Members of the Ohio House of Representatives:

Ohio's Electric Cooperatives and Buckeye Power support passage of House Bill 6.

This legislation will go a long way in providing economic certainty to the all investing companies in Ohio Valley Electric Corporation (OVEC) and preserve jobs in southeast Ohio.

HB 6 promotes the importance of having a diverse mix of power generation in the state while recognizing the need to maintain Ohio's reliable, baseload generation assets.

We look forward to successful passage of House Bill 6.

Sincerely,

Patrick O'Loughlin
