

Dear Nino Viktale, Naomi del Guidice and Bill Reineke,

We encourage the support of HB401 to allow township residents to vote on the question of whether or not a wind project should be allowed in their area. We are definitely opposed to the construction of industrial wind turbines in agricultural/residential areas such as our Eden Township for the many reasons asserted by so many of our neighbors: safety, health, wildlife, wells, property evaluation, noise, blinking lights, and peaceful living.

Please add our names to the list of those favoring the legislation.

Thank you,

Dorothy E Berg and Herbert Robert Berg
