(B) (1) The director of development services may certify a 60

Within one hundred eighty days after receiving a complete application, the</u>	94 95 96 97 98 99 100 101

director shall approve or reject the application, and notify the 102
applicant of the director's decision. The director also shall 103
notify the tax commissioner and investor of each production or 104
project the director certifies as a tax credit-eligible 105
production or tax credit-eligible sound recording infrastructure 106
project. 107

The director shall reject an application if the applicant 108
is a person, or any person owned, affiliated, or controlled, in 109
whole or in part, by any person that either owes debt that has 110
been certified to the attorney general under section 131.02 of 111
the Revised Code or has declared bankruptcy under which an 112
obligation of the person to pay or repay public funds or moneys 113
was discharged as a part of such bankruptcy. The rejection of an 114
application under this division does not prohibit an applicant 115
from filing another application under this section for the same 116
production or project. 117

(3) In making the director's determination under division 118
(B)(2) of this section, the director shall consider each of the 119
following factors: 120

(a) The impact of the production or project on the 121
encouragement and development in this state of a strong capital 122
and infrastructure base in order to achieve a more independent, 123
self-supporting music and sound recording industry; 124

(b) The impact of the production or project on the 125
employment of residents of this state; 126

(c) The impact of the production or project on the overall 127
economy of this state; 128

(d) If the application is for a tax credit-eligible 129
project, the availability of similar infrastructure facilities 130

located within fifty miles of the proposed project. 131

(C) A sound recording production company whose sound 132
recording production or sound recording capital infrastructure 133
project is certified under division (B) of this section as a tax 134
credit-eligible production or tax credit-eligible project, after 135
such production or project is completed, may apply to the 136
director of development services to receive a refundable credit 137
against the tax imposed under section 5747.02 of the Revised 138
Code, which may be claimed by the company's investor or 139
investors. The director in consultation with the tax 140
commissioner shall prescribe the form and manner of the 141
application under this division and the information or 142
documentation required to be submitted with the application. 143

In addition to the application, the company shall report 144
the eligible expenditures related to that production or project, 145
which the director may require to be prepared by a certified 146
public accountant. Before awarding a certificate under division 147
(C) of this section, the director may inspect the books, 148
accounts, records, and memoranda of a sound recording production 149
company to audit the accuracy of that report. The amount of 150
credit awarded to investors shall be proportionately reduced by 151
the cost to the director of any such audit. Upon receiving and 152
examining the report, the director may disallow any reported 153
eligible expenditure the director determines is not an eligible 154
expenditure. If the director disallows an expenditure, the 155
director shall issue a written notice to the sound recording 156
production company stating that the expenditure is disallowed 157
and the reason for the disallowance. Upon examination of the 158
report and disallowance of any expenditure, the director shall 159
determine eligible expenditures for the purpose of calculating 160
the amount of the credit. 161

Subject to the aggregate credit limit in division (D) of 162
this section, upon receipt of an application under this 163
division, the director shall issue a certificate to each 164
applicable investor showing the amount of the credit the 165
investor may claim under section 5747.67 of the Revised Code. 166
The director shall calculate that credit as follows: 167

(1) The amount of the credit equals twenty-five per cent 168
of eligible expenditures in excess of ten thousand dollars, 169
multiplied by the investor's proportionate or distributive share 170
of the sound production company if that company is a pass- 171
through entity. 172

(2) The amount of credit awarded to all investors for a 173
production or project shall not exceed seventy-five thousand 174
dollars. If the amount of the credit, as calculated under 175
division (C)(1) of this section, would exceed seventy-five 176
thousand dollars, the director shall reduce the amount of credit 177
awarded to each investor proportionately so that the total 178
amount so awarded to all such investors equals seventy-five 179
thousand dollars. 180

(3) No credit shall be awarded on the basis of any portion 181
of an eligible expenditure that is also an eligible production 182
expenditure that forms the basis of a credit awarded under 183
section 122.85 of the Revised Code. 184

(4) No credit shall be awarded for taxable years beginning 185
on or after January 1, 2022. 186

(D) The aggregate amount of credits certified for all 187
investors under division (C) of this section for any fiscal year 188
shall not exceed one million dollars. The director shall award 189
credit certificates under that division for tax credit-eligible 190

productions or tax credit-eligible projects on a first-come, 191
first-served basis. 192

(E) The director of development services shall transmit a 193
copy of each certificate issued under division (C) of this 194
section to the tax commissioner. The director in consultation 195
with the tax commissioner shall adopt rules in accordance with 196
Chapter 119. of the Revised Code necessary for the 197
administration of the credit authorized in this section. 198

(F) On or before the thirty-first day of October each 199
even-numbered year, beginning in 2018, the director of 200
development services shall prepare a report evaluating the 201
effect of the credit authorized under this section and submit 202
that report to the chair and ranking minority member of the 203
house of representatives and senate standing committees dealing 204
primarily with issues of taxation. The report shall include the 205
overall effect of credits awarded under this section, the amount 206
of such credit certificates issued, the number of new jobs 207
created and payroll subject to the tax under section 5747.02 of 208
the Revised Code created as a result of the credits, the 209
economic effect of the credits on the sound recording industry, 210
the amount of new sounds recording infrastructure that has been 211
developed in the state, and any other factors that describe the 212
effect of the credits. 213

(G) The tax commissioner may assess an investor under 214
section 5747.13 of the Revised Code for any amount of credit 215
claimed by the investor but later determined by the commissioner 216
or the director of development services to be disallowed under 217
this section, subject to the time limitations in that section. 218

(H) As a condition for a sound recording production 219
company's investors being awarded a certificate under division 220

(C) of this section, the director of development services may 221
require a tax credit-eligible production to display the state's 222
name or logo, as prescribed by the director. 223

Sec. 5747.67. (A) Any term used in this section has the 224
same meaning as in section 122.851 of the Revised Code. 225

(B) There is allowed a refundable credit against the tax 226
imposed by section 5747.02 of the Revised Code for any 227
individual who, on the last day of the individual's taxable 228
year, holds a tax credit certificate issued under division (C) 229
of section 122.851 of the Revised Code. The credit shall be 230
claimed for the taxable year that includes the date the 231
certificate was issued by the director of development services 232
under that division. The credit amount equals the amount stated 233
in the certificate. The credit shall be claimed in the order 234
required under section 5747.98 of the Revised Code. If the 235
credit amount exceeds the tax otherwise due under section 236
5747.02 of the Revised Code after deducting all other credits in 237
that order, the excess shall be refunded. 238

Sec. 5747.98. (A) To provide a uniform procedure for 239
calculating a taxpayer's aggregate tax liability under section 240
5747.02 of the Revised Code, a taxpayer shall claim any credits 241
to which the taxpayer is entitled in the following order: 242
