

Hello,

Our family has chosen Ed Choice for our daughter, Elliana Hill, because we currently live in a failing school district. Chapel Hill Christian School has been a HUGE blessing for our family. My daughter has excelled at Chapel Hill and is receiving an education that she would not otherwise have if not for the Ed Choice Scholarship. We hope to enroll our son next year so he can be with his sister at an amazing school. If we did not have the Ed Choice Scholarship my daughter would be at a school that would not work for her. It would be a waste of taxpayer money. We have already taken several steps to get our son enrolled and changing the rules at this point would be unfair and poor public policy. We hope and pray the right decision will be made so our children can get an education that will serve them best.

Thank you,
