RE: Substitute HB 6

Thank you Chairman Vitale, Vice Chairman Kick, Ranking Mr. Denson and the members of the Energy and Natural Resources Committee for the opportunity to provide this memorandum supporting Substitute HB 6.

As a significant commercial energy customer and leading regional integrated health system serving a six county primary service area in northeast Ohio, Aultman would like to also thank Representatives Callender and Wilkin, and the Committee members for revisiting Ohio's energy efficiency and peak demand reduction and renewable energy mandates. In reviewing the impact of Substitute HB 6, Aultman estimates when fully implemented, we expect to achieve savings of \$95,000 per year for our health system.

Aultman is committed to reduce costs and improve the value of health services for our patients and communities we serve, and we appreciate your efforts in moving Substitute HB 6 forward.

Thank you.
