Bonds and notes issued under this section shall not be considered in calculating the net indebtedness of the political subdivision under sections 133.04, 133.05, 133.06, and 133.07 of the Revised Code. Sections 9.98 to 9.983 of the Revised Code are hereby made applicable to bonds or notes authorized under this section.

However, no internet- or computer-based community school shall be credited for any time a student spends participating in learning opportunities beyond ten hours within any period of twenty-four consecutive hours. Whether it reports hours or days of learning opportunities, each community school shall offer not less than nine hundred twenty hours of learning opportunities during the school year.

(4) With respect to the calculation of full-time equivalency under division (H)(3) of this section, the department shall waive the number of hours or days of learning opportunities not offered to a student because the community school was closed during the school year due to disease epidemic, hazardous weather conditions, law enforcement emergencies, inoperability of school buses or other equipment necessary to the school's operation, damage to a school building, or other temporary circumstances due to utility failure rendering the school building unfit for school use, so long as the school was actually open for instruction with students in attendance during that school year for not less than the minimum number of hours required by this chapter. The department shall treat the school as if it were open for instruction with students in attendance during the hours or days waived under this division.

(I) The department of education shall reduce the amounts paid under this section to reflect payments made to colleges under section 3365.07 of the Revised Code.

(J)(1) No student shall be considered enrolled in any internet- or computer-based community school or, if applicable to the student, in any community school that is required to provide the student

with a computer pursuant to division (C) of section 3314.22 of the Revised Code, unless both of the following conditions are satisfied:

(a) The student possesses or has been provided with all required hardware and software materials and all such materials are operational so that the student is capable of fully participating in the learning opportunities specified in the contract between the school and the school's sponsor as required by division (A)(23) of section 3314.03 of the Revised Code;

(b) The school is in compliance with division (A) of section 3314.22 of the Revised Code, relative to such student.

(2) In accordance with policies adopted ~~jointly~~ by the superintendent of public instruction ~~and~~ in consultation with the auditor of state, the department shall reduce the amounts otherwise payable under division (C) of this section to any community school that includes in its program the provision of computer hardware and software materials to any student, if such hardware and software materials have not been delivered, installed, and activated for each such student in a timely manner or other educational materials or services have not been provided according to the contract between the individual community school and its sponsor.

The superintendent of public instruction and the auditor of state shall jointly establish a method for auditing any community school to which this division pertains to ensure compliance with this section.

The superintendent, auditor of state, and the governor shall jointly make recommendations to the general assembly for legislative changes that may be required to assure fiscal and academic accountability for such schools.

(K)(1) If the department determines that a review of a community school's enrollment is necessary, such review shall be completed and written notice of the findings shall be provided to the governing authority of the community school and its sponsor within ninety days of the end of the community school's fiscal year, unless extended for a period not to exceed thirty additional days for one of the following reasons:

(a) The department and the community school mutually agree to the extension.

(b) Delays in data submission caused by either a community school or its sponsor.

(2) If the review results in a finding that additional funding is owed to the school, such payment shall be made within thirty days of the written notice. If the review results in a finding that the community school owes moneys to the state, the following procedure shall apply:

(a) Within ten business days of the receipt of the notice of findings, the community school may appeal the department's determination to the state board of education or its designee.

(b) The board or its designee shall conduct an informal hearing on the matter within thirty days of receipt of such an appeal and shall issue a decision within fifteen days of the conclusion of the hearing.

(c) If the board has enlisted a designee to conduct the hearing, the designee shall certify its decision to the board. The board may accept the decision of the designee or may reject the decision of the designee and issue its own decision on the matter.

(d) Any decision made by the board under this division is final.

(3) If it is decided that the community school owes moneys to the state, the department shall deduct such amount from the school's future payments in accordance with guidelines issued by the

superintendent of public instruction.

(L) The department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for any of the following:

(1) Any student who has graduated from the twelfth grade of a public or nonpublic high school;

(2) Any student who is not a resident of the state;

(3) Any student who was enrolled in the community school during the previous school year when assessments were administered under section 3301.0711 of the Revised Code but did not take one or more of the assessments required by that section and was not excused pursuant to division (C) (1) or (3) of that section, unless the superintendent of public instruction grants the student a waiver from the requirement to take the assessment and a parent is not paying tuition for the student pursuant to section 3314.26 of the Revised Code. The superintendent may grant a waiver only for good cause in accordance with rules adopted by the state board of education.

(4) Any student who has attained the age of twenty-two years, except for veterans of the armed services whose attendance was interrupted before completing the recognized twelve-year course of the public schools by reason of induction or enlistment in the armed forces and who apply for enrollment in a community school not later than four years after termination of war or their honorable discharge. If, however, any such veteran elects to enroll in special courses organized for veterans for whom tuition is paid under federal law, or otherwise, the department shall not subtract from a school district's state aid account and shall not pay to a community school under division (C) of this section any amount for that veteran.

Sec. 3314.232. The superintendent of public instruction shall establish by rule adopted in accordance with Chapter 119. of the Revised Code standards for learning management software to be used by internet- and computer-based community schools.

Sec. 3314.52. If the auditor of state issues a finding for recovery pursuant to an audit of the enrollment records of a community school conducted in accordance with section 117.10 of the Revised Code, the department of education shall ensure that any public moneys returned to the state as a result of that finding for recovery are credited to the state education aid of the school district or districts from which the funding was deducted under section 3314.08 of the Revised Code in an amount equal to the amount that was deducted.

Sec. 5705.194. The board of education of any city, local, exempted village, cooperative education, or joint vocational school district at any time may declare by resolution that the revenue that will be raised by all tax levies which the district is authorized to impose, when combined with state and federal revenues, will be insufficient to provide for the emergency requirements of the school district or to avoid an operating deficit, and that it is therefore necessary to levy an additional tax in excess of the ten-mill limitation. The resolution shall be confined to a single purpose and shall specify that purpose. If the levy is proposed to renew all or a portion of the proceeds derived from one or more existing levies imposed pursuant to this section, it shall be called a renewal levy and shall be so designated on the ballot. If two or more existing levies are to be included in a single renewal levy but are not scheduled to expire in the same year, the resolution shall specify that the existing levies to be renewed shall not be levied after the year preceding the year in which the renewal levy is first imposed. Notwithstanding the original purpose of any one or more existing

levies that are to be in any single renewal levy, the purpose of the renewal levy may be either to avoid an operating deficit or to provide for the emergency requirements of the school district. The resolution shall further specify the amount of money it is necessary to raise for the specified purpose for each calendar year the millage is to be imposed; if a renewal levy, whether the levy is to renew all, or a portion of, the proceeds derived from one or more existing levies; and the number of years in which the millage is to be in effect, which may include a levy upon the current year's tax list. The number of years may be any number not exceeding ten.

The question shall be submitted at a special election on a date specified in the resolution. The date shall not be earlier than eighty days after the adoption and certification of the resolution to the county auditor and shall be consistent with the requirements of section 3501.01 of the Revised Code. A resolution for a renewal levy shall not be placed on the ballot unless the question is submitted on a date on which a special election may be held under division (D) of section 3501.01 of the Revised Code, except for the first Tuesday after the first Monday in August, during the last year the levy to be renewed may be extended on the real and public utility property tax list and duplicate, or at any election held in the ensuing year, except that if the resolution proposes renewing two or more existing levies, the question shall be submitted on the date of the general or primary election held during the last year at least one of the levies to be renewed may be extended on that list and duplicate, or at any election held during the ensuing year. For purposes of this section and sections 5705.197 and 5705.199 of the Revised Code, a levy shall be considered to be an "existing levy" through the year following the last year it can be placed on the real and public utility property tax list and duplicate.

The submission of questions to the electors under this section is subject to the limitation on the number of election dates established by section 5705.214 of the Revised Code.

The resolution shall go into immediate effect upon its passage, and no publication of the resolution shall be necessary other than that provided for in the notice of election. A copy of the resolution shall immediately after its passing be certified to the county auditor of the proper county. Section 5705.195 of the Revised Code shall govern the arrangements for the submission of questions to the electors under this section and other matters concerning the election. Publication of notice of the election shall be made in one newspaper of general circulation in the county once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If the board of elections operates and maintains a web site, the board of elections shall post notice of the election on its web site for thirty days prior to the election. If a majority of the electors voting on the question submitted in an election vote in favor of the levy, the board of education of the school district may make the additional levy necessary to raise the amount specified in the resolution for the purpose stated in the resolution. The tax levy shall be included in the next tax budget that is certified to the county budget commission.

After the approval of the levy and prior to the time when the first tax collection from the levy can be made, the board of education may anticipate a fraction of the proceeds of the levy and issue anticipation notes in an amount not exceeding the total estimated proceeds of the levy to be collected during the first year of the levy.

The notes shall be issued as provided in section 133.24 of the Revised Code, shall have principal payments during each year after the year of their issuance over a period not to exceed five years, and may have principal payment in the year of their issuance.

Sec. 5705.391. (A) ~~No later than July 1, 1998, the~~ The department of education and the auditor of state shall jointly adopt rules requiring boards of education to submit five-year projections of operational revenues and expenditures. The rules shall provide for the auditor of state or the department to examine the five-year projections and to determine whether any further fiscal analysis is needed to ascertain whether a district has the potential to incur a deficit during the first three years of the five-year period.

The auditor of state or the department may conduct any further audits or analyses necessary to assess any district's fiscal condition. If further audits or analyses are conducted by the auditor of state, the auditor of state shall notify the department of the district's fiscal condition, and the department shall immediately notify the district of any potential to incur a deficit in the current fiscal year or of any strong indications that a deficit will be incurred in either of the ensuing two years. If such audits or analyses are conducted by the department, the department shall immediately notify the district and the auditor of state of such potential deficit or strong indications thereof.

A district notified under this section shall take immediate steps to eliminate any deficit in the current fiscal year and shall begin to plan to avoid the projected future deficits.

(B) The state board of education, in accordance with sections 3319.31 and 3319.311 of the Revised Code, may limit, suspend, or revoke a license as defined under section 3319.31 of the Revised Code that has been issued to any school employee found to have willfully contributed erroneous, inaccurate, or incomplete data required for the submission of the five-year projection required by this section.

(C) The department and the auditor of state, in their joint adoption of rules under division (A) of this section, shall not require a board of education to submit its five-year projection of operational revenues and expenditures prior to the thirtieth day of November of any fiscal year.

SECTION 2. That existing sections 9.833, 3313.26, 3314.08, 5705.194, and 5705.391 of the Revised Code are hereby repealed.

SECTION 3. That Section 11 of Sub. S.B. 216 of the 132nd General Assembly contingent upon its enactment and becoming effective be amended to read as follows:

Sec. 11. (A) As used in this section:

(1) "Community school" means a community school established under Chapter 3314. of the Revised Code.

(2) "Internet- or computer-based community school" and "sponsor" have the same meanings as in section 3314.02 of the Revised Code.

(3) "Displaced enrollee" means a student who meets both of the following conditions:

(a) For any time during the 2017-2018 school year, the student was enrolled in an internet- or computer-based community school that prior to the end of that school year had its operations suspended by the school's sponsor under section 3314.072 of the Revised Code.

(b) At any time during the 2017-2018 school year, prior to the suspension of operations of the internet- or computer-based community school described in division (A)(3)(a) of this section, or after the suspension of operations of that school, the student enrolled in a different community school or a

school operated by a school district board of education.

(B) Notwithstanding anything in the Revised Code to the contrary:

(1) For purposes of the community school sponsor evaluations conducted under section 3314.016 of the Revised Code for the 2017-2018 and 2018-2019 school years, the Department of Education shall exclude any displaced enrollee from the average daily membership of the community schools in a sponsor's portfolio when calculating the academic performance component of the evaluation prescribed by division (B)(1)(a) of that section.

(2) If displaced enrollees cause the enrollment of a community school to increase by more than ~~ten~~ twenty per cent in the 2017-2018 school year, the community school shall not be subject to closure under section 3314.35 of the Revised Code in the 2017-2018, 2018-2019, or 2019-2020 school year, unless the school satisfies the criteria for closure under division (A)(3) of that section for three consecutive years. However, if the community school would otherwise be subject to closure under that section based on the school's performance with the scores of the displaced enrollees omitted from the calculations, that school shall be subject to closure under the conditions of that section.

(C) Notwithstanding anything in the Revised Code to the contrary, for the 2018-2019 and 2019-2020 school years only, a school district that experiences an increase in enrollment of more than ~~ten~~ twenty per cent in the 2017-2018 school year as a result of the enrollment of displaced enrollees shall not be considered a new challenged school district where new start-up community schools may be located under division (A)(3) of section 3314.02 of the Revised Code.

SECTION 4. That existing Section 11 of Sub. S.B. 216 of the 132nd General Assembly is hereby contingently repealed.

SECTION 5. Sections 3 and 4 of this act shall take effect contingent upon the enactment of Section 11 of Sub. S.B. 216 of the 132nd General Assembly becoming law and becoming effective.

SECTION 6. Section 9.833 of the Revised Code is presented in this act as a composite of the section as amended by both Am. Sub. H.B. 483 and Sub. S.B. 3 of the 131st General Assembly. The General Assembly, applying the principle stated in division (B) of section 1.52 of the Revised Code that amendments are to be harmonized if reasonably capable of simultaneous operation, finds that the composite is the resulting version of the section in effect prior to the effective date of the section as presented in this act.
