Sec. 211.20. SOIL AND WATER PHOSPHORUS PROGRAM 113

The Department of Agriculture, in consultation with the 114
Lake Erie Commission and the Ohio Soil and Water Conservation 115
Commission, shall establish rules outlining programs that comply 116
with Office of Budget and Management rules, as applicable, to 117
assist in reducing total phosphorus and dissolved reactive 118
phosphorus in the Western Lake Erie Basin. The programs shall 119
give priority to those subwatersheds determined to be highest in 120
total phosphorus and dissolved reactive phosphorus nutrient 121
loading. 122

The foregoing appropriation item 700417, Soil and Water 123
Phosphorus Program, shall be used to support the programs 124
described above which may include but not be limited to, the 125
following: (1) equipment for subsurface placement of nutrients 126
into the soil; (2) equipment for nutrient placement based on 127
geographic information system data; (3) soil testing; (4) 128
implementation of variable rate technology; (5) equipment 129
implementing manure transformation and manure conversion 130

technologies; (6) tributary monitoring; (7) water management and 131
edge-of-field drainage management; and (8) an agricultural 132
phosphorus reduction revolving loan program. Not more than forty 133
per cent (40%) of the foregoing appropriation item 700417, Soil 134
and Water Phosphorus Program, shall be used for any single 135
activity. 136

DANGEROUS AND RESTRICTED WILD ANIMALS 137

The foregoing appropriation item 700426, Dangerous and 138
Restricted Animals, shall be used to administer the Dangerous 139
and Restricted Wild Animal Permitting Program. 140

COUNTY AGRICULTURAL SOCIETIES 141

The foregoing appropriation item 700501, County 142
Agricultural Societies, shall be used to reimburse county and 143
independent agricultural societies for expenses related to 144
Junior Fair activities. 145

SUPPORT FOR SOIL AND WATER DISTRICTS IN THE WESTERN LAKE 146
ERIE BASIN 147

Of the foregoing appropriation item 700509, Soil and Water 148
District Support, \$350,000 in each fiscal year shall be used by 149
the Department of Agriculture for a program to support soil and 150
water conservation districts in the Western Lake Erie Basin in 151
complying with provisions of Sub. S.B. 1 of the 131st General 152
Assembly. The Department shall approve a soil and water 153
district's application for funding under the program if the 154
application demonstrates that funding will be used for, but not 155
limited to, providing technical assistance, developing 156
applicable nutrient or manure management plans, hiring and 157
training of soil and water conservation district staff on best 158
conservation practices, or other activities the Director 159

determines appropriate to assist farmers in the Western Lake Erie Basin in complying with the provisions of Sub. S.B. 1 of the 131st General Assembly. 160
161
162

Of the foregoing appropriation item 700509, Soil and Water District Support, \$3,500,000 in FY 2019 shall be used to support county soil and water conservation districts in the Western Lake Erie Basin for staffing costs and to assist in soil testing and nutrient management plan development, including manure transformation and manure conversion technologies, enhanced filter strips, water management, and other conservation support. 163

SOIL AND WATER DISTRICTS 170

In addition to state payments to soil and water conservation districts authorized by section 940.08 of the Revised Code, the Department of Agriculture may use appropriation item 700661, Soil and Water Districts, to pay any soil and water conservation district an annual amount not to exceed \$40,000 upon receipt of a request and justification from the district and approval by the Ohio Soil and Water Conservation Commission. The county auditor shall credit the payments to the special fund established under section 940.08 of the Revised Code for use by the local soil and water conservation district. The amounts received by each district shall be expended for the purposes of the district. 171
