

Testimony of Dr. Harold Langworthy and Nikki Langworthy
In Opposition to House Bill 178
Federalism Committee
June 2019

We live in Worthington, Franklin County, Ohio and would like to submit testimony in opposition to HB 178.

Allowing anyone to carry a weapon - open carry or not - without a license or any training is among the the craziest proposals we've ever heard. We expect we'd see more arguments, like road rage, escalate into deadly violence.

We urge you to oppose HB 178.
