The bill has no direct fiscal effect on the state or any of its political subdivisions. It extends the period of validity for farm bus registration from 210 days to 310 days. Under continuing law, a farm bus may only be registered once per calendar year. As a result, the bill will not generate any additional license revenue, work, or costs for the Department of Public Safety for the registration of farm buses. Similarly, the bill will not affect the amount of revenue received by political subdivisions from the registration of farm buses. In calendar year 2019, 39 farm buses were registered.
