Ohio Business College Truck Driving Academy is a proud recipient of the Revolving Loan Program. This program has made it possible to us to provide continuing trade education and assure future careers for many students over the past several years. Our students come from a diversity of backgrounds and financial statuses, and the Revolving Loan Program makes it possible for us to continue to provide quality skills and education to students who otherwise could not afford it. For many of our students, this is their first foray into adulthood. I've personally seen the pride on their faces as they realize the accomplishment they've made by taking this first step into adult responsibility and into their future careers. It is empowering to watch the students' growth through our program, from their fear when first enrolling in our program and signing the loan paperwork, to the sense of accomplishment as I watch them hold their Certificate of Completion and CDL license, and as I provide student verifications for the multiple employers who call and want to hire our students. Without the Revolving Loan Program, many of these students would not be able to take this next step into their new future. The Revolving Loan Program truly gives a chance of a fresh start and has led many students into their new career. Please accept our continued support of the Revolving Loan Program, and our appreciation for the ability to provide this opportunity to our students.

Respectfully,

A handwritten signature in cursive script that reads "Lori Bolen".
