Sec. 9.312. (A) If a state agency or political subdivision is required by law or by an ordinance or resolution adopted under division (C) of this section to award a contract to the lowest responsive and responsible bidder, a bidder on the contract shall be considered responsive if the bidder's proposal responds to bid specifications in all material respects and contains no irregularities or deviations from the specifications which would affect the amount of the bid or otherwise give the bidder a competitive advantage. The factors that the state agency or political subdivision shall consider in determining whether a bidder on the contract is responsible include the experience of the bidder, the bidder's financial condition, conduct and performance on previous contracts, facilities, management skills, and ability to execute the contract properly.

For purposes of this division, the provision of a bid guaranty in accordance with divisions (A)(1) and (B) of section 153.54 of the Revised Code issued by a surety licensed to do business in this state is evidence of financial responsibility,
but a state agency or political subdivision may request additional financial information for review from an apparent low bidder after it opens all submitted bids. A state agency or political subdivision shall keep additional financial information it receives pursuant to a request under this division confidential, except under proper order of a court. The additional financial information is not a public record under section 149.43 of the Revised Code.

An apparent low bidder found not to be responsive and responsible shall be notified by the state agency or political subdivision of that finding and the reasons for it. Except for contracts awarded by the department of administrative services pursuant to section 125.11 of the Revised Code, the notification shall be given in writing and by certified mail. When awarding contracts pursuant to section 125.11 of the Revised Code, the department may send such notice in writing by first class mail or by electronic means.

(B) Where a state agency or a political subdivision that has adopted an ordinance or resolution under division (C) of this section determines to award a contract to a bidder other than the apparent low bidder or bidders for the construction, reconstruction, improvement, enlargement, alteration, repair, painting, or decoration of a public improvement, it shall meet with the apparent low bidder or bidders upon a filing of a timely written protest. The protest must be received within five days of the notification required in division (A) of this section. No final award shall be made until the state agency or political subdivision either affirms or reverses its earlier determination. Notwithstanding any other provisions of the Revised Code, the procedure described in this division is not subject to Chapter 119. of the Revised Code.

(C) A municipal corporation, township, school district, board
of county commissioners, any other county board or commission, or any other political subdivision required by law to award contracts by competitive bidding may by ordinance or resolution adopt a policy of requiring each competitively bid contract it awards to be awarded to the lowest responsive and responsible bidder in accordance with this section.

Sec. 9.333. (A) No public authority shall enter into a construction management contract with a construction manager unless the construction manager provides a letter of credit pursuant to Chapter 1305. of the Revised Code, a surety bond pursuant to sections 153.54 and 153.57 of the Revised Code, a certified check or cashier's check in an amount equal to the value of the construction management contract for the project, or provides other reasonable financial assurance of a nature and in an amount satisfactory to the public authority. The public authority may waive this requirement for good cause.

(B) Before construction begins pursuant to a construction management contract with a construction manager at risk, the construction manager at risk shall provide a surety bond to the public authority in accordance with rules adopted by the executive director of administrative services the Ohio facilities construction commission under Chapter 119. of the Revised Code.

Sec. 9.83. (A) The state and any political subdivision may procure a policy or policies of insurance insuring its officers and employees against liability for injury, death, or loss to person or property that arises out of the operation of an automobile, truck, motor vehicle with auxiliary equipment, self-propelling equipment or trailer, aircraft, or watercraft by the officers or employees while engaged in the course of their employment or official responsibilities for the state or the political subdivision. The state is authorized to expend funds to
pay judgments that are rendered in any court against its officers or employees and that result from such operation, and is authorized to expend funds to compromise claims for liability against its officers or employees that result from such operation. No insurer shall deny coverage under such a policy, and the state shall not refuse to pay judgments or compromise claims, on the ground that an automobile, truck, motor vehicle with auxiliary equipment, self-propelling equipment or trailer, aircraft, or watercraft was not being used in the course of an officer's or employee's employment or official responsibilities for the state or a political subdivision unless the officer or employee who was operating an automobile, truck, motor vehicle with auxiliary equipment, or self-propelling equipment or trailer is convicted of a violation of section 124.71 of the Revised Code as a result of the same events.

(B) Funds shall be reserved as necessary, in the exercise of sound and prudent actuarial judgment, to cover potential expense, fees, damage, loss, or other liability. The office of risk management may recommend or, if the state requests of the office of risk management, shall recommend a specific amount for any period of time that, in the opinion of the office of risk management, represents such a judgment.

(C) Nothing in this section shall be construed to require the department of administrative services to purchase liability insurance for all state vehicles in a single policy of insurance or to cover all state vehicles under a single plan of self-insurance.

(D) Insurance procured by the state pursuant to this section shall be procured as provided in division (G) of section 125.03 125.02 of the Revised Code.

(E) For purposes of liability insurance procured under this section to cover the operation of a motor vehicle by a prisoner
for whom the insurance is procured, "employee" includes a prisoner
in the custody of the department of rehabilitation and correction
who is enrolled in a work program that is established by the
department pursuant to section 5145.16 of the Revised Code and in
which the prisoner is required to operate a motor vehicle, as
defined in section 4509.01 of the Revised Code, and who is engaged
in the operation of a motor vehicle in the course of the work
program.

(F) All contributions collected by the director of
administrative services under division (H) of this section shall
be deposited into the risk management reserve fund created in
section 9.823 of the Revised Code to the credit of the vehicle
liability program.

(G) Reserves shall be maintained in the risk management
reserve fund to the credit of the vehicle liability program in any
amount that is necessary and adequate, in the exercise of sound
and prudent actuarial judgment, to cover potential liability
claims, expenses, fees, or damages. Money in the fund may be
applied to the payment of liability claims that are filed against
the state in the court of claims and determined in the manner
provided in Chapter 2743. of the Revised Code. The director of
administrative services may procure the services of a qualified
actuarial firm for the purpose of recommending the specific amount
of money that is required to maintain adequate reserves for a
specified period of time.

(H) The director of administrative services shall collect
from each state agency or any participating state body its
contribution to the vehicle liability program for the purpose of
purchasing insurance or administering self-insurance programs for
coverage authorized under this section. The amount of the
contribution shall be determined by the director, with the
approval of the director of budget and management. It shall be
based upon actuarial assumptions and the relative risk and loss experience of each state agency or participating state body. The amount of the contribution also shall include a reasonable sum to cover administrative costs of the department of administrative services. The amounts collected pursuant to this division shall be deposited in the risk management reserve fund to the credit of the vehicle liability program.

Sec. 9.833. (A) As used in this section, "political subdivision" has the meaning defined in sections 2744.01 and 3905.36 of the Revised Code. For purposes of this section, "political subdivision" includes municipal corporations as defined in section 5705.01 of the Revised Code.

(B) Political subdivisions that provide health care benefits for their officers or employees may do any of the following:

(1) Establish and maintain an individual self-insurance program with public moneys to provide authorized health care benefits, including but not limited to, health care, prescription drugs, dental care, and vision care, in accordance with division (C) of this section;

(2) Establish and maintain a health savings account program whereby employees or officers may establish and maintain health savings accounts in accordance with section 223 of the Internal Revenue Code. Public moneys may be used to pay for or fund federally qualified high deductible health plans that are linked to health savings accounts or to make contributions to health savings accounts. A health savings account program may be a part of a self-insurance program.

(3) After establishing an individual self-insurance program, agree with other political subdivisions that have established individual self-insurance programs for health care benefits, that their programs will be jointly administered in a manner specified...
in the agreement;

(4) Pursuant to a written agreement and in accordance with division (C) of this section, join in any combination with other political subdivisions to establish and maintain a joint self-insurance program to provide health care benefits;

(5) Pursuant to a written agreement, join in any combination with other political subdivisions to procure or contract for policies, contracts, or plans of insurance to provide health care benefits, which may include a health savings account program for their officers and employees subject to the agreement;

(6) Use in any combination any of the policies, contracts, plans, or programs authorized under this division.

(7) Any agreement made under division (B)(3), (4), (5), or (6) of this section shall be in writing, comply with division (C) of this section, and contain best practices established in consultation with and approved by the department of administrative services. The best practices may be reviewed and amended at the discretion of the political subdivisions in consultation with the department. Detailed information regarding the best practices shall be made available to any employee upon that employee's request.

(8) Purchase plans containing best practices established identified by the department of administrative services under section 9.901 of the Revised Code.

(C) Except as otherwise provided in division (E) of this section, the following apply to individual or joint self-insurance programs established pursuant to this section:

(1) Such funds shall be reserved as are necessary, in the exercise of sound and prudent actuarial judgment, to cover potential cost of health care benefits for the officers and employees of the political subdivision. A certified audited
financial statement and a report of aggregate amounts so reserved and aggregate disbursements made from such funds, together with a written report of a member of the American academy of actuaries certifying whether the amounts reserved conform to the requirements of this division, are computed in accordance with accepted loss reserving standards, and are fairly stated in accordance with sound loss reserving principles, shall be prepared and maintained, within ninety days after the last day of the fiscal year of the entity for which the report is provided for that fiscal year, in the office of the program administrator described in division (C)(3) of this section.

The report required by division (C)(1) of this section shall include, but not be limited to, the aggregate of disbursements made for the administration of the program, including claims paid, costs of the legal representation of political subdivisions and employees, and fees paid to consultants.

The program administrator described in division (C)(3) of this section shall make the report required by this division available for inspection by any person at all reasonable times during regular business hours, and, upon the request of such person, shall make copies of the report available at cost within a reasonable period of time. The program administrator shall further provide the report to the auditor of state under Chapter 117. of the Revised Code. The report required by this division is in lieu of the records required by division (A) of section 149.431 of the Revised Code.

(2) Each political subdivision shall reserve funds necessary for an individual or joint self-insurance program in a special fund that may be established for political subdivisions other than an agency or instrumentality pursuant to an ordinance or resolution of the political subdivision and not subject to section 5705.12 of the Revised Code. An agency or instrumentality shall
reserve the funds necessary for an individual or joint
self-insurance program in a special fund established pursuant to a
resolution duly adopted by the agency's or instrumentality's
governing board. The political subdivision may allocate the costs
of insurance or any self-insurance program, or both, among the
funds or accounts established under this division on the basis of
relative exposure and loss experience.

(3) A contract may be awarded, without the necessity of
competitive bidding, to any person, political subdivision,
nonprofit corporation organized under Chapter 1702. of the Revised
Code, or regional council of governments created under Chapter
167. of the Revised Code for purposes of administration of an
individual or joint self-insurance program. No such contract shall
be entered into without full, prior, public disclosure of all
terms and conditions. The disclosure shall include, at a minimum,
a statement listing all representations made in connection with
any possible savings and losses resulting from the contract, and
potential liability of any political subdivision or employee. The
proposed contract and statement shall be disclosed and presented
at a meeting of the political subdivision not less than one week
prior to the meeting at which the political subdivision authorizes
the contract.

(9) On receipt of a request for a criminal records check from the treasurer of state under section 113.041 of the Revised Code or from an individual under section 4701.08, 4715.101, 4717.061, 4725.121, 4725.501, 4729.071, 4730.101, 4730.14, 4730.28, 4731.081, 4731.15, 4731.171, 4731.222, 4731.281, 4731.296, 4731.531, 4732.091, 4734.202, 4740.061, 4741.10, 4755.70, 4757.101, 4759.061, 4760.032, 4760.06, 4761.051, 4762.031, 4762.06, 4776.021, 4779.091, or 4783.04 of the Revised Code, accompanied by a completed form prescribed under division (C)(1) of this section and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request has been convicted of or pleaded guilty to any criminal offense in this state or any other state. Subject to division (F) of this section, the superintendent shall send the results of a check requested under section 113.041 of the Revised Code to the treasurer of state and shall send the results of a check requested under any of the other listed sections to the licensing board specified by the individual in the request.

(10) On receipt of a request pursuant to section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, or 1761.26 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of
this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any criminal offense under any existing or former law of this state, any other state, or the United States.

(11) On receipt of a request for a criminal records check from an appointing or licensing authority under section 3772.07 of the Revised Code, a completed form prescribed under division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner prescribed in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty or no contest to any offense under any existing or former law of this state, any other state, or the United States that is a disqualifying offense as defined in section 3772.07 of the Revised Code or substantially equivalent to such an offense.

(12) On receipt of a request pursuant to section 2151.33 or 2151.412 of the Revised Code, a completed form prescribed pursuant to division (C)(1) of this section, and a set of fingerprint impressions obtained in the manner described in division (C)(2) of this section, the superintendent of the bureau of criminal identification and investigation shall conduct a criminal records check with respect to any person for whom a criminal records check is required by that section. The superintendent shall conduct the
criminal records check in the manner described in division (B) of this section to determine whether any information exists that indicates that the person who is the subject of the request previously has been convicted of or pleaded guilty to any of the following:

(a) A violation of section 2903.01, 2903.02, 2903.03, 2903.04, 2903.11, 2903.12, 2903.13, 2903.16, 2903.21, 2903.34, 2905.01, 2905.02, 2905.11, 2905.12, 2907.02, 2907.03, 2907.05, 2907.06, 2907.07, 2907.08, 2907.09, 2907.12, 2907.25, 2907.31, 2907.32, 2907.321, 2907.322, 2907.323, 2911.01, 2911.02, 2911.11, 2911.12, 2911.13, 2913.02, 2913.03, 2913.04, 2913.11, 2913.21, 2913.31, 2913.40, 2913.43, 2913.47, 2913.51, 2919.25, 2921.36, 2923.12, 2923.13, 2923.161, 2925.02, 2925.03, 2925.11, 2925.13, 2925.22, 2925.23, or 3716.11 of the Revised Code;

(b) An existing or former law of this state, any other state, or the United States that is substantially equivalent to any of the offenses listed in division (A)(12)(a) of this section.

(B) Subject to division (F) of this section, the superintendent shall conduct any criminal records check to be conducted under this section as follows:

(1) The superintendent shall review or cause to be reviewed any relevant information gathered and compiled by the bureau under division (A) of section 109.57 of the Revised Code that relates to the person who is the subject of the criminal records check, including, if the criminal records check was requested under section 113.041, 121.08, 173.27, 173.38, 173.381, 1121.23, 1155.03, 1163.05, 1315.141, 1321.37, 1321.53, 1321.531, 1322.03, 1322.031, 1733.47, 1761.26, 2151.86, 3301.32, 3301.541, 3319.39, 3701.88, 3712.09, 3721.121, 3772.07, 4749.03, 4749.06, 4763.05, 5104.012, 5104.013, 5164.34, 5164.341, 5164.342, 5123.081, 5123.169, or 5153.111 of the Revised Code, any relevant information contained in records that have been sealed under
section 2953.32 of the Revised Code;

(2) If the request received by the superintendent asks for information from the federal bureau of investigation, the superintendent shall request from the federal bureau of investigation any information it has with respect to the person who is the subject of the criminal records check, including fingerprint-based checks of national crime information databases as described in 42 U.S.C. 671 if the request is made pursuant to section 2151.86, 5104.012, or 5104.013 of the Revised Code or if any other Revised Code section requires fingerprint-based checks of that nature, and shall review or cause to be reviewed any information the superintendent receives from that bureau. If a request under section 3319.39 of the Revised Code asks only for information from the federal bureau of investigation, the superintendent shall not conduct the review prescribed by division (B)(1) of this section.

(3) The superintendent or the superintendent's designee may request criminal history records from other states or the federal government pursuant to the national crime prevention and privacy compact set forth in section 109.571 of the Revised Code.

(4) The superintendent shall include in the results of the criminal records check a list or description of the offenses listed or described in division (A)(1), (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), or (12) of this section, whichever division requires the superintendent to conduct the criminal records check. The superintendent shall exclude from the results any information the dissemination of which is prohibited by federal law.

(5) The superintendent shall send the results of the criminal records check to the person to whom it is to be sent not later than the following number of days after the date the superintendent receives the request for the criminal records check.
check, the completed form prescribed under division (C)(1) of this section, and the set of fingerprint impressions obtained in the manner described in division (C)(2) of this section:

(a) If the superintendent is required by division (A) of this section (other than division (A)(3) of this section) to conduct the criminal records check, thirty;

(b) If the superintendent is required by division (A)(3) of this section to conduct the criminal records check, sixty.

(C)(1) The superintendent shall prescribe a form to obtain the information necessary to conduct a criminal records check from any person for whom a criminal records check is to be conducted under this section. The form that the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(2) The superintendent shall prescribe standard impression sheets to obtain the fingerprint impressions of any person for whom a criminal records check is to be conducted under this section. Any person for whom a records check is to be conducted under this section shall obtain the fingerprint impressions at a county sheriff's office, municipal police department, or any other entity with the ability to make fingerprint impressions on the standard impression sheets prescribed by the superintendent. The office, department, or entity may charge the person a reasonable fee for making the impressions. The standard impression sheets the superintendent prescribes pursuant to this division may be in a tangible format, in an electronic format, or in both tangible and electronic formats.

(3) Subject to division (D) of this section, the superintendent shall prescribe and charge a reasonable fee for providing a criminal records check under this section. The person requesting the criminal records check shall pay the fee prescribed
pursuant to this division. In the case of a request under section 1121.23, 1155.03, 1163.05, 1315.141, 1733.47, 1761.26, 2151.33, 2151.412, or 5164.34 of the Revised Code, the fee shall be paid in the manner specified in that section.

(4) The superintendent of the bureau of criminal identification and investigation may prescribe methods of forwarding fingerprint impressions and information necessary to conduct a criminal records check, which methods shall include, but not be limited to, an electronic method.

(D) The results of a criminal records check conducted under this section, other than a criminal records check specified in division (A)(7) of this section, are valid for the person who is the subject of the criminal records check for a period of one year from the date upon which the superintendent completes the criminal records check. If during that period the superintendent receives another request for a criminal records check to be conducted under this section for that person, the superintendent shall provide the results from the previous criminal records check of the person at a lower fee than the fee prescribed for the initial criminal records check.

(E) When the superintendent receives a request for information from a registered private provider, the superintendent shall proceed as if the request was received from a school district board of education under section 3319.39 of the Revised Code. The superintendent shall apply division (A)(1)(c) of this section to any such request for an applicant who is a teacher.

(F)(1) All information regarding the results of a criminal records check conducted under this section that the superintendent reports or sends under division (A)(7) or (9) of this section to the director of public safety, the treasurer of state, or the person, board, or entity that made the request for the criminal records check shall relate to the conviction of the subject.
person, or the subject person's plea of guilty to, a criminal offense.

(2) Division (F)(1) of this section does not limit, restrict, or preclude the superintendent's release of information that relates to the arrest of a person who is eighteen years of age or older, to an adjudication of a child as a delinquent child, or to a criminal conviction of a person under eighteen years of age in circumstances in which a release of that nature is authorized under division (E)(2), (3), or (4) of section 109.57 of the Revised Code pursuant to a rule adopted under division (E)(1) of that section.

(G) As used in this section:

(1) "Criminal records check" means any criminal records check conducted by the superintendent of the bureau of criminal identification and investigation in accordance with division (B) of this section.

(2) "Minor drug possession offense" has the same meaning as in section 2925.01 of the Revised Code.

(3) "OVI or OVUAC violation" means a violation of section 4511.19 of the Revised Code or a violation of an existing or former law of this state, any other state, or the United States that is substantially equivalent to section 4511.19 of the Revised Code.

(4) "Registered private provider" means a nonpublic school or entity registered with the superintendent of public instruction under section 3310.41 of the Revised Code to participate in the autism scholarship program or section 3310.58 of the Revised Code to participate in the Jon Peterson special needs scholarship program.

Sec. 113.07. The treasurer of state may enter into a contract
with any financial institution under which the financial
institution, in accordance with the terms of the contract,
receives tax and fee payments at a post office box, opens the mail
delivered to that box, processes the checks and other payments
received in such mail and deposits them into the treasurer of
state's account, and provides the treasurer of state daily receipt
information with respect to such payments. The contract shall not
be entered into unless:

(A) There is attached to the contract a certification by the
auditor of state that the financial institution and the treasurer
of state have given assurances satisfactory to the auditor of
state that the records of the financial institution which relate
to tax and fee payments covered by the contract, and only such
records, shall be subject to audit by the auditor of state to the
same extent as if the services which the financial institution has
agreed to perform were being performed by the treasurer of state;

(B) The contract is awarded in accordance with section 125.07
Chapter 125. of the Revised Code;

(C) The treasurer of state's surety bond includes within its
coverage any loss that may occur as the result of the contract;

(D) The contract does not conflict with the requirements for
accounting and financial reporting for public offices prescribed
by the auditor of state.

Sec. 118.04. (A) The existence of a fiscal emergency
condition constitutes a fiscal emergency. The existence of fiscal
emergency conditions shall be determined by the auditor of state.
Such determination, for purposes of this chapter, may be made only
upon the filing with the auditor of state of a written request for
such a determination by the governor, by the county budget
commission, by the mayor of the municipal corporation, or by the
presiding officer of the legislative authority of the municipal
corporation when authorized by a majority of the members of such legislative authority, by the board of county commissioners, or by the board of township trustees, or upon initiation by the auditor of state. The request may designate in general or specific terms, but without thereby limiting the determination thereto, the condition or conditions to be examined to determine whether they constitute fiscal emergency conditions. Promptly upon receipt of such written request, or upon initiation by the auditor of state, the auditor of state shall transmit copies of such request or a written notice of such initiation to the mayor and the presiding officer of the legislative authority of the municipal corporation or to the board of county commissioners or the board of township trustees by personal service or certified mail. Such determinations shall be set forth in written reports and supplemental reports, which shall be filed with the mayor, fiscal officer, and presiding officer of the legislative authority of the municipal corporation, or with the board of county commissioners or the board of township trustees, and with the treasurer of state, secretary of state, governor, director of budget and management, and county budget commission, within thirty days after the request. The auditor of state shall so file an initial report immediately upon determining the existence of any fiscal emergency condition.

(B) In making such determination, the auditor of state may rely on reports or other information filed or otherwise made available by the municipal corporation, county, or township, accountants' reports, or other sources and data the auditor of state considers reliable for such purpose. As to the status of funds or accounts, a determination that the amounts stated in section 118.03 of the Revised Code are exceeded may be made without need for determination of the specific amount of the excess. The auditor of state may engage the services of independent certified or registered public accountants, including
public accountants engaged or previously engaged by the municipal corporation, county, or township, to conduct audits or make reports or render such opinions as the auditor of state considers desirable with respect to any aspect of the determinations to be made by the auditor of state.

(C) A determination by the auditor of state under this section that a fiscal emergency condition does not exist is final and conclusive and not appealable. A determination by the auditor of state under this section that a fiscal emergency exists is final, except that the mayor of any municipal corporation affected by a determination of the existence of a fiscal emergency condition under this section, when authorized by a majority of the members of the legislative authority, or the board of county commissioners or board of township trustees, may appeal the determination of the existence of a fiscal emergency condition to the court of appeals having territorial jurisdiction over the municipal corporation, county, or township. The appeal shall be heard expeditiously by the court of appeals and for good cause shown shall take precedence over all other civil matters except earlier matters of the same character. Notice of such appeal must be filed with the auditor of state and such court within thirty days after certification by the auditor of state to the mayor and presiding officer of the legislative authority of the municipal corporation or to the board of county commissioners or board of township trustees as provided for in division (A) of this section. In such appeal, determinations of the auditor of state shall be presumed to be valid and the municipal corporation, county, or township shall have the burden of proving, by clear and convincing evidence, that each of the determinations made by the auditor of state as to the existence of a fiscal emergency condition under section 118.03 of the Revised Code was in error. If the municipal corporation, county, or township fails, upon presentation of its case, to prove by clear and convincing evidence that each such
If the court of appeals reverses the determination of the existence of a fiscal emergency condition by the auditor of state, the determination no longer has any effect, and any procedures undertaken as a result of the determination shall be terminated.

(D) All expenses incurred by the auditor of state relating to a determination or termination of a fiscal emergency under this section, a fiscal watch under section 118.021 of the Revised Code, or a fiscal caution under section 118.025 of the Revised Code, including providing technical and support services, or for conducting a performance audit under section 118.041 of the Revised Code, shall be reimbursed from an appropriation for that purpose. If necessary, the controlling board may provide sufficient funds for these purposes.

Sec. 118.041. The auditor of state, on the auditor of state's initiative, may conduct a performance audit of a municipal corporation, county, or township that is under a fiscal caution, a
fiscal watch, or a fiscal emergency.

**Sec. 119.12.** Any party adversely affected by any order of an agency issued pursuant to an adjudication denying an applicant admission to an examination, or denying the issuance or renewal of a license or registration of a licensee, or revoking or suspending a license, or allowing the payment of a forfeiture under section 4301.252 of the Revised Code may appeal from the order of the agency to the court of common pleas of the county in which the place of business of the licensee is located or the county in which the licensee is a resident, except that appeals from decisions of the liquor control commission, the Ohio casino control commission, the state medical board, the state chiropractic board, and the board of nursing shall be to the court of common pleas of Franklin county. If any party appealing from the order is not a resident of and has no place of business in this state, the party may appeal to the court of common pleas of Franklin county.

Any party adversely affected by any order of an agency issued pursuant to any other adjudication may appeal to the court of common pleas of Franklin county, except that appeals from orders of the fire marshal issued under Chapter 3737. of the Revised Code may be to the court of common pleas of the county in which the building of the aggrieved person is located and except that appeals under division (B) of section 124.34 of the Revised Code from a decision of the state personnel board of review or a municipal or civil service township civil service commission shall be taken to the court of common pleas of the county in which the appointing authority is located or, in the case of an appeal by the department of rehabilitation and correction, to the court of common pleas of Franklin county.

This section does not apply to appeals from the department of
taxation.

Any party desiring to appeal shall file a notice of appeal with the agency setting forth the order appealed from and stating that the agency's order is not supported by reliable, probative, and substantial evidence and is not in accordance with law. The notice of appeal may, but need not, set forth the specific grounds of the party's appeal beyond the statement that the agency's order is not supported by reliable, probative, and substantial evidence and is not in accordance with law. The notice of appeal shall also be filed by the appellant with the court. In filing a notice of appeal with the agency or court, the notice that is filed may be either the original notice or a copy of the original notice. Unless otherwise provided by law relating to a particular agency, notices of appeal shall be filed within fifteen days after the mailing of the notice of the agency's order as provided in this section. For purposes of this paragraph, an order includes a determination appealed pursuant to division (C) of section 119.092 of the Revised Code. The amendments made to this paragraph by Sub. H.B. 215 of the 128th general assembly are procedural, and this paragraph as amended by those amendments shall be applied retrospectively to all appeals pursuant to this paragraph filed before the effective date of those amendments, September 13, 2010, but not earlier than May 7, 2009, which was the date the supreme court of Ohio released its opinion and judgment in Medcorp, Inc. v. Ohio Dep't. of Job and Family Servs. (2009), 121 Ohio St.3d 622.

The filing of a notice of appeal shall not automatically operate as a suspension of the order of an agency. If it appears to the court that an unusual hardship to the appellant will result from the execution of the agency's order pending determination of the appeal, the court may grant a suspension and fix its terms. If an appeal is taken from the judgment of the court and the court
has previously granted a suspension of the agency's order as provided in this section, the suspension of the agency's order shall not be vacated and shall be given full force and effect until the matter is finally adjudicated. No renewal of a license or permit shall be denied by reason of the suspended order during the period of the appeal from the decision of the court of common pleas. In the case of an appeal from the Ohio casino control commission, the state medical board, or the state chiropractic board, the court may grant a suspension and fix its terms if it appears to the court that an unusual hardship to the appellant will result from the execution of the agency's order pending determination of the appeal and the health, safety, and welfare of the public will not be threatened by suspension of the order. This provision shall not be construed to limit the factors the court may consider in determining whether to suspend an order of any other agency pending determination of an appeal.

The final order of adjudication may apply to any renewal of a license or permit which has been granted during the period of the appeal.

Notwithstanding any other provision of this section, any order issued by a court of common pleas or a court of appeals suspending the effect of an order of the liquor control commission issued pursuant to Chapter 4301. or 4303. of the Revised Code that suspends, revokes, or cancels a permit issued under Chapter 4303. of the Revised Code or that allows the payment of a forfeiture under section 4301.252 of the Revised Code shall terminate not more than six months after the date of the filing of the record of the liquor control commission with the clerk of the court of common pleas and shall not be extended. The court of common pleas, or the court of appeals on appeal, shall render a judgment in that matter within six months after the date of the filing of the record of the liquor control commission with the clerk of the
court of common pleas. A court of appeals shall not issue an order suspending the effect of an order of the liquor control commission that extends beyond six months after the date on which the record of the liquor control commission is filed with a court of common pleas.

Notwithstanding any other provision of this section, any order issued by a court of common pleas suspending the effect of an order of the Ohio casino control commission issued under Chapter 3772. of the Revised Code that limits, conditions, restricts, suspends, revokes, denies, not renews, fines, or otherwise penalizes an applicant, licensee, or person excluded or ejected from a casino facility in accordance with section 3772.031 of the Revised Code shall terminate not more than six months after the date of the filing of the record of the Ohio casino control commission with the clerk of the court of common pleas and shall not be extended. The court of common pleas, or the court of appeals on appeal, shall render a judgment in that matter within six months after the date of the filing of the record of the Ohio casino control commission with the clerk of the court of common pleas. A court of appeals shall not issue an order suspending the effect of an order of the Ohio casino control commission that extends beyond six months after the date on which the record of the Ohio casino control commission is filed with the clerk of a court of common pleas.

Notwithstanding any other provision of this section, any order issued by a court of common pleas suspending the effect of an order of the state medical board or state chiropractic board that limits, revokes, suspends, places on probation, or refuses to register or reinstate a certificate issued by the board or reprimands the holder of the certificate shall terminate not more than fifteen months after the date of the filing of a notice of appeal in the court of common pleas, or upon the rendering of a
final decision or order in the appeal by the court of common
pleas, whichever occurs first.

Within thirty days after receipt of a notice of appeal from
an order in any case in which a hearing is required by sections
119.01 to 119.13 of the Revised Code, the agency shall prepare and
certify to the court a complete record of the proceedings in the
case. Failure of the agency to comply within the time allowed,
upon motion, shall cause the court to enter a finding in favor of
the party adversely affected. Additional time, however, may be
granted by the court, not to exceed thirty days, when it is shown
that the agency has made substantial effort to comply. The record
shall be prepared and transcribed, and the expense of it shall be
taxed as a part of the costs on the appeal. The appellant shall
provide security for costs satisfactory to the court of common
pleas. Upon demand by any interested party, the agency shall
furnish at the cost of the party requesting it a copy of the
stenographic report of testimony offered and evidence submitted at
any hearing and a copy of the complete record.

Notwithstanding any other provision of this section, any
party desiring to appeal an order or decision of the state
personnel board of review shall, at the time of filing a notice of
appeal with the board, provide a security deposit in an amount and
manner prescribed in rules that the board shall adopt in
accordance with this chapter. In addition, the board is not
required to prepare or transcribe the record of any of its
proceedings unless the appellant has provided the deposit
described above. The failure of the board to prepare or transcribe
a record for an appellant who has not provided a security deposit
shall not cause a court to enter a finding adverse to the board.

Unless otherwise provided by law, in the hearing of the
appeal, the court is confined to the record as certified to it by
the agency. Unless otherwise provided by law, the court may grant
a request for the admission of additional evidence when satisfied that the additional evidence is newly discovered and could not with reasonable diligence have been ascertained prior to the hearing before the agency.

The court shall conduct a hearing on the appeal and shall give preference to all proceedings under sections 119.01 to 119.13 of the Revised Code, over all other civil cases, irrespective of the position of the proceedings on the calendar of the court. An appeal from an order of the state medical board issued pursuant to division (G) of either section 4730.25 or 4731.22 of the Revised Code, or the state chiropractic board issued pursuant to section 4734.37 of the Revised Code, or the liquor control commission issued pursuant to Chapter 4301. or 4303. of the Revised Code, or the Ohio casino control commission issued pursuant to Chapter 3772. of the Revised Code shall be set down for hearing at the earliest possible time and takes precedence over all other actions. The hearing in the court of common pleas shall proceed as in the trial of a civil action, and the court shall determine the rights of the parties in accordance with the laws applicable to a civil action. At the hearing, counsel may be heard on oral argument, briefs may be submitted, and evidence may be introduced if the court has granted a request for the presentation of additional evidence.

The court may affirm the order of the agency complained of in the appeal if it finds, upon consideration of the entire record and any additional evidence the court has admitted, that the order is supported by reliable, probative, and substantial evidence and is in accordance with law. In the absence of this finding, it may reverse, vacate, or modify the order or make such other ruling as is supported by reliable, probative, and substantial evidence and is in accordance with law. The court shall award compensation for fees in accordance with section 2335.39 of the Revised Code to a
prevailing party, other than an agency, in an appeal filed pursuant to this section.

The judgment of the court shall be final and conclusive unless reversed, vacated, or modified on appeal. These appeals may be taken either by the party or the agency, shall proceed as in the case of appeals in civil actions, and shall be pursuant to the Rules of Appellate Procedure and, to the extent not in conflict with those rules, Chapter 2505. of the Revised Code. An appeal by the agency shall be taken on questions of law relating to the constitutionality, construction, or interpretation of statutes and rules of the agency, and, in the appeal, the court may also review and determine the correctness of the judgment of the court of common pleas that the order of the agency is not supported by any reliable, probative, and substantial evidence in the entire record.

The court shall certify its judgment to the agency or take any other action necessary to give its judgment effect.

only at a regular or special meeting for the sole purpose of the
consideration of any of the following matters:

(1) To consider the appointment, employment, dismissal,
discipline, promotion, demotion, or compensation of a public

(2) To consider the purchase of property for public purposes, 2499
or for the sale of property at competitive bidding, if premature 2500
disclosure of information would give an unfair competitive or 2501
bargaining advantage to a person whose personal, private interest 2502
is adverse to the general public interest. No member of a public 2503
body shall use division (G)(2) of this section as a subterfuge for 2504
providing covert information to prospective buyers or sellers. A 2505
purchase or sale of public property is void if the seller or buyer 2506
of the public property has received covert information from a 2507
member of a public body that has not been disclosed to the general 2508
public in sufficient time for other prospective buyers and sellers 2509
to prepare and submit offers.

deliberations of the public body have been conducted in compliance 2512
with this section, any instrument executed by the public body 2513
purporting to convey, lease, or otherwise dispose of any right, 2514
title, or interest in any public property shall be conclusively 2515

insofar as title or other interest of any bona fide purchasers, 2517
lessees, or transferees of the property is concerned.

(3) Conferences with an attorney for the public body 2519

(5) Matters required to be kept confidential by federal law or regulations or state statutes;

(7) In the case of a county hospital operated pursuant to Chapter 339. of the Revised Code, a joint township hospital operated pursuant to Chapter 513. of the Revised Code, or a municipal hospital operated pursuant to Chapter 749. of the Revised Code, to consider trade secrets, as defined in section 1333.61 of the Revised Code;

(8) To consider confidential information related to the marketing plans, specific business strategy, production techniques, trade secrets, or personal financial statements of an applicant for economic development assistance, or to negotiations with other political subdivisions respecting requests for economic development assistance, provided that both of the following conditions apply:

(a) The information is directly related to a request for economic development assistance that is to be provided or administered under any provision of Chapter 715., 725., 1724., or 1728. or sections 701.07, 3735.67 to 3735.70, 5709.40 to 5709.43, 5709.61 to 5709.69, 5709.73 to 5709.75, or 5709.77 to 5709.81 of the Revised Code, or that involves public infrastructure improvements or the extension of utility services that are directly related to an economic development project.
A unanimous quorum of the public body determines, by a roll call vote, that the executive session is necessary to protect the interests of the applicant or the possible investment or expenditure of public funds to be made in connection with the economic development project.

If a public body holds an executive session to consider any of the matters listed in divisions (G)(2) to (8) of this section, the motion and vote to hold that executive session shall state which one or more of the approved matters listed in those divisions are to be considered at the executive session.

A public body specified in division (B)(1)(c) of this section shall not hold an executive session when meeting for the purposes specified in that division.

(H) A resolution, rule, or formal action of any kind is invalid unless adopted in an open meeting of the public body. A resolution, rule, or formal action adopted in an open meeting that results from deliberations in a meeting not open to the public is invalid unless the deliberations were for a purpose specifically authorized in division (G) or (J) of this section and conducted at an executive session held in compliance with this section. A resolution, rule, or formal action adopted in an open meeting is invalid if the public body that adopted the resolution, rule, or formal action violated division (F) of this section.

(I)(1) Any person may bring an action to enforce this section. An action under division (I)(1) of this section shall be brought within two years after the date of the alleged violation or threatened violation. Upon proof of a violation or threatened violation of this section in an action brought by any person, the court of common pleas shall issue an injunction to compel the members of the public body to comply with its provisions.

(2)(a) If the court of common pleas issues an injunction
pursuant to division (I)(1) of this section, the court shall order the public body that it enjoins to pay a civil forfeiture of five hundred dollars to the party that sought the injunction and shall award to that party all court costs and, subject to reduction as described in division (I)(2) of this section, reasonable attorney's fees. The court, in its discretion, may reduce an award of attorney's fees to the party that sought the injunction or not award attorney's fees to that party if the court determines both of the following:

(i) That, based on the ordinary application of statutory law and case law as it existed at the time of violation or threatened violation that was the basis of the injunction, a well-informed public body reasonably would believe that the public body was not violating or threatening to violate this section;

(ii) That a well-informed public body reasonably would believe that the conduct or threatened conduct that was the basis of the injunction would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(b) If the court of common pleas does not issue an injunction pursuant to division (I)(1) of this section and the court determines at that time that the bringing of the action was frivolous conduct, as defined in division (A) of section 2323.51 of the Revised Code, the court shall award to the public body all court costs and reasonable attorney's fees, as determined by the court.

(3) Irreparable harm and prejudice to the party that sought the injunction shall be conclusively and irrebuttably presumed upon proof of a violation or threatened violation of this section.

(4) A member of a public body who knowingly violates an injunction issued pursuant to division (I)(1) of this section may
be removed from office by an action brought in the court of common
pleas for that purpose by the prosecuting attorney or the attorney
general.

described in division (B) of section 5901.09 of the Revised Code;

(c) Reviewing matters relating to an applicant's request for
financial assistance under sections 5901.01 to 5901.15 of the
Revised Code.

(2) A veterans service commission shall not exclude an
applicant for, recipient of, or former recipient of financial
assistance under sections 5901.01 to 5901.15 of the Revised Code,
and shall not exclude representatives selected by the applicant,
recipient, or former recipient, from a meeting that the commission
conducts as an executive session that pertains to the applicant's,
recipient's, or former recipient's application for financial
assistance.

(3) A veterans service commission shall vote on the grant or
denial of financial assistance under sections 5901.01 to 5901.15
of the Revised Code only in an open meeting of the commission. The
minutes of the meeting shall indicate the name, address, and
occupation of the applicant, whether the assistance was granted or
denied, the amount of the assistance if assistance is granted, and
the votes for and against the granting of assistance.

Sec. 121.372. (A) As used in this section, "substitute care

The agreement shall specify one of the departments represented on the council as the department responsible for housing and supervising the office. The agreement shall include the recommendation of the council for funding the office.

(C) The office established pursuant to the agreement entered into under this section shall review rules governing the certification and licensure of substitute care providers and determine which of the rules can be made substantively identical or more similar in order to minimize the number of differing certification and licensure standards and simplify the certification or licensure process for substitute care providers seeking certification or licensure from two or more of the departments represented on the council. The office shall provide county family and children first councils, substitute care providers, and persons interested in substitute care providers the opportunity to help the office with the review and determination.
The office shall report its findings to the council. Each of the departments represented on the council that has adopted rules governing the certification or licensure of substitute care providers shall review the report and amend the rules as that department considers appropriate, except that no rule shall be amended so as to make it inconsistent with substitute care provider certification or licensure procedures and standards established by federal or state law. A department shall give priority to amendments that will not increase the department's administrative costs. In amending a rule, a department shall comply with Chapter 119. or section 111.15 of the Revised Code, as required by the Revised Code section governing the adoption of the particular rule.

(D) In accordance with section 124.27 of the Revised Code, the council shall select a coordinator to oversee the office established pursuant to the agreement entered into under this section. The director of development services shall prescribe the form of the application. After receipt of an application, the authority may enter into an agreement with the taxpayer for a credit under this section if it determines all of the following:

(a) The taxpayer's project will increase payroll and income tax revenue;

(b) The taxpayer's project is economically sound and will benefit the people of this state by increasing opportunities for employment and strengthening the economy of this state;

(c) Receiving the tax credit is a major factor in the taxpayer's decision to go forward with the project.

(2)(a) A taxpayer that chooses to begin the project prior to receiving the determination of the authority may, upon submitting the taxpayer's application to the authority, request that the chief investment officer of the nonprofit corporation formed under
section 187.01 of the Revised Code and the director review the taxpayer's application and recommend to the authority that the taxpayer's application be considered. As soon as possible after receiving such a request, the chief investment officer and the director shall review the taxpayer's application and, if they determine that the application warrants consideration by the authority, make that recommendation to the authority not later than six months after the application is received by the authority.

(b) The authority shall consider any taxpayer's application for which it receives a recommendation under division (C)(2)(a) of this section. If the authority determines that the taxpayer does not meet all of the criteria set forth in division (C)(1) of this section, the authority and the development services agency shall proceed in accordance with rules adopted by the director pursuant to division (I) of this section.

(D) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;

(2)(a) The term of the tax credit, which, except as provided in division (D)(2)(b) of this section, shall not exceed fifteen years, and the first taxable year, or first calendar year that includes a tax period, for which the credit may be claimed;

(b) If the tax credit is computed on the basis of home-based employees, the term of the credit shall expire on or before the last day of the taxable or calendar year ending before the beginning of the seventh year after September 6, 2012, the effective date of H.B. 327 of the 129th general assembly.

(3) A requirement that the taxpayer shall maintain operations at the project location for at least the greater of seven years or
the term of the credit plus three years;

(4) The percentage, as determined by the tax credit authority, of excess income tax revenue payroll that will be allowed as the amount of the credit for each taxable year or for each calendar year that includes a tax period;

(5) The pay increase factor to be applied to the taxpayer's baseline income tax revenue payroll;

(6) A requirement that the taxpayer annually shall report to the director of development services employment, tax withholding, full-time equivalent employees, payroll, Ohio employee payroll, investment, the provision of health care benefits and tuition reimbursement if required in the agreement, and other information the director needs to perform the director's duties under this section;

(7) A requirement that the director of development services annually review the information reported under division (D)(6) of this section and verify compliance with the agreement; if the taxpayer is in compliance, a requirement that the director issue a certificate to the taxpayer stating that the information has been verified and identifying the amount of the credit that may be claimed for the taxable or calendar year;

(8) A provision providing that the taxpayer may not relocate a substantial number of employment positions from elsewhere in this state to the project location unless the director of development services determines that the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified by the taxpayer of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position.
position unless the employment position in the first political subdivision is replaced.

(9) If the tax credit is computed on the basis of home-based employees, that the tax credit may not be claimed by the taxpayer until the taxable year or tax period in which the taxpayer employs at least two hundred employees more than the number of employees the taxpayer employed on June 30, 2011.

(E) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction of the percentage or term may take effect in the current taxable or calendar year.

(F) Projects that consist solely of point-of-final-purchase retail facilities are not eligible for a tax credit under this section. If a project consists of both point-of-final-purchase retail facilities and nonretail facilities, only the portion of the project consisting of the nonretail facilities is eligible for a tax credit and only the excess income tax revenue payroll from the nonretail facilities shall be considered when computing the amount of the tax credit. If a warehouse facility is part of a point-of-final-purchase retail facility and supplies only that facility, the warehouse facility is not eligible for a tax credit. Catalog distribution centers are not considered point-of-final-purchase retail facilities for the purposes of this division, and are eligible for tax credits under this section.

(G) Financial statements and other information submitted to the development services agency or the tax credit authority by an applicant or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of
issuing public reports or in connection with court proceedings concerning tax credit agreements under this section. Upon the request of the tax commissioner or, if the applicant or recipient is an insurance company, upon the request of the superintendent of insurance, the chairperson of the authority shall provide to the commissioner or superintendent any statement or information submitted by an applicant or recipient of a tax credit in connection with the credit. The commissioner or superintendent shall preserve the confidentiality of the statement or information.

(H) A taxpayer claiming a credit under this section shall submit to the tax commissioner or, if the taxpayer is an insurance company, to the superintendent of insurance, a copy of the director of development services' certificate of verification under division (D)(7) of this section with the taxpayer's tax report or return for the taxable year or for the calendar year that includes the tax period. Failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner or superintendent within sixty thirty days after the commissioner or superintendent requests it.

(I) The director of development services, after consultation with the tax commissioner and the superintendent of insurance and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section, including rules that establish a procedure to be followed by the tax credit authority and the development services agency in the event the authority considers a taxpayer's application for which it receives a recommendation under division (C)(2)(a) of this section but does not approve it. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. The fees collected
shall be credited to the business assistance fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(J) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A partnership, S-corporation, or other such business entity may elect to pass the credit received under this section through to the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed. The election shall be made on the annual report required under division (D)(6) of this section. The election applies to and is irrevocable for the credit for which the report is submitted. If the election is made, the credit shall be apportioned among those persons in the same proportions as those in which the income or profit is distributed.

(K)(1) If the director of development services determines that a taxpayer who has received a credit under this section is not complying with the requirements of the agreement, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the tax credit authority may require the taxpayer to refund to this state a portion of the credit in accordance with the following:

(1)(a) If the taxpayer fails to comply with the requirement under division (D)(3) of this section, an amount determined in
accordance with the following:

(i) If the taxpayer maintained operations at the project location for a period less than or equal to the term of the credit, an amount not exceeding one hundred per cent of the sum of any credits allowed and received under this section;

(ii) If the taxpayer maintained operations at the project location for a period longer than the term of the credit, but less than the greater of seven years or the term of the credit plus three years, an amount not exceeding seventy-five per cent of the sum of any credits allowed and received under this section.

(b) If, on the metric evaluation date, the taxpayer fails to substantially meet the job creation, payroll, or investment requirements included in the agreement, an amount determined at the discretion of the authority;

(c) If the taxpayer fails to substantially maintain the number of new full-time equivalent employees or amount of payroll required under the agreement at any time during the term of the agreement after the metric evaluation date, an amount determined at the discretion of the authority.

(2) If a taxpayer files for bankruptcy and fails as described in division (K)(1)(a), (b), or (c) of this section, the director may immediately commence an action to recoup an amount not exceeding one hundred per cent of the sum of any credits received by the taxpayer under this section.

(3) In determining the portion of the tax credit to be refunded to this state, the tax credit authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner or superintendent of insurance, as appropriate. If the amount is...
certified to the commissioner, the commissioner shall make an assessment for that amount against the taxpayer under Chapter 5726., 5733., 5736., 5747., or 5751. of the Revised Code. If the amount is certified to the superintendent, the superintendent shall make an assessment for that amount against the taxpayer under Chapter 5725. or 5729. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the commissioner or superintendent, as appropriate, shall make the assessment within one year after the date the authority certifies to the commissioner or superintendent the amount to be refunded.

(L) On or before the first day of August each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding calendar year.

(M) There is hereby created the tax credit authority, which consists of the director of development services and four other members appointed as follows: the governor, the president of the senate, and the speaker of the house of representatives each shall appoint one member who shall be a specialist in economic development; the governor also shall appoint a member who is a specialist in taxation. Of the initial appointees, the members appointed by the governor shall serve a term of two years; the members appointed by the president of the senate and the speaker of the house of representatives shall serve a term of four years. Thereafter, terms of office shall be for four years.
appointments to the authority shall be made within thirty days after January 13, 1993. Each member shall serve on the authority until the end of the term for which the member was appointed. Vacancies shall be filled in the same manner provided for original appointments. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. Members may be reappointed to the authority. Members of the authority shall receive their necessary and actual expenses while engaged in the business of the authority. The director of development services shall serve as chairperson of the authority, and the members annually shall elect a vice-chairperson from among themselves. Three members of the authority constitute a quorum to transact and vote on the business of the authority. The majority vote of the membership of the authority is necessary to approve any such business, including the election of the vice-chairperson.

The director of development services may appoint a professional employee of the development services agency to serve as the director's substitute at a meeting of the authority. The director shall make the appointment in writing. In the absence of the director from a meeting of the authority, the appointed substitute shall serve as chairperson. In the absence of both the director and the director's substitute from a meeting, the vice-chairperson shall serve as chairperson.

(N) For purposes of the credits granted by this section against the taxes imposed under sections 5725.18 and 5729.03 of the Revised Code, "taxable year" means the period covered by the taxpayer's annual statement to the superintendent of insurance.

(O) On or before the first day of March of each of the five calendar years beginning with 2014, each taxpayer subject to an agreement with the tax credit authority under this section on the basis of home-based employees shall report the number of
home-based employees and other employees employed by the taxpayer in this state to the development services agency.

(P) On or before the first day of January of 2019, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the effect of agreements entered into under this section in which the taxpayer included home-based employees in the computation of income tax revenue, as that term was defined in this section prior to the amendment of this section by ...B... of the 131st general assembly. The report shall include information on the number of such agreements that were entered into in the preceding six years, a description of the projects that were the subjects of such agreements, and an analysis of nationwide home-based employment trends, including the number of home-based jobs created from July 1, 2011, through June 30, 2017, and a description of any home-based employment tax incentives provided by other states during that time.

(Q) The director of development services may require any agreement entered into under this section for a tax credit computed on the basis of home-based employees to contain a provision that the taxpayer makes available health care benefits and tuition reimbursement to all employees.

(R) Original agreements approved by the tax credit authority under this section in 2014 or 2015 before the effective date of this division may be revised at the request of the taxpayer to conform with the amendments to this section and sections 5733.0610, 5736.50, 5747.058, and 5751.50 of the Revised Code by ...B... of the 131st general assembly, upon mutual agreement of the taxpayer and the development services agency, and approval by the tax credit authority.

(b) Project costs paid before January 1, 2002;

(c) Payments made to a related member as defined in section 5733.042 of the Revised Code or to a consolidated elected taxpayer or a combined taxpayer as defined in section 5751.01 of the Revised Code.

(2) "Eligible business" means a taxpayer and its related members with Ohio operations satisfying all of the following:

(a) The taxpayer employs at least five hundred full-time equivalent employees or has an annual Ohio employee payroll of at least thirty-five million dollars at the time the tax credit authority grants the tax credit under this section;

(b) The taxpayer makes or causes to be made payments for the capital investment project of one of the following:

(i) If the taxpayer is engaged at the project site primarily as a manufacturer, at least fifty million dollars in the aggregate at the project site during a period of three consecutive calendar years, including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted;

(ii) If the taxpayer is engaged at the project site primarily in significant corporate administrative functions, as defined by the director of development services by rule, at least twenty
million dollars in the aggregate at the project site during a period of three consecutive calendar years including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted.

(iii) If the taxpayer is applying to enter into an agreement for a tax credit authorized under division (B)(3) of this section, at least five million dollars in the aggregate at the project site during a period of three consecutive calendar years, including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted.

(c) The taxpayer had a capital investment project reviewed and approved by the tax credit authority as provided in divisions (C), (D), and (E) of this section.

(3) "Full-time equivalent employees" means the quotient obtained by dividing the total number of hours for which employees were compensated for employment in the project by two thousand eighty. "Full-time equivalent employees" shall exclude hours that are counted for a credit under section 122.17 of the Revised Code.

(4) "Income tax revenue Ohio employee payroll" means the total amount withheld under section 5747.06 of the Revised Code by the taxpayer during the taxable year, or during the calendar year that includes the tax period, from the compensation of all employees employed in the project whose hours of compensation are included in calculating the number of full-time equivalent employees has the same meaning as in section 122.17 of the Revised Code.

(5) "Manufacturer" has the same meaning as in section 5739.011 of the Revised Code.

(6) "Project site" means an integrated complex of facilities in this state, as specified by the tax credit authority under this section, within a fifteen-mile radius where a taxpayer is
primarily operating as an eligible business.

(7) "Related member" has the same meaning as in section 5733.042 of the Revised Code as that section existed on the effective date of its amendment by Am. Sub. H.B. 215 of the 122nd general assembly, September 29, 1997.

(8) "Taxable year" includes, in the case of a domestic or foreign insurance company, the calendar year ending on the thirty-first day of December preceding the day the superintendent of insurance is required to certify to the treasurer of state under section 5725.20 or 5729.05 of the Revised Code the amount of taxes due from insurance companies.

(B) The tax credit authority created under section 122.17 of the Revised Code may grant a nonrefundable tax credit to an eligible business under this section for the purpose of fostering job retention in this state. Upon application by an eligible business and upon consideration of the recommendation of the director of budget and management, tax commissioner, and the superintendent of insurance in the case of an insurance company, and the recommendation and determination of the director of development services under division (C) of this section, the tax credit authority may grant the following credits against the tax imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5736.02, 5747.02, or 5751.02 of the Revised Code:

(1) A nonrefundable credit to an eligible business;

(2) A refundable credit to an eligible business meeting the following conditions, provided that the director of budget and management, tax commissioner, superintendent of insurance in the case of an insurance company, and director of development services have recommended the granting of the credit to the tax credit authority before July 1, 2011.
(a) The business retains at least one thousand full-time equivalent employees at the project site.

(b) The business makes or causes to be made payments for a capital investment project of at least twenty-five million dollars in the aggregate at the project site during a period of three consecutive calendar years, including the calendar year that includes a day of the business' taxable year or tax period with respect to which the credit is granted.

(c) In 2010, the business received a written offer of financial incentives from another state of the United States that the director determines to be sufficient inducement for the business to relocate the business' operations from this state to that state.

(3) A refundable credit to an eligible business with a total annual payroll of at least twenty million dollars, provided that the tax credit authority grants the tax credit on or after July 1, 2011, and before January 1, 2014.

The credits authorized in divisions (B)(1), (2), and (3) of this section may be granted for a period up to fifteen taxable years or, in the case of the tax levied by section 5736.02 or 5751.02 of the Revised Code, for a period of up to fifteen calendar years. The credit amount for a taxable year or a calendar year that includes the tax period for which a credit may be claimed equals the income tax revenue Ohio employee payroll for that year multiplied by the percentage specified in the agreement with the tax credit authority. The percentage may not exceed seventy-five per cent. The credit shall be claimed in the order required under section 5725.98, 5726.98, 5729.98, 5733.98, 5747.98, or 5751.98 of the Revised Code. In determining the percentage and term of the credit, the tax credit authority shall consider both the number of full-time equivalent employees and the value of the capital investment project. The credit amount may not
be based on the income tax revenue Ohio employee payroll for a calendar year before the calendar year in which the tax credit authority specifies the tax credit is to begin, and the credit shall be claimed only for the taxable years or tax periods specified in the eligible business' agreement with the tax credit authority. In no event shall the credit be claimed for a taxable year or tax period terminating before the date specified in the agreement. Any credit granted under this section against the tax imposed by section 5733.06 or 5747.02 of the Revised Code, to the extent not fully utilized against such tax for taxable years ending prior to 2008, shall automatically be converted without any action taken by the tax credit authority to a credit against the tax levied under Chapter 5751 of the Revised Code for tax periods beginning on or after July 1, 2008, provided that the person to whom the credit was granted is subject to such tax. The converted credit shall apply to those calendar years in which the remaining taxable years specified in the agreement end.

If a nonrefundable credit allowed under division (B)(1) of this section for a taxable year or tax period exceeds the taxpayer's tax liability for that year or period, the excess may be carried forward for the three succeeding taxable or calendar years, but the amount of any excess credit allowed in any taxable year or tax period shall be deducted from the balance carried forward to the succeeding year or period.

(C) A taxpayer that proposes a capital investment project to retain jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section. The director of development services shall prescribe the form of the application. After receipt of an application, the authority shall forward copies of the application to the director of budget and management, the tax commissioner, and the superintendent of insurance in the case of an insurance company, and the director of
development services, each of whom shall review the application to
determine the economic impact the proposed project would have on
the state and the affected political subdivisions and shall submit
a summary of their determinations and recommendations to the
authority. The authority shall also forward a copy of the
application to the director of development services, who shall
review the application to determine the economic impact the
proposed project would have on the state and the affected
political subdivisions and shall submit a summary of their
determinations and recommendations to the authority.

(D) Upon review and consideration of the determinations and
recommendations described in division (C) of this section, the tax
credit authority may enter into an agreement with the taxpayer for
a credit under this section if the authority determines all of the
following:

(1) The taxpayer's capital investment project will result in
the retention of employment in this state.

(2) The taxpayer is economically sound and has the ability to
complete the proposed capital investment project.

(3) The taxpayer intends to and has the ability to maintain
operations at the project site for at least the greater of (a) the
term of the credit plus three years, or (b) seven years.

(4) Receiving the credit is a major factor in the taxpayer's
decision to begin, continue with, or complete the project.

(5) If the taxpayer is applying to enter into an agreement
for a tax credit authorized under division (B)(3) of this section,
the taxpayer's capital investment project will be located in the
political subdivision in which the taxpayer maintains its
principal place of business or maintains a unit or division with
at least four thousand two hundred employees at the project site.

(E) An agreement under this section shall include all of the
following:

(1) A detailed description of the project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the number of full-time equivalent employees at the project site, and the anticipated income tax revenue Ohio employee payroll to be generated.

(2) The term of the credit, the percentage of the tax credit, the maximum annual value of tax credits that may be allowed each year, and the first year for which the credit may be claimed.

(3) A requirement that the taxpayer maintain operations at the project site for at least the greater of (a) the term of the credit plus three years, or (b) seven years.

(4)(a) In the case of a credit granted under division (B)(1) of this section, a requirement that the taxpayer retain at least five hundred full-time equivalent employees at the project site and within this state for the entire term of the credit, or a requirement that the taxpayer maintain an annual Ohio employee payroll of at least thirty-five million dollars for the entire term of the credit;

(b) In the case of a credit granted under division (B)(2) of this section, a requirement that the taxpayer retain at least one thousand full-time equivalent employees at the project site and within this state for the entire term of the credit;

(c) In the case of a credit granted under division (B)(3) of this section, either of the following:

(i) A requirement that the taxpayer retain at least five hundred full-time equivalent employees at the project site and within this state for the entire term of the credit and a requirement that the taxpayer maintain an annual payroll of at least twenty million dollars for the entire term of the credit;
(ii) A requirement that the taxpayer maintain an annual payroll of at least thirty-five million dollars for the entire term of the credit.

(5) A requirement that the taxpayer annually report to the director of development services employment, tax withholding full-time equivalent employees, Ohio employee payroll, capital investment, and other information the director needs to perform the director's duties under this section.

(6) A requirement that the director of development services annually review the annual reports of the taxpayer to verify the information reported under division (E)(5) of this section and compliance with the agreement. Upon verification, the director shall issue a certificate to the taxpayer stating that the information has been verified and identifying the amount of the credit for the taxable year or calendar year that includes the tax period. In determining the number of full-time equivalent employees, no position shall be counted that is filled by an employee who is included in the calculation of a tax credit under section 122.17 of the Revised Code.

(7) A provision providing that the taxpayer may not relocate a substantial number of employment positions from elsewhere in this state to the project site unless the director of development services determines that the taxpayer notified the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the movement is confined to the project site. The transfer of an employment position from one political subdivision to another political subdivision shall not be considered a relocation of an employment position if the employment position in
the first political subdivision is replaced by another employment position.

(8) A waiver by the taxpayer of any limitations periods relating to assessments or adjustments resulting from the taxpayer's failure to comply with the agreement.

(F) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the credit. The reduction of the percentage or term may take effect in the current taxable or calendar year.

(G) Financial statements and other information submitted to the department of development services or the tax credit authority by an applicant for or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax credit agreements under this section. Upon the request of the tax commissioner, or the superintendent of insurance in the case of an insurance company, the chairperson of the authority shall provide to the commissioner or superintendent any statement or other information submitted by an applicant for or recipient of a tax credit in connection with the credit. The commissioner or superintendent shall preserve the confidentiality of the statement or other information.

(H) A taxpayer claiming a tax credit under this section shall submit to the tax commissioner or, in the case of an insurance company, to the superintendent of insurance, a copy of the director of development services' certificate of verification under division (E)(6) of this section with the taxpayer's tax report or return for the taxable year or for the calendar year.
that includes the tax period. Failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner or superintendent within sixty thirty days after the commissioner or superintendent requests it.

(I) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A partnership, S-corporation, or other such business entity may elect to pass the credit received under this section through to the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed. The election shall be made on the annual report required under division (E)(5) of this section. The election applies to and is irrevocable for the credit for which the report is submitted. If the election is made, the credit shall be apportioned among those persons in the same proportions as those in which the income or profit is distributed.

(J)(1) If the director of development services determines that a taxpayer that received a certificate under division (E)(6) of this section is not complying with the requirement under division (E)(3) of this section requirements of the agreement, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the authority may terminate the agreement and require the taxpayer, or any related member or members that claimed the tax credit under division (N) of this section, to refund to the state all or a portion of the credit claimed in previous years, as follows:

(a) If the taxpayer fails to comply with the requirement under division (E)(3) of this section, an amount determined in
accordance with the following:

(i) If the taxpayer maintained operations at the project site for less than or equal to the term of the credit, an amount not to exceed one hundred per cent of the sum of any tax credits allowed and received under this section.

(ii) If the taxpayer maintained operations at the project site longer than the term of the credit, but less than the greater of (a) seven years or the term of the credit plus three years, or (b) seven years, the amount required to be refunded shall not exceed seventy-five per cent of the sum of any tax credits allowed and received under this section.

(b) If the taxpayer fails to substantially maintain both the number of full-time equivalent employees and the amount of Ohio employee payroll required under the agreement at any time during the term of the agreement or during the post-term reporting period, an amount determined at the discretion of the authority.

(2) If a taxpayer files for bankruptcy and fails as described in division (J)(1)(a) or (b) of this section, the director may immediately commence an action to recoup an amount not exceeding one hundred per cent of the sum of any credits received by the taxpayer under this section.

(3) In determining the portion of the credit to be refunded to this state, the authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner or the superintendent of insurance. If the taxpayer, or any related member or members who claimed the tax credit under division (N) of this section, is not an insurance company, the commissioner shall make an assessment for that amount against the taxpayer under Chapter 5726., 5733.,
5736., 5747., or 5751. of the Revised Code. If the taxpayer, or any related member or members that claimed the tax credit under division (N) of this section, is an insurance company, the superintendent of insurance shall make an assessment under section 5725.222 or 5729.102 of the Revised Code. The time limitations on assessments under those chapters and sections do not apply to an assessment under this division, but the commissioner or superintendent shall make the assessment within one year after the date the authority certifies to the commissioner or superintendent the amount to be refunded.

(K) The director of development services, after consultation with the tax commissioner and the superintendent of insurance and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. The fees collected shall be credited to the business assistance fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the first day of August of each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding
calendar year.

(M) The aggregate amount of nonrefundable tax credits issued under division (B)(1) of this section during any calendar year for capital investment projects reviewed and approved by the tax credit authority may not exceed the following amounts:

(b)(2) For 2011 through 2023, the amount of the limit for the preceding calendar year plus thirteen million dollars;

(c)(3) For 2024 and each year thereafter, one hundred ninety-five million dollars.

(2) The aggregate amount of tax credits authorized under divisions (B)(2) and (3) of this section and allowed to be claimed by taxpayers in any calendar year for capital improvement projects reviewed and approved by the tax credit authority in 2011, 2012, and 2013 combined shall not exceed twenty-five million dollars. An amount equal to the aggregate amount of credits first authorized in calendar year 2011, 2012, and 2013 may be claimed over the ensuing period up to fifteen years, subject to the terms of individual tax credit agreements.

The limitations in division (M) of this section do not apply to credits for capital investment projects approved by the tax credit authority before July 1, 2009.

(N) This division applies only to an eligible business that is part of an affiliated group that includes a diversified savings and loan holding company or a grandfathered unitary savings and loan holding company, as those terms are defined in section 5726.01 of the Revised Code. Notwithstanding any contrary provision of the agreement between such an eligible business and the tax credit authority, any credit granted under this section against the tax imposed by section 5725.18, 5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code to the eligible business,
at the election of the eligible business and without any action by the tax credit authority, may be shared with any member or members of the affiliated group that includes the eligible business, which member or members may claim the credit against the taxes imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code. Credits shall be claimed by the eligible business in sequential order, as applicable, first claiming the credits to the fullest extent possible against the tax that the certificate holder is subject to, then against the tax imposed by, sequentially, section 5729.03, 5725.18, 5747.02, 5751.02, and lastly 5726.02 of the Revised Code. The credits may be allocated among the members of the affiliated group in such manner as the eligible business elects, but subject to the sequential order required under this division. This division applies to credits granted before, on, or after March 27, 2013, the effective date of H.B. 510 of the 129th general assembly. Credits granted before that effective date that are shared and allocated under this division may be claimed in those calendar years in which the remaining taxable years specified in the agreement end.

As used in this division, "affiliated group" means a group of two or more persons with fifty per cent or greater of the value of each person's ownership interests owned or controlled directly, indirectly, or constructively through related interests by common owners during all or any portion of the taxable year, and the common owners. "Affiliated group" includes, but is not limited to, any person eligible to be included in a consolidated elected taxpayer group under section 5751.011 of the Revised Code or a combined taxpayer group under section 5751.012 of the Revised Code.

Sec. 122.174. There is hereby created in the state treasury the business assistance fund. The fund shall consist of any amounts appropriated to it and money credited to the fund pursuant

The director of development services shall use money in the fund to pay expenses related to the administration of the business services division of the development services agency.

Sec. 122.175. (A) As used in this section:

(1) "Capital investment project" means a plan of investment at a project site for the acquisition, construction, renovation, expansion, replacement, or repair of a computer data center or of computer data center equipment, but does not include any of the following:

(a) Project costs paid before a date determined by the tax credit authority for each capital investment project;

(b) Payments made to a related member as defined in section 5733.042 of the Revised Code or to a consolidated elected taxpayer or a combined taxpayer as defined in section 5751.01 of the Revised Code.

(2) "Computer data center" means a facility used or to be used primarily to house computer data center equipment used or to be used in conducting one or more computer data center businesses, as determined by the tax credit authority.

(3) "Computer data center business" means, as may be further determined by the tax credit authority, a business that provides electronic information services as defined in division (Y)(1)(c) of section 5739.01 of the Revised Code, or that leases a facility to one or more such businesses. "Computer data center business" does not include providing electronic publishing as defined in division (LLL) of that section.
(4) "Computer data center equipment" means tangible personal property used or to be used for any of the following:

(a) To conduct a computer data center business, including equipment cooling systems to manage the performance of computer data center equipment;

(b) One or more taxpayers operating a computer data center business at the project site will, in the aggregate, pay annual compensation that is subject to the withholding obligation imposed under section 5747.06 of the Revised Code of at least one million five hundred thousand dollars to employees employed at the project site for each year of the agreement beginning on or after the first day of the twenty-fifth month after the agreement was entered into under this section.

(6) "Person" has the same meaning as in section 5701.01 of the Revised Code.

(7) "Project site," "related member," and "tax credit authority" have the same meanings as in sections 122.17 and
122.171 of the Revised Code.

(8) "Taxpayer" means any person subject to the taxes imposed under Chapters 5739. and 5741. of the Revised Code.

(B) The tax credit authority may completely or partially exempt from the taxes levied under Chapters 5739. and 5741. of the Revised Code the sale, storage, use, or other consumption of computer data center equipment used or to be used at an eligible computer data center. Any such exemption shall extend to charges for the delivery, installation, or repair of the computer data center equipment subject to the exemption under this section.

(C) A taxpayer that proposes a capital improvement project for an eligible computer data center in this state may apply to the tax credit authority to enter into an agreement under this section authorizing a complete or partial exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code on computer data center equipment purchased by the applicant or any other taxpayer that operates a computer data center business at the project site and used or to be used at the eligible computer data center. The director of development services shall prescribe the form of the application. After receipt of an application, the authority shall forward copies of the application to the director of budget and management, and the tax commissioner, and the director of development services, each of whom shall review the application to determine the economic impact that the proposed eligible computer data center would have on the state and any affected political subdivisions and submit to the authority a summary of their determinations and recommendations. The authority shall also forward a copy of the application to the director of development services who shall review the application to determine the economic impact that the proposed eligible computer data center would have on the state and the affected political subdivisions and shall submit a summary of their determinations.
and recommendations to the authority.

(D) Upon review and consideration of such determinations and recommendations, the tax credit authority may enter into an agreement with the applicant and any other taxpayer that operates a computer data center business at the project site for a complete or partial exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code on computer data center equipment used or to be used at an eligible computer data center if the authority determines all of the following:

(1) The capital investment project for the eligible computer data center will increase payroll and the amount of income taxes to be withheld from employee compensation pursuant to section 5747.06 of the Revised Code.

(2) The applicant is economically sound and has the ability to complete or effect the completion of the proposed capital investment project.

(3) The applicant intends to and has the ability to maintain operations at the project site for the term of the agreement.

(4) Receiving the exemption is a major factor in the applicant's decision to begin, continue with, or complete the capital investment project.

(E) An agreement entered into under this section shall include all of the following:

(1) A detailed description of the capital investment project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the annual compensation to be paid by each taxpayer subject to the agreement to its employees at the project site, and the anticipated amount of income taxes to be withheld from employee compensation pursuant to section 5747.06 of the Revised Code.
(2) The percentage of the exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code for the computer data center equipment used or to be used at the eligible computer data center, the length of time the computer data center equipment will be exempted, and the first date on which the exemption applies.

(3) A requirement that the computer data center remain an eligible computer data center during the term of the agreement and that the applicant maintain operations at the eligible computer data center during that term. An applicant does not violate the requirement described in division (E)(3) of this section if the applicant ceases operations at the eligible computer data center during the term of the agreement but resumes those operations within eighteen months after the date of cessation. The agreement shall provide that, in such a case, the applicant and any other taxpayer that operates a computer data center business at the project site shall not claim the tax exemption authorized in the agreement for any purchase of computer data center equipment made during the period in which the applicant did not maintain operations at the eligible computer data center.

(4) A requirement that, for each year of the term of the agreement beginning on or after the first day of the twenty-fifth month after the date the agreement was entered into, one or more taxpayers operating a computer data center business at the project site will, in the aggregate, pay annual compensation that is subject to the withholding obligation imposed under section 5747.06 of the Revised Code of at least one million five hundred thousand dollars to employees at the eligible computer data center.

(5) A requirement that each taxpayer subject to the agreement annually report to the director of development services employment, tax withholding, capital investment, and other
information required by the director to perform the director's

duties under this section.

(6) A requirement that the director of development services

annually review the annual reports of each taxpayer subject to the

agreement to verify the information reported under division (E)(5)

of this section and compliance with the agreement. Upon

verification, the director shall issue a certificate to each such

taxpayer stating that the information has been verified and that

the taxpayer remains eligible for the exemption specified in the

agreement.

(7) A provision providing that the taxpayers subject to the

agreement may not relocate a substantial number of employment

positions from elsewhere in this state to the project site unless

the director of development services determines that the

appropriate taxpayer notified the legislative authority of the

county, township, or municipal corporation from which the

employment positions would be relocated. For purposes of this

paragraph, the movement of an employment position from one

political subdivision to another political subdivision shall be

considered a relocation of an employment position unless the

movement is confined to the project site. The transfer of an

employment position from one political subdivision to another

political subdivision shall not be considered a relocation of an

employment position if the employment position in the first

political subdivision is replaced by another employment position.

(8) A waiver by each taxpayer subject to the agreement of any

limitations periods relating to assessments or adjustments

resulting from the taxpayer's failure to comply with the

agreement.

(F) The term of an agreement under this section shall be

determined by the tax credit authority, and the amount of the

exemption shall not exceed one hundred per cent of such taxes that
would otherwise be owed in respect to the exempted computer data center equipment.

(G) If any taxpayer subject to an agreement under this section fails to meet or comply with any condition or requirement set forth in the agreement, the tax credit authority may amend the agreement to reduce the percentage of the exemption or term during which the exemption applies to the computer data center equipment used or to be used by the noncompliant taxpayer at an eligible computer data center. The reduction of the percentage or term may take effect in the current calendar year.

(H) Financial statements and other information submitted to the department of development services or the tax credit authority by an applicant for or recipient of an exemption under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings concerning tax exemption agreements under this section. Upon the request of the tax commissioner, the chairperson of the authority shall provide to the tax commissioner any statement or other information submitted by an applicant for or recipient of an exemption under this section. The tax commissioner shall preserve the confidentiality of the statement or other information.

(I) The tax commissioner shall issue a direct payment permit under section 5739.031 of the Revised Code to each taxpayer subject to an agreement under this section. Such direct payment permit shall authorize the taxpayer to pay any sales and use taxes due on purchases of computer data center equipment used or to be used in an eligible computer data center and to pay any sales and use taxes due on purchases of tangible personal property or
taxable services other than computer data center equipment used or
to be used in an eligible computer data center directly to the tax
commissioner. Each such taxpayer shall pay pursuant to such direct
payment permit all sales tax levied on such purchases under
sections 5739.02, 5739.021, 5739.023, and 5739.026 of the Revised
Code and all use tax levied on such purchases under sections
5741.02, 5741.021, 5741.022, and 5741.023 of the Revised Code,
consistent with the terms of the agreement entered into under this
section.

During the term of an agreement under this section each
taxpayer subject to the agreement shall submit to the tax
commissioner a return that shows the amount of computer data
center equipment purchased for use at the eligible computer data
center, the amount of tangible personal property and taxable
services other than computer data center equipment purchased for
use at the eligible computer data center, the amount of tax under
Chapter 5739. or 5741. of the Revised Code that would be due in
the absence of the agreement under this section, the exemption
percentage for computer data center equipment specified in the
agreement, and the amount of tax due under Chapter 5739. or 5741.
of the Revised Code as a result of the agreement under this
section. Each such taxpayer shall pay the tax shown on the return
to be due in the manner and at the times as may be further
prescribed by the tax commissioner. Each such taxpayer shall
include a copy of the director of development services'
certificate of verification issued under division (E)(6) of this
section. Failure to submit a copy of the certificate with the
return does not invalidate the claim for exemption if the taxpayer
submits a copy of the certificate to the tax commissioner within
sixty days after the tax commissioner requests it.

(J) If the director of development services determines that
one or more taxpayers received an exemption from taxes due on the
purchase of computer data center equipment purchased for use at a computer data center that no longer complies with the requirement under division (E)(3) of this section, the director shall notify the tax credit authority and, if applicable, the taxpayer that applied to enter the agreement for the exemption under division (C) of this section of the noncompliance. After receiving such a notice, and after giving each taxpayer subject to the agreement an opportunity to explain the noncompliance, the authority may terminate the agreement and require each such taxpayer to pay to the state all or a portion of the taxes that would have been owed in regards to the exempt equipment in previous years, all as determined under rules adopted pursuant to division (K) of this section. In determining the portion of the taxes that would have been owed on the previously exempted equipment to be paid to this state by a taxpayer, the authority shall consider the effect of market conditions on the eligible computer data center, whether the taxpayer continues to maintain other operations in this state, and, with respect to agreements involving multiple taxpayers, the taxpayer's level of responsibility for the noncompliance. After making the determination, the authority shall certify to the tax commissioner the amount to be paid by each taxpayer subject to the agreement. The tax commissioner shall make an assessment for that amount against each such taxpayer under Chapter 5739. or 5741. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the tax commissioner shall make the assessment within one year after the date the authority certifies to the tax commissioner the amount to be paid by the taxpayer.

(K) The director of development services, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax exemptions under this section to be charged fees to cover administrative
costs incurred in the administration of this section. The fees collected shall be credited to the business assistance fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the first day of August of each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax exemption authorized under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the eligible computer data center that is the subject of each such agreement, and an update on the status of eligible computer data centers under agreements entered into before the preceding calendar year.

(M) A taxpayer may be made a party to an existing agreement entered into under this section by the tax credit authority and another taxpayer or group of taxpayers. In such a case, the taxpayer shall be entitled to all benefits and bound by all obligations contained in the agreement and all requirements described in this section. When an agreement includes multiple taxpayers, each taxpayer shall be entitled to a direct payment permit as authorized in division (I) of this section.

Sec. 122.177. (A) As used in this section:

(1) "Business" means a sole proprietorship, a corporation for profit, or a pass-through entity as defined in section 5733.04 of the Revised Code.

(2) "Career exploration internship" means a paid employment
relationship between a student intern and a business in which the student intern acquires education, instruction, and experience relevant to the student intern's career aspirations.

(3) "Student intern" means an individual who, at the time the business applies for a grant under division (B) of this section, meets both of the following criteria:

(a) The individual is entitled to attend school in this state.

(b) The individual is either between sixteen and eighteen years of age or is enrolled in grade eleven or twelve.

(B) There is hereby created in the development services agency the career exploration internship program to award grants to businesses that employ a student intern in a career exploration internship. To qualify for a grant under the program, the career exploration internship shall be at least twenty weeks in duration and include at least two hundred hours of paid work and instruction in this state. To obtain a grant, the business shall apply to the development services agency before the starting date of the career exploration internship. The application shall include all of the following:

(1) A brief description of the career exploration internship;

(2) A signed statement by the student intern briefly describing the student intern's career aspirations and how the student intern believes this career exploration internship may help achieve those aspirations;

(3) A signed statement by a principal or guidance counselor at the student intern's school or, in the case of a home schooled student, an individual responsible for administering instruction to the student intern, acknowledging that the employment opportunity qualifies as a career exploration internship and expressing intent to advise the student intern as provided in
division (E) of this section;

(4) The name, address, and telephone number of the business;

(5) Any other information required by the development services agency.

(C)(1) The development services agency shall review and make a determination with respect to each application submitted under division (B) of this section in the order in which the application is received. The agency shall not approve any application under this section that is received by the agency more than three years after the effective date of H.B. 107 of the 130th general assembly later than June 25, 2017, or that was submitted by a business that does not have substantial operations in this state. The agency may not otherwise deny an application unless the application is incomplete, the proposed employment relationship does not qualify as a career exploration internship for which a grant may be awarded under this section, the business is ineligible to receive a grant under division (D)(1) of this section, or the agency determines that approving the application would cause the amount that could be awarded to exceed the amount of money in the career exploration internship fund.

(2) The agency shall send written notice of its determination to the applicant within thirty days after receiving the application. If the agency determines that the application shall not be approved, the notice shall include the reasons for such determination.

(3) The agency's determination is final and may not be appealed for any reason. A business may submit a new or amended application under division (B) of this section at any time before or after receiving notice under division (C)(2) of this section.

(D)(1) In any calendar year, the development services agency shall not award grants under this section to any business that has
received grants for three career exploration internships in that calendar year. The agency shall not award a grant to a business unless the agency receives a report from the business within thirty days after the end of the career exploration internship or thirteen months after the approval of the application, whichever comes first, that includes all of the following:

(a) The date the student intern began the internship;

(b) The date the internship ended or a statement that the student will continue to be employed by the business;

(c) The total number of hours during the internship that the student intern was employed by the business;

(d) The total wages paid by the business to the student intern during the internship;

(e) A signed statement by the student intern briefly describing the duties performed during the internship and the skills and experiences gained throughout the internship;

(f) Any other information required by the agency.

(2) If the agency receives the report and determines that it contains all of the information and the statement required by division (D)(1) of this section and that the career exploration internship described in the report complies with all the provisions of this section, the agency shall award a grant to the business. The amount of the grant shall equal the lesser of the following:

(a) Fifty per cent of the wages paid by the business to the student intern for the first twelve months following the date the application was approved;

(b) Five thousand dollars.

(E) The student intern and the principal, guidance counselor, or other qualified individual who signed the statement described
in division (B)(3) of this section shall meet at least once in the thirty days following the end of the career exploration internship or in the thirteenth month following the start of the career exploration internship, whichever comes first. The purpose of the meeting is to discuss the student intern's experiences during the career exploration internship, consider the practical applications of these experiences to the student intern's career aspirations, and to establish or confirm goals for the student intern. If practicable, the meeting shall be in person. Otherwise, the meeting may be conducted over the telephone.

(F) A business that receives a grant under this section may submit a new application under division (B) of this section for another career exploration internship with the same student intern. Such an application does not have to include the statements otherwise required by divisions (B)(2) and (3) of this section.

(G) Annually, before on the seventh first day of January August until the January of the third year that follows the year that includes the effective date of H.B. 107 of the 130th general assembly August 2017, the development services agency shall compile a report indicating the number of career exploration internships approved by the agency under this section, the statements issued by the student interns under divisions (B)(2) and (D)(1)(e) of this section, the number of student interns that continued employment with the business after the termination of the career exploration internship, and the total amount of grants awarded under this section. The report shall not disclose any student interns' personally identifiable information. The agency shall provide copies of the report to the governor, the speaker and minority leader of the house of representatives, and the president and minority leader of the senate.

(H) The development services agency may adopt rules necessary
to administer this section in accordance with Chapter 119. of the Revised Code.

(I) The career exploration internship fund is hereby created in the state treasury. The fund shall consist of a portion of the proceeds from the upfront license fees paid for the casino facilities authorized under Section 6(C) of Article XV, Ohio Constitution. Money in the fund shall be used by the development services agency to provide grants under this section.

**Sec. 122.64.** (A) There is hereby established in the development services agency a business services division. The division shall be supervised by a deputy director appointed by the director of development services.

The division is responsible for the administration of the state economic development financing programs established pursuant to sections 122.17 and 122.18, sections 122.39 and 122.41 to 122.62, and Chapter 166. of the Revised Code.

(4) Supervise the administrative operations of the division;

(5) On or before the first day of August October in each year, make an annual report of the activities and operations under assistance programs authorized pursuant to sections 122.39 and 122.41 to 122.62 and Chapter 166. of the Revised Code for the preceding fiscal year to the governor and the general assembly. Each such report shall set forth a complete operating and financial statement covering such activities and operations during the year in accordance with generally accepted accounting principles and shall be audited by a certified public accountant. The director of development services shall transmit a copy of the audited financial report to the office of budget and management.

(14) Any other information considered necessary by the director.

Within ninety days after certification of a motion picture as a tax credit-eligible production, and any time thereafter upon the director of development services' request, the motion picture company shall present to the director sufficient evidence of reviewable progress. If the motion picture company fails to present sufficient evidence, the director may rescind the certification. Upon rescission, the director shall notify the applicant that the certification has been rescinded. Nothing in this section prohibits an applicant whose tax credit-eligible production certification has been rescinded from submitting a subsequent application for certification.

(C)(1) A motion picture company whose motion picture has been certified as a tax credit-eligible production may apply to the director of development services on or after July 1, 2009, for a refundable credit against the tax imposed by section 5726.02, 5733.06, 5747.02, or 5751.02 of the Revised Code. The director in consultation with the tax commissioner shall prescribe the form and manner of the application and the information or documentation required to be submitted with the application.

The credit is determined as follows:

(a) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is less than or equal to three hundred thousand dollars, no credit is allowed;

(b) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this
section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is greater than three hundred thousand dollars, the credit equals the sum of the following, subject to the limitation in division (C)(4) of this section:

(i) Twenty-five per cent of the least of such budgeted or actual eligible expenditure amounts excluding budgeted or actual eligible expenditures for resident cast and crew wages;

(ii) Thirty-five per cent of budgeted or actual eligible expenditures for resident cast and crew wages.

(2) Except as provided in division (C)(4) of this section, if the director of development services approves a motion picture company's application for a credit, the director shall issue a tax credit certificate to the company. The director in consultation with the tax commissioner shall prescribe the form and manner of issuing certificates. The director shall assign a unique identifying number to each tax credit certificate and shall record the certificate in a register devised and maintained by the director for that purpose. The certificate shall state the amount of the eligible production expenditures on which the credit is based and the amount of the credit. Upon the issuance of a certificate, the director shall certify to the tax commissioner the name of the applicant, the amount of eligible production expenditures shown on the certificate, and any other information required by the rules adopted to administer this section.

(3) The amount of eligible production expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the eligible production expenditures are finally determined under section 5703.19 of the Revised Code and division (D) of this section, the credit amount is not subject
to adjustment unless the director determines an error was committed in the computation of the credit amount.

(4) No tax credit certificate may be issued before the completion of the tax credit-eligible production. Not more than forty million dollars of tax credit may be allowed per fiscal biennium beginning on or after July 1, 2011, and not more than twenty million dollars may be allowed in the first year of the biennium. At any time, not more than five million dollars of tax credit may be allowed per tax credit-eligible production.

(D) A motion picture company whose motion picture has been certified as a tax credit-eligible production shall engage, at the company's expense, an independent certified public accountant to examine the company's production expenditures to identify the expenditures that qualify as eligible production expenditures. The certified public accountant shall issue a report to the company and to the director of development services certifying the company's eligible production expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible production expenditure. If the director disallows an expenditure, the director shall issue a written notice to the motion picture production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine finally the lesser of the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures for the purpose of computing the amount of the credit.

(E) No credit shall be allowed under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless the director has reviewed the report and made the determination
prescribed by division (D) of this section.

(F) This state reserves the right to refuse the use of this state's name in the credits of any tax credit-eligible motion picture production.

(G)(1) The director of development services in consultation with the tax commissioner shall adopt rules for the administration of this section, including rules setting forth and governing the criteria for determining whether a motion picture production is a tax credit-eligible production; activities that constitute the production of a motion picture; reporting sufficient evidence of reviewable progress; expenditures that qualify as eligible production expenditures; a competitive process for approving credits; and consideration of geographic distribution of credits. The rules shall be adopted under Chapter 119. of the Revised Code.

(2) The director may require a reasonable application fee to cover administrative costs of the tax credit program. The fees collected shall be credited to the motion picture tax credit program operating business assistance fund, which is hereby created in the state treasury section 122.174 of the Revised Code. The motion picture tax credit program operating fund shall consist of all grants, gifts, fees, and contributions made to the director for marketing and promotion of the motion picture industry within this state shall also be credited to the fund. The director shall, by rule, assign a classification title to each classification within the classification plan. However, the director shall consider in establishing classifications, including classifications with parenthetical titles, and assigning pay ranges such factors as duties performed only on one shift, special skills in short supply in the labor market, recruitment problems, separation rates, comparative salary rates, the amount of training required, and other conditions affecting employment. The director shall, by rule, assign each classification, either on a statewide basis or in particular counties or state institutions, to a pay range established under section 124.15 or section 124.152 of the Revised Code. The director may assign a classification to a pay range on a temporary basis for a period of six months. The director may establish, by rule adopted under Chapter 119. of the Revised Code, experimental classification plans for some or all employees paid directly by warrant of the director of budget and management. Any such experimental classification plan shall include specifications for each classification within the plan and shall specifically address compensation ranges, and methods for advancing within the ranges, for the classifications, which may be assigned to pay ranges other than the pay ranges established under section 124.15 or 124.152 of the Revised Code.

(2) The director of administrative services may reassign to a proper classification those positions that have been assigned to an improper classification. If the compensation of an employee in such a reassigned position exceeds the maximum rate of pay for the employee's new classification, the employee shall be placed in pay step X and shall not receive an increase in compensation until the maximum rate of pay for that classification exceeds the employee's compensation.

(3) The director may reassign an exempt employee, as defined in section 124.152 of the Revised Code, to a bargaining unit classification if the director determines that the bargaining unit classification is the proper classification for that employee.
Notwithstanding Chapter 4117. of the Revised Code or instruments and contracts negotiated under it, these placements are at the director's discretion.

(4) The director shall, by rule, assign related classifications, which form a career progression, to a classification series. The director shall, by rule, assign each classification in the classification plan a five-digit number, the first four digits of which shall denote the classification series to which the classification is assigned. When a career progression encompasses more than ten classifications, the director shall, by rule, identify the additional classifications belonging to a classification series. The additional classifications shall be part of the classification series, notwithstanding the fact that the first four digits of the number assigned to the additional classifications do not correspond to the first four digits of the numbers assigned to other classifications in the classification series.

(B) Division (A) of this section and sections 124.15 and 124.152 of the Revised Code do not apply to the following persons, positions, offices, and employments:

(2) Legislative employees, employees of the legislative service commission, employees in the office of the governor, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, and employees of the supreme court;

(3) Any position for which the authority to determine compensation is given by law to another individual or entity;

(4) Employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation

(C) The director may employ a consulting agency to aid and assist the director in carrying out this section.

(D)(1) When the director proposes to modify a classification or the assignment of classes to appropriate pay ranges, the director shall send written notice of the proposed rule to notify the appointing authorities of the affected employees thirty days before a hearing on implementing the proposed rule modification. The director's notice shall include the effective date of the modification. The appointing authorities shall notify the affected employees regarding the proposed rule modification. The director also shall send those appointing authorities notice of any final rule that is adopted within ten days after adoption.

(2) When the director proposes to reclassify any employee in the service of the state so that the employee is adversely affected, the director shall give to the employee affected and to the employee's appointing authority a written notice setting forth the proposed new classification, pay range, and salary. Upon the request of any classified employee in the service of the state who is not serving in a probationary period, the director shall perform a job audit to review the classification of the employee's position to determine whether the position is properly classified. The director shall give to the employee affected and to the employee's appointing authority a written notice of the director's determination whether or not to reclassify the position or to reassign the employee to another classification. An employee or appointing authority desiring a hearing shall file a written request for the hearing with the state personnel board of review within thirty days after receiving the notice. The board shall set the matter for a hearing and notify the employee and appointing authority of the time and place of the hearing. The employee,
appointing authority, or any authorized representative of the employee who wishes to submit facts for the consideration of the board shall be afforded reasonable opportunity to do so. After the hearing, the board shall consider anew the reclassification and may order the reclassification of the employee and require the director to assign the employee to such appropriate classification as the facts and evidence warrant. As provided in division (A)(1) of section 124.03 of the Revised Code, the board may determine the most appropriate classification for the position of any employee coming before the board, with or without a job audit. The board shall disallow any reclassification or reassignment classification of any employee when it finds that changes have been made in the duties and responsibilities of any particular employee for political, religious, or other unjust reasons.

(E)(1) Employees of each county department of job and family services shall be paid a salary or wage established by the board of county commissioners. The provisions of section 124.18 of the Revised Code concerning the standard work week apply to employees of county departments of job and family services. A board of county commissioners may do either of the following:

(a) Notwithstanding any other section of the Revised Code, supplement the sick leave, vacation leave, personal leave, and other benefits of any employee of the county department of job and family services of that county, if the employee is eligible for the supplement under a written policy providing for the supplement;

(b) Notwithstanding any other section of the Revised Code, establish alternative schedules of sick leave, vacation leave, personal leave, or other benefits for employees not inconsistent with the provisions of a collective bargaining agreement covering the affected employees.

(2) Division (E)(1) of this section does not apply to
employees for whom the state employment relations board establishes appropriate bargaining units pursuant to section 4117.06 of the Revised Code, except in either of the following situations:

(a) The employees for whom the state employment relations board establishes appropriate bargaining units elect no representative in a board-conducted representation election.

(b) After the state employment relations board establishes appropriate bargaining units for such employees, all employee organizations withdraw from a representation election.

(F)(1) Notwithstanding any contrary provision of sections 124.01 to 124.64 of the Revised Code, the board of trustees of each state university or college, as defined in section 3345.12 of the Revised Code, shall carry out all matters of governance involving the officers and employees of the university or college, including, but not limited to, the powers, duties, and functions of the department of administrative services and the director of administrative services specified in this chapter. Officers and employees of a state university or college shall have the right of appeal to the state personnel board of review as provided in this chapter.

(2) Each board of trustees shall adopt rules under section 111.15 of the Revised Code to carry out the matters of governance described in division (F)(1) of this section. Until the board of trustees adopts those rules, a state university or college shall continue to operate pursuant to the applicable rules adopted by the director of administrative services under this chapter.

(G)(1) Each board of county commissioners may, by a resolution adopted by a majority of its members, establish a county personnel department to exercise the powers, duties, and functions specified in division (G) of this section. As used in
division (G) of this section, "county personnel department" means a county personnel department established by a board of county commissioners under division (G)(1) of this section.

(2)(a) Each board of county commissioners, by a resolution adopted by a majority of its members, may designate the county personnel department of the county to exercise the powers, duties, and functions specified in sections 124.01 to 124.64 and Chapter 325. of the Revised Code with regard to employees in the service of the county, except for the powers and duties of the state personnel board of review, which powers and duties shall not be construed as having been modified or diminished in any manner by division (G)(2) of this section, with respect to the employees for whom the board of county commissioners is the appointing authority or co-appointing authority.

(b) Nothing in division (G)(2) of this section shall be construed to limit the right of any employee who possesses the right of appeal to the state personnel board of review to continue to possess that right of appeal.

(c) Any board of county commissioners that has established a county personnel department may contract with the department of administrative services, in accordance with division (H) of this section, another political subdivision, or an appropriate public or private entity to provide competitive testing services or other appropriate services.

(3) After the county personnel department of a county has been established as described in division (G)(2) of this section, any elected official, board, agency, or other appointing authority of that county, upon written notification to the county personnel department, may elect to use the services and facilities of the county personnel department. Upon receipt of the notification by the county personnel department, the county personnel department shall exercise the powers, duties, and functions as described in division (G)(2) of this section.
division (G)(2) of this section with respect to the employees of that elected official, board, agency, or other appointing authority.

(4) Each board of county commissioners, by a resolution adopted by a majority of its members, may disband the county personnel department.

(5) Any elected official, board, agency, or appointing authority of a county may end its involvement with a county personnel department upon actual receipt by the department of a certified copy of the notification that contains the decision to no longer participate.

(6) A county personnel department, in carrying out its duties, shall adhere to merit system principles with regard to employees of county departments of job and family services, child support enforcement agencies, and public child welfare agencies so that there is no threatened loss of federal funding for these agencies, and the county is financially liable to the state for any loss of federal funds due to the action or inaction of the county personnel department.

(H) County agencies may contract with the department of administrative services for any human resources services, including, but not limited to, establishment and modification of job classification plans, competitive testing services, and periodic audits and reviews of the county's uniform application of the powers, duties, and functions specified in sections 124.01 to 124.64 and Chapter 325. of the Revised Code with regard to employees in the service of the county. Nothing in this division modifies the powers and duties of the state personnel board of review with respect to employees in the service of the county. Nothing in this division limits the right of any employee who possesses the right of appeal to the state personnel board of review to continue to possess that right of appeal.
(I) The director of administrative services shall establish the rate and method of compensation for all employees who are paid directly by warrant of the director of budget and management and who are serving in positions that the director of administrative services has determined impracticable to include in the state job classification plan. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation whose compensation the administrator of workers' compensation establishes under division (B) of section 4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

(J) The director of administrative services shall set the rate of compensation for all intermittent, seasonal, temporary, emergency, and casual employees in the service of the state who are not considered public employees under section 4117.01 of the Revised Code. Those employees are not entitled to receive employee benefits. This rate of compensation shall be equitable in terms of the rate of employees serving in the same or similar classifications. This division does not apply to elected officials, legislative employees, employees of the legislative service commission, employees who are in the unclassified civil service and exempt from collective bargaining coverage in the office of the secretary of state, auditor of state, treasurer of state, and attorney general, employees of the courts, employees of the bureau of workers' compensation whose compensation the administrator establishes under division (B) of section 4121.121 of the Revised Code, or employees of an appointing authority authorized by law to fix the compensation of those employees.

(B) The pay schedule of all employees shall be on a biweekly basis, with amounts computed on an hourly basis.

(C) Part-time employees shall be compensated on an hourly basis for time worked, at the rates shown in division (A) of this section or in section 124.152 of the Revised Code.

(D) The salary and wage rates in division (A) of this section or in section 124.152 of the Revised Code represent base rates of compensation and may be augmented by the provisions of section 124.181 of the Revised Code. In those cases where lodging, meals, laundry, or other personal services are furnished an employee in the service of the state, the actual costs or fair market value of the personal services shall be paid by the employee in such amounts and manner as determined by the director of administrative services and approved by the director of budget and management, and those personal services shall not be considered as a part of the employee's compensation. An appointing authority that appoints employees in the service of the state, with the approval of the director of administrative services and the director of budget and management, may establish payments to employees for uniforms, tools, equipment, and other requirements of the department and...
payments for the maintenance of them.

The director of administrative services may review collective bargaining agreements entered into under Chapter 4117. of the Revised Code that cover employees in the service of the state and determine whether certain benefits or payments provided to the employees covered by those agreements should also be provided to employees in the service of the state who are exempt from collective bargaining coverage and are paid in accordance with section 124.152 of the Revised Code or are listed in division (B)(2) or (4) of section 124.14 of the Revised Code. On completing the review, the director of administrative services, with the approval of the director of budget and management, may provide to some or all of these employees any payment or benefit, except for salary, contained in such a collective bargaining agreement even if it is similar to a payment or benefit already provided by law to some or all of these employees. Any payment or benefit so provided shall not exceed the highest level for that payment or benefit specified in such a collective bargaining agreement. The director of administrative services shall not provide, and the director of budget and management shall not approve, any payment or benefit to such an employee under this division unless the payment or benefit is provided pursuant to a collective bargaining agreement to a state employee who is in a position with similar duties as, is supervised by, or is employed by the same appointing authority as, the employee to whom the benefit or payment is to be provided.

As used in this division, "payment or benefit already provided by law" includes, but is not limited to, bereavement, personal, vacation, administrative, and sick leave, disability benefits, holiday pay, and pay supplements provided under the Revised Code, but does not include wages or salary.

(E) New employees paid in accordance with schedule B of
division (A) of this section or schedule E-1 of section 124.152 of the Revised Code shall be employed at the minimum rate established for the range unless otherwise provided. Employees with qualifications that are beyond the minimum normally required for the position and that are determined by the director to be exceptional may be employed in, or may be transferred or promoted to, a position at an advanced step of the range. Further, in time of a serious labor market condition when it is relatively impossible to recruit employees at the minimum rate for a particular classification, the entrance rate may be set at an advanced step in the range by the director of administrative services. This rate may be limited to geographical regions of the state. Appointments made to an advanced step under the provision regarding exceptional qualifications shall not affect the step assignment of employees already serving. However, anytime the hiring rate of an entire classification is advanced to a higher step, all incumbents of that classification being paid at a step lower than that being used for hiring, shall be advanced beginning at the start of the first pay period thereafter to the new hiring rate, and any time accrued at the lower step will be used to calculate advancement to a succeeding step. If the hiring rate of a classification is increased for only a geographical region of the state, only incumbents who work in that geographical region shall be advanced to a higher step. When an employee in the unclassified service changes from one state position to another or is appointed to a position in the classified service, or if an employee in the classified service is appointed to a position in the unclassified service, the employee's salary or wage in the new position shall be determined in the same manner as if the employee were an employee in the classified service. When an employee in the unclassified service who is not eligible for step increases is appointed to a classification in the classified service under which step increases are provided, future step increases shall be
based on the date on which the employee last received a pay increase. If the employee has not received an increase during the previous year, the date of the appointment to the classified service shall be used to determine the employee's annual step advancement eligibility date. In reassigning any employee to a classification resulting in a pay range increase or to a new pay range as a result of a promotion, an increase pay range adjustment, or other classification change resulting in a pay range increase, the director shall assign such employee to the step in the new pay range that will provide an increase of approximately four per cent if the new pay range can accommodate the increase. When an employee is being assigned to a classification or new pay range as the result of a class plan change, if the employee has completed a probationary period, the employee shall be placed in a step no lower than step two of the new pay range. If the employee has not completed a probationary period, the employee may be placed in step one of the new pay range. Such new salary or wage shall become effective on such date as the director determines.

(F) If employment conditions and the urgency of the work require such action, the director of administrative services may, upon the application of a department head, authorize payment at any rate established within the range for the class of work, for work of a casual or intermittent nature or on a project basis. Payment at such rates shall not be made to the same individual for more than three calendar months in any one calendar year. Any such action shall be subject to the approval of the director of budget and management as to the availability of funds. This section and sections 124.14 and 124.152 of the Revised Code do not repeal any authority of any department or public official to contract with or fix the compensation of professional persons who may be employed temporarily for work of a casual nature or for work on a project basis.
(G)(1) Except as provided in divisions (G)(2) and (3) of this section, each state employee paid in accordance with schedule B of this section or schedule E-1 of section 124.152 of the Revised Code shall be eligible for advancement to succeeding steps in the range for the employee's class or grade according to the schedule established in this division. Beginning on the first day of the pay period within which the employee completes the prescribed probationary period in the employee's classification with the state, each employee shall receive an automatic salary adjustment equivalent to the next higher step within the pay range for the employee's class or grade.

Except as provided in divisions (G)(2) and (3) of this section, each employee paid in accordance with schedule E-1 of section 124.152 of the Revised Code shall be eligible to advance to the next higher step until the employee reaches the top step in the range for the employee's class or grade, if the employee has maintained satisfactory performance in accordance with criteria established by the employee's appointing authority. Those step advancements shall not occur more frequently than once in any twelve-month period.

When an employee is promoted, the step entry date shall be set to account for a probationary period. When an employee is reassigned to a higher pay range, the step entry date shall be set to allow an employee who is not at the highest step of the range to receive a step advancement one year from the reassignment date. Step advancement shall not be affected by demotion. A promoted employee shall advance to the next higher step of the pay range on the first day of the pay period in which the required probationary period is completed. Step advancement shall become effective at the beginning of the pay period within which the employee attains the necessary length of service. Time spent on authorized leave of absence shall be counted for this purpose.
If determined to be in the best interest of the state service, the director of administrative services may, either statewide or in selected agencies, adjust the dates on which annual step advancements are received by employees paid in accordance with schedule E-1 of section 124.152 of the Revised Code.

(2)(a) There shall be a moratorium on annual step advancements under division (G)(1) of this section beginning June 21, 2009, through June 20, 2011. Step advancements shall resume with the pay period beginning June 21, 2011. Upon the resumption of step advancements, there shall be no retroactive step advancements for the period the moratorium was in effect. The moratorium shall not affect an employee's performance evaluation schedule.

An employee who begins a probationary period before June 21, 2009, shall advance to the next step in the employee's pay range at the end of probation, and then become subject to the moratorium. An employee who is hired, promoted, or reassigned to a higher pay range between June 21, 2009, through June 20, 2011, shall not advance to the next step in the employee's pay range until the next anniversary of the employee's date of hire, promotion, or reassignment that occurs on or after June 21, 2011.

(b) The moratorium under division (G)(2)(a) of this section shall apply to the employees of the secretary of state, the auditor of state, the treasurer of state, and the attorney general, who are subject to this section unless the secretary of state, the auditor of state, the treasurer of state, or the attorney general decides to exempt the office's employees from the moratorium and so notifies the director of administrative services in writing on or before July 1, 2009.

(3) Employees in intermittent positions shall be employed at the minimum rate established for the pay range for their
classification and are not eligible for step advancements.

(H) Employees in appointive managerial or professional positions paid in accordance with schedule C of this section or schedule E-2 of section 124.152 of the Revised Code may be appointed at any rate within the appropriate pay range. This rate of pay may be adjusted higher or lower within the respective pay range at any time the appointing authority so desires as long as the adjustment is based on the employee's ability to successfully administer those duties assigned to the employee. Salary adjustments shall not be made more frequently than once in any six-month period under this provision to incumbents holding the same position and classification.

(I) When an employee is assigned to duty outside this state, the employee may be compensated, upon request of the department head and with the approval of the director of administrative services, at a rate not to exceed fifty per cent in excess of the employee's current base rate for the period of time spent on that duty.

(J) Unless compensation for members of a board or commission is otherwise specifically provided by law, the director of administrative services shall establish the rate and method of payment for members of boards and commissions pursuant to the pay schedules listed in section 124.152 of the Revised Code.

(K) Regular full-time employees in positions assigned to classes within the instruction and education administration series under the rules job classification plans of the director of administrative services, except certificated employees on the instructional staff of the state school for the blind or the state school for the deaf, whose positions are scheduled to work on the basis of an academic year rather than a full calendar year, shall be paid according to the pay range assigned by such rules the applicable job classification plan, but only during those pay
periods included in the academic year of the school where the employee is located.

(1) Part-time or substitute teachers or those whose period of employment is other than the full academic year shall be compensated for the actual time worked at the rate established by this section.

(2) Employees governed by this division are exempt from sections 124.13 and 124.19 of the Revised Code.

(3) Length of service for the purpose of determining eligibility for step advancements as provided by division (G) of this section and for the purpose of determining eligibility for longevity pay supplements as provided by division (E) of section 124.181 of the Revised Code shall be computed on the basis of one full year of service for the completion of each academic year.

(L) The superintendent of the state school for the deaf and the superintendent of the state school for the blind shall, subject to the approval of the superintendent of public instruction, carry out both of the following:

(1) Annually, between the first day of April and the last day of June, establish for the ensuing fiscal year a schedule of hourly rates for the compensation of each certificated employee on the instructional staff of that superintendent's respective school constructed as follows:

(a) Determine for each level of training, experience, and other professional qualification for which an hourly rate is set forth in the current schedule, the per cent that rate is of the rate set forth in such schedule for a teacher with a bachelor's degree and no experience. If there is more than one such rate for such a teacher, the lowest rate shall be used to make the computation.

(b) Determine which six city, local, and exempted village
school districts with territory in Franklin county have in effect on, or have adopted by, the first day of April for the school year that begins on the ensuing first day of July, teacher salary schedules with the highest minimum salaries for a teacher with a bachelor's degree and no experience;

(c) Divide the sum of such six highest minimum salaries by ten thousand five hundred sixty;

(d) Multiply each per cent determined in division (L)(1)(a) of this section by the quotient obtained in division (L)(1)(c) of this section;

(e) One hundred five per cent of each product thus obtained shall be the hourly rate for the corresponding level of training, experience, or other professional qualification in the schedule for the ensuing fiscal year.

(2) Annually, assign each certificated employee on the instructional staff of the superintendent's respective school to an hourly rate on the schedule that is commensurate with the employee's training, experience, and other professional qualifications.

If an employee is employed on the basis of an academic year, the employee's annual salary shall be calculated by multiplying the employee's assigned hourly rate times one thousand seven hundred sixty. If an employee is not employed on the basis of an academic year, the employee's annual salary shall be calculated in accordance with the following formula:

(a) Multiply the number of days the employee is required to work pursuant to the employee's contract by eight;

(b) Multiply the product of division (L)(2)(a) of this section by the employee's assigned hourly rate.

Each employee shall be paid an annual salary in biweekly
installments. The amount of each installment shall be calculated by dividing the employee's annual salary by the number of biweekly installments to be paid during the year.

Sections 124.13 and 124.19 of the Revised Code do not apply to an employee who is paid under this division.

As used in this division, "academic year" means the number of days in each school year that the schools are required to be open for instruction with pupils in attendance. Upon completing an academic year, an employee paid under this division shall be deemed to have completed one year of service. An employee paid under this division is eligible to receive a pay supplement under division (L)(1), (2), or (3) of section 124.181 of the Revised Code for which the employee qualifies, but is not eligible to receive a pay supplement under division (L)(4) or (5) of that section. An employee paid under this division is eligible to receive a pay supplement under division (L)(6) of section 124.181 of the Revised Code for which the employee qualifies, except that the supplement is not limited to a maximum of five per cent of the employee's regular base salary in a calendar year.

(M) Division (A) of this section does not apply to "exempt employees," as defined in section 124.152 of the Revised Code, who are paid under that section.

Notwithstanding any other provisions of this chapter, when an employee transfers between bargaining units or transfers out of or into a bargaining unit, the director of administrative services shall establish the employee's compensation and adjust the maximum leave accrual schedule as the director deems equitable.

Sec. 124.181. (A) Except as provided in divisions (M) and (P) of this section, any employee paid in accordance with schedule B of section 124.15 or schedule E-1 or schedule E-1 for step seven only of section 124.152 of the Revised Code is eligible for the
pay supplements provided in this section upon application by the appointing authority substantiating the employee's qualifications for the supplement and with the approval of the director of administrative services except as provided in division (E) of this section.

The notice shall provide details of the request for suspension and shall include a copy of the director's approval.

The report shall be filed within ninety days after the declaration expires.

Sec. 125.07. (A) In accordance with rules the director shall adopt under Chapter 119. of the Revised Code, the director of administrative services may make purchases by competitive sealed bid. The competitive sealed bid, at a minimum, shall contain a

The failure to so additionally post the notice shall invalidate all proceedings had and any contract entered into pursuant to the proceedings.

Sec. 125.08. (A) The department of administrative services may divide the state into purchasing districts wherein supplies or services are to be delivered and shall describe those districts on all applications for the notification list provided for in this section.

Any person may have that person's name and address, or the name and address of an agent, placed on the competitive selection notification list of the department of administrative services by sending to the department the person's name and address, together with a list of the supplies or services described in the manner prescribed by the department produced or dealt in by the person with a request for such listing, a list of the districts in which the person desires to participate, and all other information the director of administrative services may prescribe. Whenever any name and address together with a list of the supplies or services produced or dealt in is so listed, the department shall post notice, as provided in division (A) of section 125.07 of the Revised Code, for the benefit of the persons listed on the notification list that are qualified Ohio business enterprises, which shall include Ohio penal industries as defined by rule of the director of administrative services, or have a significant Ohio presence in this state's economy, except that, in those

The director may remove a person from the notification list

those notices. Upon written request to the director by the person
so removed, the director may return the person to the notification
list if the person provides sufficient evidence regarding intent
to offer bids or proposals to the state. The director shall not
remove any person from the list without notice to the person. The
notice may be a part of the notices of proposed purchase.

(B) Any person who is certified by the equal employment
opportunity coordinator of the department of administrative
services in accordance with the rules adopted under division
(B)(1) of section 123.151 of the Revised Code as a minority
business enterprise may have that person's name placed on a
special minority business enterprise notification list to be used
in connection with contracts awarded under section 125.081 of the
Revised Code. The minority business enterprise notification list
shall be used for bidding on contracts set aside for minority
business enterprises only. In all other respects, the list shall
be maintained and used in the same manner and according to the
same procedures as the notification list provided for under
division (A) of this section, except that a firm shall not be
removed from the list unless the coordinator determines that the
firm is no longer a minority business enterprise. A minority
business enterprise may have its name placed on both the 
notification lists provided for in this section.

(C) The director of administrative services may require an 
annual registration fee for the listings provided for in division 
(A) or (B) of this section. This fee shall not be more than ten 
dollars. The department may charge a fee for any compilation of

proposed purchase to the persons whose names appear on the lists.

Sec. 125.081. (A) From the purchases that the department of 
administrative services is required by law to make through 
competitive selection, the director of administrative services 
shall select a number of such purchases, the aggregate value of 
which equals approximately fifteen per cent of the estimated total 
value of all such purchases to be made in the current fiscal year. 
The director shall set aside the purchases selected for 
competition only by minority business enterprises, as defined in 
division (E)(1) of section 122.71 of the Revised Code. The 
competitive selection procedures for such purchases set aside 
shall be the same as for all other purchases the department is 
required to make through competitive selection, except that only 
minority business enterprises certified by the equal employment 
opportunity coordinator of the department of administrative 
services in accordance with the rules adopted under division 
(B)(1) of section 123.151 of the Revised Code and listed by the 
director under division (B) of section 125.08 of the Revised Code

judicial branches, boards of elections, and the adjutant general,
is authorized to make purchases, the agency shall set aside a number of purchases, the aggregate value of which equals approximately fifteen per cent of the aggregate value of such purchases for the current fiscal year for competition by minority business enterprises only. The procedures for such purchases shall be the same as for all other such purchases made by the agency, except that only minority business enterprises certified by the equal employment opportunity coordinator in accordance with rules adopted under division (B)(1) of section 123.151 of the Revised Code shall be qualified to compete.

(C) In the case of purchases set aside under division (A) or (B) of this section, if no bid is submitted by a minority business enterprise, the purchase shall be made according to usual procedures. The contracting agency shall from time to time set aside such additional purchases for which only minority business enterprises may compete, as are necessary to replace those purchases previously set aside for which no minority business enterprises bid and to ensure that, in any fiscal year, the aggregate amount of contracts awarded to minority business enterprises will equal approximately fifteen per cent of the total amount of contracts awarded by the agency.

(D) The provisions of this section shall not preclude any minority business enterprise from competing for any other state purchases that are not specifically set aside for minority business enterprises.

(E) No funds of any state agency shall be expended in any fiscal year for any purchase for which competitive selection is required, until the director of the department of administrative services certifies to the equal employment opportunity coordinator, the clerk of the senate, and the clerk of the house of representatives of the general assembly that approximately fifteen per cent of the aggregate amount of the projected
expenditure for such purchases in the fiscal year has been set aside as provided for in this section.

(F) Any person who intentionally misrepresents self as owning, controlling, operating, or participating in a minority business enterprise for the purpose of obtaining contracts, subcontracts, or any other benefits under this section shall be guilty of theft by deception as provided for in section 2913.02 of the Revised Code.

Purchases of recycled products shall comply with any rules adopted under division (C) of this section by the director of administrative services.

(B) The director of administrative services shall adopt rules in accordance with Chapter 119. of the Revised Code establishing guidelines for the procurement of recycled products pursuant to division (A) of this section. To the extent practicable, the guidelines shall do all of the following:

(D) The department of administrative services and the environmental protection agency annually shall prepare and submit to the governor, president of the senate, and speaker of the house of representatives a report that describes, so far as practicable, the value and types of recycled products that are purchased with moneys disbursed from the state treasury by the general assembly, the offices of all elected state officers, and all departments, boards, offices, commissions, agencies, and institutions of this state.

**Sec. 125.10.** (A) The department of administrative services may require that all competitive sealed bids, competitive sealed proposals, and bids received in a reverse auction be accompanied by a performance bond or other cash surety financial assurance acceptable to the director of administrative services, in the sum and with the sureties it prescribes, payable to the state, and conditioned that the person submitting the bid or proposal, if that person's bid or proposal is accepted, will faithfully execute the terms of the contract and promptly make deliveries of the supplies purchased.

(B) A sealed copy of each competitive sealed bid or
competitive sealed proposal shall be filed with the department prior to the time specified in the notice for opening of the bids or proposals. All competitive sealed bids and competitive sealed proposals shall be publicly opened in the office of the department at the time specified in the notice. A representative of the auditor of state shall be present at the opening of all competitive sealed bids and competitive sealed proposals, and shall certify the opening of each competitive sealed bid and competitive sealed proposal. No competitive sealed bid or competitive sealed proposal shall be considered valid unless it is so certified.

Sec. 125.11. (A) Subject to division (B) of this section, contracts awarded pursuant to a reverse auction under section 125.072 of the Revised Code or pursuant to competitive sealed bidding, including contracts awarded under section 125.081 of the Revised Code, shall be awarded to the lowest responsive and responsible bidder on each item in accordance with section 9.312 of the Revised Code. When the contract is for meat products as defined in section 918.01 of the Revised Code or poultry products as defined in section 918.21 of the Revised Code, only those bids received from vendors offering products from establishments on the current list of meat and poultry vendors established and maintained by the director of administrative services under section 125.17 of the Revised Code under inspection of the United States department of agriculture or who are licensed by the Ohio department of agriculture shall be eligible for acceptance. (B) Prior to awarding a contract under division (A) of this section, the department of administrative services or the state agency responsible for evaluating a contract for the purchase of products shall evaluate the bids received according to the criteria and procedures established pursuant to divisions (C)(1) and (2) of section 125.09 of the Revised Code for determining if a product is produced or mined in the United States and if a product is produced or mined in this state. The department or other state agency shall first remove bids that offer products that have not been or that will not be produced or mined in the United States. From among the remaining bids, the department or other state agency shall select the lowest responsive and responsible bid, in accordance with section 9.312 of the Revised Code, from among the bids that offer products that have been produced or mined in this state where sufficient competition can be generated within this state to ensure that compliance with these requirements will not result in an excessive price for the product or acquiring a disproportionately inferior product.

(C) Division (B) of this section applies to contracts for which competitive bidding is waived by the controlling board.

(D) Division (B) of this section does not apply to the purchase by the division of liquor control of spirituous liquor.

The model act shall reflect substantial equivalence to the system of preferences in purchasing and public improvement contracting procedures under which the state operates pursuant to this chapter and section 153.012 of the Revised Code. To the maximum extent possible,
consistent with the Ohio system of preferences in purchasing and 6341
public improvement contracting procedures, the model act shall 6342

Before and during the development and promulgation of the 6346
model act, the director shall consult with appropriate statewide 6347
organizations representing counties, townships, and municipal 6348

public improvement contracting procedures. The director shall 6351
promulgate the model act by rule adopted pursuant to Chapter 119. 6352
of the Revised Code and shall revise the act as necessary to 6353
reflect changes in this chapter or section 153.012 of the Revised 6354
Code.

The director shall make available copies of the model act, 6356
supporting information, and technical assistance to any township, 6357
county, or municipal corporation wishing to incorporate the 6358

investigation's spouse, former spouse, or child. The request shall
include the journalist's name and title and the name and address
of the journalist's employer and shall state that disclosure of
the information sought would be in the public interest.

(b) Division (B)(9)(a) of this section also applies to
journalist requests for customer information maintained by a
municipally owned or operated public utility, other than social
security numbers and any private financial information such as
credit reports, payment methods, credit card numbers, and bank
account information.

(c) As used in division (B)(9) of this section, "journalist"
means a person engaged in, connected with, or employed by any news
medium, including a newspaper, magazine, press association, news
agency, or wire service, a radio or television station, or a
similar medium, for the purpose of gathering, processing,
transmitting, compiling, editing, or disseminating information for
the general public.

(C)(1) If a person allegedly is aggrieved by the failure of a
public office or the person responsible for public records to
promptly prepare a public record and to make it available to the
person for inspection in accordance with division (B) of this
section or by any other failure of a public office or the person
responsible for public records to comply with an obligation in
accordance with division (B) of this section, the person allegedly
aggrieved may commence a mandamus action to obtain a judgment that
orders the public office or the person responsible for the public
record to comply with division (B) of this section, that awards
court costs and reasonable attorney's fees to the person that
instituted the mandamus action, and, if applicable, that includes
an order fixing statutory damages under division (C)(1) of this
section. The mandamus action may be commenced in the court of
common pleas of the county in which division (B) of this section
allegedly was not complied with, in the supreme court pursuant to
its original jurisdiction under Section 2 of Article IV, Ohio
Constitution, or in the court of appeals for the appellate
district in which division (B) of this section allegedly was not
complied with pursuant to its original jurisdiction under Section
3 of Article IV, Ohio Constitution.

If a requestor transmits a written request by hand delivery
or certified mail to inspect or receive copies of any public
record in a manner that fairly describes the public record or
class of public records to the public office or person responsible
for the requested public records, except as otherwise provided in
this section, the requestor shall be entitled to recover the
amount of statutory damages set forth in this division if a court
determines that the public office or the person responsible for
public records failed to comply with an obligation in accordance
with division (B) of this section.

The amount of statutory damages shall be fixed at one hundred
dollars for each business day during which the public office or
person responsible for the requested public records failed to
comply with an obligation in accordance with division (B) of this
section, beginning with the day on which the requester files a
mandamus action to recover statutory damages, up to a maximum of
one thousand dollars. The award of statutory damages shall not be
construed as a penalty, but as compensation for injury arising
from lost use of the requested information. The existence of this
injury shall be conclusively presumed. The award of statutory
damages shall be in addition to all other remedies authorized by this section.

The court may reduce an award of statutory damages or not award statutory damages if the court determines both of the following:

(a) That, based on the ordinary application of statutory law and case law as it existed at the time of the conduct or threatened conduct of the public office or person responsible for the requested public records that allegedly constitutes a failure to comply with an obligation in accordance with division (B) of this section and that was the basis of the mandamus action, a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records did not constitute a failure to comply with an obligation in accordance with division (B) of this section;

(b) That a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(2)(a) If the court issues a writ of mandamus that orders the public office or the person responsible for the public record to comply with division (B) of this section and determines that the circumstances described in division (C)(1) of this section exist, the court shall determine and award to the relator all court costs.

(b) If the court renders a judgment that orders the public office or the person responsible for the public record to comply
with division (B) of this section, the court may award reasonable
attorney's fees subject to reduction as described in division
(C)(2)(c) of this section. The court shall award reasonable
attorney's fees, subject to reduction as described in division
(C)(2)(c) of this section when either of the following applies:

(i) The public office or the person responsible for the
public records failed to respond affirmatively or negatively to
the public records request in accordance with the time allowed
under division (B) of this section.

(ii) The public office or the person responsible for the
public records promised to permit the relator to inspect or
receive copies of the public records requested within a specified
period of time but failed to fulfill that promise within that
specified period of time.

(c) Court costs and reasonable attorney's fees awarded under
this section shall be construed as remedial and not punitive.
Reasonable attorney's fees shall include reasonable fees incurred
to produce proof of the reasonableness and amount of the fees and
to otherwise litigate entitlement to the fees. The court may
reduce an award of attorney's fees to the relator or not award
attorney's fees to the relator if the court determines both of the
following:

(i) That, based on the ordinary application of statutory law
and case law as it existed at the time of the conduct or
threatened conduct of the public office or person responsible for
the requested public records that allegedly constitutes a failure
to comply with an obligation in accordance with division (B) of
this section and that was the basis of the mandamus action, a
well-informed public office or person responsible for the
requested public records reasonably would believe that the conduct
or threatened conduct of the public office or person responsible
for the requested public records did not constitute a failure to
comply with an obligation in accordance with division (B) of this section;

(ii) That a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records as described in division (C)(2)(c)(i) of this section would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(D) Chapter 1347. of the Revised Code does not limit the provisions of this section.

(E)(1) To ensure that all employees of public offices are appropriately educated about a public office's obligations under division (B) of this section, all elected officials or their appropriate designees shall attend training approved by the attorney general as provided in section 109.43 of the Revised Code. In addition, all public offices shall adopt a public records policy in compliance with this section for responding to public records requests. In adopting a public records policy under this division, a public office may obtain guidance from the model public records policy developed and provided to the public office by the attorney general under section 109.43 of the Revised Code. Except as otherwise provided in this section, the policy may not limit the number of public records that the public office will make available to a single person, may not limit the number of public records that it will make available during a fixed period of time, and may not establish a fixed period of time before it will respond to a request for inspection or copying of public records, unless that period is less than eight hours.

(2) The public office shall distribute the public records policy adopted by the public office under division (E)(1) of this section to the employee of the public office who is the records
custodian or records manager or otherwise has custody of the records of that office. The public office shall require that employee to acknowledge receipt of the copy of the public records policy. The public office shall create a poster that describes its public records policy and shall post the poster in a conspicuous place in the public office and in all locations where the public office has branch offices. The public office may post its public records policy on the internet web site of the public office if the public office maintains an internet web site. A public office that has established a manual or handbook of its general policies and procedures for all employees of the public office shall include the public records policy of the public office in the manual or handbook.

(F)(1) The bureau of motor vehicles may adopt rules pursuant to Chapter 119. of the Revised Code to reasonably limit the number of bulk commercial special extraction requests made by a person for the same records or for updated records during a calendar year. The rules may include provisions for charges to be made for bulk commercial special extraction requests for the actual cost of the bureau, plus special extraction costs, plus ten per cent. The bureau may charge for expenses for redacting information, the release of which is prohibited by law.

(2) As used in division (F)(1) of this section:

(a) "Actual cost" means the cost of depleted supplies, records storage media costs, actual mailing and alternative delivery costs, or other transmitting costs, and any direct equipment operating and maintenance costs, including actual costs paid to private contractors for copying services.

(b) "Bulk commercial special extraction request" means a request for copies of a record for information in a format other than the format already available, or information that cannot be extracted without examination of all items in a records series,
class of records, or database by a person who intends to use or forward
the copies for surveys, marketing, solicitation, or resale for commercial
purposes. "Bulk commercial special extraction request" does not include
a request by a person who gives assurance to the bureau that the person
making the request does not intend to use or forward the requested copies
for surveys, marketing, solicitation, or resale for commercial purposes.

(c) "Commercial" means profit-seeking production, buying, or selling
of any good, service, or other product.

(d) "Special extraction costs" means the cost of the time spent by the
lowest paid employee competent to perform the task, the actual amount
paid to outside private contractors employed by the bureau, or the actual
cost incurred to create computer programs to make the special extraction.
"Special extraction costs" include any charges paid to a public agency for
computer or records services.

(3) For purposes of divisions (F)(1) and (2) of this section, "surveys,
marketing, solicitation, or resale for commercial purposes" shall be
narrowly construed and does not include reporting or gathering
news, reporting or gathering information to assist citizen oversight or
understanding of the operation or activities of government, or nonprofit
educational research.

Sec. 153.08. On the day and at the place named in the notice provided
for in section 153.06 of the Revised Code, the owner referred to in section
153.01 of the Revised Code shall open the bids and shall publicly, with
the assistance of the architect or engineer, immediately proceed to tabulate
the bids upon duplicate sheets. The For a bid filed electronically, the public bid opening
may be broadcast by electronic means pursuant to rules established
by the Ohio facilities construction commission. A bid shall be invalid and not considered unless a bid guaranty meeting the
requirements of section 153.54 of the Revised Code and in the form approved by the commission is filed with such bid. For a bid that is not filed electronically, the bid and bid guaranty shall be filed in one sealed envelope. If the bid and bid guaranty are filed electronically, they must be received electronically before the deadline published pursuant to section 153.06 of the Revised Code. For all bids filed electronically, the original, unaltered bid guaranty shall be made available to the public authority after the public bid opening, which may be achieved by means of an electronic verification and security system established under rules adopted by the Ohio facilities construction commission under Chapter 119. of the Revised Code. After investigation, which shall be completed within thirty days, the contract shall be awarded by such owner to the lowest responsive and responsible bidder in accordance with section 9.312 of the Revised Code.

No contract shall be entered into until the industrial commission has certified that the person so awarded the contract has complied with sections 4123.01 to 4123.94 of the Revised Code, until, if the bidder so awarded the contract is a foreign corporation, the secretary of state has certified that such corporation is authorized to do business in this state, until, if the bidder so awarded the contract is a person nonresident of this state, such person has filed with the secretary of state a power of attorney designating the secretary of state as its agent for the purpose of accepting service of summons in any action brought under section 153.05 of the Revised Code or under sections 4123.01 to 4123.94 of the Revised Code, and until the contract and bond, if any, are submitted to the attorney general and the attorney general's approval certified thereon.

No contract shall be entered into unless the bidder possesses a valid certificate of compliance with affirmative action programs issued pursuant to section 9.47 of the Revised Code and dated no
earlier than one hundred eighty days prior to the date fixed for
the opening of bids for a particular project.

Sec. 153.70. (A) Except for any person providing professional
design services of a research or training nature, any person
rendering professional design services to a public authority or to
a design-build firm, including a criteria architect or engineer
and person performing architect or engineer of record services,
shall have and maintain, or be covered by, during the period the
services are rendered, a professional liability insurance policy
or policies with a company or companies that are authorized to do
business in this state and that afford professional liability
coverage for the professional design services rendered. The
insurance shall be in an amount considered sufficient by the
public authority. At the public authority's discretion, the
design-build firm shall carry contractor's professional liability
insurance and any other insurance the public authority considers
appropriate.

(B) The requirement for professional liability insurance set
forth in division (A) of this section may be waived by the public
authority for good cause, or the public authority may allow the
person providing the professional design services to provide other
assurances of financial responsibility.

(C) Before construction begins pursuant to a contract for
design-build services with a design-build firm, the design-build
firm shall provide a surety bond to the public authority in
accordance with rules adopted by the executive director of
administrative services the Ohio facilities construction
commission under Chapter 119. of the Revised Code.

The report shall include estimates of all costs of such installations, including the costs of design, engineering, installation, maintenance, repairs, and debt service, and estimates of the energy, water, or wastewater cost savings, operating cost savings, and avoided capital costs created.
Sec. 156.04. (A) In accordance with this section and section 156.03 of the Revised Code, the executive director of the Ohio facilities construction commission may, on the executive director's own initiative or at the request of a state agency, enter into an installment payment contract for the implementation of one or more energy or water saving measures. (B) The director of aging shall adopt rules in accordance with Chapter 119. of the Revised Code establishing certification requirements and standards for determining which type of disciplinary action to take under division (A)(2) of this section in individual situations. The rules shall establish procedures for all of the following:

(E) Subject to division (F) of this section, the department is not required to hold hearings under division (A)(3) of this section if any of the following conditions apply:

(1) Rules adopted by the director of aging pursuant to this chapter require the provider to be a party to a provider agreement; hold a license, certificate, or permit; or maintain a certification, any of which is required or issued by a state or federal government entity other than the department of aging, and either of the following is the case:

(a) The provider agreement has not been entered into or the license, certificate, permit, or certification has not been obtained or maintained.

(b) The provider agreement, license, certificate, permit, or certification has been denied, revoked, not renewed, or suspended or has been otherwise restricted.

(b) The provider or a principal owner or manager of the provider who provides direct care has entered a guilty plea for, or has been convicted of, an offense materially related to the medicaid program.

(d) The department or its designee is required by section 173.381 of the Revised Code to deny or revoke the provider's certification.

(g) The provider has not billed or otherwise submitted a claim to the department for payment under the medicaid program in at least two years.

(h) The provider denied or failed to provide the department or its designee access to the provider's facilities during the provider's normal business hours for purposes of conducting an audit or structural compliance review.

(4) The provider's provider agreement with the department of medicaid is denied or revoked because the provider or its owner, officer, authorized agent, associate, manager, or employee has been convicted of an offense that caused the provider agreement to be suspended under section 5164.37 of the Revised Code.

(F) If the department does not hold hearings when any condition described in division (E) of this section applies, the department may send a notice to the provider describing a decision not to certify the provider under division (A)(1) of this section or the disciplinary action the department proposes to take under divisions (A)(2)(e) to (h) of this section. The notice shall be sent to the provider's address that is on record with the department and may be sent by regular mail.

(G) The director of aging may adopt rules in accordance with Chapter 119. of the Revised Code establishing a fee to be charged by the department of aging or its designee for certification issued under this section.
All fees collected by the department or its designee under this section shall be deposited in the state treasury to the credit of the provider certification fund, which is hereby created. Money credited to the fund shall be used to pay for community-based long-term care services, administrative costs associated with provider certification under this section, and administrative costs related to the publication of the Ohio long-term care consumer guide.

Sec. 173.48. (A)(1) The department of aging may charge annual fees to long-term care facilities for the publication of the Ohio long-term care consumer guide. The department may contract with any person or government entity to collect the fees on its behalf. All fees collected under this section shall be deposited in accordance with division (B) of this section.

(2) The annual fees charged under this section shall not exceed the following amounts:
(a) Six hundred fifty dollars for each long-term care facility that is a nursing home; six hundred fifty dollars;

(b) Three hundred dollars for each long-term care facility that is a residential care facility;

(i) Until June 30, 2016, three hundred dollars;

(ii) Beginning July 1, 2016, three hundred fifty dollars.

(3) Fees paid by a long-term care facility that is a nursing facility shall be reimbursed through the medicaid program.

(B) There is hereby created in the state treasury the long-term care consumer guide fund. Money collected from the fees charged for the publication of the Ohio long-term care consumer guide under division (A) of this section shall be credited to the fund. The department shall use money in the fund for costs associated with publishing the Ohio long-term care consumer guide, including, but not limited to, costs incurred in conducting or providing for the conduct of customer satisfaction surveys.

Sec. 173.522. (A) The department of aging shall create and administer the state-funded component of the PASSPORT program. The state-funded component shall not be administered as part of the medicaid program.

(B) For an individual to be eligible for the state-funded component of the PASSPORT program, the individual must meet one of the following requirements and meet the additional eligibility requirements applicable to the individual established in rules adopted under division (D) of this section:

(1) The individual must have been enrolled in the state-funded component on September 1, 1991, (as the state-funded component was authorized by uncodified law in effect at that time) and have had one or more applications for enrollment in the medicaid-funded component of the PASSPORT program (or, if the

The denial, modification, suspension, or revocation of a permit to install, permit to operate, or NPDES permit without the consent of the applicant or permittee shall be preceded by a proposed action stating the director's intention to issue an order with respect to the permit and the reasons for it.

The director shall mail to the applicant or the permittee notice of the director's proposed action to deny, modify, suspend, or revoke a permit to install, permit to operate, or NPDES permit. The director shall publish the notice once in a newspaper of
general circulation in the county in which the concentrated animal
feeding facility or concentrated animal feeding operation is
located or proposed to be located. The director shall mail a copy
of the notice of the proposed action to the board of county
commissioners of the county and to the board of township trustees
of the township in which the concentrated animal feeding facility

be located. The director also shall provide notice of the
director's proposed action to deny, modify, suspend, or revoke a
permit to install, permit to operate, or NPDES permit to any other
person that is entitled to notice under the Federal Water
Pollution Control Act. The notice of the director's proposed
action to deny, modify, suspend, or revoke a permit to install,
permit to operate, or NPDES permit shall include the address where
written comments concerning the director's proposed action may be
submitted and the period of time during which comments will be
accepted as established by rule. If the director receives written

public meeting to provide information to the public and to hear
comments pertinent to the proposed action. The notice of the
public meeting shall be provided in the same manner as the notice
of the director's proposed action.

action final until the applicant or permittee has had an
opportunity for an adjudication hearing in accordance with Chapter

permit to operate that is not connected with an application for a
NPDES permit, the director shall issue or propose to deny the
permit not later than ninety days after receiving the application.
If the director has proposed to deny the permit to install or
permit to operate under division (G)(2) of this section, the
director shall issue an order denying the permit or, if the
director decides against the proposed denial, issuing the permit
not later than one hundred eighty days after receiving the

(B) The director may administer grants and loans using moneys 11271
from the federal government and other sources, public or private, 11272

The director of agriculture shall provide the director of environmental protection with written recommendations for providing financial assistance from those funds to agricultural enterprises. The director of environmental protection shall consider the recommendations in developing priorities for providing financial assistance from the funds.

Sec. 903.12. (A) The director of agriculture or the director's authorized representative at reasonable times may enter on any public or private property, real or personal, to make investigations and inspections, including the sampling of discharges and the inspection of discharge monitoring equipment, or to otherwise execute duties that are necessary for the administration and enforcement of this chapter. Sec. 903.13. In a private civil action for an alleged nuisance related to agricultural activities conducted at a concentrated animal feeding facility, it is an affirmative defense if the person owning, operating, or otherwise responsible for the
concentrated animal feeding facility is in compliance with best management practices established in the installation permit or permit to operate, or review compliance certificate issued for the concentrated animal feeding facility and the agricultural activities do not violate federal, state, and local laws governing nuisances.

Sec. 903.16. (A) The director of agriculture may propose to require corrective actions and assess a civil penalty against an owner or operator of a concentrated animal feeding facility if the director or the director's authorized representative determines that the owner or operator is not in compliance with section 903.02, or 903.03, or 903.04 or division (A) of section 903.07 of the Revised Code, the terms and conditions of a permit to install, or permit to operate, or review compliance certificate issued for the concentrated animal feeding facility, including the requirements established under division (C) of section 903.06 of the Revised Code, or rules adopted under division (A), (B), (C), (D), (E), or (I) of section 903.10 of the Revised Code. However, the director may impose a civil penalty only if all of the following occur:

(1) The owner or operator is notified in writing of the deficiencies resulting in noncompliance, the actions that the owner or operator must take to correct the deficiencies, and the time period within which the owner or operator must correct the deficiencies and attain compliance.

(2) After the time period specified in the notice has elapsed, the director or the director's duly authorized representative has inspected the concentrated animal feeding facility, determined that the owner or operator is still not in compliance, and issued a notice of an adjudication hearing.
(3) The director affords the owner or operator an opportunity for an adjudication hearing under Chapter 119 of the Revised Code to challenge the director's determination that the owner or operator is not in compliance or the imposition of the civil penalty, or both. However, the owner or operator may waive the right to an adjudication hearing.

(B) If the opportunity for an adjudication hearing is waived or if, after an adjudication hearing, the director determines that a violation has occurred or is occurring, the director may issue an order requiring compliance and assess the civil penalty. The order and the assessment of the civil penalty may be appealed in accordance with section 119.12 of the Revised Code.

Civil penalties shall be assessed under this division as follows:

(1) A person who has violated section 903.02 or 903.03 or 903.04 of the Revised Code, the terms and conditions of a permit to install, or permit to operate, or review compliance certificate, or rules adopted under division (A), (B), (C), (D), (E) or (I) of section 903.10 of the Revised Code shall pay a civil penalty in an amount established in rules unless the violation is of the requirements established under division (C) of section 903.06 or division (A) of section 903.07 of the Revised Code.

(2) A person who has violated the requirements established under division (C) of section 903.06 of the Revised Code shall pay a civil penalty in an amount established in rules for each violation. Each seven-day period during which a violation continues constitutes a separate violation.

(3) A person who has violated the requirements established under division (A) of section 903.07 of the Revised Code shall pay a civil penalty of not more than ten thousand dollars for each
violation. Each thirty-day period during which a violation continues constitutes a separate violation.

(D)(1) In lieu of seeking civil penalties under division (A) of this section, the director may request the attorney general, in writing, to bring an action for a civil penalty in a court of competent jurisdiction against any person that has violated or is violating division (A) of section 903.07 of the Revised Code or the terms and conditions of a permit to install, or permit to operate, or review compliance certificate, including the requirements established under division (C) of section 903.06 of the Revised Code.

(3) A person who has committed a violation for which the attorney general may bring an action for a civil penalty under
division (D)(1) or (2) of this section shall pay a civil penalty of not more than ten thousand dollars per violation. Each day that a violation continues constitutes a separate violation.

(E) In addition to any other penalties imposed under this section, the director may impose an administrative penalty against an owner or operator of a concentrated animal feeding facility if the director or the director's authorized representative determines that the owner or operator is not in compliance with best management practices that are established in rules adopted under division (B) or (C) or (D) of section 903.10 of the Revised Code or in the permit to install, or permit to operate, or review compliance certificate issued for the facility. The administrative penalty shall not exceed five thousand dollars.

The director shall afford the owner or operator an opportunity for an adjudication hearing under Chapter 119. of the Revised Code to challenge the director's determination under this division, the director's imposition of an administrative penalty under this division, or both. The director's determination and the imposition of the administrative penalty may be appealed in accordance with section 119.12 of the Revised Code.

Sec. 903.17. However, the director may impose a civil penalty only if all of the following occur:

(1) The owner or operator is notified in writing of
deficiencies resulting in noncompliance, the actions that the owner or operator must take to correct the deficiencies, and the time period within which the owner or operator must correct the deficiencies and attain compliance.

(2) After the time period specified in the notice has elapsed, the director or the director's duly authorized representative has inspected the animal feeding operation, determined that the owner or operator is still not in compliance, and issued a notice of violation to require corrective actions.

(3) The director affords the owner or operator an opportunity for an adjudication hearing under Chapter 119. of the Revised Code to challenge the director's determination that the owner or operator is not in compliance or the imposition of the civil penalty, or both. However, the owner or operator may waive the right to an adjudication hearing.

(B) If the opportunity for an adjudication hearing is waived or if, after an adjudication hearing, the director determines that a violation has occurred or is occurring, the director may issue an order and assess a civil penalty of not more than ten thousand dollars per violation against the violator. For purposes of determining the civil penalty, each day that a violation continues constitutes a separate and distinct violation. The order and the assessment of the civil penalty may be appealed in accordance with section 119.12 of the Revised Code.

(C) To the extent consistent with the Federal Water Pollution Control Act, the director shall consider technical feasibility and economic costs in issuing orders under this section.

(D)(1) The attorney general, upon the written request of the director, shall bring an action for an injunction in any court of competent jurisdiction against any person violating or threatening to violate section 903.08 of the Revised Code, the terms and
conditions of a NPDES permit, the NPDES provisions of a permit to operate, rules adopted under division \((E)\) of section 903.10 of the Revised Code, or an order issued under division (B) of this section.

(2) In lieu of seeking civil penalties under division (A) of this section, the director may request, in writing, the attorney general to bring an action for a civil penalty of not more than ten thousand dollars per violation in a court of competent jurisdiction against any person that has violated or is violating section 903.08 of the Revised Code, the terms and conditions of a NPDES permit, the NPDES provisions of a permit to operate, rules adopted under division \((E)\) of section 903.10 of the Revised Code, or an order issued under division (B) of this section. For purposes of determining the civil penalty to be assessed under division (B) of this section, each day that a violation continues constitutes a separate and distinct violation.

(E) In addition to any other penalties imposed under this section, the director may impose an administrative penalty against an owner or operator of an animal feeding operation if the director or the director's authorized representative determines that the owner or operator has discharged pollutants into waters of the state in violation of section 903.08 of the Revised Code or the terms and conditions of a NPDES permit or the NPDES provisions of the permit to operate issued for the operation. The administrative penalty shall not exceed five thousand dollars.

The director shall afford the owner or operator an opportunity for an adjudication hearing under Chapter 119. of the Revised Code to challenge the director's determination under this division, the director's imposition of an administrative penalty under this division, or both. The director's determination and the imposition of the administrative penalty may be appealed in accordance with section 119.12 of the Revised Code.

Procedures, requirements, and other provisions that are established in those sections and rules apply
to the certification of persons under division (A)(2) of this section. For purposes of that application, references in sections 905.321 and 905.322 of the Revised Code to "fertilizer" are deemed to be replaced with references to "manure."

Sec. 905.326. (A) Except as provided in division (B) of this section, no person in the western basin shall surface apply fertilizer under any of the following circumstances:

(1) On snow-covered or frozen soil;

section, the director or the director's designee may enter at reasonable times on any private or public property to inspect and investigate conditions relating to any such alleged failure to comply with this section.

(3) If an individual denies access to the director or the director's designee, the director may apply to a court of competent jurisdiction in the county in which the premises is located for a search warrant authorizing access to the premises for the purposes of this section.

(4) The court shall issue the search warrant for the purposes requested if there is probable cause to believe that the person is not in compliance with this section. The finding of probable cause may be based on hearsay, provided that there is a reasonable basis for believing that the source of the hearsay is credible.

(D) This section does not affect any restrictions established in Chapter 903 of the Revised Code or otherwise apply to those entities or facilities that are permitted as concentrated animal feeding facilities under that chapter.

(E) As used in this section and section 905.327 of the Revised Code, "western basin" means land in the state that is located in the following watersheds identified by the specified United States geological survey hydrologic unit code:

the director affords the person an opportunity for an adjudication
hearing under Chapter 119. of the Revised Code to challenge the
director's determination that the person violated section 905.326
of the Revised Code. The person may waive the right to an
adjudication hearing.

Sec. 1509.02. There is hereby created in the department of natural resources the division of oil and gas resources management, which shall be administered by the chief of the division of oil and gas resources management. The division has sole and exclusive authority to regulate the permitting, location, and spacing of oil and gas wells and production operations within the state, excepting only those activities regulated under federal laws for which oversight has been delegated to the environmental protection agency and activities regulated under sections 6111.02 to 6111.028 of the Revised Code. The regulation of oil and gas activities is a matter of general statewide interest that requires uniform statewide regulation, and this chapter and rules adopted under it constitute a comprehensive plan with respect to all aspects of the locating, drilling, well stimulation, completing, and operating of oil and gas wells within this state, including site construction and restoration, permitting related to those activities, and the disposal of wastes from those wells. In order to assist the division in the furtherance of its sole and exclusive authority as established in this section, the chief may enter into cooperative agreements with other state agencies for advice and consultation, including visitations at the surface location of a well on behalf of the division. Such cooperative agreements do not confer on other state agencies any authority to administer or enforce this chapter and rules adopted under it. In addition, such cooperative agreements shall not be construed to dilute or diminish the division's sole and exclusive authority as established in this section. Nothing in this section affects the
authority granted to the director of transportation and local 
authorities in section 723.01 or 4513.34 of the Revised Code, 
provided that the authority granted under those sections shall not 
be exercised in a manner that discriminates against, unfairly 
impedes, or obstructs oil and gas activities and operations 
regulated under this chapter.

The chief shall not hold any other public office, nor shall 
the chief be engaged in any occupation or business that might 
interfere with or be inconsistent with the duties as chief.

All moneys collected by the chief pursuant to sections 
1509.06, 1509.061, 1509.062, 1509.071, 1509.11, 1509.13, 1509.22,

revenue from the tax levied in divisions (A)(5) and (6), (10), 
(11), (12), and (13) of section 5749.02 of the Revised Code, all 
civil penalties paid under section 1509.33 of the Revised Code, 
and, notwithstanding any section of the Revised Code relating to 
the distribution or crediting of fines for violations of the 
Revised Code, all fines imposed under divisions (A) and (B) of 
section 1509.99 of the Revised Code and fines imposed under 
sections (C) and (D) of section 1509.99 of the Revised Code for 
all violations prosecuted by the attorney general and for 
violations prosecuted by prosecuting attorneys that do not involve 
the transportation of brine by vehicle shall be deposited into the 
state treasury to the credit of the oil and gas well fund, which 
is hereby created. Fines imposed under divisions (C) and (D) of 
section 1509.99 of the Revised Code for violations prosecuted by 
prosecuting attorneys that involve the transportation of brine by 
vehicle and penalties associated with a compliance agreement 
entered into pursuant to this chapter shall be paid to the county 
treasury of the county where the violation occurred.

The fund shall be used solely and exclusively for the
purposes enumerated in division (B) of section 1509.071 of the Revised Code, for the expenses of the division associated with the administration of this chapter and Chapter 1571. of the Revised Code and rules adopted under them, and for expenses that are critical and necessary for the protection of human health and safety and the environment related to oil and gas production in this state. The expenses of the division in excess of the moneys available in the fund shall be paid from general revenue fund appropriations to the department.

Sec. 1509.051. (A) A person that intends to engage in an activity regulated under this chapter or rules adopted under it first shall register with the division of oil and gas resources management on a form prescribed by the chief of the division of oil and gas resources management prior to engaging in the activity. The person shall disclose on the form all felony convictions or felony guilty pleas of or by the person and of or by the officers of the person to any of the following that have occurred within the previous twenty-five years from the date of registration:

(3) Purposeful or knowing violations, as applicable, of any other state's laws implementing the "Federal Water Pollution Control Act" that are not more stringent than that act.

If the person has been convicted of or pled guilty to such a felony, the chief may request that the person submit additional information concerning the felony conviction or felony guilty plea. Such a request shall not extend to or require information from any of the person's corporate parent entities. The chief may
request the superintendent of the bureau of criminal identification and investigation to review federal and state criminal records with respect to any person that submitted a form for registration under this section.

After the chief has reviewed the information required to be submitted under this division and any additional information submitted by the person or received from a criminal records review requested by the chief under this section, the chief may deny the person's registration by order. If the chief issues an order denying an application based on the submission of information required under this division, the person may appeal the order to the oil and gas commission or the Franklin county court of common pleas. Notwithstanding any other provision of this chapter and rules adopted under it, the chief shall not issue a permit, registration certificate, or order authorizing an activity under this chapter or rules adopted under it to a person whose registration was denied.

(B) This section does not apply to any of the following:

(1) A person that is registered with the division prior to the effective date of this section;

if the water will be withdrawn from the Lake Erie watershed or the
Ohio river watershed. In addition, the owner shall provide, to the
best of the owner's knowledge, the proposed estimated rate and
volume of the water withdrawal for the production operations. If
recycled water will be used in the production operations, the
owner shall provide the estimated volume of recycled water to be
used. The owner shall submit to the chief an update of any of the
information that is required by division (A)(8)(a) of this section
if any of that information changes before the chief issues a
permit for the application.

(b) Except as provided in division (A)(8)(c) of this section, for an application for a permit to drill a new well within an
urbanized area, the results of sampling of water wells within
three hundred feet of the proposed well prior to commencement of
drilling. In addition, the owner shall include a list that
identifies the location of each water well where the owner of the
property on which the water well is located denied the owner
access to sample the water well. The sampling shall be conducted
in accordance with the guidelines established in "Best Management
Practices For Pre-drilling Water Sampling" in effect at the time
that the application is submitted. The division shall furnish
those guidelines upon request and shall make them available on the
division's web site. If the chief determines that conditions at
the proposed well site warrant a revision, the chief may revise
the distance established in this division for purposes of pre-drilling water sampling.

(c) For an application for a permit to drill a new horizontal well, the results of sampling of water wells within one thousand five hundred feet of the proposed horizontal wellhead prior to commencement of drilling. In addition, the owner shall include a list that identifies the location of each water well where the owner of the property on which the water well is located denied the owner access to sample the water well. The sampling shall be conducted in accordance with the guidelines established in "Best Management Practices For Pre-drilling Water Sampling" in effect at the time that the application is submitted. The division shall furnish those guidelines upon request and shall make them available on the division's web site. If the chief determines that conditions at the proposed well site warrant a revision, the chief may revise the distance established in this division for purposes of pre-drilling water sampling.

(9) For an application for a permit to drill a new well within an urbanized area, a sworn statement that the applicant has provided notice by regular mail of the application to the owner of each parcel of real property that is located within five hundred feet of the surface location of the well and to the executive authority of the municipal corporation or the board of township trustees of the township, as applicable, in which the well is to be located. In addition, the notice shall contain a statement that informs an owner of real property who is required to receive the notice under division (A)(9) of this section that within five days of receipt of the notice, the owner is required to provide notice under section 1509.60 of the Revised Code to each residence in an occupied dwelling that is located on the owner's parcel of real property. The notice shall contain a statement that an application has been filed with the division of oil and gas resources.
management, identify the name of the applicant and the proposed
well location, include the name and address of the division, and
contain a statement that comments regarding the application may be
sent to the division. The notice may be provided by hand delivery
or regular mail. The identity of the owners of parcels of real
property shall be determined using the tax records of the
municipal corporation or county in which a parcel of real property
is located as of the date of the notice.

(10) A plan for restoration of the land surface disturbed by
drilling operations. The plan shall provide for compliance with
the restoration requirements of division (A) of section 1509.072
of the Revised Code and any rules adopted by the chief pertaining
to that restoration.

(11)(a) A description by name or number of the county,
township, and municipal corporation roads, streets, and highways
that the applicant anticipates will be used for access to and
egress from the well site;

(b) For an application for a permit for a horizontal well, a
copy of an agreement concerning maintenance and safe use of the
roads, streets, and highways described in division (A)(11)(a) of
this section entered into on reasonable terms with the public
official that has the legal authority to enter into such
maintenance and use agreements for each county, township, and
municipal corporation, as applicable, in which any such road,
street, or highway is located or an affidavit on a form prescribed
by the chief attesting that the owner attempted in good faith to
enter into an agreement under division (A)(11)(b) of this section
with the applicable public official of each such county, township,
or municipal corporation, but that no agreement was executed.

(12) Such other relevant information as the chief prescribes
by rule.
Each application shall be accompanied by a map, on a scale not smaller than four hundred feet to the inch, prepared by an Ohio registered surveyor, showing the location of the well and containing such other data as may be prescribed by the chief. In addition, the chief promptly shall transfer an electronic copy or facsimile, or if those methods are not available to a municipal corporation or township, a copy via regular mail, of a drilling permit application to the clerk of the legislative authority of the municipal corporation or to the clerk of the township in which the well or proposed well is or is to be located if the legislative authority of the municipal corporation or the board of township trustees has asked to receive copies of such applications and the appropriate clerk has provided the chief an accurate, current electronic mailing address or facsimile number, as applicable.

(C)(1) Except as provided in division (C)(2) of this section, the chief shall not issue a permit for at least ten days after the date of filing of the application for the permit unless, upon reasonable cause shown, the chief waives that period or a request for expedited review is filed under this section. However, the chief shall issue a permit within twenty-one days of the filing of
the application unless the chief denies the application by order.

(2) If the location of a well or proposed well will be or is within an urbanized area, the chief shall not issue a permit for at least eighteen days after the date of filing of the application for the permit unless, upon reasonable cause shown, the chief waives that period or the chief at the chief's discretion grants a request for an expedited review. However, the chief shall issue a permit for a well or proposed well within an urbanized area within thirty days of the filing of the application unless the chief denies the application by order.

(D) An applicant may file a request with the chief for expedited review of a permit application if the well is not or is not to be located in a gas storage reservoir or reservoir protective area, as "reservoir protective area" is defined in section 1571.01 of the Revised Code. Upon the filing of a request for expedited review, the chief shall cause the county engineer of the county in which the well is or is to be located to be notified of the filing of the permit application and the request for expedited review by telephone or other means that in the judgment of the chief will provide timely notice of the application and request. The chief shall issue a permit within seven days of the filing of the request unless the chief denies the application by order. Notwithstanding the provisions of this section governing expedited review of permit applications, the chief may refuse to accept
requests for expedited review if, in the chief's judgment, the acceptance of the requests would prevent the issuance, within twenty-one days of their filing, of permits for which applications are pending.

(E) A well shall be drilled and operated in accordance with the plans, sworn statements, and other information submitted in the approved application.

(F) The chief shall issue an order denying a permit if the chief finds that there is a substantial risk that the operation will result in violations of this chapter or rules adopted under it that will present an imminent danger to public health or safety or damage to the environment, provided that where the chief finds that terms or conditions to the permit can reasonably be expected to prevent such violations, the chief shall issue the permit subject to those terms or conditions, including, if applicable, terms and conditions regarding subjects identified in rules adopted under section 1509.03 of the Revised Code. The issuance of a permit shall not be considered an order of the chief.

The chief shall post notice of each permit that has been approved under this section on the division's web site not later than two business days after the application for a permit has been approved.

(G) Each application for a permit required by section 1509.05 of the Revised Code, except an application to plug back an existing well that is required by that section and an application for a well drilled or reopened for purposes of section 1509.22 of the Revised Code, also shall be accompanied by a nonrefundable fee as follows:

For purposes of calculating fee amounts, populations shall be determined using the most recent federal decennial census.

Each application for the revision or reissuance of a permit shall be accompanied by a nonrefundable fee of two hundred fifty dollars.

(H)(1) Prior to the commencement of well pad construction and prior to the issuance of a permit to drill a proposed horizontal well or a proposed well that is to be located in an urbanized area, the division shall conduct a site review to identify and evaluate any site-specific terms and conditions that may be attached to the permit. At the site review, a representative of the division shall consider fencing, screening, and landscaping requirements, if any, for similar structures in the community in which the well is proposed to be located. The terms and conditions that are attached to the permit shall include the establishment of fencing, screening, and landscaping requirements for the surface facilities of the proposed well, including a tank battery of the well.

(2) Prior to the issuance of a permit to drill a proposed well, the division shall conduct a review to identify and evaluate any site-specific terms and conditions that may be attached to the permit if the proposed well will be located in a one-hundred-year

(3) Any other means approved by the chief.

(G) The chief shall post on the division's web site each material safety data sheet obtained under division (E) of this section. In addition, the chief shall make available through the division's web site the chemical information that is required by divisions (A)(9) and (10) and (B)(3) of this section.

division does not subject the records or information to public disclosure. Nothing in this division precludes an owner or person who has designated the identity, amount, concentration, or purpose of a product, fluid, or substance or of a chemical component in a product, fluid, or substance as a trade secret and discloses records or information to the chief pursuant to a request by the chief under this division from requesting a confidentiality agreement with a recipient of the records or information.

(K)(1) For purposes of correcting inaccuracies and incompleteness in chemical information required by divisions (A)(9) and (10) and (B)(3) of this section, an owner shall be considered in substantial compliance if the owner has made reasonable efforts to obtain the required information from the supplier.

(2) For purposes of reporting under this section, an owner is not required to report chemicals that occur incidentally or in trace amounts.

(L) As used in this section, the term "material safety data sheet" shall conform to any revision of or change in the term by the occupational safety and health administration in the United States department of labor.

Sec. 1509.11. (II) A well that is not a horizontal well from which twenty-five per cent of the quantity of gas produced from the well in the preceding calendar year does not exceed nine hundred ten thousand cubic feet.

(ii) The owner of one or more qualifying gas wells shall remit a fee of sixty dollars for each qualifying gas well to the director of the department of natural resources or the director's designee by the thirty-first day of March of each year, together with the annual statement filed in accordance with division (A)(1)(a) of this section or another form prescribed by the director for such purpose. Fees collected under this division shall be credited to the oil and gas well fund.

(2) The owner of any horizontal well that is producing or capable of producing oil or gas shall file with the chief, on the forty-fifth day following the close of each calendar quarter, a statement of production of oil, gas, and brine for the preceding calendar quarter in a form that the chief prescribes. An owner that has more than one hundred horizontal wells in this state shall submit electronically the statement of production in a format that is approved by the chief. The chief shall include on
the form, at a minimum, a request for the submittal of the information that a person who is regulated under this chapter is required to submit under the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1728, 42 U.S.C. 11001, and regulations adopted under it, and that the division does not obtain through other reporting mechanisms.

(B) The chief shall not disclose information received from the department of taxation under division (C)(12) of section 5703.21 of the Revised Code until the related statement of production required by division (A) of this section is filed with the chief.

(C) Not later than the thirty-first day of July of each year, the chief shall do both of the following:

(1) Calculate for each county and certify to the director of budget and management and the tax commissioner the quotient obtained by dividing (a) the number of horizontal wells drilled, plus the number of horizontal wells for which drilling was initiated pursuant to a permit issued under section 1509.06 of the Revised Code located in the county on the last day of the preceding fiscal year by (b) the number of all horizontal wells drilled, plus the number of all horizontal wells for which drilling was initiated pursuant to a permit issued under that section on that day. The chief shall not adjust any county's calculation after the calculations are certified.

(2) Determine which counties in the state had active oil and gas development in the Point Pleasant, Utica, or Marcellus formation in the preceding fiscal year and, as soon as is practicable, certify that determination to the Ohio shale products regional commission.

Sec. 1509.211. (A) Except as otherwise provided in this section, no person shall store, recycle, treat, or process brine
or other waste substances pursuant to a permit or order issued under division (B)(2)(a) of section 1509.22 of the Revised Code if the person has not satisfied the financial assurance requirements established in this section.

(B)(1) An applicant for a permit or order under division (B)(2)(a) of section 1509.22 of the Revised Code or rules adopted under it shall execute and file with the director of natural resources or the director's designee, on a form prescribed and furnished by the director or the director's designee, a surety bond or other form of financial assurance that is authorized under division (B)(2) of this section. The surety bond shall be payable to the state as obligee and conditioned on the performance of all the requirements established by this chapter and rules adopted under it. The surety bond shall be in an amount established in rules adopted by the director in accordance with Chapter 119. of the Revised Code. However, the amount shall not exceed two million dollars.

The surety bond shall be executed by a surety company authorized to do business in this state. The director or the director's designee shall not accept any bond until the bond is personally signed and acknowledged by both principal and surety, or as to either by the principal's or surety's attorney in fact, with a certified copy of the power of attorney attached to it. The director or the director's designee shall not accept a bond unless there is attached a certificate of the director of insurance that the company is authorized to transact a fidelity and surety business in this state.

(2) In lieu of a surety bond, an applicant may deposit with the director or the director's designee cash in an amount equal to the amount of the surety bond established in rules adopted under this section or negotiable certificates of deposit issued by any bank organized or transacting business in this state or by any
savings and loan association as defined in section 1151.01 of the Revised Code, having a cash value equal to or greater than the amount of the surety bond established in rules adopted under this section. Cash or certificates of deposit shall be deposited on the same terms as those on which surety bonds shall be deposited. If certificates of deposit are deposited with the director or the director's designee instead of a surety bond, the director or the director's designee shall require the bank or the savings and loan association that issued the certificates to pledge securities of a cash value equal to the amount of the certificate that is in excess of the amount insured by any of the agencies and instrumentalities created under the "Federal Deposit Insurance Act," 64 Stat. 873 (1950), 12 U.S.C. 1811, as amended, and regulations adopted under it, including at least the federal deposit insurance corporation, bank insurance fund, and savings association insurance fund. Immediately upon a deposit of cash or certificates of deposit with the director or the director's designee, the director or the director's designee shall deliver them to the treasurer of state who shall hold them in trust for the purposes for which they have been deposited.

(C) The surety bond or other financial assurance required by this section shall be maintained until the person complies with rules adopted under section 1509.22 of the Revised Code for the closure of a location for which a permit or order was issued under division (B)(2)(a) of section 1509.22 of the Revised Code. If rules are not adopted under that section for the closure of a location for which a permit or order was issued to store, recycle, treat, or process brine or other waste substances, the person shall maintain the surety bond or other financial assurance until the director or the director's designee inspects the location for which a permit or order was issued to store, recycle, treat, or process brine or other waste substances and issues a written approval of closure for the location.
(D)(1) When the director or the director's designee finds that a person who has been issued a permit or order under division (B)(2)(a) of section 1509.22 of the Revised Code has failed to comply with a final nonappealable order issued or a compliance agreement entered into under section 1509.04 of the Revised Code, rules adopted under division (C) of section 1509.22 of the Revised Code, or an order relating thereto, the director or the director's designee shall make a finding of that fact and may issue a bond forfeiture order to the person. The bond forfeiture order shall include provisions that do all of the following:

(a) Specify the violation giving rise to the order;
(b) Declare that the entire amount of the bond or other form of financial assurance is forfeited;
(c) If the bond filed with the director or the director's designee is supported by or in the form of cash or negotiable certificates of deposit, declare the cash or certificates property of the state.

(2) The director or the director's designee shall certify the total forfeiture to the attorney general, and the attorney general shall proceed to collect the amount of the forfeiture.

(E) All money collected because of the forfeiture of a bond or other financial assurance as provided in this section shall be deposited in the state treasury to the credit of the oil and gas well fund created in section 1509.02 of the Revised Code and shall be used to restore the location for which the bond or other financial assurance was provided. Nothing in this division requires the director or the director's designee to use money in excess of the amount of the bond or other financial assurance to restore the location.

(F) A person that submits an application for a permit or order to store, recycle, treat, or process brine or other waste
substances under division (B)(2)(a) of section 1509.22 of the Revised Code or rules adopted under it shall obtain liability insurance coverage from a company authorized to do business in this state in an amount established in rules adopted by the director. The amount of the liability insurance shall not exceed twelve million dollars. The liability insurance shall provide coverage to pay damages for injury to persons or damage to property caused by the location for which the permit or order was issued.

(G) The director may adopt rules in accordance with Chapter 119. of the Revised Code establishing requirements and procedures concerning the financial assurance and insurance requirements established in this section.

Sec. 1509.222. (A)(1) Except as provided in section 1509.226 of the Revised Code, no person shall transport brine by vehicle in this state unless the business entity that employs the person first registers with and obtains a registration certificate and identification number from the chief of the division of oil and gas resources management.

(2) No more than one registration certificate shall be required of any business entity. Registration certificates issued under this section are not transferable. An applicant shall file an application with the chief, containing such information in such form as the chief prescribes. The application shall include at least all of the following:

(a) A list that identifies each pipeline, vehicle, vessel, railcar, and container that will be used in the transportation of brine;

(b) A plan for disposal that provides for compliance with the requirements of this chapter and rules of the chief pertaining to the transportation of brine by vehicle and the disposal of brine
so transported and that lists all disposal sites that the applicant intends to use;

(c) The bond required by section 1509.225 of the Revised Code;

(d) A certificate issued by an insurance company authorized to do business in this state certifying that the applicant has in force a liability insurance policy in an amount not less than three hundred thousand dollars bodily injury coverage and three hundred thousand dollars property damage coverage to pay damages for injury to persons or property caused by the collecting, handling, transportation, or disposal of brine.

The insurance policy required by division (A)(2)(d) of this section shall be maintained in effect during the term of the registration certificate. The policy or policies providing the coverage shall require the insurance company to give notice to the chief if the policy or policies lapse for any reason. Upon such termination of the policy, the chief may suspend the registration certificate until proper insurance coverage is obtained.

(3) Each application for a registration certificate shall be accompanied by a nonrefundable fee of five hundred dollars.

(4) If a business entity that has been issued a registration certificate under this section changes its name due to a business reorganization or merger, the business entity shall revise the bond or certificates of deposit required by section 1509.225 of the Revised Code and obtain a new certificate from an insurance company in accordance with division (A)(2)(e)(d) of this section to reflect the change in the name of the business entity.

(B) The chief shall issue an order denying an application for a registration certificate if the chief finds that either of the following applies:

(1) The applicant, at the time of applying for the
registration certificate, has been found liable by a final nonappealable order of a court of competent jurisdiction for damage to streets, roads, highways, bridges, culverts, or drainways pursuant to section 4513.34 or 5577.12 of the Revised Code until the applicant provides the chief with evidence of compliance with the order.

(2) The applicant's plan for disposal does not provide for compliance with the requirements of this chapter and rules of the chief pertaining to the transportation of brine by vehicle and the disposal of brine so transported.

(C) No applicant shall attempt to circumvent division (B) of this section by applying for a registration certificate under a different name or business organization name, by transferring responsibility to another person or entity, or by any similar act.

(D) A registered transporter shall not allow any other person to use the transporter's registration certificate to transport brine.

(E) A registered transporter shall apply to revise a disposal plan under procedures that the chief shall prescribe by rule. However, at a minimum, an application for a revision shall list all sources and disposal sites of brine currently transported. The chief shall deny any application for a revision of a plan under this division if the chief finds that the proposed revised plan does not provide for compliance with the requirements of this chapter and rules of the chief pertaining to the transportation of brine by vehicle and the disposal of brine so transported. Approvals and denials of revisions shall be by order of the chief.

(F) The chief may adopt rules, issue orders, and attach terms and conditions to registration certificates as may be necessary to administer, implement, and enforce sections 1509.222 to 1509.226 of the Revised Code for protection of public health or
safety or conservation of natural resources.

(G) As used in this section:

(1) "Transport brine" does not include the movement of brine within the boundaries of a location for which an order or permit was issued pursuant to division (B)(2)(a) of section 1509.22 of the Revised Code.

(2) "Pipeline" does not include piping or other appurtenances associated with processing activity within the boundaries of a location for which an order or permit was issued pursuant to division (B)(2)(a) of section 1509.22 of the Revised Code.

_sec. 1509.223._ (A)(1) No permit holder or owner of a well shall enter into an agreement with or permit any person to transport brine produced from the well who is not registered pursuant to section 1509.222 of the Revised Code or exempt from registration under section 1509.226 of the Revised Code.

(2) No permit holder or owner of a well for which a permit has been issued under division (D) of section 1509.22 of the Revised Code shall enter into an agreement with or permit any person who is not registered pursuant to section 1509.222 of the Revised Code to dispose of brine at the well.

(B) Each registered transporter shall file with the chief of the division of oil and gas resources management, on or before the fifteenth day of April, a statement concerning brine transported, including quantities transported and source and delivery points, during the last preceding calendar year, and such other information in such form as the chief may prescribe.

(C) Each registered transporter shall keep on each vehicle, vessel, railcar, and container used to transport brine a daily log and have it available upon the request of the chief or an authorized representative of the chief or a peace officer.
addition, each registered transporter shall keep a daily log for each pipeline used to transport brine and have it available upon the request of the chief, an authorized representative of the chief, or a peace officer. The log shall, at a minimum, include all of the following information:

(1) The name of the owner or owners of the well or wells producing the brine to be transported;

(2) The date and time the brine is loaded or transported through a pipeline, as applicable;

(3) The name of the driver, if applicable;

(4) The amount of brine loaded at each collection point or the amount of brine transported through a pipeline, as applicable;

(5) The disposal location;

(6) The date and time the brine is disposed of and the amount of brine disposed of at each location.

The chief, by rule, may establish procedures for the electronic submission to the chief of the information that is required to be included in the daily log. No registered transporter shall falsify or fail to keep or submit a log required by this division.

(D) Each registered transporter shall legibly identify with reflective paints all vehicles, vessels, railcars, and containers employed in transporting or disposing of brine. Letters shall be no less than four inches in height and shall indicate the identification number issued by the chief, the word "brine," and the name and telephone number of the transporter.

Each registered transporter shall legibly identify, on the surface of the ground in a manner similar to the identification of underground gas lines, each pipeline employed in transporting or disposing of brine. The identification shall include the
identification number issued by the chief, the word "brine," and
the name and telephone number of the transporter.

(E) The chief shall maintain and keep a current list of
persons registered to transport brine under section 1509.222 of
the Revised Code. The list shall be open to public inspection. It
is an affirmative defense to a charge under division (A) of this
section that at the time the permit holder or owner of a well
entered into an agreement with or permitted a person to transport
or dispose of brine, the person was shown on the list as currently
registered to transport brine.

Sec. 1509.23. (A) Rules of the chief of the division of oil
and gas resources management may specify practices to be followed
in the drilling and treatment of wells, production of oil and gas,
and plugging of wells for protection of public health or safety or
to prevent damage to natural resources, including specification of
the following:

(A) Appropriate devices;

(B) Minimum distances that wells and other excavations,
structures, and equipment shall be located from water wells,
streets, roads, highways, rivers, lakes, streams, ponds, other
bodies of water, railroad tracks, public or private recreational
areas, zoning districts, and buildings or other structures. Rules
adopted under this division (A)(2) of this section shall not
conflict with section 1509.021 of the Revised Code.

(C) Other methods of operation;

(D) Procedures, methods, and equipment and other
requirements for equipment to prevent and contain discharges of
oil and brine from oil production facilities and oil drilling and
workover facilities consistent with and equivalent in scope,
content, and coverage to section 311(j)(1)(c) of the "Federal
Water Pollution Control Act Amendments of 1972," 86 Stat. 886, 33 U.S.C.A. 1251, as amended, and regulations adopted under it. In addition, the rules may specify procedures, methods, and equipment and other requirements for equipment to prevent and contain surface and subsurface discharges of fluids, condensates, and gases.

(5) (E) Notifications;

(6) (F) Requirements governing the location and construction of fresh water impoundments that are part of a production operation.

(B) The chief, in consultation with the emergency response commission created in section 3750.02 of the Revised Code, shall adopt rules in accordance with Chapter 119. of the Revised Code that specify the information that shall be included in an electronic database that the chief shall create and host. The information shall be that which the chief considers to be appropriate for the purpose of responding to emergency situations that pose a threat to public health or safety or the environment. At the minimum, the information shall include that which a person who is regulated under this chapter is required to submit under the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1728, 42 U.S.C.A. 11001, and regulations adopted under it.

In addition, the rules shall specify whether and to what extent the database and the information that it contains will be made accessible to the public. The rules shall ensure that the database will be made available via the internet or a system of computer disks to the emergency response commission and to every local emergency planning committee and fire department in this state.

Sec. 1509.231. (A) A person that is regulated under this
chapter and rules adopted under it and that is required to submit information under the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1728, 42 U.S.C. 11022, and regulations adopted under it shall submit the information to the chief of the division of oil and gas resources management on or before the first day of March of each calendar year. The person shall submit the information in accordance with rules adopted under division (B) of this section.

(B) The chief, in consultation with the emergency response commission created in section 3750.02 of the Revised Code, shall adopt rules in accordance with Chapter 119. of the Revised Code that specify the information that shall be included in an electronic database that the chief shall create and host. The information shall be information that the chief considers to be appropriate for the purpose of responding to emergency situations that pose a threat to public health or safety or the environment. The rules shall require that the information be consistent with the information that a person that is regulated under this chapter is required to submit under the "Emergency Planning and Community Right-To-Know Act of 1986," 100 Stat. 1728, 42 U.S.C. 11022, and regulations adopted under it.

In addition, the rules shall do all of the following:

(1) Specify whether and to what extent the database and the information that it contains will be made accessible to the public;

(2) Ensure that the information submitted for the database will be made immediately available to the emergency response commission, the local emergency planning committee of the emergency planning district in which a facility is located, and the fire department having jurisdiction over a facility;

(3) Ensure that the information submitted for the database
includes the information required to be reported under section 3750.08 of the Revised Code and rules adopted under section 3750.02 of the Revised Code.

(C) As used in this section, "emergency planning district," "facility," and "fire department" have the same meanings as in section 3750.01 of the Revised Code.

**Sec. 1509.232.** (A) A person engaging in an activity regulated under this chapter and rules adopted under it shall notify the director of natural resources or the director's designee of the occurrence of any of the following within thirty minutes of the occurrence:

(1) Emergency medical treatment at a location other than the production operation of a person exposed to a chemical or injured at a production operation or a fatality occurring at a production operation;

(2) The response of a fire department to a fire at a production operation, excluding flaring or controlled burns authorized under this chapter and rules adopted under it or by the terms and conditions of a permit issued under this chapter;

(3) An uncontrolled release of gas or oil that may jeopardize worker safety or public safety;

(4) A discharge or spill of a liquid, solid, or semisolid substance or material associated with a production operation or other activity regulated under this chapter and rules adopted under it, excluding a discharge or spill consisting solely of fresh water;

(5) Any other occurrence that the director specifies in rules adopted under this section.

(B) If a person performs services on behalf of the owner of a well and an occurrence specified in division (A) of this section
occurs at the well or associated production operation, the person shall notify the owner of the well within thirty minutes of the occurrence.

(C) The director may adopt rules in accordance with Chapter 119. of the Revised Code that are necessary for the administration of this section.

(D) Failure to comply with this section is a strict liability offense, and section 2901.20 of the Revised Code does not apply. The designation of that failure as a strict liability offense shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

Sec. 1509.27. If a tract of land is or tracts are of insufficient size or shape to meet the requirements for drilling a proposed well thereon as provided in section 1509.24 or 1509.25 of the Revised Code, whichever is applicable, and the owner of the tract who also is the owner of the mineral interest has been unable to form a drilling unit under agreement as provided in section 1509.26 of the Revised Code, on a just and equitable basis, such as the owner may make application to the division of oil and gas resources management for a mandatory pooling order.

The application shall include information as shall be reasonably required by the chief of the division of oil and gas resources management and shall be accompanied by an application for a permit as required by section 1509.05 of the Revised Code. The chief shall notify all mineral rights owners of land tracts within the area proposed to be pooled by an order and included within the drilling unit of the filing of the application and of their right to a hearing. After the hearing or after the expiration of thirty days from the date notice of application was mailed to such owners, the chief, if satisfied that the
application is proper in form and that mandatory pooling is necessary to protect correlative rights and to provide effective development, use, and conservation of oil and gas, shall issue a drilling permit and a mandatory pooling order complying with the requirements for drilling a well as provided in section 1509.24 or 1509.25 of the Revised Code, whichever is applicable. The mandatory pooling order shall:

(A) Designate the boundaries of the drilling unit within which the well shall be drilled;

(B) Designate the proposed production site;

(C) Describe each separately owned tract or part thereof pooled by the order;

(D) Allocate on a surface acreage basis a pro rata portion of the production to the owner of each tract pooled by the order. The pro rata portion shall be in the same proportion that the percentage of the owner's tract's acreage is to the state minimum acreage requirements established in rules adopted under this chapter for a drilling unit unless the applicant demonstrates to the chief using geological evidence that the geologic structure containing the oil or gas is larger than the minimum acreage requirement in which case the pro rata portion shall be in the same proportion that the percentage of the owner's tract's acreage is to the geologic structure.

(E) Specify the basis upon which each mineral rights owner of a tract pooled by the order shall share all reasonable costs and expenses of drilling and producing if the mineral rights owner elects to participate in the drilling and operation of the well;

(F) Designate the person to whom the permit shall be issued.

A person shall not submit more than five applications for mandatory pooling orders per year under this section unless otherwise approved by the chief.
No surface operations or disturbances to the surface of the land shall occur on a tract pooled by an order without the written consent of or a written agreement with the surface rights owner of the tract that approves the operations or disturbances.

If an mineral rights owner of a tract pooled by the order does not elect to participate in the risk and cost of the drilling and operation of a well, the mineral rights owner shall be designated as a nonparticipating owner in the drilling and operation of the well on a limited or carried basis and is subject to terms and conditions determined by the chief to be just and reasonable. In addition, if an mineral rights owner is designated as a nonparticipating owner, the mineral rights owner is not liable for actions or conditions associated with the drilling or operation of the well. If the applicant bears the costs of drilling, equipping, and operating a well for the benefit of a nonparticipating owner, as provided for in the pooling order, then the applicant shall be entitled to the share of production from the drilling unit accruing to the interest of that nonparticipating owner, exclusive of the nonparticipating owner's proportionate share of the royalty interest until there has been received the share of costs charged to that nonparticipating owner plus such additional percentage of the share of costs as the chief shall determine. The total amount receivable hereunder shall in no event exceed two hundred per cent of the share of costs charged to that nonparticipating owner. After receipt of that share of costs by such an applicant, a nonparticipating owner shall receive a proportionate share of the working interest in the well in addition to a proportionate share of the royalty interest, if any.

If there is a dispute as to costs of drilling, equipping, or operating a well, the chief shall determine those costs.

Sec. 1509.28. (A) A person that has obtained the mineral
rights to at least sixty-five per cent of the tracts overlying a pool may submit an application to the chief of the division of oil and gas resources management to consider the need to issue a compulsory unitization order for operation as a unit and to consider the tracts to be included within the unit.

(B) An application for a compulsory unitization order shall be accompanied by a nonrefundable fee of ten thousand dollars and by all of the following information:

(1) The applicant's name, address, and telephone number;

(2) An affidavit attesting that the applicant has obtained the mineral rights to at least sixty-five per cent of the tracts overlying a pool;

(3) A summary of the request for compulsory unitization, including an explanation of how the applicant satisfies the requirements specified in division (D) or (E) of this section, as applicable, for a compulsory unitization order;

(4) An identification of all mineral rights owners in the proposed unit, including all unleased mineral rights owners;

(5) An identification of all working interest owners in the proposed unit;

(6) Maps illustrating the location of the proposed unit within each applicable county and township and of the proposed boundaries of the unit;

(7) Geophysical data identifying the proposed geological formation to be developed;

(8) An itemized statement of proposed expenditures;

(9) An affidavit detailing attempts to lease unleased mineral rights;

(10) Any other information the chief determines necessary.
(C)(1) Upon receipt of an application for a compulsory unitization order, the chief shall review the application to determine if the application is complete. If the application is incomplete, the chief shall notify the applicant of all items that are missing, and the applicant may submit any missing item upon receipt of the notification. When the application is complete, the chief shall schedule a hearing on the compulsory unitization order application and notify the applicant of the scheduled hearing date.

(2) The applicant shall notify all unleased mineral rights owners and all working interest owners proposed to be included in the unit of the hearing by certified mail at least thirty days prior to the scheduled hearing date. The applicant shall send to the chief, not later than fourteen days before the scheduled hearing date, proof of receipt of certified mailing to each unleased mineral rights owner and each working interest owner to be included in the proposed unit. The applicant also shall publish notice of the hearing in a newspaper of general circulation in the county or counties, as applicable, where the proposed unit is to be located. The applicant shall submit proof of publication to the chief not later than fourteen days prior to the scheduled hearing date. No applicant shall fail to comply with this division.

(3) The chief shall review the proof of receipt of certified mailing to each unleased mineral rights owner and each working interest owner to be included in the proposed unit as required in division (C)(2) of this section to determine if the hearing should proceed as scheduled. If the chief determines that the hearing should not proceed as scheduled because of incomplete or improper notification, the chief shall notify the applicant, all unleased mineral rights owners, all working interest owners, and any other person determined necessary by the chief. The chief shall attempt to notify all such persons in a timely manner and shall post on
the web site of the division of oil and gas resources management
all changes to scheduled hearings.

(4) The chief may establish procedures and requirements
governing hearings under this section.

(D) The chief may issue a compulsory unitization order if the
chief finds that operation as a unit is reasonably necessary to
increase substantially the ultimate recovery of oil and gas, and
the value of the estimated additional recovery exceeds the
estimated additional costs to conduct the operation.

(E) If an applicant is unable to enter into a voluntary
agreement creating a unit pursuant to section 1509.26 of the
Revised Code and the chief determines that a compulsory
unitization order will prevent or assist in preventing waste,
avoid drilling of unnecessary wells, or protect correlative
rights, the chief, in a compulsory unitization order issued under
division (D) of this section, may include in the unit any tract
that is not subject to a voluntary agreement. The mineral rights
owner of such a tract included in the unit shall be considered an
unleased mineral rights owner.

(F)(1) The person to whom a compulsory unitization order is
issued under this section shall pay each unleased mineral rights
owner included in the unit a monthly cash payment equal to a
one-eighth landowner royalty interest calculated on gross
proceeds. The person to whom an order is issued under this section
shall pay each unleased mineral rights owner at the same time that
a royalty payment is made to a voluntary participant in the unit
that is owed a royalty payment.

(2) After the person to whom a compulsory unitization order
is issued under this section recovers not more than two hundred
per cent of the actual cost of well site construction, drilling,
testing, completing, and producing for a well, the person to whom
the order is issued shall pay an unleased mineral rights owner a monthly cash payment equal to a seven-eighths share of the net proceeds of production in addition to the payment required by division (F)(1) of this section. When a cost is charged to a well, the same cost shall not be charged to subsequent wells in the unit or in another unit.

(3) Allocation of royalties under divisions (F)(1) and (2) of this section shall be based on the unit participation of an unleased mineral rights owner's tract, to be determined on a surface acreage basis unless otherwise specified in the compulsory unitization order.

(4) No person shall fail to comply with division (F)(1) or (2) of this section.

(G) The chief shall include in a compulsory unitization order terms and conditions that are just and reasonable. The order also shall prescribe a plan for unit operation that includes all of the following:

(1) A description of the unitized area, termed the unit area;

(2) A statement of the nature of the operations contemplated;

(3) An allocation to the separately owned tracts in the unit area of all the oil, gas, condensate, and natural gas liquids that are produced from the unit area and that are not used in the conduct of operations on the unit area or not unavoidably lost;

(4) A provision for the credits and charges to be made in the adjustment among the person to whom a compulsory unitization order is issued and working interest owners in the unit area for their respective investments in wells, tanks, pumps, machinery, materials, and equipment contributed to the unit operations;

(5) A provision providing how the expenses of unit operations, including capital investment, will be determined and
charged to the separately owned tracts and how the expenses will be paid:

(6) A provision, if necessary, for carrying or otherwise financing any person who is unable to meet the person's financial obligations in connection with the unit, allowing a reasonable interest charge for that service;

(7) A provision for the supervision and conduct of the unit operations, in respect to which each person must have a vote with a value corresponding to the percentage of the expenses of unit operations chargeable against the interest of that person;

(8) The time when the unit operations will commence, and the manner in which, and the circumstances under which, the unit operations will terminate;

(9) A provision requiring an accounting of the actual costs of unit creation and operation, including costs of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting, pipeline construction and maintenance, and marketing and taxes;

(10) A provision requiring an accounting that demonstrates net proceeds for unit creation and operation;

(11) Additional provisions that are appropriate for carrying on the unit operations and for the protection or adjustment of correlative rights.

(H)(1) A person to whom a compulsory unitization order is issued shall not conduct surface operations on or cause disturbances to the surface of the land on a tract belonging to an unleased mineral rights owner included in the unit by the order unless the person does both of the following:

(a) Obtains the written consent of the owner of the tract approving the operations or disturbance;
(b) Provides a copy of that written consent to the chief.  

(2) No person shall fail to comply with this division.  

(I) An unleased mineral rights owner of any tract included in a compulsory unitization order shall not incur liability for any personal or property damage associated with any drilling, testing, completing, producing, operating, or plugging activities of any well within a unit subject to a compulsory unitization order issued under this section.  

(J) The operations conducted pursuant to a compulsory unitization order issued under this section constitute a fulfillment of all the express or implied obligations of each lease or contract covering tracts in the unit to the extent that compliance with those obligations cannot be had because of the order of the chief.  

(K) No compulsory unitization order of the chief shall become effective unless and until the plan for unit operations prescribed by the chief in the compulsory unitization order has been approved in writing by a majority of the mineral rights owners of the unit, including the person to whom the order is issued and the working interest owners who, under the chief's order, will be required to pay the costs of the unit operation. If the person to whom the order is issued and the working interest owners do not approve the plan for unit operations prescribed in the compulsory unitization order within a period of six months from the date on which the compulsory unitization order is issued, the compulsory unitization order ceases to be of force and shall be revoked by the chief.  

(L) The person to whom a compulsory unitization order is issued shall record the compulsory unitization order in the office of the county recorder in each county in which the unit is to be located within ten days after the effective date of the order as established by division (K) of this section. If the person fails
to record the compulsory unitization order within that time, the compulsory unitization order ceases to be of force and shall be revoked by the chief. The person also shall file certification of the recording with the chief within thirty days after recording the compulsory unitization order. No person shall fail to comply with this division.

(M) A compulsory unitization order may be amended by an order of the chief.

The chief shall determine if any of the following are required for an amendment of a compulsory unitization order:

(1) Additional information;

(2) A hearing;

(3) A new application for a compulsory unitization order.

The chief may amend a compulsory unitization order after commencement of operations on a unit.

(N) The chief retains continuing jurisdiction over any unit created by a compulsory unitization order consistent with the chief's authority under this chapter and rules adopted under it.

(O) A compulsory unitization order issued by the chief under this section takes precedence over any terms included in any agreement between the person to whom a compulsory unitization order is issued and any voluntary participants in the unit, including working interest owners.

(P) A compulsory unitization order issued under this section terminates if drilling operations in the unit are not begun by the date required by the compulsory unitization order.

(O) Oil, gas, condensate, and natural gas liquids allocated to a separately owned tract shall be deemed, for all purposes, to have been actually produced from the tract, and all operations, including the commencement, drilling, operation of, or production
from a well on any portion of the unit area shall be deemed for all purposes the conduct of such operations and production from any lease or contract for lands any portion of which is included in the unit area.

(R) No order of the chief or other contract relating to the sale or purchase of production from a separately owned tract shall be terminated by the order providing for unit operations, but shall remain in force and apply to oil and gas allocated to the tract until terminated in accordance with the provisions thereof.

(S) Except to the extent that the parties affected so agree, no order providing for unit operations shall be construed to result in a transfer of all or any part of the title of any person to the oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired for the account of the owners within the unit area shall be the property of those owners in the proportion that the expenses of unit operations are charged.

(T) A violation of division (C)(2), (F)(5), (H)(2), or (L) of this section is a strict liability offense, and section 2901.20 of the Revised Code does not apply. The designation of those violations as strict liability offenses shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense.

(U) As used in this section:

(1) "Working interest owner" means a person who has obtained a right to the mineral interests of a tract and is obligated, under an agreement or otherwise, to pay a percentage of the cost of leasing, drilling, producing, or operating a well in the unit or of the cost of operating the unit. "Working interest owner" does not include an unleased mineral rights owner.

(2) "Gross proceeds" means a share of the gross production of
oil, gas, condensate, and natural gas liquids free of any and all cost of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting, marketing, or pipeline construction and maintenance. "Gross proceeds" does not include costs that result in enhancing the value of marketable oil, gas, condensate, natural gas liquids, or other products to receive a better price so long as the costs are the actual costs of such enhancement and an unleased mineral rights owner's pro rata part of such cost is less than the amount of the enhanced value of the product.

(3) "Net proceeds" means the share of gross production of oil, gas, condensate, or natural gas liquids after payment of all costs of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting, and marketing and taxes.

Sec. 1509.33. (A) Whoever violates sections 1509.01 to 1509.31 of the Revised Code, or any rules adopted or orders or terms or conditions of a permit or registration certificate issued pursuant to these sections for which no specific penalty is provided in this section, shall pay a civil penalty of not more than four ten thousand dollars for each offense.

(B) Whoever violates section 1509.221 of the Revised Code or any rules adopted or orders or terms or conditions of a permit issued thereunder shall pay a civil penalty of not more than two ten thousand five hundred dollars for each violation.

(C) Whoever violates division (D) of section 1509.22 or division (A)(1) of section 1509.222 of the Revised Code shall pay a civil penalty of not less than two thousand five hundred dollars nor more than twenty thousand dollars for each violation.

(D) Whoever violates division (A) of section 1509.22 of the Revised Code shall pay a civil penalty of not less than two
thousand five hundred dollars nor more than ten thousand dollars
for each violation.

(E) Whoever violates division (A) of section 1509.223 of the
Revised Code shall pay a civil penalty of not more than ten
thousand dollars for each violation.

(F) Whoever violates section 1509.072 of the Revised Code or
any rules adopted or orders issued to administer, implement, or
enforce that section shall pay a civil penalty of not more than
five thousand dollars for each violation.

(G) In addition to any other penalties provided in this
chapter, whoever violates section 1509.05, section 1509.21,
division (B) of section 1509.22, or division (A)(1) of section
1509.222 of the Revised Code or a term or condition of a permit or
an order issued by the chief of the division of oil and gas
resources management under this chapter or knowingly violates
division (A) of section 1509.223 of the Revised Code is liable for
any damage or injury caused by the violation and for the actual
cost of rectifying the violation and conditions caused by the
violation. If two or more persons knowingly violate one or more of
those divisions in connection with the same event, activity, or
transaction, they are jointly and severally liable under this
division.

(H) The attorney general, upon the request of the chief of
the division of oil and gas resources management, shall commence
an action under this section against any person who violates
sections 1509.01 to 1509.31 of the Revised Code, or any rules
adopted or orders or terms or conditions of a permit or
registration certificate issued pursuant to these sections. Any
action under this section is a civil action, governed by the Rules
of Civil Procedure and other rules of practice and procedure
applicable to civil actions. The remedy provided in this division
is cumulative and concurrent with any other remedy provided in
this chapter, and the existence or exercise of one remedy does not prevent the exercise of any other, except that no person shall be subject to both a civil penalty under division (A), (B), (C), or (D) of this section and a criminal penalty under fine established in section 1509.99 of the Revised Code for the same offense.

(I) For purposes of this section, each day of violation constitutes a separate offense.

Sec. 1509.34. (A)(1) If an owner fails to pay the fees imposed by this chapter, or if the chief of the division of oil and gas resources management incurs costs under division (E) of section 1509.071 of the Revised Code to correct conditions associated with the owner's well that the chief reasonably has determined are causing imminent health or safety risks, the division of oil and gas resources management shall have a priority lien against that owner's interest in the applicable well in front of all other creditors for the amount of any such unpaid fees and costs incurred. The chief shall file a statement in the office of the county recorder of the county in which the applicable well is located of the amount of the unpaid fees and costs incurred as described in this division. The statement shall constitute a lien on the owner's interest in the well as of the date of the filing. The lien shall remain in force so long as any portion of the lien remains unpaid or until the chief issues a certificate of release of the lien. If the chief issues a certificate of release of the lien, the chief shall file the certificate of release in the office of the applicable county recorder.

(2) A lien imposed under division (A)(1) of this section shall be in addition to any lien imposed by the attorney general for failure to pay the assessment imposed by former section 1509.50 of the Revised Code or the tax levied under division (A)(5) or (6) of section 5749.02 of the Revised Code, as
(3) If the attorney general cannot collect from a severer or an owner for an outstanding balance of amounts due under former section 1509.50 of the Revised Code or of unpaid taxes levied under division (A)(5), (10), (11), (12), or (13) of section 5749.02 of the Revised Code, as applicable, the tax commissioner may request the chief to impose a priority lien against the owner's interest in the applicable well. Such a lien has priority in front of all other creditors.

(B) The chief promptly shall issue a certificate of release of a lien under either of the following circumstances:

(1) Upon the repayment in full of the amount of unpaid fees imposed by this chapter or costs incurred by the chief under division (E) of section 1509.071 of the Revised Code to correct conditions associated with the owner's well that the chief reasonably has determined are causing imminent health or safety risks;

(2) Any other circumstance that the chief determines to be in the best interests of the state.

(C) The chief may modify the amount of a lien under this section. If the chief modifies a lien, the chief shall file a statement in the office of the county recorder of the applicable county of the new amount of the lien.

(D) An owner regarding which the division has recorded a lien against the owner's interest in a well in accordance with this section shall not transfer a well, lease, or mineral rights to another owner or person until the chief issues a certificate of release for each lien against the owner's interest in the well.

(E) All money from the collection of liens under this section shall be deposited in the state treasury to the credit of the oil and gas well fund created in section 1509.02 of the Revised Code.
(F) As used in this section, "former section 1509.50 of the Revised Code" means section 1509.50 of the Revised Code as it existed before its repeal by ...B... of the 131st general assembly.

**Sec. 1509.99.** (A) Whoever violates sections 1509.01 to 1509.31 of the Revised Code or any rules adopted or orders or terms or conditions of a permit issued pursuant to these sections for which no specific penalty is provided in this section shall be fined not less than one five hundred nor more than one five thousand dollars and imprisoned for not more than six months for a first offense; for each subsequent offense the person shall be fined not less than two hundred one thousand nor more than two ten thousand dollars and imprisoned for not more than one year.

(B) Whoever violates section 1509.221 of the Revised Code or any rules adopted or orders or terms or conditions of a permit issued thereunder shall be fined not more than five thousand dollars for each day of each violation.

(C) Whoever knowingly violates section 1509.072, division (A), (B), or (D) of section 1509.22, division (A)(1) or (C) of section 1509.222, or division (A) or (D) of section 1509.223 of the Revised Code or any rules adopted or orders issued under division (C) of section 1509.22 or rules adopted or orders or terms or conditions of a registration certificate issued under division (E) of section 1509.222 of the Revised Code is guilty of a felony and shall be fined not less than ten thousand dollars nor more than fifty thousand dollars or imprisoned for six months, three years, or both for a first offense; for each subsequent offense the person shall be fined not less than twenty thousand dollars nor more than one hundred thousand dollars or imprisoned for six years, or both. Whoever negligently violates those divisions, sections, rules, orders, or terms or conditions of a
registration certificate is guilty of a misdemeanor and shall be fined not more less than five thousand dollars nor more than twenty-five thousand dollars or imprisoned for not more than one year, or both; for each subsequent offense the person is guilty of a felony and shall be fined not less than ten thousand dollars nor more than fifty thousand dollars or imprisoned for two years, or both.

(D) Whoever negligently violates division (C) of section 1509.223 of the Revised Code shall be fined not more than five hundred one thousand dollars for a first offense and not more than one ten thousand dollars for a subsequent offense.

(E) If a person is convicted of or pleads guilty to a violation of any section of this chapter, in addition to the financial sanctions authorized by this chapter or section 2929.18 or 2929.28 or any other section of the Revised Code, the court imposing the sentence on the person may order the person to reimburse the state agency or a political subdivision for any actual costs that it incurred in responding to the violation, including the cost of rectifying the violation and conditions caused by the violation.

(F) The prosecuting attorney of the county in which the offense was committed or the attorney general may prosecute an action under this section.

(F)(G) For purposes of this section, each day of violation constitutes a separate offense.

Sec. 1511.10. (A) Except as provided in division (B) of this section, no person in the western basin shall surface apply manure under any of the following circumstances:

(1) On snow-covered or frozen soil;

(2) When the top two inches of soil are saturated from
(3) When the local weather forecast for the application area contains greater than a fifty per cent chance of precipitation exceeding one-half inch in a twenty-four-hour period.

(B) Division (A) of this section does not apply if a person in the western basin applies manure under any of the following circumstances:

1. The manure application is injected into the ground.
2. The manure application is incorporated within twenty-four hours of surface application.
3. The manure application is applied onto a growing crop.
4. In the event of an emergency, the director of natural resources or the director's designee provides written consent and the manure application is made in accordance with procedures established in the United States department of agriculture natural resources conservation service practice standard code 590 prepared for this state.

(C)(1) Upon receiving a complaint by any person or upon receiving information that would indicate a violation of this section, the director or the director's designee may investigate or make inquiries into any alleged failure to comply with this section.

(2) After receiving a complaint by any person or upon receiving information that would indicate a violation of this section, the director or the director's designee may enter at reasonable times on any private or public property to inspect and investigate conditions relating to any such alleged failure to comply with this section.

(3) If an individual denies access to the individual's property, the director or the director's designee may apply to a
court of competent jurisdiction in the county in which the
premises is located for a search warrant authorizing access to the
premises for the purposes of this section.

(4) The court shall issue the search warrant for the purposes
requested if there is probable cause to believe that the person is
not in compliance with this section. The finding of probable cause
may be based on hearsay, provided that there is a reasonable basis
for believing that the source of the hearsay is credible.

(D) This section does not affect any restrictions established
in Chapter 903. of the Revised Code or otherwise apply to those
entities or facilities that are permitted as concentrated animal
feeding facilities under that chapter.

(E) As used in this section, "western basin" has the same
meaning as in section 905.326 of the Revised Code.

Sec. 1511.11. (A) The director of natural resources may
assess a civil penalty against a person that violates section
1511.10 of the Revised Code. The director may impose a civil
penalty only if the director affords the person an opportunity for
an adjudication hearing under Chapter 119. of the Revised Code to
challenge the director's determination that the person violated
section 1511.10 of the Revised Code. The person may waive the
right to an adjudication hearing.

(B) If the opportunity for an adjudication hearing is waived
or if, after an adjudication hearing, the director determines that
a violation has occurred or is occurring, the director may issue
an order requiring compliance with section 1511.10 of the Revised
Code and assess the civil penalty. The order and the assessment of
the civil penalty may be appealed in accordance with section
119.12 of the Revised Code.

(C) A person that has violated section 1511.10 of the Revised
Code shall pay a civil penalty in an amount established in rules.

Each thirty-day period during which a violation continues constitutes a separate violation.

(D) The director shall adopt rules in accordance with Chapter 119. of the Revised Code that establish the amount of the civil penalty assessed under this section. The civil penalty shall not be more than ten thousand dollars for each violation.

Sec. 1511.99. Whoever violates division (A) of section 1511.07 or division (A) of section 1511.10 of the Revised Code is guilty of a misdemeanor of the first degree. Each day of violation is a separate offense. In addition to the penalty provided in this division, the sentencing court may assess damages in an amount equal to the costs of reclaiming, restoring, or otherwise repairing any damage to public or private property caused by any violation of division (A) of section 1511.07 or division (A) of section 1511.10 of the Revised Code. All fines and moneys assessed as damages under this section shall be paid into the agricultural pollution abatement fund created in section 1511.071 of the Revised Code.

Sec. 1513.16. (A) Any permit issued under this chapter to conduct coal mining operations shall require that the operations meet all applicable performance standards of this chapter and such other requirements as the chief of the division of mineral resources management shall adopt by rule. General performance standards shall apply to all coal mining and reclamation operations and shall require the operator at a minimum to do all of the following:

(1) Conduct coal mining operations so as to maximize the utilization and conservation of the solid fuel resource being recovered so that reaffecting the land in the future through coal
mining can be minimized;

(2) Restore the land affected to a condition capable of supporting the uses that it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as the uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of diminution or pollution of the waters of the state, and the permit applicants' declared proposed land uses following reclamation are not considered to be impractical or unreasonable, to be inconsistent with applicable land use policies and plans, to involve unreasonable delay in implementation, or to violate federal, state, or local law;

(3) Except as provided in division (B) of this section, with respect to all coal mining operations, backfill, compact where advisable to ensure stability or to prevent leaching of toxic materials, and grade in order to restore the approximate original contour of the land with all highwalls, spoil piles, and depressions eliminated unless small depressions are needed in order to retain moisture to assist revegetation or as otherwise authorized pursuant to this chapter, provided that if the operator demonstrates that due to volumetric expansion the amount of overburden and the spoil and waste materials removed in the course of the mining operation are more than sufficient to restore the approximate original contour, the operator shall backfill, grade, and compact the excess overburden and other spoil and waste materials to attain the lowest grade, but not more than the angle of repose, and to cover all acid-forming and other toxic materials in order to achieve an ecologically sound land use compatible with the surrounding region in accordance with the approved mining plan. The overburden or spoil shall be shaped and graded in such a way as to prevent slides, erosion, and water pollution and shall be revegetated in accordance with this chapter.
(4) Stabilize and protect all surface areas, including spoil piles affected by the coal mining and reclamation operation, to control erosion and attendant air and water pollution effectively;

(5) Remove the topsoil from the land in a separate layer, replace it on the backfill area, or, if not utilized immediately, segregate it in a separate pile from the spoil, and when the topsoil is not replaced on a backfill area within a time short enough to avoid deterioration of the topsoil, maintain a successful cover by quick-growing plants or other means thereafter so that the topsoil is preserved from wind and water erosion, remains free of any contamination by acid or other toxic material, and is in a usable condition for sustaining vegetation when restored during reclamation. If the topsoil is of insufficient quantity or of poor quality for sustaining vegetation or if other strata can be shown to be more suitable for vegetation requirements, the operator shall remove, segregate, and preserve in a like manner such other strata as are best able to support vegetation.

(6) Restore the topsoil or the best available subsoil that is best able to support vegetation;

(7) For all prime farmlands as identified in division (B)(1)(p) of section 1513.07 of the Revised Code to be mined and reclaimed, perform soil removal, storage, replacement, and reconstruction in accordance with specifications established by the secretary of the United States department of agriculture under the "Surface Mining Control and Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201. The operator, at a minimum, shall be required to do all of the following:

(a) Segregate the A horizon of the natural soil, except where it can be shown that other available soil materials will create a final soil having a greater productive capacity, and, if not utilized immediately, stockpile this material separately from the
spoil and provide needed protection from wind and water erosion or contamination by acid or other toxic material;

(b) Segregate the B horizon of the natural soil, or underlying C horizons or other strata, or a combination of such horizons or other strata that are shown to be both texturally and chemically suitable for plant growth and that can be shown to be equally or more favorable for plant growth than the B horizon, in sufficient quantities to create in the regraded final soil a root zone of comparable depth and quality to that which existed in the natural soil, and, if not utilized immediately, stockpile this material separately from the spoil and provide needed protection from wind and water erosion or contamination by acid or other toxic material;

(c) Replace and regrade the root zone material described in division (A)(7)(b) of this section with proper compaction and uniform depth over the regraded spoil material;

(d) Redistribute and grade in a uniform manner the surface soil horizon described in division (A)(7)(a) of this section.

(8) Create, if authorized in the approved mining and reclamation plan and permit, permanent impoundments of water on mining sites as part of reclamation activities only when it is adequately demonstrated by the operator that all of the following conditions will be met:

(a) The size of the impoundment is adequate for its intended purposes.

(b) The impoundment dam construction will be so designed as to achieve necessary stability with an adequate margin of safety compatible with that of structures constructed under the "Watershed Protection and Flood Prevention Act," 68 Stat. 666 (1954), 16 U.S.C. 1001, as amended.

(c) The quality of impounded water will be suitable on a
permanent basis for its intended use and discharges from the
impoundment will not degrade the water quality below water quality
standards established pursuant to applicable federal and state law
in the receiving stream.

(d) The level of water will be reasonably stable.

(e) Final grading will provide adequate safety and access for
proposed water users.

(f) The water impoundments will not result in the diminution
of the quality or quantity of water utilized by adjacent or
surrounding landowners for agricultural, industrial, recreational,
or domestic uses.

(9) Conduct any augering operation associated with strip
mining in a manner to maximize recoverability of mineral reserves
remaining after the operation and reclamation are complete and
seal all auger holes with an impervious and noncombustible
material in order to prevent drainage, except where the chief
determines that the resulting impoundment of water in such auger
holes may create a hazard to the environment or the public health
or safety. The chief may prohibit augering if necessary to
maximize the utilization, recoverability, or conservation of the
solid fuel resources or to protect against adverse water quality
impacts.

(10) Minimize the disturbances to the prevailing hydrologic
balance at the mine site and in associated offsite areas and to
the quality and quantity of water in surface and ground water
systems both during and after coal mining operations and during
reclamation by doing all of the following:

(a) Avoiding acid or other toxic mine drainage by such
measures as, but not limited to:

(i) Preventing or removing water from contact with toxic
producing deposits;
(ii) Treating drainage to reduce toxic content that adversely affects downstream water upon being released to water courses in accordance with rules adopted by the chief in accordance with section 1513.02 of the Revised Code;

(iii) Casing, sealing, or otherwise managing boreholes, shafts, and wells, and keeping acid or other toxic drainage from entering ground and surface waters.

(b)(i) Conducting coal mining operations so as to prevent, to the extent possible using the best technology currently available, additional contributions of suspended solids to streamflow or runoff outside the permit area, but in no event shall contributions be in excess of requirements set by applicable state or federal laws;

(ii) Constructing any siltation structures pursuant to division (A)(10)(b)(i) of this section prior to commencement of coal mining operations. The structures shall be certified by persons approved by the chief to be constructed as designed and as approved in the reclamation plan.

(c) Cleaning out and removing temporary or large settling ponds or other siltation structures from drainways after disturbed areas are revegetated and stabilized, and depositing the silt and debris at a site and in a manner approved by the chief;

(d) Restoring recharge capacity of the mined area to approximate premining conditions;

(e) Avoiding channel deepening or enlargement in operations requiring the discharge of water from mines;

(f) Such other actions as the chief may prescribe.

(11) With respect to surface disposal of mine wastes, tailings, coal processing wastes, and other wastes in areas other than the mine working areas or excavations, stabilize all waste
piles in designated areas through construction in compacted layers, including the use of noncombustible and impervious materials if necessary, and ensure that the final contour of the waste pile will be compatible with natural surroundings and that the site can and will be stabilized and revegetated according to this chapter;

(12) Refrain from coal mining within five hundred feet of active and abandoned underground mines in order to prevent breakthroughs and to protect the health or safety of miners. The chief shall permit an operator to mine near, through, or partially through an abandoned underground mine or closer than five hundred feet to an active underground mine if both of the following conditions are met:

(a) The nature, timing, and sequencing of the approximate coincidence of specific strip mine activities with specific underground mine activities are approved by the chief.

(b) The operations will result in improved resource recovery, abatement of water pollution, or elimination of hazards to the health and safety of the public.

(13) Design, locate, construct, operate, maintain, enlarge, modify, and remove or abandon, in accordance with the standards and criteria developed pursuant to rules adopted by the chief, all existing and new coal mine waste piles consisting of mine wastes, tailings, coal processing wastes, or other liquid and solid wastes, and used either temporarily or permanently as dams or embankments;

(14) Ensure that all debris, acid-forming materials, toxic materials, or materials constituting a fire hazard are treated or buried and compacted or otherwise disposed of in a manner designed to prevent contamination of ground or surface waters and that contingency plans are developed to prevent sustained combustion;
(15) Ensure that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable with the coal mining operations, except that where the applicant proposes to combine strip mining operations with underground mining operations to ensure maximum practical recovery of the mineral resources, the chief may grant a variance for specific areas within the reclamation plan from the requirement that reclamation efforts proceed as contemporaneously as practicable to permit underground mining operations prior to reclamation if:

(a) The chief finds in writing that:

(i) The applicant has presented, as part of the permit application, specific, feasible plans for the proposed underground mining operations.

(ii) The proposed underground mining operations are necessary or desirable to ensure maximum practical recovery of the mineral resource and will avoid multiple disturbance of the surface.

(iii) The applicant has satisfactorily demonstrated that the plan for the underground mining operations conforms to requirements for underground mining in this state and that permits necessary for the underground mining operations have been issued by the appropriate authority.

(iv) The areas proposed for the variance have been shown by the applicant to be necessary for the implementing of the proposed underground mining operations.

(v) No substantial adverse environmental damage, either on-site or off-site, will result from the delay in completion of reclamation as required by this chapter.

(vi) Provisions for the off-site storage of spoil will comply with division (A)(21) of this section.
(b) The chief has adopted specific rules to govern the granting of such variances in accordance with this division and has imposed such additional requirements as the chief considers necessary.

(c) Variances granted under this division shall be reviewed by the chief not more than three years from the date of issuance of the permit.

(d) Liability under the performance security filed by the applicant with the chief pursuant to section 1513.08 of the Revised Code shall be for the duration of the underground mining operations and until the requirements of this section and section 1513.08 of the Revised Code have been fully complied with.

(16) Ensure that the construction, maintenance, and postmining conditions of access roads into and across the site of operations will control or prevent erosion and siltation, pollution of water, and damage to fish or wildlife or their habitat, or to public or private property;

(17) Refrain from the construction of roads or other access ways up a stream bed or drainage channel or in such proximity to the channel as to seriously alter the normal flow of water;

(18) Establish, on the regraded areas and all other lands affected, a diverse, effective, and permanent vegetative cover of the same seasonal variety native to the area of land to be affected and capable of self-regeneration and plant succession at least equal in extent of cover to the natural vegetation of the area, except that introduced species may be used in the revegetation process where desirable and necessary to achieve the approved postmining land use plan;

(19)(a) Assume the responsibility for successful revegetation, as required by division (A)(18) of this section, for a period of five full years after the last year of augmented

As Introduced

seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division, except that when the chief approves a long-term intensive agricultural postmining land use, the applicable five-year period of responsibility for revegetation shall commence at the date of initial planting for that long-term intensive agricultural postmining land use, and except that when the chief issues a written finding approving a long-term intensive agricultural postmining land use as part of the mining and reclamation plan, the chief may grant an exception to division (A)(18) of this section;

(b) On lands eligible for remining, assume the responsibility for successful revegetation, as required by division (A)(18) of this section, for a period of two full years after the last year of augmented seeding, fertilizing, irrigation, or other work in order to ensure compliance with that division.

(20) Protect off-site areas from slides or damage occurring during the coal mining and reclamation operations and not deposit spoil material or locate any part of the operations or waste accumulations outside the permit area;

(21) Place all excess spoil material resulting from coal mining and reclamation operations in such a manner that all of the following apply:

(a) Spoil is transported and placed in a controlled manner in position for concurrent compaction and in such a way as to ensure mass stability and to prevent mass movement.

(b) The areas of disposal are within the permit areas for which performance security has been provided. All organic matter shall be removed immediately prior to spoil placement except in the zoned concept method.

(c) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and mass
movement.

(d) The disposal area does not contain springs, natural watercourses, or wet weather seeps unless lateral drains are constructed from the wet areas to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented unless the zoned concept method is used.

(e) If placed on a slope, the spoil is placed upon the most moderate slope among those slopes upon which, in the judgment of the chief, the spoil could be placed in compliance with all the requirements of this chapter and is placed, where possible, upon, or above, a natural terrace, bench, or berm if that placement provides additional stability and prevents mass movement.

(f) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed.

(g) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses.

(h) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards.

(i) All other provisions of this chapter are met.

(22) Meet such other criteria as are necessary to achieve reclamation in accordance with the purpose of this chapter, taking into consideration the physical, climatological, and other characteristics of the site;

(23) To the extent possible, using the best technology currently available, minimize disturbances and adverse impacts of the operation on fish, wildlife, and related environmental values, and achieve enhancement of such resources where practicable;

(24) Provide for an undisturbed natural barrier beginning at
the elevation of the lowest coal seam to be mined and extending from the outslope for such distance as the chief shall determine to be retained in place as a barrier to slides and erosion;  

(25) Restore on the permit area streams and wetlands affected by mining operations unless the chief approves restoration off the permit area without a permit required by section 1513.07 or 1513.074 of the Revised Code, instead of restoration on the permit area, of a stream or wetland or a portion of a stream or wetland, provided that the chief first makes all of the following written determinations:  

(a) A hydrologic and engineering assessment of the affected lands, submitted by the operator, demonstrates that restoration on the permit area is not possible.  

(b) The proposed mitigation plan under which mitigation activities described in division (A)(25)(c) of this section will be conducted is limited to a stream or wetland, or a portion of a stream or wetland, for which restoration on the permit area is not possible.  

(c) Mitigation activities off the permit area, including mitigation banking and payment of in-lieu mitigation fees, will be performed pursuant to a permit issued under sections 401 and 404 of the "Federal Water Pollution Control Act" as defined in section 6111.01 of the Revised Code or an isolated wetland permit issued under Chapter 6111. of the Revised Code or pursuant to a no-cost reclamation contract for the restoration of water resources affected by past mining activities pursuant to section 1513.37 of the Revised Code.  

(d) The proposed mitigation plan and mitigation activities comply with the standards established in this section.  

If the chief approves restoration off the permit area in accordance with this division, the operator shall complete all
mitigation construction or other activities required by the mitigation plan.

Performance security for reclamation activities on the permit area shall be released pursuant to division (F) of this section, except that the release of the remaining portion of performance security under division (F)(3)(c) of this section shall not be approved prior to the construction of required mitigation activities off the permit area.

(B)(1) The chief may permit mining operations for the purposes set forth in division (B)(3) of this section.

(2) When an applicant meets the requirements of divisions (B)(3) and (4) of this section, a permit without regard to the requirement to restore to approximate original contour known as mountain top removal set forth in divisions (A)(3) or (C)(2) and (3) of this section may be granted for the mining of coal where the mining operation will remove an entire coal seam or seams running through the upper fraction of a mountain, ridge, or hill, except as provided in division (B)(4)(a) of this section, by removing all of the overburden and creating a level plateau or a gently rolling contour with no highwalls remaining, and capable of supporting postmining uses in accordance with this division.

(3) In cases where an industrial, commercial, agricultural, residential, or public facility use, including recreational facilities, is proposed for the postmining use of the affected land, the chief may grant a permit for a mining operation of the nature described in division (B)(2) of this section when all of the following apply:

(a) After consultation with the appropriate land use planning agencies, if any, the proposed postmining land use is considered to constitute an equal or better economic or public use of the affected land, as compared with premining use.
(b) The applicant presents specific plans for the proposed postmining land use and appropriate assurances that the use will be all of the following:

(i) Compatible with adjacent land uses;

(ii) Obtainable according to data regarding expected need and market;

(iii) Assured of investment in necessary public facilities;

(iv) Supported by commitments from public agencies where appropriate;

(v) Practicable with respect to private financial capability for completion of the proposed use;

(vi) Planned pursuant to a schedule attached to the reclamation plan so as to integrate the mining operation and reclamation with the postmining land use;

(vii) Designed by a registered engineer in conformity with professional standards established to ensure the stability, drainage, and configuration necessary for the intended use of the site.

(c) The proposed use is consistent with adjacent land uses and existing state and local land use plans and programs.

(d) The chief provides the governing body of the unit of general-purpose local government in which the land is located, and any state or federal agency that the chief, in the chief's discretion, determines to have an interest in the proposed use, an opportunity of not more than sixty days to review and comment on the proposed use.

(e) All other requirements of this chapter will be met.

(4) In granting a permit pursuant to this division, the chief shall require that each of the following is met:
(a) The toe of the lowest coal seam and the overburden associated with it are retained in place as a barrier to slides and erosion.

(b) The reclaimed area is stable.

(c) The resulting plateau or rolling contour drains inward from the outslopes except at specified points.

(d) No damage will be done to natural watercourses.

(e) Spoil will be placed on the mountaintop bench as is necessary to achieve the planned postmining land use, except that all excess spoil material not retained on the mountaintop bench shall be placed in accordance with division (A)(21) of this section.

(f) Stability of the spoil retained on the mountaintop bench is ensured and the other requirements of this chapter are met.

(5) The chief shall adopt specific rules to govern the granting of permits in accordance with divisions (B)(1) to (4) of this section and may impose such additional requirements as the chief considers necessary.

(6) All permits granted under divisions (B)(1) to (4) of this section shall be reviewed not more than three years from the date of issuance of the permit unless the applicant affirmatively demonstrates that the proposed development is proceeding in accordance with the terms of the approved schedule and reclamation plan.

(C) All of the following performance standards apply to steep-slope coal mining and are in addition to those general performance standards required by this section, except that this division does not apply to those situations in which an operator is mining on flat or gently rolling terrain on which an occasional steep slope is encountered through which the mining operation is
to proceed, leaving a plain or predominantly flat area, or where an operator is in compliance with division (B) of this section:

(1) The operator shall ensure that when performing coal mining on steep slopes, no debris, abandoned or disabled equipment, spoil material, or waste mineral matter is placed on the downslope below the bench or mining cut. Spoil material in excess of that required for the reconstruction of the approximate original contour under division (A)(3) or (C)(2) of this section shall be permanently stored pursuant to division (A)(21) of this section.

(2) The operator shall complete backfilling with spoil material to cover completely the highwall and return the site to the approximate original contour, which material will maintain stability following mining and reclamation.

(3) The operator shall not disturb land above the top of the highwall unless the chief finds that the disturbance will facilitate compliance with the environmental protection standards of this section, except that any such disturbance involving land above the highwall shall be limited to that amount of land necessary to facilitate compliance.

(D)(1) The chief may permit variances for the purposes set forth in division (D)(3) of this section, provided that the watershed control of the area is improved and that complete backfilling with spoil material shall be required to cover completely the highwall, which material will maintain stability following mining and reclamation.

(2) Where an applicant meets the requirements of divisions (D)(3) and (4) of this section, a variance from the requirement to restore to approximate original contour set forth in division (C)(2) of this section may be granted for the mining of coal when the owner of the surface knowingly requests in writing, as a part
of the permit application, that such a variance be granted so as
to render the land, after reclamation, suitable for an industrial,
commercial, residential, or public use, including recreational
facilities, in accordance with divisions (D)(3) and (4) of this
section.

(3) A variance pursuant to division (D)(2) of this section may be granted if:

(a) After consultation with the appropriate land use planning agencies, if any, the potential use of the affected land is considered to constitute an equal or better economic or public use.

(b) The postmining land condition is designed and certified by a registered professional engineer in conformity with professional standards established to ensure the stability, drainage, and configuration necessary for the intended use of the site.

(c) After approval of the appropriate state environmental agencies, the watershed of the affected land is considered to be improved.

(4) In granting a variance pursuant to division (D) of this section, the chief shall require that only such amount of spoil will be placed off the mine bench as is necessary to achieve the planned postmining land use, ensure stability of the spoil retained on the bench, and meet all other requirements of this chapter. All spoil placement off the mine bench shall comply with division (A)(21) of this section.

(5) The chief shall adopt specific rules to govern the granting of variances under division (D) of this section and may impose such additional requirements as the chief considers necessary.

(6) All variances granted under division (D) of this section
shall be reviewed not more than three years from the date of
issuance of the permit unless the permittee affirmatively
demonstrates that the proposed development is proceeding in
accordance with the terms of the reclamation plan.

(E) The chief shall establish standards and criteria
regulating the design, location, construction, operation,
maintenance, enlargement, modification, removal, and abandonment
of new and existing coal mine waste piles referred to in division
(A)(13) of this section and division (A)(5) of section 1513.35 of
the Revised Code. The standards and criteria shall conform to the
standards and criteria used by the chief of the United States army
corps of engineers to ensure that flood control structures are
safe and effectively perform their intended function. In addition
to engineering and other technical specifications, the standards
and criteria developed pursuant to this division shall include
provisions for review and approval of plans and specifications
prior to construction, enlargement, modification, removal, or
abandonment; performance of periodic inspections during
construction; issuance of certificates of approval upon completion
of construction; performance of periodic safety inspections; and
issuance of notices for required remedial or maintenance work.

(F)(1) The permittee may file a request with the chief for
release of a part of a performance security under division (F)(3)
of this section. Within thirty days after any request for
performance security release under this section has been filed
with the chief, the operator shall submit a copy of an
advertisement placed at least once a week for four successive
weeks in a newspaper of general circulation in the locality of the
coal mining operation. The advertisement shall be considered part
of any performance security release application and shall contain
a notification of the precise location of the land affected, the
number of acres, the permit number and the date approved, the
amount of the performance security filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, and a description of the results achieved as they relate to the operator's approved reclamation plan and, if applicable, the operator's pollution abatement plan. In addition, as part of any performance security release application, the applicant shall submit copies of the letters sent to adjoining property owners, local governmental bodies, planning agencies, and sewage and water treatment authorities or water companies in the locality in which the coal mining and reclamation activities took place, notifying them of the applicant's intention to seek release from the performance security.

(2) Upon receipt of a copy of the advertisement and request for release of a performance security under division (F)(3)(c) of this section, the chief, within thirty days, shall conduct an inspection and evaluation of the reclamation work involved. The evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface and subsurface water is occurring, the probability of continuation or future occurrence of the pollution, and the estimated cost of abating the pollution. The chief shall notify the permittee in writing of the decision to release or not to release all or part of the performance security within sixty days after the filing of the request if no public hearing is held pursuant to division (F)(6) of this section or, if there has been a public hearing held pursuant to division (F)(6) of this section, within thirty days thereafter.

(3) The chief may release the performance security if the reclamation covered by the performance security or portion thereof has been accomplished as required by this chapter and rules adopted under it according to the following schedule:

(a) When the operator completes the backfilling, regrading,
and drainage control of an area for which performance security has been provided in accordance with the approved reclamation plan, and, if the area covered by the performance security is one for which an authorization was made under division (E)(7) of section 1513.07 of the Revised Code, the operator has complied with the approved pollution abatement plan and all additional requirements established by the chief in rules adopted under section 1513.02 of the Revised Code governing coal mining and reclamation operations on pollution abatement areas, the chief shall grant a release of fifty per cent of the performance security for the applicable permit area.

(b) After resoiling and revegetation have been established on the regraded mined lands in accordance with the approved reclamation plan, the chief shall grant a release in an amount not exceeding thirty-five per cent of the original performance security for all or part of the affected area under the permit. When determining the amount of performance security to be released after successful revegetation has been established, the chief shall retain that amount of performance security for the revegetated area that would be sufficient for a third party to cover the cost of reestablishing revegetation for the period specified for operator responsibility in this section for reestablishing revegetation. No part of the performance security shall be released under this division so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of the requirements of this section or until soil productivity for prime farmlands has returned to equivalent levels of yield as nonmined land of the same soil type in the surrounding area under equivalent management practices as determined from the soil survey performed pursuant to section 1513.07 of the Revised Code. If the area covered by the performance security is one for which an authorization was made under division (E)(7) of section 1513.07 of
the Revised Code, no part of the performance security shall be
released under this division until the operator has complied with
the approved pollution abatement plan and all additional
requirements established by the chief in rules adopted under
section 1513.02 of the Revised Code governing coal mining and
reclamation operations on pollution abatement areas. Where a silt
dam is to be retained as a permanent impoundment pursuant to
division (A)(10) of this section, the portion of performance
security may be released under this division so long as provisions
for sound future maintenance by the operator or the landowner have
been made with the chief.

(c) When the operator has completed successfully all coal
mining and reclamation activities, including, if applicable, all
additional requirements established in the pollution abatement
plan approved under division (E)(7) of section 1513.07 of the
Revised Code and all additional requirements established by the
chief in rules adopted under section 1513.02 of the Revised Code
governing coal mining and reclamation operations on pollution
abatement areas, the chief shall release all or any of the
remaining portion of the performance security for all or part of
the affected area under a permit, but not before the expiration of
the period specified for operator responsibility in this section,
except that the chief may adopt rules for a variance to the
operator period of responsibility considering vegetation success
and probability of continued growth and consent of the landowner,
provided that no performance security shall be fully released
until all reclamation requirements of this chapter are fully met.

(4) If the chief disapproves the application for release of
the performance security or portion thereof, the chief shall
notify the permittee, in writing, stating the reasons for
disapproval and recommending corrective actions necessary to
secure the release, and allowing the opportunity for a public
adjudicatory hearing.

(5) When any application for total or partial performance security release is filed with the chief under this section, the chief shall notify the municipal corporation in which the coal mining operation is located by certified mail at least thirty days prior to the release of all or a portion of the performance security.

(6) A person with a valid legal interest that might be adversely affected by release of a performance security under this section or the responsible officer or head of any federal, state, or local government agency that has jurisdiction by law or special expertise with respect to any environmental, social, or economic impact involved in the operation or is authorized to develop and enforce environmental standards with respect to such operations may file written objections to the proposed release from the performance security with the chief within thirty days after the last publication of the notice required by division (F)(1) of this section. If written objections are filed and an informal conference is requested, the chief shall inform all interested parties of the time and place of the conference. The date, time, and location of the informal conference shall be advertised by the chief in a newspaper of general circulation in the locality of the coal mining operation proposed for performance security release for at least once a week for two consecutive weeks. The informal conference shall be held in the locality of the coal mining operation proposed for performance security release or in Franklin county, at the option of the objector, within thirty days after the request for the conference. An electronic or stenographic record shall be made of the conference proceeding unless waived by all parties. The record shall be maintained and shall be accessible to the parties until final release of the performance security at issue. In the event all parties requesting the
informal conference stipulate agreement prior to the requested informal conference and withdraw their request, the informal conference need not be held.

(7) If an informal conference has been held pursuant to division (F)(6) of this section, the chief shall issue and furnish the applicant and persons who participated in the conference with the written decision regarding the release within sixty days after the conference. Within thirty days after notification of the final decision of the chief regarding the performance security release, the applicant or any person with an interest that is or may be adversely affected by the decision may appeal the decision to the reclamation commission pursuant to section 1513.13 of the Revised Code.

(8)(a) If the chief determines that a permittee is responsible for mine drainage that requires water treatment after reclamation is completed under the terms of the permit or that a permittee must provide an alternative water supply after reclamation is completed under the terms of the permit, the permittee shall provide alternative financial security in an amount determined by the chief prior to the release of the remaining portion of performance security under division (F)(3)(c) of this section. The alternative financial security shall be in an amount that is equal to or greater than the present value of the estimated cost over time to develop and implement mine drainage plans and provide water treatment or in an amount that is necessary to provide and maintain an alternative water supply, as applicable. The alternative financial security shall include a contract, trust, or other agreement or mechanism that is enforceable under law to provide long-term water treatment or a long-term alternative water supply, or both. The contract, trust, or other agreement or mechanism included with the alternative financial security may provide for the funding of the alternative finance.
financial security incrementally over a period of time, not to exceed five years, with reliance on guarantees or other collateral provided by the permittee and approved by the chief for the balance of the alternative financial security required until the alternative financial security has been fully funded by the permittee.

(b) The chief shall adopt rules in accordance with Chapter 119. of the Revised Code that are necessary for the administration of division (F)(8)(a) of this section.

(c) If the chief determines that a permittee must provide alternative financial security under division (F)(8)(a) of this section and the performance security for the permit was provided under division (C)(2) of section 1513.08 of the Revised Code, the permittee may fund the alternative financial security incrementally over a period of time, not to exceed five years, with reliance on the reclamation forfeiture fund created in section 1513.18 of the Revised Code for the balance of the alternative financial security required until the alternative financial security has been fully funded by the permittee. The permittee semiannually shall pay to the division of mineral resources management a fee that is equal to seven and one-half percent of the average balance of the alternative financial security that is being provided by reliance on the reclamation forfeiture fund over the previous six months. All money received from the fee shall be credited to the reclamation forfeiture fund.

(9) Final release of the performance security in accordance with division (F)(3)(c) of this section terminates the jurisdiction of the chief under this chapter over the reclaimed site of a surface coal mining and reclamation operation or applicable portion of an operation. However, the chief shall reassert jurisdiction over such a site if the release was based on fraud, collusion, or misrepresentation of a material fact and the
chief, in writing, demonstrates evidence of the fraud, collusion, or misrepresentation. Any person with an interest that is or may be adversely affected by the chief's determination may appeal the determination to the reclamation commission in accordance with section 1513.13 of the Revised Code.

(G) The chief shall adopt rules governing the criteria for forfeiture of performance security, the method of determining the forfeited amount, and the procedures to be followed in the event of forfeiture. Cash received as the result of such forfeiture is the property of the state.

**Sec. 1531.35.** The wildlife boater angler fund is hereby created in the state treasury. The fund shall consist of money credited to the fund pursuant to section 5735.051 of the Revised Code and other money contributed to the division of wildlife for the purposes of the fund. The fund shall be used for boating access construction, improvements, and maintenance and repair of dams and impoundments, and acquisitions, including lands and facilities for boating access, and to pay for equipment and personnel costs involved with those activities, on lakes waters on which the operation of gasoline-powered watercraft is permissible. However, not more than two five hundred thousand dollars of the annual expenditures from the fund may be used to pay for the equipment and personnel costs.

**Sec. 1533.10.** Except as provided in this section or division (A) (2) of section 1533.12 or section 1533.73 or 1533.731 of the Revised Code, no person shall hunt any wild bird or wild quadruped without a hunting license. Each day that any person hunts within the state without procuring such a license constitutes a separate offense. Except as otherwise provided in this section, every applicant for a hunting license who is a resident of the state and eighteen years of age or more shall procure a resident hunting
license or an apprentice resident hunting license, the fee for
which shall be eighteen dollars unless the rules adopted under
division (B) of section 1533.12 of the Revised Code provide for
issuance of a resident hunting license to the applicant free of
charge. Except as provided in rules adopted under division (B)(2)
of that section, each applicant who is a resident of this state
and who at the time of application is sixty-six years of age or
older shall procure a special senior hunting license, the fee for
which shall be one-half of the regular hunting license fee. Every
applicant who is under the age of eighteen years shall procure a
special youth hunting license or an apprentice youth hunting
license, the fee for which shall be one-half of the regular
hunting license fee.

A resident of this state who owns lands in the state and the
owner's children of any age and grandchildren under eighteen years
of age may hunt on the lands without a hunting license. A resident
of any other state who owns real property in this state, and the
spouse and children living with the property owner, may hunt on
that property without a license, provided that the state of
residence of the real property owner allows residents of this
state owning real property in that state, and the spouse and
children living with the property owner, to hunt without a
license. If the owner of land in this state is a limited liability
company or a limited liability partnership that consists of three
or fewer individual members or partners, as applicable, an
individual member or partner who is a resident of this state and
the member's or partner's children of any age and grandchildren
under eighteen years of age may hunt on the land owned by the
limited liability company or limited liability partnership without
a hunting license. In addition, if the owner of land in this state
is a trust that has a total of three or fewer trustees and
beneficiaries, an individual who is a trustee or beneficiary and
who is a resident of this state and the individual's children of
any age and grandchildren under eighteen years of age may hunt on the land owned by the trust without a hunting license. The tenant and children of the tenant, residing on lands in the state, may hunt on them without a hunting license.

Except as otherwise provided in division (A)(1) of section 1533.12 of the Revised Code, every applicant for a hunting license who is a nonresident of the state and who is eighteen years of age or older shall procure a nonresident hunting license or an apprentice nonresident hunting license, the fee for which shall be one hundred twenty-four forty-nine dollars unless the applicant is a resident of a state that is a party to an agreement under section 1533.91 of the Revised Code, in which case the fee shall be eighteen dollars. Apprentice resident hunting licenses, apprentice youth hunting licenses, and apprentice nonresident hunting licenses are subject to the requirements established under section 1533.102 of the Revised Code and rules adopted pursuant to it.

The chief of the division of wildlife may issue a small game hunting license expiring three days from the effective date of the license to a nonresident of the state, the fee for which shall be thirty-nine dollars. No person shall take or possess deer, wild turkeys, fur-bearing animals, ducks, geese, brant, or any nongame animal while possessing only a small game hunting license. A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of ducks, geese, or brant without having obtained, in addition to the small game hunting license or the apprentice nonresident hunting license, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code. A small game hunting license or an apprentice nonresident hunting license does not authorize the taking or possessing of deer, wild turkeys, or fur-bearing animals. A nonresident of the state who wishes to take or possess deer, wild
turkeys, or fur-bearing animals in this state shall procure, respectively, a deer or wild turkey permit as provided in section 1533.11 of the Revised Code or a fur taker permit as provided in section 1533.111 of the Revised Code in addition to a nonresident hunting license, an apprentice nonresident hunting license, a special youth hunting license, or an apprentice youth hunting license, as applicable, as provided in this section.

No person shall procure or attempt to procure a hunting license by fraud, deceit, misrepresentation, or any false statement.

This section does not authorize the taking and possessing of deer or wild turkeys without first having obtained, in addition to the hunting license required by this section, a deer or wild turkey permit as provided in section 1533.11 of the Revised Code or the taking and possessing of ducks, geese, or brant without first having obtained, in addition to the hunting license required by this section, a wetlands habitat stamp as provided in section 1533.112 of the Revised Code.

This section does not authorize the hunting or trapping of fur-bearing animals without first having obtained, in addition to a hunting license required by this section, a fur taker permit as provided in section 1533.111 of the Revised Code.

No hunting license shall be issued unless it is accompanied by a written explanation of the law in section 1533.17 of the Revised Code and the penalty for its violation, including a description of terms of imprisonment and fines that may be imposed.

No hunting license, other than an apprentice hunting license, shall be issued unless the applicant presents to the agent authorized to issue the license a previously held hunting license or evidence of having held such a license in content and manner.
approved by the chief, a certificate of completion issued upon
completion of a hunter education and conservation course approved
by the chief, or evidence of equivalent training in content and
manner approved by the chief. A previously held apprentice hunting
license does not satisfy the requirement concerning the
presentation of a previously held hunting license or evidence of
it.

No person shall issue a hunting license, except an apprentice
hunting license, to any person who fails to present the evidence
required by this section. No person shall purchase or obtain a
hunting license, other than an apprentice hunting license, without
presenting to the issuing agent the evidence required by this
section. Issuance of a hunting license in violation of the
requirements of this section is an offense by both the purchaser
of the illegally obtained hunting license and the clerk or agent
who issued the hunting license. Any hunting license issued in
violation of this section is void.

The chief, with approval of the wildlife council, shall adopt
rules prescribing a hunter education and conservation course for
first-time hunting license buyers, other than buyers of apprentice
hunting licenses, and for volunteer instructors. The course shall
consist of subjects including, but not limited to, hunter safety
and health, use of hunting implements, hunting tradition and
ethics, the hunter and conservation, the law in section 1533.17 of
the Revised Code along with the penalty for its violation,
including a description of terms of imprisonment and fines that
may be imposed, and other law relating to hunting. Authorized
personnel of the division or volunteer instructors approved by the
chief shall conduct such courses with such frequency and at such
locations throughout the state as to reasonably meet the needs of
license applicants. The chief shall issue a certificate of
completion to each person who successfully completes the course
and passes an examination prescribed by the chief.

Sec. 1533.11. (A)(1) Except as provided in this section or section 1533.731 of the Revised Code, no person shall hunt deer on lands of another without first obtaining an annual deer permit. Except as provided in this section, no person shall hunt wild turkeys on lands of another without first obtaining an annual wild turkey permit. Each applicant for a deer or wild turkey permit shall pay an annual fee of twenty-three dollars for each the permit unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a deer or wild turkey permit to the applicant free of charge. Except as provided in rules adopted under division (B)(2) of that section, each applicant who is a resident of this state and who at the time of application is sixty-six years of age or older shall procure a senior deer or wild turkey permit, the fee for which shall be one-half of the regular deer or wild turkey permit fee. Each applicant who is under the age of eighteen years shall procure a youth deer or wild turkey permit, the fee for which shall be one-half of the regular deer or wild turkey permit fee. Except each applicant for a deer permit who is a resident of this state shall procure a resident deer permit, the fee for which is twenty-three dollars unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a deer permit to the applicant free of charge. Each applicant for a deer permit who is a nonresident of this state shall procure a nonresident deer permit, the fee for which is ninety-nine dollars unless the rules adopted under that division provide for issuance of a deer permit to the applicant free of charge. Except as provided in rules adopted under division (B)(2) of section 1533.12 of the Revised Code, each applicant who is a resident of this state shall procure a resident deer permit, the fee for which is twenty-three dollars unless the rules adopted under division (B) of section 1533.12 of the Revised Code provide for issuance of a deer permit to the applicant free of charge.
state and who at the time of application is sixty-six years of age or older shall procure a senior resident deer permit, the fee for which is one-half of the regular resident deer permit fee. Each applicant who is under the age of eighteen years, regardless of residency, shall procure a youth deer permit, the fee for which is one-half of the regular resident deer permit fee.

(4) As used in this chapter, "deer permit" includes a resident deer permit and a nonresident deer permit unless the context indicates otherwise.

(5) Except as provided in division (A)(2) of section 1533.12 of the Revised Code, a deer or wild turkey permit shall run concurrently with the hunting license. The money received shall be paid into the state treasury to the credit of the wildlife fund, created in section 1531.17 of the Revised Code, exclusively for the use of the division of wildlife in the acquisition and development of land for deer or wild turkey management, for investigating deer or wild turkey problems, and for the stocking, management, and protection of deer or wild turkey. Every person, while hunting deer or wild turkey on lands of another, shall carry the person's deer or wild turkey permit and exhibit it to any enforcement officer so requesting. Failure to so carry and exhibit such a permit constitutes an offense under this section. The chief of the division of wildlife shall adopt any additional rules the chief considers necessary to carry out this section and section 1533.10 of the Revised Code.

An owner who is a resident of this state or an owner who is exempt from obtaining a hunting license under section 1533.10 of the Revised Code and the children of the owner of lands in this state may hunt deer or wild turkey thereon without a deer or wild turkey permit. If the owner of land in this state is a limited liability company or a limited liability partnership that consists of three or fewer individual members or partners, as applicable,
an individual member or partner who is a resident of this state
and the member's or partner's children of any age may hunt deer or
wild turkey on the land owned by the limited liability company or
limited liability partnership without a deer or wild turkey
permit. In addition, if the owner of land in this state is a trust
that has a total of three or fewer trustees and beneficiaries, an
individual who is a trustee or beneficiary and who is a resident
of this state and the individual's children of any age may hunt
deer or wild turkey on the land owned by the trust without a deer
or wild turkey permit. The tenant and children of the tenant may
hunt deer or wild turkey on lands where they reside without a deer
or wild turkey permit.

(B) A deer or wild turkey permit is not transferable. No
person shall carry a deer or wild turkey permit issued in the name
of another person.

(C) The wildlife refunds fund is hereby created in the state
treasury. The fund shall consist of money received from
application fees for deer permits that are not issued. Money in
the fund shall be used to make refunds of such application fees.

(D) If the division establishes a system for the electronic
submission of information regarding deer or wild turkey that are
taken, the division shall allow the owner and the children of the
owner of lands in this state to use the owner's name or address
for purposes of submitting that information electronically via
that system.

Sec. 1533.12. (A)(1) Except as otherwise provided in division
(A)(2) of this section, every person on active duty in the armed
forces of the United States who is stationed in this state and who
wishes to engage in an activity for which a license, permit, or
stamp is required under this chapter first shall obtain the
requisite license, permit, or stamp. Such a person is eligible to
obtain a resident hunting or fishing license regardless of whether the person qualifies as a resident of this state. To obtain a resident hunting or fishing license, the person shall present a card or other evidence identifying the person as being on active duty in the armed forces of the United States and as being stationed in this state.

(2) Every person on active duty in the armed forces of the United States, while on leave or furlough, may take or catch fish of the kind lawfully permitted to be taken or caught within the state, may hunt any wild bird or wild quadruped lawfully permitted to be hunted within the state, and may trap fur-bearing animals lawfully permitted to be trapped within the state, without procuring a fishing license, a hunting license, a fur taker permit, or a wetlands habitat stamp required by this chapter, provided that the person shall carry on the person when fishing, hunting, or trapping, a card or other evidence identifying the person as being on active duty in the armed forces of the United States, and provided that the person is not otherwise violating any of the hunting, fishing, and trapping laws of this state.

In order to hunt deer or wild turkey, any such person shall obtain a resident deer or wild turkey permit, as applicable, under section 1533.11 of the Revised Code. Such a person is eligible to obtain a resident deer permit regardless of whether the person is a resident of this state. (b) Notwithstanding section 4731.22 of the Revised Code, the physician-patient privilege shall not be a ground for excluding evidence regarding a child's injuries, abuse, or neglect, or the cause of the injuries, abuse, or neglect in any judicial proceeding resulting from a report submitted pursuant to this section.

(2) In any civil or criminal action or proceeding in which it is alleged and proved that participation in the making of a report under this section was not in good faith or participation in a judicial proceeding resulting from a report made under this section was not in good faith, the court shall award the prevailing party reasonable attorney's fees and costs and, if a civil action or proceeding is voluntarily dismissed, may award reasonable attorney's fees and costs to the party against whom the civil action or proceeding is brought.

The information provided in a report made pursuant to this section and the name of the person who made the report shall not be released for use, and shall not be used, as evidence in any civil action or proceeding brought against the person who made the report. Nothing in this division shall preclude the use of reports of other incidents of known or suspected abuse or neglect in a civil action or proceeding brought pursuant to division (M) of this section against a person who is alleged to have violated division (A)(1) of this section, provided that any information in a report that would identify the child who is the subject of the report or the maker of the report, if the maker of the report is not the defendant or an agent or employee of the defendant, has been
redacted. In a criminal proceeding, the report is admissible in evidence in accordance with the Rules of Evidence and is subject to discovery in accordance with the Rules of Criminal Procedure.

(3) A person who knowingly makes or causes another person to make a false report under division (B) of this section that alleges that any person has committed an act or omission that resulted in a child being an abused child or a neglected child is guilty of a violation of section 2921.14 of the Revised Code.

(4) If a report is made pursuant to division (A) or (B) of this section and the child who is the subject of the report dies for any reason at any time after the report is made, but before the child attains eighteen years of age, the public children services agency or municipal or county peace officer to which the report was made or referred, on the request of the child fatality review board or the director of health pursuant to guidelines established under section 3701.70 of the Revised Code, shall submit a summary sheet of information providing a summary of the report to the review board of the county in which the deceased child resided at the time of death or to the director. On the request of the review board or director, the agency or peace officer may, at its discretion, make the report available to the review board or director. If the county served by the public children services agency is also served by a children's advocacy center and the report of alleged sexual abuse of a child or another type of abuse of a child is specified in the memorandum of understanding that creates the center as being within the center's jurisdiction, the agency or center shall perform the duties and functions specified in this division in accordance with the interagency agreement entered into under section 2151.428 of the Revised Code.
Revised Code relative to that advocacy center.

(5) A public children services agency shall advise a person alleged to have inflicted abuse or neglect on a child who is the subject of a report made pursuant to this section, including a report alleging sexual abuse of a child or another type of abuse of a child referred to a children’s advocacy center pursuant to an interagency agreement entered into under section 2151.428 of the Revised Code, in writing of the disposition of the investigation. The agency shall not provide to the person any information that identifies the person who made the report, statements of witnesses, or police or other investigative reports.

(I) Any report that is required by this section, other than a report that is made to the state highway patrol as described in section 5120.173 of the Revised Code, shall result in protective services and emergency supportive services being made available by the public children services agency on behalf of the children about whom the report is made, in an effort to prevent further neglect or abuse, to enhance their welfare, and, whenever possible, to preserve the family unit intact. The agency required to provide the services shall be the agency conducting the investigation of the report pursuant to section 2151.422 of the Revised Code.

section 2919.22, division (B) of section 2919.23, and section
2919.24 of the Revised Code and shall have as two of its primary
goals the elimination of all unnecessary interviews of children
who are the subject of reports made pursuant to division (A) or
(B) of this section and, when feasible, providing for only one
interview of a child who is the subject of any report made
pursuant to division (A) or (B) of this section. A failure to
follow the procedure set forth in the memorandum by the concerned
officials is not grounds for, and shall not result in, the
dismissal of any charges or complaint arising from any reported
case of abuse or neglect or the suppression of any evidence obtained as a result of any reported child abuse or child neglect and does not give, and shall not be construed as giving, any rights or any grounds for appeal or post-conviction relief to any person.

(3) A memorandum of understanding shall include all of the following:

(a) The roles and responsibilities for handling emergency and nonemergency cases of abuse and neglect;

(b) Standards and procedures to be used in handling and coordinating investigations of reported cases of child abuse and reported cases of child neglect, methods to be used in interviewing the child who is the subject of the report and who allegedly was abused or neglected, and standards and procedures addressing the categories of persons who may interview the child who is the subject of the report and who allegedly was abused or neglected.

If the clerk signs the memorandum of understanding, the clerk shall execute all relevant responsibilities as required of officials specified in the memorandum.

(K)(1) Except as provided in division (K)(4) of this section, a person who is required to make a report pursuant to division (A) of this section may make a reasonable number of requests of the
public children services agency that receives or is referred the report, or of the children's advocacy center that is referred the report if the report is referred to a children's advocacy center pursuant to an interagency agreement entered into under section 2151.428 of the Revised Code, to be provided with the following information:

(b) Whether the agency or center is continuing to investigate the report;

(c) Whether the agency or center is otherwise involved with the child who is the subject of the report;

(d) The general status of the health and safety of the child who is the subject of the report;

(e) Whether the report has resulted in the filing of a complaint in juvenile court or of criminal charges in another court.

(2) A person may request the information specified in division (K)(1) of this section only if, at the time the report is made, the person's name, address, and telephone number are provided to the person who receives the report.

When a municipal or county peace officer or employee of a public children services agency receives a report pursuant to division (A) or (B) of this section the recipient of the report shall inform the person of the right to request the information described in division (K)(1) of this section. The recipient of the report shall include in the initial child abuse or child neglect report that the person making the report was so informed and, if provided at the time of the making of the report, shall include the person's name, address, and telephone number in the report.
Each request is subject to verification of the identity of the person making the report. If that person's identity is verified, the agency shall provide the person with the information described in division (K)(1) of this section a reasonable number of times, except that the agency shall not disclose any confidential information regarding the child who is the subject of the report other than the information described in those divisions.

(3) A request made pursuant to division (K)(1) of this section is not a substitute for any report required to be made pursuant to division (A) of this section.

(4) If an agency other than the agency that received or was referred the report is conducting the investigation of the report pursuant to section 2151.422 of the Revised Code, the agency conducting the investigation shall comply with the requirements of division (K) of this section.

(L) The director of job and family services shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section. The department of job and family services may enter into a plan of cooperation with any other governmental entity to aid in ensuring that children are protected from abuse and neglect. The department shall make recommendations to the attorney general that the department determines are necessary to protect children from child abuse and child neglect.

(M) Whoever violates division (A) of this section is liable for compensatory and exemplary damages to the child who would have been the subject of the report that was not made. A person who brings a civil action or proceeding pursuant to this division against a person who is alleged to have violated division (A)(1) of this section may use in the action or proceeding reports of other incidents of known or suspected abuse or neglect, provided that any information in a report that would identify the child who...

(a) Except as otherwise provided in division (C)(8)(b), (c), (d), (e), (f), or (g) of this section, trafficking in a controlled substance analog is a felony of the fifth degree, and division (C) of section 2929.13 of the Revised Code applies in determining...

impose as a mandatory prison term one of the prison terms 17177
prescribed for a felony of the second degree. If the amount of the 17178
drug involved is within that range and if the offense was 17179
committed in the vicinity of a school or in the vicinity of a 17180
juvenile, trafficking in a controlled substance analog is a felony 17181

first degree.

(f) If the amount of the drug involved equals or exceeds 17184
forty grams but is less than fifty grams and regardless of whether 17185

first degree, the offender is a major drug offender, and the court 17194
shall impose as a mandatory prison term the maximum prison term 17195
prescribed for a felony of the first degree.

(D) In addition to any prison term authorized or required by 17196
division (C) of this section and sections 2929.13 and 2929.14 of 17197
the Revised Code, and in addition to any other sanction imposed 17198
for the offense under this section or sections 2929.11 to 2929.18 17199
of the Revised Code, the court that sentences an offender who is 17200
convicted of or pleads guilty to a violation of division (A) of 17201
this section shall do all of the following that are applicable 17202
regarding the offender:

(1) If the violation of division (A) of this section is a 17203
felony of the first, second, or third degree, the court shall impose upon the offender the mandatory fine specified for the offense under division (B)(1) of section 2929.18 of the Revised Code unless, as specified in that division, the court determines that the offender is indigent. Except as otherwise provided in division (H)(1) of this section, a mandatory fine or any other fine imposed for a violation of this section is subject to division (F) of this section. If a person is charged with a violation of this section that is a felony of the first, second, or third degree, posts bail, and forfeits the bail, the clerk of the court shall pay the forfeited bail pursuant to divisions (D)(1) and (F) of this section, as if the forfeited bail was a fine imposed for a violation of this section. If any amount of the forfeited bail remains after that payment and if a fine is imposed under division (H)(1) of this section, the clerk of the court shall pay the remaining amount of the forfeited bail pursuant to divisions (H)(2) and (3) of this section, as if that remaining amount was a fine imposed under division (H)(1) of this section.

(2) The court shall suspend the driver's or commercial driver's license or permit of the offender in accordance with division (G) of this section.

(3) If the offender is a professionally licensed person, the court immediately shall comply with section 2925.38 of the Revised Code.

(E) When a person is charged with the sale of or offer to sell a bulk amount or a multiple of a bulk amount of a controlled substance, the jury, or the court trying the accused, shall determine the amount of the controlled substance involved at the time of the offense and, if a guilty verdict is returned, shall return the findings as part of the verdict. In any such case, it is unnecessary to find and return the exact amount of the controlled substance involved, and it is sufficient if the finding
and return is to the effect that the amount of the controlled substance involved is the requisite amount, or that the amount of the controlled substance involved is less than the requisite amount.

(F)(1) Notwithstanding any contrary provision of section 3719.21 of the Revised Code and except as provided in division (H) of this section, the clerk of the court shall pay any mandatory fine imposed pursuant to division (D)(1) of this section and any fine other than a mandatory fine that is imposed for a violation of this section pursuant to division (A) or (B)(5) of section 2929.18 of the Revised Code to the county, township, municipal corporation, park district, as created pursuant to section 511.18 or 1545.04 of the Revised Code, or state law enforcement agencies in this state that primarily were responsible for or involved in making the arrest of, and in prosecuting, the offender. However, the clerk shall not pay a mandatory fine so imposed to a law enforcement agency unless the agency has adopted a written internal control policy under division (F)(2) of this section that addresses the use of the fine moneys that it receives. Each agency shall use the mandatory fines so paid to subsidize the agency's law enforcement efforts that pertain to drug offenses, in accordance with the written internal control policy adopted by the recipient agency under division (F)(2) of this section.

(2) Prior to receiving any fine moneys under division (F)(1) of this section or division (B) of section 2925.42 of the Revised Code, a law enforcement agency shall adopt a written internal control policy that addresses the agency's use and disposition of all fine moneys so received and that provides for the keeping of detailed financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure. The policy shall not provide for or permit the identification of any
specific expenditure that is made in an ongoing investigation. All financial records of the receipts of those fine moneys, the general types of expenditures made out of those fine moneys, and the specific amount of each general type of expenditure by an agency are public records open for inspection under section 149.43 of the Revised Code. Additionally, a written internal control policy adopted under this division is such a public record, and the agency that adopted it shall comply with it.

(3) As used in division (F) of this section:

(a) "Law enforcement agencies" includes, but is not limited to, the state board of pharmacy and the office of a prosecutor.

(b) "Prosecutor" has the same meaning as in section 2935.01 of the Revised Code.

(G) When required under division (D)(2) of this section or any other provision of this chapter, the court shall suspend for not less than six months or more than five years the driver's or commercial driver's license or permit of any person who is convicted of or pleads guilty to any violation of this section or any other specified provision of this chapter. If an offender's driver's or commercial driver's license or permit is suspended pursuant to this division, the offender, at any time after the expiration of two years from the day on which the offender's sentence was imposed or from the day on which the offender finally was released from a prison term under the sentence, whichever is later, may file a motion with the sentencing court requesting termination of the suspension; upon the filing of such a motion and the court's finding of good cause for the termination, the court may terminate the suspension.

(H)(1) In addition to any prison term authorized or required by division (C) of this section and sections 2929.13 and 2929.14 of the Revised Code, in addition to any other penalty or sanction
imposed for the offense under this section or sections 2929.11 to
2929.18 of the Revised Code, and in addition to the forfeiture of
property in connection with the offense as prescribed in Chapter
2981. of the Revised Code, the court that sentences an offender
who is convicted of or pleads guilty to a violation of division
(A) of this section may impose upon the offender an additional
fine specified for the offense in division (B)(4) of section
2929.18 of the Revised Code. A fine imposed under division (H)(1)
of this section is not subject to division (F) of this section and
shall be used solely for the support of one or more eligible
community addiction services provider for the support of which the fine money is to be used. No community addiction services provider shall receive or use money paid or collected in satisfaction of a fine imposed under division (H)(1) of this section unless the services provider is specified in the judgment that imposes the fine. No community addiction services provider shall be specified in the judgment unless the services provider is an eligible community addiction services provider and, except as otherwise provided in division (H)(2) of this section, unless the services provider is located in the county in which the court that imposes the fine is located or in a county that is immediately contiguous to the county in which that court is located. If no eligible community addiction services provider is located in any of those counties, the judgment may specify an eligible community addiction services provider that is located anywhere within this state.

(3) Notwithstanding any contrary provision of section 3719.21 of the Revised Code, the clerk of the court shall pay any fine
imposed under division (H)(1) of this section to the eligible community addiction services provider specified pursuant to division (H)(2) of this section in the judgment. The eligible community addiction services provider that receives the fine moneys shall use the moneys only for the alcohol and drug addiction services identified in the application for certification of services under section 5119.36 of the Revised Code or in the application for a license under section 5119.391 of the Revised Code filed with the department of mental health and addiction services by the community addiction services provider specified in the judgment.

(4) Each community addiction services provider that receives in a calendar year any fine moneys under division (H)(3) of this section shall file an annual report covering that calendar year with the court of common pleas and the board of county commissioners of the county in which the services provider is located, with the court of common pleas and the board of county commissioners of each county from which the services provider received the moneys if that county is different from the county in which the services provider is located, and with the attorney general. The community addiction services provider shall file the report no later than the first day of March in the calendar year following the calendar year in which the services provider received the fine moneys. The report shall include statistics on the number of persons served by the community addiction services provider, identify the types of alcohol and drug addiction services provided to those persons, and include a specific accounting of the purposes for which the fine moneys received were used. No information contained in the report shall identify, or enable a person to determine the identity of, any person served by the community addiction services provider. Each report received by a court of common pleas, a board of county commissioners, or the attorney general is a public record open for inspection under
section 149.43 of the Revised Code.

(5) As used in divisions (H)(1) to (5) of this section:

(a) "Community addiction services provider" and "alcohol and drug addiction services" have the same meanings as in section 5119.01 of the Revised Code.

(b) "Eligible community addiction services provider" means a community addiction services provider that is certified under section 5119.36, as defined in section 5119.01 of the Revised Code, or a community addiction services provider that maintains a methadone treatment program licensed under section 5119.391 of the Revised Code by the department of mental health and addiction services.

(I) As used in this section, "drug" includes any substance that is represented to be a drug.

(J) It is an affirmative defense to a charge of trafficking in a controlled substance analog under division (C)(8) of this section that the person charged with violating that offense sold or offered to sell, or prepared for shipment, shipped, transported, delivered, prepared for distribution, or distributed an item described in division (HH)(2)(a), (b), or (c) of section 3719.01 of the Revised Code.

Sec. 2929.13. (A) Except as provided in division (E), (F), or (G) of this section and unless a specific sanction is required to be imposed or is precluded from being imposed pursuant to law, a court that imposes a sentence upon an offender for a felony may impose any sanction or combination of sanctions on the offender that are provided in sections 2929.14 to 2929.18 of the Revised Code.

If the offender is eligible to be sentenced to community control sanctions, the court shall consider the appropriateness of
imposing a financial sanction pursuant to section 2929.18 of the Revised Code or a sanction of community service pursuant to section 2929.17 of the Revised Code as the sole sanction for the offense. Except as otherwise provided in this division, if the court is required to impose a mandatory prison term for the offense for which sentence is being imposed, the court also shall impose any financial sanction pursuant to section 2929.18 of the Revised Code that is required for the offense and may impose any other financial sanction pursuant to that section but may not impose any additional sanction or combination of sanctions under section 2929.16 or 2929.17 of the Revised Code.

If the offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, in addition to the mandatory term of local incarceration or the mandatory prison term required for the offense by division (G)(1) or (2) of this section, the court shall impose upon the offender a mandatory fine in accordance with division (B)(3) of section 2929.18 of the Revised Code and may impose whichever of the following is applicable:

(1) For a fourth degree felony OVI offense for which sentence is imposed under division (G)(1) of this section, an additional community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code. If the court imposes upon the offender a community control sanction and the offender violates any condition of the community control sanction, the court may take any action prescribed in division (B) of section 2929.15 of the Revised Code relative to the offender, including imposing a prison term on the offender pursuant to that division.

(2) For a third or fourth degree felony OVI offense for which sentence is imposed under division (G)(2) of this section, an additional prison term as described in division (B)(4) of section
2929.14 of the Revised Code or a community control sanction as described in division (G)(2) of this section.

(B)(1)(a) Except as provided in division (B)(1)(b) of this section, if an offender is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense, the court shall sentence the offender to a community control sanction of at least one year's duration if all of the following apply:

(i) The offender previously has not been convicted of or pleaded guilty to a felony offense.

(ii) The most serious charge against the offender at the time of sentencing is a felony of the fourth or fifth degree.

(iii) If the court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of this section, the department, within the forty-five-day period specified in that division, provided the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court.

(iv) The offender previously has not been convicted of or pleaded guilty to a misdemeanor offense of violence that the offender committed within two years prior to the offense for which sentence is being imposed.

(b) The court has discretion to impose a prison term upon an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense if any of the following apply:

(i) The offender committed the offense while having a firearm on or about the offender's person or under the offender's control.

(ii) If the offense is a qualifying assault offense,
offender caused serious physical harm to another person while committing the offense, and, if the offense is not a qualifying assault offense, the offender caused physical harm to another person while committing the offense.

(iii) The offender violated a term of the conditions of bond as set by the court.

(iv) The court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of this section, and the department, within the forty-five-day period specified in that division, did not provide the court with the name of, contact information for, and program details of any community control sanction of at least one year's duration that is available for persons sentenced by the court.

(v) The offense is a sex offense that is a fourth or fifth degree felony violation of any provision of Chapter 2907. of the Revised Code.

(vi) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person with a deadly weapon.

(vii) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person, and the offender previously was convicted of an offense that caused physical harm to a person.

(viii) The offender held a public office or position of trust, and the offense related to that office or position; the offender's position obliged the offender to prevent the offense or to bring those committing it to justice; or the offender's professional reputation or position facilitated the offense or was likely to influence the future conduct of others.

(ix) The offender committed the offense for hire or as part of an organized criminal activity.
(x) The offender at the time of the offense was serving, or
the offender previously had served, a prison term.

(xi) The offender committed the offense while under a
community control sanction, while on probation, or while released
from custody on a bond or personal recognizance.

(c) If a court that is sentencing an offender who is
convicted of or pleads guilty to a felony of the fourth or fifth
degree that is not an offense of violence or that is a qualifying
assault offense believes that no community control sanctions are
available for its use that, if imposed on the offender, will
adequately fulfill the overriding principles and purposes of
sentencing, the court shall contact the department of
rehabilitation and correction and ask the department to provide
the court with the names of, contact information for, and program
details of one or more community control sanctions of at least one
year's duration that are available for persons sentenced by the
court. Not later than forty-five days after receipt of a request
from a court under this division, the department shall provide the
court with the names of, contact information for, and program
details of one or more community control sanctions of at least one
year's duration that are available for persons sentenced by the
court, if any. Upon making a request under this division that
relates to a particular offender, a court shall defer sentencing
of that offender until it receives from the department the names
of, contact information for, and program details of one or more
community control sanctions of at least one year's duration that
are available for persons sentenced by the court or for forty-five
days, whichever is the earlier.

If the department provides the court with the names of,
contact information for, and program details of one or more
community control sanctions of at least one year's duration that
are available for persons sentenced by the court within the
forty-five-day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department does not provide the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court within the forty-five-day period specified in this division, the court may impose upon the offender a prison term under division (B)(1)(b)(iv) of this section.

(d) A sentencing court may impose an additional penalty under division (B) of section 2929.15 of the Revised Code upon an offender sentenced to a community control sanction under division (B)(1)(a) of this section if the offender violates the conditions of the community control sanction, violates a law, or leaves the state without the permission of the court or the offender's probation officer.

(2) If division (B)(1) of this section does not apply, except as provided in division (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the fourth or fifth degree, the sentencing court shall comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code and with section 2929.12 of the Revised Code.

(C) Except as provided in division (D), (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the third degree or a felony drug offense that is a violation of a provision of Chapter 2925. of the Revised Code and that is specified as being subject to this division for purposes of sentencing, the sentencing court shall comply with the
purposes and principles of sentencing under section 2929.11 of the Revised Code and with section 2929.12 of the Revised Code.

(D)(1) Except as provided in division (E) or (F) of this section, for a felony of the first or second degree, for a felony drug offense that is a violation of any provision of Chapter 2925., 3719., or 4729. of the Revised Code for which a presumption in favor of a prison term is specified as being applicable, and for a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code for which a presumption in favor of a prison term is specified as being applicable, it is presumed that a prison term is necessary in order to comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code. Division (D)(2) of this section does not apply to a presumption established under this division for a violation of division (A)(4) of section 2907.05 of the Revised Code.

(2) Notwithstanding the presumption established under division (D)(1) of this section for the offenses listed in that division other than a violation of division (A)(4) or (B) of section 2907.05 of the Revised Code, the sentencing court may impose a community control sanction or a combination of community control sanctions instead of a prison term on an offender for a felony of the first or second degree or for a felony drug offense that is a violation of any provision of Chapter 2925., 3719., or 4729. of the Revised Code for which a presumption in favor of a prison term is specified as being applicable if it makes both of the following findings:

(a) A community control sanction or a combination of community control sanctions would adequately punish the offender and protect the public from future crime, because the applicable factors under section 2929.12 of the Revised Code indicating a lesser likelihood of recidivism outweigh the applicable factors under that section indicating a greater likelihood of recidivism.
(b) A community control sanction or a combination of community control sanctions would not demean the seriousness of the offense, because one or more factors under section 2929.12 of the Revised Code that indicate that the offender's conduct was less serious than conduct normally constituting the offense are applicable, and they outweigh the applicable factors under that section that indicate that the offender's conduct was more serious than conduct normally constituting the offense.

(E)(1) Except as provided in division (F) of this section, for any drug offense that is a violation of any provision of Chapter 2925. of the Revised Code and that is a felony of the third, fourth, or fifth degree, the applicability of a presumption under division (D) of this section in favor of a prison term or of division (B) or (C) of this section in determining whether to impose a prison term for the offense shall be determined as specified in section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code, whichever is applicable regarding the violation.

(2) If an offender who was convicted of or pleaded guilty to a felony violates the conditions of a community control sanction imposed for the offense solely by reason of producing positive results on a drug test, the court, as punishment for the violation of the sanction, shall not order that the offender be imprisoned unless the court determines on the record either of the following:

(a) The offender had been ordered as a sanction for the felony to participate in a drug treatment program, in a drug education program, or in narcotics anonymous or a similar program, and the offender continued to use illegal drugs after a reasonable period of participation in the program.

(b) The imprisonment of the offender for the violation is consistent with the purposes and principles of sentencing set forth in section 2929.11 of the Revised Code.
(3) A court that sentences an offender for a drug abuse offense that is a felony of the third, fourth, or fifth degree may require that the offender be assessed by a properly credentialed professional within a specified period of time. The court shall require the professional to file a written assessment of the offender with the court. If the offender is eligible for a community control sanction and after considering the written assessment, the court may impose a community control sanction that includes addiction and mental health treatment services and recovery support services authorized by division (A)(11) of section 3793.02 340.03 of the Revised Code. If the court imposes treatment services and recovery support services as a community control sanction, the court shall direct the level and type of treatment service and recovery support services support after considering the assessment and recommendation of treatment and recovery support services community addiction services providers.

(F) Notwithstanding divisions (A) to (E) of this section, the court shall impose a prison term or terms under sections 2929.02 to 2929.06, section 2929.14, section 2929.142, or section 2971.03 of the Revised Code and except as specifically provided in section 2929.20, divisions (C) to (I) of section 2967.19, or section 2967.191 of the Revised Code or when parole is authorized for the offense under section 2967.13 of the Revised Code shall not reduce the term or terms pursuant to section 2929.20, section 2967.19, section 2967.193, or any other provision of Chapter 2967. or Chapter 5120. of the Revised Code for any of the following offenses:

(G) Notwithstanding divisions (A) to (E) of this section, if an offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, the court shall impose upon the offender a mandatory term of local incarceration or a mandatory prison term in accordance with the following:
(1) If the offender is being sentenced for a fourth degree felony OVI offense and if the offender has not been convicted of and has not pleaded guilty to a specification of the type described in section 2941.1413 of the Revised Code, the court may impose upon the offender a mandatory term of local incarceration of sixty days or one hundred twenty days as specified in division (G)(1)(d) of section 4511.19 of the Revised Code. A mandatory term of local incarceration imposed under division (G)(1) of this section is not subject to any other Revised Code provision that pertains to a prison term except as provided in division (A)(1) of this section.

(2) If the offender is being sentenced for a third degree felony OVI offense, or if the offender is being sentenced for a fourth degree felony OVI offense and the court does not impose a mandatory term of local incarceration under division (G)(1) of this section, the court shall impose upon the offender a mandatory prison term of one, two, three, four, or five years if the offender also is convicted of or also pleads guilty to a specification of the type described in section 2941.1413 of the Revised Code or shall impose upon the offender a mandatory prison term of sixty days or one hundred twenty days as specified in division (G)(1)(d) or (e) of section 4511.19 of the Revised Code if the offender has not been convicted of and has not pleaded guilty to a specification of that type. underlying offense and consecutively to any other mandatory prison
term imposed in relation to the offense. In no case shall an
offender who once has been sentenced to a mandatory term of local
incarceration pursuant to division (G)(1) of this section for a
fourth degree felony OVI offense be sentenced to another mandatory
term of local incarceration under that division for any violation
of division (A) of section 4511.19 of the Revised Code. In
addition to the mandatory prison term described in division (G)(2)
of this section, the court may sentence the offender to a
community control sanction under section 2929.16 or 2929.17 of the
Revised Code, but the offender shall serve the prison term prior
to serving the community control sanction. The department of
rehabilitation and correction may place an offender sentenced to a
mandatory prison term under this division in an intensive program
prison established pursuant to section 5120.033 of the Revised
Code if the department gave the sentencing judge prior notice of
its intent to place the offender in an intensive program prison
established under that section and if the judge did not notify the
department that the judge disapproved the placement. Upon the
establishment of the initial intensive program prison pursuant to
section 5120.033 of the Revised Code that is privately operated
and managed by a contractor pursuant to a contract entered into
under section 9.06 of the Revised Code, both of the following
apply:

(a) The department of rehabilitation and correction shall
make a reasonable effort to ensure that a sufficient number of
offenders sentenced to a mandatory prison term under this division
are placed in the privately operated and managed prison so that
the privately operated and managed prison has full occupancy.
(b) Unless the privately operated and managed prison has full occupancy, the department of rehabilitation and correction shall not place any offender sentenced to a mandatory prison term under this division in any intensive program prison established pursuant to section 5120.033 of the Revised Code other than the privately operated and managed prison.

(H) If an offender is being sentenced for a sexually oriented offense or child-victim oriented offense that is a felony committed on or after January 1, 1997, the judge shall require the offender to submit to a DNA specimen collection procedure pursuant to section 2901.07 of the Revised Code.

(I) If an offender is being sentenced for a sexually oriented offense or a child-victim oriented offense committed on or after January 1, 1997, the judge shall include in the sentence a summary of the offender's duties imposed under sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and the duration of the duties. The judge shall inform the offender, at the time of sentencing, of those duties and of their duration. If required under division (A)(2) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that section, or, if required under division (A)(6) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that division.

(J)(1) Except as provided in division (J)(2) of this section, when considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit an offense in violation of section 2923.02 of the Revised Code, the sentencing court shall consider the factors applicable to the felony category of the violation of section 2923.02 of the Revised Code instead of the factors applicable to the felony category of the offense attempted.

(2) When considering sentencing factors under this section in
relation to an offender who is convicted of or pleads guilty to an attempt to commit a drug abuse offense for which the penalty is determined by the amount or number of unit doses of the controlled substance involved in the drug abuse offense, the sentencing court shall consider the factors applicable to the felony category that the drug abuse offense attempted would be if that drug abuse offense had been committed and had involved an amount or number of unit doses of the controlled substance that is within the next lower range of controlled substance amounts than was involved in the attempt.

(K) As used in this section:

(1) "Community addiction services provider" and "recovery support" have the same meanings as in section 5119.01 of the Revised Code.

(2) "Drug abuse offense" has the same meaning as in section 2925.01 of the Revised Code.

(3) "Qualifying assault offense" means a violation of section 2903.13 of the Revised Code for which the penalty provision in division (C)(8)(b) or (C)(9)(b) of that section applies.

(L) At the time of sentencing an offender for any sexually oriented offense, if the offender is a tier III sex offender/child-victim offender relative to that offense and the offender does not serve a prison term or jail term, the court may require that the offender be monitored by means of a global positioning device. If the court requires such monitoring, the cost of monitoring shall be borne by the offender. If the offender is indigent, the cost of compliance shall be paid by the crime victims reparations fund.

Sec. 2929.15. (A)(1) If in sentencing an offender for a
felony the court is not required to impose a prison term, a mandatory prison term, or a term of life imprisonment upon the offender, the court may directly impose a sentence that consists of one or more community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code. If the court is sentencing an offender for a fourth degree felony OVI offense under division (G)(1) of section 2929.13 of the Revised Code, in addition to the mandatory term of local incarceration imposed under that division and the mandatory fine required by division (B)(3) of section 2929.18 of the Revised Code, the court may impose upon the offender a community control sanction or combination of community control sanctions in accordance with sections 2929.16 and 2929.17 of the Revised Code. If the court is sentencing an offender for a third or fourth degree felony OVI offense under division (G)(2) of section 2929.13 of the Revised Code, in addition to the mandatory prison term or mandatory prison term and additional prison term imposed under that division, the court also may impose upon the offender a community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code, but the offender shall serve all of the prison terms so imposed prior to serving the community control sanction.

The duration of all community control sanctions imposed upon an offender under this division shall not exceed five years. If the offender absconds or otherwise leaves the jurisdiction of the court in which the offender resides without obtaining permission from the court or the offender's probation officer to leave the jurisdiction of the court, or if the offender is confined in any institution for the commission of any offense while under a community control sanction, the period of the community control sanction ceases to run until the offender is brought before the court for its further action. If the court sentences the offender to one or more nonresidential sanctions under section 2929.17 of
the Revised Code, the court shall impose as a condition of the nonresidential sanctions that, during the period of the sanctions, the offender must abide by the law and must not leave the state without the permission of the court or the offender's probation officer. The court may impose any other conditions of release under a community control sanction that the court considers appropriate, including, but not limited to, requiring that the offender not ingest or be injected with a drug of abuse and submit to random drug testing as provided in division (D) of this section to determine whether the offender ingested or was injected with a drug of abuse and requiring that the results of the drug test indicate that the offender did not ingest or was not injected with a drug of abuse.

(2)(a) If a court sentences an offender to any community control sanction or combination of community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, the court shall place the offender under the general control and supervision of a department of probation in the county that serves the court for purposes of reporting to the court a violation of any condition of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer. Alternatively, if the offender resides in another county and a county department of probation has been established in that county or that county is served by a multicounty probation department established under section 2301.27 of the Revised Code, the court may request the court of common pleas of that county to receive the offender into the general control and supervision of that county or multicounty department of probation for purposes of reporting to the court a violation of any condition of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the
departure of the offender from this state without the permission
of the court or the offender's probation officer, subject to the
jurisdiction of the trial judge over and with respect to the
person of the offender, and to the rules governing that department
of probation.

If there is no department of probation in the county that
serves the court, the court shall place the offender, regardless
of the offender's county of residence, under the general control
and supervision of the adult parole authority for purposes of
reporting to the court a violation of any of the sanctions, any
condition of release under a community control sanction imposed by
the court, a violation of law, or the departure of the offender
from this state without the permission of the court or the
offender's probation officer.

(b) If the court imposing sentence upon an offender sentences
the offender to any community control sanction or combination of
community control sanctions authorized pursuant to section
2929.16, 2929.17, or 2929.18 of the Revised Code, and if the
offender violates any condition of the sanctions, any condition of
release under a community control sanction imposed by the court,
vioiates any law, or departs the state without the permission of
the court or the offender's probation officer, the public or
private person or entity that operates or administers the sanction
or the program or activity that comprises the sanction shall
report the violation or departure directly to the sentencing
court, or shall report the violation or departure to the county or
multicounty department of probation with general control and
supervision over the offender under division (A)(2)(a) of this
section or the officer of that department who supervises the
offender, or, if there is no such department with general control
and supervision over the offender under that division, to the
adult parole authority. If the public or private person or entity
that operates or administers the sanction or the program or activity that comprises the sanction reports the violation or departure to the county or multicounty department of probation or the adult parole authority, the department's or authority's officers may treat the offender as if the offender were on probation and in violation of the probation, and shall report the violation of the condition of the sanction, any condition of release under a community control sanction imposed by the court, the violation of law, or the departure from the state without the required permission to the sentencing court.

(3) If an offender who is eligible for community control sanctions under this section admits to being drug addicted or the court has reason to believe that the offender is drug addicted, and if the offense for which the offender is being sentenced was related to the addiction, the court may require that the offender be assessed by a properly credentialed professional within a specified period of time and shall require the professional to file a written assessment of the offender with the court. If a court imposes treatment services and recovery support services as a community control sanction, the court shall direct the level and type of treatment services and recovery support services after consideration of the written assessment, if available at the time of sentencing, and recommendations of the professional and other treatment and recovery support community addiction services providers.

(4) If an assessment completed pursuant to division (A)(3) of this section indicates that the offender is addicted to drugs or alcohol, the court may include in any community control sanction imposed for a violation of section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code a requirement that the offender participate in a receive treatment and recovery support services.
program certified under section 5119.36 of the Revised Code or offered by another properly credentialed community addiction services provider or receive recovery supports specified in the statement of addiction and mental health services and recovery supports, described in division (G) of section 5119.22 of the Revised Code, for the relevant board of alcohol, drug addiction, and mental health services.

(B)(1) If the conditions of a community control sanction are violated or if the offender violates a law or leaves the state without the permission of the court or the offender's probation officer, the sentencing court may impose upon the violator one or more of the following penalties:

(a) A longer time under the same sanction if the total time under the sanctions does not exceed the five-year limit specified in division (A) of this section;

(b) A more restrictive sanction under section 2929.16, 2929.17, or 2929.18 of the Revised Code;

(c) A prison term on the offender pursuant to section 2929.14 of the Revised Code.

(2) The prison term, if any, imposed upon a violator pursuant to this division shall be within the range of prison terms available for the offense for which the sanction that was violated was imposed and shall not exceed the prison term specified in the notice provided to the offender at the sentencing hearing pursuant to division (B)(2) of section 2929.19 of the Revised Code. The court may reduce the longer period of time that the offender is required to spend under the longer sanction, the more restrictive sanction, or a prison term imposed pursuant to this division by the time the offender successfully spent under the sanction that was initially imposed.

(C) If an offender, for a significant period of time,
fulfills the conditions of a sanction imposed pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code in an exemplary manner, the court may reduce the period of time under the sanction or impose a less restrictive sanction, but the court shall not permit the offender to violate any law or permit the offender to leave the state without the permission of the court or the offender's probation officer.

(D)(1) If a court under division (A)(1) of this section imposes a condition of release under a community control sanction that requires the offender to submit to random drug testing, the department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section may cause the offender to submit to random drug testing performed by a laboratory or entity that has entered into a contract with any of the governmental entities or officers authorized to enter into a contract with that laboratory or entity under section 341.26, 753.33, or 5120.63 of the Revised Code.

(2) If no laboratory or entity described in division (D)(1) of this section has entered into a contract as specified in that division, the department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section shall cause the offender to submit to random drug testing performed by a reputable public laboratory to determine whether the individual who is the subject of the drug test ingested or was injected with a drug of abuse.

(3) A laboratory or entity that has entered into a contract pursuant to section 341.26, 753.33, or 5120.63 of the Revised Code shall perform the random drug tests under division (D)(1) of this section in accordance with the applicable standards that are included in the terms of that contract. A public laboratory shall perform the random drug tests under division (D)(2) of this section.
section in accordance with the standards set forth in the policies and procedures established by the department of rehabilitation and correction pursuant to section 5120.63 of the Revised Code. A laboratory or entity that performs the random drug testing on an offender under division (D)(1) or (2) of this section shall transmit the results of the drug test to the appropriate department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section.

Sec. 2929.18. (A) Except as otherwise provided in this division and in addition to imposing court costs pursuant to section 2947.23 of the Revised Code, the court imposing a sentence upon an offender for a felony may sentence the offender to any financial sanction or combination of financial sanctions authorized under this section or, in the circumstances specified in section 2929.32 of the Revised Code, may impose upon the offender a fine in accordance with that section. Financial sanctions that may be imposed pursuant to this section include, but are not limited to, the following:

(1) Restitution by the offender to the victim of the offender's crime or any survivor of the victim, in an amount based on the victim's economic loss. If the court imposes restitution, the court shall order that the restitution be made to the victim in open court, to the adult probation department that serves the county on behalf of the victim, to the clerk of courts, or to
another agency designated by the court. If the court imposes
restitution, at sentencing, the court shall determine the amount
of restitution to be made by the offender. If the court imposes
restitution, the court may base the amount of restitution it
orders on an amount recommended by the victim, the offender, a
presentence investigation report, estimates or receipts indicating
the cost of repairing or replacing property, and other
information, provided that the amount the court orders as
restitution shall not exceed the amount of the economic loss
suffered by the victim as a direct and proximate result of the
commission of the offense. If the court decides to impose
restitution, the court shall hold a hearing on restitution if the
offender, victim, or survivor disputes the amount. All restitution
payments shall be credited against any recovery of economic loss
in a civil action brought by the victim or any survivor of the
victim against the offender.

If the court imposes restitution, the court may order that
the offender pay a surcharge of not more than five per cent of the
amount of the restitution otherwise ordered to the entity
responsible for collecting and processing restitution payments.

The victim or survivor may request that the prosecutor in the
case file a motion, or the offender may file a motion, for
modification of the payment terms of any restitution ordered. If
the court grants the motion, it may modify the payment terms as it
determines appropriate.

(2) Except as provided in division (B)(1), (3), or (4) of
this section, a fine payable by the offender to the state, to a
political subdivision, or as described in division (B)(2) of this
section to one or more law enforcement agencies, with the amount
of the fine based on a standard percentage of the offender's daily
income over a period of time determined by the court and based
upon the seriousness of the offense. A fine ordered under this
division shall not exceed the maximum conventional fine amount authorized for the level of the offense under division (A)(3) of this section.

(3) Except as provided in division (B)(1), (3), or (4) of this section, a fine payable by the offender to the state, to a political subdivision when appropriate for a felony, or as described in division (B)(2) of this section to one or more law enforcement agencies, in the following amount:

(ii) All or part of the costs of confinement under a sanction imposed pursuant to section 2929.14, 2929.142, or 2929.16 of the Revised Code, provided that the amount of reimbursement ordered under this division shall not exceed the total amount of
reimbursement the offender is able to pay as determined at a
hearing and shall not exceed the actual cost of the confinement;

(iii) All or part of the cost of purchasing and using an
immobilizing or disabling device, including a certified ignition
interlock device, or a remote alcohol monitoring device that a
court orders an offender to use under section 4510.13 of the
Revised Code.

(b) If the offender is sentenced to a sanction of confinement
pursuant to section 2929.14 or 2929.16 of the Revised Code that is
to be served in a facility operated by a board of county
commissioners, a legislative authority of a municipal corporation,
or another local governmental entity, if, pursuant to section
307.93, 341.14, 341.19, 341.23, 753.02, 753.04, 753.16, 2301.56,
or 2947.19 of the Revised Code and section 2929.37 of the Revised
Code, the board, legislative authority, or other local
governmental entity requires prisoners to reimburse the county,
municipal corporation, or other entity for its expenses incurred
by reason of the prisoner's confinement, and if the court does not
impose a financial sanction under division (A)(5)(a)(ii) of this
section, confinement costs may be assessed pursuant to section
2929.37 of the Revised Code. In addition, the offender may be
required to pay the fees specified in section 2929.38 of the
Revised Code in accordance with that section.

(c) Reimbursement by the offender for costs pursuant to
section 2929.71 of the Revised Code.

(B)(1) For a first, second, or third degree felony violation

Code, the sentencing court shall impose upon the offender a
mandatory fine of at least one-half of, but not more than, the
maximum statutory fine amount authorized for the level of the
offense pursuant to division (A)(3) of this section. If an
offender alleges in an affidavit filed with the court prior to
sentencing that the offender is indigent and unable to pay the
mandatory fine and if the court determines the offender is an
indigent person and is unable to pay the mandatory fine described
in this division, the court shall not impose the mandatory fine
upon the offender.

(2) Any mandatory fine imposed upon an offender under
division (B)(1) of this section and any fine imposed upon an
offender under division (A)(2) or (3) of this section for any
fourth or fifth degree felony violation of any provision of
Chapter 2925., 3719., or 4729. of the Revised Code shall be paid
to law enforcement agencies pursuant to division (F) of section
2925.03 of the Revised Code.

(3) For a fourth degree felony OVI offense and for a third
degree felony OVI offense, the sentencing court shall impose upon
the offender a mandatory fine in the amount specified in division
(G)(1)(d) or (e) of section 4511.19 of the Revised Code, whichever
is applicable. The mandatory fine so imposed shall be disbursed as
provided in the division pursuant to which it is imposed.

(4) Notwithstanding any fine otherwise authorized or required
to be imposed under division (A)(2) or (3) or (B)(1) of this
section or section 2929.31 of the Revised Code for a violation of
section 2925.03 of the Revised Code, in addition to any penalty or
sanction imposed for that offense under section 2925.03 or
sections 2929.11 to 2929.18 of the Revised Code and in addition to
the forfeiture of property in connection with the offense as
prescribed in Chapter 2981. of the Revised Code, the court that
sentences an offender for a violation of section 2925.03 of the
Revised Code may impose upon the offender a fine in addition to
any fine imposed under division (A)(2) or (3) of this section and
in addition to any mandatory fine imposed under division (B)(1) of
this section. The fine imposed under division (B)(4) of this
section shall be used as provided in division (H) of section
2925.03 of the Revised Code. A fine imposed under division (B)(4) of this section shall not exceed whichever of the following is applicable:

(a) The total value of any personal or real property in which the offender has an interest and that was used in the course of, intended for use in the course of, derived from, or realized through conduct in violation of section 2925.03 of the Revised Code, including any property that constitutes proceeds derived from that offense;

(b) If the offender has no interest in any property of the type described in division (B)(4)(a) of this section or if it is not possible to ascertain whether the offender has an interest in any property of that type in which the offender may have an interest, the amount of the mandatory fine for the offense imposed under division (B)(1) of this section or, if no mandatory fine is imposed under division (B)(1) of this section, the amount of the fine authorized for the level of the offense imposed under division (A)(3) of this section.

(5) Prior to imposing a fine under division (B)(4) of this section, the court shall determine whether the offender has an interest in any property of the type described in division (B)(4)(a) of this section. Except as provided in division (B)(6) or (7) of this section, a fine that is authorized and imposed under division (B)(4) of this section does not limit or affect the imposition of the penalties and sanctions for a violation of section 2925.03 of the Revised Code prescribed under those sections or sections 2929.11 to 2929.18 of the Revised Code and does not limit or affect a forfeiture of property in connection with the offense as prescribed in Chapter 2981. of the Revised Code.

(6) If the sum total of a mandatory fine amount imposed for a first, second, or third degree felony violation of section 2925.03...
of the Revised Code under division (B)(1) of this section plus the
amount of any fine imposed under division (B)(4) of this section
does not exceed the maximum statutory fine amount authorized for
the level of the offense under division (A)(3) of this section or
section 2929.31 of the Revised Code, the court may impose a fine
for the offense in addition to the mandatory fine and the fine
imposed under division (B)(4) of this section. The sum total of
the amounts of the mandatory fine, the fine imposed under division
(B)(4) of this section, and the additional fine imposed under
division (B)(6) of this section shall not exceed the maximum
statutory fine amount authorized for the level of the offense
under division (A)(3) of this section or section 2929.31 of the
Revised Code. The clerk of the court shall pay any fine that is
imposed under division (B)(6) of this section to the county,
township, municipal corporation, park district as created pursuant
to section 511.18 or 1545.04 of the Revised Code, or state law
enforcement agencies in this state that primarily were responsible
for or involved in making the arrest of, and in prosecuting, the
offender pursuant to division (F) of section 2925.03 of the
Revised Code.

(7) If the sum total of the amount of a mandatory fine
imposed for a first, second, or third degree felony violation of
section 2925.03 of the Revised Code plus the amount of any fine
imposed under division (B)(4) of this section exceeds the maximum
statutory fine amount authorized for the level of the offense
under division (A)(3) of this section or section 2929.31 of the
Revised Code, the court shall not impose a fine under division
(B)(6) of this section.

(8)(a) If an offender who is convicted of or pleads guilty to
a violation of section 2905.01, 2905.02, 2907.21, 2907.22, or
2923.32, division (A)(1) or (2) of section 2907.323, or division
(B)(1), (2), (3), (4), or (5) of section 2919.22 of the Revised
Code also is convicted of or pleads guilty to a specification of the type described in section 2941.1422 of the Revised Code that charges that the offender knowingly committed the offense in furtherance of human trafficking, the sentencing court shall sentence the offender to a financial sanction of restitution by the offender to the victim or any survivor of the victim, with the restitution including the costs of housing, counseling, and medical and legal assistance incurred by the victim as a direct result of the offense and the greater of the following:

(i) The gross income or value to the offender of the victim's labor or services;

(9) In addition to any other fine that is or may be imposed under this section, the court imposing sentence upon an offender for a felony that is a sexually oriented offense or a child-victim oriented offense, as those terms are defined in section 2950.01 of the Revised Code, may impose a fine of not less than fifty nor more than five hundred dollars.

(C)(1) The offender shall pay reimbursements imposed upon the offender pursuant to division (A)(5)(a) of this section to pay the
costs incurred by the department of rehabilitation and correction in operating a prison or other facility used to confine offenders pursuant to sanctions imposed under section 2929.14, 2929.142, or 2929.16 of the Revised Code to the treasurer of state. The treasurer of state shall deposit the reimbursements in the confinement cost reimbursement fund that is hereby created in the state treasury. The department of rehabilitation and correction shall use the amounts deposited in the fund to fund the operation of facilities used to confine offenders pursuant to sections 2929.14, 2929.142, and 2929.16 of the Revised Code.

(2) Except as provided in section 2951.021 of the Revised Code, the offender shall pay reimbursements imposed upon the offender pursuant to division (A)(5)(a) of this section to pay the costs incurred by a county pursuant to any sanction imposed under this section or section 2929.16 or 2929.17 of the Revised Code or in operating a facility used to confine offenders pursuant to a sanction imposed under section 2929.16 of the Revised Code to the county treasurer. The county treasurer shall deposit the reimbursements in the sanction cost reimbursement fund that each board of county commissioners shall create in its county treasury. The county shall use the amounts deposited in the fund to pay the costs incurred by the county pursuant to any sanction imposed under this section or section 2929.16 or 2929.17 of the Revised Code or in operating a facility used to confine offenders pursuant to a sanction imposed under section 2929.16 of the Revised Code.

(3) (2) Except as provided in section 2951.021 of the Revised Code, the offender shall pay reimbursements imposed upon the offender pursuant to division (A)(5)(a) of this section to pay the costs incurred by a municipal corporation pursuant to any sanction imposed under this section or section 2929.16 or 2929.17 of the Revised Code or in operating a facility used to confine offenders pursuant to a sanction imposed under section 2929.16 of the Revised Code.
Revised Code to the treasurer of the municipal corporation. The treasurer shall deposit the reimbursements in a special fund that shall be established in the treasury of each municipal corporation. The municipal corporation shall use the amounts deposited in the fund to pay the costs incurred by the municipal corporation pursuant to any sanction imposed under this section or section 2929.16 or 2929.17 of the Revised Code or in operating a facility used to confine offenders pursuant to a sanction imposed under section 2929.16 of the Revised Code.

(4)(3) Except as provided in section 2951.021 of the Revised Code, the offender shall pay reimbursements imposed pursuant to division (A)(5)(a) of this section for the costs incurred by a private provider pursuant to a sanction imposed under this section or section 2929.16 or 2929.17 of the Revised Code to the provider.

(D) Except as otherwise provided in this division, a financial sanction imposed pursuant to division (A) or (B) of this section is a judgment in favor of the state or a political subdivision in which the court that imposed the financial sanction is located, and the offender subject to the financial sanction is the judgment debtor. A financial sanction of reimbursement imposed pursuant to division (A)(5)(a)(ii) of this section upon an offender who is incarcerated in a state facility or a municipal jail is a judgment in favor of the state or the municipal corporation, and the offender subject to the financial sanction is the judgment debtor. A financial sanction of reimbursement imposed upon an offender pursuant to this section for costs incurred by a private provider of sanctions is a judgment in favor of the private provider, and the offender subject to the financial sanction is the judgment debtor. A financial sanction of restitution imposed pursuant to division (A)(1) or (B)(8) of this section is an order in favor of the victim of the offender's criminal act that can be collected through a certificate of
judgment as described in division (D)(1) of this section, through execution as described in division (D)(2) of this section, or through an order as described in division (D)(3) of this section, and the offender shall be considered for purposes of the collection as the judgment debtor. Imposition of a financial sanction and execution on the judgment does not preclude any other power of the court to impose or enforce sanctions on the offender. Once the financial sanction is imposed as a judgment or order under this division, the victim, private provider, state, or political subdivision may do any of the following:

(1) Obtain from the clerk of the court in which the judgment was entered a certificate of judgment that shall be in the same manner and form as a certificate of judgment issued in a civil action;

(F) Each court imposing a financial sanction upon an offender under this section or under section 2929.32 of the Revised Code may designate the clerk of the court or another person to collect the financial sanction. The clerk or other person authorized by law or the court to collect the financial sanction may enter into contracts with one or more public agencies or private vendors for the collection of, amounts due under the financial sanction imposed pursuant to this section or section 2929.32 of the Revised Code. Before entering into a contract for the collection of amounts due from an offender pursuant to any financial sanction imposed pursuant to this section or section 2929.32 of the Revised Code, a court shall comply with sections 307.86 to 307.92 of the Revised Code.

(G) If a court that imposes a financial sanction under division (A) or (B) of this section finds that an offender satisfactorily has completed all other sanctions imposed upon the offender and that all restitution that has been ordered has been paid as ordered, the court may suspend any financial sanctions imposed pursuant to this section or section 2929.32 of the Revised Code that have not been paid.

(H) No financial sanction imposed under this section or section 2929.32 of the Revised Code shall preclude a victim from

The court shall consider any statement of a victim made pursuant to section 2930.14 or 2930.17 of the Revised Code, any victim impact statement prepared pursuant to section 2947.051 of the Revised Code, and any report made under division (G) of this section. The court may consider any written statement of any person submitted to the court pursuant to division (L) of this section. After ruling on the motion, the court shall notify the victim of the ruling in accordance with sections 2930.03 and 2930.16 of the Revised Code.

(J)(1) A court shall not grant a judicial release under this section to an eligible offender who is imprisoned for a felony of the first or second degree, or to an eligible offender who committed an offense under Chapter 2925. or 3719. of the Revised Code and for whom there was a presumption under section 2929.13 of the Revised Code in favor of a prison term, unless the court, with reference to factors under section 2929.12 of the Revised Code, finds both of the following:

(a) That a sanction other than a prison term would adequately punish the offender and protect the public from future criminal violations by the eligible offender because the applicable factors indicating a lesser likelihood of recidivism outweigh the applicable factors indicating a greater likelihood of recidivism;

(b) That a sanction other than a prison term would not demean the seriousness of the offense because factors indicating that the eligible offender's conduct in committing the offense was less
serious than conduct normally constituting the offense outweigh factors indicating that the eligible offender's conduct was more serious than conduct normally constituting the offense.

(2) A court that grants a judicial release to an eligible offender under division (J)(1) of this section shall specify on the record both findings required in that division and also shall list all the factors described in that division that were presented at the hearing.

(K) If the court grants a motion for judicial release under this section, the court shall order the release of the eligible offender, shall place the eligible offender under an appropriate community control sanction, under appropriate conditions, and under the supervision of the department of probation serving the court and shall reserve the right to reimpose the sentence that it reduced if the offender violates the sanction. If the court reimposes the reduced sentence, it may do so either concurrently with, or consecutive to, any new sentence imposed upon the eligible offender as a result of the violation that is a new offense. The period of community control shall be no longer than five years. The court, in its discretion, may reduce the period of community control by the amount of time the eligible offender spent in jail or prison for the offense and in prison. If the court made any findings pursuant to division (J)(1) of this section, the court shall serve a copy of the findings upon counsel for the parties within fifteen days after the date on which the court grants the motion for judicial release.

If the court grants a motion for judicial release, the court shall notify the appropriate person at the department of rehabilitation and correction, and the department shall post notice of the release on the database it maintains pursuant to section 5120.66 of the Revised Code. The court also shall notify the prosecuting attorney of the county in which the eligible

offender was indicted that the motion has been granted. Unless the victim or the victim's representative has requested pursuant to division (B)(2) of section 2930.03 of the Revised Code that the victim or victim's representative not be provided the notice, the prosecuting attorney shall notify the victim or the victim's representative of the judicial release in any manner, and in accordance with the same procedures, pursuant to which the prosecuting attorney is authorized to provide notice of the hearing pursuant to division (E)(2) of this section. If the notice is based on an offense committed prior to March 22, 2013, the notice to the victim or victim's representative also shall include the opt-out information described in division (D)(1) of section 2930.16 of the Revised Code.

(L) In addition to and independent of the right of a victim to make a statement pursuant to section 2930.14, 2930.17, or 2946.051 of the Revised Code and any right of a person to present written information or make a statement pursuant to division (I) of this section, any person may submit to the court, at any time prior to the hearing on the offender's motion for judicial release, a written statement concerning the effects of the offender's crime or crimes, the circumstances surrounding the crime or crimes, the manner in which the crime or crimes were perpetrated, and the person's opinion as to whether the offender should be released.

(M) The changes to this section that are made on September 30, 2011, apply to any judicial release decision made on or after September 30, 2011, for any eligible offender.

(N) Notwithstanding the eligibility requirements specified in division (A) of this section and the filing time frames specified in division (C) of this section and notwithstanding the findings required under division (J) of this section, the sentencing court, upon the court's own motion and after considering whether the
release of the offender into society would create undue risk to public safety, may grant a judicial release to an offender who is not serving a life sentence at any time during the offender's imposed sentence when the director of rehabilitation and correction certifies to the sentencing court through the chief medical officer for the department of rehabilitation and correction one of the following:

(1) That the offender is in imminent danger of death, is medically incapacitated, or is suffering from a terminal illness;

(2) That the offender has a permanent deterioration in mental or cognitive ability such that institutional confinement does not offer additional protections for public safety or against the offender's risk to reoffend;

(3) That other exigent circumstances exist such that institutional confinement does not offer additional protections for public safety or against the offender's risk to reoffend.

(O) The director of rehabilitation and correction shall not certify any offender under division (N) of this section who is serving a death sentence.

(P) A motion made by the court under division (N) of this section is subject to the notice, hearing, and other procedural requirements specified in divisions (D), (E), (G), (H), (I), (K), and (L) of this section, except for the following:

(1) The court may waive the offender's appearance at any hearing scheduled by the court if the offender's condition makes it impossible for the offender to participate meaningfully in the proceeding.

(2) The court may grant the motion without a hearing, provided that the prosecuting attorney and victim or victim's representative to whom notice of the hearing was provided under division (E) of this section indicate that they do not wish to
participate in the hearing or present information relevant to the motion.

(Q) After granting a judicial release under division (N) of this section, the court shall determine the health status of the released offender annually. If the offender's health improves so that the offender is no longer terminally ill, medically incapacitated, or in imminent danger of death, or that the exigent circumstances under division (N)(3) no longer exist, the court may, upon the court's own motion, reimpose the reduced sentence. The court shall not grant the motion without a hearing unless the offender waives a hearing. If a hearing is held, the court shall afford the offender and the offender's attorney an opportunity to present written and, if the offender or offender's attorney is present, oral information relevant to the motion. The court shall afford a similar opportunity to the prosecuting attorney, the victim or the victim's representative, and any other person the court determines is likely to present additional relevant information. A court that grants a motion under this division shall specify its findings on the record.

(R) The court may request health care records from the department of rehabilitation and correction to verify the certification made under division (N) of this section.

Sec. 2935.33. (A) If a person charged with a misdemeanor is taken before a judge of a court of record and if it appears to the judge that the person is an alcoholic or is suffering from acute alcohol intoxication and that the person would benefit from services provided by a community addiction services provider certified under Chapter 5119. of the Revised Code, the judge may place the person temporarily in a community addiction services provider certified under that chapter in the area in which the court has jurisdiction for inpatient care and treatment.
for an indefinite period not exceeding five days. The commitment does not limit the right to release on bail. The judge may dismiss a charge of a violation of division (B) of section 2917.11 of the Revised Code or of a municipal ordinance substantially equivalent to that division if the defendant complies with all the conditions of treatment ordered by the court.

The court may order that any fines or court costs collected by the court from defendants who have received inpatient care from a community addiction services provider be paid, for the benefit of the program, to the board of alcohol, drug addiction, and mental health services of the alcohol, drug addiction, and mental health service district in which the community addiction services provider is located or to the director of mental health and addiction services.

(B) If a person is being sentenced for a violation of division (B) of section 2917.11 or section 4511.19 of the Revised Code, a misdemeanor violation of section 2919.25 of the Revised Code, a misdemeanor violation of section 2919.27 of the Revised Code involving a protection order issued or consent agreement approved pursuant to section 2919.26 or 3113.31 of the Revised Code, or a violation of a municipal ordinance substantially equivalent to that division or any of those sections and if it appears to the judge at the time of sentencing that the person is an alcoholic or is suffering from acute alcohol intoxication and that, in lieu of imprisonment, the person would benefit from services provided by a community addiction services provider certified under Chapter 5119. of the Revised Code, the court may commit the person to close supervision in any facility in the area in which the court has jurisdiction that is, or is operated by, such a services provider. Such close supervision may include outpatient services and part-time release, except that a person convicted of a violation of division (A) of section 4511.19 of the
Revised Code shall be confined to the facility for at least three days and except that a person convicted of a misdemeanor violation of section 2919.25 of the Revised Code, a misdemeanor violation of section 2919.27 of the Revised Code involving a protection order issued or consent agreement approved pursuant to section 2919.26 or 3113.31 of the Revised Code, or a violation of a substantially equivalent municipal ordinance shall be confined to the facility in accordance with the order of commitment. A commitment of a person to a facility for purposes of close supervision shall not exceed the maximum term for which the person could be imprisoned.

(C) A law enforcement officer who finds a person subject to prosecution for violation of division (B) of section 2917.11 of the Revised Code or a municipal ordinance substantially equivalent to that division and who has reasonable cause to believe that the person is an alcoholic or is suffering from acute alcohol intoxication and would benefit from immediate treatment immediately may place the person with a community addiction services provider certified under Chapter 5119. of the Revised Code in the area in which the person is found, for emergency treatment, in lieu of other arrest procedures, for a maximum period of forty-eight hours. During that time, if the person desires to leave such custody, the person shall be released forthwith.

(D) As used in this section:

(1) "Alcoholic" and "community addiction services provider" have the same meaning as in section 5119.01 of the Revised Code;

(2) "Acute alcohol intoxication" means a heavy consumption of alcohol over a relatively short period of time, resulting in dysfunction of the brain centers controlling behavior, speech, and memory and causing characteristic withdrawal symptoms.
Sec. 2951.041. (A)(1) If an offender is charged with a criminal offense, including but not limited to a violation of section 2913.02, 2913.03, 2913.11, 2913.21, 2913.31, or 2919.21 of the Revised Code, and the court has reason to believe that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged or that, at the time of committing that offense, the offender had a mental illness, was a person with intellectual disability, or was a victim of a violation of section 2905.32 of the Revised Code and that the mental illness, status as a person with intellectual disability, or fact that the offender was a victim of a violation of section 2905.32 of the Revised Code was a factor leading to the offender's criminal behavior, the court may accept, prior to the entry of a guilty plea, the offender's request for intervention in lieu of conviction. The request shall include a statement from the offender as to whether the offender is alleging that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged or is alleging that, at the time of committing that offense, the offender had a mental illness, was a person with intellectual disability, or was a victim of a violation of section 2905.32 of the Revised Code and that the mental illness, status as a person with intellectual disability, or fact that the offender was a victim of a violation of section 2905.32 of the Revised Code was a factor leading to the offender's criminal offense with which the offender is charged. The request also shall include a waiver of the defendant's right to a speedy trial, the preliminary hearing, the time period within which the grand jury may consider an indictment against the offender, and arraignment, unless the hearing, indictment, or arraignment has already occurred. The court may reject an offender's request without a hearing. If the court elects to consider an offender's request, the court shall conduct a hearing to determine whether
the offender is eligible under this section for intervention in lieu of conviction and shall stay all criminal proceedings pending the outcome of the hearing. If the court schedules a hearing, the court shall order an assessment of the offender for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan. If the offender alleges that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged, the court may order that the offender be assessed by an community addiction services provider certified pursuant to section 5119.36 of the Revised Code or a properly credentialed professional for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan. The community addiction services provider or the properly credentialed professional shall provide a written assessment of the offender to the court.

(2) The victim notification provisions of division (C) of section 2930.08 of the Revised Code apply in relation to any hearing held under division (A)(1) of this section.

(B) An offender is eligible for intervention in lieu of conviction if the court finds all of the following:

(1) The offender previously has not been convicted of or pleaded guilty to a felony offense of violence or previously has been convicted of or pleaded guilty to any felony that is not an offense of violence and the prosecuting attorney recommends that the offender be found eligible for participation in intervention in lieu of treatment under this section, previously has not been through intervention in lieu of conviction under this section or any similar regimen, and is charged with a felony for which the court, upon conviction, would impose a community control sanction on the offender under division (B)(2) of section 2929.13 of the Revised Code.
Revised Code or with a misdemeanor.

(2) The offense is not a felony of the first, second, or third degree, is not an offense of violence, is not a violation of division (A)(1) or (2) of section 2903.06 of the Revised Code, is not a violation of division (A)(1) of section 2903.08 of the Revised Code, is not a violation of division (A) of section 4511.19 of the Revised Code or a municipal ordinance that is substantially similar to that division, and is not an offense for which a sentencing court is required to impose a mandatory prison term, a mandatory term of local incarceration, or a mandatory term of imprisonment in a jail.

(3) The offender is not charged with a violation of section 2925.02, 2925.04, or 2925.06 of the Revised Code, is not charged with a violation of section 2925.03 of the Revised Code that is a felony of the first, second, third, or fourth degree, and is not charged with a violation of section 2925.11 of the Revised Code that is a felony of the first, second, or third degree.

(4) If an offender alleges that drug or alcohol usage by the offender was a factor leading to the criminal offense with which the offender is charged, the court has ordered that the offender be assessed by an a community addiction services provider certified pursuant to section 5119.36 of the Revised Code or a properly credentialed professional for the purpose of determining the offender's eligibility for intervention in lieu of conviction and recommending an appropriate intervention plan, the offender has been assessed by an a community addiction services provider of that nature or a properly credentialed professional in accordance with the court's order, and the community addiction services provider or properly credentialed professional has filed the written assessment of the offender with the court.

(5) If an offender alleges that, at the time of committing the criminal offense with which the offender is charged, the
offender had a mental illness, was a person with intellectual
disability, or was a victim of a violation of section 2905.32 of
the Revised Code and that the mental illness, status as a person
with intellectual disability, or fact that the offender was a
victim of a violation of section 2905.32 of the Revised Code was a
factor leading to that offense, the offender has been assessed by
a psychiatrist, psychologist, independent social worker, licensed
professional clinical counselor, or independent marriage and
family therapist for the purpose of determining the offender's
eligibility for intervention in lieu of conviction and
recommending an appropriate intervention plan.

(6) The offender's drug usage, alcohol usage, mental illness,
or intellectual disability, or the fact that the offender was a
victim of a violation of section 2905.32 of the Revised Code,
whichever is applicable, was a factor leading to the criminal
offense with which the offender is charged, intervention in lieu
of conviction would not demean the seriousness of the offense, and
intervention would substantially reduce the likelihood of any
future criminal activity.

(7) The alleged victim of the offense was not sixty-five
years of age or older, permanently and totally disabled, under
thirteen years of age, or a peace officer engaged in the officer's
official duties at the time of the alleged offense.

(8) If the offender is charged with a violation of section
2925.24 of the Revised Code, the alleged violation did not result
in physical harm to any person, and the offender previously has
not been treated for drug abuse.

(9) The offender is willing to comply with all terms and
conditions imposed by the court pursuant to division (D) of this
section.

(10) The offender is not charged with an offense that would
result in the offender being disqualified under Chapter 4506. of the Revised Code from operating a commercial motor vehicle or would subject the offender to any other sanction under that chapter.

(C) At the conclusion of a hearing held pursuant to division (A) of this section, the court shall enter its determination as to whether the offender is eligible for intervention in lieu of conviction and as to whether to grant the offender's request. If the court finds under division (B) of this section that the offender is eligible for intervention in lieu of conviction and grants the offender's request, the court shall accept the offender's plea of guilty and waiver of the defendant's right to a speedy trial, the preliminary hearing, the time period within which the grand jury may consider an indictment against the offender, and arraignment, unless the hearing, indictment, or arraignment has already occurred. In addition, the court then may stay all criminal proceedings and order the offender to comply with all terms and conditions imposed by the court pursuant to division (D) of this section. If the court finds that the offender is not eligible or does not grant the offender's request, the criminal proceedings against the offender shall proceed as if the offender's request for intervention in lieu of conviction had not been made.

(D) If the court grants an offender's request for intervention in lieu of conviction, the court shall place the offender under the general control and supervision of the county probation department, the adult parole authority, or another appropriate local probation or court services agency, if one exists, as if the offender was subject to a community control sanction imposed under section 2929.15, 2929.18, or 2929.25 of the Revised Code. The court shall establish an intervention plan for the offender. The terms and conditions of the intervention plan
shall require the offender, for at least one year from the date on
which the court grants the order of intervention in lieu of
conviction, to abstain from the use of illegal drugs and alcohol,
to participate in treatment services and recovery supports, and to submit to regular random testing for drug and
alcohol use and may include any other treatment terms and
conditions, or terms and conditions similar to community control
sanctions, which may include community service or restitution,
that are ordered by the court.

(E) If the court grants an offender's request for
intervention in lieu of conviction and the court finds that the
offender has successfully completed the intervention plan for the
offender, including the requirement that the offender abstain from
using illegal drugs and alcohol for a period of at least one year
from the date on which the court granted the order of intervention
in lieu of conviction, the requirement that the offender
participate in treatment services and recovery supports, and all other terms and conditions ordered by the court,
the court shall dismiss the proceedings against the offender.
Successful completion of the intervention plan and period of
abstinence under this section shall be without adjudication of
guilt and is not a criminal conviction for purposes of any
disqualification or disability imposed by law and upon conviction
of a crime, and the court may order the sealing of records related
to the offense in question in the manner provided in sections
2953.31 to 2953.36 of the Revised Code.

(F) If the court grants an offender's request for
intervention in lieu of conviction and the offender fails to
comply with any term or condition imposed as part of the
intervention plan for the offender, the supervising authority for
the offender promptly shall advise the court of this failure, and
the court shall hold a hearing to determine whether the offender
failed to comply with any term or condition imposed as part of the
plan. If the court determines that the offender has failed to
comply with any of those terms and conditions, it shall enter a
finding of guilty and shall impose an appropriate sanction under
Chapter 2929. of the Revised Code. If the court sentences the
offender to a prison term, the court, after consulting with the
department of rehabilitation and correction regarding the
availability of services, may order continued court-supervised
activity and treatment of the offender during the prison term and,
upon consideration of reports received from the department
concerning the offender's progress in the program of activity and
treatment, may consider judicial release under section 2929.20 of
the Revised Code.

(G) As used in this section:

(1) "Community addiction services provider" and "recovery
support" have the same meanings as in section 5119.01 of the

2935.01 of the Revised Code.

(5) "Mental illness" and "psychiatrist" have the same

(H) Whenever the term "mentally retarded person" is used in any statute, rule, contract, grant, or other document, the reference shall be deemed to include a "person with intellectual disability," as defined in this section.

Sec. 2967.14. (A) The department of rehabilitation and correction or the adult parole authority may require or allow a parolee, a releasee, or a prisoner otherwise released from a state correctional institution to reside in a halfway house or other suitable community residential center that has been licensed by the division of parole and community services pursuant to division (C) of this section during a part or for the entire period of the offender's or parolee's conditional release or of the releasee's term of post-release control. The court of common pleas that placed an offender under a sanction consisting of a term in a halfway house or in an alternative residential sanction may require the offender to reside in a halfway house or other suitable community residential center that is designated by the court and that has been licensed by the division pursuant to division (C) of this section during a part or for the entire period of the offender's residential sanction.

(B) The division of parole and community services may negotiate and enter into agreements with any public or private agency or a department or political subdivision of the state that operates a halfway house, reentry center, or community residential center that has been licensed by the division pursuant to division (C) of this section. An agreement under this division shall provide for the purchase of beds, shall set limits of supervision and levels of occupancy, and shall determine the scope of services for all eligible offenders, including those subject to a residential sanction, as defined in rules adopted by the director.
of rehabilitation and correction in accordance with Chapter 119.

supervision. The payments for beds and services shall not exceed
the total operating costs of the halfway house, reentry center, or
community residential center during the term of an agreement. The
director of rehabilitation and correction shall adopt rules in
accordance with Chapter 119. of the Revised Code for determining
includable and excludable costs and income to be used in computing
the agency's average daily per capita costs with its facility at
full occupancy.

The director of rehabilitation and correction shall adopt
rules providing for the use of no more than fifteen per cent of
the amount appropriated to the department each fiscal year for the
halfway house, reentry center, and community residential center
program to pay for contracts with licensed halfway houses for
nonresidential services for offenders under the supervision of the
adult parole authority, including but not limited to, offenders
supervised pursuant to an agreement entered into by the adult
parole authority and a court of common pleas under section 2301.32
of the Revised Code. The nonresidential services may include, but
are not limited to, treatment for substance abuse, mental health
counseling, counseling for sex offenders, electronic monitoring
services, aftercare, and other nonresidential services that the
director identifies by rule.

(C) The division of parole and community services may license
a halfway house, reentry center, or community residential center
as a suitable facility for the care and treatment of adult
offenders, including offenders sentenced under section 2929.16 or

center, or community residential center complies with the
standards that the division adopts in accordance with Chapter 119.
of the Revised Code for the licensure of halfway houses, reentry
centers, and community residential centers. The division shall annually inspect each licensed halfway house, licensed reentry center, and licensed community residential center to determine if it is in compliance with the licensure standards.

(D) The division of parole and community services may expend up to one-half per cent of the annual appropriation made for halfway house programs, for goods or services that benefit those programs.

Sec. 2969.14. (A) If a separate account has been maintained in the name of an offender in the crime victims recovery fund and if there is no further requirement to pay into the fund money, or the monetary value of property, pursuant to section 2929.32 of the Revised Code, unless otherwise ordered by a court of record in which a judgment has been rendered against the offender or the representatives of the offender, the clerk of the court of claims shall pay the money remaining in the separate account in accordance with division (B) of this section, if all of the following apply:

(1) The applicable period of time that governs the making of payments from the separate account, as set forth in division (C)(1) of section 2969.12 of the Revised Code, has elapsed.

(2) None of the civil actions against the offender or the representatives of the offender of which the clerk of the court of claims has been notified pursuant to division (B)(1) of section 2969.12 of the Revised Code is pending.

(3) All judgments for which payment was requested pursuant to division (B)(3) of section 2969.12 of the Revised Code have been paid.

(B) If the clerk of the court of claims is required by division (A) of this section to pay the money remaining in the
separate account established in the name of an offender in accordance with this division, the clerk shall pay the money as follows:

If any money remains in the separate account after the payment of the costs of the confinement pursuant to this division, the clerk shall pay the remaining money in accordance with divisions (B)(2), (3), and (5) of this section.

(2) If the offender was confined for a felony in a facility operated by a county or a municipal corporation, after payment of any costs required to be paid under division (B)(1) of this section, the clerk shall pay the money to the treasurer of the county or of the municipal corporation that operated the facility, in accordance with division (C)(2)(1) or (3)(2) of section 2929.18 of the Revised Code, to cover the costs of the confinement. If more than one county or municipal corporation operated a facility in which the offender was confined, the clerk shall equitably apportion the money among each of those counties and municipal corporations. If any money remains in the separate account after the payment of the costs of the confinement pursuant to this division, the clerk shall pay the remaining money in accordance with divisions (B)(3)(2) and (5)(4) of this section.

(3)(2) If the offender was sentenced for a felony to any community control sanction other than a sanction described in division (B)(2)(1) of this section, after payment of any costs required to be paid under division (B)(1) or (2) of this section, the clerk shall pay the money to the treasurer of the county or of
the municipal corporation that incurred costs pursuant to the sanction, in accordance with division (C) (2)(1) or (2)(2) of section 2929.18 of the Revised Code, to cover the costs so incurred. If more than one county or municipal corporation incurred costs pursuant to the sanction, the clerk shall equitably apportion the money among each of those counties and municipal corporations. If any money remains in the separate account after the payment of the costs of the sanction pursuant to this division, the clerk shall pay the remaining money in accordance with division (B) (5)(4) of this section.

(4)(3) If the offender was imprisoned or incarcerated for a misdemeanor, to the treasurer of the political subdivision that operates the facility in which the offender was imprisoned or incarcerated, to cover the costs of the imprisonment or incarceration. If more than one political subdivision operated a facility in which the offender was confined, the clerk shall equitably apportion the money among each of those political subdivisions. If any money remains in the separate account after the payment of the costs of the imprisonment or incarceration under this division, the clerk shall pay the remaining money in accordance with division (B) (5)(4) of this section.

(5)(4) If any money remains in the separate account after payment of any costs required to be paid under division (B)(1), (2), or (3), or (4) of this section, or if no provision of division (B)(1), (2), or (3), or (4) of this section applies, the clerk shall distribute the amount of the money remaining in the separate account as otherwise provided by law for the distribution of money paid in satisfaction of a fine, as if that amount was a fine paid by the offender.

Sec. 2981.12. (A) Unclaimed or forfeited property in the custody of a law enforcement agency, other than property described...
in division (A)(2) of section 2981.11 of the Revised Code, shall be disposed of by order of any court of record that has territorial jurisdiction over the political subdivision that employs the law enforcement agency, as follows:

(1) Drugs shall be disposed of pursuant to section 3719.11 of the Revised Code or placed in the custody of the secretary of the treasury of the United States for disposal or use for medical or scientific purposes under applicable federal law.

(2) Firearms and dangerous ordnance suitable for police work may be given to a law enforcement agency for that purpose. Firearms suitable for sporting use or as museum pieces or collectors' items may be sold at public auction pursuant to division (B) of this section. The agency may sell other firearms and dangerous ordnance to a federally licensed firearms dealer in a manner that the court considers proper. The agency shall destroy any firearms or dangerous ordnance not given to a law enforcement agency or sold or shall send them to the bureau of criminal identification and investigation for destruction by the bureau.

(3) Obscene materials shall be destroyed.

(4) Beer, intoxicating liquor, or alcohol seized from a person who does not hold a permit issued under Chapters 4301. and 4303. of the Revised Code or otherwise forfeited to the state for an offense under section 4301.45 or 4301.53 of the Revised Code shall be sold by the division of liquor control if the division determines that it is fit for sale or shall be placed in the custody of the investigations unit in the department of public safety and be used for training relating to law enforcement activities. The department, with the assistance of the division of liquor control, shall adopt rules in accordance with Chapter 119. of the Revised Code to provide for the distribution to state or local law enforcement agencies upon their request. If any tax imposed under Title XLIII of the Revised Code has not been paid in
relation to the beer, intoxicating liquor, or alcohol, any moneys acquired from the sale shall first be used to pay the tax. All other money collected under this division shall be paid into the state treasury. Any beer, intoxicating liquor, or alcohol that the division determines to be unfit for sale shall be destroyed.

(5) Money received by an inmate of a correctional institution from an unauthorized source or in an unauthorized manner shall be returned to the sender, if known, or deposited in the inmates' industrial and entertainment fund of the institution if the sender is not known.

(6)(a) Any mobile instrumentality forfeited under this chapter may be given to the law enforcement agency that initially seized the mobile instrumentality for use in performing its duties, if the agency wants the mobile instrumentality. The agency shall take the mobile instrumentality subject to any security interest or lien on the mobile instrumentality.

(b) Vehicles and vehicle parts forfeited under sections 4549.61 to 4549.63 of the Revised Code may be given to a law enforcement agency for use in performing its duties. Those parts may be incorporated into any other official vehicle. Parts that do not bear vehicle identification numbers or derivatives of them may be sold or disposed of as provided by rules of the director of public safety. Parts from which a vehicle identification number or derivative of it has been removed, defaced, covered, altered, or destroyed and that are not suitable for police work or incorporation into an official vehicle shall be destroyed and sold as junk or scrap.

(7) Computers, computer networks, computer systems, and computer software suitable for police work may be given to a law enforcement agency for that purpose or disposed of under division (B) of this section.
(8) Money seized in connection with a violation of section 2905.32, 2907.21, or 2907.22 of the Revised Code shall be deposited in the victims of human trafficking fund created by section 5101.87 of the Revised Code.

(B) Unclaimed or forfeited property that is not described in division (A) of this section or division (A)(2) of section 2981.11 of the Revised Code, with court approval, may be used by the law enforcement agency in possession of it. If it is not used by the agency, it may be sold without appraisal at a public auction to the highest bidder for cash or disposed of in another manner that the court considers proper.

(C) Except as provided in divisions (A) and (F) of this section and after compliance with division (D) of this section when applicable, any moneys acquired from the sale of property disposed of pursuant to this section shall be placed in the general revenue fund of the state, or the general fund of the county, the township, or the municipal corporation of which the law enforcement agency involved is an agency.

(D) If the property was in the possession of the law enforcement agency in relation to a delinquent child proceeding in a juvenile court, ten per cent of any moneys acquired from the sale of property disposed of under this section shall be applied to one or more community addiction treatment services providers that are certified by the department of mental health and addiction services under section 5119.36, as defined in section 5119.01 of the Revised Code. A juvenile court shall not specify a services provider, except as provided in this division, unless the services provider is in the same county as the court or in a contiguous county. If no certified services provider is located in any of those counties, the juvenile court may specify a certified services provider anywhere in Ohio. The remaining ninety per cent of the proceeds or cash shall be applied as provided in division
(C) of this section.

Each services provider that receives in any calendar year forfeited money under this division shall file an annual report for that year with the attorney general and with the court of common pleas and board of county commissioners of the county in which the services provider is located and of any other county from which the services provider received forfeited money. The services provider shall file the report on or before the first day of March in the calendar year following the calendar year in which the services provider received the money. The report shall include statistics on the number of persons the services provider served, identify the types of treatment services it provided to them, and include a specific accounting of the purposes for which it used the money so received. No information contained in the report shall identify, or enable a person to determine the identity of, any person served by the services provider.

(E) Each certified community addiction services provider that receives in any calendar year money under this section or under section 2981.13 of the Revised Code as the result of a juvenile forfeiture order shall file an annual report for that calendar year with the attorney general and with the court of common pleas and board of county commissioners of the county in which the services provider is located and of any other county from which the services provider received the money. The services provider shall file the report on or before the first day of March in the calendar year following the year in which the services provider received the money. The report shall include statistics on the number of persons served with the money, identify the types of treatment services provided, and specifically account for how the money was used. No information in the report shall identify or enable a person to determine the identity of anyone served by the services provider.
As used in this division, "juvenile-related forfeiture order" means any forfeiture order issued by a juvenile court under section 2981.04 or 2981.05 of the Revised Code and any disposal of property ordered by a court under section 2981.11 of the Revised Code regarding property that was in the possession of a law enforcement agency in relation to a delinquent child proceeding in a juvenile court.

(F) Each board of county commissioners that recognizes a citizens' reward program under section 9.92 of the Revised Code shall notify each law enforcement agency of that county and of a township or municipal corporation wholly located in that county of the recognition by filing a copy of its resolution conferring that recognition with each of those agencies. When the board recognizes a citizens' reward program and the county includes a part, but not all, of the territory of a municipal corporation, the board shall so notify the law enforcement agency of that municipal corporation of the recognition of the citizens' reward program only if the county contains the highest percentage of the municipal corporation's population.

Upon being so notified, each law enforcement agency shall pay twenty-five per cent of any forfeited proceeds or cash derived from each sale of property disposed of pursuant to this section to the citizens' reward program for use exclusively to pay rewards. No part of the funds may be used to pay expenses associated with the program. If a citizens' reward program that operates in more than one county or in another state in addition to this state receives funds under this section, the funds shall be used to pay rewards only for tips and information to law enforcement agencies concerning offenses committed in the county from which the funds were received.

Receiving funds under this section or section 2981.11 of the Revised Code does not make the citizens' reward program a
governmental unit or public office for purposes of section 149.43 of the Revised Code.

(G) Any property forfeited under this chapter shall not be used to pay any fine imposed upon a person who is convicted of or pleads guilty to an underlying criminal offense or a different offense arising out of the same facts and circumstances.

(H) Any moneys acquired from the sale of personal effects, tools, or other property seized because the personal effects, tools, or other property were used in the commission of a violation of section 2905.32, 2907.21, or 2907.22 of the Revised Code or derived from the proceeds of the commission of a violation of section 2905.32, 2907.21, or 2907.22 of the Revised Code and disposed of pursuant to this section shall be placed in the victims of human trafficking fund created by section 5101.87 of the Revised Code.

Sec. 2981.13. (A) Except as otherwise provided in this section, property ordered forfeited as contraband, proceeds, or an instrumentality pursuant to this chapter shall be disposed of, used, or sold pursuant to section 2981.12 of the Revised Code. If the property is to be sold under that section, the prosecutor shall cause notice of the proposed sale to be given in accordance with law.

(B) If the contraband or instrumentality forfeited under this chapter is sold, any moneys acquired from a sale and any proceeds forfeited under this chapter shall be applied in the following order:

(1) First, to pay costs incurred in the seizure, storage, maintenance, security, and sale of the property and in the forfeiture proceeding;

(2) Second, in a criminal forfeiture case, to satisfy any
restitution ordered to the victim of the offense or, in a civil
forfeiture case, to satisfy any recovery ordered for the person
harmed, unless paid from other assets;

(3) Third, to pay the balance due on any security interest
preserved under this chapter;

(4) Fourth, apply the remaining amounts as follows:

(a) If the forfeiture was ordered by a juvenile court, ten
per cent to one or more certified alcohol and drug community
addiction treatment programs services providers as provided
specified in division (D) of section 2981.12 of the Revised Code;

(b) If the forfeiture was ordered in a juvenile court, ninety
per cent, and if the forfeiture was ordered in a court other than
a juvenile court, one hundred per cent to the law enforcement
trust fund of the prosecutor and to the following fund supporting
the law enforcement agency that substantially conducted the
investigation: the law enforcement trust fund of the county
sheriff, municipal corporation, township, or park district created
under section 511.18 or 1545.01 of the Revised Code; the state
highway patrol contraband, forfeiture, and other fund; the
department of public safety investigative unit contraband,
forfeiture, and other fund; the department of taxation enforcement
fund; the board of pharmacy drug law enforcement fund created by
division (B)(1) of section 4729.65 of the Revised Code; the
medicaid fraud investigation and prosecution fund; the casino
control commission enforcement fund created by section 3772.36 of
the Revised Code; or the treasurer of state for deposit into the
peace officer training commission fund if any other state law
enforcement agency substantially conducted the investigation. In
the case of property forfeited for medicaid fraud, any remaining
amount shall be used by the attorney general to investigate and
prosecute medicaid fraud offenses.
If the prosecutor declines to accept any of the remaining amounts, the amounts shall be applied to the fund of the agency that substantially conducted the investigation.

(c) If more than one law enforcement agency is substantially involved in the seizure of property forfeited under this chapter, the court ordering the forfeiture shall equitably divide the amounts, after calculating any distribution to the law enforcement trust fund of the prosecutor pursuant to division (B)(4) of this section, among the entities that the court determines were substantially involved in the seizure.

(C)(1) A law enforcement trust fund shall be established by the prosecutor of each county who intends to receive any remaining amounts pursuant to this section, by the sheriff of each county, by the legislative authority of each municipal corporation, by the board of township trustees of each township that has a township police department, township or joint police district police force, or office of the constable, and by the board of park commissioners of each park district created pursuant to section 511.18 or 1545.01 of the Revised Code that has a park district police force or law enforcement department, for the purposes of this section.

There is hereby created in the state treasury the state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the medicaid fraud investigation and prosecution fund, the department of taxation enforcement fund, and the peace officer training commission fund, for the purposes of this section.

Amounts distributed to any municipal corporation, township, or park district law enforcement trust fund shall be allocated from the fund by the legislative authority only to the police department of the municipal corporation, by the board of township trustees only to the township police department, township police
district police force, or office of the constable, by the joint police district board only to the joint police district, and by the board of park commissioners only to the park district police force or law enforcement department.

(2)(a) No amounts shall be allocated to a fund created under this section or used by an agency unless the agency has adopted a written internal control policy that addresses the use of moneys received from the appropriate fund. The appropriate fund shall be expended only in accordance with that policy and, subject to the requirements specified in this section, only for the following purposes:

(i) To pay the costs of protracted or complex investigations or prosecutions;

(ii) To provide reasonable technical training or expertise;

(iii) To provide matching funds to obtain federal grants to aid law enforcement, in the support of DARE programs or other programs designed to educate adults or children with respect to the dangers associated with the use of drugs of abuse;

(iv) To pay the costs of emergency action taken under section 3745.13 of the Revised Code relative to the operation of an illegal methamphetamine laboratory if the forfeited property or money involved was that of a person responsible for the operation of the laboratory;

(v) For other law enforcement purposes that the superintendent of the state highway patrol, department of public safety, prosecutor, county sheriff, legislative authority, department of taxation, Ohio casino control commission, board of township trustees, or board of park commissioners determines to be appropriate.

(b) The board of pharmacy drug law enforcement fund shall be expended only in accordance with the written internal control policy.
policy so adopted by the board and only in accordance with section 4729.65 of the Revised Code, except that it also may be expended to pay the costs of emergency action taken under section 3745.13 of the Revised Code relative to the operation of an illegal methamphetamine laboratory if the forfeited property or money involved was that of a person responsible for the operation of the laboratory.

(c) The state highway patrol contraband, forfeiture, and other fund, the department of public safety investigative unit contraband, forfeiture, and other fund, the department of taxation enforcement fund, the board of pharmacy drug law enforcement fund, the casino control commission enforcement fund, and a law enforcement trust fund shall not be used to meet the operating costs of the state highway patrol, of the investigative unit of the department of public safety, of the state board of pharmacy, of any political subdivision, of the Ohio casino control commission, or of any office of a prosecutor or county sheriff that are unrelated to law enforcement.

(d) Forfeited moneys that are paid into the state treasury to be deposited into the peace officer training commission fund shall be used by the commission only to pay the costs of peace officer training.

(3) Any of the following offices or agencies that receive amounts under this section during any calendar year shall file a report with the specified entity, not later than the thirty-first day of January of the next calendar year, verifying that the moneys were expended only for the purposes authorized by this section or other relevant statute and specifying the amounts expended for each authorized purpose:

(a) Any sheriff or prosecutor shall file the report with the county auditor.
(b) Any municipal corporation police department shall file the report with the legislative authority of the municipal corporation.

(c) Any township police department, township or joint police district police force, or office of the constable shall file the report with the board of township trustees of the township.

(d) Any park district police force or law enforcement department shall file the report with the board of park commissioners of the park district.

(e) The superintendent of the state highway patrol and the tax commissioner shall file the report with the attorney general.

(f) The executive director of the state board of pharmacy shall file the report with the attorney general, verifying that cash and forfeited proceeds paid into the board of pharmacy drug law enforcement fund were used only in accordance with section 4729.65 of the Revised Code.

(g) The peace officer training commission shall file a report with the attorney general, verifying that cash and forfeited proceeds paid into the peace officer training commission fund pursuant to this section during the prior calendar year were used by the commission during the prior calendar year only to pay the costs of peace officer training.

(h) The executive director of the Ohio casino control commission shall file the report with the attorney general, verifying that cash and forfeited proceeds paid into the casino control commission enforcement fund were used only in accordance with section 3772.36 of the Revised Code.

(D) The written internal control policy of a county sheriff, prosecutor, municipal corporation police department, township police department, township or joint police district police force, office of the constable, or park district police force or law
enforcement department shall provide that at least ten per cent of
the first one hundred thousand dollars of amounts deposited during
each calendar year in the agency's law enforcement trust fund
under this section, and at least twenty per cent of the amounts
exceeding one hundred thousand dollars that are so deposited,
shall be used in connection with community preventive education
programs. The manner of use shall be determined by the sheriff,
prosecutor, department, police force, or office of the constable
after receiving and considering advice on appropriate community
preventive education programs from the county's board of alcohol,
drug addiction, and mental health services, from the county's
alcohol and drug addiction services board, or through appropriate
community dialogue.

The financial records kept under the internal control policy
shall specify the amount deposited during each calendar year in
the portion of that amount that was used pursuant to this
division, and the programs in connection with which the portion of
that amount was so used.

As used in this division, "community preventive education
programs" include, but are not limited to, DARE programs and other
programs designed to educate adults or children with respect to
the dangers associated with using drugs of abuse.

(E) Upon the sale, under this section or section 2981.12 of
the Revised Code, of any property that is required by law to be
titled or registered, the state shall issue an appropriate
certificate of title or registration to the purchaser. If the
state is vested with title and elects to retain property that is
required to be titled or registered under law, the state shall
issue an appropriate certificate of title or registration.

(F) Any failure of a law enforcement officer or agency,
prosecutor, court, or the attorney general to comply with this
section in relation to any property seized does not affect the
validity of the seizure and shall not be considered to be the basis for suppressing any evidence resulting from the seizure, provided the seizure itself was lawful.

Sec. 3119.27. (A) A court that issues or modifies a court support order, or an administrative agency that issues or modifies an administrative child support order, shall impose on the obligor under the support order a processing charge that is the greater in the amount of two per cent of the support payment to be collected under a support order or one dollar per month. No court or agency may call the charge a poundage fee.

(B) In each child support case that is a Title IV-D case, the department of job and family services shall annually claim twenty-five dollars from the processing charge described in division (A) of this section for federal reporting purposes if the obligee has never received assistance under Title IV-A and the department has collected at least five hundred dollars of child support for the obligee. The director of job and family services shall adopt rules under Chapter 119. of the Revised Code to implement this division, and the department shall implement this division not later than March 31, 2008.

(C) As used in this section:

(1) "Annual" means the period as defined in regulations issued by the United States secretary of health and human services to implement the Deficit Reduction Act of 2005 (P.L. 109-171).

(2) "Title IV-A" has the same meaning as in section 5107.02 of the Revised Code.

(3) "Title IV-D case" has the same meaning as in section 3125.01 of the Revised Code.

Sec. 3121.03. If a court or child support enforcement agency that issued or modified a support order, or the agency
administering the support order, is required by the Revised Code to issue one or more withholding or deduction notices described in this section or other orders described in this section, the court or agency shall issue one or more of the following types of notices or orders, as appropriate, for payment of the support and also, if required by the Revised Code or the court, to pay any arrearages:

(A)(1) If the court or the child support enforcement agency determines that the obligor is receiving income from a payor, the court or agency shall require the payor to do all of the following:

(a) Withhold from the obligor's income a specified amount for support in satisfaction of the support order and begin the withholding no later than fourteen business days following the date the notice is mailed or transmitted to the payor under section 3121.035, 3123.021, or 3123.06 of the Revised Code and division (A)(2) of this section or, if the payor is an employer, no later than the first pay period that occurs after fourteen business days following the date the notice is mailed or transmitted;

(b) Send the amount withheld to the office of child support in the department of job and family services pursuant to section 3121.43 of the Revised Code immediately but not later than seven business days after the date the obligor is paid;

(c) Continue the withholding at intervals specified in the notice until further notice from the court or child support enforcement agency.

To the extent possible, the amount specified to be withheld shall satisfy the amount ordered for support in the support order plus any arrearages owed by the obligor under any prior support order that pertained to the same child or spouse, notwithstanding...
any applicable limitations of sections 2329.66, 2329.70, 2716.02, 2716.041, and 2716.05 of the Revised Code. However, in no case shall the sum of the amount to be withheld and any fee withheld by the payor as a charge for its services exceed the maximum amount permitted under section 303(b) of the "Consumer Credit Protection Act," 15 U.S.C. 1673(b).

(2) A court or agency that imposes an income withholding requirement shall, within the applicable time specified in section 3119.80, 3119.81, 3121.035, 3123.021, or 3123.06 of the Revised Code, send to the obligor's payor by regular mail or via secure federally managed data transmission interface a notice that contains all of the information applicable to withholding notices set forth in section 3121.037 of the Revised Code. The notice is final and is enforceable by the court.

(B)(1) If the court or child support enforcement agency determines that the obligor has funds that are not exempt under the laws of this state or the United States from execution, attachment, or other legal process and are on deposit in an account in a financial institution under the jurisdiction of the court that issued the court support order, or in the case of an administrative child support order, under the jurisdiction of the common pleas court of the county in which the agency that issued or is administering the order is located, the court or agency may require any financial institution in which the obligor's funds are on deposit to do all of the following:

(a) Deduct from the obligor's account a specified amount for support in satisfaction of the support order and begin the deduction no later than fourteen business days following the date the notice was mailed or transmitted to the financial institution under section 3121.035 or 3123.06 of the Revised Code and division (B)(2) of this section;

(b) Send the amount deducted to the office of child support
in the department of job and family services pursuant to section 3121.43 of the Revised Code immediately but not later than seven business days after the date the latest deduction was made;

(c) Provide the date on which the amount was deducted;

(d) Continue the deduction at intervals specified in the notice until further notice from the court or child support enforcement agency.

To the extent possible, the amount to be deducted shall satisfy the amount ordered for support in the support order plus any arrearages that may be owed by the obligor under any prior support order that pertained to the same child or spouse, notwithstanding the limitations of sections 2329.66, 2329.70, and 2716.13 of the Revised Code.

(2) A court or agency that imposes a deduction requirement shall, within the applicable period of time specified in section 3119.80, 3119.81, 3121.035, or 3123.06 of the Revised Code, send to the financial institution by regular mail or via secure federally managed data transmission interface a notice that contains all of the information applicable to deduction notices set forth in section 3121.037 of the Revised Code. The notice is final and is enforceable by the court.

(C) With respect to any court support order it issues, a court may issue an order requiring the obligor to enter into a cash bond with the court. The court shall issue the order as part of the court support order or, if the court support order has previously been issued, as a separate order. The cash bond shall be in a sum fixed by the court at not less than five hundred nor more than ten thousand dollars, conditioned that the obligor will make payment as previously ordered and will pay any arrearages under any prior court support order that pertained to the same child or spouse.
The order, along with an additional order requiring the obligor to immediately notify the child support enforcement agency, in writing, if the obligor begins to receive income from a payor, shall be attached to and served on the obligor at the same time as service of the court support order or, if the court support order has previously been issued, as soon as possible after the issuance of the order under this section. The additional order requiring notice by the obligor shall state all of the following:

(1) That when the obligor begins to receive income from a payor the obligor may request that the court cancel its bond order and instead issue a notice requiring the withholding of an amount from income for support in accordance with this section;

(2) That when the obligor begins to receive income from a payor the court will proceed to collect on the bond if the court determines that payments due under the court support order have not been made and that the amount that has not been paid is at least equal to the support owed for one month under the court support order and will issue a notice requiring the withholding of an amount from income for support in accordance with this section. The notice required of the obligor shall include a description of the nature of any new employment, the name and business address of any new employer, and any other information reasonably required by the court.

The court shall not order an obligor to post a cash bond under this section unless the court determines that the obligor has the ability to do so.

A child support enforcement agency may not issue a cash bond order. If a child support enforcement agency is required to issue a withholding or deduction notice under this section with respect to a court support order but the agency determines that no withholding or deduction notice would be appropriate, the agency
may request that the court issue a cash bond order under this section, and upon the request, the court may issue the order.

(D)(1) If the obligor under a court support order is unemployed, has no income, and does not have an account at any financial institution, or on request of a child support enforcement agency under division (D)(1) or (2) of this section, the court shall issue an order requiring the obligor, if able to engage in employment, to seek employment or participate in a work activity to which a recipient of assistance under Title IV-A of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, may be assigned as specified in section 407(d) of the "Social Security Act," 42 U.S.C.A. 607(d), as amended. The court shall include in the order requirements that the obligor register with OhioMeansJobs and to notify the child support enforcement agency on obtaining employment, obtaining any income, or obtaining ownership of any asset with a value of five hundred dollars or more. The court may issue the order regardless of whether the obligee to whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." The court shall issue the order as part of a court support order or, if a court support order has previously been issued, as a separate order. If a child support enforcement agency is required to issue a withholding or deduction notice under this section with respect to a court support order but determines that no withholding or deduction notice would be appropriate, the agency may request that the court issue a court order under division (D)(1) of this section, and, on the request, the court may issue the order.

(2) If the obligor under an administrative child support order is unemployed, has no income, and does not have an account at any financial institution, the agency shall issue an administrative order requiring the obligor, if able to engage in
employment, to seek employment or participate in a work activity to which a recipient of assistance under Title IV-A of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, may be assigned as specified in section 407(d) of the "Social Security Act," 42 U.S.C.A. 607(d), as amended. The agency shall include in the order a requirement that the obligor register with OhioMeansJobs and to notify the agency on obtaining employment or income, or ownership of any asset with a value of five hundred dollars or more. The agency may issue the order regardless of whether the obligee to whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." If an obligor fails to comply with an administrative order issued pursuant to division (D)(2) of this section, the agency shall submit a request to a court for the court to issue an order under division (D)(1) of this section.

Sec. 3301.079. (A)(1) The state board of education periodically shall adopt statewide academic standards with emphasis on coherence, focus, and essential knowledge and that are more challenging and demanding when compared to international standards for each of grades kindergarten through twelve in English language arts, mathematics, science, and social studies.

(a) The state board shall ensure that the standards do all of the following:

(i) Include the essential academic content and skills that students are expected to know and be able to do at each grade level that will allow each student to be prepared for postsecondary instruction and the workplace for success in the twenty-first century;

(ii) Include the development of skill sets that promote information, media, and technological literacy;

(iii) Include interdisciplinary, project-based, real-world
learning opportunities;

(iv) Instill life-long learning by providing essential knowledge and skills based in the liberal arts tradition, as well as science, technology, engineering, mathematics, and career-technical education;

(v) Be clearly written, transparent, and understandable by parents, educators, and the general public.

(b) Not later than July 1, 2012, the state board shall incorporate into the social studies standards for grades four to twelve academic content regarding the original texts of the Declaration of Independence, the Northwest Ordinance, the Constitution of the United States and its amendments, with emphasis on the Bill of Rights, and the Ohio Constitution, and their original context. The state board shall revise the model curricula and achievement assessments adopted under divisions (B) and (C) of this section as necessary to reflect the additional American history and American government content. The state board shall make available a list of suggested grade-appropriate supplemental readings that place the documents prescribed by this division in their historical context, which teachers may use as a resource to assist students in reading the documents within that context.

(c) When the state board adopts or revises academic content standards in social studies, American history, American government, or science under division (A)(1) of this section, the state board shall develop such standards independently and not as part of a multistate consortium.

(2) After completing the standards required by division (A)(1) of this section, the state board shall adopt standards and model curricula for instruction in technology, financial literacy and entrepreneurship, fine arts, and foreign language for grades
kindergarten through twelve. The standards shall meet the same
requirements prescribed in division (A)(1)(a) of this section.

(3) The state board shall adopt the most recent standards
developed by the national association for sport and physical
education for physical education in grades kindergarten through
twelve or shall adopt its own standards for physical education in
those grades and revise and update them periodically.

The department of education shall employ a full-time physical
education coordinator to provide guidance and technical assistance
to districts, community schools, and STEM schools in implementing
the physical education standards adopted under this division. The
superintendent of public instruction shall determine that the
person employed as coordinator is qualified for the position, as
demonstrated by possessing an adequate combination of education,
license, and experience.

(4) When academic standards have been completed for any
subject area required by this section, the state board shall
inform all school districts, all community schools established
under Chapter 3314. of the Revised Code, all STEM schools
established under Chapter 3326. of the Revised Code, and all
nonpublic schools required to administer the assessments
prescribed by sections 3301.0710 and 3301.0712 of the Revised Code

including diagnostic assessments and nationally standardized
norm-referenced achievement assessments that measure reading and
math skills.

(d) Any chartered nonpublic school that is not subject to
division (K)(1)(a) of this section may participate in the
assessment program by administering any of the assessments
prescribed by division (A) of section 3301.0710 of the Revised
Code. The chief administrator of the school shall specify which
assessments the school will administer. Such specification shall
be made in writing to the superintendent of public instruction

The department also may use anchor questions on assessments to ensure that different versions of the same assessment are of comparable difficulty.

(a) The first administration of each assessment, as specified in former section 3301.0712 of the Revised Code, shall be a public record.

(b) For subsequent administrations of each assessment prior to the 2011-2012 school year, not less than forty per cent of the questions on the assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (N)(3) of this section.

(C) Not later than July 1, 2017, for the 2016-2017 school year, and for each school year thereafter.

The superintendent shall not establish any performance indicator for passage of the third or fourth grade English language arts assessment that is solely based on the assessment given in the fall for the purpose of determining whether students have met the reading guarantee provisions of section 3313.608 of the Revised Code.

Sec. 3302.03. Annually, not later than the fifteenth day of
September or the preceding Friday when that day falls on a Saturday or Sunday, the department of education shall assign a letter grade for overall academic performance and for each separate performance measure for each school district, and each school building in a district, in accordance with this section. The state board shall adopt rules pursuant to Chapter 119. of the Revised Code to establish performance criteria for each letter grade and prescribe a method by which the department assigns each letter grade. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the state board shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall grade. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and letter grade system described in this section. The department shall include on the report card for each district and each building within each district the most recent two-year trend data in student achievement for each subject and each grade.

(A)(1) For the 2012-2013 school year, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as adopted by the state board. In adopting benchmarks for assigning letter grades under division (A)(1)(b) of this section, the state board of education shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."
(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.02 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (A)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates. In adopting benchmarks for assigning letter grades under division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the department shall designate a four-year adjusted cohort graduation rate of ninety-three per cent or higher for an "A" and a five-year cohort graduation rate of ninety-five per cent or higher for an "A."

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available. The letter grade assigned for this growth measure shall be as follows:

(i) A score that is at least two standard errors of measure above the mean score shall be designated as an "A."

(ii) A score that is at least one standard error of measure but less than two standard errors of measure above the mean score shall be designated as a "B."

(iii) A score that is less than one standard error of measure above the mean score but greater than or equal to one standard error of measure below the mean score shall be designated as a "C."

(iv) A score that is not greater than one standard error of measure below the mean score but is greater than or equal to two standard errors of measure below the mean score shall be
designated as a "D."

(v) A score that is not greater than two standard errors of measure below the mean score shall be designated as an "F."

Whenever the value-added progress dimension is used as a graded performance measure, whether as an overall measure or as a measure of separate subgroups, the grades for the measure shall be calculated in the same manner as prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of education shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and, not later than June 30, 2013, shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, including performance benchmarks for each letter grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.
(B)(1) For the 2013-2014 school year, the department shall
issue grades as described in division (E) of this section for each
of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or
building. Grades shall be awarded as a percentage of the total
possible points on the performance index system as created by the
department. In adopting benchmarks for assigning letter grades
under division (B)(1)(b) of this section, the state board shall
designate ninety per cent or higher for an "A," at least seventy
per cent but not more than eighty per cent for a "C," and less
than fifty per cent for an "F."

(c) The extent to which the school district or building meets
each of the applicable performance indicators established by the
state board under section 3302.03 of the Revised Code and the
percentage of applicable performance indicators that have been
achieved. In adopting benchmarks for assigning letter grades under
division (B)(1)(c) of this section, the state board shall
designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress
dimension of a school district or building, for which the
department shall use up to three years of value-added data as
available.

(f) The value-added progress dimension score for a school
district or building disaggregated for each of the following
subgroups: students identified as gifted in superior cognitive
ability and specific academic ability fields under Chapter 3324.
of the Revised Code, students with disabilities, and students
whose performance places them in the lowest quintile for
achievement on a statewide basis. Each subgroup shall be a
separate graded measure.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to districts and buildings for purposes of division (B)(1)(g) of this section. In adopting benchmarks for assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of this section, the state board shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading and writing diagnostic assessments administered under section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under divisions (B)(1)(g) and (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of...
students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive industry-recognized credentials. The state
board shall adopt criteria for acceptable industry-recognized credentials.

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.

(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(4) There shall not be an overall letter grade for a school district or building for the 2013-2014 school year.

(C)(1) For the 2014-2015 school year and each school year thereafter, the department shall issue grades as described in division (E) of this section for each of the performance measures prescribed in division (C)(1) of this section and an overall letter grade based on an aggregate of those measures, except for the performance measure set forth in division (C)(1)(i) of this section. The graded measures are as follows:
(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for which the department shall use up to three years of value-added data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "B" or higher.

Beginning with the report cards issued for the 2015-2016 school year, the overall score under the value-added progress
dimension under division (C)(1)(e) of this section shall include the high school academic progress data prescribed under division (D) of this section.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

Beginning with the report cards issued for the 2015-2016 school year, the disaggregated value-added progress dimension scores under division (C)(1)(f) of this section shall include the high school academic progress data prescribed under division (D) of this section, disaggregated by subgroup.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress
in improving literacy in grades kindergarten through three, as

determined using a method prescribed by the state board. The state
board shall adopt rules to prescribe benchmarks and standards for
assigning grades to a district or building for purposes of
division (C)(1)(g) of this section. The state board shall
designate for a "C" grade a value that is not lower than the
previous year's statewide average value for this measure. No grade
shall be issued under division (C)(1)(g) of this section for a
district or building in which less than five per cent of students
have scored below grade level on the kindergarten diagnostic
assessment under division (B)(1) of section 3313.608 of the
Revised Code, unless five per cent or more of students fail to
score proficient or above on the English language arts assessment
prescribed under division (A)(1)(a) of section 3301.0710 of the
Revised Code.

(h) The percentage of students in the third grade to whom
both of the following apply:

(i) The student has never been retained under section
3313.608 of the Revised Code and is promoted to the fourth grade.

(ii) The student is not exempt from the retention provision
of section 3313.608 of the Revised Code, as prescribed in
divisions (A)(2)(a) to (e) of that section.

In adopting benchmarks for assigning a letter grade under
division (C)(1)(h) of this section, the state board shall
designate ninety-seven per cent or higher for an "A."

(i) For a high mobility school district or building, an
additional value-added progress dimension score. For this measure,
the department shall use value-added data from the most recent
school year available and shall use assessment scores for only
those students to whom the district or building has administered
the assessments prescribed by section 3301.0710 of the Revised
Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061 of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum.
requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code.

(3) The state board shall adopt rules pursuant to Chapter 119. of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2014-2015 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade Early literacy, which shall include the performance measures in division divisions (C)(1)(g) and (h) of this section;
(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than or equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing
committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) Not later than July 1, 2015, the state board department shall develop a method to determine student academic progress for high school students using only data from assessments in English language arts and mathematics. For the 2014-2015 school year, the department shall include this measure on a school district or building's report card, as applicable, without an assigned letter grade. Beginning with the report card for the 2015-2016 school year, each school district and applicable school building shall be assigned a separate letter grade for this measure and the district's or building's grade for that measure shall be included in determining the district's or building's overall letter grade. This measure shall be included within the measure prescribed in division (C)(3)(c) of this section in the calculation for the overall letter grade the results of the end-of-course examinations in English language arts and mathematics required under division (B)(2) of section 3301.0712 of the Revised Code and a method to include such data in determining the grades for the progress measures prescribed by divisions (C)(1)(e) and (f) of this section. This high school academic progress data shall be included in the grades for the measures prescribed by divisions (C)(1)(e) and (f) of this section beginning with the report card issued for the 2015-2016 school year.

(E) The letter grades assigned to a school district or building under this section shall be as follows:

(1) "A" for a district or school making excellent progress;

(2) "B" for a district or school making above average
progress;

(3) "C" for a district or school making average progress;

(4) "D" for a district or school making below average progress;

(5) "F" for a district or school failing to meet minimum progress.

(F) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(7) Performance of students grouped by those who are economically disadvantaged;

(8) Performance of students grouped by those who are enrolled in a conversion community school established under Chapter 3314 of the Revised Code;

(9) Performance of students grouped by those who are classified as limited English proficient;

(10) Performance of students grouped by those who have disabilities;
(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than ten students, the department shall indicate on the report card that is why data was not reported.

(G) The department may include with the report cards any
additional education and fiscal performance data it deems valuable.

(H) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. When available, such additional information shall include student mobility data disaggregated by race and socioeconomic status, college enrollment data, and the reports prepared under section 3302.031 of the Revised Code.

The department shall maintain a site on the world wide web. The report card shall include the address of the site and shall specify that such additional information is available to the public at that site. The department shall also provide a copy of each item on the list to the superintendent of each school district. The district superintendent shall provide a copy of any item on the list to anyone who requests it.

(I) Division (I) of this section does not apply to conversion community schools that primarily enroll students between sixteen and twenty-two years of age who dropped out of high school or are at risk of dropping out of high school due to poor attendance, disciplinary problems, or suspensions.

(1) For any district that sponsors a conversion community school under Chapter 3314. of the Revised Code, the department shall combine data regarding the academic performance of students enrolled in the community school with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the report card issued for the district under this section or section 3302.033 of the Revised Code.

(2) Any district that leases a building to a community school located in the district or that enters into an agreement with a
community school located in the district whereby the district and the school endorse each other's programs may elect to have data regarding the academic performance of students enrolled in the community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district report card. Any district that so elects shall annually file a copy of the lease or agreement with the department.

(3) Any municipal school district, as defined in section 3311.71 of the Revised Code, that sponsors a community school located within the district's territory, or that enters into an agreement with a community school located within the district's territory whereby the district and the community school endorse each other's programs, may exercise either or both of the following elections:

(a) To have data regarding the academic performance of students enrolled in that community school combined with comparable data from the schools of the district for the purpose of determining the performance of the district as a whole on the district's report card;

(b) To have the number of students attending that community school noted separately on the district's report card.

The election authorized under division (I)(3)(a) of this section is subject to approval by the governing authority of the community school.

Any municipal school district that exercises an election to combine or include data under division (I)(3) of this section, by the first day of October of each year, shall file with the department documentation indicating eligibility for that election, as required by the department.

(J) The department shall include on each report card the
percentage of teachers in the district or building who are highly qualified, as defined by the No Child Left Behind Act of 2001, and a comparison of that percentage with the percentages of such teachers in similar districts and buildings.

(K)(1) In calculating English language arts, mathematics, social studies, or science assessment passage rates used to determine school district or building performance under this section, the department shall include all students taking an assessment with accommodation or to whom an alternate assessment is administered pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code.

(2) In calculating performance index scores, rates of achievement on the performance indicators established by the state board under section 3302.02 of the Revised Code, and annual measurable objectives for determining adequate yearly progress for school districts and buildings under this section, the department shall do all of the following:

(a) Include for each district or building only those students who are included in the ADM certified for the first full school week of October and are continuously enrolled in the district or building through the time of the spring administration of any assessment prescribed by division (A)(1) or (B)(1) of section 3301.0710 or division (B) of section 3301.0712 of the Revised Code that is administered to the student's grade level;

(b) Include cumulative totals from both the fall and spring administrations of the third grade English language arts achievement assessment;

(c) Except as required by the No Child Left Behind Act of 2001, exclude for each district or building any limited English proficient student who has been enrolled in United States schools for less than one full school year.
Beginning with the 2015-2016 school year and at least once every three years thereafter, the state board of education shall review and may adjust the benchmarks for assigning letter grades to the performance measures and components prescribed under divisions (C)(3) and (D) of this section.

Sec. 3302.034. (A) Not later than December 31, 2013, the state board of education shall adopt and specify measures in addition to those included on the report card issued under section 3302.03 of the Revised Code. The measures adopted under this section shall be reported separately, as specified under division (B) of this section, for each school district, each building in a district, each community school established under Chapter 3314., each STEM school established under Chapter 3326., and each college-preparatory boarding school established under Chapter 3328. of the Revised Code. The measures shall include at least the following:

(1) Data for students who have passed over a grade or subject area under an acceleration policy prescribed under section 3324.10 of the Revised Code;

(2) The number of students who are economically disadvantaged as determined by the department of education;

(3) The number of lead teachers employed by each district and each building once the data is available through the education management information system established under section 3301.0714 of the Revised Code;

(4) The amount of students screened and identified as gifted under Chapter 3324. of the Revised Code;

(5) Postgraduate student outcome data as described under division (E)(2)(d)(ii) of section 3314.017 of the Revised Code;

(6) Availability of courses in fine arts;
(7) Participation with other school districts to provide career-technical education services to students.

(8) The amount of extracurricular services offered to students.

(B) The department shall report this information annually beginning with the 2013-2014 school year and make this information available on its web site for comparison purposes.

Sec. 3302.15. (A) Notwithstanding anything to the contrary in Chapter 3301. or 3302. of the Revised Code, the board of education of a school district, governing authority of a community school established under Chapter 3314. of the Revised Code, or governing body of a STEM school established under Chapter 3326. of the Revised Code may submit to the superintendent of public instruction, during the 2015-2016 school year, a request for a waiver for up to five school years from administering the state achievement assessments required under sections 3301.0710 and 3301.0712 of the Revised Code and related requirements specified under division (C)(B)(2) of this section. A district or school that obtains a waiver under this section shall use the alternative assessment system, as proposed by the district or school and as approved by the state superintendent, in place of the assessments required under sections 3301.0710 and 3301.0712 of the Revised Code.

(B) To be eligible to submit a request for a waiver under this section, a school district shall be a member of the Ohio innovation lab network.

(C)(1) A request for a waiver under this section shall contain the following:

(a) A timeline to develop and implement an alternative assessment system for the school district or school;

(c) An overview of the proposed alternative assessment system, including links to state-accepted and nationally accepted metrics, assessments, and evaluations;

(f) An acknowledgement by the school district or school of federal funding that may be impacted by obtaining a waiver.

(2) The request for a waiver shall indicate the extent to which exemptions from state or federal requirements regarding the administration of the assessments required under sections 3301.0710 and 3301.0712 of the Revised Code are sought. Such items from which a school district or school may be exempt are as follows:

(E) Not later than thirty days after receiving (D) Upon
receipt of a request for a waiver, the state superintendent shall
approve or deny the waiver or may request additional information
from the district or school. The state superintendent shall not
grant waivers to more than a total of ten school districts,
community schools, or STEM schools, based on requests for a waiver
received during the 2015-2016 school year. A waiver granted to a
school district or school shall be contingent on an ongoing review
and evaluation by the state superintendent of the program for
which the waiver was granted.

(F)(E) (1) For the purpose of this section, the department of
education shall seek a waiver from the testing requirements
prescribed under the "No Child Left Behind Act of 2001," if
necessary to implement this section.
(2) The department shall create a mechanism for the comparison of the alternative assessments prescribed under division (C) of this section and the assessments required under sections 3301.0710 and 3301.0712 of the Revised Code as it relates to the evaluation of teachers and student achievement data for the purpose of state report card ratings.

(F) For purposes of this section, "innovative educational program or strategy" means a program or strategy using a new idea or method aimed at increasing student engagement and preparing students to be college or career ready.

Sec. 3302.16. (A) As used in this section, "high-performing school district" means a city, local, or exempted village school district, including a municipal school district as defined in section 3311.71 of the Revised Code, or a joint vocational school district that meets all of the following performance criteria for the two most recent school years for which data is available:

(1) The district received a grade of "A" for the overall value-added progress dimension under division (C)(1)(a) of section 3302.03 of the Revised Code.

(2) Not less than ninety-five per cent of third grade students enrolled in the district scored proficient or higher on the third grade English language arts assessment prescribed by division (A)(1)(a) of section 3301.0710 of the Revised Code.

(3) The district had a four-year cohort graduation rate of ninety-three per cent or higher.

For the purpose of determining whether a joint vocational school district is considered a high-performing school district under this division, the department of education shall develop performance criteria that are equivalent to those described in divisions (A)(1) to (3) of this section for joint vocational
school districts, based on report cards issued under section 3302.033 of Revised Code.

(B) Beginning with the 2017-2018 school year, in addition to the conditions prescribed in division (A) of this section, to be qualified as a "high-performing school district," for purposes of this section, not less than seventy-five per cent of students enrolled in the district included in the four-year adjusted cohort graduation rate shall be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code on the nationally standardized assessments prescribed by division (B)(1) of section 3301.0712 of the Revised Code.

(C) A school district that meets the requirements prescribed by division (A), and division (B) when applicable, of this section shall be considered high-performing for three years unless the district fails to meet the requirement in division (A)(2) of this section. Failure to meet that measure shall result in an immediate loss of high-performing status for the district.

(D) Notwithstanding anything to the contrary in the Revised Code, beginning in the 2016-2017 school year, the board of education of a high-performing school district shall be exempt from all of the following:

(1) The teacher credential qualification requirements under the third-grade reading guarantee, as prescribed under divisions (B)(3)(c) and (H) of section 3313.608 of the Revised Code. This exemption does not relieve a teacher from holding a valid Ohio license, as defined in section 3319.31 of the Revised Code, in a subject area and grade level determined appropriate by the board of education of that district.

(2) Any provision of the Revised Code or rule or standard of the state board of education prescribing a minimum or maximum class size;
(3) The requirement to have a service agreement with an educational service center under division (B)(1) of section 3313.843 of the Revised Code;

(4) The requirement to consult with an educational service center to provide services to children with disabilities in division (C) of section 3317.15 of the Revised Code.

(E) A high-performing school district may permit qualified individuals who do not have a valid Ohio license, as defined in section 3319.31 of the Revised Code, to teach classes for not more than a total of forty hours a week in accordance with section 3319.301 of the Revised Code.

In order to qualify for an exemption from the provisions listed in divisions (D) and (E) of this section, the board of education of a high-performing school district must elect to do so by resolution.

(F) Beginning in the 2016-2017 school year, a high-performing school district may apply for, and the superintendent of public instruction may issue, a waiver that exempts a high-performing school district from provisions of the Revised Code or rules or standards of the state board not specified in this section. The state superintendent shall consider every application for a waiver and determine whether to grant or deny a waiver on a case-by-case basis.

(G) Notwithstanding anything to the contrary in the Revised Code, noncompliance with any of the requirements listed in divisions (D) and (E) of this section shall not disqualify a high-performing school district from receiving funds under Chapter 3317. of the Revised Code.

Sec. 3302.42. (A) The competency-based education pilot program is hereby established. Under the program, the department
of education shall provide grants to city, local, and exempted village school districts, including municipal school districts as defined in section 3311.71 of the Revised Code, joint vocational school districts, community schools established under Chapter 3314. of the Revised Code, and STEM schools established under Chapter 3326. of the Revised Code for designing and implementing competency-based models of education for their students during the 2016-2017, 2017-2018, and 2018-2019 school years.

(D) A district or school selected to participate in the program under division (B) of this section shall remain subject to all accountability requirements in state and federal law that are applicable to that district or school.

(2) If a community school is selected to participate in the program under division (B) of this section, each student enrolled in the school who is participating in competency-based education shall be considered to be a full-time equivalent student while participating in competency-based education for purposes of funding under Chapter 3314. of the Revised Code, as determined by the department.

(3) If a STEM school is selected to participate in the program under division (B) of this section, each student enrolled in the school who is participating in competency-based education shall be considered to be a full-time equivalent student while participating in competency-based education for purposes of funding under Chapter 3326. of the Revised Code, as determined by the department.

(F)(1) Not later than December 31, 2016, the department shall post on its web site a preliminary report that examines the planning and implementation of competency-based education in the
districts and schools selected to participate in the program under division (B) of this section.

(2) Not later than December 31, 2018, the department shall post on its web site a report that includes all of the following:

(a) A review of the competency-based education offered by the districts and schools selected to participate in the program under division (B) of this section;

labor and material for such improvement or repair, which is the lowest in the aggregate. In all other respects, the award of contracts for improvement or repair, but not for purchases made under section 3327.08 of the Revised Code, shall be pursuant to section 153.12 of the Revised Code.

(7) The contract shall be between the board and the bidders. The board shall pay the contract price for the work pursuant to sections 153.13 and 153.14 of the Revised Code. The board shall approve and retain the estimates referred to in section 153.13 of the Revised Code and make them available to the auditor of state upon request.

(8) When two or more bids are equal, in the whole, or in any part thereof, and are lower than any others, either may be accepted, but in no case shall the work be divided between such bidders.

(9) When there is reason to believe there is collusion or combination among the bidders, or any number of them, the bids of those concerned therein shall be rejected.

(B) Division (A) of this section does not apply to the board of education of any school district in any of the following situations:

(1) The acquisition of educational materials used in teaching.

(2) If the board determines and declares by resolution adopted by two-thirds of all its members that any item is available and can be acquired only from a single source.

(3) If the board declares by resolution adopted by two-thirds of all its members that division (A) of this section does not apply to any installation, modification, or remodeling involved in any energy conservation measure undertaken through an installment payment contract under section 3313.372 of the Revised Code or
undertaken pursuant to division (G) of section 133.06 of the Revised Code.

(4) The acquisition of computer software for instructional purposes and computer hardware for instructional purposes pursuant to division (B)(4) of section 3313.37 of the Revised Code.

(C) No resolution adopted pursuant to division (B)(2) or (3) of this section shall have any effect on whether sections 153.12 to 153.14 and 153.54 of the Revised Code apply to the board of education of any school district with regard to any item.

Sec. 3313.603. (A) As used in this section:

(1) "One unit" means a minimum of one hundred twenty hours of course instruction, except that for a laboratory course, "one unit" means a minimum of one hundred fifty hours of course instruction.

(7) Social studies, two units.

Each school shall integrate the study of economics and financial literacy, as expressed in the social studies academic content standards adopted by the state board of education under division (A)(1) of section 3301.079 of the Revised Code and the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of that section, into one or more existing social studies credits required under
division (C)(7) of this section, or into the content of another class, so that every high school student receives instruction in those concepts. In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.
The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Whereas teacher quality is essential for student success when completing the requirements for graduation, the general assembly shall appropriate funds for strategic initiatives designed to strengthen schools' capacities to hire and retain highly qualified teachers in the subject areas required by the curriculum. Such initiatives are expected to require an investment of $120,000,000 over five years.

Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board and the chancellor of the Ohio board of regents director of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts
and schools shall utilize technology access and electronic
learning opportunities provided by the broadcast educational media
commission, chancellor director of higher education, the Ohio
learning network, education technology centers, public television
stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a
student who enters ninth grade on or after July 1, 2010, and
before July 1, 2016, may qualify for graduation from a public or
chartered nonpublic high school even though the student has not
completed the requirements for graduation prescribed in division
(C) of this section if all of the following conditions are
satisfied:

(1) During the student's third year of attending high school,
as determined by the school, the student and the student's parent,
guardian, or custodian sign and file with the school a written
statement asserting the parent's, guardian's, or custodian's
consent to the student's graduating without completing the
requirements for graduation prescribed in division (C) of this
section and acknowledging that one consequence of not completing
those requirements is ineligibility to enroll in most state
universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill
any procedural requirements the school stipulates to ensure the
student's and parent's, guardian's, or custodian's informed
consent and to facilitate orderly filing of statements under
division (D)(1) of this section. Annually, each district or school
shall notify the department of education of the number of students
who choose to qualify for graduation under division (D) of this
section and the number of students who complete the student's
success plan and graduate from high school.

(3) The student and the student's parent, guardian, or
custodian and a representative of the student's high school
jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer programming;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor director
of higher education, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

1. A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

2. An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

3. That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department,
may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's
parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced
work and shall count such advanced work toward the graduation
requirements of division (B) or (C) of this section if the
advanced work was both:

(1) Taught by a person who possesses a license or certificate
issued under section 3301.071, 3319.22, or 3319.222 of the Revised
Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local,
or exempted village school district, the board of the cooperative
education school district, or the governing authority of the
chartered nonpublic school as meeting the high school curriculum
requirements.

Each high school shall record on the student's high school
transcript all high school credit awarded under division (G) of
this section. In addition, if the student completed a seventh- or
eighth-grade fine arts course described in division (K) of this
section and the course qualified for high school credit under that
division, the high school shall record that course on the
student's high school transcript.

(H) The department shall make its individual academic career
plan available through its Ohio career information system web site
for districts and schools to use as a tool for communicating with
and providing guidance to students and families in selecting high
school courses.

(I) Units earned in English language arts, mathematics,
science, and social studies that are delivered through integrated
academic and career-technical instruction are eligible to meet the
graduation requirements of division (B) or (C) of this section.

(J) (1) The state board, in consultation with the chancellor
director of higher education, shall adopt a statewide plan
implementing methods for students to earn units of high school
credit based on a demonstration of subject area competency,
instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2016-2017 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or
the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and
understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;

(2) The Northwest Ordinance;

(3) The Constitution of the United States with emphasis on the Bill of Rights;

(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under
section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, unless one of the following applies:

(a) The student is a limited English proficient student who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education.
(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as
authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessments shall be completed by the thirtieth day of September. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool reading skills assessments that are approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level.

(2) For each student identified by the diagnostic assessment prescribed under this section as having reading skills below grade level, the district shall do both of the following:

(a) Provide to the student's parent or guardian, in writing, all of the following:

(i) Notification that the student has been identified as having a substantial deficiency in reading;

(ii) A description of the current services that are provided to the student;

(iii) A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency;

(iv) Notification that if the student attains a score in the range designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, the student shall be retained unless the student is exempt under division (A) of this section. The notification shall specify that the assessment under section 3301.0710 of the Revised
Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

(3) For each student retained under division (A) of this section, the district shall do all of the following:

(a) Provide intense remediation services until the student is able to read at grade level. The remediation services shall include intensive interventions in reading that address the areas of deficiencies identified under this section including, but not limited to, not less than ninety minutes of reading instruction per day, and may include any of the following:

(i) Small group instruction;

(ii) Reduced teacher-student ratios;

(iii) More frequent progress monitoring;

(iv) Tutoring or mentoring;

(v) Transition classes containing third and fourth grade students;

(vi) Extended school day, week, or year;

(vii) Summer reading camps.

(b) Establish a policy for the mid-year promotion of a
student retained under division (A) of this section who demonstrates that the student is reading at or above grade level;

(c) **Provide** Except as provided in section 3302.16 of the Revised Code, **provide** each student with a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall offer the option for students to receive applicable services from one or more providers other than the district. Providers shall be screened and approved by the district or the department of education. If the student participates in the remediation services and demonstrates reading proficiency in accordance with standards adopted by the department prior to the start of fourth grade, the district shall promote the student to that grade.

(4) For each student retained under division (A) of this section who has demonstrated proficiency in a specific academic ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;
(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

(3) Opportunities for the student's parent or guardian to be involved in the instructional services and support described in division (C)(2) of this section;

(4) A process for monitoring the extent to which the student receives the instructional services and support described in division (C)(2) of this section;

(5) A reading curriculum during regular school hours that does all of the following:
   (a) Assists students to read at grade level;
   (b) Provides scientifically based and reliable assessment;
   (c) Provides initial and ongoing analysis of each student's reading progress.

(6) A statement that if the student does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected by the end of third grade, the student may be retained in third grade.

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the
department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

(E) Any summer remediation services funded in whole or in part by the state and offered by school districts to students under this section shall meet the following conditions:

(1) The remediation methods are based on reliable educational research.

(2) The school districts conduct assessment before and after students participate in the program to facilitate monitoring results of the remediation services.

(3) The parents of participating students are involved in programming decisions.

(F) Any intervention or remediation services required by this section shall include intensive, explicit, and systematic instruction.

(G) This section does not create a new cause of action or a substantive legal right for any person.

(H)(1) Except as provided under divisions (H)(2), (3), and (4) of this section, and except as provided in section 3302.16 of the Revised Code, each student described in division (B)(3) or (C) of this section who enters third grade for the first time on or
after July 1, 2013, shall be assigned a teacher who has at least
one year of teaching experience and who satisfies one or more of
the following criteria:

(a) The teacher holds a reading endorsement on the teacher's

(J) If, on or after June 4, 2013, a school district or community school cannot furnish the number of teachers needed who satisfy one or more of the criteria set forth in division (H) of this section for the 2013-2014 school year, the school district or community school shall develop and submit a staffing plan by June 30, 2013. The staffing plan shall include criteria that will be used to assign a student described in division (B)(3) or (C) of this section to a teacher, credentials or training held by teachers currently teaching at the school, and how the school district or community school will meet the requirements of this section. The school district or community school shall post the staffing plan on its web site for the applicable school year.

Not later than March 1, 2014, and on the first day of March in each year thereafter, a school district or community school that has submitted a plan under this division shall submit to the department a detailed report of the progress the district or school has made in meeting the requirements under this section.

A school district or community school may request an extension of a staffing plan beyond the 2013-2014 school year. Extension requests must be submitted to the department not later than the thirtieth day of April prior to the start of the
applicable school year. The department may grant extensions valid through the 2015-2016 school year.

Until June 30, 2015, the department annually shall review all staffing plans and report to the state board not later than the thirtieth day of June of each year the progress of school districts and community schools in meeting the requirements of this section.

(K) The department of education shall designate one or more staff members to provide guidance and assistance to school districts and community schools in implementing the third grade guarantee established by this section, including any standards or requirements adopted to implement the guarantee and to provide information and support for reading instruction and achievement.

The state board of education shall adopt rules permitting a school district may contract with public and private providers of academic remediation and intervention in mathematics, science, reading, writing, and social studies for the purpose of assisting pupils in grades one through six any grade outside of regular school hours.

Sec. 3313.614. (A) As used in this section, a person "fulfills the curriculum requirement for a diploma" at the time one of the following conditions is satisfied:

(1) The person successfully completes the high school curriculum of a school district, a community school, a chartered nonpublic school, or a correctional institution.

(2) The person successfully completes the individualized education program developed for the person under section 3323.08 of the Revised Code.

(3) A board of education issues its determination under section 3313.611 of the Revised Code that the person qualifies as
having successfully completed the curriculum required by the
district.

(B) This division specifies the assessment requirements that
must be fulfilled as a condition toward granting high school
diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08

(1) A person who fulfills the curriculum requirement for a
diploma before September 15, 2000, is not required to pass any
proficiency test or achievement test in science as a condition to
receiving a diploma.

(2) A person who began ninth grade for the first time prior
to July 1, 2003, is not required to pass the Ohio graduation test
prescribed under division (B)(1) of section 3301.0710 or any

grade proficiency test in citizenship substitutes for the Ohio
graduation test in social studies. If a person began ninth grade
prior to July 1, 2003, but does not pass a ninth grade proficiency
test or the Ohio graduation test in a particular subject before
September 15, 2008, and passage of a test in that subject is a

(d) Not later than December 31, 2015, the state board of education shall adopt rules prescribing the manner in which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma by combining the requirement prescribed by section 3313.618 of the Revised Code and the requirement to attain at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on the assessments required by that division. The rules shall ensure that the combined requirements require a demonstration of mastery that is equivalent or greater to the expectations of the assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code. The rules shall include the following:
(i) The date by which a person who began ninth grade for the first time prior to July 1, 2014, may be eligible for a high school diploma under division (B)(3)(c) of this section;

(ii) Methods of replacing individual assessments prescribed by division (B)(1) of section 3301.0710 of the Revised Code;

(C) This division specifies the curriculum requirement that shall be completed as a condition toward granting high school diplomas under sections 3313.61, 3313.611, 3313.612, and 3325.08 of the Revised Code.

(1) A person who is under twenty-two years of age when the person fulfills the curriculum requirement for a diploma shall complete the curriculum required by the school district or school issuing the diploma for the first year that the person originally enrolled in high school, except for a person who qualifies for graduation from high school under either division (D) or (F) of section 3313.603 of the Revised Code.

(2) Once a person fulfills the curriculum requirement for a diploma, the person is never required, as a condition of receiving a diploma, to meet any different curriculum requirements that take effect pending the person's passage of proficiency tests or achievement tests or assessments, including changes mandated by section 3313.603 of the Revised Code, the state board, a school district board of education, or a governing authority of a community school or chartered nonpublic school.

The board of education may delegate the duties and powers provided for in this section to the board of health or officer performing the functions of a board of health within the school district, if such board or officer is willing to assume the same. Boards of education shall co-operate with boards of health in the prevention and control of epidemics.

(B) Notwithstanding any provision of the Revised Code to the

3701.07 of the Revised Code or an appropriately licensed health 23962
care provider for the purpose of providing health care services 23963
specifically authorized by the Revised Code to students.

(B) If the board enters into a contract with a hospital or 23965
health care provider under division (A) of this section, the 23966
requirement to obtain a school nurse license or school nurse 23967
wellness coordinator license under section 3319.221 of the Revised 23968

(2) The excess costs computed in accordance with division (E) of this section for any adjacent district or other district students in grades kindergarten through twelve, except for any adjacent or other district joint vocational students, receiving special education and related services in the district;

(3) For each of the adjacent or other district students who are not adjacent district or other district joint vocational students and are reported under division (A)(1)(c)(d) of this section as enrolled in career-technical education programs or classes described in section 3317.014 of the Revised Code, the per pupil amount prescribed by that section for the student's respective career-technical category, on a full-time equivalency basis;

(4) An amount equal to the number of adjacent district or other district joint vocational students reported under division

division (E)(1) of this section is an adjacent or other district joint vocational student, the department of education shall add the amount of such excess costs to the payments made under Chapter 3317. of the Revised Code to the joint vocational school district enrolling the student.

(F) As provided in division (D)(1)(b) of section 3317.03 of the Revised Code, no joint vocational school district shall count any adjacent or other district joint vocational student enrolled in the district in its enrollment certified under section 3317.03 of the Revised Code.

(G) No city, exempted village, or local school district shall receive a payment under division (C) of this section for a student, and no joint vocational school district shall receive a payment under division (D) of this section for a student, if for the same school year that student is counted in the district's enrollment certified under section 3317.03 of the Revised Code.

Pursuant to rules of the state board of education, such board may reimburse the parent from funds received for pupil transportation under section 3317.0212 of the Revised Code, or other provisions of law, for the reasonable cost of transportation from the student's home to the designated school bus stop if the student's family has an income below the federal poverty line.
Sec. 3314.011. Every community school established under this chapter shall have a designated fiscal officer who is employed by the governing authority of the school and is independent from the school's operator. The auditor of state may require by rule that the fiscal officer of any community school, before entering upon duties as fiscal officer of the school, execute a bond in an amount and with surety to be approved by the governing authority of the school, payable to the state, conditioned for the faithful performance of all the official duties required of the fiscal officer. Any such bond shall be deposited with the governing authority of the school, and a copy thereof, certified by the governing authority, shall be filed with the county auditor.

Prior to assuming the duties of fiscal officer, the fiscal officer designated under this section shall be licensed under section 3301.074 of the Revised Code. Any person serving as a fiscal officer of a community school on the effective date of this amendment March 22, 2013, who is not licensed as a treasurer shall be permitted to serve as a fiscal officer for not more than one year following the effective date of this amendment March 22, 2013. Beginning on that date and thereafter, no community school shall permit any individual to serve as a fiscal officer without a license as required by this section.

Sec. 3314.015. (A) The department of education shall be responsible for the oversight of any and all sponsors of the community schools established under this chapter and shall provide technical assistance to schools and sponsors in their compliance with applicable laws and the terms of the contracts entered into under section 3314.03 of the Revised Code and in the development and start-up activities of those schools. In carrying out its duties under this section, the department shall do all of the following:
(1) In providing technical assistance to proposing parties, governing authorities, and sponsors, conduct training sessions and distribute informational materials;

(2) Approve entities to be sponsors of community schools;

(3) Monitor and evaluate, as required under section 3314.016 of the Revised Code, the effectiveness of any and all sponsors in their oversight of the schools with which they have contracted;

(4) By December thirty-first of each year, issue a report to the governor, the speaker of the house of representatives, the president of the senate, and the chairpersons of the house and senate committees principally responsible for education matters regarding the effectiveness of academic programs, operations, and legal compliance and of the financial condition of all community schools established under this chapter and on the performance of community school sponsors;

(5) From time to time, make legislative recommendations to the general assembly designed to enhance the operation and performance of community schools.

(B)(1) Except as provided in sections 3314.021 and 3314.027 of the Revised Code, no entity listed in division (B)(1), (2), (3) or (4) or (C)(1) of section 3314.02 of the Revised Code shall enter into a preliminary agreement under division (C)(2) of section 3314.02 of the Revised Code until it has received approval from the department of education to sponsor community schools under this chapter and has entered into a written agreement with the department regarding the manner in which the entity will conduct such sponsorship.

The initial term of a sponsor's agreement with the department shall be for up to seven years. For every year that the sponsor satisfies the conditions of division (B)(1)(a) or (b) of this section, as applicable, the department shall add one year to...
the agreement term, subject to divisions (C) and (F) of this section, unless the sponsor notifies the department that it does not wish to have the term of the agreement so extended.

To qualify for the extension of the term of the sponsor's agreement, the sponsor shall satisfy one of the following, as applicable:

(a) Prior to January 1, 2015, the sponsor is not in the lowest twenty per cent of sponsors statewide according to the composite performance index score as ranked under section 3314.016 of the Revised Code, as that section exists prior to that date, and the sponsor continues to meet all the requirements of this chapter pertaining to community school sponsors.

(b) On or after January 1, 2015, the sponsor is rated as "exemplary" or "effective" under section 3314.016 of the Revised Code, as that section exists on and after that date, and the sponsor continues to meet all the requirements of this chapter pertaining to community school sponsors. The first two years of the initial term shall be for training, planning, and collecting the resources required to carry out high quality sponsorship practices.

(a) An agreement entered into with the department pursuant to this section may be renewed for a term of up to twelve years using the following criteria:

(i) The academic performance of students enrolled in each community school the entity sponsors, as determined by the department pursuant to division (B)(1)(a) of section 3314.016 of the Revised Code;

(ii) The sponsor's adherence to quality practices, as determined by the department pursuant to division (B)(1)(b) of section 3314.016 of the Revised Code.

(b) The department shall adopt in accordance with Chapter
119. of the Revised Code rules containing criteria, procedures, and deadlines for processing applications for approval of sponsors, for oversight of sponsors, for notifying a sponsor of noncompliance with applicable laws and administrative rules under division (F) of this section, for revocation of the approval of sponsors under division (C) of this section, and for entering into written agreements with sponsors. The rules shall require an entity to submit evidence of the entity's ability and willingness to comply with the provisions of division (D) of section 3314.03 of the Revised Code. The rules also shall require entities approved as sponsors on and after June 30, 2005, to demonstrate a record of financial responsibility and successful implementation of educational programs. If an entity seeking approval on or after June 30, 2005, to sponsor community schools in this state sponsors or operates schools in another state, at least one of the schools sponsored or operated by the entity must be comparable to or better than the performance of Ohio schools in need of continuous improvement under section 3302.03 of the Revised Code, as determined by the department.

Subject to section 3314.016 of the Revised Code, an entity that sponsors community schools may enter into preliminary agreements and sponsor up to one hundred schools in a manner that is consistent with the written agreement entered into with the department pursuant to division (B)(1) of this section, provided each school and the contract for sponsorship meets the requirements of this chapter.

(2) The state board of education shall determine, pursuant to criteria specified in rules adopted in accordance with Chapter 119. of the Revised Code, whether the mission proposed to be specified in the contract of a community school to be sponsored by a state university board of trustees or the board's designee under division (C)(1)(e) of section 3314.02 of the Revised Code complies
with the requirements of that division. Such determination of the state board is final.

(3) The state board of education shall determine, pursuant to criteria specified in rules adopted in accordance with Chapter 119. of the Revised Code, if any tax-exempt entity under section 501(c)(3) of the Internal Revenue Code that is proposed to be a sponsor of a community school is an education-oriented entity for purpose of satisfying the condition prescribed in division (C)(1)(f)(iii) of section 3314.02 of the Revised Code. Such determination of the state board is final.

(C) Except in the event of revocation according to division (C)(3) of section 3314.016 of the Revised Code, if at any time the state board of education finds that a sponsor is not in compliance or is no longer willing to comply with its contract with any community school or with the department's rules for sponsorship, the state board or designee shall conduct a hearing in accordance with Chapter 119. of the Revised Code on that matter. If after the hearing, the state board or designee has confirmed the original finding, the department of education may revoke the sponsor's approval to sponsor community schools. In that case, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of any schools with which the sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor as described in division (C)(1) of section 3314.02 of the Revised Code is secured by the school's governing authority. The office of Ohio school sponsorship may extend the term of the contract in the case of a school for which it has assumed sponsorship under this division as necessary to accommodate the term of the department's authorization to sponsor the school specified in this division. Community schools sponsored under this division shall not apply to the limit on directly
authorized community schools under division (A)(3) of section 3314.029 of the Revised Code. However, nothing in this division shall preclude a community school affected by this division from applying for sponsorship under that section.

(D) The decision of the department to disapprove an entity for sponsorship of a community school or to revoke approval for such sponsorship under division (C) of this section, may be appealed by the entity in accordance with section 119.12 of the Revised Code.

(E) The department shall adopt procedures for use by a community school governing authority and sponsor when the school permanently closes and ceases operation, which shall include at least procedures for data reporting to the department, handling of student records, distribution of assets in accordance with section 3314.074 of the Revised Code, and other matters related to ceasing operation of the school.

(F)(1) In lieu of revoking a sponsor's authority to sponsor community schools under division (C) of this section, if the department finds that a sponsor is not in compliance with applicable laws and administrative rules, the department shall declare in a written notice to the sponsor the specific laws or rules, or both, for which the sponsor is noncompliant. A sponsor notified under division (F)(1) of this section shall respond to the department not later than fourteen days after the notification with a proposed plan to remedy the conditions for which the sponsor was found to be noncompliant. The department shall approve or disapprove the plan not later than fourteen days after receiving it. If the plan is disapproved, the sponsor may submit a revised plan to the department not later than fourteen days after receiving notification of disapproval from the department or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is
earlier. The department shall approve or disapprove the revised plan not later than fourteen days after receiving it or not later than sixty days after the date the sponsor received notification of noncompliance from the department, whichever is earlier. A sponsor may continue to make revisions by the deadlines prescribed in division (F)(1) of this section to any revised plan that is disapproved by the department until the sixtieth day after the date the sponsor received notification of noncompliance from the department.

If a plan or a revised plan is approved, the sponsor shall implement it not later than sixty days after the date the sponsor received notification of noncompliance from the department or not later than thirty days after the plan is approved, whichever is later. If a sponsor does not respond to the department or implement an approved compliance plan by the deadlines prescribed by division (F)(1) of this section, or if a sponsor does not receive approval of a compliance plan on or before the sixtieth day after the date the sponsor received notification of noncompliance from the department, the department shall declare in written notice to the sponsor that the sponsor is in probationary status, and may limit the sponsor's ability to sponsor additional schools.

(2) A sponsor that has been placed on probationary status under division (F)(1) of this section may apply to the department for its probationary status to be lifted. The application for a sponsor's probationary status to be lifted shall include evidence, occurring after the initial notification of noncompliance, of the sponsor's compliance with applicable laws and administrative rules. Not later than fourteen days after receiving an application from the sponsor, the department shall decide whether or not to remove the sponsor's probationary status.

(G) In carrying out its duties under this chapter, the
department shall not impose requirements on community schools or their sponsors that are not permitted by law or duly adopted rules.

(H) This section applies to entities that sponsor conversion community schools and new start-up schools.

**Sec. 3314.016.** This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under divisions (B) and (C) of this section, but divisions (A) and (C)(D) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets both of the following criteria:

1. The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education.

2. The entity is not rated as "ineffective" under division (B)(6) of this section has been approved by the department of education and has entered into a written agreement in accordance with section 3314.015 of the Revised Code.

(B)(1) For purposes of this section, the department shall develop and implement an evaluation system that rates each entity that sponsors a community school based on according to the following components:

(a) Academic Annual academic performance of students enrolled
in community schools sponsored by the same entity;

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section rated every third year. The department shall not include this measure in the sponsor evaluation rating system until the department prescribes quality practices and develops an instrument to measure adherence to those practices under division (B)(3) of this section.

(c) Compliance Annual compliance with applicable laws and administrative rules by an entity that sponsors a community school.

In developing the evaluation system, the department shall differentiate categories of sponsors based upon at least the total number of community schools to be sponsored, the geographic proximity of the school or schools to the sponsoring entity, and the entity's organizational capacity.

(2) In calculating the academic performance component of the evaluation system, the department shall exclude all of the following:

(a) All community schools that have been in operation for not more than two full school years;

(b) All community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.
(4) (a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) (C) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," or "ineffective," based on the components prescribed by division (B) of this section, where each component is weighted equally, except that entities sponsoring community schools for the first time may be assigned the rating of "emerging" for only the first two consecutive years.

The department shall publish the ratings between the first day of October and the fifteenth day of October.

(7) (a) Prior to the 2014-2015 school year, student academic performance prescribed under division (B)(1)(a) of this section shall not include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and recovery program as described in division (A)(4)(a) of section 3314.35 of the Revised Code.
or "poor" using the evaluation system established pursuant to division (B) of this section. A separate rating shall be given for each component of the evaluation system according to the established timeline. The department shall also assign an overall rating, at such intervals to be determined by the department.

The department shall publish the individual component ratings between the first and the fifteenth day of October of the applicable rating year, as set forth in division (B)(1)(a), (b), or (c) of this section.

The department shall establish incentives and restrictions on the scope and breadth of an entity's authority to sponsor community schools based upon the entity's overall rating.

(1) Entities with an overall rating of "exemplary" may take advantage of the following incentives:

(a) Renewal of the written agreement with the department, not to exceed twelve years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(b) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(c) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(d) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(e) No limit on the number of community schools the entity
may sponsor:

(f) No territorial restrictions on sponsorship;

(g) Any other incentives determined necessary or appropriate by the department.

(2) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools and shall be subject to a one-year quality improvement plan with timelines and benchmarks that have been established by the department.

(3) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor" the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. If, after the hearing, the state superintendent determines that the revocation is appropriate, the revocation shall be confirmed.

(D) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and recovery program.

(E)(1) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor under section 3314.03 of the Revised Code. However, the department's
office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(2) When an entity's authority to sponsor schools is revoked pursuant to division (C)(3) of this section, the office of Ohio school sponsorship may, in the department's discretion, assume sponsorship of any schools with which the original sponsor has contracted until the earlier of the expiration of two school years or until a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

The office of school sponsorship may extend the term of the sponsorship contract in the case of a school it is sponsoring pursuant to this division as necessary to accommodate the terms of the department's authorization to sponsor the school. Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

Nothing in this division shall preclude a community school affected by this division from applying for sponsorship under section 3314.029 of the Revised Code.

(F) The state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring an entity's compliance with applicable laws and administrative rules under division (B)(1)(c) of this section.

(g) The mayor of a city in which the majority of the territory of a school district to which section 3311.60 of the Revised Code applies is located, regardless of whether that district has created the position of independent auditor as prescribed by that section. The mayor's sponsorship authority under this division is limited to community schools that are...
located in that school district. Such mayor may sponsor community
schools only with the approval of the city council of that city,

(D) A majority vote of the board of a sponsoring entity and a majority vote of the members of the governing authority of a community school shall be required to adopt a contract and convert the public school or educational service center building to a community school or establish the new start-up school. Beginning September 29, 2005, adoption of the contract shall occur not later than the fifteenth day of March, and signing of the contract shall occur not later than the fifteenth day of May, prior to the school year in which the school will open. The governing authority shall notify the department of education when the contract has been signed. (E)(1) As used in this division, "immediate relatives" are limited to spouses, children, parents, grandparents, siblings, and in-laws.

Each new start-up community school established under this chapter shall be under the direction of a governing authority which shall consist of a board of not less than five individuals.

(3) No present or former member, or immediate relative of a

(4) The governing authority of a start-up community school may provide by resolution for the compensation of its members. However, no individual who serves on the governing authority of a start-up community school shall be compensated more than four hundred twenty-five dollars per meeting of that governing authority and no such individual shall be compensated more than a total amount of five thousand dollars per year for all governing authorities upon which the individual serves.

(F)(1) A new start-up school that is established prior to August 15, 2003, in an urban school district that is not also a big-eight school district may continue to operate after that date and the contract between the school's governing authority and the school's sponsor may be renewed, as provided under this chapter, after that date, but no additional new start-up schools may be established in such a district unless the district is a challenged school district as defined in this section as it exists on and after that date.

(2) A community school that was established prior to June 29, 1999, and is located in a county contiguous to the pilot project area and in a school district that is not a challenged school district may continue to operate after that date, provided the school complies with all provisions of this chapter. However, the educational service center shall not enter into a contract with any additional community school, unless the school is located in a county within the territory of the service center or in a county contiguous to such county, or unless the governing board of the service center has entered into an agreement with the department authorizing the service center to sponsor a community school in any challenged school district in the state.

(D) Regardless of the entity's authority to sponsor community schools without the initial approval of the department, the entity is under the continuing oversight of the department in accordance with rules adopted under section 3314.015 of the Revised Code.

(E) Beginning on the effective date of this amendment, an entity described in division (A) of this section shall be subject to approval by the department of education for its continued authority to sponsor community schools. Accordingly, the entity shall apply to the department for such approval and shall enter into an agreement with the department pursuant to division (B)(1) of section 3314.015 of the Revised Code. Once approval is granted by the department, an entity described in this section may continue to sponsor its schools in accordance with the terms of this section but shall be subject to the reapplication, evaluation, and approval procedures set forth in this chapter to the same extent as all other sponsors.

Sec. 3314.027. (A) Notwithstanding the requirement for initial approval of sponsorship by the department of education prescribed in divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code and any geographical restriction or mission.

Accordingly, the entity shall apply to the department for such approval and shall enter into an agreement with the department pursuant to division (B)(1) of section 3314.015 of the Revised Code. An entity described in this section shall be subject to the reapplication, evaluation, and approval procedures set forth in this chapter to the same extent as all other sponsors.

agency linkages; work-based learning experiences; professional
development; and other costs directly associated with
career-technical education programs including development of new
programs.

(b) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(6) A community school shall spend the funds it receives under division (C)(1)(e) of this section in accordance with section 3317.25 of the Revised Code.

(7) If the sum of the payments computed under divisions (C)(1) and (8)(a) of this section for the students entitled to attend school in a particular school district under sections 3313.64 and 3313.65 of the Revised Code exceeds the sum of that district's state education aid and its payment under sections 321.24 and 323.156 of the Revised Code, the department shall calculate and apply a proration factor to the payments to all community schools under that division for the students entitled to attend school in that district.

(8)(a) Subject to division (C)(7) of this section, the department annually shall pay to each community school, including each internet- or computer-based community school, an amount equal to the following:

(The number of students reported by the community school under division (B)(2)(e) of this section X the formula amount X .20)

(b) For each payment made to a community school under division (C)(8)(a) of this section, the department shall deduct from the state education aid of each city, local, and exempted village school district and, if necessary, from the payment made to the district under sections 321.24 and 323.156 of the Revised Code an amount equal to the following:

(The number of the district's students reported by the community school under division (B)(2)(e) of this section X the formula amount X .20)
(D) A board of education sponsoring a community school may utilize local funds to make enhancement grants to the school or may agree, either as part of the contract or separately, to provide any specific services to the community school at no cost to the school.

(E) A community school may not levy taxes or issue bonds secured by tax revenues.

(F) No community school shall charge tuition for the enrollment of any student who is a resident of this state. A community school may charge tuition for the enrollment of any student who is not a resident of this state.

(G)(1)(a) A community school may borrow money to pay any necessary and actual expenses of the school in anticipation of the receipt of any portion of the payments to be received by the school pursuant to division (C) of this section. The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts subtracted and paid under division (C) of this section to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments to community schools under this section including initial payments in a school year and adjustments and reductions made in subsequent
periodic payments to community schools and corresponding deductions from school district accounts as provided under division (C) of this section. For purposes of this section:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.

(c) The community school ceases to offer learning
opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first one hundred five consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.
(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.
(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within
thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one
or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3314.091. (A) A school district is not required to provide transportation for any native student enrolled in a community school if the district board of education has entered into an agreement with the community school's governing authority that designates the community school as responsible for providing or arranging for the transportation of the district's native students to and from the community school. For any such agreement to be effective, it must be certified by the superintendent of public instruction as having met all of the following requirements:

(1) It is submitted to the department of education by a
deadline which shall be established by the department.  

(2) In accordance with divisions (C)(1) and (2) of this section, it specifies qualifications, such as residing a minimum distance from the school, for students to have their transportation provided or arranged.  

(3) The transportation provided by the community school is subject to all provisions of the Revised Code and all rules adopted under the Revised Code pertaining to pupil transportation.  

(4) The sponsor of the community school also has signed the agreement.  

(B)(1) For the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school, if the community school during the previous school year transported the students enrolled in the school or arranged for the students' transportation, even if that arrangement consisted of having parents transport their children to and from the school, but did not enter into an agreement to transport or arrange for transportation for those students under division (A) of this section, and if the governing authority of the community school by July 15, 2007, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.  

(2) Except as provided in division (B)(4) of this section, for any school year subsequent to the school year that begins on July 1, 2007, a school district is not required to provide transportation for any native student enrolled in a community school if the governing authority of the community school, by the thirty-first day of January of the previous school year, submits
written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school. If the governing authority of the community school has previously accepted responsibility for providing or arranging for the transportation of a district's native students to and from the community school, under division (B)(1) or (2) of this section, and has since relinquished that responsibility under division (B)(3) of this section, the governing authority shall not accept that responsibility again unless the district board consents to the governing authority's acceptance of that responsibility.

(3) A governing authority's acceptance of responsibility under division (B)(1) or (2) of this section shall cover an entire school year, and shall remain in effect for subsequent school years unless the governing authority submits written notification to the district board that the governing authority is relinquishing the responsibility. However, a governing authority shall not relinquish responsibility for transportation before the end of a school year, and shall submit the notice relinquishing responsibility by the thirty-first day of January, in order to allow the school district reasonable time to prepare transportation for its native students enrolled in the school.

(4)(a) For any school year that begins on or after July 1, 2014, a school district is not required to provide transportation for any native student enrolled in a community school scheduled to open for operation in the current school year, if the governing authority of the community school, by the fifteenth day of April of the previous school year, submits written notification to the district board of education stating that the governing authority is accepting responsibility for providing or arranging for the transportation of the district's native students to and from the community school.
community school.

(b) The governing authority of a community school that accepts responsibility for transporting its students under division (B)(4)(a) of this section shall comply with divisions (B)(2) and (3) of this section to renew or relinquish that authority for subsequent school years.

(C)(1) A community school governing authority that enters into an agreement under division (A) of this section, or that accepts responsibility under division (B) of this section, shall provide or arrange transportation free of any charge for each of its enrolled students who is required to be transported under section 3327.01 of the Revised Code or who would otherwise be transported by the school district under the district's transportation policy. The governing authority shall report to the department of education the number of students transported or for whom transportation is arranged under this section in accordance with rules adopted by the state board of education.

(2) The governing authority may provide or arrange transportation for any other enrolled student who is not eligible for transportation in accordance with division (C)(1) of this section and may charge a fee for such service up to the actual cost of the service.

(3) Notwithstanding anything to the contrary in division (C)(1) or (2) of this section, a community school governing authority shall provide or arrange transportation free of any charge for any disabled student enrolled in the school for whom the student's individualized education program developed under Chapter 3323. of the Revised Code specifies transportation.

(D)(1) If a school district board and a community school governing authority elect to enter into an agreement under division (A) of this section, the department of education shall
make payments to the community school according to the terms of the agreement for each student actually transported under division (C)(1) of this section.

If a community school governing authority accepts transportation responsibility under division (B) of this section, the department shall make payments to the community school for each student actually transported or for whom transportation is arranged by the community school under division (C)(1) of this section, calculated as follows:

(a) For any fiscal year which the general assembly has specified that transportation payments to school districts be based on an across-the-board percentage of the district's payment for the previous school year, the per pupil payment to the community school shall be the following quotient:

(i) The total amount calculated for the school district in which the child is entitled to attend school for student transportation other than transportation of children with disabilities; divided by

(ii) The number of students included in the district's transportation ADM for the current fiscal year, as calculated under section 3317.03 of the Revised Code, plus the number of students enrolled in the community school not counted in the district's transportation ADM who are transported under division (B)(1) or (2) of this section.

(b) For any fiscal year which the general assembly has specified that the transportation payments to school districts be calculated in accordance with section 3317.0212 of the Revised Code and any rules of the state board of education implementing that section, the payment to the community school shall be the amount so calculated on a per rider basis that otherwise would be paid to the school district in which the student is entitled to
attend school by the method of transportation the district would have used. The community school, however, is not required to use the same method to transport that student.

(c) Divisions (D)(1)(a) and (b) of this section do not apply to fiscal years 2012 and 2013. Rather, for each of those fiscal years, the per pupil payment to a community school for transporting a student shall be the total amount paid under former section 3306.12 of the Revised Code for fiscal year 2011 to the school district in which the child is entitled to attend school divided by that district's "qualifying ridership," as defined in that section for fiscal year 2011.

As used in this division "entitled to attend school" means entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(2) The department shall deduct the payment under division (D)(1) of this section from the state education aid, as defined in section 3314.08 of the Revised Code, and, if necessary, the payment under sections 321.14 and 323.156 of the Revised Code, that is otherwise paid to the school district in which the student enrolled in the community school is entitled to attend school. The department shall include the number of the district's native students for whom payment is made to a community school under division (D)(1) of this section in the calculation of the district's transportation payment under section 3317.0212 of the Revised Code and the operating appropriations act.

(3) A community school shall be paid under division (D)(1) of this section only for students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, and whose transportation to and from school is actually provided, who actually utilized transportation arranged, or for whom a payment in lieu of transportation is made by the community school's governing authority. To qualify for the payments, the
community school shall report to the department, in the form and manner required by the department, data on the number of students transported or whose transportation is arranged, the number of miles traveled, cost to transport, and any other information requested by the department.

(4) A community school shall use payments received under this section solely to pay the costs of providing or arranging for the transportation of students who are eligible as specified in section 3327.01 of the Revised Code and division (C)(1) of this section, which may include payments to a parent, guardian, or other person in charge of a child in lieu of transportation.

(E) Except when arranged through payment to a parent, guardian, or person in charge of a child, transportation provided or arranged for by a community school pursuant to an agreement under this section is subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to the construction, design, equipment, and operation of school buses and other vehicles transporting students to and from school. The drivers and mechanics of the vehicles are subject to all provisions of the Revised Code, and all rules adopted under the Revised Code, pertaining to drivers and mechanics of such vehicles. The community school also shall comply with sections 3313.201, 3327.09, and 3327.10 of the Revised Code, division (B) of section 3327.16 of the Revised Code and, subject to division (C)(1) of this section, sections 3327.01 and 3327.02 of the Revised Code, as if it were a school district.

Sec. 3314.35. (A)(1) Except as provided in division (A)(4) of this section, this section applies to any community school that meets one of the following criteria after July 1, 2009, but before July 1, 2011:

(4) This section does not apply to either of the following:

(a) Any community school in which a majority of the students are enrolled in a dropout prevention and recovery program that is operated by the school. Rather, such schools shall be subject to closure only as provided in section 3314.351 of the Revised Code. However, prior to July 1, 2014, a community school in which a majority of the students are enrolled in a dropout prevention and recovery program shall be exempt from this section only if it has been granted a waiver under section 3314.36 of the Revised Code.

the contract.

Sec. 3317.01. As used in this section, "school district,
unless otherwise specified, means any city, local, exempted
village, joint vocational, or cooperative education school
district and any educational service center.

This chapter shall be administered by the state board of
education. The superintendent of public instruction shall
calculate the amounts payable to each school district and shall
certify the amounts payable to each eligible district to the
treasurer of the district as provided by this chapter. As soon as
possible after such amounts are calculated, the superintendent
shall certify to the treasurer of each school district the
district's adjusted charge-off increase, as defined in section
5705.211 of the Revised Code. Certification of moneys pursuant to
this section shall include the amounts payable to each school
building, at a frequency determined by the superintendent, for each subgroup of students, as defined in section 3317.40 of the Revised Code, receiving services, provided for by state funding, from the district or school. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed to school districts pursuant to this chapter shall be calculated based on the annual enrollment calculated from the three reports required under sections 3317.03 and 3317.036 of the Revised Code and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board, in June of each year, shall submit to the controlling board the state board's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 of the Revised Code, with regard to the minimum number of hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers.

A school district shall not be considered to have failed to comply with this division because schools were open for instruction but either twelfth grade students were excused from attendance for up to the equivalent of three school days or only a portion of the kindergarten students were in attendance for up to the equivalent of three school days in order to allow for the gradual orientation to school of such students.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

Sec. 3317.013. The amounts for the following categories of special education programs, as these programs are defined for purposes of Chapter 3323. of the Revised Code, are as follows:

Sec. 3317.017. The department of education shall compute a
school district's state share index percentage as follows:

(A) Calculate the district's valuation index, which equals
the following quotient:

(The district's three-year average valuation / the district's
total ADM) / (the statewide three-year average valuation for  
school districts with a total ADM greater than zero / the  
statewide total ADM)

(B) Calculate the district's median income index, which  
equals the following quotient:

(The district's median Ohio adjusted gross income / the  
median of the median Ohio adjusted gross income of all districts  
statewide with a total ADM greater than zero)

(C) Determine the district's wealth index capacity measure as  
follows:

(1) If the district's median income index is less than the  
district's valuation index lower limit, then the district's wealth  
index capacity measure shall be equal to \(\left\{ \frac{1}{3} \times \text{the district's median income index} + \frac{2}{3} \times \text{the district's valuation index} \right\} - \)  
(the lower limit - the district's median income index).

(2) If the district's median income index is greater than or  
equal to the lower limit and less than or equal to the upper  
limit, then the district's capacity measure shall be equal to the  
district's valuation index.

(3) If the district's median income index is greater than or  
equal to the district's valuation index upper limit, then the  
district's wealth index capacity measure shall be equal to \(\left\{ \text{the district's valuation index} + [(\text{the district's median income index} \)  
- the upper limit) X (0.20 in fiscal year 2016 or 0.40 in fiscal  
year 2017)] \}.

For purposes of these calculations, "upper limit" and "lower  
limit" shall be computed pursuant to section 3317.018 of the  
Revised Code.

(D) Determine the district's state share index percentage as  
follows:
(1) If the district's wealth index capacity measure is less than or equal to 0.35 0.20, then the district's state share index percentage shall be equal to 0.90.

(2) If the district's wealth index capacity measure is greater than 0.35 0.20 but less than or equal to 0.90 2, then the district's state share index percentage shall be equal to (0.40 0.90 X [(0.90 2.11 - the district's wealth capacity index) / 0.55 2]) + 0.50.

(3) If the district's wealth index is greater than 0.90 but less than 1.8, then the district's state share index shall be equal to (0.45 X [(1.8 - the district's wealth index) / 0.9]) + 0.05.

(4) If the district's wealth index capacity measure is greater than or equal to 1.8 2, then the district's state share index percentage shall be equal to 0.05.

(E)(1) For each school district for which the tax-exempt value of the district, as certified under division (A)(4) of section 3317.021 of the Revised Code, equals or exceeds thirty per cent of the potential value of the district, the department shall calculate the difference between the district's tax-exempt value and thirty per cent of the district's potential value. For this purpose, the "potential value" of a school district is the three-year average valuation of the district plus the tax-exempt value of the district.

(2) For each school district to which division (E)(1) of this section applies, the department shall adjust the three-year average valuation used in the calculation under division (A) of this section by subtracting from it the amount calculated under division (E)(1) of this section.

(F) Unless otherwise specified in this section, when performing the calculations required under this section, the
department shall not round to fewer than four decimal places.  

(G) For purposes of these calculations for fiscal years 2014 and 2015:  

(1) For fiscal year 2016, "three-year average valuation" means the average of total taxable value for fiscal years 2012, 2013, and 2014; "total ADM" means the total ADM for fiscal year 2014; "median 2015.

(B) The department shall add one-half of the standard deviation determined under division (A) of this section to the mean determined under division (A) of this section and then round up the sum to two decimal places. This number shall be the "upper limit" for purposes of the calculations in division (C) of section 3317.017 of the Revised Code.

(C) The department shall subtract one-half of the standard deviation determined under division (A) of this section from the mean determined under division (A) of this section and then round down the difference to two decimal places. This number shall be
the "lower limit" for purposes of the calculations in division (C) of section 3317.017 of the Revised Code.

The scholarships deducted from the school district's account under sections 3310.41 and 3310.55 of the Revised Code shall be considered to be an approved special education and related services expense for the purpose of the school district's compliance with this division.

(C) In any fiscal year, a school district receiving funds under division (A)(8) of this section shall spend those funds only for the purposes that the department designates as approved for career-technical education expenses. Career-technical educational expenses approved by the department shall include only expenses connected to the delivery of career-technical programming to career-technical students. The department shall require the school district to report data annually so that the department may monitor the district's compliance with the requirements regarding the manner in which funding received under division (A)(8) of this section may be spent.

(D) In any fiscal year, a school district receiving funds under division (A)(9) of this section, or through a transfer of funds pursuant to division (I) of section 3317.023 of the Revised Code, shall spend those funds only for the purposes that the department designates as approved for career-technical education associated services expenses, which may include such purposes as apprenticeship coordinators, coordinators for other career-technical education services, career-technical evaluation, and other purposes designated by the department. The department may deny payment under division (A)(9) of this section to any district that the department determines is not operating those services or is using funds paid under division (A)(9) of this section, or through a transfer of funds pursuant to division (I)
of section 3317.023 of the Revised Code, for other purposes.

(E) All funds received under division (A)(8) of this section shall be spent in the following manner:

(1) At least seventy-five per cent of the funds shall be spent on curriculum development, purchase, and implementation; instructional resources and supplies; industry-based program certification; student assessment, credentialing, and placement; curriculum specific equipment purchases and leases; career-technical student organization fees and expenses; home and agency linkages; work-based learning experiences; professional development; and other costs directly associated with career-technical education programs including development of new programs.

(2) Not more than twenty-five per cent of the funds shall be used for personnel expenditures.

(F) A school district shall spend the funds it receives under division (A)(5) of this section in accordance with section 3317.25 of the Revised Code.

Sec. 3317.0212. (A) As used in this section:

(1) "Qualifying riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district and who live more than one mile from the school they attend, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

(2) "Qualifying ridership" means the average number of qualifying riders who are provided school bus service by a school district during the first full week of October.

(3) "Rider density" means the total ADM per square mile of a
school district.

(4) "School bus service" means a school district's transportation of qualifying riders in any of the following types of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by the district;

(c) School buses operated by another school district or entity with which the district has contracted, either as part of a consortium for the provision of transportation or otherwise.

(5) "Total riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

(6) "Total ridership" means the average number of total riders who are provided school bus service by a school district during the first full week of October.

(B) Not later than the fifteenth day of October each year, each city, local, and exempted village school district shall report to the department of education its qualifying and total ridership and any other information requested by the department. Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous
fiscal year by its qualifying total ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying total ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation payment as follows:

(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.
(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the greater of sixty fifty per cent or the district's state share index percentage, as defined in section 3317.02 of the Revised Code.

(F) In addition to funds paid under division (E) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(G)(1) In fiscal years 2014 and 2015, the department shall pay each district a pro rata portion of the amounts calculated under division (E) of this section and described in division (F) of this section, based on state appropriations.

(2) In addition to the prorated payment under division (G)(1) of this section, in fiscal years 2014 and 2015, the department shall pay each school district that meets the conditions prescribed in division (G)(3) of this section an additional amount equal to the difference of (a) the amounts calculated under division (E) of this section and prescribed in division (F) of this section minus (b) that prorated payment.

(3) Division (G)(2) of this section applies to each school district that meets all of the following conditions:

(a) The district qualifies for the calculation of a payment under division (E) of this section because it transports students on board-owned or contractor-owned school buses.

(b) The district's state share index is greater than or equal to 0.50.

(c) The district's rider density is at or below the median
rider density of all districts that qualify for calculation of a payment under division (E) of this section.

(H) Each city, local, and exempted village school district shall report all data used to calculate funding for transportation under this section through the education management information system pursuant to section 3301.0714 of the Revised Code.

Sec. 3317.0213. (A) The department of education shall compute and pay in accordance with this section additional state aid for preschool special education children with disabilities to each city, local, and exempted village school district and to each institution, as defined in section 3323.091 of the Revised Code. Funding shall be provided for children who are not enrolled in kindergarten and who are under age six on the thirtieth day of September of the academic year, or on the first day of August of the academic year if the school district in which the child is enrolled has adopted a resolution under division (A)(3) of section 3321.01 of the Revised Code, but not less than age three on the first day of December of the academic year.

The additional state aid shall be calculated under the following formula:

\[ \text{Additional State Aid} = (4000 \times \text{number of students who are preschool special education children with disabilities}) + \text{sum of the following:} \]

(1) The district's or institution's category one special education preschool students who are preschool children with disabilities X the amount specified in division (A) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50;

(2) The district's or institution's category two special education preschool students who are preschool children with disabilities X the amount specified in division (B) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50;
3317.013 of the Revised Code X the district's state share index percentage X 0.50;

(3) The district's or institution's category three special education preschool students who are preschool children with disabilities X the amount specified in division (C) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50;

(4) The district's or institution's category four special education preschool students who are preschool children with disabilities X the amount specified in division (D) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50;

(5) The district's or institution's category five special education preschool students who are preschool children with disabilities X the amount specified in division (E) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50;

(6) The district's or institution's category six special education preschool students who are preschool children with disabilities X the amount specified in division (F) of section 3317.013 of the Revised Code X the district's state share index percentage X 0.50.

The special education disability categories for preschool children used in this section are the same categories prescribed in section 3317.013 of the Revised Code.

As used in division (A) of this section, the state share index percentage of a student enrolled in an institution is the state share index percentage of the school district in which the student is entitled to attend school under section 3313.64 or 3313.65 of the Revised Code.

(B) If an educational service center is providing services to
preschool special education students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, that district may authorize the department to transfer funds computed under this section to the service center providing those services.

(C) If a county DD board is providing services to preschool special education students who are preschool children with disabilities under agreement with the city, local, or exempted village school district in which the students are entitled to attend school, the department shall deduct from the district's payment computed under division (A) of this section the total amount of those funds that are attributable to the students served by the county DD board and pay that amount to that board.

Sec. 3317.0214. (A) The department shall compute and pay in accordance with this section additional state aid to school districts for students in categories two through six special education ADM. If a district's costs for the fiscal year for a student in its categories two through six special education ADM exceed the threshold catastrophic cost for serving the student, the district may submit to the superintendent of public instruction documentation, as prescribed by the superintendent, of all its costs for that student. Upon submission of documentation for a student of the type and in the manner prescribed, the department shall pay to the district an amount equal to the sum of the following:

(1) One-half of the district's costs for the student in excess of the threshold catastrophic cost;

(2) The product of one-half of the district's costs for the student in excess of the threshold catastrophic cost multiplied by the district's state share index percentage.
(B) For purposes of division (A) of this section, the threshold catastrophic cost for serving a student equals:

(1) For a student in the school district's category two, three, four, or five special education ADM, twenty-seven thousand three hundred seventy-five dollars;

(2) For a student in the district's category six special education ADM, thirty-two thousand eight hundred fifty dollars.

(C) The district shall report under division (A) of this section, and the department shall pay for, only the costs of educational expenses and the related services provided to the student in accordance with the student's individualized education program. Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

Sec. 3317.0217. Payment of the amount calculated for a school district under this section shall be made under division (A) of section 3317.022 of the Revised Code.

For purposes of the calculations under this section, "school district" shall mean a school district with a formula ADM greater than zero.

(A) The department of education shall annually compute targeted assistance funds to school districts, as follows:

(1) Calculate the local wealth per pupil of each school district, which equals the following sum:

(a) One-half times the quotient of (i) the district's three-year average valuation divided by (ii) its formula ADM; plus

(b) One-half times the quotient of (i) the average of the total federal adjusted gross income of the school district's residents for the three years most recently reported under section 3317.021 of the Revised Code divided by (ii) its formula ADM.
(2) Rank all school districts in order of local wealth per pupil, from the district with the lowest local wealth per pupil to the district with the highest local wealth per pupil.

(3) Compute the statewide wealth per pupil, which equals the following sum:

(a) One-half times the quotient of (i) the sum of the three-year average valuations for all school districts divided by (ii) the sum of formula ADM counts for all school districts; plus

(b) One-half times the quotient of (i) the sum of the three-year average total federal adjusted gross incomes for all school districts divided by (ii) the sum of formula ADM counts for all school districts.

(4) Compute each district's *wealth index capacity measure* by dividing the statewide wealth per pupil by the district's local wealth per pupil.

(5) Compute the per pupil targeted assistance for each eligible school district in accordance with the following formula:

\[(\text{Threshold local wealth per pupil} - \text{the district's local wealth per pupil}) \times \text{target millage} \times \text{the district's wealth index capacity measure}\]

Where:

(a) An "eligible school district" means a school district with a local wealth per pupil less than that of the school district with the 490th lowest local wealth per pupil.

(b) "Threshold local wealth per pupil" means the local wealth per pupil of the school district with the 490th lowest local wealth per pupil.

(c) "Target millage" means 0.006.

If the result of the calculation for a school district under division (A)(5) of this section is less than zero, the district's...
targeted assistance shall be zero.

(6) Calculate the aggregate amount to be paid as targeted assistance funds to each school district under division (A) of section 3317.022 of the Revised Code by multiplying the per pupil targeted assistance computed under division (A)(5) of this section by the district's net formula ADM.

As used in this division, a district's "net formula ADM" means its formula ADM minus the number of community school students certified under division (B)(3)(d) of section 3317.03 of the Revised Code X 0.75, the number of internet- and computer-based community school students certified under division (B)(3)(e) of that section, the number of science, technology, engineering, and mathematics school students certified under division (B)(3)(j) of that section X 0.75, and the number of scholarship students certified under divisions (B)(3)(f), (g), and (l) of that section.

(B) The department shall annually compute supplemental targeted assistance funds to school districts, as follows:

(1) Compute each district's agricultural percentage as the quotient of (a) the three-year average tax valuation of real property in the district that is classified as agricultural property divided by (b) the three-year average tax valuation of all of the real property in the district. For purposes of this computation,

(a) For fiscal year 2016, a district's "three-year average tax valuation" means the average of a district's tax valuation for fiscal tax years 2012, 2013, and 2014.

(b) For fiscal year 2017, a district's "three-year average tax valuation" means the average of a district's tax valuation for tax years 2014, 2015, and 2016.

(2) Determine each district's agricultural targeted
percentage as follows:

(a) If a district's agricultural percentage is greater than or equal to 0.10, then the district's agricultural targeted percentage shall be equal to 0.40.

(b) If a district's agricultural percentage is less than 0.10, then the district's agricultural targeted percentage shall be equal to $4 \times$ the district's agricultural percentage.

(3) Calculate the aggregate amount to be paid as supplemental targeted assistance funds to each school district under division (A) of section 3317.022 of the Revised Code by multiplying the district's agricultural targeted percentage by the amount calculated for the district under division (A)(6) of this section.

Sec. 3317.051. (A) As used in this section, "gifted unit ADM" means a school district's formula ADM minus the number of students reported by a district under divisions (A)(2)(a) and (i) of section 3317.03 of the Revised Code.

(B) The department of education shall compute and pay to a school district funds based on units for services to students identified as gifted under Chapter 3324. of the Revised Code as prescribed by this section.

(C) The department shall allocate gifted units for a school district as follows:

(1) One gifted coordinator unit shall be allocated for every 3,300 students in a district's gifted unit ADM, with a minimum of 0.5 units and a maximum of 8 units allocated for the district.

(2) One gifted intervention specialist unit shall be allocated for every 1,100 students in a district's gifted unit ADM, with a minimum of 0.3 units allocated for the district.

(D) The department shall pay the following amount to a school district for gifted units:
(1) In fiscal year 2014, $37,000 multiplied by the number of units allocated to a school district under division (C) of this section;

(2) In fiscal year 2015, $37,370 multiplied by the number of units allocated to a school district under division (C) of this section;

(E) A school district may assign gifted unit funding that it receives under division (D) of this section to another school district, an educational service center, a community school, or a STEM school as part of an arrangement to provide services to the district.

Sec. 3317.15. (A) As used in this section, "child with a disability" has the same meaning as in section 3323.01 of the Revised Code.

(B) Each city, exempted village, local, and joint vocational school district shall continue to comply with all requirements of federal statutes and regulations, the Revised Code, and rules adopted by the state board of education governing education of children with disabilities, including, but not limited to, requirements that children with disabilities be served by appropriately licensed or certificated education personnel.

(C) Each city, exempted village, local, and joint vocational school district shall consult with the educational service center serving the county in which the school district is located and, if it elects to participate pursuant to section 5126.04 of the Revised Code, the county DD board of that county, in providing services that serve the best interests of children with disabilities.

(D) Each school district shall annually provide documentation to the department of education that it employs the appropriate number of licensed or certificated personnel to serve the
district's students with disabilities.

(E) The department annually shall audit a sample of school districts to ensure that children with disabilities are being appropriately reported.

(F) Each school district shall provide speech-language pathology services at a ratio of one speech-language pathologist per two thousand students receiving any educational services from the district other than adult education. Each district shall provide school psychological services at a ratio of one school psychologist per two thousand five hundred students receiving any educational services from the district other than adult education. A district may obtain the services of speech-language pathologists and school psychologists by any means permitted by law, including contracting with an educational service center. If, however, a district is unable to obtain the services of the required number of speech-language pathologists or school psychologists, the district may request from the superintendent of public instruction, and the superintendent may grant, a waiver of this provision for a period of time established by the superintendent.

Sec. 3317.16. (A) The department of education shall compute and distribute state core foundation funding to each joint vocational school district for the fiscal year as prescribed in the following divisions:

(1) An opportunity grant calculated according to the following formula:

\[(\text{The formula amount} \times \text{formula ADM}) - (0.0005 \times \text{the district's three-year average valuation})\]

If the result of the calculation for a joint vocational school district under division (A)(1) of this section is less than zero, the joint vocational school district's opportunity grant shall be zero.
(2) Additional state aid for special education and related services provided under Chapter 3323. of the Revised Code calculated as the sum of the following:

(a) The district's category one special education ADM X the amount specified in division (A) of section 3317.013 of the Revised Code X the district's state share percentage;

(f) The district's category six special education ADM X the amount specified in division (F) of section 3317.013 of the Revised Code X the district's state share percentage.

(3) Economically disadvantaged funds calculated according to the following formula:

\[ \left( \$250, \text{ in fiscal year 2014, or } \$253, \text{ in fiscal year 2015} \right) \times 272 \times \left( \text{the district's economically disadvantaged index} \right) \times \text{the number of students who are economically disadvantaged as certified under division (D)(2)(p) of section 3317.03 of the Revised Code} \]

(4) Limited English proficiency funds calculated as the sum of the following:

Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be included in the amount.

(C)(1) For each student with a disability receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational school district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing
those special education and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under division (A) of this section.

Those excess costs shall be calculated by subtracting the sum of the following from the actual cost to provide special education and related services to the student:

(a) The formula amount;

The department annually shall submit to each school district the name and data verification code of each child residing in the district for whom the department has assigned a code under this division.

district of constructing or acquiring such additional facilities or making such renovations.

(B) Based upon the most recent assessment conducted pursuant to division (A) of this section, the commission shall conduct on-site visits to school districts identified as having classroom facility needs to confirm the findings of the periodic assessment and further evaluate the classroom facility needs of the district. The evaluation shall assess the district's need to construct or acquire new classroom facilities and may include an assessment of the district's need for building additions or for the reconstruction of existent buildings in lieu of constructing or acquiring replacement buildings.

(C)(1) Except as provided in division (C)(2) of this section, on-site visits performed on or after May 20, 1997, shall be performed in the order specified in this division. The first round of on-site visits first succeeding the effective date of this amendment, May 20, 1997, shall be limited to the school districts in the first through fifth percentiles, excluding districts that are ineligible for funding under this chapter pursuant to section 3318.04 of the Revised Code. The second round of on-site visits shall be limited to the school districts in the first through tenth percentiles, excluding districts that are ineligible for funding under this chapter pursuant to section 3318.04 of the Revised Code. Each succeeding round of on-site visits shall be limited to the percentiles included in the immediately preceding round of on-site visits plus the next five percentiles. Except for the first round of on-site visits, no round of on-site visits shall commence unless eighty per cent of the districts for which on-site visits were performed during the immediately preceding round, have had projects approved under section 3318.04 of the Revised Code.

(2) Notwithstanding division (C)(1) of this section, the
commission may perform on-site visits for school districts in the
next highest percentile to the percentiles included in the current
round of on-site visits, and then to succeeding percentiles one at
a time, not to exceed the twenty-fifth percentile, if all of the
following apply:

(a) Less than eighty per cent of the districts for which
on-site visits were performed in the current round, and in any
percentiles for which on-site visits were performed in addition to
the current round pursuant to this division, have had projects
approved under section 3318.04 of the Revised Code;

(b) There are funds appropriated for the purpose of sections
3318.01 to 3318.20 of the Revised Code that are not reserved and
encumbered for projects pursuant to section 3318.04 of the Revised
Code;

(c) The commission makes a finding that such available funds
would be more thoroughly utilized if on-site visits were extended
to the next highest percentile.

(D) Notwithstanding divisions (B) and (C) of this section, in
any fiscal year, the commission may limit the number of districts
for which it conducts on-site visits based upon its projections of
the moneys available and moneys necessary to undertake projects
under sections 3318.01 to 3318.33 3318.32 of the Revised Code for
that year.

Sec. 3318.024. In the first year of a capital biennium, any
funds appropriated to the Ohio school facilities commission for
classroom facilities projects under this chapter in the previous
capital biennium that were not spent or encumbered, or for which
an encumbrance has been canceled under section 3318.05 of the
Revised Code, shall be used by the commission only for projects
under sections 3318.01 to 3318.20 of the Revised Code, subject to
appropriation by the general assembly.
In the second year of a capital biennium, any funds appropriated to the Ohio school facilities commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, 3318.32, 3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio school facilities commission set the scope, basic project cost, and school district portion of the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current assessed tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope and basic costs established under this division shall be valid for one year thirteen months from the date the commission
approves them.

(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope and estimated costs. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the following:

(1) Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district, or under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

(2) Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

(3) Encumber funds for the project under section 3318.11 of the Revised Code;

(4) Enter into an agreement with the district board under section 3318.08 of the Revised Code.

Sec. 3318.30. (A) There is hereby created the Ohio school facilities commission as an independent agency of the state within the Ohio facilities construction commission, which is created under section 123.20 of the Revised Code. The Ohio school facilities commission shall administer the provision of financial assistance to school districts for the acquisition or construction of classroom facilities in accordance with sections 3318.01 to 3318.32 of the Revised Code.
The Ohio school facilities commission is a body corporate and politic, an agency of state government and an instrumentality of the state, performing essential governmental functions of this state. The carrying out of the purposes and the exercise by the Ohio school facilities commission of its powers conferred by sections 3318.01 to 3318.32 of the Revised Code are essential public functions and public purposes of the state. The Ohio school facilities commission may, in its own name, sue and be sued, enter into contracts, and perform all the powers and duties given to it by sections 3318.01 to 3318.32 of the Revised Code, but it does not have and shall not exercise the power of eminent domain. In its discretion and as it determines appropriate, the Ohio school facilities commission may delegate to any of its members, executive director, or other employees any of the Ohio school facilities commission's powers and duties to carry out its functions.

(B) The Ohio school facilities commission shall consist of seven members, three of whom are voting members. The voting members of the Ohio school facilities commission shall be the director of the office of budget and management, the director of administrative services, and the superintendent of public instruction, or their designees. Of the nonvoting members, two shall be members of the senate appointed by the president of the senate, and two shall be members of the house of representatives appointed by the speaker of the house. Each of the appointees of the president, and each of the appointees of the speaker, shall be members of different political parties.

Nonvoting members shall serve as members of the Ohio school facilities commission during the legislative biennium for which they are appointed, except that any such member who ceases to be a member of the legislative house from which the member was appointed shall cease to be a member of the Ohio school facilities commission.
commission. Each nonvoting member shall be appointed within thirty-one days of the end of the term of that member's predecessor. Such members may be reappointed. Vacancies of nonvoting members shall be filled in the manner provided for original appointments.

Members of the Ohio school facilities commission shall serve without compensation.

After the initial nonvoting members of the Ohio school facilities commission have been appointed, the Ohio school facilities commission shall meet and organize by electing voting members as the chairperson and vice-chairperson of the Ohio school facilities commission, who shall hold their offices until the next organizational meeting of the Ohio school facilities commission. Organizational meetings of the Ohio school facilities commission shall be held at the first meeting of each calendar year. At each organizational meeting, the Ohio school facilities commission shall elect from among its voting members a chairperson and vice-chairperson, who shall serve until the next annual organizational meeting. The Ohio school facilities commission shall adopt rules pursuant to section 111.15 of the Revised Code for the conduct of its internal business and shall keep a journal of its proceedings. Including the organizational meeting, the Ohio school facilities commission shall meet at least once each calendar quarter.

Two voting members of the Ohio school facilities commission constitute a quorum, and the affirmative vote of two members is necessary for approval of any action taken by the Ohio school facilities commission. A vacancy in the membership of the Ohio school facilities commission does not impair a quorum from exercising all the rights and performing all the duties of the Ohio school facilities commission. Meetings of the Ohio school facilities commission may be held anywhere in the state and shall
be held in compliance with section 121.22 of the Revised Code.

(C) The Ohio school facilities commission shall file an annual report of its activities and finances with the governor, speaker of the house of representatives, president of the senate, and chairpersons of the house and senate finance committees.

(D) The Ohio school facilities commission shall be exempt from the requirements of sections 101.82 to 101.87 of the Revised Code.

(E) The Ohio school facilities commission may share employees and facilities with the Ohio facilities construction commission.

Sec. 3318.40. (A)(1) Sections 3318.40 to 3318.45 of the Revised Code apply only to joint vocational school districts.

(2) As used in sections 3318.40 to 3318.45 of the Revised Code:

(a) "Ohio school facilities commission," "classroom facilities," "project," and "basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(B) There is hereby established the vocational school facilities assistance program. Under the program, the Ohio school facilities commission shall provide assistance to joint vocational school districts for the acquisition of classroom facilities suitable to the vocational education programs of the districts in accordance with sections 3318.40 to 3318.45 of the Revised Code. For purposes of the program, beginning July 1, 2003, the commission annually may set aside up to two per cent of the aggregate amount appropriated to it for classroom facilities assistance projects in the education facilities trust fund.
established under section 183.26 of the Revised Code; the public school building fund, established under section 3318.15 of the Revised Code; and the school building program assistance fund, established under section 3318.25 of the Revised Code.

(C) The commission shall not provide assistance for any distinct part of a project under sections 3318.40 to 3318.45 of the Revised Code that when completed will be used exclusively for an adult education program or exclusively for operation of a driver training school for instruction leading to the issuance of a commercial driver's license under Chapter 4506. of the Revised Code, except for life safety items and basic building components necessary for complete and continuous construction or renovation of a classroom facility as determined by the commission.

(D) The commission shall not provide assistance under sections 3318.40 to 3318.45 of the Revised Code to acquire classroom facilities for vocational educational instruction at a location under the control of a school district that is a member of a joint vocational school district. Any assistance to acquire classroom facilities for vocational educational instruction at such location shall be provided to the school district that is a member of the joint vocational school district through other provisions of this chapter when that member school district is eligible for assistance under those provisions.

(E) By September 1, 2003, the commission shall assess the classroom facilities needs of at least five joint vocational school districts, according to the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, and based on the results of those assessments shall determine the extent to which amendments to the specifications adopted under section 3318.311 of the Revised Code are warranted. The commission, thereafter, may amend the specifications as provided in that section.
(F) After the commission has conducted the assessments prescribed in division (E) of this section, the commission shall establish, by rule adopted in accordance with section 111.15 of the Revised Code, guidelines for the commission to use in deciding whether to waive compliance with the design specifications adopted under section 3318.311 of the Revised Code when determining the number of facilities and the basic project cost of projects as prescribed in division (A)(1)(a) of section 3318.41 of the Revised Code. The guidelines shall address the following situations:

1. Under what circumstances, if any, particular classroom facilities are adequate to meet the needs of the school district even though the facilities do not comply with the specifications adopted under section 3318.311 of the Revised Code;

2. Under what circumstances, if any, particular classroom facilities will be renovated or repaired rather than replaced by construction of new facilities.

Sec. 3319.111. Notwithstanding section 3319.09 of the Revised Code, this section applies to any person who is employed under a teacher license issued under this chapter, or under a professional or permanent teacher's certificate issued under former section 3319.222 of the Revised Code, and who spends at least fifty percent of the time employed providing student instruction. However, this section does not apply to any person who is employed as a substitute teacher or as an instructor of adult education.

(A)(1) Not later than July 1, 2013, the board of education of each school district, in consultation with teachers employed by the board, shall adopt a standards-based teacher evaluation policy that conforms with the framework for evaluation of teachers developed under section 3319.112 of the Revised Code. The policy shall become operative at the expiration of any collective bargaining agreement covering teachers employed by the board that
is in effect on September 29, 2011, and shall be included in any renewal or extension of such an agreement.

(2) For teacher evaluations for the 2015-2016 school year and for each school year thereafter, the board of education of each school district shall update the standards-based teacher evaluation policy adopted pursuant to division (A) of this section in accordance with divisions (A)(1)(c) and (F) of section 3319.112 of the Revised Code. Notwithstanding anything to the contrary in Chapter 4117. of the Revised Code, the updates adopted under division (A)(2) of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after the effective date of this amendment.

(B) When (1) Except as provided for in division (B)(2) of this section, when using measures of student academic growth as a component of a teacher's evaluation, those measures shall include the value-added progress dimension prescribed by section 3302.021 of the Revised Code or an alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code. For

(2) For teachers of grade levels and subjects for which the value-added progress dimension or alternative student academic progress measure is not applicable, the board shall administer assessments on the list developed under division (B)(2) of section 3319.112 of the Revised Code. If those assessments are not available for the applicable grade level or subject, the board shall instead use the method of attributing student growth prescribed by division (A)(1)(c) of that section.

(C)(1) The board shall conduct an evaluation of each teacher employed by the board at least once each school year, except as provided in division (C)(2) of this section. The evaluation shall be completed by the first day of May and the teacher shall receive a written report of the results of the evaluation by the tenth day
of May.

(2)(a) The board may evaluate each teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section once every three school years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(b) The board may evaluate each teacher who received a rating of skilled on the teacher's most recent evaluation conducted under this section once every two years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(c) For each teacher who is evaluated pursuant to division (C)(2) of this section, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year.

(d) Beginning with the 2014-2015 school year, the board may elect not to conduct an evaluation of a teacher who meets one of the following requirements:

(i) The teacher was on leave from the school district for fifty per cent or more of the school year, as calculated by the board.

(ii) The teacher has submitted notice of retirement and that notice has been accepted by the board not later than the first day of December of the school year in which the evaluation is otherwise scheduled to be conducted.

(e) Beginning with the 2015-2016 school year, the board may elect not to conduct an evaluation of a teacher who is participating in the teacher residency program established under
section 3319.223 of the Revised Code for the year during which that teacher takes, for the first time, the majority of the performance-based assessment prescribed by the state board of education for resident educators.

(3) In any year that a teacher is not formally evaluated pursuant to division (C)(2)(b) of this section as a result of receiving a rating of accomplished or skilled on the teacher's most recent evaluation, an individual qualified to evaluate a teacher under division (D) of this section shall conduct at least one observation of the teacher and hold at least one conference with the teacher.

(D) Each evaluation conducted pursuant to this section shall be conducted by one or more of the following persons who hold a credential established by the department of education for being an evaluator:

(1) A person who is under contract with the board pursuant to section 3319.01 or 3319.02 of the Revised Code and holds a license designated for being a superintendent, assistant superintendent, or principal issued under section 3319.22 of the Revised Code;

(3) A person designated to conduct evaluations under an agreement entered into by the board, including an agreement providing for peer review entered into by the board and representatives of teachers employed by the board;

(4) A person who is employed by an entity contracted by the board to conduct evaluations and who holds a license designated for being a superintendent, assistant superintendent, principal,
vocational director, administrative specialist, or supervisor in any educational area issued under section 3319.22 of the Revised Code or is qualified to conduct evaluations.

(E) Notwithstanding division (A)(3) of section 3319.112 of the Revised Code:

(1) The board shall require at least three formal observations of each teacher who is under consideration for nonrenewal and with whom the board has entered into a limited contract or an extended limited contract under section 3319.11 of the Revised Code.

(2) The board may elect, by adoption of a resolution, to require only one formal observation of a teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section, provided the teacher completes a project that has been approved by the board to demonstrate the teacher's continued growth and practice at the accomplished level.

(F) The board shall include in its evaluation policy procedures for using the evaluation results for retention and promotion decisions and for removal of poorly performing teachers. Seniority shall not be the basis for a decision to retain a teacher, except when making a decision between teachers who have comparable evaluations.

(G)(1) For purposes of section 3333.0411 of the Revised Code, the board annually shall report to the department of education the number of teachers for whom an evaluation was conducted under this section and the number of teachers assigned each rating prescribed under division (B)(1) of section 3319.112 of the Revised Code, aggregated by the teacher preparation programs from which and the years in which the teachers graduated. The

(2) The board annually shall report to the department, for each teacher for whom an evaluation was conducted under this
section, the ratings assigned to that teacher for all of the following:

(a) If the evaluation was conducted pursuant to section 3319.112 of the Revised Code, the student academic growth measure and the teacher observations conducted pursuant to division (A)(3) of that section;

(b) If the evaluation was conducted pursuant to section 3319.114 of the Revised Code, the student academic growth measure, the teacher performance measure, and any other measure assigned to that teacher under divisions (B)(3) or (C)(3) of that section for the purposes of the evaluation;

(c) The overall rating assigned to that teacher pursuant to division (B)(1) of section 3319.112 of the Revised Code.

The board also shall report the data used to calculate all of the ratings described in divisions (G)(2)(a) to (c) of this section.

(3) The department shall establish guidelines for reporting the information required by this division divisions (G)(1) and (2) of this section. The guidelines shall not permit or require that the name of, or any other personally identifiable information about, any teacher be reported under this division those divisions.

(H) Notwithstanding any provision to the contrary in Chapter 4117. of the Revised Code, the requirements of this section prevail over any conflicting provisions of a collective bargaining agreement entered into on or after September 24, 2012.

Sec. 3319.112. (A) Not later than December 31, 2011, the state board of education shall develop a standards-based state framework for the evaluation of teachers. The state board may update the framework periodically by adoption of a resolution. The
framework shall establish an evaluation system that does the following:

(b)(ii) On or after July 1, 2014, the entire student academic growth factor of the evaluation shall be based on the value-added progress dimension. In calculating student academic growth for an evaluation, a student shall not be included if the student has forty-five or more excused or unexcused absences during the full academic year.

(c) Beginning with teacher evaluations for the 2015-2016 school year, if a teacher's schedule is comprised of grade levels, courses, or subjects for which the value-added progress dimension

(8) Provides for professional development to accelerate and continue teacher growth and provide support to poorly performing teachers;

(9) Provides for the allocation of financial resources to support professional development.

(B) For purposes of the framework developed under this section, the state board also shall do the following:

Each state agency that employs teachers shall adopt a standards-based teacher evaluation policy that conforms with the framework developed under this division. The policy shall become operative at the expiration of any collective bargaining agreement covering teachers employed by the agency that is in effect on September 24, 2012, and shall be included in any renewal or extension of such an agreement. However, this division does not apply to any person who is employed as a substitute teacher or as an instructor of adult education.

(F) Not later than October 31, 2015, the state board shall update the standards-based framework for the teacher evaluations to conform to the provisions of division (A)(1)(c) of this section. (E) Notwithstanding any provision to the contrary in Chapter
4117. of the Revised Code, the requirements of this section
prevail over any conflicting provision of a collective bargaining
agreement entered into on or after the effective date of this
section.

In all city, local, and exempted village school districts where pupil transportation is required under a career-technical plan approved by the state board of education under section 

3313.90 of the Revised Code, for any student attending a career-technical program operated by another school district, including a joint vocational school district, as prescribed under that section, the board of education of the student's district of residence shall provide transportation from the public high school operated by that district to which the student is assigned to the career-technical program.

A board of education shall not be required to transport elementary or high school pupils to and from a nonpublic or community school where such transportation would require more than thirty minutes of direct travel time as measured by school bus from the public school building to which the pupils would be assigned if attending the public school designated by the district of residence.

Where it is impractical to transport a pupil by school conveyance, a board of education may offer payment, in lieu of providing such transportation in accordance with section 3327.02 of the Revised Code.

A board of education shall not be required to transport elementary or high school pupils to and from a nonpublic or community school on Saturday or Sunday, unless a board of education and a nonpublic or community school have an agreement in place to do so before the first day of July 1, 2014 of the school year in which the agreement takes effect.
In all city, local, and exempted village school districts, the board shall provide transportation for all children who are so disabled that they are unable to walk to and from the school for which the state board of education prescribes minimum standards pursuant to division (D) of section 3301.07 of the Revised Code and which they attend. No transportation of any pupils shall be provided by any board of education to or from any school which in the selection of pupils, faculty members, or employees, practices discrimination against any person on the grounds of race, color, religion, or national origin.

**Sec. 3327.02.** (A) After considering each of the following factors, the board of education of a city, exempted village, or local school district, or a community school governing authority providing transportation pursuant to section 3314.091 of the Revised Code, may determine that it is impractical to transport a
pupil who is eligible for transportation to and from a school under section 3327.01 of the Revised Code:

(1) The time and distance required to provide the transportation;

(2) The number of pupils to be transported;

(3) The cost of providing transportation in terms of equipment, maintenance, personnel, and administration;

(4) Whether similar or equivalent service is provided to other pupils eligible for transportation;

(5) Whether and to what extent the additional service unavoidably disrupts current transportation schedules;

(6) Whether other reimbursable types of transportation are available.

(B)(1) Based on its consideration of the factors established in division (A) of this section, the board or governing authority may pass a resolution declaring the impracticality of transportation. The resolution shall include each pupil's name and the reason for impracticality.

(2) The board or governing authority shall report its determination to the state board of education in a manner determined by the state board.

(3) The board of education of a local school district additionally shall submit the resolution for concurrence to the educational service center that contains the local district's territory. If the educational service center governing board considers transportation by school conveyance practicable, it shall so inform the local board and transportation shall be provided by such local board. If the educational service center board agrees with the view of the local board, the local board may offer payment in lieu of transportation as provided in this
section.

(C) After passing the resolution declaring the impracticality of transportation, the district board or governing authority shall offer to provide payment in lieu of transportation by doing the following:

(1) In accordance with guidelines established by the department of education, informing the pupil's parent, guardian, or other person in charge of the pupil of both of the following:

(2) Issuing the pupil's parent, guardian, or other person in charge of the pupil a contract or other form on which the parent, guardian, or other person in charge of the pupil is given the option to accept or reject the board's offer of payment in lieu of transportation.

(D) If the parent, guardian, or other person in charge of the pupil accepts the offer of payment in lieu of providing transportation, the board or governing authority shall pay the parent, guardian, or other person in charge of the pupil an amount that shall be not less than the amount determined by the general assembly as the minimum for payment in lieu of transportation, and not more than the amount determined by the department of education as the average cost of pupil transportation for the previous school year. Payment may be prorated if the time period involved is only a part of the school year.

(E)(1)(a) Upon the request of a parent, guardian, or other person in charge of the pupil who rejected the payment in lieu of transportation, the department shall conduct mediation procedures.
(b) If the mediation does not resolve the dispute, the state board of education shall conduct a hearing in accordance with Chapter 119. of the Revised Code. The state board may approve the payment in lieu of transportation or may order the district board of education or governing authority to provide transportation. The decision of the state board is binding in subsequent years and on future parties in interest provided the facts of the determination remain comparable.

(2) The school district or governing authority shall provide transportation for the pupil from the time the parent, guardian, or other person in charge of the pupil requests mediation until the matter is resolved under division (E)(1)(a) or (b) of this section.

(F)(1) If the department determines that a school district board or governing authority has failed or is failing to provide transportation as required by division (E)(2) of this section or as ordered by the state board under division (E)(1)(b) of this section, the department shall order the school district board or governing authority to pay to the pupil's parent, guardian, or other person in charge of the pupil, an amount equal to the state average daily cost of transportation as determined by the state board of education for the previous year. The school district board or governing authority shall make payments on a schedule ordered by the department.

(2) If the department subsequently finds that a school district board is not in compliance with an order issued under division (F)(1) of this section and the affected pupils are enrolled in a nonpublic or community school, the department shall deduct the amount that the board is required to pay under that order from any pupil transportation payments the department makes to the school district board under section 3317.0212 of the Revised Code or other provisions of law. The department shall use
the moneys so deducted to make payments to the nonpublic or community school attended by the pupil. The department shall continue to make the deductions and payments required under this division until the school district board either complies with the department's order issued under division (F)(1) of this section or begins providing transportation.

(G) A nonpublic or community school that receives payments from the department under division (F)(2) of this section shall do either of the following:

(1) Disburse the entire amount of the payments to the parent, guardian, or other person in charge of the pupil affected by the failure of the school district of residence to provide transportation;

Any individual whose primary duty, whether on or off school premises, is to solicit prospective students shall first secure a permit as an agent from the state board of career colleges and schools. If the agent represents more than one school, a separate permit shall be obtained for each
school represented by the agent. An agent who represents a person that operates more than one school in the same geographical area, as determined by the board, need not obtain a separate permit for each such school. Upon approval for a permit, the board shall issue a pocket card to the individual, giving the individual's name, address, permit number, and the name and address of the employing school, and certifying that the individual whose name appears on the card is an authorized agent of the school.  

(B) The application for a permit shall be made on forms to be furnished by the board and accompanied by the fee established in accordance with section 3332.07 of the Revised Code. A permit shall be renewed every twelve granted for a period not to exceed twenty-four months and shall be valid for up to thirty days after its expiration date. An application for a renewal permit shall be accompanied by the fee established in accordance with section 3332.07 of the Revised Code.

The board shall hold schools liable for the actions, statements, and conduct of agents that violate any provision of this chapter, unless an agent's acts or omissions were manifestly outside the scope of the agent's employment or official responsibilities.

The director of the department of higher education shall conduct a study of bachelor's degree programs approved and offered under sections 3354.071, 3357.071, and 3358.071 of the Revised Code to determine the effects of the programs on fulfilling the needs of students and local industry. The director shall complete the study not later than December 31, 2018, and conduct and complete a second study as prescribed by this section not later than December 31, 2020.

The director shall submit each study to the general assembly, in accordance with section 101.68 of the Revised Code, and the governor.

The chancellor of the Ohio board of regents director of higher education shall approve or disapprove proposed official plans of community college districts, prepared and submitted pursuant to sections 3354.01 to 3354.18 of the Revised Code, and issue or decline to issue charters for operation of community colleges, pursuant to section 3354.07 of the Revised Code.

The chancellor director shall approve an official plan, and
issue a charter, only upon the following findings:

(A) That the official plan and all past and proposed actions of the community college district are in conformity to law;

(B) That the proposed community college will not unreasonably and wastefully duplicate existing educational services available to students and prospective students residing in the community college district;

(C) That there is reasonable prospect of adequate current operating revenue for the proposed community college from its proposed opening date of operation;

(D) That the proposed lands and facilities of the community colleges will be adequate and efficient for the purposes of the proposed community college;

(E) That the proposed curricular programs defined in section 3354.01 of the Revised Code as "arts and sciences" and "technical," or either, are the programs for which there is substantial need in the territory of the district.

The employment and separation of individual personnel in a community college, and the establishing or abolishing of individual courses of instruction, shall not be subject to the specific and individual approval or disapproval of the chancellor director, but shall occur in the discretion of the local management of such college within the limitations of law, the official plan, and the charter of such college.

Sec. 3333.06. The chancellor of the Ohio board of regents director of higher education shall prepare a state plan and do all other things necessary for participation in federal acts relative to the construction of higher educational academic facilities.

Such plan shall provide for objective standards and methods of determining the relative priorities for eligible projects for
the construction of academic facilities submitted by institutions of higher education within the state and for determining the federal share of the development for each such project.

The chancellor director shall provide for assigning priorities in accordance with such criteria, standards, and methods to eligible projects submitted to and approved by the chancellor director, shall recommend to the United States secretary of education, in the order of such priority, applications covering such eligible projects, and shall certify to the secretary the federal share of the development cost of such projects.

The chancellor director shall provide a fair hearing to each institution which has submitted a project as to the priority assigned to such project by the chancellor director or as to any other determination of the chancellor director adversely affecting such institution.

The chancellor director shall receive federal grants for the proper and efficient administration of the state plan, and shall provide for such fiscal control and fund accounting procedures as may be necessary to ensure proper disbursement of, and accounting for, federal funds paid to the chancellor director.

The chancellor director shall make such reports in such form and containing such information as may be reasonably required by the secretary in the performance of the secretary's functions under federal law relating to grants for the construction of academic facilities.

Each federal grant received by the chancellor director shall be paid into the state treasury.

Sec. 3333.07. (A) Colleges, universities, and other institutions of higher education which receive state assistance,
but are not supported primarily by the state, shall submit to the chancellor of the Ohio board of regents director of higher education such accounting of the expenditure of state funds at such time and in such form as the chancellor director prescribes.

(B) No state institution of higher education shall establish a new branch or academic center without the approval of the chancellor director.

(C) No state institution of higher education shall offer a new degree or establish a new degree program without the approval of the chancellor director. No degree approval shall be given for a technical education program unless such program is offered by a state assisted university, a university branch, a technical college, or a community college.

(D) Any state college, university, or other state assisted institution of higher education not complying with a recommendation of the chancellor director pursuant to division (F) or (G) of section 3333.04 of the Revised Code shall so notify the chancellor director in writing within one hundred twenty days after receipt of the recommendation, stating the reasons why it cannot or should not comply.

(E) The officers, trustees, and employees of all institutions of higher education which are state supported or state assisted shall cooperate with the chancellor director in supplying information regarding their institutions, and advising and assisting the chancellor director on matters of higher education in this state in every way possible when so requested by the chancellor director.

(F) Persons associated with the public school systems in this state, personnel of the state department of education, and members of the state board of education shall provide such data about high school students as are requested by the chancellor director to aid
in the development of state higher education plans.

**Sec. 3333.071.** Notwithstanding section 3345.16 of the Revised Code, no expenditure shall be made for land for higher education purposes by public institutions of higher education or agents of such institutions from any fund without the approval of the chancellor of the Ohio board of regents director of higher education and the controlling board. No state appropriation for capital improvements shall be released by the controlling board for the purchase of land or buildings from any organization or corporation which has been established to benefit or assist the institution, except that such releases may be made if the land is to be used for a currently state-financed improvement.

**Sec. 3333.08.** It is the declared policy of this state that the availability of eminent domain on behalf of educational institutions of higher education is in the public welfare. A private college, university, or other institution of higher education may therefore apply to the chancellor of the Ohio board of regents director of higher education for the right to appropriate property when such institution is unable to agree with the owner or owners of the subject property upon the price to be paid for the property. The institution shall be one that any educationally qualified member of the public who desires to attend has, or can acquire, a right to be admitted upon equal terms without discrimination. The institution shall certify to the chancellor director, in its application, that the use of the property to be appropriated is to be for educational purposes, including student housing and dining facilities, that reasonable efforts have been made to purchase the property, and that it will be used without discrimination against any person or group and be equally available to all qualified persons. The institution also shall submit to the chancellor director its plans for the use of
the property and such other information as the chancellor director may require. The chancellor director may, thereafter, and upon a determination that the intended use is in the public interest, approve the application by resolution. Upon such approval, the institution may appropriate the property in the same manner as is provided for the appropriation of property in Chapter 163. of the Revised Code.

Sec. 3333.09. "Public university or college," as used in this section, means any non-profit university or college situated within this state which is open to the public on equal terms and which is not affiliated with or controlled by an organization which is not primarily educational in nature. Any such university or college shall be considered to be serving a public purpose.

The chancellor of the Ohio board of regents director of higher education may, upon the chancellor's director's determination that such action would serve the interests of higher education in this state, in terms of expansion of educational opportunity in a major urban area and in terms of expansion of educational service to a major urban community, accept conveyances of land, situated within this state, from any public university or college and enter into an agreement before or after such conveyance to lease to such public university or college, upon terms as may be prescribed by the chancellor director, such land together with buildings constructed thereon and furniture, fixtures, and equipment therein for use as an educational facility. The lease shall be for a period not to exceed fifty years, renewable for a like term, and shall provide that such buildings be used solely for educational purposes and that the chancellor director may cancel such lease if such buildings are used for other purposes. Such lease may contain provisions for the sale of such property to the lessee, upon the consent of the
chancellor, for a purchase price not less than the actual cost to the chancellor, less depreciation, computed at the rate customarily applied to similar structures. The chancellor, through the department of administrative services, may construct, equip, or remodel buildings on lands accepted by the chancellor in the name of the state pursuant to this section. Title to lands acquired under this section shall be taken in the name of the state.

Responsibility for the proper use, maintenance, and repair of leased buildings shall rest upon the lessee.

Sec. 3333.10. (A) As used in this section:

(1) "Qualified institution of higher education" or "institution" means a nonprofit educational institution, holding an effective certificate of authorization issued under section 1713.02 of the Revised Code, operating in the state an eligible program, and admitting students without discrimination by reason of race, creed, color, or national origin.

(2) "School of dentistry" means an accredited dental college as defined under section 4715.10 of the Revised Code.

(3) "Eligible program" means a medical school accredited by the liaison committee on medical education or an osteopathic medical school accredited by the American osteopathic association, or such a school together with a school of dentistry.

(B) In order to provide better for the public health and the necessary enhancement of instruction in medicine and dentistry in the state, and to encourage the means of such instruction with the least economic cost to the people of the state, the chancellor of the Ohio board of regents director of higher education may enter into agreements with qualified institutions of higher education providing for the continued operation by the institution of
eligible programs, conditioned upon continued payments by the state to such institution for the purposes of such eligible programs of amounts determined in the manner provided for the state subsidy from time to time afforded to state universities on the basis of comparable programs. Before entering into such agreement, the chancellor director shall determine that the institution is a qualified institution of higher education as defined in division (A) of this section, and that the operation of such eligible programs as provided for in such agreement and such payments will contribute to the objectives stated in this section and to the objectives of the master plan of higher education formulated under section 3333.04 of the Revised Code.

(C) Agreements under this section shall contain provisions to the effect that:

(1) The institution shall submit to the chancellor director accountings for the expenditure of state payments in the manner and at the times as are requested for state-assisted institutions of higher education pursuant to division (A) of section 3333.07 of the Revised Code.

(2) The institution shall notify the chancellor director in the manner provided for state-assisted institutions under division (D) of section 3333.07 of the Revised Code with regard to program recommendations by the chancellor director in the nature of those provided for in divisions (F) and (G) of section 3333.04 of the Revised Code.

(3) The agreement shall terminate if the institution ceases to be a qualified institution of higher education as determined by the chancellor director in accordance with Chapter 119. of the Revised Code.

(D) Agreements under this section may make further provision for any one or more of the following as the parties determine:
(1) The duration of any such agreement, or additional provision for terminating the agreement;

(2) Additional conditions for the effectiveness or continued effectiveness of such agreement;

(3) Procedures for the amendment or supplementation of the agreement, including designation of the parties to approve or execute such amendments or supplements;

(4) Such other provisions as may be deemed necessary or appropriate.

(E) In case any provision or part of this section or any provision, agreement, covenant, stipulation, obligation, act or action, or part thereof, made, assumed, or taken under or pursuant to this section, or any application thereof, is for any reason held to be illegal or invalid, such illegality or invalidity shall not affect the remainder thereof or any other provision of this section or any other provision, agreement, covenant, stipulation, obligation, action, or part thereof, made, assumed, or taken under or pursuant to this section, which shall be construed and enforced as if such illegal or invalid portion were not contained therein, nor shall such illegality or invalidity of any application thereof affect any legal and valid application thereof, and each such provision, agreement, covenant, stipulation, obligation, act, or action, or part thereof, shall be deemed to be effective, operative, made, done, or entered into in the manner and to the full extent permitted by law to accomplish most nearly the intention thereof.

(F) No agreement shall be entered into under this section with any institution which is not in compliance with section 3333.11 of the Revised Code.

Sec. 3333.11. Each school or college of medicine or medical
university supported in whole or in part by the state shall create a curriculum for and maintain a department of family practice, the purpose of which shall be to acquaint undergraduates with and to train postgraduate physicians for the practice of family medicine. The minimum requirements for the department shall include courses of study in family care, including clinical experience, a program of preceptorships, and a program of family practice residencies in university or other hospital settings.

Each program of family practice shall:

(A) Be designated to advance the field of family practice;

(B) Educate all medical students in family practice and encourage students to enter it as a career;

(C) Provide students an opportunity to study family practice in various situations through preceptorships, seminars, model family practice units within the medical school, classroom work, hospital programs, or other means;

(D) Develop residency and other training programs for family practice in public and private hospitals, including those in nonmetropolitan areas of the state;

(E) The department shall be a full department co-equal with all other major clinical departments and headed by a qualified experienced family practitioner serving as chairperson of the department of family practice and director of the family practice residency program.

Funds appropriated by the general assembly in support of family practice programs shall not be disbursed until the chancellor of the Ohio board of regents has certified that the intent and requirements of this section are being met.

Sec. 3333.12. (A) As used in this section:
(1) "Eligible student" means an undergraduate student who is:

(a) An Ohio resident enrolled in an undergraduate program before the 2006-2007 academic year;

(b) Enrolled in either of the following:

(i) An accredited institution of higher education in this state that meets the requirements of Title VI of the Civil Rights Act of 1964 and is state-assisted, is nonprofit and has a certificate of authorization pursuant to Chapter 1713. of the Revised Code, has a certificate of registration from the state board of career colleges and schools and program authorization to award an associate or bachelor's degree, or is a private institution exempt from regulation under Chapter 3332. of the Revised Code as prescribed in section 3333.046 of the Revised Code. Students who attend an institution that holds a certificate of registration shall be enrolled in a program leading to an associate or bachelor's degree for which associate or bachelor's degree program the institution has program authorization issued under section 3332.05 of the Revised Code.

(ii) A technical education program of at least two years duration sponsored by a private institution of higher education in this state that meets the requirements of Title VI of the Civil Rights Act of 1964.

(c) Enrolled as a full-time student or enrolled as a less than full-time student for the term expected to be the student's final term of enrollment and is enrolled for the number of credit hours necessary to complete the requirements of the program in which the student is enrolled.

(2) "Gross income" includes all taxable and nontaxable income of the parents, the student, and the student's spouse, except income derived from an Ohio academic scholarship, income earned by the student between the last day of the spring term and the first
day of the fall term, and other income exclusions designated by the chancellor of the Ohio board of regents director of higher education. Gross income may be verified to the chancellor director by the institution in which the student is enrolled using the federal financial aid eligibility verification process or by other means satisfactory to the chancellor director.

(3) "Resident," "full-time student," "dependent," "financially independent," and "accredited" shall be defined by rules adopted by the chancellor director.

(B) The chancellor director shall establish and administer an instructional grant program and may adopt rules to carry out this section. The general assembly shall support the instructional grant program by such sums and in such manner as it may provide, but the chancellor director may also receive funds from other sources to support the program. If the amounts available for support of the program are inadequate to provide grants to all eligible students, preference in the payment of grants shall be given in terms of income, beginning with the lowest income category of gross income and proceeding upward by category to the highest gross income category.

An instructional grant shall be paid to an eligible student through the institution in which the student is enrolled, except that no instructional grant shall be paid to any person serving a term of imprisonment. Applications for such grants shall be made as prescribed by the chancellor director, and such applications may be made in conjunction with and upon the basis of information provided in conjunction with student assistance programs funded by agencies of the United States government or from financial resources of the institution of higher education. The institution shall certify that the student applicant meets the requirements set forth in divisions (A)(1)(b) and (c) of this section. Instructional grants shall be provided to an eligible student only
as long as the student is making appropriate progress toward a  
nursing diploma or an associate or bachelor's degree. No student  
shall be eligible to receive a grant for more than ten semesters,  
fifteen quarters, or the equivalent of five academic years. A  
grant made to an eligible student on the basis of less than  
full-time enrollment shall be based on the number of credit hours  
for which the student is enrolled and shall be computed in  
accordance with a formula adopted by the chancellor director. No  
student shall receive more than one grant on the basis of less  
than full-time enrollment.

An instructional grant shall not exceed the total  
instructional and general charges of the institution.

(C) The tables in this division prescribe the maximum grant  
amounts covering two semesters, three quarters, or a comparable  
portion of one academic year. Grant amounts for additional terms  
in the same academic year shall be determined under division (D)  
of this section.

For a full-time student who is a dependent and enrolled in a  
nonprofit educational institution that is not a state-assisted  
institution and that has a certificate of authorization issued  
pursuant to Chapter 1713. of the Revised Code, the amount of the  
instructional grant for two semesters, three quarters, or a  
comparable portion of the academic year shall be determined in  
accordance with the following table:

(D) For a full-time student enrolled in an eligible institution for a semester or quarter in addition to the portion of the academic year covered by a grant determined under division (C) of this section, the maximum grant amount shall be a percentage of the maximum prescribed in the applicable table of that division. The maximum grant for a fourth quarter shall be one-third of the maximum amount prescribed under that division. The maximum grant for a third semester shall be one-half of the maximum amount prescribed under that division.

(E) No grant shall be made to any student in a course of study in theology, religion, or other field of preparation for a religious profession unless such course of study leads to an accredited bachelor of arts, bachelor of science, associate of arts, or associate of science degree.

(F)(1) Except as provided in division (F)(2) of this section, no grant shall be made to any student for enrollment during a fiscal year in an institution with a cohort default rate determined by the United States secretary of education pursuant to the "Higher Education Amendments of 1986," 100 Stat. 1278, 1408, 20 U.S.C.A. 1085, as amended, as of the fifteenth day of June preceding the fiscal year, equal to or greater than thirty percent for each of the preceding two fiscal years.

(2) Division (F)(1) of this section does not apply to the following:

(a) Any student enrolled in an institution that under the federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances the institution may continue to participate in federal financial aid programs. The
director shall adopt rules requiring institutions to provide information regarding an appeal to the director. 

(b) Any student who has previously received a grant under this section who meets all other requirements of this section.

(3) The director shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at an institution whose students lose eligibility for grants under division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

(G) Institutions of higher education that enroll students receiving instructional grants under this section shall report to the chancellor all students who have received instructional grants but are no longer eligible for all or part of such grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The chancellor shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

Sec. 3333.121. There is hereby established in the state treasury the state need-based financial aid reconciliation fund, which shall consist of refunds of instructional grant payments made pursuant to section 3333.12 of the Revised Code and refunds of state need-based financial aid payments made pursuant to
section 3333.122 of the Revised Code. Revenues credited to the fund shall be used by the chancellor of the Ohio board of regents director of higher education to pay to higher education institutions any outstanding obligations from the prior year owed for the Ohio instructional grant program and the Ohio college opportunity grant program that are identified through the annual reconciliation and financial audit. Any amount in the fund that is in excess of the amount certified to the director of budget and management by the chancellor director of higher education as necessary to reconcile prior year payments under the program shall be transferred to the general revenue fund.

Sec. 3333.122. (A) The chancellor of the Ohio board of regents director of higher education shall adopt rules to carry out this section and as authorized under section 3333.123 of the Revised Code. The rules shall include definitions of the terms "resident," "expected family contribution," "full-time student," "three-quarters-time student," "half-time student," "one-quarter-time student," "state cost of attendance," and "accredited" for the purpose of those sections.

(B) Only an Ohio resident who meets both of the following is eligible for a grant awarded under this section:

(1) The resident has an expected family contribution of two thousand one hundred ninety or less;

(2) The resident enrolls in one of the following:

(a) An undergraduate program, or a nursing diploma program approved by the board of nursing under division (A)(5) of section 4723.06 of the Revised Code, at a state-assisted state institution of higher education, as defined in section 3345.12 of the Revised Code, that meets the requirements of Title VI of the Civil Rights Act of 1964;
(b) An undergraduate program, or a nursing diploma program approved by the board of nursing under division (A)(5) of section 4723.06 of the Revised Code, at a private, nonprofit institution in this state holding a certificate of authorization pursuant to Chapter 1713. of the Revised Code;

(c) An undergraduate program, or a nursing diploma program approved by the board of nursing under division (A)(5) of section 4723.06 of the Revised Code, at a career college in this state that holds a certificate of registration from the state board of career colleges and schools under Chapter 3332. of the Revised Code or at a private institution exempt from regulation under Chapter 3332. of the Revised Code as prescribed in section 3333.046 of the Revised Code, if the program has a certificate of authorization pursuant to Chapter 1713. of the Revised Code.

(C)(1) The chancellor director shall establish and administer a needs-based financial aid grants program based on the United States department of education's method of determining financial need. The program shall be known as the Ohio college opportunity grant program. The general assembly shall support the needs-based financial aid program by such sums and in such manner as it may provide, but the chancellor director also may receive funds from other sources to support the program. If, for any academic year, the amounts available for support of the program are inadequate to provide grants to all eligible students, the chancellor director shall do one of the following:

(a) Give preference in the payment of grants based upon expected family contribution, beginning with the lowest expected family contribution category and proceeding upward by category to the highest expected family contribution category;

(b) Proportionately reduce the amount of each grant to be awarded for the academic year under this section;
(c) Use an alternate formula for such grants that addresses
the shortage of available funds and has been submitted to and
approved by the controlling board.

(2) The needs-based financial aid grant shall be paid to the
eligible student through the institution in which the student is
enrolled, except that no needs-based financial aid grant shall be
paid to any person serving a term of imprisonment. Applications
for the grants shall be made as prescribed by the chancellor
director, and such applications may be made in conjunction with
and upon the basis of information provided in conjunction with
student assistance programs funded by agencies of the United
States government or from financial resources of the institution
of higher education. The institution shall certify that the
student applicant meets the requirements set forth in division (B)
of this section. Needs-based financial aid grants shall be
provided to an eligible student only as long as the student is
making appropriate progress toward a nursing diploma or an
associate or bachelor's degree. No student shall be eligible to
receive a grant for more than ten semesters, fifteen quarters, or
the equivalent of five academic years. A grant made to an eligible
student on the basis of less than full-time enrollment shall be
based on the number of credit hours for which the student is
enrolled and shall be computed in accordance with a formula
adopted by rule issued by the chancellor director. No student
shall receive more than one grant on the basis of less than
full-time enrollment.

(D)(1) Except as provided in division (D)(4) of this section,
no grant awarded under this section shall exceed the total state
cost of attendance.

(2) Subject to divisions (D)(1), (3), and (4) of this
section, the amount of a grant awarded to a student under this
section shall equal the student's remaining state cost of
attendance after the student's Pell grant and expected family contribution are applied to the instructional and general charges for the undergraduate program. However, for students enrolled in a state university or college as defined in section 3345.12 of the Revised Code or a university branch, the chancellor director may provide that the grant amount shall equal the student's remaining instructional and general charges for the undergraduate program after the student's Pell grant and expected family contribution have been applied to those charges, but, in no case, shall the grant amount for such a student exceed any maximum that the chancellor director may set by rule.

(3) For a student enrolled for a semester or quarter in addition to the portion of the academic year covered by a grant under this section, the maximum grant amount shall be a percentage of the maximum specified in any table established in rules adopted by the chancellor director as provided in division (A) of this section. The maximum grant for a fourth quarter shall be one-third of the maximum amount so prescribed. The maximum grant for a third semester shall be one-half of the maximum amount so prescribed.

(4) If a student is enrolled in a two-year institution of higher education and is eligible for an education and training voucher through the Ohio education and training voucher program that receives federal funding under the John H. Chafee foster care independence program, 42 U.S.C. 677, the amount of a grant awarded under this section may exceed the total state cost of attendance to additionally cover housing costs.

(E) No grant shall be made to any student in a course of study in theology, religion, or other field of preparation for a religious profession unless such course of study leads to an accredited bachelor of arts, bachelor of science, associate of arts, or associate of science degree.

(F)(1) Except as provided in division (F)(2) of this section,
no grant shall be made to any student for enrollment during a fiscal year in an institution with a cohort default rate determined by the United States secretary of education pursuant to the "Higher Education Amendments of 1986," 100 Stat. 1278, 1408, 20 U.S.C.A. 1085, as amended, as of the fifteenth day of June preceding the fiscal year, equal to or greater than thirty percent for each of the preceding two fiscal years.

(2) Division (F)(1) of this section does not apply in the case of either of the following:

(a) The institution pursuant to federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor director shall adopt rules requiring any such appellant to provide information to the chancellor director regarding an appeal.

(b) Any student who has previously received a grant pursuant to any provision of this section, including prior to the section's amendment by H.B. 1 of the 128th general assembly, effective July 17, 2009, and who meets all other eligibility requirements of this section.

(3) The chancellor director shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at any institution whose students are ineligible for grants due to division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.
(G) Institutions of higher education that enroll students receiving needs-based financial aid grants under this section shall report to the chancellor director all students who have received such needs-based financial aid grants but are no longer eligible for all or part of those grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The chancellor director shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

Sec. 3333.123. (A) As used in this section:

(1) "The Ohio college opportunity grant program" means the program established under section 3333.122 of the Revised Code.

(2) "Rules for the Ohio college opportunity grant program" means the rules authorized in division (R) of section 3333.04 of the Revised Code for the implementation of the program.

(B) In adopting rules for the Ohio college opportunity grant program, the chancellor of the Ohio board of regents director of higher education may include provisions that give preferential or priority funding to low-income students who in their primary and secondary school work participate in or complete rigorous academic coursework, attain passing scores on the assessments prescribed in section 3301.0710 or 3301.0712 of the Revised Code, or meet other high academic performance standards determined by the chancellor director to reduce the need for remediation and ensure academic success at the postsecondary education level. Any such rules shall include a specification of procedures needed to certify student achievement of primary and secondary standards as well as the
timeline for implementation of the provisions authorized by this section.

Sec. 3333.124. There is hereby created in the state treasury the Ohio college opportunity grant program reserve fund. Not later than the first day of July As soon as possible following the end of each fiscal year, the chancellor of the Ohio board of regents director of higher education shall certify to the director of budget and management the unencumbered balance of the general revenue fund appropriations made in the immediately preceding fiscal year for purposes of the Ohio college opportunity grant program created in section 3333.122 of the Revised Code. Upon receipt of the certification, the director of budget and management may transfer an amount not exceeding the certified amount from the general revenue fund to the Ohio college opportunity grant program reserve fund. Moneys in the Ohio college opportunity grant program reserve fund shall be used to pay grant obligations in excess of the general revenue fund appropriations made for that purpose.

The director may transfer any unencumbered balance from the Ohio college opportunity grant program reserve fund to the general revenue fund.

If it is determined that general revenue fund appropriations are insufficient to meet the obligations of the Ohio college opportunity grant program in a fiscal year, the director may transfer funds from the Ohio college opportunity grant program reserve fund to the general revenue fund in order to meet those obligations. The amount transferred is hereby appropriated. If the funds transferred from the Ohio college opportunity grant program reserve fund are not needed, the director may transfer the unexpended balance from the general revenue fund back to the Ohio college opportunity grant program reserve fund.
Sec. 3333.13. (A) Money appropriated to the chancellor or a vice chancellor of higher education for the purposes of this division shall be paid at the times and in the amounts necessary to meet all payments required to be made by the chancellor director to the Ohio public facilities commission pursuant to leases or agreements made under division (B) of section 154.21 of the Revised Code, as certified under division (C) of this section, including supplements to such certifications.

(B) The chancellor director shall include in the estimate of proposed expenses submitted pursuant to section 126.02 of the Revised Code the estimated amounts of all such payments to be made by the chancellor director. The chancellor director shall include the estimated amounts of all such payments to be made by the chancellor director in recommendations for appropriation required by division (J) of section 3333.04 of the Revised Code. The director of budget and management shall include in the state budget estimates provided for in section 126.02 of the Revised Code the estimated amount of all such payments to be made during the next biennium, and this amount shall be included in the state budget to be submitted by the governor to the general assembly pursuant to section 107.03 of the Revised Code.

(C) On the first day of July of each year, or as soon thereafter as is practicable, the chancellor or a vice chancellor director of higher education shall certify to the director of budget and management the payments contracted to be made, during the period of the then current appropriations made for the purposes of division (A) of this section, to the commission by the chancellor director of higher education pursuant to leases and agreements made under division (B) of section 154.21 of the Revised Code. The certification shall state the amounts and dates of payment required therefor and the amounts to be credited pursuant to such leases and agreements to the higher education
bond service trust fund and other special funds established pursuant to Chapter 154. of the Revised Code. If the director of budget and management finds such certification to be correct, the director shall promptly add the director's certification thereto and submit it to the treasurer of state. Such annual certification shall be supplemented in similar manner upon the execution of each new lease or agreement, any supplement to an existing lease or agreement, or any amendment thereof, affecting the amounts of those payments.

Sec. 3333.14. Effective July 1, 1971, all public post high school technical education programs shall be operated by technical colleges, community colleges, university branches, state colleges, state-affiliated universities and state universities. Subject to rules and regulations adopted by the chancellor of the Ohio board of regents director of higher education, the board of trustees or directors of one of the above such institutions shall adopt a plan of transition governing each public post high school technical education program not specifically identified or included in this section which is located in the geographic region of such institution as defined by the chancellor director. The plan of transition shall provide for the dissolution of such technical education programs either by transfer of a program's lands, buildings, and equipment to one of the above such institutions or by complete termination of the technical education program.

Sec. 3333.15. If the board of trustees of a state university fails to undertake appropriate action to establish a university branch campus within one year from the enactment of a capital improvement appropriation for the development of such university branch facility, the chancellor of the Ohio board of regents director of higher education may act as the chancellor director deems necessary in place of the board of trustees, including
securing the release of construction planning and construction contract funds from the state controlling board. If the chancellor director takes action to plan and construct a university branch in accordance with this section, the officers and staff of such university shall perform all necessary functions incident to the planning and construction of such university branch as directed by the chancellor director.

Sec. 3333.16. As used in this section "state institution of higher education" means an institution of higher education as defined in section 3345.12 of the Revised Code.

(A) The chancellor of the Ohio board of regents director of higher education shall do all of the following:

(1) Establish policies and procedures applicable to all state institutions of higher education that ensure that students can begin higher education at any state institution of higher education and transfer coursework and degrees to any other state institution of higher education without unnecessary duplication or institutional barriers. The purpose of this requirement is to allow students to attain their highest educational aspirations in the most efficient and effective manner for the students and the state. These policies and procedures shall require state institutions of higher education to make changes or modifications, as needed, to strengthen course content so as to ensure equivalency for that course at any state institution of higher education.

(2) Develop and implement a universal course equivalency classification system for state institutions of higher education so that the transfer of students and the transfer and articulation of equivalent courses or specified learning modules or units completed by students are not inhibited by inconsistent judgment about the application of transfer credits. Coursework completed
within such a system at one state institution of higher education and transferred to another institution shall be applied to the student's degree objective in the same manner as equivalent coursework completed at the receiving institution.

(3) Develop a system of transfer policies that ensure that graduates with associate degrees which include completion of approved transfer modules shall be admitted to a state institution of higher education, shall be able to compete for admission to specific programs on the same basis as students native to the institution, and shall have priority over out-of-state associate degree graduates and transfer students. To assist a student in advising and transferring, all state institutions of higher education shall fully implement the information system for advising and transferring selected by, contracted for, or developed by the chancellor director.

(4) Examine the feasibility of developing a transfer marketing agenda that includes materials and interactive technology to inform the citizens of Ohio about the availability of transfer options at state institutions of higher education and to encourage adults to return to colleges and universities for additional education;

(5) Study, in consultation with the state board of career colleges and schools, and in light of existing criteria and any other criteria developed by the articulation and transfer advisory council, the feasibility of credit recognition and transferability to state institutions of higher education for graduates who have received associate degrees from a career college or school with a certificate of registration from the state board of career colleges and schools under Chapter 3332. of the Revised Code.

(B) All provisions of the existing articulation and transfer policy developed by the Ohio board of regents director shall remain in effect except where amended by this section.
Sec. 3333.161. (A) As used in this section:

(1) "Articulation agreement" means an agreement between two or more state institutions of higher education to facilitate the transfer of students and credits between such institutions.

(2) "State institution of higher education" and "state university" have the same meanings as in section 3345.011 of the Revised Code.

(3) "Two year college" includes a community college, state community college, technical college, and university branch.

(B) The chancellor of the Ohio board of regents or director of higher education shall adopt rules establishing a statewide system for articulation agreements among state institutions of higher education for transfer students pursuing teacher education programs. The rules shall require an articulation agreement between institutions to include all of the following:

(1) The development of a transfer module for teacher education that includes introductory level courses that are evaluated as appropriate by faculty employed by the state institutions of higher education that are parties to the articulation agreement;

(2) A foundation of general studies courses that have been identified as part of the transfer module for teacher education and have been evaluated as appropriate for the preparation of teachers and consistent with the academic content standards adopted under section 3301.079 of the Revised Code;

(3) A clear identification of university faculty who are partnered with two year college faculty;

(4) The publication of the articulation agreement that is available to all students, faculty, and staff.
Sec. 3333.162. (A) As used in this section, "state institution of higher education" means an institution of higher education as defined in section 3345.12 of the Revised Code.

(B) By April 15, 2007, the chancellor of the Ohio board of regents, director of higher education, in consultation with the department of education, public adult and secondary career-technical education institutions, and state institutions of higher education, shall establish criteria, policies, and procedures that enable students to transfer agreed upon technical courses completed through an adult career-technical education institution, a public secondary career-technical institution, or a state institution of higher education to a state institution of higher education without unnecessary duplication or institutional barriers. The courses to which the criteria, policies, and procedures apply shall be those that adhere to recognized industry standards and equivalent coursework common to the secondary career pathway and adult career-technical education system and regionally accredited state institutions of higher education. Where applicable, the policies and procedures shall build upon the articulation agreement and transfer initiative course equivalency system required by section 3333.16 of the Revised Code.

Sec. 3333.163. (A) As used in this section, "state institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(B) Not later than April 15, 2008, the articulation and transfer advisory council of the chancellor of the Ohio board of regents director of higher education shall recommend to the chancellor director standards for awarding course credit toward degree requirements at state institutions of higher education based on scores attained on advanced placement examinations. The recommended standards shall include a score on each advanced
placement examination that the council considers to be a passing score for which course credit may be awarded. Upon adoption of the standards by the chancellor, each state institution of higher education shall comply with the standards in awarding course credit to any student enrolled in the institution who has attained a passing score on an advanced placement examination.

Sec. 3333.164. (A) As used in this section, "state institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

(B) Not later than December 31, 2014, the chancellor of the Ohio board of regents director of higher education shall do all of the following with regard to the awarding of college credit for military training, experience, and coursework:

(1) Develop a set of standards and procedures for state institutions of higher education to utilize in the granting of college credit for military training, experience, and coursework;

(2) Create a military articulation and transfer assurance guide for college credit that is earned through military training, experience, and coursework. The chancellor director shall use the current articulation and transfer policy adopted pursuant to section 3333.16 of the Revised Code as a model in developing this guide.

(3) Create a web site that contains information related to the awarding of college credit for military training, experience, and coursework. The web site shall include both of the following:

(a) Standardized resources that address frequently asked questions regarding the awarding of such credit and related issues;

(b) A statewide database that shows how specified military training, experience, and coursework translates to college credit.
(4) Develop a statewide training program that prepares faculty and staff of state institutions of higher education to evaluate various military training, experience, and coursework and to award appropriate equivalent credit. The training program shall incorporate the best practices of awarding credit for military experiences, including both the recommendations of the American council on education and the standards developed by the council for adult and experiential learning.

(C) Beginning on July 1, 2015, state institutions of higher education shall ensure that appropriate equivalent credit is awarded for military training, experience, and coursework that meet the standards developed by the chancellor director pursuant to this section.

Sec. 3333.17. The chancellor of the Ohio board of regents director of higher education may enter into contracts with the appropriate agency in a contiguous state whereby the agency provides for charging Ohio residents enrolled in state-assisted post-secondary educational institutions in the contiguous state, tuition and fees at rates no higher than the rates charged to students who are residents of that state, and whereby the chancellor director, as part of such contracts, may provide that rates for tuition and fees charged to residents of the contiguous state who are enrolled in state-assisted post-secondary educational institutions in Ohio shall not exceed those charged Ohio residents.

State-assisted post-secondary educational institutions in Ohio may enter into contracts with appropriate state-assisted post-secondary educational institutions in a contiguous state whereby the state-assisted post-secondary educational institution provides for charging Ohio residents enrolled in the institution in the contiguous state, tuition and fees at rates no higher than
the rates charged to students who are residents of that state, and whereby the Ohio state-assisted post-secondary institution, as part of such contracts, may provide that rates for tuition and fees charged to residents of the contiguous state who are enrolled in the state-assisted post-secondary educational institutions in Ohio shall not exceed those charged Ohio residents.

The contracts entered into by the chancellor director or a state-assisted post-secondary educational institution may limit the type of academic program offered at the reciprocal rates. Residents of contiguous states enrolled in for credit courses taught at the main campus and identified off-campus sites at state-assisted post-secondary educational institutions in Ohio under such contracts shall be included in calculating the number of full-time equivalent students for state subsidy purposes. The chancellor director and each state-assisted post-secondary educational institution shall periodically assess the costs and benefits of each such contract and the extent to which parity is achieved between Ohio and the contiguous state with respect to students benefiting from the contract. All Ohio state-assisted post-secondary educational institutions participating in these contracts shall report enrollments and other information annually to the chancellor director. Sec. 3333.18. Notwithstanding that an Ohio resident is enrolled in a post-secondary educational institution in a foreign country under one of these agreements, any such student who was previously enrolled in a state-assisted institution shall be counted as enrolled in such institution for state subsidy purposes in a manner prescribed by rules the chancellor director shall adopt.

Sec. 3333.20. (1) As a whole entity;

(2) As separate entities, applying the standards separately to each.

When distributing any state funds among institutions based on the degree to which they meet the standards, the chancellor director shall provide to institutions that are co-located the higher amount produced by the two judgments under divisions (C)(1) and (2) of this section.

"Resident" and "full-time student" shall be defined in rules adopted by the chancellor director.

The chancellor director shall award the scholarships on the basis of a formula designed by the chancellor director to identify students with the highest capability for successful college study. The formula shall weigh the factor of achievement, as measured by grade point average, and the factor of ability, as measured by performance on a competitive examination specified by the chancellor director. Students receiving scholarships shall be known as "Ohio academic scholars."

Sec. 3333.22. Each Ohio academic scholarship shall be awarded for an academic year and may be renewed for each of three additional academic years. If an Ohio academic scholar is temporarily unable to attend school because of illness or other cause satisfactory to the chancellor, the chancellor may grant a leave of absence for a designated period of time. If a scholar discontinues full-time attendance at the scholar's school during a term because of illness or other cause satisfactory to the chancellor, the scholar may either claim a prorated payment for the period of actual attendance or waive payment for that term. A term for which prorated payment is made shall be considered a full term for which a scholarship was received. A term for which payment is waived shall not be considered a term for which a scholarship was received.

Receipt of an Ohio academic scholarship shall not affect a scholar's eligibility for the Ohio instructional grant program.

Sec. 3333.23. At the end of each term, each Ohio academic scholar shall request the registrar of the school to send a copy of the scholar's scholastic record to the chancellor of the Ohio board of regents or director of higher education. If the scholar's record fails to meet the standards established by the chancellor or director, further payments shall be suspended until the scholar demonstrates promise of successful progress in the academic.

invest any moneys in the payment fund not currently needed for 31893
scholarship payments, in any kinds of investments in which moneys 31894
of the public employees retirement system may be invested. 31895

The instruments of title of all investments shall be 31896
delivered to the treasurer of state or to a qualified trustee 31897
designated by the treasurer of state as provided in section 135.18 31898

(F) The obligation to repay all or a portion of the principal and interest on a loan made under this section may be deferred or forgiven if the recipient of the loan meets the criteria for deferment or forgiveness established by the chancellor director under the rule adopted under division (D)(8) of this section.

(G) The receipt of a loan under this section shall not affect a student's eligibility for assistance, or the amount of that assistance, granted under section 3333.12, 3333.122, 3333.22, 3333.26, 5910.03, 5910.032, or 5919.34 of the Revised Code, but the rules of the chancellor director may provide for taking assistance received under those sections into consideration when determining a student's eligibility for a loan under this section.

If the spouse or a dependent of the veteran seeks residency status for tuition surcharge purposes, the veteran and the spouse or dependent seeking residency status have established domicile in this state as of the first day of a term of enrollment in an institution of higher education, except that if the veteran was killed while serving on active military duty, has been declared to be missing in action or a prisoner of war, or is deceased after discharge, only the spouse or dependent seeking residency status shall be required to have established
domicile in accordance with this division.

   (a) The spouse or dependent, whichever is applicable, enrolls in a state institution of higher education within three years of the veteran's discharge from a period of active military duty. In order to qualify under this division, the period of active military duty must have been at least ninety days.

Documentation of full-time employment and domicile shall include both of the following documents:

(1) A sworn statement from the employer or the employer's representative on the letterhead of the employer or the employer's representative certifying that the parent or spouse of the student is employed full-time in Ohio;

(2) A copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state, a copy of the closing statement on residential real property of which the parent or spouse is the owner and occupant in this state or, if the parent or spouse is not the lessee or owner of the residence in which the parent or spouse has established domicile, a letter from the owner of the residence certifying that the parent or spouse resides at that residence.

Residency officers may also evaluate, in accordance with the chancellor's director's rule, requests for immediate residency status from dependent students whose parents are not living and whose domicile follows that of a legal guardian who has accepted full-time employment and established domicile in the state for reasons other than gaining the benefit of favorable tuition rates.

(D)(E)(1) The rules of the chancellor director for determining student residency shall grant residency status to a person who, while a resident of this state for state subsidy and tuition surcharge purposes, graduated from a high school in this state or completed the final year of instruction at home as authorized under section 3321.04 of the Revised Code, if the

If the chancellor director confirms that the district and the college are not able to make the payment and the payment will not be made pursuant to a credit enhancement facility, the chancellor director shall promptly pay to the applicable primary paying agent or fiscal agent the lesser of the amount due for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or to the college in respect of its allocated state share of instruction. If this amount is insufficient to pay the total amount then due the agent for the payment of bond service charges, the chancellor director shall continue to pay to the agent from each periodic distribution thereafter, and until the full amount due the agent for unpaid bond service charges is paid in full, the lesser of the remaining amount due the agent for bond service charges or the amount of the next periodic distribution scheduled to be made to the district or college in respect of its allocated state share of instruction.

Obligations of the issuing authority or of a community or technical college district to which this section is made applicable do not constitute an obligation or a debt or a pledge of the faith, credit, or taxing power of the state, and the holders or owners of those obligations have no right to have excises or taxes levied or appropriations made by the general assembly for the payment of bond service charges on the obligations, and the obligations shall contain a statement to that effect. The agreement for or the actual withholding and payment of money under this section does not constitute the assumption by the state of any debt of a community or technical college district or a community or technical college, and bond service charges on the related obligations are not anticipated to be paid from the state general revenue fund for purposes of Section 17 of Article VIII, Ohio Constitution.

(G) In the case of obligations subject to the withholding provisions of this section, the issuing community or technical college district, or the issuing authority in the case of obligations issued by the issuing authority, shall appoint a paying agent or fiscal agent who is not an officer or employee of the district or college.

(H) The chancellor director, with the advice and consent of the office of budget and management, may adopt reasonable rules not inconsistent with this section for the implementation of this section to secure payment of bond service charges on obligations issued by a community or technical college district or by the issuing authority for the benefit of a community or technical
college district or the community or technical college it operates. Those rules shall include criteria for the evaluation and approval or denial of community or technical college district requests for withholding under this section.

(I) The authority granted by this section is in addition to and not a limitation on any other authorizations granted by or pursuant to law for the same or similar purposes.

The standards shall contain clear guidelines for institutions to determine a range of acceptable undergraduate teaching by faculty.

On or before June 30, 1994, the board of trustees of each state university shall take formal action to adopt a faculty workload policy consistent with the standards developed under this section. Notwithstanding section 4117.08 of the Revised Code, the policies adopted under this section are not appropriate subjects for collective bargaining. Notwithstanding division (A) of section 4117.10 of the Revised Code, any policy adopted under this section by a board of trustees prevails over any conflicting provisions of any collective bargaining agreement between an employees organization and that board of trustees.

Sec. 3345.48. (A) As used in this section:

(1) "Cohort" means a group of students who will complete their bachelor's degree requirements and graduate from a state university at the same time. (3) "State university" has the same meaning as in section 3345.011 of the Revised Code.

(B) The board of trustees of a state university may establish an undergraduate tuition guarantee program that allows eligible students in the same cohort to pay a fixed rate for general and instructional fees for four years. A board of trustees may include room and board and any additional fees in the program.

If the board of trustees chooses to establish such a program, the board shall adopt rules for the program that include, but are not limited to, all of the following:

(1) The number of credit hours required to earn an undergraduate degree in each major;

(2) A guarantee that the general and instructional fees for each student in the cohort shall remain constant for four years so long as the student complies with the requirements of the program, except that, notwithstanding any law to the contrary, the board may increase the guaranteed amount by up to six per cent above what has been charged in the previous academic year one time for the first cohort enrolled under the tuition guarantee program. If the board of trustees determines that economic conditions or other circumstances require an increase for the first cohort of above six per cent, the board shall submit a request to increase the amount by a specified percentage to the chancellor director. The chancellor director, based on information the chancellor director requires from the board of trustees, shall approve or disapprove such a request. Thereafter, the board of trustees may increase the
guaranteed amount by up to the sum of the following above what has
been charged in the previous academic year one time per subsequent
cohort:

(a) The average rate of inflation, as measured by the
consumer price index prepared by the bureau of labor statistics of
the United States department of labor (all urban consumers, all
items), for the previous sixty-month period; and

(b) The percentage amount the general assembly restrains
increases on in-state undergraduate instructional and general fees
for the applicable fiscal year. If the general assembly does not
enact a limit on the increase of in-state undergraduate
instructional and general fees, then no limit shall apply under
this division for the cohort that first enrolls in any academic
year for which the general assembly does not prescribe a limit.

If, beginning with the academic year that starts four years
after the effective date of this section September 29, 2013, the
board of trustees determines that the general and instructional
fees charged under the tuition guarantee have fallen significantly
lower than those of other state universities, the board of
trustees may submit a request to increase the amount charged to a
cohort by a specified percentage to the chancellor director, who
shall approve or disapprove such a request.

(3) A benchmark by which the board sets annual increases in
general and instructional fees. This benchmark and any subsequent
change to the benchmark shall be subject to approval of the
chancellor director.

(4) Eligibility requirements for students to participate in
the program;

(5) Student rights and privileges under the program;

(6) Consequences to the university for students unable to
complete a degree program within four years, as follows:

(b) For a student who could not complete the program in four years due to military service or other circumstances beyond a student's control, as determined by the board of trustees, the university shall provide the necessary course or courses for completion to the student at the student's initial cohort rate.

(c) For a student who did not complete the program in four years for any other reason, as determined by the board of trustees, the university shall provide the necessary course or courses for completion to the student at a rate determined through a method established by the board under division (B)(7) of this section.

(7) Guidelines for adjusting a student's annual charges if the student, due to circumstances under the student's control, is unable to complete a degree program within four years;

(8) A requirement that the rules adopted under division (B) of this section be published or posted in the university handbook, course catalog, and web site.

(C) If a board of trustees implements a program under this section, the board shall submit the rules adopted under division (B) of this section to the chancellor director for approval before beginning implementation of the program.

The chancellor director shall not unreasonably withhold approval of a program if the program conforms in principle with the parameters and guidelines of this section.

(D) A board of trustees of a state university may establish an undergraduate tuition guarantee program for nonresident
students.

(E) Within five years after the effective date of this section September 29, 2013, the chancellor director shall publish on the board of regents director’s web site a report that includes all of the following:

1. The state universities that have adopted an undergraduate tuition guarantee program under this section;

2. The details of each undergraduate tuition guarantee program established under this section;

3. Comparative data, including general and instructional fees, room and board, graduation rates, and retention rates, from all state universities.

Sec. 3345.50. Notwithstanding anything to the contrary in sections 123.01 and 123.10 of the Revised Code, a state university, a state community college, or the northeast Ohio medical university not certified pursuant to section 123.24 of the Revised Code may administer any capital facilities project for the construction, reconstruction, improvement, renovation, enlargement, or alteration of a public improvement under its jurisdiction for which the total amount of funds expected to be appropriated by the general assembly does not exceed four million dollars without the supervision, control, or approval of the Ohio facilities construction commission as specified in those sections, if both of the following occur:

A. Within sixty days after the effective date of the section of an act in which the general assembly initially makes an appropriation for the project, the board of trustees of the institution notifies the chancellor of the Ohio board of regents director of higher education in writing of its intent to administer the capital facilities project;
(B) The board of trustees complies with the guidelines established pursuant to section 153.16 of the Revised Code and all laws that govern the selection of consultants, preparation and approval of contract documents, receipt of bids, and award of contracts with respect to the project.
