

Dear Senator Roegner,

As you know, Senate Bill 159 will provide tax incentives for land transferred or leased to beginning farmers. I am writing in support of this and am very excited about the possibility, as I begin my farming venture this year. People like me can use this kind of support.

In a time when we need more farmers (especially those that are doing small sustainable operations that benefit the land they use), Ohio government can do a lot to support people wanting to do the work. I hope that under your guidance, you support family farms instead of big ag with that support.

Thank you!

Lily Kunning
