

Chairman Jones, Vice Chair Manchester, Ranking Member Robinson Jr., and members of the House Primary and Secondary Education Committee, thank you for the opportunity to submit written testimony in support of House Bill 321 (Erin's Law).

I am writing to you to spread the message of the critical issue of child safety in schools. Recently, our town of Springboro was hit with the realization that the people who children identify as 'safe' can bring nightmarish and violating experiences right in the very schools we deem to be safe.

Erin's Law creates education and information for children and families.

Please take the necessary steps to put Erin's Law into effect in Ohio.

Once again, thank you, Chairman Jones and members of the House Primary and Secondary Education Committee, for your time and your consideration on this matter, I appreciate your service to Ohio and all that you do to keep our families safe!
