

Topic: Customer agreements; recovery for renewable contract costs

_____ moved to amend as follows:

1 Delete lines 917 through 935 and insert:

2 "Sec. 4928.47. (A) An electric distribution utility may, on
3 a nondiscriminatory basis and subject to approval by the public
4 utilities commission, enter into an agreement having a term of
5 three years or more with a mercantile customer or group of
6 mercantile customers for the purpose of constructing a customer-
7 sited renewable energy resource in this state that will provide
8 the mercantile customer or group with a material portion of the
9 customer's or group's electricity requirements.

10 (B) Any direct or indirect costs, including costs for
11 infrastructure development or generation, associated with the
12 in-state customer-sited renewable energy resource shall be paid
13 for solely by the utility and the mercantile customer or group
14 of mercantile customers. At no point shall the commission
15 authorize the utility to collect, nor shall the utility ever
