TO: Our Ohio House of Representatives

I think it is VERY important for residents to have a vote to allow or deny any industrial wind projects in our township. I live in Thompson township in Seneca county. I would like to see the "Reinike Referendum" placed on the ballot and let the people this will effect have a chance to voice their opinion.

I own my home in Thompson Township and have farm land in Thompson Township. This is a very populated area and I strongly believe this isn't a good fit for our area.

Thank you for giving us a chance to voice our opinion. This was a hush hush project for a long time!

Sincerely,

Alice M Adams
