

Reineke Referendum:

I disallow this wind project in our Scipio Township in Seneca County. I have lived in Seneca County 50 plus years and I love the people and beautiful landscape. I firmly believe on my own free will that I have the right of a free democracy and that we have a basic right to vote on any industrial projects such as these wind turbines.

As a 72 year old senior person I do not like the prospected noise these will bring, and if I have a medical emergency requiring LIFE FLIGHT, I will die because they will not be able to land in my area if these wind turbines are allowed. I am fighting lung cancer and nerve problems, and I don't need additional problems.

Thank you,

Robert Risner
