

Dr. Richard Barry, D.D.S., F.A.G.D., I.C.O.I. Dr. Elizabeth Love, D.D.S.

To whom it may concern,

I am Dr Richard Barry, a practicing general dentist in Columbus, OH. The purpose of this letter is to communicate my concern of the possibility of discontinuing the loan program that has enabled several of my recent employees fund their education. Our dental profession desperately needs trained dental assistants. Currently there is a severe shortage of these individuals. Two of my employees would not have been able to afford to attend their dental assisting schools they graduated from without the loan program assistance. I urge you to please consider continuing the loan program in order to provide the opportunity for other individuals to pursue their education and career. The loan program helps change lives in a positive manner. Thank you for your consideration.

Sincerely,
