

Senator Steve Wilson, Chairman
Senate Energy and Public Utilities Committee

Sir,

I wish to let you know that I support HB234. This wind turbine issue has been terrible for our county and has caused much hatred between neighbors, friends and families. Our caring small community may never be the same. The anger has spilled over to our churches and schools. Full grown adults are stealing for or against signs out of their neighbor's yards. These are the same neighbors that used to walk across the yard to play some cards or have a beer. This whole thing is so sad.

Your citizens are angry that this is being forced upon us by our state government without regard to what it does to its citizens.

It's time for a change. Columbus isn't making a decision that is right for the majority.

Thank you,

Carson

Senate Energy and Public Utilities Committee

Senator Wilson,

I am writing in support of HB234. The people who live in the communities that are having these huge monstrosities pushed down their throat are very unhappy with their government right now. How can you make a decision that will adversely affect so many thousands of your constituents without serious regard to them. The majority in our county is against these industrial wind turbines. I was under the impression that majority rules in this country.

Thank you,

Mitbahh Deaming

Erie county

SENATOR STEVE WILSON,
CHAIRMAN
SENATE ENERGY AND PUBLIC UTILITIES
COMMITTEE

SENATOR WILSON,

WHAT IS HAPPENING IN NORTHERN OHIO IS DISGUSTING. OUR WONDERFUL POLITICIANS IN COLUMBUS ONLY CARE ABOUT THE MONEY THEY CAN GET AND COULD NOT CARE LESS WHAT IS HAPPENING TO ITS CITIZENS. HOW MANY TIMES HAVE YOU, OR ANYONE ELSE ACTUALLY COME HERE AND TALKED TO THESE COUNTIES THAT ARE BEING TORN APART. I KNOW, NOT YOUR JOB. WHY SHOULD YOU GO OUT OF YOUR WAY FOR AN AREA YOU DON'T "REPRESENT".

WE HAVE THE FULL SUPPORT OF OUR REPRESENTATIVE AND SENATOR WHO REALLY CARE ABOUT THEIR PEOPLE. HAPPILY, THEY HAVE GOTTEN A FEW MORE TO LISTEN BUT, DOES ANYONE ELSE DOWN THERE CARE?

THE PEOPLE WHO WANT THESE TURBINES HERE ARE IN THE MINORITY AND THAT SEEMS TO BE WHY YOU DON'T WANT US TO HAVE A VOTE. THE HANDWRITING IS ON THE WALL AND THAT IS NOT IN YOUR FINANCIAL PLANS.

I WISH TO SUPPORT HB234. BRING THE VOTE HERE AND LET THE MAJORITY DECIDE, NOT THE MINORITY.

THANK YOU,

Alach Hing
Gorton Twp
Erie county

Senator Steve Wilson, Chairman
Senate Energy and Public Utilities Committee

Senator Wilson,

Please accept my support of HB234. Our county has been torn apart by these industrial wind turbines that are being forced upon us without any regard for the people who do not wish to have them.

There are people who own many acres of land that will be making thousands of dollars for each turbine, but his next door neighbor who only has his very small piece of paradise, has no say. The leaseholder contends that no one can tell him what he can do with his property. But how can that be true if it affects the home of his neighbor?

This whole wind turbine issue across the country is all about money. You know it as well as I. Who would volunteer to put these 600 ft. whirling monstrosities over their home if they weren't being paid an exorbitant amount of money? For the good of the environment? Please... you assume too much.

Thank you,

Amy Wiedel
Groton Twp -
Erie County

**Senator Steve Wilson, Chairman
Senate Energy and Public Utilities Committee**

Dear Senator Wilson,

I wish to support HB234. I feel that an issue that is as important to a community as the industrial wind turbines should be the vote of the majority. Your northern Ohio counties are being ripped apart with anger and accusations. The trust we have in our government is completely gone.

Many people here do not believe that you care. This breaks my heart. I love Ohio and would never want to believe that the people we elect would think it's ok to just go home to their own homes and families where there are no turbines over their heads and forget what they have done to our homes and families.

Thank you,

*Rebecca Wiedenheft
