To Whom It May Concern:

Please accept this letter in support of tax credits for the Film and Movie Industry for the entire State of Ohio.

When movies are filmed in our state, they not only benefit the employees working on the films, they also benefit their communities. Restaurants, hotels, stores and other establishments all profit from the film industry.

Many of our Teamster members depend on supporting their families through employment working for the movies, as do employees and staff members who are not part of the Union.

I only ask that when making a decision on the future of these tax credits, the economic impact that the movies have on our state and local economies be taken into consideration.

Thank you.

Respectfully,

DAVID L. WEBSTER, JR.
President
