train such children by means of drills or rapid dismissals, so 223
that such children in a sudden emergency may leave the building 224
in the shortest possible time without confusion. Except as 225
provided for in division (F) of this section, the principal or 226
person in charge of a school or educational institution shall 227
conduct drills or rapid dismissals at least six times during the 228

dismissals at least once each month while the home is in 233
operation. In the case of schools, no principal or person in 234
charge of a school shall willfully neglect to keep the doors and 235
exits of such building unlocked during school hours. The fire 236
marshal may order the immediate installation of necessary fire 237
gongs or signals in such schools, institutions, or children's 238

(F) of this section. 240

(B) In conjunction with the drills or rapid dismissals 241
required by division (A) or (F) of this section, whichever is 242
applicable, principals or persons in charge of public or private 243
primary and secondary schools, or educational institutions, 244
shall instruct pupils in safety precautions to be taken in case 245
of a tornado alert or warning. Such principals or persons in 246
charge of such schools or institutions shall designate, in 247
accordance with standards prescribed by the fire marshal, 248
appropriate locations to be used to shelter pupils in case of a 249

tornado, tornado alert, or warning. 250

(C) (1) The fire marshal or the fire marshal's designee 251
shall annually inspect each school, institution, home, or 252
orphanage subject to division (A) or (F) of this section to 253
determine compliance with the applicable division, and each 254
school or institution subject to division (B) of this section to 255
ascertain whether the locations comply with the standards 256
prescribed under that division. Nothing in this section shall 257
require a school or institution to construct or improve a 258
facility or location for use as a shelter area. 259

(2) The fire marshal or the fire marshal's designee shall 260
issue a warning to any person found in violation of division 261
(A), (B), or (F) of this section. The warning shall indicate the 262
specific violation and a date by which such violation shall be 263
corrected. 264

(3) No person shall fail to correct violations by the date 265
indicated on a warning issued under division (C) (2) of this 266
section. 267

(D) (1) (a) The principal or person in charge of each public 268
or private school or educational institution shall conduct 269
school safety drills at least three times during the school 270
year, pursuant to division (E) of this section, to provide 271
pupils with instruction in the procedures to follow in 272
situations where pupils must be secured in the school building 273
or rapidly evacuated in response to a threat to the school 274
involving an act of terrorism; a person possessing a deadly 275
weapon or dangerous ordnance, as defined in section 2923.11 of 276
the Revised Code, on school property; or other act of violence. 277
At least one safety drill shall include a scenario where pupils 278
must be secured in the school building rather than rapidly 279

evacuated. 280

Each safety drill shall be conducted in conjunction with 281
the police chief or other similar chief law enforcement officer, 282
or designee, of the municipal corporation, township, or township 283
or joint police district in which the school or institution is 284
located, or, in absence of any such person, the county sheriff 285
of the county, or designee, in which the school or institution 286
is located. 287

(b) ~~In~~ Not later than the fifteenth day of December of 288
each school year, and in addition to the three safety drills 289
described in division (D) (1) (a) of this section, the principal 290
or person in charge shall conduct two additional safety drills 291
that meet the following criteria: 292

(i) The first safety drill shall be a theoretical school 293
safety drill ~~at least once during the school year to~~ provide all 294
faculty and staff employed by the school or institution with 295
instruction in the procedures to follow in such situations. The 296
theoretical drill does not need to include student participation 297
and may be conducted at the annual training session required by 298
division (D) (3) of this section. 299

(ii) The second safety drill shall be a rehearsal of 300
concept drill conducted pursuant to the school's emergency 301
management plan adopted under section 3313.536 of the Revised 302
Code. The drill shall include rehearsal of the most critical 303
parts of the school's plan, such as the communications response 304
plan or the integrated response plan, and a physical walkthrough 305
of the school's plan. The drill shall be conducted separately 306
from the theoretical drill and does not need to include student 307
participation. 308

The rehearsal of concept drill shall be conducted in 309
conjunction with the police chief or other similar chief law 310
enforcement officer, or designee, of the municipal corporation, 311
township, or township or joint police district in which the 312
school or institution is located, or, in absence of any such 313
person, the county sheriff of the county, or designee, in which 314
the school or institution is located. 315

(c) All safety drills required under division (D) of this 316
section shall be conducted pursuant to the district's or 317
school's emergency management plan adopted under section 318
3313.536 of the Revised Code. 319

(2) (a) The principal or person in charge of each public or 320
private school or educational institution shall provide to the 321
police chief or other similar chief law enforcement officer of 322
the municipal corporation, township, or township or joint police 323
district in which the school or institution is located, or, in 324
absence of any such person, the county sheriff of the county in 325
which the school or institution is located advance written 326
notice of each school safety drill required under division (D) 327
(1) of this section and shall keep a written record of the date 328
and time of each drill conducted. The advance notice shall be 329
provided not later than seventy-two hours prior to the date the 330
drill will be conducted and shall include the date and time the 331
drill will be conducted and the address of the school or 332
educational institution. The notice shall be provided by mail, 333
facsimile, or electronic submission. 334

(b) Not later than the fifth day of December each year, 335
the principal or person in charge of each public or private 336
school or educational institution shall provide written 337
certification by mail, facsimile, or electronic submission of 338

the date and time each school safety drill required under 339
division (D) (1) of this section was conducted during the 340
previous school year, as well as the date and time each drill 341
will be conducted during the current school year, to the police 342
chief or other similar chief law enforcement officer of the 343
municipal corporation, township, or township or joint police 344
district in which the school or institution is located, or, in 345
the absence of any such person, the county sheriff of the county 346
in which the school or institution is located. If such 347
certification is not provided, the principal or person in charge 348
of the school or institution shall be considered to have failed 349
to meet this requirement and shall be subject to division (D) (4) 350
of this section. 351

(3) The principal or person in charge of each public or 352
private school or educational institution shall hold annual 353
training sessions for employees of the school or institution 354
regarding the conduct of school safety drills. 355

(4) The police chief or other similar chief law 356
enforcement officer of a municipal corporation, township, or 357
township or joint police district, or, in the absence of any 358
such person, the county sheriff shall issue a warning to any 359
person found in violation of division (D) (1) of this section. 360
Each warning issued for a violation of division (D) (1) of this 361
section shall require the principal or person in charge of the 362
school or institution to correct the violation by conducting a 363
school safety drill not later than the thirtieth day after the 364
date the warning is issued. The violation shall not be 365
considered corrected unless, not later than forty days after the 366
date the warning is issued, the principal or person in charge of 367
the school or institution provides written certification of the 368
date and time this drill was conducted, as well as the date and 369

time each remaining drill will be conducted during the current 370
school year, to the police chief or other similar chief law 371
enforcement officer or county sheriff who issued the warning. 372

(5) No person shall fail to correct violations by the date 373
indicated on a warning issued under division (D) (4) of this 374
section. 375

(E) The principal or person in charge of each public or 376
private school or educational institution shall conduct at least 377
one drill or rapid dismissal required under division (A) or (F) 378
of this section, whichever is applicable, or one school safety 379
drill required under division (D) of this section during each 380
month of the school year. However, the principal or person in 381
charge may determine the exact date and time that each drill 382
will be conducted. A drill or rapid dismissal under division (A) 383
or (F) of this section may be conducted during the same month as 384
a school safety drill under division (D) of this section. 385

(F) If a public or private school or educational 386
institution does not currently have smoke detectors, as defined 387
in section 3781.104 of the Revised Code, or a sprinkler system 388
in all classroom buildings of the school, the principal or 389
person in charge of the school or educational institution shall 390
conduct drills or rapid dismissals at least nine times during 391
the school year, pursuant to division (E) of this section, which 392
shall be at the times and frequency prescribed in rules adopted 393
by the fire marshal. At the discretion of the principal or 394
person in charge of the school or institution, drills conducted 395
under this division may be combined with drills conducted under 396
division (D) of this section, so long as at least one drill 397
conducted under that division provides pupils with instruction 398
in the procedures to follow in situations where pupils must be 399

secured in the school building rather than rapidly evacuated. 400

Sec. 5502.26. (A) The board of county commissioners of a 401
county and the chief executive of all or a majority of the other 402
political subdivisions within the county may enter into a 403
written agreement establishing a countywide emergency management 404
agency. 405

A representative from each political subdivision entering 406
into the agreement, selected by the political subdivision's 407

for the purpose of appointing an executive committee under this 409
section through which the countywide agency shall implement 410

board of county commissioners entering into the agreement; five 416

one nonelected representative. The countywide agreement shall 421
specify how many additional members, if any, shall serve on the 422
executive committee and their manner of selection. 423

The agency shall be supported financially by the political 424
subdivisions entering into the countywide agreement. The 425
executive committee shall appoint a director/coordinator of 426
emergency management who shall pursue a professional development 427
training program in accordance with rules adopted under section 428
5502.25 of the Revised Code. The director/coordinator of 429

political subdivision entering into the countywide agreement, 431
except that the director/coordinator shall not be the chief 432
executive of any such political subdivision. 433

A countywide emergency management agency organized under 434
this section shall establish a program for emergency management 435

143, 42 U.S.C. 5121, et. seq., as amended, and all applicable 441
rules and regulations adopted under that act; 442

(2) Includes, without limitation, development of an all- 443
hazards emergency operations plan that has been coordinated with 444
all agencies, boards, and divisions having emergency management 445
functions within the county; 446

(3) Includes the preparation and conduct of an annual 447
exercise of the county's all-hazards emergency operations plan; 448

(4) Is applicable to all political subdivisions entering 449
into the countywide agreement. 450

When developing the emergency operations plan and 451
conducting the annual exercise of the plan, the agency shall 452
include the emergency response planner from the educational 453
service center that serves the county and a representative from 454
each school district and school that has school buildings in 455
which students regularly attend or receive instruction within 456
the county in order to integrate school safety into the county's 457
plan and annual exercise. 458

The director/coordinator of emergency management for a 459
countywide agency organized under this section shall be 460
responsible for coordinating, organizing, administering, and 461
operating emergency management in accordance with the agency's 462
program established under this section, subject to the direction 463
and control of the executive committee. All agencies, boards, 464
and divisions having emergency management functions within each 465
political subdivision within the county shall cooperate in the 466
development of the all-hazards emergency operations plan and 467
shall cooperate in the preparation and conduct of the annual 468
exercise. 469

(B) Nothing in this section requires any political 470
subdivision that is located within a county that has entered 471
into a written agreement under this section establishing a 472
countywide emergency management agency to enter into that 473
agreement, provided that the political subdivision has 474
established a program for emergency management in accordance 475
with section 5502.271 of the Revised Code. 476
