(B) The number of scholarships awarded under the program in any fiscal year shall not exceed five per cent of the total number of students residing in the state identified as children with disabilities during the previous fiscal year.

(C) No scholarship or renewal of a scholarship shall be awarded to an eligible applicant on behalf of a qualified special education child for the next school year, unless on or before the application deadline the eligible applicant completes the application for the scholarship or renewal, in the manner prescribed by the department, and notifies the school district in which the child is entitled to attend school that the eligible applicant has applied for the scholarship or renewal.

The application deadline for academic terms that begin
between the first day of July and the thirty-first day of December shall be the fifteenth day of April that precedes the first day of instruction. The application deadline for academic terms that begin between the first day of January and the thirtieth day of June shall be the fifteenth day of November that precedes the first day of instruction. The department shall pay a scholarship to the parent of each qualified special education child, unless the parent authorizes a direct payment to the child's provider, upon application of that parent in the manner prescribed by the department. However, the department shall not adopt specific dates for application deadlines for scholarships under the program.

Sec. 3310.522. In order to maintain eligibility for a scholarship, a student shall take each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, in accordance with section 3301.0711 of the Revised Code, unless the student is excused from taking that assessment under federal law or the student's individualized education program or the student is enrolled in a chartered nonpublic school that meets the conditions specified in division (K)(2) or (L)(1) of section 3301.0711 of the Revised Code.

Each registered private provider that is not subject to division (K)(1) of section 3301.0711 of the Revised Code and enrolls a student who is awarded a scholarship shall administer each assessment prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code, as applicable, to that student in accordance with section 3301.0711 of the Revised Code, unless the student is excused from taking that assessment or the student is enrolled in a chartered nonpublic school that meets the conditions specified in division (K)(2) or (L)(1) of section 3301.0711 of the Revised Code, and shall report to the department the results of each assessment so administered.
Nothing in this section requires any chartered nonpublic school that is a registered private provider to administer any achievement assessment, except for an Ohio graduation test prescribed by division (B)(1) of section 3301.0710 or the college and work ready assessment system prescribed by division (B) of section 3301.0712 of the Revised Code to any student enrolled in the school who is not a scholarship student.

**Sec. 3311.06.** (A) As used in this section:

(1) "Annexation" and "annexed" mean annexation for municipal purposes under sections 709.02 to 709.37 of the Revised Code.

(2) "Annexed territory" means territory that has been annexed for municipal purposes to a city served by an urban school district, but on September 24, 1986, has not been transferred to the urban school district.

(3) "Urban school district" means a city school district with an average daily membership for the 1985-1986 school year in excess of twenty thousand that is the school district of a city that contains annexed territory.

(4) "Annexation agreement" means an agreement entered into under division (F) of this section that has been approved by the state board of education or an agreement entered into prior to September 24, 1986, that meets the requirements of division (F) of this section and has been filed with the state board.

(B) The territory included within the boundaries of a city, local, exempted village, or joint vocational school district shall be contiguous except where a natural island forms an integral part of the district, where the state board of education authorizes a noncontiguous school district, as provided in division (E)(1) of this section, or where a local school district is created pursuant to section 3311.26 of the Revised Code from one or more local
school districts, one of which has entered into an agreement under section 3313.42 of the Revised Code.

(C)(1) When all of the territory of a school district is annexed to a city or village, such territory thereby becomes a part of the city school district or the school district of which the village is a part, and the legal title to school property in such territory for school purposes shall be vested in the board of education of the city school district or the school district of which the village is a part.

(2) When the territory so annexed to a city or village comprises part but not all of the territory of a school district, the said territory becomes part of the city school district or the school district of which the village is a part only upon approval by the state board of education, unless the district in which the territory is located is a party to an annexation agreement with the city school district.

Any urban school district that has not entered into an annexation agreement with any other school district whose territory would be affected by any transfer under this division and that desires to negotiate the terms of transfer with any such district shall conduct any negotiations under division (F) of this section as part of entering into an annexation agreement with such a district.

Any school district, except an urban school district, desiring state board approval of a transfer under this division shall make a good faith effort to negotiate the terms of transfer with any other school district whose territory would be affected by the transfer. Before the state board may approve any transfer of territory to a school district, except an urban school district, under this section, it must receive the following:

(a) A resolution requesting approval of the transfer, passed
by at least one of the school districts whose territory would be
affected by the transfer;

(b) Evidence determined to be sufficient by the state board
to show that good faith negotiations have taken place or that the
district requesting the transfer has made a good faith effort to
hold such negotiations;

(c) If any negotiations took place, a statement signed by all
boards that participated in the negotiations, listing the terms
agreed on and the points on which no agreement could be reached.

(D) The state board of education shall adopt rules governing
negotiations held by any school district except an urban school
district pursuant to division (C)(2) of this section. The rules
shall encourage the realization of the following goals:

(1) A discussion by the negotiating districts of the present
and future educational needs of the pupils in each district;

(2) The educational, financial, and territorial stability of
each district affected by the transfer;

(3) The assurance of appropriate educational programs,
services, and opportunities for all the pupils in each
participating district, and adequate planning for the facilities
needed to provide these programs, services, and opportunities.

Districts involved in negotiations under such rules may agree
to share revenues from the property included in the territory to
be transferred, establish cooperative programs between the
participating districts, and establish mechanisms for the
settlement of any future boundary disputes.

(E)(1) If territory annexed after September 24, 1986, is part
of a school district that is a party to an annexation agreement
with the urban school district serving the annexing city, the
transfer of such territory shall be governed by the agreement. If
the agreement does not specify how the territory is to be dealt
with, the boards of education of the district in which the
territory is located and the urban school district shall negotiate
with regard to the transfer of the territory which shall be
transferred to the urban school district unless, not later than
ninety days after the effective date of municipal annexation, the
boards of education of both districts, by resolution adopted by a
majority of the members of each board, agree that the territory
will not be transferred and so inform the state board of
education.

If territory is transferred under this division the transfer
shall take effect on the first day of July occurring not sooner
than ninety-one days after the effective date of the municipal
annexation. Territory transferred under this division need not be
contiguous to the district to which it is transferred.

(2) Territory annexed prior to September 24, 1986, by a city
served by an urban school district shall not be subject to
transfer under this section if the district in which the territory
is located is a party to an annexation agreement or becomes a
party to such an agreement not later than ninety days after
September 24, 1986. If the district does not become a party to an
annexation agreement within the ninety-day period, transfer of
territory shall be governed by division (C)(2) of this section. If
the district subsequently becomes a party to an agreement,
territory annexed prior to September 24, 1986, other than
territory annexed under division (C)(2) of this section prior to
the effective date of the agreement, shall not be subject to
transfer under this section.

(F) An urban school district may enter into a comprehensive
agreement with one or more school districts under which transfers
of territory annexed by the city served by the urban school
district after September 24, 1986, shall be governed by the
agreement. Such agreement must provide for the establishment of a cooperative education program under section 3313.842 of the Revised Code in which all the parties to the agreement are participants and must be approved by resolution of the majority of the members of each of the boards of education of the school districts that are parties to it. An agreement may provide for interdistrict payments based on local revenue growth resulting from development in any territory annexed by the city served by the urban school district.

An agreement entered into under this division may be altered, modified, or terminated only by agreement, by resolution approved by the majority of the members of each board of education, of all school districts that are parties to the agreement, except that with regard to any provision that affects only the urban school district and one of the other districts that is a party, that district and the urban district may modify or alter the agreement by resolution approved by the majority of the members of the board of that district and the urban district. Alterations, modifications, terminations, and extensions of an agreement entered into under this division do not require approval of the state board of education, but shall be filed with the board after approval and execution by the parties.

If an agreement provides for interdistrict payments, each party to the agreement, except any school district specifically exempted by the agreement, shall agree to make an annual payment to the urban school district with respect to any of its territory that is annexed territory in an amount not to exceed the amount certified for that year under former section 3317.029 of the Revised Code as that section existed prior to July 1, 1998; except that such limitation of annual payments to amounts certified under former section 3317.029 of the Revised Code does not apply to agreements or extensions of agreements entered into on or after
June 1, 1992, unless such limitation is expressly agreed to by the parties. The agreement may provide that all or any part of the payment shall be waived if the urban school district receives its payment with respect to such annexed territory under former section 3317.029 of the Revised Code and that all or any part of such payment may be waived if the urban school district does not receive its payment with respect to such annexed territory under such section.

With respect to territory that is transferred to the urban school district after September 24, 1986, the agreement may provide for annual payments by the urban school district to the school district whose territory is transferred to the urban school district subsequent to annexation by the city served by the urban school district.

(G) In the event territory is transferred from one school district to another under this section, an equitable division of the funds and indebtedness between the districts involved shall be made under the supervision of the state board of education and that board's decision shall be final. Such division shall not include funds payable to or received by a school district under Chapter 3317. of the Revised Code or payable to or received by a school district from the United States or any department or agency thereof. In the event such transferred territory includes real property owned by a school district, the state board of education, as part of such division of funds and indebtedness, shall determine the true value in money of such real property and all buildings or other improvements thereon. The board of education of the school district receiving such territory shall forthwith pay to the board of education of the school district losing such territory such true value in money of such real property, buildings, and improvements less such percentage of the true value in money of each school building located on such real property as
is represented by the ratio of the total enrollment in day classes
of the pupils residing in the territory transferred enrolled at
such school building in the school year in which such annexation
proceedings were commenced to the total enrollment in day classes
of all pupils residing in the school district losing such
territory enrolled at such school building in such school year.
The school district receiving such payment shall place the
proceeds thereof in its sinking fund or bond retirement fund.

(H) The state board of education, before approving such
transfer of territory, shall determine that such payment has been
made and shall apportion to the acquiring school district such
percentage of the indebtedness of the school district losing the
territory as is represented by the ratio that the assessed
valuation of the territory transferred bears to the total assessed
valuation of the entire school district losing the territory as of
the effective date of the transfer, provided that in ascertaining
the indebtedness of the school district losing the territory the
state board of education shall disregard such percentage of the
par value of the outstanding and unpaid bonds and notes of said
school district issued for construction or improvement of the
school building or buildings for which payment was made by the
acquiring district as is equal to the percentage by which the true
value in money of such building or buildings was reduced in fixing
the amount of said payment.

(I) No transfer of school district territory or division of
funds and indebtedness incident thereto, pursuant to the
annexation of territory to a city or village shall be completed in
any other manner than that prescribed by this section regardless
of the date of the commencement of such annexation proceedings,
and this section applies to all proceedings for such transfers and
divisions of funds and indebtedness pending or commenced on or
after October 2, 1959.
(J) Notwithstanding anything to the contrary in the Revised Code, including section 3311.24 of the Revised Code, beginning on the effective date of this amendment until October 1, 2021, no school district that is a party to an annexation agreement shall transfer territory to another school district that is a party to the annexation agreement without the approval of the boards of education of each of the school districts.

Sec. 3311.27. The board of education of a surviving school district, as that term is defined in section 5748.10 of the Revised Code, shall notify the tax commissioner as and in the manner required by that section.

Sec. 3311.751. Notwithstanding division (F) of section 5705.10 of the Revised Code, if a municipal school district board of education sells real property that it owns in its corporate capacity, moneys received from the sale may be paid into the general fund of the district, as long as all of the following conditions are satisfied:

(A) The district has owned the real property for at least ten years.

(B) The real property and any improvements to that real property were not acquired with the proceeds of public obligations, as defined in section 133.01 of the Revised Code, of the district that are outstanding at the time of the sale.

(C) The deposit of those moneys in that manner is not prohibited by any agreements the district board has entered into with the Ohio school facilities construction commission.

Sec. 3311.771. As used in this section, "teacher" has the same meaning as in section 3319.09 of the Revised Code, except that it does not include a principal, supervisor, superintendent.
or other school administrator.

A board of education of a municipal school district may enter into an agreement with any teacher it employs under which the board provides to the teacher early retirement incentives, severance pay, or both, in return for an agreement to retire from the teacher's position, only if both of the following are the case:

(A) The board determines that the agreement is financially sound.

(B) The board complies with section 5705.412 of the Revised Code, with regard to any wage or salary schedule increase made during the school year.

Notwithstanding division (A) of section 4117.10 of the Revised Code, this section prevails over any collective bargaining agreement entered into under Chapter 4117. of the Revised Code on or after the effective date of this section.

Sec. 3313.372. (A) As used in this section, "energy conservation measure" means an installation or modification of an installation in, or remodeling of, a building, to reduce energy consumption. It includes:

(1) Insulation of the building structure and systems within the building;

(2) Storm windows and doors, multiglazed windows and doors, heat absorbing or heat reflective glazed and coated window and door systems, additional glazing, reductions in glass area, and other window and door system modifications that reduce energy consumption;

(3) Automatic energy control systems;

(4) Heating, ventilating, or air conditioning system modifications or replacements;
(5) Caulking and weatherstripping;

(6) Replacement or modification of lighting fixtures to increase the energy efficiency of the system without increasing the overall illumination of a facility, unless such increase in illumination is necessary to conform to the applicable state or local building code for the proposed lighting system;

(7) Energy recovery systems;

(8) Cogeneration systems that produce steam or forms of energy such as heat, as well as electricity, for use primarily within a building or complex of buildings;

(9) Any other modification, installation, or remodeling approved by the Ohio school facilities construction commission as an energy conservation measure.

(B) A board of education of a city, exempted village, local, or joint vocational school district may enter into an installment payment contract for the purchase and installation of energy conservation measures. The provisions of such installment payment contracts dealing with interest charges and financing terms shall not be subject to the competitive bidding requirements of section 3313.46 of the Revised Code, and shall be on the following terms:

(1) Not less than one-fifteenth of the costs thereof shall be paid within two years from the date of purchase.

(2) The remaining balance of the costs thereof shall be paid within fifteen years from the date of purchase.

The provisions of any installment payment contract entered into pursuant to this section shall provide that all payments, except payments for repairs and obligations on termination of the contract prior to its expiration, shall not exceed the calculated energy, water, or waste water cost savings, avoided operating costs, and avoided capital costs attributable to the one or more
measures over a defined period of time. Those payments shall be made only to the extent that the savings described in this division actually occur. The energy services company shall warrant and guarantee that the energy conservation measures shall realize guaranteed savings and shall be responsible to pay an amount equal to any savings shortfall.

An installment payment contract entered into by a board of education under this section shall require the board to contract in accordance with division (A) of section 3313.46 of the Revised Code for the installation, modification, or remodeling of energy conservation measures unless division (A) of section 3313.46 of the Revised Code does not apply pursuant to division (B)(3) of that section, in which case the contract shall be awarded through a competitive selection process pursuant to rules adopted by the school facilities construction commission.

An installment payment contract entered into by a board of education under this section may include services for measurement and verification of energy savings associated with the guarantee. The annual cost of measurement and verification services shall not exceed ten per cent of the guaranteed savings in any year of the installment payment contract.

(C) If a board of education determines that a surety bond is necessary to secure energy, water, or waste water cost savings guaranteed in a contract entered into by the board of education under this section, the energy services company shall provide a surety bond that satisfies all of the following requirements:

(1) The penal sum of the surety bond for the first guarantee year shall equal the amount of savings included in the annual guaranteed savings amount that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. The annual
guaranteed savings amount shall include only the savings guaranteed in the contract for the one-year term that begins on the first day of the first savings guarantee year and may not include amounts from subsequent years.

(2) The surety bond shall have a term of not more than one year unless renewed. At the option of the board of education, the surety bond may be renewed for one or two additional terms, each term not to exceed one year. The surety bond may not be renewed or extended so that it is in effect for more than three consecutive years.

In the event of a renewal, the penal sum of the surety bond for each renewed year shall be revised so that the penal sum equals the annual guaranteed savings amount for such renewal year that is measured and calculated in accordance with the measurement and verification plan included in the contract, but may not include guaranteed savings that are not measured or that are stipulated in the contract. Regardless of the number of renewals of the bond, the aggregate liability under each renewed bond may not exceed the penal sum stated in the renewal certificate for the applicable renewal year.

(3) The surety bond for the first year shall be issued within thirty days of the commencement of the first savings guarantee year under the contract.

In the event of renewal, the surety shall deliver to the board of education a renewal certificate reflecting the revised penal sum within thirty days of the board of education's request. The board of education shall deliver the request for renewal not less than thirty days prior to the expiration date of the surety bond then in existence. A surety bond furnished pursuant to section 153.54 of the Revised Code shall not secure obligations related to energy, water, or waste water cost savings as referenced in division (C) of this section.
(D) The board may issue the notes of the school district signed by the president and the treasurer of the board and specifying the terms of the purchase and securing the deferred payments provided in this section, payable at the times provided and bearing interest at a rate not exceeding the rate determined as provided in section 9.95 of the Revised Code. The notes may contain an option for prepayment and shall not be subject to Chapter 133. of the Revised Code. In the resolution authorizing the notes, the board may provide, without the vote of the electors of the district, for annually levying and collecting taxes in amounts sufficient to pay the interest on and retire the notes, except that the total net indebtedness of the district without a vote of the electors incurred under this and all other sections of the Revised Code, except section 3318.052 of the Revised Code, shall not exceed one per cent of the district's tax valuation. Revenues derived from local taxes or otherwise, for the purpose of conserving energy or for defraying the current operating expenses of the district, may be applied to the payment of interest and the retirement of such notes. The notes may be sold at private sale or given to the energy services company under the installment payment contract authorized by division (B) of this section.

(E) Debt incurred under this section shall not be included in the calculation of the net indebtedness of a school district under section 133.06 of the Revised Code.

(F) No school district board shall enter into an installment payment contract under division (B) of this section unless it first obtains a report of the costs of the energy conservation measures and the savings thereof as described under division (G) of section 133.06 of the Revised Code as a requirement for issuing energy securities, makes a finding that the amount spent on such measures is not likely to exceed the amount of money it would save in energy costs and resultant operational and maintenance costs as
described in that division, except that that finding shall cover
the ensuing fifteen years, and the school facilities construction
commission determines that the district board's findings are
reasonable and approves the contract as described in that
division.

The district board shall monitor the savings and maintain a
report of those savings, which shall be submitted to the
commission in the same manner as required by division (G) of
section 133.06 of the Revised Code in the case of energy
securities.

**Sec. 3313.603.** (A) As used in this section:

(1) "One unit" means a minimum of one hundred twenty hours of
course instruction, except that for a laboratory course, "one
unit" means a minimum of one hundred fifty hours of course
instruction.

(2) "One-half unit" means a minimum of sixty hours of course
instruction, except that for physical education courses, "one-half
unit" means a minimum of one hundred twenty hours of course
instruction.

(B) Beginning September 15, 2001, except as required in
division (C) of this section and division (C) of section 3313.614
of the Revised Code, the requirements for graduation from every
high school shall include twenty units earned in grades nine
through twelve and shall be distributed as follows:

(1) English language arts, four units;

(2) Health, one-half unit;

(3) Mathematics, three units;

(4) Physical education, one-half unit;

(5) Science, two units until September 15, 2003, and three
units thereafter, which at all times shall include both of the following:

(a) Biological sciences, one unit;

(b) Physical sciences, one unit.

(6) History and government, one unit, which shall comply with division (M) of this section and shall include both of the following:

(a) American history, one-half unit;

(b) American government, one-half unit.

(7) Social studies, two units.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (B)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Elective units, seven units until September 15, 2003, and six units thereafter.

Each student's electives shall include at least one unit, or two half units, chosen from among the areas of business/technology, fine arts, and/or foreign language.

(C) Beginning with students who enter ninth grade for the first time on or after July 1, 2010, except as provided in divisions (D) to (F) of this section, the requirements for graduation from every public and chartered nonpublic high school shall include twenty units that are designed to prepare students for the workforce and college. The units shall be distributed as follows:

(1) English language arts, four units;

(2) Health, one-half unit, which shall include instruction in
nutrition and the benefits of nutritious foods and physical activity for overall health;

(3) Mathematics, four units, which shall include one unit of algebra II or the equivalent of algebra II. However, students who enter ninth grade for the first time on or after July 1, 2015, and who are pursuing a career-technical instructional track shall not be required to take algebra II, and instead may complete a career-based pathway mathematics course approved by the department of education as an alternative.

(4) Physical education, one-half unit;

(5) Science, three units with inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information, which shall include the following, or their equivalent:

(a) Physical sciences, one unit;

(b) Life sciences, one unit;

(c) Advanced study in one or more of the following sciences, one unit:

(i) Chemistry, physics, or other physical science;

(ii) Advanced biology or other life science;

(6) History and government, one unit, which shall comply with division (M) of this section and shall include both of the following:

(a) American history, one-half unit;

(b) American government, one-half unit.

(7) Social studies, two units.

Each school shall integrate the study of economics and
financial literacy, as expressed in the social studies academic content standards adopted by the state board of education under division (A)(1) of section 3301.079 of the Revised Code and the academic content standards for financial literacy and entrepreneurship adopted under division (A)(2) of that section, into one or more existing social studies credits required under division (C)(7) of this section, or into the content of another class, so that every high school student receives instruction in those concepts. In developing the curriculum required by this paragraph, schools shall use available public-private partnerships and resources and materials that exist in business, industry, and through the centers for economics education at institutions of higher education in the state.

Beginning with students who enter ninth grade for the first time on or after July 1, 2017, the two units of instruction prescribed by division (C)(7) of this section shall include at least one-half unit of instruction in the study of world history and civilizations.

(8) Five units consisting of one or any combination of foreign language, fine arts, business, career-technical education, family and consumer sciences, technology, agricultural education, a junior reserve officer training corps (JROTC) program approved by the congress of the United States under title 10 of the United States Code, or English language arts, mathematics, science, or social studies courses not otherwise required under division (C) of this section.

Ohioans must be prepared to apply increased knowledge and skills in the workplace and to adapt their knowledge and skills quickly to meet the rapidly changing conditions of the twenty-first century. National studies indicate that all high school graduates need the same academic foundation, regardless of the opportunities they pursue after graduation. The goal of Ohio's
system of elementary and secondary education is to prepare all
students for and seamlessly connect all students to success in
life beyond high school graduation, regardless of whether the next
step is entering the workforce, beginning an apprenticeship,
engaging in post-secondary training, serving in the military, or
pursuing a college degree.

The requirements for graduation prescribed in division (C) of
this section are the standard expectation for all students
entering ninth grade for the first time at a public or chartered
nonpublic high school on or after July 1, 2010. A student may
satisfy this expectation through a variety of methods, including,
but not limited to, integrated, applied, career-technical, and
traditional coursework.

Whereas teacher quality is essential for student success when
completing the requirements for graduation, the general assembly
shall appropriate funds for strategic initiatives designed to
strengthen schools' capacities to hire and retain highly qualified
teachers in the subject areas required by the curriculum. Such
initiatives are expected to require an investment of $120,000,000
over five years.

Stronger coordination between high schools and institutions
of higher education is necessary to prepare students for more
challenging academic endeavors and to lessen the need for academic
remediation in college, thereby reducing the costs of higher
education for Ohio's students, families, and the state. The state
board and the chancellor of higher education shall develop
policies to ensure that only in rare instances will students who
complete the requirements for graduation prescribed in division
(C) of this section require academic remediation after high
school.

School districts, community schools, and chartered nonpublic
schools shall integrate technology into learning experiences
across the curriculum in order to maximize efficiency, enhance learning, and prepare students for success in the technology-driven twenty-first century. Districts and schools shall use distance and web-based course delivery as a method of providing or augmenting all instruction required under this division, including laboratory experience in science. Districts and schools shall utilize technology access and electronic learning opportunities provided by the broadcast educational media commission, chancellor, the Ohio learning network, education technology centers, public television stations, and other public and private providers.

(D) Except as provided in division (E) of this section, a student who enters ninth grade on or after July 1, 2010, and before July 1, 2016, may qualify for graduation from a public or chartered nonpublic high school even though the student has not completed the requirements for graduation prescribed in division (C) of this section if all of the following conditions are satisfied:

(1) During the student's third year of attending high school, as determined by the school, the student and the student's parent, guardian, or custodian sign and file with the school a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(2) The student and parent, guardian, or custodian fulfill any procedural requirements the school stipulates to ensure the student's and parent's, guardian's, or custodian's informed consent and to facilitate orderly filing of statements under division (D)(1) of this section. Annually, each district or school
shall notify the department of the number of students who choose to qualify for graduation under division (D) of this section and the number of students who complete the student's success plan and graduate from high school.

(3) The student and the student's parent, guardian, or custodian and a representative of the student's high school jointly develop a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.

(4) The student's high school provides counseling and support for the student related to the plan developed under division (D)(3) of this section during the remainder of the student's high school experience.

(5)(a) Except as provided in division (D)(5)(b) of this section, the student successfully completes, at a minimum, the curriculum prescribed in division (B) of this section.

(b) Beginning with students who enter ninth grade for the first time on or after July 1, 2014, a student shall be required to complete successfully, at the minimum, the curriculum prescribed in division (B) of this section, except as follows:

(i) Mathematics, four units, one unit which shall be one of the following:

(I) Probability and statistics;

(II) Computer programming;

(III) Applied mathematics or quantitative reasoning;

(IV) Any other course approved by the department using standards established by the superintendent not later than October 1, 2014.
(ii) Elective units, five units;

(iii) Science, three units as prescribed by division (B) of this section which shall include inquiry-based laboratory experience that engages students in asking valid scientific questions and gathering and analyzing information.

The department, in collaboration with the chancellor, shall analyze student performance data to determine if there are mitigating factors that warrant extending the exception permitted by division (D) of this section to high school classes beyond those entering ninth grade before July 1, 2016. The department shall submit its findings and any recommendations not later than December 1, 2015, to the speaker and minority leader of the house of representatives, the president and minority leader of the senate, the chairpersons and ranking minority members of the standing committees of the house of representatives and the senate that consider education legislation, the state board of education, and the superintendent of public instruction.

(E) Each school district and chartered nonpublic school retains the authority to require an even more challenging minimum curriculum for high school graduation than specified in division (B) or (C) of this section. A school district board of education, through the adoption of a resolution, or the governing authority of a chartered nonpublic school may stipulate any of the following:

(1) A minimum high school curriculum that requires more than twenty units of academic credit to graduate;

(2) An exception to the district's or school's minimum high school curriculum that is comparable to the exception provided in division (D) of this section but with additional requirements, which may include a requirement that the student successfully complete more than the minimum curriculum prescribed in division
(B) of this section;

(3) That no exception comparable to that provided in division (D) of this section is available.

(F) A student enrolled in a dropout prevention and recovery program, which program has received a waiver from the department, may qualify for graduation from high school by successfully completing a competency-based instructional program administered by the dropout prevention and recovery program in lieu of completing the requirements for graduation prescribed in division (C) of this section. The department shall grant a waiver to a dropout prevention and recovery program, within sixty days after the program applies for the waiver, if the program meets all of the following conditions:

(1) The program serves only students not younger than sixteen years of age and not older than twenty-one years of age.

(2) The program enrolls students who, at the time of their initial enrollment, either, or both, are at least one grade level behind their cohort age groups or experience crises that significantly interfere with their academic progress such that they are prevented from continuing their traditional programs.

(3) The program requires students to attain at least the applicable score designated for each of the assessments prescribed under division (B)(1) of section 3301.0710 of the Revised Code or, to the extent prescribed by rule of the state board under division (D)(5) of section 3301.0712 of the Revised Code, division (B)(2) of that section.

(4) The program develops a student success plan for the student in the manner described in division (C)(1) of section 3313.6020 of the Revised Code that specifies the student's matriculating to a two-year degree program, acquiring a business and industry-recognized credential, or entering an apprenticeship.
(5) The program provides counseling and support for the student related to the plan developed under division (F)(4) of this section during the remainder of the student's high school experience.

(6) The program requires the student and the student's parent, guardian, or custodian to sign and file, in accordance with procedural requirements stipulated by the program, a written statement asserting the parent's, guardian's, or custodian's consent to the student's graduating without completing the requirements for graduation prescribed in division (C) of this section and acknowledging that one consequence of not completing those requirements is ineligibility to enroll in most state universities in Ohio without further coursework.

(7) Prior to receiving the waiver, the program has submitted to the department an instructional plan that demonstrates how the academic content standards adopted by the state board under section 3301.079 of the Revised Code will be taught and assessed.

(8) Prior to receiving the waiver, the program has submitted to the department a policy on career advising that satisfies the requirements of section 3313.6020 of the Revised Code, with an emphasis on how every student will receive career advising.

(9) Prior to receiving the waiver, the program has submitted to the department a written agreement outlining the future cooperation between the program and any combination of local job training, postsecondary education, nonprofit, and health and social service organizations to provide services for students in the program and their families.

Divisions (F)(8) and (9) of this section apply only to waivers granted on or after July 1, 2015.

If the department does not act either to grant the waiver or to reject the program application for the waiver within sixty days
as required under this section, the waiver shall be considered to be granted.

(G) Every high school may permit students below the ninth grade to take advanced work. If a high school so permits, it shall award high school credit for successful completion of the advanced work and shall count such advanced work toward the graduation requirements of division (B) or (C) of this section if the advanced work was both:

(1) Taught by a person who possesses a license or certificate issued under section 3301.071, 3319.22, or 3319.222 of the Revised Code that is valid for teaching high school;

(2) Designated by the board of education of the city, local, or exempted village school district, the board of the cooperative education school district, or the governing authority of the chartered nonpublic school as meeting the high school curriculum requirements.

Each high school shall record on the student's high school transcript all high school credit awarded under division (G) of this section. In addition, if the student completed a seventh- or eighth-grade fine arts course described in division (K) of this section and the course qualified for high school credit under that division, the high school shall record that course on the student's high school transcript.

(H) The department shall make its individual academic career plan available through its Ohio career information system web site for districts and schools to use as a tool for communicating with and providing guidance to students and families in selecting high school courses.

(I) A school district or chartered nonpublic school may integrate academic content in a subject area for which the state board has adopted standards under section 3301.079 of the Revised
Code into a course in a different subject area, including a career-technical education course, in accordance with guidance for integrated coursework developed by the department. Upon successful completion of an integrated course, a student may receive credit for both subject areas that were integrated into the course. Units earned in English language arts, mathematics, science, and social studies that are for subject area content delivered through integrated academic and career-technical instruction are eligible to meet the graduation requirements of division (B) or (C) of this section.

For purposes of meeting graduation requirements, if an end-of-course examination has been prescribed under section 3301.0712 of the Revised Code for the subject area delivered through integrated instruction, the school district or school may administer the related subject area examinations upon the student's completion of the integrated course.

Nothing in division (I) of this section shall be construed to excuse any school district, chartered nonpublic school, or student from any requirement in the Revised Code related to curriculum, assessments, or the awarding of a high school diploma.

(J)(1) The state board, in consultation with the chancellor, shall adopt a statewide plan implementing methods for students to earn units of high school credit based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. The state board shall adopt the plan not later than March 31, 2009, and commence phasing in the plan during the 2009-2010 school year. The plan shall include a standard method for recording demonstrated proficiency on high school transcripts. Each school district and community school shall comply with the state board's plan adopted under this division and award units of high school credit in accordance with the plan. The state board may adopt existing methods for earning
high school credit based on a demonstration of subject area competency as necessary prior to the 2009-2010 school year.

(2) Not later than December 31, 2015, the state board shall update the statewide plan adopted pursuant to division (J)(1) of this section to also include methods for students enrolled in seventh and eighth grade to meet curriculum requirements based on a demonstration of subject area competency, instead of or in combination with completing hours of classroom instruction. Beginning with the 2017-2018 school year, each school district and community school also shall comply with the updated plan adopted pursuant to this division and permit students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency in accordance with the plan.

(3) Not later than December 31, 2017, the department shall develop a framework for school districts and community schools to use in granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education. Beginning with the 2018-2019 school year, each district and community school shall comply with the framework. Each district and community school also shall review any policy it has adopted regarding the demonstration of subject area competency to identify ways to incorporate work-based learning experiences, internships, and cooperative education into the policy in order to increase student engagement and opportunities to earn units of high school credit.

(K) This division does not apply to students who qualify for graduation from high school under division (D) or (F) of this section, or to students pursuing a career-technical instructional track as determined by the school district board of education or the chartered nonpublic school's governing authority. Nevertheless, the general assembly encourages such students to consider enrolling in a fine arts course as an elective.
Beginning with students who enter ninth grade for the first time on or after July 1, 2010, each student enrolled in a public or chartered nonpublic high school shall complete two semesters or the equivalent of fine arts to graduate from high school. The coursework may be completed in any of grades seven to twelve. Each student who completes a fine arts course in grade seven or eight may elect to count that course toward the five units of electives required for graduation under division (C)(8) of this section, if the course satisfied the requirements of division (G) of this section. In that case, the high school shall award the student high school credit for the course and count the course toward the five units required under division (C)(8) of this section. If the course in grade seven or eight did not satisfy the requirements of division (G) of this section, the high school shall not award the student high school credit for the course but shall count the course toward the two semesters or the equivalent of fine arts required by this division.

(L) Notwithstanding anything to the contrary in this section, the board of education of each school district and the governing authority of each chartered nonpublic school may adopt a policy to excuse from the high school physical education requirement each student who, during high school, has participated in interscholastic athletics, marching band, or cheerleading for at least two full seasons or in the junior reserve officer training corps for at least two full school years. If the board or authority adopts such a policy, the board or authority shall not require the student to complete any physical education course as a condition to graduate. However, the student shall be required to complete one-half unit, consisting of at least sixty hours of instruction, in another course of study. In the case of a student who has participated in the junior reserve officer training corps for at least two full school years, credit received for that participation may be used to satisfy the requirement to complete
one-half unit in another course of study.

(M) It is important that high school students learn and understand United States history and the governments of both the United States and the state of Ohio. Therefore, beginning with students who enter ninth grade for the first time on or after July 1, 2012, the study of American history and American government required by divisions (B)(6) and (C)(6) of this section shall include the study of all of the following documents:

1. The Declaration of Independence;
2. The Northwest Ordinance;
3. The Constitution of the United States with emphasis on the Bill of Rights;
4. The Ohio Constitution.

The study of each of the documents prescribed in divisions (M)(1) to (4) of this section shall include study of that document in its original context.

The study of American history and government required by divisions (B)(6) and (C)(6) of this section shall include the historical evidence of the role of documents such as the Federalist Papers and the Anti-Federalist Papers to firmly establish the historical background leading to the establishment of the provisions of the Constitution and Bill of Rights.

Sec. 3313.6023. The board of education of each school district shall provide training in the use of an automated external defibrillator to each person employed by that district, except for substitutes, adult education instructors who are scheduled to work the full-time equivalent of less than one hundred twenty days per school year, or persons who are employed on an as-needed, seasonal, or intermittent basis. This training may be incorporated into the in-service training required by
division (A) of section 3319.073 of the Revised Code. For this purpose, the board shall use one of the instructional programs listed in divisions (B)(1) and (2) of section 3313.6021 of the Revised Code.

Each person to whom this section applies shall complete the training not later than July 1, 2018, and at least once every five years thereafter.

Sec. 3313.612. (A) No nonpublic school chartered by the state board of education shall grant a high school diploma to any person unless, subject to section 3313.614 of the Revised Code, the person has met the assessment requirements of division (A)(1) or (2) of this section, as applicable.

(1) If the person entered the ninth grade prior to July 1, 2014, the person has attained at least the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required by that division, or has satisfied the alternative conditions prescribed in section 3313.615 of the Revised Code.

(2) If the person entered the ninth grade on or after July 1, 2014, the person has met the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code.

(B) This section does not apply to any of the following:

(1) Any person with regard to any assessment from which the person was excused pursuant to division (C)(1)(c) of section 3301.0711 of the Revised Code;

(2) Any person who attends a nonpublic school accredited through the independent schools association of the central states, regardless of whether the student is attending or is not attending the school under a state scholarship program as defined in section 3301.0711 of the Revised Code.
(3) Any person with regard to the social studies assessment under division (B)(1) of section 3301.0710 of the Revised Code, any American history end-of-course examination and any American government end-of-course examination required under division (B) of section 3301.0712 of the Revised Code if such an exemption is prescribed by rule of the state board of education under division (D)(3) of section 3301.0712 of the Revised Code, or the citizenship test under former division (B) of section 3301.0710 of the Revised Code as it existed prior to September 11, 2001, if all of the following apply:

(a) The person is not a citizen of the United States;

(b) The person is not a permanent resident of the United States;

(c) The person indicates no intention to reside in the United States after completion of high school.

(C) As used in this division, "limited English proficient student" has the same meaning as in division (C)(3) of section 3301.0711 of the Revised Code.

Notwithstanding division (C)(3) of section 3301.0711 of the Revised Code, no limited English proficient student who has not either attained the applicable scores designated under division (B)(1) of section 3301.0710 of the Revised Code on all the assessments required by that division, or met the requirement prescribed by section 3313.618 or 3313.619 of the Revised Code, shall be awarded a diploma under this section.

(D) The state board shall not impose additional requirements or assessments for the granting of a high school diploma under this section that are not prescribed by this section.

(E) The department of education shall furnish the assessment administered by a nonpublic school pursuant to division (B)(1) of section 3301.0712 of the Revised Code.
Sec. 3313.618. (A) In addition to the applicable curriculum requirements, each student entering ninth grade for the first time on or after July 1, 2014, shall satisfy at least one of the following conditions in order to qualify for a high school diploma:

(1) Be remediation-free, in accordance with standards adopted under division (F) of section 3345.061 of the Revised Code, on each of the nationally standardized assessments in English, mathematics, and reading;

(2) Attain a score specified under division (B)(5)(c) of section 3301.0712 of the Revised Code on the end-of-course examinations prescribed under division (B) of section 3301.0712 of the Revised Code.

The state board shall approve the industry-recognized credentials and licenses that may qualify a student for a high school diploma under division (A)(3) of this section. The industry-recognized credentials and licenses shall be as approved under section 3313.6113 of the Revised Code.

A student may choose to qualify for a high school diploma by satisfying any of the separate requirements prescribed by divisions (A)(1) to (3) of this section. If the student's school district or school does not administer the examination prescribed by one of those divisions that the student chooses to take to
satisfy the requirements of this section, the school district or
school may require that student to arrange for the applicable
scores to be sent directly to the district or school by the
company or organization that administers the examination.

(B) The state board of education shall not create or require
any additional assessment for the granting of any type of high
school diploma other than as prescribed by this section. Except as
provided in sections 3313.6111 and 3313.6112 of the
Revised Code, the state board or the superintendent of public
instruction shall not create any endorsement or designation that
may be affiliated with a high school diploma.

Sec. 3313.6110. (A) A person who has completed the final year
of instruction at home, as authorized under section 3321.04 of the
Revised Code, and has successfully fulfilled the high school
curriculum applicable to that person may be granted a high school
diploma by the person's parent, guardian, or other person having
charge or care of a child, as defined in division (A)(1) of
section 3321.01 of the Revised Code.

charged for tuition, supplies, or associated fees while enrolled in an approved institution's approved program of study; (6) A requirement that an eligible student may not be charged for tuition, supplies, or associated fees while enrolled in an approved institution's approved program of study except in the circumstances described under division (E)(5) of this section; (7) The payment of federal funds that are to be used by approved programs of study at approved institutions.

Sec. 3313.904. The department of education and the department of job and family services, in consultation with the governor's office of workforce transformation, shall establish an option for career-technical education students to participate in pre-apprenticeship training programs that impart the skills and knowledge needed for successful participation in a registered apprenticeship occupation course.

Sec. 3313.976. (A) No private school may receive scholarship payments from parents pursuant to section 3313.979 of the Revised Code until the chief administrator of the private school registers the school with the superintendent of public instruction. The state superintendent shall register any school that meets the following requirements:

(1) The school either:

(a) Offers any of grades kindergarten through twelve and is located within the boundaries of the pilot project school district;

(3) The school meets all state minimum standards for chartered nonpublic schools in effect on July 1, 1992, except that the state superintendent at the superintendent's discretion may register nonchartered nonpublic schools meeting the other requirements of this division;

(9) For students in grades kindergarten through eight with family incomes above two hundred per cent of the federal poverty guidelines, whose scholarship amounts are less than the actual tuition charge of the school, the school agrees not to charge any tuition in excess of the difference between the actual tuition charge of the school and the scholarship amount established pursuant to division (C)(1) of section 3313.978 of the Revised Code, excluding any increase described in division (C)(2) of that section. The school shall permit such tuition, at the discretion of the parent, to be satisfied by the family's provision of in-kind contributions or services.

(10) The school agrees not to charge any tuition to families of students in grades nine through twelve receiving a scholarship in excess of the actual tuition charge of the school less the scholarship amount established pursuant to division (C)(1) of section 3313.978 of the Revised Code, excluding any increase described in division (C)(2) of that section.

(11) Except as provided in divisions (K) and (L) of section 3301.0711 of the Revised Code, it annually administers the applicable assessments prescribed by section 3301.0710, 3301.0712, or 3313.619 of the Revised Code to each scholarship student enrolled in the school in accordance with section 3301.0711 or 3301.0712 of the Revised Code and reports to the department of education the results of each such assessment administered to each scholarship student.

day of March that the district intends to admit students from the
pilot project district for the ensuing school year pursuant to
section 3327.06 of the Revised Code.

(D) Any parent wishing to purchase tutorial assistance from
any person or governmental entity pursuant to the pilot project
program under sections 3313.974 to 3313.979 of the Revised Code
shall apply to the state superintendent. The state superintendent
shall approve providers who appear to possess the capability of
furnishing the instructional services they are offering to
provide.

Sec. 3314.016. This section applies to any entity that
sponsors a community school, regardless of whether section
3314.021 or 3314.027 of the Revised Code exempts the entity from
the requirement to be approved for sponsorship under divisions
(A)(2) and (B)(1) of section 3314.015 of the Revised Code. The
office of Ohio school sponsorship established under section
3314.029 of the Revised Code shall be rated under division (B) of
this section, but divisions (A) and (C) of this section do not
apply to the office.

(A) An entity that sponsors a community school shall be
permitted to enter into contracts under section 3314.03 of the
Revised Code to sponsor additional community schools only if the
entity meets all of the following criteria:

(1) The entity is in compliance with all provisions of this
chapter requiring sponsors of community schools to report data or
information to the department of education.

(2) The entity is not rated as "ineffective" under division
(B)(6) of this section.
(3) Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the Revised Code.

(B)(1) Beginning with the 2015-2016 school year, the department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

If the department uses a component prescribed under division (C)(3) of section 3302.03 of the Revised Code to calculate the academic performance component specified under division (B)(1)(a) of this section, the department shall weight the progress component specified under division (C)(3)(c) of section 3302.03 of the Revised Code at sixty per cent of the total score for the academic performance component under this section.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary"
on its most recent rating, the department may evaluate that
sponsor's adherence to quality practices once over a period of
three years. If the department elects to evaluate a sponsor once
over a period of three years, the most recent rating for a
sponsor's adherence to quality practices shall be used when
determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative
rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the
department shall exclude all community schools that have been in
operation for not more than two full school years and all
community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of
the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be
used as a factor when determining a sponsoring entity's rating
under this section.

(3) The department, in consultation with entities that
sponsor community schools, shall prescribe quality practices for
community school sponsors and develop an instrument to measure
adherence to those quality practices. The quality practices shall
be based on standards developed by the national association of
charter school authorizers or any other nationally organized
community school organization.

(4)(a) The department may permit peer review of a sponsor's
adherence to the quality practices prescribed under division
(B)(3) of this section. Peer reviewers shall be limited to
individuals employed by sponsors rated "effective" or "exemplary"
on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in
peer review under division (B)(4)(a) of this section to complete
training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of October.

Not later than forty-five days prior to the department's publication of the final ratings, the department shall notify each sponsor in writing of its preliminary ratings and determinations for each component of the evaluation system. Each sponsor may, within ten days after receiving the preliminary ratings, make a written request for an informal hearing to dispute the overall rating or determination for any component. The department shall hold an informal hearing within ten days after receipt of a request for a hearing. Prior to the department's publication of the final ratings, the department shall issue a written decision either affirming or modifying the ratings and determinations and the reasons for that decision.
The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than thirty days after the effective date of this section March 2, 2016.

If the department uses a points system to determine component ratings and overall ratings under this section, the department shall not assign an automatic overall rating to an entity based solely on the entity receiving an equivalent score of zero points on one or more of the individual components prescribed in division (B)(1)(b) or (c) of this section. An overall rating shall be the cumulative score of the individual components prescribed under this section unless the entity receives a score of zero on the academic performance component prescribed in division (B)(1)(a) of this section.

(7)(a) Entities with an overall rating of "exemplary" for at least two consecutive years may take advantage of the following incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the
thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective" on their three most recent ratings shall have all sponsorship authority revoked. Within thirty days after receiving its third rating of "ineffective," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(c) Entities that receive an overall rating of "poor" shall have all sponsorship authority revoked. Within thirty days after
receiving a rating of "poor," the entity may appeal the revocation of its sponsorship authority to the superintendent of public instruction, who shall appoint an independent hearing officer to conduct a hearing in accordance with Chapter 119. of the Revised Code. The hearing shall be conducted within thirty days after receipt of the notice of appeal. Within forty-five days after the hearing is completed, the state board of education shall determine whether the revocation is appropriate based on the hearing conducted by the independent hearing officer, and if determined appropriate, the revocation shall be confirmed.

(d) Notwithstanding division (F)(3) of section 3314.02 of the Revised Code and the agreement entered into with the department under section 3314.015 of the Revised Code, an entity that is an educational service center that receives an overall rating of "effective" or higher may do both of the following:

(i) Sponsor an internet- or computer-based school without any previous experience sponsoring such a school;

(ii) Sponsor a community school regardless of whether or not it is located in a county within the service territory of the service center or in a contiguous county.

An educational service center may continue to sponsor any community schools with which it entered into agreements as authorized under division (B)(7)(d) of this section regardless of whether the entity later receives an overall rating lower than "effective."

(8) For the 2014-2015 school year and each school year thereafter, student academic performance prescribed under division (B)(1)(a) of this section shall include student academic performance data from community schools that primarily serve students enrolled in a dropout prevention and recovery program.

(C) If the governing authority of a community school enters
into a contract with a sponsor prior to the date on which the
sponsor is prohibited from sponsoring additional schools under
division (A) of this section and the school has not opened for
operation as of that date, that contract shall be void and the
school shall not open until the governing authority secures a new
sponsor by entering into a contract with the new sponsor under
section 3314.03 of the Revised Code. However, the department's
office of Ohio school sponsorship, established under section
3314.029 of the Revised Code, may assume the sponsorship of the
school until the earlier of the expiration of two school years or
until a new sponsor is secured by the school's governing
authority. A community school sponsored by the department under
this division shall not be included when calculating the maximum
number of directly authorized community schools permitted under
division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked
pursuant to division (B)(7)(b) or (c) of this section, the office
of Ohio school sponsorship shall assume sponsorship of any schools
with which the original sponsor has contracted for the remainder
of that school year. The office may continue sponsoring those
schools until the earlier of:

(1) The expiration of two school years from the time that
sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority
pursuant to division (C)(1) of section 3314.02 of the Revised
Code.

Any community school sponsored under this division shall not
be counted for purposes of directly authorized community schools
under division (A)(3) of section 3314.029 of the Revised Code.

Sec. 3314.03. A copy of every contract entered into under
this section shall be filed with the superintendent of public
instruction. The department of education shall make available on its web site a copy of every approved, executed contract filed with the superintendent under this section.

(A) Each contract entered into between a sponsor and the governing authority of a community school shall specify the following:

(1) That the school shall be established as either of the following:

(a) A nonprofit corporation established under Chapter 1702. of the Revised Code, if established prior to April 8, 2003;

(b) A public benefit corporation established under Chapter 1702. of the Revised Code, if established after April 8, 2003.

(2) The education program of the school, including the school's mission, the characteristics of the students the school is expected to attract, the ages and grades of students, and the focus of the curriculum;

(3) The academic goals to be achieved and the method of measurement that will be used to determine progress toward those goals, which shall include the statewide achievement assessments;

(4) Performance standards, including but not limited to all applicable report card measures set forth in section 3302.03 or 3314.017 of the Revised Code, by which the success of the school will be evaluated by the sponsor;

(6)(a) Dismissal procedures;

legitimate excuse fails to participate in one hundred five consecutive hours of the learning opportunities offered to the student.

(7) The ways by which the school will achieve racial and ethnic balance reflective of the community it serves;

(8) Requirements for financial audits by the auditor of state. The contract shall require financial records of the school to be maintained in the same manner as are financial records of school districts, pursuant to rules of the auditor of state. Audits shall be conducted in accordance with section 117.10 of the Revised Code.

(9) An addendum to the contract outlining the facilities to be used that contains at least the following information:

   (a) A detailed description of each facility used for instructional purposes;

   (b) The annual costs associated with leasing each facility that are paid by or on behalf of the school;

   (c) The annual mortgage principal and interest payments that are paid by the school;

   (d) The name of the lender or landlord, identified as such, and the lender's or landlord's relationship to the operator, if any.

(10) Qualifications of teachers, including a requirement that the school's classroom teachers be licensed in accordance with sections 3319.22 to 3319.31 of the Revised Code, except that a community school may engage noncertificated persons to teach up to twelve hours per week pursuant to section 3319.301 of the Revised Code.

(f) The school will comply with sections 3313.61, 3313.611, and 3313.614 of the Revised Code, except that for students who enter ninth grade for the first time before July 1, 2010, the
requirement in sections 3313.61 and 3313.611 of the Revised Code that a person must successfully complete the curriculum in any high school prior to receiving a high school diploma may be met by completing the curriculum adopted by the governing authority of the community school rather than the curriculum specified in Title XXXIII of the Revised Code or any rules of the state board of education. Beginning with students who enter ninth grade for the first time on or after July 1, 2010, the requirement in sections 3313.61 and 3313.611 of the Revised Code that a person must successfully complete the curriculum of a high school prior to receiving a high school diploma shall be met by completing the requirements prescribed in division (C) of section 3313.603 of the Revised Code, unless the person qualifies under division (D) or (F) of that section. Each school shall comply with the plan for awarding high school credit based on demonstration of subject area competency, and beginning with the 2017-2018 school year, with the updated plan that permits students enrolled in seventh and eighth grade to meet curriculum requirements based on subject area competency adopted by the state board of education under divisions (J)(1) and (2) of section 3313.603 of the Revised Code. Beginning with the 2018-2019 school year, the school shall comply with the framework for granting units of high school credit to students who demonstrate subject area competency through work-based learning experiences, internships, or cooperative education developed by the department under division (J)(3) of section 3313.603 of the Revised Code.

(h) The school, unless it is an internet- or computer-based community school, will comply with section 3313.801 of the Revised Code as if it were a school district.

(i) If the school is the recipient of moneys from a grant awarded under the federal race to the top program, Division (A), Title XIV, Sections 14005 and 14006 of the "American Recovery and Reinvestment Act of 2009," Pub. L. No. 111-5, 123 Stat. 115, the school will pay teachers based upon performance in accordance with section 3317.141 and will comply with section 3319.111 of the Revised Code as if it were a school district.

(j) If the school operates a preschool program that is licensed by the department of education under sections 3301.52 to 3301.59 of the Revised Code, the school shall comply with sections 3301.50 to 3301.59 of the Revised Code and the minimum standards for preschool programs prescribed in rules adopted by the state board under section 3301.53 of the Revised Code.

(k) The school will comply with sections 3313.6021 and 3313.6023 of the Revised Code as if it were a school district unless it is either of the following:

(17) Whether the school is to be created by converting all or part of an existing public school or educational service center building or is to be a new start-up school, and if it is a converted public school or service center building, specification of any duties or responsibilities of an employer that the board of education or service center governing board that operated the school or building before conversion is delegating to the governing authority of the community school with respect to all or any specified group of employees provided the delegation is not prohibited by a collective bargaining agreement applicable to such employees;

(18) Provisions establishing procedures for resolving disputes or differences of opinion between the sponsor and the governing authority of the community school;

(19) A provision requiring the governing authority to adopt a policy regarding the admission of students who reside outside the district in which the school is located. (b) The authority of the department of education as the community school oversight body to suspend the operation of the school under section 3314.072 of the Revised Code if the department has evidence of conditions or violations of law at the school that pose an imminent danger to the health and safety of the school's students and employees and the sponsor refuses to take such action.

(23) A description of the learning opportunities that will be offered to students including both classroom-based and non-classroom-based learning opportunities that is in compliance with criteria for student participation established by the department under division (H)(2) of section 3314.08 of the Revised Code;

be required to take any action described in division (F) of section 3302.04 of the Revised Code.

(25) Beginning in the 2006-2007 school year, the school will open for operation not later than the thirtieth day of September each school year, unless the mission of the school as specified under division (A)(2) of this section is solely to serve dropouts. In its initial year of operation, if the school fails to open by the thirtieth day of September, or within one year after the adoption of the contract pursuant to division (D) of section 3314.02 of the Revised Code if the mission of the school is solely to serve dropouts, the contract shall be void.

The school may issue notes to evidence such borrowing. The proceeds of the notes shall be used only for the purposes for which the anticipated receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of the Revised Code, the state is not liable for debt incurred by the governing authority of a community school.

(H) The department of education shall adjust the amounts subtracted and paid under division (C) of this section to reflect any enrollment of students in community schools for less than the equivalent of a full school year. The state board of education within ninety days after April 8, 2003, shall adopt in accordance with Chapter 119. of the Revised Code rules governing the payments.
to community schools under this section including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools and corresponding deductions from school district accounts as provided under division (C) of this section. For purposes of this section:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(b) The community school is provided documentation of a student's enrollment in another public or private school.
(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first one hundred five consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning
opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.
(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school.

The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3314.104. As used in this section, "teacher" has the same meaning as in section 3319.09 of the Revised Code, except that it does not include a principal, supervisor, superintendent, or other school administrator.

The governing authority of a community school may enter into an agreement with any teacher it employs under which the governing authority provides to the teacher early retirement incentives, severance pay, or both, in return for an agreement to retire from the teacher's position, only if the governing authority determines...
that the agreement is financially sound.

Notwithstanding division (A) of section 4117.10 of the Revised Code, this section prevails over any collective bargaining agreement entered into under Chapter 4117. of the Revised Code on or after the effective date of this section.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency.

(3) There is hereby created within the fund an account known as the catastrophic expenditures account, which shall consist of money appropriated to the account by the general assembly plus all investment earnings of the fund. Money in the account shall be used solely for the following:

(a) Solvency assistance to school districts that have been declared under division (B) of section 3316.03 of the Revised Code to be in a state of fiscal emergency, in the event that all money in the shared resource account is utilized for solvency assistance;

(b) Grants to school districts under division (C) of this
section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made, except that, upon the approval of the director of budget and management and the superintendent of public instruction, the fund may be reimbursed in another fiscal year designated by the director and superintendent that is not later than the end of the tenth fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district, such reimbursement shall be made by the director of budget and management from the amounts the school district would otherwise receive pursuant to Chapter 3317. of the Revised Code, or from any other funds appropriated for the district by the general assembly. Reimbursements shall be credited to the respective account from which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make recommendations, and the controlling board may grant money from the catastrophic expenditures account to any school district that suffers an unforeseen catastrophic event that severely depletes the district's financial resources. The superintendent shall make recommendations for the grants in accordance with rules adopted by the director of budget and management, after consulting with the superintendent. A school district shall not be required to repay any grant awarded to the district under this division, unless the
district receives money from this state or a third party, including an agency of the government of the United States, specifically for the purpose of compensating the district for revenue lost or expenses incurred as a result of the unforeseen catastrophic event. If a school district receives a grant from the catastrophic expenditures account on the basis of the same circumstances for which an adjustment or recomputation is authorized under section 3317.025, 3317.026, 3317.027, 3317.028, 3317.0210, or 3317.0211 of the Revised Code, the department of education shall reduce the adjustment or recomputation by an amount not to exceed the total amount of the grant, and an amount equal to the reduction shall be transferred, from the funding source from which the adjustment or recomputation would be paid, to the catastrophic expenditures account. Any adjustment or recomputation under such sections that is in excess of the total amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section, "school district," unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. Certification of moneys pursuant to this section shall include the amounts payable to each school building, at a frequency determined by the superintendent, for each subgroup of students, as defined in section 3317.40 of the
Revised Code, receiving services, provided for by state funding, from the district or school. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed to school districts pursuant to this chapter shall be calculated based on the annual enrollment calculated from the three reports required under sections 3317.03 and 3317.036 of the Revised Code and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. In any given fiscal year, prior to school districts submitting the first report required under section 3317.03 of the Revised Code, enrollment for the districts shall be calculated based on the third report submitted by the districts for the previous fiscal year. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board, in June of each year, shall submit to the controlling board the state board's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 of the Revised Code, with regard to the minimum number of hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers.

A school district shall not be considered to have failed to comply with this division because schools were open for instruction but either twelfth grade students were excused from attendance for up to the equivalent of three school days or only a portion of the kindergarten students were in attendance for up to the equivalent of three school days in order to allow for the gradual orientation to school of such students.

A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

The amount for career-technical education associated services, as defined by the department, shall be $236, in fiscal year 2016, or $245, in fiscal year 2017.

Sec. 3317.017. The department of education shall compute a school district's state share index as follows:

(A) Calculate the district's valuation index, which equals the following quotient:

\[
\frac{\text{The district's three-year average valuation / the district's total ADM}}{\text{The statewide three-year average valuation for school districts with a total ADM greater than zero / the statewide total ADM}}
\]

(B)(1) Calculate the district's median income index, which equals the following quotient:

\[
\frac{\text{The district's median Ohio adjusted gross income / the median of the median Ohio adjusted gross income of all districts statewide with a total ADM greater than zero}}{\text{The district's formula ADM for fiscal year 2017 / the statewide formula ADM for fiscal year 2017}}
\]

(2) Calculate the district's income index, which equals the following sum:

\[
\left(\frac{\text{The district's median income index} \times 0.5}{}\right) + \left(\frac{\text{(the three-year average federal adjusted gross income of the school district's residents / the district's formula ADM for fiscal year 2017) / (the three-year average federal adjusted gross income of all districts statewide with a formula ADM for fiscal year 2017 greater than zero / the statewide formula ADM for fiscal year 2017)}}{0.5}\right)
\]

(C) Determine the district's wealth index as follows:

(1) If the district's income index is less than the district's valuation index and the district's median income index is less than or equal to 1.5, then the district's wealth index shall be equal to \([(0.4 \times \text{the district's income index}) + (0.6 \times \text{the district's valuation index})]\).
(2) If the district's income index does not meet both of the conditions described in division (C)(1) of this section, then the district's wealth index shall be equal to the district's valuation index.

(D) Determine the district's state share index as follows:

(1) If the district's wealth index is less than or equal to 0.35, then the district's state share index shall be equal to 0.90.

(2) If the district's wealth index is greater than 0.35 but less than or equal to 0.90, then the district's state share index shall be equal to \(0.40 \times \left(\frac{0.90 - \text{the district's wealth index}}{0.55}\right) + 0.50\).

(3) If the district's wealth index is greater than 0.90 but less than 1.8, then the district's state share index shall be equal to \(0.45 \times \left(\frac{1.8 - \text{the district's wealth index}}{0.9}\right) + 0.05\).

(4) If the district's wealth index is greater than or equal to 1.8, then the district's state share index shall be equal to 0.05.

(E)(1) For each school district for which the tax-exempt value of the district, as certified under division (A)(4) of section 3317.021 of the Revised Code, equals or exceeds thirty percent of the potential value of the district, the department shall calculate the difference between the district's tax-exempt value and thirty percent of the district's potential value. For this purpose, the "potential value" of a school district is the three-year average valuation of the district plus the tax-exempt value of the district.

(2) For each school district to which division (E)(1) of this
section applies, the department shall adjust the **district's**
three-year average valuation used in the calculation under
division (A) of this section by subtracting from it the amount
calculated under division (E)(1) of this section. The department
shall not, however, make any adjustments to the statewide
three-year average valuation used in the calculation under
division (A) of this section.

(F)(1) For purposes of division (F) of this section, an
"eligible school district" is a school district that satisfies all
of the following:

(a) The total taxable value of public utility personal
property in the district is at least ten per cent of the
district's total taxable value for tax year 2015.

(b) The total taxable value of public utility personal
property in the district for tax year 2016 is at least ten per
cent less than the total taxable value of public utility property
in the district for tax year 2015.

(c) The total taxable value of power plants in the district
for tax year 2016 is at least ten per cent less than the total
taxable value of power plants in the district for tax year 2015.

(2) Notwithstanding divisions (A) to (E) of this section, the
department shall compute each eligible school district's state
share index as follows:

(a) Calculate the district's valuation index in accordance
with division (A) of this section, except that, if the district's
total taxable value for tax year 2016 is less than the district's
"three-year average valuation," the district's "three-year average
valuation" shall be replaced in that calculation with the
district's total taxable value for tax year 2016;

(b) Calculate the district's median income index and income
index in accordance with division (B) of this section;
(c) Determine the district's wealth index in accordance with division (C) of this section using the district's valuation index, median income index, and income index as calculated under divisions (F)(2)(a) and (b) of this section;

(d) Determine the district's state share index in accordance with division (D) of this section using the district's wealth index as determined under division (F)(2)(c) of this section.

(G) When performing the calculations required under this section, the department shall not round to fewer than four decimal places.

For purposes of these calculations for fiscal years 2016–2018 and 2017–2019, "total ADM" means the total ADM for fiscal year 2015–2017; "median Ohio adjusted gross income" means the median Ohio adjusted gross income, as that term is defined in section 5747.01 of the Revised Code, for tax year 2013–2015; "three-year average federal adjusted gross income" means the average of the federal adjusted gross income for tax years 2011–2013, 2012–2014, and 2013–2015 as reported under section 3317.021 of the Revised Code; and "tax-exempt value" means the tax-exempt value for tax year 2014–2016.

Sec. 3317.025. On or before the first day of June of each 
year, the tax commissioner shall certify the following information 
to the department of education and the office of budget and 
management, for each school district in which the value of the 
property described under division (A) of this section exceeds one 
per cent of the taxable value of all real and tangible personal 
property in the district or in which is located tangible personal 
property designed for use or used in strip mining operations, 
whose taxable value exceeds five million dollars, and the taxes 
upon which the district is precluded from collecting by virtue of 
legal proceedings to determine the value of such property:

(A) The total taxable value of all property in the district 
owned by a public utility or railroad that has filed a petition 
for reorganization under the "Bankruptcy Act," 47 Stat. 1474 
(1898), 11 U.S.C. 205, as amended, and all tangible personal 
property in the district designed for use or used in strip mining 
operations whose taxable value exceeds five million dollars upon 
which have not been paid in full on or before the first day of 
April of that calendar year all real and tangible personal 
property taxes levied for the preceding calendar year and which
the district was precluded from collecting by virtue of
proceedings under section 205 of said act or by virtue of legal
proceedings to determine the tax liability of such strip mining
equipment;

payable for school district purposes levied against such valuation
for the preceding calendar year that have not been paid by such
date;

(C) The product obtained by multiplying the value certified
under division (A) of this section by the percentage certified
under division (B) of this section. If the value certified under
division (A) of this section includes taxable property owned by a
public utility or railroad that has filed a petition for
reorganization under the bankruptcy act, the amount used in making
the calculation under this division shall be reduced by one per
cent of the total value of all real and tangible personal property
in the district or the value of the utility's or railroad's
property, whichever is less.

Upon receipt of the certification, the department shall
recompute the payments required under this chapter in the manner
the payments would have been computed if:

(1) The amount certified under division (C) of this section
was not subject to taxation by the district and was not included
in the certification made under division (A)(1), (A)(2), or (D)(C)
of section 3317.021 of the Revised Code.

(2) The amount of taxes charged and payable and unpaid and
used to make the computation under division (B) of this section
had not been levied and had not been used in the computation
required by division (B) of section 3317.021 of the Revised Code.
The department shall pay the district that amount in the ensuing
fiscal year in lieu of the amounts computed under this chapter.
If a school district received a grant from the catastrophic expenditures account pursuant to division (C) of section 3316.20 of the Revised Code on the basis of the same circumstances for which a recomputation is made under this section, the amount of the recomputation shall be reduced and transferred in accordance with division (C) of section 3316.20 of the Revised Code.

Sec. 3317.0212. (A) As used in this section:

(1) "Qualifying riders" means resident students enrolled in regular education in grades kindergarten to twelve who are provided school bus service by a school district and who live more than one mile from the school they attend, including students with dual enrollment in a joint vocational school district or a cooperative education school district, and students enrolled in a community school, STEM school, or nonpublic school.

(2) "Qualifying ridership" means the average number of qualifying riders who are provided school bus service by a school district during the first full week of October.

(3) "Rider density" means the total ADM per square mile of a school district.

(4) "School bus service" means a school district's transportation of qualifying riders in any of the following types of vehicles:

(a) School buses owned or leased by the district;

(b) School buses operated by a private contractor hired by the district;

(c) School buses operated by another school district or entity with which the district has contracted, either as part of a consortium for the provision of transportation or otherwise.

(B) Not later than the fifteenth day of October each year, each city, local, and exempted village school district shall
report to the department of education its qualifying ridership and any other information requested by the department. Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.

(C) The department shall calculate the statewide transportation cost per student as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

(1) Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

(2) After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service.
in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation payment as follows:

(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.

(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the following:

   (a) For fiscal year 2018, the greater of fifty thirty-seven and one-half per cent or the district's state share index, as defined in section 3317.02 of the Revised Code;

   (b) For fiscal year 2019, the greater of twenty-five per cent or the district's state share index.

(F) In addition to funds paid under division (E) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(G)(1) For purposes of division (G) of this section, a school district's "transportation supplement percentage" means the following quotient:

\[
\frac{(35, \text{ in fiscal year 2016}, \text{ or } 50, \text{ in fiscal year 2017}) - \text{the district's rider density}}{100}
\]

If the result of the calculation for a district under
division (G)(1) of this section is less than zero, the district's transportation supplement percentage shall be zero.

(2) The department shall pay each district a transportation supplement calculated according to the following formula:

The district's transportation supplement percentage \( \times \) the amount calculated for the district under division (E)(2) of this section \( \times \) 0.55

Sec. 3317.0218. The department of education shall annually compute capacity aid funds to school districts, as follows:

(A) For each school district, multiply the district's three-year average valuation by 0.001;

(B) Determine the median amount of all of the amounts calculated under division (A) of this section;

(C) Calculate each school district's capacity ratio, which equals the greater of zero or the amount calculated as follows:

\[
\text{(The amount determined under division (B) of this section / the amount calculated for the district under division (A) of this section)} - 1
\]

If the result of a calculation for a school district under division (C) of this section is greater than 2.5, the district's capacity ratio shall be 2.5.

(D) Calculate the capacity aid per pupil amount, which equals the following quotient:

\[
\text{(The amount determined under division (B) of this section) / (the average of the formula ADMs of all of the districts for which the amount calculated under division (A) of this section is less than the amount determined under division (B) of this section)}
\]

(E) Calculate each school district's capacity aid, which equals the following product:

The capacity aid per pupil amount calculated under division (D) of
this section X the district's formula ADM X (2.75, for fiscal year 2016, or 3.5, for fiscal year 2017) 4.0 X the district's capacity ratio calculated under division (C) of this section

Any legal fees, court costs, or other costs associated with any cause of action relating to the student may not be
included in the amount.

(C)(1) For each student with a disability receiving special education and related services under an individualized education program, as defined in section 3323.01 of the Revised Code, at a joint vocational school district, the resident district or, if the student is enrolled in a community school, the community school shall be responsible for the amount of any costs of providing those special education and related services to that student that exceed the sum of the amount calculated for those services attributable to that student under division (A) of this section.

Those excess costs shall be calculated using a formula approved by the department.

(2) The board of education of the joint vocational school district may report the excess costs calculated under division (C)(1) of this section to the department of education.

(3) If the board of education of the joint vocational school district reports excess costs under division (C)(2) of this section, the department shall pay the amount of excess cost calculated under division (C)(2) of this section to the joint vocational school district and shall deduct that amount as provided in division (C)(3)(a) or (b) of this section, as applicable:

(a) If the student is not enrolled in a community school, the department shall deduct the amount from the account of the student's resident district pursuant to division (J) of section 3317.023 of the Revised Code.

The department
may deny payment under division (A)(6) of this section to any district that the department determines is not operating those services or is using funds paid under division (A)(6) of this section, or through a transfer of funds pursuant to division (I) of section 3317.023 of the Revised Code, for other purposes.

(F) A joint vocational school district shall spend the funds it receives under division (A)(3) of this section in accordance with section 3317.25 of the Revised Code.

Sec. 3318.011. For purposes of providing assistance under
sections 3318.01 to 3318.20 of the Revised Code, the department of
education shall annually do all of the following:

(A) Calculate the adjusted valuation per pupil of each city,
local, and exempted village school district according to the
following formula:

The district's valuation per pupil -

[$30,000 \times (1 - \text{the district's income factor})].

For purposes of this calculation:

(1) Except for a district with an open enrollment net gain
that is ten per cent or more of its formula ADM, "valuation per
pupil" for a district means its average taxable value, divided by
its formula ADM for the previous fiscal year. "Valuation per
pupil," for a district with an open enrollment net gain that is
ten per cent or more of its formula ADM, means its average taxable
value, divided by the sum of its formula ADM for the previous
fiscal year plus its open enrollment net gain for the previous
fiscal year.

(2) "Average taxable value" means the average of the sum of
the amounts certified for a district under divisions (A)(1) and
(2) of section 3317.021 of the Revised Code in the second, third,

If the difference is a negative number, the district's "open enrollment net gain" is zero.

(7) "Open enrollment policy" means an interdistrict open enrollment policy adopted under section 3313.98 of the Revised Code.

(8) "District median income" means the median Ohio adjusted gross income certified for a school district under section 3317.021 of the Revised Code.

(9) "Statewide median income" means the median district median income of all city, exempted village, and local school districts in the state.

(10) "Income factor" for a city, exempted village, or local school district means the quotient obtained by dividing that district's median income by the statewide median income.

(B) Calculate for each district the three-year average of the adjusted valuations per pupil calculated for the district for the current and two preceding fiscal years;

(C) Rank all such districts in order of adjusted valuation per pupil from the district with the lowest three-year average adjusted valuation per pupil to the district with the highest three-year average adjusted valuation per pupil;

(D) Divide such ranking into percentiles with the first
percentile containing the one per cent of school districts having the lowest three-year average adjusted valuations per pupil and the one-hundredth percentile containing the one per cent of school districts having the highest three-year average adjusted valuations per pupil;

(E) Determine the school districts that have three-year average adjusted valuations per pupil that are greater than the median three-year average adjusted valuation per pupil for all school districts in the state;

(F) On or before the first day of September, certify the information described in divisions (A) to (E) of this section to the Ohio school facilities construction commission.

Sec. 3318.02. (A) For purposes of sections 3318.01 to 3318.20 of the Revised Code, the Ohio school facilities construction commission shall periodically perform an assessment of the classroom facility needs in the state to identify school districts in need of additional classroom facilities, or replacement or reconstruction of existent classroom facilities, and the cost to each such district of constructing or acquiring such additional facilities or making such renovations.

(B) Based upon the most recent assessment conducted pursuant to division (A) of this section, the commission shall conduct on-site visits to school districts identified as having classroom facility needs to confirm the findings of the periodic assessment and further evaluate the classroom facility needs of the district. The evaluation shall assess the district's need to construct or acquire new classroom facilities and may include an assessment of the district's need for building additions or for the reconstruction of existent buildings in lieu of constructing or acquiring replacement buildings.

(C)(1) Except as provided in division (C)(2) of this section,
on-site visits performed on or after May 20, 1997, shall be performed in the order specified in this division. The first round of on-site visits first succeeding the effective date of this amendment, May 20, 1997, shall be limited to the school districts in the first through fifth percentiles, excluding districts that are ineligible for funding under this chapter pursuant to section 3318.04 of the Revised Code. The second round of on-site visits shall be limited to the school districts in the first through tenth percentiles, excluding districts that are ineligible for funding under this chapter pursuant to section 3318.04 of the Revised Code. Each succeeding round of on-site visits shall be limited to the percentiles included in the immediately preceding round of on-site visits plus the next five percentiles. Except for the first round of on-site visits, no round of on-site visits shall commence unless eighty per cent of the districts for which on-site visits were performed during the immediately preceding round, have had projects approved under section 3318.04 of the Revised Code.

(2) Notwithstanding division (C)(1) of this section, the commission may perform on-site visits for school districts in the next highest percentile to the percentiles included in the current round of on-site visits, and then to succeeding percentiles one at a time, not to exceed the twenty-fifth percentile, if all of the following apply:

(a) Less than eighty per cent of the districts for which on-site visits were performed in the current round, and in any percentiles for which on-site visits were performed in addition to the current round pursuant to this division, have had projects approved under section 3318.04 of the Revised Code;

(b) There are funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code that are not reserved and encumbered for projects pursuant to section 3318.04 of the Revised Code.
(c) The commission makes a finding that such available funds would be more thoroughly utilized if on-site visits were extended to the next highest percentile.

(D) Notwithstanding divisions (B) and (C) of this section, in any fiscal year, the commission may limit the number of districts for which it conducts on-site visits based upon its projections of the moneys available and moneys necessary to undertake projects under sections 3318.01 to 3318.20 of the Revised Code for that year.

**Sec. 3318.021.** Notwithstanding section 3318.02 of the Revised Code, the Ohio school facilities construction commission may conduct on-site visits to any school district whose district board adopts a resolution certifying to the commission the board's intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

**Sec. 3318.022.** Notwithstanding anything to the contrary in section 3318.02 of the Revised Code, within two years following the request of the school district, the Ohio school facilities construction commission shall assess the current conditions of the classroom facilities needs of any school district that is not yet eligible for state assistance under Chapter 3318. of the Revised Code and that requests such an assessment. The assessment made under this section shall not include a final agreement between the school district and the commission as to the basic project cost of the school district's classroom facilities needs. The commission shall not consider any request for an assessment under this section that is submitted sooner than the effective date of this section September 14, 2000.
Sec. 3318.024. In the first year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter in the previous capital biennium that were not spent or encumbered, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20 of the Revised Code, subject to appropriation by the general assembly.

In the second year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, 3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.03. (A) Before conducting an on-site evaluation of a school district under section 3318.02 of the Revised Code, at the request of the district board of education, the Ohio school facilities construction commission shall examine any classroom facilities needs assessment that has been conducted by the district and any master plan developed for meeting the facility needs of the district.

(B) Upon conducting the on-site evaluation under section 3318.02 of the Revised Code, the Ohio school facilities construction commission shall make a determination of all of the following:
(1) The needs of the school district for additional classroom facilities;

(2) The number of classroom facilities to be included in a project and the basic project cost of constructing, acquiring, reconstructing, or making additions to each such facility;

(3) The amount of such cost that the school district can supply from available funds, by the issuance of bonds previously authorized by the electors of the school district the proceeds of which can lawfully be used for the project and by the issuance of bonds under section 3318.05 of the Revised Code;

(4) The remaining amount of such cost that shall be supplied by the state;

(5) The amount of the state's portion to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds appropriated for purposes of sections 3318.01 to 3318.20 of the Revised Code.

(C) The commission shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility only upon evidence that the proposed project conforms to sound educational practice, that it is in keeping with the orderly process of school district reorganization and consolidation, and that the actual or projected enrollment in each classroom facility proposed to be included in the project is at least three hundred fifty pupils. Exceptions shall be authorized only in those districts where topography, sparsity of population, and other factors make larger schools impracticable.

If the school district board determines that an existing facility has historical value or for other good cause determines that an existing facility should be renovated in lieu of acquiring a comparable facility by new construction, the commission may approve the expenditure of project funds for the renovation of
that facility up to but not exceeding one hundred per cent of the estimated cost of acquiring a comparable facility by new construction, as long as the commission determines that the facility when renovated can be operationally efficient, will be adequate for the future needs of the district, and will comply with the other provisions of this division.

(D) Sections 125.81 and 153.04 of the Revised Code shall not apply to classroom facilities constructed under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.031. (A) The Ohio school facilities construction commission shall consider student and staff safety and health when reviewing design plans for classroom facility construction projects proposed under this chapter. After consulting with appropriate education, health, and law enforcement personnel, the commission may require as a condition of project approval under either section 3318.03 or division (B)(1) of section 3318.41 of the Revised Code such changes in the design plans as the commission believes will advance or improve student and staff safety and health in the proposed classroom facility.

To carry out its duties under this division, the commission shall review and, if necessary, amend any construction and design standards used in its project approval process, including standards for location and number of exits, standards for lead safety in classroom facilities constructed before 1978 in which services are provided to children under six years of age, and location of restrooms, with a focus on advancing student and staff safety and health.

(B) When reviewing design standards for classroom facility construction projects proposed under this chapter, the commission shall also consider the extent to which the design standards...
support the following:

1. Trends in educational delivery methods, including digital access and blended learning;

2. Provision of sufficient space for training new teachers and promotion of collaboration among teaching candidates, experienced teachers, and teacher educators;

3. Provision of adequate space for teacher planning and collaboration;

4. Provision of adequate space for parent involvement activities;

5. Provision of sufficient space for innovative partnerships between schools and health and social service agencies.

Sec. 3318.032. (A) Except as otherwise provided in divisions (C) and (D) of this section, the portion of the basic project cost supplied by the school district shall be the greater of:

1. The required percentage of the basic project costs;

2. (a) For all districts except a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the required level of indebtedness;

(b) For a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the following:
The required level of indebtedness X (the basic project cost of the segment as approved by the controlling board / the estimated basic project cost of the district's entire classroom facilities needs as determined jointly by the staff of the Ohio school facilities construction commission and the district)

(B) The amount of the district's share determined under this section shall be calculated only as of the date the controlling board approved the project, and that amount applies throughout the thirteen-month period permitted under section 3318.05 of the Revised Code for the district's electors to approve the propositions described in that section. If the amount reserved and encumbered for a project is released because the electors do not approve those propositions within that period, and the school district later receives the controlling board's approval for the project, subject to a new project scope and estimated costs under section 3318.054 of the Revised Code, the district's portion shall be recalculated in accordance with this section as of the date of the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic project cost be greater than ninety-five per cent of the total basic project cost.

(D) If the controlling board approves a project under sections 3318.01 to 3318.20 of the Revised Code for a school district that previously received assistance under those sections or section 3318.37 of the Revised Code within the twenty-year period prior to the date on which the controlling board approves the new project, the district's portion of the basic project cost for the new project shall be the lesser of the following:

(1) The portion calculated under division (A) of this section;

(2) The greater of the following:
(a) The required percentage of the basic project costs for
the new project;

(b) The percentage of the basic project cost paid by the
district for the previous project.

Sec. 3318.033. (A) As used in this section:

(1) "Formula ADM" has the same meaning as in section 3317.02
of the Revised Code.

(2) "Open enrollment net gain" has the same meaning as in
section 3318.011 of the Revised Code.

(B) This section applies to each school district that meets
the following criteria:

(1) The Ohio school facilities construction commission
certified its conditional approval of the district's project under
sections 3318.01 to 3318.20 of the Revised Code after July 1,
2006, and prior to September 29, 2007, and the project had not
been completed as of September 29, 2007.

(2) Within one year after the date of the commission's
certification of its conditional approval, the district's electors
approved a bond issue to pay the district's portion of the basic
project cost or the district board of education complied with
section 3318.052 of the Revised Code.

(3) In the fiscal year prior to the fiscal year in which the
district's project was conditionally approved, the district had an
open enrollment net gain that was ten per cent or more of its
formula ADM.

(C) For each school district to which this section applies,
the department of education shall recalculate the district's
percentile ranking under section 3318.011 of the Revised Code for
the fiscal year prior to the fiscal year in which the district's
project was conditionally approved and shall report the
recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and after September 29, 2007.

(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the district's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.034. (A) This section applies to both of the following:

(1) Any school district that has not executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code prior to June 24, 2008;

(2) Any school district that is eligible for additional assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to division (B)(2) of section 3318.04 of the Revised Code.

Notwithstanding any provision of this chapter to the contrary, with the approval of the Ohio school facilities construction commission, any school district to which this section applies may opt to divide the district's entire classroom...
facilities needs, as those needs are jointly determined by the staff of the commission and the school district, into discrete segments and shall comply with all of the provisions of those sections unless otherwise provided in this section.

(B) Except as provided in division (C) of this section, each segment shall comply with both of the following:

(1) The segment shall consist of the new construction of one or more entire buildings, a stand-alone segment of a building that serves grades kindergarten through twelve, or the complete renovation of one or more entire existing buildings, with any necessary additions to that building.

(2) The segment shall not include any construction of or renovation or repair to any building that does not complete the needs of the district with respect to that particular building at the time the segment is completed.

(C) A district described in division (A)(2) of this section that has not received the additional assistance authorized under division (B)(2) of section 3318.04 of the Revised Code may undertake a segment, with commission approval, for the purpose of renovating or replacing work performed on a facility under the district's prior project. The commission may approve that segment if the commission determines that the renovation or replacement is necessary to protect the facility. The basic project cost of the segment shall be allocated between the state and the district in accordance with section 3318.032 of the Revised Code. However, the requirements of division (B) of this section shall not apply to a segment undertaken under this division.

(D) The commission shall conditionally approve and seek controlling board approval in accordance with division (A) of section 3318.04 of the Revised Code of each segment.

(E)(1) When undertaking a segment under this section, a
school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under the segment, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the segment.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a segment as follows:

The full maintenance amount X (the school district's portion of the basic project cost for the segment / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of segments, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under each segment for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to
generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (E)(2) of this section for each prior segment of the district's project

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (E)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to undertake its project in its entirety instead of segmenting the project under this section.

(5) If a school district commenced a segment under this section prior to September 10, 2012, but has not completed that segment, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (E)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

(F) If a school district levies the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the tax shall run for twenty-three years from the date the segment for which the tax is initially levied is undertaken. The maintenance levy requirement, as defined in section 3318.18 of the Revised Code, does not apply to a segment undertaken under division (C) of this section.

(G) As used in this section, "full maintenance amount" means
the amount of total revenue that a school district likely would
generate by one-half mill of the tax described in division (B) of
section 3318.05 of the Revised Code over the entire
twenty-three-year period required under that section, as
determined by the commission in consultation with the department
of taxation.

Sec. 3318.035. (A) This section applies only if there is a
cchange in the assessment rates on gas pipelines imposed under
state law.

(B) If at any time division (A) of this section applies and
if the change in assessment rates described in that division
affects a school district's valuation as determined under division
(P) of section 3318.01 of the Revised Code by greater than ten per
cent and if the Ohio school facilities construction commission had
determined the state and school district portion of the basic
project cost of such a district's project under section 3318.36 or
3318.37 of the Revised Code prior to that change in valuation, the
commission shall adjust the state and school district portions of
the basic project cost of the school district's project using the
valuation altered by the change in assessment rates described in
division (A) of this section.

Sec. 3318.036. (A) For purposes of this section:

(1) "Eligible school district" is a city, local, or exempted
village school district that satisfies both of the following
conditions:

(a) The district resulted from one of the following that
became effective between July 1, 2013, and June 30, 2018:

(i) A transfer of all of the territory of one school district
to another school district in accordance with section 3311.22,
3311.231, 3311.24, or 3311.38 of the Revised Code;
(ii) The merger of two or more districts in accordance with section 3311.25 of the Revised Code;

(iii) The creation of a new local school district from all of one or more local school districts in accordance with section 3311.26 of the Revised Code;

(iv) The consolidation of two or more school districts under section 3311.37 of the Revised Code.

(b) The district has demonstrated to the Ohio school facilities construction commission an efficient use of facility space, including a reduction in the number of buildings used by students and administrative staff.

(2) "Basic project cost" and "required percentage of the basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter:

(1) If the commission determines that a district is an eligible school district, the commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code. If the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, the district's portion of the basic project cost shall be the required percentage of the basic project cost based on the percentile ranking of the district that was transferred, merged, consolidated, or existed prior to the creation of the new district that has the lowest three-year average adjusted valuation per pupil, as calculated under section 3318.011 of the Revised Code, on the date that the transfer, merger, consolidation, or creation of the new district became
(2) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by twenty-five percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section. At no time, however, shall that district's portion of the basic project cost be less than five per cent.

(3) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by ten percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section, if the district's project satisfies the following conditions:

(a) The project involves construction of a building on land owned by a state institution of higher education, as that term is defined in section 3345.011 of the Revised Code, and the commission approves the project.

(b) The district and the state institution of higher education enter into a written agreement regarding the continued use of the institution's land by the district, and the commission approves the agreement.

(c) On the date that the district and the state institution of higher education enter into the written agreement described in division (B)(3)(b) of this section, the state institution of
higher education is participating in the college credit plus program established under Chapter 3365. of the Revised Code.

At no time, however, shall that district's portion of the basic project cost be less than five per cent.

The reduction of the district's portion of the basic project cost described in division (B)(3) of this section may be in addition to a reduction of the district's portion of the basic project cost under division (B)(2) of this section.

(C) Except as provided in division (B) of this section, a district's project undertaken pursuant to this section shall be subject to all other requirements in sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.037. (A) For purposes of this section, an "eligible school district" is a school district that satisfies all of the following conditions:

(1) The district executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code that was segmented under section 3318.034 of the Revised Code.

(2) The district has undertaken one or more segments of that project and has applied to the Ohio facilities construction commission for funding for a subsequent segment of the project.

(3) Since the original project agreement described in division (A)(1) of this section was executed, the district has experienced a decrease in its adjusted valuation per pupil, as determined annually under section 3318.011 of the Revised Code, such that, as of the date the district submits its application for a subsequent segment of the project as described in division (A)(2) of this section, the district's annual percentile ranking under that section is lower than its percentile ranking on the date the district executed the original agreement for the project.
(B) Notwithstanding anything to the contrary in this chapter or in any rule of the commission, an eligible school district's portion of the cost for a subsequent segment of its project shall be the "required percentage of the basic project costs" based on the district's current percentile ranking for the fiscal year for which the district seeks funding for the segment.

Upon determining the respective state and district portions of the basic project cost for the segment pursuant to this section, the commission and the district shall amend the project agreement to stipulate those portions, and the commission shall encumber funds for the segment in accordance with section 3318.11 of the Revised Code.

(C) Nothing in this section shall affect the respective state and district portions of the basic project cost of segments of a district's project undertaken prior to the district's application for funding for a subsequent segment of the project under this section.

Sec. 3318.04. (A) If the Ohio school facilities construction commission makes a determination under section 3318.03 of the Revised Code in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and, the amount of the state's portion to be encumbered in the current fiscal year. In the event of approval thereof by the controlling board, the commission shall certify such conditional approval to the school district board and shall encumber from the total funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code.
Revised Code the amount approved under this section to be encumbered in the current fiscal year.

The basic project cost for a project approved under this section shall not exceed the cost that would otherwise have to be incurred if the classroom facilities to be constructed, acquired, or reconstructed, or the additions to be made to classroom facilities, under such project meet, but do not exceed, the specifications for plans and materials for classroom facilities adopted by the commission.

(B)(1) No school district shall have a project conditionally approved pursuant to this section if the school district has already received any assistance for a project funded under any version of sections 3318.01 to 3318.20 of the Revised Code, and the prior project was one for which the electors of such district approved a levy within the last twenty years pursuant to any version of section 3318.06 of the Revised Code for purposes of qualifying for the funding of that project, unless the district demonstrates to the satisfaction of the commission that the district has experienced since approval of its prior project an exceptional increase in enrollment significantly above the district's design capacity under that prior project as determined by rule of the commission.

(2) Notwithstanding division (B)(1) of this section, any school district that received assistance under sections 3318.01 to 3318.20 of the Revised Code, as those sections existed prior to May 20, 1997, may receive additional assistance under those sections, as they exist on and after May 20, 1997, prior to the expiration of the period of time required under division (B)(1) of this section, if the percentile in which the school district is located, as determined under section 3318.011 of the Revised Code, is eligible for assistance as prescribed in section 3318.02 of the Revised Code.
The commission may provide assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to this division to no more than five school districts per fiscal year until all eligible school districts have received the additional assistance authorized under this division. The commission shall establish application procedures, deadlines, and priorities for funding projects under this division.

The commission at its discretion may waive current design specifications it has adopted for projects under sections 3318.01 to 3318.20 of the Revised Code when assessing an application for additional assistance under this division for the renovation of classroom facilities constructed or renovated under a school district's previous project. If the commission finds that a school district's existing classroom facilities are adequate to meet all of the school district's needs, the commission may determine that no additional state assistance be awarded to a school district under this division.

In order for a school district to be eligible to receive any additional assistance under this division, the school district electors shall extend the school district's existing levy dedicated for maintenance of classroom facilities under Chapter 3318. of the Revised Code, pursuant to section 3318.061 of the Revised Code or shall provide equivalent alternative maintenance funds as specified in division (A)(2) of section 3318.06 of the Revised Code.

(3) Notwithstanding division (B)(1) of this section, any school district that has received assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, may receive additional assistance if the commission decides in favor of providing such assistance pursuant to section 3318.042 of the Revised Code.

(4) Notwithstanding division (B)(1) of this section, any...
school district that has opted to divide its entire classroom facilities needs into segments to be completed separately, as authorized by section 3318.034 of the Revised Code, and that has received assistance under sections 3318.01 to 3318.20 of the Revised Code for one of those segments may receive assistance under those sections for a subsequent segment. Assistance for any subsequent segment shall not include any additional work on a building included in a prior segment unless the district demonstrates to the satisfaction of the commission that the district has experienced since the completion of the prior segment an exceptional increase in enrollment in the grade levels housed in that building.

**Sec. 3318.041.** A school district ranked in the first through twenty-fifth percentiles may adopt and certify to the Ohio school facilities construction commission a resolution specifying a proposed project that meets the requirements of this chapter and the needs of the district, as confirmed through an on-site visit pursuant to section 3318.02 of the Revised Code. The commission shall consider such projects for conditional approval pursuant to section 3318.03 and shall encumber funds pursuant to section 3318.04 of the Revised Code in the order in which such resolutions are received.

**Sec. 3318.042.** (A) The board of education of any school district that is receiving assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, or under sections 3318.40 to 3318.45 of the Revised Code, and whose project is still under construction, may request that the Ohio school facilities construction commission examine whether the circumstances prescribed in either division (B)(1) or (2) of this section exist in the school district. If the commission so finds, the commission shall review the school district's original assessment and
approved project and consider providing additional assistance to the school district to correct the prescribed conditions found to exist in the district. Additional assistance under this section shall be limited to additions to one or more buildings, remodeling of one or more buildings, or changes to the infrastructure of one or more buildings.

(B) Consideration of additional assistance to a school district under this section is warranted in either of the following circumstances:

(1) Additional work is needed to correct an oversight or deficiency not identified or included in the district's initial assessment.

(2) Other conditions exist that, in the opinion of the commission, warrant additions or remodeling of the project facilities or changes to infrastructure associated with the district's project that were not identified in the initial assessment and plan.

(C) If the commission decides in favor of providing additional assistance to any school district under this section, the school district shall be responsible for paying for its portion of the cost of the additions, remodeling, or infrastructure changes pursuant to section 3318.083 of the Revised Code. If, after making a financial evaluation of the school district, the commission determines that the school district is unable without undue hardship, according to the guidelines adopted by the commission, to fund the school district portion of the increase, then the state and the school district shall enter into an agreement whereby the state shall pay the portion of the cost increase attributable to the school district which is determined to be in excess of any local resources available to the district and the district shall thereafter reimburse the state. The commission shall establish the district's schedule for reimbursing
the state, which shall not extend beyond ten years. The commission may lengthen the reimbursement schedule of a school district that has entered into an agreement under this section prior to the effective date of this amendment September 26, 2003, as long as the total term of that schedule does not extend beyond ten years. Debt incurred under this section shall not be included in the calculation of the net indebtedness of the school district under section 133.06 of the Revised Code.

Sec. 3318.05. The conditional approval of the Ohio school facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of
section 133.06 of the Revised Code and dedicated by the school
district board to payment of the district's portion of the basic
project cost; and

(B) On the question of levying a tax the proceeds of which
shall be used to pay the cost of maintaining the classroom
facilities included in the project. Such tax shall be at the rate
of not less than one-half mill for each dollar of valuation for a
period of twenty-three years, subject to any extension approved
under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under
section 5705.21 of the Revised Code for general permanent
improvements for a continuing period of time and the proceeds of
such tax can be used for maintenance, or if a district agrees to
the transfers described in section 3318.051 of the Revised Code,
the school district need not levy the additional tax required
under division (B) of this section, provided the school district
board includes in the agreement entered into under section 3318.08
of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent
improvement tax for maintenance of classroom facilities equivalent
to the amount of the additional tax and for the equivalent number
of years otherwise required under this section;

(2) Requiring the transfer of money in accordance with
section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to
make the transfers under section 3318.051 of the Revised Code only
so long as the electors of the district have approved, in
accordance with section 3318.063 of the Revised Code, the levy of
a tax for the maintenance of the classroom facilities acquired
under the district's project and that levy continues to be
collected as approved by the electors.
(D) Proceeds of the tax to be used for maintenance of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio school facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state
shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or miscalculations made in deciding whether to approve a petition to make transfers under this section.

(F) If the district board determines that it no longer can continue making the transfers agreed to under this section, the board may rescind the agreement only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors. That levy shall be for a number of years that is equal to the
difference between twenty-three years and the number of years that
the district made transfers under this section and shall be at the
rate of not less than one-half mill for each dollar of the
district's valuation. The district board shall continue to make
the transfers agreed to under this section until that levy has
been approved by the electors.

Sec. 3318.052. At any time after the electors of a school
district have approved either or both a property tax levied under
section 5705.21 or 5705.218 of the Revised Code for the purpose of
permanent improvements, including general permanent improvements,
or a school district income tax levied under Chapter 5748. of the
Revised Code, the proceeds of either of which, pursuant to the
ballot measures approved by the electors, are not so restricted
that they cannot be used to pay the costs of a project or
maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification
of the conditional approval of the school district's classroom
facilities project by the Ohio school facilities construction
commission, enter into a written agreement with the commission,
which may be part of an agreement entered into under section
3318.08 of the Revised Code, and in which the school district
board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that
property tax levy, of that school district income tax, or of
securities issued under this section, or of proceeds from any two
or more of those sources, to pay all or part of the district's
portion of the basic project cost of its classroom facilities
project;

(2) Apply available proceeds of either or both a property tax
levied under section 5705.21 or 5705.218 of the Revised Code in
effect for a continuing period of time, or of a school district
income tax levied under Chapter 5748. of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.

(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income tax levied under Chapter 5748. of the Revised Code that may lawfully be used to pay the costs of a classroom facilities project or of a tax levied under section 5705.21 or 5705.218 of the Revised Code to the payment of debt charges on and financing costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of the district's portion of the basic project cost of its classroom facilities project in accordance with an agreement entered into under division (A) of this section. Securities issued under this section shall be Chapter 133. securities and may be issued as general obligation securities or issued in anticipation of a
school district income tax or as property tax anticipation notes under section 133.24 of the Revised Code. The district board's resolution authorizing the issuance and sale of general obligation securities under this section shall conform to the applicable requirements of section 133.22 or 133.23 of the Revised Code. Securities issued under this section shall have principal payments during each year after the year of issuance over a period of not more than twenty-three years and, if so determined by the district board, during the year of issuance. Securities issued under this section shall not be included in the calculation of net indebtedness of the district under section 133.06 of the Revised Code, including but not limited to the limitation on unvoted indebtedness specified in division (G) of that section, or under section 3313.372 of the Revised Code, if the resolution of the district board authorizing their issuance and sale includes covenants to appropriate annually from lawfully available proceeds of a property tax levied under section 5705.21 or 5705.218 of the Revised Code or of a school district income tax levied under Chapter 5748. of the Revised Code and to continue to levy and collect the tax in amounts necessary to pay the debt charges on and financing costs related to the securities as they become due. No property tax levied under section 5705.21 or 5705.218 of the Revised Code and no school district income tax levied under Chapter 5748. of the Revised Code that is pledged, or that the school district board has covenanted to levy, collect, and appropriate annually, to pay the debt charges on and financing costs related to securities issued under this section shall be repealed while those securities are outstanding. If such a tax is reduced by the electors of the district or by the district board while those securities are outstanding, the school district board shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that
year equal to the debt charges on the securities in that year, except that in the case of a school district income tax that amount shall be rounded up to the nearest one-fourth of one percent.

No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project construction fund.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio school facilities construction commission set the scope, basic project cost, and school district portion of the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current assessed tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope and basic costs established under this division shall be valid for thirteen months from the date the commission approves them.
(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope and estimated costs. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the following:

1. Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district, or under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

2. Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

3. Encumber funds for the project under section 3318.11 of the Revised Code;

4. Enter into an agreement with the district board under section 3318.08 of the Revised Code.

Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio school facilities construction commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

1. That by issuing bonds in an amount equal to the school district's portion of the basic project cost the district is unable to provide adequate classroom facilities without assistance from the state;
(2) Unless the school district board has resolved to transfer money in accordance with section 3318.051 of the Revised Code or to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

(a) Levy a tax outside the ten-mill limitation the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project;

(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district at the next general or primary election, if there be a general or primary election not less than ninety and not more than one hundred ten days after the day of the adoption of such resolution or, if not, at a special election to be held at a time specified in the resolution which shall be not less than ninety days after the day of the adoption of the resolution and which shall be in accordance with the requirements of section 3501.01 of the Revised Code.

Such resolution shall also state that the question of issuing bonds of the board shall be combined in a single proposal with the question of such tax levy. More than one election under this section may be held in any one calendar year. Such resolution shall specify both of the following:
(a) That the rate which it is necessary to levy shall be at the rate of not less than one-half mill for each one dollar of valuation, and that such tax shall be levied for a period of twenty-three years;

(b) That the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

(B) A copy of a resolution adopted under division (A) of this section shall after its passage and not less than ninety days prior to the date set therein for the election be certified to the county board of elections.

The resolution of the school district board, in addition to meeting other applicable requirements of section 133.18 of the Revised Code, shall state that the amount of bonds to be issued will be an amount equal to the school district's portion of the basic project cost, and state the maximum maturity of the bonds which may be any number of years not exceeding the term calculated under section 133.20 of the Revised Code as determined by the board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county
auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, and the first calendar year in which the tax is expected to be due for each series, in addition to the information required to be stated in the notice under divisions (E)(3)(a) to (e) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the ............ (here insert name of school district) school district to pay the local share of school construction under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ............ (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ............ (here insert the maximum
number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue .......... (rate expressed in cents or dollars and cents, such as "thirty-six cents" or "$0.36") for each one hundred dollars of tax valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

and, unless the additional levy of taxes is not required pursuant to division (C) of section 3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three years to benefit the ........... (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project at the rate of .......... (here insert the number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?

(2) If authority is sought to issue bonds in more than one series and the board of education so elects, the form of the ballot shall be as prescribed in section 3318.062 of the Revised Code. If the board of education elects the form of the ballot prescribed in that section, it shall so state in the resolution adopted under this section.
(D) If it is necessary for the school district to acquire a
site for the classroom facilities to be acquired pursuant to
sections 3318.01 to 3318.20 of the Revised Code, the district
board may propose either to issue bonds of the board or to levy a
tax to pay for the acquisition of such site, and may combine the
question of doing so with the questions specified in division (B)
of this section. Bonds issued under this division for the purpose
of acquiring a site are a general obligation of the school
district and are Chapter 133. securities.

The form of that portion of the ballot to include the
question of either issuing bonds or levying a tax for site
acquisition purposes shall be one of the following:

(1) "Shall bonds be issued by the ............ (here insert
name of the school district) school district to pay costs of
acquiring a site for classroom facilities under the State of Ohio
Classroom Facilities Assistance Program in the principal amount of
............ (here insert principal amount of the bond issue), to be
repaid annually over a maximum period of ............ (here insert

be paid) years, and an annual levy of property taxes be made
outside the ten-mill limitation, estimated by the county auditor
to average over the repayment period of the bond issue ............
(here insert number of mills) mills for each one dollar of tax
valuation, which amount to ............ (here insert rate expressed
in cents or dollars and cents, such as "thirty-six cents" or
"$0.36") for each one hundred dollars of valuation to pay the
annual debt charges on the bonds and to pay debt charges on any
notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill
limitation be made for the benefit of the ............ (here insert
name of the school district) school district for the purpose of
acquiring a site for classroom facilities in the sum of ............
(here insert annual amount the levy is to produce) estimated by the county auditor to average ........ (here insert number of mills) mills for each one hundred dollars of valuation, for a period of ........ (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.
Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio school facilities construction commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this
section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than ninety days before the date set in the resolution as the date of the election at which the question will be submitted to electors. The notice of the election shall conform with the requirements of division (A)(3) of section 3318.06 of the Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining classroom facilities constructed with the proceeds of the previously issued bonds at the rate of .......... (here insert the number of mills, which shall not be less than one-half mill) mills per dollar of tax valuation, be extended until ........ (here insert the year that is twenty-three years after the year in which the district and commission will enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or the following year)?

Section 3318.07 of the Revised Code applies to ballot questions under this section.

Sec. 3318.07. The board of elections shall certify the result of the election to the tax commissioner, to the auditor of the county or counties in which the school district is located, to the treasurer of the school district board, and to the Ohio school facilities construction commission. The necessary tax levy for
debt service on the bonds shall be included in the annual tax budget that is certified to the county budget commission or, if adoption of the tax budget is waived under section 5705.281 of the Revised Code, included among the tax rates required to be provided to the budget commission under that section.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio school facilities construction commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at
that time the county treasurer of each county in which the school
district is located has not commenced the collection of taxes on
the general duplicate of real and public utility property for the
year in which the controlling board approved the project, the
school district board shall authorize the issuance of a first
installment of bond anticipation notes in an amount specified by
the agreement, which amount shall not exceed an amount necessary
to raise the net bonded indebtedness of the school district as of
the date of the controlling board's approval to within five
thousand dollars of the required level of indebtedness for the
preceding year. In the event that a first installment of bond
anticipation notes is issued, the school district board shall, as
soon as practicable after the county treasurer of each county in
which the school district is located has commenced the collection
of taxes on the general duplicate of real and public utility
property for the year in which the controlling board approved the
project, authorize the issuance of a second and final installment
of bond anticipation notes or a first and final issue of bonds.

The combined value of the first and second installment of
bond anticipation notes or the value of the first and final issue
of bonds shall be equal to the school district's portion of the
basic project cost. The proceeds of any such bonds shall be used
first to retire any bond anticipation notes. Otherwise, the
proceeds of such bonds and of any bond anticipation notes, except
the premium and accrued interest thereon, shall be deposited in
the school district's project construction fund. In determining
the amount of net bonded indebtedness for the purpose of fixing
the amount of an issue of either bonds or bond anticipation notes,
gross indebtedness shall be reduced by moneys in the bond
retirement fund only to the extent of the moneys therein on the
first day of the year preceding the year in which the controlling
board approved the project. Should there be a decrease in the tax
valuation of the school district so that the amount of
indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. All bonds and bond anticipation notes shall be issued in accordance with Chapter 133 of the Revised Code, and notes may be renewed as provided in section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board available for the project, together with the proceeds of the sale of the bonds or notes, except premium, accrued interest, and interest included in the amount of the issue, to the school district's project construction fund;

(C) For all school districts except joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the following provisions as applicable:

(1) If section 3318.052 of the Revised Code applies, the earmarking of the proceeds of a tax levied under section 5705.21
of the Revised Code for general permanent improvements or under section 5705.218 of the Revised Code for the purpose of permanent improvements, or the proceeds of a school district income tax levied under Chapter 5748. of the Revised Code, or the proceeds from a combination of those two taxes, in an amount to pay all or part of the service charges on bonds issued to pay the school district portion of the project and an amount equivalent to all or part of the tax required under division (B) of section 3318.05 of the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply, one of the following:

(a) The levy of the tax authorized at the election for the payment of maintenance costs, as specified in division (B) of section 3318.05 of the Revised Code;

(b) If the school district electors have approved a continuing tax for general permanent improvements under section 5705.21 of the Revised Code and that tax can be used for maintenance, the earmarking of an amount of the proceeds from such tax for maintenance of classroom facilities as specified in division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.
(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until any obligations issued for the project under section 3318.26 of the Revised Code are no longer outstanding;

(H) The insurance of the project by the school district from the time there is an insurable interest therein and so long as the state retains any ownership or interest in the project pursuant to division (F) of this section, in such amounts and against such risks as the commission shall require; provided, that the cost of any required insurance until the project is completed shall be a part of the basic project cost;

(I) The certification by the director of budget and management that funds are available and have been set aside to meet the state's share of the basic project cost as approved by the controlling board pursuant to either section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code;

(J) Authorization of the school district board to advertise
for and receive construction bids for the project, for and on behalf of the commission, and to award contracts in the name of the state subject to approval by the commission;

(K) Provisions for the disbursement of moneys from the school district's project account upon issuance by the commission or the commission's designated representative of vouchers for work done to be certified to the commission by the treasurer of the school district board;

(L) Disposal of any balance left in the school district's project construction fund upon completion of the project;

(M) Limitations upon use of the project or any part of it so long as any obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(N) Provision for vesting the state's interest in the project to the school district board when the obligations issued to finance the project under section 3318.26 of the Revised Code are outstanding;

(O) Provision for deposit of an executed copy of the agreement in the office of the commission;

(P) Provision for termination of the contract and release of the funds encumbered at the time of the conditional approval, if the proceeds of the sale of the bonds of the school district board are not paid into the school district's project construction fund and if bids for the construction of the project have not been taken within such period after the execution of the agreement as may be fixed by the commission;

(Q) Provision for the school district to maintain the project in accordance with a plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to pay the state share of the cost of the project and the funds
provided by the school district to pay for its share of the project cost, including the respective shares of the cost of a segment if the project is divided into segments, be spent on the construction and acquisition of the project or segment simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code or, if the district is a joint vocational school district, under section 3318.42 of the Revised Code. However, if the school district certifies to the commission that expenditure by the school district is necessary to maintain the federal tax status or tax-exempt status of notes or bonds issued by the school district to pay for its share of the project cost or to comply with applicable temporary investment periods or spending exceptions to rebate as provided for under federal law in regard to those notes or bonds, the school district may commit to spend, or spend, a greater portion of the funds it provides during any specific period than would otherwise be required under this division.

(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code.
Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project;

(W) A requirement for the school district to adhere to a facilities maintenance plan approved by the commission.

Sec. 3318.081. If the board of education of a school district authorized to impose a tax pursuant to section 3318.06 of the Revised Code determines that taxable value of property subject to the tax has increased to the extent it will not be necessary to impose such tax for twenty-three years in order to generate an amount equal to the amount of the project cost supplied by the state, it may request the county auditor to determine the amount remaining to be paid and the estimated rate of taxation required each year to pay such remainder in equal installments over the maximum number of remaining years the tax may be in effect. The auditor shall make such determination upon request and certify the results thereof to the board of education.

Upon receipt of the auditor's determination, the board of education may request the Ohio school facilities construction commission to enter into a supplemental agreement under which the district may pay the remainder of the amount in annual amounts
equal to the quotient obtained by dividing the amount remaining to be paid by the maximum number of remaining years the tax may be in effect. If such an agreement is entered into, the commission shall certify a copy thereof to the county auditor and the tax authorized by section 3318.06 of the Revised Code thereafter shall be levied at the rate required to make the annual payments required by the supplemental agreement rather than the rate required by such section.

Sec. 3318.082. The board of education of any school district imposing a tax for the purpose of paying the state pursuant to section 3318.06 of the Revised Code prior to the effective date of the amendments to that section by Amended Substitute House Bill No. 748 of the 121st general assembly, may enter into a supplemental agreement with the Ohio school facilities construction commission under which the proceeds of such tax shall be distributed in accordance with the requirements of section 3318.06 of the Revised Code, as amended by Amended Substitute House Bill No. 748 of the 121st general assembly.

Sec. 3318.083. If, after the Ohio school facilities construction commission and a school district enter into a written agreement under section 3318.08 of the Revised Code for the construction of a classroom facilities project, the commission approves an increase in the basic project cost above the amount budgeted plus any interest earned and available in the project construction fund, the state and the school district shall share the increased cost in proportion to their respective contributions to the district's project construction fund.

Sec. 3318.084. (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:
(1) The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

(2) If the school district is not a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, an offset of all or part of a district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code, which shall be applied only in the manner prescribed in division (B) of this section;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated contribution under division (A)(2) of this section unless the Ohio school facilities construction commission first approves that application.

Upon the request of the school district board to apply local donated contribution under division (A)(2) of this section, the commission in consultation with the department of taxation shall determine the amount of total revenue that likely would be generated by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section and shall deduct from that amount any amount of local donated contribution that the board has committed to apply under division (A)(2) of this section. The commission then shall determine in consultation with the department of taxation the rate of tax over twenty-three years.
years necessary to generate the amount of a one-half mill tax not
gen. 40075
offset by the local donated contribution. Notwithstanding anything
gen. 40076
to the contrary in section 3318.06, 3318.061, or 3318.361 of the
sections 3318.06, 3318.061, or 3318.361 of the Revised Code, the rate determined by the commission shall be the
section 3318.06, 3318.061, or 3318.361 of the Revised Code. In the case of a complete
rate for which the district board shall seek elector approval
offset of the district's obligation under division (B) of section
section 3318.05 of the Revised Code, the district shall not be required to
offset of the district's obligation under division (B) of section
levy the tax otherwise required under that section. At the end of
section 3318.05 of the Revised Code, whether or not the tax
the twenty-three-year period of the tax required under division
is actually levied, the commission in consultation of the
department of taxation shall recalculate the amount that would
have been generated by the tax if it had been levied at one-half
mill. If the total amount actually generated over that period from
both the tax that was actually levied and any local donated
contribution applied under division (A)(2) of this section is less
than the amount that would have been raised by a one-half mill
tax, the district shall pay any difference. If the total amount
actually raised in such manner is greater than the amount that
would have been raised by a one-half mill tax the difference shall
be zero and no payments shall be made by either the district or
the commission.

(C) As used in this section, "local donated contribution"
means any of the following:

(1) Any moneys irrevocably donated or granted to a school
district board by a source other than the state which the board
has the authority to apply to the school district's project under
sections 3318.01 to 3318.20 of the Revised Code and which the
board has pledged for that purpose by resolution adopted by a
majority of its members;
(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's superior interest in the project.

(4) Any moneys spent by a source other than the school district or the state for construction or renovation of specific classroom facilities that have been approved by the commission as part of the basic project cost of the district's project. The school district, the commission, and the entity providing the local donated contribution under division (C)(4) of this section shall enter into an agreement identifying the classroom facilities to be acquired by the expenditures made by that entity. The agreement shall include, but not be limited to, stipulations that require an audit by the commission of such expenditures made on behalf of the district and that specify the maximum amount of credit to be allowed for those expenditures. Upon completion of the construction or renovation, the commission shall determine the
actual amount that the commission will credit, at the request of the district board, toward the district's portion of the basic project cost, any project cost overruns, or the basic project cost of future segments if the project has been divided into segments under section 3318.38 of the Revised Code. The actual amount of the credit shall not exceed the lesser of the amount specified in the agreement or the actual cost of the construction or renovation.

(D) No state moneys shall be released for a project to which this section applies until:

(1) Any local donated contribution authorized under division (A)(1) of this section is first deposited into the school district's project construction fund.

(2) The school district board and the commission have included a stipulation in their agreement entered into under section 3318.08 of the Revised Code under which the board will deposit into a fund approved by the commission according to a schedule that does not extend beyond the anticipated completion date of the project the total amount of any local donated contribution authorized under division (A)(2) or (3) of this section and dedicated by the board for that purpose.

However, if any local donated contribution as described in division (C)(4) of this section has been approved under this section, the state moneys may be released even if the entity providing that local donated contribution has not spent the moneys so dedicated as long as the agreement required under that section has been executed.

Sec. 3318.086. The construction budget for any project under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code shall contain a contingency reserve in an amount prescribed by the Ohio school facilities construction commission,
which unless otherwise authorized by the commission, shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project.

Sec. 3318.091. (A) Promptly after the written agreement between the school district board and the Ohio school facilities construction commission has been entered into, the school district board shall proceed with the issuance of its bonds or notes in anticipation thereof pursuant to the provision of such agreement required by division (A) of section 3318.08 of the Revised Code and the deposit of the proceeds thereof in the school district's project construction fund pursuant to the provision of such agreement required by division (B) of section 3318.08 of the Revised Code, and the school district board, with the approval of the commission shall employ a qualified professional person or firm to prepare preliminary plans, working drawings, specifications, estimates of cost, and such data as the school district board and the commission consider necessary for the project. When the preliminary plans and preliminary estimates of cost have been prepared, and approved by the school district board, they shall be submitted to the commission for approval, modification, or rejection. The commission shall ensure that the plans and materials proposed for use in the project comply with specifications for plans and materials that shall be established by the commission. When such preliminary plans and preliminary estimates of cost and any modifications thereof have been approved by the commission and the school district board, the school district board shall cause such qualified professional person or firm to prepare the working drawings, specifications, and
estimates of cost.

(B) Whenever project plans submitted to the commission for approval under division (A) of this section propose to locate a facility on a state route or United States highway or within one mile of a state route or United States highway, the commission shall send a copy of the plans to the director of transportation. The director of transportation shall review the plans to determine the feasibility of the proposed ingress and egress to the facility, the traffic circulation pattern on roadways around the facility, and any improvements that would be necessary to conform the roadways to provisions of the manual adopted by the department of transportation pursuant to section 4511.09 of the Revised Code or state or federal law. The director of transportation shall provide a written summary of the director's findings to the commission in a timely manner. The commission shall consider the findings in deciding whether to approve the plans.

Sec. 3318.10. When such working drawings, specifications, and estimates of cost have been approved by the school district board and the Ohio school facilities construction commission, the treasurer of the school district board shall advertise for construction bids in accordance with section 3313.46 of the Revised Code. Such notices shall state that plans and specifications for the project are on file in the office of the commission and such other place as may be designated in such notice, and the time and place when and where bids therefor will be received.

The form of proposal to be submitted by bidders shall be supplied by the commission. Bidders may be permitted to bid upon all the branches of work and materials to be furnished and supplied, upon any branch thereof, or upon all or any thereof.

When the construction bids for all branches of work and
materials have been tabulated, the commission shall cause to be prepared a revised estimate of the basic project cost based upon the lowest responsible bids received. If such revised estimate exceeds the estimated basic project cost as approved by the controlling board pursuant to section 3318.04 or division (B)(1) of section 3318.41 of the Revised Code, no contracts may be entered into pursuant to this section unless such revised estimate is approved by the commission and by the controlling board. When such revised estimate has been prepared, and after such approvals are given, if necessary, and if the school district board has caused to be transferred to the project construction fund the proceeds from the sale of the first or first and final installment of its bonds or bond anticipation notes pursuant to the provision of the written agreement required by division (B) of section 3318.08 of the Revised Code, and when the director of budget and management has certified that there is a balance in the appropriation, not otherwise obligated to pay precedent obligations, pursuant to which the state's share of such revised estimate is required to be paid, the contract for all branches of work and materials to be furnished and supplied, or for any branch thereof as determined by the school district board, shall be awarded by the school district board to the lowest responsible bidder subject to the approval of the commission. Such award shall be made within sixty days after the date on which the bids are opened, and the successful bidder shall enter into a contract within ten days after the successful bidder is notified of the award of the contract.

Subject to the approval of the commission, the school district board may reject all bids and readvertise. Any contract made under this section shall be made in the name of the state and executed on its behalf by the president and treasurer of the school district board.
The provisions of sections 9.312 and 3313.46 of the Revised Code, which are applicable to construction contracts of boards of education, shall apply to construction contracts for the project.

The remedies afforded to any subcontractor, materials supplier, laborer, mechanic, or persons furnishing material or machinery for the project under sections 1311.26 to 1311.32 of the Revised Code, shall apply to contracts entered into under this section and the itemized statement required by section 1311.26 of the Revised Code shall be filed with the school district board.

Notwithstanding any other requirement of this section, a school district, with the approval of the commission, may utilize any otherwise lawful alternative construction delivery method for the construction of the project.

Sec. 3318.11. For any project undertaken with financial assistance from the state under this chapter, the amount of state appropriations to be encumbered for the project in each fiscal year shall be determined by the Ohio school facilities construction commission based on the project's estimated construction schedule for that year. In each fiscal year subsequent to the first year in which state appropriations are encumbered for the project, the project has priority for state funds over projects for which initial state funding is sought.

Sec. 3318.112. (A) As used in this section, "solar_ready" means capable of accommodating the eventual installation of roof top, solar photovoltaic energy equipment.

(B) The Ohio school facilities construction commission shall adopt rules prescribing standards for solar_ready equipment in school buildings under their jurisdiction. The rules shall include, but not be limited to, standards regarding roof space limitations, shading and obstruction, building orientation, roof
loading capacity, and electric systems.

(C) A school district may seek, and the commission may grant for good cause shown, a waiver from part or all of the standards prescribed under division (B) of this section.

Sec. 3318.12. (A) The Ohio school facilities construction commission shall cause to be transferred to the school district's project construction fund the necessary amounts from amounts appropriated by the general assembly and set aside for such purpose, from time to time as may be necessary to pay obligations chargeable to such fund when due. All investment earnings of a school district's project construction fund shall be credited to the fund.

(B)(1) The treasurer of the school district board shall disburse funds from the school district's project construction fund, including investment earnings credited to the fund, only upon the approval of the commission or the commission's designated representative. The commission or the commission's designated representative shall issue vouchers against such fund, in such amounts, and at such times as required by the contracts for construction of the project.

(2) Notwithstanding anything to the contrary in division (B)(1) of this section, the school district board may, by a duly adopted resolution, choose to use all or part of the investment earnings of the district's project construction fund that are attributable to the district's contribution to the fund to pay the cost of classroom facilities or portions or components of classroom facilities that are not included in the district's basic project cost but that are related to the district's project. If the district board adopts a resolution in favor of using those investment earnings as authorized under division (B)(2) of this section, the treasurer shall disburse the amount as designated and
directed by the board. However, if the district board chooses to use any part of the investment earnings for classroom facilities or portions or components of classroom facilities that are not included in the basic project cost, as authorized under division (B)(2) of this section, and, subsequently, the cost of the project exceeds the amount in the project construction fund, the district board shall restore to the project construction fund the full amount of the investment earnings used under division (B)(2) of this section before any additional state moneys shall be released for the project.

(C) After a certificate of completion has been issued for a project under section 3318.48 of the Revised Code:

(1) At the discretion of the school district board, any investment earnings remaining in the project construction fund that are attributable to the school district's contribution to the fund shall be:

(a) Retained in the project construction fund for future projects;

(b) Transferred to the district's maintenance fund required by division (B) of section 3318.05 or section 3318.43 of the Revised Code, and the money so transferred shall be used solely for maintaining the classroom facilities included in the project;

(c) Transferred to the district's permanent improvement fund.

(2) Any investment earnings remaining in the project construction fund that are attributable to the state's contribution to the fund shall be transferred to the commission for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(3) Any other surplus remaining in the school district's project construction fund shall be transferred to the commission and the school district board in proportion to their respective
contributions to the fund. The commission shall use the money transferred to it under this division for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(D) Pursuant to appropriations of the general assembly, any moneys transferred to the commission under division (C)(2) or (3) of this section from a project construction fund for a project under sections 3318.40 to 3318.45 of the Revised Code may be used for future expenditures for projects under sections 3318.40 to 3318.45 of the Revised Code, notwithstanding the two per cent annual limit specified in division (B) of section 3318.40 of the Revised Code.

Sec. 3318.121. As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

Notwithstanding any provision to the contrary in section 3318.12 or Chapter 5705. of the Revised Code, a big-eight school district receiving assistance for a project under this chapter, that has opted with the approval of the Ohio school facilities construction commission to divide the project into discrete segments to be completed sequentially, or otherwise, may, with the approval of the commission or the commission's designated representative, and pursuant to a resolution adopted by the school district board, transfer to a special construction fund investment earnings credited to the project construction fund that are attributable to the district's contribution to that fund, if the school district board and the commission, or its designated representative, determine that the unspent amount of the district's contribution to the project construction fund, including any investment earnings on that contribution that are not to be transferred to the special construction fund, together...
with the principal amount of any additional securities authorized by the voters of the district to be issued to pay the local share of the basic project cost of the entire project that have not yet been issued by the district, are projected at the time of the transfer to be not less than one hundred ten per cent of the amount required to provide for the entire remaining local share of the basic project cost because of reductions in the scope and estimated cost of the project that have been incorporated in the district's approved master facilities plan. The money in that special construction fund, including investment earnings attributable to money in that fund, shall be used by the district solely to pay costs of classroom facilities (A) in later segments of the project that are consistent with the specifications for plans and materials for classroom facilities adopted by the commission and those specifications used by the district for classroom facilities included in one or more prior segments, but which would cause the cost of the facilities in one or more later segments to be in excess of the approved budgeted basic project cost for the segment to be shared by the state and the district in proportion to the state's and the school district's respective shares of the basic project cost as determined under section 3318.032 of the Revised Code, or (B) that were included in the master facilities plan prior to the reduction in scope. All investment earnings on a district's special construction fund shall be credited to the fund. After the entire project has been completed, any investment earnings remaining in the special construction fund shall be transferred to the district's maintenance fund required by division (B) of section 3318.05 of the Revised Code, and used solely for maintaining the classroom facilities included in the project.

Sec. 3318.13. Notwithstanding any provision of sections 5705.27 to 5705.50 of the Revised Code, the tax to be levied on
all taxable property within a school district for the purpose of paying the cost of maintaining the classroom facilities included in the project under the agreement provided in section 3318.08 of the Revised Code or the supplemental agreement provided in section 3318.081 of the Revised Code shall be included in the budget of the school district for each year upon the certification to the county budget commission or commissions of the county or counties in which said school district is located, by the Ohio school facilities construction commission of the balance due the state under said agreement or supplemental agreement. Such certification shall be made on or before the fifteenth day of July in each year. Thereafter, the respective county budget commissions shall treat such certification as an additional item on the tax budget for the school district as to which such certification has been made and shall provide for the levy therefor in the manner provided in sections 5705.27 to 5705.50 of the Revised Code for tax levies included directly in the budgets of the subdivisions.

The levy of taxes shall be included in the next annual tax budget that is certified to the county budget commission after the execution of the agreement for the project.

Sec. 3318.15. There is hereby created the public school building fund within the state treasury consisting of any moneys transferred or appropriated to the fund by the general assembly, moneys paid into or transferred in accordance with section 3318.47 of the Revised Code, and any grants, gifts, or contributions received by the Ohio school facilities construction commission to be used for the purposes of the fund. All investment earnings of the fund shall be credited to the fund.

Moneys transferred or appropriated to the fund by the general assembly and moneys in the fund from grants, gifts, and contributions shall be used for the purposes of Chapter 3318. of
the Revised Code as prescribed by the general assembly.

Sec. 3318.16. The Ohio school facilities construction commission shall have an interest in real property purchased with moneys in the school district's project construction fund.

Once obligations issued to finance a project under section 3318.26 of the Revised Code are no longer outstanding, any interest held by the commission shall be transferred to the school district.

Sec. 3318.18. (A) As used in this section:

(1) "Valuation" of a school district means the sum of the amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.

(3) "Statewide average valuation per pupil" means the total of the valuations of all school districts divided by the total of the formula ADMs of all school districts as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (C) of this section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08,
or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio school facilities construction commission under section 3318.08 or division (B)(1) of section 3318.36 of the Revised Code.

(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district, and provide them to the Ohio school facilities construction commission. On or before the first day of July each year beginning in 2007, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio school facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil as most recently provided to the commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department of education for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department of education, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the
commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.

(3) The amount computed for a school district under division (C)(1) or (2) of this section shall not change for the period during which payments are made to the district under division (D) of this section.

(4) A computation need not be made under division (C)(1) or (2) of this section for a school district that certified a resolution to the commission under division (D)(3) of section 3318.36 of the Revised Code until the district becomes eligible for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each school district for which a computation has been made under division (C) of this section, the department of education shall pay the amount computed to each such school district. Payments shall be made to a school district each year until and including the tax year in which the district's maintenance levy requirement terminates. Payments shall be paid from the half-mill equalization fund, subject to appropriation by the general assembly. However, the department shall make no payments under this section to any district that elects the procedure authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section shall be credited to the district's classroom facilities maintenance fund and shall be used only for the purpose of maintaining facilities constructed or renovated under the project agreement.

(F) There is hereby created in the state treasury the
half-mill equalization fund. The fund shall receive transfers pursuant to section 5727.85 of the Revised Code. The fund shall be used first to make annual payments under division (D) of this section. If a balance remains in the fund after such payments are made in full for a year, the Ohio school facilities construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

Sec. 3318.22. (A) The general assembly finds that many school districts are prevented by their size, tax base, or other conditions from performing their essential functions as agencies of state government to provide adequate classroom facilities and issuing securities under Chapter 133. of the Revised Code at favorable interest rates or charges. Accordingly, the Ohio school facilities construction commission is invested with the powers and duties provided in sections 3318.21 to 3318.29 of the Revised Code in order to provide deserved assistance and materially contribute to the educational revitalization of such school districts and result in improving the education and welfare of all the people of the state.

(B) Sections 3318.21 to 3318.29 of the Revised Code do not authorize the commission or the issuing authority to incur bonded indebtedness of the state or any political subdivision of the state, or to obligate or pledge moneys raised by taxation for the payment of any bonds or notes issued pursuant to sections 3318.21 to 3318.29 of the Revised Code.

Sec. 3318.25. There is hereby created in the state treasury
the school building program assistance fund. The fund shall consist of the proceeds of obligations issued for the purposes of such fund pursuant to section 3318.26 of the Revised Code that are payable from moneys in the lottery profits education fund created in section 3770.06 of the Revised Code or pursuant to section 151.03 of the Revised Code. All investment earnings of the fund shall be credited to the fund. Moneys in the fund shall be used as directed by the Ohio school facilities construction commission for the cost to the state of constructing classroom facilities under Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.26. (A) The provisions of this section apply only to obligations issued by the issuing authority prior to December 1, 1999.

(B) Subject to the limitations provided in section 3318.29 of the Revised Code, the issuing authority, upon the certification by the Ohio school facilities construction commission to the issuing authority of the amount of moneys or additional moneys needed in the school building program assistance fund for the purposes of sections 3318.01 to 3318.20 and sections 3318.40 to 3318.45 of the Revised Code, or needed for capitalized interest, for funding reserves, and for paying costs and expenses incurred in connection with the issuance, carrying, securing, paying, redeeming, or retirement of the obligations or any obligations refunded thereby, including payment of costs and expenses relating to letters of credit, lines of credit, insurance, put agreements, standby purchase agreements, indexing, marketing, remarketing and administrative arrangements, interest swap or hedging agreements, and any other credit enhancement, liquidity, remarketing, renewal, or refunding arrangements, all of which are authorized by this section, shall issue obligations of the state under this section in the required amount. The proceeds of such obligations, except...
for obligations issued to provide moneys for the school building program assistance fund shall be deposited by the treasurer of state in special funds, including reserve funds, as provided in the bond proceedings. The issuing authority may appoint trustees, paying agents, and transfer agents and may retain the services of financial advisors and accounting experts and retain or contract for the services of marketing, remarketing, indexing, and administrative agents, other consultants, and independent contractors, including printing services, as are necessary in the issuing authority's judgment to carry out this section. The costs of such services are payable from the school building program assistance fund or any special fund determined by the issuing authority.

(C) The holders or owners of such obligations shall have no right to have moneys raised by taxation obligated or pledged, and moneys raised by taxation shall not be obligated or pledged, for the payment of bond service charges. Such holders or owners shall have no rights to payment of bond service charges from any money or property received by the commission, treasurer of state, or the state, or from any other use of the proceeds of the sale of the obligations, and no such moneys may be used for the payment of bond service charges, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations and except as otherwise expressly provided in the applicable bond proceedings pursuant to written directions by the treasurer of state. The right of such holders and owners to payment of bond service charges shall be limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings in accordance with this section, and each such obligation shall bear on its face a statement to that effect.

(D) Obligations shall be authorized by resolution or order of
the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding the limits specified in section 3318.29 of the Revised Code, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. Sections 9.98 to 9.983 of the Revised Code are applicable to obligations issued under this section, subject to any applicable limitation under section 3318.29 of the Revised Code. The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the issuing authority may determine, of the pledged receipts and the applicable special fund or funds to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments, and may be made to secure the obligations on a parity with obligations theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledged receipts and special funds so pledged and thereafter received by the state are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement or
other document with respect thereto; and the pledge of such
pledged receipts and special funds is effective and the money
therefrom and thereof may be applied to the purposes for which
pledged without necessity for any act of appropriation, except as
required by section 3770.06 of the Revised Code. Every pledge, and
every covenant and agreement made with respect thereto, made in
the bond proceedings may therein be extended to the benefit of the
owners and holders of obligations authorized by this section, and
to any trustee therefor, for the further security of the payment
of the bond service charges.

(E) The bond proceedings may contain additional provisions as
to:

(1) The redemption of obligations prior to maturity at the
option of the issuing authority at such price or prices and under
such terms and conditions as are provided in the bond proceedings;

(2) Other terms of the obligations;

(3) Limitations on the issuance of additional obligations;

(4) The terms of any trust agreement or indenture securing
the obligations or under which the same may be issued;

(5) The deposit, investment and application of special funds,
and the safeguarding of moneys on hand or on deposit, without
regard to Chapter 131., 133., or 135. of the Revised Code, but
subject to any special provisions of sections 3318.21 to 3318.29
of the Revised Code, with respect to particular funds or moneys,
provided that any bank or trust company that acts as depository of
any moneys in the special funds may furnish such indemnifying
bonds or may pledge such securities as required by the issuing
authority;

(6) Any or every provision of the bond proceedings being
binding upon such officer, board, commission, authority, agency,
department, or other person or body as may from time to time have
the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) The lease or sublease of any interest of the school district or the state in one or more projects as defined in division (C) of section 3318.01 of the Revised Code, or in one or more permanent improvements, to or from the issuing authority, as provided in one or more lease or sublease agreements between the school or the state and the issuing authority;

(9) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on the date of such bonds or coupons such person was not the issuing authority. In case the issuing authority whose signature or a facsimile of whose signature appears on any such obligation or coupon ceases to be the issuing authority before delivery thereof, such signature or facsimile is nevertheless valid and sufficient for all purposes as if the issuing authority had remained the issuing authority until such delivery; and in case the seal to be affixed to obligations has been changed after a facsimile of the seal has been imprinted on such obligations, such facsimile seal shall continue to be sufficient as to such obligations and obligations issued in substitution or exchange therefor.

(G) All obligations are negotiable instruments and securities
under Chapter 1308. of the Revised Code, subject to the provisions
of the bond proceedings as to registration. The obligations may be
issued in coupon or in registered form, or both, as the issuing
authority determines. Provision may be made for the registration
of any obligations with coupons attached thereto as to principal
alone or as to both principal and interest, their exchange for
obligations so registered, and for the conversion or reconversion
into obligations with coupons attached thereto of any obligations
registered as to both principal and interest, and for reasonable
charges for such registration, exchange, conversion, and
reconversion.

(H) Obligations may be sold at public sale or at private
sale, as determined in the bond proceedings.

(I) Pending preparation of definitive obligations, the
issuing authority may issue interim receipts or certificates which
shall be exchanged for such definitive obligations.

(J) In the discretion of the issuing authority, obligations
may be secured additionally by a trust agreement or indenture
between the issuing authority and a corporate trustee which may be
any trust company or bank having a place of business within the
state. Any such agreement or indenture may contain the resolution
or order authorizing the issuance of the obligations, any
provisions that may be contained in any bond proceedings, and
other provisions that are customary or appropriate in an agreement
or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture,
or other instrument comprising part of the bond proceedings until
the state has fully paid the bond service charges on the
obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be
made by the bond proceedings, or any other agreement of the
issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

(3) The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the commission, or the director of budget and management required by sections 3318.21 to 3318.29 of the Revised Code or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the commission, or the director of budget and management in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state or the commission, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or
agreement, with full power to pay, and to provide for payment of
bond service charges on, such obligations, and with such powers,
subject to the direction of the court, as are accorded receivers
in general equity cases, excluding any power to pledge additional
revenues or receipts or other income or moneys of the issuing
authority or the state or governmental agencies of the state to
the payment of such principal and interest and excluding the power
to take possession of, mortgage, or cause the sale or otherwise
dispose of any permanent improvement.

Each duty of the issuing authority and the issuing
authority's officers and employees, and of each governmental
agency and its officers, members, or employees, undertaken
pursuant to the bond proceedings or any agreement or loan made
under authority of sections 3318.21 to 3318.29 of the Revised
Code, and in every agreement by or with the issuing authority, is
hereby established as a duty of the issuing authority, and of each
such officer, member, or employee having authority to perform such
duty, specifically enjoined by the law resulting from an office,
trust, or station within the meaning of section 2731.01 of the
Revised Code.

The person who is at the time the issuing authority, or the
issuing authority's officers or employees, are not liable in their
personal capacities on any obligations issued by the issuing
authority or any agreements of or with the issuing authority.

(L) Obligations issued under this section are lawful
investments for banks, societies for savings, savings and loan
associations, deposit guarantee associations, trust companies,
trustees, fiduciaries, insurance companies, including domestic for
life and domestic not for life, trustees or other officers having
charge of sinking and bond retirement or other special funds of
political subdivisions and taxing districts of this state, the
commissioners of the sinking fund of the state, the administrator
of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and also are acceptable as security for the deposit of public moneys.

(M) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no front end load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds established in accordance with section 1111.14 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (B)(1)(c) of that section. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing
authority determines or authorizes.

(N) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(O) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions shall be controlling notwithstanding any other provisions of law pertaining thereto.

(P) The issuing authority may covenant in the bond proceedings, and any such covenants shall be controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be operated the state lottery, including the transfers to and from the lottery profits education fund created in section 3770.06 of the Revised Code so that the pledged receipts shall be sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond.
proceedings;

(2) Take or permit no action, by statute or otherwise, that would impair the exclusion from gross income for federal income tax purposes of the interest on any obligations designated by the bond proceeding as tax-exempt obligations.

(Q) There is hereby created the school building program bond service fund, which shall be in the custody of the treasurer of state but shall be separate and apart from and not a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable bond proceedings, consistent with this section, to be deposited, transferred, or credited to the school building program bond service fund, and all other moneys transferred or allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation, except as required by section 3770.06 of the Revised Code. During the period beginning with the date of the first issuance of obligations and continuing during such time as any such obligations are outstanding, and so long as moneys in the school building program bond service fund are insufficient to pay all bond service charges on such obligations becoming due in each year, a sufficient amount of the moneys from the lottery profits education fund included in pledged receipts, subject to appropriation for such purpose as provided in section 3770.06 of the Revised Code, are committed and shall be paid to the school building program bond service fund in each year for the purpose of paying the bond service charges becoming due in that year. The school building program bond service fund is a trust fund and is hereby pledged to the payment of bond service charges solely on obligations issued to provide moneys for the school building program assistance fund to the
extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation except as required by section 3770.06 of the Revised Code.

(R) The obligations, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, at all times shall be free from taxation within the state.

Sec. 3318.311. Not later than six months after September 14, 2000, the Ohio school facilities construction commission shall establish design specifications for classroom facilities that are appropriate for joint vocational education programs. The specifications shall provide standards for appropriate pupil instruction space but shall not include standards for any vocational education furnishings or equipment that is not comparable to, or the vocational education equivalent of, the furnishings or equipment for which assistance is available to other school districts under sections 3318.01 to 3318.20 of the Revised Code.

Beginning September 1, 2003, from time to time the commission may amend the specifications as determined necessary by the commission; however, any project under sections 3318.40 to 3318.45 of the Revised Code approved by the commission prior to the most recent amendment to the specifications shall not be subject to the provisions of such amendment.

Sec. 3318.351. (A) As used in this section:

(1) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(2) "Emergency project" means reconstruction or renovation of or repair to any classroom facilities made necessary because of
damage due to an act of God.

(3) "Eligible school district" means any school district in the first through one-hundredth percentiles as determined under section 3318.011 of the Revised Code.

(B)(1) There is hereby established the school building emergency assistance program, under which the Ohio school facilities construction commission shall distribute grants to eligible school districts from moneys specifically appropriated by the general assembly for the purposes of this section to assist in emergency projects. Any assistance under this section shall be used to pay the cost of only the portion of an emergency project that is not covered by insurance or other public or private emergency assistance received by or payable to the school district. Any damage to classroom facilities caused by age of the facilities or by lack of timely maintenance to the facilities shall not constitute damage that is subject to assistance under this section.

(2) The commission shall establish procedures and deadlines for eligible school districts to follow in applying for assistance under this section. The commission shall consider such applications on a case-by-case basis taking into account the amount of moneys available under this section.

(3) Every effort shall be made to conform an emergency project to design specifications adopted by the commission, including minimum capacity requirements adopted under section 3318.03 of the Revised Code, unless in the judgment of the commission it is not possible to conform the project to such specifications.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities construction commission,"
"classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school facilities construction commission may enter into an agreement with the board of any school district under which the
board may proceed with the new construction or major repairs of a part of the district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections, and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the district's classroom facilities needs, as recalculated under division (E) of this section, when the district becomes eligible for state assistance under sections 3318.01 to 3318.20 or section 3318.364 of the Revised Code. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program. The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.
The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code or priority for assistance under section 3318.364 of the Revised Code, the commission shall use the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of on-site visits and assessment, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:
(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new construction or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this
section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the tax required under this division to the electors of the school district shall be the form for an additional levy of taxes prescribed in section 3318.361 of the Revised Code, which may be combined in a single ballot question with the questions prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, shall approve the levy of taxes outside the ten-mill limitation.
Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to entering into an agreement under division (B) of this section.

(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this
section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking under division (B)(3) of this section or is offered assistance under section 3318.364 of the Revised Code, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division (C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance.
assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.

The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

Sec. 3318.362. This section applies only to a school district that participates in the school building assistance expedited
local partnership program under section 3318.36 of the Revised Code.

A school district board that enters into an agreement with the Ohio school facilities construction commission under division (B) of section 3318.36 of the Revised Code may propose for issuance any bonds necessary for its participation in the program under section 3318.36 of the Revised Code for any number of years not exceeding the term calculated pursuant to section 133.20 of the Revised Code. Any moneys received from the state under division (E)(2) of section 3318.36 of the Revised Code shall be applied, as agreed in writing by the school district board and the commission, to pay debt service on outstanding bonds or bond anticipation notes issued by the school district board for its participation in the expedited local partnership program, including by placing those moneys in an applicable escrow fund under division (D) of section 133.34 of the Revised Code.

Sec. 3318.363. (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio school facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the
adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.

(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

\[
\text{(The district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins / the district's formula ADM for the previous fiscal year) - [$30,000 \times (1 - the district's income factor)]}.
\]

(D) At the request of the Ohio school facilities construction commission, the department of education shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of
Sec. 3318.364. In any fiscal year, the Ohio school facilities construction commission may, at its discretion, provide assistance under sections 3318.01 to 3318.20 of the Revised Code to a school district that has entered into an expedited local partnership agreement under section 3318.36 of the Revised Code before the district is otherwise eligible for that assistance based on its percentile rank, if the commission determines all of the following:

(A) The district has made an expenditure of local resources under its expedited local partnership agreement on a discrete part of its district-wide project.

(B) The district is ready to complete its district-wide project or a segment of the project, in accordance with section 3318.034 of the Revised Code.

(C) The district is in compliance with division (D)(2) of section 3318.36 of the Revised Code.

(D) Sufficient state funds have been appropriated for classroom facilities projects for the fiscal year to pay the state share of the district's project or segment after paying the state share of projects for all of the following:

(1) Districts that previously had their conditional approval lapse pursuant to section 3318.05 of the Revised Code;

(2) Districts eligible for assistance under division (B)(2) of section 3318.04 of the Revised Code;

(3) Districts participating in the exceptional needs school facilities assistance program under section 3318.37 or 3318.371 of the Revised Code;

(4) Districts participating in the accelerated urban school building assistance program under section 3318.38 of the Revised Code.
Assistance under this section shall be offered to eligible districts in the order of their percentile rankings at the time they entered into their expedited local partnership agreements, from lowest to highest percentile. In the event that more than one district has the same percentile ranking, those districts shall be offered assistance in the order of the date they entered into their expedited local partnership agreements, from earliest to latest date.

As used in this section, "local resources" and "percentile" have the same meanings as in section 3318.36 of the Revised Code.

Sec. 3318.37. (A)(1) As used in this section:

(a) "Full maintenance amount" has the same meaning as in section 3318.034 of the Revised Code.

(b) A "school district with an exceptional need for immediate classroom facilities assistance" means a school district with an exceptional need for new facilities in order to protect the health and safety of all or a portion of its students.

(2) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio school facilities construction commission for participation in the school building assistance expedited local partnership program under section

Code.
3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio school facilities construction commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities, and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the
Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

(D)(1) When undertaking a project under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under the project, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate
the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the project under this section.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a project under this section as follows:

The full maintenance amount \( X \) (the school district's portion of the basic project cost under this section / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of projects under this section, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under each project for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (D)(2) of this section for each of the district's prior projects under this section
(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (D)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to meet its entire classroom facilities needs with a project under sections 3318.01 to 3318.20 of the Revised Code and had not undertaken one or more projects under this section.

(5) If a school district commenced a project under this section prior to the effective date of this amendment September 10, 2012, but has not completed that project, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (D)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

Sec. 3318.371. The Ohio school facilities construction commission may provide assistance under the exceptional needs school facilities program established by section 3318.37 of the Revised Code to any school district for the purpose of the relocation or replacement of classroom facilities required as a result of any contamination of air, soil, or water that impacts the occupants of the facility.

The commission shall make a determination in accordance with guidelines adopted by the commission regarding eligibility and funding for projects under this section. The commission may contract with an independent environmental consultant to conduct a study to assist the commission in making the determination.

If the federal government or other public or private entity
provides funds for restitution of costs incurred by the state or
school district in the relocation or replacement of the classroom
facilities, the school district shall use such funds in excess of
the school district's share to refund the state for the state's
contribution to the environmental contamination portion of the
project. The school district may apply an amount of such
restitution funds up to an amount equal to the school district's
portion of the project, as defined by the commission, toward
paying its portion of that project to reduce the amount of bonds
the school district otherwise must issue to receive state
assistance under sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.38. (A) As used in this section, "big-eight school
district" has the same meaning as in section 3314.02 of the
Revised Code.

(B) There is hereby established the accelerated urban school
building assistance program. Under the program, notwithstanding
section 3318.02 of the Revised Code, any big-eight school district
that has not been approved to receive assistance under sections
3318.01 to 3318.20 of the Revised Code by July 1, 2002, may
beginning on that date apply for approval of and be approved for
such assistance. Except as otherwise provided in this section, any
project approved and undertaken pursuant to this section shall
comply with all provisions of sections 3318.01 to 3318.20 of the
Revised Code.

The Ohio school facilities construction commission shall
provide assistance to any big-eight school district eligible for
assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:

(a) Not later than June 30, 2002, the commission shall
conduct an on-site visit and shall assess the classroom facilities
needs of each big-eight school district eligible for assistance
under this section;

(b) Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

(3) Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight school district eligible for assistance under this section may with the approval of the commission opt to divide the project as approved under division (B)(1)(b) of this section into discrete segments to be completed sequentially. Any project divided into segments shall comply with all other provisions of sections 3318.05, 3318.06, and 3318.08 of the Revised Code except as otherwise specified in this division.

If a project is divided into segments under this division:

(a) The school district need raise only the amount equal to its proportionate share, as determined under section 3318.032 of the Revised Code, of each segment at any one time and may seek voter approval of each segment separately;

(b) The state's proportionate share, as determined under section 3318.032 of the Revised Code, of only the segment which
has been approved by the school district electors or for which the district has applied a local donated contribution under section 3318.084 of the Revised Code shall be encumbered in accordance with section 3318.11 of the Revised Code. Encumbrance of additional amounts to cover the state's proportionate share of later segments shall be approved separately as they are approved by the school district electors or as the district applies a local donated contribution to the segments under section 3318.084 of the Revised Code.

(c) The school district's maintenance levy requirement, as defined in section 3318.18 of the Revised Code, shall run for twenty-three years from the date the first segment is undertaken.

(C) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of any segment of the project under this section, or of the entire project if it is not divided into segments, shall be spent on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.

Sec. 3318.40. (A) (1) Sections 3318.40 to 3318.45 of the Revised Code apply only to joint vocational school districts.

(2) As used in sections 3318.40 to 3318.45 of the Revised Code:

(a) "Ohio school facilities construction commission," "classroom facilities," "project," and "basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom
facilities.

(B) There is hereby established the vocational school facilities assistance program. Under the program, the Ohio school facilities construction commission shall provide assistance to joint vocational school districts for the acquisition of classroom facilities suitable to the vocational education programs of the districts in accordance with sections 3318.40 to 3318.45 of the Revised Code. For purposes of the program, beginning July 1, 2003, the commission annually may set aside up to two per cent of the aggregate amount appropriated to it for classroom facilities assistance projects in the public school building fund, established under section 3318.15 of the Revised Code, and the school building program assistance fund, established under section 3318.25 of the Revised Code.

(C) The commission shall not provide assistance for any distinct part of a project under sections 3318.40 to 3318.45 of the Revised Code that when completed will be used exclusively for an adult education program or exclusively for operation of a driver training school for instruction leading to the issuance of a commercial driver's license under Chapter 4506. of the Revised Code, except for life safety items and basic building components necessary for complete and continuous construction or renovation of a classroom facility as determined by the commission.

(D) The commission shall not provide assistance under sections 3318.40 to 3318.45 of the Revised Code to acquire classroom facilities for vocational educational instruction at a location under the control of a school district that is a member of a joint vocational school district. Any assistance to acquire classroom facilities for vocational educational instruction at such location shall be provided to the school district that is a member of the joint vocational school district through other provisions of this chapter when that member school district is
eligible for assistance under those provisions.

(E) By September 1, 2003, the commission shall assess the classroom facilities needs of at least five joint vocational school districts, according to the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, and based on the results of those assessments shall determine the extent to which amendments to the specifications adopted under section 3318.311 of the Revised Code are warranted. The commission, thereafter, may amend the specifications as provided in that section.

(F) After the commission has conducted the assessments prescribed in division (E) of this section, the commission shall establish, by rule adopted in accordance with section 111.15 of the Revised Code, guidelines for the commission to use in deciding whether to waive compliance with the design specifications adopted under section 3318.311 of the Revised Code when determining the number of facilities and the basic project cost of projects as prescribed in division (A)(1)(a) of section 3318.41 of the Revised Code. The guidelines shall address the following situations:

(1) Under what circumstances, if any, particular classroom facilities are adequate to meet the needs of the school district even though the facilities do not comply with the specifications adopted under section 3318.311 of the Revised Code;

(2) Under what circumstances, if any, particular classroom facilities will be renovated or repaired rather than replaced by construction of new facilities.

Sec. 3318.41. (A)(1) The Ohio school facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year.
year under division (B) of section 3318.40 of the Revised Code and
the order of priority prescribed in division (B) of section
3318.42 of the Revised Code, except that in fiscal year 2004 the
commission shall conduct at least the five assessments prescribed
in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities
needs of a school district, the commission shall make a
determination of all of the following:

(a) The number of classroom facilities to be included in a
project and the basic project cost of acquiring the classroom
facilities included in the project. The number of facilities and
basic project cost shall be determined in accordance with the
specifications adopted under section 3318.311 of the Revised Code
except to the extent that compliance with such specifications is
waived by the commission pursuant to the rule of the commission
adopted under division (F) of section 3318.40 of the Revised Code.

(b) The school district's portion of the basic project cost
as determined under division (C) of section 3318.42 of the Revised
Code;

(c) The remaining portion of the basic project cost that
shall be supplied by the state;

(d) The amount of the state's portion of the basic project
cost to be encumbered in accordance with section 3318.11 of the
Revised Code in the current and subsequent fiscal years from funds
set aside under division (B) of section 3318.40 of the Revised
Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the
Revised Code apply to any project under sections 3318.40 to
3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division
(A) of this section in favor of the acquisition of classroom
facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount
and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within thirteen months following the date of certification of the conditional approval to the school district board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development
of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.

(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the department of education shall do all of the following:

(1) Calculate the valuation per pupil of each joint vocational school district according to the following formula: The school district's average taxable value divided by the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year.

For purposes of this calculation:

(a) "Average taxable value" means the average of the amounts
certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

(b) "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

(2) Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;

(3) Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school district with the highest three-year average valuation per pupil;

(4) Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one percent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing the one percent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1) to (4) of this section to the Ohio school facilities construction commission.

(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one percent times the percentile in which the district ranks, except that no school
district's portion shall be less than twenty-five per cent or
greater than ninety-five per cent of the basic project cost.

Sec. 3318.43. Each year for twenty-three successive years after the commencement of a joint vocational school district's project under sections 3318.40 to 3318.45 of the Revised Code, the board of education of that school district shall deposit into a separate maintenance account or into the school district's capital and maintenance fund established under section 3315.18 of the Revised Code, school district moneys dedicated to maintenance of the classroom facilities acquired under sections 3318.40 to 3318.45 of the Revised Code in an amount equal to one and one-half of one per cent of the current insurance value of the classroom facilities acquired under the project, which value shall be subject to the approval of the Ohio school facilities construction commission.

Sec. 3318.46. By rule adopted in accordance with section 111.15 of the Revised Code, the Ohio school facilities construction commission shall establish a program whereby the board of education of any joint vocational school district may enter into an agreement with the commission under which the board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.40 to 3318.45 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under sections 3318.40 to 3318.45 of the Revised Code. The program shall be structured in a manner similar to the program established under section 3318.36 of the Revised Code. The program shall be operational on July 1, 2004.

Sec. 3318.48. (A) When all of the following have occurred, a project undertaken by a school district pursuant to this chapter
shall be considered complete and the Ohio school facilities construction commission shall issue a certificate of completion to the district board of education:

(1) All facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the board has received a permanent certificate of occupancy for each of those facilities.

(2) The commission has issued certificates of contract completion on all prime construction contracts entered into by the board under section 3318.10 of the Revised Code.

(3) The commission has completed a final accounting of the district's project construction fund and has determined that all payments from the fund were made in compliance with all policies of the commission.

(4) Any litigation concerning the project has been finally resolved with no chance of appeal.

(5) All construction management services typically provided by the commission to school districts have been delivered and the commission has canceled any remaining encumbrance of funds for those services.

(B) The commission may issue a certificate of completion to a district board prior to all of the conditions described in division (A) of this section being satisfied, if the commission determines that the circumstances preventing the conditions from being satisfied are so minor in nature that the project should be considered complete. When issuing a certificate of completion under this division, the commission may specify any of the following:

(1) Any construction or work that has yet to be completed and
the manner in which the board shall oversee its completion, which may include procedures for reporting progress to the commission and for accounting of expenditures;

(2) Terms and conditions for the resolution of any pending litigation;

(3) Any remaining responsibilities of the construction manager regarding the project.

(C) The commission may issue a certificate of completion to a district board that does not voluntarily participate in the process of closing out the district's project, if the construction manager for the project verifies that all facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the commission determines that those facilities have been occupied for at least one year. In that case, all funds due to the commission under division (C) of section 3318.12 of the Revised Code shall be returned to the commission not later than thirty days after receipt of the certificate of completion. If the funds due to the commission have not been returned within sixty days after receipt of the certificate of completion, the auditor of state shall issue a finding for recovery against the school district and shall request legal action under section 117.42 of the Revised Code.

(D) Upon issuance of a certificate of completion under this section, the commission's ownership of and interest in the project, as specified in division (F) of section 3318.08 of the Revised Code, shall cease. This cessation shall not alter or otherwise affect the state's or commission's interest in the project or any limitations on the use of the project as specified in the project agreement pursuant to divisions (G), (M), and (N) of that section or as specified in section 3318.16 of the Revised Code.
Sec. 3318.49. (A) The corrective action program is hereby established to provide funding for the correction of work, in connection with a project funded under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code, that is found after occupancy of the facility to be defective or to have been omitted.

(B) The Ohio school facilities construction commission may provide funding under this section only if the school district notifies the executive director of the commission of the defective or omitted work within five years after occupancy of the facility for which the district seeks the funding.

(C) The commission shall establish procedures and deadlines for school districts to follow in applying for assistance under this section. The procedures shall include definitions of "defective" and "omitted," and shall require that remediation efforts focus first on engaging the respective contractors that designed and constructed the areas that have design or construction-related issues. The commission shall consider applications on a case-by-case basis, taking into account the amount of money appropriated and available for purposes of this section.

(D) The commission may provide funding assistance necessary to take corrective measures after evaluating the defective or omitted work.

(1) If the work to be corrected or remediated is part of a project not yet completed, the commission may amend the project agreement to increase the project budget and use corrective action funding to provide the state portion of the amendment. If the work to be corrected or remediated is part of a completed project and funds were retained or transferred pursuant to division (C) of section 3318.12 of the Revised Code, the commission may enter into
a new agreement to address the corrective action.

(2) Whether or not the project is completed, the district shall contribute a portion of the cost of the corrective action, to be determined in accordance with section 3318.032 of the Revised Code or, if the district is a joint vocational school district, section 3318.42 of the Revised Code. A district that is unable to provide its portion so that remediation can proceed may apply to the commission for additional assistance under section 3318.042 of the Revised Code.

(E) The commission shall assess responsibility for the defective or omitted work and seek cost recovery from responsible parties, if applicable. Any recovery of the expense of remediation shall be applied first to the district portion of the cost of the corrective action. Any remaining funds shall be applied to the state portion and deposited into the school building program assistance fund established under section 3318.25 of the Revised Code.

Sec. 3318.50. (A) As used in this section and in section 3318.52 of the Revised Code, "classroom facilities" means buildings, land, grounds, equipment, and furnishings used by a community school in furtherance of its mission and contract entered into by the school's governing authority under Chapter 3314. of the Revised Code.

(B) There is hereby established the community school classroom facilities loan guarantee program. Under the program, the Ohio school facilities construction commission may guarantee for up to fifteen years up to eighty-five per cent of the sum of the principal and interest on a loan made to the governing authority of a community school established under Chapter 3314. of the Revised Code for the sole purpose of assisting the governing authority in acquiring, improving, or replacing classroom facilities.
facilities for the community school by lease, purchase, remodeling of existing facilities, or any other means including new construction.

The commission shall not make any loan guarantee under this section unless the commission has determined both that the applicant is creditworthy and that the classroom facilities that have been acquired, improved, or replaced under the loan meet applicable health and safety standards established by law for school buildings or those facilities that will be acquired, improved, or replaced under the loan will meet such standards.

The commission shall not guarantee any loan under this section unless the loan is obtained from a financial institution regulated by the United States or this state.

(C) At no time shall the commission exceed an aggregate liability of ten million dollars to repay loans guaranteed under this section.

(D) Any payment made to a lending institution as a result of default on a loan guaranteed under this section shall be made from moneys in the community school classroom facilities loan guarantee fund established under section 3318.52 of the Revised Code.

(E) The commission may assess a fee of up to five hundred dollars for each loan guaranteed under this section.

(F) Not later than ninety days after September 5, 2001, the commission shall adopt rules that prescribe loan standards and procedures consistent with this section that are designed to protect the state's interest in any loan guaranteed by this section and to ensure that the state has a reasonable chance of recovering any payments made by the state in the event of a default on any such loan.

Sec. 3318.60. (A) As used in this section and section 3318.61
of the Revised Code:

(1) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(2) "Ohio school facilities construction commission" and "classroom facilities" have the same meanings as in section 3318.01 of the Revised Code.

(B) There is hereby established the college-preparatory boarding school facilities program. Under the program, the Ohio school facilities construction commission shall provide assistance to the boards of trustees of college-preparatory boarding schools established under Chapter 3328. of the Revised Code for the acquisition of classroom facilities.

(C) The program shall comply with sections 3318.01 to 3318.20 of the Revised Code, except as follows:

(1) The commission, in consultation with the board of trustees of a college-preparatory boarding school, shall determine the basic project cost based on all campus facilities needed for the school's programs and operations and shall take into account any unique spaces or square footages needed for such facilities when calculating the basic project cost. Regardless of the inclusion of nonclassroom facilities in the calculation of the basic project cost, state funds provided under the program shall be used only to pay for the acquisition of classroom facilities that do not exceed the construction and design standards established by the commission.

(2) To be eligible for assistance under the program, the board of trustees of a college-preparatory boarding school shall secure at least twenty million dollars of private money to satisfy its share of the basic project cost. Funds provided by the board may be used for any type of facility.
(3) A college-preparatory boarding school shall not be included in the ranking required by section 3318.011 of the Revised Code. The commission shall initiate procedures for the school's project when the contract required by section 3328.12 of the Revised Code has been executed.

(4) No requirement related to the issuance of bonds or securities or the levying of taxes by a school district shall apply to a college-preparatory boarding school or its board of trustees.

(5) The agreement entered into by the commission with the board of trustees of a college-preparatory boarding school under section 3318.08 of the Revised Code shall provide for termination of the contract and release of the funds encumbered at the time of the project's conditional approval, if the board fails to secure the amount specified in division (C)(2) of this section within such period after the execution of the agreement as may be fixed by the commission.

(D) Within the ninety-day period immediately following the effective date of this section September 29, 2011, the commission shall adopt rules necessary for the implementation and administration of the program.

Sec. 3318.61. (A) In lieu of participating in the college-preparatory boarding school facilities program under section 3318.60 of the Revised Code, if the board of trustees of a college-preparatory boarding school established under Chapter 3328. of the Revised Code has leased, purchased, or otherwise acquired a site for the school, the board of trustees may request approval from the Ohio school facilities construction commission for the board of trustees and the commission to enter into an agreement with a person or entity for the development of the site, under which agreement all of the following shall occur:
The board of trustees will lease the site and any facilities located on that site to the person or entity for the purpose of enabling the person or entity to provide the campus facilities needed for the school's programs and operations by constructing new facilities on the site; reconstructing, repairing, or making additions to the existing facilities on the site; or both.

The person or entity will lease the site and any new or existing facilities located on that site back to the board of trustees for use by the school.

The commission will pay the board of trustees state funds for the cost of acquisition of classroom facilities on the site and the board of trustees will use those funds to make rent payments on the lease provided by the person or entity. As agreed to by the commission and the board of trustees, the commission may pay the state funds to the board of trustees in periodic installments or as one lump sum in an amount equal to the outstanding balance on the lease for classroom facilities.

The commission shall approve the request of the board of trustees under division (A) of this section only if the following conditions are satisfied:

1. The person or entity that would be party to the agreement submits to the board of trustees and the commission a plan for developing the site that includes the following:
   a. Provision for installation of site utilities that meet the requirements of all applicable laws;
   b. A description of the facilities that will be constructed, reconstructed, repaired, or added to and their total square footage;
   c. A description of how the facilities will enable the board of trustees to provide the educational program described in Sub. H. B. No. 49 Page 1353 As Passed by the House
section 3328.22 of the Revised Code;

(d) Provision for securing property and liability insurance for the facilities;

(e) A description of how the development of the site will be financed by the person or entity;

(f) The length of the lease that the person or entity will offer the board of trustees, which shall not exceed forty years, and the monthly rent that will be owed to the person or entity for that lease.

(2) The commission determines that the plan submitted under division (B)(1) of this section is satisfactory and will meet the needs of the students enrolled in the school and that the classroom facilities described in the plan do not exceed the construction and design standards established by the commission.

(3) The person or entity that would be party to the agreement has demonstrated financial responsibility to the satisfaction of the commission.

(4) The commission, in consultation with the board of trustees, determines that it is in the best interest of the school for the board of trustees and the commission to enter into the agreement.

(C) Upon approval of the commission, the board of trustees and the commission may enter into an agreement with the person or entity for development of the site in accordance with this section. The agreement shall include the following:

(1) A requirement that development of the site begin not later than eighteen months after the agreement is executed and proceed according to a schedule specified in the agreement;

(2) A stipulation that failure of the person or entity developing the site to comply with the schedule shall be grounds
for termination of the agreement;

(3) A provision specifying which party to the agreement owns the facilities located on the site if the school closes prior to the expiration of the agreement and a provision indicating the period of time after the school's closure, if any, during which rent payments will continue to be paid to the person or entity developing the site.

**Sec. 3318.62.** Any agreement between the Ohio school facilities construction commission and the board of trustees of a college-preparatory boarding school to provide facilities assistance under section 3318.60 or 3318.61 of the Revised Code shall include the following stipulations:

(A) If the school ceases its operations, the school's board of trustees may permit the classroom facilities to be used for only an alternative public purpose, including, but not limited to, primary, secondary, vocational, or higher education services.

(B) If the school ceases its operations due to either the failure of the school's operator to comply with any of the requirements of the contract prescribed under section 3328.12 of the Revised Code or the default by the school's board of trustees on an underlying leasehold or mortgage agreement, the school's board of trustees shall return to the commission the unamortized portion of the state funds provided to the board of trustees under this chapter, based on a straight-line depreciation over the first eighteen years of occupancy. However, if, within twenty-four months after the school's cessation from operation, the classroom facilities of a college-preparatory boarding school are used for an alternative public purpose as prescribed by division (A) of this section, no return of funds by the board of trustees under this division shall be required.
Sec. 3318.70. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(3) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code that is not governed by a single school district board of education, as prescribed by section 3326.51 of the Revised Code.

(B) The Ohio school facilities construction commission shall establish guidelines for assisting STEM schools in the acquisition of classroom facilities.

(C) Upon receipt of a written proposal by the governing body of a STEM school, the commission, subject to approval of the controlling board, shall provide funding to assist that STEM school in the acquisition of classroom facilities. The proposal of the governing body shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the commission and the amount of other funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines and if the controlling board approves that funding, the commission shall enter into an agreement with the governing body for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the
classroom facilities in the event the STEM school permanently closes at any time.

(D) In the case of the governing body of a group of STEM schools, as prescribed by section 3326.031 of the Revised Code, the governing body shall submit a proposal for each school under its direction separately, and the commission shall consider each proposal separately.

Sec. 3318.71. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(3) "Qualifying partnership" means a group of city, exempted village, or local school districts that are part of a career-technical education compact and have entered into an agreement for joint or cooperative establishment and operation of a science, technology, engineering, and mathematics education program under section 3313.842 of the Revised Code. The aggregate territory of the school districts composing a qualifying partnership shall be located in two adjacent counties, each having a population greater than forty thousand, but less than fifty thousand, and at least one of which borders another state.

(B) The Ohio school facilities construction commission shall establish guidelines for assisting a qualifying partnership in the acquisition of classroom facilities to be used for a joint science, technology, engineering, and mathematics education program.

(C) Upon receipt of a written proposal from a qualifying partnership, the commission, subject to approval of the controlling board, shall provide funding to assist that qualifying
partnership in the acquisition of classroom facilities described in division (B) of this section. The proposal of the qualifying partnership shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the commission and the amount of other funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines, and if the controlling board approves that funding, the commission shall enter into an agreement with the qualifying partnership for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the classroom facilities in the event the qualifying partnership ceases to exist.

(D) A qualifying partnership may levy taxes and issue bonds under section 5705.2112 or 5705.2113 of the Revised Code to use for all or part of the funding pledged for the acquisition of classroom facilities under division (C) of this section. If a qualifying partnership chooses to levy taxes or issue bonds for this purpose, it shall select one of the districts that is a member of the qualifying partnership to be the fiscal agent of the qualifying partnership for purposes of those sections.

**Sec. 3319.0812.** As used in this section, "teacher" has the same meaning as in section 3319.09 of the Revised Code, except that it does not include a principal, supervisor, superintendent, or other school administrator.

A board of education of a city, exempted village, local, or
joint vocational school district or the governing board of an
educational service center may enter into an agreement with any
teacher it employs under which the board or governing board
provides to the teacher early retirement incentives, severance
pay, or both, in return for an agreement to retire from the
teacher's position, only if both of the following are the case:

(A) The board or governing board determines that the
agreement is financially sound.

(B) The board or governing board complies with section
5705.412 of the Revised Code, with regard to any wage or salary
schedule increase made during the school year.

Notwithstanding division (A) of section 4117.10 of the
Revised Code, this section prevails over any collective bargaining
agreement entered into under Chapter 4117. of the Revised Code on
or after the effective date of this section.

**Sec. 3319.111.** Notwithstanding section 3319.09 of the Revised
Code, this section applies to any person who is employed under a
teacher license issued under this chapter, or under a professional
or permanent teacher's certificate issued under former section
3319.222 of the Revised Code, and who spends at least fifty per
cent of the time employed providing student instruction. However,
this section does not apply to any person who is employed as a
substitute teacher or as an instructor of adult education.

(A) Not later than July 1, 2013, the board of education of
each school district, in consultation with teachers employed by
the board, shall adopt a standards-based teacher evaluation policy
that conforms with the framework for evaluation of teachers
developed under section 3319.112 of the Revised Code. The policy
shall become operative at the expiration of any collective
bargaining agreement covering teachers employed by the board that
is in effect on September 29, 2011, and shall be included in any renewal or extension of such an agreement.

(B) When using measures of student academic growth as a component of a teacher's evaluation, those measures shall include the value-added progress dimension prescribed by section 3302.021 of the Revised Code or an alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code. For teachers of grade levels and subjects for which the value-added progress dimension or alternative student academic progress measure is not applicable, the board shall administer assessments on the list developed under division (B)(2) of section 3319.112 of the Revised Code.

(C)(1) The board shall conduct an evaluation of each teacher employed by the board at least once each school year, except as provided in division (C)(2) of this section. The evaluation shall be completed by the first day of May and the teacher shall receive a written report of the results of the evaluation by the tenth day of May.

(2)(a) The board may evaluate each teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section once every three school years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(b) The board may evaluate each teacher who received a rating of skilled on the teacher's most recent evaluation conducted under this section once every two years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(c) For each teacher who is evaluated pursuant to division
(C)(2) of this section, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year.

(d) Beginning with the 2014-2015 school year, the board may elect not to conduct an evaluation of a teacher who meets one of the following requirements:

(i) The teacher was on leave from the school district for fifty per cent or more of the school year, as calculated by the board.

(ii) The teacher has submitted notice of retirement and that notice has been accepted by the board not later than the first day of December of the school year in which the evaluation is otherwise scheduled to be conducted.

(e) Beginning with the 2017-2018 school year, the board may elect not to conduct an evaluation of a teacher who is participating in the teacher residency program established under section 3319.223 of the Revised Code for the year during which that teacher takes, for the first time, at least half of the performance-based assessment prescribed by the state board of education for resident educators.

(3) In any year that a teacher is not formally evaluated pursuant to division (C) of this section as a result of receiving a rating of accomplished or skilled on the teacher's most recent evaluation, an individual qualified to evaluate a teacher under division (D) of this section shall conduct at least one observation of the teacher and hold at least one conference with the teacher.

(D) Each evaluation conducted pursuant to this section shall be conducted by one or more of the following persons who hold a credential established by the department of education for being an
evaluator:

(1) A person who is under contract with the board pursuant to section 3319.01 or 3319.02 of the Revised Code and holds a license designated for being a superintendent, assistant superintendent, or principal issued under section 3319.22 of the Revised Code;

(2) A person who is under contract with the board pursuant to section 3319.02 of the Revised Code and holds a license designated for being a vocational director, administrative specialist, or supervisor in any educational area issued under section 3319.22 of the Revised Code;

(3) A person designated to conduct evaluations under an agreement entered into by the board, including an agreement providing for peer review entered into by the board and representatives of teachers employed by the board;

(4) A person who is employed by an entity contracted by the board to conduct evaluations and who holds a license designated for being a superintendent, assistant superintendent, principal, vocational director, administrative specialist, or supervisor in any educational area issued under section 3319.22 of the Revised Code or is qualified to conduct evaluations.

(E) Notwithstanding division (A)(3) of section 3319.112 of the Revised Code:

(1) The board shall require at least three formal observations of each teacher who is under consideration for nonrenewal and with whom the board has entered into a limited contract or an extended limited contract under section 3319.11 of the Revised Code.

(2) The board may elect, by adoption of a resolution, to require only one formal observation of a teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section, provided the teacher completes a
project that has been approved by the board to demonstrate the
teacher's continued growth and practice at the accomplished level.

(F) The board shall include in its evaluation policy
procedures for using the evaluation results for retention and
promotion decisions and for removal of poorly performing teachers.
Seniority shall not be the basis for a decision to retain a
teacher, except when making a decision between teachers who have
comparable evaluations.

(G) For purposes of section 3333.0411 of the Revised Code,
the board annually shall report to the department of education the
number of teachers for whom an evaluation was conducted under this
section and the number of teachers assigned each rating prescribed
under division (B)(1) of section 3319.112 of the Revised Code,
aggregated by the teacher preparation programs from which and the
years in which the teachers graduated. The department shall
establish guidelines for reporting the information required by
this division. The guidelines shall not permit or require that the
name of, or any other personally identifiable information about,
any teacher be reported under this division.

(H) Notwithstanding any provision to the contrary in Chapter
4117. of the Revised Code, the requirements of this section
prevail over any conflicting provisions of a collective bargaining
agreement entered into on or after September 24, 2012.

Sec. 3319.22. (A)(1) The state board of education shall issue
the following educator licenses:

(a) A resident educator license, which shall be valid for
four years and shall be renewable for reasons specified by rules
adopted by the state board pursuant to division (A)(3) of this
section. The state board, on a case-by-case basis, may extend the
license's duration as necessary to enable the license holder to
complete the Ohio teacher residency program established under
section 3319.223 of the Revised Code;

(b) A professional educator license, which shall be valid for five years and shall be renewable;

c) A senior professional educator license, which shall be valid for five years and shall be renewable;

d) A lead professional educator license, which shall be valid for five years and shall be renewable.

(2) The state board may issue any additional educator licenses of categories, types, and levels the board elects to provide.

(3) The state board shall adopt rules establishing the standards and requirements for obtaining each educator license issued under this section. The rules shall also include the reasons for which a resident educator license may be renewed under division (A)(1)(a) of this section.

(B) The rules adopted under this section shall require at least the following standards and qualifications for the educator licenses described in division (A)(1) of this section:

(1) An applicant for a resident educator license shall hold at least a bachelor's degree from an accredited teacher preparation program or be a participant in the teach for America program and meet the qualifications required under section 3319.227 of the Revised Code.

(2) An applicant for a professional educator license shall:

(a) Hold at least a bachelor's degree from an institution of higher education accredited by a regional accrediting organization;

(b) Successfully completed the Ohio teacher residency program established under section 3319.223 of the Revised Code, if the applicant's current or most recently issued license is
previously held a resident educator license issued under this section or an alternative resident educator license issued under section 3319.26 of the Revised Code.

(3) An applicant for a senior professional educator license shall:

(a) Hold at least a master's degree from an institution of higher education accredited by a regional accrediting organization;

(4) An applicant for a lead professional educator license shall:

the educator standards board under division (F)(4) or (5) of section 3319.61 of the Revised Code.

(C) The state board shall align the standards and qualifications for obtaining a principal license with the standards for principals adopted by the state board under section 3319.61 of the Revised Code.

(D) If the state board requires any examinations for educator licensure, the department of education shall provide the results of such examinations received by the department to the chancellor of higher education, in the manner and to the extent permitted by state and federal law.

(E) Any rules the state board of education adopts, amends, or rescinds for educator licenses under this section, division (D) of section 3301.07 of the Revised Code, or any other law shall be adopted, amended, or rescinded under Chapter 119. of the Revised Code except as follows:

1. Notwithstanding division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code, in the case of the adoption of any rule or the amendment or rescission of any rule that necessitates institutions' offering preparation programs for educators and other school personnel that are approved by the chancellor of higher education under section 3333.048 of the Revised Code to revise the curriculum of those programs, the effective date shall not be as prescribed in division (E) of section 119.03 and division (A)(1) of section 119.04 of the Revised Code. Instead, the effective date of such rules, or the amendment or rescission of such rules, shall be the date prescribed by section 3333.048 of the Revised Code.

2. Notwithstanding the authority to adopt, amend, or rescind emergency rules in division (G) of section 119.03 of the Revised Code, this authority shall not apply to the state board of
education with regard to rules for educator licenses.  

(F)(1) The rules adopted under this section establishing standards requiring additional coursework for the renewal of any educator license shall require a school district and a chartered nonpublic school to establish local professional development committees. In a nonpublic school, the chief administrative officer shall establish the committees in any manner acceptable to such officer. The committees established under this division shall determine whether coursework that a district or chartered nonpublic school teacher proposes to complete meets the requirement of the rules. The department of education shall provide technical assistance and support to committees as the committees incorporate the professional development standards adopted by the state board of education pursuant to section 3319.61 of the Revised Code into their review of coursework that is appropriate for license renewal. The rules shall establish a procedure by which a teacher may appeal the decision of a local professional development committee.  

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.  

Not later than the effective date of the rules adopted under this section, the board of education of each school district shall establish the structure for one or more local professional development committees to be operated by such school district. The committee structure so established by a district board shall remain in effect unless within thirty days prior to an anniversary of the date upon which the current committee structure was established, the board provides notice to all affected district employees that the committee structure is to be modified. Professional development committees may have a district-level or
building-level scope of operations, and may be established with
regard to particular grade or age levels for which an educator
license is designated.

Each professional development committee shall consist of at
least three classroom teachers employed by the district, one
principal employed by the district, and one other employee of the
district appointed by the district superintendent. For committees
with a building-level scope, the teacher and principal members
shall be assigned to that building, and the teacher members shall
be elected by majority vote of the classroom teachers assigned to
that building. For committees with a district-level scope, the
teacher members shall be elected by majority vote of the classroom
teachers of the district, and the principal member shall be
elected by a majority vote of the principals of the district,
unless there are two or fewer principals employed by the district,
in which case the one or two principals employed shall serve on
the committee. If a committee has a particular grade or age level
scope, the teacher members shall be licensed to teach such grade
or age levels, and shall be elected by majority vote of the
classroom teachers holding such a license and the principal shall
be elected by all principals serving in buildings where any such
teachers serve. The district superintendent shall appoint a
replacement to fill any vacancy that occurs on a professional
development committee, except in the case of vacancies among the
elected classroom teacher members, which shall be filled by vote
of the remaining members of the committee so selected.

Terms of office on professional development committees shall
be prescribed by the district board establishing the committees.
The conduct of elections for members of professional development
committees shall be prescribed by the district board establishing
the committees. A professional development committee may include
additional members, except that the majority of members on each
such committee shall be classroom teachers employed by the district. Any member appointed to fill a vacancy occurring prior to the expiration date of the term for which a predecessor was appointed shall hold office as a member for the remainder of that term.

The initial meeting of any professional development committee, upon election and appointment of all committee members, shall be called by a member designated by the district superintendent. At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of grade or
age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (F)(4) of this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(G)(1) The department of education, educational service centers, county boards of developmental disabilities, regional professional development centers, special education regional resource centers, college and university departments of education, head start programs, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

Local professional development committees established by
county boards of developmental disabilities shall be structured in a manner comparable to the structures prescribed for school districts in divisions (F)(2) and (3) of this section, as shall the committees established by any other entity specified in division (G)(1) of this section that provides educational services by employing or contracting for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009. All other entities specified in division (G)(1) of this section shall structure their committees in accordance with guidelines which shall be issued by the state board.

(2) Any public agency that is not specified in division (G)(1) of this section but provides educational services and employs or contracts for services of classroom teachers licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, may establish a local professional development committee, subject to the approval of the department of education. The committee shall be structured in accordance with guidelines issued by the state board.

(H) Not later than July 1, 2016, the state board, in accordance with Chapter 119. of the Revised Code, shall adopt rules pursuant to division (A)(3) of this section that do both of the following:

(1) Exempt consistently high-performing teachers from the requirement to complete any additional coursework for the renewal of an educator license issued under this section or section 3319.26 of the Revised Code. The rules also shall specify that such teachers are exempt from any requirements prescribed by professional development committees established under divisions (F) and (G) of this section.
(2) For purposes of division (H)(1) of this section, the state board shall define the term "consistently high-performing teacher.

Sec. 3319.227. (A) Notwithstanding any other provision of the Revised Code or any rule adopted by the state board of education to the contrary, the state board shall issue a resident educator license under section 3319.22 of the Revised Code to each person who is assigned to teach in this state as a participant in the teach for America program and who satisfies the following conditions for the duration of the program:

(1) Holds a bachelor's degree from an accredited institution of higher education;

(2) Maintained a cumulative undergraduate grade point average of at least 2.5 out of 4.0, or its equivalent;

(3) Has passed an examination prescribed by the state board in the subject area to be taught;

(4) Has successfully completed the summer training institute operated by teach for America;

(5) Remains an active member of the teach for America two-year support program.

(B) The state board shall issue a resident educator license under this section for teaching in any grade level or subject area for which a person may obtain a resident educator license under section 3319.22 of the Revised Code. The state board shall not adopt rules establishing any additional qualifications for the license beyond those specified in this section.

(C) Notwithstanding any other provision of the Revised Code or any rule adopted by the state board to the contrary, the state board shall issue a resident educator license under section 3319.22 of the Revised Code to any applicant who has completed at
least two years of teaching in another state as a participant in the teach for America program and meets all of the conditions of divisions (A)(1) to (4) of this section. Sec. 3319.291. (A) The state board of education shall require each of the following persons, at the times prescribed by division (A) of this section, to undergo a criminal records check, unless the person has undergone a records check under this section or a former version of this section less than five years prior to that time.

(1) Any person initially applying for any certificate, license, or permit described in this chapter or in division (B) of
section 3301.071 or in section 3301.074 of the Revised Code at the
time that application is made;

(2) Any person applying for renewal of any certificate,
license, or permit described in division (A)(1) of this section at
the time that application is made;

(3) Any person who is teaching under a professional teaching
certificate issued under former section 3319.222 of the Revised
Code upon a date prescribed by the state board;

(4) Any person who is teaching under a permanent teaching

prior to October 29, 1996, or under former section 3319.222 of the
Revised Code upon a date prescribed by the state board and every
five years thereafter.

(B)(1) Except as otherwise provided in division (B)(2) of
this section, the state board shall require each person subject to
a criminal records check under this section to submit two complete
sets of fingerprints and written permission that authorizes the
superintendent of public instruction to forward the fingerprints
to the bureau of criminal identification and investigation
pursuant to division (F) of section 109.57 of the Revised Code and
that authorizes that bureau to forward the fingerprints to the
federal bureau of investigation for purposes of obtaining any
criminal records that the federal bureau maintains on the person.

(2) If both of the following conditions apply to a person
subject to a criminal records check under this section, the state
board shall require the person to submit one complete set of
fingerprints and written permission that authorizes the
superintendent of public instruction to forward the fingerprints
to the bureau of criminal identification and investigation so that
bureau may forward the fingerprints to the federal bureau of
investigation for purposes of obtaining any criminal records that
the federal bureau maintains on the person:

(a) Under this section or any former version of this section, the state board or the superintendent of public instruction previously requested the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, on the person.

(b) The person presents proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the person becomes subject to a criminal records check under this section.

(C) Except as provided in division (D) of this section, prior to issuing or renewing any certificate, license, or permit for a person described in division (A)(1) or (2) of this section who is subject to a criminal records check and in the case of a person described in division (A)(3) or (4) of this section who is subject to a criminal records check, the state board or the superintendent of public instruction shall do one of the following:

(1) If the person is required to submit fingerprints and written permission under division (B)(1) of this section, request the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, pertaining to the person and to obtain any criminal records that the federal bureau of investigation has on the person.

(2) If the person is required to submit fingerprints and written permission under division (B)(2) of this section, request the superintendent of the bureau of criminal identification and investigation to obtain any criminal records that the federal bureau of investigation has on the person.

(D) The state board or the superintendent of public
instruction may choose not to request any information about a person required by division (C) of this section if the person provides proof that a criminal records check that satisfies the requirements of that division was conducted on the person as a condition of employment pursuant to section 3319.39 of the Revised Code within the immediately preceding year. The state board or the superintendent of public instruction may accept a certified copy of records that were issued by the bureau of criminal identification and investigation and that are presented by the person in lieu of requesting that information under division (C) of this section if the records were issued by the bureau within the immediately preceding year.

(E)(1) If a person described in division (A)(3) or (4) of this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the department of education's records, or both.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the superintendent of public instruction, on behalf of the
state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail to the person's last known residence address or last known place of employment, as indicated in the department's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person complies with division (B) of this section submits the fingerprints and written permission.

The rejection or inactivation of a professional or permanent teaching certificate or license under division (E)(1) of this section does not constitute a suspension or revocation of the certificate or license by the state board under section 3319.31 of the Revised Code and the state board and the superintendent of public instruction need not provide the person with an opportunity for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching certificate or license has been rejected or inactivated under division (E)(1) of this section submits fingerprints and written permission as required by division (B) or (G) of this section, the superintendent of public instruction, on behalf of the state board, shall issue a written order issuing or reactivating the certificate or license. The superintendent shall send the order to the person by regular mail.

(F) Notwithstanding divisions (A) to (C) of this section, if a person holds more than one certificate, license, or permit described in division (A)(1) of this section, the following shall apply:

(1) If the certificates, licenses, or permits are of different durations, the person shall be subject to divisions (A)
to (C) of this section only when applying for renewal of the
certificate, license, or permit that is of the longest duration.
Prior to renewing any certificate, license, or permit with a
shorter duration, the state board or the superintendent of public
instruction shall determine whether the department of education
has received any information about the person pursuant to section
109.5721 of the Revised Code, but the person shall not be subject
to divisions (A) to (C) of this section as long as the person's
certificate, license, or permit with the longest duration is
valid.

(2) If the certificates, licenses, or permits are of the same
duration but do not expire in the same year, the person shall
designate one of the certificates, licenses, or permits as the
person's primary certificate, license, or permit and shall notify
the department of that designation. The person shall be subject to
divisions (A) to (C) of this section only when applying for
renewal of the person's primary certificate, license, or permit.
Prior to renewing any certificate, license, or permit that is not
the person's primary certificate, license, or permit, the state
board or the superintendent of public instruction shall determine
whether the department has received any information about the
person pursuant to section 109.5721 of the Revised Code, but the
person shall not be subject to divisions (A) to (C) of this
section as long as the person's primary certificate, license, or
permit is valid.

(3) If the certificates, licenses, or permits are of the same
duration and expire in the same year and the person applies for
renewal of the certificates, licenses, or permits at the same
time, the state board or the superintendent of public instruction
shall request only one criminal records check of the person under
division (C) of this section.

(G) If the department is unable to enroll a person who has
submitted an application for licensure, or to whom the state board has issued a license, in the retained applicant fingerprint database established under section 109.5721 of the Revised Code because the person has not satisfied the requirements for enrollment, the department shall require the person to satisfy the requirements for enrollment, including requiring the person to submit, by a date prescribed by the department, one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation for the purpose of enrolling the person in the database. If the person fails to comply by the prescribed date, the department shall reject the application or shall take action to inactivate the person's license in accordance with division (E) of this section.

Sec. 3319.61. (A) The educator standards board, in consultation with the chancellor of higher education, shall do all of the following:

These standards shall be aligned with the statewide academic content standards for students adopted pursuant to section 3301.079 of the Revised Code, be primarily based on educator performance instead of years of experience or certain courses completed, and rely on evidence-based factors. These standards shall also be aligned with the operating standards adopted under division (D)(3) of section 3301.07 of the Revised Code.

(a) The standards for teachers shall reflect the following additional criteria:

(3) Develop standards for school district treasurers and business managers that reflect what treasurers and business managers are expected to know and be able to do at all stages of their careers. The standards shall reflect knowledge of systems theory and effective management principles and be aligned with the association of school business officials international standards.
and the operating standards developed under division (D)(3) of section 3301.07 of the Revised Code.

(4) Develop standards for the renewal of licenses under sections 3301.074 and 3319.22 of the Revised Code;

(7) Develop standards for school counselors that reflect what school counselors are expected to know and be able to do at all stages of their careers. The standards shall reflect knowledge of academic, personal, and social counseling for students and effective principles to implement an effective school counseling program. The standards also shall reflect Ohio-specific knowledge of career counseling for students and education options that provide flexibility for earning credit, such as earning units of high school credit using the methods adopted by the state board of education under division (J) of section 3313.603 of the Revised Code and earning college credit through the college credit plus program established under Chapter 3365. of the Revised Code. The standards shall align with the American school counselor association's professional standards and the operating standards developed under division (D)(3) of section 3301.07 of the Revised Code.

The superintendent of public instruction, the chancellor of higher education, or the education standards board itself may request that the educator standards board update, review, or reconsider any standards developed under this section.

(B) The educator standards board shall incorporate indicators of cultural competency into the standards developed under division (A) of this section. For this purpose, the educator standards
board shall develop a definition of cultural competency based upon content and experiences that enable educators to know, understand, and appreciate the students, families, and communities that they serve and skills for addressing cultural diversity in ways that respond equitably and appropriately to the cultural needs of individual students.

(C) In developing the standards under division (A) of this section, the educator standards board shall consider the impact of the standards on closing the achievement gap between students of different subgroups.

(D) In developing the standards under division (A) of this section, the educator standards board shall ensure both of the following:

(1) That teachers have sufficient knowledge to provide appropriate instruction for students identified as gifted pursuant to Chapter 3324. of the Revised Code and to assist in the identification of such students, and have sufficient knowledge that will enable teachers to provide learning opportunities for all children to succeed;

(2) That principals, superintendents, school treasurers, and school business managers have sufficient knowledge to provide principled, collaborative, foresighted, and data-based leadership that will provide learning opportunities for all children to succeed.

It is the intent of the general assembly that the educator standards board shall adopt multiple, equal-weighted criteria to use in determining whether a person is a lead teacher. The criteria shall be in addition to the other standards and qualifications prescribed in division (B)(4) of section 3319.22 of the Revised Code. The criteria may include, but shall not be limited to, completion of educational levels beyond a master's degree or other professional development courses or demonstration of a leadership role in the teacher's school building or district. The board shall determine the number of criteria that a teacher shall satisfy to be recognized as a lead teacher, which shall not be the total number of criteria adopted by the board.
(6) Develop model teacher and principal evaluation instruments and processes. The models shall be based on the standards developed under division (A) of this section.

(7) Develop a method of measuring the academic improvement made by individual students during a one-year period and make recommendations for incorporating the measurement as one of multiple evaluation criteria into each both of the following:

(a) Eligibility for a professional educator license, senior professional educator license, lead professional educator license, or principal license issued under section 3319.22 of the Revised Code;

The state board of education shall review those recommendations at the state board's regular meeting that next succeeds the date that the recommendations are submitted to the state board. At that meeting, the state board of education shall vote to either adopt standards based on those recommendations or request that the educator standards board reconsider its recommendations. The state board of education shall articulate reasons for requesting reconsideration of the recommendations but shall not direct the content of the recommendations. The educator standards board shall reconsider its recommendations if the state board of education so requests, may revise the recommendations, and shall resubmit the recommendations, whether revised or not, to the state board not later than two weeks prior to the state board's regular meeting.
that next succeeds the meeting at which the state board requested reconsideration of the initial recommendations. The state board of education shall review the recommendations as resubmitted by the educator standards board at the state board's regular meeting that next succeeds the meeting at which the state board requested reconsideration of the initial recommendations and may adopt the standards as resubmitted or, if the resubmitted standards have not addressed the state board's concerns, the state board may modify the standards prior to adopting them. The final responsibility to determine whether to adopt standards as described in division (A) of this section and the content of those standards, if adopted, belongs solely to the state board of education.

**Sec. 3323.022.** The rules of the state board of education for staffing ratios for programs with preschool children with disabilities shall require the following:

(D) As used in this section:

(1) "Applied bachelor's degree" means a bachelor's degree that is both of the following:

(a) Specifically designed for an individual who holds an associate of applied science degree, or its equivalent, in order to maximize application of the individual's technical course credits toward the bachelor's degree;

Revenues credited to the fund shall be used by the chancellor of higher education to pay to higher education institutions any outstanding obligations from the prior year owed for the Ohio instructional grant program and the Ohio college opportunity grant program state financial aid programs that are identified through the annual reconciliation and financial audit or through other means. Any amount in the fund that is in excess of the amount certified to the director of budget and management by the chancellor of higher education as necessary to reconcile prior year payments under the program shall be transferred to the general revenue fund.

Sec. 3333.122. (A) The chancellor of higher education shall adopt rules to carry out this section and as authorized under section 3333.123 of the Revised Code. The rules shall include definitions of the terms "resident," "expected family contribution," "full-time student," "three-quarters-time student," "half-time student," "one-quarter-time student," "state cost of attendance," and "accredited" for the purpose of those sections.

(B) Only an Ohio resident who meets both of the following is eligible for a grant awarded under this section:

(1) The resident has an expected family contribution of two
thousand one hundred ninety or less;

(2) The resident enrolls in one of the following:

(a) An undergraduate program, or a nursing diploma program approved by the board of nursing under section 4723.06 of the Revised Code, at a state-assisted state institution of higher education, as defined in section 3345.12 of the Revised Code, that meets the requirements of Title VI of the Civil Rights Act of 1964. For purposes of division (B)(2)(a) of this section, enrollment in an undergraduate program shall include enrollment in a state institution of higher education in a program that may be completed in less than one year and for which a certificate or industry-recognized credential is awarded in an in-demand job, as defined in section 3333.93 of the Revised Code.

(C)(1) The chancellor shall establish and administer a needs-based financial aid grants program based on the United States department of education's method of determining financial need. The program shall be known as the Ohio college opportunity
grant program. The general assembly shall support the needs-based financial aid program by such sums and in such manner as it may provide, but the chancellor also may receive funds from other sources to support the program. If, for any academic year, the amounts available for support of the program are inadequate to provide grants to all eligible students, the chancellor shall do one of the following:

(a) Give preference in the payment of grants based upon expected family contribution, beginning with the lowest expected family contribution category and proceeding upward by category to the highest expected family contribution category;

(b) Proportionately reduce the amount of each grant to be awarded for the academic year under this section;

(c) Use an alternate formula for such grants that addresses the shortage of available funds and has been submitted to and approved by the controlling board.

(2) The needs-based financial aid grant shall be paid to the eligible student through the institution in which the student is enrolled, except that no needs-based financial aid grant shall be paid to any person serving a term of imprisonment. Applications for the grants shall be made as prescribed by the chancellor, and such applications may be made in conjunction with and upon the basis of information provided in conjunction with student assistance programs funded by agencies of the United States government or from financial resources of the institution of higher education. The institution shall certify that the student applicant meets the requirements set forth in division (B) of this section. Needs-based financial aid grants shall be provided to an eligible student only as long as the student is making appropriate progress toward a nursing diploma or an associate or bachelor's degree. No student shall be eligible to receive a grant for more than ten semesters, fifteen quarters, or the equivalent of five
academic years. A grant made to an eligible student on the basis of less than full-time enrollment shall be based on the number of credit hours for which the student is enrolled and shall be computed in accordance with a formula adopted by rule issued by the chancellor. No student shall receive more than one grant on the basis of less than full-time enrollment.

(D)(1) Except as provided in divisions (D)(4), (5), and (6) of this section, no grant awarded under this section shall exceed the total state cost of attendance.

(2) Subject to divisions (D)(1), (3), and (4), and (5) of this section, the amount of a grant awarded to a student under this section who is not enrolled in an institution described in division (D)(6) of this section shall equal the student's remaining state cost of attendance after the student's Pell grant and expected family contribution are applied to the instructional and general charges for the undergraduate program. However, for students enrolled in a state university or college as defined in section 3345.12 of the Revised Code or a university branch, the chancellor may provide that the grant amount shall equal the student's remaining instructional and general charges for the undergraduate program after the student's Pell grant and expected family contribution have been applied to those charges, but, in no case, shall the grant amount for such a student exceed any maximum that the chancellor may set by rule.

(3) For a student enrolled for a semester or quarter in addition to the portion of the academic year covered by a grant under this section, the maximum grant amount shall be a percentage of the maximum specified in any table established in rules adopted by the chancellor as provided in division (A) of this section. The maximum grant for a fourth quarter shall be one-third of the maximum amount so prescribed. The maximum grant for a third semester shall be one-half of the maximum amount so prescribed.
(4) If a student is enrolled in a two-year institution of higher education and is eligible for an education and training voucher through the Ohio education and training voucher program that receives federal funding under the John H. Chafee foster care independence program, 42 U.S.C. 677, the amount of a grant awarded under this section may exceed the total state cost of attendance to additionally cover housing costs.

(5) For a student who is receiving federal veterans' benefits under the "All-Volunteer Force Educational Assistance Program," 38 U.S.C. 3001 et seq., or "Post-9/11 Veterans Educational Assistance Program," 38 U.S.C. 3301 et seq., or any successor program, the amount of a grant awarded under this section shall be applied toward the total state cost of attendance and the student's housing costs and living expenses. Living expenses shall include reasonable costs for room and board.

(6) A student who is enrolled in a program that may be completed in less than one year for which a certificate or industry-recognized credential is awarded in an in-demand job, as defined in section 3333.93 of the Revised Code and who is eligible for a grant under this section shall receive an amount determined by the chancellor using a calculation that does not apply the student's Pell grant to state cost of attendance.

(E) No grant shall be made to any student in a course of study in theology, religion, or other field of preparation for a religious profession unless such course of study leads to an accredited bachelor of arts, bachelor of science, associate of arts, or associate of science degree.

(F)(1) Except as provided in division (F)(2) of this section, no grant shall be made to any student for enrollment during a fiscal year in an institution with a cohort default rate determined by the United States secretary of education pursuant to the "Higher Education Amendments of 1986," 100 Stat. 1278, 1408,
20 U.S.C.A. 1085, as amended, as of the fifteenth day of June preceding the fiscal year, equal to or greater than thirty percent for each of the preceding two fiscal years.

(2) Division (F)(1) of this section does not apply in the case of either of the following:

(a) The institution pursuant to federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor shall adopt rules requiring any such appellant to provide information to the chancellor regarding an appeal.

(b) Any student who has previously received a grant pursuant to any provision of this section, including prior to the section's amendment by H.B. 1 of the 128th general assembly, effective July 17, 2009, and who meets all other eligibility requirements of this section.

(3) The chancellor shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at any institution whose students are ineligible for grants due to division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

(G) Institutions of higher education that enroll students receiving needs-based financial aid grants under this section shall report to the chancellor all students who have received such needs-based financial aid grants but are no longer eligible for all or part of those grants and shall refund any moneys due the
state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The chancellor shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it any of the legal connotations appurtenant thereto. Rather, except as provided in divisions (B), (C), and (E) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(B) The rules of the chancellor for determining student residency shall grant residency status to a veteran and to the veteran's spouse and any dependent of the veteran, if both of the following conditions are met:

(C) The rules of the chancellor for determining student residency shall grant residency status to both of the following:

Documentation of full-time employment and domicile shall include both of the following documents:

(1) A sworn statement from the employer or the employer’s representative on the letterhead of the employer or the employer’s representative certifying that the parent or spouse of the student is employed full-time in Ohio;

(2) A copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state, a copy of the closing statement on residential real property of which the parent or spouse is the owner and occupant in this state or, if the parent or spouse is not the lessee or owner of the residence in which the parent or spouse has established domicile, a letter from the owner of the residence certifying that the parent or spouse resides at that residence.

Residency officers may also evaluate, in accordance with the chancellor's rule, requests for immediate residency status from dependent students whose parents are not living and whose domicile follows that of a legal guardian who has accepted full-time employment and established domicile in the state for reasons other
than gaining the benefit of favorable tuition rates.

(E)(1) The rules of the chancellor for determining student residency shall grant residency status to a person who, while a resident of this state for state subsidy and tuition surcharge purposes, graduated from a high school in this state or completed the final year of instruction at home as authorized under section 3321.04 of the Revised Code, if the person enrolls in an institution of higher education and establishes domicile in this state, regardless of the student's residence prior to that enrollment.

(C)(1) Each state institution of higher education shall conduct a post-tenure review of each tenured faculty member at least once every five years. The review shall indicate whether the faculty member "exceeds expectations," "meets expectations," or "does not meet expectations."

(2) A faculty member who is classified as "does not meet expectations" shall be required to submit a professional performance improvement plan to address identified areas for improvement. That plan shall be developed in accordance with policies provided by the institution through the institution's provost and in consultation with the appropriate dean of the college or program.

(3) A tenured faculty member who does not show significant improvement in the areas identified in the professional performance improvement plan described in division (C)(2) of this section shall be subject to discipline, including a reduction in academic rank and dismissal, if appropriate.

Sec. 3345.48. (A) As used in this section:

(1) "Cohort" means a group of students who will complete their bachelor's degree requirements and graduate from a state university at the same time. (B) The board of trustees of a state university may establish an undergraduate tuition guarantee program that allows eligible students in the same cohort to pay a fixed rate for general and instructional fees for four years. A board of trustees may include room and board and any additional fees in the program.

If the board of trustees chooses to establish such a program, the board shall adopt rules for the program that include, but are
not limited to, all of the following:

(1) The number of credit hours required to earn an undergraduate degree in each major;

(2) A guarantee that the general and instructional fees for each student in the cohort shall remain constant for four years so long as the student complies with the requirements of the program, except that, notwithstanding any law to the contrary, the board may increase the guaranteed amount by up to six per cent above what has been charged in the previous academic year one time for the first cohort enrolled under the tuition guarantee program. If the board of trustees determines that economic conditions or other circumstances require an increase for the first cohort of above six per cent, the board shall submit a request to increase the amount by a specified percentage to the chancellor. The chancellor, based on information the chancellor requires from the board of trustees, shall approve or disapprove such a request. Thereafter, the board of trustees may increase the guaranteed amount by up to the sum of the following above what has been charged in the previous academic year one time per subsequent cohort:

(b) The percentage amount the general assembly restrains increases on in-state undergraduate instructional and general fees for the applicable fiscal year. If the general assembly does not enact a limit on the increase of in-state undergraduate instructional and general fees, then no limit shall apply under this division for the cohort that first enrolls in any academic year for which the general assembly does not prescribe a limit.
If, beginning with the academic year that starts four years after September 29, 2013, the board of trustees determines that the general and instructional fees charged under the tuition guarantee have fallen significantly lower than those of other state universities, the board of trustees may submit a request to increase the amount charged to a cohort by a specified percentage to the chancellor, who shall approve or disapprove such a request one time by an amount determined by the board for each cohort enrolled under the tuition guarantee program.

(3) A benchmark by which the board sets annual increases in general and instructional fees. This benchmark and any subsequent change to the benchmark shall be subject to approval of the chancellor.

(4) Eligibility requirements for students to participate in the program;

(5) Student rights and privileges under the program;

(6) Consequences to the university for students unable to complete a degree program within four years, as follows:

(c) For a student who did not complete the program in four years for any other reason, as determined by the board of trustees, the university shall provide the necessary course or

(C) If a board of trustees implements a program under this section, the board shall submit the rules adopted under division (B) of this section to the chancellor for approval before beginning implementation of the program.

The chancellor shall not unreasonably withhold approval of a program if the program conforms in principle with the parameters and guidelines of this section.

a competency-based assessment in the relevant subject area. If the 45382
student passes the assessment, the state institution shall excuse 45383

A political party that fails to make a timely application shall not receive public moneys during that two-year period. The tax commissioner shall prescribe an appropriate application form. Sec. 3701.12. (A) As used in this section:

(1) "Third party" means any person or government entity other than the department of health or a program administered by the department.

(2) "Third party benefits" means any and all benefits paid by a third party to or on behalf of an individual or the individual's parent or guardian for goods or services the individual has received from the department of health or a grantee or contractor of the department.

(B) Except as provided in division (C) of this section, the department of health shall not, on or after January 1, 2018, pay for goods or services that are payable through third party benefits.

(C) The prohibition in division (B) of this section does not apply when expressly contrary to another provision of the Revised Code or when, as determined by the director of health, department
of health funds are required to mitigate the spread of infectious
disease or are needed for exceptional circumstances.

**Sec. 3701.144.** (A) As used in this section, "cost sharing"
has the same meaning as in section 3923.85 of the Revised Code.

(B) The department of health shall administer the state's
participation in the national breast and cervical cancer early
detection program (NBCCEDP), which shall be known as the Ohio
breast and cervical cancer project. The project shall be
administered in accordance with Title XV of the "Public Health
Service Act," 42 U.S.C. 300k et seq., and the department's NBCCEDP
grant agreement with the United States centers for disease control
and prevention.

(C) In administering the project, the department shall set
eligibility requirements for services provided through the project
as follows:

(1) The woman must have countable family income not exceeding
two hundred fifty per cent of the federal poverty line.

(2) One of the following must be the case:

(a) The woman is not covered by health insurance.

(b) The woman is covered by health insurance that does not
include the screening or diagnostic services the woman seeks
through the project.

(c) The woman is covered by health insurance that imposes
cost sharing for the screening or diagnostic services the woman
seeks through the project that exceeds the limit specified by the
director of health in rules adopted under division (D) of this
section.

(3) In the case of a woman seeking cervical cancer screening
and diagnostic services through the project, the woman must be at
least twenty-one and less than sixty-five years of age.
In the case of a woman seeking breast cancer screening and diagnostic services through the project, either of the following must be the case:

(a) The woman is at least forty and less than sixty-five years of age.
(b) The woman is at least twenty-five and less than forty years of age and has been determined by a physician to need breast cancer screening and diagnostic services due to the results of a clinical breast examination, the woman's family history, or other factors.

(D) The director shall adopt rules for purposes of division (C)(2)(c) of this section specifying the cost sharing limit for each screening and diagnostic service that may be obtained through the project. The director may adopt other rules as necessary to implement this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code.

Sec. 3701.243. (A) Except as provided in this section or section 3701.248 of the Revised Code, no person or agency of state or local government that acquires the information while providing any health care service or while in the employ of a health care facility or health care provider shall disclose or compel another to disclose any of the following:

(1) The identity of any individual on whom an HIV test is performed;
(2) The results of an HIV test in a form that identifies the individual tested;
(3) The identity of any individual diagnosed as having AIDS or an AIDS-related condition.

(B) (1) Except as provided in divisions (B)(2), (C), (D), and (F) of this section, the results of an HIV test or the identity of
an individual on whom an HIV test is performed or who is diagnosed
as having AIDS or an AIDS-related condition may be disclosed only
to the following:

(a) The individual who was tested or the individual's legal
guardian, and the individual's spouse or any sexual partner;

(b) A person to whom disclosure is authorized by a written
release, executed by the individual tested or by the individual's
legal guardian and specifying to whom disclosure of the test
results or diagnosis is authorized and the time period during
which the release is to be effective;

(c) Any physician who treats the individual;

(d) The department of health or a health commissioner to
which reports are made under section 3701.24 of the Revised Code;

(e) A health care facility or provider that procures,
processes, distributes, or uses a human body part from a deceased
individual, donated for a purpose specified in Chapter 2108. of
the Revised Code, and that needs medical information about the
deceased individual to ensure that the body part is medically
acceptable for its intended purpose;

(f) Health care facility staff committees or accreditation or
oversight review organizations conducting program monitoring,
program evaluation, or service reviews;

(g) A health care provider, emergency medical services
worker, or peace officer who sustained a significant exposure to
the body fluids of another individual, if that individual was
tested pursuant to division (E)(6) of section 3701.242 of the
Revised Code, except that the identity of the individual tested
shall not be revealed;

(h) To law enforcement authorities pursuant to a search
warrant or a subpoena issued by or at the request of a grand jury,
a prosecuting attorney, a city director of law or similar chief legal officer of a municipal corporation, or a village solicitor, in connection with a criminal investigation or prosecution.

(2) The results of an HIV test or a diagnosis of AIDS or an AIDS-related condition may be disclosed to a health care provider, or an authorized agent or employee of a health care facility or a health care provider, if the provider, agent, or employee has a medical need to know the information and is participating in the diagnosis, care, or treatment of the individual on whom the test was performed or who has been diagnosed as having AIDS or an AIDS-related condition.

This division does not impose a standard of disclosure different from the standard for disclosure of all other specific information about a patient to health care providers and facilities. Disclosure may not be requested or made solely for the purpose of identifying an individual who has a positive HIV test result or has been diagnosed as having AIDS or an AIDS-related condition in order to refuse to treat the individual. Referral of an individual to another health care provider or facility based on reasonable professional judgment does not constitute refusal to treat the individual.

(3) Not later than ninety days after November 1, 1989, each health care facility in this state shall establish a protocol to be followed by employees and individuals affiliated with the facility in making disclosures authorized by division (B)(2) of this section. A person employed by or affiliated with a health care facility who determines in accordance with the protocol established by the facility that a disclosure is authorized by division (B)(2) of this section is immune from liability to any person in a civil action for damages for injury, death, or loss to person or property resulting from the disclosure.

(C)(1) Any person or government agency may seek access to or
authority to disclose the HIV test records of an individual in accordance with the following provisions:

(a) The person or government agency shall bring an action in a court of common pleas requesting disclosure of or authority to disclose the results of an HIV test of a specific individual, who shall be identified in the complaint by a pseudonym but whose name shall be communicated to the court confidentially, pursuant to a court order restricting the use of the name. The court shall provide the individual with notice and an opportunity to participate in the proceedings if the individual is not named as a party. Proceedings shall be conducted in chambers unless the individual agrees to a hearing in open court.

(b) The court may issue an order granting the plaintiff access to or authority to disclose the test results only if the court finds by clear and convincing evidence that the plaintiff has demonstrated a compelling need for disclosure of the information that cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy right of the individual tested and against any disservice to the public interest that might result from the disclosure, such as discrimination against the individual or the deterrence of others from being tested.

(c) If the court issues an order, it shall guard against unauthorized disclosure by specifying the persons who may have access to the information, the purposes for which the information shall be used, and prohibitions against future disclosure.

(2) A person or government agency that considers it necessary to disclose the results of an HIV test of a specific individual in an action in which it is a party may seek authority for the disclosure by filing an in camera motion with the court in which the action is being heard. In hearing the motion, the court shall employ procedures for confidentiality similar to those specified
in division (C)(1) of this section. The court shall grant the
motion only if it finds by clear and convincing evidence that a
compelling need for the disclosure has been demonstrated.

(3) Except for an order issued in a criminal prosecution or
an order under division (C)(1) or (2) of this section granting
disclosure of the result of an HIV test of a specific individual,
a court shall not compel a blood bank, hospital blood center, or
blood collection facility to disclose the result of HIV tests
performed on the blood of voluntary donors in a way that reveals
the identity of any donor.

(4) In a civil action in which the plaintiff seeks to recover
damages from an individual defendant based on an allegation that
the plaintiff contracted the HIV virus as a result of actions of
the defendant, the prohibitions against disclosure in this section
do not bar discovery of the results of any HIV test given to the
defendant or any diagnosis that the defendant suffers from AIDS or
an AIDS-related condition.

(D) The results of an HIV test or the identity of an
individual on whom an HIV test is performed or who is diagnosed as
having AIDS or an AIDS-related condition may be disclosed to a
federal, state, or local government agency, or the official
representative of such an agency, for purposes of the medicaid
program, the medicare program, or any other public assistance
program.

(E) Any disclosure pursuant to this section shall be in
writing and accompanied by a written statement that includes the
following or substantially similar language: "This information has
been disclosed to you from confidential records protected from
disclosure by state law. You shall make no further disclosure of
this information without the specific, written, and informed
release of the individual to whom it pertains, or as otherwise
permitted by state law. A general authorization for the release of
medical or other information is not sufficient for the purpose of the release of HIV test results or diagnoses."

(F) An individual who knows that the individual has received a positive result on an HIV test or has been diagnosed as having AIDS or an AIDS-related condition shall disclose this information to any other person with whom the individual intends to make common use of a hypodermic needle or engage in sexual conduct as defined in section 2907.01 of the Revised Code. An individual's compliance with this division does not prohibit a prosecution of the individual for a violation of division (B) of section 2903.11 of the Revised Code.

(G) Nothing in this section prohibits the introduction of evidence concerning an HIV test of a specific individual in a criminal proceeding.

Sec. 3701.601. There is hereby created in the state treasury the breast and cervical cancer project income tax contribution fund, which shall consist of money contributed to it under section 5747.113 of the Revised Code and of contributions made directly to it. Any person may contribute directly to the fund in addition to or independently of the income tax refund contribution system established in section 5747.113 of the Revised Code.

The director of health shall distribute the contributed funds to the Ohio breast and cervical cancer project funded by the national breast and cervical cancer early detection program established under the "Breast and Cervical Cancer Mortality Prevention Act of 1990," 104 Stat. 409, 42 U.S.C. 300k et seq. administered under section 3701.144 of the Revised Code. The contributed funds shall be used specifically for the provision of breast and cervical cancer screening, diagnostic, and outreach services to uninsured and under-insured women who meet the eligibility requirements specified in that section. The breast and
cervical cancer project, through its regional agencies, shall first use the contributed funds to pay for services provided directly by personnel of local departments of health, federally qualified health centers as defined by section 3701.047 of the Revised Code, or other community health centers. If contributed funds remain after a regional agency pays for all screening, diagnostic, and outreach services provided by local departments of health, federally qualified health centers, or other community health centers, the regional agency may use contributed funds to pay for services provided by other providers.

Home visiting services shall be provided through evidence-based home visiting models or innovative, promising home visiting models recommended by the Ohio home visiting consortium created under section 3701.612 of the Revised Code.

(3) The part C early intervention services component of the

It is the general assembly's intent that early intervention services be grounded in the philosophy that young children learn best from familiar people in familiar settings. Accordingly, each family with a child that receives early intervention services shall be a member of a local early intervention services team that includes not only the family but also a service coordinator and service providers. The team members shall work together to ensure that a child is accessing available supports and resources to enhance the child's learning and development.

(B) Families shall be referred to the appropriate home visiting services or part C early intervention services through the central intake and referral system created under section 3701.611 of the Revised Code.

(C) To the extent possible, the both of the following shall be the case:

(1) The goals of the home visiting component of the help me grow program shall be consistent with the goals of the federal home visiting program, as specified by the maternal and child health bureau of the health resources and services administration in the United States department of health and human services or its successor.

(2) The goals of the part C early intervention services component of the help me grow program shall be consistent with goals and intent for the part C early intervention program for infants and toddlers with disabilities as expressed by the United States department of education in "Early Intervention Program for Infants and Toddlers with Disabilities," 76 Federal Register

The director may distribute help me grow program funds through contracts, grants, or subsidies to entities providing services under the program in accordance with a formula included in the interagency agreement with the department of developmental disabilities required by division (D) of this section. The amount to be distributed to the department of developmental disabilities shall be proportional to the number of referrals that department receives through the central intake and referral system created and implemented under section 3701.611 of the Revised Code. The director of health may distribute the remaining help me grow program funds through contracts, grants, or subsidies to entities providing home visiting services under the program.

As a condition of receiving payments for home visiting services, providers shall do both of the following:

1. Promote the use of technology-based resources, such as mobile telephone or text messaging applications, that offer tips on having a healthy pregnancy and healthy baby to families with a pregnant woman or infant who is less than one year of age;

2. Report to the director data on the program performance indicators, specified in rules adopted under division (G) of this section, that are used to assess progress toward achieving all of
the following:

(a) The benchmark domains established for the federal home visiting program, including improvement in maternal and newborn health; reduction in child injuries, abuse, and neglect; improved school readiness and achievement; reduction in crime and domestic violence; and improved family economic self-sufficiency;

(c) Reduction in tobacco use by pregnant women, new parents, and others living in households with children.

(4) Procedures for appealing the denial of an application for program services or the termination of services;
(5) Procedures for appealing the denial of an application to become a provider of program services or the termination of the department's approval of a provider;

(6) Procedures for addressing complaints;

(7) The program performance indicators on which data must be reported by providers of home visiting services under division (F) of this section, which, to the extent possible, shall be consistent with federal reporting requirements for federally funded home visiting services;

(8) The format in which reports must be submitted under division (F) of this section and the time frames within which the reports must be submitted;

(9) Criteria for payment of approved providers of program services;

(10) Any other rules necessary to implement the program.

(H) When adopting rules required by division (G)(1) of this section, the department shall specify that families residing in the urban and rural communities specified in rules adopted under section 3701.142 of the Revised Code are to receive priority over other families for home visiting services.

The request for proposals shall require bidders to specify how they would achieve the best practices and coordinated goals and allow adequate time for bidders to develop the partnerships that are necessary to implement the coordinated goals.

(B) If the department of health and department of developmental disabilities choose to select one or more system operators as described in division (A) of this section, a contract with any system operator shall require that the system do both all of the following:

1. Serve as a single point of entry for access, assessment, and referral of families to appropriate home visiting services and part C early intervention services based on each family's location of residence;

2. Use a standardized form or other mechanism to assess for each family member's risk factors and social determinants of health, as well as ensure that the family is referred to the appropriate home visiting or part C early intervention program or service;

(D) A contract entered into under division (B) of this section shall require a system operator to issue an annual report to the department of health and department of developmental disabilities that includes data regarding referrals made by the central intake and referral system, costs associated with the referrals, and the quality of services received by families who were referred to services through the system. The report shall be distributed to the home visiting consortium created under section 3701.612 of the Revised Code and the early intervention services advisory council created under section 5123.0422 of the Revised Code.

department create a new position within the department to

(3) Except as provided in rules adopted under this section, the applicant or employee is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(C) Except as provided by division (F) of this section, the chief administrator of a home health agency shall inform each applicant of both of the following at the time of the applicant's initial application for employment or referral to the home health agency by an employment service for a position that involves providing direct care to an individual:

(1) That a review of the databases listed in division (D) of...
this section will be conducted to determine whether the home health agency is prohibited by division (B)(1) of this section from employing the applicant in the position;

(2) That, unless the database review reveals that the applicant may not be employed in the position, a criminal records check of the applicant will be conducted and the applicant is required to provide a set of the applicant's fingerprint impressions as part of the criminal records check.

(D) As a condition of employing any applicant in a position that involves providing direct care to an individual, the chief administrator of a home health agency shall conduct a database review of the applicant in accordance with rules adopted under this section. If rules adopted under this section so require, the chief administrator of a home health agency shall conduct a database review of an employee in accordance with the rules as a condition of continuing to employ the employee in a position that involves providing direct care to an individual. However, the chief administrator is not required to conduct a database review of an applicant or employee if division (F) of this section applies. A database review shall determine whether the applicant or employee is included in any of the following:

(2) The list of excluded individuals and entities maintained by the office of inspector general in the United States department of health and human services pursuant to the "Social Security Act," sections 1128 and 1156, 42 U.S.C. 1320a-7 and 1320c-5;

(E)(1) As a condition of employing any applicant in a position that involves providing direct care to an individual, the chief administrator of a home health agency shall request the superintendent of the bureau of criminal identification and investigation to conduct a criminal records check of the applicant. If rules adopted under this section so require, the chief administrator of a home health agency shall request the superintendent to conduct a criminal records check of an employee at times specified in the rules as a condition of continuing to employ the employee in a position that involves providing direct care to an individual. However, the chief administrator is not required to request the criminal records check of the applicant or the employee if division (F) of this section applies or the home health agency is prohibited by division (B)(1) of this section from employing the applicant or continuing to employ the employee in a position that involves providing direct care to an individual. If an applicant or employee for whom a criminal records check request is required by this section does not present proof of having been a resident of this state for the five-year period immediately prior to the date upon which the criminal records check is requested or does not provide evidence that within that five-year period the superintendent has requested information about the applicant from the federal bureau of
investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the federal bureau of investigation as a part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof that the applicant or employee has been a resident of this state for that five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(c) Forward the completed form and standard impression sheet to the superintendent at the time the chief administrator requests the criminal records check.

(3) A home health agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check the agency requests under this section. A home health agency may charge an applicant a fee not exceeding the amount the agency pays to the bureau under this section if both of the following apply:

(a) The home health agency notifies the applicant at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the applicant will not be considered for employment.
(b) The medicaid program does not reimburse the home health agency for the fee it pays to the bureau under this section.

(F) Divisions (C) to (E) of this section do not apply with regard to an applicant or employee if the applicant or employee is referred to a home health agency by an employment service that supplies full-time, part-time, or temporary staff for positions that involve providing direct care to an individual and both of the following apply:

(1) The chief administrator of the home health agency receives from the employment service confirmation that a review of the databases listed in division (D) of this section was conducted with regard to the applicant or employee.

(G)(1) A home health agency may employ conditionally an applicant for whom a criminal records check request is required by this section before obtaining the results of the criminal records check if the agency is not prohibited by division (B) of this section from employing the applicant in a position that involves providing direct care to an individual and either of the following applies:

(a) The chief administrator of the home health agency requests the criminal records check in accordance with division
(E) of this section not later than five business days after the applicant begins conditional employment.

(b) The applicant is referred to the home health agency by an employment service, the employment service or the applicant provides the chief administrator of the agency a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(2) If a home health agency employs an applicant conditionally pursuant to division (G)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.

(3) A home health agency that employs an applicant conditionally pursuant to division (G)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any
request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the date the request for the criminal records check is made. Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the home health agency shall terminate the applicant's employment unless circumstances specified in rules adopted under this section that permit the agency to employ the applicant exist and the agency chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the home health agency about the applicant's criminal record.

(H) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

The director's determination is final.

(2) Not later than sixty days after receiving a variance application from an ambulatory surgical facility, the director shall grant or deny the variance. A variance application that has not been approved within sixty days is considered denied.

(4) A copy of the facility's operating procedures or

(2) The director's grant of a certificate of need does not affect, and sets no precedent for, the director's decision to grant or deny other applications for similar reviewable activities.

(3) Any affected person may submit written comments regarding an application. The director shall consider all written comments received by the forty-fifth day after the application is submitted to the director, except that in an expedited review to be considered written comments must be received by the twenty-first day after the application is submitted.

If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the certification for the beds shall be surrendered. If the beds are registered under section 3701.07 of the Revised Code as skilled nursing beds or long-term care beds, the director shall remove the beds from registration not later than fifteen days after the beds are relocated.

(E) During the period beginning with the granting of a certificate of need and ending five years after implementation of the reviewable activity for which the certificate was granted, the director shall monitor the activities of the person granted the certificate to determine whether the reviewable activity is conducted in substantial accordance with the certificate. A reviewable activity shall not be determined to be not in substantial accordance with the certificate solely because of either of the following:

(1) A decrease in bed capacity;

(2) A change in the owner or operator of the facility unless any of the circumstances specified in division (B) of section 3702.59 of the Revised Code apply to the new owner or operator.

(F) When reviewing applications for certificates of need, considering appeals under section 3702.60 of the Revised Code, or monitoring activities of persons granted certificates of need, the director may issue and enforce, in the manner provided in section 119.09 of the Revised Code, subpoenas and subpoenas duces tecum to compel a person to testify and produce documents relevant to review of the application, consideration of the appeal, or monitoring of the activities. In addition, the director or the...
director's designee may visit the sites where the activities are or will be conducted.

(G) The director may withdraw certificates of need.

(H) All long-term care facilities shall submit to the director, upon request, any information prescribed by rules adopted under division (H) of section 3702.57 of the Revised Code that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews.

(I) Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of long-term care facilities administered by religious organizations, and the special needs and circumstances of inner city and rural communities.

Except as otherwise provided in division (K) of section 3745.11 of the Revised Code, all moneys collected under division (B) of that section, and any gifts, grants, or contributions received by the director of environmental protection for the purposes of the fund, shall be credited to the fund.

The director shall expend all moneys credited to the fund solely to administer and enforce the Title V program pursuant to the federal Clean Air Act, this chapter, and rules adopted under it, except as costs relating to enforcement are limited by the federal Clean Air Act. The director shall establish separate and
distinct accounting for all such moneys.

(B) There is hereby created in the state treasury the non-Title V clean air fund. All money collected under section 3710.15 and divisions (D), (F), (G), (H), (I), and (J) of section 3745.11 of the Revised Code shall be credited to the fund. Sec. 3704.111. (A) Not later than October 1, 1993, the director of environmental protection shall enter into a delegation agreement with each local air pollution control authority listed in divisions (J)(N)(1)(a) to (j)(i) of section 3704.01 of the Revised Code under which the local air pollution control authority agrees to perform on behalf of the environmental protection agency
air pollution control regulatory services within the political
subdivision represented by the local air pollution control
authority. The director may enter into such a delegation agreement
with a local air pollution control authority established on or
after the effective date of this section, subject to the condition
established in division (B) of this section. Each delegation
agreement shall be self-renewing on an annual basis on the first
day of October of each year. The terms of each such delegation
agreement shall remain unchanged from year to year unless they are
amended by mutual agreement of the director and the local air
pollution control authority.

(B) The director may conduct a periodic performance
evaluation of the air pollution control program operated by each
local air pollution control authority. Based upon the findings of
such a performance evaluation, the director may terminate or
refuse to renew the delegation agreement with a local air
pollution control authority if the director determines that the
local air pollution control authority is not adequately performing
its obligations under the agreement.

(C) The director may enter into contracts for payments to

without limitation, population served, number of air permits
issued for both new and existing sources, land area, and number of
air contaminant sources. The director biennially shall review the
workload of each local air pollution control authority and shall determine the percentage of the moneys available for the purpose of making payments under the contracts. In determining the percentage of those moneys that is to be so distributed, the director shall consider the recommendations of the local air pollution control authorities.

(D) The director may modify a contract between the director and a local air pollution control authority to authorize the local air pollution control authority to perform air pollution control activities outside the geographic boundaries of that local air pollution control authority.

Sec. 3705.07. (A) The local registrar of vital statistics shall number consecutively the birth, each fetal death, and death certificates in three separate series, beginning with "number one" for the first birth, the first fetal death, and the first death registered in each calendar year certificate printed on paper that the local registrar receives from the electronic death registration system (EDRS) maintained by the department of health. The number assigned to each certificate shall be the one provided by EDRS. Such local registrar shall sign the local registrar's name in attest to the date of filing in the local office. The local registrar shall make a complete and accurate copy of each birth, fetal death, and death certificate registered printed on paper that is filed. Each paper copy shall be filed and permanently preserved as the local record of such birth, fetal death, or death except as provided in sections 3705.09, 3705.12, and 3705.124 of the Revised Code until the electronic information regarding the event has been completed and made available in EDRS and EDRS is capable of issuing a complete and accurate electronic copy of the certificate. The local record may be a typewritten, photographic, electronic, or other reproduction. On or before the tenth day of each month, the local registrar shall transmit to
the state office of vital statistics all original birth, fetal
dead, and death, and military service certificates received, and
all social security numbers obtained under section 3705.09,
3705.10, or 3705.16 of the Revised Code, during the preceding
month using the state transmittal schedule specified by the
department of health. The local registrar shall immediately notify
the health commissioner with jurisdiction in the registration
district of the receipt of a death certificate attesting that
death resulted from a communicable disease.

The office of vital statistics shall carefully examine the
records and certificates received from local registrars of vital
statistics and shall secure any further information that may be
necessary to make each record and certificate complete and
satisfactory. It shall arrange and preserve the records and
certificates, or reproductions of them produced pursuant to
section 3705.03 of the Revised Code, in a systematic manner and
shall maintain a permanent index of all births, fetal deaths, and
deaths registered, which shall show the name of the child or
deceased person, place and date of birth or death, and number of
the record or certificate, and the volume in which it is
contained.

(B)(1) The office of vital statistics shall make available to
the division of child support in the department of job and family
services all social security numbers that were furnished to a
local registrar of vital statistics accompany a birth certificate
submitted for filing under division (I)(H) of section 3705.09 or
under section 3705.10 or 3705.16 of the Revised Code and that were
transmitted to the office under division (A) of this section or
that accompany a death certificate registered under section
3705.16 of the Revised Code.

(2) The office of vital statistics also shall make available
to the division of child support in the department of job and
family services any other information recorded in the birth record that may enable the division to use the social security numbers provided under division (B)(1) of this section to obtain the location of the father of the child whose birth certificate was accompanied by the social security number or to otherwise enforce a child support order pertaining to that child or any other child.

Sec. 3705.08. (A) The director of health, by rule, shall prescribe the form of records and certificates required by this chapter. Records and certificates shall include the items and information prescribed by the director, including the items recommended by the national center for health statistics of the United States department of health and human services, subject to approval of and modification by the director.

(B) All birth certificates shall include a statement setting forth the names of the child's parents and a line for the mother's and the father's signature.

(C) All death certificates shall include, in the medical certification portion of the certificate, a space to indicate, if the deceased individual is female and the manner of death is determined to be a suspicious or violent death, whether any of the following conditions apply to the individual:

1. Not pregnant within the past year;
2. Pregnant at the time of death;
3. Not pregnant, but had been pregnant within forty-two days prior to the time of death;
4. Not pregnant, but had been pregnant within forty-three days to one year prior to the time of death;
5. Unknown whether pregnant within the past year.

(D)(1) The director shall prescribe electronic methods, forms, and blanks and shall furnish necessary postage, forms, and
blanks for obtaining registration of births, deaths, and other vital statistics in each registration district, and for preserving the records of the office of vital statistics, and no forms or blanks shall be used other than those prescribed by the director.

(2) All birth, fetal death, and death records and certificates shall be signed certified. Except as provided in division (G) of section 3705.09, section 3705.12, 3705.121, 3705.122, or 3705.124, division (D) of section 3705.15, or section 3705.16 of the Revised Code, a birth, fetal death, or death certificate shall be signed by the person required to sign the certificate requiring signature may be electronically certified by the person in charge of the institution or that person's designee. A death certificate may be electronically certified by the individual who attests to the facts of death.

(3) All vital records shall contain the date received for registration filing.

(4) Information and signatures required in certificates, records, or reports authorized by this chapter may be filed and registered by photographic, electronic, or other means as prescribed by the director.

Sec. 3705.09. (A) A birth certificate for each live birth in this state shall be filed in the registration district in which it occurs within ten calendar days after such birth and shall be registered if it has been completed and filed in accordance with this section.

(B) When a birth occurs in or en route to an institution, the person in charge of the institution or a designated representative shall obtain the personal data, prepare the certificate, secure the signatures required, and file complete and certify the facts of birth on the certificate within ten calendar days with the local registrar of vital statistics. The physician or certified
nurse-midwife in attendance shall provide the medical information required by the certificate and certify to the facts of birth within seventy-two hours after the birth be listed on the birth record.

(C) When a birth occurs outside an institution, the birth certificate shall be prepared and filed by one of the following in the indicated order of priority:

(1) The physician or certified nurse-midwife in attendance at or immediately after the birth;

(2) Any other person in attendance at or immediately after the birth;

(3) The father;

(4) The mother;

(5) The person in charge of the premises where the birth occurred.

(D) Either of the parents of the child or other informant shall attest to the accuracy of the personal data entered on the birth certificate in time to permit the filing of the certificate within the ten days prescribed in this section.

(E) When a birth occurs in a moving conveyance within the United States and the child is first removed from the conveyance in this state, the birth shall be registered in this state and the place where it is first removed shall be considered the place of birth. When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of
either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother, and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

(2) If the mother was not married at the time of conception or birth or between conception and birth, the child shall be registered by the surname designated by the mother. The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has been sent to the local registrar. If the father is not named on the birth certificate pursuant to division (F)(1) or (2) of this section, no other information about the father shall be entered on the record.

(G) When a man is presumed, found, or declared to be the father of a child, according to section 2105.26, sections 3111.01 to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54 of the Revised Code, or the father has acknowledged the child as his child in an acknowledgment of paternity, and the acknowledgment has become final pursuant to section 2151.232, 3111.25, or 3111.821 of the Revised Code, and documentary evidence of such fact is submitted to the department of health in such form as the director may require, a new birth record shall be issued by the department which shall have the same overall appearance as the record which would have been issued under this section if a marriage had occurred before the birth of such child. Where handwriting is required to effect such appearance, the department shall supply it. Upon the issuance of such new birth record, the original birth record shall cease to be a public record. Except as provided in division (C) of section 3705.091 of the Revised Code, the original record and any documentary evidence supporting the
new registration of birth shall be placed in an envelope which
shall be sealed by the department and shall not be open to
inspection or copy unless so ordered by a court of competent
jurisdiction.

The department shall then promptly forward a copy of the new
birth record to the local registrar of vital statistics of the
district in which the birth occurred, and such local registrar
shall file a copy of such new birth record along with and in the
same manner as the other copies of birth records in such local
registrar's possession. All copies of the original birth record in
the possession of the local registrar or the probate court, as
well as any and all index references to it, shall be destroyed.
Such new birth record, as well as any certified or exact copy of
it, when properly authenticated by a duly authorized person shall
be prima-facie evidence in all courts and places of the facts
stated in it.

(H) When a woman who is a legal resident of this state has
given birth to a child in a foreign country that does not have a
system of registration of vital statistics, a birth record may be
filed in the office of vital statistics on evidence satisfactory
to the director of health.

(I)(H) Every birth certificate filed under this section on or
after July 1, 1990, shall be accompanied by all social security
numbers that have been issued to the parents of the child, unless
the division of child support in the department of job and family
services, acting in accordance with regulations prescribed under
as amended, finds good cause for not requiring that the numbers be
furnished with the certificate. The parents' social security
numbers shall not be recorded on the certificate. The local
registrar of vital statistics shall transmit the social security
numbers to the state office of vital statistics in accordance with
section 3705.07 of the Revised Code. No social security number obtained under this division shall be used for any purpose other than child support enforcement.

Sec. 3705.10. Any birth certificate submitted for filing eleven or more days after the birth occurred constitutes a delayed birth registration. A delayed birth certificate may be filed in accordance with rules which shall be adopted by the director of health. The rules shall include, but not be limited to, all of the following requirements for each delayed birth certificate filed on or after July 1, 1990:

(A) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate.

(B) The parents' social security numbers shall not be recorded on the certificate.

(C) The local registrar of vital statistics shall transmit the social security numbers to the state office of vital statistics in accordance with section 3705.07 of the Revised Code.

(D) No social security number obtained under this section shall be used for any purpose other than child support enforcement.

Sec. 3706.05. The Ohio air quality development authority may at any time issue revenue bonds and notes of the state in such principal amount as, in the opinion of the authority, are necessary for the purpose of paying any part of the cost of one or more air quality projects or parts thereof, including one or more
payments pursuant to a commodity contract entered into in connection with the acquisition or construction of air quality facilities. The authority may at any time issue renewal notes, issue bonds to pay such notes and whenever it deems refunding expedient, refund any bonds by the issuance of air quality revenue refunding bonds of the state, whether the bonds to be refunded have or have not matured, and issue bonds partly to refund bonds then outstanding, and partly for any other authorized purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded. Except as may otherwise be expressly provided by the authority, every issue of its bonds or notes shall be general obligations of the authority payable solely out of the revenues of the authority that are pledged for such payment, without preference or priority of the first bonds issued, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues. Such pledge shall be valid and binding from the time the pledge is made and the revenues so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority.

Whether or not the bonds or notes are of such form and character as to be negotiable instruments, the bonds or notes shall have all the qualities and incidents of negotiable instruments, subject only to the provisions of the bonds or notes for registration.

The bonds and notes shall be authorized by resolution of the

authority, shall bear such date or dates, and shall mature at such
time or times, in the case of any such note or any renewals
thereof not exceeding five years from the date of issue of such
original note and in the case of any such bond not exceeding forty
years from the date of issue, as such resolution or resolutions
may provide. The bonds and notes shall bear interest at such rate
or rates, be in such denominations, be in such form, either coupon
or registered, carry such registration privileges, be payable in
such medium of payment, at such place or places, and be subject to
such terms of redemption as the authority may authorize. The bonds
and notes of the authority may be sold by the authority, at public
or private sale, at or at not less than such price or prices as
the authority determines. The bonds and notes shall be executed by
the chairperson and vice-chairperson of the authority, either or
both of whom may use a facsimile signature, the official seal of
the authority or a facsimile thereof shall be affixed thereto or
printed thereon and attested, manually or by facsimile signature,
by the secretary-treasurer of the authority, and any coupons
attached thereto shall bear the signature or facsimile signature
of the chairperson of the authority. In case any officer whose
signature, or a facsimile of whose signature, appears on any
bonds, notes or coupons ceases to be such officer before delivery
of bonds or notes, such signature or facsimile shall nevertheless
be sufficient for all purposes the same as if the officer had
remained in office until such delivery, and in case the seal of
the authority has been changed after a facsimile has been
imprinted on such bonds or notes, such facsimile seal will
continue to be sufficient for all purposes.

Any resolution or resolutions authorizing any bonds or notes
or any issue thereof may contain provisions, subject to such
agreements with bondholders or noteholders as may then exist,
which provisions shall be a part of the contract with the holders
thereof, as to: the pledging of all or any part of the revenues of
the authority to secure the payment of the bonds or notes or of any issue thereof; the use and disposition of revenues of the authority; a covenant to fix, alter, and collect rentals and other charges so that pledged revenues will be sufficient to pay costs of operation, maintenance, and repairs, pay principal of and interest on bonds or notes secured by the pledge of such revenues, and provide such reserves as may be required by the applicable resolution or trust agreement; the setting aside of reserve funds, sinking funds, or replacement and improvement funds and the regulation and disposition thereof; the crediting of the proceeds of the sale of bonds or notes to and among the funds referred to or provided for in the resolution authorizing the issuance of the bonds or notes; the use, lease, sale, or other disposition of any air quality project or any other assets of the authority; limitations on the purpose to which the proceeds of sale of bonds or notes may be applied and the pledging of such proceeds to secure the payment of the bonds or notes or of any issue thereof; as to notes issued in anticipation of the issuance of bonds, the agreement of the authority to do all things necessary for the authorization, issuance, and sale of such bonds in such amounts as may be necessary for the timely retirement of such notes; limitations on the issuance of additional bonds or notes; the terms upon which additional bonds or notes may be issued and secured; the refunding of outstanding bonds or notes; the procedure, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given; limitations on the amount of moneys to be expended by the authority for operating, administrative, or other expenses of the authority; securing any bonds or notes by a trust agreement in accordance with section 3706.07 of the Revised Code; any other matters, of like or different character, that in any way affect the security or
protection of the bonds or notes.

Neither the members of the authority nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

Sec. 3706.27. (A) There is hereby created in the state treasury the advanced energy research and development fund to provide grants for advanced energy projects. There is hereby created in the state treasury the advanced energy research and development taxable fund to provide loans for advanced energy projects.

(B)(1) The advanced energy research and development fund and the advanced energy research and development taxable fund shall consist of the proceeds of obligations that were issued prior to the effective date of this amendment under section 166.08 of the Revised Code. Money shall be credited to the respective funds in the proportion that the executive director of the Ohio air quality development authority, with the affirmative vote of a majority of the members of the authority, determines appropriate.

(2) Any investment earnings from the money in the advanced energy research and development fund and in the advanced energy research and development taxable fund shall be credited to those funds, respectively. Any repayment of loans made from money in the advanced energy research and development taxable fund shall be credited to the alternative fuel transportation fund created in section 122.075 of the Revised Code.

(C) The director of budget and management shall establish and maintain records or accounts for or within these funds in such a manner as to show the amount credited to the funds pursuant to section 166.08 of the Revised Code and that the amounts so credited have been expended for the purposes set forth...
in Section 2p or 13 of Article VIII, Ohio Constitution, and sections 166.08 and 166.30 of the Revised Code and former section 3706.26 of the Revised Code.

Sec. 3709.29. (A) If the estimated amount of money necessary to meet the expenses of a general health district program, other than one formed under section 3709.10 of the Revised Code, will not be forthcoming to the district board of health of such district out of the district health fund because the taxes within the ten-mill limitation will be insufficient, the board of health shall certify the fact of such that insufficiency to the board of county commissioners of the county in which such the district is located. Such board of county commissioners is hereby ordained to be, which shall proceed as provided in division (B) of this section. In the case of a general health district formed under section 3709.10 of the Revised Code, the board of health may adopt a resolution as provided under section 5705.191 of the Revised Code in its capacity as a taxing authority under that section.

(B) A board of county commissioners to which a certification is made by a board of health under division (A) of this section is a special taxing authority for the purposes of this section only, and, notwithstanding any other law to the contrary, the board of county commissioners of any county in which a general health district is located is the taxing authority for such special levy outside the ten-mill limitation. The board of county commissioners shall thereupon, in the year preceding that in which such the health program will be effective, the board, by vote of two-thirds of all the its members of that body, shall declare by resolution that the amount of taxes which may be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the necessary requirements of such the district within the county, and that it is necessary to levy a tax in excess of such that limitation in order to provide the board of health with sufficient
funds to carry out such the health program. Such The resolution shall be filed with the board of elections not later than four p.m. of the ninetieth day before the day of the election.

Such The resolution shall specify the amount of increase in rate which it is necessary to levy and the number of years during which such the increase shall be in effect, which shall not be for a longer period than ten years.

The resolution shall conform to section 5705.191 of the Revised Code and be certified and submitted in the manner provided in section 5705.25 of the Revised Code, provided that the proposal shall be placed on the ballot at the next primary or general election occurring more than ninety days after the resolution is filed with the board of elections.

Sec. 3710.01. As used in this chapter:

(A) "Asbestos" means the asbestiform varieties of chrysotile or serpentine, amosite or cummingtonite-grunerite, crocidolite or riebeckite, actinolite, tremolite, and anthophylite serpentine (chrysotile), riebeckite (crocidolite), cummingtonite-grunerite, anthophylite, and actinolite-tremolite as determined using the method specified in 40 C.F.R. Part 763, Subpart E, Appendix E, Section 1, Polarized Light Microscopy (PLM).

The rules may include, without limitation, financial assurance requirements for closure and post-closure care and corrective action and requirements for taking corrective action in the event of the surface or subsurface discharge or migration of explosive gases or leachate from a solid waste facility, or of ground water contamination resulting from the transfer or disposal of solid wastes at a facility, beyond the boundaries of any area within a facility that is operating or is undergoing closure or post-closure care where solid wastes were disposed of or are being disposed of. The rules shall not concern or relate to personnel policies, salaries, wages, fringe benefits, or other conditions of employment of employees of persons owning or operating solid waste facilities. The director, in accordance
with Chapter 119. of the Revised Code, shall adopt and may amend, 51767
suspend, or rescind rules governing the issuance, modification, 51768
revocation, suspension, or denial of variances from the director's 51769
solid waste rules, including, without limitation, rules adopted 51770
under this chapter governing the management of scrap tires. 51771

Variances shall be issued, modified, revoked, suspended, or 51772
rescinded in accordance with this division, rules adopted under 51773
it, and Chapter 3745. of the Revised Code. The director may order 51774
the person to whom a variance is issued to take such action within 51775
such time as the director may determine to be appropriate and 51776
reasonable to prevent the creation of a nuisance or a hazard to 51777
the public health or safety or the environment. Applications for 51778
variances shall contain such detail plans, specifications, and 51779
information regarding objectives, procedures, controls, and other 51780
pertinent data as the director may require. The director shall 51781
grant a variance only if the applicant demonstrates to the 51782
director's satisfaction that construction and operation of the 51783
solid waste facility in the manner allowed by the variance and any 51784
terms or conditions imposed as part of the variance will not 51785
create a nuisance or a hazard to the public health or safety or 51786
the environment. In granting any variance, the director shall 51787
state the specific provision or provisions whose terms are to be 51788
varied and also shall state specific terms or conditions imposed 51789
upon the applicant in place of the provision or provisions. 51790

The director may hold a public hearing on an application for 51791
a variance or renewal of a variance at a location in the county 51792
where the operations that are the subject of the application for 51793
the variance are conducted. The director shall give not less than 51794
twenty days' notice of the hearing to the applicant by certified 51795
mail or by another type of mail accompanied by a receipt and shall 51796
publish at least one notice of the hearing in a newspaper with 51797
general circulation in the county where the hearing is to be held.
The director shall make available for public inspection at the principal office of the environmental protection agency a current list of pending applications for variances and a current schedule of pending variance hearings. The director shall make a complete stenographic record of testimony and other evidence submitted at the hearing.

Within ten days after the hearing, the director shall make a written determination to issue, renew, or deny the variance and shall enter the determination and the basis for it into the record of the hearing. The director shall issue, renew, or deny an application for a variance or renewal of a variance within six months of the date upon which the director receives a complete application with all pertinent information and data required. No variance shall be issued, revoked, modified, or denied until the director has considered the relative interests of the applicant, other persons and property affected by the variance, and the general public. Any variance granted under this division shall be for a period specified by the director and may be renewed from time to time on such terms and for such periods as the director determines to be appropriate. No application shall be denied and no variance shall be revoked or modified without a written order stating the findings upon which the denial, revocation, or modification is based. A copy of the order shall be sent to the applicant or variance holder by certified mail or by another type of mail accompanied by a receipt.

(B) The director shall prescribe and furnish the forms necessary to administer and enforce this chapter. The director may cooperate with and enter into agreements with other state, local, or federal agencies to carry out the purposes of this chapter. The director may exercise all incidental powers necessary to carry out the purposes of this chapter.

(C) Except as provided in this division and divisions (N)(2)
and (3) of this section, no person shall establish a new solid waste facility or infectious waste treatment facility, or modify an existing solid waste facility or infectious waste treatment facility, without submitting an application for a permit with accompanying detail plans, specifications, and information regarding the facility and method of operation and receiving a permit issued by the director, except that no permit shall be required under this division to install or operate a solid waste facility for sewage sludge treatment or disposal when the treatment or disposal is authorized by a current permit issued under Chapter 3704. or 6111. of the Revised Code.

No person shall continue to operate a solid waste facility for which the director has denied a permit for which an application was required under division (A)(3) of section 3734.05 of the Revised Code, or for which the director has disapproved plans and specifications required to be filed by an order issued under division (A)(5)(3) of that section 3734.05 of the Revised Code, after the date prescribed for commencement of closure of the facility in the order issued under division (A)(6)(4) of that section 3734.05 of the Revised Code denying the permit application or approval.

On and after the effective date of the rules adopted under division (A) of this section and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, no person shall establish a new, or modify an existing, solid waste transfer facility without first submitting an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the director and receiving a permit issued by the director.

No person shall establish a new compost facility or continue to operate an existing compost facility that accepts exclusively source separated yard wastes without submitting a completed...
registration for the facility to the director in accordance with 
rules adopted under divisions (A) and (N)(3) of this section.

This division does not apply to a generator of infectious 
wastes that does any of the following:

(1) Treats, by methods, techniques, and practices established 
by rules adopted under division (B)(2)(a) of section 3734.021 of 
the Revised Code, any of the following:

(a) Infectious wastes that are generated on any premises that 
are owned or operated by the generator;

(b) Infectious wastes that are generated by a generator who 
has staff privileges at a hospital as defined in section 3727.01 
of the Revised Code;

(c) Infectious wastes that are generated in providing care to 
a patient by an emergency medical services organization as defined 
in section 4765.01 of the Revised Code.

(2) Holds a license or renewal of a license to operate a 
crematory facility issued under Chapter 4717. and a permit issued 
under Chapter 3704. of the Revised Code;

(3) Treats or disposes of dead animals or parts thereof, or 
the blood of animals, and is subject to any of the following:

(a) Inspection under the "Federal Meat Inspection Act," 81 

(b) Chapter 918. of the Revised Code;

(c) Chapter 953. of the Revised Code.

(D) Neither this chapter nor any rules adopted under it apply 
to single-family residential premises; to infectious wastes 
generated by individuals for purposes of their own care or 
treatment; to the temporary storage of solid wastes, other than 
scrap tires, prior to their collection for disposal; to the 
storage of one hundred or fewer scrap tires unless they are stored
in such a manner that, in the judgment of the director or the board of health of the health district in which the scrap tires are stored, the storage causes a nuisance, a hazard to public health or safety, or a fire hazard; or to the collection of solid wastes, other than scrap tires, by a political subdivision or a person holding a franchise or license from a political subdivision of the state; to composting, as defined in section 1511.01 of the Revised Code, conducted in accordance with section 1511.022 of the Revised Code; or to any person who is licensed to transport raw rendering material to a compost facility pursuant to section 953.23 of the Revised Code.

(E)(1) As used in this division:

(a) "On-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated on the premises of the facility.

(b) "Off-site facility" means a facility that stores, treats, or disposes of hazardous waste that is generated off the premises of the facility and includes such a facility that is also an on-site facility.

(c) "Satellite facility" means any of the following:

(i) An on-site facility that also receives hazardous waste from other premises owned by the same person who generates the waste on the facility premises;

(ii) An off-site facility operated so that all of the hazardous waste it receives is generated on one or more premises owned by the person who owns the facility;

(iii) An on-site facility that also receives hazardous waste that is transported uninterrupted and directly to the facility through a pipeline from a generator who is not the owner of the facility.
(2) Except as provided in division (E)(3) of this section, no person shall establish or operate a hazardous waste facility, or use a solid waste facility for the storage, treatment, or disposal of any hazardous waste, without a hazardous waste facility installation and operation permit issued in accordance with section 3734.05 of the Revised Code and subject to the payment of an application fee not to exceed one thousand five hundred dollars, payable upon application for a hazardous waste facility installation and operation permit and upon application for a renewal permit issued under division (H) of section 3734.05 of the Revised Code, to be credited to the hazardous waste facility management fund created in section 3734.18 of the Revised Code. The term of a hazardous waste facility installation and operation permit shall not exceed ten years.

In addition to the application fee, there is hereby levied an annual permit fee to be paid by the permit holder upon the anniversaries of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits and to be credited to the hazardous waste facility management fund. Annual permit fees totaling forty thousand dollars or more for any one facility may be paid on a quarterly basis with the first quarterly payment each year being due on the anniversary of the date of issuance of the hazardous waste facility installation and operation permit and of any subsequent renewal permits. The annual permit fee shall be determined for each permit holder by the director in accordance with the following schedule:

A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.
In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage and treatment. A facility using more than one method of storage, treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:

(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;
(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119. of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

1. A hazardous waste facility operating under a permit issued in accordance with this chapter;

3. A facility in another nation operating in accordance with the laws of that nation;

4. A facility holding a permit issued pursuant to Title I of the "Marine Protection, Research, and Sanctuaries Act of 1972," 86
(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.

(G) The director, by order, may exempt any person generating, collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119. of the Revised Code.

A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public
utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those portions of its existing lines; of the existing poles, towers, foundations, or other structures sustaining or supporting its lines; or of the appurtenances to any such supporting or sustaining structure, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.

(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized...
by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) Except for infectious wastes generated by a person who produces fewer than fifty pounds of infectious wastes at a premises during any one month, no owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes that have not been treated to render them noninfectious.

(L) The director, in accordance with Chapter 119. of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste technologies, enforcement procedures, and rules;

(2) The course shall be offered on an annual basis;

(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;

(4) Persons who successfully complete the course shall be certified by the director;
(5) Certification shall be required for all employees of boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility, or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not
been acquired or is not administered by the secretary of the
United States department of the interior, located in this state,
or any candidate area located in this state and identified for
potential inclusion in the national park system in the edition of
the "national park system plan" submitted under paragraph (b) of
section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16
U.S.C.A. 1a-5, as amended, current at the time of filing of the
application for the permit, unless the facility or proposed
facility is or is to be used exclusively for the disposal of solid
wastes generated within the park or recreation area and the
director determines that the facility or proposed facility will
not degrade any of the natural or cultural resources of the park
or recreation area. The director shall not issue a variance under
division (A) of this section and rules adopted under it, or issue
an exemption order under division (G) of this section, that would
authorize any such establishment or expansion of a solid waste
facility within the boundaries of any such park or recreation
area, state park purchase area, or candidate area, other than a
solid waste facility exclusively for the disposal of solid wastes
generated within the park or recreation area when the director
determines that the facility will not degrade any of the natural
or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section,
other than those governing variances, do not apply to scrap tire
collection, storage, monocell, monofill, and recovery facilities.
Those facilities are subject to and governed by rules adopted
under sections 3734.70 to 3734.73 of the Revised Code, as
applicable.

(2) Division (C) of this section does not apply to scrap tire
collection, storage, monocell, monofill, and recovery facilities.
The establishment and modification of those facilities are subject
to sections 3734.75 to 3734.78 and section 3734.81 of the Revised
(3) The director may adopt, amend, suspend, or rescind rules under division (A) of this section creating an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1), (2)(a), (3), and (4) of section 3734.05 of the Revised Code to a solid waste compost facility.

(O)(1) As used in this division, "secondary aluminum waste" means waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.

(2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.

(3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.

(P)(1) As used in divisions (P) and (Q) of this section:

(a) "Natural background" means two picocuries per gram or the...
actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the director of health.

(b) "Drilling operation" includes a production operation as defined in section 1509.01 of the Revised Code.

(2) The owner or operator of a solid waste facility shall not accept for transfer or disposal technologically enhanced naturally occurring radioactive material if that material contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(3) The owner or operator of a solid waste facility may receive and process for purposes other than transfer or disposal technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background, provided that the owner or operator has obtained and maintains all other necessary authorizations, including any authorization required by rules adopted by the director of health under section 3748.04 of the Revised Code.

(4) The director of environmental protection may adopt rules in accordance with Chapter 119. of the Revised Code governing the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is contaminated with radioactive material, including, without limitation, technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations less than five picocuries per gram above natural background. Rules adopted by the director may include at a minimum both of the following:
(a) Requirements in accordance with which the owner or operator of a solid waste facility must monitor leachate and ground water for radium-226, radium-228, and other radionuclides;

(b) Requirements in accordance with which the owner or operator of a solid waste facility must develop procedures to ensure that technologically enhanced naturally occurring radioactive material accepted at the facility neither contains nor is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(Q) Notwithstanding any other provision of this section, the owner or operator of a solid waste facility shall not receive, accept, process, handle, manage, or dispose of technologically enhanced naturally occurring radioactive material associated with drilling operations without first obtaining representative analytical results to determine compliance with divisions (P)(2) and (3) of this section and rules adopted under it.

Sec. 3734.041. (A) The owner or operator holding a license issued under division (A) of section 3734.05 of the Revised Code for a sanitary landfill that is so situated that a residence or other occupied structure off the premises of the landfill is located within one thousand feet horizontal distance from the exterior boundary of the landfill, and the owner or operator of any closed landfill that is so situated and for which a license was issued under division (A) of section 3734.05 of the Revised Code, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, shall, within sixty days after the effective date of the rules adopted under division (F) of this section, submit an explosive gas monitoring plan for the landfill or closed landfill to the director of environmental protection for approval for compliance
with those rules. After approval of the plan, the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the closed landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located shall conduct monitoring of explosive gas levels at the landfill or closed landfill, and submit written reports of the results of the monitoring to the director and the board of health of the health district in which the landfill is located in accordance with the approved plan and the schedule for implementation contained in the approved plan.

No person shall violate or fail to perform a duty imposed by a plan approved under this section.

(B) Division (A) of this section does not apply to a sanitary landfill or closed sanitary landfill that exclusively disposes, or disposed, of solid wastes generated on the premises where the landfill or closed landfill is located; to a sanitary landfill or closed sanitary landfill that exclusively disposes, or disposed, of solid wastes generated on one or more premises owned by the person who owns the landfill or closed landfill; or to a sanitary landfill or closed sanitary landfill owned or operated by a person other than the generator of the wastes that exclusively disposes, or disposed, of nonputrescible solid wastes or nonputrescible wastes generated by a single generator at one or more premises owned by the generator.

(C) When As used in this division and division (D) of this section, "responsible party" includes the owner or operator of a solid waste disposal facility; any current or former owner of a closed solid waste disposal facility; any person who was responsible for the operations of a closed solid waste disposal facility; any lessee or other person who has control of the property on which a closed solid waste disposal facility is
located; a receiver appointed pursuant to Chapter 2735, of the Revised Code with respect to a solid waste disposal facility or closed solid waste disposal facility; and a trustee in bankruptcy.

Notwithstanding division (B) of this section, if the director determines that, due to the types of wastes disposed of, the engineering design, the hydrogeological setting, the period of time since the commencement of operation, and the proximity of residential or other occupied structures located off the premises of the landfill a solid waste disposal facility to the exterior boundaries, or information related to concentrations of explosive gas at or surrounding a sanitary landfill licensed under division (A) of section 3734.05 of the Revised Code facility or closed sanitary landfill for which a license was issued under that division facility, the potential exists for the formation and subsurface migration of explosive gases in such quantities and under such conditions as to endanger threaten human health or safety or the environment, the director shall may issue to the owner or operator of the sanitary landfill, or, in the instance of a closed sanitary landfill, the owner or operator of the sanitary landfill, or the subsequent owner, lessee, or other person who has control of the property on which the closed landfill is located, any responsible party an order directing each owner the responsible party to prepare, obtain approval of, and implement an and submit a new or revised explosive gas monitoring and reporting plan, in accordance with division (A) of that complies with division (A) of this section and provides for the adequate evaluation of explosive gas generation at and migration from the solid waste disposal facility or closed solid waste disposal facility. A plan so submitted shall be approved in accordance with division (A) of this section. After approval of the plan, the responsible party shall conduct monitoring of explosive gas levels at the facility or closed facility and submit written reports of the results of the monitoring in accordance with the plan approved.
under this section. For the purposes of this division and division (D) of this section, explosive gases shall be considered to endanger human health or safety or the environment if concentrations of methane generated by the landfill facility in landfill occupied structures, excluding gas control or recovery system components, exceed twenty-five per cent of the lower explosive limit or if concentrations of methane generated by the landfill facility at the landfill facility boundary exceed the lower explosive limit. As used in this division, "lower explosive limit" means the lowest per cent by volume of methane that will produce a flame in air at twenty-five degrees centigrade and atmospheric pressure.

(D) If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a sanitary landfill solid waste disposal facility or closed sanitary landfill solid waste disposal facility threatens human health or safety or the environment, the director or his authorized representative shall promptly may conduct an evaluation of the levels of explosive gases on the premises of the landfill facility and in occupied structures located in proximity to the boundaries of the landfill facility to determine whether the formation of explosive gases at, and migration of those gases from, the landfill facility or closed landfill facility constitutes such a threat. In addition, the director or the director's authorized representative, on their own initiative, may conduct an evaluation in accordance with division (G) of this section. Based upon the findings of the an evaluation, or of an evaluation conducted by the director, or his authorized representative, on his own initiative, the director shall may issue an order under division (A) or (B) of section 3734.13 of the Revised Code, as the director considers necessary or appropriate, directing the owner or operator of the landfill, or, in the instance of a closed
landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, any responsible party to perform such measures as the director considers necessary or appropriate, to abate or minimize the formation of explosive gases or their migration off the premises of the landfill facility, to abate or remedy any conditions caused by the formation and migration of such gases that endanger threaten human health or safety or the environment and to take such actions as the director finds necessary or appropriate to prevent recurrence of the migration of explosive gases or decrease their concentration to levels set forth in division (C) of this section.

After the issuance of an order under this division, the director shall inspect the landfill at least once each week, or facility at such other intervals as the director or his an authorized representative of the director considers necessary or appropriate, to ascertain compliance with the order until such time as the director determines that full compliance with those terms and conditions has been achieved.

If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a landfill solid waste disposal facility that is subject to an order issued under division (D) of this section has recurred in such quantities or under such conditions as to threaten human health or safety or the environment, or if the director determines from an inspection of any such landfill facility that the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, responsible party has violated or is violating a term or condition of the order or that
measures in addition to those prescribed by the order are necessary or appropriate under the circumstances, the director shall take such actions under division (A), (B), or (C) of section 3734.13 of the Revised Code as the director considers necessary or appropriate to protect human health or safety or the environment.

(E) The director shall conduct random inspections of licensed and closed sanitary landfills for explosive gas levels and to monitor the accuracy of the reports submitted pursuant to plans approved under division (A) of this section.

(F) The director shall adopt rules under Chapter 119. of the Revised Code prescribing standards for conducting the explosive gas monitoring required by division (A) of this section including, without limitation, standards governing the numbers, locations, and design and construction of monitoring wells; quality control procedures to be followed by persons conducting those evaluations to ensure the accuracy of the monitoring; the frequency for sampling the monitoring wells, which shall be at least quarterly, except as otherwise provided in this division; and the frequency of reporting monitoring results to the director and board of health. The rules shall require that, in the instance of closed sanitary landfills, explosive gas monitoring be conducted for the period of twenty years after closure or for such other period as the director considers necessary or appropriate. Such explosive gas monitoring shall be conducted quarterly during each of the five years immediately following closure of the landfills and semiannually thereafter. If such semiannual sampling shows that the methane limits set in division (C) of this section are exceeded, sampling may be resumed at a frequency determined by the director.

(G) The director or the director's authorized representative may enter upon a solid waste disposal facility or a closed solid
waste disposal facility to conduct an evaluation of the concentration of explosive gas generated at or migrating from the facility. The owner or operator of a solid waste disposal facility or closed solid waste disposal facility shall allow the director or representative to conduct such an evaluation of the facility, any structures within the boundary of the facility, and any occupied structures in close proximity to the boundary of the facility that are owned or controlled by the owner or operator.

(H) The remedy provided by division (D) of this section is cumulative and concurrent with any other remedy provided in this chapter or Chapter 3704. of the Revised Code, and the existence or exercise of one remedy does not prevent the exercise of any other.

Sec. 3734.05.  (A)(1) Except as provided in divisions (A)(4), (6) and (9)(7) of this section, no person shall operate or maintain a solid waste facility without a license issued under this division by the board of health of the health district in which the facility is located or by the director of environmental protection when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing solid waste facility shall procure a license under this division to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in
division (A)(2) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of a solid waste facility, and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with this chapter and rules adopted under it. The terms and conditions may establish the authorized maximum daily waste receipts for the facility. Limitations on maximum daily waste receipts shall be specified in cubic yards of volume for the purpose of regulating the design, construction, and operation of solid waste facilities. Terms and conditions included in a license or revision to a license by a board of health shall be consistent with, and pertain only to the subjects addressed in, the rules adopted under division (A) of section 3734.02 and division (D) of section 3734.12 of the Revised Code.

(2)(a) Except as provided in divisions (A)(2)(b), (8)(6), and (9)(7) of this section, each person proposing to open a new solid waste facility or to modify an existing solid waste facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code at least two hundred seventy days before proposed

operation of the facility and shall concurrently make application
for the issuance of a license under division (A)(1) of this
section with the board of health of the health district in which
the proposed facility is to be located.

(b) On and after the effective date of the rules adopted
under division (A) of section 3734.02 of the Revised Code and
division (D) of section 3734.12 of the Revised Code governing
solid waste transfer facilities, each person proposing to open a
new solid waste transfer facility or to modify an existing solid
waste transfer facility shall submit an application for a permit
with accompanying engineering detail plans, specifications, and
information regarding the facility and its method of operation to
the environmental protection agency for required approval under
those rules at least two hundred seventy days before commencing
proposed operation of the facility and concurrently shall make
application for the issuance of a license under division (A)(1) of
this section with the board of health of the health district in
which the facility is located or proposed.

(c) Each application for a permit under division (A)(2)(a) or
(b) of this section shall be accompanied by a nonrefundable
application fee of four hundred dollars that shall be credited to
the general revenue fund. Each application for an annual license
under division (A)(1) or (2) of this section shall be accompanied
by a nonrefundable application fee of one hundred dollars. If the
application for an annual license is submitted to a board of
health on the approved list under section 3734.08 of the Revised
Code, the application fee shall be credited to the special fund of
the health district created in division (B) of section 3734.06 of
the Revised Code. If the application for an annual license is
submitted to the director, the application fee shall be credited
to the general revenue fund. If a permit or license is issued, the
amount of the application fee paid shall be deducted from the
amount of the permit fee due under division (Q) of section 3745.11
of the Revised Code or the amount of the license fee due under
division (A)(1), (2), (3), (4), or (5) of section 3734.06 of the
Revised Code.

(d) As used in divisions (A)(2)(d), (e), and (f) of this
section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total
capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at
a solid waste facility;

(iii) Any increase in the depth of excavation at a solid
waste facility;

(iv) Any change in the technique of waste receipt or type of
waste received at a solid waste facility that may endanger human
health, as determined by the director by rules adopted in
accordance with Chapter 119. of the Revised Code.

Not later than forty-five days after submitting an
application under division (A)(2)(a) or (b) of this section for a
permit to open a new or modify an existing solid waste facility,
the applicant, in conjunction with an officer or employee of the
environmental protection agency, shall hold a public meeting on
the application within the county in which the new or modified
solid waste facility is or is proposed to be located or within a
contiguous county. Not less than thirty days before holding the
public meeting on the application, the applicant shall publish
notice of the meeting in each newspaper of general circulation
that is published in the county in which the facility is or is
proposed to be located. If no newspaper of general circulation is
published in the county, the applicant shall publish the notice in
a newspaper of general circulation in the county. The notice shall
contain the date, time, and location of the public meeting and a
general description of the proposed new or modified facility. Not later than five days after publishing the notice, the applicant shall send by certified mail a copy of the notice and the date the notice was published to the director and the legislative authority of each municipal corporation, township, and county, and to the chief executive officer of each municipal corporation, in which the facility is or is proposed to be located. At the public meeting, the applicant shall provide information and describe the application and respond to comments or questions concerning the application, and the officer or employee of the agency shall describe the permit application process. At the public meeting, any person may submit written or oral comments on or objections to the application. Not more than thirty days after the public meeting, the applicant shall provide the director with a copy of a transcript of the full meeting, copies of any exhibits, displays, or other materials presented by the applicant at the meeting, and the original copy of any written comments submitted at the meeting.

(e) Except as provided in division (A)(2)(f) of this section, prior to taking an action, other than a proposed or final denial, upon an application submitted under division (A)(2)(a) of this section for a permit to open a new or modify an existing solid waste facility, the director shall hold a public information session and a public hearing on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. If the application is for a permit to open a new solid waste facility, the director shall hold the hearing not less than fourteen days after the information session. If the application is for a permit to modify an existing solid waste facility, the director may hold both the information session and the hearing on the same day unless any individual affected by the application requests in writing that the information session and the hearing not be held
on the same day, in which case the director shall hold the hearing not less than fourteen days after the information session. The director shall publish notice of the public information session or public hearing not less than thirty days before holding the information session or hearing, as applicable. The notice shall be published in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the information session or hearing, as applicable, and a general description of the proposed new or modified facility. At the public information session, an officer or employee of the environmental protection agency shall describe the status of the permit application and be available to respond to comments or questions concerning the application. At the public hearing, any person may submit written or oral comments on or objections to the approval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the information session and public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the information session and hearing.

(f) The solid waste management policy committee of a county or joint solid waste management district may adopt a resolution requesting expeditious consideration of a specific application submitted under division (A)(2)(a) of this section for a permit to modify an existing solid waste facility within the district. The resolution shall make the finding that expedited consideration of the application without the public information session and public hearing under division (A)(2)(e) of this section is in the public
interest and will not endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code. Upon receiving such a resolution, the director, at the director's discretion, may issue a final action upon the application without holding a public information session or public hearing pursuant to division (A)(2)(e) of this section.

(3) Except as provided in division (A)(10) of this section, and unless the owner or operator of any solid waste facility, other than a solid waste transfer facility or a compost facility that accepts exclusively source separated yard wastes, that commenced operation on or before July 1, 1968, has obtained an exemption from the requirements of division (A)(3) of this section in accordance with division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code in accordance with the following schedule:

(a) Not later than September 24, 1988, if the facility is located in the city of Garfield Heights or Parma in Cuyahoga county;

(b) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison, Mahoning, Ottawa, or Vinton county;

(c) Not later than March 24, 1989, if the facility is located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn or Cuyahoga Heights in Cuyahoga county;

(d) Not later than June 24, 1989, if the facility is located
in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Garfield Heights, Parma, Brooklyn, and Cuyahoga Heights;

(e) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(f) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (A)(3)(a) to (e) of this section;

(g) Notwithstanding divisions (A)(3)(a) to (f) of this section, not later than December 31, 1990, if the facility is a solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated and if the facility disposes of more than one hundred thousand tons of solid wastes per year, provided that any such facility shall be subject to division (A)(5) of this section.

(4) Except as provided in divisions (A)(8), (9), and (10) of this section, unless the owner or operator of any solid waste facility for which a permit was issued after July 1, 1968, but before January 1, 1980, has obtained an exemption from the requirements of division (A)(4) of this section under division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under those rules.

(5) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of a
solid waste facility requiring the person to submit to the
director updated engineering detail plans, specifications, and
information regarding the facility and its method of operation for
approval under rules adopted under division (A) of section 3734.02
of the Revised Code and applicable rules adopted under division
(D) of section 3734.12 of the Revised Code if, in the director's
judgment, conditions at the facility constitute a substantial
threat to public health or safety or are causing or contributing
to or threatening to cause or contribute to air or water pollution
or soil contamination. Any person who receives such an order shall
submit the updated engineering detail plans, specifications, and
information to the director within one hundred eighty days after
the effective date of the order.

(6)(4) The director shall act upon an application submitted
under division (A)(3) or (4) of this section and any updated
engineering plans, specifications, and information submitted under
division (A)(5)(3) of this section within one hundred eighty days
after receiving them. If the director denies any such permit
application, the issues an order denying the application or
disapproving the plans, specifications, and information submitted
under division (A)(3) of this section, the order shall include all
of the following requirements that:

(a) That the owner or operator submit a plan for closure and
post-closure care of the facility to the director for approval
within six months after issuance of the order;

(b) That the owner or operator cease accepting solid wastes
for disposal or transfer at the facility;

(c) The owner or operator commence closure of the facility
not later than one year after issuance of the order.

If the director determines that closure of the facility
within that one-year period would result in the unavailability of
sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of denial or disapproval may postpone commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(6)(4) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(7)(5) If the director determines that standards more stringent than those applicable in rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are necessary to ensure that a solid waste facility constructed at the proposed location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued, the director shall
state in the order issuing it the specific findings supporting each such term or condition.

(8) (6) Divisions (A)(1), (2)(a), (3), and (4) of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered under division (C) of section 3734.02 of the Revised Code or, unless otherwise provided in rules adopted under division (N)(3) of section 3734.02 of the Revised Code, to a solid waste compost facility if the director has adopted rules establishing an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility under that division.

(9) (7) Divisions (A)(1) to (7)(5) of this section do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The approval of plans and specifications, as applicable, and the issuance of registration certificates, permits, and licenses for those facilities are subject to sections 3734.75 to 3734.78 of the Revised Code, as applicable, and section 3734.81 of the Revised Code.

(10) (8) Divisions (A)(3) and (4) of this section do not apply to a solid waste incinerator that was placed into operation on or before October 12, 1994, and that is not authorized to accept and treat infectious wastes pursuant to division (B) of this section.

(B) (1) No person shall operate or maintain an infectious waste treatment facility without a license issued by the board of health of the health district in which the facility is located or by the director when the health district in which the facility is located is not on the approved list under section 3734.08 of the Revised Code.

(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to
operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to section 3734.021 of the Revised Code two hundred seventy days before proposed operation of the facility and concurrently shall make application for a license with the board.
of health of the health district in which the facility is or is proposed to be located. Not later than ninety days after receiving a complete application under division (B)(2)(b) of this section for a permit to open a new infectious waste treatment facility or modify an existing infectious waste treatment facility to expand its treatment capacity, or receiving a complete application under division (A)(2)(a) of this section for a permit to open a new solid waste incineration facility, or modify an existing solid waste incineration facility to also treat infectious wastes or to increase its infectious waste treatment capacity, that pertains to a facility for which a notation authorizing infectious waste treatment is included or proposed to be included in the solid waste incineration facility's license pursuant to division (B)(3) of this section, the director shall hold a public hearing on the application within the county in which the new or modified infectious waste or solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the public hearing on the application, the director shall publish notice of the hearing in each newspaper that has general circulation and that is published in the county in which the facility is or is proposed to be located. If there is no newspaper that has general circulation and that is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the public hearing and a general description of the proposed new or modified facility. At the public hearing, any person may submit written or oral comments on or objections to the approval or disapproval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental
protection agency presiding at the hearing.

(c) Each application for a permit under division (B)(2)(b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (B)(2)(a) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (C) of section 3734.06 of the Revised Code.

(d) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date.
of the order.

(e) The director shall act on any updated engineering plans, specifications, and information submitted under division (B)(2)(d) of this section within one hundred eighty days after receiving them. If the director disapproves any such updated engineering plans, specifications, and information, the director shall include in the order disapproving the plans the requirement that the owner or operator cease accepting infectious wastes for treatment at the facility.

(3) Division (B) of this section does not apply to a generator of infectious wastes that meets any of the following conditions:

(a) Treats, by methods, techniques, and practices established by rules adopted under division (B)(2)(a) of section 3734.021 of the Revised Code, any of the following wastes:

(i) Infectious wastes that are generated on any premises that are owned or operated by the generator;

(ii) Infectious wastes that are generated by a generator who has staff privileges at a hospital as defined in section 3727.01 of the Revised Code;

(iii) Infectious wastes that are generated in providing care to a patient by an emergency medical services organization as defined in section 4765.01 of the Revised Code.

(b) Holds a license or renewal of a license to operate a crematory facility issued under Chapter 4717. and a permit issued under Chapter 3704. of the Revised Code;

(c) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

The director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in rules adopted under division (B)(2)(b) of section 3734.021 of the Revised Code.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located of the submission of the application within ten days after the submission or at such earlier time as the director may establish by rule. If the application is for a proposed new hazardous waste disposal or thermal treatment facility, the applicant also shall give actual notice of the general design and purpose of the facility to the legislative authority of each municipal corporation, township, and
county in which the facility is proposed to be located at least ninety days before the permit application is submitted to the environmental protection agency.

In accordance with rules adopted under section 3734.12 of the Revised Code, prior to the submission of a complete application for a hazardous waste facility installation and operation permit, the applicant shall hold at least one meeting in the township or municipal corporation in which the facility is proposed to be located, whichever is geographically closer to the proposed location of the facility. The meeting shall be open to the public and shall be held to inform the community of the proposed hazardous waste management activities and to solicit questions from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised Code, upon receipt of a complete application for a hazardous waste facility installation and operation permit under division (C) of this section, the director shall consider the application and accompanying information to determine whether the application complies with agency rules and the requirements of division (D)(2) of this section. After making a determination, the director shall issue either a draft permit or a notice of intent to deny the permit. The director, in accordance with rules adopted under section 3734.12 of the Revised Code or with rules adopted to implement Chapter 3745. of the Revised Code, shall provide public notice of the application and the draft permit or the notice of intent to deny the permit, provide an opportunity for public comments, and, if significant interest is shown, schedule a public meeting in the county in which the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a
hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:

(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;

(b) That the facility complies with the director's hazardous waste standards adopted pursuant to section 3734.12 of the Revised Code;

(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;

(d) That the facility represents the minimum risk of all of the following:

(i) Fires or explosions from treatment, storage, or disposal methods;

(ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;

(iii) Adverse impact on the public health and safety.

(e) That the facility will comply with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them;

(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from which the person may influence the installation and operation of the facility has been involved in any prior activity involving transportation, treatment, storage, or disposal of hazardous waste, that person has a history of compliance with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them, the "Resource Conservation and
Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, and all regulations adopted under it, and similar laws and rules of other states if any such prior operation was located in another state that demonstrates sufficient reliability, expertise, and competency to operate a hazardous waste facility under the applicable provisions of this chapter and Chapters 3704. and 6111. of the Revised Code, the applicable rules and standards adopted under them, and terms and conditions of a hazardous waste facility installation and operation permit, given the potential for harm to the public health and safety and the environment that could result from the irresponsible operation of the facility. For off-site facilities, as defined in section 3734.41 of the Revised Code, the director may use the investigative reports of the attorney general prepared pursuant to section 3734.42 of the Revised Code as a basis for making a finding and determination under division (D)(2)(f) of this section.

(g) That the active areas within a new hazardous waste facility where acute hazardous waste as listed in 40 C.F.R. 261.33 (e), as amended, or organic waste that is toxic and is listed under 40 C.F.R. 261, as amended, is being stored, treated, or disposed of and where the aggregate of the storage design capacity and the disposal design capacity of all hazardous waste in those areas is greater than two hundred fifty thousand gallons, are not located or operated within any of the following:

(i) Two thousand feet of any residence, school, hospital, jail, or prison;

(ii) Any naturally occurring wetland;

(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.

Division (D)(2)(g) of this section does not apply to the
facility of any applicant who demonstrates to the director that 53067
the limitations specified in that division are not necessary 53068
because of the nature or volume of the waste and the manner of 53069
management applied, the facility will impose no substantial danger 53070
to the health and safety of persons occupying the structures 53071
listed in division (D)(2)(g)(i) of this section, and the facility 53072
is to be located or operated in an area where the proposed 53073
hazardous waste activities will not be incompatible with existing 53074
land uses in the area.

(h) That the facility will not be located within the 53076
boundaries of a state park established or dedicated under Chapter 53077
1546. of the Revised Code, a state park purchase area established 53078
under section 1546.06 of the Revised Code, any unit of the 53079
national park system, or any property that lies within the 53080
boundaries of a national park or recreation area, but that has not 53081
been acquired or is not administered by the secretary of the 53082
United States department of the interior, located in this state, 53083
or any candidate area located in this state identified for 53084
potential inclusion in the national park system in the edition of 53085
the "national park system plan" submitted under paragraph (b) of 53086
U.S.C.A. 1a-5, as amended, current at the time of filing of the 53088
application for the permit, unless the facility will be used 53089
exclusively for the storage of hazardous waste generated within 53090
the park or recreation area in conjunction with the operation of 53091
the park or recreation area. Division (D)(2)(h) of this section 53092
does not apply to the facility of any applicant for modification 53093
of a permit unless the modification application proposes to 53094
increase the land area included in the facility or to increase the 53095
quantity of hazardous waste that will be treated, stored, or 53096
disposed of at the facility.

(3) Not later than one hundred eighty days after the end of 53098
the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745. of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E) No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the construction or operation of a hazardous waste facility authorized by a hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any plans, specifications, data, reports, records, manifests, or other information required to be kept or submitted to the director by this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation permit issued under this section and who wishes to obtain a permit...
renewal shall submit a completed application for an installation and operation permit renewal and any necessary accompanying general plans, detail plans, specifications, and such information as the director may require to the director no later than one hundred eighty days prior to the expiration date of the existing permit or upon a later date prior to the expiration of the existing permit if the permittee can demonstrate good cause for the late submittal. The director shall consider the application and accompanying information, inspection reports of the facility, results of performance tests, a report regarding the facility's compliance or noncompliance with the terms and conditions of its permit and rules adopted by the director under this chapter, and such other information as is relevant to the operation of the facility and shall issue a draft renewal permit or a notice of intent to deny the renewal permit. The director, in accordance with rules adopted under this section or with rules adopted to implement Chapter 3745. of the Revised Code, shall give public notice of the application and draft renewal permit or notice of intent to deny the renewal permit, provide for the opportunity for public comments within a specified time period, schedule a public meeting in the county in which the facility is located if significant interest is shown, and give public notice of the public meeting.

(2) Within sixty days after the public meeting or close of the public comment period, the director, without prior hearing, shall issue or deny the renewal permit in accordance with Chapter 3745. of the Revised Code. The director shall not issue a renewal permit unless the director determines that the facility under the existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the
renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(I)(1) As used in this section, "modification" means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted under division (K) of this section. Modifications classified as Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by
the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a modification that involves the transfer of a hazardous waste facility installation and operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the director or upon the written request of the permittee only if any of the following applies:

(a) The permittee desires to accomplish alterations, additions, or deletions to the permitted facility or to undertake alterations, additions, deletions, or activities that are inconsistent with or not authorized by the existing permit;

(b) New information or data justify permit conditions in addition to or different from those in the existing permit;

(c) The standards, criteria, or rules upon which the existing permit is based have been changed by new, amended, or rescinded standards, criteria, or rules, or by judicial decision after the existing permit was issued, and the change justifies permit conditions in addition to or different from those in the existing permit;
(d) The permittee proposes to transfer the permit to another person.

(3) The director shall approve or disapprove an application for a modification in accordance with division (D)(2) of this section and rules adopted under division (K) of this section for all of the following categories of Class 3 modifications:

(a) Authority to conduct treatment, storage, or disposal at a site, location, or tract of land that has not been authorized for the proposed category of treatment, storage, or disposal activity by the facility's permit;

(b) Modification or addition of a hazardous waste management unit, as defined in rules adopted under section 3734.12 of the Revised Code, that results in an increase in a facility's storage capacity of more than twenty-five per cent over the capacity authorized by the facility's permit, an increase in a facility's treatment rate of more than twenty-five per cent over the rate so authorized, or an increase in a facility's disposal capacity over the capacity so authorized. The authorized disposal capacity for a facility shall be calculated from the approved design plans for the disposal units at that facility. In no case during a five-year period shall a facility's storage capacity or treatment rate be modified to increase by more than twenty-five per cent in the aggregate without the director's approval in accordance with division (D)(2) of this section. Notwithstanding any provision of division (I) of this section to the contrary, a request for modification of a facility's annual total waste receipt limit shall be classified and approved or disapproved by the director under division (I)(5) of this section.

(c) Authority to add any of the following categories of regulated activities not previously authorized at a facility by the facility's permit: storage at a facility not previously authorized to store hazardous waste, treatment at a facility not
previously authorized to treat hazardous waste, or disposal at a
facility not previously authorized to dispose of hazardous waste;
or authority to add a category of hazardous waste management unit
not previously authorized at the facility by the facility's
permit. Notwithstanding any provision of division (I) of this
section to the contrary, a request for authority to add or to
modify an activity or a hazardous waste management unit for the
purposes of performing a corrective action shall be classified and
approved or disapproved by the director under division (I)(5) of
this section.

(d) Authority to treat, store, or dispose of waste types
listed or characterized as reactive or explosive, in rules adopted
under section 3734.12 of the Revised Code, or any acute hazardous
waste listed in 40 C.F.R. 261.33(e), as amended, at a facility not
previously authorized to treat, store, or dispose of those types
of wastes by the facility's permit unless the requested authority
is limited to wastes that no longer exhibit characteristics
meeting the criteria for listing or characterization as reactive
or explosive wastes, or for listing as acute hazardous waste, but
still are required to carry those waste codes as established in
rules adopted under section 3734.12 of the Revised Code because of
the requirements established in 40 C.F.R. 261(a) and (e), as
amended, that is, the "mixture," "derived-from," or "contained-in"
regulations.

(4) A written request for a modification from the permittee
shall be submitted to the director and shall contain such
information as is necessary to support the request. Requests for
modifications shall be acted upon by the director in accordance
with this section and rules adopted under it.

(5) Class 1 modification applications that require prior
approval of the director, as provided in division (I)(1) of this
section or as determined in accordance with rules adopted under
division (K) of this section, Class 2 modification applications, and Class 3 modification applications that are not described in divisions (I)(3)(a) to (d) of this section shall be approved or disapproved by the director in accordance with rules adopted under division (K) of this section. The board of county commissioners of the county, the board of township trustees of the township, and the city manager or mayor of the municipal corporation in which a hazardous waste facility is located shall receive notification of any application for a modification for that facility and shall be considered as interested persons with respect to the director's consideration of the application.

As used in division (I) of this section:

(a) "Owner" means the person who owns a majority or controlling interest in a facility.

(b) "Operator" means the person who is responsible for the overall operation of a facility.

The director shall approve or disapprove an application for a Class 1 modification that requires the director's approval within sixty days after receiving the request for modification. The director shall approve or disapprove an application for a Class 2 modification within three hundred days after receiving the request for modification. The director shall approve or disapprove an application for a Class 3 modification within three hundred sixty-five days after receiving the request for modification.

(6) The approval or disapproval by the director of a Class 1 modification application is not a final action that is appealable under Chapter 3745. of the Revised Code. The approval or disapproval by the director of a Class 2 modification or a Class 3 modification is a final action that is appealable under that chapter. In approving or disapproving a request for a modification, the director shall consider all comments pertaining
to the request that are received during the public comment period and the public meetings. The administrative record for appeal of a final action by the director in approving or disapproving a request for a modification shall include all comments received during the public comment period relating to the request for modification, written materials submitted at the public meetings relating to the request, and any other documents related to the director's action.

(7) Notwithstanding any other provision of law to the contrary, a change or alteration to a hazardous waste facility described in division (E)(3)(a) or (b) of section 3734.02 of the Revised Code, or its operations, is a modification for the purposes of this section. An application for a modification at such a facility shall be submitted, classified, and approved or disapproved in accordance with divisions (I)(1) to (6) of this section in the same manner as a modification to a hazardous waste facility installation and operation permit.

(J)(1) Except as provided in division (J)(2) of this section, an owner or operator of a hazardous waste facility that is operating in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit either a hazardous waste facility installation and operation permit application for the facility or a modification application, whichever is required under division (J)(1)(a) or (b) of this section, within one hundred eighty days after the director has requested the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal.

(a) If the owner or operator does not have a hazardous waste facility installation and operation permit for any hazardous waste treatment, storage, or disposal activities at the facility, the owner or operator shall submit an application for such a permit to
the director for the activities authorized by the permit by rule. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the application for the permit in accordance with the procedures governing the approval or disapproval of permit renewals under division (H) of this section.

(b) If the owner or operator has a hazardous waste facility installation and operation permit for hazardous waste treatment, storage, or disposal activities at the facility other than those authorized by the permit by rule, the owner or operator shall submit to the director a request for modification in accordance with division (I) of this section. Notwithstanding any other provision of law to the contrary, the director shall approve or disapprove the modification application in accordance with division (I)(5) of this section.

(2) The owner or operator of a boiler or industrial furnace that is conducting thermal treatment activities in accordance with a permit by rule under rules adopted by the director under division (E)(3)(b) of section 3734.02 of the Revised Code shall submit a hazardous waste facility installation and operation permit application if the owner or operator does not have such a permit for any hazardous waste treatment, storage, or disposal activities at the facility or, if the owner or operator has such a permit for hazardous waste treatment, storage, or disposal activities at the facility other than thermal treatment activities authorized by the permit by rule, a modification application to add those activities authorized by the permit by rule, whichever is applicable, within one hundred eighty days after the director has requested the submission of the application or upon a later date if the owner or operator demonstrates to the director good cause for the late submittal. The application shall be accompanied by information necessary to support the request. The director shall approve or disapprove an application for a hazardous waste
facility installation and operation permit in accordance with division (D) of this section and approve or disapprove an application for a modification in accordance with division (I)(3) of this section, except that the director shall not disapprove an application for the thermal treatment activities on the basis of the criteria set forth in division (D)(2)(g) or (h) of this section.

(3) As used in division (J) of this section:

(a) "Modification application" means a request for a modification submitted in accordance with division (I) of this section.

(b) "Thermal treatment," "boiler," and "industrial furnace" have the same meanings as in rules adopted under section 3734.12 of the Revised Code.

(K) The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code in order to implement divisions (H) and (I) of this section. Except when in actual conflict with this section, rules governing the classification of and procedures for the modification of hazardous waste facility installation and operation permits shall be substantively and procedurally identical to the regulations governing hazardous waste facility permitting and permit modifications adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended.

Sec. 3734.06. (A)(1) Except as provided in divisions (A)(2), (3), (4), and (5) of this section and in section 3734.82 of the Revised Code, the annual fee for a solid waste facility license shall be in accordance with the following schedule:

For the purpose of determining the applicable license fee under divisions (A)(1), (2), and (3) of this section, the authorized maximum daily waste receipt shall be the maximum amount of wastes the facility is authorized to receive daily that is established in the permit for the facility, and any modifications to that permit, issued under division (A)(2) or (3) of section 3734.05 of the Revised Code; the annual license for the facility, and any revisions to that license, issued under division (A)(1) of section 3734.05 of the Revised Code; the approved operating plan or operational report for which submission and approval are required by rules adopted by the director of environmental protection under section 3734.02 of the Revised Code; or an order issued by the director as authorized by rule; or the updated engineering plans, specifications, and facility and operation information approved under division (A)(4) of section 3734.05 of the Revised Code. If no authorized maximum daily waste receipt is so established, the annual license fee is sixty thousand dollars under division (A)(1) of this section and thirty thousand dollars under divisions (A)(2) and (3) of this section.

The authorized maximum daily waste receipt set forth in any such document shall be stated in terms of cubic yards of volume for the purpose of regulating the design, construction, and operation of a solid waste facility. For the purpose of determining applicable license fees under this section, the authorized maximum daily waste receipt so stated shall be converted from cubic yards to tons as the unit of measurement based upon a conversion factor of three cubic yards per ton for...
compacted wastes generally and one cubic yard per ton for baled wastes.

(2) The annual license fee for a facility that is an incinerator facility is one-half the amount shown in division (A)(1) of this section. When a municipal corporation, county, or township owns and operates more than one incinerator within its boundaries, the municipal corporation, county, or township shall pay one fee for the licenses for all of its incinerators. The fee shall be determined on the basis of the aggregate maximum daily waste receipt for all the incinerators owned and operated by the municipal corporation, county, or township in an amount that is one-half the amount shown in division (A)(1) of this section.

(4) The annual license fee for a solid waste facility, regardless of its authorized maximum daily waste receipt, is five thousand dollars for a facility meeting either of the following
qualifications:

(a) The facility is owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated.

(b) The facility exclusively disposes of wastes that are generated from the combustion of coal, or from the combustion of primarily coal in combination with scrap tires, that is not combined in any way with garbage at one or more premises owned by the generator.

(5) The annual license fee for a facility that is a transfer facility is seven hundred fifty dollars.

(6) The same fees shall apply to private operators and to the state and its political subdivisions and shall be paid within thirty days after issuance of a license. The fee includes the cost of licensing, all inspections, and other costs associated with the administration of the solid waste provisions of this chapter and rules adopted under them, excluding the provisions governing scrap tires. Each such license shall specify that it is conditioned upon payment of the applicable fee to the board of health or the director, as appropriate, within thirty days after issuance of the license.

(B) The board of health shall retain two thousand five hundred dollars of each license fee collected by the board under divisions (A)(1), (2), (3), and (4) of this section or the entire amount of any such fee that is less than two thousand five hundred dollars. The moneys retained shall be paid into a special fund, which is hereby created in each health district, and used solely to administer and enforce the solid waste provisions of this chapter and the rules adopted under them, excluding the provisions
governing scrap tires. The remainder of each license fee collected by the board shall be transmitted to the director within forty-five days after receipt of the fee. The director shall transmit these moneys to the treasurer of state to be credited to the general revenue fund. The board of health shall retain the entire amount of each fee collected under division (A)(5) of this section, which moneys shall be paid into the special fund of the health district.

(C)(1) Except as provided in divisions (C)(2) and (3) of this section, the annual fee for an infectious waste treatment facility license shall be in accordance with the following schedule:

For the purpose of determining the applicable license fee under divisions (C)(1) and (2) of this section, the maximum daily waste receipt shall be the maximum amount of infectious wastes the facility is authorized to receive daily that is established in the permit for the facility, and any modifications to that permit, issued under division (B)(2)(b) of section 3734.05 of the Revised Code; or the annual license for the facility, and any revisions to that license, issued under division (B)(2)(a) of section 3734.05 of the Revised Code. If no maximum daily waste receipt is so established, the annual license fee is sixty thousand dollars under division (C)(1) of this section and thirty thousand dollars under division (C)(2) of this section.

(2) The annual license fee for an infectious waste treatment facility that is an incinerator is one-half the amount shown in
division (C)(1) of this section.

(3) Fees levied under divisions (C)(1) and (2) of this section shall apply to private operators and to the state and its political subdivisions and shall be paid within thirty days after issuance of a license. The fee includes the cost of licensing, all inspections, and other costs associated with the administration of the infectious waste provisions of this chapter and rules adopted under them. Each such license shall specify that it is conditioned upon payment of the applicable fee to the board of health or the director, as appropriate, within thirty days after issuance of the license.

(4) The board of health shall retain two thousand five hundred dollars of each license fee collected by the board under divisions (C)(1) and (2) of this section. The moneys retained shall be paid into a special infectious waste fund, which is hereby created in each health district, and used solely to administer and enforce the infectious waste provisions of this chapter and the rules adopted under them. The remainder of each license fee collected by the board shall be transmitted to the director within forty-five days after receipt of the fee. The director shall transmit these moneys to the treasurer of state to be credited to the general revenue fund.

Sec. 3734.15. (A) No person shall transport hazardous waste anywhere in this state unless the person has first registered filed an annual registration statement with, and obtained a uniform permit from the public utilities commission paid an annual registration fee to, the United States department of transportation in accordance with Chapter 4921. of the Revised Code 49 C.F.R. 107.601 to 107.620.

For the purposes of this section, "registered transporter" means any person who is registered has filed an annual
registration statement with and has received a uniform permit from
the public utilities commission pursuant to Chapter 4921. of the
Revised Code, and paid an annual registration fee to, the United
States department of transportation in accordance with 49 C.F.R.
107.601 to 107.620.

(B) A registered transporter of hazardous waste shall be
responsible for the safe delivery of any hazardous waste that the
registered transporter transports from such time as the registered transporter obtains the waste until the registered transporter
delivers it to a treatment, storage, or disposal facility
specified in division (F) of section 3734.02 of the Revised Code,
as recorded on the manifest required in division (B) of section
3734.12 of the Revised Code. Any registered transporter who
violates this chapter or any rule adopted under the chapter while
transporting hazardous waste shall be liable for any damage or
injury caused by the violation and for the costs of rectifying the
violation and conditions caused by the violation.

(C) No person who generates hazardous waste shall cause the

transport the hazardous waste, the generator of the waste, the
transporter, and any person who accepts the waste for treatment,
storage, or disposal shall be jointly and severally liable for any
damage or injury caused by the handling of the waste and for the
costs of rectifying their violation and conditions caused by their
violation.
Sec. 3734.57. (A) The following fees are hereby levied on the transfer or disposal of solid wastes in this state:

(1) Ninety cents per ton through June 30, 2018, twenty cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste facility management fund created in section 3734.18 of the Revised Code and seventy cents of the proceeds of which shall be deposited in the state treasury to the credit of the hazardous waste clean-up fund created in section 3734.28 of the Revised Code;

(2) An additional seventy-five cents per ton through June 30, 2018, the proceeds of which shall be deposited in the state treasury to the credit of the waste management fund created in section 3734.061 of the Revised Code.

(3) An additional two dollars and eighty-five cents per ton through June 30, 2018, the proceeds of which shall be deposited in the state treasury to the credit of the environmental protection fund created in section 3745.015 of the Revised Code;

(4) An additional twenty-five cents per ton through June 30, 2018, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division.
transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one
per cent of the total amount of the fees that are required to be paid as indicated on the return.

The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs
resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who
subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of any provision in a contract that the customer or a political subdivision may have with the owner or operator or with a transporter of waste to the facility that would not require or allow such payment regardless of whether the contract was entered prior to or after October 16, 2009. For those purposes, "customer" means a person who contracts with, or utilizes the solid waste services of, the owner or operator of a solid waste transfer or disposal facility or a transporter of solid waste to such a facility.

(B) For the purposes specified in division (G) of this section, the solid waste management policy committee of a county or joint solid waste management district may levy fees upon the following activities:

(1) The disposal at a solid waste disposal facility located in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of the district, but inside this state;

(3) The disposal at a solid waste disposal facility within the district of solid wastes generated outside the boundaries of this state.

The solid waste management plan of the county or joint district approved under section 3734.521 or 3734.55 of the Revised Code and any amendments to it, or the resolution adopted under this division, as appropriate, shall establish the rates of the fees levied under divisions (B)(1), (2), and (3) of this section, if any, and shall specify whether the fees are levied on the basis of tons or cubic yards as the unit of measurement. A solid waste management district that levies fees under this division on the
basis of cubic yards shall do so in accordance with division (A) of this section.

The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at
least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to
be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the
fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or
amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required
to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.

(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or
resolution levying the fees under this division, may direct that
the fees be levied on the basis of cubic yards as the unit of
measurement based upon a conversion factor of three cubic yards
per ton generally or one cubic yard per ton for baled wastes.

Not later than five days after enacting an ordinance or
adopting a resolution under this division, the legislative
authority shall so notify by certified mail the owner or operator
of each solid waste disposal facility that is required to collect
the fee. Collection of any fee levied on or after March 24, 1992,
shall commence on the first day of the second month following the
month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of
this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of
the wastes when the solid waste facility exclusively disposes of
solid wastes generated at one or more premises owned by the
generator regardless of whether the facility is located on a
premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the
combustion of primarily coal, regardless of whether the disposal
facility is located on the premises where the wastes are
generated;

(c) Are asbestos or asbestos-containing materials or products
disposed of at a construction and demolition debris facility that
is licensed under Chapter 3714. of the Revised Code or at a solid
waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised
Code, any fees levied under division (B)(1) of this section apply
to solid wastes originating outside the boundaries of a county or
joint district that are covered by an agreement for the joint use
of solid waste facilities entered into under section 343.02 of the
Revised Code by the board of county commissioners or board of
directors of the county or joint district where the wastes are
generated and disposed of.

(3) When solid wastes, other than solid wastes that consist
of scrap tires, are burned in a disposal facility that is an
incinerator or energy recovery facility, the fees levied under
divisions (A), (B), and (C) of this section shall be levied upon
the disposal of the fly ash and bottom ash remaining after burning
of the solid wastes and shall be collected by the owner or
operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer
facility, the fees levied under divisions (B) and (C) of this
section shall be levied upon the disposal of solid wastes
transported off the premises of the transfer facility for disposal
and shall be collected by the owner or operator of the solid waste
disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this
section do not apply to sewage sludge that is generated by a waste
water treatment facility holding a national pollutant discharge
elimination system permit and that is disposed of through
incineration, land application, or composting or at another
resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this
section do not apply to solid wastes delivered to a solid waste
composting facility for processing. When any unprocessed solid
waste or compost product is transported off the premises of a
composting facility and disposed of at a landfill, the fees levied
under divisions (A), (B), and (C) of this section shall be
collected by the owner or operator of the landfill where the
unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are
processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district’s approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a
trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint
district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the
district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;
(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and
Sec. 3734.576. (A) As used in this section:

(1) "Recycling" means the process of collecting, sorting, cleansing, treating, and reconstituting waste or other discarded materials for the purpose of recovering and reusing the materials.

(2) "Automotive shredder residue" means the nonrecyclable residue that is generated as a direct result of processing automobiles, appliances, sheet steel, and other ferrous and nonferrous scrap metals through a hammermill shredder for purposes of recycling and that meets all of the following requirements:

(a) The residue is solid waste.

(b) The residue is not hazardous waste.

(c) The residue created during the recycling process comprises not more than thirty-five per cent of the total weight of material that is processed for recycling.

(d) The residue is generated by processing recycled materials that are to be sold, used, or reused within ninety days of the time when the material is processed.

(B) Automotive shredder residue is not solid waste as defined in section 3734.01 of the Revised Code and is exempt from solid waste fees otherwise applicable under sections 3734.57 and 3734.573 of the Revised Code if both of the following apply:

(1) The automotive shredder residue conforms to specifications that result in a residue of a uniform consistency resembling dirt or mulch;

(2) The particulate pieces that make up the residue do not exceed three inches in diameter.

(C) Automotive shredder residue that does not comply with division (B) of this section is solid waste as defined in section 3734.01 of the Revised Code.
3734.01 of the Revised Code and is not exempt from solid waste fees applicable under sections 3734.57 and 3734.573 of the Revised Code.

(D) Automotive shredder residue that complies with division (B) of this section may be used as daily cover, as defined in rules adopted under Chapter 3745. of the Revised Code, if the residue provides protection comparable to six inches of soil.

(E)(1) The solid waste management policy committee of a solid waste management district that is levying a solid waste generation fee under section 3734.573 of the Revised Code may adopt a resolution exempting automotive shredder residue that does not comply with division (B) of this section from that fee without the necessity for ratification of the resolution or may include the exemption in an amended solid waste management plan of the district adopted under section 3734.56 of the Revised Code at the time when adoption of an amended plan is required. Not later than seven days after the adoption of such a resolution or the approval of an amended plan, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility or transfer facility that is required to collect generation fees on behalf of the district of the exemption. The exemption shall take effect on the first day of the first month following the month in which notification is sent to each disposal facility and transfer facility, as applicable.

The policy committee of a solid waste management district may establish procedures and requirements, including record-keeping procedures and requirements, that are necessary for the administration and enforcement of an exemption established under division (B)(E)(1) of this section.

(2) If the policy committee of a solid waste management district has adopted a resolution under division (B)(E)(1) of this section and the committee seeks to continue exempting automotive

(3) Twenty-five dollars per ton on the total actual emissions of each such regulated pollutant in calendar year 1995, and each subsequent calendar year, to be collected no sooner than the fifteenth day of April of the year next succeeding the calendar year in which the emissions occurred.

The fees levied under this division do not apply to that portion of the emissions of a regulated pollutant at a facility that exceed four thousand tons during a calendar year.

(C)(1) The fees assessed under division (B) of this section are for the purpose of providing funding for the Title V permit program.

(2) The fees assessed under division (B) of this section do not apply to emissions from any electric generating unit designated as a Phase I unit under Title IV of the federal Clean Air Act prior to calendar year 2000. Those fees shall be assessed on the emissions from such a generating unit commencing in calendar year 2001 based upon the total actual emissions from the generating unit during calendar year 2000 and shall continue to be assessed each subsequent calendar year based on the total actual emissions from the generating unit during the preceding calendar year.

(3) The director shall issue invoices to owners or operators of air contaminant sources who are required to pay a fee assessed under division (B) or (D) of this section. Any such invoice shall be issued no sooner than the applicable date when the fee first may be collected in a year under the applicable division, shall identify the nature and amount of the fee assessed, and shall
indicate that the fee is required to be paid within thirty days after the issuance of the invoice.

(D)(1) Except as provided in division (D)(3) of this section, from January 1, 1994, through December 31, 2003, each person who owns or operates an air contaminant source; who is required to apply for a permit to operate pursuant to rules adopted under division (G), or a variance pursuant to division (H), of section 3704.03 of the Revised Code; and who is not required to apply for and obtain a Title V permit under section 3704.036 of the Revised Code shall pay a single fee based upon the sum of the actual annual emissions from the facility of the regulated pollutants particulate matter, sulfur dioxide, nitrogen oxides, organic compounds, and lead in accordance with the following schedule:

(3)(a) As used in division (D) of this section, "synthetic minor facility" means a facility for which one or more permits to install or permits to operate have been issued for the air contaminant sources at the facility that include terms and conditions that lower the facility's potential to emit air contaminants below the major source thresholds established in rules adopted under section 3704.036 of the Revised Code.

(b) Beginning January 1, 2000, through June 30, 2020, each person who owns or operates a synthetic minor facility shall pay an annual fee based on the sum of the actual annual emissions from the facility of particulate matter, sulfur dioxide, nitrogen dioxide, organic compounds, and lead in accordance with the following schedule:

(4) The fees assessed under division (D)(1) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 1995. The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.

(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the
twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

(1) Fuel-burning equipment (boilers, furnaces, or process heaters used in the process of burning fuel for the primary purpose of producing heat or power by indirect heat transfer)

A combustion turbine or stationary internal combustion engine designed to generate electricity shall be assessed a fee established in division (F)(2) of this section.

(b) Notwithstanding division (F)(4)(a) of this section, any person issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code shall pay the fees set forth in division (F)(4)(c) of this section for a process used in any of the following industries, as identified by the applicable two-digit, three-digit, or four-digit standard industrial classification code according to the Standard.

division (W) of section 3704.03 of the Revised Code. This division 
only applies to sources for which actual construction of the 
source begins on or after July 1, 1993. The imposition or payment

section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source" 
means the initiation of physical on-site construction activities 
in connection with improvements to the source that are permanent 
in nature, including, without limitation, the installation of 
building supports and foundations and the laying of underground 
pipework.

(K)(1) Money received under division (B) of this section
shall be deposited in the state treasury to the credit of the Title V clean air fund created in section 3704.035 of the Revised Code. Annually, \textit{not more than} fifty cents per ton of each fee assessed under division (B) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division \textit{shall} may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

(2) Money received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the non-Title V clean air fund created in section 3704.035 of the Revised Code.

(ii) A sewage sludge facility that treats or disposes of exceptional quality sludge shall not be required to pay the annual sludge fee for treatment or disposal in this state of exceptional quality sludge generated outside of this state and contained in bags or other containers not greater than one hundred pounds in capacity.

A thirty-five per cent reduction for exceptional quality sludge applies to the maximum annual fees established under division (Y)(3) of this section.

(c) A sewage sludge facility that transfers sewage sludge to another sewage sludge facility in this state for further treatment prior to disposal in this state shall not be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred. In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a)
of this section.

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;
(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;
(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has
found the objections to be valid and the reasons for the finding. If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The moneys shall be used to defray the costs of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and
accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. The issuance of an order under this division is not an act or action for purposes of section 3745.04 of the Revised Code.

The owner or operator may withhold from the copy of the explanations and supplemental information submitted to the director information identified as confidential business information in rules adopted under division (A)(1)(g) of section 3751.02 of the Revised Code.

determined to be trade secret information or the explanations and
supplemental information supporting trade secret protection claims
regarding facilities located in this state that are subject to
this chapter. The governor shall not make any trade secret or
confidential information obtained under this division available to
any member of the emergency planning commission created in section
3750.02 of the Revised Code or to any member of a local emergency
planning committee of an emergency planning district established
under section 3750.03 of the Revised Code who is not also an

(2) The owner or operator of a facility that is subject to section 3751.03 of the Revised Code shall provide a copy of a toxic chemical release form that contains the specific chemical identity of a toxic chemical, if the specific chemical identity is known, to any treating physician or nurse who requests that information if the physician or nurse determines that all of the following conditions pertain to the request:

(b) The specific chemical identity of the chemical concerned is necessary for or will assist in emergency or first aid diagnosis or treatment;

(c) The individual being diagnosed or treated has been exposed to the chemical concerned.

The owner or operator shall provide the requested information to the physician or nurse immediately upon receiving such a request. The owner or operator shall not require any such treating physician or nurse to provide a written confidentiality agreement or statement of need as a precondition for disclosure of a specific chemical identity under this division; however, the owner or operator may require the treating physician or nurse to provide a written confidentiality agreement under division (D)(4) of this section and a statement setting forth the conditions listed in divisions (D)(2)(a) to (c) of this section as soon after the disclosure is made as circumstances permit.

health effect.

(4) Any person who obtains information under division (D)(1)
or (3) of this section shall, as a precondition for receiving that
information, enter into a written confidentiality agreement with
the owner or operator of the facility from whom the information
was requested that the person will not use the information for any
purpose other than the health needs asserted in the statement of
need provided thereunder, except as otherwise may be authorized by
the terms of the agreement or by the person providing the
information.

(E) An officer or employee of the environmental protection
agency shall not request the owner or operator of a facility
subject to this chapter to submit to the officer or employee a
trade secret claim, toxic chemical release form required by
section 3751.03 of the Revised Code, substantiation of a trade

information claimed or determined to be a trade secret pursuant to
rules adopted under division (A)(2) of section 3751.02 of the
Revised Code or identified as confidential business information by
rules adopted under division (A)(1)(g) of that section EPCRA. If
any officer or employee of the agency knows or has reason to
believe that a trade secret claim, toxic chemical release form,
substantiation, or explanation or supporting information
pertaining to a trade secret claim contains any such information,
the officer or employee immediately shall return it to the owner
or operator of the facility who submitted it without reading it
and shall request the owner or operator to submit the appropriate
report or substantiation that does not contain the information
claimed or determined to be a trade secret or so identified as
confidential business information.

(F) No officer or employee of the environmental protection

"Emergency Planning and Community Right To Know Act of 1986," 100 Stat. 1729, 42 U.S.C.A. 11002, needed to fulfill a request for information regarding releases of toxic chemicals for which reporting is required by this chapter and rules adopted under it.

(D) All moneys received by the director under this section and all civil penalties received under division (B) of section 3751.10 of the Revised Code shall be credited to the toxic chemical release reporting fund, hereby created in the state treasury. Moneys credited to the fund shall be expended by the director exclusively for the purposes of implementing, administering, and enforcing this chapter and the rules adopted and orders issued under it.

Sec. 3751.10. (A) The attorney general, the prosecuting attorney of the county, or the city director of law of the city where a violation has occurred or is occurring, upon the written request of the director of environmental protection, shall prosecute to termination or bring an action for injunction against any person who has violated or is violating any section of this chapter or any rule adopted or order issued under it. The court of common pleas in which an action for injunction is filed has the jurisdiction to and shall grant preliminary and permanent injunctive relief upon a showing that the person against whom the action is brought has violated or is violating any section of this chapter or a rule adopted or order issued under it. The court shall give precedence to such an action over all other cases.

Upon the certified written request of any person, the director shall conduct such investigations and make such inquiries as are necessary to secure compliance with this chapter or rules adopted or orders issued under it. The director may, upon request or upon his own initiative, investigate or make inquiries into any violation of this chapter or rules adopted or

The attorney general, the prosecuting attorney of the county, or the city director of law of the city where a violation of this chapter or a rule adopted or order issued under it has occurred or is occurring, upon the written request of the director, shall bring an action for imposition of a civil penalty under this division against any person who has committed or is committing any such violation. All civil penalties received under this division shall be credited to the toxic chemical release reporting fund created in section 3751.05 of the Revised Code.

(C) Any action for injunction or civil penalties under division (A) or (B) of this section is a civil action governed by the Rules of Civil Procedure.

(2) If the governor directs the director to do so, the director shall enter into an agreement with other lottery jurisdictions to conduct statewide joint lottery games. If the governor signs the agreement personally or by means of an authenticating officer pursuant to section 107.15 of the Revised Code, the director then may conduct statewide joint lottery games under the agreement.

Nothing in this chapter shall restrict the authority of the commission to promulgate rules related to the operation of games utilizing video lottery terminals as described in section 3770.21 of the Revised Code. The rules shall be promulgated pursuant to Chapter 119. of the Revised Code, except that instant game rules shall be promulgated pursuant to section 111.15 of the Revised Code but are not subject to division (D) of that section. Subjects covered in these rules shall include, but need not be limited to, the following:

(1) The locations at which lottery tickets may be sold and the manner in which they are to be sold. These rules may authorize the sale of lottery tickets by commission personnel or other licensed individuals from traveling show wagons at the state fair, and at any other expositions the director of the commission considers acceptable. These rules shall prohibit commission personnel or other licensed individuals from soliciting from an exposition the right to sell lottery tickets at that exposition, but shall allow commission personnel or other licensed individuals...

These rules may also address the accessibility of sales agent locations to commission products in accordance with the "Americans with Disabilities Act of 1990," 104 Stat. 327, 42 U.S.C.A. 12101 et seq. (4) The substantive criteria for the licensing of lottery sales agents consistent with section 3770.05 of the Revised Code, and procedures for revoking or suspending their licenses consistent with Chapter 119. of the Revised Code. If circumstances, such as the nonpayment of funds owed by a lottery sales agent, or other circumstances related to the public safety, convenience, or trust, require immediate action, the director may suspend a license without affording an opportunity for a prior hearing under section 119.07 of the Revised Code.

Prior to a notification of a complainant under division (B)(4) of this section or prior to the commencement of informal methods of conference, conciliation, and persuasion, or
alternative dispute resolution, under that division, the members of the commission and the officers and employees of the commission shall not make public in any manner and shall retain as confidential all information that was obtained as a result of or that otherwise pertains to a preliminary investigation other than one described in division (B)(3) of this section.

(3)(a) Unless it is impracticable to do so and subject to its authority under division (B)(3)(d) of this section, the commission shall complete a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, and shall take one of the following actions, within one hundred days after the filing of the charge:

(i) Notify the complainant and the respondent that it is not probable that an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code has been or is being engaged in and that the commission will not issue a complaint in the matter;

(ii) Initiate a complaint and schedule it for informal methods of conference, conciliation, and persuasion, or alternative dispute resolution;

(iii) Initiate a complaint and refer it to the attorney general with a recommendation to seek a temporary or permanent injunction or a temporary restraining order. If this action is taken, the attorney general shall apply, as expeditiously as possible after receipt of the complaint, to the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred for the appropriate injunction or order, and the court shall hear and determine the application as expeditiously as possible.
(b) If it is not practicable to comply with the requirements of division (B)(3)(a) of this section within the one-hundred-day period described in that division, the commission shall notify the complainant and the respondent in writing of the reasons for the noncompliance.

(c) Prior to the issuance of a complaint under division (B)(3)(a)(ii) or (iii) of this section or prior to a notification of the complainant and the respondent under division (B)(3)(a)(i) of this section, the members of the commission and the officers and employees of the commission shall not make public in any manner and shall retain as confidential all information that was obtained as a result of or that otherwise pertains to a preliminary investigation of a charge filed pursuant to division (B)(1) of this section that alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code.

(d) Notwithstanding the types of action described in divisions (B)(3)(a)(ii) and (iii) of this section, prior to the issuance of a complaint or the referral of a complaint to the attorney general and prior to endeavoring to eliminate an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code by informal methods of conference, conciliation, and persuasion, or by alternative dispute resolution, the commission may seek a temporary or permanent injunction or a temporary restraining order in the court of common pleas of the county in which the unlawful discriminatory practice allegedly occurred.

(4) If the commission determines after a preliminary investigation other than one described in division (B)(3) of this section that it is not probable that an unlawful discriminatory practice has been or is being engaged in, it shall notify any complainant under division (B)(1) of this section that it has so determined.
determined and that it will not issue a complaint in the matter.

If the commission determines after a preliminary investigation
other than the one described in division (B)(3) of this section
that it is probable that an unlawful discriminatory practice has
been or is being engaged in, it shall endeavor to eliminate the
practice by informal methods of conference, conciliation, and
persuasion, or by alternative dispute resolution.

(5) Nothing said or done during informal methods of
conference, conciliation, and persuasion, or during alternative
dispute resolution, under this section shall be disclosed by any
member of the commission or its staff or be used as evidence in
any subsequent hearing or other proceeding. If, after a
preliminary investigation and the use of informal methods of
conference, conciliation, and persuasion, or alternative dispute
resolution, under this section, the commission is satisfied that
any unlawful discriminatory practice will be eliminated, it may
treat the charge involved as being conciliated and enter that
disposition on the records of the commission. If the commission
fails to effect the elimination of an unlawful discriminatory
practice by informal methods of conference, conciliation, and
persuasion, or by alternative dispute resolution under this
section and to obtain voluntary compliance with this chapter, the
commission shall issue and cause to be served upon any person,
including the respondent against whom a complainant has filed a
charge pursuant to division (B)(1) of this section, a complaint
stating the charges involved and containing a notice of an
opportunity for a hearing before the commission, a member of the
commission, or a hearing examiner at a place that is stated in the
notice and that is located within the county in which the alleged
unlawful discriminatory practice has occurred or is occurring or
in which the respondent resides or transacts business. The hearing
shall be held not less than thirty days after the service of the
complaint upon the complainant, the aggrieved persons other than
the complainant on whose behalf the complaint is issued, and the respondent, unless the complainant, an aggrieved person, or the respondent elects to proceed under division (A)(2) of section 4112.051 of the Revised Code when that division is applicable. If a complaint pertains to an alleged unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, the complaint shall notify the complainant, an aggrieved person, and the respondent of the right of the complainant, an aggrieved person, or the respondent to elect to proceed with the administrative hearing process under this section or to proceed under division (A)(2) of section 4112.051 of the Revised Code.

(6) The attorney general shall represent the commission at any hearing held pursuant to division (B)(5) of this section and shall present the evidence in support of the complaint.

(7) Any complaint issued pursuant to division (B)(5) of this section after the filing of a charge under division (B)(1) of this section shall be so issued within one year after the complainant filed the charge with respect to an alleged unlawful discriminatory practice.

(C)(1) Any complaint issued pursuant to division (B) of this section may be amended by the commission, a member of the commission, or the hearing examiner conducting a hearing under division (B) of this section.

(a) Except as provided in division (C)(1)(b) of this section, a complaint issued pursuant to division (B) of this section may be amended at any time prior to or during the hearing.

(b) If a complaint issued pursuant to division (B) of this section alleges an unlawful discriminatory practice described in division (H) of section 4112.02 of the Revised Code, the complaint may be amended at any time up to seven days prior to the hearing.
(2) The respondent has the right to file an answer or an amended answer to the original and amended complaints and to appear at the hearing in person, by attorney, or otherwise to examine and cross-examine witnesses.

(D) The complainant shall be a party to a hearing under division (B) of this section, and any person who is an indispensable party to a complete determination or settlement of a question involved in the hearing shall be joined. Any aggrieved person who has or claims an interest in the subject of the hearing and in obtaining or preventing relief against the unlawful discriminatory practices complained of shall be permitted to appear only for the presentation of oral or written arguments, to present evidence, perform direct and cross-examination, and be represented by counsel. The commission shall adopt rules, in accordance with Chapter 119. of the Revised Code governing the authority granted under this division.

(E) In any hearing under division (B) of this section, the commission, a member of the commission, or the hearing examiner shall not be bound by the Rules of Evidence but, in ascertaining the practices followed by the respondent, shall take into account all reliable, probative, and substantial statistical or other evidence produced at the hearing that may tend to prove the existence of a predetermined pattern of employment or membership, provided that nothing contained in this section shall be construed to authorize or require any person to observe the proportion that persons of any race, color, religion, sex, military status, familial status, national origin, disability, age, or ancestry bear to the total population or in accordance with any criterion other than the individual qualifications of the applicant.

(F) The testimony taken at a hearing under division (B) of this section shall be under oath and shall be reduced to writing.
and filed with the commission. Thereafter, in its discretion, the
commission, upon the service of a notice upon the complainant and
the respondent that indicates an opportunity to be present, may
take further testimony or hear argument.

(G)(1)(a) If, upon all reliable, probative, and substantial
evidence presented at a hearing under division (B) of this
section, the commission determines that the respondent has engaged
in, or is engaging in, any unlawful discriminatory practice,
whether against the complainant or others, the commission shall
state its findings of fact and conclusions of law and shall issue
and, subject to the provisions of Chapter 119. of the Revised
Code, cause to be served on the respondent an order requiring the
respondent to do all of the following:

(i) Cease and desist from the unlawful discriminatory
practice;

(ii) Take any further affirmative or other action that will
effectuate the purposes of this chapter, including, but not
limited to, hiring, reinstatement, or upgrading of employees with
or without back pay, or admission or restoration to union
membership;

(iii) Report to the commission the manner of compliance.

If the commission directs payment of back pay, it shall make
allowance for interim earnings.

(b) If the commission finds a violation of division (H) of
section 4112.02 of the Revised Code, in addition to the action
described in division (G)(1)(a) of this section, the commission
additionally may require the respondent to undergo remediation
in the form of a class, seminar, or any other type of
remediation approved by the commission, may require the respondent
to pay actual damages and reasonable attorney's fees,
and may, to vindicate the public interest, assess a civil penalty
against the respondent as follows:

   (i) If division (G)(1)(b)(ii) or (iii) of this section does not apply, a civil penalty in an amount not to exceed ten thousand dollars;

   (ii) If division (G)(1)(b)(iii) of this section does not apply and if the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed one violation of division (H) of section 4112.02 of the Revised Code during the five-year period immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, a civil penalty in an amount not to exceed twenty-five thousand dollars;

   (iii) If the respondent has been determined by a final order of the commission or by a final judgment of a court to have committed two or more violations of division (H) of section 4112.02 of the Revised Code during the seven-year period immediately preceding the date on which a complaint was issued pursuant to division (B) of this section, a civil penalty damages in an amount not to exceed fifty thousand dollars.

   (2) Upon the submission of reports of compliance, the commission may issue a declaratory order stating that the respondent has ceased to engage in particular unlawful discriminatory practices.

   (H) If the commission finds that no probable cause exists for crediting charges of unlawful discriminatory practices or if, upon all the evidence presented at a hearing under division (B) of this section on a charge, the commission finds that a respondent has not engaged in any unlawful discriminatory practice against the complainant or others, it shall state its findings of fact and shall issue and cause to be served on the complainant an order dismissing the complaint as to the respondent. A copy of the order
shall be delivered in all cases to the attorney general and any
other public officers whom the commission considers proper.

If, upon all the evidence presented at a hearing under
division (B) of this section on a charge, the commission finds
that a respondent has not engaged in any unlawful discriminatory
practice against the complainant or others, it may award to the
respondent reasonable attorney's fees to the extent provided in 5
U.S.C. 504 and accompanying regulations.

(I) Until the time period for appeal set forth in division
(H) of section 4112.06 of the Revised Code expires, the
commission, subject to the provisions of Chapter 119. of the
Revised Code, at any time, upon reasonable notice, and in the
manner it considers proper, may modify or set aside, in whole or
in part, any finding or order made by it under this section.

Sec. 4141.29. Each eligible individual shall receive benefits
as compensation for loss of remuneration due to involuntary total
or partial unemployment in the amounts and subject to the
conditions stipulated in this chapter.

(A) No individual is entitled to a waiting period or benefits
for any week unless the individual:

(1) Has filed a valid application for determination of
benefit rights in accordance with section 4141.28 of the Revised
Code;

(2) Has made a claim for benefits in accordance with section
4141.28 of the Revised Code;

(3)(a) Has registered for work and thereafter continues to
report to an employment office or other registration place
maintained or designated by the director of job and family
services. Registration shall be made in accordance with the time
limits, frequency, and manner prescribed by the director.
(b) For purposes of division (A)(3) of this section, an individual has "registered" upon doing any of the following:

(i) Filing an application for benefit rights;
(ii) Making a weekly claim for benefits;
(iii) Reopening an existing claim following a period of employment or nonreporting.

(c) After an applicant is registered, that registration continues for a period of three calendar weeks, including the week during which the applicant registered. However, an individual is not registered for purposes of division (A)(3) of this section during any period in which the individual fails to report, as instructed by the director, or fails to reopen an existing claim following a period of employment.

(d) The director may, for good cause, extend the period of registration.

(e) For purposes of this section, "report" means contact by phone, access electronically, or be present for an in-person appointment, as designated by the director.

(4)(a)(i) Is able to work and available for suitable work and, except as provided in division (A)(4)(a)(ii) or (iii) of this section, is actively seeking suitable work either in a locality in which the individual has earned wages subject to this chapter during the individual's base period, or if the individual leaves that locality, then in a locality where suitable work normally is performed.

(ii) The director may waive the requirement that a claimant be actively seeking work when the director finds that the individual has been laid off and the employer who laid the individual off has notified the director within ten days after the layoff, that work is expected to be available for the individual.
within a specified number of days not to exceed forty-five calendar days following the last day the individual worked. In the event the individual is not recalled within the specified period, this waiver shall cease to be operative with respect to that layoff.

(iii) The director may waive the requirement that a claimant be actively seeking work if the director determines that the individual has been laid off and the employer who laid the individual off has notified the director in accordance with division (C) of section 4141.28 of the Revised Code that the employer has closed the employer's entire plant or part of the employer's plant for a purpose other than inventory or vacation that will cause unemployment for a definite period not exceeding twenty-six weeks beginning on the date the employer notifies the director, for the period of the specific shutdown, if all of the following apply:

(I) The employer and the individuals affected by the layoff who are claiming benefits under this chapter jointly request the exemption.

(II) The employer provides that the affected individuals shall return to work for the employer within twenty-six weeks after the date the employer notifies the director.

(III) The director determines that the waiver of the active search for work requirement will promote productivity and economic stability within the state.

(iv) Division (A)(4)(a)(iii) of this section does not exempt an individual from meeting the other requirements specified in division (A)(4)(a)(i) of this section to be able to work and otherwise fully be available for work. An exemption granted under division (A)(4)(a)(iii) of this section may be granted only with respect to a specific plant closing.
(b)(i) The individual shall be instructed as to the efforts that the individual must make in the search for suitable work, including that, within six months after October 11, 2013, the individual shall register with the OhioMeansJobs web site, except in any of the following circumstances:

(I) The individual is an individual described in division (A)(4)(b)(iii) of this section;

(II) Where the active search for work requirement has been waived under division (A)(4)(a) of this section;

(III) Where the active search for work requirement is considered to be met under division (A)(4)(c), (d), or (e) of this section.

(ii) An individual who is registered with the OhioMeansJobs web site shall receive a weekly listing of available jobs based on information provided by the individual at the time of registration. For each week that the individual claims benefits, the individual shall keep a record of the individual's work search efforts and shall produce that record in the manner and means prescribed by the director.

(iii) No individual shall be required to register with the OhioMeansJobs web site if the individual is legally prohibited from using a computer, has a physical or visual impairment that makes the individual unable to use a computer, or has a limited ability to read, write, speak, or understand a language in which the OhioMeansJobs web site is available.

(iv) As used in division (A)(4)(b) of this section:

(I) "OhioMeansJobs web site" means the electronic job placement system operated by the state has the same meaning as in section 6301.01 of the Revised Code.

(II) "Registration" includes the creation, electronic
posting, and maintenance of an active, searchable resume.

(c) An individual who is attending a training course approved by the director meets the requirement of this division, if attendance was recommended by the director and the individual is regularly attending the course and is making satisfactory progress. An individual also meets the requirements of this division if the individual is participating and advancing in a training program, as defined in division (P) of section 5709.61 of the Revised Code, and if an enterprise, defined in division (B) of section 5709.61 of the Revised Code, is paying all or part of the cost of the individual's participation in the training program with the intention of hiring the individual for employment as a new employee, as defined in division (L) of section 5709.61 of the Revised Code, for at least ninety days after the individual's completion of the training program.

(d) An individual who becomes unemployed while attending a regularly established school and whose base period qualifying weeks were earned in whole or in part while attending that school, meets the availability and active search for work requirements of division (A)(4)(a) of this section if the individual regularly attends the school during weeks with respect to which the individual claims unemployment benefits and makes self available on any shift of hours for suitable employment with the individual's most recent employer or any other employer in the individual's base period, or for any other suitable employment to which the individual is directed, under this chapter.

(e) An individual who is a member in good standing with a labor organization that refers individuals to jobs meets the active search for work requirement specified in division (A)(4)(a) of this section if the individual provides documentation that the individual is eligible for a referral or placement upon request and in a manner prescribed by the director.
(f) Notwithstanding any other provisions of this section, no otherwise eligible individual shall be denied benefits for any week because the individual is in training approved under section 236(a)(1) of the "Trade Act of 1974," 88 Stat. 1978, 19 U.S.C.A. 2296, nor shall that individual be denied benefits by reason of leaving work to enter such training, provided the work left is not suitable employment, or because of the application to any week in training of provisions in this chapter, or any applicable federal unemployment compensation law, relating to availability for work, active search for work, or refusal to accept work.

For the purposes of division (A)(4)(f) of this section, "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for the purposes of the "Trade Act of 1974," 88 Stat. 1978, 19 U.S.C.A. 2101, and wages for such work at not less than eighty per cent of the individual's average weekly wage as determined for the purposes of that federal act.

(5) Is unable to obtain suitable work. An individual who is provided temporary work assignments by the individual's employer under agreed terms and conditions of employment, and who is required pursuant to those terms and conditions to inquire with the individual's employer for available work assignments upon the conclusion of each work assignment, is not considered unable to obtain suitable employment if suitable work assignments are available with the employer but the individual fails to contact the employer to inquire about work assignments.

(6) Participates in reemployment services, such as job search assistance services, if the individual has been determined to be likely to exhaust benefits under this chapter, including compensation payable pursuant to 5 U.S.C.A. Chapter 85, other than extended compensation, and needs reemployment services pursuant to
the profiling system established by the director under division (K) of this section, unless the director determines that:

(a) The individual has completed such services; or

(b) There is justifiable cause for the claimant's failure to participate in such services.

Ineligibility for failure to participate in reemployment services as described in division (A)(6) of this section shall be for the week or weeks in which the claimant was scheduled and failed to participate without justifiable cause.

(7) Participates in the reemployment and eligibility assessment program, or other reemployment services, as required by the director. As used in division (A)(7) of this section, "reemployment services" includes job search assistance activities, skills assessments, and the provision of labor market statistics or analysis.

(a) For purposes of division (A)(7) of this section, participation is required unless the director determines that either of the following circumstances applies to the individual:

(i) The individual has completed similar services.

(ii) Justifiable cause exists for the failure of the individual to participate in those services.

(b) Within six months after October 11, 2013, notwithstanding any earlier contact an individual may have had with a local one-stop county office OhioMeansJobs center, including as defined in section 6301.08 of the Revised Code, beginning with the eighth week after the week during which an individual first files a valid application for determination of benefit rights in the individual's benefit year, the individual shall report to a local one-stop county office OhioMeansJobs center for reemployment services in the manner prescribed by the
director.

(c) An individual whose active search for work requirement has been waived under division (A)(4)(a) of this section or is considered to be satisfied under division (A)(4)(c), (d), or (e) of this section is exempt from the requirements of division (A)(7) of this section.

(B) An individual suffering total or partial unemployment is eligible for benefits for unemployment occurring subsequent to a waiting period of one week and no benefits shall be payable during this required waiting period. Not more than one week of waiting period shall be required of any individual in any benefit year in order to establish the individual's eligibility for total or partial unemployment benefits.

(C) The waiting period for total or partial unemployment shall commence on the first day of the first week with respect to which the individual first files a claim for benefits at an employment office or other place of registration maintained or designated by the director or on the first day of the first week with respect to which the individual has otherwise filed a claim for benefits in accordance with the rules of the department of job and family services, provided such claim is allowed by the director.

(D) Notwithstanding division (A) of this section, no individual may serve a waiting period or be paid benefits under the following conditions:

(1) For any week with respect to which the director finds that:

(a) The individual's unemployment was due to a labor dispute other than a lockout at any factory, establishment, or other premises located in this or any other state and owned or operated by the employer by which the individual is or was last employed;
and for so long as the individual's unemployment is due to such
labor dispute. No individual shall be disqualified under this
provision if either of the following applies:

(i) The individual's employment was with such employer at any
factory, establishment, or premises located in this state, owned
or operated by such employer, other than the factory,
establishment, or premises at which the labor dispute exists, if
it is shown that the individual is not financing, participating
in, or directly interested in such labor dispute;

(ii) The individual's employment was with an employer not
involved in the labor dispute but whose place of business was
located within the same premises as the employer engaged in the
dispute, unless the individual's employer is a wholly owned
subsidiary of the employer engaged in the dispute, or unless the
individual actively participates in or voluntarily stops work
because of such dispute. If it is established that the claimant
was laid off for an indefinite period and not recalled to work
prior to the dispute, or was separated by the employer prior to
the dispute for reasons other than the labor dispute, or that the
individual obtained a bona fide job with another employer while
the dispute was still in progress, such labor dispute shall not
render the employee ineligible for benefits.

(b) The individual has been given a disciplinary layoff for
misconduct in connection with the individual's work.

(2) For the duration of the individual's unemployment if the
director finds that:

(a) The individual quit work without just cause or has been
discharged for just cause in connection with the individual's
work, provided division (D)(2) of this section does not apply to
the separation of a person under any of the following
circumstances:
(i) Separation from employment for the purpose of entering the armed forces of the United States if the individual is inducted into the armed forces within one of the following periods:

(I) Thirty days after separation;

(II) One hundred eighty days after separation if the individual's date of induction is delayed solely at the discretion of the armed forces.

(ii) Separation from employment pursuant to a labor-management contract or agreement, or pursuant to an established employer plan, program, or policy, which permits the employee, because of lack of work, to accept a separation from employment;

(iii) The individual has left employment to accept a recall from a prior employer or, except as provided in division (D)(2)(a)(iv) of this section, to accept other employment as provided under section 4141.291 of the Revised Code, or left or was separated from employment that was concurrent employment at the time of the most recent separation or within six weeks prior to the most recent separation where the remuneration, hours, or other conditions of such concurrent employment were substantially less favorable than the individual's most recent employment and where such employment, if offered as new work, would be considered not suitable under the provisions of divisions (E) and (F) of this section. Any benefits that would otherwise be chargeable to the account of the employer from whom an individual has left employment or was separated from employment that was concurrent employment under conditions described in division (D)(2)(a)(iii) of this section, shall instead be charged to the mutualized account created by division (B) of section 4141.25 of the Revised Code, except that any benefits chargeable to the account of a reimbursing employer under division (D)(2)(a)(iii) of this section
shall be charged to the account of the reimbursing employer and not to the mutualized account, except as provided in division (D)(2) of section 4141.24 of the Revised Code.

(iv) When an individual has been issued a definite layoff date by the individual's employer and before the layoff date, the individual quits to accept other employment, the provisions of division (D)(2)(a)(iii) of this section apply and no disqualification shall be imposed under division (D) of this section. However, if the individual fails to meet the employment and earnings requirements of division (A)(2) of section 4141.291 of the Revised Code, then the individual, pursuant to division (A)(5) of this section, shall be ineligible for benefits for any week of unemployment that occurs prior to the layoff date.

(b) The individual has refused without good cause to accept an offer of suitable work when made by an employer either in person or to the individual's last known address, or has refused or failed to investigate a referral to suitable work when directed to do so by a local employment office of this state or another state, provided that this division shall not cause a disqualification for a waiting week or benefits under the following circumstances:

(i) When work is offered by the individual's employer and the individual is not required to accept the offer pursuant to the terms of the labor-management contract or agreement; or

(ii) When the individual is attending a training course pursuant to division (A)(4) of this section except, in the event of a refusal to accept an offer of suitable work or a refusal or failure to investigate a referral, benefits thereafter paid to such individual shall not be charged to the account of any employer and, except as provided in division (B)(1)(b) of section 4141.241 of the Revised Code, shall be charged to the mutualized account as provided in division (B) of section 4141.25 of the Revised Code.
Revised Code.

(c) Such individual quit work to marry or because of marital, parental, filial, or other domestic obligations.

(d) The individual became unemployed by reason of commitment to any correctional institution.

(e) The individual became unemployed because of dishonesty in connection with the individual's most recent or any base period work. Remuneration earned in such work shall be excluded from the individual's total base period remuneration and qualifying weeks that otherwise would be credited to the individual for such work in the individual's base period shall not be credited for the purpose of determining the total benefits to which the individual is eligible and the weekly benefit amount to be paid under section 4141.30 of the Revised Code. Such excluded remuneration and noncredited qualifying weeks shall be excluded from the calculation of the maximum amount to be charged, under division (D) of section 4141.24 and section 4141.33 of the Revised Code, against the accounts of the individual's base period employers. In addition, no benefits shall thereafter be paid to the individual based upon such excluded remuneration or noncredited qualifying weeks.

For purposes of division (D)(2)(e) of this section, "dishonesty" means the commission of substantive theft, fraud, or deceitful acts.

(E) No individual otherwise qualified to receive benefits shall lose the right to benefits by reason of a refusal to accept new work if:

(1) As a condition of being so employed the individual would be required to join a company union, or to resign from or refrain from joining any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of
any such organization.

(2) The position offered is vacant due directly to a strike, lockout, or other labor dispute.

(3) The work is at an unreasonable distance from the individual's residence, having regard to the character of the work the individual has been accustomed to do, and travel to the place of work involves expenses substantially greater than that required for the individual's former work, unless the expense is provided for.

(4) The remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

(F) Subject to the special exceptions contained in division (A)(4)(f) of this section and section 4141.301 of the Revised Code, in determining whether any work is suitable for a claimant in the administration of this chapter, the director, in addition to the determination required under division (E) of this section, shall consider the degree of risk to the claimant's health, safety, and morals, the individual's physical fitness for the work, the individual's prior training and experience, the length of the individual's unemployment, the distance of the available work from the individual's residence, and the individual's prospects for obtaining local work.

(G) The "duration of unemployment" as used in this section means the full period of unemployment next ensuing after a separation from any base period or subsequent work and until an individual has become reemployed in employment subject to this chapter, or the unemployment compensation act of another state, or of the United States, and until such individual has worked six weeks and for those weeks has earned or been paid remuneration equal to six times an average weekly wage of not less than:
eighty-five dollars and ten cents per week beginning on June 26, 1990; and beginning on and after January 1, 1992, twenty-seven and one-half per cent of the statewide average weekly wage as computed each first day of January under division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar, except for purposes of division (D)(2)(c) of this section, such term means the full period of unemployment next ensuing after a separation from such work and until such individual has become reemployed subject to the terms set forth above, and has earned wages equal to one-half of the individual's average weekly wage or sixty dollars, whichever is less.

(H) If a claimant is disqualified under division (D)(2)(a), (c), or (d) of this section or found to be qualified under the exceptions provided in division (D)(2)(a)(i), (iii), or (iv) of this section or division (A)(2) of section 4141.291 of the Revised Code, then benefits that may become payable to such claimant, which are chargeable to the account of the employer from whom the individual was separated under such conditions, shall be charged to the mutualized account provided in section 4141.25 of the Revised Code, provided that no charge shall be made to the mutualized account for benefits chargeable to a reimbursing employer, except as provided in division (D)(2) of section 4141.24 of the Revised Code. In the case of a reimbursing employer, the director shall refund or credit to the account of the reimbursing employer any over-paid benefits that are recovered under division (B) of section 4141.35 of the Revised Code. Amounts chargeable to other states, the United States, or Canada that are subject to agreements and arrangements that are established pursuant to section 4141.43 of the Revised Code shall be credited or reimbursed according to the agreements and arrangements to which the chargeable amounts are subject.

(I)(1) Benefits based on service in employment as provided in
divisions (B)(2)(a) and (b) of section 4141.01 of the Revised Code shall be payable in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this chapter; except that after December 31, 1977:

(a) Benefits based on service in an instructional, research, or principal administrative capacity in an institution of higher education, as defined in division (Y) of section 4141.01 of the Revised Code; or for an educational institution as defined in division (CC) of section 4141.01 of the Revised Code, shall not be paid to any individual for any week of unemployment that begins during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms or during a period of paid sabbatical leave provided for in the individual's contract, if the individual performs such services in the first of those academic years or terms and has a contract or a reasonable assurance that the individual will perform services in any such capacity for any such institution in the second of those academic years or terms.

(b) Benefits based on service for an educational institution or an institution of higher education in other than an instructional, research, or principal administrative capacity, shall not be paid to any individual for any week of unemployment which begins during the period between two successive academic years or terms of the employing educational institution or institution of higher education, provided the individual performed those services for the educational institution or institution of higher education during the first such academic year or term and, there is a reasonable assurance that such individual will perform those services for any educational institution or institution of higher education in the second of such academic years or terms.

If compensation is denied to any individual for any week
under division (I)(1)(b) of this section and the individual was not offered an opportunity to perform those services for an institution of higher education or for an educational institution for the second of such academic years or terms, the individual is entitled to a retroactive payment of compensation for each week for which the individual timely filed a claim for compensation and for which compensation was denied solely by reason of division (I)(1)(b) of this section. An application for retroactive benefits shall be timely filed if received by the director or the director's deputy within or prior to the end of the fourth full calendar week after the end of the period for which benefits were denied because of reasonable assurance of employment. The provision for the payment of retroactive benefits under division (I)(1)(b) of this section is applicable to weeks of unemployment beginning on and after November 18, 1983. The provisions under division (I)(1)(b) of this section shall be retroactive to September 5, 1982, only if, as a condition for full tax credit against the tax imposed by the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301 to 3311, the United States secretary of labor determines that retroactivity is required by federal law.

(c) With respect to weeks of unemployment beginning after December 31, 1977, benefits shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess, if the individual performs any services described in divisions (I)(1)(a) and (b) of this section in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance that the individual will perform any such services in the period immediately following the vacation period or holiday recess.

(d) With respect to any services described in division (I)(1)(a), (b), or (c) of this section, benefits payable on the
basis of services in any such capacity shall be denied as specified in division (I)(1)(a), (b), or (c) of this section to any individual who performs such services in an educational institution or institution of higher education while in the employ of an educational service agency. For this purpose, the term "educational service agency" means a governmental agency or governmental entity that is established and operated exclusively for the purpose of providing services to one or more educational institutions or one or more institutions of higher education.

(e) Any individual employed by a county board of developmental disabilities shall be notified by the thirtieth day of April each year if the individual is not to be reemployed the following academic year.

(f) Any individual employed by a school district, other than a municipal school district as defined in section 3311.71 of the Revised Code, shall be notified by the first day of June each year if the individual is not to be reemployed the following academic year.

(2) No disqualification will be imposed, between academic years or terms or during a vacation period or holiday recess under this division, unless the director or the director's deputy has received a statement in writing from the educational institution or institution of higher education that the claimant has a contract for, or a reasonable assurance of, reemployment for the ensuing academic year or term.

(3) If an individual has employment with an educational institution or an institution of higher education and employment with a noneducational employer, during the base period of the individual's benefit year, then the individual may become eligible for benefits during the between-term, or vacation or holiday recess, disqualification period, based on employment performed for the noneducational employer, provided that the employment is
sufficient to qualify the individual for benefit rights separately from the benefit rights based on school employment. The weekly benefit amount and maximum benefits payable during a disqualification period shall be computed based solely on the nonschool employment.

(J) Benefits shall not be paid on the basis of employment performed by an alien, unless the alien had been lawfully admitted to the United States for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was otherwise permanently residing in the United States under color of law at the time the services were performed, under section 212(d)(5) of the "Immigration and Nationality Act," 66 Stat. 163, 8 U.S.C.A. 1101:

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to the individual are not payable because of the individual's alien status shall be made except upon a preponderance of the evidence that the individual had not, in fact, been lawfully admitted to the United States.

(K) The director shall establish and utilize a system of profiling all new claimants under this chapter that:

(1) Identifies which claimants will be likely to exhaust regular compensation and will need job search assistance services to make a successful transition to new employment;

(2) Refers claimants identified pursuant to division (K)(1) of this section to reemployment services, such as job search assistance services, available under any state or federal law;
(3) Collects follow-up information relating to the services received by such claimants and the employment outcomes for such claimant's subsequent to receiving such services and utilizes such information in making identifications pursuant to division (K)(1) of this section; and

(4) Meets such other requirements as the United States secretary of labor determines are appropriate.

(L) Except as otherwise provided in division (A)(6) of this section, ineligibility pursuant to division (A) of this section shall begin on the first day of the week in which the claimant becomes ineligible for benefits and shall end on the last day of the week preceding the week in which the claimant satisfies the eligibility requirements.

(M) The director may adopt rules that the director considers necessary for the administration of division (A) of this section.

Sec. 4141.43. (A) The director of job and family services may cooperate with the industrial commission, the bureau of workers' compensation, the United States internal revenue service, the United States employment service, and other similar departments and agencies, as determined by the director, in the exchange or disclosure of information as to wages, employment, payrolls, unemployment, and other information. The director may employ, jointly with one or more of such agencies or departments, auditors, examiners, inspectors, and other employees necessary for the administration of this chapter and employment and training services for workers in the state.

(B) The director may make the state's record relating to the administration of this chapter available to the railroad retirement board and may furnish the board at the board's expense such copies thereof as the board deems necessary for its purposes.
(C) The director may afford reasonable cooperation with every agency of the United States charged with the administration of any unemployment compensation law.

(D) The director may enter into arrangements with the appropriate agencies of other states or of the United States or Canada whereby individuals performing services in this and other states for a single employer under circumstances not specifically provided for in division (B) of section 4141.01 of the Revised Code or in similar provisions in the unemployment compensation laws of such other states shall be deemed to be engaged in employment performed entirely within this state or within one of such other states or within Canada, and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the United States, or both, or of Canada may constitute the basis for the payment of benefits through a single appropriate agency under terms that the director finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the unemployment compensation fund.

(E) The director may enter into agreements with the appropriate agencies of other states or of the United States or Canada:

(1) Whereby services or wages upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the United States or Canada shall be deemed to be employment or wages for employment by employers for the purposes of qualifying claimants for benefits under this chapter, and the director may estimate the number of weeks of employment represented by the wages reported to the director for such claimants by such other agency, provided such other state agency or agency of the United States or Canada has agreed to reimburse the unemployment compensation fund for such
portion of benefits paid under this chapter upon the basis of such services or wages as the director finds will be fair and reasonable as to all affected interests;

(2) Whereby the director will reimburse other state or federal or Canadian agencies charged with the administration of unemployment compensation laws with such reasonable portion of benefits, paid under the law of such other states or of the United States or of Canada upon the basis of employment or wages for employment by employers, as the director finds will be fair and reasonable as to all affected interests. Reimbursements so payable shall be deemed to be benefits for the purpose of section 4141.09 and division (A) of section 4141.30 of the Revised Code. However, no reimbursement so payable shall be charged against any employer's account for the purposes of section 4141.24 of the Revised Code if the employer's account, under the same or similar circumstances, with respect to benefits charged under the provisions of this chapter, other than this section, would not be charged or, if the claimant at the time the claimant files the combined wage claim cannot establish benefit rights under this chapter. This noncharging shall not be applicable to a nonprofit organization that has elected to make payments in lieu of contributions under section 4141.241 of the Revised Code, except as provided in division (D)(2) of section 4141.24 of the Revised Code. The director may make to other state or federal or Canadian agencies and receive from such other state or federal or Canadian agencies reimbursements from or to the unemployment compensation fund, in accordance with arrangements pursuant to this section.

(3) Notwithstanding division (B)(2)(f) of section 4141.01 of the Revised Code, the director may enter into agreements with other states whereby services performed for a crew leader, as defined in division (BB) of section 4141.01 of the Revised Code, may be covered in the state in which the crew leader either:
(a) Has the crew leader's place of business or from which the crew leader's business is operated or controlled;

(b) Resides if the crew leader has no place of business in any state.

(F) The director may apply for an advance to the unemployment compensation fund and do all things necessary or required to obtain such advance and arrange for the repayment of such advance in accordance with Title XII of the "Social Security Act" as amended.

(G) The director may enter into reciprocal agreements or arrangements with the appropriate agencies of other states in regard to services on vessels engaged in interstate or foreign commerce whereby such services for a single employer, wherever performed, shall be deemed performed within this state or within such other states.

(H) The director shall participate in any arrangements for the payment of compensation on the basis of combining an individual's wages and employment, covered under this chapter, with the individual's wages and employment covered under the unemployment compensation laws of other states which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of compensation in such situations and which include provisions for:

   (1) Applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and

   (2) Avoiding the duplicate use of wages and employment by reason of such combining.

(I) The director shall cooperate with the United States

(J) The director may disclose wage information furnished to or maintained by the director under Chapter 4141. of the Revised Code to a consumer reporting agency as defined by the "Fair Credit Reporting Act," 84 Stat. 1128, 15 U.S.C.A. 1681a, as amended, for the purpose of verifying an individual's income under a written agreement that requires all of the following:

(1) A written statement of informed consent from the individual whose information is to be disclosed;

(2) A written statement confirming that the consumer reporting agency and any other entity to which the information is disclosed or released will safeguard the information from illegal or unauthorized disclosure;

(3) A written statement confirming that the consumer reporting agency will pay to the bureau all costs associated with the disclosure.

The director shall prescribe a manner and format in which this information may be provided.

(K) The director shall adopt rules defining the requirements...
of the release of individual income verification information specified in division (J) of this section, which shall include all terms and conditions necessary to meet the requirements of federal law as interpreted by the United States department of labor or considered necessary by the director for the proper administration of this division.

(L) The director shall disclose information furnished to or maintained by the director under this chapter upon request and on a reimbursable basis as required by section 303 of the "Social Security Act," 42 U.S.C.A. 503, and section 3304 of the "Internal Revenue Code," 26 U.S.C.A. 3304.

Sec. 4141.51. (A) An employer who wishes to participate in the SharedWork Ohio program shall submit a plan to the director of job and family services in which the employer does all of the following:

(1) Identifies the participating employees by name, social security number, affected unit, and normal weekly hours of work;

(2) Describes the manner in which the employer will implement the requirements of the SharedWork Ohio program, including the proposed reduction percentage, which shall be between ten per cent and fifty per cent, and any temporary closure of the participating employer's business for equipment maintenance or other similar circumstances that the employer knows may occur during the effective period of an approved plan;

(3) Includes a plan for giving advance notice, if feasible, to an employee whose normal weekly hours of work are to be reduced and, if advance notice is not feasible, an explanation of why that notice is not feasible;

(4) Includes a certification by the employer that the aggregate reduction in the number of hours worked by the employees
of the employer is in lieu of layoffs and includes an estimate of the number of layoffs that would have occurred absent the ability to participate in the SharedWork Ohio program;

(5) Includes a certification by the employer that if the employer provides health benefits and retirement benefits under a defined benefit plan, as defined in 26 U.S.C. 414(j), as amended, or contributions under a defined contribution plan as defined in 26 U.S.C. 414(i), as amended, to any employee whose normal weekly hours of work are reduced under the program that such benefits will continue to be provided to an employee participating in the SharedWork Ohio program under the same terms and conditions as though the normal weekly hours of work of the employee had not been reduced or to the same extent as other employees not participating in the program;

(6) Permits eligible employees to participate, as appropriate, in training to enhance job skills approved by the director, including employer-sponsored training or worker training funded under the federal "Workforce Investment Act of 1998," 112 Stat. 936, 29 U.S.C. 2801 et seq., as amended "Workforce Innovation and Opportunity Act," 29 U.S.C. 3101 et seq.;

(7) Includes any other information as required by the United States secretary of labor or the director under the rules the director adopts under section 4141.50 of the Revised Code;

(8) Includes an attestation by the employer that the terms of the written plan submitted by the employer and implementation of that plan are consistent with obligations of the employer under the applicable federal and state laws;

(9) Includes a certification by the employer that the employer will promptly notify the director of any change in the business that includes the sale or transfer of all or part of the business, and that the employer will notify any successor
interest to the employer's business prior to the transfer of all or part of the business, of the existence of any approved shared work plan;

(10) Includes a certification by the employer that, as of the date the employer submits the plan, the employer is current on all reports and has paid all contributions, reimbursements, interest, and penalties due under this chapter;

(11) Includes an assurance from the employer that the employer will remain current on all employer reporting and payments of contributions, reimbursements, interest, and penalties as required by this chapter;

(12) Includes a certification by the employer that none of the participating employees are employed on a seasonal, temporary, or intermittent basis;

(13) Includes an assurance from the employer that the employer will not reduce a participating employee's normal weekly hours of work by more than the reduction percentage, except in the event of a temporary closure of the employer's business for equipment maintenance, or when the employee takes approved time off during the week with pay, and the combined work hours and paid leave hours equal the number of hours the employee would have worked under the plan.

(B) The director shall approve a shared work plan if an employer includes in the plan all of the information, certifications, and assurances required under division (A) of this section.

(C) The director shall approve or deny a shared work plan and shall send a written notice to the employer stating whether the director approved or denied the plan not later than thirty days after the director receives the plan. If the director denies approval of a shared work plan, the director shall state the
reasons for denying approval in the written notice sent to the employer.

(D) The director shall enforce the requirements of the SharedWork Ohio program in the same manner as the director enforces the requirements of this chapter, including under section 4141.40 of the Revised Code.

Sec. 4301.22. Sales of beer and intoxicating liquor under all classes of permits and from state liquor stores are subject to the following restrictions, in addition to those imposed by the rules or orders of the division of liquor control:

(A)(1) Except as otherwise provided in this chapter, no beer or intoxicating liquor shall be sold to any person under twenty-one years of age.

(2) No low-alcohol beverage shall be sold to any person under eighteen years of age. No permit issued by the division shall be suspended, revoked, or canceled because of a violation of division (A)(2) of this section.

(3) No intoxicating liquor shall be handled by any person under twenty-one years of age, except that a person eighteen years of age or older employed by a permit holder may handle or sell beer or intoxicating liquor in sealed containers in connection with wholesale or retail sales, and any person nineteen years of age or older employed by a permit holder may handle intoxicating liquor in open containers when acting in the capacity of a server in a hotel, restaurant, club, or night club, as defined in division (B) of section 4301.01 of the Revised Code, or in the premises of a D-7 permit holder. This section does not authorize persons under twenty-one years of age to sell intoxicating liquor across a bar. Any person employed by a permit holder may handle beer or intoxicating liquor in sealed containers in connection with manufacturing, storage, warehousing, placement, stocking,
bagging, loading, or unloading, and may handle beer or
intoxicating liquor in open containers in connection with cleaning
tables or handling empty bottles or glasses.

(B) No permit holder and no agent or employee of a permit
holder shall sell or furnish beer or intoxicating liquor to an
intoxicated person.

(C) No sales of intoxicating liquor shall be made after
two-thirty a.m. on Sunday except under either of the following
circumstances:

(1) Intoxicating liquor may be sold on Sunday under authority
of a permit that authorizes Sunday sale.

(2) Spirituous liquor may be sold on Sunday by any person
awarded an agency contract under section 4301.17 of the Revised
Code if the sale of spirituous liquor is authorized in the
applicable precinct as the result of an election on question
(B)(1) or (2) of section 4301.351 of the Revised Code and if the
agency contract authorizes the sale of spirituous liquor on
Sunday.

This section does not prevent a municipal corporation from
adopting a closing hour for the sale of intoxicating liquor
earlier than two-thirty a.m. on Sunday or to provide that no
intoxicating liquor may be sold prior to that hour on Sunday.

(D) No holder of a permit shall give away any beer or
intoxicating liquor of any kind at any time in connection with the
permit holder's business. However, with the exception of an A-1-A
permit holder that also has been issued an A-2 or A-2f permit, an
A-1-A, A-1c, or D permit holder may provide to a paying customer
not more than a total of four tasting samples of beer, wine, or
spirituous liquor, as authorized by the applicable permit, in any
twenty-four-hour period. The permit holder shall provide the
tasting samples free of charge, at the permit holder's expense,
only to a person who is twenty-one years of age or older. The
person shall consume the tasting samples on the premises of the
permit holder. A distributor is not responsible for the costs of
providing tasting samples authorized under division (D) of this
section.

As used in division (D) of this section:

(1) "Tasting sample" means one of the following, as
applicable:

(a) An amount not to exceed two ounces of beer;

(b) An amount not to exceed two ounces of wine;

(c) An amount not to exceed a quarter ounce of spirituous
liquor.

(2) "D permit holder" means a person that has been issued a
D-1, D-2, D-2x, D-3, D-3a, D-3x, D-4, D-5, D-5a, D-5c, D-5d, D-5e,
D-5f, D-5g, D-5h, D-5i, D-5j, D-5k, D-5l, D-5m, D-5n, D-5o, D-6,
or D-7 permit.

(E) Except as otherwise provided in this division, no retail
permit holder shall display or permit the display on the outside
of any licensed retail premises, or on any lot of ground on which
the licensed premises are situated, or on the exterior of any
building of which the licensed premises are a part, any sign,
illustration, or advertisement bearing the name, brand name, trade
name, trade-mark, designation, or other emblem of or indicating
the manufacturer, producer, distributor, place of manufacture,
production, or distribution of any beer or intoxicating liquor.
Signs, illustrations, or advertisements bearing the name, brand
name, trade name, trade-mark, designation, or other emblem of or
indicating the manufacturer, producer, distributor, place of
manufacture, production, or distribution of beer or intoxicating
liquor may be displayed and permitted to be displayed on the
interior or in the show windows of any licensed premises, if the
particular brand or type of product so advertised is actually available for sale on the premises at the time of that display. The liquor control commission shall determine by rule the size and character of those signs, illustrations, or advertisements.

(F) No retail permit holder shall possess on the licensed premises any barrel or other container from which beer is drawn, unless there is attached to the spigot or other dispensing apparatus the name of the manufacturer of the product contained in the barrel or other container, provided that, if the beer is served at a bar, the manufacturer's name or brand shall appear in full view of the purchaser. The commission shall regulate the size and character of the devices provided for in this section.

(G) Except as otherwise provided in this division, no sale of any gift certificate shall be permitted whereby beer or intoxicating liquor of any kind is to be exchanged for the certificate, unless the gift certificate can be exchanged only for food, and beer or intoxicating liquor, for on-premises consumption and the value of the beer or intoxicating liquor for which the certificate can be exchanged does not exceed more than thirty per cent of the total value of the gift certificate. The sale of gift certificates for the purchase of beer, wine, or mixed beverages shall be permitted for the purchase of beer, wine, or mixed beverages for off-premises consumption. Limitations on the use of a gift certificate for the purchase of beer, wine, or mixed beverages for off-premises consumption may be expressed by clearly stamping or typing on the face of the certificate that the certificate may not be used for the purchase of beer, wine, or mixed beverages.

Sec. 4301.43. (A) As used in sections 4301.43 to 4301.50 of the Revised Code:

(1) "Gallon" or "wine gallon" means one hundred twenty-eight
fluid ounces.

(2) "Sale" or "sell" includes exchange, barter, gift, distribution, and, except with respect to A-4 permit holders, offer for sale.

(B) For the purposes of providing revenues for the support of the state and encouraging the grape industries in the state, a tax is hereby levied on the sale or distribution of wine in Ohio, except for known sacramental purposes, at the rate of thirty cents per wine gallon for wine containing not less than four per cent of alcohol by volume and not more than fourteen per cent of alcohol by volume, ninety-eight cents per wine gallon for wine containing more than fourteen per cent but not more than twenty-one per cent of alcohol by volume, one dollar and eight cents per wine gallon for vermouth, and one dollar and forty-eight cents per wine gallon for sparkling and carbonated wine and champagne, the tax to be paid by the holders of A-2, A-2f, and B-5 permits or by any other person selling or distributing wine upon which no tax has been paid. From the tax paid under this section on wine, vermouth, and sparkling and carbonated wine and champagne, the treasurer of state shall credit to the Ohio grape industries fund created under section 924.54 of the Revised Code a sum equal to one cent per gallon for each gallon upon which the tax is paid.

(C) For the purpose of providing revenues for the support of the state, there is hereby levied a tax on prepared and bottled highballs, cocktails, cordials, and other mixed beverages at the rate of one dollar and twenty cents per wine gallon to be paid by holders of A-4 permits or by any other person selling or distributing those products upon which no tax has been paid. Only one sale of the same article shall be used in computing the amount of tax due. The tax on mixed beverages to be paid by holders of A-4 permits under this section shall not attach until the ownership of the mixed beverage is transferred for valuable
consideration to a wholesaler or retailer, and no payment of the tax shall be required prior to that time.

(D) During the period of July 1, 2015 through June 30, 2019, from the tax paid under this section on wine, vermouth, and sparkling and carbonated wine and champagne, the treasurer of state shall credit to the Ohio grape industries fund created under section 924.54 of the Revised Code a sum equal to two cents per gallon upon which the tax is paid. The amount credited under this division is in addition to the amount credited to the Ohio grape industries fund under division (B) of this section.

(E) For the purpose of providing revenues for the support of the state, there is hereby levied a tax on cider at the rate of twenty-four cents per wine gallon to be paid by the holders of A-2, A-2f, and B-5 permits or by any other person selling or distributing cider upon which no tax has been paid. Only one sale of the same article shall be used in computing the amount of the tax due.

**Sec. 4303.05.** (A) Permit A-4 may be issued to a either of the following:

(1) A manufacturer to manufacture prepared highballs, cocktails, cordials, and other mixed drinks containing not less than one-half of one per cent of alcohol by volume and not more than twenty-one per cent of alcohol by volume, and to sell such products to wholesale and retail permit holders in sealed containers only under such rules as are adopted by the division of liquor control. The holder of such permit may import into the state spirituous liquor and wine only for blending or other manufacturing purposes under such rules as are prescribed by the division.

(2) A manufacturer to manufacture ice cream containing not less than one-half of one per cent of alcohol by volume but not...
more than six per cent of alcohol by volume, and to sell those 60932
products either for consumption on the premises where manufactured 60933
or in sealed containers for consumption off the premises where 60934
manufactured. For off-premises consumption purposes, a 60935
manufacturer shall not knowingly sell more than four pints of such 60936
ice cream to a customer in any calendar day.

No A-4 permit shall be issued to a manufacturer to sell ice 60938
cream under division (A)(2) of this section unless the sale of 60939
mixed beverages for both on- and off-premises consumption is 60940
authorized in the election precinct in which the A-4 permit is 60941
proposed to be located.

(B) The holder of such an A-4 permit may also purchase 60943
spirituous liquor for manufacturing and blending purposes from the 60944
holder of an A-3 permit issued by the division. The fee for an A-4 60945
permit is three thousand nine hundred six dollars for each plant. 60946

Sec. 4303.22. (A) Permit H may be issued for a fee of three 60947
hundred dollars to a for-hire motor carrier who holds a license 60948
issued by the public utilities commission to transport beer, 60949
intoxicating liquor, and alcohol, or any of them, in this state 60950
for delivery or use in this state. This section does not prevent 60951
the division of liquor control from contracting with for-hire 60952
motor carriers for the delivery or transportation of liquor for 60953
the division, and any for-hire motor carrier so contracting with 60954
the division is eligible for an H permit. Manufacturers or 60955
wholesale distributors of beer or intoxicating liquor other than 60956
spirituous liquor who transport or deliver their own products to 60957
or from their premises licensed under this chapter and Chapter 60958
4301. of the Revised Code by their own trucks as an incident to 60959
the purchase or sale of such beverages need not obtain an H 60960
permit. Carriers by rail shall receive an H permit upon 60961
application for it.
(B)(1) Every person that transports beer or intoxicating liquor into this state for delivery in this state to an individual or entity, other than to the holder of a permit issued under this chapter, shall prepare and submit a monthly report to the division. The report shall contain all of the following:

(a) The name of the person preparing and submitting the report;

(b) The period of time covered by the report;

(c) The name and business address of each consignor of the beer or intoxicating liquor;

(d) The name and address of each consignee of the beer or intoxicating liquor;

(e) The weight of, and unique tracking number assigned for, each delivery of beer or intoxicating liquor to each consignee;

(f) The date of delivery.

Sec. 4503.066. (A)(1) To obtain a tax reduction under section 4503.065 of the Revised Code, the owner of the home shall file an application with the county auditor of the county in which the home is located. An application for reduction in taxes based upon a physical disability shall be accompanied by a certificate signed by a physician, and an application for reduction in taxes based upon a mental disability shall be accompanied by a certificate signed by a physician or psychologist licensed to practice in this state. The certificate shall attest to the fact that the applicant is permanently and totally disabled, shall be in a form that the department of taxation requires, and shall include the definition of totally and permanently disabled as set forth in section 4503.064 of the Revised Code. An application for reduction in taxes based upon a disability certified as permanent and total by a state or federal agency having the function of so classifying persons shall be accompanied by a certificate from that agency. An application by a disabled veteran for the reduction under division (B) of section 4503.065 of the Revised Code shall be accompanied by a letter or other written confirmation from the United States department of veterans affairs, or its predecessor or successor.
agency, showing that the veteran qualifies as a disabled veteran. 

(2) Each application shall constitute a continuing application for a reduction in taxes for each year in which the manufactured or mobile home is occupied by the applicant. Failure to receive a new application or notification under division (B) of this section after an application for reduction has been approved is prima-facie evidence that the original applicant is entitled to the reduction calculated on the basis of the information contained in the original application. The original application and any subsequent application shall be in the form of a signed statement and shall be filed not later than the first Monday in June on or before the thirty-first day of December of the year for which the reduction is sought. The statement shall be on a form, devised and supplied by the tax commissioner, that shall require no more information than is necessary to establish the applicant's eligibility for the reduction in taxes and the amount of the reduction to which the applicant is entitled. The form shall contain a statement that signing such application constitutes a delegation of authority by the applicant to the tax commissioner or the county auditor, individually or in consultation with each other, to examine any tax or financial records that relate to the income of the applicant as stated on the application for the purpose of determining eligibility under, or possible violation of, division (C) or (D) of this section. The form also shall contain a statement that conviction of willfully falsifying information to obtain a reduction in taxes or failing to comply with division (B) of this section shall result in the revocation of the right to the reduction for a period of three years.

If an application filed for the current tax year is approved after the taxes have been paid for the current year, the amount of the reduction in taxes for the current year shall be treated as an
overpayment of taxes in the same manner as a late application under division (A)(3) of this section.

(3) A late application for a reduction in taxes for the year preceding the year for which an original application is filed may be filed with an original application. If the auditor determines that the information contained in the late application is correct, the auditor shall determine both the amount of the reduction in taxes to which the applicant would have been entitled for the current tax year had the application been timely filed and approved in the preceding year, and the amount the taxes levied under section 4503.06 of the Revised Code for the current year would have been reduced as a result of the reduction. When an applicant is permanently and totally disabled on the first day of January of the year in which the applicant files a late application, the auditor, in making the determination of the amounts of the reduction in taxes under division (A)(3) of this section, is not required to determine that the applicant was permanently and totally disabled on the first day of January of the preceding year.

The amount of the reduction in taxes pursuant to a late application shall be treated as an overpayment of taxes by the applicant. The auditor shall credit the amount of the overpayment against the amount of the taxes or penalties then due from the applicant, and, at the next succeeding settlement, the amount of the credit shall be deducted from the amount of any taxes or penalties distributable to the county or any taxing unit in the county that has received the benefit of the taxes or penalties previously overpaid, in proportion to the benefits previously received. If, after the credit has been made, there remains a balance of the overpayment, or if there are no taxes or penalties due from the applicant, the auditor shall refund that balance to the applicant by a warrant drawn on the county treasurer in favor
of the applicant. The treasurer shall pay the warrant from the
general fund of the county. If there is insufficient money in the
general fund to make the payment, the treasurer shall pay the
warrant out of any undivided manufactured or mobile home taxes
subsequently received by the treasurer for distribution to the
county or taxing district in the county that received the benefit
of the overpaid taxes, in proportion to the benefits previously
received, and the amount paid from the undivided funds shall be
deducted from the money otherwise distributable to the county or
taxing district in the county at the next or any succeeding
distribution. At the next or any succeeding distribution after
making the refund, the treasurer shall reimburse the general fund
for any payment made from that fund by deducting the amount of
that payment from the money distributable to the county or other
taxing unit in the county that has received the benefit of the
taxes, in proportion to the benefits previously received. On the
second Monday in September of each year, the county auditor
shall certify the total amount of the reductions in taxes made in
the current year under division (A)(3) of this section to the tax
commissioner who shall treat that amount as a reduction in taxes
for the current tax year and shall make reimbursement to the
county of that amount in the manner prescribed in section 4503.068
of the Revised Code, from moneys appropriated for that purpose.

(B) If in any year for which an application for reduction in
taxes has been approved the owner no longer qualifies for the
reduction, the owner shall notify the county auditor that the
owner is not qualified for a reduction in taxes.

During January February of each year, the county auditor
shall furnish each person whose application for reduction has been
approved, by ordinary mail, a form on which to report any changes
in total income, ownership, occupancy, disability, and other
information earlier furnished the auditor relative to the
application. The form shall be completed and returned to the auditor not later than the first Monday in June thirty-first day of December if the changes would affect the person's eligibility for the reduction.

(C) No person shall knowingly make a false statement for the purpose of obtaining a reduction in taxes under section 4503.065 of the Revised Code.

(D) No person shall knowingly fail to notify the county auditor of any change required by division (B) of this section that has the effect of maintaining or securing a reduction in taxes under section 4503.065 of the Revised Code.

(E) No person shall knowingly make a false statement or certification attesting to any person's physical or mental condition for purposes of qualifying such person for tax relief pursuant to sections 4503.064 to 4503.069 of the Revised Code.

(F) Whoever violates division (C), (D), or (E) of this section is guilty of a misdemeanor of the fourth degree.

Sec. 4503.08. (A) The weight of all motor vehicles, except those taxed under sections 4503.042 and 4503.65 of the Revised Code, shall be the weight of the vehicle fully equipped as determined on a standard scale. The weight of any machinery mounted upon or affixed to a motor vehicle and not inherently motor vehicle equipment shall not be included in the determination of the total weight.

(B) The horsepower of all vehicles propelled by internal combustion engines shall be computed upon the following formula: square the diameter of the cylinder measured in inches, multiply by the number of cylinders, and divide by two and one half. For all motor vehicles propelled by steam engines, the rating of the horsepower shall be based on the system of rating adopted by the
(C) For all motor vehicles propelled by electricity, the rating of the horsepower shall be the normal horsepower of the electric motor therein, to be ascertained by the registrar of motor vehicles.

Sec. 4503.10. (A) The owner of every snowmobile, off-highway motorcycle, and all-purpose vehicle required to be registered under section 4519.02 of the Revised Code shall file an application for registration under section 4519.03 of the Revised Code. The owner of a motor vehicle, other than a snowmobile, off-highway motorcycle, or all-purpose vehicle, that is not designed and constructed by the manufacturer for operation on a street or highway may not register it under this chapter except upon certification of inspection pursuant to section 4513.02 of the Revised Code by the sheriff, or the chief of police of the municipal corporation or township, with jurisdiction over the political subdivision in which the owner of the motor vehicle resides. Except as provided in section 4503.103 of the Revised Code, every owner of every other motor vehicle not previously described in this section and every person mentioned as owner in the last certificate of title of a motor vehicle that is operated or driven upon the public roads or highways shall cause to be filed each year, by mail or otherwise, in the office of the registrar of motor vehicles or a deputy registrar, a written or electronic application or a preprinted registration renewal notice issued under section 4503.102 of the Revised Code, the form of which shall be prescribed by the registrar, for registration for the following registration year, which shall begin on the first day of January of every calendar year and end on the thirty-first day of December in the same year. Applications for registration and registration renewal notices shall be filed at the times established by the registrar pursuant to section 4503.101 of the
Revised Code. A motor vehicle owner also may elect to apply for or renew a motor vehicle registration by electronic means using electronic signature in accordance with rules adopted by the registrar. Except as provided in division (J) of this section, applications for registration shall be made on blanks furnished by the registrar for that purpose, containing the following information:

(1) A brief description of the motor vehicle to be registered, including the year, make, model, and vehicle identification number, and, in the case of commercial cars, the gross weight of the vehicle fully equipped computed in the manner prescribed in section 4503.08 of the Revised Code;

(2) The name and residence address of the owner, and the township and municipal corporation in which the owner resides;

(4) Whether the motor vehicle is a new or used motor vehicle;

(5) The date of purchase of the motor vehicle;

(6) Whether the fees required to be paid for the registration or transfer of the motor vehicle, during the preceding registration year and during the preceding period of the current
registration year, have been paid. Each application for registration shall be signed by the owner, either manually or by electronic signature, or pursuant to obtaining a limited power of attorney authorized by the registrar for registration, or other document authorizing such signature. If the owner elects to apply for or renew the motor vehicle registration with the registrar by electronic means, the owner's manual signature is not required.

(7) The owner's social security number, driver's license number, or state identification number, or, where a motor vehicle to be registered is used for hire or principally in connection with any established business, the owner's federal taxpayer identification number. The bureau of motor vehicles shall retain in its records all social security numbers provided under this section, but the bureau shall not place social security numbers on motor vehicle certificates of registration.

(B) Except as otherwise provided in this division, each time an applicant first registers a motor vehicle in the applicant's name, the applicant shall present for inspection a physical certificate of title or memorandum certificate showing title to the motor vehicle to be registered in the name of the applicant if a physical certificate of title or memorandum certificate has been issued by a clerk of a court of common pleas. If, under sections 4505.021, 4505.06, and 4505.08 of the Revised Code, a clerk instead has issued an electronic certificate of title for the applicant's motor vehicle, that certificate may be presented for inspection at the time of first registration in a manner prescribed by rules adopted by the registrar. An applicant is not required to present a certificate of title to an electronic motor vehicle dealer acting as a limited authority deputy registrar in accordance with rules adopted by the registrar. When a motor vehicle inspection and maintenance program is in effect under section 3704.14 of the Revised Code and rules adopted under it,
each application for registration for a vehicle required to be inspected under that section and those rules shall be accompanied by an inspection certificate for the motor vehicle issued in accordance with that section. The application shall be refused if any of the following applies:

(2) The application is prohibited from being accepted by division (D) of section 2935.27, division (A) of section 2937.221, division (A) of section 4503.13, division (B) of section 4510.22, or division (B)(1) of section 4521.10 of the Revised Code.

(3) A certificate of title or memorandum certificate of title is required but does not accompany the application or, in the case of an electronic certificate of title, is required but is not presented in a manner prescribed by the registrar's rules.

(5) The owner or lessee does not have an inspection certificate for the motor vehicle as provided in section 3704.14 of the Revised Code, and rules adopted under it, if that section is applicable.

This section does not require the payment of license or registration taxes on a motor vehicle for any preceding year, or for any preceding period of a year, if the motor vehicle was not taxable for that preceding year or period under sections 4503.02, 4503.04, 4503.11, 4503.12, and 4503.16 or Chapter 4504. of the Revised Code. Sec. 4503.101. If necessary to effect an efficient transition, the rules may provide that the registration reassignments take place over two consecutive registration periods. The registration taxes to be charged shall be determined by the registrar on the basis of the annual tax otherwise due on the motor vehicle, prorated in accordance with the number of months for which the motor vehicle is registered, except that the fee established by division (C)(1) of section 4503.10 of the Revised Code shall be collected in full for each renewal that occurs during the transition period and shall not be prorated.

The rules shall allow an online driver training enterprise to be affiliated with a licensed driver training school offering in-person classroom instruction, but shall not require such an affiliation.

(b) Establish content requirements that an online driver education course must satisfy to be approved as equivalent to twenty-four hours of in-person classroom instruction;

(c) Establish attendance standards, including a maximum number of course hours that may be completed in a twenty-four-hour period;

(d) Allow an enrolled applicant to begin the required eight hours of actual behind-the-wheel instruction upon completing at
least two hours of course instruction and being issued a certificate of enrollment by a licensed online driver training enterprise;

(e) Establish any other requirements necessary to regulate online driver education.

(B) The director shall administer and enforce this chapter.

(C) The rules shall require twenty-four hours of in-person classroom instruction or completion of an approved, equivalent online driver education course offered via the internet by a licensed online driver training enterprise, and eight hours of actual behind-the-wheel instruction conducted on public streets and highways of this state for all beginning drivers of noncommercial motor vehicles who are under age eighteen. The rules also shall require the classroom instruction or online driver education course for such drivers to include instruction in both of the following:

(1) The dangers of driving a motor vehicle while using an electronic wireless communications device to write, send, or read a text-based communication;

(2) Substance abuse and prescription drug abuse, the science related to addiction, and the effect of psychoactive substances on the brain and on a person while operating a motor vehicle.

(D) The rules shall state the minimum hours for classroom and behind-the-wheel instruction required for beginning drivers of commercial trucks, commercial cars, buses, and commercial tractors, trailers, and semitrailers.

(E)(1) The department of public safety may charge a fee to each online driver training enterprise in an amount sufficient to pay the actual expenses the department incurs in the regulation of online driver education courses.
(2) The department shall supply to each licensed online
driver training enterprise certificates to be used for certifying
an applicant's enrollment in an approved online driver education
course and a separate certificate to be issued upon successful
completion of an approved online driver education course. The
certificates shall be numbered serially. The department may charge
a fee to each online driver training enterprise per certificate
supplied to pay the actual expenses the department incurs in
supplying the certificates.

(F) The director shall adopt rules in accordance with Chapter
119. of the Revised Code governing an abbreviated driver training
course for adults that must be completed by any applicant for an
initial driver's license who is eighteen years of age or older and
who failed the road or maneuverability test required under
division (A)(2) of section 4507.11 of the Revised Code prior to
attempting the test a second or subsequent time.

(C) In any proceeding arising out of one incident, a person may be charged with a violation of division (A)(1)(a) or (A)(2) and a violation of division (B)(1), (2), or (3) of this section, but the person may not be convicted of more than one violation of these divisions.

(D)(1)(a) In any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(a) of this section or for an equivalent offense that is vehicle-related, the result of any test of any blood or urine withdrawn and analyzed at any health care provider, as defined in section 2317.02 of the Revised Code, may be admitted with expert testimony to be considered with
any other relevant and competent evidence in determining the guilt or innocence of the defendant.

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section or for an equivalent offense that is vehicle-related, the court may admit evidence on the concentration of alcohol, drugs of abuse, controlled substances, metabolites of a controlled substance, or a combination of them in the defendant's whole blood, blood serum or plasma, breath, urine, or other bodily substance at the time of the alleged violation as shown by chemical analysis of the substance withdrawn within three hours of the time of the alleged violation. The three-hour time limit specified in this division regarding the admission of evidence does not extend or affect the two-hour time limit specified in division (A) of section 4511.192 of the Revised Code as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood, breath, urine, or other bodily substance test at the request of a law enforcement officer under section 4511.191 of the Revised Code or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw a blood sample for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this division may refuse to withdraw blood under this division, if in that person's opinion, the physical welfare of the person would be endangered by the withdrawing of
blood.

The bodily substance withdrawn under division (D)(1)(b) of this section shall be analyzed in accordance with methods approved by the director of health by an individual possessing a valid permit issued by the director pursuant to section 3701.143 of the Revised Code.

(c) As used in division (D)(1)(b) of this section, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in section 4765.01 of the Revised Code.

(2) In a criminal prosecution or juvenile court proceeding for a violation of division (A) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (A)(1)(b), (c), (d), and (e) of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (A)(1)(j) of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of division (B) of this section or for an equivalent offense that is substantially equivalent to that division.

(3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis.

If the chemical test was obtained pursuant to division (D)(1)(b) of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or
phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in division (A)(5) of section 4511.191 of the Revised Code, the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in division (A)(5) of section 4511.191 of the Revised Code, the form to be read to the person to be tested, as required under section 4511.192 of the Revised Code, shall state that the person may have an independent test performed at the person's expense. The failure or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.

(4)(a) As used in divisions (D)(4)(b) and (c) of this section, "national highway traffic safety administration" means the national highway traffic safety administration established as an administration of the United States department of transportation under 96 Stat. 2415 (1983), 49 U.S.C.A. 105.

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer
administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the national highway traffic safety administration, all of the following apply:

(i) The officer may testify concerning the results of the field sobriety test so administered.

(ii) The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.

(iii) If testimony is presented or evidence is introduced under division (D)(4)(b)(i) or (ii) of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.

(c) Division (D)(4)(b) of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (D)(4)(b) of this section.

(E)(1) Subject to division (E)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(b), (c), (d), (e), (f), (g), (h), (i), or (j) or (B)(1), (2), (3), or (4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the department of health authorizing an
analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima-facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:

(a) The signature, under oath, of any person who performed the analysis;

(b) Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;

(c) A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

(d) An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the department of health.

(2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (E)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.
(3) A report of the type described in division (E)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(F) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, and any hospital, first-aid station, or clinic at which blood is withdrawn from a person pursuant to this section or section 4511.191 or 4511.192 of the Revised Code, is immune from criminal liability and civil liability based upon a claim of assault and battery or any other claim that is not a claim of malpractice, for any act performed in withdrawing blood from the person. The immunity provided in this division also extends to an emergency medical service organization that employs an emergency medical technician-intermediate or emergency medical technician-paramedic who withdraws blood under this section. The immunity provided in this division is not available to a person who withdraws blood if the person engages in willful or wanton misconduct.

As used in this division, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in section 4765.01 of the Revised Code.

under the influence of alcohol, a drug of abuse, or a combination of them. Whoever violates division (A)(1)(j) of this section is guilty of operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance. The court shall sentence the offender for either offense under Chapter 2929. of the Revised Code, except as otherwise authorized or required by divisions (G)(1)(a) to (e) of this section:

(a) Except as otherwise provided in division (G)(1)(b), (c), (d), or (e) of this section, the offender is guilty of a misdemeanor of the first degree, and the court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of three consecutive days. As used in this division, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this division if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code and requires the offender to attend, for three consecutive days, a drivers' intervention program certified under section 5119.38 of the Revised Code. The court also may suspend the execution of any part of the three-day jail term under this division if it places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code for part of the three days, requires the offender to attend for the suspended part of the term a
drivers' intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three consecutive days that the offender does not spend attending the program. The court may require the offender, as a condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Chapter 5119. of the Revised Code by the director of mental health and addiction services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(i) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(i) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to section 5119.38 of the Revised Code. As used in this division, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to
attend a drivers' intervention program, or if the jail at which
the offender is to serve the jail term imposed can provide a
driver's intervention program, the court shall sentence the
offender to a mandatory jail term of at least six consecutive
days.

If the court grants unlimited driving privileges to a
first-time offender under section 4510.022 of the Revised Code,
all penalties imposed upon the offender by the court under
division (G)(1)(a)(ii) of this section for the offense apply,
except that the court shall suspend any mandatory or additional
jail term imposed by the court under division (G)(1)(a)(ii) of
this section upon granting unlimited driving privileges in
accordance with section 4510.022 of the Revised Code.

The court may require the offender, under a community control
sanction imposed under section 2929.25 of the Revised Code, to
attend and satisfactorily complete any treatment or education
programs that comply with the minimum standards adopted pursuant
to Chapter 5119. of the Revised Code by the director of mental
health and addiction services, in addition to the required
attendance at drivers' intervention program, that the operators of
the drivers' intervention program determine that the offender
should attend and to report periodically to the court on the
offender's progress in the programs. The court also may impose any
other conditions of community control on the offender that it
considers necessary.

(iii) In all cases, a fine of not less than three hundred
seventy-five and not more than one thousand seventy-five dollars;

(iv) In all cases, a suspension of the offender's driver's or
commercial driver's license or permit or nonresident operating
privilege for a definite period of one to three years. The court
may grant limited driving privileges relative to the suspension
under sections 4510.021 and 4510.13 of the Revised Code. The court
may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under section 4510.022 of the Revised Code.

(b) Except as otherwise provided in division (G)(1)(e) of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to one violation of division (A) or (B) of this section or one other equivalent offense is guilty of a misdemeanor of the first degree. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of ten consecutive days. The court shall impose the ten-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the ten-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction services provider that is authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including
all treatment recommendations and clinical diagnoses related to alcohol use.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of twenty consecutive days. The court shall impose the twenty-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the twenty-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction service provider that is authorized by section 5119.21 of the Revised Code, subject to division (I) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

(iii) In all cases, notwithstanding the fines set forth in Chapter 2929. of the Revised Code, a fine of not less than five hundred twenty-five and not more than one thousand six hundred twenty-five dollars;
(iv) In all cases, a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for a definite period of one to seven years. The court may grant limited driving privileges relative to the suspension under sections 4510.021 and 4510.13 of the Revised Code.

(v) In all cases, if the vehicle is registered in the offender's name, immobilization of the vehicle involved in the offense for ninety days in accordance with section 4503.233 of the Revised Code and impoundment of the license plates of that vehicle for ninety days.

(c) Except as otherwise provided in division (G)(1)(e) of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to two violations of division (A) or (B) of this section or other equivalent offenses is guilty of a misdemeanor. The court shall sentence the offender to all of the following:

(i) If the sentence is being imposed for a violation of division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of thirty consecutive days. The court shall impose the thirty-day mandatory jail term under this division unless, subject to division (G)(3) of this section, it instead imposes a sentence under that division consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the thirty-day mandatory jail term. (J) If a person whose driver's or commercial driver's license or permit or nonresident operating privilege is suspended under this section files an appeal regarding any aspect of the person's trial or sentence, the appeal itself does not stay the operation of the suspension.

The administrator of the office of aviation shall be responsible to the director for the organization, direction, and supervision of the work of the office and the exercise of the powers and the performance of the duties assigned to the office. Subject to Chapter 124. of the Revised Code and civil service regulations, the administrator, with the approval of the director, shall select and appoint the necessary employees. The director also may employ experts for assistance in any specific matter at a reasonable rate of compensation.

Sec. 4561.05. The department of transportation shall administer Chapter 4561. of the Revised Code. The department may adopt and promulgate such rules as it determines necessary to carry out this chapter.

The department may issue and amend orders, and make,
promulgate, and amend, reasonable general and special rules and 64054
procedure, and establish minimum standards, and create application 64055
forms and establish application fees for permits issued under this 64056
chapter.

The department may establish safety rules governing 64058
obstructions, air navigation hazards, and the location, size, use, 64059
and equipment of airports and landing areas, and rules governing 64060
air marking, the use of signs or lights designed to be visible 64061
from the air, and other air navigation facilities.

All rules and amendments thereto, prescribed by the 64063
department, shall conform to and coincide with, so far as 64064
possible, the "Civil Aeronautics Act of 1938," 52 Stat. 973, 49 64065
U.S.C. 401, as amended, passed by the congress of the United 64066
States, and the air commerce regulations issued pursuant thereto 64067
any federal laws and regulations governing aviation and air 64068
navigation, including 49 U.S.C. 401 to 501 and 14 C.F.R. part 77, 64069
as amended.

All acts of the department authorized under this section 64070
shall be carried on in conformity with Chapter 119. of the Revised 64071
Code.

Sec. 4561.31. (A)(1) Except as provided in divisions (D), (E), and (F) 64072
of this section, no person shall install, erect, construct, establish, or 64073
commence to install, erect, construct, or establish, any structure or object of natural growth in this 64074
state, any part of which will penetrate or is reasonably expected 64075
to penetrate into or through any airport's clear zone surface, 64076
horizontal surface, conical surface, primary surface, approach 64077
surface, or transitional surface navigable airspace without first 64078
obtaining a permit from the department of transportation under 64079)section 4561.34 of the Revised Code. The replacement of an 64080
existing structure or object of natural growth with, respectively,
a structure or object that is not more than ten feet or twenty per cent higher than the height of the existing structure or object, whichever is higher, does not constitute commencing to install a structure or object, except when any part of the structure or object will penetrate or is reasonably expected to penetrate into or through any airport's clear zone surface, horizontal surface, conical surface, primary surface, approach surface, or transitional surface. Such replacement of a like structure or object is not exempt from any other requirements of state or local law.

(2) No person shall substantially change, as determined by the department, the height or location of any structure or object of natural growth in this state, any part of which, as a result of such change, will penetrate or is reasonably expected to penetrate into or through any airport's clear zone surface, horizontal surface, conical surface, primary surface, approach surface, or transitional surface navigable airspace, and for which installation had commenced or which was already installed prior to October 15, 1991, without first obtaining a permit from the department under section 4561.34 of the Revised Code. This division does not exempt the structure or object from any other requirements of state or local law.

(3) No person shall substantially change, as determined by the department, the height or location of any structure or object of natural growth for which a permit was issued pursuant to section 4561.34 of the Revised Code, without first obtaining an amended permit from the department under that section.

(B) No person shall install, erect, construct, establish, operate, or maintain any structure or object of natural growth for which a permit has been issued under section 4561.34 of the Revised Code, except in compliance with the permit's terms and
conditions and with any rules or orders issued under sections 4561.30 to 4561.39 of the Revised Code this chapter.

(C) The holder of a permit issued under section 4561.34 of the Revised Code, with the department's approval, may transfer the permit to another person who agrees to comply with its terms and conditions.

(D) Any person who receives a permit to construct, establish, substantially change, or substantially alter a structure or object of natural growth from an airport zoning board on or after October 15, 1991, under Chapter 4563. of the Revised Code is not required to apply for a permit from the department under sections 4561.30 to 4561.39 of the Revised Code, provided that the airport zoning board has adopted airport zoning regulations pursuant to section 4563.032 of the Revised Code.

(E) Any person who receives a certificate from the power sitting board pursuant to section 4906.03 or 4906.10 of the Revised Code on or after October 15, 1991, is not required to apply for a permit from the department under sections 4561.30 to 4561.39 of the Revised Code this chapter.

(F) Any person who, in accordance with 14 C.F.R. 77.11 to 77.19 part 77, notified the federal aviation administration prior to June 1, 1991, that the person proposes to construct, establish, substantially change, or substantially alter a structure or object of natural growth is not required to apply for a permit from the department under sections 4561.30 to 4561.39 of the Revised Code this chapter in connection with the construction, establishment, substantial change, or substantial alteration of the structure or object of natural growth either as originally proposed to the federal aviation administration or as altered as the person or the federal aviation administration considers necessary, provided that the federal aviation administration, pursuant to 14 C.F.R. Part part 77, does not determine that the proposed construction,
establishment, substantial change, or substantial alteration of
the structure or object of natural growth would be a hazard to air
navigation.

(C) (1) Whoever violates division (A) (1) or (2) of this
section is guilty of a misdemeanor of the third degree. Each day
of violation constitutes a separate offense.

(2) (F) Whoever violates division (A) (3) or (B) of this
section is guilty of a misdemeanor of the first degree. Each day
of violation constitutes a separate offense.

Sec. 4561.32. (A) In accordance with Chapter 119. of the
Revised Code, the department of transportation shall adopt, and
may amend and rescind, any rules necessary to administer sections
4561.30 to 4561.39 of the Revised Code and shall adopt rules based
in whole upon the obstruction standards set forth in 14 C.F.R.
77.21 to 77.29 part 77, as amended, to uniformly regulate the
height and location of structures and objects of natural growth in
any airport's clear zone surface, horizontal surface, conical
surface, primary surface, approach surface, or transitional
surface navigable airspace. The rules shall provide that the
department may grant a permit under section 4561.34 of the Revised
Code that includes a waiver from full compliance with the
obstruction standards. The rules shall also provide that the
department shall base its decision on whether to grant such a
waiver on sound aeronautic principles, as set out in F.A.A.
technical manuals, as amended, including advisory circular
150/5300-13, "airport design standards"; 7400.2c, "airspace
procedures handbook,"; and the U.S. terminal procedures handbook.

(B) The department may conduct any studies or investigations
it considers necessary to carry out sections 4561.30 4561.31 to
4561.39 4561.99 of the Revised Code.
Sec. 4561.33. (A) An applicant for a permit required by section 4561.31 of the Revised Code shall file with the department of transportation an application made on forms the department prescribes, which shall contain the following information:

(1) A description of the structure or object of natural growth for which the permit is sought, its location, and the planned date of commencement of installation;

(2) A statement explaining the need for the structure or object;

(3) A statement of the reasons why the proposed location is best suited for the structure or object;

(4) Any additional information the applicant considers relevant or the department requires.

An application for an amended permit shall be in the form and contain the information the department prescribes.

In lieu of an application prescribed by the department, an applicant may file a copy of the federal aviation administration's form 7460-1, notice of proposed construction or alteration do the following not less than forty-five days nor more than two years prior to the proposed installation, erection, construction, establishment, change, alteration, or use:

(1) File a completed federal aviation administration "notice of proposed construction or alteration" form 7460-1 with the federal aviation administration;

(2) If the office of aviation requires the submission of an application in addition to the submission of form 7460-1, file a completed application with the office of aviation in the form and containing the information required by the office of aviation.

The applicant also shall pay any applicable fees at the time the applicant submits the form, application, or both, as
applicable.

The time period within which an application must be submitted may be waived at the discretion of the administrator of the office of aviation for unforeseen emergencies.

(B) An applicant for an amended permit shall file a completed application with the office of aviation if the applicant has received notice of the denial of a permit from the office. The applicant shall submit the application in the form and containing the information required by the office of aviation not less than thirty days nor more than two years prior to the planned date of commencement of installation or substantial change. This period may be waived by the department for unforeseen emergencies.

(C) If the structure or object in the application could have a potential impact on a military installation, as such an impact is described in the airfield land use compatibility study of that military installation, the applicant shall send, within seven days after the filing of his application, a copy of the application to the commander of the installation and the appropriate branch of the United States department of defense.

(D) It is not necessary that ownership of, option for, or other possessory right to a specific site be held by the applicant before an application may be filed under this section.

(E) If the department has reason to believe that any person has installed, erected, constructed, established, changed, or altered, or is commencing to install, erect, construct, establish, change, or alter, a structure or object of natural growth for which a permit appears to be required under section 4561.31 of the Revised Code, but concerning which no application for a permit under section 4561.34 of the Revised Code has been filed, the department shall issue an order to such person to appear before the department and show cause why a permit need not be obtained.
Sec. 4561.34. (A) The department of transportation, subject to Chapter 119. of the Revised Code, shall grant or deny a permit for which an application has been filed under section 4561.33 of the Revised Code. In determining whether to grant or deny a permit, the department shall determine whether the height and location of a structure or object of natural growth, as set forth in the permit application, will be an obstruction to air navigation based upon the rules adopted under section 4561.32 of the Revised Code if installed, erected, constructed, or established as proposed. In the case of an application to substantially change an existing structure or object, the department shall determine whether the change in the height or location of the structure or object, as set forth in the application, will create such an obstruction. The consideration of safety shall be paramount to considerations of economic or technical factors. In making a determination under this division the department shall render its decision upon the record, but may consider findings and recommendations of other governmental entities and interested persons concerning the proposed structure or object; however, those findings and recommendations are not binding on the department.

(B) The department may grant a permit under this section subject to any modification of the height or location of a structure or object the department considers necessary. In the absence of such modification or unless it grants a waiver from compliance with the obstruction standards, the department shall deny a permit if it determines, in accordance with division (A) of this section, that a proposed structure or object or a change to an existing structure or object, as set forth in the application, would be an obstruction to air navigation based upon the rules adopted under section 4561.32 of the Revised Code.

(C) In rendering a decision on an application for a permit,
the department shall issue an opinion stating its reasons for the action taken. The department shall serve upon the applicant and each party, as provided in division (C) of section 4561.33 of the Revised Code, a copy of its decision regarding a permit and the opinion.

Sec. 4561.341. Pursuant to any consultation with the power siting board regarding an application for certification under section 4906.03 or 4906.10 of the Revised Code, the office of aviation of the division of multi-modal planning and programs of the department of transportation shall review the application to determine whether the facility constitutes or will constitute an obstruction to air navigation based upon the rules adopted under section 4561.32 of the Revised Code. Upon review of the application, if the office determines that the facility constitutes or will constitute an obstruction to air navigation, it shall provide, in writing, this determination and either the terms, conditions, and modifications that are necessary for the applicant to eliminate the obstruction or a statement that compliance with the obstruction standards may be waived, to the power siting board under section 4906.03 or 4906.10 of the Revised Code, as appropriate.

Sec. 4561.36. (A) The department of transportation shall not issue any permit under sections 4561.30 to 4561.39 of the Revised Code this chapter that will result in the creation of an obstruction to air navigation based upon the rules adopted under section 4561.32 of the Revised Code, unless the department waives compliance with the obstruction standards included in those rules.

(B) Sections 4561.30 to 4561.39 of the Revised Code do not authorize the department to restrict the height or location of structures or objects of natural growth under those sections for any reason other than to ensure the safety of
aircraft in landing and taking off at an airport, the safety of persons occupying or using the area, and the security of property.

**Sec. 4561.37.** Sections 4561.30 to 4561.39 of the Revised Code

(A)(1) This chapter and rules adopted under it shall not be construed to require the removal or lowering of, or the making of any other change in, any structure or object of natural growth not conforming to rules or orders of the department of transportation under these sections when adopted or amended, or otherwise interfere with the continuance of any nonconforming use; except that, if ordered by the department, the that was in existence prior to October 15, 1991.

(2) Division (A)(1) of this section does not apply if the structure or object of natural growth is substantially changed, as determined by the department of transportation, after the effective date of this amendment.

(B)(1) If any provision of this chapter or rule adopted under it is enacted, adopted, or amended after a permit has been issued for a structure or object of natural growth under this chapter, the provision does not apply to that structure or object of natural growth.

(2) Division (B)(1) of this section does not apply if the structure or object of natural growth is substantially changed, as determined by the department, after the effective date of the enacted, adopted, or amended provision.

(C) The owner of a nonconforming structure or object with regard to which a nonconforming use is voluntarily discontinued for two years or more, or a nonconforming structure or object that is permanently placed out of service or partially dismantled, destroyed, deteriorated, or decayed shall demolish or remove that structure or object, and, if ordered to do so by the department. If any nonconforming use is voluntarily discontinued for two years
or more, any future use of the premises shall be in conformity with sections 4561.30 to 4561.39 of the Revised Code this chapter.

Sec. 4561.38. With respect to any structure or object of natural growth for which a permit is required under section 4561.34 of the Revised Code, rules adopted or orders issued under sections 4561.30 to 4561.39 of the Revised Code this chapter and the terms and conditions of any permit issued under those sections this chapter prevail in the event of a conflict with any airport zoning regulation adopted under sections 4563.01 to 4563.21 of the Revised Code, any local regulation under section 4905.65 of the Revised Code, any zoning regulation otherwise applicable to the structure or object, or the terms or conditions of any permit issued under sections 4563.01 to 4563.21 of the Revised Code after the effective date of this section October 15, 1991.

Sec. 4561.39. In addition to any other remedy provided by law, the department of transportation may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any alleged violation or threatened violation of sections 4561.30 to 4561.39 of the Revised Code or any rule adopted or order issued under them. The court may grant such relief as may be necessary, including either of the following:

(A) Authorizing the department or an agent of the department to enter upon the property on which the structure or object of natural growth is located;

(B) Authorizing the department or an agent of the department to remove or demolish the structure or object of natural growth or to otherwise correct or abate the violation or threatened violation at the expense of the owner of the property.

Sec. 4561.40. The department of transportation and the office of aviation is not liable for any damages caused by a structure or
object of natural growth that is an obstruction to the navigable airspace if either of the following applies:

(A) The structure or object of natural growth was installed, erected, constructed, established, changed, or altered without a permit issued under this chapter.

(B) A permit was issued under this chapter for the structure or object of natural growth but the structure or object of natural growth was installed, erected, constructed, established, changed, or altered in a manner not in compliance with the terms and conditions of the permit.

Sec. 4563.01. As used in sections 4563.01 to 4563.21 of the Revised Code:

An airport is "publicly owned" if the portion thereof used for the landing and taking off of aircraft is owned, operated, leased to, or leased by the United States, any agency or department thereof, this state or any other state, or any political subdivision of this state or any other state, or any other governmental body, public agency, or public corporation, or any combination thereof.
(B) "Airport hazard" means any structure or object of natural growth or use of land within an airport hazard area that obstructs the air space required for the flight of aircraft in landing or taking off at any airport or is otherwise hazardous to such landing or taking off of aircraft.

(C) "Airport hazard area" means any area of land adjacent to an airport that has been declared to be an "airport hazard area" by the office of aviation in connection with any airport approach plan recommended by the office.

Sec. 4563.032. Any airport zoning board that adopts, administers, and enforces airport zoning regulations for an airport hazard area under section 4563.03 of the Revised Code shall adopt, as regulations, the rules adopted by the department of transportation under section 4561.32 of the Revised Code that are based in whole upon the obstruction standards set forth in 14 C.F.R. 77.21 to 77.29 part 77, as amended, to uniformly regulate the height and location of structures and objects of natural growth in any airport's clear zone surface, horizontal surface, conical surface, primary surface, approach surface, or transitional surface navigable airspace as defined in section 4561.01 of the Revised Code.
Sec. 4582.12. (A)(1) Except as otherwise provided in division (E) of section 307.671 of the Revised Code, division (A) of this section does not apply to a port authority educational and cultural facility acquired, constructed, and equipped pursuant to a cooperative agreement entered into under section 307.671 of the Revised Code.

(2)(a) Except as provided in division (C) of this section or except when the port authority elects to construct a building, structure, or other improvement pursuant to a contract made with a construction manager at risk under sections 9.33 to 9.335 of the Revised Code or with a design-build firm under sections 153.65 to 153.73 of the Revised Code, when the cost of a contract for the construction of any building, structure, or other improvement undertaken by a port authority involves an expenditure exceeding the higher of one two hundred fifty thousand dollars or the amount as adjusted under division (A)(2)(b) of this section and the port authority is the contracting entity, the port authority shall make a written contract after notice calling for bids for the award of the contract has been given by publication twice, with at least seven days between publications, in a newspaper of general circulation in the area of the jurisdiction of the port authority. Each such contract shall be let to the lowest responsive and responsible bidder in accordance with section 9.312 of the Revised Code. Every contract let shall be in writing and if the contract involves work or construction, it shall be accompanied by or shall refer to plans and specifications for the work to be done, prepared for and approved by the port authority, signed by an authorized officer of the port authority and by the contractor, and shall be executed in triplicate.

Each bid shall be awarded in accordance with sections 153.54, 153.57, and 153.571 of the Revised Code.
The port authority may reject any and all bids.

(b) On January 1, 2012, and the first day of January of every even-numbered year thereafter, the director of commerce shall adjust the threshold level for contracts subject to the bidding requirements contained in division (A)(2)(a) of this section. The director shall adjust this amount according to the average increase for each of the two years immediately preceding the adjustment as set forth in the producer price index for material and supply inputs for new nonresidential construction as determined by the bureau of labor statistics of the United States department of labor or, if that index no longer is published, a generally available comparable index. If there is no resulting increase, the threshold shall remain the same until the next scheduled adjustment on the first day of January of the next even-numbered year.

(1) There exists a real and present emergency that threatens damage or injury to persons or property of the port authority or other persons, provided that a statement specifying the nature of the emergency that is the basis for the negotiation and award of a contract without competitive bidding shall be signed by the officer of the port authority that executes that contract at the time of the contract's execution and shall be attached to the contract.

(2) A commonly recognized industry or other standard or specification does not exist and cannot objectively be articulated for the improvement.
(3) The contract is for any energy conservation measure as defined in section 307.041 of the Revised Code.

(4) With respect to material to be incorporated into the improvement, only a single source or supplier exists for the material.

(5) A single bid is received by the port authority after complying with the provisions of division (A) of this section.

(C)(1) If a contract is to be negotiated and awarded without competitive bidding for the reason set forth in division (B)(2) of this section, the port authority shall publish a notice calling for technical proposals at least twice, with at least seven days between publications, in a newspaper of general circulation in the area of the port authority. After receipt of the technical proposals, the port authority may negotiate with and award a contract for the improvement to the proposer making the proposal considered to be the most advantageous to the port authority.

(2) If a contract is to be negotiated and awarded without competitive bidding for the reason set forth in division (B)(4) of this section, any construction activities related to the incorporation of the material into the improvement also may be provided without competitive bidding by the source or supplier of that material.

after the date the board, in accordance with section 119.07 of the Revised Code and division (J) of this section, notifies the individual or owner of the board's intent to act against the individual or owner under division (A) of this section, the board by a majority vote of a quorum of the board members may take the action against the individual or owner without holding an adjudication hearing.

(C) No person who holds a funeral home license for a funeral home that is closed, or that is owned by a funeral business in
which changes in the ownership of the funeral business result in a majority of the ownership of the funeral business being held by one or more persons who solely or in combination with others did not own a majority of the funeral business immediately prior to the change in ownership, shall fail to submit to the board within thirty days after the closing or such change in ownership of the funeral business owning the funeral home, a clearly enumerated account of all of the following from which the licensee, at the time of the closing or change in ownership of the funeral business and in connection with the funeral home, was to receive payment for providing the funeral services, funeral goods, or any combination of those in connection with the funeral or final disposition of a dead human body:

(D)(1) No person who holds a funeral home license for a funeral home that is closed shall negligently fail to send written notice to the purchaser of every preneed funeral contract to which the funeral business is a party via first class United States mail. Such notice shall be addressed to the purchaser's last known address and shall explain that the funeral business is being
closed and the name of any funeral business that has been
designated to assume the obligations of the preneed contract.

(2) Within thirty days of the closing of a funeral home, no
person who held the funeral home license for the closed funeral
home shall negligently fail to transfer all preneed contracts to
the funeral home or funeral homes that have been designated to

**Sec. 4717.14.** (A) The board of embalmers and funeral
directors may refuse to grant or renew, or may suspend or revoke,
any license or permit issued under this chapter or may require the
holder of a license or permit to take corrective action courses
for any of the following reasons:

(1) The holder of a license was or permit obtained the
license or permit by fraud or misrepresentation either in the
application or in passing the examination.

(2) The applicant or licensee, or permit holder has been
convicted of or has pleaded guilty to a felony or of any crime
involving moral turpitude.

(3) The applicant or licensee, or permit holder has
purposely violated any provision of sections 4717.01 to 4717.15 or
a rule adopted under any of those sections; division (A) or (B) of
section 4717.23; division (B)(1) or (2), (C)(1) or (2), (D), (E),
or (F)(1) or (2), or divisions (H) to (K) of section 4717.26;
division (D)(1) of section 4717.27; or divisions (A) to (C) of
section 4717.28 of the Revised Code; or any provisions of sections
4717.31 to 4717.38 of the Revised Code; any rule or order of the
department of health or a board of health of a health district governing the disposition of dead human bodies; or any other rule or order applicable to the applicant or licensee.

(4) The applicant or licensee has committed immoral or unprofessional conduct.

(5) The applicant or licensee knowingly permitted an unlicensed person, other than a person serving an apprenticeship, to engage in the profession or business of embalming or funeral directing under the applicant's or licensee's supervision.

(6) The applicant or licensee has been habitually intoxicated, or is addicted to the use of morphine, cocaine, or other habit-forming or illegal drugs.

(7) The applicant or licensee has refused to promptly submit the custody of a dead human body or cremated remains upon the express order of the person legally entitled to the body or cremated remains.

(8) The licensee or permit holder loaned the licensee's own license or the permit holder's own permit, or the applicant or licensee, or permit holder borrowed or used the license or permit of another person, or knowingly aided or abetted the granting of an improper license or permit.

(9) The applicant or licensee transferred a license to operate a funeral home, embalming facility, or crematory from one owner or operator to another, or from one location to another, without notifying the board.

(10) The applicant or licensee, or permit holder misled the public by using false or deceptive advertising. As used in this division, "false and deceptive advertising" includes, but is not limited to, any of the following:

(a) Using the names of persons who are not licensed to
practice funeral directing in a way that leads the public to believe that such persons are engaging in funeral directing;

(b) Using any name for the funeral home other than the name under which the funeral home is licensed;

(c) Using in the funeral home's name the surname of an individual who is not directly, actively, or presently associated with the funeral home, unless such surname has been previously and continuously used by the funeral home.

(B)(1) The board of embalmers and funeral directors shall refuse to grant or renew, or shall suspend or revoke, an embalmer's, funeral director's, funeral home, or embalming facility a license or permit only in accordance with Chapter 119. of the Revised Code.

(2) The board shall send to the crematory review board written notice that it proposes to refuse to issue or renew, or proposes to suspend or revoke, a license to operate a crematory facility. If, after the conclusion of the adjudicatory hearing on the matter conducted under division (F) of section 4717.03 of the Revised Code, the board of embalmers and funeral directors finds that any of the circumstances described in divisions (A)(1) to (10) of this section apply to the person named in its proposed action, the board may issue a final order under division (F) of section 4717.03 of the Revised Code refusing to issue or renew, or suspending or revoking, the person's license to operate a crematory facility.

(C) If the board of embalmers and funeral directors determines that there is clear and convincing evidence that any of the circumstances described in divisions (A)(1) to (10) of this section apply to the holder of a license or permit issued under this chapter and that the licensee's or permit holder's continued practice presents a danger of immediate and serious harm to the
public, the board may suspend the licensee's license or permit holder's permit without a prior adjudicatory hearing. The executive director of the board shall prepare written allegations for consideration by the board.

The board, after reviewing the written allegations, may suspend a license or permit without a prior hearing.

The board shall issue a written order of suspension by a delivery system or in person in accordance with section 119.07 of the Revised Code. Such an order is not subject to suspension by the court during the pendency of any appeal filed under section 119.12 of the Revised Code. If the licensee or permit holder of an embalmer's, funeral director's, funeral home, or embalming facility license requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the licensee or permit holder has requested a hearing, unless the board and the licensee or permit holder agree to a different time for holding the hearing.

Upon issuing a written order of suspension to the holder of a license to operate a crematory facility, the board of embalmers and funeral directors shall send written notice of the issuance of the order to the crematory review board. The crematory review board shall hold an adjudicatory hearing on the order under division (F) of section 4717.03 of the Revised Code within fifteen days, but not earlier than seven days, after the issuance of the order, unless the crematory review board and the licensee agree to a different time for holding the hearing.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicatory order issued by the board of embalmers and funeral directors pursuant to this division and Chapter 119. of the Revised Code, or division (F) of section 4717.03 of the Revised Code, as applicable, becomes effective. The board of embalmers and
funeral directors shall issue its final adjudicatory order within sixty days after the completion of its hearing or, in the case of the summary suspension of a license to operate a crematory facility, within sixty days after completion of the adjudicatory hearing by the crematory review board. A failure to issue the order within that time results in the dissolution of the summary suspension order, but does not invalidate any subsequent final adjudicatory order.

(D) If the board of embalmers and funeral directors suspends or revokes a funeral director's license held by a funeral director or a license to operate a funeral home for any reason identified in division (A) of this section, the board may file a complaint with the court of common pleas in the county where the violation occurred requesting appointment of a receiver and the sequestration of the assets of the funeral home that held the suspended or revoked license or the licensed funeral home that employs the funeral director that held the suspended or revoked license. If the court of common pleas is satisfied with the application for a receivership, the court may appoint a receiver.

The board or a receiver may employ and procure whatever assistance or advice is necessary in the receivership or liquidation and distribution of the assets of the funeral home, and, for that purpose, may retain officers or employees of the funeral home as needed. All expenses of the receivership or liquidation shall be paid from the assets of the funeral home and shall be a lien on those assets, and that lien shall be a priority to any other lien.

(E) Any holder of a license or permit issued under this chapter who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in this state for aggravated murder, murder, voluntary
manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary, or who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in another jurisdiction for any substantially equivalent criminal offense, is hereby suspended from practice under this chapter by operation of law, and any license or permit issued to the individual under this chapter is hereby suspended by operation of law as of the date of the guilty plea, verdict or finding of guilt, or judicial finding of eligibility for treatment in lieu of conviction, regardless of whether the proceedings are brought in this state or another jurisdiction. The board shall notify the suspended individual of the suspension of the individual's license or permit by the operation of this division by a delivery system or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is suspended under this division fails to make a timely request for an adjudicatory hearing, the board shall enter a final order revoking the license.

(F) No person whose license or permit has been suspended or revoked under or by the operation of this section shall knowingly practice embalming or funeral directing, or cremation, or operate a funeral home, embalming facility, or crematory facility until the board has reinstated the person's license or permit.

Sec. 4717.15. (A) The board of embalmers and funeral directors, without the necessity for conducting a prior adjudication hearing, may issue a notice of violation to the holder of an embalmer's, funeral director's, funeral home, or embalming facility, or crematory facility license, or a crematory operator permit or a courtesy card permit issued under this chapter who the board finds has committed any of the violations
described in division (A)(9)(a) to (g) of section 4717.04 of the Revised Code. The notice shall set forth the specific violation committed by the licensee or permit holder and shall be sent by certified mail. The notice shall be accompanied by an order requiring the payment of the appropriate forfeiture prescribed in rules adopted under division (A)(9) of section 4717.04 of the Revised Code and by a notice informing the licensee or permit holder that the licensee is entitled to an adjudicatory hearing on the notice of violation and order if the licensee or permit holder requests a hearing and if the board receives the request within thirty days after the mailing of the notice of violation and order. The board shall conduct any such adjudicatory hearing in accordance with Chapter 119. of the Revised Code, except as otherwise provided in this division.

A licensee or permit holder who receives a notice of violation and order under this division shall pay to the executive director of the board the full amount of the forfeiture by certified check within thirty days after the notice of violation and order were mailed to the licensee or permit holder unless, within that time, the licensee or permit holder submits a request for an adjudicatory hearing on the notice of violation and order. If such a request for an adjudicatory hearing is timely filed, the licensee or permit holder need not pay the forfeiture to the executive director until after a final, nonappealable administrative or judicial decision is rendered on the order requiring payment of the forfeiture. If a final nonappealable administrative or judicial decision is rendered affirming the board's order, the licensee or permit holder shall pay to the executive director of the board the full amount of the forfeiture by certified check within thirty days after notice of the decision was sent to the licensee. A forfeiture is considered to be paid when the licensee's or permit holder's certified check is received by the executive director in Columbus. If the licensee or permit holder...
holder fails to so pay the full amount of the forfeiture to the executive director within that time, the board shall issue an order suspending or revoking the individual's license or permit, as the board considers appropriate.

(B) The board shall send to the crematory review board written notice that it proposes to issue to the holder of a license to operate a crematory facility issued under this chapter a notice of violation and order requiring payment of a forfeiture specified in rules adopted under division (A)(9) of section 4717.04 of the Revised Code. If, after the conclusion of the adjudicatory hearing on the matter conducted under division (F) of section 4717.03 of the Revised Code, the board of embalmers and funeral directors finds that the licensee has committed any of the violations described in divisions (A)(9)(a) to (g) of section 4717.04 of the Revised Code in connection with the operation of a crematory facility or cremation, the board of embalmers and funeral directors may issue a final order under division (F) of section 4717.03 of the Revised Code requiring payment of the appropriate forfeiture specified in rules adopted under division (A)(9) of section 4717.04 of the Revised Code. A licensee who receives such an order shall pay the full amount of the forfeiture to the executive director by certified check within thirty days after the order was sent to the licensee unless, within that time, the licensee files a notice of appeal in accordance with division (F) of section 4717.03 and section 119.12 of the Revised Code. If such a notice of appeal is timely filed, the licensee or permit holder need not pay the forfeiture to the executive director until after a final, nonappealable judicial decision is rendered in the appeal. If a final, nonappealable judicial decision is rendered affirming the board's order, the licensee or permit holder shall pay to the executive director the full amount of the forfeiture by certified check within thirty days after notice of the decision was sent to the licensee or
permit holder. A forfeiture is considered paid when the licensee's or permit holder's certified check is received by the executive director in Columbus. If the licensee or permit holder fails to so pay the full amount of the forfeiture to the executive director within that time, the board shall issue an order suspending or revoking the individual's license, as the board considers appropriate.

Sec. 4717.16. On receipt of a notice pursuant to section 3123.43 of the Revised Code, the board of embalmers and funeral directors shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to a license or permit issued pursuant to this chapter.

Sec. 4717.21. (A) Any person, on an antemortem basis, may serve as the person's own authorizing agent, authorize the person's own cremation, and specify the arrangements for the final disposition of the person's own cremated remains by executing an antemortem cremation authorization form. A guardian, custodian, or other personal representative who is authorized by law or contract to do so on behalf of a person, on an antemortem basis, may authorize the cremation of the person and specify the arrangements for the final disposition of the person's cremated remains by executing an antemortem cremation authorization form on the person's behalf. Any such antemortem cremation authorization form also shall be signed by one witness. The original copy of the executed authorization form shall be sent to the operator of the crematory facility being authorized to conduct the cremation, and a copy shall be retained by the person who executed the authorization form. The person who executed an antemortem cremation authorization form may revoke the authorization at any time by providing written notice of the revocation to the operator.
of the crematory facility named in the authorization form. The person who executed the authorization form may transfer the authorization to another crematory facility by providing written notice to the operator of the crematory facility named in the original authorization of the revocation of the authorization and, in accordance with this division, executing a new antemortem cremation authorization form authorizing the operator of another crematory facility to conduct the cremation.

(B)(1) Each antemortem cremation authorization form shall specify the final disposition that is to be made of the cremated remains.

(2) Every antemortem cremation authorization form entered into on or after the effective date of this amendment October 12, 2006, shall specify the final disposition that is to be made of the remains and shall include a provision in substantially the following form:

NOTICE: Upon the death of the person who is the subject of this antemortem cremation authorization, the person holding the right of disposition under section 2108.70 or 2108.81 of the Revised Code may cancel the cremation arrangements, modify the arrangements for the final disposition of the cremated remains, or make alternative arrangements for the final disposition of the decedent's body. However, the person executing this antemortem cremation authorization is encouraged to state his or her preferences as to the manner of final disposition in a declaration of the right of disposition pursuant to section 2108.72 of the Revised Code, including that the arrangements set forth in this form shall be followed.

(C)(1) Except as provided in division (C)(2) of this section, when the operator of a crematory facility is in possession of a cremation authorization form that has been executed on an antemortem basis in accordance with this section, the other
conditions set forth in division (A) of section 4717.23 of the Revised Code have been met, the crematory facility has possession of the decedent to which the antemortem authorization pertains, and the crematory facility has received payment for the cremation of the decedent and the final disposition of the cremated remains of the decedent or is otherwise assured of payment for those services, the crematory facility shall cremate the decedent as directed and dispose of the cremated remains in accordance with the instructions contained in the antemortem cremation authorization form.

(2) A person with the right of disposition for a decedent under section 2108.70 or 2108.81 of the Revised Code who is not disqualified under section 2108.75 of the Revised Code may cancel the arrangements for the decedent's cremation, modify the arrangements for the final disposition of the decedent's cremated remains, or make alternative arrangements for the final disposition of the decedent's body. If a person with the right takes any such action, the operator crematory facility shall disregard the instructions contained in the antemortem cremation authorization form and follow the instructions of the person with the right.

(D) An antemortem cremation authorization form executed under division (A) of this section does not constitute a contract for conducting the cremation of the person named in the authorization form or for the final disposition of the person's cremated remains. Despite the existence of such an antemortem cremation authorization, a person with the right of disposition for a decedent under section 2108.70 or 2108.81 of the Revised Code may modify, in writing, the arrangements for the final disposition of the cremated remains of the decedent set forth in the authorization form or may cancel the cremation and claim the decedent's body for purposes of making alternative arrangements.
for the final disposition of the decedent's body. The revocation 68979
of an antemortem cremation authorization form executed under 68980
division (A) of this section, or the cancellation of the cremation 68981
of the person named in the antemortem authorization or 68982
modification of the arrangements for the final disposition of the 68983
person's cremated remains as authorized by this division, does not 68984
affect the validity or enforceability of any contract entered into 68985
for the cremation of the person named in the antemortem 68986
authorization or for the final disposition of the person's 68987
cremated remains.

(E) Nothing in this section applies to any antemortem 68988
cremation authorization form executed prior to the effective date 68989
of this section August 5, 1998. Any cemetery, funeral home, 68990
crematory facility, or other party may specify, with the written 68991
approval of the person who executed the antemortem authorization, 68992
that such an antemortem authorization is subject to sections 68993
4717.21 to 4717.30 of the Revised Code.

Sec. 4717.23. (A) No crematory operator of a or crematory 68994
facility shall cremate or allow the cremation at a crematory 68995
facility the operator is licensed to operate under this chapter of 68996
a dead human body, other than one that was donated to science for 68997
purposes of medical education or research, until all of the 68998
following have occurred:

(1) A period of at least twenty-four hours has elapsed since 68999
the decedent's death as indicated on a complete, nonprovisional 69000
death certificate filed under section 3705.16 of the Revised Code 69001
or under the laws of another state that are substantially 69002
equivalent to that section, unless, if the decedent died from a 69003
virulent communicable disease, the department of health or board 69004
of health having territorial jurisdiction where the death of the 69005
decedent occurred requires by rule or order the cremation to occur 69006
prior to the end of that period;

(2) The operator crematory facility has received a burial or burial-transit permit that authorizes the cremation of the decedent;

(3) The operator crematory facility has received a completed cremation authorization form executed pursuant to section 4717.21 or 4717.24 of the Revised Code, as applicable, that authorizes the cremation of the decedent. A blank cremation authorization form shall be provided by the operator crematory facility and shall comply with section 4717.24 of the Revised Code and, if applicable, section 4717.21 of the Revised Code.

(4) The operator crematory facility has received any other documentation required by this state or a political subdivision of this state.

(B) No crematory operator of a crematory facility shall cremate or allow the cremation of any body parts, including, without limitation, dead human bodies that were donated to science for purposes of medical research or education, at a crematory facility the operator is licensed to operate in this state until both of the following have occurred:

(1) The operator crematory facility has received a completed cremation authorization form executed pursuant to section 4717.25 of the Revised Code or, if the decedent has executed an antemortem cremation authorization form in accordance with section 4717.21 of the Revised Code and has donated the decedent's body to science for purposes of medical education or research, such an antemortem cremation authorization form;

(2) The operator crematory facility has received any other documentation required by this state or a political subdivision of this state.
Sec. 4717.24. (A) A cremation authorization form authorizing the cremation of a dead human body, other than one that was donated to science for purposes of medical education or research, shall include at least all of the following information and statements:

(1) A statement that the decedent has been identified in accordance with division (B) of this section;

(2) The name of the funeral director or other individual who obtained the burial or burial-transit permit authorizing the cremation of the decedent;

(3) The name of the authorizing agent and the relationship of the authorizing agent to the decedent;

(4) A statement that the authorizing agent in fact has the right to authorize cremation of the decedent and that the authorizing agent does not have actual knowledge of the existence of any living person who has a superior priority right to act as the authorizing agent under section 4717.22 of the Revised Code. If the person executing the cremation authorization form knows of another living person who has such a superior priority right, the authorization form shall include a statement indicating that the person executing the authorization form has made reasonable efforts to contact the person having the superior priority right and has been unable to do so and that the person executing the authorization form has no reason to believe that the person having the superior priority right would object to the cremation of the decedent.

(5) A statement of whether the authorizing agent has actual knowledge of the presence in the decedent of a pacemaker, defibrillator, or any other mechanical or radioactive device or implant that poses a hazard to the health or safety of personnel performing the cremation;
(6) A statement indicating the crematory facility is to cremate the casket or alternative container in which the decedent was delivered to or accepted by the crematory facility;

(7) A statement of whether the crematory facility is authorized to simultaneously cremate the decedent in the same cremation chamber with one or more other decedents who were related to the decedent named in the cremation authorization form by consanguinity or affinity or who, at any time during the one-year period preceding the decedent's death, lived with the decedent in a common law marital relationship or otherwise cohabited with the decedent. A cremation authorization form executed under this section shall not authorize the simultaneous cremation of a decedent in the same cremation chamber with one or more other decedents except under the circumstances described in the immediately preceding sentence.
