

Please support H.B. 401, as a land owner in the middle of 19 proposed industrial turbines, I want a voice in what will be built all around our home. No one has the right to interfere with my property value and way of life for their own interest.

The effects that my family, neighbors and I will have to live with will alter our lives forever while we live beside these huge turbines.

Please support House Bill 401 and let us have the right to vote on what goes next to our properties.

Thank you,

Joyce Ziegler
