

To whom it may concern,

This is the first year that our family got Ed choice. We are full of thankfulness when we got Ed choice to keep our children in the Christian school. Please keep the Ed choice for the family like us who really wants their children to study in a Christian based school but don't have enough money to pay for tuition fees.

As a Christian, it is really hard to decide to send my kids to public school especially in my school district where multiple religions exist. I want my children grow in God faith and know not only knowledge but also truth in Jesus.

My husband has worked for OSU for 7years with H1B status and I cannot work with H4 status right now. If I can work out for my children's tuition fees, I would love to do that, but I cannot. My husband and I, we tried our best to support my children to stay in Tree of Life Christian School for four years. When we feel that we cannot afford any more, we prayed and prayed, then God made a way for us. That is Ed choice. Because of Ed choice my children could study in the school which they really loved. It is really important for us and we really need Ed choice.

Please think about the family like us and keep the Ed choice for those who really need it!

Sincerely
Dan Liu
