(3) Of the amount paid to an approved institution under division (D)(2) of this section, the institution may use the amount that is in addition to the student's career pathway training amount and the student's work readiness training amount for the associated services of the approved program of study. These services include counseling, advising, assessment, and other services as determined or required by the department.

(4) If the superintendent and the chancellor determine that it is appropriate for an entity other than the department to make full or partial payments for an eligible student under division (D)(2) of this section, that entity shall make those payments and the department shall not make those payments.

The department of education and the department of job and family services, in consultation with the governor's office of workforce transformation, shall establish an option for career-technical education students to participate in pre-apprenticeship training programs that impart the skills and knowledge needed for successful participation in a registered apprenticeship occupation course.

Sec. 3314.016. This section applies to any entity that sponsors a community school, regardless of whether section
3314.021 or 3314.027 of the Revised Code exempts the entity from the requirement to be approved for sponsorship under divisions (A)(2) and (B)(1) of section 3314.015 of the Revised Code. The office of Ohio school sponsorship established under section 3314.029 of the Revised Code shall be rated under division (B) of this section, but divisions (A) and (C) of this section do not apply to the office.

(A) An entity that sponsors a community school shall be permitted to enter into contracts under section 3314.03 of the Revised Code to sponsor additional community schools only if the entity meets all of the following criteria:

1. The entity is in compliance with all provisions of this chapter requiring sponsors of community schools to report data or information to the department of education.

2. The entity is not rated as "ineffective" under division (B)(6) of this section.

3. Except as set forth in sections 3314.021 and 3314.027 of the Revised Code, the entity has received approval from and entered into an agreement with the department of education pursuant to section 3314.015 of the Revised Code.

(B)(1) Beginning with the 2015-2016 school year, the department shall develop and implement an evaluation system that annually rates and assigns an overall rating to each entity that sponsors a community school. That evaluation system shall be developed and posted on the department's web site by the fifteenth day of July of each school year. Any changes to the evaluation system after that date shall take effect the following year. The evaluation system shall be based on the following components:

(a) Academic performance of students enrolled in community schools sponsored by the same entity. The academic performance...
component shall be derived from the performance measures prescribed for the state report cards under section 3302.03 or 3314.017 of the Revised Code, and shall be based on the performance of the schools for the school year for which the evaluation is conducted. In addition to the academic performance for a specific school year, the academic performance component shall also include year-to-year changes in the overall sponsor portfolio. For a community school for which no graded performance measures are applicable or available, the department shall use nonreport card performance measures specified in the contract between the community school and the sponsor under division (A)(4) of section 3314.03 of the Revised Code.

If the department uses a component prescribed under division (C)(3) of section 3302.03 of the Revised Code to calculate the academic performance component specified under division (B)(1)(a) of this section, the department shall weight the progress component specified under division (C)(3)(c) of section 3302.03 of the Revised Code at sixty per cent of the total score for the academic performance component under this section.

(b) Adherence by a sponsor to the quality practices prescribed by the department under division (B)(3) of this section. For a sponsor that was rated "effective" or "exemplary" on its most recent rating, the department may evaluate that sponsor's adherence to quality practices once over a period of three years. If the department elects to evaluate a sponsor once over a period of three years, the most recent rating for a sponsor's adherence to quality practices shall be used when determining an annual overall rating conducted under this section.

(c) Compliance with all applicable laws and administrative rules by an entity that sponsors a community school.

(2) In calculating an academic performance component, the department shall exclude all community schools that have been in
operation for not more than two full school years and all community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code. However, the academic performance of the community schools described in division (A)(4)(b) of section 3314.35 of the Revised Code shall be reported, but shall not be used as a factor when determining a sponsoring entity's rating under this section.

(3) The department, in consultation with entities that sponsor community schools, shall prescribe quality practices for community school sponsors and develop an instrument to measure adherence to those quality practices. The quality practices shall be based on standards developed by the national association of charter school authorizers or any other nationally organized community school organization.

(4)(a) The department may permit peer review of a sponsor's adherence to the quality practices prescribed under division (B)(3) of this section. Peer reviewers shall be limited to individuals employed by sponsors rated "effective" or "exemplary" on the most recent ratings conducted under this section.

(b) The department shall require individuals participating in peer review under division (B)(4)(a) of this section to complete training approved or established by the department.

(c) The department may enter into an agreement with another entity to provide training to individuals conducting peer review of sponsors. Prior to entering into an agreement with an entity, the department shall review and approve of the entity's training program.

(5) Not later than July 1, 2013, the state board of education shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing standards for measuring compliance with applicable laws and rules under division (B)(1)(c) of this
section.

(6) The department annually shall rate all entities that sponsor community schools as either "exemplary," "effective," "ineffective," or "poor," based on the components prescribed by division (B) of this section, where each component is weighted equally. A separate rating shall be given by the department for each component of the evaluation system.

The department shall publish the ratings between the first day of October and the fifteenth day of October.

The department shall provide training on an annual basis regarding the evaluation system prescribed under this section. The training shall, at a minimum, describe methodology, timelines, and data required for the evaluation system. The first training session shall occur not later than thirty days after the effective date of this section March 2, 2016. Beginning in 2018, the training shall be made available to each entity that sponsors a community school by the fifteenth day of July of each year and shall include guidance on any changes made to the evaluation system.

If the department uses a points system to determine component ratings and overall ratings under this section, the department shall not assign an automatic overall rating to an entity based solely on the entity receiving an equivalent score of zero points on one or more of the individual components prescribed in division (B)(1)(b) or (c) of this section. An overall rating shall be the cumulative score of the individual components prescribed under this section unless the entity receives a score of zero on the academic performance component prescribed in division (B)(1)(a) of this section.

(7)(a) Entities with an overall rating of "exemplary" for at least two consecutive years may take advantage of the following...
incentives:

(i) Renewal of the written agreement with the department, not to exceed ten years, provided that the entity consents to continued evaluation of adherence to quality practices as described in division (B)(1)(b) of this section;

(ii) The ability to extend the term of the contract between the sponsoring entity and the community school beyond the term described in the written agreement with the department;

(iii) An exemption from the preliminary agreement and contract adoption and execution deadline requirements prescribed in division (D) of section 3314.02 of the Revised Code;

(iv) An exemption from the automatic contract expiration requirement, should a new community school fail to open by the thirtieth day of September of the calendar year in which the community school contract is executed;

(v) No limit on the number of community schools the entity may sponsor;

(vi) No territorial restrictions on sponsorship.

An entity may continue to sponsor any community schools with which it entered into agreements under division (B)(7)(a)(v) or (vi) of this section while rated "exemplary," notwithstanding the fact that the entity later receives a lower overall rating.

(b)(i) Entities that receive an overall rating of "ineffective" shall be prohibited from sponsoring any new or additional community schools during the time in which the sponsor is rated as "ineffective" and shall be subject to a quality improvement plan based on correcting the deficiencies that led to the "ineffective" rating, with timelines and benchmarks that have been established by the department.

(ii) Entities that receive an overall rating of "ineffective"
on their three most recent ratings shall have all sponsorship 35486
authority revoked. Within thirty days after receiving its third 35487
rating of "ineffective," the entity may appeal the revocation of 35488
its sponsorship authority to the superintendent of public 35489
instruction, who shall appoint an independent hearing officer to 35490
carry out a hearing in accordance with Chapter 119. of the Revised 35491
Code. The hearing shall be conducted within thirty days after 35492
receipt of the notice of appeal. Within forty-five days after the 35493
hearing is completed, the state board of education shall determine 35494
whether the revocation is appropriate based on the hearing 35495
conducted by the independent hearing officer, and if determined 35496
appropriate, the revocation shall be confirmed.

(c) Entities that receive an overall rating of "poor" shall 35498
have all sponsorship authority revoked. Within thirty days after 35499
receiving a rating of "poor," the entity may appeal the revocation 35500
of its sponsorship authority to the superintendent of public 35501
instruction, who shall appoint an independent hearing officer to 35502
carry out a hearing in accordance with Chapter 119. of the Revised 35503
Code. The hearing shall be conducted within thirty days after 35504
receipt of the notice of appeal. Within forty-five days after the 35505
hearing is completed, the state board of education shall determine 35506
whether the revocation is appropriate based on the hearing 35507
carried out by the independent hearing officer, and if determined 35508
appropriate, the revocation shall be confirmed.

(8) For the 2014-2015 school year and each school year 35510
thereafter, student academic performance prescribed under division 35511
(B)(1)(a) of this section shall include student academic 35512
performance data from community schools that primarily serve 35513
students enrolled in a dropout prevention and recovery program.

(C) If the governing authority of a community school enters 35515
into a contract with a sponsor prior to the date on which the 35516
sponsor is prohibited from sponsoring additional schools under 35517
division (A) of this section and the school has not opened for
operation as of that date, that contract shall be void and the
school shall not open until the governing authority secures a new
sponsor by entering into a contract with the new sponsor under
section 3314.03 of the Revised Code. However, the department's
office of Ohio school sponsorship, established under section
3314.029 of the Revised Code, may assume the sponsorship of the
school until the earlier of the expiration of two school years or
until a new sponsor is secured by the school's governing
authority. A community school sponsored by the department under
this division shall not be included when calculating the maximum
number of directly authorized community schools permitted under
division (A)(3) of section 3314.029 of the Revised Code.

(D) When an entity's authority to sponsor schools is revoked
pursuant to division (B)(7)(b) or (c) of this section, the office
of Ohio school sponsorship shall assume sponsorship of any schools
with which the original sponsor has contracted for the remainder
of that school year. The office may continue sponsoring those
schools until the earlier of:

(1) The expiration of two school years from the time that
sponsorship is revoked;

(2) When a new sponsor is secured by the governing authority
pursuant to division (C)(1) of section 3314.02 of the Revised
Code.

Any community school sponsored under this division shall not
be counted for purposes of directly authorized community schools
under division (A)(3) of section 3314.029 of the Revised Code.

Sec. 3314.03. A copy of every contract entered into under
this section shall be filed with the superintendent of public
instruction. The department of education shall make available on
its web site a copy of every approved, executed contract filed
with the superintendent under this section.

programs in arts and communications that are not
equipment-intensive, as determined by the department.

(D) A board of education sponsoring a community school may
utilize local funds to make enhancement grants to the school or
may agree, either as part of the contract or separately, to
provide any specific services to the community school at no cost
to the school.

(E) A community school may not levy taxes or issue bonds
secured by tax revenues.

(F) No community school shall charge tuition for the

student who is not a resident of this state.

(G)(1)(a) A community school may borrow money to pay any
necessary and actual expenses of the school in anticipation of the
receipt of any portion of the payments to be received by the
school pursuant to division (C) of this section. The school may
issue notes to evidence such borrowing. The proceeds of the notes
shall be used only for the purposes for which the anticipated
receipts may be lawfully expended by the school.

(b) A school may also borrow money for a term not to exceed
fifteen years for the purpose of acquiring facilities.

(2) Except for any amount guaranteed under section 3318.50 of
the Revised Code, the state is not liable for debt incurred by the
governing authority of a community school.

(H) The department of education shall adjust the amounts
subtracted and paid under division (C) of this section to reflect
any enrollment of students in community schools for less than the
equivalent of a full school year. The state board of education
within ninety days after April 8, 2003, shall adopt in accordance
with Chapter 119. of the Revised Code rules governing the payments
to community schools under this section including initial payments in a school year and adjustments and reductions made in subsequent periodic payments to community schools and corresponding deductions from school district accounts as provided under division (C) of this section. For purposes of this section:

(1) A student shall be considered enrolled in the community school for any portion of the school year the student is participating at a college under Chapter 3365. of the Revised Code.

(2) A student shall be considered to be enrolled in a community school for the period of time beginning on the later of the date on which the school both has received documentation of the student's enrollment from a parent and the student has commenced participation in learning opportunities as defined in the contract with the sponsor, or thirty days prior to the date on which the student is entered into the education management information system established under section 3301.0714 of the Revised Code. For purposes of applying this division and divisions (H)(3) and (4) of this section to a community school student, "learning opportunities" shall be defined in the contract, which shall describe both classroom-based and non-classroom-based learning opportunities and shall be in compliance with criteria and documentation requirements for student participation which shall be established by the department. Any student's instruction time in non-classroom-based learning opportunities shall be certified by an employee of the community school. A student's enrollment shall be considered to cease on the date on which any of the following occur:

(a) The community school receives documentation from a parent terminating enrollment of the student.

(b) The community school is provided documentation of a student's enrollment in another public or private school.
(c) The community school ceases to offer learning opportunities to the student pursuant to the terms of the contract with the sponsor or the operation of any provision of this chapter.

Except as otherwise specified in this paragraph, beginning in the 2011-2012 school year, any student who completed the prior school year in an internet- or computer-based community school shall be considered to be enrolled in the same school in the subsequent school year until the student's enrollment has ceased as specified in division (H)(2) of this section. The department shall continue subtracting and paying amounts for the student under division (C) of this section without interruption at the start of the subsequent school year. However, if the student without a legitimate excuse fails to participate in the first one hundred five consecutive hours of learning opportunities offered to the student in that subsequent school year, the student shall be considered not to have re-enrolled in the school for that school year and the department shall recalculate the payments to the school for that school year to account for the fact that the student is not enrolled.

(3) The department shall determine each community school student's percentage of full-time equivalency based on the percentage of learning opportunities offered by the community school to that student, reported either as number of hours or number of days, is of the total learning opportunities offered by the community school to a student who attends for the school's entire school year. However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning
opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H) (3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;
(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted jointly by the superintendent of public instruction and the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.
(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school
during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C)(1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3314.26. (A) Each internet- or computer-based community school shall withdraw from the school any student who, for two consecutive school years of enrollment in the school, has failed to participate in the spring administration of any assessment prescribed under section 3301.0710 or 3301.0712 of the Revised Code for the student's grade level and was not excused from the assessment pursuant to division (C)(1) or (3) of section 3301.0711 of the Revised Code, regardless of whether a waiver was granted for the student under division (L)(3) of section 3314.08 of the Revised Code. The school shall report any such student's data
verification code, as assigned pursuant to section 3301.0714 of
the Revised Code, to the department of education. The department
shall maintain a list of all data verification codes reported
under this division and section 3313.6410 of the Revised Code and
provide that list to each internet- or computer-based community
school and to each school to which section 3313.6410 of the
Revised Code applies.

(B) No internet- or computer-based community school shall
receive any state funds under this chapter for any enrolled
student whose data verification code appears on the list
maintained by the department under division (A) of this section.

Notwithstanding any provision of the Revised Code to the
contrary, the parent of any such student shall pay tuition to the
internet- or computer-based community school in an amount equal to
the state funds the school otherwise would receive for that
student, as determined by the department. An internet- or
computer-based community school may withdraw any student for whom
the parent does not pay tuition as required by this division.

Sec. 3314.29. (A) This section applies to any internet- or
computer-based community school that meets all of the following
conditions:

(1) Serves all of grades kindergarten through twelve;

(2) Has an enrollment of at least two thousand students;

(3) Has a sponsor that was not rated ineffective or poor on
its most recent evaluation under section 3314.016 of the Revised

(B) Beginning with the 2018-2019 school year, the governing
authority of a community school to which this section applies may
adopt a resolution to divide the school into two or three separate
schools as follows:
(1) If the school is divided into two schools, one school shall serve grades kindergarten through eight and one school shall serve grades nine through twelve.

(2) If the school is divided into three schools, one school shall serve grades kindergarten through five, one school shall serve grades six through eight, and one school shall serve grades nine through twelve.

(C) The resolution adopted by the governing authority shall not be effective unless approved by the school's sponsor.

Following approval of the resolution by the sponsor, and by the fifteenth day of March prior to the school year in which it will take effect, the governing authority shall file the resolution with the department of education. The division of the schools shall be effective on the first day of July succeeding the date the resolution is filed with the department.

(D) All of the following shall apply to each new school created as a result of the resolution authorized by this section and to the school that is divided as a result of the resolution:

(1) Each school shall have the same governing authority.

(2) The sponsor and governing authority shall enter into a separate contract under section 3314.03 of the Revised Code for each school.

(3) No school shall primarily serve students enrolled in a dropout prevention and recovery program operated by the school.

evaluation system prescribed by that section.

(6) Each school shall be subject to the laws contained in Chapter 3314. of the Revised Code, except as otherwise specified in this section.

(E) The department shall issue a report card under section 3314.012 of the Revised Code for each new school created as a result of the resolution authorized by this section and for the school that is divided as a result of the resolution. For purposes of the report cards and other reporting requirements under this chapter, the department shall assign the school that serves the highest grades the same internal retrieval number previously used by the school that is divided under this section. The department shall assign a new internal retrieval number to each other school resulting from the division.

Notwithstanding division (B) of section 3314.012 of the Revised Code, the ratings a school receives on its report card for the first two full school years after the division under this section shall count toward closure of the school under section 3314.35 of the Revised Code and any other matter that is based on report card ratings or measures.

Sec. 3316.20. (A)(1) The school district solvency assistance fund is hereby created in the state treasury, to consist of such amounts designated for the purposes of the fund by the general assembly. The fund shall be used to provide assistance and grants to school districts to enable them to remain solvent and to pay unforeseeable expenses of a temporary or emergency nature that they are unable to pay from existing resources.

(2) There is hereby created within the fund an account known as the school district shared resource account, which shall consist of money appropriated to it by the general assembly. The money in the account shall be used solely for solvency assistance.

(b) Grants to school districts under division (C) of this section.

(B) Solvency assistance payments under division (A)(2) or (3)(a) of this section shall be made from the fund by the superintendent of public instruction in accordance with rules adopted by the director of budget and management, after consulting with the superintendent, specifying approval criteria and procedures necessary for administering the fund.

The fund shall be reimbursed for any solvency assistance amounts paid under division (A)(2) or (3)(a) of this section not later than the end of the second fiscal year following the fiscal year in which the solvency assistance payment was made, except that, upon the approval of the director of budget and management and the superintendent of public instruction, the fund may be reimbursed in another fiscal year designated by the director and superintendent that is not later than the end of the tenth fiscal year following the fiscal year in which the solvency assistance payment was made. If not made directly by the school district,
such reimbursement shall be made by the director of budget and
management from the amounts the school district would otherwise
receive pursuant to Chapter 3317. of the Revised Code, or from any
other funds appropriated for the district by the general assembly.
Reimbursements shall be credited to the respective account from
which the solvency assistance paid to the district was deducted.

(C) The superintendent of public instruction may make
recommendations, and the controlling board may grant money from
the catastrophic expenditures account to any school district that
suffers an unforeseen catastrophic event that severely depletes
the district's financial resources. The superintendent shall make
recommendations for the grants in accordance with rules adopted by
the director of budget and management, after consulting with the
superintendent. A school district shall not be required to repay
any grant awarded to the district under this division, unless the
district receives money from this state or a third party,
including an agency of the government of the United States,
specifically for the purpose of compensating the district for
revenue lost or expenses incurred as a result of the unforeseen
catastrophic event. If a school district receives a grant from the
catastrophic expenditures account on the basis of the same
circumstances for which an adjustment or recomputation is
authorized under section 3317.025, 3317.026, 3317.027, 3317.028,
3317.0210, or 3317.0211 of the Revised Code, the department of
education shall reduce the adjustment or recomputation by an
amount not to exceed the total amount of the grant, and an amount
equal to the reduction shall be transferred, from the funding
source from which the adjustment or recomputation would be paid,
to the catastrophic expenditures account. Any adjustment or
recomputation under such sections that is in excess of the total
amount of the grant shall be paid to the school district.

Sec. 3317.01. As used in this section, "school district,"
unless otherwise specified, means any city, local, exempted village, joint vocational, or cooperative education school district and any educational service center.

This chapter shall be administered by the state board of education. The superintendent of public instruction shall calculate the amounts payable to each school district and shall certify the amounts payable to each eligible district to the treasurer of the district as provided by this chapter. As soon as possible after such amounts are calculated, the superintendent shall certify to the treasurer of each school district the district's adjusted charge-off increase, as defined in section 5705.211 of the Revised Code. Certification of moneys pursuant to this section shall include the amounts payable to each school building, at a frequency determined by the superintendent, for each subgroup of students, as defined in section 3317.40 of the Revised Code, receiving services, provided for by state funding, from the district or school. No moneys shall be distributed pursuant to this chapter without the approval of the controlling board.

The state board of education shall, in accordance with appropriations made by the general assembly, meet the financial obligations of this chapter.

Moneys distributed to school districts pursuant to this chapter shall be calculated based on the annual enrollment calculated from the three reports required under sections 3317.03 and 3317.036 of the Revised Code and paid on a fiscal year basis, beginning with the first day of July and extending through the thirtieth day of June. In any given fiscal year, prior to school districts submitting the first report required under section 3317.03 of the Revised Code, enrollment for the districts shall be calculated based on the third report submitted by the districts.
for the previous fiscal year. The moneys appropriated for each fiscal year shall be distributed periodically to each school district unless otherwise provided for. The state board, in June of each year, shall submit to the controlling board the state board's year-end distributions pursuant to this chapter.

Except as otherwise provided, payments under this chapter shall be made only to those school districts in which:

(A) The school district, except for any educational service center and any joint vocational or cooperative education school district, levies for current operating expenses at least twenty mills. Levies for joint vocational or cooperative education school districts or county school financing districts, limited to or to the extent apportioned to current expenses, shall be included in this qualification requirement. School district income tax levies under Chapter 5748. of the Revised Code, limited to or to the extent apportioned to current operating expenses, shall be included in this qualification requirement to the extent determined by the tax commissioner under division (D)(C) of section 3317.021 of the Revised Code.

(B) The school year next preceding the fiscal year for which such payments are authorized meets the requirement of section 3313.48 of the Revised Code, with regard to the minimum number of hours school must be open for instruction with pupils in attendance, for individualized parent-teacher conference and reporting periods, and for professional meetings of teachers.

A school district shall not be considered to have failed to comply with this division because schools were open for instruction but either twelfth grade students were excused from attendance for up to the equivalent of three school days or only a portion of the kindergarten students were in attendance for up to the equivalent of three school days in order to allow for the gradual orientation to school of such students.
A board of education or governing board of an educational service center which has not conformed with other law and the rules pursuant thereto, shall not participate in the distribution of funds authorized by this chapter, except for good and sufficient reason established to the satisfaction of the state board of education and the state controlling board.

All funds allocated to school districts under this chapter, except those specifically allocated for other purposes, shall be used to pay current operating expenses only.

The amount for career-technical education associated services, as defined by the department, shall be $236, in fiscal year 2016, or $245, in fiscal year 2017.

Sec. 3317.017. The department of education shall compute a school district's state share index as follows:

(A) Calculate the district's valuation index, which equals the following quotient:

(The district's three-year average valuation / the district's total ADM) / (the statewide three-year average valuation for school districts with a total ADM greater than zero / the statewide total ADM)

(B)(1) Calculate the district's median income index, which equals the following quotient:

(The district's median Ohio adjusted gross income / the median of the median Ohio adjusted gross income of all districts statewide with a total ADM greater than zero)
(2) Calculate the district's income index, which equals the following sum:

\[
\text{(The district's median income index } \times 0.5) + \{[(\text{the three-year average federal adjusted gross income of the school district's residents / the district's formula ADM for fiscal year 2017}) / (\text{the three-year average federal adjusted gross income of all districts statewide with a formula ADM for fiscal year 2017 greater than zero / the statewide formula ADM for fiscal year 2017})] \times 0.5\}
\]

(C) Determine the district's wealth index as follows:

(1) If the district's income index is less than the district's valuation index and the district's median income index is less than or equal to 1.5, then the district's wealth index shall be equal to \([0.4 \times \text{the district's income index}] + [0.6 \times \text{the district's valuation index}]\).

(2) If the district's income index does not meet both of the conditions described in division (C)(1) of this section, then the district's wealth index shall be equal to the district's valuation index.

(D) Determine the district's state share index as follows:

(1) If the district's wealth index is less than or equal to 0.35, then the district's state share index shall be equal to 0.90.

(2) If the district's wealth index is greater than 0.35 but less than or equal to 0.90, then the district's state share index shall be equal to \([0.40 \times [(0.90 - \text{the district's wealth index}) / 0.55]] + 0.50\).

(3) If the district's wealth index is greater than 0.90 but less than 1.8, then the district's state share index shall be equal to \([0.45 \times [(1.8 - \text{the district's wealth index}) / 0.9]] + 0.05\).
(4) If the district's wealth index is greater than or equal to 1.8, then the district's state share index shall be equal to 0.05.

(E)(1) For each school district for which the tax-exempt value of the district, as certified under division (A)(4) of section 3317.021 of the Revised Code, equals or exceeds thirty percent of the potential value of the district, the department shall calculate the difference between the district's tax-exempt value and thirty percent of the district's potential value. For this purpose, the "potential value" of a school district is the three-year average valuation of the district plus the tax-exempt value of the district.

(2) For each school district to which division (E)(1) of this section applies, the department shall adjust the district's three-year average valuation used in the calculation under division (A) of this section by subtracting from it the amount calculated under division (E)(1) of this section. The department shall not, however, make any adjustments to the statewide three-year average valuation used in the calculation under division (A) of this section.

(F)(1) For purposes of division (F) of this section, an "eligible school district" is a school district that satisfies all of the following:

(a) The total taxable value of public utility personal property in the district is at least ten percent of the district's total taxable value for tax year 2015.

(b) The total taxable value of public utility personal property in the district for tax year 2016 is at least ten percent less than the total taxable value of public utility property in the district for tax year 2015.

(c) The total taxable value of power plants in the district...
for tax year 2016 is at least ten per cent less than the total taxable value of power plants in the district for tax year 2015.

(2) Notwithstanding divisions (A) to (E) of this section, the department shall compute each eligible school district's state share index as follows:

(a) Calculate the district's valuation index in accordance with division (A) of this section, except that, if the district's total taxable value for tax year 2016 is less than the district's "three-year average valuation," the district's "three-year average valuation" shall be replaced in that calculation with the district's total taxable value for tax year 2016;

(b) Calculate the district's median income index and income index in accordance with division (B) of this section;

(c) Determine the district's wealth index in accordance with division (C) of this section using the district's valuation index, median income index, and income index as calculated under divisions (F)(2)(a) and (b) of this section;

(d) Determine the district's state share index in accordance with division (D) of this section using the district's wealth index as determined under division (F)(2)(c) of this section.

(G) When performing the calculations required under this section, the department shall not round to fewer than four decimal places.

For purposes of these calculations for fiscal years 2016 2018 and 2017 2019, "total ADM" means the total ADM for fiscal year 2015 2017; "median Ohio adjusted gross income" means the median Ohio adjusted gross income, as that term is defined in section 5747.01 of the Revised Code, for tax year 2013 2015; "three-year average federal adjusted gross income" means the average of the federal adjusted gross income for tax years 2011 2013, 2012 2014, and 2013 2015 as reported under section 3317.021 of the Revised Code.

receiving such a request from the department, the tax commissioner
shall make the determination required by this division and report
the quotient obtained under division (D)(C)(3) of this section to

current tax year under taxes levied by Chapter 5748. of the
Revised Code that are apportioned to current operating expenses of

project cost, debt service, or maintenance set-aside associated
with a state-assisted classroom facilities project as authorized
by section 3318.052 of the Revised Code;

Sec. 3317.025. On or before the first day of June of each year, the tax commissioner shall certify the following information to the department of education and the office of budget and management, for each school district in which the value of the property described under division (A) of this section exceeds one per cent of the taxable value of all real and tangible personal property in the district or in which is located tangible personal property designed for use or used in strip mining operations, whose taxable value exceeds five million dollars, and the taxes upon which the district is precluded from collecting by virtue of legal proceedings to determine the value of such property:

If the value certified under division (A) of this section includes taxable property owned by a public utility or railroad that has filed a petition for reorganization under the bankruptcy act, the amount used in making the calculation under this division shall be reduced by one percent of the total value of all real and tangible personal property in the district or the value of the utility's or railroad's property, whichever is less.

Upon receipt of the certification, the department shall recompute the payments required under this chapter in the manner the payments would have been computed if:

(1) The amount certified under division (C) of this section was not subject to taxation by the district and was not included in the certification made under division (A)(1), (A)(2), or (D) of section 3317.021 of the Revised Code.

(2) The amount of taxes charged and payable and unpaid and used to make the computation under division (B) of this section had not been levied and had not been used in the computation required by division (B) of section 3317.021 of the Revised Code. The department shall pay the district that amount in the ensuing fiscal year in lieu of the amounts computed under this chapter.

Subsequent adjustments to the reported numbers shall be made only in accordance with rules adopted by the department.
(C) The department shall calculate the statewide transportation cost per student as follows:

1. Determine each city, local, and exempted village school district's transportation cost per student by dividing the district's total costs for school bus service in the previous fiscal year by its qualifying ridership in the previous fiscal year.

2. After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per student and the ten districts with the lowest transportation costs per student, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate qualifying ridership of those districts in the previous fiscal year.

(D) The department shall calculate the statewide transportation cost per mile as follows:

1. Determine each city, local, and exempted village school district's transportation cost per mile by dividing the district's total costs for school bus service in the previous fiscal year by its total number of miles driven for school bus service in the previous fiscal year.

2. After excluding districts that do not provide school bus service and the ten districts with the highest transportation costs per mile and the ten districts with the lowest transportation costs per mile, divide the aggregate cost for school bus service for the remaining districts in the previous fiscal year by the aggregate miles driven for school bus service in those districts in the previous fiscal year.

(E) The department shall calculate each city, local, and exempted village school district's transportation payment as follows:
(1) Multiply the statewide transportation cost per student by the district's qualifying ridership for the current fiscal year.

(2) Multiply the statewide transportation cost per mile by the district's total number of miles driven for school bus service in the current fiscal year.

(3) Multiply the greater of the amounts calculated under divisions (E)(1) and (2) of this section by the following:

(F) In addition to funds paid under division (E) of this section, each city, local, and exempted village district shall receive in accordance with rules adopted by the state board of education a payment for students transported by means other than school bus service and whose transportation is not funded under division (C) of section 3317.024 of the Revised Code. The rules shall include provisions for school district reporting of such students.

(G)(1) For purposes of division (G) of this section, a school district's "transportation supplement percentage" means the following quotient:

   \[
   \left( \frac{35, \text{ in fiscal year 2016, or } 50, \text{ in fiscal year 2017} - \text{ the district's rider density}}{100} \right)
   \]

   If the result of the calculation for a district under division (G)(1) of this section is less than zero, the district's transportation supplement percentage shall be zero.

   (2) The department shall pay each district a transportation supplement calculated according to the following formula:
The district's transportation supplement percentage X the amount calculated for the district under division (E)(2) of this section X 0.55

Sec. 3317.0218. The department of education shall annually compute capacity aid funds to school districts, as follows:

(A) For each school district, multiply the district's three-year average valuation by 0.001;

(B) Determine the median amount of all of the amounts calculated under division (A) of this section;

(C) Calculate each school district's capacity ratio, which equals the greater of zero or the amount calculated as follows: (The amount determined under division (B) of this section / the amount calculated for the district under division (A) of this section) - 1

If the result of a calculation for a school district under division (C) of this section is greater than 2.5, the district's capacity ratio shall be 2.5.

(D) Calculate the capacity aid per pupil amount, which equals the following quotient: (The amount determined under division (B) of this section) / (the average of the formula ADMs of all of the districts for which the amount calculated under division (A) of this section is less than the amount determined under division (B) of this section)

(E) Calculate each school district's capacity aid, which equals the following product: The capacity aid per pupil amount calculated under division (D) of this section X the district's formula ADM X (2.75, for fiscal year 2016, or 3.5, for fiscal year 2017) 4.0 X the district's capacity ratio calculated under division (C) of this section.

(2) Notwithstanding division (C)(1) of this section, the commission may perform on-site visits for school districts in the next highest percentile to the percentiles included in the current round of on-site visits, and then to succeeding percentiles one at a time, not to exceed the twenty-fifth percentile, if all of the
following apply:

(a) Less than eighty per cent of the districts for which on-site visits were performed in the current round, and in any percentiles for which on-site visits were performed in addition to the current round pursuant to this division, have had projects approved under section 3318.04 of the Revised Code;

(c) The commission makes a finding that such available funds would be more thoroughly utilized if on-site visits were extended to the next highest percentile.

(D) Notwithstanding divisions (B) and (C) of this section, in any fiscal year, the commission may limit the number of districts for which it conducts on-site visits based upon its projections of the moneys available and moneys necessary to undertake projects under sections 3318.01 to 3318.20 of the Revised Code for that year.

The commission shall not consider any request for an assessment under this section that is submitted sooner than the effective date of this section September 14, 2000.

Sec. 3318.024. In the first year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter in the previous capital biennium that were not spent or encumbered, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20 of the Revised Code, subject to appropriation by the general assembly.

In the second year of a capital biennium, any funds appropriated to the Ohio school facilities construction commission for classroom facilities projects under this chapter that were not spent or encumbered in the first year of the biennium and which are in excess of an amount equal to half of the appropriations for the capital biennium, or for which an encumbrance has been canceled under section 3318.05 of the Revised Code, shall be used by the commission only for projects under sections 3318.01 to 3318.20, 3318.351, 3318.364, 3318.37, 3318.371, 3318.38, and 3318.40 to 3318.46 of the Revised Code, subject to appropriation by the general assembly.

Sec. 3318.03. (A) Before conducting an on-site evaluation of a school district under section 3318.02 of the Revised Code, at the request of the district board of education, the Ohio school
facilities \textit{construction} commission shall examine any classroom facilities needs assessment that has been conducted by the district and any master plan developed for meeting the facility needs of the district.

(B) Upon conducting the on-site evaluation under section 3318.02 of the Revised Code, the Ohio \textit{school facilities construction} commission shall make a determination of all of the following:

(1) The needs of the school district for additional classroom facilities;

(2) The number of classroom facilities to be included in a project and the basic project cost of constructing, acquiring, reconstructing, or making additions to each such facility;

(3) The amount of such cost that the school district can supply from available funds, by the issuance of bonds previously authorized by the electors of the school district the proceeds of which can lawfully be used for the project and by the issuance of bonds under section 3318.05 of the Revised Code;

(4) The remaining amount of such cost that shall be supplied by the state;

(5) The amount of the state's portion to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds appropriated for purposes of sections 3318.01 to 3318.20 of the Revised Code.

(C) The commission shall make a determination in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility only upon evidence that the proposed project conforms to sound educational practice, that it is in keeping with the orderly process of school district reorganization and consolidation, and that the actual or projected enrollment in each classroom facility proposed to be included in the project is at
least three hundred fifty pupils. Exceptions shall be authorized only in those districts where topography, sparsity of population, and other factors make larger schools impracticable.

If the school district board determines that an existing facility has historical value or for other good cause determines that an existing facility should be renovated in lieu of acquiring a comparable facility by new construction, the commission may approve the expenditure of project funds for the renovation of that facility up to but not exceeding one hundred per cent of the estimated cost of acquiring a comparable facility by new construction, as long as the commission determines that the facility when renovated can be operationally efficient, will be adequate for the future needs of the district, and will comply with the other provisions of this division.

(D) Sections 125.81 and 153.04 of the Revised Code shall not apply to classroom facilities constructed under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.031. (A) The Ohio school facilities construction commission shall consider student and staff safety and health when reviewing design plans for classroom facility construction projects proposed under this chapter. After consulting with appropriate education, health, and law enforcement personnel, the commission may require as a condition of project approval under either section 3318.03 or division (B)(1) of section 3318.41 of the Revised Code such changes in the design plans as the commission believes will advance or improve student and staff safety and health in the proposed classroom facility.

To carry out its duties under this division, the commission shall review and, if necessary, amend any construction and design standards used in its project approval process, including
standards for location and number of exits, standards for lead safety in classroom facilities constructed before 1978 in which services are provided to children under six years of age, and location of restrooms, with a focus on advancing student and staff safety and health.

(B) When reviewing design standards for classroom facility construction projects proposed under this chapter, the commission shall also consider the extent to which the design standards support the following:

(1) Trends in educational delivery methods, including digital access and blended learning;

(2) Provision of sufficient space for training new teachers and promotion of collaboration among teaching candidates, experienced teachers, and teacher educators;

(3) Provision of adequate space for teacher planning and collaboration;

(4) Provision of adequate space for parent involvement activities;

(5) Provision of sufficient space for innovative partnerships between schools and health and social service agencies.

Sec. 3318.032. (A) Except as otherwise provided in divisions (C) and (D) of this section, the portion of the basic project cost supplied by the school district shall be the greater of:

(1) The required percentage of the basic project costs;

(2) (a) For all districts except a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the
required level of indebtedness;

(b) For a district that opts to divide its entire classroom facilities needs into segments to be completed separately as authorized by section 3318.034 of the Revised Code, an amount necessary to raise the school district's net bonded indebtedness, as of the date the controlling board approved the project, to within five thousand dollars of the following:

The required level of indebtedness X (the basic project cost of the segment as approved by the controlling board / the estimated basic project cost of the district's entire classroom facilities needs as determined jointly by the staff of the Ohio school facilities construction commission and the district)

(B) The amount of the district's share determined under this section shall be calculated only as of the date the controlling board approved the project, and that amount applies throughout the thirteen-month period permitted under section 3318.05 of the Revised Code for the district's electors to approve the propositions described in that section. If the amount reserved and encumbered for a project is released because the electors do not approve those propositions within that period, and the school district later receives the controlling board's approval for the project, subject to a new project scope and estimated costs under section 3318.054 of the Revised Code, the district's portion shall be recalcuated in accordance with this section as of the date of the controlling board's subsequent approval.

(C) At no time shall a school district's portion of the basic project cost be greater than ninety-five per cent of the total basic project cost.

(D) If the controlling board approves a project under sections 3318.01 to 3318.20 of the Revised Code for a school district that previously received assistance under those sections
or section 3318.37 of the Revised Code within the twenty-year period prior to the date on which the controlling board approves the new project, the district's portion of the basic project cost for the new project shall be the lesser of the following:

   (1) The portion calculated under division (A) of this section;

   (2) The greater of the following:

      (a) The required percentage of the basic project costs for the new project;

      (b) The percentage of the basic project cost paid by the district for the previous project.

**Sec. 3318.033.** (A) As used in this section:

   (1) "Formula ADM" has the same meaning as in section 3317.02 of the Revised Code.

   (2) "Open enrollment net gain" has the same meaning as in section 3318.011 of the Revised Code.

   (B) This section applies to each school district that meets the following criteria:

      (1) The Ohio school facilities **construction** commission certified its conditional approval of the district's project under sections 3318.01 to 3318.20 of the Revised Code after July 1, 2006, and prior to September 29, 2007, and the project had not been completed as of September 29, 2007.

      (2) Within one year after the date of the commission's certification of its conditional approval, the district's electors approved a bond issue to pay the district's portion of the basic project cost or the district board of education complied with section 3318.052 of the Revised Code.

      (3) In the fiscal year prior to the fiscal year in which the
district's project was conditionally approved, the district had an open enrollment net gain that was ten per cent or more of its formula ADM.

(C) For each school district to which this section applies, the department of education shall recalculate the district's percentile ranking under section 3318.011 of the Revised Code for the fiscal year prior to the fiscal year in which the district's project was conditionally approved and shall report the recalculated percentile ranking to the commission. For this purpose, the department shall recalculate every school district's percentile ranking for that fiscal year using the district's "valuation per pupil" as that term is defined in section 3318.011 of the Revised Code on and after September 29, 2007.

(D) For each school district to which this section applies, the commission shall use the recalculated percentile ranking reported under division (C) of this section to determine the district's portion of the basic project cost under section 3318.032 of the Revised Code. The commission shall not use the recalculated percentile ranking for any other purpose, and the recalculated ranking shall not affect any other district's portion of the basic project cost under section 3318.032 of the Revised Code or any district's eligibility for assistance under sections 3318.01 to 3318.20 of the Revised Code. The commission shall revise the agreement entered into under section 3318.08 of the Revised Code to reflect the district's new portion of the basic project cost as determined under this division.

Sec. 3318.034. (A) This section applies to both of the following:

(1) Any school district that has not executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code prior to June 24, 2008;
(2) Any school district that is eligible for additional assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to division (B)(2) of section 3318.04 of the Revised Code.

Notwithstanding any provision of this chapter to the contrary, with the approval of the Ohio school construction commission, any school district to which this section applies may opt to divide the district's entire classroom facilities needs, as those needs are jointly determined by the staff of the commission and the school district, into discrete segments and shall comply with all of the provisions of those sections unless otherwise provided in this section.

(B) Except as provided in division (C) of this section, each segment shall comply with both of the following:

(1) The segment shall consist of the new construction of one or more entire buildings, a stand-alone segment of a building that serves grades kindergarten through twelve, or the complete renovation of one or more entire existing buildings, with any necessary additions to that building.

(2) The segment shall not include any construction of or renovation or repair to any building that does not complete the needs of the district with respect to that particular building at the time the segment is completed.

(C) A district described in division (A)(2) of this section that has not received the additional assistance authorized under division (B)(2) of section 3318.04 of the Revised Code may undertake a segment, with commission approval, for the purpose of renovating or replacing work performed on a facility under the district's prior project. The commission may approve that segment if the commission determines that the renovation or replacement is necessary to protect the facility. The basic project cost of the
segment shall be allocated between the state and the district in accordance with section 3318.032 of the Revised Code. However, the requirements of division (B) of this section shall not apply to a segment undertaken under this division.

(D) The commission shall conditionally approve and seek controlling board approval in accordance with division (A) of section 3318.04 of the Revised Code of each segment.

(E)(1) When undertaking a segment under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under the segment, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the segment.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a segment as follows:

The full maintenance amount X (the school district's portion of the basic project cost for the segment / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of segments, provided the district will use one or more of the alternative methods...
authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under division (E)(2) of this section to maintain the classroom facilities acquired under each segment for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

   The full maintenance amount – the sum of the amounts calculated for the district under division (E)(2) of this section for each prior segment of the district's project

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (E)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to undertake its project in its entirety instead of segmenting the project under this section.

(5) If a school district commenced a segment under this section prior to September 10, 2012, but has not completed that segment, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (E)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.

(F) If a school district levies the tax described in division
(B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the tax shall run for twenty-three years from the date the segment for which the tax is initially levied is undertaken. The maintenance levy requirement, as defined in section 3318.18 of the Revised Code, does not apply to a segment undertaken under division (C) of this section.

(G) As used in this section, "full maintenance amount" means the amount of total revenue that a school district likely would generate by one-half mill of the tax described in division (B) of section 3318.05 of the Revised Code over the entire twenty-three-year period required under that section, as determined by the commission in consultation with the department of taxation.

Sec. 3318.035. (A) This section applies only if there is a change in the assessment rates on gas pipelines imposed under state law.

(B) If at any time division (A) of this section applies and if the change in assessment rates described in that division affects a school district's valuation as determined under division (P) of section 3318.01 of the Revised Code by greater than ten percent and if the Ohio school facilities construction commission had determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 or 3318.37 of the Revised Code prior to that change in valuation, the commission shall adjust the state and school district portions of the basic project cost of the school district's project using the valuation altered by the change in assessment rates described in division (A) of this section.

Sec. 3318.036. (A) For purposes of this section:
(1) "Eligible school district" is a city, local, or exempted village school district that satisfies both of the following conditions:

(a) The district resulted from one of the following that became effective between July 1, 2013, and June 30, 2018:

(i) A transfer of all of the territory of one school district to another school district in accordance with section 3311.22, 3311.231, 3311.24, or 3311.38 of the Revised Code;

(ii) The merger of two or more districts in accordance with section 3311.25 of the Revised Code;

(iii) The creation of a new local school district from all of one or more local school districts in accordance with section 3311.26 of the Revised Code;

(iv) The consolidation of two or more school districts under section 3311.37 of the Revised Code.

(b) The district has demonstrated to the Ohio school facilities construction commission an efficient use of facility space, including a reduction in the number of buildings used by students and administrative staff.

(2) "Basic project cost" and "required percentage of the basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(B) Notwithstanding anything to the contrary in this chapter:

(1) If the commission determines that a district is an eligible school district, the commission shall give that district first priority for funding for a project under sections 3318.01 to 3318.20 of the Revised Code as such funds become available, regardless of the district's percentile rank under section 3318.011 of the Revised Code. If the district results from a transfer, merger, consolidation, or creation of a new local
district that takes effect prior to the effective date of this section April 6, 2017, the district's portion of the basic project cost shall be the required percentage of the basic project cost based on the percentile ranking of the district that was transferred, merged, consolidated, or existed prior to the creation of the new district that has the lowest three-year average adjusted valuation per pupil, as calculated under section 3318.011 of the Revised Code, on the date that the transfer, merger, consolidation, or creation of the new district became effective.

(2) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by twenty-five percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section. At no time, however, shall that district's portion of the basic project cost be less than five per cent.

(3) If an eligible school district is given priority under division (B)(1) of this section, the commission may reduce that district's portion of the basic project cost by ten percentage points from the portion determined under section 3318.032 of the Revised Code or, if the district results from a transfer, merger, consolidation, or creation of a new local district that takes effect prior to the effective date of this section April 6, 2017, from the portion determined under division (B)(1) of this section, if the district's project satisfies the following conditions:

(a) The project involves construction of a building on land owned by a state institution of higher education, as that term is defined in section 3345.011 of the Revised Code, and the
commission approves the project.

(b) The district and the state institution of higher education enter into a written agreement regarding the continued use of the institution's land by the district, and the commission approves the agreement.

(c) On the date that the district and the state institution of higher education enter into the written agreement described in division (B)(3)(b) of this section, the state institution of higher education is participating in the college credit plus program established under Chapter 3365. of the Revised Code.

At no time, however, shall that district's portion of the basic project cost be less than five per cent.

The reduction of the district's portion of the basic project cost described in division (B)(3) of this section may be in addition to a reduction of the district's portion of the basic project cost under division (B)(2) of this section.

(C) Except as provided in division (B) of this section, a district's project undertaken pursuant to this section shall be subject to all other requirements in sections 3318.01 to 3318.20 of the Revised Code.

**Sec. 3318.037.** (A) For purposes of this section, an "eligible school district" is a school district that satisfies all of the following conditions:

(1) The district executed an agreement for a project under sections 3318.01 to 3318.20 of the Revised Code that was segmented under section 3318.034 of the Revised Code.

(2) The district has undertaken one or more segments of that project and has applied to the Ohio facilities construction commission for funding for a subsequent segment of the project.

(3) Since the original project agreement described in
division (A)(1) of this section was executed, the district has experienced a decrease in its adjusted valuation per pupil, as determined annually under section 3318.011 of the Revised Code, such that, as of the date the district submits its application for a subsequent segment of the project as described in division (A)(2) of this section, the district's annual percentile ranking under that section is lower than its percentile ranking on the date the district executed the original agreement for the project.

(B) Notwithstanding anything to the contrary in this chapter or in any rule of the commission, an eligible school district's portion of the cost for a subsequent segment of its project shall be the "required percentage of the basic project costs" based on the district's current percentile ranking for the fiscal year for which the district seeks funding for the segment.

Upon determining the respective state and district portions of the basic project cost for the segment pursuant to this section, the commission and the district shall amend the project agreement to stipulate those portions, and the commission shall encumber funds for the segment in accordance with section 3318.11 of the Revised Code.

(C) Nothing in this section shall affect the respective state and district portions of the basic project cost of segments of a district's project undertaken prior to the district's application for funding for a subsequent segment of the project under this section.

Sec. 3318.04. (A) If the Ohio school facilities construction commission makes a determination under section 3318.03 of the Revised Code in favor of constructing, acquiring, reconstructing, or making additions to a classroom facility, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The
controlling board shall forthwith approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and, the amount of the state's portion to be encumbered in the current fiscal year. In the event of approval thereof by the controlling board, the commission shall certify such conditional approval to the school district board and shall encumber from the total funds appropriated for the purpose of sections 3318.01 to 3318.20 of the Revised Code the amount approved under this section to be encumbered in the current fiscal year.

The basic project cost for a project approved under this section shall not exceed the cost that would otherwise have to be incurred if the classroom facilities to be constructed, acquired, or reconstructed, or the additions to be made to classroom facilities, under such project meet, but do not exceed, the specifications for plans and materials for classroom facilities adopted by the commission.

(B)(1) No school district shall have a project conditionally approved pursuant to this section if the school district has already received any assistance for a project funded under any version of sections 3318.01 to 3318.20 of the Revised Code, and the prior project was one for which the electors of such district approved a levy within the last twenty years pursuant to any version of section 3318.06 of the Revised Code for purposes of qualifying for the funding of that project, unless the district demonstrates to the satisfaction of the commission that the district has experienced since approval of its prior project an exceptional increase in enrollment significantly above the district's design capacity under that prior project as determined by rule of the commission.

(2) Notwithstanding division (B)(1) of this section, any school district that received assistance under sections 3318.01 to
3318.20 of the Revised Code, as those sections existed prior to May 20, 1997, may receive additional assistance under those sections, as they exist on and after May 20, 1997, prior to the expiration of the period of time required under division (B)(1) of this section, if the percentile in which the school district is located, as determined under section 3318.011 of the Revised Code, is eligible for assistance as prescribed in section 3318.02 of the Revised Code.

The commission may provide assistance under sections 3318.01 to 3318.20 of the Revised Code pursuant to this division to no more than five school districts per fiscal year until all eligible school districts have received the additional assistance authorized under this division. The commission shall establish application procedures, deadlines, and priorities for funding projects under this division.

The commission at its discretion may waive current design specifications it has adopted for projects under sections 3318.01 to 3318.20 of the Revised Code when assessing an application for additional assistance under this division for the renovation of classroom facilities constructed or renovated under a school district's previous project. If the commission finds that a school district's existing classroom facilities are adequate to meet all of the school district's needs, the commission may determine that no additional state assistance be awarded to a school district under this division.

In order for a school district to be eligible to receive any additional assistance under this division, the school district electors shall extend the school district's existing levy dedicated for maintenance of classroom facilities under Chapter 3318. of the Revised Code, pursuant to section 3318.061 of the Revised Code or shall provide equivalent alternative maintenance funds as specified in division (A)(2) of section 3318.06 of the Revised Code.
Revised Code.

(3) Notwithstanding division (B)(1) of this section, any school district that has received assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, may receive additional assistance if the commission decides in favor of providing such assistance pursuant to section 3318.042 of the Revised Code.

(4) Notwithstanding division (B)(1) of this section, any school district that has opted to divide its entire classroom facilities needs into segments to be completed separately, as authorized by section 3318.034 of the Revised Code, and that has received assistance under sections 3318.01 to 3318.20 of the Revised Code for one of those segments may receive assistance under those sections for a subsequent segment. Assistance for any subsequent segment shall not include any additional work on a building included in a prior segment unless the district demonstrates to the satisfaction of the commission that the district has experienced since the completion of the prior segment an exceptional increase in enrollment in the grade levels housed in that building.

Sec. 3318.041. A school district ranked in the first through twenty-fifth percentiles may adopt and certify to the Ohio school facilities construction commission a resolution specifying a proposed project that meets the requirements of this chapter and the needs of the district, as confirmed through an on-site visit pursuant to section 3318.02 of the Revised Code. The commission shall consider such projects for conditional approval pursuant to section 3318.03 and shall encumber funds pursuant to section 3318.04 of the Revised Code in the order in which such resolutions are received.
Sec. 3318.042. (A) The board of education of any school district that is receiving assistance under sections 3318.01 to 3318.20 of the Revised Code after May 20, 1997, or under sections 3318.40 to 3318.45 of the Revised Code, and whose project is still under construction, may request that the Ohio school facilities construction commission examine whether the circumstances prescribed in either division (B)(1) or (2) of this section exist in the school district. If the commission so finds, the commission shall review the school district's original assessment and approved project and consider providing additional assistance to the school district to correct the prescribed conditions found to exist in the district. Additional assistance under this section shall be limited to additions to one or more buildings, remodeling of one or more buildings, or changes to the infrastructure of one or more buildings.

(B) Consideration of additional assistance to a school district under this section is warranted in either of the following circumstances:

(1) Additional work is needed to correct an oversight or deficiency not identified or included in the district's initial assessment.

(2) Other conditions exist that, in the opinion of the commission, warrant additions or remodeling of the project facilities or changes to infrastructure associated with the district's project that were not identified in the initial assessment and plan.

(C) If the commission decides in favor of providing additional assistance to any school district under this section, the school district shall be responsible for paying for its portion of the cost of the additions, remodeling, or infrastructure changes pursuant to section 3318.083 of the Revised Code.
Code. If, after making a financial evaluation of the school district, the commission determines that the school district is unable without undue hardship, according to the guidelines adopted by the commission, to fund the school district portion of the increase, then the state and the school district shall enter into an agreement whereby the state shall pay the portion of the cost increase attributable to the school district which is determined to be in excess of any local resources available to the district and the district shall thereafter reimburse the state. The commission shall establish the district's schedule for reimbursing the state, which shall not extend beyond ten years. The commission may lengthen the reimbursement schedule of a school district that has entered into an agreement under this section prior to the effective date of this amendment September 26, 2003, as long as the total term of that schedule does not extend beyond ten years. Debt incurred under this section shall not be included in the calculation of the net indebtedness of the school district under section 133.06 of the Revised Code.

Sec. 3318.05. The conditional approval of the Ohio school facilities construction commission for a project shall lapse and the amount reserved and encumbered for such project shall be released unless the school district board accepts such conditional approval within one hundred twenty days following the date of certification of the conditional approval to the school district board and the electors of the school district vote favorably on both of the propositions described in divisions (A) and (B) of this section within thirteen months of the date of such certification, except that a school district described in division (C) of this section does not need to submit the proposition described in division (B) of this section. The propositions described in divisions (A) and (B) of this section shall be combined in a single proposal. If the district board or the
district's electors fail to meet such requirements and the amount reserved and encumbered for the district's project is released, the district shall be given first priority for project funding as such funds become available, subject to section 3318.054 of the Revised Code.

(A) On the question of issuing bonds of the school district board, for the school district's portion of the basic project cost, in an amount equal to the school district's portion of the basic project cost less the amount of the proceeds of any securities authorized or to be authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost; and

(B) On the question of levying a tax the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project. Such tax shall be at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years, subject to any extension approved under section 3318.061 of the Revised Code.

(C) If a school district has in place a tax levied under section 5705.21 of the Revised Code for general permanent improvements for a continuing period of time and the proceeds of such tax can be used for maintenance, or if a district agrees to the transfers described in section 3318.051 of the Revised Code, the school district need not levy the additional tax required under division (B) of this section, provided the school district board includes in the agreement entered into under section 3318.08 of the Revised Code provisions either:

(1) Earmarking an amount from the proceeds of that permanent improvement tax for maintenance of classroom facilities equivalent to the amount of the additional tax and for the equivalent number of years otherwise required under this section;
(2) Requiring the transfer of money in accordance with section 3318.051 of the Revised Code.

The district board subsequently may rescind the agreement to make the transfers under section 3318.051 of the Revised Code only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) Proceeds of the tax to be used for maintenance of the classroom facilities under either division (B) or (C)(1) of this section, and transfers of money in accordance with section 3318.051 of the Revised Code shall be deposited into a separate fund established by the school district for such purpose.

Sec. 3318.051. (A) Any city, exempted village, or local school district that commences a project under sections 3318.01 to 3318.20, 3318.36, 3318.37, or 3318.38 of the Revised Code on or after September 5, 2006, need not levy the tax otherwise required under division (B) of section 3318.05 of the Revised Code, if the district board of education adopts a resolution petitioning the Ohio school facilities construction commission to approve the transfer of money in accordance with this section and the commission approves that transfer. If so approved, the commission and the district board shall enter into an agreement under which the board, in each of twenty-three consecutive years beginning in the year in which the board and the commission enter into the project agreement under section 3318.08 of the Revised Code, shall transfer into the maintenance fund required by division (D) of section 3318.05 of the Revised Code not less than an amount equal to one-half mill for each dollar of the district's valuation unless and until the agreement to make those transfers is
rescinded by the district board pursuant to division (F) of this section.

(B) On the first day of July each year, or on an alternative date prescribed by the commission, the district treasurer shall certify to the commission and the auditor of state that the amount required for the year has been transferred. The auditor of state shall include verification of the transfer as part of any audit of the district under section 117.11 of the Revised Code. If the auditor of state finds that less than the required amount has been deposited into a district's maintenance fund, the auditor of state shall notify the district board of education in writing of that fact and require the board to deposit into the fund, within ninety days after the date of the notice, the amount by which the fund is deficient for the year. If the district board fails to demonstrate to the auditor of state's satisfaction that the board has made the deposit required in the notice, the auditor of state shall notify the department of education. At that time, the department shall withhold an amount equal to ten per cent of the district's funds calculated for the current fiscal year under Chapter 3317. of the Revised Code until the auditor of state notifies the department that the auditor of state is satisfied that the board has made the required transfer.

(C) Money transferred to the maintenance fund shall be used for the maintenance of the facilities acquired under the district's project.

(D) The transfers to the maintenance fund under this section does not affect a district's obligation to establish and maintain a capital and maintenance fund under section 3315.18 of the Revised Code.

(E) Any decision by the commission to approve or not approve the transfer of money under this section is final and not subject to appeal. The commission shall not be responsible for errors or
miscalculations made in deciding whether to approve a petition to
make transfers under this section.

(F) If the district board determines that it no longer can
continue making the transfers agreed to under this section, the
board may rescind the agreement only so long as the electors of
the district have approved, in accordance with section 3318.063 of
the Revised Code, the levy of a tax for the maintenance of the
classroom facilities acquired under the district's project and
that levy continues to be collected as approved by the electors.
That levy shall be for a number of years that is equal to the
difference between twenty-three years and the number of years that
the district made transfers under this section and shall be at the
rate of not less than one-half mill for each dollar of the
district's valuation. The district board shall continue to make
the transfers agreed to under this section until that levy has
been approved by the electors.

Sec. 3318.052. At any time after the electors of a school
district have approved either or both a property tax levied under
section 5705.21 or 5705.218 of the Revised Code for the purpose of
permanent improvements, including general permanent improvements,
or a school district income tax levied under Chapter 5748. of the
Revised Code, the proceeds of either of which, pursuant to the
ballot measures approved by the electors, are not so restricted
that they cannot be used to pay the costs of a project or
maintaining classroom facilities, the school district board may:

(A) Within one year following the date of the certification
of the conditional approval of the school district's classroom
facilities project by the Ohio school facilities construction
commission, enter into a written agreement with the commission,
which may be part of an agreement entered into under section
3318.08 of the Revised Code, and in which the school district
board covenants and agrees to do one or both of the following:

(1) Apply a specified amount of available proceeds of that property tax levy, of that school district income tax, or of securities issued under this section, or of proceeds from any two or more of those sources, to pay all or part of the district's portion of the basic project cost of its classroom facilities project;

(2) Apply available proceeds of either or both a property tax levied under section 5705.21 or 5705.218 of the Revised Code in effect for a continuing period of time, or of a school district income tax levied under Chapter 5748. of the Revised Code in effect for a continuing period of time to the payment of costs of maintaining the classroom facilities.

(B) Receive, as a credit against the amount of bonds required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district and issued by the district board for the district's portion of the basic project cost of its classroom facilities project in order for the district to receive state assistance for the project, an amount equal to the specified amount that the district board covenants and agrees with the commission to apply as set forth in division (A)(1) of this section;

(C) Receive, as a credit against the amount of the tax levy required under sections 3318.05 and 3318.06 of the Revised Code, to be approved by the electors of the district to pay the costs of maintaining the classroom facilities in order to receive state assistance for the classroom facilities project, an amount equivalent to the specified amount of proceeds the school district board covenants and agrees with the commission to apply as referred to in division (A)(2) of this section;

(D) Apply proceeds of either or both a school district income
tax levied under Chapter 5748. of the Revised Code that may  
lawfully be used to pay the costs of a classroom facilities  
project or of a tax levied under section 5705.21 or 5705.218 of 
the Revised Code to the payment of debt charges on and financing 
costs related to securities issued under this section;

(E) Issue securities to provide moneys to pay all or part of 
the district's portion of the basic project cost of its classroom 
facilities project in accordance with an agreement entered into 
under division (A) of this section. Securities issued under this 
section shall be Chapter 133. securities and may be issued as 
general obligation securities or issued in anticipation of a 
school district income tax or as property tax anticipation notes 
under section 133.24 of the Revised Code. The district board's 
resolution authorizing the issuance and sale of general obligation 
securities under this section shall conform to the applicable 
requirements of section 133.22 or 133.23 of the Revised Code. 
Securities issued under this section shall have principal payments 
during each year after the year of issuance over a period of not 
more than twenty-three years and, if so determined by the district 
board, during the year of issuance. Securities issued under this 
section shall not be included in the calculation of net 
indebtedness of the district under section 133.06 of the Revised 
Code, including but not limited to the limitation on unvoted 
indebtedness specified in division (G) of that section, or under 
section 3313.372 of the Revised Code, if the resolution of the 
district board authorizing their issuance and sale includes 
covenants to appropriate annually from lawfully available proceeds 
of a property tax levied under section 5705.21 or 5705.218 of the 
Revised Code or of a school district income tax levied under 
Chapter 5748. of the Revised Code and to continue to levy and 
collect the tax in amounts necessary to pay the debt charges on 
and financing costs related to the securities as they become due. 
No property tax levied under section 5705.21 or 5705.218 of the
Revised Code and no school district income tax levied under Chapter 5748. of the Revised Code that is pledged, or that the school district board has covenanted to levy, collect, and appropriate annually, to pay the debt charges on and financing costs related to securities issued under this section shall be repealed while those securities are outstanding. If such a tax is reduced by the electors of the district or by the district board while those securities are outstanding, the school district board shall continue to levy and collect the tax under the authority of the original election authorizing the tax at a rate in each year that the board reasonably estimates will produce an amount in that year equal to the debt charges on the securities in that year, except that in the case of a school district income tax that amount shall be rounded up to the nearest one-fourth of one percent.

No state moneys shall be released for a project to which this section applies until the proceeds of the tax securities issued under this section that are dedicated for the payment of the district portion of the basic project cost of its classroom facilities project are first deposited into the district's project construction fund.

Sec. 3318.054. (A) If conditional approval of a city, exempted village, or local school district's project lapses as provided in section 3318.05 of the Revised Code, or if conditional approval of a joint vocational school district's project lapses as provided in division (D) of section 3318.41 of the Revised Code, because the district's electors have not approved the ballot measures necessary to generate the district's portion of the basic project cost, and if the district board desires to seek a new conditional approval of the project, the district board shall request that the Ohio school facilities construction commission set the scope, basic project cost, and school district portion of
the basic project cost prior to resubmitting the ballot measures to the electors. To do so, the commission shall use the district's current assessed tax valuation and the district's percentile for the prior fiscal year. For a district that has entered into an agreement under section 3318.36 of the Revised Code and desires to proceed with a project under sections 3318.01 to 3318.20 of the Revised Code, the district's portion of the basic project cost shall be the percentage specified in that agreement. The project scope and basic costs established under this division shall be valid for thirteen months from the date the commission approves them.

(B) Upon the commission's approval under division (A) of this section, the district board may submit the ballot measures to the district's electors for approval of the project based on the new project scope and estimated costs. Upon electoral approval of those measures, the district shall be given first priority for project funding as such funds become available.

(C) When the commission determines that funds are available for the district's project, the commission shall do all of the following:

(1) Determine the school district portion of the basic project cost under section 3318.032 of the Revised Code, in the case of a city, exempted village, or local school district, or under section 3318.42 of the Revised Code, in the case of a joint vocational school district;

(2) Conditionally approve the project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code;

(3) Encumber funds for the project under section 3318.11 of the Revised Code;
Sec. 3318.06. (A) After receipt of the conditional approval of the Ohio school facilities construction commission, the school district board by a majority of all of its members shall, if it desires to proceed with the project, declare all of the following by resolution:

(1) That by issuing bonds in an amount equal to the school district's portion of the basic project cost the district is unable to provide adequate classroom facilities without assistance from the state;

(2) Unless the school district board has resolved to transfer money in accordance with section 3318.051 of the Revised Code or to apply the proceeds of a property tax or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized under section 3318.052 of the Revised Code, that to qualify for such state assistance it is necessary to do either of the following:

(a) Levy a tax outside the ten-mill limitation the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project;

(b) Earmark for maintenance of classroom facilities from the proceeds of an existing permanent improvement tax levied under section 5705.21 of the Revised Code, if such tax can be used for maintenance, an amount equivalent to the amount of the additional tax otherwise required under this section and sections 3318.05 and 3318.08 of the Revised Code.

(3) That the question of any tax levy specified in a resolution described in division (A)(2)(a) of this section, if required, shall be submitted to the electors of the school district.
district at the next general or primary election, if there be a
general or primary election not less than ninety and not more than
one hundred ten days after the day of the adoption of such
resolution or, if not, at a special election to be held at a time
specified in the resolution which shall be not less than ninety
days after the day of the adoption of the resolution and which
shall be in accordance with the requirements of section 3501.01 of
the Revised Code.

Such resolution shall also state that the question of issuing
bonds of the board shall be combined in a single proposal with the
question of such tax levy. More than one election under this
section may be held in any one calendar year. Such resolution
shall specify both of the following:

(a) That the rate which it is necessary to levy shall be at
the rate of not less than one-half mill for each one dollar of
valuation, and that such tax shall be levied for a period of
twenty-three years;

(b) That the proceeds of the tax shall be used to pay the
cost of maintaining the classroom facilities included in the
project.

(B) A copy of a resolution adopted under division (A) of this
section shall after its passage and not less than ninety days
prior to the date set therein for the election be certified to the
county board of elections.

The resolution of the school district board, in addition to
meeting other applicable requirements of section 133.18 of the
Revised Code, shall state that the amount of bonds to be issued
will be an amount equal to the school district’s portion of the
basic project cost, and state the maximum maturity of the bonds
which may be any number of years not exceeding the term calculated
under section 133.20 of the Revised Code as determined by the
board. In estimating the amount of bonds to be issued, the board shall take into consideration the amount of moneys then in the bond retirement fund and the amount of moneys to be collected for and disbursed from the bond retirement fund during the remainder of the year in which the resolution of necessity is adopted.

If the bonds are to be issued in more than one series, the resolution may state, in addition to the information required to be stated under division (B)(3) of section 133.18 of the Revised Code, the number of series, which shall not exceed five, the principal amount of each series, and the approximate date each series will be issued, and may provide that no series, or any portion thereof, may be issued before such date. Upon such a resolution being certified to the county auditor as required by division (C) of section 133.18 of the Revised Code, the county auditor, in calculating, advising, and confirming the estimated average annual property tax levy under that division, shall also calculate, advise, and confirm by certification the estimated average property tax levy for each series of bonds to be issued.

Notice of the election shall include the fact that the tax levy shall be at the rate of not less than one-half mill for each one dollar of valuation for a period of twenty-three years, and that the proceeds of the tax shall be used to pay the cost of maintaining the classroom facilities included in the project.

If the bonds are to be issued in more than one series, the board of education, when filing copies of the resolution with the board of elections as required by division (D) of section 133.18 of the Revised Code, may direct the board of elections to include in the notice of election the principal amount and approximate date of each series, the maximum number of years over which the principal of each series may be paid, the estimated additional average property tax levy for each series, and the first calendar year in which the tax is expected to be due for each series, in
addition to the information required to be stated in the notice under divisions (E)(3)(a) to (e) of section 133.18 of the Revised Code.

(C)(1) Except as otherwise provided in division (C)(2) of this section, the form of the ballot to be used at such election shall be:

"A majority affirmative vote is necessary for passage.

Shall bonds be issued by the ............ (here insert name of school district) school district to pay the local share of school construction under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ............ (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ............ (here insert the maximum number of years over which the principal of the bonds may be paid) years, and an annual levy of property taxes be made outside the ten-mill limitation, estimated by the county auditor to average over the repayment period of the bond issue ............ (here insert the number of mills estimated) mills for each one dollar of tax valuation, which amounts to ............ (rate expressed in cents or dollars and cents, such as "thirty-six cents" or "$0.36") for each one hundred dollars of tax valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

and, unless the additional levy of taxes is not required pursuant to division (C) of section 3318.05 of the Revised Code,

"Shall an additional levy of taxes be made for a period of twenty-three years to benefit the ............ (here insert name of school district) school district, the proceeds of which shall be used to pay the cost of maintaining the classroom facilities included in the project at the rate of ............ (here insert the
number of mills, which shall not be less than one-half mill) mills for each one dollar of valuation?

(2) If authority is sought to issue bonds in more than one series and the board of education so elects, the form of the ballot shall be as prescribed in section 3318.062 of the Revised Code. If the board of education elects the form of the ballot prescribed in that section, it shall so state in the resolution adopted under this section.

(D) If it is necessary for the school district to acquire a site for the classroom facilities to be acquired pursuant to sections 3318.01 to 3318.20 of the Revised Code, the district board may propose either to issue bonds of the board or to levy a tax to pay for the acquisition of such site, and may combine the question of doing so with the questions specified in division (B) of this section. Bonds issued under this division for the purpose of acquiring a site are a general obligation of the school district and are Chapter 133. securities.

The form of that portion of the ballot to include the question of either issuing bonds or levying a tax for site acquisition purposes shall be one of the following:

(1) "Shall bonds be issued by the ............. (here insert name of the school district) school district to pay costs of acquiring a site for classroom facilities under the State of Ohio Classroom Facilities Assistance Program in the principal amount of ............. (here insert principal amount of the bond issue), to be repaid annually over a maximum period of ............. (here insert maximum number of years over which the principal of the bonds may be repaid)? \)

FOR THE BOND ISSUE AND TAX LEVY
AGAINST THE BOND ISSUE AND TAX LEVY  "
be paid) years, and an annual levy of property taxes be made
outside the ten-mill limitation, estimated by the county auditor
to average over the repayment period of the bond issue .......... (here insert number of mills) mills for each one dollar of tax valuation, which amount to .......... (here insert rate expressed in cents or dollars and cents, such as "thirty-six cents" or 
"$0.36") for each one hundred dollars of valuation to pay the annual debt charges on the bonds and to pay debt charges on any notes issued in anticipation of the bonds?"

(2) "Shall an additional levy of taxes outside the ten-mill limitation be made for the benefit of the .......... (here insert name of the school district) school district for the purpose of acquiring a site for classroom facilities in the sum of .......... (here insert annual amount the levy is to produce) estimated by the county auditor to average .......... (here insert number of mills) mills for each one hundred dollars of valuation, for a period of .......... (here insert number of years the millage is to be imposed) years?"

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of issuing bonds of the school district for acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issues and the Tax Levy" and "Against the Bond Issues and the Tax Levy."

Where it is necessary to combine the question of issuing bonds of the school district and levying a tax as described in division (B) of this section with the question of levying a tax for the acquisition of a site, the question specified in that division to be voted on shall be "For the Bond Issue and the Tax Levies" and "Against the Bond Issue and the Tax Levies."

Where the school district board chooses to combine the
question in division (B) of this section with any of the additional questions described in divisions (A) to (D) of section 3318.056 of the Revised Code, the question specified in division (B) of this section to be voted on shall be "For the Bond Issues and the Tax Levies" and "Against the Bond Issues and the Tax Levies."

If a majority of those voting upon a proposition hereunder which includes the question of issuing bonds vote in favor thereof, and if the agreement provided for by section 3318.08 of the Revised Code has been entered into, the school district board may proceed under Chapter 133. of the Revised Code, with the issuance of bonds or bond anticipation notes in accordance with the terms of the agreement.

Sec. 3318.061. This section applies only to school districts eligible to receive additional assistance under division (B)(2) of section 3318.04 of the Revised Code.

The board of education of a school district in which a tax described by division (B) of section 3318.05 and levied under section 3318.06 of the Revised Code is in effect, may adopt a resolution by vote of a majority of its members to extend the term of that tax beyond the expiration of that tax as originally approved under that section. The school district board may include in the resolution a proposal to extend the term of that tax at the rate of not less than one-half mill for each dollar of valuation for a period of twenty-three years from the year in which the school district board and the Ohio school facilities construction commission enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or in the following year, as specified in the resolution. Such a resolution may be adopted at any time before such an agreement is entered into and before the tax levied pursuant to section 3318.06 of the Revised Code
expires. If the resolution is combined with a resolution to issue bonds to pay the school district's portion of the basic project cost, it shall conform with the requirements of divisions (A)(1), (2), and (3) of section 3318.06 of the Revised Code, except that the resolution also shall state that the tax levy proposed in the resolution is an extension of an existing tax levied under that section. A resolution proposing an extension adopted under this section does not take effect until it is approved by a majority of electors voting in favor of the resolution at a general, primary, or special election as provided in this section.

A tax levy extended under this section is subject to the same terms and limitations to which the original tax levied under section 3318.06 of the Revised Code is subject under that section, except the term of the extension shall be as specified in this section.

The school district board shall certify a copy of the resolution adopted under this section to the proper county board of elections not later than ninety days before the date set in the resolution as the date of the election at which the question will be submitted to electors. The notice of the election shall conform with the requirements of division (A)(3) of section 3318.06 of the Revised Code, except that the notice also shall state that the maintenance tax levy is an extension of an existing tax levy.

The form of the ballot shall be as follows:

"Shall the existing tax levied to pay the cost of maintaining classroom facilities constructed with the proceeds of the previously issued bonds at the rate of ............ (here insert the number of mills, which shall not be less than one-half mill) mills per dollar of tax valuation, be extended until ......... (here insert the year that is twenty-three years after the year in which the district and commission will enter into an agreement under division (B)(2) of section 3318.04 of the Revised Code or the
following year)?

FOR EXTENDING THE EXISTING TAX LEVY
AGAINST EXTENDING THE EXISTING TAX LEVY

Section 3318.07 of the Revised Code applies to ballot questions under this section.

Sec. 3318.07. The board of elections shall certify the result of the election to the tax commissioner, to the auditor of the county or counties in which the school district is located, to the treasurer of the school district board, and to the Ohio school facilities construction commission. The necessary tax levy for debt service on the bonds shall be included in the annual tax budget that is certified to the county budget commission or, if adoption of the tax budget is waived under section 5705.281 of the Revised Code, included among the tax rates required to be provided to the budget commission under that section.

Sec. 3318.08. Except in the case of a joint vocational school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code, if the requisite favorable vote on the election is obtained, or if the school district board has resolved to apply the proceeds of a property tax levy or the proceeds of an income tax, or a combination of proceeds from such taxes, as authorized in section 3318.052 of the Revised Code, the Ohio school facilities construction commission, upon certification to it of either the results of the election or the resolution under section 3318.052 of the Revised Code, shall enter into a written agreement with the school district board for the construction and sale of the project. In the case of a joint vocational school district that receives assistance under sections
3318.40 to 3318.45 of the Revised Code, if the school district board of education and the school district electors have satisfied the conditions prescribed in division (D)(1) of section 3318.41 of the Revised Code, the commission shall enter into an agreement with the school district board for the construction and sale of the project. In either case, the agreement shall include, but need not be limited to, the following provisions:

(A) The sale and issuance of bonds or notes in anticipation thereof, as soon as practicable after the execution of the agreement, in an amount equal to the school district's portion of the basic project cost, including any securities authorized under division (J) of section 133.06 of the Revised Code and dedicated by the school district board to payment of the district's portion of the basic project cost of the project; provided, that if at that time the county treasurer of each county in which the school district is located has not commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, the school district board shall authorize the issuance of a first installment of bond anticipation notes in an amount specified by the agreement, which amount shall not exceed an amount necessary to raise the net bonded indebtedness of the school district as of the date of the controlling board's approval to within five thousand dollars of the required level of indebtedness for the preceding year. In the event that a first installment of bond anticipation notes is issued, the school district board shall, as soon as practicable after the county treasurer of each county in which the school district is located has commenced the collection of taxes on the general duplicate of real and public utility property for the year in which the controlling board approved the project, authorize the issuance of a second and final installment of bond anticipation notes or a first and final issue of bonds.
The combined value of the first and second installment of bond anticipation notes or the value of the first and final issue of bonds shall be equal to the school district's portion of the basic project cost. The proceeds of any such bonds shall be used first to retire any bond anticipation notes. Otherwise, the proceeds of such bonds and of any bond anticipation notes, except the premium and accrued interest thereon, shall be deposited in the school district's project construction fund. In determining the amount of net bonded indebtedness for the purpose of fixing the amount of an issue of either bonds or bond anticipation notes, gross indebtedness shall be reduced by moneys in the bond retirement fund only to the extent of the moneys therein on the first day of the year preceding the year in which the controlling board approved the project. Should there be a decrease in the tax valuation of the school district so that the amount of indebtedness that can be incurred on the tax duplicates for the year in which the controlling board approved the project is less than the amount of the first installment of bond anticipation notes, there shall be paid from the school district's project construction fund to the school district's bond retirement fund to be applied against such notes an amount sufficient to cause the net bonded indebtedness of the school district, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness for the year in which the controlling board approved the project. The maximum amount of indebtedness to be incurred by any school district board as its share of the cost of the project is either an amount that will cause its net bonded indebtedness, as of the first day of the year following the year in which the controlling board approved the project, to be within five thousand dollars of the required level of indebtedness, or an amount equal to the required percentage of the basic project costs, whichever is greater. All bonds and bond
anticipation notes shall be issued in accordance with Chapter 133.

of the Revised Code, and notes may be renewed as provided in

section 133.22 of the Revised Code.

(B) The transfer of such funds of the school district board

available for the project, together with the proceeds of the sale

of the bonds or notes, except premium, accrued interest, and

interest included in the amount of the issue, to the school

district's project construction fund;

(C) For all school districts except joint vocational school

districts that receive assistance under sections 3318.40 to

3318.45 of the Revised Code, the following provisions as

applicable:

(1) If section 3318.052 of the Revised Code applies, the

earmarking of the proceeds of a tax levied under section 5705.21

of the Revised Code for general permanent improvements or under

section 5705.218 of the Revised Code for the purpose of permanent

improvements, or the proceeds of a school district income tax

levied under Chapter 5748. of the Revised Code, or the proceeds

from a combination of those two taxes, in an amount to pay all or

part of the service charges on bonds issued to pay the school

district portion of the project and an amount equivalent to all or

part of the tax required under division (B) of section 3318.05 of

the Revised Code;

(2) If section 3318.052 of the Revised Code does not apply,

one of the following:

(a) The levy of the tax authorized at the election for the

payment of maintenance costs, as specified in division (B) of

section 3318.05 of the Revised Code;

(b) If the school district electors have approved a

continuing tax for general permanent improvements under section

5705.21 of the Revised Code and that tax can be used for
maintenance, the earmarking of an amount of the proceeds from such

tax for maintenance of classroom facilities as specified in
division (B) of section 3318.05 of the Revised Code;

(c) If, in lieu of the tax otherwise required under division (B) of section 3318.05 of the Revised Code, the commission has approved the transfer of money to the maintenance fund in accordance with section 3318.051 of the Revised Code, a requirement that the district board comply with the provisions of that section. The district board may rescind the provision prescribed under division (C)(2)(c) of this section only so long as the electors of the district have approved, in accordance with section 3318.063 of the Revised Code, the levy of a tax for the maintenance of the classroom facilities acquired under the district's project and that levy continues to be collected as approved by the electors.

(D) For joint vocational school districts that receive assistance under sections 3318.40 to 3318.45 of the Revised Code, provision for deposit of school district moneys dedicated to maintenance of the classroom facilities acquired under those sections as prescribed in section 3318.43 of the Revised Code;

(E) Dedication of any local donated contribution as provided for under section 3318.084 of the Revised Code, including a schedule for depositing such moneys applied as an offset of the district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code as required under division (D)(2) of section 3318.084 of the Revised Code;

(F) Ownership of or interest in the project during the period of construction, which shall be divided between the commission and the school district board in proportion to their respective contributions to the school district's project construction fund;

(G) Maintenance of the state's interest in the project until
any obligations issued for the project under section 3318.26 of
the Revised Code are no longer outstanding;

   (H) The insurance of the project by the school district from
the time there is an insurable interest therein and so long as the
state retains any ownership or interest in the project pursuant to
division (F) of this section, in such amounts and against such
risks as the commission shall require; provided, that the cost of
any required insurance until the project is completed shall be a
part of the basic project cost;

   (I) The certification by the director of budget and
management that funds are available and have been set aside to
meet the state's share of the basic project cost as approved by
the controlling board pursuant to either section 3318.04 or
division (B)(1) of section 3318.41 of the Revised Code;

   (J) Authorization of the school district board to advertise
for and receive construction bids for the project, for and on
behalf of the commission, and to award contracts in the name of
the state subject to approval by the commission;

   (K) Provisions for the disbursement of moneys from the school
district's project account upon issuance by the commission or the
commission's designated representative of vouchers for work done
to be certified to the commission by the treasurer of the school
district board;

   (L) Disposal of any balance left in the school district's
project construction fund upon completion of the project;

   (M) Limitations upon use of the project or any part of it so
long as any obligations issued to finance the project under
section 3318.26 of the Revised Code are outstanding;

   (N) Provision for vesting the state's interest in the project
to the school district board when the obligations issued to
finance the project under section 3318.26 of the Revised Code are
outstanding;

(O) Provision for deposit of an executed copy of the
agreement in the office of the commission;

(P) Provision for termination of the contract and release of
the funds encumbered at the time of the conditional approval, if
the proceeds of the sale of the bonds of the school district board
are not paid into the school district's project construction fund
and if bids for the construction of the project have not been
taken within such period after the execution of the agreement as
may be fixed by the commission;

(Q) Provision for the school district to maintain the project
in accordance with a plan approved by the commission;

(R) Provision that all state funds reserved and encumbered to
pay the state share of the cost of the project and the funds
provided by the school district to pay for its share of the
project cost, including the respective shares of the cost of a
segment if the project is divided into segments, be spent on the
construction and acquisition of the project or segment
simultaneously in proportion to the state's and the school
district's respective shares of that basic project cost as
determined under section 3318.032 of the Revised Code or, if the
district is a joint vocational school district, under section
3318.42 of the Revised Code. However, if the school district
certifies to the commission that expenditure by the school
district is necessary to maintain the federal tax status or
tax-exempt status of notes or bonds issued by the school district
to pay for its share of the project cost or to comply with
applicable temporary investment periods or spending exceptions to
rebate as provided for under federal law in regard to those notes
or bonds, the school district may commit to spend, or spend, a
greater portion of the funds it provides during any specific
period than would otherwise be required under this division.
(S) A provision stipulating that the commission may prohibit the district from proceeding with any project if the commission determines that the site is not suitable for construction purposes. The commission may perform soil tests in its determination of whether a site is appropriate for construction purposes.

(T) A provision stipulating that, unless otherwise authorized by the commission, any contingency reserve portion of the construction budget prescribed by the commission shall be used only to pay costs resulting from unforeseen job conditions, to comply with rulings regarding building and other codes, to pay costs related to design clarifications or corrections to contract documents, and to pay the costs of settlements or judgments related to the project as provided under section 3318.086 of the Revised Code;

(U) A provision stipulating that for continued release of project funds the school district board shall comply with sections 3313.41, 3313.411, and 3313.413 of the Revised Code throughout the project and shall notify the department of education and the Ohio community school association when the board plans to dispose of facilities by sale under that section;

(V) A provision stipulating that the commission shall not approve a contract for demolition of a facility until the school district board has complied with sections 3313.41, 3313.411, and 3313.413 of the Revised Code relative to that facility, unless demolition of that facility is to clear a site for construction of a replacement facility included in the district's project;

(W) A requirement for the school district to adhere to a facilities maintenance plan approved by the commission.

Sec. 3318.081. If the board of education of a school district authorized to impose a tax pursuant to section 3318.06 of the Revised Code
Revised Code determines that taxable value of property subject to the tax has increased to the extent it will not be necessary to impose such tax for twenty-three years in order to generate an amount equal to the amount of the project cost supplied by the state, it may request the county auditor to determine the amount remaining to be paid and the estimated rate of taxation required each year to pay such remainder in equal installments over the maximum number of remaining years the tax may be in effect. The auditor shall make such determination upon request and certify the results thereof to the board of education.

Upon receipt of the auditor's determination, the board of education may request the Ohio school facilities construction commission to enter into a supplemental agreement under which the district may pay the remainder of the amount in annual amounts equal to the quotient obtained by dividing the amount remaining to be paid by the maximum number of remaining years the tax may be in effect. If such an agreement is entered into, the commission shall certify a copy thereof to the county auditor and the tax authorized by section 3318.06 of the Revised Code thereafter shall be levied at the rate required to make the annual payments required by the supplemental agreement rather than the rate required by such section.

Sec. 3318.082. The board of education of any school district imposing a tax for the purpose of paying the state pursuant to section 3318.06 of the Revised Code prior to the effective date of the amendments to that section by Amended Substitute House Bill No. 748 of the 121st General Assembly, may enter into a supplemental agreement with the Ohio school facilities construction commission under which the proceeds of such tax shall be distributed in accordance with the requirements of section 3318.06 of the Revised Code, as amended by Amended Substitute House Bill No. 748 of the 121st general assembly.
Sec. 3318.083. If, after the Ohio school facilities construction commission and a school district enter into a written agreement under section 3318.08 of the Revised Code for the construction of a classroom facilities project, the commission approves an increase in the basic project cost above the amount budgeted plus any interest earned and available in the project construction fund, the state and the school district shall share the increased cost in proportion to their respective contributions to the district's project construction fund.

Sec. 3318.084. (A) Notwithstanding anything to the contrary in Chapter 3318. of the Revised Code, a school district board may apply any local donated contribution toward any of the following:

(1) The district's portion of the basic project cost of a project under either sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code to reduce the amount of bonds the district otherwise must issue in order to receive state assistance under those sections;

(2) If the school district is not a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, an offset of all or part of a district's obligation to levy the tax described in division (B) of section 3318.05 of the Revised Code, which shall be applied only in the manner prescribed in division (B) of this section;

(3) If the school district is a joint vocational school district proceeding under sections 3318.40 to 3318.45 of the Revised Code, all or part of the amount the school district is obligated to set aside for maintenance of the classroom facilities acquired under that project pursuant to section 3318.43 of the Revised Code.

(B) No school district board shall apply any local donated
contribution under division (A)(2) of this section unless the Ohio
school facilities construction commission first approves that
application.

Upon the request of the school district board to apply local
donated contribution under division (A)(2) of this section, the
commission in consultation with the department of taxation shall
determine the amount of total revenue that likely would be
generated by one-half mill of the tax described in division (B) of
section 3318.05 of the Revised Code over the entire
twenty-three-year period required under that section and shall
deduct from that amount any amount of local donated contribution
that the board has committed to apply under division (A)(2) of
this section. The commission then shall determine in consultation
with the department of taxation the rate of tax over twenty-three
years necessary to generate the amount of a one-half mill tax not
offset by the local donated contribution. Notwithstanding anything
to the contrary in section 3318.06, 3318.061, or 3318.361 of the
Revised Code, the rate determined by the commission shall be the
rate for which the district board shall seek elector approval
under those sections to meet its obligation under division (B) of
section 3318.05 of the Revised Code. In the case of a complete
offset of the district's obligation under division (B) of section
3318.05 of the Revised Code, the district shall not be required to
levy the tax otherwise required under that section. At the end of
the twenty-three-year period of the tax required under division
(B) of section 3318.05 of the Revised Code, whether or not the tax
is actually levied, the commission in consultation of the
department of taxation shall recalculate the amount that would
have been generated by the tax if it had been levied at one-half
mill. If the total amount actually generated over that period from
both the tax that was actually levied and any local donated
contribution applied under division (A)(2) of this section is less
than the amount that would have been raised by a one-half mill
tax, the district shall pay any difference. If the total amount actually raised in such manner is greater than the amount that would have been raised by a one-half mill tax the difference shall be zero and no payments shall be made by either the district or the commission.

(C) As used in this section, "local donated contribution" means any of the following:

(1) Any moneys irrevocably donated or granted to a school district board by a source other than the state which the board has the authority to apply to the school district's project under sections 3318.01 to 3318.20 of the Revised Code and which the board has pledged for that purpose by resolution adopted by a majority of its members;

(2) Any irrevocable letter of credit issued on behalf of a school district which the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education;

(3) Any cash a school district has on hand that the school district board has encumbered for payment of the school district's share of its project under sections 3318.01 to 3318.20 of the Revised Code that has been approved by the commission in consultation with the department of education, including the following:

(a) Any year-end operating fund balances that can be spent for classroom facilities;

(b) Any cash resulting from a lease-purchase agreement that the school district board has entered into under section 3313.375 of the Revised Code, provided that the agreement and the related financing documents contain provisions protecting the state's
superior interest in the project.

(4) Any moneys spent by a source other than the school
district or the state for construction or renovation of specific
classroom facilities that have been approved by the commission as
part of the basic project cost of the district's project. The
school district, the commission, and the entity providing the
local donated contribution under division (C)(4) of this section
shall enter into an agreement identifying the classroom facilities
to be acquired by the expenditures made by that entity. The
agreement shall include, but not be limited to, stipulations that
require an audit by the commission of such expenditures made on
behalf of the district and that specify the maximum amount of
credit to be allowed for those expenditures. Upon completion of
the construction or renovation, the commission shall determine the
actual amount that the commission will credit, at the request of
the district board, toward the district's portion of the basic
project cost, any project cost overruns, or the basic project cost
of future segments if the project has been divided into segments
under section 3318.38 of the Revised Code. The actual amount of
the credit shall not exceed the lesser of the amount specified in
the agreement or the actual cost of the construction or
renovation.

(D) No state moneys shall be released for a project to which
this section applies until:

(1) Any local donated contribution authorized under division
(A)(1) of this section is first deposited into the school
district's project construction fund.

(2) The school district board and the commission have
included a stipulation in their agreement entered into under
section 3318.08 of the Revised Code under which the board will
deposit into a fund approved by the commission according to a
schedule that does not extend beyond the anticipated completion
date of the project the total amount of any local donated
contribution authorized under division (A)(2) or (3) of this
section and dedicated by the board for that purpose.

However, if any local donated contribution as described in
division (C)(4) of this section has been approved under this
section, the state moneys may be released even if the entity
providing that local donated contribution has not spent the moneys
so dedicated as long as the agreement required under that section
has been executed.

**Sec. 3318.086.** The construction budget for any project under
sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the
Revised Code shall contain a contingency reserve in an amount
prescribed by the Ohio school facilities construction commission,
which unless otherwise authorized by the commission, shall be used
only to pay costs resulting from unforeseen job conditions, to
comply with rulings regarding building and other codes, to pay
costs related to design clarifications or corrections to contract
documents, and to pay the costs of settlements or judgments
related to the project.

**Sec. 3318.091.** (A) Promptly after the written agreement
between the school district board and the Ohio school facilities
construction commission has been entered into, the school district
board shall proceed with the issuance of its bonds or notes in
anticipation thereof pursuant to the provision of such agreement
required by division (A) of section 3318.08 of the Revised Code
and the deposit of the proceeds thereof in the school district's
project construction fund pursuant to the provision of such
agreement required by division (B) of section 3318.08 of the
Revised Code, and the school district board, with the approval of
the commission shall employ a qualified professional person or
firm to prepare preliminary plans, working drawings,
specifications, estimates of cost, and such data as the school
district board and the commission consider necessary for the
project. When the preliminary plans and preliminary estimates of
cost have been prepared, and approved by the school district
board, they shall be submitted to the commission for approval,
modification, or rejection. The commission shall ensure that the
plans and materials proposed for use in the project comply with
specifications for plans and materials that shall be established
by the commission. When such preliminary plans and preliminary
estimates of cost and any modifications thereof have been approved
by the commission and the school district board, the school
district board shall cause such qualified professional person or
firm to prepare the working drawings, specifications, and
estimates of cost.

(B) Whenever project plans submitted to the commission for
approval under division (A) of this section propose to locate a
facility on a state route or United States highway or within one
mile of a state route or United States highway, the commission
shall send a copy of the plans to the director of transportation.
The director of transportation shall review the plans to determine
the feasibility of the proposed ingress and egress to the
facility, the traffic circulation pattern on roadways around the
facility, and any improvements that would be necessary to conform
the roadways to provisions of the manual adopted by the department
of transportation pursuant to section 4511.09 of the Revised Code
or state or federal law. The director of transportation shall
provide a written summary of the director's findings to the
commission in a timely manner. The commission shall consider the
findings in deciding whether to approve the plans.

Sec. 3318.10. When such working drawings, specifications, and
estimates of cost have been approved by the school district board
and the Ohio school facilities construction commission, the
treasurer of the school district board shall advertise for
construction bids in accordance with section 3313.46 of the
Revised Code. Such notices shall state that plans and
specifications for the project are on file in the office of the
commission and such other place as may be designated in such
notice, and the time and place when and where bids therefor will
be received.

The form of proposal to be submitted by bidders shall be
supplied by the commission. Bidders may be permitted to bid upon
all the branches of work and materials to be furnished and
supplied, upon any branch thereof, or upon all or any thereof.

When the construction bids for all branches of work and
materials have been tabulated, the commission shall cause to be
prepared a revised estimate of the basic project cost based upon
the lowest responsible bids received. If such revised estimate
exceeds the estimated basic project cost as approved by the
controlling board pursuant to section 3318.04 or division (B)(1)
of section 3318.41 of the Revised Code, no contracts may be
entered into pursuant to this section unless such revised estimate
is approved by the commission and by the controlling board. When
such revised estimate has been prepared, and after such approvals
are given, if necessary, and if the school district board has
caused to be transferred to the project construction fund the
proceeds from the sale of the first or first and final installment
of its bonds or bond anticipation notes pursuant to the provision
of the written agreement required by division (B) of section
3318.08 of the Revised Code, and when the director of budget and
management has certified that there is a balance in the
appropriation, not otherwise obligated to pay precedent
obligations, pursuant to which the state's share of such revised
estimate is required to be paid, the contract for all branches of
work and materials to be furnished and supplied, or for any branch
thereof as determined by the school district board, shall be awarded by the school district board to the lowest responsible bidder subject to the approval of the commission. Such award shall be made within sixty days after the date on which the bids are opened, and the successful bidder shall enter into a contract within ten days after the successful bidder is notified of the award of the contract.

Subject to the approval of the commission, the school district board may reject all bids and readvertise. Any contract made under this section shall be made in the name of the state and executed on its behalf by the president and treasurer of the school district board.

The provisions of sections 9.312 and 3313.46 of the Revised Code, which are applicable to construction contracts of boards of education, shall apply to construction contracts for the project.

The remedies afforded to any subcontractor, materials supplier, laborer, mechanic, or persons furnishing material or machinery for the project under sections 1311.26 to 1311.32 of the Revised Code, shall apply to contracts entered into under this section and the itemized statement required by section 1311.26 of the Revised Code shall be filed with the school district board.

Notwithstanding any other requirement of this section, a school district, with the approval of the commission, may utilize any otherwise lawful alternative construction delivery method for the construction of the project.

Sec. 3318.11. For any project undertaken with financial assistance from the state under this chapter, the amount of state appropriations to be encumbered for the project in each fiscal year shall be determined by the Ohio school facilities construction commission based on the project's estimated construction schedule for that year. In each fiscal year
subsequent to the first year in which state appropriations are
cumbered for the project, the project has priority for state
funds over projects for which initial state funding is sought.

Sec. 3318.112. (A) As used in this section, "solar-ready"
means capable of accommodating the eventual installation of roof
top, solar photovoltaic energy equipment.

(B) The Ohio school facilities construction commission shall
adopt rules prescribing standards for solar-ready equipment in
school buildings under their jurisdiction. The rules shall
include, but not be limited to, standards regarding roof space
limitations, shading and obstruction, building orientation, roof
loading capacity, and electric systems.

(C) A school district may seek, and the commission may grant
for good cause shown, a waiver from part or all of the standards
prescribed under division (B) of this section.

Sec. 3318.12. (A) The Ohio school facilities construction
commission shall cause to be transferred to the school district's
project construction fund the necessary amounts from amounts
appropriated by the general assembly and set aside for such
purpose, from time to time as may be necessary to pay obligations
chargeable to such fund when due. All investment earnings of a
school district's project construction fund shall be credited to
the fund.

(B)(1) The treasurer of the school district board shall
disburse funds from the school district's project construction
fund, including investment earnings credited to the fund, only
upon the approval of the commission or the commission's designated
representative. The commission or the commission's designated
representative shall issue vouchers against such fund, in such
amounts, and at such times as required by the contracts for
construction of the project.

(2) Notwithstanding anything to the contrary in division (B)(1) of this section, the school district board may, by a duly adopted resolution, choose to use all or part of the investment earnings of the district's project construction fund that are attributable to the district's contribution to the fund to pay the cost of classroom facilities or portions or components of classroom facilities that are not included in the district's basic project cost but that are related to the district's project. If the district board adopts a resolution in favor of using those investment earnings as authorized under division (B)(2) of this section, the treasurer shall disburse the amount as designated and directed by the board. However, if the district board chooses to use any part of the investment earnings for classroom facilities or portions or components of classroom facilities that are not included in the basic project cost, as authorized under division (B)(2) of this section, and, subsequently, the cost of the project exceeds the amount in the project construction fund, the district board shall restore to the project construction fund the full amount of the investment earnings used under division (B)(2) of this section before any additional state moneys shall be released for the project.

(C) After a certificate of completion has been issued for a project under section 3318.48 of the Revised Code:

(1) At the discretion of the school district board, any investment earnings remaining in the project construction fund that are attributable to the school district's contribution to the fund shall be:

(a) Retained in the project construction fund for future projects;

(b) Transferred to the district's maintenance fund required
by division (B) of section 3318.05 or section 3318.43 of the Revised Code, and the money so transferred shall be used solely for maintaining the classroom facilities included in the project;

(c) Transferred to the district's permanent improvement fund.

(2) Any investment earnings remaining in the project construction fund that are attributable to the state's contribution to the fund shall be transferred to the commission for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(3) Any other surplus remaining in the school district's project construction fund shall be transferred to the commission and the school district board in proportion to their respective contributions to the fund. The commission shall use the money transferred to it under this division for expenditure pursuant to sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code.

(D) Pursuant to appropriations of the general assembly, any moneys transferred to the commission under division (C)(2) or (3) of this section from a project construction fund for a project under sections 3318.40 to 3318.45 of the Revised Code may be used for future expenditures for projects under sections 3318.40 to 3318.45 of the Revised Code, notwithstanding the two per cent annual limit specified in division (B) of section 3318.40 of the Revised Code.

**Sec. 3318.121.** As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

Notwithstanding any provision to the contrary in section 3318.12 or Chapter 5705. of the Revised Code, a big-eight school district receiving assistance for a project under this chapter,
that has opted with the approval of the Ohio school facilities construction commission to divide the project into discrete segments to be completed sequentially, or otherwise, may, with the approval of the commission or the commission's designated representative, and pursuant to a resolution adopted by the school district board, transfer to a special construction fund investment earnings credited to the project construction fund that are attributable to the district's contribution to that fund, if the school district board and the commission, or its designated representative, determine that the unspent amount of the district's contribution to the project construction fund, including any investment earnings on that contribution that are not to be transferred to the special construction fund, together with the principal amount of any additional securities authorized by the voters of the district to be issued to pay the local share of the basic project cost of the entire project that have not yet been issued by the district, are projected at the time of the transfer to be not less than one hundred ten per cent of the amount required to provide for the entire remaining local share of the basic project cost because of reductions in the scope and estimated cost of the project that have been incorporated in the district's approved master facilities plan. The money in that special construction fund, including investment earnings attributable to money in that fund, shall be used by the district solely to pay costs of classroom facilities (A) in later segments of the project that are consistent with the specifications for plans and materials for classroom facilities adopted by the commission and those specifications used by the district for classroom facilities included in one or more prior segments, but which would cause the cost of the facilities in one or more later segments to be in excess of the approved budgeted basic project cost for the segment to be shared by the state and the district in proportion to the state's and the school district's respective
shares of the basic project cost as determined under section 3318.032 of the Revised Code, or (B) that were included in the master facilities plan prior to the reduction in scope. All investment earnings on a district's special construction fund shall be credited to the fund. After the entire project has been completed, any investment earnings remaining in the special construction fund shall be transferred to the district's maintenance fund required by division (B) of section 3318.05 of the Revised Code, and used solely for maintaining the classroom facilities included in the project.

Sec. 3318.13. Notwithstanding any provision of sections 5705.27 to 5705.50 of the Revised Code, the tax to be levied on all taxable property within a school district for the purpose of paying the cost of maintaining the classroom facilities included in the project under the agreement provided in section 3318.08 of the Revised Code or the supplemental agreement provided in section 3318.081 of the Revised Code shall be included in the budget of the school district for each year upon the certification to the county budget commission or commissions of the county or counties in which said school district is located, by the Ohio school facilities construction commission of the balance due the state under said agreement or supplemental agreement. Such certification shall be made on or before the fifteenth day of July in each year. Thereafter, the respective county budget commissions shall treat such certification as an additional item on the tax budget for the school district as to which such certification has been made and shall provide for the levy therefor in the manner provided in sections 5705.27 to 5705.50 of the Revised Code for tax levies included directly in the budgets of the subdivisions.

The levy of taxes shall be included in the next annual tax budget that is certified to the county budget commission after the execution of the agreement for the project.
Sec. 3318.15. There is hereby created the public school building fund within the state treasury consisting of any moneys transferred or appropriated to the fund by the general assembly, moneys paid into or transferred in accordance with section 3318.47 of the Revised Code, and any grants, gifts, or contributions received by the Ohio school facilities construction commission to be used for the purposes of the fund. All investment earnings of the fund shall be credited to the fund.

Moneys transferred or appropriated to the fund by the general assembly and moneys in the fund from grants, gifts, and contributions shall be used for the purposes of Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.16. The Ohio school facilities construction commission shall have an interest in real property purchased with moneys in the school district's project construction fund.

Once obligations issued to finance a project under section 3318.26 of the Revised Code are no longer outstanding, any interest held by the commission shall be transferred to the school district.

Sec. 3318.18. (A) As used in this section:

(1) "Valuation" of a school district means the sum of the amounts described in divisions (A)(1) and (2) of section 3317.021 of the Revised Code as most recently certified for the district before the annual computation is made under division (B) of this section.

(2) "Valuation per pupil" of a school district means the district's valuation divided by the district's formula ADM as most recently calculated under section 3317.03 of the Revised Code before the annual computation is made under division (B) of this section.
section.

(4) "Maintenance levy requirement" means the tax required to be levied pursuant to division (C)(2)(a) of section 3318.08 and division (B) of section 3318.05 of the Revised Code or the application of proceeds of another levy to paying the costs of maintaining classroom facilities pursuant to division (A)(2) of section 3318.052, division (C)(1) or (C)(2)(b) of section 3318.08, or division (D)(2) of section 3318.36 of the Revised Code, or a combination thereof.

(5) "Project agreement" means an agreement between a school district and the Ohio school facilities construction commission under section 3318.08 or division (B)(1) of section 3318.36 of the Revised Code.

(B) On or before July 1, 2006, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district, and provide them to the Ohio school facilities construction commission. On or before the first day of July each year beginning in 2007, the department of education shall compute the statewide average valuation per pupil and the valuation per pupil of each school district that has not already entered into a project agreement, and provide the results of those computations to the commission.

(C)(1) At the time the Ohio school facilities construction commission enters into a project agreement with a school district, the commission shall compute the difference between the district's valuation per pupil and the statewide average valuation per pupil...
as most recently provided to the commission under division (B) of this section. If the school district's valuation per pupil is less than the average statewide valuation per pupil, the commission shall multiply the difference between those amounts by one-half mill times the formula ADM of the district as most recently reported to the department of education for October under division (A) of section 3317.03 of the Revised Code. The commission shall certify the resulting product to the department of education, along with the date on which the maintenance levy requirement terminates as provided in the project agreement between the school district board and the commission.

(2) In the case of a school district that entered into a project agreement after July 1, 1997, but before July 1, 2006, the commission shall make the computation described in division (C)(1) of this section on the basis of the district's valuation per pupil and the statewide average valuation per pupil computed as of September 1, 2006, and the district's formula ADM reported for October 2005.

(3) The amount computed for a school district under division (C)(1) or (2) of this section shall not change for the period during which payments are made to the district under division (D) of this section.

(4) A computation need not be made under division (C)(1) or (2) of this section for a school district that certified a resolution to the commission under division (D)(3) of section 3318.36 of the Revised Code until the district becomes eligible for state assistance as provided in that division.

(D) In the fourth quarter of each fiscal year, for each school district for which a computation has been made under division (C) of this section, the department of education shall pay the amount computed to each such school district. Payments shall be made to a school district each year until and including...
the tax year in which the district's maintenance levy requirement terminates. Payments shall be paid from the half-mill equalization fund, subject to appropriation by the general assembly. However, the department shall make no payments under this section to any district that elects the procedure authorized by section 3318.051 of the Revised Code.

(E) Payments made to a school district under this section shall be credited to the district's classroom facilities maintenance fund and shall be used only for the purpose of maintaining facilities constructed or renovated under the project agreement.

(F) There is hereby created in the state treasury the half-mill equalization fund. The fund shall receive transfers pursuant to section 5727.85 of the Revised Code. The fund shall be used first to make annual payments under division (D) of this section. If a balance remains in the fund after such payments are made in full for a year, the Ohio school facilities construction commission may request the controlling board to transfer a reasonable amount from such remaining balance to the public school building fund created under section 3318.15 of the Revised Code for the purposes of this chapter.

All investment earnings arising from investment of money in the half-mill equalization fund shall be credited to the fund.

Sec. 3318.22. (A) The general assembly finds that many school districts are prevented by their size, tax base, or other conditions from performing their essential functions as agencies of state government to provide adequate classroom facilities and issuing securities under Chapter 133. of the Revised Code at favorable interest rates or charges. Accordingly, the Ohio school facilities construction commission is invested with the powers and duties provided in sections 3318.21 to 3318.29 of the Revised Code.
in order to provide deserved assistance and materially contribute to the educational revitalization of such school districts and result in improving the education and welfare of all the people of the state.

(B) Sections 3318.21 to 3318.29 of the Revised Code do not authorize the commission or the issuing authority to incur bonded indebtedness of the state or any political subdivision of the state, or to obligate or pledge moneys raised by taxation for the payment of any bonds or notes issued pursuant to sections 3318.21 to 3318.29 of the Revised Code.

Sec. 3318.25. There is hereby created in the state treasury the school building program assistance fund. The fund shall consist of the proceeds of obligations issued for the purposes of such fund pursuant to section 3318.26 of the Revised Code that are payable from moneys in the lottery profits education fund created in section 3770.06 of the Revised Code or pursuant to section 151.03 of the Revised Code. All investment earnings of the fund shall be credited to the fund. Moneys in the fund shall be used as directed by the Ohio school facilities construction commission for the cost to the state of constructing classroom facilities under Chapter 3318. of the Revised Code as prescribed by the general assembly.

Sec. 3318.26. (A) The provisions of this section apply only to obligations issued by the issuing authority prior to December 1, 1999.

(B) Subject to the limitations provided in section 3318.29 of the Revised Code, the issuing authority, upon the certification by the Ohio school facilities construction commission to the issuing authority of the amount of moneys or additional moneys needed in the school building program assistance fund for the purposes of
sections 3318.01 to 3318.20 and sections 3318.40 to 3318.45 of the Revised Code, or needed for capitalized interest, for funding reserves, and for paying costs and expenses incurred in connection with the issuance, carrying, securing, paying, redeeming, or retirement of the obligations or any obligations refunded thereby, including payment of costs and expenses relating to letters of credit, lines of credit, insurance, put agreements, standby purchase agreements, indexing, marketing, remarketing and administrative arrangements, interest swap or hedging agreements, and any other credit enhancement, liquidity, remarketing, renewal, or refunding arrangements, all of which are authorized by this section, shall issue obligations of the state under this section in the required amount. The proceeds of such obligations, except for obligations issued to provide moneys for the school building program assistance fund shall be deposited by the treasurer of state in special funds, including reserve funds, as provided in the bond proceedings. The issuing authority may appoint trustees, paying agents, and transfer agents and may retain the services of financial advisors and accounting experts and retain or contract for the services of marketing, remarketing, indexing, and administrative agents, other consultants, and independent contractors, including printing services, as are necessary in the issuing authority's judgment to carry out this section. The costs of such services are payable from the school building program assistance fund or any special fund determined by the issuing authority.

(C) The holders or owners of such obligations shall have no right to have moneys raised by taxation obligated or pledged, and moneys raised by taxation shall not be obligated or pledged, for the payment of bond service charges. Such holders or owners shall have no rights to payment of bond service charges from any money or property received by the commission, treasurer of state, or the state, or from any other use of the proceeds of the sale of the obligations.
obligations, and no such moneys may be used for the payment of bond service charges, except for accrued interest, capitalized interest, and reserves funded from proceeds received upon the sale of the obligations and except as otherwise expressly provided in the applicable bond proceedings pursuant to written directions by the treasurer of state. The right of such holders and owners to payment of bond service charges shall be limited to all or that portion of the pledged receipts and those special funds pledged thereto pursuant to the bond proceedings in accordance with this section, and each such obligation shall bear on its face a statement to that effect.

(D) Obligations shall be authorized by resolution or order of the issuing authority and the bond proceedings shall provide for the purpose thereof and the principal amount or amounts, and shall provide for or authorize the manner or agency for determining the principal maturity or maturities, not exceeding the limits specified in section 3318.29 of the Revised Code, the interest rate or rates or the maximum interest rate, the date of the obligations and the dates of payment of interest thereon, their denomination, and the establishment within or without the state of a place or places of payment of bond service charges. Sections 9.98 to 9.983 of the Revised Code are applicable to obligations issued under this section, subject to any applicable limitation under section 3318.29 of the Revised Code. The purpose of such obligations may be stated in the bond proceedings in terms describing the general purpose or purposes to be served. The bond proceedings shall also provide, subject to the provisions of any other applicable bond proceedings, for the pledge of all, or such part as the issuing authority may determine, of the pledged receipts and the applicable special fund or funds to the payment of bond service charges, which pledges may be made either prior or subordinate to other expenses, claims, or payments, and may be made to secure the obligations on a parity with obligations.
theretofore or thereafter issued, if and to the extent provided in the bond proceedings. The pledged receipts and special funds so pledged and thereafter received by the state are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledges is valid and binding against all parties having claims of any kind against the state or any governmental agency of the state, irrespective of whether such parties have notice thereof, and shall create a perfected security interest for all purposes of Chapter 1309. of the Revised Code, without the necessity for separation or delivery of funds or for the filing or recording of the bond proceedings by which such pledge is created or any certificate, statement or other document with respect thereto; and the pledge of such pledged receipts and special funds is effective and the money therefrom and thereof may be applied to the purposes for which pledged without necessity for any act of appropriation, except as required by section 3770.06 of the Revised Code. Every pledge, and every covenant and agreement made with respect thereto, made in the bond proceedings may therein be extended to the benefit of the owners and holders of obligations authorized by this section, and to any trustee therefor, for the further security of the payment of the bond service charges.

(E) The bond proceedings may contain additional provisions as to:

(1) The redemption of obligations prior to maturity at the option of the issuing authority at such price or prices and under such terms and conditions as are provided in the bond proceedings;

(2) Other terms of the obligations;

(3) Limitations on the issuance of additional obligations;

(4) The terms of any trust agreement or indenture securing the obligations or under which the same may be issued;
(5) The deposit, investment and application of special funds, and the safeguarding of moneys on hand or on deposit, without regard to Chapter 131., 133., or 135. of the Revised Code, but subject to any special provisions of sections 3318.21 to 3318.29 of the Revised Code, with respect to particular funds or moneys, provided that any bank or trust company that acts as depository of any moneys in the special funds may furnish such indemnifying bonds or may pledge such securities as required by the issuing authority;

(6) Any or every provision of the bond proceedings being binding upon such officer, board, commission, authority, agency, department, or other person or body as may from time to time have the authority under law to take such actions as may be necessary to perform all or any part of the duty required by such provision;

(7) Any provision that may be made in a trust agreement or indenture;

(8) The lease or sublease of any interest of the school district or the state in one or more projects as defined in division (C) of section 3318.01 of the Revised Code, or in one or more permanent improvements, to or from the issuing authority, as provided in one or more lease or sublease agreements between the school or the state and the issuing authority;

(9) Any other or additional agreements with the holders of the obligations, or the trustee therefor, relating to the obligations or the security therefor.

(F) The obligations may have the great seal of the state or a facsimile thereof affixed thereto or printed thereon. The obligations and any coupons pertaining to obligations shall be signed or bear the facsimile signature of the issuing authority. Any obligations or coupons may be executed by the person who, on the date of execution, is the proper issuing authority although on
the date of such bonds or coupons such person was not the issuing  
authority. In case the issuing authority whose signature or a  
facsimile of whose signature appears on any such obligation or  
coupon ceases to be the issuing authority before delivery thereof,  
such signature or facsimile is nevertheless valid and sufficient  
for all purposes as if the issuing authority had remained the  
issuing authority until such delivery; and in case the seal to be  
affixed to obligations has been changed after a facsimile of the  
seal has been imprinted on such obligations, such facsimile seal  
shall continue to be sufficient as to such obligations and  
obligations issued in substitution or exchange therefor.  

(G) All obligations are negotiable instruments and securities  
under Chapter 1308. of the Revised Code, subject to the provisions  
of the bond proceedings as to registration. The obligations may be  
issued in coupon or in registered form, or both, as the issuing  
authority determines. Provision may be made for the registration  
of any obligations with coupons attached thereto as to principal  
alone or as to both principal and interest, their exchange for  
obligations so registered, and for the conversion or reconversion  
into obligations with coupons attached thereto of any obligations  
registered as to both principal and interest, and for reasonable  
charges for such registration, exchange, conversion, and  
reconversion.  

(H) Obligations may be sold at public sale or at private  
sale, as determined in the bond proceedings.  

(I) Pending preparation of definitive obligations, the  
issuing authority may issue interim receipts or certificates which  
shall be exchanged for such definitive obligations.  

(J) In the discretion of the issuing authority, obligations  
may be secured additionally by a trust agreement or indenture  
between the issuing authority and a corporate trustee which may be  
y any trust company or bank having a place of business within the
state. Any such agreement or indenture may contain the resolution or order authorizing the issuance of the obligations, any provisions that may be contained in any bond proceedings, and other provisions that are customary or appropriate in an agreement or indenture of such type, including, but not limited to:

(1) Maintenance of each pledge, trust agreement, indenture, or other instrument comprising part of the bond proceedings until the state has fully paid the bond service charges on the obligations secured thereby, or provision therefor has been made;

(2) In the event of default in any payments required to be made by the bond proceedings, or any other agreement of the issuing authority made as a part of the contract under which the obligations were issued, enforcement of such payments or agreement by mandamus, the appointment of a receiver, suit in equity, action at law, or any combination of the foregoing;

(3) The rights and remedies of the holders of obligations and of the trustee, and provisions for protecting and enforcing them, including limitations on rights of individual holders of obligations;

(4) The replacement of any obligations that become mutilated or are destroyed, lost, or stolen;

(5) Such other provisions as the trustee and the issuing authority agree upon, including limitations, conditions, or qualifications relating to any of the foregoing.

(K) Any holder of obligations or a trustee under the bond proceedings, except to the extent that the holder's or trustee's rights are restricted by the bond proceedings, may by any suitable form of legal proceedings, protect and enforce any rights under the laws of this state or granted by such bond proceedings. Such rights include the right to compel the performance of all duties of the issuing authority, the commission, or the director of
budget and management required by sections 3318.21 to 3318.29 of the Revised Code or the bond proceedings; to enjoin unlawful activities; and in the event of default with respect to the payment of any bond service charges on any obligations or in the performance of any covenant or agreement on the part of the issuing authority, the commission, or the director of budget and management in the bond proceedings, to apply to a court having jurisdiction of the cause to appoint a receiver to receive and administer the pledged receipts and special funds, other than those in the custody of the treasurer of state or the commission, which are pledged to the payment of the bond service charges on such obligations or which are the subject of the covenant or agreement, with full power to pay, and to provide for payment of bond service charges on, such obligations, and with such powers, subject to the direction of the court, as are accorded receivers in general equity cases, excluding any power to pledge additional revenues or receipts or other income or moneys of the issuing authority or the state or governmental agencies of the state to the payment of such principal and interest and excluding the power to take possession of, mortgage, or cause the sale or otherwise dispose of any permanent improvement.

Each duty of the issuing authority and the issuing authority's officers and employees, and of each governmental agency and its officers, members, or employees, undertaken pursuant to the bond proceedings or any agreement or loan made under authority of sections 3318.21 to 3318.29 of the Revised Code, and in every agreement by or with the issuing authority, is hereby established as a duty of the issuing authority, and of each such officer, member, or employee having authority to perform such duty, specifically enjoined by the law resulting from an office, trust, or station within the meaning of section 2731.01 of the Revised Code.
The person who is at the time the issuing authority, or the issuing authority's officers or employees, are not liable in their personal capacities on any obligations issued by the issuing authority or any agreements of or with the issuing authority.

(L) Obligations issued under this section are lawful investments for banks, societies for savings, savings and loan associations, deposit guarantee associations, trust companies, trustees, fiduciaries, insurance companies, including domestic for life and domestic not for life, trustees or other officers having charge of sinking and bond retirement or other special funds of political subdivisions and taxing districts of this state, the commissioners of the sinking fund of the state, the administrator of workers' compensation, the state teachers retirement system, the public employees retirement system, the school employees retirement system, and the Ohio police and fire pension fund, notwithstanding any other provisions of the Revised Code or rules adopted pursuant thereto by any governmental agency of the state with respect to investments by them, and also are acceptable as security for the deposit of public moneys.

(M) Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the special funds established by or pursuant to this section may be invested by or on behalf of the issuing authority only in notes, bonds, or other obligations of the United States, or of any agency or instrumentality of the United States, obligations guaranteed as to principal and interest by the United States, obligations of this state or any political subdivision of this state, and certificates of deposit of any national bank located in this state and any bank, as defined in section 1101.01 of the Revised Code, subject to inspection by the superintendent of financial institutions. If the law or the instrument creating a trust pursuant to division (J) of this section expressly permits investment in direct
obligations of the United States or an agency of the United States, unless expressly prohibited by the instrument, such moneys also may be invested in no front end load money market mutual funds consisting exclusively of obligations of the United States or an agency of the United States and in repurchase agreements, including those issued by the fiduciary itself, secured by obligations of the United States or an agency of the United States; and in collective investment funds established in accordance with section 1111.14 of the Revised Code and consisting exclusively of any such securities, notwithstanding division (B)(1)(c) of that section. The income from such investments shall be credited to such funds as the issuing authority determines, and such investments may be sold at such times as the issuing authority determines or authorizes.

(N) Provision may be made in the applicable bond proceedings for the establishment of separate accounts in the bond service fund and for the application of such accounts only to the specified bond service charges on obligations pertinent to such accounts and bond service fund and for other accounts therein within the general purposes of such fund. Unless otherwise provided in any applicable bond proceedings, moneys to the credit of or in the several special funds established pursuant to this section shall be disbursed on the order of the treasurer of state, provided that no such order is required for the payment from the bond service fund when due of bond service charges on obligations.

(O) The issuing authority may pledge all, or such portion as the issuing authority determines, of the pledged receipts to the payment of bond service charges on obligations issued under this section, and for the establishment and maintenance of any reserves, as provided in the bond proceedings, and make other provisions therein with respect to pledged receipts as authorized by this chapter, which provisions shall be controlling.
(P) The issuing authority may covenant in the bond proceedings, and any such covenants shall be controlling notwithstanding any other provision of law, that the state and applicable officers and governmental agencies of the state, including the general assembly, so long as any obligations are outstanding, shall:

(1) Maintain statutory authority for and cause to be operated the state lottery, including the transfers to and from the lottery profits education fund created in section 3770.06 of the Revised Code so that the pledged receipts shall be sufficient in amount to meet bond service charges, and the establishment and maintenance of any reserves and other requirements provided for in the bond proceedings;

(2) Take or permit no action, by statute or otherwise, that would impair the exclusion from gross income for federal income tax purposes of the interest on any obligations designated by the bond proceeding as tax-exempt obligations.

(Q) There is hereby created the school building program bond service fund, which shall be in the custody of the treasurer of state but shall be separate and apart from and not a part of the state treasury. All moneys received by or on account of the issuing authority or state agencies and required by the applicable bond proceedings, consistent with this section, to be deposited, transferred, or credited to the school building program bond service fund, and all other moneys transferred or allocated to or received for the purposes of the fund, shall be deposited and credited to such fund and to any separate accounts therein, subject to applicable provisions of the bond proceedings, but without necessity for any act of appropriation, except as required by section 3770.06 of the Revised Code. During the period beginning with the date of the first issuance of obligations and...
continuing during such time as any such obligations are outstanding, and so long as moneys in the school building program bond service fund are insufficient to pay all bond service charges on such obligations becoming due in each year, a sufficient amount of the moneys from the lottery profits education fund included in pledged receipts, subject to appropriation for such purpose as provided in section 3770.06 of the Revised Code, are committed and shall be paid to the school building program bond service fund in each year for the purpose of paying the bond service charges becoming due in that year. The school building program bond service fund is a trust fund and is hereby pledged to the payment of bond service charges solely on obligations issued to provide moneys for the school building program assistance fund to the extent provided in the applicable bond proceedings, and payment thereof from such fund shall be made or provided for by the treasurer of state in accordance with such bond proceedings without necessity for any act of appropriation except as required by section 3770.06 of the Revised Code.

(R) The obligations, the transfer thereof, and the income therefrom, including any profit made on the sale thereof, at all times shall be free from taxation within the state.

Sec. 3318.311. Not later than six months after September 14, 2000, the Ohio school facilities construction commission shall establish design specifications for classroom facilities that are appropriate for joint vocational education programs. The specifications shall provide standards for appropriate pupil instruction space but shall not include standards for any vocational education furnishings or equipment that is not comparable to, or the vocational education equivalent of, the furnishings or equipment for which assistance is available to other school districts under sections 3318.01 to 3318.20 of the Revised Code.
Beginning September 1, 2003, from time to time the commission may amend the specifications as determined necessary by the commission; however, any project under sections 3318.40 to 3318.45 of the Revised Code approved by the commission prior to the most recent amendment to the specifications shall not be subject to the provisions of such amendment.

Sec. 3318.351. (A) As used in this section:

(1) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(2) "Emergency project" means reconstruction or renovation of or repair to any classroom facilities made necessary because of damage due to an act of God.

(3) "Eligible school district" means any school district in the first through one-hundredth percentiles as determined under section 3318.011 of the Revised Code.

(B)(1) There is hereby established the school building emergency assistance program, under which the Ohio school facilities construction commission shall distribute grants to eligible school districts from moneys specifically appropriated by the general assembly for the purposes of this section to assist in emergency projects. Any assistance under this section shall be used to pay the cost of only the portion of an emergency project that is not covered by insurance or other public or private emergency assistance received by or payable to the school district. Any damage to classroom facilities caused by age of the facilities or by lack of timely maintenance to the facilities shall not constitute damage that is subject to assistance under this section.

(2) The commission shall establish procedures and deadlines for eligible school districts to follow in applying for assistance.
under this section. The commission shall consider such
applications on a case-by-case basis taking into account the
amount of moneys available under this section.

(3) Every effort shall be made to conform an emergency
project to design specifications adopted by the commission,
including minimum capacity requirements adopted under section
3318.03 of the Revised Code, unless in the judgment of the
commission it is not possible to conform the project to such
specifications.

Sec. 3318.36. (A)(1) As used in this section:

(a) "Ohio school facilities construction commission," "classroom facilities," "school district," "school district board," "net bonded indebtedness," "required percentage of the basic project costs," "basic project cost," "valuation," and "percentile" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Required level of indebtedness" means five per cent of the school district's valuation for the year preceding the year in which the commission and school district enter into an agreement under division (B) of this section, plus [two one-hundredths of one per cent multiplied by (the percentile in which the district ranks minus one)].

(c) "Local resources" means any moneys generated in any manner permitted for a school district board to raise the school district portion of a project undertaken with assistance under sections 3318.01 to 3318.20 of the Revised Code.

(2) For purposes of determining the required level of indebtedness, the required percentage of the basic project costs under division (C)(1) of this section, and priority for assistance under sections 3318.01 to 3318.20 of the Revised Code, the
percentile ranking of a school district with which the commission has entered into an agreement under this section between the first day of July and the thirty-first day of August in each fiscal year is the percentile ranking calculated for that district for the immediately preceding fiscal year, and the percentile ranking of a school district with which the commission has entered into such agreement between the first day of September and the thirtieth day of June in each fiscal year is the percentile ranking calculated for that district for the current fiscal year.

(B)(1) There is hereby established the school building assistance expedited local partnership program. Under the program, the Ohio school facilities construction commission may enter into an agreement with the board of any school district under which the board may proceed with the new construction or major repairs of a part of the district's classroom facilities needs, as determined under sections 3318.01 to 3318.20 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under those sections, and may apply that expenditure toward meeting the school district's portion of the basic project cost of the total of the district's classroom facilities needs, as recalculated under division (E) of this section, when the district becomes eligible for state assistance under sections 3318.01 to 3318.20 or section 3318.364 of the Revised Code. Any school district that is reasonably expected to receive assistance under sections 3318.01 to 3318.20 of the Revised Code within two fiscal years from the date the school district adopts its resolution under division (B) of this section shall not be eligible to participate in the program established under this section.

(2) To participate in the program, a school district board shall first adopt a resolution certifying to the commission the board's intent to participate in the program.
The resolution shall specify the approximate date that the board intends to seek elector approval of any bond or tax measures or to apply other local resources to use to pay the cost of classroom facilities to be constructed under this section. The resolution may specify the application of local resources or elector-approved bond or tax measures after the resolution is adopted by the board, and in such case the board may proceed with a discrete portion of its project under this section as soon as the commission and the controlling board have approved the basic project cost of the district's classroom facilities needs as specified in division (D) of this section. The board shall submit its resolution to the commission not later than ten days after the date the resolution is adopted by the board.

The commission shall not consider any resolution that is submitted pursuant to division (B)(2) of this section, as amended by this amendment, sooner than September 14, 2000.

(3) For purposes of determining when a district that enters into an agreement under this section becomes eligible for assistance under sections 3318.01 to 3318.20 of the Revised Code or priority for assistance under section 3318.364 of the Revised Code, the commission shall use the district's percentile ranking determined at the time the district entered into the agreement under this section, as prescribed by division (A)(2) of this section.

(4) Any project under this section shall comply with section 3318.03 of the Revised Code and with any specifications for plans and materials for classroom facilities adopted by the commission under section 3318.04 of the Revised Code.

(5) If a school district that enters into an agreement under this section has not begun a project applying local resources as provided for under that agreement at the time the district is notified by the commission that it is eligible to receive state
assistance under sections 3318.01 to 3318.20 of the Revised Code, all assessment and agreement documents entered into under this section are void.

(6) Only construction of or repairs to classroom facilities that have been approved by the commission and have been therefore included as part of a district's basic project cost qualify for application of local resources under this section.

(C) Based on the results of on-site visits and assessment, the commission shall determine the basic project cost of the school district's classroom facilities needs. The commission shall determine the school district's portion of such basic project cost, which shall be the greater of:

(1) The required percentage of the basic project costs, determined based on the school district's percentile ranking;

(2) An amount necessary to raise the school district's net bonded indebtedness, as of the fiscal year the commission and the school district enter into the agreement under division (B) of this section, to within five thousand dollars of the required level of indebtedness.

(D)(1) When the commission determines the basic project cost of the classroom facilities needs of a school district and the school district's portion of that basic project cost under division (C) of this section, the project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval thereof. The controlling board shall forthwith approve or reject the commission's determination, conditional approval, and the amount of the state's portion of the basic project cost; however, no state funds shall be encumbered under this section. Upon approval by the controlling board, the school district board may identify a discrete part of its classroom facilities needs, which shall include only new...
construction of or additions or major repairs to a particular building, to address with local resources. Upon identifying a part of the school district's basic project cost to address with local resources, the school district board may allocate any available school district moneys to pay the cost of that identified part, including the proceeds of an issuance of bonds if approved by the electors of the school district.

All local resources utilized under this division shall first be deposited in the project construction account required under section 3318.08 of the Revised Code.

(2) Unless the school district board exercises its option under division (D)(3) of this section, for a school district to qualify for participation in the program authorized under this section, one of the following conditions shall be satisfied:

(a) The electors of the school district by a majority vote shall approve the levy of taxes outside the ten-mill limitation for a period of twenty-three years at the rate of not less than one-half mill for each dollar of valuation to be used to pay the cost of maintaining the classroom facilities included in the basic project cost as determined by the commission. The form of the ballot to be used to submit the question whether to approve the tax required under this division to the electors of the school district shall be the form for an additional levy of taxes prescribed in section 3318.361 of the Revised Code, which may be combined in a single ballot question with the questions prescribed under section 5705.218 of the Revised Code.

(b) As authorized under division (C) of section 3318.05 of the Revised Code, the school district board shall earmark from the proceeds of a permanent improvement tax levied under section 5705.21 of the Revised Code, an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included...
in the basic project cost as determined by the commission.

(c) As authorized under section 3318.051 of the Revised Code, the school district board shall, if approved by the commission, annually transfer into the maintenance fund required under section 3318.05 of the Revised Code the amount prescribed in section 3318.051 of the Revised Code in lieu of the tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(d) If the school district board has rescinded the agreement to make transfers under section 3318.051 of the Revised Code, as provided under division (F) of that section, the electors of the school district, in accordance with section 3318.063 of the Revised Code, first shall approve the levy of taxes outside the ten-mill limitation for the period specified in that section at a rate of not less than one-half mill for each dollar of valuation.

(e) The school district board shall apply the proceeds of a tax to leverage bonds as authorized under section 3318.052 of the Revised Code or dedicate a local donated contribution in the manner described in division (B) of section 3318.084 of the Revised Code in an amount equivalent to the additional tax otherwise required under division (D)(2)(a) of this section for the maintenance of the classroom facilities included in the basic project cost as determined by the commission.

(3) A school district board may opt to delay taking any of the actions described in division (D)(2) of this section until the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code. In order to exercise this option, the board shall certify to the commission a resolution indicating the board's intent to do so prior to entering into an agreement under division (B) of this section.
(4) If pursuant to division (D)(3) of this section a district board opts to delay levying an additional tax until the district becomes eligible for state assistance, it shall submit the question of levying that tax to the district electors as follows:

(a) In accordance with section 3318.06 of the Revised Code if it will also be necessary pursuant to division (E) of this section to submit a proposal for approval of a bond issue;

(b) In accordance with section 3318.361 of the Revised Code if it is not necessary to also submit a proposal for approval of a bond issue pursuant to division (E) of this section.

(5) No state assistance under sections 3318.01 to 3318.20 of the Revised Code shall be released until a school district board that adopts and certifies a resolution under division (D) of this section also demonstrates to the satisfaction of the commission compliance with the provisions of division (D)(2) of this section.

Any amount required for maintenance under division (D)(2) of this section shall be deposited into a separate fund as specified in division (B) of section 3318.05 of the Revised Code.

(E)(1) If the school district becomes eligible for state assistance under sections 3318.01 to 3318.20 of the Revised Code based on its percentile ranking under division (B)(3) of this section or is offered assistance under section 3318.364 of the Revised Code, the commission shall conduct a new assessment of the school district's classroom facilities needs and shall recalculate the basic project cost based on this new assessment. The basic project cost recalculated under this division shall include the amount of expenditures made by the school district board under division (D)(1) of this section. The commission shall then recalculate the school district's portion of the new basic project cost, which shall be the percentage of the original basic project cost assigned to the school district as its portion under division
(C) of this section. The commission shall deduct the expenditure of school district moneys made under division (D)(1) of this section from the school district's portion of the basic project cost as recalculated under this division. If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is less than the total amount of such portion as recalculated under this division, the school district board by a majority vote of all of its members shall, if it desires to seek state assistance under sections 3318.01 to 3318.20 of the Revised Code, adopt a resolution as specified in section 3318.06 of the Revised Code to submit to the electors of the school district the question of approval of a bond issue in order to pay any additional amount of school district portion required for state assistance. Any tax levy approved under division (D) of this section satisfies the requirements to levy the additional tax under section 3318.06 of the Revised Code.

(2) If the amount of school district resources applied by the school district board to the school district's portion of the basic project cost under this section is more than the total amount of such portion as recalculated under this division, within one year after the school district's portion is recalculated under division (E)(1) of this section the commission may grant to the school district the difference between the two calculated portions, but at no time shall the commission expend any state funds on a project in an amount greater than the state's portion of the basic project cost as recalculated under this division.

Any reimbursement under this division shall be only for local resources the school district has applied toward construction cost expenditures for the classroom facilities approved by the commission, which shall not include any financing costs associated with that construction.
The school district board shall use any moneys reimbursed to the district under this division to pay off any debt service the district owes for classroom facilities constructed under its project under this section before such moneys are applied to any other purpose. However, the district board first may deposit moneys reimbursed under this division into the district's general fund or a permanent improvement fund to replace local resources the district withdrew from those funds, as long as, and to the extent that, those local resources were used by the district for constructing classroom facilities included in the district's basic project cost.

**Sec. 3318.362.** This section applies only to a school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

A school district board that enters into an agreement with the Ohio school facilities construction commission under division (B) of section 3318.36 of the Revised Code may propose for issuance any bonds necessary for its participation in the program under section 3318.36 of the Revised Code for any number of years not exceeding the term calculated pursuant to section 133.20 of the Revised Code. Any moneys received from the state under division (E)(2) of section 3318.36 of the Revised Code shall be applied, as agreed in writing by the school district board and the commission, to pay debt service on outstanding bonds or bond anticipation notes issued by the school district board for its participation in the expedited local partnership program, including by placing those moneys in an applicable escrow fund under division (D) of section 133.34 of the Revised Code.

**Sec. 3318.363.** (A) This section applies beginning in fiscal year 2003 and only to a school district participating in the
school building assistance expedited local partnership program under section 3318.36 of the Revised Code.

(B) If there is a decrease in the tax valuation of a school district to which this section applies by ten per cent or greater from one tax year to the next due to a decrease in the assessment rate of the taxable property of an electric company that owns property in the district, as provided for in section 5727.111 of the Revised Code as amended by Am. Sub. S.B. 3 of the 123rd General Assembly, the Ohio school facilities construction commission shall calculate or recalculate the state and school district portions of the basic project cost of the school district's project by determining the percentile rank in which the district would be located if such ranking were made using the adjusted valuation per pupil calculated under division (C) of this section rather than the three-year average adjusted valuation per pupil, calculated under division (B) of section 3318.011 of the Revised Code. For such district, the required percentage of the basic project cost used to determine the state and school district shares of that cost under division (C) of section 3318.36 of the Revised Code shall be based on the percentile rank as calculated under this section rather than as otherwise provided in division (C)(1) of section 3318.36 of the Revised Code. If the commission has determined the state and school district portion of the basic project cost of such a district's project under section 3318.36 of the Revised Code prior to that decrease in tax valuation, the commission shall adjust the state and school district shares of the basic project cost of such project in accordance with this section.

(C)(1) As used in divisions (C) and (D) of this section, "total taxable value" and "formula ADM" have the same meanings as in section 3317.02 of the Revised Code, and "income factor" has the same meaning as in section 3318.011 of the Revised Code.
(2) The adjusted valuation per pupil for a school district to which this section applies shall be calculated using the following formula:

\[
\text{Adjusted Valuation} = \frac{\text{District's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins}}{\text{District's formula ADM for the previous fiscal year}} - [\$30,000 \times (1 - \text{District's income factor})].
\]

(D) At the request of the Ohio school facilities construction commission, the department of education shall report a district's total taxable value for the tax year preceding the calendar year in which the current fiscal year begins for any district to which this section applies as that information has been certified to the department by the tax commissioner pursuant to section 3317.021 of the Revised Code.

Sec. 3318.364. In any fiscal year, the Ohio school facilities construction commission may, at its discretion, provide assistance under sections 3318.01 to 3318.20 of the Revised Code to a school district that has entered into an expedited local partnership agreement under section 3318.36 of the Revised Code before the district is otherwise eligible for that assistance based on its percentile rank, if the commission determines all of the following:

(A) The district has made an expenditure of local resources under its expedited local partnership agreement on a discrete part of its district-wide project.

(B) The district is ready to complete its district-wide project or a segment of the project, in accordance with section 3318.034 of the Revised Code.

(C) The district is in compliance with division (D)(2) of section 3318.36 of the Revised Code.
(D) Sufficient state funds have been appropriated for classroom facilities projects for the fiscal year to pay the state share of the district's project or segment after paying the state share of projects for all of the following:

(1) Districts that previously had their conditional approval lapse pursuant to section 3318.05 of the Revised Code;

(2) Districts eligible for assistance under division (B)(2) of section 3318.04 of the Revised Code;

(3) Districts participating in the exceptional needs school facilities assistance program under section 3318.37 or 3318.371 of the Revised Code;

(4) Districts participating in the accelerated urban school building assistance program under section 3318.38 of the Revised Code.

Assistance under this section shall be offered to eligible districts in the order of their percentile rankings at the time they entered into their expedited local partnership agreements, from lowest to highest percentile. In the event that more than one district has the same percentile ranking, those districts shall be offered assistance in the order of the date they entered into their expedited local partnership agreements, from earliest to latest date.

As used in this section, "local resources" and "percentile" have the same meanings as in section 3318.36 of the Revised Code.

Sec. 3318.37. (A)(1) As used in this section:

(a) "Full maintenance amount" has the same meaning as in section 3318.034 of the Revised Code.

(b) A "school district with an exceptional need for immediate classroom facilities assistance" means a school district with an exceptional need for new facilities in order to protect the health
and safety of all or a portion of its students.

(2) No school district that participates in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code shall receive assistance under the program established under this section unless the following conditions are satisfied:

(a) The district board adopted a resolution certifying its intent to participate in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code prior to September 14, 2000.

(b) The district was selected by the Ohio school facilities construction commission for participation in the school building assistance expedited local partnership program under section 3318.36 of the Revised Code in the manner prescribed by the commission under that section as it existed prior to September 14, 2000.

(B)(1) There is hereby established the exceptional needs school facilities assistance program. Under the program, the Ohio school facilities construction commission may set aside from the moneys annually appropriated to it for classroom facilities assistance projects up to twenty-five per cent for assistance to school districts with exceptional needs for immediate classroom facilities assistance.

(2)(a) After consulting with education and construction experts, the commission shall adopt guidelines for identifying school districts with an exceptional need for immediate classroom facilities assistance.

(b) The guidelines shall include application forms and instructions for school districts to use in applying for assistance under this section.

(3) The commission shall evaluate the classroom facilities,
and the need for replacement classroom facilities from the applications received under this section. The commission, utilizing the guidelines adopted under division (B)(2)(a) of this section, shall prioritize the school districts to be assessed.

Notwithstanding section 3318.02 of the Revised Code, the commission may conduct on-site evaluation of the school districts prioritized under this section and approve and award funds until such time as all funds set aside under division (B)(1) of this section have been encumbered. However, the commission need not conduct the evaluation of facilities if the commission determines that a district's assessment conducted under section 3318.36 of the Revised Code is sufficient for purposes of this section.

(4) Notwithstanding division (A) of section 3318.05 of the Revised Code, the school district's portion of the basic project cost under this section shall be the "required percentage of the basic project costs," as defined in division (K) of section 3318.01 of the Revised Code.

(5) Except as otherwise specified in this section, any project undertaken with assistance under this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code. A school district may receive assistance under sections 3318.01 to 3318.20 of the Revised Code for the remainder of the district's classroom facilities needs as assessed under this section when the district is eligible for such assistance pursuant to section 3318.02 of the Revised Code, but any classroom facility constructed with assistance under this section shall not be included in a district's project at that time unless the commission determines the district has experienced the increased enrollment specified in division (B)(1) of section 3318.04 of the Revised Code.

(C) No school district shall receive assistance under this section for a classroom facility that has been included in the
discrete part of the district's classroom facilities needs identified and addressed in the district's project pursuant to an agreement entered into under section 3318.36 of the Revised Code, unless the district's entire classroom facilities plan consists of only a single building designed to house grades kindergarten through twelve.

(D)(1) When undertaking a project under this section, a school district may elect to prorate its full maintenance amount by setting aside for maintenance the amount calculated under division (D)(2) of this section to maintain the classroom facilities acquired under the project, if the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under that division. If the district so elects, the commission and the district shall include in the agreement entered into under section 3318.08 of the Revised Code a statement specifying that the district will use the amount calculated under that division only to maintain the classroom facilities acquired under the project under this section.

(2) The commission shall calculate the amount for a school district to maintain the classroom facilities acquired under a project under this section as follows:

The full maintenance amount X (the school district's portion of the basic project cost under this section / the school district's portion of the basic project cost for the district's entire classroom facilities needs, as determined jointly by the staff of the commission and the district)

(3) A school district may elect to prorate its full maintenance amount for any number of projects under this section, provided the district will use one or more of the alternative methods authorized in sections 3318.051, 3318.052, and 3318.084 of the Revised Code to generate the entire amount calculated under
division (D)(2) of this section to maintain the classroom facilities acquired under each project for which it so elects. If the district cannot use one or more of those alternative methods to generate the entire amount calculated under that division, the district shall levy the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code in an amount necessary to generate the remainder of its full maintenance amount. The commission shall calculate the remainder of the district's full maintenance amount as follows:

The full maintenance amount - the sum of the amounts calculated for the district under division (D)(2) of this section for each of the district's prior projects under this section

(4) In no case shall the sum of the amounts calculated for a school district's maintenance of classroom facilities under divisions (D)(2) and (3) of this section exceed the amount that would have been required for maintenance if the district had elected to meet its entire classroom facilities needs with a project under sections 3318.01 to 3318.20 of the Revised Code and had not undertaken one or more projects under this section.

(5) If a school district commenced a project under this section prior to the effective date of this amendment September 10, 2012, but has not completed that project, and has not levied the tax described in division (B) of section 3318.05 of the Revised Code or an extension of that tax under section 3318.061 of the Revised Code, the district may request approval from the commission to prorate its full maintenance amount in accordance with divisions (D)(1) to (4) of this section. If the commission approves the request, the commission and the district shall amend the agreement entered into under section 3318.08 of the Revised Code to reflect the change.
Sec. 3318.371. The Ohio school facilities construction commission may provide assistance under the exceptional needs school facilities program established by section 3318.37 of the Revised Code to any school district for the purpose of the relocation or replacement of classroom facilities required as a result of any contamination of air, soil, or water that impacts the occupants of the facility.

The commission shall make a determination in accordance with guidelines adopted by the commission regarding eligibility and funding for projects under this section. The commission may contract with an independent environmental consultant to conduct a study to assist the commission in making the determination.

If the federal government or other public or private entity provides funds for restitution of costs incurred by the state or school district in the relocation or replacement of the classroom facilities, the school district shall use such funds in excess of the school district's share to refund the state for the state's contribution to the environmental contamination portion of the project. The school district may apply an amount of such restitution funds up to an amount equal to the school district's portion of the project, as defined by the commission, toward paying its portion of that project to reduce the amount of bonds the school district otherwise must issue to receive state assistance under sections 3318.01 to 3318.20 of the Revised Code.

Sec. 3318.38. (A) As used in this section, "big-eight school district" has the same meaning as in section 3314.02 of the Revised Code.

(B) There is hereby established the accelerated urban school building assistance program. Under the program, notwithstanding section 3318.02 of the Revised Code, any big-eight school district
that has not been approved to receive assistance under sections 3318.01 to 3318.20 of the Revised Code by July 1, 2002, may begin on that date apply for approval of and be approved for such assistance. Except as otherwise provided in this section, any project approved and undertaken pursuant to this section shall comply with all provisions of sections 3318.01 to 3318.20 of the Revised Code.

The Ohio school facilities construction commission shall provide assistance to any big-eight school district eligible for assistance under this section in the following manner:

(1) Notwithstanding section 3318.02 of the Revised Code:

(a) Not later than June 30, 2002, the commission shall conduct an on-site visit and shall assess the classroom facilities needs of each big-eight school district eligible for assistance under this section;

(b) Beginning July 1, 2002, any big-eight school district eligible for assistance under this section may apply to the commission for conditional approval of its project as determined by the assessment conducted under division (B)(1)(a) of this section. The commission may conditionally approve that project and submit it to the controlling board for approval pursuant to section 3318.04 of the Revised Code.

(2) If the controlling board approves the project of a big-eight school district eligible for assistance under this section, the commission and the school district shall enter into an agreement as prescribed in section 3318.08 of the Revised Code. Any agreement executed pursuant to this division shall include any applicable segmentation provisions as approved by the commission under division (B)(3) of this section.

(3) Notwithstanding any provision to the contrary in sections 3318.05, 3318.06, and 3318.08 of the Revised Code, a big-eight
school district eligible for assistance under this section may
with the approval of the commission opt to divide the project as
approved under division (B)(1)(b) of this section into discrete
segments to be completed sequentially. Any project divided into
segments shall comply with all other provisions of sections
3318.05, 3318.06, and 3318.08 of the Revised Code except as
otherwise specified in this division.

If a project is divided into segments under this division:

(a) The school district need raise only the amount equal to
its proportionate share, as determined under section 3318.032 of
the Revised Code, of each segment at any one time and may seek
voter approval of each segment separately;

(b) The state's proportionate share, as determined under
section 3318.032 of the Revised Code, of only the segment which
has been approved by the school district electors or for which the
district has applied a local donated contribution under section
3318.084 of the Revised Code shall be encumbered in accordance
with section 3318.11 of the Revised Code. Encumbrance of
additional amounts to cover the state's proportionate share of
later segments shall be approved separately as they are approved
by the school district electors or as the district applies a local
donated contribution to the segments under section 3318.084 of the
Revised Code.

(c) The school district's maintenance levy requirement, as
defined in section 3318.18 of the Revised Code, shall run for
twenty-three years from the date the first segment is undertaken.

(C) In accordance with division (R) of section 3318.08 of the
Revised Code, the state funds reserved and encumbered and the
funds provided by the school district to pay the basic project
cost of any segment of the project under this section, or of the
entire project if it is not divided into segments, shall be spent
on the construction and acquisition of the project simultaneously in proportion to the state's and the school district's respective shares of that basic project cost as determined under section 3318.032 of the Revised Code.

Sec. 3318.40. (A)(1) Sections 3318.40 to 3318.45 of the Revised Code apply only to joint vocational school districts.

(2) As used in sections 3318.40 to 3318.45 of the Revised Code:

(a) "Ohio school facilities construction commission," "classroom facilities," "project," and "basic project cost" have the same meanings as in section 3318.01 of the Revised Code.

(b) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(B) There is hereby established the vocational school facilities assistance program. Under the program, the Ohio school facilities construction commission shall provide assistance to joint vocational school districts for the acquisition of classroom facilities suitable to the vocational education programs of the districts in accordance with sections 3318.40 to 3318.45 of the Revised Code. For purposes of the program, beginning July 1, 2003, the commission annually may set aside up to two per cent of the aggregate amount appropriated to it for classroom facilities assistance projects in the public school building fund, established under section 3318.15 of the Revised Code, and the school building program assistance fund, established under section 3318.25 of the Revised Code.

(C) The commission shall not provide assistance for any distinct part of a project under sections 3318.40 to 3318.45 of the Revised Code that when completed will be used exclusively for
an adult education program or exclusively for operation of a

driver training school for instruction leading to the issuance of

a commercial driver's license under Chapter 4506. of the Revised

Code, except for life safety items and basic building components

necessary for complete and continuous construction or renovation

of a classroom facility as determined by the commission.

(D) The commission shall not provide assistance under

sections 3318.40 to 3318.45 of the Revised Code to acquire

classroom facilities for vocational educational instruction at a

location under the control of a school district that is a member

of a joint vocational school district. Any assistance to acquire

classroom facilities for vocational educational instruction at

such location shall be provided to the school district that is a

member of the joint vocational school district through other

provisions of this chapter when that member school district is

eligible for assistance under those provisions.

(E) By September 1, 2003, the commission shall assess the

classroom facilities needs of at least five joint vocational

school districts, according to the order of priority prescribed in

division (B) of section 3318.42 of the Revised Code, and based on

the results of those assessments shall determine the extent to

which amendments to the specifications adopted under section

3318.311 of the Revised Code are warranted. The commission,

thereafter, may amend the specifications as provided in that

section.

(F) After the commission has conducted the assessments

prescribed in division (E) of this section, the commission shall

establish, by rule adopted in accordance with section 111.15 of

the Revised Code, guidelines for the commission to use in deciding

whether to waive compliance with the design specifications adopted

under section 3318.311 of the Revised Code when determining the

number of facilities and the basic project cost of projects as
prescribed in division (A)(1)(a) of section 3318.41 of the Revised Code. The guidelines shall address the following situations:

(1) Under what circumstances, if any, particular classroom facilities are adequate to meet the needs of the school district even though the facilities do not comply with the specifications adopted under section 3318.311 of the Revised Code;

(2) Under what circumstances, if any, particular classroom facilities will be renovated or repaired rather than replaced by construction of new facilities.

Sec. 3318.41. (A)(1) The Ohio school facilities construction commission annually shall assess the classroom facilities needs of the number of joint vocational school districts that the commission reasonably expects to be able to provide assistance to in a fiscal year, based on the amount set aside for that fiscal year under division (B) of section 3318.40 of the Revised Code and the order of priority prescribed in division (B) of section 3318.42 of the Revised Code, except that in fiscal year 2004 the commission shall conduct at least the five assessments prescribed in division (E) of section 3318.40 of the Revised Code.

Upon conducting an assessment of the classroom facilities needs of a school district, the commission shall make a determination of all of the following:

(a) The number of classroom facilities to be included in a project and the basic project cost of acquiring the classroom facilities included in the project. The number of facilities and basic project cost shall be determined in accordance with the specifications adopted under section 3318.311 of the Revised Code except to the extent that compliance with such specifications is waived by the commission pursuant to the rule of the commission adopted under division (F) of section 3318.40 of the Revised Code.
(b) The school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code;

(c) The remaining portion of the basic project cost that shall be supplied by the state;

(d) The amount of the state's portion of the basic project cost to be encumbered in accordance with section 3318.11 of the Revised Code in the current and subsequent fiscal years from funds set aside under division (B) of section 3318.40 of the Revised Code.

(2) Divisions (A), (C), and (D) of section 3318.03 of the Revised Code apply to any project under sections 3318.40 to 3318.45 of the Revised Code.

(B)(1) If the commission makes a determination under division (A) of this section in favor of the acquisition of classroom facilities for a project under sections 3318.40 to 3318.45 of the Revised Code, such project shall be conditionally approved. Such conditional approval shall be submitted to the controlling board for approval. The controlling board shall immediately approve or reject the commission's determination, conditional approval, the amount of the state's portion of the basic project cost, and the amount of the state's portion of the basic project cost to be encumbered in the current fiscal year. In the event of approval by the controlling board, the commission shall certify the conditional approval to the joint vocational school district board of education and shall encumber the approved funds for the current fiscal year.

(2) No school district that receives assistance under sections 3318.40 to 3318.45 of the Revised Code shall have another such project conditionally approved until the expiration of twenty years after the school district's prior project was conditionally approved.
approved, unless the school district board demonstrates to the satisfaction of the commission that the school district has experienced since conditional approval of its prior project an exceptional increase in enrollment or program requirements significantly above the school district's design capacity under that prior project as determined by rule of the commission. Any rule adopted by the commission to implement this division shall be tailored to address the classroom facilities needs of joint vocational school districts.

(C) In addition to generating the amount of the school district's portion of the basic project cost as determined under division (C) of section 3318.42 of the Revised Code, in order for a school district to receive assistance under sections 3318.40 to 3318.45 of the Revised Code, the school district board shall set aside school district moneys for the maintenance of the classroom facilities included in the school district's project in the amount and manner prescribed in section 3318.43 of the Revised Code.

(D)(1) The conditional approval for a project certified under division (B)(1) of this section shall lapse and the amount reserved and encumbered for such project shall be released unless both of the following conditions are satisfied:

(a) Within one hundred twenty days following the date of certification of the conditional approval to the joint vocational school district board, the school district board accepts the conditional approval and certifies to the commission the school district board's plan to generate the school district's portion of the basic project cost, as determined under division (C) of section 3318.42 of the Revised Code, and to set aside moneys for maintenance of the classroom facilities acquired under the project, as prescribed in section 3318.43 of the Revised Code.

(b) Within thirteen months following the date of certification of the conditional approval to the school district
board, the electors of the school district vote favorably on any ballot measures proposed by the school district board to generate the school district's portion of the basic project cost.

(2) If the school district board or electors fail to satisfy the conditions prescribed in division (D)(1) of this section and the amount reserved and encumbered for the school district's project is released, the school district shall be given first priority over other joint vocational school districts for project funding under sections 3318.40 to 3318.45 of the Revised Code as such funds become available, subject to section 3318.054 of the Revised Code.

(E) If the conditions prescribed in division (D)(1) of this section are satisfied, the commission and the school district board shall enter into an agreement as prescribed in section 3318.08 of the Revised Code and shall proceed with the development of plans, cost estimates, designs, drawings, and specifications as prescribed in section 3318.091 of the Revised Code.

(F) Costs in excess of those approved by the commission under section 3318.091 of the Revised Code shall be payable only as provided in sections 3318.042 and 3318.083 of the Revised Code.

(G) Advertisement for bids and the award of contracts for construction of any project under sections 3318.40 to 3318.45 of the Revised Code shall be conducted in accordance with section 3318.10 of the Revised Code.

(H) In accordance with division (R) of section 3318.08 of the Revised Code, the state funds reserved and encumbered and the funds provided by the school district to pay the basic project cost of a project under sections 3318.40 to 3318.45 of the Revised Code shall be spent simultaneously in proportion to the state's and the school district's respective portions of that basic project cost.
(I) Sections 3318.13, 3318.14, and 3318.16 of the Revised Code apply to projects under sections 3318.40 to 3318.45 of the Revised Code.

Sec. 3318.42. (A) Not later than the sixty-first day after March 14, 2003, and subsequently not later than the sixty-first day after the first day of each ensuing fiscal year, the department of education shall do all of the following:

1. Calculate the valuation per pupil of each joint vocational school district according to the following formula:

   The school district's average taxable value divided by the school district's formula ADM calculated under section 3317.03 of the Revised Code for the previous fiscal year.

   For purposes of this calculation:

   a. "Average taxable value" means the average of the amounts certified for a school district in the second, third, and fourth preceding tax years under divisions (A)(1) and (2) of section 3317.021 of the Revised Code.

   b. "Formula ADM" has the same meaning as defined in section 3317.02 of the Revised Code.

2. Calculate for each school district the three-year average of the valuations per pupil calculated for the school district for the current and two preceding fiscal years;

3. Rank all joint vocational school districts in order from the school district with the lowest three-year average valuation per pupil to the school district with the highest three-year average valuation per pupil;

4. Divide the ranking under division (A)(3) of this section into percentiles with the first percentile containing the one percent of school districts having the lowest three-year average valuations per pupil and the one-hundredth percentile containing...
the one per cent of school districts having the highest three-year average valuations per pupil;

(5) Certify the information described in divisions (A)(1) to (4) of this section to the Ohio school facilities construction commission.

(B) The commission annually shall select school districts for assistance under sections 3318.40 to 3318.45 of the Revised Code in the order of the school districts' three-year average valuations per pupil such that the school district with the lowest three-year average valuation per pupil shall be given the highest priority for assistance.

(C) Each joint vocational school district's portion of the basic project cost of the school district's project under sections 3318.40 to 3318.45 of the Revised Code shall be one per cent times the percentile in which the district ranks, except that no school district's portion shall be less than twenty-five per cent or greater than ninety-five per cent of the basic project cost.

Sec. 3318.421. A project under this section shall proceed in the manner prescribed in sections 3318.40 to 3318.45 of the Revised Code except as otherwise specified by this section.

In addition to any joint vocational school districts selected in accordance with section 3318.40 of the Revised Code, the Ohio facilities construction commission may select one joint vocational school district in fiscal year 2018 and one joint vocational school district in fiscal year 2019 for assistance to do one or both of the following:

(A) Construct a new complete classroom facility as a replacement for one or more of the facilities currently operated by the district;

(B) Renovate the district's existing facilities.
The selection shall be made through a competitive process that allows any joint vocational school district in this state to apply for assistance under this section.

The commission shall select for assistance under this section a district that has a compelling need for new construction and that demonstrates to the satisfaction of the commission that the project is necessary for the district to meet the workforce deficiency or demand in the local community or a local industry. The commission may consult with other state agencies, public entities, nonprofit organizations, private corporations, or the JobsOhio nonprofit corporation formed under section 187.01 of the Revised Code in making its determination.

Except as provided in this section, the district's portion of the basic project cost shall be determined in accordance with division (C) of section 3318.42 of the Revised Code. If the district's portion of the basic project cost is greater than fifty per cent, the Ohio facilities construction commission shall decrease the district's portion so that it is equal to fifty per cent. At no time, however, shall the state share of the basic project cost exceed $26,000,000.

Notwithstanding anything to the contrary in section 3318.40 of the Revised Code, the commission may set aside from funds appropriated to it for classroom facilities assistance projects under this chapter an amount each fiscal year adequate for this section.

Sec. 3318.43. Each year for twenty-three successive years after the commencement of a joint vocational school district's project under sections 3318.40 to 3318.45 of the Revised Code, the board of education of that school district shall deposit into a separate maintenance account or into the school district's capital and maintenance fund established under section 3315.18 of the
Revised Code, school district moneys dedicated to maintenance of the classroom facilities acquired under sections 3318.40 to 3318.45 of the Revised Code in an amount equal to one and one-half of one per cent of the current insurance value of the classroom facilities acquired under the project, which value shall be subject to the approval of the Ohio school facilities construction commission.

Sec. 3318.46. By rule adopted in accordance with section 111.15 of the Revised Code, the Ohio school facilities construction commission shall establish a program whereby the board of education of any joint vocational school district may enter into an agreement with the commission under which the board may proceed with the new construction or major repairs of a part of the school district's classroom facilities needs, as determined under sections 3318.40 to 3318.45 of the Revised Code, through the expenditure of local resources prior to the school district's eligibility for state assistance under sections 3318.40 to 3318.45 of the Revised Code. The program shall be structured in a manner similar to the program established under section 3318.36 of the Revised Code. The program shall be operational on July 1, 2004.

Sec. 3318.48. (A) When all of the following have occurred, a project undertaken by a school district pursuant to this chapter shall be considered complete and the Ohio school facilities construction commission shall issue a certificate of completion to the district board of education:

(1) All facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the board has received a permanent certificate of occupancy for each of those facilities.
(2) The commission has issued certificates of contract completion on all prime construction contracts entered into by the board under section 3318.10 of the Revised Code.

(3) The commission has completed a final accounting of the district's project construction fund and has determined that all payments from the fund were made in compliance with all policies of the commission.

(4) Any litigation concerning the project has been finally resolved with no chance of appeal.

(5) All construction management services typically provided by the commission to school districts have been delivered and the commission has canceled any remaining encumbrance of funds for those services.

(B) The commission may issue a certificate of completion to a district board prior to all of the conditions described in division (A) of this section being satisfied, if the commission determines that the circumstances preventing the conditions from being satisfied are so minor in nature that the project should be considered complete. When issuing a certificate of completion under this division, the commission may specify any of the following:

(1) Any construction or work that has yet to be completed and the manner in which the board shall oversee its completion, which may include procedures for reporting progress to the commission and for accounting of expenditures;

(2) Terms and conditions for the resolution of any pending litigation;

(3) Any remaining responsibilities of the construction manager regarding the project.

(C) The commission may issue a certificate of completion to a
district board that does not voluntarily participate in the process of closing out the district's project, if the construction manager for the project verifies that all facilities to be constructed under the project, as specified in the project agreement entered into under section 3318.08 of the Revised Code, have been completed and the commission determines that those facilities have been occupied for at least one year. In that case, all funds due to the commission under division (C) of section 3318.12 of the Revised Code shall be returned to the commission not later than thirty days after receipt of the certificate of completion. If the funds due to the commission have not been returned within sixty days after receipt of the certificate of completion, the auditor of state shall issue a finding for recovery against the school district and shall request legal action under section 117.42 of the Revised Code.

(D) Upon issuance of a certificate of completion under this section, the commission's ownership of and interest in the project, as specified in division (F) of section 3318.08 of the Revised Code, shall cease. This cessation shall not alter or otherwise affect the state's or commission's interest in the project or any limitations on the use of the project as specified in the project agreement pursuant to divisions (G), (M), and (N) of that section or as specified in section 3318.16 of the Revised Code.

Sec. 3318.49. (A) The corrective action program is hereby established to provide funding for the correction of work, in connection with a project funded under sections 3318.01 to 3318.20 or sections 3318.40 to 3318.45 of the Revised Code or a project initiated under section 3318.36 of the Revised Code, that is found after occupancy of the facility to be defective or to have been omitted.
(B) The Ohio school facilities construction commission may provide funding under this section only if the school district notifies the executive director of the commission of the defective or omitted work within five years after occupancy of and the facility for which the district seeks the funding was occupied after January 1, 2000.

(C) The commission shall establish procedures and deadlines for school districts to follow in applying for assistance under this section. The procedures shall may include definitions of "defective" and "omitted," and shall require that remediation efforts focus first on engaging the respective contractors that designed and constructed the areas that have design or construction-related issues. The commission shall consider applications on a case-by-case basis, taking into account the amount of money appropriated and available for purposes of this section. Timing of the application shall not be part of this consideration. The commission may consider applications for reimbursement for corrective work performed by districts prior to the effective date of this amendment if the commission was notified of the defective or omitted work prior to the initiation of that work.

(D) The commission may approve and provide funding assistance necessary to take corrective measures after evaluating the defective or omitted work or to reimburse for corrective work after evaluating the situation necessitating the corrective work. The amount approved under this section shall not exceed the cost that would otherwise have to be incurred if the classroom facilities to be corrected met, but did not exceed, the current specifications for plans and materials for classroom facilities adopted by the commission.

(1) If the corrective work to be corrected or remediated is part of a project not yet completed, the commission may amend the
project agreement to increase the project budget and may use corrective action funding to provide the state portion of the corrective amendment. If the work to be corrected or remediated is part of a completed project and funds were retained or transferred pursuant to division (C) of section 3318.12 of the Revised Code, the commission may enter into a new agreement to address the corrective action. If the commission enters into a new agreement, the state's portion of the cost may be encumbered from the amount of money appropriated and available for the purpose of this section or the agreement may be conditionally approved and submitted to the controlling board for approval. If the agreement is submitted to the controlling board, it shall approve or reject the commission's determination, conditional approval, the total amount of the state's portion of the cost, and the amount of the state's portion of the cost to be encumbered in the current fiscal year. If the controlling board approves the agreement, the commission shall certify the approval to the district board and shall encumber from the total funds appropriated for the purposes of sections 3318.01 to 3318.20 of the Revised Code the amount approved to be encumbered in the current fiscal year.

(2) Whether or not the project is completed, the district shall contribute a portion of the cost of the corrective action, to be determined in accordance with section 3318.032 of the Revised Code or, if the district is a joint vocational school district, section 3318.42 of the Revised Code. A district that is unable to provide its portion so that remediation can proceed may apply to the commission for additional assistance under section 3318.042 of the Revised Code.

(E) The commission shall assess responsibility for the defective or omitted work and seek cost recovery from responsible parties, if applicable. Any recovery of the expense of remediation shall be applied first to the district portion of the cost of the
corrective action. Any remaining funds shall be applied to the state portion and deposited into the school building program assistance fund established under section 3318.25 of the Revised Code.

**Sec. 3318.50.** (A) As used in this section and in section 3318.52 of the Revised Code, "classroom facilities" means buildings, land, grounds, equipment, and furnishings used by a community school in furtherance of its mission and contract entered into by the school's governing authority under Chapter 3314. of the Revised Code.

(B) There is hereby established the community school classroom facilities loan guarantee program. Under the program, the Ohio school facilities construction commission may guarantee for up to fifteen years up to eighty-five per cent of the sum of the principal and interest on a loan made to the governing authority of a community school established under Chapter 3314. of the Revised Code for the sole purpose of assisting the governing authority in acquiring, improving, or replacing classroom facilities for the community school by lease, purchase, remodeling of existing facilities, or any other means including new construction.

The commission shall not make any loan guarantee under this section unless the commission has determined both that the applicant is creditworthy and that the classroom facilities that have been acquired, improved, or replaced under the loan meet applicable health and safety standards established by law for school buildings or those facilities that will be acquired, improved, or replaced under the loan will meet such standards.

The commission shall not guarantee any loan under this section unless the loan is obtained from a financial institution regulated by the United States or this state.
(C) At no time shall the commission exceed an aggregate liability of ten million dollars to repay loans guaranteed under this section.

(D) Any payment made to a lending institution as a result of default on a loan guaranteed under this section shall be made from moneys in the community school classroom facilities loan guarantee fund established under section 3318.52 of the Revised Code.

(E) The commission may assess a fee of up to five hundred dollars for each loan guaranteed under this section.

(F) Not later than ninety days after September 5, 2001, the commission shall adopt rules that prescribe loan standards and procedures consistent with this section that are designed to protect the state's interest in any loan guaranteed by this section and to ensure that the state has a reasonable chance of recovering any payments made by the state in the event of a default on any such loan.

Sec. 3318.60. (A) As used in this section and section 3318.61 of the Revised Code:

(1) "Acquisition of classroom facilities" means constructing, reconstructing, repairing, or making additions to classroom facilities.

(2) "Ohio school facilities construction commission" and "classroom facilities" have the same meanings as in section 3318.01 of the Revised Code.

(B) There is hereby established the college-preparatory boarding school facilities program. Under the program, the Ohio school facilities construction commission shall provide assistance to the boards of trustees of college-preparatory boarding schools established under Chapter 3328. of the Revised Code for the acquisition of classroom facilities.
(C) The program shall comply with sections 3318.01 to 3318.20 of the Revised Code, except as follows:

(1) The commission, in consultation with the board of trustees of a college-preparatory boarding school, shall determine the basic project cost based on all campus facilities needed for the school's programs and operations and shall take into account any unique spaces or square footages needed for such facilities when calculating the basic project cost. Regardless of the inclusion of nonclassroom facilities in the calculation of the basic project cost, state funds provided under the program shall be used only to pay for the acquisition of classroom facilities that do not exceed the construction and design standards established by the commission.

(2) To be eligible for assistance under the program, the board of trustees of a college-preparatory boarding school shall secure at least twenty million dollars of private money to satisfy its share of the basic project cost. Funds provided by the board may be used for any type of facility.

(3) A college-preparatory boarding school shall not be included in the ranking required by section 3318.011 of the Revised Code. The commission shall initiate procedures for the school's project when the contract required by section 3328.12 of the Revised Code has been executed.

(4) No requirement related to the issuance of bonds or securities or the levying of taxes by a school district shall apply to a college-preparatory boarding school or its board of trustees.

(5) The agreement entered into by the commission with the board of trustees of a college-preparatory boarding school under section 3318.08 of the Revised Code shall provide for termination of the contract and release of the funds encumbered at the time of
the project's conditional approval, if the board fails to secure
the amount specified in division (C)(2) of this section within
such period after the execution of the agreement as may be fixed
by the commission.

(D) Within the ninety-day period immediately following the
effective date of this section September 29, 2011, the commission
shall adopt rules necessary for the implementation and
administration of the program.

Sec. 3318.61. (A) In lieu of participating in the
college-preparatory boarding school facilities program under
section 3318.60 of the Revised Code, if the board of trustees of a
college-preparatory boarding school established under Chapter
3328. of the Revised Code has leased, purchased, or otherwise
acquired a site for the school, the board of trustees may request
approval from the Ohio school facilities construction commission
for the board of trustees and the commission to enter into an
agreement with a person or entity for the development of the site,
under which agreement all of the following shall occur:

(1) The board of trustees will lease the site and any
facilities located on that site to the person or entity for the
purpose of enabling the person or entity to provide the campus
facilities needed for the school's programs and operations by
constructing new facilities on the site; reconstructing,
repairing, or making additions to the existing facilities on the
site; or both.

(2) The person or entity will lease the site and any new or
existing facilities located on that site back to the board of
trustees for use by the school.

(3) The commission will pay the board of trustees state funds
for the cost of acquisition of classroom facilities on the site
and the board of trustees will use those funds to make rent
payments on the lease provided by the person or entity. As agreed to by the commission and the board of trustees, the commission may pay the state funds to the board of trustees in periodic installments or as one lump sum in an amount equal to the outstanding balance on the lease for classroom facilities.

(B) The commission shall approve the request of the board of trustees under division (A) of this section only if the following conditions are satisfied:

(1) The person or entity that would be party to the agreement submits to the board of trustees and the commission a plan for developing the site that includes the following:

(a) Provision for installation of site utilities that meet the requirements of all applicable laws;

(b) A description of the facilities that will be constructed, reconstructed, repaired, or added to and their total square footage;

(c) A description of how the facilities will enable the board of trustees to provide the educational program described in section 3328.22 of the Revised Code;

(d) Provision for securing property and liability insurance for the facilities;

(e) A description of how the development of the site will be financed by the person or entity;

(f) The length of the lease that the person or entity will offer the board of trustees, which shall not exceed forty years, and the monthly rent that will be owed to the person or entity for that lease.

(2) The commission determines that the plan submitted under division (B)(1) of this section is satisfactory and will meet the needs of the students enrolled in the school and that the
classroom facilities described in the plan do not exceed the construction and design standards established by the commission.

(3) The person or entity that would be party to the agreement has demonstrated financial responsibility to the satisfaction of the commission.

(4) The commission, in consultation with the board of trustees, determines that it is in the best interest of the school for the board of trustees and the commission to enter into the agreement.

(C) Upon approval of the commission, the board of trustees and the commission may enter into an agreement with the person or entity for development of the site in accordance with this section. The agreement shall include the following:

(1) A requirement that development of the site begin not later than eighteen months after the agreement is executed and proceed according to a schedule specified in the agreement;

(2) A stipulation that failure of the person or entity developing the site to comply with the schedule shall be grounds for termination of the agreement;

(3) A provision specifying which party to the agreement owns the facilities located on the site if the school closes prior to the expiration of the agreement and a provision indicating the period of time after the school's closure, if any, during which rent payments will continue to be paid to the person or entity developing the site.

Sec. 3318.62. Any agreement between the Ohio school facilities construction commission and the board of trustees of a college-preparatory boarding school to provide facilities assistance under section 3318.60 or 3318.61 of the Revised Code shall include the following stipulations:
(A) If the school ceases its operations, the school's board of trustees may permit the classroom facilities to be used for only an alternative public purpose, including, but not limited to, primary, secondary, vocational, or higher education services.

(B) If the school ceases its operations due to either the failure of the school's operator to comply with any of the requirements of the contract prescribed under section 3328.12 of the Revised Code or the default by the school's board of trustees on an underlying leasehold or mortgage agreement, the school's board of trustees shall return to the commission the unamortized portion of the state funds provided to the board of trustees under this chapter, based on a straight-line depreciation over the first eighteen years of occupancy. However, if, within twenty-four months after the school's cessation from operation, the classroom facilities of a college-preparatory boarding school are used for an alternative public purpose as prescribed by division (A) of this section, no return of funds by the board of trustees under this division shall be required.

Sec. 3318.70. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.

(3) "STEM school" means a science, technology, engineering, and mathematics school established under Chapter 3326. of the Revised Code that is not governed by a single school district board of education, as prescribed by section 3326.51 of the Revised Code.

(B) The Ohio school facilities construction commission shall establish guidelines for assisting STEM schools in the acquisition
of classroom facilities.

(C) Upon receipt of a written proposal by the governing body of a STEM school, the commission, subject to approval of the controlling board, shall provide funding to assist that STEM school in the acquisition of classroom facilities. The proposal of the governing body shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the commission and the amount of other funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines and if the controlling board approves that funding, the commission shall enter into an agreement with the governing body for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the classroom facilities in the event the STEM school permanently closes at any time.

(D) In the case of the governing body of a group of STEM schools, as prescribed by section 3326.031 of the Revised Code, the governing body shall submit a proposal for each school under its direction separately, and the commission shall consider each proposal separately.

Sec. 3318.71. (A) As used in this section:

(1) "Acquisition of classroom facilities" has the same meaning as in section 3318.40 of the Revised Code.

(2) "Classroom facilities" has the same meaning as in section 3318.01 of the Revised Code.
(3) "Qualifying partnership" means a group of city, exempted village, or local school districts that are part of a career-technical education compact and have entered into an agreement for joint or cooperative establishment and operation of a science, technology, engineering, and mathematics education program under section 3313.842 of the Revised Code. The aggregate territory of the school districts composing a qualifying partnership shall be located in two adjacent counties, each having a population greater than forty thousand, but less than fifty thousand, and at least one of which borders another state.

(B) The Ohio school facilities construction commission shall establish guidelines for assisting a qualifying partnership in the acquisition of classroom facilities to be used for a joint science, technology, engineering, and mathematics education program.

(C) Upon receipt of a written proposal from a qualifying partnership, the commission, subject to approval of the controlling board, shall provide funding to assist that qualifying partnership in the acquisition of classroom facilities described in division (B) of this section. The proposal of the qualifying partnership shall be submitted in a form and in the manner prescribed by the commission. The proposal shall indicate both the total amount of funding requested from the commission and the amount of other funding pledged for the acquisition of the classroom facilities, the latter of which shall not be less than the total amount of funding requested from the commission. Once the commission determines a proposal meets its established guidelines, and if the controlling board approves that funding, the commission shall enter into an agreement with the qualifying partnership for the acquisition of the classroom facilities and shall encumber, in accordance with section 3318.11 of the Revised Code, the approved funding from the amounts appropriated to the
commission for classroom facilities assistance projects. The agreement shall include a stipulation of the ownership of the classroom facilities in the event the qualifying partnership ceases to exist.

(D) A qualifying partnership may levy taxes and issue bonds under section 5705.2112 or 5705.2113 of the Revised Code to use for all or part of the funding pledged for the acquisition of classroom facilities under division (C) of this section. If a qualifying partnership chooses to levy taxes or issue bonds for this purpose, it shall select one of the districts that is a member of the qualifying partnership to be the fiscal agent of the qualifying partnership for purposes of those sections.

Sec. 3319.111. Notwithstanding section 3319.09 of the Revised Code, this section applies to any person who is employed under a teacher license issued under this chapter, or under a professional or permanent teacher's certificate issued under former section 3319.222 of the Revised Code, and who spends at least fifty percent of the time employed providing student instruction. However, this section does not apply to any person who is employed as a substitute teacher or as an instructor of adult education.

(A) Not later than July 1, 2013, the board of education of each school district, in consultation with teachers employed by the board, shall adopt a standards-based teacher evaluation policy that conforms with the framework for evaluation of teachers developed under section 3319.112 of the Revised Code. The policy shall become operative at the expiration of any collective bargaining agreement covering teachers employed by the board that is in effect on September 29, 2011, and shall be included in any renewal or extension of such an agreement.

(B) When using measures of student academic growth as a
component of a teacher's evaluation, those measures shall include the value-added progress dimension prescribed by section 3302.021 of the Revised Code or an alternative student academic progress measure if adopted under division (C)(1)(e) of section 3302.03 of the Revised Code. For teachers of grade levels and subjects for which the value-added progress dimension or alternative student academic progress measure is not applicable, the board shall administer assessments on the list developed under division (B)(2) of section 3319.112 of the Revised Code.

(C)(1) The board shall conduct an evaluation of each teacher employed by the board at least once each school year, except as provided in division (C)(2) of this section. The evaluation shall be completed by the first day of May and the teacher shall receive a written report of the results of the evaluation by the tenth day of May.

(2)(a) The board may evaluate each teacher who received a rating of accomplished on the teacher's most recent evaluation conducted under this section once every three school years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(b) The board may evaluate each teacher who received a rating of skilled on the teacher's most recent evaluation conducted under this section once every two years, so long as the teacher's student academic growth measure, for the most recent school year for which data is available, is average or higher, as determined by the department of education.

(c) For each teacher who is evaluated pursuant to division (C)(2) of this section, the evaluation shall be completed by the first day of May of the applicable school year, and the teacher shall receive a written report of the results of the evaluation by the tenth day of May of that school year.
(d) Beginning with the 2014-2015 school year, the board may elect not to conduct an evaluation of a teacher who meets one of the following requirements:

(i) The teacher was on leave from the school district for fifty per cent or more of the school year, as calculated by the board.

(ii) The teacher has submitted notice of retirement and that notice has been accepted by the board not later than the first day of December of the school year in which the evaluation is otherwise scheduled to be conducted.

(e) Beginning with the 2017-2018 school year, the board may elect not to conduct an evaluation of a teacher who is participating in the teacher residency program established under section 3319.223 of the Revised Code for the year during which that teacher takes, for the first time, at least half of the performance-based assessment prescribed by the state board of education for resident educators.

(3) In any year that a teacher is not formally evaluated pursuant to division (C) of this section as a result of receiving a rating of accomplished or skilled on the teacher's most recent evaluation, an individual qualified to evaluate a teacher under division (D) of this section shall conduct at least one observation of the teacher and hold at least one conference with the teacher.

(D) Each evaluation conducted pursuant to this section shall be conducted by one or more of the following persons who hold a credential established by the department of education for being an evaluator:

(2) In any school district in which there is no exclusive representative established under Chapter 4117. of the Revised Code, the professional development committees shall be established as described in division (F)(2) of this section.

At this initial meeting, the committee shall select a chairperson and such other officers the committee deems necessary, and shall adopt rules for the conduct of its meetings. Thereafter, the committee shall meet at the call of the chairperson or upon the filing of a petition with the district superintendent signed by a majority of the committee members calling for the committee to meet.

(3) In the case of a school district in which an exclusive representative has been established pursuant to Chapter 4117. of the Revised Code, professional development committees shall be established in accordance with any collective bargaining agreement in effect in the district that includes provisions for such committees.

If the collective bargaining agreement does not specify a different method for the selection of teacher members of the committees, the exclusive representative of the district's teachers shall select the teacher members.

If the collective bargaining agreement does not specify a different structure for the committees, the board of education of the school district shall establish the structure, including the number of committees and the number of teacher and administrative members on each committee; the specific administrative members to be part of each committee; whether the scope of the committees will be district levels, building levels, or by type of grade or age levels for which educator licenses are designated; the lengths of terms for members; the manner of filling vacancies on the committees; and the frequency and time and place of meetings. However, in all cases, except as provided in division (F)(4) of
this section, there shall be a majority of teacher members of any professional development committee, there shall be at least five total members of any professional development committee, and the exclusive representative shall designate replacement members in the case of vacancies among teacher members, unless the collective bargaining agreement specifies a different method of selecting such replacements.

(4) Whenever an administrator's coursework plan is being discussed or voted upon, the local professional development committee shall, at the request of one of its administrative members, cause a majority of the committee to consist of administrative members by reducing the number of teacher members voting on the plan.

(G)(1) The department of education, educational service centers, county boards of developmental disabilities, regional professional development centers, special education regional resource centers, college and university departments of education, head start programs, and the Ohio education computer network may establish local professional development committees to determine whether the coursework proposed by their employees who are licensed or certificated under this section or section 3319.222 of the Revised Code, or under the former version of either section as it existed prior to October 16, 2009, meet the requirements of the rules adopted under this section. They may establish local professional development committees on their own or in collaboration with a school district or other agency having authority to establish them.

(B)(1) Except as otherwise provided in division (B)(2) of this section, the state board shall require each person subject to a criminal records check under this section to submit two complete sets of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation pursuant to division (F) of section 109.57 of the Revised Code and that authorizes that bureau to forward the fingerprints to the federal bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person.

(2) If both of the following conditions apply to a person subject to a criminal records check under this section, the state board shall require the person to submit one complete set of fingerprints and written permission that authorizes the superintendent of public instruction to forward the fingerprints to the bureau of criminal identification and investigation so that bureau may forward the fingerprints to the federal bureau of investigation for purposes of obtaining any criminal records that the federal bureau maintains on the person:

(a) Under this section or any former version of this section, the state board or the superintendent of public instruction previously requested the superintendent of the bureau of criminal identification and investigation to determine whether the bureau has any information, gathered pursuant to division (A) of section 109.57 of the Revised Code, on the person.

(b) The person presents proof that the person has been a resident of this state for the five-year period immediately prior to the date upon which the person becomes subject to a criminal records check under this section.

(C) Except as provided in division (D) of this section, prior
to issuing or renewing any certificate, license, or permit for a
person described in division (A)(1) or (2) of this section who is
subject to a criminal records check and in the case of a person
described in division (A)(3) or (4) of this section who is subject
to a criminal records check, the state board or the superintendent
of public instruction shall do one of the following:

(1) If the person is required to submit fingerprints and
written permission under division (B)(1) of this section, request
the superintendent of the bureau of criminal identification and

Code, pertaining to the person and to obtain any criminal records
that the federal bureau of investigation has on the person.

(2) If the person is required to submit fingerprints and

the immediately preceding year.

(E)(1) If a person described in division (A)(3) or (4) of
this section who is subject to a criminal records check fails to submit fingerprints and written permission by the date specified in the applicable division, and the state board or the superintendent of public instruction does not apply division (D) of this section to the person, or if a person who is subject to division (G) of this section fails to submit fingerprints and written permission by the date prescribed under that division, the superintendent shall prepare a written notice stating that if the person does not submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the person's application will be rejected or the person's professional or permanent teaching certificate or license will be inactivated. The superintendent shall send the notification by regular mail to the person's last known residence address or last known place of employment, as indicated in the department of education's records, or both.

If the person fails to submit the fingerprints and written permission within fifteen days after the date the notice was mailed, the superintendent of public instruction, on behalf of the state board, shall issue a written order rejecting the application or inactivating the person's professional or permanent teaching certificate or license. The rejection or inactivation shall remain in effect until the person submits the fingerprints and written permission. The superintendent shall send the order by regular mail to the person's last known residence address or last known place of employment, as indicated in the department's records, or both. The order shall state the reason for the rejection or inactivation and shall explain that the rejection or inactivation remains in effect until the person complies with division (B) of this section submits the fingerprints and written permission.

The rejection or inactivation of a professional or permanent teaching certificate or license under division (E)(1) of this
section does not constitute a suspension or revocation of the certificate or license by the state board under section 3319.31 of the Revised Code and the state board and the superintendent of public instruction need not provide the person with an opportunity for a hearing with respect to the rejection or inactivation.

(2) If a person whose professional or permanent teaching certificate or license has been rejected or inactivated under division (E)(1) of this section submits fingerprints and written permission as required by division (B) or (G) of this section, the superintendent of public instruction, on behalf of the state board, shall issue a written order issuing or reactivating the certificate or license. (2) If the certificates, licenses, or permits are of the same duration but do not expire in the same year, the person shall designate one of the certificates, licenses, or permits as the
person's primary certificate, license, or permit and shall notify
the department of that designation. The person shall be subject to
divisions (A) to (C) of this section only when applying for
renewal of the person's primary certificate, license, or permit.
Prior to renewing any certificate, license, or permit that is not
the person's primary certificate, license, or permit, the state
board or the superintendent of public instruction shall determine
whether the department has received any information about the
person pursuant to section 109.5721 of the Revised Code, but the
person shall not be subject to divisions (A) to (C) of this
section as long as the person's primary certificate, license, or
permit is valid.

(3) If the certificates, licenses, or permits are of the same
duration and expire in the same year and the person applies for
renewal of the certificates, licenses, or permits at the same

(B) The educator standards board shall incorporate indicators of cultural competency into the standards developed under division (A) of this section. For this purpose, the educator standards board shall develop a definition of cultural competency based upon content and experiences that enable educators to know, understand, and appreciate the students, families, and communities that they serve and skills for addressing cultural diversity in ways that respond equitably and appropriately to the cultural needs of individual students.

It is the intent of the general assembly that the educator standards board shall adopt multiple, equal-weighted criteria to use in determining whether a person is a lead teacher. The criteria shall be in addition to the other standards and qualifications prescribed in division (B)(4) of section 3319.22 of the Revised Code. The criteria may include, but shall not be limited to, completion of educational levels beyond a master's degree or other professional development courses or demonstration of a leadership role in the teacher's school building or district. The state board of education shall review the recommendations as resubmitted by the educator standards board at the state board's regular meeting that next succeeds the meeting at which the state board requested reconsideration of the initial recommendations and may adopt the standards as resubmitted or, if the resubmitted standards have not addressed the state board's concerns, the state board may modify the standards prior to adopting them. The final responsibility to determine whether to adopt standards as described in division (A) of this section and the content of those standards, if adopted, belongs solely to the state board of education.
Sec. 3321.19. (A) As used in this section and section 3321.191 of the Revised Code, "habitual truant" has the same meaning as in section 2151.011 of the Revised Code.

(B) When a board of education of any city, exempted village, local, joint vocational, or cooperative education school district or the governing board of any educational service center determines that a student in its district has been truant and the parent, guardian, or other person having care of the child has failed to cause the student's attendance at school, the board may require the parent, guardian, or other person having care of the child pursuant to division (B) of this section to attend an educational program established pursuant to rules adopted by the state board of education for the purpose of encouraging parental involvement in compelling the attendance of the child at school.

No parent, guardian, or other person having care of a child shall fail without good cause to attend an educational program described in this division if the parent, guardian, or other person has been served notice pursuant to division (C) of this section.

(C) On the request of the superintendent of schools, the superintendent of any educational service center, the board of education of any city, exempted village, local, joint vocational, or cooperative education school district, or the governing board of any educational service center or when it otherwise comes to the notice of the attendance officer or other appropriate officer of the school district, the attendance officer or other appropriate officer shall examine into any case of supposed truancy within the district and shall warn the child, if found truant, and the child's parent, guardian, or other person having care of the child, in writing, of the legal consequences of being truant. When any child of compulsory school age, in violation of
law, is not attending school, the attendance or other appropriate
officer shall notify the parent, guardian, or other person having
care of that child of the fact, and require the parent, guardian,
or other person to cause the child to attend school immediately.
The parent, guardian, or other person having care of the child
shall cause the child's attendance at school. Upon the failure of
the parent, guardian, or other person having care of the child to
do so, the attendance officer or other appropriate officer, if so
directed by the superintendent, the district board, or the

requiring the attendance of that parent, guardian, or other person
at a parental education program established pursuant to division
(B) of this section and, subject to divisions (D) and (E) of this

other person having care of the child in any court of competent
jurisdiction.

school jointly against the child and the parent, guardian, or
other person having care of the child, in accordance with the
timelines and conditions set forth in division (B) of section
3321.16 of the Revised Code. A complaint filed in the juvenile
court under this division shall allege that the child is an unruly
child for being an habitual truant and that the parent, guardian, or other person having care of the child has violated section 3321.38 of the Revised Code.

(E) A school district with a chronic absenteeism percentage that is less than five per cent, as displayed on the district's most recent report card issued under section 3302.03 of the Revised Code, and the school buildings within that district, shall be exempt from the requirement to assign habitually truant students to an absence intervention team for the following school year and shall instead take any appropriate action as an intervention strategy contained in the policy developed by the district board pursuant to divisions (A) and (B) of section 3321.191 of the Revised Code. In the event that those intervention strategies fail, within sixty-one days after their implementation, the attendance officer shall file a complaint, provided that the conditions described in division (B) of section 3321.16 of the Revised Code are satisfied.

(C)(1) The chancellor shall establish and administer a needs-based financial aid grants program based on the United States department of education's method of determining financial need. The program shall be known as the Ohio college opportunity grant program. The general assembly shall support the needs-based financial aid program by such sums and in such manner as it may provide, but the chancellor also may receive funds from other sources to support the program. If, for any academic year, the amounts available for support of the program are inadequate to provide grants to all eligible students, the chancellor shall do one of the following:

(2) Subject to divisions (D)(1), (3), and (4), and (5) of this section, the amount of a grant awarded to a student under this section shall equal the student's remaining state cost of attendance after the student's Pell grant and expected family contribution are applied to the instructional and general charges for the undergraduate or comprehensive transition and postsecondary program. However, for students enrolled in a state...
university or college as defined in section 3345.12 of the Revised Code or a university branch, the chancellor may provide that the grant amount shall equal the student's remaining instructional and general charges for the undergraduate program after the student's Pell grant and expected family contribution have been applied to those charges, but, in no case, shall the grant amount for such a student exceed any maximum that the chancellor may set by rule.

(3) For a student enrolled for a semester or quarter in addition to the portion of the academic year covered by a grant under this section, the maximum grant amount shall be a percentage of the maximum specified in any table established in rules adopted by the chancellor as provided in division (A) of this section. The maximum grant for a fourth quarter shall be one-third of the maximum amount so prescribed. The maximum grant for a third semester shall be one-half of the maximum amount so prescribed.

(4) If a student is enrolled in a two-year institution of higher education and is eligible for an education and training voucher through the Ohio education and training voucher program that receives federal funding under the John H. Living expenses shall include reasonable costs for room and board.

(2) Division (F)(1) of this section does not apply in the case of either of the following:

(a) The institution pursuant to federal law appeals its loss of eligibility for federal financial aid and the United States secretary of education determines its cohort default rate after recalculation is lower than the rate specified in division (F)(1) of this section or the secretary determines due to mitigating circumstances that the institution may continue to participate in federal financial aid programs. The chancellor shall adopt rules requiring any such appellant to provide information to the chancellor regarding an appeal.

(b) Any student who has previously received a grant pursuant to any provision of this section, including prior to the section's amendment by H.B. 1 of the 128th general assembly, effective July 17, 2009, and who meets all other eligibility requirements of this section.

(3) The chancellor shall adopt rules for the notification of all institutions whose students will be ineligible to participate in the grant program pursuant to division (F)(1) of this section.

(4) A student's attendance at any institution whose students
are ineligible for grants due to division (F)(1) of this section shall not affect that student's eligibility to receive a grant when enrolled in another institution.

(G) Institutions of higher education that enroll students receiving needs-based financial aid grants under this section shall report to the chancellor all students who have received such needs-based financial aid grants but are no longer eligible for all or part of those grants and shall refund any moneys due the state within thirty days after the beginning of the quarter or term immediately following the quarter or term in which the student was no longer eligible to receive all or part of the student's grant. There shall be an interest charge of one per cent per month on all moneys due and payable after such thirty-day period. The chancellor shall immediately notify the office of budget and management and the legislative service commission of all refunds so received.

(2) "State institution of higher education" has the same meaning as in section 3345.011 of the Revised Code.

No adjudication as to the status of any person under such rule, however, shall be required to be made pursuant to Chapter 119. of the Revised Code. The term "resident" for these purposes shall not be equated with the definition of that term as it is employed elsewhere under the laws of this state and other states, and shall not carry with it any of the legal connotations appurtenant thereto. Rather, except as provided in divisions (B), (C), and (E) of this section, for such purposes, the rule promulgated under this section shall have the objective of excluding from treatment as residents those who are present in the state primarily for the purpose of attending a state-supported or state-assisted institution of higher education, and may prescribe presumptive rules, rebuttable or conclusive, as to such purpose based upon the source or sources of support of the student, residence prior to first enrollment, evidence of intention to remain in the state after completion of studies, or such other factors as the chancellor deems relevant.

(B) The rules of the chancellor for determining student residency shall grant residency status to a veteran and to the veteran's spouse and any dependent of the veteran, if both of the following conditions are met:

(1) The veteran either:

(a) Served one or more years on active military duty and was honorably discharged or received a medical discharge that was related to the military service;

(b) Was killed while serving on active military duty or has
been declared to be missing in action or a prisoner of war.

(2) If the veteran seeks residency status for tuition surcharge purposes, the veteran has established domicile in this state as of the first day of a term of enrollment in an institution of higher education. If the spouse or a dependent of the veteran seeks residency status for tuition surcharge purposes, the veteran and the spouse or dependent seeking residency status have established domicile in this state as of the first day of a term of enrollment in an institution of higher education, except that if the veteran was killed while serving on active military duty, has been declared to be missing in action or a prisoner of war, or is deceased after discharge, only the spouse or dependent seeking residency status shall be required to have established domicile in accordance with this division.

(C) The rules of the chancellor for determining student residency shall grant residency status to both of the following:

(1) A veteran who is the recipient of federal veterans' benefits under the "All-Volunteer Force Educational Assistance Program," 38 U.S.C. 3001 et seq., or "Post-9/11 Veterans Educational Assistance Program," 38 U.S.C. 3301 et seq., or any successor program, if the veteran meets all of the following criteria:

(b) The veteran enrolls in a state institution of higher education, as defined in section 3345.011 of the Revised Code.

(c) The veteran lives in the state as of the first day of a term of enrollment in the state institution of higher education.

(2) A person who is the recipient of the federal Marine Gunnery Sergeant John David Fry scholarship or transferred federal veterans' benefits under any of the programs described in division (C)(1) of this section, if the person meets both of the following
criteria:

(a) The person enrolls in a state institution of higher education.

(b) The person lives in the state as of the first day of a term of enrollment in the state institution of higher education.

In order for a person using transferred federal veterans' benefits to qualify under division (C)(2) of this section, the veteran's period of active duty must have been served at least ninety days on active duty or the service member who transferred the benefits must be on active duty.

(D) The rules of the chancellor for determining student residency shall not deny residency status to a student who is either a dependent child of a parent, or the spouse of a person who, as of the first day of a term of enrollment in an institution of higher education, has accepted full-time employment and established domicile in this state for reasons other than gaining the benefit of favorable tuition rates.

Documentation of full-time employment and domicile shall include both of the following documents:

(1) A sworn statement from the employer or the employer's representative on the letterhead of the employer or the employer's representative certifying that the parent or spouse of the student is employed full-time in Ohio;

(2) A copy of the lease under which the parent or spouse is the lessee and occupant of rented residential property in the state, a copy of the closing statement on residential real property of which the parent or spouse is the owner and occupant in this state or, if the parent or spouse is not the lessee or owner of the residence in which the parent or spouse has established domicile, a letter from the owner of the residence in which the parent or spouse has established domicile.
certifying that the parent or spouse resides at that residence.

Residency officers may also evaluate, in accordance with the chancellor's rule, requests for immediate residency status from dependent students whose parents are not living and whose domicile follows that of a legal guardian who has accepted full-time employment and established domicile in the state for reasons other than gaining the benefit of favorable tuition rates.

Ballots cast pursuant to division (G) of this section shall be set aside in a special envelope and counted during the official canvass of votes in the manner provided for in sections 3505.32 and 3509.06 of the Revised Code insofar as that manner is applicable. The board shall examine the pollbooks to verify that no ballot was cast at the polls or by absent voter's ballots under Chapter 3509. or 3511. of the Revised Code by an elector who has voted by absent voter's ballots pursuant to division (G) of this section. Any ballot determined to be insufficient for any of the reasons stated above or stated in section 3509.07 of the Revised Code shall not be counted.

(E) Upon receiving a notice of change of residence or change of name, the board of elections shall immediately send the registrant an acknowledgment notice. If the change of residence or change of name notice is valid, the board shall update the voter's registration as appropriate. If that form is incomplete, the board shall inform the registrant in the acknowledgment notice specified in this division of the information necessary to complete or update that registrant's registration.

(F) Change of residence and change of name forms shall be available at each polling place, and when these forms are completed, noting changes of residence or name, as appropriate, they shall be filed with election officials at the polling place. The board of elections shall provide change of residence and change of name forms to the probate court and court of common pleas. The court shall provide the forms to any person eighteen years of age or older who has a change of name by order of the court or who applies for a marriage license. The court shall forward all completed forms to the board of elections within five days after receiving them.

(G) A registered elector who otherwise would qualify to vote under division (B) or (C) of this section but is unable to appear at the office of the board of elections or, if pursuant to division (C) of section 3501.10 of the Revised Code the board has designated another location in the county at which registered electors may vote, at that other location, on account of personal illness, physical disability, or infirmity, may vote on the day of the election if that registered elector does all of the following:

1. Makes a written application that includes all of the information required under section 3509.03 of the Revised Code to the appropriate board for an absent voter's ballot on or after the twenty-seventh day prior to the election in which the registered elector wishes to vote through noon of the Saturday prior to that election and requests that the absent voter's ballot be sent to the address to which the registered elector has moved if the registered elector has moved, or to the address of that registered elector who has not moved but has had a change of name;

Sec. 3506.01. As used in this chapter and Chapters 3501., 3503., 3505., 3509., 3511., 3513., 3515., 3517., 3519., 3521., 3523., and 3599. of the Revised Code:

(A) "Marking device" means an apparatus operated by a voter to record the voter's choices through the piercing or marking of ballots enabling them to be examined and counted by automatic tabulating equipment.

(B) "Ballot" means the official election presentation of offices and candidates, including write-in candidates, and of questions and issues, and the means by which votes are recorded.

(C) "Automatic tabulating equipment" means a machine or electronic device, or interconnected or interrelated machines or electronic devices, that will automatically examine and count votes recorded on ballots. Automatic tabulating equipment may allow for the voter's selections to be indicated by marks made on a paper record by an electronic marking device.

(D) "Central counting station" means a location, or one of a
number of locations, designated by the board of elections for the automatic examining, sorting, or counting of ballots.

A "direct recording electronic voting machine" produces a tabulation of the voting data stored in a removable memory component and in printed copy. "Direct recording electronic voting machine" does not include a voting machine that captures votes by means of a ballot display but that transfers those votes onto an optical scan ballot or other paper record for tabulation.

(H) "Voter verified paper audit trail" means a physical paper printout on which the voter's ballot choices, as registered by a direct recording electronic voting machine, are recorded. The voter shall be permitted to visually or audibly inspect the contents of the physical paper printout. The physical paper printout shall be securely retained at the polling place until the close of the polls on the day of the election; the secretary of state shall adopt rules under Chapter 119. of the Revised Code specifying the manner of storing the physical paper printout at the polling place. After the physical paper printout is produced, but before the voter's ballot is recorded, the voter shall have an opportunity to accept or reject the contents of the printout as matching the voter's ballot choices. If a voter rejects the contents of the physical paper printout, the system that produces
the voter verified paper audit trail shall invalidate the printout
and permit the voter to recast the voter's ballot. On and after
the first federal election that occurs after January 1, 2006,
unless required sooner by the Help America Vote Act of 2002, any
system that produces a voter verified paper audit trail shall be
accessible to disabled voters, including visually impaired voters,
in the same manner as the direct recording electronic voting
machine that produces it.

Sec. 3506.06. No marking device shall be approved by the
board of voting machine examiners or certified by the secretary of
state, or be purchased, rented, or otherwise acquired, or used,
unless it fulfills the following requirements:

(A) It shall permit and require voting in absolute secrecy,

all persons and offices for whom and for which the elector is
lawfully entitled to vote, whether or not the name of any such
person appears on a ballot as a candidate; to vote for as many
persons for an office as the elector is entitled to vote for; and
to vote for or against any question upon which the elector is
entitled to vote.

(C) It shall permit each elector to write in the names of
persons for whom the elector desires to vote, whose names do not
appear upon the ballot, if such write-in candidates are permitted
by law.

(D) It shall permit each elector, at all presidential
elections, by one punch or mark to vote for candidates of one
party for president, vice president, and presidential electors.
(E) It shall be durably constructed of material of good quality in a neat and workerlike manner, and in form that shall make it safely transportable.

(F) It shall be so constructed that a voter may readily learn the method of operating it and may expeditiously cast the voter's vote for all candidates of the voter's choice.

(G) It shall not provide to a voter any type of receipt or voter confirmation that the voter legally may retain after leaving the polling place.

Sec. 3506.07. No automatic tabulating equipment shall be approved by the board of voting machine examiners or certified by the secretary of state, or be purchased, rented, or otherwise acquired, or used, unless it has been or is capable of being manufactured for use and distribution beyond a prototype and can be set by election officials, to examine ballots and to count votes accurately for each candidate, question, and issue, excluding any ballots punched or marked contrary to the instructions printed on such ballots, provided that such equipment shall not be required to count write-in votes or the votes on any ballots that have been voted other than at the regular polling place on election day.

nomination of a political party for an office exceeds the number
of candidates the political party is entitled to nominate as its
candidates for that office and one or more candidates die, withdraw, or are disqualified before the day of the primary election, such that the number of candidates no longer exceeds the number of candidates that the political party is entitled to nominate as its candidates for that office, and the vacancy or vacancies are not filled under division (F) of section 3513.052 of the Revised Code, then all of the following apply:

(1) No primary election shall be held for the purpose of nominating party candidates of that party for that office.

(2) If the ballots for that election have already been prepared and primary election is to be held for that party for the purpose of nominating or electing candidates for other offices, the board of elections shall not remove the names of the candidates from the ballots. The board of elections shall post a notice at each polling place on the day of the election that no primary is being held for the purpose of nominating party candidates of that office and that votes for those candidates will be void and will not be counted. The board also shall enclose a copy of that notice with each absent voter's ballot given or mailed after all but one candidate has died, withdrawn, or been disqualified. Any votes for those candidates are void and shall not be counted.

(3) The election officials whose duty it would have been to issue certificates of nomination to the persons nominated at the primary election shall declare the remaining candidate or candidates to be nominated as of the date of the primary election, issue appropriate certificates of nomination to each of them, and certify their names to the proper election officials, in order that their names may be printed on the official ballots provided for use in the succeeding general election in the same manner as though the primary election had been held and those persons had been nominated at that election.

(b) A person to whom disclosure is authorized by a written release, executed by the individual tested or by the individual's legal guardian and specifying to whom disclosure of the test results or diagnosis is authorized and the time period during which the release is to be effective;

(c) Any physician who treats the individual;

(d) The department of health or a health commissioner to which reports are made under section 3701.24 of the Revised Code;

(e) A health care facility or provider that procures, processes, distributes, or uses a human body part from a deceased individual, donated for a purpose specified in Chapter 2108. of the Revised Code, and that needs medical information about the
deceased individual to ensure that the body part is medically acceptable for its intended purpose;

(f) Health care facility staff committees or accreditation or oversight review organizations conducting program monitoring, program evaluation, or service reviews;

(g) A health care provider, emergency medical services worker, or peace officer who sustained a significant exposure to the body fluids of another individual, if that individual was tested pursuant to division (E)(6) of section 3701.242 of the Revised Code, except that the identity of the individual tested shall not be revealed;

(h) To law enforcement authorities pursuant to a search warrant or a subpoena issued by or at the request of a grand jury, a prosecuting attorney, a city director of law or similar chief legal officer of a municipal corporation, or a village solicitor, in connection with a criminal investigation or prosecution.

(2) The results of an HIV test or a diagnosis of AIDS or an AIDS-related condition may be disclosed to a health care provider, or an authorized agent or employee of a health care facility or a health care provider, if the provider, agent, or employee has a medical need to know the information and is participating in the diagnosis, care, or treatment of the individual on whom the test was performed or who has been diagnosed as having AIDS or an AIDS-related condition.

This division does not impose a standard of disclosure different from the standard for disclosure of all other specific information about a patient to health care providers and facilities. Disclosure may not be requested or made solely for the purpose of identifying an individual who has a positive HIV test result or has been diagnosed as having AIDS or an AIDS-related condition in order to refuse to treat the individual. Referral of
an individual to another health care provider or facility based on reasonable professional judgment does not constitute refusal to treat the individual.

(3) Not later than ninety days after November 1, 1989, each health care facility in this state shall establish a protocol to be followed by employees and individuals affiliated with the facility in making disclosures authorized by division (B)(2) of this section. A person employed by or affiliated with a health care facility who determines in accordance with the protocol established by the facility that a disclosure is authorized by division (B)(2) of this section is immune from liability to any person in a civil action for damages for injury, death, or loss to person or property resulting from the disclosure.

(C)(1) Any person or government agency may seek access to or authority to disclose the HIV test records of an individual in accordance with the following provisions:

(a) The person or government agency shall bring an action in a court of common pleas requesting disclosure of or authority to disclose the results of an HIV test of a specific individual, who shall be identified in the complaint by a pseudonym but whose name shall be communicated to the court confidentially, pursuant to a court order restricting the use of the name. The court shall provide the individual with notice and an opportunity to participate in the proceedings if the individual is not named as a party. Proceedings shall be conducted in chambers unless the individual agrees to a hearing in open court.

(b) The court may issue an order granting the plaintiff access to or authority to disclose the test results only if the court finds by clear and convincing evidence that the plaintiff has demonstrated a compelling need for disclosure of the information that cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for
disclosure against the privacy right of the individual tested and
against any disservice to the public interest that might result
from the disclosure, such as discrimination against the individual
or the deterrence of others from being tested.

(c) If the court issues an order, it shall guard against
unauthorized disclosure by specifying the persons who may have
access to the information, the purposes for which the information
shall be used, and prohibitions against future disclosure.

(2) A person or government agency that considers it necessary
to disclose the results of an HIV test of a specific individual in
an action in which it is a party may seek authority for the
disclosure by filing an in camera motion with the court in which
the action is being heard. In hearing the motion, the court shall
employ procedures for confidentiality similar to those specified
in division (C)(1) of this section. The court shall grant the
motion only if it finds by clear and convincing evidence that a
compelling need for the disclosure has been demonstrated.

(3) Except for an order issued in a criminal prosecution or
an order under division (C)(1) or (2) of this section granting
disclosure of the result of an HIV test of a specific individual,
a court shall not compel a blood bank, hospital blood center, or
blood collection facility to disclose the result of HIV tests
performed on the blood of voluntary donors in a way that reveals
the identity of any donor.

(4) In a civil action in which the plaintiff seeks to recover
damages from an individual defendant based on an allegation that
the plaintiff contracted the HIV virus as a result of actions of
the defendant, the prohibitions against disclosure in this section
do not bar discovery of the results of any HIV test given to the
defendant or any diagnosis that the defendant suffers from AIDS or
an AIDS-related condition.
(D) The results of an HIV test or the identity of an individual on whom an HIV test is performed or who is diagnosed as having AIDS or an AIDS-related condition may be disclosed to a federal, state, or local government agency, or the official representative of such an agency, for purposes of the medicaid program, the medicare program, or any other public assistance program.

(E) Any disclosure pursuant to this section shall be in writing and accompanied by a written statement that includes the following or substantially similar language: "This information has been disclosed to you from confidential records protected from disclosure by state law. You shall make no further disclosure of this information without the specific, written, and informed release of the individual to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is not sufficient for the purpose of the release of HIV test results or diagnoses."

(F) An individual who knows that the individual has received a positive result on an HIV test or has been diagnosed as having AIDS or an AIDS-related condition shall disclose this information to any other person with whom the individual intends to make common use of a hypodermic needle or engage in sexual conduct as defined in section 2907.01 of the Revised Code. An individual's compliance with this division does not prohibit a prosecution of the individual for a violation of division (B) of section 2903.11 of the Revised Code.

(G) Nothing in this section prohibits the introduction of evidence concerning an HIV test of a specific individual in a criminal proceeding.

Sec. 3701.601. There is hereby created in the state treasury the breast and cervical cancer project income tax contribution.
fund, which shall consist of money contributed to it under section 5747.113 of the Revised Code and of contributions made directly to it. Any person may contribute directly to the fund in addition to or independently of the income tax refund contribution system established in section 5747.113 of the Revised Code.

The director of health shall distribute the contributed funds to the Ohio breast and cervical cancer project funded by the national breast and cervical cancer early detection program established under the "Breast and Cervical Cancer Mortality Prevention Act of 1990," 104 Stat. 409, 42 U.S.C. 300k et seq. administered under section 3701.144 of the Revised Code. The contributed funds shall be used specifically for the provision of breast and cervical cancer screening, diagnostic, and outreach services to uninsured and under-insured women who meet the eligibility requirements specified in that section. The breast and cervical cancer project, through its regional agencies, shall first use the contributed funds to pay for services provided directly by personnel of local departments of health, federally qualified health centers as defined by section 3701.047 of the Revised Code, or other community health centers. If contributed funds remain after a regional agency pays for all screening, diagnostic, and outreach services provided by local departments of health, federally qualified health centers, or other community health centers, the regional agency may use contributed funds to pay for services provided by other providers.

Sec. 3701.611. (A) Not later than six months after the effective date of this section April 6, 2017, the department of health and the department of developmental disabilities shall create a central intake and referral system for the state's part C early intervention services program and all home visiting programs operating in this state. The system shall comply with all...
regulations governing the part C early intervention program for infants and toddlers with disabilities that are promulgated under the "Individuals with Disabilities Education Act of 1997," 20 U.S.C. 1400, as amended. Through a competitive bidding process, the department of health and department of developmental disabilities may select one or more persons or government entities to operate the system.

(B) If the department of health and department of developmental disabilities choose to select one or more system operators as described in division (A) of this section, a contract with any system operator shall require that the system do both of the following:

(1) Serve as a single point of entry for access, assessment, and referral of families to appropriate home visiting services and part C early intervention services based on each family's location of residence;

(2) Use a standardized form or other mechanism to assess for each family member's risk factors and social determinants of health, as well as ensure that the family is referred to the appropriate home visiting or part C early intervention program or service.

(C) The standardized form or other mechanism described in division (B)(2) of this section shall be agreed to by the home visiting consortium created under section 3701.612 of the Revised Code and the early intervention services advisory council created under section 5123.0422 of the Revised Code.

If the Ohio home visiting consortium created under section 3701.612 of the Revised Code has recommended a standardized form or other mechanism for this purpose, the contract may require the use of that form or other mechanism.
(D) A contract entered into under division (B) of this section shall require a system operator to issue an annual report to the department of health and department of developmental disabilities that includes data regarding referrals made by the central intake and referral system, costs associated with the referrals, and the quality of services received by families who were referred to services through the system. The report shall be distributed to the home visiting consortium created under section 3701.612 of the Revised Code and the early intervention services advisory council created under section 5123.0422 of the Revised Code.

(E) The department of health and department of developmental disabilities shall share any funding made available to each department for local outreach and child find efforts after creating the central intake and referral system described in division (A) of this section.

(F) Nothing in this section is intended to do any of the following:

(1) Prohibit the department of health or department of developmental disabilities from using alternative promotional materials or names for the central intake and referral system;

(2) Require the use of help me grow program promotional materials or names;

(3) Prohibit providers, central coordinators, the department of health, the department of developmental disabilities, or stakeholders from using the help me grow name for promotional materials for both the home visiting and part C early intervention services components.

contributions that are paid to the registrar of motor vehicles by applicants who voluntarily elect to obtain "choose life" license plates pursuant to section 4503.91 of the Revised Code and any money returned to the fund under division (E)(1)(d) of this section. All investment earnings of the fund shall be credited to the fund.

(B)(1) At least annually, the director of health shall distribute the money in the fund to any private, nonprofit organization that is eligible to receive funds under this section and that applies for funding under division (C) of this section.

(2) The director shall allocate the funds to each county in proportion to the number of "choose life" license plates issued during the preceding year to vehicles registered in each county. The director shall distribute funds allocated for a county as follows:

(a) To one or more eligible organizations located within the county;

(b) If no eligible organization located within the county applies for funding, to one or more eligible organizations located in contiguous counties;

(c) If no eligible organization located within the county or a contiguous county applies for funding, to one or more eligible organizations within any other county.

(3) The director shall ensure that any funds allocated for a county are distributed equally among eligible organizations that apply for funding within the county.

(C) Any organization seeking funds under this section annually shall apply for distribution of the funds based on the county in which the organization is located. An organization also may apply for funding in a county in which it is not located if it
demonstrates that it provides services for pregnant women residing in that county. The director shall develop an application form and may determine the schedule and procedures that an organization shall follow when annually applying for funds. The application shall inform the applicant of the conditions for receiving and using funds under division (E) of this section. The application shall require evidence that the organization meets all of the following requirements:

(1) Is a private, nonprofit organization;

(2) Is committed to counseling pregnant women about the option of adoption;

(3) Provides services within the state to pregnant women who are planning to place their children for adoption, including counseling and meeting the material needs of the women;

(4) Does not charge women for any services received;

(5) Is not involved or associated with any abortion activities, including counseling for or referrals to abortion clinics, providing medical abortion-related procedures, or pro-abortion advertising;

(6) Does not discriminate in its provision of any services on the basis of race, religion, color, age, marital status, national origin, handicap, gender, or age;

(7) If the organization is applying for funding in a county in which it is not located, provides services for pregnant women residing in that county.

(D) The director shall not distribute funds to an organization that does not provide verifiable evidence of the requirements specified in the application under division (C) of this section and shall not provide additional funds to any organization that fails to comply with division (E) of this.
section in regard to its previous receipt of funds under this section.

(E)(1) An organization receiving funds under this section shall do all of the following:

(a) Use not more than sixty per cent of the funds distributed to it for the material needs of pregnant women who are planning to place their children for adoption or for infants awaiting placement with adoptive parents, including clothing, housing, medical care, food, utilities, and transportation;

(b) Use not more than forty per cent of the funds distributed to it for counseling, training, or advertising;

(c) Not use any of the funds distributed to it for administrative expenses, legal expenses, or capital expenditures;

(d) Annually return to the fund created under division (A) of this section any unused money that exceeds ten per cent of the money distributed to the organization.

(2) The organization annually shall submit to the director an audited financial statement verifying its compliance with division (E)(1) of this section.

(F) The director, in accordance with Chapter 119. of the Revised Code, shall adopt rules to implement this section.

It is not the intent of the general assembly that the department create a new position within the department to implement and administer this section. It is the intent of the general assembly that the implementation and administration of this section be accomplished by existing department personnel.

(G) If funds that have been allocated to a county for any previous year have not been distributed to one or more eligible organizations, the director may distribute those funds in accordance with this section.
Sec. 3701.83. There is hereby created in the state treasury the general operations fund. (1) That a review of the databases listed in division (D) of this section will be conducted to determine whether the home health agency is prohibited by division (B)(1) of this section

(E)(1) As a condition of employing any applicant in a position that involves providing direct care to an individual, the chief administrator of a home health agency shall request the superintendent of the bureau of criminal identification and investigation to conduct a criminal records check of the applicant. If rules adopted under this section so require, the chief administrator of a home health agency shall request the superintendent to conduct a criminal records check of an employee at times specified in the rules as a condition of continuing to employ the employee in a position that involves providing direct care to an individual. However, the chief administrator is not required to request the criminal records check of the applicant or the employee if division (F) of this section applies or the home health agency is prohibited by division (B)(1) of this section from employing the applicant or continuing to employ the employee in a position that involves providing direct care to an individual. If an applicant or employee for whom a criminal records check request is required by this section does not present proof of having been a resident of this state for the five-year period immediately prior to the date upon which the criminal records check is requested or does not provide evidence that within that five-year period the superintendent has requested investigation in a criminal records check, the chief administrator shall request that the superintendent obtain information from the
federal bureau of investigation as a part of the criminal records check. Even if an applicant or employee for whom a criminal records check request is required by this section presents proof that the applicant or employee has been a resident of this state for that five-year period, the chief administrator may request that the superintendent include information from the federal bureau of investigation in the criminal records check.

(3) A home health agency shall pay to the bureau of criminal identification and investigation the fee prescribed pursuant to division (C)(3) of section 109.572 of the Revised Code for each criminal records check the agency requests under this section. A home health agency may charge an applicant a fee not exceeding the amount the agency pays to the bureau under this section if both of the following apply:

(a) The home health agency notifies the applicant at the time of initial application for employment of the amount of the fee and that, unless the fee is paid, the applicant will not be considered for employment.

(b) The medicaid program does not reimburse the home health agency for the fee it pays to the bureau under this section.
(F) Divisions (C) to (E) of this section do not apply with
regard to an applicant or employee if the applicant or employee is
referred to a home health agency by an employment service that

that involve providing direct care to an individual and both of
the following apply:

(1) The chief administrator of the home health agency
receives from the employment service confirmation that a review of
the databases listed in division (D) of this section was conducted
with regard to the applicant or employee.

(2) The chief administrator of the home health agency
receives from the employment service, applicant, or employee a
report of the results of a criminal records check of the applicant
or employee that has been conducted by the superintendent within
the one-year period immediately preceding the following:

(a) In the case of an applicant, the date of the applicant's
referral by the employment service to the home health agency;

(b) In the case of an employee, the date by which the home
health agency would otherwise have to request a criminal records
check of the employee under division (E) of this section.

(G)(1) A home health agency may employ conditionally an
applicant for whom a criminal records check request is required by
this section before obtaining the results of the criminal records
check if the agency is not prohibited by division (B) of this
section from employing the applicant in a position that involves
providing direct care to an individual and either of the following
applies:

(a) The chief administrator of the home health agency
requests the criminal records check in accordance with division
(E) of this section not later than five business days after the
applicant begins conditional employment.
(b) The applicant is referred to the home health agency by an employment service, the employment service or the applicant provides the chief administrator of the agency a letter that is on the letterhead of the employment service, the letter is dated and signed by a supervisor or another designated official of the employment service, and the letter states all of the following:

(i) That the employment service has requested the superintendent to conduct a criminal records check regarding the applicant;

(ii) That the requested criminal records check is to include a determination of whether the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense;

(iii) That the employment service has not received the results of the criminal records check as of the date set forth on the letter;

(iv) That the employment service promptly will send a copy of the results of the criminal records check to the chief administrator of the home health agency when the employment service receives the results.

(2) If a home health agency employs an applicant conditionally pursuant to division (G)(1)(b) of this section, the employment service, on its receipt of the results of the criminal records check, promptly shall send a copy of the results to the chief administrator of the agency.

(3) A home health agency that employs an applicant conditionally pursuant to division (G)(1)(a) or (b) of this section shall terminate the applicant's employment if the results of the criminal records check, other than the results of any request for information from the federal bureau of investigation, are not obtained within the period ending sixty days after the
date the request for the criminal records check is made.
Regardless of when the results of the criminal records check are obtained, if the results indicate that the applicant has been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense, the home health agency shall terminate the applicant's employment unless circumstances specified in rules adopted under this section that permit the agency to employ the applicant exist and the agency chooses to employ the applicant. Termination of employment under this division shall be considered just cause for discharge for purposes of division (D)(2) of section 4141.29 of the Revised Code if the applicant makes any attempt to deceive the home health agency about the applicant's criminal record.

(H) The report of any criminal records check conducted by the bureau of criminal identification and investigation in accordance with section 109.572 of the Revised Code and pursuant to a request made under this section is not a public record for the purposes of section 149.43 of the Revised Code and shall not be made available to any person other than the following:

(1) The applicant or employee who is the subject of the criminal records check or the applicant's or employee's representative;

(2) The home health agency requesting the criminal records check or its representative;

(3) The administrator of any other facility, agency, or program that provides direct care to individuals that is owned or operated by the same entity that owns or operates the home health agency that requested the criminal records check;

(4) The employment service that requested the criminal records check;

(5) The director of health and the staff of the department of
health who monitor a home health agency's compliance with this section;

(6) The director of aging or the director's designee if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a community-based long-term care provider or community-based long-term care subcontractor;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a community-based long-term care provider or community-based long-term care subcontractor.

(7) The medicaid director and the staff of the department of medicaid who are involved in the administration of the medicaid program if either of the following apply:

(a) In the case of a criminal records check requested by a home health agency, the home health agency also is a waiver agency;

(b) In the case of a criminal records check requested by an employment service, the employment service makes the request for an applicant or employee the employment service refers to a home health agency that also is a waiver agency.

(8) Any court, hearing officer, or other necessary individual involved in a case dealing with any of the following:

(a) A denial of employment of the applicant or employee;

(b) Employment or unemployment benefits of the applicant or employee;

(c) A civil or criminal action regarding the medicaid program.
(I) In a tort or other civil action for damages that is brought as the result of an injury, death, or loss to person or property caused by an applicant or employee who a home health agency employs in a position that involves providing direct care to an individual, all of the following shall apply:

(1) If the home health agency employed the applicant or employee in good faith and reasonable reliance on the report of a criminal records check requested under this section, the agency shall not be found negligent solely because of its reliance on the report, even if the information in the report is determined later to have been incomplete or inaccurate.

(2) If the home health agency employed the applicant in good faith on a conditional basis pursuant to division (G) of this section, the agency shall not be found negligent solely because it employed the applicant prior to receiving the report of a criminal records check requested under this section.

(3) If the home health agency in good faith employed the applicant or employee according to the personal character standards established in rules adopted under this section, the agency shall not be found negligent solely because the applicant or employee had been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense.

(J) The director of health shall adopt rules in accordance with Chapter 119. of the Revised Code to implement this section.

(1) The rules may do the following:

(a) Require employees to undergo database reviews and criminal records checks under this section;

(b) If the rules require employees to undergo database reviews and criminal records checks under this section, exempt one or more classes of employees from the requirements;
(c) For the purpose of division (D)(7) of this section, specify other databases that are to be checked as part of a database review conducted under this section.

(2) The rules shall specify all of the following:

(d) Circumstances under which a home health agency may employ an applicant or employee who is found by a criminal records check required by this section to have been convicted of, pleaded guilty to, or been found eligible for intervention in lieu of conviction for a disqualifying offense but meets personal character standards.

**Sec. 3701.916.** (A) As used in this section, "direct care" and "home health agency" have the same meanings as in section 3701.881 of the Revised Code.

(B) For the purpose of identifying jobs that are in demand in this state under section 6301.11 of the Revised Code, direct care provided by a home health agency shall be considered a targeted industry sector as identified by the governor's office of workforce transformation.

(C) The director of job and family services shall review the
criteria for any program that provides occupational training, adult education, or career pathway assistance through a grant or other source of funding to determine whether an employee of a home health agency may participate in the program, and, to the extent possible, make any necessary changes to the criteria to allow a home health agency employee to participate in the program.

Sec. 3702.304. (A)(1) The director of health may grant a variance from the written transfer agreement requirement of section 3702.303 of the Revised Code if the ambulatory surgical facility submits to the director a complete variance application, prescribed by the director, and the director determines after reviewing the application that the facility is capable of achieving the purpose of a written transfer agreement in the absence of one. The director's determination is final.

(2) Not later than sixty days after receiving a variance application from an ambulatory surgical facility, the director shall grant or deny the variance. A variance application that has not been approved within sixty days is considered denied.

(B) A variance application is complete for purposes of division (A)(1) of this section if it contains or includes as attachments all of the following:

(1) A statement explaining why application of the requirement would cause the facility undue hardship and why the variance will not jeopardize the health and safety of any patient;

(2) A letter, contract, or memorandum of understanding signed by the facility and one or more consulting physicians who have admitting privileges at a minimum of one local hospital, memorializing the physician or physicians' agreement to provide back-up coverage when medical care beyond the level the facility can provide is necessary;
(3) For each consulting physician described in division (B)(2) of this section:

(a) A signed statement in which the physician attests that the physician is familiar with the facility and its operations, and agrees to provide notice to the facility of any changes in the physician's ability to provide back-up coverage;

(b) The estimated travel time from the physician's main residence or office to each local hospital where the physician has admitting privileges;

(c) Written verification that the facility has a record of the name, telephone numbers, and practice specialties of the physician;

(d) Written verification from the state medical board that the physician possesses a valid certificate license to practice medicine and surgery or osteopathic medicine and surgery issued under Chapter 4731. of the Revised Code;

(e) Documented verification that each hospital at which the physician has admitting privileges has been informed in writing by the physician that the physician is a consulting physician for the ambulatory surgical facility and has agreed to provide back-up coverage for the facility when medical care beyond the care the facility can provide is necessary.

(4) A copy of the facility's operating procedures or protocols that, at a minimum, do all of the following:

(a) Address how back-up coverage by consulting physicians is to occur, including how back-up coverage is to occur when consulting physicians are temporarily unavailable;

(b) Specify that each consulting physician is required to notify the facility, without delay, when the physician is unable to expeditiously admit patients to a local hospital and provide
for continuity of patient care;

(c) Specify that a patient's medical record maintained by the facility must be transferred contemporaneously with the patient when the patient is transferred from the facility to a hospital.

(5) Any other information the director considers necessary.

(C) The director's decision to grant, refuse, or rescind a variance is final.

(D) The director shall consider each application for a variance independently without regard to any decision the director may have made on a prior occasion to grant or deny a variance to that ambulatory surgical facility or any other facility.

Sec. 3702.307. An ambulatory surgical facility shall notify the director of health when any of the following occurs:

(A) The facility modifies any provision of its most recent written transfer agreement filed with the director under section 3702.303 of the Revised Code. Notification under these circumstances shall occur not later than the business day after the modification is finalized. As used in this division, "business day" means a day of the week excluding Saturday, Sunday, and a legal holiday as defined in section 1.14 of the Revised Code.

(B) The facility modifies its operating procedures or protocols described in division (B)(4) of section 3702.304 of the Revised Code. Notification under these circumstances shall occur not later than forty-eight hours after the modification is made.

(C) The ambulatory surgical facility becomes aware of an event, including disciplinary action by the state medical board pursuant to section 4731.22 of the Revised Code, that may affect a consulting physician's certificate license to practice medicine and surgery or osteopathic medicine and surgery or the physician's ability to admit patients to a hospital identified in a variance.
application, as described in division (B)(3)(e) of section 3702.304 of the Revised Code. Notification under these circumstances shall occur not later than one week after the facility becomes aware of the event's occurrence.

Sec. 3702.52. The director of health shall administer a state certificate of need program in accordance with sections 3702.51 to 3702.62 of the Revised Code and rules adopted under those sections. Administration of the program shall include both a standard review process and an expedited review process.

(A) The director shall issue rulings on whether a particular proposed project is a reviewable activity. The director shall issue a ruling not later than forty-five days after receiving a request for a ruling accompanied by the information needed to make the ruling, except that if an expedited review is requested, the ruling shall be issued not later than fourteen days after receiving the request for a ruling accompanied by the information needed to make the ruling. If the director does not issue a ruling in that the required time, the project shall be considered to have been ruled not a reviewable activity.

(B)(1) Each application for a certificate of need shall be submitted to the director on forms and in the manner prescribed by the director. Each application for which expedited review is requested must meet the same requirements as all other applications.

Each application shall include a plan for obligating the capital expenditures or implementing the proposed project on a timely basis in accordance with section 3702.524 of the Revised Code. Each application shall also include all other information required by rules adopted under division (B) of section 3702.57 of the Revised Code.

(2) Each application shall be accompanied by the application
fee established in rules adopted under division (G) of section 3702.57 of the Revised Code. Application fees received by the
director under this division shall be deposited into the state
treasury to the credit of the certificate of need fund, which is
hereby created. The director shall use the fund only to pay the
costs of administering sections 3702.11 to 3702.20, 3702.30, and
3702.51 to 3702.62 of the Revised Code and rules adopted under
those sections. An application fee is nonrefundable unless the
director determines that the application cannot be accepted.

(3) The director shall review applications for certificates of need. As part of a review, the director shall determine whether
an application is complete. The director shall not consider an
application to be complete unless the application meets all
criteria for a complete application specified in rules adopted
under section 3702.57 of the Revised Code. The director shall mail
to the applicant a written notice that the application is
complete, or a written request for additional information, not
later than thirty days after receiving an application or a
response to an earlier request for information. For an application for which expedited review is requested, the director's notice or
request shall be mailed not later than fourteen days after the
director receives the application or a response to an earlier
request for information. Except as provided in section 3702.522 of
the Revised Code, the director shall not make more than two
requests for additional information. The director's determination
that an application is not complete is final and not subject to
appeal.

(4) Except as necessary to comply with a subpoena issued
under division (F) of this section, after a notice of completeness
has been received, no person shall make revisions to information
that was submitted to the director before the director mailed the
notice of completeness or knowingly discuss in person or by
telephone the merits of the application with the director. A
person may supplement an application after a notice of
completeness has been received by submitting clarifying
information to the director.

(C) All of the following apply to the process of granting or
denyng a certificate of need:

(1) If the project proposed in a certificate of need
application meets all of the applicable certificate of need
criteria for approval under sections 3702.51 to 3702.62 of the
Revised Code and the rules adopted under those sections, the
director shall grant a certificate of need for all or part of the
project that is the subject of the application by the applicable
deadline specified in division (C)(4) of this section or any
extension of it under division (C)(5) of this section.

(2) The director's grant of a certificate of need does not
affect, and sets no precedent for, the director's decision to
grant or deny other applications for similar reviewable
activities.

(3) Any affected person may submit written comments regarding
an application. The director shall consider all written comments
received by the forty-fifth day after the application is submitted
to the director, except that in an expedited review to be
considered written comments must be received by the twenty-first
day after the application is submitted.

(4) Except as provided in division (C)(5) of this section,
the director shall grant or deny certificate of need applications
not later than sixty days after mailing the notice of completeness
unless the application is receiving expedited review. If the
application is receiving expedited review, the director shall
grant or deny the application not later than thirty days after
mailing the notice of completeness.
(5) Except as otherwise provided in division (C)(6) of this section, the director or the applicant may extend the deadline prescribed in division (C)(4) of this section once, for no longer than thirty days, by written notice before the end of the deadline prescribed by division (C)(4) of this section. An extension by the director under division (C)(5) of this section shall apply to all applications that are in comparative review.

(6) No applicant in a comparative review may extend the deadline specified in division (C)(4) of this section.

(7) If the director does not grant or deny the certificate by the applicable deadline specified in division (C)(4) of this section or any extension of it under division (C)(5) of this section, the certificate shall be considered to have been granted.

(8) In granting a certificate of need, the director shall specify as the maximum capital expenditure the certificate holder may obligate under the certificate a figure equal to one hundred ten per cent of the approved project cost.

(9) In granting a certificate of need, the director may grant the certificate with conditions that must be met by the holder of the certificate.

(D) When a certificate of need is granted for a project under which beds are to be relocated, upon completion of the project for which the certificate of need was granted a number of beds equal to the number of beds relocated shall cease to be operated in the long-term care facility from which they are relocated, except that the beds may continue to be operated for not more than fifteen days to allow relocation of residents to the facility to which the beds have been relocated. Notwithstanding section 3721.03 of the Revised Code, if the relocated beds are in a home licensed under Chapter 3721. of the Revised Code, the facility's license is automatically reduced by the number of beds relocated effective
fifteen days after the beds are relocated. If the beds are in a facility that is certified as a skilled nursing facility or nursing facility under Title XVIII or XIX of the "Social Security Act," the certification for the beds shall be surrendered. If the beds are registered under section 3701.07 of the Revised Code as skilled nursing beds or long-term care beds, the director shall remove the beds from registration not later than fifteen days after the beds are relocated.

(E) During the period beginning with the granting of a certificate of need and ending five years after implementation of the reviewable activity for which the certificate was granted, the director shall monitor the activities of the person granted the certificate to determine whether the reviewable activity is conducted in substantial accordance with the certificate. A reviewable activity shall not be determined to be not in substantial accordance with the certificate solely because either of the following:

(1) A decrease in bed capacity;

(2) A change in the owner or operator of the facility unless any of the circumstances specified in division (B) of section 3702.59 of the Revised Code apply to the new owner or operator.

(F) When reviewing applications for certificates of need, considering appeals under section 3702.60 of the Revised Code, or monitoring activities of persons granted certificates of need, the director may issue and enforce, in the manner provided in section 119.09 of the Revised Code, subpoenas and subpoenas duces tecum to compel a person to testify and produce documents relevant to review of the application, consideration of the appeal, or monitoring of the activities. In addition, the director or the director's designee may visit the sites where the activities are or will be conducted.
(G) The director may withdraw certificates of need.

(H) All long-term care facilities shall submit to the director, upon request, any information prescribed by rules adopted under division (H) of section 3702.57 of the Revised Code that is necessary to conduct reviews of certificate of need applications and to develop criteria for reviews.

(I) Any decision to grant or deny a certificate of need shall consider the special needs and circumstances resulting from moral and ethical values and the free exercise of religious rights of long-term care facilities administered by religious organizations, and the special needs and circumstances of inner city and rural communities.

solely to administer and enforce the Title V program pursuant to
the federal Clean Air Act, this chapter, and rules adopted under
it, except as costs relating to enforcement are limited by the

Sec. 3705.09. (A) A birth certificate for each live birth in
this state shall be filed in the registration district in which it

When a birth occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the child is first removed from the conveyance in this state, the birth shall be registered in this state but the record shall show the actual place of birth insofar as can be determined.

(F)(1) If the mother of a child was married at the time of either conception or birth or between conception and birth, the child shall be registered in the surname designated by the mother,
and the name of the husband shall be entered on the certificate as the father of the child. The presumption of paternity shall be in accordance with section 3111.03 of the Revised Code.

The name of the father of such child shall also be inserted on the birth certificate if both the mother and the father sign an acknowledgement of paternity affidavit before the birth record has been sent to the local registrar. If the father is not named on the birth certificate pursuant to division (F)(1) or (2) of this section, no other information about the father shall be entered on the record.

(G) When a man is presumed, found, or declared to be the father of a child, according to section 2105.26, sections 3111.01 to 3111.18, former section 3111.21, or sections 3111.38 to 3111.54 of the Revised Code, or the father has acknowledged the child as his child in an acknowledgment of paternity, and the acknowledgment has become final pursuant to section 2151.232, 3111.25, or 3111.821 of the Revised Code, and documentary evidence of such fact is submitted to the department of health in such form as the director may require, a new birth record shall be issued by the department which shall have the same overall appearance as the record which would have been issued under this section if a marriage had occurred before the birth of such child. Where handwriting is required to effect such appearance, the department shall supply it. Upon the issuance of such new birth record, the original birth record shall cease to be a public record. Except as provided in division (C) of section 3705.091 of the Revised Code, the original record and any documentary evidence supporting the new registration of birth shall be placed in an envelope which shall be sealed by the department and shall not be open to

after July 1, 1990, shall be accompanied by all social security
numbers that have been issued to the parents of the child, unless
the division of child support in the department of job and family
services, acting in accordance with regulations prescribed under
as amended, finds good cause for not requiring that the numbers be
furnished with the certificate. The parents' social security
numbers shall not be recorded on the certificate. The local
registrar of vital statistics shall transmit the social security
numbers to the state office of vital statistics in accordance with
section 3705.07 of the Revised Code. No social security number

The rules shall include, but not be limited to, all of the following requirements for each delayed birth certificate filed on or after July 1, 1990:

(A) The certificate shall be accompanied by all social security numbers that have been issued to the parents of the child, unless the division of child support in the department of job and family services, acting in accordance with regulations prescribed under the "Family Support Act of 1988," 102 Stat. 2353, 42 U.S.C.A. 405, as amended, finds good cause for not requiring that the numbers be furnished with the certificate.

(B) The parents' social security numbers shall not be recorded on the certificate.

(C) The local registrar of vital statistics shall transmit the social security numbers to the state office of vital statistics in accordance with section 3705.07 of the Revised Code.

Sec. 3706.05. The Ohio air quality development authority may at any time issue revenue bonds and notes of the state in such principal amount as, in the opinion of the authority, are necessary for the purpose of paying any part of the cost of one or more air quality projects or parts thereof, including one or more payments pursuant to a commodity contract entered into in connection with the acquisition or construction of air quality
facilities. The authority may at any time issue renewal notes, issue bonds to pay such notes and whenever it deems refunding expedient, refund any bonds by the issuance of air quality revenue refunding bonds of the state, whether the bonds to be refunded have or have not matured, and issue bonds partly to refund bonds then outstanding, and partly for any other authorized purpose. The refunding bonds shall be sold and the proceeds applied to the purchase, redemption, or payment of the bonds to be refunded. Except as may otherwise be expressly provided by the authority, every issue of its bonds or notes shall be general obligations of the authority payable solely out of the revenues of the authority that are pledged for such payment, without preference or priority of the first bonds issued, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues. Such pledge shall be valid and binding from the time the pledge is made and the revenues so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority.

Whether or not the bonds or notes are of such form and character as to be negotiable instruments, the bonds or notes shall have all the qualities and incidents of negotiable instruments, subject only to the provisions of the bonds or notes for registration.

The bonds and notes shall be authorized by resolution of the authority, shall bear such date or dates, and shall mature at such time or times, in the case of any such note or any renewals...
thereof not exceeding five years from the date of issue of such original note and in the case of any such bond not exceeding forty years from the date of issue, as such resolution or resolutions may provide. The bonds and notes shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption as the authority may authorize. The bonds and notes of the authority may be sold by the authority, at public or private sale, at or at not less than such price or prices as the authority determines. The bonds and notes shall be executed by the chairperson and vice-chairperson of the authority, either or both of whom may use a facsimile signature, the official seal of the authority or a facsimile thereof shall be affixed thereto or printed thereon and attested, manually or by facsimile signature, by the secretary-treasurer of the authority, and any coupons attached thereto shall bear the signature or facsimile signature of the chairperson of the authority. In case any officer whose signature, or a facsimile of whose signature, appears on any bonds, notes or coupons ceases to be such officer before delivery of bonds or notes, such signature or facsimile shall nevertheless be sufficient for all purposes the same as if the officer had remained in office until such delivery, and in case the seal of the authority has been changed after a facsimile has been imprinted on such bonds or notes, such facsimile seal will continue to be sufficient for all purposes.

Any resolution or resolutions authorizing any bonds or notes or any issue thereof may contain provisions, subject to such agreements with bondholders or noteholders as may then exist, which provisions shall be a part of the contract with the holders thereof, as to: the pledging of all or any part of the revenues of the authority to secure the payment of the bonds or notes or of any issue thereof; the use and disposition of revenues of the
authority; a covenant to fix, alter, and collect rentals and other charges so that pledged revenues will be sufficient to pay costs of operation, maintenance, and repairs, pay principal of and interest on bonds or notes secured by the pledge of such revenues, and provide such reserves as may be required by the applicable resolution or trust agreement; the setting aside of reserve funds, sinking funds, or replacement and improvement funds and the regulation and disposition thereof; the crediting of the proceeds of the sale of bonds or notes to and among the funds referred to or provided for in the resolution authorizing the issuance of the bonds or notes; the use, lease, sale, or other disposition of any air quality project or any other assets of the authority; limitations on the purpose to which the proceeds of sale of bonds or notes may be applied and the pledging of such proceeds to secure the payment of the bonds or notes or of any issue thereof; as to notes issued in anticipation of the issuance of bonds, the agreement of the authority to do all things necessary for the authorization, issuance, and sale of such bonds in such amounts as may be necessary for the timely retirement of such notes; limitations on the issuance of additional bonds or notes; the terms upon which additional bonds or notes may be issued and secured; the refunding of outstanding bonds or notes; the procedure, if any, by which the terms of any contract with bondholders or noteholders may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which such consent may be given; limitations on the amount of moneys to be expended by the authority for operating, administrative, or other expenses of the authority; securing any bonds or notes by a trust agreement in accordance with section 3706.07 of the Revised Code; any other matters, of like or different character, that in any way affect the security or protection of the bonds or notes.

Neither the members of the authority nor any person executing
the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

all solid waste facilities in order to ensure that the facilities
will be located, maintained, and operated, and will undergo
closure and post-closure care, in a sanitary manner so as not to
create a nuisance, cause or contribute to water pollution, create
a health hazard, or violate 40 C.F.R. 257.3-2 or 40 C.F.R.
257.3-8, as amended. The rules may include, without limitation,
financial assurance requirements for closure and post-closure care

the public health or safety or the environment. Applications for
variances shall contain such detail plans, specifications, and
information regarding objectives, procedures, controls, and other
pertinent data as the director may require. The director shall
grant a variance only if the applicant demonstrates to the
director's satisfaction that construction and operation of the
solid waste facility in the manner allowed by the variance and any
terms or conditions imposed as part of the variance will not
create a nuisance or a hazard to the public health or safety or
the environment. In granting any variance, the director shall
state the specific provision or provisions whose terms are to be
varied and also shall state specific terms or conditions imposed
upon the applicant in place of the provision or provisions.

other persons and property affected by the variance, and the
general public. Any variance granted under this division shall be
for a period specified by the director and may be renewed from
time to time on such terms and for such periods as the director
determines to be appropriate. No application shall be denied and
no variance shall be revoked or modified without a written order
stating the findings upon which the denial, revocation, or
modification is based. A copy of the order shall be sent to the
applicant or variance holder by certified mail or by another type
of mail accompanied by a receipt.

dollars, payable upon application for a hazardous waste facility 
installation and operation permit and upon application for a 
renewal permit issued under division (H) of section 3734.05 of the 
Revised Code, to be credited to the hazardous waste facility 
management fund created in section 3734.18 of the Revised Code. 
The term of a hazardous waste facility installation and operation 
permit shall not exceed ten years.

In addition to the application fee, there is hereby levied an 
annual permit fee to be paid by the permit holder upon the 
anniversaries of the date of issuance of the hazardous waste 
facility installation and operation permit and of any subsequent 
renewal permits and to be credited to the hazardous waste facility 
management fund. Annual permit fees totaling forty thousand 
dollars or more for any one facility may be paid on a quarterly 
basis with the first quarterly payment each year being due on the 
anniversary of the date of issuance of the hazardous waste 
facility installation and operation permit and of any subsequent 
renewal permits. The annual permit fee shall be determined for 
each permit holder by the director in accordance with the
following schedule:

A hazardous waste disposal facility that disposes of hazardous waste by deep well injection and that pays the annual
permit fee established in section 6111.046 of the Revised Code is not subject to the permit fee established in this division for disposal facilities using deep well injection unless the director determines that the facility is not in compliance with applicable requirements established under this chapter and rules adopted under it.

In determining the annual permit fee required by this section, the director shall not require additional payments for multiple units of the same method of storage, treatment, or disposal or for individual units that are used for both storage and treatment. A facility using more than one method of storage, treatment, or disposal shall pay the permit fee indicated by the schedule for each such method.

The director shall not require the payment of that portion of an annual permit fee of any permit holder that would apply to a hazardous waste management unit for which a permit has been issued, but for which construction has not yet commenced. Once construction has commenced, the director shall require the payment of a part of the appropriate fee indicated by the schedule that bears the same relationship to the total fee that the number of days remaining until the next anniversary date at which payment of the annual permit fee is due bears to three hundred sixty-five.

The director, by rules adopted in accordance with Chapters 119. and 3745. of the Revised Code, shall prescribe procedures for collecting the annual permit fee established by this division and may prescribe other requirements necessary to carry out this division.

(3) The prohibition against establishing or operating a hazardous waste facility without a hazardous waste facility installation and operation permit does not apply to either of the following:
(a) A facility that is operating in accordance with a permit renewal issued under division (H) of section 3734.05 of the Revised Code, a revision issued under division (I) of that section as it existed prior to August 20, 1996, or a modification issued by the director under division (I) of that section on and after August 20, 1996;

(b) Except as provided in division (J) of section 3734.05 of the Revised Code, a facility that will operate or is operating in accordance with a permit by rule, or that is not subject to permit requirements, under rules adopted by the director. In accordance with Chapter 119. of the Revised Code, the director shall adopt, and subsequently may amend, suspend, or rescind, rules for the purposes of division (E)(3)(b) of this section. Any rules so adopted shall be consistent with and equivalent to regulations pertaining to interim status adopted under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

If a modification is requested or proposed for a facility described in division (E)(3)(a) or (b) of this section, division (I)(7) of section 3734.05 of the Revised Code applies.

(F) No person shall store, treat, or dispose of hazardous waste identified or listed under this chapter and rules adopted under it, regardless of whether generated on or off the premises where the waste is stored, treated, or disposed of, or transport or cause to be transported any hazardous waste identified or listed under this chapter and rules adopted under it to any other premises, except at or to any of the following:

(1) A hazardous waste facility operating under a permit issued in accordance with this chapter;

(2) A facility in another state operating under a license or permit issued in accordance with the "Resource Conservation and...

(3) A facility in another nation operating in accordance with the laws of that nation;

(5) A hazardous waste facility as described in division (E)(3)(a) or (b) of this section.

(G) The director, by order, may exempt any person generating, collecting, storing, treating, disposing of, or transporting solid wastes, infectious wastes, or hazardous waste, or processing solid wastes that consist of scrap tires, in such quantities or under such circumstances that, in the determination of the director, are unlikely to adversely affect the public health or safety or the environment from any requirement to obtain a registration certificate, permit, or license or comply with the manifest system or other requirements of this chapter. Such an exemption shall be consistent with and equivalent to any regulations adopted by the administrator of the United States environmental protection agency under the "Resource Conservation and Recovery Act of 1976," 90 Stat. 2806, 42 U.S.C.A. 6921, as amended, except as otherwise provided in this chapter.

(H) No person shall engage in filling, grading, excavating, building, drilling, or mining on land where a hazardous waste facility, or a solid waste facility, was operated without prior authorization from the director, who shall establish the procedure for granting such authorization by rules adopted in accordance with Chapter 119. of the Revised Code.

A public utility that has main or distribution lines above or below the land surface located on an easement or right-of-way
across land where a solid waste facility was operated may engage in any such activity within the easement or right-of-way without prior authorization from the director for purposes of performing emergency repair or emergency replacement of its lines; of the poles, towers, foundations, or other structures supporting or sustaining any such lines; or of the appurtenances to those structures, necessary to restore or maintain existing public utility service. A public utility may enter upon any such easement or right-of-way without prior authorization from the director for purposes of performing necessary or routine maintenance of those portions of its existing lines; of the existing poles, towers, foundations, or other structures sustaining or supporting its lines; or of the appurtenances to any such supporting or sustaining structure, located on or above the land surface on any such easement or right-of-way. Within twenty-four hours after commencing any such emergency repair, replacement, or maintenance work, the public utility shall notify the director or the director's authorized representative of those activities and shall provide such information regarding those activities as the director or the director's representative may request. Upon completion of the emergency repair, replacement, or maintenance activities, the public utility shall restore any land of the solid waste facility disturbed by those activities to the condition existing prior to the commencement of those activities.

(I) No owner or operator of a hazardous waste facility, in the operation of the facility, shall cause, permit, or allow the emission therefrom of any particulate matter, dust, fumes, gas, mist, smoke, vapor, or odorous substance that, in the opinion of the director, unreasonably interferes with the comfortable enjoyment of life or property by persons living or working in the vicinity of the facility, or that is injurious to public health. Any such action is hereby declared to be a public nuisance.
(J) Notwithstanding any other provision of this chapter, in the event the director finds an imminent and substantial danger to public health or safety or the environment that creates an emergency situation requiring the immediate treatment, storage, or disposal of hazardous waste, the director may issue a temporary emergency permit to allow the treatment, storage, or disposal of the hazardous waste at a facility that is not otherwise authorized by a hazardous waste facility installation and operation permit to treat, store, or dispose of the waste. The emergency permit shall not exceed ninety days in duration and shall not be renewed. The director shall adopt, and may amend, suspend, or rescind, rules in accordance with Chapter 119. of the Revised Code governing the issuance, modification, revocation, and denial of emergency permits.

(K) Except for infectious wastes generated by a person who produces fewer than fifty pounds of infectious wastes at a premises during any one month, no owner or operator of a sanitary landfill shall knowingly accept for disposal, or dispose of, any infectious wastes that have not been treated to render them noninfectious.

(L) The director, in accordance with Chapter 119. of the Revised Code, shall adopt, and may amend, suspend, or rescind, rules having uniform application throughout the state establishing a training and certification program that shall be required for employees of boards of health who are responsible for enforcing the solid waste and infectious waste provisions of this chapter and rules adopted under them and for persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities. The rules shall provide all of the following, without limitation:

(1) The program shall be administered by the director and shall consist of a course on new solid waste and infectious waste...
technologies, enforcement procedures, and rules;

(2) The course shall be offered on an annual basis;

(3) Those persons who are required to take the course under division (L) of this section shall do so triennially;

(4) Persons who successfully complete the course shall be certified by the director;

(5) Certification shall be required for all employees of boards of health who are responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and for all persons who are responsible for the operation of solid waste facilities or infectious waste treatment facilities;

(6)(a) All employees of a board of health who, on the effective date of the rules adopted under this division, are responsible for enforcing the solid waste or infectious waste provisions of this chapter and the rules adopted under them shall complete the course and be certified by the director not later than January 1, 1995;

(b) All employees of a board of health who, after the effective date of the rules adopted under division (L) of this section, become responsible for enforcing the solid waste or infectious waste provisions of this chapter and rules adopted under them and who do not hold a current and valid certification from the director at that time shall complete the course and be certified by the director within two years after becoming responsible for performing those activities.

No person shall fail to obtain the certification required under this division.

(M) The director shall not issue a permit under section 3734.05 of the Revised Code to establish a solid waste facility,
or to modify a solid waste facility operating on December 21, 1988, in a manner that expands the disposal capacity or geographic area covered by the facility, that is or is to be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state and identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility or proposed facility is or is to be used exclusively for the disposal of solid wastes generated within the park or recreation area and the director determines that the facility or proposed facility will not degrade any of the natural or cultural resources of the park or recreation area. The director shall not issue a variance under division (A) of this section and rules adopted under it, or issue an exemption order under division (G) of this section, that would authorize any such establishment or expansion of a solid waste facility within the boundaries of any such park or recreation area, state park purchase area, or candidate area, other than a solid waste facility exclusively for the disposal of solid wastes generated within the park or recreation area when the director determines that the facility will not degrade any of the natural or cultural resources of the park or recreation area.

(N)(1) The rules adopted under division (A) of this section, other than those governing variances, do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities.
Those facilities are subject to and governed by rules adopted under sections 3734.70 to 3734.73 of the Revised Code, as applicable.

(2) Division (C) of this section does not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The establishment and modification of those facilities are subject to sections 3734.75 to 3734.78 and section 3734.81 of the Revised Code, as applicable.

(3) The director may adopt, amend, suspend, or rescind rules under division (A) of this section creating an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility in lieu of the requirement that a person seeking to establish, operate, or modify a solid waste compost facility apply for and receive a permit under division (C) of this section and section 3734.05 of the Revised Code and a license under division (A)(1) of that section. The rules may include requirements governing, without limitation, the classification of solid waste compost facilities, the submittal of operating records for solid waste compost facilities, and the creation of a registration or notification system in lieu of the issuance of permits and licenses for solid waste compost facilities. The rules shall specify the applicability of divisions (A)(1), (2)(a), (3), and (4) of section 3734.05 of the Revised Code to a solid waste compost facility.

(O)(1) As used in this division, "secondary aluminum waste" means waste material or byproducts, when disposed of, containing aluminum generated from secondary aluminum smelting operations and consisting of dross, salt cake, baghouse dust associated with aluminum recycling furnace operations, or dry-milled wastes.

(2) The owner or operator of a sanitary landfill shall not dispose of municipal solid waste that has been commingled with secondary aluminum waste.
(3) The owner or operator of a sanitary landfill may dispose of secondary aluminum waste, but only in a monocell or monofill that has been permitted for that purpose in accordance with this chapter and rules adopted under it.

(P)(1) As used in divisions (P) and (Q) of this section:

(a) "Natural background" means two picocuries per gram or the actual number of picocuries per gram as measured at an individual solid waste facility, subject to verification by the director of health.

(b) "Drilling operation" includes a production operation as defined in section 1509.01 of the Revised Code.

(2) The owner or operator of a solid waste facility shall not accept for transfer or disposal technologically enhanced naturally occurring radioactive material if that material contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(3) The owner or operator of a solid waste facility may receive and process for purposes other than transfer or disposal technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background, provided that the owner or operator has obtained and maintains all other necessary authorizations, including any authorization required by rules adopted by the director of health under section 3748.04 of the Revised Code.

(4) The director of environmental protection may adopt rules in accordance with Chapter 119. of the Revised Code governing the receipt, acceptance, processing, handling, management, and disposal by solid waste facilities of material that contains or is...
contaminated with radioactive material, including, without limitation, technologically enhanced naturally occurring radioactive material that contains or is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations less than five picocuries per gram above natural background. Rules adopted by the director may include at a minimum both of the following:

(a) Requirements in accordance with which the owner or operator of a solid waste facility must monitor leachate and ground water for radium-226, radium-228, and other radionuclides; 

(b) Requirements in accordance with which the owner or operator of a solid waste facility must develop procedures to ensure that technologically enhanced naturally occurring radioactive material accepted at the facility neither contains nor is contaminated with radium-226, radium-228, or any combination of radium-226 and radium-228 at concentrations equal to or greater than five picocuries per gram above natural background.

(Q) Notwithstanding any other provision of this section, the owner or operator of a solid waste facility shall not receive, accept, process, handle, manage, or dispose of technologically enhanced naturally occurring radioactive material associated with drilling operations without first obtaining representative analytical results to determine compliance with divisions (P)(2) and (3) of this section and rules adopted under it.

Sec. 3734.041. (A) The owner or operator holding a license issued under division (A) of section 3734.05 of the Revised Code for a sanitary landfill that is so situated that a residence or other occupied structure off the premises of the landfill is located within one thousand feet horizontal distance from the exterior boundary of the landfill, and the owner or operator of any closed landfill that is so situated and for which a license
was issued under division (A) of section 3734.05 of the Revised
Code, or the subsequent owner, lessee, or other person who has
control of the land on which the closed landfill is located,
shall, within sixty days after the effective date of the rules
adopted under division (F) of this section, submit an explosive
gas monitoring plan for the landfill or closed landfill to the
director of environmental protection for approval for compliance
with those rules. After approval of the plan, the owner or
operator of the landfill, or, in the instance of a closed
landfill, the owner or operator of the closed landfill, or the
subsequent owner, lessee, or other person who has control of the
land on which the closed landfill is located shall conduct
monitoring of explosive gas levels at the landfill or closed
landfill, and submit written reports of the results of the
monitoring to the director and the board of health of the health
district in which the landfill is located in accordance with the
approved plan and the schedule for implementation contained in the
approved plan.

No person shall violate or fail to perform a duty imposed by
a plan approved under this section.

(B) Division (A) of this section does not apply to a sanitary
landfill or closed sanitary landfill that exclusively disposes, or
disposed, of solid wastes generated on the premises where the
landfill or closed landfill is located; to a sanitary landfill or
closed sanitary landfill that exclusively disposes, or disposed,
of solid wastes generated on one or more premises owned by the
person who owns the landfill or closed landfill; or to a sanitary
landfill or closed sanitary landfill owned or operated by a person
other than the generator of the wastes that exclusively disposes,
or disposed, of nonputrescible solid wastes or nonputrescible
wastes generated by a single generator at one or more premises
owned by the generator.
(C) When "responsible party" includes the owner or operator of a solid waste disposal facility; any current or former owner of a closed solid waste disposal facility; any person who was responsible for the operations of a closed solid waste disposal facility; any lessee or other person who has control of the property on which a closed solid waste disposal facility is located; a receiver appointed pursuant to Chapter 2735. of the Revised Code with respect to a solid waste disposal facility or closed solid waste disposal facility; and a trustee in bankruptcy.

Notwithstanding division (B) of this section, if the director determines that, due to the types of wastes disposed of, the engineering design, the hydrogeological setting, the period of time since the commencement of operation, and the proximity of residential or other occupied structures located off the premises of the landfill a solid waste disposal facility to the exterior boundaries, or information related to concentrations of explosive gas at or surrounding a sanitary landfill licensed under division (A) of section 3734.05 of the Revised Code facility or closed sanitary landfill for which a license was issued under that division facility, the potential exists for the formation and subsurface migration of explosive gases in such quantities and under such conditions as to endanger threaten human health or safety or the environment, the director shall may issue to the owner or operator of the sanitary landfill, or, in the instance of a closed sanitary landfill, the owner or operator of the sanitary landfill, or the subsequent owner, lessee, or other person who has control of the property on which the closed landfill is located, any responsible party an order directing such owner the responsible party to prepare, obtain approval of, and implement and submit a new or revised explosive gas monitoring and reporting plan, in accordance with division (A) of that complies with division (A) of this section and provides for the adequate
evaluation of explosive gas generation at and migration from the solid waste disposal facility or closed solid waste disposal facility. A plan so submitted shall be approved in accordance with division (A) of this section. After approval of the plan, the responsible party shall conduct monitoring of explosive gas levels at the facility or closed facility and submit written reports of the results of the monitoring in accordance with the plan approved under this section. For the purposes of this division and division (D) of this section, explosive gases shall be considered to endanger threaten human health or safety or the environment if concentrations of methane generated by the landfill a facility in landfill occupied structures, excluding gas control or recovery system components, exceed twenty-five per cent of the lower explosive limit or if concentrations of methane generated by the landfill facility at the landfill facility boundary exceed the lower explosive limit. As used in this division, "lower explosive limit" means the lowest per cent by volume of methane that will produce a flame in air at twenty-five degrees centigrade and atmospheric pressure.

(D) If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a sanitary landfill solid waste disposal facility or closed sanitary landfill solid waste disposal facility threatens human health or safety or the environment, the director or his authorized representative shall promptly may conduct an evaluation of the levels of explosive gases on the premises of the landfill facility and in occupied structures located in proximity to the boundaries of the landfill facility to determine whether the formation of explosive gases at, and migration of those gases from, the landfill facility or closed landfill facility constitutes such a threat. In addition, the director or the director's authorized representative, on their own initiative, may conduct an evaluation
in accordance with division (G) of this section. Based upon the findings of the an evaluation, or of an evaluation conducted by the director, or his authorized representative, on his own initiative, the director shall may issue an order under division (A) or (B) of section 3734.13 of the Revised Code, as the director considers necessary or appropriate, directing the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, any responsible party to perform such measures as the director considers necessary or appropriate, to abate or minimize the formation of explosive gases or their migration off the premises of the landfill facility, to abate or remedy any conditions caused by the formation and migration of such gases that endanger threaten human health or safety or the environment and to take such actions as the director finds necessary or appropriate to prevent recurrence of the migration of explosive gases or decrease their concentration to levels set forth in division (C) of this section.

After the issuance of an order under this division, the director shall inspect the landfill at least once each week, or facility at such other intervals as the director or his an authorized representative of the director considers necessary or appropriate, to ascertain compliance with the order until such time as the director determines that full compliance with those terms and conditions has been achieved.

If a report submitted pursuant to a plan approved under division (A) of this section indicates that the formation of explosive gases at, and migration of explosive gases from, a landfill solid waste disposal facility that is subject to an order issued under division (D) of this section has recurred in such quantities or under such conditions as to threaten human health or
safety or the environment, or if the director determines from an inspection of any such landfill facility that the owner or operator of the landfill, or, in the instance of a closed landfill, the owner or operator of the landfill, or the subsequent owner, lessee, or other person who has control of the land on which the closed landfill is located, responsible party has violated or is violating a term or condition of the order or that measures in addition to those prescribed by the order are necessary or appropriate under the circumstances, the director shall take such actions under division (A), (B), or (C) of section 3734.13 of the Revised Code as he the director considers necessary or appropriate to protect human health or safety or the environment.

(E) The director shall conduct random inspections of licensed and closed sanitary landfills for explosive gas levels and to monitor the accuracy of the reports submitted pursuant to plans approved under division (A) of this section.

(F) The director shall adopt rules under Chapter 119. of the Revised Code prescribing standards for conducting the explosive gas monitoring required by division (A) of this section including, without limitation, standards governing the numbers, locations, and design and construction of monitoring wells; quality control procedures to be followed by persons conducting those evaluations to ensure the accuracy of the monitoring; the frequency for sampling the monitoring wells, which shall be at least quarterly, except as otherwise provided in this division; and the frequency of reporting monitoring results to the director and board of health. The rules shall require that, in the instance of closed sanitary landfills, explosive gas monitoring be conducted for the period of twenty years after closure or for such other period as the director considers necessary or appropriate. Such explosive gas monitoring shall be conducted quarterly during each of the
five years immediately following closure of the landfills and
semiannually thereafter. If such semiannual sampling shows that
the methane limits set in division (C) of this section are
exceeded, sampling may be resumed at a frequency determined by the
director.

(G) The director or the director's authorized representative
may enter upon a solid waste disposal facility or a closed solid
waste disposal facility to conduct an evaluation of the
concentration of explosive gas generated at or migrating from the
facility. The owner or operator of a solid waste disposal facility
or closed solid waste disposal facility shall allow the director
or representative to conduct such an evaluation of the facility,
any structures within the boundary of the facility, and any
occupied structures in close proximity to the boundary of the
facility that are owned or controlled by the owner or operator.

(H) The remedy provided by division (D) of this section is
cumulative and concurrent with any other remedy provided in this
chapter or Chapter 3704. of the Revised Code, and the existence or
exercise of one remedy does not prevent the exercise of any other.

Sec. 3734.05. (A)(1) Except as provided in divisions (A)(4),
(8), (6) and (9)(7) of this section, no person shall operate or
maintain a solid waste facility without a license issued under
this division by the board of health of the health district in
which the facility is located or by the director of environmental
protection when the health district in which the facility is
located is not on the approved list under section 3734.08 of the
Revised Code.

During the month of December, but before the first day of
January of the next year, every person proposing to continue to
operate an existing solid waste facility shall procure a license
under this division to operate the facility for that year from the
board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (A)(2) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of a solid waste facility, and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with this chapter and rules adopted under it. The terms and conditions may establish the authorized maximum daily waste receipts for the facility. Limitations on maximum daily waste receipts shall be specified in cubic yards of volume for the purpose of regulating the design, construction, and operation of solid waste facilities. Terms and conditions included in a license or revision to a license by a board of health shall be consistent with, and pertain only to the subjects addressed in, the rules adopted under division (A) of section 3734.02 and division (D) of section 3734.12 of the Revised Code.

(2)(a) Except as provided in divisions (A)(2)(b), (8)(6), and (9)(7) of this section, each person proposing to open a new solid
waste facility or to modify an existing solid waste facility shall submit an application for a permit with accompanying detail plans and specifications to the environmental protection agency for required approval under the rules adopted by the director pursuant to division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code at least two hundred seventy days before proposed operation of the facility and shall concurrently make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the proposed facility is to be located.

(b) On and after the effective date of the rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code governing solid waste transfer facilities, each person proposing to open a new solid waste transfer facility or to modify an existing solid waste transfer facility shall submit an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation to the environmental protection agency for required approval under those rules at least two hundred seventy days before commencing proposed operation of the facility and concurrently shall make application for the issuance of a license under division (A)(1) of this section with the board of health of the health district in which the facility is located or proposed.

(c) Each application for a permit under division (A)(2)(a) or (b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (A)(1) or (2) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of
health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special fund of the health district created in division (B) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (A)(1), (2), (3), (4), or (5) of section 3734.06 of the Revised Code.

(d) As used in divisions (A)(2)(d), (e), and (f) of this section, "modify" means any of the following:

(i) Any increase of more than ten per cent in the total capacity of a solid waste facility;

(ii) Any expansion of the limits of solid waste placement at a solid waste facility;

(iii) Any increase in the depth of excavation at a solid waste facility;

(iv) Any change in the technique of waste receipt or type of waste received at a solid waste facility that may endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code.

Not later than forty-five days after submitting an application under division (A)(2)(a) or (b) of this section for a permit to open a new or modify an existing solid waste facility, the applicant, in conjunction with an officer or employee of the environmental protection agency, shall hold a public meeting on the application within the county in which the new or modified solid waste facility is or is proposed to be located or within a contiguous county. Not less than thirty days before holding the
public meeting on the application, the applicant shall publish
notice of the meeting in each newspaper of general circulation
that is published in the county in which the facility is or is
proposed to be located. If no newspaper of general circulation is
published in the county, the applicant shall publish the notice in
a newspaper of general circulation in the county. The notice shall
contain the date, time, and location of the public meeting and a
general description of the proposed new or modified facility. Not
later than five days after publishing the notice, the applicant
shall send by certified mail a copy of the notice and the date the
notice was published to the director and the legislative authority
of each municipal corporation, township, and county, and to the
chief executive officer of each municipal corporation, in which
the facility is or is proposed to be located. At the public
meeting, the applicant shall provide information and describe the
application and respond to comments or questions concerning the
application, and the officer or employee of the agency shall
describe the permit application process. At the public meeting,
any person may submit written or oral comments on or objections to
the application. Not more than thirty days after the public
meeting, the applicant shall provide the director with a copy of a
transcript of the full meeting, copies of any exhibits, displays,
or other materials presented by the applicant at the meeting, and
the original copy of any written comments submitted at the
meeting.

(e) Except as provided in division (A)(2)(f) of this section,
prior to taking an action, other than a proposed or final denial,
upon an application submitted under division (A)(2)(a) of this
section for a permit to open a new or modify an existing solid
waste facility, the director shall hold a public information
session and a public hearing on the application within the county
in which the new or modified solid waste facility is or is
proposed to be located or within a contiguous county. If the
application is for a permit to open a new solid waste facility, the director shall hold the hearing not less than fourteen days after the information session. If the application is for a permit to modify an existing solid waste facility, the director may hold both the information session and the hearing on the same day unless any individual affected by the application requests in writing that the information session and the hearing not be held on the same day, in which case the director shall hold the hearing not less than fourteen days after the information session. The director shall publish notice of the public information session or public hearing not less than thirty days before holding the information session or hearing, as applicable. The notice shall be published in each newspaper of general circulation that is published in the county in which the facility is or is proposed to be located. If no newspaper of general circulation is published in the county, the director shall publish the notice in a newspaper of general circulation in the county. The notice shall contain the date, time, and location of the information session or hearing, as applicable, and a general description of the proposed new or modified facility. At the public information session, an officer or employee of the environmental protection agency shall describe the status of the permit application and be available to respond to comments or questions concerning the application. At the public hearing, any person may submit written or oral comments on or objections to the approval of the application. The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the information session and public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the information session and hearing.

(f) The solid waste management policy committee of a county
or joint solid waste management district may adopt a resolution requesting expeditious consideration of a specific application submitted under division (A)(2)(a) of this section for a permit to modify an existing solid waste facility within the district. The resolution shall make the finding that expedited consideration of the application without the public information session and public hearing under division (A)(2)(e) of this section is in the public interest and will not endanger human health, as determined by the director by rules adopted in accordance with Chapter 119. of the Revised Code. Upon receiving such a resolution, the director, at the director's discretion, may issue a final action upon the application without holding a public information session or public hearing pursuant to division (A)(2)(e) of this section.

(3) Except as provided in division (A)(10) of this section, and unless the owner or operator of any solid waste facility, other than a solid waste transfer facility or a compost facility that accepts exclusively source separated yard wastes, that commenced operation on or before July 1, 1968, has obtained an exemption from the requirements of division (A)(3) of this section in accordance with division (G) of section 3734.02 of the Revised Code, the owner or operator shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code in accordance with the following schedule:

(a) Not later than September 24, 1988, if the facility is located in the city of Garfield Heights or Parma in Cuyahoga county;

(b) Not later than December 24, 1988, if the facility is located in Delaware, Greene, Guernsey, Hamilton, Madison,
Mahoning, Ottawa, or Vinton county;

(c) Not later than March 24, 1989, if the facility is located in Champaign, Clinton, Columbiana, Huron, Paulding, Stark, or Washington county, or is located in the city of Brooklyn or Cuyahoga Heights in Cuyahoga county;

(d) Not later than June 24, 1989, if the facility is located in Adams, Auglaize, Coshocton, Darke, Harrison, Lorain, Lucas, or Summit county or is located in Cuyahoga county outside the cities of Garfield Heights, Parma, Brooklyn, and Cuyahoga Heights;

(e) Not later than September 24, 1989, if the facility is located in Butler, Carroll, Erie, Lake, Portage, Putnam, or Ross county;

(f) Not later than December 24, 1989, if the facility is located in a county not listed in divisions (A)(3)(a) to (e) of this section;

(g) Notwithstanding divisions (A)(3)(a) to (f) of this section, not later than December 31, 1990, if the facility is a solid waste facility owned by a generator of solid wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated and if the facility disposes of more than one hundred thousand tons of solid wastes per year, provided that any such facility shall be subject to division (A)(5) of this section.

(4) Except as provided in divisions (A)(8), (9), and (10) of this section, unless the owner or operator of any solid waste facility for which a permit was issued after July 1, 1968, but before January 1, 1980, has obtained an exemption from the requirements of division (A)(4) of this section under division (C) of section 3734.02 of the Revised Code, the owner or operator
shall submit to the director an application for a permit with accompanying engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under those rules.

(5) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of a solid waste facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under division (A) of section 3734.02 of the Revised Code and applicable rules adopted under division (D) of section 3734.12 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or safety or are causing or contributing to or threatening to cause or contribute to air or water pollution or soil contamination. Any person who receives such an order shall submit the updated engineering detail plans, specifications, and information to the director within one hundred eighty days after the effective date of the order.

(6) The director shall act upon an application submitted under division (A)(3) or (4) of this section and any updated engineering plans, specifications, and information submitted under division (A)(5)(3) of this section within one hundred eighty days after receiving them. If the director denies any such permit application, the issues an order denying the application or disapproving the plans, specifications, and information submitted under division (A)(3) of this section, the order shall include all of the following requirements that:

(a) That the owner or operator submit a plan for closure and post-closure care of the facility to the director for approval within six months after issuance of the order;

(b) That the owner or operator cease accepting solid wastes
for disposal or transfer at the facility and

(c) The owner or operator commence closure of the facility not later than one year after issuance of the order. If the director determines that closure of the facility within that one-year period would result in the unavailability of sufficient solid waste management facility capacity within the county or joint solid waste management district in which the facility is located to dispose of or transfer the solid waste generated within the district, the director in the order of denial or disapproval may postpone commencement of closure of the facility for such period of time as the director finds necessary for the board of county commissioners or directors of the district to secure access to or for there to be constructed within the district sufficient solid waste management facility capacity to meet the needs of the district, provided that the director shall certify in the director's order that postponing the date for commencement of closure will not endanger ground water or any property surrounding the facility, allow methane gas migration to occur, or cause or contribute to any other type of environmental damage.

If an emergency need for disposal capacity that may affect public health and safety exists as a result of closure of a facility under division (A)(4) of this section, the director may issue an order designating another solid waste facility to accept the wastes that would have been disposed of at the facility to be closed.

(7) If the director determines that standards more stringent than those applicable in rules adopted under division (A) of section 3734.02 of the Revised Code and division (D) of section 3734.12 of the Revised Code, or standards pertaining to subjects not specifically addressed by those rules, are necessary to ensure that a solid waste facility constructed at the proposed...
location will not cause a nuisance, cause or contribute to water pollution, or endanger public health or safety, the director may issue a permit for the facility with such terms and conditions as the director finds necessary to protect public health and safety and the environment. If a permit is issued, the director shall state in the order issuing it the specific findings supporting each such term or condition.

(8) Divisions (A)(1) and (2)(a), (3), and (4) of this section do not apply to a solid waste compost facility that accepts exclusively source separated yard wastes and that is registered under division (C) of section 3734.02 of the Revised Code or, unless otherwise provided in rules adopted under division (N)(3) of section 3734.02 of the Revised Code, to a solid waste compost facility if the director has adopted rules establishing an alternative system for authorizing the establishment, operation, or modification of a solid waste compost facility under that division.

(9) Divisions (A)(1) to (7)(5) of this section do not apply to scrap tire collection, storage, monocell, monofill, and recovery facilities. The approval of plans and specifications, as applicable, and the issuance of registration certificates, permits, and licenses for those facilities are subject to sections 3734.75 to 3734.78 of the Revised Code, as applicable, and section 3734.81 of the Revised Code.

(10) Divisions (A)(3) and (4) of this section do not apply to a solid waste incinerator that was placed into operation on or before October 12, 1994, and that is not authorized to accept and treat infectious wastes pursuant to division (B) of this section.

(B)(1) No person shall operate or maintain an infectious waste treatment facility without a license issued by the board of health of the health district in which the facility is located or by the director when the health district in which the facility is
located is not on the approved list under section 3734.08 of the Revised Code.

(2)(a) During the month of December, but before the first day of January of the next year, every person proposing to continue to operate an existing infectious waste treatment facility shall procure a license to operate the facility for that year from the board of health of the health district in which the facility is located or, if the health district is not on the approved list under section 3734.08 of the Revised Code, from the director. The application for such a license shall be submitted to the board of health or to the director, as appropriate, on or before the last day of September of the year preceding that for which the license is sought. In addition to the application fee prescribed in division (B)(2)(c) of this section, a person who submits an application after that date shall pay an additional ten per cent of the amount of the application fee for each week that the application is late. Late payment fees accompanying an application submitted to the board of health shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code, and late payment fees accompanying an application submitted to the director shall be credited to the general revenue fund. A person who has received a license, upon sale or disposition of an infectious waste treatment facility and upon consent of the board of health and the director, may have the license transferred to another person. The board of health or the director may include such terms and conditions in a license or revision to a license as are appropriate to ensure compliance with the infectious waste provisions of this chapter and rules adopted under them.

(b) Each person proposing to open a new infectious waste treatment facility or to modify an existing infectious waste treatment facility shall submit an application for a permit with
accompanying detail plans and specifications to the environmental
protection agency for required approval under the rules adopted by
the director pursuant to section 3734.021 of the Revised Code two
hundred seventy days before proposed operation of the facility and
concurrently shall make application for a license with the board
of health of the health district in which the facility is or is
proposed to be located. Not later than ninety days after receiving
a complete application under division (B)(2)(b) of this section
for a permit to open a new infectious waste treatment facility or
modify an existing infectious waste treatment facility to expand
its treatment capacity, or receiving a complete application under
division (A)(2)(a) of this section for a permit to open a new
solid waste incineration facility, or modify an existing solid
waste incineration facility to also treat infectious wastes or to
increase its infectious waste treatment capacity, that pertains to
a facility for which a notation authorizing infectious waste
treatment is included or proposed to be included in the solid
waste incineration facility's license pursuant to division (B)(3)
of this section, the director shall hold a public hearing on the
application within the county in which the new or modified
infectious waste or solid waste facility is or is proposed to be
located or within a contiguous county. Not less than thirty days
before holding the public hearing on the application, the director
shall publish notice of the hearing in each newspaper that has
general circulation and that is published in the county in which
the facility is or is proposed to be located. If there is no
newspaper that has general circulation and that is published in
the county, the director shall publish the notice in a newspaper
of general circulation in the county. The notice shall contain the
date, time, and location of the public hearing and a general
description of the proposed new or modified facility. At the
public hearing, any person may submit written or oral comments on
or objections to the approval or disapproval of the application.
The applicant, or a representative of the applicant who has knowledge of the location, construction, and operation of the facility, shall attend the public hearing to respond to comments or questions concerning the facility directed to the applicant or representative by the officer or employee of the environmental protection agency presiding at the hearing.

(c) Each application for a permit under division (B)(2)(b) of this section shall be accompanied by a nonrefundable application fee of four hundred dollars that shall be credited to the general revenue fund. Each application for an annual license under division (B)(2)(a) of this section shall be accompanied by a nonrefundable application fee of one hundred dollars. If the application for an annual license is submitted to a board of health on the approved list under section 3734.08 of the Revised Code, the application fee shall be credited to the special infectious waste fund of the health district created in division (C) of section 3734.06 of the Revised Code. If the application for an annual license is submitted to the director, the application fee shall be credited to the general revenue fund. If a permit or license is issued, the amount of the application fee paid shall be deducted from the amount of the permit fee due under division (Q) of section 3745.11 of the Revised Code or the amount of the license fee due under division (C) of section 3734.06 of the Revised Code.

(d) The director may issue an order in accordance with Chapter 3745. of the Revised Code to the owner or operator of an infectious waste treatment facility requiring the person to submit to the director updated engineering detail plans, specifications, and information regarding the facility and its method of operation for approval under rules adopted under section 3734.021 of the Revised Code if, in the director's judgment, conditions at the facility constitute a substantial threat to public health or
safety or are causing or contributing to or threatening to cause
or contribute to air or water pollution or soil contamination. Any
person who receives such an order shall submit the updated
ing engineering detail plans, specifications, and information to the
director within one hundred eighty days after the effective date
of the order.

(e) The director shall act on any updated engineering plans,
specifications, and information submitted under division (B)(2)(d)
of this section within one hundred eighty days after receiving them. If the director disapproves any such updated engineering plans, specifications, and information, the director shall include in the order disapproving the plans the requirement that the owner or operator cease accepting infectious wastes for treatment at the facility.

(3) Division (B) of this section does not apply to a
generator of infectious wastes that meets any of the following conditions:

(a) Treats, by methods, techniques, and practices established
by rules adopted under division (B)(2)(a) of section 3734.021 of
the Revised Code, any of the following wastes:

(i) Infectious wastes that are generated on any premises that
are owned or operated by the generator;

(ii) Infectious wastes that are generated by a generator who
has staff privileges at a hospital as defined in section 3727.01
of the Revised Code;

(iii) Infectious wastes that are generated in providing care
to a patient by an emergency medical services organization as
defined in section 4765.01 of the Revised Code.

(b) Holds a license or renewal of a license to operate a
crematory facility issued under Chapter 4717. and a permit issued
under Chapter 3704. of the Revised Code;
(c) Treats or disposes of dead animals or parts thereof, or the blood of animals, and is subject to any of the following:

(ii) Chapter 918. of the Revised Code;

(iii) Chapter 953. of the Revised Code.

Nothing in division (B) of this section requires a facility that holds a license issued under division (A) of this section as a solid waste facility and that also treats infectious wastes by the same method, technique, or process to obtain a license under division (B) of this section as an infectious waste treatment facility. However, the solid waste facility license for the facility shall include the notation that the facility also treats infectious wastes.

The director shall not issue a permit to open a new solid waste incineration facility unless the proposed facility complies with the requirements for the location of new infectious waste incineration facilities established in rules adopted under division (B)(2)(b) of section 3734.021 of the Revised Code.

(C) Except for a facility or activity described in division (E)(3) of section 3734.02 of the Revised Code, a person who proposes to establish or operate a hazardous waste facility shall submit a complete application for a hazardous waste facility installation and operation permit and accompanying detail plans, specifications, and such information as the director may require to the environmental protection agency at least one hundred eighty days before the proposed beginning of operation of the facility. The applicant shall notify by certified mail the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located of the submission of the application within ten days after the submission or at such
earlier time as the director may establish by rule. If the application is for a proposed new hazardous waste disposal or thermal treatment facility, the applicant also shall give actual notice of the general design and purpose of the facility to the legislative authority of each municipal corporation, township, and county in which the facility is proposed to be located at least ninety days before the permit application is submitted to the environmental protection agency.

In accordance with rules adopted under section 3734.12 of the Revised Code, prior to the submission of a complete application for a hazardous waste facility installation and operation permit, the applicant shall hold at least one meeting in the township or municipal corporation in which the facility is proposed to be located, whichever is geographically closer to the proposed location of the facility. The meeting shall be open to the public and shall be held to inform the community of the proposed hazardous waste management activities and to solicit questions from the community concerning the activities.

(D)(1) Except as provided in section 3734.123 of the Revised Code, upon receipt of a complete application for a hazardous waste facility installation and operation permit under division (C) of this section, the director shall consider the application and accompanying information to determine whether the application complies with agency rules and the requirements of division (D)(2) of this section. After making a determination, the director shall issue either a draft permit or a notice of intent to deny the permit. The director, in accordance with rules adopted under section 3734.12 of the Revised Code or with rules adopted to implement Chapter 3745. of the Revised Code, shall provide public notice of the application and the draft permit or the notice of intent to deny the permit, provide an opportunity for public comments, and, if significant interest is shown, schedule a public
meeting in the county in which the facility is proposed to be located and give public notice of the date, time, and location of the public meeting in a newspaper of general circulation in that county.

(2) The director shall not approve an application for a hazardous waste facility installation and operation permit or an application for a modification under division (I)(3) of this section unless the director finds and determines as follows:

(a) The nature and volume of the waste to be treated, stored, or disposed of at the facility;

(b) That the facility complies with the director's hazardous waste standards adopted pursuant to section 3734.12 of the Revised Code;

(c) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of various alternatives, and other pertinent considerations;

(d) That the facility represents the minimum risk of all of the following:

(i) Fires or explosions from treatment, storage, or disposal methods;

(ii) Release of hazardous waste during transportation of hazardous waste to or from the facility;

(iii) Adverse impact on the public health and safety.

(e) That the facility will comply with this chapter and Chapters 3704. and 6111. of the Revised Code and all rules and standards adopted under them;

(f) That if the owner of the facility, the operator of the facility, or any other person in a position with the facility from which the person may influence the installation and operation of
the facility has been involved in any prior activity involving
transportation, treatment, storage, or disposal of hazardous
waste, that person has a history of compliance with this chapter
and Chapters 3704. and 6111. of the Revised Code and all rules and
standards adopted under them, the "Resource Conservation and
amended, and all regulations adopted under it, and similar laws
and rules of other states if any such prior operation was located
in another state that demonstrates sufficient reliability,
expertise, and competency to operate a hazardous waste facility
under the applicable provisions of this chapter and Chapters 3704.
and 6111. of the Revised Code, the applicable rules and standards
adopted under them, and terms and conditions of a hazardous waste
facility installation and operation permit, given the potential
for harm to the public health and safety and the environment that
could result from the irresponsible operation of the facility. For
off-site facilities, as defined in section 3734.41 of the Revised
Code, the director may use the investigative reports of the
attorney general prepared pursuant to section 3734.42 of the
Revised Code as a basis for making a finding and determination
under division (D)(2)(f) of this section.

(g) That the active areas within a new hazardous waste
facility where acute hazardous waste as listed in 40 C.F.R. 261.33
(e), as amended, or organic waste that is toxic and is listed
under 40 C.F.R. 261, as amended, is being stored, treated, or
disposed of and where the aggregate of the storage design capacity
and the disposal design capacity of all hazardous waste in those
areas is greater than two hundred fifty thousand gallons, are not
located or operated within any of the following:

(i) Two thousand feet of any residence, school, hospital,
    jail, or prison;

(ii) Any naturally occurring wetland;
(iii) Any flood hazard area if the applicant cannot show that the facility will be designed, constructed, operated, and maintained to prevent washout by a one-hundred-year flood.

Division (D)(2)(g) of this section does not apply to the facility of any applicant who demonstrates to the director that the limitations specified in that division are not necessary because of the nature or volume of the waste and the manner of management applied, the facility will impose no substantial danger to the health and safety of persons occupying the structures listed in division (D)(2)(g)(i) of this section, and the facility is to be located or operated in an area where the proposed hazardous waste activities will not be incompatible with existing land uses in the area.

(h) That the facility will not be located within the boundaries of a state park established or dedicated under Chapter 1546. of the Revised Code, a state park purchase area established under section 1546.06 of the Revised Code, any unit of the national park system, or any property that lies within the boundaries of a national park or recreation area, but that has not been acquired or is not administered by the secretary of the United States department of the interior, located in this state, or any candidate area located in this state identified for potential inclusion in the national park system in the edition of the "national park system plan" submitted under paragraph (b) of section 8 of "The Act of August 18, 1970," 84 Stat. 825, 16 U.S.C.A. 1a-5, as amended, current at the time of filing of the application for the permit, unless the facility will be used exclusively for the storage of hazardous waste generated within the park or recreation area in conjunction with the operation of the park or recreation area. Division (D)(2)(h) of this section does not apply to the facility of any applicant for modification of a permit unless the modification application proposes to
increase the land area included in the facility or to increase the quantity of hazardous waste that will be treated, stored, or disposed of at the facility.

(3) Not later than one hundred eighty days after the end of the public comment period, the director, without prior hearing, shall issue or deny the permit in accordance with Chapter 3745. of the Revised Code. If the director approves an application for a hazardous waste facility installation and operation permit, the director shall issue the permit, upon such terms and conditions as the director finds are necessary to ensure the construction and operation of the hazardous waste facility in accordance with the standards of this section.

(E) No political subdivision of this state shall require any additional zoning or other approval, consent, permit, certificate, or condition for the construction or operation of a hazardous waste facility authorized by a hazardous waste facility installation and operation permit issued pursuant to this chapter, nor shall any political subdivision adopt or enforce any law, ordinance, or rule that in any way alters, impairs, or limits the authority granted in the permit.

(F) The director may issue a single hazardous waste facility installation and operation permit to a person who operates two or more adjoining facilities where hazardous waste is stored, treated, or disposed of if the application includes detail plans, specifications, and information on all facilities. For the purposes of this section, "adjoining" means sharing a common boundary, separated only by a public road, or in such proximity that the director determines that the issuance of a single permit will not create a hazard to the public health or safety or the environment.

(G) No person shall falsify or fail to keep or submit any plans, specifications, data, reports, records, manifests, or other
information required to be kept or submitted to the director by this chapter or the rules adopted under it.

(H)(1) Each person who holds an installation and operation permit issued under this section and who wishes to obtain a permit renewal shall submit a completed application for an installation and operation permit renewal and any necessary accompanying general plans, detail plans, specifications, and such information as the director may require to the director no later than one hundred eighty days prior to the expiration date of the existing permit or upon a later date prior to the expiration of the existing permit if the permittee can demonstrate good cause for the late submittal. The director shall consider the application and accompanying information, inspection reports of the facility, results of performance tests, a report regarding the facility's compliance or noncompliance with the terms and conditions of its permit and rules adopted by the director under this chapter, and such other information as is relevant to the operation of the facility and shall issue a draft renewal permit or a notice of intent to deny the renewal permit. The director, in accordance with rules adopted under this section or with rules adopted to implement Chapter 3745. of the Revised Code, shall give public notice of the application and draft renewal permit or notice of intent to deny the renewal permit, provide for the opportunity for public comments within a specified time period, schedule a public meeting in the county in which the facility is located if significant interest is shown, and give public notice of the public meeting.

(2) Within sixty days after the public meeting or close of the public comment period, the director, without prior hearing, shall issue or deny the renewal permit in accordance with Chapter 3745. of the Revised Code. The director shall not issue a renewal permit unless the director determines that the facility under the
existing permit has a history of compliance with this chapter, rules adopted under it, the existing permit, or orders entered to enforce such requirements that demonstrates sufficient reliability, expertise, and competency to operate the facility henceforth under this chapter, rules adopted under it, and the renewal permit. If the director approves an application for a renewal permit, the director shall issue the permit subject to the payment of the annual permit fee required under division (E) of section 3734.02 of the Revised Code and upon such terms and conditions as the director finds are reasonable to ensure that continued operation, maintenance, closure, and post-closure care of the hazardous waste facility are in accordance with the rules adopted under section 3734.12 of the Revised Code.

(3) An installation and operation permit renewal application submitted to the director that also contains or would constitute an application for a modification shall be acted upon by the director in accordance with division (I) of this section in the same manner as an application for a modification. In approving or disapproving the renewal portion of a permit renewal application containing an application for a modification, the director shall apply the criteria established under division (H)(2) of this section.

(4) An application for renewal or modification of a permit that does not contain an application for a modification as described in divisions (I)(3)(a) to (d) of this section shall not be subject to division (D)(2) of this section.

(I)(1) As used in this section, "modification" means a change or alteration to a hazardous waste facility or its operations that is inconsistent with or not authorized by its existing permit or authorization to operate. Modifications shall be classified as Class 1, 2, or 3 modifications in accordance with rules adopted under division (K) of this section. Modifications classified as
Class 3 modifications, in accordance with rules adopted under that division, shall be further classified by the director as either Class 3 modifications that are to be approved or disapproved by the director under divisions (I)(3)(a) to (d) of this section or as Class 3 modifications that are to be approved or disapproved by the director under division (I)(5) of this section. Not later than thirty days after receiving a request for a modification under division (I)(4) of this section that is not listed in Appendix I to 40 C.F.R. 270.42 or in rules adopted under division (K) of this section, the director shall classify the modification and shall notify the owner or operator of the facility requesting the modification of the classification. Notwithstanding any other law to the contrary, a modification that involves the transfer of a hazardous waste facility installation and operation permit to a new owner or operator for any off-site facility as defined in section 3734.41 of the Revised Code shall be classified as a Class 3 modification. The transfer of a hazardous waste facility installation and operation permit to a new owner or operator for a facility that is not an off-site facility shall be classified as a Class 1 modification requiring prior approval of the director.

(2) Except as provided in section 3734.123 of the Revised Code, a hazardous waste facility installation and operation permit may be modified at the request of the director or upon the written request of the permittee only if any of the following applies:

(H) The failure to provide information under this section may constitute the basis for the revocation of a permit or license, the denial of a permit or license application, the denial of a renewal of a permit or license, or the disapproval of a change in ownership as described in division (I) of this section. Prior to a denial, revocation, or disapproval, the director shall notify the applicant, permittee, or prospective owner of the director's intention to do so. The director shall give the applicant, permittee, or prospective owner fourteen days from the date of the notice to explain why the information was not provided. (I)(1) Whenever there is a change in ownership of any operating off-site solid waste facility, any operating off-site infectious waste facility, or any operating off-site hazardous waste facility, the prospective owner shall file a disclosure statement with the attorney general and the director at least one hundred eighty days prior to the proposed change in ownership. In addition, whenever there is a change in ownership of any operating on-site solid waste facility, any operating on-site infectious waste facility, or any operating on-site hazardous waste facility and the prospective owner intends to operate the facility as an off-site facility by accepting wastes other than wastes generated
by the facility owner, the prospective owner shall file a disclosure statement with the attorney general and the director. The prospective owner shall file the disclosure statement at least one hundred eighty days prior to the proposed change in ownership.

Upon receipt of the disclosure statement, the attorney general shall prepare an investigative report and transmit it to the director. The director shall review the disclosure statement and investigative report to determine whether the statement or report contains information that if submitted with a permit application would require a denial of the permit pursuant to section 3734.44 of the Revised Code. If the director determines that the statement or report contains such information, the director shall disapprove the change in ownership.

(2) If the parties to a change in ownership decide to proceed with the change prior to the action of the director on the disclosure statement and investigative report, the parties shall include in all contracts or other documents reflecting the change in ownership language expressly making the change in ownership subject to the approval of the director and expressly negating the change if it is disapproved by the director pursuant to division (I)(1) of this section.

(4) An additional twenty-five cents per ton through June 30, 2020, the proceeds of which shall be deposited in the state treasury to the credit of the soil and water conservation district assistance fund created in section 940.15 of the Revised Code.

In the case of solid wastes that are taken to a solid waste transfer facility located in this state prior to being transported for disposal at a solid waste disposal facility located in this state or outside of this state, the fees levied under this division shall be collected by the owner or operator of the transfer facility as a trustee for the state. The amount of fees required to be collected under this division at such a transfer facility shall equal the total tonnage of solid wastes received at the facility multiplied by the fees levied under this division. In the case of solid wastes that are not taken to a solid waste transfer facility located in this state prior to being transported to a solid waste disposal facility, the fees shall be collected by the owner or operator of the solid waste disposal facility as a
trustee for the state. The amount of fees required to be collected under this division at such a disposal facility shall equal the total tonnage of solid wastes received at the facility that was not previously taken to a solid waste transfer facility located in this state multiplied by the fees levied under this division. Fees levied under this division do not apply to materials separated from a mixed waste stream for recycling by a generator or materials removed from the solid waste stream through recycling, as "recycling" is defined in rules adopted under section 3734.02 of the Revised Code.

The owner or operator of a solid waste transfer facility or disposal facility, as applicable, shall prepare and file with the director of environmental protection each month a return indicating the total tonnage of solid wastes received at the facility during that month and the total amount of the fees required to be collected under this division during that month. In addition, the owner or operator of a solid waste disposal facility shall indicate on the return the total tonnage of solid wastes received from transfer facilities located in this state during that month for which the fees were required to be collected by the transfer facilities. The monthly returns shall be filed on a form prescribed by the director. Not later than thirty days after the last day of the month to which a return applies, the owner or operator shall mail to the director the return for that month together with the fees required to be collected under this division during that month as indicated on the return or may submit the return and fees electronically in a manner approved by the director. If the return is filed and the amount of the fees due is paid in a timely manner as required in this division, the owner or operator may retain a discount of three-fourths of one per cent of the total amount of the fees that are required to be paid as indicated on the return.
The owner or operator may request an extension of not more than thirty days for filing the return and remitting the fees, provided that the owner or operator has submitted such a request in writing to the director together with a detailed description of why the extension is requested, the director has received the request not later than the day on which the return is required to be filed, and the director has approved the request. If the fees are not remitted within thirty days after the last day of the month to which the return applies or are not remitted by the last day of an extension approved by the director, the owner or operator shall not retain the three-fourths of one per cent discount and shall pay an additional ten per cent of the amount of the fees for each month that they are late. For purposes of calculating the late fee, the first month in which fees are late begins on the first day after the deadline has passed for timely submitting the return and fees, and one additional month shall be counted every thirty days thereafter.

The owner or operator of a solid waste facility may request a refund or credit of fees levied under this division and remitted to the director that have not been paid to the owner or operator. Such a request shall be made only if the fees have not been collected by the owner or operator, have become a debt that has become worthless or uncollectable for a period of six months or more, and may be claimed as a deduction, including a deduction claimed if the owner or operator keeps accounts on an accrual basis, under the "Internal Revenue Code of 1954," 68A Stat. 50, 26 U.S.C. 166, as amended, and regulations adopted under it. Prior to making a request for a refund or credit, an owner or operator shall make reasonable efforts to collect the applicable fees. A request for a refund or credit shall not include any costs resulting from those efforts to collect unpaid fees.

A request for a refund or credit of fees shall be made in
writing, on a form prescribed by the director, and shall be supported by evidence that may be required in rules adopted by the director under this chapter. After reviewing the request, and if the request and evidence submitted with the request indicate that a refund or credit is warranted, the director shall grant a refund to the owner or operator or shall permit a credit to be taken by the owner or operator on a subsequent monthly return submitted by the owner or operator. The amount of a refund or credit shall not exceed an amount that is equal to ninety days' worth of fees owed to an owner or operator by a particular debtor of the owner or operator. A refund or credit shall not be granted by the director to an owner or operator more than once in any twelve-month period for fees owed to the owner or operator by a particular debtor.

If, after receiving a refund or credit from the director, an owner or operator receives payment of all or part of the fees, the owner or operator shall remit the fees with the next monthly return submitted to the director together with a written explanation of the reason for the submittal.

For purposes of computing the fees levied under this division or division (B) of this section, any solid waste transfer or disposal facility that does not use scales as a means of determining gate receipts shall use a conversion factor of three cubic yards per ton of solid waste or one cubic yard per ton for baled waste, as applicable.

The fees levied under this division and divisions (B) and (C) of this section are in addition to all other applicable fees and taxes and shall be paid by the customer or a political subdivision to the owner or operator of a solid waste transfer or disposal facility. In the alternative, the fees shall be paid by a customer or political subdivision to a transporter of waste who subsequently transfers the fees to the owner or operator of such a facility. The fees shall be paid notwithstanding the existence of
any provision in a contract that the customer or a political
subdivision may have with the owner or operator or with a
transporter of waste to the facility that would not require or
allow such payment regardless of whether the contract was entered
prior to or after October 16, 2009. For those purposes, "customer"
means a person who contracts with, or utilizes the solid waste
services of, the owner or operator of a solid waste transfer or
disposal facility or a transporter of solid waste to such a
facility.

(B) For the purposes specified in division (G) of this
section, the solid waste management policy committee of a county
or joint solid waste management district may levy fees upon the
following activities:

(1) The disposal at a solid waste disposal facility located
in the district of solid wastes generated within the district;

(2) The disposal at a solid waste disposal facility within
the district of solid wastes generated outside the boundaries of
the district, but inside this state;

(3) The disposal at a solid waste disposal facility within
the district of solid wastes generated outside the boundaries of
this state.

The solid waste management plan of the county or joint
district approved under section 3734.521 or 3734.55 of the Revised
Code and any amendments to it, or the resolution adopted under
this division, as appropriate, shall establish the rates of the
fees levied under divisions (B)(1), (2), and (3) of this section,
if any, and shall specify whether the fees are levied on the basis
of tons or cubic yards as the unit of measurement. A solid waste
management district that levies fees under this division on the
basis of cubic yards shall do so in accordance with division (A)
of this section.
The fee levied under division (B)(1) of this section shall be not less than one dollar per ton nor more than two dollars per ton, the fee levied under division (B)(2) of this section shall be not less than two dollars per ton nor more than four dollars per ton, and the fee levied under division (B)(3) of this section shall be not more than the fee levied under division (B)(1) of this section.

Prior to the approval of the solid waste management plan of a district under section 3734.55 of the Revised Code, the solid waste management policy committee of a district may levy fees under this division by adopting a resolution establishing the proposed amount of the fees. Upon adopting the resolution, the committee shall deliver a copy of the resolution to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district and shall prepare and publish the resolution and a notice of the time and location where a public hearing on the fees will be held. Upon adopting the resolution, the committee shall deliver written notice of the adoption of the resolution; of the amount of the proposed fees; and of the date, time, and location of the public hearing to the director and to the fifty industrial, commercial, or institutional generators of solid wastes within the district that generate the largest quantities of solid wastes, as determined by the committee, and to their local trade associations. The committee shall make good faith efforts to identify those generators within the district and their local trade associations, but the nonprovision of notice under this division to a particular generator or local trade association does not invalidate the proceedings under this division. The publication shall occur at least thirty days before the hearing. After the hearing, the committee may make such revisions to the proposed fees as it considers appropriate and thereafter, by resolution, shall adopt
the revised fee schedule. Upon adopting the revised fee schedule, the committee shall deliver a copy of the resolution doing so to the board of county commissioners of each county forming the district and to the legislative authority of each municipal corporation and township under the jurisdiction of the district. Within sixty days after the delivery of a copy of the resolution adopting the proposed revised fees by the policy committee, each such board and legislative authority, by ordinance or resolution, shall approve or disapprove the revised fees and deliver a copy of the ordinance or resolution to the committee. If any such board or legislative authority fails to adopt and deliver to the policy committee an ordinance or resolution approving or disapproving the revised fees within sixty days after the policy committee delivered its resolution adopting the proposed revised fees, it shall be conclusively presumed that the board or legislative authority has approved the proposed revised fees. The committee shall determine if the resolution has been ratified in the same manner in which it determines if a draft solid waste management plan has been ratified under division (B) of section 3734.55 of the Revised Code.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

The committee may amend the schedule of fees levied pursuant to a resolution adopted and ratified under this division by adopting a resolution establishing the proposed amount of the amended fees. The committee may repeal the fees levied pursuant to such a resolution by adopting a resolution proposing to repeal them. Upon adopting such a resolution, the committee shall proceed to obtain ratification of the resolution in accordance with this division.

Not later than fourteen days after declaring the new fees to be ratified or the fees to be repealed under this division, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the
fees of the ratification and the amount of the fees or of the repeal of the fees. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

Fees levied under this division also may be established, amended, or repealed by a solid waste management policy committee through the adoption of a new district solid waste management plan, the adoption of an amended plan, or the amendment of the plan or amended plan in accordance with sections 3734.55 and 3734.56 of the Revised Code or the adoption or amendment of a district plan in connection with a change in district composition under section 3734.521 of the Revised Code.

Not later than fourteen days after the director issues an order approving a district's solid waste management plan, amended plan, or amendment to a plan or amended plan that establishes, amends, or repeals a schedule of fees levied by the district, the committee shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees of the approval of the plan or amended plan, or the amendment to the plan, as appropriate, and the amount of the fees, if any. In the case of an initial or amended plan approved under section 3734.521 of the Revised Code in connection with a change in district composition, other than one involving the withdrawal of a county from a joint district, the committee, within fourteen days after the change takes effect pursuant to division (G) of that section, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fees that the change has taken effect and of the amount of the fees, if any. Collection of any fees shall commence or collection of repealed fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.
operator.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, forty-five days or more before the beginning of a calendar year, the policy committee of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change, within fourteen days after the director's completion of the required actions, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees that the change is to take effect on the first day of January immediately following the issuance of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of January immediately following the issuance of the notice. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on that first day of January.

If, in the case of a change in district composition involving the withdrawal of a county from a joint district, the director completes the actions required under division (G)(1) or (3) of section 3734.521 of the Revised Code, as appropriate, less than forty-five days before the beginning of a calendar year, the director, on behalf of each of the districts resulting from the change that obtained the director's approval of an initial or amended plan in connection with the change proceedings, shall notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the district's fees
that the change is to take effect on the first day of January immediately following the mailing of the notice and of the amount of the fees or amended fees levied under divisions (B)(1) to (3) of this section pursuant to the district's initial or amended plan as so approved or, if appropriate, the repeal of the district's fees by that initial or amended plan. Collection of any fees set forth in such a plan or amended plan shall commence on the first day of the second month following the month in which notification is sent to the owner or operator. If such an initial or amended plan repeals a schedule of fees, collection of the fees shall cease on the first day of the second month following the month in which notification is sent to the owner or operator.

If the schedule of fees that a solid waste management district is levying under divisions (B)(1) to (3) of this section is amended or repealed, the fees in effect immediately prior to the amendment or repeal shall continue to be collected until collection of the amended fees commences or collection of the repealed fees ceases, as applicable, as specified in this division. In the case of a change in district composition, money so received from the collection of the fees of the former districts shall be divided among the resulting districts in accordance with division (B) of section 343.012 of the Revised Code and the agreements entered into under division (B) of section 343.01 of the Revised Code to establish the former and resulting districts and any amendments to those agreements.

For the purposes of the provisions of division (B) of this section establishing the times when newly established or amended fees levied by a district are required to commence and the collection of fees that have been amended or repealed is required to cease, "fees" or "schedule of fees" includes, in addition to fees levied under divisions (B)(1) to (3) of this section, those levied under section 3734.573 or 3734.574 of the Revised Code.
(C) For the purposes of defraying the added costs to a municipal corporation or township of maintaining roads and other public facilities and of providing emergency and other public services, and compensating a municipal corporation or township for reductions in real property tax revenues due to reductions in real property valuations resulting from the location and operation of a solid waste disposal facility within the municipal corporation or township, a municipal corporation or township in which such a solid waste disposal facility is located may levy a fee of not more than twenty-five cents per ton on the disposal of solid wastes at a solid waste disposal facility located within the boundaries of the municipal corporation or township regardless of where the wastes were generated.

The legislative authority of a municipal corporation or township may levy fees under this division by enacting an ordinance or adopting a resolution establishing the amount of the fees. Upon so doing the legislative authority shall mail a certified copy of the ordinance or resolution to the board of county commissioners or directors of the county or joint solid waste management district in which the municipal corporation or township is located or, if a regional solid waste management authority has been formed under section 343.011 of the Revised Code, to the board of trustees of that regional authority, the owner or operator of each solid waste disposal facility in the municipal corporation or township that is required to collect the fee by the ordinance or resolution, and the director of environmental protection. Although the fees levied under this division are levied on the basis of tons as the unit of measurement, the legislative authority, in its ordinance or resolution levying the fees under this division, may direct that the fees be levied on the basis of cubic yards as the unit of measurement based upon a conversion factor of three cubic yards per ton generally or one cubic yard per ton for baled wastes.
Not later than five days after enacting an ordinance or adopting a resolution under this division, the legislative authority shall so notify by certified mail the owner or operator of each solid waste disposal facility that is required to collect the fee. Collection of any fee levied on or after March 24, 1992, shall commence on the first day of the second month following the month in which notification is sent to the owner or operator.

(D)(1) The fees levied under divisions (A), (B), and (C) of this section do not apply to the disposal of solid wastes that:

(a) Are disposed of at a facility owned by the generator of the wastes when the solid waste facility exclusively disposes of solid wastes generated at one or more premises owned by the generator regardless of whether the facility is located on a premises where the wastes are generated;

(b) Are generated from the combustion of coal, or from the combustion of primarily coal, regardless of whether the disposal facility is located on the premises where the wastes are generated;

(c) Are asbestos or asbestos-containing materials or products disposed of at a construction and demolition debris facility that is licensed under Chapter 3714. of the Revised Code or at a solid waste facility that is licensed under this chapter.

(2) Except as provided in section 3734.571 of the Revised Code, any fees levied under division (B)(1) of this section apply to solid wastes originating outside the boundaries of a county or joint district that are covered by an agreement for the joint use of solid waste facilities entered into under section 343.02 of the Revised Code by the board of county commissioners or board of directors of the county or joint district where the wastes are generated and disposed of.

(3) When solid wastes, other than solid wastes that consist
of scrap tires, are burned in a disposal facility that is an incinerator or energy recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash remaining after burning of the solid wastes and shall be collected by the owner or operator of the sanitary landfill where the ash is disposed of.

(4) When solid wastes are delivered to a solid waste transfer facility, the fees levied under divisions (B) and (C) of this section shall be levied upon the disposal of solid wastes transported off the premises of the transfer facility for disposal and shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of.

(5) The fees levied under divisions (A), (B), and (C) of this section do not apply to sewage sludge that is generated by a waste water treatment facility holding a national pollutant discharge elimination system permit and that is disposed of through incineration, land application, or composting or at another resource recovery or disposal facility that is not a landfill.

(6) The fees levied under divisions (A), (B), and (C) of this section do not apply to solid wastes delivered to a solid waste composting facility for processing. When any unprocessed solid waste or compost product is transported off the premises of a composting facility and disposed of at a landfill, the fees levied under divisions (A), (B), and (C) of this section shall be collected by the owner or operator of the landfill where the unprocessed waste or compost product is disposed of.

(7) When solid wastes that consist of scrap tires are processed at a scrap tire recovery facility, the fees levied under divisions (A), (B), and (C) of this section shall be levied upon the disposal of the fly ash and bottom ash or other solid wastes remaining after the processing of the scrap tires and shall be collected by the owner or operator of the solid waste disposal facility.
facility where the ash or other solid wastes are disposed of.

(8) The director of environmental protection may issue an order exempting from the fees levied under this section solid wastes, including, but not limited to, scrap tires, that are generated, transferred, or disposed of as a result of a contract providing for the expenditure of public funds entered into by the administrator or regional administrator of the United States environmental protection agency, the director of environmental protection, or the director of administrative services on behalf of the director of environmental protection for the purpose of remediating conditions at a hazardous waste facility, solid waste facility, or other location at which the administrator or regional administrator or the director of environmental protection has reason to believe that there is a substantial threat to public health or safety or the environment or that the conditions are causing or contributing to air or water pollution or soil contamination. An order issued by the director of environmental protection under division (D)(8) of this section shall include a determination that the amount of the fees not received by a solid waste management district as a result of the order will not adversely impact the implementation and financing of the district's approved solid waste management plan and any approved amendments to the plan. Such an order is a final action of the director of environmental protection.

(E) The fees levied under divisions (B) and (C) of this section shall be collected by the owner or operator of the solid waste disposal facility where the wastes are disposed of as a trustee for the county or joint district and municipal corporation or township where the wastes are disposed of. Moneys from the fees levied under division (B) of this section shall be forwarded to the board of county commissioners or board of directors of the district in accordance with rules adopted under division (H) of
this section. Moneys from the fees levied under division (C) of this section shall be forwarded to the treasurer or such other officer of the municipal corporation as, by virtue of the charter, has the duties of the treasurer or to the fiscal officer of the township, as appropriate, in accordance with those rules.

(F) Moneys received by the treasurer or other officer of the municipal corporation under division (E) of this section shall be paid into the general fund of the municipal corporation. Moneys received by the fiscal officer of the township under that division shall be paid into the general fund of the township. The treasurer or other officer of the municipal corporation or the township fiscal officer, as appropriate, shall maintain separate records of the moneys received from the fees levied under division (C) of this section.

(G) Moneys received by the board of county commissioners or board of directors under division (E) of this section or section 3734.571, 3734.572, 3734.573, or 3734.574 of the Revised Code shall be paid to the county treasurer, or other official acting in a similar capacity under a county charter, in a county district or to the county treasurer or other official designated by the board of directors in a joint district and kept in a separate and distinct fund to the credit of the district. If a regional solid waste management authority has been formed under section 343.011 of the Revised Code, moneys received by the board of trustees of that regional authority under division (E) of this section shall be kept by the board in a separate and distinct fund to the credit of the district. Moneys in the special fund of the county or joint district arising from the fees levied under division (B) of this section and the fee levied under division (A) of section 3734.573 of the Revised Code shall be expended by the board of county commissioners or directors of the district in accordance with the district's solid waste management plan or amended plan approved.
under section 3734.521, 3734.55, or 3734.56 of the Revised Code exclusively for the following purposes:

(1) Preparation of the solid waste management plan of the district under section 3734.54 of the Revised Code, monitoring implementation of the plan, and conducting the periodic review and amendment of the plan required by section 3734.56 of the Revised Code by the solid waste management policy committee;

(2) Implementation of the approved solid waste management plan or amended plan of the district, including, without limitation, the development and implementation of solid waste recycling or reduction programs;

(3) Providing financial assistance to boards of health within the district, if solid waste facilities are located within the district, for enforcement of this chapter and rules, orders, and terms and conditions of permits, licenses, and variances adopted or issued under it, other than the hazardous waste provisions of this chapter and rules adopted and orders and terms and conditions of permits issued under those provisions;

(4) Providing financial assistance to each county within the district to defray the added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation of a solid waste facility within the county under the district's approved solid waste management plan or amended plan;

(5) Pursuant to contracts entered into with boards of health within the district, if solid waste facilities contained in the district's approved plan or amended plan are located within the district, for paying the costs incurred by those boards of health for collecting and analyzing samples from public or private water wells on lands adjacent to those facilities;

(6) Developing and implementing a program for the inspection
of solid wastes generated outside the boundaries of this state that are disposed of at solid waste facilities included in the district's approved solid waste management plan or amended plan;

(7) Providing financial assistance to boards of health within the district for the enforcement of section 3734.03 of the Revised Code or to local law enforcement agencies having jurisdiction within the district for enforcing anti-littering laws and ordinances;

(8) Providing financial assistance to boards of health of health districts within the district that are on the approved list under section 3734.08 of the Revised Code to defray the costs to the health districts for the participation of their employees responsible for enforcement of the solid waste provisions of this chapter and rules adopted and orders and terms and conditions of permits, licenses, and variances issued under those provisions in the training and certification program as required by rules adopted under division (L) of section 3734.02 of the Revised Code;

(9) Providing financial assistance to individual municipal corporations and townships within the district to defray their added costs of maintaining roads and other public facilities and of providing emergency and other public services resulting from the location and operation within their boundaries of a composting, energy or resource recovery, incineration, or recycling facility that either is owned by the district or is furnishing solid waste management facility or recycling services to the district pursuant to a contract or agreement with the board of county commissioners or directors of the district;

(10) Payment of any expenses that are agreed to, awarded, or ordered to be paid under section 3734.35 of the Revised Code and of any administrative costs incurred pursuant to that section. In the case of a joint solid waste management district, if the board of county commissioners of one of the counties in the district is
negotiating on behalf of affected communities, as defined in that section, in that county, the board shall obtain the approval of the board of directors of the district in order to expend moneys for administrative costs incurred.

Prior to the approval of the district's solid waste management plan under section 3734.55 of the Revised Code, moneys in the special fund of the district arising from the fees shall be expended for those purposes in the manner prescribed by the solid waste management policy committee by resolution.

Notwithstanding division (G)(6) of this section as it existed prior to October 29, 1993, or any provision in a district's solid waste management plan prepared in accordance with division (B)(2)(e) of section 3734.53 of the Revised Code as it existed prior to that date, any moneys arising from the fees levied under division (B)(3) of this section prior to January 1, 1994, may be expended for any of the purposes authorized in divisions (G)(1) to (10) of this section.

(H) The director shall adopt rules in accordance with Chapter 119. of the Revised Code prescribing procedures for collecting and forwarding the fees levied under divisions (B) and (C) of this section to the boards of county commissioners or directors of county or joint solid waste management districts and to the treasurers or other officers of municipal corporations and the fiscal officers of townships. The rules also shall prescribe the dates for forwarding the fees to the boards and officials and may prescribe any other requirements the director considers necessary or appropriate to implement and administer divisions (A), (B), and (C) of this section.

Sec. 3734.576. (A) As used in this section:

(1) "Recycling" means the process of collecting, sorting, cleansing, treating, and reconstituting waste or other discarded
materials for the purpose of recovering and reusing the materials.

(2) "Automotive shredder residue" means the nonrecyclable residue that is generated as a direct result of processing automobiles, appliances, sheet steel, and other ferrous and nonferrous scrap metals through a hammermill shredder for purposes of recycling and that meets all of the following requirements:

(a) The residue is solid waste.
(b) The residue is not hazardous waste.
(c) The residue created during the recycling process comprises not more than thirty-five per cent of the total weight of material that is processed for recycling.
(d) The residue is generated by processing recycled materials that are to be sold, used, or reused within ninety days of the time when the material is processed.

(B) Automotive shredder residue is not solid waste as defined in section 3734.01 of the Revised Code and is exempt from solid waste fees otherwise applicable under sections 3734.57 and 3734.573 of the Revised Code if both of the following apply:

(1) The automotive shredder residue conforms to specifications that result in a residue of a uniform consistency resembling dirt or mulch;
(2) The particulate pieces that make up the residue do not exceed three inches in diameter.

(C) Automotive shredder residue that does not comply with division (B) of this section is solid waste as defined in section 3734.01 of the Revised Code and is not exempt from solid waste fees applicable under sections 3734.57 and 3734.573 of the Revised Code.

(D) Automotive shredder residue that complies with division (B) of this section may be used as daily cover, as defined in...
rules adopted under Chapter 3745. of the Revised Code, if the
residue provides protection comparable to six inches of soil.

(E)(1) The solid waste management policy committee of a solid
waste management district that is levying a solid waste generation
fee under section 3734.573 of the Revised Code may adopt a
resolution exempting automotive shredder residue that does not
comply with division (B) of this section from that fee without the
necessity for ratification of the resolution or may include the
exemption in an amended solid waste management plan of the
district adopted under section 3734.56 of the Revised Code at the
time when adoption of an amended plan is required. Not later than
seven days after the adoption of such a resolution or the approval
of an amended plan, the committee shall notify by certified mail
the owner or operator of each solid waste disposal facility or
transfer facility that is required to collect generation fees on
behalf of the district of the exemption. The exemption shall take
effect on the first day of the first month following the month in
which notification is sent to each disposal facility and transfer
facility, as applicable.

The policy committee of a solid waste management district may
establish procedures and requirements, including record-keeping
procedures and requirements, that are necessary for the
administration and enforcement of an exemption established under
division (E)(1) of this section.

(2) If the policy committee of a solid waste management
district has adopted a resolution under division (E)(1) of this
section and the committee seeks to continue exempting automotive
shredder residue that does not comply with division (B) of this
section from the district's generation fee at the time when the
district is required to adopt an amended solid waste management
plan under section 3734.56 of the Revised Code, the committee
shall include the exemption in the amended plan of the district.
If the exemption is not included in the amended plan of the district, the exemption shall expire and shall cease to apply as provided in division (C)(F) of this section.

(C)(F) If the policy committee of a solid waste management district seeks to eliminate an exemption of automotive shredder residue that does not comply with division (B) of this section from the district's generation fee that was established under division (B)(E)(1) of this section, the committee shall adopt a resolution eliminating the exemption without the necessity for ratification of the resolution. After adoption of the resolution and if the district has included the exemption in its amended solid waste management plan in accordance with either division (B)(E)(1) or (2) of this section, the committee shall subsequently amend the plan to reflect the elimination of the exemption at the time when the adoption of an amended plan is required under section 3734.56 of the Revised Code.

Upon expiration of the exemption or adoption of a resolution eliminating the exemption, the policy committee shall notify by certified mail the owner or operator of each solid waste disposal facility or transfer facility that is required to collect generation fees on behalf of the district of the expiration or elimination of the exemption, as applicable. The exemption shall cease to apply on the first day of the first month following the month in which notification is sent to each disposal facility and transfer facility, as applicable.

Sec. 3734.82. (A) The annual fee for a scrap tire recovery facility license issued under section 3734.81 of the Revised Code shall be in accordance with the following schedule:

The fees assessed under division (D)(2) of this section shall be collected annually no sooner than the fifteenth day of April, commencing in 2005. The fees assessed under division (D)(3) of this section shall be collected no sooner than the fifteenth day of April, commencing in 2000. The fees assessed under division (D) of this section in a calendar year shall be based upon the sum of the actual emissions of those regulated pollutants during the preceding calendar year. For the purpose of division (D) of this section, emissions of air contaminants may be calculated using engineering calculations, emission factors, material balance calculations, or performance testing procedures, as authorized by the director. The director, by rule, may require persons who are required to pay the fees assessed under division (D) of this section to pay those fees biennially rather than annually.
(E)(1) Consistent with the need to cover the reasonable costs of the Title V permit program, the director annually shall increase the fees prescribed in division (B) of this section by the percentage, if any, by which the consumer price index for the most recent calendar year ending before the beginning of a year exceeds the consumer price index for calendar year 1989. Upon calculating an increase in fees authorized by division (E)(1) of this section, the director shall compile revised fee schedules for the purposes of division (B) of this section and shall make the revised schedules available to persons required to pay the fees assessed under that division and to the public.

(2) For the purposes of division (E)(1) of this section:

(a) The consumer price index for any year is the average of the consumer price index for all urban consumers published by the United States department of labor as of the close of the twelve-month period ending on the thirty-first day of August of that year.

(b) If the 1989 consumer price index is revised, the director shall use the revision of the consumer price index that is most consistent with that for calendar year 1989.

(F) Each person who is issued a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code on or after July 1, 2003, shall pay the fees specified in the following schedules:

(1) Fuel-burning equipment (boilers, furnaces, or process heaters used in the process of burning fuel for the primary purpose of producing heat or power by indirect heat transfer)

(I) A person who is issued a modification to a permit to install an air contaminant source pursuant to rules adopted under section 3704.03 of the Revised Code shall pay a fee equal to one-half of the fee that would be assessed under this section to obtain a permit to install the source. The fee assessed by this division only applies to modifications that are initiated by the owner or operator of the source and shall not exceed two thousand dollars.

(J) Notwithstanding division (F) of this section, a person who applies for or obtains a permit to install pursuant to rules adopted under division (F) of section 3704.03 of the Revised Code after the date actual construction of the source began shall pay a fee for the permit to install that is equal to twice the fee that otherwise would be assessed under the applicable division unless the applicant received authorization to begin construction under division (W) of section 3704.03 of the Revised Code. This division
only applies to sources for which actual construction of the source begins on or after July 1, 1993. The imposition or payment of the fee established in this division does not preclude the director from taking any administrative or judicial enforcement action under this chapter, Chapter 3704., 3714., 3734., or 6111. of the Revised Code, or a rule adopted under any of them, in connection with a violation of rules adopted under division (F) of section 3704.03 of the Revised Code.

As used in this division, "actual construction of the source" means the initiation of physical on-site construction activities in connection with improvements to the source that are permanent in nature, including, without limitation, the installation of building supports and foundations and the laying of underground pipework.

(K)(1) Money received under division (B) of this section shall be deposited in the state treasury to the credit of the Title V clean air fund created in section 3704.035 of the Revised Code. Annually, not more than fifty cents per ton of each fee assessed under division (B) of this section on actual emissions from a source and received by the environmental protection agency pursuant to that division shall may be transferred by the director using an interstate transfer voucher to the state treasury to the credit of the small business assistance fund created in section 3706.19 of the Revised Code. In addition, annually, the amount of money necessary for the operation of the office of ombudsperson as determined under division (B) of that section shall be transferred to the state treasury to the credit of the small business ombudsperson fund created by that section.

(2) Money received by the agency pursuant to divisions (D), (F), (G), (H), (I), and (J) of this section shall be deposited in the state treasury to the credit of the non-Title V clean air fund created in section 3704.035 of the Revised Code.
(L) (1) (a) Except as otherwise provided in division (L) (1) (b) or (c) of this section, a person issued a water discharge permit or renewal of a water discharge permit pursuant to Chapter 6111. of the Revised Code shall pay a fee based on each point source to which the issuance is applicable in accordance with the following schedule:

(b) Notwithstanding the fee schedule specified in division (L) (1) (a) of this section, the fee for a water discharge permit that is applicable to coal mining operations regulated under Chapter 1513. of the Revised Code shall be two hundred fifty dollars per mine.

(c) Notwithstanding the fee schedule specified in division (L) (1) (a) of this section, the fee for a water discharge permit for a public discharger identified by 1 in the third character of the permittee’s NPDES permit number shall not exceed seven hundred fifty dollars.

(2) A person applying for a plan approval for a wastewater treatment works pursuant to section 6111.44, 6111.45, or 6111.46 of the Revised Code shall pay a **nonrefundable** fee of one hundred dollars plus sixty-five one-hundredths of one per cent of the estimated project cost through June 30, 2020, and a **nonrefundable application fee** of one hundred dollars plus two-tenths of one per cent of the estimated project cost on and after July 1, 2020, except that the total fee shall not exceed fifteen thousand dollars through June 30, 2020, and
five thousand dollars on and after July 1, 2018. The fee shall be paid at the time the application is submitted.

(4) (2) A person who has entered into an agreement with the director under section 6111.14 of the Revised Code shall pay an administrative service fee for each plan submitted under that section for approval that shall not exceed the minimum amount necessary to pay administrative costs directly attributable to processing plan approvals. The director annually shall calculate the fee and shall notify all persons who have entered into agreements under that section, or who have applied for agreements, of the amount of the fee.

(5) (3) (a) (i) Not later than January 30, 2016, and January 30, 2017, a person holding an NPDES discharge permit issued pursuant to Chapter 6111. of the Revised Code with an average daily discharge flow of five thousand gallons or more shall pay a nonrefundable annual discharge fee. Any person who fails to pay the fee at that time shall pay an additional amount that equals ten per cent of the required annual discharge fee.

(ii) The billing year for the annual discharge fee established in division (L) (5) (3) (a) (i) of this section shall consist of a twelve-month period beginning on the first day of January of the year preceding the date when the annual discharge fee is due. In the case of an existing source that permanently ceases to discharge during a billing year, the director shall reduce the annual discharge fee, including the surcharge applicable to certain industrial facilities pursuant to division (L) (5) (3) (c) of this section, by one-twelfth for each full month during the billing year that the source was not discharging, but...
only if the person holding the NPDES discharge permit for the
source notifies the director in writing, not later than the first
day of October of the billing year, of the circumstances causing
the cessation of discharge.

(iii) The annual discharge fee established in division (L)(3)(a)(i) of this section, except for the surcharge applicable to certain industrial facilities pursuant to division (L)(3)(c) of this section, shall be based upon the average daily discharge flow in gallons per day calculated using first day of May through thirty-first day of October flow data for the period two years prior to the date on which the fee is due. In the case of NPDES discharge permits for new sources, the fee shall be calculated using the average daily design flow of the facility until actual average daily discharge flow values are available for the time period specified in division (L)(3)(a)(iii) of this section. The annual discharge fee may be prorated for a new source as described in division (L)(3)(a)(ii) of this section.

sewage sludge in materials derived from sewage sludge, that the
sewage sludge facility treats or disposes of in this state. The
annual volume of sewage sludge treated or disposed of by a sewage
sludge facility shall be calculated using the first day of January
through the thirty-first day of December of the calendar year
preceding the date on which payment of the fee is due.

(Y)(2)(a) Except as provided in division (Y)(2)(d) of this
section, each sewage sludge facility shall pay a minimum annual
sewage sludge fee of one hundred dollars.

(b) The annual sludge fee required to be paid by a sewage

exceptions:

(i) Except as provided in division (Y)(2)(d) of this section, a sewage sludge facility that treats or disposes of exceptional
quality sludge shall pay a minimum annual sewage sludge fee of one
hundred dollars.

(ii) A sewage sludge facility that treats or disposes of

In such a case, the sewage sludge facility that disposes of the sewage sludge shall pay the annual sludge fee. However, the facility transferring the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

In the case of a sewage sludge facility that treats sewage sludge in this state and transfers it out of this state to another entity for disposal, the sewage sludge facility in this state shall be required to pay the annual sludge fee for the tons of sewage sludge that have been transferred.

(d) A sewage sludge facility that generates sewage sludge resulting from an average daily discharge flow of less than five thousand gallons per day is not subject to the fees assessed under division (Y) of this section.

(3) No sewage sludge facility required to pay the annual sludge fee shall be required to pay more than the maximum annual fee for each disposal method that the sewage sludge facility uses. The maximum annual fee does not include the additional amount that may be charged under division (Y)(5) of this section for late
payment of the annual sludge fee. The maximum annual fee for the following methods of disposal of sewage sludge is as follows:

(a) Incineration: five thousand dollars;

(b) Preexisting land reclamation project or disposal in a landfill: five thousand dollars;

(c) Land application, land reclamation, surface disposal, or any other disposal method not specified in division (Y)(3)(a) or (b) of this section: twenty thousand dollars.

(4)(a) In the case of an entity that generates sewage sludge or a sewage sludge facility that treats sewage sludge and transfers the sewage sludge to an incineration facility for disposal, the incineration facility, and not the entity generating the sewage sludge or the sewage sludge facility treating the sewage sludge, shall pay the annual sludge fee for the tons of sewage sludge that are transferred. However, the entity or facility generating or treating the sewage sludge shall pay the one-hundred-dollar minimum fee required under division (Y)(2)(a) of this section.

(b) In the case of an entity that generates sewage sludge and transfers the sewage sludge to a landfill for disposal or to a sewage sludge facility for land reclamation or surface disposal, the entity generating the sewage sludge, and not the landfill or sewage sludge facility, shall pay the annual sludge fee for the tons of sewage sludge that are transferred.

(5) Not later than the first day of April of the calendar year following March 17, 2000, and each first day of April thereafter, the director shall issue invoices to persons who are required to pay the annual sludge fee. The invoice shall identify the nature and amount of the annual sludge fee assessed and state the first day of May as the deadline for receipt by the director of objections regarding the amount of the fee and the first day of
July as the deadline for payment of the fee.

Not later than the first day of May following receipt of an invoice, a person required to pay the annual sludge fee may submit objections to the director concerning the accuracy of information regarding the number of dry tons of sewage sludge used to calculate the amount of the annual sludge fee or regarding whether the sewage sludge qualifies for the exceptional quality sludge discount established in division (Y)(2)(b) of this section. The director may consider the objections and adjust the amount of the fee to ensure that it is accurate.

If the director does not adjust the amount of the annual sludge fee in response to a person's objections, the person may appeal the director's determination in accordance with Chapter 119. of the Revised Code.

Not later than the first day of June, the director shall notify the objecting person regarding whether the director has found the objections to be valid and the reasons for the finding.

If the director finds the objections to be valid and adjusts the amount of the annual sludge fee accordingly, the director shall issue with the notification a new invoice to the person identifying the amount of the annual sludge fee assessed and stating the first day of July as the deadline for payment.

Not later than the first day of July, any person who is required to do so shall pay the annual sludge fee. Any person who is required to pay the fee, but who fails to do so on or before that date shall pay an additional amount that equals ten per cent of the required annual sludge fee.

(6) The director shall transmit all moneys collected under division (Y) of this section to the treasurer of state for deposit into the surface water protection fund created in section 6111.038 of the Revised Code. The moneys shall be used to defray the costs...
of administering and enforcing provisions in Chapter 6111. of the Revised Code and rules adopted under it that govern the use, storage, treatment, or disposal of sewage sludge.

(7) Beginning in fiscal year 2001, and every two years thereafter, the director shall review the total amount of moneys generated by the annual sludge fees to determine if that amount exceeded six hundred thousand dollars in either of the two preceding fiscal years. If the total amount of moneys in the fund exceeded six hundred thousand dollars in either fiscal year, the director, after review of the fee structure and consultation with affected persons, shall issue an order reducing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will not exceed six hundred thousand dollars in any fiscal year.

If, upon review of the fees under division (Y)(7) of this section and after the fees have been reduced, the director determines that the total amount of moneys collected and accumulated is less than six hundred thousand dollars, the director, after review of the fee structure and consultation with affected persons, may issue an order increasing the amount of the fees levied under division (Y) of this section so that the estimated amount of moneys resulting from the fees will be approximately six hundred thousand dollars. Fees shall never be increased to an amount exceeding the amount specified in division (Y)(7) of this section.

Notwithstanding section 119.06 of the Revised Code, the director may issue an order under division (Y)(7) of this section without the necessity to hold an adjudicatory hearing in connection with the order. Code EPCRA, and submits a copy of the required toxic chemical
release form that indicates that such a claim has been filed and
contains the generic class or category of the identity in place of
the identity and that is accompanied by a copy of the
substantiation supporting the trade secret claim that was
submitted to the administrator of the United States environmental
protection agency. The owner or operator may withhold from the

(2) The owner or operator of a facility that is subject to section 3751.03 of the Revised Code shall provide a copy of a toxic chemical release form that contains the specific chemical identity of a toxic chemical, if the specific chemical identity is known, to any treating physician or nurse who requests that information if the physician or nurse determines that all of the following conditions pertain to the request:

(a) A medical emergency exists;

(b) The specific chemical identity of the chemical concerned is necessary for or will assist in emergency or first aid diagnosis or treatment;
(c) The individual being diagnosed or treated has been exposed to the chemical concerned.

The owner or operator shall provide the requested information to the physician or nurse immediately upon receiving such a request. The owner or operator shall not require any such treating physician or nurse to provide a written confidentiality agreement or statement of need as a precondition for disclosure of a specific chemical identity under this division; however, the owner or operator may require the treating physician or nurse to provide a written confidentiality agreement under division (D)(4) of this section and a statement setting forth the conditions listed in divisions (D)(2)(a) to (c) of this section as soon after the disclosure is made as circumstances permit.

Any aggrieved person who has or claims an interest in the subject of the hearing and in obtaining or preventing relief against the unlawful discriminatory practices complained of shall be permitted to appear only for the presentation of oral or written arguments, to present evidence, perform direct and cross-examination, and be represented by counsel. (E) In any hearing under division (B) of this section, the commission, a member of the commission, or the hearing examiner shall not be bound by the Rules of Evidence but, in ascertaining the practices followed by the respondent, shall take into account all reliable, probative, and substantial statistical or other evidence produced at the hearing that may tend to prove the existence of a predetermined pattern of employment or membership, provided that nothing contained in this section shall be construed to authorize or require any person to observe the proportion that persons of any race, color, religion, sex, military status, familial status, national origin, disability, age, or ancestry bear to the total population or in accordance with any criterion other than the individual qualifications of the applicant.

(F) The testimony taken at a hearing under division (B) of this section shall be under oath and shall be reduced to writing and filed with the commission. Thereafter, in its discretion, the commission, upon the service of a notice upon the complainant and the respondent that indicates an opportunity to be present, may take further testimony or hear argument.

(G)(1)(a) If, upon all reliable, probative, and substantial
evidence presented at a hearing under division (B) of this section, the commission determines that the respondent has engaged in, or is engaging in, any unlawful discriminatory practice, whether against the complainant or others, the commission shall state its findings of fact and conclusions of law and shall issue and, subject to the provisions of Chapter 119. of the Revised Code, cause to be served on the respondent an order requiring the respondent to do all of the following:

(1) Cease and desist from the unlawful discriminatory practice;

(ii) Take any further affirmative or other action that will effectuate the purposes of this chapter, including, but not limited to, hiring, reinstatement, or upgrading of employees with or without back pay, or admission or restoration to union membership;

(iii) Report to the commission the manner of compliance.

If the commission directs payment of back pay, it shall make allowance for interim earnings.

(b) If the commission finds a violation of division (H) of section 4112.02 of the Revised Code, in addition to the action described in division (G)(1)(a) of this section, the commission additionally may require the respondent to undergo remediation in the form of a class, seminar, or any other type of remediation approved by the commission, may require the respondent to pay actual damages and reasonable attorney's fees, and may, to vindicate the public interest, assess a civil penalty against the respondent as follows:

(i) If division (G)(1)(b)(ii) or (iii) of this section does not apply, a civil penalty in an amount not to exceed ten thousand dollars;

(ii) If division (G)(1)(b)(iii) of this section does not
apply and if the respondent has been determined by a final order
of the commission or by a final judgment of a court to have
committed one violation of division (H) of section 4112.02 of the
Revised Code during the five-year period immediately preceding the
date on which a complaint was issued pursuant to division (B) of
this section, a civil penalty in an amount not to exceed
twenty-five thousand dollars;

(iii) If the respondent has been determined by a final order
of the commission or by a final judgment of a court to have
committed two or more violations of division (H) of section
4112.02 of the Revised Code during the seven-year period
immediately preceding the date on which a complaint was issued
pursuant to division (B) of this section, a civil penalty damages
in an amount not to exceed fifty thousand dollars.

(2) Upon the submission of reports of compliance, the
commission may issue a declaratory order stating that the
respondent has ceased to engage in particular unlawful
discriminatory practices.

(H) If the commission finds that no probable cause exists for
crediting charges of unlawful discriminatory practices or if, upon
all the evidence presented at a hearing under division (B) of this
section on a charge, the commission finds that a respondent has
not engaged in any unlawful discriminatory practice against the
complainant or others, it shall state its findings of fact and
shall issue and cause to be served on the complainant an order
dismissing the complaint as to the respondent. A copy of the order
shall be delivered in all cases to the attorney general and any
other public officers whom the commission considers proper.

If, upon all the evidence presented at a hearing under
division (B) of this section on a charge, the commission finds
that a respondent has not engaged in any unlawful discriminatory
practice against the complainant or others, it may award to the
respondent reasonable attorney's fees to the extent provided in 5 U.S.C. 504 and accompanying regulations.

(I) Until the time period for appeal set forth in division (H) of section 4112.06 of the Revised Code expires, the commission, subject to the provisions of Chapter 119. of the Revised Code, at any time, upon reasonable notice, and in the manner it considers proper, may modify or set aside, in whole or in part, any finding or order made by it under this section.

calendar days following the last day the individual worked. In the event the individual is not recalled within the specified period, this waiver shall cease to be operative with respect to that layoff.

(II) The employer provides that the affected individuals shall return to work for the employer within twenty-six weeks after the date the employer notifies the director.

(III) The director determines that the waiver of the active search for work requirement will promote productivity and economic stability within the state.

(iv) Division (A)(4)(a)(iii) of this section does not exempt an individual from meeting the other requirements specified in division (A)(4)(a)(i) of this section to be able to work and otherwise fully be available for work. An exemption granted under division (A)(4)(a)(iii) of this section may be granted only with respect to a specific plant closing.

(b)(i) The individual shall be instructed as to the efforts
that the individual must make in the search for suitable work, including that, within six months after October 11, 2013, the individual shall register with the OhioMeansJobs website, except in any of the following circumstances:

(I) The individual is an individual described in division (A)(4)(b)(iii) of this section;

(d) An individual who becomes unemployed while attending a regularly established school and whose base period qualifying weeks were earned in whole or in part while attending that school, meets the availability and active search for work requirements of division (A)(4)(a) of this section if the individual regularly attends the school during weeks with respect to which the individual claims unemployment benefits and makes self available on any shift of hours for suitable employment with the individual's most recent employer or any other employer in the individual's base period, or for any other suitable employment to which the individual is directed, under this chapter.

(e) An individual who is a member in good standing with a labor organization that refers individuals to jobs meets the active search for work requirement specified in division (A)(4)(a) of this section if the individual provides documentation that the individual is eligible for a referral or placement upon request and in a manner prescribed by the director.

For the purposes of division (A)(4)(f) of this section, "suitable employment" means with respect to an individual, work of a substantially equal or higher skill level than the individual's past adversely affected employment, as defined for the purposes of the "Trade Act of 1974," 88 Stat. 1978, 19 U.S.C.A. 2101, and wages for such work at not less than eighty per cent of the individual's average weekly wage as determined for the purposes of that federal act.

As used in division (A)(7) of this section, "reemployment services" includes job search assistance activities, skills assessments, and the provision of labor market statistics or analysis.

(i) The individual has completed similar services.

(ii) Justifiable cause exists for the failure of the individual to participate in those services.

(c) An individual whose active search for work requirement has been waived under division (A)(4)(a) of this section or is considered to be satisfied under division (A)(4)(c), (d), or (e) of this section is exempt from the requirements of division (A)(7) of this section.

(B) An individual suffering total or partial unemployment is eligible for benefits for unemployment occurring subsequent to a waiting period of one week and no benefits shall be payable during this required waiting period. Not more than one week of waiting period shall be required of any individual in any benefit year in order to establish the individual's eligibility for total or partial unemployment benefits.

(C) The waiting period for total or partial unemployment shall commence on the first day of the first week with respect to which the individual first files a claim for benefits at an employment office or other place of registration maintained or designated by the director or on the first day of the first week with respect to which the individual has otherwise filed a claim for benefits in accordance with the rules of the department of job and family services, provided such claim is allowed by the director.

(D) Notwithstanding division (A) of this section, no individual may serve a waiting period or be paid benefits under the following conditions:

(1) For any week with respect to which the director finds that:

(a) The individual's unemployment was due to a labor dispute other than a lockout at any factory, establishment, or other premises located in this or any other state and owned or operated by the employer by which the individual is or was last employed; and for so long as the individual's unemployment is due to such
labor dispute. No individual shall be disqualified under this provision if either of the following applies:

(i) The individual's employment was with such employer at any factory, establishment, or premises located in this state, owned or operated by such employer, other than the factory, establishment, or premises at which the labor dispute exists, if it is shown that the individual is not financing, participating in, or directly interested in such labor dispute;

(ii) The individual's employment was with an employer not involved in the labor dispute but whose place of business was located within the same premises as the employer engaged in the dispute, unless the individual's employer is a wholly owned subsidiary of the employer engaged in the dispute, or unless the individual actively participates in or voluntarily stops work because of such dispute. If it is established that the claimant was laid off for an indefinite period and not recalled to work prior to the dispute, or was separated by the employer prior to the dispute for reasons other than the labor dispute, or that the individual obtained a bona fide job with another employer while the dispute was still in progress, such labor dispute shall not render the employee ineligible for benefits.

(b) The individual has been given a disciplinary layoff for misconduct in connection with the individual's work.

(2) For the duration of the individual's unemployment if the director finds that:

(a) The individual quit work without just cause or has been discharged for just cause in connection with the individual's work, provided division (D)(2) of this section does not apply to the separation of a person under any of the following circumstances:

(i) Separation from employment for the purpose of entering
the armed forces of the United States if the individual is
inducted into the armed forces within one of the following
periods:

(I) Thirty days after separation;

(II) One hundred eighty days after separation if the
individual's date of induction is delayed solely at the discretion
of the armed forces.

(ii) Separation from employment pursuant to a
labor-management contract or agreement, or pursuant to an
established employer plan, program, or policy, which permits the
employee, because of lack of work, to accept a separation from
employment;

(iii) The individual has left employment to accept a recall
from a prior employer or, except as provided in division
(D)(2)(a)(iv) of this section, to accept other employment as
provided under section 4141.291 of the Revised Code, or left or
was separated from employment that was concurrent employment at
the time of the most recent separation or within six weeks prior
to the most recent separation where the remuneration, hours, or
other conditions of such concurrent employment were substantially
less favorable than the individual's most recent employment and
where such employment, if offered as new work, would be considered
not suitable under the provisions of divisions (E) and (F) of this
section. Any benefits that would otherwise be chargeable to the
account of the employer from whom an individual has left
employment or was separated from employment that was concurrent
employment under conditions described in division (D)(2)(a)(iii)
of this section, shall instead be charged to the mutualized
account created by division (B) of section 4141.25 of the Revised
Code, except that any benefits chargeable to the account of a
reimbursing employer under division (D)(2)(a)(iii) of this section
shall be charged to the account of the reimbursing employer and
not to the mutualized account, except as provided in division (D)(2) of section 4141.24 of the Revised Code.

(iv) When an individual has been issued a definite layoff date by the individual's employer and before the layoff date, the individual quits to accept other employment, the provisions of division (D)(2)(a)(iii) of this section apply and no disqualification shall be imposed under division (D) of this section. However, if the individual fails to meet the employment and earnings requirements of division (A)(2) of section 4141.291 of the Revised Code, then the individual, pursuant to division (A)(5) of this section, shall be ineligible for benefits for any week of unemployment that occurs prior to the layoff date.

(b) The individual has refused without good cause to accept an offer of suitable work when made by an employer either in person or to the individual's last known address, or has refused or failed to investigate a referral to suitable work when directed to do so by a local employment office of this state or another state, provided that this division shall not cause a disqualification for a waiting week or benefits under the following circumstances:

(i) When work is offered by the individual's employer and the individual is not required to accept the offer pursuant to the terms of the labor-management contract or agreement; or

(ii) When the individual is attending a training course pursuant to division (A)(4) of this section except, in the event of a refusal to accept an offer of suitable work or a refusal or failure to investigate a referral, benefits thereafter paid to such individual shall not be charged to the account of any employer and, except as provided in division (B)(1)(b) of section 4141.241 of the Revised Code, shall be charged to the mutualized account as provided in division (B) of section 4141.25 of the Revised Code.
(c) Such individual quit work to marry or because of marital, parental, filial, or other domestic obligations.

(d) The individual became unemployed by reason of commitment to any correctional institution.

(e) The individual became unemployed because of dishonesty in connection with the individual's most recent or any base period work. Remuneration earned in such work shall be excluded from the individual's total base period remuneration and qualifying weeks that otherwise would be credited to the individual for such work in the individual's base period shall not be credited for the purpose of determining the total benefits to which the individual is eligible and the weekly benefit amount to be paid under section 4141.30 of the Revised Code. Such excluded remuneration and noncredited qualifying weeks shall be excluded from the calculation of the maximum amount to be charged, under division (D) of section 4141.24 and section 4141.33 of the Revised Code, against the accounts of the individual's base period employers. In addition, no benefits shall thereafter be paid to the individual based upon such excluded remuneration or noncredited qualifying weeks.

For purposes of division (D)(2)(e) of this section, "dishonesty" means the commission of substantive theft, fraud, or deceitful acts.

(E) No individual otherwise qualified to receive benefits shall lose the right to benefits by reason of a refusal to accept new work if:

(1) As a condition of being so employed the individual would be required to join a company union, or to resign from or refrain from joining any bona fide labor organization, or would be denied the right to retain membership in and observe the lawful rules of any such organization.
(2) The position offered is vacant due directly to a strike, lockout, or other labor dispute.

(3) The work is at an unreasonable distance from the individual's residence, having regard to the character of the work the individual has been accustomed to do, and travel to the place of work involves expenses substantially greater than that required for the individual's former work, unless the expense is provided for.

(4) The remuneration, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality.

(F) Subject to the special exceptions contained in division (A)(4)(f) of this section and section 4141.301 of the Revised Code, in determining whether any work is suitable for a claimant in the administration of this chapter, the director, in addition to the determination required under division (E) of this section, shall consider the degree of risk to the claimant's health, safety, and morals, the individual's physical fitness for the work, the individual's prior training and experience, the length of the individual's unemployment, the distance of the available work from the individual's residence, and the individual's prospects for obtaining local work.

(G) The "duration of unemployment" as used in this section means the full period of unemployment next ensuing after a separation from any base period or subsequent work and until an individual has become reemployed in employment subject to this chapter, or the unemployment compensation act of another state, or of the United States, and until such individual has worked six weeks and for those weeks has earned or been paid remuneration equal to six times an average weekly wage of not less than: eighty-five dollars and ten cents per week beginning on June 26, 1990; and beginning on and after January 1, 1992, twenty-seven and
one-half per cent of the statewide average weekly wage as computed each first day of January under division (B)(3) of section 4141.30 of the Revised Code, rounded down to the nearest dollar, except for purposes of division (D)(2)(c) of this section, such term means the full period of unemployment next ensuing after a separation from such work and until such individual has become reemployed subject to the terms set forth above, and has earned wages equal to one-half of the individual's average weekly wage or sixty dollars, whichever is less.

(H) If a claimant is disqualified under division (D)(2)(a), (c), or (d) of this section or found to be qualified under the exceptions provided in division (D)(2)(a)(i), (iii), or (iv) of this section or division (A)(2) of section 4141.291 of the Revised Code, then benefits that may become payable to such claimant, which are chargeable to the account of the employer from whom the individual was separated under such conditions, shall be charged to the mutualized account provided in section 4141.25 of the Revised Code, provided that no charge shall be made to the mutualized account for benefits chargeable to a reimbursing employer, except as provided in division (D)(2) of section 4141.24 of the Revised Code. In the case of a reimbursing employer, the director shall refund or credit to the account of the reimbursing employer any over-paid benefits that are recovered under division (B) of section 4141.35 of the Revised Code. Amounts chargeable to other states, the United States, or Canada that are subject to agreements and arrangements that are established pursuant to section 4141.43 of the Revised Code shall be credited or reimbursed according to the agreements and arrangements to which the chargeable amounts are subject.

(I)(1) Benefits based on service in employment as provided in divisions (B)(2)(a) and (b) of section 4141.01 of the Revised Code shall be payable in the same amount, on the same terms,
subject to the same conditions as benefits payable on the basis of other service subject to this chapter; except that after December 31, 1977:

(a) Benefits based on service in an instructional, research, or principal administrative capacity in an institution of higher education, as defined in division (Y) of section 4141.01 of the Revised Code; or for an educational institution as defined in division (CC) of section 4141.01 of the Revised Code, shall not be paid to any individual for any week of unemployment that begins during the period between two successive academic years or terms, or during a similar period between two regular but not successive terms or during a period of paid sabbatical leave provided for in the individual's contract, if the individual performs such services in the first of those academic years or terms and has a contract or a reasonable assurance that the individual will perform services in any such capacity for any such institution in the second of those academic years or terms.

(b) Benefits based on service for an educational institution or an institution of higher education in other than an instructional, research, or principal administrative capacity, shall not be paid to any individual for any week of unemployment which begins during the period between two successive academic years or terms of the employing educational institution or institution of higher education, provided the individual performed those services for the educational institution or institution of higher education during the first such academic year or term and, there is a reasonable assurance that such individual will perform those services for any educational institution or institution of higher education in the second of such academic years or terms.

If compensation is denied to any individual for any week under division (I)(1)(b) of this section and the individual was not offered an opportunity to perform those services for an...
institution of higher education or for an educational institution for the second of such academic years or terms, the individual is entitled to a retroactive payment of compensation for each week for which the individual timely filed a claim for compensation and for which compensation was denied solely by reason of division (I)(1)(b) of this section. An application for retroactive benefits shall be timely filed if received by the director or the director's deputy within or prior to the end of the fourth full calendar week after the end of the period for which benefits were denied because of reasonable assurance of employment. The provision for the payment of retroactive benefits under division (I)(1)(b) of this section is applicable to weeks of unemployment beginning on and after November 18, 1983. The provisions under division (I)(1)(b) of this section shall be retroactive to September 5, 1982, only if, as a condition for full tax credit against the tax imposed by the "Federal Unemployment Tax Act," 53 Stat. 183 (1939), 26 U.S.C.A. 3301 to 3311, the United States secretary of labor determines that retroactivity is required by federal law.

(c) With respect to weeks of unemployment beginning after December 31, 1977, benefits shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess, if the individual performs any services described in divisions (I)(1)(a) and (b) of this section in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance that the individual will perform any such services in the period immediately following the vacation period or holiday recess.

(d) With respect to any services described in division (I)(1)(a), (b), or (c) of this section, benefits payable on the basis of services in any such capacity shall be denied as specified in division (I)(1)(a), (b), or (c) of this section to
any individual who performs such services in an educational institution or institution of higher education while in the employ of an educational service agency. For this purpose, the term "educational service agency" means a governmental agency or governmental entity that is established and operated exclusively for the purpose of providing services to one or more educational institutions or one or more institutions of higher education.

(e) Any individual employed by a county board of developmental disabilities shall be notified by the thirtieth day of April each year if the individual is not to be reemployed the following academic year.

(f) Any individual employed by a school district, other than a municipal school district as defined in section 3311.71 of the Revised Code, shall be notified by the first day of June each year if the individual is not to be reemployed the following academic year.

(2) No disqualification will be imposed, between academic years or terms or during a vacation period or holiday recess under this division, unless the director or the director's deputy has received a statement in writing from the educational institution or institution of higher education that the claimant has a contract for, or a reasonable assurance of, reemployment for the ensuing academic year or term.

(3) If an individual has employment with an educational institution or an institution of higher education and employment with a noneducational employer, during the base period of the individual's benefit year, then the individual may become eligible for benefits during the between-term, or vacation or holiday recess, disqualification period, based on employment performed for the noneducational employer, provided that the employment is sufficient to qualify the individual for benefit rights separately from the benefit rights based on school employment. The weekly
benefit amount and maximum benefits payable during a disqualification period shall be computed based solely on the nonschool employment.

(J) Benefits shall not be paid on the basis of employment performed by an alien, unless the alien had been lawfully admitted to the United States for permanent residence at the time the services were performed, was lawfully present for purposes of performing the services, or was otherwise permanently residing in the United States under color of law at the time the services were performed, under section 212(d)(5) of the "Immigration and Nationality Act," 66 Stat. 163, 8 U.S.C.A. 1101:

(1) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(2) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to the individual are not payable because of the individual's alien status shall be made except upon a preponderance of the evidence that the individual had not, in fact, been lawfully admitted to the United States.

(K) The director shall establish and utilize a system of profiling all new claimants under this chapter that:

(1) Identifies which claimants will be likely to exhaust regular compensation and will need job search assistance services to make a successful transition to new employment;

(2) Refers claimants identified pursuant to division (K)(1) of this section to reemployment services, such as job search assistance services, available under any state or federal law;

(3) Collects follow-up information relating to the services received by such claimants and the employment outcomes for such
claimant's subsequent to receiving such services and utilizes such
information in making identifications pursuant to division (K)(1)
of this section; and

(4) Meets such other requirements as the United States
secretary of labor determines are appropriate.

(L) Except as otherwise provided in division (A)(6) of this
section, ineligibility pursuant to division (A) of this section
shall begin on the first day of the week in which the claimant
becomes ineligible for benefits and shall end on the last day of
the week preceding the week in which the claimant satisfies the
eligibility requirements.

(M) The director may adopt rules that the director considers
necessary for the administration of division (A) of this section.

Sec. 4141.43. (A) The director of job and family services may
cooprate with the industrial commission, the bureau of workers'
compensation, the United States internal revenue service, the
United States employment service, and other similar departments
and agencies, as determined by the director, in the exchange or
disclosure of information as to wages, employment, payrolls,
unemployment, and other information. The director may employ,
jointly with one or more of such agencies or departments,
auditors, examiners, inspectors, and other employees necessary for
the administration of this chapter and employment and training
services for workers in the state.

(B) The director may make the state's record relating to the
administration of this chapter available to the railroad
retirement board and may furnish the board at the board's expense
such copies thereof as the board deems necessary for its purposes.

(C) The director may afford reasonable cooperation with every
agency of the United States charged with the administration of any
unemployment compensation law.

(D) The director may enter into arrangements with the appropriate agencies of other states or of the United States or Canada whereby individuals performing services in this and other states for a single employer under circumstances not specifically provided for in division (B) of section 4141.01 of the Revised Code or in similar provisions in the unemployment compensation laws of such other states shall be deemed to be engaged in employment performed entirely within this state or within one of such other states or within Canada, and whereby potential rights to benefits accumulated under the unemployment compensation laws of several states or under such a law of the United States, or both, or of Canada may constitute the basis for the payment of benefits through a single appropriate agency under terms that the director finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the unemployment compensation fund.

(E) The director may enter into agreements with the appropriate agencies of other states or of the United States or Canada:

(1) Whereby services or wages upon the basis of which an individual may become entitled to benefits under the unemployment compensation law of another state or of the United States or Canada shall be deemed to be employment or wages for employment by employers for the purposes of qualifying claimants for benefits under this chapter, and the director may estimate the number of weeks of employment represented by the wages reported to the director for such claimants by such other agency, provided such other state agency or agency of the United States or Canada has agreed to reimburse the unemployment compensation fund for such portion of benefits paid under this chapter upon the basis of such services or wages as the director finds will be fair and
reasonable as to all affected interests;

(2) Whereby the director will reimburse other state or federal or Canadian agencies charged with the administration of unemployment compensation laws with such reasonable portion of benefits, paid under the law of such other states or of the United States or of Canada upon the basis of employment or wages for employment by employers, as the director finds will be fair and reasonable as to all affected interests. Reimbursements so payable shall be deemed to be benefits for the purpose of section 4141.09 and division (A) of section 4141.30 of the Revised Code. However, no reimbursement so payable shall be charged against any employer's account for the purposes of section 4141.24 of the Revised Code if the employer's account, under the same or similar circumstances, with respect to benefits charged under the provisions of this chapter, other than this section, would not be charged or, if the claimant at the time the claimant files the combined wage claim cannot establish benefit rights under this chapter. This noncharging shall not be applicable to a nonprofit organization that has elected to make payments in lieu of contributions under section 4141.241 of the Revised Code, except as provided in division (D)(2) of section 4141.24 of the Revised Code. The director may make to other state or federal or Canadian agencies and receive from such other state or federal or Canadian agencies reimbursements from or to the unemployment compensation fund, in accordance with arrangements pursuant to this section.

(3) Notwithstanding division (B)(2)(f) of section 4141.01 of the Revised Code, the director may enter into agreements with other states whereby services performed for a crew leader, as defined in division (BB) of section 4141.01 of the Revised Code, may be covered in the state in which the crew leader either:

(a) Has the crew leader's place of business or from which the crew leader's business is operated or controlled;
(b) Resides if the crew leader has no place of business in any state.

(F) The director may apply for an advance to the unemployment compensation fund and do all things necessary or required to obtain such advance and arrange for the repayment of such advance in accordance with Title XII of the "Social Security Act" as amended.

(G) The director may enter into reciprocal agreements or arrangements with the appropriate agencies of other states in regard to services on vessels engaged in interstate or foreign commerce whereby such services for a single employer, wherever performed, shall be deemed performed within this state or within such other states.

(H) The director shall participate in any arrangements for the payment of compensation on the basis of combining an individual's wages and employment, covered under this chapter, with the individual's wages and employment covered under the unemployment compensation laws of other states which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of compensation in such situations and which include provisions for:

(1) Applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and

(2) Avoiding the duplicate use of wages and employment by reason of such combining.

(I) The director shall cooperate with the United States department of labor to the fullest extent consistent with this chapter, and shall take such action, through the adoption of
appropriate rules, regulations, and administrative methods and
designates, as may be necessary to secure to this state and its
citizens all advantages available under the provisions of the
"Social Security Act" that relate to unemployment compensation,
2801 et seq. "Workforce Innovation and Opportunity Act," 29
U.S.C.A. 3101 et seq.

(J) The director may disclose wage information furnished to
or maintained by the director under Chapter 4141 of the Revised
Code to a consumer reporting agency as defined by the "Fair Credit

disclosed or released will safeguard the information from illegal
or unauthorized disclosure;

(3) A written statement confirming that the consumer
reporting agency will pay to the bureau all costs associated with
the disclosure.

The director shall prescribe a manner and format in which
this information may be provided.

(K) The director shall adopt rules defining the requirements
of the release of individual income verification information
specified in division (J) of this section, which shall include all
terms and conditions necessary to meet the requirements of federal law as interpreted by the United States department of labor or considered necessary by the director for the proper administration of this division.

(L) The director shall disclose information furnished to or maintained by the director under this chapter upon request and on a reimbursable basis as required by section 303 of the "Social Security Act," 42 U.S.C.A. 503, and section 3304 of the "Internal Revenue Code," 26 U.S.C.A. 3304.

Sec. 4141.51. (A) An employer who wishes to participate in the SharedWork Ohio program shall submit a plan to the director of job and family services in which the employer does all of the following:

(2) Describes the manner in which the employer will implement the requirements of the SharedWork Ohio program, including the proposed reduction percentage, which shall be between ten per cent and fifty per cent, and any temporary closure of the participating employer's business for equipment maintenance or other similar circumstances that the employer knows may occur during the effective period of an approved plan;

(3) Includes a plan for giving advance notice, if feasible, to an employee whose normal weekly hours of work are to be reduced and, if advance notice is not feasible, an explanation of why that notice is not feasible;

to participate in the SharedWork Ohio program;

(5) Includes a certification by the employer that if the employer provides health benefits and retirement benefits under a defined benefit plan, as defined in 26 U.S.C. 414(j), as amended, or contributions under a defined contribution plan as defined in 26 U.S.C. 414(i), as amended, to any employee whose normal weekly hours of work are reduced under the program that such benefits will continue to be provided to an employee participating in the SharedWork Ohio program under the same terms and conditions as though the normal weekly hours of work of the employee had not been reduced or to the same extent as other employees not participating in the program;

(6) Permits eligible employees to participate, as appropriate, in training to enhance job skills approved by the director, including employer-sponsored training or worker training funded under the federal "Workforce Investment Act of 1998," 112 Stat. 936, 29 U.S.C. 2801 et seq., as amended "Workforce Innovation and Opportunity Act," 29 U.S.C. 3101 et seq.;

(12) Includes a certification by the employer that none of the participating employees are employed on a seasonal, temporary, or intermittent basis;

(13) Includes an assurance from the employer that the employer will not reduce a participating employee's normal weekly hours of work by more than the reduction percentage, except in the event of a temporary closure of the employer's business for equipment maintenance, or when the employee takes approved time off during the week with pay, and the combined work hours and paid leave hours equal the number of hours the employee would have worked under the plan.

(B) The director shall approve a shared work plan if an employer includes in the plan all of the information, certifications, and assurances required under division (A) of this section.

(C) The director shall approve or deny a shared work plan and shall send a written notice to the employer stating whether the director approved or denied the plan not later than thirty days after the director receives the plan. This section does not prevent a municipal corporation from adopting a closing hour for the sale of intoxicating liquor earlier than two-thirty a.m. on Sunday or to provide that no intoxicating liquor may be sold prior to that hour on Sunday.

(D) No holder of a permit shall give away any beer or intoxicating liquor of any kind at any time in connection with the permit holder's business. However, with the exception of an A-1-A permit holder that also has been issued an A-2 or A-2f permit, an A-1-A, A-1c, or D permit holder may provide to a paying customer not more than a total of four tasting samples of beer, wine, or spirituous liquor, as authorized by the applicable permit, in any twenty-four-hour period. The permit holder shall provide the tasting samples free of charge, at the permit holder's expense, only to a person who is twenty-one years of age or older. Signs, illustrations, or advertisements bearing the name, brand name, trade name, trade-mark, designation, or other emblem of or indicating the manufacturer, producer, distributor, place of manufacture, production, or distribution of beer or intoxicating liquor may be displayed and permitted to be displayed on the interior or in the show windows of any licensed premises, if the particular brand or type of product so advertised is actually available for sale on the premises at the time of that display.

Only one sale of the same article shall be used in computing the amount of tax due. The tax on mixed beverages to be paid by holders of A-4 permits under this section shall not attach until the ownership of the mixed beverage is transferred for valuable consideration to a wholesaler or retailer, and no payment of the tax shall be required prior to that time.
During the period of July 1, 2015 through June 30, 2017, from the tax paid under this section on wine, vermouth, and sparkling and carbonated wine and champagne, the treasurer of state shall credit to the Ohio grape industries fund created under section 924.54 of the Revised Code a sum equal to two cents per gallon upon which the tax is paid. Sec. 4503.066. (A)(1) To obtain a tax reduction under section 4503.065 of the Revised Code, the owner of the home shall file an application with the county auditor of the county in which the home is located. An application for reduction in taxes based upon a physical disability shall be accompanied by a certificate signed by a physician, and an application for reduction in taxes based upon a mental disability shall be accompanied by a certificate signed by a physician or psychologist licensed to practice in this state. The certificate shall attest to the fact that the applicant is permanently and totally disabled, shall be in a form that the department of taxation requires, and shall include the definition of totally and permanently disabled as set forth in section 4503.064 of the Revised Code. An application for reduction in taxes based upon a disability certified as permanent and total by a state or federal agency having the function of so classifying persons shall be accompanied by a certificate from that agency. An application by a disabled veteran for the reduction under division (B) of section 4503.065 of the Revised Code shall be accompanied...
by a letter or other written confirmation from the United States department of veterans affairs, or its predecessor or successor agency, showing that the veteran qualifies as a disabled veteran.

(2) Each application shall constitute a continuing application for a reduction in taxes for each year in which the manufactured or mobile home is occupied by the applicant. Failure to receive a new application or notification under division (B) of this section after an application for reduction has been approved is prima-facie evidence that the original applicant is entitled to the reduction calculated on the basis of the information contained in the original application. The original application and any subsequent application shall be in the form of a signed statement and shall be filed not later than the first Monday in June on or before the thirty-first day of December of the year for which the reduction is sought. The statement shall be on a form, devised and supplied by the tax commissioner, that shall require no more information than is necessary to establish the applicant's eligibility for the reduction in taxes and the amount of the reduction to which the applicant is entitled. The form shall contain a statement that signing such application constitutes a delegation of authority by the applicant to the tax commissioner or the county auditor, individually or in consultation with each other, to examine any tax or financial records that relate to the income of the applicant as stated on the application for the purpose of determining eligibility under, or possible violation of, division (C) or (D) of this section. The form also shall contain a statement that conviction of willfully falsifying information to obtain a reduction in taxes or failing to comply with division (B) of this section shall result in the revocation of the right to the reduction for a period of three years.

If an application filed for the current tax year is approved
after the taxes have been paid for the current year, the amount of
the reduction in taxes for the current year shall be treated as an
overpayment of taxes in the same manner as a late application
under division (A)(3) of this section.

(3) A late application for a reduction in taxes for the year
preceding the year for which an original application is filed may
be filed with an original application. If the auditor determines
that the information contained in the late application is correct,
the auditor shall determine both the amount of the reduction in
taxes to which the applicant would have been entitled for the
current tax year had the application been timely filed and
approved in the preceding year, and the amount the taxes levied
under section 4503.06 of the Revised Code for the current year
would have been reduced as a result of the reduction. When an
applicant is permanently and totally disabled on the first day of
January of the year in which the applicant files a late
application, the auditor, in making the determination of the
amounts of the reduction in taxes under division (A)(3) of this
section, is not required to determine that the applicant was
permanently and totally disabled on the first day of January of
the preceding year.

The amount of the reduction in taxes pursuant to a late
application shall be treated as an overpayment of taxes by the
applicant. The auditor shall credit the amount of the overpayment
against the amount of the taxes or penalties then due from the
applicant, and, at the next succeeding settlement, the amount of
the credit shall be deducted from the amount of any taxes or
penalties distributable to the county or any taxing unit in the
county that has received the benefit of the taxes or penalties
previously overpaid, in proportion to the benefits previously
received. If, after the credit has been made, there remains a
balance of the overpayment, or if there are no taxes or penalties
due from the applicant, the auditor shall refund that balance to
the applicant by a warrant drawn on the county treasurer in favor
of the applicant. The treasurer shall pay the warrant from the
general fund of the county. If there is insufficient money in the
general fund to make the payment, the treasurer shall pay the
warrant out of any undivided manufactured or mobile home taxes
subsequently received by the treasurer for distribution to the
county or taxing district in the county that received the benefit
of the overpaid taxes, in proportion to the benefits previously
received, and the amount paid from the undivided funds shall be
deducted from the money otherwise distributable to the county or
taxing district in the county at the next or any succeeding
distribution. At the next or any succeeding distribution after
making the refund, the treasurer shall reimburse the general fund
for any payment made from that fund by deducting the amount of
that payment from the money distributable to the county or other
taxing unit in the county that has received the benefit of the
taxes, in proportion to the benefits previously received. On the
second Monday in September of each year, the county auditor
shall certify the total amount of the reductions in taxes made in
the current year under division (A)(3) of this section to the tax
commissioner who shall treat that amount as a reduction in taxes
for the current tax year and shall make reimbursement to the
county of that amount in the manner prescribed in section 4503.068
of the Revised Code, from moneys appropriated for that purpose.

(B) If in any year for which an application for reduction in
taxes has been approved the owner no longer qualifies for the
reduction, the owner shall notify the county auditor that the
owner is not qualified for a reduction in taxes.

During January February of each year, the county auditor
shall furnish each person whose application for reduction has been
approved, by ordinary mail, a form on which to report any changes
in total income, ownership, occupancy, disability, and other information earlier furnished the auditor relative to the application. The form shall be completed and returned to the auditor not later than the first Monday in June thirty-first day of December if the changes would affect the person's eligibility for the reduction.

(C) No person shall knowingly make a false statement for the purpose of obtaining a reduction in taxes under section 4503.065 of the Revised Code.

(D) No person shall knowingly fail to notify the county auditor of any change required by division (B) of this section that has the effect of maintaining or securing a reduction in taxes under section 4503.065 of the Revised Code.

(E) No person shall knowingly make a false statement or certification attesting to any person's physical or mental condition for purposes of qualifying such person for tax relief pursuant to sections 4503.064 to 4503.069 of the Revised Code.

(F) Whoever violates division (C), (D), or (E) of this section is guilty of a misdemeanor of the fourth degree.

Sec. 4503.08. (A) The weight of all motor vehicles, except those taxed under sections 4503.042 and 4503.65 of the Revised Code, shall be the weight of the vehicle fully equipped as determined on a standard scale. The weight of any machinery mounted upon or affixed to a motor vehicle and not inherently motor vehicle equipment shall not be included in the determination of the total weight.

(B) The horsepower of all vehicles propelled by internal combustion engines shall be computed upon the following formula: square the diameter of the cylinder measured in inches, multiply by the number of cylinders, and divide by two and one half.
all motor vehicles propelled by steam engines, the rating of the horsepower shall be based on the system of rating adopted by the United States government.

(C) For all motor vehicles propelled by electricity, the rating of the horsepower shall be the normal horsepower of the electric motor therein, to be ascertained by the registrar of motor vehicles.

Sec. 4503.10. (A) The owner of every snowmobile, off-highway motorcycle, and all-purpose vehicle required to be registered under section 4519.02 of the Revised Code shall file an application for registration under section 4519.03 of the Revised Code. The official also shall indicate, by a stamp or by other means the registrar prescribes, on the registration certificate issued upon the first registration of a motor vehicle by or on behalf of the owner the odometer reading of the motor vehicle as shown in the odometer statement included in or attached to the certificate of title. Upon each subsequent registration of the motor vehicle by or on behalf of the same owner, the official also shall so indicate the odometer reading of the motor vehicle as shown on the immediately preceding certificate of registration.

The registrar shall include in the permanent registration record of any vehicle required to be inspected under section 3704.14 of the Revised Code the inspection certificate number from the inspection certificate that is presented at the time of registration of the vehicle as required under this division.

fees collected under division (C)(1) of this section in the time and manner provided in this section. The registrar shall deposit all moneys received under division (C)(1) of this section into the public safety - highway purposes fund established in section 4501.06 of the Revised Code.

(2) In addition, a charge of twenty-five cents shall be made for each reflectorized safety license plate issued, and a single charge of twenty-five cents shall be made for each county identification sticker or each set of county identification stickers issued, as the case may be, to cover the cost of producing the license plates and stickers, including material, manufacturing, and administrative costs. Those fees shall be in addition to the license tax. If the total cost of producing the plates is less than twenty-five cents per plate, or if the total cost of producing the stickers is less than twenty-five cents per sticker or per set issued, any excess moneys accruing from the fees shall be distributed in the same manner as provided by section 4501.04 of the Revised Code for the distribution of license tax moneys. If the total cost of producing the plates exceeds twenty-five cents per plate, or if the total cost of producing the stickers exceeds twenty-five cents per sticker or per set issued, the difference shall be paid from the license tax moneys collected pursuant to section 4503.02 of the Revised Code.

(D) Each deputy registrar shall be allowed a fee equal to the amount established under section 4503.038 of the Revised Code for each application for registration and registration renewal notice the deputy registrar receives, which shall be for the purpose of compensating the deputy registrar for the deputy registrar's services, and such office and rental expenses, as may be necessary for the proper discharge of the deputy registrar's duties in the receiving of applications and renewal notices and the issuing of registrations.
(E) Upon the certification of the registrar, the county sheriff or local police officials shall recover license plates erroneously or fraudulently issued.

(F) Each deputy registrar, upon receipt of any application for registration or registration renewal notice, together with the license fee and any local motor vehicle license tax levied pursuant to Chapter 4504. of the Revised Code, shall transmit that fee and tax, if any, in the manner provided in this section, together with the original and duplicate copy of the application, to the registrar. The registrar, subject to the approval of the director of public safety, may deposit the funds collected by those deputies in a local bank or depository to the credit of the "state of Ohio, bureau of motor vehicles." Where a local bank or depository has been designated by the registrar, each deputy registrar shall deposit all moneys collected by the deputy registrar into that bank or depository not more than one business day after their collection and shall make reports to the registrar of the amounts so deposited, together with any other information, some of which may be prescribed by the treasurer of state, as the registrar may require and as prescribed by the registrar by rule. If deputy registrars are located in communities where banking facilities are not available, they shall transmit the fees forthwith, by money order or otherwise, as the registrar, by rule
approved by the director and the treasurer of state, may
 prescribe. The registrar may pay the usual and customary fees for
 such service.

 section and those rules and about the need in those counties to
 present an inspection certificate with an application for
registration or preregistration.

(b) Upon request, the registrar shall provide the director of environmental protection, or any person that has been awarded a contract under section 3704.14 of the Revised Code, an on-line computer data link to registration information for all passenger cars, noncommercial motor vehicles, and commercial cars that are subject to that section. division shall permit such action.

Sec. 4503.101. (A) The registrar of motor vehicles shall
adopt rules to establish a system of motor vehicle registration

To effect a reassignment from the registration period in effect on June 30, 2003, to the new registration periods established by the rules adopted under this section as amended, the rules may require the motor vehicle to be registered for more or less than a twelve-month period at the time the motor vehicle's registration is subject to its initial renewal following the effective date of such rules. If necessary to effect an efficient transition, the rules may provide that the registration reassignments take place over two consecutive registration periods. The registration taxes to be charged shall be determined by the registrar on the basis of the annual tax otherwise due on the motor vehicle, prorated in accordance with the number of months for which the motor vehicle is registered, except that the fee established by division (C)(1) of section 4503.10 of the Revised Code shall be collected in full for each renewal that occurs during the transition period and shall not be prorated.

(B)(1) If, during any calendar year, the total number of motor vehicle registrations involving a particular type of nonstandard license plate is less than twenty-five, including both new registrations and registration renewals, the registrar of motor vehicles, on or after the first day of January, but not later than the fifteenth day of January of the following year, shall send a written notice to the sponsor of that type of nonstandard license plate, if a sponsor exists, informing the sponsor of this fact. The registrar also shall inform the sponsor that if, during the calendar year in which the written notice is sent, the total number of motor vehicle registrations involving the sponsor's nonstandard license plate again is less than twenty-five, the program involving that type of nonstandard license plate will be terminated on the thirty-first day of December of the calendar year in which the written notice is sent, and, except as provided in division (C) of this section, no motor vehicle registration application involving either the actual issuance of that type of nonstandard license plate or the registration renewal of a motor vehicle displaying that type of nonstandard license plate will be accepted by the registrar or a deputy registrar beginning the first day of January of the next calendar year. The registrar also shall inform the sponsor that if the program involving the sponsor's nonstandard license plate is terminated under this section, it may be reestablished pursuant to division (D) of this section.

(2) If, during any calendar year, the total number of motor vehicle registrations involving a particular type of nonstandard license plate is less than twenty-five, including both new registrations and registration renewals, and no sponsor exists for that license plate, the registrar shall issue a public notice on or after the first day of January, but not later than the
fifteenth day of January of the following year, stating that fact. The notice also shall inform the public that if, during the calendar year in which the registrar issues the public notice, the total number of motor vehicle registrations for that type of nonstandard license plate, including both new registrations and registration renewals, again is less than twenty-five, the program involving that type of nonstandard license plate will be terminated on the thirty-first day of December of the calendar year in which the registrar issues the public notice and, except as provided in division (C) of this section, no motor vehicle registration application involving either the actual issuance of that type of nonstandard license plate or the registration renewal of a motor vehicle displaying that type of nonstandard license plate will be accepted by the registrar or a deputy registrar beginning on the first day of January of the next calendar year.

(C) If the program involving a type of nonstandard license plate is terminated under division (B) of this section, the registration of any motor vehicle displaying that type of nonstandard license plate at the time of termination may be renewed so long as the nonstandard license plates remain serviceable. If the nonstandard license plates of such a motor vehicle become unfit for service, the owner of the motor vehicle may apply for the issuance of nonstandard license plates of that same type, but the registrar or deputy registrar shall issue such nonstandard license plates only if at the time of application the stock of the bureau contains license plates of that type of nonstandard license plate. If, at the time of such application, the stock of the bureau does not contain license plates of that type of nonstandard license plate, the registrar or deputy registrar shall inform the owner of that fact, and the application shall be refused.

If the program involving a type of nonstandard license plate
is terminated under division (B) of this section and the registration of motor vehicles displaying such license plates continues as permitted by this division, the registrar, for as long as such registrations continue to be issued, shall continue to collect and distribute any contribution that was required to be collected and distributed prior to the termination of that program.

(D) If the program involving a nonstandard license plate is terminated under division (B)(1) of this section, the sponsor of that license plate may apply to the registrar for the reestablishment of the program. If the program involving that nonstandard license plate is reestablished, the reestablishment is subject to division (B) of section 4503.78 of the Revised Code.

Sec. 4503.83. (A) Commencing January 1, 2014, the owner or lessee of a fleet of apportioned vehicles may apply to the registrar of motor vehicles for the registration of any apportioned vehicle, commercial trailer, or other vehicle of a class approved by the registrar and issuance of company logo license plates. The initial application shall be for not less than fifty eligible vehicles. The applicant shall provide the registrar the artwork for the company logo plate in a format designated by the registrar. The registrar shall approve the artwork or return the artwork for modification in accordance with any design requirements reasonably imposed by the registrar.

Upon approval of the artwork and receipt of the completed application and compliance with divisions (B) and (C) of this section, the registrar shall issue to the applicant the appropriate vehicle registration and the appropriate number of company logo license plates with a validation sticker or a validation sticker alone when required by section 4503.191 of the Revised Code, except that no validation sticker shall be issued.
under this section for a motor vehicle for which the registration
tax is specified in section 4503.042 of the Revised Code.

In addition to the letters and numbers ordinarily inscribed
on license plates, company logo license plates shall be inscribed
with words and markings requested by the applicant and approved by
the registrar.

(B) A company logo license plate and a validation sticker or,
when applicable, a validation sticker alone shall be issued upon
payment of the applicable regular license tax prescribed in
section 4503.042 or 4503.65 of the Revised Code for the
registration of a vehicle in this state, any applicable fees
prescribed in section 4503.10 of the Revised Code, any applicable
motor vehicle tax levied under Chapter 4504. of the Revised Code,
a bureau of motor vehicles fee of six dollars when a company logo
license plate actually is issued, and compliance with all other
applicable laws relating to the registration of motor vehicles. If
a company logo plate is issued to replace an existing license
plate for the same vehicle, the replacement license plate fees
prescribed in division (A) of section 4503.19 of the Revised Code
shall not apply.

(C) The registrar shall deposit the bureau of motor vehicles
fee specified in division (B) of this section, the purpose of
which is to compensate the bureau for the additional services
required in issuing company logo license plates, in the public
safety – highway purposes fund created in section 4501.06 of the
Revised Code.

Sec. 4504.201. No commercial car that is taxed under division
(A) of section 4503.65 of the Revised Code, and no commercial bus
that is taxed under division (B) of section 4503.65 of the Revised
Code, is subject to a tax established under section 4504.02.
Sec. 4505.06. (A) (1) Application for a certificate of title shall be made in a form prescribed by the registrar of motor vehicles and shall be sworn to before a notary public or other officer empowered to administer oaths. The application shall be filed with the clerk of any court of common pleas. An application for a certificate of title may be filed electronically by any electronic means approved by the registrar in any county with the clerk of the court of common pleas of that county. Any payments required by this chapter shall be considered as accompanying any electronically transmitted application when payment actually is received by the clerk. Payment of any fee or taxes may be made by electronic transfer of funds.

(2) The application for a certificate of title shall be accompanied by the fee prescribed in section 4505.09 of the Revised Code. The fee shall be retained by the clerk who issues the certificate of title and shall be distributed in accordance with that section. If a clerk of a court of common pleas, other than the clerk of the court of common pleas of an applicant's county of residence, issues a certificate of title to the applicant, the clerk shall transmit data related to the transaction to the automated title processing system.

(3) If a certificate of title previously has been issued for a motor vehicle in this state, the application for a certificate of title also shall be accompanied by that certificate of title duly assigned, unless otherwise provided in this chapter. If a certificate of title previously has not been issued for the motor vehicle in this state, the application, unless otherwise provided in this chapter, shall be accompanied by a manufacturer's or importer's certificate or by a certificate of title of another state from which the motor vehicle was brought into this state.
the application refers to a motor vehicle last previously
registered in another state, the application also shall be
accompanied by the physical inspection certificate required by
section 4505.061 of the Revised Code. If the application is made
by two persons regarding a motor vehicle in which they wish to
establish joint ownership with right of survivorship, they may do
so as provided in section 2131.12 of the Revised Code. If the
applicant requests a designation of the motor vehicle in
beneficiary form so that upon the death of the owner of the motor
vehicle, ownership of the motor vehicle will pass to a designated
transfer-on-death beneficiary or beneficiaries, the applicant may
do so as provided in section 2131.13 of the Revised Code. A person
who establishes ownership of a motor vehicle that is transferable
on death in accordance with section 2131.13 of the Revised Code
may terminate that type of ownership or change the designation of
the transfer-on-death beneficiary or beneficiaries by applying for
a certificate of title pursuant to this section. The clerk shall
retain the evidence of title presented by the applicant and on
which the certificate of title is issued, except that, if an
application for a certificate of title is filed electronically by
an electronic motor vehicle dealer on behalf of the purchaser of a
motor vehicle, the clerk shall retain the completed electronic
record to which the dealer converted the certificate of title
application and other required documents. The registrar, after
consultation with the attorney general, shall adopt rules that
govern the location at which, and the manner in which, are stored
the actual application and all other documents relating to the
sale of a motor vehicle when an electronic motor vehicle dealer
files the application for a certificate of title electronically on
behalf of the purchaser. Not later than December 31, 2017, the
registrar shall arrange for a service that enables all electronic
motor vehicle dealers to file applications for certificates of
title on behalf of purchasers of motor vehicles electronically by
transferring the applications directly from the computer systems of the dealers to the clerk.

The clerk shall use reasonable diligence in ascertaining whether or not the facts in the application for a certificate of title are true by checking the application and documents accompanying it or the electronic record to which a dealer converted the application and accompanying documents with the records of motor vehicles in the clerk's office. If the clerk is satisfied that the applicant is the owner of the motor vehicle and that the application is in the proper form, the clerk, within five business days after the application is filed and except as provided in section 4505.021 of the Revised Code, shall issue a physical certificate of title over the clerk's signature and sealed with the clerk's seal, unless the applicant specifically requests the clerk not to issue a physical certificate of title and instead to issue an electronic certificate of title. For purposes of the transfer of a certificate of title, if the clerk is satisfied that the secured party has duly discharged a lien notation but has not canceled the lien notation with a clerk, the clerk may cancel the lien notation on the automated title processing system and notify the clerk of the county of origin.

(4) In the case of the sale of a motor vehicle to a general buyer or user by a dealer, by a motor vehicle leasing dealer selling the motor vehicle to the lessee or, in a case in which the leasing dealer subleased the motor vehicle, the sublessee, at the end of the lease agreement or sublease agreement, or by a manufactured housing broker, the certificate of title shall be obtained in the name of the buyer by the dealer, leasing dealer, or manufactured housing broker, as the case may be, upon application signed by the buyer. The certificate of title shall be issued, or the process of entering the certificate of title application information into the automated title processing system
if a physical certificate of title is not to be issued shall be completed, within five business days after the application for title is filed with the clerk. If the buyer of the motor vehicle previously leased the motor vehicle and is buying the motor vehicle at the end of the lease pursuant to that lease, the certificate of title shall be obtained in the name of the buyer by the motor vehicle leasing dealer who previously leased the motor vehicle to the buyer or by the motor vehicle leasing dealer who subleased the motor vehicle to the buyer under a sublease agreement.

In all other cases, except as provided in section 4505.032 and division (D)(2) of section 4505.11 of the Revised Code, such certificates shall be obtained by the buyer.

(5)(a)(i) If the certificate of title is being obtained in the name of the buyer by a motor vehicle dealer or motor vehicle leasing dealer and there is a security interest to be noted on the certificate of title, the dealer or leasing dealer shall submit the application for the certificate of title and, if required by division (B)(5) of this section, payment of the applicable tax to a clerk within seven business days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle. Submission of the application for the certificate of title and payment, if required, of the applicable tax within the required seven business days may be indicated by postmark or receipt by a clerk within that period.

(ii) Upon receipt of the certificate of title with the security interest noted on its face, the dealer or leasing dealer shall forward the certificate of title to the secured party at the location noted in the financing documents or otherwise specified by the secured party.
(iii) A motor vehicle dealer or motor vehicle leasing dealer is liable to a secured party for a late fee of ten dollars per day for each certificate of title application and, if required by division (B)(5) of this section, payment of the applicable tax that is submitted to a clerk more than seven business days but less than twenty-one days after the later of the delivery of the motor vehicle to the buyer or the date the dealer or leasing dealer obtains the manufacturer's or importer's certificate, or certificate of title issued in the name of the dealer or leasing dealer, for the motor vehicle and, from then on, twenty-five dollars per day until the application and applicable tax are submitted to a clerk.

(b) In all cases of transfer of a motor vehicle except the transfer of a manufactured home or mobile home, the application for certificate of title shall be filed within thirty days after the assignment or delivery of the motor vehicle.

(c) An application for a certificate of title for a new manufactured home shall be filed within thirty days after the delivery of the new manufactured home to the purchaser. The date of the delivery shall be the date on which an occupancy permit for the manufactured home is delivered to the purchaser of the home by the appropriate legal authority.

(d) An application for a certificate of title for a used manufactured home or a used mobile home shall be filed as follows:

(i) If a certificate of title for the used manufactured home or used mobile home was issued to the motor vehicle dealer prior to the sale of the manufactured or mobile home to the purchaser, the application for certificate of title shall be filed within thirty days after the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority.
(ii) If the motor vehicle dealer has been designated by a secured party to display the manufactured or mobile home for sale, or to sell the manufactured or mobile home under section 4505.20 of the Revised Code, but the certificate of title has not been transferred by the secured party to the motor vehicle dealer, and the dealer has complied with the requirements of division (A) of section 4505.181 of the Revised Code, the application for certificate of title shall be filed within thirty days after the date on which the motor vehicle dealer obtains the certificate of title for the home from the secured party or the date on which an occupancy permit for the manufactured or mobile home is delivered to the purchaser by the appropriate legal authority, whichever occurs later.

(6) If an application for a certificate of title is not filed within the period specified in division (A)(5)(b), (c), or (d) of this section, the clerk shall collect a fee of five dollars for the issuance of the certificate, except that no such fee shall be required from a motor vehicle salvage dealer, as defined in division (A) of section 4738.01 of the Revised Code, who immediately surrenders the certificate of title for cancellation. The fee shall be in addition to all other fees established by this chapter, and shall be retained by the clerk. The registrar shall provide, on the certificate of title form prescribed by section 4505.07 of the Revised Code, language necessary to give evidence of the date on which the assignment or delivery of the motor vehicle was made.

(7) As used in division (A) of this section, "lease agreement," "lessee," and "sublease agreement" have the same meanings as in section 4505.04 of the Revised Code and "new manufactured home," "used manufactured home," and "used mobile home" have the same meanings as in section 5739.0210 of the Revised Code.
(B)(1) The clerk, except as otherwise provided in this section, shall refuse to accept for filing any application for a certificate of title and shall refuse to issue a certificate of title unless the dealer or the applicant, in cases in which the certificate shall be obtained by the buyer, submits with the application payment of the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code based on the purchaser's county of residence. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner showing payment of the tax or a receipt issued by the commissioner showing the payment of the tax. When submitting payment of the tax to the clerk, a dealer shall retain any discount to which the dealer is entitled under section 5739.12 of the Revised Code.

(2) For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent, and the clerk shall pay the poundage fee into the certificate of title administration fund created by section 325.33 of the Revised Code. The clerk shall not retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.
(3) In the case of casual sales of motor vehicles, as defined in section 4517.01 of the Revised Code, the price for the purpose of determining the tax shall be the purchase price on the assigned certificate of title executed by the seller and filed with the clerk by the buyer on a form to be prescribed by the registrar, which shall be prima-facie evidence of the amount for the determination of the tax.

(4) Each county clerk shall forward to the treasurer of state all sales and use tax collections resulting from sales of motor vehicles, off-highway motorcycles, and all-purpose vehicles during a calendar week on or before the Friday following the close of that week. If, on any Friday, the offices of the clerk of courts or the state are not open for business, the tax shall be forwarded to the treasurer of state on or before the next day on which the offices are open. Every remittance of tax under division (B)(4) of this section shall be accompanied by a remittance report in such form as the tax commissioner prescribes. Upon receipt of a tax remittance and remittance report, the treasurer of state shall date stamp the report and forward it to the tax commissioner. If the tax due for any week is not remitted by a clerk of courts as required under division (B)(4) of this section, the commissioner may require the clerk to forfeit the poundage fees for the sales made during that week. The treasurer of state may require the clerks of courts to transmit tax collections and remittance reports electronically.

(5) On and after January 1, 2018, a new or used motor vehicle dealer licensed in this state, in lieu of remitting the tax levied by or pursuant to Chapters 5739. and 5741. of the Revised Code to the clerk under this section, may elect to submit to the clerk a certificate acknowledging the sale or lease of the motor vehicle, stating the purchaser's county of residence, and pledging that the
dealer will report and remit the tax due as required by section 5739.12 or 5741.12 of the Revised Code, whichever is applicable.

For each dealer that reports and remits the tax due pursuant to an election under division (B)(5) of this section, the director of budget and management shall transfer from the general revenue fund to the certificate of title administration fund an amount equal to the poundage fees that the clerk would be entitled to retain if the dealer had remitted the tax due to the clerk under division (A)(5)(a) of this section. The registrar, in consultation with the tax commissioner, the director, and the clerks of courts of common pleas, shall develop a report from the automated title processing system that informs each clerk, the commissioner, and the director of the amount of the poundage fees that each clerk is permitted to receive because of the certificates of title issued by the clerks.

A motor vehicle dealer that does not report and remit the tax due pursuant to an election under division (B)(5) of this section shall pay the tax to the clerk of courts as provided in division (A)(5)(a) of this section.

(C)(1) If the transferor indicates on the certificate of title that the odometer reflects mileage in excess of the designed mechanical limit of the odometer, the clerk shall enter the phrase "exceeds mechanical limits" following the mileage designation. If the transferor indicates on the certificate of title that the odometer reading is not the actual mileage, the clerk shall enter the phrase "nonactual: warning - odometer discrepancy" following the mileage designation. The clerk shall use reasonable care in transferring the information supplied by the transferor, but is not liable for any errors or omissions of the clerk or those of the clerk's deputies in the performance of the clerk's duties created by this chapter.

The registrar shall prescribe an affidavit in which the transferor shall swear to the true selling price and, except as
provided in this division, the true odometer reading of the motor vehicle. The registrar may prescribe an affidavit in which the seller and buyer provide information pertaining to the odometer reading of the motor vehicle in addition to that required by this section, as such information may be required by the United States secretary of transportation by rule prescribed under authority of subchapter IV of the "Motor Vehicle Information and Cost Savings Act," 86 Stat. 961 (1972), 15 U.S.C. 1981.

(2) Division (C)(1) of this section does not require the giving of information concerning the odometer and odometer reading of a motor vehicle when ownership of a motor vehicle is being transferred as a result of a bequest, under the laws of intestate succession, to a survivor pursuant to section 2106.18, 2131.12, or 4505.10 of the Revised Code, to a transfer-on-death beneficiary or beneficiaries pursuant to section 2131.13 of the Revised Code, in connection with the creation of a security interest or for a vehicle with a gross vehicle weight rating of more than sixteen thousand pounds.

(D) When the transfer to the applicant was made in some other state or in interstate commerce, the clerk, except as provided in this section, shall refuse to issue any certificate of title unless the tax imposed by or pursuant to Chapter 5741. of the Revised Code based on the purchaser's county of residence has been paid as evidenced by a receipt issued by the tax commissioner, or unless the applicant submits with the application payment of the tax. Upon payment of the tax in accordance with division (E) of this section, the clerk shall issue a receipt prescribed by the registrar and agreed upon by the tax commissioner, showing payment of the tax.

For receiving and disbursing such taxes paid to the clerk by a resident of the clerk's county, the clerk may retain a poundage fee of one and one one-hundredth per cent. The clerk shall not
retain a poundage fee from payments of taxes by persons who do not reside in the clerk's county.

A clerk, however, may retain from the taxes paid to the clerk an amount equal to the poundage fees associated with certificates of title issued by other clerks of courts of common pleas to applicants who reside in the first clerk's county. The registrar, in consultation with the tax commissioner and the clerks of the courts of common pleas, shall develop a report from the automated title processing system that informs each clerk of the amount of the poundage fees that the clerk is permitted to retain from those taxes because of certificates of title issued by the clerks of other counties to applicants who reside in the first clerk's county.

When the vendor is not regularly engaged in the business of selling motor vehicles, the vendor shall not be required to purchase a vendor's license or make reports concerning those sales.

(E) The clerk shall accept any payment of a tax in cash, or by cashier's check, certified check, draft, money order, or teller check issued by any insured financial institution payable to the clerk and submitted with an application for a certificate of title under division (B) or (D) of this section. The clerk also may accept payment of the tax by corporate, business, or personal check, credit card, electronic transfer or wire transfer, debit card, or any other accepted form of payment made payable to the clerk. The clerk may require bonds, guarantees, or letters of credit to ensure the collection of corporate, business, or personal checks. Any service fee charged by a third party to a clerk for the use of any form of payment may be paid by the clerk from the certificate of title administration fund created in section 325.33 of the Revised Code, or may be assessed by the clerk upon the applicant as an additional fee. Upon collection,
the additional fees shall be paid by the clerk into that certificate of title administration fund.

The clerk shall make a good faith effort to collect any payment of taxes due but not made because the payment was returned or dishonored, but the clerk is not personally liable for the payment of uncollected taxes or uncollected fees. The clerk shall notify the tax commissioner of any such payment of taxes that is due but not made and shall furnish the information to the commissioner that the commissioner requires. The clerk shall deduct the amount of taxes due but not paid from the clerk's periodic remittance of tax payments, in accordance with procedures agreed upon by the tax commissioner. The commissioner may collect taxes due by assessment in the manner provided in section 5739.13 of the Revised Code.

Any person who presents payment that is returned or dishonored for any reason is liable to the clerk for payment of a penalty over and above the amount of the taxes due. The clerk shall determine the amount of the penalty, and the penalty shall be no greater than that amount necessary to compensate the clerk for banking charges, legal fees, or other expenses incurred by the clerk in collecting the returned or dishonored payment. The remedies and procedures provided in this section are in addition to any other available civil or criminal remedies. Subsequently collected penalties, poundage fees, and title fees, less any title fee due the state, from returned or dishonored payments collected by the clerk shall be paid into the certificate of title administration fund. Subsequently collected taxes, less poundage fees, shall be sent by the clerk to the treasurer of state at the next scheduled periodic remittance of tax payments, with information as the commissioner may require. The clerk may abate all or any part of any penalty assessed under this division.

(F) In the following cases, the clerk shall accept for filing
an application and shall issue a certificate of title without paying or evidence of payment of the tax:

(1) When the purchaser is this state or any of its political subdivisions, a church, or an organization whose purchases are exempted by section 5739.02 of the Revised Code;

(2) When the transaction in this state is not a retail sale as defined by section 5739.01 of the Revised Code;

(3) When the purchase is outside this state or in interstate commerce and the purpose of the purchaser is not to use, store, or consume within the meaning of section 5741.01 of the Revised Code;

(4) When the purchaser is the federal government;

(5) When the motor vehicle was purchased outside this state for use outside this state;

(6) When the motor vehicle is purchased by a nonresident under the circumstances described in division (B)(1) of section 5739.029 of the Revised Code, and upon presentation of a copy of the affidavit provided by that section, and a copy of the exemption certificate provided by section 5739.03 of the Revised Code;

(7) When the applicant is a new or used motor vehicle dealer that makes an election and submits a certificate under division (B)(5) of this section.

(G) An application, as prescribed by the registrar and agreed to by the tax commissioner, shall be filled out and sworn to by the buyer of a motor vehicle in a casual sale. The application shall contain the following notice in bold lettering: "WARNING TO TRANSFEROR AND TRANSFEREE (SELLER AND BUYER): You are required by law to state the true selling price. A false statement is in violation of section 2921.13 of the Revised Code and is punishable by six months' imprisonment or a fine of up to one thousand
dollars, or both. All transfers are audited by the department of taxation. The seller and buyer must provide any information requested by the department of taxation. The buyer may be assessed any additional tax found to be due."

(H) For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the clerk shall accept for filing, pursuant to Chapter 5739. of the Revised Code, an application for a certificate of title for a manufactured home or mobile home without requiring payment of any tax pursuant to section 5739.02, 5741.021, 5741.022, or 5741.023 of the Revised Code, or a receipt issued by the tax commissioner showing payment of the tax. For sales of manufactured homes or mobile homes occurring on or after January 1, 2000, the applicant shall pay to the clerk an additional fee of five dollars for each certificate of title issued by the clerk for a manufactured or mobile home pursuant to division (H) of section 4505.11 of the Revised Code and for each certificate of title issued upon transfer of ownership of the home. The clerk shall credit the fee to the county certificate of title administration fund, and the fee shall be used to pay the expenses of archiving those certificates pursuant to division (A) of section 4505.08 and division (H)(3) of section 4505.11 of the Revised Code. The tax commissioner shall administer any tax on a manufactured or mobile home pursuant to Chapters 5739. and 5741. of the Revised Code.

(I) Every clerk shall have the capability to transact by electronic means all procedures and transactions relating to the issuance of motor vehicle certificates of title that are described in the Revised Code as being accomplished by electronic means.

**Sec. 4508.02.** (A)(1) The director of public safety, subject to Chapter 119. of the Revised Code, shall adopt and prescribe such rules concerning the administration and enforcement of this

(2) The director shall adopt rules governing online driver education courses that may be completed via the internet to satisfy the classroom instruction under division (C) of this section. The rules shall do all of the following:

(a) Establish standards that an online driver training enterprise must satisfy to be licensed to offer an online driver education course via the internet, including, at a minimum, proven expertise in providing driver education and an acceptable infrastructure capable of providing secure online driver education in accord with advances in internet technology. (e) Establish any other requirements necessary to regulate online driver education.
(B) The director shall administer and enforce this chapter.

(C) The rules shall require twenty-four hours of in-person classroom instruction or completion of an approved, equivalent online driver education course offered via the internet by a licensed online driver training enterprise, and eight hours of actual behind-the-wheel instruction conducted on public streets and highways of this state for all beginning drivers of noncommercial motor vehicles who are under age eighteen. The rules also shall require the classroom instruction or online driver education course for such drivers to include instruction in the on both of the following:

(1) The dangers of driving a motor vehicle while using an electronic wireless communications device to write, send, or read a text-based communication;

(2) Substance abuse and prescription drug abuse, the science related to addiction, and the effect of psychoactive substances on the brain and on a person while operating a motor vehicle.

(D) The rules shall state the minimum hours for classroom and behind-the-wheel instruction required for beginning drivers of commercial trucks, commercial cars, buses, and commercial tractors, trailers, and semitrailers.

a fee to each online driver training enterprise per certificate supplied to pay the actual expenses the department incurs in supplying the certificates.

(F) The director shall adopt rules in accordance with Chapter 119. of the Revised Code governing an abbreviated driver training course for adults that must be completed by any applicant for an initial driver's license who is eighteen years of age or older and who failed the road or maneuverability test required under division (A)(2) of section 4507.11 of the Revised Code prior to attempting the test a second or subsequent time.

Sec. 4510.022. (A) As used in this section:

(1) "First-time offender" means a person whose driver's license or commercial driver's license or permit or nonresident operating privilege has been suspended for being convicted of, or pleading guilty to, an OVI offense under any of the following:

(a) Division (G)(1)(a) or (H)(1) of section 4511.19 of the Revised Code;

(b) Section 4510.07 of the Revised Code for a municipal OVI offense when the offense is equivalent to an offense under division (G)(1)(a) or (H)(1) of section 4511.19 of the Revised Code;

(c) Division (B) or (D) of section 4510.17 of the Revised Code when the offense is equivalent to an offense under division (G)(1)(a) or (H)(1) of section 4511.19 of the Revised Code.

(2) "OVI offense" means a violation of section 4511.19 of the Revised Code or a violation of a substantially similar municipal ordinance or law of another state or the United States.

(3) "Unlimited driving privileges" means driving privileges that are unrestricted as to purpose, time, and place, but that are subject to any other reasonable conditions imposed by a court.
under division (C)(2) of this section.

(B) A first-time offender may file a petition for unlimited driving privileges with a certified ignition interlock device during the period of suspension imposed for an OVI offense in the same manner and in the same venue as the person is permitted to apply for limited driving privileges.

(C)(1) With regard to a first-time offender, in any circumstance in which a court is authorized to grant limited driving privileges under section 4510.021, 4510.13, or 4510.17 of the Revised Code during the period of suspension, as applicable, the court may instead grant unlimited driving privileges with a certified ignition interlock device. No court shall grant unlimited driving privileges with a certified ignition interlock device during any period, or under any circumstance, that the court is prohibited from granting limited driving privileges.

(2) All of the following apply when a court grants unlimited driving privileges with a certified ignition interlock device to a first-time offender:

(a) The court shall issue an order authorizing the first-time offender to operate a motor vehicle only if the vehicle is equipped with a certified ignition interlock device, except as provided in division (C) of section 4510.43 of the Revised Code. The order may include any reasonable conditions other than conditions that restrict the driving privileges in terms of purpose, time, or place.

The court shall provide to the first-time offender a copy of the order and a notice that the first-time offender is subject to the sanctions specified in division (E) of this section.

The court also shall submit a copy of the order to the registrar of motor vehicles.

(b) The court may reduce the period of suspension imposed by
the court by an amount of time not greater than half the period of suspension.

(c) The court shall suspend any jail term imposed for the OVI offense. The court shall retain jurisdiction over the first-time offender until the expiration of the period of suspension imposed for the OVI offense and, if the offender violates any term or condition of the order during the period of suspension, the court shall require the first-time offender to serve the jail term.

(D)(1) A first-time offender shall present to the registrar or to a deputy registrar an order issued under this section and a certificate affirming the installation of a certified ignition interlock device that is in a form established by the director of public safety and that is signed by the person who installed the device. Upon presentation of the order and certificate to the registrar or a deputy registrar, the registrar or deputy registrar shall issue the offender a restricted license, unless the offender's driver's or commercial driver's license or permit is suspended under any other provision of law and limited driving privileges have not been granted with regard to that suspension. A restricted license issued under this division shall be identical to an Ohio driver's license, except that it shall have printed on its face a statement that the offender is prohibited from operating any motor vehicle that is not equipped with a certified ignition interlock device.

(2)(a) No person who has been granted unlimited driving privileges with a certified ignition interlock device under this section shall operate a motor vehicle prior to obtaining a restricted license. Any person who violates this prohibition is subject to the penalties prescribed in section 4510.14 of the Revised Code.

(b) The offense established under division (D)(2)(a) of this section is a strict liability offense and section 2901.20 of the
Revised Code does not apply.

(E) If a first-time offender has been granted unlimited driving privileges with a certified ignition interlock device under this section and the first-time offender either commits an ignition interlock device violation as defined under section 4510.46 of the Revised Code or the first-time offender operates a motor vehicle that is not equipped with a certified ignition interlock device, the following applies:

(1) On a first violation, the court may require the first-time offender to wear a monitor that provides continuous alcohol monitoring that is remote.

(2) On a second violation, the court shall require the first-time offender to wear a monitor that provides continuous alcohol monitoring that is remote for a minimum of forty days.

(3) On a third or subsequent violation, the court shall require the first-time offender to wear a monitor that provides continuous alcohol monitoring that is remote for a minimum of sixty days.

(4) With regard to any instance, the judge may increase the period of suspension and the period during which the first-time offender must drive a motor vehicle equipped with a certified ignition interlock device in the same manner as provided in division (A)(8)(c) of section 4510.13 of the Revised Code. The limitation under division (E) of section 4510.46 of the Revised Code applies to an increase under division (E)(4) of this section.

(5) If the instance occurred within sixty days of the end of the suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege and the court does not increase the period of the suspension under division (E)(4) of this section, the court shall proceed as follows:

(a) Issue an order extending the period of suspension and the
period of time during which the first-time offender must drive a vehicle equipped with a certified ignition interlock device so that the suspension terminates sixty days from the date the offender committed that violation.

(b) For each violation subsequent to a violation for which an extension was ordered under division (E)(5)(a) of this section, issue an order extending the period of suspension and the period of time during which the first-time offender must drive a vehicle equipped with a certified ignition interlock device so that the suspension terminates sixty days from the date the offender committed that violation.

The registrar of motor vehicles is prohibited from reinstating a first-time offender's license unless the applicable period of suspension has been served and no ignition interlock device violations have been committed within the sixty days prior to the application for reinstatement.

(F) With respect to an order issued under this section, the judge shall impose an additional court cost of two dollars and fifty cents upon the first-time offender. The judge shall not waive this payment unless the judge determines that the first-time offender is indigent and waives the payment of all court costs imposed upon the indigent first-time offender. The clerk of court shall transmit one hundred per cent of this mandatory court cost collected during a month on or before the twenty-third day of the following month to the state treasury to be credited to the state highway safety public safety - highway purposes fund created under section 4501.06 of the Revised Code. The department of public safety shall use the amounts collected to cover costs associated with maintaining the habitual OVI/OMWI offender registry created under section 5502.10 of the Revised Code.

A judge may impose an additional court cost of two dollars and fifty cents upon the first-time offender. The clerk of court...
shall retain this discretionary two dollar and fifty cent court 61828
cost, if imposed. The clerk shall deposit it in the court's 61829
special projects fund that is established under division (E)(1) of 61830
section 2303.201, division (B)(1) of section 1901.26, or division 61831
(B)(1) of section 1907.24 of the Revised Code. 61832

these divisions.

(D)(1)(a) In any criminal prosecution or juvenile court
proceeding for a violation of division (A)(1)(a) of this section
or for an equivalent offense that is vehicle-related, the result
of any test of any blood or urine withdrawn and analyzed at any
health care provider, as defined in section 2317.02 of the Revised
Code, may be admitted with expert testimony to be considered with
any other relevant and competent evidence in determining the guilt
or innocence of the defendant.

(b) In any criminal prosecution or juvenile court proceeding
for a violation of division (A) or (B) of this section or for an
equivalent offense that is vehicle-related, the court may admit
evidence on the concentration of alcohol, drugs of abuse,
controlled substances, metabolites of a controlled substance, or a
combination of them in the defendant's whole blood, blood serum or
plasma, breath, urine, or other bodily substance at the time of
the alleged violation as shown by chemical analysis of the
substance withdrawn within three hours of the time of the alleged
violation. The three-hour time limit specified in this division
regarding the admission of evidence does not extend or affect the two-hour time limit specified in division (A) of section 4511.192 of the Revised Code as the maximum period of time during which a person may consent to a chemical test or tests as described in that section. The court may admit evidence on the concentration of alcohol, drugs of abuse, or a combination of them as described in this division when a person submits to a blood, breath, urine, or other bodily substance test at the request of a law enforcement officer under section 4511.191 of the Revised Code or a blood or urine sample is obtained pursuant to a search warrant. Only a physician, a registered nurse, an emergency medical technician-intermediate, an emergency medical technician-paramedic, or a qualified technician, chemist, or phlebotomist shall withdraw a blood sample for the purpose of determining the alcohol, drug, controlled substance, metabolite of a controlled substance, or combination content of the whole blood, blood serum, or blood plasma. This limitation does not apply to the taking of breath or urine specimens. A person authorized to withdraw blood under this division may refuse to withdraw blood under this division, if in that person's opinion, the physical welfare of the person would be endangered by the withdrawing of blood.

The bodily substance withdrawn under division (D)(1)(b) of this section shall be analyzed in accordance with methods approved by the director of health by an individual possessing a valid permit issued by the director pursuant to section 3701.143 of the Revised Code.

(c) As used in division (D)(1)(b) of this section, "emergency medical technician-intermediate" and "emergency medical technician-paramedic" have the same meanings as in section 4765.01 of the Revised Code.

(2) In a criminal prosecution or juvenile court proceeding
for a violation of division (A) of this section or for an equivalent offense that is vehicle-related, if there was at the time the bodily substance was withdrawn a concentration of less than the applicable concentration of alcohol specified in divisions (A)(1)(b), (c), (d), and (e) of this section or less than the applicable concentration of a listed controlled substance or a listed metabolite of a controlled substance specified for a violation of division (A)(1)(j) of this section, that fact may be considered with other competent evidence in determining the guilt or innocence of the defendant. This division does not limit or affect a criminal prosecution or juvenile court proceeding for a violation of division (B) of this section or for an equivalent offense that is substantially equivalent to that division.

(3) Upon the request of the person who was tested, the results of the chemical test shall be made available to the person or the person's attorney, immediately upon the completion of the chemical test analysis.

If the chemical test was obtained pursuant to division (D)(1)(b) of this section, the person tested may have a physician, a registered nurse, or a qualified technician, chemist, or phlebotomist of the person's own choosing administer a chemical test or tests, at the person's expense, in addition to any administered at the request of a law enforcement officer. If the person was under arrest as described in division (A)(5) of section 4511.191 of the Revised Code, the arresting officer shall advise the person at the time of the arrest that the person may have an independent chemical test taken at the person's own expense. If the person was under arrest other than described in division (A)(5) of section 4511.191 of the Revised Code, the form to be read to the person to be tested, as required under section 4511.192 of the Revised Code, shall state that the person may have an independent test performed at the person's expense. The failure
or inability to obtain an additional chemical test by a person shall not preclude the admission of evidence relating to the chemical test or tests taken at the request of a law enforcement officer.

(4)(a) As used in divisions (D)(4)(b) and (c) of this section, "national highway traffic safety administration" means the national highway traffic safety administration established as an administration of the United States department of transportation under 96 Stat. 2415 (1983), 49 U.S.C.A. 105.

(b) In any criminal prosecution or juvenile court proceeding for a violation of division (A) or (B) of this section, of a municipal ordinance relating to operating a vehicle while under the influence of alcohol, a drug of abuse, or alcohol and a drug of abuse, or of a municipal ordinance relating to operating a vehicle with a prohibited concentration of alcohol, a controlled substance, or a metabolite of a controlled substance in the whole blood, blood serum or plasma, breath, or urine, if a law enforcement officer has administered a field sobriety test to the operator of the vehicle involved in the violation and if it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with the testing standards for any reliable, credible, and generally accepted field sobriety tests that were in effect at the time the tests were administered, including, but not limited to, any testing standards then in effect that were set by the national highway traffic safety administration, all of the following apply:

(i) The officer may testify concerning the results of the field sobriety test so administered.

(ii) The prosecution may introduce the results of the field sobriety test so administered as evidence in any proceedings in the criminal prosecution or juvenile court proceeding.
(iii) If testimony is presented or evidence is introduced under division (D)(4)(b)(i) or (ii) of this section and if the testimony or evidence is admissible under the Rules of Evidence, the court shall admit the testimony or evidence and the trier of fact shall give it whatever weight the trier of fact considers to be appropriate.

(c) Division (D)(4)(b) of this section does not limit or preclude a court, in its determination of whether the arrest of a person was supported by probable cause or its determination of any other matter in a criminal prosecution or juvenile court proceeding of a type described in that division, from considering evidence or testimony that is not otherwise disallowed by division (D)(4)(b) of this section.

(E)(1) Subject to division (E)(3) of this section, in any criminal prosecution or juvenile court proceeding for a violation of division (A)(1)(b), (c), (d), (e), (f), (g), (h), (i), or (j) or (B)(1), (2), (3), or (4) of this section or for an equivalent offense that is substantially equivalent to any of those divisions, a laboratory report from any laboratory personnel issued a permit by the department of health authorizing an analysis as described in this division that contains an analysis of the whole blood, blood serum or plasma, breath, urine, or other bodily substance tested and that contains all of the information specified in this division shall be admitted as prima-facie evidence of the information and statements that the report contains. The laboratory report shall contain all of the following:

(a) The signature, under oath, of any person who performed the analysis;

(b) Any findings as to the identity and quantity of alcohol, a drug of abuse, a controlled substance, a metabolite of a controlled substance, or a combination of them that was found;
(c) A copy of a notarized statement by the laboratory director or a designee of the director that contains the name of each certified analyst or test performer involved with the report, the analyst's or test performer's employment relationship with the laboratory that issued the report, and a notation that performing an analysis of the type involved is part of the analyst's or test performer's regular duties;

(d) An outline of the analyst's or test performer's education, training, and experience in performing the type of analysis involved and a certification that the laboratory satisfies appropriate quality control standards in general and, in this particular analysis, under rules of the department of health.

(2) Notwithstanding any other provision of law regarding the admission of evidence, a report of the type described in division (E)(1) of this section is not admissible against the defendant to whom it pertains in any proceeding, other than a preliminary hearing or a grand jury proceeding, unless the prosecutor has served a copy of the report on the defendant's attorney or, if the defendant has no attorney, on the defendant.

(3) A report of the type described in division (E)(1) of this section shall not be prima-facie evidence of the contents, identity, or amount of any substance if, within seven days after the defendant to whom the report pertains or the defendant's attorney receives a copy of the report, the defendant or the defendant's attorney demands the testimony of the person who signed the report. The judge in the case may extend the seven-day time limit in the interest of justice.

(F) Except as otherwise provided in this division, any physician, registered nurse, emergency medical technician-intermediate, emergency medical technician-paramedic, or qualified technician, chemist, or phlebotomist who withdraws blood from a person pursuant to this section or section 4511.191
or 4511.192 of the Revised Code, and any hospital, first-aid
station, or clinic at which blood is withdrawn from a person
pursuant to this section or section 4511.191 or 4511.192 of the
Revised Code, is immune from criminal liability and civil
liability based upon a claim of assault and battery or any other
claim that is not a claim of malpractice, for any act performed in
withdrawing blood from the person. The immunity provided in this
division also extends to an emergency medical service organization
that employs an emergency medical technician-intermediate or
emergency medical technician-paramedic who withdraws blood under
this section. The immunity provided in this division is not
available to a person who withdraws blood if the person engages in
willful or wanton misconduct.

As used in this division, "emergency medical
technician-intermediate" and "emergency medical
technician-paramedic" have the same meanings as in section 4765.01
of the Revised Code.

(G)(1) Whoever violates any provision of divisions (A)(1)(a)
to (i) or (A)(2) of this section is guilty of operating a vehicle
under the influence of alcohol, a drug of abuse, or a combination
of them. Whoever violates division (A)(1)(j) of this section is
guilty of operating a vehicle while under the influence of a
listed controlled substance or a listed metabolite of a controlled
substance. The court shall sentence the offender for either
offense under Chapter 2929. of the Revised Code, except as
otherwise authorized or required by divisions (G)(1)(a) to (e) of
this section:

(a) Except as otherwise provided in division (G)(1)(b), (c),
(d), or (e) of this section, the offender is guilty of a
misdemeanor of the first degree, and the court shall sentence the
offender to all of the following:

(i) If the sentence is being imposed for a violation of
division (A)(1)(a), (b), (c), (d), (e), or (j) of this section, a mandatory jail term of three consecutive days. As used in this division, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this division if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code and requires the offender to attend, for three consecutive days, a drivers' intervention program certified under section 5119.38 of the Revised Code. The court also may suspend the execution of any part of the three-day jail term under this division if it places the offender under a community control sanction pursuant to section 2929.25 of the Revised Code for part of the three days, requires the offender to attend for the suspended part of the term a drivers' intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three consecutive days that the offender does not spend attending the program. The court may require the offender, as a condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Chapter 5119. of the Revised Code by the director of mental health and addiction services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.
If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(i) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(i) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

(ii) If the sentence is being imposed for a violation of division (A)(1)(f), (g), (h), or (i) or division (A)(2) of this section, except as otherwise provided in this division, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to section 5119.38 of the Revised Code. As used in this division, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to attend a drivers' intervention program, or if the jail at which the offender is to serve the jail term imposed can provide a driver's intervention program, the court shall sentence the offender to a mandatory jail term of at least six consecutive days.

If the court grants unlimited driving privileges to a first-time offender under section 4510.022 of the Revised Code, all penalties imposed upon the offender by the court under division (G)(1)(a)(ii) of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under division (G)(1)(a)(ii) of this section upon granting unlimited driving privileges in accordance with section 4510.022 of the Revised Code.

The court may require the offender, under a community control
sanction imposed under section 2929.25 of the Revised Code, to
attend and satisfactorily complete any treatment or education
programs that comply with the minimum standards adopted pursuant
to Chapter 5119. of the Revised Code by the director of mental

(H) The board, after a hearing in accordance with Chapter 119. of the Revised Code or pursuant to a consent agreement, may suspend a license, permit, or registration if the licensee, permit holder, or registrant fails to correct an unsafe condition that exists in violation of the board's rules or fails to cooperate in an inspection. If a violation of this chapter or rules adopted...
under it has resulted in a condition reasonably believed by an inspector to create an immediate danger to the health and safety of any individual using the facility, the inspector may suspend the license or permit of the facility or the individual responsible for the violation without a prior hearing until the condition is corrected or until a hearing in accordance with Chapter 119. of the Revised Code is held or a consent agreement is entered into and the board either upholds the suspension or reinstates the license, permit, or registration.

(I) The board shall not take disciplinary action against an individual licensed to operate a salon or school of cosmetology for a violation of this chapter that was committed by an individual licensed to practice a branch of cosmetology, while practicing within the salon or school, when the individual's actions were beyond the control of the salon owner or school.

(B)(1) The board of embalmers and funeral directors shall refuse to grant or renew, or shall suspend or revoke, an embalmer's, funeral director's, funeral home, or embalming facility a license or permit only in accordance with Chapter 119 of the Revised Code.

(2) The board shall send to the crematory review board written notice that it proposes to refuse to issue or renew, or proposes to suspend or revoke, a license to operate a crematory facility. If, after the conclusion of the adjudicatory hearing on the matter conducted under division (F) of section 4717.03 of the Revised Code, the board of embalmers and funeral directors finds that any of the circumstances described in divisions (A)(1) to (10)(9) of this section apply to the person named in its proposed action, the board may issue a final order under division (F) of section 4717.03 of the Revised Code refusing to issue or renew, or suspending or revoking, the person's license to operate a crematory facility.

(C) If the board of embalmers and funeral directors determines that there is clear and convincing evidence that any of the circumstances described in divisions (A)(1) to (10)(9) of this section apply to the holder of a license or permit issued under this chapter and that the licensee's or permit holder's continued practice presents a danger of immediate and serious harm to the public, the board may suspend the licensee's license or permit holder's permit without a prior adjudicatory hearing. The executive director of the board shall prepare written allegations for consideration by the board.

The board, after reviewing the written allegations, may suspend a license or permit without a prior hearing.

The board shall issue a written order of suspension by a delivery system or in person in accordance with section 119.07 of the Revised Code. Such an order is not subject to suspension by
the court during the pendency of any appeal filed under section 119.12 of the Revised Code. If the licensee or permit holder of an embalmer's, funeral director's, funeral home, or embalming facility license requests an adjudicatory hearing by the board, the date set for the hearing shall be within fifteen days, but not earlier than seven days, after the licensee or permit holder has requested a hearing, unless the board and the licensee or permit holder agree to a different time for holding the hearing.

Upon issuing a written order of suspension to the holder of a license to operate a crematory facility, the board of embalmers and funeral directors shall send written notice of the issuance of the order to the crematory review board. The crematory review board shall hold an adjudicatory hearing on the order under division (F) of section 4717.03 of the Revised Code within fifteen days, but not earlier than seven days, after the issuance of the order, unless the crematory review board and the licensee agree to a different time for holding the adjudicatory hearing.

Any summary suspension imposed under this division shall remain in effect, unless reversed on appeal, until a final adjudicatory order issued by the board of embalmers and funeral directors pursuant to this division and Chapter 119. of the Revised Code, or division (F) of section 4717.03 of the Revised Code, as applicable, becomes effective. The board of embalmers and funeral directors shall issue its final adjudicatory order within sixty days after the completion of its hearing or, in the case of the summary suspension of a license to operate a crematory facility, within sixty days after completion of the adjudicatory hearing by the crematory review board. A failure to issue the order within that time results in the dissolution of the summary suspension order, but does not invalidate any subsequent final adjudicatory order.

(D) If the board of embalmers and funeral directors suspends
or revokes a funeral director's license held by a funeral director or a license to operate a funeral home for any reason identified in division (A) of this section, the board may file a complaint with the court of common pleas in the county where the violation occurred requesting appointment of a receiver and the sequestration of the assets of the funeral home that held the suspended or revoked license or the licensed funeral home that employs the funeral director that held the suspended or revoked license. If the court of common pleas is satisfied with the application for a receivership, the court may appoint a receiver.

The board or a receiver may employ and procure whatever assistance or advice is necessary in the receivership or liquidation and distribution of the assets of the funeral home, and, for that purpose, may retain officers or employees of the funeral home as needed. All expenses of the receivership or liquidation shall be paid from the assets of the funeral home and shall be a lien on those assets, and that lien shall be a priority to any other lien.

(E) Any holder of a license or permit issued under this chapter who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in this state for aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery, or aggravated burglary, or who has pleaded guilty to, has been found by a judge or jury to be guilty of, or has had a judicial finding of eligibility for treatment in lieu of conviction entered against the individual in another jurisdiction for any substantially equivalent criminal offense, is hereby suspended from practice under this chapter by operation of law, and any license or permit issued to the individual under this chapter is hereby suspended by...
operation of law as of the date of the guilty plea, verdict or finding of guilt, or judicial finding of eligibility for treatment in lieu of conviction, regardless of whether the proceedings are brought in this state or another jurisdiction. The board shall notify the suspended individual of the suspension of the individual's license or permit by the operation of this division by a delivery system or in person in accordance with section 119.07 of the Revised Code. If an individual whose license or permit is suspended under this division fails to make a timely request for an adjudicatory hearing, the board shall enter a final order revoking the license.

(F) No person whose license or permit has been suspended or revoked under or by the operation of this section shall knowingly practice embalming or funeral directing, or cremation, or operate a funeral home, embalming facility, or crematory facility until the board has reinstated the person's license or permit.

Sec. 4717.15. (A) The board of embalmers and funeral directors, without the necessity for conducting a prior adjudication hearing, may issue a notice of violation to the holder of an embalmer's, funeral director's, funeral home, or embalming facility, or crematory facility license, or a crematory operator permit or a courtesy card permit issued under this chapter who the board finds has committed any of the violations described in divisions division (A)(9)(a) to (g) of section 4717.04 of the Revised Code. The notice shall set forth the specific violation committed by the licensee or permit holder and shall be sent by certified mail. The notice shall be accompanied by an order requiring the payment of the appropriate forfeiture prescribed in rules adopted under division (A)(9) of section 4717.04 of the Revised Code and by a notice informing the licensee or permit holder that the licensee is entitled to an adjudicatory hearing on the notice of violation and order if the licensee or
permit holder requests a hearing and if the board receives the
request within thirty days after the mailing of the notice of
violation and order. The board shall conduct any such adjudicatory
hearing in accordance with Chapter 119. of the Revised Code,
except as otherwise provided in this division.

A licensee or permit holder who receives a notice of
violation and order under this division shall pay to the executive
director of the board the full amount of the forfeiture by
certified check within thirty days after the notice of violation
and order were mailed to the licensee or permit holder unless,
within that time, the licensee or permit holder submits a request
for an adjudicatory hearing on the notice of violation and order.
If such a request for an adjudicatory hearing is timely filed, the
licensee or permit holder need not pay the forfeiture to the
executive director until after a final, nonappealable
administrative or judicial decision is rendered on the order
requiring payment of the forfeiture. If a final nonappealable
administrative or judicial decision is rendered affirming the
board's order, the licensee or permit holder shall pay to the
executive director of the board the full amount of the forfeiture
by certified check within thirty days after notice of the decision
was sent to the licensee. A forfeiture is considered to be paid
when the licensee's or permit holder's certified check is received
by the executive director in Columbus. If the licensee or permit
holder fails to so pay the full amount of the forfeiture to the
executive director within that time, the board shall issue an
order suspending or revoking the individual's license or permit,
as the board considers appropriate.

(B) The board shall send to the crematory review board
written notice that it proposes to issue to the holder of a
license to operate a crematory facility issued under this chapter
a notice of violation and order requiring payment of a forfeiture.
specified in rules adopted under division (A)(9) of section 4717.04 of the Revised Code. If, after the conclusion of the adjudicatory hearing on the matter conducted under division (F) of section 4717.03 of the Revised Code, the board of embalmers and funeral directors finds that the licensee has committed any of the violations described in divisions (A)(9)(a) through (g) of section 4717.04 of the Revised Code in connection with the operation of a crematory facility or cremation, the board of embalmers and funeral directors may issue a final order under division (F) of section 4717.03 of the Revised Code requiring payment of the appropriate forfeiture specified in rules adopted under division (A)(9) of section 4717.04 of the Revised Code. A licensee who receives such an order shall pay the full amount of the forfeiture to the executive director by certified check within thirty days after the order was sent to the licensee unless, within that time, the licensee files a notice of appeal in accordance with division (F) of section 4717.03 and section 119.12 of the Revised Code. If such a notice of appeal is timely filed, the licensee or permit holder need not pay the forfeiture to the executive director until after a final, nonappealable judicial decision is rendered in the appeal. If a final, nonappealable judicial decision is rendered affirming the board's order, the licensee or permit holder shall pay to the executive director the full amount of the forfeiture by certified check within thirty days after notice of the decision was sent to the licensee or permit holder. A forfeiture is considered paid when the licensee or permit holder's certified check is received by the executive director in Columbus. If the licensee or permit holder fails to so pay the full amount of the forfeiture to the executive director within that time, the board shall issue an order suspending or revoking the individual's license, as the board considers appropriate.
Sec. 4717.16. On receipt of a notice pursuant to section 3123.43 of the Revised Code, the board of embalmers and funeral directors shall comply with sections 3123.41 to 3123.50 of the Revised Code and any applicable rules adopted under section 3123.63 of the Revised Code with respect to a license or permit issued pursuant to this chapter.

Sec. 4717.21. (A) Any person, on an antemortem basis, may serve as the person's own authorizing agent, authorize the person's own cremation, and specify the arrangements for the final disposition of the person's own cremated remains by executing an antemortem cremation authorization form. A guardian, custodian, or other personal representative who is authorized by law or contract to do so on behalf of a person, on an antemortem basis, may authorize the cremation of the person and specify the arrangements for the final disposition of the person's cremated remains by executing an antemortem cremation authorization form on the person's behalf. Any such antemortem cremation authorization form also shall be signed by one witness. The original copy of the executed authorization form shall be sent to the operator of the crematory facility being authorized to conduct the cremation, and a copy shall be retained by the person who executed the authorization form. The person who executed an antemortem cremation authorization form may revoke the authorization at any time by providing written notice of the revocation to the operator of the crematory facility named in the authorization form. The person who executed the authorization form may transfer the authorization to another crematory facility by providing written notice to the operator of the crematory facility named in the original authorization of the revocation of the authorization and, in accordance with this division, executing a new antemortem cremation authorization form authorizing the operator of another
crematory facility to conduct the cremation.

(B)(1) Each antemortem cremation authorization form shall specify the final disposition that is to be made of the cremated remains.

(2) Every antemortem cremation authorization form entered into on or after the effective date of this amendment, October 12, 2006, shall specify the final disposition that is to be made of the remains and shall include a provision in substantially the following form:

NOTICE: Upon the death of the person who is the subject of this antemortem cremation authorization, the person holding the right of disposition under section 2108.70 or 2108.81 of the Revised Code may cancel the cremation arrangements, modify the arrangements for the final disposition of the cremated remains, or make alternative arrangements for the final disposition of the decedent's body. However, the person executing this antemortem cremation authorization is encouraged to state his or her preferences as to the manner of final disposition in a declaration of the right of disposition pursuant to section 2108.72 of the Revised Code, including that the arrangements set forth in this form shall be followed.

(C)(1) Except as provided in division (C)(2) of this section, when the operator of a crematory facility is in possession of a cremation authorization form that has been executed on an antemortem basis in accordance with this section, the other conditions set forth in division (A) of section 4717.23 of the Revised Code have been met, the crematory facility has possession of the decedent to which the antemortem authorization pertains, and the crematory facility has received payment for the cremation of the decedent and the final disposition of the cremated remains of the decedent or is otherwise assured of payment for those services, the crematory facility shall cremate the decedent as
directed and dispose of the cremated remains in accordance with the instructions contained in the antemortem cremation authorization form.

(2) A person with the right of disposition for a decedent under section 2108.70 or 2108.81 of the Revised Code who is not disqualified under section 2108.75 of the Revised Code may cancel the arrangements for the decedent's cremation, modify the arrangements for the final disposition of the decedent's cremated remains, or make alternative arrangements for the final disposition of the decedent's body. If a person with the right takes any such action, the operator crematory facility shall disregard the instructions contained in the antemortem cremation authorization form and follow the instructions of the person with the right.

(D) An antemortem cremation authorization form executed under division (A) of this section does not constitute a contract for conducting the cremation of the person named in the authorization form or for the final disposition of the person's cremated remains. Despite the existence of such an antemortem cremation authorization, a person with the right of disposition for a decedent under section 2108.70 or 2108.81 of the Revised Code may modify, in writing, the arrangements for the final disposition of the cremated remains of the decedent set forth in the authorization form or may cancel the cremation and claim the decedent's body for purposes of making alternative arrangements for the final disposition of the decedent's body. The revocation of an antemortem cremation authorization form executed under division (A) of this section, or the cancellation of the cremation of the person named in the antemortem authorization or modification of the arrangements for the final disposition of the person's cremated remains as authorized by this division, does not affect the validity or enforceability of any contract entered into 

16
for the cremation of the person named in the antemortem authorization or for the final disposition of the person's cremated remains.

(E) Nothing in this section applies to any antemortem cremation authorization form executed prior to the effective date of this section August 5, 1998. Any cemetery, funeral home, crematory facility, or other party may specify, with the written approval of the person who executed the antemortem authorization, that such an antemortem authorization is subject to sections 4717.21 to 4717.30 of the Revised Code.

Sec. 4717.23. (A) No crematory operator of a crematory facility shall cremate or allow the cremation at a crematory facility the operator is licensed to operate under this chapter of a dead human body, other than one that was donated to science for purposes of medical education or research, until all of the following have occurred:

(1) A period of at least twenty-four hours has elapsed since the decedent's death as indicated on a complete, nonprovisional death certificate filed under section 3705.16 of the Revised Code or under the laws of another state that are substantially equivalent to that section, unless, if the decedent died from a virulent communicable disease, the department of health or board of health having territorial jurisdiction where the death of the decedent occurred requires by rule or order the cremation to occur prior to the end of that period;

(2) The operator crematory facility has received a burial or burial-transit permit that authorizes the cremation of the decedent;

(3) The operator crematory facility has received a completed cremation authorization form executed pursuant to section 4717.21 or 4717.24 of the Revised Code, as applicable, that authorizes the
cremation of the decedent. A blank cremation authorization form shall be provided by the operator crematory facility and shall comply with section 4717.24 of the Revised Code and, if applicable, section 4717.21 of the Revised Code.

(4) The operator crematory facility has received any other documentation required by this state or a political subdivision of this state.

(B) No crematory operator of a crematory facility shall cremate or allow the cremation of any body parts, including, without limitation, dead human bodies that were donated to science for purposes of medical research or education, at a crematory facility the operator is licensed to operate in this state until both of the following have occurred:

(1) The operator crematory facility has received a completed cremation authorization form executed pursuant to section 4717.25 of the Revised Code or, if the decedent has executed an antemortem cremation authorization form in accordance with section 4717.21 of the Revised Code and has donated the decedent's body to science for purposes of medical education or research, such an antemortem cremation authorization form;

(2) The operator crematory facility has received any other documentation required by this state or a political subdivision of this state.

Sec. 4717.24. (A) A cremation authorization form authorizing the cremation of a dead human body, other than one that was donated to science for purposes of medical education or research, shall include at least all of the following information and statements:

(1) A statement that the decedent has been identified in accordance with division (B) of this section;
(2) The name of the funeral director or other individual who
obtained the burial or burial-transit permit authorizing the
cremation of the decedent;
(3) The name of the authorizing agent and the relationship of
the authorizing agent to the decedent;
(4) A statement that the authorizing agent in fact has the
right to authorize cremation of the decedent and that the
authorizing agent does not have actual knowledge of the existence
of any living person who has a superior priority right to act as
the authorizing agent under section 4717.22 of the Revised Code.
If the person executing the cremation authorization form knows of
another living person who has such a superior priority right, the
authorization form shall include a statement indicating that the
person executing the authorization form has made reasonable
efforts to contact the person having the superior priority right
and has been unable to do so and that the person executing the
authorization form has no reason to believe that the person having
the superior priority right would object to the cremation of the
decedent.
(5) A statement of whether the authorizing agent has actual
knowledge of the presence in the decedent of a pacemaker,
defibrillator, or any other mechanical or radioactive device or
implant that poses a hazard to the health or safety of personnel
performing the cremation;
(6) A statement indicating the crematory facility is to
cremate the casket or alternative container in which the decedent
was delivered to or accepted by the crematory facility;
(7) A statement of whether the crematory facility is
authorized to simultaneously cremate the decedent in the same
cremation chamber with one or more other decedents who were
related to the decedent named in the cremation authorization form
by consanguinity or affinity or who, at any time during the one-year period preceding the decedent's death, lived with the decedent in a common law marital relationship or otherwise cohabited with the decedent. A cremation authorization form executed under this section shall not authorize the simultaneous cremation of a decedent in the same cremation chamber with one or more other decedents except under the circumstances described in the immediately preceding sentence.

(8) The names of any persons designated by the authorizing agent to be present in the holding facility or cremation room prior to or during the cremation of the decedent or during the removal of the cremated remains from the cremation chamber;

(9) The authorization for the crematory facility to cremate the decedent and to process or pulverize the cremated remains as is the practice at the particular crematory facility;

(10) A statement of whether it is the crematory facility's practice to return all of the residue removed from the cremation chamber following the cremation or to separate and remove foreign matter from the residue before returning the cremated remains to the authorizing agent or the person designated on the authorization form to receive the cremated remains pursuant to division (A)(11) of this section;

(11) The name of the person who is to receive the cremated remains of the decedent from the crematory facility;

(12) The manner in which the final disposition of the cremated remains of the decedent is to occur, if known. If the cremation authorization form does not specify the manner of the final disposition of the cremated remains, it shall indicate that the cremated remains will be held by the crematory facility for thirty days after the cremation, unless, prior to the end of that period, they are picked up from the crematory facility by the
person designated on the cremation authorization form to receive them, the authorizing agent, or, if applicable, the funeral director who obtained the burial or burial-transit permit for the decedent, or are delivered or shipped by the operator of the crematory facility to one of those persons. The authorization form shall indicate that if no instructions for the final disposition are provided on the authorization form and that if no arrangements for final disposition have been made within the thirty-day period, the crematory facility may return the cremated remains to the authorizing agent. The authorization form shall further indicate that if no arrangements for the final disposition of the cremated remains have been made within sixty days after the completion of the cremation and if the authorizing agent has not picked them up or caused them to be picked up within that period, the crematory operator or crematory facility may dispose of them in accordance with division (C) of section 4717.27 of the Revised Code.

(13) A listing of the items of value to be delivered to the crematory facility along with the dead human body, if any, and instructions regarding how those items are to be handled;

(14) A statement of whether the authorizing agent has made arrangements for any type of viewing of the decedent or for a service with the decedent present prior to the cremation and, if so, the date, time, and place of the service;

(15) A statement of whether the crematory facility may proceed with the cremation at any time after the conditions set forth in division (A) of section 4717.23 of the Revised Code have been met and the decedent has been received at the facility;

(16) The certification of the authorizing agent to the effect that all of the information and statements contained in the authorization form are accurate;

(17) The signature of the authorizing agent and the signature
of at least one witness who observed the authorizing agent execute the cremation authorization form.

(B) In making the identification of the decedent required by division (A)(1) of this section, the funeral home arranging the cremation shall require the authorizing agent or the agent's appointed representative to visually identify the decedent's remains or a photograph or other visual image of the remains. If identification is by photograph or other visual image, the authorizing agent or representative shall sign the photograph or other visual image. If visual identification is not feasible, other positive identification of the decedent may be used including, but not limited to, reliance upon an identification made through the coroner's office or identification of photographs or other visual images of scars, tattoos, or physical deformities taken from the decedent's remains.

(C) An authorizing agent who is not available to execute a cremation authorization form in person may designate another individual to serve as the authorizing agent by providing to the operator of the crematory facility where the cremation is to occur a written designation, acknowledged before a notary public or other person authorized to administer oaths, authorizing that other individual to serve as the authorizing agent, or by sending to the operator a facsimile transmission of the written designation that has been so acknowledged. Any such written designation shall contain the name of the decedent, the name and address of the authorizing agent, the relationship of the authorizing agent to the decedent, and the name and address of the individual who is being designated to serve as the authorizing agent. Upon receiving such a written designation or a facsimile transmission of such a written designation, the operator shall permit the individual named in the written designation to serve as the authorizing agent and to execute the cremation authorization.
form authorizing the cremation of the decedent named in the written designation.

(D) An authorizing agent who signs a cremation authorization form under this section is hereby deemed to warrant the accuracy of the information and statements contained in such authorization form, including the identification of the decedent and the agent's authority to authorize the cremation. A funeral home and its employees are not responsible for verifying the accuracy of any information or statements the authorizing agent made on the authorization form, unless the funeral home or its employees have actual knowledge to the contrary regarding any such information or statement. When delivering the decedent's remains to a crematory facility or in carrying out the disposition in its own facility, the funeral home is responsible for having the decedent identified pursuant to division (B) of this section and carrying out the obligations imposed on the funeral home by division (B) of section 4717.29 of the Revised Code.

(E) At any time after executing a cremation authorization form and prior to the beginning of the cremation process, the authorizing agent who executed the cremation authorization form under division (A) or (C) of this section may, in writing, modify the arrangements for the final disposition of the cremated remains of the decedent set forth in the authorization form or may, in writing, revoke the authorization, cancel the cremation, and claim the decedent's body for purposes of making alternative arrangements for the final disposition of the decedent's body. The operator of a crematory facility shall cancel the cremation if the operator of the crematory facility receives such a revocation before beginning the cremation.

(F) A cremation authorization form executed under this section does not constitute a contract for conducting the cremation of the decedent named in the authorization form or for
the final disposition of the cremated remains of the decedent. The revocation of a cremation authorization form or modification of the arrangements for the final disposition of the cremated remains of the decedent pursuant to division (E) of this section does not affect the validity or enforceability of any contract for the cremation of the decedent named in the authorization form or for the final disposition of the cremated remains of the decedent.

Sec. 4717.25. (A) A cremation authorization form authorizing the cremation of any body parts, including, without limitation, dead human bodies that were donated to science for purposes of medical education or research shall include at least all of the following information and statements, as applicable:

(1) The identity of the decedent whose body was donated to science for purposes of medical education or research or the identity of the living person or such a decedent from whom the body parts were removed;

(2) The name of the authorizing agent and the relationship of the authorizing agent to the decedent or the living person from whom the body parts were removed;

(3) A statement that the authorizing agent in fact has the right to authorize the cremation of the decedent or the body parts removed from the decedent or living person and a description of the basis of the person's right to execute the cremation authorization form;

(4) A statement of whether the crematory facility is authorized to simultaneously cremate the decedent or body parts removed from the decedent or living person with one or more other decedents whose bodies were donated to science for purposes of medical education or research or with body parts removed from one or more other decedents or living persons;
(5) The authorization for the crematory facility to cremate the decedent or body parts removed from the decedent or living person and to process or pulverize the cremated remains as is the practice at the particular crematory facility;

(6) A statement of whether it is the crematory facility's practice to return all of the residue removed from the cremation chamber following the cremation or to separate and remove foreign matter from the residue before returning the cremated remains to the authorizing agent or the authorizing agent's designee;

(7) The name of the person who is to receive the cremated remains from the crematory facility;

(8) The manner in which the final disposition of the cremated remains is to occur, if known. If the cremation authorization form does not specify the manner of the final disposition of the cremated remains, it shall indicate that the cremated remains will be held by the crematory facility for thirty days after the cremation, unless, prior to the end of that period, they are picked up from the crematory facility by the person designated on the authorization form to receive them or by the authorizing agent, or are delivered or shipped by the operator of the crematory facility to one of those persons. The authorization form shall indicate that if no instructions for the final disposition of the cremated remains are provided on the authorization form and that if no arrangements for final disposition have been made within the thirty-day period, the crematory facility may return the cremated remains to the authorizing agent. The authorization form shall further indicate that if no arrangements for the final disposition of the cremated remains have been made within sixty days after the cremation and if the authorizing agent or person designated on the authorization form to receive the cremated remains has not picked them up or caused them to be picked up within that period, the crematory operator or the crematory
facility may dispose of them in accordance with division (C)(1) or (2) of section 4717.27 of the Revised Code.

(9) The certification of the authorizing agent to the effect that all of the information and statements contained in the authorization form are accurate.

(B) An authorizing agent who signs a cremation authorization form under this section is hereby deemed to warrant the accuracy of the information and statements contained in the authorization form, including the person's authority to authorize the cremation.

(C) At any time after executing a cremation authorization form and prior to the beginning of the cremation process, an authorizing agent who executed a cremation authorization form under this section may, in writing, revoke the authorization, cancel the cremation, and claim the decedent's body or the body parts for purposes of making alternative arrangements for the final disposition of the decedent's body or the body parts. The operator of a crematory facility shall cancel the cremation if the operator receives such a revocation before beginning the cremation.

(D) A cremation authorization form executed under this section does not constitute a contract for conducting the cremation of the decedent named in the authorization form or body parts removed from the decedent or living person named in the form or for the final disposition of the cremated remains of the decedent or body parts. The revocation of a cremation authorization form or modification of the arrangements for the final disposition of the cremated remains of the decedent or the body parts pursuant to division (C) of this section does not affect the validity or enforceability of any contract for the cremation of the decedent named in the authorization form, the cremation of body parts from the decedent or living person named in the authorization form, or the final disposition of the
cremated remains of the decedent or body parts.

Sec. 4717.26. (A) The operator of a crematory facility may schedule the time for the cremation of a dead human body to occur at the operator's crematory facility's own convenience at any time after the conditions set forth in division (A) or (B) of section 4717.23 of the Revised Code, as applicable, have been met and the decedent or body parts have been delivered to the facility, unless, in the case of a dead human body, the operator crematory facility has received specific instructions to the contrary on the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code. The operator of a crematory facility becomes responsible for a dead human body or body parts when the body or body parts have been delivered to or accepted by the facility or an employee or agent of the facility.

(B) No crematory operator of a crematory facility shall fail to do either of the following:

(1) Upon receipt at the crematory facility of any dead human body that has not been embalmed, and subject to the prohibition set forth in division (C)(1) of this section, place the body in a holding or refrigerated facility at the crematory facility and keep the body in the holding or refrigerated facility until near the time the cremation process commences or until the body is held at the facility for eight hours or longer. If the body is held for eight hours or longer, place the body in a refrigerated facility at the crematory facility and keep the body in the refrigerated facility until near the time the cremation process commences;

(2) Upon receipt of any dead human body that has been embalmed, place the body in a holding facility at the crematory facility and keep the body in the holding facility until the cremation process commences.
(C) No crematory operator of a crematory facility shall do either of the following, unless the instructions contained in the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code specifically provide otherwise:

(1) Remove any dead human body from the casket or alternative container in which the body was delivered to or accepted by the crematory facility;

(2) Fail to cremate the casket or alternative container in which the body was delivered or accepted, in its entirety with the body.

(D) No operator of a crematory facility shall simultaneously cremate more than one decedent or body parts removed from more than one decedent or living person in the same cremation chamber unless the cremation authorization forms executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code authorizing the cremation of each of the decedents or body parts removed from each decedent or living person specifically authorize such a simultaneous cremation. This division does not prohibit the use of cremation equipment that contains more than one cremation chamber.

(E) No operator of a crematory facility shall permit any persons other than employees of the crematory facility, the authorizing agent for the cremation of the decedent who is to be, is being, or was cremated, persons designated to be present at the cremation of the decedent on the cremation authorization form executed under section 4717.21 or 4717.24 of the Revised Code, and persons authorized by the individual who is actually in charge of the crematory facility, to be present in the holding facility or cremation room while any dead human bodies or body parts are being held there prior to cremation or are being cremated or while any cremated remains are being removed from the cremation chamber.
(F)(1) No operator of a crematory facility shall remove any dental gold, body parts, organs, or other items of value from a dead human body prior to the cremation or from the cremated remains after cremation unless the cremation authorization form authorizing the cremation of the decedent executed under section 4717.21 or 4717.24 of the Revised Code specifically authorizes the removal thereof.

(2) No operator of a crematory facility that removes any dental gold, body parts, organs, or other items from a dead human body or assists in such removal shall charge a fee for doing so that exceeds the actual cost to the crematory facility for performing or assisting in the removal.

(G) Upon the completion of each cremation, the operator of a crematory facility shall remove from the cremation chamber all of the cremation residue that is practicably recoverable. If the cremation authorization form executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code specifies that the cremated remains are to be placed in an urn, the operator crematory facility shall place them in the type of urn specified on the authorization form. If the authorization form does not specify that the cremated remains are to be placed in an urn, the operator crematory facility shall place them in a temporary container. If not all of the recovered cremated remains will fit in the urn selected or the temporary container, the operator crematory facility shall place the remainder in a separate temporary container, and the cremated remains placed in the separate temporary container shall be delivered, released, or disposed of along with those in the urn or other temporary container. Nothing in this section requires an operator of a crematory facility to recover any specified quantity or quality of cremated remains upon the completion of a cremation, but only requires an operator of a crematory facility to recover from the
cremation chamber all of the cremation residue that is **practically** recoverable.

(H) No operator of a crematory facility shall knowingly represent to an authorizing agent or a designee of an authorizing agent that an urn or temporary container contains the recovered cremated remains of a specific decedent or of body parts removed from a specific decedent or living person when it does not. This division does not prohibit the making of such a representation because of the presence in the recovered cremated remains of de minimus amounts of the cremated remains of another decedent or of body parts removed from another decedent or living person that were not practicably recoverable and that remained in the cremation chamber after the cremated remains from previous cremations were removed.

(I) No operator of a crematory facility or funeral director shall ship or cause to be shipped any cremated remains by a class or method of mail, common carrier service, or delivery service that does not have an internal system for tracing the location of the cremated remains during shipment and that does not require a signed receipt from the person accepting delivery of the cremated remains.

(J) No operator of a crematory facility shall fail to establish and maintain a system for accurately identifying each dead human body in the facility's possession, and for identifying each decedent or living person from which body parts in the facility's possession were removed, throughout all phases of the holding and cremation process.

(K) No operator of a crematory facility shall knowingly use or allow the use of the same cremation chamber for the cremation of dead human bodies, or human body parts, and animals.

Sec. 4717.27. (A) The authorizing agent who executed the
cremation authorization form authorizing the cremation of a decedent under section 4717.24 of the Revised Code or the cremation of body parts under section 4717.25 of the Revised Code is ultimately responsible for the final disposition of the cremated remains of the decedent or body parts.

(B) If the cremation authorization form does not contain instructions for the final disposition of the cremated remains of the decedent or body parts, if no arrangements for the disposition of the cremated remains are made within thirty days after the completion of the cremation, and if the cremated remains have not been picked up within that thirty-day period by the person designated to receive them on the authorization form or, in the absence of such a designated person, by the authorizing agent, the operator of the crematory facility or the funeral home holding the unclaimed cremated remains, at the end of that thirty-day period, may release or deliver them in person to, or cause their delivery by a method described in division (I) of section 4717.26 of the Revised Code that is acceptable under that division to, the person designated to receive them on the cremation authorization form or, if no person has been so designated, to the authorizing agent.

(C)(1) If the cremation authorization form does not contain instructions for the final disposition of the cremated remains of the decedent or body parts, if no arrangements for the final disposition of the cremated remains are made within sixty days after the completion of the cremation, and if the cremated remains have not been picked up by the person designated on the authorization form to receive them or, in the absence of such a designated person, by the authorizing agent, the operator of the crematory facility or the funeral home holding the unclaimed cremated remains may dispose of the cremated remains in a grave, crypt, or niche, by scattering them in any dignified manner, including in a memorial garden, at sea, by air, or at any
scattering grounds described in section 1721.21 of the Revised Code, or in any other lawful manner, at any time after the end of that sixty-day period.

(2) If the cremation authorization form specifies the manner of the final disposition of the cremated remains, or if within sixty days after the completion of the cremation the authorizing agent makes arrangements for the final disposition of the cremated remains, and if either the arrangements have not been carried out within that sixty-day period because of the inaction of a party other than the operator of the crematory facility or the funeral home holding the unclaimed cremated remains, or the authorizing agent fails to pick up the cremated remains within that sixty-day period, the operator of the crematory facility or the funeral home holding the unclaimed cremated remains may dispose of the cremated remains in a grave, crypt, or niche, by scattering them in any dignified manner, including in a memorial garden, at sea, by air, or at any scattering grounds described in section 1721.21 of the Revised Code, or in any other lawful manner, at any time after the end of that period.

(3) If cremated remains of a decedent who was eighteen years or older at the time of death are unclaimed under divisions (C)(1) and (2) of this section, the operator of the crematory facility or the funeral home holding the cremated remains shall, before disposing of the unclaimed cremated remains, notify the secretary of the United States department of veterans affairs of the name of, and other identifying information related to, the decedent. If, within sixty days of the notification, the secretary of the department of veterans affairs notifies the crematory facility or funeral home that the decedent was a veteran who is eligible for burial in a national cemetery under the control of the national cemetery administration and that the secretary agrees to provide for the cost of the transportation and burial of the unclaimed
cremated remains in a national cemetery, the crematory facility or funeral home shall follow the directions of the secretary and arrange for the burial of the unclaimed remains in the national cemetery at the secretary's expense. If the secretary does not assume the right to direct the burial of the unclaimed remains within sixty days of the notification by the crematory facility or funeral home, the crematory facility or funeral home may carry out the disposition of the unclaimed remains under divisions (C)(1) and (2) of this section.

(4) When cremated remains are disposed of in accordance with division (C)(1) or (2) of this section, the authorizing agent who executed the cremation authorization form authorizing the cremation of the decedent or body parts under section 4717.24 or 4717.25 of the Revised Code is liable to the operator of the crematory facility or the funeral home for the cost of the final disposition, which cost shall not exceed the reasonable cost for disposing of the cremated remains in a common grave or crypt in the county where the cremated remains were buried or placed in a grave, crypt or niche, or scattered.

(D)(1) Except as provided in division (D)(2) of this section, no person shall do either of the following:

(a) Dispose of the cremated remains of a dead human body or body parts in such a manner or in such a location that the cremated remains are commingled with those of another decedent or body parts removed from another decedent or living person;

(b) Place the cremated remains of more than one decedent or of body parts removed from more than one decedent or living person in the same urn or temporary container.

(2) Division (D)(1) of this section does not prohibit any of the following:

(a) The scattering of cremated remains at sea or by air or in
a dedicated area at a cemetery used exclusively for the scattering on the ground of the cremated remains of dead human bodies or body parts.

(b) The commingling of the cremated remains of more than one decedent or of body parts removed from more than one decedent or living person or the placement in the same urn or temporary container of the cremated remains of more than one decedent or of body parts removed from more than one decedent or living person when each authorizing agent who executed the cremation authorization form authorizing the cremation of each of the decedents or body parts removed from each of the decedents or living persons under section 4717.21, 4717.24, or 4717.25 of the Revised Code authorized the commingling of the cremated remains or the placement of the cremated remains in the same urn or temporary container on the authorization form.

(c) The commingling, by the individual designated on the cremation authorization form authorizing the cremation of the decedent or body parts to receive the cremated remains, other than a funeral director or employee of a cemetery, or by the authorizing agent who executed the cremation authorization form, after receipt of the cremated remains, of the cremated remains with those of another decedent or of body parts removed from another decedent or living person or the placing of them by any such person in the same urn or temporary container with those of another decedent or of body parts removed from another decedent or living person.

Sec. 4717.28. (A) No operator of a crematory facility shall fail to ensure that a written receipt is provided to the person who delivers a dead human body or body parts to the facility for cremation. If the dead human body is other than one that was donated to science for purposes of medical education or research,
the receipt shall be signed by both a representative of the crematory facility and the person who delivered the decedent to the crematory facility and shall indicate the name of the decedent; the date and time of delivery; the type of casket or alternative container in which the decedent was delivered to the facility; the name of the person who delivered the decedent to the facility; if applicable, the name of the funeral home or other establishment with whom the delivery person is affiliated; and the name of the person who received the decedent on behalf of the facility. If the dead human body was donated to science for purposes of medical education or research, the receipt shall consist of a copy of the cremation authorization form executed under section 4717.21, 4717.24, or 4717.25 of the Revised Code that authorizes the cremation of the decedent or body parts that has been signed by both a representative of the crematory facility and the person who delivered the decedent or body parts to the crematory facility and that indicates the date and time of the delivery. The operator may provide the copy of the receipt to the person who delivered the decedent or body parts to the facility either in person or by certified mail, return receipt requested.

(B) No operator of a crematory facility shall fail to ensure at the time of releasing cremated remains that a written receipt signed by both a representative of the crematory facility and the person who received the cremated remains is provided to the person who received the cremated remains. Unless the cremated remains are those of a dead human body that was donated to science for purposes of medical education or research or are those of body parts, the receipt shall indicate the name of the decedent; the date and time of the release; the name of the person to whom the cremated remains were released; if applicable, the name of the funeral home, cemetery, or other entity to whom the cremated remains were released; and the name of the person who released the cremated remains on behalf of the crematory facility. If the cremated remains were delivered to the authorizing agent or other individual designated on the cremation authorization form by a method described in division (I) of section 4717.26 of the Revised Code that is acceptable under that division, the receipt required by this division shall accompany the cremated remains, and the signature of the authorizing agent or other designated individual on the delivery receipt meets the requirement of this division that the person receiving the cremated remains sign the receipt provided by the crematory facility.

(2) The actions or omissions of the crematory operator, crematory facility, funeral director, or funeral home were made with malicious purpose, in bad faith, or in a wanton or reckless manner.

(E) Moneys deposited in a preneed funeral contract trust fund shall be held and invested in the manner in which trust funds...
are permitted to be held and invested pursuant to Chapter 1111. of the Revised Code.

(D) (F) The seller shall establish a separate preneed funeral contract trust for the moneys paid under each preneed funeral contract, unless the purchaser or purchasers of a preneed funeral contract or contracts authorize the seller to place the moneys paid for that contract or those contracts in a combined preneed funeral contract trust. The trustee of a combined preneed funeral contract trust shall keep exact records of the corpus, income, expenses, and disbursements with regard to each purchaser and contract beneficiary for whom moneys are held in the trust. The terms of a preneed funeral contract trust are governed by this section and the payments from that trust are governed by Chapter 1111. of the Revised Code, except as otherwise provided in this section.

A trustee of a preneed funeral contract trust may pay taxes and expenses for a preneed funeral contract trust and may charge a fee for managing a preneed funeral contract trust. The fee shall not exceed the amount regularly or usually charged for similar services rendered by the institutions described in division (B) (D) of this section when serving as a trustee. The taxes, expenses, and fees shall be paid only from the accumulated income on that trust.

(E) (G) If the purchaser of a preneed funeral contract that is revocable elects to cancel the contract, the purchaser shall provide a written notice to the seller of the contract and the trustee of the preneed funeral contract trust stating that the purchaser intends to cancel the contract. Fifteen days after the purchaser provides that notice to the seller and trustee, the purchaser may cancel the contract. Upon canceling a preneed funeral contract pursuant to this division, one of the following shall occur, as applicable:
(1) If the preneed funeral contract does not stipulate a firm or fixed or guaranteed price for funeral goods and funeral services to be provided under the preneed funeral contract, the trustee shall give to the purchaser all of the assets of the trust that exist at the time of cancellation, less any fees charged, distributions paid, and expenses incurred by the trustee pursuant to division (D)(F) of this section.

(2) If the preneed funeral contract does stipulate a firm or fixed or guaranteed price for funeral goods and funeral services to be provided under the contract, the purchaser may request and receive from the trustee all of the assets of the trust at the time of cancellation, less a cancellation fee that the original seller may collect from the trustee that is equal to or less than ten per cent of the value of the assets of the trust on the date the trust is cancelled, provided, however, that to the extent the original seller took an initial service fee as permitted by division (B) of this section, the aggregate amount of the cancellation fee and less the initial service fee may not exceed ten per cent of the value of those assets. In addition to any cancellation fee, there may also be deducted any fees charged, distributions paid, and expenses incurred by the trustee pursuant to division (D)(F) of this section.

If more than one purchaser enters into the contract, all of those purchasers must request cancellation of the contract for it to be effective under this division, and the trustee shall refund to each purchaser only those funds that purchaser has paid under the contract and any income earned on those funds in an amount that is in direct proportion to the amount of funds that purchaser paid relative to the total amount of payments deposited in that trust, less any fees charged, distributions paid, and expenses incurred by the trustee pursuant to division (D)(F) of this section, the amount of which are in direct proportion to the
amount of funds that purchaser paid relative to the total amount of payments deposited in that trust.

(F)(H) The purchaser of a preneed funeral contract that is irrevocable may transfer the preneed funeral contract to a successor seller. A purchaser who elects to make such a transfer shall provide a written notice of the designation of a successor seller to the trustee and the original seller. Within fifteen days after receiving the written notice of the new designation from the purchaser, the trustee shall list the successor seller as the seller of the preneed funeral contract and the original seller shall relinquish and transfer all rights under the preneed funeral contract to the successor seller. The trustee shall confirm the transfer by providing written notice of the transfer to the original seller, the successor seller, and the purchaser. If the preneed funeral contract stipulates a firm or fixed or guaranteed price for the funeral goods and funeral services to be provided under the preneed funeral contract, the original seller may collect from the trustee a transfer fee from the trust that equals up to ten per cent of the value of the assets of the trust on the date the trust is transferred, provided, however, that to the extent the original seller took an initial service fee as permitted by division (B) of this section, the aggregate amount of the transfer fee and the initial service fee may not exceed ten per cent of the value of those assets. If the preneed funeral contract does not stipulate a firm or fixed or guaranteed price for funeral goods and funeral services to be provided under the preneed funeral contract, no transfer fee shall be collected by the original seller.

(G)(I) If a seller of a preneed funeral contract elects to transfer a preneed funeral contract trust from an institution listed in divisions (B)(D) (1) to (3) of this section to a different institution, the trustee of the original trust shall
notify the purchaser of the preneed funeral contract of that
transfer in writing within thirty days after the transfer occurred
and shall provide the purchaser with the name of and the contact
information for the institution where the new trust is maintained.
Upon receipt of the trust, the trustee of the transferred trust
shall notify the purchaser of the receipt of the trusts in
accordance with division (A) of section 4717.33 of the Revised
Code.

If a seller receives a notice that the contract
beneficiary has died and that funeral goods and funeral services
have been provided by a provider other than the seller, except as
otherwise specified in this section, the seller shall direct the
trustee, within thirty days after receiving that notice, to pay to
the provider that provided the funeral goods and services, if
still unpaid, or the estate of the contract beneficiary all funds
held by the trustee, less any fees charged, distributions paid,
and expenses incurred by the trustee pursuant to division (F)
of this section. In the event the preneed funeral contract
stipulates a firm or fixed or guaranteed price for funeral goods
and funeral services that were to be provided under the preneed
funeral contract, the seller may collect from the trustee a
cancellation fee not exceeding ten per cent of the value of the
assets of the trust on the date the trust is transferred,
provided, however, that to the extent the original seller took an
initial service fee as permitted by division (B) of this section,
the aggregate amount of the transfer fee and the initial service
fee shall not exceed ten per cent of the value of those assets. If
the preneed funeral trust does not stipulate a firm or fixed or
guaranteed price for funeral goods and funeral services to be
provided under the preneed funeral contract, no cancellation fees
shall be collected by the original seller.

A certified copy of the certificate of death or other
evidence of death satisfactory to the trustee shall be furnished to the trustee as evidence of death, and the trustee shall promptly pay the accumulated payments and income, if any, according to the preneed funeral contract. Such payment of the accumulated payments and income pursuant to this section and, when applicable, the preneed funeral contract, relieves the trustee of any further liability on the accumulated payments and income.

Sec. 4717.41. (A) There is hereby created the preneed recovery fund, which shall be in the custody of the treasurer of state but shall not be part of the state treasury. All fees collected under division (A)(15) of section 4717.07 of the Revised Code shall be deposited into the fund. The fund shall be used to reimburse purchasers of preneed funeral contracts who have suffered financial loss as a result of the malfeasance, misfeasance, default, failure, or insolvency in connection with the sale of a preneed funeral contract by any licensee under this chapter, regardless of whether the sale of such contract occurred before or after the establishment of the fund. If the balance in the fund at the end of a fiscal year exceeds three
million dollars, the payment of the fee required by division (A)(15) of section 4717.07 of the Revised Code shall be suspended for the upcoming fiscal year.

(D) The board shall adopt rules governing management of the fund, the presentation and processing of applications for reimbursement, subrogation, or assignment of the rights of any reimbursed applicant.

(3) To invest such portions of the fund as are not currently needed to reimburse losses and maintain adequate reserves, as are permitted to be made by fiduciaries under the laws of this state;

(4) To pay the expenses of the board for administering the fund, including employment of local counsel to prosecute subrogation claims.

(F) Reimbursements from the fund shall be made only to the extent to which those losses are not bonded or otherwise covered, protected, or reimbursed and only after the applicant has complied with all applicable rules of the board.

(G) The board shall investigate all applications made and may reject or allow such claims in whole or in part to the extent that moneys are available in the fund. The board shall have complete discretion to determine the order and manner of payment of approved applications. All payments shall be a matter of privilege and not of right, and no person shall have any right in the fund as a third-party beneficiary or otherwise. No attorney may be
compensated by the board for prosecuting an application for reimbursement.

(H) If reimbursement is made to an applicant under this section, the board shall be subrogated in the reimbursement amount and may bring any action it considers advisable against any person. The board may enforce any claims it may have for restitution or otherwise and may employ and compensate consultants, agents, legal counsel, accountants, and other persons it considers appropriate.

On request, the board may share any information it receives pursuant to an investigation or inspection, including patient records and patient record information, with law enforcement agencies, other licensing boards, and other state or federal
governmental agencies that are prosecuting, adjudicating, or investigating alleged violations of statutes or administrative rules. An agency or board that receives the information shall comply with the same requirements regarding confidentiality as those with which the state board of pharmacy must comply, notwithstanding any conflicting provision of the Revised Code or agency procedure that applies when the agency is dealing with other information in its possession.

Any information the board receives from a state or federal agency is subject to the same confidentiality requirements as the agency from which it was received and shall not be released by the board without prior authorization from that agency.

The board may, for good cause shown, disclose or authorize disclosure of information gathered pursuant to an investigation.

A subpoena issued by the board may be served by a sheriff, sheriff's deputy, or board employee designated by the board. Service of a subpoena may be made by delivering a copy of the subpoena to the person named in the subpoena or by leaving it at the person's usual place of residence.

(B) A subpoena for patient record information may be issued only on approval by the board's executive director and the president or another board member designated by the president, in consultation with the office of the attorney general. Before issuing the subpoena, the executive director and the office of the attorney general shall determine whether probable cause exists to believe that the complaint filed alleges, or an investigation has revealed, a violation of this chapter or Chapters 2925., 3715., 3719., or 3796. of the Revised Code or any rule adopted by the board, that the records sought are relevant to the alleged violation and material to the investigation, and that the records cover a reasonable period of time surrounding the alleged violation.
