

To whom it may concern,

Hello. Our son is 15 years old and a freshman in Grove City Christian School. He has been a recipient of the ED Choice voucher since the beginning of 6th grade.

He attended a public elementary that at the time was a nice neighborhood school with an average ranking. However, the middle and high schools he would have attended according to our address are both graded F and have been for many years. Not to mention reports of violence periodically come through the news.

We are so very very grateful to have had the opportunity to send our son to two private schools we love. He does well academically, socially, and is involved in many school activities. What a blessing!

This opportunity has allowed for us to keep our home and money in Columbus city. If this choice is taken away we will sell our house and move out of the city of Columbus in a heartbeat! Our sons safety and education is of course of the utmost importance. As hardworking taxpayers we believe our child having a safe and promising education should not be too much to ask.

Every loving parent wants the best for their child. We are asking you to please keep this program so kids such as ours can not only keep receiving a great education, but also keep their homes, friends, and community.

Thank you so much for your time and consideration,
Amy and Steven Lewis
