

Hello,

My name is Tabitha Abatangelo,

I wanted to take a moment and write and tell you my families testimony for Private school and how we are in fact on Ed choice.

You see my kids have been so blessed to be at Heriatge Christian School of Canton, Ohio.

This is where we have chose to put them. We have noticed smaller classroom settings have been amazing for our kids. Our one daughter is actually getting ready to be tested for dyslexia and that's because the school picked it up very quickly and noticed something wasn't right.

And on another more personal note I'm Penecostal and I wear skirts have my whole life. I grew up in a public school but the problem there was I was made fun of and outcasted because of it. At Heritage it's never been a problem nor allowed to be a problem.

Another example my husband is Hispanic and was picked on for the color of his skin in a public school and still deals with effects today.

Yes we have ran into some bullying but Heritage worked with us as a family and we got the problem settled. Also, why we have chose heritage. We have moved a couple times in the last few years and I haven't had to remove my kids from school, and send them to a new one. They have got to stay and stay with their friends their teachers. That's a huge plus for us too!

Private school has been a blessing to us and our choice. We do pay taxes like everyone else but we also have a family of 6. Both my husband and I are hard working people. But let's be honest private school is a LOT of money, way out of our budget.

Please trust me when I say it is NOT a waste of tax payers money. It's more of a freedom, a choice, a blessing.

In my opinion more people should look into and be aware of.

Thank you for your time,

Tabitha Abatangelo of Canton Ohio
