribution method, this provision netted about \$15 million in additional revenue to Fund 7002 (\$38 million x 40%) based on FY 2018 results. Factoring in the MFT increase (see TAXCD5) and the cash transfer out of Fund 7002 to local governments (see TAXCD3), this provision would net around \$25 million more to Fund 7002 in FY 2020.

Section: 757.10

Same as the Executive, but limits the transfer amount to 2% of the revenue from the first \$0.28 of the per gallon motor fuel tax (thereby exempting the tax increases in TAXCD5 from the determination of amounts to be transferred).

Fiscal effect: The limitation of this provision to the first \$0.28 of the per gallon motor fuel tax limits the net gain to Fund 7002 to approximately \$11.1 million.

Section: 757.10

Same as the House.

Fiscal effect: Same as the House.

TAXCD2 Motor fuel evaporation tax credit

Section: 757.20

Continues a temporary reduction in MFT credits, in which a temporary motor fuel tax evaporation allowance is set for motor fuel distributors at 1% (less 0.5% of the gallonage sold to retail dealers) and at 0.5% for retail dealers.

Section: 757.20

Same as the Executive.

Section: 757.20

Same as the Executive.

Executive

As Passed by the Senate

Fiscal effect: Increases the amount the state retains in MFT revenue over what would be collected under codified law that provides for higher allowances for distributors and retailers. The amount of the increase depends on the tax rate applied to the motor fuel exempted by the credits. Based on FY 2018 MFT data and a 28-cents per gallon tax rate, the state would retain approximately \$38.6 million in additional MFT revenue each year. Under the proposed \$0.46 tax rate the amount retained by the state from this provision would be about \$63 million.

Fiscal effect: The fiscal effect changes due to the changes to the proposed MFT rate outlined in TAXCD5. The state will retain approximately \$47 million in additional revenue in FY 2020. (The 1%/0.5% shrinkage allowance will reduce MFT revenue by around \$23.5 million, as compared to if there were no shrinkage allowance at all.)

Fiscal effect: The fiscal effect changes due to the changes to the proposed MFT rate outlined in TAXCD5. The state will retain approximately \$29 million in additional revenue in FY 2020.

TAXCD3 Monthly transfers to the Gasoline Excise Tax Fund

Section: 757.30

Requires OBM to transfer cash in equal monthly increments totaling \$302,624,042 in FY 2020 and \$311,209,209 in FY 2021 from Fund 7002 to the Gasoline Excise Tax Fund (Fund 7060) and requires the transferred amounts be distributed to municipal corporations, counties, and townships.

Requires that the transfers follow the formula set under Division (A)(2)(b) of section 5735.051 of the Revised Code: 42.86% to municipalities, 37.14% to counties, and 20.0% to townships.

Fiscal effect: After taking into account this temporary law provision, the evaporation credit temporary law provision (TAXCD2), and the permanent law MFT changes in TAXCD5, TAXCD7, and TAXCD8, the total estimated MFT revenue distributed to entities in FY 2020 is projected to be approximately \$1.95 billion to ODOT (62%), \$1.04 billion to local governments (33%), \$109 million to the Public Works Commission (3.5%), and around \$50 million to other state agencies (1.5%). Distributions to local governments are funded under the main operating budget through Revenue Distribution Fund Group Fund 7060 line item 110960.

Section: 757.30

Same as the Executive, but adjusts the amounts transferred from Fund 7002 to Fund 7060 for distribution to local governments from \$302,624,042 in FY 2020 and \$311,209,209 in FY 2021 to \$170,437,584 in FY 2020 and \$172,360,236 in FY 2021.

Same as the Executive.

Fiscal effect: Taking into account the same TAXCD entries, this provision implies the total estimated MFT revenue distributed to entities in FY 2020 is projected to be approximately \$1.44 billion to ODOT (63.9%), \$801 million to local governments (34.3%), \$67 million to the Public Works Commission (3.0%), and around \$26 million to other state agencies (1.1%).

Section: 757.30

Same as the House.

DOTCD29

Funding for public transportation - FHWA flexible funds and GRF funds

Section: 203.43

Sections: 203.15, 203.43 (removed)

No provision.

Requires that \$100 million of the amount appropriated in each fiscal year to Highway Operating Fund (Fund 7002) line item 772422, Highway Construction - Federal, be used to support public transportation through the Federal Highway Administration (FHWA) flexible funding program.

No provision.

No provision.

Specifies that \$18.5 million of the \$100 million earmark in each fiscal year be distributed to the five transit systems with the highest level of elderly and disabled ridership, provided that the amount allocated to each transit system is proportional to elderly and disabled ridership in those five transit systems.

No provision.

No provision.

No provision.

Makes two earmarks from GRF line item 775470, Public Transportation - State, for the following purposes: (1) \$48.5 million in each year for the same purposes as funding allocated under the FHWA flexible funding program in the FY 2018-FY 2019 biennium, and (2) \$6.5 million in each year for the same purposes as funding allocated under GRF line item 775451, Public Transportation - State, in the FY 2018-FY 2019 biennium.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: This would be an annual increase of \$67 million compared to the \$33 million earmarked annually for FHWA flexible funding during the current FY 2018-FY 2019 biennium.

Fiscal effect: GRF appropriations for transit are typically provided for in the main operating appropriations act under line item 775451. H.B. 49 of the 132nd GA included appropriations of \$6.5 million for public transit assistance in each of FY 2018 and FY 2019 under line item 775451.

DOTCD1 Transportation facilities lease rental bond payments

Section: 203.20

Requires Highway Operating Fund (Fund 7002) appropriation item 770003, Transportation Facilities Lease Rental Bond Payments, to be used to meet all payments under leases and agreements for facilities made under Chapter 154. of the Revised Code during the FY 2020-FY 2021 biennium.

Authorizes an amount equal to the balance of the appropriation remaining after the debt service has been paid in either fiscal year to be transferred to line items 772421, 773431, or 779491 upon the written request of ODOT with the approval of OBM. Requires the transfer to be reported to the Controlling Board.

Fiscal effect: Provides ODOT with cash management flexibility to transfer appropriations after debt service payments have been made where needed among these other line items that are used for highway construction, maintenance, and administration, respectively.

DOTCD5 Transfers of appropriations within the Highway Operating Fund

Section: 203.60

Allows OBM to approve ODOT requests to transfer Highway Operating Fund (Fund 7002) appropriations for highway planning and research, highway construction, debt service, highway maintenance, federal public transit programs, rail grade crossings, aviation, and administration, so that transfers could occur between appropriation items 770003, 771411, 771412, 772421, 772422, 772424, 772425, 772437, 772438, 773431, 775452, 775459, 776462, 777475, and 779491. Appropriates the amounts transferred under this provision and requires such transfers to be reported to the Controlling Board.

Specifies that this transfer authority is intended to provide for four situations that could arise in the FY 2020-FY 2021 biennium: (1) emergency situations, (2) adjustments to circumstances affecting the obligation and expenditure of federal funds, (3) flexibility to meet unforeseen conditions, and (4) optimization of the use of available resources.

Fiscal effect: Provides ODOT with cash management flexibility to transfer these appropriations when needed.

No provision.

Specifies that funds raised by a county tax levy may be used as local transit matching money only to the extent that such use (1) is consistent with the purpose of the tax levy, and (2) does not jeopardize the state's or county's eligibility for federal funding for one or more purposes.

Fiscal effect: Potentially more state or federal funding for county transit systems if local matching funds are more easily obtainable as a result of this provision.

No provision.

LOCCD12

Regional transit authority creation, modification or dissolution by voting

No provision.

R.C. 306.32, 306.321, 306.54

Specifies that a majority vote of each legislative authority of the political subdivisions forming or comprising a regional transit authority (RTA) is needed to approve the following: (1) the creation of the RTA; (2) amendments to the resolution or ordinance creating the RTA to include additional entities; (3) modifying the membership of the RTA; and (4) the dissolution of the RTA.

Fiscal effect: Presumably none, since this provision likely clarifies current law.

No provision.

LOCCD7

Authority for transit authorities to levy local taxes for infrastructure projects

(1) No provision.

R.C. 306.35, 164.04, 306.70, 5739.023, and Section 703.10

(1) Authorizes a transit authority to levy a tax specifically for infrastructure projects involving building and maintaining county, municipal, or township roads related to the provision of service by the authority, provided that funding such projects is not the sole purpose of the tax.

R.C. 306.353, 306.70, 5739.023, and Section 703.71

(1) Same as the House, but limits this authority to regional transit authorities in a county with a population between 750,000 and 900,000 in the most recent federal decennial census.

Executive

As Passed by the House

As Passed by the Senate

(2) No provision.

(2) In the ballot language proposing a transit authority tax, (A) requires that, when a tax is levied for such infrastructure projects, the ballot must state that fact, and (B) allows a transit authority to specify the percentage of the proposed tax's revenue that will be allocated to such infrastructure projects or to specific activities funded by a tax for general revenue.

(2) Same as the House.

(3) No provision.

(3) Authorizes a regional transit authority to enter into agreements with counties, municipal corporations, or townships to fund the general construction and maintenance of roads and bridges related to the provision of service by the authority.

(3) Same as the House.

(4) No provision.

(4) Regarding the agreement described in (3) above, requires the regional transit authority to submit the agreement to the appropriate district public works integrating committee for approval.

(4) Same as the House.

(5) No provision.

(5) Specifies that the district public works integrating committee must approve or deny the agreement with at least seven affirmative votes, except for District 2, which needs at least 6 affirmative votes

(5) Same as the House, except requires any integrating committee to approve or deny the agreement with at least 6 affirmative votes.

(6) No provision.

(6) In temporary law, states that these permanent law provisions do not retroactively apply to regional transit authorities that have levied a tax and are using a portion of the proceeds for construction and maintenance of roads and bridges over which buses travel.

(6) Same as the House.

No provision.

No provision.

(7) Requires such agreements to be entered into before the transit authority spends any of the tax revenue.

Fiscal effect: Expressly permits portions of revenue from local tax levies (such as sales tax levies) to be used for road and bridge maintenance and construction. The specific fiscal effect will depend on the amounts allocated and the terms of the agreements between transit authorities and other political subdivisions.

Fiscal effect: Under current population statistics, the provision would solely apply to Hamilton County and so the authority affects the Southwest Ohio Regional Transit Authority.

LOCCD16 County purchase of used supplies at a public auction

No provision.

No provision.

R.C. 307.86

Exempts from competitive bidding any county purchase of used supplies made at a public auction. Defines "supplies" to include equipment, materials, and other tangible assets.

Fiscal effect: Counties that purchase used supplies at public auctions may experience some savings through reduced purchase prices and a reduction in administrative costs associated with the competitive bidding process that counties would otherwise undergo to purchase supplies.

LOCCD15 Board of Alcohol, Drug Addiction, and Mental Health Services

No provision.

No provision.

R.C. 340.021

Requires the Director of Mental Health and Addiction Services and the board of county commissioners to make initial appointments to a newly formed Board of Alcohol, Drug Addiction, and Mental Health Services from the members jointly recommended by the county's community mental health board and the alcohol and drug addiction services board, unless otherwise prohibited by law.

Fiscal effect: None.

LOCCD4 Authority for joint ambulance districts to enter into lease-purchase agreements

No provision.

R.C. 505.267, 505.71

Authorizes a joint ambulance district to use its tax levy revenue to construct, or enter into a lease-purchase agreement to acquire, buildings or equipment necessary for the district.

R.C. 505.267, 505.71

Same as the House.

Executive

LOCCD3 Traffic cameras, court jurisdiction, and LGF funds

R.C. 1901.18, 1901.20, 1907.02, 1907.031, 4511.092, 4511.093, 4511.096, 4511.097, 4511.098, 4511.099, 4511.0910, 5547.502, 5747.51, 5747.53, 4511.0915 (repealed)

(1) No provision.

(1) Grants expressly both a municipal court and a county court original and exclusive jurisdiction over every civil action concerning a violation of a state traffic law or a municipal traffic ordinance within the court's jurisdictional territory (violation includes, but is not limited to, a traffic law violation recorded by a traffic camera).

(1) No provision.

(2) No provision.

(2) Eliminates the process in current law that requires a hearing officer to conduct an administrative hearing when a person contests a ticket for a civil traffic law violation that is based on a recording by a traffic camera.

(2) No provision.

(3) No provision.

(3) Requires the court with jurisdiction to handle the filings, affidavits, and forms associated with such civil actions.

(3) No provision.

(4) No provision.

(4) Specifies that a local authority must file a certified copy of the ticket with the municipal or county court that has jurisdiction and that the court must require the local authority to make an advance deposit of all applicable court costs and fees.

(4) No provision.

(5) No provision.

(5) Provides that the court retains the advance deposit, regardless of which party prevails in the civil action. Prohibits the court in all of those civil actions from charging a registered owner or the driver who committed the violation any court costs or fees.

(5) No provision.

Executive

As Passed by the House

As Passed by the Senate

(6) No provision.

(6) Provides that, if a registered owner or driver contests the ticket and does not prevail in the civil action heard by the court, that owner or driver is only responsible for paying the amount of the required civil penalty.

(6) No provision.

(7) No provision.

(7) States that above provisions (4), (5), and (6) do not apply to any civil action related to a ticket issued by a local authority based on evidence recorded by a traffic camera when the camera was located in a school zone. Requires in such a circumstance located in a school zone the court charge the applicable court costs and fees for such a civil action to the party that does not prevail in the action.

(7) No provision.

(8) No provision.

(8) Repeals provisions in current law that establish reporting requirements for local authorities operating traffic cameras and that penalize them for not complying with the law governing their use of traffic cameras by offsetting their Local Government Fund (LGF) distributions and replaces with provisions 9-12 described below.

(8) No provision.

(9) No provision.

(9) Requires every local authority that operates a traffic camera during a fiscal year to file a report with the Tax Commissioner by the following July 31 showing civil fines collected for traffic violations recorded by a traffic camera and the gross amount of traffic camera fines collected, regardless of whether the local authority complied with the state traffic camera laws.

(9) No provision.

(10) No provision.

(10) Requires the Tax Commissioner to monthly reduce LGF funding to the local authority by an amount equal to one-twelfth of the gross amount of all such fines. If the violation was in a school zone, the LGF funding is not reduced to the extent of that fine, but the local authority must use the amount of the fine for school safety purposes.

(10) No provision.

(11) No provision.

(11) Requires the Tax Commissioner to withhold all LGF payments to any local authority that fails to file reports, if it is required to do so.

(11) No provision.

Executive

As Passed by the House

As Passed by the Senate

(12) No provision.

(12) Creates in the state treasury the Ohio Highway and Transportation Safety Fund to which would be credited an amount equal to the LGF payments which were reduced or ceased. Requires the amount credited with respect to a local authority to be allocated for the transportation district in which that local authority is located and used exclusively to enhance public safety on public roads and highways within that transportation district.

(12) No provision.

(13) No provision.

(13) Prohibits any township constable, member of a police force of a township or joint township police district, or other township representative from using a traffic camera to detect and enforce traffic violations on an interstate highway.

(13) No provision.

Fiscal effect: LGF distributions to certain political subdivisions would be reduced based on their reported fine collections from using traffic cameras, with any revenue loss dependent upon the amount of fine collections from using traffic cameras of each noncomplying political subdivision. The amount of revenue credited to the Ohio Highway and Transportation Safety Fund would depend on the amount of LGF payments withheld from noncomplying subdivisions. The number of traffic-related civil violations processed each year by certain municipal and county courts will increase, the cost of which is uncertain, but may be offset to some degree by the collection of local court costs and fees. Both court revenues and local authority expenditures will increase by requiring filing fees and court costs to be paid as an advance deposit by the local authority to the relevant municipal or county court

LOCCD5 Transit system contracts for school transportation

No provision.

R.C. 3327.012

Authorizes the Superintendent of Public Instruction to contract with any county transit system or regional transit authority to provide pupil transportation services (under current law unchanged by the bill, the Superintendent may contract with any firm, person, or board of education for this purpose).

Fiscal effect: None apparent. The provision appears to clarify the Superintendent's existing authority. Pupil transportation, if required to be offered based on the student's grade, distance from school, or disability, generally is the responsibility of a student's resident school district.

No provision.

LOCCD14 Pupil transportation by chartered nonpublic schools

No provision.

No provision.

R.C. 3327.07, 4511.76

Allows the governing authority of a chartered nonpublic school to charge a fee for transportation to and from school-sponsored activities, including extracurricular activities, to the parent or guardian of a student the school transports (in addition to the fee a school may charge for transportation to and from school, as under current law), if the governing authority did not purchase the vehicle being used with state or federal funds.

No provision.

No provision.

Allows a chartered nonpublic school to own and operate, or contract with a vendor that supplies, a vehicle designed for not more than nine passengers, to transport students to and from school when a student does not live within 30 minutes of the chartered nonpublic school or the student's school district of residence has declared transportation for the student impractical.

LOCCD1 Open Container Law exemption

R.C. 4301.62

Eliminates the exemption to the Opened Container Law that allows a person to possess an opened container of beer or intoxicating liquor while in or on a stationary motor vehicle within a Designated Outdoor Refreshment Area (DORA) if the motor vehicle is not being operated in a lane of vehicular travel.

Fiscal effect: Local law enforcement monitors activity within DORAs, of which there are 15 statewide as of February 2019. Eliminating this exemption puts Ohio in compliance with federal law. Otherwise, Ohio is subject to limitations on the use of some federal transportation funds.

LOCCD10 Catastrophic Snowfall Fund

No provision.

Sections: 755.40, 203.110

Creates the Catastrophic Snowfall Fund to provide funding assistance for street maintenance to municipal corporations that receive 18 or more inches of snow in one event; and requires ODOT to establish procedures to administer the Fund.

No provision.

No provision.

Requires ODOT to certify to OBM \$250,000 in available cash in the Highway Operating Fund (Fund 7002) to be transferred to the Catastrophic Snowfall Fund in each of FY 2020 and FY 2021. Appropriates the \$250,000 from the Catastrophic Snowfall Fund upon the completion of each transfer.
