However, no board shall prohibit a student who is not required to take such assessment from taking the assessment.

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section, except that a student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment method approved by the department of education as conforming to requirements of federal law for receipt of federal funds for disadvantaged pupils. To the extent possible, the individualized education program shall not excuse the student from taking an assessment unless no reasonable accommodation can be made to enable the student to take the assessment. No board shall prohibit a student who is not required to take an assessment under division (C)(1) of this section from taking the assessment.

(b) Any alternate assessment approved by the department for a student under this division shall produce measurable results comparable to those produced by the assessment it replaces in order to allow for the student's results to be included in the data compiled for a school district or building under section 3302.03 of the Revised Code.

(c)(i) Any student enrolled in a chartered nonpublic school who has been identified, based on an evaluation conducted in accordance with section 3323.03 of the Revised Code or section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C.A. 794, as amended, as a child with a disability shall be excused from taking any particular assessment required to be administered under this section if a plan developed for the student pursuant to rules adopted by the state board excuses the student from taking that assessment.

(ii) A student with significant cognitive disabilities to whom an alternate assessment is administered in accordance with division (C)(1) of this section and a student determined to have a disability that includes an intellectual disability as outlined in guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(iii) In the case of any student so excused from taking an assessment under division (C)(1)(c) of this section, the chartered nonpublic school shall not prohibit the student from taking the assessment.

The district board shall annually report the number of students who have not taken one or more of the assessments required by this section to the state board not later than the thirtieth day of June.

(3) As used in this division, "limited English proficient student" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any limited English proficient student from taking any particular assessment required to be administered under this section, except as follows:

(a) Any limited English proficient student who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department shall not be required to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(b) Any limited English proficient student who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment.

However, no board shall prohibit a limited English proficient student who is not required to take an assessment under division (C)(3) of this section from taking the assessment. A board may permit any limited English proficient student to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each limited English proficient student, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

(4)(a) The governing authority of a chartered nonpublic school may excuse a limited English proficient student from taking any assessment administered under this section.

(b) No governing authority shall require a limited English proficient student who has been enrolled in United States schools for less than two years and for whom no appropriate accommodations are available based on guidance issued by the department to take the assessment prescribed under division (B)(1) of section 3301.0712 of the Revised Code.

(c) No governing authority shall prohibit a limited English proficient student from taking an assessment from which the student was excused under division (C)(4) of this section.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide

intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised Code and division (N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. (b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts assessment, within forty-five days after the administration of that assessment, but in no case shall the scores be returned later than the

fifteenth day of June following the administration;

(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement shall be in lieu of any assessment of such students or persons pursuant to this section.

(K)(1) Except as otherwise provided in division (K)(1) or (2) of this section, each chartered nonpublic school for which at least sixty-five per cent of its total enrollment is made up of students

who are participating in state scholarship programs shall administer the elementary assessments prescribed by section 3301.0710 of the Revised Code. In accordance with procedures and deadlines prescribed by the department, the parent or guardian of a student enrolled in the school who is not participating in a state scholarship program may submit notice to the chief administrative officer of the school that the parent or guardian does not wish to have the student take the elementary assessments prescribed for the student's grade level under division (A) of section 3301.0710 of the Revised Code. If a parent or guardian submits an opt-out notice, the school shall not administer the assessments to that student. This option does not apply to any assessment required for a high school diploma under section 3313.612 of the Revised Code.

(2) A chartered nonpublic school may submit to the superintendent of public instruction a request for a waiver from administering the elementary assessments prescribed by division (A) of section 3301.0710 of the Revised Code. No governing authority of a chartered nonpublic school shall prohibit a student who is not required to take such assessment from taking the assessment.

(4) The assessments prescribed by sections 3301.0712 and 3313.619 of the Revised Code shall not be administered to any student attending the school, if the school meets all of the following conditions:

The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The department is not required to

provide corresponding standards and benchmarks to field test questions that are redacted under division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is not enrolled in an education program approved by the state board of education or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

Notwithstanding division (C)(3) of section 3301.0711 of the Revised Code, no limited English proficient student who has not either attained the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required by that division, or met the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code, shall be awarded a diploma under this section.

(D) The state board shall not impose additional requirements or assessments for the granting of a high school diploma under this section that are not prescribed by this section.

(E) The department of education shall furnish the assessment administered by a nonpublic school pursuant to division (B)(1) of section 3301.0712 of the Revised Code.

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section 3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education.

(2) The entity is not rated as "ineffective" under division (B)(6) of this section.

(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the Revised Code.

(B)(1) ~~Beginning with the 2015-2016 school year, the~~ The department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. That The department, not later than the first day of February of each year, shall post on the department's web site the framework for the evaluation system, including technical documentation that the department intends to use to rate sponsors for the next school year. The department shall solicit public comment on the evaluation system for thirty consecutive days. Not later than the first day of April of each year, the department shall compile and post on the department's web site all public comments that were received during the public comment period. The evaluation system shall be developed and posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a

period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in operation for not more than two full school years and all community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of November.

Prior to the publication of the final ratings, the department shall designate and provide notice of a period of at least ten business days during which each sponsor may review the information used by the department to determine the sponsor's rating on the components prescribed by divisions (B)(1)(b) and (c) of this section. If the sponsor believes there is an error in the department's evaluation, the sponsor may request adjustments to the rating of either of those components based on documentation previously submitted as part of an evaluation. The sponsor shall provide to the department any necessary evidence or information to support the requested adjustments. The department shall review the evidence and information, determine whether an adjustment is valid, and promptly notify the

sponsor of its determination and reasons. If any adjustments to the data could result in a change to the rating on the applicable component or to the overall rating, the department shall recalculate the ratings prior to publication.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

(7)(a) Entities with an overall rating of "exemplary" for at least two consecutive years may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(c) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after receiving a rating of "poor," the entity may appeal the revocation of

its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(8) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and recovery program.

(C) If the governing authority of a community school enters into a contract with a sponsor prior to the date on which the sponsor is prohibited from sponsoring additional schools under division (A) of this section and the school has not opened for operation as of that date, that contract shall be void and the school shall not open until the governing authority secures a new sponsor by entering into a contract with the new sponsor under section 3314.03 of the Revised Code. However, the department's office of Ohio school sponsorship, established under section 3314.029 of the Revised Code, may assume the sponsorship of the school until the earlier of the expiration of two school years or until a new sponsor is secured by the school's governing authority. A community school sponsored by the department under this division shall not be included when calculating the maximum number of directly authorized community schools permitted under division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked pursuant to division (B)(7)(b) or (c) of this section, the office of Ohio school sponsorship shall assume sponsorship of any schools with which the original sponsor has contracted for the remainder of that school year. The office may continue sponsoring those schools until the earlier of:

(1) The expiration of two school years from the time that sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority pursuant to division (C)(1) of section 3314.02 of the Revised Code.

Any community school sponsored under this division shall not be counted for purposes of directly authorized community schools under division (A)(3) of section 3314.029 of the Revised Code.

Sec. 3314.03. A copy of every contract entered into under this section shall be filed with the superintendent of public instruction. The department of education shall make available on its web site a copy of every approved, executed contract filed with the superintendent under this section.
