confidential when that confidential designation is warranted because of the status of the proceedings or the circumstances under which the information was received and preserving its confidentiality is necessary to the proper conduct of government business.

(C) No public official or employee shall participate within the scope of duties as a public official or employee, except through ministerial functions as defined in division (A) of this section, in any license or rate-making proceeding that directly affects the license or rates of any person, partnership, trust, business trust, corporation, or association in which the public official or employee or immediate family owns or controls more than five per cent. Except as provided in division (H)(2) of this section, this division and divisions (D), (E), and (F) of this section do not prohibit a public official or employee who is not required to file a financial disclosure statement under section 102.02 of the Revised Code from accepting and do not prohibit a person from promising or giving to that public official or employee an honorarium or the payment of travel, meal, and lodging expenses if the honorarium, expenses, or both were paid in recognition of demonstrable business, professional, or esthetic interests of the public official or employee that exist apart from public office or employment, including, but not limited to, such a demonstrable interest in public speaking and were not paid by any person or other entity, or by any representative or association of those persons or entities, that is regulated by, doing business with, or seeking to do business with the department, division, institution, board, commission, authority, bureau, or other instrumentality of the governmental entity with which the public official or employee serves.

(I) A public official or employee may accept travel, meals, and lodging or expenses or reimbursement of expenses for travel, meals, and lodging in connection with conferences, seminars, and similar events related to official duties if the travel, meals, and lodging, expenses, or reimbursement is not of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties. The house of representatives and senate, in their code of ethics, and the Ohio ethics commission, under section 111.15 of the Revised Code, may adopt rules setting standards and conditions for the furnishing and acceptance of such travel, meals, and lodging, expenses, or reimbursement.

A person who acts in compliance with this division and any applicable rules adopted under it, or any applicable, similar rules adopted by the supreme court governing judicial officers and employees, does not violate division (D), (E), or (F) of this section. This division does not preclude any person from seeking an advisory opinion from the appropriate ethics commission under section 102.08 of the Revised Code.

(J) For purposes of divisions (D), (E), and (F) of this section, the membership of a public official or employee in an organization shall not be considered, in and of itself, to be of such a character as to manifest a substantial and improper influence on the public official or employee with respect to that
person's duties. As used in this division, "organization" means a church or a religious, benevolent, fraternal, or professional organization that is tax exempt under subsection 501(a) and described in subsection 501(c)(3), (4), (8), (10), or (19) of the "Internal Revenue Code of 1986." This division does not apply to a public official or employee who is an employee of an organization, serves as a trustee, director, or officer of an organization, or otherwise holds a fiduciary relationship with an organization. This division does not allow a public official or employee who is a member of an organization to participate, formally or informally, in deliberations, discussions, or voting on a matter or to use the public official's or employee's official position with regard to the interests of the organization on the matter if the public official or employee has assumed a particular responsibility in the organization with respect to the matter or if the matter would affect that person's personal, pecuniary interests.

This section does not prohibit or limit permitted passive investing by the public official or employee.

"Casino operator," "holding company," "management company," "casino facility," and "gaming-related vendor" have the same meanings as in section 3772.01 of the Revised Code.

Any lease of capital facilities authorized by this section shall be governed by Chapter 154. of the Revised Code.

(2) Fees, receipts, and revenues received by the board from the state underground parking garage constitute available receipts as defined in section 154.24 of the Revised Code, and may be pledged to the payment of bond service charges on obligations issued by the treasurer of state pursuant to Chapter 154. of the Revised Code to improve, finance, or purchase capital facilities useful to the board. The treasurer of state may, with the consent of the board, provide in the bond proceedings for a pledge of all or a portion of those fees, receipts, and revenues as the
treasurer of state determines. The treasurer of state may provide
in the bond proceedings or by separate agreement with the board

pertaining to those fees, receipts, and revenues.

(3) All moneys received by the treasurer of state on account
of the board and required by the applicable bond proceedings or by
separate agreement with the board to be deposited, transferred, or
credited to the bond service fund or bond service reserve fund

The director then shall transfer the amount needed from the excess balance of the underground parking garage operating fund.

(K) As the operation and maintenance of the capitol square constitute essential government functions of a public purpose, the board shall not be required to pay taxes or assessments upon the square, upon any property acquired or used by the board under this section, or upon any income generated by the operation of the square.

section. An action under division (I)(1) of this section shall be
brought within two years after the date of the alleged violation
or threatened violation. Upon proof of a violation or threatened
violation of this section in an action brought by any person, the

described in division (I)(2) of this section, reasonable
attorney's fees. The court, in its discretion, may reduce an award
of attorney's fees to the party that sought the injunction or not
award attorney's fees to that party if the court determines both
of the following:

(i) That, based on the ordinary application of statutory law
and case law as it existed at the time of violation or threatened
violation that was the basis of the injunction, a well-informed
public body reasonably would believe that the public body was not
violating or threatening to violate this section;

(ii) That a well-informed public body reasonably would
believe that the conduct or threatened conduct that was the basis
of the injunction would serve the public policy that underlies the
authority that is asserted as permitting that conduct or
threatened conduct.

(b) If the court of common pleas does not issue an injunction
pursuant to division (I)(1) of this section and the court
determines at that time that the bringing of the action was
frivolous conduct, as defined in division (A) of section 2323.51
of the Revised Code, the court shall award to the public body all
court costs and reasonable attorney's fees, as determined by the
court.

(3) Irreparable harm and prejudice to the party that sought
the injunction shall be conclusively and irrebuttably presumed upon proof of a violation or threatened violation of this section.

(4) A member of a public body who knowingly violates an injunction issued pursuant to division (I)(1) of this section may be removed from office by an action brought in the court of common pleas for that purpose by the prosecuting attorney or the attorney general.

(2) A veterans service commission shall not exclude an applicant for, recipient of, or former recipient of financial assistance under sections 5901.01 to 5901.15 of the Revised Code, and shall not exclude representatives selected by the applicant, recipient, or former recipient, from a meeting that the commission conducts as an executive session that pertains to the applicant's, recipient's, or former recipient's application for financial assistance.

(3) A veterans service commission shall vote on the grant or denial of financial assistance under sections 5901.01 to 5901.15 of the Revised Code only in an open meeting of the commission. A member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that predecessor's term. A member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office or until sixty days have elapsed, whichever occurs first. Any member appointed to the board is eligible for reappointment.

(2) The governor shall designate one member of the board as chairperson.

(3) Members appointed to the board may be reimbursed for actual and necessary expenses incurred in connection with their official duties.

(5) Receive complaints or questions from small businesses and direct those businesses to the appropriate governmental agency. If, within a reasonable period of time, a complaint is not satisfactorily resolved or a question is not satisfactorily answered, the office shall, on behalf of the small business, make every effort to secure a satisfactory result. For this purpose, the office may consult with any state governmental agency and may make any suggestion or request that seems appropriate.

(6) Utilize, to the maximum extent possible, the printed and electronic media to disseminate information of current concern and interest to the small business community and to make known to small businesses the services available through the office. The office shall publish such books, pamphlets, and other printed materials, and shall participate in such trade association meetings, conventions, fairs, and other meetings involving the small business community, as the manager considers appropriate.

(7) Prepare a description of the activities of the office for

(9) Provide information to individuals about the resources available on the OhioMeansJobs web site and through the local OhioMeansJobs one-stop systems established under section 6301.08 of the Revised Code that connect businesses with job seekers. (C) The office may, upon the request of a state agency, assist the agency with the preparation of any rule that will affect small businesses.

(D) The director of development shall assign employees and furnish equipment and supplies to the office as the director considers necessary for the proper performance of the duties assigned to the office.

Sec. 122.081. (A) The office of small business and entrepreneurship in the department of development services agency shall prepare and publish a "small business register" or contract with any person as provided in this section to prepare and publish the register. The small business register shall contain the
following information regarding each proposed rule recorded by the office of small business and entrepreneurship:

(1) The title and administrative code rule number of the proposed rule;

(2) A brief summary of the proposed rule;

(3) The date on which the proposed rule was recorded by the office of small business and entrepreneurship; and

(4) The name, address, and telephone number of an individual or office within the agency that proposed the rule who can provide information about the proposed rule.

(B) The small business register shall be published on a weekly basis. The information required under division (A) of this section shall be published in the register no later than two weeks after the proposed rule to which the information relates is recorded by the office of small business and entrepreneurship. The office of small business shall furnish the small business register, on a single copy or subscription basis, to any person who requests it and pays a single copy price or subscription rate fixed by the office. The office shall furnish the chairpersons of the standing committees of the senate and house of representatives having jurisdiction over small businesses with free subscriptions to the small business register.

Sec. 122.17. (A) As used in this section:

(1) "Payroll" means the total taxable income paid by the employer during the employer's taxable year, or during the calendar year that includes the employer's tax period, to each employee or each home-based employee employed in the project to the extent such payroll is not used to determine the credit under section 122.171 of the Revised Code. "Payroll" excludes amounts paid before the day the taxpayer becomes eligible for the credit and retirement or other benefits paid or contributed by the employer to or on behalf of employees.

(2) "Baseline payroll" means Ohio employee payroll, except that the applicable measurement period is the twelve months immediately preceding the date the tax credit authority approves the taxpayer's application or the date the tax credit authority receives the recommendation described in division (C)(2)(a) of this section, whichever occurs first, multiplied by the sum of one plus an annual pay increase factor to be determined by the tax credit authority.

(3) "Ohio employee payroll" means the amount of compensation used to determine the withholding obligations in division (A) of section 5747.06 of the Revised Code and paid by the employer during the employer's taxable year, or during the calendar year that includes the employer's tax period, to each employee employed in the project who is a resident of this state, as defined in section 5747.01 of the Revised Code, to each employee employed at the project site who is not a resident and whose compensation is not exempt from the tax imposed under section 5747.02 of the Revised Code pursuant to a reciprocity agreement with another state under division (A)(3) of section 5747.05 of the Revised Code, or to each home-based employee employed in the project, to the extent such compensation is not used to determine the credit.
under section 122.171 of the Revised Code. "Ohio employee payroll" excludes amounts paid before the day the taxpayer becomes eligible for the credit.

(4) "Excess payroll" means Ohio employee payroll minus baseline payroll.

(5) "Home-based employee" means an employee whose services are performed primarily from the employee's residence in this state exclusively for the benefit of the project and whose rate of pay is at least one hundred thirty-one per cent of the federal minimum wage under 29 U.S.C. 206.

(6) "Full-time equivalent employees" means the quotient obtained by dividing the total number of hours for which employees were compensated for employment in the project by two thousand eighty. "Full-time equivalent employees" excludes hours that are counted for a credit under section 122.171 of the Revised Code.

(7) "Metric evaluation date" means the date by which the taxpayer must meet all of the commitments included in the agreement.

(B) The tax credit authority may make grants under this section to foster job creation in this state. Such a grant shall take the form of a refundable credit allowed against the tax imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5736.02, or 5747.02 or levied under Chapter 5751. of the Revised Code. The credit shall be claimed for the taxable years or tax periods specified in the taxpayer's agreement with the tax credit authority under division (D) of this section. With respect to taxes imposed under section 5726.02, 5733.06, or 5747.02 or Chapter 5751. of the Revised Code, the credit shall be claimed in the order required under section 5726.98, 5733.98, 5747.98, or 5751.98 of the Revised Code. The amount of the credit available for a taxable year or for a calendar year that includes a tax
period equals the excess payroll for that year multiplied by the percentage specified in the agreement with the tax credit authority.

(C)(1) A taxpayer or potential taxpayer who proposes a project to create new jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section.

An application shall not propose to include both home-based employees and employees who are not home-based employees in the computation of Ohio employee payroll for the purposes of the same tax credit agreement. If a taxpayer or potential taxpayer employs both home-based employees and employees who are not home-based employees in a project, the taxpayer shall submit separate applications for separate tax credit agreements for the project, one of which shall include home-based employees in the computation of Ohio employee payroll and one of which shall include all other employees in the computation of Ohio employee payroll.

The director of development services shall prescribe the form of the application. After receipt of an application, the authority may enter into an agreement with the taxpayer for a credit under this section if it determines all of the following:

(a) The taxpayer's project will increase payroll;

(b) The taxpayer's project is economically sound and will benefit the people of this state by increasing opportunities for employment and strengthening the economy of this state;

(c) Receiving the tax credit is a major factor in the taxpayer's decision to go forward with the project.

(2)(a) A taxpayer that chooses to begin the project prior to receiving the determination of the authority may, upon submitting the taxpayer's application to the authority, request that the chief investment officer of the nonprofit corporation formed under
section 187.01 of the Revised Code and the director review the taxpayer's application and recommend to the authority that the taxpayer's application be considered. As soon as possible after receiving such a request, the chief investment officer and the director shall review the taxpayer's application and, if they determine that the application warrants consideration by the authority, make that recommendation to the authority not later than six months after the application is received by the authority.

(b) The authority shall consider any taxpayer's application for which it receives a recommendation under division (C)(2)(a) of this section. If the authority determines that the taxpayer does not meet all of the criteria set forth in division (C)(1) of this section, the authority and the development services agency shall proceed in accordance with rules adopted by the director pursuant to division (I) of this section.

(D) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement;

(2)(a) The term of the tax credit, which, except as provided in division (D)(2)(b) of this section, shall not exceed fifteen years, and the first taxable year, or first calendar year that includes a tax period, for which the credit may be claimed;

(b) If the tax credit is computed on the basis of home-based employees, the term of the credit shall expire on or before the last day of the taxable or calendar year ending before the beginning of the seventh year after September 6, 2012, the effective date of H.B. 327 of the 129th general assembly.

(3) A requirement that the taxpayer shall maintain operations at the project location for at least the greater of seven years or
the term of the credit plus three years;

(4) The percentage, as determined by the tax credit authority, of excess payroll that will be allowed as the amount of the credit for each taxable year or for each calendar year that includes a tax period;

(5) The pay increase factor to be applied to the taxpayer's baseline payroll;

(6) A requirement that the taxpayer annually shall report to the director of development services full-time equivalent employees, payroll, Ohio employee payroll, investment, the provision of health care benefits and tuition reimbursement if required in the agreement, and other information the director needs to perform the director's duties under this section;

(7) A requirement that the director of development services annually review the information reported under division (D)(6) of this section and verify compliance with the agreement; if the taxpayer is in compliance, a requirement that the director issue a certificate to the taxpayer stating that the information has been verified and identifying the amount of the credit that may be claimed for the taxable or calendar year;

(8) A provision providing that the taxpayer may not relocate a substantial number of employment positions from elsewhere in this state to the project location unless the director of development services determines that the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated has been notified by the taxpayer of the relocation.

For purposes of this section, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the employment position in the first political
subdivision is replaced.

(9) If the tax credit is computed on the basis of home-based employees, that the tax credit may not be claimed by the taxpayer until the taxable year or tax period in which the taxpayer employs at least two hundred employees more than the number of employees the taxpayer employed on June 30, 2011.

(E) If a taxpayer fails to meet or comply with any condition or requirement set forth in a tax credit agreement, the tax credit authority may amend the agreement to reduce the percentage or term of the tax credit. The reduction of the percentage or term may take effect in the current taxable or calendar year.

(F) Projects that consist solely of point-of-final-purchase retail facilities are not eligible for a tax credit under this section. If a project consists of both point-of-final-purchase retail facilities and nonretail facilities, only the portion of the project consisting of the nonretail facilities is eligible for a tax credit and only the excess payroll from the nonretail facilities shall be considered when computing the amount of the tax credit. If a warehouse facility is part of a point-of-final-purchase retail facility and supplies only that facility, the warehouse facility is not eligible for a tax credit. Catalog distribution centers are not considered point-of-final-purchase retail facilities for the purposes of this division, and are eligible for tax credits under this section.

(G) Financial statements and other information submitted to the development services agency or the tax credit authority by an applicant or recipient of a tax credit under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information for purposes of issuing public reports or in connection with court proceedings.
concerning tax credit agreements under this section. Upon the request of the tax commissioner or, if the applicant or recipient is an insurance company, upon the request of the superintendent of insurance, the chairperson of the authority shall provide to the commissioner or superintendent any statement or information submitted by an applicant or recipient of a tax credit in connection with the credit. The commissioner or superintendent shall preserve the confidentiality of the statement or information.

(H) A taxpayer claiming a credit under this section shall submit to the tax commissioner or, if the taxpayer is an insurance company, to the superintendent of insurance, a copy of the director of development services' certificate of verification under division (D)(7) of this section with the taxpayer's tax report or return for the taxable year or for the calendar year that includes the tax period. Failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner or superintendent within the time prescribed by section 5703.0510 of the Revised Code or within thirty days after the commissioner or superintendent requests it.

(I) The director of development services, after consultation with the tax commissioner and the superintendent of insurance and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section, including rules that establish a procedure to be followed by the tax credit authority and the development services agency in the event the authority considers a taxpayer's application for which it receives a recommendation under division (C)(2)(a) of this section but does not approve it. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. The fees collected
shall be credited to the business assistance tax incentives operating fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(J) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A partnership, S-corporation, or other such business entity may elect to pass the credit received under this section through to the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed. The election shall be made on the annual report required under division (D)(6) of this section. The election applies to and is irrevocable for the credit for which the report is submitted. If the election is made, the credit shall be apportioned among those persons in the same proportions as those in which the income or profit is distributed.

(K)(1) If the director of development services determines that a taxpayer who has received a credit under this section is not complying with the requirements of the agreement, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the tax credit authority may require the taxpayer to refund to this state a portion of the credit in accordance with the following:

(a) If the taxpayer fails to comply with the requirement under division (D)(3) of this section, an amount determined in accordance with the following:
(i) If the taxpayer maintained operations at the project location for a period less than or equal to the term of the credit, an amount not exceeding one hundred per cent of the sum of any credits allowed and received under this section;

(ii) If the taxpayer maintained operations at the project location for a period longer than the term of the credit, but less than the greater of seven years or the term of the credit plus three years, an amount not exceeding seventy-five per cent of the sum of any credits allowed and received under this section.

(b) If, on the metric evaluation date, the taxpayer fails to substantially meet the job creation, payroll, or investment requirements included in the agreement, an amount determined at the discretion of the authority;

(c) If the taxpayer fails to substantially maintain the number of new full-time equivalent employees or amount of payroll required under the agreement at any time during the term of the agreement after the metric evaluation date, an amount determined at the discretion of the authority.

(2) If a taxpayer files for bankruptcy and fails as described in division (K)(1)(a), (b), or (c) of this section, the director may immediately commence an action to recoup an amount not exceeding one hundred per cent of the sum of any credits received by the taxpayer under this section.

(3) In determining the portion of the tax credit to be refunded to this state, the tax credit authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner or superintendent of insurance, as appropriate. If the amount is certified to the commissioner, the commissioner shall make an
assessment for that amount against the taxpayer under Chapter 5726., 5733., 5736., 5747., or 5751. of the Revised Code. If the amount is certified to the superintendent, the superintendent shall make an assessment for that amount against the taxpayer under Chapter 5725. or 5729. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the commissioner or superintendent, as appropriate, shall make the assessment within one year after the date the authority certifies to the commissioner or superintendent the amount to be refunded.

(L) On or before the first day of August each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of projects under agreements entered into before the preceding calendar year.

(M) There is hereby created the tax credit authority, which consists of the director of development services and four other members appointed as follows: the governor, the president of the senate, and the speaker of the house of representatives each shall appoint one member who shall be a specialist in economic development; the governor also shall appoint a member who is a specialist in taxation. Terms of office shall be for four years. Each member shall serve on the authority until the end of the term for which the member was appointed. Vacancies shall be filled in the same manner provided for original appointments. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall
hold office for the remainder of that term. Members may be reappointed to the authority. Members of the authority shall receive their necessary and actual expenses while engaged in the business of the authority. The director of development services shall serve as chairperson of the authority, and the members annually shall elect a vice-chairperson from among themselves. Three members of the authority constitute a quorum to transact and vote on the business of the authority. The majority vote of the membership of the authority is necessary to approve any such business, including the election of the vice-chairperson.

The director of development services may appoint a professional employee of the development services agency to serve as the director's substitute at a meeting of the authority. The director shall make the appointment in writing. In the absence of the director from a meeting of the authority, the appointed substitute shall serve as chairperson. In the absence of both the director and the director's substitute from a meeting, the vice-chairperson shall serve as chairperson.

(N) For purposes of the credits granted by this section against the taxes imposed under sections 5725.18 and 5729.03 of the Revised Code, "taxable year" means the period covered by the taxpayer's annual statement to the superintendent of insurance.

(O) On or before the first day of March of each of the five calendar years beginning with 2014, each taxpayer subject to an agreement with the tax credit authority under this section on the basis of home-based employees shall report the number of home-based employees and other employees employed by the taxpayer in this state to the development services agency.

(P) On or before the first day of January of 2019, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the effect of agreements entered into
under this section in which the taxpayer included home-based employees in the computation of income tax revenue, as that term was defined in this section prior to the amendment of this section by H.B. 64 of the 131st general assembly. The report shall include information on the number of such agreements that were entered into in the preceding six years, a description of the projects that were the subjects of such agreements, and an analysis of nationwide home-based employment trends, including the number of home-based jobs created from July 1, 2011, through June 30, 2017, and a description of any home-based employment tax incentives provided by other states during that time.

(Q) The director of development services may require any agreement entered into under this section for a tax credit computed on the basis of home-based employees to contain a provision that the taxpayer makes available health care benefits and tuition reimbursement to all employees.

(R) Original agreements approved by the tax credit authority under this section in 2014 or 2015 before the effective date of this division September 29, 2015, may be revised at the request of the taxpayer to conform with the amendments to this section and sections 5733.0610, 5736.50, 5747.058, and 5751.50 of the Revised Code by H.B. 64 of the 131st general assembly, upon mutual agreement of the taxpayer and the development services agency, and approval by the tax credit authority.

(S)(1) As used in division (S) of this section:

(a) "Eligible agreement" means an agreement approved by the tax credit authority under this section on or before December 31, 2013.

(b) "Reporting period" means a period corresponding to the annual report required under division (D)(6) of this section.

(c) "Income tax revenue" has the same meaning as under this
section as it existed before September 29, 2015, the effective date of the amendment of this section by H.B. 64 of the 131st general assembly.

(2) In calendar year 2016 and thereafter, the tax credit authority shall annually determine a withholding adjustment factor to be used in the computation of income tax revenue for eligible agreements. The withholding adjustment factor shall be a numerical percentage that equals the percentage that employer income tax withholding rates have been increased or decreased as a result of changes in the income tax rates prescribed by section 5747.02 of the Revised Code by amendment of that section taking effect on or after June 29, 2013.

(3) Except as provided in division (S)(4) of this section, for reporting periods ending in 2015 and thereafter for taxpayers subject to eligible agreements, the tax credit authority shall adjust the income tax revenue reported on the taxpayer's annual report by multiplying the withholding adjustment factor by the taxpayer's income tax revenue and doing one of the following:

(a) If the income tax rates prescribed by section 5747.02 of the Revised Code have decreased by amendment of that section taking effect on or after June 29, 2013, add the product to the taxpayer's income tax revenue.

(b) If the income tax rates prescribed by section 5747.02 of the Revised Code have increased by amendment of that section taking effect on or after June 29, 2013, subtract the product from the taxpayer's income tax revenue.

(4) Division (S)(3) of this section shall not apply unless all of the following apply for the reporting period with respect to the eligible agreement:

(a) The taxpayer has achieved one hundred per cent of the new employment commitment identified in the agreement.
(b) If applicable, the taxpayer has achieved one hundred per
cent of the new payroll commitment identified in the agreement.

(c) If applicable, the taxpayer has achieved one hundred per
cent of the investment commitment identified in the agreement.

(5) Failure by a taxpayer to have achieved any of the
applicable commitments described in divisions (S)(4)(a) to (c) of
this section in a reporting period does not disqualify the
taxpayer for the adjustment under division (S) of this section for
an ensuing reporting period.

Sec. 122.171. (A) As used in this section:

(1) "Capital investment project" means a plan of investment
at a project site for the acquisition, construction, renovation,
or repair of buildings, machinery, or equipment, or for
capitalized costs of basic research and new product development
determined in accordance with generally accepted accounting
principles, but does not include any of the following:

(a) Payments made for the acquisition of personal property
through operating leases;

(b) Project costs paid before January 1, 2002;

(c) Payments made to a related member as defined in section
5733.042 of the Revised Code or to a consolidated elected taxpayer
or a combined taxpayer as defined in section 5751.01 of the
Revised Code.

(2) "Eligible business" means a taxpayer and its related
members with Ohio operations satisfying all of the following:

(a) The taxpayer employs at least five hundred full-time
equivalent employees or has an annual Ohio employee payroll of at
least thirty-five million dollars at the time the tax credit
authority grants the tax credit under this section;
(b) The taxpayer makes or causes to be made payments for the capital investment project of one of the following:

(i) If the taxpayer is engaged at the project site primarily as a manufacturer, at least fifty million dollars in the aggregate at the project site during a period of three consecutive calendar years, including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted;

(ii) If the taxpayer is engaged at the project site primarily in significant corporate administrative functions, as defined by the director of development services by rule, at least twenty million dollars in the aggregate at the project site during a period of three consecutive calendar years including the calendar year that includes a day of the taxpayer's taxable year or tax period with respect to which the credit is granted.

(c) The taxpayer had a capital investment project reviewed and approved by the tax credit authority as provided in divisions (C), (D), and (E) of this section.

(3) "Full-time equivalent employees" means the quotient obtained by dividing the total number of hours for which employees were compensated for employment in the project by two thousand eighty. "Full-time equivalent employees" shall exclude hours that are counted for a credit under section 122.17 of the Revised Code.

(4) "Ohio employee payroll" has the same meaning as in section 122.17 of the Revised Code.

(5) "Manufacturer" has the same meaning as in section 5739.011 of the Revised Code.

(6) "Project site" means an integrated complex of facilities in this state, as specified by the tax credit authority under this section, within a fifteen-mile radius where a taxpayer is primarily operating as an eligible business.
(7) "Related member" has the same meaning as in section 5733.042 of the Revised Code as that section existed on the effective date of its amendment by Am. Sub. H.B. 215 of the 122nd general assembly, September 29, 1997.

(8) "Taxable year" includes, in the case of a domestic or foreign insurance company, the calendar year ending on the thirty-first day of December preceding the day the superintendent of insurance is required to certify to the treasurer of state under section 5725.20 or 5729.05 of the Revised Code the amount of taxes due from insurance companies.

(B) The tax credit authority created under section 122.17 of the Revised Code may grant a nonrefundable tax credit to an eligible business under this section for the purpose of fostering job retention in this state. Upon application by an eligible business and upon consideration of the determination of the director of budget and management, tax commissioner, and the superintendent of insurance in the case of an insurance company, and the recommendation and determination of the director of development services under division (C) of this section, the tax credit authority may grant the credit against the tax imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5736.02, 5747.02, or 5751.02 of the Revised Code.

The credit authorized in this section may be granted for a period up to fifteen taxable years or, in the case of the tax levied by section 5736.02 or 5751.02 of the Revised Code, for a period of up to fifteen calendar years. The credit amount for a taxable year or a calendar year that includes the tax period for which a credit may be claimed equals the Ohio employee payroll for that year multiplied by the percentage specified in the agreement with the tax credit authority. The credit shall be claimed in the order required under section 5725.98, 5726.98, 5729.98, 5733.98, 5747.98, or 5751.98 of the Revised Code. In determining the
percentage and term of the credit, the tax credit authority shall consider both the number of full-time equivalent employees and the value of the capital investment project. The credit amount may not be based on the Ohio employee payroll for a calendar year before the calendar year in which the tax credit authority specifies the tax credit is to begin, and the credit shall be claimed only for the taxable years or tax periods specified in the eligible business' agreement with the tax credit authority. In no event shall the credit be claimed for a taxable year or tax period terminating before the date specified in the agreement.

If a credit allowed under this section for a taxable year or tax period exceeds the taxpayer's tax liability for that year or period, the excess may be carried forward for the three succeeding taxable or calendar years, but the amount of any excess credit allowed in any taxable year or tax period shall be deducted from the balance carried forward to the succeeding year or period.

(C) A taxpayer that proposes a capital investment project to retain jobs in this state may apply to the tax credit authority to enter into an agreement for a tax credit under this section. The director of development services shall prescribe the form of the application. After receipt of an application, the authority shall forward copies of the application to the director of budget and management, the tax commissioner, and the superintendent of insurance in the case of an insurance company, each of whom shall review the application to determine the economic impact the proposed project would have on the state and the affected political subdivisions and shall submit a summary of their determinations to the authority. The authority shall also forward a copy of the application to the director of development services, who shall review the application to determine the economic impact the proposed project would have on the state and the affected political subdivisions and shall submit a summary of the
director's determinations and recommendations to the authority.

(D) Upon review and consideration of the determinations and recommendations described in division (C) of this section, the tax credit authority may enter into an agreement with the taxpayer for a credit under this section if the authority determines all of the following:

(1) The taxpayer's capital investment project will result in the retention of employment in this state.

(2) The taxpayer is economically sound and has the ability to complete the proposed capital investment project.

(3) The taxpayer intends to and has the ability to maintain operations at the project site for at least the greater of (a) the term of the credit plus three years, or (b) seven years.

(4) Receiving the credit is a major factor in the taxpayer's decision to begin, continue with, or complete the project.

(E) An agreement under this section shall include all of the following:

(1) A detailed description of the project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the number of full-time equivalent employees at the project site, and the anticipated Ohio employee payroll to be generated.

(2) The term of the credit, the percentage of the tax credit, the maximum annual value of tax credits that may be allowed each year, and the first year for which the credit may be claimed.

(3) A requirement that the taxpayer maintain operations at the project site for at least the greater of (a) the term of the credit plus three years, or (b) seven years.

(4) A requirement that the taxpayer retain at least five hundred full-time equivalent employees at the project site and
within this state for the entire term of the credit, or a
requirement that the taxpayer maintain an annual Ohio employee
payroll of at least thirty-five million dollars for the entire
term of the credit.

(5) A requirement that the taxpayer annually report to the
director of development services full-time equivalent employees,
Ohio employee payroll, capital investment, and other information
the director needs to perform the director's duties under this
section.

(6) A requirement that the director of development services
annually review the annual reports of the taxpayer to verify the
information reported under division (E)(5) of this section and
compliance with the agreement. Upon verification, the director
shall issue a certificate to the taxpayer stating that the
information has been verified and identifying the amount of the
credit for the taxable year or calendar year that includes the tax
period. In determining the number of full-time equivalent
employees, no position shall be counted that is filled by an
employee who is included in the calculation of a tax credit under
section 122.17 of the Revised Code.

(7) A provision providing that the taxpayer may not relocate
a substantial number of employment positions from elsewhere in
this state to the project site unless the director of development
services determines that the taxpayer notified the legislative
authority of the county, township, or municipal corporation from
which the employment positions would be relocated.

For purposes of this section, the movement of an employment
position from one political subdivision to another political
subdivision shall be considered a relocation of an employment
position unless the movement is confined to the project site. The
transfer of an employment position from one political subdivision
to another political subdivision shall not be considered a
relocation of an employment position if the employment position in
the first political subdivision is replaced by another employment
position.

(8) A waiver by the taxpayer of any limitations periods
relating to assessments or adjustments resulting from the
taxpayer's failure to comply with the agreement.

(F) If a taxpayer fails to meet or comply with any condition
or requirement set forth in a tax credit agreement, the tax credit
authority may amend the agreement to reduce the percentage or term
of the credit. The reduction of the percentage or term may take
effect in the current taxable or calendar year.

(G) Financial statements and other information submitted to
the department of development services or the tax credit authority
by an applicant for or recipient of a tax credit under this
section, and any information taken for any purpose from such
statements or information, are not public records subject to
section 149.43 of the Revised Code. However, the chairperson of
the authority may make use of the statements and other information
for purposes of issuing public reports or in connection with court
proceedings concerning tax credit agreements under this section.
Upon the request of the tax commissioner, or the superintendent of
insurance in the case of an insurance company, the chairperson of
the authority shall provide to the commissioner or superintendent
any statement or other information submitted by an applicant for
or recipient of a tax credit in connection with the credit. The
commissioner or superintendent shall preserve the confidentiality
of the statement or other information.

(H) A taxpayer claiming a tax credit under this section shall
submit to the tax commissioner or, in the case of an insurance
company, to the superintendent of insurance, a copy of the
director of development services' certificate of verification
under division (E)(6) of this section with the taxpayer's tax
report or return for the taxable year or for the calendar year that includes the tax period. Failure to submit a copy of the certificate with the report or return does not invalidate a claim for a credit if the taxpayer submits a copy of the certificate to the commissioner or superintendent within the time prescribed by section 5703.0510 of the Revised Code or within thirty days after the commissioner or superintendent requests it.

(I) For the purposes of this section, a taxpayer may include a partnership, a corporation that has made an election under subchapter S of chapter one of subtitle A of the Internal Revenue Code, or any other business entity through which income flows as a distributive share to its owners. A partnership, S-corporation, or other such business entity may elect to pass the credit received under this section through to the persons to whom the income or profit of the partnership, S-corporation, or other entity is distributed. The election shall be made on the annual report required under division (E)(5) of this section. The election applies to and is irrevocable for the credit for which the report is submitted. If the election is made, the credit shall be apportioned among those persons in the same proportions as those in which the income or profit is distributed.

(J)(1) If the director of development services determines that a taxpayer that received a certificate under division (E)(6) of this section is not complying with the requirements of the agreement, the director shall notify the tax credit authority of the noncompliance. After receiving such a notice, and after giving the taxpayer an opportunity to explain the noncompliance, the authority may terminate the agreement and require the taxpayer, or any related member or members that claimed the tax credit under division (N) of this section, to refund to the state all or a portion of the credit claimed in previous years, as follows:

(a) If the taxpayer fails to comply with the requirement
under division (E)(3) of this section, an amount determined in accordance with the following:

(i) If the taxpayer maintained operations at the project site for less than or equal to the term of the credit, an amount not to exceed one hundred per cent of the sum of any tax credits allowed and received under this section.

(ii) If the taxpayer maintained operations at the project site longer than the term of the credit, but less than the greater of seven years or the term of the credit plus three years, the amount required to be refunded shall not exceed seventy-five per cent of the sum of any tax credits allowed and received under this section.

(b) If the taxpayer fails to substantially maintain both the number of full-time equivalent employees and the amount of Ohio employee payroll required under the agreement at any time during the term of the agreement or during the post-term reporting period, an amount determined at the discretion of the authority.

(2) If a taxpayer files for bankruptcy and fails as described in division (J)(1)(a) or (b) of this section, the director may immediately commence an action to recoup an amount not exceeding one hundred per cent of the sum of any credits received by the taxpayer under this section.

(3) In determining the portion of the credit to be refunded to this state, the authority shall consider the effect of market conditions on the taxpayer's project and whether the taxpayer continues to maintain other operations in this state. After making the determination, the authority shall certify the amount to be refunded to the tax commissioner or the superintendent of insurance. If the taxpayer, or any related member or members who claimed the tax credit under division (N) of this section, is not an insurance company, the commissioner shall make an assessment.
for that amount against the taxpayer under Chapter 5726., 5733., 5736., 5747., or 5751. of the Revised Code. If the taxpayer, or any related member or members that claimed the tax credit under division (N) of this section, is an insurance company, the superintendent of insurance shall make an assessment under section 5725.222 or 5729.102 of the Revised Code. The time limitations on assessments under those chapters and sections do not apply to an assessment under this division, but the commissioner or superintendent shall make the assessment within one year after the date the authority certifies to the commissioner or superintendent the amount to be refunded.

(K) The director of development services, after consultation with the tax commissioner and the superintendent of insurance and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax credits under this section to be charged fees to cover administrative costs of the tax credit program. The fees collected shall be credited to the business assistance tax incentives operating fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the first day of August of each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax credit program under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the project that is the subject of each such agreement, and an update on the status of
projects under agreements entered into before the preceding calendar year.

(M) The aggregate amount of nonrefundable tax credits issued under this section during any calendar year for capital investment projects reviewed and approved by the tax credit authority may not exceed the following amounts:

(1) For 2010, thirteen million dollars;

(2) For 2011 through 2023, the amount of the limit for the preceding calendar year plus thirteen million dollars;

(3) For 2024 and each year thereafter, one hundred ninety-five million dollars.

The limitations in division (M) of this section do not apply to credits for capital investment projects approved by the tax credit authority before July 1, 2009.

(N) This division applies only to an eligible business that is part of an affiliated group that includes a diversified savings and loan holding company or a grandfathered unitary savings and loan holding company, as those terms are defined in section 5726.01 of the Revised Code. Notwithstanding any contrary provision of the agreement between such an eligible business and the tax credit authority, any credit granted under this section against the tax imposed by section 5725.18, 5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code to the eligible business, at the election of the eligible business and without any action by the tax credit authority, may be shared with any member or members of the affiliated group that includes the eligible business, which member or members may claim the credit against the taxes imposed by section 5725.18, 5726.02, 5729.03, 5733.06, 5747.02, or 5751.02 of the Revised Code. Credits shall be claimed by the eligible business in sequential order, as applicable, first claiming the credits to the fullest extent possible against the tax that the
certificate holder is subject to, then against the tax imposed by, sequentially, section 5729.03, 5725.18, 5747.02, 5751.02, and lastly 5726.02 of the Revised Code. The credits may be allocated among the members of the affiliated group in such manner as the eligible business elects, but subject to the sequential order required under this division. This division applies to credits granted before, on, or after March 27, 2013, the effective date of H.B. 510 of the 129th general assembly. Credits granted before that effective date that are shared and allocated under this division may be claimed in those calendar years in which the remaining taxable years specified in the agreement end.

As used in this division, "affiliated group" means a group of two or more persons with fifty per cent or greater of the value of each person's ownership interests owned or controlled directly, indirectly, or constructively through related interests by common owners during all or any portion of the taxable year, and the common owners. "Affiliated group" includes, but is not limited to, any person eligible to be included in a consolidated elected taxpayer group under section 5751.011 of the Revised Code or a combined taxpayer group under section 5751.012 of the Revised Code.

(O)(1) As used in division (O) of this section:
(a) "Eligible agreement" means an agreement approved by the tax credit authority under this section on or before December 31, 2013.
(b) "Reporting period" means a period corresponding to the annual report required under division (E)(5) of this section.
(c) "Income tax revenue" has the same meaning as under division (S) of section 122.17 of the Revised Code.
(2) In calendar year 2016 and thereafter, the tax credit authority shall annually determine a withholding adjustment factor
to be used in the computation of income tax revenue for eligible agreements. The withholding adjustment factor shall be a numerical percentage that equals the percentage that employer income tax withholding rates have been increased or decreased as a result of changes in the income tax rates prescribed by section 5747.02 of the Revised Code by amendment of that section taking effect on or after June 29, 2013.

(3) Except as provided in division (O)(4) of this section, for reporting periods ending in 2015 and thereafter for taxpayers subject to eligible agreements, the tax credit authority shall adjust the income tax revenue reported on the taxpayer's annual report by multiplying the withholding adjustment factor by the taxpayer's income tax revenue and doing one of the following:

(a) If the income tax rates prescribed by section 5747.02 of the Revised Code have decreased by amendment of this section taking effect on or after June 29, 2013, add the product to the taxpayer's income tax revenue.

(b) If the income tax rates prescribed by section 5747.02 of the Revised Code have increased by amendment of this section taking effect on or after June 29, 2013, subtract the product from the taxpayer's income tax revenue.

(4) Division (O)(3) of this section shall not apply unless all of the following apply with respect to the eligible agreement:

(a) The taxpayer has achieved one hundred per cent of the job retention commitment identified in the agreement.

(b) If applicable, the taxpayer has achieved one hundred per cent of the payroll retention commitment identified in the agreement.

(c) If applicable, the taxpayer has achieved one hundred per cent of the investment commitment identified in the agreement.
(5) Failure by a taxpayer to have achieved any of the applicable commitments described in divisions (O)(4)(a) to (c) of this section in a reporting period does not disqualify the taxpayer for the adjustment under division (O) of this section for an ensuing reporting period.

**Sec. 122.174.** There is hereby created in the state treasury the business assistance tax incentives operating fund. The fund shall consist of any amounts appropriated to it and money credited to the fund pursuant to division (I) of section 121.17, division (K) of section 122.17, 122.171, division (K) of section 122.175, division (G)(2) of section 122.85, division (C) of section 122.86, 3735.672, and division (C) of section 5709.68, or 5725.33 of the Revised Code. The director of development services shall use money in the fund to pay expenses related to the administration of (A) the business services division of the development services agency and (B) the programs described in those sections.

**Sec. 122.175.** (A) As used in this section:

(1) "Capital investment project" means a plan of investment at a project site for the acquisition, construction, renovation, expansion, replacement, or repair of a computer data center or of computer data center equipment, but does not include any of the following:

(a) Project costs paid before a date determined by the tax credit authority for each capital investment project;

(b) Payments made to a related member as defined in section 5733.042 of the Revised Code or to a consolidated elected taxpayer or a combined taxpayer as defined in section 5751.01 of the Revised Code.

(2) "Computer data center" means a facility used or to be used primarily to house computer data center equipment used or to
be used in conducting one or more computer data center businesses, as determined by the tax credit authority.

(3) "Computer data center business" means, as may be further determined by the tax credit authority, a business that provides electronic information services as defined in division (Y)(1)(c) of section 5739.01 of the Revised Code, or that leases a facility to one or more such businesses. "Computer data center business" does not include providing electronic publishing as defined in division (LLL) of that section.

(4) "Computer data center equipment" means tangible personal property used or to be used for any of the following:

(a) To conduct a computer data center business, including equipment cooling systems to manage the performance of computer data center equipment;

(b) To generate, transform, transmit, distribute, or manage electricity necessary to operate the tangible personal property used or to be used in conducting a computer data center business;

(c) As building and construction materials sold to construction contractors for incorporation into a computer data center.

(5) "Eligible computer data center" means a computer data center that satisfies all of the following requirements:

(a) One or more taxpayers operating a computer data center business at the project site will, in the aggregate, make payments for a capital investment project of at least one hundred million dollars at the project site during one of the following cumulative periods:

(i) For projects beginning in 2013, five consecutive calendar years;

(ii) For projects beginning in 2014, four consecutive
calendar years;

   (iii) For projects beginning in or after 2015, three consecutive calendar years.

   (b) One or more taxpayers operating a computer data center business at the project site will, in the aggregate, pay annual compensation that is subject to the withholding obligation imposed under section 5747.06 of the Revised Code of at least one million five hundred thousand dollars to employees employed at the project site for each year of the agreement beginning on or after the first day of the twenty-fifth month after the agreement was entered into under this section.

   (6) "Person" has the same meaning as in section 5701.01 of the Revised Code.

   (7) "Project site," "related member," and "tax credit authority" have the same meanings as in sections 122.17 and 122.171 of the Revised Code.

   (8) "Taxpayer" means any person subject to the taxes imposed under Chapters 5739. and 5741. of the Revised Code.

   (B) The tax credit authority may completely or partially exempt from the taxes levied under Chapters 5739. and 5741. of the Revised Code the sale, storage, use, or other consumption of computer data center equipment used or to be used at an eligible computer data center. Any such exemption shall extend to charges for the delivery, installation, or repair of the computer data center equipment subject to the exemption under this section.

   (C) A taxpayer that proposes a capital improvement project for an eligible computer data center in this state may apply to the tax credit authority to enter into an agreement under this section authorizing a complete or partial exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code on computer data center equipment purchased by the applicant or any
other taxpayer that operates a computer data center business at
the project site and used or to be used at the eligible computer
data center. The director of development services shall prescribe
the form of the application. After receipt of an application, the
authority shall forward copies of the application to the director
of budget and management and the tax commissioner, each of whom
shall review the application to determine the economic impact that
the proposed eligible computer data center would have on the state
and any affected political subdivisions and submit to the
authority a summary of their determinations. The authority shall
also forward a copy of the application to the director of
development services who shall review the application to determine
the economic impact that the proposed eligible computer data
center would have on the state and the affected political
subdivisions and shall submit a summary of their determinations
and recommendations to the authority.

(D) Upon review and consideration of such determinations and
recommendations, the tax credit authority may enter into an
agreement with the applicant and any other taxpayer that operates
a computer data center business at the project site for a complete
or partial exemption from the taxes imposed under Chapters 5739.
and 5741. of the Revised Code on computer data center equipment
used or to be used at an eligible computer data center if the
authority determines all of the following:

(1) The capital investment project for the eligible computer
data center will increase payroll and the amount of income taxes
to be withheld from employee compensation pursuant to section
5747.06 of the Revised Code.

(2) The applicant is economically sound and has the ability
to complete or effect the completion of the proposed capital
investment project.

(3) The applicant intends to and has the ability to maintain
operations at the project site for the term of the agreement.

(4) Receiving the exemption is a major factor in the applicant's decision to begin, continue with, or complete the capital investment project.

(E) An agreement entered into under this section shall include all of the following:

(1) A detailed description of the capital investment project that is the subject of the agreement, including the amount of the investment, the period over which the investment has been or is being made, the annual compensation to be paid by each taxpayer subject to the agreement to its employees at the project site, and the anticipated amount of income taxes to be withheld from employee compensation pursuant to section 5747.06 of the Revised Code.

(2) The percentage of the exemption from the taxes imposed under Chapters 5739. and 5741. of the Revised Code for the computer data center equipment used or to be used at the eligible computer data center, the length of time the computer data center equipment will be exempted, and the first date on which the exemption applies.

(3) A requirement that the computer data center remain an eligible computer data center during the term of the agreement and that the applicant maintain operations at the eligible computer data center during that term. An applicant does not violate the requirement described in division (E)(3) of this section if the applicant ceases operations at the eligible computer data center during the term of the agreement but resumes those operations within eighteen months after the date of cessation. The agreement shall provide that, in such a case, the applicant and any other taxpayer that operates a computer data center business at the project site shall not claim the tax exemption authorized in the
agreement for any purchase of computer data center equipment made during the period in which the applicant did not maintain operations at the eligible computer data center.

(4) A requirement that, for each year of the term of the agreement beginning on or after the first day of the twenty-fifth month after the date the agreement was entered into, one or more taxpayers operating a computer data center business at the project site will, in the aggregate, pay annual compensation that is subject to the withholding obligation imposed under section 5747.06 of the Revised Code of at least one million five hundred thousand dollars to employees at the eligible computer data center.

(5) A requirement that each taxpayer subject to the agreement annually report to the director of development services employment, tax withholding, capital investment, and other information required by the director to perform the director's duties under this section.

(6) A requirement that the director of development services annually review the annual reports of each taxpayer subject to the agreement to verify the information reported under division (E)(5) of this section and compliance with the agreement. Upon verification, the director shall issue a certificate to each such taxpayer stating that the information has been verified and that the taxpayer remains eligible for the exemption specified in the agreement.

(7) A provision providing that the taxpayers subject to the agreement may not relocate a substantial number of employment positions from elsewhere in this state to the project site unless the director of development services determines that the appropriate taxpayer notified the legislative authority of the county, township, or municipal corporation from which the employment positions would be relocated. For purposes of this
paragraph, the movement of an employment position from one political subdivision to another political subdivision shall be considered a relocation of an employment position unless the movement is confined to the project site. The transfer of an employment position from one political subdivision to another political subdivision shall not be considered a relocation of an employment position if the employment position in the first political subdivision is replaced by another employment position.

(8) A waiver by each taxpayer subject to the agreement of any limitations periods relating to assessments or adjustments resulting from the taxpayer's failure to comply with the agreement.

(F) The term of an agreement under this section shall be determined by the tax credit authority, and the amount of the exemption shall not exceed one hundred per cent of such taxes that would otherwise be owed in respect to the exempted computer data center equipment.

(G) If any taxpayer subject to an agreement under this section fails to meet or comply with any condition or requirement set forth in the agreement, the tax credit authority may amend the agreement to reduce the percentage of the exemption or term during which the exemption applies to the computer data center equipment used or to be used by the noncompliant taxpayer at an eligible computer data center. The reduction of the percentage or term may take effect in the current calendar year.

(H) Financial statements and other information submitted to the department of development services or the tax credit authority by an applicant for or recipient of an exemption under this section, and any information taken for any purpose from such statements or information, are not public records subject to section 149.43 of the Revised Code. However, the chairperson of the authority may make use of the statements and other information.
for purposes of issuing public reports or in connection with court proceedings concerning tax exemption agreements under this section. Upon the request of the tax commissioner, the chairperson of the authority shall provide to the tax commissioner any statement or other information submitted by an applicant for or recipient of an exemption under this section. The tax commissioner shall preserve the confidentiality of the statement or other information.

(I) The tax commissioner shall issue a direct payment permit under section 5739.031 of the Revised Code to each taxpayer subject to an agreement under this section. Such direct payment permit shall authorize the taxpayer to pay any sales and use taxes due on purchases of computer data center equipment used or to be used in an eligible computer data center and to pay any sales and use taxes due on purchases of tangible personal property or taxable services other than computer data center equipment used or to be used in an eligible computer data center directly to the tax commissioner. Each such taxpayer shall pay pursuant to such direct payment permit all sales tax levied on such purchases under sections 5739.02, 5739.021, 5739.023, and 5739.026 of the Revised Code and all use tax levied on such purchases under sections 5741.02, 5741.021, 5741.022, and 5741.023 of the Revised Code, consistent with the terms of the agreement entered into under this section.

During the term of an agreement under this section each taxpayer subject to the agreement shall submit to the tax commissioner a return that shows the amount of computer data center equipment purchased for use at the eligible computer data center, the amount of tangible personal property and taxable services other than computer data center equipment purchased for use at the eligible computer data center, the amount of tax under Chapter 5739. or 5741. of the Revised Code that would be due in
the absence of the agreement under this section, the exemption percentage for computer data center equipment specified in the agreement, and the amount of tax due under Chapter 5739. or 5741. of the Revised Code as a result of the agreement under this section. Each such taxpayer shall pay the tax shown on the return to be due in the manner and at the times as may be further prescribed by the tax commissioner. Each such taxpayer shall include a copy of the director of development services' certificate of verification issued under division (E)(6) of this section. Failure to submit a copy of the certificate with the return does not invalidate the claim for exemption if the taxpayer submits a copy of the certificate to the tax commissioner within sixty days after the tax commissioner requests it the time prescribed by section 5703.0510 of the Revised Code.

(J) If the director of development services determines that one or more taxpayers received an exemption from taxes due on the purchase of computer data center equipment purchased for use at a computer data center that no longer complies with the requirement under division (E)(3) of this section, the director shall notify the tax credit authority and, if applicable, the taxpayer that applied to enter the agreement for the exemption under division (C) of this section of the noncompliance. After receiving such a notice, and after giving each taxpayer subject to the agreement an opportunity to explain the noncompliance, the authority may terminate the agreement and require each such taxpayer to pay to the state all or a portion of the taxes that would have been owed in regards to the exempt equipment in previous years, all as determined under rules adopted pursuant to division (K) of this section. In determining the portion of the taxes that would have been owed on the previously exempted equipment to be paid to this state by a taxpayer, the authority shall consider the effect of market conditions on the eligible computer data center, whether the taxpayer continues to maintain other operations in this state,
and, with respect to agreements involving multiple taxpayers, the taxpayer's level of responsibility for the noncompliance. After making the determination, the authority shall certify to the tax commissioner the amount to be paid by each taxpayer subject to the agreement. The tax commissioner shall make an assessment for that amount against each such taxpayer under Chapter 5739. or 5741. of the Revised Code. The time limitations on assessments under those chapters do not apply to an assessment under this division, but the tax commissioner shall make the assessment within one year after the date the authority certifies to the tax commissioner the amount to be paid by the taxpayer.

(K) The director of development services, after consultation with the tax commissioner and in accordance with Chapter 119. of the Revised Code, shall adopt rules necessary to implement this section. The rules may provide for recipients of tax exemptions under this section to be charged fees to cover administrative costs incurred in the administration of this section. The fees collected shall be credited to the business assistance tax incentives operating fund created in section 122.174 of the Revised Code. At the time the director gives public notice under division (A) of section 119.03 of the Revised Code of the adoption of the rules, the director shall submit copies of the proposed rules to the chairpersons of the standing committees on economic development in the senate and the house of representatives.

(L) On or before the first day of August of each year, the director of development services shall submit a report to the governor, the president of the senate, and the speaker of the house of representatives on the tax exemption authorized under this section. The report shall include information on the number of agreements that were entered into under this section during the preceding calendar year, a description of the eligible computer data center that is the subject of each such agreement, and an
update on the status of eligible computer data centers under agreements entered into before the preceding calendar year.

(M) A taxpayer may be made a party to an existing agreement entered into under this section by the tax credit authority and another taxpayer or group of taxpayers. In such a case, the taxpayer shall be entitled to all benefits and bound by all obligations contained in the agreement and all requirements described in this section. When an agreement includes multiple taxpayers, each taxpayer shall be entitled to a direct payment permit as authorized in division (I) of this section.

Sec. 122.85. (A) As used in this section and in sections 5726.55, 5733.59, 5747.66, and 5751.54 of the Revised Code:

(1) "Tax credit-eligible production" means a motion picture production certified by the director of development services under division (B) of this section as qualifying the motion picture company for a tax credit under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code.

(2) "Certificate owner" means a motion picture company to which a tax credit certificate is issued or a person to which the company has transferred under division (H) of this section the authority to claim all or a part of the tax credit authorized by that certificate.

(3) "Motion picture company" means an individual, corporation, partnership, limited liability company, or other form of business association producing a motion picture.

(4) "Eligible production expenditures" means expenditures made after June 30, 2009, for goods or services purchased and consumed in this state by a motion picture company directly for the production of a tax credit-eligible production.

(B) For the purpose of encouraging and developing a strong 4421
film industry in this state, the director of development services 4422
may certify a motion picture produced by a motion picture company 4423
as a tax credit-eligible production. In the case of a television 4424
series, the director may certify the production of each episode of the series as a separate tax credit-eligible production. A motion picture company shall apply for certification of a motion picture as a tax credit-eligible production on a form and in the manner prescribed by the director. Each application shall include the following information:

1. The name and telephone number of the motion picture production company;
2. The name and telephone number of the company's contact person;
3. A list of the first preproduction date through the last production date in Ohio;
4. The Ohio production office address and telephone number;

(14) Any other information considered necessary by the director.

Within ninety days after certification of a motion picture as a tax credit-eligible production, and any time thereafter upon the request of the director of development services, the motion picture company shall present to the director sufficient evidence of reviewable progress. If the motion picture company fails to present sufficient evidence, the director may rescind the certification. Upon rescission, the director shall notify the applicant that the certification has been rescinded. Nothing in this section prohibits an applicant whose tax credit-eligible production certification has been rescinded from submitting a subsequent application for certification.

(C)(1) A motion picture company whose motion picture has been certified as a tax credit-eligible production may apply to the director of development services on or after July 1, 2009, for a refundable credit against the tax imposed by section 5726.02, 5733.06, 5747.02, or 5751.02 of the Revised Code. The director in consultation with the tax commissioner shall prescribe the form and manner of the application and the information or documentation required to be submitted with the application.

The credit is determined as follows:

(a) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures as finally determined under division (D) of this section, whichever is least, is less than or equal to three hundred thousand dollars, no credit is allowed;

(b) If the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures as finally
determined under division (D) of this section, whichever is least, is greater than three hundred thousand dollars, the credit equals thirty per cent of the least of such budgeted or actual eligible expenditure amounts.

(2) Except as provided in division (C)(4) of this section, if the director of development services approves a motion picture company's application for a credit, the director shall issue a tax credit certificate to the company. The director in consultation with the tax commissioner shall prescribe the form and manner of issuing certificates. The director shall assign a unique identifying number to each tax credit certificate and shall record the certificate in a register devised and maintained by the director for that purpose. The certificate shall state the amount of the eligible production expenditures on which the credit is based and the amount of the credit. Upon the issuance of a certificate, the director shall certify to the tax commissioner the name of the applicant, the amount of eligible production expenditures shown on the certificate, and any other information required by the rules adopted to administer this section.

(3) The amount of eligible production expenditures for which a tax credit may be claimed is subject to inspection and examination by the tax commissioner or employees of the commissioner under section 5703.19 of the Revised Code and any other applicable law. Once the eligible production expenditures are finally determined under section 5703.19 of the Revised Code and division (D) of this section, the credit amount is not subject to adjustment unless the director determines an error was committed in the computation of the credit amount.

(4) No tax credit certificate may be issued before the completion of the tax credit-eligible production. Not more than forty million dollars of tax credit may be allowed per fiscal year beginning July 1, 2016.
(D) A motion picture company whose motion picture has been certified as a tax credit-eligible production shall engage, at the company's expense, an independent certified public accountant to examine the company's production expenditures to identify the expenditures that qualify as eligible production expenditures. The certified public accountant shall issue a report to the company and to the director of development services certifying the company's eligible production expenditures and any other information required by the director. Upon receiving and examining the report, the director may disallow any expenditure the director determines is not an eligible production expenditure. If the director disallows an expenditure, the director shall issue a written notice to the motion picture production company stating that the expenditure is disallowed and the reason for the disallowance. Upon examination of the report and disallowance of any expenditures, the director shall determine finally the lesser of the total budgeted eligible production expenditures stated in the application submitted under division (B) of this section or the actual eligible production expenditures for the purpose of computing the amount of the credit.

(E) No credit shall be allowed under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless the director has reviewed the report and made the determination prescribed by division (D) of this section.

(F) This state reserves the right to refuse the use of this state's name in the credits of any tax credit-eligible motion picture production.

(G)(1) The director of development services in consultation with the tax commissioner shall adopt rules for the administration of this section, including rules setting forth and governing the criteria for determining whether a motion picture production is a tax credit-eligible production; activities that constitute the
production of a motion picture; reporting sufficient evidence of reviewable progress; expenditures that qualify as eligible production expenditures; a competitive process for approving credits; consideration of geographic distribution of credits; and implementation of the program described in division (I) of this section. The rules shall be adopted under Chapter 119. of the Revised Code.

(2) The director may require a reasonable application fee to cover administrative costs of the tax credit program. The fees collected shall be credited to the business assistance tax incentives operating fund created in section 122.174 of the Revised Code. All grants, gifts, fees, and contributions made to the director for marketing and promotion of the motion picture industry within this state shall also be credited to the fund. The director shall use money in the fund to pay expenses related to the administration of the Ohio film office and the credit authorized by this section and sections 5726.55, 5733.59, 5747.66, and 5751.54 of the Revised Code.

(H)(1) After the director of development services makes the determination required under division (D) of this section, a motion picture company to which a tax credit certificate is issued may transfer the authority to claim all or a portion of the amount of the tax credit the motion picture company is authorized to claim pursuant to that certificate under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code to one or more other persons. Within thirty days after a transfer under this division, the motion picture company shall submit the following information to the director, on a form prescribed by the director:

(a) Information necessary for the director to identify the certificate that is the basis for the transfer;

(b) The portion or amount of the tax credit transferred to each transferee;
(c) The portion or amount of the tax credit that the motion picture company retains the authority to claim;

(d) The tax identification number of each transferee;

(e) The date of the transfer;

(f) Any other information required by the director;

(g) Any information required by the tax commissioner.

The director shall deliver a copy of any submission received under division (H)(1) of this section to the tax commissioner.

(2) A transferee may not claim a credit under section 5726.55, 5733.59, 5747.66, or 5751.54 of the Revised Code unless and until the transferring motion picture company complies with division (H)(1) of this section. A transferee may claim the transferred amount of any credit or portion of a credit for the same taxable year or tax period for which the transferring motion picture company was authorized to claim the credit or portion of a credit pursuant to the certificate. A motion picture company shall make no transfer under division (H)(1) of this section after the last day of the tax period or taxable year for which the motion picture company is required to claim the credit pursuant to the certificate.

A motion picture company may make not more than one transfer under division (H)(1) of this section for each tax credit certificate, but pursuant to that transaction, may allocate the authority to claim a portion of the credit to more than one transferee. A motion picture company may not authorize more than one transferee to claim the same portion of a credit.

(I) The director of development services shall establish a program for the training of Ohio residents who are or wish to be employed in the film or multimedia industry. Under the program, the director shall:
(1) Certify individuals as film and multimedia trainees. In order to receive such a certification, an individual must be an Ohio resident, have participated in relevant on-the-job training or have completed a relevant training course approved by the director, and have met any other requirements established by the director.

(2) Accept applications from motion picture companies that intend to hire and provide on-the-job training to one or more certified film and multimedia trainees who will be employed in the company's tax credit-eligible production.

(3) Upon completion of a tax-credit eligible production, and upon the receipt of any salary information and other documentation required by the director, authorize a reimbursement payment to each motion picture company whose application was approved under division (I)(2) of this section. The payment shall equal fifty percent of the salaries paid to film and multimedia trainees employed in the production.

Sec. 122.86. (A) As used in this section and section 5747.81 of the Revised Code:

(1) "Small business enterprise" means a corporation, pass-through entity, or other person satisfying all of the following:

(c) The enterprise employs at least fifty full-time equivalent employees in this state for whom the enterprise is required to withhold income tax under section 5747.06 of the Revised Code, or more than one-half the enterprise's total number of full-time equivalent employees employed anywhere in the United States are employed in this state and are subject to that withholding requirement.

(d) The enterprise, within six months after an eligible investor's qualifying investment is made, invests in or incurs cost for one or more of the following in an amount at least equal to the amount of the qualifying investment:

(i) Tangible personal property, other than motor vehicles operated on public roads and highways, used in business and physically located in this state from the time of its acquisition by the enterprise until the end of the investor's holding period;

(ii) Motor vehicles operated on public roads and highways if, from the time of acquisition by the enterprise until the end of the investor's holding period, the motor vehicles are purchased in this state, registered in this state under Chapter 4503. of the Revised Code, are used primarily for business purposes, and are necessary for the operation of the enterprise's business;

(iii) Real property located in this state that is used in business from the time of its acquisition by the enterprise until the end of the holding period;

(iv) Intangible personal property, including patents,

(v) Compensation for new employees of the enterprise for whom 4677
the enterprise is required to withhold income tax under section 4678
5747.06 of the Revised Code, not including increased compensation 4679
for owners, officers, or managers of the enterprise. For this 4680
purpose compensation for new employees includes compensation for 4681
newly hired or retained employees.

(2) "Qualifying investment" means an investment of money made 4683
on or after July 1, 2011, to acquire capital stock or other equity 4684
interest in a small business enterprise. "Qualifying investment" 4685
does not include either of the following:

(a) Any investment of money an eligible investor derives, 4687
directly or indirectly, from a grant or loan from the federal 4688
government or the state or a political subdivision, including the 4689

(b) Any investment of money which is the basis of a tax 4691

interest. To qualify as an eligible investor, the individual, 4697
estate, trust, or pass-through entity shall not owe any 4698
outstanding tax or other liability to the state at the time of a 4699
qualifying investment.

(4) "Holding period" means the two-year period beginning on 4701
the day a qualifying investment is made.

(5) "Pass-through entity" has the same meaning as in section 4703
5733.04 of the Revised Code.
(B) Any eligible investor that makes a qualifying investment in a small business enterprise on or after July 1, 2011, may apply to the director of development services to obtain a small business investment certificate from the director. Alternatively, a small business enterprise may apply on behalf of eligible investors to obtain the certificates for those investors. The director, in consultation with the tax commissioner, shall prescribe the form or manner in which an applicant shall apply for the certificate, devise the form of the certificate, and prescribe any records or other information an applicant shall furnish with the application to evidence the qualifying investment. The applicant shall state the amount of the intended investment. The applicant shall pay an application fee equal to the greater of one-tenth of one per cent of the amount of the intended investment or one hundred dollars.

A small business investment certificate entitles the certificate holder to receive a tax credit under section 5747.81 of the Revised Code if the certificate holder qualifies for the credit as otherwise provided in this section. If the certificate holder is a pass-through entity, the certificate entitles the entity's equity owners to receive their distributive or proportionate shares of the credit. In any fiscal biennium, an eligible investor may not apply for small business investment certificates representing intended investment amounts in excess of ten million dollars. Such certificates are not transferable.

The director of development services may reserve small business investment certificates to qualifying applicants in the order in which the director receives applications, but may issue the certificates as the applications are completed. An application is completed when the director has validated that an eligible investor has made a qualified investment and the small business enterprise has made the appropriate reinvestment of the qualified investment pursuant to the requirements of division (A)(1)(d) of division (A)(1)(d) of...
this section. To qualify for a certificate, an eligible investor must satisfy both of the following, subject to the limitation on the amount of qualifying investments for which certificates may be issued under division (C) of this section:

(1) The eligible investor makes a qualifying investment on or after July 1, 2011.

(2) The eligible investor pledges not to sell or otherwise dispose of the qualifying investment before the conclusion of the applicable holding period.

(C)(1) The amount of any eligible investor's qualifying investments for which small business investment certificates may be issued for a fiscal biennium shall not exceed ten million dollars.

(2) The director of development services shall not issue a small business investment certificate to an eligible investor representing an amount of qualifying investment in excess of the amount of the intended investment indicated on the investor's application for the certificate.

(3) The director of development services shall not issue small business investment certificates in a total amount that would cause the tax credits claimed in any fiscal biennium to exceed one hundred million dollars.

(4) The director of development services may issue a small business investment certificate only if both of the following apply at the time of issuance:

(a) The small business enterprise meets all the requirements listed in divisions (A)(1)(a)(i) to (iv) of this section;

(b) The eligible investor does not owe any outstanding tax or other liability to the state.

(D) Before the end of the applicable holding period of a
qualifying investment, each enterprise in which a qualifying investment was made for which a small business investment certificate has been issued, upon the request of the director of development services, shall provide to the director records or other evidence satisfactory to the director that the enterprise is a small business enterprise for the purposes of this section. Each enterprise shall also provide annually to the director records or evidence regarding the number of jobs created or retained in the state. No credit may be claimed under this section and section 5747.81 of the Revised Code if the director finds that an enterprise is not a small business enterprise for the purposes of this section. The director shall compile and maintain a register of small business enterprises qualifying under this section and shall certify the register to the tax commissioner. The director shall also compile and maintain a record of the number of jobs created or retained as a result of qualifying investments made pursuant to this section.

(E) After the conclusion of the applicable holding period for a qualifying investment, a person to whom a small business investment certificate has been issued under this section may claim a credit as provided under section 5747.81 of the Revised Code.

(F) The director of development services, in consultation with the tax commissioner, may adopt rules for the administration of this section, including rules governing the following:

The fund shall consist of the fees Application fees paid under division (B) of this section and shall be used by the development services agency to pay the costs of administering the small business investment certificate program established under this section credited to the tax incentives operating fund created in section 122.174 of the Revised Code.

The commission is a body corporate and politic, an agency of state government and an instrumentality of the state, performing essential governmental functions of this state. The carrying out of the purposes and the exercise by the commission of its powers are essential public functions and public purposes of the state. The commission may, in its own name, sue and be sued, enter into contracts, and perform all the powers and duties given to it by the Revised Code, but it does not have and shall not exercise the power of eminent domain. This section does not require the independent employment of an architect or engineer as provided by section 153.01 of the Revised Code in the cases to which section 153.01 of the Revised Code applies. (E) After making the determinations required under division (D) of this section, the director shall take one of the following actions:

take or may continue the action.

(2) Disapprove the board or commission action if the director determines that the action is not pursuant to a clearly articulated state policy or that if it is pursuant to a clearly articulated state policy, that policy is a pretext as described in division (D) of this section. If the director disapproves the board's or commission's action, the action is void.

(F) The director shall prepare a memorandum that explains the director's approval or disapproval. The director shall transmit a copy of the memorandum to the person and the board or commission or to the board or commission if only the board or commission is involved. The director shall post the memorandum on the web site maintained by the department of administrative services.

If the lawsuit was initiated by a person other than the attorney general, a county prosecuting attorney, or any assistant prosecutor designated to assist a county prosecuting attorney, the court shall grant the request. If the lawsuit was initiated by the attorney general, a county prosecuting attorney, or any assistant prosecutor designated to assist a county prosecuting attorney, the court shall deny the request. Any stay granted under this division will
continue in effect until the director has prepared and transmitted 6028
the memorandum required under division (F) of this section. 6029

(H) The director shall review any action referred to the 6030
director by a party who has been granted a stay pursuant to 6031
division (G) of this section. 6032

(I) Notwithstanding any provision of this section to the 6033
contrary, an action taken by a board or commission is not subject 6034
to review under this section if participation in the action is 6035
limited by statute to only the members of the board or commission 6036
representing the public. 6037

shall, upon consultation with the treasurer of state, coordinate 6046

Code shall submit to the director copies of the preliminary and
final offering documents upon their availability if not previously submitted pursuant to division (A) of this section.

(3) The materials approved and provided pursuant to division (D)(E) of this section are the information relating to the particular subjects provided by the state or state agencies that are required or contemplated by any applicable state or federal securities laws and any commitments by the state or state agencies made under those laws. Reliance for the purpose should not be placed on any other information publicly provided, in any format including electronic, by any state agency for other purposes, including general information provided to the public or to portions of the public. A statement to that effect shall be included in those materials so approved or provided.

(E)(F) Issuers of obligations referred to in division (A) of this section may take steps, by formal agreement, covenants in the proceedings, or otherwise, as may be necessary or appropriate to comply or permit compliance with applicable lawful disclosure requirements relating to those obligations, and may, subject to division (D)(E) of this section, provide, make available, or file copies of any required disclosure materials as necessary or appropriate. Any such formal agreement or covenant relating to subjects referred to in division (D)(E) of this section, and any description of that agreement or covenant to be contained in any offering document, shall be approved by the director before being entered into or published or publicly disseminated in preliminary, draft, or final form or publicly filed in paper, electronic, or other format. (2) Except as otherwise expressly authorized for the purpose by law, agree or commit to provide, from money from any source to be appropriated in the future by the general assembly, financial assistance to or participation in the costs of capital facilities, or the payment of debt charges, directly or by way of a credit enhancement facility, a reserve, rental payments, or otherwise, on obligations issued to pay costs of capital facilities.

(G)(H) As used in this section, "interest rate hedge" has the same meaning as in section 9.98 of the Revised Code; "credit enhancement facilities," "debt charges," "fractionalized interests in public obligations," "obligor," "public issuer," and "securities" have the same meanings as in section 133.01 of the Revised Code; "public obligation" has the same meaning as in division (GG)(2) of section 133.01 of the Revised Code; "obligations" means securities or public obligations or fractionalized interests in them; "issuers" means issuers of securities or state obligors on public obligations; "offering document" means an official statement, offering circular, private placement memorandum, or prospectus, or similar document; and "director" means the director of budget and management or the

delinquent taxes due and unpayable to the subdivision at the last semiannual tax settlement.

(B) The fiscal officer of that subdivision shall prepare a statement, from the books of the subdivision, verified by the fiscal officer under oath, which shall contain the following facts of the subdivision:

(1) The total bonded indebtedness;

(2) The aggregate amount of notes payable or outstanding accounts of the subdivision, incurred prior to the commencement of the current fiscal year, which shall include all evidences of indebtedness issued by the subdivision except notes issued in anticipation of bond issues and the indebtedness of any nontax-supported public utility;

(C) The certificate and statement provided for in divisions (A) and (B) of this section shall be forwarded to the tax commissioner together with a request for authority to issue bonds.
of the subdivision in an amount not to exceed seventy per cent of
the net unobligated delinquent taxes and assessments due and owing
to the subdivision, as set forth in division (B)(5) of this
section.

(D) No subdivision may issue bonds under this section in
excess of a sufficient amount to pay the indebtedness of the
subdivision as shown by division (B)(2) of this section and,
except in the case of school districts, to provide funds for
disability financial assistance as shown by division (B)(3) of
this section.

(E) The tax commissioner shall grant to the subdivision
authority requested by the subdivision as restricted by divisions
(C) and (D) of this section and shall make a record of the
certificate, statement, and grant in a record book devoted solely
to such recording and which shall be open to inspection by the
public.

(F) The commissioner shall immediately upon issuing the
authority provided in division (E) of this section notify the
proper authority having charge of the retirement of bonds of the
subdivision by forwarding a copy of the grant of authority and of
the statement provided for in division (B) of this section.

(G) Upon receipt of authority, the subdivision shall proceed
according to law to issue the amount of bonds authorized by the
commissioner, and authorized by the taxing authority, provided the
taxing authority of that subdivision may submit, by resolution, to
the electors of that subdivision the question of issuing the
bonds. The resolution shall make the declarations and statements
required by section 133.18 of the Revised Code. The county auditor
and taxing authority shall thereupon proceed as set forth in

the board of elections operates and maintains a web site, notice
of the election also shall be posted on that web site for thirty
days prior to the election. The bonds may be exchanged at their
face value with creditors of the subdivision in liquidating the
indebtedness described and enumerated in division (B)(2) of this
section or may be sold as provided in Chapter 133. of the Revised
Code, and in either event shall be uncontestable.

(H) The per cent of delinquent taxes and assessments
collected for and to the credit of the subdivision after the
exchange or sale of bonds as certified by the commissioner shall
be paid to the authority having charge of the sinking fund of the
subdivision, which money shall be placed in a separate fund for
the purpose of retiring the bonds so issued. The proper authority
of the subdivisions shall provide for the levying of a tax
sufficient in amount to pay the debt charges on all such bonds
issued under this section.

(I) This section is for the sole purpose of assisting the
various subdivisions in paying their unsecured indebtedness, and
providing funds for disability financial assistance. The bonds
issued under authority of this section shall not be used for any
other purpose, and any exchange for other purposes, or the use of
the money derived from the sale of the bonds by the subdivision
for any other purpose, is misapplication of funds.

(J) The bonds authorized by this section shall be redeemable
or payable in not to exceed ten years from date of issue and shall
not be subject to or considered in calculating the net

(B) On or before the seventh day of each month, the director of budget and management shall credit to the local government fund an amount equal to the product obtained by multiplying the percentage calculated under division (A)(1) of this section by one and sixty-six one-hundredths per cent of the total tax revenue credited to the general revenue fund during the preceding month. The Ohio school facilities construction commission may also accept from any large local educational agency the allocation received by that agency under section 54F(d)(2) of the Internal Revenue Code and reallocate it to any issuer or issuers authorized to issue obligations, including any large local educational agency.
(2) The factors to be considered when making allocations of the state portion or reallocations of any amounts received by a large local educational agency include the following:

(a) The interests of the state with regard to education and economic development;

(b) The need and ability of each issuer to issue obligations.

(3) The Ohio school facilities construction commission, in consultation with the director of budget and management, shall establish procedures for making allocations, including those from any carryover of the state portion, and shall adopt guidelines to carry out the purposes of this section.

Sec. 133.06. (B) Except as provided in divisions (E), (F), and (I) of this section, a school district shall not incur net indebtedness that exceeds an amount equal to nine per cent of its tax valuation.

(C) A school district shall not submit to a vote of the electors the question of the issuance of securities in an amount that will make the district's net indebtedness after the issuance of the securities exceed an amount equal to four per cent of its tax valuation, unless the superintendent of public instruction, acting under policies adopted by the state board of education, and the tax commissioner, acting under written policies of the commissioner, consent to the submission. A request for the consents shall be made at least one hundred twenty days prior to
the election at which the question is to be submitted.

The superintendent of public instruction shall certify to the district the superintendent's and the tax commissioner's decisions within thirty days after receipt of the request for consents.

If the electors do not approve the issuance of securities at the election for which the superintendent of public instruction and tax commissioner consented to the submission of the question, the school district may submit the same question to the electors on the date that the next special election may be held under section 3501.01 of the Revised Code without submitting a new request for consent. If the school district seeks to submit the same question at any other subsequent election, the district shall first submit a new request for consent in accordance with this division.

(D) In calculating the net indebtedness of a school district, none of the following shall be considered:

1. Securities issued to acquire school buses and other equipment used in transporting pupils or issued pursuant to division (D) of section 133.10 of the Revised Code;

2. Securities issued under division (F) of this section, under section 133.301 of the Revised Code, and, to the extent in excess of the limitation stated in division (B) of this section, under division (E) of this section;

(E) A school district may become a special needs district as to certain securities as provided in division (E) of this section.

(1) A board of education, by resolution, may declare its school district to be a special needs district by determining both of the following:

(a) The student population is not being adequately serviced by the existing permanent improvements of the district.

(b) The district cannot obtain sufficient funds by the issuance of securities within the limitation of division (B) of this section to provide additional or improved needed permanent improvements in time to meet the needs.

(2) The board of education shall certify a copy of that resolution to the superintendent of public instruction with a statistical report showing all of the following:

(a) The history of and a projection of the growth of the tax valuation;

(b) The projected needs;

(c) The estimated cost of permanent improvements proposed to meet such projected needs.

(3) The superintendent of public instruction shall certify the district as an approved special needs district if the superintendent finds both of the following:

(a) The district does not have available sufficient additional funds from state or federal sources to meet the projected needs.
(b) The projection of the potential average growth of tax valuation during the next five years, according to the information certified to the superintendent and any other information the superintendent obtains, indicates a likelihood of potential average growth of tax valuation of the district during the next five years of an average of not less than one and one-half per cent per year. The findings and certification of the superintendent shall be conclusive.

(4) An approved special needs district may incur net indebtedness by the issuance of securities in accordance with the provisions of this chapter in an amount that does not exceed an amount equal to the greater of the following:

(a) Twelve per cent of the sum of its tax valuation plus an amount that is the product of multiplying that tax valuation by the percentage by which the tax valuation has increased over the tax valuation on the first day of the sixtieth month preceding the month in which its board determines to submit to the electors the question of issuing the proposed securities;

(b) Twelve per cent of the sum of its tax valuation plus an amount that is the product of multiplying that tax valuation by the percentage, determined by the superintendent of public instruction, by which that tax valuation is projected to increase during the next ten years.

(F) A school district may issue securities for emergency purposes, in a principal amount that does not exceed an amount equal to three per cent of its tax valuation, as provided in this division.

(1) A board of education, by resolution, may declare an emergency if it determines both of the following:

(a) School buildings or other necessary school facilities in the district have been wholly or partially destroyed, or condemned
by a constituted public authority, or that such buildings or
facilities are partially constructed, or so constructed or planned
as to require additions and improvements to them before the
buildings or facilities are usable for their intended purpose, or
that corrections to permanent improvements are necessary to remove
or prevent health or safety hazards.

(b) Existing fiscal and net indebtedness limitations make
adequate replacement, additions, or improvements impossible.

(2) Upon the declaration of an emergency, the board of
education may, by resolution, submit to the electors of the
district pursuant to section 133.18 of the Revised Code the
question of issuing securities for the purpose of paying the cost,
in excess of any insurance or condemnation proceeds received by
the district, of permanent improvements to respond to the
emergency need.

(3) The procedures for the election shall be as provided in
section 133.18 of the Revised Code, except that:

(a) The form of the ballot shall describe the emergency
existing, refer to this division as the authority under which the
emergency is declared, and state that the amount of the proposed
securities exceeds the limitations prescribed by division (B) of
this section;

(b) The resolution required by division (B) of section 133.18
of the Revised Code shall be certified to the county auditor and
the board of elections at least one hundred days prior to the
election;

(c) The county auditor shall advise and, not later than
ninety-five days before the election, confirm that advice by
certification to, the board of education of the information
required by division (C) of section 133.18 of the Revised Code;

(d) The board of education shall then certify its resolution
and the information required by division (D) of section 133.18 of the Revised Code to the board of elections not less than ninety days prior to the election.

(4) Notwithstanding division (B) of section 133.21 of the Revised Code, the first principal payment of securities issued under this division may be set at any date not later than sixty months after the earliest possible principal payment otherwise provided for in that division.

(G)(1) The board of education may contract with an architect, professional engineer, or other person experienced in the design and implementation of energy conservation measures for an analysis and recommendations pertaining to installations, modifications of installations, or remodeling that would significantly reduce energy consumption in buildings owned by the district. The report shall include estimates of all costs of such installations, modifications, or remodeling, including costs of design, engineering, installation, maintenance, repairs, measurement and verification of energy savings, and debt service, forgone residual value of materials or equipment replaced by the energy conservation measure, as defined by the Ohio school facilities construction commission, a baseline analysis of actual energy consumption data for the preceding three years with the utility baseline based on only the actual energy consumption data for the preceding twelve months, and estimates of the amounts by which energy consumption and resultant operational and maintenance costs, as defined by the commission, would be reduced.

If the board finds after receiving the report that the amount of money the district would spend on such installations, modifications, or remodeling is not likely to exceed the amount of money it would save in energy and resultant operational and maintenance costs over the ensuing fifteen years, the board may submit to the commission a copy of its findings and a request for...
approval to incur indebtedness to finance the making or
modification of installations or the remodeling of buildings for
the purpose of significantly reducing energy consumption.

The school facilities construction commission, in
consultation with the auditor of state, may deny a request under
this division by the board of education of any school district
that is in a state of fiscal watch pursuant to division (A) of
section 3316.03 of the Revised Code, if it determines that the
expenditure of funds is not in the best interest of the school
district.

No district board of education of a school district that is
in a state of fiscal emergency pursuant to division (B) of section
3316.03 of the Revised Code shall submit a request without
submitting evidence that the installations, modifications, or
remodeling have been approved by the district's financial planning
and supervision commission established under section 3316.05 of
the Revised Code.

No board of education of a school district that, for three or
more consecutive years, has been declared to be in a state of
academic emergency under section 3302.03 of the Revised Code, as
that section existed prior to March 22, 2013, and has failed to
meet adequate yearly progress, or has met any condition set forth
in division (A) of section 3302.10 of the Revised Code shall
submit a request without first receiving approval to incur
indebtedness from the district's academic distress commission
established under that section, for so long as such commission
continues to be required for the district.

(2) The school facilities construction commission shall
approve the board's request provided that the following conditions
are satisfied:

(a) The commission determines that the board's findings are
reasonable.

(b) The request for approval is complete.

c) The installations, modifications, or remodeling are consistent with any project to construct or acquire classroom facilities, or to reconstruct or make additions to existing classroom facilities under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Upon receipt of the commission's approval, the district may issue securities without a vote of the electors in a principal amount not to exceed nine-tenths of one per cent of its tax valuation for the purpose of making such installations, modifications, or remodeling, but the total net indebtedness of the district without a vote of the electors incurred under this and all other sections of the Revised Code, except section 3318.052 of the Revised Code, shall not exceed one per cent of the district's tax valuation.

(3) So long as any securities issued under this division remain outstanding, the board of education shall monitor the energy consumption and resultant operational and maintenance costs of buildings in which installations or modifications have been made or remodeling has been done pursuant to this division. Except as provided in division (G)(4) of this section, the board shall maintain and annually update a report in a form and manner prescribed by the school facilities construction commission documenting the reductions in energy consumption and resultant operational and maintenance cost savings attributable to such installations, modifications, or remodeling. The resultant operational and maintenance cost savings shall be certified by the school district treasurer. The report shall be submitted annually to the commission.

(4) If the school facilities construction commission verifies
that the certified annual reports submitted to the commission by a board of education under division (G)(3) of this section fulfill the guarantee required under division (B) of section 3313.372 of the Revised Code for three consecutive years, the board of education shall no longer be subject to the annual reporting requirements of division (G)(3) of this section.

(H) With the consent of the superintendent of public instruction, a school district may incur without a vote of the electors net indebtedness that exceeds the amounts stated in divisions (A) and (G) of this section for the purpose of paying costs of permanent improvements, if and to the extent that both of the following conditions are satisfied:

(1) The fiscal officer of the school district estimates that receipts of the school district from payments made under or pursuant to agreements entered into pursuant to section 725.02, 1728.10, 3735.671, 5709.081, 5709.082, 5709.40, 5709.41, 5709.45, 5709.62, 5709.63, 5709.632, 5709.73, 5709.78, or 5709.82 of the Revised Code, or distributions under division (C) of section 5709.43 or division (B) of section 5709.47 of the Revised Code, or any combination thereof, are, after accounting for any appropriate coverage requirements, sufficient in time and amount, and are committed by the proceedings, to pay the debt charges on the securities issued to evidence that indebtedness and payable from those receipts, and the taxing authority of the district confirms the fiscal officer's estimate, which confirmation is approved by the superintendent of public instruction;

(2) The fiscal officer of the school district certifies, and the taxing authority of the district confirms, that the district, at the time of the certification and confirmation, reasonably expects to have sufficient revenue available for the purpose of operating such permanent improvements for their intended purpose upon acquisition or completion thereof, and the superintendent of
public instruction approves the taxing authority's confirmation.

The maximum maturity of securities issued under division (H) of this section shall be the lesser of twenty years or the maximum maturity calculated under section 133.20 of the Revised Code.

(I) A school district may incur net indebtedness by the issuance of securities in accordance with the provisions of this chapter in excess of the limit specified in division (B) or (C) of this section when necessary to raise the school district portion of the basic project cost and any additional funds necessary to participate in a project under Chapter 3318. of the Revised Code, including the cost of items designated by the school facilities construction commission as required locally funded initiatives, the cost of other locally funded initiatives in an amount that does not exceed fifty per cent of the district's portion of the basic project cost, and the cost for site acquisition. The commission shall notify the superintendent of public instruction whenever a school district will exceed either limit pursuant to this division.

(J) A school district whose portion of the basic project cost of its classroom facilities project under sections 3318.01 to 3318.20 of the Revised Code is greater than or equal to one hundred million dollars may incur without a vote of the electors net indebtedness in an amount up to two per cent of its tax valuation through the issuance of general obligation securities in order to generate all or part of the amount of its portion of the basic project cost if the controlling board has approved the school facilities construction commission's conditional approval of the project under section 3318.04 of the Revised Code. The school district board and the Ohio school facilities construction commission shall include the dedication of the proceeds of such securities in the agreement entered into under section 3318.08 of the Revised Code. No state moneys shall be released for a project
to which this section applies until the proceeds of any bonds
issued under this section that are dedicated for the payment of
the school district portion of the project are first deposited
into the school district's project construction fund.

Sec. 133.061. (A) This section applies only to a school
district that satisfies all of the following conditions:

(1) The district, prior to the effective date of this section

contrary, a school district to which this section applies may
incur net indebtedness by the issuance of securities in accordance
with the provisions of this chapter in excess of the limit
specified in division (B) or (C) of section 133.06 of the Revised
Code when necessary to raise the school district portion of the
basic project cost and any additional funds necessary to
participate in the classroom facilities project described in
division (A)(2) of this section, including the cost of items
designated by the Ohio school facilities construction commission
as required locally funded initiatives, the cost for site
acquisition, and the cost of the locally funded initiatives that
are not required by the commission described in division (A)(3) of
this section, as long as the district's total net indebtedness
after the issuance of those securities does not exceed one hundred
twenty-five per cent of the limit prescribed in division (B) of
section 133.06 of the Revised Code and the electors of the
district approve the issuance of those securities.

Subject to division (B)(8) of this section, upon request, a public office or person responsible for public records shall make copies of the requested public record available at cost and within a reasonable period of time. If a public record contains information that is exempt from the duty to permit public inspection or to copy the public record, the public office or the person responsible for the public record shall make available all of the information within the public record that is not exempt. When making that public
record available for public inspection or copying that public record, the public office or the person responsible for the public record shall notify the requester of any redaction or make the redaction plainly visible. A redaction shall be deemed a denial of a request to inspect or copy the redacted information, except if federal or state law authorizes or requires a public office to make the redaction.

(2) To facilitate broader access to public records, a public office or the person responsible for public records shall organize and maintain public records in a manner that they can be made available for inspection or copying in accordance with division (B) of this section. A public office also shall have available a copy of its current records retention schedule at a location readily available to the public. If a requester makes an ambiguous or overly broad request or has difficulty in making a request for copies or inspection of public records under this section such that the public office or the person responsible for the requested public record cannot reasonably identify what public records are being requested, the public office or the person responsible for the requested public record may deny the request but shall provide the requester with an opportunity to revise the request by informing the requester of the manner in which records are maintained by the public office and accessed in the ordinary course of the public office's or person's duties.

(3) If a request is ultimately denied, in part or in whole, the public office or the person responsible for the requested public record shall provide the requester with an explanation, including legal authority, setting forth why the request was denied. If the initial request was provided in writing, the explanation also shall be provided to the requester in writing. The explanation shall not preclude the public office or the person responsible for the requested public record from relying upon
additional reasons or legal authority in defending an action commenced under division (C) of this section.

(4) Unless specifically required or authorized by state or federal law or in accordance with division (B) of this section, no public office or person responsible for public records may limit or condition the availability of public records by requiring disclosure of the requester's identity or the intended use of the requested public record. Any requirement that the requester disclose the requester's identity or the intended use of the requested public record constitutes a denial of the request.

(5) A public office or person responsible for public records may ask a requester to make the request in writing, may ask for the requester's identity, and may inquire about the intended use of the information requested, but may do so only after disclosing to the requester that a written request is not mandatory and that the requester may decline to reveal the requester's identity or the intended use and when a written request or disclosure of the identity or intended use would benefit the requester by enhancing the ability of the public office or person responsible for public records to identify, locate, or deliver the public records sought by the requester.

(6) If any person chooses to obtain a copy of a public record in accordance with division (B) of this section, the public office or person responsible for the public record may require that person to pay in advance the cost involved in providing the copy of the public record in accordance with the choice made by the person seeking the copy under this division. The public office or the person responsible for the public record shall permit that person to choose to have the public record duplicated upon paper, upon the same medium upon which the public office or person responsible for the public record keeps it, or upon any other medium upon which the public office or person responsible for the
public record determines that it reasonably can be duplicated as an integral part of the normal operations of the public office or person responsible for the public record. When the person seeking the copy makes a choice under this division, the public office or person responsible for the public record shall provide a copy of it in accordance with the choice made by the person seeking the copy. Nothing in this section requires a public office or person responsible for the public record to allow the person seeking a copy of the public record to make the copies of the public record.

(7)(a) Upon a request made in accordance with division (B) of this section and subject to division (B)(6) of this section, a public office or person responsible for public records shall transmit a copy of a public record to any person by United States mail or by any other means of delivery or transmission within a reasonable period of time after receiving the request for the copy. The public office or person responsible for the public record may require the person making the request to pay in advance the cost of postage if the copy is transmitted by United States mail or the cost of delivery if the copy is transmitted other than by United States mail, and to pay in advance the costs incurred for other supplies used in the mailing, delivery, or transmission.

(b) Any public office may adopt a policy and procedures that it will follow in transmitting, within a reasonable period of time after receiving a request, copies of public records by United States mail or by any other means of delivery or transmission pursuant to division (B)(7) of this section. A public office that adopts a policy and procedures under division (B)(7) of this section shall comply with them in performing its duties under that division.

(c) In any policy and procedures adopted under division (B)(7) of this section:

(i) A public office may limit the number of records requested

(ii) A public office that chooses to provide some or all of its public records on a web site that is fully accessible to and searchable by members of the public at all times, other than during acts of God outside the public office's control or maintenance, and that charges no fee to search, access, download, or otherwise receive records provided on the web site, may limit to ten per month the number of records requested by a person that the office will deliver in a digital format, unless the requested records are not provided on the web site and unless the person certifies to the office in writing that the person does not intend to use or forward the requested records, or the information contained in them, for commercial purposes.

(iii) For purposes of division (B)(7) of this section, "commercial" shall be narrowly construed and does not include reporting or gathering news, reporting or gathering information to assist citizen oversight or understanding of the operation or activities of government, or nonprofit educational research.

(8) A public office or person responsible for public records is not required to permit a person who is incarcerated pursuant to a criminal conviction or a juvenile adjudication to inspect or to obtain a copy of any public record concerning a criminal investigation or prosecution or concerning what would be a criminal investigation or prosecution if the subject of the investigation or prosecution were an adult, unless the request to inspect or to obtain a copy of the record is for the purpose of acquiring information that is subject to release as a public record under this section and the judge who imposed the sentence
or made the adjudication with respect to the person, or the
judge's successor in office, finds that the information sought in
the public record is necessary to support what appears to be a
justiciable claim of the person.

(9)(a) Upon written request made and signed by a journalist
on or after December 16, 1999, a public office, or person
responsible for public records, having custody of the records of

attorney, correctional employee, community-based correctional
facility employee, youth services employee, firefighter, EMT,

investigation, or federal law enforcement officer and, if the

and address of the employer of the peace officer's, parole
officer's, probation officer's, bailiff's, prosecuting attorney's,
assistant prosecuting attorney's, correctional employee's,
community-based correctional facility employee's, youth services
employee's, firefighter's, EMT's, investigator of the bureau of
criminal identification and investigation's, or federal law
enforcement officer's spouse, former spouse, or child. The request shall include the journalist's name and title and the name and address of the journalist's employer and shall state that disclosure of the information sought would be in the public interest.

(b) Division (B)(9)(a) of this section also applies to journalist requests for customer information maintained by a municipally owned or operated public utility, other than social security numbers and any private financial information such as credit reports, payment methods, credit card numbers, and bank account information.

(c) As used in division (B)(9) of this section, "journalist" means a person engaged in, connected with, or employed by any news medium, including a newspaper, magazine, press association, news agency, or wire service, a radio or television station, or a similar medium, for the purpose of gathering, processing, transmitting, compiling, editing, or disseminating information for the general public.

(C)(1) If a person allegedly is aggrieved by the failure of a public office or the person responsible for public records to promptly prepare a public record and to make it available to the person for inspection in accordance with division (B) of this section or by any other failure of a public office or the person responsible for public records to comply with an obligation in accordance with division (B) of this section, the person allegedly aggrieved may do only one of the following, and not both:

(a) File a complaint with the clerk of the court of claims or the clerk of the court of common pleas under section 2743.75 of the Revised Code;

(b) Commence a mandamus action to obtain a judgment that orders the public office or the person responsible for the public...
record to comply with division (B) of this section, that awards court costs and reasonable attorney's fees to the person that instituted the mandamus action, and, if applicable, that includes an order fixing statutory damages under division (C)(2) of this section. The mandamus action may be commenced in the court of common pleas of the county in which division (B) of this section allegedly was not complied with, in the supreme court pursuant to its original jurisdiction under Section 2 of Article IV, Ohio Constitution, or in the court of appeals for the appellate district in which division (B) of this section allegedly was not complied with pursuant to its original jurisdiction under Section 3 of Article IV, Ohio Constitution.

(2) If a requester transmits a written request by hand delivery or certified mail to inspect or receive copies of any public record in a manner that fairly describes the public record or class of public records to the public office or person responsible for the requested public records, except as otherwise provided in this section, the requester shall be entitled to recover the amount of statutory damages set forth in this division if a court determines that the public office or the person responsible for public records failed to comply with an obligation in accordance with division (B) of this section.

The amount of statutory damages shall be fixed at one hundred dollars for each business day during which the public office or person responsible for the requested public records failed to comply with an obligation in accordance with division (B) of this section, beginning with the day on which the requester files a mandamus action to recover statutory damages, up to a maximum of one thousand dollars. The award of statutory damages shall not be construed as a penalty, but as compensation for injury arising from lost use of the requested information. The existence of this injury shall be conclusively presumed. The award of statutory
damages shall be in addition to all other remedies authorized by this section.

The court may reduce an award of statutory damages or not award statutory damages if the court determines both of the following:

(a) That, based on the ordinary application of statutory law and case law as it existed at the time of the conduct or threatened conduct of the public office or person responsible for the requested public records that allegedly constitutes a failure to comply with an obligation in accordance with division (B) of this section and that was the basis of the mandamus action, a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records did not constitute a failure to comply with an obligation in accordance with division (B) of this section;

(b) That a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(3) In a mandamus action filed under division (C)(1) of this section, the following apply:

(a)(i) If the court orders the public office or the person responsible for the public record to comply with division (B) of this section, the court shall determine and award to the relator all court costs, which shall be construed as remedial and not punitive.

(ii) If the court makes a determination described in division
(C) (3) (b) (iii) of this section, the court shall determine and
award to the relator all court costs, which shall be construed as
remedial and not punitive.

(b) If the court renders a judgment that orders the public
office or the person responsible for the public record to comply
with division (B) of this section or if the court determines any
of the following, the court may award reasonable attorney's fees
to the relator, subject to the provisions of division (C) (4) of
this section:

(i) The public office or the person responsible for the
public records failed to respond affirmatively or negatively to
the public records request in accordance with the time allowed
under division (B) of this section.

(ii) The public office or the person responsible for the
public records promised to permit the relator to inspect or
receive copies of the public records requested within a specified
period of time but failed to fulfill that promise within that
specified period of time.

(iii) The public office or the person responsible for the
public records acted in bad faith when the office or person
voluntarily made the public records available to the relator for
the first time after the relator commenced the mandamus action,
but before the court issued any order concluding whether or not
the public office or person was required to comply with division
(B) of this section. No discovery may be conducted on the issue of
the alleged bad faith of the public office or person responsible
for the public records. This division shall not be construed as
creating a presumption that the public office or the person
responsible for the public records acted in bad faith when the
office or person voluntarily made the public records available to
the relator for the first time after the relator commenced the
mandamus action, but before the court issued any order described
in this division.

(c) The court shall not award attorney's fees to the relator if the court determines both of the following:

(i) That, based on the ordinary application of statutory law and case law as it existed at the time of the conduct or threatened conduct of the public office or person responsible for the requested public records that allegedly constitutes a failure to comply with an obligation in accordance with division (B) of this section and that was the basis of the mandamus action, a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records did not constitute a failure to comply with an obligation in accordance with division (B) of this section;

(ii) That a well-informed public office or person responsible for the requested public records reasonably would believe that the conduct or threatened conduct of the public office or person responsible for the requested public records would serve the public policy that underlies the authority that is asserted as permitting that conduct or threatened conduct.

(4) All of the following apply to any award of reasonable attorney's fees awarded under division (C)(3)(b) of this section:

(a) The fees shall be construed as remedial and not punitive.

(b) The fees awarded shall not exceed the total of the reasonable attorney's fees incurred before the public record was made available to the relator and the fees described in division (C)(4)(c) of this section.

(c) Reasonable attorney's fees shall include reasonable fees incurred to produce proof of the reasonableness and amount of the fees and to otherwise litigate entitlement to the fees.
(d) The court may reduce the amount of fees awarded if the
court determines that, given the factual circumstances involved
with the specific public records request, an alternative means
should have been pursued to more effectively and efficiently
resolve the dispute that was subject to the mandamus action filed
under division (C)(1) of this section.

(5) If the court does not issue a writ of mandamus under
division (C) of this section and the court determines at that time
that the bringing of the mandamus action was frivolous conduct as
declared in division (A) of section 2323.51 of the Revised Code,
the court may award to the public office all court costs,
expenses, and reasonable attorney's fees, as determined by the
court.

(D) Chapter 1347. of the Revised Code does not limit the
provisions of this section.

(E)(1) To ensure that all employees of public offices are
appropriately educated about a public office's obligations under
division (B) of this section, all elected officials or their
appropriate designees shall attend training approved by the
attorney general as provided in section 109.43 of the Revised
Code. In addition, all public offices shall adopt a public records
policy in compliance with this section for responding to public
records requests. In adopting a public records policy under this
division, a public office may obtain guidance from the model
public records policy developed and provided to the public office
by the attorney general under section 109.43 of the Revised Code.
Except as otherwise provided in this section, the policy may not
limit the number of public records that the public office will
make available to a single person, may not limit the number of
public records that it will make available during a fixed period
of time, and may not establish a fixed period of time before it
will respond to a request for inspection or copying of public
records, unless that period is less than eight hours.

(2) The public office shall distribute the public records policy adopted by the public office under division (E)(1) of this section to the employee of the public office who is the records custodian or records manager or otherwise has custody of the records of that office. The public office shall require that employee to acknowledge receipt of the copy of the public records policy. The public office shall create a poster that describes its public records policy and shall post the poster in a conspicuous place in the public office and in all locations where the public office has branch offices. The public office may post its public records policy on the internet web site of the public office if the public office maintains an internet web site. A public office that has established a manual or handbook of its general policies and procedures for all employees of the public office shall include the public records policy of the public office in the manual or handbook.

(F)(1) The bureau of motor vehicles may adopt rules pursuant to Chapter 119. of the Revised Code to reasonably limit the number of bulk commercial special extraction requests made by a person for the same records or for updated records during a calendar year. The rules may include provisions for charges to be made for bulk commercial special extraction requests for the actual cost of the bureau, plus special extraction costs, plus ten per cent. The bureau may charge for expenses for redacting information, the release of which is prohibited by law.

(2) As used in division (F)(1) of this section:

(a) "Actual cost" means the cost of depleted supplies, records storage media costs, actual mailing and alternative delivery costs, or other transmitting costs, and any direct equipment operating and maintenance costs, including actual costs paid to private contractors for copying services.
(b) "Bulk commercial special extraction request" means a request for copies of a record for information in a format other than the format already available, or information that cannot be extracted without examination of all items in a records series, class of records, or database by a person who intends to use or forward the copies for surveys, marketing, solicitation, or resale for commercial purposes. "Bulk commercial special extraction request" does not include a request by a person who gives assurance to the bureau that the person making the request does not intend to use or forward the requested copies for surveys, marketing, solicitation, or resale for commercial purposes.

(c) "Commercial" means profit-seeking production, buying, or selling of any good, service, or other product.

(d) "Special extraction costs" means the cost of the time spent by the lowest paid employee competent to perform the task, the actual amount paid to outside private contractors employed by the bureau, or the actual cost incurred to create computer programs to make the special extraction. The hearing shall be conducted in accordance with Chapter 119. of the Revised Code. If the contractor does not respond with a request for a hearing in the manner specified in Chapter 119. of the Revised Code, the executive director shall issue the debarment decision without a hearing and shall notify the contractor of the decision by certified mail, return receipt requested.

(D) The executive director shall determine the length of the debarment period and may rescind the debarment at any time upon notification to the contractor. After the debarment period expires, the contractor shall be eligible to bid for and participate in such contracts.
(D) The executive director shall maintain a list of all contractors currently debarred under this section. (C) The holders or owners of such obligations shall have no right to have moneys raised by taxation obligated or pledged, and moneys raised by taxation shall not be obligated or pledged, for the payment of bond service charges. Such holders or owners shall have no rights to payment of bond service charges from any moneys accruing to the state from the lease, sale, or other disposition, or use, of project facilities, or from payment of the principal of or interest on loans made, or fees charged for guarantees made, or from any money or property received by the director, treasurer of state, or the state under Chapter 122 of the Revised Code, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations and except as otherwise expressly provided in the applicable bond proceedings pursuant to written directions by the director. The right of such holders and owners to payment of bond service charges is limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings in accordance with this section, and each such obligation shall bear on its face a statement to that effect.

(D) Obligations shall be authorized by resolution or order of the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding twenty-five years from the date of issuance, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. Sections 9.98 to 9.983 of the
Revised Code are applicable to obligations issued under this section, subject to any applicable limitation under section 166.11 of the Revised Code. The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings also shall provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the issuing authority may determine, of the pledged receipts and the applicable special fund or funds to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments, and may be made to secure the obligations on a parity with obligations theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledged receipts and special funds so pledged and thereafter received by the state are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement or other document with respect thereto; and the pledge of such pledged receipts and special funds is effective and the money therefrom and thereof may be applied to the purposes for which pledged without necessity for any act of appropriation. Every pledge, and every covenant and agreement made with respect thereto, made in the bond proceedings may therein be extended to the benefit of the owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.
(E) The bond proceedings may contain additional provisions as to:

(1) The redemption of obligations prior to maturity at the option of the issuing authority at such price or prices and under such terms and conditions as are provided in the bond proceedings;

(2) Other terms of the obligations;

(4) The terms of any trust agreement or indenture securing the obligations or under which the same may be issued;

(5) The deposit, investment and application of special funds, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131. or 135. of the Revised Code, but subject to any special provisions of this chapter, with respect to particular funds or moneys, provided that any bank or trust company which acts as depository of any moneys in the special funds may furnish such indemnifying bonds or may pledge such securities as required by the issuing authority;

(6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor, including the assignment of mortgages or other security obtained or to be obtained for loans under section 122.43, 166.07, or 166.16 of the Revised Code.

(F) The obligations may have the great seal of the state or a
facsimile thereof affixed thereto or printed thereon. The 8055
obligations and any coupons pertaining to obligations shall be 8056
signed or bear the facsimile signature of the issuing authority. 8057
Any obligations or coupons may be executed by the person who, on 8058
the date of execution, is the proper issuing authority although on 8059
the date of such bonds or coupons such person was not the issuing 8060
authority. If the issuing authority whose signature or a facsimile 8061
of whose signature appears on any such obligation or coupon ceases 8062
to be the issuing authority before delivery thereof, such 8063
signature or facsimile is nevertheless valid and sufficient for 8064
all purposes as if the former issuing authority had remained the 8065
issuing authority until such delivery; and if the seal to be 8066
affixed to obligations has been changed after a facsimile of the 8067
seal has been imprinted on such obligations, such facsimile seal 8068
shall continue to be sufficient as to such obligations and 8069
obligations issued in substitution or exchange therefor. 8070

(G) All obligations are negotiable instruments and securities 8071
under Chapter 1308. of the Revised Code, subject to the provisions 8072
of the bond proceedings as to registration. The obligations may be 8073
issued in coupon or in registered form, or both, as the issuing 8074
authority determines. Provision may be made for the registration 8075
of any obligations with coupons attached thereto as to principal 8076
alone or as to both principal and interest, their exchange for 8077
obligations so registered, and for the conversion or reconversion 8078
into obligations with coupons attached thereto of any obligations 8079
registered as to both principal and interest, and for reasonable 8080
charges for such registration, exchange, conversion, and 8081
reconversion.

(H) Obligations may be sold at public sale or at private 8082
sale, as determined in the bond proceedings.

Obligations issued to provide moneys for the loan guarantee 8083
fund or the innovation Ohio loan guarantee fund may, as determined 8084
by the issuing authority, be sold at private sale, and without publication of a notice of sale.

(I) Pending preparation of definitive obligations, the issuing authority may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations may be secured additionally by a trust agreement or indenture between the issuing authority and a corporate trustee which may be any trust company or bank having a place of business within the state. Any such agreement or indenture may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions which are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

(3) The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;
(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holders of obligations or trustees under the bond proceedings, except to the extent that their rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the director of development, the Ohio air quality development authority, or the division of liquor control required by this chapter or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the director of development, the Ohio air quality development authority, or the division of liquor control in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the issuing authority or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any project facilities.
Each duty of the issuing authority and the issuing authority's officers and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or lease, lease-purchase agreement, or loan made under authority of this chapter, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) The issuing authority may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the issuing authority. Such obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums thereon, principal maturities of any such obligations maturing prior to the redemption of the remaining obligations on a parity therewith, interest accrued or to accrue to the maturity dates or dates of redemption of such obligations, and any allowable costs including expenses incurred or to be incurred in connection with such issuance and such refunding, funding, and retirement. Subject to the bond proceedings therefor, the portion of proceeds of the sale of obligations issued under this division to be applied to bond service charges on the prior obligations shall be credited to an appropriate account held by the trustee for such prior or new obligations or to the appropriate account in
the bond service fund for such obligations. Obligations authorized under this division shall be deemed to be issued for those purposes for which such prior obligations were issued and are subject to the provisions of this section pertaining to other obligations, except as otherwise provided in this section; provided that, unless otherwise authorized by the general assembly, any limitations imposed by the general assembly pursuant to this section with respect to bond service charges applicable to the prior obligations shall be applicable to the obligations issued under this division to refund, fund, advance refund or retire such prior obligations.

(M) The authority to issue obligations under this section includes authority to issue obligations in the form of bond anticipation notes and to renew the same from time to time by the issuance of new notes. The holders of such notes or interest coupons pertaining thereto shall have a right to be paid solely from the pledged receipts and special funds that may be pledged to the payment of the bonds anticipated, or from the proceeds of such bonds or renewal notes, or both, as the issuing authority provides in the resolution or order authorizing such notes. Such notes may be additionally secured by covenants of the issuing authority to the effect that the issuing authority and the state will do such or all things necessary for the issuance of such bonds or renewal notes in appropriate amount, and apply the proceeds thereof to the extent necessary, to make full payment of the principal of and interest on such notes at the time or times contemplated, as provided in such resolution or order. For such purpose, the issuing authority may issue bonds or renewal notes in such principal amount and upon such terms as may be necessary to provide funds to pay when required the principal of and interest on such notes, notwithstanding any limitations prescribed by or for purposes of this section. Subject to this division, all provisions for and references to obligations in this section are
applicable to notes authorized under this division.

The issuing authority in the bond proceedings authorizing the issuance of bond anticipation notes shall set forth for such bonds an estimated interest rate and a schedule of principal payments for such bonds and the annual maturity dates thereof, and for purposes of any limitation on bond service charges prescribed under division (A) of section 166.11 of the Revised Code, the amount of bond service charges on such bond anticipation notes is deemed to be the bond service charges for the bonds anticipated thereby as set forth in the bond proceedings applicable to such notes, but this provision does not modify any authority in this section to pledge receipts and special funds to, and covenant to issue bonds to fund, the payment of principal of and interest and any premium on such notes.

(N) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and are also acceptable as security for the deposit of public moneys.

(O) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or
on behalf of the issuing authority only in notes, bonds, or other
obligations of the United States, or of any agency or
instrumentality of the United States, obligations guaranteed as to
principal and interest by the United States, obligations of this
state or any political subdivision of this state, and certificates
of deposit of any national bank located in this state and any
bank, as defined in section 1101.01 of the Revised Code, subject
to inspection by the superintendent of banks. If the law or the
instrument creating a trust pursuant to division (J) of this
section expressly permits investment in direct obligations of the
United States or an agency of the United States, unless expressly
prohibited by the instrument, such moneys also may be invested in
no-front-end-load money market mutual funds consisting exclusively
of obligations of the United States or an agency of the United
States and in repurchase agreements, including those issued by the
fiduciary itself, secured by obligations of the United States or
an agency of the United States; and in common trust funds
established in accordance with section 1111.20 of the Revised Code
and consisting exclusively of any such securities, notwithstanding
division (A)(4) of that section. The income from such investments
shall be credited to such funds as the issuing authority
determines, and such investments may be sold at such times as the
issuing authority determines or authorizes.

(P) Provision may be made in the applicable bond proceedings
for the establishment of separate accounts in the bond service
fund and for the application of such accounts only to the
specified bond service charges on obligations pertinent to such
accounts and bond service fund and for other accounts therein
within the general purposes of such fund. Unless otherwise
provided in any applicable bond proceedings, moneys to the credit
of or in the several special funds established pursuant to this
section shall be disbursed on the order of the treasurer of state,
provided that no such order is required for the payment from the
bond service fund when due of bond service charges on obligations.

(Q) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions are controlling notwithstanding any other provisions of law pertaining thereto.

(R) The issuing authority may covenant in the bond proceedings, and any such covenants are controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be charged and collected wholesale and retail prices for spirituous liquor sold by the state or its agents so that the pledged receipts are sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond proceedings, and, as necessary, to meet covenants contained in contracts of guarantee made under section 166.06 of the Revised Code;

(2) Take or permit no action, by statute or otherwise, that would impair the exemption from federal income taxation of the interest on the obligations.

(S) There is hereby created the economic development bond service fund, which shall be in the custody of the treasurer of state but shall be separate and apart from and not a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable
bond proceedings, consistent with this section, to be deposited, transferred, or credited to a bond service fund or the economic development bond service fund, and all other moneys transferred or allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation. (3) Unless the applicant or employee meets standards specified in rules adopted under this section, the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(C) A responsible party or a responsible party's designee shall inform each applicant of both of the following at the time of the applicant's initial application for employment in a position that involves providing ombudsman services to residents and recipients:

If rules adopted under this section so require, the responsible party or designee shall...
request that the superintendent conduct a criminal records check of an employee at times specified in the rules as a condition of the responsible party continuing to employ the employee in a position that involves providing ombudsman services to residents and recipients. However, the responsible party or designee is not required to request the criminal records check of the applicant or employee if the responsible party is prohibited by division (B)(1) of this section from employing the applicant or continuing to employ the employee in a position that involves providing ombudsman services to residents and recipients. If an applicant or employee for whom a criminal records check request is required by this section does not present proof of having been a resident of this state for the five-year period immediately prior to the date the criminal records check is requested or provide evidence that within that five-year period the superintendent has requested information about the applicant or employee from the federal bureau of investigation in a criminal records check, the responsible party or designee shall request that the superintendent obtain information from the federal bureau of investigation as part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof of having been a resident of this state for the five-year period, the responsible party or designee may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(F)(1) A responsible party may employ conditionally an applicant for whom a criminal records check is required by this section prior to obtaining the results of the criminal records check if both of the following apply:

(2) A responsible party shall terminate the employment of an applicant employed conditionally under division (F)(1) of this section if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty
days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the responsible party shall terminate the applicant's employment unless the applicant meets standards specified in rules adopted under this section that permit the responsible party to employ the applicant and the responsible party chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the responsible party or designee about the applicant's criminal record.

(1) If the responsible party employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the responsible party shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.

(2) If the responsible party employed the applicant in good faith on a conditional basis pursuant to division (F) of this section, the responsible party shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.

(3) If the responsible party in good faith employed the applicant or employee because the applicant or employee meets standards specified in rules adopted under this section, the responsible party shall not be found negligent solely because the applicant or employee has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.
(I) The state long-term care ombudsman may not act as the
director of aging's designee for the purpose of this section. The
head of a regional long-term care ombudsman program may not act as
the regional program's designee for the purpose of this section if
the head is the employee for whom a database review or criminal
records check is being conducted.

(J) The director of aging shall adopt rules in accordance
with Chapter 119. of the Revised Code to implement this section.

specify other databases that are to be checked as part of a
database review conducted under this section.

section;

reviews and criminal records checks under this section, the times
at which the database reviews and criminal records checks are to
be conducted;

(c) If the rules specify other databases to be checked as
part of the database reviews, the circumstances under which a
responsible party is prohibited from employing an applicant or
continuing to employ an employee who is found by a database review
to be included in one or more of those databases;

(d) Standards that an applicant or employee must meet for a
responsible party to be permitted to employ the applicant or continue to employ the employee in a position that involves providing ombudsman services to residents and recipients if the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

this section prior to obtaining the results of the criminal
records check if the responsible party is not prohibited by
division (C)(1) of this section from employing the applicant in a
direct-care position and either of the following applies:
(a) The chief administrator of the responsible party requests
the criminal records check in accordance with division (F) of this
section not later than five business days after the applicant
begins conditional employment.

(b) The applicant is referred to the responsible party by an
employment service, the employment service or the applicant
provides the chief administrator of the responsible party a letter
that is on the letterhead of the employment service, the letter is
dated and signed by a supervisor or another designated official of
the employment service, and the letter states all of the
following:

(i) That the employment service has requested the
superintendent to conduct a criminal records check regarding the
applicant;

(ii) That the requested criminal records check is to include

Any such assignment and sale shall be irrevocable in accordance with its terms during the period any obligations secured by amounts so assigned and sold are outstanding under the applicable bond proceedings, and shall constitute a contractual obligation to the holders or owners of those obligations. Any such assignment and sale shall also be treated as an absolute transfer and true sale for all purposes, and not as a pledge or other security interest. The characterization of any such assignment and sale as a true sale and absolute transfer shall not be negated or adversely affected by only a portion of the amounts to be received under the tobacco master settlement agreement being transferred, the acquisition or retention by the state of a residual interest, the participation of any state officer or employee as a member or officer of, or providing staff support to, the issuing authority, any responsibility of an officer or employee of the state for collecting the amounts to be received under the tobacco master settlement agreement or otherwise enforcing that agreement or retaining any legal title to or interest in any portion of the amounts to be received under that agreement for the purpose of these collection activities, any characterization of the issuing authority or its obligations for purposes of accounting, taxation, or securities regulation, or by any other factors whatsoever. Upon and following the assignment and sale, the state shall not have any right,
title, or interest in the portion of the receipts under the tobacco master settlement agreement so assigned and sold, other than any residual interest that may be described in the applicable bond proceedings for those obligations, and that portion, if any, shall be the property of the issuing authority and not of the state, and shall be paid directly to the issuing authority, and shall be owned, received, held, and disbursed by the issuing authority and not by the state.

The state may covenant, pledge, and agree in the bond proceedings, with and for the benefit of the issuing authority, the holders and owners of obligations, and providers of any credit enhancement facilities, that it shall: (1) maintain statutory authority for, and cause to be collected and paid directly to the issuing authority or its assignee, the pledged receipts, (2) enforce the rights of the issuing authority to receive the receipts under the tobacco master settlement agreement assigned and sold to the issuing authority, (3) not materially impair the rights of the issuing authority to fulfill the terms of its agreements with the holders or owners of outstanding obligations under the bond proceedings, (4) not materially impair the rights and remedies of the holders or owners of outstanding obligations or materially impair the security for those outstanding obligations, and (5) enforce Chapter 1346. of the Revised Code, the tobacco master settlement agreement, and the consent decree to effectuate the collection of the pledged tobacco settlement receipts. The bond proceedings may provide or authorize the manner for determining material impairment of the security for any outstanding obligations, including by assessing and evaluating the pledged receipts in the aggregate.

As further provided for in division (H) of this section, the bond proceedings may also include such other covenants, pledges, and agreements by the state to protect and safeguard the security
and rights of the holders and owners of the obligations, and of
the providers of any credit enhancement facilities, including,
without limiting the generality of the foregoing, any covenant,
pledge, or agreement customary in transactions involving the
issuance of securities the debt service on which is payable from
or secured by amounts received under the tobacco master settlement
agreement. Notwithstanding any other provision of law, any
covenant, pledge, and agreement of the state, if and when made in
the bond proceedings, shall be controlling and binding upon, and
enforceable against the state in accordance with its terms for so
long as any obligations are outstanding under the applicable bond
proceedings. The bond proceedings may also include limitations on
the remedies available to the issuing authority, the holders and
owners of the obligations, and the providers of any credit
enhancement facilities, including, without limiting the generality
of the foregoing, a provision that those remedies may be limited
to injunctive relief in circumstances where there has been no
prior determination by a court of competent jurisdiction that the
state has not enforced Chapter 1346. of the Revised Code, the
tobacco master settlement agreement, or the consent decree as may
have been covenanted or agreed in the bond proceedings under
division (B)(5) of this section.

Nothing in this section or the bond proceedings shall
preclude or limit, or be construed to preclude or limit, the state
from regulating or authorizing or permitting the regulation of
smoking or from taxing and regulating the sale of cigarettes or
other tobacco products, or from defending or prosecuting cases or
other actions relating to the sale or use of cigarettes or other
tobacco products. Except as otherwise may be agreed in writing by
the attorney general, nothing in this section or the bond
proceedings shall modify or limit, or be construed to modify or
limit, the responsibility, power, judgment, and discretion of the
attorney general to protect and discharge the duties, rights, and
obligations of the state under the tobacco master settlement agreement, the consent decree, or Chapter 1346. of the Revised Code.

The governor and the director of budget and management, in consultation with the attorney general, on behalf of the state, and any member or officer of the issuing authority as authorized by that issuing authority, on behalf of the issuing authority, may take any action and execute any documents, including any purchase and sale agreements, necessary to effect the assignment and sale and the acceptance of the assignment and title to the receipts including, providing irrevocable direction to the escrow agent acting under the tobacco master settlement agreement to transfer directly to the issuing authority the amounts to be received under that agreement that are subject to such assignment and sale. Any purchase and sale agreement or other bond proceedings may contain the terms and conditions established by the state and the issuing authority to carry out and effectuate the purposes of this section, including, without limitation, covenants binding the state in favor of the issuing authority and its assignees and the owners of the obligations. Any such purchase and sale agreement shall be sufficient to effectuate such purchase and sale without regard to any other laws governing other property sales or financial transactions by the state.

Not later than two years following the date on which there are no longer any obligations outstanding under the bond proceedings, all assets of the issuing authority shall vest in the state, the issuing authority shall execute any necessary assignments or instruments, including any assignment of any right, title, or ownership to the state for receipt of amounts under the tobacco master settlement agreement, and the issuing authority shall be dissolved.

(C) The issuing authority is authorized to issue and to sell
obligations as provided in this section. The aggregate principal
amount of obligations issued under this section shall not exceed
six billion dollars, exclusive of obligations issued under
division (M)(1) of this section to refund, renew, or advance
refund other obligations issued or incurred. At least seventy-five
per cent of the aggregate net proceeds of the obligations issued
under the authority of this section, exclusive of obligations
issued to refund, renew, or advance refund other obligations,
shall be paid to the state for deposit into the school building
program assistance fund created in section 3318.25 of the Revised
Code.

(D) Each issue of obligations shall be authorized by
resolution or order of the issuing authority. The bond proceedings
shall provide for or authorize the manner for determining the
principal amount or maximum principal amount of obligations of an
issue, the principal maturity or maturities, the interest rate or
rates, the date of and the dates of payment of interest on the
obligations, their denominations, and the place or places of
payment of debt service which may be within or outside the state.
Unless otherwise provided by law, the latest principal maturity
may not be later than the earlier of the thirty-first day of
December of the fiftieth calendar year after the year of issuance
of the particular obligations or of the fiftieth calendar year
after the year in which the original obligation to pay was issued
or entered into. Sections 9.96, 9.98, 9.981, 9.982, and 9.983 of
the Revised Code apply to the obligations.

The purpose of the obligations may be stated in the bond
proceedings in general terms, such as, as applicable, "paying
costs of capital facilities for a system of common schools" and
"paying costs of facilities for state-supported and state-assisted
institutions of higher education." Unless otherwise provided in
the bond proceedings or in division (C) of this section, the net
proceeds from the issuance of the obligations shall be paid to the
state for deposit into the applicable improvement fund. In
addition to the investments authorized in Chapter 135. of the
Revised Code, the net proceeds held in an improvement fund may be
invested by the treasurer of state in guaranteed investment
contracts with providers rated at the time of any investment in
the three highest rating categories by two nationally recognized
rating agencies, all subject to the terms and conditions set forth
in those agreements or the bond proceedings. Notwithstanding
anything to the contrary in Chapter 3318. of the Revised Code, net
proceeds of obligations deposited into the school building program
assistance fund created in section 3318.25 of the Revised Code may
be used to pay basic project costs under that chapter at the times
determined by the Ohio school facilities construction commission
without regard to whether those expenditures are in proportion to
the state's and the school district's respective shares of that
basic project cost; provided that this shall not result in any
change in the state or school district shares of the basic project
costs as determined under that chapter. As used in the preceding
sentence, "Ohio school facilities construction commission" and
"basic project costs" have the same meanings as in section 3318.01
of the Revised Code.

(E) The issuing authority may, without need for any other
approval, appoint or provide for the appointment of paying agents,
bond registrars, securities depositories, credit enhancement
providers or counterparties, clearing corporations, and transfer
agents, and retain or contract for the services of underwriters,
investment bankers, financial advisers, accounting experts,
marketing, remarketing, indexing, and administrative agents, other
consultants, and independent contractors, including printing
services, as are necessary in the judgment of the issuing
authority to carry out the issuing authority's functions under
this section and section 183.52 of the Revised Code. The attorney
general as counsel to the issuing authority shall represent the
authority in the execution of its powers and duties, and shall
institute and prosecute all actions on its behalf. The issuing
authority, in consultation with the attorney general, shall select
counsel, and the attorney general shall appoint the counsel
selected, for the purposes of carrying out the functions under
this section and related sections of the Revised Code. Financing
costs are payable, as may be provided in the bond proceedings,
from the proceeds of the obligations, from special funds, or from
other moneys available for the purpose, including as to future
financing costs, from the pledged receipts.

(F) The issuing authority may irrevocably pledge and assign
all, or such portion as the issuing authority determines, of the
pledged receipts to the payment of the debt service charges on
obligations issued under this section, and for the establishment
and maintenance of any reserves, as provided in the bond
proceedings, and make other provisions in the bond proceedings
with respect to pledged receipts as authorized by this section,
which provisions are controlling notwithstanding any other
provisions of law pertaining to them. Any and all pledged receipts
received by the issuing authority and required by the bond
proceedings, consistent with this section, to be deposited,
transferred, or credited to the bond service fund, and all other
money transferred or allocated to or received for the purposes of
that fund, shall be deposited and credited to the bond service
fund created in the bond proceedings for the obligations, subject
to any applicable provisions of those bond proceedings, but
without necessity for any act of appropriation. Those pledged
receipts shall immediately be subject to the lien of that pledge
without any physical delivery thereof or further act, and shall
not be subject to other court judgments. The lien of the pledge of
those pledged receipts shall be valid and binding against all
parties having claims of any kind against the issuing authority,
irrespective of whether those parties have notice thereof. The pledge shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code and a perfected lien for purposes of any other interest, all without the necessity for separation or delivery of funds or for the filing or recording of the applicable bond proceedings by which that pledge is created or any certificate, statement, or other document with respect thereto. The pledge of the pledged receipts shall be effective and the money therefrom and thereof may be applied to the purposes for which pledged.

(G) Obligations may be further secured, as determined by the issuing authority, by an indenture or a trust agreement between the issuing authority and a corporate trustee, which may be any trust company or bank having a place of business within the state. Any indenture or trust agreement may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions that are customary or appropriate in an agreement of that type, including, but not limited to:

(1) Maintenance of each pledge, indenture, trust agreement, or other instrument comprising part of the bond proceedings until the issuing authority has fully paid or provided for the payment of debt service on the obligations secured by it;

(2) In the event of default in any payments required to be made by the bond proceedings, enforcement of those payments or agreements by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of them;

(3) The rights and remedies of the holders or owners of obligations and of the trustee and provisions for protecting and enforcing them, including limitations on rights of individual holders and owners.
(H) The bond proceedings may contain additional provisions customary or appropriate to the financing or to the obligations or to particular obligations including, but not limited to, provisions for:

(1) The redemption of obligations prior to maturity at the option of the issuing authority or of the holder or upon the occurrence of certain conditions, and at a particular price or prices and under particular terms and conditions;

(2) The form of and other terms of the obligations;

(3) The establishment, deposit, investment, and application of special funds, and the safeguarding of moneys on hand or on deposit, in lieu of the applicability of provisions of Chapter 131. or 135. of the Revised Code, but subject to any special provisions of this section with respect to the application of particular funds or moneys. Any financial institution that acts as a depository of any moneys in special funds or other funds under the bond proceedings may furnish indemnifying bonds or pledge securities as required by the issuing authority.

(4) Any or every provision of the bond proceedings being binding upon the issuing authority and upon such governmental agency or entity, officer, board, authority, agency, department, institution, district, or other person or body as may from time to time be authorized to take actions as may be necessary to perform all or any part of the duty required by the provision;

(5) The maintenance of each pledge or instrument comprising part of the bond proceedings until the issuing authority has fully paid or provided for the payment of the debt service on the obligations or met other stated conditions;

(6) In the event of default in any payments required to be made by the bond proceedings, or by any other agreement of the issuing authority made as part of a contract under which the
obligations were issued or secured, including a credit enhancement facility, the enforcement of those payments by mandamus, a suit in equity, an action at law, or any combination of those remedial actions;

(7) The rights and remedies of the holders or owners of obligations or of book-entry interests in them, and of third parties under any credit enhancement facility, and provisions for protecting and enforcing those rights and remedies, including limitations on rights of individual holders or owners;

(8) The replacement of mutilated, destroyed, lost, or stolen obligations;

(9) The funding, refunding, or advance refunding, or other provision for payment, of obligations that will then no longer be outstanding for purposes of this section or of the applicable bond proceedings;

(10) Amendment of the bond proceedings;

(11) Any other or additional agreements with the owners of obligations, and such other provisions as the issuing authority determines, including limitations, conditions, or qualifications, relating to any of the foregoing or the activities of the issuing authority in connection therewith.

The bond proceedings shall make provision for the payment of the expenses of the enforcement activity of the attorney general referred to in division (B) of this section from the amounts from the tobacco master settlement agreement assigned and sold to the issuing authority under that division or from the proceeds of obligations, or a combination thereof, which may include provision for both annual payments and a special fund providing reserve amounts for the payment of those expenses.

The issuing authority shall not, and shall covenant in the bond proceedings that it shall not, be authorized to and shall not
file a voluntary petition under the United States Bankruptcy Code, 11 U.S.C. 101 et seq., as amended, or voluntarily commence any similar bankruptcy proceeding under state law including, without limitation, consenting to the appointment of a receiver or trustee or making a general or specific assignment for the benefit of creditors, and neither any public officer or any organization, entity, or other person shall authorize the issuing authority to be or become a debtor under the United States Bankruptcy Code or take any of those actions under the United States Bankruptcy Code or state law. The state hereby covenants, and the issuing authority shall covenant, with the holders or owners of the obligations, that the state shall not permit the issuing authority to file a voluntary petition under the United States Bankruptcy Code or take any of those actions under the United States Bankruptcy Code or state law during the period obligations are outstanding and for any additional period for which the issuing authority covenants in the bond proceedings, which additional period may, but need not, be a period of three hundred sixty-seven days or more.

(I) The obligations requiring execution by or for the issuing authority shall be signed as provided in the bond proceedings, and may bear the official seal of the issuing authority or a facsimile thereof. Any obligation may be signed by the individual who, on the date of execution, is the authorized signer even though, on the date of the obligations, that individual is not an authorized signer. In case the individual whose signature or facsimile signature appears on any obligation ceases to be an authorized signer before delivery of the obligation, that signature or facsimile is nevertheless valid and sufficient for all purposes as if that individual had remained the authorized signer until delivery.

(J) Obligations are investment securities under Chapter 1308.
of the Revised Code. Obligations may be issued in bearer or in
registered form, registrable as to principal alone or as to both
principal and interest, or both, or in certificated or
uncertificated form, as the issuing authority determines.

obligations and for reasonable charges for registration, exchange,
conversion, and transfer. Pending preparation of final
obligations, the issuing authority may provide for the issuance of
interim instruments to be exchanged for the final obligations.

(K) Obligations may be sold at public sale or at private
sale, in such manner, and at such price at, above, or below par,
all as determined by and provided by the issuing authority in the
bond proceedings.

(L) Except to the extent that rights are restricted by the
bond proceedings, any owner of obligations or provider of or
counterparty to a credit enhancement facility may by any suitable
form of legal proceedings protect and enforce any rights relating
to obligations or that facility under the laws of this state or
granted by the bond proceedings. Those rights include the right to
compel the performance of all applicable duties of the issuing
authority and the state. Each duty of the issuing authority and
that issuing authority's officers, staff, and employees, and of
each state entity or agency, or using district or using
institution, and its officers, members, staff, or employees,
undertaken pursuant to the bond proceedings, is hereby established
as a duty of the entity or individual having authority to perform
that duty, specifically enjoined by law and resulting from an
office, trust, or station within the meaning of section 2731.01 of
the Revised Code. The individuals who are from time to time
members of the issuing authority, or their designees acting
pursuant to section 183.52 of the Revised Code, or the issuing
authority's officers, staff, agents, or employees, when acting
within the scope of their employment or agency, shall not be liable in their personal capacities on any obligations or otherwise under the bond proceedings, or for otherwise exercising or carrying out any purposes or powers of the issuing authority.

(M)(1) Subject to any applicable limitations in division (C) of this section, the issuing authority may also authorize and provide for the issuance of:

(a) Obligations in the form of bond anticipation notes, and may authorize and provide for the renewal of those notes from time to time by the issuance of new notes. The holders of notes or appertaining interest coupons have the right to have debt service on those notes paid solely from the moneys and special funds, and all or any portion of the pledged receipts, that are or may be pledged to that payment, including the proceeds of bonds or renewal notes or both, as the issuing authority provides in the bond proceedings authorizing the notes. Notes may be additionally secured by covenants of the issuing authority to the effect that the issuing authority will do all things necessary for the issuance of bonds or renewal notes in such principal amount and upon such terms as may be necessary to provide moneys to pay when due the debt service on the notes, and apply their proceeds to the extent necessary, to make full and timely payment of debt service on the notes as provided in the applicable bond proceedings. In the bond proceedings authorizing the issuance of bond anticipation notes the issuing authority shall set forth for the bonds anticipated an estimated schedule of annual principal payments the latest of which shall be no later than provided in division (D) of this section. While the notes are outstanding there shall be deposited, as shall be provided in the bond proceedings for those notes, from the sources authorized for payment of debt service on the bonds, amounts sufficient to pay the principal of the bonds anticipated as set forth in that estimated schedule during the
time the notes are outstanding, which amounts shall be used solely to pay the principal of those notes or of the bonds anticipated.

(b) Obligations for the refunding, including funding and retirement, and advance refunding, with or without payment or redemption prior to maturity, of any obligations previously issued under this section and any bonds or notes previously issued for the purpose of paying costs of capital facilities for: (i) state-supported or state-assisted institutions of higher education as authorized by sections 151.01 and 151.04 of the Revised Code, pursuant to Sections 2i and 2n of Article VIII, Ohio Constitution, and (ii) housing branches and agencies of state government limited to facilities for a system of common schools throughout the state as authorized by sections 151.01 and 151.03 of the Revised Code, pursuant to Sections 2i and 2n of Article VIII, Ohio Constitution. Refunding obligations may be issued in amounts sufficient to pay or to provide for repayment of the principal amount, including principal amounts maturing prior to the redemption of the remaining prior obligations or bonds or notes, any redemption premium, and interest accrued or to accrue to the maturity or redemption date or dates, payable on the prior obligations or bonds or notes, and related financing costs and any expenses incurred or to be incurred in connection with that issuance and refunding. Subject to the applicable bond proceedings, the portion of the proceeds of the sale of refunding obligations issued under division (M)(1)(b) of this section to be applied to debt service on the prior obligations or bonds or notes shall be credited to an appropriate separate account in the bond service fund and held in trust for the purpose by the issuing authority or by a corporate trustee, and may be invested as provided in the bond proceedings. Obligations authorized under this division shall be considered to be issued for those purposes for which the prior obligations or bonds or notes were issued.
(2) The principal amount of refunding, advance refunding, or renewal obligations issued pursuant to division (M) of this section shall be in addition to the amount authorized in division (C) of this section.

(N) Obligations are lawful investments for banks, savings and loan associations, credit union share guaranty corporations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of the state and political subdivisions and taxing districts of this state, notwithstanding any other provisions of the Revised Code or rules adopted pursuant to those provisions by any state agency with respect to investments by them, and are also acceptable as security for the repayment of the deposit of public moneys. The exemptions from taxation in Ohio as provided for in particular sections of the Ohio Constitution and section 5709.76 of the Revised Code apply to the obligations.

(O)(1) Unless otherwise provided or provided for in any applicable bond proceedings, moneys to the credit of or in a special fund shall be disbursed on the order of the issuing authority. No such order is required for the payment, from the bond service fund or other special fund, when due of debt service or required payments under credit enhancement facilities.

(2) Payments received by the issuing authority under interest rate hedges entered into as credit enhancement facilities under this section shall be deposited as provided in the applicable bond proceedings.

(P) The obligations shall not be general obligations of the state and the full faith and credit, revenue, and taxing power of the state shall not be pledged to the payment of debt service on them or to any guarantee of the payment of that debt service. The holders or owners of the obligations shall have no right to have...
any moneys obligated or pledged for the payment of debt service except as provided in this section and in the applicable bond proceedings. The rights of the holders and owners to payment of debt service are limited to all or that portion of the pledged receipts, and those special funds, pledged to the payment of debt service pursuant to the bond proceedings in accordance with this section, and each obligation shall bear on its face a statement to that effect.

(Q) Each bond service fund is a trust fund and is hereby pledged to the payment of debt service on the applicable obligations. Payment of that debt service shall be made or provided for by the issuing authority in accordance with the bond proceedings without necessity for any act of appropriation. The bond proceedings may provide for the establishment of separate accounts in the bond service fund and for the application of those accounts only to debt service on specific obligations, and for other accounts in the bond service fund within the general purposes of that fund.

(R) Subject to the bond proceedings pertaining to any obligations then outstanding in accordance with their terms, the issuing authority may in the bond proceedings pledge all, or such portion as the issuing authority determines, of the moneys in the bond service fund to the payment of debt service on particular obligations, and for the establishment and maintenance of any reserves for payment of particular debt service.

(S)(1) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of special funds may be invested by or on behalf of the issuing authority only in one or more of the following:

(a) Notes, bonds, or other direct obligations of the United States or of any agency or instrumentality of the United States, or in no-front-end-load money market mutual funds consisting
exclusively of those obligations, or in repurchase agreements, including those issued by any fiduciary, secured by those obligations, or in collective investment funds consisting exclusively of those obligations;

(b) Obligations of this state or any political subdivision of this state;

(c) Certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions;

(d) The treasurer of state's pooled investment program under section 135.45 of the Revised Code;

(e) Other investment agreements or repurchase agreements that are consistent with the ratings on the obligations.

(2) The income from investments referred to in division (S)(1) of this section shall be credited to special funds or otherwise as the issuing authority determines in the bond proceedings. Those investments may be sold or exchanged at times as the issuing authority determines, provides for, or authorizes.

(T) The treasurer of state shall have responsibility for keeping records, making reports, and making payments, relating to any arbitrage rebate requirements under the applicable bond proceedings.

(U) The issuing authority shall make quarterly reports to the general assembly of the amounts in, and activities of, each improvement fund, including amounts and activities on the subfund level. Each report shall include a detailed description and analysis of the amount of proceeds remaining in each fund from the sale of obligations pursuant to this section, and any other deposits, credits, interest earnings, disbursements, expenses, transfers, or activities of each fund.
(V) The costs of the annual audit of the authority conducted pursuant to section 117.112 of the Revised Code are payable, as may be provided in the bond proceedings, from the proceeds of the obligations, from special funds, or from other moneys available for the purpose, including as to future financing costs, from the pledged receipts.

Sec. 191.04. (A) In accordance with federal laws governing
the confidentiality of individually identifiable health
information, including the "Health Insurance Portability and
42 U.S.C. 1320d et seq., as amended, and regulations promulgated
by the United States department of health and human services to
implement the act, a state agency may exchange protected health
information with another state agency relating to eligibility for
or enrollment in a health plan or relating to participation in a
government program providing public benefits if the exchange of
information is necessary for either or both of the following:

(1) Operating a health plan;

(2) Coordinating, or improving the administration or
management of, the health care-related functions of at least one
government program providing public benefits.

(B) For fiscal years 2013 through 2017 2019 only, a state
agency also may exchange personally identifiable information with
another state agency for purposes related to and in support of a
health transformation initiative identified by the executive
director of the office of health transformation pursuant to
division (C) of section 191.06 of the Revised Code.

(C) With respect to a state agency that uses or discloses
personally identifiable information, all of the following
conditions apply:
(1) The state agency shall use or disclose the information only as permitted or required by state and federal law. In addition, if the information is obtained during fiscal year 2013, 2014, or 2015 from an exchange of personally identifiable information permitted under division (B) of this section, the agency shall also use or disclose the information in accordance with all operating protocols that apply to the use or disclosure.

(2) If the state agency is a state agency other than the department of medicaid and it uses or discloses protected health information that is related to a medicaid recipient and obtained from the department of medicaid or another agency operating a component of the medicaid program, the state agency shall comply with all state and federal laws that apply to the department of medicaid when that department, as the state's single state agency to supervise the medicaid program, uses or discloses protected health information.

(3) A state agency shall implement administrative, physical, and technical safeguards for the purpose of protecting the confidentiality, integrity, and availability of personally identifiable information the creation, receipt, maintenance, or transmittal of which is affected or governed by this section.

(4) If a state agency discovers an unauthorized use or disclosure of unsecured protected health information or unsecured individually identifiable health information, the state agency shall, not later than seventy-two hours after the discovery, do all of the following:

(a) Identify the individuals who are the subject of the protected health information or individually identifiable health information;

(b) Report the discovery and the names of all individuals identified pursuant to division (C)(4)(a) of this section to all
other state agencies and the executive director of the office of health transformation or the executive director's designee;

(c) Mitigate, to the extent reasonably possible, any potential adverse effects of the unauthorized use or disclosure.

(5) A state agency shall make available to the executive director of the office of health transformation or the executive director's designee, and to any other state or federal governmental entity required by law to have access on that entity's request, all internal practices, records, and documentation relating to personally identifiable information it receives, uses, or discloses that is affected or governed by this section.

(6) On termination or expiration of an operating protocol and if feasible, a state agency shall return or destroy all personally identifiable information received directly from or received on behalf of another state agency. If the personally identifiable information is not returned or destroyed, the state agency maintaining the information shall extend the protections set forth in this section for as long as it is maintained.

(7) If a state agency enters into a subcontract or, when required by 45 C.F.R. 164.502(e)(2), a business associate agreement, the subcontract or business associate agreement shall require the subcontractor or business associate to comply with the terms of this section as if the subcontractor or business associate were a state agency.

Sec. 191.06. (A) The provisions of this section shall apply only for fiscal years 2013 through 2019.

(B) The executive director of the office of health transformation or the executive director's designee may facilitate the coordination of operations and exchange of information between
state agencies. The purpose of the executive director's authority under this section is to support agency collaboration for health transformation purposes, including modernization of the medicaid program, streamlining of health and human services programs in this state, and improving the quality, continuity, and efficiency of health care and health care support systems in this state.

(C) In furtherance of the authority of the executive director of the office of health transformation under division (B) of this section, the executive director or the executive director's designee shall identify each health transformation initiative in this state that involves the participation of two or more state agencies and that permits or requires an interagency agreement to be entered into for purposes of specifying each participating agency's role in coordinating, operating, or funding the initiative, or facilitating the exchange of data or other information for the initiative. The executive director shall publish a list of the identified health transformation initiatives on the internet web site maintained by the office of health transformation.

(D) For each health transformation initiative that is identified under division (C) of this section, the executive director or the executive director's designee shall, in consultation with each participating agency, adopt one or more operating protocols. Notwithstanding any law enacted by the general assembly or rule adopted by a state agency, the provisions in a protocol shall supersede any provisions in an interagency agreement, including an interagency agreement entered into under section 5101.10 or 5162.35 of the Revised Code, that differ from the provisions of the protocol.

(E)(1) An operating protocol adopted under division (D) of this section shall include both of the following:

(b) Funding;

(c) Exchange of data or other information that is confidential pursuant to state or federal law.

**Sec. 307.631.** A board of county commissioners may appoint a health commissioner of the board of health of a city or general health district that is entirely or partially located in the county in which the board of county commissioners is located to establish a drug overdose fatality review committee to review drug overdose deaths and opioid-involved deaths. The boards of county commissioners of two or more counties may, by adopting a joint resolution passed by a majority of the members of each participating board of county commissioners, create a regional drug overdose fatality review committee to serve all participating counties. The joint resolution shall appoint, for each county participating as part of the regional review committee, one health commissioner from a board of health of a city or general health district.
district located at least in part in each county. The health commissioners appointed shall select one of their number as the health commissioner to establish the regional review committee. The regional review committee may be established in the same manner as provided for single county review committees.

In any county that has a body acting as a drug overdose fatality review committee on the effective date of this section, the board of county commissioners of that county, in lieu of having a health commissioner establish a drug overdose fatality review committee, may appoint that body to function as the drug overdose fatality review committee for the county. The body shall have the same duties, obligations, and protections as a drug overdose fatality review committee appointed by a health commissioner. The board of county commissioners or an individual designated by the board shall convene the body as required by section 307.634 of the Revised Code.

Sec. 307.632. (A) If a health commissioner of the board of health of a city or a general health district is appointed under section 307.631 of the Revised Code to establish a drug overdose fatality review committee, the commissioner shall select five members to serve on the review committee along with the commissioner. The review committee shall consist of the following:

(1) A county coroner or designee;

(2) The chief of police of a police department or the sheriff that serves the greatest population in the county or region or a designee of the chief or sheriff;

(3) A public health official or designee;

(4) The executive director of a board of alcohol, drug addiction, and mental health services or designee;

(5) A physician who holds a certificate issued pursuant to
Chapter 4731. of the Revised Code authorizing the practice of medicine and surgery or osteopathic medicine and surgery.

(B) The majority of the members of a review committee may invite additional members to serve on the committee. The additional members invited under this division shall serve for a period of time determined by a majority of the members described in division (A) of this section. An additional member shall have the same authority, duties, and responsibilities as members described in division (A) of this section.

(C) A vacancy in a drug overdose review committee shall be filled in the same manner as the original appointment.

(D) A drug overdose fatality review committee member shall not receive any compensation for, and shall not be paid for any expenses incurred pursuant to, fulfilling the member's duties on the committee unless compensation for, or payment for expenses incurred pursuant to, those duties is received pursuant to a member's regular employment.

Sec. 307.633. The purpose of a drug overdose fatality review committee established under section 307.631 of the Revised Code is to decrease the incidence of preventable overdose deaths by doing all of the following:

(A) Promoting cooperation, collaboration, and communication between all groups, professions, agencies, or entities engaged in drug abuse prevention, education, or treatment efforts;

(B) Maintaining a comprehensive database of all overdose deaths that occur in the county or region served by the review committee in order to develop an understanding of the causes and incidence of those deaths;

(C) Recommending and developing plans for implementing local service and program changes and changes to the groups,
professions, agencies, or entities that serve local residents that might prevent overdose deaths;

(D) Advising the department of health of aggregate data, trends, and patterns concerning overdose deaths.

Sec. 307.634. If a drug overdose fatality review committee is established under section 307.631 of the Revised Code, the board of county commissioners, or if a regional drug overdose fatality review committee is established, the group of health commissioners appointed to select the health commissioner to establish the regional review committee, shall designate either the health commissioner that establishes the review committee or a representative of the health commissioner to convene meetings and be the chairperson of the review committee. If a regional review committee includes a county with more than one health district, the regional review committee meeting shall be convened in that county. If more than one of the counties participating on the regional review committee has more than one health district, the person convening the meeting shall select one of the counties with more than one health district as the county in which to convene the meeting.

Sec. 307.635. A drug overdose fatality review committee may not conduct a review of a death while an investigation of the death or prosecution of a person for causing the death is pending unless the prosecuting attorney agrees to allow the review. The law enforcement agency conducting the criminal investigation, on the conclusion of the investigation, and the prosecuting attorney prosecuting the case, on the conclusion of the prosecution, shall notify the chairperson of the review committee of the conclusion.

Sec. 307.636. (A) A drug overdose fatality review committee shall establish a system for collecting and maintaining
information necessary for the review of drug overdose or opioid-involved deaths in the county or region. In an effort to ensure confidentiality, each committee shall do all of the following:

2. Develop security measures to prevent unauthorized access to records containing information that could reasonably identify any person;

2. The total number of drug overdose or opioid-involved deaths reviewed by the committee;
A summary of demographic information for the deaths reviewed, including age, sex, race, and ethnicity;

A summary of any trends or patterns identified by the committee.

The report shall specify the number of drug overdose or opioid-involved deaths that were not reviewed during the previous calendar year.

The report shall include recommendations for actions that might prevent other deaths, as well as any other information the review board determines should be included.

(D) Reports prepared under division (C) of this section shall be considered public records under section 149.43 of the Revised Code.

Sec. 307.637. (A) Notwithstanding section 3701.243 and any other section of the Revised Code pertaining to confidentiality, any individual, law enforcement agency, or other public or private entity that provided services to a person whose death is being reviewed by a drug overdose fatality review committee, on the request of the review committee, shall submit to the review committee a summary sheet of information.

(1) With respect to a request made to a health care entity, the summary sheet shall contain only information available and reasonably drawn from the person's medical record created by the health care entity.

(2) With respect to a request made to any other individual or entity, the summary shall contain only information available and reasonably drawn from any record involving the person that the individual or entity develops in the normal course of business.

(3) On the request of the review committee, an individual or entity may, at the individual or entity's discretion, make any
additional information, documents, or reports available to the
review committee.

(B) Notwithstanding division (A) of this section, no person, entity, law enforcement agency, or prosecuting attorney shall provide any information regarding the death of a person to a drug overdose fatality review committee while an investigation of the death or prosecution of a person for causing the death is pending unless the prosecuting attorney has agreed pursuant to section 307.635 of the Revised Code to allow review of the death.

Sec. 307.638. (A) An individual or public or private entity providing information, documents, or reports to a drug overdose fatality review committee is immune from any civil liability for injury, death, or loss to person or property that otherwise might be incurred or imposed as a result of providing the information, documents, or reports to the review committee.

(B) Each member of a review committee is immune from any civil liability for injury, death, or loss to person or property that might otherwise be incurred or imposed as a result of the member's participation on the review committee.

Sec. 307.639. Any information, document, or report presented to a drug overdose fatality review committee, all statements made by review committee members during meetings of the review committee, all work products of the review committee, and data submitted by the review committee to the department of health, other than the report prepared pursuant to section 307.636 of the Revised Code, are confidential and shall be used by the review committee, its members, and the department of health only in the exercise of the proper functions of the review committee and the department.

Sec. 307.984. (A) To enhance the administration, delivery,
and effectiveness of family services duties and workforce development activities, a board of county commissioners may enter into one or more regional plans of cooperation with the following:

(1) One or more other boards of county commissioners;

(2) The chief elected official or officials of one or more municipal corporations that are the type of local area areas as defined in division (A)(1) of section 6301.01 of the Revised Code;

(3) Both boards of county commissioners and such chief elected officials.

(B) A regional plan of cooperation must specify how the private and government entities included in the plan will coordinate and enhance the administration, delivery, and effectiveness of family services duties and workforce development activities.

Sec. 313.01. (A) Except as provided in division (B) of this section, a coroner shall be elected quadrennially in each county, who shall hold office for a term of four years, beginning on the first Monday of January next after election.

(B) The electors of any county may authorize the board of county commissioners to appoint, instead of electing, the coroner, in the manner provided by Chapter 314. of the Revised Code. The election of a coroner shall be eliminated in any county in which the appointment of the coroner, or the merger of the coroner's position, has been approved by the electors under that chapter.

(C) As used in the Revised Code, unless the context otherwise requires:

(1) "Coroner" means the coroner or medical examiner of the county in which death occurs or the dead human body is found.

(2) "Deputy coroner" means the deputy coroner or deputy medical examiner of the county in which death occurs or the dead
human body is found.

**Sec. 314.01.** As used in this chapter:

(A) "Appointed county officer" means a county officer who is appointed by a board of county commissioners in the manner provided by sections 314.02 to 314.05 of the Revised Code, or pursuant to a merger under sections 314.06 to 314.10 of the Revised Code.

(B) "County officer" means a coroner or a county engineer.

**Sec. 314.02.** (A) The board of county commissioners of any county may adopt, by a two-thirds vote of the board, or shall adopt, upon petition filed with the board by three per cent of the electors of the county as determined by the number of votes cast therein for the office of governor at the most recent gubernatorial election, a resolution seeking to authorize the board of county commissioners to appoint a county officer or county officers in the manner provided by this section and sections 314.03 to 314.05 of the Revised Code. The resolution shall specify the county officer or county officers to be appointed, rather than elected, and the date on which the county officer or county officers take office.

(B) The board of county commissioners shall certify the resolution to the board of elections in the county within five days after its adoption.

**Sec. 314.03.** (A)(1) The board of elections shall submit to the electors of the county the question of authorizing the board of county commissioners to appoint a county officer or county officers, at the next general election occurring not less than ninety days after the resolution adopted under section 314.02 of the Revised Code is certified to the board of elections. The board
of elections shall submit the question to the electors in language substantially as follows:

"Shall the .......... County board of county commissioners be authorized to appoint, rather than elect, the county .......... (county officer to be appointed) in the manner provided by sections 314.04 and 314.05 of the Revised Code?

( ) For the board of county commissioners appointing the county .......... (county officer to be appointed).

( ) Against the board of county commissioners appointing the county .......... (county officer to be appointed)."

(2) If the resolution certified under section 314.02 of the Revised Code specifies that more than one county officer is to be appointed, the board of elections shall submit to the electors a separate question regarding each of the county officers.

(B) Immediately following the election, the board of elections shall file a certificate of the results thereof with the secretary of state.

(C)(1) If a majority of the votes cast on the question of appointing a county officer is in the affirmative, the board of county commissioners shall appoint the county officer in the manner provided by sections 314.04 and 314.05 of the Revised Code; however, if the electors, at the same election, elected a county officer for the same position for which they approved appointment, the election results for the elected county office are void and the board of county commissioners shall appoint the county officer in the manner provided by that section.

(2) If a majority of the votes cast on the question of appointing a county officer is in the negative, that county officer shall continue to be elected.
Sec. 314.04. (A) If the appointment of a county officer is approved by the electors under section 314.03 of the Revised Code, the board of county commissioners shall make the appointment and the county officer so appointed shall take office on the first day after the expiration of the current elected county officer's term of office. The county officer shall be appointed for an indefinite term of office, but may be removed from office by a majority vote of the board of county commissioners. 

(B) A candidate for appointment shall meet the qualifications to hold the office that are required by law, as if the county officer were still elected to that office.

(C) No member of the board of county commissioners shall be eligible for appointment as a county officer until the conclusion of one year after the expiration of the member's term.

Sec. 314.05. (A) Notwithstanding section 325.01, division (A) of section 325.14, division (A) of section 325.15, and section 325.22 of the Revised Code, the board of county commissioners shall fix the salary of the appointed county officer. The salary shall be not less than the salary that the appointed county officer otherwise would have received were the officer still elected. The board shall pay the appointed county officer biweekly from the county treasury, upon the warrant of the county auditor.

(B) An appointed county officer is the county officer of the county for purposes of the Revised Code. An appointed county officer shall exercise any power, perform any function, and render any service vested by law in the elected county officer, and shall comply with all laws that apply to the elected county officer, as if the appointed county officer were still elected.

(C) Notwithstanding sections 302.09, 305.02, and 313.04 of the Revised Code, if a vacancy occurs in the office of an
appointed county officer, the vacancy shall be filled in the same
manner as provided for appointments under section 314.04 of the
Revised Code.

Sec. 314.06. (A) A question to discontinue the appointment of
a county officer or county officers may be submitted to the
electors of the county at any general election in the manner
provided for submitting the question of appointing a county
officer or county officers under sections 314.02 and 314.03 of the
Revised Code. The question submitted shall be whether the county
shall discontinue appointing a county officer or county officers,
as appropriate.

(B) Immediately following the election, the board of
elections shall file a certificate of the results thereof with the
secretary of state.

(C) If a majority of the electors of the county vote to
discontinue appointing a county officer or county officers, the
county board of elections shall publish a notice once a week for
two consecutive weeks in a newspaper of general circulation or as
provided in section 7.16 of the Revised Code, stating that the
board of elections will accept declarations of candidacy for the
county office.

Sec. 314.07. (A) A county that has an appointed county
officer may merge that officer's position, or office and position,
with the same appointed county officer position, or office and
position, in any number of adjoining counties, in the manner
provided by this section and sections 314.08 to 314.10 of the
Revised Code. Each county must approve the merger separately.

(B) The board of county commissioners of each county may
adopt, by a two-thirds vote of the board, or shall adopt, upon
petition filed with the board by three per cent of the electors of
the county as determined by the number of votes cast therein for
the office of governor at the most recent gubernatorial election.

(C)(1) If a merger is approved by a majority of those voting on it in each county, separately, the appointed county officer positions shall be merged into one position in accordance with the resolutions adopted under section 314.07 of the Revised Code. If the ballot also included a question of merging offices and the merger is so approved, the offices of the appointed county officers shall be merged into one in accordance with the resolutions adopted under section 314.07 of the Revised Code.

(2) If a merger is disapproved by a majority of those voting on it in any county, the merger shall not occur.

Sec. 314.09. (A) If a merger is approved by the electors under section 314.08 of the Revised Code, a county officer shall be appointed by vote of a majority of the county commissioners of all of the counties participating in the merger, and the county officer shall take office on the first day of January after the election. At least one county commissioner of each county participating in the merger must approve the candidate appointed. The appointed county officer of the merger shall exercise any power, perform any function, or render any service vested by law in a county officer in all of the counties that participate in the merger, and shall comply with all laws that apply to an elected county officer, as if the appointed county officer were still elected.

(C) Notwithstanding sections 302.09, 305.02, and 313.04 of the Revised Code, if a vacancy occurs in the office of the appointed county officer of the merger, the vacancy shall be filled in the same manner as provided for appointments under section 314.09 of the Revised Code.

(B) Immediately following the election, the board of elections shall file a certificate of the results thereof with the secretary of state.

(C) If a majority of the electors of the county vote to discontinue the merger, that county's board of county commissioners immediately shall appoint a county officer as provided by sections 314.04 and 314.05 of the Revised Code. Any other counties that participate in the merger shall continue to so participate.

Sec. 314.12. A county that has appointed a county officer under sections 314.02 to 314.05 of the Revised Code and that is adjacent to a county participating in an existing merger that has merged that same appointed county officer position may join the existing merger in the manner provided by sections 314.07 to 314.10 of the Revised Code.

Sec. 314.13. (A) The adoption or discontinuance of appointing a county officer or of a merger under this chapter shall not affect any act done, ratified, or affirmed, or any contract or other right or obligation other than contracts for personal services, accrued or established, or any cause of action, prosecution, or proceeding, civil or criminal, pending at the time such change takes effect; nor shall the adoption or discontinuance
of appointing a county officer or of a merger affect such actions, prosecutions, or proceedings existing at the time it takes effect; but such rights shall attach to, and actions, prosecutions, or proceedings may be prosecuted and continued, or instituted and prosecuted against, by, or before the office having jurisdiction or power of the subject matter to which such action, prosecution, or proceeding pertains. All rules, regulations, and orders lawfully promulgated before such adoption or discontinuance shall continue in force and effect until amended or rescinded.

Sec. 315.01. (A) Except as provided in division (B) of this section, there shall be elected quadrennially in each county a county engineer who shall assume office on the first Monday in January next after his election and shall hold such office for four years.

Notwithstanding any other provision of law to the contrary, with respect to all payments received in settlement of claims arising from delinquent property tax charges and ordered to be paid by a railroad company under a plan of reorganization as ordered by a federal district court in accordance with provisions of Chapter VIII of the "Federal Bankruptcy Act," 11 U.S.C.A. 201-208, the following provisions shall apply:

(A) Except as provided in division (H) of this section, all of such payments shall be made payable, and delivered, to the county in which the taxing district sharing in a claim for delinquent taxes is located. Any notes included in such payment shall be issued to such county treasurer, who shall be the custodian of all of said notes, and who shall be liable therefor upon his bond until such time as said notes...
mature, are sold, or otherwise lawfully pass from his the treasurer's custody.

(B) Upon receipt of a payment by cash or check, the county treasurer shall immediately cause such funds to be paid into the county treasury and credited to a special fund established for this purpose, which shall be known as the "undivided bankruptcy claims fund." All of such moneys so received, including any earned interest, shall be credited to said fund.

(C) When the total claim for each county has been satisfied by the receipt of cash or notes, or both, the county auditor shall remit from the tax list and duplicate of real and public utility property in each county, all charges appearing thereon in the name of the railroad company for which such payment has been made, which are delinquent and unpaid from any year previous to the tax year 1977.

(D) At any time that funds are present in the undivided bankruptcy claims fund, either upon initial settlement or at any later time, the county auditor shall, forthwith, distribute by auditors' warrant, such funds to the various taxing districts of the county, in which the property taxes, from which the claim in bankruptcy has derived, were originally charged. The funds so distributed shall be apportioned among the various taxing authorities within each taxing district in the same proportions as the said taxes were originally levied, taking into account the various rates of taxation levied for different purposes for each year in which such taxes were charged and remained unpaid, and any unpaid special assessments, including compound interest thereon at the rate of six per cent per annum to January 1, 1978.

In making such distribution, the auditor shall, first, deduct an amount equal to one per cent of the total amount to be distributed, as fees for services of the county auditor and treasurer in making collection and distribution of the claim in
bankruptcy. Such deduction shall be in lieu of all fees provided for in sections 319.54 and 321.26 of the Revised Code. The amount so deducted shall be credited to the general fund of the county.

If any funds received pursuant to this section represent taxes which, if collected, would have resulted from any general or emergency levy which has since expired, such funds may be credited to the general operating fund and expended as though they are proceeds from a current levy, and if any of such funds represent taxes from any current general bond retirement levy or one which has since expired, said funds may be credited to the current bond retirement fund and used to service any current bond indebtedness, or may be credited to the general operating fund of the district, if so designated by a majority of the members of the taxing authority of the taxing district.

(2) The railroad notes shall be exchanged for several new notes in denominations equal to the proportionate share, or portion thereof, of the taxing district having a share in the claim in bankruptcy as determined in division (D) of this section. The new notes shall be distributed, upon receipt, to each taxing authority of the taxing district.
authority in full satisfaction of its claim or in full satisfaction of the portion of its claim represented by the notes so received. If notes cannot be issued in denominations equal to the taxing district's proportionate share, the treasurer shall certify to the taxing authority of the district the amount of notes held by the treasurer on behalf of the district and for which notes cannot be issued pursuant to the taxing authority's decision under this subdivision. Upon receipt of such certification, the taxing authority may borrow money and issue notes against such certification in the same manner as is provided by division (F) of this section.

If a taxing authority elects the option provided under division (E)(1) of this section, it may at any subsequent time elect instead the option provided under division (E)(2) of this section by resolution approved by a majority of its members. The election of the option provided under division (E)(2) of this section becomes final upon receipt by the taxing authority of the new notes or certification distributed by the county treasurer under such division.

Each taxing authority shall certify a copy of any resolution adopted under this division to the county treasurer who shall take appropriate action as directed by each taxing authority.

(F) A taxing authority having possession of any railroad note or a treasurer's certification issued under division (E)(2) of this section may, by approval of a majority of its members, borrow money and issue its note in anticipation of the revenue payable on maturity of the railroad note and pledge the railroad note or the proceeds thereof. Such anticipation note shall mature no later than the railroad note and shall be in an amount no greater than seventy per cent of the face amount of said railroad note. By like action a taxing authority may sell any railroad note in its possession at public or private offering for not less than the
prevailing market price. Such a sale or borrowing shall be exempt from all other requirements and limitations of the Revised Code, including the requirements of the Uniform Bond Law.

(1) If a taxing authority desires to issue delinquent tax bonds pursuant to section 131.23 of the Revised Code prior to either receipt of any payment from a railroad in bankruptcy or utilization of the authority granted in this section, the taxing authority may determine whether or not the net amount of delinquent taxes unpledged for purposes of division (B)(6)(5) of section 131.23 of the Revised Code shall include all or part of the delinquent taxes owed by a railroad, or, if notes have been received pursuant to this section, the unpaid principal amount of such notes. If the taxing authority determines that any such railroad delinquencies or note amount shall be included under section 131.23 of the Revised Code, the amount which may be borrowed pursuant to this section may not exceed seventy per cent of the total face amount of railroad notes remaining after deducting the amount so included.

(G) When a taxing authority receives a railroad note, the face amount of such note shall not be considered as revenue for any purpose in the year in which the note is received. Upon sale or maturity of the note, any proceeds not pledged pursuant to division (F) of this section shall be considered as unanticipated revenue from a new source and all of the provisions of law pertaining to such revenue, including section 5705.36 of the
Revised Code, shall apply.

(H) When there are present in a county nonrepresented taxing districts as provided in amended substitute house bill 336 of the 112th general assembly, all of the provisions of this section shall apply to such districts, except as follows:

Upon receipt of any of such payments, the treasurer of the taxing district shall certify, to the county treasurer of the county in which the district is located, the fact of such receipt and the amounts so received.

(2) If the claim of a nonrepresented taxing district is not paid directly to the treasurer of the district but is included with payments for the remainder of the county, cash payments included in the initial settlement shall be distributed as provided in divisions (B) and (D) of this section. Any notes received as payment shall be exchanged and distributed to nonrepresented taxing districts upon receipt.

Sec. 329.03. (A) As used in this section, "applicant" or "recipient" means any either of the following:

The department may require a recipient to complete a new authorization form whenever the department considers it necessary.

A recipient's designation of a financial institution and account shall remain in effect until withdrawn in writing or dishonored by the financial institution, except that no change may be made in the authorization form until the next eligibility redetermination of the recipient unless the county department determines that good cause exists for an earlier change or the financial institution dishonors the recipient's account.

(D) An applicant or recipient without an account who completes an authorization form to receive cash assistance payments by direct deposit shall have ten days after receiving the authorization form to designate an account suitable for direct deposit. If within the required time the applicant or recipient does not make the designation, the recipient shall receive cash assistance payments under the electronic benefit transfer system established under section 5101.33 of the Revised Code.

whatever action it determines is necessary to correct the
situation, including notification of the appropriate authorities.
Upon request, the board shall provide information about such
investigations to the department.

(3) For the purpose of section 5119.36 of the Revised Code, cooperate with the director of mental health and addiction

Revised Code does not apply to contracts entered into under this
division. In contracting with a community addiction or mental

community addiction or mental health services provider.

The director shall not give a board approval to operate a
facility previously operated by a person or other government entity unless the board has established to the director's satisfaction that the person or other government entity cannot effectively operate the facility or that the person or other government entity has requested the board to take over operation of the facility. The services and supports shall be made available in a manner that ensures that recipients are able to access the services and supports they need for opioid and co-occurring drug addiction in an integrated manner and in accordance with their assessed needs when changing or obtaining additional addiction services or recovery supports for such addiction. An individual seeking a service or support for opioid and co-occurring drug addiction included in a community-based continuum of care shall not be denied the service or support on the basis of the individual's prior experience with the service or support.

Sec. 340.08. In accordance with rules or guidelines issued by the director of mental health and addiction services, each board of alcohol, drug addiction, and mental health services shall do all of the following:

(A) Submit to the department of mental health and addiction services a proposed budget of receipts and expenditures for all federal, state, and local moneys the board expects to receive.

(1) The proposed budget shall identify funds the board has available for included opioid and co-occurring drug addiction services and recovery supports.

(B) Submit to the department a proposed list of addiction services, mental health services, and recovery supports the board intends to make available. The list shall be compatible with the budget submitted pursuant to division (A) of this section. The department shall approve or disapprove the list in whole or in part in accordance with division (G) of section 5119.22 of the Revised Code.

If a board determines that it is necessary to amend an approved list, the board shall submit a proposed amendment to the director. The director shall approve or disapprove all or part of the amendment in accordance with division (H) of section 5119.22 of the Revised Code.

(C) Enter into a continuity of care agreement with the state institution operated by the department of mental health and addiction services and designated as the institution serving the district encompassing the board's service district. The continuity of care agreement shall outline the department's and the board's responsibilities to plan for and coordinate with each other to address the needs of board residents who are patients in the
institution, with an emphasis on managing appropriate hospital bed day use and discharge planning. The continuity of care agreement shall not require the board to provide addiction services, mental health services, or recovery supports other than those on the list of services and supports submitted by the board pursuant to division (B) of this section and approved by the department in accordance with division (G) of section 5119.22 of the Revised Code.

Sec. 503.56. (A) As used in this section:

(1) "Tourism development district" means a district designated by a township under this section.

(2) "Territory of a tourism development district" means all of the area included within the territorial boundaries of a tourism development district.

(3) "Business" means a sole proprietorship, a corporation for profit, a pass-through entity as defined in section 5733.04 of the Revised Code, the federal government, the state, the state's political subdivisions, a nonprofit organization, or a school district. A business "operates within the proposed district" if the business would be subject to a tax levied in the proposed tourism development district pursuant to division (A)(2)(C) of section 5739.101 of the Revised Code.

(4) "Owner" means a partner of a partnership, a member of a limited liability company, a majority shareholder of an S corporation, a person with a majority ownership interest in a pass-through entity, or any officer, employee, or agent with the
authority to make decisions legally binding upon a business. The signature of any owner of a business operates as the signature of the business.

(5) "Eligible township" means a township wholly or partly located in a county having a population greater than three hundred seventy-five thousand but less than four hundred thousand that levies taxes under section 5739.021 or 5739.026 of the Revised Code, the aggregate rate of which does not exceed one-half of one per cent on the effective date of the enactment of this section.

(B)(1) The board of trustees of an eligible township, by resolution, may declare an unincorporated area of the township to be a tourism development district for the purpose of fostering and developing tourism in the district if all of the following criteria are met:

(a) The district's area does not exceed two hundred acres.

(b) All territory in the district is contiguous.

(c) Before adopting that resolution or ordinance, the board holds at least two public hearings concerning the creation of the tourism development district.

(d) Before adopting the resolution or ordinance, the board receives a petition signed by every record owner of a parcel of real property located in the proposed district and the owner of every business that operates in the proposed district.

(e) The board adopts the resolution on or before December 31, 2018.

(2) The petition described in division (B)(1)(d) of this section shall include an explanation of the taxes and charges that may be levied or imposed in the proposed district.

(3) The board shall certify the resolution to the tax commissioner within five days after its adoption, along with a
description of the boundaries of the district authorized in the resolution. That description shall include sufficient information for the commissioner to determine if the address of a vendor is within the boundaries of the district.

(4) Subject to the limitations of division (B)(1)(a) and (b) of this section, the board of trustees of an eligible township may enlarge the territory of an existing tourism development district in the manner prescribed for the creation of a district under divisions (B)(1) to (3) of this section, except that the petition described in division (B)(1)(d) of this section must be signed by every record owner of a parcel of real property located in the area proposed to be added to the district and the owner of every business that operates in the area proposed to be added to the district.

(C) For the purpose of fostering and developing tourism in a tourism development district, a lessor leasing real property in a tourism development district may impose and collect a uniform fee on each parcel of real property leased by the lessor, to be paid by each of the person's lessees. A lessee is subject to such a fee only if the lease separately states the amount of the fee. Before a lessor may impose and collect such a fee, the lessor shall file a copy of such lease with the fiscal officer of the township that designated the tourism development district. A lessor that imposes such a fee shall remit all collections of the fee to the fiscal officer of the township in which the real property is located.

The board shall establish all regulations necessary to provide for the administration and remittance of such fees. The regulations may prescribe the time for payment of the fee, and may provide for the imposition of a penalty or interest, or both, for late remittances, provided that the penalty does not exceed ten per cent of the amount of fee due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to
section 5703.47 of the Revised Code. The regulations shall provide, after deducting the real and actual costs of administering the fee, that the revenue be used exclusively for fostering and developing tourism within the tourism development district.

(D) The board of trustees of an eligible township that has designated a tourism development district under this section may levy one or both of the taxes authorized under section 503.57 or 5739.101 of the Revised Code.

(E) On or before the first day of each January and June, beginning after the designation of the tourism development district, the fiscal officer of the township shall certify a list of vendors located within the tourism development district to the tax commissioner, which shall include the name, address, and vendor's license number for each vendor.

Sec. 705.22. At the end of each year the legislative authority of a municipal corporation shall have an annual report printed, in pamphlet form, giving:

(A) The classified statement of all receipts, expenditures, assets, and liabilities of the municipal corporation;

(B) A detailed comparison of such receipts and expenditures with those of the preceding year;

(C) A summary of the proceedings of the legislative authority and a summary of the operations of the administrative departments for the previous twelve months.

A copy of this report shall be furnished to the auditor of state, the municipal library, and any citizen of the municipal corporation who applies therefor for the report at the office of the clerk. Similar reports may be printed quarterly. All meetings of the legislative authority or committees thereof shall be
public, and any citizen of the municipal corporation shall have access to the minutes and records thereof at all reasonable times.

Sec. 709.023. (A) A petition filed under section 709.021 of the Revised Code that requests to follow this section is for the special procedure of annexing land into a municipal corporation when, subject to division (H) of this section, the land also is not to be excluded from the township under section 503.07 of the Revised Code. The owners who sign this petition by their signature expressly waive their right to appeal in law or equity from the board of county commissioners' entry of any resolution under this section, waive any rights they may have to sue on any issue relating to a municipal corporation requiring a buffer as provided in this section, and waive any rights to seek a variance that would relieve or exempt them from that buffer requirement.

The petition circulated to collect signatures for the special procedure in this section shall contain in boldface capital letters immediately above the heading of the place for signatures on each part of the petition the following: "WHOEVER SIGNS THIS PETITION EXPRESSLY WAIVES THEIR RIGHT TO APPEAL IN LAW OR EQUITY FROM THE BOARD OF COUNTY COMMISSIONERS' ENTRY OF ANY RESOLUTION PERTAINING TO THIS SPECIAL ANNEXATION PROCEDURE, ALTHOUGH A WRIT OF MANDAMUS MAY BE SOUGHT TO COMPEL THE BOARD TO PERFORM ITS DUTIES REQUIRED BY LAW FOR THIS SPECIAL ANNEXATION PROCEDURE."

(B) Upon the filing of the petition in the office of the clerk of the board of county commissioners, the clerk shall cause the petition to be entered upon the board's journal at its next regular session. This entry shall be the first official act of the board on the petition. Within five days after the filing of the petition, the agent for the petitioners shall notify in the manner and form specified in this division the clerk of the legislative authority of the municipal corporation to which annexation is...
proposed, the fiscal officer of each township any portion of which is included within the territory proposed for annexation, the clerk of the board of county commissioners of each county in which the territory proposed for annexation is located other than the county in which the petition is filed, and the owners of property adjacent to the territory proposed for annexation or adjacent to a road that is adjacent to that territory and located directly across that road from that territory. The notice shall refer to the time and date when the petition was filed and the county in which it was filed and shall have attached or shall be accompanied by a copy of the petition and any attachments or documents accompanying the petition as filed.

Notice to a property owner is sufficient if sent by regular United States mail to the tax mailing address listed on the county auditor's records. Notice to the appropriate government officer shall be given by certified mail, return receipt requested, or by causing the notice to be personally served on the officer, with proof of service by affidavit of the person who delivered the notice. Proof of service of the notice on each appropriate government officer shall be filed with the board of county commissioners with which the petition was filed.

(C) Within twenty days after the date that the petition is filed, the legislative authority of the municipal corporation to which annexation is proposed shall adopt an ordinance or resolution stating what services the municipal corporation will provide, and an approximate date by which it will provide them, to the territory proposed for annexation, upon annexation. The municipal corporation is entitled in its sole discretion to provide to the territory proposed for annexation, upon annexation, services in addition to the services described in that ordinance or resolution.

If the territory proposed for annexation is subject to zoning
regulations adopted under either Chapter 303. or 519. of the Revised Code at the time the petition is filed, the legislative authority of the municipal corporation also shall adopt an ordinance or resolution stating that, if the territory is annexed and becomes subject to zoning by the municipal corporation and that municipal zoning permits uses in the annexed territory that the municipal corporation determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining within the township from which the territory was annexed, the legislative authority of the municipal corporation will require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining within the township. For the purposes of this section, "buffer" includes open space, landscaping, fences, walls, and other structured elements; streets and street rights-of-way; and bicycle and pedestrian paths and sidewalks.

The clerk of the legislative authority of the municipal corporation to which annexation is proposed shall file the ordinances or resolutions adopted under this division with the board of county commissioners within twenty days following the date that the petition is filed. The board shall make these ordinances or resolutions available for public inspection.

(D) Within twenty-five days after the date that the petition is filed, the legislative authority of the municipal corporation to which annexation is proposed and each township any portion of which is included within the territory proposed for annexation may adopt and file with the board of county commissioners an ordinance or resolution consenting or objecting to the proposed annexation. An objection to the proposed annexation shall be based solely upon the petition's failure to meet the conditions specified in
If the municipal corporation and each of those townships timely files an ordinance or resolution consenting to the proposed annexation, the board at its next regular session shall enter upon its journal a resolution granting the proposed annexation. If, instead, the municipal corporation or any of those townships files an ordinance or resolution that objects to the proposed annexation, the board of county commissioners shall proceed as provided in division (E) of this section. Failure of the municipal corporation or any of those townships to timely file an ordinance or resolution consenting or objecting to the proposed annexation shall be deemed to constitute consent by that municipal corporation or township to the proposed annexation.

(E) Unless the petition is granted under division (D) of this section, not less than thirty or more than forty-five days after the date that the petition is filed, the board of county commissioners shall review it to determine if each of the following conditions has been met:

1. The petition meets all the requirements set forth in, and was filed in the manner provided in, section 709.021 of the Revised Code.

2. The persons who signed the petition are owners of the real estate located in the territory proposed for annexation and constitute all of the owners of real estate in that territory.

3. The territory proposed for annexation does not exceed five hundred acres.

4. The territory proposed for annexation shares a contiguous boundary with the municipal corporation to which annexation is proposed for a continuous length of at least five per cent of the perimeter of the territory proposed for annexation.

5. The annexation will not create an unincorporated area of
the township that is completely surrounded by the territory proposed for annexation.

(6) The municipal corporation to which annexation is proposed has agreed to provide to the territory proposed for annexation the services specified in the relevant ordinance or resolution adopted under division (C) of this section.

(7) If a street or highway will be divided or segmented by the boundary line between the township and the municipal corporation as to create a road maintenance problem, the municipal corporation to which annexation is proposed has agreed as a condition of the annexation to assume the maintenance of that street or highway or to otherwise correct the problem. As used in this section, "street" or "highway" has the same meaning as in section 4511.01 of the Revised Code.

(F) Not less than thirty or more than forty-five days after the date that the petition is filed, if the petition is not granted under division (D) of this section, the board of county commissioners, if it finds that each of the conditions specified in division (E) of this section has been met, shall enter upon its journal a resolution granting the annexation. If the board of county commissioners finds that one or more of the conditions specified in division (E) of this section have not been met, it shall enter upon its journal a resolution that states which of those conditions the board finds have not been met and that denies the petition.

(G) If a petition is granted under division (D) or (F) of this section, the clerk of the board of county commissioners shall proceed as provided in division (C)(1) of section 709.033 of the Revised Code, except that no recording or hearing exhibits would be involved. There is no appeal in law or equity from the board's entry of any resolution under this section, but any party may seek a writ of mandamus to compel the board of county commissioners to
perform its duties under this section.

     (H) Notwithstanding anything to the contrary in section 503.07 of the Revised Code, unless otherwise provided in an
     annexation agreement entered into pursuant to section 709.192 of the Revised Code or in a cooperative economic development
     agreement entered into pursuant to section 701.07 of the Revised Code, territory annexed into a municipal corporation pursuant to
     this section shall not at any time be excluded from the township under section 503.07 of the Revised Code and, thus, remains
     subject to the township's real property taxes.

     (I) Any owner of land that remains within a township and that
     is adjacent to territory annexed pursuant to this section who is
     directly affected by the failure of the annexing municipal
     corporation to enforce compliance with any zoning ordinance it
     adopts under division (C) of this section requiring the owner of
     the annexed territory to provide a buffer zone, may commence in
     the court of common pleas a civil action against that owner to
     enforce compliance with that buffer requirement whenever the
     required buffer is not in place before any development of the
     annexed territory begins.

     (J) Division (C) of section 718.01 of the Revised
     Code applies to the compensation paid to persons performing
     personal services for a political subdivision on property owned by
     the political subdivision after that property is annexed to a
     municipal corporation under this section.

Sec. 715.014. (A) As used in this section:

     (1) "Tourism development district" means a district
     designated by a municipal corporation under this section.

     (2) "Territory of a tourism development district" means all
     of the area included within the territorial boundaries of a
tourism development district.

(3) "Business" and "owner" have the same meanings as in section 503.56 of the Revised Code.

(4) "Eligible municipal corporation" means a municipal corporation wholly or partly located in a county having a population greater than three hundred seventy-five thousand but less than four hundred thousand that levies taxes under section 5739.021 or 5739.026 of the Revised Code, the aggregate rate of which does not exceed one-half of one per cent on the effective date of the enactment of this section September 29, 2015.

(5) "Fiscal officer" means the city auditor, village clerk, or other municipal officer having the duties and functions of a city auditor or village clerk.

(B)(1) The legislative authority of an eligible municipal corporation, by resolution or ordinance, may declare an area of the municipal corporation to be a tourism development district for the purpose of fostering and developing tourism in the district if all of the following criteria are met:

(a) The district's area does not exceed two hundred acres.

(b) All territory in the district is contiguous.

(c) Before adopting the resolution or ordinance, the legislative authority holds at least two public hearings concerning the creation of the tourism development district.

(d) Before adopting the resolution or ordinance, the legislative authority receives a petition signed by every record owner of a parcel of real property located in the proposed district and the owner of every business that operates in the proposed district.

(e) The legislative authority adopts the resolution or ordinance on or before December 31, 2018.
(2) The petition described in division (B)(1)(d) of this section shall include an explanation of the taxes and charges that may be levied or imposed in the proposed district.

(3) The legislative authority shall certify the resolution or ordinance to the tax commissioner within five days after its adoption, along with a description of the boundaries of the district authorized in the resolution. That description shall include sufficient information for the commissioner to determine if the address of a vendor is within the boundaries of the district.

(4) Subject to the limitations of divisions (B)(1)(a) and (b) of this section, the legislative authority of an eligible municipal corporation may enlarge the territory of an existing tourism development district in the manner prescribed for the creation of a district under divisions (B)(1) to (3) of this section, except that the petition described in division (B)(1)(d) of this section must be signed by every record owner of a parcel of real property located in the area proposed to be added to the district and the owner of every business that operates in the area proposed to be added to the district.

(C) For the purpose of fostering and developing tourism in a tourism development district, a lessor leasing real property in a tourism development district may impose and collect a uniform fee on each parcel of real property leased by the lessor, to be paid by each of the person's lessees. A lessee is subject to such a fee only if the lease separately states the amount of the fee. Before a lessor may impose and collect such a fee, the lessor shall file a copy of such lease with the fiscal officer. A lessor that imposes such a fee shall remit all collections of the fee to the municipal corporation in which the real property is located.

The legislative authority of that municipal corporation shall establish all regulations necessary to provide for the
administration and remittance of such fees. The regulations may prescribe the time for payment of the fee, and may provide for the imposition of a penalty or interest, or both, for late remittances, provided that the penalty does not exceed ten percent of the amount of fee due, and the rate at which interest accrues does not exceed the rate per annum prescribed pursuant to section 5703.47 of the Revised Code. The regulations shall provide, after deducting the real and actual costs of administering the fee, that the revenue be used exclusively for fostering and developing tourism within the tourism development district.

(D) The legislative authority of an eligible municipal corporation that has designated a tourism development district may levy the tax authorized under section 5739.101 of the Revised Code. Nothing in this section limits the power of the legislative authority of a municipal corporation to levy a tax on the basis of admissions in a tourism development district pursuant to its powers of local self-government conferred by Section 3 of Article XVIII, Ohio Constitution.

(E) On or before the first day of each January and June, beginning after the designation of the tourism development district, the fiscal officer shall certify a list of vendors located within the tourism development district to the tax commissioner, which shall include the name, address, and vendor's license number for each vendor.

Sec. 715.691. (A) As used in this section:

(1) "Contracting party" means a municipal corporation that has entered into a joint economic development zone contract or any party succeeding to the municipal corporation, or a township that entered into a joint economic development zone contract with a municipal corporation.
(2) "Zone" means a joint economic development zone designated under this section.

(3) "Substantial amendment" means an amendment to a joint economic development zone contract that increases the rate of municipal income tax that may be imposed within the zone, changes the purposes for which municipal income tax revenue derived from the zone may be used, or changes the area or areas included in the zone.

(B) This section provides procedures and requirements for creating and operating a joint economic development zone. This section applies only if one of the contracting parties to the zone does not levy a municipal income tax under Chapter in accordance with Chapters 718. and 5718. of the Revised Code.

At any time before January 1, 2015, two or more municipal corporations or one or more townships and one or more municipal corporations may enter into a contract whereby they agree to share in the costs of improvements for an area or areas located in one or more of the contracting parties that they designate as a joint economic development zone for the purpose of facilitating new or expanded growth for commercial or economic development in the state. The contract and zone shall meet the requirements of divisions (B) to (J) of this section.

(C) The contract shall set forth each contracting party's contribution to the joint economic development zone. The contributions may be in any form that the contracting parties agree to, and may include, but are not limited to, the provision of services, money, or equipment. The contract may be amended, renewed, or terminated with the consent of the contracting parties, subject to division (K) of this section. The contract shall continue in existence throughout the term it specifies and shall be binding on the contracting parties and on any entities succeeding to the contracting parties. If the contract is approved
by the electors of any contracting party under division (F) of
this section or substantially amended after the effective date of
H.B. 289 of the 130th general assembly, June 5, 2014, the
contracting parties shall include within the contract or the
amendment to the contract an economic development plan for the
zone, a schedule for the implementation or provision of any new,
expanded, or additional services, facilities, or improvements
within the zone or in the area surrounding the zone, and any
provisions necessary for the contracting parties to create a joint
economic development review council in compliance with section
715.692 of the Revised Code.

(D) Before the legislative authority of any of the
contracting parties enacts an ordinance or resolution approving a
contract to designate a joint economic development zone, the
legislative authority of each of the contracting parties shall
hold a public hearing concerning the contract and zone. Each
legislative authority shall provide at least thirty days' public
notice of the time and place of the public hearing in a newspaper
of general circulation in the municipal corporation or township.
During the thirty-day period prior to the public hearing, all of
the following documents shall be available for public inspection
in the office of the clerk of the legislative authority of a
municipal corporation that is a contracting party and in the
office of the fiscal officer of a township that is a contracting
party:

(1) A copy of the contract designating the zone;

(2) A description of the area or areas to be included in the
zone, including a map in sufficient detail to denote the specific
boundaries of the area or areas;

(3) An economic development plan for the zone that includes a
schedule for the provision of any new, expanded, or additional
services, facilities, or improvements.
A public hearing held under division (D) of this section shall allow for public comment and recommendations on the contract and zone. The contracting parties may include in the contract any of those recommendations prior to approval of the contract.

(E) After the public hearings required under division (D) of this section have been held and the economic development plan has been approved under division (D) of section 715.692 of the Revised Code, and before January 1, 2015, each contracting party may enact an ordinance or resolution approving the contract to designate a joint economic development zone. After each contracting party has enacted an ordinance or resolution, the clerk of the legislative authority of a municipal corporation that is a contracting party and the fiscal officer of a township that is a contracting party shall file with the board of elections of each county within which a contracting party is located a copy of the ordinance or resolution approving the contract and shall direct the board of elections to submit the ordinance or resolution to the electors of the contracting party on the day of the next general, primary, or special election occurring at least ninety days after the ordinance or resolution is filed with the board of elections. If any of the contracting parties is a township, however, then only the township or townships shall submit the resolution to the electors. The board of elections shall not submit an ordinance or resolution filed under this division to the electors at any election occurring on or after January 1, 2015.

(F)(1) If a vote is required to approve a municipal corporation as a contracting party to a joint economic development zone under this section, the ballot shall be in the following form:

"Shall the ordinance of the legislative authority of the (city or village) of (name of contracting party) approving the contract with (name of each other contracting party) for the
(2) If a vote is required to approve a township as a contracting party to a joint economic development zone under this section, the ballot shall be in the following form:

"Shall the resolution of the board of township trustees of the township of (name of contracting party) approving the contract with (name of each other contracting party) for the designation of a joint economic development zone be approved?

FOR THE RESOLUTION AND CONTRACT
AGAINST THE RESOLUTION AND CONTRACT"

If a majority of the electors of each contracting party voting on the issue vote for the ordinance or resolution and contract, the ordinance or resolution shall become effective immediately and the contract shall go into effect immediately or in accordance with its terms.

(G)(1) A board of directors shall govern each joint economic development zone created under this section. The members of the board shall be appointed as provided in the contract. Each of the contracting parties shall appoint three members to the board. Terms for each member shall be for two years, each term ending on the same day of the month of the year as did the term that it succeeds. A member may be reappointed to the board.

(2) Membership on the board is not the holding of a public office or employment within the meaning of any section of the
Revised Code or any charter provision prohibiting the holding of other public office or employment. Membership on the board is not a direct or indirect interest in a contract or expenditure of money by a municipal corporation, township, county, or other political subdivision with which a member may be affiliated. Notwithstanding any provision of law or a charter to the contrary, no member of the board shall forfeit or be disqualified from holding any public office or employment by reason of membership on the board.

(3) The board is a public body for the purposes of section 121.22 of the Revised Code. Chapter 2744. of the Revised Code applies to the board and the zone.

(H) The contract may grant to the board of directors appointed under division (G) of this section the power to adopt a resolution to levy an income tax within the zone. The income tax shall be used for the purposes of the zone and for the purposes of the contracting parties pursuant to the contract. Not less than fifty per cent of the revenue from the tax shall be used solely to provide the new, expanded, or additional services, facilities, or improvements specified in the economic development plan until all such services, facilities, or improvements have been completed as specified in that plan. The income tax may be levied in the zone based on income earned by persons working within the zone and on the net profits of businesses located in the zone. The income tax is subject to Chapter 718. and 5718. of the Revised Code, except that a vote shall be required by the electors residing in the zone to approve the rate of income tax unless a majority of the electors residing within the zone, as determined by the total number of votes cast in the zone for the office of governor at the most recent general election for that office, submit a petition to the board requesting that the election provided for in division (H)(1) of this section not be held. If no electors reside within
the zone, then division (H)(3) of this section applies. The rate of the income tax shall be no higher than the highest rate being levied by a municipal corporation that is a party to the contract.

(1) The board of directors may levy an income tax at a rate that is not higher than the highest rate being levied by a municipal corporation that is a party to the contract, provided that the rate of the income tax is first submitted to and approved by the electors of the zone at the succeeding regular or primary election, or a special election called by the board, occurring subsequent to ninety days after a certified copy of the resolution levying the income tax and calling for the election is filed with the board of elections. If the voters approve the levy of the income tax, the income tax shall be in force for the full period of the contract establishing the zone. No election shall be held under this section if a majority of the electors residing within the zone, determined as specified in division (H) of this section, submit a petition to that effect to the board of directors. Any increase in the rate of an income tax by the board of directors shall be approved by a vote of the electors of the zone and shall be in force for the remaining period of the contract establishing the zone.

(2) Whenever a zone is located in the territory of more than one contracting party, a majority vote of the electors in each of the several portions of the territory of the contracting parties constituting the zone approving the levy of the tax is required before it may be imposed under division (H) of this section.

(3) If no electors reside in the zone, no election for the approval or rejection of an income tax shall be held under this section, provided that where no electors reside in the zone, the rate of the income tax shall be no higher than the highest rate being levied by a municipal corporation that is a party to the contract.
The board of directors of a zone levying an income tax shall enter into an agreement with one of the municipal corporations that is a party to the contract to administer, collect, and enforce the income tax on behalf of the zone.

The board of directors of a zone shall publish or post public notice within the zone of any resolution adopted levying an income tax in the same manner required of municipal corporations under sections 731.21 and 731.25 of the Revised Code.

(I)(1) If for any reason a contracting party reverts to or has its boundaries changed so that it is classified as a township that is the entity succeeding to that contracting party, the township is considered to be a municipal corporation for the purposes of the contract for the full period of the contract establishing the joint economic development zone, except that if that contracting party is administering, collecting, and enforcing the income tax on behalf of the district as provided in division (H)(4) of this section, the contract shall be amended to allow one of the other contracting parties to administer, collect, and enforce that tax.

(2) Notwithstanding any other section of the Revised Code, if there is any change in the boundaries of a township so that a municipal corporation once located within the township is no longer so located, the township shall remain in existence even though its remaining unincorporated area contains less than twenty-two square miles, if the township has been or becomes a party to a contract creating a joint economic development zone under this section or the contract creating that joint economic development zone under this section is terminated or repudiated for any reason by any party or person. The township shall continue its existing status in all respects, including having the same form of government and the same elected board of trustees as its governing body. The township shall continue to receive all of its
tax levies and sources of income as a township in accordance with any section of the Revised Code, whether the levies and sources of income generate millage within the ten-mill limitation or in excess of the ten-mill limitation. The name of the township may be changed to the name of the contracting party appearing in the contract creating a joint economic development zone under this section, so long as the name does not conflict with any other name in the state that has been certified by the secretary of state. The township shall have all of the powers set out in sections 715.79, 715.80, and 715.81 of the Revised Code.

(J) If, after creating and operating a joint economic development zone under this section, a contracting party that did not levy a municipal income tax under Chapters 718. and 5718. of the Revised Code levies such a tax, the tax shall not apply to the zone for the full period of the contract establishing the zone if the board of directors of the zone has levied an income tax as provided in division (H) of this section.

(K) No substantial amendment may be made to any joint economic development zone contract after December 31, 2014.

Sec. 715.70. (A) This section and section 715.71 of the Revised Code apply only to:

(1) Municipal corporations and townships within a county that has adopted a charter under Sections 3 and 4 of Article X, Ohio Constitution;

(2) Municipal corporations and townships that have created a joint economic development district comprised entirely of real property owned by a municipal corporation at the time the district was created under this section. The real property owned by the municipal corporation shall include an airport owned by the municipal corporation and located entirely beyond the municipal
corporation's corporate boundary.

(3) Municipal corporations or townships that are part of or contiguous to a transportation improvement district created under Chapter 5540. of the Revised Code and that have created a joint economic development district under this section or section 715.71 of the Revised Code prior to November 15, 1995;

(4) Municipal corporations that have previously entered into a contract creating a joint economic development district pursuant to division (A)(2) of this section, even if the territory to be included in the district does not meet the requirements of that division.

(B)(1) One or more municipal corporations and one or more townships may enter into a contract approved by the legislative authority of each contracting party pursuant to which they create as a joint economic development district an area or areas for the purpose of facilitating economic development to create or preserve jobs and employment opportunities and to improve the economic welfare of the people in the state and in the area of the contracting parties. A municipal corporation described in division (A)(4) of this section may enter into a contract with other municipal corporations and townships to create a new joint economic development district. In a district that includes a municipal corporation described in division (A)(4) of this section, the territory of each of the contracting parties shall be contiguous to the territory of at least one other contracting party, or contiguous to the territory of a township or municipal corporation that is contiguous to another contracting party, even if the intervening township or municipal corporation is not a contracting party. The area or areas of land to be included in the district shall not include any parcel of land owned in fee by a municipal corporation or a township or parcel of land that is leased to a municipal corporation or a township, unless the
municipal corporation or township is a party to the contract or unless the municipal corporation or township has given its consent to have its parcel of land included in the district by the adoption of a resolution. As used in this division, "parcel of land" means any parcel of land owned by a municipal corporation or a township for at least a six-month period within a five-year period prior to the creation of a district, but "parcel of land" does not include streets or public ways and sewer, water, and other utility lines whether owned in fee or otherwise.

The district created shall be located within the territory of one or more of the participating parties and may consist of all or a portion of such territory. The boundaries of the district shall be described in the contract or in an addendum to the contract.

(2) Prior to the public hearing to be held pursuant to division (D)(2) of this section, the participating parties shall give a copy of the proposed contract to each municipal corporation located within one-quarter mile of the proposed joint economic development district and not otherwise a party to the contract, and afford the municipal corporation the reasonable opportunity, for a period of thirty days following receipt of the proposed contract, to make comments and suggestions to the participating parties regarding elements contained in the proposed contract.

(3) The district shall not exceed two thousand acres in area. The territory of the district shall not completely surround territory that is not included within the boundaries of the district.

(4) Sections 503.07 to 503.12 of the Revised Code do not apply to territory included within a district created pursuant to this section as long as the contract creating the district is in effect, unless the legislative authority of each municipal corporation and the board of township trustees of each township included in the district consent, by ordinance or resolution, to
the application of those sections of the Revised Code.

(5) Upon the execution of the contract creating the district by the parties to the contract, a participating municipal corporation or township included within the district shall file a copy of the fully executed contract with the county recorder of each county within which a party to the contract is located, in the miscellaneous records of the county. No annexation proceeding pursuant to Chapter 709. of the Revised Code that proposes the annexation to, merger, or consolidation with a municipal corporation of any unincorporated territory within the district shall be commenced for a period of three years after the contract is filed with the county recorder of each county within which a party to the contract is located unless each board of township trustees whose territory is included, in whole or part, within the district and the territory proposed to be annexed, merged, or consolidated adopts a resolution consenting to the commencement of the proceeding and a copy of the resolution is filed with the legislative authority of each county within which a party to the contract is located or unless the contract is terminated during this period.

The contract entered into between the municipal corporations and townships pursuant to this section may provide for the prohibition of any annexation by the participating municipal corporations of any unincorporated territory within the district beyond the three-year mandatory prohibition of any annexation provided for in division (B)(5) of this section.

(C)(1) After the legislative authority of a municipal corporation and the board of township trustees have adopted an ordinance and resolution approving a contract to create a joint economic development district pursuant to this section, and after a contract has been signed, the municipal corporations and townships shall jointly file a petition with the legislative
authority of each county within which a party to the contract is located.

(a) The petition shall contain all of the following:

(i) A statement that the area or areas of the district are not greater than two thousand acres and are located within the territory of one or more of the contracting parties;

(ii) A brief summary of the services to be provided by each party to the contract or a reference to the portion of the contract describing those services;

(iii) A description of the area or areas to be designated as the district;

(iv) The signature of a representative of each of the contracting parties.

(b) The following documents shall be filed with the petition:

(i) A signed copy of the contract, together with copies of district maps and plans related to or part of the contract;

(ii) A certified copy of the ordinances and resolutions of the contracting parties approving the contract;

(iii) A certificate from each of the contracting parties indicating that the public hearings required by division (D)(2) of this section have been held, the date of the hearings, and evidence of publication of the notice of the hearings;

(iv) One or more signed statements of persons who are owners of property located in whole or in part within the area to be designated as the district, requesting that the property be included within the district, provided that those statements shall represent a majority of the persons owning property located in whole or in part within the district and persons owning a majority of the acreage located within the district. A signature may be withdrawn by the signer up to but not after the time of the public hearing.
hearing required by division (D)(2) of this section.

(2) The legislative authority of each county within which a party to the contract is located shall adopt a resolution approving the petition for the creation of the district if the petition and other documents have been filed in accordance with the requirements of division (C)(1) of this section. If the petition and other documents do not substantially meet the requirements of that division, the legislative authority of any county within which a party to the contract is located may adopt a resolution disapproving the petition for the creation of the district. The legislative authority of each county within which a party to the contract is located shall adopt a resolution approving or disapproving the petition within thirty days after the petition was filed. If the legislative authority of each such county does not adopt the resolution within the thirty-day period, the petition shall be deemed approved and the contract shall go into effect immediately after that approval or at such other time as the contract specifies.

(D)(1) The contract creating the district shall set forth or provide for the amount or nature of the contribution of each municipal corporation and township to the development and operation of the district and may provide for the sharing of the costs of the operation of and improvements for the district. The contributions may be in any form to which the contracting municipal corporations and townships agree and may include but are not limited to the provision of services, money, real or personal property, facilities, or equipment. The contract may provide for the contracting parties to share revenue from taxes levied on property by one or more of the contracting parties if those revenues may lawfully be applied to that purpose under the legislation by which those taxes are levied. The contract shall provide for new, expanded, or additional services, facilities, or
improvements, including expanded or additional capacity for or other enhancement of existing services, facilities, or improvements, provided that those services, facilities, or improvements, or expanded or additional capacity for or enhancement of existing services, facilities, or improvements, required herein have been provided within the two-year period prior to the execution of the contract.

(2) Before the legislative authority of a municipal corporation or a board of township trustees passes any ordinance or resolution approving a contract to create a joint economic development district pursuant to this section, the legislative authority of the municipal corporation and the board of township trustees shall each hold a public hearing concerning the joint economic development district contract and shall provide thirty days' public notice of the time and place of the public hearing in a newspaper of general circulation in the municipal corporation and the township. The board of township trustees may provide additional notice to township residents in accordance with section 9.03 of the Revised Code, and any additional notice shall include the public hearing announcement; a summary of the terms of the contract; a statement that the entire text of the contract and district maps and plans are on file for public examination in the office of the township fiscal officer; and information pertaining to any tax changes that will or may occur as a result of the contract.

During the thirty-day period prior to the public hearing, a copy of the text of the contract together with copies of district maps and plans related to or part of the contract shall be on file, for public examination, in the offices of the clerk of the legislative authority of the municipal corporation and of the township fiscal officer. The public hearing provided for in division (D)(2) of this section shall allow for public comment and
recommendations from the public on the proposed contract. The contracting parties may include in the contract any of those recommendations prior to the approval of the contract.

(3) Any resolution of the board of township trustees that approves a contract that creates a joint economic development district pursuant to this section shall be subject to a referendum of the electors of the township. When a referendum petition, signed by ten per cent of the number of electors in the township who voted for the office of governor at the most recent general election for the office of governor, is presented to the board of township trustees within thirty days after the board of township trustees adopted the resolution, ordering that the resolution be submitted to the electors of the township for their approval or rejection, the board of township trustees shall, after ten days and not later than four p.m. of the ninetieth day before the election, certify the text of the resolution to the board of elections. The board of elections shall submit the resolution to the electors of the township for their approval or rejection at the next general, primary, or special election occurring subsequent to ninety days after the certifying of the petition to the board of elections.

(4) Upon the creation of a district under this section or section 715.71 of the Revised Code, one of the contracting parties shall file a copy of the following with the director of development:

(a) The petition and other documents described in division (C)(1) of this section, if the district is created under this section;

(b) The documents described in division (D) of section 715.71 of the Revised Code, if the district is created under this section.
(E) The district created by the contract shall be governed by a board of directors that shall be established by or pursuant to the contract. The board is a public body for the purposes of section 121.22 of the Revised Code. The provisions of Chapter 2744. of the Revised Code apply to the board and the district. The members of the board shall be appointed as provided in the contract from among the elected members of the legislative authorities and the elected chief executive officers of the contracting parties, provided that there shall be at least two members appointed from each of the contracting parties.

(F) The contract shall enumerate the specific powers, duties, and functions of the board of directors of a district, and the contract shall provide for the determination of procedures that are to govern the board of directors. The contract may grant to the board the power to adopt a resolution to levy an income tax within the district. The income tax shall be used for the purposes of the district and for the purposes of the contracting municipal corporations and townships pursuant to the contract. The income tax may be levied in the district based on income earned by persons working or residing within the district and based on the net profits of businesses located in the district. The income tax shall follow the provisions of Chapters 718. and 5718. of the Revised Code, except that a vote shall be required by the electors residing in the district to approve the rate of income tax. If no electors reside within the district, then division (F)(4) of this section applies. The rate of the income tax shall be no higher than the highest rate being levied by a municipal corporation that is a party to the contract.

(1) Within one hundred eighty days after the first meeting of the board of directors, the board may levy an income tax, provided that the rate of the income tax is first submitted to and approved by the electors of the district at the succeeding regular or
primary election, or a special election called by the board, occurring subsequent to ninety days after a certified copy of the resolution levying the income tax and calling for the election is filed with the board of elections. If the voters approve the levy of the income tax, the income tax shall be in force for the full period of the contract establishing the district. Any increase in the rate of an income tax that was first levied within one hundred eighty days after the first meeting of the board of directors shall be approved by a vote of the electors of the district, shall be in force for the remaining period of the contract establishing the district, and shall not be subject to division (F)(2) of this section.

(2) Any resolution of the board of directors levying an income tax that is adopted subsequent to one hundred eighty days after the first meeting of the board of directors shall be subject to a referendum as provided in division (F)(2) of this section. Any resolution of the board of directors levying an income tax that is adopted subsequent to one hundred eighty days after the first meeting of the board of directors shall be subject to an initiative proceeding to amend or repeal the resolution levying the income tax as provided in division (F)(2) of this section. When a referendum petition, signed by ten per cent of the number of electors in the district who voted for the office of governor at the most recent general election for the office of governor, is filed with the county auditor of each county within which a party to the contract is located within thirty days after the resolution is adopted by the board or when an initiative petition, signed by ten per cent of the number of electors in the district who voted for the office of governor at the most recent general election for the office of governor, is filed with the county auditor of each such county ordering that a resolution to amend or repeal a prior resolution levying an income tax be submitted to the electors within the district for their approval or rejection, the county
auditor of each such county, after ten days and not later than
four p.m. of the ninetieth day before the election, shall certify
the text of the resolution to the board of elections of that
county. The county auditor of each such county shall retain the
petition. The board of elections shall submit the resolution to
such electors, for their approval or rejection, at the next
general, primary, or special election occurring subsequent to
ninety days after the certifying of such petition to the board of
elections.

(3) Whenever a district is located in the territory of more
than one contracting party, a majority vote of the electors, if
any, in each of the several portions of the territory of the
contracting parties constituting the district approving the levy
of the tax is required before it may be imposed pursuant to this
division.

(4) If there are no electors residing in the district, no
election for the approval or rejection of an income tax shall be
held pursuant to this section, provided that where no electors
reside in the district, the maximum rate of the income tax that
may be levied shall not exceed one per cent.

(5) The board of directors of a district levying an income
tax shall enter into an agreement with one of the municipal
corporations that is a party to the contract to administer,
collect, and enforce the income tax on behalf of the district. The
resolution levying the income tax shall provide the same credits,
if any, to residents of the district for income taxes paid to
other such districts or municipal corporations where the residents
work, as credits provided to residents of the municipal
corporation administering the income tax.

(6)(a) The board shall publish or post public notice within
the district of any resolution adopted levying an income tax in
the same manner required of municipal corporations under sections
731.21 and 731.25 of the Revised Code.

(b) Except as otherwise specified by this division, any referendum or initiative proceeding within a district shall be conducted in the same manner as is required for such proceedings within a municipal corporation pursuant to sections 731.28 to 731.40 of the Revised Code.

(G) Membership on the board of directors does not constitute the holding of a public office or employment within the meaning of any section of the Revised Code or any charter provision prohibiting the holding of other public office or employment, and shall not constitute an interest, either direct or indirect, in a contract or expenditure of money by any municipal corporation, township, county, or other political subdivision with which the member may be connected. No member of a board of directors shall be disqualified from holding any public office or employment, nor shall such member forfeit or be disqualified from holding any such office or employment, by reason of the member's membership on the board of directors, notwithstanding any law or charter provision to the contrary.

(H) The powers and authorizations granted pursuant to this section or section 715.71 of the Revised Code are in addition to and not in derogation of all other powers granted to municipal corporations and townships pursuant to law. When exercising a power or performing a function or duty under a contract authorized pursuant to this section or section 715.71 of the Revised Code, a municipal corporation may exercise all of the powers of a municipal corporation, and may perform all the functions and duties of a municipal corporation, within the district, pursuant to and to the extent consistent with the contract. When exercising a power or performing a function or duty under a contract authorized pursuant to this section or section 715.71 of the Revised Code, a township may exercise all of the powers of a
township, and may perform all the functions and duties of a
township, within the district, pursuant to and to the extent
consistent with the contract. The district board of directors has
no powers except those specifically set forth in the contract as
agreed to by the participating parties. No political subdivision
shall authorize or grant any tax exemption pursuant to Chapter
1728. or section 3735.67, 5709.62, 5709.63, or 5709.632 of the
Revised Code on any property located within the district without
the consent of the contracting parties. The prohibition for any
tax exemption pursuant to this division shall not apply to any
exemption filed, pending, or approved, or for which an agreement
has been entered into, before the effective date of the contract
entered into by the parties.

(I) Municipal corporations and townships may enter into
binding agreements pursuant to a contract authorized under this
section or section 715.71 of the Revised Code with respect to the
substance and administration of zoning and other land use
regulations, building codes, public permanent improvements, and
other regulatory and proprietary matters that are determined,
pursuant to the contract, to be for a public purpose and to be
desirable with respect to the operation of the district or to
facilitate new or expanded economic development in the state or
the district, provided that no contract shall exempt the territory
within the district from the procedures and processes of land use
regulation applicable pursuant to municipal corporation, township,
and county regulations, including but not limited to procedures
and processes concerning zoning.

(J) A contract creating a joint economic development district
under this section or section 715.71 of the Revised Code may
designate property as a community entertainment district or may be
amended to designate property as a community entertainment
district as prescribed in division (D) of section 4301.80 of the
Revised Code. A joint economic development district contract or amendment designating a community entertainment district shall include all information and documentation described in divisions (B)(1) through (6) of section 4301.80 of the Revised Code. The public notice required under division (D)(2) of this section and division (C) of section 715.71 of the Revised Code shall specify that the contract designates a community entertainment district and describe the location of that district. Except as provided in division (F) of section 4301.80 of the Revised Code, an area designated as a community entertainment district under a joint economic development district contract shall not lose its designation even if the contract is canceled or terminated.

(K) A contract entered into pursuant to this section or section 715.71 of the Revised Code may be amended and it may be renewed, canceled, or terminated as provided in or pursuant to the contract. The contract may be amended to add property owned by one of the contracting parties to the district, or may be amended to delete property from the district whether or not one of the contracting parties owns the deleted property. The contract shall continue in existence throughout its term and shall be binding on the contracting parties and on any entities succeeding to such parties, whether by annexation, merger, or otherwise. The income tax levied by the board pursuant to this section or section 715.71 of the Revised Code shall apply in the entire district throughout the term of the contract, notwithstanding that all or a portion of the district becomes subject to annexation, merger, or incorporation. No township or municipal corporation is divested of its rights or obligations under the contract because of annexation, merger, or succession of interests.

(L) After the creation of a joint economic development district described in division (A)(2) of this section, a municipal corporation that is a contracting party may cease to own property
included in the district, but such property shall continue to be included in the district and subject to the terms of the contract.

**Sec. 715.71.** (A) This section provides alternative procedures and requirements to those set forth in section 715.70 of the Revised Code for creating and operating a joint economic development district. Divisions (B), (C), (D)(1) to (3), and (F) of section 715.70 of the Revised Code do not apply to a joint economic development district established under this section. However, divisions (A), (D)(4), (E), (G), (H), (I), (J), (K), and (L) of section 715.70 of the Revised Code do apply to a district established under this section.

(B) One or more municipal corporations and one or more townships may enter into a contract approved by the legislative authority of each contracting party pursuant to which they create as a joint economic development district one or more areas for the purpose of facilitating economic development to create or preserve jobs and employment opportunities and to improve the economic welfare of the people in this state and in the area of the contracting parties. The district created shall be located within the territory of one or more of the contracting parties and may consist of all or a portion of that territory. The boundaries of the district shall be described in the contract or in an addendum to the contract. The area or areas of land to be included in the district shall not include any parcel of land owned in fee by or leased to a municipal corporation or township, unless the municipal corporation or township is a party to the contract or has given its consent to have its parcel of land included in the district by the adoption of a resolution. As used in this division, "parcel of land" has the same meaning as in division (B) of section 715.70 of the Revised Code.

(C) Before the legislative authority of a municipal
corporation or a board of township trustees adopts an ordinance or resolution approving a contract to create a joint economic development district under this section, it shall hold a public hearing concerning the joint economic development district contract and shall provide thirty days' public notice of the time and place of the public hearing in a newspaper of general circulation in the municipal corporation and the township. Each municipal corporation and township that is a party to the contract shall hold a public hearing. During the thirty-day period prior to a public hearing, a copy of the text of the contract together with copies of district maps and plans related to or part of the contract shall be on file, for public examination, in the offices of the clerk of the legislative authority of the municipal corporation and of the township fiscal officer. The public hearings provided for in this division shall allow for public comment and recommendations on the proposed contract. The participating parties may include in the contract any of those recommendations prior to approval of the contract.

(D) After the legislative authority of a municipal corporation and the board of township trustees have adopted an ordinance and resolution approving a contract to create a joint economic development district, the municipal corporation and the township jointly shall file with the legislative authority of each county within which a party to the contract is located all of the following:

(1) A signed copy of the contract, together with copies of district maps and plans related to or part of the contract;

(2) Certified copies of the ordinances and resolutions of the contracting parties relating to the district and the contract;

(3) A certificate of each of the contracting parties that the public hearings provided for in division (C) of this section have been held, the date of the hearings, and evidence of publication.
of the notice of the hearings.

(E) Within thirty days after the filing under division (D) of this section, the legislative authority of each county within which a party to the contract is located shall adopt a resolution acknowledging the receipt of the required documents, approving the creation of the joint economic development district, and directing that the resolution of the board of township trustees approving the contract be submitted to the electors of the township for approval at the next succeeding general, primary, or special election. The legislative authority of the county shall file with the board of elections at least ninety days before the day of the election a copy of the resolution of the board of township trustees approving the contract. The resolution of the legislative authority of the county also shall specify the date the election is to be held and shall direct the board of elections to conduct the election in the township. If the resolution of the legislative authority of the county is not adopted within the thirty-day period after the filing under division (D) of this section, the joint economic development district shall be deemed approved by the county legislative authority, and the board of township trustees shall file its resolution with the board of elections for submission to the electors of the township for approval at the next succeeding general, primary, or special election. The filing shall occur at least ninety days before the specified date the election is to be held and shall direct the board of elections to conduct the election in the township.

The ballot shall be in the following form:

"Shall the resolution of the board of township trustees approving the contract with ................. (here insert name of each municipal corporation and other township that is a party to the contract) for the creation of a joint economic development district be approved?"
If a majority of the electors of the township voting on the issue vote for the resolution and contract, the resolution shall become effective immediately and the contract shall go into effect immediately or in accordance with its terms.

(F) The contract creating the district shall set forth or provide for the amount or nature of the contribution of each municipal corporation and township to the development and operation of the district and may provide for the sharing of the costs of the operation of and improvements for the district. The contributions may be in any form to which the contracting municipal corporations and townships agree and may include but are not limited to the provision of services, money, real or personal property, facilities, or equipment. The contract may provide for the contracting parties to share revenue from taxes levied on property by one or more of the contracting parties if those revenues may lawfully be applied to that purpose under the legislation by which those taxes are levied. The contract shall provide for new, expanded, or additional services, facilities, or improvements, including expanded or additional capacity for or other enhancement of existing services, facilities, or improvements, provided that the existing services, facilities, or improvements, or the expanded or additional capacity for or enhancement of the existing services, facilities, or improvements, have been provided within the two-year period prior to the execution of the contract.

(G) The contract shall enumerate the specific powers, duties, and functions of the board of directors of the district and shall provide for the determination of procedures that are to govern the
board of directors. The contract may grant to the board the power
to adopt a resolution to levy an income tax within the district.
The income tax shall be used for the purposes of the district and
for the purposes of the contracting municipal corporations and
townships pursuant to the contract. The income tax may be levied
in the district based on income earned by persons working or
residing within the district and based on the net profits of
businesses located in the district. The income tax of the district
shall follow the provisions of Chapter 718. of
the Revised Code, except that no vote shall be required by the
electors residing in the district. The rate of the income tax
shall be no higher than the highest rate being levied by a
municipal corporation that is a party to the contract.

The board of directors of a district levying an income tax
shall enter into an agreement with one of the municipal
corporations that is a party to the contract to administer,
collect, and enforce the income tax on behalf of the district. The
resolution levying the income tax shall provide the same credits,
if any, to residents of the district for income taxes paid to
other districts or municipal corporations where the residents
work, as credits provided to residents of the municipal
corporation administering the income tax.

(H) No annexation proceeding pursuant to Chapter 709. of the
Revised Code that proposes the annexation to or merger or
consolidation with a municipal corporation, except a municipal
corporation that is a party to the contract, of any unincorporated
territory within the district shall be commenced for a period of
three years after the contract is filed with the legislative
authority of each county within which a party to the contract is
located in accordance with division (D) of this section unless
each board of township trustees whose territory is included, in
whole or part, within the district and the territory proposed to
be annexed, merged, or consolidated adopts a resolution consenting to the commencement of the proceeding and a copy of the resolution is filed with the legislative authority of each such county or unless the contract is terminated during this three-year period. The contract entered into between the municipal corporations and townships pursuant to this section may provide for the prohibition of any annexation by the participating municipal corporations of any unincorporated territory within the district.

Sec. 715.72. (A) As used in this section:

(1) "Contracting parties" means one or more municipal corporations, one or more townships, and, under division (D) of this section, one or more counties that have entered into a contract under this section to create a joint economic development district.

(2) "District" means a joint economic development district created under this section.

(3) "Contract for utility services" means a contract under which a municipal corporation agrees to provide to a township or another municipal corporation water, sewer, electric, or other utility services necessary to the public health, safety, and welfare.

(4) "Business" means a sole proprietorship, a corporation for profit, a pass-through entity as defined in section 5733.04 of the Revised Code, the federal government, the state, the state's political subdivisions, a nonprofit organization, or a school district.

(5) "Owner" means a partner of a partnership, a member of a limited liability company, a majority shareholder of an S corporation, a person with a majority ownership interest in a pass-through entity, or any officer, employee, or agent with
authority to make decisions legally binding upon a business.  

(6) "Record owner" means the person or persons in whose name a parcel is listed on the tax list or exempt list compiled by the county auditor under section 319.28 or 5713.08 of the Revised Code.  

(7) A business "operates within" a district if the net profits of the business or the income of employees of the business would be subject to an income tax levied within the district.  

(8) An employee is "employed within" a district if any portion of the employee's income would be subject to an income tax levied within the district.  

(9) "Mixed-use development" means a real estate project that tends to mitigate traffic and sprawl by integrating some combination of retail, office, residential, hotel, recreation, and other functions in a pedestrian-oriented environment that maximizes the use of available space by allowing members of the community to live, work, and play in one architecturally expressive area with multiple amenities.  

(B) This section provides alternative procedures and requirements to those set forth in sections 715.70 and 715.71 of the Revised Code for creating and operating a joint economic development district. This section applies to municipal corporations and townships that are located in the same county or in adjacent counties.  

(C) One or more municipal corporations, one or more townships, and, under division (D) of this section, one or more counties may enter into a contract pursuant to which they designate one or more areas as a joint economic development district for the purpose of facilitating economic development and redevelopment, to create or preserve jobs and employment opportunities, and to improve the economic welfare of the people.
in this state and in the area of the contracting parties.

(1) Except as otherwise provided in division (C)(2) of this section, the territory of each of the contracting parties shall be contiguous to the territory of at least one other contracting party, or contiguous to the territory of a township, municipal corporation, or county that is contiguous to another contracting party, even if the intervening township or municipal corporation is not a contracting party.

(2) Contracting parties that have entered into a contract under section 715.70 or 715.71 of the Revised Code creating a joint economic development district prior to November 15, 1995, may enter into a contract under this section even if the territory of each of the contracting parties is not contiguous to the territory of at least one other contracting party, or contiguous to the territory of a township or municipal corporation that is contiguous to another contracting party as otherwise required under division (C)(1) of this section. The contract and district shall meet the requirements of this section.

(D) If, on or after December 30, 2008, but on or before June 30, 2009, one or more municipal corporations and one or more townships enter into a contract or amend an existing contract under this section, one or more counties in which all of those municipal corporations or townships are located also may enter into the contract as a contracting party or parties.

(E)(1) The area or areas to be included in a joint economic development district shall meet all of the following criteria:

(a) The area or areas shall be located within the territory of one or more of the contracting parties and may consist of all of the territory of any or all of the contracting parties.

(b) No electors, except those residing in a mixed-use development, shall reside within the area or areas on the
effective date of the contract creating the district.

(c) The area or areas shall not include any parcel of land owned in fee by or leased to a municipal corporation or township, unless the municipal corporation or township is a contracting party or has given its consent to have the parcel of land included in the district by the adoption of an ordinance or resolution.

(2) The contracting parties may designate excluded parcels within the boundaries of the joint economic development district. Excluded parcels are not part of the district and persons employed or residing on such parcels shall not be subject to any income tax imposed within the district under division (F)(5) of this section.

(F)(1) The contract creating a joint economic development district shall provide for the amount or nature of the contribution of each contracting party to the development and operation of the district and may provide for the sharing of the costs of the operation of and improvements for the district. The contributions may be in any form to which the contracting parties agree and may include, but are not limited to, the provision of services, money, real or personal property, facilities, or equipment.

(2) The contract may provide for the contracting parties to share revenue from taxes levied by one or more of the contracting parties if those revenues may lawfully be applied to that purpose under the legislation by which those taxes are levied.

(3) The contract shall include an economic development plan for the district that consists of a schedule for the provision of new, expanded, or additional services, facilities, or improvements. The contract may provide for expanded or additional capacity for or other enhancement of existing services, facilities, or improvements.

(4) The contract shall enumerate the specific powers, duties,
functions of the board of directors of the district described under division (P) of this section and shall designate procedures consistent with that division for appointing members to the board. The contract shall enumerate rules to govern the board in carrying out its business under this section.

(5)(a) The contract may grant to the board the power to adopt a resolution to levy an income tax within the entire district or within portions of the district designated by the contract. The income tax shall be used to carry out the economic development plan for the district or the portion of the district in which the tax is levied and for any other lawful purpose of the contracting parties pursuant to the contract, including the provision of utility services by one or more of the contracting parties.

(b) An income tax levied under this section shall be based on both the income earned by persons employed or residing within the district and the net profit of businesses operating within the district.

Except as provided in this section, the income tax levied within the district is subject to Chapters 718. and 5718. of the Revised Code, except that no vote shall be required. The rate of the income tax shall be no higher than the highest rate being levied by a municipal corporation that is a contracting party.

(c) If the board adopts a resolution to levy an income tax, it shall enter into an agreement with a municipal corporation that is a contracting party to administer, collect, and enforce the income tax on behalf of the district.

(d) A resolution levying an income tax under this section shall require the contracting parties to annually set aside a percentage, to be stated in the resolution, of the amount of the income tax collected for the long-term maintenance of the
district.

(e) An income tax levied under this section shall apply in the district or the portion of the district in which the contract authorizes an income tax throughout the term of the contract creating the district. The tax shall not apply to any persons employed or residing on a parcel excluded from the district under division (E)(2) of this section.

(6) If there is unincorporated territory in the district, the contract shall specify that restrictions on annexation proceedings under division (R) of this section apply to such unincorporated territory. The contract may prohibit proceedings under Chapter 709. of the Revised Code proposing the annexation to, merger of, or consolidation with a municipal corporation that is a contracting party of any unincorporated territory within a township that is a contracting party during the term of the contract regardless of whether that territory is located within the district.

(7) The contract may designate property as a community entertainment district, or may be amended to designate property as a community entertainment district, as prescribed in division (D) of section 4301.80 of the Revised Code. A contract or amendment designating a community entertainment district shall include all information and documentation described in divisions (B)(1) to (6) of section 4301.80 of the Revised Code. The public notice required under division (I) of this section shall specify that the contract designates a community entertainment district and describe the location of that district. Except as provided in division (F) of section 4301.80 of the Revised Code, an area designated as a community entertainment district under a joint economic development district contract shall not lose its designation even if the contract is canceled or terminated.

(G) The contract creating a joint economic development
district shall continue in existence throughout its term and shall be binding on the contracting parties and on any parties succeeding to the contracting parties, whether by annexation, merger, or consolidation. Except as provided in division (H) of this section, the contract may be amended, renewed, or terminated with the approval of the contracting parties or any parties succeeding to the contracting parties. If the contract is amended to add or remove an area to or from an existing district, the amendment shall be adopted in the manner prescribed under division (L) of this section.

(H) If two or more contracting parties previously have entered into a separate contract for utility services, then amendment, renewal, or termination of the separate contract for utility services shall not constitute any part of the consideration for the contract creating a joint economic development district. A contract creating a joint economic development district shall be rebuttably presumed to violate this division if it is entered into within two years prior or five years subsequent to the amendment, renewal, or termination of a separate contract for utility services that two or more contracting parties previously have entered into. The presumption stated in this division may be rebutted by clear and convincing evidence of both of the following:

(1) That other substantial consideration existed to support the contract creating a joint economic development district;

(2) That the contracting parties entered into the contract creating a joint economic development district freely and without duress or coercion related to the amendment, renewal, or termination of the separate contract for utility services.

A contract creating a joint economic development district that violates this division is void and unenforceable.
(I)(1) Before the legislative authority of any of the contracting parties adopts an ordinance or resolution approving a contract to create a district, the legislative authority of each of the contracting parties shall hold a public hearing concerning the contract and district. Each legislative authority shall provide at least thirty days' public notice of the time and place of the public hearing in a newspaper of general circulation in the municipal corporation, township, or county, as applicable. During the thirty-day period prior to the public hearing and until the date that an ordinance or resolution is adopted under division (K) of this section to approve the joint economic development district contract, all of the following documents shall be available for public inspection in the office of the clerk of the legislative authority of a municipal corporation and county that is a contracting party and in the office of the fiscal officer of a township that is a contracting party:

(a) A copy of the contract creating the district, including the economic development plan for the district and the schedule for the provision of new, expanded, or additional services, facilities, or improvements described in division (F)(3) of this section;

(b) A description of the area or areas to be included in the district, including a map in sufficient detail to denote the specific boundaries of the area or areas and to indicate any zoning restrictions applicable to the area or areas, and the parcel number, provided for under section 319.28 of the Revised Code, of any parcel located within the boundaries of the joint economic development district and excluded from the district under division (E)(2) of this section;

(c) If the contract authorizes the board of directors of the district to adopt a resolution to levy an income tax within the district or within portions of the district, a schedule for the
collection of the tax.

(2) A public hearing held under this division shall allow for public comment and recommendations on the contract and district. The contracting parties may include in the contract any of those recommendations prior to approval of the contract.

(J) Before any of the contracting parties approves a contract under division (K) of this section, the contracting parties shall circulate one or more petitions to record owners of real property located within the proposed joint economic development district and owners of businesses operating within the proposed district. The petitions shall state that all of the documents described in divisions (I)(1)(a) to (c) of this section are available for public inspection in the office of the clerk of the legislative authority of each municipal corporation and county that is a contracting party or the office of the fiscal officer of each township that is a contracting party. The petitions shall clearly indicate that, by signing the petition, the record owner or owner consents to the proposed joint economic development district.

A contracting party may send written notice of the petitions by certified mail with return receipt requested to the last known mailing addresses of any or all of the record owners of real property located within the proposed district or the owners of businesses operating within the proposed district. The contracting parties shall equally share the costs of complying with this division.

(K)(1) After the public hearings required under division (I) of this section have been held and the petitions described in division (J) of this section have been signed by the majority of the record owners of real property located within the proposed joint economic development district and by a majority of the owners of businesses, if any, operating within the proposed district, each contracting party may adopt an ordinance or
resolution approving the contract to create a joint economic development district. Not later than ten days after all of the contracting parties have adopted ordinances or resolutions approving the district contract, each contracting party shall give notice of the proposed district to all of the following:

(a) Each record owner of real property to be included in the district and in the territory of that contracting party who did not sign the petitions described in division (J) of this section;

(b) An owner of each business operating within the district and in the territory of that contracting party no owner of which signed the petitions described in division (J) of this section.

(2) Such notices shall be given by certified mail and shall specify that the property or business is located within an area to be included in the district and that all of the documents described in divisions (I)(1)(a) to (c) of this section are available for public inspection in the office of the clerk of the legislative authority of each municipal corporation and county that is a contracting party or the office of the fiscal officer of each township that is a contracting party. The contracting parties shall equally share the costs of complying with division (K) of this section.

(L)(1) The contracting parties may amend the joint economic development district contract to add any area that was not originally included in the district if the area satisfies the criteria prescribed under division (E) of this section. The contracting parties may also amend the district contract to remove any area originally included in the district or exclude one or more parcels located within the district pursuant to division (E)(2) of this section.

(2) An amendment adding an area to a district, removing an area from the district, or excluding one or more parcels from the
district may be approved only by a resolution or ordinance adopted by each of the contracting parties. The contracting parties shall conduct public hearings on the amendment and provide notice in the manner required under division (I) of this section for original contracts. The contracting parties shall make available for public inspection a copy of the amendment, a description of the area to be added, removed, or excluded to or from the district, and a map of that area in sufficient detail to denote the specific boundaries of the area and to indicate any zoning restrictions applicable to the area.

(3) Before adopting a resolution or ordinance approving the addition of an area to the district, the contracting parties shall circulate petitions to the record owners of real property located within the proposed addition to the district and owners of businesses operating within the proposed addition to the district in the same manner required under division (J) of this section for original contracts. The contracting parties may notify such record owners of real property and owners of businesses that the petitions are available for signing in the same manner provided by that division. The contracting parties shall equally share the costs of complying with this division.

(4) The contracting parties to a joint economic development district may vote to approve an amendment to the district contract under this division after the public hearings required under division (L)(2) of this section are completed and, if the amendment adds an area or areas to the district, the petitions required under division (L)(3) of this section have been signed by the majority of record owners of real property located within the area or areas added to the district and by a majority of the owners of businesses, if any, operating within the proposed addition to the district.

(5) Not later than ten days after all of the contracting
parties have adopted ordinances or resolutions approving an
amendment adding one or more areas to the district, each
contracting party shall give notice of the addition to all of the
following:

(a) Each record owner of real property to be included in the
addition to the district and in the territory of that contracting
party who did not sign the petitions described in division (L)(3)
of this section;

(b) An owner of each business operating within the addition
to the district and in the territory of that contracting party no
owner of which signed the petitions described in division (L)(3)
of this section.

The contracting parties shall equally share the costs of
complying with division (L)(5) of this section.

(M)(1) A board of township trustees that is a party to a
contract creating a joint economic development district may choose
not to submit its resolution approving the contract to the
electors of the township if all of the following conditions are
satisfied:

(a) The resolution has been approved by a unanimous vote of
the members of the board of township trustees or, if a county is
one of the contracting parties under division (D) of this section,
the resolution has been approved by a majority vote of the members
of the board of township trustees;

(b) The contracting parties have circulated petitions as
required under division (J) of this section and obtained the
signatures required under division (L) of this section;

(c) The territory to be included in the proposed district is
zoned in a manner appropriate to the function of the district.

(2) If the board of township trustees has not invoked its
authority under division (M)(1) of this section, the board, at least ninety days before the date of the election, shall file its resolution approving the district contract with the board of elections for submission to the electors of the township for approval at the next succeeding general, primary, or special election.

(3) Any contract creating a district in which a board of township trustees is a party shall provide that the contract is not effective before the thirty-first day after its approval, including approval by the electors of the township if required by this section.

(4) If the board of township trustees invokes its authority under division (M)(1) of this section and does not submit the district contract to the electors for approval, the resolution of the board of township trustees approving the contract is subject to a referendum of the electors of the township when requested through a petition. When signed by ten per cent of the number of electors in the township who voted for the office of governor at the most recent general election, a referendum petition asking that the resolution be submitted to the electors of the township may be presented to the board of township trustees. Such a petition shall be presented within thirty days after the board of township trustees adopts the resolution approving the district contract. The board of township trustees shall, not later than four p.m. of the tenth day after receipt of the petition, certify the text of the resolution to the board of elections. The board of elections shall submit the resolution to the electors of the township for their approval or rejection at the next general, primary, or special election occurring at least ninety days after certification of the resolution.

(N) The ballot respecting a resolution to create a district or a referendum of such a resolution shall be in the following...
"Shall the resolution of the board of township trustees approving the contract with ............... (here insert name of every other contracting party) for the creation of a joint economic development district be approved?

FOR THE RESOLUTION AND CONTRACT

AGAINST THE RESOLUTION AND CONTRACT"

If a majority of the electors of the township voting on the issue vote for the resolution and contract, the resolution shall become effective immediately and the contract shall go into effect on the thirty-first day after the election or thereafter in accordance with terms of the contract.

(O) Upon the creation of a district under this section, one of the contracting parties shall file a copy of each of the following documents with the director of development services:

(1) All of the documents described in divisions (I)(1)(a) to (c) of this section;

(2) Certified copies of the ordinances and resolutions of the contracting parties relating to the contract and district;

(3) Documentation from each contracting party that the public hearings required by division (I) of this section have been held, the date of the hearings, and evidence that notice of the hearings was published as required by that division;

(4) A copy of the signed petitions required under divisions (J) and (K) of this section.

(P) A board of directors shall govern each district created under this section.

(1) If there are businesses operating and persons employed within the district, the board shall be composed of the following members:
(a) One member representing the municipal corporations that are contracting parties;

(b) One member representing the townships that are contracting parties;

(c) One member representing the owners of businesses operating within the district;

(d) One member representing the persons employed within the district;

(e) One member representing the counties that are contracting parties, or, if no contracting party is a county, one member selected by the members described in divisions (P)(1)(a) to (d) of this section.

The members of the board shall be appointed as provided in the district contract. Of the members initially appointed to the board, the member described in division (P)(1)(a) of this section shall serve a term of one year; the member described in division (P)(1)(b) of this section shall serve a term of two years; the member described in division (P)(1)(c) of this section shall serve a term of three years; and the members described in divisions (P)(1)(d) and (e) of this section shall serve terms of four years. Thereafter, terms for each member shall be for four years, each term ending on the same day of the same month of the year as did the term that it succeeds. A member may be reappointed to the board, but no member shall serve more than two consecutive terms on the board.

The member described in division (P)(1)(e) of this section shall serve as chairperson of the board described under division (P)(1) of this section.

(2) If there are no businesses operating or persons employed within the district, the board shall be composed of the following members:
(a) One member representing the municipal corporations that are contracting parties;

(b) One member representing the townships that are contracting parties;

(c) One member representing the counties that are contracting parties, or if no contracting party is a county, one member selected by the members described in divisions (P)(2)(a) and (b) of this section.

The members of the board shall be appointed as provided in the district contract. Of the members initially appointed to the board, the member described in division (P)(2)(a) of this section shall serve a term of one year; the member described in division (P)(2)(b) of this section shall serve a term of two years; and the member described in division (P)(2)(c) of this section shall serve a term of three years. Thereafter, terms for each member shall be for four years, each term ending on the same day of the same month of the year as did the term that it succeeds. A member may be reappointed to the board, but no member shall serve more than two consecutive terms on the board.

The member described in division (P)(2)(c) of this section shall serve as chairperson of a board described under division (P)(2) of this section.

(3) A board described under division (P)(1) or (2) of this section has no powers except as described in this section and in the contract creating the district.

(4) Membership on the board of directors of a joint economic development district created under this section is not the holding of a public office or employment within the meaning of any section of the Revised Code prohibiting the holding of other public office or employment. Membership on such a board is not a direct or indirect interest in a contract or expenditure of money by a
municipal corporation, township, county, or other political subdivision with which a member may be affiliated. Notwithstanding any provision of law to the contrary, no member of a board of directors of a joint economic development district shall forfeit or be disqualified from holding any public office or employment by reason of membership on the board.

(5) The board of directors of a joint economic development district is a public body for the purposes of section 121.22 of the Revised Code. Chapter 2744. of the Revised Code applies to such a board and the district.

(Q)(1) On or before the date occurring six months after the effective date of the district contract, an owner of a business operating within the district may, on behalf of the business and its employees, file a complaint with the court of common pleas of the county in which the majority of the territory of the district is located requesting exemption from any income tax imposed by the board of directors of the district under division (F)(5) of this section if all of the following apply:

(a) The business operated within an unincorporated area of the district before the effective date of the district contract;

(b) No owner of the business signed a petition described in division (J) of this section;

(c) Neither the business nor its employees has derived or will derive any material benefit from the new, expanded, or additional services, facilities, or improvements described in the economic development plan for the district, or the material benefit that has, or will be, derived is negligible in comparison to the income tax revenue generated from the net profits of the business and the income of employees of the business.

The legislative authority of each contracting party shall be made a party to the proceedings and the business owner filing the
complaint shall serve notice of the complaint by certified mail to each such contracting party. The court shall not accept any complaint filed more than six months after the effective date of the district contract.

(2) Any or all of the contracting parties may submit a written answer to the complaint submitted under division (Q)(1) of this section to the court within thirty days after notice of the complaint was served upon them. Such a contracting party shall submit to the court, along with the answer, documentation sufficient to prove that the contracting party sent copies of the answer to the owner of the business who filed the complaint.

(3) The court shall review each complaint submitted by a business owner under division (Q)(1) of this section and each answer submitted by a contracting party under division (Q)(2) of this section. The court may make a determination on the record and the evidence thus submitted, or it may conduct a hearing and request the presence of the business owner and the contracting parties to present evidence relevant to the complaint. The court shall make a determination on the complaint not sooner than thirty days but not later than sixty days after the complaint is filed by the business owner. The court may make a determination more than sixty days after the complaint is filed if the business owner and all contracting parties to the district consent.

(4) The court shall grant the exemption requested in the complaint if all of the criteria described in divisions (Q)(1)(a) to (c) of this section are met.

(5) If all the criteria described in divisions (Q)(1)(a) to (c) of this section are not met, the court shall deny the complaint and the exemption.

(6) The court shall send notice of the determination with respect to the complaint to the owner of the business and each
contracting party. If the court grants the exemption, the net profits of the business from operations within the district and the income of its employees from employment within the district are exempt from any income tax imposed by the board of directors of the district. If the court denies the exemption, the net profits of the business and the income of its employees shall be taxed according to the terms of the district contract and any taxes, penalties, and interest accrued before the date of the court's determination shall be paid in full. In addition, no owner of the business may submit another complaint under division (Q)(1) of this section for the same district contract. The court's determination on a complaint filed under division (Q) of this section is final.

(7) Chapter 2506. of the Revised Code does not apply to the proceedings described in division (Q) of this section.

(R)(1) No proceeding pursuant to Chapter 709. of the Revised Code that proposes the annexation to, merger of, or consolidation with a municipal corporation of any unincorporated territory within a joint economic development district may be commenced at any time between the effective date of the contract creating the district and the date the contract expires, terminates, or is otherwise rendered unenforceable. This division does not apply if each board of township trustees whose territory is included within the district and whose territory is proposed to be annexed, merged, or consolidated adopts a resolution consenting to the commencement of the proceeding. Each such board of township trustees shall file a copy of the resolution with the clerk of the legislative authority of each county within which a contracting party is located.

(2) The contract creating a joint economic development district may prohibit any annexation proceeding by a contracting municipal corporation of any unincorporated territory within the
district or zone beyond the period described in division (R)(1) of this section.

(3) No contracting party is divested or relieved of its rights or obligations under the contract creating a joint economic development district because of annexation, merger, or consolidation.

(S) Contracting parties may enter into agreements pursuant to the contract creating a joint economic development district with respect to the substance and administration of zoning and other land use regulations, building codes, permanent public improvements, and other regulatory and proprietary matters determined to be for a public purpose. No contract, however, shall exempt the territory within the district from the procedures of land use regulation applicable pursuant to municipal corporation, township, and county regulations, including, but not limited to, zoning procedures.

(T) The powers granted under this section are in addition to and not in the derogation of all other powers possessed by or granted to municipal corporations, townships, and counties pursuant to law.

(1) When exercising a power or performing a function or duty under a contract entered into under this section, a municipal corporation may exercise all the powers of a municipal corporation, and may perform all the functions and duties of a municipal corporation, within the district, pursuant to and to the extent consistent with the contract.

(2) When exercising a power or performing a function or duty under a contract entered into under division (D) of this section, a county may exercise all of the powers of a county, and may perform all the functions and duties of a county, within the district pursuant to and to the extent consistent with the
When exercising a power or performing a function or duty under a contract entered into under this section, a township may exercise all the powers of a township, and may perform all the functions and duties of a township, within the district, pursuant to and to the extent consistent with the contract.

(U) No political subdivision shall grant any tax exemption under Chapter 1728. or section 3735.67, 5709.62, 5709.63, or 5709.632 of the Revised Code on any property located within the district without the consent of all the contracting parties. The prohibition against granting a tax exemption under this section does not apply to any exemption filed, pending, or approved before the effective date of the contract entered into under this section.

Sec. 718.01. Any term used in this chapter that is not otherwise defined in this chapter has the same meaning as when used in a comparable context in laws of the United States relating to federal income taxation or in Title LVII of the Revised Code, unless a different meaning is clearly required. If a term used in this chapter that is not otherwise defined in this chapter is used in a comparable context in both the laws of the United States relating to federal income tax and in Title LVII of the Revised Code and the use is not consistent, then the use of the term in the laws of the United States relating to federal income tax shall control over the use of the term in Title LVII of the Revised Code.

As used in this chapter:

(A)(1) "Municipal taxable income" means the following:

(a) For a person other than an individual, income reduced by exempt income to the extent otherwise included in income and then,
as applicable, apportioned or sitused to the municipal corporation under section 718.02 of the Revised Code, and further reduced by any pre-2017 net operating loss carryforward available to the person for the municipal corporation.

(b)(i) For an individual who is a resident of a municipal corporation other than a qualified municipal corporation, income reduced by exempt income to the extent otherwise included in income, then reduced as provided in division (A)(2) of this section, and further reduced by any pre-2017 net operating loss carryforward available to the individual for the municipal corporation.

(ii) For an individual who is a resident of a qualified municipal corporation, Ohio adjusted gross income reduced by income exempted, and increased by deductions excluded, by the qualified municipal corporation from the qualified municipal corporation's tax. If a qualified municipal corporation, on or before December 31, 2013, exempts income earned by individuals who are not residents of the qualified municipal corporation and net profit of persons that are not wholly located within the qualified municipal corporation, such individual or person shall have no municipal taxable income for the purposes of the tax levied by the qualified municipal corporation and may be exempted by the qualified municipal corporation from the requirements of section 718.03 of the Revised Code.

(3) Any other location, if the tax administrator determines that the employer directed the employee to perform the services at the other location in lieu of a location described in division (C)(1) or (2) of this section solely in order to avoid or reduce the employer's municipal income tax liability. If a tax administrator makes such a determination, the employer may dispute the determination by establishing, by a preponderance of the evidence, that the tax administrator's determination was unreasonable.

A municipal corporation shall allow such taxpayers to elect to use separate accounting for the purpose of calculating net profit sitused under this division to the municipal corporation in which the property is located.

(F)(1) Except as provided in division (F)(2) of this section, commissions received by a real estate agent or broker relating to the sale, purchase, or lease of real estate shall be sitused to the municipal corporation in which the real estate is located. Net profit reported by the real estate agent or broker shall be allocated to a municipal corporation based upon the ratio of the commissions the agent or broker received from the sale, purchase, or lease of real estate located in the municipal corporation to the commissions received from the sale, purchase, or lease of real estate everywhere in the taxable year.

(2) An individual who is a resident of a municipal corporation that imposes a municipal income tax shall report the individual's net profit from all real estate activity on the individual's annual tax return for that municipal corporation. In no case shall a taxpayer be required to add to its net profit that was apportioned to that municipal corporation any amount other than the amount upon which the employee would be required to pay tax were the amount related to the stock option not exempted from taxation.

No municipal corporation shall enforce an ordinance or resolution that conflicts with the provisions of this chapter.

(2) No municipal corporation may administer a tax on the
income of a person other than an individual for a taxable year beginning on or after January 1, 2018.

(G)(1) Division (G) of this section applies to a municipal corporation that, at the time of entering into a written agreement under division (G)(2) of this section, shares the same territory as a city, local, or exempted village school district, to the extent that not more than thirty per cent of the territory of the municipal corporation is located outside the school district and a portion of the territory of the school district that is not located within the municipal corporation is located within another municipal corporation having a population of four hundred thousand or more according to the federal decennial census most recently completed before the agreement is entered into under division (G)(2) of this section.

(2) The legislative authority of a municipal corporation to which division (G) of this section applies may propose to the electors an income tax, one of the purposes of which shall be to provide financial assistance to the school district described in division (G)(1) of this section. Prior to proposing the tax, the legislative authority shall negotiate and enter into a written agreement with the board of education of that school district specifying the tax rate; the percentage or amount of tax revenue to be paid to the school district or the method of establishing or determining that percentage or amount, which may be subject to change periodically; the purpose for which the school district will use the money; the first year the tax will be levied; the date of the election on the question of the tax; and the method and schedule by which, and the conditions under which, the municipal corporation will make payments to the school district. Sec. 718.05. (A) An annual return with respect to the income tax levied by a municipal corporation shall be completed and filed by every taxpayer for any taxable year for which the taxpayer is liable for the tax. If the total credit allowed against the tax as described in division (D) of section 718.04 of the Revised Code for the year is equal to or exceeds the tax imposed by the municipal corporation, no return shall be required unless the municipal ordinance or resolution levying the tax requires the filing of a return in such circumstances.

corporation, Ohio form IT-1040; and, with respect to an amended
tax return or refund request, any other documentation necessary to
support the refund request or the adjustments made in the amended
return. An individual taxpayer who files the annual return
required by this section electronically is not required to provide
paper copies of any of the foregoing to the tax administrator
unless the tax administrator requests such copies after the return
has been filed.

(3) A tax administrator may require a taxpayer that is not an
individual to include, with each annual net profit return, amended
net profit return, or request for refund required under this
section, copies of only the following documents: the taxpayer's

(b) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may request that the tax administrator grant the taxpayer a six-month extension of the date for filing the taxpayer's municipal income tax return. If the request is received by the tax administrator on or before the date the municipal income tax return is due, the tax administrator shall grant the taxpayer's requested extension.

(c) An extension of time to file under division (G)(F)(2) of this section is not an extension of the time to pay any tax due unless the tax administrator grants an extension of that date.

(3) If the tax commissioner extends for all taxpayers the date for filing state income tax returns under division (G) of section 5747.08 of the Revised Code, a taxpayer shall automatically receive an extension for the filing of a municipal income tax return. The extended due date of the municipal income tax return shall be the same as the extended due date of the state income tax return.

(4) If the tax administrator considers it necessary in order to ensure the payment of the tax imposed by the municipal corporation in accordance with this chapter, the tax administrator may require taxpayers to file returns and make payments otherwise than as provided in this section, including taxpayers not otherwise required to file annual returns.

"The date of postmark" means, in the event there is more than one date on the cover, the earliest date imprinted on the cover by the postal service.

(2) If a payment under this chapter is made by electronic funds transfer, the payment shall be considered to be made on the date of the timestamp assigned by the first electronic system receiving that payment.

(J)(H) The amounts withheld by an employer, the agent of an employer, or an other payer as described in section 718.03 of the Revised Code shall be allowed to the recipient of the compensation as credits against payment of the tax imposed on the recipient by the municipal corporation, unless the amounts withheld were not
remitted to the municipal corporation and the recipient colluded
with the employer, agent, or other payer in connection with the
failure to remit the amounts withheld.

**(K)(I)** Each return required by a municipal corporation to be
filed in accordance with this section shall include a box that the
taxpayer may check to authorize another person, including a tax
return preparer who prepared the return, to communicate with the
tax administrator about matters pertaining to the return. The

to contact the preparer or other person concerning questions that
arise during the examination or other review of the return and
authorizes the preparer or other person only to provide the tax
administrator with information that is missing from the return, to
contact the tax administrator for information about the
examination or other review of the return or the status of the
taxpayer's refund or payments, and to respond to notices about
mathematical errors, offsets, or return preparation that the
taxpayer has received from the tax administrator and has shown to
the preparer or other person.

**(J)** The tax administrator of a municipal corporation shall
accept for filing a generic form of any income tax return, report,
or document required by the municipal corporation in accordance
with this chapter, provided that the generic form, once completed
and filed, contains all of the information required by ordinance,
resolution, or rules adopted by the municipal corporation or tax
administrator, and provided that the taxpayer or tax return
preparer filing the generic form otherwise complies with the
provisions of this chapter and of the municipal corporation
ordinance or resolution governing the filing of returns, reports,
or documents.

**(K)** When income tax returns, reports, or other documents
require the signature of a tax return preparer, the tax administrator shall accept a facsimile of such a signature in lieu of a manual signature.

If the affiant does become subject to the tax levied by the municipal corporation for the taxable year, the affiant agrees to be considered a taxpayer and to properly register as a taxpayer with the municipal corporation if such a registration is required by the municipal corporation's resolutions, ordinances, or rules." The person shall sign the affidavit under penalty of perjury.

(b) An overpayment of tax applied as a credit to a subsequent taxable year is deemed to be paid on the date of the postmark stamped on the cover in which the payment is mailed or, if the payment is made by electronic funds transfer, the date the payment is submitted. As used in this division, "date of the postmark" means, in the event there is more than one date on the cover, the earliest date imprinted on the cover by the postal service.

(c) Taxes withheld by a casino operator or by a lottery sales agent under section 718.031 of the Revised Code are deemed to be paid to the municipal corporation for which the taxes were withheld on the date the taxes are withheld from the taxpayer's winnings.

A taxpayer may amend a declaration under rules prescribed by the tax administrator. Except as provided in division (F) of this section, a taxpayer having a taxable year of less than twelve months shall make a declaration under rules prescribed by the tax administrator.

(3) The declaration of estimated taxes shall be filed on or before the date prescribed for the filing of municipal income tax returns under division (F) of section 718.05 of the Revised Code or on or before the fifteenth day of the fourth month after the taxpayer becomes subject to tax for the first time.

(2) When an amended declaration has been filed, the unpaid balance shown due on the amended declaration shall be paid in equal installments on or before the remaining payment dates.

(3) On or before the fifteenth day of the fourth month of the year following that for which the declaration or amended declaration was filed, an annual return shall be filed and any balance which may be due shall be paid with the return in

The amount of the underpayment shall be determined as follows:

(a) For the first payment of estimated taxes each year, twenty-two and one-half per cent of the tax liability, less the amount of taxes paid by the date prescribed for that payment;

(d) For the fourth payment of estimated taxes each year, ninety per cent of the tax liability, less the amount of taxes paid by the date prescribed for that payment.

(2) The period of the underpayment shall run from the day the estimated payment was required to be made to the date on which the payment is made. For purposes of this section, a payment of estimated taxes on or before any payment date shall be considered a payment of any previous underpayment only to the extent the payment of estimated taxes exceeds the amount of the payment presently required to be paid to avoid any penalty.

(E) An underpayment of any portion of tax liability determined under division (D) of this section shall be due to reasonable cause and the penalty imposed by this section shall not be added to the taxes for the taxable year if any of the following apply:
(1) The amount of estimated taxes that were paid equals at least ninety per cent of the tax liability for the current taxable year, determined by annualizing the income received during the year up to the end of the month immediately preceding the month in which the payment is due.

(2) The amount of estimated taxes that were paid equals at least one hundred per cent of the tax liability shown on the return of the taxpayer for the preceding taxable year, provided that the immediately preceding taxable year reflected a period of twelve months and the taxpayer filed a return with the municipal corporation under section 718.05 of the Revised Code for that year.

(3) The taxpayer is an individual who resides in the municipal corporation but was not domiciled there on the first day of January of the calendar year that includes the first day of the taxable year.

filed or payments required to be made before January 1, 2016,
regardless of the filing or payment date. Returns required to be
filed or payments required to be made before January 1, 2016, but
filed or paid after that date shall be subject to the ordinances
or rules, as adopted before January 1, 2016, of the municipal
corporation to which the return is to be filed or the payment is
to be made.

(C) Each municipal corporation levying a tax on income under
this chapter may impose on a taxpayer, employer, any agent of the

(E) Nothing in this section limits the authority of a municipal corporation to abate or partially abate penalties or interest imposed under this section when the tax administrator determines, in the tax administrator's sole discretion, that such abatement is appropriate.

If a taxpayer intends to file an amended consolidated municipal income tax return, or to amend its type of return from a separate return to a consolidated return, based on the taxpayer's consolidated federal income tax return, the taxpayer shall notify the tax administrator before filing the amended return.

(B)(1) In the case of an underpayment, the amended return shall be accompanied by payment of any combined additional tax due together with any penalty and interest thereon. If the combined tax shown to be due is ten dollars or less, such amount need not accompany the amended return. Except as provided under division (B)(2) of this section, the amended return shall not reopen those facts, figures, computations, or attachments from a previously filed return that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return unless the applicable statute of limitations for civil actions or prosecutions under section 718.12 of the Revised Code
has not expired for a previously filed return.

Except as set forth in division (C)(2) of this section, the request shall not reopen those facts, figures, computations, or attachments that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return.

(2) The amount to be refunded shall not exceed the amount of refund that would be due if all facts, figures, computations, and attachments were reopened.

Sec. 763.01. As used in this chapter:

any used beekeeping equipment into this state from any other state
or country without an inspection certificate issued by an
authorized inspector from the state or country wherein shipment or
movement originated. The certificate shall identify all pathogens
and parasites diagnosed and any controls that were implemented.
In the absence of inspection facilities in another state or country, the director of agriculture may issue a permit authorizing the shipment or movement of the bee colonies or used beekeeping equipment into this state, provided that upon entry the bees or equipment is inspected by the department of agriculture. The cost of the inspection shall be paid upon completion in an amount determined by rule of the director. The inspection fees shall be paid to the director and deposited by him the director with the treasurer of state to the credit of the general revenue plant pest program fund created in section 927.54 of the Revised Code.

All such examinations shall be made by a qualified physician certified licensed under section 4731.14 of the Revised Code, by a physician assistant, by a clinical nurse specialist, by a certified nurse practitioner, or by a certified nurse-midwife. Any written documentation of the examination shall be completed by the individual who did the examination.

Sec. 927.55. The fees required by section 927.53 of the Revised Code do not apply to:

**Sec. 939.02.** The director of agriculture shall do all of the following:

(A) Provide administrative leadership to soil and water conservation districts in planning, budgeting, staffing, and administering district programs and the training of district supervisors and personnel in their duties, responsibilities, and authorities as prescribed in this chapter and Chapter 940. of the Revised Code;

(B) Administer this chapter and Chapter 940. of the Revised Code pertaining to state responsibilities and provide staff assistance to the Ohio soil and water conservation commission in exercising its statutory responsibilities;

(C) Assist in expediting state responsibilities for watershed development and other natural resource conservation works of improvement;

(D) Coordinate the development and implementation of cooperative programs and working agreements between soil and water conservation districts and the department of agriculture or other agencies of local, state, and federal government;

(1) Establish technically feasible and economically reasonable standards to achieve a level of management and conservation practices in farming operations that will abate wind or water erosion of the soil or abate the degradation of the waters of the state by residual farm products, manure, or soil sediment, including attached substances, and establish criteria
for determination of the acceptability of such management and conservation practices;

(2) Establish procedures for administration of rules for agricultural pollution abatement and for enforcement of those rules;

(3) Specify the pollution abatement practices eligible for state cost sharing and determine the conditions for eligibility, the construction standards and specifications, the useful life, the maintenance requirements, and the limits of cost sharing for those practices. Eligible practices shall be limited to practices that address agricultural operations and that require expenditures that are likely to exceed the economic returns to the owner or operator and that abate soil erosion or degradation of the waters of the state by residual farm products, manure, or soil sediment, including attached pollutants.

Compliance with rules adopted under this section does not affect liability for noncompliance with air or water quality standards adopted pursuant to section 3704.03 or 6111.041 of the Revised Code. The application of a level of management and conservation practices recommended under this section to control windblown soil from farming operations creates a presumption of compliance with section 3704.03 of the Revised Code as that section applies to windblown soil.

(F) Cost share with landowners on practices established pursuant to division (E)(3) of this section as moneys are appropriated and available for that purpose. Any practice for which cost share is provided shall be maintained for its useful life. Failure to maintain a cost share practice for its useful life shall subject the landowner to full repayment to the department.

(G) Employ field assistants and other employees that are necessary for the performance of the work prescribed by Chapter 940. of the Revised Code, for performance of work of the department under this chapter, and as agreed to under working agreements or contractual arrangements with soil and water conservation districts, prescribe their duties, and fix their compensation in accordance with schedules that are provided by law for the compensation of state employees. All such employees of the department, unless specifically exempted by law, shall be employed subject to the classified civil service laws in force at the time of employment.

2. Maintain close liaison between the owners of lands on which the projects are executed, soil and water conservation districts, and authorities responsible for such projects;

3. Review plans for such projects to ensure their compliance with standards developed under division (E) of this section in cooperation with the department of transportation or with any other interested agency that is engaged in soil or water conservation projects in the state in order to minimize adverse impacts on soil and water resources adjacent to or otherwise affected by these projects;

4. Recommend measures to retard erosion and protect soil and water resources through the installation of water impoundment or other soil and water conservation practices;

5. Cooperate with other agencies and subdivisions of the state to protect the agricultural status of rural lands adjacent to such projects and control adverse impacts on soil and water resources.

(I) Collect, analyze, inventory, and interpret all available information pertaining to the origin, distribution, extent, use, and conservation of the soil resources of the state;

(J) Prepare and maintain up-to-date reports, maps, and other materials pertaining to the soil resources of the state and their use and make that information available to governmental agencies,
public officials, conservation entities, and the public;

(K) Provide soil and water conservation districts with technical assistance including on-site soil investigations and soil interpretation reports on the suitability or limitations of soil to support a particular use or to plan soil conservation measures. The assistance shall be on terms that are mutually agreeable to the districts and the department of agriculture.

(L) Assist local government officials in utilizing land use planning and zoning, current agricultural use value assessment, development reviews, and land management activities;

(M) When necessary for the purposes of this chapter or Chapter 940. of the Revised Code, develop or approve operation and management plans. The director may designate an employee of the department to develop or approve operation and management plans in lieu of the director.

Sec. 941.12. (A) Except as provided in rules adopted under section 941.41 of the Revised Code, no animal shall be ordered destroyed by the director of agriculture, in accordance with this chapter, until that animal has been appraised in accordance with divisions (B) and (C) of this section. This section does not apply to any animal that is adulterated with residues and ordered destroyed by the director.

(B) The director of agriculture shall appraise, based on current market value, any animal destroyed by his order under this chapter, and If an animal is ordered destroyed by the director of agriculture under this chapter, the director shall take an inventory of each animal that is destroyed and record sufficient
information in order for an appraisal to be conducted, if necessary.

(B)(1) Within thirty days after receiving a destruction order issued under this chapter, the owner of the animal subject to the order that seeks indemnification for the animal shall do both of the following:

(a) Request the information recorded under division (A) of this section and have an appraisal of the animal conducted at the owner's expense;

(3) If an appraisal is not conducted under division (B)(1)(a) of this section or requested under division (B)(1)(b) of this section within thirty days of receiving the destruction order issued under this chapter, the owner waives the right to indemnification of the animal.

(C) For the purpose of indemnification, the value of any 
animal ordered destroyed shall be determined by an appraisal made 
by a representative chosen by the owner and a representative 
chosen by the department of agriculture. In the event of a 
disagreement as to the amount of the appraisal, a third 
disinterested person shall be selected, at the owner's expense, by 
the two, to act with them in the appraisal of the animal.

(D) The director of agriculture may refuse to pay an 
indemnity for any animal ordered destroyed if the owner has been 
convicted of or pleads guilty to a violation of any of the

Sec. 1121.10. (A) As often as the superintendent of financial institutions considers necessary, but at least once each twenty-four-month cycle, the superintendent, or any deputy or examiner appointed by the superintendent for that purpose, shall thoroughly examine the records and affairs of each bank. The examination shall include a review of both of the following:

The fee for a special examination shall be paid by the bank or trust company examined in accordance with section 1121.29 of the Revised Code.

(D) The superintendent may conduct all aspects of an examination concurrently or may divide the examination into constituent parts and conduct them at various times.

(E) The superintendent shall preserve the report of each examination, including related correspondence received and copies of related correspondence sent, for twenty years after the examination date.

Sec. 1121.24. (A) If, under Chapters 1101. to 1127. of the Revised Code, a proposed action or transaction is subject to the approval of the superintendent of financial institutions or an opportunity for the superintendent to disapprove, and if the person proposing the action or transaction is required to submit an application or notice to the superintendent, then the
application or notice is not complete and the superintendent shall not accept it for processing until the person pays the fee established pursuant to division (C) of section 1121.29 of the Revised Code.

(B)(1) If, under Chapters 1101. to 1127. of the Revised Code, a proposed action or transaction is subject to the approval of the superintendent or an opportunity for the superintendent to disapprove and the superintendent must make that determination within a certain time, and if the person proposing the action or transaction is required to submit an application or notice to the superintendent, then the time in which the superintendent must make the determination does not begin to run until the superintendent has determined the application or notice is complete and has accepted it for processing.

(2) Division (A)(B)(1) of this section does not prohibit either of the following:

(a) The superintendent from denying, or issuing a disapproval of, an application or notice, prior to the superintendent's acceptance of the application or notice for processing, on the basis that the person who submitted the application or notice failed to include all of the items and address all of the issues required for the application or notice, if both of the following apply:

(ii) After being advised by the superintendent that the application or notice was incomplete, the person did not, within a reasonable period of time, complete the application or notice.

(b) The superintendent from denying, or issuing a disapproval of, an application or notice on the basis that the person who submitted the application or notice failed to provide the
information necessary for the superintendent to adequately consider the application or notice after the superintendent's acceptance of the application or notice for processing, if both of the following apply:

(i) After having begun processing the application or notice, the superintendent determined and advised the person that additional information was necessary to adequately consider the application or notice.

(ii) After being advised by the superintendent that additional information was necessary to adequately consider the application or notice, the person did not, within a reasonable period of time, provide that information.

(B)(C) A determination by the superintendent that an application or notice is complete and is accepted for processing means only that the application or notice, on its face, appears to include all of the items and to address all of the matters that are required. A determination by the superintendent that an application or notice is complete and is accepted for processing is not an assessment of the substance of the application or notice, or of the sufficiency of the information provided.

**Sec. 1121.29.** (A)(1) Each bank, savings and loan association, and savings bank subject to inspection and examination by the superintendent of financial institutions and transacting business on the thirty-first day of December, or their successors in interest, shall pay to the treasurer of state assessments as provided in this section. The superintendent shall make each assessment based on the total assets as shown on the books of the bank, savings and loan association, or savings bank as of the thirty-first day of December of the previous year. The superintendent shall collect the assessment on an annual or periodic basis, as provided by the superintendent. All assessments
shall be paid within fourteen days after receiving an invoice for payment of the assessment.

(2) After determining the budget of the division of financial institutions for examination and regulation of banks, savings and loan associations, and savings banks, but prior to establishing the schedule of assessments under this division necessary to fund that budget, the superintendent shall consider any necessary cash reserves and any amounts collected but not yet expended or encumbered by the superintendent in the previous fiscal year's budget and remaining in the banks fund pursuant to division (C) of section 1121.30 of the Revised Code.

(3) The superintendent shall establish the actual schedule of assessments on an annual basis, present the schedule to the banking commission for confirmation, and forward copies of the current year's schedule to banks, savings and loan associations, and savings banks doing business under authority granted by the superintendent, or their successors in interest.

If during the period between the banking commission's confirmation of the schedule of assessments and the completion of the fiscal year in which those assessments will be collected, the banking commission determines additional money is required to adequately fund the operations of the division of financial institutions for that fiscal year, the banking commission may, by the affirmative vote of two-thirds of its members, increase the schedule of assessments for that fiscal year. The superintendent shall promptly notify each bank, savings and loan association, and savings bank of the increased assessment, and each bank, savings and loan association, and savings bank shall pay the increased assessment as made and invoiced by the superintendent.

(4) A bank, savings and loan association, or savings bank authorized by the superintendent to commence business in the
period between assessments shall pay the actual reasonable costs of the division's examinations and visitations. The bank, savings and loan association, or savings bank shall pay the costs within fourteen days after receiving an invoice for payment.

(B)(1) Whenever in the judgment of the superintendent the condition or conduct of a bank renders it necessary to make additional examinations and follow-up visitations within the examination cycle beyond the minimum required by division (A) of section 1121.10 of the Revised Code, the superintendent shall charge the bank for the additional examinations and follow-up visitations as provided in division (C) of this section. The bank shall pay the fee charged within fourteen days after receiving an invoice for payment.

(2) The superintendent shall charge a bank for any examination of the bank's operations as a trust company and data processing facility in accordance with division (C) of this section whether that examination is the only examination of the bank in the examination cycle or in addition to other examinations of the bank's operations.

(C) The superintendent shall periodically establish a schedule of fees to be paid for examinations, applications, certifications, and notices considered necessary by the superintendent.

(D)(1) The superintendent may waive any fees provided for in division (C) of this section to protect the interests of depositors and for other fair and reasonable purposes as determined by the superintendent.

(2) The fees established by the superintendent pursuant to division (C) of this section for processing applications and notices and conducting and processing examinations shall be reasonable considering the direct and indirect costs to the
division, as determined by the superintendent, of processing the applications and for conducting and processing the examinations.

(E) The superintendent may determine and charge reasonable fees for furnishing and certifying copies of documents filed with the division and for any expenses incurred by the division in the publication or serving of required notices.

(F) Assessments and examination and application fees charged and collected pursuant to this section are not refundable. Any fee charged pursuant to this section shall be paid within fourteen days after receiving an invoice for payment of the fee.

(G) The superintendent shall pay all assessments and fees charged pursuant to this section and all forfeitures required to be paid to the superintendent into the state treasury to the credit of the banks fund.

Sec. 1121.30. (A) All assessments, fees, charges, and forfeitures provided for in Chapters 1101. to 1127. 1165. and sections 1315.01 to 1315.18 of the Revised Code, except civil penalties assessed pursuant to section 1121.35 or 1315.152 of the Revised Code, shall be paid to the superintendent of financial institutions, and the superintendent shall deposit them into the state treasury to the credit of the banks fund, which is hereby created.

(B) The superintendent may expend or obligate the banks fund to defray the costs of the division of financial institutions in administering Chapters 1101. to 1127. 1165. and sections 1315.01 to 1315.18 of the Revised Code. The superintendent shall pay from the fund all actual and necessary expenses incurred by the superintendent, including for any services rendered by the department of commerce for the division's administration of Chapters 1101. to 1127. 1165. and sections 1315.01 to 1315.18 of the Revised Code. The fund shall be assessed a proportionate share
of the administrative costs of the department and the division of financial institutions. The proportionate share of the administration costs of the division of financial institutions shall be determined in accordance with procedures prescribed by the superintendent and approved by the director of budget and management. The amount assessed for the fund's proportional share of the department's administrative costs and the division's administrative costs shall be paid from the banks fund to the division of administration fund and the division of financial institutions fund respectively.

(C) Any money deposited into the state treasury to the credit of the banks fund, but not expended or encumbered by the superintendent to defray the costs of administering Chapters 1101 to 1127, 1165, and sections 1315.01 to 1315.18 of the Revised Code, shall remain in the banks fund for expenditures by the superintendent in subsequent years.

Sec. 1123.01. (A) There is hereby created in the division of financial institutions a banking commission which shall consist of seven nine members. The deputy superintendent for banks shall be a member of the commission and its chairperson. The governor, with the advice and consent of the senate, shall appoint the remaining six eight members.

(B) After the second Monday in January of each year, the governor shall appoint two members. Terms of office shall be for three four years commencing on the first day of February and ending on the thirty-first day of January. Each member shall hold office from the date appointed until the end of the term for which appointed. In the case of a vacancy in the office of any member, the governor shall appoint a successor who shall hold office for the remainder of the term for which the successor's predecessor was appointed. Any member shall continue in office subsequent to
the expiration date of the member's term until the member's successor is appointed, or until sixty days have elapsed, whichever occurs first.

(C) No person appointed as a member of the commission may serve more than two consecutive full terms. However, a member may serve two consecutive full terms following the remainder of a term for which the member was appointed to fill a vacancy.

(D)(1) At least three six of the six eight members appointed to the commission shall be, at the time of appointment, executive officers of banks, savings and loan associations, or savings banks transacting business under authority granted by the superintendent of financial institutions, and four all of the six members appointed to the commission shall have banking experience as a director or officer of a bank, savings bank, or savings association insured by the federal deposit insurance corporation, a bank holding company, or a savings and loan holding company. The membership of the commission shall be representative of the banking industry as a whole, including representatives of banks of various asset sizes and ownership structures, as determined by the governor after consultation with the superintendent of financial institutions from time to time.

(2) No person who has been convicted of, or has pleaded guilty to, a felony involving an act of fraud, dishonesty or breach of trust, theft, or money laundering shall take or hold office as a member of the banking commission.

(E) The members of the commission shall receive no salary, but their expenses incurred in the performance of their duties shall be paid from funds appropriated for that purpose.

(F) The governor may remove any of the six eight members appointed to the commission whenever in the governor's judgment the public interest requires removal. Upon removing a member of
the commission, the governor shall file with the superintendent a 17262 statement of the cause for the removal.

Sec. 1123.02. (A) The banking commission shall hold regular 17264 meetings at the times and places it fixes, and shall meet at any 17265 time on call of the deputy superintendent for banks upon two days' 17266 notice unless the commission by resolution provides for a shorter 17267 notice.

(B)(1) A majority of the full commission constitutes a 17269 quorum, and action taken by a majority of those present at a 17270 meeting at which there is a quorum constitutes the action of the 17271 commission.

(2) Notwithstanding division (B)(1) of this section, a 17272 meeting of the commission may be held by teleconference if 17273 provisions are made for public attendance at a specific location 17274 connected with the teleconference.

(C) No member shall participate before the commission in a 17277 proceeding involving any bank, savings and loan association, or 17278 savings bank of which the member is, or was at any time in the 17279 preceding twelve months, a member of the board of directors, an 17280 officer, an employee, or a shareholder. A member may refrain from 17281 participating in a proceeding before the commission for any other 17282 cause the member considers sufficient.

(D) The commission may, by a majority vote of those present 17284 at a meeting at which there is a quorum, adopt and amend bylaws 17285 and rules the commission, in its judgment, considers necessary and 17286 proper. The commission shall select one of its members as 17287 secretary, who shall keep a record of all its proceedings.

Sec. 1123.03. The banking commission shall do all of the 17289 following:

(A) Make recommendations to the deputy superintendent for 17290
banks and the superintendent of financial institutions on the business of banking;

(B) Consider and make recommendations on any matter the superintendent or deputy superintendent submits to the commission for that purpose;

(C) Pass upon and determine any matter the superintendent or deputy superintendent submits to the commission for determination;

(D) Consider and determine whether to confirm the annual schedule of assessments proposed by the superintendent in accordance with section 1121.29 of the Revised Code;

(E) Determine whether to increase the schedule of assessments as provided in division (A)(3) of section 1121.29 of the Revised Code;

(F) Determine, as provided in division (D) of section 1121.12 of the Revised Code, both of the following:

(1) Whether there is reasonable cause to believe that there is a significant risk of imminent material harm to the bank;

(2) Whether the examination of the bank holding company is necessary to fully determine the risk to the bank, or to determine how best to address the risk to the bank.

Sec. 1155.07. Every savings and loan association organized under the laws of this state shall make, as of the thirty-first day of December and the thirtieth day of June of each year, a report of the affairs and business of the association for the preceding half year, showing its financial condition at the end thereof. The statement as of the thirty-first day of December shall be the annual statement of the association. The superintendent of financial institutions may also require monthly reports.

The superintendent may, by written order mailed to the
managing officer of such an association, require any association
to submit to the superintendent within a reasonable time specified
in the written order a report concerning its real estate and other
assets, other than the appraisals required by section 1151.54 of
the Revised Code.

Any such association refusing or neglecting to file any
report required by this section within the time specified shall
forfeit one hundred dollars for every day that such default
continues unless such penalty, in whole or in part, is waived by
the superintendent. The superintendent may maintain an action in
the name of the state to recover such forfeiture which, upon its
collection, shall be paid into the state treasury to the credit of
the savings institutions banks fund established under section
1181.18 1121.30 of the Revised Code.

Every such association shall maintain adequate, complete, and
correct accounts and shall observe such generally accepted

that its accounts be audited by an independent auditor. A copy of
the audit report shall be submitted to the board of directors of
the association and filed, together with management's response,
with the superintendent within thirty days after
presentation of the completed report to the board or not later
than the thirty-first day of March of the year next succeeding the
year for which the audit was conducted, whichever occurs first,
unless the time is extended by the superintendent.

At the conclusion of the audit of an association, an
independent auditor shall attend a meeting at which there are
present only the outside directors of the association or a
committee comprised of and appointed by such outside directors and
fully disclose at that time to those directors all audit
exceptions that developed during the audit and all relevant data and information concerning the financial condition, investment practices, and other financial policies and procedures of the association. The meeting shall be held at a time and place that is agreed upon by the independent auditor and the outside directors or their committee. A complete record of the proceedings of the meeting shall be kept in a minute book that is maintained solely for the purpose of keeping such records. Nothing in this paragraph shall be construed to prevent the independent auditor from meeting at other times with inside directors, officers, or employees of the association.

The superintendent may prescribe a schedule for the preservation and destruction of books, records, certificates, documents, reports, correspondence, and other instruments, papers, and writings of such an association, even if such association has been liquidated pursuant to law. An association may dispose of any books, records, certificates, documents, reports, correspondence, and other instruments, papers, and writings which have been retained or preserved for the period prescribed by the superintendent pursuant to this paragraph. The requirements of this paragraph may be complied with by the preservation of records in the manner prescribed in section 2317.41 of the Revised Code.

Sec. 1155.10. Whenever the superintendent of financial institutions considers it necessary, the superintendent may make a special examination of any savings and loan association, and the expense of the examination shall be paid by the association. Such expenses shall be collected by the superintendent and paid into the state treasury to the credit of the savings institutions banks fund established under section 1181.18 1121.30 of the Revised Code. Any examination made by the superintendent otherwise than in the ordinary routine of the superintendent's duties and because, in the superintendent's opinion, the condition of the association

The statement as of the thirty-first day of December shall be the annual statement of the savings bank. The superintendent of financial institutions may also require monthly reports.

(B) The superintendent, by written order mailed to the managing officer of a savings bank, may require any savings bank to submit to the superintendent within a reasonable time specified in the written order a report concerning its real estate and other assets, other than the appraisals required by section 1161.81 of the Revised Code.

(C) Any savings bank refusing or neglecting to file any report required by this section within the time specified shall forfeit one hundred dollars for every day that the default continues unless the penalty, in whole or in part, is waived by the superintendent. The superintendent may maintain an action in the name of the state to recover the forfeiture which, upon its collection, shall be paid into the state treasury to the credit of the savings institutions fund established under section 1121.18 of the Revised Code.

(D) Every savings bank shall maintain adequate, complete, and correct accounts and shall observe such generally accepted accounting principles and practices or generally accepted auditing standards, as the superintendent prescribes. The superintendent shall demand once a year, and at the expense of the savings bank, that its accounts be audited by an independent auditor. A copy of
the audit report shall be submitted to the board of directors of the savings bank and filed, together with management's response, with the superintendent within thirty days after presentation of the completed report to the board or not later than the thirty-first day of March of the year next succeeding the year for which the audit was conducted, whichever occurs first, unless the time is extended by the superintendent.

(E) At the conclusion of the audit of a savings bank, an independent auditor shall attend a meeting at which there are present only the outside directors of the savings bank or a committee composed of and appointed by the outside directors and fully disclose at that time to those directors all audit exceptions that developed during the audit and all relevant data and information concerning the financial condition, investment practices, and other financial policies and procedures of the savings bank. The meeting shall be held at a time and place that is agreed upon by the independent auditor and the outside directors or their committee. A complete record of the proceedings of the meeting shall be kept in a minute book that is maintained solely for the purpose of keeping these records. Nothing in this division shall be construed to prevent the independent auditor from meeting at other times with inside directors, officers, or employees of the savings bank.

(F) The superintendent may prescribe a schedule for the preservation and destruction of books, records, certificates, documents, reports, correspondence, and other instruments, papers, and writings of a savings bank, even if the savings bank has been liquidated pursuant to law. A savings bank may dispose of any books, records, certificates, documents, reports, correspondence, and other instruments, papers, and writings that have been retained or preserved for the period prescribed by the superintendent pursuant to this division. The requirements of this
division may be complied with by the preservation of records in
the manner prescribed in section 2317.41 of the Revised Code.

Sec. 1163.13. Whenever the superintendent of financial
institutions considers it necessary, the superintendent may make a
special examination of any savings bank, and the expense of the
examination shall be paid by the savings bank. These moneys shall
be collected by the superintendent and paid into the state
treasury to the credit of the savings institutions banks fund
established under section 1181.18 1121.30 of the Revised Code. Any
examination made by the superintendent otherwise than in the
ordinary routine of the superintendent's duties and because, in
the superintendent's opinion, the condition of the savings bank
requires the examination, is a special examination within the
meaning of this section.

Sec. 1181.06. There is hereby created in the state treasury
the financial institutions fund. The fund shall receive
assessments on the banks fund established under section 1121.30 of
the Revised Code, the savings institutions fund established under
section 1181.18 of the Revised Code, the credit unions fund
established under section 1733.321 of the Revised Code, and the
consumer finance fund established under section 1321.21 of the
Revised Code in accordance with procedures prescribed by the
superintendent of financial institutions and approved by the
director of budget and management. Such assessments shall be in
addition to any assessments on these funds required under division
(G) of section 121.08 of the Revised Code. All operating expenses
of the division of financial institutions shall be paid from the
financial institutions fund.

Sec. 1501.08. (A) There is hereby created in the state
treasury the state park maintenance fund.

the annual average revenue deposited in the state park fund.

(2) The department of natural resources shall use money in
the state park maintenance fund only for maintenance, repair, and
renovation projects at state parks that are approved by the
director. The department shall not use money in the fund to
construct new facilities.

(B) The chief of the division of parks and watercraft shall
submit to the director a list of projects in order to request
disbursements from the state park maintenance fund. The chief
shall include with each list a description of necessary
maintenance, repair, and renovation at state park facilities. The
director shall determine which projects are eligible for
disbursement from the fund. The chief shall not begin any project
for which disbursement is requested before obtaining the
director's approval as required by this section.

Sec. 1503.05. (A) The chief of the division of forestry may
sell timber and other forest products from the state forest and
state forest nurseries whenever the chief considers such a sale
desirable and, with the approval of the attorney general and the
director of natural resources, may sell portions of the state

(B) Except as otherwise provided in this section, a timber

accordance with the terms of the agreement in an amount determined
by the chief. All bonds shall be given in a form prescribed by the chief and shall run to the state as obligee.

The chief shall not approve any bond until it is personally signed and acknowledged by both principal and surety, or as to either by the attorney in fact thereof, with a certified copy of the power of attorney attached. The chief shall not approve the bond unless there is attached a certificate of the superintendent of insurance that the company is authorized to transact a fidelity and surety business in this state.

In lieu of a bond, the bidder may deposit any of the following:

(1) Cash in an amount equal to the amount of the bond;
(2) United States government securities having a par value equal to or greater than the amount of the bond;
(3) Negotiable certificates of deposit or irrevocable letters of credit issued by any bank organized or transacting business in this state having a par value equal to or greater than the amount of the bond.

The cash or securities shall be deposited on the same terms as bonds. If one or more certificates of deposit are deposited in lieu of a bond, the chief shall require the bank that issued any of the certificates to pledge securities of the aggregate market value equal to the amount of the certificate or certificates that is in excess of the amount insured by the federal deposit insurance corporation. The securities to be pledged shall be those designated as eligible under section 135.18 of the Revised Code. The securities shall be security for the repayment of the certificate or certificates of deposit.

Immediately upon a deposit of cash, securities, certificates of deposit, or letters of credit, the chief shall deliver them to the treasurer of state, who shall hold them in trust for the
purposes for which they have been deposited. The treasurer of
state is responsible for the safekeeping of the deposits. A bidder
making a deposit of cash, securities, certificates of deposit, or
letters of credit may withdraw and receive from the treasurer of
state, on the written order of the chief, all or any portion of
the cash, securities, certificates of deposit, or letters of
credit upon depositing with the treasurer of state cash, other
United States government securities, or other negotiable
certificates of deposit or irrevocable letters of credit issued by
any bank organized or transacting business in this state, equal in
par value to the par value of the cash, securities, certificates
of deposit, or letters of credit withdrawn.

A bidder may demand and receive from the treasurer of state
all interest or other income from any such securities or
certificates as it becomes due. If securities so deposited with
and in the possession of the treasurer of state mature or are
called for payment by their issuer, the treasurer of state, at the
request of the bidder who deposited them, shall convert the
proceeds of the redemption or payment of the securities into other
United States government securities, negotiable certificates of
deposit, or cash as the bidder designates.

When the chief finds that a person or governmental agency has
failed to comply with the conditions of the person's or
governmental agency's bond, the chief shall make a finding of that
fact and declare the bond, cash, securities, certificates, or
letters of credit forfeited. The chief thereupon shall certify the
total forfeiture to the attorney general, who shall proceed to
collect the amount of the bond, cash, securities, certificates, or
letters of credit.

In lieu of total forfeiture, the surety, at its option, may
cause the timber sale to be completed or pay to the treasurer of
state the cost thereof.
All moneys collected as a result of forfeitures of bonds, cash, securities, certificates, and letters of credit under this section shall be credited to the state forest fund created in this section.

(C) The chief may grant easements and leases on portions of the state forest lands and state forest nurseries under terms that are advantageous to the state, and the chief may grant mineral rights on a royalty basis on those lands and nurseries, with the approval of the attorney general and the director.

(D) All moneys received from the sale of state forest lands, or in payment for easements or leases on or as rents from those lands or from state forest nurseries, shall be paid into the state treasury to the credit of the state forest fund, which is hereby created. In addition, all moneys received from federal grants, payments, and reimbursements, from the sale of reforestation tree stock, from the sale of forest products, other than standing timber, and from the sale of minerals taken from the state forest lands and state forest nurseries, together with royalties from mineral rights, shall be paid into the state treasury to the credit of the state forest fund. Any other revenues derived from the operation of the state forests and related facilities or equipment also shall be paid into the state treasury to the credit of the state forest fund, as shall contributions received for the issuance of Smokey Bear license plates under section 4503.574 of the Revised Code and any other moneys required by law to be deposited in the fund.

The state forest fund shall not be expended for any purpose other than the administration, operation, maintenance, development, or utilization of the state forests, forest nurseries, and forest programs, for facilities or equipment incident to them, or for the further purchase of lands for state forest or forest nursery purposes, or for wildfire suppression.
payments and, in the case of contributions received pursuant to section 4503.574 of the Revised Code, for fire prevention purposes.

All moneys received from the sale of standing timber taken from state forest lands and state forest nurseries shall be deposited into the state treasury to the credit of the forestry holding account redistribution fund, which is hereby created. The moneys shall remain in the fund until they are redistributed in accordance with this division.

The redistribution shall occur at least once each year. To begin the redistribution, the chief first shall determine the amount of all standing timber sold from state forest lands and state forest nurseries, together with the amount of the total sale proceeds, in each county, in each township within the county, and in each school district within the county. The chief next shall determine the amount of the direct costs that the division of forestry incurred in association with the sale of that standing timber. The amount of the direct costs shall be subtracted from the amount of the total sale proceeds and shall be transferred from the forestry holding account redistribution fund to the state forest fund.

The remaining amount of the total sale proceeds equals the net value of the standing timber that was sold. The chief shall determine the net value of standing timber sold from state forest lands and state forest nurseries in each county, in each township within the county, and in each school district within the county and shall send to each county treasurer a copy of the determination at the time that moneys are paid to the county treasurer under this division.

Thirty-five per cent of the net value of standing timber sold from state forest lands and state forest nurseries located in a county shall be transferred from the forestry holding account...
redistribution fund to the state forest fund. The remaining
sixty-five per cent of the net value shall be transferred from the
forestry holding account redistribution fund and paid to the
county treasurer for the use of the general fund of that county.

The county auditor shall do all of the following:

(1) Retain for the use of the general fund of the county
one-fourth of the amount received by the county under division (D)
of this section;

(2) Pay into the general fund of any township located within
the county and containing such lands and nurseries one-fourth of
the amount received by the county from standing timber sold from
lands and nurseries located in the township;

(3) Request the board of education of any school district
located within the county and containing such lands and nurseries
to identify which fund or funds of the district should receive the
moneys available to the school district under division (D)(3) of
this section. After receiving notice from the board, the county
auditor shall pay into the fund or funds so identified one-half of
the amount received by the county from standing timber sold from
lands and nurseries located in the school district, distributed
proportionately as identified by the board.

The division of forestry shall not supply logs, lumber, or
other forest products or minerals, taken from the state forest
lands or state forest nurseries, to any other agency or
subdivision of the state unless payment is made therefor in the
amount of the actual prevailing value thereof. This section is
applicable to the moneys so received.

(E) The chief may enter into a personal service contract for
consulting services to assist the chief with the sale of timber or
other forest products and related inventory. Compensation for
consulting services shall be paid from the proceeds of the sale of
timber or other forest products and related inventory that are the subject of the personal service contract.

**Sec. 1503.141.** There is hereby created in the state treasury the wildfire suppression fund. The fund shall consist of any federal moneys received for the purposes of this section and donations, gifts, bequests, and other moneys received for those purposes. In addition, the chief of the division of forestry annually may request that the director of budget and management transfer, and, if so requested, the director shall transfer, each fiscal year, the director of natural resources or the director's designee shall designate not more than **two** hundred thousand dollars to the wildfire suppression fund from in the state forest fund created in section 1503.05 of the Revised Code for wildfire suppression payments. The amount transferred designated shall consist only of money deposited into the state forest credited to the fund from the sale of standing timber taken from state forest lands as set forth in that section.

The chief director or the director's designee may use moneys in the money designated for wildfire suppression fund payments to reimburse firefighting agencies and private fire companies for their costs incurred in the suppression of wildfires in counties within fire protection areas established under section 1503.08 of the Revised Code where there is a state forest or national forest, or portion thereof. The chief, with the approval of the director of natural resources, or the director's designee may provide such reimbursement in additional counties. The chief director or the director's designee shall provide such reimbursement pursuant to agreements and contracts entered into under section 1503.14 of the Revised Code and in accordance with the following schedule:

(A) For wildfire suppression on private land, an initial seventy-dollar payment to the firefighting agency or private fire
company;

(B) For wildfire suppression on land under the administration or care of the department of natural resources or on land that is part of any national forest administered by the United States department of agriculture forest service, an initial one-hundred-dollar payment to the firefighting agency or private fire company;

(C) For any wildfire suppression on land specified in division (A) or (B) of this section lasting more than two hours, an additional payment of thirty-five dollars per hour.

The chief may seek federal or other moneys money in addition to the mineral severance tax and fees to carry out the purposes of this section. If the chief receives federal moneys money for the
purposes of this section, the chief shall deposit those moneys into the state treasury to the credit of a fund created by the controlling board to carry out those purposes. Other moneys received by the chief for the purposes of this section in addition to the mineral severance tax, fees, and federal moneys shall be credited to the geological mapping fund.

(B) Any money transferred to the geological mapping fund in accordance with section 6111.046 of the Revised Code shall be used by the chiefs of the divisions of mineral resources management, oil and gas resources management, geological survey, and water resources in the department of natural resources for the purpose of executing their duties under sections 6111.043 to 6111.047 of the Revised Code.

**Sec. 1509.02.** There is hereby created in the department of natural resources the division of oil and gas resources management, which shall be administered by the chief of the division of oil and gas resources management. The division has sole and exclusive authority to regulate the permitting, location, and spacing of oil and gas wells and production operations within the state, excepting only those activities regulated under federal laws for which oversight has been delegated to the environmental protection agency and activities regulated under sections 6111.02 to 6111.028 of the Revised Code. The regulation of oil and gas activities is a matter of general statewide interest that requires uniform statewide regulation, and this chapter and rules adopted under it constitute a comprehensive plan with respect to all aspects of the locating, drilling, well stimulation, completing, and operating of oil and gas wells within this state, including site construction and restoration, permitting related to those activities, and the disposal of wastes from those wells. In order to assist the division in the furtherance of its sole and exclusive authority as established in this section, the chief may enter into cooperative agreements with other state agencies for advice and consultation, including visitations at the surface location of a well on behalf of the division. Such cooperative agreements do not confer on other state agencies any authority to administer or enforce this chapter and rules adopted under it. In
addition, such cooperative agreements shall not be construed to dilute or diminish the division's sole and exclusive authority as established in this section. Nothing in this section affects the authority granted to the director of transportation and local authorities in section 723.01 or 4513.34 of the Revised Code, provided that the authority granted under those sections shall not be exercised in a manner that discriminates against, unfairly impedes, or obstructs oil and gas activities and operations regulated under this chapter.

The chief shall not hold any other public office, nor shall the chief be engaged in any occupation or business that might interfere with or be inconsistent with the duties as chief.

All moneys collected by the chief pursuant to sections 1509.06, 1509.061, 1509.062, 1509.071, 1509.13, 1509.22, 1509.222, 1509.28, and 1509.34 of the Revised Code, ninety percent of moneys received by the treasurer of state from the tax levied in divisions (A)(5) and (6) of section 5749.02 of the Revised Code, all civil penalties paid under section 1509.33 of the Revised Code, and, notwithstanding any section of the Revised Code relating to the distribution or crediting of fines for violations of the Revised Code, all fines imposed under divisions (A) and (B) of section 1509.99 of the Revised Code and fines imposed under divisions (C) and (D) of section 1509.99 of the Revised Code for all violations prosecuted by the attorney general and for violations prosecuted by prosecuting attorneys that do not involve the transportation of brine by vehicle shall be deposited into the state treasury to the credit of the oil and gas well fund, which is hereby created. Fines imposed under divisions (C) and (D) of section 1509.99 of the Revised Code for violations prosecuted by prosecuting attorneys that involve the transportation of brine by vehicle and penalties associated with a compliance agreement entered into pursuant to this chapter shall...
be paid to the county treasury of the county where the violation occurred.

The fund shall be used solely and exclusively for the purposes enumerated in division (B) of section 1509.071 of the Revised Code, for the expenses of the division associated with the administration of this chapter and Chapter 1571. of the Revised Code and rules adopted under them, and for expenses that are critical and necessary for the protection of human health and safety and the environment related to oil and gas production in this state. The expenses of the division in excess of the moneys available in the fund shall be paid from general revenue fund appropriations to the department.

Sec. 1509.071. (A) When the chief of the division of oil and gas resources management finds that an owner has failed to comply with a final nonappealable order issued or compliance agreement entered into under section 1509.04, the restoration requirements of section 1509.072, plugging requirements of section 1509.12, or permit provisions of section 1509.13 of the Revised Code, or rules and orders relating thereto, the chief shall make a finding of that fact and declare any surety bond filed to ensure compliance with those sections and rules forfeited in the amount set by rule of the chief. The chief thereupon shall certify the total forfeiture to the attorney general, who shall proceed to collect the amount of the forfeiture. In addition, the chief may require an owner, operator, producer, or other person who forfeited a surety bond to post a new surety bond in the amount of fifteen thousand dollars for a single well, thirty thousand dollars for two wells, or fifty thousand dollars for three or more wells.

In lieu of total forfeiture, the surety or owner, at the surety's or owner's option, may cause the well to be properly plugged and abandoned and the area properly restored or pay to the
treasurer of state the cost of plugging and abandonment.

    (B) All moneys collected because of forfeitures of bonds as
provided in this section shall be deposited in the state treasury
to the credit of the oil and gas well fund created in section
1509.02 of the Revised Code.

    The chief annually shall spend not less than fourteen per-
cent of the revenue credited to the oil and gas well fund for the following purposes:

    (1) In accordance with division (D) of this section, to plug
idle and orphaned wells or to restore the land surface properly as
required in section 1509.072 of the Revised Code;

    (2) In accordance with division (E) of this section, to
correct conditions that the chief reasonably has determined are
causing imminent health or safety risks at an idle and orphaned
well or a well for which the owner cannot be contacted in order to
initiate a corrective action within a reasonable period of time as
determined by the chief.

    Expenditures from the fund shall be made only for lawful
purposes. In addition, expenditures from the fund shall not be
made to purchase real property or to remove a dwelling in order to
access a well.

    (C)(1) Upon determining that the owner of a well has failed
to properly plug and abandon it or to properly restore the land
surface at the well site in compliance with the applicable
requirements of this chapter and applicable rules adopted and
orders issued under it or that a well is an abandoned well for
which no funds are available to plug the well in accordance with
this chapter, the chief shall do all of the following:

    (a) Determine from the records in the office of the county
recorder of the county in which the well is located the identity
of the owner of the land on which the well is located, the
identity of the owner of the oil or gas lease under which the well was drilled or the identity of each person owning an interest in the lease, and the identities of the persons having legal title to, or a lien upon, any of the equipment appurtenant to the well;

(b) Mail notice to the owner of the land on which the well is located informing the landowner that the well is to be plugged. If the owner of the oil or gas lease under which the well was drilled is different from the owner of the well or if any persons other than the owner of the well own interests in the lease, the chief also shall mail notice that the well is to be plugged to the owner of the lease or to each person owning an interest in the lease, as appropriate.

(c) Mail notice to each person having legal title to, or a lien upon, any equipment appurtenant to the well, informing the person that the well is to be plugged and offering the person the opportunity to plug the well and restore the land surface at the well site at the person's own expense in order to avoid forfeiture of the equipment to this state.

(2) If none of the persons described in division (C)(1)(c) of this section plugs the well within sixty days after the mailing of the notice required by that division, all equipment appurtenant to the well is hereby declared to be forfeited to this state without compensation and without the necessity for any action by the state for use to defray the cost of plugging and abandoning the well and restoring the land surface at the well site.

(D) Expenditures from the fund for the purpose of division (B)(1) of this section shall be made in accordance with either of the following:

(1) The expenditures may be made pursuant to contracts entered into by the chief with persons who agree to furnish all of the materials, equipment, work, and labor as specified and
provided in such a contract for activities associated with the restoration or plugging of a well as determined by the chief. The activities may include excavation to uncover a well, geophysical methods to locate a buried well when clear evidence of leakage from the well exists, cleanout of wellbores to remove material from a failed plugging of a well, plugging operations, installation of vault and vent systems, including associated engineering certifications and permits, restoration of property, and repair of damage to property that is caused by such activities. Expenditures shall not be used for salaries, maintenance, equipment, or other administrative purposes, except for costs directly attributed to the plugging of an idle and orphaned well. Agents or employees of persons contracting with the chief for a restoration or plugging project may enter upon any land, public or private, on which the well is located for the purpose of performing the work. Prior to such entry, the chief shall give to the following persons written notice of the existence of a contract for a project to restore or plug a well, the names of the persons with whom the contract is made, and the date that the project will commence: the owner of the well, the owner of the land upon which the well is located, the owner or agents of adjoining land, and, if the well is located in the same township as or in a township adjacent to the excavations and workings of a mine and the owner or lessee of that mine has provided written notice identifying those townships to the chief at any time during the immediately preceding three years, the owner or lessee of the mine.

(2)(a) The owner of the land on which a well is located who has received notice under division (C)(1)(b) of this section may plug the well and be reimbursed by the division of oil and gas resources management for the reasonable cost of plugging the well. In order to plug the well, the landowner shall submit an application to the chief on a form prescribed by the chief and
approved by the technical advisory council on oil and gas created in section 1509.38 of the Revised Code. The application, at a minimum, shall require the landowner to provide the same information as is required to be included in the application for a permit to plug and abandon under section 1509.13 of the Revised Code. The application shall be accompanied by a copy of a proposed contract to plug the well prepared by a contractor regularly engaged in the business of plugging oil and gas wells. The proposed contract shall require the contractor to furnish all of the materials, equipment, work, and labor necessary to plug the well properly and shall specify the price for doing the work, including a credit for the equipment appurtenant to the well that was forfeited to the state through the operation of division (C)(2) of this section. Expenditures under division (D)(2)(a) of this section shall be consistent with the expenditures for activities described in division (D)(1) of this section. The application also shall be accompanied by the permit fee required by section 1509.13 of the Revised Code unless the chief, in the chief's discretion, waives payment of the permit fee. The application constitutes an application for a permit to plug and abandon the well for the purposes of section 1509.13 of the Revised Code.

(b) Within thirty days after receiving an application and accompanying proposed contract under division (D)(2)(a) of this section, the chief shall determine whether the plugging would comply with the applicable requirements of this chapter and applicable rules adopted and orders issued under it and whether the cost of the plugging under the proposed contract is reasonable. If the chief determines that the proposed plugging would comply with those requirements and that the proposed cost of the plugging is reasonable, the chief shall notify the landowner of that determination and issue to the landowner a permit to plug and abandon the well under section 1509.13 of the Revised Code.
Upon approval of the application and proposed contract, the chief shall transfer ownership of the equipment appurtenant to the well to the landowner. The chief may disapprove an application submitted under division (D)(2)(a) of this section if the chief determines that the proposed plugging would not comply with the applicable requirements of this chapter and applicable rules adopted and orders issued under it, that the cost of the plugging under the proposed contract is unreasonable, or that the proposed contract is not a bona fide, arm's length contract.

(c) After receiving the chief's notice of the approval of the application and permit to plug and abandon a well under division (D)(2)(b) of this section, the landowner shall enter into the proposed contract to plug the well.

(d) Upon determining that the plugging has been completed in compliance with the applicable requirements of this chapter and applicable rules adopted and orders issued under it, the chief shall reimburse the landowner for the cost of the plugging as set forth in the proposed contract approved by the chief. The reimbursement shall be paid from the oil and gas well fund. If the chief determines that the plugging was not completed in accordance with the applicable requirements, the chief shall not reimburse the landowner for the cost of the plugging, and the landowner or the contractor, as applicable, promptly shall transfer back to this state title to and possession of the equipment appurtenant to the well that previously was transferred to the landowner under division (D)(2)(b) of this section. If any such equipment was removed from the well during the plugging and sold, the landowner shall pay to the chief the proceeds from the sale of the equipment, and the chief promptly shall pay the moneys so received to the treasurer of state for deposit into the oil and gas well fund.

The chief may establish an annual limit on the number of
wells that may be plugged under division (D)(2) of this section or an annual limit on the expenditures to be made under that division.

As used in division (D)(2) of this section, "plug" and "plugging" include the plugging of the well and the restoration of the land surface disturbed by the plugging.

(E) Expenditures from the oil and gas well fund for the purpose of division (B)(2) of this section may be made pursuant to contracts entered into by the chief with persons who agree to furnish all of the materials, equipment, work, and labor as specified and provided in such a contract. The competitive bidding requirements of Chapter 153. of the Revised Code do not apply if the chief reasonably determines that an emergency situation exists requiring immediate action for the correction of the applicable health or safety risk. A contract or purchase of materials for purposes of addressing the emergency situation is not subject to division (B) of section 127.16 of the Revised Code. The chief, designated representatives of the chief, and agents or employees of persons contracting with the chief under this division may enter upon any land, public or private, for the purpose of performing the work.

(F) Contracts entered into by the chief under this section are not subject to any of the following:

1. Chapter 4115. of the Revised Code;
2. Section 153.54 of the Revised Code, except that the contractor shall obtain and provide to the chief as a bid guaranty a surety bond or letter of credit in an amount equal to ten percent of the amount of the contract;

(G) The owner of land on which a well is located who has received notice under division (C)(1)(b) of this section, in lieu
of plugging the well in accordance with division (D)(2) of this section, may cause ownership of the well to be transferred to an owner who is lawfully doing business in this state and who has met the financial responsibility requirements established under section 1509.07 of the Revised Code, subject to the approval of the chief. The transfer of ownership also shall be subject to the landowner's filing the appropriate forms required under section 1509.31 of the Revised Code and providing to the chief sufficient information to demonstrate the landowner's or owner's right to produce a formation or formations. That information may include a deed, a lease, or other documentation of ownership or property rights.

The chief shall approve or disapprove the transfer of ownership of the well. If the chief approves the transfer, the owner is responsible for operating the well in accordance with this chapter and rules adopted under it, including, without limitation, all of the following:

1. Filing an application with the chief under section 1509.06 of the Revised Code if the owner intends to drill deeper or produce a formation that is not listed in the records of the division for that well;

2. Taking title to and possession of the equipment appurtenant to the well that has been identified by the chief as having been abandoned by the former owner;

3. Complying with all applicable requirements that are necessary to drill deeper, plug the well, or plug back the well.

H. The chief shall issue an order that requires the owner of a well to pay the actual documented costs of a corrective action that is described in division (B)(2) of this section concerning the well. The chief shall transmit the money so recovered to the treasurer of state who shall deposit the money in the state
treasury to the credit of the oil and gas well fund.

(I) The chief may engage in cooperative projects under this section with any agency of this state, another state, or the United States; any other governmental agencies; or any state university or college as defined in section 3345.27 of the Revised Code. A contract entered into for purposes of a cooperative project is not subject to division (B) of section 127.16 of the Revised Code.

Sec. 1509.11. (A)(1)(a) The owner of any well, except a horizontal well, that is producing or capable of producing oil or gas shall file with the chief of the division of oil and gas resources management, on or before the thirty-first day of March, a statement of production of oil, gas, and brine for the last preceding calendar year in such form as the chief may prescribe. An owner that has more than one hundred such wells in this state shall submit electronically the statement of production in a format that is approved by the chief.

(b) The owner of an exempt domestic well designated as an exempt domestic well on or after June 30, 2010, shall remit a fee of sixty dollars for each such well to the director of the department of natural resources or the director's designee on or before the thirty-first day of March of each year, together with the annual statement filed in accordance with division (A)(1)(a) of this section or with another form prescribed by the director for that purpose. Fees collected under this division shall be credited to the oil and gas well fund.

(2) The owner of any horizontal well that is producing or capable of producing oil or gas shall file with the chief, on the forty-fifth day following the close of each calendar quarter, a statement of production of oil, gas, and brine for the preceding calendar quarter in a form that the chief prescribes. An owner
that has more than one hundred horizontal wells in this state shall submit electronically the statement of production in a format that is approved by the chief.

(B) The chief shall not disclose information received from the department of taxation under division (C)(12) of section 5703.21 of the Revised Code until the related statement of production required by division (A) of this section is filed with the chief.

Sec. 1509.34. (A)(1) If an owner fails to pay the fees imposed by this chapter, or if the chief of the division of oil and gas resources management incurs costs under division (E) of section 1509.071 of the Revised Code to correct conditions associated with the owner's well that the chief reasonably has determined are causing imminent health or safety risks, the division of oil and gas resources management shall have a priority lien against that owner's interest in the applicable well in front of all other creditors for the amount of any such unpaid fees and costs incurred. The chief shall file a statement in the office of the county recorder of the county in which the applicable well is located of the amount of the unpaid fees and costs incurred as described in this division. The statement shall constitute a lien on the owner's interest in the well as of the date of the filing. The lien shall remain in force so long as any portion of the lien remains unpaid or until the chief issues a certificate of release of the lien. If the chief issues a certificate of release of the lien, the chief shall file the certificate of release in the office of the applicable county recorder.

(2) A lien imposed under division (A)(1) of this section shall be in addition to any lien imposed by the attorney general for failure to pay the assessment imposed by former section 1509.50 of the Revised Code or the tax levied under division
(A) (5) or (6) to (8) of section 5749.02 of the Revised Code, as applicable.

(3) If the attorney general cannot collect from a severer or an owner for an outstanding balance of amounts due under former section 1509.50 of the Revised Code or of unpaid taxes levied under division divisions (A)(5) or (6) to (8) of section 5749.02 of the Revised Code, as applicable, the tax commissioner may request the chief to impose a priority lien against the owner's interest in the applicable well. Such a lien has priority in front of all other creditors.

(B) The chief promptly shall issue a certificate of release of a lien under either of the following circumstances:

(1) Upon the repayment in full of the amount of unpaid fees imposed by this chapter or costs incurred by the chief under division (E) of section 1509.071 of the Revised Code to correct conditions associated with the owner's well that the chief reasonably has determined are causing imminent health or safety risks;

(2) Any other circumstance that the chief determines to be in the best interests of the state.

(C) The chief may modify the amount of a lien under this section. If the chief modifies a lien, the chief shall file a statement in the office of the county recorder of the applicable county of the new amount of the lien.

(D) An owner regarding which the division has recorded a lien against the owner's interest in a well in accordance with this section shall not transfer a well, lease, or mineral rights to another owner or person until the chief issues a certificate of release for each lien against the owner's interest in the well.

(E) All money from the collection of liens under this section shall be deposited in the state treasury to the credit of the oil...
and gas well fund created in section 1509.02 of the Revised Code.

(F) As used in this section, "former section 1509.50 of the Revised Code" means section 1509.50 of the Revised Code as it existed before its repeal by ...B... of the 132nd general assembly.

Sec. 1513.08. (A) After a coal mining and reclamation permit application has been approved, the applicant shall file with the chief of the division of mineral resources management, on a form prescribed and furnished by the chief, the performance security required under this section that shall be payable to the state and conditioned on the faithful performance of all the requirements of this chapter and rules adopted under it and the terms and conditions of the permit.

(B) Using the information contained in the permit application; the requirements contained in the approved permit and reclamation plan; and, after considering the topography, geology, hydrology, and revegetation potential of the area of the approved permit, the probable difficulty of reclamation; the chief shall determine the estimated cost of reclamation under the initial term of the permit if the reclamation has to be performed by the division of mineral resources management in the event of forfeiture of the performance security by the applicant. The chief shall send written notice of the amount of the estimated cost of reclamation by certified mail to the applicant. The applicant shall send written notice to the chief indicating the method by which the applicant will provide the performance security pursuant to division (C) of this section.

(C) The applicant shall provide the performance security in an amount using one of the following:

(1) If the applicant elects to provide performance security without reliance on the reclamation forfeiture fund created in...
section 1513.18 of the Revised Code, the amount of the estimated cost of reclamation as determined by the chief under division (B) of this section for the increments of land on which the operator will conduct a coal mining and reclamation operation under the initial term of the permit as indicated in the application;

(2) If the applicant elects to provide performance security together with reliance on the reclamation forfeiture fund through payment of the additional tax on the severance of coal that is levied under division (A)(8) of section 5749.02 of the Revised Code, an amount of twenty-five hundred dollars per acre of land on which the operator will conduct coal mining and reclamation under the initial term of the permit as indicated in the application. However, in order for an applicant to be eligible to provide performance security in accordance with division (C)(2) of this section, the applicant, an owner and controller of the applicant, or an affiliate of the applicant shall have held a permit issued under this chapter for any coal mining and reclamation operation for a period of not less than five years. In the event of forfeiture of performance security that was provided in accordance with division (C)(2) of this section, the difference between the amount of that performance security and the estimated cost of reclamation as determined by the chief under division (B) of this section shall be obtained from money in the reclamation forfeiture fund as needed to complete the reclamation.

The performance security provided under division (C) of this section for the entire area to be mined under one permit issued under this chapter shall not be less than ten thousand dollars.

The performance security shall cover areas of land affected by mining within or immediately adjacent to the permitted area, so long as the total number of acres does not exceed the number of acres for which the performance security is provided. However, the authority for the performance security to cover areas of land...
immediately adjacent to the permitted area does not authorize a permittee to mine areas outside an approved permit area. As succeeding increments of coal mining and reclamation operations are to be initiated and conducted within the permit area, the permittee shall file with the chief additional performance security to cover the increments in accordance with this section. If a permittee intends to mine areas outside the approved permit area, the permittee shall provide additional performance security in accordance with this section to cover the areas to be mined.

If an applicant or permittee has not held a permit issued under this chapter for any coal mining and reclamation operation for a period of five years or more, the applicant or permittee shall provide performance security in accordance with division (C)(1) of this section in the full amount of the estimated cost of reclamation as determined by the chief for a permitted coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine. If an applicant for a permit for a coal preparation plant or coal refuse disposal area or a permittee of a permitted coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine has held a permit issued under this chapter for any coal mining and reclamation operation for a period of five years or more, the applicant or permittee may provide performance security for the coal preparation plant or coal refuse disposal area either in accordance with division (C)(1) of this section in the full amount of the estimated cost of reclamation as determined by the chief or in accordance with division (C)(2) of this section in an amount of twenty-five hundred dollars per acre of land with reliance on the reclamation forfeiture fund. If a permittee has previously provided performance security under division (C)(1) of this section for a coal preparation plant or coal refuse disposal area that is not located within a permitted area of a mine and elects to provide performance security in accordance with division
(C)(2) of this section, the permittee shall submit written notice to the chief indicating that the permittee elects to provide performance security in accordance with division (C)(2) of this section. Upon receipt of such a written notice, the chief shall release to the permittee the amount of the performance security previously provided under division (C)(1) of this section that exceeds the amount of performance security that is required to be provided under division (C)(2) of this section.

(D) A permittee's liability under the performance security shall be limited to the obligations established under the permit, which include completion of the reclamation plan in order to make the land capable of supporting the postmining land use that was approved in the permit. The period of liability under the performance security shall be for the duration of the coal mining and reclamation operation and for a period coincident with the operator's responsibility for revegetation requirements under section 1513.16 of the Revised Code.

(E) The amount of the estimated cost of reclamation determined under division (B) of this section and the amount of a permittee's performance security provided in accordance with division (C)(1) of this section shall be adjusted by the chief as the land that is affected by mining increases or decreases or if the cost of reclamation increases or decreases. If the performance security was provided in accordance with division (C)(2) of this section and the chief has issued a cessation order under division (D)(2) of section 1513.02 of the Revised Code for failure to abate a violation of the contemporaneous reclamation requirement under division (A)(15) of section 1513.16 of the Revised Code, the chief may require the permittee to increase the amount of performance security from twenty-five hundred dollars per acre of land to five thousand dollars per acre of land.

The chief shall notify the permittee, each surety, and any
person who has a property interest in the performance security and who has requested to be notified of any proposed adjustment to the performance security. The permittee may request an informal conference with the chief concerning the proposed adjustment, and the chief shall provide such an informal conference.

If the chief increases the amount of performance security under this division, the permittee shall provide additional performance security in an amount determined by the chief. If the chief decreases the amount of performance security under this division, the chief shall determine the amount of the reduction of the performance security and send written notice of the amount of reduction to the permittee. The permittee may reduce the amount of the performance security in the amount determined by the chief.

(F) A permittee may request a reduction in the amount of the performance security by submitting to the chief documentation proving that the amount of the performance security provided by the permittee exceeds the estimated cost of reclamation if the reclamation would have to be performed by the division in the event of forfeiture of the performance security. The chief shall examine the documentation and determine whether the permittee's performance security exceeds the estimated cost of reclamation. If the chief determines that the performance security exceeds that estimated cost, the chief shall determine the amount of the reduction of the performance security and send written notice of the amount to the permittee. The permittee may reduce the amount of the performance security in the amount determined by the chief. Adjustments in the amount of performance security under this division shall not be considered release of performance security and are not subject to section 1513.16 of the Revised Code.

(G) If the performance security is a bond, it shall be executed by the operator and a corporate surety licensed to do business in this state. If the performance security is a cash
deposit or negotiable certificates of deposit of a bank or savings and loan association, the bank or savings and loan association shall be licensed and operating in this state. The cash deposit or market value of the securities shall be equal to or greater than the amount of the performance security required under this section. The chief shall review any documents pertaining to the performance security and approve or disapprove the documents. The chief shall notify the applicant of the chief's determination.

(H) If the performance security is a bond, the chief may accept the bond of the applicant itself without separate surety when the applicant demonstrates to the satisfaction of the chief the existence of a suitable agent to receive service of process and a history of financial solvency and continuous operation sufficient for authorization to self-insure or bond the amount.

(I) Performance security provided under this section may be held in trust, provided that the state is the primary beneficiary of the trust and the custodian of the performance security held in trust is a bank, trust company, or other financial institution that is licensed and operating in this state. The chief shall review the trust document and approve or disapprove the document. The chief shall notify the applicant of the chief's determination.

(J) If a surety, bank, savings and loan association, trust company, or other financial institution that holds the performance security required under this section becomes insolvent, the permittee shall notify the chief of the insolvency, and the chief shall order the permittee to submit a plan for replacement performance security within thirty days after receipt of notice from the chief. If the permittee provided performance security in accordance with division (C)(1) of this section, the permittee shall provide the replacement performance security within ninety days after receipt of notice from the chief. If the permittee provided performance security in accordance with division (C)(2)
of this section, the permittee shall provide the replacement 18605
performance security within one year after receipt of notice from 18606
the chief, and, for a period of one year after the permittee's 18607
receipt of notice from the chief or until the permittee provides 18608
the replacement performance security, whichever occurs first, 18609
money in the reclamation forfeiture fund shall be the permittee's 18610
replacement performance security in an amount not to exceed the 18611
estimated cost of reclamation as determined by the chief. 18612

(K) If a permittee provided performance security in 18613
accordance with division (C)(1) of this section, the permittee's 18614
responsibility for repairing material damage and replacement of 18615
water supply resulting from subsidence shall be satisfied by 18616
either of the following:

(1) The purchase prior to mining of a noncancelable 18617
premium-prepaid liability insurance policy in lieu of the 18618
permittee's performance security for subsidence damage. The 18619
insurance policy shall contain terms and conditions that 18620
specifically provide coverage for repairing material damage and 18621
replacement of water supply resulting from subsidence. 18622

(2) The provision of additional performance security in the 18623
amount of the estimated cost to the division of mineral resources 18624
management to repair material damage and replace water supplies 18625
resulting from subsidence until the repair or replacement is 18626
completed. However, if such repair or replacement is completed, or 18627
compensation for structures that have been damaged by subsidence 18628
is provided, by the permittee within ninety days of the occurrence 18629
of the subsidence, additional performance security is not 18630
required. In addition, the chief may extend the ninety-day period 18631
for a period not to exceed one year if the chief determines that 18632
the permittee has demonstrated in writing that subsidence is not 18633
complete and that probable subsidence-related damage likely will 18634
occur and, as a result, the completion of repairs of 18635

subsidence-related material damage to lands or protected  
structures or the replacement of water supply within ninety days  
of the occurrence of the subsidence would be unreasonable.  

(L) If the performance security provided in accordance with  
this section exceeds the estimated cost of reclamation, the chief  
may authorize the amount of the performance security that exceeds  
the estimated cost of reclamation together with any interest or  
other earnings on the performance security to be paid to the  
permittee.  

(M) A permittee that held a valid coal mining and reclamation  
permit immediately prior to April 6, 2007, shall provide, not  
later than a date established by the chief, performance security  
in accordance with division (C)(1) or (2) of this section, rather  
than in accordance with the law as it existed prior to that date,  
by filing it with the chief on a form that the chief prescribes  
and furnishes. Accordingly, for purposes of this section,  
"applicant" is deemed to include such a permittee.  

(N) As used in this section:  

(1) "Affiliate of the applicant" means an entity that has a  
parent entity in common with the applicant.  

(2) "Owner and controller of the applicant" means a person  
that has any relationship with the applicant that gives the person  
authority to determine directly or indirectly the manner in which  
the applicant conducts coal mining operations.  

Sec. 1513.18. (A) All money that becomes the property of the  
state under division (G) of section 1513.16 of the Revised Code  
shall be deposited in the reclamation forfeiture fund, which is  
hereby created in the state treasury. Disbursements from the fund  
shall be made by the chief of the division of mineral resources  
management for the purpose of reclaiming areas of land affected by
coal mining under a coal mining and reclamation permit issued on or after September 1, 1981, on which an operator has defaulted.

(B) The fund also shall consist of all money from the collection of liens under section 1513.081 of the Revised Code, any moneys transferred to it under section 1513.181 of the Revised Code from the coal mining and reclamation reserve fund created in that section, all money credited to the fund from the fee levied by division (F)(8)(c) of section 1513.16 of the Revised Code, fines collected under division (E) of section 1513.02 and section 1513.99 of the Revised Code, fines collected for a violation of section 2921.31 of the Revised Code that, prior to July 1, 1996, would have been a violation of division (G) of section 1513.17 of the Revised Code as it existed prior to that date, and money collected and credited to it pursuant to section 5749.02 of the Revised Code. Disbursements from the fund shall be made by the chief in accordance with division (D) of this section for the purpose of reclaiming areas that an operator has affected by mining and failed to reclaim under a coal mining and reclamation permit issued under this chapter.

The chief may expend money from the fund to pay necessary administrative costs, including engineering and design services, incurred by the division of mineral resources management in reclaiming these areas. The chief also may expend money from the fund to pay necessary administrative costs of the reclamation forfeiture fund advisory board created in section 1513.182 of the Revised Code as authorized by the board under that section. Expenditures from the fund to pay such administrative costs need not be made under contract.

(C) Except when paying necessary administrative costs authorized by division (B) of this section, expenditures from the fund shall be made under contracts entered into by the chief, with the approval of the director of natural resources, in accordance
with procedures established by the chief, by rules adopted in accordance with section 1513.02 of the Revised Code. The chief may reclaim the land in the same manner as set forth in sections 1513.21 to 1513.24 of the Revised Code. Each contract awarded by the chief shall be awarded to the lowest responsive and responsible bidder, in accordance with section 9.312 of the Revised Code, after sealed bids are received, opened, and published at the time and place fixed by the chief. The chief shall publish notice of the time and place at which bids will be received, opened, and published, at least once and at least ten days before the date of the opening of the bids, in a newspaper of general circulation in the county in which the area of land to be reclaimed under the contract is located. If, after advertising, no bids are received at the time and place fixed for receiving them, the chief may advertise again for bids, or, if the chief considers the public interest will best be served, the chief may enter into a contract for the reclamation of the area of land without further advertisement for bids. The chief may reject any or all bids received and again publish notice of the time and place at which bids for contracts will be received, opened, and published. The chief, with the approval of the director, may enter into a contract with the landowner, a coal mine operator or surface mine operator mining under a current, valid permit issued under this chapter or Chapter 1514. of the Revised Code, or a contractor hired by the surety or trustee, if the performance security is held in trust, to complete reclamation on land affected by coal mining on which an operator has defaulted, or with a contractor hired by the trust administrator of an alternative financial security that is provided in accordance with division (F)(8) of section 1513.16 of the Revised Code to provide long-term water treatment or a long-term alternative water supply on areas affected by coal mining on which a permittee has defaulted or not fully funded an alternative financial security, without
advertising for bids.

(D)(1) The chief shall expend money credited to the reclamation forfeiture fund from the forfeiture of the performance security applicable to an area of land to pay for the cost of completing reclamation to the standards established by this chapter and rules adopted under it.

(2) If the performance security for the area of land was provided under division (C)(1) of section 1513.08 of the Revised Code, the chief shall use the money from the forfeited performance security and any alternative financial security provided under division (F)(8) of section 1513.16 of the Revised Code to complete the reclamation that the operator failed to do under the operator's applicable coal mining and reclamation permit issued under this chapter.

(3) If the performance security for the area of land was provided under division (C)(2) of section 1513.08 of the Revised Code, the chief shall use the money from the forfeited performance security and any alternative financial security provided under division (F)(8) of section 1513.16 of the Revised Code to complete the reclamation that the operator failed to do under the operator's applicable coal mining and reclamation permit issued under this chapter. If the money credited to the reclamation forfeiture fund from the forfeiture of the performance security provided under division (C)(2) of section 1513.08 of the Revised Code and any alternative financial security provided under division (F)(8) of section 1513.16 of the Revised Code is not sufficient to complete the reclamation to the standards established by this chapter and rules adopted under it, the chief shall notify the reclamation forfeiture fund advisory board of the amount of the insufficiency. The chief may expend money credited to the reclamation forfeiture fund under section 5749.02 of the Revised Code or credited to the reclamation forfeiture fund from
the fee levied by division (F)(8)(c) of section 1513.16 of the Revised Code, or transferred to the fund under section 1513.181 of the Revised Code to complete the reclamation to the standards established by this chapter and rules adopted under it. Except as provided in division (D)(5) of this section, the chief shall not expend money from the fund in an amount that exceeds the difference between the amount of the performance security provided under division (C)(2) of section 1513.08 of the Revised Code and the estimated cost of reclamation as determined by the chief under divisions (B) and (E) of that section.

(4) Except as provided in division (D)(5) of this section, money from the reclamation forfeiture fund shall not be used for reclamation of land or water resources affected by mine drainage that requires extended water treatment after reclamation is completed under the terms of the permit. In addition, money from the reclamation forfeiture fund shall not be used to supplement the performance security of an applicant or permittee that has provided performance security in accordance with division (C)(1) of section 1513.08 of the Revised Code.

(5) If a permittee relies in part on the reclamation forfeiture fund for alternative financial security under division (F)(8)(c) of section 1513.16 of the Revised Code, money from the reclamation forfeiture fund may be used for reclamation of the land or water resources affected by mine drainage that requires water treatment after reclamation is completed under the terms of the permit or an alternative water supply after reclamation is completed under the terms of the permit in an amount not to exceed the balance of the alternative financial security provided by the reclamation forfeiture fund under that division.

(E) The chief shall keep a detailed accounting of the expenditures from the reclamation forfeiture fund to complete reclamation of the land or water resources, as applicable, and,
upon completion of the reclamation, shall certify the expenditures to the attorney general. Upon the chief's certification of the expenditures from the reclamation forfeiture fund, the attorney general shall bring an action for that amount of money. The operator is liable for that expense in addition to any other liabilities imposed by law. *Money* so recovered shall be credited to the reclamation forfeiture fund. The chief shall not postpone the reclamation because of any action brought by the attorney general under this division. Prior to completing reclamation, the chief may collect through the attorney general any additional amount that the chief believes will be necessary for reclamation in excess of the forfeited performance security and any alternative financial security amount applicable to the land or water resources that the operator should have, but failed to, reclaim.

(F) Except as otherwise provided in division (H) of this section, if any part of the *money* in the reclamation forfeiture fund remains in the fund after the chief has caused the area of land to be reclaimed and has paid all the reclamation costs and expenses, the chief may expend those *money* to complete other reclamation work performed under this section on forfeiture areas affected under a coal mining and reclamation permit issued on or after September 1, 1981.

(G) The chief shall require every contractor performing reclamation work pursuant to this section to pay workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate paid in this state for the same or similar work as determined by the chief under section 1513.02 of the Revised Code.

(H) All investment earnings of the fund shall be credited to the fund and shall be used only for the reclamation of land for which performance security was provided under division (C)(2) of
Sec. 1513.182. (A) There is hereby created the reclamation forfeiture fund advisory board consisting of the director of natural resources, the director of insurance, and seven members appointed by the governor with the advice and consent of the senate. Of the governor's appointments, one shall be a certified public accountant, one shall be a registered professional engineer with experience in reclamation of mined land, two shall represent agriculture, agronomy, or forestry, one shall be a representative of operators of coal mining operations that have valid permits issued under this chapter and that have provided performance security under division (C)(1) of section 1513.08 of the Revised Code, one shall be a representative of operators of coal mining operations that have valid permits issued under this chapter and that have provided performance security under division (C)(2) of section 1513.08 of the Revised Code, and one shall be a representative of the public.

Of the original members appointed by the governor, two shall serve an initial term of two years, three an initial term of three years, and two an initial term of four years. Thereafter, terms of appointed members shall be for four years, with each term ending on the same date as the original date of appointment. An appointed member shall hold office from the date of appointment until the end of the term for which the member was appointed. Vacancies shall be filled in the same manner as original appointments. A member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of that term. A member shall continue in office subsequent to the expiration date of the member's term until the member's successor takes office or until a period of sixty days has elapsed, whichever occurs first. The governor may remove an appointed member of the board for
misfeasance, nonfeasance, or malfeasance.

The directors of natural resources and insurance shall not receive compensation for serving on the board, but shall be reimbursed for the actual and necessary expenses incurred in the performance of their duties as members of the board. The members appointed by the governor shall receive per diem compensation fixed pursuant to division (J) of section 124.15 of the Revised Code and reimbursement for the actual and necessary expenses incurred in the performance of their duties.

(B) The board annually shall elect from among its members a chairperson, a vice-chairperson, and a secretary to record the board's meetings.

(C) The board shall hold meetings as often as necessary as the chairperson or a majority of the members determines.

(D) The board shall establish procedures for conducting meetings and for the election of its chairperson, vice-chairperson, and secretary.

(E) The board shall do all of the following:

(1) Review the deposits into and expenditures from the reclamation forfeiture fund created in section 1513.18 of the Revised Code;

(2) Retain periodically a qualified actuary to perform an actuarial study of the reclamation forfeiture fund;

(3) Based on an actuarial study and as determined necessary by the board, adopt rules in accordance with Chapter 119. of the Revised Code to adjust the rate of the tax levied under division (A)(10) of section 5749.02 of the Revised Code and the balance of the reclamation forfeiture fund that pertains to that rate;

(4) Evaluate any rules, procedures, and methods for estimating the cost of reclamation for purposes of determining the
amount of performance security that is required under section 1513.08 of the Revised Code; the collection of forfeited performance security; payments to the reclamation forfeiture fund; reclamation of sites for which operators have forfeited the performance security; and the compliance of operators with their reclamation plans;

(5) Provide a forum for discussion of issues related to the reclamation forfeiture fund and the performance security that is required under section 1513.08 of the Revised Code;

(6) Submit a report biennially to the governor that describes the financial status of the reclamation forfeiture fund and the adequacy of the amount of money in the fund to accomplish the purposes of the fund and that may discuss any matter related to the performance security that is required under section 1513.08 of the Revised Code;

(7) Make recommendations to the governor, if necessary, of alternative methods of providing money for or using money in the reclamation forfeiture fund and issues related to the reclamation of land or water resources that have been adversely affected by past coal mining for which the performance security was forfeited;

(8) Adopt rules in accordance with Chapter 119. of the Revised Code that are necessary to administer this section.

Sec. 1513.20. The chief of the division of mineral resources management, with the approval of the director of natural resources, may purchase or acquire by gift, donation, or contribution any eroded land, including land affected by strip mining, for which no cash is held in the reclamation forfeiture fund created by section 1513.18 of the Revised Code. For this purpose the chief may expend money deposited in the unreclaimed lands mining regulation and safety fund created by section 1513.30 of the Revised Code. All lands purchased or
acquired shall be deeded to the state, but no deed shall be
accepted or the purchase price paid until the title has been
approved by the attorney general.

Sec. 1513.25. After completion of the reclamation of a tract
of land acquired pursuant to section 1513.20 of the Revised Code,
the chief of the division of mineral resources management may, if
the land is suitable to the uses of any other department,
division, office, or institution of the state, transfer the land
or tract to that department, division, office, or institution,
subject to the approval of the director of natural resources.

With the approval of the attorney general and the director,
the chief may sell any such land or tract, after completion of the
plan of reclamation, when the sale is advantageous to the state.

With the approval of the attorney general and the director,
the chief may grant easements and leases on the land or tract
under terms advantageous to the state, and may grant mineral
rights on a royalty basis.

All moneys received from the sale of reclaimed lands,
or in payment for easements, leases, or royalties, shall be paid
to the unreclaimed lands mining regulation and safety fund created
in section 1513.30 of the Revised Code.

Sec. 1513.27. As used in this section and sections 1513.28,
1513.30, 1513.31, and 1513.32 of the Revised Code, "damage to
adjacent property" means physical injury or harm to nearby
property caused by the unreclaimed condition of lands mined prior
to April 10, 1972, or pursuant to a license issued prior to April
10, 1972, including, without limitation, injury or harm to
vegetation on adjacent property, pollution of surface or
underground waters on adjacent property, loss or interruption of
water supply on adjacent property, flow of acid water onto or
across adjacent property, flooding of adjacent property, landslides onto or across adjacent property, erosion of adjacent property, or deposition of sediment upon adjacent property. Damage to adjacent property does not include any diminution of the market value of adjacent property caused exclusively by the visual or aesthetic appearance of such unreclaimed lands.

The chief of the division of mineral resources management, with the approval of the director of natural resources, may enter into a written agreement, which may be in the form of a contract, with the owner of any unreclaimed land affected by mining before April 10, 1972, or pursuant to a license issued before April 10, 1972, that causes or may cause pollution of the waters of the state or damage to adjacent property, is not likely to be mined in the foreseeable future, and lies within the boundaries of a project area approved by the chief under section 1513.30 of the Revised Code, under which the state or its agents may enter the land to reclaim it at state expense with money from the unreclaimed lands mining regulation and safety fund by establishing vegetative cover and substantially reducing or eliminating erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, and damage to adjacent property. The agreement may include provisions pertaining to liability for damages and any other provisions necessary or desirable to achieve the purposes of this section.

If the chief makes a finding of fact that land or water resources have been adversely affected by past coal mining practices; if the adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent the adverse effects should be taken; and if the owners of the affected land or water resources either are not known or readily available or will not give permission for the state, political subdivisions, or their agents, employees, or contractors
to enter on the property to restore, reclaim, abate, control, or prevent the adverse effects, the chief or the chief's agents, employees, or contractors may enter on the affected property in order to do all things necessary or expedient to restore, reclaim, abate, control, or prevent the adverse effects. Prior to entering on the property, the chief or the chief's agents, employees, or contractors shall give notice by mail to the owners, if known, or, if not known, by posting notice on the premises and advertising once in a newspaper of general circulation in the county or municipal corporation in which the land lies. Such an entry shall be construed as an exercise of the police power for the protection of public health, safety, and welfare and shall not be construed as an act of condemnation of property or of trespass. The money expended for the work and the benefits accruing to any premises so entered upon shall be chargeable against land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for any alleged damages by virtue of the entry. This provision is not intended to create new rights of action or eliminate existing immunities.

Each agreement entered into pursuant to this section shall contain provisions for the reimbursement of a portion of the costs of the reclamation that is commensurate with the increase in the fair market value of the property attributable to the reclamation work thereon, as determined by appraisals made before and after reclamation in the manner stated in the agreement, unless the determination discloses an increase in value that is insubstantial. For reimbursement of the portion, the agreement may include provisions for any of the following:

(A) Public use for soil, water, forest, or wildlife conservation or public recreation purposes;

(B) Payment to the state of the share of the income from the crops or timber produced on the land that is stated in the
agreement;

(C) Imposition of a lien in the amount of the increase in fair market value payable upon transfer or conveyance of the property to a new owner. All such reimbursements and payments shall be credited to the unreclaimed lands mining regulation and safety fund.

(D) Payment to the state in cash of the amount of the increase in fair market value, payable upon completion of the reclamation.

For the purpose of selecting lands to be reclaimed within the boundaries of approved project areas, the chief shall consult the owners of unreclaimed lands, may consult with local officials, civic and professional organizations, and interested individuals, and shall consider the feasibility, cost, and public benefits of reclaiming particular lands, their potential for being mined, and the availability of federal or other assistance for reclamation. Before entering into the agreement, the chief shall prepare or approve a detailed plan with topographic maps indicating the reclamation improvements to be made. The plan may include improvements recommended by the owner, but may not include improvements that the chief finds are not necessary to establish vegetative cover or substantially reduce or eliminate erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, or damage to adjacent property.

With the approval of the director and upon entering into the agreement with the owner, the chief may carry out the plan of reclamation or any part thereof with the employees and equipment of any division of the department of natural resources, or the chief may carry out the plan or any part thereof by contracting therefor.

The chief, with the approval of the director and written
consent of the owner, may enter into a contract with an operator mining adjacent land under a current, valid permit to carry out the plan of reclamation on the unreclaimed land or any part of the plan without advertising for bids. Contracts entered into with operators mining adjacent land are not subject to division (B) of section 127.16 of the Revised Code.

The chief shall require every operator mining adjacent land who performs reclamation work pursuant to this section to pay workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate paid in this state for the same or similar work performed in the same or similar locality by private companies doing their own reclamation work. Each contract awarded by the chief to other than an operator mining adjacent land shall be awarded to the lowest responsible bidder after sealed bids are received, opened, and published at the time and place fixed by the chief. The chief shall publish notice of the time and place at which bids will be received, opened, and published, at least once at least ten days before the date of the opening of the bids, in a newspaper of general circulation in the county in which the area of land to be reclaimed under the contract is located. If, after so advertising for bids, no bids are received by the chief at the time and place fixed for receiving them, the chief may advertise again for bids, or, if the chief considers the public interest will be best served, the chief may enter into a contract for the reclamation of the area of land without further advertisement for bids. The chief may reject all bids received and again publish notice of the time and place at which bids for contracts will be received, opened, and published. The chief, with the approval of the director and written consent of the owner, may enter into a contract with a licensed mine operator mining adjacent land under a valid permit to carry out the plan of reclamation on the unreclaimed land or any part of the plan without advertising for
Sec. 1513.28. The chief of the division of mineral resources management, with the approval of the director of natural resources, may make grants of money from the unreclaimed lands mining regulation and safety fund created by section 1513.30 of the Revised Code for the payment by the state of up to seventy-five per cent of the reasonable and necessary reclamation expenses incurred by the owner of any unreclaimed land affected by mining before April 10, 1972, or pursuant to a license issued before April 10, 1972, that causes or may cause pollution of the waters of the state or damage to adjacent property, is not likely to be mined in the foreseeable future, and lies within the boundaries of a project area approved by the chief under section 1513.30 of the Revised Code.

The owner shall submit application for a grant on forms furnished by the division, together with detailed plans and topographic maps indicating the reclamation improvements to be made, an itemized estimate of the project's cost, a description of the project's benefits, and such other information as the chief prescribes. The plan of reclamation may be prepared in consultation with a local soil and water conservation district.

The chief may award the applicant a grant only after finding that the proposed reclamation work will establish vegetative cover and substantially reduce or eliminate erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, and damage to adjacent property.

For the purpose of establishing priorities for awarding grants under this section and section 1513.31 of the Revised Code, the chief shall consider each project's feasibility, cost, and public benefits of reclaiming the particular land, its potential for being mined, and the availability of federal or other...
financial assistance for reclamation.

The chief shall determine the amount of a grant under this section based upon the chief's determination of what constitutes reasonable and necessary expenses actually incurred for establishing vegetative cover, substantially reducing or eliminating erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, or damage to adjacent property, and preparing the plan of reclamation. The owner may elect to have other improvements made concurrently, but in no event shall any part of the grant be made for such other improvements, and in no event shall the amount of the grant exceed seventy-five per cent of the total amount, determined by the chief, of what constitutes reasonable and necessary expenses actually incurred for the reclamation measures listed in this section.

The chief shall enter into a contract for funding with each applicant awarded a grant to ensure that the money granted are used for the purposes of this section and that the reclamation work is properly done. The final payment may not be made until the chief inspects and approves the completed reclamation work.

Each such contract shall contain provisions for the reimbursement of a portion of the costs of the reclamation that is commensurate with the increase in the fair market value of the property attributable to the reclamation work thereon, as determined by appraisals made before and after reclamation in the manner stated in the agreement, unless such determination discloses an increase in value that is insubstantial in comparison to the benefits to the public from the abatement of pollution or prevention of damage to adjacent property, considering the applicant's share of the reclamation cost. For reimbursement of such portion, the contract may include provisions for:

(A) Public use for soil, water, forest, or wildlife
conservation or public recreation purposes;

(B) Payment to the state of the share of the income from the crops or timber produced on the land that is stated in the agreement;

(C) Imposition of a lien in the amount of the increase in fair market value payable upon transfer or conveyance of the property to a new owner;

(D) Payment to the state in cash in the amount of the increase in fair market value, payable upon completion of the reclamation.

All such reimbursements and payments shall be credited to the unreclaimed lands mining regulation and safety fund.

Not more than forty per cent of the money credited to the fund during the preceding calendar year may be expended during a calendar year for grants under this section.

The chief shall require every landowner performing reclamation work pursuant to this section to pay workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate in this state for the same or similar work performed in the same or similar locality by private companies doing their own reclamation work.

Sec. 1513.30. (A) There is hereby created in the state treasury the unreclaimed lands mining regulation and safety fund, to be administered by the chief of the division of mineral resources management and, The fund shall be used for the purpose of reclaiming following purposes:

(i) Reclaiming land, public or private, affected by mining, or controlling mine drainage, for which no cash is held in the reclamation forfeiture fund created in section 1513.18 of the
Revised Code of the surface mining fund created in section;  

(2) Specified purposes in sections 1514.06, 1514.11, and 1561.48 of the Revised Code;  

(3) Administration and enforcement of Chapter 1513. of the Revised Code.

All investment earnings of the fund shall be deposited into the fund.

(B) In order to direct expenditures from the unreclaimed lands mining regulation and safety fund toward reclamation projects that fulfill priority needs and provide the greatest public benefits, the chief periodically shall consider projects to be financed from the unreclaimed lands mining regulation and safety fund. For the purpose of selecting project areas and determining the boundaries of project areas, the chief shall consider the feasibility, cost, and public benefits of reclaiming the areas, their potential for being mined, the availability of federal or other financial assistance for reclamation, and the geographic distribution of project areas to ensure fair distribution among affected areas.

(C) The chief shall give priority to areas where there is little or no likelihood of mining within the foreseeable future, reclamation is feasible at reasonable cost with available funds, and either of the following applies:

(A) (1) The pollution of the waters of the state and damage to adjacent property are most severe and widespread.

(B) (2) Reclamation will make possible public uses for soil, water, forest, or wildlife conservation or public recreation purposes, will facilitate orderly commercial or industrial site development, or will facilitate the use or improve the enjoyment of nearby public conservation or recreation lands.
(D) Expenditures from the unreclaimed lands mining regulation and safety fund for reclamation projects may be made only for projects that are within the boundaries of project areas approved by the chief. Expenditures from the unreclaimed lands mining regulation and safety fund shall be made by the chief, with the approval of the director of natural resources.

The chief may expend an amount not to exceed twenty per cent of the moneys credited annually by the treasurer of state to the unreclaimed lands fund for the purpose of administering the fund.

(E) The chief may engage in cooperative projects under this section with any agency of the United States, appropriate state agencies, or state universities or colleges as defined in section 3345.27 of the Revised Code and may transfer money from the fund to other appropriate state agencies or to state universities or colleges in order to carry out the reclamation activities authorized by this section.

If the director of natural resources determines it to be necessary, the director may request the controlling board to transfer an amount of money from the fund to the coal mining administration and reclamation reserve fund created in section 1513.181 of the Revised Code.

Sec. 1513.31. For the purpose of promoting local or regional economic or community development, the chief of the division of mineral resources management, with the approval of the director of natural resources, may make grants of money from the unreclaimed lands mining regulation and safety fund created by section 1513.30 of the Revised Code for the payment by the state of up to seventy-five per cent of the reasonable and necessary expenses incurred by a political subdivision, community improvement corporation incorporated under Chapter 1724. of the Revised Code, or other nonprofit corporation incorporated under Chapter 1702. of...
the Revised Code for the reclamation of any unreclaimed land affected by mining before April 10, 1972, or pursuant to a license issued before April 10, 1972, that is owned by the political subdivision or corporation, is to be reclaimed for the purpose of commercial or industrial site development by the political subdivision or corporation or the development of recreational facilities by the political subdivision, and lies within the boundaries of a project area approved by the chief.

The owner shall submit an application for a grant on forms furnished by the division of mineral resources management together with detailed plans and topographic maps indicating the reclamation improvements to be made, an itemized estimate of the project's cost, a description of the project's benefits, and such other information as the chief prescribes. The chief may award the applicant a grant only after finding that the proposed reclamation work will render the unreclaimed land suitable for commercial, industrial, or, if the land is owned by a political subdivision, recreational site development and will substantially reduce or eliminate the damage, if any, to adjacent property that is or may be caused by the condition of the unreclaimed land.

The chief shall determine the amount of the grant based upon the chief's determination of what constitutes reasonable and necessary expenses actually incurred for preparing the plan of reclamation; preparing the unreclaimed land for commercial, industrial, or, in the case of land owned by a political subdivision, recreational site development, including backfilling, grading, resoiling, planting, or other work to restore the land to a condition suitable for such development; and, if the condition of the unreclaimed land so requires, establishing vegetative cover or substantially reducing or eliminating erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, or damage to adjacent property. The owner may have other
improvements made concurrently with the reclamation work, but shall not spend any part of the grant for such other improvements. No grant shall exceed seventy-five per cent of the total amount, as determined by the chief, of what constitutes reasonable and necessary expenses actually incurred for the reclamation measures listed in this section.

The chief shall enter into a contract for funding with each applicant awarded a grant in order to ensure that the money granted are used for the purposes of this section and that the reclamation work is properly done. The final payment under a grant may not be made until the chief inspects and approves the completed reclamation work.

Sec. 1513.32. For the purpose of promoting local or regional economic or community development, the chief of the division of mineral resources management, with the approval of the director of natural resources, may enter into a written agreement, which may be in the form of a contract, with a political subdivision, community improvement corporation incorporated under Chapter 1724. of the Revised Code, or other nonprofit corporation incorporated under Chapter 1702. of the Revised Code that owns any unreclaimed land affected by mining before April 10, 1972, or pursuant to a license issued before April 10, 1972, under which the state or its agents may enter upon the land to reclaim it at state expense with money from the unreclaimed lands mining regulation and safety fund created by section 1513.30 of the Revised Code for the purpose of commercial or industrial site development if the land is owned by a political subdivision or corporation or the development of recreational facilities if the land is owned by a political subdivision. The agreement may include provisions pertaining to liability for damages and any other provisions necessary or desirable to achieve the purposes of this section.
For the purpose of selecting lands to be reclaimed for commercial, industrial, or, if the lands are owned by a political subdivision, recreational site development, the chief shall consult with the owners of unreclaimed lands and with local officials, civic and professional organizations, and interested individuals and shall consider the feasibility, cost, and public benefits of reclaiming particular lands and the availability of federal or other assistance for the reclamation. The chief shall select for reclamation under this section only lands that lie within the boundaries of a project area approved by the chief.

Before entering into the agreement, the chief shall prepare or approve a detailed plan with topographic maps indicating the reclamation improvements to be made, an itemized estimate of the project's cost, a description of the project's benefits, and such other information as the chief considers appropriate. The plan shall include only reclamation work that is necessary to render the unreclaimed land suitable for commercial, industrial, or, if the land is owned by a political subdivision, recreational site development and will substantially reduce or eliminate the damage, if any, to adjacent property that is or may be caused by the condition of the unreclaimed land. The plan may include improvements recommended by the owner, but may not include any improvements that the chief finds are not necessary to prepare the unreclaimed land for commercial, industrial, or, if the land is owned by a political subdivision, recreational site development, or if the condition of the unreclaimed land so requires, are not necessary to establish vegetative cover or substantially reduce or eliminate erosion, sedimentation, landslides, pollution, accumulation or discharge of acid water, flooding, or damage to adjacent property.

With the approval of the director and upon entering into an agreement with the owner, the chief may carry out the plan of
reclamation or any part thereof with the employees or equipment of
the department, or the chief may carry out the plan or any part
thereof by contracting therefor in accordance with the procedures
prescribed in section 1513.27 of the Revised Code. The chief shall
keep an itemized record of the state's expense in carrying out the
plan.

Expenditure of not more than twenty per cent of the moneys
money credited to the unreclaimed lands mining regulation and
safety fund during the preceding fiscal year may be approved by
the chief during a fiscal year for conducting reclamation projects
under this section and for making grants under section 1513.31 of
the Revised Code, provided that such expenditures are primarily
for the pollution abatement purposes of section 1513.30 of the
Revised Code.

Sec. 1513.33. The amount of any grant to a community
improvement corporation or nonprofit corporation made under
section 1513.31 of the Revised Code or the state's expenses
incurred in reclaiming unreclaimed land owned by a community
improvement corporation or nonprofit corporation under section
1513.32 of the Revised Code shall constitute a loan by the state
to the corporation. Entry into a grant contract under section
1513.31 of the Revised Code or into a reclamation agreement under
section 1513.32 of the Revised Code by the chief of the division
of mineral resources management constitutes the designation of the
community improvement corporation or nonprofit corporation as the
state's agent for the commercial or industrial development of the
land named in the contract or agreement.

Each grant contract under section 1513.31 of the Revised Code
or reclamation agreement under section 1513.32 of the Revised Code
shall include terms for repayment of the grant or reimbursement of
the state for its reclamation expenses, which shall require
repayment of the loan in full upon the first sale, lease, or rental of the land reclaimed under the contract or agreement if the entire parcel of reclaimed land is sold, leased, or rented. If the corporation establishes a business enterprise on the entire parcel of reclaimed land, the contract shall require repayment of the loan in full upon the commencement of operation of the business enterprise. If the reclaimed land is sold, leased, or rented in portions or the corporation establishes a business enterprise on any portion of the reclaimed land, the contract or agreement shall require repayment of that portion of the loan that corresponds to the portion of the reclaimed land sold, leased, or rented upon the first sale, lease, or rental of that portion, or upon commencement of operation of the business enterprise on that portion, by the corporation in the proportion that the acreage of the reclaimed land sold, leased, rented, or used in business by the corporation bears to the total acreage of land reclaimed under the contract or agreement.

To secure repayment of the money granted under section 1513.31 of the Revised Code or of the state's reclamation expenses under section 1513.32 of the Revised Code to or on behalf of a community improvement corporation or nonprofit corporation, the state shall have a lien on the land owned by the corporation that is land reclaimed under section 1513.31 or 1513.32 of the Revised Code equal to the amount of the grant made under section 1513.31 of the Revised Code or to the state's expenses incurred in reclaiming the land under section 1513.32 of the Revised Code. Within thirty days after the final grant payment is made under section 1513.31 of the Revised Code or after the completion of the reclamation work under section 1513.32 of the Revised Code, the chief shall cause to be recorded in the office of the county recorder of the county in which the reclaimed land is located a statement that shall contain an itemized accounting of the grant paid under section 1513.31 of the Revised Code or an itemized...
record of the state's expenses incurred in reclaiming the land
under section 1513.32 of the Revised Code. The statement shall
constitute a notice of lien and operate as of the date of delivery
as a lien on the land reclaimed in the amount of the grant moneys
money paid out or the reclamation expenses incurred by the state
and shall have priority as a lien second only to the lien of real
property taxes imposed upon the land. The notice of lien and the
lien shall not be valid as against any mortgagee, pledgee,
purchaser, or judgment creditor whose rights have attached prior
to the date of filing of the statement by the chief or to any
prior or subsequent lien for real property taxes imposed pursuant
to section 5719.04 of the Revised Code.

The county recorder shall record and index the chief's
statement, under the name of the state and the corporation, in the
official records maintained by the county recorder's office. The
county recorder shall impose no charge for the recording or
indexing of the statement. If the land is registered, the county
recorder shall make a notation and enter a memorial of the lien
upon the page of the register in which the last certificate of
title to the land is registered, stating the name of the claimant,
amount claimed, volume and page of the record where recorded, and
exact time the memorial was entered.

The lien shall continue in force so long as any portion of
the amount granted under section 1513.31 of the Revised Code or
the state's reclamation expenses incurred under section 1513.32 of
the Revised Code remains unpaid. Upon repayment in full of those
moneys money or expenses, the chief promptly shall issue a
certificate of release of the lien. Upon presentation of the
certificate of release, the county recorder of the county where
the lien is recorded shall record the lien as having been
discharged.

A lien imposed under this section shall be foreclosed upon
the substantial failure of a corporation to repay any portion of
the amount granted under section 1513.31 of the Revised Code or
the state's reclamation expenses incurred under section 1513.32 of
the Revised Code in accordance with the terms of the grant
contract or reclamation agreement. Before foreclosing any lien
under this section, the chief shall make a written demand upon the
corporation to comply with the repayment terms of the contract or
agreement. If the corporation does not pay the amount due within
sixty days, the chief shall refer the matter to the attorney
general, who shall institute a civil action to foreclose the lien
of the state.

All moneys collected from loan repayments and lien
foreclosures under this section shall be credited to the
unreclaimed lands mining regulation and safety fund created by
section 1513.30 of the Revised Code.

Sec. 1513.37. (A) There is hereby created in the state
treasury the abandoned mine reclamation fund, which shall be
administered by the chief of the division of mineral resources
management. The fund shall consist of grants from the secretary of
the interior from the federal abandoned mine reclamation fund
established by Title IV of the "Surface Mining Control and
regulations adopted under it, and amendments to the act and
regulations. Expenditures from the abandoned mine reclamation fund
shall be made by the chief for the following purposes:

(1) Reclamation and restoration of land and water resources
adversely affected by past coal mining, including, but not limited
to, reclamation and restoration of abandoned strip mine areas,
abandoned coal processing areas, and abandoned coal refuse
disposal areas; sealing and filling of abandoned deep mine entries
and voids; planting of land adversely affected by past coal
mining; prevention of erosion and sedimentation; prevention, 19455
abatement, treatment, and control of water pollution created by 19456
coal mine drainage, including restoration of streambeds and 19457
construction and operation of water treatment plants; prevention, 19458
abatement, and control of burning coal refuse disposal areas and 19459
burning coal in situ; and prevention, abatement, and control of 19460
coal mine subsidence;

(2) Acquisition and filling of voids and sealing of tunnels, 19462
shafts, and entryways of noncoal lands;

(3) Acquisition of land as provided for in this section;

(4) Administrative expenses incurred in accomplishing the 19465
purposes of this section;

(5) All other necessary expenses to accomplish the purposes 19467
of this section.

(B) Expenditures of 

money from the fund on land and 19469
water eligible pursuant to division (C) of this section shall 19470
reflect the following priorities in the order stated:

(1) The protection of public health, safety, general welfare, 19472
and property from extreme danger of adverse effects of coal mining 19473
practices;

(2) The protection of public health, safety, and general 19475
welfare from adverse effects of coal mining practices;

(3) The restoration of land and water resources and the 19477
environment previously degraded by adverse effects of coal mining 19478
practices, including measures for the conservation and development 19479
of soil and water (excluding channelization), woodland, fish and 19480
wildlife, recreation resources, and agricultural productivity;

(4) Research and demonstration projects relating to the 19482
development of coal mining reclamation and water quality control 19483
program methods and techniques;
(5) The protection, repair, replacement, construction, or enhancement of public facilities such as utilities, roads, recreation facilities, and conservation facilities adversely affected by coal mining practices;

(6) The development of publicly owned land adversely affected by coal mining practices, including land acquired as provided in this section for recreation and historic purposes, conservation and reclamation purposes, and open space benefits.

(C)(1) Lands and water eligible for reclamation or drainage abatement expenditures under this section are those that were mined for coal or were affected by such mining, wastebanks, coal processing, or other coal mining processes and that meet one of the following criteria:

(a) Are lands that were abandoned or left in an inadequate reclamation status prior to August 3, 1977, and for which there is no continuing reclamation responsibility under state or federal laws;

(b) Are lands for which the chief finds that surface coal mining operations occurred at any time between August 4, 1977, and August 16, 1982, and that any money for reclamation or abatement that are available pursuant to a bond, performance security, or other form of financial guarantee or from any other source are not sufficient to provide for adequate reclamation or abatement at the site;

(c) Are lands for which the chief finds that surface coal mining operations occurred at any time between August 4, 1977, and November 5, 1990, that the surety of the mining operator became insolvent during that time, and that, as of November 5, 1990, any money immediately available from proceedings relating to that insolvency or from any financial guarantee or other source are not sufficient to provide for adequate reclamation or
abatement at the site.

(2) In determining which sites to reclaim pursuant to divisions (C)(1)(b) and (c) of this section, the chief shall follow the priorities stated in divisions (B)(1) and (2) of this section and shall ensure that priority is given to those sites that are in the immediate vicinity of a residential area or that have an adverse economic impact on a local community.

(3) Surface coal mining operations on lands eligible for remining shall not affect the eligibility of those lands for reclamation and restoration under this section after the release of the bond, performance security, or other form of financial guarantee for any such operation as provided under division (F) of section 1513.16 of the Revised Code. If the bond, performance security, or other form of financial guarantee for a surface coal mining operation on lands eligible for remining is forfeited, moneys available under this section may be used if the amount of the bond, performance security, or other form of financial guarantee is not sufficient to provide for adequate reclamation or abatement, except that if conditions warrant, the chief immediately shall exercise the authority granted under division (L) of this section.

(D) The chief may submit to the secretary of the interior a state reclamation plan and annual projects to carry out the purposes of this section.

(1) The reclamation plan generally shall identify the areas to be reclaimed, the purposes for which the reclamation is proposed, the relationship of the lands to be reclaimed and the proposed reclamation to surrounding areas, the specific criteria for ranking and identifying projects to be funded, and the legal authority and programmatic capability to perform the work in accordance with this section.
(2) On an annual basis, the chief may submit to the secretary an application for support of the abandoned mine reclamation fund and implementation of specific reclamation projects. The annual requests shall include such information as may be requested by the secretary.

(3) The costs for each proposed project under this section shall include actual construction costs, actual operation and maintenance costs of permanent facilities, planning and engineering costs, construction inspection costs, and other necessary administrative expenses.

(4) The chief may submit annual and other reports required by the secretary when funds are provided by the secretary under Title IV of the "Surface Mining Control and Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201, regulations adopted under it, and amendments to the act and regulations.

(E)(1) There is hereby created in the state treasury the acid mine drainage abatement and treatment fund, which shall be administered by the chief. The fund shall consist of grants from the secretary of the interior from the federal abandoned mine reclamation fund pursuant to section 402(g)(6) of Title IV of the "Surface Mining Control and Reclamation Act of 1977," 91 Stat. 445, 30 U.S.C.A. 1201. All investment earnings of the fund shall be credited to the fund.

(2) The chief shall make expenditures from the fund, in consultation with the United States department of agriculture, soil conservation service, to implement acid mine drainage abatement and treatment plans approved by the secretary. The plans shall provide for the comprehensive abatement of the causes and treatment of the effects of acid mine drainage within qualified hydrologic units affected by coal mining practices and shall include at least all of the following:
(a) An identification of the qualified hydrologic unit. As used in division (E) of this section, "qualified hydrologic unit" means a hydrologic unit that meets all of the following criteria:

(i) The water quality in the unit has been significantly affected by acid mine drainage from coal mining practices in a manner that has an adverse impact on biological resources.

(ii) The unit contains lands and waters that meet the eligibility requirements established under division (C) of this section and any of the priorities established in divisions (B)(1) to (3) of this section.

(iii) The unit contains lands and waters that are proposed to be the subject of expenditures from the reclamation forfeiture fund created in section 1513.18 of the Revised Code or the unreclaimed lands mining regulation and safety fund created in section 1513.30 of the Revised Code.

(b) The extent to which acid mine drainage is affecting the water quality and biological resources within the hydrologic unit;

(c) An identification of the sources of acid mine drainage within the hydrologic unit;

(d) An identification of individual projects and the measures proposed to be undertaken to abate and treat the causes or effects of acid mine drainage within the hydrologic unit;

(e) The cost of undertaking the proposed abatement and treatment measures;

(f) An identification of existing and proposed sources of funding for those measures;

(g) An analysis of the cost-effectiveness and environmental benefits of abatement and treatment measures.

(3) The chief may make grants of money from the acid mine drainage abatement and treatment fund to watershed groups for
conducting projects to accomplish the purposes of this section. A grant may be made in an amount equal to not more than fifty percent of each of the following:

(a) Reasonable and necessary expenses for the collection and analysis of data sufficient to do either or both of the following:

(i) Identify a watershed as a qualified hydrologic unit;

(ii) Monitor the quality of water in a qualified hydrologic unit before, during, and at any time after completion of the project by the watershed group.

(b) Engineering design costs and construction costs involved in the project, provided that the project is conducted in a qualified hydrologic unit and the chief considers the project to be a priority.

A watershed group that wishes to obtain a grant under division (E)(3) of this section shall submit an application to the chief on forms provided by the division of mineral resources management, together with detailed estimates and timetables for accomplishing the stated goals of the project and any other information that the chief requires.

For the purposes of establishing priorities for awarding grants under division (E)(3) of this section, the chief shall consider each project's feasibility, cost-effectiveness, and environmental benefit, together with the availability of matching funding, including in-kind services, for the project.

The chief shall enter into a contract for funding with each applicant awarded a grant to ensure that the money granted are used for the purposes of this section and that the work that the project involves is done properly. The contract is not subject to division (B) of section 127.16 of the Revised Code. The final payment of grant money shall not be made until the chief inspects and approves the completed project.
The chief shall require each applicant awarded a grant under this section who conducts a project involving construction work to pay workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate paid in this state for the same or similar work performed in the same or a similar locality by private companies doing similar work on similar projects.

As used in division (E)(3) of this section, "watershed group" means a charitable organization as defined in section 1716.01 of the Revised Code that has been established for the purpose of conducting reclamation of land and waters adversely affected by coal mining practices and specifically for conducting acid mine drainage abatement.

(F)(1) If the chief makes a finding of fact that land or water resources have been adversely affected by past coal mining practices; the adverse effects are at a stage where, in the public interest, action to restore, reclaim, abate, control, or prevent the adverse effects should be taken; the owners of the land or water resources where entry must be made to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices are not known or are not readily available; or the owners will not give permission for the state, political subdivisions, or their agents, employees, or contractors to enter upon the property to restore, reclaim, abate, control, or prevent the adverse effects of past coal mining practices; then, upon giving notice by mail to the owners, if known, or, if not known, by posting notice upon the premises and advertising once in a newspaper of general circulation in the municipal corporation or county in which the land lies, the chief or the chief's agents, employees, or contractors may enter upon the property adversely affected by past coal mining practices and any other property to have access to the property to do all things necessary or
expedient to restore, reclaim, abate, control, or prevent the adverse effects. The entry shall be construed as an exercise of the police power for the protection of the public health, safety, and general welfare and shall not be construed as an act of condemnation of property nor of trespass on it. The moneys expended for the work and the benefits accruing to any such premises so entered upon shall be chargeable against the land and shall mitigate or offset any claim in or any action brought by any owner of any interest in the premises for any alleged damages by virtue of the entry, but this provision is not intended to create new rights of action or eliminate existing immunities.

(2) The chief or the chief's authorized representatives may enter upon any property for the purpose of conducting studies or exploratory work to determine the existence of adverse effects of past coal mining practices and to determine the feasibility of restoration, reclamation, abatement, control, or prevention of such adverse effects. The entry shall be construed as an exercise of the police power for the protection of the public health, safety, and general welfare and shall not be construed as an act of condemnation of property nor trespass on it.

(3) The chief may acquire any land by purchase, donation, or condemnation that is adversely affected by past coal mining practices if the chief determines that acquisition of the land is necessary to successful reclamation and that all of the following apply:

(a) The acquired land, after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices, will serve recreation and historic purposes, serve conservation and reclamation purposes, or provide open space benefits.

(b) Permanent facilities such as a treatment plant or a relocated stream channel will be constructed on the land for the
restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(c) Acquisition of coal refuse disposal sites and all coal refuse thereon will serve the purposes of this section or public ownership is desirable to meet emergency situations and prevent recurrences of the adverse effects of past coal mining practices.

(4)(a) Title to all lands acquired pursuant to this section shall be in the name of the state. The price paid for land acquired under this section shall reflect the market value of the land as adversely affected by past coal mining practices.

(b) The chief may receive grants on a matching basis from the secretary of the interior for the purpose of carrying out this section.

(5)(a) Where land acquired pursuant to this section is considered to be suitable for industrial, commercial, residential, or recreational development, the chief may sell the land by public sale under a system of competitive bidding at not less than fair market value and under other requirements imposed by rule to ensure that the lands are put to proper use consistent with local and state land use plans, if any, as determined by the chief.

(b) The chief, when requested, and after appropriate public notice, shall hold a public meeting in the county, counties, or other appropriate political subdivisions of the state in which lands acquired pursuant to this section are located. The meetings shall be held at a time that shall afford local citizens and governments the maximum opportunity to participate in the decision concerning the use or disposition of the lands after restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices.

(6) In addition to the authority to acquire land under division (F)(3) of this section, the chief may use money in the
fund to acquire land by purchase, donation, or condemnation, and
to reclaim and transfer acquired land to a political subdivision,
or to any person, if the chief determines that it is an integral
and necessary element of an economically feasible plan for the
construction or rehabilitation of housing for persons disabled as
the result of employment in the mines or work incidental to that
employment, persons displaced by acquisition of land pursuant to
this section, persons dislocated as the result of adverse effects
of coal mining practices that constitute an emergency as provided
in the "Surface Mining Control and Reclamation Act of 1977," 91
Stat. 466, 30 U.S.C.A. 1240, or amendments to it, or persons
dislocated as the result of natural disasters or catastrophic
failures from any cause. Such activities shall be accomplished
under such terms and conditions as the chief requires, which may
include transfers of land with or without monetary consideration,
except that to the extent that the consideration is below the fair
market value of the land transferred, no portion of the difference
between the fair market value and the consideration shall accrue
as a profit to those persons. No part of the funds provided under
this section may be used to pay the actual construction costs of
housing. The chief may carry out the purposes of division (F)(6)
of this section directly or by making grants and commitments for
grants and may advance money under such terms and conditions as
the chief may require to any agency or instrumentality of the
state or any public body or nonprofit organization designated by
the chief.

(G)(1) Within six months after the completion of projects to
restore, reclaim, abate, control, or prevent adverse effects of
past coal mining practices on privately owned land, the chief
shall itemize the moneys so expended and may file a
statement of the expenditures in the office of the county recorder
of the county in which the land lies, together with a notarized
appraisal by an independent appraiser of the value of the land
before the restoration, reclamation, abatement, control, or prevention of adverse effects of past coal mining practices if the moneys so expended result in a significant increase in property value. The statement shall constitute a lien upon the land as of the date of the expenditures of the moneys and shall have priority as a lien second only to the lien of real property taxes imposed upon the land. The lien shall not exceed the amount determined by the appraisal to be the increase in the fair market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. No lien shall be filed under division (G) of this section against the property of any person who owned the surface prior to May 2, 1977, and did not consent to, participate in, or exercise control over the mining operation that necessitated the reclamation performed.

(2) The landowner may petition, within sixty days after the filing of the lien, to determine the increase in the fair market value of the land as a result of the restoration, reclamation, abatement, control, or prevention of the adverse effects of past coal mining practices. The amount reported to be the increase in value of the premises shall constitute the amount of the lien and shall be recorded with the statement provided in this section. Any party aggrieved by the decision may appeal as provided by state law.

(3) The lien provided in division (G) of this section shall be recorded and indexed, under the name of the state and the landowner, in the official records in the office of the county recorder of the county in which the land lies. The county recorder shall impose no charge for the recording or indexing of the lien. If the land is registered, the county recorder shall make a notation and enter a memorial of the lien upon the page of the register in which the last certificate of title to the land is registered.
registered, stating the name of the claimant, amount claimed, volume and page of the record where recorded, and exact time the memorial was entered.

(4) The lien shall continue in force so long as any portion of the amount of the lien remains unpaid. If the lien remains unpaid at the time of conveyance of the land on which the lien was placed, the conveyance may be set aside. Upon repayment in full of the moneys money expended under this section, the chief promptly shall issue a certificate of release of the lien. Upon presentation of the certificate of release, the county recorder of the county in which the lien is recorded shall record the lien as having been discharged.

(5) A lien imposed under this section shall be foreclosed upon the substantial failure of a landowner to pay any portion of the amount of the lien. Before foreclosing any lien under this section, the chief shall make a written demand upon the landowner for payment. If the landowner does not pay the amount due within sixty days, the chief shall refer the matter to the attorney general, who shall institute a civil action to foreclose the lien.

(H)(1) The chief may fill voids, seal abandoned tunnels, shafts, and entryways, and reclaim surface impacts of underground or strip mines that the chief determines could endanger life and property, constitute a hazard to the public health and safety, or degrade the environment.

(2) In those instances where mine waste piles are being reworked for conservation purposes, the incremental costs of disposing of the wastes from those operations by filling voids and sealing tunnels may be eligible for funding, provided that the disposal of these wastes meets the purposes of this section.

(3) The chief may acquire by purchase, donation, easement, or otherwise such interest in land as the chief determines necessary
to carry out division (H) of this section.

(I) The chief shall report annually to the secretary of the interior on operations under the fund and include recommendations as to its future uses.

(J)(1) The chief may engage in any work and do all things necessary or expedient, including the adoption of rules, to implement and administer this section.

(2) The chief may engage in cooperative projects under this section with any agency of the United States, any other state, or their governmental agencies or with any state university or college as defined in section 3345.27 of the Revised Code. The cooperative projects are not subject to division (B) of section 127.16 of the Revised Code.

(3) The chief may request the attorney general to initiate in any court of competent jurisdiction an action in equity for an injunction to restrain any interference with the exercise of the right to enter or to conduct any work provided in this section, which remedy is in addition to any other remedy available under this section.

(4) The chief may construct or operate a plant or plants for the control and treatment of water pollution resulting from mine drainage. The extent of this control and treatment may be dependent upon the ultimate use of the water. Division (J)(4) of this section does not repeal or supersede any portion of the "Federal Water Pollution Control Act," 70 Stat. 498 (1965), 33 U.S.C.A. 1151, as amended, and no control or treatment under division (J)(4) of this section, in any way, shall be less than that required by that act. The construction of a plant or plants may include major interceptors and other facilities appurtenant to the plant.

(5) The chief may transfer money from the abandoned mine
reclamation fund and the acid mine drainage abatement and 19861
treatment fund to other appropriate state agencies or to state 19862
universities or colleges in order to carry out the reclamation 19863
activities authorized by this section. 19864

(K) The chief may contract for any part of work to be 19865
performed under this section, with or without advertising for 19866
bids, if the chief determines that a condition exists that could 19867
reasonably be expected to cause substantial physical harm to 19868
persons, property, or the environment and to which persons or 19869
improvements on real property are currently exposed. 19870

The chief shall require every contractor performing 19871
reclamation work under this section to pay its workers at the 19872
greater of their regular rate of pay, as established by contract, 19873
agreement, or prior custom or practice, or the average wage rate 19874
paid in this state for the same or similar work as determined by 19875
the chief under section 1513.02 of the Revised Code. 19876

(L)(1) The chief may contract for the emergency restoration, 19877
reclamation, abatement, control, or prevention of adverse effects 19878
of mining practices on eligible lands if the chief determines that 19879
an emergency exists constituting a danger to the public health, 19880
safety, or welfare and that no other person or agency will act 19881
expeditiously to restore, reclaim, abate, control, or prevent 19882
those adverse effects. The chief may enter into a contract for 19883
emergency work under division (L) of this section without 19884
advertising for bids. Any such contract or any purchase of 19885
materials for emergency work under division (L) of this section is 19886
not subject to division (B) of section 127.16 of the Revised Code. 19887

(2) The chief or the chief's agents, employees, or 19888
contractors may enter on any land where such an emergency exists, 19889
and on other land in order to have access to that land, in order 19890
to restore, reclaim, abate, control, or prevent the adverse 19891
effects of mining practices and to do all things necessary or 19892
expedient to protect the public health, safety, or welfare. Such 
an entry shall be construed as an exercise of the police power and 
shall not be construed as an act of condemnation of property or of 
trespass. The moneys money expended for the work and the benefits 
accruing to any premises so entered upon shall be chargeable 
against the land and shall mitigate or offset any claim in or any 
action brought by any owner of any interest in the premises for 
any alleged damages by virtue of the entry. This provision is not 
intended to create new rights of action or eliminate existing 
immunities.

Sec. 1514.03. Within thirty days after each anniversary date 
of issuance of a surface or in-stream mining permit, the operator 
shall file with the chief of the division of mineral resources 
management an annual report, on a form prescribed and furnished by 
the chief, that, for the period covered by the report, shall state 
the amount of and identify the types of minerals and coal, if any 
coal, produced and shall state the number of acres affected and 
the number of acres estimated to be affected during the next year 
of operation. An annual report is not required to be filed if a 
final report is filed in lieu thereof.

Each annual report for a surface mining operation shall 
include a progress map indicating the location of areas of land 
affected during the period of the report and the location of the 
area of land estimated to be affected during the next year. The 
map shall be prepared in accordance with division (A)(11) or (12) 
of section 1514.02 of the Revised Code, as appropriate, except 
that a map prepared in accordance with division (A)(12) of that 
section may be certified by the operator or authorized agent of 
the operator in lieu of certification by a professional engineer 
or surveyor registered under Chapter 4733. of the Revised Code. 
However, the chief may require that an annual progress map or a 
final map be prepared by a registered professional engineer or
registered surveyor if the chief has reason to believe that the operator exceeded the boundaries of the permit area or, if the operator filed the map required under division (A)(11) of section 1514.02 of the Revised Code, that the operator extracted ten thousand tons or more of minerals during the period covered by the report.

Each annual report for an in-stream mining operation shall include a statement of the total tonnage removed by in-stream mining for each month and of the surface acreage and depth of material removed by in-stream mining and shall include a map that identifies the area affected by the in-stream mining if the in-stream mining for the year addressed by the report occurred beyond the area identified in the most recent approved map, soundings that depict the cross-sectional views of the channel bottom of the watercourse if the soundings depict a cross-sectional view of the channel bottom that is different from the most recent approved map, and water elevations for the watercourse if water elevations are different from those indicated on the most recent approved map.

Each annual report shall be accompanied by a filing fee in the amount of five hundred dollars, except in the case of an annual report filed by a small operator or an in-stream mining operator. A small operator, which is a surface mine operator who intends to extract fewer than ten thousand tons of minerals and no coal during the next year of operation under the permit, or an in-stream mining operator shall include a filing fee in the amount of two hundred fifty dollars with each annual report. The annual report of any operator also shall be accompanied by an acreage fee in the amount of seventy-five dollars multiplied by the number of acres estimated in the report to be affected during the next year of operation under the permit. The acreage fee shall be adjusted by subtracting a credit of seventy-five dollars per excess acre.
paid for the preceding year if the acreage paid for the preceding year exceeds the acreage actually affected or by adding an additional amount of seventy-five dollars per excess acre affected if the acreage actually affected exceeds the acreage paid for the preceding year.

With each annual report the operator shall file a performance bond in the amount, unless otherwise provided by rule, of five hundred dollars multiplied by the number of acres estimated to be affected during the next year of operation under the permit for which no performance bond previously was filed. Unless otherwise provided by rule, the bond shall be adjusted by subtracting a credit of five hundred dollars per excess acre for which bond was filed for the preceding year if the acreage for which the bond was filed for the preceding year exceeds the acreage actually affected, or by adding an amount of five hundred dollars per excess acre affected if the acreage actually affected exceeds the acreage for which bond was filed for the preceding year.

Within thirty days after the expiration of the surface or in-stream mining permit, or completion or abandonment of the operation, whichever occurs earlier, the operator shall submit a final report containing the same information required in an annual report, but covering the time from the last annual report to the expiration of the permit, or completion or abandonment of the operation, whichever occurs earlier.

Each final report shall include a map indicating the location of the area of land affected during the period of the report and the location of the total area of land affected under the permit. The map shall be prepared in accordance with division (A)(11) or (12) of section 1514.02 of the Revised Code, as appropriate.

In the case of a final report for an in-stream mining operation, the map also shall include the information required under division (A)(18) of section 1514.02 of the Revised Code, as
applicable. If the final report and certified map, as verified by the chief, show that the number of acres affected under the permit is larger than the number of acres for which the operator has paid an acreage fee or filed a performance bond, upon notification by the chief, the operator shall pay an additional acreage fee in the amount of seventy-five dollars multiplied by the difference between the number of acres affected under the permit and the number of acres for which the operator has paid an acreage fee and shall file an additional performance bond in the amount, unless otherwise provided by rule, of five hundred dollars multiplied by the difference between the number of acres affected under the permit and the number of acres for which the operator has filed bond.

If the final report and certified map, as verified by the chief, show that the number of acres affected under the permit is smaller than the number of acres for which the operator has filed a performance bond, the chief shall order release of the excess bond. However, the chief shall retain a performance bond in a minimum amount of ten thousand dollars irrespective of the number of acres affected under the permit. The release of the excess bond shall be in an amount, unless otherwise provided by rule, equal to five hundred dollars multiplied by the difference between the number of acres affected under the permit and the number of acres for which the operator has filed bond.

The fees collected pursuant to this section and section 1514.02 of the Revised Code shall be deposited with the treasurer of state to the credit of the surface mining regulation and safety fund created under section 1514.06 1513.30 of the Revised Code.

If upon inspection the chief finds that any filing fee, acreage fee, performance bond, or part thereof is not paid when due or is paid on the basis of false or substantially inaccurate
reports, the chief may request the attorney general to recover the unpaid amounts that are due the state, and the attorney general shall commence appropriate legal proceedings to recover the unpaid amounts.

Sec. 1514.051. (A) If an operator or a partner or officer of the operator forfeits a performance bond, the division of mineral resources management shall have a priority lien in front of all other interested creditors against the assets of that operator for the amount that is needed to perform any reclamation that is required as a result of the operator's mining activities. The chief of the division of mineral resources management shall file a statement in the office of the county recorder of each county in which the mined land lies of the estimated costs to reclaim the land. Estimated costs shall include direct and indirect costs of the development, design, construction, management, and administration of the reclamation. The statement shall constitute a lien on the assets of the operator as of the date of the filing. The lien shall continue in force so long as any portion of the lien remains unpaid or until the chief issues a certificate of release of the lien. If the chief issues a certificate of release of the lien, the chief shall file a certificate of release in the office of each applicable county recorder.

(B) The chief promptly shall issue a certificate of release under any of the following circumstances:

(1) Upon the repayment in full of the money that is necessary to complete the reclamation;

(2) Upon the transfer of an existing permit that includes the areas of the surface mine for which reclamation was not completed from the operator that forfeited the performance bond to a new operator;

(3) Any other circumstance that the chief determines to be in
the best interests of the state.

(C) The chief may modify the amount of a lien under this section. If the chief modifies a lien, the chief shall file a statement in the office of the county recorder of each applicable county of the new amount of the lien.

(D) The chief may authorize a closing agent to hold a certificate of release in escrow for a period not to exceed one hundred eighty days for the purpose of facilitating the transfer of unreclaimed mine land.

(E) All money from the collection of liens under this section shall be deposited in the state treasury to the credit of the surface mining regulation and safety fund created in section 1513.30 of the Revised Code.

Sec. 1514.06. (A) There is hereby created in the state treasury the surface mining fund consisting of all money that becomes the property of the state pursuant to sections 1514.05 and 1514.051 of the Revised Code, money credited to the fund collected under divisions (C)(1) and (2) of section 1514.071, and other money specified in section 1514.11 of the Revised Code shall be credited to the mining regulation and safety fund created in section 1513.30 of the Revised Code. All investment earnings of the fund shall be credited to the fund. Expenditures from the fund shall be made by the chief of the division of mineral resources management may expend such money for the purpose of reclaiming areas of land affected by surface or in-stream mining under a permit issued under this chapter that the operator has failed to reclaim. Provided that the chief maintains a balance in the fund that is sufficient to achieve that purpose and, in doing so, considers the timeliness of reclamation activity, the chief may use the fund for other purposes specified in section 1514.11 of the Revised Code.
(B) Expenditures of money from the fund for the purposes specified in division (A) of this section, except as otherwise provided by this section, shall be made pursuant to contracts entered into by the chief with persons who agree to furnish all of the materials, equipment, work, and labor, as specified and provided in the contracts, for the prices stipulated therein. With the approval of the director of natural resources, the chief may reclaim the land in the same manner as the chief required of the operator who failed to reclaim the land. Each contract awarded by the chief shall be awarded to the lowest responsive and responsible bidder, in accordance with section 9.312 of the Revised Code, after sealed bids are received, opened, and published at the time and place fixed by the chief. The chief shall publish notice of the time and place at which bids will be received, opened, and published, at least once at least ten days before the date of the opening of the bids, in a newspaper of general circulation in the county in which the area of land to be reclaimed under the contract is located. If, after so advertising for bids, no bids are received by the chief at the time and place fixed for receiving them, the chief may advertise again for bids, or, if the chief considers the public interest will be best served, the chief may enter into a contract for the reclamation of the area of land without further advertisement for bids. The chief may reject any or all bids received and again publish notice of the time and place at which bids for contracts will be received, opened, and published.

(C) With the approval of the director, the chief, without advertising for bids, may enter into a contract with the landowner, a surface or in-stream mine operator or coal mine operator mining under a current, valid permit issued under this chapter or Chapter 1513. of the Revised Code, or a contractor hired by a surety to complete reclamation, to carry out reclamation on land affected by surface or in-stream mining.
operations that an operator has failed to reclaim.  

(D) With the approval of the director, the chief may carry out all or part of the reclamation work on land affected by surface or in-stream mining operations that the operator has failed to reclaim using the employees and equipment of any division of the department of natural resources.

(E) The chief shall require every contractor performing reclamation work under this section to pay workers at the greater of their regular rate of pay, as established by contract, agreement, or prior custom or practice, or the average wage rate paid in this state for the same or similar work, as determined by the chief under section 1513.02 of the Revised Code.

(F) Each contract entered into by the chief under this section shall provide only for the reclamation of land affected by the surface or in-stream mining operation or operations of one operator and not reclaimed by the operator as required by this chapter. If there is money in the fund derived from the performance bond deposited with the chief by one operator to ensure the reclamation of two or more areas of land affected by the surface or in-stream mining operation or operations of one operator and not reclaimed by the operator as required by this chapter, the chief may award a single contract for the reclamation of all such areas of land.

(G) The cost of the reclamation work done under this section on each area of land affected by surface or in-stream mining operations that an operator has failed to reclaim shall be paid out of the money in the fund derived from the performance bond that was deposited with the chief to ensure the reclamation of that area of land. If the amount of money is not sufficient to pay the cost of doing all of the reclamation work on the area of land that the operator should have done, but failed to do, the chief may expend from the reclamation forfeiture fund created in section...
1513.18 of the Revised Code or the surface mining fund created in this section the amount of money needed to complete reclamation to the standards required by this chapter. The operator is liable for that expense in addition to any other liabilities imposed by law. At the request of the chief, the attorney general shall bring an action against the operator for the amount of the expenditures from either the mining regulation and safety fund. Money so recovered shall be deposited in the state treasury to the credit of the fund from which the expenditures were made.

(H) If any part of the money in the surface mining fund remains in the fund after the chief has caused the area of land to be reclaimed and has paid all the reclamation costs and expenses, or if any money remains because the area of land has been repermitted under this chapter or reclaimed by a person other than the chief, the chief may expend the remaining money to complete other reclamation work performed under this section. The chief shall prepare an annual report that summarizes the money credited to the fund and expenditures made from the fund and post the report on the division of mineral resources management's web site.

**Sec. 1514.071.** (A) In addition to any other penalties established under this chapter, the chief of the division of mineral resources management may assess a civil penalty against any person who fails to comply with an order issued by the chief under section 1514.07 of the Revised Code by the date specified in the order or as subsequently extended by the chief.

(B) Civil penalties assessed under this section shall not exceed one thousand dollars for each occurrence of noncompliance with an order. Each day of continuing noncompliance, up to a maximum of thirty days, may be deemed a separate occurrence for purposes of penalty assessments. In determining the amount of the assessment, the chief shall consider the seriousness of the
noncompliance, the effect of the noncompliance, and the operator's history of noncompliance.

(C) Upon issuance of a notice of noncompliance with an order, the chief shall inform the person to whom the notice of noncompliance is issued of the amount of any civil penalty to be assessed and provide an opportunity for an adjudicatory hearing with the reclamation commission pursuant to section 1514.09 of the Revised Code. The person charged with the penalty shall have thirty days from receipt of the assessment to pay the penalty in full or, if the person wishes to contest the amount of the penalty, file a petition for review of the assessment with the commission pursuant to section 1514.09 of the Revised Code and forward the amount of the penalty to the secretary of the commission as required by this division. Failure to forward the money to the secretary within thirty days after the chief informs the person of the amount of the penalty shall result in a waiver of all legal rights to contest the amount of the penalty.

If, after a hearing, the commission affirms or modifies the amount of the penalty, the person charged with the penalty shall have thirty days after receipt of the written decision to file an appeal from the commission's order in accordance with section 1514.09 of the Revised Code.

At the time that the petition for review of the assessment is filed with the secretary, the person shall forward the amount of the penalty to the secretary for placement in the reclamation penalty fund created in division (F)(3) of section 1513.02 of the Revised Code. Pursuant to administrative or judicial review of the penalty, the secretary shall do either of the following:

(1) If it is determined that the amount of the penalty should be reduced, within thirty days, remit the appropriate amount of the penalty to the person, with interest, and forward any balance of the penalty, with interest, to the chief for deposit in the
surface mining regulation and safety fund created in section 1514.06 1513.30 of the Revised Code for reclamation of abandoned surface or in-stream mining operations in the state;

(2) If the penalty was not reduced, forward the entire penalty, with interest, to the chief for deposit in the surface mining regulation and safety fund for reclamation of abandoned surface or in-stream mining operations in the state.

(D) Civil penalties owed under this section may be recovered in a civil action brought by the attorney general upon the request of the chief.

Sec. 1514.11. In addition to the purposes otherwise authorized in section 1514.06 of the Revised Code by law, the chief of the division of mineral resources management may use moneys money in the surface mining regulation and safety fund created under that section 1513.30 of the Revised Code for the administration and enforcement of this chapter, for the reclamation of land affected by surface or in-stream mining under a permit issued under this chapter that the operator failed to reclaim and for which the performance bond filed by the operator is insufficient to complete the reclamation, and for the reclamation of land affected by surface or in-stream mining that was abandoned and left unreclaimed and for which no permit was issued or bond filed under this chapter. Also, the chief may use the portion of the surface mining regulation and safety fund that consists of moneys money collected from the severance taxes levied under section 5749.02 of the Revised Code for mine safety and first aid training. For purposes of reclamation under this section, the chief shall expend moneys money in the fund in accordance with the procedures and requirements established in section 1514.06 of the Revised Code and may enter into contracts and perform work in accordance with that section.
Fees collected under sections 1514.02 and 1514.03 of the Revised Code, one-half of the moneys and money collected from the severance taxes levied under divisions (A)(3) and (4) of section 5749.02 of the Revised Code, and all of the moneys collected from the severance tax levied under division (A)(7) of section 5749.02 of the Revised Code shall be credited to the fund in accordance with those sections. Notwithstanding any section of the Revised Code relating to the distribution or crediting of fines for violations of the Revised Code, all fines imposed under section 1514.99 of the Revised Code shall be credited to the fund.

Sec. 1514.46. If the operator of a surface mining operation requests the division of mineral resources management to conduct mine safety training, the chief of the division of mineral resources management shall conduct mine safety training for the employees of that operator. For persons who are not employed by a holder of a surface mining permit issued under this chapter and who seek the training, the chief may charge a fee in an amount established in rules for conducting it. The safety training shall be conducted in accordance with rules and shall emphasize the standards adopted in rules and include any other content that the chief determines is beneficial. Any fees collected under this section shall be deposited in the state treasury to the credit of the surface mining regulation and safety fund created in section 1514.06 1513.30 of the Revised Code.

Sec. 1521.06. (A) No dam may be constructed for the purpose of storing, conserving, or retarding water, or for any other purpose, nor shall any levee be constructed for the purpose of diverting or retaining flood water, unless the person or governmental agency desiring the construction has a construction permit for the dam or levee issued by the chief of the division of water resources.
A construction permit is not required under this section for:

(1) A dam that is or will be less than ten feet in height and that has or will have a storage capacity of not more than fifty acre-feet at the elevation of the top of the dam, as determined by the chief. For the purposes of this section, the height of a dam shall be measured from the natural stream bed or lowest ground elevation at the downstream or outside limit of the dam to the elevation of the top of the dam.

(2) A dam, regardless of height, that has or will have a storage capacity of not more than fifteen acre-feet at the elevation of the top of the dam, as determined by the chief;

(3) A dam, regardless of storage capacity, that is or will be six feet or less in height, as determined by the chief;

(4) A dam or levee that belongs to a class exempted by the chief;

(5) The repair, maintenance, improvement, alteration, or removal of a dam or levee that is subject to section 1521.062 of the Revised Code, unless the construction constitutes an enlargement or reconstruction of the structure as determined by the chief;

(6) A dam or impoundment constructed under Chapter 1513. of the Revised Code.

(B) Before a construction permit may be issued, three copies of the plans and specifications, including a detailed cost estimate, for the proposed construction, prepared by a registered professional engineer, together with the any filing fee specified by rules adopted by the chief in accordance with division (I) of this section and the bond or other security required by section 1521.061 of the Revised Code, shall be filed with the chief. The detailed estimate of the cost shall include all costs associated with the construction of the dam or levee, including supervision.
and inspection of the construction by a registered professional
engineer. The filing fee shall be based on the detailed cost
estimate for the proposed construction as filed with and approved
by the chief, and shall be determined by the following schedule
unless otherwise provided by rules adopted under this section:

(1) For the first one hundred thousand dollars of estimated
cost, a fee of four per cent;

(2) For the next four hundred thousand dollars of estimated
cost, a fee of three per cent;

(3) For the next five hundred thousand dollars of estimated
cost, a fee of two per cent;

(4) For all costs in excess of one million dollars, a fee of
one half of one per cent.

In no case shall the filing fee be less than one thousand
dollars or more than one hundred thousand dollars. If the actual
cost exceeds the estimated cost by more than fifteen per cent, an
additional filing fee shall be required equal to the fee
determined by the preceding schedule less the original filing fee.

All fees collected pursuant to this section, and all fines
collected pursuant to section 1521.99 of the Revised Code, shall
be deposited in the state treasury to the credit of the dam safety
fund, which is hereby created. Expenditures from the fund shall be
made by the chief for the purpose of administering this section
and sections 1521.061 and 1521.062 of the Revised Code.

(C) The chief shall, within thirty days from the date of the
receipt of the application, fee, and bond or other security, issue
or deny a construction permit for the construction or may issue a
construction permit conditioned upon the making of such changes in
the plans and specifications for the construction as the chief
considers advisable if the chief determines that the construction
of the proposed dam or levee, in accordance with the plans and
specifications filed, would endanger life, health, or property.

(D) The chief may deny a construction permit after finding that a dam or levee built in accordance with the plans and specifications would endanger life, health, or property, because of improper or inadequate design, or for such other reasons as the chief may determine.

In the event the chief denies a permit for the construction of the dam or levee, or issues a permit conditioned upon a making of changes in the plans or specifications for the construction, the chief shall state the reasons therefor and so notify, in writing, the person or governmental agency making the application for a permit. If the permit is denied, the chief shall return the bond or other security to the person or governmental agency making application for the permit.

The decision of the chief conditioning or denying a construction permit is subject to appeal as provided in Chapter 119. of the Revised Code. A dam or levee built substantially at variance from the plans and specifications upon which a construction permit was issued is in violation of this section. The chief may at any time inspect any dam or levee, or site upon which any dam or levee is to be constructed, in order to determine whether it complies with this section.

(E) A registered professional engineer shall inspect the construction for which the permit was issued during all phases of construction and shall furnish to the chief such regular reports of the engineer's inspections as the chief may require. When the chief finds that construction has been fully completed in accordance with the terms of the permit and the plans and specifications approved by the chief, the chief shall approve the construction. When one year has elapsed after approval of the completed construction, and the chief finds that within this period no fact has become apparent to indicate that the
construction was not performed in accordance with the terms of the permit and the plans and specifications approved by the chief, or that the construction as performed would endanger life, health, or property, the chief shall release the bond or other security. No bond or other security shall be released until one year after final approval by the chief, unless the dam or levee has been modified so that it will not retain water and has been approved as nonhazardous after determination by the chief that the dam or levee as modified will not endanger life, health, or property.

(F) When inspections required by this section are not being performed, the chief shall notify the person or governmental agency to which the permit has been issued that inspections are not being performed by the registered professional engineer and that the chief will inspect the remainder of the construction. Thereafter, the chief shall inspect the construction and the cost of inspection shall be charged against the owner. Failure of the registered professional engineer to submit required inspection reports shall be deemed notice that the engineer's inspections are not being performed.

(G) The chief may order construction to cease on any dam or levee that is being built in violation of this section, and may prohibit the retention of water behind any dam or levee that has been built in violation of this section. The attorney general, upon written request of the chief, may bring an action for an injunction against any person who violates this section or to enforce an order or prohibition of the chief made pursuant to this section.

(H) The chief may adopt rules in accordance with Chapter 119. of the Revised Code, for the design and construction of dams and levees for which a construction permit is required by this section or for which periodic inspection is required by section 1521.062 of the Revised Code, for establishing a filing fee schedule in
lieu of the schedule established under division (B) of this section, for deposit and forfeiture of bonds and other securities required by section 1521.061 of the Revised Code, for the periodic inspection, operation, repair, improvement, alteration, or removal of all dams and levees, as specified in section 1521.062 of the Revised Code, and for establishing classes of dams or levees that are exempt from the requirements of this section and section 1521.062 of the Revised Code as being of a size, purpose, or situation that does not present a substantial hazard to life, health, or property. The chief may, by rule, limit the period during which a construction permit issued under this section is valid. The rules may allow for the extension of the period during which a permit is valid upon written request, provided that the written request includes a revised construction cost estimate, and may require the payment of an additional filing fee for the requested extension. If a construction permit expires without an extension before construction is completed, the person or agency shall apply for a new permit, and shall not continue construction until the new permit is issued.

(I) The chief shall adopt rules in accordance with Chapter 119. of the Revised Code establishing a filing fee schedule for purposes of division (B) of this section.

Sec. 1521.063. (A) Except for the federal government, the owner of a dam, that is classified as a class I, class II, or class III dam under rules adopted under section 1521.06 of the Revised Code and subject to section 1521.062 of the Revised Code shall pay an annual fee, based upon the height of the dam, the linear foot length of the dam, and the per-acre foot of volume of water impounded by the dam in accordance with the annual fee schedule established in rules adopted under division (B) of this section. The fee shall be paid to the division of water resources on or before the thirtieth day of June of each year.
fee shall be as follows until otherwise provided by rules adopted under this section:

(1) For any dam classified as a class I dam under rules adopted by the chief of the division of water resources under section 1521.06 of the Revised Code, three hundred dollars plus ten dollars per foot of height of dam, five cents per foot of length of the dam and five cents per acre foot of water impounded by the dam;

(2) For any dam classified as a class II dam under those rules, ninety dollars plus six dollars per foot of height of dam, five cents per foot of length of the dam and five cents per acre foot of water impounded by the dam;

(3) For any dam classified as a class III dam under those rules, ninety dollars plus four dollars per foot of height of the dam, five cents per foot of length of the dam, and five cents per acre foot of volume of water impounded by the dam.

For purposes of this section, the height of a dam is the vertical height, to the nearest foot, as determined by the division under section 1521.062 of the Revised Code.

All fees collected under this section shall be deposited in the dam safety fund created in section 1521.06 of the Revised Code. Any owner who fails to pay any annual fee required by this section within sixty days after the due date shall be assessed a penalty of ten per cent of the annual fee plus interest at the rate of one-half per cent per month from the due date until the date of payment.

There is hereby created the compliant dam discount program to be administered by the chief of the division of water resources. Under the program, the chief may reduce the amount of the annual fee that an owner of a dam is required to pay in accordance with rules adopted by the chief under division (A)(1), (2), or (3) (B)
of this section if the owner is in compliance with section 1521.062 of the Revised Code and has developed an emergency action plan pursuant to standards established in rules adopted under this section. The chief shall not discount an annual fee by more than twenty-five per cent of the total annual fee that is due. In addition, the chief shall not discount the annual fee that is due from the owner of a dam who has been assessed a penalty under this section.

(B) (1) The chief shall, in accordance with Chapter 119. of the Revised Code and subject to the prior approval of the director of natural resources, adopt, and may amend or rescind, rules for the collection of fees and the administration, implementation, and enforcement of this section and:

(2) The chief shall, in accordance with Chapter 119. of the Revised Code, adopt rules for the establishment of an annual fee schedule in lieu of the schedule established in division (A) for purposes of this section.

(3) The annual fee schedule must be based on the height of the dam, the linear foot length of the dam, and the per-acre foot of volume of water impounded by the dam. For purposes of this section, the height of a dam is the vertical height, to the nearest foot, as determined by the division under section 1521.062 of the Revised Code.

(C)(1) No person, political subdivision, or state governmental agency shall violate or fail to comply with this section or any rule or order adopted or issued under it.

(2) The attorney general, upon written request of the chief, may commence an action against any such violator. Any action under division (C)(2) of this section is a civil action.

(D) As used in this section, "political subdivision" includes townships, municipal corporations, counties, school districts,
municipal universities, park districts, sanitary districts, and conservancy districts and subdivisions thereof.

Each applicant for examination shall pay a fee of ten dollars to the chief on the first day of the examination. Any money collected under this section shall be paid into the state treasury to the credit of the mining regulation and safety fund created in section 1513.30 of the Revised Code.

Sec. 1561.26. (A) As used in this section:

(1) "EMT-basic," "EMT-I," and "paramedic" have the same meanings as in section 4765.01 of the Revised Code.

(2) "Mine medical responder" has the same meaning as in section 1565.15 of the Revised Code.

(B) The superintendent of rescue stations, with the approval of the chief of the division of mineral resources management, shall, at each rescue station provided for in section 1561.25 of the Revised Code, train and employ rescue crews of six members each, one of whom shall hold a mine foreperson or fire boss
certificate and be designated captain, and train and employ any number of such rescue crews as the superintendent believes necessary. One member of a rescue crew shall be certified as an EMT-basic, EMT-I, mine medical responder, or paramedic. Each member of a rescue crew shall devote the time specified by the chief each month for training purposes and shall be available at all times to assist in rescue work at explosions, mine fires, and other emergencies.

A captain of mine rescue crews shall receive for service as captain the sum of twenty-four dollars per month, and each member shall receive the sum of twenty dollars per month, all payable on requisition approved by the chief. When engaged in rescue work at explosions, mine fires, or other emergencies away from their station, the members of the rescue crews and captains of the same shall be paid the sum of six dollars per hour for work on the surface, which includes the time consumed by those members in traveling to and from the scene of the emergency when the scene is away from the station of the members, and the sum of seven dollars per hour for all work underground at the emergency, and in addition thereto, the necessary living expenses of the members when the emergency is away from their home station, all payable on requisition approved by the chief.

Each member of a mine rescue crew shall undergo an annual medical examination. The chief may designate to perform an examination any individual authorized by the Revised Code to do so, including a physician assistant, a clinical nurse specialist, a certified nurse practitioner, or a certified nurse-midwife. In designating the individual to perform a medical examination, the chief shall choose one near the station of the member of the rescue crews. The examiner shall report the examination results to the chief and if, in the opinion of the chief, the report indicates that the member is physically unfit for further
services, the chief shall relieve the member from further duty.
The fee charged by the examiner for the examination shall be paid
in the same manner as fees are paid to doctors employed by the
industrial commission for special medical examinations.

The chief may remove any member of a rescue crew for any
reason. Such crews shall be subject to the orders of the chief,
the superintendent, and the deputy mine inspectors when engaged in
actual mine rescue work. Mine rescue crews shall, in case of death
or injury when engaged in rescue work, wherever the same may
occur, be paid compensation, or their dependents shall be paid
death benefits, from the workers' compensation fund, in the same
manner as other employees of the state.

(C) In addition to the training of rescue crews, each
assistant superintendent of rescue stations, with the approval of
the superintendent, shall provide for and conduct safety, first
aid, and rescue classes at any mine or for any group of miners who
make application for the conducting of such classes. The chief may
assess a fee for safety and first aid classes for the purpose of
covering the costs associated with providing those classes. The
chief shall establish a fee schedule for safety and first aid
classes by rule adopted in accordance with Chapter 119. of the
Revised Code. Fees collected under this section shall be deposited
in the surface mining regulation and safety fund created in
section 1514.06 1513.30 of the Revised Code.

The superintendent shall prescribe and provide for a uniform
schedule of conducting such safety and rescue classes as will
provide a competent knowledge of modern safety and rescue methods
in, at, and about mines.

(D) No member of a mine rescue crew who performs mine rescue
at an underground coal mine and no operator of a mine whose
employee participates as a member of such a mine rescue crew is
liable in any civil action that arises under the laws of this
state for damage or injury caused in the performance of rescue 20772
work at an underground coal mine. However, a member of such a mine 20773
rescue crew may be liable if the member acted with malicious 20774
purpose, in bad faith, or in a wanton or reckless manner. 20775

This division does not eliminate, limit, or reduce any 20776
immunity from civil liability that is conferred on a member of 20777
such a mine rescue crew or an operator by any other provision of 20778
the Revised Code or by case law. 20779

**Sec. 1561.45.** Fines collected by reason of prosecutions under 20780
this chapter and Chapters 1563., 1565., and 1567. of the Revised 20781
Code shall be paid to the chief of the division of mineral 20782
resources management, and by the chief paid into the state 20783

created in section 1561.48 1513.30 of the Revised Code. 20790

**Sec. 1561.48.** All money collected under sections 20791

1561.22, 1561.45, and 1561.46 of the Revised Code shall be paid 20793
into the state treasury to the credit of the mining regulation and 20794
safety fund, which is hereby created by section 1513.30 of the 20795
Revised Code. The department of natural resources shall use the 20796
money in the fund to pay the operating expenses of the 20797
division of mineral resources management. 20798

**Sec. 1721.01.** A company or association incorporated for 20799
cemetery purposes may appropriate or otherwise acquire, and may 20800
hold, not more than six hundred forty acres of land at any one location, which shall be exempt from execution, and from being appropriated for any public purpose, except as otherwise provided in this section, and from taxation, if held exclusively for cemetery or burial purposes, and with no view to profit. A company or association of that nature may own land at multiple locations, and as many as six hundred forty acres owned at each location in accordance with this section are entitled to the exemptions specified in this section.

Lands of cemetery associations not containing graves or not containing graves that are in use as such on the date a written notice, as provided in this section, is served upon the officers of a cemetery, shall be subject to appropriation for highway or street purposes if an appropriation commences within four years of the serving of the notice. For such purposes said lands shall be subject to the exercise of the right of eminent domain by the municipal corporation in which such lands are located, by the board of county commissioners of the county in which such lands are located, or by the director of transportation under the same conditions and in the same manner as any private property; and, if any burial occurs within the area specifically designated in the written notice, the appropriating agency shall have the same powers with respect to such burial as are given to a board of township trustees by section 517.21 of the Revised Code and shall pay any costs resulting from the exercise of these powers. This section shall not be construed as authorizing an appropriating agency to exercise the powers specified by section 517.21 of the Revised Code in any part of a cemetery other than the area specifically designated in the written notice.

The appropriating agency shall serve upon the officers or agents having control of a cemetery a written notice that a specifically designated area of the cemetery may be needed for
highway purposes. No such notice may be served more than once.

Such appropriation proceedings shall be made in the manner provided for in sections 163.01 to 163.22 of the Revised Code or, if by the director of transportation, as otherwise provided by law.

The board of trustees of such company or association, whenever in its opinion any portion of such lands is unsuitable for burial purposes, may sell and convey by deed in fee simple, in such manner, and upon such terms, as are provided by resolution of such board, any such portion of said lands, and apply the proceeds thereof to the general purposes of the company or association; but on such sale being made, the lands so sold shall be returned by the board to the auditor of the proper county and placed by that auditor upon the grand tax list and duplicate of real and public utility property for taxation.

Such company or association may also take, set aside, or hold any personal property received by it from any source for cemetery purposes; and if such company or association is incorporated not for profit, all personal property, including the income therefrom, owned or held by it, or for its use, for cemetery purposes and with no view to profit, shall be exempt from execution, from being appropriated for any public purpose, and from taxation, and no tax shall be assessed upon any personal property or the income therefrom expressly exempted under this section.

This chapter does not authorize the exemption of real property used for a funeral home or any other activity not permitted to be conducted by a cemetery association exempt from taxation under section 501(c)(13) of the "Internal Revenue Code of 1954," 26 U.S.C.A. 501, or any successor provision.

All exemptions from taxation provided for in this section shall be in addition to such other exemptions from taxation as a
company or association incorporated for cemetery purposes, or its real or personal property, has under any other provisions of the Revised Code.

**Sec. 1721.10.** Except as otherwise provided in this section, lands appropriated and set apart as burial grounds, either for public or for private use, and recorded or filed as such in the office of the county recorder of the county where they are situated, and any burial ground that has been used as such for fifteen years are exempt from sale on execution on a judgment, taxation, dower, and compulsory partition; but land appropriated and set apart as a private burial ground is not so exempt if it exceeds in value the sum of fifty dollars.

The lien for taxes against such burial grounds may be enforced in the same manner prescribed for abandoned lands under sections 323.65 to 323.79 of the Revised Code except that the burial ground may be transferred only to a municipal corporation, county, or township under division (D) of section 323.74 of the Revised Code. No burial ground that is otherwise exempt from sale or execution under this section shall be offered for sale at public auction.

**Sec. 1923.02.** (A) Proceedings under this chapter may be had as follows:

1. Against tenants or manufactured home park residents holding over their terms;

2. Against tenants or manufactured home park residents in possession under an oral tenancy, who are in default in the payment of rent as provided in division (B) of this section;

3. In sales of real estate, on executions, orders, or other judicial process, when the judgment debtor was in possession at the time of the rendition of the judgment or decree, by virtue of
which the sale was made;

(4) In sales by executors, administrators, or guardians, and on partition, when any of the parties to the complaint were in possession at the commencement of the action, after the sales, so made on execution or otherwise, have been examined by the proper court and adjudged legal;

(5) When the defendant is an occupier of lands or tenements, without color of title, and the complainant has the right of possession to them;

(6) In any other case of the unlawful and forcible detention of lands or tenements. For purposes of this division, in addition to any other type of unlawful and forcible detention of lands or tenements, such a detention may be determined to exist when both of the following apply:

(a) A tenant fails to vacate residential premises within three days after both of the following occur:

(i) The tenant's landlord has actual knowledge of or has reasonable cause to believe that the tenant, any person in the tenant's household, or any person on the premises with the consent of the tenant previously has or presently is engaged in a violation of Chapter 2925. or 3719. of the Revised Code, or of a municipal ordinance that is substantially similar to any section in either of those chapters, which involves a controlled substance and which occurred in, is occurring in, or otherwise was or is connected with the premises, whether or not the tenant or other person has been charged with, has pleaded guilty to or been convicted of, or has been determined to be a delinquent child for an act that, if committed by an adult, would be a violation as described in this division. For purposes of this division, a landlord has "actual knowledge of or has reasonable cause to believe" that a tenant, any person in the tenant's household, or
any person on the premises with the consent of the tenant previously has or presently is engaged in a violation as described in this division if a search warrant was issued pursuant to Criminal Rule 41 or Chapter 2933. of the Revised Code; the affidavit presented to obtain the warrant named or described the tenant or person as the individual to be searched and particularly described the tenant's premises as the place to be searched, named or described one or more controlled substances to be searched for and seized, stated substantially the offense under Chapter 2925. or 3719. of the Revised Code or the substantially similar municipal ordinance that occurred in, is occurring in, or otherwise was or is connected with the tenant's premises, and states the factual basis for the affiant's belief that the controlled substances are located on the tenant's premises; the warrant was properly executed by a law enforcement officer and any controlled substance described in the affidavit was found by that officer during the search and seizure; and, subsequent to the search and seizure, the landlord was informed by that or another law enforcement officer of the fact that the tenant or person has or presently is engaged in a violation as described in this division and it occurred in, is occurring in, or otherwise was or is connected with the tenant's premises.

(ii) The landlord gives the tenant the notice required by division (C) of section 5321.17 of the Revised Code.

(b) The court determines, by a preponderance of the evidence, that the tenant, any person in the tenant's household, or any person on the premises with the consent of the tenant previously has or presently is engaged in a violation as described in division (A)(6)(a)(i) of this section.

(7) In cases arising out of Chapter 5313. of the Revised Code. In those cases, the court has the authority to declare a forfeiture of the vendee's rights under a land installment contract.
contract and to grant any other claims arising out of the contract.

(8) Against tenants who have breached an obligation that is imposed by section 5321.05 of the Revised Code, other than the obligation specified in division (A)(9) of that section, and that materially affects health and safety. Prior to the commencement of an action under this division, notice shall be given to the tenant and compliance secured with section 5321.11 of the Revised Code.

(9) Against tenants who have breached an obligation imposed upon them by a written rental agreement;

(10) Against manufactured home park residents who have defaulted in the payment of rent or breached the terms of a rental agreement with a park operator. Nothing in this division precludes the commencement of an action under division (A)(12) of this section when the additional circumstances described in that division apply.

(11) Against manufactured home park residents who have committed two material violations of the rules of the manufactured home park, of the manufactured homes commission division of industrial compliance of the department of commerce, or of applicable state and local health and safety codes and who have been notified of the violations in compliance with section 4781.45 of the Revised Code;

(12) Against a manufactured home park resident, or the estate of a manufactured home park resident, who as a result of death or otherwise has been absent from the manufactured home park for a period of thirty consecutive days prior to the commencement of an action under this division and whose manufactured home or mobile home, or recreational vehicle that is parked in the manufactured home park, has been left unoccupied for that thirty-day period, without notice to the park operator and without payment of rent.
due under the rental agreement with the park operator;

(13) Against occupants of self-service storage facilities, as defined in division (A) of section 5322.01 of the Revised Code, who have breached the terms of a rental agreement or violated section 5322.04 of the Revised Code;

(14) Against any resident or occupant who, pursuant to a rental agreement, resides in or occupies residential premises located within one thousand feet of any school premises or preschool or child day-care center premises and to whom both of the following apply:

(a) The resident's or occupant's name appears on the state registry of sex offenders and child-victim offenders maintained under section 2950.13 of the Revised Code.

(b) The state registry of sex offenders and child-victim offenders indicates that the resident or occupant was convicted of or pleaded guilty to a sexually oriented offense or a child-victim oriented offense in a criminal prosecution and was not sentenced to a serious youthful offender dispositional sentence for that offense.

(15) Against any tenant who permits any person to occupy residential premises located within one thousand feet of any school premises or preschool or child day-care center premises if both of the following apply to the person:

(a) The person's name appears on the state registry of sex offenders and child-victim offenders maintained under section 2950.13 of the Revised Code.

(b) The state registry of sex offenders and child-victim offenders indicates that the person was convicted of or pleaded guilty to a sexually oriented offense or a child-victim oriented offense in a criminal prosecution and was not sentenced to a serious youthful offender dispositional sentence for that offense.
(B) If a tenant or manufactured home park resident holding
under an oral tenancy is in default in the payment of rent, the
tenant or resident forfeits the right of occupancy, and the
landlord may, at the landlord's option, terminate the tenancy by
notifying the tenant or resident, as provided in section 1923.04
of the Revised Code, to leave the premises, for the restitution of
which an action may then be brought under this chapter.

(C)(1) If a tenant or any other person with the tenant's
permission resides in or occupies residential premises that are
located within one thousand feet of any school premises and is a
resident or occupant of the type described in division (A)(14) of
this section or a person of the type described in division (A)(15)
of this section, the landlord for those residential premises, upon
discovery that the tenant or other person is a resident, occupant,
or person of that nature, may terminate the rental agreement or
tenancy for those residential premises by notifying the tenant and
all other occupants, as provided in section 1923.04 of the Revised
Code, to leave the premises.

(2) If a landlord is authorized to terminate a rental
agreement or tenancy pursuant to division (C)(1) of this section
but does not so terminate the rental agreement or tenancy, the
landlord is not liable in a tort or other civil action in damages
for any injury, death, or loss to person or property that
allegedly result from that decision.

(D) This chapter does not apply to a student tenant as
defined by division (H) of section 5321.01 of the Revised Code
when the college or university proceeds to terminate a rental
agreement pursuant to section 5321.031 of the Revised Code.

(2) Within ten business days after the termination of the mediation or the notification to the court that the case was not referred to mediation under division (E)(1) of this section, the public office or person responsible for public records shall file a response, and if applicable, a motion to dismiss the complaint, with the clerk of the court of claims and transmit copies of the pleadings to the allegedly aggrieved party. No further motions or pleadings shall be accepted by the clerk of the court of claims or by the special master assigned by the clerk under division (D)(2) of this section unless the special master directs in writing that a further motion or pleading be filed.

(3) All of the following apply prior to the submission of the special master's report and recommendation to the court of claims under division (F)(1) of this section:

For good cause shown, the special master may extend the seven-day period for the submission of the report and recommendation to the court of claims under this division by an additional seven business days.

(2) Upon submission of the special master's report and recommendation to the court of claims under division (F)(1) of this section, the clerk shall send copies of the report and recommendation to each party by certified mail, return receipt requested, not later than three business days after the report and recommendation is filed. Either party may object to the report and recommendation within seven business days after receiving the report and recommendation by filing a written objection with the clerk and sending a copy to the other party by certified mail, return receipt requested. Any objection to the report and recommendation shall be specific and state with particularity all grounds for the objection. If either party timely objects, the other party may file with the clerk a response within seven business days after receiving the objection and send a copy of the response to the objecting party by certified mail, return receipt requested. If the court of claims materially modifies the special master's report and recommendation, either party may take an appeal to the court of appeals of the appellate district of the principal place of business where that public office is located but the appeal shall
be limited to the issue in the report and recommendation that is materially modified by the court of claims. In order to facilitate the expeditious resolution of disputes over alleged denials of access to public records in violation of division (B) of section 149.43 of the Revised Code, the appeal shall be given such precedence over other pending matters as will ensure that the court will reach a decision promptly.

No discovery may be conducted on the issue of the public office or person responsible for the public records filing the appeal with the alleged intent to either delay compliance with the court of claims' order for no reasonable cause or unduly harass the aggrieved person. rape or sexual battery.

    (B) An agreement does not bar an action under this section.

    (C) If an action under this section is brought before the
birth of the child and if the action is contested, all
proceedings, except service of process and the taking of
depositions to perpetuate testimony, may be stayed until after the

determination pursuant to sections 3111.01 to 3111.18 of the
Revised Code, of the existence or nonexistence of a parent and
child relationship between the father and the child. If the
recipient fails to cooperate, the agency may commence an action to

Sec. 3113.06. No father, or mother when she is charged with
the maintenance, of a child under eighteen years of age, or a
mentally or physically handicapped child under age twenty-one, who
is legally a ward of a public children services agency or is the
recipient of aid pursuant to Chapter 5107. of the Revised
Code, shall neglect or refuse to pay such agency the reasonable
cost of maintaining such child when such father or mother is able
do so by reason of property, labor, or earnings.

An offense under this section shall be held committed in the
county in which the agency is located. The agency shall file
charges against any parent who violates this section, unless the
agency files charges under section 2919.21 of the Revised Code, or
unless charges of nonsupport are filed by a relative or guardian
of the child, or unless an action to enforce support is brought
under Chapter 3115. of the Revised Code.

Sec. 3113.07. As used in this section, "executive director"
has the same meaning as in section 5153.01 of the Revised Code.

Sentence may be suspended, if a person, after conviction
under section 3113.06 of the Revised Code and before sentence
thereunder, appears before the court of common pleas in which such
conviction took place and enters into bond to the state in a sum
fixed by the court at not less than five hundred dollars, with
sureties approved by such court, conditioned that such person will
pay, so long as the child remains a ward of the public children
services agency or a recipient of aid pursuant to Chapter 5107. of the Revised Code, to the executive director thereof or to
a trustee to be named by the court, for the benefit of such agency
or if the child is a recipient of aid pursuant to Chapter 5107. of the Revised Code, to the county department of job and
family services, the reasonable cost of keeping such child. The
amount of such costs and the time of payment shall be fixed by the
The court, in accordance with sections 3119.29 to 3119.56 of the Revised Code, shall include in each support order made under this section the requirement that one or both of the parents provide for the health care needs of the child to the satisfaction of the court.

Sec. 3119.05. When a court computes the amount of child support required to be paid under a court child support order or a child support enforcement agency computes the amount of child support to be paid pursuant to an administrative child support order, all of the following apply:

(A) The parents' current and past income and personal earnings shall be verified by electronic means or with suitable documents, including, but not limited to, paystubs, employer statements, receipts and expense vouchers related to self-generated income, tax returns, and all supporting documentation and schedules for the tax returns.

(B) The amount of any pre-existing child support obligation of a parent under a child support order and the amount of any court-ordered spousal support actually paid shall be deducted from the gross income of that parent to the extent that payment under the child support order or that payment of the court-ordered spousal support is verified by supporting documentation.

(C) If other minor children who were born to the parent and a person other than the other parent who is involved in the immediate child support determination live with the parent, the court or agency shall deduct an amount from that parent's gross income that equals the number of such minor children times the federal income tax exemption for such children less child support received for them for the year, not exceeding the federal income tax exemption.
(D) When the court or agency calculates the gross income of a parent, it shall include the lesser of the following as income from overtime and bonuses:

1. The yearly average of all overtime, commissions, and bonuses received during the three years immediately prior to the time when the person's child support obligation is being computed;

2. The total overtime, commissions, and bonuses received during the year immediately prior to the time when the person's child support obligation is being computed.

(E) When the court or agency calculates the gross income of a parent, it shall not include any income earned by the spouse of that parent.

(F) The court shall issue a separate order for extraordinary medical or dental expenses, including, but not limited to, orthodontia, psychological, appropriate private education, and other expenses, and may consider the expenses in adjusting a child support order.

(G) When a court or agency calculates the amount of child support to be paid pursuant to a court child support order or an administrative child support order, if the combined gross income of both parents is an amount that is between two amounts set forth in the first column of the schedule, the court or agency may use the basic child support obligation that corresponds to the higher of the two amounts in the first column of the schedule, use the basic child support obligation that corresponds to the lower of the two amounts in the first column of the schedule, or calculate a basic child support obligation that is between those two amounts and corresponds proportionally to the parents' actual combined gross income.

(H) When the court or agency calculates gross income, the court or agency, when appropriate, may average income over a
reasonable period of years.

(I) Unless it would be unjust or inappropriate and therefore not in the best interests of the child, a court or agency shall not determine a parent to be voluntarily unemployed or underemployed and shall not impute income to that parent if either of the following conditions exist:

(1) The parent is receiving recurring monetary income from means-tested public assistance benefits, including cash assistance payments under the Ohio works first program established under Chapter 5107. of the Revised Code, financial assistance under the disability financial assistance program established under Chapter 5115. of the Revised Code, supplemental security income, or means-tested veterans' benefits;

(2) The parent is incarcerated or institutionalized for a period of twelve months or more with no other available assets, unless the parent is incarcerated for an offense relating to the abuse or neglect of a child who is the subject of the support order or an offense under Title XXIX of the Revised Code when the obligee or a child who is the subject of the support order is a victim of the offense.

(J) When a court or agency requires a parent to pay an amount for that parent's failure to support a child for a period of time prior to the date the court modifies or issues a court child support order or an agency modifies or issues an administrative child support order for the current support of the child, the court or agency shall calculate that amount using the basic child support schedule, worksheets, and child support laws in effect, and the incomes of the parents as they existed, for that prior period of time.

(K) A court or agency may disregard a parent's additional income from overtime or additional employment when the court or
agency finds that the additional income was generated primarily to support a new or additional family member or members, or under other appropriate circumstances.

(L) If both parents involved in the immediate child support determination have a prior order for support relative to a minor child or children born to both parents, the court or agency shall collect information about the existing order or orders and consider those together with the current calculation for support to ensure that the total of all orders for all children of the parties does not exceed the amount that would have been ordered if all children were addressed in a single judicial or administrative proceeding.

Sec. 3121.03. If a court or child support enforcement agency that issued or modified a support order, or the agency administering the support order, is required by the Revised Code to issue one or more withholding or deduction notices described in this section or other orders described in this section, the court or agency shall issue one or more of the following types of notices or orders, as appropriate, for payment of the support and also, if required by the Revised Code or the court, to pay any arrearages:

(A)(1) If the court or the child support enforcement agency determines that the obligor is receiving income from a payor, the court or agency shall require the payor to do all of the following:

(a) Withhold from the obligor's income a specified amount for support in satisfaction of the support order and begin the withholding no later than fourteen business days following the date the notice is mailed or transmitted to the payor under section 3121.035, 3123.021, or 3123.06 of the Revised Code and division (A)(2) of this section or, if the payor is an employer,
no later than the first pay period that occurs after fourteen business days following the date the notice is mailed or transmitted;

(b) Send the amount withheld to the office of child support in the department of job and family services pursuant to section 3121.43 of the Revised Code immediately but not later than seven business days after the date the obligor is paid;

(c) Continue the withholding at intervals specified in the notice until further notice from the court or child support enforcement agency.

To the extent possible, the amount specified to be withheld shall satisfy the amount ordered for support in the support order plus any arrearages owed by the obligor under any prior support order that pertained to the same child or spouse, notwithstanding any applicable limitations of sections 2329.66, 2329.70, 2716.02, 2716.041, and 2716.05 of the Revised Code. However, in no case shall the sum of the amount to be withheld and any fee withheld by the payor as a charge for its services exceed the maximum amount permitted under section 303(b) of the "Consumer Credit Protection Act," 15 U.S.C. 1673(b).

(2) A court or agency that imposes an income withholding requirement shall, within the applicable time specified in section 3119.80, 3119.81, 3121.035, 3123.021, or 3123.06 of the Revised Code, send to the obligor's payor by regular mail or via secure federally managed data transmission interface a notice that contains all of the information applicable to withholding notices set forth in section 3121.037 of the Revised Code. The notice is final and is enforceable by the court.

(B)(1) If the court or child support enforcement agency determines that the obligor has funds that are not exempt under the laws of this state or the United States from execution,
attachment, or other legal process and are on deposit in an 23404
account in a financial institution under the jurisdiction of the 23405
court that issued the court support order, or in the case of an 23406
administrative child support order, under the jurisdiction of the 23407
common pleas court of the county in which the agency that issued 23408
or is administering the order is located, the court or agency may 23409
require any financial institution in which the obligor's funds are 23410
on deposit to do all of the following:

(a) Deduct from the obligor's account a specified amount for 23412
support in satisfaction of the support order and begin the 23413
deduction no later than fourteen business days following the date 23414
the notice was mailed or transmitted to the financial institution 23415
under section 3121.035 or 3123.06 of the Revised Code and division 23416
(B)(2) of this section;

(b) Send the amount deducted to the office of child support 23418
in the department of job and family services pursuant to section 23419
3121.43 of the Revised Code immediately but not later than seven 23420
business days after the date the latest deduction was made;

(c) Provide the date on which the amount was deducted;

(d) Continue the deduction at intervals specified in the 23423
notice until further notice from the court or child support 23424
enforcement agency.

To the extent possible, the amount to be deducted shall 23426
satisfy the amount ordered for support in the support order plus 23427
any arrearages that may be owed by the obligor under any prior 23428
support order that pertained to the same child or spouse, 23429
notwithstanding the limitations of sections 2329.66, 2329.70, and 23430
2716.13 of the Revised Code.

(2) A court or agency that imposes a deduction requirement 23432
shall, within the applicable period of time specified in section 23433
3119.80, 3119.81, 3121.035, or 3123.06 of the Revised Code, send 23434
to the financial institution by regular mail or via secure  
federally managed data transmission interface a notice that  
contains all of the information applicable to deduction notices  
set forth in section 3121.037 of the Revised Code. The notice is  
final and is enforceable by the court.

(C) With respect to any court support order it issues, a  
court may issue an order requiring the obligor to enter into a  
cash bond with the court. The court shall issue the order as part  
of the court support order or, if the court support order has  
previously been issued, as a separate order. The cash bond shall  
be in a sum fixed by the court at not less than five hundred nor  
more than ten thousand dollars, conditioned that the obligor will  
make payment as previously ordered and will pay any arrearages  
under any prior court support order that pertained to the same  
child or spouse.

The order, along with an additional order requiring the  
obligor to immediately notify the child support enforcement  
agency, in writing, if the obligor begins to receive income from a  
payor, shall be attached to and served on the obligor at the same  
time as service of the court support order or, if the court  
support order has previously been issued, as soon as possible  
after the issuance of the order under this section. The additional  
order requiring notice by the obligor shall state all of the  
following:

(1) That when the obligor begins to receive income from a  
payor the obligor may request that the court cancel its bond order  
and instead issue a notice requiring the withholding of an amount  
from income for support in accordance with this section;

(2) That when the obligor begins to receive income from a  
payor the court will proceed to collect on the bond if the court  
determines that payments due under the court support order have  
not been made and that the amount that has not been paid is at
least equal to the support owed for one month under the court
support order and will issue a notice requiring the withholding of
an amount from income for support in accordance with this section.
The notice required of the obligor shall include a description of
the nature of any new employment, the name and business address of
any new employer, and any other information reasonably required by
the court.

The court shall not order an obligor to post a cash bond
under this section unless the court determines that the obligor
has the ability to do so.

A child support enforcement agency may not issue a cash bond
order. If a child support enforcement agency is required to issue
a withholding or deduction notice under this section with respect
to a court support order but the agency determines that no
withholding or deduction notice would be appropriate, the agency
may request that the court issue a cash bond order under this
section, and upon the request, the court may issue the order.

(D)(1) If the obligor under a court support order is
unemployed, has no income, and does not have an account at any
financial institution, or on request of a child support
enforcement agency under division (D)(1) or (2) of this section,
the court shall issue an order requiring the obligor, if able to
engage in employment, to seek employment or participate in a work
activity to which a recipient of assistance under Title IV-A of
as amended, may be assigned as specified in section 407(d) of the
shall include in the order requirements that the obligor register
with the OhioMeansJobs web site and to notify the child support
enforcement agency on obtaining employment, obtaining any income,
or obtaining ownership of any asset with a value of five hundred
dollars or more. The court may issue the order regardless of
whether the obligee to whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." The court shall issue the order as part of a court support order or, if a court support order has previously been issued, as a separate order. If a child support enforcement agency is required to issue a withholding or deduction notice under this section with respect to a court support order but determines that no withholding or deduction notice would be appropriate, the agency may request that the court issue a court order under division (D)(1) of this section, and, on the request, the court may issue the order.

(2) If the obligor under an administrative child support order is unemployed, has no income, and does not have an account at any financial institution, the agency shall issue an administrative order requiring the obligor, if able to engage in employment, to seek employment or participate in a work activity to which a recipient of assistance under Title IV-A of the "Social Security Act," 49 Stat. 620 (1935), 42 U.S.C.A. 301, as amended, may be assigned as specified in section 407(d) of the "Social Security Act," 42 U.S.C.A. 607(d), as amended. The agency shall include in the order requirements that the obligor register with the OhioMeansJobs web site and to notify the agency on obtaining employment or income, or ownership of any asset with a value of five hundred dollars or more. The agency may issue the order regardless of whether the obligee to whom the obligor owes support is a recipient of assistance under Title IV-A of the "Social Security Act." If an obligor fails to comply with an administrative order issued pursuant to division (D)(2) of this section, the agency shall submit a request to a court for the court to issue an order under division (D)(1) of this section.

Sec. 3301.07. The state board of education shall exercise under the acts of the general assembly general supervision of the
system of public education in the state. In addition to the powers otherwise imposed on the state board under the provisions of law, the board shall have the powers described in this section.

(A) The state board shall exercise policy forming, planning, and evaluative functions for the public schools of the state except as otherwise provided by law.

(B)(1) The state board shall exercise leadership in the improvement of public education in this state, and administer the educational policies of this state relating to public schools, and relating to instruction and instructional material, building and equipment, transportation of pupils, administrative responsibilities of school officials and personnel, and finance and organization of school districts, educational service centers, and territory. Consultative and advisory services in such matters shall be provided by the board to school districts and educational service centers of this state.

(2) The state board also shall develop a standard of financial reporting which shall be used by each school district board of education and each governing board of an educational service center, each governing authority of a community school established under Chapter 3314., each governing body of a STEM school established under Chapter 3328., and each board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code to make its financial information and annual budgets for each school building under its control available to the public in a format understandable by the average citizen. The format shall show, both at the district and at the school building level, revenue by source; expenditures for salaries, wages, and benefits of employees, showing such amounts separately for classroom teachers, other employees required to hold licenses issued pursuant to sections 3319.22 to 3319.31 of the Revised Code, and all other employees; expenditures other than
for personnel, by category, including utilities, textbooks and other educational materials, equipment, permanent improvements, pupil transportation, extracurricular athletics, and other extracurricular activities; and per pupil expenditures. The format shall also include information on total revenue and expenditures, per pupil revenue, and expenditures for both classroom and nonclassroom purposes, as defined by the standards adopted under section 3302.20 of the Revised Code in the aggregate and for each subgroup of students, as defined by section 3317.40 of the Revised Code, that receives services provided for by state or federal funding.

(3) Each school district board, governing authority, governing body, or board of trustees, or its respective designee, shall annually report, to the department of education, all financial information required by the standards for financial reporting, as prescribed by division (B)(2) of this section and adopted by the state board. The department shall make all reports submitted pursuant to this division available in such a way that allows for comparison between financial information included in these reports and financial information included in reports produced prior to July 1, 2013. The department shall post these reports in a prominent location on its web site and shall notify each school when reports are made available.

(C) The state board shall administer and supervise the allocation and distribution of all state and federal funds for public school education under the provisions of law, and may prescribe such systems of accounting as are necessary and proper to this function. It may require county auditors and treasurers, boards of education, educational service center governing boards, treasurers of such boards, teachers, and other school officers and employees, or other public officers or employees, to file with it such reports as it may prescribe relating to such funds, or to the
management and condition of such funds.

(D)(1) Wherever in Titles IX, XXIII, XXIX, XXXIII, XXXVII, XLVII, and LI of the Revised Code a reference is made to standards prescribed under this section or division (D) of this section, that reference shall be construed to refer to the standards prescribed under division (D)(2) of this section, unless the context specifically indicates a different meaning or intent.

(2) The state board shall formulate and prescribe minimum standards to be applied to all elementary and secondary schools in this state for the purpose of providing children access to a general education of high quality according to the learning needs of each individual, including students with disabilities, economically disadvantaged students, limited English proficient students, and students identified as gifted. Such standards shall provide adequately for: the licensing of teachers, administrators, and other professional personnel and their assignment according to training and qualifications; efficient and effective instructional materials and equipment, including library facilities; the proper organization, administration, and supervision of each school, including regulations for preparing all necessary records and reports and the preparation of a statement of policies and objectives for each school; the provision of safe buildings, grounds, health and sanitary facilities and services; admission of pupils, and such requirements for their promotion from grade to grade as will assure that they are capable and prepared for the level of study to which they are certified; requirements for graduation; and such other factors as the board finds necessary.

The state board shall base any standards governing the promotion of students or requirements for graduation on the ability of students, at any grade level, to earn credits or advance upon demonstration of mastery of knowledge and skills through competency-based learning models. Credits of grade level
advancement shall not require a minimum number of days or hours in a classroom.

The state board shall base any standards governing the assignment of staff on ensuring each school has a sufficient number of teachers to ensure a student has an appropriate level of interaction to meet each student's personal learning goals.

In the formulation and administration of such standards for nonpublic schools the board shall also consider the particular needs, methods and objectives of those schools, provided they do not conflict with the provision of a general education of a high quality and provided that regular procedures shall be followed for promotion from grade to grade of pupils who have met the educational requirements prescribed.

(3) In addition to the minimum standards required by division (D)(2) of this section, the state board may formulate and prescribe the following additional minimum operating standards for school districts:

(a) Standards for the effective and efficient organization, administration, and supervision of each school district with a commitment to high expectations for every student based on the learning needs of each individual, including students with disabilities, economically disadvantaged students, limited English proficient students, and students identified as gifted, and commitment to closing the achievement gap without suppressing the achievement levels of higher achieving students so that all students achieve core knowledge and skills in accordance with the statewide academic standards adopted under section 3301.079 of the Revised Code;

(b) Standards for the establishment of business advisory councils under section 3313.82 of the Revised Code;

(c) Standards for school district buildings that may require
the effective and efficient organization, administration, and supervision of each school district building with a commitment to high expectations for every student based on the learning needs of each individual, including students with disabilities, economically disadvantaged students, limited English proficient students, and students identified as gifted, and commitment to closing the achievement gap without suppressing the achievement levels of higher achieving students so that all students achieve core knowledge and skills in accordance with the statewide academic standards adopted under section 3301.079 of the Revised Code.

(E) The state board may require as part of the health curriculum information developed under section 2108.34 of the Revised Code promoting the donation of anatomical gifts pursuant to Chapter 2108. of the Revised Code and may provide the information to high schools, educational service centers, and joint vocational school district boards of education;

(F) The state board shall prepare and submit annually to the governor and the general assembly a report on the status, needs, and major problems of the public schools of the state, with recommendations for necessary legislative action and a ten-year projection of the state's public and nonpublic school enrollment, by year and by grade level.

(G) The state board shall prepare and submit to the director of budget and management the biennial budgetary requests of the state board of education, for its agencies and for the public schools of the state.

(H) The state board shall cooperate with federal, state, and local agencies concerned with the health and welfare of children and youth of the state.

(I) The state board shall require such reports from school
districts and educational service centers, school officers, and employees as are necessary and desirable. The superintendents and treasurers of school districts and educational service centers shall certify as to the accuracy of all reports required by law or state board or state department of education rules to be submitted by the district or educational service center and which contain information necessary for calculation of state funding. Any superintendent who knowingly falsifies such report shall be subject to license revocation pursuant to section 3319.31 of the Revised Code.

(J) In accordance with Chapter 119. of the Revised Code, the state board shall adopt procedures, standards, and guidelines for the education of children with disabilities pursuant to Chapter 3323. of the Revised Code, including procedures, standards, and guidelines governing programs and services operated by county boards of developmental disabilities pursuant to section 3323.09 of the Revised Code.

(K) For the purpose of encouraging the development of special programs of education for academically gifted children, the state board shall employ competent persons to analyze and publish data, promote research, advise and counsel with boards of education, and encourage the training of teachers in the special instruction of gifted children. The board may provide financial assistance out of any funds appropriated for this purpose to boards of education and educational service center governing boards for developing and conducting programs of education for academically gifted children.

(L) The state board shall require that all public schools emphasize and encourage, within existing units of study, the teaching of energy and resource conservation as recommended to each district board of education by leading business persons involved in energy production and conservation, beginning in the primary grades.
(M) The state board shall formulate and prescribe minimum standards requiring the use of phonics as a technique in the teaching of reading in grades kindergarten through three. In addition, the state board shall provide in-service training programs for teachers on the use of phonics as a technique in the teaching of reading in grades kindergarten through three.

(N) The state board may adopt rules necessary for carrying out any function imposed on it by law, and may provide rules as are necessary for its government and the government of its employees, and may delegate to the superintendent of public instruction the management and administration of any function imposed on it by law. It may provide for the appointment of board members to serve on temporary committees established by the board for such purposes as are necessary. Permanent or standing committees shall not be created.

(O) Upon application from the board of education of a school district, the superintendent of public instruction may issue a waiver exempting the district from compliance with the standards adopted under divisions (B)(2) and (D) of this section, as they relate to the operation of a school operated by the district. The state board shall adopt standards for the approval or disapproval of waivers under this division. The state superintendent shall consider every application for a waiver, and shall determine whether to grant or deny a waiver in accordance with the state board's standards. For each waiver granted, the state superintendent shall specify the period of time during which the waiver is in effect, which shall not exceed five years. A district board may apply to renew a waiver.

Sec. 3301.0711. (A) The department of education shall:

(1) Annually furnish to, grade, and score all assessments required by divisions (A)(1) and (B)(1) of section 3301.0710 of
the Revised Code to be administered by city, local, exempted
village, and joint vocational school districts, except that each
district shall score any assessment administered pursuant to
division (B)(10) of this section. Each assessment so furnished
shall include the data verification code of the student to whom
the assessment will be administered, as assigned pursuant to
division (D)(2) of section 3301.0714 of the Revised Code. In
furnishing the practice versions of Ohio graduation tests
prescribed by division (D) of section 3301.0710 of the Revised
Code, the department shall make the tests available on its web
site for reproduction by districts. In awarding contracts for
grading assessments, the department shall give preference to
Ohio-based entities employing Ohio residents.

(2) Adopt rules for the ethical use of assessments and
prescribing the manner in which the assessments prescribed by
section 3301.0710 of the Revised Code shall be administered to
students.

(B) Except as provided in divisions (C) and (J) of this
section, the board of education of each city, local, and exempted
village school district shall, in accordance with rules adopted
under division (A) of this section:

(1) Administer the English language arts assessments
prescribed under division (A)(1)(a) of section 3301.0710 of the
Revised Code twice annually to all students in the third grade who
have not attained the score designated for that assessment under
division (A)(2)(c) of section 3301.0710 of the Revised Code.

(2) Administer the mathematics assessment prescribed under
division (A)(1)(a) of section 3301.0710 of the Revised Code at
least once annually to all students in the third grade.

(3) Administer the assessments prescribed under division
(A)(1)(b) of section 3301.0710 of the Revised Code at least once
annually to all students in the fourth grade.

(4) Administer the assessments prescribed under division (A)(1)(c) of section 3301.0710 of the Revised Code at least once annually to all students in the fifth grade.

(5) Administer the assessments prescribed under division (A)(1)(d) of section 3301.0710 of the Revised Code at least once annually to all students in the sixth grade.

(6) Administer the assessments prescribed under division (A)(1)(e) of section 3301.0710 of the Revised Code at least once annually to all students in the seventh grade.

(7) Administer the assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code at least once annually to all students in the eighth grade.

(8) Except as provided in division (B)(9) of this section, administer any assessment prescribed under division (B)(1) of section 3301.0710 of the Revised Code as follows:

(a) At least once annually to all tenth grade students and at least twice annually to all students in eleventh or twelfth grade who have not yet attained the score on that assessment designated under that division;

(b) To any person who has successfully completed the curriculum in any high school or the individualized education program developed for the person by any high school pursuant to section 3323.08 of the Revised Code but has not received a high school diploma and who requests to take such assessment, at any time such assessment is administered in the district.

(9) In lieu of the board of education of any city, local, or exempted village school district in which the student is also enrolled, the board of a joint vocational school district shall administer any assessment prescribed under division (B)(1) of
section 3301.0710 of the Revised Code at least twice annually to any student enrolled in the joint vocational school district who has not yet attained the score on that assessment designated under that division. A board of a joint vocational school district may also administer such an assessment to any student described in division (B)(8)(b) of this section.

(10) If the district has a three-year average graduation rate of not more than seventy-five per cent, administer each assessment prescribed by division (D) of section 3301.0710 of the Revised Code in September to all ninth grade students who entered ninth grade prior to July 1, 2014.

Except as provided in section 3313.614 of the Revised Code for administration of an assessment to a person who has fulfilled the curriculum requirement for a high school diploma but has not passed one or more of the required assessments, the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code shall not be administered after the date specified in the rules adopted by the state board of education under division (D)(1) of section 3301.0712 of the Revised Code.

(11) Administer the assessments prescribed by division (B)(2) of section 3301.0710 and section 3301.0712 of the Revised Code in accordance with the timeline and plan for implementation of those assessments prescribed by rule of the state board adopted under division (D)(1) of section 3301.0712 of the Revised Code.

(C)(1)(a) In the case of a student receiving special education services under Chapter 3323. of the Revised Code, the individualized education program developed for the student under that chapter shall specify the manner in which the student will participate in the assessments administered under this section. The individualized education program may excuse the student from taking any particular assessment required to be administered under this section if it instead specifies an alternate assessment.
method approved by the department of education as conforming to
requirements of federal law for receipt of federal funds for
disadvantaged pupils. To the extent possible, the individualized
education program shall not excuse the student from taking an
assessment unless no reasonable accommodation can be made to
enable the student to take the assessment.

(b) Any alternate assessment approved by the department for a
student under this division shall produce measurable results
comparable to those produced by the assessment it replaces in
order to allow for the student's results to be included in the
data compiled for a school district or building under section
3302.03 of the Revised Code.

(c) Any student enrolled in a chartered nonpublic school who
has been identified, based on an evaluation conducted in
accordance with section 3323.03 of the Revised Code or section 504
794, as amended, as a child with a disability shall be excused
from taking any particular assessment required to be administered
under this section if a plan developed for the student pursuant to
rules adopted by the state board excuses the student from taking
that assessment. In the case of any student so excused from taking
an assessment, the chartered nonpublic school shall not prohibit
the student from taking the assessment.

(2) A district board may, for medical reasons or other good
cause, excuse a student from taking an assessment administered
under this section on the date scheduled, but that assessment
shall be administered to the excused student not later than nine
days following the scheduled date. The district board shall
annually report the number of students who have not taken one or
more of the assessments required by this section to the state
board not later than the thirtieth day of June.

(3) As used in this division, "limited English proficient
"student" has the same meaning as in 20 U.S.C. 7801.

No school district board shall excuse any limited English proficient student from taking any particular assessment required to be administered under this section, except that any limited English proficient student who has been enrolled in United States schools for less than one full school year shall not be required to take any reading, writing, or English language arts assessment. However, no board shall prohibit a limited English proficient student who is not required to take an assessment under this division from taking the assessment. A board may permit any limited English proficient student to take an assessment required to be administered under this section with appropriate accommodations, as determined by the department. For each limited English proficient student, each school district shall annually assess that student's progress in learning English, in accordance with procedures approved by the department.

The governing authority of a chartered nonpublic school may excuse a limited English proficient student from taking any assessment administered under this section. However, no governing authority shall prohibit a limited English proficient student from taking the assessment.

(D)(1) In the school year next succeeding the school year in which the assessments prescribed by division (A)(1) or (B)(1) of section 3301.0710 of the Revised Code or former division (A)(1), (A)(2), or (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, are administered to any student, the board of education of any school district in which the student is enrolled in that year shall provide to the student intervention services commensurate with the student's performance, including any intensive intervention required under section 3313.608 of the Revised Code, in any skill in which the student failed to demonstrate at least a score at the proficient level on
the assessment.

(2) Following any administration of the assessments prescribed by division (D) of section 3301.0710 of the Revised Code to ninth grade students, each school district that has a three-year average graduation rate of not more than seventy-five per cent shall determine for each high school in the district whether the school shall be required to provide intervention services to any students who took the assessments. In determining which high schools shall provide intervention services based on the resources available, the district shall consider each school's graduation rate and scores on the practice assessments. The district also shall consider the scores received by ninth grade students on the English language arts and mathematics assessments prescribed under division (A)(1)(f) of section 3301.0710 of the Revised Code in the eighth grade in determining which high schools shall provide intervention services.

Each high school selected to provide intervention services under this division shall provide intervention services to any student whose results indicate that the student is failing to make satisfactory progress toward being able to attain scores at the proficient level on the Ohio graduation tests. Intervention services shall be provided in any skill in which a student demonstrates unsatisfactory progress and shall be commensurate with the student's performance. Schools shall provide the intervention services prior to the end of the school year, during the summer following the ninth grade, in the next succeeding school year, or at any combination of those times.

(E) Except as provided in section 3313.608 of the Revised Code and division (N) of this section, no school district board of education shall utilize any student's failure to attain a specified score on an assessment administered under this section as a factor in any decision to deny the student promotion to a
higher grade level. However, a district board may choose not to promote to the next grade level any student who does not take an assessment administered under this section or make up an assessment as provided by division (C)(2) of this section and who is not exempt from the requirement to take the assessment under division (C)(3) of this section.

(F) No person shall be charged a fee for taking any assessment administered under this section.

(G)(1) Each school district board shall designate one location for the collection of assessments administered in the spring under division (B)(1) of this section and those administered under divisions (B)(2) to (7) of this section. Each district board shall submit the assessments to the entity with which the department contracts for the scoring of the assessments as follows:

(a) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was less than two thousand five hundred, not later than the Friday after all of the assessments have been administered;

(b) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was two thousand five hundred or more, but less than seven thousand, not later than the Monday after all of the assessments have been administered;

(c) If the district's total enrollment in grades kindergarten through twelve during the first full school week of October was seven thousand or more, not later than the Tuesday after all of the assessments have been administered.

However, any assessment that a student takes during the make-up period described in division (C)(2) of this section shall be submitted not later than the Friday following the day the
student takes the assessment.

(2) The department or an entity with which the department contracts for the scoring of the assessment shall send to each school district board a list of the individual scores of all persons taking a state achievement assessment as follows:

(a) Except as provided in division (G)(2)(b) or (c) of this section, within forty-five days after the administration of the assessments prescribed by sections 3301.0710 and 3301.0712 of the Revised Code, but in no case shall the scores be returned later than the thirtieth day of June following the administration;

(b) In the case of the third-grade English language arts assessment, within forty-five days after the administration of that assessment, but in no case shall the scores be returned later than the fifteenth day of June following the administration;

(c) In the case of the writing component of an assessment or end-of-course examination in the area of English language arts, except for the third-grade English language arts assessment, the results may be sent after forty-five days of the administration of the writing component, but in no case shall the scores be returned later than the thirtieth day of June following the administration.

(3) For assessments administered under this section by a joint vocational school district, the department or entity shall also send to each city, local, or exempted village school district a list of the individual scores of any students of such city, local, or exempted village school district who are attending school in the joint vocational school district.

(H) Individual scores on any assessments administered under this section shall be released by a district board only in accordance with section 3319.321 of the Revised Code and the rules adopted under division (A) of this section. No district board or its employees shall utilize individual or aggregate results in any
manner that conflicts with rules for the ethical use of assessments adopted pursuant to division (A) of this section.

(I) Except as provided in division (G) of this section, the department or an entity with which the department contracts for the scoring of the assessment shall not release any individual scores on any assessment administered under this section. The state board shall adopt rules to ensure the protection of student confidentiality at all times. The rules may require the use of the data verification codes assigned to students pursuant to division (D)(2) of section 3301.0714 of the Revised Code to protect the confidentiality of student scores.

(J) Notwithstanding division (D) of section 3311.52 of the Revised Code, this section does not apply to the board of education of any cooperative education school district except as provided under rules adopted pursuant to this division.

(1) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to divisions (A) to (C) of section 3311.52 of the Revised Code may enter into an agreement with the board of education of the cooperative education school district for administering any assessment prescribed under this section to students of the city, exempted village, or local school district who are attending school in the cooperative education school district.

(2) In accordance with rules that the state board shall adopt, the board of education of any city, exempted village, or local school district with territory in a cooperative education school district established pursuant to section 3311.521 of the Revised Code shall enter into an agreement with the cooperative district that provides for the administration of any assessment prescribed under this section to both of the following:
(a) Students who are attending school in the cooperative
district and who, if the cooperative district were not
established, would be entitled to attend school in the city,
local, or exempted village school district pursuant to section
3313.64 or 3313.65 of the Revised Code;

(b) Persons described in division (B)(8)(b) of this section.

Any assessment of students pursuant to such an agreement
shall be in lieu of any assessment of such students or persons
pursuant to this section.

(K)(1) Except as otherwise provided in division (K)(1) or (2)
of this section, each chartered nonpublic school for which at
least sixty-five per cent of its total enrollment is made up of
students who are participating in state scholarship programs shall
administer the elementary assessments prescribed by section
3301.0710 of the Revised Code. In accordance with procedures and
deadlines prescribed by the department, the parent or guardian of
a student enrolled in the school who is not participating in a
state scholarship program may submit notice to the chief
administrative officer of the school that the parent or guardian
does not wish to have the student take the elementary assessments
prescribed for the student's grade level under division (A) of
section 3301.0710 of the Revised Code. If a parent or guardian
submits an opt-out notice, the school shall not administer the
assessments to that student. This option does not apply to any
assessment required for a high school diploma under section
3313.612 of the Revised Code.

(2) A chartered nonpublic school may submit to the
superintendent of public instruction a request for a waiver from
administering the elementary assessments prescribed by division
(A) of section 3301.0710 of the Revised Code. The state
superintendent shall approve or disapprove a request for a waiver
submitted under division (K)(1)(c) of this section. No waiver
shall be approved for any school year prior to the 2015-2016 school year.

To be eligible to submit a request for a waiver, a chartered nonpublic school shall meet the following conditions:

(a) At least ninety-five per cent of the students enrolled in the school are children with disabilities, as defined under section 3323.01 of the Revised Code, or have received a diagnosis by a school district or from a physician, including a neuropsychiatrist or psychiatrist, or a psychologist who is authorized to practice in this or another state as having a condition that impairs academic performance, such as dyslexia, dyscalculia, attention deficit hyperactivity disorder, or Asperger's syndrome.

(b) The school has solely served a student population described in division (K)(1)(a) of this section for at least ten years.

(c) The school provides to the department at least five years of records of internal testing conducted by the school that affords the department data required for accountability purposes, including diagnostic assessments and nationally standardized norm-referenced achievement assessments that measure reading and math skills.

(3) Any chartered nonpublic school that is not subject to division (K)(1) of this section may participate in the assessment program by administering any of the assessments prescribed by division (A) of section 3301.0710 of the Revised Code. The chief administrator of the school shall specify which assessments the school will administer. Such specification shall be made in writing to the superintendent of public instruction prior to the first day of August of any school year in which assessments are administered and shall include a pledge that the nonpublic school
will administer the specified assessments in the same manner as public schools are required to do under this section and rules adopted by the department.

(4) The department of education shall furnish the assessments prescribed by section 3301.0710 of the Revised Code to each chartered nonpublic school that is subject to division (K)(1) of this section or participates under division (K)(3) of this section.

(L) If a chartered nonpublic school is educating students in grades nine through twelve, the following shall apply:

(1) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states and who is attending the school under a state scholarship program, the student shall either take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code or take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(2) For a student who is enrolled in a chartered nonpublic school that is accredited through the independent schools association of the central states, and who is not attending the school under a state scholarship program, the student shall not be required to take any assessment prescribed under section 3301.0712 or 3313.619 of the Revised Code.

(3) For a student who is enrolled in a chartered nonpublic school that is not accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program, the student shall do one of the following:

(a) Take all of the assessments prescribed by division (B) of section 3301.0712 of the Revised Code;
(b) Take only the assessment prescribed by division (B)(1) of section 3301.0712 of the Revised Code, provided that the student's school publishes the results of that assessment for each graduating class. The published results of that assessment shall include the overall composite scores, mean scores, twenty-fifth percentile scores, and seventy-fifth percentile scores for each subject area of the assessment.

(c) Take an alternative assessment approved by the department under section 3313.619 of the Revised Code.

(M)(1) The superintendent of the state school for the blind and the superintendent of the state school for the deaf shall administer the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code. Each superintendent shall administer the assessments in the same manner as district boards are required to do under this section and rules adopted by the department of education and in conformity with division (C)(1)(a) of this section.

(2) The department of education shall furnish the assessments described by sections 3301.0710 and 3301.0712 of the Revised Code to each superintendent.

(N) Notwithstanding division (E) of this section, a school district may use a student's failure to attain a score in at least the proficient range on the mathematics assessment described by division (A)(1)(a) of section 3301.0710 of the Revised Code or on an assessment described by division (A)(1)(b), (c), (d), (e), or (f) of section 3301.0710 of the Revised Code as a factor in retaining that student in the current grade level.

(O)(1) In the manner specified in divisions (O)(3), (4), and (6), and (7) of this section, the assessments required by division (A)(1) of section 3301.0710 of the Revised Code shall become public records pursuant to section 149.43 of the Revised Code on
the thirty-first day of July following the school year that the
assessments were administered.

(2) The department may field test proposed questions with
samples of students to determine the validity, reliability, or
appropriateness of questions for possible inclusion in a future
year's assessment. The department also may use anchor questions on
assessments to ensure that different versions of the same
assessment are of comparable difficulty.

Field test questions and anchor questions shall not be
considered in computing scores for individual students. Field test
questions and anchor questions may be included as part of the
administration of any assessment required by division (A)(1) or
(B) of section 3301.0710 and division (B) of section 3301.0712 of
the Revised Code.

(3) Any field test question or anchor question administered
under division (O)(2) of this section shall not be a public
record. Such field test questions and anchor questions shall be
redacted from any assessments which are released as a public
record pursuant to division (O)(1) of this section.

(4) This division applies to the assessments prescribed by
division (A) of section 3301.0710 of the Revised Code.

(a) The first administration of each assessment, as specified
in former section 3301.0712 of the Revised Code, shall be a public
record.

(b) For subsequent administrations of each assessment prior
to the 2011-2012 school year, not less than forty per cent of the
questions on the assessment that are used to compute a student's
score shall be a public record. The department shall determine
which questions will be needed for reuse on a future assessment
and those questions shall not be public records and shall be
redacted from the assessment prior to its release as a public
record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The preceding sentence does not apply to field test questions that are redacted under division (O)(3) of this section.

(c) The administrations of each assessment in the 2011-2012, 2012-2013, and 2013-2014 school years shall not be a public record.

(5) Each assessment prescribed by division (B)(1) of section 3301.0710 of the Revised Code shall not be a public record.

(6) Beginning with the spring administration for (a) Except as provided in division (O)(6)(b) of this section, for the administrations in the 2014-2015, 2015-2016, and 2016-2017 school year years, questions on the assessments prescribed under division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code and the corresponding preferred answers that are used to compute a student's score shall become a public record as follows:

(i) Forty per cent of the questions and preferred answers on the assessments on the thirty-first day of July following the administration of the assessment;

(ii) Twenty per cent of the questions and preferred answers on the assessment on the thirty-first day of July one year after the administration of the assessment;

(iii) The remaining forty per cent of the questions and preferred answers on the assessment on the thirty-first day of July two years after the administration of the assessment.

The entire content of an assessment shall become a public record within three years of its administration.
The department shall make the questions that become a public record under this division readily accessible to the public on the department's web site. Questions on the spring administration of each assessment shall be released on an annual basis, in accordance with this division.

(b) No questions and corresponding preferred answers shall become a public record under division (O)(6) of this section after July 31, 2017.

(7) Division (O)(7) of this section applies to the assessments prescribed by division (A) of section 3301.0710 and division (B)(2) of section 3301.0712 of the Revised Code.

Beginning with the assessments administered in the spring of the 2017-2018 school year, not less than forty per cent of the questions on each assessment that are used to compute a student's score shall be a public record. The department shall determine which questions will be needed for reuse on a future assessment and those questions shall not be public records and shall be redacted from the assessment prior to its release as a public record. However, for each redacted question, the department shall inform each city, local, and exempted village school district of the corresponding statewide academic standard adopted by the state board under section 3301.079 of the Revised Code and the corresponding benchmark to which the question relates. The department is not required to provide corresponding standards and benchmarks to field test questions that are redacted under division (O)(3) of this section.

(P) As used in this section:

(1) "Three-year average" means the average of the most recent consecutive three school years of data.

(2) "Dropout" means a student who withdraws from school before completing course requirements for graduation and who is
not enrolled in an education program approved by the state board of education or an education program outside the state. "Dropout" does not include a student who has departed the country.

(3) "Graduation rate" means the ratio of students receiving a diploma to the number of students who entered ninth grade four years earlier. Students who transfer into the district are added to the calculation. Students who transfer out of the district for reasons other than dropout are subtracted from the calculation. If a student who was a dropout in any previous year returns to the same school district, that student shall be entered into the calculation as if the student had entered ninth grade four years before the graduation year of the graduating class that the student joins.

(4) "State scholarship programs" means the educational choice scholarship pilot program established under sections 3310.01 to 3310.17 of the Revised Code, the autism scholarship program established under section 3310.41 of the Revised Code, the Jon Peterson special needs scholarship program established under sections 3310.51 to 3310.64 of the Revised Code, and the pilot project scholarship program established under sections 3313.974 to 3313.979 of the Revised Code.

Sec. 3301.0712. (A) The state board of education, the superintendent of public instruction, and the chancellor of higher education shall develop a system of college and work ready assessments as described in division (B) of this section to assess whether each student upon graduating from high school is ready to enter college or the workforce. Beginning with students who enter the ninth grade for the first time on or after July 1, 2014, the system shall replace the Ohio graduation tests prescribed in division (B)(1) of section 3301.0710 of the Revised Code as a measure of student academic performance and one determinant of
eligibility for a high school diploma in the manner prescribed by the rule of the state board adopted under division (D) of this section.

(B) The college and work ready assessment system shall consist of the following:

(1) Nationally standardized assessments that measure college and career readiness and are used for college admission. The assessments shall be selected jointly by the state superintendent and the chancellor, and one of which shall be selected by each school district or school to administer to its students. The assessments prescribed under division (B)(1) of this section shall be administered to all eleventh-grade students in the spring of the school year.

(2) Seven end-of-course examinations, one in each of the areas of English language arts I, English language arts II, science, Algebra I, geometry, American history, and American government. The end-of-course examinations shall be selected jointly by the state superintendent and the chancellor in consultation with faculty in the appropriate subject areas at institutions of higher education of the university system of Ohio. Advanced placement examinations and international baccalaureate examinations, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used as end-of-course examinations in accordance with division (B)(4)(a)(i) of this section. Final course grades for courses taken under any other advanced standing program, as prescribed under section 3313.6013 of the Revised Code, in the areas of science, American history, and American government may be used in lieu of end-of-course examinations in accordance with division (B)(4)(a)(ii) of this section.

(3)(a) Not later than July 1, 2013, each school district
board of education shall adopt interim end-of-course examinations that comply with the requirements of divisions (B)(3)(b)(i) and (ii) of this section to assess mastery of American history and American government standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code. Each high school of the district shall use the interim examinations until the state superintendent and chancellor select end-of-course examinations in American history and American government under division (B)(2) of this section.

(b) Not later than July 1, 2014, the state superintendent and the chancellor shall select the end-of-course examinations in American history and American government.

(i) The end-of-course examinations in American history and American government shall require demonstration of mastery of the American history and American government content for social studies standards adopted under division (A)(1)(b) of section 3301.079 of the Revised Code and the topics required under division (M) of section 3313.603 of the Revised Code.

(ii) At least twenty per cent of the end-of-course examination in American government shall address the topics on American history and American government described in division (M) of section 3313.603 of the Revised Code.

(4)(a) Notwithstanding anything to the contrary in this section, beginning with the 2014-2015 school year, both of the following shall apply:

(i) If a student is enrolled in an appropriate advanced placement or international baccalaureate course, that student shall take the advanced placement or international baccalaureate examination in lieu of the science, American history, or American government end-of-course examinations prescribed under division
(B)(2) of this section. The state board shall specify the score levels for each advanced placement examination and international baccalaureate examination for purposes of calculating the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma.

(ii) If a student is enrolled in an appropriate course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, that student shall not be required to take the science, American history, or American government end-of-course examination, whichever is applicable, prescribed under division (B)(2) of this section. Instead, that student's final course grade shall be used in lieu of the applicable end-of-course examination prescribed under that section. The state superintendent, in consultation with the chancellor, shall adopt guidelines for purposes of calculating the corresponding final course grades that demonstrate the level of academic achievement necessary to earn a high school diploma.

Division (B)(4)(a)(ii) of this section shall apply only to courses for which students receive transcripted credit, as defined in division (U) of section 3365.01 of the Revised Code. It shall not apply to remedial or developmental courses.

(b) No student shall take a substitute examination or examination prescribed under division (B)(4)(a) of this section in place of the end-of-course examinations in English language arts I, English language arts II, Algebra I, or geometry prescribed under division (B)(2) of this section.

(c) The state board shall consider additional assessments that may be used, beginning with the 2016-2017 school year, as substitute examinations in lieu of the end-of-course examinations prescribed under division (B)(2) of this section.

(5) The state board shall do all of the following:
(a) Determine and designate at least five ranges of scores on each of the end-of-course examinations prescribed under division (B)(2) of this section, and substitute examinations prescribed under division (B)(4) of this section. Each range of scores shall be considered to demonstrate a level of achievement so that any student attaining a score within such range has achieved one of the following:

(i) An advanced level of skill;

(ii) An accelerated level of skill;

(iii) A proficient level of skill;

(iv) A basic level of skill;

(v) A limited level of skill.

(b) Determine a method by which to calculate a cumulative performance score based on the results of a student's end-of-course examinations or substitute examinations;

(c) Determine the minimum cumulative performance score that demonstrates the level of academic achievement necessary to earn a high school diploma;

(d) Develop a table of corresponding score equivalents for the end-of-course examinations and substitute examinations in order to calculate student performance consistently across the different examinations.

A score of two on an advanced placement examination or a score of two or three on an international baccalaureate examination shall be considered equivalent to a proficient level of skill as specified under division (B)(5)(a)(iii) of this section.

(6)(a) A student who meets both of the following conditions shall not be required to take an end-of-course examination:

(i) The student received high school credit prior to July 1,
2015, for a course for which the end-of-course examination is
prescribed.

(ii) The examination was not available for administration
prior to July 1, 2015.

Receipt of credit for the course described in division (B)(6)(a)(i) of this section shall satisfy the requirement to take
the end-of-course examination. A student exempted under division (B)(6)(a) of this section may take the applicable end-of-course
examination at a later date.

(b) For purposes of determining whether a student who is
exempt from taking an end-of-course examination under division (B)(6)(a) of this section has attained the cumulative score
prescribed by division (B)(5)(c) of this section, such student
shall select either of the following:

(i) The student is considered to have attained a proficient
score on the end-of-course examination from which the student is exempt;

(ii) The student's final course grade shall be used in lieu
of a score on the end-of-course examination from which the student is exempt.

The state superintendent, in consultation with the
chancellor, shall adopt guidelines for purposes of calculating the
corresponding final course grades and the minimum cumulative
performance score that demonstrates the level of academic
achievement necessary to earn a high school diploma.

(7)(a) Notwithstanding anything to the contrary in this
section, the state board may replace the algebra I end-of-course
examination prescribed under division (B)(2) of this section with
an algebra II end-of-course examination, beginning with the
2016-2017 school year for students who enter ninth grade on or
after July 1, 2016.
(b) If the state board replaces the algebra I end-of-course examination with an algebra II end-of-course examination as authorized under division (B)(7)(a) of this section, both of the following shall apply:

(i) A student who is enrolled in an advanced placement or international baccalaureate course in algebra II shall take the advanced placement or international baccalaureate examination in lieu of the algebra II end-of-course examination.

(ii) A student who is enrolled in an algebra II course under any other advanced standing program, as described in section 3313.6013 of the Revised Code, shall not be required to take the algebra II end-of-course examination. Instead, that student's final course grade shall be used in lieu of the examination.

(c) If a school district or school utilizes an integrated approach to mathematics instruction, the district or school may do either or both of the following:

(i) Administer an integrated mathematics I end-of-course examination in lieu of the prescribed algebra I end-of-course examination;

(ii) Administer an integrated mathematics II end-of-course examination in lieu of the prescribed geometry end-of-course examination.

(8)(a) For students entering the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, the assessment in the area of science shall be physical science or biology. For students entering the ninth grade for the first time on or after July 1, 2015, the assessment in the area of science shall be biology.

(b) Until July 1, 2019, the department of education shall make available the end-of-course examination in physical science for students who entered the ninth grade for the first time on or
after July 1, 2014, but prior to July 1, 2015, and who wish to retake the examination.

(c) Not later than July 1, 2016, the state board shall adopt rules prescribing the requirements for the end-of-course examination in science for students who entered the ninth grade for the first time on or after July 1, 2014, but prior to July 1, 2015, and who have not met the requirement prescribed by section 3313.618 of the Revised Code by July 1, 2019, due to a student's failure to satisfy division (A)(2) of section 3313.618 of the Revised Code.

(9) Neither the state board nor the department of education shall develop or administer an end-of-course examination in the area of world history.

(C) The state board shall convene a group of national experts, state experts, and local practitioners to provide advice, guidance, and recommendations for the alignment of standards and model curricula to the assessments and in the design of the end-of-course examinations prescribed by this section.

(D) Upon completion of the development of the assessment system, the state board shall adopt rules prescribing all of the following:

(1) A timeline and plan for implementation of the assessment system, including a phased implementation if the state board determines such a phase-in is warranted;

(2) The date after which a person shall meet the requirements of the entire assessment system as a prerequisite for a diploma of adult education under section 3313.611 of the Revised Code;

(3) Whether and the extent to which a person may be excused from an American history end-of-course examination and an American government end-of-course examination under division (H) of section 3313.61 and division (B)(3) of section 3313.612 of the Revised
(4) The date after which a person who has fulfilled the curriculum requirement for a diploma but has not passed one or more of the required assessments at the time the person fulfilled the curriculum requirement shall meet the requirements of the entire assessment system as a prerequisite for a high school diploma under division (B) of section 3313.614 of the Revised Code;

(5) The extent to which the assessment system applies to students enrolled in a dropout recovery and prevention program for purposes of division (F) of section 3313.603 and section 3314.36 of the Revised Code.

(E) Not later than forty-five days prior to the state board's adoption of a resolution directing the department to file the rules prescribed by division (D) of this section in final form under section 119.04 of the Revised Code, the superintendent of public instruction shall present the assessment system developed under this section to the respective committees of the house of representatives and senate that consider education legislation.

(F)(1) Any person enrolled in a nonchartered nonpublic school or any person who has been excused from attendance at school for the purpose of home instruction under section 3321.04 of the Revised Code may choose to participate in the system of assessments administered under divisions (B)(1) and (2) of this section. However, no such person shall be required to participate in the system of assessments.

(2) The department shall adopt rules for the administration and scoring of any assessments under division (F)(1) of this section.

(G) Not later than December 31, 2014, the state board shall select at least one nationally recognized job skills assessment.
Each school district shall administer that assessment to those students who opt to take it. The state shall reimburse a school district for the costs of administering that assessment. The state board shall establish the minimum score a student must attain on the job skills assessment in order to demonstrate a student's workforce readiness and employability. The administration of the job skills assessment to a student under this division shall not exempt a school district from administering the assessments prescribed in division (B) of this section to that student.

Sec. 3302.03. Annually, not later than the fifteenth day of September or the preceding Friday when that day falls on a Saturday or Sunday, the department of education shall assign a letter grade for overall academic performance and for each separate performance measure for each school district, and each school building in a district, in accordance with this section. The state board shall adopt rules pursuant to Chapter 119. of the Revised Code to establish performance criteria for each letter grade and prescribe a method by which the department assigns each letter grade. For a school building to which any of the performance measures do not apply, due to grade levels served by the building, the state board shall designate the performance measures that are applicable to the building and that must be calculated separately and used to calculate the building's overall grade. The department shall issue annual report cards reflecting the performance of each school district, each building within each district, and for the state as a whole using the performance measures and letter grade system described in this section. The department shall include on the report card for each district and each building within each district the most recent two-year trend data in student achievement for each subject and each grade.

(A)(1) For the 2012-2013 school year, the department shall issue grades as described in division (E) of this section for each...
of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as adopted by the state board. In adopting benchmarks for assigning letter grades under division (A)(1)(b) of this section, the state board of education shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.02 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (A)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates. In adopting benchmarks for assigning letter grades under division (A)(1)(d), (B)(1)(d), or (C)(1)(d) of this section, the department shall designate a four-year adjusted cohort graduation rate of ninety-three per cent or higher for an "A" and a five-year cohort graduation rate of ninety-five per cent or higher for an "A."

(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available. The letter grade assigned for this growth measure shall be as follows:

(i) A score that is at least two standard errors of measure above the mean score shall be designated as an "A."
(ii) A score that is at least one standard error of measure but less than two standard errors of measure above the mean score shall be designated as a "B."

(iii) A score that is less than one standard error of measure above the mean score but greater than or equal to one standard error of measure below the mean score shall be designated as a "C."

(iv) A score that is not greater than one standard error of measure below the mean score but is greater than or equal to two standard errors of measure below the mean score shall be designated as a "D."

(v) A score that is not greater than two standard errors of measure below the mean score shall be designated as an "F."

Whenever the value-added progress dimension is used as a graded performance measure, whether as an overall measure or as a measure of separate subgroups, the grades for the measure shall be calculated in the same manner as prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(2) Not later than April 30, 2013, the state board of education shall adopt a resolution describing the performance measures, benchmarks, and grading system for the 2012-2013 school year and, not later than June 30, 2013, shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter.
grade, including performance benchmarks for each letter grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (A)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(3) There shall not be an overall letter grade for a school district or building for the 2012-2013 school year.

(B)(1) For the 2013-2014 and 2014-2015 school years, the department shall issue grades as described in division (E) of this section for each of the following performance measures:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (B)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (B)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;
(e) The overall score under the value-added progress dimension of a school district or building, for which the department shall use up to three years of value-added data as available.

(f) The value-added progress dimension score for a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis. Each subgroup shall be a separate graded measure.

(g) Whether a school district or building is making progress in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to districts and buildings for purposes of division (B)(1)(g) of this section. In adopting benchmarks for assigning letter grades under divisions (B)(1)(g) and (C)(1)(g) of this section, the state board shall determine progress made based on the reduction in the total percentage of students scoring below grade level, or below proficient, compared from year to year on the reading and writing diagnostic assessments administered under section 3301.0715 of the Revised Code and the third grade English language arts assessment under section 3301.0710 of the Revised Code, as applicable. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under divisions (B)(1)(g) and (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the diagnostic assessment administered to students in kindergarten under division (B)(1) of section 3313.608 of the Revised Code.
Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years.

As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (B)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(b) The number of a district's or building's students who have earned at least three college credits through dual enrollment or advanced standing programs, such as the post-secondary enrollment options program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's transcript or other official document, either of which is issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not
include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(c) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code;

(d) The percentage of the district's or the building's students who receive industry-recognized credentials as approved under section 3313.6112 of the Revised Code. The state board shall adopt criteria for acceptable industry-recognized credentials.

(e) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations.

(f) The percentage of the district's or building's students who receive an honors diploma under division (B) of section 3313.61 of the Revised Code.

(3) Not later than December 31, 2013, the state board shall adopt rules in accordance with Chapter 119. of the Revised Code that prescribe the methods by which the performance measures under divisions (B)(1)(f) and (B)(1)(g) of this section will be assessed and assigned a letter grade, including performance benchmarks for each grade.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods by which the performance measures under division (B)(1) of this section shall be assessed and assigned a letter grade, the department shall conduct a public presentation before the standing committees of the house of
representatives and the senate that consider education legislation describing such methods, including performance benchmarks.

(C)(1) For the 2014-2015 school year and each school year thereafter, the department shall issue grades as described in division (E) of this section for each of the performance measures prescribed in division (C)(1) of this section. The graded measures are as follows:

(a) Annual measurable objectives;

(b) Performance index score for a school district or building. Grades shall be awarded as a percentage of the total possible points on the performance index system as created by the department. In adopting benchmarks for assigning letter grades under division (C)(1)(b) of this section, the state board shall designate ninety per cent or higher for an "A," at least seventy per cent but not more than eighty per cent for a "C," and less than fifty per cent for an "F."

(c) The extent to which the school district or building meets each of the applicable performance indicators established by the state board under section 3302.03 of the Revised Code and the percentage of applicable performance indicators that have been achieved. In adopting benchmarks for assigning letter grades under division (C)(1)(c) of this section, the state board shall designate ninety per cent or higher for an "A."

(d) The four- and five-year adjusted cohort graduation rates;

(e) The overall score under the value-added progress dimension, or another measure of student academic progress if adopted by the state board, of a school district or building, for which the department shall use up to three years of value-added.
data as available.

In adopting benchmarks for assigning letter grades for overall score on value-added progress dimension under division (C)(1)(e) of this section, the state board shall prohibit the assigning of a grade of "A" for that measure unless the district's or building's grade assigned for value-added progress dimension for all subgroups under division (C)(1)(f) of this section is a "B" or higher.

For the metric prescribed by division (C)(1)(e) of this section, the state board may adopt a student academic progress measure to be used instead of the value-added progress dimension. If the state board adopts such a measure, it also shall prescribe a method for assigning letter grades for the new measure that is comparable to the method prescribed in division (A)(1)(e) of this section.

(f) The value-added progress dimension score of a school district or building disaggregated for each of the following subgroups: students identified as gifted in superior cognitive ability and specific academic ability fields under Chapter 3324 of the Revised Code, students with disabilities, and students whose performance places them in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board. Each subgroup shall be a separate graded measure.

The state board may adopt student academic progress measures to be used instead of the value-added progress dimension. If the state board adopts such measures, it also shall prescribe a method for assigning letter grades for the new measures that is comparable to the method prescribed in division (A)(1)(e) of this section.

(g) Whether a school district or building is making progress
in improving literacy in grades kindergarten through three, as determined using a method prescribed by the state board. The state board shall adopt rules to prescribe benchmarks and standards for assigning grades to a district or building for purposes of division (C)(1)(g) of this section. The state board shall designate for a "C" grade a value that is not lower than the statewide average value for this measure. No grade shall be issued under division (C)(1)(g) of this section for a district or building in which less than five per cent of students have scored below grade level on the kindergarten diagnostic assessment under division (B)(1) of section 3313.608 of the Revised Code.

(h) For a high mobility school district or building, an additional value-added progress dimension score. For this measure, the department shall use value-added data from the most recent school year available and shall use assessment scores for only those students to whom the district or building has administered the assessments prescribed by section 3301.0710 of the Revised Code for each of the two most recent consecutive school years. As used in this division, "high mobility school district or building" means a school district or building where at least twenty-five per cent of its total enrollment is made up of students who have attended that school district or building for less than one year.

(2) In addition to the graded measures in division (C)(1) of this section, the department shall include on a school district's or building's report card all of the following without an assigned letter grade:

(a) The percentage of students enrolled in a district or building who have taken a national standardized test used for college admission determinations and the percentage of those students who are determined to be remediation-free in accordance with the standards adopted under division (F) of section 3345.061.
of the Revised Code;

(b) The percentage of students enrolled in a district or building participating in advanced placement classes and the percentage of those students who received a score of three or better on advanced placement examinations;

(c) The percentage of a district's or building's students who have earned at least three college credits through advanced standing programs, such as the college credit plus program under Chapter 3365. of the Revised Code and state-approved career-technical courses offered through dual enrollment or statewide articulation, that appear on a student's college transcript issued by the institution of higher education from which the student earned the college credit. The credits earned that are reported under divisions (B)(2)(b) and (C)(2)(c) of this section shall not include any that are remedial or developmental and shall include those that count toward the curriculum requirements established for completion of a degree.

(d) The percentage of the district's or building's students who receive an honor's diploma under division (B) of section 3313.61 of the Revised Code;

(e) The percentage of the district's or building's students who receive industry-recognized credentials as approved under section 3313.6112 of the Revised Code;

(f) The percentage of students enrolled in a district or building who are participating in an international baccalaureate program and the percentage of those students who receive a score of four or better on the international baccalaureate examinations;

(g) The results of the college and career-ready assessments administered under division (B)(1) of section 3301.0712 of the Revised Code.

(3) The state board shall adopt rules pursuant to Chapter
of the Revised Code that establish a method to assign an overall grade for a school district or school building for the 2017-2018 school year and each school year thereafter. The rules shall group the performance measures in divisions (C)(1) and (2) of this section into the following components:

(a) Gap closing, which shall include the performance measure in division (C)(1)(a) of this section;

(b) Achievement, which shall include the performance measures in divisions (C)(1)(b) and (c) of this section;

(c) Progress, which shall include the performance measures in divisions (C)(1)(e) and (f) of this section;

(d) Graduation, which shall include the performance measure in division (C)(1)(d) of this section;

(e) Kindergarten through third-grade literacy, which shall include the performance measure in division (C)(1)(g) of this section;

(f) Prepared for success, which shall include the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. The state board shall develop a method to determine a grade for the component in division (C)(3)(f) of this section using the performance measures in divisions (C)(2)(a), (b), (c), (d), (e), and (f) of this section. When available, the state board may incorporate the performance measure under division (C)(2)(g) of this section into the component under division (C)(3)(f) of this section. When determining the overall grade for the prepared for success component prescribed by division (C)(3)(f) of this section, no individual student shall be counted in more than one performance measure. However, if a student qualifies for more than one performance measure in the component, the state board may, in its method to determine a grade for the component, specify an additional weight for such a student that is not greater than
equal to 1.0. In determining the overall score under division (C)(3)(f) of this section, the state board shall ensure that the pool of students included in the performance measures aggregated under that division are all of the students included in the four- and five-year adjusted graduation cohort.

In the rules adopted under division (C)(3) of this section, the state board shall adopt a method for determining a grade for each component in divisions (C)(3)(a) to (f) of this section. The state board also shall establish a method to assign an overall grade of "A," "B," "C," "D," or "F" using the grades assigned for each component. The method the state board adopts for assigning an overall grade shall give equal weight to the components in divisions (C)(3)(b) and (c) of this section.

At least forty-five days prior to the state board's adoption of rules to prescribe the methods for calculating the overall grade for the report card, as required by this division, the department shall conduct a public presentation before the standing committees of the house of representatives and the senate that consider education legislation describing the format for the report card, weights that will be assigned to the components of the overall grade, and the method for calculating the overall grade.

(D) On or after than July 1, 2015, the state board may develop a measure of student academic progress for high school students using only data from assessments in English language arts and mathematics. If the state board develops this measure, each school district and applicable school building shall be assigned a separate letter grade for it not sooner than the 2017-2018 school year. The district's or building's grade for that measure shall not be included in determining the district's or building's overall letter grade.

(E) The letter grades assigned to a school district or
building under this section shall be as follows:

(1) "A" for a district or school making excellent progress;

(2) "B" for a district or school making above average progress;

(3) "C" for a district or school making average progress;

(4) "D" for a district or school making below average progress;

(5) "F" for a district or school failing to meet minimum progress.

(F) When reporting data on student achievement and progress, the department shall disaggregate that data according to the following categories:

(1) Performance of students by grade-level;

(2) Performance of students by race and ethnic group;

(3) Performance of students by gender;

(4) Performance of students grouped by those who have been enrolled in a district or school for three or more years;

(5) Performance of students grouped by those who have been enrolled in a district or school for more than one year and less than three years;

(6) Performance of students grouped by those who have been enrolled in a district or school for one year or less;

(7) Performance of students grouped by those who are economically disadvantaged;

(8) Performance of students grouped by those who are enrolled in a conversion community school established under Chapter 3314. of the Revised Code;

(9) Performance of students grouped by those who are
classified as limited English proficient;

(10) Performance of students grouped by those who have disabilities;

(11) Performance of students grouped by those who are classified as migrants;

(12) Performance of students grouped by those who are identified as gifted in superior cognitive ability and the specific academic ability fields of reading and math pursuant to Chapter 3324. of the Revised Code. In disaggregating specific academic ability fields for gifted students, the department shall use data for those students with specific academic ability in math and reading. If any other academic field is assessed, the department shall also include data for students with specific academic ability in that field as well.

(13) Performance of students grouped by those who perform in the lowest quintile for achievement on a statewide basis, as determined by a method prescribed by the state board.

The department may disaggregate data on student performance according to other categories that the department determines are appropriate. To the extent possible, the department shall disaggregate data on student performance according to any combinations of two or more of the categories listed in divisions (F)(1) to (13) of this section that it deems relevant.

In reporting data pursuant to division (F) of this section, the department shall not include in the report cards any data statistical in nature that is statistically unreliable or that could result in the identification of individual students. For this purpose, the department shall not report student performance data for any group identified in division (F) of this section that contains less than ten students. If the department does not report student performance data for a group because it contains less than
ten students, the department shall indicate on the report card that is why data was not reported.

(G) The department may include with the report cards any additional education and fiscal performance data it deems valuable.

(H) The department shall include on each report card a list of additional information collected by the department that is available regarding the district or building for which the report card is issued. (B) Changes in the economy and the job market and the types of employment in which future jobs are most likely to be available;

(C) Suggestions for developing a working relationship among businesses, labor organizations, and educational personnel.

**Sec. 3313.372.** (A) As used in this section, "energy conservation measure" means an installation or modification of an installation in, or remodeling of, a building, to reduce energy
consumption. It includes:

(1) Insulation of the building structure and systems within the building;

(2) Storm windows and doors, multiglazed windows and doors, heat absorbing or heat reflective glazed and coated window and door systems, additional glazing, reductions in glass area, and other window and door system modifications that reduce energy consumption;

(3) Automatic energy control systems;

(4) Heating, ventilating, or air conditioning system modifications or replacements;

(5) Caulking and weatherstripping;

(6) Replacement or modification of lighting fixtures to increase the energy efficiency of the system without increasing the overall illumination of a facility, unless such increase in illumination is necessary to conform to the applicable state or local building code for the proposed lighting system;

(7) Energy recovery systems;

(8) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;

(9) Any other modification, installation, or remodeling approved by the Ohio school facilities construction commission as an energy conservation measure.

(B) A board of education of a city, exempted village, local, or joint vocational school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The provisions of such installment payment contracts dealing with interest charges and financing terms shall not be subject to the competitive bidding requirements of section
3313.46 of the Revised Code, and shall be on the following terms:

(1) Not less than one-fifteenth of the costs thereof shall be paid within two years from the date of purchase.

(2) The remaining balance of the costs thereof shall be paid within fifteen years from the date of purchase.

The provisions of any installment payment contract entered into pursuant to this section shall provide that all payments, except payments for repairs and obligations on termination of the contract prior to its expiration, shall not exceed the calculated energy, water, or waste water cost savings, avoided operating costs, and avoided capital costs attributable to the one or more measures over a defined period of time. Those payments shall be made only to the extent that the savings described in this division actually occur. The energy services company shall warrant and guarantee that the energy conservation measures shall realize guaranteed savings and shall be responsible to pay an amount equal to any savings shortfall.

An installment payment contract entered into by a board of education under this section shall require the board to contract in accordance with division (A) of section 3313.46 of the Revised Code for the installation, modification, or remodeling of energy conservation measures unless division (A) of section 3313.46 of the Revised Code does not apply pursuant to division (B)(3) of that section, in which case the contract shall be awarded through a competitive selection process pursuant to rules adopted by the school facilities construction commission.

An installment payment contract entered into by a board of education under this section may include services for measurement and verification of energy savings associated with the guarantee. The annual cost of measurement and verification services shall not exceed ten per cent of the guaranteed savings in any year of the
installment payment contract.

(C) If a board of education determines that a surety bond is necessary to secure energy, water, or waste water cost savings guaranteed in a contract entered into by the board of education under this section, the energy services company shall provide a surety bond that satisfies all of the following requirements:

(1) The penal sum of the surety bond for the first guarantee year shall equal the amount of savings included in the annual guaranteed savings amount that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. The annual guaranteed savings amount shall include only the savings guaranteed in the contract for the one-year term that begins on the first day of the first savings guarantee year and may not include amounts from subsequent years.

(2) The surety bond shall have a term of not more than one year unless renewed. At the option of the board of education, the surety bond may be renewed for one or two additional terms, each term not to exceed one year. The surety bond may not be renewed or extended so that it is in effect for more than three consecutive years.

In the event of a renewal, the penal sum of the surety bond for each renewed year shall be revised so that the penal sum equals the annual guaranteed savings amount for such renewal year that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. Regardless of the number of renewals of the bond, the aggregate liability under each renewed bond may not exceed the penal sum stated in the renewal certificate for the applicable renewal year.
(3) The surety bond for the first year shall be issued within thirty days of the commencement of the first savings guarantee year under the contract.

In the event of renewal, the surety shall deliver to the board of education a renewal certificate reflecting the revised penal sum within thirty days of the board of education's request. The board of education shall deliver the request for renewal not less than thirty days prior to the expiration date of the surety bond then in existence. A surety bond furnished pursuant to section 153.54 of the Revised Code shall not secure obligations related to energy, water, or waste water cost savings as referenced in division (C) of this section.

(D) The board may issue the notes of the school district signed by the president and the treasurer of the board and specifying the terms of the purchase and securing the deferred payments provided in this section, payable at the times provided and bearing interest at a rate not exceeding the rate determined as provided in section 9.95 of the Revised Code. The notes may contain an option for prepayment and shall not be subject to Chapter 133. of the Revised Code. In the resolution authorizing the notes, the board may provide, without the vote of the electors of the district, for annually levying and collecting taxes in amounts sufficient to pay the interest on and retire the notes, except that the total net indebtedness of the district without a vote of the electors incurred under this and all other sections of the Revised Code, except section 3318.052 of the Revised Code, shall not exceed one per cent of the district's tax valuation. Revenues derived from local taxes or otherwise, for the purpose of conserving energy or for defraying the current operating expenses of the district, may be applied to the payment of interest and the retirement of such notes. The notes may be sold at private sale or given to the energy services company under the installment payment.
contract authorized by division (B) of this section.

(E) Debt incurred under this section shall not be included in the calculation of the net indebtedness of a school district under section 133.06 of the Revised Code.

(F) No school district board shall enter into an installment payment contract under division (B) of this section unless it first obtains a report of the costs of the energy conservation measures and the savings thereof as described under division (G) of section 133.06 of the Revised Code as a requirement for issuing energy securities, makes a finding that the amount spent on such measures is not likely to exceed the amount of money it would save in energy costs and resultant operational and maintenance costs as described in that division, except that that finding shall cover the ensuing fifteen years, and the school facilities construction commission determines that the district board's findings are reasonable and approves the contract as described in that division.

The district board shall monitor the savings and maintain a report of those savings, which shall be submitted to the commission in the same manner as required by division (G) of section 133.06 of the Revised Code in the case of energy securities.

Sec. 3313.603. (A) As used in this section:

(1) "One unit" means a minimum of one hundred twenty hours of course instruction, except that for a laboratory course, "one unit" means a minimum of one hundred fifty hours of course instruction.

Each school shall integrate the study of economics and financial literacy, as expressed in the social studies academic content standards adopted by the state board of education under division (A)(1) of section 3301.079 of the Revised Code and the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of that section, into one or more existing social studies credits required under division (C)(7) of this section, or into the content of another class, so that every high school student receives instruction in those concepts. In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education,
family and consumer sciences, technology, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's system of elementary and secondary education is to prepare all students for and seamlessly connect all students to success in life beyond high school graduation, regardless of whether the next step is entering the workforce, beginning an apprenticeship, engaging in post-secondary training, serving in the military, or pursuing a college degree.

The requirements for graduation prescribed in division (C) of this section are the standard expectation for all students entering ninth grade for the first time at a public or chartered nonpublic high school on or after July 1, 2010. A student may satisfy this expectation through a variety of methods, including, but not limited to, integrated, applied, career-technical, and traditional coursework.

Whereas teacher quality is essential for student success when completing the requirements for graduation, the general assembly shall appropriate funds for strategic initiatives designed to strengthen schools' capacities to hire and retain highly qualified teachers in the subject areas required by the curriculum. Such initiatives are expected to require an investment of $120,000,000 over five years.
Stronger coordination between high schools and institutions of higher education is necessary to prepare students for more challenging academic endeavors and to lessen the need for academic remediation in college, thereby reducing the costs of higher education for Ohio's students, families, and the state. The state board and the chancellor of higher education shall develop policies to ensure that only in rare instances will students who complete the requirements for graduation prescribed in division (C) of this section require academic remediation after high school.

School districts, community schools, and chartered nonpublic schools shall integrate technology into learning experiences across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent,
guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school shall notify the department of education of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the
first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer programming;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.

(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum
curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division (B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that
they are prevented from continuing their traditional programs.  

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.  

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.  

(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.  

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.  

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.  

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the
requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or
eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned in English language arts, mathematics, science, and social studies that are for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.
(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school
school also shall review any policy it has adopted regarding the
demonstration of subject area competency to identify ways to
incorporate work-based learning experiences, internships, and
cooperae education into the policy in order to increase student
engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for
graduation from high school under division (D) or (F) of this
section, or to students pursuing a career-technical instructional
track as determined by the school district board of education or
the chartered nonpublic school's governing authority.
Nevertheless, the general assembly encourages such students to
consider enrolling in a fine arts course as an elective.

Beginning with students who enter ninth grade for the first
time on or after July 1, 2010, each student enrolled in a public
or chartered nonpublic high school shall complete two semesters or
the equivalent of fine arts to graduate from high school. The
coursework may be completed in any of grades seven to twelve. Each
student who completes a fine arts course in grade seven or eight
may elect to count that course toward the five units of electives
required for graduation under division (C)(8) of this section, if
the course satisfied the requirements of division (G) of this
section. In that case, the high school shall award the student
high school credit for the course and count the course toward the
five units required under division (C)(8) of this section. If the
course in grade seven or eight did not satisfy the requirements of
division (G) of this section, the high school shall not award the
student high school credit for the course but shall count the
course toward the two semesters or the equivalent of fine arts
required by this division.

(L) Notwithstanding anything to the contrary in this section,
the board of education of each school district and the governing
authority of each chartered nonpublic school may adopt a policy to
excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

(1) The Declaration of Independence;
(2) The Northwest Ordinance;
(3) The Constitution of the United States with emphasis on the Bill of Rights;
(4) The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the
historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

Sec. 3313.608. (A)(1) Beginning with students who enter third grade in the school year that starts July 1, 2009, and until June 30, 2013, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, for any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts expected at the end of third grade, each school district, in accordance with the policy adopted under section 3313.609 of the Revised Code, shall do one of the following:

(a) Promote the student to fourth grade if the student's principal and reading teacher agree that other evaluations of the student's skill in reading demonstrate that the student is academically prepared to be promoted to fourth grade;

(b) Promote the student to fourth grade but provide the student with intensive intervention services in fourth grade;

(c) Retain the student in third grade.

(2) Beginning with students who enter third grade in the 2013-2014 school year, unless the student is excused under division (C) of section 3301.0711 of the Revised Code from taking the assessment described in this section, no school district shall promote to fourth grade any student who does not attain at least the equivalent level of achievement designated under division (A)(3) of section 3301.0710 of the Revised Code on the assessment prescribed under that section to measure skill in English language arts.
arts expected at the end of third grade, unless one of the following applies:

(a) The student is a limited English proficient student who has been enrolled in United States schools for less than three full school years and has had less than three years of instruction in an English as a second language program.

(b) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code and the student's individualized education program exempts the student from retention under this division.

(c) The student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the department of education.

(d) All of the following apply:

(i) The student is a child with a disability entitled to special education and related services under Chapter 3323. of the Revised Code.

(ii) The student has taken the third grade English language arts achievement assessment prescribed under section 3301.0710 of the Revised Code.

(iii) The student's individualized education program or plan under section 504 of the "Rehabilitation Act of 1973," 87 Stat. 355, 29 U.S.C. 794, as amended, shows that the student has received intensive remediation in reading for two school years but still demonstrates a deficiency in reading.

(iv) The student previously was retained in any of grades kindergarten to three.

(e)(i) The student received intensive remediation for reading for two school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten
to three.

(ii) A student who is promoted under division (A)(2)(e)(i) of this section shall continue to receive intensive reading instruction in grade four. The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies for the student that have been successful in improving reading among low-performing readers.

(B)(1) Beginning in the 2012-2013 school year, to assist students in meeting the third grade guarantee established by this section, each school district board of education shall adopt policies and procedures with which it annually shall assess the reading skills of each student, except those students with significant cognitive disabilities or other disabilities as authorized by the department on a case-by-case basis, enrolled in kindergarten to third grade and shall identify students who are reading below their grade level. The reading skills assessment shall be completed by the thirtieth day of September for students in grades one to three, and by the first day of November for students in kindergarten. Each district shall use the diagnostic assessment to measure reading ability for the appropriate grade level adopted under section 3301.079 of the Revised Code, or a comparable tool approved by the department of education, to identify such students. The policies and procedures shall require the students' classroom teachers to be involved in the assessment and the identification of students reading below grade level. The assessment may be administered electronically using live, two-way video and audio connections whereby the teacher administering the assessment may be in a separate location from the student.

The notification shall specify that the assessment under section 3301.0710 of the Revised Code is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the district in knowing when a student is reading at or above grade level and ready for promotion.

(b) Provide intensive reading instruction services and regular diagnostic assessments to the student immediately following identification of a reading deficiency until the development of the reading improvement and monitoring plan required by division (C) of this section. These intervention services shall include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted at the student's identified reading deficiencies.

section who has demonstrated proficiency in a specific academic
ability field, each district shall provide instruction commensurate with student achievement levels in that specific academic ability field.

As used in this division, "specific academic ability field" has the same meaning as in section 3324.01 of the Revised Code.

(C) For each student required to be provided intervention services under this section, the district shall develop a reading improvement and monitoring plan within sixty days after receiving the student's results on the diagnostic assessment or comparable tool administered under division (B)(1) of this section. The district shall involve the student's parent or guardian and classroom teacher in developing the plan. The plan shall include all of the following:

(1) Identification of the student's specific reading deficiencies;

(2) A description of the additional instructional services and support that will be provided to the student to remediate the identified reading deficiencies;

Each student with a reading improvement and monitoring plan under this division who enters third grade after July 1, 2013, shall be assigned to a teacher who satisfies one or more of the criteria set forth in division (H) of this section.

The district shall report any information requested by the department about the reading improvement monitoring plans developed under this division in the manner required by the department.

(D) Each school district shall report annually to the department on its implementation and compliance with this section using guidelines prescribed by the superintendent of public instruction. The superintendent of public instruction annually shall report to the governor and general assembly the number and percentage of students in grades kindergarten through four reading below grade level based on the diagnostic assessments administered under division (B) of this section and the achievement assessments administered under divisions (A)(1)(a) and (b) of section 3301.0710 of the Revised Code in English language arts, aggregated by school district and building; the types of intervention services provided to students; and, if available, an evaluation of the efficacy of the intervention services provided.

the contract with the sponsor, or thirty days prior to the date on
which the student is entered into the education management

However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so
long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or
services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal
hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.
(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:
(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made, except that, upon the approval of the director of budget and management and the superintendent of public instruction, the fund may be reimbursed in another fiscal year designated by the director and superintendent that is not later than the end of the tenth fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to Chapter 3317. of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that
suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The superintendent shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.026, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent...
shall certify to the treasurer of each school district the
district's adjusted charge-off increase, as defined in section
5705.211 of the Revised Code. Certification of moneys pursuant to
this section shall include the amounts payable to each school
building, at a frequency determined by the superintendent, for
each subgroup of students, as defined in section 3317.40 of the
Revised Code, receiving services, provided for by state funding,
from the district or school. No moneys shall be distributed
pursuant to this chapter without the approval of the controlling
board.

The state board of education shall, in accordance with
appropriations made by the general assembly, meet the financial
obligations of this chapter.

Moneys distributed to school districts pursuant to this
chapter shall be calculated based on the annual enrollment
calculated from the three reports required under sections 3317.03
and 3317.036 of the Revised Code and paid on a fiscal year basis,
beginning with the first day of July and extending through the
thirtieth day of June. In any given fiscal year, prior to school
districts submitting the first report required under section
3317.03 of the Revised Code, enrollment for the districts shall be
calculated based on the third report submitted by the districts
for the previous fiscal year. The moneys appropriated for each
fiscal year shall be distributed periodically to each school
district unless otherwise provided for. The state board, in June
of each year, shall submit to the controlling board the state
board's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter
shall be made only to those school districts in which:

(A) The school district, except for any educational service
center and any joint vocational or cooperative education school
district, levies for current operating expenses at least twenty
mills. Levies for joint vocational or cooperative education school
districts or county school financing districts, limited to or to
the extent apportioned to current expenses, shall be included in
this qualification requirement. School district income tax levies
under Chapter 5748. of the Revised Code, limited to or to the
extent apportioned to current operating expenses, shall be
included in this qualification requirement to the extent
determined by the tax commissioner under division (D)(C) of
section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which
such payments are authorized meets the requirement of section
3313.48 of the Revised Code, with regard to the minimum number of
hours school must be open for instruction with pupils in
attendance, for individualized parent-teacher conference and
reporting periods, and for professional meetings of teachers.

A school district shall not be considered to have failed to
comply with this division because schools were open for
instruction but either twelfth grade students were excused from
attendance for up to the equivalent of three school days or only a
portion of the kindergarten students were in attendance for up to
the equivalent of three school days in order to allow for the
gradual orientation to school of such students.

A board of education or governing board of an educational
service center which has not conformed with other law and the
rules pursuant thereto, shall not participate in the distribution
of funds authorized by this chapter, except for good and
sufficient reason established to the satisfaction of the state
board of education and the state controlling board.

All funds allocated to school districts under this chapter,
except those specifically allocated for other purposes, shall be
used to pay current operating expenses only.

Sec. 3317.014. The career-technical education additional amount per pupil for each student enrolled in career-technical education programs approved by the department of education under section 3317.161 of the Revised Code shall be as follows:

(A) An amount of $4,992, in fiscal year 2016, or $5,192, in fiscal year 2017, for each student enrolled in career-technical education workforce development programs in agricultural and environmental systems, construction technologies, engineering and science technologies, finance, health science, information technology, and manufacturing technologies, each of which shall be defined by the department in consultation with the governor's office of workforce transformation;

Sec. 3317.017. The department of education shall compute a school district's state share index as follows:

(A) Calculate the district's valuation index, which equals the following quotient:

(The district's three-year average valuation / the district's total ADM) / (the statewide three-year average valuation for school districts with a total ADM greater than zero / the statewide total ADM)

(B)(1) Calculate the district's median income index, which equals the following quotient:

(The district's median Ohio adjusted gross income / the median of the median Ohio adjusted gross income of all districts statewide with a total ADM greater than zero)

(2) Calculate the district's income index, which equals the following sum:

(The district's median income index X 0.5) + {

((the three-year average federal adjusted gross income of the school district's residents / the district's formula ADM for fiscal year 2017) / (the three-year average federal adjusted gross income of all districts statewide with a formula ADM for fiscal year 2017 greater than zero / the statewide formula ADM for fiscal year 2017)) X 0.5}
(C) Determine the district's wealth index as follows:

(1) If the district's income index is less than the
district's valuation index and the district's median income index
is less than or equal to 1.5, then the district's wealth index
shall be equal to [( 0.4 X the district's income index) + ( 0.6 X
the district's valuation index)].

(2) If the district's income index does not meet both of the
conditions described in division (C)(1) of this section, then the
district's wealth index shall be equal to the district's valuation
index.

(D) Determine the district's state share index as follows:

(1) If the district's wealth index is less than or equal to
0.35, then the district's state share index shall be equal to
0.90.

(2) If the district's wealth index is greater than 0.35 but
less than or equal to 0.90, then the district's state share index
shall be equal to {0.40 X [(0.90 − the district's wealth index) /
0.55]} + 0.50.

(3) If the district's wealth index is greater than 0.90 but
less than 1.8, then the district's state share index shall be
equal to {0.45 X [(1.8 − the district's wealth index) / 0.9]} +
0.05.

(4) If the district's wealth index is greater than or equal
to 1.8, then the district's state share index shall be equal to
0.05.

(E)(1) For each school district for which the tax-exempt
value of the district, as certified under division (A)(4) of
section 3317.021 of the Revised Code, equals or exceeds thirty per
cent of the potential value of the district, the department shall
calculate the difference between the district's tax-exempt value
and thirty per cent of the district's potential value. For this purpose, the "potential value" of a school district is the three-year average valuation of the district plus the tax-exempt value of the district.

(2) For each school district to which division (E)(1) of this section applies, the department shall adjust the district's three-year average valuation used in the calculation under division (A) of this section by subtracting from it the amount calculated under division (E)(1) of this section. The department shall not, however, make any adjustments to the statewide three-year average valuation used in the calculation under division (A) of this section.

(F) When performing the calculations required under this section, the department shall not round to fewer than four decimal places.

For purposes of these calculations for fiscal years 2016, 2018, 2017, and 2019, "total ADM" means the total ADM for fiscal year 2017; "median Ohio adjusted gross income" means the median Ohio adjusted gross income, as that term is defined in section 5747.01 of the Revised Code, for tax year 2015; "three-year average federal adjusted gross income" means the average of the federal adjusted gross income for tax years 2011, 2013, 2012, and 2013 as reported under section 3317.021 of the Revised Code; and "tax-exempt value" means the tax-exempt value for tax year 2014.

Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation
costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation payment as follows:

(F) In addition to funds paid under division (E) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(G)(1) For purposes of division (G) of this section, a school district's "transportation supplement percentage" means the
following quotient:
\[
\frac{(35, \text{ in fiscal year 2016, or } 50, \text{ in fiscal year 2017}) - \text{ the district's rider density}}{100}
\]
If the result of the calculation for a district under division (G)(1) of this section is less than zero, the district's transportation supplement percentage shall be zero.

(2) The department shall pay each district a transportation supplement calculated according to the following formula:
The district's transportation supplement percentage \( \times \) the amount calculated for the district under division (E)(2) of this section \( \times 0.55 \)

Sec. 3317.0218. The department of education shall annually compute capacity aid funds to school districts, as follows:

(C) Calculate each school district's capacity ratio, which equals the greater of zero or the amount calculated as follows:
\[
\frac{\text{The amount determined under division (B) of this section}}{\text{The amount calculated for the district under division (A) of this section}} - 1
\]
If the result of a calculation for a school district under division (C) of this section is greater than 2.5, the district's capacity ratio shall be 2.5.

(D) Calculate the capacity aid per pupil amount, which equals the following quotient:
\[
\frac{\text{The amount determined under division (B) of this section}}{\text{The average of the formula ADMs of all of the districts for which the amount calculated under division (A) of this section is less than}}
\]

across the state in construction and related costs, the cost of
the installation of site utilities and site preparation, the cost
of demolition of all or part of any existing classroom facilities

project until it is completed, any contingency reserve amount
prescribed by the commission under section 3318.086 of the Revised
Code, and the professional planning, administration, and design

classroom facilities project.

For a joint vocational school district that receives
assistance under sections 3318.40 to 3318.45 of the Revised Code,
the basic project cost calculation for a project under those
sections shall also take into account the types of laboratory
spaces and program square footages needed for the vocational

district.

For a district that opts to divide its entire classroom
facilities needs into segments, as authorized by section 3318.034
of the Revised Code, "basic project cost" means the cost
determined in accordance with this division of a segment.

(M)(1) Except for a joint vocational school district that
receives assistance under sections 3318.40 to 3318.45 of the
Revised Code, a "school district's portion of the basic project

Sec. 3318.011. For purposes of providing assistance under sections 3318.01 to 3318.20 of the Revised Code, the department of education shall annually do all of the following:

(A) Calculate the adjusted valuation per pupil of each city, local, and exempted village school district according to the following formula:
The district's valuation per pupil - $30,000 X (1 - the district's income factor).

For purposes of this calculation:

(1) Except for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, "valuation per pupil" for a district means its average taxable value, divided by its formula ADM for the previous fiscal year. "Valuation per pupil," for a district with an open enrollment net gain that is ten per cent or more of its formula ADM, means its average taxable value, divided by the sum of its formula ADM for the previous fiscal year plus its open enrollment net gain for the previous fiscal year.

(2) "Average taxable value" means the average of the sum of the amounts certified for a district under divisions (A)(1) and (2) of section 3317.021 of the Revised Code in the second, third, and fourth preceding fiscal years.

(5) "Native student" has the same meaning as in section 3313.98 of the Revised Code.

(6) "Open enrollment net gain" for a district means (a) the number of the students entitled to attend school in another district but who are enrolled in the schools of the district under its open enrollment policy minus (b) the number of the district's native students who are enrolled in the schools of another district under the other district's open enrollment policy, both numbers as certified to the department under section 3313.981 of the Revised Code. If the difference is a negative number, the
district's "open enrollment net gain" is zero.

(7) "Open enrollment policy" means an interdistrict open enrollment policy adopted under section 3313.98 of the Revised Code.

(8) "District median income" means the median Ohio adjusted gross income certified for a school district under section 3317.021 of the Revised Code.

(9) "Statewide median income" means the median district median income of all city, exempted village, and local school districts in the state.

(10) "Income factor" for a city, exempted village, or local school district means the quotient obtained by dividing that district's median income by the statewide median income.

(B) Calculate for each district the three-year average of the adjusted valuations per pupil calculated for the district for the current and two preceding fiscal years;

(C) Rank all such districts in order of adjusted valuation per pupil from the district with the lowest three-year average adjusted valuation per pupil to the district with the highest three-year average adjusted valuation per pupil;

(D) Divide such ranking into percentiles with the first percentile containing the one per cent of school districts having the lowest three-year average adjusted valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average adjusted valuations per pupil;

(E) Determine the school districts that have three-year average adjusted valuations per pupil that are greater than the median three-year average adjusted valuation per pupil for all school districts in the state;
(F) On or before the first day of September, certify the information described in divisions (A) to (E) of this section to the Ohio school facilities construction commission.

Sec. 3318.02. (A) For purposes of sections 3318.01 to 3318.20 of the Revised Code, the Ohio school facilities construction commission shall periodically perform an assessment of the classroom facility needs in the state to identify school districts in need of additional classroom facilities, or replacement or reconstruction of existent classroom facilities, and the cost to each such district of constructing or acquiring such additional facilities or making such renovations.

(B) Based upon the most recent assessment conducted pursuant to division (A) of this section, the commission shall conduct on-site visits to school districts identified as having classroom facility needs to confirm the findings of the periodic assessment and further evaluate the classroom facility needs of the district. The evaluation shall assess the district's need to construct or acquire new classroom facilities and may include an assessment of the district's need for building additions or for the reconstruction of existent buildings in lieu of constructing or acquiring replacement buildings.

(C)(1) Except as provided in division (C)(2) of this section, on-site visits performed on or after May 20, 1997, shall be performed in the order specified in this division. The first round of on-site visits first succeeding the effective date of this amendment, May 20, 1997, shall be limited to the school districts in the first through fifth percentiles, excluding districts that are ineligible for funding under this chapter pursuant to section 3318.04 of the Revised Code. The second round of on-site visits shall be limited to the school districts in the first through tenth percentiles, excluding districts that are ineligible for
funding under this chapter pursuant to section 3318.04 of the Revised Code. Each succeeding round of on-site visits shall be limited to the percentiles included in the immediately preceding round of on-site visits plus the next five percentiles. Except for the first round of on-site visits, no round of on-site visits shall commence unless eighty per cent of the districts for which on-site visits were performed during the immediately preceding round, have had projects approved under section 3318.04 of the Revised Code.

(2) Notwithstanding division (C)(1) of this section, the commission may perform on-site visits for school districts in the next highest percentile to the percentiles included in the current round of on-site visits, and then to succeeding percentiles one at a time, not to exceed the twenty-fifth percentile, if all of the following apply:

(a) Less than eighty per cent of the districts for which on-site visits were performed in the current round, and in any percentiles for which on-site visits were performed in addition to the current round pursuant to this division, have had projects approved under section 3318.04 of the Revised Code;

(b) There are funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code that are not reserved and encumbered for projects pursuant to section 3318.04 of the Revised Code;

(c) The commission makes a finding that such available funds would be more thoroughly utilized if on-site visits were extended to the next highest percentile.

(D) Notwithstanding divisions (B) and (C) of this section, in any fiscal year, the commission may limit the number of districts for which it conducts on-site visits based upon its projections of the moneys available and moneys necessary to undertake projects.
under sections 3318.01 to 3318.20 of the Revised Code for that
year.

**Sec. 3318.021.** Notwithstanding section 3318.02 of the Revised Code, the Ohio school facilities construction commission may conduct on-site visits to any school district whose district board adopts a resolution certifying to the commission the board's intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

**Sec. 3318.022.** Notwithstanding anything to the contrary in section 3318.02 of the Revised Code, within two years following the request of the school district, the Ohio school facilities construction commission shall assess the current conditions of the classroom facilities needs of any school district that is not yet eligible for state assistance under Chapter 3318. of the Revised Code and that requests such an assessment. The assessment made under this section shall not include a final agreement between the school district and the commission as to the basic project cost of the school district's classroom facilities needs. The commission shall not consider any request for an assessment under this section that is submitted sooner than the effective date of this section September 14, 2000.

**Sec. 3318.024.** In the first year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter in the previous capital biennium that were not spent or encumbered, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20 of the Revised Code, subject to appropriation by the general assembly.
In the second year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, 3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.03. (A) Before conducting an on-site evaluation of a school district under section 3318.02 of the Revised Code, at the request of the district board of education, the Ohio school facilities construction commission shall examine any classroom facilities needs assessment that has been conducted by the district and any master plan developed for meeting the facility needs of the district.

(B) Upon conducting the on-site evaluation under section 3318.02 of the Revised Code, the Ohio school facilities construction commission shall make a determination of all of the following:

(1) The needs of the school district for additional classroom facilities;

(2) The number of classroom facilities to be included in a project and the basic project cost of constructing, acquiring, reconstructing, or making additions to each such facility;

(3) The amount of such cost that the school district can supply from available funds, by the issuance of bonds previously authorized by the electors of the school district the proceeds of which can lawfully be used for the project and by the issuance of
bonds under section 3318.05 of the Revised Code;

(4) The remaining amount of such cost that shall be supplied by the state;

(5) The amount of the state's portion to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds appropriated for purposes of sections 3318.01 to 3318.20 of the Revised Code.

(C) The commission shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility only upon evidence that the proposed project conforms to sound educational practice, that it is in keeping with the orderly process of school district reorganization and consolidation, and that the actual or projected enrollment in each classroom facility proposed to be included in the project is at least three hundred fifty pupils. Exceptions shall be authorized only in those districts where topography, sparsity of population, and other factors make larger schools impracticable.

If the school district board determines that an existing facility has historical value or for other good cause determines that an existing facility should be renovated in lieu of acquiring a comparable facility by new construction, the commission may approve the expenditure of project funds for the renovation of that facility up to but not exceeding one hundred per cent of the estimated cost of acquiring a comparable facility by new construction, as long as the commission determines that the facility when renovated can be operationally efficient, will be adequate for the future needs of the district, and will comply with the other provisions of this division.

(D) Sections 125.81 and 153.04 of the Revised Code shall not apply to classroom facilities constructed under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised
Sec. 3318.031. (A) The Ohio school facilities construction commission shall consider student and staff safety and health when reviewing design plans for classroom facility construction projects proposed under this chapter. After consulting with appropriate education, health, and law enforcement personnel, the commission may require as a condition of project approval under either section 3318.03 or division (B)(1) of section 3318.41 of the Revised Code such changes in the design plans as the commission believes will advance or improve student and staff safety and health in the proposed classroom facility.

To carry out its duties under this division, the commission shall review and, if necessary, amend any construction and design standards used in its project approval process, including standards for location and number of exits, standards for lead safety in classroom facilities constructed before 1978 in which services are provided to children under six years of age, and location of restrooms, with a focus on advancing student and staff safety and health.

(B) When reviewing design standards for classroom facility construction projects proposed under this chapter, the commission shall also consider the extent to which the design standards support the following:

1. Trends in educational delivery methods, including digital access and blended learning;

2. Provision of sufficient space for training new teachers and promotion of collaboration among teaching candidates, experienced teachers, and teacher educators;

3. Provision of adequate space for teacher planning and collaboration;
(4) Provision of adequate space for parent involvement activities;

(5) Provision of sufficient space for innovative partnerships between schools and health and social service agencies.

Sec. 3318.032. (A) Except as otherwise provided in divisions (C) and (D) of this section, the portion of the basic project cost supplied by the school district shall be the greater of:

(1) The required percentage of the basic project costs;

(2)(a) For all districts except a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the required level of indebtedness;

(b) For a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the following:

The required level of indebtedness X (the basic project cost of the segment as approved by the controlling board / the estimated basic project cost of the district's entire classroom facilities needs as determined jointly by the staff of the Ohio school facilities construction commission and the district)

(B) The amount of the district's share determined under this section shall be calculated only as of the date the controlling board approved the project, and that amount applies throughout the
thirteen-month period permitted under section 3318.05 of the Revised Code for the district's electors to approve the propositions described in that section. If the amount reserved and encumbered for a project is released because the electors do not approve those propositions within that period, and the school district later receives the controlling board's approval for the project, subject to a new project scope and estimated costs under section 3318.054 of the Revised Code, the district's portion shall be recalculated in accordance with this section as of the date of the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic project cost be greater than ninety-five per cent of the total basic project cost.

(D) If the controlling board approves a project under sections 3318.01 to 3318.20 of the Revised Code for a school district that previously received assistance under those sections or section 3318.37 of the Revised Code within the twenty-year period prior to the date on which the controlling board approves the new project, the district's portion of the basic project cost for the new project shall be the lesser of the following:

(1) The portion calculated under division (A) of this section;

(2) The greater of the following:

(a) The required percentage of the basic project costs for the new project;

(b) The percentage of the basic project cost paid by the district for the previous project.

Sec. 3318.033. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.
(2) "Open enrollment net gain" has the same meaning as in section 3318.011 of the Revised Code.

(B) This section applies to each school district that meets the following criteria:

(1) The Ohio school facilities construction commission certified its conditional approval of the district's project under sections 3318.01 to 3318.20 of the Revised Code after July 1, 2006, and prior to September 29, 2007, and the project had not been completed as of September 29, 2007.

(2) Within one year after the date of the commission's certification of its conditional approval, the district's electors approved a bond issue to pay the district's portion of the basic project cost or the district board of education complied with section 3318.052 of the Revised Code.

(3) In the fiscal year prior to the fiscal year in which the district's project was conditionally approved, the district had an open enrollment net gain that was ten per cent or more of its formula ADM.

(C) For each school district to which this section applies, the department of education shall recalculate the district's percentile ranking under section 3318.011 of the Revised Code for the fiscal year prior to the fiscal year in which the district's project was conditionally approved and shall report the recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and after September 29, 2007.

(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the
distric's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.034. (A) This section applies to both of the following:

(1) Any school district that has not executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code prior to June 24, 2008;

(2) Any school district that is eligible for additional assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to division (B)(2) of section 3318.04 of the Revised Code.

Notwithstanding any provision of this chapter to the contrary, with the approval of the Ohio school construction commission, any school district to which this section applies may opt to divide the district's entire classroom facilities needs, as those needs are jointly determined by the staff of the commission and the school district, into discrete segments and shall comply with all of the provisions of those sections unless otherwise provided in this section.

(B) Except as provided in division (C) of this section, each segment shall comply with both of the following:

(1) The segment shall consist of the new construction of one
or more entire buildings, a stand-alone segment of a building that serves grades kindergarten through twelve, or the complete renovation of one or more entire existing buildings, with any necessary additions to that building.

(2) The segment shall not include any construction of or renovation or repair to any building that does not complete the needs of the district with respect to that particular building at the time the segment is completed.

(C) A district described in division (A)(2) of this section that has not received the additional assistance authorized under division (B)(2) of section 3318.04 of the Revised Code may undertake a segment, with commission approval, for the purpose of renovating or replacing work performed on a facility under the district's prior project. The commission may approve that segment if the commission determines that the renovation or replacement is necessary to protect the facility. The basic project cost of the segment shall be allocated between the state and the district in accordance with section 3318.032 of the Revised Code. However, the requirements of division (B) of this section shall not apply to a segment undertaken under this division.

(D) The commission shall conditionally approve and seek controlling board approval in accordance with division (A) of section 3318.04 of the Revised Code of each segment.

(E)(1) When undertaking a segment under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under the segment, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the
agreement entered into under section 3318.08 of the Revised Code a
statement specifying that the district will use the amount
calculated under that division only to maintain the classroom
facilities acquired under the segment.

(2) The commission shall calculate the amount for a school
district to maintain the classroom facilities acquired under a
segment as follows:

The full maintenance amount $X$ (the school district's portion
of the basic project cost for the segment / the school district's
portion of the basic project cost for the district's entire
classroom facilities needs, as determined jointly by the staff of
the commission and the district)

(3) A school district may elect to prorate its full
maintenance amount for any number of segments, provided the
district will use one or more of the alternative methods
authorized in sections 3318.051, 3318.052, and 3318.084 of the
Revised Code to generate the entire amount calculated under
division (E)(2) of this section to maintain the classroom
facilities acquired under each segment for which it so elects. If
the district cannot use one or more of those alternative methods
to generate the entire amount calculated under that division, the
district shall levy the tax described in division (B) of section
3318.05 of the Revised Code or an extension of that tax under
section 3318.061 of the Revised Code in an amount necessary to
generate the remainder of its full maintenance amount. The
commission shall calculate the remainder of the district's full
maintenance amount as follows:

The full maintenance amount - the sum of the amounts
calculated for the district under division (E)(2) of this section
for each prior segment of the district's project

(4) In no case shall the sum of the amounts calculated for a
school district's maintenance of classroom facilities under divisions (E)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to undertake its project in its entirety instead of segmenting the project under this section.

(5) If a school district commenced a segment under this section prior to September 10, 2012, but has not completed that segment, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (E)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

(F) If a school district levies the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the tax shall run for twenty-three years from the date the segment for which the tax is initially levied is undertaken. The maintenance levy requirement, as defined in section 3318.18 of the Revised Code, does not apply to a segment undertaken under division (C) of this section.

(G) As used in this section, "full maintenance amount" means the amount of total revenue that a school district likely would generate by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section, as determined by the commission in consultation with the department of taxation.

Sec. 3318.035. (A) This section applies only if there is a
change in the assessment rates on gas pipelines imposed under state law.

(B) If at any time division (A) of this section applies and if the change in assessment rates described in that division affects a school district's valuation as determined under division (P) of section 3318.01 of the Revised Code by greater than ten percent and if the Ohio school facilities construction commission had determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 or 3318.37 of the Revised Code prior to that change in valuation, the commission shall adjust the state and school district portions of the basic project cost of the school district's project using the valuation altered by the change in assessment rates described in division (A) of this section.

Sec. 3318.036. (A) For purposes of this section:

(1) "Eligible school district" is a city, local, or exempted village school district that satisfies both of the following conditions:

(a) The district resulted from one of the following that became effective between July 1, 2013, and June 30, 2018:

(i) A transfer of all of the territory of one school district to another school district in accordance with section 3311.22, 3311.231, 3311.24, or 3311.38 of the Revised Code;

(ii) The merger of two or more districts in accordance with section 3311.25 of the Revised Code;

(iii) The creation of a new local school district from all of one or more local school districts in accordance with section 3311.26 of the Revised Code;

(iv) The consolidation of two or more school districts under
section 3311.37 of the Revised Code.

(b) The district has demonstrated to the Ohio school facilities construction commission an efficient use of facility space, including a reduction in the number of buildings used by students and administrative staff.

(2) "Basic project cost" and "required percentage of the basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter:

(1) If the commission determines that a district is an eligible school district, the commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code. If the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, the district's portion of the basic project cost shall be the required percentage of the basic project cost based on the percentile ranking of the district that was transferred, merged, consolidated, or existed prior to the creation of the new district that has the lowest three-year average adjusted valuation per pupil, as calculated under section 3318.011 of the Revised Code, on the date that the transfer, merger, consolidation, or creation of the new district became effective.

(2) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by twenty-five percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a
transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section. At no time, however, shall that district's portion of the basic project cost be less than five per cent.

(3) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by ten percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section, if the district's project satisfies the following conditions:

(a) The project involves construction of a building on land owned by a state institution of higher education, as that term is defined in section 3345.011 of the Revised Code, and the commission approves the project.

(b) The district and the state institution of higher education enter into a written agreement regarding the continued use of the institution's land by the district, and the commission approves the agreement.

(c) On the date that the district and the state institution of higher education enter into the written agreement described in division (B)(3)(b) of this section, the state institution of higher education is participating in the college credit plus program established under Chapter 3365. of the Revised Code.

At no time, however, shall that district's portion of the basic project cost be less than five per cent.

The reduction of the district's portion of the basic project cost described in division (B)(3) of this section may be in
addition to a reduction of the district's portion of the basic project cost under division (B)(2) of this section.

(C) Except as provided in division (B) of this section, a district's project undertaken pursuant to this section shall be subject to all other requirements in sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.04. (A) If the Ohio school facilities construction commission makes a determination under section 3318.03 of the Revised Code in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and, the amount of the state's portion to be encumbered in the current fiscal year. In the event of approval thereof by the controlling board, the commission shall certify such conditional approval to the school district board and shall encumber from the total funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code the amount approved under this section to be encumbered in the current fiscal year.

The basic project cost for a project approved under this section shall not exceed the cost that would otherwise have to be incurred if the classroom facilities to be constructed, acquired, or reconstructed, or the additions to be made to classroom facilities, under such project meet, but do not exceed, the specifications for plans and materials for classroom facilities adopted by the commission.

(B)(1) No school district shall have a project conditionally approved pursuant to this section if the school district has...
already received any assistance for a project funded under any version of sections 3318.01 to 3318.20 of the Revised Code, and the prior project was one for which the electors of such district approved a levy within the last twenty years pursuant to any version of section 3318.06 of the Revised Code for purposes of qualifying for the funding of that project, unless the district demonstrates to the satisfaction of the commission that the district has experienced since approval of its prior project an exceptional increase in enrollment significantly above the district's design capacity under that prior project as determined by rule of the commission.

(2) Notwithstanding division (B)(1) of this section, any school district that received assistance under sections 3318.01 to 3318.20 of the Revised Code, as those sections existed prior to May 20, 1997, may receive additional assistance under those sections, as they exist on and after May 20, 1997, prior to the expiration of the period of time required under division (B)(1) of this section, if the percentile in which the school district is located, as determined under section 3318.011 of the Revised Code, is eligible for assistance as prescribed in section 3318.02 of the Revised Code.

The commission may provide assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to this division to no more than five school districts per fiscal year until all eligible school districts have received the additional assistance authorized under this division. The commission shall establish application procedures, deadlines, and priorities for funding projects under this division.

The commission at its discretion may waive current design specifications it has adopted for projects under sections 3318.01 to 3318.20 of the Revised Code when assessing an application for additional assistance under this division for the renovation of
classroom facilities constructed or renovated under a school district's previous project. If the commission finds that a school district's existing classroom facilities are adequate to meet all of the school district's needs, the commission may determine that no additional state assistance be awarded to a school district under this division.

In order for a school district to be eligible to receive any additional assistance under this division, the school district electors shall extend the school district's existing levy dedicated for maintenance of classroom facilities under Chapter 3318. of the Revised Code, pursuant to section 3318.061 of the Revised Code or shall provide equivalent alternative maintenance funds as specified in division (A)(2) of section 3318.06 of the Revised Code.

(3) Notwithstanding division (B)(1) of this section, any school district that has received assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, may receive additional assistance if the commission decides in favor of providing such assistance pursuant to section 3318.042 of the Revised Code.

(4) Notwithstanding division (B)(1) of this section, any school district that has opted to divide its entire classroom facilities needs into segments to be completed separately, as authorized by section 3318.034 of the Revised Code, and that has received assistance under sections 3318.01 to 3318.20 of the Revised Code for one of those segments may receive assistance under those sections for a subsequent segment. Assistance for any subsequent segment shall not include any additional work on a building included in a prior segment unless the district demonstrates to the satisfaction of the commission that the district has experienced since the completion of the prior segment an exceptional increase in enrollment in the grade levels housed.
in that building.

Sec. 3318.041. A school district ranked in the first through twenty-fifth percentiles may adopt and certify to the Ohio school facilities construction commission a resolution specifying a proposed project that meets the requirements of this chapter and the needs of the district, as confirmed through an on-site visit pursuant to section 3318.02 of the Revised Code. The commission shall consider such projects for conditional approval pursuant to section 3318.03 and shall encumber funds pursuant to section 3318.04 of the Revised Code in the order in which such resolutions are received.

Sec. 3318.042. (A) The board of education of any school district that is receiving assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, or under sections 3318.40 to 3318.45 of the Revised Code, and whose project is still under construction, may request that the Ohio school facilities construction commission examine whether the circumstances prescribed in either division (B)(1) or (2) of this section exist in the school district. If the commission so finds, the commission shall review the school district's original assessment and approved project and consider providing additional assistance to the school district to correct the prescribed conditions found to exist in the district. Additional assistance under this section shall be limited to additions to one or more buildings, remodeling of one or more buildings, or changes to the infrastructure of one or more buildings.

(B) Consideration of additional assistance to a school district under this section is warranted in either of the following circumstances:

(1) Additional work is needed to correct an oversight or...
deficiency not identified or included in the district's initial assessment.

(2) Other conditions exist that, in the opinion of the commission, warrant additions or remodeling of the project facilities or changes to infrastructure associated with the district's project that were not identified in the initial assessment and plan.

(C) If the commission decides in favor of providing additional assistance to any school district under this section, the school district shall be responsible for paying for its portion of the cost of the additions, remodeling, or infrastructure changes pursuant to section 3318.083 of the Revised Code. If, after making a financial evaluation of the school district, the commission determines that the school district is unable without undue hardship, according to the guidelines adopted by the commission, to fund the school district portion of the increase, then the state and the school district shall enter into an agreement whereby the state shall pay the portion of the cost increase attributable to the school district which is determined to be in excess of any local resources available to the district and the district shall thereafter reimburse the state. The commission shall establish the district's schedule for reimbursing the state, which shall not extend beyond ten years. The commission may lengthen the reimbursement schedule of a school district that has entered into an agreement under this section prior to the effective date of this amendment September 26, 2003, as long as the total term of that schedule does not extend beyond ten years. Debt incurred under this section shall not be included in the calculation of the net indebtedness of the school district under section 133.06 of the Revised Code.

Sec. 3318.05. The conditional approval of the Ohio school
facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.
(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required.
under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio school facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department.
that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the difference between twenty-three years and the number of years that the district made transfers under this section and shall be at the rate of not less than one-half mill for each dollar of the district's valuation. The district board shall continue to make the transfers agreed to under this section until that levy has been approved by the electors.

Sec. 3318.052. At any time after the electors of a school district have approved either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code for the purpose of
permanent improvements, including general permanent improvements, or a school district income tax levied under Chapter 5748. of the Revised Code, the proceeds of either of which, pursuant to the ballot measures approved by the electors, are not so restricted that they cannot be used to pay the costs of a project or maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification of the conditional approval of the school district's classroom facilities project by the Ohio school facilities construction commission, enter into a written agreement with the commission, which may be part of an agreement entered into under section 3318.08 of the Revised Code, and in which the school district board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that property tax levy, of that school district income tax, or of securities issued under this section, or of proceeds from any two or more of those sources, to pay all or part of the district's portion of the basic project cost of its classroom facilities project;

(2) Apply available proceeds of either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code in effect for a continuing period of time, or of a school district income tax levied under Chapter 5748. of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.

(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to
the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income tax levied under Chapter 5748. of the Revised Code that may lawfully be used to pay the costs of a classroom facilities project or of a tax levied under section 5705.21 or 5705.218 of the Revised Code to the payment of debt charges on and financing costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of the district's portion of the basic project cost of its classroom facilities project in accordance with an agreement entered into under division (A) of this section. Securities issued under this section shall be Chapter 133. securities and may be issued as general obligation securities or issued in anticipation of a school district income tax or as property tax anticipation notes under section 133.24 of the Revised Code. The district board's resolution authorizing the issuance and sale of general obligation securities under this section shall conform to the applicable requirements of section 133.22 or 133.23 of the Revised Code. Securities issued under this section shall have principal payments during each year after the year of issuance over a period of not more than twenty-three years and, if so determined by the district board, during the year of issuance. Securities issued under this
section shall not be included in the calculation of net indebtedness of the district under section 133.06 of the Revised Code, including but not limited to the limitation on unvoted indebtedness specified in division (G) of that section, or under section 3313.372 of the Revised Code, if the resolution of the district board authorizing their issuance and sale includes covenants to appropriate annually from lawfully available proceeds of a property tax levied under section 5705.21 or 5705.218 of the Revised Code or of a school district income tax levied under Chapter 5748. of the Revised Code and to continue to levy and collect the tax in amounts necessary to pay the debt charges on and financing costs related to the securities as they become due. No property tax levied under section 5705.21 or 5705.218 of the Revised Code and no school district income tax levied under Chapter 5748. of the Revised Code that is pledged, or that the school district board has covenanted to levy, collect, and appropriate annually, to pay the debt charges on and financing costs related to securities issued under this section shall be repealed while those securities are outstanding. If such a tax is reduced by the electors of the district or by the district board while those securities are outstanding, the school district board shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that year equal to the debt charges on the securities in that year, except that in the case of a school district income tax that amount shall be rounded up to the nearest one-fourth of one percent.

No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project
construction fund.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio school facilities construction commission set the scope, basic project cost, and school district portion of the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current assessed tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope and basic costs established under this division shall be valid for thirteen months from the date the commission approves them.

(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope and estimated costs. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the
following:

(1) Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district, or under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

(2) Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

(3) Encumber funds for the project under section 3318.11 of the Revised Code;

(4) Enter into an agreement with the district board under section 3318.08 of the Revised Code.

Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio school facilities construction commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

(1) That by issuing bonds in an amount equal to the school district's portion of the basic project cost the district is unable to provide adequate classroom facilities without assistance from the state;

(2) Unless the school district board has resolved to transfer money in accordance with section 3318.051 of the Revised Code or to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

(a) Levy a tax outside the ten-mill limitation the proceeds
of which shall be used to pay the cost of maintaining the classroom facilities included in the project;

(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.
(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and
that the proceeds of the tax shall be used to pay the cost of
maintaining the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the
board of education, when filing copies of the resolution with the
board of elections as required by division (D) of section 133.18
of the Revised Code, may direct the board of elections to include
in the notice of election the principal amount and approximate
date of each series, the maximum number of years over which the
principal of each series may be paid, the estimated additional
average property tax levy for each series, and the first calendar
year in which the tax is expected to be due for each series, in
addition to the information required to be stated in the notice
under divisions (E)(3)(a) to (e) of section 133.18 of the Revised
Code.

(C)(1) Except as otherwise provided in division (C)(2) of
this section, the form of the ballot to be used at such election
shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the ............ (here insert name
of school district) school district to pay the local share of
school construction under the State of Ohio Classroom Facilities
Assistance Program in the principal amount of ............ (here
insert principal amount of the bond issue), to be repaid annually
over a maximum period of ............ (here insert the maximum
number of years over which the principal of the bonds may be paid)
years, and an annual levy of property taxes be made outside the
ten-mill limitation, estimated by the county auditor to average
over the repayment period of the bond issue ............ (here
insert the number of mills estimated) mills for each one dollar of
tax valuation, which amounts to ............ (rate expressed in
cents or dollars and cents, such as "thirty-six cents" or "$0.36")
for each one hundred dollars of tax valuation to pay the annual
debt charges on the bonds and to pay debt charges on any notes
issued in anticipation of the bonds?"
and, unless the additional levy
of taxes is not required pursuant
to division (C) of section
3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of
twenty-three years to benefit the ............. (here insert name
of school district) school district, the proceeds of which shall
be used to pay the cost of maintaining the classroom facilities
included in the project at the rate of ............ (here insert the

(2) If authority is sought to issue bonds in more than one
series and the board of education so elects, the form of the
ballot shall be as prescribed in section 3318.062 of the Revised
Code. If the board of education elects the form of the ballot
prescribed in that section, it shall so state in the resolution
adopted under this section.

(D) If it is necessary for the school district to acquire a
site for the classroom facilities to be acquired pursuant to
sections 3318.01 to 3318.20 of the Revised Code, the district
board may propose either to issue bonds of the board or to levy a
tax to pay for the acquisition of such site, and may combine the
question of doing so with the questions specified in division (B)
of this section. Bonds issued under this division for the purpose
of acquiring a site are a general obligation of the school
district and are Chapter 133. securities.

The form of that portion of the ballot to include the question of either issuing bonds or levying a tax for site acquisition purposes shall be one of the following:

(1) "Shall bonds be issued by the ............ (here insert name of the school district) school district to pay costs of acquiring a site for classroom facilities under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ............ (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ............ (here insert maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue ............ (here insert number of mills) mills for each one dollar of tax valuation, which amount to ............ (here insert rate expressed in cents or dollars and cents, such as "thirty-six cents" or "$0.36") for each one hundred dollars of valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill limitation be made for the benefit of the ............ (here insert name of the school district) school district for the purpose of acquiring a site for classroom facilities in the sum of ............ (here insert annual amount the levy is to produce) estimated by the county auditor to average ............ (here insert number of mills) mills for each one hundred dollars of valuation, for a period of ............ (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of...
the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term
of that tax beyond the expiration of that tax as originally
approved under that section. The school district board may include
in the resolution a proposal to extend the term of that tax at the
rate of not less than one-half mill for each dollar of valuation
for a period of twenty-three years from the year in which the
school district board and the Ohio school facilities construction
commission enter into an agreement under division (B)(2) of
section 3318.04 of the Revised Code or in the following year, as
specified in the resolution. Such a resolution may be adopted at
any time before such an agreement is entered into and before the
tax levied pursuant to section 3318.06 of the Revised Code
expires. If the resolution is combined with a resolution to issue
bonds to pay the school district's portion of the basic project
cost, it shall conform with the requirements of divisions (A)(1),
(2), and (3) of section 3318.06 of the Revised Code, except that
the resolution also shall state that the tax levy proposed in the
resolution is an extension of an existing tax levied under that
section. A resolution proposing an extension adopted under this
section does not take effect until it is approved by a majority of
electors voting in favor of the resolution at a general, primary,
or special election as provided in this section.

A tax levy extended under this section is subject to the same
terms and limitations to which the original tax levied under
section 3318.06 of the Revised Code is subject under that section,
except the term of the extension shall be as specified in this
section.

The school district board shall certify a copy of the
resolution adopted under this section to the proper county board
of elections not later than ninety days before the date set in the
resolution as the date of the election at which the question will
be submitted to electors. The notice of the election shall conform
with the requirements of division (A)(3) of section 3318.06 of the
Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining classroom facilities constructed with the proceeds of the previously issued bonds at the rate of .......... (here insert the number of mills, which shall not be less than one-half mill) mills per dollar of tax valuation, be extended until ........ (here insert the year that is twenty-three years after the year in which the district and commission will enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or the following year)?

FOR EXTENDING THE EXISTING TAX LEVY

AGAINST EXTENDING THE EXISTING TAX LEVY

" 

Section 3318.07 of the Revised Code applies to ballot questions under this section.

Sec. 3318.07. The board of elections shall certify the result of the election to the tax commissioner, to the auditor of the county or counties in which the school district is located, to the treasurer of the school district board, and to the Ohio school facilities construction commission. The necessary tax levy for debt service on the bonds shall be included in the annual tax budget that is certified to the county budget commission or, if adoption of the tax budget is waived under section 5705.281 of the Revised Code, included among the tax rates required to be provided to the budget commission under that section.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to
3318.45 of the Revised Code, if the requisite favorable vote on
the election is obtained, or if the school district board has
resolved to apply the proceeds of a property tax levy or the
proceeds of an income tax, or a combination of proceeds from such
taxes, as authorized in section 3318.052 of the Revised Code, the
Ohio school facilities construction commission, upon certification
to it of either the results of the election or the resolution
under section 3318.052 of the Revised Code, shall enter into a
written agreement with the school district board for the
construction and sale of the project. In the case of a joint
vocational school district that receives assistance under sections
3318.40 to 3318.45 of the Revised Code, if the school district
board of education and the school district electors have satisfied
the conditions prescribed in division (D)(1) of section 3318.41 of
the Revised Code, the commission shall enter into an agreement
with the school district board for the construction and sale of
the project. In either case, the agreement shall include, but need
not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation
thereof, as soon as practicable after the execution of the
agreement, in an amount equal to the school district's portion of
the basic project cost, including any securities authorized under
division (J) of section 133.06 of the Revised Code and dedicated
by the school district board to payment of the district's portion
of the basic project cost of the project; provided, that if at
that time the county treasurer of each county in which the school
district is located has not commenced the collection of taxes on
the general duplicate of real and public utility property for the
year in which the controlling board approved the project, the
school district board shall authorize the issuance of a first
installment of bond anticipation notes in an amount specified by
the agreement, which amount shall not exceed an amount necessary
to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first
day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133. of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21 of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or
part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided
for under section 3318.084 of the Revised Code, including a
schedule for depositing such moneys applied as an offset of the
district's obligation to levy the tax described in division (B) of
section 3318.05 of the Revised Code as required under division
(D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period
of construction, which shall be divided between the commission and
the school district board in proportion to their respective
contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until
any obligations issued for the project under section 3318.26 of
the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from
the time there is an insurable interest therein and so long as the
state retains any ownership or interest in the project pursuant to
division (F) of this section, in such amounts and against such
risks as the commission shall require; provided, that the cost of
any required insurance until the project is completed shall be a
part of the basic project cost;

(I) The certification by the director of budget and
management that funds are available and have been set aside to
meet the state's share of the basic project cost as approved by
the controlling board pursuant to either section 3318.04 or
division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise
for and receive construction bids for the project, for and on
behalf of the commission, and to award contracts in the name of
the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school
district's project account upon issuance by the commission or the
commission's designated representative of vouchers for work done
to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the
district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school association when the board plans to dispose of facilities by sale under that section;
(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project;

(W) A requirement for the school district to adhere to a facilities maintenance plan approved by the commission.

Sec. 3318.081. If the board of education of a school district authorized to impose a tax pursuant to section 3318.06 of the Revised Code determines that taxable value of property subject to the tax has increased to the extent it will not be necessary to impose such tax for twenty-three years in order to generate an amount equal to the amount of the project cost supplied by the state, it may request the county auditor to determine the amount remaining to be paid and the estimated rate of taxation required each year to pay such remainder in equal installments over the maximum number of remaining years the tax may be in effect. The auditor shall make such determination upon request and certify the results thereof to the board of education.

Upon receipt of the auditor's determination, the board of education may request the Ohio school facilities construction commission to enter into a supplemental agreement under which the district may pay the remainder of the amount in annual amounts equal to the quotient obtained by dividing the amount remaining to be paid by the maximum number of remaining years the tax may be in effect. If such an agreement is entered into, the commission shall certify a copy thereof to the county auditor and the tax authorized by section 3318.06 of the Revised Code thereafter shall be levied at the rate required to make the annual payments required by the supplemental agreement rather than the rate
required by such section.

**Sec. 3318.082.** The board of education of any school district imposing a tax for the purpose of paying the state pursuant to section 3318.06 of the Revised Code prior to the effective date of the amendments to that section by Amended Substitute House Bill No. 748 of the 121st General Assembly, may enter into a supplemental agreement with the Ohio school facilities construction commission under which the proceeds of such tax shall be distributed in accordance with the requirements of section 3318.06 of the Revised Code, as amended by Amended Substitute House Bill No. 748 of the 121st general assembly.

**Sec. 3318.083.** If, after the Ohio school facilities construction commission and a school district enter into a written agreement under section 3318.08 of the Revised Code for the construction of a classroom facilities project, the commission approves an increase in the basic project cost above the amount budgeted plus any interest earned and available in the project construction fund, the state and the school district shall share the increased cost in proportion to their respective contributions to the district's project construction fund.

**Sec. 3318.084.** (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:

1. The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

2. If the school district is not a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the
Revised Code, an offset of all or part of a district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code, which shall be applied only in the manner prescribed in division (B) of this section;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated contribution under division (A)(2) of this section unless the Ohio school facilities construction commission first approves that application.

Upon the request of the school district board to apply local donated contribution under division (A)(2) of this section, the commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years necessary to generate the amount of a one-half mill tax not offset by the local donated contribution. Notwithstanding anything to the contrary in section 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the rate for which the district board shall seek elector approval under those sections to meet its obligation under division (B) of section 3318.05 of the Revised Code. In the case of a complete
offset of the district's obligation under division (B) of section 3318.05 of the Revised Code, the district shall not be required to levy the tax otherwise required under that section. At the end of the twenty-three-year period of the tax required under division (B) of section 3318.05 of the Revised Code, whether or not the tax is actually levied, the commission in consultation of the department of taxation shall recalculate the amount that would have been generated by the tax if it had been levied at one-half mill. If the total amount actually generated over that period from both the tax that was actually levied and any local donated contribution applied under division (A)(2) of this section is less than the amount that would have been raised by a one-half mill tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.

(C) As used in this section, "local donated contribution" means any of the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school
The district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The school district, the commission, and the entity providing the local donated contribution under division (C)(4) of this section shall enter into an agreement identifying the classroom facilities to be acquired by the expenditures made by that entity. The agreement shall include, but not be limited to, stipulations that require an audit by the commission of such expenditures made on behalf of the district and that specify the maximum amount of credit to be allowed for those expenditures. Upon completion of the construction or renovation, the commission shall determine the actual amount that the commission will credit, at the request of the district board, toward the district's portion of the basic project cost, any project cost overruns, or the basic project cost of future segments if the project has been divided into segments under section 3318.38 of the Revised Code. The actual amount of the credit shall not exceed the lesser of the amount specified in the agreement or the actual cost of the construction or
(D) No state moneys shall be released for a project to which this section applies until:

(1) Any local donated contribution authorized under division (A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.086. The construction budget for any project under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code shall contain a contingency reserve in an amount prescribed by the Ohio school facilities construction commission, which unless otherwise authorized by the commission, shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project.
Sec. 3318.091. (A) Promptly after the written agreement between the school district board and the Ohio school facilities construction commission has been entered into, the school district board shall proceed with the issuance of its bonds or notes in anticipation thereof pursuant to the provision of such agreement required by division (A) of section 3318.08 of the Revised Code and the deposit of the proceeds thereof in the school district's project construction fund pursuant to the provision of such agreement required by division (B) of section 3318.08 of the Revised Code, and the school district board, with the approval of the commission shall employ a qualified professional person or firm to prepare preliminary plans, working drawings, specifications, estimates of cost, and such data as the school district board and the commission consider necessary for the project. When the preliminary plans and preliminary estimates of cost have been prepared, and approved by the school district board, they shall be submitted to the commission for approval, modification, or rejection. The commission shall ensure that the plans and materials proposed for use in the project comply with specifications for plans and materials that shall be established by the commission. When such preliminary plans and preliminary estimates of cost and any modifications thereof have been approved by the commission and the school district board, the school district board shall cause such qualified professional person or firm to prepare the working drawings, specifications, and estimates of cost.

(B) Whenever project plans submitted to the commission for approval under division (A) of this section propose to locate a facility on a state route or United States highway or within one mile of a state route or United States highway, the commission shall send a copy of the plans to the director of transportation. The director of transportation shall review the plans to determine
the feasibility of the proposed ingress and egress to the facility, the traffic circulation pattern on roadways around the facility, and any improvements that would be necessary to conform the roadways to provisions of the manual adopted by the department of transportation pursuant to section 4511.09 of the Revised Code or state or federal law. The director of transportation shall provide a written summary of the director's findings to the commission in a timely manner. The commission shall consider the findings in deciding whether to approve the plans.

**Sec. 3318.10.** When such working drawings, specifications, and estimates of cost have been approved by the school district board and the Ohio school facilities construction commission, the treasurer of the school district board shall advertise for construction bids in accordance with section 3313.46 of the Revised Code. Such notices shall state that plans and specifications for the project are on file in the office of the commission and such other place as may be designated in such notice, and the time and place when and where bids therefor will be received.

The form of proposal to be submitted by bidders shall be supplied by the commission. Bidders may be permitted to bid upon all the branches of work and materials to be furnished and supplied, upon any branch thereof, or upon all or any thereof.

When the construction bids for all branches of work and materials have been tabulated, the commission shall cause to be prepared a revised estimate of the basic project cost based upon the lowest responsible bids received. If such revised estimate exceeds the estimated basic project cost as approved by the controlling board pursuant to section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code, no contracts may be entered into pursuant to this section unless such revised estimate...
is approved by the commission and by the controlling board. When such revised estimate has been prepared, and after such approvals are given, if necessary, and if the school district board has caused to be transferred to the project construction fund the proceeds from the sale of the first or first and final installment of its bonds or bond anticipation notes pursuant to the provision of the written agreement required by division (B) of section 3318.08 of the Revised Code, and when the director of budget and management has certified that there is a balance in the appropriation, not otherwise obligated to pay precedent obligations, pursuant to which the state's share of such revised estimate is required to be paid, the contract for all branches of work and materials to be furnished and supplied, or for any branch thereof as determined by the school district board, shall be awarded by the school district board to the lowest responsible bidder subject to the approval of the commission. Such award shall be made within sixty days after the date on which the bids are opened, and the successful bidder shall enter into a contract within ten days after the successful bidder is notified of the award of the contract.

Subject to the approval of the commission, the school district board may reject all bids and readvertise. Any contract made under this section shall be made in the name of the state and executed on its behalf by the president and treasurer of the school district board.

The provisions of sections 9.312 and 3313.46 of the Revised Code, which are applicable to construction contracts of boards of education, shall apply to construction contracts for the project.

The remedies afforded to any subcontractor, materials supplier, laborer, mechanic, or persons furnishing material or machinery for the project under sections 1311.26 to 1311.32 of the Revised Code, shall apply to contracts entered into under this
section and the itemized statement required by section 1311.26 of the Revised Code shall be filed with the school district board.

Notwithstanding any other requirement of this section, a school district, with the approval of the commission, may utilize any otherwise lawful alternative construction delivery method for the construction of the project.

Sec. 3318.11. For any project undertaken with financial assistance from the state under this chapter, the amount of state appropriations to be encumbered for the project in each fiscal year shall be determined by the Ohio school facilities construction commission based on the project's estimated construction schedule for that year. In each fiscal year subsequent to the first year in which state appropriations are encumbered for the project, the project has priority for state funds over projects for which initial state funding is sought.

Sec. 3318.112. (A) As used in this section, "solar-ready" means capable of accommodating the eventual installation of roof top, solar photovoltaic energy equipment.

(B) The Ohio school facilities construction commission shall adopt rules prescribing standards for solar-ready equipment in school buildings under their jurisdiction. The rules shall include, but not be limited to, standards regarding roof space limitations, shading and obstruction, building orientation, roof loading capacity, and electric systems.

(C) A school district may seek, and the commission may grant for good cause shown, a waiver from part or all of the standards prescribed under division (B) of this section.

Sec. 3318.12. (A) The Ohio school facilities construction commission shall cause to be transferred to the school district's
project construction fund the necessary amounts from amounts appropriated by the general assembly and set aside for such purpose, from time to time as may be necessary to pay obligations chargeable to such fund when due. All investment earnings of a school district's project construction fund shall be credited to the fund.

(B)(1) The treasurer of the school district board shall disburse funds from the school district's project construction fund, including investment earnings credited to the fund, only upon the approval of the commission or the commission's designated representative. The commission or the commission's designated representative shall issue vouchers against such fund, in such amounts, and at such times as required by the contracts for construction of the project.

(2) Notwithstanding anything to the contrary in division (B)(1) of this section, the school district board may, by a duly adopted resolution, choose to use all or part of the investment earnings of the district's project construction fund that are attributable to the district's contribution to the fund to pay the cost of classroom facilities or portions or components of classroom facilities that are not included in the district's basic project cost but that are related to the district's project. If the district board adopts a resolution in favor of using those investment earnings as authorized under division (B)(2) of this section, the treasurer shall disburse the amount as designated and directed by the board. However, if the district board chooses to use any part of the investment earnings for classroom facilities or portions or components of classroom facilities that are not included in the basic project cost, as authorized under division (B)(2) of this section, and, subsequently, the cost of the project exceeds the amount in the project construction fund, the district board shall restore to the project construction fund the full
amount of the investment earnings used under division (B)(2) of this section before any additional state moneys shall be released for the project.

(C) After a certificate of completion has been issued for a project under section 3318.48 of the Revised Code:

(1) At the discretion of the school district board, any investment earnings remaining in the project construction fund that are attributable to the school district's contribution to the fund shall be:

(a) Retained in the project construction fund for future projects;

(b) Transferred to the district's maintenance fund required by division (B) of section 3318.05 or section 3318.43 of the Revised Code, and the money so transferred shall be used solely for maintaining the classroom facilities included in the project;

(c) Transferred to the district's permanent improvement fund.

(2) Any investment earnings remaining in the project construction fund that are attributable to the state's contribution to the fund shall be transferred to the commission for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(3) Any other surplus remaining in the school district's project construction fund shall be transferred to the commission and the school district board in proportion to their respective contributions to the fund. The commission shall use the money transferred to it under this division for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(D) Pursuant to appropriations of the general assembly, any moneys transferred to the commission under division (C)(2) or (3)
of this section from a project construction fund for a project
under sections 3318.40 to 3318.45 of the Revised Code may be used
for future expenditures for projects under sections 3318.40 to
3318.45 of the Revised Code, notwithstanding the two per cent
annual limit specified in division (B) of section 3318.40 of the
Revised Code.

Sec. 3318.121. As used in this section, "big-eight school
district" has the same meaning as in section 3314.02 of the
Revised Code.

Notwithstanding any provision to the contrary in section
3318.12 or Chapter 5705. of the Revised Code, a big-eight school
district receiving assistance for a project under this chapter,
that has opted with the approval of the Ohio school facilities
construction commission to divide the project into discrete
segments to be completed sequentially, or otherwise, may, with the
approval of the commission or the commission's designated
representative, and pursuant to a resolution adopted by the school
district board, transfer to a special construction fund investment
earnings credited to the project construction fund that are
attributable to the district's contribution to that fund, if the
school district board and the commission, or its designated
representative, determine that the unspent amount of the
district's contribution to the project construction fund,
including any investment earnings on that contribution that are
not to be transferred to the special construction fund, together
with the principal amount of any additional securities authorized
by the voters of the district to be issued to pay the local share
of the basic project cost of the entire project that have not yet
been issued by the district, are projected at the time of the
transfer to be not less than one hundred ten per cent of the
amount required to provide for the entire remaining local share of
the basic project cost because of reductions in the scope and
estimated cost of the project that have been incorporated in the
district's approved master facilities plan. The money in that
special construction fund, including investment earnings
attributable to money in that fund, shall be used by the district
solely to pay costs of classroom facilities (A) in later segments
of the project that are consistent with the specifications for
plans and materials for classroom facilities adopted by the
commission and those specifications used by the district for
classroom facilities included in one or more prior segments, but
which would cause the cost of the facilities in one or more later
segments to be in excess of the approved budgeted basic project
cost for the segment to be shared by the state and the district in
proportion to the state's and the school district's respective
shares of the basic project cost as determined under section
3318.032 of the Revised Code, or (B) that were included in the
master facilities plan prior to the reduction in scope. All
investment earnings on a district's special construction fund
shall be credited to the fund. After the entire project has been
completed, any investment earnings remaining in the special
construction fund shall be transferred to the district's
maintenance fund required by division (B) of section 3318.05 of
the Revised Code, and used solely for maintaining the classroom
facilities included in the project.

Sec. 3318.13. Notwithstanding any provision of sections
5705.27 to 5705.50 of the Revised Code, the tax to be levied on
all taxable property within a school district for the purpose of
paying the cost of maintaining the classroom facilities included
in the project under the agreement provided in section 3318.08 of
the Revised Code or the supplemental agreement provided in section
3318.081 of the Revised Code shall be included in the budget of
the school district for each year upon the certification to the
county budget commission or commissions of the county or counties
in which said school district is located, by the Ohio school facilities construction commission of the balance due the state under said agreement or supplemental agreement. Such certification shall be made on or before the fifteenth day of July in each year. Thereafter, the respective county budget commissions shall treat such certification as an additional item on the tax budget for the school district as to which such certification has been made and shall provide for the levy therefor in the manner provided in sections 5705.27 to 5705.50 of the Revised Code for tax levies included directly in the budgets of the subdivisions.

The levy of taxes shall be included in the next annual tax budget that is certified to the county budget commission after the execution of the agreement for the project.

Sec. 3318.15. There is hereby created the public school building fund within the state treasury consisting of any moneys transferred or appropriated to the fund by the general assembly, moneys paid into or transferred in accordance with section 3318.47 of the Revised Code, and any grants, gifts, or contributions received by the Ohio school facilities construction commission to be used for the purposes of the fund. All investment earnings of the fund shall be credited to the fund.

Moneys transferred or appropriated to the fund by the general assembly and moneys in the fund from grants, gifts, and contributions shall be used for the purposes of Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.16. The Ohio school facilities construction commission shall have an interest in real property purchased with moneys in the school district's project construction fund.

Once obligations issued to finance a project under section 3318.26 of the Revised Code are no longer outstanding, any
interest held by the commission shall be transferred to the school district.

**Sec. 3318.18.** (A) As used in this section:

(1) "Valuation" of a school district means the sum of the amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.

(3) "Statewide average valuation per pupil" means the total of the valuations of all school districts divided by the total of the formula ADMs of all school districts as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (C) of this section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08, or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio school facilities construction commission under section 3318.08 or division (B)(1) of section 3318.36 of the Revised Code.
(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district, and provide them to the Ohio school facilities construction commission. On or before the first day of July each year beginning in 2007, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio school facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil as most recently provided to the commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department of education for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department of education, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.

(3) The amount computed for a school district under division...
(C) (1) or (2) of this section shall not change for the period during which payments are made to the district under division (D) of this section.

(4) A computation need not be made under division (C) (1) or (2) of this section for a school district that certified a resolution to the commission under division (D) (3) of section 3318.36 of the Revised Code until the district becomes eligible for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each school district for which a computation has been made under division (C) of this section, the department of education shall pay the amount computed to each such school district. Payments shall be made to a school district each year until and including the tax year in which the district's maintenance levy requirement terminates. Payments shall be paid from the half-mill equalization fund, subject to appropriation by the general assembly. However, the department shall make no payments under this section to any district that elects the procedure authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section shall be credited to the district's classroom facilities maintenance fund and shall be used only for the purpose of maintaining facilities constructed or renovated under the project agreement.

(F) There is hereby created in the state treasury the half-mill equalization fund. The fund shall receive transfers pursuant to section 5727.85 of the Revised Code. The fund shall be used first to make annual payments under division (D) of this section. If a balance remains in the fund after such payments are made in full for a year, the Ohio school facilities construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school
building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

**Sec. 3318.22.** (A) The general assembly finds that many school districts are prevented by their size, tax base, or other conditions from performing their essential functions as agencies of state government to provide adequate classroom facilities and issuing securities under Chapter 133. of the Revised Code at favorable interest rates or charges. Accordingly, the Ohio school facilities construction commission is invested with the powers and duties provided in sections 3318.21 to 3318.29 of the Revised Code in order to provide deserved assistance and materially contribute to the educational revitalization of such school districts and result in improving the education and welfare of all the people of the state.

(B) Sections 3318.21 to 3318.29 of the Revised Code do not authorize the commission or the issuing authority to incur bonded indebtedness of the state or any political subdivision of the state, or to obligate or pledge moneys raised by taxation for the payment of any bonds or notes issued pursuant to sections 3318.21 to 3318.29 of the Revised Code.

**Sec. 3318.25.** There is hereby created in the state treasury the school building program assistance fund. The fund shall consist of the proceeds of obligations issued for the purposes of such fund pursuant to section 3318.26 of the Revised Code that are payable from moneys in the lottery profits education fund created in section 3770.06 of the Revised Code or pursuant to section 151.03 of the Revised Code. All investment earnings of the fund shall be credited to the fund. Moneys in the fund shall be used as...
directed by the Ohio school facilities construction commission for
the cost to the state of constructing classroom facilities under
Chapter 3318. of the Revised Code as prescribed by the general
assembly.

Sec. 3318.26. (A) The provisions of this section apply only to obligations issued by the issuing authority prior to December 1, 1999.

(B) Subject to the limitations provided in section 3318.29 of the Revised Code, the issuing authority, upon the certification by the Ohio school facilities construction commission to the issuing authority of the amount of moneys or additional moneys needed in the school building program assistance fund for the purposes of sections 3318.01 to 3318.20 and sections 3318.40 to 3318.45 of the Revised Code, or needed for capitalized interest, for funding reserves, and for paying costs and expenses incurred in connection with the issuance, carrying, securing, paying, redeeming, or retirement of the obligations or any obligations refunded thereby, including payment of costs and expenses relating to letters of credit, lines of credit, insurance, put agreements, standby purchase agreements, indexing, marketing, remarketing and administrative arrangements, interest swap or hedging agreements, and any other credit enhancement, liquidity, remarketing, renewal, or refunding arrangements, all of which are authorized by this section, shall issue obligations of the state under this section in the required amount. The proceeds of such obligations, except for obligations issued to provide moneys for the school building program assistance fund shall be deposited by the treasurer of state in special funds, including reserve funds, as provided in the bond proceedings. The issuing authority may appoint trustees, paying agents, and transfer agents and may retain the services of financial advisors and accounting experts and retain or contract for the services of marketing, remarketing, indexing, and
administrative agents, other consultants, and independent contractors, including printing services, as are necessary in the issuing authority's judgment to carry out this section. The costs of such services are payable from the school building program assistance fund or any special fund determined by the issuing authority.

(C) The holders or owners of such obligations shall have no right to have moneys raised by taxation obligated or pledged, and moneys raised by taxation shall not be obligated or pledged, for the payment of bond service charges. Such holders or owners shall have no rights to payment of bond service charges from any money or property received by the commission, treasurer of state, or the state, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations and except as otherwise expressly provided in the applicable bond proceedings pursuant to written directions by the treasurer of state. The right of such holders and owners to payment of bond service charges shall be limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings in accordance with this section, and each such obligation shall bear on its face a statement to that effect.

(D) Obligations shall be authorized by resolution or order of the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding the limits specified in section 3318.29 of the Revised Code, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their
denomination, and the establishment within or without the state of 31102
a place or places of payment of bond service charges. Sections 31103
9.98 to 9.983 of the Revised Code are applicable to obligations 31104
issued under this section, subject to any applicable limitation 31105
under section 3318.29 of the Revised Code. The purpose of such 31106
obligations may be stated in the bond proceedings in terms 31107
describing the general purpose or purposes to be served. The bond 31108
proceedings shall also provide, subject to the provisions of any 31109
other applicable bond proceedings, for the pledge of all, or such 31110
part as the issuing authority may determine, of the pledged 31111
receipts and the applicable special fund or funds to the payment 31112
of bond service charges, which pledges may be made either prior or 31113
subordinate to other expenses, claims, or payments, and may be 31114
made to secure the obligations on a parity with obligations 31115
theretofore or thereafter issued, if and to the extent provided in 31116
the bond proceedings. The pledged receipts and special funds so 31117
pledged and thereafter received by the state are immediately 31118
subject to the lien of such pledge without any physical delivery 31119
thereof or further act, and the lien of any such pledges is valid 31120
and binding against all parties having claims of any kind against 31121
the state or any governmental agency of the state, irrespective of 31122
whether such parties have notice thereof, and shall create a 31123
perfected security interest for all purposes of Chapter 1309. of 31124
the Revised Code, without the necessity for separation or delivery 31125
of funds or for the filing or recording of the bond proceedings by 31126
which such pledge is created or any certificate, statement or 31127
other document with respect thereto; and the pledge of such 31128
pledged receipts and special funds is effective and the money 31129
therefrom and thereof may be applied to the purposes for which 31130
pledged without necessity for any act of appropriation, except as 31131
required by section 3770.06 of the Revised Code. Every pledge, and 31132
every covenant and agreement made with respect thereto, made in 31133
the bond proceedings may therein be extended to the benefit of the 31134
owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.

(E) The bond proceedings may contain additional provisions as to:

(1) The redemption of obligations prior to maturity at the option of the issuing authority at such price or prices and under such terms and conditions as are provided in the bond proceedings;

(2) Other terms of the obligations;

(3) Limitations on the issuance of additional obligations;

(4) The terms of any trust agreement or indenture securing the obligations or under which the same may be issued;

(5) The deposit, investment and application of special funds, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131., 133., or 135. of the Revised Code, but subject to any special provisions of sections 3318.21 to 3318.29 of the Revised Code, with respect to particular funds or moneys, provided that any bank or trust company that acts as depository of any moneys in the special funds may furnish such indemnifying bonds or may pledge such securities as required by the issuing authority;

(6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) The lease or sublease of any interest of the school district or the state in one or more projects as defined in
division (C) of section 3318.01 of the Revised Code, or in one or more permanent improvements, to or from the issuing authority, as provided in one or more lease or sublease agreements between the school or the state and the issuing authority;

(9) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on the date of such bonds or coupons such person was not the issuing authority. In case the issuing authority whose signature or a facsimile of whose signature appears on any such obligation or coupon ceases to be the issuing authority before delivery thereof, such signature or facsimile is nevertheless valid and sufficient for all purposes as if the issuing authority had remained the issuing authority until such delivery; and in case the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(G) All obligations are negotiable instruments and securities under Chapter 1308. of the Revised Code, subject to the provisions of the bond proceedings as to registration. The obligations may be issued in coupon or in registered form, or both, as the issuing authority determines. Provision may be made for the registration of any obligations with coupons attached thereto as to principal alone or as to both principal and interest, their exchange for obligations so registered, and for the conversion or reconversion
into obligations with coupons attached thereto of any obligations registered as to both principal and interest, and for reasonable charges for such registration, exchange, conversion, and reconversion.

(H) Obligations may be sold at public sale or at private sale, as determined in the bond proceedings.

(I) Pending preparation of definitive obligations, the issuing authority may issue interim receipts or certificates which shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations may be secured additionally by a trust agreement or indenture between the issuing authority and a corporate trustee which may be any trust company or bank having a place of business within the state. Any such agreement or indenture may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions that are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

1. Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

2. In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

3. The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of
obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the commission, or the director of budget and management required by sections 3318.21 to 3318.29 of the Revised Code or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the commission, or the director of budget and management in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state or the commission, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the issuing authority or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power
to take possession of, mortgage, or cause the sale or otherwise dispose of any permanent improvement.

Each duty of the issuing authority and the issuing authority's officers and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or loan made under authority of sections 3318.21 to 3318.29 of the Revised Code, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.

The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and also are acceptable as security for the deposit of public moneys.
(M) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no front end load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds established in accordance with section 1111.14 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (B)(1)(c) of that section. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing authority determines or authorizes.

(N) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise
provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(O) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions shall be controlling notwithstanding any other provisions of law pertaining thereto.

(P) The issuing authority may covenant in the bond proceedings, and any such covenants shall be controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be operated the state lottery, including the transfers to and from the lottery profits education fund created in section 3770.06 of the Revised Code so that the pledged receipts shall be sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond proceedings;

(2) Take or permit no action, by statute or otherwise, that would impair the exclusion from gross income for federal income tax purposes of the interest on any obligations designated by the bond proceeding as tax-exempt obligations.

(Q) There is hereby created the school building program bond
service fund, which shall be in the custody of the treasurer of
state but shall be separate and apart from and not a part of the
state treasury. All moneys received by or on account of the
issuing authority or state agencies and required by the applicable
bond proceedings, consistent with this section, to be deposited,
transferred, or credited to the school building program bond
service fund, and all other moneys transferred or allocated to or
received for the purposes of the fund, shall be deposited and
credited to such fund and to any separate accounts therein,
subject to applicable provisions of the bond proceedings, but
without necessity for any act of appropriation, except as required
by section 3770.06 of the Revised Code. During the period
beginning with the date of the first issuance of obligations and
continuing during such time as any such obligations are
outstanding, and so long as moneys in the school building program
bond service fund are insufficient to pay all bond service charges
on such obligations becoming due in each year, a sufficient amount
of the moneys from the lottery profits education fund included in
pledged receipts, subject to appropriation for such purpose as
provided in section 3770.06 of the Revised Code, are committed and
shall be paid to the school building program bond service fund in
each year for the purpose of paying the bond service charges
becoming due in that year. The school building program bond
service fund is a trust fund and is hereby pledged to the payment
of bond service charges solely on obligations issued to provide
moneys for the school building program assistance fund to the
extent provided in the applicable bond proceedings, and payment
thereof from such fund shall be made or provided for by the
treasurer of state in accordance with such bond proceedings
without necessity for any act of appropriation except as required
by section 3770.06 of the Revised Code.

(R) The obligations, the transfer thereof, and the income
therefrom, including any profit made on the sale thereof, at all
times shall be free from taxation within the state.

Sec. 3318.311. Not later than six months after September 14,
2000, the Ohio school facilities construction commission shall
establish design specifications for classroom facilities that are
appropriate for joint vocational education programs. The
specifications shall provide standards for appropriate pupil
instruction space but shall not include standards for any
vocational education furnishings or equipment that is not
comparable to, or the vocational education equivalent of, the
furnishings or equipment for which assistance is available to
other school districts under sections 3318.01 to 3318.20 of the
Revised Code.

Beginning September 1, 2003, from time to time the commission
may amend the specifications as determined necessary by the
commission; however, any project under sections 3318.40 to 3318.45
of the Revised Code approved by the commission prior to the most
recent amendment to the specifications shall not be subject to the
provisions of such amendment.

Sec. 3318.351. (A) As used in this section:

(1) "Classroom facilities" has the same meaning as in section
3318.01 of the Revised Code.

(2) "Emergency project" means reconstruction or renovation of
or repair to any classroom facilities made necessary because of
damage due to an act of God.

(3) "Eligible school district" means any school district in
the first through one-hundredth percentiles as determined under
section 3318.011 of the Revised Code.

(B)(1) There is hereby established the school building
emergency assistance program, under which the Ohio school
facilities construction commission shall distribute grants to
eligible school districts from moneys specifically appropriated by the general assembly for the purposes of this section to assist in emergency projects. Any assistance under this section shall be used to pay the cost of only the portion of an emergency project that is not covered by insurance or other public or private emergency assistance received by or payable to the school district. Any damage to classroom facilities caused by age of the facilities or by lack of timely maintenance to the facilities shall not constitute damage that is subject to assistance under this section.

(2) The commission shall establish procedures and deadlines for eligible school districts to follow in applying for assistance under this section. The commission shall consider such applications on a case-by-case basis taking into account the amount of moneys available under this section.

(3) Every effort shall be made to conform an emergency project to design specifications adopted by the commission, including minimum capacity requirements adopted under section 3318.03 of the Revised Code, unless in the judgment of the commission it is not possible to conform the project to such specifications.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities construction commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement.
under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school facilities construction commission may enter into an agreement with the board of any school district under which the board may proceed with the new construction or major repairs of a part of the district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections, and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the district's classroom facilities needs, as recalculated under division (E) of
this section, when the district becomes eligible for state assistance under sections 3318.01 to 3318.20 or section 3318.364 of the Revised Code. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program.

The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code or priority for assistance under section 3318.364 of the Revised Code, the commission shall use the district's percentile ranking...
determined at the time the district entered into the agreement
under this section, as prescribed by division (A)(2) of this
section.

(4) Any project under this section shall comply with section
3318.03 of the Revised Code and with any specifications for plans
and materials for classroom facilities adopted by the commission
under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under
this section has not begun a project applying local resources as
provided for under that agreement at the time the district is
notified by the commission that it is eligible to receive state
assistance under sections 3318.01 to 3318.20 of the Revised Code,
all assessment and agreement documents entered into under this
section are void.

(6) Only construction of or repairs to classroom facilities
that have been approved by the commission and have been therefore
included as part of a district's basic project cost qualify for
application of local resources under this section.

(C) Based on the results of on-site visits and assessment,
the commission shall determine the basic project cost of the
school district's classroom facilities needs. The commission shall
determine the school district's portion of such basic project
cost, which shall be the greater of:

(1) The required percentage of the basic project costs,
determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net
bonded indebtedness, as of the fiscal year the commission and the
school district enter into the agreement under division (B) of
this section, to within five thousand dollars of the required
level of indebtedness.

(D)(1) When the commission determines the basic project cost
of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new construction of or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the
(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax.
otherwise required under division (D)(2)(a) of this section for
the maintenance of the classroom facilities included in the basic
project cost as determined by the commission.

(3) A school district board may opt to delay taking any of
the actions described in division (D)(2) of this section until the
school district becomes eligible for state assistance under
sections 3318.01 to 3318.20 of the Revised Code. In order to
exercise this option, the board shall certify to the commission a
resolution indicating the board's intent to do so prior to
entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district
board opts to delay levying an additional tax until the district
becomes eligible for state assistance, it shall submit the
question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if
it will also be necessary pursuant to division (E) of this section
to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code
if it is not necessary to also submit a proposal for approval of a
bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of
the Revised Code shall be released until a school district board
that adopts and certifies a resolution under division (D) of this
section also demonstrates to the satisfaction of the commission
compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of
this section shall be deposited into a separate fund as specified
in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state
assistance under sections 3318.01 to 3318.20 of the Revised Code
based on its percentile ranking under division (B)(3) of this
section or is offered assistance under section 3318.364 of the Revised Code, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the
school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

Sec. 3318.362. This section applies only to a school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

A school district board that enters into an agreement with the Ohio school facilities construction commission under division (B) of section 3318.36 of the Revised Code may propose for issuance any bonds necessary for its participation in the program under section 3318.36 of the Revised Code for any number of years not exceeding the term calculated pursuant to section 133.20 of the Revised Code. Any moneys received from the state under
division (E)(2) of section 3318.36 of the Revised Code shall be applied, as agreed in writing by the school district board and the commission, to pay debt service on outstanding bonds or bond anticipation notes issued by the school district board for its participation in the expedited local partnership program, including by placing those moneys in an applicable escrow fund under division (D) of section 133.34 of the Revised Code.

**Sec. 3318.363.** (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio school facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has determined the state and school district portion of the basic
project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.

(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

\[
\text{Adjusted Valuation per Pupil} = \left(\frac{\text{District's Total Taxable Value for the Tax Year Preceding the Calendar Year in Which the Current Fiscal Year Begins}}{\text{District's Formula ADM for the Previous Fiscal Year}}\right) - \left[\$30,000 \times (1 - \text{District's Income Factor})\right].
\]

(D) At the request of the Ohio school facilities construction commission, the department of education shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of the Revised Code.

Sec. 3318.364. In any fiscal year, the Ohio school facilities construction commission may, at its discretion, provide assistance under sections 3318.01 to 3318.20 of the Revised Code to a school district that has entered into an expedited local partnership agreement under section 3318.36 of the Revised Code before the district is otherwise eligible for that assistance based on its percentile rank, if the commission determines all of the following:
(A) The district has made an expenditure of local resources under its expedited local partnership agreement on a discrete part of its district-wide project.

(B) The district is ready to complete its district-wide project or a segment of the project, in accordance with section 3318.034 of the Revised Code.

(C) The district is in compliance with division (D)(2) of section 3318.36 of the Revised Code.

(D) Sufficient state funds have been appropriated for classroom facilities projects for the fiscal year to pay the state share of the district's project or segment after paying the state share of projects for all of the following:

(1) Districts that previously had their conditional approval lapse pursuant to section 3318.05 of the Revised Code;

(2) Districts eligible for assistance under division (B)(2) of section 3318.04 of the Revised Code;

(3) Districts participating in the exceptional needs school facilities assistance program under section 3318.37 or 3318.371 of the Revised Code;

(4) Districts participating in the accelerated urban school building assistance program under section 3318.38 of the Revised Code.

Assistance under this section shall be offered to eligible districts in the order of their percentile rankings at the time they entered into their expedited local partnership agreements, from lowest to highest percentile. In the event that more than one district has the same percentile ranking, those districts shall be offered assistance in the order of the date they entered into their expedited local partnership agreements, from earliest to latest date.
As used in this section, "local resources" and "percentile" have the same meanings as in section 3318.36 of the Revised Code.

Sec. 3318.37. (A)(1) As used in this section:

(a) "Full maintenance amount" has the same meaning as in section 3318.034 of the Revised Code.

(b) A "school district with an exceptional need for immediate classroom facilities assistance" means a school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students.

(2) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio school facilities construction commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio school facilities construction commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities.
facilities assistance.

(2) (a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the
district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

(D)(1) When undertaking a project under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under the project, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the project under this section.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a project under this section as follows:
The full maintenance amount X (the school district's portion of the basic project cost under this section / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of projects under this section, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under each project for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (D)(2) of this section for each of the district's prior projects under this section

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (D)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to meet its entire classroom facilities needs with a project under sections 3318.01 to 3318.20 of the Revised Code and had not undertaken one or more projects under this section.

(5) If a school district commenced a project under this section prior to the effective date of this amendment September
but has not completed that project, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (D)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

**Sec. 3318.371.** The Ohio school facilities construction commission may provide assistance under the exceptional needs school facilities program established by section 3318.37 of the Revised Code to any school district for the purpose of the relocation or replacement of classroom facilities required as a result of any contamination of air, soil, or water that impacts the occupants of the facility.

The commission shall make a determination in accordance with guidelines adopted by the commission regarding eligibility and funding for projects under this section. The commission may contract with an independent environmental consultant to conduct a study to assist the commission in making the determination.

If the federal government or other public or private entity provides funds for restitution of costs incurred by the state or school district in the relocation or replacement of the classroom facilities, the school district shall use such funds in excess of the school district's share to refund the state for the state's contribution to the environmental contamination portion of the project. The school district may apply an amount of such restitution funds up to an amount equal to the school district's portion of the project, as defined by the commission, toward paying its portion of that project to reduce the amount of bonds.
the school district otherwise must issue to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.38. (A) As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

(B) There is hereby established the accelerated urban school building assistance program. Under the program, notwithstanding section 3318.02 of the Revised Code, any big-eight school district that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code by July 1, 2002, may beginning on that date apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

The Ohio school facilities construction commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:

(a) Not later than June 30, 2002, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each big-eight school district eligible for assistance under this section;

(b) Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.
(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

(3) Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight school district eligible for assistance under this section may with the approval of the commission opt to divide the project as approved under division (B)(1)(b) of this section into discrete segments to be completed sequentially. Any project divided into segments shall comply with all other provisions of sections 3318.05, 3318.06, and 3318.08 of the Revised Code except as otherwise specified in this division.

If a project is divided into segments under this division:

(a) The school district need raise only the amount equal to its proportionate share, as determined under section 3318.032 of the Revised Code, of each segment at any one time and may seek voter approval of each segment separately;

(b) The state's proportionate share, as determined under section 3318.032 of the Revised Code, of only the segment which has been approved by the school district electors or for which the district has applied a local donated contribution under section 3318.084 of the Revised Code shall be encumbered in accordance with section 3318.11 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.
(c) The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.

(C) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project under this section, or of the entire project if it is not divided into segments, shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.

**Sec. 3318.40.** (A)(1) Sections 3318.40 to 3318.45 of the Revised Code apply only to joint vocational school districts.

(2) As used in sections 3318.40 to 3318.45 of the Revised Code:

(a) "Ohio school facilities construction commission," "classroom facilities," "project," and "basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(B) There is hereby established the vocational school facilities assistance program. Under the program, the Ohio school facilities construction commission shall provide assistance to joint vocational school districts for the acquisition of classroom facilities suitable to the vocational education programs of the districts in accordance with sections 3318.40 to 3318.45 of the Revised Code. For purposes of the program, beginning July 1, 2003, the commission annually may set aside up to two per cent of the
aggregate amount appropriated to it for classroom facilities assistance projects in the public school building fund, established under section 3318.15 of the Revised Code, and the school building program assistance fund, established under section 3318.25 of the Revised Code.

(C) The commission shall not provide assistance for any distinct part of a project under sections 3318.40 to 3318.45 of the Revised Code that when completed will be used exclusively for an adult education program or exclusively for operation of a driver training school for instruction leading to the issuance of a commercial driver's license under Chapter 4506. of the Revised Code, except for life safety items and basic building components necessary for complete and continuous construction or renovation of a classroom facility as determined by the commission.

(D) The commission shall not provide assistance under sections 3318.40 to 3318.45 of the Revised Code to acquire classroom facilities for vocational educational instruction at a location under the control of a school district that is a member of a joint vocational school district. Any assistance to acquire classroom facilities for vocational educational instruction at such location shall be provided to the school district that is a member of the joint vocational school district through other provisions of this chapter when that member school district is eligible for assistance under those provisions.

(E) By September 1, 2003, the commission shall assess the classroom facilities needs of at least five joint vocational school districts, according to the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, and based on the results of those assessments shall determine the extent to which amendments to the specifications adopted under section 3318.311 of the Revised Code are warranted. The commission, thereafter, may amend the specifications as provided in that
(F) After the commission has conducted the assessments prescribed in division (E) of this section, the commission shall establish, by rule adopted in accordance with section 111.15 of the Revised Code, guidelines for the commission to use in deciding whether to waive compliance with the design specifications adopted under section 3318.311 of the Revised Code when determining the number of facilities and the basic project cost of projects as prescribed in division (A)(1)(a) of section 3318.41 of the Revised Code. The guidelines shall address the following situations:

1. Under what circumstances, if any, particular classroom facilities are adequate to meet the needs of the school district even though the facilities do not comply with the specifications adopted under section 3318.311 of the Revised Code;

2. Under what circumstances, if any, particular classroom facilities will be renovated or repaired rather than replaced by construction of new facilities.

Sec. 3318.41. (A)(1) The Ohio school facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:
(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal year. In the event of approval by
the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the
conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within thirteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section...
3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the department of education shall do all of the following:

(1) Calculate the valuation per pupil of each joint vocational school district according to the following formula:

\[
\frac{\text{The school district's average taxable value}}{\text{the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year}}
\]

For purposes of this calculation:

(a) "Average taxable value" means the average of the amounts certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

(b) "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

(2) Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;
(3) Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school district with the highest three-year average valuation per pupil;

(4) Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one percent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing the one percent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1) to (4) of this section to the Ohio school facilities construction commission.

(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one per cent times the percentile in which the district ranks, except that no school district's portion shall be less than twenty-five per cent or greater than ninety-five per cent of the basic project cost.

Sec. 3318.43. Each year for twenty-three successive years after the commencement of a joint vocational school district's project under sections 3318.40 to 3318.45 of the Revised Code, the board of education of that school district shall deposit into a separate maintenance account or into the school district's capital and maintenance fund established under section 3315.18 of the
Revised Code, school district moneys dedicated to maintenance of the classroom facilities acquired under sections 3318.40 to 3318.45 of the Revised Code in an amount equal to one and one-half of one per cent of the current insurance value of the classroom facilities acquired under the project, which value shall be subject to the approval of the Ohio school facilities construction commission.

Sec. 3318.46. By rule adopted in accordance with section 111.15 of the Revised Code, the Ohio school facilities construction commission shall establish a program whereby the board of education of any joint vocational school district may enter into an agreement with the commission under which the board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.40 to 3318.45 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under sections 3318.40 to 3318.45 of the Revised Code. The program shall be structured in a manner similar to the program established under section 3318.36 of the Revised Code. The program shall be operational on July 1, 2004.

Sec. 3318.48. (A) When all of the following have occurred, a project undertaken by a school district pursuant to this chapter shall be considered complete and the Ohio school facilities construction commission shall issue a certificate of completion to the district board of education:

(1) All facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the board has received a permanent certificate of occupancy for each of those facilities.
(2) The commission has issued certificates of contract completion on all prime construction contracts entered into by the board under section 3318.10 of the Revised Code.

(3) The commission has completed a final accounting of the district's project construction fund and has determined that all payments from the fund were made in compliance with all policies of the commission.

(4) Any litigation concerning the project has been finally resolved with no chance of appeal.

(5) All construction management services typically provided by the commission to school districts have been delivered and the commission has canceled any remaining encumbrance of funds for those services.

(B) The commission may issue a certificate of completion to a district board prior to all of the conditions described in division (A) of this section being satisfied, if the commission determines that the circumstances preventing the conditions from being satisfied are so minor in nature that the project should be considered complete. When issuing a certificate of completion under this division, the commission may specify any of the following:

(1) Any construction or work that has yet to be completed and the manner in which the board shall oversee its completion, which may include procedures for reporting progress to the commission and for accounting of expenditures;

(2) Terms and conditions for the resolution of any pending litigation;

(3) Any remaining responsibilities of the construction manager regarding the project.

(C) The commission may issue a certificate of completion to a
district board that does not voluntarily participate in the
process of closing out the district's project, if the construction
manager for the project verifies that all facilities to be
constructed under the project, as specified in the project
agreement entered into under section 3318.08 of the Revised Code,
have been completed and the commission determines that those
facilities have been occupied for at least one year. In that case,
all funds due to the commission under division (C) of section
3318.12 of the Revised Code shall be returned to the commission
not later than thirty days after receipt of the certificate of
completion. If the funds due to the commission have not been
returned within sixty days after receipt of the certificate of
completion, the auditor of state shall issue a finding for
recovery against the school district and shall request legal
action under section 117.42 of the Revised Code.

(D) Upon issuance of a certificate of completion under this
section, the commission's ownership of and interest in the
project, as specified in division (F) of section 3318.08 of the
Revised Code, shall cease. This cessation shall not alter or
otherwise affect the state's or commission's interest in the
project or any limitations on the use of the project as specified
in the project agreement pursuant to divisions (G), (M), and (N)
of that section or as specified in section 3318.16 of the Revised
Code.

Sec. 3318.49. (A) The corrective action program is hereby
established to provide funding for the correction of work, in
connection with a project funded under sections 3318.01 to 3318.20
or sections 3318.40 to 3318.45 of the Revised Code, that is found
after occupancy of the facility to be defective or to have been
omitted.

(B) The Ohio school facilities construction commission may
provide funding under this section only if the school district notifies the executive director of the commission of the defective or omitted work within five years after occupancy of the facility for which the district seeks the funding.

(C) The commission shall establish procedures and deadlines for school districts to follow in applying for assistance under this section. The procedures shall include definitions of "defective" and "omitted," and shall require that remediation efforts focus first on engaging the respective contractors that designed and constructed the areas that have design or construction-related issues. The commission shall consider applications on a case-by-case basis, taking into account the amount of money appropriated and available for purposes of this section.

(D) The commission may provide funding assistance necessary to take corrective measures after evaluating the defective or omitted work.

(1) If the work to be corrected or remediated is part of a project not yet completed, the commission may amend the project agreement to increase the project budget and use corrective action funding to provide the state portion of the amendment. If the work to be corrected or remediated is part of a completed project and funds were retained or transferred pursuant to division (C) of section 3318.12 of the Revised Code, the commission may enter into a new agreement to address the corrective action.

(2) Whether or not the project is completed, the district shall contribute a portion of the cost of the corrective action, to be determined in accordance with section 3318.032 of the Revised Code or, if the district is a joint vocational school district, section 3318.42 of the Revised Code. A district that is unable to provide its portion so that remediation can proceed may apply to the commission for additional assistance under section
3318.042 of the Revised Code.

(E) The commission shall assess responsibility for the defective or omitted work and seek cost recovery from responsible parties, if applicable. Any recovery of the expense of remediation shall be applied first to the district portion of the cost of the corrective action. Any remaining funds shall be applied to the state portion and deposited into the school building program assistance fund established under section 3318.25 of the Revised Code.

Sec. 3318.50. (A) As used in this section and in section 3318.52 of the Revised Code, "classroom facilities" means buildings, land, grounds, equipment, and furnishings used by a community school in furtherance of its mission and contract entered into by the school's governing authority under Chapter 3314. of the Revised Code.

(B) There is hereby established the community school classroom facilities loan guarantee program. Under the program, the Ohio school facilities construction commission may guarantee for up to fifteen years up to eighty-five per cent of the sum of the principal and interest on a loan made to the governing authority of a community school established under Chapter 3314. of the Revised Code for the sole purpose of assisting the governing authority in acquiring, improving, or replacing classroom facilities for the community school by lease, purchase, remodeling of existing facilities, or any other means including new construction.

The commission shall not make any loan guarantee under this section unless the commission has determined both that the applicant is creditworthy and that the classroom facilities that have been acquired, improved, or replaced under the loan meet applicable health and safety standards established by law for
school buildings or those facilities that will be acquired, improved, or replaced under the loan will meet such standards.

The commission shall not guarantee any loan under this section unless the loan is obtained from a financial institution regulated by the United States or this state.

(C) At no time shall the commission exceed an aggregate liability of ten million dollars to repay loans guaranteed under this section.

(D) Any payment made to a lending institution as a result of default on a loan guaranteed under this section shall be made from moneys in the community school classroom facilities loan guarantee fund established under section 3318.52 of the Revised Code.

(E) The commission may assess a fee of up to five hundred dollars for each loan guaranteed under this section.

(F) Not later than ninety days after September 5, 2001, the commission shall adopt rules that prescribe loan standards and procedures consistent with this section that are designed to protect the state's interest in any loan guaranteed by this section and to ensure that the state has a reasonable chance of recovering any payments made by the state in the event of a default on any such loan.

Sec. 3318.60. (A) As used in this section and section 3318.61 of the Revised Code:

(1) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(2) "Ohio school facilities construction commission" and "classroom facilities" have the same meanings as in section 3318.01 of the Revised Code.

(B) There is hereby established the college-preparatory...
boarding school facilities program. Under the program, the Ohio
school facilities construction commission shall provide assistance
to the boards of trustees of college-preparatory boarding schools
established under Chapter 3328. of the Revised Code for the
acquisition of classroom facilities.

(C) The program shall comply with sections 3318.01 to 3318.20
of the Revised Code, except as follows:

(1) The commission, in consultation with the board of
trustees of a college-preparatory boarding school, shall determine
the basic project cost based on all campus facilities needed for
the school's programs and operations and shall take into account
any unique spaces or square footages needed for such facilities
when calculating the basic project cost. Regardless of the
inclusion of nonclassroom facilities in the calculation of the
basic project cost, state funds provided under the program shall
be used only to pay for the acquisition of classroom facilities
that do not exceed the construction and design standards
established by the commission.

(2) To be eligible for assistance under the program, the
board of trustees of a college-preparatory boarding school shall
secure at least twenty million dollars of private money to satisfy
its share of the basic project cost. Funds provided by the board
may be used for any type of facility.

(3) A college-preparatory boarding school shall not be
included in the ranking required by section 3318.011 of the
Revised Code. The commission shall initiate procedures for the
school's project when the contract required by section 3328.12 of
the Revised Code has been executed.

(4) No requirement related to the issuance of bonds or
securities or the levying of taxes by a school district shall
apply to a college-preparatory boarding school or its board of
trustees.

(5) The agreement entered into by the commission with the board of trustees of a college-preparatory boarding school under section 3318.08 of the Revised Code shall provide for termination of the contract and release of the funds encumbered at the time of the project's conditional approval, if the board fails to secure the amount specified in division (C)(2) of this section within such period after the execution of the agreement as may be fixed by the commission.

(D) Within the ninety-day period immediately following the effective date of this section September 29, 2011, the commission shall adopt rules necessary for the implementation and administration of the program.

Sec. 3318.61. (A) In lieu of participating in the college-preparatory boarding school facilities program under section 3318.60 of the Revised Code, if the board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code has leased, purchased, or otherwise acquired a site for the school, the board of trustees may request approval from the Ohio school facilities construction commission for the board of trustees and the commission to enter into an agreement with a person or entity for the development of the site, under which agreement all of the following shall occur:

(1) The board of trustees will lease the site and any facilities located on that site to the person or entity for the purpose of enabling the person or entity to provide the campus facilities needed for the school's programs and operations by constructing new facilities on the site; reconstructing, repairing, or making additions to the existing facilities on the site; or both.

(2) The person or entity will lease the site and any new or
existing facilities located on that site back to the board of trustees for use by the school.

(3) The commission will pay the board of trustees state funds for the cost of acquisition of classroom facilities on the site and the board of trustees will use those funds to make rent payments on the lease provided by the person or entity. As agreed to by the commission and the board of trustees, the commission may pay the state funds to the board of trustees in periodic installments or as one lump sum in an amount equal to the outstanding balance on the lease for classroom facilities.

(B) The commission shall approve the request of the board of trustees under division (A) of this section only if the following conditions are satisfied:

(1) The person or entity that would be party to the agreement submits to the board of trustees and the commission a plan for developing the site that includes the following:

(a) Provision for installation of site utilities that meet the requirements of all applicable laws;

(b) A description of the facilities that will be constructed, reconstructed, repaired, or added to and their total square footage;

(c) A description of how the facilities will enable the board of trustees to provide the educational program described in section 3328.22 of the Revised Code;

(d) Provision for securing property and liability insurance for the facilities;

(e) A description of how the development of the site will be financed by the person or entity;

(f) The length of the lease that the person or entity will offer the board of trustees, which shall not exceed forty years,
and the monthly rent that will be owed to the person or entity for that lease.
