(2) Administers the naloxone obtained to an individual who is apparently experiencing an opioid-related overdose;

(3) Attempts to summon emergency services as soon as practicable either before or after administering the naloxone.

(D) Divisions (B) and (C) of this section do not apply to a peace officer or to an emergency medical technician-basic, emergency medical technician-intermediate, or emergency medical technician-paramedic, as defined in section 4765.01 of the Revised Code.

(E)(1) If a peace officer employed by a law enforcement agency is not subject to administrative action, criminal prosecution for a violation of section 4731.41 of the Revised Code, or criminal prosecution under this chapter if the peace officer, acting in good faith, obtains naloxone from the peace officer's law enforcement agency and administers the naloxone to an individual who is apparently experiencing an opioid-related overdose, both of the following apply:

(a) The peace officer is not subject to administrative action, criminal prosecution for a violation of section 4731.41 of the Revised Code, or criminal prosecution under this chapter.

(b) The peace officer is not liable for damages in a civil
action for injury, death, or loss to person or property for an
act or omission that allegedly arises from obtaining,
maintaining, accessing, or administering the naloxone.

(2) Division (E)(1)(b) of this section does not eliminate,
limit, or reduce any other immunity or defense that an entity or
person may be entitled to under section 9.86 or Chapter 2744. of
the Revised Code, any other provision of the Revised Code, or
the common law of this state.

Sec. 2929.13. (A) Except as provided in division (E), (F),
or (G) of this section and unless a specific sanction is
required to be imposed or is precluded from being imposed
pursuant to law, a court that imposes a sentence upon an
offender for a felony may impose any sanction or combination of
sanctions on the offender that are provided in sections 2929.14
to 2929.18 of the Revised Code.

If the offender is eligible to be sentenced to community
control sanctions, the court shall consider the appropriateness
of imposing a financial sanction pursuant to section 2929.18 of
the Revised Code or a sanction of community service pursuant to
section 2929.17 of the Revised Code as the sole sanction for the
offense. Except as otherwise provided in this division, if the
court is required to impose a mandatory prison term for the
offense for which sentence is being imposed, the court also
shall impose any financial sanction pursuant to section 2929.18
of the Revised Code that is required for the offense and may
impose any other financial sanction pursuant to that section but
may not impose any additional sanction or combination of
sanctions under section 2929.16 or 2929.17 of the Revised Code.

If the offender is being sentenced for a fourth degree
felony OVI offense or for a third degree felony OVI offense, in
addition to the mandatory term of local incarceration or the mandatory prison term required for the offense by division (G) (1) or (2) of this section, the court shall impose upon the offender a mandatory fine in accordance with division (B)(3) of section 2929.18 of the Revised Code and may impose whichever of the following is applicable:

(1) For a fourth degree felony OVI offense for which sentence is imposed under division (G)(1) of this section, an additional community control sanction or combination of community control sanctions under section 2929.16 or 2929.17 of the Revised Code. If the court imposes upon the offender a community control sanction and the offender violates any condition of the community control sanction, the court may take any action prescribed in division (B) of section 2929.15 of the Revised Code relative to the offender, including imposing a prison term on the offender pursuant to that division.

(2) For a third or fourth degree felony OVI offense for which sentence is imposed under division (G)(2) of this section, an additional prison term as described in division (B)(4) of section 2929.14 of the Revised Code or a community control sanction as described in division (G)(2) of this section.

(B)(1)(a) Except as provided in division (B)(1)(b) of this section, if an offender is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense, the court shall sentence the offender to a community control sanction of at least one year's duration if all of the following apply:

(i) The offender previously has not been convicted of or pleaded guilty to a felony offense.
(ii) The most serious charge against the offender at the time of sentencing is a felony of the fourth or fifth degree.

(iii) If the court made a request of the department of rehabilitation and correction pursuant to division (B)(1)(c) of this section, the department, within the forty-five-day period specified in that division, provided the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court.

(iv) The offender previously has not been convicted of or pleaded guilty to a misdemeanor offense of violence that the offender committed within two years prior to the offense for which sentence is being imposed.

(b) The court has discretion to impose a prison term upon an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense if any of the following apply:

(i) The offender committed the offense while having a firearm on or about the offender's person or under the offender's control.

(ii) If the offense is a qualifying assault offense, the offender caused serious physical harm to another person while committing the offense, and, if the offense is not a qualifying assault offense, the offender caused physical harm to another person while committing the offense.

(iii) The offender violated a term of the conditions of bond as set by the court.

(iv) The court made a request of the department of
rehabilitation and correction pursuant to division (B)(1)(c) of this section, and the department, within the forty-five-day period specified in that division, did not provide the court with the name of, contact information for, and program details of any community control sanction of at least one year's duration that is available for persons sentenced by the court.  

(v) The offense is a sex offense that is a fourth or fifth degree felony violation of any provision of Chapter 2907. of the Revised Code.  

(vi) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person with a deadly weapon.  

(vii) In committing the offense, the offender attempted to cause or made an actual threat of physical harm to a person, and the offender previously was convicted of an offense that caused physical harm to a person.  

(viii) The offender held a public office or position of trust, and the offense related to that office or position; the offender's position obliged the offender to prevent the offense or to bring those committing it to justice; or the offender's professional reputation or position facilitated the offense or was likely to influence the future conduct of others.  

(ix) The offender committed the offense for hire or as part of an organized criminal activity.  

(x) The offender at the time of the offense was serving, or the offender previously had served, a prison term.  

(xi) The offender committed the offense while under a community control sanction, while on probation, or while released from custody on a bond or personal recognizance.
(c) If a court that is sentencing an offender who is convicted of or pleads guilty to a felony of the fourth or fifth degree that is not an offense of violence or that is a qualifying assault offense believes that no community control sanctions are available for its use that, if imposed on the offender, will adequately fulfill the overriding principles and purposes of sentencing, the court shall contact the department of rehabilitation and correction and ask the department to provide the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court. Not later than forty-five days after receipt of a request from a court under this division, the department shall provide the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court, if any. Upon making a request under this division that relates to a particular offender, a court shall defer sentencing of that offender until it receives from the department the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court or for forty-five days, whichever is the earlier.

If the department provides the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court within the forty-five-day period specified in this division, the court shall impose upon the offender a community control sanction under division (B)(1)(a) of this section, except that the court
may impose a prison term under division (B)(1)(b) of this section if a factor described in division (B)(1)(b)(i) or (ii) of this section applies. If the department does not provide the court with the names of, contact information for, and program details of one or more community control sanctions of at least one year's duration that are available for persons sentenced by the court within the forty-five-day period specified in this division, the court may impose upon the offender a prison term under division (B)(1)(b)(iv) of this section.

(d) A sentencing court may impose an additional penalty under division (B) of section 2929.15 of the Revised Code upon an offender sentenced to a community control sanction under division (B)(1)(a) of this section if the offender violates the conditions of the community control sanction, violates a law, or leaves the state without the permission of the court or the offender's probation officer.

(2) If division (B)(1) of this section does not apply, except as provided in division (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the fourth or fifth degree, the sentencing court shall comply with the purposes and principles of sentencing under section 2929.11 of the Revised Code and with section 2929.12 of the Revised Code.

(C) Except as provided in division (D), (E), (F), or (G) of this section, in determining whether to impose a prison term as a sanction for a felony of the third degree or a felony drug offense that is a violation of a provision of Chapter 2925. of the Revised Code and that is specified as being subject to this division for purposes of sentencing, the sentencing court shall comply with the purposes and principles of sentencing under
section 2929.11 of the Revised Code and with section 2929.12 of
the Revised Code.

(D)(1) Except as provided in division (E) or (F) of this
section, for a felony of the first or second degree, for a
felony drug offense that is a violation of any provision of
Chapter 2925., 3719., or 4729. of the Revised Code for which a
presumption in favor of a prison term is specified as being
applicable, and for a violation of division (A)(4) or (B) of
section 2907.05 of the Revised Code for which a presumption in
favor of a prison term is specified as being applicable, it is
presumed that a prison term is necessary in order to comply with
the purposes and principles of sentencing under section 2929.11
of the Revised Code. Division (D)(2) of this section does not
apply to a presumption established under this division for a
violation of division (A)(4) of section 2907.05 of the Revised
Code.

(2) Notwithstanding the presumption established under
division (D)(1) of this section for the offenses listed in that
division other than a violation of division (A)(4) or (B) of
section 2907.05 of the Revised Code, the sentencing court may
impose a community control sanction or a combination of
community control sanctions instead of a prison term on an
offender for a felony of the first or second degree or for a
felony drug offense that is a violation of any provision of
Chapter 2925., 3719., or 4729. of the Revised Code for which a
presumption in favor of a prison term is specified as being
applicable if it makes both of the following findings:

(a) A community control sanction or a combination of
community control sanctions would adequately punish the offender
and protect the public from future crime, because the applicable
factors under section 2929.12 of the Revised Code indicating a lesser likelihood of recidivism outweigh the applicable factors under that section indicating a greater likelihood of recidivism.

(b) A community control sanction or a combination of community control sanctions would not demean the seriousness of the offense, because one or more factors under section 2929.12 of the Revised Code that indicate that the offender's conduct was less serious than conduct normally constituting the offense are applicable, and they outweigh the applicable factors under that section that indicate that the offender's conduct was more serious than conduct normally constituting the offense.

(E)(1) Except as provided in division (F) of this section, for any drug offense that is a violation of any provision of Chapter 2925. of the Revised Code and that is a felony of the third, fourth, or fifth degree, the applicability of a presumption under division (D) of this section in favor of a prison term or of division (B) or (C) of this section in determining whether to impose a prison term for the offense shall be determined as specified in section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code, whichever is applicable regarding the violation.

(2) If an offender who was convicted of or pleaded guilty to a felony violates the conditions of a community control sanction imposed for the offense solely by reason of producing positive results on a drug test or by acting pursuant to division (B)(2)(b) of section 2925.11 of the Revised Code with respect to a minor drug possession offense, the court, as punishment for the violation of the sanction, shall not order
that the offender be imprisoned unless the court determines on
the record either of the following:

(a) The offender had been ordered as a sanction for the
felony to participate in a drug treatment program, in a drug
education program, or in narcotics anonymous or a similar
program, and the offender continued to use illegal drugs after a
reasonable period of participation in the program.

(b) The imprisonment of the offender for the violation is
consistent with the purposes and principles of sentencing set
forth in section 2929.11 of the Revised Code.

(3) A court that sentences an offender for a drug abuse
offense that is a felony of the third, fourth, or fifth degree
may require that the offender be assessed by a properly
credentialed professional within a specified period of time. The
court shall require the professional to file a written
assessment of the offender with the court. If the offender is
eligible for a community control sanction and after considering
the written assessment, the court may impose a community control
sanction that includes treatment and recovery support addiction
services authorized by division (A)(11) of and recovery supports
included in a community-based continuum of care established
under section 340.03–340.032 of the Revised Code. If the court
imposes treatment and recovery support addiction services and
recovery supports as a community control sanction, the court
shall direct the level and type of treatment and recovery
support addiction services and recovery supports after
considering the assessment and recommendation of community
addiction services providers.

(F) Notwithstanding divisions (A) to (E) of this section,
the court shall impose a prison term or terms under sections
2929.02 to 2929.06, section 2929.14, section 2929.142, or
section 2971.03 of the Revised Code and except as specifically
provided in section 2929.20, divisions (C) to (I) of section
2967.19, or section 2967.191 of the Revised Code or when parole
is authorized for the offense under section 2967.13 of the
Revised Code shall not reduce the term or terms pursuant to
section 2929.20, section 2967.19, section 2967.193, or any other
provision of Chapter 2967. or Chapter 5120. of the Revised Code
for any of the following offenses:

(1) Aggravated murder when death is not imposed or murder;

(2) Any rape, regardless of whether force was involved and
regardless of the age of the victim, or an attempt to commit
rape if, had the offender completed the rape that was attempted,
the offender would have been guilty of a violation of division
(A)(1)(b) of section 2907.02 of the Revised Code and would be
sentenced under section 2971.03 of the Revised Code;

(3) Gross sexual imposition or sexual battery, if the
victim is less than thirteen years of age and if any of the
following applies:

(a) Regarding gross sexual imposition, the offender
previously was convicted of or pleaded guilty to rape, the
former offense of felonious sexual penetration, gross sexual
imposition, or sexual battery, and the victim of the previous
offense was less than thirteen years of age;

(b) Regarding gross sexual imposition, the offense was
committed on or after August 3, 2006, and evidence other than
the testimony of the victim was admitted in the case
corroborating the violation.

(c) Regarding sexual battery, either of the following
applies:

(i) The offense was committed prior to August 3, 2006, the offender previously was convicted of or pleaded guilty to rape, the former offense of felonious sexual penetration, or sexual battery, and the victim of the previous offense was less than thirteen years of age.

(ii) The offense was committed on or after August 3, 2006.

(4) A felony violation of section 2903.04, 2903.06, 2903.08, 2903.11, 2903.12, 2903.13, 2905.32, 2907.07, 2921.321, or 2923.132 of the Revised Code if the section requires the imposition of a prison term;

(5) A first, second, or third degree felony drug offense for which section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, 2925.37, 3719.99, or 4729.99 of the Revised Code, whichever is applicable regarding the violation, requires the imposition of a mandatory prison term;

(6) Any offense that is a first or second degree felony and that is not set forth in division (F)(1), (2), (3), or (4) of this section, if the offender previously was convicted of or pleaded guilty to aggravated murder, murder, any first or second degree felony, or an offense under an existing or former law of this state, another state, or the United States that is or was substantially equivalent to one of those offenses;

(7) Any offense that is a third degree felony and either is a violation of section 2903.04 of the Revised Code or an attempt to commit a felony of the second degree that is an offense of violence and involved an attempt to cause serious physical harm to a person or that resulted in serious physical
harm to a person if the offender previously was convicted of or pleaded guilty to any of the following offenses:

(a) Aggravated murder, murder, involuntary manslaughter, rape, felonious sexual penetration as it existed under section 2907.12 of the Revised Code prior to September 3, 1996, a felony of the first or second degree that resulted in the death of a person or in physical harm to a person, or complicity in or an attempt to commit any of those offenses;

(b) An offense under an existing or former law of this state, another state, or the United States that is or was substantially equivalent to an offense listed in division (F)(7)(a) of this section that resulted in the death of a person or in physical harm to a person.

(8) Any offense, other than a violation of section 2923.12 of the Revised Code, that is a felony, if the offender had a firearm on or about the offender's person or under the offender's control while committing the felony, with respect to a portion of the sentence imposed pursuant to division (B)(1)(a) of section 2929.14 of the Revised Code for having the firearm;

(9) Any offense of violence that is a felony, if the offender wore or carried body armor while committing the felony offense of violence, with respect to the portion of the sentence imposed pursuant to division (B)(1)(d) of section 2929.14 of the Revised Code for wearing or carrying the body armor;

(10) Corrupt activity in violation of section 2923.32 of the Revised Code when the most serious offense in the pattern of corrupt activity that is the basis of the offense is a felony of the first degree;

(11) Any violent sex offense or designated homicide,
assault, or kidnapping offense if, in relation to that offense, the offender is adjudicated a sexually violent predator;

(12) A violation of division (A)(1) or (2) of section 2921.36 of the Revised Code, or a violation of division (C) of that section involving an item listed in division (A)(1) or (2) of that section, if the offender is an officer or employee of the department of rehabilitation and correction;

(13) A violation of division (A)(1) or (2) of section 2903.06 of the Revised Code if the victim of the offense is a peace officer, as defined in section 2935.01 of the Revised Code, or an investigator of the bureau of criminal identification and investigation, as defined in section 2903.11 of the Revised Code, with respect to the portion of the sentence imposed pursuant to division (B)(5) of section 2929.14 of the Revised Code;

(14) A violation of division (A)(1) or (2) of section 2903.06 of the Revised Code if the offender has been convicted of or pleaded guilty to three or more violations of division (A) or (B) of section 4511.19 of the Revised Code or an equivalent offense, as defined in section 2941.1415 of the Revised Code, or three or more violations of any combination of those divisions and offenses, with respect to the portion of the sentence imposed pursuant to division (B)(6) of section 2929.14 of the Revised Code;

(15) Kidnapping, in the circumstances specified in section 2971.03 of the Revised Code and when no other provision of division (F) of this section applies;

(17) A felony violation of division (A) or (B) of section 2919.25 of the Revised Code if division (D)(3), (4), or (5) of that section, and division (D)(6) of that section, require the imposition of a prison term;

(18) A felony violation of section 2903.11, 2903.12, or 2903.13 of the Revised Code, if the victim of the offense was a woman that the offender knew was pregnant at the time of the violation, with respect to a portion of the sentence imposed pursuant to division (B)(8) of section 2929.14 of the Revised Code;

(19)(a) Any violent felony offense if the offender is a violent career criminal and had a firearm on or about the offender's person or under the offender's control during the commission of the violent felony offense and displayed or brandished the firearm, indicated that the offender possessed a firearm, or used the firearm to facilitate the offense, with respect to the portion of the sentence imposed under division (K) of section 2929.14 of the Revised Code.

(b) As used in division (F)(19)(a) of this section, "violent career criminal" and "violent felony offense" have the same meanings as in section 2923.132 of the Revised Code.
(G) Notwithstanding divisions (A) to (E) of this section, if an offender is being sentenced for a fourth degree felony OVI offense or for a third degree felony OVI offense, the court shall impose upon the offender a mandatory term of local incarceration or a mandatory prison term in accordance with the following:

(1) If the offender is being sentenced for a fourth degree felony OVI offense and if the offender has not been convicted of and has not pleaded guilty to a specification of the type described in section 2941.1413 of the Revised Code, the court may impose upon the offender a mandatory term of local incarceration of sixty days or one hundred twenty days as specified in division (G)(1)(d) of section 4511.19 of the Revised Code. The court shall not reduce the term pursuant to section 2929.20, 2967.193, or any other provision of the Revised Code. The court that imposes a mandatory term of local incarceration under this division shall specify whether the term is to be served in a jail, a community-based correctional facility, a halfway house, or an alternative residential facility, and the offender shall serve the term in the type of facility specified by the court. A mandatory term of local incarceration imposed under division (G)(1) of this section is not subject to any other Revised Code provision that pertains to a prison term except as provided in division (A)(1) of this section.

(2) If the offender is being sentenced for a third degree felony OVI offense, or if the offender is being sentenced for a fourth degree felony OVI offense and the court does not impose a mandatory term of local incarceration under division (G)(1) of this section, the court shall impose upon the offender a mandatory prison term of one, two, three, four, or five years if
the offender also is convicted of or also pleads guilty to a
specification of the type described in section 2941.1413 of the
Revised Code or shall impose upon the offender a mandatory
prison term of sixty days or one hundred twenty days as
specified in division (G)(1)(d) or (e) of section 4511.19 of the
Revised Code if the offender has not been convicted of and has
not pleaded guilty to a specification of that type. Subject to
divisions (C) to (I) of section 2967.19 of the Revised Code, the
court shall not reduce the term pursuant to section 2929.20,
2967.19, 2967.193, or any other provision of the Revised Code.
The offender shall serve the one-, two-, three-, four-, or five-
year mandatory prison term consecutively to and prior to the
prison term imposed for the underlying offense and consecutively
to any other mandatory prison term imposed in relation to the
offense. In no case shall an offender who once has been
sentenced to a mandatory term of local incarceration pursuant to
division (G)(1) of this section for a fourth degree felony OVI
offense be sentenced to another mandatory term of local
incarceration under that division for any violation of division
(A) of section 4511.19 of the Revised Code. In addition to the
mandatory prison term described in division (G)(2) of this
section, the court may sentence the offender to a community
control sanction under section 2929.16 or 2929.17 of the Revised
Code, but the offender shall serve the prison term prior to
serving the community control sanction. The department of
rehabilitation and correction may place an offender sentenced to
a mandatory prison term under this division in an intensive
program prison established pursuant to section 5120.033 of the
Revised Code if the department gave the sentencing judge prior
notice of its intent to place the offender in an intensive
program prison established under that section and if the judge
did not notify the department that the judge disapproved the
placement. Upon the establishment of the initial intensive program prison pursuant to section 5120.033 of the Revised Code that is privately operated and managed by a contractor pursuant to a contract entered into under section 9.06 of the Revised Code, both of the following apply:

(a) The department of rehabilitation and correction shall make a reasonable effort to ensure that a sufficient number of offenders sentenced to a mandatory prison term under this division are placed in the privately operated and managed prison so that the privately operated and managed prison has full occupancy.

(b) Unless the privately operated and managed prison has full occupancy, the department of rehabilitation and correction shall not place any offender sentenced to a mandatory prison term under this division in any intensive program prison established pursuant to section 5120.033 of the Revised Code other than the privately operated and managed prison.

(H) If an offender is being sentenced for a sexually oriented offense or child-victim oriented offense that is a felony committed on or after January 1, 1997, the judge shall require the offender to submit to a DNA specimen collection procedure pursuant to section 2901.07 of the Revised Code.

(I) If an offender is being sentenced for a sexually oriented offense or a child-victim oriented offense committed on or after January 1, 1997, the judge shall include in the sentence a summary of the offender's duties imposed under sections 2950.04, 2950.041, 2950.05, and 2950.06 of the Revised Code and the duration of the duties. The judge shall inform the offender, at the time of sentencing, of those duties and of their duration. If required under division (A)(2) of section
2950.03 of the Revised Code, the judge shall perform the duties specified in that section, or, if required under division (A)(6) of section 2950.03 of the Revised Code, the judge shall perform the duties specified in that division.

(J)(1) Except as provided in division (J)(2) of this section, when considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit an offense in violation of section 2923.02 of the Revised Code, the sentencing court shall consider the factors applicable to the felony category of the violation of section 2923.02 of the Revised Code instead of the factors applicable to the felony category of the offense attempted.

(2) When considering sentencing factors under this section in relation to an offender who is convicted of or pleads guilty to an attempt to commit a drug abuse offense for which the penalty is determined by the amount or number of unit doses of the controlled substance involved in the drug abuse offense, the sentencing court shall consider the factors applicable to the felony category that the drug abuse offense attempted would be if that drug abuse offense had been committed and had involved an amount or number of unit doses of the controlled substance that is within the next lower range of controlled substance amounts than was involved in the attempt.

(K) As used in this section:

(1) "Community addiction services provider" has the same meaning as in section 5119.01 of the Revised Code.

(2) "Drug abuse offense" has the same meaning as in section 2925.01 of the Revised Code.

(3) "Minor drug possession offense" has the same meaning.
as in section 2925.11 of the Revised Code.

(4) "Qualifying assault offense" means a violation of section 2903.13 of the Revised Code for which the penalty provision in division (C)(8)(b) or (C)(9)(b) of that section applies.

(L) At the time of sentencing an offender for any sexually oriented offense, if the offender is a tier III sex offender/child-victim offender relative to that offense and the offender does not serve a prison term or jail term, the court may require that the offender be monitored by means of a global positioning device. If the court requires such monitoring, the cost of monitoring shall be borne by the offender. If the offender is indigent, the cost of compliance shall be paid by the crime victims reparations fund.

Sec. 2929.14. (iii) A court shall not impose more than one additional

(e) The court shall not impose any of the prison terms
described in division (B)(1)(a) of this section or any of the
additional prison terms described in division (B)(1)(c) of this
section upon an offender for a violation of section 2923.12 or

section upon an offender for a violation of section 2923.122
that involves a deadly weapon that is a firearm other than a
dangerous ordnance, section 2923.16, or section 2923.121 of the Revised Code. The court shall not impose any of the prison terms described in division (B)(1)(a) of this section or any of the additional prison terms described in division (B)(1)(c) of this section upon an offender for a violation of section 2923.13 of the Revised Code unless all of the following apply:

(ii) If an offender is convicted of or pleads guilty to a felony that includes, as an essential element, causing or attempting to cause the death of or physical harm to another and
also is convicted of or pleads guilty to a specification of the type described in division (B) of section 2941.1412 of the Revised Code that charges the offender with committing the offense by discharging a firearm at a peace officer, as defined in section 2935.01 of the Revised Code, or a corrections officer, as defined in section 2941.1412 of the Revised Code, and that the offender previously has been convicted of or pleaded guilty to a specification of the type described in section 2941.141, 2941.144, 2941.145, 2941.146, or 2941.1412 of the Revised Code, the court, after imposing a prison term on the offender for the felony offense under division (A), (B)(2), or (3) of this section, shall impose an additional prison term of one hundred twenty-six months upon the offender that shall not be reduced pursuant to section 2929.20, 2967.19, 2967.193, or any other provision of Chapter 2967. or 5120. of the Revised Code.

(iii) If an offender is convicted of or pleads guilty to two or more felonies that include, as an essential element, causing or attempting to cause the death or physical harm to another and also is convicted of or pleads guilty to a specification of the type described under division (B)(1)(f) of this section in connection with two or more of the felonies of which the offender is convicted or to which the offender pleads guilty, the sentencing court shall impose on the offender the prison term specified under division (B)(1)(f) of this section for each of two of the specifications of which the offender is convicted or to which the offender pleads guilty and, in its discretion, also may impose on the offender the prison term specified under that division for any or all of the remaining specifications. If a court imposes an additional prison term on an offender under division (B)(1)(f) of this section relative to
an offense, the court shall not impose a prison term under division (B)(1)(a) or (c) of this section relative to the same offense.

(g) If an offender is convicted of or pleads guilty to two or more felonies, if one or more of those felonies are aggravated murder, murder, attempted aggravated murder, attempted murder, aggravated robbery, felonious assault, or rape, and if the offender is convicted of or pleads guilty to a specification of the type described under division (B)(1)(a) of this section in connection with two or more of the felonies, the sentencing court shall impose on the offender the prison term specified under division (B)(1)(a) of this section for each of the two most serious specifications of which the offender is convicted or to which the offender pleads guilty and, in its discretion, also may impose on the offender the prison term specified under that division for any or all of the remaining specifications.

(2)(a) If division (B)(2)(b) of this section does not apply, the court may impose on an offender, in addition to the longest prison term authorized or required for the offense, an additional definite prison term of one, two, three, four, five, six, seven, eight, nine, or ten years if all of the following criteria are met:

(i) The offender is convicted of or pleads guilty to a specification of the type described in section 2941.149 of the Revised Code that the offender is a repeat violent offender.

(ii) The offense of which the offender currently is convicted or to which the offender currently pleads guilty is aggravated murder and the court does not impose a sentence of death or life imprisonment without parole, murder, terrorism and

(iii) The court imposes the longest prison term for the offense that is not life imprisonment without parole.

(iv) The court finds that the prison terms imposed pursuant to division (B)(2)(a)(iii) of this section and, if applicable, division (B)(1) or (3) of this section are inadequate to punish the offender and protect the public from future crime, because the applicable factors under section 2929.12 of the Revised Code indicating a greater likelihood of recidivism outweigh the applicable factors under that section indicating a lesser likelihood of recidivism.

(v) The court finds that the prison terms imposed pursuant to division (B)(2)(a)(iii) of this section and, if applicable, division (B)(1) or (3) of this section are demeaning to the seriousness of the offense, because one or more of the factors under section 2929.12 of the Revised Code indicating that the offender's conduct is more serious than conduct normally constituting the offense are present, and they outweigh the applicable factors under that section indicating that the offender's conduct is less serious than conduct normally constituting the offense.

(b) The court shall impose on an offender the longest prison term authorized or required for the offense and shall
impose on the offender an additional definite prison term of one, two, three, four, five, six, seven, eight, nine, or ten years if all of the following criteria are met:

(i) The offender is convicted of or pleads guilty to a specification of the type described in section 2941.149 of the Revised Code that the offender is a repeat violent offender.

(ii) The offender within the preceding twenty years has been convicted of or pleaded guilty to three or more offenses described in division (CC)(1) of section 2929.01 of the Revised Code, including all offenses described in that division of which the offender is convicted or to which the offender pleads guilty in the current prosecution and all offenses described in that division of which the offender previously has been convicted or to which the offender previously pleaded guilty, whether prosecuted together or separately.

(iii) The offense or offenses of which the offender currently is convicted or to which the offender currently pleads guilty is aggravated murder and the court does not impose a sentence of death or life imprisonment without parole, murder, terrorism and the court does not impose a sentence of life imprisonment without parole, any felony of the first degree that is an offense of violence and the court does not impose a sentence of life imprisonment without parole, or any felony of the second degree that is an offense of violence and the trier of fact finds that the offense involved an attempt to cause or a threat to cause serious physical harm to a person or resulted in serious physical harm to a person.

(c) For purposes of division (B)(2)(b) of this section, two or more offenses committed at the same time or as part of the same act or event shall be considered one offense, and that
one offense shall be the offense with the greatest penalty.

(d) A sentence imposed under division (B)(2)(a) or (b) of this section shall not be reduced pursuant to section 2929.20, section 2967.19, or section 2967.193, or any other provision of Chapter 2967. or Chapter 5120. of the Revised Code. The offender shall serve an additional prison term imposed under this section consecutively to and prior to the prison term imposed for the underlying offense.

(e) When imposing a sentence pursuant to division (B)(2)(a) or (b) of this section, the court shall state its findings explaining the imposed sentence.

(3) Except when an offender commits a violation of section 2903.01 or 2907.02 of the Revised Code and the penalty imposed for the violation is life imprisonment or commits a violation of section 2903.02 of the Revised Code, if the offender commits a violation of section 2925.03 or 2925.11 of the Revised Code and that section classifies the offender as a major drug offender, if the offender commits a felony violation of section 2925.02, 2925.04, 2925.05, 2925.36, 3719.07, 3719.08, 3719.16, 3719.161, 4729.37, or 4729.61, division (C) or (D) of section 3719.172, division (E) of section 4729.51, or division (J) of section 4729.54 of the Revised Code that includes the sale, offer to sell, or possession of a schedule I or II controlled substance, with the exception of marihuana, and the court imposing sentence upon the offender finds that the offender is guilty of a specification of the type described in section 2941.1410 of the Revised Code charging that the offender is a major drug offender, if the court imposing sentence upon an offender for a felony finds that the offender is guilty of corrupt activity with the most serious offense in the pattern of corrupt activity
being a felony of the first degree, or if the offender is guilty
of an attempted violation of section 2907.02 of the Revised Code
and, had the offender completed the violation of section 2907.02
of the Revised Code that was attempted, the offender would have
been subject to a sentence of life imprisonment or life
imprisonment without parole for the violation of section 2907.02
of the Revised Code, the court shall impose upon the offender
for the felony violation a mandatory prison term of the maximum
prison term prescribed for a felony of the first degree that,
subject to divisions (C) to (I) of section 2967.19 of the
Revised Code, cannot be reduced pursuant to section 2929.20,
section 2967.19, or any other provision of Chapter 2967. or
5120. of the Revised Code.

(4) If the offender is being sentenced for a third or
fourth degree felony OVI offense under division (G)(2) of
section 2929.13 of the Revised Code, the sentencing court shall
impose upon the offender a mandatory prison term in accordance
with that division. In addition to the mandatory prison term, if

offense, the court, notwithstanding division (A)(4) of this
section, may sentence the offender to a definite prison term of
not less than six months and not more than thirty months, and if

other prison term or mandatory prison term previously or
subsequently imposed upon the offender.

(2) If an offender who is an inmate in a jail, prison, or
other residential detention facility violates section 2917.02,
2917.03, or 2921.35 of the Revised Code or division (A)(1) or
(2) of section 2921.34 of the Revised Code, if an offender who
is under detention at a detention facility commits a felony
violation of section 2923.131 of the Revised Code, or if an
offender who is an inmate in a jail, prison, or other
residential detention facility or is under detention at a
detention facility commits another felony while the offender is
an escapee in violation of division (A)(1) or (2) of section
2921.34 of the Revised Code, any prison term imposed upon the
offender for one of those violations shall be served by the offender consecutively to the prison term or term of imprisonment the offender was serving when the offender committed that offense and to any other prison term previously or subsequently imposed upon the offender.

(3) If a prison term is imposed for a violation of division (B) of section 2911.01 of the Revised Code, a violation of division (A) of section 2913.02 of the Revised Code in which the stolen property is a firearm or dangerous ordnance, or a felony violation of division (B) of section 2921.331 of the Revised Code, the offender shall serve that prison term consecutively to any other prison term or mandatory prison term previously or subsequently imposed upon the offender.

(4) If multiple prison terms are imposed on an offender for convictions of multiple offenses, the court may require the offender to serve the prison terms consecutively if the court finds that the consecutive service is necessary to protect the public from future crime or to punish the offender and that consecutive sentences are not disproportionate to the seriousness of the offender's conduct and to the danger the offender poses to the public, and if the court also finds any of the following:

(a) The offender committed one or more of the multiple offenses while the offender was awaiting trial or sentencing, was under a sanction imposed pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, or was under post-release control for a prior offense.

(b) At least two of the multiple offenses were committed as part of one or more courses of conduct, and the harm caused by two or more of the multiple offenses so committed was so
great or unusual that no single prison term for any of the
offenses committed as part of any of the courses of conduct
adequately reflects the seriousness of the offender's conduct.

(c) The offender's history of criminal conduct
demonstrates that consecutive sentences are necessary to protect
the public from future crime by the offender.

(5) If a mandatory prison term is imposed upon an offender
pursuant to division (B)(5) or (6) of this section, the offender
shall serve the mandatory prison term consecutively to and prior
to any prison term imposed for the underlying violation of
division (A)(1) or (2) of section 2903.06 of the Revised Code
pursuant to division (A) of this section or section 2929.142 of
the Revised Code. If a mandatory prison term is imposed upon an
offender pursuant to division (B)(5) of this section, and if a
mandatory prison term also is imposed upon the offender pursuant
to division (B)(6) of this section in relation to the same
violation, the offender shall serve the mandatory prison term
imposed pursuant to division (B)(5) of this section
consecutively to and prior to the mandatory prison term imposed
pursuant to division (B)(6) of this section and consecutively to
and prior to any prison term imposed for the underlying
violation of division (A)(1) or (2) of section 2903.06 of the
Revised Code pursuant to division (A) of this section or section
2929.142 of the Revised Code.

(6) When consecutive prison terms are imposed pursuant to
division (C)(1), (2), (3), (4), or (5) or division (H)(1) or (2)
of this section, the term to be served is the aggregate of all
of the terms so imposed.

(D)(1) If a court imposes a prison term for a felony of
the first degree, for a felony of the second degree, for a
felony sex offense, or for a felony of the third degree that is not a felony sex offense and in the commission of which the offender caused or threatened to cause physical harm to a person, it shall include in the sentence a requirement that the offender be subject to a period of post-release control after the offender's release from imprisonment, in accordance with that division. If a court imposes a sentence including a prison term of a type described in this division on or after July 11, 2006, the failure of a court to include a post-release control requirement in the sentence pursuant to this division does not negate, limit, or otherwise affect the mandatory period of post-release control that is required for the offender under division (B) of section 2967.28 of the Revised Code. Section 2929.191 of the Revised Code applies if, prior to July 11, 2006, a court imposed a sentence including a prison term of a type described in this division and failed to include in the sentence pursuant to this division a statement regarding post-release control.

(2) If a court imposes a prison term for a felony of the third, fourth, or fifth degree that is not subject to division (D)(1) of this section, it shall include in the sentence a requirement that the offender be subject to a period of post-release control after the offender's release from imprisonment, in accordance with that division, if the parole board determines that a period of post-release control is necessary. Section 2929.191 of the Revised Code applies if, prior to July 11, 2006, a court imposed a sentence including a prison term of a type described in this division and failed to include in the sentence pursuant to this division a statement regarding post-release control.

(E) The court shall impose sentence upon the offender in accordance with section 2971.03 of the Revised Code, and Chapter
2971. of the Revised Code applies regarding the prison term or 3113
term of life imprisonment without parole imposed upon the 3114
offender and the service of that term of imprisonment if any of 3115
the following apply:

(1) A person is convicted of or pleads guilty to a violent 3116
sex offense or a designated homicide, assault, or kidnapping 3117
offense, and, in relation to that offense, the offender is 3118
adjudicated a sexually violent predator.

(2) A person is convicted of or pleads guilty to a 3119
violation of division (A)(1)(b) of section 2907.02 of the 3120
Revised Code committed on or after January 2, 2007, and either 3121
the court does not impose a sentence of life without parole when 3122
authorized pursuant to division (B) of section 2907.02 of the 3123
Revised Code, or division (B) of section 2907.02 of the Revised 3124
Code provides that the court shall not sentence the offender 3125
pursuant to section 2971.03 of the Revised Code.

(3) A person is convicted of or pleads guilty to attempted 3126
rape committed on or after January 2, 2007, and a specification 3127
of the type described in section 2941.1418, 2941.1419, or 3128
2941.1420 of the Revised Code.

(4) A person is convicted of or pleads guilty to a 3129
violation of section 2905.01 of the Revised Code committed on or 3130
after January 1, 2008, and that section requires the court to 3131
sentence the offender pursuant to section 2971.03 of the Revised 3132
Code.

(5) A person is convicted of or pleads guilty to 3133
aggravated murder committed on or after January 1, 2008, and 3134
division (A)(2)(b)(ii) of section 2929.022, division (A)(1)(e), 3135
(C)(1)(a)(v), (C)(2)(a)(ii), (D)(2)(b), (D)(3)(a)(iv), or (E)(1) 3136
(d) of section 2929.03, or division (A) or (B) of section 2929.06 of the Revised Code requires the court to sentence the offender pursuant to division (B)(3) of section 2971.03 of the Revised Code.

(6) A person is convicted of or pleads guilty to murder committed on or after January 1, 2008, and division (B)(2) of section 2929.02 of the Revised Code requires the court to sentence the offender pursuant to section 2971.03 of the Revised Code.

(F) If a person who has been convicted of or pleaded guilty to a felony is sentenced to a prison term or term of imprisonment under this section, sections 2929.02 to 2929.06 of the Revised Code, section 2929.142 of the Revised Code, section 2971.03 of the Revised Code, or any other provision of law, section 5120.163 of the Revised Code applies regarding the person while the person is confined in a state correctional institution.

(G) If an offender who is convicted of or pleads guilty to a felony that is an offense of violence also is convicted of or pleads guilty to a specification of the type described in section 2941.142 of the Revised Code that charges the offender with having committed the felony while participating in a criminal gang, the court shall impose upon the offender an additional prison term of one, two, or three years.

(H)(1) If an offender who is convicted of or pleads guilty to aggravated murder, murder, or a felony of the first, second, or third degree that is an offense of violence also is convicted of or pleads guilty to a specification of the type described in section 2941.143 of the Revised Code that charges the offender with having committed the offense in a school safety zone or
towards a person in a school safety zone, the court shall impose upon the offender an additional prison term of two years. The offender shall serve the additional two years consecutively to and prior to the prison term imposed for the underlying offense.

(2)(a) If an offender is convicted of or pleads guilty to a felony violation of section 2907.22, 2907.24, 2907.241, or 2907.25 of the Revised Code and to a specification of the type described in section 2941.1421 of the Revised Code and if the court imposes a prison term on the offender for the felony violation, the court may impose upon the offender an additional prison term as follows:

(i) Subject to division (H)(2)(a)(ii) of this section, an additional prison term of one, two, three, four, five, or six months;

(ii) If the offender previously has been convicted of or pleaded guilty to one or more felony or misdemeanor violations of section 2907.22, 2907.23, 2907.24, 2907.241, or 2907.25 of the Revised Code and also was convicted of or pleaded guilty to a specification of the type described in section 2941.1421 of the Revised Code regarding one or more of those violations, an additional prison term of one, two, three, four, five, six, seven, eight, nine, ten, eleven, or twelve months.

(b) In lieu of imposing an additional prison term under division (H)(2)(a) of this section, the court may directly impose on the offender a sanction that requires the offender to wear a real-time processing, continual tracking electronic monitoring device during the period of time specified by the court. The period of time specified by the court shall equal the duration of an additional prison term that the court could have imposed upon the offender under division (H)(2)(a) of this section.
section. A sanction imposed under this division shall commence on the date specified by the court, provided that the sanction shall not commence until after the offender has served the prison term imposed for the felony violation of section 2907.22, 2907.24, 2907.241, or 2907.25 of the Revised Code and any residential sanction imposed for the violation under section 2929.16 of the Revised Code. A sanction imposed under this division shall be considered to be a community control sanction for purposes of section 2929.15 of the Revised Code, and all provisions of the Revised Code that pertain to community control sanctions shall apply to a sanction imposed under this division, except to the extent that they would by their nature be clearly inapplicable. The offender shall pay all costs associated with a sanction imposed under this division, including the cost of the use of the monitoring device.

(I) At the time of sentencing, the court may recommend the offender for placement in a program of shock incarceration under section 5120.031 of the Revised Code or for placement in an intensive program prison under section 5120.032 of the Revised Code, disapprove placement of the offender in a program of shock incarceration or an intensive program prison of that nature, or make no recommendation on placement of the offender. In no case shall the department of rehabilitation and correction place the offender in a program or prison of that nature unless the department determines as specified in section 5120.031 or 5120.032 of the Revised Code, whichever is applicable, that the offender is eligible for the placement.

If the court disapproves placement of the offender in a program or prison of that nature, the department of rehabilitation and correction shall not place the offender in any program of shock incarceration or intensive program prison.
If the court recommends placement of the offender in a program of shock incarceration or in an intensive program prison, and if the offender is subsequently placed in the recommended program or prison, the department shall notify the court of the placement and shall include with the notice a brief description of the placement.

If the court recommends placement of the offender in a program of shock incarceration or in an intensive program prison and the department does not subsequently place the offender in the recommended program or prison, the department shall send a notice to the court indicating why the offender was not placed in the recommended program or prison.

If the court does not make a recommendation under this division with respect to an offender and if the department determines as specified in section 5120.031 or 5120.032 of the Revised Code, whichever is applicable, that the offender is eligible for placement in a program or prison of that nature, the department shall screen the offender and determine if there is an available program of shock incarceration or an intensive program prison for which the offender is suited. If there is an available program of shock incarceration or an intensive program prison for which the offender is suited, the department shall notify the court of the proposed placement of the offender as specified in section 5120.031 or 5120.032 of the Revised Code and shall include with the notice a brief description of the placement. The court shall have ten days from receipt of the notice to disapprove the placement.

(J) If a person is convicted of or pleads guilty to aggravated vehicular homicide in violation of division (A)(1) of section 2903.06 of the Revised Code and division (B)(2)(c) of
that section applies, the person shall be sentenced pursuant to section 2929.142 of the Revised Code.

(K)(1) The court shall impose an additional mandatory prison term of two, three, four, five, six, seven, eight, nine, ten, or eleven years on an offender who is convicted of or pleads guilty to a violent felony offense if the offender also is convicted of or pleads guilty to a specification of the type described in section 2941.1424 of the Revised Code that charges that the offender is a violent career criminal and had a firearm on or about the offender's person or under the offender's control while committing the presently charged violent felony offense and displayed or brandished the firearm, indicated that the offender possessed a firearm, or used the firearm to facilitate the offense. The offender shall serve the prison term imposed under this division consecutively to and prior to the prison term imposed for the underlying offense. The prison term shall not be reduced pursuant to section 2929.20 or 2967.19 or any other provision of Chapter 2967. or 5120. of the Revised Code. A court may not impose more than one sentence under division (B)(2)(a) of this section and this division for acts committed as part of the same act or transaction.

(2) As used in division (K)(1) of this section, "violent career criminal" and "violent felony offense" have the same meanings as in section 2923.132 of the Revised Code.

Sec. 2929.15. (A)(1) If in sentencing an offender for a felony the court is not required to impose a prison term, a mandatory prison term, or a term of life imprisonment upon the offender, the court may directly impose a sentence that consists of one or more community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code. If
the court is sentencing an offender for a fourth degree felony
OVI offense under division (G)(1) of section 2929.13 of the
Revised Code, in addition to the mandatory term of local
incarceration imposed under that division and the mandatory fine
required by division (B)(3) of section 2929.18 of the Revised
Code, the court may impose upon the offender a community control
sanction or combination of community control sanctions in
accordance with sections 2929.16 and 2929.17 of the Revised
Code. If the court is sentencing an offender for a third or
fourth degree felony OVI offense under division (G)(2) of
section 2929.13 of the Revised Code, in addition to the
mandatory prison term or mandatory prison term and additional
prison term imposed under that division, the court also may
impose upon the offender a community control sanction or
combination of community control sanctions under section 2929.16
or 2929.17 of the Revised Code, but the offender shall serve all
of the prison terms so imposed prior to serving the community
control sanction.

The duration of all community control sanctions imposed
upon an offender under this division shall not exceed five
years. If the offender absconds or otherwise leaves the
jurisdiction of the court in which the offender resides without
obtaining permission from the court or the offender's probation
officer to leave the jurisdiction of the court, or if the
offender is confined in any institution for the commission of
any offense while under a community control sanction, the period
of the community control sanction ceases to run until the
offender is brought before the court for its further action. If
the court sentences the offender to one or more nonresidential
sanctions under section 2929.17 of the Revised Code, the court
shall impose as a condition of the nonresidential sanctions
that, during the period of the sanctions, the offender must abide by the law and must not leave the state without the permission of the court or the offender's probation officer. The court may impose any other conditions of release under a community control sanction that the court considers appropriate, including, but not limited to, requiring that the offender not ingest or be injected with a drug of abuse and submit to random drug testing as provided in division (D) of this section to determine whether the offender ingested or was injected with a drug of abuse and requiring that the results of the drug test indicate that the offender did not ingest or was not injected with a drug of abuse.

(2) (a) If a court sentences an offender to any community control sanction or combination of community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, the court shall place the offender under the general control and supervision of a department of probation in the county that serves the court for purposes of reporting to the court a violation of any condition of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer. Alternatively, if the offender resides in another county and a county department of probation has been established in that county or that county is served by a multicounty probation department established under section 2301.27 of the Revised Code, the court may request the court of common pleas of that county to receive the offender into the general control and supervision of that county or multicounty department of probation for purposes of reporting to the court a violation of any condition of the sanctions, any condition of
release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer, subject to the jurisdiction of the trial judge over and with respect to the person of the offender, and to the rules governing that department of probation.

If there is no department of probation in the county that serves the court, the court shall place the offender, regardless of the offender's county of residence, under the general control and supervision of the adult parole authority for purposes of reporting to the court a violation of any of the sanctions, any condition of release under a community control sanction imposed by the court, a violation of law, or the departure of the offender from this state without the permission of the court or the offender's probation officer.

(b) If the court imposing sentence upon an offender sentences the offender to any community control sanction or combination of community control sanctions authorized pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code, and if the offender violates any condition of the sanctions, any condition of release under a community control sanction imposed by the court, violates any law, or departs the state without the permission of the court or the offender's probation officer, the public or private person or entity that operates or administers the sanction or the program or activity that comprises the sanction shall report the violation or departure directly to the sentencing court, or shall report the violation or departure to the county or multicounty department of probation with general control and supervision over the offender under division (A)(2) (a) of this section or the officer of that department who supervises the offender, or, if there is no such department with
general control and supervision over the offender under that division, to the adult parole authority. If the public or private person or entity that operates or administers the sanction or the program or activity that comprises the sanction reports the violation or departure to the county or multicounty department of probation or the adult parole authority, the department's or authority's officers may treat the offender as if the offender were on probation and in violation of the probation, and shall report the violation of the condition of the sanction, any condition of release under a community control sanction imposed by the court, the violation of law, or the departure from the state without the required permission to the sentencing court.

(3) If an offender who is eligible for community control sanctions under this section admits to being drug addicted or the court has reason to believe that the offender is drug addicted, and if the offense for which the offender is being sentenced was related to the addiction, the court may require that the offender be assessed by a properly credentialed professional within a specified period of time and shall require the professional to file a written assessment of the offender with the court. If a court imposes treatment and recovery support services as a community control sanction, the court shall direct the level and type of treatment and recovery support services after consideration of the written assessment, if available at the time of sentencing, and recommendations of the professional and other treatment and recovery support services providers.

(4) If an assessment completed pursuant to division (A)(3) of this section indicates that the offender is addicted to drugs or alcohol, the court may include in any community control
sanction imposed for a violation of section 2925.02, 2925.03, 2925.04, 2925.05, 2925.06, 2925.11, 2925.13, 2925.22, 2925.23, 2925.36, or 2925.37 of the Revised Code a requirement that the offender participate in a treatment and recovery support alcohol and drug addiction services program and recovery supports certified under section 5119.36 of the Revised Code or offered by another a properly credentialed community addiction services provider.

(B)(1) If the conditions of a community control sanction are violated or if the offender violates a law or leaves the state without the permission of the court or the offender's probation officer, the sentencing court may impose upon the violator one or more of the following penalties:

(a) A longer time under the same sanction if the total time under the sanctions does not exceed the five-year limit specified in division (A) of this section;

(b) A more restrictive sanction under section 2929.16, 2929.17, or 2929.18 of the Revised Code;

(c) A prison term on the offender pursuant to section 2929.14 of the Revised Code.

(2) If an offender was acting pursuant to division (B)(2) of section 2925.11 of the Revised Code and in so doing violated the conditions of a community control sanction based on a minor drug possession offense, as defined in section 2925.11 of the Revised Code, the sentencing court may consider the offender's conduct in seeking or obtaining medical assistance for another in good faith or for self or may consider the offender being the subject of another person seeking or obtaining medical assistance in accordance with that division as
a mitigating factor before imposing any of the penalties described in division (B)(1) of this section.

(3) The prison term, if any, imposed upon a violator pursuant to this division shall be within the range of prison terms available for the offense for which the sanction that was violated was imposed and shall not exceed the prison term specified in the notice provided to the offender at the sentencing hearing pursuant to division (B)(2) of section 2929.19 of the Revised Code. The court may reduce the longer period of time that the offender is required to spend under the longer sanction, the more restrictive sanction, or a prison term imposed pursuant to this division by the time the offender successfully spent under the sanction that was initially imposed.

(C) If an offender, for a significant period of time, fulfills the conditions of a sanction imposed pursuant to section 2929.16, 2929.17, or 2929.18 of the Revised Code in an exemplary manner, the court may reduce the period of time under the sanction or impose a less restrictive sanction, but the court shall not permit the offender to violate any law or permit the offender to leave the state without the permission of the court or the offender's probation officer.

(D)(1) If a court under division (A)(1) of this section imposes a condition of release under a community control sanction that requires the offender to submit to random drug testing, the department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section may cause the offender to submit to random drug testing performed by a laboratory or entity that has entered into a contract with any
of the governmental entities or officers authorized to enter into a contract with that laboratory or entity under section 341.26, 753.33, or 5120.63 of the Revised Code.

(2) If no laboratory or entity described in division (D)(1) of this section has entered into a contract as specified in that division, the department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section shall cause the offender to submit to random drug testing performed by a reputable public laboratory to determine whether the individual who is the subject of the drug test ingested or was injected with a drug of abuse.

(3) A laboratory or entity that has entered into a contract pursuant to section 341.26, 753.33, or 5120.63 of the Revised Code shall perform the random drug tests under division (D)(1) of this section in accordance with the applicable standards that are included in the terms of that contract. A public laboratory shall perform the random drug tests under division (D)(2) of this section in accordance with the standards set forth in the policies and procedures established by the department of rehabilitation and correction pursuant to section 5120.63 of the Revised Code. An offender who is required under division (A)(1) of this section to submit to random drug testing as a condition of release under a community control sanction and whose test results indicate that the offender ingested or was injected with a drug of abuse shall pay the fee for the drug test if the department of probation or the adult parole authority that has general control and supervision of the offender requires payment of a fee. A laboratory or entity that performs the random drug testing on an offender under division (D)(1) or (2) of this section shall transmit the results of the
drug test to the appropriate department of probation or the adult parole authority that has general control and supervision of the offender under division (A)(2)(a) of this section.

**Sec. 2945.65.** Evidence of the use of a controlled substance obtained as part of a screening or test performed to determine pregnancy or provide prenatal care is not admissible in a criminal proceeding against the woman who was screened or tested. This section does not prohibit criminal prosecution based on evidence obtained through methods other than the screening or testing described in this section.

**Sec. 2947.231.** If a business entity described in division (B)(1)(j) (A)(2) or (k) (3) of section 4729.51-4729.541 of the Revised Code pleads guilty or no contest to or is found guilty of any criminal offense, the judge or magistrate shall include in the sentence any costs incurred by the state board of pharmacy in an investigation leading to the plea or conviction. Investigative costs include staff salaries, administrative costs, travel expenses, attorney's fees, and any other reasonable expense incurred by the board. The board shall set forth the costs the entity is required to pay in an itemized statement provided to the judge or magistrate.

**Sec. 3313.65.** (A) As used in this section and section 3313.64 of the Revised Code:

(1) A person is "in a residential facility" if the person is a resident or a resident patient of an institution, home, or other residential facility that is:

g) Operated by the veteran's administration or another agency of the United States government;

(2) A person is "in a correctional facility" if any of the following apply:

(a) The person is an Ohio resident and is:

   (i) Imprisoned, as defined in section 1.05 of the Revised Code;

   (ii) Serving a term in a community-based correctional facility or a district community-based correctional facility;

   (iii) Required, as a condition of parole, a post-release
control sanction, a community control sanction, transitional
control, or early release from imprisonment, as a condition of
shock parole or shock probation granted under the law in effect
prior to July 1, 1996, or as a condition of a furlough granted
under the version of section 2967.26 of the Revised Code in
effect prior to March 17, 1998, to reside in a halfway house or
other community residential center licensed under section
2967.14 of the Revised Code or a similar facility designated by
the court of common pleas that established the condition or by

(B) If the circumstances described in division (C) of this
section apply, the determination of what school district must

The report shall identify the treatment program and expenditure for an alcohol monitoring device for which that payment was made. If the board has reasonable cause to believe that an individual who is a pharmacist or pharmacy intern is physically or mentally impaired, the board may require the pharmacist or pharmacy intern individual to submit to a physical or mental examination, or both. The expense of the examination is the responsibility of the individual required to be examined.
Failure of an individual who is a pharmacist or pharmacy intern to submit to a physical or mental examination ordered by the board, unless the failure is due to circumstances beyond the individual's control, constitutes an admission of the allegations and a suspension order shall be entered without the taking of testimony or presentation of evidence. Any subsequent adjudication hearing under Chapter 119. of the Revised Code concerning failure to submit to an examination is limited to consideration of whether the failure was beyond the individual's control.

If, based on the results of an examination ordered under this division, the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's license or deny the individual's application and shall require the individual, as a condition for an initial, continued, reinstated, or renewed license to practice, to submit to a physical or mental examination and treatment.

An order of suspension issued under this division shall not be subject to suspension by a court during pendency of any appeal filed under section 119.12 of the Revised Code.

(G) Notwithstanding the provision of division (C)(2) of section 2953.32 of the Revised Code specifying that if records

The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

Sec. 4729.18. The rules shall include standards for both inpatient and outpatient treatment. The rules shall provide that to be approved, a treatment provider must be capable of making an initial examination to determine the type of treatment required for a pharmacist with substance abuse problems. Subject to the rules, the board shall review and approve treatment providers on a regular basis and may, at its discretion, withdraw or deny approval.

An approved treatment provider shall:

Sec. 4729.38. (A) Unless instructed otherwise by the person receiving the drug pursuant to the prescription, a pharmacist filling a prescription for a drug prescribed by its brand name may select a generically equivalent drug, as defined in section 3715.01 of the Revised Code, subject to the following conditions:

These designations shall not be preprinted or stamped on the prescription. Division (A)(1) of this section does not preclude a reminder of the procedure required to prohibit the selection of a generically equivalent drug from being preprinted on the prescription.

(2) The pharmacist shall not select a generically equivalent drug unless its price to the patient is less than or equal to the price of the prescribed drug.

The labeling requirements established by this division are in addition to all other labeling requirements of Chapter 3715. of the Revised Code.

(C) A pharmacist who selects a generically equivalent drug pursuant to this section assumes no greater liability for selecting the dispensed drug than would be incurred in filling a prescription for a drug prescribed by its brand name.

(D) The failure of a prescriber to restrict a prescription by specifying "dispense as written," or "D.A.W.," pursuant to division (A)(1) of this section shall not constitute evidence of the prescriber's negligence unless the prescriber had reasonable cause to believe that the health condition of the patient for whom the drug was intended warranted the prescription of a specific brand name drug and no other. No prescriber shall be liable for civil damages or in any criminal prosecution arising from the interchange of a generically equivalent drug for a prescribed brand name drug by a pharmacist, unless the prescribed brand name drug would have reasonably caused the same loss, damage, injury, or death.

(I)(1) Whoever violates division (B)(A) of section 4729.42 of the Revised Code is guilty of unauthorized pharmacy-related drug conduct. Except as otherwise provided in this section, unauthorized pharmacy-related drug conduct is a misdemeanor of the second degree. If the offender previously has
been convicted of or pleaded guilty to a violation of division (A), (B), or (C), (D), or (E) of that section, unauthorized pharmacy-related drug conduct is a misdemeanor of the first degree on a second offense and a felony of the fifth degree on a third or subsequent offense.

(2) Whoever violates division (B) or (C) or (D) of section 4729.42 of the Revised Code is guilty of permitting unauthorized pharmacy-related drug conduct. Except as otherwise provided in this section, permitting unauthorized pharmacy-related drug conduct is a misdemeanor of the second degree. If the offender previously has been convicted of or pleaded guilty to a violation of division (A), (B), or (C), (D), or (E) of that section, permitting unauthorized pharmacy-related drug conduct is a misdemeanor of the first degree on a second offense and a felony of the fifth degree on a third or subsequent offense.

(3) Whoever violates division (E) of section 4729.42 of the Revised Code is guilty of the offense of falsification under section 2921.13 of the Revised Code. In addition to any other sanction imposed for the violation, the offender is forever disqualified from engaging in any activity specified in division (B)(1), (2), or (3) of section 4729.42 of the Revised Code and from performing any function as a health care professional or health care worker. As used in this division, "health care professional" and "health care worker" have the same meanings as in section 2305.234 of the Revised Code.

(4) Notwithstanding any contrary provision of section 3719.21 of the Revised Code or any other provision of law that governs the distribution of fines, the clerk of the court shall pay any fine imposed pursuant to division (I)(1) or (2) of this section to the state board of pharmacy if the board has
adopted a written internal control policy under division (F)(2) of section 2925.03 of the Revised Code that addresses fine moneys that it receives under Chapter 2925. of the Revised Code and if the policy also addresses fine moneys paid under this division. The state board of pharmacy shall use the fines so paid in accordance with the written internal control policy to subsidize the board's law enforcement efforts that pertain to drug offenses.

(J)(1) Whoever violates division (A)(1) of section 4729.86 of the Revised Code is guilty of a misdemeanor of the third degree. Sec. 4731.22. (A) The state medical board, by an affirmative vote of not fewer than six of its members, may limit, revoke, or suspend an individual's certificate to practice or certificate to recommend, refuse to grant a certificate to an individual, refuse to renew a certificate, refuse to reinstate a certificate, or reprimand or place on probation the holder of a certificate if the individual or certificate holder is found by the board to have committed fraud during the administration of the examination for a certificate to practice or to have committed fraud, misrepresentation, or deception in applying for, renewing, or securing any certificate to practice or certificate to recommend issued by the board.

(B) The board, by an affirmative vote of not fewer than six members, shall, to the extent permitted by law, limit, revoke, or suspend an individual's certificate to practice or certificate to recommend, refuse to issue a certificate to an individual, refuse to renew a certificate, refuse to reinstate a certificate, or reprimand or place on probation the holder of a certificate for one or more of the following reasons:

(1) Permitting one's name or one's certificate to practice to be used by a person, group, or corporation when the individual concerned is not actually directing the treatment given;

(2) Failure to maintain minimal standards applicable to the selection or administration of drugs, or failure to employ acceptable scientific methods in the selection of drugs or other modalities for treatment of disease;
(3) Selling, giving away, personally furnishing, prescribing, or administering drugs for other than legal and legitimate therapeutic purposes or a plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction of, a violation of any federal or state law regulating the possession, distribution, or use of any drug;

(4) Willfully betrayed a professional confidence. For purposes of this division, "willfully betraying a professional confidence" does not include providing any information, documents, or reports under sections 307.621 to 307.629 of the Revised Code to a child fatality review board; does not include providing any information, documents, or reports to the director of health pursuant to guidelines established under section 3701.70 of the Revised Code; does not include written notice to a mental health professional under section 4731.62 of the Revised Code; and does not include the making of a report of an employee's use of a drug of abuse, or a report of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by section 2305.33 or 4731.62 of the Revised Code upon a physician who makes a report in accordance with section 2305.33 or notifies a mental health professional in accordance with section 4731.62 of the Revised Code. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(5) Making a false, fraudulent, deceptive, or misleading statement in the solicitation of or advertising for patients;
relation to the practice of medicine and surgery, osteopathic medicine and surgery, podiatric medicine and surgery, or a limited branch of medicine; or in securing or attempting to secure any certificate to practice issued by the board.

As used in this division, "false, fraudulent, deceptive, or misleading statement" means a statement that includes a misrepresentation of fact, is likely to mislead or deceive because of a failure to disclose material facts, is intended or is likely to create false or unjustified expectations of favorable results, or includes representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) A departure from, or the failure to conform to, minimal standards of care of similar practitioners under the same or similar circumstances, whether or not actual injury to a patient is established;

(7) Representing, with the purpose of obtaining compensation or other advantage as personal gain or for any other person, that an incurable disease or injury, or other incurable condition, can be permanently cured;

(8) The obtaining of, or attempting to obtain, money or anything of value by fraudulent misrepresentations in the course of practice;

(9) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a felony;

(10) Commission of an act that constitutes a felony in this state, regardless of the jurisdiction in which the act was committed;
(11) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor committed in the course of practice;

(12) Commission of an act in the course of practice that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(13) A plea of guilty to, a judicial finding of guilt of, or a judicial finding of eligibility for intervention in lieu of conviction for, a misdemeanor involving moral turpitude;

(14) Commission of an act involving moral turpitude that constitutes a misdemeanor in this state, regardless of the jurisdiction in which the act was committed;

(15) Violation of the conditions of limitation placed by the board upon a certificate to practice;

(16) Failure to pay license renewal fees specified in this chapter;

(17) Except as authorized in section 4731.31 of the Revised Code, engaging in the division of fees for referral of patients, or the receiving of a thing of value in return for a specific referral of a patient to utilize a particular service or business;

(18) Subject to section 4731.226 of the Revised Code, violation of any provision of a code of ethics of the American medical association, the American osteopathic association, the American podiatric medical association, or any other national professional organizations that the board specifies by rule. The state medical board shall obtain and keep on file current copies of the codes of ethics of the various national professional
organizations. The individual whose certificate is being suspended or revoked shall not be found to have violated any provision of a code of ethics of an organization not appropriate to the individual's profession.

For purposes of this division, a "provision of a code of ethics of a national professional organization" does not include any provision that would preclude the making of a report by a physician of an employee's use of a drug of abuse, or of a condition of an employee other than one involving the use of a drug of abuse, to the employer of the employee as described in division (B) of section 2305.33 of the Revised Code. Nothing in this division affects the immunity from civil liability conferred by that section upon a physician who makes either type of report in accordance with division (B) of that section. As used in this division, "employee," "employer," and "physician" have the same meanings as in section 2305.33 of the Revised Code.

(19) Inability to practice according to acceptable and prevailing standards of care by reason of mental illness or physical illness, including, but not limited to, physical deterioration that adversely affects cognitive, motor, or perceptive skills.

In enforcing this division, the board, upon a showing of a possible violation, may compel any individual authorized to practice by this chapter or who has submitted an application pursuant to this chapter to submit to a mental examination, physical examination, including an HIV test, or both a mental and a physical examination. The expense of the examination is the responsibility of the individual compelled to be examined. Failure to submit to a mental or physical examination or consent
to an HIV test ordered by the board constitutes an admission of
the allegations against the individual unless the failure is due
to circumstances beyond the individual's control, and a default
and final order may be entered without the taking of testimony
or presentation of evidence. If the board finds an individual
unable to practice because of the reasons set forth in this
division, the board shall require the individual to submit to
care, counseling, or treatment by physicians approved or
designated by the board, as a condition for initial, continued,
reinstated, or renewed authority to practice. An individual
affected under this division shall be afforded an opportunity to
demonstrate to the board the ability to resume practice in
compliance with acceptable and prevailing standards under the
provisions of the individual's certificate. For the purpose of
this division, any individual who applies for or receives a
certificate to practice under this chapter accepts the privilege
of practicing in this state and, by so doing, shall be deemed to
have given consent to submit to a mental or physical examination
when directed to do so in writing by the board, and to have
waived all objections to the admissibility of testimony or
examination reports that constitute a privileged communication.

(20) Except when civil penalties are imposed under section
4731.225 or 4731.282 of the Revised Code, and subject to section
4731.226 of the Revised Code, violating or attempting to
violate, directly or indirectly, or assisting in or abetting the
violation of, or conspiring to violate, any provisions of this
chapter or any rule promulgated by the board.

This division does not apply to a violation or attempted vi
violation of, assisting in or abetting the violation of, or a conspiracy to violate, any provision of this chapter or any rule adopted by the board that would preclude the making of a report
by a physician of an employee's use of a drug of abuse, or of a
condition of an employee other than one involving the use of a
drug of abuse, to the employer of the employee as described in
division (B) of section 2305.33 of the Revised Code. Nothing in
this division affects the immunity from civil liability
conferred by that section upon a physician who makes either type
of report in accordance with division (B) of that section. As
used in this division, "employee," "employer," and "physician"
have the same meanings as in section 2305.33 of the Revised
Code.

(21) The violation of section 3701.79 of the Revised Code
or of any abortion rule adopted by the director of health
pursuant to section 3701.341 of the Revised Code;

(22) Any of the following actions taken by an agency
responsible for authorizing, certifying, or regulating an
individual to practice a health care occupation or provide
health care services in this state or another jurisdiction, for
any reason other than the nonpayment of fees: the limitation,
revocation, or suspension of an individual's license to
practice; acceptance of an individual's license surrender;
denial of a license; refusal to renew or reinstate a license;
imposition of probation; or issuance of an order of censure or
other reprimand;

(23) The violation of section 2919.12 of the Revised Code
or the performance or inducement of an abortion upon a pregnant
woman with actual knowledge that the conditions specified in
division (B) of section 2317.56 of the Revised Code have not
been satisfied or with a heedless indifference as to whether
those conditions have been satisfied, unless an affirmative
defense as specified in division (H)(2) of that section would
apply in a civil action authorized by division (H)(1) of that section;

(24) The revocation, suspension, restriction, reduction, or termination of clinical privileges by the United States department of defense or department of veterans affairs or the termination or suspension of a certificate of registration to prescribe drugs by the drug enforcement administration of the United States department of justice;

(25) Termination or suspension from participation in the medicare or medicaid programs by the department of health and human services or other responsible agency for any act or acts that also would constitute a violation of division (B)(2), (3), (6), (8), or (19) of this section;

(26) Impairment of ability to practice according to acceptable and prevailing standards of care because of habitual or excessive use or abuse of drugs, alcohol, or other substances that impair ability to practice.

For the purposes of this division, any individual authorized to practice by this chapter accepts the privilege of practicing in this state subject to supervision by the board. By filing an application for or holding a certificate to practice under this chapter, an individual shall be deemed to have given consent to submit to a mental or physical examination when ordered to do so by the board in writing, and to have waived all objections to the admissibility of testimony or examination reports that constitute privileged communications.

If it has reason to believe that any individual authorized to practice by this chapter or any applicant for certification to practice suffers such impairment, the board may compel the
individual to submit to a mental or physical examination, or both. The expense of the examination is the responsibility of the individual compelled to be examined. Any mental or physical examination required under this division shall be undertaken by a treatment provider or physician who is qualified to conduct the examination and who is chosen by the board.

Failure to submit to a mental or physical examination ordered by the board constitutes an admission of the allegations against the individual unless the failure is due to circumstances beyond the individual's control, and a default and final order may be entered without the taking of testimony or presentation of evidence. If the board determines that the individual's ability to practice is impaired, the board shall suspend the individual's certificate or deny the individual's application and shall require the individual, as a condition for initial, continued, reinstated, or renewed certification to practice, to submit to treatment.

Before being eligible to apply for reinstatement of a certificate suspended under this division, the impaired practitioner shall demonstrate to the board the ability to resume practice in compliance with acceptable and prevailing standards of care under the provisions of the practitioner's certificate. The demonstration shall include, but shall not be limited to, the following:

(a) Certification from a treatment provider approved under section 4731.25 of the Revised Code that the individual has successfully completed any required inpatient treatment;

(b) Evidence of continuing full compliance with an aftercare contract or consent agreement;
(c) Two written reports indicating that the individual's ability to practice has been assessed and that the individual has been found capable of practicing according to acceptable and prevailing standards of care. The reports shall be made by individuals or providers approved by the board for making the assessments and shall describe the basis for their determination.

The board may reinstate a certificate suspended under this division after that demonstration and after the individual has entered into a written consent agreement.

When the impaired practitioner resumes practice, the board shall require continued monitoring of the individual. The monitoring shall include, but not be limited to, compliance with the written consent agreement entered into before reinstatement or with conditions imposed by board order after a hearing, and, upon termination of the consent agreement, submission to the board for at least two years of annual written progress reports made under penalty of perjury stating whether the individual has maintained sobriety.

(27) A second or subsequent violation of section 4731.66 or 4731.69 of the Revised Code;

(28) Except as provided in division (N) of this section:

(a) Waiving the payment of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay if the waiver is used as an enticement to a patient or group of patients to receive health care services from that individual;

(b) Advertising that the individual will waive the payment...
of all or any part of a deductible or copayment that a patient, pursuant to a health insurance or health care policy, contract, or plan that covers the individual's services, otherwise would be required to pay.

(29) Failure to use universal blood and body fluid precautions established by rules adopted under section 4731.051 of the Revised Code;

(30) Failure to provide notice to, and receive acknowledgment of the notice from, a patient when required by section 4731.143 of the Revised Code prior to providing nonemergency professional services, or failure to maintain that notice in the patient's file;

(31) Failure of a physician supervising a physician assistant to maintain supervision in accordance with the requirements of Chapter 4730. of the Revised Code and the rules adopted under that chapter;

(32) Failure of a physician or podiatrist to enter into a standard care arrangement with a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner with whom the physician or podiatrist is in collaboration pursuant to section 4731.27 of the Revised Code or failure to fulfill the responsibilities of collaboration after entering into a standard care arrangement;

(33) Failure to comply with the terms of a consult agreement entered into with a pharmacist pursuant to section 4729.39 of the Revised Code;

(34) Failure to cooperate in an investigation conducted by the board under division (F) of this section, including failure to comply with a subpoena or order issued by the board or
failure to answer truthfully a question presented by the board in an investigative interview, an investigative office conference, at a deposition, or in written interrogatories, except that failure to cooperate with an investigation shall not constitute grounds for discipline under this section if a court of competent jurisdiction has issued an order that either quashes a subpoena or permits the individual to withhold the testimony or evidence in issue;

(35) Failure to supervise an oriental medicine practitioner or acupuncturist in accordance with Chapter 4762. of the Revised Code and the board’s rules for providing that supervision;

(36) Failure to supervise an anesthesiologist assistant in accordance with Chapter 4760. of the Revised Code and the board’s rules for supervision of an anesthesiologist assistant;

(37) Assisting suicide, as defined in section 3795.01 of the Revised Code;

(38) Failure to comply with the requirements of section 2317.561 of the Revised Code;

(41) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for the operation of or the provision of care at a pain
management clinic;

(42) Failure to comply with the standards and procedures established in rules under section 4731.054 of the Revised Code for providing supervision, direction, and control of individuals at a pain management clinic;

(43) Failure to comply with the requirements of section 4729.79 or 4731.055 of the Revised Code, unless the state board of pharmacy no longer maintains a drug database pursuant to section 4729.75 of the Revised Code;

(44) Failure to comply with the requirements of section 2919.171 of the Revised Code or failure to submit to the department of health in accordance with a court order a complete report as described in section 2919.171 of the Revised Code;

(45) Practicing at a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the person operating the facility has obtained and maintains the license with the classification;

(46) Owning a facility that is subject to licensure as a category III terminal distributor of dangerous drugs with a pain management clinic classification unless the facility is licensed with the classification;

(47) Failure to comply with the requirement regarding maintaining notes described in division (B) of section 2919.191 of the Revised Code or failure to satisfy the requirements of section 2919.191 of the Revised Code prior to performing or inducing an abortion upon a pregnant woman;

(48) Failure to comply with the requirements in section 3719.061 of the Revised Code before issuing for a minor a
prescription for an opioid analgesic, as defined in section 3719.01 of the Revised Code;

(51) Owning a facility, clinic, or other location that is subject to licensure as a category III terminal distributor of dangerous drugs with an office-based opioid treatment classification unless that place is licensed with the classification.

(C) Disciplinary actions taken by the board under divisions (A) and (B) of this section shall be taken pursuant to an adjudication under Chapter 119. of the Revised Code, except that in lieu of an adjudication, the board may enter into a consent agreement with an individual to resolve an allegation of a violation of this chapter or any rule adopted under it. A consent agreement, when ratified by an affirmative vote of not fewer than six members of the board, shall constitute the findings and order of the board with respect to the matter addressed in the agreement. If the board refuses to ratify a consent agreement, the admissions and findings contained in the consent agreement shall be of no force or effect.

A telephone conference call may be utilized for
ratification of a consent agreement that revokes or suspends an individual's certificate to practice or certificate to recommend. The telephone conference call shall be considered a special meeting under division (F) of section 121.22 of the Revised Code.

If the board takes disciplinary action against an individual under division (B) of this section for a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of section 2919.123 of the Revised Code, the disciplinary action shall consist of a suspension of the individual's certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's certificate to practice. Any consent agreement entered into under this division with an individual that pertains to a second or subsequent plea of guilty to, or judicial finding of guilt of, a violation of that section shall provide for a suspension of the individual's certificate to practice for a period of at least one year or, if determined appropriate by the board, a more serious sanction involving the individual's certificate to practice.

(D) For purposes of divisions (B)(10), (12), and (14) of this section, the commission of the act may be established by a finding by the board, pursuant to an adjudication under Chapter 119. of the Revised Code, that the individual committed the act. The board does not have jurisdiction under those divisions if the trial court renders a final judgment in the individual's favor and that judgment is based upon an adjudication on the merits. The board has jurisdiction under those divisions if the trial court issues an order of dismissal upon technical or procedural grounds.
(E) The sealing of conviction records by any court shall have no effect upon a prior board order entered under this section or upon the board's jurisdiction to take action under this section if, based upon a plea of guilty, a judicial finding of guilt, or a judicial finding of eligibility for intervention in lieu of conviction, the board issued a notice of opportunity for a hearing prior to the court's order to seal the records. The board shall not be required to seal, destroy, redact, or otherwise modify its records to reflect the court's sealing of conviction records.

(F)(1) The board shall investigate evidence that appears to show that a person has violated any provision of this chapter or any rule adopted under it. Any person may report to the board in a signed writing any information that the person may have that appears to show a violation of any provision of this chapter or any rule adopted under it. In the absence of bad faith, any person who reports information of that nature or who testifies before the board in any adjudication conducted under Chapter 119. of the Revised Code shall not be liable in damages in a civil action as a result of the report or testimony. Each complaint or allegation of a violation received by the board shall be assigned a case number and shall be recorded by the board.

(2) Investigations of alleged violations of this chapter or any rule adopted under it shall be supervised by the supervising member elected by the board in accordance with section 4731.02 of the Revised Code and by the secretary as provided in section 4731.39 of the Revised Code. The president may designate another member of the board to supervise the investigation in place of the supervising member. No member of the board who supervises the investigation of a case shall
participate in further adjudication of the case.

(3) In investigating a possible violation of this chapter or any rule adopted under this chapter, or in conducting an inspection under division (E) of section 4731.054 of the Revised Code, the board may question witnesses, conduct interviews, administer oaths, order the taking of depositions, inspect and copy any books, accounts, papers, records, or documents, issue subpoenas, and compel the attendance of witnesses and production of books, accounts, papers, records, documents, and testimony, except that a subpoena for patient record information shall not be issued without consultation with the attorney general's office and approval of the secretary and supervising member of the board.

(a) Before issuance of a subpoena for patient record information, the secretary and supervising member shall determine whether there is probable cause to believe that the complaint filed alleges a violation of this chapter or any rule adopted under it and that the records sought are relevant to the alleged violation and material to the investigation. The subpoena may apply only to records that cover a reasonable period of time surrounding the alleged violation.

(b) On failure to comply with any subpoena issued by the board and after reasonable notice to the person being subpoenaed, the board may move for an order compelling the production of persons or records pursuant to the Rules of Civil Procedure.

(c) A subpoena issued by the board may be served by a sheriff, the sheriff's deputy, or a board employee designated by the board. Service of a subpoena issued by the board may be made by delivering a copy of the subpoena to the person named
therein, reading it to the person, or leaving it at the person's usual place of residence, usual place of business, or address on file with the board. When serving a subpoena to an applicant for or the holder of a certificate issued under this chapter, service of the subpoena may be made by certified mail, return receipt requested, and the subpoena shall be deemed served on the date delivery is made or the date the person refuses to accept delivery. If the person being served refuses to accept the subpoena or is not located, service may be made to an attorney who notifies the board that the attorney is representing the person.

(d) A sheriff's deputy who serves a subpoena shall receive the same fees as a sheriff. Each witness who appears before the board in obedience to a subpoena shall receive the fees and mileage provided for under section 119.094 of the Revised Code.

(4) All hearings, investigations, and inspections of the board shall be considered civil actions for the purposes of section 2305.252 of the Revised Code.

(5) A report required to be submitted to the board under this chapter, a complaint, or information received by the board pursuant to an investigation or pursuant to an inspection under division (E) of section 4731.054 of the Revised Code is confidential and not subject to discovery in any civil action.

The board shall conduct all investigations or inspections and proceedings in a manner that protects the confidentiality of patients and persons who file complaints with the board. The board shall not make public the names or any other identifying information about patients or complainants unless proper consent is given or, in the case of a patient, a waiver of the patient privilege exists under division (B) of section 2317.02 of the Revised Code.
Revised Code, except that consent or a waiver of that nature is not required if the board possesses reliable and substantial evidence that no bona fide physician-patient relationship exists.

The board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state medical board must comply, notwithstanding any conflicting provision of the Revised Code or procedure of the agency or board that applies when it is dealing with other information in its possession. In a judicial proceeding, the information may be admitted into evidence only in accordance with the Rules of Evidence, but the court shall require that appropriate measures are taken to ensure that confidentiality is maintained with respect to any part of the information that contains names or other identifying information about patients or complainants whose confidentiality was protected by the state medical board when the information was in the board's possession. Measures to ensure confidentiality that may be taken by the court include sealing its records or deleting specific information from its records.

(6) On a quarterly basis, the board shall prepare a report that documents the disposition of all cases during the preceding three months. The report shall contain the following information for each case with which the board has completed its activities:
(a) The case number assigned to the complaint or alleged violation;

(b) The type of certificate to practice, if any, held by the individual against whom the complaint is directed;

(c) A description of the allegations contained in the complaint;

(d) The disposition of the case.

The report shall state how many cases are still pending and shall be prepared in a manner that protects the identity of each person involved in each case. The report shall be a public record under section 149.43 of the Revised Code.

(G) If the secretary and supervising member determine both of the following, they may recommend that the board suspend an individual's certificate to practice or certificate to recommend without a prior hearing:

(1) That there is clear and convincing evidence that an individual has violated division (B) of this section;

(2) That the individual's continued practice presents a danger of immediate and serious harm to the public.

Written allegations shall be prepared for consideration by the board. The board, upon review of those allegations and by an affirmative vote of not fewer than six of its members, excluding the secretary and supervising member, may suspend a certificate without a prior hearing. A telephone conference call may be utilized for reviewing the allegations and taking the vote on the summary suspension.

The board shall issue a written order of suspension by certified mail or in person in accordance with section 119.07 of
the Revised Code. The order shall not be subject to suspension by the court during pendency of any appeal filed under section
119.12 of the Revised Code. If the individual subject to the summary suspension requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the individual requests the hearing, unless otherwise agreed to by both the board and the individual.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicative order issued by the board pursuant to this section and Chapter 119. of the Revised Code becomes effective. The board shall issue its final adjudicative order within seventy-five days after completion of its hearing. A failure to issue the order within seventy-five days shall result in dissolution of the summary suspension order but shall not invalidate any subsequent, final adjudicative order.

(H) If the board takes action under division (B)(9), (11), or (13) of this section and the judicial finding of guilt, guilty plea, or judicial finding of eligibility for intervention in lieu of conviction is overturned on appeal, upon exhaustion of the criminal appeal, a petition for reconsideration of the order may be filed with the board along with appropriate court documents. Upon receipt of a petition of that nature and supporting court documents, the board shall reinstate the individual’s certificate to practice. The board may then hold an adjudication under Chapter 119. of the Revised Code to determine whether the individual committed the act in question. Notice of an opportunity for a hearing shall be given in accordance with Chapter 119. of the Revised Code. If the board finds, pursuant to an adjudication held under this division, that the individual
committed the act or if no hearing is requested, the board may
order any of the sanctions identified under division (B) of this
section.

(I) The certificate to practice issued to an individual
under this chapter and the individual's practice in this state
are automatically suspended as of the date of the individual's
second or subsequent plea of guilty to, or judicial finding of
guilt of, a violation of section 2919.123 of the Revised Code.
In addition, the certificate to practice or certificate to
recommend issued to an individual under this chapter and the
individual's practice in this state are automatically suspended
as of the date the individual pleads guilty to, is found by a
judge or jury to be guilty of, or is subject to a judicial
finding of eligibility for intervention in lieu of conviction in
this state or treatment or intervention in lieu of conviction in
another jurisdiction for any of the following criminal offenses
in this state or a substantially equivalent criminal offense in
another jurisdiction: aggravated murder, murder, voluntary
manslaughter, felonious assault, kidnapping, rape, sexual
battery, gross sexual imposition, aggravated arson, aggravated
robbery, or aggravated burglary. Continued practice after
suspension shall be considered practicing without a certificate.

The board shall notify the individual subject to the
suspension by certified mail or in person in accordance with
section 119.07 of the Revised Code. If an individual whose
certificate is automatically suspended under this division fails
to make a timely request for an adjudication under Chapter 119.
of the Revised Code, the board shall do whichever of the
following is applicable:

(1) If the automatic suspension under this division is for
a second or subsequent plea of guilty to, or judicial finding of
guilt of, a violation of section 2919.123 of the Revised Code,
the board shall enter an order suspending the individual's
certificate to practice for a period of at least one year or, if
determined appropriate by the board, imposing a more serious
sanction involving the individual's certificate to practice.

(2) In all circumstances in which division (I)(1) of this
section does not apply, enter a final order permanently revoking
the individual's certificate to practice.

(J) If the board is required by Chapter 119. of the
Revised Code to give notice of an opportunity for a hearing and
if the individual subject to the notice does not timely request
a hearing in accordance with section 119.07 of the Revised Code,
the board is not required to hold a hearing, but may adopt, by
an affirmative vote of not fewer than six of its members, a
final order that contains the board's findings. In that final
order, the board may order any of the sanctions identified under
division (A) or (B) of this section.

(K) Any action taken by the board under division (B) of
this section resulting in a suspension from practice shall be
accompanied by a written statement of the conditions under which
the individual's certificate to practice may be reinstated. The
board shall adopt rules governing conditions to be imposed for
reinstatement. Reinstatement of a certificate suspended pursuant
to division (B) of this section requires an affirmative vote of
not fewer than six members of the board.

(L) When the board refuses to grant or issue a certificate
to practice to an applicant, revokes an individual's certificate
to practice, refuses to renew an individual's certificate to
practice, or refuses to reinstate an individual's certificate to
practice, the board may specify that its action is permanent. An 7491
individual subject to a permanent action taken by the board is 7492
forever thereafter ineligible to hold a certificate to practice 7493
and the board shall not accept an application for reinstatement 7494
of the certificate or for issuance of a new certificate. 7495

(M) Notwithstanding any other provision of the Revised 7496
Code, all of the following apply: 7497

(1) The surrender of a certificate issued under this 7498
chapter shall not be effective unless or until accepted by the 7499
board. A telephone conference call may be utilized for 7500
acceptance of the surrender of an individual's certificate to 7501
practice. The telephone conference call shall be considered a 7502
special meeting under division (F) of section 121.22 of the 7503
Revised Code. Reinstatement of a certificate surrendered to the 7504
board requires an affirmative vote of not fewer than six members 7505
of the board. 7506

(2) An application for a certificate made under the 7507
provisions of this chapter may not be withdrawn without approval 7508
of the board. 7509

(3) Failure by an individual to renew a certificate to 7510
practice in accordance with this chapter or a certificate to 7511
recommend in accordance with rules adopted under section 7512
4731.301 of the Revised Code shall not remove or limit the 7513
board's jurisdiction to take any disciplinary action under this 7514
section against the individual. 7515

(4) At the request of the board, a certificate holder 7516
shall immediately surrender to the board a certificate that the 7517
board has suspended, revoked, or permanently revoked. 7518

(N) Sanctions shall not be imposed under division (B)(28) 7519
of this section against any person who waives deductibles and copayments as follows:

1. In compliance with the health benefit plan that expressly allows such a practice. Waiver of the deductibles or copayments shall be made only with the full knowledge and consent of the plan purchaser, payer, and third-party administrator. Documentation of the consent shall be made available to the board upon request.

2. For professional services rendered to any other person authorized to practice pursuant to this chapter, to the extent allowed by this chapter and rules adopted by the board.

3. Under the board's investigative duties described in this section and subject to division (F) of this section, the board shall develop and implement a quality intervention program designed to improve through remedial education the clinical and communication skills of individuals authorized under this chapter to practice medicine and surgery, osteopathic medicine and surgery, and podiatric medicine and surgery. In developing and implementing the quality intervention program, the board may do all of the following:

   1. Offer in appropriate cases as determined by the board an educational and assessment program pursuant to an investigation the board conducts under this section;

   2. Select providers of educational and assessment services, including a quality intervention program panel of case reviewers;

   3. Make referrals to educational and assessment service providers and approve individual educational programs recommended by those providers. The board shall monitor the
progress of each individual undertaking a recommended individual educational program.

(4) Determine what constitutes successful completion of an individual educational program and require further monitoring of the individual who completed the program or other action that the board determines to be appropriate;

(5) Adopt rules in accordance with Chapter 119. of the Revised Code to further implement the quality intervention program.

An individual who participates in an individual educational program pursuant to this division shall pay the financial obligations arising from that educational program.

Sec. 5107.42. (A) Except as provided in divisions (B) and (C) of this section, county departments of job and family services shall assign each minor head of household and adult participating in Ohio works first, other than a minor head of household participating in the LEAP program, to one or more work activities and developmental activities.

If a county department assigns a minor head of household or adult to the work activity established under division (H) of section 5107.60 of the Revised Code, the county department shall make reasonable efforts to assign the minor head of household or adult to at least one other work activity at the same time. If a county department assigns a minor head of household or adult to the work activity established under section 5107.58 of the Revised Code, the county department shall assign the minor head of household or adult to at least one other work activity at the same time.

A county department may not assign a minor head of
household or adult to a work activity established under division 
(D) of section 5107.60 of the Revised Code for more than twelve 
months.

(B) If a county department determines that a minor head of 
household or adult has a temporary or permanent barrier to 
participation in a work activity, it may assign the minor head 
of household or adult to one or more alternative work activities 
instead of assigning the minor head of household or adult to one 
or more work activities or developmental activities. A county 
department may not assign more than twenty per cent of minor 
heads of household and adults participating in Ohio works first 
to an alternative work activity.

County departments shall establish standards for 
determining whether a minor head of household or adult has a 
temporary or permanent barrier to participating in a work 
activity. The following are examples of circumstances that a 
county department may consider when it develops its standards:

(1) A minor head of household or adult provides the county 
department documented evidence that one or more members of the 
assistance group have been the victim of domestic violence and 
are in imminent danger of suffering continued domestic violence;

(2) A minor head of household or adult is actively 
participating in a community alcohol and drug addiction services 
provider certified by the department of mental health and 
addiction services under section 5119.36 of the Revised Code;

(3) An assistance group is homeless.

(C) A county department may exempt a minor head of 
household or adult who is unmarried and caring for a minor child 
under twelve months of age from the work requirements of
sections 5107.40 to 5107.69 of the Revised Code for not more
than twelve months. While exempt, the minor head of household or
adult shall be disregarded in determining whether the county
department is meeting the requirement of section 5107.44 of the
Revised Code. The county department shall assign the exempt
minor head of household or adult to at least one developmental
activity for a number of hours a week the county department
determines. The county department may assign the exempt minor
head of household or adult to one or more work activities, in
addition to developmental activities, for a number of hours the
county department determines. Division (B) of section 5107.43 of
the Revised Code does not apply to the exempt minor head of
household or adult.

(D) A county department may reassign a minor head of
household or adult when the county department determines
reassignment will aid the assistance group in achieving self
sufficiency and personal responsibility and shall make
reassignments when circumstances requiring reassignment occur,
including when a temporary barrier to participating in a work
activity is eliminated.

A county department shall include assignments in the self-
sufficiency contract entered into under section 5107.14 of the
Revised Code and shall amend the contract when a reassignment is
made to include the reassignment in the contract.
