

January 12, 2020

Attn. Senator Steve Wilson, Chairman, Senate Energy and Public Utilities Committee

I am writing this letter in support of SB 234. I am a fourth generation resident of Groton Township in Erie County. I am privileged to live in the house that was my grandparents. I have enjoyed raising my children in this rural community and wish to continue that with my grandchildren.

Never before has a project have the potential to change so many communities as the wind projects proposed for my area. The most frustrating part of this whole situation is the total lack of any say about what will forever change our area. With the passage of SB234 that will give all residents of the area the opportunity to have a voice whether it is in favor or opposed to these projects.

I am asking that all Senators to support this bill so that local residents have the opportunity to be heard.

Sincerely,

Renee Schoen
