

We are a family of 5. Two of our children attend St Paul school in Salem Ohio. Without the EdChoise Scholarship our two children would not be able to attend St. Paul. We chose St.Paul vs Public school system because of smaller class sizes for more one on one learning, their STEM program, and to learn and continue to learn our Catholic faith. Without this scholarship our two children would be devastated to have to go back to their public schools. Please reconsider.. this is affecting the lives of our future!

God Bless,

Amanda Clemens
