

December 3, 2019

Representative Nino Vitale, Chair
Energy and Natural Resources Committee
The Ohio House of Representatives
77 South High Street
Columbus, Ohio 43215

Dear Chairman Vitale,

My name is Kyle Dunn and I live in Seneca County. I'm writing to ask you to do everything in your power to oppose House Bill 401.

This bill is a threat to property rights and our rural way of life. If farmers can't be productive on their land, how are we supposed to make a living? This opportunity to farm the wind is a win for everyone in our community. It will bring in money, jobs, schools, and many other benefits.

In addition to taking away community benefits, House Bill 401 would completely limit my rights to my land as a property owner. This would put the complete control of MY farm land in the hands of my township and other locals and that is absolutely infuriating. If this bill passes, at what point will all of the decisions on how to use my land be made my township? Will a hog barn have to go up to a township referendum? Will a grain bin? I should have control over how my land is best used, not my township.

Please stand with us and vote no on House Bill 401.

Respectfully,

Kyle Dunn
