

Good morning.

As a teacher in a Catholic school I think the edchoice program should stay as it is until a better plan is adopted. The students on the program are finding success at St John and it would be wrong for the state to pull the funding from them. Many of our students could not afford the tuition without this program.

I have been in the school system for over 40 years and have seen many changes. We have picked up students of different races, religions and financial backgrounds. We treat them all the same and teach them to treat each other as they want to be treated.

We have put our trust in the elected officials who make the decisions for our schools, our children, and our future. Make the right choice. Think of your children and grandchildren. Thank you for all you do for Ohio.

Mrs. Lynda Campagne
