

**Senator Steve Wilson, Chairman,
Senate Energy and Public Utilities Committee**

January 15, 2020

Dear Mr Wilson,

I would like to express my strong support of SB 234.

The industrial wind project proposed for Erie and Huron county will have many adverse consequences for our community. With the large land mass required, sub-audible infra sound, shadow flicker, and loss of property value, there is no reason to destroy our townships in this populated region.

Changing the zoning designation without the consent of the residents breaks all the rules of fairness and the purpose of zoning.

Please support and vote for SB 234.

Sincerely

Jane H. Motley
