Representative Nino Vitale, Chair  
Energy and Natural Resources Committee  
The Ohio House of Representatives  
77 South High Street  
Columbus, Ohio 43215

Dear Chairman Vitale,

My name is Mary Musko and I live in rural Erie County, Ohio with property within the proposed Emerson Wind Farm and I am opposed to House Bill 401.

House Bill 401 includes a referendum on wind energy projects after they receive a permit from the state. I find this amendment to be an attack on property rights and an attack on businesses investing in the state.

Participation in these wind projects is a choice, one that many in my community have made. Whether folks are choosing to participate as a source of income, to see the state move forward to more renewable energy sources, or for any other reasons, this is a choice for the landowner and the landowner alone to make. A referendum process like the one proposed strips away that choice from landowners such as myself and gives the township control over what I do with my land. This takes away my property rights and the other participating landowners' property rights.

This bill should not become law, and I encourage you to vote against this bill. Thank you very much for your time.

Respectfully,

Mary Musko
