(a) The rule shall be filed in electronic form with both the secretary of state and the director of the legislative service commission;

(b) The rule shall be filed in electronic form with the joint committee on agency rule review. Division (B)(1)(b) of this section does not apply to any rule to which division (D) of this section does not apply.

(D) At least sixty-five days before a board, commission,
department, division, or bureau of the government of the state
files a rule under division (B)(1) of this section, it shall file
the full text of the proposed rule in electronic form with the
joint committee on agency rule review, and the proposed rule is
subject to legislative review and invalidation under section

   (7) A rule of the state lottery commission pertaining to instant game rules.

If a rule is exempt from legislative review under division (D)(5) of this section, and if the federal law or rule pursuant to which the rule was adopted expires, is repealed or rescinded, or otherwise terminates, the rule is thereafter subject to legislative review under division (D) of this section.

Whenever a state board, commission, department, division, or bureau files a proposed rule or a proposed rule in revised form under division (D) of this section, it shall also file the full text of the same proposed rule or proposed rule in revised form in electronic form with the secretary of state and the director of the legislative service commission. (F) Every public body, by rule, shall establish a reasonable method whereby any person may determine the time and place of all regularly scheduled meetings and the time, place, and purpose of all special meetings. A public body shall not hold a special meeting unless it gives at least twenty-four hours' advance notice to the news media that have requested notification, except in the event of an emergency requiring immediate official action. In the event of an emergency, the member or members calling the meeting
shall notify the news media that have requested notification immediately of the time, place, and purpose of the meeting.

   (G) Except as provided in divisions (G)(8) and (J) of this section, the members of a public body may hold an executive session only after a majority of a quorum of the public body determines, by a roll call vote, to hold an executive session and only at a regular or special meeting for the sole purpose of the consideration of any of the following matters:

   (1) To consider the appointment, employment, dismissal, discipline, promotion, demotion, or compensation of a public employee or official, or the investigation of charges or complaints against a public employee, official, licensee, or regulated individual, unless the public employee, official, licensee, or regulated individual requests a public hearing.    (2) To consider the purchase of property for public purposes,
the sale of property at competitive bidding, or the sale or other disposition of unneeded, obsolete, or unfit-for-use property in accordance with section 505.10 of the Revised Code, if premature disclosure of information would give an unfair competitive or bargaining advantage to a person whose personal, private interest is adverse to the general public interest. No member of a public body shall use division (G)(2) of this section as a subterfuge for providing covert information to prospective buyers or sellers. A purchase or sale of public property is void if the seller or buyer of the public property has received covert information from a member of a public body that has not been disclosed to the general public in sufficient time for other prospective buyers and sellers to prepare and submit offers.

If the minutes of the public body show that all meetings and deliberations of the public body have been conducted in compliance with this section, any instrument executed by the public body purporting to convey, lease, or otherwise dispose of any right, title, or interest in any public property shall be conclusively presumed to have been executed in compliance with this section insofar as title or other interest of any bona fide purchasers, lessees, or transferees of the property is concerned.

(8) To consider confidential information related to the marketing plans, specific business strategy, production techniques, trade secrets, or personal financial statements of an applicant for economic development assistance, or to negotiations with other political subdivisions respecting requests for economic development assistance, provided that both of the following conditions apply:

(a) The information is directly related to a request for economic development assistance that is to be provided or administered under any provision of Chapter 715., 725., 1724., or 1728. or sections 701.07, 3735.67 to 3735.70, 5709.40 to 5709.43, 5709.61 to 5709.69, 5709.73 to 5709.75, or 5709.77 to 5709.81 of the Revised Code, or that involves public infrastructure improvements or the extension of utility services that are directly related to an economic development project.

(b) A unanimous quorum of the public body determines, by a roll call vote, that the executive session is necessary to protect the interests of the applicant or the possible investment or expenditure of public funds to be made in connection with the economic development project.

If a public body holds an executive session to consider any of the matters listed in divisions (G)(2) to (8) of this section,
the motion and vote to hold that executive session shall state
which one or more of the approved matters listed in those
divisions are to be considered at the executive session.

A public body specified in division (B)(1)(c) of this section
shall not hold an executive session when meeting for the purposes
specified in that division.

(H) A resolution, rule, or formal action of any kind is
invalid unless adopted in an open meeting of the public body. A
resolution, rule, or formal action adopted in an open meeting that
results from deliberations in a meeting not open to the public is
invalid unless the deliberations were for a purpose specifically
authorized in division (G) or (J) of this section and conducted at
an executive session held in compliance with this section. A
resolution, rule, or formal action adopted in an open meeting is
invalid if the public body that adopted the resolution, rule, or
formal action violated division (F) of this section.

(I)(1) Any person may bring an action to enforce this
section. An action under division (I)(1) of this section shall be
brought within two years after the date of the alleged violation
or threatened violation. Upon proof of a violation or threatened
violation of this section in an action brought by any person, the
court of common pleas shall issue an injunction to compel the
members of the public body to comply with its provisions.

(2)(a) If the court of common pleas issues an injunction
pursuant to division (I)(1) of this section, the court shall order
the public body that it enjoins to pay a civil forfeiture of five
hundred dollars to the party that sought the injunction and shall
award to that party all court costs and, subject to reduction as
described in division (I)(2) of this section, reasonable
attorney's fees. The court, in its discretion, may reduce an award
of attorney's fees to the party that sought the injunction or not
award attorney's fees to that party if the court determines both
of the following:

(i) That, based on the ordinary application of statutory law
and case law as it existed at the time of violation or threatened
violation that was the basis of the injunction, a well-informed
public body reasonably would believe that the public body was not
violating or threatening to violate this section;

(ii) That a well-informed public body reasonably would
believe that the conduct or threatened conduct that was the basis
of the injunction would serve the public policy that underlies the
authority that is asserted as permitting that conduct or
threatened conduct.

(b) If the court of common pleas does not issue an injunction
pursuant to division (I)(1) of this section and the court
determines at that time that the bringing of the action was
frivolous conduct, as defined in division (A) of section 2323.51
of the Revised Code, the court shall award to the public body all
court costs and reasonable attorney's fees, as determined by the
court.

(3) Irreparable harm and prejudice to the party that sought
the injunction shall be conclusively and irrebuttably presumed
upon proof of a violation or threatened violation of this section.

(4) A member of a public body who knowingly violates an
injunction issued pursuant to division (I)(1) of this section may
be removed from office by an action brought in the court of common
pleas for that purpose by the prosecuting attorney or the attorney
general.

(J)(1) Pursuant to division (C) of section 5901.09 of the
Revised Code, a veterans service commission shall hold an
executive session for one or more of the following purposes unless
an applicant requests a public hearing:

(a) Interviewing an applicant for financial assistance under
sections 5901.01 to 5901.15 of the Revised Code;

(b) Discussing applications, statements, and other documents described in division (B) of section 5901.09 of the Revised Code;

(c) Reviewing matters relating to an applicant's request for financial assistance under sections 5901.01 to 5901.15 of the Revised Code.

(a) The small business enterprise meets all the requirements listed in divisions (A)(1)(a)(i) to (iv) of this section;

(ii) A person who is an employee because the person is employed by the subcontractor in a full-time, part-time, or temporary direct-care position or works in such a position due to being referred to the subcontractor by an employment service.

(ii) A person who is an employee because the person is employed by the consumer in a full-time, part-time, or temporary direct-care position for which the consumer, as the employer of record, directs the person in the provision of community-based long-term care services the person provides to the consumer or who works in such a position due to being referred to the consumer by an employment service.

(13) "Subcontractor" has the meaning specified in rules adopted under this section.

(14) "Volunteer" means a person who serves in a direct-care position without receiving or expecting to receive any form of remuneration other than reimbursement for actual expenses.

(15) "Waiver agency" has the same meaning as in section 5164.342 of the Revised Code.

(B) This section does not apply to any individual who is subject to a database review or criminal records check under section 173.381 or 3701.881 of the Revised Code or to any individual who is subject to a criminal records check under section 3721.121 of the Revised Code. If a provider or subcontractor also is a waiver agency, the provider or subcontractor may provide for applicants and employees to undergo database reviews and criminal records checks in accordance with section 5164.342 of the Revised Code rather than this section.
(C) No responsible party shall employ an applicant or continue to employ an employee in a direct-care position if any of the following apply:

(1) A review of the databases listed in division (E) of this section reveals any of the following:

(a) That the applicant or employee is included in one or more of the databases listed in divisions (E)(1) to (5) of this section;

(b) That there is in the state nurse aide registry established under section 3721.32 of the Revised Code a statement detailing findings by the director of health that the applicant or employee abused, neglected, or exploited a long-term care facility resident or misappropriated property of such a resident;

(c) That the applicant or employee is included in one or more of the databases, if any, specified in rules adopted under this section and the rules prohibit the responsible party from employing an applicant or continuing to employ an employee included in such a database in a direct-care position.

(2) After the applicant or employee is provided, pursuant to division (F)(2)(a) of this section, a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and the standard impression sheet prescribed pursuant to division (C)(2) of that section, the applicant or employee fails to complete the form or provide the applicant's or employee's fingerprint impressions on the standard impression sheet.

(3) Unless the applicant or employee meets standards specified in rules adopted under this section, the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a
disqualifying offense.

(D) Except as provided by division (G) of this section, the chief administrator of a responsible party shall inform each applicant of both of the following at the time of the applicant's initial application for employment or referral to the responsible party by an employment service for a direct-care position:

(1) That a review of the databases listed in division (E) of this section will be conducted to determine whether the responsible party is prohibited by division (C)(1) of this section from employing the applicant in the direct-care position;

(2) That, unless the database review reveals that the applicant may not be employed in the direct-care position, a criminal records check of the applicant will be conducted and the applicant is required to provide a set of the applicant's fingerprint impressions as part of the criminal records check.

(E) As a condition of employing any applicant in a direct-care position, the chief administrator of a responsible party shall conduct a database review of the applicant in accordance with rules adopted under this section. If rules adopted under this section so require, the chief administrator of a responsible party shall conduct a database review of an employee in accordance with the rules as a condition of continuing to employ the employee in a direct-care position. However, a chief administrator is not required to conduct a database review of an applicant or employee if division (G) of this section applies. A database review shall determine whether the applicant or employee is included in any of the following:

(1) The excluded parties list system that is maintained by the United States general services administration pursuant to subpart 9.4 of the federal acquisition regulation and available at the federal web site known as the system for award management;
(2) The list of excluded individuals and entities maintained by the office of inspector general in the United States department of health and human services pursuant to the "Social Security Act," sections 1128 and 1156, 42 U.S.C. 1320a-7 and 1320c-5;

(3) The registry of developmental disabilities employees established under section 5123.52 of the Revised Code;

(4) The internet-based sex offender and child-victim offender database established under division (A)(11) of section 2950.13 of the Revised Code;

(5) The internet-based database of inmates established under section 5120.66 of the Revised Code;

(6) The state nurse aide registry established under section 3721.32 of the Revised Code;

(7) Any other database, if any, specified in rules adopted under this section.

(F)(1) As a condition of employing any applicant in a direct-care position, the chief administrator of a responsible party shall request that the superintendent of the bureau of criminal identification and investigation conduct a criminal records check of the applicant. If rules adopted under this section so require, the chief administrator of a responsible party shall request that the superintendent conduct a criminal records check of an employee at times specified in the rules as a condition of continuing to employ the employee in a direct-care position. However, the chief administrator is not required to request the criminal records check of the applicant or employee if division (G) of this section applies or the responsible party is prohibited by division (C)(1) of this section from employing the applicant or continuing to employ the employee in a direct-care position. If an applicant or employee for whom a criminal records check request is required by this section does not present proof
of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant or employee from the federal bureau of investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof of having been a resident of this state for the five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(2) The chief administrator shall do all of the following:

(a) Provide to each applicant and employee for whom a criminal records check request is required by this section a copy of the form prescribed pursuant to division (C)(1) of section 109.572 of the Revised Code and a standard impression sheet prescribed pursuant to division (C)(2) of that section;

(b) Obtain the completed form and standard impression sheet from the applicant or employee;

(c) Forward the completed form and standard impression sheet to the superintendent.

(3) A responsible party shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check the responsible party requests under this section. A responsible party may charge an applicant a fee not exceeding the amount the responsible party pays to the bureau under this section if both of the following apply:

(a) The responsible party notifies the applicant at the time
of initial application for employment of the amount of the fee and that, unless the fee is paid, the applicant will not be considered for employment.

(b) The medicaid program does not pay the responsible party for the fee it pays to the bureau under this section.

(G) Divisions (D) to (F) of this section do not apply with regard to an applicant or employee if the applicant or employee is referred to a responsible party by an employment service that supplies full-time, part-time, or temporary staff for direct-care positions and both of the following apply:

(1) The chief administrator of the responsible party receives from the employment service confirmation that a review of the databases listed in division (E) of this section was conducted of the applicant or employee.

(2) The chief administrator of the responsible party receives from the employment service, applicant, or employee a report of the results of a criminal records check of the applicant or employee that has been conducted by the superintendent within the one-year period immediately preceding the following:

(a) In the case of an applicant, the date of the applicant's referral by the employment service to the responsible party;

(b) In the case of an employee, the date by which the responsible party would otherwise have to request a criminal records check of the employee under division (F) of this section.

(H)(1) A responsible party may employ conditionally an applicant for whom a criminal records check request is required by this section prior to obtaining the results of the criminal records check if the responsible party is not prohibited by division (C)(1) of this section from employing the applicant in a direct-care position and either of the following applies:
(a) The chief administrator of the responsible party requests the criminal records check in accordance with division (F) of this section not later than five business days after before conditionally employing the applicant begins conditional employment.

(b) The applicant is referred to the responsible party by an employment service, the employment service or the applicant provides the chief administrator of the responsible party a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the responsible party when the employment service receives the results.

(2) If a responsible party employs an applicant conditionally pursuant to division (H)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the responsible party.
(3) A responsible party that employs an applicant conditionally pursuant to division (H)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the responsible party shall terminate the applicant's employment unless the applicant meets standards specified in rules adopted under this section that permit the responsible party to employ the applicant and the responsible party chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the responsible party about the applicant's criminal record.

(I) The report of any criminal records check conducted pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

(2) The chief administrator of the responsible party requesting the criminal records check or the administrator's representative;

(3) The administrator of any other facility, agency, or
program that provides community-based long-term care services that is owned or operated by the same entity that owns or operates the responsible party that requested the criminal records check;

4. The employment service that requested the criminal records check;

5. The director of aging or a person authorized by the director to monitor a responsible party's compliance with this section;

6. The medicaid director and the staff of the department of medicaid who are involved in the administration of the medicaid program if any of the following apply:

(a) In the case of a criminal records check requested by a provider or subcontractor, the provider or subcontractor also is a waiver agency;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a provider or subcontractor that also is a waiver agency;

(c) The criminal records check is requested by a consumer who is acting as a responsible party.

7. A court, hearing officer, or other necessary individual involved in a case dealing with any of the following:

(a) A denial of employment of the applicant or employee;

(b) Employment or unemployment benefits of the applicant or employee;

(c) A civil or criminal action regarding the medicaid program or a program the department of aging administers.

(J) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an applicant or employee who a responsible
party employs in a direct-care position, all of the following shall apply:

(1) If the responsible party employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the responsible party shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.

(2) If the responsible party employed the applicant in good faith on a conditional basis pursuant to division (H) of this section, the responsible party shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.

(3) If the responsible party in good faith employed the applicant or employee because the applicant or employee meets standards specified in rules adopted under this section, the responsible party shall not be found negligent solely because the applicant or employee has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(K) The director of aging shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section.

(1) The rules may do the following:

(a) Require employees to undergo database reviews and criminal records checks under this section;

(b) If the rules require employees to undergo database reviews and criminal records checks under this section, exempt one or more classes of employees from the requirements;

(c) For the purpose of division (E)(7) of this section, specify other databases that are to be checked as part of a
database review conducted under this section.

(2) The rules shall specify all of the following:

(a) The meaning of the term "subcontractor";

(b) The procedures for conducting database reviews under this section;

(d) If the rules specify other databases to be checked as part of the database reviews, the circumstances under which a responsible party is prohibited from employing an applicant or continuing to employ an employee who is found by a database review to be included in one or more of those databases;

(e) Standards that an applicant or employee must meet for a responsible party to be permitted to employ the applicant or continue to employ the employee in a direct-care position if the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(B) The director of aging shall adopt rules in accordance with Chapter 119. of the Revised Code establishing certification requirements and standards for determining which type of disciplinary action to take under division (A)(2) of this section in individual situations. (3) The provider's ability to meet the needs of the individuals served;

(4) Any other factor the director considers relevant.

(D) The rules adopted under division (B)(3) of this section shall specify that the reasons disciplinary action may be taken under division (A)(2) of this section include good cause, including misfeasance, malfeasance, nonfeasance, confirmed abuse or neglect, financial irresponsibility, or other conduct the director determines is injurious, or poses a threat, to the health or safety of individuals being served.

(E) Subject to division (F) of this section, the department is not required to hold hearings under division (A)(3) of this section if any of the following conditions apply:
(1) Rules adopted by the director of aging pursuant to this chapter require the provider to be a party to a provider agreement; hold a license, certificate, or permit; or maintain a certification, any of which is required or issued by a state or federal government entity other than the department of aging, and either of the following is the case:

(a) The provider agreement has not been entered into or the license, certificate, permit, or certification has not been obtained or maintained.

(b) The provider agreement, license, certificate, permit, or certification has been denied, revoked, not renewed, or suspended or has been otherwise restricted.

(g) The provider has not billed or otherwise submitted a claim to the department for payment under the medicaid program in at least two years.

(F) If the department does not hold hearings when any condition described in division (E) of this section applies, the department may shall send a notice to the provider describing a decision not to certify the provider under division (A)(1) of this section or the disciplinary action the department proposes to take under division (A)(2)(e) to (h) of this section. The notice shall be sent to the provider's address that is on record with the department and may be sent by regular mail.

(G) The director of aging may adopt rules in accordance with Chapter 119. of the Revised Code establishing a fee to be charged by the department of aging or its designee for certification issued under this section.

All fees collected by the department or its designee under this section shall be deposited in the state treasury to the credit of the provider certification fund, which is hereby created. Money credited to the fund shall be used to pay for community-based long-term care services, administrative costs associated with provider certification under this section, and administrative costs related to the publication of the Ohio long-term care consumer guide.

However, if federal funding becomes available for this purpose, the department shall utilize the federal funding and the appropriations from the trust fund shall be used for the other purposes authorized by this section. If the federal program requires seniors described by this division to pay a premium or copayment to obtain medication or oxygen, the director of health shall recommend to the general assembly whether this division's set-aside of five per cent of the appropriations from the trust fund should be used to pay such premiums or copayments. As used in this division, "federal poverty guidelines" has the same meaning as in section 5101.46 of the Revised Code.

(B) The boards of county commissioners of two or more counties may, by adopting a joint resolution passed by a majority of the members of each participating board of county commissioners, create a regional drug overdose fatality review committee to review drug overdose deaths and opioid-involved

The joint resolution shall appoint, for each county participating as part of the regional review committee, one health commissioner from a board of health of a city or general health district located at least in part in each county. The health commissioners appointed shall select one of their number as the health commissioner to establish the regional review committee.

(C) Recommending and developing plans for implementing local
service and program changes and changes to the groups, professions, agencies, or entities that serve local residents that might prevent overdose deaths;

(D) Providing the department of health with aggregate data, trends, and patterns concerning overdose deaths.

Sec. 307.635. A drug overdose fatality review committee may not conduct a review of a death while an investigation of the death or prosecution of a person for causing the death is pending unless the prosecuting attorney agrees to allow the review. The law enforcement agency conducting the criminal investigation, on the conclusion of the investigation, and the prosecuting attorney prosecuting the case, on the conclusion of the prosecution, shall notify the chairperson of the review committee of the conclusion.

Sec. 307.636. The report shall specify the number of drug overdose or opioid-involved deaths that were not reviewed during the previous calendar year.

The report shall include recommendations for actions that might prevent other deaths, as well as any other information the review board determines should be included.

(D) Reports prepared under division (C) of this section shall be considered public records under section 149.43 of the Revised Code.
Sec. 307.637. (A) Notwithstanding section 3701.243 and any other section of the Revised Code pertaining to confidentiality, any individual, law enforcement agency, or other public or private entity that provided services to a person whose death is being reviewed by a drug overdose fatality review committee, on the request of the review committee, shall submit to the review committee a summary sheet of information.

(1) With respect to a request made to a health care entity, the summary sheet shall contain only information available and reasonably drawn from the person's medical record created by the health care entity.

(2) With respect to a request made to any other individual or entity, the summary sheet shall contain only information available and reasonably drawn from any record involving the person to which the individual or entity has access.

(3) On the request of the review committee, an individual or entity may, at the individual or entity's discretion, make any additional information, documents, or reports available to the review committee.

(B) Notwithstanding division (A) of this section, no person, entity, law enforcement agency, or prosecuting attorney shall provide any information regarding the death of a person to a drug overdose fatality review committee while an investigation of the death or prosecution of a person for causing the death is pending unless the prosecuting attorney has agreed pursuant to section 307.635 of the Revised Code to allow review of the death.

Sec. 307.638. (A) An individual or public or private entity providing information, documents, or reports to a drug overdose fatality review committee is immune from any civil liability for injury, death, or loss to person or property that otherwise might

(B) Each member of a review committee is immune from any civil liability for injury, death, or loss to person or property that might otherwise be incurred or imposed as a result of the member's participation on the review committee.

Sec. 307.639. Sec. 321.24. (A) On or before the fifteenth day of February, in each year, the county treasurer shall settle with the county auditor for all taxes and assessments that the treasurer has collected on the general duplicate of real and public utility property at the time of making the settlement. If the county treasurer has made or will make advance payments to the several taxing districts of current year unpaid taxes under section 321.341 of the Revised Code before collecting them, the county treasurer shall take the advance payments into account for purposes of the settlement with the county auditor under this division.

(B) On or before the thirtieth day of June, in each year, the treasurer shall settle with the auditor for all advance payments of general personal and classified property taxes that the
treasurer has received at the time of making the settlement.

(C) On or before the tenth day of August, in each year, the treasurer shall settle with the auditor for all taxes and assessments that the treasurer has collected on the general duplicates of real and public utility property at the time of making such settlement, not included in the preceding February settlement. If the county treasurer has made or will make advance payments to the several taxing districts of the current year delinquent taxes under section 321.341 of the Revised Code before collecting them, the county treasurer shall take the advance payments into account for purposes of the settlement with the county auditor under this division.

(D) On or before the thirty-first day of October, in each year, the treasurer shall settle with the auditor for all taxes that the treasurer has collected on the general personal and classified property duplicates, and for all advance payments of general personal and classified property taxes, not included in the preceding June settlement, that the treasurer has received at the time of making such settlement.

(E) In the event the time for the payment of taxes is extended, pursuant to section 323.17 of the Revised Code, the date on or before which settlement for the taxes so extended must be made, as herein prescribed, shall be deemed to be extended for a like period of time. At each such settlement, the auditor shall allow to the treasurer, on the moneys received or collected and accounted for by the treasurer, the treasurer's fees, at the rate or percentage allowed by law, at a full settlement of the treasurer.

(F) Within thirty days after the day of each settlement of taxes required under divisions (A) and (C) of this section, the treasurer shall certify to the tax commissioner any adjustments that have been made to the amount certified previously pursuant to
section 319.302 of the Revised Code and that the settlement has been completed. Upon receipt of such certification, the commissioner shall provide for payment to the county treasurer from the general revenue fund of an amount equal to one-half of the amount certified by the treasurer in the preceding tax year under section 319.302 of the Revised Code, less the sum of (1) one-half of the amount computed for all taxing districts in that county for the current fiscal year under section 5703.80 of the Revised Code for crediting to the property tax administration fund and (2) any reduction required by the commissioner under division (D) of section 718.83 of the Revised Code. Such payment shall be credited upon receipt to the county's undivided income tax fund, and the county auditor shall transfer to the county general fund from the amount thereof the total amount of all fees and charges which the auditor and treasurer would have been authorized to receive had such section not been in effect and that amount had been levied and collected as taxes. The county auditor shall distribute the amount remaining among the various taxing districts in the county as if it had been levied, collected, and settled as real property taxes. The amount distributed to each taxing district shall be reduced by the total of the amounts computed for the district under section 5703.80 of the Revised Code, but the reduction shall not exceed the amount that otherwise would be distributed to the taxing district under this division. The amount required by the commissioner under division (D) of section 718.83 of the Revised Code. The tax commissioner shall make available to taxing districts such information as is sufficient for a taxing district to be able to determine the amount of the reduction in its distribution under this section.

(G)(1) Within thirty days after the day of the settlement required in division (D) of this section, the county treasurer shall notify the tax commissioner that the settlement has been
completed. Upon receipt of that notification, the commissioner shall provide for payment to the county treasurer from the general revenue fund of an amount equal to the amount certified under former section 319.311 of the Revised Code and paid in the state's fiscal year 2003 multiplied by the percentage specified in division (G)(2) of this section. The payment shall be credited upon receipt to the county's undivided income tax fund, and the county auditor shall distribute the amount thereof among the various taxing districts of the county as if it had been levied, collected, and settled as personal property taxes. The amount received by a taxing district under this division shall be apportioned among its funds in the same proportion as the current year's personal property taxes are apportioned.

(2) Payments required under division (G)(1) of this section shall be made at the following percentages of the amount certified under former section 319.311 of the Revised Code and paid under division (G)(1) of this section in the state's fiscal year 2003:

(a) In fiscal year 2004, ninety per cent;
(b) In fiscal year 2005, eighty per cent;
(c) In fiscal year 2006, sixty-four per cent;
(d) In fiscal year 2007, forty per cent;
(e) In fiscal year 2008, thirty-two per cent;
(f) In fiscal year 2009, sixteen per cent.

After fiscal year 2009, no payments shall be made under division (G)(1) of this section.

(H)(1) On or before the fifteenth day of April each year, the county treasurer shall settle with the county auditor for all manufactured home taxes that the county treasurer has collected on the manufactured home tax duplicate at the time of making the settlement.
(2) On or before the fifteenth day of September each year, the county treasurer shall settle with the county auditor for all remaining manufactured home taxes that the county treasurer has collected on the manufactured home tax duplicate at the time of making the settlement.

(3) If the time for payment of such taxes is extended under section 4503.06 of the Revised Code, the time for making the settlement as prescribed by divisions (H)(1) and (2) of this section is extended for a like period of time.

(I) On or before the second Monday in September of each year, the county treasurer shall certify to the tax commissioner the total amount by which the manufactured home taxes levied in that year were reduced pursuant to section 319.302 of the Revised Code. Within ninety days after the receipt of such certification, the commissioner shall provide for payment to the county treasurer from the general revenue fund of an amount equal to the amount certified by the treasurer. Such payment shall be credited upon receipt to the county's undivided income tax fund, and the county auditor shall transfer to the county general fund from the amount thereof the total amount of all fees and charges that the auditor and treasurer would have been authorized to receive had such section not been in effect and that amount had been levied and collected as manufactured home taxes. The county auditor shall distribute the amount remaining among the various taxing districts in the county as if it had been levied, collected, and settled as manufactured home taxes.

Sec. 341.34. (A) As used in this section, "building or structure" includes, but is not limited to, a modular unit, building, or structure and a movable unit, building, or structure.

(B)(1) The board of county commissioners of any county, by resolution, may dedicate and permit the use, as a minimum security
jail, of any vacant or abandoned public building or structure owned by the county that has not been dedicated to or is not then in use for any county or other public purpose, or any building or structure rented or leased by the county. The board of county commissioners of any county, by resolution, also may dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for the county. Subject to divisions (B)(3) and (C) of this section, upon the effective date of such a resolution, the specified building or structure shall be used, in accordance with this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation or a misdemeanor or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.

(b) The person is charged with a traffic violation, a misdemeanor, or a felony of the fourth or fifth degree and has had bail set and has not been released on bail and is confined in a county or municipal jail pending trial, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.
behavior. Nothing in this division authorizes the operation or
management of a minimum security jail by a private entity.

(c) The person is an inmate transferred by order of a judge
of the sentencing court upon the request of the sheriff,
administrator, jailer, or other person responsible for operating
the jail other than a contractor as defined in section 9.06 of the
Revised Code, who is named in the request as being suitable for
confinement in a minimum security facility.

(2) The board of county commissioners of any county, by
resolution, may affiliate with one or more adjacent counties, or
with one or more municipal corporations located within the county
or within an adjacent county, and dedicate and permit the use, as
a minimum security jail, of any vacant or abandoned public
building or structure owned by any of the affiliating counties or
municipal corporations that has not been dedicated to or is not
then in use for any public purpose, or any building or structure
rented or leased by any of the affiliating counties or municipal
corporations. The board of county commissioners of any county, by
resolution, also may affiliate with one or more adjacent counties
or with one or more municipal corporations located within the
county or within an adjacent county and dedicate and permit the
use, as a minimum security jail, of any building or structure
purchased by or constructed by or for any of the affiliating
counties or municipal corporations. Any counties and municipal
corporations that affiliate for purposes of this division shall
enter into an agreement that establishes the responsibilities for
the operation and for the cost of operation of the minimum
security jail. Subject to divisions (B)(3) and (C) of this
section, upon the effective date of a resolution adopted under
this division, the specified building or structure shall be used,
in accordance with this section, for the confinement of persons
who meet one of the following conditions:
(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of an ordinance of any municipal corporation, or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.

(b) The person is charged with a traffic violation, a misdemeanor, or a felony of the fourth or fifth degree and has had bail set and has not been released on bail and is confined in a county jail pending trial, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior. Nothing in this division authorizes the operation or management of a minimum security jail by a private entity.

(c) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(3) No person shall be confined in a building or structure dedicated as a minimum security jail under division (B)(1) or (2)
of this section unless the judge who sentenced the person to the term of imprisonment for the traffic violation or the misdemeanor specifies that the term of imprisonment is to be served in that jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail or unless the judge who sentenced the person to the residential sanction for the felony specifies that the residential sanction is to be served in a jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail. If a rented or leased building or structure is so dedicated, the building or structure may be used as a minimum security jail only during the period that it is rented or leased by the county or by an affiliated county or municipal corporation. If a person convicted of a misdemeanor is confined to a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section and the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code determines that it would be more appropriate for the person so confined to be confined in another jail or workhouse facility, the sheriff, administrator, jailer, or other person may transfer the person so confined to a more appropriate jail or workhouse facility.

(C) All of the following apply to a building or structure that is dedicated pursuant to division (B)(1) or (2) of this section for use as a minimum security jail:

(1) To the extent that the use of the building or structure as a minimum security jail requires a variance from any county, municipal corporation, or township zoning regulations or ordinances, the variance shall be granted.

(2) Except as provided in this section, the building or structure shall not be used to confine any person unless it is in substantial compliance with any applicable housing, fire

(3) Unless such satisfaction or compliance is required under the standards described in division (C)(4) of this section, and notwithstanding any other provision of state or local law to the contrary, the building or structure need not satisfy or comply with any state or local building standard or code in order to be used to confine a person for the purposes specified in division (B) of this section.

(4) The building or structure shall not be used to confine any person unless it is in compliance with all minimum standards and minimum renovation, modification, and construction criteria for minimum security jails that have been proposed by the department of rehabilitation and correction, through its bureau of adult detention, under section 5120.10 of the Revised Code.

(5) The building or structure need not be renovated or modified into a secure detention facility in order to be used solely to confine a person for the purposes specified in divisions (B)(1)(a) or (b) and (B)(2)(a) or (b) of this section.

(6) The building or structure shall be used, equipped, furnished, and staffed in the manner necessary to provide adequate and suitable living, sleeping, food service or preparation, drinking, bathing and toilet, sanitation, and other necessary facilities, furnishings, and equipment.

(D) Except as provided in this section, a minimum security jail dedicated and used under this section shall be considered to be part of the jail, workhouse, or other correctional facilities of the county or the affiliated counties and municipal corporations for all purposes under the law. All persons confined in such a minimum security jail shall be and shall remain, in all respects, under the control of the county authority that has
responsibility for the management and operation of the jail, workhouse, or other correctional facilities of the county or, if it is operated by any affiliation of counties or municipal corporations, under the control of the specified county or municipal corporation with that authority, provided that, if the person was convicted of a felony and is serving a residential sanction in the facility, all provisions of law that pertain to persons convicted of a felony that would not by their nature clearly be inapplicable apply regarding the person. A minimum security jail dedicated and used under this section shall be managed and maintained in accordance with policies and procedures adopted by the board of county commissioners or the affiliated counties and municipal corporations governing the safe and healthful operation of the jail, the confinement and supervision of the persons sentenced to it, and their participation in work release or similar rehabilitation programs. In addition to other rules of conduct and discipline, the rights of ingress and egress of persons confined in a minimum security jail dedicated and used under this section shall be subject to reasonable restrictions. Every person confined in a minimum security jail dedicated and used under this section shall be given verbal and written notification, at the time of the person's admission to the jail, that purposely leaving, or purposely failing to return to, the jail without proper authority or permission constitutes the felony offense of escape.

(E) If a person who has been convicted of or pleaded guilty to an offense is sentenced to a term of imprisonment or a residential sanction in a minimum security jail as described in division (B)(1)(a) or (B)(2)(a) of this section, or if a person is an inmate transferred to a minimum security jail by order of a judge of the sentencing court as described in division (B)(1)(c) or (B)(2)(c) of this section, at the time of reception and at other times the person in charge of the operation of the jail
determines to be appropriate, the sheriff or other person in charge of the operation of the jail may cause the convicted offender to be examined and tested for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, and other contagious diseases. The person in charge of the operation of the jail may cause a convicted offender in the jail who refuses to be tested or treated for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, or another contagious disease to be tested and treated involuntarily.

Sec. 718.83. (A) On or before the last day of each month, the tax commissioner shall certify to the director of budget and management the amount to be paid to each municipal corporation, based on amounts reported on annual returns and declarations of estimated tax under sections 718.85 and 718.88 of the Revised Code, less any amounts previously distributed and net of any audit adjustments made or refunds granted by the commissioner, for the calendar month preceding the month in which the certification is made. Not later than the fifth day of each month, the director shall provide for payment of the amount certified to each municipal corporation from the municipal income net profit tax fund, plus a pro rata share of any investment earnings accruing to the fund since the previous payment under this section, and minus any reduction required by the commissioner under division (D) of this section. Each municipal corporation's share of such earnings shall equal the proportion that the municipal corporation's certified tax payment is of the total taxes certified to all municipal corporations in that quarter. All investment earnings on money in the municipal income net profit tax fund shall be credited to that fund.

(B) If the tax commissioner determines that the amount of tax paid by a taxpayer and distributed to a municipal corporation
under this section for a taxable year exceeds the amount payable

to that municipal corporation under sections 718.80 to 718.95 of
the Revised Code after accounting for amounts remitted with the
annual return and as estimated taxes, the commissioner shall
proceed according to divisions (A) and (B) of section 5703.77 of
the Revised Code.

(C) If the amount of a municipal corporation's net
distribution computed by the commissioner under division (A) of
this section is less than zero, the commissioner may notify the
municipal corporation of the deficiency. Within thirty days after
receiving such a notice, the municipal corporation shall pay an
amount equal to the deficiency to the treasurer of state. The
treasurer of state shall credit any payment received under this
division to the municipal net profit tax fund.

(D) If a municipal corporation fails to make a timely payment
required under division (C) of this section, the commissioner may
recover the deficiency using any or all of the following options:

(1) Deduct the amount of the deficiency from the next
distribution to that municipal corporation under division (A) of
this section or, if the amount of the deficiency exceeds the
amount of such distribution, withhold such distributions entirely
until the withheld amount equals the amount of the municipal
corporation's deficiency;

(2) Deduct the amount of the deficiency from the next payment
to that municipal corporation under division (A) of section
5745.05 of the Revised Code or, if the amount of the deficiency
exceeds the amount of such distribution, withhold such
distributions entirely until the withheld amount equals the amount
of the municipal corporation's deficiency;

(3) Deduct the amount of the deficiency from the municipal
corporation's share of the next payment made by the commissioner
under division (F) of section 321.24 of the Revised Code or, if
the amount of the deficiency exceeds the amount of the municipal
corporation's share of such payment, withhold the municipal
corporation's share of the payments entirely until the withheld
amount equals the amount of the municipal corporation's
deficiency.

(E) The total amount of payments and distributions withheld
from a municipal corporation under division (D) of this section
shall not exceed the unpaid portion of the municipal corporation's
net distribution deficiency. All amounts withheld under division
(D) of this section shall be credited to the municipal net profit
tax fund.

(F)(1) If the total amount in the municipal net profit tax
fund, exclusive of amounts credited to the fund under Chapter
5745. of the Revised Code, is insufficient to make all payments
under division (A) of this section and section 718.91 of the
Revised Code at the times the payments are to be made, the
director shall transfer from the general revenue fund to the
municipal net profit tax fund the difference between the total
amount to be paid under those sections and the total amount in the
municipal net profit tax fund, exclusive of amounts credited to
the fund under Chapter 5745. of the Revised Code.

(2) If a cash transfer is made from the general revenue fund
to the municipal net profit tax fund under division (F)(1) of this
section, the director and the commissioner shall jointly develop a
plan to repay the general revenue fund as soon as the director and
the commissioner deem practical.

(G) The commissioner may adopt rules necessary to administer
this section.

Sec. 718.85. (A)(1) For each taxable year, every taxpayer
shall file an annual return. Such return, along with the amount of
tax shown to be due on the return less the amount paid for the taxable year under section 718.88 of the Revised Code, shall be submitted to the tax commissioner, on a form and in the manner prescribed by the commissioner, on or before the fifteenth day of the fourth month following the end of the taxpayer's taxable year.

(2) If a taxpayer has multiple taxable years ending within one calendar year, the taxpayer shall aggregate the facts and figures necessary to compute the tax due under this chapter, in accordance with sections 718.81, 718.82, and, if applicable, 718.86 of the Revised Code onto its annual return.

(3) The remittance shall be made payable to the treasurer of state and in the form prescribed by the tax commissioner. If the amount payable with the tax return is ten dollars or less, no remittance is required.

(B) The tax commissioner shall immediately forward to the treasurer of state all amounts the commissioner receives pursuant to sections 718.80 to 718.95 of the Revised Code. The treasurer shall credit ninety-nine and one-half per cent of such amounts to the municipal income net profit tax fund, which is hereby created in the state treasury, and the remainder to the municipal income tax administrative fund established under section 5745.03 of the Revised Code.

(C)(1) Each return required to be filed under this section shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer, and shall include the taxpayer's identification number. Each return shall be verified by a declaration under penalty of perjury.

(2)(a) The tax commissioner may require a taxpayer to include, with each annual tax return, amended return, or request for refund filed with the commissioner under sections 718.80 to
718.95 of the Revised Code, copies of any relevant documents or other information.

(b) A taxpayer that files an annual tax return electronically through the Ohio business gateway or in another manner as prescribed by the tax commissioner shall either submit the documents required under this division electronically as prescribed at the time of filing or, if electronic submission is not available, mail the documents to the tax commissioner. The department of taxation shall publish a method of electronically submitting the documents required under this division on or before January 1, 2019.

(3) After a taxpayer files a tax return, the tax commissioner may request, and the taxpayer shall provide, any information, statements, or documents required to determine and verify the taxpayer's municipal income tax.

(D)(1)(a) Any taxpayer that has duly requested an automatic extension for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of a tax return with the commissioner under this section. The extended due date of the return shall be the fifteenth day of the tenth month after the last day of the taxable year to which the return relates.

(b) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may request that the commissioner grant the taxpayer a six-month extension of the date for filing the taxpayer's municipal income tax return. If the commissioner receives the request on or before the date the municipal income tax return is due, the commissioner shall grant the taxpayer's extension request.

(c) An extension of time to file under division (D)(1) of this section is not an extension of the time to pay any tax due
unless the tax commissioner grants an extension of that date.

(2) If the commissioner considers it necessary in order to ensure payment of a tax imposed in accordance with section 718.04 of the Revised Code, the commissioner may require taxpayers to file returns and make payments otherwise than as provided in this section, including taxpayers not otherwise required to file annual returns.

(E) Each return required to be filed in accordance with this section shall include a box that the taxpayer may check to authorize another person, including a tax return preparer who prepared the return, to communicate with the tax commissioner about matters pertaining to the return. The return or instructions accompanying the return shall indicate that by checking the box the taxpayer authorizes the commissioner to contact the preparer or other person concerning questions that arise during the examination or other review of the return and authorizes the preparer or other person only to provide the commissioner with information that is missing from the return, to contact the commissioner for information about the examination or other review of the return or the status of the taxpayer's refund or payments, and to respond to notices about mathematical errors, offsets, or return preparation that the taxpayer has received from the commissioner and has shown to the preparer or other person.

(F) When income tax returns or other documents require the signature of a tax return preparer, the tax commissioner shall accept a facsimile or electronic version of such a signature in lieu of a manual signature.

Sec. 718.90. (A) If any taxpayer required to file a return under section 718.80 to 718.95 of the Revised Code fails to file the return within the time prescribed, files an incorrect return, or fails to remit the full amount of the tax due for the period
covered by the return, the tax commissioner may make an assessment against the taxpayer for any deficiency for the period for which the return or tax is due, based upon any information in the commissioner's possession.

The tax commissioner shall not make or issue an assessment against a taxpayer more than three years after the later of the date the return subject to assessment was required to be filed or the date the return was filed. Such time limit may be extended if both the taxpayer and the commissioner consent in writing to the extension. Any such extension shall extend the three-year time limit in section 718.91 of the Revised Code for the same period of time. There shall be no bar or limit to an assessment against a taxpayer that fails to file a return subject to assessment as required by sections 718.80 to 718.95 of the Revised Code, or that files a fraudulent return. The commissioner shall give the taxpayer assessed written notice of the assessment as provided in section 5703.37 of the Revised Code. With the notice, the commissioner shall provide instructions on how to petition for reassessment and request a hearing on the petition.

(B) Unless the taxpayer assessed files with the tax commissioner within sixty days after service of the notice of assessment, either personally or by certified mail, a written petition for reassessment signed by the authorized agent of the taxpayer assessed having knowledge of the facts, the assessment becomes final, and the amount of the assessment is due and payable from the taxpayer to the treasurer of state. The petition shall indicate the taxpayer's objections, but additional objections may be raised in writing if received by the commissioner prior to the date shown on the final determination. If the petition has been properly filed, the commissioner shall proceed under section 5703.60 of the Revised Code.
(C) After an assessment becomes final, if any portion of the assessment remains unpaid, including accrued interest, a certified copy of the tax commissioner's entry making the assessment final may be filed in the office of the clerk of the court of common pleas in the county in which the taxpayer has an office or place of business in this state, the county in which the taxpayer's statutory agent is located, or Franklin county.

Immediately upon the filing of the entry, the clerk shall enter a judgment against the taxpayer assessed in the amount shown on the entry. The judgment may be filed by the clerk in a loose-leaf book entitled "special judgments for municipal income taxes," and shall have the same effect as other judgments.

Execution shall issue upon the judgment upon the request of the tax commissioner, and all laws applicable to sales on execution shall apply to sales made under the judgment.

If the assessment is not paid in its entirety within sixty days after the day the assessment was issued, the portion of the assessment consisting of tax due shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the day the commissioner issues the assessment until the assessment is paid or until it is certified to the attorney general for collection under section 131.02 of the Revised Code, whichever comes first. If the unpaid portion of the assessment is certified to the attorney general for collection, the entire unpaid portion of the assessment shall bear interest at the rate per annum prescribed by section 5703.47 of the Revised Code from the date of certification until the date it is paid in its entirety. Interest shall be paid in the same manner as the tax and may be collected by issuing an assessment under this section.

(D) All money collected under this section shall be credited to the municipal income net profit tax fund and distributed to the municipal corporation to which the money is owed based on the
assessment issued under this section.

(E) If the tax commissioner believes that collection of the tax will be jeopardized unless proceedings to collect or secure collection of the tax are instituted without delay, the commissioner may issue a jeopardy assessment against the taxpayer liable for the tax. Immediately upon the issuance of the jeopardy assessment, the commissioner shall file an entry with the clerk of the court of common pleas in the manner prescribed by division (C) of this section. Notice of the jeopardy assessment shall be served on the taxpayer assessed or the taxpayer's legal representative in the manner provided in section 5703.37 of the Revised Code within five days of the filing of the entry with the clerk. The total amount assessed is immediately due and payable, unless the taxpayer assessed files a petition for reassessment in accordance with division (B) of this section and provides security in a form satisfactory to the commissioner and in an amount sufficient to satisfy the unpaid balance of the assessment. Full or partial payment of the assessment does not prejudice the commissioner's consideration of the petition for reassessment.

(F) Notwithstanding the fact that a petition for reassessment is pending, the taxpayer may pay all or a portion of the assessment that is the subject of the petition. The acceptance of a payment by the treasurer of state does not prejudice any claim for refund upon final determination of the petition.

If upon final determination of the petition an error in the assessment is corrected by the tax commissioner, upon petition so filed or pursuant to a decision of the board of tax appeals or any court to which the determination or decision has been appealed, so that the amount due from the taxpayer under the corrected assessment is less than the portion paid, there shall be issued to the taxpayer, its assigns, or legal representative a refund in the amount of the overpayment as provided by section 718.91 of the...
Sec. 753.21. (A) As used in this section, "building or structure" includes, but is not limited to, a modular unit, building, or structure and a movable unit, building, or structure.

The legislative authority of a municipal corporation, by ordinance, also may dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for the municipal corporation.

Subject to divisions (B)(3) and (C) of this section, upon the effective date of such an ordinance, the specified building or structure shall be used, in accordance with this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of a municipal ordinance and is under the jurisdiction of the municipal corporation or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current...
behavior.

(b) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(2) The legislative authority of a municipal corporation, by ordinance, may affiliate with the county in which it is located, with one or more counties adjacent to the county in which it is located, or with one or more municipal corporations located within the county in which it is located or within an adjacent county, and dedicate and permit the use, as a minimum security jail, of any vacant or abandoned public building or structure owned by any of the affiliating counties or municipal corporations that has not been dedicated to or is not then in use for any public purpose, or any building or structure rented or leased by any of the affiliating counties or municipal corporations. The legislative authority of a municipal corporation, by ordinance, also may affiliate with one or more counties adjacent to the county in which it is located or with one or more municipal corporations located within the county in which it is located or within an adjacent county and dedicate and permit the use, as a minimum security jail, of any building or structure purchased by or constructed by or for any of the affiliating counties or municipal corporations. Any counties and municipal corporations that affiliate for purposes of this division shall enter into an agreement that establishes the responsibilities for the operation and for the cost of operation of the minimum security jail.

Subject to divisions (B)(3) and (C) of this section, upon the effective date of an ordinance adopted under this division, the specified building or structure shall be used, in accordance with
this section, for the confinement of persons who meet one of the following conditions:

(a) The person is sentenced to a term of imprisonment for a traffic violation, a misdemeanor, or a violation of an ordinance of a municipal corporation and is under the jurisdiction of any of the affiliating counties or municipal corporations or is sentenced to a residential sanction in the jail for a felony of the fourth or fifth degree pursuant to sections 2929.11 to 2929.19 of the Revised Code, and the jail administrator or the jail administrator's designee has classified the person as a minimal security risk. In determining the person's classification under this division, the administrator or designee shall consider all relevant factors, including, but not limited to, the person's escape risk and propensity for assaultive or violent behavior, based upon the person's prior and current behavior.

(b) The person is an inmate transferred by order of a judge of the sentencing court upon the request of the sheriff, jailer, or other person responsible for operating the jail other than a contractor as defined in section 9.06 of the Revised Code, who is named in the request as being suitable for confinement in a minimum security facility.

(3) No person shall be confined in a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section unless the judge who sentenced the person to the term of imprisonment for the traffic violation or the misdemeanor specifies that the term of imprisonment is to be served in that jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail or unless the judge who sentenced the person to the residential sanction for the felony specifies that the residential sanction is to be served in a jail, and division (B)(1) or (2) of this section permits the confinement of the person in that jail. If a rented or leased building or
structure is so dedicated, the building or structure may be used as a minimum security jail only during the period that it is rented or leased by the municipal corporation or by an affiliated county or municipal corporation. If a person convicted of a misdemeanor is confined to a building or structure dedicated as a minimum security jail under division (B)(1) or (2) of this section and the sheriff, administrator, jailer, or other person responsible for operating the jail other than a contractor as defined in division (H) of section 9.06 of the Revised Code determines that it would be more appropriate for the person so confined to be confined in another jail or workhouse facility, the sheriff, administrator, jailer, or other person may transfer the person so confined to a more appropriate jail or workhouse facility.

(C) All of the following apply in relation to a building or structure that is dedicated pursuant to division (B)(1) or (2) of this section for use as a minimum security jail:

(1) To the extent that the use of the building or structure as a minimum security jail requires a variance from any municipal corporation, county, or township zoning ordinances or regulations, the variance shall be granted.

(2) Except as provided in this section, the building or structure shall not be used to confine any person unless it is in substantial compliance with any applicable housing, fire prevention, sanitation, health, and safety codes, regulations, or standards.

(3) Unless such satisfaction or compliance is required under the standards described in division (C)(4) of this section, and notwithstanding any other provision of state or local law to the contrary, the building or structure need not satisfy or comply with any state or local building standard or code in order to be used to confine a person for the purposes specified in division...
(B) of this section.

(4) The building or structure shall not be used to confine any person unless it is in compliance with all minimum standards and minimum renovation, modification, and construction criteria for minimum security jails that have been proposed by the department of rehabilitation and correction, through its bureau of adult detention, under section 5120.10 of the Revised Code.

(5) The building or structure need not be renovated or modified into a secure detention facility in order to be used solely to confine a person for the purposes specified in divisions (B)(1)(a) and (B)(2)(a) of this section.

(6) The building or structure shall be used, equipped, furnished, and staffed to provide adequate and suitable living, sleeping, food service or preparation, drinking, bathing and toilet, sanitation, and other necessary facilities, furnishings, and equipment.

(D) Except as provided in this section, a minimum security jail dedicated and used under this section shall be considered to be part of the jail, workhouse, or other correctional facilities of the municipal corporation or the affiliated counties and municipal corporations for all purposes under the law. All persons confined in such a minimum security jail shall be and shall remain, in all respects, under the control of the authority of the municipal corporation that has responsibility for the management and operation of the jail, workhouse, or other correctional facilities of the municipal corporation or, if it is operated by any affiliation of counties or municipal corporations, under the control of the specified county or municipal corporation with that authority, provided that, if the person was convicted of a felony and is serving a residential sanction in the facility, all provisions of law that pertain to persons convicted of a felony that would not by their nature clearly be inapplicable apply.

In addition to other rules of conduct and discipline, the rights of ingress and egress of persons confined in a minimum security jail dedicated and used under this section shall be subject to reasonable restrictions. Every person confined in a minimum security jail dedicated and used under this section shall be given verbal and written notification, at the time of the person's admission to the jail, that purposely leaving, or purposely failing to return to, the jail without proper authority or permission constitutes the felony offense of escape.

(E) If a person who has been convicted of or pleaded guilty to an offense is sentenced to a term of imprisonment or a residential sanction in a minimum security jail as described in division (B)(1)(a) or (B)(2)(a) of this section, or if a person is an inmate transferred to a minimum security jail by order of a judge of the sentencing court as described in division (B)(1)(b) or (2)(b) of this section, at the time of reception and at other times the person in charge of the operation of the jail determines to be appropriate, the person in charge of the operation of the jail may cause the convicted offender to be examined and tested for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, and other contagious diseases. The person in charge of the operation of the jail may cause a convicted offender in the jail who refuses to be tested or treated for tuberculosis, HIV infection, hepatitis, including but not limited to hepatitis A, B, and C, or another contagious disease to
be tested and treated involuntarily.

Sec. 939.07. (A)(1) The director of agriculture may propose to require corrective actions and assess a civil penalty against the owner or operator of agricultural land or an animal feeding operation if the director or the director's designee determines that the owner or operator is doing one of the following:

(b) Not operating in accordance with an approved operation and management plan that is developed under division (A) of section 939.03 of the Revised Code, with an operation and management plan developed by the director or the director's designee under section 939.02 of the Revised Code or by the supervisors of the applicable soil and water conservation district under section 940.06 of the Revised Code, or with an operation and management plan required by the director under division (A)(2) of this section;

(2) The director may include in the corrective actions a requirement that an owner or operator do one of the following:

(a) Operate under an operation and management plan approved by the director or the director's designee under section 939.02 of the Revised Code;
(b) If the owner or operator has failed to operate in accordance with an existing operation and management plan, operate in accordance with that plan;

(d) If the owner or operator has failed to operate in accordance with an existing composting plan, operate in accordance with that plan.

(3) The director may impose a civil penalty only if all of the following occur:

(a) The owner or operator is notified in writing of the deficiencies resulting in noncompliance, the actions that the owner or operator must take to correct the deficiencies, and the time period within which the owner or operator must correct the deficiencies and attain compliance.

(b) After the time period specified in the notice has elapsed, the director or the director's designee has inspected the agricultural land or animal feeding operation, determined that the owner or operator is still not in compliance, and issued a notice of an adjudication hearing.

(c) The director affords the owner or operator an opportunity for an adjudication hearing under Chapter 119 of the Revised Code to challenge the determination of the director or the director's designee that the owner or operator is not in compliance or the imposition of the civil penalty, or both. However, the owner or operator may waive the right to an adjudication hearing.

(4) If the opportunity for an adjudication hearing is waived or if, after an adjudication hearing, the director determines that noncompliance has occurred or is occurring, the director may issue an order requiring compliance and assess the civil penalty. The
order and the assessment of the civil penalty may be appealed in accordance with section 119.12 of the Revised Code.

(5) A person who has violated rules adopted under division (E) of section 939.02 of the Revised Code shall pay a civil penalty in an amount established in rules adopted under that section.

(B) The attorney general, upon the written request of the director, shall bring an action for an injunction in any court of competent jurisdiction against a person violating or threatening to violate rules adopted under division (E) of section 939.02 of the Revised Code or an order issued under division (A)(4) of this section.

(C)(1) In lieu of imposing a civil penalty under division (A) of this section, the director may request the attorney general, in writing, to bring an action for a civil penalty in a court of competent jurisdiction against a person that has violated or is violating this chapter or a rule adopted under division (E) of section 939.02 of the Revised Code.

(D) In addition to any other penalties imposed under this section, the director may impose an administrative penalty against the owner or operator of agricultural land or an animal feeding operation if the director or the director's designee determines that the owner or operator is not in compliance with best management practices that are established in rules adopted under division (E) of section 939.02 of the Revised Code. The administrative penalty shall not exceed five thousand dollars.

The director shall afford the owner or operator an

(E) Notwithstanding any other provision in this section, if the director determines that an emergency exists requiring immediate action to protect public health or safety or the environment, the director may issue an order, without notice or adjudication hearing, stating the existence of the emergency and requiring that action be taken that is necessary to address the emergency. The order shall take effect immediately. A person to whom the order is issued shall comply immediately, but on application to the director shall be afforded an adjudication hearing in accordance with Chapter 119. of the Revised Code as soon as possible, but not later than thirty days after the director's receipt of the application. Following the hearing, the director shall continue the order in effect, revoke it, or modify it. The order may be appealed in accordance with section 119.12 of the Revised Code. An emergency order shall not remain in effect for more than one hundred twenty days after its issuance.

If a person to whom an order is issued does not comply with the order within a reasonable period of time as determined by the director, the director or the director's designee may enter on private or public lands to investigate and take action to mitigate, minimize, remove, or abate the conditions that are the subject of the order.

(F) A person that is responsible for causing or allowing the unauthorized spill, release, or discharge of manure or residual farm products is liable to the director for the costs incurred in investigating, mitigating, minimizing, removing, or abating the

A resident of any other state who owns real property in this state, and the spouse and children living with the property owner, may hunt on that property without a license, provided that the state of residence of the real property owner allows residents of this state owning real property in that state, and the spouse and children living with the property owner, to hunt without a license. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age and grandchildren under eighteen years of age may hunt on the land owned by the limited liability company or limited liability partnership without a hunting license. In addition, if the owner of land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's children of any age and grandchildren under eighteen years of age may hunt on the land owned by the trust without a hunting license. The tenant and children of the tenant, residing on lands in the state, may hunt on them without a hunting license.

(D) The chief of the division of wildlife may issue a small game hunting license expiring three days from the effective date of the license to a nonresident of the state, the fee for which shall be thirty-nine dollars unless otherwise provided in rules.
adopted under section 1533.09 of the Revised Code. No person shall take or possess deer, wild turkeys, fur-bearing animals, ducks, geese, brant, or any nongame animal while possessing only a small game hunting license.

A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of ducks, geese, or brant without having obtained, in addition to the small game hunting license or the apprentice nonresident hunting license, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code. A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of deer, wild turkeys, or fur-bearing animals. A nonresident of the state who wishes to take or possess deer, wild turkeys, or fur-bearing animals in this state shall procure, respectively, a deer or wild turkey permit as provided in section 1533.11 of the Revised Code or a fur taker permit as provided in section 1533.111 of the Revised Code in addition to a nonresident hunting license, an apprentice nonresident hunting license, a special youth hunting license, or an apprentice youth hunting license, as applicable, as provided in this section.

(E) No person shall procure or attempt to procure a hunting license by fraud, deceit, misrepresentation, or any false statement.

(F)(1) This section does not authorize the taking and possessing of deer or wild turkeys without first having obtained, in addition to the hunting license required by this section, a deer or wild turkey permit as provided in section 1533.11 of the Revised Code or the taking and possessing of ducks, geese, or brant without first having obtained, in addition to the hunting license required by this section, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code.

(2) This section does not authorize the hunting or trapping
of fur-bearing animals without first having obtained, in addition to a hunting license required by this section, a fur taker permit as provided in section 1533.111 of the Revised Code.

(G)(1) No hunting license shall be issued unless it is accompanied by a written explanation of the law in section 1533.17 of the Revised Code and the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed.

(2) No hunting license, other than an apprentice hunting license, shall be issued unless the applicant presents to the agent authorized to issue the license a previously held hunting license or evidence of having held such a license in content and manner approved by the chief, a certificate of completion issued upon completion of a hunter education and conservation course approved by the chief, or evidence of equivalent training in content and manner approved by the chief. A previously held apprentice hunting license does not satisfy the requirement concerning the presentation of a previously held hunting license or evidence of it.

(3) No person shall issue a hunting license, except an apprentice hunting license, to any person who fails to present the evidence required by this section. No person shall purchase or obtain a hunting license, other than an apprentice hunting license, without presenting to the issuing agent the evidence required by this section. Issuance of a hunting license in violation of the requirements of this section is an offense by both the purchaser of the illegally obtained hunting license and the clerk or agent who issued the hunting license. Any hunting license issued in violation of this section is void.

(H) The chief, with approval of the wildlife council, shall adopt rules prescribing a hunter education and conservation course for first-time hunting license buyers, other than buyers of
apprentice hunting licenses, and for volunteer instructors. The course shall consist of subjects including, but not limited to, hunter safety and health, use of hunting implements, hunting tradition and ethics, the hunter and conservation, the law in section 1533.17 of the Revised Code along with the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed, and other law relating to hunting. Authorized personnel of the division or volunteer instructors approved by the chief shall conduct such courses with such frequency and at such locations throughout the state as to reasonably meet the needs of license applicants. The chief shall issue a certificate of completion to each person who successfully completes the course and passes an examination prescribed by the chief.

Except as provided in this section, no person shall hunt wild turkeys on lands of another without first obtaining an annual wild turkey permit. A deer or wild turkey permit is valid during the hunting license year in which the permit is purchased. Except as provided in rules adopted under section 1533.09 or division (B) of that section 1533.731 of the Revised Code, each applicant for a deer or wild turkey permit shall pay an annual fee for each permit in accordance with the following schedule:

(4) Every person, while hunting deer or wild turkey on lands of another, shall carry the person's deer or wild turkey permit and exhibit it to any enforcement officer so requesting. Failure to so carry and exhibit such a permit constitutes an offense under this section.

(5) The chief of the division of wildlife shall adopt any additional rules the chief considers necessary to carry out this section and section 1533.10 of the Revised Code.
(6) An owner who is a resident of this state or an owner who is exempt from obtaining a hunting license under section 1533.10 of the Revised Code and the children of the owner of lands in this state may hunt deer or wild turkey thereon without a deer or wild turkey permit. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age may hunt deer or wild turkey on the land owned by the limited liability company or limited liability partnership without a deer or wild turkey permit. The tenant and children of the tenant may hunt deer or wild turkey on lands where they reside without a deer or wild turkey permit.

(B) A deer or wild turkey permit is not transferable. No person shall carry a deer or wild turkey permit issued in the name of another person.

(C) The wildlife refunds fund is hereby created in the state treasury. The fund shall consist of money received from application fees for deer permits that are not issued. Money in the fund shall be used to make refunds of such application fees.

(D) If the division establishes a system for the electronic submission of information regarding deer or wild turkey that are taken, the division shall allow the owner and the children of the owner of lands in this state to use the owner's name or address for purposes of submitting that information electronically via that system.
Sec. 1533.111. (A) Except as provided in this section or division (A)(2) of section 1533.12 of the Revised Code, no person shall hunt or trap fur-bearing animals on land of another without first obtaining some type of an annual fur taker permit. Each applicant for a fur taker permit or an apprentice fur taker permit shall pay an annual fee of fourteen dollars for the permit, except as otherwise provided in this section or unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a fur taker permit to the applicant free of charge. Except as provided in rules adopted under division (B)(2) of that section, each applicant who is a resident of this state and who at the time of application is sixty-six years of age or older shall procure a special senior fur taker permit or an apprentice senior fur taker permit, the fee for which shall be one-half of the regular permit fee. Each applicant under the age of eighteen years shall procure a special youth fur taker permit or an apprentice youth fur taker permit, the fee for which shall be one-half of the regular fur taker permit fee. (a) "Youth" means an applicant who is under the age of eighteen years at the time of application for a permit.

(b) "Senior" means an applicant who is sixty-six years of age or older at the time of application for a permit.

(C) Each type of fur taker permit is valid during the hunting license year in which the permit is purchased. The money received shall be paid into the state treasury to the credit of the fund established in section 1533.15 of the Revised Code. Apprentice fur taker permits and apprentice youth fur taker permits are subject to the requirements established under section 1533.102 of the Revised Code and rules adopted pursuant to it.

(D)(1) No person shall issue a fur taker permit unless it is accompanied by a written explanation of the law in section 1533.17 of the Revised Code and the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed.

(2) No person shall issue a fur taker permit, other than an apprentice fur taker permit or an apprentice youth fur taker permit, unless the applicant presents to the agent authorized to issue a fur taker permit a previously held hunting license or trapping or fur taker permit or evidence of having held such a license or permit in content and manner approved by the chief of the division of wildlife, a certificate of completion issued upon completion of a trapper education course approved by the chief, or evidence of equivalent training in content and manner approved by the chief. A previously held apprentice hunting license, apprentice fur taker permit, or apprentice youth fur taker permit does not satisfy the requirement concerning the presentation of a previously held hunting license or fur taker permit or evidence of such a license or permit.

(3) No person shall issue a fur taker permit, other than an
apprentice fur taker permit or an apprentice youth fur taker permit, to any person who fails to present the evidence required by this section. No person shall purchase or obtain a fur taker permit, other than an apprentice fur taker permit or an apprentice youth fur taker permit, without presenting to the issuing agent the evidence required by this section. Issuance of a fur taker permit in violation of the requirements of this section is an offense by both the purchaser of the illegally obtained permit and the clerk or agent who issued the permit. Any fur taker permit issued in violation of this section is void.

(E) The chief, with approval of the wildlife council, shall adopt rules prescribing a trapper education course for first-time fur taker permit buyers, other than buyers of apprentice fur taker permits or apprentice youth fur taker permits, and for volunteer instructors. The course shall consist of subjects that include, but are not limited to, trapping techniques, animal habits and identification, trapping tradition and ethics, the trapper and conservation, the law in section 1533.17 of the Revised Code along with the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed, and other law relating to trapping. Authorized personnel of the division of wildlife or volunteer instructors approved by the chief shall conduct the courses with such frequency and at such locations throughout the state as to reasonably meet the needs of permit applicants. The chief shall issue a certificate of completion to each person who successfully completes the course and passes an examination prescribed by the chief.

(F) Every person, while hunting or trapping fur-bearing animals on lands of another, shall carry the person's fur taker permit with the person's signature written on the permit. Failure to carry such a signed permit constitutes an offense under this section. The chief shall adopt any additional rules the chief
considers necessary to carry out this section.

(G) An owner who is a resident of this state or an owner who is exempt from obtaining a hunting license under section 1533.10 of the Revised Code and the children of the owner of lands in this state may hunt or trap fur-bearing animals thereon without a fur taker permit. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's or partner's children of any age may hunt or trap fur-bearing animals on the land owned by the limited liability company or limited liability partnership without a fur taker permit. In addition, if the owner of land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's children of any age may hunt or trap fur-bearing animals on the land owned by the trust without a fur taker permit. The tenant and children of the tenant may hunt or trap fur-bearing animals on lands where they reside without a fur taker permit.

(H) A fur taker permit is not transferable. No person shall carry a fur taker permit issued in the name of another person.

(I) A fur taker permit entitles a nonresident to take from this state fur-bearing animals taken and possessed by the nonresident as provided by law or division rule.

Sec. 1533.112. Except as provided in this section or unless otherwise provided by division rule, no person shall hunt ducks, geese, or brant on the lands of another without first obtaining an annual wetlands habitat stamp. The annual fee for the wetlands habitat stamp shall be fourteen dollars for each stamp unless the otherwise provided in rules adopted under section 1533.09 or
division (B) of section 1533.12 provide for issuance of a wetlands habitat stamp to the applicant free of charge of the Revised Code.

Moneys received from the stamp fee shall be paid into the state treasury to the credit of the wetlands habitat fund, which is hereby established. Moneys shall be paid from the fund on the order of the director of natural resources for the following purposes:

(A) Sixty per cent for projects that the division approves for the acquisition, development, management, or preservation of waterfowl areas within the state;

(B) Forty per cent for contribution by the division to an appropriate nonprofit organization for the acquisition, development, management, or preservation of lands and waters within the United States or Canada that provide or will provide habitat for waterfowl with migration routes that cross this state.

No moneys derived from the issuance of wetlands habitat stamps shall be spent for purposes other than those specified by this section. All investment earnings of the fund shall be credited to the fund.

Wetlands habitat stamps shall be furnished by and in a form prescribed by the chief of the division of wildlife and issued by clerks and other agents authorized to issue licenses and permits under section 1533.13 of the Revised Code. The record of stamps kept by the clerks and other agents shall be uniform throughout the state, in such form or manner as the director prescribes, and open at all reasonable hours to the inspection of any person. Unless otherwise provided by rule, each stamp shall remain in force until midnight of the thirty-first day of August next ensuing. Wetlands habitat stamps may be issued in any manner to any person on any date, whether or not that date is within the period in which they are effective.
Every person to whom this section applies, while hunting ducks, geese, or brant, shall carry an unexpired wetlands habitat stamp that is validated by the person's signature written on the stamp in ink and shall exhibit the stamp to any enforcement officer so requesting. No person shall fail to carry and exhibit the person's stamp.

A wetlands habitat stamp is not transferable.

The chief shall establish a procedure to obtain subject matter to be printed on the wetlands habitat stamp and shall use, dispose of, or distribute the subject matter as the chief considers necessary. The chief also shall adopt rules necessary to administer this section.

This section does not apply to persons under sixteen years of age nor to persons exempted from procuring a hunting license under section 1533.10 or division (A)(2) of section 1533.12 of the Revised Code.

Sec. 1533.32. (A) Except as provided in this section or division (A)(2) or (C) of section 1533.12 of the Revised Code or as exempted at the discretion of the chief of the division of wildlife, no person, including nonresidents, shall take or catch any fish by angling in any of the waters in the state or engage in fishing in those waters without a license. No person shall take or catch frogs or turtles without a valid fishing license, except as provided in this section. Persons fishing in privately owned ponds, lakes, or reservoirs to or from which fish are not accustomed to migrate are exempt from the license requirements set forth in this section. Persons fishing in privately owned ponds, lakes, or reservoirs that are open to public fishing through an agreement or lease with the division of wildlife shall comply with the license requirements set forth in this section.

(B)(1) The fee for an annual license shall be forty-nine
dollars for a resident of a state that is not a party to an agreement under section 1533.91 of the Revised Code. The fee for an annual license shall be eighteen dollars for a resident of a state that is a party to such an agreement. The fee for an annual license for residents of this state shall be eighteen dollars unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a resident fishing license to the applicant free of charge. Except as provided in rules adopted under division (B)(2) of that section, each applicant who is a resident of this state and who at the time of application is sixty-six years of age or older shall procure a special senior fishing license, the fee for which shall be one-half of the annual resident fishing license fee.

(2) Except as otherwise provided in rules adopted under section 1533.09 or division (B) of section 1533.12 of the Revised Code, each applicant for a fishing license shall pay a fee for each license in accordance with the following schedule:

(2) As used in division (B)(1) of this section:

(a) "Reciprocal state" means a state that is a party to an agreement under section 1533.91 of the Revised Code.

(b) "Senior" means an applicant who is sixty-six years of age or older at the time of application for a license.
(3) Any person under the age of sixteen years may take or catch frogs and turtles and take or catch fish by angling without a license.

(C)(1) The chief of the division of wildlife may issue a tourist's license expiring three days from the effective date of the license to a resident of a state that is not a party to an agreement under section 1533.91 of the Revised Code. The fee for a tourist's license shall be eighteen dollars.

(2) The chief shall adopt rules under section 1531.10 of the Revised Code providing for the issuance of a one-day fishing license to a resident of this state or of any other state. The fee for such a license shall be fifty-five per cent of the amount established under this section for a tourist's license, rounded up to the nearest whole dollar. A one-day fishing license shall allow the holder to take or catch fish by angling in the waters in the state, engage in fishing in those waters, or take or catch frogs or turtles in those waters for one day without obtaining an annual license or a tourist's license under this section. At the request of a holder of a one-day fishing license who wishes to obtain an annual license, a clerk or agent authorized to issue licenses under section 1533.13 of the Revised Code, not later than the last day on which the one-day license would be valid if it were an annual license, shall credit the amount of the fee paid for the one-day license toward the fee charged for the annual license if so authorized by the chief. The clerk or agent shall issue the annual license upon presentation of the one-day license and payment of a fee in an amount equal to the difference between the fee for the annual license and the fee for the one-day license.

(3) Unless otherwise provided by division rule, each annual license shall begin on the date of issuance and expire a year from the date of issuance.

(4) Unless otherwise provided by division rule, each
multi-year license issued in accordance with section 1533.321 of the Revised Code shall begin on the date of issuance and expire three years, five years, or ten years from the date of issuance, as applicable.

(5) No person shall alter a fishing license or possess a fishing license that has been altered.

(6) No person shall procure or attempt to procure a fishing license by fraud, deceit, misrepresentation, or any false statement.

(7) A resident of this state who owns land over, through, upon, or along which any water flows or stands, except where the land is in or borders on state parks or state-owned lakes, together with the members of the immediate families of such owners, may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught therefrom without procuring a license provided for in this section. This exemption extends to tenants actually residing upon such lands and to the members of the immediate families of the tenants. A resident of any other state who owns land in this state over, through, upon, or along which any water flows or stands, except where the land is in or borders on state parks or state-owned lakes, and the spouse and children living with the owner, may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught from that water without obtaining a license under this section, provided that the state of residence of the owner allows residents of this state owning real property in that state, and the spouse and children living with such a property owner, to take frogs and turtles and take or catch fish without a license. If the owner of such land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable, an individual member or partner who is a resident of this state and the member's
or partner's children of any age may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught therefrom without procuring a license provided for in this section. In addition, if the owner of such land in this state is a trust that has a total of three or fewer trustees and beneficiaries, an individual who is a trustee or beneficiary and who is a resident of this state and the individual's children of any age may take frogs and turtles and may take or catch fish of the kind permitted to be taken or caught therefrom without procuring a license provided for in this section. Residents of state or county institutions, charitable institutions, and military homes in this state may take frogs and turtles without procuring the required license, provided that a member of the institution or home has an identification card, which shall be carried on that person when fishing.

(8) Every fisher required to be licensed, while fishing or taking or attempting to take frogs or turtles, shall carry the license and exhibit it to any person. Failure to so carry and exhibit the license constitutes an offense under this section.

**Sec. 1533.321.** (A) The chief of the division of wildlife may issue any of the following:

(B) The chief may adopt rules in accordance with section 1531.10 of the Revised Code governing multi-year hunting and
fishing licenses, lifetime hunting and fishing licenses, and combination packages, including rules establishing fees for the combination packages. The chief shall ensure that the price for a combination package is not discounted by more than five per cent of the total fees for the licenses, permits, or stamps that a person would otherwise pay for those licenses, permits, or stamps if the person purchased them individually.

(C)(1) The multi-year and lifetime license fund is hereby created in the state treasury. The fund shall consist of money received from application fees for multi-year and lifetime hunting and fishing licenses.

(2) Each fiscal year, a prorated amount of the money from each multi-year and lifetime license fee shall be transferred from the multi-year and lifetime license fund to the fund into which the applicable single year license fee would otherwise be deposited. The prorated amount shall equal the total amount of the fee charged for the license divided by the number of years the license is valid. The chief shall adopt rules in accordance with section 1531.10 of the Revised Code for the administration of this division, including establishing a system that prorates lifetime license fees for deposit each year into the wildlife fund created in section 1531.17 of the Revised Code.

(3) Each fiscal year, all previous year's investment earnings from the multi-year and lifetime license fund shall be transferred into the wildlife fund created in section 1531.17 of the Revised Code.

Sec. 1561.011. Except as provided in section 1561.24 of the Revised Code, nothing in this chapter applies to activities that are permitted and regulated under Chapter 1514. of the Revised Code.

Sec. 1711.53. (A)(1) No person shall operate an amusement ride within the state without a permit issued by the director of agriculture under division (A)(2) of this section. The owner of an amusement ride, whether the ride is a temporary amusement ride or a permanent amusement ride, who desires to operate the amusement ride within the state shall, prior to the operation of the amusement ride and annually thereafter, submit to the department of agriculture an application for a permit, together with the appropriate permit and inspection fee, on a form to be furnished by the department. Prior to issuing any permit the department shall, within thirty days after the date on which it receives the application, inspect each amusement ride described in the application. The owner of an amusement ride shall have the amusement ride ready for inspection not later than two hours after the time that is requested by the person for the inspection.

(2) For each amusement ride found to comply with the rules adopted by the director under division (B) of this section and division (B) of section 1711.551 of the Revised Code, the director

owner of the amusement ride shall affix the decal on the ride at a
location where the decal is easily visible to the patrons of the
ride. A copy of the permit shall be kept on file at the same
address as the location of the amusement ride identified on the
permit, and shall be made available for inspection, upon
reasonable demand, by any person. An owner may operate an
amusement ride prior to obtaining a permit, provided that the
operation is for the purpose of testing the amusement ride or
training amusement ride operators and other employees of the owner
and the amusement ride is not open to the public.

(B) The director, in accordance with Chapter 119. of the
Revised Code, shall adopt rules providing for a schedule of fines,
with no fine exceeding five thousand dollars, for violations of
sections 1711.50 to 1711.57 of the Revised Code or any rules
adopted under this division and for the classification of
amusement rides and rules for the safe operation and inspection of
all amusement rides as are necessary for amusement ride safety and
for the protection of the general public. Rules adopted by the
director for the safe operation and inspection of amusement rides
shall be reasonable and based upon generally accepted engineering
standards and practices. In adopting rules under this section, the
director may adopt by reference, in whole or in part, the national
fire code or the national electrical code (NEC) prepared by the
national fire protection association, the standards of the
American society for testing and materials (ASTM) or the American
national standards institute (ANSI), or any other principles,
tests, or standards of nationally recognized technical or
scientific authorities. Insofar as is practicable and consistent with sections 1711.50 to 1711.57 of the Revised Code, rules adopted under this division shall be consistent with the rules of other states. The department shall cause sections 1711.50 to 1711.57 of the Revised Code and the rules adopted in accordance with this division and division (B) of section 1711.551 of the Revised Code to be published in pamphlet form and a copy to be furnished without charge to each owner of an amusement ride who holds a current permit or is an applicant therefor.

(C) With respect to an application for a permit for an amusement ride, an owner may apply to the director for a waiver or modification of any rule adopted under division (B) of this section if there are practical difficulties or unnecessary hardships for the amusement ride to comply with the rules. Any application shall set forth the reasons for the request. The director, with the approval of the advisory council on amusement ride safety, may waive or modify the application of a rule to any amusement ride if the public safety is secure. Any authorization by the director under this division shall be in writing and shall set forth the conditions under which the waiver or modification is authorized, and the department shall retain separate records of all proceedings under this division.

(D)(1) The director shall employ and provide for training of a chief inspector and additional inspectors and employees as may be necessary to administer and enforce sections 1711.50 to 1711.57 of the Revised Code. The director may appoint or contract with other persons to perform inspections of amusement rides, provided that the persons meet the qualifications for inspectors established by rules adopted under division (B) of this section and are not owners, or employees of owners, of any amusement ride subject to inspection under sections 1711.50 to 1711.57 of the Revised Code. No person shall inspect an amusement ride who,
within six months prior to the date of inspection, was an employee of the owner of the ride.

(2) Before the director contracts with other persons to inspect amusement rides, the director shall seek the advice of the advisory council on amusement ride safety on whether to contract with those persons. The advice shall not be binding upon the director. After having received the advice of the council, the director may proceed to contract with inspectors in accordance with the procedures specified in division (E)(2) of section 1711.11 of the Revised Code.

(3) With the advice and consent of the advisory council on amusement ride safety, the director may employ a special consultant to conduct an independent investigation of an amusement ride accident. Failure to have amusement ride ready for inspection 7964
per ride $ 100 7965

The go kart inspection fee is in addition to the inspection fee for the go kart track.

The director shall adopt rules in accordance with Chapter 119. of the Revised Code establishing an annual fee that is less than one hundred five fifty-four dollars for an inspection and reinspection of an inflatable ride. In adopting the rules, the director shall ensure that the fee reasonably reflects the costs of inspection and reinspection of an inflatable ride. If the director issues a permit for an inflatable ride for a time period of less than one year, the director shall charge a prorated fee for the permit equal to one-twelfth of the annual permit fee multiplied by the number of full months for which the permit is issued.

The fees for an expedited inspection, failure to cancel a scheduled inspection, and failure to have an amusement ride ready for inspection do not apply to go karts.

As used in division (E)(1) of this section, "expedited inspection" means an inspection of an amusement ride by the department not later than ten days after the owner of the amusement ride files an application for a permit under this section.

(2) All fees and fines collected by the department under sections 1711.50 to 1711.57 of the Revised Code shall be deposited in the state treasury to the credit of the amusement ride inspection fund, which is hereby created, and shall be used only for the purpose of administering and enforcing sections 1711.11 and 1711.50 to 1711.57 of the Revised Code.
(3) The owner of an amusement ride shall be required to pay a reinspection fee only if the reinspection was conducted at the owner's request under division (F) of this section, if the reinspection is required by division (F) of this section because of an accident, or if the reinspection is required by division (F) of section 1711.55 of the Revised Code. If a reinspection is conducted at the request of the chief officer of a fair, festival, or event where the ride is operating, the reinspection fee shall be charged to the fair, festival, or event.

(4) The rules adopted under division (B) of this section shall define "roller coaster," "aerial lifts," "go karts," and "other rides" for purposes of determining the fees under division (E) of this section. The rules shall define "other rides" to include go kart tracks.

(F) A reinspection of an amusement ride shall take place if an accident occurs, if the owner of the ride or the chief officer of the fair, festival, or event where the ride is operating requests a reinspection, or if the reinspection is required by division (F) of section 1711.55 of the Revised Code.

(G) As a supplement to its annual inspection of a temporary amusement ride, the department may inspect the ride during each scheduled event, as listed in the schedule of events provided to the department by the owner pursuant to division (C) of section 1711.55 of the Revised Code, at which the ride is operated in this state. These supplemental inspections are in addition to any other inspection or reinspection of the ride as may be required under sections 1711.50 to 1711.57 of the Revised Code, and the owner of the temporary amusement ride is not required to pay an inspection or reinspection fee for this supplemental inspection. Nothing in this division shall be construed to prohibit the owner of a temporary amusement ride having a valid permit to operate in this state from operating the ride at a scheduled event before the
department conducts a supplemental inspection.

(H) The department may annually conduct a midseason operational inspection of every amusement ride upon which it conducts an annual inspection pursuant to division (A) of this section. The midseason operational inspection is in addition to any other inspection or reinspection of the amusement ride as may be required pursuant to sections 1711.50 to 1711.57 of the Revised Code. The owner of an amusement ride shall submit to the department, at the time determined by the department, the midseason operational inspection fee specified in division (E) of this section. The director, in accordance with Chapter 119. of the Revised Code, shall adopt rules specifying the time period during which the department will conduct midseason operational inspections.

In those circumstances, divisions (A) and (B) of section 2152.12 of the Revised Code do not apply regarding the act, and the case charging the person with committing the act shall be a criminal prosecution commenced and heard in the appropriate court having jurisdiction of the offense as if the person had been eighteen years of age or older when the person committed the act. A person identified in a complaint or motion filed by a party to the proceedings as a proposed legal custodian shall be awarded legal custody of the child only if the person identified signs a statement of understanding for legal custody that contains at least the following provisions:

(a) That it is the intent of the person to become the legal custodian of the child and the person is able to assume legal responsibility for the care and supervision of the child;

(b) That the person understands that legal custody of the child in question is intended to be permanent in nature and that the person will be responsible as the custodian for the child until the child reaches the age of majority. (4) Commit the child to the permanent custody of a public children services agency or private child placing agency, if the court determines in accordance with division (E) of section 2151.414 of the Revised Code that the child cannot be placed with one of the child's parents within a reasonable time or should not be placed with either parent and determines in accordance with division (D)(1) of section 2151.414 of the Revised Code that the permanent commitment is in the best interest of the child. If the court grants permanent custody under this division, the court, upon the request of any party, shall file a written opinion setting forth its findings of fact and conclusions of law in relation to the proceeding.

(5) Place the child in a planned permanent living arrangement with a public children services agency or private child placing agency, if a public children services agency or private child placing agency requests the court to place the child in a planned permanent living arrangement and if the court finds, by clear and convincing evidence, that a planned permanent living arrangement is in the best interest of the child, that the child is sixteen
years of age or older, and that one of the following exists:

(a) The child, because of physical, mental, or psychological problems or needs, is unable to function in a family-like setting and must remain in residential or institutional care now and for the foreseeable future beyond the date of the dispositional hearing held pursuant to section 2151.35 of the Revised Code.

(b) The parents of the child have significant physical, mental, or psychological problems and are unable to care for the child because of those problems, adoption is not in the best interest of the child, as determined in accordance with division (D)(1) of section 2151.414 of the Revised Code, and the child retains a significant and positive relationship with a parent or relative.

(B)(1) When making a determination on whether to place a child in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section, the court shall consider all relevant information that has been presented to the court, including information gathered from the child, the child's guardian ad litem, and the public children services agency or private child placing agency.
(2) A child who is placed in a planned permanent living arrangement pursuant to division (A)(5)(b) or (c) of this section shall be placed in an independent living setting or in a family setting in which the caregiver has been provided by the agency that has custody of the child with a notice that addresses the following:

(C) No order for permanent custody or temporary custody of a child or the placement of a child in a planned permanent living arrangement shall be made pursuant to this section unless the complaint alleging the abuse, neglect, or dependency contains a prayer requesting permanent custody, temporary custody, or the placement of the child in a planned permanent living arrangement as desired, the summons served on the parents of the child contains as is appropriate a full explanation that the granting of an order for permanent custody permanently divests them of their
parental rights, a full explanation that an adjudication that the
child is an abused, neglected, or dependent child may result in an
order of temporary custody that will cause the removal of the
child from their legal custody until the court terminates the
order of temporary custody or permanently divests the parents of
their parental rights, or a full explanation that the granting of
an order for a planned permanent living arrangement will result in
the removal of the child from their legal custody if any of the
conditions listed in divisions (A)(5)(a) to (c) of this section
are found to exist, and the summons served on the parents contains
a full explanation of their right to be represented by counsel and
to have counsel appointed pursuant to Chapter 120. of the Revised
Code if they are indigent.

If after making disposition as authorized by division (A)(2)
of this section, a motion is filed that requests permanent custody
of the child, the court may grant permanent custody of the child
to the movant in accordance with section 2151.414 of the Revised
Code.

(D) If the court issues an order for protective supervision
pursuant to division (A)(1) of this section, the court may place
any reasonable restrictions upon the child, the child's parents,
guardian, or custodian, or any other person, including, but not
limited to, any of the following:

(2) In any civil or criminal action or proceeding in which it is alleged and proved that participation in the making of a report under this section was not in good faith or participation in a judicial proceeding resulting from a report made under this section was not in good faith, the court shall award the prevailing party reasonable attorney's fees and costs and, if a civil action or proceeding is voluntarily dismissed, may award reasonable attorney's fees and costs to the party against whom the civil action or proceeding is brought.

Except as otherwise provided in this division, illegal distribution of cigarettes, other tobacco products, or alternative nicotine products is a misdemeanor of the fourth degree. If the offender previously has been convicted of a violation of division (B)(1), (2), (4), (5), or (6) or (C) of this section, illegal distribution of cigarettes, other tobacco products, or alternative nicotine products is a misdemeanor of the third degree.

(2) Whoever violates division (B)(3) of this section is guilty of permitting children a person under twenty-one years of age to use cigarettes, other tobacco products, or alternative nicotine products. Except as otherwise provided in this division, permitting children a person under twenty-one years of age to use cigarettes, other tobacco products, or alternative nicotine products is a misdemeanor of the fourth degree. If the offender previously has been convicted of a violation of division (B)(3) of this section, permitting children a person under twenty-one years of age to use cigarettes, other tobacco products, or alternative nicotine products is a misdemeanor of the third degree.

(G) Any cigarettes, other tobacco products, alternative nicotine products, or papers used to roll cigarettes that are given, sold, or otherwise distributed to a child person under twenty-one years of age in violation of this section and that are used, possessed, purchased, or received by a child person under twenty-one years of age in violation of section 2151.87 of the Revised Code are subject to seizure and forfeiture as contraband under Chapter 2981. of the Revised Code.
Sec. 2927.022. (A) A seller or an agent or employee of a seller may not be found guilty of a charge of a violation of section 2927.02 of the Revised Code in which the age of the purchaser or other recipient of cigarettes, other tobacco products, or alternative nicotine products is an element of the alleged violation, if the seller, agent, or employee raises and proves as an affirmative defense that all of the following occurred:

(1) A card holder attempting to purchase or receive cigarettes, other tobacco products, or alternative nicotine products presented a driver's or commercial driver's license or an identification card.

(2) A transaction scan of the driver's or commercial driver's license or identification card that the card holder presented indicated that the license or card was valid.

(3) The cigarettes, other tobacco products, or alternative nicotine products were sold, given away, or otherwise distributed to the card holder in reasonable reliance upon the identification presented and the completed transaction scan.

(B) In determining whether a seller or an agent or employee of a seller has proven the affirmative defense provided by division (A) of this section, the trier of fact in the action for the alleged violation of section 2927.02 of the Revised Code shall consider any written policy that the seller has adopted and implemented and that is intended to prevent violations of section 2927.02 of the Revised Code. For purposes of division (A)(3) of this section, the trier of fact shall consider that reasonable reliance upon the identification presented and the completed transaction scan may require a seller or an agent or employee of a seller to exercise reasonable diligence to determine, and that the use of a transaction scan device does not excuse a seller or an
agent or employee of a seller from exercising reasonable diligence to determine, the following:

(1) Whether a person to whom the seller or agent or employee of a seller sells, gives away, or otherwise distributes cigarettes, other tobacco products, or alternative nicotine products is eighteen twenty-one years of age or older;

(2) Whether the description and picture appearing on the driver's or commercial driver's license or identification card presented by a card holder is that of the card holder.

(C) In any criminal action in which the affirmative defense provided by division (A) of this section is raised, the registrar of motor vehicles or a deputy registrar who issued an identification card under sections 4507.50 to 4507.52 of the Revised Code shall be permitted to submit certified copies of the records of that issuance in lieu of the testimony of the personnel of or contractors with the bureau of motor vehicles in the action.

Sec. 2929.13. (A) Except as provided in division (E), (F), or (G) of this section and unless a specific sanction is required to be imposed or is precluded from being imposed pursuant to law, a court that imposes a sentence upon an offender for a felony may impose any sanction or combination of sanctions on the offender that are provided in sections 2929.14 to 2929.18 of the Revised Code.

If the offender is eligible to be sentenced to community control sanctions, the court shall consider the appropriateness of imposing a financial sanction pursuant to section 2929.18 of the Revised Code or a sanction of community service pursuant to section 2929.17 of the Revised Code as the sole sanction for the offense. Except as otherwise provided in this division, if the court is required to impose a mandatory prison term for the offense for which sentence is being imposed, the court also shall
impose any financial sanction pursuant to section 2929.18 of the Revised Code that is required for the offense and may impose any other financial sanction pursuant to that section but may not impose any additional sanction or combination of sanctions under section 2929.16 or 2929.17 of the Revised Code.

If the offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, in addition to the mandatory term of local incarceration or the mandatory prison term required for the offense by division (G)(1) or (2) of this section, the court shall impose upon the offender a mandatory fine in accordance with division (B)(3) of section 2929.18 of the Revised Code and may impose whichever of the following is applicable:

(1) For a fourth degree felony OVI offense for which sentence is imposed under division (G)(1) of this section, an additional community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code. If the court imposes upon the offender a community control sanction and the offender violates any condition of the community control sanction, the court may take any action prescribed in division (B) of section 2929.15 of the Revised Code relative to the offender, including imposing a prison term on the offender pursuant to that division.

(2) For a third or fourth degree felony OVI offense for which sentence is imposed under division (G)(2) of this section, an additional prison term as described in division (B)(4) of section 2929.14 of the Revised Code or a community control sanction as described in division (G)(2) of this section.

(B)(1)(a) Except as provided in division (B)(1)(b) of this section, if an offender is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense, the court shall
sentence the offender to a community control sanction or combination of community control sanctions if all of the following apply:

(i) The offender previously has not been convicted of or pleaded guilty to a felony offense.

(ii) The most serious charge against the offender at the time of sentencing is a felony of the fourth or fifth degree.

(iii) If the court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of this section, the department, within the forty-five-day period specified in that division, provided the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court.

(iv) The offender previously has not been convicted of or pleaded guilty to a misdemeanor offense of violence that the offender committed within two years prior to the offense for which sentence is being imposed.

(b) The court has discretion to impose a prison term upon an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense if any of the following apply:

(i) The offender committed the offense while having a firearm on or about the offender's person or under the offender's control.

(ii) If the offense is a qualifying assault offense, the offender caused serious physical harm to another person while committing the offense, and, if the offense is not a qualifying assault offense, the offender caused physical harm to another person while committing the offense.

(iii) The offender violated a term of the conditions of bond
as set by the court.

(iv) The court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of this section, and the department, within the forty-five day period specified in that division, did not provide the court with the name of, contact information for, and program details of any community control sanction that is available for persons sentenced by the court.

(v) The offense is a sex offense that is a fourth or fifth degree felony violation of any provision of Chapter 2907. of the Revised Code.

(vi) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person with a deadly weapon.

(vii) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person, and the offender previously was convicted of an offense that caused physical harm to a person.

(viii) The offender held a public office or position of trust, and the offense related to that office or position; the offender's position obliged the offender to prevent the offense or to bring those committing it to justice; or the offender's professional reputation or position facilitated the offense or was likely to influence the future conduct of others.

(ix) The offender committed the offense for hire or as part of an organized criminal activity.

(x) The offender at the time of the offense was serving, or the offender previously had served, a prison term.

(xi) The offender committed the offense while under a community control sanction, while on probation, or while released.
from custody on a bond or personal recognizance.

(c) If a court that is sentencing an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense believes that no community control sanctions are available for its use that, if imposed on the offender, will adequately fulfill the overriding principles and purposes of sentencing, the court shall contact the department of rehabilitation and correction and ask the department to provide the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court. Not later than forty-five days after receipt of a request from a court under this division, the department shall provide the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court, if any. Upon making a request under this division that relates to a particular offender, a court shall defer sentencing of that offender until it receives from the department the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions that are available for persons sentenced by the court within the forty-five day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies.
department does not provide the court with the names of, contact
information for, and program details of one or more community
control sanctions that are available for persons sentenced by the
court within the forty-five-day period specified in this division,
the court may impose upon the offender a prison term under
division (B)(1)(b)(iv) of this section.

(d) A sentencing court may impose an additional penalty under
division (B) of section 2929.15 of the Revised Code upon an
offender sentenced to a community control sanction under division
(B)(1)(a) of this section if the offender violates the conditions
of the community control sanction, violates a law, or leaves the
state without the permission of the court or the offender's
probation officer.

(2) If division (B)(1) of this section does not apply, except
as provided in division (E), (F), or (G) of this section, in
determining whether to impose a prison term as a sanction for a
felony of the fourth or fifth degree, the sentencing court shall
comply with the purposes and principles of sentencing under
section 2929.11 of the Revised Code and with section 2929.12 of
the Revised Code.

(C) Except as provided in division (D), (E), (F), or (G) of
this section, in determining whether to impose a prison term as a
sanction for a felony of the third degree or a felony drug offense
that is a violation of a provision of Chapter 2925. of the Revised
Code and that is specified as being subject to this division for
purposes of sentencing, the sentencing court shall comply with the
purposes and principles of sentencing under section 2929.11 of the
Revised Code and with section 2929.12 of the Revised Code.

(D)(1) Except as provided in division (E) or (F) of this
section, for a felony of the first or second degree, for a felony
drug offense that is a violation of any provision of Chapter
2925., 3719., or 4729. of the Revised Code for which a presumption
in favor of a prison term is specified as being applicable, and for a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code for which a presumption in favor of a prison term is specified as being applicable, it is presumed that a prison term is necessary in order to comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code. Division (D)(2) of this section does not apply to a presumption established under this division for a violation of division (A)(4) of section 2907.05 of the Revised Code.

(2) Notwithstanding the presumption established under division (D)(1) of this section for the offenses listed in that division other than a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code, the sentencing court may impose a community control sanction or a combination of community control sanctions instead of a prison term on an offender for a felony of the first or second degree or for a felony drug offense that is a violation of any provision of Chapter 2925., 3719., or 4729. of the Revised Code for which a presumption in favor of a prison term is specified as being applicable if it makes both of the following findings:

(a) A community control sanction or a combination of community control sanctions would adequately punish the offender and protect the public from future crime, because the applicable factors under section 2929.12 of the Revised Code indicating a lesser likelihood of recidivism outweigh the applicable factors under that section indicating a greater likelihood of recidivism.

(b) A community control sanction or a combination of community control sanctions would not demean the seriousness of the offense, because one or more factors under section 2929.12 of the Revised Code that indicate that the offender's conduct was less serious than conduct normally constituting the offense are applicable, and they outweigh the applicable factors under that
section that indicate that the offender's conduct was more serious than conduct normally constituting the offense.

(E)(1) Except as provided in division (F) of this section, for any drug offense that is a violation of any provision of Chapter 2925. of the Revised Code and that is a felony of the third, fourth, or fifth degree, the applicability of a presumption under division (D) of this section in favor of a prison term or of division (B) or (C) of this section in determining whether to impose a prison term for the offense shall be determined as specified in section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code, whichever is applicable regarding the violation.

(2) If an offender who was convicted of or pleaded guilty to a felony violates the conditions of a community control sanction imposed for the offense solely by reason of producing positive results on a drug test or by acting pursuant to division (B)(2)(b) of section 2925.11 of the Revised Code with respect to a minor drug possession offense, the court, as punishment for the violation of the sanction, shall not order that the offender be imprisoned unless the court determines on the record either of the following:

(a) The offender had been ordered as a sanction for the felony to participate in a drug treatment program, in a drug education program, or in narcotics anonymous or a similar program, and the offender continued to use illegal drugs after a reasonable period of participation in the program.

(b) The imprisonment of the offender for the violation is consistent with the purposes and principles of sentencing set forth in section 2929.11 of the Revised Code.

(3) A court that sentences an offender for a drug abuse offense that is a felony of the third, fourth, or fifth degree may
require that the offender be assessed by a properly credentialed
professional within a specified period of time. The court shall
require the professional to file a written assessment of the
offender with the court. If the offender is eligible for a
community control sanction and after considering the written
assessment, the court may impose a community control sanction that
includes addiction services and recovery supports included in a
community-based continuum of care established under section
340.032 of the Revised Code. If the court imposes addiction
services and recovery supports as a community control sanction,
the court shall direct the level and type of addiction services
and recovery supports after considering the assessment and
recommendation of community addiction services providers.

(F) Notwithstanding divisions (A) to (E) of this section, the
court shall impose a prison term or terms under sections 2929.02
to 2929.06, section 2929.14, section 2929.142, or section 2971.03
of the Revised Code and except as specifically provided in section
2929.20, divisions (C) to (I) of section 2967.19, or section
2967.191 of the Revised Code or when parole is authorized for the
offense under section 2967.13 of the Revised Code shall not reduce
the term or terms pursuant to section 2929.20, section 2967.19,
section 2967.193, or any other provision of Chapter 2967. or
Chapter 5120. of the Revised Code for any of the following
offenses:

(1) Aggravated murder when death is not imposed or murder;

(2) Any rape, regardless of whether force was involved and
regardless of the age of the victim, or an attempt to commit rape
if, had the offender completed the rape that was attempted, the
offender would have been guilty of a violation of division
(A)(1)(b) of section 2907.02 of the Revised Code and would be
sentenced under section 2971.03 of the Revised Code;

The court shall not reduce the term pursuant to section 2929.20, 2967.193, or any other provision of the Revised Code. The court that imposes a mandatory term of local incarceration under this division shall specify whether the term is to be served in a jail, a community-based correctional facility, a halfway house, or an alternative residential facility, and the offender shall serve the term in the type of facility specified by the court. A mandatory term of local incarceration imposed under division (G)(1) of this section is not subject to any other Revised Code provision that pertains to a prison term except as provided in division (A)(1) of this section.

(2) If the offender is being sentenced for a third degree felony OVI offense, or if the offender is being sentenced for a fourth degree felony OVI offense and the court does not impose a mandatory term of local incarceration under division (G)(1) of this section, the court shall impose upon the offender a mandatory prison term of one, two, three, four, or five years if the offender also is convicted of or also pleads guilty to a specification of the type described in section 2941.1413 of the Revised Code.
Revised Code or shall impose upon the offender a mandatory prison term of sixty days or one hundred twenty days as specified in division (G)(1)(d) or (e) of section 4511.19 of the Revised Code if the offender has not been convicted of and has not pleaded guilty to a specification of that type. In no case shall an offender who once has been sentenced to a mandatory term of local incarceration pursuant to division (G)(1) of this section for a fourth degree felony OVI offense be sentenced to another mandatory term of local incarceration under that division for any violation of division (A) of section 4511.19 of the Revised Code. In addition to the mandatory prison term described in division (G)(2) of this section, the court may sentence the offender to a community control sanction under section 2929.16 or 2929.17 of the Revised Code, but the offender shall serve the prison term prior to serving the community control sanction. The department of rehabilitation and correction may place an offender sentenced to a mandatory prison term under this division in an intensive program prison established pursuant to section 5120.033 of the Revised Code if the department gave the sentencing judge prior notice of its intent to place the offender in an intensive program prison established under that section and if the judge did not notify the department that the judge disapproved the placement. Upon the establishment of the initial intensive program prison pursuant to section 5120.033 of the Revised Code that is privately operated and managed by a contractor pursuant to a contract entered into under section 9.06 of the Revised Code, both of the following
apply:

(a) The department of rehabilitation and correction shall make a reasonable effort to ensure that a sufficient number of offenders sentenced to a mandatory prison term under this division are placed in the privately operated and managed prison so that the privately operated and managed prison has full occupancy.

(b) Unless the privately operated and managed prison has full occupancy, the department of rehabilitation and correction shall not place any offender sentenced to a mandatory prison term under this division in any intensive program prison established pursuant to section 5120.033 of the Revised Code other than the privately operated and managed prison.

(H) If an offender is being sentenced for a sexually oriented offense or child-victim oriented offense that is a felony committed on or after January 1, 1997, the judge shall require the offender to submit to a DNA specimen collection procedure pursuant to section 2901.07 of the Revised Code.

(I) If an offender is being sentenced for a sexually oriented offense or a child-victim oriented offense committed on or after January 1, 1997, the judge shall include in the sentence a summary of the offender's duties imposed under sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and the duration of the duties. The judge shall inform the offender, at the time of sentencing, of those duties and of their duration. If required under division (A)(2) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that section, or, if required under division (A)(6) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that division.

(J)(1) Except as provided in division (J)(2) of this section, when considering sentencing factors under this section in relation
to an offender who is convicted of or pleads guilty to an attempt to commit an offense in violation of section 2923.02 of the Revised Code, the sentencing court shall consider the factors applicable to the felony category of the violation of section 2923.02 of the Revised Code instead of the factors applicable to the felony category of the offense attempted.

(2) When considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit a drug abuse offense for which the penalty is determined by the amount or number of unit doses of the controlled substance involved in the drug abuse offense, the sentencing court shall consider the factors applicable to the felony category that the drug abuse offense attempted would be if that drug abuse offense had been committed and had involved an amount or number of unit doses of the controlled substance that is within the next lower range of controlled substance amounts than was involved in the attempt.

(K) As used in this section:

(1) "Community addiction services provider" has the same meaning as in section 5119.01 of the Revised Code.

(2) "Drug abuse offense" has the same meaning as in section 2925.01 of the Revised Code.

(3) "Minor drug possession offense" has the same meaning as in section 2925.11 of the Revised Code.

(4) "Qualifying assault offense" means a violation of section 2903.13 of the Revised Code for which the penalty provision in division (C)(8)(b) or (C)(9)(b) of that section applies.

(L) At the time of sentencing an offender for any sexually oriented offense, if the offender is a tier III sex offender/child-victim offender relative to that offense and the offender does not serve a prison term or jail term, the court may
require that the offender be monitored by means of a global
positioning device. If the court requires such monitoring, the
cost of monitoring shall be borne by the offender. If the offender
is indigent, the cost of compliance shall be paid by the crime
victims reparations fund.

**Sec. 2929.15.** (A)(1) If in sentencing an offender for a
felony the court is not required to impose a prison term, a
mandatory prison term, or a term of life imprisonment upon the
offender, the court may directly impose a sentence that consists
of one or more community control sanctions authorized pursuant to
section 2929.16, 2929.17, or 2929.18 of the Revised Code. If the
court is sentencing an offender for a fourth degree felony OVI
offense under division (G)(1) of section 2929.13 of the Revised
Code, in addition to the mandatory term of local incarceration
imposed under that division and the mandatory fine required by
division (B)(3) of section 2929.18 of the Revised Code, the court
may impose upon the offender a community control sanction or
combination of community control sanctions in accordance with
sections 2929.16 and 2929.17 of the Revised Code. If the court is
sentencing an offender for a third or fourth degree felony OVI
offense under division (G)(2) of section 2929.13 of the Revised
Code, in addition to the mandatory prison term or mandatory prison
term and additional prison term imposed under that division, the
court also may impose upon the offender a community control
sanction or combination of community control sanctions under
section 2929.16 or 2929.17 of the Revised Code, but the offender
shall serve all of the prison terms so imposed prior to serving
the community control sanction.

The duration of all community control sanctions imposed upon
an offender under this division shall not exceed five years. If
the offender absconds or otherwise leaves the jurisdiction of the
court in which the offender resides without obtaining permission
from the court or the offender's probation officer to leave the
district of the court, or if the offender is confined in any
institution for the commission of any offense while under a
community control sanction, the period of the community control
sanction ceases to run until the offender is brought before the
court for its further action. If the court sentences the offender
to one or more nonresidential sanctions under section 2929.17 of
the Revised Code, the court shall impose as a condition of the
nonresidential sanctions that, during the period of the sanctions,
the offender must abide by the law and must not leave the state
without the permission of the court or the offender's probation
officer. The court may impose any other conditions of release
under a community control sanction that the court considers
appropriate, including, but not limited to, requiring that the
offender not ingest or be injected with a drug of abuse and submit
to random drug testing as provided in division (D) of this section
to determine whether the offender ingested or was injected with a
drug of abuse and requiring that the results of the drug test
indicate that the offender did not ingest or was not injected with
a drug of abuse.

(2)(a) If a court sentences an offender to any community
control sanction or combination of community control sanctions
authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the
Revised Code, the court shall place the offender under the general
control and supervision of a department of probation in the county
that serves the court for purposes of reporting to the court a
violation of any condition of the sanctions, any condition of
release under a community control sanction imposed by the court, a
violation of law, or the departure of the offender from this state
without the permission of the court or the offender's probation
officer. Alternatively, if the offender resides in another county
and a county department of probation has been established in that
county or that county is served by a multicounty probation
department established under section 2301.27 of the Revised Code, the court may request the court of common pleas of that county to receive the offender into the general control and supervision of that county or multicounty department of probation for purposes of reporting to the court a violation of any condition of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer, subject to the jurisdiction of the trial judge over and with respect to the person of the offender, and to the rules governing that department of probation.

If there is no department of probation in the county that serves the court, the court shall place the offender, regardless of the offender's county of residence, under the general control and supervision of the adult parole authority if the court has entered into an agreement with the authority as described in division (B) of section 2301.32 of the Revised Code or under an entity authorized under division (B) of section 2301.27 of the Revised Code to provide probation and supervisory services to counties for purposes of reporting to the court a violation of any of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer.

(b) If the court imposing sentence upon an offender sentences the offender to any community control sanction or combination of community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, and if the offender violates any condition of the sanctions, any condition of release under a community control sanction imposed by the court, violates any law, or departs the state without the permission of
the court or the offender's probation officer, the public or private person or entity that operates or administers the sanction or the program or activity that comprises the sanction shall report the violation or departure directly to the sentencing court, or shall report the violation or departure to the county or multicounty department of probation with general control and supervision over the offender under division (A)(2)(a) of this section or the officer of that department who supervises the offender, or, if there is no such department with general control and supervision over the offender under that division, to the adult parole authority if the court has entered into an agreement with the authority as described in division (B) of section 2301.32 of the Revised Code, or an entity authorized under division (B) of section 2301.27 of the Revised Code to provide probation and supervisory services to the county. If the public or private person or entity that operates or administers the sanction or the program or activity that comprises the sanction reports the violation or departure to the county or multicounty department of probation, the adult parole authority, or any other entity providing probation and supervisory services to the county, the department's, authority's, or other entity's officers may treat the offender as if the offender were on probation and in violation of the probation, and shall report the violation of the condition of the sanction, any condition of release under a community control sanction imposed by the court, the violation of law, or the departure from the state without the required permission to the sentencing court.

(3) If an offender who is eligible for community control sanctions under this section admits to being drug addicted or the court has reason to believe that the offender is drug addicted, and if the offense for which the offender is being sentenced was related to the addiction, the court may require that the offender be assessed by a properly credentialed professional within a
specified period of time and shall require the professional to file a written assessment of the offender with the court. If a court imposes treatment and recovery support services as a community control sanction, the court shall direct the level and type of treatment and recovery support services after consideration of the written assessment, if available at the time of sentencing, and recommendations of the professional and other treatment and recovery support services providers.

(4) If an assessment completed pursuant to division (A)(3) of this section indicates that the offender is addicted to drugs or alcohol, the court may include in any community control sanction imposed for a violation of section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code a requirement that the offender participate in alcohol and drug addiction services and recovery supports certified under section 5119.36 of the Revised Code or offered by a properly credentialed community addiction services provider.

(B)(1) If the conditions of a community control sanction are violated or if the offender violates a law or leaves the state without the permission of the court or the offender's probation officer, the sentencing court may impose upon the violator one or more of the following penalties:

(a) A longer time under the same sanction if the total time under the sanctions does not exceed the five-year limit specified in division (A) of this section;

(b) A more restrictive sanction under section 2929.16, 2929.17, or 2929.18 of the Revised Code, including but not limited to, a new term in a community-based correctional facility, halfway house, or jail pursuant to division (A)(6) of section 2929.16 of the Revised Code;
(c) A prison term on the offender pursuant to section 2929.14 of the Revised Code and division (B)(3) of this section, provided that a prison term imposed under this division is subject to the following limitations, as applicable:

(i) If the prison term is imposed for any technical violation of the conditions of a community control sanction imposed for a felony of the fifth degree or for any violation of law committed while under a community control sanction imposed for such a felony that consists of a new criminal offense and that is not a felony, the prison term shall not exceed ninety days.

(ii) If the prison term is imposed for any technical violation of the conditions of a community control sanction imposed for a felony of the fourth degree that is not an offense of violence and is not a sexually oriented offense or for any violation of law committed while under a community control sanction imposed for such a felony that consists of a new criminal offense and that is not a felony, the prison term shall not exceed one hundred eighty days.

(2) If an offender was acting pursuant to division (B)(2)(b) of section 2925.11 of the Revised Code and in so doing violated the conditions of a community control sanction based on a minor drug possession offense, as defined in section 2925.11 of the Revised Code, the sentencing court may consider the offender's conduct in seeking or obtaining medical assistance for another in good faith or for self or may consider the offender being the subject of another person seeking or obtaining medical assistance in accordance with that division as a mitigating factor before imposing any of the penalties described in division (B)(1) of this section.

(3) The prison term, if any, imposed upon a violator pursuant to this division and division (B)(1) of this section shall be within the range of prison terms described in this division and
shall not exceed the prison term specified in the notice provided
to the offender at the sentencing hearing pursuant to division
(B)(2) of section 2929.19 of the Revised Code. The court may
reduce the longer period of time that the offender is required to
spend under the longer sanction, the more restrictive sanction, or
a prison term imposed pursuant to division (B)(1) of this section
by the time the offender successfully spent under the sanction
that was initially imposed. Except as otherwise specified in this
division, the prison term imposed under this division and division
(B)(1) of this section shall be within the range of prison terms
available as a definite term for the offense for which the
sanction that was violated was imposed. If the offense for which
the sanction that was violated was imposed is a felony of the
first or second degree committed on or after the effective date of
this amendment March 22, 2019, the prison term so imposed under
this division shall be within the range of prison terms available
as a minimum term for the offense under division (A)(1)(a) or
(2)(a) of section 2929.14 of the Revised Code.

(C) If an offender, for a significant period of time,
fulfills the conditions of a sanction imposed pursuant to section
2929.16, 2929.17, or 2929.18 of the Revised Code in an exemplary
manner, the court may reduce the period of time under the sanction
or impose a less restrictive sanction, but the court shall not
permit the offender to violate any law or permit the offender to
leave the state without the permission of the court or the
offender's probation officer.

(D)(1) If a court under division (A)(1) of this section
imposes a condition of release under a community control sanction
that requires the offender to submit to random drug testing, the
department of probation, the adult parole authority, or any other
entity that has general control and supervision of the offender
under division (A)(2)(a) of this section may cause the offender to
submit to random drug testing performed by a laboratory or entity that has entered into a contract with any of the governmental entities or officers authorized to enter into a contract with that laboratory or entity under section 341.26, 753.33, or 5120.63 of the Revised Code.

(2) If no laboratory or entity described in division (D)(1) of this section has entered into a contract as specified in that division, the department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender under division (A)(2)(a) of this section shall cause the offender to submit to random drug testing performed by a reputable public laboratory to determine whether the individual who is the subject of the drug test ingested or was injected with a drug of abuse.

(3) A laboratory or entity that has entered into a contract pursuant to section 341.26, 753.33, or 5120.63 of the Revised Code shall perform the random drug tests under division (D)(1) of this section in accordance with the applicable standards that are included in the terms of that contract. A public laboratory shall perform the random drug tests under division (D)(2) of this section in accordance with the standards set forth in the policies and procedures established by the department of rehabilitation and correction pursuant to section 5120.63 of the Revised Code. An offender who is required under division (A)(1) of this section to submit to random drug testing as a condition of release under a community control sanction and whose test results indicate that the offender ingested or was injected with a drug of abuse shall pay the fee for the drug test if the department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender requires payment of a fee. A laboratory or entity that performs the random drug testing on an offender under division (D)(1) or (2) of this section shall
transmit the results of the drug test to the appropriate department of probation, the adult parole authority, or any other entity that has general control and supervision of the offender under division (A)(2)(a) of this section.

Sec. 2929.34. (A) A person who is convicted of or pleads guilty to aggravated murder, murder, or an offense punishable by life imprisonment and who is sentenced to a term of life imprisonment or a prison term pursuant to that conviction shall serve that term in an institution under the control of the department of rehabilitation and correction.

(B)(1) A person who is convicted of or pleads guilty to a felony other than aggravated murder, murder, or an offense punishable by life imprisonment and who is sentenced to a term of imprisonment or a prison term pursuant to that conviction shall serve that term as follows:

(a) Subject to divisions (B)(1)(b), (B)(2), and (B)(3) of this section, in an institution under the control of the department of rehabilitation and correction if the term is a prison term or as otherwise determined by the sentencing court pursuant to section 2929.16 of the Revised Code if the term is not a prison term;

(b) In a facility of a type described in division (G)(1) of section 2929.13 of the Revised Code, if the offender is sentenced pursuant to that division.

(2) If the term is a prison term, the person may be imprisoned in a jail that is not a minimum security jail pursuant to agreement under section 5120.161 of the Revised Code between the department of rehabilitation and correction and the local authority that operates the jail.

(3)(a) As used in divisions (B)(3)(a) to (d) of this section...
(i) "Target county" means Franklin county, Cuyahoga county, Hamilton county, Summit county, Montgomery county, Lucas county, Butler county, Stark county, Lorain county, and Mahoning county.

(b) In any voluntary county other than a target county, the board of county commissioners of the county and the administrative judge of the general division of the court of common pleas of the county may agree to having the county participate in the procedures regarding local and state confinement established under division (B)(3)(c) of this section. A board of county commissioners and an administrative judge of a court of common pleas that enter into an agreement of the type described in this division may terminate the agreement, but a termination under this division shall take effect only at the end of the state fiscal biennium in which the termination decision is made.

(c) Except as provided in division (B)(3)(d) of this section, on and after July 1, 2018, no person sentenced by the court of common pleas of a target county or of a voluntary county to a prison term that is twelve months or less for a felony of the fifth degree shall serve the term in an institution under the control of the department of rehabilitation and correction. The person shall instead serve the sentence as a term of confinement in a facility of a type described in division (C) or (D) of this section. Nothing in this division relieves the state of its obligation to pay for the cost of confinement of the person in a community-based correctional facility under division (D) of this section.
(d) Division (B)(3)(c) of this section does not apply to any person to whom any of the following apply:

(i) The felony of the fifth degree was an offense of violence, as defined in section 2901.01 of the Revised Code, a sex offense under Chapter 2907. of the Revised Code, a violation of section 2925.03 of the Revised Code, or any offense for which a mandatory prison term is required.

(C) A person who is convicted of or pleads guilty to one or more misdemeanors and who is sentenced to a jail term or term of imprisonment pursuant to the conviction or convictions shall serve that term in a county, multicounty, municipal, municipal-county, or multicounty-municipal jail or workhouse; in a community alternative sentencing center or district community alternative sentencing center when authorized by section 307.932 of the Revised Code; or, if the misdemeanor or misdemeanors are not offenses of violence, in a minimum security jail.

(D) Nothing in this section prohibits the commitment, referral, or sentencing of a person who is convicted of or pleads guilty to a felony to a community-based correctional facility.

(B) Division (A) of this section does not apply to any information that is contained in the internet sex offender and
child-victim offender database established by the attorney general under division (A)(11) of section 2950.13 of the Revised Code regarding offenders and that is disseminated as described in that division.

Sec. 2967.02. (A) The adult parole authority created by section 5149.02 of the Revised Code shall administer sections 2967.01 to 2967.28 of the Revised Code, and other sections of the Revised Code governing pardon, community control sanctions, post-release control, and parole.

(B) The governor may grant a pardon after conviction, may grant an absolute and entire pardon or a partial pardon, and may grant a pardon upon conditions precedent or subsequent.

(D) The adult parole authority shall supervise all releasees. The department of rehabilitation and correction has legal custody of a releasee until the adult parole authority grants the releasee a final release termination pursuant to section 2967.16 of the Revised Code.

Sec. 2967.05. (A) As used in this section:

(1) "Imminent danger of death" means that the inmate has a medically diagnosable condition that will cause death to occur within a short period of time.

As used in division (A)(1) of this section, "within a short period of time" means generally within six months.

(2) (a) "Medically incapacitated" means any diagnosable medical condition, including mental dementia and severe, permanent
medical or cognitive disability, that prevents the inmate from completing activities of daily living without significant assistance, that incapacitates the inmate to the extent that institutional confinement does not offer additional restrictions, that is likely to continue throughout the entire period of parole, and that is unlikely to improve noticeably.

(b) "Medically incapacitated" does not include conditions related solely to mental illness unless the mental illness is accompanied by injury, disease, or organic defect.

(3)(a) "Terminal illness" means a condition that satisfies all of the following criteria:

(i) The condition is irreversible and incurable and is caused by disease, illness, or injury from which the inmate is unlikely to recover.

(ii) In accordance with reasonable medical standards and a reasonable degree of medical certainty, the condition is likely to cause death to the inmate within twelve months.

(iii) Institutional confinement of the inmate does not offer additional protections for public safety or against the inmate's risk to reoffend.

(b) The department of rehabilitation and correction shall adopt rules pursuant to Chapter 119. of the Revised Code to implement the definition of "terminal illness" in division (A)(3)(a) of this section.

(B) Upon the recommendation of the director of rehabilitation and correction, accompanied by a certificate of the attending physician that an inmate is terminally ill, medically incapacitated, or in imminent danger of death, the governor may order the inmate's release as if on parole, reserving the right to return the inmate to the institution pursuant to this section. If, subsequent to the
inmate's release, the inmate's health improves so that the inmate is no longer terminally ill, medically incapacitated, or in imminent danger of death, the inmate shall be returned, by order of the governor, to the institution from which the inmate was released. If the inmate violates any rules or conditions applicable to the inmate, the inmate may be returned to an institution under the control of the department of rehabilitation and correction. The governor shall direct the adult parole authority to investigate or cause to be investigated the inmate and make a recommendation. An inmate released under this section shall be subject to supervision by the adult parole authority in accordance with any recommendation of the adult parole authority that is approved by the governor. The adult parole authority shall adopt rules pursuant to section 119.03 of the Revised Code to establish the procedure for medical release of an inmate when an inmate is terminally ill, medically incapacitated, or in imminent danger of death.

(C) No inmate is eligible for release under this section if the inmate is serving a death sentence, a sentence of life without parole, a sentence under Chapter 2971. of the Revised Code for a felony of the first or second degree, a sentence for aggravated murder or murder, or a mandatory prison term for an offense of violence or any specification described in Chapter 2941. of the Revised Code.

Sec. 2967.29. (A) A court of common pleas may cooperate with the department of rehabilitation and correction adult parole authority in the supervision of offenders who return to the court's territorial jurisdiction after serving a prison term. The court, after consultation with the board of county commissioners, may enter into an agreement with the department authority allowing the court and the parole board authority to make joint decisions relating to parole and post-release control to the extent
permitted by section 2967.28 of the Revised Code.

(B) An agreement made under this section shall include at least all of the following:

(1) The categories of offenders with regard to which the court may participate in making decisions;

(2) The process by which the offenders in each category will be identified;

(3) The process by which the court and the parole board authority will monitor offenders and make recommendations regarding programming while the offenders are in prison;

(4) The process by which the court will participate in setting appropriate sanctions and conditions on offenders who leave prison on post-release control or parole;

(5) The process by which the court may participate in reducing the duration of the period of post-release control;

(6) Guidelines for the supervision of offenders under post-release control or parole supervision;

(7) Guidelines for sanctions for violations of parole or post-release control;

(8) Provisions that take into account the perspective of affected victims.

(C) A court that enters into an agreement under this section shall provide the department of rehabilitation and correction adult parole authority with a presentence investigation upon the offender's admission to prison. The department authority shall provide the court with a summary of an offender's progress while in prison prior to the release of the offender.

Sec. 3107.035. (A) At the time of the initial home study, and
every two years thereafter, if the home study is updated, and until it becomes part of a final decree of adoption or an interlocutory order of adoption, the agency or attorney that arranges an adoption for the prospective adoptive parent shall conduct a search of the United States department of justice national sex offender public web site regarding the prospective adoptive parent and all persons eighteen years of age or older who reside with the prospective adoptive parent.

(B) A petition for adoption may be denied based solely on the results of the search of the national sex offender public web site.

(C) The director of job and family services shall adopt rules in accordance with Chapter 119. of the Revised Code necessary for the implementation and execution of this section.

Sec. 3107.14. (A) The petitioner and the person sought to be adopted shall appear at the hearing on the petition, unless the presence of either is excused by the court for good cause shown.

(B) The court may continue the hearing from time to time to permit further observation, investigation, or consideration of any facts or circumstances affecting the granting of the petition, and may examine the petitioners separate and apart from each other.

(C) If, at the conclusion of the hearing, the court finds that the required consents have been obtained or excused and that the adoption is in the best interest of the person sought to be adopted as supported by the evidence, it may issue, subject to division (C)(1)(a) of section 2151.86, section 3107.064, and division (E) of section 3107.09 of the Revised Code, and any other limitations specified in this chapter, a final decree of adoption or an interlocutory order of adoption, which by its own terms automatically becomes a final decree of adoption on a date
specified in the order, which, except as provided in division (B) of section 3107.13 of the Revised Code, shall not be less than six months or more than one year from the date the person to be adopted is placed in the petitioner's home, unless sooner vacated by the court for good cause shown. In determining whether the adoption is in the best interest of the person sought to be adopted, the court shall not consider the age of the petitioner if the petitioner is old enough to adopt as provided by section 3107.03 of the Revised Code.

In an interlocutory order of adoption, the court shall provide for observation, investigation, and a further report on the adoptive home during the interlocutory period.

(D) If the requirements for a decree under division (C) of this section have not been satisfied or the court vacates an interlocutory order of adoption, or if the court finds that a person sought to be adopted was placed in the home of the petitioner in violation of law, the court shall dismiss the petition and may determine the agency or person to have temporary or permanent custody of the person, which may include the agency or person that had custody prior to the filing of the petition or the petitioner, if the court finds it is in the best interest of the person as supported by the evidence, or if the person is a minor, the court may certify the case to the juvenile court of the county where the minor is then residing for appropriate action and disposition.

(E) The issuance of a final decree or interlocutory order of adoption for an adult adoption under division (A)(4) of section 3107.02 of the Revised Code shall not disqualify that adult for services under section 2151.82 or 2151.83 of the Revised Code.

Sec. 3119.023. (A) At least once every four years, the department of job and family services shall review the basic child
support schedule issued by the department pursuant to section 3119.021 of the Revised Code to determine whether child support orders issued in accordance with that schedule and the worksheets created under rules adopted under section 3119.022 of the Revised Code adequately provide for the needs of children who are subject to the child support orders. The department may consider the adequacy and appropriateness of the current schedule, whether there are substantial and permanent changes in household consumption and savings patterns, particularly those resulting in substantial and permanent changes in the per cent of total household expenditures on children, and whether there have been substantial and permanent changes to the federal and state income tax code other than inflationary adjustments to such things as the exemption amount and income tax brackets, and other factors when conducting its review. The review is in addition to, and independent of, any schedule update completed as set forth in section 3119.021 of the Revised Code. The department shall prepare a report of its review and include recommendations for statutory changes, and submit a copy of the report to both houses of the general assembly.

(B) Each review shall include all of the following:

(1) Consideration of all of the following:

(a) Economic data on the cost of raising children;

(b) Labor market data, such as unemployment rates, employment rates, hours worked, and earnings, by occupation and skill level for the state and local job markets;

(c) The impact of guidelines policies and amounts on custodial and noncustodial parents who have family incomes below two hundred per cent of the federal poverty level;

(d) Factors that influence employment rates among
noncustodial parents and compliance with child support orders.

(2) Analysis of all of the following, to be used to ensure that deviations from the basic child support schedule are limited and that support amounts are appropriate based on criteria established under division (G) of section 3119.05 of the Revised Code:

(a) Case data on the application of and deviations from the basic child support schedule, as gathered through sampling or other methods;

(b) Rates of default, child support orders with imputed income, and orders determined using low-income adjustments such as a self-sufficiency reserve or another method as determined by the state;

(c) A comparison of payments on child support orders by case characteristics, including whether the order was entered by default, based on imputed income, or determined using the low-income adjustment, as described in division (B)(2)(b) of this section.

(3) Meaningful opportunity for public input, including input from low-income custodial and noncustodial parents and their representatives.

(C) For each review, the department shall establish a child support guideline advisory council to assist the department in the completion of its reviews and reports. Each council shall be composed of:

(1) Obligors;

(2) Obligees;

(3) Judges of courts of common pleas who have jurisdiction over domestic relations and juvenile court cases that involve the determination of child support;
(4) Attorneys whose practice includes a significant number of domestic relations or juvenile court cases that involve the determination of child support;

(5) Representatives of child support enforcement agencies;

(6) Other persons interested in the welfare of children;

(7) Three members of the senate appointed by the president of the senate, not more than two of whom are members of the same political party; and

(8) Three members of the house of representatives appointed by the speaker of the house, not more than two of whom are members of the same political party.

(C)(D) The department shall consider input from the council prior to the completion of any report under this section. The department shall submit its report on or before the first day of March of every fourth year after 2015.

(D)(E) The department shall publish on the internet and make accessible to the public all of the following:

(1) All reports of the council;

(2) The membership of the council;

(3) The effective date of new or modified guidelines adopted after the review;

(4) The date of the next review.

(F) The advisory council shall cease to exist at the time that the department submits its review to the general assembly under this section.

(G) Any expenses incurred by an advisory council shall be paid by the department.

Sec. 3119.05. When a court computes the amount of child
support required to be paid under a court child support order or a child support enforcement agency computes the amount of child support to be paid pursuant to an administrative child support order, all of the following apply:

(A) The parents' current and past income and personal earnings shall be verified by electronic means or with suitable documents, including, but not limited to, paystubs, employer statements, receipts and expense vouchers related to self-generated income, tax returns, and all supporting documentation and schedules for the tax returns.

(B) The annual amount of any court-ordered spousal support actually paid, excluding any ordered payment on arrears, shall be deducted from the annual income of that parent to the extent that payment of that court-ordered spousal support is verified by supporting documentation.

(C) The court or agency shall adjust the amount of child support paid by a parent to give credit for children not included in the current calculation. When calculating the adjusted amount, the court or agency shall use the schedule and do the following:

(1) Determine the amount of child support that each parent would be ordered to pay for all children for whom the parent has the legal duty to support, according to each parent's annual income. If the number of children subject to the order is greater than six, multiply the amount for three children in accordance with division (C)(4) of this section to determine the amount of child support.

(2) Compute a child support credit amount for each parent's children who are not subject to this order by dividing the amount determined in division (C)(1) of this section by the total number of children whom the parent is obligated to support and multiplying that number by the number of the parent's children who
are not subject to this order.

(3) Determine the adjusted income of the parents by subtracting the credit for minor children not subject to this order computed under division (C)(2) of this section, from the annual income of each parent for the children each has a duty to support that are not subject to this order.

(4) If the number of children is greater than six, multiply the amount for three children by:

(a) 1.440 for seven children;
(b) 1.540 for eight children;
(c) 1.638 for nine children;
(d) 1.734 for ten children;
(e) 1.827 for eleven children;
(f) 1.919 for twelve children;
(g) 2.008 for thirteen children;
(h) 2.096 for fourteen children;
(i) 2.182 for more than fourteen children.

(D) When the court or agency calculates the annual income of a parent, it shall include the lesser of the following as income from overtime and bonuses:

(1) The yearly average of all overtime, commissions, and bonuses received during the three years immediately prior to the time when the person's child support obligation is being computed;

(2) The total overtime, commissions, and bonuses received during the year immediately prior to the time when the person's child support obligation is being computed.

(E) When the court or agency calculates the annual income of a parent, it shall not include any income earned by the spouse of
that parent.

(F) The court shall issue a separate medical support order for extraordinary medical expenses, including orthodontia, dental, optical, and psychological services.

If the court makes an order for payment of private education, and other appropriate expenses, it shall do so by issuing a separate order.

The court may consider these expenses in adjusting a child support order.

(G) When a court or agency calculates the amount of child support to be paid pursuant to a court child support order or an administrative child support order, the following shall apply:

(1) The court or agency shall apply the basic child support schedule to the parents' combined annual incomes and to each parent's individual income.

(2) If the combined annual income of both parents or the individual annual income of a parent is an amount that is between two amounts set forth in the first column of the schedule, the court or agency may use the basic child support obligation that corresponds to the higher of the two amounts in the first column of the schedule, use the basic child support obligation that corresponds to the lower of the two amounts in the first column of the schedule, or calculate a basic child support obligation that is between those two amounts and corresponds proportionally to the parents' actual combined annual income or the individual parent's annual income.

(3) If the annual individual income of either or both of the parents is within the self-sufficiency reserve in the basic child support schedule, the court or agency shall do both of the following:
(a) Calculate the basic child support obligation for the parents using the schedule amount applicable to the combined annual income and the schedule amount applicable to the income in the self-sufficiency reserve;

(b) Determine the lesser of the following amounts to be the applicable basic child support obligation:

(i) The amount that results from using the combined annual income of the parents not in the self-sufficiency reserve of the schedule; or

(ii) The amount that results from using the individual parent's income within the self-sufficiency reserve of the schedule.

(H) When the court or agency calculates annual income, the court or agency, when appropriate, may average income over a reasonable period of years.

(I) Unless it would be unjust or inappropriate and therefore not in the best interests of the child, a court or agency shall not determine a parent to be voluntarily unemployed or underemployed and shall not impute income to that parent if any of the following conditions exist:

(1) The parent is receiving recurring monetary income from means-tested public assistance benefits, including cash assistance payments under the Ohio works first program established under Chapter 5107. of the Revised Code, general assistance under former Chapter 5113. of the Revised Code, supplemental security income, or means-tested veterans' benefits;

(2) The parent is approved for social security disability insurance benefits because of a mental or physical disability, or the court or agency determines that the parent is unable to work based on medical documentation that includes a physician's diagnosis and a physician's opinion regarding the parent's mental
or physical disability and inability to work.

(3) The parent has proven that the parent has made continuous and diligent efforts without success to find and accept employment, including temporary employment, part-time employment, or employment at less than the parent's previous salary or wage.

(4) The parent is complying with court-ordered family reunification efforts in a child abuse, neglect, or dependency proceeding, to the extent that compliance with those efforts limits the parent's ability to earn income.

(5) The parent is incarcerated or institutionalized for a period of twelve months or more with no other available income or assets, unless the parent is incarcerated for an offense relating to the abuse or neglect of a child who is the subject of the support order or an offense under Title XXIX of the Revised Code against the obligee or a child who is the subject of the support order.

(J) When a court or agency calculates the income of a parent, it shall not determine a parent to be voluntarily unemployed or underemployed and shall not impute income to that parent if the parent is incarcerated.

(K) When a court or agency requires a parent to pay an amount for that parent's failure to support a child for a period of time prior to the date the court modifies or issues a court child support order or an agency modifies or issues an administrative child support order for the current support of the child, the court or agency shall calculate that amount using the basic child support schedule, worksheets, and child support laws in effect, and the incomes of the parents as they existed, for that prior period of time.

(L) A court or agency may disregard a parent's additional income from overtime or additional employment when the court or
agency finds that the additional income was generated primarily to 
support a new or additional family member or members, or under 
other appropriate circumstances.

(M) If both parents involved in the immediate child 
support determination have a prior order for support relative to a 
minor child or children born to both parents, the court or agency 
shall collect information about the existing order or orders and 
consider those together with the current calculation for support 
to ensure that the total of all orders for all children of the 
parties does not exceed the amount that would have been ordered if 
all children were addressed in a single judicial or administrative 
proceeding.

(N) A support obligation of a parent with annual income 
subject to the self-sufficiency reserve of the basic child support 
schedule shall not exceed the support obligation that would result 
from application of the schedule without the reserve.

(O) Any non-means tested benefit received by the child or 
children subject to the order resulting from the claims of either 
parent shall be deducted from that parent's annual child support 
obligation after all other adjustments have been made. If that 
non-means tested benefit exceeds the child support obligation of 
the parent from whose claim the benefit is realized, the child 
support obligation for that parent shall be zero.

(P) As part of the child support calculation, the parents 
shall be ordered to share the costs of child care. Subject to the 
limitations in this division, a child support obligor shall pay an 
amount equal to the obligor's income share of the child care cost 
incurred for the child or children subject to the order.

(1) The child care cost used in the calculation:

(a) Shall be for the child determined to be necessary to 
allow a parent to work, or for activities related to employment
training;

(b) Shall be verifiable by credible evidence as determined by a court or child support enforcement agency;

(c) Shall exclude any reimbursed or subsidized child care cost, including any state or federal tax credit for child care available to the parent or caretaker, whether or not claimed;

(d) Shall not exceed the maximum state-wide average cost estimate issued by the department of job and family services, using the data collected and reported as required in section 5104.04 of the Revised Code determined in accordance with 45 C.F.R. 98.45.

(2) When the annual income of the obligor is subject to the self-sufficiency reserve of the basic support schedule, the share of the child care cost paid by the obligor shall be equal to the lower of the obligor's income share of the child care cost, or fifty per cent of the child care cost.

(Q) As used in this section, a parent is considered "incarcerated" if the parent is confined under a sentence imposed for an offense or serving a term of imprisonment, jail, or local incarceration, or other term under a sentence imposed by a government entity authorized to order such confinement.

Sec. 3119.23. The court may consider any of the following factors in determining whether to grant a deviation pursuant to section 3119.22 of the Revised Code:

(A) Special and unusual needs of the child or children, including needs arising from the physical or psychological condition of the child or children;

(B) Other court-ordered payments;

(C) Extended parenting time or extraordinary costs associated with parenting time, including extraordinary travel expenses when...
exchanging the child or children for parenting time;

(D) The financial resources and the earning ability of the child or children;

(E) The relative financial resources, including the disparity in income between parties or households, other assets, and the needs of each parent;

(F) The obligee's income, if the obligee's annual income is equal to or less than one hundred per cent of the federal poverty level;

(G) Benefits that either parent receives from remarriage or sharing living expenses with another person;

(H) The amount of federal, state, and local taxes actually paid or estimated to be paid by a parent or both of the parents;

(I) Significant in-kind contributions from a parent, including, but not limited to, direct payment for lessons, sports equipment, schooling, or clothing;

(J) Extraordinary work-related expenses incurred by either parent;

(K) The standard of living and circumstances of each parent and the standard of living the child would have enjoyed had the marriage continued or had the parents been married;

(L) The educational opportunities that would have been available to the child had the circumstances requiring a child support order not arisen;

(M) The responsibility of each parent for the support of others, including support of a child or children with disabilities who are not subject to the support order;

(N) Post-secondary educational expenses paid for by a parent for the parent's own child or children, regardless of whether the child or children are emancipated;
(O) Costs incurred or reasonably anticipated to be incurred by the parents in compliance with court-ordered reunification efforts in child abuse, neglect, or dependency cases;

(P) Extraordinary child care costs required for the child or children that exceed the maximum state-wide average cost estimate provided as described in division (O) (P)(1)(d) of section 3119.05 of the Revised Code, including extraordinary costs associated with caring for a child or children with specialized physical, psychological, or educational needs;

(Q) Any other relevant factor.

If the court grants a deviation based on division (Q) of this section, it shall specifically state in the order the facts that are the basis for the deviation.

Sec. 3119.27. (A) A court that issues or modifies a court support order, or an administrative agency that issues or modifies an administrative child support order, shall impose on the obligor under the support order a processing charge in the amount of two per cent of the support payment to be collected under a support order. No court or agency may call the charge a poundage fee.

(B) In each child support case that is a Title IV-D case, the department of job and family services shall annually claim twenty-five thirty-five dollars from the processing charge described in division (A) of this section for federal reporting purposes if the obligee has never received assistance under Title IV-A and the department has collected at least five hundred fifty dollars of child support for the obligee. The director of job and family services shall adopt rules under Chapter 119. of the Revised Code to implement this division, and the department shall implement this division not later than March 31, 2008.

(C) As used in this section:
(1) "Annual" means the period as defined in regulations issued by the United States secretary of health and human services to implement the Deficit Reduction Act of 2005 (P.L. 109-171).

(2) "Title IV-A" has the same meaning as in section 5107.02 of the Revised Code.

(3) "Title IV-D case" has the same meaning as in section 3125.01 of the Revised Code.

(C) "Health insurance coverage" means accessible private health insurance that provides primary care services within thirty miles from the residence of the child subject to the child support order.

(D) "Health plan administrator" means any entity authorized under Title XXXIX of the Revised Code to engage in the business of insurance in this state, any health insuring corporation, any legal entity that is self-insured and provides benefits to its employees or members, and the administrator of any such entity or corporation.

amended, and jointly developed and promulgated by the secretary of health and human services and the secretary of labor in federal regulations adopted under that act as modified by the department of job and family services under section 3119.291 of the Revised Code.

(F) "Person required to provide health insurance coverage" means the obligor, obligee, or both, required by the court under a court child support order or by the child support enforcement agency under an administrative child support order to provide health insurance coverage pursuant to section 3119.30 of the Revised Code.

(G) "Reasonable cost" means that the cost of private health insurance coverage to the person required to provide health insurance coverage for the children who are the subject of the child support order does not exceed an amount equal to five percent of the annual income of that person. For purposes of this division, the cost of health insurance is an amount equal to the difference in cost between self-only and family coverage.

However, if the United States secretary of health and human services issues a regulation that redefines "reasonable cost" or a similar term or phrase, or clarifies the elements of cost used when determining reasonable cost relating to the provision of health care for children in a child support order, and if those changes are substantively different than the definitions and terms used in this section, those terms shall have the meaning as defined by the United States secretary of health and human services.

Sec. 3119.30. (A) In any action or proceeding in which a child support order is issued or modified, the court, with respect to court child support orders, and the child support enforcement agency, with respect to administrative child support orders, shall
determine the person or persons responsible for the health care coverage of the children subject to the child support order and shall include provisions for the health care coverage of the children in the child support order. The order shall specify that the obligor and obligee are both liable for the health care expenses for the children who are not covered by private health insurance according to a formula established by each court, with respect to a court child support order, or each child support enforcement agency, with respect to an administrative child support order.

(B) The child support obligee is rebuttably presumed to be the appropriate parent to provide health insurance coverage for the children subject to the child support order. The order shall specify that the obligee must provide the health insurance coverage unless rebutted pursuant to division (B)(1) of this section.

(1) The court or child support enforcement agency may consider the following factors to rebut the presumption when determining if the child support obligor is the appropriate parent to provide health insurance coverage:

(a) The obligor already has health insurance coverage for the child that is reasonable in cost;

(b) The obligor already has health insurance coverage in place for the child that is not reasonable in cost, but the obligor wishes to be named the health insurance obligor and provide coverage under division (A)(2)(a) of section 3119.302 of the Revised Code;

(c) The obligor can obtain health insurance coverage for the child that is reasonable in cost through an employer or other source. For employer-based coverage, the court or child support enforcement agency shall consider the length of time the obligor
has worked with the employer and the stability of the insurance.

(d) The obligee is a non-parent individual or agency that has no duty to provide medical support.

(2) If private health insurance coverage for the children is not available at a reasonable cost to the obligor or the obligee at the time the court or agency issues the order, the order shall include a requirement that the obligee obtain private health insurance care coverage for the children not later than thirty days after it becomes available to the obligee at a reasonable cost, and to inform the child support enforcement agency when private health insurance care coverage for the children has been obtained.

(3) If private health insurance coverage becomes available to the obligor at a reasonable cost, the obligor shall inform the child support enforcement agency and may seek a modification of health insurance care coverage from the court with respect to a court child support order, or from the agency with respect to an administrative support order.

(C) When a child support order is issued or modified, the order shall include a cash medical support amount consistent with division (B) of section 3119.302 of the Revised Code for each child subject to the order. The cash medical support amount shall be ordered based on the number of children subject to the order and split between the parties using the parents' income share.

(D) Any cash medical support paid pursuant to division (C) of this section shall be paid through the department of job and family services by the obligor to either the obligee if the children are not medicaid recipients, or to the department of medicaid when a medicaid assignment is in effect for any child under the support order.

(E) The cost of providing health insurance coverage for a
child subject to an order shall be defrayed by a credit against that parent's annual income when calculating support as required under section 3119.02 of the Revised Code using the basic child support schedule and applicable worksheet. The credit shall be equal to the total actual out-of-pocket cost for health insurance premiums for the coverage. Any credit given will be less any subsidy, including a premium tax credit or cost-sharing reduction received by the parent providing coverage.

(F) Both parents may be ordered to provide health care coverage and pay cash medical support if the obligee is a nonparent individual or agency that has no duty to provide medical support.

Sec. 3119.302. (A) When the court, with respect to a court child support order, or the child support enforcement agency, with respect to an administrative child support order, determines the person or persons responsible for the health care coverage of the children subject to the order pursuant to section 3119.30 of the Revised Code, all of the following apply:

(1) The court or agency shall consider any private health insurance coverage in which the obligor, obligee, or children, are enrolled at the time the court or agency issues the order.

(2) If the cost of private health insurance coverage to either parent exceeds a reasonable cost, that parent shall not be ordered to provide private health insurance coverage for the child except as follows:

(a) When the parent requests to obtain or maintain the private health insurance coverage that exceeds a reasonable cost;

(b) When the court determines that it is in the best interest of the children for a parent to obtain and maintain private health insurance coverage that exceeds a reasonable cost and the cost
will not impose an undue financial burden on either parent. If the court makes such a determination, the court must include the facts and circumstances of the determination in the child support order.

(3) If private health insurance coverage is available at a reasonable cost to either parent through a group policy, contract, or plan, and the court determines that it is not in the best interest of the children to utilize the available private health insurance coverage, the court shall state the facts and circumstances of the determination in the child support order.

(4) Notwithstanding division (C)(B) of section 3119.29 of the Revised Code, the court or agency may do either of the following:

(a) Permit primary care services to be farther than thirty miles if residents in part or all of the immediate geographic area customarily travel farther distances;

(b) Require primary care services be accessible by public transportation if public transportation is the obligee's only source of transportation.

If the court or agency makes either accessibility determination, it shall include this accessibility determination in the child support order.

(B) The director of job and family services shall periodically update the amount of the cash medical support obligation to be paid pursuant to division (C) of section 3119.30 of the Revised Code. The updates shall be made in consideration of the medical expenditure panel survey, conducted by the United States department of health and human services for health care research and quality. The amount shall be based on the most recent survey year data available and shall be calculated by multiplying the total amount expended for health services for children by the percentage that is out-of-pocket divided by the number of individuals less than eighteen years of age that have any private
Sec. 3119.31. In any action or proceeding in which a court or child support enforcement agency is determining the person responsible for the health care coverage of the children who are or will be the subject of a child support order, each party shall provide to the court or child support enforcement agency a list of any group health insurance policies, contracts, or plans available to the party and the cost for self-only and family of coverage under the available policies, contracts, or plans.

Sec. 3119.32. A child support order shall contain all of the following:

(A)(1) If the obligor, obligee, or both obligor and obligee, are required under section 3119.30 of the Revised Code to provide private health insurance care coverage for the children, a requirement that whoever is required to provide private health insurance care coverage provide to the other, not later than thirty days after the issuance of the order, information regarding the benefits, limitations, and exclusions of the coverage, copies of any insurance forms necessary to receive reimbursement, payment, or other benefits under the coverage, and a copy of any necessary insurance cards proof of coverage;

(2) If the obligor, obligee, or both obligor and obligee, are required under section 3119.30 of the Revised Code to provide private health insurance care coverage for the children, a requirement that whoever is required to provide private health insurance care coverage provide to the child support enforcement agency, not later than thirty days after the issuance of the order, documentation that verifies that coverage is being provided as ordered.

(B) A statement setting forth the name and address of the
individual who is to be reimbursed for medical expenses.

(C) A requirement that a person required to provide private health insurance care coverage for the children designate the children as covered dependents under any private health insurance care coverage policy, contract, or plan for which the person contracts.

(D) A requirement that the obligor, the obligee, or both of them under a formula established by the court, with respect to a court child support order, or the child support enforcement agency, with respect to an administrative child support order, pay extraordinary medical expenses for the children.

(E) A notice that the employer of the person required to obtain private health insurance care coverage through that employer is required to release to the other parent, any person subject to an order issued under section 3109.19 of the Revised Code, or the child support enforcement agency on written request any necessary information on the private health insurance care coverage, including the name and address of the health plan administrator and any policy, contract, or plan number, and to otherwise comply with this section and any order or notice issued under this section.

(F) A statement setting forth the full name and date of birth of each child who is the subject of the child support order.

(G) A notice that states the following: "If the person required to obtain private health care insurance coverage for the children subject to this child support order obtains new employment, the agency shall comply with the requirements of section 3119.34 of the Revised Code, which may result in the issuance of a notice requiring the new employer to take whatever action is necessary to enroll the children in private health care insurance coverage provided by the new employer, when insurance is
not being provided by any other source.

The format shall show, both at the district and at the school building level, revenue by source; expenditures for salaries, wages, and benefits of employees, showing such amounts separately for classroom teachers, other employees required to hold licenses issued pursuant to sections 3319.22 to 3319.31 of the Revised Code, and all other employees; expenditures other than

(b) An accelerated level of skill;
(c) A proficient level of skill;
(d) A basic level of skill;
(e) A limited level of skill.

However, no board shall prohibit a student who is not required to take such assessment from taking the assessment.

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section,
except that a student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment method approved by the department of education as conforming to requirements of federal law for receipt of federal funds for disadvantaged pupils. To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment. No board shall prohibit a student who is not required to take an assessment under division (C)(1) of this section from taking the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

(c)(i) Any student enrolled in a chartered nonpublic school who has been identified, based on an evaluation conducted in accordance with section 3323.03 of the Revised Code or section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C.A. 794, as amended, as a child with a disability shall be excused from taking any particular assessment required to be administered under this section if a plan developed for the student pursuant to rules adopted by the state board excuses the student from taking
that assessment.

(ii) A student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(iii) In the case of any student so excused from taking an assessment under division (C)(1)(c) of this section, the chartered nonpublic school shall not prohibit the student from taking the assessment.

(2) A district board may, for medical reasons or other good cause, excuse a student from taking an assessment administered under this section on the date scheduled, but that assessment shall be administered to the excused student not later than nine days following the scheduled date. The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board not later than the thirtieth day of June.

(3) As used in this division, "limited English proficient student learner" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any limited English proficient student learner from taking any particular assessment required to be administered under this section, except as follows:

(a) Any limited English proficient student learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.
(b) Any limited English proficient student learner who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment.

However, no board shall prohibit a limited an English proficient student learner who is not required to take an assessment under division (C)(3) of this section from taking the assessment. A board may permit any limited English proficient student learner to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each limited English proficient student learner, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

(4)(a) The governing authority of a chartered nonpublic school may excuse a limited an English proficient student learner from taking any assessment administered under this section.

(b) No governing authority shall require a limited an English proficient student learner who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(c) No governing authority shall prohibit a limited an English proficient student learner from taking an assessment from which the student was excused under division (C)(4) of this section.

(D)(1) In the school year next succeeding the school year in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A)(1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it
existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student intervention services commensurate with the student's performance, including any intensive intervention required under section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during
the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised Code and division (N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. Each district board shall submit the assessments to the entity with which the department contracts for the scoring of the assessments as follows:

(a) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was less than two thousand five hundred, not later than the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;
(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts assessment, within forty-five days after the administration of that assessment, but in no case shall the scores be returned later than the fifteenth day of June following the administration;

(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city,
local, or exempted village school district who are attending school in the joint vocational school district.

(4) Beginning with the 2019-2020 school year, a school district, other public school, or chartered nonpublic school may administer the third-grade English language arts or mathematics assessment, or both, in a paper format in any school year for which the district board of education or school governing body adopts a resolution indicating that the district or school chooses to administer the assessment in a paper format. The board or governing body shall submit a copy of the resolution to the department of education not later than the first day of May prior to the school year for which it will apply. If the resolution is submitted, the district or school shall administer the assessment in a paper format to all students in the third grade, except that any student whose individualized education program or plan developed under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, specifies that taking the assessment in an online format is an appropriate accommodation for the student may take the assessment in an online format.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the
data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to both of the following:

(a) Students who are attending school in the cooperative district and who, if the cooperative district were not established, would be entitled to attend school in the city, local, or exempted village school district pursuant to section 3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement...
shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1) Except as otherwise provided in division (K)(1) or (2) of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students who are participating in state scholarship programs shall administer the elementary assessments prescribed by section 3301.0710 of the Revised Code. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the school that the parent or guardian does not wish to have the student take the elementary assessments prescribed for the student's grade level under division (A) of section 3301.0710 of the Revised Code. If a parent or guardian submits an opt-out notice, the school shall not administer the assessments to that student. This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

(2) A chartered nonpublic school may submit to the superintendent of public instruction a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The state superintendent shall approve or disapprove a request for a waiver submitted under division (K)(2) of this section. No waiver shall be approved for any school year prior to the 2015-2016 school year.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis...
by a school district or from a physician, including a
neuropsychiatrist or psychiatrist, or a psychologist who is
authorized to practice in this or another state as having a
condition that impairs academic performance, such as dyslexia,
dyscalculia, attention deficit hyperactivity disorder, or
Asperger's syndrome.

(b) The school has solely served a student population
described in division (K)(1)(a) of this section for at least ten
years.

(c) The school provides to the department at least five years
of records of internal testing conducted by the school that
affords the department data required for accountability purposes,
including diagnostic assessments and nationally standardized
norm-referenced achievement assessments that measure reading and
math skills.

(3) Any chartered nonpublic school that is not subject to
division (K)(1) of this section may participate in the assessment
program by administering any of the assessments prescribed by
division (A) of section 3301.0710 of the Revised Code. The chief
administrator of the school shall specify which assessments the
school will administer. Such specification shall be made in
writing to the superintendent of public instruction prior to the
first day of August of any school year in which assessments are
administered and shall include a pledge that the nonpublic school
will administer the specified assessments in the same manner as
public schools are required to do under this section and rules
adopted by the department.

(4) The department of education shall furnish the assessments
prescribed by section 3301.0710 of the Revised Code to each
chartered nonpublic school that is subject to division (K)(1) of
this section or participates under division (K)(3) of this
section.
(L) If a chartered nonpublic school is educating students in
grades nine through twelve, the following shall apply:

(1) Except as provided in division (L)(4) of this section,
for a student who is enrolled in a chartered nonpublic school that
is accredited through the independent schools association of the
central states and who is attending the school under a state
scholarship program, the student shall either take all of the
assessments prescribed by division (B) of section 3301.0712 of the
Revised Code or take an alternative assessment approved by the
department under section 3313.619 of the Revised Code. However, a
student who is excused from taking an assessment under division
(C) of this section or has presented evidence to the chartered
nonpublic school of having satisfied the condition prescribed by
division (A)(1) of section 3313.618 of the Revised Code to qualify
for a high school diploma prior to the date of the administration
of the assessment prescribed under division (B)(1) of section
3301.0712 of the Revised Code shall not be required to take that
assessment. No governing authority of a chartered nonpublic school
shall prohibit a student who is not required to take such
assessment from taking the assessment.

(2) For a student who is enrolled in a chartered nonpublic
school that is accredited through the independent schools
association of the central states, and who is not attending the
school under a state scholarship program, the student shall not be
required to take any assessment prescribed under section 3301.0712
or 3313.619 of the Revised Code.

(3)(a) Except as provided in divisions (L)(3)(b) and (4) of
this section, for a student who is enrolled in a chartered
nonpublic school that is not accredited through the independent
schools association of the central states, regardless of whether
the student is attending or is not attending the school under a
state scholarship program, the student shall do one of the
following:

(i) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;

(ii) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(iii) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(b) A student who is excused from taking an assessment under division (C) of this section or has presented evidence to the chartered nonpublic school of having satisfied the condition prescribed by division (A)(1) of section 3313.618 of the Revised Code to qualify for a high school diploma prior to the date of the administration of the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code shall not be required to take that assessment. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and 3313.619 of the Revised Code shall not be administered to any student attending the school, if the school meets all of the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychologist or psychiatrist, or a psychologist who is
authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (L)(4)(a) of this section for at least ten years.

(c) The school makes available to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including growth in student achievement in reading or mathematics, or both, as measured by nationally norm-referenced assessments that have developed appropriate standards for students.

Division (L)(4) of this section applies to any student attending such school regardless of whether the student receives special education or related services and regardless of whether the student is attending the school under a state scholarship program.

(M)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division (C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

(N) Notwithstanding division (E) of this section, a school
district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), (6), and (7) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on the thirty-first day of July following the school year that the assessments were administered.

(2) The department may field test proposed questions with samples of students to determine the validity, reliability, or appropriateness of questions for possible inclusion in a future year's assessment. The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

Field test questions and anchor questions shall not be considered in computing scores for individual students. Field test questions and anchor questions may be included as part of the administration of any assessment required by division (A)(1) or (B) of section 3301.0710 and division (B) of section 3301.0712 of the Revised Code.

(3) Any field test question or anchor question administered under division (O)(2) of this section shall not be a public record. Such field test questions and anchor questions shall be redacted from any assessments which are released as a public record pursuant to division (O)(1) of this section.

(4) This division applies to the assessments prescribed by division (A) of section 3301.0710 of the Revised Code.
(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.

(5) Each assessment prescribed by division (B)(1) of section 3301.0710 of the Revised Code shall not be a public record.

(6)(a) Except as provided in division (O)(6)(b) of this section, for the administrations in the 2014-2015, 2015-2016, and 2016-2017 school years, questions on the assessments prescribed under division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code and the corresponding preferred answers that are used to compute a student's score shall become a public record as follows:

(i) Forty per cent of the questions and preferred answers on the assessments on the thirty-first day of July following the
administration of the assessment;

(ii) Twenty per cent of the questions and preferred answers on the assessment on the thirty-first day of July one year after the administration of the assessment;

(iii) The remaining forty per cent of the questions and preferred answers on the assessment on the thirty-first day of July two years after the administration of the assessment.

The entire content of an assessment shall become a public record within three years of its administration.

The department shall make the questions that become a public record under this division readily accessible to the public on the department's web site. Questions on the spring administration of each assessment shall be released on an annual basis, in accordance with this division.

(b) No questions and corresponding preferred answers shall become a public record under division (O)(6) of this section after July 31, 2017.

(7) Division (O)(7) of this section applies to the assessments prescribed by division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code.

Beginning with the assessments administered in the spring of the 2017-2018 school year, not less than forty per cent of the questions on each assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the
corresponding benchmark to which the question relates. The
department is not required to provide corresponding standards and
benchmarks to field test questions that are redacted under
division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent
consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school

(3) "Graduation rate" means the ratio of students receiving a
diploma to the number of students who entered ninth grade four
years earlier. Students who transfer into the district are added
to the calculation. Students who transfer out of the district for
reasons other than dropout are subtracted from the calculation. If
a student who was a dropout in any previous year returns to the
same school district, that student shall be entered into the
calculation as if the student had entered ninth grade four years
before the graduation year of the graduating class that the
student joins.

The categories of instructional services required by the guidelines under this division shall be the same as the categories of instructional services used in determining cost units pursuant to division (C)(3) of this section.

(f) The numbers of students reported to the state board
pursuant to division (C)(2) of section 3301.0711 of the Revised Code;

The hearing shall be conducted by a referee appointed by the department. Based on the information provided in the hearing, the referee shall recommend whether the department should issue a revised report card for the district. If the referee affirms the department's contention that the district did not make a good faith effort to report data as required by this section, the district shall bear the full cost of conducting the hearing and of issuing any revised report card.

(7) If the department determines that any inaccurate data reported under this section caused a school district to receive excess state funds in any fiscal year, the district shall reimburse the department an amount equal to the excess funds, in accordance with a payment schedule determined by the department.
The department may withhold state funds due to the district for this purpose.

(8) Any school district that has funds withheld under division (L)(2) of this section may appeal the withholding in accordance with Chapter 119. of the Revised Code.

(L) "Entitled to attend school in the district" means entitled to attend school in a school district under section 3313.64 or 3313.65 of the Revised Code.

Sec. 3302.03. Annually, not later than the fifteenth day of September or the preceding Friday when that day falls on a Saturday or Sunday, the department of education shall assign a letter grade for overall academic performance and for each separate performance measure for each school district, and each school building in a district, in accordance with this section. The state board shall adopt rules pursuant to Chapter 119. of the Revised Code to establish performance criteria for each letter grade and prescribe a method by which the department assigns each letter grade. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the state board shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall grade. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and letter grade system described in this section. The department shall include on the report card for each district and each building within each district the most recent two-year trend data in student achievement for each subject and each grade.

(A)(1) For the 2012-2013 school year, the department shall issue grades as described in division (E) of this section for each of the following performance measures:
(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as adopted by the state board. In adopting benchmarks for assigning letter grades under division (A)(1)(b) of this section, the state board of education shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.02 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (A)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates. In adopting benchmarks for assigning letter grades under division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the department shall designate a four-year adjusted cohort graduation rate of ninety-three per cent or higher for an "A" and a five-year cohort graduation rate of ninety-five per cent or higher for an "A."

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available. The letter grade assigned for this growth measure shall be as follows:

(i) A score that is at least two standard errors of measure above the mean score shall be designated as an "A."

(ii) A score that is at least one standard error of measure
but less than two standard errors of measure above the mean score shall be designated as a "B."

(iii) A score that is less than one standard error of measure above the mean score but greater than or equal to one standard error of measure below the mean score shall be designated as a "C."

(iv) A score that is not greater than one standard error of measure below the mean score but is greater than or equal to two standard errors of measure below the mean score shall be designated as a "D."

(v) A score that is not greater than two standard errors of measure below the mean score shall be designated as an "F."

Whenever the value-added progress dimension is used as a graded performance measure, whether as an overall measure or as a measure of separate subgroups, the grades for the measure shall be calculated in the same manner as prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of education shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and, not later than June 30, 2013, shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, including performance benchmarks for each letter grade.
At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.

(B)(1) For the 2013-2014 and 2014-2015 school years, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (B)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension of a school district or building, for which the
department shall use up to three years of value-added data as available.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324. of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to districts and buildings for purposes of division (B)(1)(g) of this section. In adopting benchmarks for assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of this section, the state board shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading and writing diagnostic assessments administered under section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under divisions (B)(1)(g) and (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an
additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.
(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code.

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.

(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(4) There shall not be an overall letter grade for a school district or building for the 2013-2014, 2014-2015, 2015-2016, and
2016-2017 school years.

(C)(1) For the 2014-2015 school year and each school year thereafter, the department shall issue grades as described in division (E) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:

(a) Annual measurable objectives. For the 2017-2018 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty-five students. For the 2018-2019 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than twenty students. Beginning with the 2019-2020 school year, the department shall not include any subgroup data in the annual measurable objectives that includes data from fewer than fifteen students.

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;
(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for which the department shall use up to three years of value-added data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "B" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is...
comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or
building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6113 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;
(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code;

(h) Whether the school district or building has implemented a positive behavior intervention and supports framework in compliance with the requirements of section 3319.46 of the Revised Code, notated as a "yes" or "no" answer.

(3) The state board shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;

(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board
may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) On or after July 1, 2015, the state board may develop a
measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(E) The letter grades assigned to a school district or building under this section shall be as follows:

(1) "A" for a district or school making excellent progress;

(2) "B" for a district or school making above average progress;

(3) "C" for a district or school making average progress;

(4) "D" for a district or school making below average progress;

(5) "F" for a district or school failing to meet minimum progress.

(F) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;
(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(7) Performance of students grouped by those who are economically disadvantaged;

(8) Performance of students grouped by those who are enrolled in a conversion community school established under Chapter 3314. of the Revised Code;

(9) Performance of students grouped by those who are classified as limited English proficient learners;

(10) Performance of students grouped by those who are classified as migrants;

(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions.
(F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

(G) The department may include with the report cards any additional education and fiscal performance data it deems valuable.

(H) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.

(I)(1)(a) Except as provided in division (I)(1)(b) of this section, for any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department...
shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(b) The department shall not combine data from any conversion community school that a district sponsors if a majority of the students enrolled in the conversion community school are enrolled in a dropout prevention and recovery program that is operated by the school, as described in division (A)(4)(a) of section 3314.35 of the Revised Code. The department shall include as an addendum to the district's report card the ratings and performance measures that are required under section 3314.017 of the Revised Code for any community school to which division (I)(1)(b) of this section applies. This addendum shall include, at a minimum, the data specified in divisions (C)(1)(a), (C)(2), and (C)(3) of section 3314.017 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's
territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (I)(3)(a) of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division (I)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(J) The department shall include on each report card the percentage of teachers in the district or building who are properly certified or licensed teachers, as defined in section 3319.074 of the Revised Code, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(K)(1) In calculating English language arts, mathematics, or science assessment passage rates used to determine school district or building performance under this section, the department shall include all students taking an assessment with accommodation or to whom an alternate assessment is administered pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code.

(2) In calculating performance index scores, rates of
achievement on the performance indicators established by the state board under section 3302.02 of the Revised Code, and annual measurable objectives for determining adequate yearly progress for school districts and buildings under this section, the department shall do all of the following:

(a) Include for each district or building only those students who are included in the ADM certified for the first full school week of October and are continuously enrolled in the district or building through the time of the spring administration of any assessment prescribed by division (A)(1) or (B)(1) of section 3301.0710 or division (B) of section 3301.0712 of the Revised Code that is administered to the student's grade level;

(b) Include cumulative totals from both the fall and spring administrations of the third grade English language arts achievement assessment;

(c) Except as required by the No Child Left Behind Act of 2001, exclude for each district or building any limited proficient student learner who has been enrolled in United States schools for less than one full school year.

(L) Beginning with the 2015-2016 school year and at least once every three years thereafter, the state board of education shall review and may adjust the benchmarks for assigning letter grades to the performance measures and components prescribed under divisions (C)(3) and (D) of this section.

Sec. 3302.042. (A) This section shall operate as a pilot project that applies to any school that has been ranked according to performance index score under section 3302.21 of the Revised Code in the lowest five per cent of all public school buildings statewide for three or more consecutive school years and is operated by the Columbus city school district. The pilot project shall commence once the department of education establishes
implementation guidelines for the pilot project in consultation with the Columbus city school district.

(B) Except as provided in division (D), (E), or (F) of this section, if the parents or guardians of at least fifty per cent of the students enrolled in a school to which this section applies, or if the parents or guardians of at least fifty per cent of the total number of students enrolled in that school and the schools of lower grade levels whose students typically matriculate into that school, by the thirty-first day of December of any school year in which the school is subject to this section, sign and file with the school district treasurer a petition requesting the district board of education to implement one of the following reforms in the school, and if the validity and sufficiency of the petition is certified in accordance with division (C) of this section, the board shall implement the requested reform in the next school year:

(1) Reopen the school as a community school under Chapter 3314. of the Revised Code;

(2) Replace at least seventy per cent of the school's personnel who are related to the school's poor academic performance or, at the request of the petitioners, retain not more than thirty per cent of the personnel;

(3) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;

(4) Turn operation of the school over to the department;

(5) Any other major restructuring of the school that makes fundamental reforms in the school's staffing or governance.

(C) Not later than thirty days after receipt of a petition under division (B) of this section, the district treasurer shall...
verify the validity and sufficiency of the signatures on the petition and certify to the district board whether the petition contains the necessary number of valid signatures to require the board to implement the reform requested by the petitioners. If the treasurer certifies to the district board that the petition does not contain the necessary number of valid signatures, any person who signed the petition may file an appeal with the county auditor within ten days after the certification. Not later than thirty days after the filing of an appeal, the county auditor shall conduct an independent verification of the validity and sufficiency of the signatures on the petition and certify to the district board whether the petition contains the necessary number of valid signatures to require the board to implement the requested reform. If the treasurer or county auditor certifies that the petition contains the necessary number of valid signatures, the district board shall notify the superintendent of public instruction and the state board of education of the certification.

(D) The district board shall not implement the reform requested by the petitioners in any of the following circumstances:

(1) The district board has determined that the request is for reasons other than improving student academic achievement or student safety.

(2) The state superintendent has determined that implementation of the requested reform would not comply with the model of differentiated accountability described in section 3302.041 of the Revised Code.

(3) The petitioners have requested the district board to implement the reform described in division (B)(4) of this section and the department has not agreed to take over the school's operation.
(4) When all of the following have occurred:

(a) After a public hearing on the matter, the district board issued a written statement explaining the reasons that it is unable to implement the requested reform and agreeing to implement one of the other reforms described in division (B) of this section.

(b) The district board submitted its written statement to the state superintendent and the state board along with evidence showing how the alternative reform the district board has agreed to implement will enable the school to improve its academic performance.

(c) Both the state superintendent and the state board have approved implementation of the alternative reform.

(E) If the provisions of this section conflict in any way with the requirements of federal law, federal law shall prevail over the provisions of this section.

(5)(4) The chief executive officer shall represent the district board during any negotiations to modify, renew, or extend a collective bargaining agreement entered into by the board under Chapter 4117. of the Revised Code.

Upon approval of the plan by the commission, the chief executive officer shall reconstitute the school as outlined in the plan.

(2) Notwithstanding and notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the chief executive officer, in consultation with the chairperson of the academic distress commission, may reopen any collective bargaining agreement entered into, modified, renewed, or extended on or after the effective date of this section October 15, 2015, for the purpose of renegotiating its terms. The chief executive officer shall have the sole discretion to designate any provisions of a collective bargaining agreement as subject to reopening by providing written notice to the bargaining representative. Any
provisions designated for reopening by the chief executive officer shall be subject to collective bargaining as set forth in Chapter 4117. of the Revised Code. Any changes to the provisions subject to reopening shall take effect on the following first day of July or another date agreed to by the parties. The chief executive officer may reopen a collective bargaining agreement under division (H)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.

The decision to limit, suspend, or alter any provision of a collective bargaining agreement under this division is not subject to bargaining under Chapter 4117. of the Revised Code; however, the chief executive officer shall have the discretion to engage in effects bargaining on the way any such decision may affect wages, hours, or terms and conditions of employment. The chief executive officer may limit, suspend, or alter a provision of a collective bargaining agreement under division (I)(2) of this section as necessary to reconstitute a school under division (H)(1) of this section.
(J) If the report card for the district has been issued under section 3302.03 of the Revised Code for the third school year that the district is subject to this section and the district does not meet the qualification in division (N)(1)(L) of this section, the following shall apply:

(1) The chief executive officer may exercise any of the powers authorized under division (H), (I), or (J) of this section.

(2) The chief executive officer may continue in effect a limitation, suspension, or alteration of a provision of a collective bargaining agreement issued under division (H)(2) of this section. Any such continuation shall be subject to the requirements and restrictions of that division.

(K) If the report card for the district has been issued under section 3302.03 of the Revised Code for the fourth school year or any subsequent school year that the district is subject to this section and the district does not meet the qualification in division (N)(1)(L) of this section, the following shall apply:

During the transition period, the conditions described in divisions (F) to (L) of this section for the school year prior to the school year in which the transition period begins shall continue to apply and the chief executive officer shall work closely with the district board and district superintendent to increase their ability to resume control of the district and sustain the district's academic improvement over time. Upon completion of the transition period, the chief executive officer shall relinquish all operational, managerial, and instructional control of the district to the district board and district superintendent and the academic
distress commission shall cease to exist.

(2) If the district receives an overall grade of "F" under division (C)(3) of section 3302.03 of the Revised Code at any time during the transition period, the transition period shall end and the district shall be fully subject to this section again. The district shall resume being fully subject to this section at the point it began its transition out of being subject to this section and the division in divisions (M) to (L) of this section that would have applied to the district had the district not qualified to begin its transition under division (N)(1) of this section shall apply to the district.

(0)(L) The academic distress commission shall cease to exist upon the determination of the state superintendent under section 3302.11 of the Revised Code.

(M) If at any time there are no longer any schools operated by the district due to reconstitution or other closure of the district's schools under this section, the academic distress commission shall cease to exist and the chief executive officer shall cease to exercise any powers with respect to the district.

supervisor. The improvement supervisor shall be an employee of the
department but shall submit progress reports on the improvement of
the district to both the district board and state superintendent.
The supervisor shall act in an advisory role and assist the
district board and state superintendent to create an improvement
plan using school district turnaround strategies. The supervisor

The mayor shall prescribe the member's terms of office so that their expiration dates are staggered but no term shall be for longer than two years.

(5) School directors. The state superintendent shall appoint school directors to manage one or more school buildings in the district. A school director shall be an employee of the department and shall have authority over the operational, managerial, and instructional functions of the buildings assigned as designated in a contract with the department.

(6) Contracted school management. The state superintendent may place one or more buildings in the district under independent management by a nonprofit company. The state superintendent shall develop specifications for the operation of the building or buildings and issue a bidding process for management companies. The building shall remain as part of the district but be managed
by the nonprofit company.

(7) An academic distress commission under section 3302.10 of the Revised Code.

(8) A chief executive officer. The state superintendent shall appoint a chief executive officer who shall assume the management and control of a district subject to an improvement intervention. (G) If the state superintendent implements a school district improvement intervention under division (F) of this section that replaces the authority of the school district board of education, the school district treasurer shall report to the governing entity specified under that intervention.

(H) If the state superintendent determines that a school district improvement intervention selected under division (F) of this section is failing to produce meaningful improvement, as determined by the state superintendent, the state superintendent may select a different intervention.

(I) A district shall not be considered under substantial and intensive support status and no longer be subject to any school district improvement intervention upon receiving an overall grade of "C" or above under division (C)(3) of section 3302.03 of the Revised Code or upon the determination of the state superintendent based on the academic performance of the district and individual school buildings operated by the district and evidence of a district's capacity for sustainable improvement.

Sec. 3302.11 3302.111. (A) This section applies to any school district that becomes subject to a mayorally appointed board of education under division (K)(F)(4) of section 3302.10 of the Revised Code.
the Revised Code, as it exists on and after the effective date of this section.

(B) As used in this section, "mayor" means the mayor of the municipality in which a majority of the territory of a school district to which this section applies is located or, if no such municipality exist, the mayor of a municipality selected by the superintendent of public instruction in which the district has territory.

(D)(1) Not later than thirty days after the date on which this section first applies to a school district, the superintendent of public instruction shall convene a nominating panel to nominate candidates for appointment to the district board of education. The panel shall consist of the following members:

(a) Two persons appointed by the mayor, one of whom shall be a representative of the business community or an institution of higher education located in the district;

(b) One principal employed by the district, who shall be selected by a vote of the district's principals conducted by the state superintendent;

(e) The chairperson of the academic distress commission
established for the district under section 3302.10 of the Revised Code and the chief executive officer appointed under division (C)(1) of that section, until such time as the commission ceases to exist.

(2) The state superintendent shall be a nonvoting member of the panel and shall serve as chairperson of the panel for the first two years of the panel's existence. After that time, the panel shall select one of its members as chairperson. The panel shall meet as necessary to make nominations at the call of the chairperson. All members of the panel shall serve at the pleasure of their appointing authority. A vacancy on the panel shall be filled in the same manner as the initial appointment.

(E) Not later than thirty days after the nominating panel is convened, the panel shall nominate a slate of at least ten candidates for possible appointment to the district board of education. All candidates shall be residents of the school district and shall hold no elected public office. At least two of the candidates shall reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory.

(F) Not later than thirty days after receiving the slate of candidates, the mayor shall select five members from the slate for appointment to the district board of education. Initial members of the board shall take office on the first day of January following their appointment and their terms shall expire on the thirtieth day of June following the referendum election required by division (G)(1) of this section.

(G)(1) At the general election held in the first even-numbered year occurring at least three years after the date on which the academic distress commission established for the district ceases to exist pursuant to division (N)(1) of section 3302.10 of the Revised Code appointed board assumed control of the
district, a referendum election shall be held to determine if the mayor shall continue to appoint the district board of education. Not later than ninety days before the general election, the board of education shall notify the board of elections of each county containing territory of the district of the referendum election. At the general election, the following question shall be submitted to the electors of the district:

"Shall the mayor of . . . (here insert the name of the applicable municipal corporation) continue to appoint the members of the board of education of the . . . (here insert the name of the school district to which this section applies)?"

The board of elections of the county in which the majority of the district's territory is located shall make all necessary arrangements for the submission of the question to the electors, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers, provided that in any such election in which only part of the electors of a precinct are qualified to vote, the board of elections may assign voters in such part to an adjoining precinct. Such an assignment may be made to an adjoining precinct in another county with the consent and approval of the board of elections of such other county. Notice of the election shall be published in a newspaper of general circulation in the district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. The notice shall state the question on which the election is being held. The ballot shall be in the form prescribed by the secretary of state. Costs of submitting the question to the electors shall be charged to the district in accordance with section 3501.17 of the Revised Code.
(2) If a majority of the electors voting on the question proposed in division (G)(B)(1) of this section approve the question, the mayor shall appoint a new board of education on the immediately following first day of July from a slate of candidates nominated by the nominating panel in the same manner as the initial board was appointed pursuant to divisions (E) and (F) of this section. Three of the members of the new board shall be appointed to four-year terms and two of the members shall be appointed to two-year terms, each term beginning on the first day of July. Thereafter, the mayor shall appoint members to four-year terms in the same manner prescribed in divisions (E) and (F) of this section. Whenever the nominating panel is required to nominate a slate of candidates, the panel shall nominate at least twice the number of candidates as members to be appointed to the board at that time, including two candidates who reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory. Nothing in this division shall preclude the nominating panel from nominating as a candidate a person who was a member of the board prior to the referendum election or shall preclude the mayor from appointing such a person to the new board division (F)(4) of section 3302.11 of the Revised Code.

(3) If a majority of the electors voting on the question proposed in division (G)(B)(1) of this section disapprove the question, a new board of education shall be elected at the next regular election occurring in November of an odd-numbered year. The board shall have the same number of members as the board in place prior to the board appointed under this section. At such election, one-half of the total number of members rounded up to the next whole number shall be elected for terms of four years and the remaining members shall be elected for terms of two years. Thereafter, their successors shall be elected in the same manner and for the same terms as provided in the Revised Code for members.

(H) All of the following shall apply to a board of education appointed under division (F) or (G)(2) of this section:

(1) At any given time, at least two of the board members shall have significant expertise in education, finance, or business management and at least one member shall reside outside of the municipal corporation served by the mayor, if that municipal corporation does not contain all of the district's territory.

(2) The members of the board shall designate one of its members as the chairperson of the board. The chairperson shall have all the rights, authority, and duties conferred upon the president of a board of education by the Revised Code.

(3) The mayor may remove any member of the board with the advice and consent of the nominating panel.

Sec. 3302.12. (A)(1) Except as provided in divisions (C) and (D) of this section, this section applies to a school building that is ranked according to performance index score under section 3302.21 of the Revised Code in the lowest five per cent of public school buildings statewide for three consecutive years and that meets any combination of the following for three consecutive years:

(a) The school building is declared to be under an academic watch or in a state of academic emergency under section 3302.03 of the Revised Code;

(b) The school building that has received a grade of "F" for
the value-added progress dimension under division (A)(1)(e), (B)(1)(e), or (C)(1)(e) of section 3302.03 of the Revised Code;

(c) The school building that has received an overall grade of "F" under section 3302.03 of the Revised Code.

(2) In the case of a building to which this section applies, the district board of education in control of that building shall do one of the following at the conclusion of the school year in which the building first becomes subject to this section:

(a) Close the school and direct the district superintendent to reassign the students enrolled in the school to other school buildings that demonstrate higher academic achievement;

(b) Contract with another school district or a nonprofit or for-profit entity with a demonstrated record of effectiveness to operate the school;

(c) Replace the principal and all teaching staff of the school and, upon request from the new principal, exempt the school from all requested policies and regulations of the board regarding curriculum and instruction. The board also shall distribute funding to the school in an amount that is at least equal to the product of the per pupil amount of state and local revenues received by the district multiplied by the student population of the school.

(d) Reopen the school as a conversion community school under Chapter 3314. of the Revised Code.

(B) If an action taken by the board under division (A)(2) of this section causes the district to no longer maintain all grades kindergarten through twelve, as required by section 3311.29 of the Revised Code, the board shall enter into a contract with another school district pursuant to section 3327.04 of the Revised Code for enrollment of students in the schools of that other district to the extent necessary to comply with the requirement of section
3311.29 of the Revised Code. Notwithstanding any provision of the Revised Code to the contrary, if the board enters into and maintains a contract under section 3327.04 of the Revised Code, the district shall not be considered to have failed to comply with the requirement of section 3311.29 of the Revised Code. If, however, the district board fails to or is unable to enter into or maintain such a contract, the state board of education shall take all necessary actions to dissolve the district as provided in division (A) of section 3311.29 of the Revised Code.

(C) If a particular school is required to restructure under this section and a petition with respect to that same school has been filed and verified under divisions (B) and (C) of section 3302.042 of the Revised Code, the provisions of that section and the petition filed and verified under it shall prevail over the provisions of this section and the school shall be restructured under that section. However, if division (D)(1), (2), or (3) of section 3302.042 of the Revised Code also applies to the school, the school shall be subject to restructuring under this section and not section 3302.042 of the Revised Code.

If the provisions of this section conflict in any way with the requirements of federal law, federal law shall prevail over the provisions of this section.

(D) If a school is restructured under this section, section 3302.042 of the Revised Code, or federal law, the school shall not be required to restructure again under state law for three consecutive years after the implementation of that prior restructuring.

Sec. 3302.17. (A) Any school building operated by a city, exempted village, or local school district, or a community school established under Chapter 3314. of the Revised Code is eligible to initiate the community learning center process as prescribed by
(B) Beginning with the 2015-2016 school year, each district board of education or community school governing authority may initiate a community learning center process for any school building to which this section applies.

First, the board or governing authority shall conduct a public information hearing at each school building to which this section applies to inform the community of the community learning center process. The board or governing authority may do all of the following with regard to the public information hearing:

(1) Announce the meeting not less than forty-five days in advance at the school and on the school's or district's web sites and using tools to ensure effective communication with individuals with disabilities;

The board or governing authority may enter into an agreement with any civic engagement organizations, community organizations,
or employee organizations to support the implementation of the community learning center process.

The board or governing authority shall conduct a follow-up hearing at least once annually until action is further taken under the section with respect to the school building or until the conditions described in division (A) of this section no longer apply to the school building.

(C) Not sooner than forty-five days after the first public information hearing, the board or governing authority shall conduct an election, by paper ballot, to initiate the process to become a community learning center. Only parents or guardians of students enrolled in the school and students enrolled in a different school operated by a joint vocational school district but are otherwise entitled to attend the school, and teachers and nonteaching employees who are assigned to the school may vote in the election.

The board or governing authority shall distribute the ballots by mail and shall make copies available at the school and on the web site of the school. The board or governing authority also may distribute the ballots by directly giving ballots to teachers and nonteaching employees and sending home ballots with every student enrolled in the school building.

(D) The board or governing authority shall initiate the transition of the building to a community learning center if the results of the election held under division (C) of this section are as follows:

(1) At least fifty per cent of parents and guardians of students enrolled in the eligible school building and students enrolled in a different building operated by a joint vocational school district but who are entitled to attend the school cast ballots by a date set by the board or governing authority, and of

(2) At least fifty per cent of teachers and nonteaching employees who are assigned to the school cast ballots by a date set by the board or governing authority, and of those ballots at least sixty-seven per cent are in favor of initiating the process.

The school action team shall provide quarterly updates of its work in a public hearing that complies with the same specifications prescribed in division (B) of this section.

(F) Upon completion of the audit and review, the school action team shall present its findings at a public hearing that complies with the same specifications prescribed in division (B) of this section. After the school action team presents its findings at the public hearing, it shall create a community learning center improvement plan that designates appropriate interventions, which may be based on the recommendations developed by the department under division (H)(1)(b) of this section.

If there is a federally mandated school improvement planning process, the team shall coordinate its work with that plan.

The school action team shall approve the plan by a majority vote.

(G) Upon approval of the plan by the school action team, the
team shall submit the community learning center improvement plan to the same individuals described in division (C) of this section. Ballots shall be distributed and an election shall be conducted in the same manner as indicated under that division.

The school action team shall submit the plan to the district board of education or community school governing authority, if the results of the election under division (G) of this section are as follows:

(1) At least thirty per cent of parents and guardians of students enrolled in the eligible school building and students enrolled in a different building operated by a joint vocational school district but who are entitled to attend the school cast ballots by a date set by the board or governing authority, and of those ballots at least fifty per cent are in favor of initiating the process; and

(2) At least thirty per cent of teachers and nonteaching employees who are assigned to the school cast ballots by a date set by the board or governing authority, and of those ballots at least fifty per cent are in favor of initiating the process.

The board or governing authority shall evaluate the plan and determine whether to adopt it. The board or governing authority shall adopt the plan in full or adopt portions of the plan. If the board or governing authority does not adopt the plan in full, it shall provide a written explanation of why portions of the plan were rejected.

(H)(1) The department shall do all of the following with respect to this section:

(b) Develop appropriate interventions for a community learning center improvement plan that may be used by a school
action team under division (F) of this section;

(d) Provide information regarding implementation of comprehensive community-based programs and supportive services including the community learning center model to school buildings meeting any of the following conditions:

   (i) The building is in improvement status as defined by the "No Child Left Behind Act of 2001" or under an agreement between the Ohio department of education and the United States secretary of education.

   (iii) The building is a secondary school with a graduation rate of sixty per cent or lower for three or more consecutive years.

   (iv) The building is a school that the department determines is persistently low-performing.

(2) The department may do the following with respect to this section:

   (a) Provide assistance, facilitation, and training to school action teams in the conducting of the audit required under this section;

   (b) Provide opportunities for members of school action teams from different schools to share school improvement strategies with parents, teachers, and other relevant stakeholders in higher
performing schools;

(c) Provide financial support in a school action team's planning process and create a grant program to assist in the implementation of a qualified community learning center plan.

(I) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this section October 15, 2015. However, the board or governing authority and the teachers' labor organization may negotiate additional factors to be considered in the adoption of a community learning center plan.

Sec. 3302.18. The team shall consist of twelve members, as follows:

(a) Seven individuals, consisting of parents or guardians of students enrolled in the school and members of the community who are not teachers or nonteaching employees, as elected by their peers;

(b) Five teachers and nonteaching employees who are assigned to the school building and are not parents or guardians of students enrolled in the school, as elected by their peers.

individual who is employed by the district, school, or community partner to serve as the resource coordinator for the community learning center. The school action team shall make recommendations to the board, governing authority, or community partner on potential candidates. The resource coordinator shall not be considered a member of a school action team. The resource coordinator shall assist in the development and coordination of programs and services for the community learning center.

(B) All members of a school action team shall serve as voting members. Terms of office shall be for three years, and vacancies shall be filled in the same manner as the original appointment.

Members shall serve without compensation.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher
education for Ohio's students, families, and the state. The state board and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this
section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of
the following:

(I) Probability and statistics;

(II) Computer science;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the
(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

If a school district or chartered nonpublic school requires a foreign language as an additional graduation requirement under division (E) of this section, a student may apply one unit of instruction in computer coding to satisfy one unit of foreign language. If a student applies more than one computer coding course to satisfy the foreign language requirement, the courses shall be sequential and progressively more difficult.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their
initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under
section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.
Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum,
assessments, or the awarding of a high school diploma.

(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school
shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing
authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;

(2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on the Bill of Rights;

(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by
divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

(N) A student may apply one unit of instruction in computer science to satisfy one unit of mathematics or one unit of science under division (C) of this section as the student chooses, regardless of the field of certification of the teacher who teaches the course, so long as that teacher meets the licensure requirements prescribed by section 3319.236 of the Revised Code and, prior to teaching the course, completes a professional development program determined to be appropriate by the district board.

If a student applies more than one computer science course to satisfy curriculum requirements under that division, the courses shall be sequential and progressively more difficult or cover different subject areas within computer science.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's
principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is a limited English proficient student learner who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the
Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment
shall be completed by the thirtieth day of September for students in grades one to three, and by the first day of November for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall
specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

(3) For each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The remediation services shall include intensive interventions in reading that address the areas of deficiencies identified under this section including, but not limited to, not less than ninety minutes of reading instruction per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade students;

(vi) Extended school day, week, or year;

(vii) Summer reading camps.
(b) Establish a policy for the mid-year promotion of a student retained under division (A) of this section who demonstrates that the student is reading at or above grade level;

(c) Provide each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services
and support that will be provided to the student to remediate the
identified reading deficiencies;

(3) Opportunities for the student's parent or guardian to be
involved in the instructional services and support described in
division (C)(2) of this section;

(4) A process for monitoring the extent to which the student
receives the instructional services and support described in
division (C)(2) of this section;

(5) A reading curriculum during regular school hours that
does all of the following:

(a) Assists students to read at grade level;

(b) Provides scientifically based and reliable assessment;

(c) Provides initial and ongoing analysis of each student's
reading progress.

(6) A statement that if the student does not attain at least
the equivalent level of achievement designated under division
(A)(3) of section 3301.0710 of the Revised Code on the assessment
prescribed under that section to measure skill in English language
arts expected by the end of third grade, the student may be
retained in third grade.

Each student with a reading improvement and monitoring plan
under this division who enters third grade after July 1, 2013,
shall be assigned to a teacher who satisfies one or more of the
criteria set forth in division (H) of this section.

The district shall report any information requested by the
department about the reading improvement monitoring plans
developed under this division in the manner required by the
department.

(D) Each school district shall report annually to the
department on its implementation and compliance with this section
using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, shall be assigned a teacher who has at least one year of teaching experience and who satisfies one or
more of the following criteria:

(a) The teacher holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable.

(b) The teacher has completed a master's degree program with a major in reading.

(c) The teacher was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the state board under division (B)(2) of section 3319.112 of the Revised Code.

(d) The teacher was rated "above expected value added," in reading instruction, as determined by criteria established by the department, for the most recent, consecutive two years.

(e) The teacher has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the state board.

(f) The teacher holds an educator license for teaching grades pre-kindergarten through three or four through nine issued on or after July 1, 2017.

(2) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may be assigned to a teacher with less than one year of teaching experience provided that the teacher meets one or more of the criteria described in divisions (H)(1)(a) to (f) of this section and that teacher is assigned a teacher mentor who meets the qualifications of division (H)(1) of this section.

(3) Notwithstanding division (H)(1) of this section, a
student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, but prior to July 1, 2016, may be assigned to a teacher who holds an alternative credential approved by the department or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in division (H)(3) of this section shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(4) Notwithstanding division (H)(1) of this section, a student described in division (B)(3) or (C) of this section who enters third grade for the first time on or after July 1, 2013, may receive reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the state speech and hearing professionals board under Chapter 4753. of the Revised Code and a professional pupil services license as a school speech-language pathologist issued by the state board of education.

(5) A teacher, other than a student's teacher of record, may provide any services required under this section, so long as that other teacher meets the requirements of division (H) of this section and the teacher of record and the school principal agree to the assignment. Any such assignment shall be documented in the student's reading improvement and monitoring plan.

As used in this division, "teacher of record" means the classroom teacher to whom a student is assigned.

(I) Notwithstanding division (H) of this section, a teacher may teach reading to any student who is an English language learner, and has been in the United States for three years or
less, or to a student who has an individualized education program developed under Chapter 3323. of the Revised Code if that teacher holds an alternative credential approved by the department or has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. Beginning on July 1, 2014, the alternative credentials and training described in this division shall be aligned with the reading competencies adopted by the state board of education under section 3301.077 of the Revised Code.

(J) If, on or after June 4, 2013, a school district or community school cannot furnish the number of teachers needed who satisfy one or more of the criteria set forth in division (H) of this section for the 2013-2014 school year, the school district or community school shall develop and submit a staffing plan by June 30, 2013. The staffing plan shall include criteria that will be used to assign a student described in division (B)(3) or (C) of this section to a teacher, credentials or training held by teachers currently teaching at the school, and how the school district or community school will meet the requirements of this section. The school district or community school shall post the staffing plan on its web site for the applicable school year.

Not later than March 1, 2014, and on the first day of March in each year thereafter, a school district or community school that has submitted a plan under this division shall submit to the department a detailed report of the progress the district or school has made in meeting the requirements under this section.

A school district or community school may request an extension of a staffing plan beyond the 2013-2014 school year. Extension requests must be submitted to the department not later than the thirtieth day of April prior to the start of the applicable school year. The department may grant extensions valid...
through the 2015-2016 school year.

Until June 30, 2015, the department annually shall review all staffing plans and report to the state board not later than the thirtieth day of June of each year the progress of school districts and community schools in meeting the requirements of this section.

(K) The department of education shall designate one or more staff members to provide guidance and assistance to school districts and community schools in implementing the third grade guarantee established by this section, including any standards or requirements adopted to implement the guarantee and to provide information and support for reading instruction and achievement.

Sec. 3313.6024. (A) Annually, beginning in the 2019-2020 school year, each school district shall report to the department of education, in the manner prescribed by the department, the types of prevention-focused programs, services, and supports used to assist students in developing the knowledge and skills to engage in healthy behaviors and decision-making and to increase their awareness of the dangers and consequences of risky behaviors, including substance abuse, suicide, bullying, and other harmful behaviors. The district shall report the following information regarding such programs, services, and supports for each building operated by the district and for each of grades kindergarten through twelve served by the building:

(1) Curriculum and instruction provided during the school day;

(2) Programs and supports provided outside of the classroom or outside of the school day;

(3) Professional development for teachers, administrators, and other staff;
(4) Partnerships with community coalitions and organizations to provide prevention services and resources to students and their families;

(5) School efforts to engage parents and the community;

(6) Activities designed to communicate with and learn from other schools or professionals with expertise in prevention education.

(B) The department may use information reported under this section, and any other information collected by the department pursuant to law, as a factor in the distribution of any funding available for prevention-focused programs, services, and supports.

Sec. 3313.61. (A) A diploma shall be granted by the board of education of any city, exempted village, or local school district that operates a high school to any person to whom all of the following apply:

(1) The person has successfully completed the curriculum in any high school or the individualized education program developed for the person by any high school pursuant to section 3323.08 of the Revised Code, or has qualified under division (D) or (F) of section 3313.603 of the Revised Code, provided that no school district shall require a student to remain in school for any specific number of semesters or other terms if the student completes the required curriculum early;

(2) Subject to section 3313.614 of the Revised Code, the person has met the assessment requirements of division (A)(2)(a) or (b) of this section, as applicable.

(a) If the person entered the ninth grade prior to July 1, 2014, the person either:

(i) Has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on
all the assessments required by that division unless the person was excused from taking any such assessment pursuant to section 3313.532 of the Revised Code or unless division (H) or (L) of this section applies to the person;

(ii) Has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(b) If the person entered the ninth grade on or after July 1, 2014, the person has met the requirement prescribed by section 3313.618 of the Revised Code, except to the extent that the person is excused from an assessment prescribed by that section pursuant to section 3313.532 of the Revised Code or division (H) or (L) of this section.

(3) The person is not eligible to receive an honors diploma granted pursuant to division (B) of this section.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts subtracted and paid under division (C) of this section to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under this section including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools and corresponding deductions from school district accounts as provided under division (C) of this section. For purposes of this section:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a
community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. The department
shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first seventy-two consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so
long as the school was actually open for instruction with students
in attendance during that school year for not less than the
minimum number of hours required by this chapter. The department
shall treat the school as if it were open for instruction with
students in attendance during the hours or days waived under this
division.

under this section to reflect payments made to colleges under

materials to any student, if such hardware and software materials
have not been delivered, installed, and activated for each such
student in a timely manner or other educational materials or
services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal
hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.
(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3702.967. The director of health may accept gifts of money from any source for the implementation and administration of sections 3702.96 to 3702.965 of the Revised Code.
The director shall pay all gifts accepted under this section into the state treasury, to the credit of the dental hygiene resource shortage area fund, which is hereby created, and all damages collected under division (C)(3) of section 3702.965 of the Revised Code, into the state treasury, to the credit of the dental hygienist loan repayment fund, which is hereby created.

The director shall use the dental hygiene resource shortage area and dental hygienist loan repayment funds for the implementation and administration of sections 3702.96 to 3702.967 of the Revised Code.

(B) "Air contaminant" means particulate matter, dust, fumes, gas, mist, radionuclides, smoke, vapor, or odorous substances, or any combination thereof, but does not mean emissions from agricultural production activities, as defined in section 929.01 of the Revised Code, that are consistent with generally accepted agricultural practices, were established prior to adjacent nonagricultural activities, have no substantial, adverse effect on the public health, safety, or welfare, do not result from the negligent or other improper operations of any such agricultural activities, and would not be required to obtain a Title V permit. For the purposes of this chapter, agricultural production activities do not include the installation and operation of off-farm facilities for the storage or processing of agricultural products, including, but not limited to, alfalfa dehydrating facilities, rendering plants, and feed and grain mills, elevators, and terminals.
(C) "Air contaminant source" means each separate operation or activity that results or may result in the emission of any air contaminant.

(D) "Air pollution" means the presence in the ambient air of one or more air contaminants or any combination thereof in sufficient quantity and of such characteristics and duration as is or threatens to be injurious to human health or welfare, plant or animal life, or property, or as unreasonably interferes with the comfortable enjoyment of life or property.

(E) "Ambient air" means that portion of the atmosphere outside of buildings and other enclosures, stacks, or ducts that surrounds human, plant, or animal life or property.

(F) "Best available technology" means any combination of work practices, raw material specifications, throughput limitations, source design characteristics, an evaluation of the annualized cost per ton of pollutant removed, and air pollution control devices that have been previously demonstrated to the director of environmental protection to operate satisfactorily in this state or other states with similar air quality on substantially similar air pollution sources.

(G) "Change within a permitted facility" means, within the context of the Title V permit program established under section 3704.036 of the Revised Code, a change that is limited by a federally enforceable provision of an applicable Title V permit and that does not include physical, production, or other changes that are neither addressed nor limited by the federally enforceable portion of a Title V permit unless the change would result in a violation of a federally enforceable requirement or a modification under Title I of the federal Clean Air Act or would be subject to any requirements under Title IV of that act.

(H) "Emit" or "emission" means the release into the ambient
air of an air contaminant.

(I) "Emission limitation" and "emission standard" mean a requirement that limits the quantity, rate, or concentration of emissions of air contaminants, including any requirement relating to the operation or maintenance of an air contaminant source.

Reference to a particular title or section of the federal Clean Air Act includes any amendments that have been or may hereafter be enacted in substitution therefor and any regulations pertaining to the title or section that have been or may hereafter be adopted by the administrator by virtue of and in accordance with the federal Clean Air Act.

(Q) "Responsible official" means one of the following, as applicable:

(1) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of any such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a Title V permit and if one of the following applies:

(a) The facilities employ more than two hundred fifty individuals or have gross annual sales or expenditures exceeding twenty-five million dollars, in second quarter 1980 dollars;

(b) The delegation of authority to the representative is approved in advance by the director.

(2) For a partnership or sole proprietorship: a general partner or the proprietor, respectively.

(4) For affected sources, both of the following:

(a) The designated representative insofar as actions, standards, requirements, or prohibitions under Title IV of the federal Clean Air Act or regulations adopted under it are concerned;

(b) The designated representative for any other purposes under 40 C.F.R. part 70.

(R) "Small business stationary source" means any building, structure, facility, or installation that emits any federally regulated air pollutant and is owned or operated by a person who employs one hundred or fewer individuals; is a small business concern as defined in the "Small Business Act," 72 Stat. 384 (1958), 15 U.S.C.A. 632, as amended; is not a major stationary source as defined in section 302(j) of the federal Clean Air Act; does not emit fifty tons or more per year of any federally regulated air pollutant or any hazardous air pollutant; and emits less than seventy-five tons per year of all federally regulated air pollutants.

(S) "Title V permit" means an operating permit required to be issued by the state under section 502 of the federal Clean Air Act and issued under section 3704.036 of the Revised Code and rules adopted under it.

(T) For the purposes of the Title V permit program established under this chapter and rules adopted under it, all terms defined in 40 C.F.R. part 70 have the same meaning as in
Sec. 3704.03. The director of environmental protection may do any of the following:

(A) Develop programs for the prevention, control, and abatement of air pollution;

(B) Advise, consult, contract, and cooperate with any governmental or private agency in the furtherance of the purposes of this chapter;

(C) Encourage, participate in, or conduct studies, investigations, and research relating to air pollution, collect and disseminate information, and conduct education and training programs relating to the causes, prevention, control, and abatement of air pollution;

(D) Adopt, modify, and rescind rules prescribing ambient air quality standards for the state as a whole or for various areas of the state that are consistent with and no more stringent than the national ambient air quality standards in effect under the federal Clean Air Act;

(E) Adopt, modify, suspend, and rescind rules for the prevention, control, and abatement of air pollution, including rules prescribing for the state as a whole or for various areas of the state emission standards for air contaminants, and other necessary rules for the purpose of achieving and maintaining compliance with ambient air quality standards in all areas within the state as expeditiously as practicable, but not later than any deadlines applicable under the federal Clean Air Act; rules for the prevention or control of the emission of hazardous or toxic air contaminants; rules prescribing fugitive dust limitations and standards that are related, on an areawide basis, to attainment and maintenance of ambient air quality standards; rules
prescribing shade, density, or opacity limitations and standards for emissions, provided that with regard to air contaminant sources for which there are particulate matter emission standards in addition to a shade, density, or opacity rule, upon demonstration by such a source of compliance with those other standards, the shade, density, or opacity rule shall provide for establishment of a shade, density, or opacity limitation for that source that does not require the source to reduce emissions below the level specified by those other standards; rules for the prevention or control of odors and air pollution nuisances; rules that prevent significant deterioration of air quality to the extent required by the federal Clean Air Act; rules for the protection of visibility as required by the federal Clean Air Act; and rules prescribing open burning limitations and standards. In adopting, modifying, suspending, or rescinding any such rules, the director, to the extent consistent with the federal Clean Air Act, shall hear and give consideration to evidence relating to all of the following:

(1) Conditions calculated to result from compliance with the rules, the overall cost within this state of compliance with the rules, and their relation to benefits to the people of the state to be derived from that compliance;

(2) The quantity and characteristics of air contaminants, the frequency and duration of their presence in the ambient air, and the dispersion and dilution of those contaminants;

(3) Topography, prevailing wind directions and velocities, physical conditions, and other factors that may or may combine to affect air pollution.

Consistent with division (K) of section 3704.036 of the Revised Code, the director shall consider alternative emission limits proposed by the owner or operator of an air contaminant source that is subject to an emission limit established in rules.
adopted under this division and shall accept those alternative
emission limits that the director determines to be equivalent to
emission limits established in rules adopted under this division.

(F)(1) Adopt, modify, suspend, and rescind rules consistent
with the purposes of this chapter prohibiting the location,
installation, construction, or modification of any air contaminant
source or any machine, equipment, device, apparatus, or physical
facility intended primarily to prevent or control the emission of
air contaminants unless an installation permit therefor has been
obtained from the director or the director's authorized
representative.

(2)(a) Applications for installation permits shall be
accompanied by plans, specifications, construction schedules, and
such other pertinent information and data, including data on
ambient air quality impact and a demonstration of best available
technology, as the director may require. Installation permits
shall be issued for a period specified by the director and are
transferable. The director shall specify in each permit the
applicable emission standards and that the permit is conditioned
upon payment of the applicable fees as required by section 3745.11
of the Revised Code and upon the right of the director's
authorized representatives to enter upon the premises of the
person to whom the permit has been issued, at any reasonable time
and subject to safety requirements of the person in control of the
premises, for the purpose of determining compliance with such
standards, this chapter, the rules adopted thereunder, and the
conditions of any permit, variance, or order issued thereunder.
Each proposed new or modified air contaminant source shall provide
such notice of its proposed installation or modification to other
states as is required under the federal Clean Air Act.
Installation permits shall include the authorization to operate
sources installed and operated in accordance with terms and
conditions of the installation permits for a period not to exceed one year from commencement of operation, which authorization shall constitute an operating permit under division (G) of this section and rules adopted under it.

No installation permit shall be required for activities that are subject to and in compliance with a plant-wide applicability limit issued by the director in accordance with rules adopted under this section.

No installation permit shall be issued except in accordance with all requirements of this chapter and rules adopted thereunder. No application shall be denied or permit revoked or modified without a written order stating the findings upon which denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or permit holder by certified mail.

(b) An air contaminant source that is the subject of an installation permit shall be installed or modified in accordance with the permit not later than eighteen months after the permit's effective date at which point the permit shall terminate unless one of the following applies:

(i) The owner or operator has undertaken a continuing program of installation or modification during the eighteen-month period.

(ii) The owner or operator has entered into a binding contractual obligation to undertake and complete within a reasonable period of time a continuing program of installation or modification of the air contaminant source during the eighteen-month period.

(iii) The director has extended the date by which the air contaminant source that is the subject of the installation permit must be installed or modified.

(iv) The installation permit is the subject of an appeal by a party other than the owner or operator of the air contaminant
source that is the subject of the installation permit, in which case the date of termination of the permit is not later than eighteen months after the effective date of the permit plus the number of days between the date in which the permit was appealed and the date on which all appeals concerning the permit have been resolved.

(v) The installation permit has been superseded by a subsequent installation permit, in which case the original installation permit terminates on the effective date of the superseding installation permit.

Division (F)(2)(b) of this section applies to an installation permit that has not terminated as of the effective date of this amendment October 16, 2009.

The director may adopt rules in accordance with Chapter 119. of the Revised Code for the purpose of establishing additional requirements that are necessary for the implementation of division (F)(2)(b) of this section.

(3) Not later than two years after August 3, 2006, the director shall adopt a rule in accordance with Chapter 119. of the Revised Code specifying that a permit to install is required only for new or modified air contaminant sources that emit any of the following air contaminants:

(a) An air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act;

(b) An air contaminant for which the air contaminant source is regulated under the federal Clean Air Act;

(c) An air contaminant that presents, or may present, through inhalation or other routes of exposure, a threat of adverse human health effects, including, but not limited to, substances that are known to be, or may reasonably be anticipated to be, carcinogenic,
mutagenic, teratogenic, or neurotoxic, that cause reproductive
dysfunction, or that are acutely or chronically toxic, or a threat
of adverse environmental effects whether through ambient
concentrations, bioaccumulation, deposition, or otherwise, and
that is identified in the rule by chemical name and chemical
abstract service number.

The director may modify the rule adopted under division
(F)(3)(c) of this section for the purpose of adding or deleting
air contaminants. For each air contaminant that is contained in or
deleted from the rule adopted under division (F)(3)(c) of this
section, the director shall include in a notice accompanying any
proposed or final rule an explanation of the director's
determination that the air contaminant meets the criteria
established in that division and should be added to, or no longer
meets the criteria and should be deleted from, the list of air
contaminants. The explanation shall include an identification of
the scientific evidence on which the director relied in making the
determination. Until adoption of the rule under division (F)(3)(c)
of this section, nothing shall affect the director's authority to
issue, deny, modify, or revoke permits to install under this
chapter and rules adopted under it.

(4)(a) Applications for permits to install new or modified
air contaminant sources shall contain sufficient information
regarding air contaminants for which the director may require a
permit to install to determine conformity with the environmental
protection agency's document entitled "Review of New Sources of
Air Toxics Emissions, Option A," dated May 1986, which the
director shall use to evaluate toxic emissions from new or
modified air contaminant sources. The director shall make copies
of the document available to the public upon request at no cost
and post the document on the environmental protection agency's web
site. Any inconsistency between the document and division (F)(4)
of this section shall be resolved in favor of division (F)(4) of this section.

(b) The maximum acceptable ground level concentration of an air contaminant shall be calculated in accordance with the document entitled "Review of New Sources of Air Toxics Emissions, Option A." Modeling shall be conducted to determine the increase in the ground level concentration of an air contaminant beyond the facility's boundary caused by the emissions from a new or modified source that is the subject of an application for a permit to install. Modeling shall be based on the maximum hourly rate of emissions from the source using information including, but not limited to, any emission control devices or methods, operational restrictions, stack parameters, and emission dispersion devices or methods that may affect ground level concentrations, either individually or in combination. The director shall determine whether the activities for which a permit to install is sought will cause an increase in the ground level concentration of one or more relevant air contaminants beyond the facility's boundary by an amount in excess of the maximum acceptable ground level concentration. In making the determination as to whether the maximum acceptable ground level concentration will be exceeded, the director shall give consideration to the modeling conducted under division (F)(4)(b) of this section and other relevant information submitted by the applicant.

(c) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be greater than or equal to eighty per cent, but less than one hundred per cent of the maximum acceptable ground level concentration for an air contaminant, the director may establish terms and conditions in the permit to install for the air contaminant source that will require the owner
or operator of the air contaminant source to maintain emissions of that air contaminant commensurate with the modeled level, which shall be expressed as allowable emissions per day. In order to calculate the allowable emissions per day, the director shall multiply the hourly emission rate modeled under division (F)(4)(b) of this section to determine the ground level concentration by the operating schedule that has been identified in the permit to install application. Terms and conditions imposed under division (F)(4)(c) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.

(d) If the modeling conducted under division (F)(4)(b) of this section with respect to an application for a permit to install demonstrates that the maximum ground level concentration from a new or modified source will be less than eighty per cent of the maximum acceptable ground level concentration, the owner or operator of the source annually shall report to the director, on a form prescribed by the director, whether operations of the source are consistent with the information regarding the operations that was used to conduct the modeling with regard to the permit to install application. The annual report to the director shall be in lieu of an emission limit or other permit terms and conditions imposed pursuant to division (F)(4) of this section. The director may consider any significant departure from the operations of the source described in the permit to install application that results in greater emissions than the emissions rate modeled to determine the ground level concentration as a modification and require the owner or operator to submit a permit to install application for the increased emissions. The requirements established in division (F)(4)(d) of this section are not federally enforceable requirements and, if included in a Title V permit, shall be placed in the portion of the permit that is only enforceable by the state.
(e) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" shall not be included in the state implementation plan under section 110 of the federal Clean Air Act and do not apply to an air contaminant source that is subject to a maximum achievable control technology standard or residual risk standard under section 112 of the federal Clean Air Act, to a particular air contaminant identified under 40 C.F.R. 51.166, division (b)(23), for which the director has determined that the owner or operator of the source is required to install best available control technology for that particular air contaminant, or to a particular air contaminant for which the director has determined that the source is required to meet the lowest achievable emission rate, as defined in 40 C.F.R. part 51, Appendix S, for that particular air contaminant.

(f)(i) Division (F)(4) of this section and the document entitled "Review of New Sources of Air Toxics Emissions, Option A" do not apply to parking lots, storage piles, storage tanks, transfer operations, grain silos, grain dryers, emergency generators, gasoline dispensing operations, air contaminant sources that emit air contaminants solely from the combustion of fossil fuels, or the emission of wood dust, sand, glass dust, coal dust, silica, and grain dust.

(ii) Notwithstanding division (F)(4)(f)(i) of this section, the director may require an individual air contaminant source that is within one of the source categories identified in division (F)(4)(f)(i) of this section to submit information in an application for a permit to install a new or modified source in order to determine the source's conformity to the document if the director has information to conclude that the particular new or modified source will potentially cause an increase in ground level concentration beyond the facility's boundary that exceeds the
maximum acceptable ground level concentration as set forth in the document.

(iii) The director may adopt rules in accordance with Chapter 119. of the Revised Code that are consistent with the purposes of this chapter and that add to or delete from the source category exemptions established in division (F)(4)(f)(i) of this section.

(5) Not later than one year after August 3, 2006, the director shall adopt rules in accordance with Chapter 119. of the Revised Code specifying activities that do not, by themselves, constitute beginning actual construction activities related to the installation or modification of an air contaminant source for which a permit to install is required such as the grading and clearing of land, on-site storage of portable parts and equipment, and the construction of foundations or buildings that do not themselves emit air contaminants. The rules also shall allow specified initial activities that are part of the installation or modification of an air contaminant source, such as the installation of electrical and other utilities for the source, prior to issuance of a permit to install, provided that the owner or operator of the source has filed a complete application for a permit to install, the director or the director's designee has determined that the application is complete, and the owner or operator of the source has notified the director that this activity will be undertaken prior to the issuance of a permit to install. Any activity that is undertaken by the source under those rules shall be at the risk of the owner or operator. The rules shall not apply to activities that are precluded prior to permit issuance under section 111, section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act.

(G) Adopt, modify, suspend, and rescind rules prohibiting the operation or other use of any new, modified, or existing air contaminant source unless an operating permit has been obtained.
from the director or the director's authorized representative, or the air contaminant source is being operated in compliance with the conditions of a variance issued pursuant to division (H) of this section. Applications for operating permits shall be accompanied by such plans, specifications, and other pertinent information as the director may require. Operating permits may be issued for a period determined by the director not to exceed ten years, are renewable, and are transferable. The director shall specify in each operating permit that the permit is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the permit has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder. Operating permits may be denied or revoked for failure to comply with this chapter or the rules adopted thereunder. An operating permit shall be issued only upon a showing satisfactory to the director or the director's representative that the air contaminant source is being operated in compliance with applicable emission standards and other rules or upon submission of a schedule of compliance satisfactory to the director for a source that is not in issuance, provided that the compliance schedule shall be consistent with and at least as stringent as that contained in any judicial consent decree or administrative order to which the air contaminant source is subject. The rules shall provide for the issuance of conditional operating permits for such reasonable periods as the director may determine to allow the holder of an installation permit, who has constructed, installed, located, or modified a new air contaminant source in accordance with the
provisions of an installation permit, to make adjustments or
modifications necessary to enable the new air contaminant source
to comply with applicable emission standards and other rules.

Terms and conditions of operating permits issued pursuant to this
division shall be federally enforceable for the purpose of
establishing the potential to emit of a stationary source and
shall be expressly designated as federally enforceable. Any such
federally enforceable restrictions on a source's potential to emit
shall include both an annual limit and a short-term limit of not
more than thirty days for each pollutant to be restricted together
with adequate methods for establishing compliance with the
restrictions. In other respects, operating permits issued pursuant
to this division are enforceable as state law only. No application
shall be denied or permit revoked or modified without a written
order stating the findings upon which denial, revocation, or
modification is based. A copy of the order shall be sent to the
applicant or permit holder by certified mail.

(H) Adopt, modify, and rescind rules governing the issuance,
revocation, modification, or denial of variances that authorize
emissions in excess of the applicable emission standards.

No variance shall be issued except pursuant to those rules.
The rules shall prescribe conditions and criteria in furtherance
of the purposes of this chapter and consistent with the federal
Clean Air Act governing eligibility for issuance of variances,
which shall include all of the following:

(1) Provisions requiring consistency of emissions authorized
by a variance with timely attainment and maintenance of ambient
air quality standards;

(2) Provisions prescribing the classes and categories of air
contaminants and air contaminant sources for which variances may
be issued;
(3) Provisions defining the circumstances under which an applicant shall demonstrate that compliance with applicable emission standards is technically infeasible, economically unreasonable, or impossible because of conditions beyond the control of the applicant;

(4) Other provisions prescribed in furtherance of the goals of this chapter.

The rules shall prohibit the issuance of variances from any emission limitation that was applicable to a source pursuant to an installation permit and shall prohibit issuance of variances that conflict with the federal Clean Air Act.

Applications for variances shall be accompanied by such information as the director may require. In issuing variances, the director may order the person to whom a variance is issued to furnish plans and specifications and such other information and data, including interim reports, as the director may require and to proceed to take such action within such time as the director may determine to be appropriate and reasonable to prevent, control, or abate the person's existing emissions of air contaminants. The director shall specify in each variance that the variance is conditioned upon payment of the applicable fees as required by section 3745.11 of the Revised Code and upon the right of the director's authorized representatives to enter upon the premises of the person to whom the variance has been issued, at any reasonable time and subject to safety requirements of the person in control of the premises, for the purpose of determining compliance with this chapter, the rules adopted thereunder, and the conditions of any permit, variance, or order issued thereunder.

The director may hold a public hearing on an application for a variance or renewal thereof at a location in the county where the variance is sought. The director shall give not less than
twenty days' notice of the hearing to the applicant by certified
mail and cause at least one publication of notice in a newspaper
with general circulation in the county where the variance is
sought. The director shall keep available for public inspection at
the principal office of the environmental protection agency a
current schedule of pending applications for variances and a
current schedule of pending variance hearings. The director shall
make a complete stenographic record of testimony and other
evidence submitted at the hearing. The director shall make a
written determination to issue, renew, or deny the variance and
shall enter the determination and the basis therefor into the
record of the hearing. The director shall issue, renew, or deny an
application for a variance or renewal thereof, or issue a proposed
action upon the application pursuant to section 3745.07 of the
Revised Code, within six months of the date upon which the
director receives a complete application with all pertinent
information and data required by the director.

Any variance granted pursuant to rules adopted under this
division shall be for a period specified by the director, not to
exceed three years, and may be renewed from time to time on such
terms and for such periods, not to exceed three years each, as the
director determines to be appropriate. A variance may be revoked,
or renewal denied, for failure to comply with conditions specified
in the variance. No variance shall be issued, denied, revoked, or
modified without a written order stating the findings upon which
the issuance, denial, revocation, or modification is based. A copy
of the order shall be sent to the applicant or variance holder by
certified mail.

(I) Require the owner or operator of an air contaminant
source to install, employ, maintain, and operate such emissions,
ambient air quality, meteorological, or other monitoring devices
or methods as the director shall prescribe; to sample those
emissions at such locations, at such intervals, and in such manner as the director prescribes; to maintain records and file periodic reports with the director containing information as to location, size, and height of emission outlets, rate, duration, and composition of emissions, and any other pertinent information the director prescribes; and to provide such written notice to other states as the director shall prescribe. In requiring monitoring devices, records, and reports, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to technical feasibility and economic reasonableness and allow reasonable time for compliance. For sources where a specific monitoring, record-keeping, or reporting requirement is specified for a particular air contaminant from a particular air contaminant source in an applicable regulation adopted by the United States environmental protection agency under the federal Clean Air Act or in an applicable rule adopted by the director, the director shall not impose an additional requirement in a permit that is a different monitoring, record-keeping, or reporting requirement other than the requirement specified in the applicable regulation or rule for that air contaminant except as otherwise agreed to by the owner or operator of the air contaminant source and the director. If two or more regulations or rules impose different monitoring, record-keeping, or reporting requirements for the same air contaminant from the same air contaminant source, the director may impose permit terms and conditions that consolidate or streamline the monitoring, record-keeping, or reporting requirements in a manner that conforms with each applicable requirement. To the extent consistent with the federal Clean Air Act and except as otherwise agreed to by the owner or operator of an air contaminant source and the director, the director shall not require an operating restriction that has the practical effect of increasing the stringency of an existing applicable emission limitation or
standard.

(J) Establish, operate, and maintain monitoring stations and other devices designed to measure air pollution and enter into contracts with any public or private agency for the establishment, operation, or maintenance of such stations and devices;

(K) By rule adopt procedures for giving reasonable public notice and conducting public hearings on any plans for the prevention, control, and abatement of air pollution that the director is required to submit to the federal government;

(L) Through any employee, agent, or authorized representative of the director or the environmental protection agency, enter upon private or public property, including improvements thereon, at any reasonable time, to make inspections, take samples, conduct tests, and examine records or reports pertaining to any emission of air contaminants and any monitoring equipment or methods and to determine if there are any actual or potential emissions from such premises and, if so, to determine the sources, amounts, contents, and extent of those emissions, or to ascertain whether there is compliance with this chapter, any orders issued or rules adopted thereunder, or any other determination of the director. The director, at reasonable times, may have access to and copy any such records. If entry or inspection authorized by this division is refused, hindered, or thwarted, the director or the director's authorized representative may by affidavit apply for, and any judge of a court of record may issue, an appropriate inspection warrant necessary to achieve the purposes of this chapter within the court's territorial jurisdiction.

(M) Accept and administer gifts or grants from the federal government and from any other source, public or private, for carrying out any of the functions under this chapter;

(N) Obtain necessary scientific, technical, and laboratory
services;

(O) Establish advisory boards in accordance with section 121.13 of the Revised Code;

(P) Delegate to any city or general health district or political subdivision of the state any of the director's enforcement and monitoring powers and duties, other than rule-making powers, as the director elects to delegate, and in addition employ, compensate, and prescribe the powers and duties of such officers, employees, and consultants as are necessary to enable the director to exercise the authority and perform duties imposed upon the director by law. Technical and other services shall be performed, insofar as practical, by personnel of the environmental protection agency.

(Q) Certify to the government of the United States or any agency thereof that an industrial air pollution facility is in conformity with the state program or requirements for control of air pollution whenever such certificate is required for a taxpayer pursuant to any federal law or requirements;

(R) Issue, modify, or revoke orders requiring abatement of or prohibiting emissions that violate applicable emission standards or other requirements of this chapter and rules adopted thereunder, or requiring emission control devices or measures in order to comply with applicable emission standards or other requirements of this chapter and rules adopted thereunder. Any such order shall require compliance with applicable emission standards by a specified date and shall not conflict with any requirement of the federal Clean Air Act. In the making of such orders, the director, to the extent consistent with the federal Clean Air Act, shall give consideration to, and base the determination on, evidence relating to the technical feasibility and economic reasonableness of compliance with such orders and their relation to benefits to the people of the state to be
derived from such compliance. If, under the federal Clean Air Act, any such order shall provide for the posting of a bond or surety to secure compliance with the order as a condition of issuance of the order, the order shall so provide, but only to the extent required by the federal Clean Air Act.

(S) To the extent provided by the federal Clean Air Act, adopt, modify, and rescind rules providing for the administrative assessment and collection of monetary penalties, not in excess of those required pursuant to the federal Clean Air Act, for failure to comply with any emission limitation or standard, compliance schedule, or other requirement of any rule, order, permit, or variance issued or adopted under this chapter or required under the applicable implementation plan whether or not the source is subject to a federal or state consent decree. The director may require the submission of compliance schedules, calculations of penalties for noncompliance, and related information. Any orders, payments, sanctions, or other requirements imposed pursuant to rules adopted under this division shall be in addition to any other permits, orders, payments, sanctions, or other requirements established under this chapter and shall not affect any civil or criminal enforcement proceedings brought under any provision of this chapter or any other provision of state or local law. This division does not apply to any requirement of this chapter regarding the prevention or abatement of odors.

(T) Require new or modified air contaminant sources to install best available technology, but only in accordance with this division. With respect to permits issued pursuant to division (F) of this section beginning three years after August 3, 2006, best available technology for air contaminant sources and air contaminants emitted by those sources that are subject to standards adopted under section 112, Part C of Title I, and Part D of Title I of the federal Clean Air Act shall be equivalent to and
no more stringent than those standards. For an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act, best available technology only shall be required to the extent required by rules adopted under Chapter 119 of the Revised Code for permit to install applications filed three or more years after August 3, 2006.

Best available technology requirements for an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act that are established in rules adopted permits issued under this division section shall be expressed only in one of the following ways that is most appropriate for the applicable source or source categories:

(1) Work practices;

(2) Source design characteristics or design efficiency of applicable air contaminant control devices;

(3) Raw material specifications or throughput limitations averaged over a twelve-month rolling period;

(4) Monthly allowable emissions averaged over a Rolling twelve-month rolling period summation of the allowable emissions.

Best available technology requirements shall not apply to an air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, less than ten tons per year of emissions of an air contaminant or precursor of an air contaminant for which a national ambient air quality standard has been adopted under the federal Clean Air Act. In addition, best available technology requirements established in rules adopted under this division shall not apply to any existing, new, or modified air contaminant source that is subject to a plant-wide applicability limit that has been approved by the
director. Further, best available technology requirements established in rules adopted under this division shall not apply to general permits issued prior to January 1, 2006, under rules adopted under this chapter.

For permits to install issued three or more years after August 3, 2006, any new or modified air contaminant source that has the potential to emit, taking into account air pollution controls installed on the source, ten or more tons per year of volatile organic compounds or nitrogen oxides shall meet, regardless of the location of the source, at a minimum, the:

-- For volatile organic compounds, the requirements of any applicable reasonably available control technology rule in effect as of January 1, 2006, regardless of the location of the source;

-- For nitrogen oxide, the requirements of any applicable reasonably available control technology rule in effect as of December 22, 2007.

(U) Consistent with section 507 of the federal Clean Air Act, adopt, modify, suspend, and rescind rules for the establishment of a small business stationary source technical and environmental compliance assistance program as provided in section 3704.18 of the Revised Code;

(V) Provide for emissions trading, marketable permits, auctions of emission rights, and economic incentives that would reduce the cost or increase the efficiency of achieving a specified level of environmental protection;

(W) Provide for the construction of an air contaminant source prior to obtaining a permit to install pursuant to division (F) of this section if the applicant demonstrates that the source will be installed to comply with all applicable emission limits and will not adversely affect public health or safety or the environment and if the director determines that such an action will avoid an
unreasonable hardship on the owner or operator of the source. Any such determination shall be consistent with the federal Clean Air Act.

(X) Exercise all incidental powers, including adoption of rules, required to carry out this chapter.

The environmental protection agency shall develop a plan to control air pollution resulting from state-operated facilities and property.

**Sec. 3704.111.** (A) Not later than October 1, 1993, the director of environmental protection shall enter into a delegation agreement with each local air pollution control authority listed in divisions (N)(1)(a) to (h) of section 3704.01 of the Revised Code under which the local air pollution control authority agrees to perform on behalf of the environmental protection agency air pollution control regulatory services within the political subdivision represented by the local air pollution control authority. The director may enter into such a delegation agreement with a local air pollution control authority established on or after the effective date of this section, subject to the condition established in division (B) of this section. Each delegation agreement shall be self-renewing on an annual basis on the first day of October of each year. The terms of each such delegation agreement shall remain unchanged from year to year unless they are amended by mutual agreement of the director and the local air pollution control authority.

(B) The director may conduct a periodic performance evaluation of the air pollution control program operated by each local air pollution control authority. Based upon the findings of such a performance evaluation, the director may terminate or refuse to renew the delegation agreement with a local air pollution control authority if the director determines that the
local air pollution control authority is not adequately performing its obligations under the agreement.

(C) The director may enter into contracts for payments to local air pollution control authorities from moneys credited to the clean air fund created in section 3704.035 of the Revised Code, subject to the limitation specified in that section, and any other moneys appropriated by the general assembly for that purpose. The director shall distribute the moneys available for making payments to the local air pollution control authorities pursuant to such contracts equitably among the local air pollution control authorities based upon the amount of local funding and the workload of each local air pollution control authority, including, without limitation, population served, number of air permits issued for both new and existing sources, land area, and number of air contaminant sources. The director biennially shall review the workload of each local air pollution control authority and shall determine the percentage of the moneys available for the purpose of making payments under the contracts. In determining the percentage of those moneys that is to be so distributed, the director shall consider the recommendations of the local air pollution control authorities.

(D) The director may modify a contract between the director and a local air pollution control authority to authorize the local air pollution control authority to perform air pollution control activities outside the geographic boundaries of that local air pollution control authority.

Sec. 3704.14. (A)(1) If the director of environmental protection determines that implementation of a motor vehicle inspection and maintenance program is necessary for the state to effectively comply with the federal Clean Air Act after June 30, 2015, the director may provide for the implementation of the
program in those counties in this state in which such a program is
federally mandated. Upon making such a determination, the director
of environmental protection may request the director of
administrative services to extend the terms of the contract that
was entered into under the authority of Am. Sub. H.B. 453 of
the 131st general assembly. Upon receiving the request, the
director of administrative services shall extend the contract,
beginning on July 1, 2019, in accordance with this section.
The contract shall be extended for a period of up to twenty-four
months with the contractor who conducted the motor vehicle
inspection and maintenance program under that contract.

(2) Prior to the expiration of the contract extension that is
authorized by division (A)(1) of this section, the director of
environmental protection shall request the director of
administrative services to enter into a contract with a vendor to
operate a decentralized motor vehicle inspection and maintenance
program in each county in this state in which such a program is
federally mandated through June 30, 2023, with an option for
the state to renew the contract for a period of up to twenty-four
months through June 30, 2025. The contract shall ensure that
the decentralized motor vehicle inspection and maintenance program
achieves at least the same emission reductions as achieved by the
program operated under the authority of the contract that was
extended under division (A)(1) of this section. The director of
administrative services shall select a vendor through a
competitive selection process in compliance with Chapter 125. of
the Revised Code.

(3) Notwithstanding any law to the contrary, the director of
administrative services shall ensure that a competitive selection
process regarding a contract to operate a decentralized motor
vehicle inspection and maintenance program in this state
incorporates the following, which shall be included in the
contract:

(a) For purposes of expanding the number of testing locations for consumer convenience, a requirement that the vendor utilize established local businesses, auto repair facilities, or leased properties to operate state-approved inspection and maintenance testing facilities;

(b) A requirement that the vendor selected to operate the program provide notification of the program's requirements to each owner of a motor vehicle that is required to be inspected under the program. The contract shall require the notification to be provided not later than sixty days prior to the date by which the owner of the motor vehicle is required to have the motor vehicle inspected. The director of environmental protection and the vendor shall jointly agree on the content of the notice. However, the notice shall include at a minimum the locations of all inspection facilities within a specified distance of the address that is listed on the owner's motor vehicle registration;

(c) A requirement that the vendor comply with testing methodology and supply the required equipment approved by the director of environmental protection as specified in the competitive selection process in compliance with Chapter 125. of the Revised Code.

(4) A decentralized motor vehicle inspection and maintenance program operated under this section shall comply with division (B) of this section. The director of environmental protection shall administer the decentralized motor vehicle inspection and maintenance program operated under this section.

(B) The decentralized motor vehicle inspection and maintenance program authorized by this section, at a minimum, shall do all of the following:

(1) Comply with the federal Clean Air Act;
(2) Provide for the issuance of inspection certificates;

(3) Provide for a new car exemption for motor vehicles four years old or newer and provide that a new motor vehicle is exempt for four years regardless of whether legal title to the motor vehicle is transferred during that period.

(C) The director of environmental protection shall adopt rules in accordance with Chapter 119. of the Revised Code that the director determines are necessary to implement this section. The director may continue to implement and enforce rules pertaining to the motor vehicle inspection and maintenance program previously implemented under former section 3704.14 of the Revised Code as that section existed prior to its repeal and reenactment by Am. Sub. H.B. 66 of the 126th general assembly, provided that the rules do not conflict with this section.

(D) There is hereby created in the state treasury the auto emissions test fund, which shall consist of money received by the director from any cash transfers, state and local grants, and other contributions that are received for the purpose of funding the program established under this section. The director of environmental protection shall use money in the fund solely for the implementation, supervision, administration, operation, and enforcement of the motor vehicle inspection and maintenance program established under this section. Money in the fund shall not be used for either of the following:

(1) To pay for the inspection costs incurred by a motor vehicle dealer so that the dealer may provide inspection certificates to an individual purchasing a motor vehicle from the dealer when that individual resides in a county that is subject to the motor vehicle inspection and maintenance program;

(2) To provide payment for more than one free passing emissions inspection or a total of three emissions inspections for
a motor vehicle in any three-hundred-sixty-five-day period. The owner or lessee of a motor vehicle is responsible for inspection fees that are related to emissions inspections beyond one free passing emissions inspection or three total emissions inspections in any three-hundred-sixty-five-day period. Inspection fees that are charged by a contractor conducting emissions inspections under a motor vehicle inspection and maintenance program shall be approved by the director of environmental protection.

(E) The motor vehicle inspection and maintenance program established under this section expires upon the termination of all contracts entered into under this section and shall not be implemented beyond the final date on which termination occurs.

Sec. 3705.07. (A) The local registrar of vital statistics shall number consecutively each fetal death and death certificate printed on paper that the local registrar receives from the electronic death registration system (EDRS) maintained by the department of health. The number assigned to each certificate shall be the one provided by EDRS. Such local registrar shall sign the local registrar's name in attest to the date of filing in the local office. The local registrar shall make a complete and accurate copy of each fetal death and death certificate printed on paper that is filed. Each paper copy shall be filed and preserved as the local record until the electronic information regarding the event has been completed and made available in EDRS and EDRS is capable of issuing a complete and accurate electronic copy of the certificate. The local record may be a photographic, electronic, or other reproduction. The local registrar shall transmit to the state office of vital statistics all original fetal death and death certificates received using the state transmittal schedule specified by the department of health. The local registrar shall immediately notify the health commissioner with jurisdiction in the registration district of the receipt of a death certificate.
attesting that death resulted from a communicable disease.

The office of vital statistics shall carefully examine the records and certificates received from local registrars of vital statistics and shall secure any further information that may be necessary to make each record and certificate complete and satisfactory. It shall arrange and preserve the records and certificates, or reproductions of them produced pursuant to section 3705.03 of the Revised Code, in a systematic manner and shall maintain a permanent index of all births, fetal deaths, and deaths registered, which shall show the name of the child or deceased person, place and date of birth or death, and number of the certificate.

(B)(1) The office of vital statistics shall make available to the division of child support in the department of job and family services all social security numbers that accompany a birth certificate submitted for filing under division (H) of section 3705.09 or section 3705.10 of the Revised Code or that accompany a death certificate registered under section 3705.16 of the Revised Code to both of the following:

(a) For the purpose of child support enforcement, the division of child support in the department of job and family services;

(b) For the purpose of eligibility determinations for medical assistance programs as defined in section 5160.01 of the Revised Code, the department of medicaid.

(2) The office of vital statistics also shall make available to the division of child support in the department of job and family services any other information recorded in the birth record that may enable the division to use the social security numbers provided under division (B)(1) of this section to obtain the location of the father of the child whose birth certificate was
accompanied by the social security number or to otherwise enforce
a child support order pertaining to that child or any other child.

Sec. 3705.09. (A) A birth certificate for each live birth in
this state shall be filed in the registration district in which it
occurs within ten calendar days after such birth and shall be
registered if it has been completed and filed in accordance with
this section.

(B) When a birth occurs in or en route to an institution, the
person in charge of the institution or a designated representative
shall obtain the personal data, prepare the certificate, and
complete and certify the facts of birth on the certificate within
ten calendar days. The physician or certified nurse-midwife in
attendance shall be listed on the birth record.

(C) When a birth occurs outside an institution, the birth
certificate shall be prepared and filed by one of the following in
the indicated order of priority:

(1) The physician or certified nurse-midwife in attendance at
or immediately after the birth;

(2) Any other person in attendance at or immediately after
the birth;

(3) The father;

(4) The mother;

(5) The person in charge of the premises where the birth
occurred.

(D) Either of the parents of the child or other informant
shall attest to the accuracy of the personal data entered on the
birth certificate in time to permit the filing of the certificate
within the ten days prescribed in this section.

(E) When a birth occurs in a moving conveyance within the
United States and the child is first removed from the conveyance in this state, the birth shall be registered in this state and the place where it is first removed shall be considered the place of birth. When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother, and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

(2) If the mother was not married at the time of conception or birth or between conception and birth, the child shall be registered by the surname designated by the mother. The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has been sent to the local registrar. If the father is not named on the birth certificate pursuant to division (F)(1) or (2) of this section, no other information about the father shall be entered on the record.

(G) When a man is presumed, found, or declared to be the father of a child, according to section 2105.26, sections 3111.01 to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54 of the Revised Code, or the father has acknowledged the child as his child in an acknowledgment of paternity, and the acknowledgment has become final pursuant to section 2151.232, 3111.25, or 3111.821 of the Revised Code, and documentary evidence
of such fact is submitted to the department of health in such form as the director may require, a new birth record shall be issued by the department which shall have the same overall appearance as the record which would have been issued under this section if a marriage had occurred before the birth of such child. Where handwriting is required to effect such appearance, the department shall supply it. Upon the issuance of such new birth record, the original birth record shall cease to be a public record. Except as provided in division (C) of section 3705.091 of the Revised Code, the original record and any documentary evidence supporting the new registration of birth shall be placed in an envelope which shall be sealed by the department and shall not be open to inspection or copy unless so ordered by a court of competent jurisdiction.

(H) Every birth certificate filed under this section on or after July 1, 1990, shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate. The parents' social security numbers shall not be recorded on the certificate. No social security number obtained under this division shall be used for any purpose other than child support enforcement the purposes specified in division (B)(1) of section 3705.07 of the Revised Code.

Sec. 3705.10. Any birth certificate submitted for filing eleven or more days after the birth occurred constitutes a delayed birth registration. A delayed birth certificate may be filed in accordance with rules which shall be adopted by the director of health. The rules shall include, but not be limited to, all of the
following requirements for each delayed birth certificate filed on or after July 1, 1990:

(A) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate.

(B) The parents' social security numbers shall not be recorded on the certificate.

(C) No social security number obtained under this section shall be used for any purpose other than child support enforcement the purposes specified in division (B)(1) of section 3705.07 of the Revised Code.

(D) "Cogeneration technology" means technology that produces electricity and useful thermal output simultaneously.

(E) "Renewable energy resource" means solar photovoltaic or solar thermal energy, wind energy, power produced by a hydroelectric facility, power produced by a run-of-the-river hydroelectric facility placed in service on or after January 1, 1980, that is located within this state, relies upon the Ohio river, and operates, or is rated to operate, at an aggregate
capacity of forty or more megawatts, geothermal energy, fuel

Revised Code, through fractionation, biological decomposition, or
other process that does not principally involve combustion,
biomass energy, energy produced by cogeneration technology that is
placed into service on or before December 31, 2015, and for which
more than ninety per cent of the total annual energy input is from
combustion of a waste or byproduct gas from an air contaminant
source in this state, which source has been in operation since on
or before January 1, 1985, provided that the cogeneration
technology is a part of a facility located in a county having a
population of more than three hundred sixty-five thousand but less
than three hundred seventy thousand according to the most recent
federal decennial census, biologically derived methane gas, heat
captured from a generator of electricity, boiler, or heat

gas emitted from an abandoned coal mine; storage facility that
will promote the better utilization of a renewable energy resource
that primarily generates off peak; or distributed generation
system used by a customer to generate electricity from any such
energy. As used in this division, "hydroelectric facility" means a
hydroelectric generating facility that is located at a dam on a
river, or on any water discharged to a river, that is within or
bordering this state or within or bordering an adjoining state and
meets all of the following standards:
(1) The facility provides for river flows that are not detrimental for fish, wildlife, and water quality, including seasonal flow fluctuations as defined by the applicable licensing agency for the facility.

(2) The facility demonstrates that it complies with the water quality standards of this state, which compliance may consist of certification under Section 401 of the "Clean Water Act of 1977," 91 Stat. 1598, 1599, 33 U.S.C. 1341, and demonstrates that it has not contributed to a finding by this state that the river has impaired water quality under Section 303(d) of the "Clean Water Act of 1977," 114 Stat. 870, 33 U.S.C. 1313.

(3) The facility complies with mandatory prescriptions regarding fish passage as required by the federal energy regulatory commission license issued for the project, regarding fish protection for riverine, anadromous, and catadromous fish.

(6) The facility does not harm cultural resources of the area. This can be shown through compliance with the terms of its federal energy regulatory commission license or, if the facility is not regulated by that commission, through development of a plan approved by the Ohio historic preservation office, to the extent it has jurisdiction over the facility.

(7) The facility complies with the terms of its federal energy regulatory commission license or exemption that are related...
to recreational access, accommodation, and facilities or, if the
facility is not regulated by that commission, the facility
complies with similar requirements as are recommended by resource
agencies, to the extent they have jurisdiction over the facility;
and the facility provides access to water to the public without
fee or charge.

(8) The facility is not recommended for removal by any
federal agency or agency of any state, to the extent the
particular agency has jurisdiction over the facility.

Sec. 3706.29. The Ohio air quality development authority
shall, in accordance with Chapter 119. of the Revised Code, adopt
any rules necessary to implement section 166.30 and sections
3706.25 to 3706.28 of the Revised Code.

Sec. 3707.70. As used in this section and sections 3707.71 to
3707.77 of the Revised Code:

evidence of life such as beating of the heart, pulsation of the
umbilical cord, or definite movement of voluntary muscles.

(C) "Infant" means a child who is less than one year of age.

Sec. 3707.71. (A) A board of health may, in accordance with
rules adopted under section 3701.049 of the Revised Code,

review both of the following:
(1) Each fetal death experienced by a woman who was, at the time of the fetal death, a resident of the health district in which the board exercises authority;

(2) Each death of an infant who was, at the time of death, a resident of the health district in which the board exercises authority.

last day of the month to which a return applies, the owner or
operator shall mail to the director the return for that month
together with the fees required to be collected under this
division during that month as indicated on the return or may
submit the return and fees electronically in a manner approved by
the director. If the return is filed and the amount of the fees
due is paid in a timely manner as required in this division, the
owner or operator may retain a discount of three-fourths of one
per cent of the total amount of the fees that are required to be
paid as indicated on the return.

The owner or operator may request an extension of not more
than thirty days for filing the return and remitting the fees,
provided that the owner or operator has submitted such a request
in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if
the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or
allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be...
not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the
district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the
second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director
completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan.
as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for
reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator.
of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon
the disposal of the fly ash and bottom ash remaining after burning
of the solid wastes and shall be collected by the owner or
operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer
facility, the fees levied under divisions (B) and (C) of this
section shall be levied upon the disposal of solid wastes
transported off the premises of the transfer facility for disposal
and shall be collected by the owner or operator of the solid waste
disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this
section do not apply to sewage sludge that is generated by a waste
water treatment facility holding a national pollutant discharge
elimination system permit and that is disposed of through
incineration, land application, or composting or at another
resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this
section do not apply to solid wastes delivered to a solid waste
composting facility for processing. When any unprocessed solid
waste or compost product is transported off the premises of a
composting facility and disposed of at a landfill, the fees levied
under divisions (A), (B), and (C) of this section shall be
collected by the owner or operator of the landfill where the
unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are
processed at a scrap tire recovery facility, the fees levied under
divisions (A), (B), and (C) of this section shall be levied upon
the disposal of the fly ash and bottom ash or other solid wastes
remaining after the processing of the scrap tires and shall be
collected by the owner or operator of the solid waste disposal
facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an
order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter,
has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the
district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district’s approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district’s approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district’s approved solid waste management plan or amended plan;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys.
for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this section.

Sec. 3734.85. (A) (1) On and after the effective date of the rules adopted under sections 3734.70, 3734.71, 3734.72, and 3734.73 of the Revised Code, the director of environmental protection may take action under this section to abate accumulations of scrap tires. If the director determines that an accumulation of scrap tires constitutes a danger to the public
health or safety or to the environment, the director shall issue an order under section 3734.13 of the Revised Code to the person responsible for the accumulation of scrap tires directing, in that order, the director shall direct that person, within one hundred twenty days after the issuance of the order, to remove the accumulation of scrap tires from the premises on which it is located and transport the tires to one of the following:

(a) A scrap tire storage, monocell, monofill, or recovery facility licensed under section 3734.81 of the Revised Code, to such;

(b) Such a facility in another state operating in compliance with the laws of the state in which it is located, or to any;

(c) Any other solid waste disposal facility in another state that is operating in compliance with the laws of that state.

(2) The director may include in the removal order a requirement that the property owner remove any additional solid waste disposed of by open dumping or construction and demolition debris illegally disposed of at the premises. If the person responsible for causing the accumulation of scrap tires is a person different from the owner of the land on which the accumulation is located, the director may issue the removal order to the landowner.

(3) If the director is unable to ascertain immediately the identity of the person responsible for causing the accumulation of scrap tires, the director shall examine the records of the applicable board of health and law enforcement agencies to ascertain that person's identity. Before initiating any enforcement or removal actions under this section against the owner of the land on which the accumulation is located, the director shall initiate any such actions against the person that the director has identified as responsible for causing the
accumulation of scrap tires. Failure of the director to make
diligent efforts to ascertain the identity of the person
responsible for causing the accumulation of scrap tires or to
initiate an action against the person responsible for causing the
accumulation shall does not constitute an affirmative defense by a
landowner to an enforcement action initiated by the director under
this division section requiring immediate removal of any
accumulation of scrap tires.

(4) Upon the written request of the recipient of an a removal
order issued under this division, the director may extend the time
for compliance with the order if the request demonstrates that the
recipient has acted in good faith to comply with the order. If The
director shall take any actions as the director considers
reasonable and necessary to remove and properly manage scrap tires
located on the land named in a removal order if the recipient of
an the order issued under this division fails to comply with the
order within one either of the following:

(a) One hundred twenty days after the issuance of the order;
or, if

(b) If the time for compliance with the order was extended, within that time, the director shall take such actions
as the director considers reasonable and necessary to remove and
properly manage the scrap tires located on the land named in the
order. The

(5) The director, through employees of the environmental
protection agency or a contractor, may enter upon the land on
which the accumulation of scrap tires is located and remove and
transport them to a scrap tire recovery facility for processing,
to a scrap tire storage facility for storage, or to a scrap tire
monocell or monofill facility for storage or disposal. When
performing a removal action, the director may also remove,
transport, and dispose of any additional solid waste or
construction and demolition debris named in the removal order if one or more of the following apply:

(a) The property owner consents to the removal in writing.

(b) The removal of the additional solid waste or construction and demolition debris is required by the removal order.

The director shall enter into contracts for the storage, disposal, or processing of scrap tires removed through removal operations conducted under this section.

(6) If a person to whom a removal order is issued under this division fails to comply with the removal order and if the director performs a removal action under this section, the person to whom the removal order is issued is liable to the director for the costs incurred by the director for conducting the removal operation, storage at a scrap tire storage facility, storage or disposal at a scrap tire monocell or monofill facility, or processing of the scrap tires so removed, the. Such costs may include costs associated with any of the following:

(a) The removal, storage, processing, or disposal of scrap tires and any additional solid waste or construction and demolition debris;

(b) The transportation of the scrap tires from the site of the accumulation to the scrap tire storage, monocell, monofill, or recovery facility where the scrap tires were stored, disposed of, or processed, and the

(c) The transportation of any solid waste or construction and demolition debris to an appropriate facility;

(d) The administrative and legal expenses incurred by the director in connection with the removal operation. The

The director shall keep an itemized record of those costs. Upon completion of the actions for which the costs were incurred,
the director shall record the costs at the office of the county
recorder of the county in which the accumulation of scrap tires
was, any additional solid waste, or construction and demolition
debris so removed were located. The costs so recorded constitute a
lien on the property on which the accumulation of scrap tires was
located until discharged. Upon the written request of the
director, the attorney general shall bring a civil action against
the person responsible for the accumulation of the scrap tires
that were the subject of the removal operation to recover the
costs for which the person is liable under this division. Any
money so received or recovered shall be credited to the scrap tire
management fund created in section 3734.82 of the Revised Code.

(7) If, in a civil action brought under this division, an
owner of real property is ordered to pay to the director the costs
of a removal action that removed an accumulation of scrap tires
from the person's land or if a lien is placed on the person's land
for the costs of such a removal action, and, in either case, if
the landowner was not the person responsible for causing the
accumulation of scrap tires so removed, the landowner may bring a
civil action against the person who was responsible for causing
the accumulation to recover the amount portion of the removal
costs that the court ordered the landowner to pay to the director
or the amount portion of the removal costs certified to the county
recorder as a lien on the landowner's property, whichever is
applicable that, in the court's determination, is attributable to
the person responsible for the accumulation. If the landowner
prevails in the civil action against the person who was
responsible for causing the accumulation of scrap tires, the
court, as it considers appropriate, may award to the landowner the
reasonable attorney's fees incurred by the landowner for bringing
the action, court costs, and other reasonable expenses incurred by
the landowner in connection with the civil action. A landowner
shall bring such a civil action within two years after making the

(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.
(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

(1) Fuel-burning equipment (boilers, furnaces, or process heaters used in the process of burning fuel for the primary purpose of producing heat or power by indirect heat transfer)

(H) A person who is issued an extension of time for a permit to install an air contaminant source pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay a fee equal to one-half the fee originally assessed for the permit to install under this section, except that the fee for such an extension shall not exceed two hundred dollars.

(I) A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to obtain a permit to install the source. The fee assessed by this division only applies to modifications that are initiated by the owner or operator of the source and shall not exceed two thousand dollars.

(J) Notwithstanding division (F) of this section, a person who applies for or obtains a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code after the date actual construction of the source began shall pay a fee for the permit to install that is equal to twice the fee that otherwise would be assessed under the applicable division unless the applicant received authorization to begin construction under division (W) of section 3704.03 of the Revised Code. This division...
only applies to sources for which actual construction of the source begins on or after July 1, 1993. The imposition or payment of the fee established in this division does not preclude the director from taking any administrative or judicial enforcement action under this chapter, Chapter 3704., 3714., 3734., or 6111. of the Revised Code, or a rule adopted under any of them, in connection with a violation of rules adopted under division (F) of section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source" means the initiation of physical on-site construction activities in connection with improvements to the source that are permanent in nature, including, without limitation, the installation of building supports and foundations and the laying of underground pipework.

(K)(1) Money received under division (B) of this section shall be deposited in the state treasury to the credit of the Title V clean air fund created in section 3704.035 of the Revised Code. Annually, not more than fifty cents per ton of each fee assessed under division (B) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

(2) Money received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the non-Title V clean air fund created in section 3704.035 of the Revised Code.

The fee shall be paid at the time the application is submitted.

(2) A person who has entered into an agreement with the director under section 6111.14 of the Revised Code shall pay an administrative service fee for each plan submitted under that section for approval that shall not exceed the minimum amount necessary to pay administrative costs directly attributable to processing plan approvals. The director annually shall calculate the fee and shall notify all persons who have entered into agreements under that section, or who have applied for agreements, of the amount of the fee.

(3)(a)(i) Not later than January 30, 2020, and January 30, 2021, a person holding an NPDES discharge permit issued pursuant to Chapter 6111. of the Revised Code with an average daily discharge flow of five thousand gallons or more shall pay a nonrefundable annual discharge fee. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required annual discharge fee.

(ii) The billing year for the annual discharge fee established in division (L)(3)(a)(i) of this section shall consist of a twelve-month period beginning on the first day of January of the year preceding the date when the annual discharge fee is due. In the case of an existing source that permanently ceases to
discharge during a billing year, the director shall reduce the annual discharge fee, including the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, by one-twelfth for each full month during the billing year that the source was not discharging, but only if the person holding the NPDES discharge permit for the source notifies the director in writing, not later than the first day of October of the billing year, of the circumstances causing the cessation of discharge.

(iii) The annual discharge fee established in division (L)(3)(a)(i) of this section, except for the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, shall be based upon the average daily discharge flow in gallons per day calculated using first day of May through thirty-first day of October flow data for the period two years prior to the date on which the fee is due. In the case of NPDES discharge permits for new sources, the fee shall be calculated using the average daily design flow of the facility until actual average daily discharge flow values are available for the time period specified in division (L)(3)(a)(iii) of this section. The annual discharge fee may be prorated for a new source as described in division (L)(3)(a)(ii) of this section.

The fee for those services shall be paid at the time the request for the survey is made. Through June 30, 2022, an individual laboratory shall not be assessed a fee under this division more than once in any three-year period unless the person requests the addition of analytical methods or analysts, in which case the person shall pay eighteen hundred dollars for each additional survey requested.

As used in division (N)(3) of this section:

The annual volume of sewage sludge treated or disposed of by a sewage sludge facility shall be calculated using the first day of January through the thirty-first day of December of the calendar year preceding the date on which payment of the fee is due.

(2)(a) Except as provided in division (Y)(2)(d) of this section, each sewage sludge facility shall pay a minimum annual sewage sludge fee of one hundred dollars.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the
following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;

(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;

(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding.

If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

The moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use,
storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. Total disbursements for monetary prize awards to holders of winning lottery tickets in connection with the statewide lottery and purchases of goods and services awarded as prizes to holders of winning lottery tickets shall be of an amount equal to at least fifty per cent of the total revenue accruing from the sale of lottery tickets.

(B) Pursuant to Section 6 of Article XV, Ohio Constitution, there is hereby established in the state treasury the lottery profits education fund. Whenever, in the judgment of the director of the state lottery commission, the amount to the credit of the state lottery fund that does not represent proceeds from statewide joint lottery games is in excess of that needed to meet the maturing obligations of the commission and as working capital for its further operations, the director of the state lottery commission shall recommend the amount of the excess to be transferred to the lottery profits education fund, and the director of budget and management may transfer the excess to the lottery profits education fund in connection with the statewide lottery. In addition, whenever, in the judgment of the director of the state lottery commission, the amount to the credit of the state lottery fund that represents proceeds from statewide joint lottery games equals the entire net proceeds of those games as described in division (B)(5) of section 3770.03 of the Revised Code and the rules adopted under that division, the director of the state lottery commission shall recommend the amount of the proceeds to be transferred to the lottery profits education fund, and the director of budget and management may transfer those proceeds to the lottery profits education fund. Investment earnings of the lottery profits education fund shall be credited to the fund.

The lottery profits education fund shall be used solely for the support of elementary, secondary, vocational, and special
education programs as determined in appropriations made by the general assembly, or as provided in applicable bond proceedings for the payment of debt service on obligations issued to pay costs of capital facilities, including those for a system of common schools throughout the state pursuant to section 2n of Article VIII, Ohio Constitution. When determining the availability of money in the lottery profits education fund, the director of budget and management may consider all balances and estimated revenues of the fund.

(C) There is hereby established in the state treasury the deferred prizes trust fund. With the approval of the director of budget and management, an amount sufficient to fund annuity prizes shall be transferred from the state lottery fund and credited to the trust fund. The treasurer of state shall credit all earnings arising from investments purchased under this division to the trust fund. Within sixty days after the end of each fiscal year, the treasurer of state shall certify to the director of budget and management whether the actuarial amount of the trust fund is sufficient over the fund's life for continued funding of all remaining deferred prize liabilities as of the last day of the fiscal year just ended. Also, within that sixty days, the director of budget and management shall certify the amount of investment earnings necessary to have been credited to the trust fund during the fiscal year just ending to provide for such continued funding of deferred prizes. Any earnings credited in excess of the latter certified amount shall be transferred to the lottery profits education fund.

To provide all or a part of the amounts necessary to fund deferred prizes awarded by the commission in connection with the statewide lottery, the treasurer of state, in consultation with the commission, may invest moneys contained in the deferred prizes trust fund which represents proceeds from the statewide lottery in
obligations of the type permitted for the investment of state funds but whose maturities are thirty years or less. Notwithstanding the requirements of any other section of the Revised Code, to provide all or part of the amounts necessary to fund deferred prizes awarded by the commission in connection with statewide joint lottery games, the treasurer of state, in consultation with the commission, may invest moneys in the trust fund which represent proceeds derived from the statewide joint lottery games in accordance with the rules the commission adopts under division (B)(5) of section 3770.03 of the Revised Code. Investments of the trust fund are not subject to the provisions of division (A)(10) of section 135.143 of the Revised Code limiting to twenty-five per cent the amount of the state's total average portfolio that may be invested in debt interests other than commercial paper and limiting to five per cent the amount that may be invested in debt interests, including commercial paper, of a single issuer.

All purchases made under this division shall be effected on a delivery versus payment method and shall be in the custody of the treasurer of state.

The treasurer of state may retain an investment advisor, if necessary. The commission shall pay any costs incurred by the treasurer of state in retaining an investment advisor.

(D) The auditor of state shall conduct annual audits of all funds and any other audits as the auditor of state or the general assembly considers necessary. The auditor of state may examine all records, files, and other documents of the commission, and records of lottery sales agents that pertain to their activities as agents, for purposes of conducting authorized audits.

(E) The state lottery commission shall establish an internal audit plan before the beginning of each fiscal year, subject to the approval of the office of internal audit in the office of the auditor of state.
budget and management. At the end of each fiscal year, the commission shall prepare and submit an annual report to the office of internal audit for the office's review and approval, specifying the internal audit work completed by the end of that fiscal year and reporting on compliance with the annual internal audit plan.

(1) Except as provided in division (E)(2) of this section, any internal audit report and all work papers of the internal audit produced by commission staff are confidential and are not public records under section 149.43 of the Revised Code until the final report is submitted to the director and the chairperson of the commission.

(2) Any internal audit report or work paper that meets the definition of a security record or infrastructure record under section 149.433 of the Revised Code is not a public record under section 149.43 of the Revised Code.

(F) Whenever, in the judgment of the director of budget and management, an amount of net state lottery proceeds is necessary to be applied to the payment of debt service on obligations, all as defined in sections 151.01 and 151.03 of the Revised Code, the director shall transfer that amount directly from the state lottery fund or from the lottery profits education fund to the bond service fund defined in those sections. The provisions of this division are subject to any prior pledges or obligation of those amounts to the payment of bond service charges as defined in division (C) of section 3318.21 of the Revised Code, as referred to in division (B) of this section.

Sec. 3781.10. (A)(1) The board of building standards shall formulate and adopt rules governing the erection, construction, repair, alteration, and maintenance of all buildings or classes of buildings specified in section 3781.06 of the Revised Code, including land area incidental to those buildings, the
construction of industrialized units, the installation of equipment, and the standards or requirements for materials used in connection with those buildings. The board shall incorporate those rules into separate residential and nonresidential building codes. The standards shall relate to the conservation of energy and the safety and sanitation of those buildings.

(2) The rules governing nonresidential buildings are the lawful minimum requirements specified for those buildings and industrialized units, except that no rule other than as provided in division (C) of section 3781.108 of the Revised Code that specifies a higher requirement than is imposed by any section of the Revised Code is enforceable. The rules governing residential buildings are uniform requirements for residential buildings in any area with a building department certified to enforce the state residential building code. In no case shall any local code or regulation differ from the state residential building code unless that code or regulation addresses subject matter not addressed by the state residential building code or is adopted pursuant to section 3781.01 of the Revised Code.

(3) The rules adopted pursuant to this section are complete, lawful alternatives to any requirements specified for buildings or industrialized units in any section of the Revised Code. Except as otherwise provided in division (I) of this section, the board shall, on its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, formulate, propose, adopt, modify, amend, or repeal the rules to the extent necessary or desirable to effectuate the purposes of sections 3781.06 to 3781.18 of the Revised Code.

(B) The board shall report to the general assembly proposals for amendments to existing statutes relating to the purposes declared in section 3781.06 of the Revised Code that public health and safety and the development of the arts require and shall
recommend any additional legislation to assist in carrying out fully, in statutory form, the purposes declared in that section. The board shall prepare and submit to the general assembly a summary report of the number, nature, and disposition of the petitions filed under sections 3781.13 and 3781.14 of the Revised Code.

(C) On its own motion or on application made under sections 3781.12 and 3781.13 of the Revised Code, and after thorough testing and evaluation, the board shall determine by rule that any particular fixture, device, material, process of manufacture, manufactured unit or component, method of manufacture, system, or method of construction complies with performance standards adopted pursuant to section 3781.11 of the Revised Code. The board shall make its determination with regard to adaptability for safe and sanitary erection, use, or construction, to that described in any section of the Revised Code, wherever the use of a fixture, device, material, method of manufacture, system, or method of construction described in that section of the Revised Code is permitted by law. The board shall amend or annul any rule or issue an authorization for the use of a new material or manufactured unit on any like application. No department, officer, board, or commission of the state other than the board of building standards or the board of building appeals shall permit the use of any fixture, device, material, method of manufacture, newly designed product, system, or method of construction at variance with what is described in any rule the board of building standards adopts or issues or that is authorized by any section of the Revised Code. Nothing in this section shall be construed as requiring approval, by rule, of plans for an industrialized unit that conforms with the rules the board of building standards adopts pursuant to section 3781.11 of the Revised Code.

(D) The board shall recommend rules, codes, and standards to
help carry out the purposes of section 3781.06 of the Revised Code and to help secure uniformity of state administrative rulings and local legislation and administrative action to the bureau of workers' compensation, the director of commerce, any other department, officer, board, or commission of the state, and to legislative authorities and building departments of counties, townships, and municipal corporations, and shall recommend that they audit those recommended rules, codes, and standards by any appropriate action that they are allowed pursuant to law or the constitution.

(E)(1) The board shall certify municipal, township, and county building departments and the personnel of those building departments, and persons described in division (E)(7) of this section, and employees of individuals, firms, the state, or corporations as described in division (E)(7) of this section to exercise enforcement authority, to accept and approve plans and specifications, and to make inspections, pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code.

(2) The board shall certify departments, personnel, and persons to enforce the state residential building code, to enforce the nonresidential building code, or to enforce both the residential and the nonresidential building codes. Any department, personnel, or person may enforce only the type of building code for which certified.

(3) The board shall not require a building department, its personnel, or any persons that it employs to be certified for residential building code enforcement if that building department does not enforce the state residential building code. The board shall specify, in rules adopted pursuant to Chapter 119. of the Revised Code, the requirements for certification for residential and nonresidential building code enforcement, which shall be consistent with this division. The requirements for residential
and nonresidential certification may differ. Except as otherwise provided in this division, the requirements shall include, but are not limited to, the satisfactory completion of an initial examination and, to remain certified, the completion of a specified number of hours of continuing building code education within each three-year period following the date of certification which shall be not less than thirty hours. The rules shall provide that continuing education credits and certification issued by the council of American building officials, national model code organizations, and agencies or entities the board recognizes are acceptable for purposes of this division. The rules shall specify requirements that are consistent with the provisions of section 5903.12 of the Revised Code relating to active duty military service and are compatible, to the extent possible, with requirements the council of American building officials and national model code organizations establish.

(4) The board shall establish and collect a certification and renewal fee for building department personnel, and persons and employees of persons, firms, or corporations as described in this section, who are certified pursuant to this division.

(5) Any individual certified pursuant to this division shall complete the number of hours of continuing building code education that the board requires or, for failure to do so, forfeit certification.

(6) This division does not require or authorize the board to certify personnel of municipal, township, and county building departments, and persons and employees of persons, firms, or corporations as described in this section, whose responsibilities do not include the exercise of enforcement authority, the approval of plans and specifications, or making inspections under the state residential and nonresidential building codes.

(7) Enforcement authority for approval of plans and
specifications and enforcement authority for inspections may be exercised, and plans and specifications may be approved and inspections may be made on behalf of a municipal corporation, township, or county, by any of the following who the board of building standards certifies:

(a) Officers or employees of the municipal corporation, township, or county;

(b) Persons, or employees of persons, firms, or corporations, pursuant to a contract to furnish architectural, engineering, or other services to the municipal corporation, township, or county;

(d) Officers or employees of the division of industrial compliance in the department of commerce pursuant to a contract authorized by division (B) of section 121.083 of the Revised Code.

(8) Municipal, township, and county building departments have jurisdiction within the meaning of sections 3781.03, 3791.04, and 4104.43 of the Revised Code, only with respect to the types of buildings and subject matters for which they are certified under this section.

(9) A certified municipal, township, or county building department may exercise enforcement authority, accept and approve plans and specifications, and make inspections pursuant to sections 3781.03, 3791.04, and 4104.43 of the Revised Code for a park district created pursuant to Chapter 1545. of the Revised Code upon the approval, by resolution, of the board of park commissioners of the park district requesting the department to exercise that authority and conduct those activities, as applicable.
(10) Certification shall be granted upon application by the municipal corporation, the board of township trustees, or the board of county commissioners and approval of that application by the board of building standards. The application shall set forth:

(a) Whether the certification is requested for residential or nonresidential buildings, or both;

(e) The proposed budget for the operation of the building department.

(11) The board of building standards shall adopt rules governing all of the following:

(a) The certification of building department personnel and persons and employees of persons, firms, or corporations exercising authority pursuant to division (E)(7) of this section. The rules shall disqualify any employee of the department or person who contracts for services with the department from performing services for the department when that employee or person would have to pass upon, inspect, or otherwise exercise authority over any labor, material, or equipment the employee or person furnishes for the construction, alteration, or maintenance of a building or the preparation of working drawings or specifications for work within the jurisdictional area of the department. The department shall provide other similarly qualified employees.
personnel to enforce the residential and nonresidential building codes as they pertain to that work.

(b) The minimum services to be provided by a certified building department.

(12) The board of building standards may revoke or suspend certification to enforce the residential and nonresidential building codes, on petition to the board by any person affected by that enforcement or approval of plans, or by the board on its own motion. Hearings shall be held and appeals permitted on any proceedings for certification or revocation or suspension of certification in the same manner as provided in section 3781.101 of the Revised Code for other proceedings of the board of building standards.

(13) Upon certification, and until that authority is revoked, any county or township building department shall enforce the residential and nonresidential building codes for which it is certified without regard to limitation upon the authority of boards of county commissioners under Chapter 307. of the Revised Code or boards of township trustees under Chapter 505. of the Revised Code.

(F) In addition to hearings sections 3781.06 to 3781.18 and 3791.04 of the Revised Code require, the board of building standards shall make investigations and tests, and require from other state departments, officers, boards, and commissions information the board considers necessary or desirable to assist it in the discharge of any duty or the exercise of any power mentioned in this section or in sections 3781.06 to 3781.18, 3791.04, and 4104.43 of the Revised Code.

(G) The board shall adopt rules and establish reasonable fees for the review of all applications submitted where the applicant applies for authority to use a new material, assembly, or product.
of a manufacturing process. The fee shall bear some reasonable relationship to the cost of the review or testing of the materials, assembly, or products and for the notification of approval or disapproval as provided in section 3781.12 of the Revised Code.

(H) The residential construction advisory committee shall provide the board with a proposal for a state residential building code that the committee recommends pursuant to division (D)(1) of section 4740.14 of the Revised Code. Upon receiving a recommendation from the committee that is acceptable to the board, the board shall adopt rules establishing that code as the state residential building code.

(I)(1) The committee may provide the board with proposed rules to update or amend the state residential building code that the committee recommends pursuant to division (E) of section 4740.14 of the Revised Code.

(2) If the board receives a proposed rule to update or amend the state residential building code as provided in division (I)(1) of this section, the board either may accept or reject the proposed rule for incorporation into the residential building code. If the board does not act to either accept or reject the proposed rule within ninety days after receiving the proposed rule from the committee as described in division (I)(1) of this section, the proposed rule shall become part of the residential building code.

(J) The board shall cooperate with the director of job and family services when the director promulgates rules pursuant to section 5104.05 of the Revised Code regarding safety and sanitation in type A family day-care homes.

(K) The board shall adopt rules to implement the requirements of section 3781.108 of the Revised Code.

Sec. 3798.10. (A) Not later than six months after September 10, 2012, the Medicaid director, in consultation with the office of health transformation, shall prescribe by rules adopted in accordance with Chapter 119. of the Revised Code a standard authorization form for the use and disclosure of protected health information by covered entities in this state. The form shall meet all requirements specified in 45 C.F.R. 164.508 and, where applicable, 42 C.F.R. part 2.

(B) If a form the Medicaid director prescribes under division (A) of this section is properly executed by an individual or the individual's personal representative, it shall be accepted by any person or governmental entity in this state as valid authorization for the use or disclosure of the individual's protected health information to the persons or governmental entities specified in the form.

(C) This section does not preclude a person or governmental entity from accepting as valid authorization for the use or disclosure of protected health information a form other than the form prescribed under division (A) of this section if the other form meets all requirements specified in 45 C.F.R. 164.508 and, if applicable, 42 C.F.R. part 2.
Sec. 3901.381. (A) Except as provided in sections 3901.382, 3901.383, 3901.384, and 3901.386 of the Revised Code, a
third-party payer shall process a claim for payment for health care services rendered by a provider to a beneficiary in accordance with this section.

(B)(1) Unless division (B)(2) or (3) of this section applies, when a third-party payer receives from a provider or beneficiary a
claim on the standard claim form prescribed in rules adopted by the superintendent of insurance under section 3902.22 of the Revised Code, the third-party payer shall pay or deny the claim not later than thirty days after receipt of the claim. When a third-party payer denies a claim, the third-party payer shall notify the provider and the beneficiary. The notice shall state, with specificity, why the third-party payer denied the claim.

(2)(a) Unless division (B)(3) of this section applies, when a provider or beneficiary has used the standard claim form, but the third-party payer determines that reasonable supporting documentation is needed to establish the third-party payer's responsibility to make payment, the third-party payer shall pay or deny the claim not later than forty-five days after receipt of the claim. Supporting documentation includes the verification of employer and beneficiary coverage under a benefits contract, confirmation of premium payment, medical information regarding the beneficiary and the services provided, information on the responsibility of another third-party payer to make payment or confirmation of the amount of payment by another third-party payer, and information that is needed to correct material deficiencies in the claim related to a diagnosis or treatment or the provider's identification.

Not later than thirty days after receipt of the claim, the third-party payer shall notify all relevant external sources that
the supporting documentation is needed. All such notices shall state, with specificity, the supporting documentation needed. If the notice was not provided in writing, the provider, beneficiary, or third-party payer may request the third-party payer to provide the notice in writing, and the third-party payer shall then provide the notice in writing. If any of the supporting documentation is under the control of the beneficiary, the beneficiary shall provide the supporting documentation to the third-party payer.

The number of days that elapse between the third-party payer's last request for supporting documentation within the thirty-day period and the third-party payer's receipt of all of the supporting documentation that was requested shall not be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days for payment or denial of a claim. Except as provided in division (B)(2)(b) of this section, if the third-party payer requests additional supporting documentation after receiving the initially requested documentation, the number of days that elapse between making the request and receiving the additional supporting documentation shall be counted for purposes of determining the third-party payer's compliance with the time period of not more than forty-five days.

(b) If a third-party payer determines, after receiving initially requested documentation, that it needs additional supporting documentation pertaining to a beneficiary's preexisting condition, which condition was unknown to the third-party payer and about which it was reasonable for the third-party payer to have no knowledge at the time of its initial request for documentation, and the third-party payer subsequently requests this additional supporting documentation, the number of days that elapse between making the request and receiving the additional
supporting documentation shall not be counted for purposes of
determining the third-party payer's compliance with the time
period of not more than forty-five days.

(c) When a third-party payer denies a claim, the third-party
payer shall notify the provider and the beneficiary. The notice
shall state, with specificity, why the third-party payer denied
the claim.

(d) If a third-party payer determines that supporting
documentation related to medical information is routinely
necessary to process a claim for payment of a particular health
care service, the third-party payer shall establish a description
of the supporting documentation that is routinely necessary and
make the description available to providers in a readily
accessible format.

Third-party payers and providers shall, in connection with a
claim, use the most current CPT code in effect, as published by
the American medical association, the most current ICD-10 code in
effect, as published by the United States department of health and
human services, the most current CDT code in effect, as published
by the American dental association, or the most current HCPCS code
in effect, as published by the United States health care financing
administration centers for medicare and medicaid services.

(3) When a provider or beneficiary submits a claim by using
the standard claim form prescribed in the superintendent's rules,
but the information provided in the claim is materially deficient,
the third-party payer shall notify the provider or beneficiary not
later than fifteen days after receipt of the claim. The notice
shall state, with specificity, the information needed to correct
all material deficiencies. Once the material deficiencies are
corrected, the third-party payer shall proceed in accordance with
division (B)(1) or (2) of this section.
It is not a violation of the notification time period of not more than fifteen days if a third-party payer fails to notify a provider or beneficiary of material deficiencies in the claim related to a diagnosis or treatment or the provider's identification. A third-party payer may request the information necessary to correct these deficiencies after the end of the notification time period. Requests for such information shall be made as requests for supporting documentation under division (B)(2) of this section, and payment or denial of the claim is subject to the time periods specified in that division.

(C) For purposes of this section, if a dispute exists between a provider and a third-party payer as to the day a claim form was received by the third-party payer, both of the following apply:

(1) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer by mail and retains a record of the day the claim was mailed, there exists a rebuttable presumption that the claim was received by the third-party payer on the fifth business day after the day the claim was mailed, unless it can be proven otherwise.

(2) If the provider or a person acting on behalf of the provider submits a claim directly to a third-party payer electronically, there exists a rebuttable presumption that the claim was received by the third-party payer twenty-four hours after the claim was submitted, unless it can be proven otherwise.

(D) Nothing in this section requires a third-party payer to provide more than one notice to an employer whose premium for coverage of employees under a benefits contract has not been received by the third-party payer.

(E) Compliance with the provisions of division (B)(3) of this section shall be determined separately from compliance with the provisions of divisions (B)(1) and (2) of this section.
(F) A third-party payer shall transmit electronically any payment with respect to claims that the third-party payer receives electronically and pays to a contracted provider under this section and under sections 3901.383, 3901.384, and 3901.386 of the Revised Code. A provider shall not refuse to accept a payment made under this section or sections 3901.383, 3901.384, and 3901.386 of the Revised Code on the basis that the payment was transmitted electronically.

Sec. 3901.3814. Sections 3901.38 and 3901.381 to 3901.3813 of the Revised Code do not apply to the following:

(A) Policies offering coverage that is regulated under Chapters 3935. and 3937. of the Revised Code;

(B) An employer's self-insurance plan and any of its administrators, as defined in section 3959.01 of the Revised Code, to the extent that federal law supersedes, preempts, prohibits, or otherwise precludes the application of any provisions of those sections to the plan and its administrators;

(C) A third-party payer for coverage provided under the medicare advantage program operated under Title XVIII of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C. A. 301, as amended;

(D) A third-party payer for coverage provided under the medicaid program, except that if a federal waiver applied for under section 5167.25 of the Revised Code is granted or the medicaid director determines that this provision can be implemented without a waiver, sections 3901.38 and 3901.381 to 3901.3813 of the Revised Code apply to claims submitted electronically or non-electronically that are made with respect to coverage of medicaid recipients by health insuring corporations licensed under Chapter 1751. of the Revised Code, instead of the prompt payment requirements of 42 C.F.R. 447.46;
(E) A third-party payer for coverage provided under the Tricare program offered by the United States department of defense.

(E) This section shall not be construed as requiring a health plan issuer to reimburse a physician for any costs or fees associated with the provision of telemedicine services that would be in addition to or greater than the standard reimbursement for comparable in-person health care services.

In adopting the rules, the director of commerce shall consider the orders issued pursuant to the "Fair Labor Standards Act of 1938," 52 Stat. 1060, 29 U.S.C. 201, as amended.
The director of commerce shall not adopt any rule that prohibits a minor who is sixteen or seventeen years of age and who is employed by an employer under the construction and manufacturing mentorship program created in section 4109.22 of the Revised Code from being employed in a construction occupation or manufacturing occupation if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., permit the employment of the minor in the construction occupation or manufacturing occupation. As used in this division, "construction occupation" and "manufacturing occupation" have the same meanings as in section 4109.22 of the Revised Code.

(B) No minor may be employed in any occupation found hazardous or detrimental to the health and well-being of minors under the rules adopted pursuant to division (A) of this section.

Sec. 4109.22. (A) As used in this section:

(3) Notwithstanding the definition of "employer" in section 4109.01 of the Revised Code, "employer" means every person who employs any individual in a construction occupation or manufacturing occupation.

(B)(1) There is hereby created the construction and

(2) The mentor assigned under division (B)(1)(b) of this section is liable for the minor while the minor is employed by the employer.

(3) The employer shall pay any costs associated with providing the training required by division (C)(1) or permitted under division (C)(2) of this section.

(D) The director of commerce, in consultation with employers, shall adopt rules in accordance with Chapter 119. of the Revised Code specifying a list of the tools that a minor who is sixteen or seventeen years of age who is employed under the mentorship program may operate during the minor's employment in a construction occupation or manufacturing occupation. The director shall use the manual issued by the wage and hour division of the United States department of labor titled "field operations handbook" or its successor for guidance in developing the list. Nothing in this division requires the director to include a tool on the list if the orders issued pursuant to the "Fair Labor Standards Act of 1938," 29 U.S.C. 201, et seq., and section 4109.05 of the Revised Code or rules adopted under that section specifically permit minors of that age to operate the tool.

(E) A minor who is sixteen or seventeen years of age who is employed by an employer under the mentorship program may work in any construction occupation or manufacturing occupation not denied
by law to minors of that age under section 4109.05 of the Revised
Code or rules adopted under that section.

(F) No employer shall do either of the following:

and section 4109.05 of the Revised Code or rules adopted under

the Revised Code is guilty of a minor misdemeanor.

(B) Whoever violates section 4109.05 of the Revised Code is
guilty of a misdemeanor of the third degree.

(C) Whoever violates section 4109.03, division (A), (B), or
(D) of section 4109.07, or section 4109.10 of the Revised Code is
guilty of a minor misdemeanor on a first offense and a misdemeanor
of the third degree on each subsequent offense.

(D) Whoever violates division (A) of section 4109.12 of the
Revised Code is guilty of a minor misdemeanor for each day the
violation continues.

(E) Whoever violates division (A) of section 4109.21 of the
Revised Code is guilty of a misdemeanor of the fourth degree on a
first offense and a first degree misdemeanor on each subsequent
offense. If, however, the violation on a first offense contains aggravating circumstances, including, but not limited to, threats to a minor, reckless operation of a motor vehicle, or abandonment of or endangerment to a minor but not including circumstances that are the basis of a felony violation of section 2919.22 of the Revised Code, then the person is guilty of a misdemeanor of the first degree. If the offender previously has been convicted under this section and if the subsequent offense contains aggravating circumstances other than circumstances that are the basis of a felony violation of section 2919.22 of the Revised Code, then the person is guilty of a felony of the fourth degree.

(F) Whoever violates division (F) of section 4109.22 of the Revised Code shall be assessed a civil penalty of up to one thousand seven hundred thirty dollars for each violation.

Sec. 4141.35. (A) If the director of job and family services finds that any fraudulent misrepresentation has been made by an applicant for or a recipient of benefits with the object of obtaining benefits to which the applicant or recipient was not entitled, and in addition to any other penalty or forfeiture under this chapter, then the director:

(1) Shall within four years after the end of the benefit year in which the fraudulent misrepresentation was made reject or cancel such person's entire weekly claim for benefits that was fraudulently claimed, or the person's entire benefit rights if the misrepresentation was in connection with the filing of the claimant's application for determination of benefit rights;

(2) Shall by order declare that, for each application for benefit rights and for each weekly claim canceled, such person shall be ineligible for two otherwise valid weekly claims for benefits, claimed within six years subsequent to the discovery of such misrepresentation;
(3) By order shall require that the total amount of benefits rejected or canceled under division (A)(1) of this section be repaid to the director before such person may become eligible for further benefits, and shall withhold such unpaid sums from future benefit payments accruing and otherwise payable to such claimant. Effective with orders issued on or after January 1, 1993, if such benefits are not repaid within thirty days after the director's order becomes final, interest on the amount remaining unpaid shall be charged to the person at a rate and calculated in the same manner as provided under section 4141.23 of the Revised Code. When a person ordered to repay benefits has repaid all overpaid benefits according to a plan approved by the director, the director may cancel the amount of interest that accrued during the period of the repayment plan. The director may take action in any court of competent jurisdiction to collect benefits and interest as provided in sections 4141.23 and 4141.27 of the Revised Code, in regard to the collection of unpaid contributions, using the final repayment order as the basis for such action. Except as otherwise provided in this division, no administrative or legal proceedings for the collection of such benefits or interest due, or for the collection of a penalty under division (A)(4) of this section, shall be initiated after the expiration of six years from the date on which the director's order requiring repayment became final and the amount of any benefits, penalty, or interest not recovered at that time, and any liens thereon, shall be canceled as uncollectible. The time limit for instituting proceedings shall be extended by the period of any stay to the collection or by any other time period to which the parties mutually agree.

(4) Shall, for findings made on or after October 21, 2013, by order assess a mandatory penalty on such a person in an amount equal to twenty-five per cent of the total amount of benefits rejected or canceled under division (A)(1) of this section. The first sixty per cent of each penalty collected under division
(A) (4) of this section shall be deposited into the unemployment compensation fund created under section 4141.09 of the Revised Code and shall be credited to the mutualized account, as provided in division (B)(2)(g) of section 4141.25 of the Revised Code. The remainder of each penalty collected shall be deposited into the unemployment compensation special administrative fund created under section 4141.11 of the Revised Code.

(5) May take action to collect benefits fraudulently obtained under the unemployment compensation law of any other state or the United States or Canada. Such action may be initiated in the courts of this state in the same manner as provided for unpaid contributions in section 4141.41 of the Revised Code.

(6) May take action to collect benefits that have been fraudulently obtained from the director, interest pursuant to division (A)(3) of this section, and court costs, through attachment proceedings under Chapter 2715. of the Revised Code and garnishment proceedings under Chapter 2716. of the Revised Code.

(B) If the director finds that an applicant for benefits has been credited with a waiting period or paid benefits to which the applicant was not entitled for reasons other than fraudulent misrepresentation, the director shall:

(1)(a) Within six months after the determination under which the claimant was credited with that waiting period or paid benefits becomes final pursuant to section 4141.28 of the Revised Code, or within three years after the end of the benefit year in which such benefits were claimed, whichever is later, by order cancel such waiting period and require that such benefits be repaid to the director or be withheld from any benefits to which such applicant is or may become entitled before any additional benefits are paid, provided that the repayment or withholding shall not be required where the overpayment is the result of the director's correcting a prior decision due to a typographical or
clerical error in the director's prior decision, or an error in an employer's report under division (G) of section 4141.28 of the Revised Code.

(b) The limitation specified in division (B)(1)(a) of this section shall not apply to cases involving the retroactive payment of remuneration covering periods for which benefits were previously paid to the claimant. However, in such cases, the director's order requiring repayment shall not be issued unless the director is notified of such retroactive payment within six months from the date the retroactive payment was made to the claimant.

(2) The director may, by reciprocal agreement with the United States secretary of labor or another state, recover overpayment amounts from unemployment benefits otherwise payable to an individual under Chapter 4141 of the Revised Code. Any overpayments made to the individual that have not previously been recovered under an unemployment benefit program of the United States may be recovered in accordance with section 303(g) of the "Social Security Act" and sections 3304(a)(4) and 3306(f) of the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301 to 3311.

(3) If the amounts required to be repaid under division (B) of this section are not recovered within three years from the date the director's order requiring payment became final, initiate no further action to collect such benefits and the amount of any benefits not recovered at that time shall be canceled as uncollectible, provided that the time limit for collection shall be extended by the period of any stay to the collection or by any other time period to which the parties mutually agree.

(C) The appeal provisions of sections 4141.281 and 4141.282 of the Revised Code shall apply to all orders and determinations issued under this section, except that an individual's right of
appeal under division (B)(2) of this section shall be limited to this state's authority to recover overpayment of benefits.

(D) The director shall deposit any repayment collected under this section that the director determines to be payment of interest or court costs into the unemployment compensation special administrative fund established pursuant to section 4141.11 of the Revised Code.

(E) If an individual makes a full repayment or a repayment that is less than the full amount required by this section, the director shall apply the repayment to the mutualized account under division (B) of section 4141.25 of the Revised Code, except that the director shall credit the repayment to the accounts of the individual's base period employers that previously have not been credited for the amount of improperly paid benefits charged against their accounts based on the proportion of benefits charged against the accounts as determined pursuant to division (D) of section 4141.24 of the Revised Code.

The director shall deposit any repayment collected under this section that the director determines to be payment of interest or court costs into the unemployment compensation special administrative fund established pursuant to section 4141.11 of the Revised Code.

This division does not apply to any of the following:

(1) Federal tax refund offsets under 31 C.F.R. 285.8;

The director may adopt rules as the director determines necessary to implement any guidance issued by the United States secretary of labor with respect to the SharedWork Ohio program.

Sec. 4313.02. (A) The state may transfer to JobsOhio, and JobsOhio may accept the transfer of, all or a portion of the enterprise acquisition project for a transfer price payable by JobsOhio to the state. Any such transfer shall be treated as an absolute conveyance and true sale of the interest in the enterprise acquisition project purported to be conveyed for all purposes, and not as a pledge or other security interest. The characterization of any such transfer as a true sale and absolute conveyance shall not be negated or adversely affected by the acquisition or retention by the state of a residual or reversionary interest in the enterprise acquisition project, the participation of any state officer or employee as a member or officer of, or contracting for staff support to, JobsOhio or any subsidiary of JobsOhio, any regulatory responsibility of an officer or employee of the state, including the authority to collect amounts to be received in connection therewith, the retention of the state of any legal title to or interest in any portion of the enterprise acquisition project for the purpose of regulatory activities, or any characterization of JobsOhio or obligations of JobsOhio under accounting, taxation, or securities regulations, or any other reason whatsoever. An absolute conveyance and true sale or lease shall exist under this section regardless of whether JobsOhio has any recourse against the state or the treatment or characterization of the transfer as a financing for any purpose. Upon and following the transfer, the
state shall not have any right, title, or interest in the enterprise acquisition project so transferred other than any residual interest that may be described in the transfer agreement pursuant to the following paragraph and division (D) of this section. Any determination of the fair market value of the enterprise acquisition project reflected in the transfer agreement shall be conclusive and binding on the state and JobsOhio.

Any transfer of the enterprise acquisition project that is a lease or grant of a franchise shall be for a term not to exceed twenty-five years. Any transfer of the enterprise acquisition project that is an assignment and sale, conveyance, or other transfer shall contain a provision that the state shall have the option to have conveyed or transferred back to it, at no cost, the enterprise acquisition project, as it then exists, no later than twenty-five years after the original transfer authorized in the transfer agreement on such other terms as shall be provided in the transfer agreement.

The exercise of the powers granted by this section will be for the benefit of the people of the state. All or any portion of the enterprise acquisition project transferred pursuant to the transfer agreement that would be exempt from real property taxes or assessments or real property taxes or assessments in the absence of such transfer shall, as it may from time to time exist thereafter, remain exempt from real property taxes or assessments levied by the state and its subdivisions to the same extent as if not transferred. The gross receipts and income of JobsOhio derived from the enterprise acquisition project shall be exempt from taxation levied by the state and its subdivisions, including, but not limited to, the taxes levied pursuant to Chapters 718., 5739., 5741., 5747., and 5751. of the Revised Code. Any transfer from the state to JobsOhio of the enterprise acquisition project, or item included or to be included in the project, shall be exempt from
the taxes levied pursuant to Chapters 5739. and 5741. of the Revised Code.

(B) The proceeds of any transfer under division (A) of this section may be expended as provided in the transfer agreement for any one or more of the following purposes:

(1) Funding, payment, or defeasance of outstanding bonds issued pursuant to Chapters 151. and 166. of the Revised Code and secured by pledged liquor profits as defined in section 151.40 of the Revised Code;

(2) Deposit into the general revenue fund;

(3) Deposit into the clean Ohio revitalization fund created pursuant to section 122.658 of the Revised Code, the innovation Ohio loan fund created pursuant to section 166.16 of the Revised Code, the research and development loan fund created pursuant to section 166.20 of the Revised Code, and the logistics and distribution infrastructure fund created pursuant to section 166.26 of the Revised Code, the advanced energy research and development fund created pursuant to section 3706.27 of the Revised Code, and the advanced energy research and development taxable fund created pursuant to section 3706.27 of the Revised Code;

(4) Conveyance to JobsOhio for the purposes for which it was created.

(C)(1) The state may covenant, pledge, and agree in the transfer agreement, with and for the benefit of JobsOhio, that it shall maintain statutory authority for the enterprise acquisition project and the revenues of the enterprise acquisition project and not otherwise materially impair any obligations supported by a pledge of revenues of the enterprise acquisition project. The transfer agreement may provide or authorize the manner for determining material impairment of the security for any such
outstanding obligations, including by assessing and evaluating the
revenues of the enterprise acquisition project.

(2) The director of budget and management, in consultation
with the director of commerce, may, without need for any other
approval, negotiate terms of any documents, including the transfer
agreement, necessary to effect the transfer and the acceptance of
the transfer of the enterprise acquisition project. The director
of budget and management and the director of commerce shall
execute the transfer agreement on behalf of the state. The
director of budget and management may also, without need for any
other approval, retain or contract for the services of commercial
appraisers, underwriters, investment bankers, and financial
advisers, as are necessary in the judgment of the director of
budget and management to effect the transfer agreement. Any
transfer agreement may contain terms and conditions established by
the state to carry out and effectuate the purposes of this
section, including, without limitation, covenants binding the
state in favor of JobsOhio. Any such transfer agreement shall be
sufficient to effectuate the transfer without regard to any other
laws governing other property sales or financial transactions by
the state. The director of budget and management may create any
funds or accounts, within or without the state treasury, as are
needed for the transactions and activities authorized by this
section.

(3) The transfer agreement may authorize JobsOhio, in the
ordinary course of doing business, to convey, lease, release, or
otherwise dispose of any regular inventory or tangible personal
property. Ownership of the interest in the enterprise acquisition
project that is transferred to JobsOhio under this section and the
transfer agreement shall be maintained in JobsOhio or a nonprofit
entity the sole member of which is JobsOhio until the enterprise
acquisition project is transferred back to the state pursuant to
the second paragraph of division (A) and division (D) of this section.

(D) The transfer agreement may authorize JobsOhio to fix, alter, and collect rentals and other charges for the use and occupancy of all or any portion of the enterprise acquisition project and to lease any portion of the enterprise acquisition project to the state, and shall include a contract with, or the granting of an option to, the state to have the enterprise acquisition project, as it then exists, transferred back to it without charge in accordance with the terms of the transfer agreement after retirement or redemption, or provision therefor, of all obligations supported by a pledge of spirituous liquor profits.

(5) A duplicate or replacement identification card expires on the same date as the card it replaces.

(C) The registrar shall cancel any card upon determining that the card was obtained unlawfully, issued in error, or was altered. The registrar also shall cancel any card that is surrendered to the registrar or to a deputy registrar after the holder has obtained a duplicate, replacement, or driver's or commercial driver's license.

(D)(1) No agent of the state or its political subdivisions shall condition the granting of any benefit, service, right, or privilege upon the possession by any person of an identification card. Nothing in this section shall preclude any publicly operated or franchised transit system from using an identification card for the purpose of granting benefits or services of the system.

(2) No person shall be required to apply for, carry, or possess an identification card.

(E) Except in regard to an identification card issued to a person who applies no more than thirty days before the applicant's twenty-first birthday, neither the registrar nor any deputy registrar shall issue an identification card to a person under twenty-one years of age that does not have the characteristics prescribed by the registrar distinguishing it from the

(A) Members of the board of embalmers and funeral directors shall annually in July, or within thirty days after the senate's confirmation of the new members appointed in that year, meet and organize by selecting from among its members a president, vice-president, and secretary-treasurer. The board may hold other meetings as it determines necessary. A quorum of the board consists of four members, of whom at least three shall be members who are funeral directors. The concurrence of at least four members is necessary for the board to take any action. The president and secretary-treasurer shall sign all licenses issued under this chapter and affix the board's seal to each license.

(B) The board may appoint an individual who is not a member of the board to serve as executive director of the board. The executive director serves at the pleasure of the board and shall do all of the following:

The executive director may serve and execute any process issued by any court under this chapter.

(D) The executive director may employ necessary inspectors, who shall be licensed embalmers and funeral directors. An inspector employed by the executive director may enter the premises, establishment, office, or place of business of any embalmer, funeral director, or crematory operator, embalming facility, funeral home, or crematory facility in this state, for the purposes of inspecting the facility and premises; the license, registration certification of embalmers, funeral directors, and crematory operators operating in the facility; and the license of the funeral home, embalming facility, or crematory facility and perform any other duties delegated to the inspector by the board or assigned to the inspector by the executive director. The executive director may enter the facility or premises of a funeral home, embalming facility, or crematory for the purpose of an inspection if accompanied by an inspector or, if an inspector is not available, when a situation presents a danger of immediate and serious harm to the public.

(E) The president of the board shall designate three of the board's members to serve on the crematory review board, which is hereby created, for such time as the president finds appropriate to carry out the provisions of this chapter. Those members of the crematory review board designated by the president to serve and three members designated by the cemetery dispute resolution commission shall designate, by a majority vote, one person who holds a crematory operator permit, who is experienced in the operation of a crematory facility, and who is not affiliated with
a cemetery or a funeral home to serve on the crematory review board for such time as the crematory review board finds appropriate. Members serving on the crematory review board shall not receive any additional compensation for serving on the board, but may be reimbursed for their actual and necessary expenses incurred in the performance of official duties as members of the board. Members of the crematory review board shall designate one from among its members to serve as a chairperson for such time as the board finds appropriate. (3) Notice provided under division (C) of section 4717.14 of the Revised Code that the board of embalmers and funeral directors has issued an order summarily suspending a crematory operator permit or a license to operate a crematory facility;

(4) Notice provided under division (B) of section 4717.15 of
the Revised Code that the board of embalmers and funeral directors proposes to issue a notice of violation and order requiring payment of a forfeiture for any violation described in divisions (A)(9)(a) to (g) of section 4717.04 of the Revised Code alleged in connection with a crematory operator, crematory facility, or cremation.

Nothing in division (F) of this section precludes the crematory review board from appointing an independent examiner in accordance with section 119.09 of the Revised Code to conduct any adjudication hearing required under division (F) of this section.

The crematory review board shall submit a written report of findings and advisory recommendations, and a written transcript of its proceedings, to the board of embalmers and funeral directors. The board of embalmers and funeral directors shall serve a copy of the written report of the crematory review board's findings and advisory recommendations on the party to the adjudication or the party's attorney, by certified mail, within five days after receiving the report and advisory recommendations. A party may file objections to the written report with the board of embalmers and funeral directors within ten days after receiving the report. No written report is final or appealable until it is issued as a final order by the board of embalmers and funeral directors and entered on the record of the proceedings. The board of embalmers and funeral directors shall consider objections filed by the party prior to issuing a final order. After reviewing the findings and advisory recommendations of the crematory review board, the written transcript of the crematory review board's proceedings, and any objections filed by a party, the board of embalmers and funeral directors shall issue a final order in the matter. Any party may appeal the final order issued by the board of embalmers and funeral directors in a matter described in divisions (F)(1) to (4) of this section in accordance with section 119.12 of the Revised Code.
Revised Code, except that the appeal may be made to the court of common pleas in the county in which is located the crematory facility to which the final order pertains, or in the county in which the party resides.

(G) On its own initiative or on receiving a written complaint from any person whose identity is made known to the board of embalmers and funeral directors, the board shall investigate the acts or practices of any person holding or claiming to hold a license, permit, or registration certification under this chapter that, if proven to have occurred, would violate this chapter or any rules adopted under it. The board may compel witnesses by subpoena to appear and testify in relation to investigations conducted under this chapter and may require by subpoena duces tecum the production of any book, paper, or document pertaining to an investigation. If a person does not comply with a subpoena or subpoena duces tecum, the board may apply to the court of common pleas of any county in this state for an order compelling the person to comply with the subpoena or subpoena duces tecum, or for failure to do so, to be held in contempt of court.

(H) If, as a result of its investigation conducted under division (G) of this section, the board of embalmers and funeral directors has reasonable cause to believe that the person investigated is violating any provision of this chapter or any rules adopted under this chapter governing or in connection with embalming, funeral directing, cremation, funeral homes, embalming facilities, or cremation facilities, or the operation of funeral homes, embalming facilities, or crematory facilities, it may, after providing the opportunity for an adjudicatory hearing, issue an order directing the person to cease the acts or practices that constitute the violation. The board shall conduct the adjudicatory hearing in accordance with Chapter 119. of the Revised Code except that, notwithstanding the provisions of that chapter, the...
following shall apply:

(1) The board shall send the notice informing the person of the person's right to a hearing by certified mail.

(2) The person is entitled to a hearing only if the person requests a hearing and if the board receives the request within thirty days after the mailing of the notice described in division (H)(1) of this section.

(3) A stenographic record shall be taken, in the manner prescribed in section 119.09 of the Revised Code, at every adjudicatory hearing held under this section, regardless of whether the record may be the basis of an appeal to a court.

(I) If, as a result of its investigation conducted under division (G) of this section, the board of embalmers and funeral directors has reasonable cause to believe that the person investigated is violating any provision of this chapter or any rules adopted under this chapter governing or in connection with crematory operators, crematory facilities, or cremation, the board shall send written notice of the alleged violation to the crematory review board. If, after the conclusion of the adjudicatory hearing in the matter conducted under division (F) of this section, the board of embalmers and funeral directors finds that a person is in violation of any provision of this chapter or any rules adopted under this chapter governing or in connection with crematory operators, crematory facilities, or cremation, the board may issue a final order under that division directing the person to cease the acts or practices that constitute the violation.

(J) The board of embalmers and funeral directors may bring a civil action to enjoin any violation or threatened violation of sections 4717.01 to 4717.15 of the Revised Code or a rule adopted under any of those sections; division (A) or (B) of section...
4717.23; division (B)(1) or (2), (C)(1) or (2), (D), (E), or (F)(1) or (2), or divisions (H) to (K) of section 4717.26; division (D)(1) of section 4717.27; divisions (A) to (C) of section 4717.28, or division (D) or (E) of section 4717.31 of the Revised Code. The action shall be brought in the county where the violation occurred or the threatened violation is expected to occur. At the request of the board, the attorney general shall represent the board in any matter arising under this chapter.

(K) The board of embalmers and funeral directors and the crematory review board may issue subpoenas for any person holding a license or permit under this chapter or persons holding themselves out as such, or for any other person whose testimony, in the opinion of either board, is necessary. The subpoena shall require the person to appear before the appropriate board or any designated member of either board, upon any hearing conducted under this chapter. The penalty for disobedience to the command of such a subpoena is the same as for refusal to answer such a process issued under authority of the court of common pleas.

(L) Except as provided in section 4717.41 of the Revised Code, all moneys received by the board of embalmers and funeral directors from any source shall be deposited in the state treasury to the credit of the occupational licensing and regulatory fund created in section 4743.05 of the Revised Code.

(M) The board of embalmers and funeral directors shall submit a written report to the governor on or before the first Monday of July of each year. This report shall contain a detailed statement of the nature and amount of the board's receipts and the amount and manner of its expenditures.

(A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a pawnbroker's license demonstrates sufficient financial responsibility, reputation, and experience in the pawnbroker business, or in a related business, to act as a pawnbroker in compliance with this chapter. "Experience and fitness in the capacity involved" shall be determined by:

(1) Prior or current ownership or management of, or
employment in, a pawnshop;

(2) Demonstration to the satisfaction of the superintendent of financial institutions of a thorough working knowledge of all pawnbroker laws and rules as they relate to the actual operation of a pawnshop.

A demonstration shall include a demonstration of an ability to properly complete forms, knowledge of how to properly calculate interest and storage charges, and knowledge of legal notice and forfeiture procedures. The final determination of whether an applicant's demonstration is adequate rests with the superintendent.

(3) A submission by the applicant and any stockholders, owners, managers, directors, or officers of the pawnshop, and employees of the applicant to a police record check; and

(4) Liquid assets in a minimum amount of one hundred twenty-five thousand dollars at the time of applying for initial licensure and demonstration of the ability to maintain the liquid assets at a minimum amount of seventy-five thousand dollars for the duration of holding a valid pawnbroker's license. If an applicant holds a pawnbroker's license at the time of application or is applying for more than one license, this requirement shall be met separately for each license.

(B) The superintendent may grant a license to act as a pawnbroker to any person of good character and having experience and fitness in the capacity involved to engage in the business of pawnbroking upon the payment to the superintendent of a license fee determined by the superintendent pursuant to section 1321.20 of the Revised Code. A license is not transferable or assignable.

(C) The superintendent may consider an application withdrawn and may retain the investigation fee required under division (D) of this section if both of the following are true:
(1) An application for a license does not contain all of the
information required under division (B) of this section.

(2) The information is not submitted to the superintendent
within ninety days after the superintendent requests the
information from the applicant in writing.

(D) The superintendent shall require an applicant for a
pawnbroker's license to pay to the superintendent a nonrefundable
initial investigation fee of two hundred dollars, which is for the
exclusive use of the state.

(E)(1) Except as otherwise provided in division (E)(2) of
this section, a pawnbroker's license issued by the superintendent
expires on the thirtieth day of June next following the date of
its issuance, or on a different date set by the superintendent
pursuant to section 1181.23 of the Revised Code, and may be
renewed annually by the thirtieth day of June in accordance with
the standard renewal procedure set forth in Chapter 4745. of the
Revised Code. Fifty per cent of the annual license fee shall be
for the use of the state, and fifty per cent shall be paid by the
state to the municipal corporation, or if outside the limits of
any municipal corporation, to the county, in which the office of
the licensee is located. All such fees payable to municipal
corporations or counties shall be paid annually.

(2) A pawnbroker's license issued or renewed by the
superintendent on or after January 1, 2006, expires on the
thirtieth day of June in the even-numbered year next following the
date of its issuance or renewal, as applicable, and may be renewed
biennially by the thirtieth day of June in accordance with the
standard renewal procedure set forth in Chapter 4745. of the
Revised Code. Fifty per cent of the biennial license fee shall be
for the use of the state, and fifty per cent shall be paid by the
state to the municipal corporation, or if outside the limits of
any municipal corporation, to the county, in which the office of
the licensee is located. All such fees payable to municipal corporations or counties shall be paid biennially. If deemed necessary for participation, the superintendent may reset the renewal date and require annual registration pursuant to section 1181.23 of the Revised Code.

(F) The fee for renewal of a license shall be equivalent to the fee for an initial license established by the superintendent pursuant to section 1321.20 of the Revised Code. Any licensee who wishes to renew the pawnbroker's license but who fails to do so on or before the date the license expires shall reapply for licensure in the same manner and pursuant to the same requirements as for initial licensure, unless the licensee pays to the superintendent on or before the thirty-first day of August of the year the license expires, a late renewal penalty of one hundred dollars in addition to the regular renewal fee. Any licensee who fails to renew the license on or before the date the license expires is prohibited from acting as a pawnbroker until the license is renewed or a new license is issued under this section. Any licensee who renews a license between the first day of July and the thirty-first day of August of the year the license expires is not relieved from complying with this division. The superintendent may refuse to issue to or renew the license of any licensee who violates this division.

(G) No license shall be granted to any person not a resident of or the principal office of which is not located in the municipal corporation or county designated in such license unless that applicant, in writing and in due form approved by and filed with the superintendent, first appoints an agent, a resident of the state, and city or county where the office is to be located, upon whom all judicial and other process, or legal notice, directed to the applicant may be served. In case of the death, removal from the state, or any legal disability of any
disqualification of any such agent, service of such process or notice may be made upon the superintendent.

The superintendent may, upon notice to the licensee and reasonable opportunity to be heard, suspend or revoke any license or assess a penalty against the licensee if the licensee, or the licensee's officers, agents, or employees, has violated this chapter. Any penalty shall be appropriate to the violation but in no case shall the penalty be less than two hundred nor more than two thousand dollars. Whenever, for any cause, a license is suspended or revoked, the superintendent shall not issue another license to the licensee nor to the legal spouse of the licensee, nor to any business entity of which the licensee is an officer or member or partner, nor to any person employed by the licensee, until the expiration of at least two years from the date of revocation or suspension of the license. The superintendent shall deposit all penalties allocated pursuant to this section into the state treasury to the credit of the consumer finance fund.

Any proceedings for the revocation or suspension of a license or to assess a penalty against a licensee are subject to Chapter 119. of the Revised Code.

(H) If a licensee surrenders or chooses not to renew the pawnbroker's license, the licensee shall notify the superintendent thirty days prior to the date on which the licensee intends to close the licensee's business as a pawnbroker. Prior to the date, the licensee shall do either of the following with respect to all active loans:

1. Dispose of an active loan by selling the loan to another person holding a valid pawnbroker's license issued under this section;

2. Reduce the rate of interest on pledged articles held as security for a loan to eight per cent per annum or less effective
on the date that the pawnbroker's license is no longer valid.

Sec. 4728.03. (A) As used in this section, "experience and fitness in the capacity involved" means that the applicant for a precious metals dealer's license has had sufficient financial responsibility, reputation, and experience in the business of precious metals dealer, or a related business, to act as a precious metals dealer in compliance with this chapter.

(B)(1) The division of financial institutions in the department of commerce may grant a precious metals dealer's license to any person of good character, having experience and fitness in the capacity involved, who demonstrates a net worth of at least ten thousand dollars and the ability to maintain that net worth during the licensure period. The superintendent of financial institutions shall compute the applicant's net worth according to generally accepted accounting principles.

(2) In place of the demonstration of net worth required by division (B)(1) of this section, an applicant may obtain a surety bond issued by a surety company authorized to do business in this state if all of the following conditions are met:

(a) A copy of the surety bond is filed with the division;

(b) The bond is in favor of any person, and of the state for the benefit of any person, injured by any violation of this chapter;

(c) The bond is in the amount of not less than ten thousand dollars.

(3) Before granting a license under this division, the division shall determine that the applicant meets the requirements of division (B)(1) or (2) of this section.

(C) The division shall require an applicant for a precious metals dealer's license to pay to the division a nonrefundable,
initial investigation fee of two hundred dollars which shall be
for the exclusive use of the state. The license fee for a precious
metals dealer's license and the renewal fee shall be determined by
the superintendent, provided that the fee may not exceed three
hundred dollars. A license issued by the division shall expire on
the last day of June next following the date of its issuance or
annually on a different date set by the superintendent pursuant to
section 1181.23 of the Revised Code. Fifty per cent of license
fees shall be for the use of the state, and fifty per cent shall
be paid to the municipal corporation, or if outside the limits of
any municipal corporation, to the county in which the office of
the licensee is located. All portions of license fees payable to
municipal corporations or counties shall be paid as they accrue,
by the treasurer of state, on vouchers issued by the director of
budget and management.

(D) Every such license shall be renewed annually by the last
day of June, or annually on a different date set by the
superintendent pursuant to section 1181.23 of the Revised Code,
according to the standard renewal procedure of Chapter 4745. of
the Revised Code. No license shall be granted to any person not a
resident of or the principal office of which is not located in the
municipal corporation or county designated in such license,
unless, and until such applicant shall, in writing and in due
form, to be first approved by and filed with the division, appoint
an agent, a resident of the state, and city or county where the
office is to be located, upon whom all judicial and other process,
or legal notice, directed to the applicant may be served; and in
case of the death, removal from the state, or any legal disability
or any disqualification of any agent, service of process or notice
may be made upon the superintendent.

(E) The division may, pursuant to Chapter 119. of the Revised
Code, upon notice to the licensee and after giving the licensee
reasonable opportunity to be heard, revoke or suspend any license, if the licensee or the licensee's officers, agents, or employees violate this chapter. Whenever, for any cause, the license is revoked or suspended, the division shall not issue another license to the licensee nor to the husband or wife of the licensee, nor to any copartnership or corporation of which the licensee is an officer, nor to any person employed by the licensee, until the expiration of at least one year from the date of revocation of the license.

(F) In conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section, the superintendent may request that the superintendent of the bureau of criminal identification and investigation investigate and determine whether the bureau has procured any information pursuant to section 109.57 of the Revised Code pertaining to the applicant.

If the superintendent of financial institutions determines that conducting an investigation to determine whether an applicant satisfies the requirements for licensure under this section will require procuring information outside the state, then, in addition to the fee established under division (C) of this section, the superintendent may require the applicant to pay any of the actual expenses incurred by the division to conduct such an investigation, provided that the superintendent shall assess the applicant a total no greater than one thousand dollars for such expenses. The superintendent may require the applicant to pay in advance of the investigation, sufficient funds to cover the estimated cost of the actual expenses. If the superintendent requires the applicant to pay investigation expenses, the superintendent shall provide to the applicant an itemized statement of the actual expenses incurred by the division to conduct the investigation.
(G)(1) Except as otherwise provided in division (G)(2) of this section a precious metals dealer licensed under this section shall maintain a net worth of at least ten thousand dollars, computed as required under division (B)(1) of this section, for as long as the licensee holds a valid precious metals dealer's license issued pursuant to this section.

(2) A licensee who obtains a surety bond under division (B)(2) of this section is exempt from the requirement of division (G)(1) of this section, but shall maintain the bond for at least two years after the date on which the licensee ceases to conduct business in this state.

Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to grant a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a license or certificate if the individual applying for or holding the license or certificate is found by the board to have committed fraud during the administration of the examination for a license or certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any license or certificate to practice or certificate to recommend issued by the board.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend a license or certificate to practice or certificate to recommend, refuse to issue a license or certificate, refuse to renew a license or certificate, refuse to reinstate a license or certificate, or reprimand or place on probation the holder of a
license or certificate for one or more of the following reasons:

(1) Permitting one's name or one's license or certificate to practice to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(4) Willfully betraying a professional confidence.

For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports under sections 307.631 to 307.639 of the Revised Code to a drug overdose fatality review committee; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the
employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or
anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a license or certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American
medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional organizations. The individual whose license or certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the
responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent to an HIV test ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board finds an individual unable to practice because of the reasons set forth in this division, the board shall require the individual to submit to care, counseling, or treatment by physicians approved or designated by the board, as a condition for initial, continued, reinstated, or renewed authority to practice. An individual affected under this division shall be afforded an opportunity to demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards under the provisions of the individual's license or certificate. For the purpose of this division, any individual who applies for or receives a license or certificate to practice under this chapter accepts the privilege of practicing in this state and, by so doing, shall be deemed to have given consent to submit to a mental or physical examination when directed to do so in writing by the board, and to have waived all objections to the admissibility of testimony or examination reports that constitute a privileged communication.

(20) Except as provided in division (F)(1)(b) of section 4731.282 of the Revised Code or when civil penalties are imposed under section 4731.225 of the Revised Code, and subject to section 4731.226 of the Revised Code, violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of, or conspiring to violate, any provisions of this chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted violation of, assisting in or abetting the violation of, or a
conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(21) The violation of section 3701.79 of the Revised Code or of any abortion rule adopted by the director of health pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency responsible for authorizing, certifying, or regulating an individual to practice a health care occupation or provide health care services in this state or another jurisdiction, for any reason other than the nonpayment of fees: the limitation, revocation, or suspension of an individual's license to practice; acceptance of an individual's license surrender; denial of a license; refusal to renew or reinstate a license; imposition of probation; or issuance of an order of censure or other reprimand;

(23) The violation of section 2919.12 of the Revised Code or the performance or inducement of an abortion upon a pregnant woman with actual knowledge that the conditions specified in division (B) of section 2317.56 of the Revised Code have not been satisfied or with a heedless indifference as to whether those conditions have been satisfied, unless an affirmative defense as specified in division (H)(2) of that section would apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or
termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a license or certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for licensure or certification to practice suffers such impairment, the board may compel the individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.
Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed licensure or certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a license or certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's license or certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;

(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a license or certificate suspended under this division after that demonstration and after the
individual has entered into a written consent agreement. When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's
medical record;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an oriental medicine practitioner or acupuncturist in accordance with Chapter 4762. of the Revised Code and the board's rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board's rules for supervision of an anesthesiologist assistant;
(37) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(38) Failure to comply with the requirements of section 2317.561 of the Revised Code;

(42) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for providing supervision, direction, and control of individuals at a pain management clinic;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171, 2919.202, or 2919.203 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 or 2919.202 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the
facility has obtained and maintains the license with the classification;

(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with the requirement regarding maintaining notes described in division (B) of section 2919.191 of the Revised Code or failure to satisfy the requirements of section 2919.191 of the Revised Code prior to performing or inducing an abortion upon a pregnant woman;

(49) Failure to comply with the requirements of section 4731.30 of the Revised Code or rules adopted under section 4731.301 of the Revised Code when recommending treatment with medical marijuana;

(50) Practicing at a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless the person operating that place has obtained and maintains the license with the classification;

(51) Owning a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless that place is licensed with the classification;

(52) A pattern of continuous or repeated violations of division (E)(2) or (3) of section 3963.02 of the Revised Code.
(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for ratification of a consent agreement that revokes or suspends an individual's license or certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's license or certificate to practice.
(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.

(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising
member elected by the board in accordance with section 4731.02 of
the Revised Code and by the secretary as provided in section
4731.39 of the Revised Code. The president may designate another
member of the board to supervise the investigation in place of the
supervising member. No member of the board who supervises the
investigation of a case shall participate in further adjudication
of the case.

(3) In investigating a possible violation of this chapter or
any rule adopted under this chapter, or in conducting an
inspection under division (E) of section 4731.054 of the Revised
Code, the board may question witnesses, conduct interviews,
administer oaths, order the taking of depositions, inspect and
copy any books, accounts, papers, records, or documents, issue
subpoenas, and compel the attendance of witnesses and production
of books, accounts, papers, records, documents, and testimony,
except that a subpoena for patient record information shall not be
issued without consultation with the attorney general's office and
approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record
information, the secretary and supervising member shall determine
whether there is probable cause to believe that the complaint
filed alleges a violation of this chapter or any rule adopted
under it and that the records sought are relevant to the alleged
violation and material to the investigation. The subpoena may
apply only to records that cover a reasonable period of time
surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the
board and after reasonable notice to the person being subpoenaed,
the board may move for an order compelling the production of
persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a
sheriff, the sheriff's deputy, or a board employee or agent
designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a license or certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code.
Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:

(a) The case number assigned to the complaint or alleged violation;

(b) The type of license or certificate to practice, if any, held by the individual against whom the complaint is directed;
(c) A description of the allegations contained in the complaint;

(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's license or certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a license or certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section 119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.
Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual's license or certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual committed the act or if no hearing is requested, the board may order any of the sanctions identified under division (B) of this section.

(I) The license or certificate to practice issued to an individual under this chapter and the individual's practice in this state are automatically suspended as of the date of the individual's second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code. In addition, the license or certificate to practice or certificate to recommend issued to an individual under this
chapter and the individual's practice in this state are automatically suspended as of the date the individual pleads guilty to, is found by a judge or jury to be guilty of, or is subject to a judicial finding of eligibility for intervention in lieu of conviction in this state or treatment or intervention in lieu of conviction in another jurisdiction for any of the following criminal offenses in this state or a substantially equivalent criminal offense in another jurisdiction: aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary. Continued practice after suspension shall be considered practicing without a license or certificate.

The board shall notify the individual subject to the suspension by certified mail or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or certificate is automatically suspended under this division fails to make a timely request for an adjudication under Chapter 119. of the Revised Code, the board shall do whichever of the following is applicable:

(1) If the automatic suspension under this division is for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the board shall enter an order suspending the individual's license or certificate to practice for a period of at least one year or, if determined appropriate by the board, imposing a more serious sanction involving the individual's license or certificate to practice.

(2) In all circumstances in which division (I)(1) of this section does not apply, enter a final order permanently revoking the individual's license or certificate to practice.

(J) If the board is required by Chapter 119. of the Revised
Code to give notice of an opportunity for a hearing and if the individual subject to the notice does not timely request a hearing in accordance with section 119.07 of the Revised Code, the board is not required to hold a hearing, but may adopt, by an affirmative vote of not fewer than six of its members, a final order that contains the board's findings. In that final order, the board may order any of the sanctions identified under division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of this section resulting in a suspension from practice shall be accompanied by a written statement of the conditions under which the individual's license or certificate to practice may be reinstated. The board shall adopt rules governing conditions to be imposed for reinstatement. Reinstatement of a license or certificate suspended pursuant to division (B) of this section requires an affirmative vote of not fewer than six members of the board.

(L) When the board refuses to grant or issue a license or certificate to practice to an applicant, revokes an individual's license or certificate to practice, refuses to renew an individual's license or certificate to practice, or refuses to reinstate an individual's license or certificate to practice, the board may specify that its action is permanent. An individual subject to a permanent action taken by the board is forever thereafter ineligible to hold a license or certificate to practice and the board shall not accept an application for reinstatement of the license or certificate or for issuance of a new license or certificate.

(M) Notwithstanding any other provision of the Revised Code, all of the following apply:

(1) The surrender of a license or certificate issued under this chapter shall not be effective unless or until accepted by
the board. A telephone conference call may be utilized for acceptance of the surrender of an individual's license or certificate to practice. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code. Reinstatement of a license or certificate surrendered to the board requires an affirmative vote of not fewer than six members of the board.

(2) An application for a license or certificate made under the provisions of this chapter may not be withdrawn without approval of the board.

(3) Failure by an individual to renew a license or certificate to practice in accordance with this chapter or a certificate to recommend in accordance with rules adopted under section 4731.301 of the Revised Code shall not remove or limit the board's jurisdiction to take any disciplinary action under this section against the individual.

(4) At the request of the board, a license or certificate holder shall immediately surrender to the board a license or certificate that the board has suspended, revoked, or permanently revoked.

(N) Sanctions shall not be imposed under division (B)(28) of this section against any person who waives deductibles and copayments as follows:

(1) In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

(2) For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.
Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

1. Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

2. Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

3. Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the progress of each individual undertaking a recommended individual educational program.

4. Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

5. Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

not otherwise permitted to engage in the activities described in division (A) of section 4735.01 of the Revised Code may perform such activities, if the oil and gas land professional does all of the following:

(1) (a) Registers on an annual basis as an oil and gas land professional with the superintendent of real estate by such date specified and on a form approved by the superintendent, which form includes both of the following:

(i) The name and address of the oil and gas land professional;

(ii) Evidence of the oil and gas land professional's membership in good standing in a national, state, or local professional organization that has been in existence for at least three years and has, as part of its mission, developed a set of standards of performance and ethics for oil and gas land professionals.

(b) Pays an annual fee, established by the superintendent in an amount not to exceed one hundred dollars, which shall accompany the registration.

(2) At or prior to first contacting any landowner or other person with an interest in real estate for the purpose of engaging in the activities of an oil and gas land professional, and on a form approved by the superintendent, discloses to the landowner or other person all of the following:

(a) The oil and gas land professional's name and address as registered with the superintendent;

(b) That the oil and gas land professional is registered as such with the superintendent and is a member in good standing in a national, state, or local professional organization that has been in existence for at least three years and has, as part of its
mission, developed a set of standards of performance and ethics for oil and gas land professionals;

(c) That the oil and gas land professional is not a licensed real estate broker or real estate salesperson under Chapter 4735. of the Revised Code;

(d) That the landowner or other person with an interest in real estate may seek legal counsel in connection with any transaction with the oil and gas land professional;

(e) That the oil and gas land professional is not representing the landowner or other person with an interest in real estate.

(3) At or prior to entering into any agreements for the purpose of exploring for, transporting, producing, or developing oil and gas mineral interests including, but not limited to, oil and gas leases and pipeline easements with any landowner or other person with an interest in real estate, and on a form approved by the superintendent, discloses to the landowner or other person with an interest in real estate all of the following:

(a) The oil and gas land professional's name and address as registered with the superintendent;

(b) That the oil and gas land professional is registered as such with the superintendent and a member in good standing in a national, state, or local professional organization that has been in existence for at least three years and has, as part of its mission, developed a set of standards of performance and ethics for oil and gas land professionals;

(c) That the oil and gas land professional is not a licensed real estate broker or real estate salesperson under Chapter 4735. of the Revised Code;

(d) That the landowner or other person may seek legal counsel
in connection with any transaction with the oil and gas land
professional;

(e) That the oil and gas land professional is not
representing the landowner or other person with an interest in
real estate.

(B) Any oil and gas land professional who must be registered
as such with the superintendent pursuant to this section who
ceases to be a member in good standing of an organization
described in division (A)(1)(a)(ii) of this section shall report
the change in membership status to the superintendent within
thirty days of that change. Failure to report such change in
membership status shall result in the automatic suspension of
registration status and subject the registrant to the penalties
for unlicensed activity as found in section 4735.02, 4735.052 of
the Revised Code.

(C) Any oil and gas land professional who fails to register
with the superintendent pursuant to this section is subject to the
penalties for unlicensed activity as found in section 4735.02,
4735.052 of the Revised Code.

Sec. 4735.052. (A) Upon receipt of a written complaint or
upon the superintendent's own motion, the superintendent may
investigate any person that has allegedly violated section
4735.02, 4735.023, or 4735.25 of the Revised Code, except that the
superintendent shall not initiate an investigation, pursuant to
this section, of any person who held a suspended or inactive
license under this chapter on the date of the alleged violation.

(B) If, after investigation, the superintendent determines
there exists reasonable evidence of a violation of section
4735.02, 4735.023, or 4735.25 of the Revised Code, within fourteen
business days after that determination, the superintendent shall
send the party who is the subject of the investigation, a written
notice, by regular mail, that includes all of the following information:

(1) A description of the activity in which the party allegedly is engaging or has engaged that is a violation of section 4735.02, 4735.023, or 4735.25 of the Revised Code;

(2) The applicable law allegedly violated;

(3) A statement informing the party that a hearing concerning the alleged violation will be held, upon the party's request, before a hearing examiner pursuant to Chapter 119. of the Revised Code.

(C)(1) If a hearing is requested, the hearing examiner shall hear the testimony of all parties present at the hearing and consider any written testimony submitted pursuant to this section, and determine if there has been a violation of section 4735.02, 4735.023, or 4735.25 of the Revised Code.

(2) After the conclusion of formal hearings, the hearing examiner shall file a report of findings of fact and conclusions of law with the superintendent, the commission, the complainant, and the parties. Within twenty days of receipt of such copy of the written report of findings of fact and conclusions of law, the parties and the division may file with the commission written objections to the report, which shall be considered by the commission before approving, modifying, or disapproving the report.

(3) The commission shall review the hearing examiner's report at the next regularly scheduled commission meeting held at least twenty business days after receipt of the hearing examiner's report. The commission shall hear the testimony of the complainant or the parties upon request.

(4) The commission shall decide whether to impose disciplinary sanctions upon a party for a violation of section
4735.02 or 4735.023 of the Revised Code. If the commission finds that a violation has occurred, the commission may assess a civil penalty, in an amount it determines, not to exceed one thousand dollars per violation. Each day a violation occurs or continues is a separate violation. The commission shall determine the terms of payment. The commission shall maintain a record of the proceedings of the hearing and issue a written opinion to all parties, citing its findings and grounds for any action taken.

(D) Civil penalties collected under this section shall be deposited in the real estate operating fund, which is created in the state treasury under section 4735.211 of the Revised Code.

(E) If a party fails to pay a civil penalty assessed pursuant to this section within the time prescribed by the commission, the superintendent shall forward to the attorney general the name of the party and the amount of the civil penalty, for the purpose of collecting that civil penalty. In addition to the civil penalty assessed pursuant to this section, the party also shall pay any fee assessed by the attorney general for collection of the civil penalty.

(F) The superintendent may reserve the right to bring a civil action against a party that fails to pay a civil penalty for breach of contract in a court of competent jurisdiction.

Sec. 4735.06. (A) Application for a license as a real estate broker shall be made to the superintendent of real estate on forms furnished by the superintendent and filed with the superintendent and shall be signed by the applicant or its members or officers. Each application shall state the name of the person applying and the location of the place of business for which the license is desired, and give such other information as the superintendent requires in the form of application prescribed by the superintendent.
(B)(1) If the applicant is a partnership, limited liability company, limited liability partnership, or association, the names of all the members also shall be stated, and, if the applicant is a corporation, the names of its president and of each of its officers also shall be stated.

The superintendent has the right to reject the application of any partnership, association, limited liability company, limited liability partnership, or corporation if the name proposed to be used by such partnership, association, limited liability company, limited liability partnership, or corporation is likely to mislead the public or if the name is not such as to distinguish it from the name of any existing partnership, association, limited liability company, limited liability partnership, or corporation licensed under this chapter, unless there is filed with the application the written consent of such existing partnership, association, limited liability company, limited liability partnership, or corporation, executed by a duly authorized representative of it, permitting the use of the name of such existing partnership, association, limited liability company, limited liability partnership, or corporation.

(2) The superintendent shall approve the use of a trade name by a brokerage, if the name meets both of the following criteria:

(a) The proposed name is not the same as or is clearly distinguishable from a name registered with the division of real estate and professional licensing by another existing brokerage. If the superintendent determines that the proposed name is not clearly distinguishable from any other existing brokerage, the superintendent may approve the use of the trade name if there is filed with the superintendent the written consent of the existing brokerage with the same or similar name.

(b) The name is not misleading or likely to mislead the public.
(3) The superintendent may approve the use of more than one trade name for a brokerage.

(4) When a brokerage has received the approval of the superintendent to conduct business under one or more trade names, those trade names shall be the only identifying names used by the brokerage in all advertising.

(C) A fee of one hundred thirty-five dollars shall accompany the application for a real estate broker's license. The initial licensing period commences at the time the license is issued and ends on the applicant's first birthday thereafter. However, if the applicant was an inactive or active salesperson immediately preceding application for a broker's license, then the initial licensing period shall commence at the time the broker's license is issued and ends on the date the licensee's continuing education is due as set when the applicant was a salesperson. The application fee shall be nonrefundable. A fee of one hundred thirty-five dollars shall be charged by the superintendent for each successive application made by an applicant. In the case of issuance of a three-year license, upon passing the examination, or upon waiver of the examination requirement, if the superintendent determines it is necessary, the applicant shall submit an additional fee determined by the superintendent based upon the number of years remaining in a real estate salesperson's licensing period.

(D) One dollar of each application fee for a real estate broker's license shall be credited to the real estate education and research fund, which is hereby created in the state treasury. The Ohio real estate commission may use the fund in discharging the duties prescribed in divisions (E), (F), (G), and (H) of section 4735.03 of the Revised Code and shall use it in the advancement of education and research in real estate at any institution of higher education in the state, or in contracting
with any such institution or a trade organization for a particular research or educational project in the field of real estate, or in advancing loans, not exceeding two thousand dollars, to applicants for salesperson licenses, to defray the costs of satisfying the educational requirements of division (F) of section 4735.09 of the Revised Code. Such loans shall be made according to rules established by the commission under the procedures of Chapter 119. of the Revised Code, and they shall be repaid to the fund within three years of the time they are made. No more than twenty-five thousand dollars shall be lent from the fund in any one fiscal year.

The governor may appoint a representative from the executive branch to be a member ex officio of the commission for the purpose of advising on research requests or educational projects. The commission shall report to the general assembly on the third Tuesday after the third Monday in January of each year setting forth the total amount contained in the fund and the amount of each research grant that it has authorized and the amount of each research grant requested. A copy of all research reports shall be submitted to the state library of Ohio and the library of the legislative service commission.

(E) If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate broker's examination, pursuant to division (A) of section 4735.07 of the Revised Code, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(2) of section 4735.10 of the Revised Code.
Sec. 4735.09. (A) Application for a license as a real estate salesperson shall be made to the superintendent of real estate on forms furnished by the superintendent and signed by the applicant. The application shall be in the form prescribed by the superintendent and shall contain such information as is required by this chapter and the rules of the Ohio real estate commission. The application shall be accompanied by the recommendation of the real estate broker with whom the applicant is associated or with whom the applicant intends to be associated, certifying that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, which conviction or adjudication the applicant has not disclosed to the superintendent, and recommending that the applicant be admitted to the real estate salesperson examination.

(B) A fee of sixty-eighty-one dollars shall accompany the application, which fee includes the fee for the initial year of the licensing period, if a license is issued. The initial year of the licensing period commences at the time the license is issued and ends on the applicant's first birthday thereafter. The application fee shall be nonrefundable. A fee of sixty-eighty-one dollars shall be charged by the superintendent for each successive application made by the applicant. One dollar of each application fee shall be credited to the real estate education and research fund.

(C) There shall be no limit placed on the number of times an applicant may retake the examination.

(D) The superintendent, with the consent of the commission, may enter into an agreement with a recognized national testing
service to administer the real estate salesperson's examination under the superintendent's supervision and control, consistent with the requirements of this chapter as to the contents of the examination.

If the superintendent, with the consent of the commission, enters into an agreement with a national testing service to administer the real estate salesperson's examination, the superintendent may require an applicant to pay the testing service's examination fee directly to the testing service. If the superintendent requires the payment of the examination fee directly to the testing service, each applicant shall submit to the superintendent a processing fee in an amount determined by the Ohio real estate commission pursuant to division (A)(1) of section 4735.10 of the Revised Code.

(E) The superintendent shall issue a real estate salesperson's license when satisfied that the applicant has received a passing score on each portion of the salesperson's examination as determined by rule by the real estate commission, except that the superintendent may waive one or more of the requirements of this section in the case of an applicant who is a licensed real estate salesperson in another state pursuant to a reciprocity agreement with the licensing authority of the state from which the applicant holds a valid real estate salesperson's license.

(F) No applicant for a salesperson's license shall take the salesperson's examination who has not established to the satisfaction of the superintendent that the applicant:

(1) Is honest, truthful, and of good reputation;

(2) (a) Has not been convicted of a felony or crime of moral turpitude or, if the applicant has been so convicted, the superintendent has disregarded the conviction because the
applicant has proven to the superintendent, by a preponderance of  
the evidence, that the applicant's activities and employment  
record since the conviction show that the applicant is honest,  
truthful, and of good reputation, and there is no basis in fact  
for believing that the applicant again will violate the laws  
involved;

(b) Has not been finally adjudged by a court to have violated  
any municipal, state, or federal civil rights laws relevant to the  
protection of purchasers or sellers of real estate or, if the  
applicant has been so adjudged, at least two years have passed  
since the court decision and the superintendent has disregarded  
the adjudication because the applicant has proven, by a  
preponderance of the evidence, that the applicant is honest,  
truthful, and of good reputation, and there is no basis in fact  
for believing that the applicant again will violate the laws  
involved.

(3) Has not, during any period in which the applicant was  
licensed under this chapter, violated any provision of, or any  
rule adopted pursuant to this chapter, or, if the applicant has  
violated such provision or rule, has established to the  
satisfaction of the superintendent that the applicant will not  
again violate such provision or rule;

(4) Is at least eighteen years of age;

(5) If born after the year 1950, has a high school diploma or  
a certificate of high school equivalence issued by the department  
of education;

(6) Has successfully completed at an institution of higher  
education all of the following credit-eligible courses by either  
classroom instruction or distance education:

(a) Forty hours of instruction in real estate practice;

(b) Forty hours of instruction that includes the subjects of
Ohio real estate law, municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination. If feasible, the instruction in Ohio real estate law shall be taught by a member of the faculty of an accredited law school. If feasible, the instruction in municipal, state, and federal civil rights law, new case law on housing discrimination, desegregation issues, and methods of eliminating the effects of prior discrimination shall be taught by a staff member of the Ohio civil rights commission who is knowledgeable with respect to those subjects. The requirements of this division do not apply to an applicant who is admitted to practice before the supreme court.

(c) Twenty hours of instruction in real estate appraisal;

(d) Twenty hours of instruction in real estate finance.

(G)(1) Successful completion of the instruction required by division (F)(6) of this section shall be determined by the law in effect on the date the instruction was completed.

(2) Division (F)(6)(c) of this section does not apply to any new applicant who holds a valid Ohio real estate appraiser license or certificate issued prior to the date of application for a real estate salesperson's license.

(H) Only for noncredit course offerings, an institution of higher education shall obtain approval from the appropriate state authorizing entity prior to offering a real estate course that is designed and marketed as satisfying the salesperson license education requirements of division (F)(6) of this section. The state authorizing entity may consult with the superintendent in reviewing the course for compliance with this section.

(I) Any person who has not been licensed as a real estate salesperson or broker within a four-year period immediately preceding the person's current application for the salesperson's
examination shall have successfully completed the prelicensure instruction required by division (F)(6) of this section within a ten-year period immediately preceding the person's current application for the salesperson's examination.

(J) Not earlier than the date of issue of a real estate salesperson's license to a licensee, but not later than twelve months after the date of issue of a real estate salesperson license to a licensee, the licensee shall submit proof satisfactory to the superintendent, on forms made available by the superintendent, of the completion of twenty hours of instruction that shall be completed in schools, seminars, and educational institutions approved by the commission. The instruction shall include, but is not limited to, current practices relating to commercial real estate, property management, short sales, and land contracts; contract law; federal and state programs; economic conditions; and fiduciary responsibility. Approval of the curriculum and providers shall be granted according to rules adopted pursuant to section 4735.10 of the Revised Code and may be taken through classroom instruction or distance education.

If proof of completion of the required instruction is not submitted within twelve months of the date a license is issued under this section, the licensee's license is suspended automatically without the taking of any action by the superintendent. The superintendent immediately shall notify the broker with whom such salesperson is associated of the suspension of the salesperson's license. A salesperson whose license has been suspended under this division shall have twelve months after the date of the suspension of the salesperson's license to submit proof of successful completion of the instruction required under this division. No such license shall be reactivated by the superintendent until it is established, to the satisfaction of the superintendent, that the requirements of this division have been
met and that the licensee is in compliance with this chapter. A licensee's license is revoked automatically without the taking of any action by the superintendent when the licensee fails to submit the required proof of completion of the education requirements under division (I) of this section within twelve months of the date the license is suspended.

(K) Examinations shall be administered with reasonable accommodations in accordance with the requirements of the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C. 12189. The contents of an examination shall be consistent with the classroom instructional requirements of division (F)(6) of this section. An applicant who has completed the classroom instructional requirements of division (F)(6) of this section at the time of application shall be examined no later than twelve months after the applicant is notified of the applicant's admission to the examination.

Sec. 4735.12. (A) The real estate recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. Amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund shall be credited by the treasurer of state to the fund. The amount of money in the fund shall be ascertained by the superintendent as of the first day of July of each year.

The commission, in accordance with rules adopted under division (A)(2)(g) of section 4735.10 of the Revised Code, shall impose a special assessment not to exceed ten dollars per year for each year of a licensing period on each licensee filing a notice of renewal under section 4735.14 of the Revised Code if the amount available in the fund is less than five two hundred fifty thousand dollars on the first day of July preceding that filing. The
commission may impose a special assessment not to exceed five dollars per year for each year of a licensing period if the amount available in the fund is greater than one million dollars, but less than two million dollars on the first day of July preceding that filing. The commission shall not impose a special assessment if the amount available in the fund exceeds two million hundred fifty thousand dollars on the first day of July preceding that filing.

(B)(1) Any person who obtains a final judgment in any court of competent jurisdiction against any broker or salesperson licensed under this chapter, on the grounds of conduct that is in violation of this chapter or the rules adopted under it, and that is associated with an act or transaction that only a licensed real estate broker or licensed real estate salesperson is authorized to perform as specified in division (A) or (C) of section 4735.01 of the Revised Code, may file a verified application, as described in division (B)(3) of this section, in the court of common pleas of Franklin county for an order directing payment out of the real estate recovery fund of the portion of the judgment that remains unpaid and that represents the actual and direct loss sustained by the applicant.

(2) Punitive damages, attorney's fees, and interest on a judgment are not recoverable from the fund. In the discretion of the superintendent of real estate, court costs may be recovered from the fund, and, if the superintendent authorizes the recovery of court costs, the order of the court of common pleas then may direct their payment from the fund.

(3) The application shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the actual and direct losses, attorney's fees, and the court costs sustained or incurred.
by the applicant. The applicant shall attach to the application a copy of each pleading and order in the underlying court action.

(4) The court shall order the superintendent to make such payments out of the fund when the person seeking the order has shown all of the following:

(a) The person has obtained a judgment, as provided in this division;

(b) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;

(c) The person is not a spouse of the judgment debtor, or the personal representative of such spouse;

(d) The person has diligently pursued the person's remedies against all the judgment debtors and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;

(e) The person is making the person's application not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(5) Divisions (B)(1) to (4) of this section do not apply to any of the following:

(a) Actions arising from property management accounts maintained in the name of the property owner;

(b) A bonding company when it is not a principal in a real estate transaction;

(c) A person in an action for the payment of a commission or fee for the performance of an act or transaction specified or comprehended in division (A) or (C) of section 4735.01 of the Revised Code;

(d) Losses incurred by investors in real estate if the
applicant and the licensee are principals in the investment.

(C) A person who applies to a court of common pleas for an order directing payment out of the fund shall file notice of the application with the superintendent. The superintendent may defend any such action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses, verification of actual and direct losses, and challenges to the underlying judgment required in division (B)(4)(a) of this section to determine whether the underlying judgment is based on activity only a licensed broker or licensed salesperson is permitted to perform. The superintendent may move the court at any time to dismiss the application when it appears there are no triable issues and the application is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that the application, including the judgment referred to in it, does not form the basis for a meritorious recovery claim; provided, that the superintendent shall give written notice to the applicant at least ten days before such motion. The superintendent may, subject to court approval, compromise a claim based upon the application of an aggrieved party. The superintendent shall not be bound by any prior compromise or stipulation of the judgment debtor.

(D) Notwithstanding any other provision of this section, the liability of the fund shall not exceed forty thousand dollars for any one licensee. If a licensee's license is reactivated as provided in division (E) of this section, the liability of the fund for the licensee under this section shall again be forty thousand dollars, but only for transactions that occur subsequent to the time of reactivation.

If the forty-thousand-dollar liability of the fund is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee,
the forty thousand dollars shall be distributed among them in the ratio that their respective claims bear to the aggregate of valid claims or in such other manner as the court finds equitable. Distribution of moneys shall be among the persons entitled to share in it, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the superintendent, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all such claimants to the fund may be equitably adjudicated and settled.

(E) If the superintendent pays from the fund any amount in settlement of a claim or toward satisfaction of a judgment against a licensed broker or salesperson, the license of the broker or salesperson shall be automatically suspended upon the date of payment from the fund. The superintendent shall not reactivate the suspended license of that broker or salesperson until the broker or salesperson has repaid in full, plus interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code, the amount paid from the fund on the broker's or salesperson's account. A discharge in bankruptcy does not relieve a person from the suspension and requirements for reactivation provided in this section unless the underlying judgment has been included in the discharge and has not been reaffirmed by the debtor.

(F) If, at any time, the money deposited in the fund is insufficient to satisfy any duly authorized claim or portion of a claim, the superintendent shall, when sufficient money has been deposited in the fund, satisfy such unpaid claims or portions, in the order that such claims or portions were originally filed, plus accumulated interest per annum at the rate specified in division (A) of section 1343.03 of the Revised Code.
When, upon the order of the court, the superintendent has paid from the fund any sum to the judgment creditor, the superintendent shall be subrogated to all of the rights of the judgment creditor to the extent of the amount so paid, and the judgment creditor shall assign all the judgment creditor's right, title, and interest in the judgment to the superintendent to the extent of the amount so paid. Any amount and interest so recovered by the superintendent on the judgment shall be deposited in the fund.

Nothing contained in this section shall limit the authority of the superintendent to take disciplinary action against any licensee under other provisions of this chapter; nor shall the repayment in full of all obligations to the fund by any licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter.

The superintendent shall collect from the fund a service fee in an amount equivalent to the interest rate specified in division (A) of section 1343.03 of the Revised Code multiplied by the annual interest earned on the assets of the fund, to defray the expenses incurred in the administration of the fund.

Sec. 4735.13. (A) Every real estate broker licensed under this chapter shall have and maintain a definite place of business in this state. A post office box address is not a definite place of business for purposes of this section. The license of a real estate broker shall be prominently displayed in the office or place of business of the broker, and no license shall authorize the licensee to do business except from the location specified in it. If the broker maintains more than one place of business within the state, the broker shall apply for and procure a duplicate license for each branch office maintained by the broker. Each branch office shall be in the charge of a licensed broker or
salesperson. The branch office license shall be prominently
displayed at the branch office location.

(B) The license of each real estate salesperson shall be
mailed to and remain in the possession of the licensed broker with
whom the salesperson is or is to be associated until the licensee
places the license on inactive or resigned status or until the
salesperson leaves the brokerage or is terminated. The broker
shall keep each salesperson's license in a way that it can, and
shall on request, be made immediately available for public
inspection at the office or place of business of the broker.
Except as provided in divisions (G) and (H) of this section,
immediately upon the salesperson's leaving the association or
termination of the association of a real estate salesperson with
the broker, the broker shall return the salesperson's license to
the superintendent of real estate.

The failure of a broker to return the license of a real
estate salesperson or broker who leaves or who is terminated, via
certified mail return receipt requested, within three business
days of the receipt of a written request from the superintendent
for the return of the license, is prima-facie evidence of
misconduct under division (A)(6) of section 4735.18 of the Revised
Code.

(C) A licensee shall notify the superintendent in writing
within fifteen days of any of the following occurrences:

(1) The licensee is convicted of a felony.

(2) The licensee is convicted of a crime involving moral
turpitude.

(3) The licensee is found to have violated any federal,
state, or municipal civil rights law pertaining to discrimination
in housing.

(4) The licensee is found to have engaged in a discriminatory
practice pertaining to housing accommodations described in division (H) of section 4112.02 of the Revised Code.

(5) The licensee is the subject of an order by the department of commerce, the department of insurance, or the department of agriculture revoking or permanently surrendering any professional license, certificate, or registration.

(6) The licensee is the subject of an order by any government agency concerning real estate, financial matters, or the performance of fiduciary duties with respect to any license, certificate, or registration.

If a licensee fails to notify the superintendent within the required time, the superintendent immediately may suspend the license of the licensee.

Any court that convicts a licensee of a violation of any municipal civil rights law pertaining to housing discrimination also shall notify the Ohio civil rights commission within fifteen days of the conviction.

(D) In case of any change of business location, a broker shall give notice to the superintendent, on a form prescribed by the superintendent, within thirty days after the change of location, whereupon the superintendent shall issue new licenses for the unexpired period without charge. If a broker changes a business location without giving the required notice and without receiving new licenses that action is prima-facie evidence of misconduct under division (A)(6) of section 4735.18 of the Revised Code.

(E) If a real estate broker desires to associate with another real estate broker in the capacity of a real estate salesperson, the broker shall apply to the superintendent to deposit the broker's real estate broker's license with the superintendent and for the issuance of a real estate salesperson's license. The
application shall be made on a form prescribed by the superintendent and shall be accompanied by the recommendation of the real estate broker with whom the applicant intends to become associated and a fee of twenty-five thirty-four dollars for the real estate salesperson's license. One dollar of the fee shall be credited to the real estate education and research fund. If the superintendent is satisfied that the applicant is honest, truthful, and of good reputation, has not been convicted of a felony or a crime involving moral turpitude, and has not been finally adjudged by a court to have violated any municipal, state, or federal civil rights laws relevant to the protection of purchasers or sellers of real estate, and that the association of the real estate broker and the applicant will be in the public interest, the superintendent shall grant the application and issue a real estate salesperson's license to the applicant. Any license so deposited with the superintendent shall be subject to this chapter. A broker who intends to deposit the broker's license with the superintendent, as provided in this section, shall give written notice of this fact in a format prescribed by the superintendent to all salespersons associated with the broker when applying to place the broker's license on deposit.

(F) If a real estate broker desires to become a member or officer of a partnership, association, limited liability company, limited liability partnership, or corporation that is or intends to become a licensed real estate broker, the broker shall notify the superintendent of the broker's intentions. The notice of intention shall be on a form prescribed by the superintendent and shall be accompanied by a fee of twenty-five thirty-four dollars. One dollar of the fee shall be credited to the real estate education and research fund.

A licensed real estate broker who is a member or officer of a partnership, association, limited liability company, limited
liability partnership, or corporation shall only act as a real estate broker for such partnership, association, limited liability company, limited liability partnership, or corporation.

(G)(1) If a real estate broker or salesperson enters the armed forces, the broker or salesperson may place the broker's or salesperson's license on deposit with the Ohio real estate commission. The licensee shall not be required to renew the license until the renewal date that follows the date of discharge from the armed forces. Any license deposited with the commission shall be subject to this chapter.

Any licensee whose license is on deposit under this division and who fails to meet the continuing education requirements of section 4735.141 of the Revised Code because the licensee is in the armed forces shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months of the licensee's first birthday after discharge or within the amount of time equal to the total number of months the licensee spent on active duty, whichever is greater. The licensee shall submit proper documentation of active duty service and the length of that active duty service to the superintendent. The extension shall not exceed the total number of months that the licensee served in active duty. The superintendent shall notify the licensee of the licensee's obligations under section 4735.141 of the Revised Code at the time the licensee applies for reactivation of the licensee's license.

(2) If a licensee is a spouse of a member of the armed forces and the spouse's service resulted in the licensee's absence from this state, both of the following apply:

(a) The licensee shall not be required to renew the license until the renewal date that follows the date of the spouse's discharge from the armed forces.
(b) If the licensee fails to meet the continuing education requirements of section 4735.141 of the Revised Code, the licensee shall satisfy the commission that the licensee has complied with the continuing education requirements within twelve months after the licensee's first birthday after the spouse's discharge or within the amount of time equal to the total number of months the licensee's spouse spent on active duty, whichever is greater. The licensee shall submit proper documentation of the spouse's active duty service and the length of that active duty service. This extension shall not exceed the total number of months that the licensee's spouse served in active duty.

(3) In the case of a licensee as described in division (G)(2) of this section, who holds the license through a reciprocity agreement with another state, the spouse's service shall have resulted in the licensee's absence from the licensee's state of residence for the provisions of that division to apply.

(4) As used in this division, "armed forces" means the armed forces of the United States or reserve component of the armed forces of the United States including the Ohio national guard or the national guard of any other state.

(H) If a licensed real estate salesperson submits an application to the superintendent to leave the association of one broker to associate with a different broker, the broker possessing the licensee's license need not return the salesperson's license to the superintendent. The superintendent may process the application regardless of whether the licensee's license is returned to the superintendent.

Sec. 4735.15. (A) The nonrefundable fees for reactivation or transfer of a license shall be as follows:

(1) Reactivation or transfer of a broker's license into or out of a partnership, association, limited liability company,
limited liability partnership, or corporation or from one partnership, association, limited liability company, limited liability partnership, or corporation to another partnership, association, limited liability company, limited liability partnership, or corporation, twenty-five thirty-four dollars. An application for such transfer shall be made to the superintendent of real estate on forms provided by the superintendent.

(2) Reactivation or transfer of a license by a real estate salesperson, twenty-five thirty-four dollars.

(B) Except as may otherwise be specified pursuant to division (F) of this section or any rules adopted by the Ohio real estate commission pursuant to division (A)(2)(b) of section 4735.10 of the Revised Code, the nonrefundable fees for a branch office license, license renewal, late filing, and foreign real estate dealer and salesperson license are as follows per year for each year of a licensing period:

(1) Branch office license, fifteen twenty dollars;

(2) Renewal of a three-year real estate broker's license, sixty two hundred forty-three dollars. If the licensee is a partnership, association, limited liability company, limited liability partnership, or corporation, the full broker's renewal fee shall be required for each member of such partnership, association, limited liability company, limited liability partnership, or corporation that is a real estate broker. If the real estate broker has not less than eleven nor more than twenty real estate salespersons associated with the broker, an additional fee of sixty-four dollars shall be assessed to the brokerage. For every additional ten real estate salespersons or fraction of that number, the brokerage assessment fee shall be increased in the amount of thirty-seven dollars.

On application to the committee, a temporary license issued 32018
under division (D)(2) of this section may be renewed for good 32019
cause shown.

(E) An individual may not sit for the licensing examination 32020
unless the individual meets the educational requirements to be 32021
licensed under this section. An individual who is denied admission to the licensing examination may appeal the denial in accordance with Chapter 119. of the Revised Code.

(F) The board shall adopt any rules necessary for the committee to implement this section. The rules shall do both of the following:

(1) Establish criteria for the committee to use in determining whether an applicant's training should be accepted and supervised experience approved;

(2) Establish course content requirements for qualifying counseling degrees issued by institutions in other states from clinical mental health counseling programs, clinical rehabilitation counseling programs, and addiction counseling programs that are not accredited by the council for accreditation of counseling and related educational programs.

Rules adopted under this division shall be adopted in accordance with Chapter 119. of the Revised Code.

(G)(1) The board may adopt rules to temporarily approve a counseling education program created after January 1, 2018, that has not been accredited by the council for accreditation of counseling and related educational programs. the requirements of divisions (B)(1)(b) and (c) of this section;

(d) Specify that, if the program is denied accreditation, a student enrolled in the program before the accreditation is denied may apply for licensure before completing the program and, on receiving a degree from the program, is considered to satisfy divisions (B)(1)(b) and (c) of this section.

(2) A degree from a counseling education program approved by the board pursuant to the rules adopted under division (G)(1) of this section satisfies the requirements of divisions (B)(1)(b) and (c) of this section for the time period approved by the board.

Sec. 4757.25. (A) Notwithstanding any provision in sections 4757.22 and 4757.23 of the Revised Code to the contrary, the counselors professional standards committee of the counselor, social worker, and marriage and family therapist board may, by endorsement, issue a license to practice as a licensed professional clinical counselor or a licensed professional counselor to a person who is authorized to practice in another state even though the person does not hold a graduate degree in counseling if the person meets all of the following requirements:

(1) The person has a graduate degree in a field of study that demonstrates an education in the diagnosis and treatment of mental and emotional disorders.

(2) The person has continuously engaged in the practice of professional counseling in the other state for a period of five years or more immediately preceding the date the application is submitted.

(3) The person's scope of practice in the other state is comparable to the scope of practice associated with the license the person is requesting.

(4) The person's license, certificate, registration, or other...

(B) To meet the requirement of division (A)(1) of this section, the coursework the person completed to obtain the graduate degree must be comparable to the coursework required to obtain a degree in clinical mental health counseling from a program accredited by the council for accreditation of counseling and related educational programs.

(C) Before issuing a license to practice as a licensed professional clinical counselor by endorsement under this section, the committee shall require an applicant to complete not less than seven hundred fifty hours of supervised experience that is of a type approved by the committee.

Sec. 4757.32. A license or certificate of registration issued under this chapter expires two years after it is issued and is valid without further recommendation or examination until revoked or suspended or until the license or certificate of registration expires for failure to renew as provided for in this section. Licenses and certificates of registration shall be renewed biennially in accordance with the schedule established in rules adopted by the counselor, social worker, and marriage and family therapist board under section 4757.10 of the Revised Code. A license or certificate of registration may be renewed in
accordance with the standard renewal procedure established under Chapter 4745. of the Revised Code.

Subject to section 4757.36 of the Revised Code, the staff of the appropriate professional standards committee of the counselor, social worker, and marriage and family therapist board shall, on behalf of each committee, issue a renewed license or certificate of registration to each applicant who has paid the renewal fee established by the board under section 4757.31 of the Revised Code and satisfied the continuing education requirements established by the board under section 4757.33 of the Revised Code.

A license or certificate of registration that is not renewed lapses on its expiration date. A license or certificate of registration that has lapsed may be restored if the individual, not later than two years after the license or certificate expired, applies for restoration of the license or certificate. The staff of the appropriate professional standards committee shall issue a restored license or certificate of registration to the applicant if the applicant pays the renewal fee established under section 4757.31 of the Revised Code and satisfies the continuing education requirements established under section 4757.33 of the Revised Code for restoring the license or certificate of registration. The board and its professional standards committees shall not require a person to take an examination as a condition of having a lapsed license or certificate of registration restored.

Sec. 4757.33. (A) Except as provided in division (B) of this section, each person who holds a license or certificate of registration issued under this chapter shall complete during the period that the license or certificate is in effect not less than thirty clock hours of continuing professional education as a condition of receiving a renewed license or certificate. To Except as provided in division (B) of this section, each person who holds

The professional standards committees of the counselor, social worker, and marriage and family therapist board shall adopt rules in accordance with Chapter 119. of the Revised Code establishing standards and procedures to be followed by the committees in conducting the continuing education approval process, which shall include registering individuals and entities to provide continuing education programs approved by the board.

(B) The board may waive the continuing education requirements established under this section for persons who are unable to fulfill them because of military service, illness, residence abroad, or any other reason the committee considers acceptable.

Sec. 4763.16. (A) The real estate appraiser recovery fund is hereby created in the state treasury, to be administered by the superintendent of real estate. The treasurer of state shall credit to the fund amounts collected by the superintendent as prescribed in this section and interest earned on the assets of the fund. The superintendent shall ascertain the balance of the fund as of the first day of October of each year. If that balance is less than five two hundred thousand dollars at any time, the director of budget and management, upon the request of the superintendent, may transfer from the real estate appraiser operating fund to the real
estate appraiser recovery fund a sum as will bring the real estate appraiser recovery fund to that amount.

(B) When any person obtains a final judgment in any court of competent jurisdiction against a certificate holder, registrant, or licensee, based upon conduct that is in violation of this chapter or the rules adopted under it, which conduct occurred on or after the date of their certification, registration, or licensure, and that is associated with an act or transaction of a certificate holder, registrant, or licensee specified in this chapter, that person may file a verified complaint, as described in this division, in the Franklin county court of common pleas for an order directing payment out of the real estate appraiser recovery fund of the portion of the judgment that remains unpaid and that represents the actual and direct loss of the person for the act or transaction upon which the underlying judgment was based, and court costs, if awarded in the underlying judgment, provided that no person shall receive more than ten thousand dollars from the fund for any one judgment. A bonding or insurance company or any partnership, corporation, or association that uses any tool to develop a valuation of real property for purposes of a loan or that employs, retains, or engages as an independent contractor a person licensed, registered, or certified as a real estate appraiser in its usual or occasional operations may not seek an order directing, and is not eligible for, payment out of the fund. Punitive or exemplary damages are not recoverable from the fund.

The complaint shall specify the nature of the act or transaction upon which the underlying judgment was based, the activities of the applicant in pursuit of remedies available under law for the collection of judgments, and the amount of the fee paid by the applicant to the certificate holder, registrant, or licensee. The applicant shall attach to the complaint a copy of
each pleading and order in the underlying court action.

The Franklin county court of common pleas shall order the superintendent to make payments out of the fund when the person seeking the order has shown all of the following:

(1) The person has obtained a judgment, as provided in this division;

(2) All appeals from the judgment have been exhausted and the person has given notice to the superintendent, as required by division (C) of this section;

(3) The person is not a spouse of the certificate holder, registrant, or licensee, or the personal representative of the spouse;

(4) The person has diligently pursued the person's remedies against all the certificate holders, registrants, licensees, and all other persons liable to the person in the transaction for which the person seeks recovery from the fund;

(5) The person is making a complaint not more than one year after termination of all proceedings, including appeals, in connection with the judgment.

(C) A person who applies to the Franklin county court of common pleas for an order directing payment out of the fund shall file notice of the complaint with the superintendent. The superintendent shall send notice to the affected certificate holder, registrant, or licensee, where possible. The superintendent may defend the action on behalf of the fund and shall have recourse to all appropriate means of defense and review, including examination of witnesses. The superintendent may move the court at any time to dismiss the complaint when it appears there are no triable issues and the complaint is without merit. The motion may be supported by affidavit of any person having knowledge of the facts and may be made on the basis that
the complaint, including the judgment referred to in the
complaint, does not form the basis for a meritorious recovery
claim. The superintendent may, subject to court approval,
compromise a claim based upon the complaint of an aggrieved party.
The superintendent is not bound by any prior compromise or
stipulation of the certificate holder, registrant, or licensee.
Upon petition of the superintendent, the court may require all
claimants and prospective claimants against one certificate
holder, registrant, or licensee to be joined in one action, to the
end that the respective rights of all such claimants to the fund
may be equitably adjudicated and settled.

(D) If the superintendent pays from the fund any amount in
settlement of a claim or toward satisfaction of a judgment against
a certificate holder, registrant, or licensee, the certificate,
registration, or license of the certificate holder, registrant, or
licensee automatically is suspended upon the date of payment from
the fund. No certificate, registration, or license that has been
suspended pursuant to this division shall be reinstated until the
certificate holder, registrant, or licensee has repaid in full,
plus interest per annum at the rate specified in division (A) of
section 1343.03 of the Revised Code, the amount paid from the fund
on the certificate holder's, registrant's, or licensee's account.
A discharge in bankruptcy does not relieve a person from the
suspension and requirements for reinstatement provided in this
section.

(E) If, at any time, the money deposited in the fund is
insufficient to satisfy any duly authorized claim or portion of a
claim, the superintendent shall, when sufficient money has been
deposited in the fund, satisfy the unpaid claims or portions, in
the order that the claims or portions were originally filed, plus
accumulated interest per annum at the rate specified in division
(A) of section 1343.03 of the Revised Code.
(F) When, upon the order of the court, the superintendent has paid from the fund any sum to the judgment creditor, the superintendent is subrogated to all of the rights of the judgment creditor to the extent of the amount so paid, and the judgment creditor shall assign all of the judgment creditor's right, title, and interest in the judgment to the superintendent to the extent of the amount so paid. The superintendent shall deposit in the fund any amount and interest so recovered by the superintendent on the judgment.

(G) Nothing contained in this section shall limit the authority of the real estate appraiser board to take disciplinary action against a certificate holder, registrant, or licensee under other provisions of this chapter. The repayment in full of all obligations to the fund by a certificate holder, registrant, or licensee does not nullify or modify the effect of any other disciplinary proceeding brought pursuant to this chapter, unless repayment is imposed as a condition in that proceeding.

(H) The superintendent shall collect from the fund a service fee in an amount equivalent to the interest rate specified in division (A) of section 1343.03 of the Revised Code multiplied by the annual interest earned on the assets of the fund, to defray the expenses incurred in the administration of the fund.

Sec. 4768.09. (A) Except within the first thirty days after an appraiser is first added to the appraiser panel of an appraisal management company, an appraisal management company shall not remove the appraiser from its appraiser panel or otherwise refuse to assign requests for real estate appraisal services to the appraiser without first doing both of the following:

(1) Notifying the appraiser in writing of the reasons the appraiser is being removed from the appraiser panel or is refused assignment requests for appraisal services;
(2) Providing the appraiser with an opportunity to respond to that notification, in writing, within ten business days after the appraisal management company sends the removal notification.

(B) The notice described in division (A)(1) of this section shall be sent by a delivery system that delivers letters, packages, and other materials in its ordinary course of business with traceable delivery and signature receipt. An appraisal management company that sends such notice shall keep a copy of the notice for at least five years from the date the notice is sent to the appraiser.

(C) Nothing in this section prohibits an appraisal management company from suspending an appraiser from receiving assignment requests during the period described in division (A)(2) of this section.

provided in division (A) of this section, notwithstanding any
provision of that division to the contrary.

(c) The board shall not assess against the nuclear electric
utilities pursuant to division (A) of this section in any fiscal

division (B)(1) or (2) of this section shall be deposited into the
requesting agency's nuclear safety fund, as such fund is specified
in the applicable main operating appropriations act.

(1) The terms of the contract entered into under this section;

(2) This chapter or any rules adopted under it.

(E) If the department has evidence that a provider has employed an individual who is ineligible for employment under section 5104.013 of the Revised Code and the provider has not
released the individual from employment upon notice that the individual is ineligible, the department may terminate immediately the contract entered into under this section to provide publicly funded child care.

(F) Any decision by the department concerning publicly funded child care, including the recovery of funds, overpayment determinations, and contract terminations is final and is not subject to appeal, hearing, or further review under Chapter 119. of the Revised Code.

Sec. 5104.34. (A)(1) Each county department of job and family services shall implement procedures for making determinations of eligibility for publicly funded child care. Under those procedures, the eligibility determination for each applicant shall be made no later than thirty calendar days from the date the county department receives a completed application for publicly funded child care. Each applicant shall be notified promptly of the results of the eligibility determination. An applicant aggrieved by a decision or delay in making an eligibility determination may appeal the decision or delay to the department of job and family services in accordance with section 5101.35 of the Revised Code. The due process rights of applicants shall be protected.

To the extent permitted by federal law, the county department may make all determinations of eligibility for publicly funded child care, may contract with child care providers or child care resource and referral service organizations for the providers or resource and referral service organizations to make all or any part of the determinations, and may contract with child care providers or child care resource and referral service organizations to collect specified information for use by the
county department in making determinations. If a county department contracts with a child care provider or a child care resource and referral service organization for eligibility determinations or for the collection of information, the contract shall require the provider or resource and referral service organization to make each eligibility determination no later than thirty calendar days from the date the provider or resource and referral organization receives a completed application that is the basis of the determination and to collect and transmit all necessary information to the county department within a period of time that enables the county department to make each eligibility determination no later than thirty days after the filing of the application that is the basis of the determination.

The county department may station employees of the department in various locations throughout the county to collect information relevant to applications for publicly funded child care and to make eligibility determinations. The county department, child care provider, and child care resource and referral service organization shall make each determination of eligibility for publicly funded child care no later than thirty days after the filing of the application that is the basis of the determination, shall make each determination in accordance with any relevant rules adopted pursuant to section 5104.38 of the Revised Code, and shall notify promptly each applicant for publicly funded child care of the results of the determination of the applicant's eligibility.

The director of job and family services shall adopt rules in accordance with Chapter 119. of the Revised Code for monitoring the eligibility determination process. In accordance with those rules, the state department shall monitor eligibility determinations made by county departments of job and family services and shall direct any entity that is not in compliance
(2) (a) All eligibility determinations for publicly funded child care shall be made in accordance with rules adopted pursuant to division (A) of section 5104.38 of the Revised Code. Except as otherwise provided in this section, both of the following apply:

(i) Publicly funded child care may be provided only to eligible infants, toddlers, preschool-age children, and school-age children under age thirteen, or children receiving special needs child care.

(ii) For an applicant to be eligible for publicly funded child care, the caretaker parent must be employed or participating in a program of education or training for an amount of time reasonably related to the time that the parent's children are receiving publicly funded child care. This restriction does not apply to families whose children are eligible for protective child care.

(b) In accordance with rules adopted under division (B) of section 5104.38 of the Revised Code, an applicant may receive publicly funded child care while the county department determines eligibility. An applicant may receive publicly funded child care while a county department determines eligibility only once during a twelve-month period. If the county department determines that an applicant is not eligible for publicly funded child care, the licensed child care program provider shall be paid for providing publicly funded child care for up to five days after that determination if the county department received a completed application with all required documentation. A program may appeal a denial of payment under this division.

(c) If a caretaker parent who has been determined eligible to receive publicly funded child care no longer meets the
requirements of division (A)(2)(a)(ii) of this section, the caretaker parent may continue to receive publicly funded child care for a period of up to thirteen weeks not to extend beyond the caretaker parent's twelve-month eligibility period. Such authorization may be given only once during a twelve-month period.

(d) If a child turns thirteen, or if a child receiving special needs child care turns eighteen, during the twelve-month eligibility period, the caretaker parent may continue to receive publicly funded child care until the end of that twelve-month period.

Subject to available funds, the department of job and family services shall allow a family to receive publicly funded child care unless the family's income exceeds the maximum income eligibility limit. Initial and continued eligibility for publicly funded child care is subject to available funds unless the family is receiving child care pursuant to division (A)(1), (2), (3), or (4) of section 5104.30 of the Revised Code. If the department must limit eligibility due to lack of available funds, it shall give first priority for publicly funded child care to an assistance group whose income is not more than the maximum income eligibility limit that received transitional child care in the previous month but is no longer eligible because the twelve-month period has expired. Such an assistance group shall continue to receive priority for publicly funded child care until its income exceeds the maximum income eligibility limit.

(3) An assistance group that ceases to participate in the Ohio works first program established under Chapter 5107. of the Revised Code is eligible for transitional child care at any time during the immediately following twelve-month period that both of the following apply:

(a) The assistance group requires child care due to employment;
(b) The assistance group's income is not more than one hundred fifty per cent of the federal poverty line.

An assistance group ineligible to participate in the Ohio works first program pursuant to section 5101.83 or section 5107.16 of the Revised Code is not eligible for transitional child care.

(B) To the extent permitted by federal law, the department of job and family services may require a caretaker parent determined to be eligible for publicly funded child care to pay a fee according to the schedule of fees established in rules adopted under section 5104.38 of the Revised Code. The department shall make protective child care services and homeless child care services available to children without regard to the income or assets of the caretaker parent of the child.

(C) A caretaker parent receiving publicly funded child care shall report to the entity that determined eligibility any changes in status with respect to employment or participation in a program of education or training not later than ten calendar days after the change occurs.

(D) If the department of job and family services determines that available resources are not sufficient to provide publicly funded child care to all eligible families who request it, the department may establish a waiting list. The department may establish separate waiting lists within the waiting list based on income.

(E) A caretaker parent shall not receive full-time publicly funded child care from more than one child care provider per child during a week, unless a county department grants the family an exemption for one of the following reasons:

(a) (1) The child needs additional care during non-traditional hours;

(b) (2) The child needs to change providers in the middle of
the week and the hours of care provided by the providers do not overlap;

(3) The child's provider is closed on scheduled school days off or on calamity days;

(4) The child is enrolled in a part-time program participating in the tiered quality rating and improvement system established under section 5104.30 5104.29 of the Revised Code and needs care from an additional part-time provider.

The rules may specify exceptions to the eligibility requirements in the case of a family that previously received publicly funded child care and is seeking to have the child care reinstated after the family's eligibility was terminated.

(B) Procedures under which an applicant for publicly funded child care may receive publicly funded child care while the county
department of job and family services determines eligibility and under which a licensed child care program provider may appeal a denial of payment under division (A)(2)(b) of section 5104.34 of the Revised Code;

(C) A schedule of fees requiring all eligible caretaker parents to pay a fee for publicly funded child care according to income and family size, which shall be uniform for all types of publicly funded child care, except as authorized by rule, and, to the extent permitted by federal law, shall permit the use of state and federal funds to pay the customary deposits and other advance payments that a provider charges all children who receive child care from that provider.

department of rehabilitation and correction, and a statement that
the employees who will staff and operate that facility and program
are employees of the facility and program;

(4) A list of the type of expenses, other than salaries of
persons who will staff and operate the facility and program, for
which the state financial assistance can be used, and a
requirement that purchases made with funds received as state

standards of operation as prescribed by the department under
section 5120.111 of the Revised Code, and with all information
submitted on its application;

individual's services, an effective individual service plan that
includes coordination of services, recommend that the departments
of developmental disabilities and medicaid approve the plan, and

(6) The county board fails to submit an acceptable plan of  
correction to the department within the time required by division

(B) If required by division (A) of this section to take  
action against a county board, the department shall issue an order  
terminating the county board's medicaid local administrative  
authority over all or part of home and community-based services,  
medicaid case management services, or all or part of both of those  
services. The department shall provide a copy of the order to the  
board of county commissioners, senior probate judge, county  

auditor, and president and superintendent of the county board. The department shall specify in the order the medicaid local administrative authority that the department is terminating, the reason for the termination, and the county board's option and responsibilities under this division.

A county board whose medicaid local administrative authority is terminated may, not later than thirty days after the department issues the termination order, recommend to the department that another county board that has not had any of its medicaid local administrative authority terminated or another entity the department approves administer the services for which the county board's medicaid local administrative authority is terminated. The department may contract with the other county board or entity to administer the services. If the department enters into such a contract, the county board shall adopt a resolution giving the other county board or entity full medicaid local administrative authority over the services that the other county board or entity is to administer. The other county board or entity shall be known as the contracting authority.

If the department rejects the county board's recommendation regarding a contracting authority, the county board may appeal the rejection under section 5123.043 of the Revised Code.

If the county board does not submit a recommendation to the department regarding a contracting authority within the required time or the department rejects the county board's recommendation and the rejection is upheld pursuant to an appeal, if any, under section 5123.043 of the Revised Code, the department shall appoint an administrative receiver to administer the services for which the county board's medicaid local administrative authority is terminated. or other individuals who are not employed by or affiliated with in any manner a person that provides home and community-based services or medicaid case management services pursuant to a contract with any county board. The administrative receiver shall assume full administrative responsibility for the county board's services for which the county board's medicaid local administrative authority is terminated.

The contracting authority or administrative receiver shall develop and submit to the department a plan of correction to remediate the problems that caused the department to issue the termination order. If, after reviewing the plan, the department approves it, the contracting authority or administrative receiver shall implement the plan.

The county board shall transfer control of state and federal funds it is otherwise eligible to receive for the services for which the county board's medicaid local administrative authority is terminated and funds the county board may use under division (A) of section 5126.0511 of the Revised Code to pay the nonfederal share of the services that the county board is required by sections 5126.059 and 5126.0510 of the Revised Code to pay. The county board shall transfer control of the funds to the contracting authority or administrative receiver administering the services. The amount the county board shall transfer shall be the amount necessary for the contracting authority or administrative receiver to fulfill its duties in administering the services, including its duties to pay its personnel for time worked, travel, and related matters. If the county board fails to make the transfer, the department may withhold the state and federal funds from the county board and bring a mandamus action against the county board in the court of common pleas of the county served by the county board or in the Franklin county court of common pleas. The mandamus action may not require that the county board transfer...
any funds other than the funds the county board is required by division (B) of this section to transfer.

The contracting authority or administrative receiver has the right to authorize the payment of bills in the same manner that the county board may authorize payment of bills under this chapter and section 319.16 of the Revised Code.

(4) The department shall not redetermine a peer group's rate for ancillary and support costs under this division based on additional information that it receives after the rate is determined. The rate for capital costs determined under this division for a peer group shall be used for subsequent years until the department conducts a rebasing. To determine a peer group's rate for capital costs, the department shall do both of the following:

(a) Determine the rate for capital costs for the nursing facility in the peer group that is at the twenty-fifth percentile of the rate for capital costs for the applicable calendar year.

(b) For state fiscal year 2020 and each state fiscal year thereafter (other than the first state fiscal year in a group of consecutive state fiscal years for which a rebasing is conducted), adjust the amount calculated under division (C)(1)(a) of this section using the difference between the following:

(E) The capital cost basis of nursing facility assets shall be determined in the following manner:

(1) Except as provided in division (E)(3) of this section, for purposes of calculating the rates to be paid for facilities with dates of licensure on or before June 30, 1993, the capital cost basis of each asset shall be equal to the desk-reviewed, actual, allowable, capital cost basis that is listed on the facility's cost report for the calendar year preceding the state fiscal year during which the rate will be paid.

(2) For facilities with dates of licensure after June 30, 1993, the capital cost basis shall be determined in accordance with the principles of the medicare program, except as otherwise provided in this chapter.

(3) Except as provided in division (E)(4) of this section, if a provider transfers an interest in a facility to another provider after June 30, 1993, there shall be no increase in the capital cost basis of the asset if the providers are related parties or the provider to which the interest is transferred authorizes the provider that transferred the interest to continue to operate the facility under a lease, management agreement, or other arrangement. If the previous sentence does not prohibit the adjustment of the capital cost basis under this division, the
basis of the asset shall be adjusted by one-half of the change in the consumer price index for all items for all urban consumers, as published by the United States bureau of labor statistics, during the time that the transferor held the asset.

(4) If a provider transfers an interest in a facility to another provider who is a related party, the capital cost basis of the asset shall be adjusted as specified in division (E)(3) of this section if all of the following conditions are met:

(ii) The provider that made the transfer does not reacquire an interest in the facility except through the exercise of a creditor's rights in the event of a default. If the provider reacquires an interest in the facility in this manner, the department shall treat the facility as if the transfer never occurred when the department calculates its reimbursement rates for capital costs.

(iii) The transfer satisfies any other criteria specified in the rules.
(d) Except in the case of hardship caused by a catastrophic event, as determined by the department, or in the case of a provider making the transfer who is at least sixty-five years of age, not less than twenty years have elapsed since, for the same facility, the capital cost basis was adjusted most recently under division (E)(4) of this section or actual, allowable capital costs was determined most recently under division (F)(9) of this section.

**Sec. 5167.18.** Each contract the department of medicaid enters into with a medicaid managed care organization under section 5167.10 of the Revised Code shall require the managed care organization to comply with federal and state efforts to identify fraud, waste, and abuse in the medicaid program.

**Sec. 5167.20.** (A) Except as provided in division (B) of this section, when a participant in the care management system established under this chapter is enrolled in a medicaid MCO plan offered by a medicaid managed care organization and the organization refers the participant to receive services, other than emergency services provided on or after January 1, 2007, at a hospital that participates in the medicaid program but is not under contract with the organization, the hospital shall provide the service for which the referral was made and shall accept from the organization, as payment in full, the amount derived from the payment rate used by the department to pay other hospitals of the same type for providing the same service to a medicaid recipient who is not enrolled in a medicaid managed care organization MCO plan.
(B) A hospital is not subject to division (A) of this section if all of the following are the case:

(1) The hospital is located in a county in which participants in the care management system are required before January 1, 2006, to be enrolled in a medicaid managed care organization that is a health insuring corporation MCO plan;

(2) The hospital has entered into a contract before January 1, 2006, with at least one health insuring corporation serving the participants specified in division (B)(1) of this section;

(3) The hospital remains under contract with at least one health insuring corporation serving participants in the care management system who are required to be enrolled in a health insuring corporation medicaid MCO plan.

(C) The medicaid director shall adopt rules under section 5167.02 of the Revised Code specifying the circumstances under which a medicaid managed care organization is permitted to refer a participant in the care management system to a hospital that is not under contract with the organization.

Sec. 5167.201. When a participant in the care management system established under this chapter is enrolled in a medicaid managed care organization MCO plan and receives emergency services on or after January 1, 2007, from a provider that is not under contract with the organization, the provider shall accept from the organization, as payment in full, not more than the amounts (less any payments for indirect costs of medical education and direct costs of graduate medical education) that the provider could collect if the participant received medicaid other than through enrollment in a medicaid MCO plan.

An agreement entered into by a participant, a participant's parent, or a participant's legal guardian that requires payment
for emergency services in violation of this section is void and unenforceable.

Sec. 5167.26. For the purpose of determining the amount the department of medicaid pays hospitals under section 5168.09 of the Revised Code and the amount of disproportionate share hospital payments paid by the medicare program pursuant to section 1915 of the "Social Security Act," section 1915, 42 U.S.C. 1396n, a medicaid managed care organization shall keep detailed records for each hospital with which it contracts, including records regarding the cost to the hospital of providing hospital services for the organization, payments made by the organization to the hospital for the services, utilization of hospital services by medicaid recipients enrolled in a medicaid MCO plan offered by the organization, and other utilization data required by the department.

Sec. 5167.41. The department of medicaid may disenroll some or all medicaid recipients enrolled in from a medicaid MCO plan offered by a medicaid managed care organization if the department proposes to terminate or not to renew the contract entered into under section 5167.10 of the Revised Code and determines that the recipients' access to medically necessary services is jeopardized by the proposal to terminate or not to renew the contract. The disenrollment is not subject to Chapter 119. of the Revised Code, but the medicaid managed care organization may request a reconsideration of the disenrollment. Reconsiderations shall be requested and conducted in accordance with rules the medicaid director shall adopt under section 5167.02 of the Revised Code. The request for, or conduct of, a reconsideration regarding a proposed disenrollment shall not delay the disenrollment.

Sec. 5168.03. The requirements of sections 5168.06 to 5168.09
of the Revised Code apply only as long as the United States health care financing administration centers for medicare and medicaid services determines that the assessment imposed under section 5168.06 of the Revised Code is a permissible health care-related tax pursuant to the "Social Security Act," section 1903(w), 42 U.S.C. 1396b(w). Whenever the department of medicaid is informed that the assessment is an impermissible health care-related tax, the department shall promptly refund to each hospital the amount of money currently in the hospital care assurance program fund created by section 5168.11 of the Revised Code that has been paid by the hospital under section 5168.06 or 5168.07 of the Revised Code, plus any investment earnings on that amount.

Sec. 5168.05. (A) Except as provided in division (C) of this section, each hospital, on or before the first day of July of each year or at a later date approved by the medicaid director, shall submit to the department of medicaid a financial statement for the preceding calendar year that accurately reflects the income, expenses, assets, liabilities, and net worth of the hospital, and accompanying notes. A hospital that has a fiscal year different from the calendar year shall file its financial statement within one hundred eighty days of the end of its fiscal year or at a later date approved by the director. The financial statement shall be prepared by an independent certified public accountant and reflect an official audit report prepared in a manner consistent with generally accepted accounting principles. The financial statement shall, to the extent that the hospital has sufficient financial records, show bad debt and charity care separately from courtesy care and contractual allowances.

(B) Except as provided in division (C) of this section, each hospital, within one hundred eighty days after the end of the hospital's cost reporting period, shall submit to the department a
cost report in a format prescribed in rules adopted under section 5168.02 of the Revised Code. The department shall grant a hospital an extension of the one hundred eighty day period if the health care financing administration of the United States department of health and human centers for medicare and medicaid services extends the date by which the hospital must submit its cost report for the hospital's cost reporting period.

(C) The director may adopt rules under section 5168.02 of the Revised Code specifying financial information that must be submitted by hospitals for which no financial statement or cost report is available. The rules shall specify deadlines for submitting the information. Each such hospital shall submit the information specified in the rules not later than the deadline specified in the rules.

Sec. 5168.06. (A) For the purpose of distributing funds to hospitals under the medicaid program pursuant to sections 5168.01 to 5168.14 of the Revised Code and depositing funds into the health care/medicaid support and recoveries fund created under section 5162.52 of the Revised Code, there is hereby imposed an assessment on all hospitals. Each hospital's assessment shall be based on total facility costs. All hospitals shall be assessed according to the rate or rates established each program year in rules adopted under section 5168.02 of the Revised Code. The department shall assess all hospitals uniformly and in a manner consistent with federal statutes and regulations. During any program year, the department shall not assess any hospital more than two per cent of the hospital's total facility costs.

The department shall establish an assessment rate or rates each program year that will do both of the following:

(1) Yield funds that, when combined with intergovernmental transfers and federal matching funds, will produce a program of
sufficient size to pay a substantial portion of the indigent care
provided by hospitals;

(2) Yield funds that, when combined with intergovernmental
transfers and federal matching funds, will produce amounts for
distribution to disproportionate share hospitals that do not
exceed, in the aggregate, the limits prescribed by the United
States health care financing administration centers for medicare
and medicaid services under the "Social Security Act," section
1923(f), 42 U.S.C. 1396r-4(f).

(B)(1) Except as provided in division (B)(3) of this section,
each hospital shall pay its assessment in periodic installments in
accordance with a schedule established in rules adopted under
section 5168.02 of the Revised Code.

(2) The installments shall be equal in amount, unless either
of the following applies:

(a) The department makes adjustments during a program year
under division (D) of section 5168.08 of the Revised Code in the
total amount of hospitals' assessments;

(b) The medicaid director determines that adjustments in the
amounts of installments are necessary for the administration of
sections 5168.01 to 5168.14 of the Revised Code and that unequal
installments will not create cash flow difficulties for hospitals.

(3) The director may adopt rules under section 5168.02 of the
Revised Code establishing alternate schedules for hospitals to pay
assessments under this section in order to reduce hospitals' cash
flow difficulties.

Sec. 5168.07. (A) The department of medicaid may require
governmental hospitals to make intergovernmental transfers each
program year for the purpose of distributing funds to hospitals
under the medicaid program pursuant to sections 5168.01 to 5168.14
of the Revised Code and depositing funds into the health care/medicaid support and recoveries fund created under section 5162.52 of the Revised Code. The department shall not require transfers in an amount that, when combined with hospital assessments paid under section 5168.06 of the Revised Code and federal matching funds, produce amounts for distribution to disproportionate share hospitals that, in the aggregate, exceed limits prescribed by the United States health care financing administration under the "Social Security Act," section 1923(f), 42 U.S.C. 1396r-4(f).

(B) Before or during each program year, the department shall notify each governmental hospital of the amount of the intergovernmental transfer it is required to make during the program year. Each governmental hospital shall make intergovernmental transfers as required by the department under this section in periodic installments, executed by electronic fund transfer, in accordance with a schedule established in rules adopted under section 5168.02 of the Revised Code.

Sec. 5168.08. (A) Before or during each program year, the department of medicaid shall mail to each hospital by certified mail, return receipt requested, the preliminary determination of the amount that the hospital is assessed under section 5168.06 of the Revised Code during the program year. The preliminary determination of a hospital's assessment shall be calculated for a cost-reporting period that is specified in rules adopted under section 5168.02 of the Revised Code.

The department shall consult with hospitals each year when determining the date on which it will mail the preliminary determinations in order to minimize hospitals' cash flow difficulties.

If no hospital submits a request for reconsideration under
division (B) of this section, the preliminary determination constitutes the final reconciliation of each hospital's assessment under section 5168.06 of the Revised Code. The final reconciliation is subject to adjustments under division (D) of this section.

   (B) Not later than fourteen days after the preliminary determinations are mailed, any hospital may submit to the department a written request to reconsider the preliminary determinations. The request shall be accompanied by written materials setting forth the basis for the reconsideration. If one or more hospitals submit a request, the department shall hold a public hearing not later than thirty days after the preliminary determinations are mailed to reconsider the preliminary determinations. The department shall mail to each hospital a written notice of the date, time, and place of the hearing at least ten days prior to the hearing. On the basis of the evidence submitted to the department or presented at the public hearing, the department shall reconsider and may adjust the preliminary determinations. The result of the reconsideration is the final reconciliation of the hospital's assessment under section 5168.06 of the Revised Code. The final reconciliation is subject to adjustments under division (D) of this section.

   (C) The department shall mail to each hospital a written notice of its assessment for the program year under the final reconciliation. A hospital may appeal the final reconciliation of its assessment to the court of common pleas of Franklin county. While a judicial appeal is pending, the hospital shall pay, in accordance with the schedules required by division (B) of section 5168.06 of the Revised Code, any amount of its assessment that is not in dispute into the hospital care assurance program fund created in section 5168.11 of the Revised Code.

   (D) In the course of any program year, the department may
adjust the assessment rate or rates established in rules pursuant to section 5168.06 of the Revised Code or adjust the amounts of intergovernmental transfers required under section 5168.07 of the Revised Code and, as a result of the adjustment, adjust each hospital's assessment and intergovernmental transfer, to reflect refinements made by the United States health care financing administration centers for medicare and medicaid services during that program year to the limits it prescribed under the "Social Security Act," section 1923(f), 42 U.S.C. 1396r-4(f). When adjusted, the assessment rate or rates must comply with division (A) of section 5168.06 of the Revised Code. An adjusted intergovernmental transfer must comply with division (A) of section 5168.07 of the Revised Code. The department shall notify hospitals of adjustments made under this division and adjust for the remainder of the program year the installments paid by hospitals under sections 5168.06 and 5168.07 of the Revised Code in accordance with rules adopted under section 5168.02 of the Revised Code.

The director shall review the documentation submitted by the applicant and, within fifteen days, shall either amend the certificate of qualification or deny the request. If the director denies the request to amend the certificate, the applicant may appeal that decision to the director's prequalification review board in accordance with section 5525.07 of the Revised Code. Two or more persons, partnerships, or corporations may bid
jointly on any one project, but only on condition that prior to
the time bids are taken on the project the bidders make a joint
application for qualification and obtain a joint certificate
qualification.

(E) The director may debar from participating in future
contracts with the department any bidding company as well as any
partner of a partnership, or the officers and directors of an

the grounds for such action as established in rules adopted by the
director under section 5525.05 of the Revised Code and the
procedure for requesting a hearing. The notice and hearing shall

(5) "Incentive district" means an area not more than three hundred acres in size enclosed by a continuous boundary in which a project is being, or will be, undertaken and having one or more of the following distress characteristics:

(a) At least fifty-one per cent of the residents of the district have incomes of less than eighty per cent of the median income of residents of the political subdivision in which the district is located, as determined in the same manner specified under section 119(b) of the "Housing and Community Development Act of 1974," 88 Stat. 633, 42 U.S.C. 5318, as amended;

(b) The average rate of unemployment in the district during the most recent twelve-month period for which data are available...
is equal to at least one hundred fifty per cent of the average rate of unemployment for this state for the same period.

(c) At least twenty per cent of the people residing in the district live at or below the poverty level as defined in the federal Housing and Community Development Act of 1974, 42 U.S.C. 5301, as amended, and regulations adopted pursuant to that act.

(d) The district is a blighted area.

(e) The district is in a situational distress area as designated by the director of development services under division (F) of section 122.23 of the Revised Code.

(f) As certified by the engineer for the political subdivision, the public infrastructure serving the district is inadequate to meet the development needs of the district as evidenced by a written economic development plan or urban renewal plan for the district that has been adopted by the legislative authority of the subdivision.

(g) The district is comprised entirely of unimproved land that is located in a distressed area as defined in section 122.23 of the Revised Code.

(6) "Overlay" means an area of not more than three hundred acres that is a square, or that is a rectangle having two longer sides that are not more than twice the length of the two shorter sides, that the legislative authority of a municipal corporation delineates on a map of a proposed incentive district.

(7) "Project" means development activities undertaken on one or more parcels, including, but not limited to, construction, expansion, and alteration of buildings or structures, demolition, remediation, and site development, and any building or structure that results from those activities.

(8) "Public infrastructure improvement" includes, but is not
limited to, public roads and highways; water and sewer lines; the
continued maintenance of those public roads and highways and water
and sewer lines; environmental remediation; land acquisition, including
acquisition in aid of industry, commerce, distribution, or research; demolition, including demolition on private property when determined to be necessary for economic development purposes; stormwater and flood remediation projects, including such projects on private property when determined to be necessary for public health, safety, and welfare; the provision of gas, electric, and communications service facilities, including the provision of gas or electric service facilities owned by nongovernmental entities when such improvements are determined to be necessary for economic development purposes; and the enhancement of public waterways through improvements that allow for greater public access.

(B) The legislative authority of a municipal corporation, by ordinance, may declare improvements to certain parcels of real property located in the municipal corporation to be a public purpose. Improvements with respect to a parcel that is used or to be used for residential purposes may be declared a public purpose under this division only if the parcel is located in a blighted area of an impacted city. For this purpose, "parcel that is used or to be used for residential purposes" means a parcel that, as improved, is used or to be used for purposes that would cause the tax commissioner to classify the parcel as residential property in accordance with rules adopted by the commissioner under section 5713.041 of the Revised Code. Except with the approval otherwise provided under division (D) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located or section 5709.51 of the Revised Code, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation for a period of not more than ten years. The ordinance shall specify the percentage of the
improvement to be exempted from taxation and the life of the exemption.

An ordinance adopted or amended under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the municipal corporation that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. The service payments provided for in section 5709.42 of the Revised Code shall be used to finance the public infrastructure improvements designated in the ordinance, for the purpose described in division (D)(1) of this section or as provided in section 5709.43 of the Revised Code.

(C)(1) The legislative authority of a municipal corporation may adopt an ordinance creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (C)(2) of this section, exempt from taxation as provided in this section, but no legislative authority of a municipal corporation that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt an ordinance that creates an incentive district if the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the municipal corporation that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the municipal corporation for the preceding tax year. The ordinance shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel that is or has been exempted from taxation under division (B) of this section or that is or has
been within another district created under this division. An ordinance may create more than one such district, and more than one ordinance may be adopted under division (C)(1) of this section.

(2)(a) Not later than thirty days prior to adopting an ordinance under division (C)(1) of this section, if the municipal corporation intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the legislative authority of the municipal corporation shall conduct a public hearing on the proposed ordinance. Not later than thirty days prior to the public hearing, the legislative authority shall give notice of the public hearing and the proposed ordinance by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed ordinance. The notice shall include a map of the proposed incentive district on which the legislative authority of the municipal corporation shall have delineated an overlay. The notice shall inform the property owner of the owner's right to exclude the owner's property from the incentive district if the owner's entire parcel of property will not be located within the overlay, by submitting a written response in accordance with division (C)(2)(b) of this section. The notice also shall include information detailing the required contents of the response, the address to which the response may be mailed, and the deadline for submitting the response.

(b) Any owner of real property located within the boundaries of an incentive district proposed under division (C)(1) of this section whose entire parcel of property is not located within the overlay may exclude the property from the proposed incentive district by submitting a written response to the legislative authority of the municipal corporation not later than forty-five
days after the postmark date on the notice required under division (C)(2)(a) of this section. The response shall be sent by first class mail or delivered in person at a public hearing held by the legislative authority under division (C)(2)(a) of this section. The response shall conform to any content requirements that may be established by the municipal corporation and included in the notice provided under division (C)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the ordinance, or by other means allowing the identity of the parcel to be ascertained.

(c) Before adopting an ordinance under division (C)(1) of this section, the legislative authority of a municipal corporation shall amend the ordinance to exclude any parcel located wholly or partly outside the overlay for which a written response has been submitted under division (C)(2)(b) of this section. A municipal corporation shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district under this division may be exempted from taxation under division (B) of this section pursuant to an ordinance adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) An ordinance adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The ordinance also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the ordinance. The...
project identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for commercial or industrial purposes. Except as otherwise permitted under that division, the service payments provided for in section 5709.42 of the Revised Code shall be used to finance the designated public infrastructure improvements, for the purpose described in division (D)(1), (E), or (F) of this section, or as provided in section 5709.43 of the Revised Code.

An ordinance adopted under division (C)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.42 of the Revised Code and received by the municipal corporation under the ordinance shall be used for police or fire equipment.

(b) An ordinance adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.42 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the ordinance also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The ordinance shall designate the parcels within the district that are eligible for housing renovation. The ordinance shall state separately the amounts or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the general purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located,
and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (D) of this section.

(D)(1) If the ordinance declaring improvements to a parcel to be a public purpose or creating an incentive district specifies that payments in lieu of taxes provided for in section 5709.42 of the Revised Code shall be paid to the city, local, or exempted village, and joint vocational school district in which the parcel or incentive district is located in the amount of the taxes that would have been payable to the school district if the improvements had not been exempted from taxation, the percentage of the improvement that may be exempted from taxation may exceed seventy-five per cent, and the exemption may be granted for up to thirty years, without the approval of the board of education as otherwise required under division (D)(2) of this section.

(2) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval under this paragraph of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvement exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting an ordinance under this section declaring improvements to be a public purpose that is subject to division (E) of this section.
approval by a board of education under this division, the legislative authority shall deliver to the board of education a notice stating its intent to adopt an ordinance making that declaration. The notice regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvement that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The notice regarding improvements to parcels within an incentive district under division (C) of this section shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the legislative authority intends to adopt the ordinance. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the legislative authority and the board negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvement in excess of seventy-five per cent were that
portion to be subject to taxation, or other mutually agreeable compensation. If an agreement is negotiated between the legislative authority and the board to compensate the school district for all or part of the taxes exempted, including agreements for payments in lieu of taxes under section 5709.42 of the Revised Code, the legislative authority shall compensate the joint vocational school district within which the parcel or district is located at the same rate and under the same terms received by the city, local, or exempted village school district.

(3) The board of education shall certify its resolution to the legislative authority not later than fourteen days prior to the date the legislative authority intends to adopt the ordinance as indicated in the notice. If the board of education and the legislative authority negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for the number of years specified in the ordinance or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. In either case, if the board and the legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board fails to certify a resolution to the legislative authority within the time prescribed by this division, the legislative authority thereupon may adopt the ordinance and may declare the improvements a public purpose for up to thirty years, or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the ordinance. The legislative authority may adopt the ordinance at any time after the board of education certifies its resolution approving the exemption to the legislative authority, or, if the board approves the exemption on the condition that a mutually acceptable compensation agreement be
negotiated, at any time after the compensation agreement is agreed to by the board and the legislative authority.

(4) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of exemptions by the board is not required under division (D) of this section. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under division (D) of this section fewer than forty-five business days prior to the legislative authority's adoption of the ordinance, the legislative authority shall deliver the notice to the board not later than the number of days prior to such adoption as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve agreements or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall certify notice of the rescission to the legislative authority.

(5) If the legislative authority is not required by division (D) of this section to notify the board of education of the legislative authority's intent to declare improvements to be a public purpose, the legislative authority shall comply with the notice requirements imposed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(6) Nothing in division (D) of this section prohibits the legislative authority of a municipal corporation from amending the ordinance or resolution under section 5709.51 of the Revised Code to extend the term of the exemption.

(E)(1) If a proposed ordinance under division (C)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of
the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the ordinance, the legislative authority of the municipal corporation shall deliver to the board of county commissioners of the county within which the incentive district will be located a notice that states its intent to adopt an ordinance creating an incentive district. The notice shall include a copy of the proposed ordinance, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the legislative authority intends to adopt the ordinance.

(2) The board of county commissioners, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of county commissioners objects, the board may negotiate a mutually acceptable compensation agreement with the legislative authority. In no case shall the compensation provided to the board exceed the property taxes forgone due to the exemption. If the board of county commissioners objects, and the board and legislative authority fail to negotiate a mutually acceptable compensation agreement, the ordinance adopted under division (C)(1) of this section shall provide to the board compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the county or, if the board's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county, on the portion of the
improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the legislative authority not later than thirty days after receipt of the notice.

(3) If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the legislative authority may adopt the ordinance, and no compensation shall be provided to the board of county commissioners. If the board timely certifies its resolution objecting to the ordinance, the legislative authority may adopt the ordinance at any time after a mutually acceptable compensation agreement is agreed to by the board and the legislative authority, or, if no compensation agreement is negotiated, at any time after the legislative authority agrees in the proposed ordinance to provide compensation to the board of fifty per cent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(F) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and which are provided pursuant to an ordinance creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, or a later date as specified in this division, shall be distributed to the appropriate taxing authority as required under division (C) of section 5709.42 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of
such renewal or replacement levy that would have been payable to
that taxing authority from the following levies were it not for
the exemption authorized under division (C) of this section:

(1) A tax levied under division (L) of section 5705.19 or
section 5705.191 or 5705.222 of the Revised Code for community
developmental disabilities programs and services pursuant to
Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the
Revised Code for providing or maintaining senior citizens services
or facilities;

(3) A tax levied under section 5705.22 of the Revised Code
for county hospitals;

(4) A tax levied by a joint-county district or by a county
under section 5705.19, 5705.191, or 5705.221 of the Revised Code
for alcohol, drug addiction, and mental health services or
facilities;

(5) A tax levied under section 5705.23 of the Revised Code
for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code
for the support of children services and the placement and care of
children;

(7) A tax levied under division (Z) of section 5705.19 of the
Revised Code for the provision and maintenance of zoological park
services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of
section 5705.19 of the Revised Code for the support of township
park districts;

(9) A tax levied under division (A), (F), or (H) of section
5705.19 of the Revised Code for parks and recreational purposes of
a joint recreation district organized pursuant to division (B) of
(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(13) A tax levied by a township under section 505.39, division (I) of section 5705.19, or division (JJ) of section 5705.19 of the Revised Code to the extent the proceeds are used for the purposes described in division (I) of that section, for the purpose of funding fire, emergency medical, and ambulance services as described in that section and those divisions. Division (F)(13) of this section applies only if the township levying the tax provides fire, emergency medical, or ambulance services in the incentive district, and only to incentive districts created by an ordinance adopted on or after the effective date of the amendment of this section by H.B. 69 of the 132nd general assembly, March 23, 2018. The board of township trustees may, by resolution, waive the application of this division or negotiate with the municipal corporation that created the district for a lesser amount of payments in lieu of taxes.

(G) An exemption from taxation granted under this section commences with the tax year specified in the ordinance so long as the year specified in the ordinance commences after the effective date of the ordinance. If the ordinance specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax
list and duplicate of real and public utility property and that
commences after the effective date of the ordinance. In lieu of
stating a specific year, the ordinance may provide that the
exemption commences in the tax year in which the value of an
improvement exceeds a specified amount or in which the
construction of one or more improvements is completed, provided
that such tax year commences after the effective date of the
ordinance. With respect to the exemption of improvements to
parcels under division (B) of this section, the ordinance may
allow for the exemption to commence in different tax years on a
parcel-by-parcel basis, with a separate exemption term specified
for each parcel.

Except as otherwise provided in this division or section
5709.51 of the Revised Code, the exemption ends on the date
specified in the ordinance as the date the improvement ceases to
be a public purpose or the incentive district expires, or ends on
the date on which the public infrastructure improvements and
housing renovations are paid in full from the municipal public
improvement tax increment equivalent fund established under
division (A) of section 5709.43 of the Revised Code, whichever
occurs first. The exemption of an improvement with respect to a
parcel or within an incentive district may end on a later date, as
specified in the ordinance, if the legislative authority and the
board of education of the city, local, or exempted village school
district within which the parcel or district is located have
entered into a compensation agreement under section 5709.82 of the
Revised Code with respect to the improvement, and the board of
education has approved the term of the exemption under division
(D)(2) of this section, but in no case shall the improvement be
exempted from taxation for more than thirty years. Exemptions
shall be claimed and allowed in the same manner as in the case of
other real property exemptions. If an exemption status changes
during a year, the procedure for the apportionment of the taxes
for that year is the same as in the case of other changes in tax exemption status during the year.

(H) Additional municipal financing of public infrastructure improvements and housing renovations may be provided by any methods that the municipal corporation may otherwise use for financing such improvements or renovations. If the municipal corporation issues bonds or notes to finance the public infrastructure improvements and housing renovations and pledges money from the municipal public improvement tax increment equivalent fund to pay the interest on and principal of the bonds or notes, the bonds or notes are not subject to Chapter 133. of the Revised Code.

(I) The municipal corporation, not later than fifteen days after the adoption of an ordinance under this section, shall submit to the director of development services a copy of the ordinance. On or before the thirty-first day of March of each year, the municipal corporation shall submit a status report to the director of development services. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that an exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the funds created under section 5709.43 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with such expenditures; and a quantitative summary of changes in employment and private investment resulting from each project.

(J) Nothing in this section shall be construed to prohibit a legislative authority from declaring to be a public purpose improvements with respect to more than one parcel.

(K) If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received from leases of real
property as described in division (L)(2) of section 349.01 of the
Revised Code, the parcel may not be exempted from taxation under
this section.

Sec. 5709.41. (A) As used in this section:

(1) "Business day" means a day of the week excluding
Saturday, Sunday, and a legal holiday as defined under section
1.14 of the Revised Code.

(2) "Improvement" means the increase in assessed value of any
parcel of property subsequent to the acquisition of the parcel by
a municipal corporation engaged in urban redevelopment.

(B) The legislative authority of a municipal corporation, by
ordinance, may declare to be a public purpose any improvement to a
parcel of real property if both of the following apply:

(1) The municipal corporation held fee title to the parcel
prior to the adoption of the ordinance;

(2) The parcel is leased, or the fee of the parcel is
conveyed, to any person either before or after adoption of the
ordinance.

Improvements used or to be used for residential purposes may
be declared a public purpose under this section only if the parcel
is located in a blighted area of an impacted city as those terms
are defined in section 1728.01 of the Revised Code. For this
purpose, "parcel that is used or to be used for residential
purposes" means a parcel that, as improved, is used or to be used
for purposes that would cause the tax commissioner to classify the
parcel as residential property in accordance with rules adopted by
the commissioner under section 5713.041 of the Revised Code.

(C) Except as otherwise provided in division (C)(1), (2), or
(3) of this section, not more than seventy-five per cent of an
improvement thus declared to be a public purpose may be exempted
from real property taxation. The ordinance shall specify the
percentage of the improvement to be exempted from taxation. If a
parcel is located in a new community district in which the new
community authority imposes a community development charge on the
basis of rentals received from leases of real property as
described in division (L)(2) of section 349.01 of the Revised
Code, the parcel may not be exempted from taxation under this
section.

(1) If the ordinance declaring improvements to a parcel to be
a public purpose specifies that payments in lieu of taxes provided
for in section 5709.42 of the Revised Code shall be paid to the
city, local, or exempted village school district in which the
parcel is located in the amount of the taxes that would have been
payable to the school district if the improvements had not been
exempted from taxation, the percentage of the improvement that may
be exempted from taxation may exceed seventy-five per cent, and
the exemption may be granted for up to thirty years, without the
approval of the board of education as otherwise required under
division (C)(2) of this section.

(2) Improvements may be exempted from taxation for up to ten
years or, with the approval of the board of education of the city,
local, or exempted village school district within the territory of
which the improvements are or will be located, for up to thirty
years. The percentage of the improvement exempted from taxation
may, with such approval, exceed seventy-five per cent, but shall
not exceed one hundred per cent. Not later than forty-five
business days prior to adopting an ordinance under this section,
the legislative authority shall deliver to the board of education
a notice stating its intent to declare improvements to be a public
purpose under this section. The notice shall describe the parcel
and the improvements, provide an estimate of the true value in
money of the improvements, specify the period for which the
improvements would be exempted from taxation and the percentage of
the improvements that would be exempted, and indicate the date on
which the legislative authority intends to adopt the ordinance. 41735
The board of education, by resolution adopted by a majority of the
board, may approve the exemption for the period or for the
exemption percentage specified in the notice, may disapprove the
exemption for the number of years in excess of ten, may disapprove
the exemption for the percentage of the improvements to be
exempted in excess of seventy-five per cent, or both, or may
approve the exemption on the condition that the legislative
authority and the board negotiate an agreement providing for
compensation to the school district equal in value to a percentage
of the amount of taxes exempted in the eleventh and subsequent
years of the exemption period, or, in the case of exemption
percentages in excess of seventy-five per cent, compensation equal
in value to a percentage of the taxes that would be payable on the
portion of the improvement in excess of seventy-five per cent were
that portion to be subject to taxation. The board of education
shall certify its resolution to the legislative authority not
later than fourteen days prior to the date the legislative
authority intends to adopt the ordinance as indicated in the
notice. If the board of education approves the exemption on the
condition that a compensation agreement be negotiated, the board
in its resolution shall propose a compensation percentage. If the
board of education and the legislative authority negotiate a
mutually acceptable compensation agreement, the ordinance may
declare the improvements a public purpose for the number of years
specified in the ordinance or, in the case of exemption
percentages in excess of seventy-five per cent, for the exemption
percentage specified in the ordinance. In either case, if the
board and the legislative authority fail to negotiate a mutually
acceptable compensation agreement, the ordinance may declare the
improvements a public purpose for not more than ten years, but
shall not exempt more than seventy-five per cent of the improvements from taxation. If the board fails to certify a resolution to the legislative authority within the time prescribed by this division, the legislative authority thereupon may adopt the ordinance and may declare the improvements a public purpose for up to thirty years. The legislative authority may adopt the ordinance at any time after the board of education certifies its resolution approving the exemption to the legislative authority, or, if the board approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board and the legislative authority. If a mutually acceptable compensation agreement is negotiated between the legislative authority and the board, including agreements for payments in lieu of taxes under section 5709.42 of the Revised Code, the legislative authority shall compensate the joint vocational school district within the territory of which the improvements are or will be located at the same rate and under the same terms received by the city, local, or exempted village school district.

(3) If a board of education has adopted a resolution waiving its right to approve exemptions from taxation and the resolution remains in effect, approval of exemptions by the board is not required under this division. If a board of education has adopted a resolution allowing a legislative authority to deliver the notice required under this division fewer than forty-five business days prior to the legislative authority's adoption of the ordinance, the legislative authority shall deliver the notice to the board not later than the number of days prior to such adoption as prescribed by the board in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board shall certify a copy of the resolution to the legislative authority. If the board of education rescinds such a resolution, it shall
(4) If the legislative authority is not required by division (C)(1), (2), or (3) of this section to notify the board of education of the legislative authority's intent to declare improvements to be a public purpose, the legislative authority shall comply with the notice requirements imposed under section 5709.83 of the Revised Code, unless the board has adopted a resolution under that section waiving its right to receive such a notice.

(5) Nothing in division (C) of this section prohibits the legislative authority of a municipal corporation from amending the ordinance or resolution under section 5709.51 of the Revised Code to extend the term of the exemption.

(D) The exemption commences on the effective date of the ordinance and ends on the date specified in the ordinance as the date the improvement ceases to be a public purpose. The exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(E) A municipal corporation, not later than fifteen days after the adoption of an ordinance granting a tax exemption under this section, shall submit to the director of development a copy of the ordinance. On or before the thirty-first day of March each year, the municipal corporation shall submit a status report to the director of development outlining the progress of the project during each year that the exemption remains in effect.

Sec. 5709.51. (A) The legislative authority of a municipal corporation, a board of township trustees, or a board of county commissioners may amend an ordinance or resolution adopted in
accordance with division (B) of section 5709.40, section 5709.41, division (B) of section 5709.73, or division (A) of section 5709.78 of the Revised Code, as applicable, to extend the exemption from taxation of improvements to the parcel or parcels designated in the ordinance or resolution for an additional period of not more than thirty years if all of the following conditions are met:

(1) The service payments made pursuant to section 5709.42, 5709.74, or 5709.79 of the Revised Code by the owner or owners of the parcel or parcels designated in the ordinance or resolution exceeded one million five hundred thousand dollars in the calendar year preceding the adoption of the amendment.

(2) The service payments described in division (A)(1) of this section did not exceed one million five hundred thousand dollars in any calendar year before the calendar year immediately preceding the adoption of the amendment. This condition applies only to amendments adopted under this section on or after January 1, 2021.

(3) The amendment extending the exemption provides for compensation to the city, local, or exempted village school district in which the parcel or parcels are located equal in value to the amount of taxes that would be payable to the school district if the improvements had not been exempted from taxation for the additional period.

(B) Not later than fifteen days after amending an ordinance or resolution under this section, the legislative authority of the municipal corporation, board of township trustees, or board of county commissioners shall send a copy of the amendment to the director of development services.

Sec. 5709.73. (A) As used in this section and section 5709.74 of the Revised Code:
(1) "Business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined in section 1.14 of the Revised Code.

(2) "Further improvements" or "improvements" means the increase in the assessed value of real property that would first appear on the tax list and duplicate of real and public utility property after the effective date of a resolution adopted under this section were it not for the exemption granted by that resolution. For purposes of division (B) of this section, "improvements" do not include any property used or to be used for residential purposes. For this purpose, "property that is used or to be used for residential purposes" means property that, as improved, is used or to be used for purposes that would cause the tax commissioner to classify the property as residential property in accordance with rules adopted by the commissioner under section 5713.041 of the Revised Code.

(3) "Housing renovation" means a project carried out for residential purposes.

(4) "Incentive district" has the same meaning as in section 5709.40 of the Revised Code, except that a blighted area is in the unincorporated area of a township.

(5) "Overlay" has the same meaning as in section 5709.40 of the Revised Code, except that the overlay is delineated by the board of township trustees.

(6) "Project" and "public infrastructure improvement" have the same meanings as in section 5709.40 of the Revised Code.

(B) A board of township trustees may, by unanimous vote, adopt a resolution that declares to be a public purpose any public infrastructure improvements made that are necessary for the development of certain parcels of land located in the unincorporated area of the township. Except with the approval as
otherwise provided under division (D) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located or section 5709.51 of the Revised Code, the resolution may exempt from real property taxation not more than seventy-five per cent of further improvements to a parcel of land that directly benefits from the public infrastructure improvements, for a period of not more than ten years. The resolution shall specify the percentage of the further improvements to be exempted and the life of the exemption.

(C)(1) A board of township trustees may adopt, by unanimous vote, a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (C)(2) of this section, exempt from taxation as provided in this section, but no board of township trustees of a township that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt a resolution that creates an incentive district if the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the township that would have been taxable in the preceding year were it not for the fact that the property was in an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the township for the preceding tax year. The district shall be located within the unincorporated area of the township and shall not include any territory that is included within a district created under division (B) of section 5709.78 of the Revised Code. The resolution shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel that is or has been exempted from taxation under division (B) of this section or that is or has been within another district created under this division. A resolution may create more
than one such district, and more than one resolution may be
adopted under division (C)(1) of this section.

(2)(a) Not later than thirty days prior to adopting a
resolution under division (C)(1) of this section, if the township
intends to apply for exemptions from taxation under section
5709.911 of the Revised Code on behalf of owners of real property
located within the proposed incentive district, the board shall
counter a public hearing on the proposed resolution. Not later
than thirty days prior to the public hearing, the board shall give
notice of the public hearing and the proposed resolution by first
class mail to every real property owner whose property is located
within the boundaries of the proposed incentive district that is
the subject of the proposed resolution. The notice shall include a
map of the proposed incentive district on which the board of
township trustees shall have delineated an overlay. The notice
shall inform the property owner of the owner's right to exclude
the owner's property from the incentive district if both of the
following conditions are met:

(i) The owner's entire parcel of property will not be located
within the overlay.

(ii) The owner has submitted a statement to the board of
county commissioners of the county in which the parcel is located
indicating the owner's intent to seek a tax exemption for
improvements to the owner's parcel under division (A) or (B) of
section 5709.78 of the Revised Code within the next five years.

When both of the preceding conditions are met, the owner may
exclude the owner's property from the incentive district by
submitting a written response in accordance with division
(C)(2)(b) of this section. The notice also shall include
information detailing the required contents of the response, the
address to which the response may be mailed, and the deadline for
submitting the response.
(b) Any owner of real property located within the boundaries of an incentive district proposed under division (C)(1) of this section who meets the conditions specified in divisions (C)(2)(a)(i) and (ii) of this section may exclude the property from the proposed incentive district by submitting a written response to the board not later than forty-five days after the postmark date on the notice required under division (C)(2)(a) of this section. The response shall include a copy of the statement submitted under division (C)(2)(a)(ii) of this section. The response shall be sent by first class mail or delivered in person at a public hearing held by the board under division (C)(2)(a) of this section. The response shall conform to any content requirements that may be established by the board and included in the notice provided under division (C)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the resolution, or by other means allowing the identity of the parcel to be ascertained.

(c) Before adopting a resolution under division (C)(1) of this section, the board shall amend the resolution to exclude any parcel for which a written response has been submitted under division (C)(2)(b) of this section. A township shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district under this division may be exempted from taxation under division (B) of this section pursuant to a resolution adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) A resolution adopted under division (C)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the
public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The resolution also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the resolution. The project identified may, but need not be, the project under division (C)(3)(b) of this section that places real property in use for commercial or industrial purposes.

A resolution adopted under division (C)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and, except as provided in division (F) of this section, no service payment provided for in section 5709.74 of the Revised Code and received by the township under the resolution shall be used for police or fire equipment.

(b) A resolution adopted under division (C)(1) of this section may authorize the use of service payments provided for in section 5709.74 of the Revised Code for the purpose of housing renovations within the incentive district, provided that the resolution also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

(4) Except with the approval of the board of education of
each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (E) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (D) of this section.

(D) Improvements with respect to a parcel may be exempted from taxation under division (B) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (C) of this section, for up to ten years or, with the approval of the board of education of the city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvements exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per cent. Not later than forty-five business days prior to adopting a resolution under this section declaring improvements to be a public purpose that is subject to approval by a board of education under this division, the board of township trustees shall deliver to the board of education a notice stating its intent to adopt a resolution making that declaration. The notice regarding improvements with respect to a parcel under division (B) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution. The notice regarding improvements made under division...
(C) of this section to parcels within an incentive district shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of township trustees intends to adopt the resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the board of township trustees and the board of education negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvements in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation.

The board of education shall certify its resolution to the board of township trustees not later than fourteen days prior to the date the board of township trustees intends to adopt the resolution as indicated in the notice. If the board of education and the board of township trustees negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for the number of years specified in the resolution or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified...
in the resolution. In either case, if the board of education and the board of township trustees fail to negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board of education fails to certify a resolution to the board of township trustees within the time prescribed by this section, the board of township trustees thereupon may adopt the resolution and may declare the improvements a public purpose for up to thirty years or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of township trustees may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of township trustees, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation agreement is agreed to by the board of education and the board of township trustees. If a mutually acceptable compensation agreement is negotiated between the board of township trustees and the board of education, including agreements for payments in lieu of taxes under section 5709.74 of the Revised Code, the board of township trustees shall compensate the joint vocational school district within which the parcel or district is located at the same rate and under the same terms received by the city, local, or exempted village school district.

If a board of education has adopted a resolution waiving its right to approve exemptions from taxation under this section and the resolution remains in effect, approval of such exemptions by the board of education is not required under division (D) of this section. If a board of education has adopted a resolution allowing a board of township trustees to deliver the notice required under
division (D) of this section fewer than forty-five business days prior to adoption of the resolution by the board of township trustees, the board of township trustees shall deliver the notice to the board of education not later than the number of days prior to the adoption as prescribed by the board of education in its resolution. If a board of education adopts a resolution waiving its right to approve exemptions or shortening the notification period, the board of education shall certify a copy of the resolution to the board of township trustees. If the board of education rescinds the resolution, it shall certify notice of the rescission to the board of township trustees.

If the board of township trustees is not required by division (D) of this section to notify the board of education of the board of township trustees' intent to declare improvements to be a public purpose, the board of township trustees shall comply with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt the resolution making that declaration, unless the board of education has adopted a resolution under that section waiving its right to receive the notice.

Nothing in this division prohibits the board of township trustees from amending the resolution under section 5709.51 of the Revised Code to extend the term of the exemption.

(E)(1) If a proposed resolution under division (C)(1) of this section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the resolution the board of township trustees shall deliver to the board of county commissioners of the county within which the incentive district is or will be located a notice that states its intent to adopt a resolution creating an incentive district.
notice shall include a copy of the proposed resolution, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the board of township trustees intends to adopt the resolution.

(2) The board of county commissioners, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of county commissioners objects, the board may negotiate a mutually acceptable compensation agreement with the board of township trustees. In no case shall the compensation provided to the board of county commissioners exceed the property taxes foregone due to the exemption. If the board of county commissioners objects, and the board of county commissioners and board of township trustees fail to negotiate a mutually acceptable compensation agreement, the resolution adopted under division (C)(1) of this section shall provide to the board of county commissioners compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the county or, if the board of county commissioner's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the county, on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of county commissioners shall certify its resolution to the board of township trustees not later than thirty days after receipt of the notice.
If the board of county commissioners does not object or fails to certify its resolution objecting to an exemption within thirty days after receipt of the notice, the board of township trustees may adopt its resolution, and no compensation shall be provided to the board of county commissioners. If the board of county commissioners timely certifies its resolution objecting to the trustees' resolution, the board of township trustees may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees, or, if no compensation agreement is negotiated, at any time after the board of township trustees agrees in the proposed resolution to provide compensation to the board of county commissioners of fifty percent of the taxes that would be payable to the county in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five percent, were that portion to be subject to taxation.

(F) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal levy with an increase or a replacement levy exceeds the effective tax rate of the levy renewed or replaced, or that are attributable to an additional levy, for a levy authorized by the voters for any of the following purposes on or after January 1, 2006, and which are provided pursuant to a resolution creating an incentive district under division (C)(1) of this section that is adopted on or after January 1, 2006, or a later date as specified in this division, shall be distributed to the appropriate taxing authority as required under division (C) of section 5709.74 of the Revised Code in an amount equal to the amount of taxes from that additional levy or from the increase in the effective tax rate of such renewal or replacement levy that would have been payable to that taxing authority from the following levies were it not for the exemption authorized under division (C) of this section:
(1) A tax levied under division (L) of section 5705.19 or section 5705.191 or 5705.222 of the Revised Code for community developmental disabilities programs and services pursuant to Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the Revised Code for providing or maintaining senior citizens services or facilities;

(3) A tax levied under section 5705.22 of the Revised Code for county hospitals;

(4) A tax levied by a joint-county district or by a county under section 5705.19, 5705.191, or 5705.221 of the Revised Code for alcohol, drug addiction, and mental health services or families;

(5) A tax levied under section 5705.23 of the Revised Code for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code for the support of children services and the placement and care of children;

(7) A tax levied under division (Z) of section 5705.19 of the Revised Code for the provision and maintenance of zoological park services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of section 5705.19 of the Revised Code for the support of township park districts;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;
(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program;

(13) A tax levied by a township under section 505.39, 505.51, or division (I), (J), (U), or (JJ) of section 5705.19 of the Revised Code for the purpose of funding fire, police, emergency medical, or ambulance services as described in those sections. Division (F)(13) of this section applies only to incentive districts created by a resolution adopted on or after March 22, 2019, the effective date of the amendment of this section by H.B. 500 of the 132nd general assembly, and only if that resolution specifies that division (F) of this section shall apply to such a tax.

(G) An exemption from taxation granted under this section commences with the tax year specified in the resolution so long as the year specified in the resolution commences after the effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the resolution. In lieu of stating a specific year, the resolution may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the construction of one or more improvements is completed, provided that such tax year commences after the effective date of the resolution. With respect to the exemption of improvements to parcels under division (B) of this section, the resolution may
allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel.

Except as otherwise provided in this division and section 5709.51 of the Revised Code, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the public infrastructure improvements and housing renovations are paid in full from the township public improvement tax increment equivalent fund established under section 5709.75 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the resolution, if the board of township trustees and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement and the board of education has approved the term of the exemption under division (D) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. The board of township trustees may, by majority vote, adopt a resolution permitting the township to enter into such agreements as the board finds necessary or appropriate to provide for the construction or undertaking of public infrastructure improvements and housing renovations. Any exemption shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(H) The board of township trustees may issue the notes of the
township to finance all costs pertaining to the construction or
undertaking of public infrastructure improvements and housing
renovations made pursuant to this section. The notes shall be
signed by the board and attested by the signature of the township
fiscal officer, shall bear interest not to exceed the rate
provided in section 9.95 of the Revised Code, and are not subject
to Chapter 133. of the Revised Code. The resolution authorizing
the issuance of the notes shall pledge the funds of the township
public improvement tax increment equivalent fund established
pursuant to section 5709.75 of the Revised Code to pay the
interest on and principal of the notes. The notes, which may
contain a clause permitting prepayment at the option of the board,
shall be offered for sale on the open market or given to the
vendor or contractor if no sale is made.

(I) The township, not later than fifteen days after the
adoption of a resolution under this section, shall submit to the
director of development services a copy of the resolution. On or
before the thirty-first day of March of each year, the township
shall submit a status report to the director of development
services. The report shall indicate, in the manner prescribed by
the director, the progress of the project during each year that
the exemption remains in effect, including a summary of the
receipts from service payments in lieu of taxes; expenditures of
money from the fund created under section 5709.75 of the Revised
Code; a description of the public infrastructure improvements and
housing renovations financed with the expenditures; and a
quantitative summary of changes in private investment resulting
from each project.

(J) Nothing in this section shall be construed to prohibit a
board of township trustees from declaring to be a public purpose
improvements with respect to more than one parcel.

If a parcel is located in a new community district in which
the new community authority imposes a community development charge on the basis of rentals received from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

(K) A board of township trustees that adopted a resolution under this section prior to July 21, 1994, may amend that resolution to include any additional public infrastructure improvement. A board of township trustees that seeks by the amendment to utilize money from its township public improvement tax increment equivalent fund for land acquisition in aid of industry, commerce, distribution, or research, demolition on private property, or stormwater and flood remediation projects may do so provided that the board currently is a party to a hold-harmless agreement with the board of education of the city, local, or exempted village school district within the territory of which are located the parcels that are subject to an exemption. For the purposes of this division, a "hold-harmless agreement" means an agreement under which the board of township trustees agrees to compensate the school district for one hundred per cent of the tax revenue that the school district would have received from further improvements to parcels designated in the resolution were it not for the exemption granted by the resolution.

(L) Notwithstanding the limitation prescribed by division (D) of this section on the number of years that improvements to a parcel or parcels may be exempted from taxation, a board of trustees of a township with a population of fifteen thousand or more may amend a resolution originally adopted under this section before December 31, 1994, to extend the exemption of improvements to the parcel or parcels included in such resolution for an additional period not to exceed fifteen years. The amendment shall not increase the percentage of improvements to the parcel or
parcels exempted from taxation. Before adopting an amendment authorized under this division, the board of township trustees shall obtain the approval of each board of education of the city, local, or exempted village school district within which the exempted parcels are located in the manner required under division (D) of this section, except that (1) the board of education may approve the exemption on the condition that the board of township trustees and the board of education negotiate an agreement providing for compensation to the school district equal in value to the amount of taxes the district forgoes in each year the exemption is extended pursuant to this division or any other mutually agreeable compensation and (2) if the board of education fails to certify a resolution approving the amendment to the board of township trustees within the time prescribed by division (D) of this section, the board of township trustees shall not adopt the amendment authorized under this division.

No approval under this division shall be required from a board of education that has adopted a resolution waiving its right to approve exemptions from taxation pursuant to division (D) of this section. If the board of education has adopted such a resolution, the board of township trustees shall comply with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt an amendment authorized under this division unless the board of education has adopted a resolution under that section waiving its right to receive the notice. Not later than fourteen days before adopting an amendment authorized under this division, the board of township trustees shall deliver a notice identical to a notice required under section 5709.83 of the Revised Code to the board of county commissioners of each county in which the exempted parcels are located.

**Sec. 5709.78.** (A) A board of county commissioners may, by
resolution, declare improvements to certain parcels of real property located in the unincorporated territory of the county to be a public purpose. Except with the approval as otherwise provided under division (C) of this section of the board of education of each city, local, or exempted village school district within which the improvements are located or section 5709.51 of the Revised Code, not more than seventy-five per cent of an improvement thus declared to be a public purpose may be exempted from real property taxation, for a period of not more than ten years. The resolution shall specify the percentage of the improvement to be exempted and the life of the exemption.

A resolution adopted under this division shall designate the specific public infrastructure improvements made, to be made, or in the process of being made by the county that directly benefit, or that once made will directly benefit, the parcels for which improvements are declared to be a public purpose. The service payments provided for in section 5709.79 of the Revised Code shall be used to finance the public infrastructure improvements designated in the resolution, or as provided in section 5709.80 of the Revised Code.

(B)(1) A board of county commissioners may adopt a resolution creating an incentive district and declaring improvements to parcels within the district to be a public purpose and, except as provided in division (B)(2) of this section, exempt from taxation as provided in this section, but no board of county commissioners of a county that has a population that exceeds twenty-five thousand, as shown by the most recent federal decennial census, shall adopt a resolution that creates an incentive district if the sum of the taxable value of real property in the proposed district for the preceding tax year and the taxable value of all real property in the county that would have been taxable in the preceding year were it not for the fact that the property was in
an existing incentive district and therefore exempt from taxation exceeds twenty-five per cent of the taxable value of real property in the county for the preceding tax year. The district shall be located within the unincorporated territory of the county and shall not include any territory that is included within a district created under division (C) of section 5709.73 of the Revised Code. The resolution shall delineate the boundary of the proposed district and specifically identify each parcel within the district. A proposed district may not include any parcel that is or has been exempted from taxation under division (A) of this section or that is or has been within another district created under this division. A resolution may create more than one such district, and more than one resolution may be adopted under division (B)(1) of this section.

(2)(a) Not later than thirty days prior to adopting a resolution under division (B)(1) of this section, if the county intends to apply for exemptions from taxation under section 5709.911 of the Revised Code on behalf of owners of real property located within the proposed incentive district, the board of county commissioners shall conduct a public hearing on the proposed resolution. Not later than thirty days prior to the public hearing, the board shall give notice of the public hearing and the proposed resolution by first class mail to every real property owner whose property is located within the boundaries of the proposed incentive district that is the subject of the proposed resolution. The board also shall provide the notice by first class mail to the clerk of each township in which the proposed incentive district will be located. The notice shall include a map of the proposed incentive district on which the board of county commissioners shall have delineated an overlay. The notice shall inform property owners of the owner's right to exclude the owner's property from the incentive district if both of the following conditions are met:
(i) The owner's entire parcel of property will not be located within the overlay.

(ii) The owner has submitted a statement to the board of township trustees of the township in which the parcel is located indicating the owner's intent to seek a tax exemption for improvements to the owner's parcel under division (B) or (C) of section 5709.73 of the Revised Code within the next five years.

When both of the preceding conditions are met, the owner may exclude the owner's property from the incentive district by submitting a written response in accordance with division (B)(2)(b) of this section. The notice also shall include information detailing the required contents of the response, the address to which the response may be mailed, and the deadline for submitting the response.

(b) Any owner of real property located within the boundaries of an incentive district proposed under division (B) (1) of this section who meets the conditions specified in divisions (B)(2)(a)(i) and (ii) of this section may exclude the property from the proposed incentive district by submitting a written response to the board not later than forty-five days after the postmark date on the notice required under division (B)(2)(a) of this section. The response shall include a copy of the statement submitted under division (B)(2)(a)(ii) of this section. The response shall be sent by first class mail or delivered in person at a public hearing held by the board under division (B)(2)(a) of this section. The response shall conform to any content requirements that may be established by the board and included in the notice provided under division (B)(2)(a) of this section. In the response, property owners may identify a parcel by street address, by the manner in which it is identified in the resolution, or by other means allowing the identity of the parcel to be ascertained.
(c) Before adopting a resolution under division (B)(1) of this section, the board shall amend the resolution to exclude any parcel for which a written response has been submitted under division (B)(2)(b) of this section. A county shall not apply for exemptions from taxation under section 5709.911 of the Revised Code for any such parcel, and service payments may not be required from the owner of the parcel. Improvements to a parcel excluded from an incentive district under this division may be exempted from taxation under division (A) of this section pursuant to a resolution adopted under that division or under any other section of the Revised Code under which the parcel qualifies.

(3)(a) A resolution adopted under division (B)(1) of this section shall specify the life of the incentive district and the percentage of the improvements to be exempted, shall designate the public infrastructure improvements made, to be made, or in the process of being made, that benefit or serve, or, once made, will benefit or serve parcels in the district. The resolution also shall identify one or more specific projects being, or to be, undertaken in the district that place additional demand on the public infrastructure improvements designated in the resolution. The project identified may, but need not be, the project under division (B)(3)(b) of this section that places real property in use for commercial or industrial purposes.

A resolution adopted under division (B)(1) of this section on or after March 30, 2006, shall not designate police or fire equipment as public infrastructure improvements, and no service payment provided for in section 5709.79 of the Revised Code and received by the county under the resolution shall be used for police or fire equipment.

(b) A resolution adopted under division (B)(1) of this section may authorize the use of service payments provided for in section 5709.79 of the Revised Code for the purpose of housing.
renovations within the incentive district, provided that the resolution also designates public infrastructure improvements that benefit or serve the district, and that a project within the district places real property in use for commercial or industrial purposes. Service payments may be used to finance or support loans, deferred loans, and grants to persons for the purpose of housing renovations within the district. The resolution shall designate the parcels within the district that are eligible for housing renovations. The resolution shall state separately the amount or the percentages of the expected aggregate service payments that are designated for each public infrastructure improvement and for the purpose of housing renovations.

(4) Except with the approval of the board of education of each city, local, or exempted village school district within the territory of which the incentive district is or will be located, and subject to division (D) of this section, the life of an incentive district shall not exceed ten years, and the percentage of improvements to be exempted shall not exceed seventy-five per cent. With approval of the board of education, the life of a district may be not more than thirty years, and the percentage of improvements to be exempted may be not more than one hundred per cent. The approval of a board of education shall be obtained in the manner provided in division (C) of this section.

(C) (1) Improvements with respect to a parcel may be exempted from taxation under division (A) of this section, and improvements to parcels within an incentive district may be exempted from taxation under division (B) of this section, for up to ten years or, with the approval of the board of education of each city, local, or exempted village school district within which the parcel or district is located, for up to thirty years. The percentage of the improvements exempted from taxation may, with such approval, exceed seventy-five per cent, but shall not exceed one hundred per
cent. Not later than forty-five business days prior to adopting a resolution under this section declaring improvements to be a public purpose that is subject to the approval of a board of education under this division, the board of county commissioners shall deliver to the board of education a notice stating its intent to adopt a resolution making that declaration. The notice regarding improvements with respect to a parcel under division (A) of this section shall identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period for which the improvements would be exempted from taxation and the percentage of the improvements that would be exempted, and indicate the date on which the board of county commissioners intends to adopt the resolution. The notice regarding improvements to parcels within an incentive district under division (B) of this section shall delineate the boundaries of the district, specifically identify each parcel within the district, identify each anticipated improvement in the district, provide an estimate of the true value in money of each such improvement, specify the life of the district and the percentage of improvements that would be exempted, and indicate the date on which the board of county commissioners intends to adopt the resolution. The board of education, by resolution adopted by a majority of the board, may approve the exemption for the period or for the exemption percentage specified in the notice; may disapprove the exemption for the number of years in excess of ten, may disapprove the exemption for the percentage of the improvements to be exempted in excess of seventy-five per cent, or both; or may approve the exemption on the condition that the board of county commissioners and the board of education negotiate an agreement providing for compensation to the school district equal in value to a percentage of the amount of taxes exempted in the eleventh and subsequent years of the exemption period or, in the case of exemption
percentages in excess of seventy-five per cent, compensation equal in value to a percentage of the taxes that would be payable on the portion of the improvements in excess of seventy-five per cent were that portion to be subject to taxation, or other mutually agreeable compensation.

(2) The board of education shall certify its resolution to the board of county commissioners not later than fourteen days prior to the date the board of county commissioners intends to adopt its resolution as indicated in the notice. If the board of education and the board of county commissioners negotiate a mutually acceptable compensation agreement, the resolution of the board of county commissioners may declare the improvements a public purpose for the number of years specified in that resolution or, in the case of exemption percentages in excess of seventy-five per cent, for the exemption percentage specified in the resolution. In either case, if the board of education and the board of county commissioners fail to negotiate a mutually acceptable compensation agreement, the resolution may declare the improvements a public purpose for not more than ten years, and shall not exempt more than seventy-five per cent of the improvements from taxation. If the board of education fails to certify a resolution to the board of county commissioners within the time prescribed by this section, the board of county commissioners thereupon may adopt the resolution and may declare the improvements a public purpose for up to thirty years or, in the case of exemption percentages proposed in excess of seventy-five per cent, for the exemption percentage specified in the resolution. The board of county commissioners may adopt the resolution at any time after the board of education certifies its resolution approving the exemption to the board of county commissioners, or, if the board of education approves the exemption on the condition that a mutually acceptable compensation agreement be negotiated, at any time after the compensation
agreement is agreed to by the board of education and the board of
county commissioners. If a mutually acceptable compensation
agreement is negotiated between the board of county commissioners
and the board of education, including agreements for payments in
lieu of taxes under section 5709.79 of the Revised Code, the board
of county commissioners shall compensate the joint vocational
school district within which the parcel or district is located at
the same rate and under the same terms received by the city,
local, or exempted village school district.

(3) If a board of education has adopted a resolution waiving
its right to approve exemptions from taxation under this section
and the resolution remains in effect, approval of such exemptions
by the board of education is not required under division (C) of
this section. If a board of education has adopted a resolution
allowing a board of county commissioners to deliver the notice
required under division (C) of this section fewer than forty-five
business days prior to approval of the resolution by the board of
county commissioners, the board of county commissioners shall
deliver the notice to the board of education not later than the
number of days prior to such approval as prescribed by the board
of education in its resolution. If a board of education adopts a
resolution waiving its right to approve exemptions or shortening
the notification period, the board of education shall certify a
copy of the resolution to the board of county commissioners. If
the board of education rescinds such a resolution, it shall
certify notice of the rescission to the board of county
commissioners.

(4) Nothing in division (C) of this section prohibits the
board of county commissioners from amending the resolution under
section 5709.51 of the Revised Code to extend the term of the
exemption.

(D)(1) If a proposed resolution under division (B)(1) of this
section exempts improvements with respect to a parcel within an incentive district for more than ten years, or the percentage of the improvement exempted from taxation exceeds seventy-five per cent, not later than forty-five business days prior to adopting the resolution the board of county commissioners shall deliver to the board of township trustees of any township within which the incentive district is or will be located a notice that states its intent to adopt a resolution creating an incentive district. The notice shall include a copy of the proposed resolution, identify the parcels for which improvements are to be exempted from taxation, provide an estimate of the true value in money of the improvements, specify the period of time for which the improvements would be exempted from taxation, specify the percentage of the improvements that would be exempted from taxation, and indicate the date on which the board intends to adopt the resolution.

(2) The board of township trustees, by resolution adopted by a majority of the board, may object to the exemption for the number of years in excess of ten, may object to the exemption for the percentage of the improvement to be exempted in excess of seventy-five per cent, or both. If the board of township trustees objects, the board of township trustees may negotiate a mutually acceptable compensation agreement with the board of county commissioners. In no case shall the compensation provided to the board of township trustees exceed the property taxes forgone due to the exemption. If the board of township trustees objects, and the board of township trustees and the board of county commissioners fail to negotiate a mutually acceptable compensation agreement, the resolution adopted under division (B)(1) of this section shall provide to the board of township trustees compensation in the eleventh and subsequent years of the exemption period equal in value to not more than fifty per cent of the taxes that would be payable to the township or, if the board of township
trustee's objection includes an objection to an exemption percentage in excess of seventy-five per cent, compensation equal in value to not more than fifty per cent of the taxes that would be payable to the township on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation. The board of township trustees shall certify its resolution to the board of county commissioners not later than thirty days after receipt of the notice.

(3) If the board of township trustees does not object or fails to certify a resolution objecting to an exemption within thirty days after receipt of the notice, the board of county commissioners may adopt its resolution, and no compensation shall be provided to the board of township trustees. If the board of township trustees certifies its resolution objecting to the commissioners' resolution, the board of county commissioners may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees. If the board of township trustees certifies a resolution objecting to the commissioners' resolution, the board of county commissioners may adopt its resolution at any time after a mutually acceptable compensation agreement is agreed to by the board of county commissioners and the board of township trustees, or, if no compensation agreement is negotiated, at any time after the board of county commissioners in the proposed resolution to provide compensation to the board of township trustees of fifty per cent of the taxes that would be payable to the township in the eleventh and subsequent years of the exemption period or on the portion of the improvement in excess of seventy-five per cent, were that portion to be subject to taxation.

(E) Service payments in lieu of taxes that are attributable to any amount by which the effective tax rate of either a renewal
levy with an increase or a replacement levy exceeds the effective
tax rate of the levy renewed or replaced, or that are attributable
to an additional levy, for a levy authorized by the voters for any
of the following purposes on or after January 1, 2006, and which
are provided pursuant to a resolution creating an incentive
district under division (B)(1) of this section that is adopted on
or after January 1, 2006, shall be distributed to the appropriate
taxing authority as required under division (D) of section 5709.79
of the Revised Code in an amount equal to the amount of taxes from
that additional levy or from the increase in the effective tax
rate of such renewal or replacement levy that would have been
payable to that taxing authority from the following levies were it
not for the exemption authorized under division (B) of this
section:

(1) A tax levied under division (L) of section 5705.19 or
section 5705.191 or 5705.222 of the Revised Code for community
developmental disabilities programs and services pursuant to
Chapter 5126. of the Revised Code;

(2) A tax levied under division (Y) of section 5705.19 of the
Revised Code for providing or maintaining senior citizens services
or facilities;

(3) A tax levied under section 5705.22 of the Revised Code
for county hospitals;

(4) A tax levied by a joint-county district or by a county
under section 5705.19, 5705.191, or 5705.221 of the Revised Code
for alcohol, drug addiction, and mental health services or
facilities;

(5) A tax levied under section 5705.23 of the Revised Code
for library purposes;

(6) A tax levied under section 5705.24 of the Revised Code
for the support of children services and the placement and care of
children;

(7) A tax levied under division (Z) of section 5705.19 of the Revised Code for the provision and maintenance of zoological park services and facilities under section 307.76 of the Revised Code;

(8) A tax levied under section 511.27 or division (H) of section 5705.19 of the Revised Code for the support of township park districts;

(9) A tax levied under division (A), (F), or (H) of section 5705.19 of the Revised Code for parks and recreational purposes of a joint recreation district organized pursuant to division (B) of section 755.14 of the Revised Code;

(10) A tax levied under section 1545.20 or 1545.21 of the Revised Code for park district purposes;

(11) A tax levied under section 5705.191 of the Revised Code for the purpose of making appropriations for public assistance; human or social services; public relief; public welfare; public health and hospitalization; and support of general hospitals;

(12) A tax levied under section 3709.29 of the Revised Code for a general health district program.

(F) An exemption from taxation granted under this section commences with the tax year specified in the resolution so long as the year specified in the resolution commences after the effective date of the resolution. If the resolution specifies a year commencing before the effective date of the resolution or specifies no year whatsoever, the exemption commences with the tax year in which an exempted improvement first appears on the tax list and duplicate of real and public utility property and that commences after the effective date of the resolution. In lieu of stating a specific year, the resolution may provide that the exemption commences in the tax year in which the value of an improvement exceeds a specified amount or in which the improvement first appears on the tax list.
construction of one or more improvements is completed, provided that such tax year commences after the effective date of the resolution. With respect to the exemption of improvements to parcels under division (A) of this section, the resolution may allow for the exemption to commence in different tax years on a parcel-by-parcel basis, with a separate exemption term specified for each parcel.

Except as otherwise provided in this division, the exemption ends on the date specified in the resolution as the date the improvement ceases to be a public purpose or the incentive district expires, or ends on the date on which the county can no longer require annual service payments in lieu of taxes under section 5709.79 of the Revised Code, whichever occurs first. The exemption of an improvement with respect to a parcel or within an incentive district may end on a later date, as specified in the resolution, if the board of commissioners and the board of education of the city, local, or exempted village school district within which the parcel or district is located have entered into a compensation agreement under section 5709.82 of the Revised Code with respect to the improvement, and the board of education has approved the term of the exemption under division (C)(1) of this section, but in no case shall the improvement be exempted from taxation for more than thirty years. Exemptions shall be claimed and allowed in the same or a similar manner as in the case of other real property exemptions. If an exemption status changes during a tax year, the procedure for the apportionment of the taxes for that year is the same as in the case of other changes in tax exemption status during the year.

(G) If the board of county commissioners is not required by this section to notify the board of education of the board of county commissioners' intent to declare improvements to be a public purpose, the board of county commissioners shall comply
with the notice requirements imposed under section 5709.83 of the Revised Code before taking formal action to adopt the resolution making that declaration, unless the board of education has adopted a resolution under that section waiving its right to receive such a notice.

(H) The county, not later than fifteen days after the adoption of a resolution under this section, shall submit to the director of development services a copy of the resolution. On or before the thirty-first day of March of each year, the county shall submit a status report to the director of development services. The report shall indicate, in the manner prescribed by the director, the progress of the project during each year that an exemption remains in effect, including a summary of the receipts from service payments in lieu of taxes; expenditures of money from the fund created under section 5709.80 of the Revised Code; a description of the public infrastructure improvements and housing renovations financed with such expenditures; and a quantitative summary of changes in employment and private investment resulting from each project.

(I) Nothing in this section shall be construed to prohibit a board of county commissioners from declaring to be a public purpose improvements with respect to more than one parcel.

(J) If a parcel is located in a new community district in which the new community authority imposes a community development charge on the basis of rentals received from leases of real property as described in division (L)(2) of section 349.01 of the Revised Code, the parcel may not be exempted from taxation under this section.

Sec. 5745.05. (A) Prior to the first day of March, June, September, and December, the tax commissioner shall certify to the director of budget and management the amount to be paid to each
municipal corporation, as indicated on the declaration of estimated tax reports and annual reports received under sections 5745.03 and 5745.04 of the Revised Code, less any amounts previously distributed and net of any audit adjustments made by the tax commissioner. Not later than the first day of March, June, September, and December, the director of budget and management shall provide for payment of the amount certified to each municipal corporation from the municipal income tax fund, plus a pro rata share of any investment earnings accruing to the fund since the previous payment under this section apportioned among municipal corporations entitled to such payments in proportion to the amount certified by the tax commissioner, and minus any reduction required by the commissioner under division (D) of section 718.83 of the Revised Code. All investment earnings on money in the municipal income tax fund shall be credited to that fund.

(B) If the tax commissioner determines that the amount of tax paid by a taxpayer and distributed to a municipal corporation under this section for a taxable year exceeds the amount payable to that municipal corporation under this chapter after accounting for amounts remitted with the annual report and as estimated taxes, the tax commissioner shall permit the taxpayer to credit the excess against the taxpayer's payments to the municipal corporation of estimated taxes remitted for an ensuing taxable year under section 5745.04 of the Revised Code. If, upon the written request of the taxpayer, the tax commissioner determines that the excess to be so credited is likely to exceed the amount of estimated taxes payable by the taxpayer to the municipal corporation during the ensuing twelve months, the tax commissioner shall so notify the municipal corporation and the municipal corporation shall issue a refund of the excess to the taxpayer within ninety days after receiving such a notice. Interest shall accrue on the amount to be refunded and is payable to the taxpayer.
at the rate per annum prescribed by section 5703.47 of the Revised Code from the ninety-first day after the notice is received by the municipal corporation until the day the refund is paid. Immediately after notifying a municipal corporation under this division of an excess to be refunded, the commissioner also shall notify the director of budget and management of the amount of the excess, and the director shall transfer from the municipal income tax administrative fund to the municipal income tax fund one and one-half per cent of the amount of the excess. The commissioner shall include the transferred amount in the computation of the amount due the municipal corporation in the next certification to the director under division (A) of this section.

Sec. 5747.02. (A) For the purpose of providing revenue for the support of schools and local government functions, to provide relief to property taxpayers, to provide revenue for the general revenue fund, and to meet the expenses of administering the tax levied by this chapter, there is hereby levied on every individual, trust, and estate residing in or earning or receiving income in this state, on every individual, trust, and estate earning or receiving lottery winnings, prizes, or awards pursuant to Chapter 3770. of the Revised Code, on every individual, trust, and estate earning or receiving winnings on casino gaming, and on every individual, trust, and estate otherwise having nexus with or in this state under the Constitution of the United States, an annual tax measured as prescribed in divisions (A)(1) to (4) of this section.

(1) In the case of trusts, the tax imposed by this section shall be measured by modified Ohio taxable income under division (D) of this section and levied in the same amount as the tax is imposed on estates as prescribed in division (A)(2) of this section.
(2) In the case of estates, the tax imposed by this section shall be measured by Ohio taxable income and levied at the rate of seven thousand four hundred twenty-five ten-thousandths per cent for the first ten thousand five hundred dollars of such income and, for income in excess of that amount, at the same rates prescribed in division (A)(3) of this section for individuals.

(3) In the case of individuals, for taxable years beginning in 2017 or thereafter, the tax imposed by this section on income other than taxable business income shall be measured by Ohio adjusted gross income, less taxable business income and less an exemption for the taxpayer, the taxpayer's spouse, and each dependent as provided in section 5747.025 of the Revised Code. If the balance thus obtained is equal to or less than ten thousand five hundred dollars, no tax shall be imposed on that balance. If the balance thus obtained is greater than ten thousand five hundred dollars, the tax is hereby levied as follows:

OHIO ADJUSTED GROSS INCOME LESS TAXABLE BUSINESS INCOME AND EXEMPTIONS (INDIVIDUALS)

OR

MODIFIED OHIO TAXABLE INCOME (TRUSTS)

OR

OHIO TAXABLE INCOME (ESTATES) TAX

More than $10,500 but not more than $15,800 $77.96 plus 1.980% of the amount in excess of $10,500

More than $15,800 but not more than $21,100 $182.90 plus 2.476% of the amount in excess of $15,800

More than $21,100 but not more than $42,100 $314.13 plus 2.969% of the amount in excess of $21,100
More than $42,100 but not more than $84,200  $937.62 plus 3.465% of the amount in excess of $42,100

More than $84,200 but not more than $105,300  $2,396.39 plus 3.960% of the amount in excess of $84,200

More than $105,300 but not more than $210,600  $3,231.95 plus 4.597% of the amount in excess of $105,300

More than $210,600  $8,072.59 plus 4.997% of the amount in excess of $210,600

(4)(a) In the case of individuals, for taxable years beginning in 2016 or thereafter, the tax imposed by this section on taxable business income shall equal three per cent of the result obtained by subtracting any amount allowed under division (A)(4)(b) of this section from the individual's taxable business income.

(b) If the exemptions allowed to an individual under division (A)(3) of this section exceed the taxpayer's Ohio adjusted gross income less taxable business income, the excess shall be deducted from taxable business income before computing the tax under division (A)(4)(a) of this section.

(5) Except as otherwise provided in this division, in August of each year, the tax commissioner shall make a new adjustment to the income amounts prescribed in divisions (A)(2) and (3) of this section by multiplying the percentage increase in the gross domestic product deflator computed that year under section 5747.025 of the Revised Code by each of the income amounts resulting from the adjustment under this division in the preceding year, adding the resulting product to the corresponding income amount resulting from the adjustment in the preceding year, and rounding the resulting sum to the nearest multiple of fifty dollars. The tax commissioner also shall recompute each of the tax dollar amounts to the extent necessary to reflect the new adjustment of the income amounts. To recompute the tax dollar
amount corresponding to the lowest tax rate in division (A)(3) of this section, the commissioner shall multiply the tax rate prescribed in division (A)(2) of this section by the income amount specified in that division and as adjusted according to this paragraph. The rates of taxation shall not be adjusted.

The adjusted amounts apply to taxable years beginning in the calendar year in which the adjustments are made and to taxable years beginning in each ensuing calendar year until a calendar year in which a new adjustment is made pursuant to this division. The tax commissioner shall not make a new adjustment in any year in which the amount resulting from the adjustment would be less than the amount resulting from the adjustment in the preceding year.

(B) If the director of budget and management makes a certification to the tax commissioner under division (B) of section 131.44 of the Revised Code, the amount of tax as determined under divisions (A)(1) to (3) of this section shall be reduced by the percentage prescribed in that certification for taxable years beginning in the calendar year in which that certification is made.

(C) The levy of this tax on income does not prevent a municipal corporation, a joint economic development zone created under section 715.691, or a joint economic development district created under section 715.70, 715.71, or 715.72 of the Revised Code from levying a tax on income.

(D) This division applies only to taxable years of a trust beginning in 2002 or thereafter.

(1) The tax imposed by this section on a trust shall be computed by multiplying the Ohio modified taxable income of the trust by the rates prescribed by division (A) of this section.

(2) A resident trust may claim a credit against the tax
computed under division (D) of this section equal to the lesser of
(a) the tax paid to another state or the District of Columbia on
the resident trust's modified nonbusiness income, other than the
portion of the resident trust's nonbusiness income that is
qualifying investment income as defined in section 5747.012 of the
Revised Code, or (b) the effective tax rate, based on modified
Ohio taxable income, multiplied by the resident trust's modified
nonbusiness income other than the portion of the resident trust's
nonbusiness income that is qualifying investment income. The
credit applies before any other applicable credits.

(3) The credits enumerated in divisions (A)(1) to (9) and
(A)(10)-(20) to (20)-(22) of section 5747.98 of the Revised Code do
not apply to a trust subject to division (D) of this section. Any
credits enumerated in other divisions of section 5747.98 of the
Revised Code apply to a trust subject to division (D) of this
section. To the extent that the trust distributes income for the
taxable year for which a credit is available to the trust, the
credit shall be shared by the trust and its beneficiaries. The tax
commissioner and the trust shall be guided by applicable
regulations of the United States treasury regarding the sharing of
credits.

(E) For the purposes of this section, "trust" means any trust
described in Subchapter J of Chapter 1 of the Internal Revenue
Code, excluding trusts that are not irrevocable as defined in
division (I)(3)(b) of section 5747.01 of the Revised Code and that
have no modified Ohio taxable income for the taxable year,
charitable remainder trusts, qualified funeral trusts and preneed
funeral contract trusts established pursuant to sections 4717.31
to 4717.38 of the Revised Code that are not qualified funeral
trusts, endowment and perpetual care trusts, qualified settlement
trusts and funds, designated settlement trusts and funds, and
trusts exempted from taxation under section 501(a) of the Internal
Revenue Code.

(F) Nothing in division (A)(3) of this section shall prohibit an individual with an Ohio adjusted gross income, less taxable business income and exemptions, of ten thousand five hundred dollars or less from filing a return under this chapter to receive a refund of taxes withheld or to claim any refundable credit allowed under this chapter.

Sec. 5747.08. An annual return with respect to the tax imposed by section 5747.02 of the Revised Code and each tax imposed under Chapter 5748. of the Revised Code shall be made by every taxpayer for any taxable year for which the taxpayer is liable for the tax imposed by that section or under that chapter, unless the total credits allowed under division (E) of section 5747.05 and divisions (F) and (G) of section 5747.055 of the Revised Code for the year are equal to or exceed the tax imposed by section 5747.02 of the Revised Code, in which case no return shall be required unless the taxpayer is liable for a tax imposed pursuant to Chapter 5748. of the Revised Code.

(A) If an individual is deceased, any return or notice required of that individual under this chapter shall be made and filed by the decedent's executor, administrator, or other person charged with the property of that decedent.

(B) If an individual is unable to make a return or notice required by this chapter, the return or notice required of that individual shall be made and filed by the individual's duly authorized agent, guardian, conservator, fiduciary, or other person charged with the care of the person or property of that individual.

(C) Returns or notices required of an estate or a trust shall be made and filed by the fiduciary of the estate or trust.
(D)(1)(a) Except as otherwise provided in division (D)(1)(b) of this section, any pass-through entity may file a single return on behalf of one or more of the entity's investors other than an investor that is a person subject to the tax imposed under section 5733.06 of the Revised Code. The single return shall set forth the name, address, and social security number or other identifying number of each of those pass-through entity investors and shall indicate the distributive share of each of those pass-through entity investor's income taxable in this state in accordance with sections 5747.20 to 5747.231 of the Revised Code. Such pass-through entity investors for whom the pass-through entity elects to file a single return are not entitled to the exemption or credit provided for by sections 5747.02 and 5747.022 of the Revised Code; shall calculate the tax before business credits at the highest rate of tax set forth in section 5747.02 of the Revised Code for the taxable year for which the return is filed; and are entitled to only their distributive share of the business credits as defined in division (D)(2) of this section. A single check drawn by the pass-through entity shall accompany the return in full payment of the tax due, as shown on the single return, for such investors, other than investors who are persons subject to the tax imposed under section 5733.06 of the Revised Code.

(b)(i) A pass-through entity shall not include in such a single return any investor that is a trust to the extent that any direct or indirect current, future, or contingent beneficiary of the trust is a person subject to the tax imposed under section 5733.06 of the Revised Code.

(ii) A pass-through entity shall not include in such a single return any investor that is itself a pass-through entity to the extent that any direct or indirect investor in the second pass-through entity is a person subject to the tax imposed under section 5733.06 of the Revised Code.
(c) Nothing in division (D) of this section precludes the tax commissioner from requiring such investors to file the return and make the payment of taxes and related interest, penalty, and interest penalty required by this section or section 5747.02, 5747.09, or 5747.15 of the Revised Code. Nothing in division (D) of this section precludes such an investor from filing the annual return under this section, utilizing the refundable credit equal to the investor's proportionate share of the tax paid by the pass-through entity on behalf of the investor under division (I) of this section, and making the payment of taxes imposed under section 5747.02 of the Revised Code. Nothing in division (D) of this section shall be construed to provide to such an investor or pass-through entity any additional deduction or credit, other than the credit provided by division (I) of this section, solely on account of the entity's filing a return in accordance with this section. Such a pass-through entity also shall make the filing and payment of estimated taxes on behalf of the pass-through entity investors other than an investor that is a person subject to the tax imposed under section 5733.06 of the Revised Code.

(2) For the purposes of this section, "business credits" means the credits listed in section 5747.98 of the Revised Code excluding the following credits:

(a) The retirement income credit under division (B) of section 5747.055 of the Revised Code;

(b) The senior citizen credit under division (F) of section 5747.055 of the Revised Code;

(c) The lump sum distribution credit under division (G) of section 5747.055 of the Revised Code;

(d) The dependent care credit under section 5747.054 of the Revised Code;

(e) The lump sum retirement income credit under division (C)
of section 5747.055 of the Revised Code;

(f) The lump sum retirement income credit under division (D) of section 5747.055 of the Revised Code;

(g) The lump sum retirement income credit under division (E) of section 5747.055 of the Revised Code;

(h) The credit for displaced workers who pay for job training under section 5747.27 of the Revised Code;

(i) The twenty-dollar personal exemption credit under section 5747.022 of the Revised Code;

(j) The joint filing credit under division (E) of section 5747.05 of the Revised Code;

(k) The nonresident credit under division (A) of section 5747.05 of the Revised Code;

(l) The credit for a resident's out-of-state income under division (B) of section 5747.05 of the Revised Code;

(m) The earned income tax credit under section 5747.71 of the Revised Code;

(n) The lead abatement credit under section 5747.26 of the Revised Code.

(3) The election provided for under division (D) of this section applies only to the taxable year for which the election is made by the pass-through entity. Unless the tax commissioner provides otherwise, this election, once made, is binding and irrevocable for the taxable year for which the election is made. Nothing in this division shall be construed to provide for any deduction or credit that would not be allowable if a nonresident pass-through entity investor were to file an annual return.

(4) If a pass-through entity makes the election provided for under division (D) of this section, the pass-through entity shall be liable for any additional taxes, interest, interest penalty, or
penalties imposed by this chapter if the tax commissioner finds that the single return does not reflect the correct tax due by the pass-through entity investors covered by that return. Nothing in this division shall be construed to limit or alter the liability, if any, imposed on pass-through entity investors for unpaid or underpaid taxes, interest, interest penalty, or penalties as a result of the pass-through entity's making the election provided for under division (D) of this section. For the purposes of division (D) of this section, "correct tax due" means the tax that would have been paid by the pass-through entity had the single return been filed in a manner reflecting the commissioner's findings. Nothing in division (D) of this section shall be construed to make or hold a pass-through entity liable for tax attributable to a pass-through entity investor's income from a source other than the pass-through entity electing to file the single return.

(E) If a husband and wife file a joint federal income tax return for a taxable year, they shall file a joint return under this section for that taxable year, and their liabilities are joint and several, but, if the federal income tax liability of either spouse is determined on a separate federal income tax return, they shall file separate returns under this section. If either spouse is not required to file a federal income tax return and either or both are required to file a return pursuant to this chapter, they may elect to file separate or joint returns, and, pursuant to that election, their liabilities are separate or joint and several. If a husband and wife file separate returns pursuant to this chapter, each must claim the taxpayer's own exemption, but not both, as authorized under section 5747.02 of the Revised Code on the taxpayer's own return.

(F) Each return or notice required to be filed under this section shall contain the signature of the taxpayer or the
taxpayer's duly authorized agent and of the person who prepared
the return for the taxpayer, and shall include the taxpayer's
social security number. Each return shall be verified by a
declaration under the penalties of perjury. The tax commissioner
shall prescribe the form that the signature and declaration shall
take.

(G) Each return or notice required to be filed under this
section shall be made and filed as required by section 5747.04 of
the Revised Code, on or before the fifteenth day of April of each
year, on forms that the tax commissioner shall prescribe, together
with remittance made payable to the treasurer of state in the
combined amount of the state and all school district income taxes
shown to be due on the form.

Upon good cause shown, the commissioner may extend the period
for filing any notice or return required to be filed under this
section and may adopt rules relating to extensions. If the
extension results in an extension of time for the payment of any
state or school district income tax liability with respect to
which the return is filed, the taxpayer shall pay at the time the
tax liability is paid an amount of interest computed at the rate
per annum prescribed by section 5703.47 of the Revised Code on
that liability from the time that payment is due without extension
to the time of actual payment. Except as provided in section
5747.132 of the Revised Code, in addition to all other interest
charges and penalties, all taxes imposed under this chapter or
Chapter 5748 of the Revised Code and remaining unpaid after they
become due, except combined amounts due of one dollar or less,
bear interest at the rate per annum prescribed by section 5703.47
of the Revised Code until paid or until the day an assessment is
issued under section 5747.13 of the Revised Code, whichever occurs
first.

If the commissioner considers it necessary in order to ensure
the payment of the tax imposed by section 5747.02 of the Revised Code or any tax imposed under Chapter 5748. of the Revised Code, the commissioner may require returns and payments to be made otherwise than as provided in this section.

To the extent that any provision in this division conflicts with any provision in section 5747.026 of the Revised Code, the provision in that section prevails.

(H) The amounts withheld by an employer pursuant to section 5747.06 of the Revised Code, a casino operator pursuant to section 5747.063 of the Revised Code, or a lottery sales agent pursuant to section 5747.064 of the Revised Code shall be allowed to the recipient of the compensation casino winnings, or lottery prize award as credits against payment of the appropriate taxes imposed on the recipient by section 5747.02 and under Chapter 5748. of the Revised Code.

(I) If a pass-through entity elects to file a single return under division (D) of this section and if any investor is required to file the annual return and make the payment of taxes required by this chapter on account of the investor's other income that is not included in a single return filed by a pass-through entity or any other investor elects to file the annual return, the investor is entitled to a refundable credit equal to the investor's proportionate share of the tax paid by the pass-through entity on behalf of the investor. The investor shall claim the credit for the investor's taxable year in which or with which ends the taxable year of the pass-through entity. Nothing in this chapter shall be construed to allow any credit provided in this chapter to be claimed more than once. For the purpose of computing any interest, penalty, or interest penalty, the investor shall be deemed to have paid the refundable credit provided by this division on the day that the pass-through entity paid the estimated tax or the tax giving rise to the credit.
(J) The tax commissioner shall ensure that each return required to be filed under this section includes a box that the taxpayer may check to authorize a paid tax preparer who prepared the return to communicate with the department of taxation about matters pertaining to the return. The return or instructions accompanying the return shall indicate that by checking the box the taxpayer authorizes the department of taxation to contact the preparer concerning questions that arise during the processing of the return and authorizes the preparer only to provide the department with information that is missing from the return, to contact the department for information about the processing of the return or the status of the taxpayer's refund or payments, and to respond to notices about mathematical errors, offsets, or return preparation that the taxpayer has received from the department and has shown to the preparer.

(K) The tax commissioner shall permit individual taxpayers to instruct the department of taxation to cause any refund of overpaid taxes to be deposited directly into a checking account, savings account, or an individual retirement account or individual retirement annuity, or preexisting college savings plan or program account offered by the Ohio tuition trust authority under Chapter 3334. of the Revised Code, as designated by the taxpayer, when the taxpayer files the annual return required by this section electronically.

(L) The tax commissioner may adopt rules to administer this section.

Sec. 5747.26. (A) Terms used in this section have the same meanings as in section 3742.50 of the Revised Code.

(B) There is hereby allowed a nonrefundable credit against a taxpayer's aggregate tax liability under section 5747.02 of the Revised Code for a taxpayer to whom a lead abatement tax credit
certificate was issued under section 3742.50 of the Revised Code.
The credit equals the amount listed on the certificate and shall be claimed for the taxable year in which the certificate was issued.

The credit shall be claimed in the order required under section 5747.98 of the Revised Code. If the credit exceeds the taxpayer's aggregate tax due under section 5747.02 of the Revised Code for that taxable year after allowing for credits that precede the credit under this section in that order, such excess shall be allowed as a credit in each of the ensuing seven taxable years, but the amount of any excess credit allowed in any such taxable year shall be deducted from the balance carried forward to the ensuing taxable year.

(C) The taxpayer shall provide, upon request of the tax commissioner, any documentation necessary to verify the taxpayer is entitled to the credit under this section.

**Sec. 5747.82.** (A) Any term used in this section that is defined in section 122.84 of the Revised Code has the same meaning as defined in that section.

(B) A nonrefundable credit is allowed against a taxpayer's aggregate tax liability under section 5747.02 of the Revised Code for a taxpayer to whom a tax credit certificate was issued under section 122.84 of the Revised Code. The credit shall be claimed for the taxpayer's taxable year for which the certificate was issued.

The credit equals ten per cent of the amount of the taxpayer's investment in Ohio qualified opportunity zone funds as indicated on the certificate.

The credit shall be claimed in the order prescribed by section 5747.98 of the Revised Code.
Sec. 5747.98. (A) To provide a uniform procedure for calculating a taxpayer's aggregate tax liability under section 5747.02 of the Revised Code, a taxpayer shall claim any credits to which the taxpayer is entitled in the following order:

1. Either the retirement income credit under division (B) of section 5747.055 of the Revised Code or the lump sum retirement income credits under divisions (C), (D), and (E) of that section;

2. Either the senior citizen credit under division (F) of section 5747.055 of the Revised Code or the lump sum distribution credit under division (G) of that section;

(20) The nonresident credit under division (A) of section 5747.05 of the Revised Code;

Any excess amount of a particular credit may be carried forward if authorized under the section creating that credit. Nothing in this chapter shall be construed to allow a taxpayer to claim, directly or indirectly, a credit more than once for a taxable year.

Notwithstanding division (B) of section 125.14 of the Revised Code, the Director of Budget and Management, at the request of the Director of Administrative Services, shall transfer up to $3,800,000 of cash in excess of needs from the Investment Recovery Fund (Fund 4270) to the Enterprise Applications Fund (Fund 5PC0) during the biennium beginning July 1, 2019, and ending June 30, 2021, to pay the operating and maintenance expenses of the Ohio Business Gateway.

MAJOR IT PURCHASES CHARGES

Effective July 1, 2019, the Director of Budget and Management shall cancel any existing encumbrances against appropriation item 100617, Major IT Purchases, and reestablish them against appropriation item 100640, Consolidated IT Purchases. The reestablished encumbrance amounts are hereby appropriated. Any business commenced but not completed under appropriation item 100617, Major IT Purchases, by July 1, 2019, shall be completed under appropriation item 100640, Consolidated IT Purchases, in the same manner, and with the same effect, as if completed with regard to appropriation item 100617, Major IT Purchases.

On July 1, 2019, or as soon as possible thereafter, the Director of Administrative Services shall certify to the Director of Budget and Management the amount of cash in the Major Information Technology Purchases Fund (Fund 4N60) that was received from agencies for actual expenditures. The Director of
Budget and Management shall transfer the certified amount of cash from the Major Information Technology Purchases Fund (Fund 4N60) to the IT Governance Fund (Fund 2290).

Upon the request of the Director of Administrative Services, the Director of Budget and Management may transfer up to the amount collected for statewide indirect costs attributable to debt service paid for the enterprise data center solutions project from the General Revenue Fund to the Major Information Technology Purchases Fund (Fund 4N60).

PROFESSIONS LICENSING SYSTEM

The foregoing appropriation item, 100658, Ohio Professionals Licensing System, shall be used to purchase the equipment, products, and services necessary to update and maintain an automated licensing system for the professional licensing boards.

The Department of Administrative Services shall establish charges for recovering the costs of ongoing maintenance of the system that are not otherwise recovered under section 125.18 of the Revised Code. The charges shall be billed to state agencies, boards, and commissions using the state's enterprise electronic licensing system and deposited via intrastate transfer vouchers to the credit of the Professions Licensing System Fund (Fund 5JQ0).

Section 207.45. BUILDING IMPROVEMENT FUND

The foregoing appropriation item 100659, Building Improvement, shall be used to make payments from the Building Improvement Fund (Fund 5KZ0) for major maintenance or improvements required in facilities maintained by the Department of Administrative Services. The Department of Administrative Services shall conduct or contract for regular assessments of these buildings and shall maintain a cash balance in Fund 5KZ0 equal to the cost of the repairs and improvements that are recommended to
occur within the next five years, with the following exception described below.

Upon request of the Director of Administrative Services, the Director of Budget and Management may permit a cash transfer from Fund 5KZ0 to the Building Management Fund (Fund 1320) to pay costs of operating and maintaining facilities managed by the Department of Administrative Services that are not charged to tenants during the same fiscal year.

Should the cash balance in Fund 1320 be determined to be sufficient, the Director of Administrative Services may request that the Director of Budget and Management transfer cash from Fund 1320 to Fund 5KZ0 in an amount equal to the initial cash transfer made under this section plus applicable interest.

INFORMATION TECHNOLOGY DEVELOPMENT

The foregoing appropriation item 100661, IT Development, shall be used by the Department of Administrative Services to pay the costs of modernizing the state's information technology management and investment practices away from a limited, agency-specific focus in favor of a statewide methodology supporting development of enterprise solutions. This appropriation item may be used to pay the costs of enterprise information technology initiatives affecting state agencies or their customers.

Notwithstanding any provision of law to the contrary, the Department of Administrative Services, with the approval of the Director of Budget and Management, may charge state agencies an information technology development assessment based on state agencies' information technology expenditures or other methodology and may assess fees or charges to entities that are not state agencies to offset the cost of specific technology events or services. The revenue from these assessments, fees, or charges
shall be deposited into the Information Technology Development Fund (Fund 5LJ0), which is hereby created.

Upon the request of the Director of Administrative Services, the Director of Budget and Management may transfer up to $12,500,000 in cash in each fiscal year from the General Revenue Fund to the Information Technology Development Fund (Fund 5LJ0) to support the operations of the Office of InnovateOhio.

ENTERPRISE APPLICATIONS

The foregoing appropriation item 100665, Enterprise Applications, shall be used for the operation and management of information technology applications that support state agencies’ objectives. Charges billed to benefiting agencies shall be deposited to the credit of the Enterprise Applications Fund (Fund 5PC0), which is hereby created.

CASH TRANSFER FROM THE DIRECTOR'S OFFICE FUND TO THE LOCAL GOVERNMENT INNOVATION FUND

On July 1, 2019, or as soon as possible thereafter, the Director of Budget and Management shall transfer $38,555.24 cash from the Director's Office Fund (Fund 1120) to the Local Government Innovation Fund (Fund 5KNO). This amount represents the unexpended balance of a grant received from the Local Government Innovation Fund (Fund 5KNO) and appropriated under Fund 1120 appropriation item 100667, Local Government Efficiency Programs.

Section 207.50. ENTERPRISE IT STRATEGY IMPLEMENTATION

The Director of Administrative Services shall determine and implement strategies that benefit the enterprise by improving efficiency, reducing costs, or enhancing capacity of information technology (IT) services. Such improvements and efficiencies may result in the consolidation and transfer of such services. As determined to be necessary for successful implementation of this
section and notwithstanding any provision of law to the contrary, the Director of Administrative Services may request the Director of Budget and Management to consolidate or transfer IT-specific budget authority between agencies or within an agency as necessary to implement enterprise IT cost containment strategies and related efficiencies. Once the Director of Budget and Management is satisfied that the proposed initiative is cost advantageous to the enterprise, the Director of Budget and Management may transfer appropriations, funds, and cash as needed to implement the proposed initiative. The establishment of any new fund or additional appropriation as a result of this section shall be subject to Controlling Board approval.

The Director of Budget and Management and the Director of Administrative Services may transfer any employees, assets, and liabilities, including, but not limited to, records, contracts, and agreements in order to facilitate the improvements determined in accordance with this section.

Section 243.20. UNCLAIMED FUNDS PAYMENTS

The foregoing appropriation item 800625, Unclaimed Funds-Claims, shall be used to pay claims under section 169.08 of the Revised Code. If it is determined by the Director of Commerce that additional appropriation amounts are necessary to make such payments, the Director of Commerce may request that the Director of Budget and Management increase such amounts. Such increases are hereby appropriated.

DIVISION OF REAL ESTATE AND PROFESSIONAL LICENSING

The foregoing appropriation item 800631, Real Estate Appraiser Recovery, shall be used to pay settlements, judgments, and court orders under section 4763.16 of the Revised Code. If it is determined by the Director of Commerce that additional appropriation amounts are necessary to make such payments, the Director of Commerce may request that the Director of Budget and
Management increase such amounts. Such increases are hereby
appropriated.

The foregoing appropriation item 800611, Real Estate
Recovery, shall be used to pay settlements, judgments, and court
orders under section 4735.12 of the Revised Code. If it is
determined by the Director of Commerce that additional
appropriation amounts are necessary to make such payments, the
Director of Commerce may request that the Director of Budget and
Management increase such amounts. Such increases are hereby
appropriated.

FIRE DEPARTMENT GRANTS

(A) The foregoing appropriation item 800639, Fire Department
Grants, shall be used to make annual grants to the following
eligible recipients: volunteer fire departments, fire departments
that serve one or more small municipalities or small townships,
joint fire districts comprised of fire departments that primarily
serve small municipalities or small townships, local units of
government responsible for such fire departments, and local units
of government responsible for the provision of fire protection
services for small municipalities or small townships. For the
purposes of these grants, a private fire company, as that phrase
is defined in section 9.60 of the Revised Code, that is providing
fire protection services under a contract to a political
subdivision of the state, is an additional eligible recipient for
a training grant.

Eligible recipients that consist of small municipalities or
small townships that all intend to contract with the same fire
department or private fire company for fire protection services
may jointly apply and be considered for a grant. If a joint
applicant is awarded a grant, the State Fire Marshal shall, if
feasible, proportionately award the grant and any equipment
purchased with grant funds to each of the joint applicants based
upon each applicant's contribution to and demonstrated need for fire protection services. For the purpose of this grant program, an eligible recipient or any firefighting entity that is contracted to serve an eligible recipient may only file, be listed as joint applicant, or be designated as a service provider on one grant application per fiscal year.

If the grant awarded to joint applicants is an equipment grant and the equipment to be purchased cannot be readily distributed or possessed by multiple recipients, each of the joint applicants shall be awarded by the State Fire Marshal an ownership interest in the equipment so purchased in proportion to each applicant's contribution to and demonstrated need for fire protection services. The joint applicants shall then mutually agree on how the equipment is to be maintained, operated, stored, or disposed of. If, for any reason, the joint applicants cannot agree as to how jointly owned equipment is to be maintained, operated, stored, or disposed of or any of the joint applicants no longer maintain a contract with the same fire protection service provider as the other applicants, then the joint applicants shall, with the assistance of the State Fire Marshal, mutually agree as to how the jointly owned equipment is to be maintained, operated, stored, disposed of, or owned. If the joint applicants cannot agree how the grant equipment is to be maintained, operated, stored, disposed of, or owned, the State Fire Marshal may, in its discretion, require all of the equipment acquired by the joint applicants with grant funds to be returned to the State Fire Marshal. The State Fire Marshal may then award the returned equipment to any eligible recipients. For this paragraph only, an "equipment grant" also includes a MARCS Grant.

(B) Except as otherwise provided in this section, the grants shall be used by recipients to purchase firefighting or rescue equipment or gear or similar items, to provide full or partial
reimbursement for the documented costs of firefighter training, or, at the discretion of the State Fire Marshal, to cover fire department costs for providing fire protection services in that grant recipient's jurisdiction.

(1) Of the foregoing appropriation item 800639, Fire Department Grants, up to $1,000,000 per fiscal year may be used to pay for the State Fire Marshal's costs of providing firefighter I certification classes or other firefighter classes approved by the State Fire Marshal at no cost to selected students attending the Ohio Fire Academy or other class providers approved by the State Fire Marshal. The State Fire Marshal may establish the qualifications and selection processes for students to attend such classes by written policy, and such students shall be considered eligible recipients of fire department grants for the purposes of this portion of the grant program.

(2) Of the foregoing appropriation item 800639, Fire Department Grants, up to $3,000,000 in each fiscal year may be used for MARCS Grants. MARCS Grants may be used for the payment of user access fees by the eligible recipient to cover costs for accessing MARCS.

For purposes of this section, a MARCS Grant is a grant for systems, equipment, or services that are a part of, integrated into, or otherwise interoperable with the Multi-Agency Radio Communication System (MARCS) operated by the state.

MARCS Grant awards may be up to $50,000 in each fiscal year per eligible recipient. Each eligible recipient may apply, as a separate entity or as a part of a joint application, for only one MARCS Grant per fiscal year. The State Fire Marshal may give a preference to MARCS Grants that will enhance the overall interoperability and effectiveness of emergency communication networks in the geographic region that includes and that is adjacent to the applicant.
Eligible recipients that are or were awarded fire department grants that are not MARCS Grants may also apply for and receive MARCS Grants in accordance with criteria for the awarding of grant funds established by the State Fire Marshal.

(3) Grant awards for firefighting or rescue equipment or gear or for fire department costs of providing fire protection services shall be up to $15,000 per fiscal year, or up to $25,000 per fiscal year if an eligible entity serves a jurisdiction in which the Governor declared a natural disaster during the preceding or current fiscal year in which the grant was awarded. In addition to any grant funds awarded for rescue equipment or gear, or for fire department costs associated with the provision of fire protection services, an eligible entity may receive a grant for up to $15,000 per fiscal year for full or partial reimbursement of the documented costs of firefighter training. For each fiscal year, the State Fire Marshal shall determine the total amounts to be allocated for each eligible purpose.

(C) The grants shall be administered by the State Fire Marshal in accordance with rules the State Fire Marshal adopts as part of the state fire code adopted pursuant to section 3737.82 of the Revised Code that are necessary for the administration and operation of the grant program. The rules may further define the entities eligible to receive grants and establish criteria for the awarding and expenditure of grant funds, including methods the State Fire Marshal may use to verify the proper use of grant funds or to obtain reimbursement for or the return of equipment for improperly used grant funds. To the extent consistent with this section and until the rules are updated, the existing rules in the state fire code adopted pursuant to section 3737.82 of the Revised Code for fire department grants under this section apply to MARCS Grants. Any amounts in appropriation item 800639, Fire Department Grants, in excess of the amount allocated for these grants may be
used for the administration of the grant program.

(c) The Director of Developmental Disabilities has determined that the enrollee's special circumstances (including the enrollee's diagnosis, service needs, or length of stay at the developmental center, converted facility, or public hospital) warrants paying the Medicaid rate authorized by this section.

(B) The total Medicaid payment rate for each fifteen minutes of routine homemaker/personal care services that a Medicaid provider provides to a qualifying IO enrollee during the period specified in division (C) of this section shall be fifty-two cents higher than the Medicaid payment rate in effect on the day the services are provided for each fifteen minutes of routine homemaker/personal care services that a Medicaid provider provides to an IO enrollee who is not a qualifying IO enrollee.

(C) Division (B) of this section applies to the first twelve months, consecutive or otherwise, that a Medicaid provider, during the period beginning July 1, 2019, and ending July 1, 2021, provides routine homemaker/personal care services to a qualifying IO enrollee.

Section 265.20. OPERATING EXPENSES

A portion of the foregoing appropriation item 200321, Operating Expenses, shall be used by the Department of Education to provide matching funds related to career-technical education under 20 U.S.C. 2321.

EARLY CHILDHOOD EDUCATION

The Department of Education shall distribute the foregoing appropriation item 200408, Early Childhood Education, to pay the costs of early childhood education programs. The Department shall distribute such funds directly to qualifying providers.

(A) As used in this section:

(1) "Provider" means a city, local, exempted village, or joint vocational school district; an educational service center; a community school sponsored by an exemplary sponsor; a chartered nonpublic school; an early childhood education child care provider licensed under Chapter 5104. of the Revised Code that participates in and meets at least the third highest tier of the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code; or a combination of entities described in this paragraph.

(2) In the case of a city, local, or exempted village school district or early childhood education child care provider licensed under Chapter 5104. of the Revised Code, "new eligible provider" means a provider that did not receive state funding for Early Childhood Education in the previous fiscal year or demonstrates a
need for early childhood programs as defined in division (D) of this section.

(3) In the case of a community school, "new eligible provider" means any of the following:

(a) A community school established under Chapter 3314. of the Revised Code that is sponsored by a sponsor rated "exemplary" in accordance with section 3314.016 of the Revised Code that offers a child care program in accordance with sections 3301.50 to 3301.59 of the Revised Code that did not receive state funding for Early Childhood Education in the previous fiscal year;

(b) A community school established under Chapter 3314. of the Revised Code that satisfies all of the following criteria:

(i) It has received, on its most recent report card, either of the following:

(I) If the school offers any of grade levels four through twelve, a grade of "C" or better for the overall value-added progress dimension under division (C)(1)(e) of section 3302.03 of the Revised Code and for the performance index score under division (C)(1)(b) of section 3302.03 of the Revised Code;

(II) If the school does not offer a grade level higher than three, a grade of "C" or better for making progress in improving literacy in grades kindergarten through three under division (C)(1)(g) of section 3302.03 of the Revised Code.

(ii) It offers a child care program in accordance with sections 3301.50 to 3301.59 of the Revised Code.

(iii) It did not receive state funding for Early Childhood Education in the previous fiscal year.

(c) A community school established under Chapter 3314. of the Revised Code that is sponsored by a municipal school district and operates a program that uses the Montessori method endorsed by the
American Montessori Society, the Montessori Accreditation Council for Teacher Education, or the Association Montessori Internationale as its primary method of instruction, as authorized by division (A) of section 3314.06 of the Revised Code, that did not receive state funding for Early Childhood Education in the previous year or demonstrates a need for early childhood programs as defined in division (D) of this section.

(4)(a) "Eligible child" means a child who is at least four years of age, is not of the age to be eligible for kindergarten, and whose family earns not more than two hundred per cent of the federal poverty guidelines as defined in division (A)(3) of section 5101.46 of the Revised Code. Children with an Individualized Education Program and where the Early Childhood Education program is the least restrictive environment may be enrolled on their fourth birthday.

(b) If, on the first day of October of each fiscal year, a provider has remaining award funds after enrolling eligible children under division (A)(4)(a) of this section, the provider may seek approval from the Department to consider a child who is at least three years of age, is not of age to be eligible for kindergarten, and whose family earns not more than two hundred per cent of the federal poverty guidelines as an eligible child. Upon approval from the Department, the provider may use the remaining award funds to serve such three-year-old children as eligible children.

(5) "Early learning program standards" means early learning program standards for school readiness developed by the Department to assess the operation of early learning and development programs.

(6) "Early learning and development programs" has the same meaning as section 5104.29 of the Revised Code.
(B) In each fiscal year, up to two per cent of the total appropriation may be used by the Department for program support and technical assistance. The Department shall distribute the remainder of the appropriation in each fiscal year to serve eligible children.

(C) The Department shall provide an annual report to the Governor, the Speaker of the House of Representatives, and the President of the Senate and post the report to the Department's web site, regarding early childhood education programs operated under this section and the early learning program standards.

(D) After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2020, the Department shall distribute funds first to recipients of funds for early childhood education programs under Section 265.20 of Am. Sub. H.B. 49 of the 132nd General Assembly in the previous fiscal year and the balance to new eligible providers of early childhood education programs or to existing providers to serve more eligible children pursuant to division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation.

After setting aside the amounts to make payments due from the previous fiscal year, in fiscal year 2021, the Department shall distribute funds first to providers of early childhood education programs under this section in the previous fiscal year and the balance to new eligible providers or to existing providers to serve more eligible children as outlined under division (E) of this section or for purposes of program expansion, improvement, or special projects to promote quality and innovation.

(E)(1) The Department shall distribute any new or remaining funding to existing providers of early childhood education programs or any new eligible providers in an effort to invest in high quality early childhood programs where there is a need as
determined by the Department. The Department shall distribute the new or remaining funds to existing providers of early childhood education programs or any new eligible providers to serve additional eligible children based on community economic disadvantage, limited access to high quality preschool or childcare services, and demonstration of high quality preschool services as determined by the Department using new metrics developed pursuant to Ohio's Race to the Top—Early Learning Challenge Grant, awarded to the Department in December 2011.

(2) Awards under divisions (D) and (E) of this section shall be distributed on a per-pupil basis, and in accordance with division (I) of this section. The Department may adjust the per-pupil amount so that the per-pupil amount multiplied by the number of eligible children enrolled and receiving services on the first day of December or the business day closest to that date equals the amount allocated under this section.

(F) Costs for developing and administering an early childhood education program may not exceed fifteen per cent of the total approved costs of the program.

All providers shall maintain such fiscal control and accounting procedures as may be necessary to ensure the disbursement of, and accounting for, these funds. The control of funds provided in this program, and title to property obtained, shall be under the authority of the approved provider for purposes provided in the program unless, as described in division (K) of this section, the program waives its right for funding or a program's funding is eliminated or reduced due to its inability to meet financial or early learning program standards. The approved provider shall administer and use such property and funds for the purposes specified.

(G) The Department may examine a provider's financial and program records. If the financial practices of the program are not
in accordance with standard accounting principles or do not meet financial standards outlined under division (F) of this section, or if the program fails to substantially meet the early learning program standards, meet a quality rating level in the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code as prescribed by the Department, or exhibits below average performance as measured against the standards, the early childhood education program shall propose and implement a corrective action plan that has been approved by the Department. The approved corrective action plan shall be signed by the chief executive officer and the executive of the official governing body of the provider. The corrective action plan shall include a schedule for monitoring by the Department. Such monitoring may include monthly reports, inspections, a timeline for correction of deficiencies, and technical assistance to be provided by the Department or obtained by the early childhood education program. The Department may withhold funding pending corrective action. If an early childhood education program fails to satisfactorily complete a corrective action plan, the Department may deny expansion funding to the program or withdraw all or part of the funding to the program and establish a new eligible provider through a selection process established by the Department.

(H)(1) If the early childhood education program is licensed by the Department of Education and is not highly rated, as determined by the Director of Job and Family Services, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall do all of the following:

(a) Meet teacher qualification requirements prescribed by section 3301.311 of the Revised Code;

(b) Align curriculum to the early learning content standards developed by the Department;

(c) Meet any child or program assessment requirements
prescribed by the Department;

(d) Require teachers, except teachers enrolled and working to obtain a degree pursuant to section 3301.311 of the Revised Code, to attend a minimum of twenty hours every two years of professional development as prescribed by the Department;

(e) Document and report child progress as prescribed by the Department;

(f) Meet and report compliance with the early learning program standards as prescribed by the Department;

(g) Participate in the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code.

(2) If the program is highly rated, as determined by the Director of Job and Family Services, under the Step Up to Quality program established pursuant to section 5104.29 of the Revised Code, the program shall comply with the requirements of that program.

(I) Per-pupil funding for programs subject to this section shall be sufficient to provide eligible children with services for a standard early childhood schedule which shall be defined in this section as a minimum of twelve and one-half hours per school week as defined in section 3313.62 of the Revised Code for the minimum school year as defined in sections 3313.48, 3313.481, and 3313.482 of the Revised Code. Nothing in this section shall be construed to prohibit program providers from utilizing other funds to serve eligible children in programs that exceed the twelve and one-half hours per week or that exceed the minimum school year. For any provider for which a standard early childhood education schedule creates a hardship or for which the provider shows evidence that the provider is working in collaboration with a preschool special education program, the provider may submit a waiver to the Department requesting an alternate schedule. If the Department
approves a waiver for an alternate schedule that provides services for less time than the standard early childhood education schedule, the Department may reduce the provider's annual allocation proportionately. Under no circumstances shall an annual allocation be increased because of the approval of an alternate schedule.

(J) Each provider shall develop a sliding fee scale based on family incomes and shall charge families who earn more than two hundred per cent of the federal poverty guidelines, as defined in division (A)(3) of section 5101.46 of the Revised Code, for the early childhood education program.

The Department shall conduct an annual survey of each provider to determine whether the provider charges families tuition or fees, the amount families are charged relative to family income levels, and the number of families and students charged tuition and fees for the early childhood program.

(K) If an early childhood education program voluntarily waives its right for funding, or has its funding eliminated for not meeting financial standards or the early learning program standards, the provider shall transfer control of title to property, equipment, and remaining supplies obtained through the program to providers designated by the Department and return any unexpended funds to the Department along with any reports prescribed by the Department. The funding made available from a program that waives its right for funding or has its funding eliminated or reduced may be used by the Department for new grant awards or expansion grants. The Department may award new grants or expansion grants to eligible providers who apply. The eligible providers who apply must do so in accordance with the selection process established by the Department.

(L) Eligible expenditures for the Early Childhood Education Program shall be claimed each fiscal year to help meet the state's
TANF maintenance of effort requirement. The Superintendent of Public Instruction and the Director of Job and Family Services shall enter into an interagency agreement to carry out the requirements under this division, which shall include developing reporting guidelines for these expenditures.

(M)(1) The Department of Education and the Department of Job and Family Services shall continue to work toward establishing the following in common between early childhood education programs and publicly funded child care:

(a) An application;
(b) Program eligibility;
(c) Funding;
(d) An attendance policy;
(e) An attendance tracking system.

(2) In accordance with section 5104.34 of the Revised Code, eligible families may receive publicly funded child care beyond the standard early childhood schedule defined in division (I) of this section.

(3) All providers, agencies, and school districts participating in the early childhood education program or providing care to eligible families beyond the standard early childhood schedule shall follow the common policies established under this division.

A portion of these funds shall be used to maintain a longitudinal database to support the assessment of the impact of policies and programs on Ohio's education and workforce development systems. The research efforts supported by this

assurance for research-based policy analysis and program
evaluation to enhance the effective use of education information
to inform education policymakers.

state's education network, to each other, and to the Internet. In
each fiscal year, the Department shall use these funds to assist
information technology centers or school districts with the
operational costs associated with this connectivity. The
Department shall develop a formula and guidelines for the
distribution of these funds to information technology centers or individual school districts. As used in this section, "public school building" means a school building of any city, local, exempted village, or joint vocational school district, any community school established under Chapter 3314. of the Revised Code, any college preparatory boarding school established under Chapter 3328. of the Revised Code, any STEM school established under Chapter 3326. of the Revised Code, any educational service center building used for instructional purposes, the Ohio School for the Deaf and the Ohio School for the Blind, high schools chartered by the Ohio Department of Youth Services, or high schools operated by Ohio Department of Rehabilitation and Corrections' Ohio Central School System.

This technical assistance shall include, but not
be restricted to, development and maintenance of adequate computer
software systems to support network activities. In order to
improve the efficiency of network activities, the Department and
information technology centers may jointly purchase equipment,
materials, and services from funds provided under this
appropriation for use by the network and, when considered
practical by the Department, may utilize the services of
appropriate state purchasing agencies.

The Department shall utilize educational service centers,
consistent with requirements of section 3312.01 of the Revised
Code, in the development and delivery of professional development
programs supported under this section.

Section 265.90. STUDENT ASSESSMENT

Of the foregoing appropriation item 200437, Student

distribute, score, report results, and support other associated
costs for the tests required under sections 3301.0710, 3301.0711,
and 3301.0712 of the Revised Code and for similar purposes as
required by section 3301.27 of the Revised Code. The funds may
also be used to update and develop diagnostic assessments
administered under sections 3301.079, 3301.0715, and 3313.608 of the Revised Code.

DEPARTMENT OF EDUCATION APPROPRIATION TRANSFERS FOR STUDENT ASSESSMENT

In fiscal year 2020 and fiscal year 2021, if the Superintendent of Public Instruction determines that additional funds are needed to fully fund the requirements of sections 3301.0710, 3301.0711, 3301.0712, and 3301.27 of the Revised Code and this act for assessments of student performance, the Superintendent may recommend the reallocation of unexpended and unencumbered General Revenue Fund appropriations within the Department of Education to appropriation item 200437, Student Assessment, to the Director of Budget and Management. If the Director determines that such a reallocation is required, the Director may transfer unexpended and unencumbered appropriations within the Department of Education as necessary to appropriation item 200437, Student Assessment.

Section 265.100. ACCOUNTABILITY/REPORT CARDS

Of the foregoing appropriation item 200439, Accountability/Report Cards, a portion in each fiscal year may be used to train district and regional specialists and district educators in the use of the value-added progress dimension and in the use of data as it relates to improving student achievement. This training may include teacher and administrator professional development in the use of data to improve instruction and student learning, and teacher and administrator training in understanding teacher value-added reports and how they can be used as a component in measuring teacher and administrator effectiveness. A portion of this funding shall be provided to educational service centers to support training and professional development under this section consistent with section 3312.01 of the Revised Code.
The remainder of appropriation item 200439, Accountability/Report Cards, shall be used by the Department of Education to incorporate a statewide value-added progress dimension into performance ratings for school districts and for the development of an accountability system that includes the preparation and distribution of school report cards, funding and expenditure accountability reports under sections 3302.03 and 3302.031 of the Revised Code, the development and maintenance of teacher value-added reports, the teacher student linkage/roster verification process, and the performance management section of the Department's web site required by section 3302.26 of the Revised Code.

CHILD CARE LICENSING

The foregoing appropriation item 200442, Child Care Licensing, shall be used by the Department of Education to license and to inspect preschool and school-age child care programs under sections 3301.52 to 3301.59 of the Revised Code.

Section 265.110. EDUCATION MANAGEMENT INFORMATION SYSTEM

The foregoing appropriation item 200446, Education Management Information System, shall be used by the Department of Education to improve the Education Management Information System (EMIS).

Of the foregoing appropriation item 200446, Education Management Information System, up to $400,000 in each fiscal year shall be used to support grants to information technology centers to provide professional development opportunities to district and school personnel related to the EMIS, with a focus placed on data submission and data quality.

Of the foregoing appropriation item 200446, Education Management Information System, up to $725,000 in each fiscal year shall be distributed to designated information technology centers
for costs relating to processing, storing, and transferring data for the effective operation of the EMIS. These costs may include, but are not limited to, personnel, hardware, software development, communications connectivity, professional development, and support services.

The remainder of appropriation item 200446, Education Management Information System, shall be used to develop and support the data definitions and standards outlined in the EMIS guidelines adopted under section 3301.0714 of the Revised Code, to implement recommendations of the EMIS Advisory Council and the Superintendent of Public Instruction, to enhance data quality assurance practices, and to support responsibilities related to the school report cards prescribed by section 3302.03 of the Revised Code and value-added progress dimension calculations.

To be selected, a person must be a criminal offender or involved in a family drug or dependency court. A person shall not be selected to be a participant unless the person meets the legal and clinical eligibility criteria for the MAT drug court program and is an active participant in the MAT drug court program.

(2) The total number of persons participating in the Department's program at any time shall not exceed one thousand five hundred, subject to available funding, except that the Department may authorize the maximum number to be exceeded in circumstances that the Department considers to be appropriate.

(3) After a MAT drug court program enrolls a person as a participant for purposes of the Department's program, the participant shall comply with all requirements of the MAT drug court program.

(E) The substance use disorder treatment and recovery supports provided under the Department's program in collaboration with a MAT drug court program shall be provided by a community
addiction services provider. The provider shall do all of the following:

(1) Provide treatment based on an integrated service delivery model that consists of the coordination of care between a prescriber and the community addiction services provider;

(2) Conduct professional, comprehensive substance abuse and mental health diagnostic assessments of a person under consideration for selection as a program participant to determine whether the person would benefit from substance use disorder treatment and monitoring;

(3) Determine, based on the assessment described in division (E)(2) of this section, the treatment needs of the program participants served by the community addiction services provider;

(4) Develop, for program participants served by the community addiction services provider, individualized goals and objectives;

(5) Provide access to the long-acting antagonist therapies, partial agonist therapies, or full agonist therapies, that are included in the program's medication-assisted treatment;

(6) Provide other types of therapies, including psychosocial therapies, for both substance use disorder and any disorders that are considered by the community addiction services provider to be co-occurring disorders;

(7) Monitor program compliance through the use of regular drug testing, including urinalysis, of the program participants served by the community addiction services provider;

(8) Provide access to time-limited recovery supports that help eliminate barriers to treatment and are specific to the participant's needs, including assistance with housing, transportation, child care, job training, obtaining a driver's license or state identification card, and any other matter...
considered relevant by the provider.

(F) In the case of medication-assisted treatment provided under the Department's program, all of the following conditions apply:

(1) A drug may be used only if the drug has been approved by the United States Food and Drug Administration for use in treating dependence on opioids, alcohol, or both, or for preventing relapse into the use of opioids, alcohol, or both.

(2) One or more drugs may be used, but each drug that is used must constitute long-acting antagonist therapy, partial agonist therapy, or full agonist therapy.

(3) If a drug constituting partial or full agonist therapy is used, the program shall provide safeguards to minimize abuse and diversion of the drug, including such safeguards as routine drug testing of program participants.

(G) It is anticipated and expected that MAT drug court programs will expand their ability to serve more drug court participants as a result of increased access to commercial or publicly funded health insurance. In order to ensure that funds appropriated to support the Department's program are used in the most efficient manner with a goal of enrolling the maximum number of participants, the Medicaid Director, in collaboration with major Ohio health care plans, shall develop plans consistent with this division. There shall be no prior authorizations or step therapy for medication-assisted treatment for program participants. The plans developed under this division shall ensure all of the following:

(1) The development of an efficient and timely process for review of eligibility for health benefits for all persons selected to participate in the program;

(2) A rapid conversion to reimbursement for all health care
services by the participant's health care plan following approval for coverage of health care benefits;

(3) The development of a consistent benefit package that provides ready access to and reimbursement for essential health care services including, but not limited to, primary health care services, alcohol and opioid detoxification services, appropriate psychosocial services, and medication for long-acting injectable antagonist therapies, partial agonist therapies, and full agonist therapies;

(4) The development of guidelines that require the provision of all treatment services, including medication, with minimal administrative barriers and within a time frame that meets the requirements of individual patient care plans.

(H) Of the foregoing appropriation item 336422, Criminal Justice Services, up to $6,000,000 in each fiscal year shall be used to support substance use disorder treatment, including medication-assisted treatment and recovery supports for drug court specialized docket programs and to support the administrative expenses of courts and community addiction services providers participating in the program.

Section 337.80. ADDICTION SERVICES PARTNERSHIP WITH CORRECTIONS

Any business commenced but not completed by July 1, 2015, by the Department of Rehabilitation and Correction regarding recovery services shall be completed by the Department of Mental Health and Addiction Services. No validation, cure, right, privilege, remedy, obligation, or liability is lost or impaired by reason of the transfer required by this section and shall be administered by the Department of Mental Health and Addiction Services. Any rules, orders, and determinations pertaining to the Bureau of Recovery Services continue in effect as rules, orders, and determinations
of the Department of Mental Health and Addiction Services until modified or rescinded by the Department of Mental Health and Addiction Services. If necessary to ensure the integrity of the numbering of the Administrative Code, the Director of the Legislative Service Commission shall renumber the numbers to reflect their transfer to the Department of Mental Health and Addiction Services.

Subject to the lay-off provisions of sections 124.321 to 124.382 of the Revised Code, all employees of the Bureau of Recovery Services are hereby transferred to the Department of Mental Health and Addiction Services and retain their positions and all of their benefits.

Wherever the Bureau of Recovery Services is referred to in any law, contract, or other document, the reference shall be deemed to refer to the Department of Mental Health and Addiction Services or its director, as appropriate.

Any business commenced but not completed under appropriation item 505321, Institution Medical Services, pertaining to the Bureau of Recovery Services, shall be completed under appropriation item 336423, Addiction Services Partnership with Corrections, in the same manner, and with the same effect, as if completed with regard to appropriation item 505321, Institution Medical Services.

Section 337.90. RECOVERY HOUSING

The foregoing appropriation item 336424, Recovery Housing, shall be used to expand and support access to recovery housing as defined in section 340.01 of the Revised Code and in accordance with section 340.034 of the Revised Code. For expenditures that are capital in nature, the Department of Mental Health and Addiction Services shall develop procedures to administer these funds in a manner that is consistent with current community
capital assistance guidelines.

**Section 337.100. SPECIALIZED DOCKET SUPPORT**

(A) The foregoing appropriation item 336425, Specialized Docket Support, shall be used to defray a portion of the annual payroll costs associated with the specialized docket of a common pleas court, municipal court, county court, juvenile court, or family court that meets all of the eligibility requirements in division (B) of this section, including a family dependency treatment docket. The foregoing appropriation item 336425, Specialized Docket Support, may also be used to defray costs associated with treatment services and recovery supports for participants.

(B) To be eligible, the specialized docket must have received Supreme Court of Ohio final certification and include participants with behavioral health needs in its target population.

**Section 337.110. COMMUNITY INNOVATIONS**

The foregoing appropriation item 336504, Community Innovations, may be used by the Department of Mental Health and Addiction Services to make targeted investments in programs, projects, or systems operated by or under the authority of other state agencies, governmental entities, or private not-for-profit agencies that impact, or are impacted by, the operations and
functions of the Department, with the goal of achieving a net
reduction in expenditure of state general revenue funds and/or
improved outcomes for Ohio citizens without a net increase in
state general revenue fund spending.

The Director shall identify and evaluate programs, projects,
or systems proposed or operated, in whole or in part, outside of
the authority of the Department, where targeted investment of
these funds in the program, project, or system is expected to
decrease demand for the Department or other resources funded with
state general revenue funds, and/or to measurably improve outcomes
for Ohio citizens with mental illness or with alcohol, drug, or
gambling addictions. The Director shall have discretion to
transfer money from the appropriation item to other state
agencies, governmental entities, or private not-for-profit
agencies in amounts, and subject to conditions, that the Director
determines most likely to achieve state savings and/or improved
outcomes. Distribution of moneys from this appropriation item
shall not be subject to sections 9.23 to 9.239 or Chapter 125. of
the Revised Code.

The Department shall enter into an agreement with each
recipient of community innovation funds, identifying: allowable
expenditure of the funds; other commitment of funds or other
resources to the program, project, or system; expected state
savings and/or improved outcomes and proposed mechanisms for
measurement of such savings or outcomes; and required reporting
regarding expenditure of funds and savings or outcomes achieved.

Of the foregoing appropriation item 336504, Community

On July 1, 2020, or as soon as possible thereafter, the Director of Mental Health and Addiction Services shall certify to the Director of Budget and Management the amount of the unexpended, unencumbered allocation for the program in fiscal year 2020. The amount certified is hereby reappropriated to appropriation item 336504, Community Innovations, in fiscal year 2021 for the same purpose.

(C) Of the foregoing appropriation item 336643, ADAMHS Boards, up to $10,000,000 in fiscal year 2020 shall be used to develop, evaluate, and expand crisis services infrastructure to provide support for adults, children, and families in a variety of settings. Any unexpended or unencumbered fund balance shall be used in fiscal year 2021 for the same purpose.

Section 337.170. PROBLEM GAMBLING AND CASINO ADDICTION

(D) CALCULATION OF STATE SHARE OF INSTRUCTION FORMULA ENTITLEMENTS AND ADJUSTMENTS FOR UNIVERSITIES  

(1) Of the foregoing appropriation item 235501, State Share of Instruction, 50 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for support of associate, baccalaureate, master's, and professional level degree attainment.

The degree attainment funding shall be allocated to universities in proportion to each campus's share of the total statewide degrees granted, weighted by the cost of the degree programs. The degree cost calculations shall include the model cost weights for the science, technology, engineering, mathematics, and medicine models as established in division (C) of this section.

For degrees including credits earned at multiple institutions, degree attainment funding shall be allocated to universities in proportion to each campus's share of the student-specific cost of earned credits for the degree. Each institution shall receive its prorated share of degree funding for
credits earned at that institution. Cost of credits not earned at a university main or regional campus shall be credited to the degree-granting institution for the first degree earned by a student at each degree level. The cost credited to the degree-granting institution shall not be eligible for at-risk weights and shall be limited to 12.5 per cent of the student-specific degree costs. However, the 12.5 per cent limitation shall not apply if the student transferred 12 or fewer credits into the degree granting institution.

In calculating the subsidy entitlements for degree attainment for universities, the Chancellor shall use the following count of degrees and degree costs:

(a) The subsidy eligible undergraduate degrees shall be defined as follows:

(i) The subsidy eligible degrees conferred to students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, shall be weighted by a factor of 1.

(ii) The subsidy eligible degrees conferred to students identified as out-of-state residents during all terms of their studies, as reported through the Higher Education Information (HEI) system student enrollment file, who remain in the state of Ohio at least one year after graduation, as calculated based on the three-year average in-state residency rate using the Unemployment Wage data for out-of-state graduates at each institution, shall be weighted by a factor of 50 per cent.

(iii) Subsidy eligible associate degrees are defined as those earned by students attending any state-supported university main or regional campus.

(b) In calculating each campus's count of degrees, the...
Chancellor shall use the three-year average associate, baccalaureate, master's, and professional degrees awarded for the three-year period ending in the prior year.

(i) If a student is awarded an associate degree and, subsequently, is awarded a baccalaureate degree, the amount funded for the baccalaureate degree shall be limited to either the difference in cost between the cost of the baccalaureate degree and the cost of the associate degree paid previously, or if the associate degree has a higher cost than the baccalaureate degree, the cost of the credits earned by the student after the associate degree was awarded.

(ii) If a student earns an associate degree then, subsequently, earns a baccalaureate degree, the associate degree granting institution shall only receive the prorated share of the baccalaureate degree funding for the credits earned at that institution after the associate degree is awarded.

(iii) If a student earns more than one degree at the same institution at the same degree level in the same fiscal year, the funding for the highest cost degree shall be prorated among institutions based on where the credits were earned and additional degrees shall be funded at 25 per cent of the cost of the degrees.

(c) Associate degrees and baccalaureate degrees earned by a student defined as at-risk based on academic underpreparation, age, minority status, financial status, or first generation post-secondary status based on neither parent completing any education beyond high school, shall be defined as degrees earned by an at-risk student and shall be weighted by the following:

A student-specific degree completion weight, where the weight is calculated based on the at-risk factors of the individual student, determined by calculating the difference between the percentage of students with each risk factor who earned a degree
and the percentage of non-at-risk students who earned a degree.  

(2) Of the foregoing appropriation item 235501, State Share of Instruction, up to 11.78 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 and 2021," in each fiscal year shall be reserved for support of doctoral programs to implement the funding recommendations made by representatives of the universities. The amount so reserved shall be referred to as the doctoral set-aside.

In each fiscal year, the doctoral set-aside funding allocation shall be allocated to universities as follows:

(a) 25 per cent of the doctoral set-aside shall be allocated to universities in proportion to their share of the statewide total earnings of each state institution's three-year average course completions. The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file. Course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the three-year period ending in the prior year for all doctoral enrollments in graduate-level models.

(b) 50 per cent of the doctoral set-aside shall be allocated to universities in proportion to each campus's share of the total statewide doctoral degrees, weighted by the cost of the doctoral discipline. In calculating each campus's doctoral degrees the Chancellor shall use the three-year average doctoral degrees awarded for the three-year period ending in the prior year.

(c) 25 per cent of the doctoral set-aside shall be allocated to universities in proportion to their share of research grant activity. Funding for this component shall be allocated to
eligible universities in proportion to their share of research grant activity published by the National Science Foundation. Grant awards from the Department of Health and Human Services shall be weighted at 50 per cent.

(3) Of the foregoing appropriation item 235501, State Share of Instruction, 6.41 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for support of Medical II FTEs. The amount so reserved shall be referred to as the medical II set-aside.

The medical II set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical II FTEs as calculated in division (A) of this section.

In calculating the core subsidy entitlements for Medical II models only, students repeating terms may be no more than five per cent of current year enrollment.

(4) Of the foregoing appropriation item 235501, State Share of Instruction, 1.48 per cent of the appropriation for universities, as established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for support of Medical I FTEs. The amount so reserved shall be referred to as the medical I set-aside.

The medical I set-aside shall be allocated to universities in proportion to their share of the statewide total of each state institution's three-year average Medical I FTEs as calculated in division (A) of this section.

(5) In calculating the course completion funding for universities, the Chancellor shall use the following count of FTE
students:

(a) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file;

(b) Those undergraduate FTE students with successful course completions, identified in division (D)(5)(a) of this section, that are defined as at-risk based on academic under-preparation or financial status shall have their eligible completions weighted by the following:

   (i) Institution-specific course completion indexes, where the indexes are calculated based upon the number of at-risk students enrolled during the 2016-2018 academic years; and

   (ii) A statewide average at-risk course completion weight determined for each subsidy model. The statewide average at-risk course completion weight shall be determined by calculating the difference between the percentage of traditional students who complete a course and the percentage of at-risk students who complete the same course.

(c) The course completion earnings shall be determined by multiplying the amounts listed above in divisions (B) and (C) of this section by the subsidy-eligible FTEs for the three-year period ending in the prior year for all models except Medical I, Medical II, Doctoral I, and Doctoral II.

(d) For universities, the Chancellor shall compute the course completion earnings by dividing the appropriation for universities, established in division (A)(2) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," less the degree attainment funding as calculated in division (D)(1) of this section, less the doctoral set-aside, less the medical I set-aside, and less the medical II set-aside,
by the sum of all campuses' instructional costs as calculated in division (D)(5) of this section.

(E) CALCULATION OF STATE SHARE OF INSTRUCTION FORMULA ENTITLEMENTS AND ADJUSTMENTS FOR COMMUNITY COLLEGES

(1) Of the foregoing appropriation item 235501, State Share of Instruction, 50 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of the act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for course completion FTEs as aggregated by the subsidy models defined in division (B) of this section.

The course completion funding shall be allocated to campuses in proportion to each campus's share of the total sector's course completions, weighted by the instructional cost of the subsidy models.

To calculate the subsidy entitlements for course completions at community colleges, state community colleges, and technical colleges, the Chancellor shall use the following calculations:

(a) In calculating each campus's count of FTE course completions, the Chancellor shall use a three-year average for course completions for the three year period ending in the prior year for students identified as residents of the state of Ohio in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible enrollments by model shall equal only those FTE students who successfully complete the course as defined and reported through the Higher Education Information (HEI) system course enrollment file.

(c) Those students with successful course completions, that are defined as access students based on financial status, minority
status, age, or academic under-preparation shall have their eligible course completions weighted by a statewide access weight. The weight given to any student that meets any access factor shall be 15 per cent for all course completions.

(d) The model costs as used in the calculation shall be augmented by the model weights for science, technology, engineering, mathematics, and medicine models as established in division (C) of this section.

(2) Of the foregoing appropriation item 235501, State Share of Instruction, 25 per cent of the appropriation for state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for colleges in proportion to their share of college student success factors.

Student success factors shall be awarded at the institutional level for each subsidy-eligible student that successfully:

(a) Completes a developmental math course and, within the next year, enrolls in a college-level math course.

(b) Completes a developmental English course and, within the next year, enrolls in a college-level English course.

(c) Completes 12 semester credit hours of college-level coursework.

(d) Completes 24 semester credit hours of college-level coursework.

(e) Completes 36 semester credit hours of college-level coursework.

(3) Of the foregoing appropriation item 235501, State Share of Instruction, 25 per cent of the appropriation for
state-supported community colleges, state community colleges, and technical colleges as established in division (A)(1) of the section of this act entitled "STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021," in each fiscal year shall be reserved for completion milestones.

Completion milestones shall include associate degrees, technical certificates over 30 credit hours as designated by the Department of Higher Education, and students transferring to any four-year institution with at least 12 credit hours of college-level coursework earned at that community college, state community college, or technical college.

The completion milestone funding shall be allocated to colleges in proportion to each institution's share of the sector's total completion milestones, weighted by the instructional cost of the associate degree, certificate, or transfer models. Costs for technical certificates over 30 hours shall be weighted at one-half of the associate degree model costs and transfers with at least 12 credit hours of college-level coursework shall be weighted at one-fourth of the average cost for all associate degree model costs.

(4) To calculate the subsidy entitlements for completions at community colleges, state community colleges, and technical colleges, the Chancellor shall use the following calculations:

(a) In calculating each campus's count of completions, the Chancellor shall use a three-year average for completion milestones awarded to students identified as subsidy eligible in any term of their studies, as reported through the Higher Education Information (HEI) system student enrollment file.

(b) The subsidy eligible completion milestones by model shall equal only those students who successfully complete an associate degree or technical certificate over 30 credit hours, or transfer
to any four-year institution with at least 12 credit hours of college-level coursework as defined and reported in the Higher Education Information (HEI) system. Student completions reported in HEI shall have an accompanying course enrollment record in order to be subsidy eligible.

(c) Those students with successful completions for associate degrees, technical certificates over 30 credit hours, or transfer to any four-year institution with at least 12 credit hours of college-level coursework, identified in division (E)(3) of this section, that are defined as access students based on financial status, minority status, age, or academic under-preparation shall have their eligible completions weighted by a statewide access weight. The weight shall be 25 per cent for students with one access factor, 66 per cent for students with two access factors, 150 per cent for students with three access factors, and 200 per cent for students with four access factors.

(d) For those students who complete more than one completion milestone, funding for each additional associate degree or technical certificate over 30 credit hours designated as such by the Department of Higher Education shall be funded at 50 per cent of the model costs as defined in division (3) of this section.

(F) CAPITAL COMPONENT DEDUCTION

After all other adjustments have been made, state share of instruction earnings shall be reduced for each campus by the amount, if any, by which debt service charged in Am. H.B. 748 of the 121st General Assembly, Am. Sub. H.B. 850 of the 122nd General Assembly, Am. Sub. H.B. 640 of the 123rd General Assembly, H.B. 675 of the 124th General Assembly, Am. Sub. H.B. 16 of the 126th General Assembly, Am. Sub. H.B. 699 of the 126th General Assembly, Am. Sub. H.B. 496 of the 127th General Assembly, and Am. Sub. H.B. 562 of the 127th General Assembly for that campus exceeds that campus's capital component earnings. The sum of the amounts
deducted shall be transferred to appropriation item 235552, Capital Component, in each fiscal year.

(G) EXCEPTIONAL CIRCUMSTANCES

Adjustments may be made to the state share of instruction payments and other subsidies distributed by the Chancellor of Higher Education to state colleges and universities for exceptional circumstances. No adjustments for exceptional circumstances may be made without the recommendation of the Chancellor and the approval of the Controlling Board.

(H) APPROPRIATION REDUCTIONS TO THE STATE SHARE OF INSTRUCTION

The standard provisions of the state share of instruction calculation as described in the preceding sections of temporary law shall apply to any reductions made to appropriation item 235501, State Share of Instruction, before the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year.

Any reductions made to appropriation item 235501, State Share of Instruction, after the Chancellor has formally approved the final allocation of the state share of instruction funds for any fiscal year, shall be uniformly applied to each campus in proportion to its share of the final allocation.

(I) DISTRIBUTION OF STATE SHARE OF INSTRUCTION

The state share of instruction payments to the institutions shall be in substantially equal monthly amounts during the fiscal year, unless otherwise determined by the Director of Budget and Management pursuant to section 126.09 of the Revised Code. Payments during the first six months of the fiscal year shall be based upon the state share of instruction appropriation estimates made for the various institutions of higher education and payments during the last six months of the fiscal year shall be based on
the final data from the Chancellor.

(J) STUDY ON THE USE OF EMPLOYMENT METRICS FOR THE STATE
SHARE OF INSTRUCTION FORMULAS

The Inter-University Council and Ohio Association of Community Colleges shall each recommend eight members representing their institutions to serve on the Employment Metrics Consultation, which shall assist the Chancellor of Higher Education to study the most appropriate formula weights for post-graduation employment measures that may be used in the distribution to universities and community colleges from the foregoing appropriation item 235501, State Share of Instruction, beginning in fiscal year 2022. The Chancellor, or the Chancellor's designee, shall lead the Consultation and call its first meeting. The Consultation shall research the most appropriate data sources available to measure employment outcomes and evaluate the public policy benefits of adding such measures to the current State Share of Instruction allocation formulas to reward institutional performance of job placement. The Consultation shall also identify and evaluate the most critical factors that should be considered as possible enhancements to the formula, such as the relevance of graduates' degrees to job placement, employment in Ohio versus out of state, placement in high demand fields, and other qualitative factors. Separate allocation factors may be considered within each sector's share of the foregoing appropriation item 235501, State Share of Instruction. The study shall be completed by June 30, 2020.

Section 381.150. STATE SHARE OF INSTRUCTION FOR FISCAL YEARS 2020 AND 2021

(A) The foregoing appropriation item 235501, State Share of Instruction, shall be distributed according to the section of this act entitled "STATE SHARE OF INSTRUCTION FORMULAS."
Of the foregoing appropriation item 235501, State Share of Instruction, $460,818,566 in fiscal year 2020 and $465,426,752 in fiscal year 2021 shall be distributed to state-supported community colleges, state community colleges, and technical colleges.

Of the foregoing appropriation item 235501, State Share of Instruction, $1,538,392,149 in fiscal year 2020 and $1,553,776,070 in fiscal year 2021 shall be distributed to state-supported university main and regional campuses.

Any increases in the amount distributed to an institution from appropriation item 235501, State Share of Instruction, above the prior year shall be used by the institution to provide need-based aid and to provide counseling, support services, and workforce preparation services to students.

Section 381.160. RESTRICTION ON FEE INCREASES

(A) In fiscal years 2020 and 2021, the boards of trustees of state institutions of higher education shall restrain increases in in-state undergraduate instructional and general fees.

(1) For the 2019-2020 and 2020-2021 academic years, each state university or college, as defined in section 3345.12, university branch established under Chapter 3355., community college established under Chapter 3354., state community college established under Chapter 3358., or technical college established under Chapter 3357. of the Revised Code shall not increase its in-state undergraduate instructional and general fees by more than two per cent over what the institution charged for the previous academic year. Increases for all other special fees, including the creation of new special fees, shall be subject to the approval of the Chancellor of Higher Education.

(2) The limitations under division (A)(1) of this section do
not apply to room and board, student health insurance, fees for auxiliary goods or services provided to students at the cost incurred to the institution, fees assessed to students as a pass-through for licensure and certification examinations, fees in elective courses associated with travel experiences, elective service charges, fines, voluntary sales transactions, and fees, which may appear directly on a student's tuition bill as assessed by the institution's bursar, to offset the cost of providing textbooks to students.

(B) The limitations under this section shall not apply to increases required to comply with institutional covenants related to their obligations or to meet unfunded legal mandates or legally binding obligations incurred or commitments made prior to the effective date of this section with respect to which the institution had identified such fee increases as the source of funds. Any increase required by such covenants and any such mandates, obligations, or commitments shall be reported by the Chancellor of Higher Education to the Controlling Board. These limitations may also be modified by the Chancellor, with the approval of the Controlling Board, to respond to exceptional circumstances as identified by the Chancellor.

(C) Institutions offering an undergraduate tuition guarantee pursuant to section 3345.48 of the Revised Code may increase instructional and general fees pursuant to that section.

(D) The Chancellor may establish a differential tuition program for undergraduate students. If the Chancellor establishes such a program, eligible institutions may offer the program to eligible students. The Chancellor shall develop criteria for participation in the program that may include, but not be limited to, requirements that revenues generated by the program shall support student services and need-based financial aid.
Section 381.170. HIGHER EDUCATION - BOARD OF TRUSTEES

(A) Funds appropriated for instructional subsidies at colleges and universities may be used to provide such branch or other off-campus undergraduate courses of study and such master's degree courses of study as may be approved by the Chancellor of Higher Education.

(B) In providing instructional and other services to students, boards of trustees of state institutions of higher education shall supplement state subsidies with income from charges to students. Except as otherwise provided in this act, each board shall establish the fees to be charged to all students, including an instructional fee for educational and associated operational support of the institution and a general fee for noninstructional services, including locally financed student services facilities used for the benefit of enrolled students. The instructional fee and the general fee shall encompass all charges for services assessed uniformly to all enrolled students. Each board may also establish special purpose fees, service charges, and fines as required; such special purpose fees and service charges shall be for services or benefits furnished individual students or specific categories of students and shall not be applied uniformly to all enrolled students. A tuition surcharge shall be paid by all students who are not residents of Ohio.

The board of trustees of a state institution of higher education shall not authorize a waiver or nonpayment of instructional fees or general fees for any particular student or any class of students other than waivers specifically authorized by law or approved by the Chancellor. This prohibition is not intended to limit the authority of boards of trustees to provide for payments to students for services rendered the institution, nor to prohibit the budgeting of income for staff benefits or for
student assistance in the form of payment of such instructional
and general fees.

Each state institution of higher education in its statement
of charges to students shall separately identify the instructional
fee, the general fee, the tuition charge, and the tuition
surcharge. Fee charges to students for instruction shall not be
considered to be a price of service but shall be considered to be
an integral part of the state government financing program in
support of higher educational opportunity for students.

(C) The boards of trustees of state institutions of higher
education shall ensure that faculty members devote a proper and
judicious part of their work week to the actual instruction of
students. Total class credit hours of production per academic term
per full-time faculty member is expected to meet the standards set
forth in the budget data submitted by the Chancellor of Higher
Education.

(D) The authority of government vested by law in the boards
of trustees of state institutions of higher education shall in
fact be exercised by those boards. Boards of trustees may consult
extensively with appropriate student and faculty groups.
Administrative decisions about the utilization of available
resources, about organizational structure, about disciplinary
procedure, about the operation and staffing of all auxiliary
facilities, and about administrative personnel shall be the
exclusive prerogative of boards of trustees. Any delegation of
authority by a board of trustees in other areas of responsibility
shall be accompanied by appropriate standards of guidance
concerning expected objectives in the exercise of such delegated
authority and shall be accompanied by periodic review of the
exercise of this delegated authority to the end that the public
interest, in contrast to any institutional or special interest,
shall be served.
Section 381.180. WAR ORPHANS SCHOLARSHIPS

The foregoing appropriation item 235504, War Orphans Scholarships, shall be used to reimburse state institutions of higher education for waivers of instructional fees and general fees provided by them, to provide grants to institutions that have received a certificate of authorization from the Chancellor of Higher Education under Chapter 1713. of the Revised Code, in accordance with the provisions of section 5910.04 of the Revised Code, and to fund additional scholarship benefits provided by section 5910.032 of the Revised Code.

Section 501.11. The appropriations made in Section 501.10 of this act are subject to all provisions of H.B. 529 of the 132nd General Assembly that are generally applicable to such appropriations. Expenditures from appropriations contained in Section 501.10 of this act shall be accounted for as though made
in H.B. 529 of the 132nd General Assembly.

Section 501.12. The Treasurer of State is hereby authorized to issue and sell, in accordance with Section 2i of Article VIII, Ohio Constitution, Chapter 154. of the Revised Code, and other applicable sections of the Revised Code, original obligations in an aggregate principal amount not to exceed $3,000,000 in addition to the original issuance of obligations heretofore authorized by prior acts of the General Assembly. These authorized obligations shall be issued, subject to applicable constitutional and statutory limitations, as needed to provide sufficient moneys to the credit of the Administrative Building Fund (Fund 7026) to pay costs associated with previously authorized capital facilities for the housing of branches and agencies of state government or their functions.

Section 503.10. PERSONAL SERVICE EXPENSES

Unless otherwise prohibited by law, any appropriation from which personal service expenses are paid shall bear the employer's share of public employees' retirement, workers' compensation, disabled workers' relief, and insurance programs; the costs of centralized financial services, centralized payroll processing, and related reports and services; centralized human resources services, including affirmative action and equal employment opportunity programs; the Office of Collective Bargaining; centralized information technology management services; administering the enterprise resource planning system; and administering the state employee merit system as required by section 124.07 of the Revised Code. Section 503.20. SATISFACTION OF JUDGMENTS AND SETTLEMENTS AGAINST THE STATE

Except as otherwise provided in this section, an appropriation in this act or any other act may be used for the purpose of satisfying judgments, settlements, or administrative awards ordered or approved by the Court of Claims or by any other court of competent jurisdiction in connection with civil actions against the state. This authorization does not apply to appropriations to be applied to or used for payment of guarantees by or on behalf of the state, or for payments under lease agreements relating to, or debt service on, bonds, notes, or other obligations of the state. Notwithstanding any other statute to the contrary, this authorization includes appropriations from funds into which proceeds of direct obligations of the state are deposited only to the extent that the judgment, settlement, or administrative award is for, or represents, capital costs for which the appropriation may otherwise be used and is consistent with the purpose for which any related obligations were issued or entered into. Nothing contained in this section is intended to subject the state to suit in any forum in which it is not otherwise subject to suit, and is not intended to waive or compromise any defense or right available to the state in any suit against it.

Section 503.30. CAPITAL PROJECT SETTLEMENTS

This section specifies an additional and supplemental procedure to provide for payments of judgments and settlements if the Director of Budget and Management determines, pursuant to division (C)(4) of section 2743.19 of the Revised Code, that
sufficient unencumbered moneys do not exist in the fund to support
a particular appropriation to pay the amount of a final judgment
rendered against the state or a state agency, including the
settlement of a claim approved by a court, in an action upon and
arising out of a contractual obligation for the construction or
improvement of a capital facility if the costs under the contract
were payable in whole or in part from a state capital projects
appropriation. In such a case, the Director may either proceed
pursuant to division (C)(4) of section 2743.19 of the Revised Code
or apply to the Controlling Board to increase an appropriation or
create an appropriation out of any unencumbered moneys in the
state treasury to the credit of the capital projects fund from
which the initial state appropriation was made. The amount of an
increase in appropriation or new appropriation approved by the
Controlling Board is hereby appropriated from the applicable
capital projects fund and made available for the payment of the
judgment or settlement.

If the Director does not make the application authorized by
this section or the Controlling Board disapproves the application,
and the Director does not make application under division (C)(4)
of section 2743.19 of the Revised Code, the Director shall for the
purpose of making that payment make a request to the General
Assembly as provided for in division (C)(5) of that section.

Section 503.40. RE-ISSUANCE OF VOIED Warrants

In order to provide funds for the reissuance of voided
warrants under section 126.37 of the Revised Code, there is hereby
appropriated, out of moneys in the state treasury from the fund
credited as provided in section 126.37 of the Revised Code, that
amount sufficient to pay such warrants when approved by the Office
of Budget and Management.
Section 503.50. REAPPROPRIATION OF UNEXPENDED ENCUMBERED BALANCES OF OPERATING APPROPRIATIONS

(A) Notwithstanding the original year of appropriation or encumbrance, the unexpended balance of an operating appropriation or reappropriation that a state agency lawfully encumbered prior to the close of fiscal year 2019 or fiscal year 2020 is hereby reappropriated on the first day of July of the following fiscal year from the fund from which it was originally appropriated or reappropriated for the period of time listed in this section and shall remain available only for the purpose of discharging the encumbrance:

(1) For an encumbrance for personal services, maintenance, equipment, or items for resale not otherwise identified in this section, for a period of not more than five months from the end of the fiscal year;

(2) For an encumbrance for an item of special order manufacture not available on state contract or in the open market, for a period of not more than five months from the end of the fiscal year or, with the written approval of the Director of Budget and Management, for a period of not more than twelve months from the end of the fiscal year;

(3) For an encumbrance for reclamation of land or oil and gas wells, for a period ending when the encumbered appropriation is expended provided such period does not extend beyond the FY 2020 – FY 2021 biennium;

Section 601.03. That Section 261.168 of Am. Sub. H.B. 49 of the 132nd General Assembly, as amended by Sub. H.B. 24 of the 132nd General Assembly, be amended to read as follows:

Sec. 261.168. MODIFICATIONS AND CAP FOR FISCAL YEARS 2019, 2020, AND 2021 ICF/IID MEDICAID RATES UNDER THE FORMULA BEING PHASED OUT

(A) As used in this section:
(1) "Change of operator," "cost report year," "entering operator," "exiting operator," "ICF/IID," "ICF/IID services," "Medicaid days," "peer group 1-B," "peer group 2-B," "peer group 3-B," "provider," and "provider agreement" have the same meanings as in section 5124.01 of the Revised Code.

(2) "Formula being phased out" means the formula specified in division (C) of section 5124.15 of the Revised Code.

(3) "Franchise permit fee" means the fee imposed by sections 5168.60 to 5168.71 of the Revised Code.

(B)(1) This section applies to each ICF/IID that is in peer group 1-B or peer group 2-B and to which either of the following, as applicable to a fiscal year, applies:

(a) In the context of determining an ICF/IID's total Medicaid payment rate for fiscal year 2019 under the formula being phased out, either of the following is the case:

(i) The provider of the ICF/IID has a valid Medicaid provider agreement for the ICF/IID on June 30, 2018, and a valid Medicaid provider agreement for the ICF/IID during fiscal year 2019;

(ii) The ICF/IID undergoes a change of operator that takes effect during fiscal year 2019, the exiting operator has a valid Medicaid provider agreement for the ICF/IID on the day immediately preceding the effective date of the change of operator, and the entering operator has a valid Medicaid provider agreement for the ICF/IID during fiscal year 2019.

(b) In the context of determining an ICF/IID's total Medicaid payment rate for fiscal year 2020, either of the following is the case:

(i) The provider of the ICF/IID has a valid Medicaid provider agreement for the ICF/IID on June 30, 2019, and a valid Medicaid provider agreement for the ICF/IID during fiscal year 2020;
(ii) The ICF/IID undergoes a change of operator that takes effect during fiscal year 2020, the exiting operator has a valid Medicaid provider agreement for the ICF/IID on the day immediately preceding the effective date of the change of operator, and the entering operator has a valid Medicaid provider agreement for the ICF/IID during fiscal year 2020.

(b) In the context of determining an ICF/IID's total Medicaid payment rate for fiscal year 2021, either of the following is the case:

(i) The provider of the ICF/IID has a valid Medicaid provider agreement for the ICF/IID on June 30, 2020, and a valid Medicaid provider agreement for the ICF/IID during fiscal year 2021;

(ii) The ICF/IID undergoes a change of operator that takes effect during fiscal year 2021, the exiting operator has a valid Medicaid provider agreement for the ICF/IID on the day immediately preceding the effective date of the change of operator, and the entering operator has a valid Medicaid provider agreement for the ICF/IID during fiscal year 2021.

(2) This section does not apply to either of the following:

(a) An ICF/IID in peer group 3-B;

(b) An ICF/IID for which the provider obtains an initial provider agreement during a fiscal year for which modifications to the formula being phased out are made under this section.

(C) Notwithstanding Chapter 5124. of the Revised Code, the following modifications shall be made when determining under the formula being phased out the fiscal years 2019, 2020, and 2021 total per Medicaid day payment rates for an ICF/IID to which this section applies:

(1) The ICF/IID's efficiency incentive for capital costs, as determined under division (F) of section 5124.171 of the Revised
Code, shall be reduced by 50%.

(2) In place of the maximum cost per case-mix unit established for the ICF/IID's peer group under division (C) of section 5124.195 of the Revised Code, the ICF/IID's maximum costs per case-mix unit shall be the amount the Department determined for the ICF/IID's peer group for fiscal year 2016 in accordance with division (E) of Section 259.160 of Am. Sub. H.B. 64 of the 131st General Assembly.

(3) In place of the inflation adjustment otherwise calculated under division (D) of section 5124.195 of the Revised Code for the purpose of division (A)(1)(b) of that section, an inflation adjustment of 1.014 shall be used.

(4) In place of the efficiency incentive otherwise calculated under division (B)(2) of section 5124.211 of the Revised Code, the ICF/IID's efficiency incentive for indirect care costs shall be the following:

(a) In the case of an ICF/IID in peer group 1-B, not more than $3.69;

(b) In the case of an ICF/IID in peer group 2-B, not more than $3.19.

(5) In place of the maximum rate for indirect care costs established for the ICF/IID's peer group under division (C) of section 5124.211 of the Revised Code, the maximum rate for indirect care costs for the ICF/IID's peer group shall be an amount the Department shall determine in accordance with division (D) of this section.

(6) In place of the inflation adjustment otherwise calculated under division (D)(E)(1) of section 5124.211 of the Revised Code for the purpose of division (B)(1) of that section only, an inflation adjustment of 1.014 shall be used.
(7) In place of the inflation adjustment otherwise made under section 5124.231 of the Revised Code, the ICF/IID's desk-reviewed, actual, allowable, per Medicaid day other protected costs, excluding the franchise permit fee, from the applicable cost report year shall be multiplied by 1.014.

(D) In determining the amount of the maximum rate for indirect costs for the purpose of division (C)(5) of this section, the Department shall strive to the greatest extent possible to do both of the following:

(1) Avoid rate reductions under division (E) of this section;

(2) Have the amount so determined result in payment of all desk-reviewed, actual, allowable indirect care costs for the same percentage of Medicaid days for ICFs/IID in peer group 1-B as for ICFs/IID in peer group 2-B as of the first day of the fiscal year for which the determination is made, based on May Medicaid days from the calendar year in which the fiscal year begins.

(E) If the mean total per Medicaid day rate for all ICFs/IID to which this section applies, as determined under division (C) of this section as of the first day of a fiscal year for which a rate is determined under this section and weighted by May Medicaid days from the calendar year in which the fiscal year begins, is greater than the amount determined under division (E)(2) of this section $290.10, the Department shall adjust, for the fiscal year for which the rate is determined, the total per Medicaid day rate for each ICF/IID to which this section applies by a percentage that is equal to the percentage by which the mean total per Medicaid day rate is greater or less than the amount determined under division (E)(2) of this section $290.10.

(2) The amount to be used for the purpose of division (E)(1) of this section shall be not less than $290.10. The Department, in
its sole discretion, may use a larger amount for the purpose of 
that division. In determining whether to use a larger amount, the 
Department may consider any of the following:

(a) The reduction in the total Medicaid-certified capacity of 
all ICFs/IID that occurs in the fiscal year immediately preceding 
the fiscal year for which the determination is made, and the 
reduction that is projected to occur in the fiscal year for which 
the determination is made, as a result of either of the following:

(i) A downsizing pursuant to a plan approved by the 
Department under section 5123.042 of the Revised Code;

(ii) A conversion of beds to providing home and 
community-based services under the Individual Options waiver 
pursuant to section 5124.60 or 5124.61 of the Revised Code.

(b) The increase in Medicaid payments made for ICF/IID 
services provided during the fiscal year immediately preceding the 
fiscal year for which the determination is made, and the increase 
that is projected to occur in the fiscal year for which the 
determination is made, as a result of the modifications to the 
payment rates made under section 5124.101 of the Revised Code;

(c) The total reduction in the number of ICF/IID beds that 
occur pursuant to section 5124.67 of the Revised Code;

(d) Other factors the Department determines to be relevant.

(F) If the United States Centers for Medicare and Medicaid 
Services requires that the franchise permit fee be reduced or 
eliminated, the Department shall reduce the rate determined under 
this section as necessary to reflect the loss to the state of the 
revenue and federal financial participation generated from the 
franchise permit fee.

Section 601.04. That existing Section 261.168 of Am. Sub. 
H.B. 49 of the 132nd General Assembly, as amended by Sub. H.B. 24
of the 132nd General Assembly, is hereby repealed.

Section 601.05. Sections 601.03 and 601.04 of this act are exempt from the referendum under section 1d of Article II, Ohio Constitution, and take effect July 1, 2019.

Section 601.10. That Sections 207.10 and 701.10 of H.B. 529 of the 132nd General Assembly be amended to read as follows:

There is hereby established in the Highway Operating Fund (Fund 7002), used by the Department of Transportation, a Diesel Emissions Reduction Grant Program. The Director of Environmental Protection shall administer the program and shall solicit, evaluate, score, and select projects submitted by public and
private entities that are eligible for the federal Congestion Mitigation and Air Quality (CMAQ) Program. The Director of Transportation shall process Federal Highway Administration-approved projects as recommended by the Director of Environmental Protection.

In addition to the allowable expenditures set forth in section 122.861 of the Revised Code, Diesel Emissions Reduction Grant Program funds also may be used to fund projects involving the purchase or use of hybrid and alternative fuel vehicles that are allowed under guidance developed by the Federal Highway Administration for the CMAQ Program.

Public entities eligible to receive funds under section 122.861 of the Revised Code and CMAQ shall be reimbursed from moneys in Fund 7002 designated for the Department of Transportation's Diesel Emissions Reduction Grant Program.

Private entities eligible to receive funds under section 122.861 of the Revised Code and CMAQ shall be reimbursed, at the direction of the local public agency sponsor and upon approval of the Department of Transportation, through direct payments. These reimbursements shall be made from moneys in Fund 7002 designated for the Department of Transportation's Diesel Emissions Reduction Grant Program. Total expenditures from Fund 7002 for the Diesel Emissions Reduction Grant Program shall not exceed $10,000,000 in both fiscal year 2020 and fiscal year 2021.

Any allocations under this section represent CMAQ program moneys within the Department of Transportation for use by the Diesel Emissions Reduction Grant Program by the Environmental Protection Agency. These allocations shall not reduce the amount of such moneys designated for metropolitan planning organizations.

The Director of Environmental Protection, in consultation with the Director of Transportation, shall develop guidance for
the distribution of funds and for the administration of the Diesel
Emissions Reduction Grant Program. The guidance shall include a
method of prioritization for projects, acceptable technologies,
and procedures for awarding grants.

each fiscal year of that biennium, and an estimate of the amount
of credits authorized that will remain outstanding at the end of

The Job Creation Tax Credit (JCTC) estimate of credits outstanding is not just for tax credit certificates already issued, but also for the estimated potential value of certificates to be issued under the program through 2035 when looking at the existing portfolio of approved and active incentives. The estimate assumes that the companies receiving credits will continue to meet the performance objectives required to continue receiving the credit.

Section 806.10. SEVERABILITY

The items of law contained in this act, and their applications, are severable. If any item of law contained in this act, or if any application of any item of law contained in this act, is held invalid, the invalidity does not affect other items of law contained in this act and their applications that can be given effect without the invalid item of law or application.

Section 809.10. NO EFFECT AFTER END OF BIENNIUM

An item of law, other than an amending, enacting, or
repealing clause, that composes the whole or part of an uncodified section contained in this act has no effect after June 30, 2021, unless its context clearly indicates otherwise.

Section 812.10. SUBJECT TO REFERENDUM

Except as otherwise provided in this act, the amendment, enactment, or repeal by this act of a section is subject to the referendum under Ohio Constitution, Article II, section 1c and therefore takes effect on the ninety-first day after this act is filed with the Secretary of State or, if a later effective date is specified below, on that date.

Section 812.20. The amendment by this act of sections 321.24, 718.83, and 5745.05 of the Revised Code is exempt from the referendum under section 1d of Article II, Ohio Constitution, and therefore takes effect immediately when this act becomes law.

Section 812.23. Sections of this act prefixed with numbers in the 200s, 300s, 400s, and 500s (except the 501s) are exempt from the referendum under Ohio Constitution, Article II, Section 1d, and therefore take immediate effect when this act becomes law.

Section 815.10. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the following sections, presented in this act as composites of the sections as amended by the acts indicated, are the resulting versions of the sections in effect prior to the effective date of the sections as presented in this act:

General Assembly.

Section 2929.15 of the Revised Code as amended by both Am. Sub. S.B. 66 and Am. Sub. S.B. 201 of the 132nd General Assembly.

Section 3317.03 of the Revised Code as amended by Sub. H.B. 113 and Sub. H.B. 158 of the 131st General Assembly.

Section 3328.24 of the Revised Code as amended by both Am. Sub. H.B. 410 and Sub. S.B. 3 of the 131st General Assembly.

Section 4735.09 of the Revised Code as amended by both Sub. H.B. 113 and Am. H.B. 532 of the 131st General Assembly.

Section 5162.01 of the Revised Code as amended by both Sub. H.B. 89 and Sub. S.B. 332 of the 131st General Assembly.

Section 5709.40 of the Revised Code as amended by both Am. Sub. S.B. 257 of the 131st General Assembly and Sub. H.B. 69 of
the 132nd General Assembly.

Section 815.20. Section 3119.30 of the Revised Code was amended by both Sub. S.B. 70 and Sub. H.B. 366 of the 132nd General Assembly. Comparison of these amendments in pursuance of section 1.52 of the Revised Code discloses that while certain of the amendments of these acts are reconcilable, certain other of the amendments are substantively irreconcilable. Sub. S.B. 70 was passed on 01/31/2018; Sub. H.B. 366 was passed on 06/07/2018. Section 3119.30 of the Revised Code is therefore presented in this act as it results from Sub. H.B. 366 and such of the amendments of Sub. S.B. 70 as are not in conflict with the amendments of Sub. S.B. 366. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.
