Such question shall be submitted at a general election or at a special election on a day specified in the resolution levying the tax and occurring not less than ninety days after such resolution is certified to the board of elections, in accordance with section 3505.071 of the Revised Code.

The board of elections of the county or of each county in which any territory of the regional transit authority is located shall make the necessary arrangements for the submission of such question to the electors of the county or regional transit authority, and the election shall be held, canvassed, and certified in the same manner as regular elections for the election of county officers. Notice of the election shall be published in a newspaper of general circulation in the territory of the county or of the regional transit authority once a week for two consecutive weeks prior to the election or as provided in section 7.16 of the Revised Code. If the board of elections operates and maintains a

exceeding ................. (here insert percentage) per cent
for ................. (here insert number of years the tax is to be
in effect, or that it is to be in effect for a continuing period
of time)?"

If the tax proposed to be levied is a continuation of an
existing tax, whether at the same rate or at an increased or
reduced rate, or an increase in the rate of an existing tax, the
notice and ballot form shall so state. If one of the purposes of
the proposed tax is to fund public infrastructure projects as
described in division (DD) of section 306.35 of the Revised Code,
the notice and ballot shall also so state. When specified in a
resolution adopted under section 5739.023 of the Revised Code, the
notice and ballot may also state the percentage of the tax
proceeds to be allocated among each of the purposes of the
proposed tax and, if one of the purposes is to provide general
revenue for the transit authority, the percentage of the proceeds
to be allocated among the specific projects, functions, or other
uses to be funded by that general revenue.

The board of elections to which the resolution was certified
shall certify the results of the election to the county auditor of
the county or secretary-treasurer of the regional transit authority levying the tax and to the tax commissioner of the state.

Sec. 321.50. (A) As used in this section:

(1) "Eligible county" means a county appearing on the most recent determination certified by the chief of the division of oil and gas resources management under division (C) of section 1509.11 of the Revised Code.

(2) "Cost of capital improvement projects" has the same meaning as in section 164.01 of the Revised Code.

(B) The county treasurer of each eligible county shall create in the county treasury an oil and gas infrastructure fund. The treasurer shall deposit any money received by the treasurer under section 1509.02 of the Revised Code into the fund.

Not later than twenty days following the deposit of money into the fund, the treasurer shall distribute the money to subdivisions in proportion to the amount the subdivision would receive from the county's undivided local government fund according to the formula used by the county to distribute money from that fund under section 5747.51 or 5747.53 of the Revised Code.

A subdivision shall use money received from the oil and gas infrastructure fund exclusively for the purpose of paying the cost of capital improvement projects.

Sec. 505.267. (A) As used in this section:

(1) "Lease-purchase agreement" has the same meaning as a lease with an option to purchase.

(2) "Public obligation" has the same meaning as in section 133.01 of the Revised Code.
(B) For any purpose for which a board of township trustees, a joint police district board, a township fire district, a joint fire district, a joint ambulance district, or a fire and ambulance district is authorized to acquire real or personal property, that board may enter into a lease-purchase agreement in accordance with this section to acquire the property. The board's resolution authorizing the lease-purchase agreement may provide for the issuance of certificates of participation or other evidences of fractionalized interests in the lease-purchase agreement, for the purpose of financing, or refinancing or refunding, any public obligation that financed or refinanced the acquisition of the property. Sections 9.94, 133.03, and 133.30 of the Revised Code shall apply to any such fractionalized interests.

The lease-purchase agreement shall provide for a series of terms in which no term extends beyond the end of the fiscal year of the township or district in which that term commences. In total, the terms provided for in the agreement shall be for not more than the useful life of the real or personal property that is the subject of the agreement. A property's useful life shall be determined either by the maximum number of installment payments permitted under the statute that authorizes the board to acquire the property or, if there is no such provision, by the maximum number of years to maturity provided for the issuance of bonds in division (B) of section 133.20 of the Revised Code for that property. If the useful life cannot be determined under either of those statutes, it shall be estimated as provided in division (C) of section 133.20 of the Revised Code.

The lease-purchase agreement shall provide that, at the end of the final term in the agreement, if all obligations of the township or district have been satisfied, the title to the leased property shall vest in the township or district executing the lease-purchase agreement, if that title has not vested in the
township or district before or during the lease terms; except that the lease-purchase agreement may require the township or district to pay an additional lump sum payment as a condition of obtaining that title.

(C) A board of trustees that enters into a lease-purchase agreement under this section may do any of the following with the property that is the subject of the agreement:

(1) If the property is personal property, assign the board's rights to that property;

(2) Grant the lessor a security interest in the property;

(3) If the property is real property, grant leases, easements, or licenses for underlying land or facilities under the board's control for terms not exceeding five years beyond the final term of the lease-purchase agreement.

(D) The authority granted in this section is in addition to, and not in derogation of, any other financing authority provided by law.

Sec. 505.71. The boards of township trustees of one or more townships and the legislative authorities of any one or more municipal corporations within or adjoining those townships, or the boards of township trustees of two or more townships, or the legislative authorities of two or more municipal corporations, may, by adoption of a joint resolution by a majority of the members of each board of township trustees and by a majority of the members of the legislative authority of each municipal corporation, create a joint ambulance district comprising the municipal corporations and all or any portions of the townships as are mutually agreed upon, except that no portion of a township or municipal corporation being served by a joint emergency medical services district shall be part of a joint ambulance district.
district so created shall be given a name different from the name of any participating township or municipal corporation.

The governing body of a district shall be a board of trustees, which shall include one representative appointed by each board of township trustees and one representative appointed by the legislative authority of each municipal corporation in the district. Members of the board of trustees may be compensated at a rate not to exceed seventy-five dollars per meeting, not to exceed fifteen meetings per year, and may be reimbursed for all necessary expenses incurred. The board shall employ a clerk. Before entering upon official duties, the clerk shall execute a bond, in the amount and with surety to be approved by the board, payable to the state, and conditioned for the faithful performance of all official duties required of the clerk. The bond shall be deposited with the presiding officer of the board, and copies of it, certified by the presiding officer, shall be filed with the county auditor of each county with a subdivision included in the district.

To provide the services and equipment it considers necessary for the district, the board may levy taxes, subject to Chapter 5705. of the Revised Code, and issue bonds and other evidences of indebtedness, subject to Chapter 133. of the Revised Code, after submitting the question of that issuance to the electors of the district in the manner provided by Chapter 133. of the Revised Code. The district may purchase, lease, lease with an option to purchase, construct, maintain, and use all materials, equipment, vehicles, buildings, and land necessary to perform its duties.

Any municipal corporation or township may join an existing district by the adoption of a resolution requesting membership and upon approval of the board of the district. Any municipal corporation or township may withdraw from a district by the
adoption of a resolution ordering withdrawal. On or after the 
first day of January of the year following the adoption of the 
resolution of withdrawal, the municipal corporation or township 
withdrawing ceases to be a part of the district, and the power of 
the district to levy a tax upon taxable property in the 
withdrawing township or municipal corporation terminates, except 
that the district shall continue to levy and collect taxes for the 
payment of indebtedness within the territory of the district as it 
was comprised at the time the indebtedness was incurred.

Upon the withdrawal of any township or municipal corporation 
from a district, the county auditor shall ascertain, apportion, 
and order a division of the funds on hand, moneys and taxes in the 
process of collection, except for taxes levied for the payment of 
indebtedness, credits, and real and personal property, either in 
money or in kind, on the basis of the valuation of the respective 
tax duplicates of the withdrawing municipal corporation or 
township and the remaining territory of the district.

When the number of townships and municipal corporations 
constituting a district is reduced to one, the district ceases to 
exist by operation of law, and the funds, credits, and property 
remaining after apportionments to withdrawing municipal 
corporations or townships shall be assumed by the one remaining 
township or municipal corporation. When a district ceases to exist 
and an indebtedness remains unpaid, the board of county 
commissioners shall continue to levy and collect taxes for the 
payment of that indebtedness within the territory of the district 
as it was comprised at the time the indebtedness was incurred.

Sec. 1509.02. (A) There is hereby created in the department of natural resources the division of oil and gas resources
management, which shall be administered by the chief of the 
division of oil and gas resources management. The division has 
sole and exclusive authority to regulate the permitting, location, 
and spacing of oil and gas wells and production operations within 
the state, excepting only those activities regulated under federal 
laws for which oversight has been delegated to the environmental 
protection agency and activities regulated under sections 6111.02

exclusive authority as established in this section, the chief may 
enter into cooperative agreements with other state agencies for 
advice and consultation, including visitations at the surface 
location of a well on behalf of the division. Such cooperative 
agreements do not confer on other state agencies any authority to 
administer or enforce this chapter and rules adopted under it. In 
addition, such cooperative agreements shall not be construed to 
dilute or diminish the division's sole and exclusive authority as 
established in this section. Nothing in this section affects the 
authority granted to the director of transportation and local 
authorities in section 723.01 or 4513.34 of the Revised Code, 
provided that the authority granted under those sections shall not

regulated under this chapter.

The chief shall not hold any other public office, nor shall 
the chief be engaged in any occupation or business that might
interfere with or be inconsistent with the duties as chief. 

Money collected by the chief pursuant to sections 1509.06, 1509.061, 1509.062, 1509.071, 1509.13, 1509.22, 1509.222, 1509.28, 1509.34, 1509.50, and 5749.02 of the Revised Code, all civil penalties paid under section 1509.33 of the Revised Code, and, notwithstanding any section of the Revised Code relating to the distribution or crediting of fines for violations of the Revised Code, all fines imposed under divisions (A) and (B) of section 1509.99 of the Revised Code and fines imposed under divisions (C) and (D) of section 1509.99 of the Revised Code for all violations prosecuted by the attorney general and for violations prosecuted by prosecuting attorneys that do not involve the transportation of brine by vehicle shall be deposited into the state treasury to the credit of the oil and gas well fund, which is hereby created.

Fines imposed under divisions (C) and (D) of section 1509.99 of the Revised Code for violations prosecuted by prosecuting attorneys that involve the transportation of brine by vehicle and penalties associated with a compliance agreement entered into pursuant to this chapter shall be paid to the county treasury of the county where the violation occurred.

The fund shall be used solely and exclusively for the purposes enumerated in division (B) of section 1509.071 of the Revised Code, for the expenses of the division associated with the administration of this chapter and Chapter 1571. of the Revised Code and rules adopted under them, and for expenses that are critical and necessary for the protection of human health and safety and the environment related to oil and gas production in this state. The expenses of the division in excess of the moneys available in the fund shall be paid from general revenue fund appropriations to the department.

(B) The director of budget and management shall, on or before the last day of any fiscal year beginning on or after July 1,
2019, in which the balance of the oil and gas well fund on the last day of that year exceeds or will exceed fifty million dollars, transfer five million dollars from the oil and gas well fund to the oil and gas infrastructure fund, which is hereby created in the state treasury. On or before the last day of the fiscal year in which that transfer occurs, the director shall pay the balance of the oil and gas infrastructure fund to the county treasurer of each eligible county, as that term is defined in section 321.50 of the Revised Code, in each county's proportion most recently certified to the director by the chief of the division of oil and gas resources under division (C) of section 1509.11 of the Revised Code, for deposit in the county's oil and gas infrastructure fund under section 321.50 of the Revised Code.

An owner that has more than one hundred such wells in this state shall submit electronically the statement of production in a format that is approved by the chief.

(2) The owner of any horizontal well that is producing or capable of producing oil or gas shall file with the chief, on the forty-fifth day following the close of each calendar quarter, a statement of production of oil, gas, and brine for the preceding calendar quarter in a form that the chief prescribes. thirty days of the mailing of the notice, the order of
disqualification is final. The registrar may designate hearing
examiners who, after affording all parties reasonable notice,
shall conduct a hearing to determine whether the disqualification
order is supported by reliable evidence. The registrar shall adopt
rules to implement this division.

(ii) The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of three hundred feet on each approach direction;

(iii) The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of three hundred feet on each approach direction of the highway.

Nothing in this section shall be construed to invalidate the director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in divisions (B)(1)(a) and (c) of this section.

(d) As used in this division, "crosswalk" has the meaning given that term in division (LL)(2) of section 4511.01 of the Revised Code.
The director may, upon request by resolution of the legislative authority of a municipal corporation, the board of trustees of a township, or a county board of developmental disabilities created pursuant to Chapter 5126. of the Revised Code, and upon submission by the municipal corporation, township, or county board of such engineering, traffic, and other information as the director considers necessary, designate a school zone on any portion of a state route lying within the municipal corporation, lying within the unincorporated territory of the township, or lying adjacent to the property of a school that is operated by such county board, that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than one thousand three hundred twenty feet. Such a school zone shall include the distance encompassed by the crosswalk and extending three hundred feet on each approach direction of the state route.

(e) As used in this section, "special elementary school" means a school that meets all of the following criteria:

(i) It is not chartered and does not receive tax revenue from any source.

(ii) It does not educate children beyond the eighth grade.

(iii) It is located outside the limits of a municipal corporation.

(iv) A majority of the total number of students enrolled at the school are not related by blood.

(v) The principal or other person in charge of the special elementary school annually sends a report to the superintendent of the school district in which the special elementary school is located. 
located indicating the total number of students enrolled at the school, but otherwise the principal or other person in charge does not report any other information or data to the superintendent.

(2) Twenty-five miles per hour in all other portions of a municipal corporation, except on state routes outside business districts, through highways outside business districts, and alleys;

(3) Thirty-five miles per hour on all state routes or through highways within municipal corporations outside business districts, except as provided in divisions (B)(4) and (6) of this section;

(4) Fifty miles per hour on controlled-access highways and expressways within municipal corporations, except as provided in divisions (B)(12), (13), (14), (15), and (16) of this section;

(5) Fifty-five miles per hour on highways outside municipal corporations, other than highways within island jurisdictions as provided in division (B)(8) of this section, highways as provided in divisions (B)(9) and (10) of this section, and highways, expressways, and freeways as provided in divisions (B)(12), (13), (14), (15), and (17)(16) of this section;

(6) Fifty miles per hour on state routes within municipal corporations outside urban districts unless a lower prima-facie speed is established as further provided in this section;

(7) Fifteen miles per hour on all alleys within the municipal corporation;

(8) Thirty-five miles per hour on highways outside municipal corporations that are within an island jurisdiction;

(9) Thirty-five miles per hour on through highways, except state routes, that are outside municipal corporations and that are within a national park with boundaries extending through two or more counties;
(10) Sixty miles per hour on two-lane state routes outside municipal corporations as established by the director under division (H)(2) of this section;

(11) Fifty-five miles per hour at all times on freeways with paved shoulders inside municipal corporations, other than freeways as provided in divisions (B)(15)(14) and (17)(16) of this section;

(12) Fifty-five miles per hour at all times on freeways outside municipal corporations, other than freeways as provided in divisions (B)(15) and (17) of this section;

(13) Sixty miles per hour for operators of any motor vehicle at all times on rural expressways with traffic control signals and on all portions of rural divided highways, except as provided in divisions (B)(13) and (14) of this section;

(14) Sixty-five miles per hour for operators of any motor vehicle at all times on all rural expressways without traffic control signals;

(15) Seventy miles per hour for operators of any motor vehicle at all times on all rural freeways;

(16) Fifty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways or expressways in congested areas as determined by the director and that are part of the interstate system and that are located within a municipal corporation or within an interstate freeway outerbelt, except as provided in division (B)(16) of this section;

(17) Sixty-five miles per hour for operators of any motor vehicle at all times on all portions of freeways or expressways without traffic control signals in urban urbanized areas as determined by the director and that are part of the interstate system and are part of an interstate freeway outerbelt.

(C) It is prima-facie unlawful for any person to exceed any...
of the speed limitations in divisions (B)(1)(a), (2), (3), (4), (6), (7), (8), and (9) of this section, or any declared or established pursuant to this section by the director or local authorities and it is unlawful for any person to exceed any of the speed limitations in division (D) of this section. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

(D) No person shall operate a motor vehicle, trackless trolley, or streetcar upon a street or highway as follows:

(1) At a speed exceeding fifty-five miles per hour, except upon a two-lane state route as provided in division (B)(10) of this section and upon a highway, expressway, or freeway as provided in divisions (B)(12), (13), (14), (15), and (17) of this section;

(2) At a speed exceeding sixty miles per hour upon a two-lane state route as provided in division (B)(10) of this section and upon a highway as provided in division (B)(12) of this section;

(3) At a speed exceeding sixty-five miles per hour upon an expressway as provided in division (B)(13) or upon a freeway as provided in division (B)(14) of this section, except upon a freeway as provided in division (B)(15) of this section;

(4) At a speed exceeding seventy miles per hour upon a freeway as provided in division (B)(15) of this section;

(5) At a speed exceeding the posted speed limit upon a highway, expressway, or freeway for which the director has determined and declared a speed limit pursuant to division (I)(2) or (L)(2) of this section.

(E) In every charge of violation of this section the
affidavit and warrant shall specify the time, place, and speed at which the defendant is alleged to have driven, and in charges made in reliance upon division (C) of this section also the speed which division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(F) When a speed in excess of both a prima-facie limitation and a limitation in division (D) of this section is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of this section, or of a limit declared or established pursuant to this section by the director or local authorities, and of the limitation in division (D) of this section. If the court finds a violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section has occurred, it shall enter a judgment of conviction under such division and dismiss the charge under division (D) of this section. If it finds no violation of division (B)(1)(a), (2), (3), (4), (6), (7), (8), or (9) of, or a limit declared or established pursuant to, this section, it shall then consider whether the evidence supports a conviction under division (D) of this section.

(G) Points shall be assessed for violation of a limitation under division (D) of this section in accordance with section 4510.036 of the Revised Code.

(H)(1) Whenever the director determines upon the basis of a geometric and traffic characteristic criteria established by an
engineering study, as defined by the director, that any speed limit set forth in divisions (B)(1)(a) to (D) of this section is greater or less than is reasonable or safe under the conditions found to exist at any portion of a street or highway under the jurisdiction of the director, the director shall determine and declare a reasonable and safe prima-facie speed limit or variable speed limit for the location, which shall be effective when appropriate signs giving notice of it are erected at the location.

(2) Whenever the director determines upon the basis of a geometric and traffic characteristic criteria established by an engineering study, as defined by the director, that the speed limit of fifty-five miles per hour on a two-lane state route outside a municipal corporation is less than is reasonable or safe under the conditions found to exist at that portion of the state route, the director may determine and declare a speed limit of sixty miles per hour for that portion of the state route, which shall be effective when appropriate signs giving notice of it are erected at the location.

(3) (a) For purposes of the safe and orderly movement of traffic upon any portion of a street or highway under the jurisdiction of the director, the director may establish a variable speed limit that is different than the speed limit established by or under this section on all or portions of interstate six hundred seventy, interstate two hundred seventy-five, and interstate ninety commencing at the intersection of that interstate with interstate seventy-one and continuing to the border of the state of Ohio with the state of Pennsylvania. The director shall establish criteria for determining the appropriate use of variable speed limits and shall establish variable speed limits in accordance with the criteria. The director may establish variable speed limits based upon the time of day, weather conditions, traffic incidents, or other factors
that affect the safe speed on a street or highway. The director shall not establish a variable speed limit that is based on a particular type or class of vehicle. A variable speed limit established by the director under this section is effective when appropriate signs giving notice of the speed limit are displayed at the location.

(b) Except for variable speed limits established under division (H)(3)(a) of this section, the director shall establish a variable speed limit under the authority granted to the director by this section only pursuant to criteria established in rules adopted in accordance with Chapter 119. of the Revised Code. The rules shall be based on the criteria described in division (H)(3)(a) of this section. The rules also shall establish the parameters of any engineering study necessary for determining when variable speed limits are appropriate.

(4) Nothing in this section shall be construed to limit the authority of the director to establish speed limits within a construction zone as authorized under section 4511.98 of the Revised Code.

(I)(1) Except as provided in divisions (I)(2) and (J), (K), and (N) of this section, whenever local authorities determine upon the basis of criteria established by an engineering and traffic investigation study, as defined by the director, that the speed permitted by divisions (B)(1)(a) to (D) of this section, on any part of a highway under their jurisdiction, is greater than is reasonable and safe under the conditions found to exist at such location, the local authorities may by resolution request the director to determine and declare a reasonable and safe prima-facie speed limit or variable speed limit for the location. Upon receipt of such request the director may determine and declare a reasonable and safe prima-facie speed limit or variable speed limit at such location, and if the director does so, then
such declared speed limit shall become effective only when appropriate signs giving notice thereof are erected at such location by the local authorities. The director may withdraw the declaration of a prima-facie speed limit or variable speed limit whenever in the director's opinion the altered prima-facie speed limit or variable speed limit becomes unreasonable. Upon such withdrawal, the declared prima-facie speed limit or variable speed limit shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(2) A local authority may determine on the basis of geometric and traffic characteristic criteria established by an engineering study, as defined by the director, that the speed limit of sixty-five or seventy miles per hour on a portion of a freeway under its jurisdiction that was established through the operation of division (L) (3) of this section is greater than is reasonable or safe under the conditions found to exist at that portion of the freeway. If the local authority makes such a determination, the local authority by resolution may request the director to determine and declare a reasonable and safe speed limit of not less than fifty-five miles per hour for that portion of the freeway. If the director takes such action, the declared speed limit becomes effective only when appropriate signs giving notice of it are erected at such location by the local authority.

(J) Local authorities in their respective jurisdictions may authorize by ordinance higher prima-facie speeds than those stated in this section upon through highways, or upon highways or portions thereof where there are no intersections, or between widely spaced intersections, provided signs are erected giving notice of the authorized speed, but local authorities shall not modify or alter the basic rule set forth in division (A) of this section or in any event authorize by ordinance a speed in excess of fifty miles per hour the maximum speed permitted by division.
(D) of this section for the specified type of highway.

Alteration of prima-facie limits on state routes by local authorities shall not be effective until the alteration has been approved by the director. The director may withdraw approval of any altered prima-facie speed limits whenever in the director's opinion any altered prima-facie speed becomes unreasonable, and upon such withdrawal, the altered prima-facie speed shall become ineffective and the signs relating thereto shall be immediately removed by the local authorities.

(K)(1) As used in divisions (K)(1), (2), (3), and (4) of this section, "unimproved highway" means a highway consisting of any of the following:

(a) Unimproved earth;

(b) Unimproved graded and drained earth;

(c) Gravel.

(2) Except as otherwise provided in divisions (K)(4) and (5) of this section, whenever a board of township trustees determines upon the basis of criteria established by an engineering and traffic investigation study, as defined by the director, that the speed permitted by division (B)(5) of this section on any part of an unimproved highway under its jurisdiction and in the unincorporated territory of the township is greater than is reasonable or safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of fifty-five but not less than twenty-five miles per hour. An altered speed limit adopted by a board of township trustees under this division becomes effective when appropriate traffic control devices, as prescribed in section 4511.11 of the Revised Code, giving notice thereof are erected at the location, which shall be no sooner than sixty days after adoption of the resolution.
(3) (a) Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by the board under this division becomes unreasonable, the board may adopt a resolution withdrawing the altered prima-facie speed limit. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(b) Whenever a highway ceases to be an unimproved highway and the board has adopted an altered prima-facie speed limit pursuant to division (K)(2) of this section, the board shall, by resolution, withdraw the altered prima-facie speed limit as soon as the highway ceases to be unimproved. Upon the adoption of such a resolution, the altered prima-facie speed limit becomes ineffective and the traffic control devices relating thereto shall be immediately removed.

(4) (a) If the boundary of two townships rests on the centerline of an unimproved highway in unincorporated territory and both townships have jurisdiction over the highway, neither of the boards of township trustees of such townships may declare an altered prima-facie speed limit pursuant to division (K)(2) of this section on the part of the highway under their joint jurisdiction unless the boards of township trustees of both of the townships determine, upon the basis of criteria established by an engineering and traffic investigation study, as defined by the director, that the speed permitted by division (B)(5) of this section is greater than is reasonable or safe under the conditions found to exist at the location and both boards agree upon a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that location. If both boards so agree, each shall follow the procedure specified in division (K)(2) of this section for altering the prima-facie speed limit on the highway. Except as otherwise
provided in division (K)(4)(b) of this section, no speed limit
altered pursuant to division (K)(4)(a) of this section may be
withdrawn unless the boards of township trustees of both townships
determine that the altered prima-facie speed limit previously
adopted becomes unreasonable and each board adopts a resolution
withdrawing the altered prima-facie speed limit pursuant to the
procedure specified in division (K)(3)(a) of this section.

(b) Whenever a highway described in division (K)(4)(a) of
this section ceases to be an unimproved highway and two boards of
township trustees have adopted an altered prima-facie speed limit
pursuant to division (K)(4)(a) of this section, both boards shall,
by resolution, withdraw the altered prima-facie speed limit as
soon as the highway ceases to be unimproved. Upon the adoption of
the resolution, the altered prima-facie speed limit becomes
ineffective and the traffic control devices relating thereto shall
be immediately removed.

(5) As used in division (K)(5) of this section:

(a) "Commercial subdivision" means any platted territory
outside the limits of a municipal corporation and fronting a
highway where, for a distance of three hundred feet or more, the
frontage is improved with buildings in use for commercial
purposes, or where the entire length of the highway is less than
three hundred feet long and the frontage is improved with
buildings in use for commercial purposes.

(b) "Residential subdivision" means any platted territory
outside the limits of a municipal corporation and fronting a
highway, where, for a distance of three hundred feet or more, the
frontage is improved with residences or residences and buildings
in use for business, or where the entire length of the highway is
less than three hundred feet long and the frontage is improved
with residences or residences and buildings in use for business.
Whenever a board of township trustees finds upon the basis of criteria established by an engineering and traffic investigation study, as defined by the director, that the prima-facie speed permitted by division (B)(5) of this section on any part of a highway under its jurisdiction that is located in a commercial or residential subdivision, except on highways or portions thereof at the entrances to which vehicular traffic from the majority of intersecting highways is required to yield the right-of-way to vehicles on such highways in obedience to stop or yield signs or traffic control signals, is greater than is reasonable and safe under the conditions found to exist at the location, the board may by resolution declare a reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour at the location. An altered speed limit adopted by a board of township trustees under this division shall become effective when appropriate signs giving notice thereof are erected at the location by the township. Whenever, in the opinion of a board of township trustees, any altered prima-facie speed limit established by it under this division becomes unreasonable, it may adopt a resolution withdrawing the altered prima-facie speed, and upon such withdrawal, the altered prima-facie speed shall become ineffective, and the signs relating thereto shall be immediately removed by the township.

(L)(1) On September 29, 2013, the director of transportation, based upon an engineering study, as defined by the director, of a highway, expressway, or freeway described in division (B)(12), (13), (14), (15), or (16), or (17) of this section, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, may determine and declare that the speed limit established on such highway, expressway, or freeway under division (B)(12), (13), (14), (15), or (16), or (17) of this section either is reasonable and safe or is more or less
than that which is reasonable and safe.

(2) If the established speed limit for a highway, expressway, or freeway studied pursuant to division (L)(1) of this section is determined to be more or less than that which is reasonable and safe, the director of transportation, in consultation with the director of public safety and, if applicable, the local authority having jurisdiction over the studied highway, expressway, or freeway, shall determine and declare a reasonable and safe speed limit for that highway, expressway, or freeway.

(M)(1)(a) If the boundary of two local authorities rests on the centerline of a highway and both authorities have jurisdiction over the highway, the speed limit for the part of the highway within their joint jurisdiction shall be either one of the following as agreed to by both authorities:

(i) Either prima-facie speed limit permitted by division (B) of this section;

(ii) An altered speed limit determined and posted in accordance with this section.

(b) If the local authorities are unable to reach an agreement, the speed limit shall remain as established and posted under this section.

(2) Neither local authority may declare an altered prima-facie speed limit pursuant to this section on the part of the highway under their joint jurisdiction unless both of the local authorities determine, upon the basis of criteria established by an engineering and traffic investigation study, as defined by the director, that the speed permitted by this section is greater than is reasonable or safe under the conditions found to exist at the location and both authorities agree upon a uniform reasonable and safe prima-facie speed limit of less than fifty-five but not less than twenty-five miles per hour for that
location. If both authorities so agree, each shall follow the procedure specified in this section for altering the prima-facie speed limit on the highway, and the speed limit for the part of the highway within their joint jurisdiction shall be uniformly altered. No altered speed limit may be withdrawn unless both local authorities determine that the altered prima-facie speed limit previously adopted becomes unreasonable and each adopts a resolution withdrawing the altered prima-facie speed limit pursuant to the procedure specified in this section.

(N) The legislative authority of a municipal corporation or township in which a boarding school is located, by resolution or ordinance, may establish a boarding school zone. The legislative authority may alter the speed limit on any street or highway within the boarding school zone and shall specify the hours during which the altered speed limit is in effect. For purposes of determining the boundaries of the boarding school zone, the altered speed limit within the boarding school zone, and the hours the altered speed limit is in effect, the legislative authority shall consult with the administration of the boarding school and with the county engineer or other appropriate engineer, as applicable. A boarding school zone speed limit becomes effective only when appropriate signs giving notice thereof are erected at the appropriate locations.

(O) As used in this section:

(1) "Interstate system" has the same meaning as in 23 U.S.C.A. 101.

(2) "Commercial bus" means a motor vehicle designed for carrying more than nine passengers and used for the transportation of persons for compensation.

(3) "Noncommercial bus" includes but is not limited to a school bus or a motor vehicle operated solely for the
transportation of persons associated with a charitable or nonprofit organization.

(4) "Outerbelt" means a portion of a freeway that is part of the interstate system and is located in the outer vicinity of a major municipal corporation or group of municipal corporations, as designated by the director.

(5) "Rural" means an area outside urbanized areas, as designated in accordance with 23 U.S.C. 101, and outside of a business or urban district, and areas that extend within urbanized areas where the roadway characteristics remain mostly unchanged from those outside the urbanized areas.

(6) "Urbanized area" has the same meaning as in 23 U.S.C. 101.

(7) "Divided" means a roadway having two or more travel lanes for vehicles moving in opposite directions and that is separated by a median of more than four feet, excluding turn lanes.

(3) Notwithstanding division (P)(1) of this section, if the offender operated a motor vehicle in a construction zone where a sign was then posted in accordance with section 4511.98 of the Revised Code, the court, in addition to all other penalties provided by law, shall impose upon the offender a fine of two times the usual amount imposed for the violation. No court shall impose a fine of two times the usual amount imposed for the violation upon an offender if the offender alleges, in an affidavit filed with the court prior to the offender's sentencing, that the offender is indigent and is unable to pay the fine imposed pursuant to this division and if the court determines that the offender is an indigent person and unable to pay the fine.

(4) If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under section 4511.991 of the Revised Code.

Sec. 4511.514. (A)(1) A low-speed electric scooter may be operated on the public streets, highways, sidewalks, and paths, and may be operated on any portions of roadways set aside for the
exclusive use of bicycles in accordance with this section.

(2) Except as otherwise provided in this section, those sections of this chapter that by their nature could apply to a low-speed electric scooter do apply to the scooter and the person operating it whenever it is operated upon any public street, highway, sidewalk, or path, or upon any portion of a roadway set aside for the exclusive use of bicycles.

(B) No operator of a low-speed electric scooter shall do any of the following:

(1) Fail to yield the right-of-way to all pedestrians at all times;

(2) Fail to give an audible signal before overtaking or passing a pedestrian;

(3) Operate the device at night unless the device or its operator is equipped with or wearing both of the following:

(a) A lamp pointing to the front that emits a white light visible from a distance of not less than five hundred feet;

(b) A red reflector facing the rear that is visible from all distances from one hundred feet to six hundred feet when directly in front of lawful lower beams of head lamps on a motor vehicle.

(C) No person who is under sixteen years of age shall operate a low-speed electric scooter.

(D) No person shall operate a low-speed electric scooter at a speed greater than fifteen miles per hour.

(E)(1) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the
offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

(2) The offense established under this section is a strict liability offense and section 2901.20 of the Revised Code does not apply. The designation of this offense as a strict liability offense shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

Sec. 4511.54. (A) No person riding upon any bicycle, electric bicycle, coaster, roller skates, sled, skateboard, or toy vehicle shall attach the same or self to any streetcar, trackless trolley, or vehicle upon a roadway.

No operator shall knowingly permit any person riding upon any bicycle, electric bicycle, coaster, roller skates, sled, skateboard, or toy vehicle to attach the same or self to any streetcar, trackless trolley, or vehicle while it is moving upon a roadway.

This section does not apply to the towing of a disabled vehicle.

(B) Except as otherwise provided in this division, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the
distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under section 4511.991 of the Revised Code.

Traffic Rule 13, if a law enforcement officer issues an offender a ticket, citation, or summons for a violation of any of the aforementioned sections of the Revised Code that indicates that the offender was distracted while committing the violation and that the distracting activity was a contributing factor to the commission of the violation, the offender may enter a written plea of guilty and waive the offender's right to contest the ticket, citation, or summons in a trial provided that the offender pays the total amount of the fine established for the violation and pays the additional fine of one hundred dollars.

In lieu of payment of the additional fine of one hundred dollars, the offender instead may elect to attend a distracted driving safety course, the duration and contents of which shall be established by the director of public safety. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of one hundred dollars, so long as the offender submits to the court both the offender's payment in full and such written evidence.

(2) If the offender appears in person to contest the ticket, citation, or summons in a trial and the offender pleads guilty to or is convicted of the violation, the court, in addition to all other penalties provided by law, may impose the applicable penalty for the violation and may impose the additional fine of not more than one hundred dollars.

If the court imposes upon the offender the applicable penalty for the violation and an additional fine of not more than one hundred dollars, the court shall inform the offender that, in lieu of payment of the additional fine of not more than one hundred dollars, the offender instead may elect to attend the distracted

The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of not more than one hundred dollars, so long as the offender submits to the court the offender's payment and such written evidence.

Sec. 4513.34. (A)(1) The director of transportation with respect to all highways that are a part of the state highway system and local authorities with respect to highways under their jurisdiction, upon application in writing, shall issue a special regional heavy hauling permit authorizing the applicant to operate or move a vehicle or combination of vehicles as follows:

(a) At a size or weight of vehicle or load exceeding the maximum specified in sections 5577.01 to 5577.09 of the Revised Code, or otherwise not in conformity with sections 4513.01 to 4513.37 of the Revised Code;

(b) Upon any highway under the jurisdiction of the authority granting the permit except those highways with a condition insufficient to bear the weight of the vehicle or combination of vehicles as stated in the application;

(c) For regional trips at distances of one hundred fifty miles or less from a facility stated on the application as the applicant's point of origin.

Issuance of a special regional heavy hauling permit is subject to the payment of a fee established by the director or local authority in accordance with this section.

(2) In circumstances where a person is not eligible to
receive a permit under division (A)(1) of this section, the
director of transportation with respect to all highways that are a
part of the state highway system and local authorities with
respect to highways under their jurisdiction, upon application in
writing and for good cause shown, may issue a special permit in
writing authorizing the applicant to operate or move a vehicle or
combination of vehicles of a size or weight of vehicle or load
exceeding the maximum specified in sections 5577.01 to 5577.09 of
the Revised Code, or otherwise not in conformity with sections
4513.01 to 4513.37 of the Revised Code, upon any highway under the
jurisdiction of the authority granting the permit.

(3) For purposes of this section, the director may designate
certain state highways or portions of state highways as special
economic development highways. If an application submitted to the
director under this section involves travel of a nonconforming
vehicle or combination of vehicles upon a special economic
development highway, the director, in determining whether good
cause has been shown that issuance of a permit is justified, shall
consider the effect the travel of the vehicle or combination of
vehicles will have on the economic development in the area in
which the designated highway or portion of highway is located.

(B) Notwithstanding sections 715.22 and 723.01 of the Revised
Code, the holder of a permit issued by the director under this
section may move the vehicle or combination of vehicles described
in the permit on any highway that is a part of the state highway
system when the movement is partly within and partly without the
corporate limits of a municipal corporation. No local authority
shall require any other permit or license or charge any license
fee or other charge against the holder of a permit for the
movement of a vehicle or combination of vehicles on any highway
that is a part of the state highway system. The director shall not
require the holder of a permit issued by a local authority to
obtain a special permit for the movement of vehicles or combination of vehicles on highways within the jurisdiction of the local authority. Permits may be issued for any period of time not to exceed one year, as the director in the director's discretion or a local authority in its discretion determines advisable, or for the duration of any public construction project.

(C)(1) The application for a permit issued under this section shall be in the form that the director or local authority prescribes. The director or local authority may prescribe a permit fee to be imposed and collected when any permit described in this section is issued. The permit fee may be in an amount sufficient to reimburse the director or local authority for the administrative costs incurred in issuing the permit, and also to cover the cost of the normal and expected damage caused to the roadway or a street or highway structure as the result of the operation of the nonconforming vehicle or combination of vehicles. The director, in accordance with Chapter 119. of the Revised Code, shall establish a schedule of fees for permits issued by the director under this section; however, the fee to operate a triple trailer unit, at locations authorized under federal law, shall be one hundred dollars.

(2) For the purposes of this section and of rules adopted by the director under this section, milk transported in bulk by vehicle is deemed a nondivisible load.

(3) For purposes of this section and of rules adopted by the director under this section, three or fewer aluminum coils, transported by a vehicle, are deemed a nondivisible load. The director shall adopt rules establishing requirements for an aluminum coil permit that are substantially similar to the requirements for a steel coil permit under Chapter 5501:2-1 of the Administrative Code.

(D) The director or a local authority shall issue a special

regional heavy hauling permit under division (A)(1) of this section upon application and payment of the applicable fee. However, the director or local authority may issue or withhold a special permit specified in division (A)(2) of this section. If a permit is to be issued, the director or local authority may limit or prescribe conditions of operation for the vehicle and may require the posting of a bond or other security conditioned upon the sufficiency of the permit fee to compensate for damage caused to the roadway or a street or highway structure. In addition, a local authority, as a condition of issuance of an overweight permit, may require the applicant to develop and enter into a mutual agreement with the local authority to compensate for or to repair excess damage caused to the roadway by travel under the permit.

For a permit that will allow travel of a nonconforming vehicle or combination of vehicles on a special economic development highway, the director, as a condition of issuance, may require the applicant to agree to make periodic payments to the department to compensate for damage caused to the roadway by travel under the permit.

(E) Every permit issued under this section shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any police officer or authorized agent of any authority granting the permit. No person shall violate any of the terms of a permit.

(F) The director may debar an applicant from applying for a permit under this section upon a finding based on a reasonable belief that the applicant has done any of the following:

(1) Abused the process by repeatedly submitting false information or false travel plans or by using another company or individual's name, insurance, or escrow account without proper authorization;
(2) Failed to comply with or substantially perform under a previously issued permit according to its terms, conditions, and specifications within specified time limits;

(3) Failed to cooperate in the application process for the permit or in any other procedures that are related to the issuance of the permit by refusing to provide information or documents required in a permit or by failing to respond to and correct matters related to the permit;

(4) Accumulated repeated justified complaints regarding performance under a permit that was previously issued to the applicant or previously failed to obtain a permit when such a permit was required;

(5) Attempted to influence a public employee to breach ethical conduct standards;

(6) Been convicted of a criminal offense related to the application for, or performance under, a permit, including, but not limited to, bribery, falsification, fraud or destruction of records, receiving stolen property, and any other offense that directly reflects on the applicant's integrity or commercial driver's license;

(7) Accumulated repeated convictions under a state or federal safety law governing commercial motor vehicles or a rule or regulation adopted under such a law;

(8) Accumulated repeated convictions under a law, rule, or regulation governing the movement of traffic over the public streets and highways;

(9) Failed to pay any fees associated with any permitted operation or move;

(10) Deliberately or willfully submitted false or misleading information in connection with the application for, or performance
under, a permit issued under this section.

If the applicant is a partnership, association, or corporation, the director also may debar from consideration for permits any partner of the partnership, or the officers, directors, or employees of the association or corporation being debarred.

The director may adopt rules in accordance with Chapter 119. of the Revised Code governing the debarment of an applicant.

(G) When the director reasonably believes that grounds for debarment exist, the director shall send the person that is subject to debarment a notice of the proposed debarment. A notice of proposed debarment shall indicate the grounds for the debarment of the person and the procedure for requesting a hearing. The notice and hearing shall be in accordance with Chapter 119. of the Revised Code. If the person does not respond with a request for a hearing in the manner specified in that chapter, the director shall issue the debarment decision without a hearing and shall notify the person of the decision by certified mail, return receipt requested. The debarment period may be of any length determined by the director, and the director may modify or rescind the debarment at any time. During the period of debarment, the director shall not issue, or consider issuing, a permit under this section to any partnership, association, or corporation that is affiliated with a debarred person. After the debarment period expires, the person, and any partnership, association, or corporation affiliated with the person, may reapply for a permit.

(H)(1) No person shall violate the terms of a permit issued under this section that relate to gross load limits.

(2) No person shall violate the terms of a permit issued under this section that relate to axle load by more than two thousand pounds per axle or group of axles.
(3) No person shall violate the terms of a permit issued under this section that relate to an approved route except upon order of a law enforcement officer or authorized agent of the issuing authority.

(I) Whoever violates division (H) of this section shall be punished as provided in section 4513.99 of the Revised Code.

(J) A permit issued by the department of transportation or a local authority under this section for the operation of a vehicle or combination of vehicles is valid for the purposes of the vehicle operation in accordance with the conditions and limitations specified on the permit. Such a permit is voidable by law enforcement only for operation of a vehicle or combination of vehicles in violation of the weight, dimension, or route provisions of the permit. However, a permit is not voidable for operation in violation of a route provision of a permit if the operation is upon the order of a law enforcement officer.

Sec. 4513.60. (A)(1) The sheriff of a county or chief of police of a municipal corporation, township, port authority, or township or joint police district, within the sheriff's or chief's respective territorial jurisdiction, upon complaint of any person adversely affected, may order into storage any motor vehicle, other than an abandoned junk motor vehicle as defined in section 4513.63 of the Revised Code, that has been left on private residential or private agricultural property for at least four hours without the permission of the person having the right to the possession of the property. The sheriff or chief of police, upon complaint of a repair garage or place of storage, may order into storage any motor vehicle, other than an abandoned junk motor vehicle, that has been left at the garage or place of storage for a longer period than that agreed upon. When ordering a motor vehicle into storage pursuant to this division, a sheriff or chief
of police may arrange for the removal of the motor vehicle by a towing service and shall designate a storage facility.

(2) A towing service towing a motor vehicle under division (A)(1) of this section shall remove the motor vehicle in accordance with that division. The towing service shall deliver the motor vehicle to the location designated by the sheriff or chief of police not more than two hours after the time it is removed from the private property, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.

(3) Subject to division (B) of this section, the owner of a motor vehicle that has been removed pursuant to this division may recover the vehicle only in accordance with division (D) of this section.

(4) As used in this section, "private residential property" means private property on which is located one or more structures that are used as a home, residence, or sleeping place by one or more persons, if no more than three separate households are maintained in the structure or structures. "Private residential property" does not include any private property on which is located one or more structures that are used as a home, residence, or sleeping place by two or more persons, if more than three separate households are maintained in the structure or structures.

(B) If the owner or operator of a motor vehicle that has been ordered into storage pursuant to division (A)(1) of this section arrives after the motor vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of
the motor vehicle established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, in order to obtain release of the motor vehicle. However, if the vehicle is within a municipal corporation and the municipal corporation has established a vehicle removal fee, the towing service shall give the owner or operator oral or written notification that the owner or operator may pay not more than one-half of that fee to obtain release of the motor vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction.

Upon payment of the applicable fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the motor vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move it so that it is not on the private residential or private agricultural property without the permission of the person having the right to possession of the property, or is not at the garage or place of storage without the permission of the owner, whichever is applicable.

(C)(1) Each county sheriff and each chief of police of a municipal corporation, township, port authority, or township or joint police district shall maintain a record of motor vehicles that the sheriff or chief orders into storage pursuant to division (A)(1) of this section. The record shall include an entry for each such motor vehicle that identifies the motor vehicle's license number, make, model, and color, the location from which it was removed, the date and time of its removal, the telephone number of the person from whom it may be recovered, and the address of the place to which it has been taken and from which it may be recovered. A sheriff or chief of police shall provide any
information in the record that pertains to a particular motor  
vehicle to any person who, either in person or pursuant to a  
television call, identifies self as the owner or operator of the  
motor vehicle and requests information pertaining to its location.  

(2) Any person who registers a complaint that is the basis of  
a sheriff's or police chief's order for the removal and storage of  
a motor vehicle under division (A)(1) of this section shall  
provide the identity of the law enforcement agency with which the  
complaint was registered to any person who identifies self as the  
owner or operator of the motor vehicle and requests information  
pertaining to its location.  

(D)(1) The owner or lienholder of a motor vehicle that is  
ordered into storage pursuant to division (A)(1) of this section  
may reclaim it upon both of the following:  

(a) Payment of all applicable fees established by the public  
utilities commission in rules adopted under section 4921.25 of the  
Revised Code or, if the vehicle was towed within a municipal  
corporation that has established fees for vehicle removal and  
storage, payment of all applicable fees established by the  
municipal corporation.  

(b) Presentation of proof of ownership, which may be  
evidenced by a certificate of title to the motor vehicle, a  
certificate of registration for the motor vehicle, or a lease  
agreement.  

When the owner of a vehicle towed under this section  
retrieves the vehicle, the towing service or storage facility in  
possession of the vehicle shall give the owner written notice that  
if the owner disputes that the motor vehicle was lawfully towed,  
the owner may be able to file a civil action under section  
4513.611 of the Revised Code.  

(2) Upon presentation of proof of ownership as required under  

division (D)(1)(b) of this section, the owner of a motor vehicle that is ordered into storage under division (A)(1) of this section may retrieve any personal items from the motor vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of section 4513.69 of the Revised Code, if applicable. The owner of a motor vehicle shall not do either of the following:

(a) Retrieve any personal item that has been determined by the sheriff or chief of police, as applicable, to be necessary to a criminal investigation;

(b) Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.

For purposes of division (D)(2) of this section, "personal items" do not include any items that are attached to the motor vehicle.

(3) If a motor vehicle that is ordered into storage pursuant to division (A)(1) of this section remains unclaimed by the owner for thirty days, the procedures established by sections 4513.61 and 4513.62 of the Revised Code apply.

(E)(1) No person shall remove, or cause the removal of, any motor vehicle from any private residential or private agricultural property other than in accordance with division (A)(1) of this section or sections 4513.61 to 4513.65 of the Revised Code.

(2) No towing service or storage facility shall fail to comply with the requirements of this section.
(F) This section does not apply to any private residential or private agricultural property that is established as a private tow-away zone in accordance with section 4513.601 of the Revised Code.

(G) Whoever violates division (E) of this section is guilty of a minor misdemeanor.

Sec. 4513.601. (A) The owner of a private property may establish a private tow-away zone, but may do so only if all of the following conditions are satisfied:

(1) The owner of the private property posts on the property a sign, that is at least eighteen inches by twenty-four inches in size, that is visible from all entrances to the property, and that includes all of the following information:

(a) A statement that the property is a tow-away zone;

(b) A description of persons authorized to park on the property. If the property is a residential property, the owner of the private property may include on the sign a statement that only tenants and guests may park in the private tow-away zone, subject to the terms of the property owner. If the property is a commercial property, the owner of the private property may include on the sign a statement that only customers may park in the private tow-away zone. In all cases, if it is not apparent which persons may park in the private tow-away zone, the owner of the private property shall include on the sign the address of the property on which the private tow-away zone is located or the name of the business that is located on the property designated as a private tow-away zone.

(c) If the private tow-away zone is not enforceable at all times, the times during which the parking restrictions are enforced;
(d) The telephone number and the address of the place from which a towed vehicle may be recovered at any time during the day or night;

(e) A statement that the failure to recover a towed vehicle may result in the loss of title to the vehicle as provided in division (B) of section 4505.101 of the Revised Code.

In order to comply with the requirements of division (A)(1) of this section, the owner of a private property may modify an existing sign by affixing to the existing sign stickers or an addendum in lieu of replacing the sign.

(2) A towing service ensures that a vehicle towed under this section is taken to a location from which it may be recovered that complies with all of the following:

(a) It is located within twenty-five linear miles of the location of the private tow-away zone, unless it is not practicable to take the vehicle to a place of storage within twenty-five linear miles.

(b) It is well-lighted.

(c) It is on or within a reasonable distance of a regularly scheduled route of one or more modes of public transportation, if any public transportation is available in the municipal corporation or township in which the private tow-away zone is located.

(B)(1) If a vehicle is parked on private property that is established as a private tow-away zone in accordance with division (A) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this section. The vehicle owner and the operator of the vehicle are considered to
have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, and to the right of a towing service to obtain title to the vehicle if it remains unclaimed as provided in section 4505.101 of the Revised Code. The owner or lienholder of a vehicle that has been removed under this section, subject to division (C) of this section, may recover the vehicle in accordance with division (G) of this section.

(2) If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to division (B) of this section by an unlicensed tow truck or unlicensed tow truck operator.

(3) No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.

(C) If the owner or operator of a vehicle that is being removed under authority of division (B) of this section arrives after the vehicle has been prepared for removal, but prior to its actual removal from the property, the towing service shall give the vehicle owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the vehicle established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code in order to obtain release of the vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction. Upon payment of that fee, the towing service
shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the vehicle to the owner or operator. Upon its release, the owner or operator immediately shall move the vehicle so that the vehicle is not parked on the private property established as a private tow-away zone without the consent of the owner of the private property or in violation of any posted parking condition or regulation.

(D)(1) Prior to towing a vehicle under division (B) of this section, a towing service shall make all reasonable efforts to take as many photographs as necessary to evidence that the vehicle is clearly parked on private property in violation of a private tow-away zone established under division (A) of this section.

The towing service shall record the time and date of the photographs taken under this section. The towing service shall retain the photographs and the record of the time and date, in electronic or printed form, for at least thirty days after the date on which the vehicle is recovered by the owner or lienholder or at least two years after the date on which the vehicle was towed, whichever is earlier.

(2) A towing service shall deliver a vehicle towed under division (B) of this section to the location from which it may be recovered not more than two hours after the time it was removed from the private tow-away zone, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.

(E)(1) If an owner of a private property that is established as a private tow-away zone in accordance with division (A) of this section causes the removal of a vehicle from that property by a towing service under division (B) of this section, the towing service, within two hours of removing the vehicle, shall provide
notice to the sheriff of the county or the police department of the municipal corporation, township, **port authority**, or township or joint police district in which the property is located concerning all of the following:

(a) The vehicle's license number, make, model, and color;

(b) The location from which the vehicle was removed;

(c) The date and time the vehicle was removed;

(d) The telephone number of the person from whom the vehicle may be recovered;

(e) The address of the place from which the vehicle may be recovered.

(2) Each county sheriff and each chief of police of a municipal corporation, township, **port authority**, or township or joint police district shall maintain a record of any vehicle removed from private property in the sheriff's or chief's jurisdiction that is established as a private tow-away zone of which the sheriff or chief has received notice under this section. The record shall include all information submitted by the towing service. The sheriff or chief shall provide any information in the record that pertains to a particular vehicle to a person who, either in person or pursuant to a telephone call, identifies self as the owner, operator, or lienholder of the vehicle and requests information pertaining to the vehicle.

(F)(1) When a vehicle is removed from private property in accordance with this section, within three business days of the removal, the towing service or storage facility from which the vehicle may be recovered shall cause a search to be made of the records of the bureau of motor vehicles to ascertain the identity of the owner and any lienholder of the motor vehicle. The registrar of motor vehicles shall ensure that such information is provided in a timely manner. **Subject to division (F)(4) of this**
the towing service or storage facility shall send notice to the vehicle owner and any known lienholder as follows:

(a) Within five business days after the registrar of motor vehicles provides the identity of the owner and any lienholder of the motor vehicle, if the vehicle remains unclaimed, to the owner's and lienholder's last known address by certified or express mail with return receipt requested or by a commercial carrier service utilizing any form of delivery requiring a signed receipt;

(b) If the vehicle remains unclaimed thirty days after the first notice is sent, in the manner required under division (F)(1)(a) of this section;

(c) If the vehicle remains unclaimed forty-five days after the first notice is sent, in the manner required under division (F)(1)(a) of this section.

(2) Sixty days after any the notice sent pursuant to division (F)(1) of this section is received, as evidenced by a receipt signed by any person, or the towing service or storage facility has been notified that delivery was not possible, the towing service or storage facility, if authorized under division (B) of section 4505.101 of the Revised Code, may initiate the process for obtaining a certificate of title to the motor vehicle as provided in that section.

(3) A towing service or storage facility that does not receive a signed receipt of notice, or a notification that delivery was not possible, shall not obtain, and shall not attempt to obtain, a certificate of title to the motor vehicle under division (B) of section 4505.101 of the Revised Code.

(4) With respect to a vehicle concerning which a towing service or storage facility is not eligible to obtain title under section 4505.101 of the Revised Code, the towing service or
storage facility need only comply with the initial notice required under division (F)(1)(a) of this section.

(G)(1) The owner or lienholder of a vehicle that is removed under division (B) of this section may reclaim it upon both of the following:

(a) Presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle, or a lease agreement;

(b) Payment of the following fees:

(i) All applicable fees established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under division (F)(1)(a) of this section;

(ii) If notice has been sent to the owner and lienholder as described in division (F) of this section, a processing fee of twenty-five dollars.

(2) A towing service or storage facility in possession of a vehicle that is removed under authority of division (B) of this section shall show the vehicle owner, operator, or lienholder who contests the removal of the vehicle all photographs taken under division (D) of this section. Upon request, the towing service or storage facility shall provide a copy of all photographs in the medium in which the photographs are stored, whether paper, electronic, or otherwise.

(3) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed,
the owner may be able to file a civil action under section 4513.611 of the Revised Code.

(4) Upon presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle, or a lease agreement, the owner of a vehicle that is removed under authority of division (B) of this section may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. The owner of the vehicle shall not retrieve any personal items from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability. For purposes of division (G)(4) of this section, "personal items" do not include any items that are attached to the vehicle.

(H) No person shall remove, or cause the removal of, any vehicle from private property that is established as a private tow-away zone under this section or store such a vehicle other than in accordance with this section, or otherwise fail to comply with any applicable requirement of this section.

(I) This section does not affect or limit the operation of section 4513.60 or sections 4513.61 to 4613.65 of the Revised Code as they relate to property other than private property that is established as a private tow-away zone under division (A) of this section.

(J) Whoever violates division (H) of this section is guilty of a minor misdemeanor.

(K) As used in this section, "owner of a private property" or "owner of the private property" includes, with respect to a private property, any of the following:

(1) Any person who holds title to the property;

(2) Any person who is a lessee or sublessee with respect to a lease or sublease agreement for the property;
(3) A person who is authorized to manage the property;

(4) A duly authorized agent of any person listed in divisions (K)(1) to (3) of this section.

**Sec. 4513.61.** (A) The sheriff of a county or chief of police of a municipal corporation, township, port authority, or township or joint police district, within the sheriff's or chief's respective territorial jurisdiction, or a state highway patrol trooper, upon notification to the sheriff or chief of police of such action and of the location of the place of storage, may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in section 4513.63 of the Revised Code, that:

(1) Has come into the possession of the sheriff, chief of police, or state highway patrol trooper as a result of the performance of the sheriff's, chief's, or trooper's duties; or

(2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the sheriff or chief of police of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:

(a) The vehicle was involved in an accident and is subject to section 4513.66 of the Revised Code;

(b) The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the sheriff, chief of police, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the sheriff, chief of police, or state highway patrol trooper. If the sheriff,
chief of police, or state highway patrol trooper determines that
the vehicle cannot be removed within the specified period of time,
the sheriff, chief of police, or state highway patrol trooper
shall order the removal of the vehicle.

Subject to division (C) of this section, the sheriff or chief
of police shall designate the place of storage of any motor
vehicle so ordered removed.

(B) If the sheriff, chief of police, or a state highway
patrol trooper issues an order under division (A) of this section
and arranges for the removal of a motor vehicle by a towing
service, the towing service shall deliver the motor vehicle to the
location designated by the sheriff or chief of police not more
than two hours after the time it is removed.

(C)(1) The sheriff or chief of police shall cause a search to
be made of the records of the bureau of motor vehicles to
ascertain the identity of the owner and any lienholder of a motor
vehicle ordered into storage by the sheriff or chief of police, or
by a state highway patrol trooper within five business days of the
removal of the vehicle. Upon obtaining such identity, the sheriff
or chief of police shall send or cause to be sent to the owner or
lienholder at the owner's or lienholder's last known address by
certified mail with return receipt requested, notice that informs
the owner or lienholder that the motor vehicle will be declared a
nuisance and disposed of if not claimed within ten days of the
date of mailing of the notice.

(2) The owner or lienholder of the motor vehicle may reclaim
the motor vehicle upon payment of any expenses or charges incurred
in its removal and storage, and presentation of proof of
ownership, which may be evidenced by a certificate of title or
memorandum certificate of title to the motor vehicle, a
certificate of registration for the motor vehicle, or a lease
agreement. Upon presentation of proof of ownership evidenced as
provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the public utilities commission in rules adopted under section 4921.25 of the Revised Code if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of section 4513.69 of the Revised Code, if applicable. However, the owner shall not do either of the following:

(a) Retrieve any personal item that has been determined by the sheriff, chief of police, or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;

(b) Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.

For purposes of division (C)(2) of this section, "personal items" do not include any items that are attached to the vehicle.

(3) If the owner or lienholder of the motor vehicle reclaims it after a search of the records of the bureau has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the place of storage, and the notice was sent to the motor vehicle owner by the place of storage, the owner or lienholder shall pay to the place of storage a processing fee of twenty-five dollars, in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(D) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of mailing of the notice, and if the vehicle is to be disposed of at public auction as provided in section 4513.62 of the Revised Code, the sheriff or chief of
police, without charge to any party, shall file with the clerk of courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the sheriff or chief of police. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in section 4513.62 of the Revised Code, the sheriff or chief of police shall execute in triplicate an affidavit, as prescribed by the registrar of motor vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The sheriff or chief of police shall retain the original of the affidavit for the sheriff's or chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the clerk of courts, within thirty days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.

(E) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the clerk of courts.

(F) No towing service or storage facility shall fail to comply with this section.

Sec. 4513.611. (A) As used in this section:

(1) "Minor violation" means any of the following:
(a) Failure to deliver a vehicle to the designated location within two hours after removal, unless the towing service was unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that was not within the power of the towing service, as required under division (A)(2) of section 4513.60 or division (D)(2) of section 4513.601 of the Revised Code;

(b) Failure to provide a receipt as required under division (B) of section 4513.60 or division (C) of section 4513.601 of the Revised Code;

(c) Failure to take a towed vehicle to a location that meets the requirements of division (A)(2) of section 4513.601 of the Revised Code as required under that division;

(d) Failure to comply with any photograph-related requirement established under division (D)(1) or (G)(2) of section 4513.601 of the Revised Code. If a court determines that a towing service or storage facility committed more than one violation of divisions (D)(1) and (G)(2) of section 4513.601 of the Revised Code with regard to the same transaction, the court shall find the towing service or storage facility liable for only one minor violation under this section.

(e) Failure to send notice to the owner and any lienholder as required under division (F)(1)(a) of section 4513.601 of the Revised Code;

(f) Failure to provide an estimate as required under section 4513.68 of the Revised Code, containing the information required under that section;

(g) Charging a fee that does not comply with division (C) of section 4513.68 of the Revised Code if the towing service fee is required to be reduced under that division;

(h) Failure to post a notice pertaining to fee limitations as
required under division (D) of section 4513.68 of the Revised Code.

(2) "Major violation" means any of the following:

(a) Failure to give the owner of a vehicle, who arrives after the owner's vehicle has been prepared for removal but prior to its actual removal, notification that the owner may pay a fee of not more than one-half of the fee for the removal of the vehicle for the immediate release of the vehicle as required under division (B) of section 4513.60 or division (C) of section 4513.601 of the Revised Code;

(b) Failure to release a vehicle upon payment of not more than one-half of the fee for the removal of the vehicle as permitted under division (B) of section 4513.60 or division (C) of section 4513.601 of the Revised Code;

(c) Refusal to allow a vehicle owner to reclaim the owner's vehicle upon payment of the applicable fees established by the public utilities commission and presentation of proof of ownership as permitted under division (D)(1) of section 4513.60 or division (G)(1) of section 4513.601 of the Revised Code;

(d) Refusal to allow a vehicle owner to retrieve personal items from the owner's vehicle under circumstances in which the owner is permitted to retrieve personal items under division (D)(2) of section 4513.60 or division (G)(4) of section 4513.601 of the Revised Code;

(e) Failure to provide notice to the appropriate law enforcement agency within two hours of removing a vehicle as required under division (E)(1) of section 4513.601 of the Revised Code;

(f) Failure to send notice that a vehicle has been towed to the vehicle owner and any known lienholder within thirty days of removal of the vehicle from a private tow-away zone under section
4513.601 of the Revised Code. If a court determines that a towing service or storage facility committed a violation specified in division (A)(2)(f) of this section and a violation of division (A)(1)(e) of this section with regard to the same transaction, the court shall find the towing service or storage facility liable for only the major violation;

(g) Failure to visibly display the certificate of public convenience and necessity number as required under division (B)(1) of section 4513.67 of the Revised Code.

(B)(1) A vehicle owner may bring a civil action in a court of competent jurisdiction against a towing service or storage facility that commits a major or minor violation.

(2) If a court determines that the towing service or storage facility committed a minor violation, the court shall award the vehicle owner the following:

(a) If the towing service or storage facility has not committed a prior minor violation within one year of the minor violation for which the court has determined the towing service or storage facility is liable, one hundred fifty dollars.

(b) If the towing service or storage facility has committed one prior minor violation within one year of the minor violation for which the court has determined the towing service or storage facility is liable, three hundred fifty dollars.

(c) If the towing service or storage facility has committed two prior minor violations within one year of the minor violation for which the court has determined the towing service or storage facility is liable, the violation constitutes a major violation and division (B)(3) of this section applies.

(d) If the towing service or storage facility has committed three prior minor violations within one year of the minor violation for which the court has determined the towing service or
storage facility is liable, one thousand five hundred dollars.

(e) If the towing service or storage facility has committed four prior minor violations within one year of the minor violation for which the court has determined the towing service or storage facility is liable, two thousand dollars.

(f) If the towing service or storage facility has committed five prior minor violations within one year of the minor violation for which the court has determined the towing service or storage facility is liable, the violation constitutes a major violation and division (B)(3) of this section applies.

(g) If the towing service or storage facility has committed six or seven prior minor violations within one year of the minor violation for which the court has determined the towing service or storage facility is liable, two thousand five hundred dollars.

(h) If the towing service or storage facility has committed eight prior minor violations within one year of the minor violation for which the court has determined the towing service or storage facility is liable, the violation constitutes a major violation and division (B)(3) of this section applies.

(3) If a court determines that the towing service or storage facility committed a major violation, the court shall award the vehicle owner the following:

(a) If the towing service or storage facility has not committed any prior major violations within one year of the major violation for which the court has determined the towing service or storage facility is liable, one thousand dollars;

(b) If the towing service or storage facility has committed one prior major violation within one year of the major violation for which the court has determined the towing service or storage facility is liable, two thousand five hundred dollars;
(c) If the towing service or storage facility has committed two prior major violations within one year of the major violation for which the court has determined the towing service or storage facility is liable, three thousand five hundred dollars. In addition, the court shall order the public utilities commission to revoke the towing service's or storage facility's certificate of public convenience and necessity for six months. The commission shall comply with the order.

Upon expiration of the six-month revocation under division (B)(3)(c) of this section, a court shall not consider any violation committed by the towing service or storage facility prior to the revocation for purposes of a civil action initiated after the expiration of the six-month revocation.

(4) If a vehicle owner brings a civil action against a towing service or storage facility that alleges multiple minor or major violations, the court shall award, with regard to each violation for which the towing service or storage facility is determined to be liable, a civil penalty as required under division (B)(2) or (3) of this section. The court shall consider each violation as a separate violation for purposes of determining how many violations the towing service or storage facility has committed within one year.

(5) In determining if a towing service or storage facility has committed prior minor or major violations within the applicable one-year period, a court shall consider only violations that have been determined by a court of competent jurisdiction to have been committed by the towing service or storage facility.

(C) In addition to an award made under division (B) of this section, if a court determines that a towing service or storage facility committed a violation that caused actual damages, the court shall award the vehicle owner three times the actual damages and reasonable attorney's fees.
(D) A court that issues a judgment under this section against a towing service or storage facility shall send a copy of that judgment to the public utilities commission. The commission shall provide a copy of the judgment upon request.

Sec. 4513.62. Unclaimed motor vehicles ordered into storage pursuant to division (A)(1) of section 4513.60 or section 4513.61 of the Revised Code shall be disposed of at the order of the sheriff of the county or the chief of police of the municipal corporation, township, port authority, or township or joint police district to a motor vehicle salvage dealer or scrap metal processing facility as defined in section 4737.05 of the Revised Code, or to any other facility owned by or under contract with the county, municipal corporation, port authority, or township, for the disposal of such motor vehicles, or shall be sold by the sheriff, chief of police, or licensed auctioneer at public auction, after giving notice thereof by advertisement, published once a week for two successive weeks in a newspaper of general circulation in the county or as provided in section 7.16 of the Revised Code. Any moneys accruing from the disposition of an unclaimed motor vehicle that are in excess of the expenses resulting from the removal and storage of the vehicle shall be credited to the general fund of the county, municipal corporation, port authority, township, or joint police district, as the case may be.

Sec. 4513.63. "Abandoned junk motor vehicle" means any motor vehicle meeting all of the following requirements:

(A) Left on private property for forty-eight hours or longer without the permission of the person having the right to the possession of the property, on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right-of-way of any road or highway, for
forty-eight hours or longer;

(B) Three years old, or older;

(C) Extensively damaged, such damage including but not limited to any of the following: missing wheels, tires, motor, or transmission;

(D) Apparently inoperable;

(E) Having a fair market value of one thousand five hundred dollars or less.

The sheriff of a county or chief of police of a municipal corporation, township, port authority, or township or joint police district, within the sheriff's or chief's respective territorial jurisdiction, or a state highway patrol trooper, upon notification to the sheriff or chief of police of such action, shall order any abandoned junk motor vehicle to be photographed by a law enforcement officer. The officer shall record the make of motor vehicle, the serial number when available, and shall also detail the damage or missing equipment to substantiate the value of one thousand five hundred dollars or less. The sheriff or chief of police shall thereupon immediately dispose of the abandoned junk motor vehicle to a motor vehicle salvage dealer as defined in section 4738.01 of the Revised Code or a scrap metal processing facility as defined in section 4737.05 of the Revised Code which is under contract to the county, township, port authority, or municipal corporation, or to any other facility owned by or under contract with the county, township, port authority, or municipal corporation for the destruction of such motor vehicles. The records and photograph relating to the abandoned junk motor vehicle shall be retained by the law enforcement agency ordering the disposition of such vehicle for a period of at least two years. The law enforcement agency shall execute in quadruplicate an affidavit, as prescribed by the registrar of motor vehicles,
describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with, and, within thirty days of disposing of the vehicle, shall sign and file the affidavit with the clerk of courts of the county in which the motor vehicle was abandoned. The clerk of courts shall retain the original of the affidavit for the clerk's files, shall furnish one copy thereof to the registrar, one copy to the motor vehicle salvage dealer or other facility handling the disposal of the vehicle, and one copy to the law enforcement agency ordering the disposal, who shall file such copy with the records and photograph relating to the disposal. Any moneys arising from the disposal of an abandoned junk motor vehicle shall be deposited in the general fund of the county, township, or the municipal corporation, as the case may be.

Notwithstanding section 4513.61 of the Revised Code, any motor vehicle meeting the requirements of divisions (C), (D), and (E) of this section which has remained unclaimed by the owner or lienholder for a period of ten days or longer following notification as provided in section 4513.61 of the Revised Code may be disposed of as provided in this section.

**Sec. 4513.64.** (A) No person shall willfully leave an abandoned junk motor vehicle as defined in section 4513.63 of the Revised Code on private property for more than seventy-two hours without the permission of the person having the right to the possession of the property, or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the sheriff of the county or chief of police of the municipal corporation, township, port authority, or township or joint police district of the reasons for leaving the motor vehicle in such place.
For purposes of this section, the fact that a motor vehicle has been so left without permission or notification is prima-facie evidence of abandonment.

Nothing contained in sections 4513.60, 4513.61, and 4513.63 of the Revised Code shall invalidate the provisions of municipal ordinances or township resolutions regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property, or private property within municipal corporations or townships.

(B) Whoever violates this section is guilty of a minor misdemeanor and shall also be assessed any costs incurred by the county, township, joint police district, port authority, or municipal corporation in disposing of the abandoned junk motor vehicle that is the basis of the violation, less any money accruing to the county, township, joint police district, port authority, or municipal corporation from this disposal of the vehicle.

Sec. 4513.65. (A) For purposes of this section, "junk motor vehicle" means any motor vehicle meeting the requirements of divisions (B), (C), (D), and (E) of section 4513.63 of the Revised Code that is left uncovered in the open on private property for more than seventy-two hours with the permission of the person having the right to the possession of the property, except if the person is operating a junk yard or scrap metal processing facility licensed under authority of sections 4737.05 to 4737.12 of the Revised Code, or regulated under authority of a political subdivision; or if the property on which the motor vehicle is left is not subject to licensure or regulation by any governmental authority, unless the person having the right to the possession of the property can establish that the motor vehicle is part of a bona fide commercial operation; or if the motor vehicle is a
collector's vehicle.

No political subdivision shall prevent a person from storing or keeping, or restrict a person in the method of storing or keeping, any collector's vehicle on private property with the permission of the person having the right to the possession of the property; except that a political subdivision may require a person having such permission to conceal, by means of buildings, fences, vegetation, terrain, or other suitable obstruction, any unlicensed collector's vehicle stored in the open.

The sheriff of a county, or chief of police of a municipal corporation or port authority, within the sheriff's or chief's respective territorial jurisdiction, a state highway patrol trooper, a board of township trustees, the legislative authority of a municipal corporation or port authority, or the zoning authority of a township or a municipal corporation, may send notice, by certified mail with return receipt requested, to the person having the right to the possession of the property on which a junk motor vehicle is left, that within ten days of receipt of the notice, the junk motor vehicle either shall be covered by being housed in a garage or other suitable structure, or shall be removed from the property.

No person shall willfully leave a junk motor vehicle uncovered in the open for more than ten days after receipt of a notice as provided in this section. The fact that a junk motor vehicle is so left is prima-facie evidence of willful failure to comply with the notice, and each subsequent period of thirty days that a junk motor vehicle continues to be so left constitutes a separate offense.

(B) Whoever violates this section is guilty of a minor misdemeanor.
Sec. 4513.66. (A) If a motor vehicle accident occurs on any highway, public street, or other property open to the public for purposes of vehicular travel and if any motor vehicle, cargo, or personal property that has been damaged or spilled as a result of the motor vehicle accident is blocking the highway, street, or other property or is otherwise endangering public safety, a public safety official may do either of the following without the consent of the owner but with the approval of the law enforcement agency conducting any investigation of the accident:

(1) Remove, or order the removal of, the motor vehicle if the motor vehicle is unoccupied, cargo, or personal property from the portion of the highway, public street, or property ordinarily used for vehicular travel on the highway, public street, or other property open to the public for purposes of vehicular travel.

(2) If the motor vehicle is a commercial motor vehicle, allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the public safety official. If the public safety official determines that the motor vehicle cannot be removed within the specified period of time, the public safety official shall remove or order the removal of the motor vehicle.

(B)(1) Except as provided in division (B)(2) of this section, the department of transportation, any employee of the department of transportation, or a public safety official who authorizes or participates in the removal of any unoccupied motor vehicle, cargo, or personal property as authorized by division (A) of this section, regardless of whether the removal is executed by a private towing service, is not liable for civil damages for any injury, death, or loss to person or property that results from the removal of that unoccupied motor vehicle, cargo, or personal property. Further, except as provided in division (B)(2) of this
section, if a public safety official authorizes, employs, or arranges to have a private towing service remove any unoccupied motor vehicle, cargo, or personal property as authorized by division (A) of this section, that private towing service is not liable for civil damages for any injury, death, or loss to person or property that results from the removal of that unoccupied motor vehicle, cargo, or personal property.

(2) Division (B)(1) of this section does not apply to any of the following:

(a) Any person or entity involved in the removal of an unoccupied motor vehicle, cargo, or personal property pursuant to division (A) of this section if that removal causes or contributes to the release of a hazardous material or to structural damage to the roadway;

(b) A private towing service that was not authorized, employed, or arranged by a public safety official to remove an unoccupied motor vehicle, cargo, or personal property under this section;

(c) Except as provided in division (B)(2)(d) of this section, a private towing service that was authorized, employed, or arranged by a public safety official to perform the removal of the unoccupied motor vehicle, cargo, or personal property but the private towing service performed the removal in a negligent manner;

(d) A private towing service that was authorized, employed, or arranged by a public safety official to perform the removal of the unoccupied motor vehicle, cargo, or personal property that was endangering public safety but the private towing service performed the removal in a reckless manner.

(C) As used in this section:

(1) "Public safety official" means any of the following:
(a) The sheriff of the county, or the chief of police in the municipal corporation, township, port authority, or township or joint police district, in which the accident occurred;

(b) A state highway patrol trooper;

(c) The chief of the fire department having jurisdiction where the accident occurred;

(d) A duly authorized subordinate acting on behalf of an official specified in divisions (C)(1)(a) to (c) of this section.

(2) "Hazardous material" has the same meaning as in section 2305.232 of the Revised Code.

Sec. 4513.69. (A) A storage facility shall ensure that the facility remains open during both of the following periods of time to allow a vehicle owner or lienholder to retrieve a vehicle in the possession of the storage facility:

(1) Any time during which a towing service is towing a vehicle pursuant to section 4513.601 of the Revised Code and the vehicle will be held by the storage facility;

(2) Between nine o'clock in the morning and noon on the day after any day during which the storage facility accepted for storage a vehicle towed under section 4513.60, 4513.601, or 4513.61 of the Revised Code.

(B)(1) A storage facility that accepts for storage vehicles towed under section 4513.60, 4513.601, or 4513.61 of the Revised Code shall ensure that a notice is conspicuously posted at the entrance to the storage facility that states the telephone number at which the owner or lienholder of a vehicle may contact the owner or a representative of the storage facility for the purpose of determining whether the person may retrieve a vehicle or personal items when the storage facility is closed. The storage facility also shall provide that telephone number to the sheriff.
of a county or chief of police of a municipal corporation, township, port authority, or township or joint police district.

boundaries of the respective townships, as determined annually by 9739
the department of transportation, and the other fifty per cent of 9740

roads and highways within the township, paying principal,
interest, and charges on bonds and other obligations issued
pursuant to Chapter 133. or 505. of the Revised Code or incurred

shall be used for any purpose except to pay in whole or part the
contract price of any such work done by contract, or to pay the
cost of labor in planning, constructing, widening, and
reconstructing such roads and highways, and the cost of materials
forming a part of the improvement; provided that the funds may be
used for the purchase of road machinery and equipment, the
planning, construction, and maintenance of suitable buildings for

Sec. 5739.02. For the purpose of providing revenue with which to meet the needs of the state, for the use of the general revenue fund of the state, for the purpose of securing a thorough and efficient system of common schools throughout the state, for the purpose of affording revenues, in addition to those from general property taxes, permitted under constitutional limitations, and from other sources, for the support of local governmental functions, and for the purpose of reimbursing the state for the expense of administering this chapter, an excise tax is hereby levied on each retail sale made in this state.

(A)(1) The tax shall be collected as provided in section 5739.025 of the Revised Code. The rate of the tax shall be five and three-fourths per cent. The tax applies and is collectible when the sale is made, regardless of the time when the price is paid or delivered.

If the total amount of the consideration for the lease or rental includes amounts that are not calculated at the time the lease or rental is executed, the tax shall be calculated and collected by the vendor at the time such amounts are billed to the lessee or renter. The taxpayer shall bear the burden, by a preponderance of the evidence, that the transaction or series of transactions is not a sham transaction.

As used in division (B)(56) of this section, "related member" has the same meaning as in section 5733.042 of the Revised Code, and "temporary storage" means the storage of tangible personal property for a period of not more than sixty days.
(C) For the purpose of the proper administration of this chapter, and to prevent the evasion of the tax, it is presumed that all sales made in this state are subject to the tax until the contrary is established.

(D) The levy of this tax on retail sales of recreation and sports club service shall not prevent a municipal corporation from levying any tax on recreation and sports club dues or on any income generated by recreation and sports club dues.

(E) The tax collected by the vendor from the consumer under this chapter is not part of the price, but is a tax collection for the benefit of the state, and of counties levying an additional sales tax pursuant to section 5739.021 or 5739.026 of the Revised Code and of transit authorities levying an additional sales tax pursuant to section 5739.023 of the Revised Code. Except for the discount authorized under section 5739.12 of the Revised Code and the effects of any rounding pursuant to section 5703.055 of the Revised Code, no person other than the state or such a county or transit authority shall derive any benefit from the collection or payment of the tax levied by this section or section 5739.021, 5739.023, or 5739.026 of the Revised Code.

Sec. 5739.023. (A)(1) For the purpose of providing additional general revenues for a transit authority or funding a regional transportation improvement project under section 5595.06 of the Revised Code, or both funding public infrastructure projects as described in division (DD) of section 306.35 of the Revised Code, and to pay the expenses of administering such levy, any transit authority as defined in division (U) of section 5739.01 of the Revised Code may levy a tax upon every retail sale made in the territory of the transit authority, except sales of watercraft and outboard motors required to be titled pursuant to Chapter 1548. of the Revised Code and sales of motor vehicles, at a rate of not
more than one and one-half per cent and may increase the rate of an existing tax to not more than one and one-half per cent. The rate of any tax levied pursuant to this section shall be a multiple of one-fourth or one-tenth of one per cent. The tax shall be levied and the rate increased pursuant to a resolution of the legislative authority of the transit authority and a certified copy of the resolution shall be delivered by the fiscal officer to the board of elections as provided in section 3505.071 of the Revised Code and to the tax commissioner. The resolution shall specify the number of years for which the tax is to be in effect or that the tax is for a continuing period of time, the purpose or purposes of the levy, and the date of the election on the question of the tax pursuant to section 306.70 of the Revised Code. The board of elections shall certify the results of the election to the transit authority and tax commissioner.

A resolution adopted under this section may not specify that the sole purpose of the tax is to fund infrastructure projects as described in division (DD) of section 306.35 of the Revised Code; that purpose must be combined with the purpose of providing additional general revenues for the transit authority, funding a regional transportation improvement project under section 5595.06 of the Revised Code, or both. The resolution may specify the percentage of the proceeds of the tax that will be allocated among each of the purposes for which the tax is to be levied. If one of the purposes of the tax is to provide general revenue for the transit authority, the resolution may identify specific projects, functions, or other uses to which that general revenue will be allocated and the percentage of the tax proceeds to be allocated to each of those projects, functions, or other uses.

(2) Except as provided in division (C) of this section, the tax levied by the resolution shall become effective on the first day of a calendar quarter next following the sixty-fifth day
following the date the tax commissioner receives from the board of
elections the certification of the results of the election on the
question of the tax.

(B) The legislative authority may, at any time while the tax
is in effect, by resolution fix the rate of the tax at any rate
authorized by this section and not in excess of that approved by
the voters pursuant to section 306.70 of the Revised Code. Except
as provided in division (C) of this section, any change in the
rate of the tax shall be made effective on the first day of a
calendar quarter next following the sixty-fifth day following the
date the tax commissioner receives the certification of the
resolution; provided, that in any case where bonds, or notes in
anticipation of bonds, of a regional transit authority have been
issued under section 306.40 of the Revised Code without a vote of
the electors while the tax proposed to be reduced was in effect,
the board of trustees of the regional transit authority shall
continue to levy and collect under authority of the original
election authorizing the tax at a rate of tax that the board of
trustees reasonably estimates will produce an amount in that year
equal to the amount of principal of and interest on those bonds as
is payable in that year.

(C) Upon receipt from the board of elections of the
certification of the results of the election required by division
(A) of this section, or from the legislative authority of the
certification of a resolution under division (B) of this section,
the tax commissioner shall provide notice of a tax rate change in
a manner that is reasonably accessible to all affected vendors.
The commissioner shall provide this notice at least sixty days
prior to the effective date of the rate change. The commissioner,
by rule, may establish the method by which notice will be
provided.

(D) If a vendor makes a sale in this state by printed catalog
and the consumer computed the tax on the sale based on local rates published in the catalog, any tax levied or rate changed under this section shall not apply to such a sale until the first day of a calendar quarter following the expiration of one hundred twenty days from the date of notice by the tax commissioner pursuant to division (C) of this section.

(E) The tax on every retail sale subject to a tax levied pursuant to this section is in addition to the tax levied by section 5739.02 of the Revised Code and any tax levied pursuant to section 5739.021 or 5739.026 of the Revised Code.

(F) The additional tax levied by the transit authority shall be collected pursuant to section 5739.025 of the Revised Code.

(G) Any tax levied pursuant to this section is subject to the exemptions provided in section 5739.02 of the Revised Code and in addition shall not be applicable to sales not within the taxing power of a transit authority under the constitution of the United States or the constitution of this state.

(H) The rate of a tax levied under this section is subject to reduction under section 5739.028 of the Revised Code, if a ballot question is approved by voters pursuant to that section.

Sec. 5747.502. (A) As used in this section:

(1) "Local authority" and "traffic law photo-monitoring device" have the same meanings as in section 4511.092 of the Revised Code.

(2) "School zone" has the same meaning as in section 4511.21 of the Revised Code.

(3) "Transportation district" means a territorial district established by the director of transportation under section 5501.14 of the Revised Code.

(4) "District deputy director" means the person appointed and
assigned by the director of transportation under section 5501.14 of the Revised Code to administer the activities of a transportation district.

(B) Annually, on or before the thirty-first day of July, any local authority that operated, directly or indirectly, a traffic law photo-monitoring device during the preceding fiscal year shall file a report with the tax commissioner that includes a detailed statement of the civil fines the local authority has collected from drivers for any violation of any local ordinance or resolution during that period that are based upon evidence recorded by a traffic law photo-monitoring device. The report shall enumerate the gross amount of all such fines that have been collected and the gross amount of such fines that have been collected for violations that occurred within a school zone. For the purposes of divisions (B) and (C) of this section, the gross amount of such fines includes the entire amount paid by the driver.

(C) Upon receipt of a report filed pursuant to division (B) of this section, the commissioner shall do the following, as applicable:

(1) If the local authority is a municipal corporation, reduce the amount of each of the next twelve payments to the municipal corporation under division (C) of section 5747.50 of the Revised Code by an amount equal to one-twelfth of the gross amount of all fines indicated on the report. If the fines exceed the amount of money the municipal corporation would otherwise receive under division (C) of section 5747.50 of the Revised Code, the commissioner also shall reduce each of the next twelve payments to the appropriate county undivided local government fund under division (B) of section 5747.50 of the Revised Code by an amount equal to one-twelfth of the excess and notify the county auditor and county treasurer of that county that each of the next twelve
payments the municipal corporation receives under section 5747.51 or 5747.53 of the Revised Code shall be reduced by one-twelfth of the excess.

(2) If the local authority is not a municipal corporation, reduce payments to the appropriate county undivided local government fund under division (B) of section 5747.50 of the Revised Code by an amount equal to one-twelfth of the gross amount of all fines indicated on the report and immediately notify the county auditor and county treasurer of that county that each of the next twelve payments the local authority receives under section 5747.51 or 5747.53 of the Revised Code shall be reduced by one-twelfth of the gross amount of all fines indicated on the report.

(3) If one or more payments to the local authority has been withheld under division (D) of this section because of failure to timely file the report, notify the county auditor and county treasurer of the appropriate county that the report has been received and that, subject to divisions (C)(1) and (2) of this section, payments to the local authority from the undivided local government fund are to resume. Subject to divisions (C)(1) and (2) of this section, a county treasurer receiving notice under this section shall provide for payments to the local authority from the county undivided local government fund beginning with the next required payment.

(4) On or before the tenth day of each of the next twelve months, make a payment to the local authority in an amount equal to one-twelfth of the gross amount of civil fines collected from drivers for violations of local ordinances or resolutions that occurred within a school zone and are based upon evidence recorded by a traffic law photo-monitoring device, as indicated on the report. Payments received by a local authority under this division shall be used by the local authority for school safety purposes.
Upon discovery, based on information in the commissioner's possession, that a local authority required to file a report under division (B) of this section has failed to do so, the commissioner shall do the following, as applicable:

1. If the local authority is a municipal corporation, cease providing for payments to the municipal corporation under section 5747.50 of the Revised Code beginning with the next required payment and until such time as the report is received by the commissioner;

2. For any local authority, reduce payments to the appropriate county undivided local government fund under division (B) of section 5747.50 of the Revised Code by an amount equal to the amount of such payments the local authority would otherwise receive under section 5747.51 or 5747.53 of the Revised Code, beginning with the next required payment and until such time as the report is received by the commissioner;

3. For any local authority, notify the county auditor and county treasurer that such payments are to cease until the commissioner notifies the auditor and treasurer under division (C)(3) of this section that the payments are to resume.

(E) A county treasurer that receives a notice from the commissioner under division (C)(1), (2), (3), or (D)(3) of this section shall reduce, cease, or resume payments from the undivided local government fund to the local authority that is the subject of the notice as specified by the commissioner in the notice. Unless otherwise specified in the notice, the payments shall be reduced, ceased, or resumed beginning with the next required payment.

(F) There is hereby created in the state treasury the Ohio highway and transportation safety fund. On or before the tenth day of each month, the commissioner shall deposit in the fund an
amount equal to the total amount by which payments to local authorities were reduced or ceased under division (C) or (D) of this section minus the total amount of payments made under division (C)(4) of this section. The amount deposited with respect to a local authority shall be credited to an account to be created in the fund for the transportation district in which that local authority is located. If the local authority is located within more than one transportation district, the amount credited to the account of each such transportation district shall be prorated on the basis of the number of centerline miles of public roads and highways in both the local authority and the respective districts. Amounts credited to a transportation district's account shall be used by the department of transportation and the district deputy director exclusively to enhance public safety on public roads and highways within that transportation district.

Sec. 5747.51. (A) On or before the twenty-fifth day of July of each year, the tax commissioner shall make and certify to the county auditor of each county an estimate of the amount of the local government fund to be allocated to the undivided local government fund of each county for the ensuing calendar year, adjusting the total as required to account for subdivisions receiving local government funds under section 5747.502 of the Revised Code.

(B) At each annual regular session of the county budget commission convened pursuant to section 5705.27 of the Revised Code, each auditor shall present to the commission the certificate of the commissioner, the annual tax budget and estimates, and the records showing the action of the commission in its last preceding regular session. The commission, after extending to the representatives of each subdivision an opportunity to be heard, under oath administered by any member of the commission, and considering all the facts and information presented to it by the
auditor, shall determine the amount of the undivided local
government fund needed by and to be apportioned to each
subdivision for current operating expenses, as shown in the tax
budget of the subdivision. This determination shall be made
pursuant to divisions (C) to (I) of this section, unless the
commission has provided for a formula pursuant to section 5747.53
of the Revised Code. The commissioner shall reduce or increase the
amount of funds from the undivided local government fund to a
subdivision required to receive reduced or increased funds under
section 5747.502 of the Revised Code.

Nothing in this section prevents the budget commission, for
the purpose of apportioning the undivided local government fund,
from inquiring into the claimed needs of any subdivision as stated
in its tax budget, or from adjusting claimed needs to reflect
actual needs. For the purposes of this section, "current operating
expenses" means the lawful expenditures of a subdivision, except
those for permanent improvements and except payments for interest,
sinking fund, and retirement of bonds, notes, and certificates of
indebtedness of the subdivision.

(C) The commission shall determine the combined total of the
estimated expenditures, including transfers, from the general fund
and any special funds other than special funds established for
road and bridge; street construction, maintenance, and repair;
state highway improvement; and gas, water, sewer, and electric
public utilities operated by a subdivision, as shown in the
subdivision's tax budget for the ensuing calendar year.

(D) From the combined total of expenditures calculated
pursuant to division (C) of this section, the commission shall
deduct the following expenditures, if included in these funds in
the tax budget:

(1) Expenditures for permanent improvements as defined in
division (E) of section 5705.01 of the Revised Code;
(2) In the case of counties and townships, transfers to the road and bridge fund, and in the case of municipalities, transfers to the street construction, maintenance, and repair fund and the state highway improvement fund;

(3) Expenditures for the payment of debt charges;

(4) Expenditures for the payment of judgments.

(E) In addition to the deductions made pursuant to division (D) of this section, revenues accruing to the general fund and any special fund considered under division (C) of this section from the following sources shall be deducted from the combined total of expenditures calculated pursuant to division (C) of this section:

(1) Taxes levied within the ten-mill limitation, as defined in section 5705.02 of the Revised Code;

(2) The budget commission allocation of estimated county public library fund revenues to be distributed pursuant to section 5747.48 of the Revised Code;

(3) Estimated unencumbered balances as shown on the tax budget as of the thirty-first day of December of the current year in the general fund, but not any estimated balance in any special fund considered in division (C) of this section;

(4) Revenue, including transfers, shown in the general fund and any special funds other than special funds established for road and bridge; street construction, maintenance, and repair; state highway improvement; and gas, water, sewer, and electric public utilities, from all other sources except those that a subdivision receives from an additional tax or service charge voted by its electorate or receives from special assessment or revenue bond collection. For the purposes of this division, where the charter of a municipal corporation prohibits the levy of an income tax, an income tax levied by the legislative authority of such municipal corporation pursuant to an amendment of the charter
of that municipal corporation to authorize such a levy represents an additional tax voted by the electorate of that municipal corporation. For the purposes of this division, any measure adopted by a board of county commissioners pursuant to section 322.02, 4504.02, or 5739.021 of the Revised Code, including those measures upheld by the electorate in a referendum conducted pursuant to section 322.021, 4504.021, or 5739.022 of the Revised Code, shall not be considered an additional tax voted by the electorate.

Subject to division (G) of section 5705.29 of the Revised Code, money in a reserve balance account established by a county, township, or municipal corporation under section 5705.13 of the Revised Code shall not be considered an unencumbered balance or revenue under division (E)(3) or (4) of this section. Money in a reserve balance account established by a township under section 5705.132 of the Revised Code shall not be considered an unencumbered balance or revenue under division (E)(3) or (4) of this section.

If a county, township, or municipal corporation has created and maintains a nonexpendable trust fund under section 5705.131 of the Revised Code, the principal of the fund, and any additions to the principal arising from sources other than the reinvestment of investment earnings arising from such a fund, shall not be considered an unencumbered balance or revenue under division (E)(3) or (4) of this section. Only investment earnings arising from investment of the principal or investment of such additions to principal may be considered an unencumbered balance or revenue under those divisions.

(F) The total expenditures calculated pursuant to division (C) of this section, less the deductions authorized in divisions (D) and (E) of this section, shall be known as the "relative need" of the subdivision, for the purposes of this section.
(G) The budget commission shall total the relative need of all participating subdivisions in the county, and shall compute a relative need factor by dividing the total estimate of the undivided local government fund by the total relative need of all participating subdivisions.

(H) The relative need of each subdivision shall be multiplied by the relative need factor to determine the proportionate share of the subdivision in the undivided local government fund of the county; provided, that the maximum proportionate share of a county shall not exceed the following maximum percentages of the total estimate of the undivided local government fund governed by the relationship of the percentage of the population of the county that resides within municipal corporations within the county to the total population of the county as reported in the reports on population in Ohio by the department of development as of the twentieth day of July of the year in which the tax budget is filed with the budget commission:

<th>Percentage share of the county shall not exceed:</th>

<tr>
<td>Forty-one per cent or more but less than eighty-one per cent</td>
<td>Fifty per cent</td>

<td>Thirty per cent</td>

Where the proportionate share of the county exceeds the limitations established in this division, the budget commission shall adjust the proportionate shares determined pursuant to this division so that the proportionate share of the county does not exceed these limitations, and it shall increase the proportionate shares of all other subdivisions on a pro rata basis. In counties having a population of less than one hundred thousand, not less than ten per cent shall be distributed to the townships therein.
(I) The proportionate share of each subdivision in the undivided local government fund determined pursuant to division (H) of this section for any calendar year shall not be less than the product of the average of the percentages of the undivided local government fund of the county as apportioned to that subdivision for the calendar years 1968, 1969, and 1970, multiplied by the total amount of the undivided local government fund of the county apportioned pursuant to former section 5735.23 of the Revised Code for the calendar year 1970. For the purposes of this division, the total apportioned amount for the calendar year 1970 shall be the amount actually allocated to the county in 1970 from the state collected intangible tax as levied by section 5707.03 of the Revised Code and distributed pursuant to section 5725.24 of the Revised Code, plus the amount received by the county in the calendar year 1970 pursuant to division (B)(1) of former section 5739.21 of the Revised Code, and distributed pursuant to former section 5739.22 of the Revised Code. If the total amount of the undivided local government fund for any calendar year is less than the amount of the undivided local government fund apportioned pursuant to former section 5739.23 of the Revised Code for the calendar year 1970, the minimum amount guaranteed to each subdivision for that calendar year pursuant to this division shall be reduced on a basis proportionate to the amount by which the amount of the undivided local government fund for that calendar year is less than the amount of the undivided local government fund apportioned for the calendar year 1970.

(J) On the basis of such apportionment, the county auditor shall compute the percentage share of each such subdivision in the undivided local government fund and shall at the same time certify to the tax commissioner the percentage share of the county as a subdivision. No payment shall be made from the undivided local government fund, except in accordance with such percentage shares.
Within ten days after the budget commission has made its apportionment, whether conducted pursuant to section 5747.51 or 5747.53 of the Revised Code, the auditor shall publish a list of the subdivisions and the amount each is to receive from the undivided local government fund and the percentage share of each subdivision, in a newspaper or newspapers of countywide circulation, and send a copy of such allocation to the tax commissioner.

The county auditor shall also send a copy of such allocation by ordinary or electronic mail to the fiscal officer of each subdivision entitled to participate in the allocation of the undivided local government fund of the county. This copy shall constitute the official notice of the commission action referred to in section 5705.37 of the Revised Code.

All money received into the treasury of a subdivision from the undivided local government fund in a county treasury shall be paid into the general fund and used for the current operating expenses of the subdivision.

If a municipal corporation maintains a municipal university, such municipal university, when the board of trustees so requests the legislative authority of the municipal corporation, shall participate in the money apportioned to such municipal corporation from the total local government fund, however created and constituted, in such amount as requested by the board of trustees, provided such sum does not exceed nine per cent of the total amount paid to the municipal corporation.

If any public official fails to maintain the records required by sections 5747.50 to 5747.55 of the Revised Code or by the rules issued by the tax commissioner, the auditor of state, or the treasurer of state pursuant to such sections, or fails to comply with any law relating to the enforcement of such sections, the local government fund money allocated to the county may be

Sec. 5747.53. (A) As used in this section:

(1) "City, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population residing in the county; however, if the county budget commission on or before January 1, 1998, adopted an alternative method of apportionment that was approved by the legislative authority of the city, located partially in the county, with the greatest population but not the greatest population residing in the county, "city, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population whether residing in the county or not, if this alternative meaning is adopted by action of the board of county commissioners and a majority of the boards of township trustees and legislative authorities of municipal corporations located wholly or partially in the county.

(2) "Participating political subdivision" means a municipal corporation or township that satisfies all of the following:

(a) It is located wholly or partially in the county.

(b) It is not the city, located wholly or partially in the county, with the greatest population.

(c) Undivided local government fund moneys are apportioned to it under the county's alternative method or formula of apportionment in the current calendar year.

(B) In lieu of the method of apportionment of the undivided local government fund of the county provided by section 5747.51 of the Revised Code, the county budget commission may provide for the apportionment of the fund under an alternative method or on a
formula basis as authorized by this section. The commissioner shall reduce or increase the amount of funds from the undivided local government fund to a subdivision required to receive reduced or increased funds under section 5747.502 of the Revised Code.

Except as otherwise provided in division (C) of this section, the alternative method of apportionment shall have first been approved by all of the following governmental units: the board of county commissioners; the legislative authority of the city, located wholly or partially in the county, with the greatest population; and a majority of the boards of township trustees and legislative authorities of municipal corporations, located wholly or partially in the county, excluding the legislative authority of the city, located wholly or partially in the county, with the greatest population. In granting or denying approval for an alternative method of apportionment, the board of county commissioners, boards of township trustees, and legislative authorities of municipal corporations shall act by motion. A motion to approve shall be passed upon a majority vote of the members of a board of county commissioners, board of township trustees, or legislative authority of a municipal corporation, shall take effect immediately, and need not be published.

Any alternative method of apportionment adopted and approved under this division may be revised, amended, or repealed in the same manner as it may be adopted and approved. If an alternative method of apportionment adopted and approved under this division is repealed, the undivided local government fund of the county shall be apportioned among the subdivisions eligible to participate in the fund, commencing in the ensuing calendar year, under the apportionment provided in section 5747.52 of the Revised Code, unless the repeal occurs by operation of division (C) of this section or a new method for apportionment of the fund is provided in the action of repeal.
(C) This division applies only in counties in which the city, located wholly or partially in the county, with the greatest population has a population of twenty thousand or less and a population that is less than fifteen per cent of the total population of the county. In such a county, the legislative authorities or boards of township trustees of two or more participating political subdivisions, which together have a population residing in the county that is a majority of the total population of the county, each may adopt a resolution to exclude the approval otherwise required of the legislative authority of the city, located wholly or partially in the county, with the greatest population. All of the resolutions to exclude that approval shall be adopted not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under an alternative method of apportionment.

A motion granting or denying approval of an alternative method of apportionment under this division shall be adopted by a majority vote of the members of the board of county commissioners and by a majority vote of a majority of the boards of township trustees and legislative authorities of the municipal corporations located wholly or partially in the county, other than the city, located wholly or partially in the county, with the greatest population, shall take effect immediately, and need not be published. The alternative method of apportionment under this division shall be adopted and approved annually, not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under it. A motion granting approval of an alternative method of apportionment under this division repeals any existing alternative method of apportionment, effective with distributions to be made from the fund in the ensuing calendar year. An alternative method of apportionment under this division shall not be revised or amended after the
first Monday of August of the year preceding the calendar year in
which distributions are to be made under it.

(D) In determining an alternative method of apportionment
authorized by this section, the county budget commission may
include in the method any factor considered to be appropriate and
reliable, in the sole discretion of the county budget commission.

(E) The limitations set forth in section 5747.51 of the
Revised Code, stating the maximum amount that the county may
receive from the undivided local government fund and the minimum
amount the townships in counties having a population of less than
one hundred thousand may receive from the fund, are applicable to
any alternative method of apportionment authorized under this
section.

(F) On the basis of any alternative method of apportionment
adopted and approved as authorized by this section, as certified
by the auditor to the county treasurer, the county treasurer shall
make distribution of the money in the undivided local government
fund to each subdivision eligible to participate in the fund, and
the auditor, when the amount of those shares is in the custody of
the treasurer in the amounts so computed to be due the respective
subdivisions, shall at the same time certify to the tax
commissioner the percentage share of the county as a subdivision.
All money received into the treasury of a subdivision from the
undivided local government fund in a county treasury shall be paid
into the general fund and used for the current operating expenses
of the subdivision. If a municipal corporation maintains a
municipal university, the university, when the board of trustees
so requests the legislative authority of the municipal
corporation, shall participate in the money apportioned to the
municipal corporation from the total local government fund,
however created and constituted, in the amount requested by the
board of trustees, provided that amount does not exceed nine per
cent of the total amount paid to the municipal corporation.

(G) The actions of the county budget commission taken pursuant to this section are final and may not be appealed to the board of tax appeals, except on the issues of abuse of discretion and failure to comply with the formula.

Sec. 5749.02. (A) For the purpose of providing revenue to administer the state's coal mining and reclamation regulatory program and oil and gas regulatory program, to meet the environmental and resource management needs of this state, to provide infrastructure funding for local governments, and to reclaim land affected by mining, an excise tax is hereby levied on the privilege of engaging in the severance of natural resources from the soil or water of this state. The tax shall be imposed upon the severer at the rates prescribed by this section:

(1) Ten cents per ton of coal;
(2) Four cents per ton of salt;
(3) Two cents per ton of limestone or dolomite;
(4) Two cents per ton of sand and gravel;
(5) Ten cents per barrel of oil;
(6) Two and one-half cents per thousand cubic feet of natural gas;
(7) One cent per ton of clay, sandstone or conglomerate, shale, gypsum, or quartzite;
(8) Except as otherwise provided in this division or in rules adopted by the reclamation forfeiture fund advisory board under section 1513.182 of the Revised Code, an additional fourteen cents per ton of coal produced from an area under a coal mining and reclamation permit issued under Chapter 1513. of the Revised Code for which the performance security is provided under division
(C)(2) of section 1513.08 of the Revised Code. Beginning July 1, 2007, if at the end of a fiscal biennium the balance of the reclamation forfeiture fund created in section 1513.18 of the Revised Code is equal to or greater than ten million dollars, the rate levied shall be twelve cents per ton. Beginning July 1, 2007, if at the end of a fiscal biennium the balance of the fund is at least five million dollars, but less than ten million dollars, the rate levied shall be fourteen cents per ton. Beginning July 1, 2007, if at the end of a fiscal biennium the balance of the fund is less than five million dollars, the rate levied shall be sixteen cents per ton. Beginning July 1, 2009, not later than thirty days after the close of a fiscal biennium, the chief of the division of mineral resources management shall certify to the tax commissioner the amount of the balance of the reclamation forfeiture fund as of the close of the fiscal biennium. Any necessary adjustment of the rate levied shall take effect on the first day of the following January and shall remain in effect during the calendar biennium that begins on that date.

(9) An additional one and two-tenths cents per ton of coal mined by surface mining methods.

(B) After the director of budget and management transfers money from the severance tax receipts fund as required in division (H) of section 5749.06 of the Revised Code, money remaining in the severance tax receipts fund, except for money in the fund from the amounts due under section 1509.50 of the Revised Code, shall be credited as follows:

(1) All of the moneys in the fund from the tax levied in division (A)(1) of this section shall be credited to the mining regulation and safety fund created in section 1513.30 of the Revised Code.

(2) The money in the fund from the tax levied in division (A)(2) of this section shall be credited to the mining regulation and safety fund created in section 1513.30 of the Revised Code.
and safety fund.

(3) Of the moneys in the fund from the tax levied in divisions (A)(3) and (4) of this section, seven and five-tenths per cent shall be credited to the geological mapping fund and the remainder shall be credited to the mining regulation and safety fund created in section 1513.30 of the Revised Code.

(4) Of the moneys in the fund from the tax levied in divisions (A)(5) and (6) of this section, ninety per cent shall be credited to the oil and gas well fund and ten per cent shall be credited to the geological mapping fund.

(5) All of the moneys in the fund from the tax levied in division (A)(7) of this section shall be credited to the mining regulation and safety fund.

(6) All of the moneys in the fund from the tax levied in division (A)(8) of this section shall be credited to the reclamation forfeiture fund.

(7) All of the moneys in the fund from the tax levied in division (A)(9) of this section shall be credited to the mining regulation and safety fund.

(C) When, at the close of any fiscal year, the chief finds that the balance of the reclamation forfeiture fund, plus the estimated revenues from the tax levied by division (A)(8) of this section for the remainder of the calendar year that includes the close of the fiscal year, are sufficient to complete the reclamation of all lands for which the performance security has been provided under division (C)(2) of section 1513.08 of the Revised Code, the purposes for which the tax under division (A)(8) of this section is levied shall be deemed accomplished at the end of that calendar year. The chief, within thirty days after the close of the fiscal year, shall certify those findings to the tax commissioner, and the tax levied under division (A)(8) of this
section shall cease to be imposed for the subsequent calendar year after the last day of that calendar year on coal produced under a coal mining and reclamation permit issued under Chapter 1513. of the Revised Code if the permittee has made tax payments under division (A)(8) of this section during each of the preceding five full calendar years. Not later than thirty days after the close of a fiscal year, the chief shall certify to the tax commissioner the identity of any permittees who accordingly no longer are required to pay the tax levied under division (A)(8) of this section for the subsequent calendar year.

These appropriations are the source of funds pledged for bond service charges on related obligations issued under Chapter 154. of the Revised Code.

Should the appropriation in appropriation item 770003, Transportation Facilities Lease Rental Bond Payments, exceed the associated debt service payments in either fiscal year of the biennium ending June 30, 2021, then the balance may be transferred to appropriation item 772421, Highway Construction – State, 773431, Highway Maintenance – State, or 779491, Administration – State, upon the written request of the Director of Transportation and with the approval of the Director of Budget and Management. The transfers are hereby appropriated and shall be reported to the Controlling Board.

Section 203.30. PUBLIC ACCESS ROADS FOR PARKS, EXPOSITIONS COMMISSION, OHIO HISTORY CONNECTION, AND DNR FACILITIES
(A) Notwithstanding section 5511.06 of the Revised Code, the Director of Transportation shall, in each fiscal year of the biennium ending June 30, 2021, determine portions of the foregoing appropriation item 772421, Highway Construction - State, which shall be used for the construction, reconstruction, or maintenance of public access roads, including support features, to and within state facilities owned or operated by the Department of Natural Resources.

(B) Notwithstanding section 5511.06 of the Revised Code, of the foregoing appropriation item 772421, Highway Construction - State, $2,562,000 in each fiscal year shall be used for the construction, reconstruction, or maintenance of park drives or park roads within the boundaries of metropolitan parks.

(C) The Department of Transportation may use the foregoing appropriation item 772421, Highway Construction - State, to perform:

(1) Related road work on behalf of the Ohio Expositions Commission at the state fairgrounds, including reconstruction or maintenance of public access roads and support features to and within fairgrounds facilities, as requested by the Commission and approved by the Director of Transportation; and

Section 203.40. TRANSPORTATION IMPROVEMENT DISTRICTS

(A) Of the foregoing appropriation item 772421, Highway Construction - State, $4,500,000 in each fiscal year shall be made available for distribution by the Director of Transportation to
Transportation Improvement Districts that have facilitated funding for the cost of a project or projects in conjunction with and through other governmental agencies.

(B) A Transportation Improvement District shall submit requests for project funding to the Ohio Department of Transportation not later than the first day of September in each fiscal year. The Ohio Department of Transportation shall notify the Transportation Improvement District whether the Department has approved or disapproved the project funding request within 90 days after the day the request was submitted by the Transportation Improvement District.

(C) Any funding provided to a Transportation Improvement District specified in this section shall not be used for the purposes of administrative costs or administrative staffing and must be used to fund a specific project or projects within that District's area. The total amount of a specific project's cost shall not be fully funded by the amount of funds provided under this section. The total amount of funding provided for each project is limited to 25% of total project costs not to exceed $250,000 per fiscal year. Transportation Improvement Districts that are co-sponsoring a specific project may individually apply for up to $250,000 for that project. (D) Funding provided under this section may be used for preliminary engineering, detailed design, right-of-way acquisition, and construction of the specific project and such other project costs that are defined in section 5540.01 of the Revised Code and approved by the Director of Transportation. Upon receipt of a copy of an invoice for work performed on the specific project, the Director of Transportation shall reimburse a Transportation Improvement District for the expenditures described
above, subject to the requirements of this section.

(E) Any Transportation Improvement District that is

this section if the district is not registered. The Director of
Transportation shall not register a Transportation Improvement

of projects in an aggregate amount of not less than $10,000,000
within the eight-year period commencing January 1, 2005.

**Section 610.03.** That Section 213.20 of H.B. 529 of the 132nd General Assembly, as amended by Am. Sub. S.B. 51 of the 132nd General Assembly, be amended to read as follows:

The amendment of those sections shall not be construed to imply that, before the effective date of that amendment, transit authorities lacked authority to expend the proceeds from a previously authorized tax levy for construction and maintenance of roads and bridges over which buses travel, or to levy a new tax without specifically authorizing a portion of the proceeds to be spent on such purposes.

**Section 741.10.** The amendments made to sections 4111.03, 4111.14, 4121.01, 4123.01, and 4141.01 of the Revised Code under Section 101.01 of this act do not apply to any claim or cause of action pending under Chapter 4111., 4121., 4123., or 4141. of the Revised Code on the effective date of this section.
